SNYDER WELCOMES FEDERATION THIS WEEK

DRESSED IN HER BEST SNYDER OFFERS VISITORS THE KEYS EVERYTHING WILL BE FOR THEIR PLEASURE

The Women of the Federation swooped down on Snyder yesterday like a storm and although there were a great many visitors from all parts of the District, everything had been prepared for them and every one was cared for in the way Snyder does it and each representative here must feel that a warm welcome is extended individually and collectively to them all.

The program as set out in the year book is most unique and thorough and but very few whose names appear on the program are not here to speak for themselves.

The entertainment committee is very busy keeping the delegates stirring and entertained, with luncheons, teas, banquets and etc., yet not an hour during the day will the visitors want for entertainment of business.

Hundreds are here and others still coming and will continue to come until the last day, especially those who are on the program and detained for reasons. It is thought that Saturday will be the most attended day of the convention.

Mrs. F. T. Collins of Amarillo, and the President of the Federation called the Federation together at 2: 30 yesterday evening at the First Methodist Church and officially started the movement of the various committees and other routine.

Just how welcome the Women of the Federation is will be shown by the spirit of our local club women and you may rest assured that when these good people return to their home clubs they can report a wonderful co-operation in the club work of Snyder.

FARM NOTES

(W. O. Logan, County Agent.)

Poultry work in the County is receiving serious consideration but as yet it isn't serious enough to stop the leaks. The difference between successful poultry raising and unsuccessful poultry raising is in preparation, before starting.

There are daily calls upon every one that knows anything about poultry for help to stop chicks from dying. The Feed men, the Hatchery men, the Druggists, the Produce men, the Vocational Teacher, and the County Agent. You may get good assistance, you may get helpful suggestions, you may save a few chicks, but until careful preparation before getting the chicks; good brooders, plenty of ventilation, and room to prevent crowding is provided 'you haven't raised chicks successfully. Don't crowd too many chicks in a small low top house. Don't keep your brooder lamp burning low so chicks will have to crowd up close. Don't forget to give plenty of heat so ventilation will take off foul air and not run down temperature. Don't feed chicks for at least forty eight hours after hatching. Don't use crude oil on ground around where brooding chicks.. Use a disinfectant that mixes with water and sprayed on soon drys. The use of strong disinfectants in the drinking water should not be abandoned, chicks don't need doping if you use clean sanitary methods and give them room and heat, with plenty of clean fresh food properly mixed or of standard chick starter.

We are finding many flocks of hens that are roupy, eyes bad, colds, and other respiratory trouble. So long as we crowd too many hens in little tin houses, with crude oil soaked walls top and bottom, this trouble will prevail. It occurs in good houses, clean and well kept, but much more in tin top houses where crude oil is used abundantly. Nothing is hotter in summer, and colder in winter than tin houses, and to much crude oil helps both ways to intensify it.

Poultry business seems to be in good condition, less in storage, fewer eggs, less stock on farms, higher prices but don't buy chicks or hens unless you can give them roomy quarters, good feed, plenty of water, and care for them, if you do you will find some grief.

EXPRESSION OF THANKS

The student body and faculty of the Snyder High School wish to thank Mrs. Bell for her splendid co-operation and wonderful help in the beautification of our school grounds. Her helping us with the landscaping made the arrangement of the flower beds much more artistic than they would otherwise have been. We appreciate very much her liberal discount for her services and the plants she furnished. She has done very much in making our school campus more beautiful.

McMULLAN TURKEYS SELLING

Charlie McMullan, son of Mr. and Mrs. R. L. McMullan who have gained wide notoriety for their fine stock of turkeys, states that he is now shipping his eggs to breeders for stock purposes. Some of the widly advertised turkey farms in Texas and in northern states are buying this breed of turkeys having a knowledge of the breeding. Charlie has shipped several hundred eggs this season and has orders that he cannot fill. The McMullan strain of turkeys are from the best stock of special breeding farms from over the country and have won many blue ribbons every where they are shown. They are convinced that it pays to raise the best and this demand for their breeding is evidence.

Charlie says that out of 99 eggs put into an incubator he took off 95 fine turkeys, and that when setting a hen on these eggs that almost every egg means a turkey.

COTTON EXCHANGE BILL

A bill proposing to place cotton exchanges under the supervision of the agricultural department was introduced in the Senate today by Senator Connally, Democrat of Texas. It was referred to the agriculture committee.

The bill would give the government power to prevent any exchange from operating unless rules are adopted preventing the manipulating, straddling and cornering of the market.

Connally said he would ask an immediate hearing on the proposal.

Sweetwater Reporter

TYPES OF CLUB WOMEN

There is nothing in the world quite comparable to a Biennial convention. It brings from all over the world women brought together for a common cause by a common interest.

There is the club woman who has attended such meetings for years, and how her eyes light up when she meets the friend of two years' standing; then there is the club woman who is having her first experience as a delegate at one of these great conclaves; she is thrilled not only at all she hears and sees, but she is thrilled by the mere fact that she is there. There is the club woman who is quite satisfied with her club life and with herself, and there is the rural club woman, a highly valuable cog in the great Federation wheel. Then there is the club woman from overseas, who brings the lure of foreign lands in her stories of problems and activities, though they are not altogether different form those of their American club sisters; then there are the juniors, that splendid group which, in future years, will step into the places now occupied by their mothers and carry on even better than is now being done the great work of the Federation.

One can not forget the hostess club women who were ever on the lookout to give pleasure to the visitors. In Texas their names were legion, and for their good deeds they will ever be blest.

SNYDER PLANS BIG MEETING FEATURE

Snyder, April 22.—Snyder will send a delegation of 30 to Tahoka Wednesday for the district convenition of the West Texas Chamber of Commerce and heading the party will be Ollie Bruton, local business man who will give a special performance during the day.

Mr. Bruton for more than 20 years has defied conventions in that no sheriff, city marshal or any peace officer has been able to such him locked in jail. With apparent cessfully handcuff him nor keep ense he has baffled the most expert locksmiths and will give a demonstration of his ability some time during the program. Mr. Bruton does not claim to be a professional hypnotist and has never sought publicity of any kind but has always donated his services for any worthy cause, especially for charity and school benefits.

In addition to the public schools and state supported higher institutions of learning, there are in Texas more than 100 educational institutions of university, college and sub-college rank supported by churches, private benefactions and endowments.

(Copyright, W. N. U.)

CAVERN HIGHWAY ASSOCIATION TO MEET AT ANSON

Anson, Texas, April 19.—The second annual meeting of the Dal-Paso Cavern highway association will be held here on May 8th it was announced by J. J. Steele, president of the association.

A report of the work done during the past year, the election of officers and discussion of plans for the next motorcade will be business to come before the meeting.

The next motorcade, scheduled to start at Shreveport and terminate at El Paso, is expected to be made sometime in July.

CLUB ENTERTAINED

Mrs. G. B. Clark Jr. entertained the Alpha Study Club Tuesday afternoon at her home.

The lesson was conducted by Mrs. Joe Graham and roll call was answered by interesting facts on Texas cities.

"San Antonio, Where Texas History Clings the Longest", was given by Mrs. J. E. Sentell; The city of Houston was discussed by Mrs. Ixon Joyce; "Ft. Worth" was Mrs. Clyde Boren's subject; Mrs. R. H. Odom gave an interesting talk on Port Arthur; Mrs. Forest Sears gave a talk about Austin; A reading, "Interesting Notes of Minor Texas Cities" was given by Mrs. Wraymond Sims.

Dainty refreshments were served to Mesdames Wraymond Sims, Forest Sears, J. E. Sentell, Ixon Joyce, Clyde Boren, Wayne Boren, Ivan Dodson, Melvin Blackard, Charles Noble, Howell Harpole, Joe Graham, Wayne Williams, Tom Gates, Misses Hattie Herm and Neoma Strayhorn, members; Mesdames George Oldham, Maurice Brownfield, F. F. Wagoner of Amarillo and Miss Claribell Clark, guests.

ANTI-EVOLUTION IN TEXAS

The anti-evolution fight will be reopened at the special session of the Texas Legislature by Rev. James W. Harper, member of the House from Mount Pleasant.

"When the appropriation bills come up" said Rev. Mr. Harper. "I will offer an amendment providing that none of the funds appropriated in the educational bills shall be used to pay any instructor who teaches the theory of evolution as a fact."

ENTERTAINS CLUB

Dr. J. G. Hicks, assisted by Mesdames George Oldham and Lee Newsom entertained the Thursday Night Bridge Club at the home of Mrs. Oldham Thursday night.

High score prizes for bridge games were won by Mr. Raymond Sims and Mrs. Ivan Dodson, guest prize being awarded to Miss Edith Grantham.

Dainty refreshments, carrying out a pink and white color scheme, were served to Messers and Mesdames Wayne Boren, Ivan Dodson, G. B. Clark Jr., J. E. Sentell, Raymond Sims, W. T. Raybon, Maurice Brownfield, Sam Hamlett, Mr. Forest Sears, Mr. Albert Norred, Mr. George Oldham and guests, Misses Edith and Vera Nell Grantham.

FIRE DEMOLISHES HOME FAMIY BARELY ESCAPE

Elvin Thompson and family who live about 15 miles south west of Snyder, were awakened Saturday morning about 4 o'clock to find their house was burning down, the room in which they were sleeping was ablaze and in the scramble to get the children to safety practically all of the household effects were left to burn and before they could realize what had happened, everything was in a heap of ashes before them. All escaped injury.

The origin of the fire is not known but thought possibly a mouse ignited a match in a dresser drawer.

The farm is owned by Will Clark of Snyder who suffered a total loss by the fire, having no insurance. Coming at the season of the year and under the existing conditions it is of double seriousness to all concerned.

EDISON TO BROADCAST

Henry Ford likes music of a classical trend as well as the lively tunes of country fiddlers, some of his favorite selections are broadcast on the Edison Radio hour given by Thomas A. Edison, Ins. These Monday night Edison programs are known as "The Favorite Music of Famous Persons."

It will be interesting to hear the music Mr.. Ford has selected for broadcasting because it will reveal a little-known side of the great manufacturing character. Previous Radio programs have featured among others the favorite music of Charles M. Schwab, Edward Bok and Charles Chaplin.

Mrs. J. G. Landrum who has been sending in the news from Fluvanna was called to the bedside of her father who is very ill in Tulsa, Oklahoma.

A telegram stated that her father was not expected to live came to her just after she had returned from a trip to Big Spring where she attended a brother who was being operated there. Just how long Mrs. Landrum will be away depends upon the condition of her father.

MARRIAG LICENSES

Mr. Joe Norris and Miss Veola Parker.

NEW CARS REGISTERED

Dr. L. O. Campbell, O'Donnell, Chrysler Coupe.

Eugene Roberts, Snyder, Ford Coupe.

C. G. Green, Snyder, Ford Touring.

C. H. Grace, Hermleigh, Ford Coupe.

G. E. Parks, Snyder, Ford Sedan.

W. J. Mathews, Hereford, Ford Coupe.

BIRTHS REGISTERED

Mr. and Mrs. Will Brown, a boy named Jim, April 18.

Mr. and Mrs. F. J. Huffman, a girl named Billie Fern, April 22.

Mr. and Mrs. W. P. Hailey, a boy, April 22.

Mr. and Mrs. Ira T. Riggs, a boy named, Ira Jr., April 23.

Mr. and Mrs. Hugh C. Vaughn, a boy named Norman Bartlett, April 23.

ANNUAL MAY FETE

Snyder's annual May Fete is to be held Wednesday evening at the city tabernacle, starting at 8 o'clock.

The Festival is to include one of the most enjoyable programs ever given at such an occasion. It was written under the direction of Mr. Homer Springfield with Mrs. Hugh Taylor assisting. The Fete is being sponsored by the Parent-Teacher's Association, Mrs. R. L. Gray, piano accompanist.

Miss Katherine Northcutt will be crowned Queen of the May for 1929. She will be attended by dukes and duchesses from the classes of the high chool and Mr. Herman Trigg will be crowned King.

Thirty towns have been extended an invitation to participate in the gay event. Accommodations for the out-of-town guests are being made.

NEW STORE

The Howard Dry Goods Company have moved to the building, formerly occupyed by the Stinson Drug Co, No. 2.

The Company has been located at Brownfield but is now making Snyder their new home. They also have a store at Abilene. Mr. W. P. Babb and C. C. Eager have charge and are directing the repairing of the Willmeth Building.

Mr. Babb states that the store will carry a complete line of ladies ready-to-wear, notions and men's furnishings. A definite opening date has not been announced.

garet Deakins and Jeanette Lollar spent last week-end at Floydada visiting Mr. Jack Deakins.

MR. HOOVER ON ENFORCEMENT

New York, April 22—President Hoover, speaking before the annual meeting of the Associated Press, today called upon the press of the nation to throw its influence unreservedly into the fight for law enforcement. His address was delivered at a luncheon in the Waldorf before an audience composed almost entirely of newspaper editors and publishers, representing every section of the country.

He asked for a quickening of the public conscience on the whole problem of lawlessness. He represented prohibition enforcement as merely a part of the problem declaring that only 8 per cent of felony convictions last year came from that source.

"Its solution," he added, referring to the problems of law enforcement, "is more vital to the preservation of our institutions than any other question before us.

"If law can be upheld only by enforcement officers, then our scheme of government is at an end.

"No individual has the right to determine what law shall be obeyed and what law shall not be enforced.

"If a law is wrong, its rigid enforcement is the surest guaranty of its repeal. If it is right, its enforcement is the quickest method of compelling respect for it.

"The duty to enforce the laws rests upon every public official and the duty to obey it rests upon every citizen."

SCURRY COUNTY ALLOTED THE STATE AID

It has been stated by County Superintendent A. A. Bullock that the rural schools of Scurry County will receive a total of $16, 456 state aid.

$11,456 for twenty five schools has been received, $3,000 is to come for the aid of vocational and home economic work and $2,000 had been previously granted.

Vote for the consolidation of the Ira and Sharon schools, will be held Hermleigh will vote for consolidation May 11.

The Snelling and Hackberry schools will hold elections next Saturday for consolidation with Fluvanna, while the citizens of the latter town will hold two elections for the same purpose.

JUDGING TEAMS MAKE TRIP TO LUBBOCK

The stock and poultry judging teams of the vocational agriculture department of Snyder High School journeyed to Lubbock Monday, April 8, to compete in the Smith-Hughes judging contest at Texas Tech. Twenty-six schools were represented, and 196 boys took part in the contests.

The following students composed the stock judging team: Maxey Chenault Grady Wallace, Cloyce Drinkard and Russell Shaw. Those on the poultry judging team were Kenneth Pitner, Geral Greene and Emmitte Askins. They were accompanied by C. C. Redman, instructor.

Fourteen teams took part in the poultry judging contest, and the Snyder Farmers won fourth place. In the egg judging division of the contest we placed fifth. Kenneth Pitner won first place in judging hens for egg production, making a perfect score of 300 points. We will all admit that Pitner "knows his hens."

The stock judging team did not place in the counties, but regardless of the fact of competition, they did some very good work.

The farmers who took part in the contest were entertained by Tech College with a banquet given at 6 o'clock in the college cafeteria. Many good speeches were made, and the medals and loving cups were awarded the winners.

In spite of the "lung trouble" Mr. Redman's "Lizzie" was complaining of, and "Reds" flats, blowouts and punctures, a good time was had by all.

Tigers Tale

BIRTHDAY HONOREES

Mr. and Mrs. A. E. Bell entertained with a lovely dinner, honoring the birthdays of Mrs. A. H. Bell, Mrs. Edgar Von Roeder and Mr. Richard Von Roeder Sunday at their home.

Forty-six guests were present and a regular get-together good time was had by all.

ORDERED MACHINE GUN FIED—ASKED TO RESIGN

The Treasury announced that Boatswain James R. Ingram, who ordered use of a machine gun in the Miami river during a recent coast guard attempt to apprehend rum runners, has been asked to resign.

April showers are blessing to many farmers while others are as dry as powder, many are suffering for rain. Most of Scurry has had very good season by the local showers but there are many farms in the county that have been missed. We drove in from the north side of the county until we reached Hermleigh, from there to Cisco it was dry and at that point we went into the mud again which lasted across the rest of the state.

Mr. and Mrs. Anthony Howard of Hunting West Va. have a son three days old who weighs 23 pounds, he is the 16th child, and will answer to the name of Willard Demsey Howard.

Just to keep you informed, Secretary Kellogg, author of the international pact outlawing war, also gave the ruling that Charley Curtis' sister must sit below the wives of ambassadors and ministers at official dinners.

KNOW TEXAS

Most of the Texas honey crop comes from cotton blossoms and the millions of acres of cotton put Texas in second place in honey production, excelled only by California.

Mrs. Emmett Johnson is a business visitor in Snyder this week.

BORDEN COUNTY RANNCH IS SOLD FOR $110,000

Snyder, April 23—D. T. Whatley has just completed purchase of Hypen C. ranch of 19 sections in Borden county for $110,00 cash consideration. He plans to fence entire ranch with sheep proof wire and effect modern residence.

This real estate deal is one of the largest made this year in this section.

Mr.. Whatley who also owns several farms in Scurry county is experimenting this year with 200 acres planted to sunflower seed.

LATIN CLUB HOLDS FINE INITIATION

One of the most interesting features of the Snyder High School Latin Club was the initiation of the new members which was done in the home economics department. All the candidates came dressed in their overalls so that they would be prepared for anything that might take place.

On starting, the candidates were locked in a dark room where they were kept until their time came to be initiated. They were initiated in couples. At the foot of the steps they were blindfolded and led into the room where they thought terror reigned supreme.. They were thoroughly dusted with snuff and fed on meal. They were then prepared to go for the eventful buggy ride which everyone enjoyed. Their hair was then burned so that they could have the latest type of haircut without paying for it. Refreshments were then served. Such things as cancer held places in the menu. They were then taken for a walk through molasses, flour and dirt. They had already removed their shoes which were hid in secluded places. Later they had their feet painted, finger nails notched, and then turned loose to hunt their shoes.

Refreshments were then served to a happy throng of both old and new members and Misses Mattie Ross and Maurine Cunningham.

Treva Hart, Frances Chenault, Anthem Wade, Ruth Yoder, Leighton

Those that were initiated were Griffin, Brentz Anderson, Elverne McFarland, Robert Alsup, Alva Casey, Acie Dell Morton, Clarence Walton, Charlene Ely, Mary Janet Smith, Rayolene Smith and Janice Erwin. They all proved to be good sports, and we are glad to have them as members of one of the most progressive clubs in high chool.

May Latin ever grow and be more useful to the students of Snyder High School.

High School Paper

MOORE OF SIMMONS ELECTED HEAD COACH

Otis "Red" Moore, all-T. I. A. A. two years, and one of the best football players ever in Simmons University, has been elected director of athletics of Snyder High School. Mr. Moore will receive his master of arts degree this summer and will teach in the mathematics department, it is thought.

As a preparation for the coming football season, Coach Sullivan is progressing rapidly with spring football. He has about twenty boys getting into shape for the next year's Tiger team. With these and the new boys the Tigers intend to have a very successful year in 1929. Mr. Sullivan has challenged neighboring teams for games this spring.

Wonderful prospects are foreseen in the future for football, with Mr. Moore as head coach. He has had many years of experience and expects to bring Snyder High to the top. Snyder will be very glad to welcome Mr. Moore, because they have great confidence in him.

MISS BEGGS ENTERTAINS

On the society page of Tuesday's Fort Worth Star Telegram was the following:

Mrs. George Beggs Jr. and Miss Dorette Beggs complimented Miss Martha Mae Arnold, bride-elect, when they entertained with a bridge luncheon Monday at the Fort Worth Club.

Soft pastel tints made the long table in the dining room an appropriate setting for a bride; the ganze-like cover being of shell pink, with the center holding three bowls of pink rosebuds and orchid sweet peas. The place cards and candies added a touch of green to the colors, forming the pink, orchid and green motif the honoree has chosen for her wedding colors.

Included among the guests were Misses Clara Arnold, Laura Petit Jone Saunders, Margaret Hodgson, Mary Adams, Mary Lee Poindexter, Emmy Lou King, Frances Fry, Virginia Poindexter, Helen Louise Robinson, Mary Lou Bartels and Mmes. George A. Sealing, Lionel W. Bevan, Dixie Ruth Smith, Beggs Anderson, Hunter Pendleton, John Anderson and Frank McNemy of Dallas.

SNYDER MAN TO HEAD BANKERS

Lubbock, April 22. — O. P. Thrane, Snyder, was chosen president of the third meeting of the South Plains Bankers association here today, and Midland was chosen as the labor day meeting place.

Clarence Wiley has just returned from a few weeks visit with friends at Beeville, Clarence says that while there he made a trip to Austin with Miss Gladys Baker and her mother, there seems to be quite an attraction in Beeville and Snyder may lose a good boy, eh, C. R.?

Your MODEL T FORD *is still a good car*

THE Model T Ford led the motor industry for twenty years because of its sturdy worth, reliability and economy. Those same reasons continue to make it a good car.

As a matter of fact, nearly one-fourth of all the automobiles in use today are Model T Fords. Millions of them can be driven two, three and even five more years with reasonable care and proper replacements. Figures show that the average life is seven years.

Don't sacrifice your Model T, therefore, but take it to the Ford dealer and have him estimate on the cost of putting it in A1 shape. A very small expenditure may be the means of giving you thousands of miles of additional service

For a labor charge of $20 to $25 you can have your motor and transmission completely overhauled. This price includes new bearings, reboring cylinders and any other work necessary. Parts are extra.

Valves can be ground and carbon removed for $3 to $4. The cost of tightening all main bearings is only $6. The labor charge for overhauling the front axle is $4.50 to $5—rear axle assembly, $5.75 to $7.

New universal joint will be installed for a labor charge of $3. Brake shoes relined for $1.50. Rear spring and perches rebushed for $1.75. The cost of overhauling the starting motor is $3. A labor charge of approximately $2.50 covers the overhauling of the generator.

It will pay you, therefore, to see your Ford dealer and have him put your Model T in good running order. By doing so you will protect and maintain the investment you have in your car and get months and years of reliable transportation at a very low cost per mile.

SNYDER TEXAS APRIL 26, 1929

A JOINT RESOLUTION

Proposing an amendment to section 5 of Article 4 of the Constitution fo the State o fTexas fixing the salary of the Governor; providing for its submission to the voters of the State of Texas as required by the Constitution, and making appropriation therefor.

LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 5 of Articcle 4 of the Constitution of the State of Texas be so amended as to here-affter read as follows:

"Section 5. The Governor shall, at stated times, receive as compensation for his services an annual salary of Ten Thousand Dollars and no more, and shall have the use and occupation of the Governor's Mansion,fixtures and furniture; provided that this amendment shall not become effective until the third Tuesday in January, 1931."

Section 2. The foregoing Constitutional amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on July 16, 1929, at which election all voters favoring said proposed amendment shall write or have printed on their ballots the words: "For the amendment to the Constitution of the State of Texas fixing the salary of the Governor." And these voters opposing said proposed amendment shall write or have printed on their ballots the words: "Against the amendment to the Constitution of the State of Texas fixing the salary of the Governor."

Section 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and to have same published as required by the Constitution for amendment thereto.

Section 4. The sum of Five Thousand ($5,000,00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State of Texas not otherwise appropriated to pay the expense of such publication and election.

Approved March 19, 1929.
Jane Y. McCallum
Secretary of State

Mr. and Mrs. H. W. Hartman left Sunday for Dallas for a visit then they will go to Canyon where Mr. Hartman will open a repair shop. Mr. Hartman was formerly with H. G. Towle Jewelry Company.

FLUVANNA

J. J. Belew, E. A. Boles and Mr. and Mrs Horace Carmachael left the first of this week for Herrick, Oklahoma on business.

Vernay Boynton who is in T. W. C. at Fort Worth spent a few days with home folks.

Mrs. Emma Cornelius and George Brooks of Winters are visiting Mr. and Mrs. J. B. Burchfield.

Mrs. J. B. Burchfield and Miss Ida Cauley have just returned from a visit to Lubbock, Post and Littlefield.

Monte Franks of Big Spring was here last Thursday. Mrs. J. G. Landrum returned with him to be with her brother who was operated on last Friday morning.

J. G. Landrum and family spent Sunday in Big Spring.

SCHOOL NEWS

Fluvanna went on the map in bright colors at the District Meet at Abilene the past week-end, when we were represented there in girls debate by Ruth Truss, and Nadine Haynes, and also Senior girls Declamation by Berline Boynton. We are very proud of the splendid showing made by these girls. The debating team went to the Semi-finals before being defeated by the strong Colorado team, while Burline carried off the highest honors possible in declamation. This gives Burline the right to represent District 8 at the State Meet in May, and we feel that she will give a good account of herself there also.

Charlie Bley qualified for the finals in several hock events, but was unable to come out as easy as he did in the county Meet.

We are on our home stretch of school work now, and every one is hard at work getting ready for the final gun to sound.

Miss Polly Porter who is attending Texas Tech., spent last week-end in Snyder with her parents.

Mr. John Covey accompanied the Snyder representatives to the District Meet at Abilene last week-end.

HAMES BIG SHOW WITH 300 PEOPLE HERE NEXT WEEK

The Spring Carnival for next week will bring to Snyder the Bill H. Hames Shows, the show that was featured at the Fat Stock Show this spring.

It takes fifteen 60-foot railroad cars to transport the shows, rides and paraphernalia of this giant organization. Included in the riding devices are a miniature Ferris wheel, giant Ferris wheel, merry go-round, whip, caterpillar, heydey and a miniature steam train traveling over 500 feet of track. The fun houses are two of the latest-"Fun on the Farm" and "Faw Down Go Boom."

The shows feature a minstrel show of 25 performers, with band and orchestra, and have with them Clifton Phelps, the "Boy Wonder," dancer, king of all colored Charleston and black-bottom dancers.

The Monkey Speedway and Circus are combined, and there the children are entertained and can stay as long as they like. Joe Daniel 2nd, star performer, and a giant Rhesus who has been trained to eat with knife and fork just like a human, are program features here.

Some of the leading attractions with the shows are:

Jumbo, largest snake alive, 32 feet long and weighs 284 pounds.

Circus side show with ten live working acts.

Athletic show, where they take on all comers at $1.00 per minute, in wrestling or boxing.

Big Dog, Little Horse—The dog, a St. Bernard, is credited with saving three lives during the last Ohio flood. Here is how the dog and horse compare: Dog weighs 225 pounds, measures 64 inches from the tip of his nose to the tip of his tail. Horse weighs 40 pounds and is 29 inches high.

There are also about 35 novelty booths and concessions.

This show recently showed at the T. & P. Reservation, Fort Worth, under the Star-Tellegram milk and ice fund, and gave that worthy cause $519.92, which was acknowledged on the front page of the Star-Telegram of April 4th.

A couple of cattlemen drove 60 Mexican rebels into a corral and shut the gate. Instead of sending arms and ammunition to the Mexican government why not send 'em a couple of Texas cowboys?

Two Texas counties—Brazoria and Matagorda — furnish most of the world's sulphur.

Brewster—with an area 3,798,400 acres— is the largest Texas county.

PALACE THEATRE

PROGRAM FOR WEEK

FRIDAY, APRIL 26th.

"THE BABY CYCLONE" featuring Lew Cody and Aileen Pringle. Also Talking Pictures and Singing Pictures. Hear the Marvel of a Miraculous Age through the Paratone Synchronizer.

SHALL WE MEET YOU AT THE CITY AUDITORIUM MAY 1st., AT 8 P. M.

A JOINT RESOLUTION

proposing an amendment to the Constitution of the State of Texas providing for a Supreme Court of nine members, and for continuous session of that Court—

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 2 and 3 of Article 5 of the Constitution of the State of Texas be amended so as to hereafter read as follows:

"Article 5. Section 2. The Supreme Court shall consist of a Chief Justice and eight Associate Justices, any five of whom shall constitute a quorum, and the concurrence of five shall be necessary to a decision of a case; in other matters, until otherwise provided by Law, the jurisdiction of the Court shall be exercised under such regulations and orders as the Court by a majority vote may prescribe. No person shall be eligible to the office of Chief Justice or Associate Justice of the Supreme Court unless he be, at the time of his election, a citizen of the United States and of this State and nuless he shall have attained the age of thirty years, and shall have been a practicing lawyer or a judge of a court, or such lawyer and judge together at least seven years. Said Chief Justice and Associate Justices shall be elected by the qualified voters of the State at a general election, shall hold their offices six years, or until their successors are elected and qualified, and shall receive such compensation as may be provided by law. In case of a vacancy in the office of Chief Justice of the Supreme Court, the Governor shall fill the vacancy until the next general election for State officers, and at such general election the vacancy for the unexpired term shall be filled by election by the qualified voters of the State. The Judges of the Supreme Court who may be in office at the time this amendment takes effect shall continue in office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. When this amendment takes effect, the Governor shall immediately appoint six additional Associate Justices of the Supreme Court for terms of office so that the terms of two of such appointed Associate Justices shall expire with the term of office of each of the present members of the Supreme Court, and upon the qualification of such new Justices, the Commission of Appeals of the State of Texas shall terminate."

"Article V. Section 3. The Supreme Court shall have appellate jurisdiction only except as herein specified, which shall be co-extensive with the limits of the State. Its appellate jurisdiction shall extend to questions of law arising in cases of which the Courts of Civil appeals have appellate jurisdiction under such restrictions and regulations as the Legislature may prescribe. Until otherwise provided by law, the appellate jurisdiction of the Supreme Court, shall extend to questions of law arising in the cases in the Courts of Civil Appeals in which the Judges of any Court of Civil Appeals may disagree or where the several Courts of Civil Appeals may hold differently on the same question of law, or where a Statue of the State is held void and shall extend to such other questions as may be within the Court's Appellate Jurisdiction under the Statutes off the State in force when this amendment takes effect. The Supreme Court and the Justices thereof shall have power to issue writs of habeas corpus, as may be prescribed by Law, and under such regulations as may be prescribed by Law, the said Court and the Justices thereof may issue the writs of mandamus, procedendo, certiorari and such other writs, as may be necessary to enforce its jurisdiction. The Legislature may confer original jurisdiction on the Supreme Court to issue writs of quo warranto and mandamus in such cases as may be specified, except as against the Governor of the State.

The Supreme Court shall have power, upon affidavit or otherwise as by the Court may be determined, to ascertain such matters of fact as may be necessary to the proper exercise of its jurisiction. The Supreme Court shall be open at all times and shall sit at the State Capitol for the transaction off business at such times as may be designated by the Court.

The Supreme Court shall appoint a clerk, who shall give bond in such manner as is now or may hereafter, be required by law, and he may hold his office for four years and shall be subject to removal by said Court for good cause entered of record on the Minutes of said Court who shall receive such compensation as the Legislature may provided."

Section 2. Said proposed Constitutional amendment shall be submitted to a vote of the qualified electors of his State at a special election to be held throughout the State on Tuesday, July 16, 1929, at which election each voter opposing said proposed amendment shall scratch off of the ballot with a pen or pencil the following words printed on said ballot: "For the amendment to the State Constitution providing for a Supreme Court of nine members, and for continuous session of that Court.", and each voter favoring said proposed amendment shall scratch off the ballot in the same manner the following words printed on said ballot: "Against the amendment to the State Constitution providing for a Supreme Court of nine members, and for continuous session of that Court." If it appears from the returns of said election that a majority of the votes cast are in favor of said amendment, the same shall become a part of the State Constitution.

Section 3. The Governor shall issue the necssary proclamation for said election and have the same published and said election held as provided by the Constitution and Laws of this State.

Section 4. The sum of five Thousand ($5,000.00) Dollars, or so much thereof as may be necessary is hereby appropriated out of the State Treasury to pay for the expenses of said publication and election.

Approved February 19, 1929.

JANE Y. McCALLUM,
Secretary of State.

SNYDER HAS ORDERS FOR 50,000 GUINEAS

Snyder, April 22.—Northern and Eastern markets have placed orders for 50,000 more guinea broilers. To weigh one and a half pounds each, at 40 cents a pound.

One Snyder hatchery has filled orders for 2[illegible]9,000 baby chicks this season and will start on a guinea hatch in the next two weeks.

The poultry business is in such a thriving condition in Scurry County that a hatchery has ordered new incubators to increase its capacity to 64,000.

Mr. Clyde Shull was a business visitor at Amarillo Monday.

Mr. Guy Adams and Mr. T. J. DeShazo were Crosbyton visitors Sunday.

LICE ON CHICKENS

Lice makes setting hens sick and leaves their nests and kills many little chicks. Pruitt's Lice Powder is Guaranteed to take Lice off your chicks in less than two minutes or your MONEY BACK. And don't forget Germget to put in the chickens drinking water to kill germs. Sold By.

G. G. Hollingsworth, Grocery.

TEXANS LET'S TALK TEXAS

As Surely as the DAY follows the NIGHT

West Texans! let's talk about the opportunities of West Texas, agriculturally, industrially and commercially--and as a wonderful place in which to live.

AS SURELY as the day follows the night, West Texas stands upon the threshold of an era of industrial development which will be as thrilling and as picturesque as has been the past history of this remarkable empire.

Sometimes the most worthwhile things are the least obvious. It seems to have been so in the case of West Texas. In the outset it seemed to many people that there was very little to recommend this section as one peculiarly fitted for the building of a great industrial area. Men were attracted to this section of Texas, however, whose vision was far reaching. They foresaw that West Texas was destined to become a great center of industrial activity.

Accordingly they instituted a program of foundational industrial work which required the greatest courage and fortitude to carry forward. These men pioneered West Texas. Today their efforts are gloriously in evidence. On every hand the force of their determined optimism is felt. National recognition of the correctness of their forecast, made a quarter of a century ago, is daily being given. They have laid the foundation of a mighty empire.

This heritage they are tendering to a new generation, whose capacity for going forward with it is reflected in today's sound developments.

The Texas Electric Service Company has had a part in West Texas development. And this Company feels that it partakes fully of the spirit of West Texas, that it has an understanding of the needs of this territory which enables it to plan its future along the most constructive lines of helpfulness to this great wealth producing area.

Washington Letter

By Helm News Service, Inc.

Senator Reed does not like the program of "limited tariff revision" contained in the Presidential message and does not hesitate to say so. He is ready to projecct a fight in the Senate to throw the floodgates open for a general tariff revision, in accordance with the well-advertised and emphatically expressed ideas of manufacturing interests of the Keystone state.

The Hoover farm relief program, so far as it can be called a program, met with a decidely lukewarm reception from the agricultural bloc in both the House and Senate. Advocates of the equalization fee declared, in well-staged disappointment, that the President "did not go far enough"; the once colorflully radical senator from Iowa, Smith W. Brookhart, contented himself with this expression of disillusionment, chiefly because he was a staunch Hoover advocate in the Presidential campaign of last fall, and is still on the regular G. O. P. bandwagon.

gram. It will be several weeks, howtinctly a word in favor of their pro-

Sponsors of the so-called debenhailed the President's message as disture plan of farm relief legislation ever, before the situation will have clarified; in fact before the soothsayers of Washington will be ready to tell the embattled farmers of the west whether the present session of Congress is merely some more elaborate mumble-bumble, or whether it is determined and sincere on farm relief issue.

Our "little brown brother," the Filipino, has a more powerful friend at court now than he has had at any time since the Stars and Stripes were hoisted above his archipelago.

Of course, there is a general belief that the Prohibition Unit is to be transferred to the Department of justice in the near future,and such a change would detract materially from the power of the office of the Commissioner of Internal Revenue. But President Hoover has not formally announced that he is in favor of such a transfer, and even if he is there is no certainty that he would be able to persuade Congress to enact the necessary legislation. In fact, the industrial alcohol interests of the nation are in a solid phalanx of opposition to the plan; and they bear the reputation of being the only organization which has ever been able to cope with the Anti-Saloon League in matters of legislation. even in the writing of Volstead act, eleven years ago, the magnates of industrial alcohol were able to cope with the late Wayne B. Wheeler and his associates, according to reports that are bandied around Washington.

For that reason, the political sharps of the Capital are inclined to believe that Congress will be reluctant to agree to any change with reference to the Prohibition Enforcement Unit.

If President Hoover sends the name of an "outstanding dry" to Congress as Commissioner of Internal Revenue, it will be accepted in advance that he has surrendered his plan of shifting the Prohibition Bureau to the control of Attorney-General Mitchell.

The seventy-first Congress came in last week all "dandied up." President Hoover had planned to have his message read by a clerk on Tuesday, while he attended the base ball game. But it rained—or,, rather it poured-and the Congressmen who had to listen to the speech were not so sorry for themselves after all. Whether or not due to the downpour, the Hoover message dripped cold water on the Farm Bloc's relief plans. There is to be no price-fixing in the farm bill, said Mr. Hoover, and the government must not go into business. The farmers must help themselves. over in the Senate, and to some extent in the House,Farm Bloc leaders were not very-enthusiastic over the President's farm views. "It sounds strangely like a Coolidge document," to many of them.. "He is just as sympathetic as President Coolidge was," said Senator Norbeck of South Dakota. Senator Norris says there is "nothing new in it at all."

Several hundred negroes were over in the House for its first meeting. "They'se swearin' him in now," they said of the negro member from Chicago, the first of their race to be in the House in twenty-four years. Representative DePriest was very dignified through it all. He is a very light colored negro with a shock of white hair.

"We wrote the bill to suit the President," say House members. There is to be a Farm Board appointed by the President and having very broad powers. The policy of Congress is declared to be "to place agriculture on a basis of economic equality with other industries." A revolving fund of $500,000,000 is provided for. But it is to be loaned the farmers, not given to them, and interest paid thereon.

The farm members from the middle west are waking up too, and are demanding equal rates with industry. For the first time in history western members know that manufacturers have twice as high a tariff rate as the farmers. in the last bill big industry said to agriculture, "You take the low rate, and we'll take the high rate," and the farmer certainly did not reach prosperity under this scheme.

Now that the farm Bloc failed to get direct goverument help asked for in the original McNary-Haugen bill, it will be "onery" about voting higher tariffs on industrial products than farmers get themselves.

A Word About Mrs. Owen

No sketch of Congress would be anything without including Representative Ruth Bryan Owen. She is already a "star" speaker for gatherings of all kinds. To newspaper writers she is always good for a "story" and is the most "written up" woman in Congress. She comes into the House chamber beautifully dressed-usually in a swinging gown of black, made with lots of dignity and style. But when she speaks! They all listen to the silver voice of Bryan's daughter. Even the House, which is usually a medley of noise and confusion, listens attentively. "She will make her mark," it is said.

CARD OF THANKS

We sincerely thank those who have helped us since our home burned.

Mr. and Mrs. Elvin Thompson

Merkel aspires to turn Oak street into a great white way, reports the Merkel Mail. The city council has already voted to install nineteen light standards. The lights will be strung in the center of the street, giving a boulevard effect.

The Anson Western Enterprise is advocating acream route out of that city-something a good many communities have found profitable.
