MOST LEGISLATORS TAKE REST

# 'Get To Work,' Panel Is Told

## The SDN Column

Back in 1961, several community leaders in Snyder took special note of highway traffic tolls and other misfortunes that usually mar Independence Day and came up with the idea of trying to revive an earlier tradition of a community July 4th celebration.

The purpose was two - fold — to put the community in the ranks of actively patriotic groups on Independence Day, and to make it unnecessary for local residents to drive great distances on the clogged highways to celebrate "the Fourth."

Some suggested that scores of people might just be waiting for a good excuse not to travel on Independence Day. Others were less enthusiastic, but were willing to give a try.

★ ★ ★

The first July 4th celebration in Towle Memorial Park exceeded the most liberal forecasts in attendance. General estimates were that as many as 8,000 persons were in and around the park when the fireworks display brought the holiday activities to a close shortly after nightfall.

That first Independence Day celebration featured the reading of the Preamble to the Constitution of the United States and an address by Rep. Omar Burleson, Congressmen for the 17th District of Texas which at that time included Scurry County.

This year's Independence Day celebration will be the eighth in a row, and a patriotic speech has become a traditional part of the event. This, along with the parade, which also features a patriotic theme, the flag - raising ceremony and the fireworks display are the most colorful features of the celebration.

The fireworks display, as the closing feature, always finds the biggest throng on hand. Many visitors from other towns come in for this event each year and crowds have ranged up to an estimated 12,000.

Thus, a lot of Snyder area people have indicated that they prefer to celebrate Independence Day without traveling on the highways. It can be done again this year, for the eighth year in a row.

—WACIL McNAIR.

## Today In History

By THE ASSOCIATED PRESS

Today is Sunday, June 30, the 182nd day of 1968. There are 184 days left in the year.

Today's highlight in history:

On this date in 1950, President Harry S. Truman announced he had ordered U. S. troops stationed in Japan to help the Republic of Korea repel North Korean invaders.

On this date:

In 1777, British forces in the Revolutionary War evacuated New Jersey and crossed to Staten Island.

In 1834, the Indian Territory was created by an act of Congress.

In 1859, 5,000 persons watched a French acrobat, Emile Blondin, cross Niagara Falls on a tightrope.

In 1921, former President William Howard Taft was appointed chief justice of the United States.

In 1941, in World War II, Germany troops captured the Soviet City of Minsk.

In 1946, the third atomic bomb was dropped — in a test over ships anchored at Bikini in the Marshall Islands of the Pacific Ocean.

Ten years ago, French Premier Charles De Gaulle made it clear that France intended to arm itself with nuclear weapons, with or without American and British assistance.

Five years ago, Pope Paul VI was crowned in a ceremony in St. Peter's Square.

One year ago, U. S. astronauts to man an orbiting space laboratory were named. The group included the first Negro and the first Vietnam veteran for space missions.

## THE WEATHER

SNYDER TEMPERATURES: High Friday, 98 degrees; low, 71 degrees; reading at 7 a.m. Saturday, 73 degrees.

Northwest Texas — Clear to partly cloudy through Sunday. Southerly winds 20 to 35 miles an hour this afternoon and tonight and southeast portion Sunday. A few thunderstorms southeast portion Sunday afternoon. Turning cooler northwest late tonight and west and north portions Sunday. Low tonight 66 to 76. High Sunday 82 northwest to 105 south.

Northeast Texas — Partly cloudy and warm through Sunday. Low tonight 73 to 78. High Sunday 92 to 97.

North Central Texas — Partly cloudy through Sunday. Little change in temperature. Southerly winds 23 to 35 miles an hour. Low tonight 75 to 80. High Sunday 93 southeast to 106 northwest.

Southeast Texas — Partly cloudy and continued warm through Sunday. Lowest tonight 74 to 80. Highest Sunday 88 to 96.

South Central Texas: Partly cloudy and continued warm through Sunday. Lowest tonight 72 to 82. Highest Sunday 88 to 98.

Southwest Texas west of the Pecos — Clear to partly cloudy through Sunday with a few afternoon and evening thundershowers Sunday. Continued hot during the afternoons. Lowest tonight 68 to 82. Highest Sunday 95 to 110.

## Heat Wave To Continue Over State

BY THE ASSOCIATED PRESS

Brisk south breezes poured fresh masses of hot air into already steamy Texas today.

Clouds spread over the eastern two-thirds of the state, but forecasts held out little hope for moisture.

Arrival of a cool front from the north was expected to touch off occasional thundershowers tonight in the Upper Texas Panhandle, and these appeared likely to move into Southwest Texas also by Sunday.

Aside from a little cooling in the Panhandle, no letup in the season's first strong heat wave was indicated.

Top marks Friday afternoon soared to 112 degrees at Presidio and 109 at Wink in Far West Texas. Dalhart recorded 107, Farwell 106, Amarillo, Childress and El Paso 104, Lubbock 103, Midland and Wichita Falls 102 and Alpine 101.

Highs at other points included San Angelo 98, Abilene and Del Rio 97, Cotulla 95, Mineral Wells 94, Laredo and San Antonio 93, Dallas, Fort Worth, Lufkin an McAllen 92, Alice, Austin, Houston and Waco 91, and Beaumont, Brownsville, College Station, Longview and Tyler 90.

### Houston Homicide Count Hits 123

HOUSTON (AP)—Three more slayings at Houston Friday night and early Saturday raised the city's homicide toll for the year to 123.

This compares with 116 slayings in the Bayou City at this time in 1967.

One victim was a cab driver. He was found dead in his taxi, apparently the victim of a robber since no money was found. Hospital officials say an autopsy probably will be necessary to determine whether the man was shot or stabbed.

Late Friday night a man identified as Nelson Byrd was shot to death at a service station. Officers said Byrd had been in an argument over a woman.

KICKOFF PROJECT — From left, Don Jeffcoat, Tommy LaRoux, Ron Stoltz, Bill Early, Mickey Nunley, Mayor Bobby McCormick, Howard Limmer and Bob Watlington, discuss plans for a city-wide "clean-up" campaign during the month of July. The City's new Dumpmaster will unload big trash boxes in residential areas. The Jaycees will paint the Girl Scout hut. Limmer and Watlington are co-chairman of the project for the Jaycees.

## Jaycees Map Cleanup Here

Mayor Bobby McCormick has declared the month of July to be "City Wide Clean - Up Month" in Snyder. He did so in a proclamation issued Friday.

The drive was organized by Snyder Jaycees as part of their annual "paint - up, clean - up, fix - up" campaign. This year's drive is different from former drives since it involves the active participation of the City maintenance department as well as local citizens and the Jaycees.

"We've given the drive a new name — the theme is "zero litter,"' said Bob Watlington Jaycee co - chairman of the project along with Howard Limmer. "Snyder may continue to be recognized as a sparkling city through this project," Watlington added. He said everyone in the community can take pride in maintaining one of the cleanest cities in West Texas.

The Jaycees will kick off the project by painting the local Girl Scout hut. The City recently acquired a new Dempster Dumpmaster which will be pressed into service emptying boxes in the residential areas. During the month, the City plans to rotate some of its boxes at the schools for use in residential alleys.

"There is not as much need for them at the schools during the summer holidays," city officials said. "Thus we'll be able to use them in residential areas where they are needed now. Additional boxes have been ordered and they can be placed at the schools when they arrive.

The City also will provide a truck manned by a crew of Youth Corp employes for use in special cleaning problems.

Anyone with debris problems can get help from the truck and crew simply by dialing the City Hall at 573-3536.

## DeGaulle Appeals For Solid Victory

By STEPHENS BROENING
Associated Press Writer

PARIS (AP) — President Charles de Gaulle made an appeal today for a solid Gaullist majority in Sunday's parliamentary elections and called on his countrymen for a great effort to compensate for the crisis that shook France in May and early June.

Speaking on the nation's radio and television network, De Gaulle said there must be a "strong, continuous and coherent majority" to support "a tough policy" planned to bring France back onto its feet.

De Gaulle warned that France has to meet strong foreign competition, ward off price rises, inflation and, a fall in the value of the franc.

Anti-Gaullists claim the president's expected attempt to get out the voters, violates a legal ban on use of the state-owned radio and television for electoral propaganda on election eve.

The Gaullists appeared set to win an overwhelming majority in the 487-seat National Assembly after snagging 142 metropolitan seats in last Sunday's opening round. This compared to six Communist seats, four centrists and two independents.

One political concern among De Gaulle's followers today was voter turnout. Premier Georges Pompidou voiced the fear that many citizens might think the elections were decided in the first round last week, and will leave on holiday outings instead of voting Sunday.

Last Sunday a candidate needed a majority of the votes cast in his district to win. A simple plurality is required in the runoff round, and many of the remaining races appear so close a few votes could determine the results.

De Gaulle called the election during the May-June workers' strikes and student rebellion that at times threatened to topple the 77-year-old soldier-statesman's government. Since then he has wooed the voters in a campaign playing heavily on fears of a possible Communist takeover.

On the economic front, rumors of impending devaluation provoked a new and heavy attack on the French franc.

Heavy trading pushed it to the floor against the Swiss franc, despite government insistence that it would hold at its present parity. The French currency ha already reached floor level against the dollar—4.9740 francs to $1—and appeared to be nearing the floor in trading for German marks, Italian lire and Belgian francs.

"No one really believes in devaluation right now," said one banker, "but everyone seems to be taking precautions."

### Hanoi Claims 7 More Are Captured

HONG KONG (AP) — Radio Hanoi broadcast today the names of seven more U.S. pilots it said had been shot down over North Vietnam and captured.

The names were broadcast by a Vietnamese woman announcer in heavily accented English, and some names were difficult to understand, but ranks, service numbers and dates of capture were clearly understandable.

### TV Personality Must Spend Time In Jail

OXNARD, Calif. (AP) — Actor William Hopper, who portrayed investigator Paul Drake in the Perry Mason television series, must spend five days in Oxnard City Jail for drunken driving.

Hopper, 52-year-old son of the late Hedda Hopper, paid a $250 fine after pleading guilty to the charge Friday.

Because of an earlier conviction of drunken driving, Hopper's operators license was revoked.

## Hunt Victim Of Fall From Air Plane

ROLLA, Mo. (AP)—Highway patrolmen searched in South Central Missouri today for the body of an Illinois man who plummeted from an airplane Friday when a door opened at 8,000 feet.

He was Gerald Potter, about 55, of Pontiac, Ill., one of 23 Lions Club members flying in a chartered DC 3 plane from Kankakee, Ill., to a club convention in Dallas. A crew of four was aboard.

Pilot Miguel Raul Cabeza, 48, said Potter might have opened the door by mistake, thinking it led to the lavatory. The main door and the lavatory are in a compartment to the rear of the passenger cabin.

After reporting by radio to ground stations, Cabeza landed about 100 miles away at Springfield, Mo. The two-engine craft was impounded there by the National Transportation Safety Board pending an investigation.

Potter's wife returned home. The other club members continued their trip to Dallas in another plane.

## Minibottle Bill Is Dead

AUSTIN (AP) — Two small groups of lawmakers had their orders today: get to work on taxing and spending so everyone can go home. Forget liquor.

Gov. John Connally's minibottle liquor bill was smashed to pieces Friday, touching off speculation the governor might call another special session to work it out.

Speaker Ben Barnes and Lt. Gov. Preston Smith told the House and Senate conference committees on the $2.5 billion one-year spending proposal and the tax package to balance the budget to stay in town.

The rest of the legislators were given a weekend pass, to be fresh Monday for the final three days of this session, which has an automatic cutoff date of midnight July 3.

Barnes said he wanted the joint conference committee report on appropriations out of committee by Monday. He said the tax committee should issue its report after the spending negotiators finish their work.

Senators handling the tax differences in the House and Senate bills were named Friday. They are Sens. Dorsey Hardeman, San Angelo; Bruce Reagan, Corpus Christi; David Ratliff, Stamford; Jim Bates, Edinburg; and Ralph Hall, Rockwall.

Hardeman also is on the Senate conference group on spending, along with Sen. A. M. Aikin Jr., Paris; Tom Creighton, Mineral Wells; Charles Herring, Austin; and J. O. Word, Meridian.

Reps. W. S. Heatly, Paducah; G. F. Mutscher, Brenham; Richard . Slack, Pecos; Tommy Shannon, Fort Worth; and Raul Longoria, Edinburg, are the House conferees on spending. Their taxing members are Reps. Ben Atwell, Dallas; R. H. Cory, Victoria; Ralph Wayne, Plainview; Hudson Moyer, Amarillo; and James Nugent, Kerrville.

The taxing bill went to a conference committee Friday after the House voted, 115-20, to refuse to accept Senate changes in the proposal which raises the sales tax one penny. The Senate-amended bill would raise an estimated $176 million by hiking the sales tax and motor vehicle tax from 2 to 3 per cent and by increasing the franchise tax.

The conference committee on spending has been at work for some time, trying to settle $6 million in differences between the two versions.

Connally's $17.5 million liquor bill, which included public sale of 2-ounce bottles of whiskey and numerous liquor law reforms, fell in the Senate Friday, 14-17, although one-vote approval generally had been expected.

Its sponsor, Sen. Joe Christle, El Paso, said he would not try to revive the measure as the Senate had done earlier in the week on the sales tax-franchise tax package.

"We lost," he told reporters after the final vote. "There will be no move to reconsider. We did not have the votes. They simply were not there.

"It's dead until the next regular session."

Several crippling amendments, including one cutting out public service of mixed drinks, were accepted, Christie said. In an effort to win enough Senate votes to get the proposal to a conference committee.

Reports circulated that the governor had informed legislative leaders he would call a second session if a satisfactory liquor bill was not approved before the session ended.

Just before the final vote, Hardeman told the Senate the measure "has many obnoxious features and is in direct contradiction to the constitution of the United States, the constitution of the State of Texas and the (Texas) Code of Criminal Procedure."

The minibottle bill was planed as a way around the constitutional prohibition to "open saloons."

Before it was defeated, it had been amended to limit serving of mixed drinks in private clubs in dry areas only to those that could prove they were non-profit; to make fraternal and veterans clubs observe the same rules that apply to other private clubs; to prohibit legislators from practicing before the liquor control board; to permit guests in private clubs from paying cash for drinks; to prohibit a vending machine company from owning any interest in any place where beer or liquor is served; to make taverns exhibit signs saying it was a felony to enter the place carrying a pistol or large knife; and to make private clubs in dry areas charge only the exact amount they paid for each miniature bottle of whiskey.

DR. KAY GUEST SPEAKER

## Area To Celebrate July 4th

Dr. C. L. Kay, Assistant President of Lubbock Christian College, will be the guest speaker at the community Independence Day celebration next Thursday in Towle Memorial Park.

Dr. Kay will deliver the traditional patriotic address at 9:30 p.m. A huge fireworks display will conclude the celebration immediately following Dr. Kay's address.

The guest speaker has gained wide recognition as a public speaker, especially on Americanism. He received the George Washington Medal of Honor from Freedoms Foundation at Valley Forge in 1961 for a speech titled "The Battle Ahead." The very next year he was accorded a similar honor for a speech titled "Freedom Is On Trial," and then he repeated a third time with a George Washington Medal of Honor in 1967 for a speech titled "Facing the Future with Confidence."

Dr. Kay also received a special citation on April 29, 1964, from President Dwight D. Eisenhower, "For outstanding service to the Nation in proclamation of the American Credo."

A native of Beaverdale, Pa., Dr. Kay received his bachelors and masters degrees from Eastern New Mexico Univesity. The LL.D. degree was conferred on him by Oklahoma Christian College in 1967. Before going to LCC, he was head of the Department of Religion at West Texas State University.

A full day of activities will be unreeled July 4th in the county park. A flag - raising ceremony at 9:45 a.m. will officially launch the celebration. This will be followed by a low-level flyover of jet military aircraft from Webb Air Force Base. The flyover will signal the start of the annual Independence Day parade in the park.

DR. C. L. KAY

The annual July 4th Art Show will begin in the Towle Park barn at 10:30 a.m., which also is the starting time for the Jaycee fishing rodeo and the tennis tournament. Also, concessions will open in the park and Pee Wee baseball games will begin at 10:30.

A swimming meet is set for 2 p.m. at the Towle Park Pool, and Little League Baseball games will begin at 6 p.m. Art show awards will be displayed at 6:30 p.m.

The Chamber of Commerce Merchants Committee, which plans and coordinates the celebration each year, will award several prizes in ceremonies at 8 p.m. Dr. Kay's address and the fireworks display will round out the day's formal program.

By ABIGAIL VAN BUREN

DEAR ABBY: We are a couple with four school-age children. Our problem is an old retired gentleman who lives next door. He just won't leave us alone.

When the boys want to work out in the yard with their father, this old man comes out and talks to them. If they're planting flowers, he is right there, telling them how to do it. If I happen to be outside sitting with friends, he comes out and joins us.

My daughters cannot even sun themselves without this old man coming out to sit with them.

Abby, I hate to seem mean, but who needs an old man following you around and inviting himself over every time you go outside?

My husband doesn't have the nerve to say anything to him, but if you tell me I should do it, I will.

PESTERED

**DEAR PESTERED: The poor old gentleman is lonely, and he could also be getting a bit childish in his declining years, so be kind to him. Tell him, gently, that you and your family need a little more privacy. He may forget from time to time, but be patient, and remind him. One day, you, too, may be old and lonely.**

* * *

DEAR ABBY: My husband is in the army and we are stationed 1,800 miles from home. My mother has offered to send the money for me to fly home several times as she wants to see me and her new grandson.

My husband wouldn't hear of it. He says he does not want me going home unless he can go with me.

Now my mother is going into the hospital for major surgery and she wants me home to be with her for a couple of weeks. My husband is up in arms and won't allow it. (We used up our leave last Christmas and he can't go with me, so that's that.)

I think my husband is selfish and unreasonable. I am just about ready to go anyway, but I hate to do it. What is your advice?

UNDECIDED

**DEAR UNDECIDED: I think your husband is not only selfish and unreasonable, but he's also immature, tyrannical and short - sighted, and sadly insecure. If you can't make him realize that he is wrong in forbidding you to go to your mother in her hour of need, ask him to talk to an impartial party. The chaplain where he is stationed would be my Number One suggestion.**

**P. S. Don't go without your husband's blessing, unless you decide you don't want to come back.**

DEAR ABBY: I'd like to add my two cents' worth about tipping. When I go to a hotel, for example, and see a "bellboy," who is a good 20 years older than I am, I feel like a heel for letting him carry my luggage.

Then when I have to tip him a buck for doing a job that I am more physically fit to do than he is, I feel like a schnook. So what's the answer?

HEEL AND SCHNOOK

**DEAR HEEL AND SCHNOOK: You'd feel like a bigger "heel" carrying your own luggage. Furthermore, don't judge anyone's physical fitness by his age. Most of those "old bellboys" are probably in better shape than you are.**

* * *

**CONFIDENTIAL TO RAMELDA: It's the same old story, you can wear out a mother, abuse her, neglect her, impose upon her and hurt her, and win her back with only four words, "Mom, I love you."**

* * *

**Everybody has a problem. What's yours? For a personal reply write to Abby, Box 69700, Los Angeles, Cal., 90069 and enclose a stamped, self - addressed envelope.**

**FOR ABBY'S NEW BOOKLET "WHAT TEEN - AGERS WANT TO KNOW," SEND $1.00 TO ABBY, BOX 69700, LOS ANGELES, CAL. 90069.**

# Crash Kills Family Of 4

BRISTOW, Okla. (AP)—Only five hours after attending his mother's funeral, Tom Matthews his wife and their two boys were killed Friday in a fiery two car crash at the top of a hill near here in Northeastern Oklahoma.

Also killed was the other driver, Donald Byers Sr., 38, of Tulsa.

Matthews, 36, his wife Mary, 32, and their sons Tommy 8, and Todd, 4, lived at Point Harbor on Lake Keystone. They attended the funeral of Mrs. Belle Matthews in Tulsa.

Highway patrolmen said the Matthews' auto plowed broadside into Byers car, the two gas tanks exploded and the cars burst into flames.

Byers and Mrs. Matthews were hurled from their cars.

"It was terrible, simply terrible," said Guy Eidson, a Tulsa salesman who happened on the scene a few minutes later. "All of them were burned completely."

It was hours before patrolmen could identify the victims.

# More Battles In Red China

HONG KONG, (AP) — Reports of new fighting with mortars and grenades between opposing Red Guard factions in Communist China reached Hong Kong today through travelers and letters from the mainland.

The reports said the Wuhan region in Hupeh Province was the scene of the fiercest fights and had the greatest number of dead.

They added that Red Guard factions in Peking are fighting. Buildings at the three biggest universities in China, Peking Teachers College, were destroyed in clashes between Red Guard studnts and teachers.

In Taipei, Formosa, Chinese Nationalist intelligence sources reported today that a bloody clash between two rival Red Guard groups occurred May 17 in Yunnan, the southwest China province bordering Burma, Laos and North Vietnam.

The report, from Nationalist China's official Central News Agency, said many Red Guards were killed in the fighting.

# Roundup Of Aliens Set

NEW YORK (AP) — Immigration officials have opened a drive to round up aliens working illegally in this country as domestic help. In the New York area alone the figure is estimated at 70,000.

Authorities arrested 100 persons Friday in the crackdown on the black market immigration of alien domestic help.

Their entry into the United States was said to have been arranged by black market employment agencies and shady lawyers. Many of those arrested were either here on visitos visas, or on working papers obtained on the basis of false information, authorities said.

Authorities said some of the aliens were forced to work at substandard wages and make kickbacks. They were deprived of Social Security, workmen's compensation and unemployment protection.

Some of the arrested agreed to waive hearings and leave the country, while others face deportation hearings. Those who falsified government documents to enter the country may face criminal action.

# Mum On Pro Grid Talks

DETROIT A(P) — Representatives of players and owners of National Football League teams have refused to comment on their secret meeting Friday to discuss complaints and a possible strike by the some 640 league players.

An Associated Press newsman and an area newspaper photographer both were asked to leave the Pine Lake Country Club just ouside Keego Harbor, Mich., where the meeting was held.

Vince Lombardi, general manager of the Green Bay Packers, and Detroit Lions guard John Gordy, president of the NFL player's Association, refused to comment on the talks. Gordy said he might make a statement after meeting owners representatives early today.

"I thought this was supposed to be a well-kept secret," Lombardi said when a newsman arrived at the club.

**ACHIEVEMENT AWARD** — Staff Sergeant Allen T. Butler (right), son of Mrs. Genevieve Seyl of Pittsfield, Ill., receives a certificate of maintenance achievement at Tuy Hoa AB, Vietnam from Colonel Abner Aust, commander of the 31st Tactical Fighter Wing. Sergeant Butler, a weapons technician, was recognized for his outstanding performance of duty. He is a member of the Pacific Air Forces. The sergeant is a 1962 graduate of Pittsfield High School. His wife, Ellen, is the daughter of Mr. and Mrs. Truman L. Wilson of 203 Twenty-third Street, Snyder, (U.S. Air Force Photo)

# LBJ Dedicates $50-Million Dam

By DOUGLAS B. CORNELL
Associated Press Writer

NASHVILLE, TENN. (AP) — President Johnson dedicated a $50 million dam today as a symbol of what he called New Conservation concerned with "bringing nature closer to the people."

"That has been my goal since I became President," Johnson said. "Along with peace in the world and progress at home, there is no legacy I would rather leave than a permanent conservation program."

The half-mile dam backing up a 42-mile lake 10 miles west of here on Stones River is named for J. Percy Priest, the late Tennessee congressman. Sponsors boast it will put "a watery playground in greater Nashville's living room."

It also will provide flood protection and power production.

Before pushing a button to open the dam's gates, Johnson noted in a prepared address the many purposes the project will serve.

"But most important—to me, at least—it will create a beautiful new recreation area within 10 miles of the very center of Nashville," he added. "It is a perfect example of the New Conservation: 18,000 acres of unspoiled nature, within easy driving distance of nearly half a million people, for boating, camping, hiking and swimming."

Johnson prodded Congress to pass six major conservation bills now caught in the final jam to adjourn before the August national political conventions.

Two of the bills would create national parks—Redwood in California and Northern Cascades in Washington. Two others would authorize scenic rivers and the lower Colorado River basin project.

Two would revise the Land and Water Conservation Fund Act and establish a National Water Commission.

Johnson flew here from Washington to be greeted by a welcoming delegation headed by Gov. and Mrs. Buford Ellington.

Johnson lauded the three congresses he has worked with during his White House career as some of the most conservation-minded in history. And he said the nation now is reclaiming more land than it loses to bulldozers—four million acres in the last three years.

Yet, he said, the land, air and water we use for living and working are in danger from "sordid byproducts of civilization that we must correct."

## Report Neptune Is Bigger And Warmer

TOKYO (AP) — Two Japanese astronomers reported today that Neptune, third largest of the planets, has a diameter about 12 per cent greater than calculations made in 1949.

The Japanese also claimed the planet, so remote from the earth it cannot be seen with the naked eye, is warmer than hitherto estimated by world astronomers.

The findings were reported by assistant Prof. Tadao Takenouchi and his three-member team of the Tokyo Astronomical Observatory of Tokyo University. They will be announced internationally in the observatory's "Tokyo Astronomical Bulletin" dated July 1.

# CWA, Phone Firm Agree

SAN ANGELO (AP) — Settlement between General Telephone Co. of the Southwest and Communications Workers of America, representing an 18.5 per cent increase in wages and benefits, was reached Friday.

Owen N. Rabourn, director of personnel, said the settlement will cost the company $3,675,000 over a three-year period.

Wages will be retroactive to June 9, according to Rabourn.

"We feel that it is a very fair settlement, considering the company's responsibilities to customers, employees and shareholders," Rabourn said.

Rabourn said the contract includes wage increases up to 73 cents per hour, full basic medical coverage for employes, four weeks vacation after 20 years, and double time and one-half for overtime on Holidays.

The 4,000 employees covered by the new contract included 1,300 employees of the former Southwestern States Telephone Co. which is now a part of General Telephone of the southwest, which operates in Texas, New Mexico, Oklahoma, Arkansas, and Louisiana.

Analysis of perfume vials found beneath St. Peter's Church in Rome bore out the Roman Catholic belief that the grave of the Apostle lies below the great structure. The small vials contain antimony - manganese compounds that are typical of glassware produced at the time of St. Peter's death about 64.

# Teepees At Olympia Are Taken Down

OLYMPIA, Wash. (AP) — An Indian "camp-out" on the grounds of the state capitol has come to an abrupt end.

The tribesmen, who set up their camp last week, saying they were reclaiming their land because the whiteman failed to live up to his treaties, were given 90 minutes Friday night to pack up and leave.

When they failed to lift a finger, state employes stepped in and took down the three teepees and four other tents while the Indians sat in a group and watched. State troopers and capitol guards supervised.

Janet McCloud, a spokesman for the Indians, said at the start of camp-out eight days ago they were taking back good part of western Washington ceded to the United States under the Medicine Creek Treaty of 1854. She said a recent U.S. Supreme Court decision giving the state the right to regulate commercial fishing by Indians off their reservations voided the treaty.

Friday Gov. Dan Evans looked at the tents, the 28 Indians and whites occupying them and the carefully manicured lawn turning brown from lack of water and said the demonstration had gone far enough.

The breakup wasn't entirely peaceful. Nine persons were taken into custody after they took part in a brief scuffle with state troopers. Mike McCloud, 19, of Tacoma, was booked for obstructing an officer in performance of his duty. Seven teen-age boys and a girl were taken into detention by juvenile authorities.

Most of the campers dispersed. Some remained for a time, even though the sprinklers were turned on, but the wet ones also left eventually.

# Couple Honored On Golden Wedding Anniversary

Mr. and Mrs. Malven K. Stevenson Sr., 4008 Irving Street, Snyder, celebrated their 50th wedding anniversary, Sunday, June 23rd with a dinner at the Snyder Country Club. Their children, Malven Jr. and wife Frances of Snyder; Harold B. and wife Bettye of Weslaco; and daughter Marjorie Hager and husband Bob of Richardson, hosted the event.

The former Miss Elsie Carson of Sherwood, Texas and M. K. Stevenson of Loraine, Texas were married in El Paso on June 22, 1918 where he was stationed in the Army previous to going overseas during World War I. After the war, the Stevensons' settled in Sweetwater where they lived until 1943 when they moved to the Rio Grande Valley, living first in Weslaco and then later in Harlingen. They were in business there until June 1967 when they retired and moved to Snyder.

They have nine grandchildren: Robert A. Hager of Dallas, Peggy and Heidi Hager of Richardson; Steve, Jim, Tom and Mac Stevenson of Weslaco; and Kris and Cheril Stevenson of Snyder, as well as their American Field Service adopted granddaughter, Miss Gill Potgieter of Port Elizabeth, South Africa. All were present for the event with the exception of Steve Stevenson who is with the Marines stationed in California; Miss Kris Stevenson who is spending the summer working in Washington, D. C.; and Jim Stevenson who is employed in Houston.

MR. AND MRS. MALVIN K. STEVENSON SR.
(Photo by Craft Studio)

Relatives and friends who attended the dinner included Mrs. Stevenson's two sisters, Mrs. Irene Crowder of San Angelo, and Mrs. H. H. Saenger of Fort Stockton; and Mr. Stevenson's sister, Mrs. W. W. Rhode of Colorado City. His other sister, Mrs. George H. Mahon of Washington, D. C. was unable to attend. Other relatives and friends attending included Dr. and Mrs. Glen Stevenson of Austin, Mr. Tim Byrne of Dallas, Mrs. W. S. Rhode of Colorado City, Mr. H. H. Saenger of Fort Stockton; and Mr. and Mrs. Wayne Boren of Snyder.

The dining table was beautifully appointed with a gold floral arrangement. Mrs. Stevenson's corsage was a lovely gold cymbidium orchid sent to her by Mr. and Mrs. Rihcard Brice. Miss Cheril Stevenson registered the guests, and Miss Peggy Hager served at the punch bowl.

After the dinner, the party went to the Malven Stevenson Jr. home where the attractive "Book" wedding cake was cut and pictures made, and guests entered comments in the 50th Anniversary wedding book.

Mr. and Mrs. Stevenson have always participated in the life of the community wherever they have lived . . . in church, civic, and social affairs. Prior to their retirement, they spent time traveling in America, and extensively in foreign lands, going to Europe twice; to Egypt; to the Middle East and the Holy Lands; to Canada; Central America, and made numerous trips to Mexico from the Yucatan to Mazatian.

**TO WED** — Adaleen Soles of Los Alamos, New Mexico, daughter of Mrs. Paul Harris, 3908 El Paso, Snyder, and the late Adam Soles, is engaged to Ronald Makin of Los Alamos, New Mexico, son of Mr. and Mrs. A. W. Makin of Joseph, Oregon. The couple will exchange wedding vows on August 10 at 4 p.m. in the First Methodist Church of Snyder. (Photo by Craft Studio)

### Miniature Carrot Loaves

1 package (about 13 ounces) white muffin mix
2 teaspoons pumpkin pie spice
1 cup shredded (medium - fine) carrots

Grease 6 miniature loaf pans (each 4 ½ by 2 ¾ by 1¼ inches — 1 cup capacity). Add pumpkin pie spice to dry mix and make up according to package directions; fold in carrots. Turn into prepared pans — they'll be about half full. Bake in preheated 400 - degree oven until cake tester inserted in center comes out clean — 25 to 30 minutes. Serve warm with butter and jam.

### Shell Macaroni

1 package (8 ounces) medium macaroni shells
¼ cup butter
1 cup diced cooked smoked boneless pork shoulder butt
1 can (8 ounces) peas, drained
½ cup freshly ground Parmesan cheese

In a large saucepot cook the shells according to package directions; turn into a colander. Wash the saucepot and in it put the butter, pork and peas; heat gently. Run very hot water over the shells, draining lightly, and add to saucepot; mix gently but well. Remove from heat and mix in Parmesan. Serve at once. Makes 4 delicious servings.

**BETROTHAL** — Mrs. Dan Blair of Fluvanna announces the engagement of her daughter, Hylen Bernice, to Albert Richard Dahlberg, son of Mr. and Mrs. Elmer Dahlberg of Spencer, Nebraska. The couple will exchange vows August 3 at Northside Baptist Church. (Photo by Craft Studio)

## How To Be A Cool Beauty

With temperatures all over the country soaring, the most envied look a girl can have is—cool. Granted, it takes more effort to look frosty during a heat wave, but it can be done!

Start each day with a lukewarm bath or shower; using cold water increases the body's insulation by shrinking blood vessels.

Drink plenty of water and fruit juice as liquids will help your body to stay cool. Stay fresh and feminine all day long by applying a lightly - scented anti - perspirant. Liberally dust your body with talcum powder.

Dress sensibly. Nothing close - fitting, tight or inclined to crease. Choose cotton slips and other lingerie because they are more abosrbent than synthetics. If you wear a girdle, apply generous sprinklings of skin freshener around your waist with a cotton pad before getting dressed. As for clothing, select soothing shades of light, solid pastels.

If you face turns pink and shiny on warm days, pamper your complexion with cool cosmetics — freshener and a lipstick kept in the refrigerator. Lightly film your face and throat with satin - smooth oil to take care of any oil - and - moisture imbalance caused by too much sunshine.

Keep your make - up light and select eye shadow in a matt, powdered form in shades of cool green, ice blue or silver gray. Lipstick should be pale and frosty.

soc rugelach 1-14 wanda

If you want to braise chicken in the oven, use slow (325 degrees) heat and a covered casserole or baking dish. If the baking dish has no cover, cover tightly with heavyweight foil. For a young roasting chicken, allow about 1½ hours braising time.

AUGUST WEDDING PLANNED — Mr. and Mrs. Weldon Wiggins, Route 3, have announced the engagement of their daughter, Linda Dianne, to Robert Eugene House, son of Mr. and Mrs. Floyd House of Ira. Vows will be exchanged on August 23 in the Ira Baptist Church. (Photo by Craft Studio)

## Delight In Pie? Try This Flavor

A beauty of a pie that tastes as good as it looks is one made with orange juice and coconut in a single crust. Its golden looks and tangy taste put it right in line with spring foods.

The delicate flavor and texture of orange filling call for a crust that's tender. When this is made with lard, it's easy to have a pie shell that's light in texture says Reba Staggs, home economist for the National Live Stock and Meat Board.

**Orange Delight Pie Pastry**

1 cup sifted flour
½ teaspoon salt
4 to 6 tablespoons lard
2 to 4 tablespoons cold water

Mix flour and salt. Cut lard into flour until crumbs are about the size of small peas. Add cold water, a little at a time, mixing quickly and evenly through flour with a fork until dough just holds in a ball. Use as little water as possible. Roll to about ⅛-inch thickness and line a 9 - inch pie pan, allowing ½-inch pie crust to extend over edge. Crimp edges. Prick pastry. Bake in a very hot oven (450 degrees F.) 8 to 10 minutes or until lightly browned. Cool.

**Filling**

¾ cup sugar
1-3 cup cornstarch
¼ teaspoon salt
1½ cups water
3 egg yolks, well beaten
1 tablespoon butter or margarine
1-3 cup frozen concentrated orange juice
½ cup flaked coconut
3 egg whites
6 tablespoons sugar

Combine ¾ cup sugar, cornstarch and salt in saucepan. Stir in water. Cook, stirring constantly, until thickened. Remove from heat. Stir small amount of hot mixture into beaten egg yolks. Add egg yolks to sugar-water mixture. Bring to a boil and cook 1 minute, stirring constantly. Remove from heat. Add butter or margarine, orange juice and coconut. Cool. Pour into baked 9-inch pie shell. Beat egg whites until frothy. Gradually add 6 tablespoons sugar, beating continuously until meringue forms stiff peaks. Spread meringue over filling. Bake in a moderate oven (350 degrees F.) 12 to 15 minutes or until meringue is lightly browned.

For an easy, attractive dessert try Crispy Ice Cream Balls. Scoops of ice cream are rolled in chopped nuts, flaked coconut, or crushed dry cereal, and topped with sauce or fruit of your choosing. Serve on chilled plates that have been placed in the refrigerator for at least ½ hour before serving time.

# Feathers Are For High Fashion

By JEAN SPRAIN WILSON
AP Fashion Editor

NEW YORK (AP) — Feathers may be for the birds, but they are also for those with nest eggs plump enough for the likes of high fashion designer Donald Brooks and Pauline Trigere.

Although they do not flock together, the feathers of ostriches, cocks, pheasants and storks are due to flutter everywhere in a woman's wardrobe that may tickle her fancy.

This lesson in orinthology was a part of a week-long series of fall collection previews, American Designer Series, which ends today.

Cock feathers, beige, speckled or white ostrich fronds, sometimes glistening with jeweled drops were used as sleeves skirts, ruffs, cuffs and borders. Some had bodices of matching velvet. Others glowed with irridescent sequins.

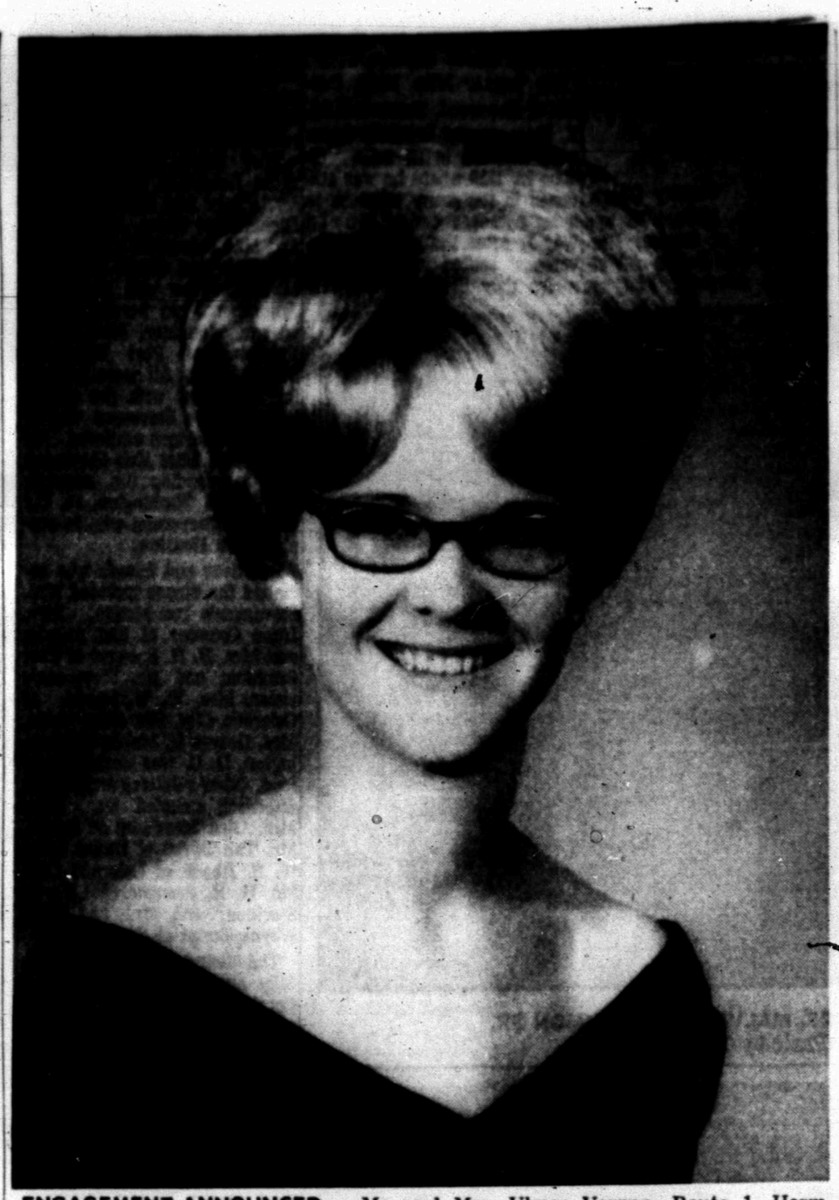
Instead of fur, Pauline Trigere preferred to line coats with marabou. The bristling boas by the mile bounced around other costumes. A gillet for bare bosoms was another ticklish fashion situation created by Trigere.

Just as Brooks used feathers as fabric, Trigere treated leather as if it were woven by the yard. From it she fashioned bodices for gray flannel skirts which matched glove-like leather boots. Leather sleeves, leather for formal wear were more uses.

## Marinated Chick Peas

1 can (1 pound) chick peas
¼ cup olive oil
¼ cup red wine vinegar
1 teaspoon salt
⅛ teaspoon white pepper
1 teaspoon sugar
1 clove garlic, smashed and inserted on a toothpick
4 scallions (green onions), chopped (use white and green parts)

Turn chick peas into a strainer to drain; rinse with cold water; remove any loose skins. In a shallow container, with a fork, beat together the oil, vinegar, salt, pepper and sugar; add garlic and chick peas. Mix. Cover tightly and refrigerate 4 to 6 hours or overnight. Remove garlic. Turn into a serving bowl and sprinkle with scallions. Makes 4 to 6 servings.



ENGAGEMENT ANNOUNCED — Mr. and Mrs. Ulmer Vernon, Route 1, Hermleigh, announce the engagement of their daughter, Sharon Kay, to Jimmy Farmer, son of Mr. and Mrs. James Farmer, 1104 Twenty-eight Street, Snyder. The couple will exchange vows on August 11 in the First Baptist Church of Hermleigh. (Photo by Craft Studio)

## Figure-Right Catchup

1 ½ teaspoons unflavored gelatin
¼ cup cold water
4 cups canned tomato juice
1 cup red wine vinegar
3 envelopes (each 1 gram) artificial sugar
1 teaspoon salt
¼ teaspoon white pepper
1 teaspoon dry mustard
½ teaspoon paprika
⅛ teaspoon allspice
⅛ teaspoon cinnamon

In a cup, sprinkle gelatin over the cold water. Into a medium saucepan turn remaining ingredients; stir to dissolve artificial sugar. Boil gently over medium, heat, stirring occasionally, until reduced to 1¾ cups — about 1¼ hours. Remove from heat. Add softened gelatin; stir to dissolve. Makes about 1 pint. Store in covered jar in refrigerator. If time allows, bring to room temperature before serving.

Frosty milk coolers are a refreshing way to give your family the extra energy needed for summer activities. One delightful flavor combination goes into Chocolate Peppermint Shakes. For each shake mix 1-3 cup chocolate milk and 1 scoop peppermint ice cream in the bottom of a tall glass. Fill galss 2-3 full with milk; stir until blended and top with an additional scoop of peppermint ice cream.

# Miss White, Mr. Vaughan Exchange Vows In Doublering Ceremony

Sharon Joann White and Larry Flint Vaughan were united in marriage at 7:30 p.m., Friday, June 21, in Saint Elizabeth's Catholic Church. Rev. Edward Chrisman, of Plainview, Texas officiated at the doublering ceremony. Banks of greenery and white tapers formed a background for the bridal party.

The bride is the daughter of Mr. and Mrs. Ned B. White, 2705 Thirty - sixth Street. Parents of the groom are Mr. and Mrs. Howard Vaughan of Odessa.

Mrs. Wendell Rehm, organist, presented nuptial music at the organ while guests arrived and also during the ceremony.

The bride, escorted to the altar by her father, wore a floor length wedding gown of white silk organza designed with an A-line skirt and an empire waistline. The close fitting bodice featured a bateau neckline and long sleeves that came to petal points over the hands. The gown was highlighted with sprays of Alecon lace in a rose pattern that was embroidered in seed pearls. A detachable watteau train carried out the same pattern. Her veil of silk illusion fell from a small cap also embroidered in pearls. She carried a cascading bouquet of white feathered carnations. She wore the traditional something old, something new, a blue garter and a penny minted in the year of her birth in her shoe.

MRS. LARRY FLINT VAUGHN
(Photo by Craft Studio)

Mrs. George Chipps, of Fort Worth, sister of the bride served as matron of honor. Bridesmaids were Sharon Vaughan of Odessa, sister of the groom and Sondra Palmer of Sweetwater, college roommate of the bride. They wore floor length gowns of avocado green satin, their headresses were of lighter green tulle attached to a bow of the same material as the dress. They carried long stemmed yellow roses with yellow streamers.

Leroy Childress served as best man. Groomsmen were George Crowder and Billy Max West, all of Snyder.

A reception was held following the ceremony, at the home of the bride. The bride's table was covered with a white silk organdy cloth with all over embroidery. The centerpiece was an arrangement of white and yellow carnations, daisies and greenery, flanked on either side by tall burning tapers. A three - tiered wedding cake was on one end and a crystal punch bowl on the other. Other appointments were in crystal and silver.

The groom's table was laid with a beige linen cloth. The centerpiece was a tall avocado green candle in a wooden candle holder. It featured chocolate cake and coffee served from a brass coffee service. Other appointments were ironstone and silver. Serving in the houseparty were: Barbara Scarbrough of Lubbock, Mrs. Charlie Pace and Patricia Leatherwood of Snyder and Patty Caldwell of Fort Worth.

The bride wore a three piece knit suit of pale yellow and white for traveling, and the corsage from her bridal bouquet.

Both the bride and groom are 1966 graduates of Snyder High School and have been attending Howard County Junior College in Big Spring the past two years. They will be at home in Odessa this summer and will return to school at West Texas State University in Canyon in the fall.

Out of town guests were from Stamford, Midland, Odessa, Colorado City, Fort Worth, Lubbock, Houston and Clovis, New Mexico.

Next time you need a last minute dessert, cut a tube-type angel food cake into generous slices. Top with strawberry ice cream, cut four slices per pint and scoop of fresh strawberries in season, or frozen strawberries, partially thawed. Another time use peach ice cream and sliced peaches, fresh or frozen.

The Benedictines have long been called schoolteachers to the world.

## WOMEN'S CALENDAR

**TUESDAY**

Ladies Golf Association meets at Country Club. Tee - off at 9 a.m.

### Asparagus Pickle

3 to 4 douzen ends from medium - thick or thick fresh asparagus spears the part snapped off and usually thrown away.
½ cup sugar
1 cup cider vinegar
½ teaspoon salt
½ teaspoon mustard seed
1 bay leaf
Tiny piece of dried hot pepper

The asparagus ends should be at least 2 to 3 inches in length; pare them to remove every bit of the outer green covering; turn into a 1 - quart jar. Into a small saucepan turn the sugar, vinegar, salt, mustard seed, bay leaf and pepper; bring to a boil, stirring until sugar dissolves; pour over asparagus ends. Cool. Push a thick wad of transparent plastic wrap into jar to keep asparagus ends submerged. Cover. Refrigerate 8 to 12 hours or longer) before draining and serving.

Pineapple Posy: On a slice of chilled fresh or canned pineapple center a scoop of strawberry or vanilla ice cream. Spoon on sweetened sliced strawberries. Garnish with whole strawberries.

Cotton fiber has a "twist."

**SCHOLARSHIP AWARDED** — The American Business Womens Association met Thursday evening at the home of Clara Mae Noah for their regular monthly meeting. Fourteen members and three guests enjoyed a delicious salad supper. Vondell King, program chairman, introduced Mrs. Kay Echols, physical education instructor at Snyder High School, who gave an interesting talk on the procedure of the classes and how they are graded. She defined physical fitness as: the ability to carry ones work-load in a day without becoming fatigued and have energy left over. Pictured above is Miss Susie Hendrix, center, who was awarded the ABWA scholarship. She plans to attend North Texas State University, Denton, in the fall. Making the presentation is Mary Ellen Meador, club president, while Mrs. Marvis Hendrix, mother of the recipient looks on.

Ever notice that some ice cream cones have flat bottoms and can stand up by themselves? That's so artistic people like you can bring 'em to life! Put candy faces in the ice cream cones, and top 'em off with anything from top hats to Indian war bonnets, and your youngesters won't know whether to eat 'em or talk to 'em!

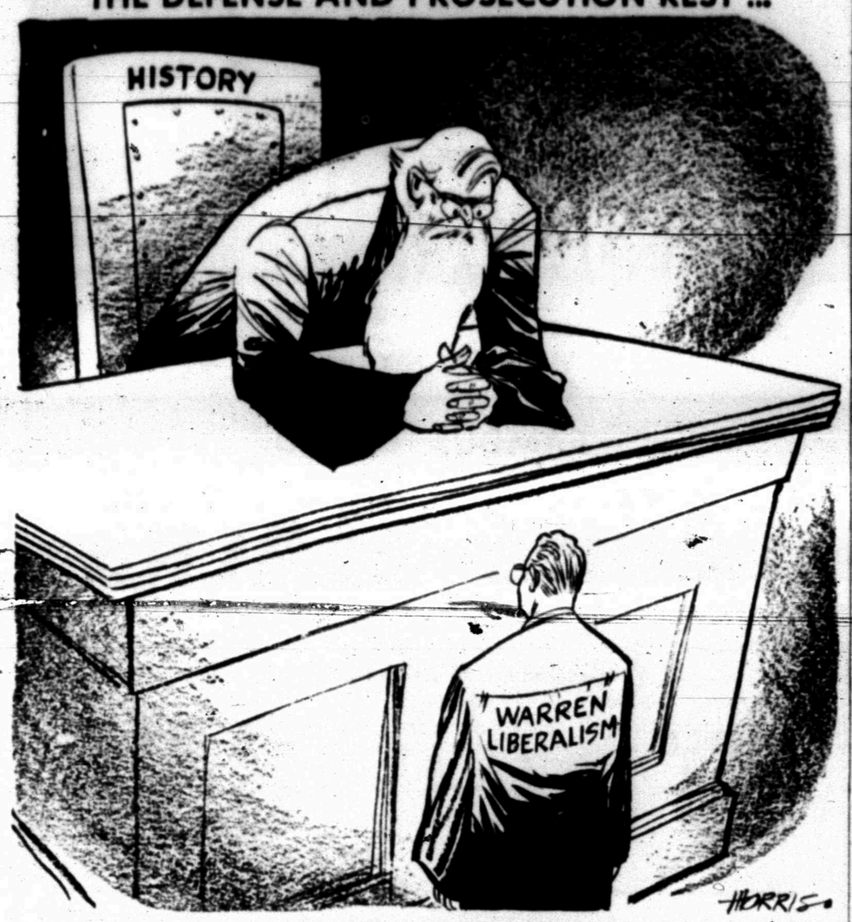
## THE DEFENSE AND PROSECUTION REST ...



# Auto Industry In India Needs Asian Henry Ford

By JOE McGOWAN JR.
Associated Press Writer

NEW DELHI, India (AP) — India's automobile industry could use an Asian Henry Ford.

The industry has a market that would turn Detroit green with envy. Even the used-car market is virtually unbelievable —autos six years old sometimes sell for more than the new price.

And yet, there is unhappiness in all quarters, among the manufacturers, distributors and the buyers.

Three makes of auto are produced in India—the Ambassador, an old model Oxford made under license from Britain; the Fiat, under license from Italy; and the Standard Herald, under license from Britain's Triumph manufacturer.

The manufacturers complain that import regulations and other controls prevent them from getting good components not yet produced in India. Disributors complain of government rules and say that the manufacturers do not give satisfactory warranties on their products.

Most vociferous, however, are the people who buy these cars. The newspapers are full of complaints against poor quality. Members of Parliament echoed these complaints until an inquiry committee was appointed.

The committee earlier this year issued a long list of recommendations, including a call for quality control, rigorous predelivery inspection of cars, and longer and more meaningful warranties.

All told, the committee had 28 recommendations for the manufacturers, 18 for spare-parts manufacturers, 7 for dealers and 13 for the government itself.

After the government announced its acceptance of the recommendations, the newspaper Hindu said in an editorial: "The Indian motorist will hope that something concrete will emerge ... before many more substandard cars enter the market."

Warranties, which had been for only six months, now are supposed to be issued for one year, or 9,600 miles.

Until recently, prospective buyers had to wait as long as seven years to get delivery of a car after the order was placed. The sharp recession of the past two years changed much of this, however. People who found themselves in financial difficulty withdrew from the waiting lists.

Also, production is up, to 33,339 in 1967 from 24,790 in 1965. In contrast, U.S. firms make about 200,000 every week.

One New Delhi dealer recently advertised that a new car could be bought on the spot. This, of course, is provided the buyer has 18,810 rupees cash, a lot of money in India.

That price—amounting to $2,500—will purchase a small automobile which will seat four adults, not too comfortably. In Detroit parlance it would be considered a compact-compact.

There are no different styles, no convertibles or station wagons, no superpowered engines or automatic transmissions, no power steering or power brakes, no tinted glass, no radios or heaters, and no electrically powered windows or six-position seats.

There are about six different colors, but the buyer gets the one that happens to have been delivered when his name comes up.

These factors make foreign cars extremely popular, and the government began to capitalize on this several years ago when it required all foreigners selling automobiles to do so through the State Trading Corp.

A foreigner leaving India and selling his car is paid a price gauged by the purchase price, minus depreciation. The government then auctions the cars. A three-year-old Chevrolet or Ford may sell for three times its original price.

All of earth energy, except atomic and nuclear power, came originally from the sun.

# Changes To Be Demanded In Ethiopia

By MORT ROSENBLUM
Associated Press Writer

ADDIS ABABA, Ethiopia (AP) — Serious observers here feel the riots last April, though blamed on miniskirts, were writing on the wall for an imperial government with roots 3,000 years old.

If there is no immediate reaction in the time of Emperor Haile Selassie I, they contend, it will come later. And if the crown remains, they add, it will be balanced by other power.

Haile Selassie is 77. He and his predecessor, Menelik II, brought Ethiopia together and into the outside world. He has championed African unity and international cooperation. He has emphasized education. He founded Ethiopian Airlines 20 years ago as black Africa's first air carrier.

Now the outside contact is grating Ethiopia's 22 million inhabitants, particularly those five per cent who can read.

Ethiopians will admit they are lagging behind in development. Few blame the emperor but rather the government in general.

The students have brought this vague dissatisfaction into focus. "Struggle," a now-banned publication of university students, wrote in the riot atmosphere:

"The real cause for the defense, which may turn any time into an offensive, is the injustice which they—the masses—have been tolerating for years. The false promises about land reform, the muzzling of public opinion through Parliament bills, and naked, crude violence, and the taxes which seem never to come back to serve them."

"Struggle," though the organ of the widespread students' unions, was associated with Marxists. But the fact remains that a small demonstration mushroomed into fierce riots that destroyed 40 buses, scores of cars and closed the schools for two weeks.

The demonstration sought to prevent a fashion show by university faculty wives, mostly Americans. "Struggle" had decried foreign attempts to corrupt the national culture.

Since then there have been small demonstrations and a continuing undercurrent of grumbling.

Signs indicate that even without internal pressure, the crown will be liberalized in the coming years. Haile Selassie set up a constitutional monarchy in 1955 but retained absolute power.

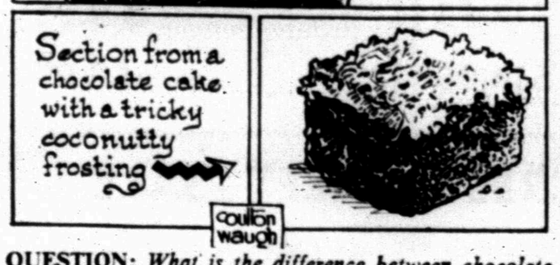
His crown prince Asfaw Woosen, has told diplomats and friends he would rather see more power in elected officials. In an abortive coup in 1960 the prince read a radio statement announcing such reforms. He was officially pardoned as having been coerced, but many feel he was honestly stating his views.

It is not even a safe assumption that Asfaw Woosen will succeed his father. There have been 255 emperors of Ethiopia and few have made it to the throne without a fight.

Informed sources report the well-schooled cadres of the army and civil service are shot through with conspirators. But they lack organization.

The fungus family contains no chlorophyll, produces spores instead of seeds and has no flowers or true roots.

## Junior Editors Quiz on DEVIL'S FOOD CAKE



**QUESTION:** *What is the difference between chocolate cake and devil's food cake?*

* * * *

**ANSWER:** Devil's food cake actually is a kind of chocolate cake. But it is richer. It is devilishly good in taste — spicy, light, fluffy and moist. There are many recipes for devil's food cake. One is 2 cups cake flour, 1 teaspoon baking soda, 1/2 teaspoon salt, 1/2 cup butter, 1-1/2 cups sugar, 1 teaspoon vanilla, 3 eggs, 2 squares melted chocolate, 1 cup sour milk or buttermilk. It is in the use of richer materials, especially butter and eggs, that the difference lies between devil's food and the plainer chocolate cakes. These plainer mixes, however, are also very popular. Special delicacy may be given to them by the use of Swiss chocolate. Nowadays one can get carefully blended devil's food cake and chocolate cake mixes at supermarkets. It is only necessary to add certain simple things like water, butter and eggs and bake — then presto, you have a masterpiece!

Bill Love was the installing officer and Lloyd Arnold was installing Marshal. (Craft Studio)

# Fitness Bug Wants All To Be In Shape

AUSTIN (AP) — Rep. Bob Armstrong, Austin, who runs a mile five or six days a week, wants all Texans to have a chance to use school facilities to stay in shape.

Armstrong's concurrent resolution authorizing a governor's advisory committee on physical fitness, will come before the House State Affairs Committee Monday.

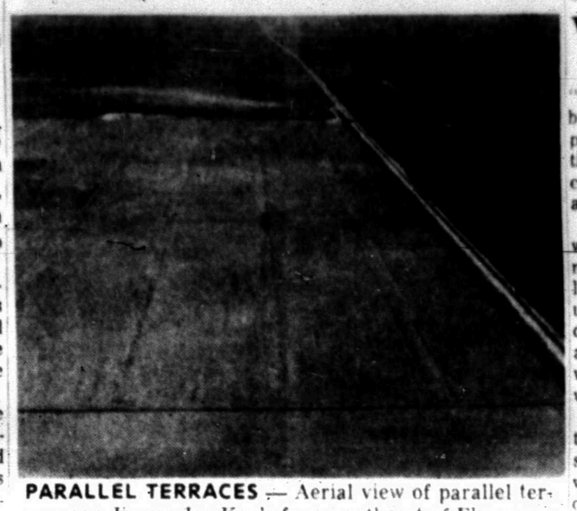
"Stop and think about the many locker rooms, gymnasiums, football fields, tracks and other physical fitness facilities throughout Texas that go unused most of the time," Armstrong said Friday.

"With proper supervision and planning, we could allow—and encourage—any Texan who desires to be able to stay in good physical shape. I think the results would be beneficial to all of us, and at no appreciable cost to the state," he said.

Armstrong, 35, said he tries to run a mile in eight minutes or less.

"It really works. You sleep better, work longer, don't get tired. You can eat what you want, and I'm convinced I'll live longer," he said.

Armstrong said people no longer laugh at him when he jogs by. "And when they do and then run, I can catch them," he said.



**PARALLEL TERRACES** — Aerial view of parallel terraces on Jimmy Joe Key's farm southeast of Fluvanna. The terraces are straight and will back water from one terrace to the other.

# Soil Conservation Work Continues To Expand Here

Terrace lines were staked for Alfred Browning on the place he operates north of Fluvanna. Hoyle Cary has completed about 20,000 feet of parallel terraces on his ranch southwest of Snyder. Joe Cannon has completed a pond on his ranch west of Gail.

The following have aerial sprayed mesquite: Jess Koonsman, Emmit Lefors, Alvin Koonsman, Bun Smith, and Joe Lemely.

A recent experiment carried out in a pasture near Robert Lee showed the need for better distribution of grazing. Up to one half mile from water, the rangeland was being overgrazed and undesirable grasses such as red grama and windmill grasses were increasing. The range was in a low fair condition and produced only 380 pounds of dry grass per acre.

From one half to one mile from water the range was in high fair condition and produced 1060 pounds of dry grass per acre.

From one mile to 1.5 miles from water the range was in good condition and produced 1730 pounds of dry forage per acre.

The advantages of providing adequate water facilities are evident. By increasing the number of watering places, livestock distribution is made more uniform, and grazing is relieved at points of concentration. This ordinarily results in increased carrying capacity of the range because under heavy use, areas around watering places may contribute little or no forage to the livestock. If proper distribution is obtained, damage to plants will be reduced. Though some misuse around water is unavoidable, the damaged area should never make up a high percentage of the total range area. This study indicates that water sources need to be provided every ½ to ¾ of a mile to secure uniform grazing of the rangeland.

# Breaks Law While Asleep

LANSING, Mich. (AP) — "This case," began an opinion by the Michigan Court of Appeals, "presents the novel question of whether a person can commit a crime while he is asleep." The court said yes.

The case involved a man who was convicted in Lansing Municipal Court for being disorderly. He was found smelling of liquor, asleep in his car at the side of a road. The defendant, in his appeal, questioned whether it was possible to be disorderly while sleeping.

Under all circumstances in this case, the opinion said, the sleep factor didn't carry any weight on the crime that was committed, but rather was further evidence to support the charge.

It added that although it was wise for the drinking man to pull over to the curb to "sleep it off," it is merely the "lesser of two evils," and the wisdom of the city ordinance is not subject to judicial review.

# 'Fu The Scab' Episode Is Enough To Disillusion Mao

By JOHN RODERICK
Associated Press Writer

TOKYO (AP) — The case of "Fu the Scab" suggests that though Mao Tse-tung is making progress in dismantling President Liu Shao-Chi's party-government apparatus in Red China, the skeletal structure rising in its place rests on a wobbly foundation.

Liu took over with Mao's blessing as Red China's chief of state in 1959. He soon built up a power base which the 73-year-old Communist chairman saw as headed in the direction of East European-style liberatiztion.

Since August 1966 Mao has conducted a purge, called the great proletarian cultural revolution, aimed at seizing back the initiative and throwing the Liu "rascals" out. Lacking major army and police support, Mao depended on a few trusted followers, his own still enormous prestige and a longrange program exploiting to the full his skills as an agitator and propagandist.

The agitprop phase, involving the use of millions of Red Guards to shake up Liu-dominated organizations and pillory their leaders, took up all of 1966 and much of 1967. Phase two, now in progress, calls for installing Maoist revolutionary committees—made up of army men, cadres and mass organizations—in China's 28 provinces, autonomous regions and municipal governments. It now seems close to its goal.

The final stage envisions a rewriting of the party constitution to guarantee that Liu and his ideas never reassert themselves and that Mao and his successors prevail for time eternal.

Originally, Mao seems to have believed he could replace the Liu machine with relatively unknown men whose first loyalty would be to him. The case of "Fu the Scab"—one of many—must have disillusioned him.

"Fu the Scab" is a less than complimentary name for Fu Chung-Pi, purged commander of the Peking garrison. Like Yang Cheng-wu, named acting chief of the army general staff in 1966 to replace Marshal Lo Jui-ching, Fu was almost a nobody before he got his command.

He and Yang have since been accused of nearly every sin in the Maoist book. An unnamed Red Guard paper said in May that Fu even insulted Mao's wife, the fiery Chiang Ching.

In March, it said, Fu sent two armed motor vehicles to arrest individuals in the holy-of-holies, the Chungnanhai government area, and in Mrs. Mao's own stronghold, the headquarters of the central cultural revolution group.

"Our respected comrade Chiang Ching then bravely came forward and angrily scolded Fu the Scab," said the paper. 'The latter, believing he had Yang Cheng-wu's backing, went so far as to retort and hurl abuses at comrade Chiang Ching. How utterly rabid Fu was!"

Fu did more: he tried to obstruct delivery of messages to Mao and Defense Minister Lin Piao from Red Guard groups, sought to get purged Vice Premier Tan Chen-lin cleared, and plotted to overthrow Security Minister Hsieh Fu-chin, chairman of the Peking revolutionary committee.

The cases of Fu and Yang were not exceptions. Numerous other men yanked out of obscurity and placed in responsible jobs by the Mao group have been found wanting.

Disillusioned with the new, Mao has turned back to the old Party veterans who erred have been given the word—if they repent ever so slightly, they'll be back in the swim.

What this means is that Mao, essentially, has failed to win over enough men and women pure of heart and dedicated solely to his ideas to man the vast party and government network.

Oil does not wear out. It just gets dirty. Once contaminants have been removed, the oil is as good as new.

# Says Earning Report False

HOUSTON (AP)—The financial condition of Westec Corp. was erroneous in five earnings reports before trading of the firm's stock was suspended, a federal accountant testified Friday.

The reports showed some sales that did not take place and other which occurred outside the reported quarter, said accountant Mike Schulman of Washington, D.C.

Schulman, a Securities and Exchange Commission employe, testified at the trial of former Westec board chairman James W. Williams, 36, of Houston.

Williams is charged with one count of conspiracy in the preparation and dissemination of false earnings reports and 12 counts of mail fraud.

Trading of the holding company's stock was halted Aug. 25, 1966 on the American Stock Exchange.

Schulman testified that the second and third quarter reports for 1965 showed $1.15 million in oil sales that never occurred.

The 1965 annual report and the 1966 first quarter report failed to announce that two oil property sales were to the brother of the Westec president, he said. The 1966 second quarter report showed a $4.6 million sale that did not take place, Schulman said.

The accountant also named three Westec aquisitions that did not meet the pooling of interest requirements.

# Destroyers Are Fired On

SAIGON (AP) — The U.S. 7th Fleet reported today that two American destroyers were fired upon by North Vietnamese coastal defense batteries but that neither ship was hit in the barrage of 25 enemy rounds.

The closest shell landed in the water 100 yards away, the Navy said.

The destroyers Cochrane and Ozbourn were shelled Friday while operating 11 miles northeast of Dong Hoi off the southern coast of North Vietnam about 25 miles north of the demilitarized zone.

The destroyers opened with counterfire and reported a secondary explosion with smoke rising 200 feet from the enemy coastal defense site.

Later in the day, the Navy said, the Cochrane fired her five-inch guns at North Vietnamese supply boats 21 to 24 miles north of Dong Hoi and reported destroying two boats and damaging 12 more. Ten of the damaged vessels were motorized cargo junks, the Navy said.

# Thomas Ends Rotary Term

John Thomas, who presided over his last Rotary luncheon as president of the local club, expressed appreciation Thursday for the cooperation of other officers and club members during the past year.

Thomas is surrendering the reins of the Rotary Club here to Jay Rogers, who officially becomes president on July 1. However, there will be no meeting on July 4, the next regular meeting date.

Glenn Scott of Southwestern Bell Telephone Co. presented the program on research being conducted by his company. He was introduced by Gary Stevens, local manager for Southwestern Bell.

Guests at the luncheon were Cecil Nixon and Paul Gilbert.

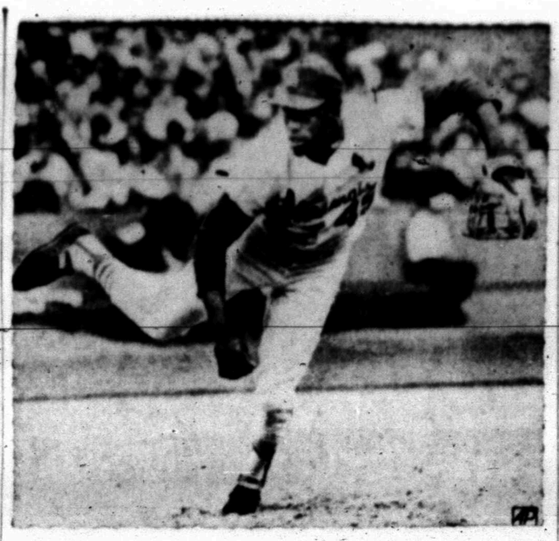
## Falls In Net Finals

Max Falls of Snyder did right well in the State Jaycee Tennis Tournament at Abilene. He bested Steve Adams of Clarendon 6-4, 6-4 in the second round of the boys 16 singles division. In the third round, he defeated Anthony Reynolds of Harlingen 6-2, 6-3 to advance to the finals which were on tap for Saturday.

Mike Boles won his second round match over John Ingram of Richardson, 6-3, 2-6, 6-3. He lost in the third round to David King of Abilene 6-1, 6-1. Mike competed in the boys 14 singles division.

Kay Boles and Linda Miller of Snyder fell in the second round of the girls 16 doubles division, losing to Mary Seiders and Susan Stitt of Austin, 4-6; 6-1, 6-2.

The track entries didn't fare quite so well. Gayle Turner, competing in the 100 yard dash of the Intermediate Girls division, placed fourth.



**GIBSON BURNS IT IN** — Bob Gibson, star hurler for the St. Louis Cardinals, pitched his fifth straight shutout in the first game of a twinbill, beating the visiting Pittsburgh Pirates 3-0. He is within one game of tying a recent record set by Don Drysdale of Los Angeles. Drysdale pitched 58 2/3 scoreless innings. Gibson has 47. (AP Wirephoto)

## Buffs, Rebs In 8-8 Tie

A strange thing happened in the Junior Teenage League clash between the Rebels and the Buffs in Towle Park Friday night. The game was halted after nine innings of play with the score tied at 8-8.

Jesse Speer went the distance for the Rebs, giving up 11 hits. Stewart Sims, David Thompson and Johnny Brandon scattered 11 hits over the nine frames for the Buffs.

The lead changed hands several times with the Rebs scoring once in the 1st, twice in the 2nd, once more in the 4th, three times in the 6th and once in the 8th. The Buffs tallied one time in the 1st, twice in the 3rd, four times in the 4th and again in the 8th.

It looked like the Buffs might turn the tide when they took a 7-4 lead in the 4th, scoring four runs on singles by Mike Hodge, Stewart Sims, Bobby Thompson and David Thompson. However the Rebs rallied for three runs in the next frame to tie it up after there were two outs. Gary Patterson reached first on an error, Bobby Burleson walked, then Gary Harless singled and Jerry Beard cleared the base paths with a double.

The Rebs scored in the 8th on singles by Kenny Patrick and Kevin Jones, but the Buffs matched the tally as Hodge reached first on an error and scored after successive singles by Sims and Bobby Thompson.

Larry Beard gave up only singles to Ricky Howell, Bobby Wall and Keith Jordan in the Card triumph. All three of the hits came in the 3rd and accounted for the only Cub run.

Larry's team came through with 14 hits, scoring once in the 1st, four times in the 2nd, and six runs in the 4th to win going away. Phil Roberson socked a 3-run homer in the 4th while Jeff Richardson and Mike Clifton cracked two-baggers in the same frame. Richardson, Beard, Randy Golden, David Watlington and Morris Hearn all cracked two hits each while Stan Patchell, and Randy Potts each stroked singles.

Mark Harless and Widgeon Emerson teamed up to throw a 3-hitter at the White Sox. Joel Loper got two of the hits, including a double. Robert Braziel's single was the other safety. The only two Sox runs came in the 1st and Loper's two - bagger drove in both of them.

The Yanks meanwhile parlayed six hits into 14 runs, scoring four times in each of the first two innings and six times in the 3rd. George Watts paced the Yank attack with a double and a single, and Emerson smashed two singles. Joe Hardin and Clay Bishop got the other two hits — both singles.

## Winning Two Per Outing

BY THE ASSOCIATED PRESS

Arkansas is winning more and Shreveport and Memphis are liking it less.

The Travelers won their second straight doubleheader from Amarillo 11-2 and 5-4 Friday night and increased their Texas League Eastern Division lead to 4½ games over the Braves and the Blues. Arkansas has three more games with the slumping Giants this weekend.

Shreveport defeated Western Division leader Albuquerque 7-6, scoring the winning run on a double steal with two out in the ninth inning.

## Men, Women Ready For Golf Tourney

A golf tournament for men and women will begin at 1 p.m. Sunday at Snyder Country Club with a shotgun start.

Organized by the ladies, the contestants will be placed in foursomes after registering at the pro shop. Entry fee is $2 per person. A, B, C and D players will be competing.

It was emphasized that the tournament is open to both men and women.

# West Thrashes East 34-20

By RON SPEER
Associated Press Sports Writer

ATLANTA, Ga. (AP) — Gary Beban, king of last fall's college football heroes but snubbed in the first round of the pro draft, has quieted some of the critics who questioned his passing arm.

The Heisman Trophy winner from UCLA displayed a deadly passing touch Friday night and led the West to a 34-20 victory over the East in the eighth annual Coaches All-America football game.

Beban was only the 30th player picked in the draft by pro teams despite his impressive college credentials, with some pro coaches critical of his passing.

"I wasn't bothered about what people had said about my passing," Beban said, "But I wanted to do something about it.

"I'm satisfied now," added the dark-haired youngster who will play in the College All-Star game in Chicago later this summer before joining the Washington Redskins of the National Football League.

Beban hit on 15 of 20 passes for 222 yards and two touchdowns, and his second scoring strike cracked a 20-20 tie in the game watched by a crowd of 21,120 in 80-degree weather.

The go-ahead touchdown was a 44-yard toss to Arizona State's Ken Dyer.

Beban had thrown a 29-yard touchdown pass to Tulsa's Rick Eber earlier in the explosive game which started with a 77-yard punt return by Jimmy Smith of Oregon which gave the West a 7-0 lead.

Minnesota's John Willians recovered a teammate's fumble in the end zone for another touchdown for the West, and quarterback Billy Stevens of Texas El Paso added the clincher in the final minutes on a one-yard plunge.

Larry Csonka, burly Syracuse fullback, and quarterback Greg Landry of Massachusetts were the standouts for the East. Csonka rushed 26 times—a record for the game—and gained 88 yards. He also caught three passes for 41 yards.

He scored twice on plunges and was named the game's most valuable player, an award Beban said "he probably deserved."

Landry hit on 16 of 24 throws for 60 yards, and scored the East's other touchdown on a two-yard plunge.

# Clippers, Reds Win Sr. Teenage Tilts

It ain't how much credit you've got that counts, but how much cash. At least that's what the Colorado City Blacks and the Snyder Jets discovered Friday night after outhitting their foes only to lose in two exciting Senior Teenage League tilts.

The Clippers got only two hits but they made hay with several walks and hit batsmen to put down the Blacks in Towle Park 7-5. The Jet , playing at Colorado City, came out on the short end of a 6-3 score although they outhit the Reds 9-6.

The Clippers got only two hits — singles by Joe Wilson and Ronnie Potts — but that was enough as E. Rocha and Haggerton issued 11 walks and hit two batters. They let in four Clipper runs in the 2nd after going ahead 1-0 in the 1st on singles by Terry Brock and D. Garcia.

The Blacks regained the lead, 5-4, with four tallies in the top of the 5th. A walk, an error and singles by Hoyle and Morris opened the door again. But the Clippers closed it tightly shut by tying things up in the bottom of the frame. Two walks and a hit batsman put Terry Holt on third and he stole home. Potts came through with a subsequent hit, but it was just icing on the cake. The roof fell in on the Blacks in the 6th. Steve Holder and Mike Levens walked, then Steve scored on a sacrifice by Holt. Levens came in on Wilson's single.

Steve Holder was the winning pitcher. He and Edward Brandon scattered five hits over seven frames, and what is more important, they gave up only three free passes. Holder relieved in the 5t. with one away.

The Jets must be wondering what you have to do to win. Not only did they outhit the Reds, but they also got two more extra base hits. Singles by Steve Moffett and Jodi Williamson in the 1st and another single by Alton Patterson in the 2nd failed to produce a run. They finally broke the ice in the 3rd, getting one run on a single by David McGinnis and a double by Merce Hernandez. An error and a double by McGinnis in the 5th produced another tally, and the last one resulted from doubles by Moffett and Hernandez.

Things went easier for the Reds. They got two runs on only one hit — a double by Lujan — in the 1st following an error and a walk. Key opened the 3rd for the Reds, but was forced out at second. Two walks loaded the sacks and Hernandez bore down and fanned the next batter. Then a single by Bracy gave the Reds two more runs. They added a couple of more in the 5th on two errors, a single by Lujan and a double by Parkham.

AT CLEVELAND

# Hot-Putting Archer Leads

By HAL PARIS
Associated Press Sports Writer

CLEVELAND (AP) — George Archer, in his fifth year on the professional golf circuit, has his sights set on a pretty lofty goal.

"I'd like to be the best putter on the tour," Archer says. "A fellow like that can make the most money."

The fast-talking California already is rated one of the best putters around and showed some of his magic Friday by shooting a sizzling six-under par 65.

That gave Archer, at 6-foot-6 the tallest touring pro, a 36-hole total of 135 and a one-stroke lead over Tommy Aaron in the $110,000 Cleveland Open Golf Tournament.

"I think Bob Charles is the best putter around, but some people think I'm better. I don't agree but this was the best I putted in quite awhile.

"In last week's Canadian Open, I was pulling all my putts and I decided my elbows were too far away from my body. So I made an adjustment."

A barrage of six birdies with the help of his accurate putter had Archer in good positions for a run at the $22,000 first prize.

He already owns two tournament victories—at Pensacola and New Orleans—and is the third ranking money-winner with 86,638.

The chilly weather has not affected Archer's play. He's needed only 53 putts in two rounds on the 6,742-yard Lakewood Country Club layout.

Winning won't be easy. Aaron came in with a hot 66 Friday and South American Roberto Devicenzo and Californian Dave Stockton were only two strokes back.

Both Devincenzo and Stockton carded identical 69-68-137s.

Still in contention only three behind the leader were defending champion Gardner Dickinson; rookie Bob Dickson, Wayne Yates, Don January and Rives McBee.

At 139 were Fred Marti, Dave Marr and South African Bobby Cole while Roy Pace, Dale Douglass, Frank Beared and Dan Sikes stood at 140.

Glamour boys Arnold Palmer and Lee Trevino were back in the pack. Trevino, brash U.S. Open king, posted a 61 Friday for a 143 while Palmer also shot even par 71 following a disastrous 75 Thursday. He was at 146 and barely survived the cut.

Britain's Tony Jacklin, first round leader after a torrid 66, ran into bogey trouble and skied to a 75. He was in a nine-way tie at 141.

CLEVELAND (AP) — Scores after 36 holes in the $110,000 Cleveland Open Golf Tournament on the par-71, 6,742-yard Lakewood Country Club course:

| | |
|---|---|
| Tommy Aaron | 70-66—136 |

# PIRATES FLAIL PHILS 10-1

By DICK COUCH
Associated Press Sports Writer

The Pittsburgh pennant coup that became a Philadelphia bargain finally swung a little in the Pirates' direction . . . when Jim Bunning got in the swing against his old pals.

Bunning and Woody Fryman, the principals in a multiplayer winter trade between the Pirates and Phillies, pitched against each other for the first time this season Friday night at Philadelphia.

But the anticipated duel deteriorated into a 10-1 romp for the Pirates and Bunning, who scattered eight hits and knocked in three runs with a double and single on the way to his first victory since May 6.

Elsewhere in the National League, Houston thwarted New York's latest bid to reach the .500 mark by trimming the Mets 7-2, Atlanta blanked Los Angeles 3-0, San Francisco downed Cincinnati 4-3 and St. Louis slugged the Chicago Cubs 9-5.

California swept an American League doubleheader from Washington 4-3 and 1-0 in 11 innings, Detroit edged the Chicago White Sox 5-4 before their doubleheader nightcap was rained out, Minnesota beat Baltimore 5-2 and Oakland nipped the New York Yankees 3-2. Cleveland and Boston were rained out.

Bunning, whose arrival in Pittsburgh was looked upon as the salvation of the Pirates' troubled pitching staff, took a 3-9 record and a 3.69 earned run average into his first appearance against his former teammates. Plagued by groin and ankle injuries, the 36-year-old right-hander had lost seven in a row.

Fryman, the 28-year-old southpaw who went to the Phillies with three others in exchange for Bunning, had rebounded from a 3-8 season at Pittsburgh by winning 10 of 16 decisions this year. He was 7-0 in Connie Mack Stadium and had a brilliant ERA of 1.81.

Right-hander Larry Dierker stymied the Mets, giving up three singles and a run in the first inning and then scattering six more hits the rest of the way.

Rusty Staub's two-run double and a sacrifice fly by Doug Rader sent the Astros in front 3-1 in the bottom of the first and they clipped rookie Nolan Ryan for two more runs in the fifth before pulling away on Dierker's run-scoring double in the sixth and Jim Wynn's seventh inning homer.

Milt Pappas stopped the Dodgers on four hits, disappointing a Ba. Night crowd of 51,747 at Los Angeles. Run-scoring singles by Sonny Jackson and Felipe Alou and Hank Aaron's 15th homer tagged southpaw Mike Kekich with the loss.

Jim Hart slammed a two-run homer in the seventh inning, carrying the Giants from behind against Cincinnati.

## Sox Smash Yanks, Cards Trip Cubs

The White Sox smashed the Yankees 25-6 and the Cardinals tripped the Cubs 16-10 in two hard - fought Farm League tussles, held Friday night in Towle Park.

Bobby Riggins pitched a 1-hitter for the White Sox, giving up only a single to Henry Hernandez. The Yanks tallied all of their runs in the 2nd, aided by numerous Annie Oakleys.

The White Sox delivered 17 base hits and scored almost at will. Charles Stansell knocked two doubles and Mario Ramirez slashed a triple for the White Sox. Stansell and David James each collected three hits while two hits each were registered by Ramirez, Bobby Riggins and Paul Villaneuva. One hit each were poked by Donnie Ingram, Randy Wilson, Gary Martin, George Willis and Jerry Dickey.

The Cardinals outhit the Cubs 10-5. The 4th frame was the big one for both teams as the Cubs tallied seven times and the Cardinals 10 runs. Four of the Card batters each slammed two hits — Robert Dye, David Kruger, Kenny Ellard and Vance Ellard. Nelson Eckert and Jal Dennis each hit one safety. Eckert's was a double. Both of Vance Ellard's hits were for extra bases as he came through with a double and a triple. The Cub hits all were singles. Eddie Rollins got two of them while one each were credited to Dwaine Collier, Jessie Rollins and Edwin Harbor.

# WHY PENALIZE THE SPORTSMAN?

The right of sportsmen in the United States to obtain, own and use firearms for proper lawful purposes is in the greatest jeopardy in the history of our country. Certainly all sincere citizens of this nation want an end to violent crime and lawlessness. Some of our greatest national leaders have pointed out that the causes include adverse living conditions of many citizens, poorly supported police agencies, failure of the courts to enforce prompt and adequate penalties, a weak system of paroling repeated offenders, lack of parental control and, most of all, a general permissiveness permeating our society which has made the obligation to obey the law meaningless to many. Somehow in the minds of many well meaning persons the ownership and use of firearms has obscured the true causes of crime and has resulted in a national wave of intense effort to enact severe firearms controls both against the criminal and law abiding citizen without differentiation.

The National Rifle Association has steadfastly maintained that prompt and adequate punishment of those who misuse firearms should be mandatory and in addition to other penalties provided by law. It has supported in the past year numerous bills to amend the Federal Firearms Act and the National Firearms Act in order to regulate the improper traffic by those who would misuse firearms.

## Here Are The Bills Recently Introduced

In response to the plea of the President and to the public reaction to the assassination, Senator Thomas Dodd (Connecticut) and Congressman Emanuel Celler (10th District — New York) introduced on June 10, 1968, the following bills in the Senate and House of Representatives, respectively: S. 3604, S. 3605 and H.R. 17735, which were referred to the Committee on the Judiciary in the Senate and House.

S. 3605, by Senator Dodd, would include rifles and shotguns and ammunition in Title IV of the recently enacted Crime Control Act now on the President's desk for consideration.

S. 3604, by Senator Dodd, would require the registration of all firearms in the nation under a system to be set up by the Secretary of the Treasury. Registration would commence 90 days after enactment. The registration period is six months. Persons who choose not to register their firearms may, instead, within the six months registration period turn them in and thereby avoid prosecution under the Act. Further, no person may sell, deliver or otherwise dispose of any ammunition to any person who does not furnish proof that the firearms for which he is purchasing ammunition have been registered.

H.R. 17735, by Congressman Celler, is a substitute for Title IV of the Crime Control Act. The basic important differences between the Celler Bill and Title IV are these:

1. The prohibition against "mail order" and any interstate sale to individuals would be extended to rifles, shotguns, ammunition and components of ammunition.
2. No federally licensed manufacturer, importer or dealer could sell or deliver any firearm or ammunition (including ammunition components) to a person under 18 years of age.
3. A $10 license would be required for the manufacture of smallarms ammunition. (There is no exception for a handloader.)

The House Judiciary Committee is scheduled to take action on this Bill by June 20, 1968.

## Gun Control Laws Are Not The Answer!

QUOTE — CONGRESSMAN JOHN D. DINGELL (16th Dist. Mich.), A Now Member of the National Rifle Association Board of Directors at the N.R.A. Membership session on Legislation in Boston.

Crime, he said, "flourishes in the shadow of the most restrictive firearms laws. Indeed, in such areas the burglar, rapist, thug and strong-arm man can go about assured that the law has disarmed their potential victims." He cited New York City, where despite "the most repressive and punitive laws dealing with pistols and revolvers, and now with rifles and shotguns as well," the rising crime rate "shows that not only persons on the streets, but those in their homes, are unsafe from criminal attack.

"In that city," he went on, "only some 18,000 of its 8,060,000 citizens other than guards and auxiliary police may leagally possess a handgun. In comparison, California, with no restrictive firearms legislation, has less criminal misuse of firearms and a lower crime rate than New York City."

Other contrasts were Vermont and Alabama, the former with the nation's lowest homicide rate, the latter with the highest. Yet both have liberal firearms laws." Milwaukee and Minneapolis-St. Paul have no restrictive firearms legislation, he said, yet their homicide rates are "2.3 and 2.1 respectively per 100,000 population . . . a small fraction of New York's with its outrageous Sullivan Act."

H.R. 5384 would "raise the cost of firearms licenses to prohibitive levels," Rep. Dingell said, and would "impose a prohibitory fee for firearms dealers' and manufacturers' licenses and would make it unlawful to ship or sell any firearms or ammunition in interstate or foreign commerce."

UNLESS THE SPORTSMEN OF AMERICA CLEARLY EXPRESS THEIR VIEWS WITHOUT DELAY TO THEIR SENATORS AND CONGRESSMEN, INDIVIDUALS WILL BE PROHIBITED FROM ACQUIRING LONG GUNS IN INTERSTATE COMMERCE AND GENERAL FIREARMS REGISTRATION WILL BECOME A REALITY. INDICATIONS IN THE FORM OF STATEMENTS BY SOME PROPONENTS OF RESTRICTIVE GUN LEGISLATION ARE CLEAR THAT THEIR GOAL IS COMPLETE ABOLITION OF CIVILIAN OWNERSHIP OF FIREARMS. THE SITUATION DEMANDS IMMEDIATE ACTION BY EVERY LAW ABIDING FIREARMS OWNER IN THE UNITED STATES.

**PREPARING FOR A.M.** — Earthmoving machinery is rapidly changing the landscape of the American Magnesium Company plant site southwest of Snyder as preparations for construction of the huge plant move along rapidly.

# Sirhan's Lawyer Given More Time

By GENE HANDSAKER
Associated Press Writer

LOS ANGELES (P) — Sirhan Bishara Sirhan, the slender Jordanian accused of assassinating Sen. Robert F. Kennedy, has been granted a three-week delay in entering a plea to give his attorney more time to study the case.

A judge, standing in a jail chapel that served as a courtroom, postponed Friday the 24-year-old immigrant's plea of guilty or not guilty to July 19.

Veteran criminal lawyer Russell E. Parsons, who took over Sirhan's defense 10 days ago at the accused's request and without fee, said he had had only "limited time" to study the transcript of grand jury testimony.

Parsons told newsmen later that Sirhan's mother Mary would visit him Monday for the first time since his arrest. The family lives in suburban Pasadena.

The 5-foot-2 Sirhan, clad in a light blue shirt, tight black pants and polished black loafers, walked into the hearing room erect and expressionless. Three times he politely answered the judge, "Yes, sir," in a calm, low voice amplified by a loudspeaker.

About 175 newsmen and others attended the nine-minute hearing in the Los Angeles County Central Jail's third-floor chapel—a large, oblong room with oak pews facing a platform at one end. No cameras or recorders were allowed in the room during the hearing. Everyone was searched twice.

Superior Court Judge Richard Schauer, standing behind a lectern at the rear of the platform, announced that "these facilities"—the jail chapel instead of a regular courtroom—"are to insure the defendant's security."

Adel Sirhan, 29, one of the defendant's four brothers, sat among front-row spectators. For Adel's protection he was escorted by several police detectives.

Sirhan entered from a door to the spectators' right. Four deputies, towering over him, closely escorted him. Two stood behind him, one to his right and one to the left of his attorney as Sirhan sat beside his lawyer at a small table facing the judge.

The indictment charges one count of murder and—for the wounding of five bystanders in the volley that fatally injured Kennedy—five counts of assault with intent to commit murder.

The shooting took place early June 5 at the Ambassador Hotel as the New York senator and an exultant crowd of supporters celebrated his victory in California's Democratic presidential primary.

Still recovering from a sprained ankle suffered in his capture at the assassination scene, Sirhan was brought in a wheelchair from his cell to a point just outside the chapel-courtroom.

At his arraignment June 7 in the same room he was wheeled in, but Friday he walked in, small-looking and pale.

He appeared freshly shaven. His thick, wavy, black hair, evidently freshly cut, was neatly combed. He wore no necktie.

# HOSPITAL NOTES

**Chaplain: Rev. W. N. Parkey**

ADMISSIONS: Mrs. Myrtle Johnston, Box, 82; Viola Warren, Thirty - fifth and Avenue U; Mrs. Mallie Strawn, Route 2; Frank Brownfield, 3012 Avenue W; Henry Booth, Route 2.

DISMISSALS: Vera Ubando and twins, Johnie Herrley, Mary McGuire, Tommy Koonce, Ollie Clements, Peggy Hood, Neva Fuqua, Dorothy Foy, Concepcion Martinez.

History's first threshing crews wielded flails.

# Health Clinic Has Visitors

Three visitors from Austin toured the facilities at the County Mental Health Clinic last week. They included Miss Hazel Casler, information specialist for the Texas Department of Mental Health and Mental Retardation; Jim Seymour and John Lawrence.

Miss Casler is developing a story on the Big Spring State Hospital as related to community services. Assisting in this effort is Jim Seymour, magazine photographer, who is contributing a picture series. This booklet is a project of the Hogg Foundation.

The visitors met with County Judge Sterling Taylor, Dr. John T. Miller, Jr., psychiatric consultant to the Scurry County Mental Health Clinic; Robert B. Pierce, M. D., acting director of Scurry County Health Unit; and, Mrs. Elaine Crawley, social case worker for evaluation of this pilot project.

John Lawrence, rehabilitation counselor for the Commission of the Blind, accompanied the visitors to discuss the services available to Scurry County people who have visual handicaps. Mrs. Mary Cochran, volunteer coordinator to the Big Spring State Hospital, accompanied the group.

## Gangland Figure Stabbed In Prison

NORFOLK, Mass. (AP) — Joseph Dermandy, 39, an inmate at the Norfolk Prison Colony and a brother of one of Greater Boston's gangland murder victims, was found stabbed to death in his prison bunk today, a prison spokesman said.

Dermandy's brother, Ronald, was shot to death Sept. 4, 1964, in Watertown, one of the first victims of the area's four-year-old war among local gangland figures. He spelled his last name as Dermody.

The American Association of Museums lists 4,595.

# Pompidou Feels Lot Of Pressure

By HARVEY HUDSON
Associated Press Writer

PARIS (AP) — Premier Georges Pompidou has been buffeted from left, right and center in the campaign for French legislative elections this Sunday.

Pompidou's political style — and perhaps even the style of President Charles de Gaulle — is at stake.

In his six years in the premier's job, Pompidou has been the suave master of a docile majority in the National Assembly. Now even the people who say they would like to be his friends are snappish. They want more voice in fixing policy, and they're out to get more deputies to back up their demands.

In the first round of voting Sunday any candidate who gets a majority will be elected. Where there is no first-round decision, the high man on the list next week is elected.

For the contenders, the election is like a prism. Each candidate sees the issues and outcome with his own optic.

For De Gaulle, the choice is between him and "totalitarian Communism." The Gaullist candidates echo this theme faithfully, trading on fears of a Communist takeover. Pompidou is pressing for a big majority of straight-line Gaullists in the assembly to back him up.

The Communists, with a relatively stable backing of about 22 per cent of the voters, so far, have been conducting a long fight for respectability. They would like to be accepted as just another French party and have a chance to get some ministers in the government.

The Federation of Democratic and Socialist Left or FDGS, which embraces the old Socialist and Radical Socialist parties plus other splinter groups, has been flirting with the Communists but shies away from marriage. The FGDS and Communists fight each other in the first round of elections, but work together in the second round — to their mutual benefit.

But the greatest pressure is coming from the right and left fringes of the high center ground the Gaullists have staked out for themselves. The to whittle away at the Gaul fringes are not only trying to whittle away at the Gaullist strength; they are clamoring for places in the government with a real voice in making policy.

The opposition of all stripes has cast De Gaulle, Pompidou and their followers as the villains in the devastating outburst of social turmoil which closed French universities and sent eight to ten nillion workers on strike in May.

A hunger for change seems to be devouring the nation. De Gaulle says there must be deep reform. Pompidou admits that "things can never be the same" after the gigantic strike wave. They say they are the best qualified to remake the face of France.

The opposition claims that the trouble burgeoned for the simple reason that De Gaulle, Pompidou and their followers went their own headstrong way without listening to anyone else. The centrist opponents would like to see the first reform in the attitud of the people at the top of the Gaullist pyramid.

The Gaullists are on the defensive, and they know it, despite a counterattacking campaign posture. In the 1962 elections, the Gaullists reaped a mapority of about 40 in the 487-majority of about 40 per cent in the 487- seat National Assembly. In 1967, this melted down to majority of just one. They started with 244 seats but this had slipped to 240 by the time De Gaulle dissolved the assembly last month.

## MD Assn. To Sponsor Ray Price

The Muscular Dystrophy Association will sponsor a country music concert this year in lieu of a fund raising drive.

Ray Price, popular country singer and band leader, will present the concert July 11 in the Scurry County Coliseum. Admission will be $2 for adults and $1 for children. Proceeds will be turned over to the Muscular Dystrophy Foundation, which sponsors research for a cure for the disease that cripples young adults.

Gradine Doty, a worker for the Association, pointed out there are seven persons in Scurry County who are victims of the disease. Local chairman is Bill Williams.

The Association also plans to operate a concession stand in Towle Park during the July 4th observance.

Tickets for the program in the Coliseum will be available soon at many of the downtown businesses. Volunteer workers have agreed to handle ticket sales in neighboring communities and in the downtown area.

## Storm Hits In Michigan

MUSKEGON, Mich. (AP) — A severe storm hit Muskegon County about 11:30 a.m. today, blowing down one wall of a huge discount store in nearby Norton Township and trapping many persons inside, police said.

Power was out in several sections of the county after wind and heavy rain blew down trees and wires.

The Weather Bureau issued a severe thunderstorm warning at 11 a.m. and several boats on Lake Michigan were trapped when the storm hit.

No further details were available on the wall collapse in Norton Township, which is in the southwest end of Muskegon County.

RECEIVES MEDAL — Senior Master Sergeant Lyman F. Worthington (left), son of Mr. and Mrs. G. R. Polk of Rotan, receives the U.S. Air Force Commendation Medal at Luke AFB, Ariz. Sergeant Worthington, a management engineer, was decorated for meritorious service at Luke. He was cited for his tactfulness, versatility, adaptability and dependability in the performance of his duties. He is a member of the Tactical Air Command. Colonel Michael N. Smolen, vice commander at Luke, makes the presentation. (U.S. Air Force Photo).

## Navy Finds Costs Rise

WASHINGTON (AP) — Time was when the military could buy a fighter plane for $30,000. Now the Navy can spend that much just for a torpedo.

Underscoring the rising cost of the tools of war were the prices quoted in Defense Department procurement hearings released Friday by the House Appropriations Committee.

They disclosed that a new and bigger helicopter being introduced in Vietnam costs $2.4 million. This compares with $190,000 for a B17 Flying Fortress in World War II.

The Navy is seeking $20.3 million just for the ammunition its one and only battleship, the New Jersey, will hurl at shore targets once it goes on station off the coast of Vietnam.

# Discrimination Claimed In Automobile Insurance

WASHINGTON (AP) — Auto insurance companies deliberately discriminate against people who live in or near New York City slum areas, says the head of the New York Commission on Human Rights.

"I know from personal experience that if you live next to a ghetto area the insurance companies will give a hard time," Jerome Kay told the Senate Antitrust and Monopoly subcommittee Friday.

"The constant refusal of agencies and companies to accept ghetto and nonwhite business forces the applicant to seek insurance from a high risk company or under New York's assigned risk plan," he added.

Forcing motorists into the assigned risk plan, he said, gives them minimum coverage required by state law and much higher premiums.

Kay told the subcommittee, which is looking into auto insurance rates and rate-setting practices, that one solution might be creation of a state or federal agency.

The agency, he said, would be able to decide on "true and unbiased statistics and on driving experience" whether policyholders who complain are being overcharged or others are being unfairly denied policies.

On other congressional fronts Friday:

—Rear Adm. A. R. Gralla told a House Appropriations subcommittee that the battleship New Jersey, soon to depart for Vietnam, is "the most nearly invulnerable ship we have in our fleet."

Gralla commented after Rep. William Minshall, R-Ohio, said the vessel seemed to present an attractive target not only from the loss of the ship itself but from the propaganda value."

The New Jersey was taken out of mothballs recently for special duty in Vietnam. She is the only battleship in service.

—Sen. John Stennis, D-Miss., said the Senate gave the right signal to Moscow by approving funds for the sentinel antiballistic missile system.

Stennis commented in a Senate speech after reports from Russia indicating the Soviet Union is ready to start talks on curbing offensive and defensive nuclear arms.

The Senate voted initial funds for the sentinel system earlier this week although opponents contended it would be obsolete by the time it went into operation as a thin line of defense against possible Red Chinese attack.

Supporters of the system have noted that although Rhodesia may have been the Old Testament land of Ophir. Thence came King Solomon's gold.

## ANNOUNCEMENTS A

**CARD OF THANKS A-3**

DEAR FRIENDS: Your words of encouragement and sympathy and your acts of kindness were such a comfort to us in our recent sorrow. Thank you so kindly and may God bless you. Ronald and Janette Payne.

TO THE many friends who were so generous with their acts of kindness, beautiful floral offerings, and all who assisted in any way, we wish to say thank you and may God's richest blessings rest on you and yours. Mrs. James H. (Jimmy) Wells and children, Mrs. R. Wells and families.

## REAL ESTATE M

### HOUSES FOR SALE M-2

**THE BUY OF 1968**
Large Home in Southwest Snyder . . 3 bedrooms, each so spacious you get the sensation you're over the "NORTH 40" when you enter.

**DEN-DINING ROOM**
The beautiful woods used to panel the walls and ceiling spell ELEGANCE and all of the warmth and beauty of the natural grain is preserved—with practically no maintenance on your part . . . The DINING AREA is adjacent to folding doors which EXPAND the size of your entertainment area into the living room.

**SPACIOUS PATIO**
Walled on three sides, opens to a beautiful back yard with UNDERGROUND SPRINKLER system, SHADE TREES, and enclosed with a 6 foot TILE FENCE—if there are little ones; the PATIO is a "THREE WHEELERS" PARADISE for both mother and child and a SUMMER DINING ROOM for the whole family.

**2 LARGE BATHS**
Durable, ceramic tile walls and floors—shower and tub — WORLD'S of linen storage. THERE'S MUCH MORE to be said for this 2400 sq. ft. "BUY OF THE YEAR" home, which includes a utility room and a 2 Cadillac garage.

**THAT ISN'T ALL!!**
The adjoining lot goes too—it has a 14x16 BRICK & WOOD building which could be used as a GUEST HOUSE, HOBBY SHOP, or, YOU NAME IT!! IT ALL GOES for $21,500.00 . . . and, WHAT A BUY!!

WE NEED LISTINGS . . . CALL US!!

## Public Notice

NOTICE TO ALL PERSONS HAVING CLAIMS AGAINST ESTATE OF HOMER RAY MAULE, DECEASED:

Notice is hereby given that original letters testamentary upon the Estate of Homer Ray Maule, deceased, were issued to me, the undersigned on th 27th day of June, A. D. 1968, in the proceeding indicated below my signature hereto, which is still pending, and that I now hold such letters. All persons having claims against said estate, which is being administered in the County below named, are hereby required to present the same to me respectively, at the address below given, before suit upon same are barred by the general statutes of limitation, before such estate is closed and within the time prescribed by law. All claims should be mailed to Almeda A. Maule in care of Hemphill Mills, 1814 26th Street, Snyder, Texas.

Dates this 27th day of June, A. D. 1968.

Independent Executrix of the Estate of Homer Ray Maule, deceased, Number 2151 County Court, Scurry County, Texas.

Publish June 30.

**A WHEELBARROW RIDE** — This is the payoff in a political bet in which Walter Brennan loses to John Davidson.Lesley Ann Warren rides in his lap. The scene is from Walt Disney's "The One and Only, Genuine, Original Family Band." It is coming to the Ritz Theater here Sunday, July 7.

**CAREER CORNER**
By F. J. LAIN

The San Antonio Express and News and Miss Lain award a new Mercury portable, courtesy of the Royal Typewriter Co., to 1st Lt. Linda A. Cox, USAF, San Antonio, Tex., for her question:

"For years I have been breeding tropical fish, and am deeply interested in obtaining more information in this field. What schools could I attend?"

A — If your interest in these brilliant gems of the ocean has progressed beyond the hobby stage, you are considering the further study of fish in general (specializing in the sub - category of tropical fish) — and contemplating a career in Ichthyology.

ICHTHYOLOGISTS PRIMARILY IDENTIFY AND CLASSIFY fish and fish groups. Their work demands dedication, curiosity, keen observation — plus a willingness to invest above - average amounts of time and money in acquiring an extensive education.

FOR OPENERS; you'll need a college foundation in zoology, enhanced by a solid course in biometry, if possible. After the approximately five years of graduate school necessary for your doctorate at philosophy, you may qualify for employment as a . . .

MUSEUM CURATOR. In addition to their usual duties involved in presenting exhibits and dealing with the public, these people spend almost equal time in the writing of scientific reports. Some ichthyologists appear on the staffs of large public aquariums and oceanariums as AQUARISTS, presenting displays of live fish and engaging in a good deal of public relations. With a masters degree, you may consider TEACHING. You will probably find yourself initially teaching general biology at the high school level. At the college level, you'll need a Ph.D., and the research you'll be expected to do must be carried on in addition to your teaching workload. The demand for ichthyologists, once small, is increasing. Top jobs, such as university departments heads, can command from $20 - $25,000 annually.

ALLIED FIELDS OPENING UP, for two good reasons. The worldwide population explosion is demanding an enormous increase in available food supplies. And for Americans in particular, increased leisure time means increased interest in recreational sports. When the ichthyologist broadens his approach, his basic training (supplemented by various courses in fishery, limnology, oceanography, and related sciences) can lead to many satisfying occupations. Here are a few listed by the American Fisheries Society:

FISHERY MANAGEMENT . .
FISHERY RESEARCH . . .
FISHERY TEACHING . . .
FISHERY ADMINISTRATION.

These jobs range from operating hatcheries to administering fisheries programs. SALARIES are roughly equivalent to civil service or other government pay schedules (which are on the rise), since the management of fisheries is generally a function of state, provincial and federal governments. Employees usually start at $5,000 a year, or better, with an average top of $12 - $15,000 as a fisheries administrator — although here, again, a range to $20,000 is within the reach of the qualified man or woman.

COMMERCIAL FISHERIES RESEARCH — the list is lengthening daily. FOR MORE INFORMATION, write to the U. S. Fish & Wildlife Service, Department of the Interior; The American Fisheries Society, 1404 New York Ave., N. W.; and the American Society of Ichthyologists and Herpetologists, U. S. National Museum — all in Washington, D. C. Check LOVEJOY'S COLLEGE GUIDE in your public library for schools listing courses in Ichthyology.

## Gun Control Bills Slowed By Panels

WASHINGTON (AP) — Another congressional committee, House Rules, is reacting to the pressure for prompt passage of gun control legislation by putting it on a back burner for the time being.

Rules Committee Chairman William M. Colmer, D-Miss., said Friday his committtee has postponed consideration of a gun bill until July 8. The committee had previously scheduled a hearing on the bill for next Tuesday.

The Senate Judiciary Committee voted 7 to 5 Thursday to put off further consideration of the gun bills it is handling until July 9.

Proponents say the delays are calculated to let the storm of pro-controls mail blow over.

There are indications already that the immense outpouring of mail in favor of stringent controls that began with the assassination of Sen. Robert F. Kennedy has begun to subside. Mail from the anticontrols people is now building up.

Colmer said he was rescheduling the gun control hearing in order to take up the foreign-aid authorization bill instead Tuesday. The bill in the Rules Committee's hands would ban the sale of shotguns and rifles by mail, as well as over-the-counter sales to juveniles or residents of another state.

A bill with these same provisions has been the subject of hearings by the Senate Judiciary Committee's juvenile delinquency subcommittee since Wednesday.

## Russian Roulette Blamed For Death

DETROIT (AP) — An apparent game of Russian roulette Friday resulted in the death of 19-year-old Richard Sobeck Jr. of Detroit.

Police said the shooting occurred at the home of Sobeck's friend, Paul Kolodziej, 18. They said Sobeck urged Kolodziej, Peter Mitchell, 17, and Janet Kolodjiej, 16, to join him in a game of Russian roulette.

Officers said the friends refused and that Sobeck then, loaded one bullet into a .32-caliber revolver, spun the chamber, put it to his head and fired. Sobeck died three hours later in a Detroit hospital.

## Resurrection City Costly To Taxpayers

WASHINGTON (AP) — The federal government's expenses in helping set up, police and finally demolish Resurrection City are expected to approach a quarter of a million dollars.

Major items in an estimate released Friday by the Interior Department were about $145,000 in police costs, much of it in overtime and holiday pay, and $36,000 to restore the turf ruined by the shantytown of the Poor People's Campaign.

The figures totaled more than $231,000, including $14,600 for extra police and clean-up connected with "Solidarity Day," the demonstration June 19 that brought an estimated 50,000 persons to the Lincoln Memorial to show support for the campaign.

While Resurrection City has disappeared, the campaign goes on. Police arrested 77 persons—including 30 Quakers—Friday for demonstrating on the Capitol steps.

Two women with children in their arms were among the neatly dressed Quakers. The party also included Ross Anderson, 68, of Des Moines, Iowa, a retired teacher.

After holding a half-hour religious service on the Capitol grounds, the Quakers went to the broad steps to be arrested with more than 40 other members of the Poor People's Campaign.

Among those taken into custody was Hosea Williams, one of the chief lieutenants of the Rev. Ralph David Abernathy, leader of the campaign.

Williams was arrested Monday when police evicted the last occupants of the Resurrection City but he was free on bond while awaiting trial.

The 77 arrested Friday were charged with disorderly conduct. Some were also charged with unlawful assembly, the same charge on which Abernathy was convicted Tuesday and sentenced to 20 days in jail.

## Little Change In Texas Road Toll

AUSTIN (AP) — Texas traffic accidents have killed 1,472 persons this year through noon Friday, the Department of Public Safety reported Saturday.

This compares with 1,476 deaths at this time last year. Fatal accidents total 1,236, compared with 1,216 at this time in 1967.

# Oilmen Search For Aids To Agriculture

By MAX B. SKELTON
AP Oil Writer

HOUSTON (AP)—Oil refiners are spending millions of dollars annually to find new ways petroleum products can aid agriculture.

Refiners believe their products will play a major role in helping increase food production for an exploding world population that is expected to double within 30 years.

Oil-based products already are being used for selective control of insects, diseases and weeds in the production of fruit, field and vegetable food crops.

One research specialist estimates that 21 million gallons of high quality oils now are being used in the United States annually for horticulture applications.

"This does not include foreign usage of oils used as solvents for chemical pesticides," said Ernest F. Marshall, asociate director of reearch and development for the Sun Oil Co.

Marshall, in a report to Sun's stockholders and employes, said petroleum spray oils have two principal advantages over chemical pesticides.

"The first is the inability of various insects to develop an immunity to oils," Marshall said. "This is probably due to the mode of action of the oil—it tends to smother the insect rather than act as a chemical poison."

Marshall said the second principal advantage is spray oils present almost no hazard to humans or animals.

"In fact, spray oils are exempted from restrictions on residue tolerances by the Food and Drug Administration," he said. "Spray oils must, however, meet stringent government specifications developed as a result of research at leading agricultural institutions."

Marshall said spray oils are manufactured from naphthenic, paraffinic, and mixed-based crude oils but research of recent years indicates the more highly paraffinic oils are preferred.

He said oils also are excellent carriers for herbicides.

"The oils alone do not exhibit any herbicidal activity," he said. "And while research data are by no means complete on this point, indications are that oil improves surface dispersion of the chemical and aids in the assimilation of chemicals into the plant."

Marshall said golf course fairways and field corn are the two principal crops being treated on commercial scales with oil-based chemicals for improved weed control.

Limited commercial application of oil with the herbicide Atrazine was introduced in the United States in 1966 after a year of extensive testing.

"We estimate that approximately 1.75 million acres of corn and sorghum were treated in 1967," Marshall said. "Research is now in progress to extend application to other food crops and cotton."

Marshall said Sun also has been active in the development of paraffin wax emulsions for plant treatment.

"Wax emulsions have the ability to form a continuous film which remains on the plant surface for extended periods of time," he said. "They are known to be more permeable to oxygen and carbon dioxide than to water, suggesting their use in controlling water loss from plants. Field and laboratory evaluations of wax emulsions indicate they can be applied without injury to a wide variety of vegetation."
