GOC To Have Special Exercises Sunday p. m.

Members of the Ground Observer Corps here, along with posts throughout this area, will engage in special maneuvers to test efficiency of operations in aircraft observation by the posts next Sunday afternoon, Feb. 3.

All members of the Ozona post are asked to assemble at the fire station from 2 to 5 p. m. Sunday during the exercise period. During the specified three-hour period, variorus types of aircraft will fly over the area to test alterness of the GOC posts and efficiency of the call system. T. J. Bailey, post supervisor here, will direct operations. The local unit of the Air Force Reserve forms the nucleus of the Ground Observer Corps local post.

Fourth Period Spurt Gives Lions 59 to 46 Victory Over Rankin

By Ernie Boyd

The Ozona Lions, playing rather listlessly, hit a hot streak in the fourth quarter in Rankin last Friday to down the Red Devils 59 to 46 and avenge an earlier loss on the Red Devil court.

Kent Babb led the scoring for the night with 20 points and was followed closely by soph Jerry Jacobs who hit for 16.

The Lions jumped into a short early lead and held on through the first period before Rankin barged into the lead in the second quarter. At one time the Red Devils built up a six point edge only to see the Lions rally sharply and lead at the half 24 to 23.

In the third period, the Red Devils once again forged into the lead only to see the Lions rally and lead by a narrow 23 to 30 margin at the quarter.

The Red Devils lost three regulars due to excessive fouling during the third period and the Lions quickly pulled away on the hot shooting of Babb and Jacobs.

The game was loosely played on both sides and Coach Swede Pelto substitued freely throughout the contest. Johnny Ramirez led the attack for the losers with 14

The Ozona B team found the Rankin B team easy pickings and had to stall most of the last quafter in order to hold the score down to the 56 to 34 final.

Humberto Cervantez led the B attack with 17 points but the scoring was pretty evenly distributed as Paulk and Sikes accounted for ten each and Cico Cervantez had 12.

Gillit With 10th Division In Germany

10th Div., Germany — Specialist Third Class Billy D. Gillit, son of Mr. and Mrs. George A. Gillit, Ozona, Texas, is a member of the 10th Infantry Division in Germany.

Specialist Gillit, a rifleman in company G of the division's 85th Regiment, entered the Army in April 1955 and received basic training at Fort Riley, Kan. He arrived in Europe in November 1955.

Gillit was employed by the Superior Oil Company before entering the Army. He attended Ozona High School.

Lions Winners In Thrilling Double Overtime Contest

Jacobs Scores Winner In Sudden-Death Overtime Period

By Ernie Boyd

Sophomore Jerry Jacobs hit a driving layup in a sudden-death over-time period to give the Ozona Lions a hard fought 39 to 37 decision over the big Eldorado Eagles in Eldorado Tuesday night.

The win was the third for the Lions against no defeats in district play, and left the Cats in first place in the district 8-A title chase.

The Eagles, playing with their backs to the wall, jumped into a lead midway of the first period and held on through the best part of the next three quarters before the Lions began to connect and tied up the game at 33 points apiece.

Jerry Jacobs, who led all scorers with 13, and Jake Young, who was next with 11, led the Lion attack but were greatly aided by a tremendous job of rebounding turned in by Rod Franklin in the second half. Franklin pulled down 13 rebounds to tie Jacobs for the lead in that department even though he played only the last half. Jake Young had eleven important rebounds as the Lions took command of the backboards in the second half.

The game was a tense one from the beginning. A mixup in official scheduled left the contest ready to begin with but one official, but Paul Page came out of the stands to do a fine job in a ticklish situation.

The Eagles, using their cracker-box court to great advantage, played for good shots and did a fine job of defensing the Lions, who were cold as a mackerel through the first two periods, hitting only 6 of 28 good shots from the floor.

Coach Swede Pelto changed tactics at the half, going into a press, but the Lions were slow to react and the Eagles pulled into a 9-point lead midway of the third period, 27 to 18. While the press never did cause the Eagles to crack it did shake up their control style of ball and caused them to take hurried shots which the Lions gobbled up like hungry chickens.

Jake Young, who had moved to a forward position when Williams became ill in the first half and Babb was injured, hit two long shots and a drive-in and Rod Franklin hit a difficult shot and a full shot to tie up the game after Jacobs scored when Young intercepted an Eldorado pass.

With the score tied and only five seconds to play, a jump ball

Citywide Religious Census Planned Feb. 10 By Local Baptists

A citywide religious census will be taken by members of the First Baptist Church in Ozona starting Feb. 10, the pastor, Rev. Troy Dale, said this week. About 75 persons will be engaged in the census taking.

The census will be in preparation for the Spring revival of the church to be held Feb. 24 through March 3. Dr. B. J. Martin, pastor of the First Baptist Church of Pasadena, Texas, will do the preaching during the revival, Rev. Dale said.

Prior to the revival dates, a series of prayer meetings will be held under the direction of a prayer committee composed of Roy Thompson, Ted Lewis, Ben Williams, Mrs. Doyle Stranger, Mrs. Carl Malone and Mrs. Buster Loudamy.

Crockett Section Of 290 In Advance Highway Planning

16.5 Miles West Of Ozona Engineered For Interstate System

The State Highway Commission has approved a program for advance planning on 404 miles of highways scattered over the state on the Interstate System, D. C. Greer, State Highway Engineer, announced this week.

This program, the third program of Intertsate projects set up by the Commission since passage of the new highway act, will enable the Highway Department to develop all of the engineering work necessary before moving this mileage over into the right-of-way acquirement program. The first program, approved last July, covered the actual construction of 473 miles of this system estimated to cost $137 million. The second program, approved in September covered projects on which it was necessary that right of way be acquired by the state and federal government. This covered 637 miles.

The three programs combined cover about 1,513 miles of the 2,905-mile Interstate System, Greer said, and constitue the first five or six years of work on this system from funds available from the new highway act.

Included in the new advance planning program are the following projects in Crockett County:

U. S. 290 from the Pecos River east to Bachler Hill, a distance of 16.5 miles.

Remains Of Grandma Kemmler Shipped Back To Await Claim By Kin

Grandma Kemmler's restless bones, far traveled but yet without benefit of a final resting place, are once again on the move, their ultimate destination yet to await the whim of careless kin.

Packed in a cardboard box, furnished by a St. Louis crematorium, where her body was cremated 22 years ago, the bones of Margaretha Kemmler were recently found by highway department maintenance crews on Lancaster Hill, 35 miles west of Ozona on Highway 290. A full record of her cremation on Feb. 22, 1935, at Valhalla Chapel of Memories in St. Louis was found on the crematorium label on the box but inside the box was a piece of brown wrapping paper on which was handwritten, "Grandma Kemmler's ashes — to be buried or strewn over Mts. with my ashes," the name of the mountain and the signature of the writer were illegible.

If the bearer of the ashes was himself unable to make out the name of the mountain and chose to deposit Grandma's ashes on a steep Texas slope, the fact remains that he neither buried nor strewed the remains but instead left them in the identifiable container. Which posed a problem for the Crockett County Sheriff's Department, into whose care the remains were placed by the Highway Department.

A letter to the St. Louis crematorium by Sheriff Billy Mills brought the following reply, presaging a still indefinite future for the lady's bones:

"Thank you for your letter of Jan. 21 in which you advised that one of your maintenance men located a package containing the cremated remains of Margaretha Kemmler, which was cremated February 22, 1935. The funeral home which handled this service has ceased to operate and although we do not have contact with this family, it is very possible that some member of the family will use our cremation service in the future. If you wish you may ship this package to us by express or parcel post, transportation charges collect, and we will gladly hold this cremation in our vaults until the family can be contacted or use our service at the Chapel again."

Sheriff Mills promptly started Grandma Kemmler's ashes again on the move — transportation charges paid.

1957 Car Licenses Go On Sale Here Friday

New auto license plates will go on sale here Friday morning at the office of Sheriff Billy Mills in the county office building.

The new plates for passenger cars this year will be something of a shock to Texans, who have been accustomed all these years to orange and black combinations. The new plates will be black letters on a white background.

Crockett county passenger plates carry the prefix letters, JJ, and numbers assigned this county will start at 6900.

Car and truck owners who wish to register their vechicle are urged to bring last year's license receipts and certificate of title to facilitate the new registration. Truck owners whose trucks were not weighed last year should weigh their vehicles before applying for new licenses.

The new plates must be on all cars and trucks before April 2.

Anderson Denies Intent To Sponsor New County Bill

Legislator Says He'll Oppose Efforts Of Iraan Promoters

State Rep. Louis Anderson last week announced that he does not intend to sponsor legislation in the Texas House of Representatives that would create a new county from the eastern end of Pecos county and the western panhandle area of Crockett county as advocated by a group of town boosters in Iraan dubbing their organization as the Trans-Pecos Development Association.

The Midland legislator, who represents the 102nd district, said members of the Iraan association had misinterpreted his actions concerning it. George Reynolds, Iraan attorney and motel operator who is president of the group desiring to secede from Pecos county and create a new county around Iraan, with the latter city as the county seat, had quoted Anderson as giving "definite assurance" that the bill would be introduced promptly in the current session of the legislature.

One of the best known open secrets in Pecos and Crockett counties for the past several months, the effort of the Iraan organization to create a new county broke into the open in an Odessa newspaper story last week after months of spadework by Reynolds, TPA Vice President L. G. Blumentritt and Secretary-Treasurer James M. Jacobsen.

Their proposed county, tenatively labeled Permian County, would have contained approximately 1,400 square miles and would have had a population estimated at 3,000.

Discontent with actions of the commissioners courts in Pecos and Crockett counties formed the basis of the group's effort. Reynolds accused the Pecos commissioners of spending 85 percent of the countys taxes in Ft. Stockton while Iraan contributed 70 percent of the money. He also claimed that the offices of the county agent and county home demonstration agent, located in Fort Stockton, were of no value to Iraan because of the great distance between the two cities — 65 miles.

Reynolds blasted the Crockett commissioners for refusal to spend $100,000 for fencing and right-of-way for an extension of Farm Road 33 from Iraan to a point north of Ozona.

Rep. Anderson, in a statement last week to the Fort Stockton Pioneer, said that he felt the best interests of his district and the state would be served by leaving counties as they are now formed.

"I have given careful study and consideration to the suggested

NO MORE QUESTIONS?

In demanding that the Secretary of State provide to the Senate committees on Foreign Relations and Armed Services a detailed report on his handling of the Middle East crisis, Arkansas' Senator J. William Fulbright may or may not have thrown a road block in the way of speedy Senate action on the "Eisenhower Doctrine" resolution.

But Senator Fulbright has, at least, thrown the spotlight on some of the things the constituents back home are thinking. Is the worst snafu since we began fighting and spending abroad to be rewarded by a "vote of confidence in the Administration's conduct of our foriegn affairs" . . "a blank check for the Administration to do as it pleases with our soldiers and with our money"?

House leaders are confident the resolution will pass. So are Washington observers. The record will soon show whether Americans have sent trained seals to represent them in the Capitol.

SAFETY AT THE PLATE

A at meeting of the August Highway Research Board in Washington recently, Earl Larimer, former Safety Director of Minnesota and presently the safety counsellor of a leading insurance company, reported results of the experiences of several states with reflective license plates. The plates which reflect automobile headlights, can be seen from 2,000 feet away at night, Larimer said. They protect automobiles and help prevent nighttime accidents. He reported that: "Three times the number of deaths per 100 million vehicle miles driven occur after dark."

Probably the most interesting suggestion by Larimer was that reflective license plates are the only way to put on all cars in the shortest possible time a safety device that will reduce accidents after dark. All states issue license plates, and making the plates reflective would soon make all cars safer at night.

Maine, Delaware, Minnesota, S. Dakota, Louisiana and Wyoming issue reflective plates now, and there seem to be good reasons why legislators now meeting should provide for the adoption of such safety plates by their states.

HIGHLIGHTS AND SIDELIGHTS From State Capitol

By Vern Sanford
Texas Press Association

Austin, Texas — A number of the "Better Government" bills requested of the Legislature by the Texas Press Association have hit the legislative hopper.

Outstanding among those introduced are:

1. A Mandatory Publication bill, designed to force public officials to print public notices as called for by present statutes. Requiring removal from office of any public official who refuses to publish financial reports called for under existing laws, this bill would eliminate such occurrences as have happened in Duval County in recent years. Introduced by Sen. Preston Smith of Lubbock and Rep. John Lee of Kermit.

2. A bill to provide for public notice of applications of veterans applying for loans under the Veterans Land Act. Notices, to appear in the veteran's home town newspaper, would specify name of the veteran, describe the land, and quote the price he will be paying. Sen. Charles Herring of Austin and Rep. Louis M. Anderson of Midland have introduced companion bills in the Senate and House.

3. Rep. Virginia Duff of Ferris and Sen. Crawford Martin of Hillsboro have introduced measures which will require publication of financial statements by school districts and other official bodies. Again, a measure to help prevent situations similar to that in Duval County.

4. Sen. Ottis Lock of Lufkin and Rep. Howard Green have introduced bills in their respective houses which would make it unlawful to bar newspaper reporters from precinct conventions. Object: To prevent instances when newsmen are unable to report convention facts to their readers because they are refused admission to such political meetings.

5. Meetings of public bodies would be open to the public, including newspapermen, if a bill introduced by Sen. Henry B. Gonzalez of San Antonio and Rep. Don Kennard of Ft. Worth is passed. This bill will insure the "public's business" being kept public.

6. A measure providing for removal of officials who refuse to testify concerning their duties. By Sen. Doyle Willis and Rep. Howard Green, both of Ft. Worth.

7. Two bills introduced by Rep. Jack Welch of Marlin would require insurance companies to publish financial statements annually, and provide a penalty for furnishing false information to the insurance commission.

8. Another bill by Rep. DeWitt Hale of Corpus Christi would require each treasurer receiving or controlling funds of a school district to keep a full account of all funds, and to file an annual report of those funds each school year. Present laws do not provide adequate protection at the local level for such accountings.

Among other items in the still-abundant flow of suggested legislation are bills which would:

1. Require voters to register by parties. By Sen. Henry B. Gonzalez of San Antonio.

2. Provide paid investigators to assist grand juries. By Rep. John T. Cox of Temple.

3. Refund state taxes on gasoline paid by cities. Rep. Robert W. Baker of Houston.

4. Exempt widows, old age pensioners, injured veterans and others from state property taxes on the first $5,000 in value. By Rep. D. Roy Harrington of Port Arthur.

5. Place liquidation of insurance companies under supervision of Travis County district judges rather than the Insurance Commission. By Sen. Charles Herring of Austin.

6. Make Texas Thanksgiving the same as the federal holiday. By Sen. Dorsey B. Hardeman of San Angelo.

7. Re-organize the Industrial Accident Board and increase workmen's compensation benefits. By Reps. Kennard and Wade Spilman of McAllen.

8. Provide for annual sessions, boost legislators' salaries to $7,500 a year and the speaker and lieutenant governor to $12,500. By Rep. Truett Latimer of Abilene.

Money here, money there — House and Senate committees now are neck-deep in hearings on the paramount issue of the 55th session of the Texas Legislature — how much money to appropriate and to whom.

Pacing them are these requests:

1. A $2,000,000,000 appropriation bill submitted by the Legislative Budget Board.

2. A bill to increase public school teachers' basic salaries from $2,005 to $3,204. Introduced by Sen. A. M. Aikin and Rep. James A. Turman.

3. A bill to give state employes a 15 per cent raise on the first $3,000 of their salaries. By Sen. Charles Herring, Reps. Charles Sandahl and Wilson Foreman of Austin. Another bill by the other Travis County member, Rep. Obie Jones, asks a 25 per cent raise.

4. A bill to appropiate $3,000,000 to aid the totally disabled. By Sen. William S. Fly of Victoria.

5. A bill to raise judges' salaries, from $9,000 to $16,000 for district judges, from $12,000 to $20,000 for civil appelate judges, from $17,500 to $24,000 for Supreme Court and Criminal Appeal judges. By Sen. Doyle Willis.

New water plan — With two previous plans junked, a third recommendation has been made for buying state water storage space in federal reservoirs. Earlier plans included, first, a fishing and boating tax, and then a water users tax. Both met strong opposition.

Now Sen. George Parkhouse of Dallas, water program leader, has substituted a plan to finance storage - buying with a $100,000,000 bond program. This is separate from another $100,000,000 bond proposal to aid local government in financing water conservation.

LOOK!
NEW FORD TRUCKS for '57

The Ranchero! More than a car, more than a truck—it's a completely new kind of vehicle. A real pack horse that handles more than half a ton.

Totally new Tilt Cabs! America's lowest-priced,* most modern Tilt Cab line. Six complete new Series, up to 60,000-lb. GCW.

New pickup with Styleside body, standard at no extra cost, gives you stunning style and the biggest capacity of any half-tonner. Available in 6½- and 8-ft. body lengths.

LOOK again!
They're modern through and through

The boldly modern styling you see in the new Ford trucks for '57 just *hints* at how deep-down modern they really are!

The beautiful new Ford Ranchero rides, handles and looks like a modern car. Deep down it's a rugged truck—carries over half a ton, more than many standard pickups. Ford's all-new Tilt Cab Series brings a new kind of modern design to the big-truck field. It's America's lowest-priced* Tilt Cab line.

New Ford pickups back up their sleek modern styling with higher power, completely new cabs, a new kind of pickup ride. Styleside bodies are biggest of any pickup.

The three trucks shown here give you just an idea of the sweeping changes in the new Ford line for '57—ranging up to tandems with 85,000-lb. GCW. See your Ford Dealer for complete details on the truck to fit your job.

*Based on a comparison of factory-suggested list prices

NEW cabs—completely new—stronger, roomier, smarter! New wider full-wrap windshield. New inboard cab step, new Hi-Dri ventilation.

NEW hydraulic clutch standard in all models, pickups to tandems. Easier to operate—works like hydraulic brake. Clutch and brake pedals are modern suspended type!

NEW Styleside pickup bodies, standard at no extra cost. America's biggest pickup bodies! Side loading's far easier with full-width body.

NEW riding comfort! Big roomy cabs, new chassis suspension, and increased visibility combine to greatly improve riding and handling ease.

NEW chassis strength! New frames, up to 1¾ stronger. New sturdier front and rear axles! New higher capacity springs!

NEW power advances! Higher horsepower, free breathing, higher compression ratios, new Super-Filter air cleaner. Short Stroke engine design—V-8 or Six, in every model!

For '57 and the years ahead—

attempt to justify

its size. While National Defense does take up the greater portion, that doesn't tell the whole story. For instance, information has gone out that the Administration is reducing the number of persons on the Federal Payroll within the civilian agencies, but the nicest thing I can say about that is it's pure bunk. In fact, the President has asked for 25,000 more civilian employees, some 8,000 of them in the Commerce Department alone!

Added note on budget correspondence — A few persons have written at length asking for a reduction in spending, and about the time they begin to make a sound case, suddenly say: "Of course, I hope you will be able to appropriate money for a new such and such in so and so county." To those few, let me point out that with 435 House Members and 96 Senators getting requests for projects from the home folks, they cannot grant them and reduce the budget at one and the same time. It seems human nature for the people in Maine to say: "Cut out projects in California, but leave ours alone." And vice versa.

Hugh O'Brien, the handsome actor who plays "Wyatt Earp," the gun-slingin' lawman of the early West on TV, came to Washington a few days ago to make some publicity pictures and found his six-guns had not arrived with his baggage. His manager, hearing I had a pair of Texas shootin' irons, called and asked to borrow mine and I consented. A couple of hours later however, he called to say the actor's guns had arrived, relieving both "Wyatt Earp" and his manager of some real embarrassment. O'Brien had a rough time of it. Scheduled to ride in the Inaugural parade, he was felled by a virus and left town muttering "Dodge City was never like this."

Thought of the week: One of the great mysteries of life is how the boy who wasn't good enough to marry the daughter can become the father of the smartest grandchild in the world.

Youth Program Is Outlined By Study Committee of WSCS

Problems of youth in general and of this community in particular were pointed up in a comprehensive report of its findings made by a committee from the Methodist Woman's Society of Christian Service at the conculsion of the Society's current study, "Youth in a Responsible Society: A Christian's Concern."

A ten-point course of action and conduct was outlined by the committee, composed of Mrs. S. M. Harvick, Mrs. L. B. Cox, Jr., Mrs. Dempster Jones, Mrs. W. E. Lott and Mrs. Leroy Russell, in its report. The committee reported its findings as follows:

1. We should show our youth that we have faith and trust in them and that we realize only 5% of youth are involved in delinquency.

2. We should educate public opinion to the good in youth.

3. Parents of Ozona are stimulating youth to follow social patterns that are too advanced for their years, i. e. too early dating, dancing and dress.

4. Groups of parents and youth should cooperate in a program of solving the problems of youth (social, school, discipline).

5. Parents need to maintain an active interest in the mental development, concerns, and ambitions of their youth. Parents need to be friendly, understanding companions of their sons and daughters. (One great-grandmother said that in their relations with youths, parents should "keep limber, loving, and a little bit looney.")

6. We should write the owner of the local theatre requesting a higher standard of movies on weekends, especially Saturday afternoon when so many children attend.

7. Youth should be helped to choose their vocations on the Christian basis of service to God and man.

8. Youth should take more responsibility in sharing the problems of the world. The final step must be the one that relates all of these experiences to the total local community.

9. That parents and youth should attend church regularly and sit together as family units. Youth are strengthened in their Christian character when all members of the family participate in the program of the church.

10. For action, we recommend that the fellowship hall of our our church be equipped and made available, with responsible sponsorship of parents, as a social center for our youth, as our church's obligation to provide a Christian environment for the recreational and social needs of our youth.

"In large part the future of our youth depends on the affection and leadership they get from parents, teachers, and religious leaders. Continuing interest, guidance, and a word of encouragement at the right time can do much to smooth the difficult road to maturity."

EDITORIAL!

REVEALING

By Genelle Childress

What kind of a personality do you reveal when you walk down the halls of O. H. S? Actions speak as loud as words and both are too loud many times! At noon and after school you you can always hear the shouts of "Look Out"! "There goes the bell!" "We're coming through!"

When the bell rings it seems to be the particular signal of some to emulate an African on the warpath! Those deafening sounds such as these make more modest creatures automatically flinch and move quietly to one side so the loud mouth charges his way on out!

Actually, no one would leave an office building after a business appointment, or a doctor's office in such a way, and our school is just as important. We should have the same feeling of loyalty when we leave and enter these halls as we do when we stand erect and sing our school song, both are important in their own way.

Of course I'll admit that it could be the happy feeling of another day of school being over or perhaps the hunger pains are causing you to reveal something in your personality that really isn't or shouldn't be there!

So remember, a little fore thought on politeness is all one needs to really ring the bell as a "tops" in personality.

JUNIOR CLASS ROUNDUP

Our Juniors have really been busy this past week. Volleyball and the one act play are taking a lot of the girls' time. The boys have been practicing hard to win district in basketball while the others are struggling with weight lifting. Of course, besides the evtra - curricular activities, the boys have their girl-friends and the girls have their boyfriends (naturally) to keep them busy! A few of the seen-together lately are: Nellie-Jimmy, Mary Jo-Rod, Gwynel-Joe Boy, Bill-Susie, Mark-Molly Sue, Diz-Beverly, Wanda-Don L., Diane-Don P., and Dartha Robert F.

It seems that Mr. Rollins got pretty aggravated during class meeting last Tuesday. The Juniors were making a tremendous amount of noise so Mr. Rollins picked up the March of Dimes jar and was beating it on the desk when all of a sudden it shattered all over the desk! Roars of laughter came from the Juniors as the face of a well-liked Algebra teacher became red.

FHA NEWS

Because of the rushed activities before Christmas and the interrupted schedule during exams, the Future Homemakers haven't met very often, last week we had a business meeting and discussed national projects.

Mrs. Hull is out of town because of illness in the family. It isn't certain when she will return.

Several girls are now qualified for their first or second degree. The requirements can be completed at the end of a semester after a candidtae has successfully finished that length of time in a homemaking class. The award in a small FHA pin and guard with the degree represented by a key, torch, or scroll.

We have lots of fun in FHA, and we always welcome new members. Come visit us, high school girls, at our next night meeting. It lasts only an hour, and we have refreshments and a short program. Do come and if you enjoy it, come back!

—oOo—

"JUST FOR FUN"

Important customers to waiter passing him by: "That food looks pretty good. I'd like to eat here sometime."

One young thing to another: "He likes classical music, art museums, and he reads a lot, but nobody's perfect."

A parking lot is a place where you pay 50 cents so you won't get fined a dollar while you go in to get a ten-cent soda that costs a quarter.

Girls who try to be walking encyclopedias should remember the reference books are never taken out.

—oOo—

BEHIND THE BANDSTAND!

By Becky Davidson

There has been lots of excitement over in the band hall last week. The election for Band Sweetheart was held, but the winner's name will be kept secret until Monday night, February 4th, the night or our banquet. Carolyn Mayfield, Beverly Kilingsworth, Gwynel Walker, Mary Lou Johnigan, and Liz Pearson are the top five. One of the girls is Band Sweetheart.!!!!

The band is looking forward to our clinic and banquet February 4th. The Band Boosters have worked and planned for the day. We are lucky to have this opportunity.

Another month will start the band festivals. It isn't certain where we'll go. Concert season is always lots of fun. The trips are wonderful!

JIVE TALK

By Lou Nelle Beall

Do you get bored with the same old ordinary expressions you use everyday? How many times have you said, "Let's eat", when you get hungry. A number of teenagers who lived in California decided they were tired of saying "Water please" when they went into a drug of you were to drop by a California drug store anytime soon you might hear a "real gone kid" saying, "I'll have one on the city." That's the latest way to order a glass of water there.

Another brand-new expression for these people who act rowdy is "You prehistoric thing!"

In Maine you might hear the expression "Who pushed your button?" That is only a mild way of telling a busy-body no one asked for his opinion.

Well, that is enough of "all of that jazz." (Which means, of course, all that stuff).

THE MAN'S WORLD

(from a woman's viewpoint)

Perhaps our present day admiration for our men, stems from the days of knights and ladies! The knight that could show-off" his great power to the best advantage, was the highest in esteem with each of the ladies. Of couse, this was often very dangerous but since their lives were meant to be short and adventurous, this worked out well.

Today, we like to see your abilities on show, also — but not in your car.!!!

Believe me, when we are near a wild two-wheel turn, your name takes a sharp turn with it — not around the corner; doors! This type of show is not only dangerous, but very childlike. Even little children like to play "airplanes".

Don't feel down-hearted though, we love your cars with all those "extra". It gives us a big thrill to hear a low rumble go by — and know that it was "that certain someone." And the way we know your car, inside and out. We are really impressed. Only one request "Stay with us as long as you can."

ASSEMBLY PROGRAM

Miss Hart Ridley's fifth grade students (and sophomores) last Wednesday demonstrated a few square dances. The fifth grade did very well, but not much can be said for the sophomores. Three different groups of square dancers from the fifth grade did three dances; then, without notice beforehand, some of the sophomores were called upon to do a square dance with the half and instructions from the fifth graders! Although there were some embarrased looks and stepped-on toes by the sophomores, the assembly was thoroughly enjoyed by everyone.

Of course I might add that the Seniors, Juniors, and Freshmen were in complete hysterics because the Sophomores (who were so smug over not having to preform at their own Assembly) were asked by the 6th graders to come on the stage-and of all things — Square dance for the rest of the school!!!

School Cafeteria MENU

Monday, Feb. 4:
Barbecued patties
Buttered rice
Baked lima beans
Sliced apples
Sliced bread — cornbread
Milk — Butter
Peanut butter cookies

Sponsor Better Government Legislation

Rep. Louis H. Anderson and Sen. Charles F. Herring are shown above, left to right, as they confer on a Veterans Land Bill sponsored by the Texas Press Association. It is one of 15 bills to be introduced by TPA during the 55th Legislative Session. This bill would require publication of a classified ad in the hometown newspaper of any veteran applying for a loan to purchase land under the benefits of the Veterans Land Act. It would name the veteran who has made such application, specifically designate the land, and quote the purchase price. "By this method," said Herring, "the public would know what is being done with our Veterans Land Funds, and who is taking advantage of the State's generous offer." Said Anderson, "This simple notice will stop once and for all the false applications for veterans lands. Had it been in effect years ago it would have saved the state millions of dollars." Both legislators are veterans. Anderson is from Midland; Herring is from Austin.

Storm Market Higher Ice Lowers Movement

FORT WORTH — Numbers of livestock at Fort Worth dropped sharply below a week ago due to icy weather over much of the territory, and prices Monday reflected strength through most of the grades and classes of livestock offered.

Fed steers and yearlings were strong to 50 cents higher and slaughter calves ruled strong to 25 or 50 cents up. Stockers were very scarce, and strong. Cows and bulls ruled fully steady.

Fed steers and yearlings of good and choice grades cashed at $17.50 to $20.00, and fed heifers ranged from $19 downward. Medium and lower grades sold from $12 to $16. Fat cows drew $11.50 to $13.50 and canners and cutters cashed at $8 to $11.50. Bulls were reported from $10 to $15.

Good and choice fat calves cashed at $15.00 to $19.00; and medium and lower grades scored $10 to $15. Stocker steer calves were quotable from $20 down, and steer yearlings around $18 down.

Lambs Advance Again Old Sheep Scarce

Good and choice wooled fat lambs sold from $18 to $19.25 and a few club lambs sifted from the Stock Show topped at $19.50 at Fort Worth Monday. Shorn lambs of choice grades and with No. 1 skin sold from $18.50 down and No. 2 skin lambs sold from $17.50 down. Cull to medium lambs sold from $12 to $16.50.

Stocker and feeder lambs of good and choice grades cashed at $19.50 to $17.50, feeders at $17.50 having No. 1 pelts. Full wooled feeders were considered quotable to $18. Old ewes sold from $6 to $8. Old bucks sold from $5 to $6. Old wethers were quotable from $10 to $12, and yearlings and two-year-old muttons were quotable around $14 to $16.

WSCS Youth Study Course Completed

The final lesson on the current study, "Youth in a Responsible Society" was held by the Methodist Woman's Society of Christian Service Wednesday morning at the church. Mrs. H. B. Tandy directed the lesson.

The meeting opened with a pledge to children, followed by prayer. Mrs. Taylor Word gave a talk on "Concern of Youth in Education and Leadership." A panel composed of Mrs. S. M. Harvick, Mrs. L. B. Cox, Jr., and Mrs. Dempster Jones, discussed "Internationalism." Coffee and brown bread were served by Mrs. J. A. Fussell, Mrs. W. E. Lott and Mrs. F. L. Henderson.

The findings committee on "Youth in a Responsible Society: A Christian's Concern" was composed of Mrs. S. M. Harvick, Mrs. L. B. Cox, Jr., Mrs. Dempster Jones and Mrs. Leroy Russell. They reported their findings which will be discussed under the leadership of a panel of youth and adults at the Sunday night supper at the church, Feb. 3.

Present for the Society meeting were Mrs. Clay Adams, Mrs. Bailey Post, Mrs. H. B. Tandy Mrs. Joe Pierce, Mrs. L. B. Cox, Jr., Mrs. J. W. Henderson, Mrs. Leroy Russell, Mrs. Dempster Jones, Mrs. J. A. Fussell, Mrs. Charle Williams, Sr., Mrs. W. E. Lott, Mrs. F. L. Henderson, Mrs. S. M. Harvick and Mrs. Taylor Word.

Pecos River Salinity Alleviation Bill Is Again Before Congress

Washington, D. C. — A bill to provide for water conservation and salinity alleviation works on the Pecos River Basin has been reintroduced in the U. S. House of Representatives by Congressman J. T. Rutherford of the 16th District.

Rutherford calls construction of the water salvage channel at a cost of about $2,161,000 and construction of the salt alleviation works at a cost of $150,000, in his measure. Operation costs of about $60,000 annually will be borne by local users, and the states of Texas and New Mexico have agreed to finance right-of-way costs totaling $300,000.

The West Texas Congressman believes he can clear the bill through Congress, but he says the "big hill to climb" is getting approval of the Department of Interior and the Bureau of the Budget before the measure goes to the floor of the House and Senate for action.

"The reason," Rutherford reports, "is that my bill provides for the funds to be granted on a non-reimbursable masis, and this is the first time a bill of this type has been offered in that manner.

"Heretofore, all non-reimbursable bills had concerned flood control and not just water conservation and salinity alleviation.

"Since this is a precedent-making bill I have introduced, I know the Interior and Budget departments will be very careful in their analysis, although they agree that the project is, on its merits, apparently very worthy."

The bill was approved by the proper Committees during the 84th Congress, but because of its precedent-setting provisions did not get proper clearance from the Department of Interior.

Rutherford said the bill asks for non-reimbursable funds "because of the water users simply do not have the ability to pay." He cites the drought and quality of water as the reasons for their being in that predicament.

Construction of the works provided for in Rutherford's bill will eliminate about 12,000 tons of salt per year now being poured directly into the Pecos River. Some 54,000 acres of farm land in West Texas, and additional acreage in New Mexico, will benefit if the measure is enacted. The primary purpose of the bill is to eliminate the growth of salt cedars in the Pecos River Basin, and Rutherford says this will save about 117,000 acre-feet of water annually. He reported direct benefit would approximately $9 per acre foot, which has been described by Assistant Secretary of Interior Aahandahl as "a material return."

Changes In Social Security Law Affects Employes On Farms

Rules covering farm workers under social security changed beginning January 1957, Floyd B. Ellington, manager of the San Angelo social security office, reminded farm employers today. Changes were included in recent amendments to the Social Security Act.

"If a farm employers pays a farm worker $150 or more in cash during 1957, the cash pay is covered by the law," Ellington said. "Also, even if the worker fails to earn as much as $150 cash pay from a farm employer but works for that employer on 20 or more days in 1957 for cash pay figured on a time basis rather than one a piece-rate basis, the pay is covered.

The total number of days worked and the manner of figuring the pay do not count if the worker meets the $150-a year test.

Neil Tarvin, field representative will be in Ozona in the district courtroom at 9 a. m. Thursday, Feb. 14 to assist anyone here.

FAMOUS

Esso Extra

GASOLINE

gives extra anti-knock performance in modern engines

Modern cars, especially the 1957 models, have engines with high compression ratios.

Even at this altitude, these engines require the extra performance of Humble's famous Esso Extra gasoline.

It's the best premium gasoline you can buy . . . with extra anti-knock performance . . . extra power . . . extra protection against vapor lock . . . extra mileage . . . extra quick starting and warm-up.

Fill up with Esso Extra gasoline under your neighbor's Humble sign — it's famous for performance.

Prevent "the knock you cannot hear" — use famous Esso Extra gasoline.

Engineers call it "trace knock," a knock so faint that only a trained technician can hear it. But like all knocks, it robs your engine of power, forecasts engine damage. If yours is a modern car in any price class —especially if it's a 1957 model—prevent "trace knock" with Humble's famous Esso Extra gasoline.

The News Reel

A re-run of "The Ozona Story" as gleaned from the files of The Ozona Stockman

From The Stockman, Feb. 2, 1928

Suit for an injunction to restrain the Crockett County tax collector and the commissioners court from collecting taxes amounting to more than $3,000 and to force the county to accept $9 in full payment for the company's taxes on oil leases in the county was filed here Tuesday in 83rd district court by the Continental Oil Co. The company's petition alleges that it holds leases on ten tracts of land amounting to approximately 4,144.51 acres on which it places a valuation of $414.45, or ten cents an acre. The county valued the leases for tax purpose at about $33.50 an acre .

— news reel —

With no new cases developed since Saturday, Ozona's small-pox outbreak was apparently on the wane this week, and physicians expressed the opinion that the disease had been conquered.

—news reel—

Eleven big electric signs of the latest design and incorporating the latest novel patterns will be strung in front of a many Ozona business houses in the downtown section in the next few weeks to add to the general appearance of the town with the installation of the new "white way" which is to be in operation soon.

—news reel—

Dr. G. Miller, a physician and surgeon, arrived in Ozona with his wife last week and has set up for practice of medicine here. Dr. Miller had practiced medicine in Moody, Texas, for the past 22 years.

—news reel—

Crockett county's voting strength will mount to well over the 700 mark for 1928, the greatest it has ever been in the county's history, according to reports from the office of W. H. Augustine, county tax collector. A total of 685 poll tax receipts had been issued by the collector at the end of the paying period, Jan. 31. The total represents an increase of 204 over those paid in the last voting year, 1926. Leonard Hensley, Rex Russell, Jack Henderson and Tot Grimmer were visitors in Crockett county's new oil town, Grube, Sunday.

— news reel —

The Ozona Golf Club is all macked out with clubs, balls, bags and a few "Plus Fours" and with no place to play.

— news reel —

The land on which the course was located has been literally sold from under the cups and cut into several pastures by fences that cross the course in several places. Members of the club are now pondering the question of a new location on which to lay the course.

—news reel—

The Commissioners Court recently appropriated $500 to be used in grading a road from the town of Grube on the Pecos river to the Ollie Parker ranch. An appropriation of $100 a mile also was made to build a road from the Pecos river in the direction of McCamey.

—news reel—

Miss Josephine Nolen of San Angelo is an Ozona visitor.

—news reel—

Mr. and Mrs. Walter Childress and children are moving this week to Fort Stockton where they will make their home. Mr. Childress recently purchased a ranch of approximately 30 sections in Pecos county from the Scharbauer Cattle Co. of Midland.

— news reel —

Funeral services were held at 3 o'clock Wednesday afternoon at Cedar Hill Cemetery here for John Hurst, Sutton county ranchman and a brother of Mrs. Chris Meinecke of Ozona, who died in Sonora Tuesday night.

—news reel—

Miss Alva Smith, daughter of Mr. and Mrs. O. W. Smith, a student at Simmon University in Abilene, spent the week-end here visiting her family. Mr. and Mrs. Smith took their daughter to San Angelo Monday where she boarded a train to return to her classes in Abilene.

—news reel—

The giant golden eagle recently donated to the school museum by Paul Hallcomb and Miller Robison has been mounted by Mr. Brison and Principal Bishop. The lordly fellow perches at present in the science laboratory, unable to survey operations through an absence of glass eyes. When these arrive he will be allowed to preside over the museum.

—news reel—

Extensive improvements are contemplated in the near future for the Ozona Garage, local Chevrolet agency, embracing among other improvement an extension of the building 48 feet north, thus almost doubling the floor space of the showroom, office and storage quarters o fthe garage.

— news reel —

Edit: "Former Ozona Man Convicted in Goat Theft." That headline in last week's Stockman has brought down much abuse on the head of this erring editor. This fact we are happy to record, for those criticisms came from town boosters who resented our calling a man who had lived in Ozona but a few months, and who was already under indictment for this offense when he came here, an "Ozona man." And we are ready to admit there is justice in the criticism. Ozona is willing to accept any man to the fold and in the spirit of the Old West to inquire not into his past. But after the past comes to light, no further harbor is offered. That too is the spirit of the Old West.

———oOo———

Notice to Parents of School Age Children:

The school census for Crockett County is now being taken All children who are six years old on or before September 1, 1957, but will not be 18 or older on or before that same date should be counted in this census. It is very important that all children six to 18 years be counted in the census. The child should be counted even though he may not be in school and even though he may be married.

If you, as a parent, have not received and filled out a school census blank on or before January 31 you are being overlooked and should contact one of the following school principals:

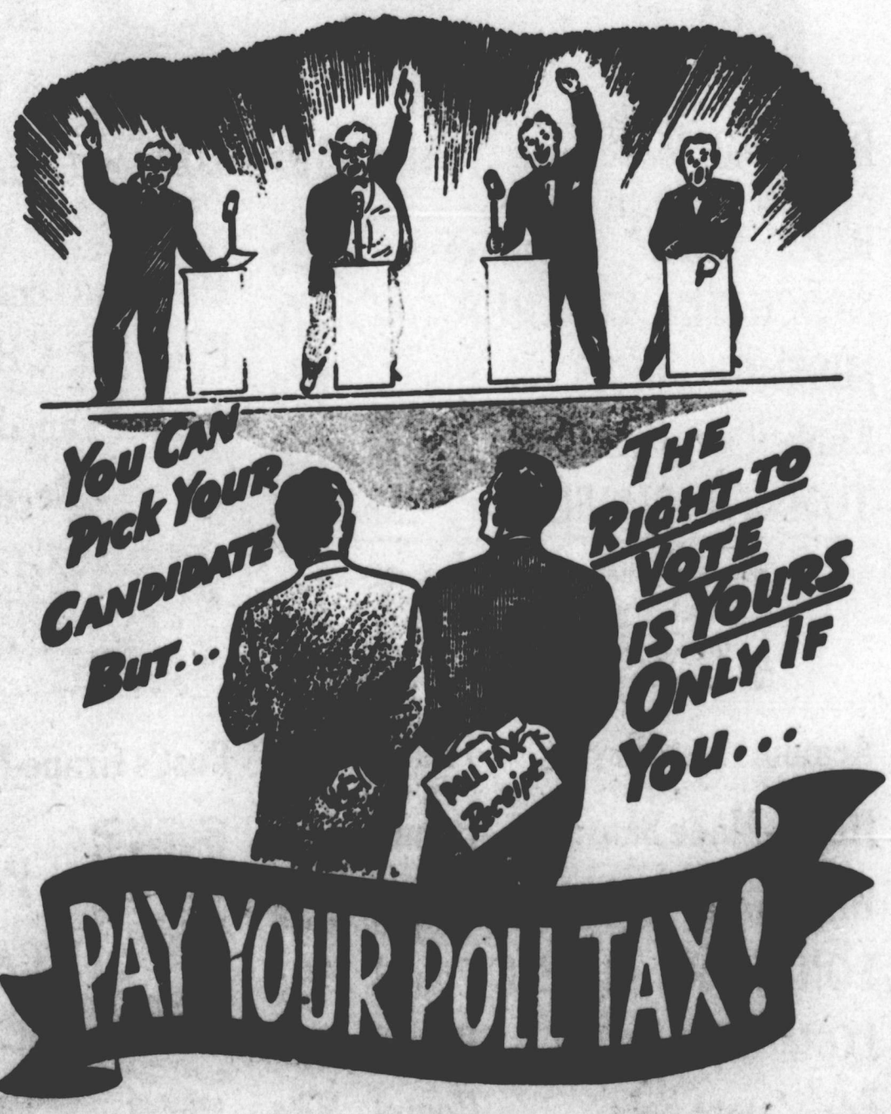

P. O. Hatley, High School, Phone 192
Roy Killingsworth Junior High School, Phone 108
Frank Janes, North Elementary, Phone 101W
Earnest M. Boyd, South Elementary, Phone 251

Remember, if your child will be six years old next Sept. 1st he should be counted in the census now, even though he is not in school now. If he is six but not 18 or older on next Sept. 1st he should be counted now. All children from six to 18 should be counted. The six year olds who start next Sept. to school are the ones most often overlooked in the census. Failure to count them costs the school and the taxpayers extra money. Please help us not to overlook anyone!

Please read the census blank carefully, fill it out completely, and return it by your child next day to the teacher. Thank you.

Lions Win —

(Continued From Page One)

was called under the Eldorado basket and Young controlled to Jacobs, who missed a jump shot, and Franklin in turn missed a layup as the game ended.

In the first overtime, Jacobs hit a nice jump shot to put the Lions ahead but Harris was fouled and hit both shots to tie up the contest again. The Lions once again had a chance, however, as Sutton was fouled with only three seconds remaining, but missed the chance and a sudden death period was begun.

The Lions controlled the vital tip but lost the ball on a bad pass. The Eagles in turn threw a wild pass that Bobby Sutton gained control of and the Lions sewed up the contest on a beautiful play. Sutton drove down the base line and forced the Eldorado defensive boy to come to him and leave Jacobs, a quick bounce pass into the post and Jacobs hit a hard drive-in despite the Eagle's frantic efforts.

As long as the Eagles could force the Lions into the ball control game, they were able to maintain their lead, but the Lions, by switching both offensive and defensive tactics during the contest, managed to open up the game and pull the contest out of the fire.

The Lions will face the improving Junction Eagles in Junction Friday night of this week to try for their fourth straight district win. Then, on Saturday night, home fans will get a chance to see them in action against the powerful Big Lake Owls. Three games are slated for the bargain evening, a freshman team clash starting at 5 p. m., the B teams at 6 and the first string contest at 7:30.

Anderson —

(Continued from page one)

creation of a new county and find it not in keeping with sound political economy to further subdivide Pecos county or any other county in my district," Anderson said.

"I regret that my views have been misinterpreted and that I have been quoted as favoring or willing to sponsor such legislation. The fact that I took time to give the fullest consideration to the matter and approached it with an open mind apparently was misconstrued as favoring the proposed plan of creating a new county from portions of Pecos and Crockett counties.

"I have given careful thought to the historic yardstick for creation of counties, where in it was sought to establish boundaries so that any citizen of a given county would not be more than one day's travel from the county seat. Modern roads and improved travel and communications have lowered that time limit to scarcely more than an hour's travel for any citizen of a Texas county.

"If anything, Texas has too much overlapping of government units for economical and efficient operation, and I have concluded that it is in the best interest of all concerned that I not introduce such a bill, and should one be introduced it will meet my opposition," Anderson concluded.

In the first overtime, Jacobs hit a nice jump shot to put the Lions ahead but Harris was fouled and hit both shots to tie up the contest again. The Lions once again had a chance, however, as Sutton was fouled with only three seconds remaining, but missed the chance and a sudden death period was begun.

The Lions controlled the vital tip but lost the ball on a bad pass. The Eagles in turn threw a wild pass that Bobby Sutton gained control of and the Lions sewed up the contest on a beautiful play. Sutton drove down the base line and forced the Eldorado defensive boy to come to him and leave Jacobs, a quick bounce pass into the post and Jacobs hit a hard drive-in despite the Eagle's frantic efforts.

As long as the Eagles could force the Lions into the ball control game, they were able to maintain their lead, but the Lions, by switching both offensive and defensive tactics during the contest, managed to open up the game and pull the contest out of the fire.

The Lions will face the improving Junction Eagles in Junction Friday night of this week to try for their fourth straight district win. Then, on Saturday night, home fans will get a chance to see them in action against the powerful Big Lake Owls. Three games are slated for the bargain evening, a freshman team clash starting at 5 p. m., the B teams at 6 and the first string contest at 7:30.

Anderson —

(Continued from page one)

creation of a new county and find it not in keeping with sound political economy to further subdivide Pecos county or any other county in my district," Anderson said.

"I regret that my views have been misinterpreted and that I have been quoted as favoring or willing to sponsor such legislation. The fact that I took time to give the fullest consideration to the matter and approached it with an open mind apparently was misconstrued as favoring the proposed plan of creating a new county from portions of Pecos and Crockett counties.

"I have given careful thought to the historic yardstick for creation of counties, where in it was sought to establish boundaries so that any citizen of a given county would not be more than one day's travel from the county seat. Modern roads and improved travel and communications have lowered that time limit to scarcely more than an hour's travel for any citizen of a Texas county.

"If anything, Texas has too much overlapping of government units for economical and efficient operation, and I have concluded that it is in the best interest of all concerned that I not introduce such a bill, and should one be introduced it will meet my opposition," Anderson concluded.

Woman's Forum —

(Continued from page one)

Hagelstein, Bud Cox, Joe Clayton, John Coates, C. O. Walker, Chas. Williams. On the decorating committee are Mmes. Brock Jones, W. H. Whitaker, Jess Marley, Ele Hagelstein, Ralph Jones, Joe Pierce, III, and B. B. Ingham. Pictures will be by Mrs. Dempster Jones, music by Mrs. Belcher Montgomery. The commentary committee will be Mmes. P. L. Childress, Vic Montgomery, Carl Appel and W. T. Stokes and the programs and door prize committee, Mrs. Boyd Baker, Mrs. Hugh Childress and Mrs. Bill Clegg. Mrs. T. J. Bailey will be publicity chairman.

At the regular meeting of the Forum Thursday, Mrs. P. L. Childress and Mrs. Martin Harvick were hostesses. The program was on mental health. Program topics were discussed by Mrs. W. H. Whitaker and Mrs. Vic Montgomery. Members volunteered to help with the current March of Dimes campaign.

We've got you on our mind!

● Thinking about *your* oil needs is *our* business. As your local oil jobber and distributor it's our job to store and distribute the oil products you and your neighbors need for winter comfort and driving convenience.

Because we are local businessmen we know you—and we know your needs. This is how we can best do our part in the progressive, competitive oil industry—dedicated to bringing better living to all American communities.

Here's our promise that, now and in the days to come, we'll always do our best—for you and your family.
