Teacher appreciation... The forthcoming banquet is one good way of showing appreciation—but a banquet and speeches can only begin to emphasize our appreciation to the teachers of Colorado City Public Schools.

For nine long months they have our children... to teach, to discipline, to guide, to mold toward their futures.

For us mothers who think I'll be glad when school starts—do we have any idea what the teacher is thinking?

Probably she is thinking—I do so hope that my students (she usually has 28 to 32 pupils) will be a willing and studious group this year.

So—if you haven't made plans to attend the banquet this year—why not plan now to attend and show your appreciation to our local teachers.

New and pretty holiday merchandise will be showing up in local department stores and dress shops soon! Several local merchants have been in Dallas this week attending the Holiday Fashion Market.

Mr. and Mrs. Willie Landau and children, Sandy and Jerry, were in Dallas for the show. They visited in the home of Mrs. Landau's mother, Mrs. Denna Michaelson while there.

Mr. and Mrs. Max Berman were also in Dallas, as was Bob Pender, owner of Eva's Dress Shop.

Mr. and Mrs. Berman visited in the home of their daughter and family, Mr. and Mrs. Albert Rudnick and children, Fred and Michael, who reside in Dallas.

to suspend gas oil cracking operations indefinitely at the Col-Text Refinery.

"This move is imperative in the economic defense of the other operations at your plant."

"In spite of the necessity," Krause continued, "we do this with great reluctance because of its effect upon some of you. There will be a net reduction of 12 employees from Col-Text payroll."

"Fortunately, because of the styrene expansion at Big Spring Refinery, we are able to offer employment here for all those who would otherwise be laid off."

"It is a small consolation that even after this reduction, the level of employment will be higher than it was at the

me Cosden acquired Col-Text. The positive attitude you have taken about our mutual problem," Krause told the union chairman, "is genuinely appreciated. We want to continue keeping you fully informed and hope that you will not hesitate to give us our suggestions so that we may find the best solution to these problems."

2 Couples Tour New Mexico; Paul Snivelys Host Guests

Vacationing last week in parts of New Mexico and Colorado were Mr. and Mrs. Benie Cornutt of East 16th Street and Mr. and Mrs. Lacy Robertson of Hobbs, N. M. Mr. and Mrs. Cornutt left Colorado City Wednesday morning and drove to Hobbs, N. M. where they were joined by Mr. and Mrs. Robertson.

After leaving Hobbs, the group went to Albuquerque, to visit with relatives. Another stop in New Mexico was Farmington.

Entering Colorado, the two families stopped in Durango. From there, the group went to Silverton where they made a brief tour of the city which is an old ghost town.

Other places of interest visited in Colorado by the two couples were Oura and Mesa Verde.

After stopping in Hobbs, the Cornutts returned home on Sunday afternoon.

Mr. and Mrs. Paul Snively were hosts this week to Mr. and Mrs. Cafa Carr and Mrs. Roy Haggard of Abilene, and Mrs. Eura Mae Haggard of Wichita Falls.

Mrs. Eura Mae Haggard is principal of one of the Wichita Falls schools and has taught there for several years.

Mr. and Mrs. J. D. Iglehart and Valeria visited this week end in Abilene with their daughter and family, Mr. and Mrs. James Quinney Jr., Debra, and Linda.

Linda's first birthday was celebrated while they were visiting here.

Visiting over the weekend in the home of Mrs. M. J. Whirley were Paul Whirley of Tarzan, and Mr. and Mrs. Lloyd Merchant, Eugene and Leonard of Amarillo.

Guests in the home of Mr. and Mrs. E. S. Miles for the past three weeks have been their daughter-in-law, Mrs. Shelton Miles, and sons, Terry, Clayton and Shelley of Mesquite.

Mrs. G. D. Shelton from Baytown is on an extended visit with her daughter, Mrs. E. S. Miles.

ON YOUR MENU

Just Jet to Java

Now that jet planes are streaming vapor trails across the vastness of the Pacific, and Singapore is just a week-end away... traveling Texans are finding new vacation lands — and new food tastes.

The island of Java, which lies just south of the Equator, houses 50 million people on its 50 thousand square miles of tropical mountains. Some foods have to be imported long distances and is used sparingly, but in combinations to tempt Texas hot-weather appetites.

For a deliciously different summertime dinner, we suggest that you try this adaptation of a Javanese Dinner. This recipe makes 4 servings.

JAVANESE DINNER

- 1 pound ground meat
- 1 teaspoon Ac-cent (monosodium glutamate)
- 1 teaspoon salt
- 1 tablespoon curry powder
- 2 tablespoons butter or margarine
- 1 cup sliced onion
- 1/2 cup sliced green pepper
- 1 cup light or dark seedless raisins
- 2/3 cup cashew nuts
- 2 bay leaves
- 1 16 oz. can peas
- 1 1/2 oz. can pimiento, cut in large pieces
- 1 orange, sliced
- 3 cups hot pre-cooked rice

Break up meat with fork in mixing bowl. Sprinkle Ac-cent, salt and curry powder over surface of meat. Toss gently to distribute seasonings. Melt butter in 2-quart saucepan; add onion and green pepper and cook until tender, but not brown. Add seasoned

Enters Guard Training

Larry Hayburst, son of Mrs. Beatrice Towery of Colorado City and A. C. Hayburst of Maryneal, left Friday morning for National Guard duty at Fort Ord, Calif.

Hayburst and the former Margaret Sue Palmer of Champion were married on August 9 in Sweetwater. Mrs. Hayburst is the daughter of Mr. and Mrs. W. L. Palmer of Champion. She will live with her parents and continue her schooling at Highland High School.

Visits, Visitors Are Last Minute Entertainment for Residents

Colorado City residents are still visiting and entertaining relatives and friends as vacation time nears its end.

Those favorite vacation spots will soon be just memories until June rolls around again.

House guests of Mrs. W. H. Garrett, 132 W. 9th, were her daughter-in-law, Mrs. Charles R. Garrett, and children, Charles II and Nancy, of Roswell, N. M., and Mrs. C. R. Garrett's mother, Mrs. Belle Schmidt, of Abilene.

Guests for Sunday dinner were Mr. and Mrs. J. C. Garrett and boys.

Charles R. Garrett is stationed at Walker Air Force Base in Roswell.

Vacationing recently in New Mexico were Mr. and Mrs. A. J. Hooks and their daughter and son-in-law, Rev. and Mrs. Frank Turner, Ralph and Gary.

They visited in Cloudcroft, N. M., El Paso, Flores, N. M., and Ruidoso, N. M.

On the return trip they visited in Andrews with Mr. and Mrs. Jay Hooks and daughters.

Mrs. H. R. Bell is visiting in Fort Worth this week with her daughter and son-in-law, Rev. and Mrs. Ernest Bailey.

The Baileys have a daughter, Sherry Vee, born Saturday night. They are also the parents of a one-year old daughter, Vicki Janelle.

Mrs. Bell will return to Colorado City this weekend.

Visitors over the weekend in the home of Mr. and Mrs. T. W. Tilley were their daughter and son-in-law, Mr. and Mrs. Bob Sanford, and Janine of Wichita Falls.

The Sanfords came Saturday and return to their home Sunday evening.

Visiting in the home of B. L. Wulfjen for several days is his daughter, Mrs. S. Geisenberger, of Natchez, Miss.

Miss Bell Visits

Miss Shirley Bell of Brownwood is visiting this week with her parents, Mr. and Mrs. H. R. Bell.

Shirley is attending Howard Payne College in Brownwood.

TELEPHONE TALK

by Truman Black, Manager

HOW MANY CALLS A DAY IN COLORADO CITY?

"What is the average number of calls made in a day in Colorado City? This is a question I often hear, so I decided to look up the answer.

Every day an average of 12,469 calls are made here. That's about 4.34 calls per phone.

And every day people find new ways to get more value from the phone. Only recently I heard of a fisherman who says he uses his phone as an "alarm clock."

"I like to fish but I have a hard time getting up real early in the morning," he says. "So I have one of the guys phone me when he gets up. That way I can't turn off the 'alarm' and go back to sleep. I haven't been late or missed a trip since my friends started waking me up by phone."

Here's another case I heard of that shows the value of the telephone, day in and day out. One mother, after keeping a record of her calls for a week, figured that her two phones saved her family about three hours a day. "That's the time we would have spent just driving for errands and personal visits," she says.

As these stories show, the more you use your phone, the more value you get from it. So why not use it . . . for all it's worth!

FREE PROGRAMS FOR YOUR GROUP

Since some Colorado City civic, church and social groups already are planning fall programs, this seems like a good time to remind you of our standing offer to provide entertaining and informative telephone programs for your organization.

A booklet describing the variety of programs available—films, talks, lecture-demonstrations, telephone tours—is yours for the asking. Just call the telephone business office, RA 8-2691.

HOW TO CALL LONG DISTANCE AND SAVE 1/3

It's so easy to save yourself a lot of money. How? By placing your Long Distance calls station-to-station (to a distant number rather than to a particular person).

Here's the way to do it:

1. Give the operator the name of the city you want to call.
2. Next, tell her the number you are calling.
3. When the operator asks, give her the number you are calling from.

Why not try it tonight? Remember, rates are lower after 6 p. m. and all day Sunday.

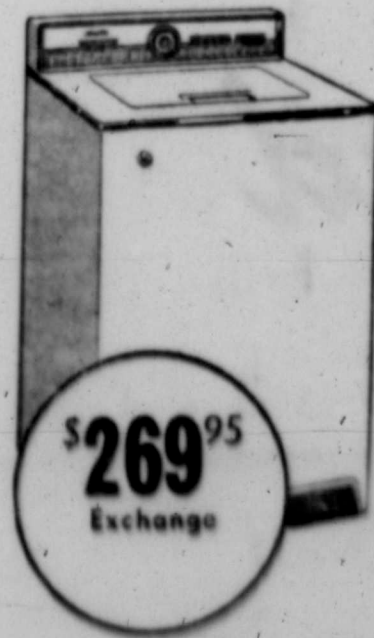

Call by number. It's twice as fast.

HOW'S BUSINESS?

Our business, thank you, is fine.

We have just enjoyed one of the best Julys in our history.

We published more advertising this July than the same month last year.

Our circulation continues at a high peak . . . going into more than three-fourths of the homes in Mitchell County.

How's your business?

We can help you make it better.

ORDINANCE
AN ORDINANCE GRANTING TO GREAT STATES ELECTRONICS, INC., A FRANCHISE FOR THE PURPOSE OF RECEIVING, AMPLIFYING AND DISTRIBUTING TELEVISION SIGNALS AND SIGNALS FOR A CLOSED CIRCUIT CHANNEL BY USE OF A COMMUNITY ANTENNA SYSTEM

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF COLORADO CITY, TEXAS:

SECTION 1: That there is hereby granted to Great States Electronics, Inc., a corporation, with its principal office located at 4128, 34th Street, Lubbock, Texas, hereinafter called "Grantee," the right, privilege and permission for a period of 10 years from the effective date of this franchise to construct, maintain and operate in the present and future streets, avenues, alleys and public grounds and places of the City of Colorado City, Texas, and its successors, towers, poles, lines, cables, necessary wiring and other apparatus and appurtenances for the purpose of receiving, amplifying and distributing television signals and signals on a closed circuit channel to the said City and the inhabitants thereof, and to use and occupy such present and future streets, avenues, alleys and public grounds and places for such purposes. However, any assignment or transfer of the rights and privileges herein granted shall be subject to the approval of the City Council of said city.

SECTION 2: No towers or poles shall be erected by the Grantee without the express consent of the City of Colorado City, at location to be approved by said City, which consent shall be evidenced by written permit signed by the City Manager or other authorized representative of the City. The Grantee shall, at its own expense, move its lines, cables, wiring, towers, poles and other apparatus to other locations when the City Council may require such to be done for the safety or convenience of said City or its inhabitants affected thereby.

SECTION 3: All installations made by the Grantee shall be made in good, substantial, safe conditions and maintained in such condition at all times. The Grantee shall make no excavations in the streets, alleys and public places without first procuring a written permit from the City Manager, and all work of such kind shall be done under the supervision of the City Manager and in compliance with his instructions.

SECTION 4: The Grantee shall comply with all rules and regulations now in force or which may hereafter be put into force with respect to proper installation and construction of lines, cables, wiring and other apparatus authorized by this ordinance to be installed; and the right to change such rules and regulations now in force or hereafter adopted and to adopt new rules and regulations respecting such matters is hereby reserved.

SECTION 5: That the service furnished hereunder to said City and the inhabitants thereof shall be first class in all respects, and shall be subject to such reasonable rules and regulations as may be promulgated from time to time by the City Council. The Grantee may require Security for the payment of bills rendered to the customers of its system by it, and may disconnect service to any of its customers where the bill rendered to such customer remains unpaid for more than one (1) month from its date, and service need not again be made available to such customer until the amount due, plus \$3.50 additional charge for resuming service is paid to Grantee.

SECTION 6: The Grantee shall pay to the City of Colorado City, on or before the first day of April for the previous year or any portion thereof of each year during the life and term of this franchise, a sum equal to two (2) per centum of the gross revenue received by the Grantee during the preceding year for the services sold to its customers within said City of Colorado City, and all connection charges and fees received by Grantee shall be considered as revenue.

SECTION 7: The City of Colorado City shall have the right and privilege by and through its Finance Officer, or other persons authorized by the City Council, to inspect the books, vouchers, contracts and records of the Grantee, its successors and assigns for the purpose of ascertaining

LEGAL

the gross receipts and revenue derived from the distribution and sale of said signal service, in order to determine herefrom the amount to be paid to said city.

SECTION 8: The Grantee shall at all times keep its cables and other appurtenances used for transmitting signals shielded in such manner that there will be no interference with signals received by private television sets or receivers sets owned by persons not subscribing to Grantee's service.

SECTION 9: Upon the compliance by Grantee with the provisions hereinafter set out respecting the making of bond, the Grantee shall have the right to charge and receive from each subscriber to its said service within said city a sum not to exceed Forty-five Dollars (\$45.00) which sum shall include all charges for connecting each such subscriber to its system plus the first month's service charge according to the schedule of monthly charges set out below, provided that such charge to each customer shall not exceed the actual expense of each such connection plus the first month's service charge. If the Grantee has not begun to furnish the service contracted for to each such subscriber within a reasonable length of time after receiving such payment, it shall return to each such subscriber to whom service has not begun the full amount of such payment. The Grantee shall be and is hereby authorized to charge each of Grantee's subscribers for the service to be furnished by Grantee up to the following sums each month:

(a) \$7.50 per month for one television set; and

(b) \$3.50 per month for the second set in the same building; and

(c) \$2.00 per month for the third or any additional television sets in the same building; and the City Council finds that such rates are and would be fair and reasonable rates and charges to be made for the service to be rendered by the Grantee at this time. However, such rates shall be subject to review and revision by the City Council at any time.

SECTION 10: The franchise hereby granted may be revoked by the City Council of said City of Colorado City in the event any payment or sum of money owing by the Grantee to said City shall be and remain delinquent for as long as six weeks, or if operation under said franchise shall lapse for as long as six months, or if Grantee shall fail to comply with any other provisions of this ordinance. Such revocation shall be at a hearing called for such purpose by the City Council, notice of which hearing shall have been given in writing to the Grantee for not less than 20 days in advance of such hearing, and such hearing may be called for any special or regular meeting of the City Council.

SECTION 11: The rights and privileges, grants and authority herein granted to Grantee, its successors and assigns, unless sooner forfeited and terminated for causes herein mentioned or other just cause, shall endure and continue for the length of time and term provided in Section 1 of this Ordinance.

SECTION 12: The Grantee shall file its written acceptance of this permit and franchise within thirty (30) days after the final passage and approval of this ordinance, and failing so to do this ordinance shall be null and void regardless of any other provision herein contained.

SECTION 13: The tower necessary to picking up, amplifying and transmitting television signals to subscribers within the City of Colorado City, Texas, shall be commenced by Grantee within 6 months from the date of its written acceptance of this franchise and it shall complete such tower within 6 months from the date of commencing the same. In the event Grantee shall fail to provide such services as are provided for by this ordinance, and within the time herein specified, the franchise hereby granted shall be null and void, and the Grantee will thereby forfeit all rights and privileges granted to it hereunder.

SECTION 14: (1) Before the Grantee, its successors or assigns shall collect or receive any payment from any person for a connection with Grantee's system or for service to be rendered by it within the City of Colorado City, Texas, it shall procure and deposit with the City Manager

LEGAL

of said city, subject to the approval of the City Manager, a good and sufficient Fidelity Bond in a reputable and solvent Casualty and Surety Company, in a sum of not less than \$10,000.00, conditioned to the effect that it will save each and everyone of its subscribers within the City of Colorado City, Texas, from any loss by reason of the mis-handling, misapplication or malfeasance by Grantee, its agents, servants or employees or of with respect to all sums of money paid to or collected by it under the terms and provisions of this ordinance.

(2) The Grantee, by the acceptance of the franchise hereby granted to it, agrees to hold the City of Colorado City harmless, free and clear of any and all damages by virtue of any act of negligence whatsoever which may be committed by the Grantee, its agents, servants or representatives; and to secure said city against any loss or damages for which it might or may be liable by reason of any such act or acts of negligence on the part of said Grantee, its agents, servants or representatives, the Grantee, before it undertakes to exercise any of the rights, privileges or authority of any nature granted by this ordinance, the Grantee shall procure public liability insurance in some good and solvent insurance company for not less than \$50,000.00 for a single injury and not less than \$100,000.00 for a single accident and for property damage to the extent of at least \$5,000.00. Such policy of insurance shall be submitted to the City Manager for approval before Grantee shall enter into the performance of any of its work authorized by this ordinance, and the approval of such policy of insurance by the City Manager shall be in writing; and such insurance shall be kept in force by Grantee, its successors or assigns at all times during the term of the franchise hereby granted. Should Grantee fail to procure such insurance, or should it permit such insurance to lapse after obtaining same, this franchise shall terminate and the rights of Grantee to operate its business hereunder shall cease.

SECTION 15: Should any word, phrase, clause, sentence, paragraph or portion of this ordinance and franchise be declared to be invalid by a court of competent jurisdiction, such adjudication shall not affect the validity of this ordinance and franchise as a whole, but shall only affect the portion thereof so declared to be invalid; and the City Council of the City of Colorado City, Texas, hereby expressly states and declares that it would nonetheless have passed this ordinance and granted this franchise had it known that such invalid portion of this ordinance and franchise were invalid, except as to such invalid portion.

SECTION 16: This ordinance will become effective upon the written acceptance of same by Grantee as provided in Section 12 of this ordinance, after its third and final reading and passage.

OFFENSIVELY AND DEFENSIVELY

Wolf Squad Impresses
Coaches in Scrimmage

If you notice a smile on the face of Coach Sam Christy, don't be surprised.

The grin is the aftermath of Colorado High's scrimmage here Tuesday night against Hamlin High Pled Pipers.

Christy's Wolves weren't at all disappointing in this, their first real scrimmage since workouts began last week.

The Wolves more than held their own with the Pipers who incidentally lost only one game — to Stamford — last year and are co-favorites for the District 6-AA championship this fall.

With 22 boys playing in the scrimmage, the Wolves scored 1 touchdown, drove to the 2-yard line another time and moved close enough to the Hamlin goal to try for field goal in a third offensive spurt.

All the while, Colorado High gave up only 1 touchdown to the Pipers.

The Wolves' display on both offense and defense backed up Christy's confidence that — barring key injuries or a reversal of attitude — his team will move up several notches on the victory ladder this season.

Last fall the Wolves scored only 1 triumph. Christy, while most coaches dodge predictions, is looking for 3 or 4 wins with his rebuilding program that includes 15 lettermen this fall.

Before civic clubs this week, the coach pointed to good attitude as one of the finest attributes of the 1960 squad. He

also pointed out that 38 candidates are in the Wolves pre-school workouts — a much larger squad than the one reporting in 1959.

The spirit is "catching," too. This is reflected with 29 more boys in pre-school workouts for ninth grade football. 45 signed up for eighth grade football and 57 more boys signed with intention to play in the seventh grade football program.

Coach Christy and his chief assistant, Ken Kearns, will take the Wolves to Hamlin Friday for another scrimmage engagement.

Incidentally, the Pipers came to Colorado City Tuesday fresh from a previous scrimmage with Sweetwater High, the big power in Colorado City's District 3-AAA. And the reports are that Hamlin made a solid impression defensively and scored against the Pipers.

Against the Wolves Tuesday night, Hamlin scored first — registering their touchdown with a 20-yard pass play when a receiver maneuvered behind C-City's secondary. Extra point was scored when Hamlin dived over from scrimmage.

Jerry McKay, the talented senior who has knocked out several of Christy's quarter-back worries with his fine hustle and spirit this season, scored Colorado City's touchdown as the Wolves rebounded from the Hamlin score. McKay scampered 6 yards off tackle on a keeper play,

crossing the goal standing up. Don Vest, the sturdy tailback ran the extra point.

The Wolves marched from their own 30 the second time they got the ball. Vest was a power in the march. Wayne Reed, 140 pound senior; Buddy Compton, 170-pound senior who doubles at end and backfield, and Gary Lightfoot, 160-pound senior fullback, also contributed to the scoring march.

Incidentally, all of those backs figuring prominently in the drive — McKay, Vest, Reed, Compton and Lightfoot — are lettermen.

To get a true picture of the scrimmage, you need to understand that each team put the ball in play on its own 30 yard line when they took the offensive. Only 3 plays were allowed to make a first down until the team reached the opponent's 40, then 4 downs were allowed for a first.

And any time a team failed to make the first, the ball moved back to the 30-yard starting point.

The Wolves drove to the Hamlin 2-yard line the first time they got the ball. McKay's pass to the standout end, Alex Campbell, put 'em in scoring position.

However, this initial drive ended when a pass bounced off Campbell's chest in the end zone and the Wolves lost the ball on the next play when McKay, attempting a pitchout on an end sweep, hit his leg with the ball and Hamlin recovered.

A 25-yard pass gain — McKay to Compton — started the Wolves on their second offensive thrust which ended with McKay scoring the touchdown.

As the scrimmage ended, the Wolves had a field goal attempt blocked inside the Hamlin 30-yard line, after moving 40 yards in 4 plays.

The coaches liked the hustle, crisp play of the Wolves, plus their ability to recover quickly when caught out of position.

Once when an entire team was substituted, the second unit held strong on defense.

Vest, middle linebacker, was outstanding on defense. But top defensive performances were turned in by just about the entire No. 1 defensive line — Compton, left end; Joe Weaver, left tackle; Bill Newell, left guard; Darrell Davis, right guard; Red Lemmons, right tackle, and James Palmer, right end.

Outside corner linebackers Doug Hodges and Campbell tightened up the defense, too.

Christy is planning to use more players in the return scrimmage Friday night in Hamlin.

Editorially Speaking

Keep Tragedy Out Of Fire Alarm Traffic

Tragedy was narrowly missed last week when a fire alarm truck, carrying a large blaze in the 800 block of E. Sixth St. A fire truck, just as it was stopping at the scene, swerved and skidded into a vehicle parked at the curb.

This was a minor mishap. Only a few people were hurt, and some people would say —

But the fact of the matter is that the accident could have been more serious under certain conditions along the crowded street near the fire scene.

Traffic safety experts long ago realized that one emergency should not bring another. That's why ambulances, fire trucks and police cars usually are driven with an amount of caution when on emergency calls.

That's the way it should and must be in order that one danger does not multiply into a tragedy for others who offer aid or who are in the path of those authorized to give assistance.

But the public also has a respon-

sibility, especially in the time of fire alarms. If this responsibility is not realized and met, then chances for serious accidents will multiply until too late to avoid tragedy.

This is especially true here in Colorado City where a volunteer fire department operates and where these volunteers must report to fires in private cars from businesses and homes in all areas of the community.

There are traffic laws which seek the best possible safety when there is a fire alarm. These restrict the public from following fire trucks, forbid parking of cars in the immediate area of a fire, rule against impeding the route of firemen going to the fire scene.

The narrow, crowded corridor through which a fire truck and volunteer firemen had to pass last week to reach the fire scene on Sixth St. could have turned into a corridor of death just as could any street when the public and firemen, too, do not realize their responsibility in traffic.

How About Blockers For Football Tickets

Our community has a reputation for organization which like to work and succeed at worthwhile jobs. These groups and activities branch out into multiple areas of service and community development.

Each year about this time, however, we have wondered why some aggressive organization does not give an assist to the sale of Colorado High school football tickets.

This type of assistance is not new to school football. It has proved valuable for high schools as well as colleges. Coach Sam Christy reported to Kivens and Javens this week that season ticket sales are not setting any records here. Indeed, the team has been relatively slow in selecting their tickets at Colorado High school.

Sure it's still summer. Football isn't the first thing that comes to mind when you are sweating in the degree heat.

However, an organization which plans the promotion, maps a system-

atic contact of businessmen, firms and offices, and provides a convenient service for the selection and delivery of season tickets — well, you might be surprised at how many persons would turn their thoughts to football right now with a buoyancy in spirits, too.

Triple Worry

Today's parent is threatened with a triple worry — especially if there are teenagers in the home. With father, mother, son or daughter all on wheels the average family today is threatened with not one but three chances of having an auto accident.

It was early pointed out that police departments and safety experts all agree that the emphasis should be to drive defensively — which means to watch out for what the other fellow does. Coupled with courtesy, this is the best way to avoid accidents.

Is This Trip Necessary?

SHINNERY PHILOSOPHER

Service Stations Feel Like Farmers

Editor's note: The Shinnery Plains Philosopher on his Johnson grass farm on Big Hollow Creek thinks he sees a parallel between farmers and service station men. His letter this week reveals.

Dear editor: Not that it eases the farm problem to know about this, but other lines of work are having their troubles too.

For example, I read in a newspaper last night that "the entire service station industry is facing its most serious economic test in 15 years."

It went on to explain that the trouble is, "profits have not increased at the same rate as expenses," and also

that "oil companies build stations indiscriminately, and thereby increase the number of retail outlets to a point where the competition is so great that no one is making money."

Now I want to say that I sympathize with the service station boys. I know what it is to have expenses mount and profits drop, and I know what over-production can do to you.

But as for the solution, that's another thing. I was talking with a neighbor of mine about this and he said, "Thunder, if they can't make a living where they are, let 'em move to town and get a job there," but I explained that most service stations are already in town.

Unfortunately, attention has been called to the plight of the service station men too late to get it in the platforms of either party this year, although both sides sure missed an opportunity to draw up a ringing plank about this matter.

After all, if you count up the number of stations in your town, and multiply it by all the towns in the United States, plus those along the highways out in the country, you can see it's possible the service station vote may amount to a balance of power in the coming election. Somebody sure slipped up.

I know some expert is going to blame the situation on defiance of the law of supply and demand and announce that the only thing to do is to sit back and let nature take its course, let the marginal service stations go under and leave the field to the most efficient.

But as I understand it, even the efficient ones are having trouble, even the ones that clean your windshield and all the windows, sweep out the floors, walk your dog, heat your baby's bottle, wipe your glasses for you, give trading stamps and come to attention and salute as you pull out.

I think this problem ought to be solved, but first we got to solve the farm problem. Ought to get around to the service station boys maybe by the year 2000.

Yours faithfully,
J. A.

ABUSES ARE REPORTED

Investigations Shape up for Illegal Unemployment Clams

By VERN SANFORD
Texas Press Association
Over 50,000 persons are drawing approximately one million dollars a week in unemployment compensation in Texas.

Investigations have disclosed fraudulent claims. Charges already have been filed in several Texas cities, and investigation is underway statewide.

In view of the recent frauds disclosed by investigations in unemployment compensation claims," says Maurice Acers, Commissioner. "It is imperative that an already broad system of fraud detection and prevention be expanded and accelerated."

There are a number of ways TEC can catch the cheaters. And TEC is out after them now. One method is by "cross-matching." This involves checking a person's unemployment claims against his earnings.

Sometimes this isn't necessary. Some people who are drawing unemployment compensation and secretly working, will betray themselves by their nervousness when they report to the local TEC office.

IN ONE instance a truck driver applied for unemployment compensation, then got another job. When he made his weekly trip to report to the employment office, he drove up in the truck of the company employing him and double-parked in front of the TEC office.

A TEC employee asked the man why he was driving this company's truck. "Because I'm working for the company," the driver said. This man soon found himself in court.

There are some, says a veteran TEC employee, who take the attitude: I've earned it. Now I want to collect it. In other words, after they have worked long enough and earned enough to qualify for unemployment compensation, they feel they're entitled to quit work and collect it.

THAT IS not the way the way the program is set up under the law. Here, briefly, are some of the requirements:

1. You must have built up a certain amount of work credits during the 15 months preceding application, with an employer who hires four or more persons.
2. You must have lost your job through no fault of your own.
3. You must make application with TEC for another job.
4. You must be able and available to accept another suitable job.
5. You must visit your local TEC office once a week to report your availability for work, or if you have done any work, report your earnings.

For example, a woman unable to work because of pregnancy would not be eligible for unemployment compensation, even though employed by a concern participating in the program.

CONFLICTING Opinions sometimes develop over what is another "suitable" job and who is "available" for work.

A typist who has been making \$200 a month may consider a salary of \$185 unsuitable. But if that is the going rate for that work in

State Capital NEWS

that area, TEC may decide it's suitable enough and deny unemployment compensation.

Others drawing unemployment benefits may be "available" in body only. When directed by TEC to apply for a certain job, they'll do it, but will appear so dull and uninterested that prospective employers won't hire them.

Most important to TEC is throwing a barricade in the paths of those people who just plain want to get some of the money just because it's there.

TEC also tries to alert employers to their role in halting fraud. When a former employee applies for benefits, a copy of his application is sent to the employer. If the employer quit or was fired for incompetence, it is the employer's duty to inform TEC at once.

TEC warns that if you're not willing to work at a suitable job, you cannot collect unemployment insurance. Furthermore, you cannot work, earn a salary and collect unemployment insurance at the same time.

INvariably some people try to get around TEC rules. Such persons cause

trouble for their employers, who have to pay more taxes; trouble for TEC, which now is on the lookout for the chiselers; and trouble for themselves, because they are laying themselves wide open for suits for fraudulent claims.

Taken individually, the collection by some person of from \$7 to \$28 a week, to which he is not entitled, may seem like peanuts. But any unchecked fraud, viewed in the light of the whole massive unemployment compensation program in Texas, could multiply itself into a million-dollar headache.

Last year \$51,376,076 was paid out in Texas in unemployment benefits. This was more than was taken in unemployment taxes from employers. Fortunately for TEC, the program has, over a period of years, built up a substantial trust fund — \$255,534,551 to be exact — against bad periods.

But this fund, designed as a cushion against depression-type breadlines, can serve its purpose — only if it is not abused. It is as insurance, TEC officials explain, not as a dole, and not to pay for vacations for those who are tired of working.

TEXAS AGRICULTURE

321-Pound Yield Likely for Cotton

By JOHN C. WHITE
Agriculture Commissioner

Texas cotton production for 1960 has been figured at 4,375,000 bales in the first estimate released by the U.S. Department of Agriculture, but this was before heavy August rains covered nearly all areas of South Texas.

The 4,375,000 bale estimate would be some 125,000 bales below the 4,500,000 bale yield of 1959 in Texas and it may be lower than that after the results of continued rainfall in the harvest season are counted up.

About 10 per cent of the 1960 crop has now been gathered, mainly in the Rio Grande Valley and in the lower reaches of South Texas. The average yield in all of Texas this year is estimated at 321 pounds per acre. Nationally, total cotton production for 1960 is estimated at about 14,471,000 bales, a little below the 14,558,000 bale crop gathered last year. This compares with a ten-year average of 13,710,000 bales per year.

Cotton harvesting will be late this year in nearly all areas of Texas because of the lateness in getting the growing season started. Growers in some sections were unable to get stands even with one or more replantings, and some acreage was diverted to other crops.

But whatever the outlook in the rest of the state, the 23 counties in the High Plains covered by the Plains

Cotton, Inc. were full of optimism as August neared its ends.

First official estimates put out by the Lubbock Cotton Exchange and the Plains Cotton Growers indicate a production of 1,899,000 bales for 1960, which would be 28,647 bales more than the 1959 production in the same 23-county area.

It is figured that the 1960 crop will be worth from \$267 million to \$286 million. The all-time record for cotton production on the High Plains stands at 2,025,433 bales gained in 1958.

In common with many other sections of the state, High Plains cotton early in the season was plagued by adverse weather, plant diseases and insects. But the condition of the crop, bolstered by exceptionally heavy rains when most needed in July, was described in August as being "good to excellent." No large volume of High Plains cotton is expected to be harvested before October.

Under the Federal farm program, cotton is grown on a plan which seeks broader markets and lowered price supports. Growers are allowed to overplant allotted acreages provided they are willing to accept lower price guarantees. Cotton acreage allotments this year amounted to 15,531,000 acres, compared with an average of 19,969,000 acres for the past 10 years.

LOCAL BUSINESS

Pre-Sell: Retail's Big Step Forward

By MARGE BELL
Record Staff Writer

This happened in Colorado City this week: A young housewife reached quickly into the grocery chest and, without a moment's hesitation, selected a particular brand of ice cream.

At the same time another woman walked into a downtown clothing store and purchased 2 bras — asking for the articles by exact brand name, style and price.

And the same day, a husband and wife opened the door of an automobile showroom and inquired about the best deal possible for the 1960 automobile they desired.

All three happened in Colorado City and all three are examples of successful pre-selling.

Pre-selling, whether it is downtown or on Hickory or any other street in America, probably the most important step in modern retailing.

For pre-selling is what influenced the housewife to select her ice cream... told the young lady what particular bra she must have... sent the couple to the auto dealer for their kind of car.

Pre-selling, however, is just another word for advertising. For the retailer, it is another way of saying "newspaper advertising."

In retail pre-selling, whether you are here in Colorado City are in any other community, the key to effectiveness is in the ability of the consumer to remember what has been advertised.

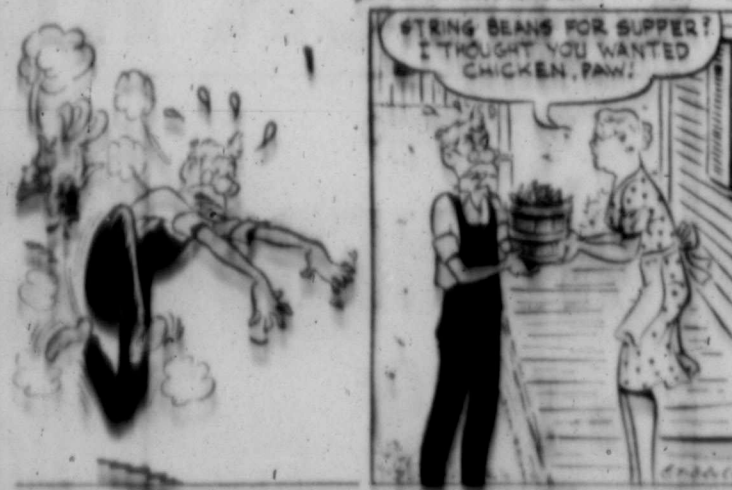

The Ralston Purina Company which concentrates its advertising in newspapers explains the aims of pre-selling this way:

"We aim to pre-sell at least every third retail store shopper. Women spend only 8 seconds in front of any product category.

If a national manufacturer have the kind of memorability and believability you get in print to flag their attention to your particular brand."

Naturally, retail merchants are interested in attaining the same effect for many products. Pre-selling must be accomplished for the entire store as well as individual values.

No wonder, then, that the newspaper has remained the No. 1 retail medium.

Loraine Teachers Begin 31st, 26th Years Monday

By MRS. C. C. HAMILTON
Record Correspondent

LORAINES — Experience is the best teacher — and that is something which 2 Loraine School teachers have.

Miss Gladys Spikes will return to the schoolroom Monday for her 31st year as elementary teacher. Miss Edith Wilkerson, as elementary principal, begins her 26th year in the Loraine schools.

Miss Spikes, whose teaching experience amounts up to 33 years, taught 2 years at Landers, 10 miles southwest of Loraine, before joining the Loraine school in 1927. All of her years of teaching have been in the 2nd and 3rd grades.

Miss Wilkerson was born in

Prairieville and came to Loraine in 1906 with her parents, Mrs. J.E. Spikes and the late Mr. Spikes, when Loraine was in its beginning days. She graduated from Loraine High School, received her B.C. degree from Sul Ross College in Alpine and also attended North Texas State College and Abilene Christian College. Teaching an average of 30 pupils a year, Miss Spikes figures can mount up to close to 1,000 in 33 years. She has taught 5 members of the present school board, Alfred Hackfeld, Royce Mahon, Gene Baird, Lloyd Brame and Ray Furlow.

Miss Spikes is a member of the Church of Christ. Miss Wilkerson was born in Nimrod, near Cisco, and came to Loraine with her parents, Mrs. B. Wilkerson and the late Mr. Wilkerson at the age of 3 before returning to Nimrod after a few years. The Wilkersons moved back to the Loraine area in 1919.

A graduate of Loraine High School, Miss Wilkerson received her B.A. degree from the University of Texas and her Masters degree from Hardin-Simmons University.

After teaching in the Valley View Community and the Baumann Community, Miss Wilkerson began her work in the Loraine school in 1935.

Her duties have included teaching the 8th grade and serving as principal of the

grade school for 23 years.

Miss Wilkerson is a member of the Beta Epsilon Chapter of Delta Kappa Gamma and is past president of the organization. She is also past president of the County Teachers Association and has served as other officers in both the BE and teachers association.

Miss Wilkerson is a member of the First Baptist Church.

Miss Spikes and Miss Wilkerson have seen many changes in the Loraine school since they were pupils and since they began their teaching careers. Consolidation of country schools, additions to the faculty, new school buildings, gymnasium improvements.

Loraine Guests

Mr. and Mrs. Ralph Mephrey of Maybank, and Mrs. Ewell Jacobs of Arlington are visiting in Loraine this week with Mrs. W. C. Jacobs, Mr. and Mrs. Alva Bennett and Mr. and Mrs. Willie Taylor.

Taylor's Return

Mr. and Mrs. K. L. Taylor of Loraine returned home Friday from a two weeks vacation trip to northwestern states.

The group toured Oregon, Washington, California and the National Yellowstone Park.

Telling 'Em Off

Roomers Debbie Reynolds and Tony Curtis get a blistering earful from landlady Kay Medford in this scene from "The Rat Race", a drama showing at the Palace Theatre Sunday, Monday and Tuesday. The picture co-stars Jack Oakie and Don Rickles and features jazz favorites Joe Bushkin, Sam Butera and Gerry Mulligan.

HERCULES UNCHAINED SHOWING

"The Rat Race" At Palace Sunday

It would be difficult to explain to a foreigner learning English the meaning of the Americanism "rat race," but if he were to see the Periberg-Seaton production, "The Rat Race," which opens Sunday at the Palace Theatre, he'd understand it thoroughly. More over, he'd enjoy the picture thoroughly, too.

Tony Curtis and Debbie Reynolds, Hollywood's most attractive young romantics, bring to vivid life the jazz musician and the dime-a-dance hall girl created by Carson Kanin for his hit Broadway stage play. The Paramount Technicolor film version of the show is solid entertainment. The story it tells of young career seekers who buck the Big City rat race

gives Debbie the opportunity to make the transition from comedienne to dramatic actress, and she comes through with flying colors.

Debbie, as the bitter and disillusioned would-be dancer, is reduced to earning her meager living as a dime-a-dance hall girl when Tony, an optimistic square from Milwaukee, arrives in New York to take the city by storm (he thinks). He moves into the room from which Debbie is being dispossessed for non-payment of rent, and when he learns she has no place to go, generously offers to share it with her. Platonically, of course, so begins an unusual relationship which eventually develops into romance. They share many

harrowing and demoralizing experiences, each reacting to them differently, but at the end of the film they are determined to beat "the rat race" together.

Brilliantly co-starred are Jack Oakie, Kay Medford and Don Rickles.

Rev. Combs Preaches

Rev. and Mrs. Doyle Combs and children of Hamlin were guests last weekend of his parents, Mr. and Mrs. Howard Combs of Loraine.

Rev. Combs preached at the First Baptist Church at both the 11:00 a. m. and 8:00 p. m. services in the absence of the pastor, Rev. H. M. Farrington, who is in a revival at Westbrook Baptist Church.

Crane Visitors

Mr. and Mrs. Twaine Price and daughter, Jana of Crane visited in Loraine last weekend with her mother, Mrs. Lola Finch.

Tim and Hamilton returned home with them to visit with Mrs. Price's nephew, Clayton Finch, this week.

TO MOVE MOUNTAINS

Wheels turn, hugh equipment goes to work and mountains are moved. This is not necessarily the fulfilling of scripture, but it does show that what once, to man, seemed an impossible task is now possible. God's word says, "If ye have faith as a grain of mustard seed, ye shall say unto this mountain, Remove hence to yonder place; and it shall remove; and nothing shall be impossible unto you." Attend church regularly, grow in stature and learn to exercise faith in God.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Temple Of The Gods

This architectural masterpiece of an ancient culture is the 1,000-year-old Tajin Temple, mighty remnant of Mexico's Totonac civilization. Excavated and restored, the towering stone temple is located near Papantla on Mexico's east coast. The temple was the site of the Voladores Rain Dance, an ancient Totonac religious ceremony appealing to the gods for rain.

Proposed CONSTITUTIONAL AMENDMENT NUMBER ONE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1960.

HOUSE JOINT RESOLUTION NO. 30 proposing an amendment to Article IX of the Constitution of the State of Texas by adding thereto new Sections to be known as Sections 6, 7, and 8, to provide that the Legislature may authorize the creation of Hospital Districts co-extensive with Lamar County, Hidalgo County, and County Commissioners Precinct No. 4 of Comanche County, having certain stated powers and duties and subject to certain stated limitations; providing that any enabling Acts shall not be invalid because of their anticipatory character; providing for an election; prescribing the form of ballot and providing for the necessary proclamation and publication.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article IX of the Constitution of the State of Texas be, and the same is hereby, amended by adding the following Sections which shall read as follows:

"Section 6. The Legislature may by law authorize the creation of a Hospital District co-extensive with Lamar County, Hidalgo County, and County Commissioners Precinct No. 4 of Comanche County, having the powers and duties and with the limitations presently provided in Article IX, Section (a), of the Constitution of Texas, as it applies to Wichita County, except that the maximum rate of tax that the said Lamar County Hospital District may be authorized to levy shall be seventy-five cents (75¢) per One Hundred Dollar (\$100) valuation of taxable property within the District, subject to district taxation.

"Section 7. The Legislature may by law authorize the creation of a Hospital District co-extensive with Hidalgo County, having the powers and duties and with the limitations presently provided in Article IX, Section (a), of the Constitution of Texas, as it applies to Wichita County, except that the maximum rate of tax that the said Hidalgo County Hospital District may be authorized to levy shall be ten cents (10¢) per One Hundred Dollar (\$100) valuation of taxable property within the District, subject to district taxation.

"Section 8. The Legislature may by law authorize the creation of a Hospital District co-extensive with Lamar County, having the powers and duties and with the limitations presently provided in Article IX, Section (a), of the Constitution of Texas, as it applies to Wichita County, except that the maximum rate of tax that the said Lamar County Hospital District may be authorized to levy shall be seventy-five cents (75¢) per One Hundred Dollar (\$100) valuation of taxable property within the District, subject to district taxation.

"If such District is created, it may be authorized to levy a tax not to exceed seventy-five cents (75¢) on the One Hundred Dollar (\$100) valuation of taxable property within the District; provided, however, no tax may be levied until approved by a majority vote of the participating resident qualified property taxpayers voters who have duly rendered their property for taxation. The maximum rate of tax may be changed at subsequent elections so long as it does not exceed the maximum limit of seventy-five cents (75¢) per One Hundred Dollar (\$100) valuation, and no election shall be required subsequent changes in the boundaries of the Commissioners Precinct No. 4 of Comanche County.

"Section 2. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State.

Proposed CONSTITUTIONAL AMENDMENT NUMBER TWO ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1960.

SENATE JOINT RESOLUTION NO. 4 proposing an amendment to Section 49-b, Article III of the Constitution of Texas, increasing to three and one-half percent (3 1/2%) the maximum permissible interest rate on bonds hereafter issued by the Veterans' Land Board; providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 49-b, Article III of the Constitution of Texas, be amended by adding thereto the following:

"The foregoing notwithstanding, bonds hereafter issued by the Veterans' Land Board pursuant to the authority of this Section 49-b of the Constitution may bear a rate or rates of interest not to exceed three and one-half percent (3 1/2%) per annum.

"This Amendment shall become effective upon its adoption.

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State of Texas on the first Tuesday after the first Monday in November, 1960, at which election all ballots shall have printed thereon the following:

"FOR the Amendment to Section 49-b of Article III of the Constitution of Texas by adding thereto a provision authorizing the Veterans' Land Board to issue the bonds authorized under such Section at a rate or rates not to exceed three and one-half percent (3 1/2%) per annum."

"If it appears from the returns of said election that a majority of the votes cast were in favor of said Amendment, the same shall become a part of the State Constitution and be effective from the date set forth in said Amendment, and the Governor shall issue a proclamation in keeping therewith.

Section 3. The Governor of the State of Texas shall issue the necessary proclamation for said election, and shall have the same published as required by the Constitution and laws of the State.

"Section 4. The Governor shall issue the necessary proclamation for said election, and shall have the same published as required by the Constitution and laws of the State.

TO MOVE MOUNTAINS

Wheels turn, hugh equipment goes to work and mountains are moved. This is not necessarily the fulfilling of scripture, but it does show that what once, to man, seemed an impossible task is now possible. God's word says,

"If ye have faith as a grain of mustard seed, ye shall say unto this mountain, Remove hence to yonder place; and it shall remove; and nothing shall be impossible unto you."

Attend church regularly, grow in stature and learn to exercise faith in God.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

COFFEE TIME

Around Town

By BONNIE SUMMERS

Teacher appreciation... The forthcoming banquet is one good way of showing appreciation—but a banquet and speeches can only begin to emphasize our appreciation to the teachers of Colorado City Public Schools.

For nine long months they have our children... to teach, to discipline, to guide, to mold toward their futures.

For us mothers who think 'I'll be glad when school starts'—do we have any idea what the teacher is thinking?

Probably she is thinking 'I do so hope that my students (she usually has 28 to 32 pupils) will be a willing and studious group this year.'

So—if you haven't made plans to attend the banquet this year—why not plan now to attend and show your appreciation to our local teachers.

New and pretty holiday merchandise will be showing up in local department stores and dress shops soon! Several local merchants have been in Dallas this week attending the Holiday Fashion Market.

Mr. and Mrs. Willie Landau and children, Sandy and Jerry, were in Dallas for the show. They visited in the home of Mrs. Landau's mother, Mrs. Denna Michaelson while there.

Mr. and Mrs. Max Berman were also in Dallas, as was Bob Pender, owner of Eva's Dress Shop.

Mr. and Mrs. Berman visited in the home of their daughter and family, Mr. and Mrs. Albert Rudnick and children, Fred and Michael, who reside in Dallas.

to suspend gas oil cracking operations indefinitely at the Col-Tex Refinery.

"This move is imperative in the economic defense of the other operations at your plant."

"In spite of the necessity," Krausse continued, "we do this with great reluctance because of its effect upon some of you. There will be a net reduction of 12 employees from Col-Tex payroll."

"Fortunately, because of the styrene expansion at Big Spring Refinery, we are able to offer employment here for all those who would otherwise be laid off."

"It is a small consolation that even after this reduction, the level of employment will be higher than it was at the

time Cosden acquired Col-Tex. "The positive attitude you have taken about our mutual problem," Krausse told union chairman, "is genuinely appreciated. We want to continue keeping you fully informed and hope that you will not hesitate to give us our suggestions so that we may find the best solution to these problems."

FROM LUBBOCK

7 CHS Students Return from School

Seven Colorado High students returned last Thursday night from Lubbock where they have been attending the West Texas High School Press Association Summer Work shop at Texas Technological College.

The annual school began August 14 and continued through the 18th. Things the Colorado High students accomplished while in Lubbock were to decide on a suitable cover, draw up a dummy, learned about photography, copy writing and layout work.

Speakers for the workshop were H. H. Kesler, Intercollegiate Press Association, who spoke on "Laying the Groundwork"; Bruce Henington, Henington Publishing Company, "Evaluating Photography Means"; Dr. Otha Spencer, East Texas State College, "How to Make Photography Interesting"; D-Eon Triest, "Five Basic Categories of Yearbook Copy"; Charles Dolan, Taylor Publishing Company, "Understanding the Publisher."

Those attending were Mary Louise Cox, Betty Lloyd, Linda Farrar, Roberta Craddock, Ann Sellier, Jimmy Costin and Mary Ann Merritt.

Visits Children

Leaving Saturday morning for a visit with relatives, Mrs. Vetrual Jones plans to stay in the homes of her children, Mr. and Mrs. Brantley Jones of Dallas, and Mr. and Mrs. J. W. Jones of Arlington. After a brief stay in Arlington, Mrs. Jones will visit other relatives in Texarkana, Ark.

Arizona Visitors

Guests this week in the home of Mr. and Mrs. B. H. Gregory are Mr. and Mrs. Ewel Groves and son, Gene, from Phoenix, Ariz.

The Groves family arrived in Colorado City on Monday, August 15, and will be visitors here a few days before returning home.

ON YOUR MENU

Just Jet to Java

Now that jet planes are streaming vapor trails across the vastness of the Pacific, and Singapore is just a weekend away... traveling Texans are finding new vacation lands — and new food tastes. The island of Java, which lies just south of the Equator, houses 50 million people on its 50 thousand square miles of tropical mountains. Some foods have to be imported long distances and are used sparingly, but in combinations to tempt Texas hot-weather appetites.

For a deliciously different summertime dinner, we suggest that you try this adaptation of a Javanese Dinner. This recipe makes 4 servings.

JAVANESE DINNER

- 1 pound ground meat
- 1 teaspoon Ac-cent (monosodium glutamate)
- 1 teaspoon salt
- 1 tablespoon curry powder
- 2 tablespoons butter or margarine
- 1 cup sliced onion
- 1/2 cup sliced green pepper
- 1 cup light or dark seedless raisins
- 2/3 cup cashew nuts
- 2 bay leaves
- 1 1/2 oz. can peas
- 1 4 oz. can pimiento, cut in large pieces
- 1 orange, sliced
- 3 cups hot pre-cooked rice

Break up meat with fork in mixing bowl. Sprinkle Ac-cent, salt and curry powder over surface of meat. Toss gently to distribute seasonings. Melt butter in 2-quart saucepan; add onion and green pepper and cook until tender, but not brown. Add seasoned

Visits, Visitors Are Last Minute Entertainment for Residents

Colorado City residents are still visiting and entertaining relatives and friends as vacation time nears its end. Those favorite vacation spots will soon be just memories until June rolls around again.

House guests of Mrs. W. H. Garrett, 132 W. 9th, were her daughter-in-law, Mrs. Charles R. Garrett, and children, Charles II and Nancy, of Roswell, N. M., and Mrs. C. R. Garrett's mother, Mrs. Belle Schmidt, of Abilene.

Guests for Sunday dinner were Mr. and Mrs. J. C. Garrett and boys.

Charles R. Garrett is stationed at Walker Air Force Base in Roswell.

They visited in Cloud Croft, N. M., El Paso, Flores, N. M., and Ruidoso, N. M.

On the return trip they visited in Andrews with Mr. and Mrs. Jay Hooks and daughters.

Mrs. H. R. Bell is visiting in Fort Worth this week with her daughter and son-in-law, Rev. and Mrs. Ernest Bailey. The Baileys have a daughter, Sherry Vee, born Saturday night. They are also the parents of a one-year old daughter, Vicki Janelle.

Mrs. Bell will return to Colorado City this weekend.

Visitors over the weekend in the home of Mr. and Mrs. T. W. Tilley were their daughter and son-in-law, Mr. and Mrs. Bob Sanford, and Janine of Wichita Falls.

The Sanfords came Saturday and return to their home Sunday evening.

Visiting in the home of B. L. Wulffen for several days is his daughter, Mrs. S. Geisenberger, of Natchez, Miss.

Miss Bell Visits

Miss Shirley Bell of Brownwood is visiting this week with her parents, Mr. and Mrs. H. R. Bell.

Shirley is attending Howard Payne College in Brownwood.

TELEPHONE TALK

by Truman Black, Manager

HOW MANY CALLS A DAY IN COLORADO CITY?

"What is the average number of calls made in a day in Colorado City? This is a question I often hear, so I decided to look up the answer.

Every day an average of 12,469 calls are made here. That's about 4.34 calls per phone.

And every day people find new ways to get more value from the phone. Only recently I heard of a fisherman who says he uses his phone as an "alarm clock."

"I like to fish but I have a hard time getting up real early in the morning," he says. "So I have one of the guys phone me when he gets up. That way I can't turn off the alarm and go back to sleep. I haven't been late or missed a trip since my friends started waking me up by phone."

Here's another case I heard of that shows the value of the telephone, day in and day out. One mother, after keeping a record of her calls for a week, figured that her two phones saved her family about three hours a day. "That's the time we would have spent just driving for errands and personal visits," she says.

As these stories show, the more you use your phone, the more value you get from it. So why not use it... for all it's worth!

FREE PROGRAMS FOR YOUR GROUP

Since some Colorado City civic, church and social groups already are planning fall programs, this seems like a good time to remind you of our standing offer to provide entertaining and informative telephone programs for your organization.

A booklet describing the variety of programs available—films, talks, lecture-demonstrations, telephone tours—is yours for the asking. Just call the telephone business office, RA 8-2691.

HOW TO CALL LONG DISTANCE AND SAVE 1/3

It's so easy to save yourself a lot of money. How? By placing your Long Distance calls station-to-station (to a distant number rather than to a particular person).

Here's the way to do it:

1. Give the operator the name of the city you want to call.
2. Next, tell her the number you are calling.
3. When the operator asks, give her the number you are calling from.

Why not try it tonight? Remember, rates are lower after 6 p. m. and all day Sunday.

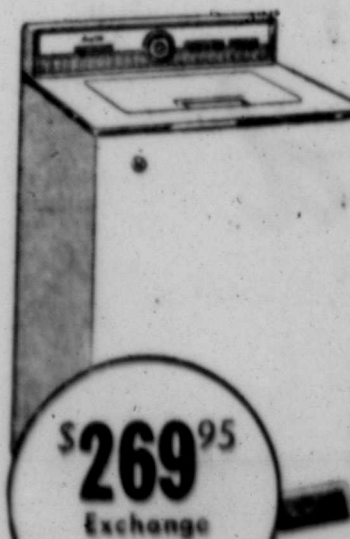

Call by number. It's twice as fast.

HOW'S BUSINESS?

Our business, thank you, is fine.

We have just enjoyed one of the best Julys in our history.

We published more advertising this July than the same month last year.

Our circulation continues at a high peak . . . going into more than three-fourths of the homes in Mitchell County.

How's your business?

We can help you make it better.

LEGAL

AN ORDINANCE GRANTING TO GREAT STATES ELECTRONICS, INC., A FRANCHISE FOR THE PURPOSE OF RECEIVING, AMPLIFYING AND DISTRIBUTING TELEVISION SIGNALS AND SIGNALS FOR A CLOSED CIRCUIT CHANNEL BY USE OF A COMMUNITY ANTENNA SYSTEM

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF COLORADO CITY, TEXAS:

SECTION 1: That there is hereby granted to Great States Electronics, Inc., a corporation, with its principal office located at 4128, 34th Street, Lubbock, Texas, hereinafter called "Grantee," the right, privilege and permission for a period of 10 years from the effective date of this franchise to construct, maintain and operate in the present and future streets, avenues, alleys and public grounds and places of the City of Colorado City, Texas, and its successors, towers, poles, lines, cables, necessary wiring and other apparatus and appurtenances for the purpose of receiving, amplifying and distributing television signals and signals on a closed circuit channel to the said City and the inhabitants thereof, and to use and occupy such present and future streets, avenues, alleys and public grounds and places for such purposes. However, any assignment or transfer of the rights and privileges herein granted shall be subject to the approval of the City Council of said city.

SECTION 2: No towers or poles shall be erected by the grantee without the express consent of the City of Colorado City, at location to be approved by said City, which consent shall be evidenced by written permit signed by the City Manager or other authorized representative of the City. The Grantee shall, at its own expense, move its lines, cables, wiring, towers, poles and other apparatus to other locations when the City Council may require such to be done for the safety or convenience of said City or its inhabitants affected thereby.

SECTION 3: All installations made by the Grantee shall be made in good, substantial, safe conditions and maintained in such condition at all times. The Grantee shall make no excavations in the streets, alleys and public places without first procuring a written permit from the City Manager, and all work of such kind shall be done under the supervision of the City Manager and in compliance with his instructions.

SECTION 4: The Grantee shall comply with all rules and regulations now in force or which may hereafter be put into force with respect to proper installation and construction of lines, cables, wiring and other apparatus authorized by this ordinance to be installed; and the right to change such rules and regulations now in force or hereafter adopted and to adopt new rules and regulations respecting such matters is hereby reserved.

SECTION 5: That the service furnished hereunder to said City and the inhabitants thereof shall be first class in all respects, and shall be subject to such reasonable rules and regulations as may be promulgated from time to time by the City Council. The Grantee may require Security for the payment of bills rendered to the customers of its system by it, and may disconnect service to any of its customers where the bill rendered to such customer remains unpaid for more than one (1) month from its date, and service need not again be made available to such customer until the amount due plus \$3.50 additional charge for resuming service is paid to Grantee.

SECTION 6: The Grantee shall pay to the City of Colorado City, on or before the first day of April for the previous year or any portion thereof of each year during the life and term of this franchise, a sum equal to two (2) per centum of the gross revenue received by the Grantee during the preceding year for the services sold to its customers within said City of Colorado City, and all connection charges and fees received by Grantee shall be considered as revenue.

SECTION 7: The City of Colorado City shall have the right and privilege by and through its Finance Officer or other persons authorized by the City Council to inspect the books, vouchers, contracts and records of the Grantee, its successors and assigns, for the purpose of ascertaining

LEGAL

he gross receipts and revenue derived from the distribution and sale of said signal service, in order to determine herefrom the amount to be paid to said city.

SECTION 8: The Grantee shall at all times keep its cables and other appurtenances used for transmitting signals shielded in such manner that there will be no interference with signals received by private television sets or receivers sets owned by persons not subscribing to Grantee's service.

SECTION 9: Upon the compliance by Grantee with the provisions hereinafter set out respecting the making of bond, the Grantee shall have the right to charge and receive from each subscriber to its said service within said city a sum not to exceed Forty-five Dollars (\$45.00) which sum shall include all charges for connecting each such subscriber to its system plus the first month's service charge according to the schedule of monthly charges set out or low, provided that such charge to each customer shall not exceed the actual expense of each such connection plus the first month's service charge.

If the Grantee has not begun to furnish the service contracted for to each such subscriber within a reasonable length of time after receiving such payment, it shall return to each such subscriber to whom service has not so begun the full amount of such payment. The Grantee shall be and is hereby authorized to charge each of Grantee's subscribers for the service to be furnished by Grantee up to the following sums each month:

(a) \$7.50 per month for one television set; and

(b) \$5.50 per month for the second set in the same building and

(c) \$2.00 per month for the third or any additional television sets in the same building; and the City Council finds that such rates are and would be fair and reasonable rates and charges to be made for the service to be rendered by the Grantee at this time. However, such rates shall be subject to review and revision by the City Council at any time.

SECTION 10: The franchise hereby granted may be revoked by the City Council of said City of Colorado City in the event any payment or sum of money owing by the Grantee to said City shall be and remain delinquent for as long as six weeks, or if operation under said franchise shall lapse for as long as six months, or if Grantee shall fail to comply with any other provisions of this ordinance. Such revocation shall be at a hearing called for such purpose by the City Council, notice of which hearing shall have been given in writing to the Grantee for not less than 20 days in advance of such hearing, and such hearing may be called for any special or regular meeting of the City Council.

SECTION 11: The rights and privileges, grants and authority herein granted to Grantee, its successors and assigns, unless sooner forfeited and terminated for causes herein mentioned or other just cause, shall endure and continue for the length of time and term provided in Section 1 of this Ordinance.

SECTION 12: The Grantee shall file its written acceptance of this permit and franchise within thirty (30) days after the final passage and approval of this ordinance, and failing so to do this ordinance shall be null and void regardless of any other provision herein contained.

SECTION 13: The tower necessary to picking up, amplifying and transmitting television signals to subscribers within the City of Colorado City, Texas, shall be commenced by Grantee within 6 months from the date of its written acceptance of this franchise and it shall complete such tower within 6 months from the date of commencing the same. In the event Grantee shall fail to provide such services as are provided for by this ordinance, and within the time herein specified, the franchise hereby granted shall be null and void, and the Grantee will thereby forfeit all rights and privileges granted to it hereunder.

SECTION 14: (1) Before the Grantee, its successors or assigns shall collect or receive any payment from any person for a connection with Grantee's system or for service to be rendered by it with the City of Colorado City, Texas, it shall procure and in the City Manager

of said city, subject to the approval of the City Manager, a good and sufficient Fidelity Bond in a reputable and solvent Casualty and Surety Company. In a sum of not less than \$10,000.00, conditioned to the effect that it will save each and everyone of its subscribers within the City of Colorado City, Texas, from any loss by reason of the mis-handling, misapplication or malfeasance by Grantee, its agents, servants or employees of or with respect to all sums of money paid to or collected by it under the terms and provisions of this ordinance.

(2) The Grantee, by the acceptance of the franchise hereby granted to it, agrees to hold the City of Colorado City harmless, free and clear of any and all damages by virtue of any act of negligence whatsoever which may be committed by the Grantee, its agents, servants or representatives; and to secure said city against any loss or damages for which it might or may be liable by reason of any such act or acts of negligence on the part of said Grantee, its agents, servants or representatives, the Grantee, before it undertakes to exercise any of the rights, privileges or authority of any nature granted by this ordinance, the Grantee shall procure public liability insurance in some good and solvent insurance company for not less than \$50,000.00 for a single accident and for property damage to the extent of at least \$5,000.00. Such policy of insurance shall be submitted to the City Manager for approval before Grantee shall enter into the performance of any of its work authorized by this ordinance, and the approval of such policy of insurance by the City Manager shall be in writing; and such insurance shall be kept in force by Grantee, its successors or assigns at all times during the term of the franchise hereby granted. Should Grantee fail to procure such insurance, or should it permit such insurance to lapse after obtaining same, this franchise shall terminate and the rights of Grantee to operate its business hereunder shall cease.

SECTION 15: Should any word, phrase, clause, sentence, paragraph or portion of this ordinance and franchise be declared to be invalid by a court of competent jurisdiction, such adjudication shall not affect the validity of this ordinance and franchise as a whole, but shall only affect the portion thereof so declared to be invalid; and the City Council of the City of Colorado City, Texas, hereby expressly states and declares that it would nonetheless have passed this ordinance and granted this franchise had it known that any word, phrase, clause, sentence, paragraph or portion of said ordinance and franchise were invalid, except as to such invalid portion.

SECTION 16: This ordinance will become effective upon the written acceptance of same by Grantee as provided in Section 12 of this ordinance, after its third and final reading and passage.
