Commission Drops July Oil Allowable

AUSTIN (AP)—The Railroad Commission dropped the statewide oil allowable today for the second consecutive month, setting the July production factor at 33.3 per cent of potential.

The July percentage figure will permit maximum oil production of 3,118,042 barrels a day, compared to the current 3,187,995 under a 34.5 per cent order.

In July, 1965, a 28.1 per cent market demand factor allowed production of 2,885,637 barrels daily.

Only one of the 11 major purchasers of Texas crude oil asked for an increased allowable. Three sought a lower percentage in July than June.

The Bureau of Mines had forecast the July demand for Texas crude at 2,885,000 barrels daily, an increase of 10,000 over June.

Purchasers nominations, in percentage and barrels per day:

36—Pan American 288,000.

34—Sinclair 105,100 and Sun 119,959.

33— Atlantic-Richfield 81,000 and Standard of Texas 41,600.

32.5—Cities Service 72,000 and Gulf 215,700.

32—Shell 175,000.

31—Continental 30,000; Mobil 247,900 and Phillips 119,640.

Two major purchasers, Humble and Texaco, nominated by barrels only. Humble asked for 404,200 a day in July a decrease of 8,015. Texaco sought the same barrel allowable in July as in June, 155,000.

Hurricane Winds Pound North Texas

By The Associated Press

Winds reached hurricane force momentarily at one point and lashing rains coursed southward from Oklahoma into North Central and Northeast Texas today.

Early reports from the affected area indicated no major damage, however.

Carswell Air Force Base in Fort Worth clocked gusts of wind up to 75 miles per hour, the Weather Bureau reported, and sirens wailed as airmen turned out to tie down planes and movable objects.

Power lines snapped in several places, parts of Fort Worth were without power briefly and the wind shattered plate glass windows in several stores. Tree limbs littered the streets. A house trailer was whipped across a West Fort Worth street.

There was an unconfirmed report of a tornado funnel being sighted near Azle, northwest of Fort Worth, in the rainy darkness of early morning.

At one point Weather Bureau radar tracked a sizeable mass of thunderstorms which boiled across the Red River from Oklahoma and advanced to a line linking Tyler, Hillsboro and Breckenridge.

By daylight, however, most of the turbulence tapered into light to moderate showers, largely north of a Brownwood - Tyler line.

Tate Rites Set Friday

Funeral services for John Albert Tate, 76, who died Wednesday morning have been set for 2 p.m. Friday in the Bolger Chapel.

The Rev. John Bollinger, pastor of Grace Lutheran Church, will officiate. Burial will be in the Snyder Cemetery, under direction of Bolger Funeral Home.

Members of the American Legion will be pallbearers.

Old-Timer Refuses To Cut Own Taxes

BOYNE FALLS, Mich. (AP) —Joe Topolinski could whittle a pretty impressive chunk off his property tax next year. But, he says, he won't.

Topolinski is 74. This means a law passed this year would let him deduct $2,500 from the taxable assessed valuation of his 120-acre farm.

He says he doesn't plan to, and apparently it's up to him. Topolinski is Boyne Valley Township supervisor and has been for 30 years. He plans to run for re-election.

"I'm going to pay my taxes as long as I'm able," Topolinski said. "I came into the world here without anything, and there's nothing wrong with leaving it the same way."

Chicago Streets Closely Guarded

CHICAGO (AP) — Tight police control brought peace to a Northwest Side area Wednesday night for the first time since Puerto Rican crowds began a running battle with police Sunday.

Arcellis Cruz, 20, whose arrest and subsequent shooting by a policeman first brought crowds into the streets, was released from police supervision in a hospital when several Puerto Rican community groups raised his $5,000 bond.

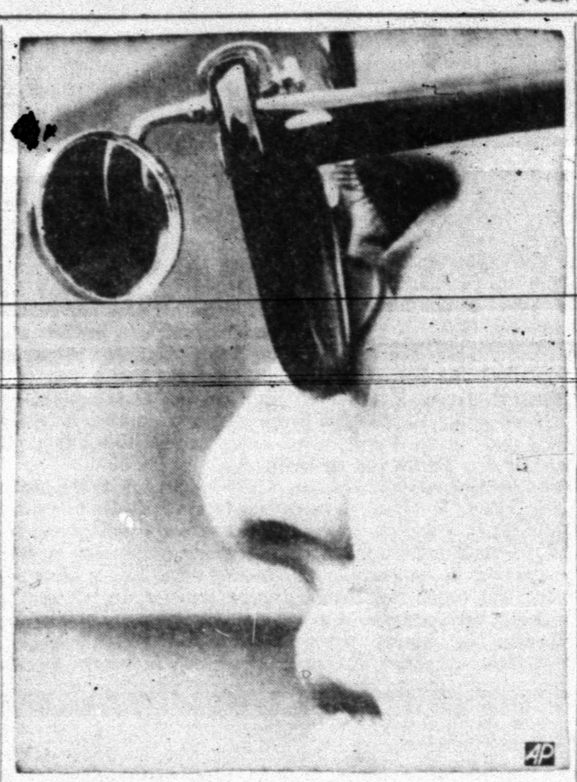

No new arrests were reported, but police moved quickly to break up clusters of people.

'Hootenanny' Set Tonight

Snyder Jaycees will launch a major event at 5:30 p.m. today in Towle Memorial Park when they begin serving a barbecue.

The barbecue will be followed by a "hootenanny" which is free to the public.

The barbecue meal is priced at $1.50 for adults and 75 cents for children. All proceeds will go to the Jaycees' community development fund.

PASS ON THE LEFT — A small mirror, developed by a Tokyo manufacturer, attaches to a pair of eye glasses like the rear view mirror on an automobile. This gives the pedestrian the advantage of seeing what's coming from behind without turning around. Gadget costs about 30 cents. (AP Wirephoto)

US Orbits Space Cable

CAPE KENNEDY, Fla. (AP) —Eight satellites, including seven to speed-secret military messages between Washington, Saigon and other strategic points, rode a mighty Titan 3 rocket today toward lofty outposts in space.

The 12-story-tall Titan— most powerful booster in the Defense Department arsenal — blasted off on its fourth test flight at 9 a.m. EST.

Six hours later, the satellites were scheduled to zip into random circular orbits 21,000 miles above the equator, forming a jam-proof communications network in the skies.

Eight minutes after blastoff, the triple-barreled booster's acrobatic last stage settled with its payload into an orbit ranging from 104 to 115 miles above the earth. The air force said a later correction would put it into the desired 103-mile circular orbit.

The seven communications satellites—each capable of linking ground stations up to 10,350 miles apart—were built to carry messages between Washington and Viet Nam. Land lines and undersea cables are vulnerable to sabotage and natural interruption.

If this first batch proves such a system feasible, about eight more satellites will be sent up aboard another Titan 3 in August, followed by a third bunch next spring if necessary.

The eighth satellite launched today was an engineering experiment. It was to extend two 52-foot booms to test the feasibility of using the earth's gravitation as a means of stabilizing a spacecraft. Designers hope it will keep one arm always pointed toward earth.

The Defense Department has been using the Syncom 2 and Syncom 3 satellites for communication between Washington and Saigon for the past two years. The seven satellites launched today would greatly increase this capability.

Hope Held For Bases In France

By FRED S. HOFFMAN
AP Military Writer

WASHINGTON (AP) — The United States apparently hopes to persuade President Charles de Gaulle that France has a stake in allowing NATO bases to remain on her soil, even if most are reduced to a standby basis.

At the same time, Washington officials are anxious that the U.S. Air Force not be barred from flying French skies. Approval now is granted by France on a month-to-month basis.

Secretary of Defense Robert S. McNamara hinted this direction in U.S. thinking after announcing Wednesday that he has ordered the remaining 122 U.S. transport and reconnaissance planes and the bulk of American war stocks, some 575,000 tons, shifted out of France.

This was the first major action to comply with De Gaulle's demand that North Atlantic Treaty Organization forces leave France, although NATO leaders already have agreed to move the alliance's military headquarters from Paris to Belgium.

While doing this, McNamara obviously sought to avoid any appearance of a rupture.

The defense secretary noted that De Gaulle has stated "unequivocally," as McNamara put it, that France intends to remain a member of the alliance.

"We welcome that statement," McNamara said. "We will do everything to cooperate with him to carry it out."

Without being specific, McNamara said there are facilities in NATO that are beneficial to France.

"We presume she will continue to wish to use these benefits," he added. And in the next breath, McNamara said the United States "of course" hopes to continue to use French air space.

This may be the track along which the United States is planning to negotiate with the French on the future of some 30 major bases and installations, including a 500-mile fuel pipeline leading into West Germany.

WEATHER

SNYDER TEMPERATURES: High Wednesday 96 degrees; low, 67; reading at 7 a.m. today 75 degrees.

North Central and Northeast Texas: Partly cloudy and widely scattered showers and thunderstorms today and tonight. Clear to partly cloudy Friday. Low tonight 65 to 75. Highs Friday 85 to 95.

Northwest Texas: Clear to partly cloudy tonight and Friday. A few late thunderstorms. A little warmer in Panhandle Friday. Low tonight 58 to 68. High Friday 87 to 97.

Coast: South to southeast winds 8 to 18 knots today and Friday, variable on upper coast late Friday.

South Central Texas: Partly cloudy tonight and Friday with a few showers, mainly in northeast. Low tonight 68 to 78. High Friday 89 to 98.

Southeast Texas: Partly cloudy tonight and Friday with scattered showers. Low tonight 68 to 78. High Friday 83 to 92.

Southwest Texas: Clear to partly cloudy tonight and Friday with a few showers in extreme north tonight. Low tonight 64 to 74. High Friday in 90s.

DeGaulle's Goal In Moscow Concern To Policy Makers

By JOHN M. HIGHTOWER
AP Special Correspondent

WASHINGTON (AP) —President Charles de Gaulle's plan to seek a basis for French-Soviet understanding on eventual unification of Germany when he visits Moscow next week worries American policy makers.

U.S. officials are not sure what terms for German unification De Gaulle may suggest to the Soviets. But they are concerned that whatever he has in mind may in some way be directed toward reducing U.S. power and influence in Europe.

Reports have circulated among diplomats for several weeks that the long deadlocked division of Germany would be one of De Gaulle's principal topics in his Moscow talks. The reports got official confirmation Wednesday when French Ambassador Charles Lucet spoke at a National Press Club luncheon here. He said De Gaulle would bring up the German issue.

"He will look into the possibility of solving the German problem," Lucet said, "because without that no durable peace can be achieved."

In his speech, Lucet also said that "German reunification is possible only within a Europe that itself would cease to be divided."

Diplomatic authorities took this to mean that De Gaulle is thinking of the possibility of reunifying West Germany and Communist East Germany within the framework of his own larger European policy. He sometimes has described this as a Europe organized from the Atlantic to the Urals — a European system which would include the Soviet Union and the Eastern Communist nations.

De Gaulle's plan to sound out the Soviets on a German settlement is regarded here as one more break in the allied front toward Russia. From the Washington point of view this process currently is dramatized by De Gaulle's withdrawal of all French forces from the North Atlantic Treaty Organization and his ouster of NATO military headquarters and installations from France, though France remains a member of NATO.

Buddhists Muster Little Resistance

By GEORGE MCARTHUR

SAIGON (AP)—Gunfire punctuated the government's campaign today to regain control of Hue. Buddhist demonstrators burned an American automobile in Saigon. Two U.S. servicemen were threatened, but both escaped unharmed.

Premier Nguyen Cao Ky pushed his Buddhist foes farther into a corner by sending 500 of his elite paratroops to reinforce government riot police in Hue, 400 miles north of Saigon, and slapping a 9 p.m. curfew on the capital. The government appeared confident of crushing the antigovernment, anti-American rebellion, now in its fourth month.

The paratroopers fired on dissident infantrymen of the 1st Vietnamese Division who tried to stage a march in Hue with Buddhist banners. The marchers fled after a heavy burst of fire. One dissident was reported killed and at least three wounded.

Soldiers at the walled citadel of 1st Division headquarters opened fire with rifles and automatic weapons when five Western newsmen later approached the gates. The newsmen fled with bullets whistling about them.

The outbreak in Saigon came just before the curfew. The American car was burned in the area of the Buddhist Institute. No one was in it.

From a rocky hilltop 25 miles northwest of Chu Lai came the epic story of a five-hour stand in the night by 18 U.S. Marines against an encircling Viet Cong force of 250. With ammunition running short, the Americans were fighting with knives and rocks when air and ground support forces finally routed the enemy.

S. Sgt. Jimmie Howard of San Diego, Calif., who commanded an observation post on the hill, said his men had only eight rounds of ammunition left and only seven "were able to pull a trigger" at the end. U.S. military headquarters said all but two were killed or wounded, but the Marines killed 45 of the attackers.

U.S. jets continued heavy attacks on North Viet Nam, flying 66 missions during which they dodged nine Soviet-made surface-to-air missiles. Two planes were lost to conventional groundfire, bringing the number of American planes shot down over the Communist north to 265. One of the pilots was rescued by helicopter.

Ky's 500 paratroopers rolled into Hue at dawn to a chorus of jeering, drum-beating Buddhists, but they quickly hauled Buddhist altars off main streets and took positions at the radio station and one of the bridges across the Perfume River.

The soldiers fired a few teargas canisters and shots into the air. But with the help of 600 combat policemen sent in by Ky last week, they carried off the operation without any concerted resistance from the armed Buddhist youths and dissident troops who have kept the city of 160,000 in open rebellion for weeks.

BOYS CLUB DONATION — Doug Magee, left, accepts a $100 check for the Boys Club building fund from Frank D. Stephenson representing the American Legion, Layne-Kite Post No. 181. The Post also donated 50 flags to be sold by the Boys Club at $5 apiece.

Named Speaker Of Church Assembly

MEMPHIS, Tenn. (AP) — The new moderator of the 136th General Assembly of the Cumberland Presbyterian Church is Dr. John W. Sparks of San Antonio, Tex., a former Army chaplain.

He was elected on the first ballot Wednesday over the Rev. A. W. Rawlings of Memphis and Dr. J. A. Barksdale, a McKenzie, Tenn., layman.

Killed In Battle

WASHINGTON, D.C. (AP)— Marine Pfc. Allen F. Scranton Jr. was killed in the Viet Nam fighting, the Defense Department said Wednesday. He was the brother of Patrick Scranton of San Angelo, Tex.

Nome Mishap Fatal

NOME, Tex. (AP) — A Southern Pacific passenger train struck a car Wednesday and killed Mrs. Mary McLean, 35, of South Lake and her son Richard, 10. The accident happened north of here in Southeast Texas.

US, China Talks Urged

NEW YORK (AP) — Sen. Mike Mansfield proposed today a face-to-face meeting between Secretary of State Dean Rusk and Red China's Foreign Minister Chen Yi to discuss a peaceful settlement of the Viet Nam war.

The Senate Democratic leader said in a speech prepared for Yeshiva University graduates that the war threatens to become in the end a U.S.-Chinese conflict, just as in Korea.

"What is needed most, at this time and in the light of that danger, is an initiative for a direct contact between the Peking government and our own government on the problem of peace in Viet Nam and Southeast Asia," Mansfield said.

"This problem is of such transcendent importance," he added, "that it is a fit question for face-to-face discussion between China and the United States at the highest practicable level.

"Our secretary of state, Dean Rusk, confronted the Chinese foreign minister, Chen Yi, across the conference table at Geneva in 1961-62. It may be that a similar meeting now would be useful in this critical situation."

He said such a conference could be confined to the two nations, or "it could include the nations of the Southeast Asian mainland since they all lie in the swath of the war's spreading devastation."

Mansfield said he does not regard the membership nor the mechanics of the conference as important.

"History will not be gentle with those who pursue the shadow and evade the substance of peace," he said. "It will not view with sympathy those who stand too much on ceremony or who insist too much on face as the price of coming to grips with its profound problems."

He said he is not optimistic that any conference with the Chinese at this point would produce much more than a cease-fire. But he said the "first faltering steps" must be taken toward peace.

Mansfield, who has criticized some aspects of President Johnson's Viet Nam policy, said efforts to end the war "by waging more war" have failed. He conceded that efforts to end it "by waging less war" have not succeeded.

President's Pet Beagle Is Killed

By DOUGLAS B. CORNELL

WASHINGTON (AP) — President Johnson's friendly, frisky beagle "Him" is dead.

"Him" had spent a good bit of his three years chasing the squirrels that inhabit the White House grounds. And that's the way he lost his life.

Johnson's daughter, Lynda, burst into a meeting the President was having with some congressmen Wednesday night to tell him about another tragedy in the dog part of the family. "Him" had darted between the front and rear wheels of a White House car on the driveway out back while yapping after a squirrel and was struck and killed.

Johnson told associates "It's a sad night tonight at the White House."

"Him" had the No. 1 dog tag in the capital and was registered as the pet of the Johnsons' younger daughter, Luci. But he really was the President's dog.

Every morning Johnson clapped his hands and brought "Him" running to his side. "Him" was always around at lunch time and always managed to coax a morsel or two from the presidential plate. And sometimes at night he slept on the presidential bed.

Guidelines Out Says CIO Chief

By NEIL GILBRIDE

WASHINGTON (AP) — AFL-CIO President George Meany was reported today to consider President Johnson's wage-price guidelines "a dead issue."

A source close to Meany said organized labor apparently has won its long fight to bury the White House guidelines. "We're not even having to beat them over the head about it anymore," he added.

This reported victory seems to be further evidence that Johnson's bent and battered guideposts, originally designed to prevent an inflationary wage-price spiral, are headed for the economic scrap heap.

"The indications are that they (the guideposts) are on the way out or already out," said a high source.

The guideposts were the administration's chief weapon in the psychological war against inflation during last year's sharp rise in prices.

Prices have been rising even more sharply so far this year. But Johnson hasn't mentioned the guidepost theory in months, despite several labor contract settlements far in excess of the 3.2 per cent per year limit on wage increases suggested by Johnson's Council of Economic Advisers.

One sign that Johnson may let the guidelines die — probably without a formal burial — was his endorsement of a special presidential emergency board's recommendations for a 4 per cent pay hike for some 34,000 airline mechanics.

The AFL-CIO International Association of Machinists still is resisting the recommendation, demanding even more.

Johnson also had nothing to say about a 4.7 per cent wage increase recently negotiated by the AFL-CIO Commercial Telegraphers' Union for some 20,000 Western Union employes.

The President and his economic advisers haven't tried to push the guideline pill down anybody's throat since council chairman Gardner Ackley tangled with New Jersey labor leader Pete Weber last March.

"He told us to go to hell," said a spokesman for Ackley in relaying one of Weber's remarks.

But Weber merely was voicing what virtually every other labor leader in the nation had been thinking and saying for more than a year.

Dear Abby...

By ABIGAIL VAN BUREN

DEAR ABBY: Over a year ago I married a man of means. We are both in our early fifties, and it is the second marriage for each. I gave up a good job, alimony from my previous marriage, and a lovely home of my own to marry him. A year passed and he never discussed his business matters with me. Nor did he mention any provisions he might have made for me in case of his death.

When I brought this up he became highly indignant and said such questions were prying and improper, and I had aroused his suspicions of my motives in marrying him.

Then he said before he took any action to provide me with the security I felt I was entitled to, I would have to "prove myself in the marriage." This has become a grave issue between us. What is your opinion?

INSECURE

DEAR INSECURE: This matter should have been discussed and resolved before you married him. He knows that it is his responsibility to provide for you in case of his death, but he probably resented your bringing it up. (A man of means is usually extremely sensitive about his money the second time around.)

Steer clear of the subject for awhile. It will come up again. But if you really feel financially insecure, consult a lawyer and find out where you stand.

• • •

DEAR ABBY: Would you say it was proper to "neck" (or whatever you want to call it) with your ex-husband? And how about going beyond that point?

DEAR JUST: **It is just as proper to "neck" (if that's what you mean, that's what I'll call it) with an ex-husband as it is to neck with any other single man. Past relationships confer no special privileges, however.**

• • •

DEAR ABBY: Everytime I read or hear a professional person condemning girls and women who wear curlers in their hair in public, I could scream. I think it's just fine that some women have the time and money to have their hair done in beauty parlors, but there are lots of us who don't.

I, for one am busy with housework and children during the day, and if I want my hair to look nice in the evening I have to put it up every day. That means I must chauffeur the children to and from school, do my shopping, walk the dog, and do all my outside errands with curlers in my hair. Frankly, Abby, I don't see that it is such a big crime. Thanks for listening. I feel better already.

MRS. J. B.

CONFIDENTIAL TO ANNABELLE: I cannot agree that women lie more than men. They just lie about different things. A woman will lie about her age. A man about his income.

Agricrats Blamed For Farm Woes

WASHINGTON (AP) — Top Republican congressional leaders today blasted "agricrats" of the administration for holding down farm prices and trying to blame inflation on the nation's food producers.

House GOP Leader Gerald R. Ford of Michigan and Senate Republican Leader Everett M. Dirksen of Illinois told their weekly news conference that farmers and housewives are incensed.

"The Johnson-Humphrey administration is using and abusing American farmers as the scapegoats of inflation," Ford said.

Ford charged Secretary of Agriculture Orville L. Freeman with pushing farm prices down while retail food costs soared.

He added that "other prominent agricrats" in the administration "have tried, repeatedly and with zeal, to make the American farmer and his family the whipping boys for the inflation that is steadily taking more and more dollars from the pockets of every American."

Housewives should know, he continued, that "61 per cent of the cost of our food in their market baskets is added after it leaves the farm."

Dirksen and Ford blamed administration Great Society programs and other spending for the jump in living costs and inflation.

"Let it be recorded here and now that our vigorous protest against these policies is neither partisan nor improperly political," Dirksen said.

Liquor Ration Cut For US Soldiers

By BOB HORTON

WASHINGTON (AP) — The liquor ration for American military and civilian personnel in Viet Nam has been cut by more than one-half.

Effective last month, the amount of alcoholic beverages which may be bought in package retail outlets was reduced from six fifths per man per month, with no limit on wines, to three fifths per man including wine.

The Pentagon said the cutback, ordered by the command in Viet Nam, is intended to curb black market sales and "further reduce pressures on logistical and security systems."

A spokesman supplied figures which showed that with more men in Viet Nam, consumption of alcoholic beverages has increased sharply.

Last year American military men and civilians in the Southeast Asian country consumed 460,706 cases of liquor and wine.

By comparison, sales the first five months almost match the 1965 total — 400,586 cases sold from last January through May.

Packaged liquor is sold at 27 post exchanges throughout Viet Nam. In addition to the PX purchases, servicemen can buy liquor by the drink at certain military dining rooms and clubs. The Pentagon said 70 per cent of all liquor sales are by the drink. The remainder is bottle sales through the PX's.

Military suppliers compute the liquor requirement by assuming that each man will buy two bottles a month.

On this basis the monthly order for liquor from the United States would run well over a half-million bottles. There are about 267,000 military men in Viet Nam.

Rock Is Hurled Through Car Window

Vandals Wednesday night threw a rock through the right rear door window of a 1962 Oldsmobile owned by Carl Foree, 108 Milburn. Police received the complaint at 6:47 a.m. Thursday.

The vehicle was parked in front of the Roger B. Mize residence on Bass Ridge Drive when the incident occurred. A rock was discovered in the car.

Sal Maglie has a two - year contractor as a coach with the Boston Red Sox.

Woman Claims Chunk From Family Tree

BEAUMONT (AP)—A Beaumont woman has an authentic "chunk from her family tree."

Mrs. Noal T. Truitt recently received from her cousin in South Carolina a piece of log from the 214-year-old home of her great-great-great grandfather, Nicholas Corry who fought in the American Revolution.

Postmasters Named

WASHINGTON (AP) — President Johnson has nominated two postmasters for Texas: Sam E. Coleman of Hallsville and Ciceiy Chandler of Smiley.

Must Serve Sentence

Sheriff's authorities Wednesday night arrested Freddie Ray James, Snyder Negro, on a mandate from the State Court of Criminal Appeals.

The mandate requires that the terms of a sentence given James in July of 1965 be carried out. James was found guilty of possession of beer for the purpose of sale in a dry area. He was sentenced to one year in jail on the misdemeanor charge and fined $785.

James appealed the court decision August 31, 1965, and the state court of criminal appeals upheld the lower court Feb. 23, 1966. The appeals court also turned down James' request of a hearing on the decision April 27 of this year, and it overruled a second motion for a re-hearing June 10.

Purves Homecoming Slated June 25-26

Homecoming has been set for June 25-26 at the Purves community near Dublin and all former residents of that area are being urged to attend, according to R. A. Hancock, president of the homecoming association.

The Purves homecoming this year will begin on Saturday evening and continue through Sunday. The Sunday program will feature a variety of music.

LIGHTEST MEXICO

BY JOHN ABNEY

MEXICO CITY — Every now and then someone writes us asking for a layout on a tentative tour of so many days or weeks to Mexico. And please send picture folders.

We regretfully have to report that we aren't hooked up with a travel agency, which is the type of operation to plan tours for you and unfortunately we do not have access to picture folders.

What we can do cheerfully is answer questions in this column. Like you want to know what are the points of interest around Mexico City or in some other part of the country. Or you wonder about the climate in July and what's the best way to travel between Monterrey and Merida. Things like that. But for your tour projects, I'd suggest you contact a travel agency and have them help you plan.

Which brings us to the gentleman from California who wants to come down and photograph everything of interest in Mexico. He would like to know how many cameras are allowed because he wants to shoot movies and stills.

Well, they have rules on cameras but they aren't hard-nosed about it. For instance, you can bring a couple of movie and a couple of still cameras. Explain to the Mexican Customs that you are shooting color and black and white. They understand you need a different camera for each and will simply mark down the cameras you entered with and politely ask you to be sure and take them all out of the country when you leave. When you operate within the bounds of reason, you won't run into any problems with the customs people here.

BEST SAIL FISHING SPOTS IN MEXICO?

You might try Acapulco, Mazaltan or La Paz (Baja California) on the Pacific side. On the Atlantic side Cozumel and the Isla Mujers are considered tops. I have pulled in sail fish off Acapulco until my arms ached but understand these other places are just as good. You'll find adequate boats with all the tackle you need in these locations and the rate charged normally is by the day for the boat and equipment. You just furnish yourself and the $$$$.

• • •

WHAT KIND OF CLOTHES WILL WE NEED FOR MEXICO CITY AND ACAPULCO IN MAY?

Mexico City is normally warm during the days and cool at nights at this time of the year. Acapulco is tropical the year around. Bring summer clothes with a light coat (just in case) for Mexico City. For Acapulco, all you need is a bathing suit and hot weather sports clothes.

• • •

PLANNING ON FLYING TO MEXICO CITY: IS IT POSSIBLE TO RENT A CAR THERE TO DRIVE TO ACAPULCO?

Yes. The two big rental agencies here are Hertz and Avis, both with offices at the airport. On the other hand, a number of the airlines now have direct flights from the U.S. to Acapulco. You might want to check on the possibility of flying nonstop to Acapulco and renting a car there. Both agencies have offices in the resort city and unless you simply want to drive to see the countryside (which is interesting), it would save you a 5-hour trip down from Mexico City.

LAYETTES PRESENTED—Snyder Jaycee-ettes Marge Pullig and Joanna Wright are shown presenting Layettes to Hazel White, LVN-OB Nurse at Cogdell Hospital. The layettes are to be given by the hospital to needy families. Preparing layettes is an annual project of the Snyder Jaycee-ettes.

WOMEN

'Something Old' Is No Problem For This Bride

By HOLCOMB B. NOBLE

WORCESTER, Mass. (AP) — Nancy Ellen Fitch said today she has a gnawing fear that when she steps to the altar to be married Saturday—everybody in church will be staring at her feet.

"I've thought of wearing a sign around my neck saying 'Bride' but I suppose that wouldn't be in keeping with the general tone of the wedding," she said.

"So, I guess I'll just have to keep smiling."

Nancy, 24, is marrying John M. Rainier, 23, Tulsa, Okla., who is studying for his doctorate in science at Massachusetts Institute of Technology.

The lure of Nancy's feet, which she said "are not historic at all," is that they will be inside a pair of beautifully preserved green satin slippers that are believed to be 549 years old.

Nancy got them out of a 1912 shoe box, to which her mother, Geraldine, had returned them after her wedding in 1935.

The family says the shoes have been handed down from mother to daughter ever since Sarah Jane Willey got them from William Brewster aboard the Mayflower in 1620.

Nancy is a direct descendant of Sarah Jane Willey, the family said, but how Sarah Jane came to get the slippers from Brewster, a spiritual leader of Plymouth Colony, is uncertain.

How did the same pair of shoes fit all those different size feet? It's in the construction.

Nancy said the wedding shoes are the widest at the ball of the foot and cup it in such a way that it fits almost any size.

She said the shoes still bear the label of their shoemaker, John Hose, 1417, and that they were made in England.

Homecoming Is Held At Camp Springs

Homecoming was held Sunday at Camp Springs, with some 95 persons on hand for the annual event.

The Rev. Marvin Rogers gave the welcome address and the morning message was brought by Ruth Tracy, former pastor of the Camp Springs Methodist Church.

Mrs. George Sealey (the former Bennie Jean Beaver), sang two songs, accompanied at the piano by her daughter.

After lunch, Mrs. Tracy sang two special songs. Her accompanist was Mrs. Connie Tutt. This was followed with congregation singing with Margaret Casey at the piano.

Oldest woman present was Mrs. Lizzie Reep, 83, and the oldest man present was Marion Hamilton, 82. Lori Gayle Trammell, five weeks old, of Crane, was the youngest person present.

Mr. and Mrs. Jesse Hensley and family came the greatest distance to the homecoming. They live at Kenedy, about 400 miles away. Mrs. Hensley is the former Billie Carroll Davidson, daughter of Mr. and Mrs. Bill Davidson. The Bill Davidsons had the largest representation among the families.

Success comes in can's; Failure in can'ts. Bible Book Store, 1403 Lubbock Highway.

UNION NEWS

BY MRS. J. B. ADAMS

The Rev. and Mrs. W. W. Hawthorne and sons of Sealy visited in the E. M. Powledge home last week. The boys remained for a visit with their grandparents.

Mr. and Mrs. Buck Layne, Kip and Judy of Waco visited relatives and friends here over the weekend.

Mrs. C. W. Christ of Ganado is visiting her daughter, Mrs. R. J. Rosson, and family this week.

Rex and Jan Hogue of Irving are visiting their grandparents, Mr. and Mrs. Howard Hogue, this week.

Mr. and Mrs. Robert Hauk and sons of Fort Worth visited her parents, Mr. and Mrs. Vernon Stipe, over the weekend.

The Union Methodist Church and the Union Baptist Church honored the Rev. Marvin Roark and family with a farewell party at the Union Methodist Church after services Sunday night. Rev. Roark is going to a pastorate in Big Spring.

Mr. and Mrs. David Neal of Water Valley visited over the weekend in the R. J. Rosson home.

Miss Linda Lance of Irving is visiting her grandparents, Mr. and Mrs. J. W. Wilcox.

Mr. and Mrs. Hollis Jones attended a family reunion at Hobbs, N. M. Her sister returned with her for a visit.

The Rev. Guy White is holding a revival at Abernathy this week.

Mrs. J. B. Adams left for Arlington on Tuesday to be with her sister, Mrs. Mary Rhodes. Later they plan to go to Okemah, Okla., to visit another sister, Mrs. Linnie Roberts.

Mr. and Mrs. Troy Lilly and Troy Jr. vacationed in Houston, Victoria and Nacogdoches the past week.

Mr. and Mrs. Dee Myers are vacationing at Red River this week.

Cheese aged over 6 months may be termed "sharp" or "aged." Aged cheese melts easier and blends well with other ingredients as well as adding a richer flavor than a younger cheese.

AP Newsfeatures Writer

PARIS — "Talk to Leslie Caron about anything," said the public relations girl. "But please don't mention Warren Beatty."

Shortly after, a fluffy ball of red fox fur bounced exuberantly into the airport lounge here on the way to look at styles hot off French drawing boards, and eventually did the mentioning herself. "Like it?" Leslie smiled, pleased at the compliments on her fur coat. "My old one was dirty so I had to buy this one at the last minute. Kinda like buying a new cadillac because the ashtrays are dirty, isn't it?"

Usually the petite miss with a fringe of silky dark brown down to her mischievous blue eyes does her shopping in a lump, after carefully figuring her needs for various climates and occasions.

For day she wears whites to beige browns, but for evening she sticks to blacks and whites. "I wear pink when I don't feel too good," she added.

At that moment Leslie, non-pink in chocolate brown, was estatically happy about everything.

"Fashion is such great, great fun. Do you realize we're wearing the shortest skirts in history? At first I was shocked. Then I thought how square, how conventional to feel that way."

When Leslie was 5 years old her mother handed her a hair brush and advised her to do more things for herself. Since then garmin girl with gazelle - like grace has developed an independence which has freed her from the conventionalities of ordinary beauty, ordinary fashion, ordinary roles, ordinary bounds of nationality, and ordinary romantic ties.

She is anything but square.

The young mother of a clothes - conscious daughter Jenifer, 7, ("I make her that way by buying her pretty things.") and son Christopher, 8, ("He's a real brain. Latin in the first grade.") Leslie has a home in suburban London.

"Oh, it was dull there before the Beatles came," she said, her blue eyes widening. "England was very oppressed by respectability."

But Leslie doesn't light in any place long. "I was in Monaco yesterday. (Censored) is making a movie there.

"(Censored) called me in England this morning at the unearthly hour of 7:30 a.m. If you see him, tell him I'm mad at him for that."

In Paris on a Thursday, she planned to be back in London over the weekend, and was considering going to the U.S. for appearances in connection with her latest film, "Promise Her Anything," co-starring Warren Beatty.

The conversation turned to men's fashions.

"I like men to have good figures. But I must not care about their clothes because the men I have liked never did dress particularly well.

"(Censored) has some great clothes in his new picture. But he dresses like a bum usually. He never wears a tie unless it's a black one. Do you know that (censored) only has one tie?"

In other articles non-square Leslie, a divorcee, and once the object of Frank Sinatra's affection, has said she does not believe in hanging onto a love that has changed. Though it hurts to contemplate it, she has learned to expect romances to come to an end.

Still, (censored) has been a part of her life for a comparatively long time. Could marriage be in the offing? Leslie's puckish smile dissolved.

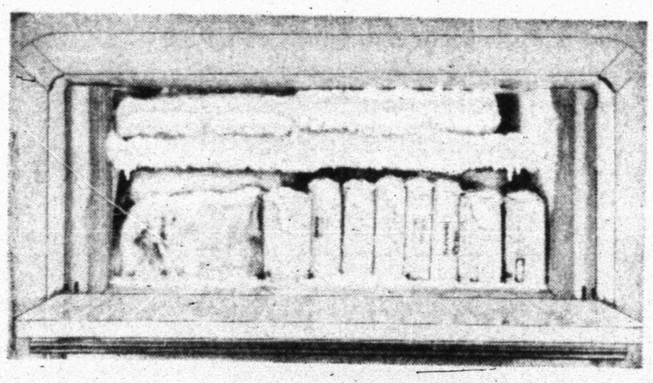

When somebody asks me that I always ask if her grandmother rides a bicycle," she quipped then hurried on to other subjects without waiting to hear about grandmother's prowess with a two - wheeler.

So it turned out that Leslie Caron does not mind talking about Warren Beatty at all. Marriage is the sore point.

Why fight it?

No frost.
No defrost.
With new no-frost refrigerator-freezers...

You're waging a losing battle when you have to defrost your refrigerator. You defrost—a messy, tiresome chore—then comes that frost and ice build-up again. Ice trays are hard to take out . . . frozen food packages stick together and labels are hard to read. But why fight it? With a new no-frost refrigerator-freezer you'll never bother with defrosting again. Frost never forms either in the refrigerator or freezer sections. See your appliance dealer soon for a no-frost refrigerator-freezer that will take the same kitchen space as your old refrigerator . . . and hold much more food.

MISSIONARIES TO INDIA

Back Home After 40 Years

NEW YORK (AP) — The Rev. William Baur left Webster Groves, Mo., in 1926 with his bride of one week and a dream of service as a missionary. With the dream realized after 40 years in India, the Baurs are back in America for good.

Their four children and 10 grandchildren—three of whom they had never seen—raised a sign reading "Welcome home Baurs" as the liner United States docked in New York Wednesday.

The grandchildren, from 2 to 12 years old, carried banners with their names in big block letters.

The Rev. Mr. Baur, 64, went first to the Indian state of Madaya Pradesh, where he rode the missionary circuit for the Evangelical Church, now merged into the United Church of Christ. Mrs. Baur ran a school for Indian boys.

Later, for 16 years, the Baurs directed a colony for 600 lepers at Raipur in central India.

"If we had to do it again, knowing all that we do now, we would do the same thing," the Rev. Mr. Baur said. "It's a matter of doing the work that you're called to do. It helps you get over a lot of rough spots, knowing that you're called."

The call, he said, grew from the atmosphere of his boyhood. His father was a professor of church history at the Eden Theological Seminary, Wellston, Mo.

The Baurs' older son, the Rev. William L. Baur, will carry on the family tradition of service when he leaves in August for Raipur with his wife and three children to work in hospital administration 16 miles from where his parents lived and worked.

Another Baur son is a social worker in Chicago. One daughter married a minister and the other is a nurse. Three of the children were born in India, the fourth during a brief visit to the United States.

Although the Baurs are going home, they are not retiring.

Police Deny Rights Violated

ANGLETON, Tex. (AP)—Houston detectives who arrested Henry Francis Amerson have testified he agreed to go with them to the police station for questioning.

Amerson, 39, charged with the rape-slaying of Mrs. Marjorie Wills, 26, of Houston, is on trial in District Judge G.P. Hardy's court.

Detectives J. A. Pierce and B. G. Lott testified Wednesday they arrested Amerson, a Houston airplane mechanic, Jan. 21. Both men said he agreed to go with them to the police station for questioning.

The state contends police action was proper and within the law. The defense claims Amerson's constitutional rights were violated in his questioning and search by police.

The body of Mrs. Wills, 26, a Houston International Airport insurance clerk, was found in a ditch near Pearland, Tex., in Brazoria County Jan. 17. An autopsy said she had been raped, stabbed, beaten and strangled to death.

Phil Ortega won seven games for the 1964 Los Angeles Dodgers but won 12 for the 1965 Washington Senators.

Texans Enter Golden West Meet

SACRAMENTO, Calif. (AP)—Eleven Texas high school champions hope to break a three-year drought in winning gold medals Saturday when they compete in the Golden West Invitation Track Meet.

The last Texan to win an event in the meet for top high school track and field stars from across the nation was James White of Dallas Sunset, who finished first in the 220-yard dash in 1963.

The only other Lone Star State champions in the meet have been shot putter Richard Inman of Belton in 1960 and high hurdler Roy Hicks of Corpus Christi in 1961.

The best bet from Texas this year appears to be high jumper Clarence Johnson of San Antonio St. Peter Claver, who broke the national prep record with a jump of 7 feet, 1-4 inch. But he will be competing against two other stars who have cleared 7 feet.

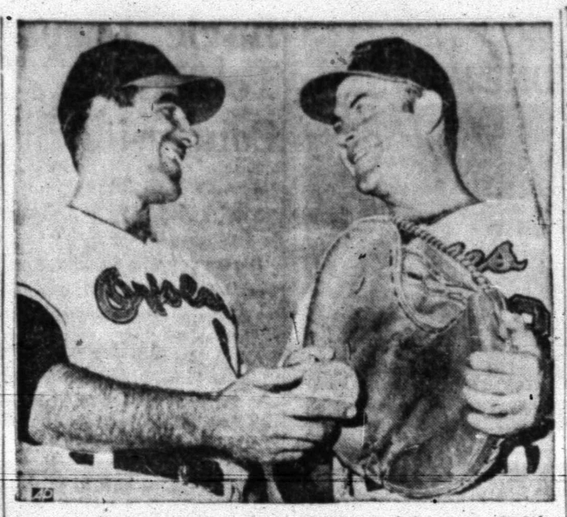

Other potential winners are John Robertson of Dallas Sunset, holder of the Texas record in the 880-yard run, and pole vaulters Dickie Phillips and Larry Curtis of Houston North Shore High.

All three will be going against high school athletes with better efforts this year.

Miler Homer Martinez of Falfurias will have a chance to run against Chula Vista's Tim Danielson, who last Saturday became the second schoolboy in history to run a mile in less than four minutes.

Greenville sprinter Merlin Eck has the best time among the entrants in the 100-yard dash, but the field is closely matched.

Other Texans in the meet are Charles Callihan of San Marcos, 440-yard dash; Ronnie Lightfoot of Copperas Cove, shot and discus; John Walker of Fort Worth Arlington Heights, shot and discus; Steve Carter of Odessa, discus, and Bill Elfstron of Galveston, shot put.

THE MITT AND I — Eddie Fisher, right, new Baltimore Orioles pitcher, poses with catcher Andy Etchebarren and big mitt for knuckleball pitches of Fisher. Picture was made at Baltimore when Fisher reported from Chicago White Sox. (AP Wirephoto)

Littlefield Coach Accepts New Position

LITTLEFIELD, Tex. (AP)—John Howle, who resigned early football coach at Littlefield High School, has accepted the position of football coach at Northwest High Schol near Fort Worth.

Charles D. (Casey) Stengel carries the title of "executive scout" with the New York Mets.

Since 1961 every USGA Junior Amateur golf championship has been won by a Californian until 1965 when James Masserio of Pittsburgh, Pa., beat 14-year old Lloyd Liebler of Portsmouth, Va., 3 and 2.

Gibson Puts Down Pirates In 1-0 Win

By MIKE RATHET
Associated Press Sports Writer

It was in the cards for Bob Gibson to post his 100th victory.

But can the St. Louis ace become the National League's new strikeout king?

A 30-year-old right-hander apparently reaching his peak, Gibson stepped up to the 100-victory plateau Wednesday night when he pitched a three-hitter in the Cardinals' 1-0 victory over Pittsburgh.

It was only natural that Gibson, one of the league's top pitchers, eventually post victory No. 100, and it may be just as natural for the fireballer to take a shot at dethroning Sandy Koufax as the NL's No. 1 strikeout artist.

A right-hander has been unable to lead the National League in strikeouts since 1962, but Gibson has inched his victory total, his number of innings pitched and his strikeouts upward each of the last three years.

Last season he hit the 20-victory mark, worked 299 innings and struck out 270. And right now he's running ahead of both his own strikeout pace — and Koufax.

By striking out eight Pirates, Gibson ran his total for the season to 128 in 126 innings, or just over one an inning. That's by far his best ratio ever. Koufax, meanwhile, is running second with 117 strikeouts in 117 1-3 innings, his usual one-an-inning clip.

While Gibson remained ahead of Koufax, Willie Mays closed in on Ted Williams, moving to within one homer of third place on the alltime home run list by hitting No. 529 of his career in San Francisco's 4-0 victory over Houston.

Elsewhere, the Dodgers stayed two games back of the front-running Giants with a 6-5 victory over the Chicago Cubs, the New York Mets edged Atlanta 5-4 and Cincinnati swept Philadelphia 7-6 and 9-6.

In the American League, Baltimore defeated Washington 6-4, Cleveland downed the New York Yankees 8-5, Detroit belted Boston 11-7, California swept Minnesota 8-1 and 6-3 and Kansas City edged the Chicago White Sox 5-4 before the second game of their doubleheader was rained out.

Gibson, bringing his record to 9-6, allowed only two men to reach second base in outdueling Bob Veale. Veale, who allowed only five hits before leaving for a pinch hitter in the eighth, surrendered the game's only run in the first inning on singles by Julian Javier and Phil Gagliano and a grounder by Curt Flood.

The Giants collected all their runs on homers with Tom Haller connecting in the fifth inning and Mays and McCovey hitting consecutive shots in the eighth. Mays' was his 15th of the season. Joe Gibbon pitched into the ninth but needed Frank Linzy's one-out relief help to finish a four-hit shutout.

The Dodgers trailed the Cubs 4-1 before they put it away with a five-run fifth inning uprising. A walk to Jim Gilliam and singles by Willie Davis, Tommy Davis and Lou Johnson produced two runs before Wes Parker capped the rally with a three-run homer. Claude Osteen got the victory, his eighth against five defeats.

The Braves took a 4-3 lead in the eighth on Felipe Alou's second homer of the game but the Mets won it in the ninth when singles by Ed Bressoud and Billy Murphy, a throwing error by Ted Abernathy on Ron Hunt's bunt and a sacrifice fly by Ken Boyer produced two runs.

The Phillies built 6-2 leads in each game of the twinbill against the Reds and each time reliever Ed Roebuck, called up recently from San Diego, was tagged for the winning runs.

Home Runs Are Potent In TL Games

By The Associated Press

The home run was a potent weapon for winners in the Texas League Wednesday night—except for league-leading Amarillo, which had to scratch for two runs to defeat Dallas-Fort Worth and strengthen its hold on first place.

A grand slam homer by Mike Lum provided all the runs for Austin in a 4-2 victory over Arkansas.

The Travelers threatened in the final inning, scoring both of their runs, but Austin hurler Ron Reed held on to complete the game and post his second victory in three games.

Second-place Albuquerque suffered a double setback at the hands of El Paso, losing the first game of a doubleheader 7-5 and dropping the second 3-1.

Two-run homers by Jim Spencer and George Pena were the key blows in a six-run uprising in the fourth inning for the El Paso Sun Kings, and Winston Llenas hit a solo home run in the second game.

It was a different story at Arlington, where Amarillo defeated Dallas-Fort Worth 2-0.

The first run for the Sonics came in the third inning when Ed Pacheco singled, stole second and went home as second baseman Gene Etter dropped J. C. Hartman's high pop fly in short centerfield.

In the next inning, Tom Johnson doubled, moved to third on an infield hit and scored on a single by catcher John Hoffman.

The same teams play again tonight.

Bob Bruce Advances By Defeating Pucci

BERKELEY, Calif. (AP) — Seventh-seeded Tom Pucci of Sacramento State was upset 6-2, 6-2 by Bob Bruce of Midland, Tex., in the 18 and under division of the Pacific Coast Junior Tennis Tournament Wednesday.

All other seeded players advanced into today's quarter finals.

Instrument Studies Pepped-Up Atoms

FORT WORTH (AP) — Researchers at Texas Christian University are using an unusually sensitive instrument to study the nucleus of some atoms to see what happens to them when a kick of energy is added.

Called a nuclear magnetic resonance spectrometer, the instrument was purchased with the help of a $62,300 grant from the National Science Foundation.

The goal is to better understand molecular structure, how matter "sticks together," chemical reactivity and how matter "behaves."

SMU Receives Computing System

DALLAS (AP) — Southern Methodist University has received a $280,000 digital computing system especially designed for high-speed analysis of geophysical data.

The system was made possible by a grant of $200,000 by the Air Force and from various other sources.

Lubbock Tournament Off To Slow Start

LUBBOCK, Tex. (AP)—Play began today in the Men's West Texas Golf Association tournament over a Lubbock Country Club course that gave fits to 200 entrants in Wednesday's pro-am warmup event.

Nobody broke par in the pro-am round and only three golfers matched it with 72's. Four completed the 18 holes with 73's and two more shot 74's.

There are 205 golfers entered in the tournament, 78 of them in the championship flight.

Last year's winner, Hal Underwood, will not defend his crown because he is competing in the NCAA tournament as a member of the University of Houston golf team.

Posting the 72's in the pro-am were amateur Jimmie Johnson of Levelland and professionals Clifton Irwin of Plainview and Rik Massengale of Jacksboro.

Mike Nugent Is Third In NCAA Tourney

CHICO, Calif. (AP) — Mike Nugent of Lamar Tech was third in the individual standings today going into the third round of the NCAA college division golf tournament at Chico's Bidwell Park Municipal course.

Bob Smith of Sacramento State led with a 137 after two rounds. Robb Schultz of Chico State was second with a 140 and Nugent next with a 143.

For the team title, Lamar Tech was second with 603, 13 strokes behind Chico State.

Seminole Basketball Coach Resigns Post

SEMINOLE, Tex. (AP) — Paul Ingle, head basketball coach at Seminole the past two years, has resigned to accept a similar post at Irving. Ingle, a graduate of Sul Ross State College, coached at Van Horn and Andrews before coming to Seminole.

Seeds 'Uprooted' At Wimbledon

LONDON (AP) — There are some red faces among the seeding of the Wimbledon Tennis Tournament today, and it's not just the hot sun burning up London's tennis courts.

Officials of the All-England club, which runs Wimbledon, named eight seeds Wednesday for the men's singles.

With the London Queen's club tournament half over, four of those eight Wimbledon seeds have been eliminated from the men's singles, Australians Fred Stolle and John Newcombe, South Africa's Cliff Drysdale and U.S. Davis Cup star Clark Graebner of Beachwood, Ohio.

Queen's Club is the last big warm-up tournament before Wimbledon starts Monday.

The latest upsets were sprung Wednesday by Nicole Pietrangeli, 32-year-old Italian veteran, and the tall Yugoslav left-hander Niiole Pilic. Pietrageli, dropping clever half-volleys and spinning the ball like a top, downed Graebner 6-3, 6-2. Pilic overcame Dyrsdale 6-4, 2-6, 11-9.

Roy Emerson, the Australian who has won Wimbledon twice running and is tilting for a third crown, survived a near escape at the hands of South Africa's Abe Segal, is in the quarter-finals. He downed Aleksander Metreveli of Russia 6-4, 6-4 Wednesday.

Today Emerson was scheduled to meet Bobby Wilson, British Davis Cupper.

Dennis Ralston of Bakersfield, Calif., No. 6 seed for Wimbledon and the leading American contender, faced a testing match against Manuel Santana of Spain. Santana, rated by many as the finest player in Europe, has won through three rounds here without dropping a set.

The other American survivor, Marty Riessen of Evanston, Ill., was due to play Pietrangeli.

Mike Hershberger of the Kansas City Athletics has the distinction of leading the American League in assists made by outfielders last season. He had 14, two more than Jose Cardenal of the California Angels.

NEW TYPE ROMANCE OF THE JUNE MOON!

Ky May Have Overcome Opposition Of Extremists

By JAMES MARLOW
AP News Analyst

WASHINGTON (AP) — To an American, the wheels within wheels in South Viet Nam — power struggles, inner conflicts, Buddhist uprisings, endless government changes — are an exasperating, confusing sight.

Now perhaps the spinning wheels will slow down. Premier Nguyen Cao Ky, a 35-year-old air force general, seems to have overcome the extremist Buddhist leadership which sought to get rid of him.

How did he manage this when others failed? For one thing, he used force against the opposition. But that isn't enough explanation. The real story behind Ky's tactics and success hasn't been told yet.

Some of it can be guessed at by way of contrast in the person of President Ngo Dinh Diem who was toppled and killed in 1963 after using extremely violent force against the Buddhists.

He was inflexible, without alternatives, a dictator without the necessary political instincts to survive. He gave no indication he intended to yield any power or share it.

He underestimated the intensity of his opposition and wasn't shrewd enough to split it by showing some willingness to compromise. By his stubbornness he solidified the opposition.

Ky was sharper. When the Buddhists got on his back, complaining that his military government of 10 generals should be replaced by a more representative one of civilians, he agreed, although not saying exactly when.

His agreement, and the steps he took to provide for a constitution, an election, and an assembly, certainly were calculated to take steam out of the opposition and divide it.

His concession could be expected to, and obviously did, satisfy his moderate critics and this seemed to show up quickly when the extremist Buddhists, tasting some success, wanted more fast: they wanted Ky out in a hurry.

They apparently did not have the masses of Viet Nam behind them. The uprisings they engineered in the cities of Saigon, Hue and Da Nang had to be urged and pushed.

One monk above all others: Tri Quang, was Ky's enemy. No concession seemed enough for him. The story behind this monk is not fully known and perhaps never will be.

In a last desperate effort to arouse the country — or was it a plea for pity? — Tri Quang went on a hunger strike.

But there was more to Ky's tactics than just making a big concession. When the extremist-led Buddhists in Da Nang rioted, Ky sent in troops to crush them and then, at the last moment, pulled back.

The reason seems clear enough. He wasn't yet sure that most of the country would stand for it. He waited until, apparently, he felt sure. Then he turned the troops loose in Da Nang. No more trouble there.

But in Hue and Saigon the Buddhists who still listened to leaders like Tri Quang, rioted. Bit by bit but slowly Ky shattered them. Even the self-burnings by several of Tri Quang's monks and nuns didn't arouse the nation against Ky.

As this is written the extremist effort seems crushed. But how Ky decided on his tactics and his timing will be a fascinating story, if it ever comes out.

That he now feels self-confident was clear enough Wednesday when his military government said it would stay in power until 1967, permitting only a step by step march to civilian government.

More than 200 species of ocean fish are known or believed to be venomous. Among them are stingrays, scorpion fish and certain sharks.

Boyle Jumps To New Conclusions

By HAL BOYLE

NEW YORK (AP) — Jumping to conclusions:

It's the guy who does the least work in the office who most often seems to need a new cushion for his swivel chair.

About the only real pleasure in going to war is that a fellow can get dirty and scratch himself in public without being bawled out by his mother or his wife.

Wouldn't it be nice to go to a movie again that wasn't about either sex or spies?

The art of making desserts has been going steadily downhill ever since someone first put fresh strawberries and vanilla ice cream together — and achieved perfection.

I always look for a character defect in any man who openly admits he likes leg of lamb.

It helps to put money in its proper prospective if you remember that hens get just as much enjoyment out of laying eggs whether they sell for a dime or a dollar a dozen. You'd maybe be happier if you felt that way about your work, too.

Two things we don't recall seeing lately are a farmer with calluses and a policeman with bunions.

When all the world seems sour and dreary, one of the best ways to cure your blues is to take a small child for his first ride on a department store elevator.

Life is much more complicated for a bride today than it was for her mother. Before she even learns how to cook a meal she must first learn how to thaw it properly.

I feel sorry for modern youth when I realize that most of them will grow up without ever having heard an old-fashioned organ grinder play his tuneful way down their street.

The best wisecrack of the century is Madison Avenue's definition of death: "It's nature's way of telling you to slow down." How could one capsule this frantic generation better?

The worst thing about new false teeth is that they insist on whistling when you're trying to talk, but won't let you whistle when you're trying to summon a cab.

Nothing is as boring as the shoptalk of amateur gardeners who raise their own vegetables.

Anybody who orders tomato soup the day he puts on a new $5 necktie simply deserves his fate.

El Paso To Seek Commission Probe

EL PASO, Tex. (AP) — El Paso Mayor Judson Williams said Wednesday the city is seeking help from three states on the proposed discontinuance of two passenger trains between here and Dallas.

The Texas & Pacific says it plans to file an application in about a month with the Texas Railroad Commission seeking discontinuance of trains No. 26 and 27.

Williams said he has asked support of public service commissions in New Mexico, California and Arizona in requesting a full investigation by the Interstate Commerce Commission.

Junior Editors Quiz on EQUINOX

QUESTION: Why does spring start on March 21 and fall on September 23?

• • •

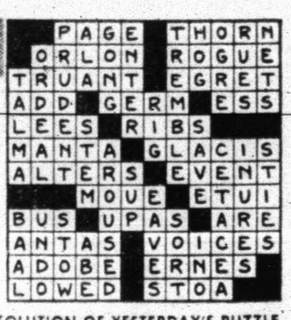

ANSWER: Study the top picture to understand why we have seasons. As the earth goes around the sun once every year, it spins on its axis once every 24 hours. It keeps the same tilt while all this is happening. This means that rays straight from the sun shine down above the equator in our summer season, making it warmer (earth at left). In our winter, the sun's rays shine directly down south of the equator (earth at right). Twice every year, the sun's direct rays must cross the equator as they move from north to south and back again. These crossing times are called equinoxes (because at those times day and night are equal) and they mark the beginning of the spring and fall seasons. The next equinox, this year, will be the fall one, on September 23. Then, on March 21, 1967, the sun's direct rays will cross the equator again. This will mean that spring has started. The sun soon will pour down north of the equator and it will be the summer season of 1967. As the sun moves north or south during the equinoxes, its direct rays are traveling faster over the earth's surface than at other times. This results in an uneven heating of the earth's surface and leads to storms at this season of the year, called equinoxial gales.

Furr's SUPER MARKETS

INVITES YOU TO PLAY...

"Let's Go to the Races"

A New And Exciting Way To Win FREE Prizes

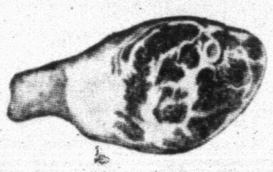

TV POST TIME
KLBK - TV
CHANNEL 13 - Lubbock
7:30 P.M.
Starting June 22

First Show - June 22 - Get Free Cards Now
WIN FROM $5 to $250 BY MATCHING WINNING HORSE NUMBERS IN TV SHOW RACES WITH WINNING HORSE NUMBERS OF FREE CARDS GIVEN AT FURR'S
No Purchase Necessary

Here's How To Play

1. Pick up your FREE card each week at your nearby Furr's Super Market. No purchase necessary. Cards for each of the weekly races will be a different color. No Cards will be given after 6:00 p.m. on Wednesday afternoon.
2. Five complete races will be shown in color on the channel in your area shown above each Wednesday night. You'll enjoy plenty of color and excitement as you watch these races.
3. After each race the number of the winning horse will be shown on your TV screen. Compare the win number on your card with the number of the winning horse in each race.
4. If the win number on your card matches the number of the horse winning that race . . . YOU HAVE A WINNING CARD! Circle the number and take it to your nearby Furr's Super Market for your cash prize.
5. You do not have to watch the TV show to be a winner. The winning numbers for each of the five races will be posted at your nearby Furr's Super Market each Thursday morning thru Saturday night.
6. IMPORTANT — Winning cards must be presented to the Furr's manager for verification Thursday, Friday or Saturday following the show.

Trips Abroad To Increase This Year

By LEWIS GULICK

WASHINGTON (AP) — A record number of Americans plan to travel abroad this year, despite the drain on the U.S. dollar.

This is shown by passport statistics slated for publication soon. Passport issues are an advance indicator of foreign travel plans.

The figures also indicate the number of overseas trips by U.S. officials is climbing somewhat faster than that for American tourists. Much of the increased official travel is to Southeast Asia.

The White House has made some effort to curb foreign travel by officials and to encourage U.S. citizens to see America first. However, the President's daughter, Lynda Johnson, is among many intending a trip abroad. She is scheduled to leave for Europe shortly.

Spending by Americans overseas is one of the headaches for U.S. authorities worried about the gold outflow. In 1965 a record 2.5 million citizens went abroad, not counting those who just crossed the border to Canada or Mexico.

In dollar spending terms the 1965 U.S. travel deficit amounted to $1.8 billion. This year's total may top $2 billion.

The Passport Office statistics cover issuances of new passports and renewal of old ones during the first quarter of this year.

In January through March, 364,701 passports were issued or renewed. This is 14.3 per cent above the 318,032 passports for the same period of 1965.

Official passports issued in January-March of this year were included in this figure. They totaled 57,251, 17.6 per cent over the like 1965 period.

AT NUCLEAR SYMPOSIUM — Earl Outcalt, left, staff associate at the General Atomic laboratories of General Dynamics Corporation at San Diego, tells two Snyder High School science students about the demonstration model of a multipole "magnetic bottle" for controlled nuclear research, one of the displays at the Texas Nuclear Science Symposium held this week at the University of Texas. The students are Gary Perser, 408 Thirty-second street and Doug Pitner, 3011 Avenue D. They were guests of Texas Electric Service Company at the four-day meeting in Austin which was co-sponsored by the University and the Texas Atomic Energy Research Foundation, composed of 10 electric power companies operating in Texas.

Asks Assist For Safety Program

AUSTIN (AP) — Insurance companies were urged to get behind Gov. John Connally's highway safety program Wednesday. The suggestion came near the end of a day-long hearing on proposed higher car insurance rates.

Actuaries—insurance statisticians—of the State Insurance Board recommended rate increases that average 5.9 per cent statewide for all kinds of car insurance, all classes of drivers. The boost won't be that large, however, for the typical driver.

The proposed average statewide increase in the key liability category—property damage, bodily injury, medical payments—is 10.6 per cent.

Rates are set by geographical areas and driver categories.

Will Davis, state Democratic chairman, spoke briefly in his capacity as attorney for the Ranger Insurance Co.

Rates, said Davis, are the product of accidents caused by autos, drivers and roads. They will go down, he said, when accidents decline.

"I can't help but take the opportunity as state Democratic chairman of reminding you that the governor has offered as part of his program a well thought out highway safety program," Davis said.

"This is the only way by which insurance rates can be reduced."

Connally recommended last year, but failed to get legislative enactment of, a program including additional police, a new code of traffic laws, stronger licensing requirements, courts of record for traffic cases and driver education for all students of high school age.

For the typical driver, who is over 25 and drives to work, but doesn't use his car for business, liability rates, for basic coverage, will increase not more than $7. Big increases, however, were indicated for young male drivers.

The board will act on the proposed rate change later, probably before Aug. 1 when new rates usually take effect.

Some companies and organizations asked for a program penalizing bad drivers with higher rates for serious traffic offenses and accidents. Also requested was graduated rates for young people, with 17-year-olds paying the most, rather than single rates within categories and rating areas for all men under 25.

Wins Post By One Vote

AUSTIN, Tex. (AP) — Gray Miller of Houston won election as governor of Texas Boys State by a single vote early today.

Young Miller, candidate of the Longhorn Party, defeated Steve Sanford of Booth, the Pioneer Party nominee, 371 to 370.

Balloting on officers of the annual Boys State, sponsored by the American Legion to teach how government works, did not begin until after 11 p.m. Wednesday. It was 1:30 a.m. before the votes could be counted and results made known.

Steve Mims of Dallas was elected lieutenant governor, polling 375 votes to 366 for Jim Wright of Texarkana. Rashad Dabaghi of Huntsville defeated James Beane of Marshall 424 to 313 for attorney general.

New officers were to take their oaths of office and assume Boys State duties today.

Freed Under Bond

LAZBUDDIE, Tex. (AP) — Roy Renfro, 50, a farm hand, was released under $10,000 bond Wednesday after being charged in the fatal shooting June 7 of LeRoy Lovelace, 51, of Earth, Tex.

Canadian Oilmen Hear T. D. Barrow

CORPUS CHRISTI, Tex. (AP) —T. D. Barrow, director of Humble Oil and Refining Co., told 600 U.S. and Canadian oilmen today in a prepared speech that harmonious cooperation of the oil industry and the government is vital to the industry's growth.

Barrow addressed the American Association of Petroleum Landmen's meeting.

He said federal leasing policies in high potential areas of the Continental Shelf will determine the success of the U. S. petroleum industry in meeting future energy needs.

Barrow said the newly established Public Land Law Review Commission affords the industry the chance to suggest improvements in its leasing laws and practicies.

He recommended keeping a "competitive basis with a minimum of changes." He said the competitive bids at open sales after public notice should be continued for outer Continental Shelf lands, but he said acreage limitations should be eliminated.

Delegates from 19 states and several Canadian provinces registered for the two-day meeting. More than 750 persons were expected for the 12th annual meeting.

This afternoon, George Bush of Houston will discuss "Offshore oil—a businessman's challenge." Bush, Republican nominee for congressman from Harris County, is former president of Zapata Off-Shore Co.

Sen. John Tower, R-Tex., will speak Friday on federal versus state control of conservation.

Three Die In Crash

HEARNE, Tex. (AP) — A flaming crash of two automobiles killed three persons and critically injured a fourth about 3½ miles south of Hearne Wednesday night.

Killed when a sports car crashed into the rear of a station wagon were Gail Ilene Clepper, 18, driver of the station wagon, and her sister, Janice Marie Clepper, 12, both of Bryan, and Doug Baxter, 36, driver of the sports car.

Jimmy Paul Ernest, 21, of Jasper, Ala., was taken to a Hearne hospital in critical condition. He was a passenger in the sports car, police who investigated the accident on U.S. 190-Texas 6 said.

The Clepper sisters were the daughters of C. A. Clepper of Bryan. Baxter was service manager of a Rockdale automobile agency.

William T. Driver, 1966 Plymouth, from Thomas Chrysler-Plymouth.

Pasotex In New Chevron Division

Charles L. Reasoner has been appointed manager of the newly-named Chevron Pipe Line Co., Southern Division, El Paso.

The company was formerly known as the Standard Pipe Line Division of the Salt Lake Pipe Line Co. and operators of Pasotex Pipe Line Co. The name Pasotex will no longer be used and its properties will be acquired by Chevron Pipe Line Co., Southern Division.

Reasoner replaces E. I. Allen who has been appointed to the position of President and Manager of the Chevron Pipe Line Co., headquartered in Salt Lake City and formerly known as the Salt Lake Pipe Line Co.

Allen first went to work for Pasotex Pipe Line Co. in 1946 at El Paso. He has held positions of field management at Snyder, Wink and El Paso. In 1955 he was made manager of Standard Pipe Line Co. Division.

Reasoner started his career in 1934 with Standard Oil of California in the general engineering department in San Francisco. From there he held various positions of management throughout California as well as serving as a commissioned officer in the Corps of Engineers for five years. A native of Colorado he graduated from the University of California in 1933 with a BS degree in civil engineering. He is going to El Paso from San Francisco where he has been assistant manager of the pipe line department for Standard Oil Co. of California, Western Operations, Inc.

In announcing the appointments, C. D. Mims, president of the Denver - based Chevron Oil Co., Western Division, said both appointments will become effective July 1 coincident with the name change on that date. Chevron Oil Co. is the owner of the common carrier Chevron Pipe Line Co., he said, and in turn is owned by Standard Oil Co. of California.

Tell Cuban Atrocities

MIAMI, Fla. (AP) — Exiles claim the Fidel Castro regime is executing political prisoners en masse bleeding them first, and sending their blood to Communist Viet Nam.

There were 166 executions last May 27 at La Cabana fortress prison in Havana, Dr. Miguel Angel Olba Benito, secretary-general of the Commission for Humane Treatment for Political Prisoners in Cuba, told an exile meeting Wednesday night.

Before shooting the prisoners, an average of seven prints of blood was extracted from each, said Dr. Olba Benito, formerly a prominent Cuban lawyer.

He addressed the Cuban Lions Club in Exile at a special meeting in memory of three members of the club executed two years ago in Cuba.

Prisoners Moved As Officials Clash

KAUFMAN, Tex. (AP) — City prisoners will be taken to the neighboring town of Terrell, at least temporarily, after what Kaufman Mayor A. R. Mora called a "clash of personalities" between the sheriff and city police chief.

Traditionally, Kaufman has used the Kaufman County jail for city prisoners.

Last Saturday the doors were shut when H. L. Evans was sworn in as police chief. The sheriff, Roy Brockway, unseated Evans two years ago after Evans had served as sheriff for eight years. Evans had served as police chief in 1945 and 1954.

From 10 to 20 city prisoners had been lodged in the county jail each month. The city of Terrell has volunteered its jail.

Asian States Form Council

SEOUL, South Korea (AP) — Nine nations facing Communist China announced the formation of an "Asian and Pacific council" for regional cooperation today, then joined in deploring the rejection of moves to bring peace to Viet Nam. The new council will be known as ASPAC.

The joint communique of the Asian-Pacific conference of foreign ministers in Seoul did not mention the Communists, but the wording implicitly referred to the rejections by North Viet Nam and the Viet Cong of Western peace offers, delegates said.

The communique, hammered out after differences cropped up on the third and final day of the conference, also deplored nuclear tests in the area. It did not name France or Communist China specifically, but they were obviously meant.

BIRTHS

Mr. and Mrs. James E. Cain, 400 Twenty-ninth, are the parents of a 4 lb. 13 oz. baby boy, born at 2:10 p.m. June 15th.

Come to ROD'S corner.
