Chamber of Commerce Luncheon Each FIRST MONDAY At Town Hall, Everbody Invited Each Pays For His Meal

VOLUME 62

BURKBURNETT, WICHITA COUNTY, TEXAS (76354) THURSDAY, JANUARY 23, 1969

NUMBER 20

Sometimes a poor male just can't win. Take the case of a Burk man who was ailing and confined to the hospital. His ever-loving wife planned to go to the city and pay him a visit. Of course, what woman will go to town without doing a little shopping, or even just look around a bit. Which is what this woman did. She looked and she shopped, then headed for home. It isn't until she approached the Burk city limits that she realized she forgot to visit the mister in the hospital. That's the way it goes. A poor guy just doesn't have a chance. But in the interests of domestic harmony, we'll mention no names.

A sincere vote of thanks is due the adult leaders who worked so hard to stage the Burk Burnett Junior Livestock Project Show last weekend. All phases of the show went off like clockwork, due to the diligent planning and work. The show was a fine one, and exceeded all expectations. Your Burk Burnett merchants are planning something big for the early part of February. Keep a close eye on the pages of the Burk Burnett Star and News for more details of this event.

Going to vote this year? Then be sure you have registered.

Deadline for registering is January 31. And you can register very conveniently in the branch station of the county tax office, which is located right here in Burk. And your 1969 auto license tags will go on sale at the same place Feb. 3.

Look for more respect in newspapers now, when writing about the President.

In years past, such abbreviations as FDR, HST, JFK and LBJ were popular in the headlines.

Not that any disrespect was intended, but names like Roosevelt and Eisenhower were mighty difficult to fit into a headline.

Now, with Nixon occupying the highest office in the land, we expect to see his name spelled out in full.

Like someone said, she was only an electrician's daughter but she knew watt's watt.

## JAMES MILLS FUNERAL HELD

Services for James Walker Mills, 89, who died Thursday in an Electra nursing home, were at 2:30 p.m. Sunday from Grace Lutheran Church with the Rev. Phillip Otten, pastor, officiating. Burial was in Burk Burnett Cemetery under direction of Owens & Brumley Funeral Home. Pallbearers were grandsons.

Born Jan. 23, 1879, in Marion County, Ala., Mills moved to Texas from Mississippi in 1916. Survivors include five sons, Tommy of Dorsey, Miss., B. J. of Iowa Park, Guy of Dallas, and Troy and Virgil, both of Burk Burnett; three daughters, Mrs. Ada Mae Bowles and Mrs. Eva Robinson, both of Burk Burnett, and Mrs. Lorean Perry of Glennallen, Ala.; two brothers, five sisters, and 34 grandchildren, and 15 great-grandchildren.

Starting in January 1969, flight training students receiving Veterans Administration educational assistance will receive checks monthly, rather than quarterly.

MUCH OF THE success of the Burk Burnett Junior Livestock and Project Show Saturday was due to the planning of this group, along with other directors. Shown here are Charlie McCollough and Jack Aaron, directors, Elmer Klinkerman, secretary and J. B. Riley, president. (Burk Star Photo)

the Burk Chamber highway committee, has accepted an invitation of the Wichita Falls Chamber to cooperate with them in making the trip and the request.

Tentative plans make the Austin trip are being made by Jack Aaron and A. R. Hill.

The decision was made at a special meeting of directors and committee chairmen of the Burk Burnett Chamber when they held a 6:30 a.m. meeting Wednesday.

The meeting was the first for new President Bill Vincent and his committees.

Also discussed was work programs by each committee, to be worked into a program for the year for the chamber.

Dear Sir: Enclosed is a check for renewal of our subscription to the Burk Burnett Star for another year.

I must confess that the names we read most often are strange to us but occasionally a familiar one looms up and then we look forward to the next issue. We enjoy the increased photography coverage most of all.

We do not get to go home (Burk Burnett) very often and depend on your paper and some light correspondence with relatives to keep us informed on current events of our home town.

Looking forward to the next edition of The Burk Burnett Star as usual,  
Mrs. Oscar Loveless

## LETTER to the EDITOR

EDITOR'S NOTE — Readers are invited to air their views on this ordinance, which has caused more comment than any passed recently. A short letter has a better chance to be published, and all letters must be free from libel, or they will be ignored.

To the Burk Star, Gentlemen,

Some people think that new city law which will tear down our old historical buildings is alright.

Well I don't. Besides being old, some of these owners can't afford to clean them up or fix them or even paint.

I say we should let them stand, and they ain't hurting anybody. Parents should keep kids out of them if they don't want them to get hurt.

Some of these owners don't live here and can't take care of their property.

I say let them stand until they fall down by themselves or the city council falls down instead. Please don't sign my name as I don't want my taxes to go up.

A disgusted reader  
an old one, too

## 'DOGS DUMP GRAHAM

The Burk Burnett Bulldogs, behind the 18-point effort of Charlie Landrum, trounced the Graham Steers, 64 to 57, before a frenzied and partisan hometown crowd Tuesday night.

The loss was the second of the District for Graham, and puts the Bulldogs into the win column.

Landrum got plenty of help in the cause from Jim Bob Sprague, who meshed 11 points, and Curtis Kufahl, Mike Rohr and John Robinson, each of whom hit for 10 markers.

Burk forged ahead in the second quarter, and held a 26-24 lead at intermission.

The Bulldogs outscored their visitors in the third quarter, 17-12, and were played on even terms in the fourth, but the final whistle saw the score at 64-57, as the Bulldog Gymnasium rafters rocked with shouts and cheers.

Friday night, the Bulldogs will tangle with the Hirschi Huskies in Burk Burnett, in another North Zone, District 4-AAA contest.

SPC. 5 PERRY ELLIS

## Perry Ellis Earns Honor In Vietnam

Sp. 5 Perry Ellis, now stationed in Vietnam, was named crew chief of the month of November with the highest number of points in the company. He has been named leader of the 3rd platoon and in December the new top offensive bunker was named Ellis Bunker of which he is chief gunner.

The best New Years Eve he ever had was when the crew chiefs went on the flight line and played baseball. It is surprising what a baseball and bat can do for a group of boys who work every day from day light until dark. It was a wonderful day.

Before going to Vietnam, Perry had taken training at Fort Rucker as a Mohawk mechanic of aviation on turbo jet planes completing it with the second highest points in his class at graduation. A second training course was completed with highest points as a crew chief at graduation at Fort Rucker, Ala., as an Sp. 4.

Immediately following his training at Ft. Rucker, he was transferred to Fort Sheridan, Ill., where he was chief of fleet line attending to the Colonel's plane then was transferred to Vietnam in June, 1968. He is now doing Scramble Jungle Missions and was recently awarded the air medal and cluster.

Perry wants to personally thank each and everyone for finding time in your hearts to send him Christmas cards and letters. Being 10,000 miles away from home, it is wonderful to have friends think of you.

Perry is the son of Mrs. Madell Ellis of Burk Burnett and is married to the former Nancy Davis of Burk Burnett.

## A PLACE FOR COOPERATION

Traditionally, government-industry relations have been kept in healthy equilibrium by a certain degree of mutual antagonism. But, there is one area in which the government-industry relationship has undergone a marked change. And that area has to do with air and water conservation and other pressing social and economic problems. Typical of the change is the comments of the president of the American Petroleum Institute, Mr. Frank N. Ikard, "... industry ... has two alternatives ... It can, on its own initiative, work towards solutions to these problems by the use of its organizing talents and technical expertise. Or it can set up a holding action and force government to breach the walls of private enterprise with regulations and other controls that may well extend beyond the purposes for which they were intended."

Mr. Ikard enumerates a few of the fields in which the petroleum industry is cooperating with government. In air and water conservation programs alone, the industry is spending more than a million dollars a day and expenditures for these purposes are mounting rapidly. In addition, the industry is deeply involved in voluntary national programs for urban renewal and for the training and hiring of the hard-core unemployed. It is also placing heavy emphasis on attractive designs for new service stations and on landscaping and other improvements for existing stations. Oil companies are also active in training men about to leave the armed services for jobs in civilian life.

It is well for the public to be aware of the participation of private initiative in present-day environmental and social problems.

## Different Words—Same Meaning

When a nation announces devaluation of its money by a few per cent, the event rates the headlines. But when the cost of living rises by 4 or 5 per cent, as the result of inflationary increases in prices, the news is received with comparative complacency. As the Portland, Oregon, Journal observes, the parallel should be plain. In the Journal's words, "... devaluation is exactly the meaning of the news that the cost of living will rise about 4.5 per cent in 1968. A dollar put in the sock last New Year's Day will be worth only a little over 95 cents on New Year's Eve ... It may sound like a stuck needle, but the facts are inescapable: To avoid this kind of devaluation, restraints on wage and price increases and excessive government spending are essential." It is a lot easier to blame rising prices on your neighbor than where it largely belongs—on a spendthrift government.

**Cloakroom Talk:** Members of the US Senate would welcome a change in the name of the Washington baseball club. Headlines which read, "Democratic Party Treasurer Buys Washington Senators," don't appeal to the solons.

## The Profit Squeeze

(Continued)  
 One businessman wrote, "Because of the squeeze, I have been forced to give more thought to merger than ever before because of the need for working capital and the difficulty in attracting it." Legislation to curb the accelerated merger trend, especially the billion-dollar conglomerates, is favored by most business owners. Some change in the Federal estate tax which often forces liquidation of a private business upon a principal owner's death, and encourages merger or sale prior to death to avoid the tax, is needed, in the opinion of a majority of business proprietors.

A shortage of working capital—to meet current obligations and expand where desirable—has become a major problem for many owners, the Federation notes. The profit pinch, higher taxes at every level, and generally slower credit collections have eroded working capital, and businesses which seek loan relief have encountered higher interest rates. The average rate being paid on business loans edged up all year and reached a peak of 6.8 percent recently, the surveys show. This reflects both old and new higher interest loans.

The best remedy for this dangerous erosion of working capital, says the Federation, would be passage of a "plowback allowance" tax bill which the independents have sought for several years. The "plowback" bill that died in the 90th Congress would have permitted a business to reinvest before Federal taxes 20 percent of a year's profits (up to \$30,000) in new plant facilities, equipment, inventory and accounts receivable. Eight out of 10 owners believe this legislation would make expansion of their businesses possible.

The Federation's 1968 surveys show that inventory buildup lagged as many businesses apparently dealt with inflation by curtailing new orders and working off their inventories. Only 36 percent increased inventory in terms of dollar-value, in spite of higher wholesale prices.

On the other hand, the inci-

## EVENTS OF YESTERYEAR

*From The Burkburnett Star 20 Years Ago*

According to Willis Bartley, Chief of Police, 211 arrests were made here in Burkburnett during the year 1948. \$674.00 was collected in fines, and 51 cases were taken in other courts. This was in addition to numerous sick calls to the City Hall, the stray dogs hauled off and other services performed by the police Department.

Lines, both telephone and electric, have suffered heavy damage here the past few days and nights, caused by thick coating of ice. Wednesday morning an inch and half of ice covered the ground.

Mr. and Mrs. Ed Maney arrived by plane from Russell, Kansas this week for a visit with Mrs. Lottie Bryarly. Mrs.

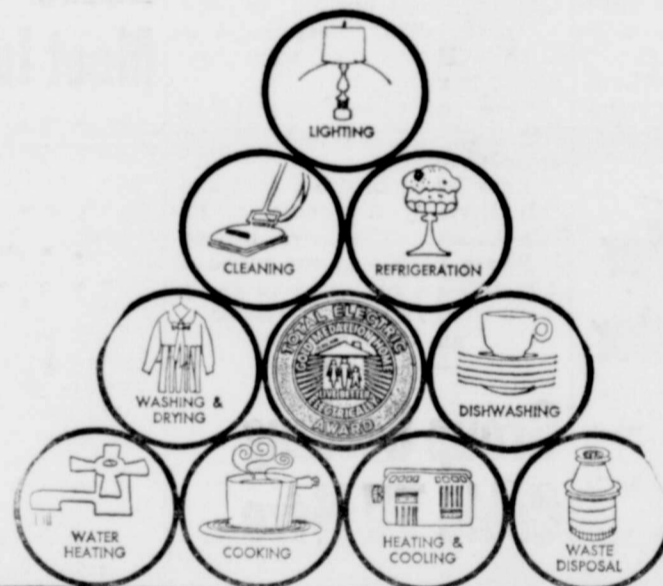

Jim Florence of Jacksboro was also a visitor in Mrs. Bryarly's home.

J. R. Sullivan, pioneer resident of this community celebrated his 80th birthday Monday Jan. 10th.

Donna Browning has been returned to her home from a Wichita Falls hospital where she underwent a successful operation recently.

Mr. and Mrs. N. G. Goodlett of Boyd, Texas, spent the week end with Mrs. Edna Butler and Blanche.

# QUESTION OF THE WEEK

## DO YOU APPROVE OF SEMESTER TESTS?

ASKED TO SHOPPERS AROUND BURKBURNETT

**FRANCIS BROOME** — Yes, that way you can see what progress you have made in your subjects.

**JOHN CHANNELL** — No, I hate them, and they are plenty of trouble.

**PAT STABARD** — No, I think the six weeks tests are enough to gauge your learning.

**GAY COX** — No, I think six weeks tests are sufficient, because all the kids get nervous on the semester tests, and tend to forget things.

**WAYNE COOK** — No, I think they count too much on your grades, and I don't like them. I think 6-week tests are enough.

**PATTY ROSS** — No, why take them? Six week test are enough for me.

#### WINNING SMILE SPELLS SUCCESS

The sweet smile of success has replaced the grimaces Ann Stuart Pickett wore during high school — along with braces on her teeth. Because Ann's smile has just become her fortune — and catapulted her into an exciting television modeling career.

Ann Pickett, of Lake Worth, Florida, was an entrant in the National Model of the Year Contest telecast recently over network TV. Like many other contestants, she was primarily vying for first place in a contest within the contest . . . the title of Ultra Brite Girl which carried a \$15,000 television modeling contract.

Today at 19, Ann is the Ultra Brite Girl. And her guaranteed \$15,000 income this year will mostly be earned blowing kisses on television toothpaste commercials. But Ann stands to make an even greater five-figure salary with additional modeling assignments here and abroad.

Within a few weeks of her good fortune, Ann had left her parents' Florida home for an apartment of her own in New York City. Her days are filled with photography sessions, radio, television, newspaper and magazine interviews, casting calls, vocal training — and furnishing her new East-side apartment.

How did Ann Stuart Pickett get her winning smile? She worked on it. Just as a model studies her appearance and then learns to walk gracefully and create the right makeup, Ann studied her smile and created a plan for its look.

Here are her recommendations for a winning smile:

- Study your smile in the mirror to be sure you don't show too much top gum or too many bottom teeth.

- Exercise your mouth daily by saying the vowel sounds: A E

I O U. Exaggerate each vowel so that you feel the facial muscles stretch and pull. Relax your mouth after each exercise.

- Of course, brush your teeth regularly with a toothpaste like Ultra Brite — it offers a bright, kicky taste in addition to its cleaning qualities.

- Pay attention to your facial mannerisms. Don't habitually purse your lips or let your mouth droop sulkily at the corners. It makes for ugly, aging lines.

- Practice keeping the corners of your mouth just slightly turned up and smile at people when you meet them — a warm, sincere smile.

"Remember," says Ann, "it takes fewer muscles to smile than to frown."

### LIBRARY CORNER

By opening at noon on Tuesday, Wednesday, Thursday, and Friday the library has increased your opportunities to "browse" and select reading material.

Whether you are looking for a better job, or re-entering the job market as a wife or mother, or just have too much time on your hand, you will enjoy reading one of the new job-hunting books: HOW TO SUCCEED IN BUSINESS BEFORE GRADUATING; HELP WANTED; FEMALE: HOW TO MAKE MONEY WRITING GREETING CARDS; YOUR FUTURE IN JOBS ABROAD; or THE MODEL'S HANDBOOK FOR 1968.

Here is a whirlwind adventure for those who eagerly await the newest novel by Helen McInnes. THE SALZBURG CONNECTION is firmly set in historical evidence. This is suspenseful espionage at its best.

In MRS. APPELBYARD AND I, Louise Andrews Kent recalls an era and way of life gone forever. It is an autobiography in the gracious setting of Vermont atmosphere, lore, and culinary wisdom.

New books are steadily flowing into the children's department of the library. These are chosen to meet the interests and needs of children today. Readers of sports novels will find two timely stories about basketball, JUMP SHOW JOE, by William A. Cox, and FAST BUCK FURY, by Joe Archibald. Have you ever wondered how your favorite sport began? Read THERE'S NOTHING NEW IN SPORTS, by Hal Butler. It is the story of how it all started. Phyllis Fenner has collected a few good stories about different kinds of horses in the book HORSES, HORSES, HORSES. A true rodeo story by Rozzel Scott is BIG CITY RODEO RIDER. New mysteries are always welcome. Try MYSTERY OF THE STARBOARD LIST by Mary Nelson, the story of a trailer (1968) trek from Oregon to Mexico. Or THE MYSTERY OF THE HIDDEN BOOK about a boy's search for a rare book.

Remember, you may return books at any time by dropping them in the "book depository" on the front of the building.

## American League, Women Voters Is Expanded, Local Club Is Told

Originally formed for the purpose of educating the newly franchised women of America, the League of Women Voters has expanded that aim to include every prospective voter, Mrs. G. Donald Larson, president of the Wichita Falls branch of the League, told members of the Current Literature Club, Thursday afternoon.

The League has implemented

that aim through voter service activities, including guides for all elections through continuing study of local, state and national issues, through a speakers bureau and the free distribution of printed material related to current issues she said.

Mrs. Larson stressed the non-partisan aspect of the League, pointing out that it takes stands on issues only and then only after exhaustive research and discussion by members.

League membership is open to all women of voting age who are United States Citizens, she said.

Mrs. Larson's talk was given in connection with the observance of public affairs day by the club, of which Mrs. J. L. Caffee is public affairs department chairman.

When polled on civic improvements needed in Burk Burnett, members voted for a golf course, the expansion of Oil Museum Park, a civic center and better streets.

During the business session, officers for 1968-69 were elected, including Mrs. Francis Kauer, president; Mrs. Seth Brown, vice-president; Mrs. E. W. Roderick, secretary; Mrs. Carl Hardaway, corresponding secretary; and Mrs. C. M. Archer, treasurer.

The club also voted to endorse Mrs. Mary Barnes who has been nominated for poet laureate of Santa Rosa District, TFWC, by the Contemporary Study Club.

The meeting was held at the home of Mrs. Caffee, with Mrs. Roy Magers as co-hostess. The next activity of the club will be a tour of the Wichita Falls Museum, scheduled for Feb. 13.

## Farm Bureau Leaders To State Meet In Austin

Four leaders from the Wichita County Farm Bureau attended a statewide joint legislative-membership conference Jan. 22-23 at the Terrace Motor Hotel in Austin. The meeting was sponsored by the Texas Farm Bureau.

Representing this county were: President, Raymond Schroeder of Burkburnett, Texas; Legislative Chairman, Loys D. Barmour, Iowa Park; Policy Development Chairman, Carl Moeller and Membership Chairman, Ed Foster, Jr. of Electra.

The Austin conference kicked off the Farm Bureau's 1969 state and national legislative programs. President Raymond Schroeder said it served as a report meeting on the organization's statewide enrollment campaign for new members.

More than 400 county leaders from most of the state's 203 organized county Farm Bureaus attended. Purpose of the legislative phase of the meeting is for the county leaders to get a better understanding of state and national issues affecting agriculture. They also discussed most effective ways of implementing Farm Bureau policies relating to those issues.

Governor Preston Smith addressed a banquet meeting on the evening of Jan. 22. All high state government officials and legislators have been invited to this dinner. The state Senators and Representatives were given a personal invitation that afternoon by county leaders who toured the State Capitol and visited with their elected representatives.

Roger Fleming, Washington, D.C., secretary-treasurer of the American Farm Bureau Federation, spoke to the conference on the final day. His subject was "County Leaders - The Key to Effective Participation."

## Berlin Sugar Museum Has Molasses Pipe

This molasses pipe is one of the several thousand exhibits at the Sugar Museum in West Berlin. Of Pakistani origin, the bowl is filled with tobacco steeped in molasses, topped with a layer of glowing charcoal. The smoke is cooled by drawing it through the water that fills the lower reservoir of this unique pipe.

The Museum's other exhibits include postage stamps with sugar motifs, thousands of name-brand wrappings for sugar, some 300 ways in which sugar is consumed, and the varying forms in which it is offered for sale in different lands. In this category is sugar from Poland that comes patterned after a deck of bridge cards. Also on view are sugar bowls (some with locks, from the time when sugar was very expensive), and sugar tongs spanning 200 years.

The world's oldest of its kind, Berlin's Sugar Museum was founded in 1901 and is part of the Technical University's century-old Institute of Sugar Technology. West Germany meets its own needs with the 1.5-2 million tons of sugar refined from home-grown beets each year. This is logical, since the sugar content of beets was discovered in 1747 by the Berlin chemist A. S. Marggraf; and his pupil F. K. Achard, another Berliner, built in 1802 (in Silesia) the first sugar factory, of which a working model is on display at the Museum.

The Institute of Sugar Technology itself was established in 1867. It has its own pilot sugar plant and refinery, 20 research laboratories, a 13,000-volume library, 300 documentary films from 50 countries, etc., for training some 80 students of whom half are from the developing nations.

## Tax Payment Deadline Near

January 31 is the last day to pay Burkburnett city taxes without penalty, city officials reminded property owners today.

Unpaid taxes are declared delinquent as of that date. Meanwhile, collections for the current year have reached over \$20,000.

Another \$1,072 in taxes delinquent from previous years have been paid. Corporation Court Judge Jess Whatley's records show that 53 traffic offenses plus other charges, resulted in the assessment and collection of \$1,275 in fines in that court during the month of December.

## Janlee Baptists Set 'Men's Day'

Sunday, January 26th, will be "Baptist Men's Day" at Janlee Baptist Church in Burkburnett. Laymen of the church will give devotionals in all Sunday School departments at 9:45 a.m.

The highlight of this day, which traditionally honors laymen, will be an address during the 11 a.m. worship service. The speaker will be Mayor Kenneth Hill of Wichita Falls. Mr. Hill teaches a Sunday School Class in the church of which he is a member. He has also been active in other church affairs. The public is invited to attend all services.

## IT'S UP TO YOU

By Howard E. Kershner, L.H.D.

### Enforce Logan Act.

THE Logan Act prohibits an American citizen from negotiating in matters of foreign policy with other governments. Cyrus Eaton, it seems to this writer, has repeatedly violated this policy, including his recent round of conversations in Moscow, Bucharest and Paris. He has also been in Vietnam and has talked extensively with the North Vietnamese negotiators at the Paris Conference. He predicts early peace in Vietnam and has obviously been discussing these matters, not only with North Vietnamese politicians, but with Communist officials in Russia, Rumania and other countries. Clearly these conversations are in violation of the Logan Act. They make it more difficult for our government to achieve an honorable peace in Vietnam.

For our part, we do not see why American citizens are aiding the enemy in his attempt to defeat us and why they wish to embarrass our government and destroy what is left of our prestige. In our opinion, we should have won the war three or four years ago when it would have been easy, and before the enemy had built up his strength. Now it will be difficult, but if we wait a little longer, it will be impossible. Thanks to the bombing halt, it is said that an additional 175,000 North Vietnamese soldiers will be in South Vietnam soon. And they will be equipped with the best weapons Russia can make.

Indecision and delay have been disastrous for two additional reasons: It has allowed the pacifists to build up their propaganda campaign in our country to the point of greatly weakening America's will to defeat the enemy; second, it has shown the enemy that we are divided at home and this has given him much reason to hope that the pacifists will gain the upper hand and take us out of the war. That might bring peace for a few years, but it would be a far more disastrous surrender than the peace at Munich, and it would lead to a more far-reaching and perhaps irreparable disaster.

If freedom continues to live, Communism knows it will eventually face defeat. Communism will not compromise and it will continue, as the only means of perpetuating its own life, to work for the destruction of capitalism and free government.

Communism is working for our destruction. They would prefer to accomplish this at the conference table, but they do not shrink from military action as well. We are working only to contain Communism not to destroy it. When the issue is drawn along those lines, our defeat is certain. We must change our goal to that of winning, or resign ourselves to the gradual phasing out and extinction of free government and Western culture.

Howard Kershner's Commentaries, Distributed by the CHRISTIAN FREEDOM FOUNDATION, 3030 West 6th Street, Los Angeles, California 90005

## BOOMTOWN CHAPTER A.B.W.A. HEARS TALK ON NARCOTICS

The Boomtown Chapter of the American Business Women's Association (ABWA) met in regular meeting at Ruth's Coffee Shop in Burkburnett, Monday, January 20, at 7 p.m.

Dr. and Mrs. Bill Boardman were special guests. Dr. Boardman was the 1958 "Boss of the Year."

After a steak dinner, the speaker, Sgt. Jim Andrus of the Wichita Falls police department gave an interesting and informative speech on narcotics. To go with his speech, he had three display cases: first showed a collection of weapons taken from juvenile offenders in Wichita Falls; another contained "Commonly Abused Drugs"; and the third had samples of dope, such as heroin, which was passed around for members to see.

Sgt. Andrus told about effects of drugs, who uses them, how people might become addicted where the drugs come from, etc. He also stated that delinquent teenagers usually have delinquent parents.

Sgt. Jim Andrus wished to state that he was available for his talk on narcotics to any church group or organization. He is well worth hearing.

Marcell Bachman gave the vocational. She works at Sheppard AFB as a tailor. Plans were discussed for Boss Night Banquet, (February 14.) Friendship Tea (March 16), Spring Carnival (possibly March 6 through 15), and attending the District Convention in Galveston (March 29-30).

MOUNTAIN TOP

"MOUNTAIN TOP EXPERIENCES" ... It is not yet vacation time, however that time is approaching and we start remembering the wonderful feelings and experiences of our last trip to the mountains, and now we can start to plan new adventures.

That closeness, and the exciting feeling when worshipping the Lord is often referred to as a "MOUNTAIN TOP EXPERIENCE." We invite you to come worship the Lord in his house, and receive the joys of being close to God. Attend church this week.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

The Secretary and Treasurer reports were given. The nominating committee, composed of Mrs. E. C. Mallett, Mrs. Alice Goodwin and Mrs. Frank Kelley read the slate of officers for the new year which was accepted as follows — President, Mr. Will Teal; Vice-President, Mrs. Ralph White; Secretary, Mrs. Al Lohoefer and Treasurer, Mrs. J. A. Johnson.

Committees will be appointed at the next meeting on Jan. 23rd. A standing vote of thanks and appreciation for their past work was given Rev. Browning, President; Mrs. Alice Goodwin, Vice-President; Will Teal, Treasurer; Mrs. Florence Trevena, Secretary and all of the committees that functioned during the past year.

A social hour of visiting and games of 42 and dominoes was enjoyed during the remainder of the afternoon.

The following reading was read and enjoyed by the members at the Senior Citizens Club meeting last Thursday.

#### I'M FINE

There's nothing whatever the matter with me, I'm just as healthy as I can be. I have arthritis in both my knees and when I talk I speak with a wheeze; My pulse is weak and my blood is thin. But I'm awfully well for the shape I'm in. I think my liver is out of whack. And I have a terrible pain in my back; My hearings poor and my eyes are dim. Most everything seems to be out of trim. The way I stagger sure is a crime I'm likely to fall most any time. But all things considered, I'm feeling fine. Arch supports I have for both my feet Or I wouldn't be able to walk down the street. My fingers are ugly and stiff in the joints; My nails are impossible to keep

### Ruth Class Of First Baptist Church Meets With Mrs. Hoffman

Ruth Class, First Baptist Church, met January 14 in the home of Esta Faye Hoffmann for regular monthly meeting. Louise Looney was co-hostess. Meeting was called to order by Ruth Ramsey, president. Roll call was answered by ten class members and two service members. For devotional period, each one gave a verse of scripture that meant much to her life then told her hope and aspiration for the class this new year. The business meeting was closed with prayer by Mae Welborn.

A Bible quiz game and a short word game was conducted by Melba Eubank. Fellowship hour and delicious refreshments were enjoyed by Mesdames, Cliff Eubank, Lonnie Hoffman, Russell Lewis, J. V. Shaw, J. W. Simpson, Hugh Williams, Clifford Willmon, John Parrish, Jr. and Elvie Welborn.

### B.A.A.R.C. Group Meets Recently

The B.A.A.R.C. met in the Special Education II room Tuesday, January 16, for the regular monthly meeting. Sixteen members and guests enjoyed the informative talk given by the guest speaker, Sgt. Wickie, who spoke on speech learning. He made some comparisons between so-called normal children, and spoke some on speech therapy. Mr. and Mrs. Lytle of the parent Association in Wichita Falls were special visitors.

This is membership month. We urge everyone interested in bettering our entire community by bettering the lives of our handicapped to join our association, and make an honest effort to attend the meetings. A few dedicated workers can do much, but more and more workers can do a great deal. Let us put more public support behind this very

worthwhile effort! Lapel pins are to be bought for all officers of the association. These will help in a small way to keep our cause before the public eye. After the business was concluded the meeting was adjourned. Coffee and cookies were served by Mrs. Cox, and an informal social time was enjoyed by all. The award was earned by Mrs. Travis' room.
