LATE NEWS BULLETINS

SWANSON ORDERED TO HAVANA

WASHINGTON, Sept. 6 (AP)—President Roosevelt today directed his secretary of the navy, Claude Swanson, to proceed directly to Havana, Cuba, aboard the cruiser Indianapolis. Swanson will sail from Annapolis at 4 o'clock today and will arrive in Havana Friday morning.

STORM WARNING IS ISSUED

WASHINGTON, Sept. 6 (AP)—The Weather bureau today issued the following warning: "Small craft warnings displayed from Jacksonville, Florida, to Beaufort, N. C. "Disturbance central between Macon and Savannah, Ga., moving slowly north northeastward. Will be attended by fresh to strong shifting winds today diminishing tonight."

SEVIER NAMED ENVOY TO CHILE

WASHINGTON, Sept. 6 (AP)—President Roosevelt today formally appointed Hal H. Sevier, of Texas, to be ambassador to Chile. Sevier's appointment previously was assured.

HURRICANE DEATH LIST SHRINKS; LOSS MOUNTS

Ford-NRA Hitch May Be Removed

EXPECT DIFFERENCES TO BE IRONED OUT IN NEAR FUTURE

(By The Associated Press)

DETROIT, Sept. 6 —A wage revision was in progress today at the Ford Motor company plant, interpreted generally as part of a plan by Henry Ford to "go the NRA one better," but from another quarter came an indication that Ford and the blue eagle might eventually get together.

Directors of the Dearborn NRA unit decided that Ford, most prominent "hold-out" of the organized recovery movement, should remain as honorary chairman, and Casper B. Hughes, the active chairman, said he had been told that differences between the motor magnate and the recovery administration finally would be ironed out. Ford accepted the honorary chairmanship four weeks ago. His name is on the committee's letterheads.

Compromise Expected

"We decided he should continue as before," Hughes said, "since we are convinced that Mr. Ford and the NRA organization will reach a compromise within a few days." He said company officials had told him Ford would indorse the movement.

No formal announcement of the wage revision, said by one official to be a "gradual process," has been made and none is expected at least until Ford returns late this week from his Huron mountain retreat near Big Bay, Mich. It was indicated however, that some 10,000 of the estimated 40,000 workers have received increases from $4 to $4.80 a day.

CODES AFFECTING MILLIONS TACKLED

WASHINGTON, Sept. 6. (AP)—Industrial codes reaching millions of workers in the retail and construction trades forged through NRA's machinery today as Hugh S. Johnson bundled up vital blue eagle achievements and problems for President Roosevelt's examination.

Step Nearer Taken Toward Dollar Oil

TULSA, Okla., Sept. 5. (AP)—A step nearer the dollar oil they desire, midcontinent crude oil producers today awaited announcements of additional increases by purchasing companies.

Leading price makers, the buying units of the Standard Oil companies of New Jersey and Indiana, announced 10-cent advances yesterday to 82 cents peak for best Oklahoma and Kansas grades.

Meetings Of Wheat Program Continued

Meetings for the purpose of explaining the government wheat allotment program were continued in the county today. County Agent O. G. Tumlinson met with residents of Estacado at 9 o'clock this morning, and was to be at Becton at 2:30 p. m.

Another meeting is scheduled at 8 o'clock tonight at Liberty. Meetings tomorrow will be as follows: County Line, 9 a. m.; Caldwell, 2:30 p. m.; Monroe, 8 o'clock. Friday's sessions will be: Shallowater, 9 a. m.; joint meeting of Hurlwood, Wolfforth, and Carlisle at Hurlwood, 2:30 p. m.

REVUE TICKETS ARE ON SALE

Should you want to see what Lubbock merchants have to offer in the way of fall styles in connection with a smashing hit of the current musical revue season, you'd better buy your ticket early for the Heads Up Revue and Style Show at the Senior High school auditorium Thursday night.

Get your tickets today or tomorrow at the Avalanche-Journal, 1211-13 Texas Avenue, and avoid the boxoffice rush! The price is 55 cents, including government tax, for any seat in the house.

Styles of a century ago as well as those of this fall and winter will be shown, in addition to the floor show presided over by Jimmie Jefferies, rotund razzeur of Station WFAA.

Thirty-two living models will be seen in style displays and Ligon Smith, his orchestra and other famous stars will entertain.

Don't miss it!

INMATES RIOT IN HOSPITAL

ONE INSANE CRIMINAL IS SLAIN AND TWO OTHERS OVERCOME

(By The Associated Press)

MATTEAWAN, N. Y., Sept. 6— One inmate of state hospital for the criminally insane was shot to death by a state trooper and two others were overcome by tear gas when officers forced their way into a small room where four crazed men had barricaded themselves during an attempted escape early today.

Ray Fisher, 26, of Buffalo, leader of the attempted break, was killed by Trooper Robert Galvin. Fisher had levelled a .22 calibre revolver at Galvin when the latter crasned through the door.

Others Overcome

The trooper, his gun already drawn, fired a bullet through the young desperado's heart. Two of the remaining three were sprawled on the floor where they had fallen, overcome by the enormous amount of tear gas fired into the room. They were James Ellis of Brooklyn and Skelley Marshall of New York City.

The oldest of the four, Reinhardt Volz of New York, an inmate for 12 years, was found unharmed in a washroom nearby.

The men had struck a guard down with a chair shortly after 1 a. m. and made a dash from the large ward where they were kept with 64 other patients. More than 60 guards, state troopers, and other officers had surrounded the room where they were barricaded with their one revolver.

Inmates On Rampage

Meanwhile, the inmates in the ward had gone on a rampage, smashing furniture and windows in the room where they were held with two guards. They completely wrecked the room, but did not molest the guards.

JAIL EMPLOYE AND ANOTHER IMPLICATED

FEDERAL AGENTS SAY PRISONER DELIVERED BY "INSIDE DEAL"

(By The Associated Press)

DALLAS, Sept. 6.—The Dallas Times Herald says federal authorities investigating how Harvey J. Bailey, alleged "brains" in the kidnaping of Charles F. Urschel, wealthy Oklahoman, obtained a pistol and saw blades to effect his escape Monday from the Dallas county jail expect to make two arrests here today.

The investigators have reached the conclusion, the paper says, that two men assisted Bailey and that he did not escape but was "delivered" from the jail by virtue of an "inside deal" in which one or more jail employes participated.

Jailer Implicated

"The three central figures involved in the network of incriminating evidence," the paper continues, "are Bailey, a trusted employe of the jail and a third, outside person, who has talked to Bailey since his incarceration here.

"Certain assertedly suspicious acts of one or more persons working in the jail are being checked where there is the least semblance of circumstances pointing to complicity.

"None of the three can be counted on to talk, investigators realize; therefore, they are relying mainly on incriminating evidence that may result from a complete check on the serial number of the pistol that was smuggled in to Bailey."

Electric Rates In Southwest Studied

Dr. C. A. Duval of the economics department of Texas university was in Lubbock today in connection with a study of electric rates in the southwest. He was examining records of the municipal plant here.

He said he was comparing rates in the southwest with the "promotional rate" system used in Canada.

"The domestic consumer in Canada pays about an average of a cent and a half per kilowatt hour, and the total bill, for all utilities, runs between $4 and $7 less than for the average Texas family," he said. "The average rate in the southwest is about six cents per kilowatt hour. The average domestic rate in the southwest probably is 200 per cent too high."

He declared that consumption would increase rapidly as the price was lowered. The increase in Canada was about eight times the amount of electricity used before rates were lowered, he said.

Misapplication Of Funds Is Charged

GRANBURY, Set. 6 (AP)—Floyd A. Jones, city manager of Granbury, and B. H. Cruce, city secretary, today were at liberty on charges of misapplication of funds of the Texas Rehabilitation and Relief commission. The charges were filed by Mrs. Ida Darden of Fort Worth, special investigator for the state.

It is claimed by the state that the defendants misapplied $100 which had been issued as relief money during a period from June 30 to August 5.

U.S. Marines To Be Rushed Into Cuba If Needed

TWELVE HUNDRED ARE BEING CONCENTRATED AT VIRGINIA BASE

(By The Associated Press)

WASHINGTON, Sept. 6.—President Roosevelt has ordered a concentration of 1,200 United States marines equipped as an expeditionary force at Quantico, Va., with instructions to be ready to move toward Cuba immediately if the need arises.

Detachments of marines were being rushed throughout last night and this morning toward the Virginia base from New York, Philadelphia, Washington, Portsmouth, Va., Norfolk and Parris Island, S. C., to have the concentration completed by tomorrow noon.

Today the movement was well ahead of schedule and troops could be moved toward Cuba immediately, if orders were forthcoming.

Orders Awaited

One marine officer, disclosing the concentration, said marines at Quantico this morning were "all dressed up with no place to go," with further orders expected momentarily.

The transport Henderson now is tied up at Norfolk, and if orders were given to send troops to Cuba it probably would be selected as the transporting ship.

The Henderson was scheduled to have sailed at midnight Friday, taking a group of senators and representatives on a tour of naval bases and for a review of the fleet on the west coast. These arrangements might be cancelled if it became necessary to use the Henderson to land marines in Cuba.

JUNTA TAKES OVER CONTROL OF CUBA

HAVANA Sept. 6. (AP)—Within gun-range of an American destroyer a junta of five professional men took charge today of the second revolution-born government Cuba has had in less than a month.

This "executive commission for provisional government," named after the rank and file of Cuban defense forces had driven out President de Cespedes and his cabinet, will rule until an actual revolutionary regime is established.

Its members met this morning to outline their policies, to seek the return of order, to demand recognition by other nations of the new administration, and to formulate

SPECIAL SESSION CALL IS DELAYED

AUSTIN, Sept. 6 (AP)—Belief was expressed today that Governor Miriam A. Ferguson had decided to defer for another week at least issuance of a call for a special session of the legislature to convene.

She said some weeks ago that September 11 likely would be selected for the legislature to meet. Her husband, James E. Ferguson, said last night no definite decision had been made.

The legislature will consider legislation necessary for the issuance of state bonds, proceeds of which would be used in relieving distress caused by unemployment. A proposal to amend the constitution to permit the issuance of bonds not to exceed $20,000,000 was approved by the voters in a special election on August 26.

To Suspend Three More Mail Routes

WASHINGTON, Sept. 6 (AP)—Suspension of three more air mail routes on September 15 was announced today by Stephen A. Cisler, in charge of the service.

These are Amarillo to Dallas, Texas, Charlotte, N. C. to Augusta, Ga., and Detroit, Mich. to Columbus, Ohio.

Cisler emphasized that the cutting off of these services was temporary suspension, due to financial emergency.

SEE HIS HAND!

★ ★ ★

Tentative candidate for the "Kingfish" medallion which is to be struck off to honor the man who biffed Huey Long, is Captain Al Williams, the speed flyer. Evidence that he was the hero of the Battle of Long Island was the iodine-painted swollen right hand he revealed when, as shown here, he appeared at Roosevelt Field.

DEATH CLAIMS A. E. HELBER

JEWELER HERE FOR 21 YEARS SUCCUMBS TO HEART AILMENT

A. E. Helber, 64, a jeweler here 21 years, died in his home at 1810 Avenue K at 4 30 o'clock this morning. Mr. Helber had been confined to his home, suffering a heart ailment, for 19 months.

Funeral services will be conducted at 3 o'clock Thursday afternoon in the home by Dr. J. M. Lewis, First Presbyterian church pastor. Burial, directed by Rix Funeral home, will be in Lubbock cemetery.

Mr. Helber came to Lubbock in 1912 and opened a jewelry store. He was a member of the Rotary club until illness prevented his attendance.

He is survived by his widow, one son, Marcus Helber of Lubbock, and one daughter, Mrs. R. C. Reeves of Pueblo, Colo.

OIL PRICES ADVANCED

HOUSTON, Sept. 6. (AP)—The Humble Oil and Refining company, Standard of New Jersey subsidiary, today announced a 10 to 15 cent advance in crude oil prices. The advance is statewide.

FOURTEEN DIE IN COLLISION OF TRAINS

TWENTY-FIVE INJURED AS WOODEN COACH IS TELESCOPED

(By The Associated Press)

BINGHAMTON, N. Y., Sept. 6.—Fourteen persons were killed and 25 others injured, some of them so seriously they are expected to die, as a milk train plowed into a Chicago to New York flyer of the Erie railroad at the city's eastern outskirts last night. The flyer, en route to New York, had been stopped by a switch engine at work ahead.

All of the dead were taken from a wooden coach, that sandwiched between cars of steel and three cars from the end of the flyer, telescoped like an accordion in the hands of an enlarged giant. One moment before the coach had been filled with homegoers, many of them returning from vacations. The next it was a mass of splinters and twisted steel.

Ambulances Rushed

Every hospital in Binghampton, Johnson City and Endicott sent ambulances to the scene. Motorists, traveling on a state highway that skirts the tracks where they follow the Susquehanna river, converted their machines into ambulances, carrying injured to operating rooms.

M. H. King of Elmira, engineer of the milk train, running between Hornell and Hoboken, said "I didn't see the signal light in time to stop. It happened too quickly. We were coming around a curve."

The dead were: B. Vavrozski, Brooklyn; Mrs. Anna Huse and her daughter, Muriel, 13, Passaic N. J.; Harry Lannon, 38, Donald Burns, Harry Westfall, 44, Eli Stanaken, M. C. McCollom, Mrs. M. T. Keane, Mrs. Mary Bouille, Mrs. Frank Comfort, Mrs. Arthur Testkey, all of Susquehanna, and two unidentified women.

Big Spring Youth Killed At Denton

DENTON, Sept. 6. (AP)—A youth identified as Allen Murworth of Big Spring was killed and a companion, G. A. Lovell of Denison, was injured critically when struck by a train south of here last night. Lovell was brought to a hospital here for treatment.

VERMONT FAVORS DRY LAW REPEAL

MONTPELIER, Vt., Sept. 6. (AP)—Vermont was on record today as the 25th successive state to vote for repeal of the 18th amendment.

A light vote was cast yesterday by citizens of the Green Mountain state, long a stronghold of prohibition forces, and by midnight the complete vote of the 248 towns and cities was:

For repeal, 41,220; against, 20,631.

A ticket of 14 delegates, representing each of the 14 counties, will meet at Montpelier to ratify the 21st amendment by which the 18th would be repealed.

Only three counties, both rural in character, were listed in the dry column.

STORM RIPS INTO MEXICO

(By The Associated Press)

EDINBURG, Sept. 6.—Amid rumors from only slightly penetrated districts that the bodies of many dead are lying along highways, citizens of the lower Rio Grande Valley had today definitely accounted for 18 dead, 1,500 injured and a property and crop damage estimated at all the way from 15 to 50 millions of dollars as the result of the tropical hurricane.

Smashing the cities of Harlingen, Brownsville and San Benito and the Mexican city of Matamoros, across the Rio Grande from Brownsville, the shrieking storm today apparently was ripping across northern Mexico. Travel was suspended over the Laredo-Monterrey section of the Pan-American highway after the latter Mexican city reported storm damage and hard blows.

Uncounted thousands in battered cities and farmlands in the onetime 'garden area' of the Southwest had been driven from their homes by the worst storm in the history of the section. Hundreds of houses were laid waste or damaged in the wind and accompanying heavy rainfall.

While earlier reports had indicated that Brownsville, with 20 dead and many injured, had been hardest hit, information trickling out of San Benito today was to the effect that that city and Harlingen were more greatly devastated. J. C. Baxton and J. J. Raidt, McAllen telephone company officials, penetrated as far as Harlingen on an inspection trip today returning with the news that "at least 100 persons had been killed in San Benito". Harlingen reported 10 dead and Rio Hondo two.

A new report from Brownsville at 2 p. m. said no one there had been killed and only 20 seriously enough injured to require medical attention. Eight hundred, however, are homeless there, and six are dead at Matamoros.

The Path Of The South Texas Storm

(By The Associated Press)

The tropical hurricane which attacked Texas all along its southeastern coastline moved in from the Gulf of Mexico from just south of east and followed a fairly straight line into the interior, apparently fading out some 100 miles inland.

It swept a path several hundred miles wide, from Freeport on the north to the small Mexican towns just south of Brownsville. The Weather bureau estimated that the center of the storm passed inland between Brownsville and Corpus Christi, perhaps nearer the border city.

The devastating winds which twice struck Harlingen were described as being in the middle of the southern half of the hurricane. Harlingen first was hit from the northeast and then from the southeast.

As the hurricane moved north of west, towns and cities on the northern edge of it were spared the severe damage inflicted on the lower Rio Grande communities.

The scope of the disaster became gradually known as first rescue parties began to penetrate a wide Texas area isolated since Monday night by the storm which howled up from the tropics and wreaked devastation yesterday.

Word came from Washington that Harry Hopkins, federal relief administrator had moved to assist the sufferers in Texas and Florida. Carloads of food, paid for from federal funds, were en route.

Red Cross Issues Call

The Red Cross, meanwhile, issued a statement appeal in Texas for a relief fund. Its representatives already were on the ground.

In Washington, Congressman Milton West, in whose district the hurricane wrought such havoc, began the efforts to obtain federal aid. He appealed to the Home Owners Loan corporation to approve immediately a program designed to afford funds quickly to the homeless.

It was learned authoritatively that James Shaw, the corporation's Texas manager with headquarters in Dallas, would be directed to make an immediate and thorough survey of the matter with a view to quick and final action.

All those who escaped injury when the tropical hurricane struck late Monday night and early yesterday already had started the work, however, and the attention of the new arrivals was turned to administering to the needs of the less fortunate.

Improvised hospitals in public buildings and larger homes soon became the scene of greater activity and the food and water supplies hurriedly assembled at San Antonio, Corpus Christi and other points allayed fear of additional suffering. Tank cars of water and refrigerators filled with perishables were included in the shipments.

Doctors Hurry In

One train from San Antonio brought 150 regular army doctors, nurses and ambulance drivers under the command of Col. Louis Brechemin, jr. It carried 2,000 pounds of bread, ten-days' rations for the troops, blankets, cots, bed sacks, and radio equipment. Motor ambulances were made available to bring in all stricken in the outlying districts.

Communications from the center of the hurricane area remained handicapped by levelled poles and lines and reports of the progress of the rehabilitation work came slowly. Several of the relief agencies planned to communicate directly with their home bases as soon as they made their surveys.

Wires Are Jammed

In addition to the damage done by the storm itself, all wires were jammed with frantic inquiries from relatives and friends of citizens in the three hard-hit cities of Harlingen, San Benito and Brownsville. Very few had been able to send out messages telling of their safety and civic leaders and the relief details were unable to compile a complete list of the casualties.

The State Highway department concentrated every available man and all equipment in the vicinity of Corpus Christi and the small towns to the south, ready to repair as rapidly as possible the debris-filled and washed out roads.

Radio Communication Made

Communication with Brownsville was established from the outside world for the first time today

(Turn to Page 7, Column 2, Please)

THE WEATHER

WEST TEXAS: Partly cloudy tonight and tomorrow.

EAST TEXAS: Partly cloudy tonight and tomorrow. Light to moderate easterly winds on the coast.

OKLAHOMA: Fair tonight; tomorrow, partly cloudy.

PRAYER MEETING TONIGHT

COTTON STATES PLAN TO WORK WITH GOVERNMENT ON CONTROL OF CROPS

(By The Associated Press)

ATLANTA, Ga., Sept. 6—The cotton states today laid plans to work with the government toward a crop control program to balance production with demand for the next two years.

At sectional meetings in Atlanta, Memphis and Dallas, leaders met yesterday and endorsed the government's suggestion that they join in a reduction plan both to help the market now and in the future.

Growers from Alabama, the Carolinas, Georgia and Florida met in Atlanta and approved both bale and acreage slashing. At Memphis, Louisiana, Mississippi, Arkansas and Tennessee growers voted to approve any plan the government might adopt and unanimous endorsement was given the tentative

LUBBOCK COUNTY RED CROSS CHAPTER ASKED TO AID STRICKEN STORM AREA

Lubbock county chapter of American Red Cross has been urged by William M. Baxter, jr., manager, of St. Louis, to conduct a campaign for funds to aid the stricken Rio Grande valley region.

The telegram was sent to Rev. W. P. Jennings, chairman of the local organization. The minister is in Palestine conducting a revival, and the message, received at his home, was to be referred to other Red Cross members here.

The message outlined the destruction wrought by a hurricane in the valley. "Your chapter should immediately issue an appeal for relief funds and request the cooperation of the press," it said. Red Cross work already has begun in the area, Baxter wired.

Additional Hurricane News On Page 7.

Patriotic Appeal Made To Women To Support President's NRA Program; Drive To Be Made

Answer Questions At Meeting Today

There was a patriotic appeal to women of Lubbock to help make the NRA program a success at a mass meeting of women this morning at the Hilton hotel.

Mrs. William Dingus, chairman of the women's speaker's bureau, made the address.

A house-to-house canvass will be made Thursday in an attempt to get every woman's signature on a consumer's pledge to support NRA members. This drive, which is to be directed by Mrs. R. D. Moxley, is to start at 9 a. m. from the Hilton hotel and is to be completed during the morning. More than 200 women are to make the drive and are to meet at the Hilton hotel ball room promptly at 9 o'clock to receive instructions.

Many Sign Pledge

Questions were answered at this morning's meeting, following Mrs. Dingus's address. Many who were there signed the pledges and were given Blue Eagles to display in their homes. These places will not be visited Thursday.

Mrs. H. F. Godeke presided at the meeting.

Mrs. Dingus compared the present situation to that of a sick man. The President and his expert advisors, she said, have diagnosed the depression disease and have outlined a remedy. Whether or not the cure is effected depends upon the people, particularly upon the women, she stated.

Tells Woman's Part

She said that women, who spend 85 percent of the American income, need to keep money in circulation. She urged the women to encourage their husbands, many of whom are NRA members. She spoke of this occasion as a crisis and said that woman's power is in her purchasing ability.

Those who sign consumer's pledges agree to support and patronize the NRA members—merchants who have reached an agreement with the President in an effort to help end employment and provide living wages.

The distinction was explained between NRA members—those who have signed agreements with the President—and NRA consumers—those who agree to patronize the members. Women of the city are being asked to pledge their support as consumers to the NRA members. These pledges are to be signed in the house-to-house drive Thursday morning.

Names of additional workers for the drive were announced this morning by Mrs. Jerome H. Smith, one of the majors. Three captains and their lieutenants are as follows:

Mrs. R. L. Clinkscales—Mesdames M. H. Hughes, Jack McGinnis, Tom Young, H. R. Tucker, W. B. Powell, C. Sanders, Paul Hardwick and Herbert Stubbs.

Mrs. J. L. Quicksall—Mesdames George Benson, Edgar Shelton, S. T. Cummings, Glen Howard, Kelley Hall, W. C. Pryor, R. V. Kimmel and Miss Evelyn Hawkinson.

Mrs. L. E Davis—Mesdames H. L. Cain, T. L. Shepard, F. W. Zachry, J. B. Acton, J. D. Carnett, R. B. Reeds and Miss Nell Goodloe.

Two Church Units Meet For Prayers

There were annual week-of-prayer programs for members of the College Avenue and Calvary Baptist congregations Monday. The programs are on state missions.

Members of the Calvary Women's Missionary society gathered at the church for an all-day program. Lunch was served at noon. Mrs. C. J. McCarty, wife of the pastor, was program chairman.

The morning devotional was led by Mrs. H. R. Sprawls and Mrs. J. H. Comer led a devotional in the afternoon. Mrs. O. J. Hull, president of the Lubbock Association of the Baptist Women's Missionary union, spoke.

Mrs. Cooper Speaks

"What the NRA Means to Women of America" was discussed by Mrs. J. R. B. Cooper.

There were 20 women present.

Members of the College Avenue Baptist society met with Mrs. H. A. Butler, 1713 Twenty-First street. This was their second program in a series on state missions.

Mrs. Butler led a devotional. Talks were made by Mesdames S. M. Wilson, R. L. McDonald and Boyd P. Milburn. Mrs. Don Gray, who is an ex-student at Buckners Orphans home, told of life there.

An offering was taken to be sent to the Baptist state mission board.

Afternoon Meetings Set By Girls

Cheemi-Akipsia Camp Fire girls will meet each Wednesday afternoon after school in the future, according to an announcement made following a meeting Tuesday morning in the J. E. Conner home. The girls have been meeting on Tuesday mornings during the summer.

Those at the meeting were Pauline Barrier, Annie Belle Wood, Martha Lee Montfort, Myrtle Lee Foster, Dorothy James and Mrs. Edward Blackwell.

Woodrow Couple Is Married Here

Miss Verlie Bumpass and C. F. Blankenship of the Woodrow community were married Saturday morning by the Rev. J. D. Welch, pastor of Central Baptist church, in his home. The couple is at home in Woodrow. Several of their friends attended the wedding.

Brevities

Civil Cases Heard—Hearing of civil non-jury cases continued in 99th district court before Judge Clark M. Mullican this morning. Three divorces were granted. A district court grand jury had reported no indictments at noon. The jury yesterday began an investigation of criminal cases which accumulated since last March.

• • •

Fined For Drunkenness—A man arrested Monday in the 1400-block of Seventh street and charged with drunkenness pleaded guilty and was fined $15 in corporation court. He still was held this morning, police said.

• • •

Committee To Meet—Members of the Sea Scout training committee, of which T. C. Lamb is chairman, will meet at the scout office in City hall at 1:30 o'clock Thursday afternoon to make plans for the course which will begin Tuesday, Sept. 19. Other members of the committee are R. F. Huie, H. H. Jons, and Dr. B. F. Stephens, who will conduct the course. Boys and men, older than 17 years, are eligible for the course, which is sponsored by the American Legion here and which will be conducted in the legion hall.

• • •

Services Continue—Special services are continuing at the First Methodist church. Dr. W. C. Martin of Dallas is preaching twice daily at 10 a. m. and 8 p. m. This evening has been designated as Young Peoples' night. There is to be a service for elderly people Thursday morning and Thursday night will be Mothers and Daughters night.

• • •

Arguments Set Today — Arguments in the case of A. W. Stewart, charged with theft of a loud speaker from a local radio station, will be given in county court this afternoon. Testimony was closed this morning, County Attorney Vaughn E. Wilson said.

• • •

Postal Receipts Drop — Acting Postmaster M. M. Brown yesterday said that Lubbock's postal receipts for August fell 14 per cent from the corresponding month in 1932. Receipts were $7,986.53, compared with $9,336.03 last year, a loss of $1,349.50.

• • •

Grants 15 Divorces—Judge Clark M. Mullican of 99th district court granted 15 divorces yesterday afternoon. According to District Courts Clerk Chas. B. Metcalfe, 48 divorce suits were filed during July and August.

• • •

NRA Discussed —More than 500 persons in the district court room last night heard a discussion of NRA programs and their relations to the consuming public and the working class. N. M. Gosdin, president of Central labor council presided. Judge Homer L. Pharr urged the crowd to support the NRA program. Chairman Gosdin and Tim Stovall, president of the I. T. U. local, spoke on the organization of crafts and the extension of the present organization. Tom Carter, labor representative on the central NRA committee, discussed enforcement of the program.

• • •

To Present Program—A program will be presented at Broadway Church of Christ at 8 o'clock this evening by 19 children of Boles Orphans' home near Greenville. The program is open to the public. The children will be accompanied by C. T. McCormack, who is song director.

• • •

Revenue Officer Here—H. S. Davis, formerly of McKinney, has moved to Lubbock to take charge of the processing tax division of the internal revenue office in this area. His first work will be to call on all dry goods and grocery stores, wholesale and retail, in the 27 counties of this territory. He also will contact cotton mills and others engaged in the processing of cotton and flour mills processing wheat.

• • •

Recruit Accepted—Accepted as a recruit in the United States army, Timothy T. Hurley of Tucumcari, N. M., has gone to Fort Bliss. He was assigned to the field artillery, according to Sergeant E. O. Slater, recruiting officer.

• • •

Harvey Acquitted—A county court jury yesterday afternoon acquitted W. H. Harvey of a charge of drunkenness.

• • •

Mullican To Speak—Judge Clark M. Mullican of 99th district court will speak at a mass meeting on the NRA tonight at Lorenzo. Business men of Lorenzo arranged the meeting to acquaint the people with the aims and objectives of the drive.

• • •

Car Hits Wagon — A car was wrecked and a wagon badly damaged when a car driven by Neal Purdy, Anton, sideswiped a wagon driven by Earl Carver two miles south of town on highway No. 9 last night. One of the mules was crippled. Occupants of the vehicles were uninjured. Jack Reaves, state highway patrolman, investigated the accident.

Tuesday Class Has Meeting Yesterday

Mrs. W. H. Trice taught a lesson from Romans Tuesday when the Tuesday Bible class members met with Mrs. Otis Taylor, 2215 fourteenth street.

The meeting next Tuesday afternoon at 3:30 o'clock will be with Mrs. M. H. Duncan, 2205 Sixteenth street.

Those who heard the lesson Tuesday were Mesdames W. W. Ray, L. R. Wood, C. W. Ratcliff, W. D. Haney, V. M. Voegeli, J. L. Voegeli, B. T. Sumner, W. R. Kelley, G. A. Gunn, George W. James, N. A. Terrell, J. L. Anjier, A. L. Harris, Misses Ruth Voegeli, Ida Teague and Arline Harris.

LOCALS

Rev. and Mrs. Jeff D. Welch and daughter, Wanda Mae, are visiting Mrs. Welch's parents in Farwell. Mrs. Welch's sister, Miss Laura Chaney, returned with them after visiting here for several days.

Mr. and Mrs. J. T. Trigg, 2206 Twenty-Sixth street, returned Tuesday from a visit to Texarkana.

Misses Lois Pollard and Evelyn Horton, student nurses at Northwest Texas hospital, Amarillo, are spending two weeks here with their parents.

Mrs. E. C. Milner and daughter, Miss Marie Panther, are leaving Thursday for a visit in Midland with Mrs. Milner's daughter, Mrs. Bob Gregory.

Miss Luella Plumb left Tuesday for Houston, where she teaches school, after visiting in the home of her cousin, Mrs. A. H. Leidigh, and family, 2101 Seventeenth street.

Officers Installed At Night Meeting

Following a business meeting of the Order of the Eastern Star Tuesday evening, there was a social hour. About forty attended the meetings.

During the business hour, Mrs. Luther Bynum was installed as conductress. Mrs. J. C. Reynolds was seated as chaplain and Mrs. Kate James Lee was installed as organist.

All-Day Meeting Will Be Postponed

Because of the NRA drive Thursday, an all-day meeting of Circle 2 of the First Christian General Aid society has been postponed indefinitely, it was announced by the chairman, Mrs. C. C. Crenshaw, this morning. The women had planned to meet at the church and sew for the needy.

Baptist YWA Group Meets Tuesday

Miss Lorena Branch, 1509 Avenue K, was hostess to the Calvary Baptist Young Woman's auxiliary Tuesday evening in her home and Mrs. H. R. Sprawles taught a Bible lesson.

Those who attended were Misses Fannie B. Bratcher, Evelyn McCrummen, Billye Lewis, Iris Green, Irma Lois Harris, Muriel Lewis, Gertrude Schantz, Mrs. Sprawls and a visitor, Miss Jo Jean Ramey.

Club Season Opens Yesterday In City

The season opened for club women Tuesday afternoon when two study groups held the first meetings for September. These programs heralded the club season which will be in full swing before the end of September.

Clubs meeting Tuesday were the Shakespeare and 1933 Study clubs. There were programs, discussions of the NRA and other features.

Mrs. C. M. Chandler, president, presided for a business meeting that preceded the program presented at the 1933 Study club. This meeting was in the home of Mrs. L. T. Vaughn, 2507 Twenty-Second street.

Two Make Talks

Mrs. Hugh Norman and Mrs. C. C. Webb talked on history and geographical points of the United States.

Mrs. J. R. B. Cooper talked on the NRA.

Mesdames R. S. Wilkinson and Nell Vanzant were received as members in the organization.

Members of the Shakespeare club attended a "re-assembly day" program when they met with Mrs. L. E. McDowell, 2425 Twentieth street. Mrs. E. L. Banks was chairman.

Mrs. O. A. Terry talked on the life of Charles Morgan and Mrs. H. L. Cain reviewed his book, "The Fountain."

Although there was no speaker for the NRA, the club discussed the matter and voted to endorse the President's plan for economic recovery.

Miss Frances Burns has returned from a visit in Fort Worth.

DIES TODAY

* * *

A. E. Helber, below, pioneer jeweler of Lubbock, died at his residence at 4:30 a. m. today after an extended heart illness. He had been confined for the past nineteen months. Mr. Helber had been a jeweler here for the past 21 years. (Story on page one).

Music Pupils Are To Register Friday

Registration for piano and violin pupils in the public schools is set for Friday afternoon from 2 until 4 o'clock in Room 205 of the Senior High school, according to an announcement made Tuesday afternoon by Miss Mary Dunn.

DANCE to the newest tunes as interpreted by the old Maestro of the South!

"HEADS UP"

Thursday Evening, 8 O'Clock We Will Have

A toast to the ladies of 1933 . . . to the sophisticated sirens who glide in black satin, and to her dewey eyed, pastel garbed sister. Different, each of them, as night is from day, but graceful ladies both. And there lies the fashion formula for the new season. Grace and femininity throughout the mode . . . even down to the simplest sport frock.

Our Models

Mrs. Harold Griffith, Miss Olene Bates, Miss Helen Barstow, and little Miss Betty Ann McAfee, will model the smart attire of the season, for Craig-Gholson Company, Thursday evening, September 7th, at the High School Auditorium, in conjunction with "Heads Up".

Craig-Gholson Co.

Lubbock "The Woman's Store"

We invite you to the FALL FASHION SHOW

Held in conjunction with 'Heads Up'

featuring

LIVING MODELS

MISS MARY LEE BARDWELL
MISS ANN CALDWELL
MISS JEAN SHELLY JENNINGS
MISS ROSE MARY LEAVERTON

In this Fashion Show we have assembled the smartest of what's new for Fall. You will be thrilled with their beauty, and delighted with the splendid array from which you may make your selections.

Evening Wear!

No wardrobe is complete without the presence of a lovely Evening Gown. Note our Showing with care. We have the very Evening Gown for your individual type in our collection.

Sports attire!

"Nattiknits" and other smart lines of Sportswear are among the array of Knit and Woolens we are showing. You will be delighted with the smartness of Swagger Suits for your Fall Sportswear.

GAIN MADE IN EMPLOYMENT

NRA EAGLE INCREASES LUBBOCK PAYROLLS ABOUT $24,000

An increase of 20 per cent in employment and of approximately $24,000 in payrolls has been brought by the Blue Eagle to Lubbock, a tentative report of the local NRA campaign has revealed.

The report, although incomplete and lacking in details in several cases, showed clearly that President Roosevelt's recovery program has already begun to take tangible form here.

350 Back at Work

Three hundred and fifty persons have been put to work since local employers signed the President's Reemployment agreement three weeks ago. The report, secured by local NRA committeemen in the downtown drive last week-end, showed a total of 1,972 people employed in more than 500 businesses as compared to 1,611 before NRA signing started here.

Approximately 700 business firms of the city are under the Blue Eagle while 50 or 60 more who are still unsigned are making all possible arrangements to sign as soon as code difficulties are worked out. Most of these firms are small. Only a few employers in the city have made no effort to sign the NRA code, the report showed. Incomplete reports were made on 110 firms out of this group more than half have already been signed under the NRA.

All Classes Affected

The firm reports, covering every sort of business in the city, showed that all classes of labor have been affected by the increased employment. From day laborers to white collar workers, the increased employment and wages has been distributed.

The largest number of persons reported employed by one firm under the NRA was eleven. The greatest individual payroll increase was reported above $700.

SPEEDS ROAD TRAFFIC

STOCKHOLM (AP) — Goernment reports revealing that $25,000,000 was spent on roads in 1932, adds that 89 per cent of the nation's traffic is motor-driven and that the highways permit an average speed throughout the country of 30 miles an hour without risk.

Weds Richest

Harold S. Vanderbilt (below), America's richest bachelor, contract bridge expert and noted yachtsman, embarked on the good ship matrimony when, in a secret ceremony in New York, he married Miss Gertrude L. Conway (above), socially prominent sportswoman of Philadelphia. The couple sailed immediately for a honeymoon abroad. Vanderbilt is 49, his bride 32.

BRADLEY INDICTED ON MURDER COUNT

LEVELLAND, Sept. 6. (Special)—A grand jury in 72nd district court yesterday indicted V. L. Bradley, 53, a produce man, for murder in connection with the slaying of Tom Lattimer, 45, a water-well driller. Bond was set at $5,000.

Tentative date for the trial was set for Monday, September 18. District Attorney Dan Blair, said.

Shooting August 26

Bradley was represented by J. E. Vickers and Durwood H. Bradley of Lubbock and Carl V. Ratliff of Levelland.

The shooting occurred in front of the produce station operated by the defendant about 6 o'clock Saturday, August 26.

Bradley was free last week on a $2,500 bond pending his appearance before the grand jury.

HUNTS GOLD IN ASHES

CARSON CITY, Nev. (AP)—Robert Shiroda, prospector, is working the ashes of the closed Carson City mint for gold. The ash has been deposited by 60 years of gold refining process.

FAIR TOUR IS BEING MADE

SOUTH PLAINS PEOPLE INVITED TO ATTEND TRI-STATE EVENT

On a tour of 107 West Texas and New Mexico towns, Garford Wilkinson of the Amarillo Globe News staff and Bill Beechler, Amarillo civic leader, were in Lubbock Tuesday night and this morning inviting people of this section to attend the Tristate fair at Amarillo, Sept. 23-30.

"A new deal" for fair visitors is promised in this year's exposition, Wilkinson and Beechler said. Besides the usual exhibits which are to be larger than ever this year, eight days of horse racing, two big championship boxing matches, a Panhandle horse show and countless other features will be offered visitors to the fair, they said.

The midway, featuring C. F. Zeiger's United shows with 250 people and 25 stellar attractions and 12 thrilling rides, will offer all sorts of entertainment ranging from the latest in thrill makers to old fashioned Punch and Judy shows for the kiddies.

Muzzling of dogs during the summer months causes an almost immediate decline in the number of cases of rabies.

Suspect Held For Robbery At Bowie

BOWIE, Sept. 6 (AP)—A man suspected of kidnaping and robbing P. H. Reddy, Stoneburg postmaster, and Mrs. Reddy, the night of August 21, was under investigation here today. But the victims were unable to positively identify him. They said he resembled the robber. Officers decided to hold the suspect for further investigation.

Galveston Awarded Kiwanis Convention

ENID, Okla., Sept. 6. (AP)—Ed L. Hisel, of Oklahoma City, was chosen governor of the Texas-Oklahoma district of Kiwanis International here Tuesday and Galveston, Tex., was selected as the next convention city. Mineral Wells, Wichita Falls and Amarillo also sought the convention.

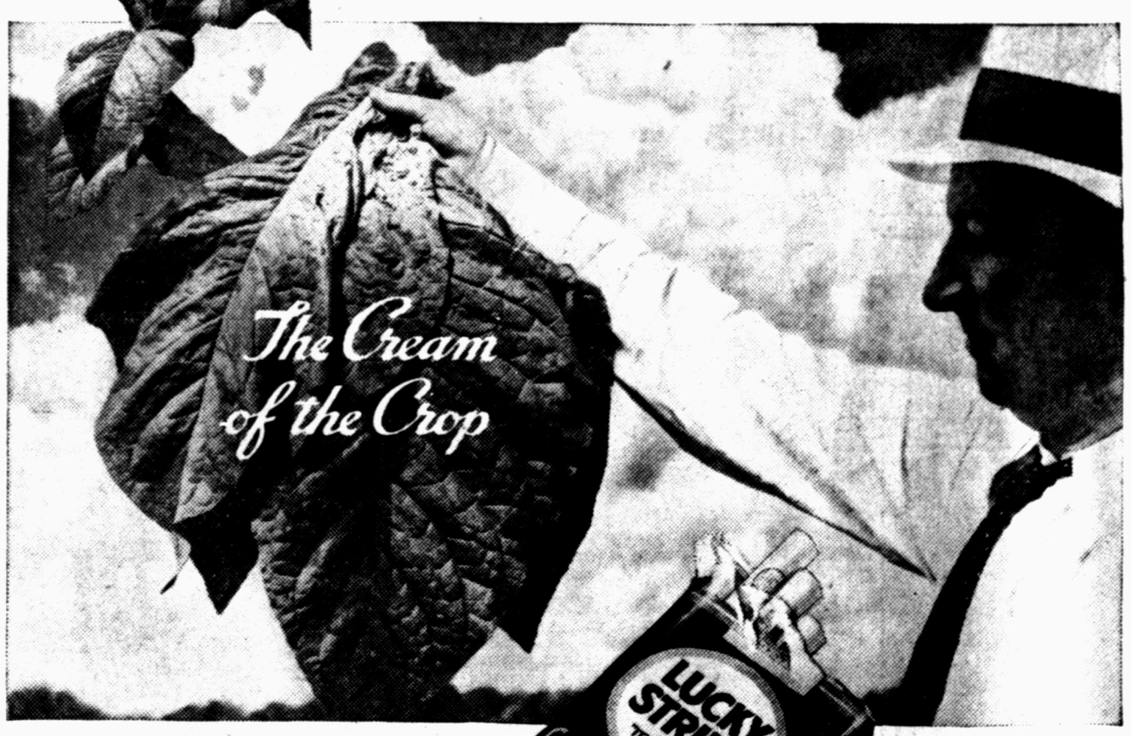

JURORS GO ON PICNIC

BELLINGHAM, Wash. (AP) — A woman bailiff in superior court here inaugurated a plan that popularized her with the jurors. She took them and their families on a picnic at a nearby park.

SPORTS

SPYING ON SPORTS

BY COLLIER PARRIS

A new note of pessimism is detected in Texas Tech football tune, the fourth of such discordant twangs. Things do not look quite so hopeful.

* * *

Enemy teams who have met Tech during the last two seasons will sympathize openly but brighten inwardly with the suggestion that Truett "Juicy" Owen, 210-pound tackle from Sherman, will be missing from the 1933 lineup. That, in addition to the loss of Captain Ross Ayers, Harold Crites and Speedy Moffett, is encouraging to anybody but Texas Tech performers and supporters.

* * *

Owen, who has lettered for the last two seasons and who was counted upon as a regular of the first water, has failed to respond nobly to a couple of major operations this summer. The big tackle who took 'em as they came and went after more, had a narrow squeak early this summer. Few fans know just how narrow it was. But he recovered and went home. Line Coach Dutchy Smith, whose home is in Sherman, comes back to Lubbock with the story Owen still is under the weather, and may not be with us this fall at all. That is indeed a great loss. He was all-Border conference tackle last year with hardly any opposition, and was due to shine still brighter this fall.

* * *

Moffett and Crites are no longer eligible to play for Tech because of natural reasons. The fourth big loss is Lester "Terrible" Tribble, first string center and one of the best pass defensive men Tech ever had. Tribble was dropped from the squad last fall after playing the season and earning his second varsity T. He turned professional and now is quite popular as a light heavyweight wrestler in north Texas and Oklahoma. Take that quartet away and you have seven of last year's first team left.

* * *

Other losses to last year's letter squad are Bill Teal, end, and Demp Cannon, halfback. Teal graduated and Cannon is alleged to have broken training—two sure ways of winding up your football career at Texas Tech.

* * *

But Coaches Cawthon and Smith should not feel too badly. They have 18 letter men coming back this year, in addition to the pick of Del Morgan's freshman squad and a former varsity man. Yancy Price, who shined at end in 1931 but who turned in his uniform during the 1932 campaign after a slight infraction of training rules, and the coaches have become reconciled, and Price is coming back. A manly gesture. Wouldn't surprise us to see him snag his share of passes and do his part of blocking for the regulars this fall. But to do that, he will have to beat out two of the ruggedest and toughest lads on the force. We mean Matt Hitchcock and Malcolm Martin, of Lexington and Lubbock, respectively. You'll see plenty of 'em this season.

* * *

Just glancing over the list of returning letter men, we pause over the names of the following with the private conjecture that they'll form the eleven which rushes out on the field at the beginning of the second quarter in each game:

Matt Hitchcock, 2-letter end from Lexington; Bennie McWilliams, 2-letter tackle from San Benito; Toby Greer, guard with two letters, from Comanche; Malcolm Martin, 1-letter end from Lubbock High; D. M. McElroy, flying halfback from North Dallas, a junior; Elva Baker, tenth-of-a-ton tackle from Abilene; Leonard "Double-Ugg" Curfman from Electra, junior fullback; Lacy "Big Chief" Turner, guard with 2 service stripes; L. J. "Lefty" Sollis, jackrabbit halfback, one letter, from Sherman; Whacker Barton, flaming-thatched center from Lubbock, and Adrian Clark, pint-sized quarterback from Denison.

* * *

We like to reserve the right to make two changes. Big Gwynn Dowell of Royce City will give Curfman all kinds of a battle for the fullback position. Dowell is built up like Harold Crites, a favorite build, rangy and rough and ready, for a Notre Dame fullback. Larry Priddy, blond badman from Gainesville, may be in that selected group as a center or a guard. As it appears now, the quarterback issue is a closed case with Clark getting the verdict. But don't go into a frenzy if Ed McKeever calls a few signals for the "A" team this fall. Ed didn't get started last season, although he played enough to win a letter as a halfback. It has been hinted from time to time that McKeever will get a chance to run the ball club, and if he does you may rest assured that the club will be run according to the best of that young man's ability which is no little thing.

PIRATES TRIM GIANT LEAD ONE GAME

BUCS FIND PARALLEL FOR POSITION IN PENNANT RACE

BY HUGH S. FULLERTON, JR.
Associated Press Sports Writer

Loaded up with fresh and glittering hopes after an opening triumph over the league leaders, the Pittsburgh Pirates today dug back a dozen years and found an exact parallel for their present position in the National league pennant race. And with it they found an extra incentive to spur them on in their hope of winning four more games from the New York Giants and getting back into the thick of the battle for the flag.

In 1921 the Pirates came marching into the Polo grounds late in August with a 7 1-2 game lead over the Giants. They dragged out a few days later after five straight defeats and the Giants went on to win the pennant and beat the Yankees in the world series.

Bucs Shellac Hubbell

The situation was just the same, with a reverse twist, yesterday when the Giants opened their final western tour at Forbes field with a margin of 7 1-2 games over Pittsburgh and the Bucs continued the parallel by shellacking Carl Hubbell, the Giants' great southpaw, and winning 6 to 1.

Hubbell's "stuff" was missing yesterday while the Pirates, who have split even in six duels with the screwball star this year to outshine all other clubs in that respect, had everything they needed. Southpaw Larry French was invincible in the pinches and the Buccos gave him an adequate working margin by scoring three runs in the third inning.

In that one frame Hubbell yielded five hits and Homer Peel tossed in a costly error for good measure. From then on all French had to do was hang on. He gave up an unearned run in the fourth and bore down hard enough to keep out of serious trouble the rest of the way. The Pirates drove Hubbell to cover with a brace of fourth inning hits, a double by the ex-Giant Freddy Lindstrom coming as the finishing blow, and nicked his two successors, Bill Shores and Johnny Salveson for a run apiece.

Doubleheader Today

A doubleheader today loomed as the turning point of the series with Steve Swetonic scheduled to make his first start in three weeks in the opener and the young left hander, Ralph Birkover, who pitched a great game against the Giants at New York recently, due to follow on the Pittsburgh side against big Fred Fitzsimmons and either Hal Schumacher or Bud Parmelee for the Giants. Manager Bill Terry's decision of the second game hurler rested on the condition of Schumacher's sore arm.

The Pirates' victory, their tenth in eleven starts, gave them another half-game margin over the third place Chicago Cubs who were idle along with all other National league clubs.

Sens Boost Lead

The American league program was limited to a pair of doubleheaders which saw the Washington Senators increase their lead over the second place New York Yankees

League Playoff To Start Today

FOUR TEAMS IN RACE FOR RIGHT TO PLAY IN DIXIE SERIES

(By The Associated Press)

The final lap of the race for the Texas league baseball pennant was on Wednesday.

Two pairs of upper deck teams matched in their first games under the Shaughnessy pennant plan playoff—the Galveston Buccaneers at Dallas, and the San Antonio Missions at Houston, both night encounters.

Buffs Finish First

The Houston Buffaloes finished first in the latter half of the season, the Buccaneers second, the Steers, third; and the Missions, fourth.

Dallas and Houston will be hosts for the first two games of each series, the third and fourth games will be played at Galveston and San Antonio; and if a fifth game is necessary in either series, it will be determined by the flip of a coin. Afterward, the winners will meet in a four best out of seven games series to win the right of playing in the Dixie series, with the winner of the Southern association pennant.

Boss Hank Severeid of the Missions planned to have this starting lineup for the first game at Houston: Crossley, rf; Engle, ss; Purdy, cf; Bettencourt, lf; Clift, 3b; Bejma, 2b; Stebbins, 1b; Heath, c; and Fabian Kowalik, hurler.

Carey Selects Payne

George Payne, veteran curve flinger, was nominated by Manager Carey Selph to take the mound for the Buffaloes, in a lineup including Hock, 3b; Selph, 2b; Kalbitz, 1b; Moore, rf; Parker, cf; O'Dea, c; Keyes, lf; and Binder, ss.

The Buccaneers made the trip to Dallas badly crippled, Skipper Billy Webb having only four pitchers on the active list. Chief Moore, his ace right-hander, underwent an appendectomy operation two weeks ago. Frank Tubbs injured an arm in Tulsa on the last road trip. Webb expected to start Orville Jorgens, young right-hander; with support from Molesworth, star shortstop. In the second game, Webb planned to start Hank Thormahlen, veteran port-sider; or Ira Hutchinson, another right-hander.

BATON ROUGE HAS DIXIE LOOP FLAG

SHREVEPORT, La., Sept. 6 (AP)—The Baton Rouge Senators today held the Dixie league championship by virtue of yesterday's slim 2 to 1 to 9 1-2 games.

Washington took two games from the Boston Red Sox, winning the opener 5 to 4 in eleven innings when Bill Werber's fumble gave them the odd run, and the second 9 to 6 by bunching their hits in the late innings to better Boston's 18-hit attack. The Yanks split a pair with Philadelphia Athletics as home runs figured prominently. Jimmie Foxx walloped his 40th in the opener as Roy Mahaffey pitched three-hit ball to give the A's a 6 to 1 triumph. Lou Gehrig's 23rd started the Yanks off in the second game and they battered out a 9 to 6 triumph as Ben Chapman, Frank Crosetti and Roger Cramer also hit for the circuit.

Weller Wins Tennis Title At Roswell

ROSWELL, N. M., Sept. 6 (AP)—Edgar Weller, 16-year-old Austin, Texas, tennis ace, Tuesday won the New Mexico men's singles title, but, exhausted by his efforts in the senior event lost the junior event, in which he also was a finalist.

Weller defeated Edgar Chew of El Paso, 5-7, 2-6, 6-3, 6-4, 6-1 in the men's singles final.

Taking the court immediately against Bill Byrd of San Antonio in the junior event, Weller took the first set easily but dropped the next two and the title.

victory over the Shreveport Sports in the deciding game of the playoff for the title.

The series was extended to seven games before the Senators captured the pennant. Shreveport won the first two games, but Baton Rouge came back to take four straight.

ALABAMA GRID OUTLOOK IS FAVORABLE

COACH THOMAS FRETS IN SPITE OF STRONG FOOTBALL PROSPECT

(This is the third of a series dealing with prospects of major college football teams this season.)

TUSCALOOSA, Ala., Sept. 6 (AP)—Everything considered, Coach Frank Thomas probably shouldn't worry as he does about his Alabama football team.

But he learned the old "we'll be beaten by three touchdowns" story from Rockne, who taught him football at South Bend, and probably it is part of his gridiron psychology to fret about something or other.

Has Powerful Line

Thomas has a line that should equal in weight any forward wall the Crimson Tide faces. The backs are good and many. Add to this as big a squad as any southeastern conference mentor possesses.

Yet Thomas frowns and ponders. The fullback job frankly has him puzzled. Johnny Cain, key man of the 1932 club, is gone.

"My main job lies in replacing Cain, the chief cog in our attack for two years. His blocking, kicking and defensive play will be hard to duplicate," the stocky football chieftain says.

There are five candidates for Cain's post—all having ability of one type or other but none with his all-round versatility. Buck Hughes is the only letterman. Riley Smith is a 195-pound sophomore who may come through. Rohrdanz is fast and looked good in spring training. Newes and Demyanovich are the others.

"Outlook Fairly Good"

"Although we lost seven men who started the big game with Tennessee last fall, our team outlook is fairly good. We have some likely looking players coming up whom we expect to develop but they lack experience," he says.

Thomas has two other minor problems, finding a center and a forward passer. "Howard Chappell likely will be our best passer and we'll locate a center somewhere."

Alabama has one of its hardest schedules in years and Thomas thinks "we shall be extremely fortunate to win seven of our nine games."

The schedule:

Sept 30—Oglethorpe in Tuscaloosa.
Oct. 7—Mississippi in Birmingham.
Oct. 14—Mississippi State in Tuscaloosa.
Oct. 21—Tennessee in Knoxville.
Oct. 28—Fordham in New York.
Nov. 4—Kentucky in Birmingham.
Nov. 11—Virginia Tech in Tuscaloosa.
Nov. 18—Georgia Tech in Atlanta.
Nov. 30—Vanderbilt in Nashville.

BASS LOSES ON FOUL

HOUSTON, Sept. 6 (AP)—With blood gushing from a deep gash over his left eye, Benny Bass, Jewish star from Philadelphia, in the seventh round here last night kneed in the groin of Davey Abad of St. Louis and lost on a foul. Neill T. Masterson, Houston boxing commissioner, ordered Bass' purse held up, pending a thorough investigation, and also announced Bass indefinitely suspended in Texas. Bass weighed 131, Abad 131 1-2.

FRANK X. SHIELDS TAKES HIS TENNIS SERIOUSLY NOW—THAT IS WHY HE HAS ADVANCED TO PLACE AMONG NET STARS

By GAYLE TALBOT
Associated Press Sports Writer

NEW YORK, Sept. 6. (AP)—Frank X. Shields, six feet, three inches of ex-playboy, stretched out on a rubbing table at Forest Hills after winning his second round match in the men's national tennis championship, groaned as the masseur dug into a sore muscle, then grinned:

"So you want to know what happened to me, eh? What do you want to know that for?"

It was explained that the tennis public would like to know just when, and why, he turned into a "ball of fire." Two months ago his name wouldn't have created a single stir in the championships. Today he's the fair-haired hero, the one most likely to keep the title in this country if Ellsworth Vines, jr., isn't equal to the task.

"Well, I'll tell you," agreed Frank. "Do you remember the Jackson Heights tournament?" The event was recalled, dimly. "That was where Gilbert Hall beat me in straight sets. That was where the 'cure' set in.

"I decided then and there that if I was going to make a career of tennis, I'd better get serious about it. I got serious, and that's all there is to it."

Since that crusading defeat by Hall, a player he ordinarily figured to beat without too great effort, and a subsequent loss to young Frankie Parker on clay, Shields has swept everything before him. He won five consecutive turf tournaments and scored a straight-set victory over Vines at Newport.

Trains Seriously

For the first time in his life, Frank admitted, he has gone into training. He watched his diet, took up a regular course of exercises morning and night, and even did road work. He has a slight kink in his left leg now from too much running over the holidays, but his trainer assures him it will be all right long before the finals.

"I'm in great shape for the first time since I reached the first ten," Shields declared, "and you'd be surprised what a difference it makes. I feel now like I've got an even chance against any of them—Vines, Crawford or Perry—and all I can say is that if I don't win this tournament the fellow who beats me will know he's had a battle."

Fred Perry, England's Davis cup ace, padded into the little rubbing room, nursing a sore right shoulder.

"It's nothing serious," Perry said, "but it keeps me from serving my best. It hurts a little with every stroke."

"Forget the pain," growled Shields. "Get out there and hit the ball. A little pain can't hurt you."

Miffed At Vines

That's the new Frank Shields, a far cry from the happy-go-lucky tennis wanderer of recent years. He has his mind set on playing in next year's Davis cup contest, after a lapse since 1931. He is just a little miffed at Ellsworth Vines, jr.

"Where does Elly get that stuff?" he demanded to know. "Saying after I beat him at Newport that he could have understood his losing to anybody except Frank Shields. How did he ever get the idea I was a soft touch for him? I hope I get another shot at him in this tournament."

There is a possibility he will. Vines, to reach the final, must survive a group that includes Wilmer Allison, Parker, Lester Stoefen and Perry. Shields is bracketed in the other half with George Lott, jr., Cliff Sutter, Sidney Wood, jr., and Jack Crawford, among others.

Shields Meets Turnbull

In today's third round, Shields faced a promising youngster in Don Turnbull, of Australia. Vines, seeking his third straight championship, went against Ted Avory, of England. Crawford, champion of England, France and Australia, was paired against Jack Tidball of Hollywood, intercollegiate champion. Perry was bracketed with the New York boy, Marco Hecht, who eliminated the veteran Dick Williams yesterday.

Other pairings pitted George Lott against R. Nunoi of Japan; Gregory Mangin, national indoor titleholder, against John McDiarmid of Fort Worth; Wood versus Gene Mako of Los Angeles; Keith Gledhill against Parker; John Van Ryn against his old Davis cup mate, Allison, and Stoeffen against the veteran Spanish star, Manuel Alonso.

SOFTBALL GAMES SCHEDULED TODAY

Two games are scheduled in the Lubbock Softball association today, one in each league.

People's Ice company meets Hilton Hotel at the Ave. K park in the American league contest, and City Hall plays J. & J. Sporting Goods company in the National league, at the Fair Park field. Both games are booked to start at 6:15 o'clock.

Yesterday saw eight teams in action as three American league and one National league games were played.

Huie-Ribble team took a decided lead in the American league pennant race by defeating the Quicksall-Pryor club, 12 to 9, in a game postponed from two weeks ago. The game was close all the way, tied in the seventh inning and carried an extra frame. Huie-Ribble had a 9 to 6 lead at the sixth, and the auto parts team tied it up. An eighth inning rally by Huie-Ribble won the contest.

Lubbock Printers won over Weiss-Truck Terminal team, 20 to 9, and A. W. McKee company defeated Mitchell's Cafe, 16 to 4 in scheduled American loop contests.

The Printers, behind the pitching of Manager Roy Watts, walloped Pitcher Mitchell and scored heavily in the first, third, fourth and seventh innings.

Home Runs Feature

Home runs by Ingram and Higgins and three-baggers by Allen and Cooper aided the McKee Wholesalers in running up a big score over the Cafe team.

In the National league, Meinecke Bros. Hardware retained a top position with a 6 to 4 victory over West Texas Gas company. The game was close and hard fought throughout.

SOUTH PLAINS TITLE GOES TO TAHOKA

SKIP TAYLOR'S TEAM BEATS ENOCHS FOR CHAMPIONSHIP

Manager Skip Taylor's Tahoka team is the South Plains Independent Baseball league champion.

Winner of the season's first half campaign and champion by acclamation of the southern division for the second half, Tahoka defeated Enochs, 8 to 6, yesterday to win the last half title and the league championship.

The game, second and deciding of a scheduled three-game play-off series for the second half championship, was played at Enochs. The first game, played Sunday at Tahoka, resulted in an 8 to 0 victory for Tahoka.

Season Cut Short

The South Plains league season, originally scheduled to end about October 1, was cut short when six of the eight starting teams dropped from the league membership. Tahoka swept through the first half, and midway of the season, it was voted to split the league into two divisions. Tahoka was acclaimed southern division winner when Lubbock, Abernathy and Slaton withdrew. Enochs survived in the northern district, leading the division when Levelland and Morton dropped out. By a majority vote and order of the league president, Amherst also was ruled out after earlier information had it that the club had withdrawn.

Home Runs Feature

Home runs by Ingram and Higgins and three-baggers by Allen and Cooper aided the McKee Wholesalers in running up a big score over the Cafe team.

In the National league, Meinecke Bros. Hardware retained a top position with a 6 to 4 victory over West Texas Gas company. The game was close and hard fought throughout.

"A SAFETY-STEEL BODY SAVED MY LIFE!"

A CERTIFIED INTERVIEW WITH FRED C. NOBLE, PLYMOUTH SALESMAN, STAMFORD, CONN.

"Ten tons landed on my Plymouth ... and I lived to tell the Tale"

FRED C. NOBLE is a Plymouth salesman. But Fred Noble isn't giving you sales talk when he tells you you're safer in a Plymouth.

Fred Noble is alive today because Plymouth has a *safety-steel* body!

The pictures tell the story. How a three and a half ton truck with a six and a half ton load crashed over on top of Noble's car.

They *don't* show the terrific impact of those ten tons traveling at 40 miles an hour! They *don't* show how the force of the crash drove the wheels four and five inches into the solid earth!

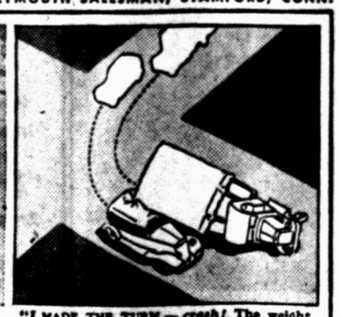

But Plymouth is built of steel, reinforced with steel. Fred Noble came out with only one slight scratch!

For your own sake—for your family's sake—travel safely in a modern car. Let the nearest Plymouth dealer show you what safety-steel construction is. You'll never rely on any other kind!

STANDARD MODELS priced from $445 to $510; DeLuxe Models, $495 to $595. Prices are subject to change without notice. All prices F. O. B. Factory, Detroit, Mich

"WHEN DRIVING DOWN GRADE, I signalled for a left turn. A large truck was coming right behind me."

"I MADE THE TURN — *crash!* The weight of the truck and load came down on my car."

"EVERY TIME I LOOK at these youngsters of mine I thank heaven that Plymouth has a safety-steel body!"

ASKS BANKERS FOR SUPPORT

ROOSEVELT REQUESTS THAT CREDIT FLOW BE UNLEASHED

CHICAGO, Sept. 6. (AP)—President Roosevelt told the bankers of America Tuesday he expects them to unleash the flow of credit and enable industry and commerce to take the fullest advantage of the National Recovery act.

"I am confident you will work with me to meet the credit needs of industry and trade," he said in a speech read before the annual convention of the American Bankers association, attended by 5,000 bankers from over the nation.

Two of the administration's spokesmen, Governor Eugene R. Black of the Federal Reserve board and Chairman Jesse H. Jones of the Reconstruction Finance corporation, expressed in even stronger tones a demand that banks loosen their credits.

Black declared the government had made provision for the bankers to make credit more elastic, saying: "Now, it's up to you to do it."

MATCH PLAY WILL OPEN SATURDAY IN GOLF TOURNAMENT

Match play in the Lubbock Country club golf tournament is booked for Saturday and Sunday, September 9 and 10, and members desiring to compete are urged to play a qualifying round of 18 holes prior to Friday night.

Various flights will be composed, offering a place in the tournament for every golfer.

Country club members also are advised to keep track of their standings in the ladder tournament, which started early in the season and which will end on September 23.

Various prizes are offered players holding certain positions on the ladder at the conclusion of the season, and tournament officials urge that entries play as many matches as possible during the remaining three weeks.

A player in the ladder tournament is required to play only one match per week, but is allowed to play as many as he likes. Each player is privileged to challenge any man above him in any flight.

Editorial Employes Association Formed

CLEVELAND, Sept. 6 (AP)—Approximately 125 employes of the editorial departments of Cleveland's three daily newspapers have organized the Cleveland Editorial Employes' association.

A tentative constitution and by-laws gives the purpose as "to preserve and protect the economic and professional interest of its members by collective bargaining and other means, and to establish and enforce standards of ethics and craftsmanship among members." Members are permitted to bargain individually where they wish to do so.

FLASHES OF LIFE FROM EVERYWHERE

INTERESTING BITS OF NEWS GROUND FROM THE GRIST OF THE DAY'S HAPPENINGS

(By The Associated Press)

Secret Is Out

PHILADELPHIA—The secret of why the four Lanzetti brothers get arrested so often is out.

The police say the brothers are marked for death by gangsters. It is feared bystanders will be shot when the firing begins. So police arrest the brothers to get them off the streets.

The four estimate they are seized at least once a week. Any old charge will do, they say.

School's Out

OVERTON, Neb. — For the first time in 48 years, the J. M. Porters of Overton have no one to send to school this term. The Porters have provided education for their children, grandchildren and for some adopted children.

Treat Dad And Ma

CHICAGO—Usually the parents bring the children to the World's fair, but that's not the way it worked out with Lorraine Lemire, 8, of Manchester, N. H., and Kenneth Jones, 7, of Rumford, R. I.

They won a Boston newspaper contest as the most typical New England boy and girl, and a trip to the fair as their prizes. They got permission to bring their parents.

How To Lose Vote

McKEESPORT, Pa.—Out of the boiling political pot emerged a candidate for school director who button-holed a voter and began "roasting" Dr. J. D. Richey, superintendent of schools.

"I'm against Richey," he asserted vehemently.

"Im sorry to hear that," commented the voter. "I happen to be Dr. Richley."

Shocking

SPRINGFIELD, Ill.—Illinois is using electricity to feed its fish.

Here's how: High voltage lamps over the feeding and breeding ponds at Mattoon, attract bugs, which are killed by the heat. When they fall into the water the fish gobble them down.

It's cheaper than buying fish food.

UNION LABEL

Thought For Today

Love ye your enemies, and do good, and lend, hoping for nothing again; and your reward shall be great, and ye shall be the children of the Highest.—St. Luke, 6.35.

* * *

Love sought is good, but given unsought is better.—Shakespeare.

Chicago Fights Back

One bit of news which has gone almost unnoticed in the past few weeks is the fact that Chicago seems at last to be making a determined effort to get her notorious underworld under control.

During a three-week period ending August 26, more criminals were sentenced to prison in Chicago than in any similar period in Chicago's history. It took the courts just one day to convict the murderer of a policeman and sentence him to death. All in all, 207 thugs were sent off to prison.

It would be easy to get too enthusiastic about this, of course. Neither Chicago nor any other American city will permanently solve its underworld problem until it tackles such problems as poverty, poor housing and political corruption which created the underworld in the first place. But it is at least encouraging to note that Chicago is at last handling her criminals without gloves.

They're building the world's largest distillery out Peoria way. In spite of that, we suppose the old-fashioned man who used to think he could drink it all, will still think so.

Tennessee financier reported to have an option on 40,000,000 pounds of tobacco, giving him a monopoly on the crop. He'd better be careful; such holdings are apt eventually to go up in smoke.

Free hint to Prof. Moley in conducting his new magazine: Why not cash in on the long series of "Ex" books with a serial to be called "Ex-Brain Trustee"?

Prince of Wales had to sell his farm because he couldn't afford to pay its losses any longer. He'd better move to the U. S., where he'd be paid for destroying the crops.

Lots of fun figuring out all the other things NRA stands for. But so far we give the prize to "Nominate Roosevelt Again," or "Nother Roosevelt Administration."

Probably the punch that landed on the brow of the Louisiana kingfish was just a hook.

Flapper Fanny

It's easy to figure out a girl who runs from a mouse.

The PLAINSMAN Says:

That Girl on Broadway says most of the stumbling blocks in the way of progress are blockheads.

* * *

A bill making possession of a sub-machine gun a felony is part of Governor Lehman's campaign to quell the New York gangster.

If the bill is passed then all that remains is to see that the gangsters obey the law.

* * *

THE other day The Plainsman heard a Lubbock friend criticizing late opening and early closing of Lubbock business houses.

That the friend was 'plum agin' it is putting it mildly—but he hadn't thought much about the proposition.

All he knew was that he got to a store too late to buy something he wanted and, as a result, he was peeved.

* * *

Personally, your humble servant wishes every business house of every kind would set business hours from 9 a. m. to 5 p. m. throughout each week day and from 9 a. m. to 1 p. m. on Saturday.

If everybody did it, the public would soon become accustomed to the practice and would buy what it wanted during those hours.

The rest of the time people could put in really living.

* * *

WE in this country have done a swell job working and making money. We have shown the world that the Great God Production is our slave.

But we do not live nearly so comfortably, with all our conveniences, as we should.

We exist, mainly, in a hustle and bustle, from one day to the next.

* * *

Living, properly practiced, is a fine art.

There is much more to it than getting up early, hurrying to work, slaving until late at night and then tumbling into bed to store up a little strength for another fast and furious battle against time.

There really is such a thing as restful, satisfactory relaxation.

There really is such a thing as improving one's self through the judicious use of spare hours.

There is more to life than chasing extra dollars and trying to cram as much nervous energy into a day as is humanly possible.

If you don't think so, run down to Mexico City or over to Paris sometime.

* * *

WILL the NRA and the Public Works program hit on all eight cylinders soon enough to dispel a hard winter for those in distressed circumstances?

That is the crying question in Washington and in many other sections of the country, as well.

Administration authorities are not minimizing the difficulties of the winter ahead and an effort will be made to time the Public Works program so that the peak of employment from this source will be reached during the cold months.

The RFC is being held more or less in check now but will be pulled back into the front lines whenever essential to ward off any serious distress in any part of the country.

* * *

Like puzzles?

Try this over on your old think tank.

1 3 5 7 9
1 3 5 7 9
1 3 5 7 9

Select from the above figures six of them which, when added together, total 21.

If you're smart you ought to be able to get the correct answer in the four-minute average for adults.

* * *

HERE'S a chance for some worthy organization, or set of organizations, to do something fine, right here in our own city.

School will be opening in a few days and from many a home will come youngsters who can get to school—but that's all.

There won't be any spare nickles and dimes for the purchase of pens, pencils, note-paper and the other essentials of "readin', writin' and 'rithmetic."

Lubbock's civic clubs, or some of the women's organizations, might well co-operate to furnish these necessary things to underprivileged kiddies—setting up first, of course, an investigating committee to make sure that such aid is needed in each individual case uncovered.

* * *

Here-to-fore, teachers have bought many such things for their pupils, digging into their slender purses for the capital.

But this year's teachers' purses are not slim—they're flat—and the pedagogues can't help, no matter how much they might wish to.

The proposition is up to some of the rest of us and in The Plainsman's opinion is beckoning to us all.

Some of the men's clubs can forget about world peace, moving park benches and building great metropoli long enough to look into this situation, and some of the ladies' organizations won't miss a day or two stolen from study of dandelions in Mesapotamia.

How about it, citizens?

Reckon this job can't be undertaken?

* * *

That Man on Avenue Q says he can't get excited over whether one or four men hit Huey Long; in either case, it suits him fine.

* * *

A new child study course in our little city among other things teaches the mother what to do when the little one stomps its feet and flies into a tantrum. We never imagined it would take a study course to solve that intricate problem but maybe times have changed with the passing of the old woodshed.

* * *

HERE'S a good topic of the times, in poetry form, as offered originally by W. O. Stoddard in the Detroit Free Press:

Said the boss of his typist, Sapphira,
Hard times will compel me to fire 'er.
Hugh Johnson said "Phooey",
Cut out that blue hooey,
With NIRA
You HIRA
NOT FIRA!

Hey!

John L. Lewis Gains In Prestige Through The Coal Code; Looms As Most Powerful Figure In Federation Of Labor

BY RODNEY DUTCHER
Evening Journal's Washington Correspondent

WASHINGTON, Sept. 6 — President Roosevelt telephoned General Johnson from Hyde Park one night and told him to get the coal operators and miners into conference.

Dutcher

That was the turning point toward an epochal NRA agreement which includes complete recognition by operators of the United Mine Workers.

Labor representatives here had received private assurance that Roosevelt regarded national union recognition as an essential in rehabilitation of the coal industry, torn for decades by labor and competitive warfare.

When non-union operators went behind closed doors with President John Lewis and other U. M. W. officials the result was a foregone conclusion.

Non-union operators, under pressure above from the administration and below from a strong union with 300,000 new members, couldn't refuse.

They faced a certain strike if they didn't play ball and probably would have had the police powers of the government as well as public opinion against them. And they probably would have lost the strike.

* * *

Lewis Gains Prestige

The recognition victory enormously enhances the prestige of Lewis. He will soon become the most powerful figure in A. F. of L. and you can look for a realignment of control there, if not of titular leadership.

President Sidney Hillman of the Amalgamated Clothing Workers is expected to apply for membership in the A. F. of L. for his union soon.

Thereafter Hillman — often called "labor's statesman"—Lewis and Major George L. Berry of the pressmen's union may be expected to form the nucleus of an aggressive bloc in the federation councils which would be likely to end the reign of the conservative "old guard" of the type of Matthew Woll.

The three are members of the Labor Advisory Board. Hillman and Lewis have been the outstanding vigorous labor organizers under the recovery act; they came to respect each other greatly. Lewis has helped Hillman in strikes which occurred when the latter organized miners' daughters in coal section shirt factories.

* * *

"Nosing" a Tree

Citizens Conservation Camp boys are learning forestry rapidly.

In a Maryland camp the other day one was instructed to go out and "nose" a tree recently felled.

An hour later his boss found him sniffing the trunk vigorously, complaining that it "smells like ——."

("Nosing" if you don't know, means trimming off a tree's limbs.)

* * *

Economic Theories

Dexter M. Keezer, brilliant economist chosen to succeed Professor William F. Ogburn as director of NRA's Consumers' Advisory Board, is only 38. He has an insatiable curiosity about all sorts and conditions of people. He spends many hours learning first-hand the personal economic problems of filling station attendants, Pullman porters, clerks, farmers and folks like that. How they live and how they're able to live are questions which fascinate him.

Keezer, who has been a newspaperman and taught economics at Cornell, University of Colorado, University of North Carolina and Dartmouth, believes no one can say this or that economic theory is correct; that you can only teach college students how to gather and relate information. Conclusions are impossible, he holds, because the economic world changes so rapidly that one cannot know the absolute value of economic factors.

Answer to Previous Puzzle

With 'Whiz' BARRY Under The Capitol Dome

BY R. W. BARRY
Associated Press Staff Writer

AUSTIN, Sept. 6 (AP)—Members of the board of control, as now constituted, usually are in accord on everything that comes before them. Not so in the matter of electing a superintendent of the state confederate home to take the place that had been given to the late R. B. Walthall, former chairman of the board of control

Each of the three members has an aspirant he wants in the place. The board was unanimous in its choice of Walthall, but he died suddenly on the eve of his assuming the position.

Up To The Board

Appointment of a superintendent of the home is exclusively up to the board of control. That is not the case in naming a superintendent for the confederate woman's home. The law provides that the governor may approve the board's choice for that superintendency. That gives the chief executive the appointive power in that case, in event the governor desires to wield such influence.

Govérnor Miriam A. Ferguson recently chose to wield that power. She disapproved reappointment of Mrs. S. J. Thomas for the place and gave it to Mrs. Will T. Bagby of Hallettsville.

Favors Old Friend

The governor saw an opportunity to favor the widow of a loyal friend, the late Will Bagby, member of the legislature for a number of terms and champion and defender of the "Ferguson cause" from the first day James E. Ferguson darkened the door to the governor's office in 1914. Bagby never was convinced in the "dark days of 1917" that Jim Ferguson was guilty of behavior as chief executive that warranted his impeachment and removal.

One of the state's most eloquent speakers, Bagby raised his voice in the legislative halls and on numerous stumps on behalf of "Farmer Jim."

Miss Kathleen Trigg has been an employe in state departments for a number of years. When Governor Ferguson was inducted as chief executive last January she selected Miss Trigg for a place in her secretariate. She took Miss Trigg to live with her in the mansion.

REBUILDING OF AREA BEGUN

RELIEF AGENCIES ARE BADLY HANDICAPPED AFTER STORM

(By The Associated Press)

EDINBURG, Sept. 6. —A scene of aunt devastation, littered with the bris of hurricane-ravaged towns, rus groves and cotton fields, read for miles over the lower Rio rande Valley today as residents of stricken area began the vast rk of restoration.

The worst disaster in the history the fertile valley left highway ffic and communications in a te of disruption, making it ex-mely difficult to determine the ent of casualties and losses. Re- agencies were badly handicap- in caring for the homeless and dy. An incomplete check show- 18 dead and more than 1,500 in- ed.

Roads Under Water

Many highways, inundated by uring rains which accompanied terrific wind storm, were still der water. Tangles of torn tele- one and telegraph wires, with e poles snapped like jack straws, rked the path of the screeching pical disturbance which raged nd from the Gulf of Mexico nday night and tore mercilessly the area until noon yesterday.

Perhaps the most distressing sight all was the citrus groves, ruth- sly stripped of their $12,000,000 p. It was estimated that fully per cent of the ripening fruit scattered on the muddy ground rthless. Limbs and leaves were d from countless trees.

Most Buildings Damaged

Virtually every building in Har- gen, Brownsville, San Benito and her towns that felt the terrific ce of the hurricane was dam- d. Many structures were demol- d while practically all were bat- d to some extent.

The ruin is almost impossible of scription," a newspaperman re- ted. "Small houses have been shed to kindling wood in the e cities which apparently bore brunt of the storm—Brownsville, gen and San Benito. Fronts ick buildings have been batter- pieces. Debris is everywhere." arious towns were without wa- and their power plants were out commission. The driving rain general destruction of business s caused extensive damage to cery stocks. It had not been de- mined whether this would pre- itate a food shortage. The wind, fing homes and smashing dow panes, exposed families to drenching rain.

Communications Out

All the way from Brownsville to gen telephone poles were own off or leaning crazily, with es trailing on the ground. Re- ir crews started reconstruction of system but were making slow gress. Last night Harlingen, ownsville and all other points in area out McAllen were cut off m telephone communication with outside world. There were a w telegraph lines intact, but none Brownsville.

A railroad engineer who pulled first passenger train out of ownsville after the hurricane had ent its fury said that practically ery building in Brownsville was maged, residences suffering most. late glass windows in business es- blishments were smashed, roofs ted and fell to the streets in ruins nd ancient walls crumbled.

Across the Rio Grande the Mex- an city of Matamoros was in equal stress. It was feared the devasta- on there would be extremely se- re due to the flimsy construction many buildings. A cathedral in atamoros was wrecked.

People Terrified

Strong winds began blowing in om the gulf early Monday and by p. m. had increased to a danger- s velocity. Then the full force of e storm made itself felt. Until :30 a. m. the wind howled wildly terrorized people crouched in the fest places they could find. Banks, otels, postoffices and railway sta- ons all were crowded to the limit. was said that more than 1,000 antic persons took refuge in the rownsville postoffice.

After 1:30 a. m. there was a lull hich left people in doubt whether e center of the storm had passed land or was yet to come. It turned t that the latter assumption was rrect, for at 4:40 a. m. the hurri- ne smashed furiously at the lower alley again, the wind whistling un- l noon yesterday, when the storm oved westward into Mexico.

Through it all, rain fell steadily, renching the countryside and add- g to a depth of two or three feet nd other towns in the area were undated similarly.

FORD-NRA ROW

(Continued from Page One)

Topping Johnson's list was the ersistent deadlock in soft coal ne- otiations with its fundamental la- or union issue. Next was Henry ord's silence on the automobile ode, a subject already touched on y Mr. Roosevelt and his recovery ouncil.

Charters Formulated

More encouraging were advances ade in formulating charters for e retail and construction indus- ries. Johnson's approval was eeded on a price control proposal hich drafters hoped would con- ade a master retail code this eek. The public hearing stage was eached on a single code for nine the construction industry's most nportant divisions.

As for Ford, Johnson put the next ove up to the Detroit manufac- turer with no indication at either NRA headquarters or the White House that the government would take any immediate action unless Ford should violate his industry's code.

LUBBOCK PEOPLE FEAR FOR SAFETY OF FRIENDS AND RELATIVES AFTER STORM

SCIENCE AIDS STRICKEN

FORT WORTH, Sept. 6 (AP)—A radio appeal for "direct relief at once" was sent today from Brownsville through the American Airways radio station here to Lawrence Westbrook, Austin, state director of rehabilitation and relief.

The message was relayed through New Orleans, probably by way of a ship at sea, and was picked up by the airways station at the airport and forwarded by telegraph to Westbrook.

"Loss in the Rio Grande valley will run into millions," the message said. "Have had orders to discontinue relief but direct relief here must be had at once."

Andy Burke, American Airways pilot, used the radio set on his plane to send word to the headquarters station in Fort Worth that the Brownsville airport is under three feet of water. At a later contact, American Airways officials hopes to learn from him more details of the storm.

Worried over the safety of their friends and relatives in the Rio Grande storm section, Lubbock people throughout last night and today besieged Avalanche-Journal offices by personal calls and telephone interrogations.

As telegraphic communications were slowly being restored messages filtered through from Lubbock to the Brownsville-San Benito - Harlingen section and from there here. Hours, however, were taken in the transmission of wires and local office of the Bell Telehone company reported it probably would be Thursday before their lines could carry conversations.

Ad Clarke Is Safe

Mrs. W. A. (Ad) Clark, 2406 Broadway, received word from her husband at Harlingen this morning that he was unharmed. Mr. Clark, a cotton buyer, did not mention Joe Shirley, Post, and Sam Jenkins, Lamesa, other cotton men in Harlingen and Mrs. Clark was sure that had they not been safe he would have reported the fact. Mr. Clark's wire went out of the stricken valley over railroad telegraph lines.

Mrs. Clark M. Mullican, 16th street and Avenue X, nervously awaited word from her relatives in Harlingen. They are Mrs. Ed Hutson and her two sons, Wayne and Alton, formerly of Lubbock. Mrs. Mullican said they had a summer cabin on a bayou near Harlingen and feared the storm might have caught them there, as did the lesser blow of August 10.

Reeves Awaits Word

Garnett O. Reeves, assistant manager of the Lubbock Chamber of Commerce, had had no word from his mother, Mrs. Minnie Reeves, 2510 21st street, or his sister, Miss Helen Ruth Reeves, of the same address. They are visiting near San Benito and were awaiting the opening of school there where Miss Reeves has a teaching position.

B. Sherrod, local hardware dealer, and Mrs. Sherrod, left last midnight by car for Harlingen where they have relatives. They expected to reach that city early tonight. Included in the Sherrod relatives there are Mrs. Nettie Robinson, Miss Oveta Robinson and Miss Jacqueline Long, mother, sister and niece, respectively, of Mrs. Sherrod. Miss Long, resident of Lubbock and daughter of Mrs. Viola Long, 1502 Avenue L, is visiting her relatives in the South Texas city.

Others Are Reported

Mrs. LaVerne Kershner, residing at the southeast edge of Lubbock, reported that her husband's father and mother, Mr. and Mrs. O. G. Kershner, of Lubbock, are spending the winter in Edinburg. Mrs. Kershner said neither she nor her husband had heard from the elder Kershners and were worried concerning them.

Mrs. W .T. Gaston, 2623 22nd street, has a sister and brother-in-law living in Brownsville and has been unable to make connection with them by wire or phone. Her relatives are Mr. and Mrs. George A. Houston.

Efforts of Mr. and Mrs. Guy Casey, 2201 19th street, to communicate with Mrs. Casey's parents, Dr. and Mrs. W. P. Pillans, of Raymondville, had failed at noon today.

TEXAS HURRICANE

(Continued from Page One)

when Andy Burke, pilot for American Airways, used the radio set on his plane to broadcast through his Fort Worth office an appeal for "direct relief at once." He said the Brownsville airport was three feet under water.

Torrential rains in the country around Monterrey, Mexico, indicated that the hurricane's edge probably passed near that city. The gas supply to Monterrey was cut out last night when a line went out at the Pesqueria river, 30 kilometers north.

Conditions which greeted the relief details as they reached the Valley rendered them almost speechless. Twisted, town and mangled buildings lay on every side, parts of barns were scattered far and wide and houses had been torn from their foundations, were spun around, smashed and battered and deposited in shambles.

Homes Broken Open

A cotton compress at the edge of Harlingen was blown to bits and galvanized iron covering was everywhere. Sides, fronts and backs of some homes had been blasted out, exposing the furnishings to the elements. A railroad operator had reported just before the vortex of the storm struck there that he could hear "things flying by" as he sat at his desk. It was so dark and stormy that he could not see outside.

Traffic over highways leading from Harlingen was delayed by highwater which, in some places, passed over the hubcaps. Stalled automobiles added to the difficulties.

Valley "Drying Out"

The sun shone brightly as the Valley began to pull itself together and took stock of the damage. Many persons appeared to have been stunned; others placed their houses in order again.

Bed clothing soaked by the torrential rain which lasted for hours flew lazily in the light breeze and soaked furniture was taken into the open to dry.

RED CROSS WORK BEGINS

WASHINGTON, Sept. 6 (AP)—The American Red Cross had its program for relief in the hurricane section of Texas well under way today.

Ten disaster relief workers were moving into the area from nearly all directions under the general direction of Albert Evans, midwest director of relief, from as far away as St. Louis.

Mrs. Catherine Lewis of general headquarters said it was undecided whether it would be necessary to make a public appeal for funds.

HEALTH DIRECTOR TO VALLEY

AUSTIN, Sept. 6. (AP)—Dr. John W. Brown, Texas state health officer, accompanied by all the available personnel of the department, left today for the Rio Grande Valley storm area.

The state health authorities will direct a campaign to forestall the development of an epidemic. They will supervise sanitary work.

Dr. Brown said the chief danger was pollution of the water supplies and shock from exposure. A supply of typhoid fever serum was taken by the health officer and his assistants.

Claire's Accuser Is To Take Stand

LOS ANGELES, Sept. 6. (AP)—After leading off with the star witness of the defense, blonde Claire Windsor, the prosecution in the trial of Mrs. Marion Read's $100,000 love theft suit against the actress indicated the plaintiff may take the stand on resumption of the case today.

The trial, recessed last Friday for an extended period to permit lawyers to attend to other affairs, began a week ago and Mrs. Read's counsel provided a sensation at the start by calling Miss Windsor.

ELECTION CALLED

FRANKFORT, Ky., Sept. 6 (AP)—Provisions for Kentucky to vote at the regular election November 7 on repeal of the 18th amendment was made late Tuesday as the house concurred, 81 to 10, in the senate amendments to its resolution.

CROP CONTROL

(Continued from Page One)

federal program by growers from Texas, Oklahoma, Louisiana and Arkansas at Dallas.

J. Phil Campbell, state agricultural extension director for Georgia, outlined the government's tentative program in Atlanta. It called for reduction of planting to about 25,000,000 acres in 1934 and 1935 or 160 per cent of the five-year average.

Senator Bankhead of Alabama (D.) suggested the crop be controlled through restriction of the number of bales a producer could have ginned. Both this plan and acreage reduction were endorsed and a committee, including the senator, was named to go to Washington to urge prompt action on a reduction plan.

The Bankhead plan would restrict ginnings through allocations to growers to between 8,000,000 and 9,000,000 bales. The federal proposal was to pay growers from $3 to $11 an acre for land taken out of cotton production on the basis of the five year average yield.

Woman Is Dead Of Indirect Poisoning

FREDERICKSBURG, Sept. 6 (AP)—Mrs. Gilbert Leyendecker, 35, was dead and a two-year-old child was in a critical condition as the result of indirect snake poisoning.

The Leyendecker family used water from a well on their ranch near Harper and noticed a strange taste and upon investigation found a poisonous snake had fallen into the well and died, causing pollution of the water.

KILL 18 RATTLERS

BROWNFIELD, (Special)—Eighteen snakes killed at one time and in one hole, is the record claimed by Chock Hamilton and Weldon Ridgeway. The two found a large rattler outside a hole and killed it and then dug in and found 17 small ones, some of them eight inches long.

Among those who are expected to attend Texas Technological college this winter are Miss Jo Brant of Post, Miss Inez Evans of Plainview, Miss Helen Allen of Meadow, Miss Ella Lewis of Ropesville and Miss Etha Sheriff of Farwell.

U. S. MARINES MOBILIZED

TROOPS WILL BE SENT TO CUBA IF NEEDED; JUNTA IN CHARGE

(Continued from Page One)

plans for electing a constitutional assembly.

An earlier manifesto announced the revolutionary movement, comprising enlisted soldiers and sailors and civilians of various factions, led by the students' organization, will fight "for revolutionary vindications" upon "pure principles of national sovereignty."

These "vindications" were outlined in the proclamation as economic reconstruction, trial of "delinquents" of the former government, recognition of national debts, formation of adequate courts, reorganization of national services for an early return to normalcy, and measures for creating a new Cuba, "founded on the firm bases of law and the most modern concept of democracy."

U. S. Ships Arrive

In Havana harbor was the U. S. destroyer McFarland, sent hurriedly from Key West. The destroyer Sturtevant was at Santiago, where a mob killed four men reputedly members of the strong arm squad of Gerardo Machado, whose government fell on August 12 and gave way to the short-lived administration of Dr. de Cespedes.

Two other warships, the cruisers Richmond and the destroyer Bainbridge, were due today or tomorrow from American bases also with the announced purpose of protecting American interests.

The attitude of the old guard political parties toward the emergence of the junta in a swift and comparatively peaceful coup had not been defined, but qualified observers predicted an early move at conciliation.

Batista Heads Army

Thus, an army top sergeant, who is known as one of Cuba's best court stenographers, square-jawed, loud-voiced Fulgencio Batista, became commander of the army and five civilians became the heads of the government.

They are Jose Irizarri, 40-year-old lawyer, Guillermo Portela, 48, a professor of penal law in Havana university, who is the nominal president before the diplomatic corps; Ramon Grau San Martin, 45, professor of anatomy; Porfirio Franco, 45, a banker, and Sergio Calbo, 39-year-old editor who headed the unsuccessful Gibara revolt in 1931.

United States Ambassador Sumner Welles, meanwhile, was in close touch with developments.

NEW CUBAN HEADS UNKNOWN IN U. S.

WASHINGTON, Sept. 6 (AP)—President Roosevelt through his diplomatic aides today sought to appraise the capacity of Cuba's new rulers, rigidly refraining the while from any hint of intervention.

To this government, those in control in Cuba were unknown. Not until repeated over the telephone had the name of Sergeant Fulgencio Batista, leader of the rebelling military subordinates, ever been heard at the state department.

Defense Testimony Started By Hotel

Defense testimony was begun this morning in United States district court in the case of Guaranty Bank and Trust company and J. Mort Walker against Hotel Lubbock company and others.

The plaintiff's case was rested during the morning session. Evidence presented largely was in the form of depositions and excerpts from the records of other cases. The suit, originally brought by Canal Bank and Trust company of New Orleans, involves alleged nonpayment of a portion of the $325,000 bond issue of the hotel. A counter petition by the defendants alleged usurious interest was charged.

Girl Companion Of Slain Youth Held

OKLAHOMA CITY, Sept. 6. (AP)—The 17-year-old girl companion of J. Glenn Justice, jr., when he was shot to death last night on a lonely road north of the city, was held in jail today for questioning.

Still suffering from a bullet wound in her right arm, received, she said, when a holdup man turned his pistol on her after killing Justice, Ruth Terry was arrested on orders of Deputy Sheriff W. I. Eads.

Justice, 23, secretary and treasurer of the Pan-National Insurance company, was shot five times.

Thousand Families In Need In Florida

JACKSONVILLE, Fla., Sept. 6 (AP)—Relief workers in Florida today moved to care for 1,000 families made homeless or left in need by the tropical hurricane which swept parts of the east coast and interior the first two days of the week.

Henry M. Baker, assistant national director of the Red Cross, appealed to Governor Dave Scholtz to issue a proclamation calling for contribution to the Red Cross and the organization began using funds already on hand for relief work.

Miss Mary Perkins, 1313 Avenue O, who has been visiting her brother in Beaumont for several months, has returned to her home here and will enter high school this winter.

DAILY MARKETS

Cotton Market

NEW ORLEANS REPORT

NEW ORLEANS, Sept. 6 (AP) —Cotton started steady today with Liverpool about as due. First trades here were unchanged to two points up but prices reacted slightly after the start on some hedge-selling and a continuation of pre-bureau liquidation, October easing to 8.85 and December to 9.08, or unchanged to two points down from yesterday's close.

Later the market rallied moderately on short covering, October recovering to 8.90 and December to 9.11, up 3 points net.

Near the end of the first hour the market held steady at the recovery. Fears were expressed among traders that open cotton in South Texas probably had been damaged by the tropical storm.

The market ruled quite steady all morning. The principal sustaining influence was a rather bullish weekly weather and crop report which was considered more unfavorable than any weekly report this season. The market was also helped by three rather bullish private crop estimates, ranging from 11,089,000 bales to 11,683,000 bales, figures much smaller than earlier private guesses. October advanced to 9.00 and December to 9.23, up 15 points from the early lows and 13 to 15 points above yesterday's close.

Near mid-session, a fourth private estimate appeared, guessing the crop at 12,512,000 bales, causing a slightly easier feeling and prices eased 4 points from the top with October at 8.96 and December at 9.19.

NEW YORK REPORT

NEW YORK, Sept. 6 (AP)—Cotton futures opened barely steady, unchanged to 2 higher with steady Liverpool cables offset by southern selling. Oct. 8.97; Dec. 9.19; Jan. 9.24; March 9.45; May 9.59; July 9.71.

Houses with foreign connections were early buyers while there was some trade demand and covering on smaller private crop figures and reports of rains in Georgia and the Carolinas. The demand was not active but after easing slightly after the call, when December sold at 9.13 or 2 points net lower, the market steadied again and at the end of the first half hour was selling around 9.22 for December with active months ruling 4 to 8 points net higher.

The market held fairly steady later in the morning on covering and scattered buying promote by unfavorable features in the weekly weather report and private reports that crop conditions were deteriorating in the eastern belt. December sold up to 9.26 with active months generally showing net advances of 6 to 10 points but the rise met more selling and reactions of a few points followed. At midday December was holding around 9.20 with the general list ruling about 1 to 4 points net higher.

Livestock Market

KANSAS CITY REPORT

KANSAS CITY, Sept. 6. (AP) (U. S. Dept. Agr.)—Hogs 23,000; 19,000; government pigs; mostly steady; top 4.10 on 180-210 lbs; good and choice 140-200 lbs 3.25-4.10; 200-350 lbs 3.75-4.10; packing sows 275-550 lbs 1.90-2.75.

Cattle 6,500; calves 1,000; killing classes slow; steers steady; she stock steady to easier; stockers and feeders steady to weak; steers, good and choice 550-1500 lbs 4.85-6.25; common and medium 550 lbs up 2.75-4.85; cows, good 2.75-3.50; vealers (milk fed), medium to choice, 3.00-6.00; stocker and feeder steers, good and choice (all weights), 4.00-5.50.

Sheep: 4,000; lambs steady to 10 higher; sheep steady; lambs, good and choice (x) 90 lbs down 6.25-75; yearling wethers medium to choice 90-110 lbs 3.50-4.60; ewes good and choice 90-150 lbs 1.50-2.75.

(x)—Quotations based on ewes and wethers.

Lubbock Markets

These prices are furnished by the following Lubbock firms: Poultry—Lubbock Poultry and Egg company, delivered Lubbock; Grain—S. E. Cone Grain and Seed company, following prices being bid by Lubbock grain dealers; Cotton—Plemer Cotton company. All prices subject to change during day.

Stock Market

WALL STREET REPORT

NEW YORK, Sept. 6 (AP)—Skeptics of the advance were in the stock market saddle today and leading equities, while not especially weak, retreated to somewhat lower levels.

Grains were a trifle easy, but cotton and other commodities were fairly steady. Bonds were listlessly lower. The dollar did little in foreign exchange dealings.

Issues of Homestake Mining, McIntyre Porcupine, Standard Oil of New Jersey, National Distillers, Ohio Oil and some others were up fractionally to around a point. The rails were rather heavy. Union Pacific dropped 5, Delaware & Hudson 3, and Santa Fe, Baltimore & Ohio, Pennsylvania and New York Central yielded 1 to 3 points. Others off 1 to 2 included Western Union, Westinghouse, Johns-Manville, Goodyear, American Tobacco B, Case, U. S. Smelting, U. S. Industrial Alcohol and U. S. Steel.

Grain Market

CHICAGO REPORT

CHICAGO, Sept. 6 (AP)—Wheat recovered late today from downturns that at times amounted to nearly 2 cents a bushel.

Leading trade authorities said the grain markets were awaiting developments regarding N. R. A. codes, and that the trend in the immediate future would probably depend upon the codes worked out. Hedging sales in wheat were less pronounced, although the northwest was credited with selling from time to time.

Wheat closed firm, unchanged to 1 cent higher compared with yesterday's finish, corn 1-8 off to 1-4 up, oats 1-8, 1-4 down, and provisions unchanged to 17 cents decline.

Misses Mary Thomas and Ruth Elaine Lewis are expected to arrive this afternoon from a visit to Houston and Navasota. They were to be joined at Fort Worth by Miss Virginia McLean, who has been visiting with relatives there.

RELIEF TRAINS ARE SENT OUT

MEDICAL AID, TROOPS AND FOOD HURRIED INTO VALLEY

(By The Associated Press)

SAN ANTONIO, Sept. 6. —San Antonio today rushed to the aid of the hurricane devastated lower Rio Grande valley with three relief trains, bearing 85 civilian doctors, 150 civilian nurses, and part of the second medical regiment from Fort Sam Houston, large quantities of foodstuffs and medical equipment.

Local Red Cross officials feared that the unofficial death toll figure of 18 was under-estimated.

All three trains left here between 9 o'clock and midnight last night, arriving in the stricken valley early this morning. They immediately set to work to aid in caring for the hundreds injured in the fury of the hurricane and aiding the thousands left homeless and hungry.

Plans Are Held Up

Marshall Eskridge, chairman of the Bexar County chapter, American Red Cross said he was awaiting definite reports from the San Antonio relief workers before making any more relief plans.

Hospitals were placing themselves in readiness to receive many of the most seriously injured, expecting they would begin arriving during the day.

The San Antonio relief trains headed directly for Harlingen, which, with Brownsville, San Benito and the surrounding area, bore the brunt of the hurricane, and arrived there this morning. Eskridge did not know whether any of the trains had yet penetrated to Brownsville.

The first train left here over the Missouri Pacific lines shortly after 9 o'clock last night with 65 doctors and 78 nurses in charge of Dr. L. L. Lee. It also carried six cars of foodstuffs and about $2,000 worth of medical equipment.

Mayor C. K. Quin was aboard the first train as was Mayor Sam Botts of Harlingen.

Harlingen Mayor Rushes Home

Mayor Botts had been vacationing with his family on a ranch near Center Point and hurried to return to his stricken city at the first opportunity.

Mayor Botts said that reports reaching him indicated that 70 per cent of the homes and buildings in Harlingen were leveled by the destructive hurricane.

Sheriff Albert Hausser and five deputies boarded the first train after the sheriff had communicated with Governor Miriam A. Ferguson and asked to aid Texas rangers in re-establishing order in the devastated area.

The second train left here shortly before 11 o'clock over the Southern Pacific lines. It carried 20 doctors and 75 nurses together with quantities of medical supplies and foodstuffs. Dr. Roy Godwin, president of the San Antonio Medical society, was in charge.

Medical Regiment Called Out

Part of the second medical regiment from Fort Sam Houston was dispatched on a third train, which left at midnight over the Missouri Pacific lines.

This train bore 150 army doctors, nurses and ambulance drvers under the command of Col. Lous Brechemin, jr. It also carried 2,000 pounds of bread, ten days rations for the troops, ten days forage, 1,000 blankets, 500 metal cots, 500 bed sacks and radio equipment. Eight motor ambulances, five mule ambulances and 11 trucks were also sent. Major R. Q. Anrin, assistant chief of staff for military intelligence, eighth corps area, was aboard as the personal representative of Maj. Gen. Edwin B. Winans, corps area commander.

Damage Statistics Given After Storm

(BY THE ASSOCIATED PRESS)

Ten town and cities ranging in population from 600 to 27,000 and dozens of small communities, together carrying property valuations of many millions of dollars, fell prey to the tropical hurricane which laid waste Harlingen and Brownsville.

The following tabulation shows those urban centers in the order in which they were hit, estimates of damage done and populations:

FREEPORT IS HIT

Freeport, 3,162; on the coast line and directly in the path of the storm as it swept west out of the Gulf of Mexico. It is 50 miles south of Houston.

Rockport, 1,140; a pleasure resort where the Corpus Christi weather man estimated the damage would approach $1,000,000.

Corpus Christi: 27,741; losses confined chiefly to broken windows and destruction of frame buildings in the summer resort district on the north side.

Raymondville: 2,050; affected like Corpus Christi.

HARLINGEN LOSS HEAVY

Harlingen, 12,124; 80 per cent of the buildings demolished and many frail huts and homes blown down. Torrential rains inundated streets. Losses $500,000 to $1,000,000.

San Benito, 10,750; where the vortex of the hurricane settled for several hours before slowly moving on Brownsville to the southeast.

BROWNSVILLE BATTERED

Brownsville, 22,021; with Harlingen and San Benito the worst affected of all the cities. The citrus crop in the lower Rio Grande valley, estimated semi-officially to be worth $12,000,000 this year, damaged 90 per cent.

Edinburg, 4,281; where the high winds created havoc but began to diminish in intensity as the "big blow" pushed due west.

Rio Grande City, 2,283; only slightly affected.

Roma, 600; moderately high winds and rain; little damage.

BAPTISTS SELECT CLAUDE

AMARILLO, Sept. 6 (AP)—Claude was selected as the site for the 1934 convention of the Palo Duro Baptist association as it closed its annual meeting here today.

Mrs. V. V. Clark and son, Doyce, have returned from a visit of 10 days in Fort Worth.

GILLETTE, PROBAK AND AUTO STROP BLADES NOW DRASTICALLY REDUCED TO

5 for 25¢

10 for 49¢

At these drastically reduced prices every man now can afford the daily luxury of shaving with the finest razor blades that can be produced. We positively guarantee quality will be maintained at the present high levels. Pending the printing of new packages, you will find a price mark of 50¢ on the packages of five blades and $1.00 on the packages of ten blades. But you pay only the reduced prices shown above. Get a package of Gillette, Probak or Valet Auto Strop blades today and enjoy the world's smoothest, easiest shave tomorrow.

NOTICE OF BANKRUPT'S PETITION FOR DISCHARGE
In the District Court of the United States For the Northern District of Texas.
The Matter of Ray Rockwell Cloud of the County of Hale, Bankrupt. No. 220 in Bankruptcy.
Office of Referee, Lubbock, Texas, September 4, 1933.
Notice is hereby given that Ray Rockwell Cloud of the County of Hale, district aforesaid, did, on the 30th day of August, 1933, file in the Clerk's office said Court, at Lubbock, a petition setting up that he has been heretofore duly adjudged a bankrupt under the acts of Congress approved July 1, 1898; that he has duly surrendered all his property and rights of property, and has fully complied with all the requirements of said acts and of the orders of the Court touching his bankruptcy, and praying for a full discharge from all debts provable against his estate in bankruptcy, and such debts as are excepted by law from such discharge.
On considering the above mentioned petition, it is ordered that any creditor who has proved his claim, and other persons in interest, if they desire to oppose the discharge prayed for in said petition, shall on or before the 5th day of October, 1933, file with the Referee for the Lubbock Division of said district, a notice in writing of their opposition to a discharge in the above entitled cause.

Iron Nerve On A Steel Job

rowds stand breathless in Chicago's Loop when steelworker Joe Reas- r does his stuff. Typical of the iron-nerved men who hold their lives erally in their hands when they erect steel, Joe intersperses daring ntics with his work on the Field building, Chicago's largest office ructure, as the beams reach for the sky. Here he is, clinging to a rder almost literally by his toenails.

A Worth While Style Revue That Includes Jimmie Jefferies, Ligon Smith and His Band, and New Fall Styles From Hemphill Wells Co.

Modeled by Four of Lubbock's Most Attractive Younger Set

Ushering in the new Fall Season, Hemphill Wells Co., in co-operation with other Lubbock merchants, present a really worth while style revue on Thursday evening at the High School Auditorium. The newest for the new season will be featured as attractive young Lubbock women parade the run-way for you, Jimmie Jefferies of W. F. A. A. fame will entertain you as well as Ligon Smith and his famous band. Other attractions are woven into a plotless plot to form a really worth while high quality professional floor show. You'll find it really highly entertaining—you'll enjoy its unusualness.

High School Auditorium

Thursday Night, September 7th

Hemphill-Wells Co

LUBBOCK PUBLIC SCHOOLS ARE TO START MONDAY MORNING

SCHEDULE GIVEN OUT FOR OPENING BY SUPT. DUNCAN

Complete arrangements for opening of the 1933-34 session of Lubbock public schools have been announced by Supt. M. H. Duncan. Classes will begin at 9 o'clock Monday morning, and pupils in grades two to seven who attended school here last year will be enrolled this week.

"On Thursday and Friday, September 7 and 8, all beginners, and pupils in grades from two to seven who did not attend any of the Lubbock schools, will be enrolled and classified at their respective buildings," he added. "Hours will be from 8 a. m. to 4 p. m.

High School Schedule

"All high school pupils from the low eighth grade to the high eleventh should be enrolled and classified by 4 p. m. September 8, so that they may begin their class work promptly on Monday, September 11. High school pupils who are not enrolled by Friday at 4 p. m. will have to wait until after 4 p. m. Monday to be enrolled. They will lose one day of school, for which they will not receive credit.

"Schools will be in session all day Monday. After enrollment books will be given out, lessons assigned and work continued throughout the day. Parents may purchase supplies for their children after school hours Monday or before school hours Tuesday.

Reduce Purchases

"In fact, we are doing our best to reduce purchase of supplies to the minimum this year, and do not believe as much time is needed to purchase them as heretofore.

"For the past two years we have not asked children to purchase music books and we are not going to do so this year. We are going to ask pupils in grades four to seven inclusive to bring 15 cents each to create a fund to purchase one set of music books for each group of six rooms. The books we have been using the past three years are worn out and it is necessary that we have new ones."

Children in grades four to seven, inclusive, are being asked to purchase dictionaries, if they do not already have one, Mr. Duncan added. Teachers of spelling have found they cannot get results they should unless children have a dictionary, the superintendent added.

Must Bring Fee

Pupils in grades one through the seventh are also being asked to bring a fee to cover the cost of writing and drawing paper they will use during the year. Fees will be: grades one, two and three, 50 cents; grades four and five, 60 cents; grade six and seven, 75 cents. Cost of supplies and materials, including the fee and the 15 cents for music, will be: $1.10 for grades one, two and three; $1.75, grades four to seven. This is less than half what it was at one time, Mr. Duncan explained.

Reasons for this, the school executive pointed out, are obvious. Purchases in this manner insure: 1—uniformity in materials; 2—materials on hand when needed; 3—better materials and better work; 4—reduces costs by one half.

To Eliminate Some

"During the coming year we are going to eliminate every note book, exercise book, text book and reference book we possibly can," Superintendent Duncan added. "However, there are some things children must have in their work. They must have scratch paper, pencils, pens, ink, writing and drawing materials and such supplies. There are some text books not furnished by the state that children must have. The state does not furnish text books in home economics, high school arithmetic, trigonometry, sociology, economics, stenography, or typewriting. The arithmetic is the only one on the list a pupil is required to purchase, for that is the only one of these courses required for graduation.

"Patrons of the school should remember that the local school authorities have very little to say as to the course of study they require children to follow. This course of study is largely made out for them by the state, and, when the state leaves any room for choice, tradition has fixed the program to such an extent that school authorities have little to do but to fall in line.

Offer Same Courses

"As a result of this, our schools are offering what other progressive schools are offering. If we would change our program, we must first change public opinion and educational aims for the entire state.

"In asking pupils to purchase pencils, pens, etc., and the materials indicated above, we are doing so that they may follow a program of work and a course of study laid out for them by the state authorities and one that is in line with present day aims in education.

"We want the patrons of our school to know that we are doing our best to reduce costs to a minimum. Teachers understand that many parents have to make great sacrifices in order to send their children to school at all, and will do their best in every case to reduce school costs to the lowest point.

"In many instances teachers have taken money out of their own pocketbooks to purchase supplies for children whose parents are not able to purchase these, and we are sure they would do so again if necessary. We are asking the cooperation of all patrons that we may work together to provide the very best schooling at the lowest possible cost."

BOUNDARY LINES
Lubbock School Districts

Pastor Drank Too Much, Wife Says

Testimony that her husband, the Rev. E. Reginald Williams, pastor of the fashionable St. Mark's Episcopal church of Milwaukee, wrecked their marriage by excessive drinking, was given from the witness stand by Mrs. Dorothy Eckhart Williams, when she appeared, as shown above, at divorce proceedings in Milwaukee. The Rev. Mr. Williams is shown, right, on his way to court. Mrs. Williams is a Lake Forest, Ill., heiress.

Dr. Tyndall To Be Buried In Michigan

CISCO, Sept. 6 (AP)—The body of Dr. John W. Tyndall, 57, president of Randolph college here, will be sent to St. Louis, Michigan, today, for burial. The educator was killed Monday night when his automobile struck a truck twelve miles south of Altus, Oklahoma.

Dewes Davenport, 22, of Clarendon, also lost his life in the crash. H. H. Tompkins of Fort Worth, and Paul McDonald, 20, of Clarendon, were seriously injured. They were riding in Dr. Tyndall's car. Tompkins was not expected to recover.

Dr. Tyndall's body was brought here from Altus and prepared for burial. Services for him were held yesterday in the Randolph college chapel.

The average depth of the world's oceans is 12,000 feet.

GET DIVORCES QUICKLY

LADYSMITH, Natal (AP)—Under native law divorce is cheap and quick in Natal. Zulu wives walk into a native commissioner's office, pay $1.25, have a summons served and within a week may look for another mate.

No act done by any person under seven years of age is a crime.
