Senators Launch Countermove On Cambodia Involvement

The SDN Column

The white buffalo statue has gone on a trip, and it didn't take long for some people to notice that it was missing from its pedestal on the northwest corner of the courthouse square.

Snyder Jaycees borrowed the buffalo to use on a float they made for the state Jaycee convention in Fort Worth. It offered an excellent opportunity to show those Fort Worth people, and other Jaycee delegations from various parts of Texas, what a white buffalo looked like.

Local Jaycees fixed up a float with an oilwell pump unit on it, plus the buffalo as they went all out to back Mickey Nunley in his race for state Jaycee president. However, Nunley, who also is manager of the Snyder Chamber of Commerce, overlooked one little detail before leaving for Fort Worth. He forgot to tell his secretary at the Chamber office, Jerriann Smith, that the white buffalo was going to the state Jaycee convention, and she was startled when she received the first telephone call from a curious local citizen who wanted to know what had happened to the white buffalo.

★ ★ ★

Many local residents were not surprised when it was announced that Monday night's storm knocked out 25,000 telephones at Lubbosk. Those who had been able to get calls through to check on friends and relatives often found that they could not get an answer on the other end of the line, although it sounded on this end as if the other telephone was ringing.

Coach Gene Stallings at Texas A&M University says he felt better about spring football training at Aggieland this year than after any other spring practice he has experienced there, but confessed that his enthusiasm was tempered somewhat every time he took a look at next fall's schedule. For non-league opponents, the Aggies have LSU, Ohio State and Michigan, and he declared that even Wichita State, the 11th game added for next year, "looked better than I wanted them to."

Today In History

By THE ASSOCIATED PRESS

Today is Thursday, May 14, the 134th day of 1970. There are 231 days left in the year.

Today's highlight in history:

On this date in 1787, a convention met in Philidelphia to draw up the U. S. Constitution.

On this date:

In 1643, Louis XIV became king of France.

In 1804, Capt. Meriwether Lewis and William Clark set out from St. Louis, Mo. on their expedition to the Pacific coast.

In 1811, Paraguay declared its independence from Spain.

In 1940, German bombers razed much of the Dutch city of Rotterdam in World War II.

In 1942, also in World War II, the U. S. Congress established the WAACs — the Women's Auxiliary Army Corps.

In 1948, Britain ended its rule in Palestine, and the independent state of Israel was proclaimed.

Ten years ago— There was doubt that an East-West summit conference would be held after the shooting down of an American reconnaissance U-2 plane over the Soviet Union.

Five years ago— Communist China announced that it had exploded its second atomic bomb.

One year ago— President Richard M. Nixon outlined a Vietnam peace offer that called for a mutual pull-out of major forces over a 12-month period.

Cambodia Action Increased American Battlefield Deaths

By GEORGE ESPER
Associated Press Writer

SAIGON (AP) — Fighting in Cambodia and South Vietnam boosted American battlefield deaths last week to their highest level in more than eight months and South Vietnamese losses to their second highest in the war, official casualty summaries disclosed today.

The U.S. Command said 168 Americans were killed in action in Southeast Asia last week. It gave no breakdown for Cambodian and South Vietnamese operations.

The command also reported that through Wednesday 110 U.S. troops have been killed in Cambodian operations since they were launched April 29 to destroy North Vietnamese and Viet Gong base camps and supply depots used for staging attacks into South Vietnam.

South Vietnamese military headquarters reported that 863 government troops were killed in action last week.

Headquarters said nearly 400 South Vietnamese troops have been killed in Cambodia in the past two weeks, but like the U.S. Command gave no breakdown for the past week.

The U.S. and South Vietnamese commands claimed that allied forces killed 5,898 North Vietnamese and Viet Cong troops last week, the highest enemy toll in more than 14 months.

The commands said 6,212 North Vietnamese and Viet Cong troops have been killed during the 16-day offensive into Cambodian territory.

In fighting Wednesday, South Vietnamese forces supported by U.S. helicopter gunships engaged the enemy at two points inside Cambodia south of the provincial capital of Svay Rieng, government headquarters announced.

The South Vietnamese military tary command claimed that its forces killed 199 of the enemy and seized 168 weapons and hundreds of mortar and rocket rounds. The battles raged all day Wednesday five miles south and 15 miles southeast of Svay Rieng, which is 30 miles west of the border on Highway 1.

The command said 18 South Vietnamese soldiers were killed and 63 wounded, but gave no other details of the action.

The U.S. Command said American helicopter gunships and advisers supported the South Vietnamese troops in the operation. One American was reported wounded.

The action centered from 50 to 65 miles west of Saigon in the southern half of the Parrot's Beak, a long-time sanctuary for North Vietnamese and Viet Cong forces.

U.S. forces operating farther northeast, in the Fishhook region of Cambodia 80 to 100 miles north of Saigon, reported killing 81 enemy soldiers in a series of small clashes Wednesday.

The Americans also uncovered two enemy rice caches of more than 50 tons, headquarters said. Nine U.S. soldiers were wounded.

Rain, Hail Skip Across Snyder Area

Thunderstorms skipped across the Snyder area again Wednesday evening, but little turbulence developed.

Most of the activity involved rain, some hail, brisk winds and considerable lightning.

As it developed, much of Snyder did not even get enough rainfall to measure, including the official gauge at the water plant, which logged a mere trace. Some light rain with a little hail was reported in the east part of town. Outside the city, heavier showers were both to the west and to the east, with hail reported some 10 to 12 miles northwest of town.

Rainfall totalling 1.10 inches was reported at Lake J. B. Thomas. Both the Colorado River and Bull Creek were flowing small streams into the lake this morning, but up to mid-morning the flow had not affected the lake's elevation appreciably. It was not known whether the flow would continue long enough to add a significant amount of water in the lake.

By CARL P. LEUBSDORF
Associated Press Writer

WASHINGTON (AP) — Senators supporting President Nixon's decision to send U.S. troops into Cambodia are counterattacking to block a move to prevent deeper American involvement in that country.

A countermove by GOP Senate Leader Hugh Scott and others is aimed at stopping an amendment by Sens. John Sherman Cooper, R-Ky., and Frank Church, D-Idaho barring funds for retaining U.S. troops in Cambodia and limiting future aid for air strikes.

Scott has proposed amending the Cooper-Church amendment to authorize U.S.-Cambodian operations if the President decides they are necessary to protect Americans in Vietnam.

The Cooper-Church amendment, the first in a series of proposals dealing with U.S. action in Vietnam and Cambodia, is attached to a military sales bill. The Senate formally opened debate on the measure Wednesday in a discussion that likely will occupy it until July.

Sen. James O. Eastland, D-Miss., joined the counterattack by announcing today he will seek to bar enforcement of any limit on funds until the North Vietnamese release all American prisoners of war.

"We are solemnly obligated—legally, morally and in the name of honor and decency—to stand by these men even as they stood by America," Stennis said in disclosing his plans.

Church told the Senate Wednesday his amendment is "directed against the very activities which led to our entrapment in Vietnam. Its adoption would erect a legal barrier against the further penetration of American forces into the jungles of Southeast Asia and help expedite the withdrawal of our troops from Vietnam."

Sen. John C. Stennis, D-Miss., chairman of the Armed Services Committee, told reporters Wednesday the Cooper-Church proposal was "unthinkable," especially "while that battle is still going on."

Although President Nixon has said all U.S. troops will be out of Cambodia by June 30, Stennis said, "I don't think anyone can foretell just when they can carry out a mission."

He also said President Nixon might have to send American troops into Cambodia again. Nixon has insisted South Vietnamese troops could handle a second attack, if needed.

"I don't want to shut him off from hitting these same bases again," Stennis said.

Leaders of two major veterans groups appeared in the Senate Press Gallery to denounce the Cooper-Church amendment and other restrictive proposals.

The two national commanders, J. Milton Patrick of the American Legion and Ray Gallagher of the Veterans of Foreign Wars, said the limitations proposed "amount to a declaration of surrender to Communist forces and constitute a stab in the back for our boys in combat."

Despite their denials the press gallery visit had been initiated by the White House, an aide to Scott, who had accompanied them, said the White House had asked him to bring them.

Scott left when reporters asked if he endorsed the veterans leaders' statement which singled out Sens. Cooper, Church, J.W. Fulbright, D-Ark., and George S. McGovern, D-S.D., "as prime movers of legislation which would assure the humilitation of the United States."

Earlier, Scott made clear the White House has not endorsed his amendment even though its wording is close to that recommended to the Foreign Relations Committee by David Abshire, assistant secretary of state for congressional relations.

Fish Hatchery Funds Approved

WASHINGTON (AP) — The House Appropriations Committee approved $250,000 for the construction of a national fish hatchery at San Marcos and alloted $700,000 for support facilities at the Western Gulf Marine Laboratory at Port Aransas.

The funds were alloted under $1,556,000 approved for planning and building fish hatchery facilities in the fiscal year starting July 1. They were included in a $1.8 billion Interior Department appropriations bill.

Red Cross Seeks Funds For Victims

The American Red Cross is asking funds to assist storm victims at Lubbock, Sis Jones, head of the local Red Cross unit said this morning.

All other needs of the victims are being taken care of, but money is needed to assist the people who lost belongings in the storm to get back on their feet, and to provide emergency care.

The Red Cross figures show 21 dead; 350 persons injured; 100 still in hospitals; 460 homes destroyed; 489 homes with major damage; 764 homes with minor damage; 80 mobile homes destroyed; 30 mobile homes with major damage; 250 small businesses destroyed or with major damage. As of this morning, the Red Cross said that 5,000 people were receiving mass care.

Persons wishing to contribute may do so at the West Texas State Bank, or by addressing contributions to the Red Cross office here at 3001, Avenue S. Funds contributed should be designated for "Lubbock Disaster."

All of the funds collected in the special campaign will be used exclusively at Lubbock, said Mrs. Jones.

Todd Services Pending Here

Funeral arrangements were pending at Bell-Seale Funeral Home here for Mrs. Willie Ross Todd, 47, who died at noon Wednesday in Snyder Nursing Home. A native of Fisher County, she had lived in this area all of her life.

Surviving are a daughter, Mindie Hunter of Snyder; two sons, Wayne Todd and Dewayne Williams, both of Los Angeles, Calif.; her mother, Mrs. Annie Cornelius of Snyder; and a sister, who lives in Los Angeles.

2 MIGs Downed In Mideast Strife

TEL AVIV, Israel (AP) — Two Egyptian MIG21s were shot down today as they attempted to intercept Israeli war planes attacking military targets along the Suez Canal, the military command said.

On the ground, Arab guerrillas in Lebanon fired rockets at two Israeli settlements, defying Israel's massive antiguerrilla sweep through southeast Lebanon that ended only 12 hours earlier, Israeli sources said.

A third Egyptian plane was hit in the air battle over the canal, but was not seen going down, a spokesman said.

The Soviet-made MIG21s attempted to interfere with Israeli planes raiding objectives on the central sector of the canal, he said.

One MIG exploded in the air. One pilot of another was seen bailing out. Both planes crashed in Egyptian territory, while the Israeli aircraft returned safely, the spokesman said.

The dogfights brought to 93 the number of Egyptian planes Israel claims to have downed since the 1967 war.

The Czech-made Katyusha rockets, fired shortly before dawn, caused no damage or casualties to the two settlements—Kfar Blum and Ramot Naftal, the sources said.

Both are close to the Lebanese border near Kiryat Shmona, where three persons were killed and nine wounded in a rocket attack that prompted Israel's raid into Lebanon Tuesday.

Only a few hours before the latest attack, Deputy Prime Minister Yigal Allon warned Beirut to expect "further and widerscaled Israeli military attacks" unless it stamped out guerrilla activity from its territory.

Israeli leaders said the 32-hour raid achieved all its objectives. The military said 30 guerrillas were killed and 15 taken prisoner. Large amounts of arms were destroyed or brought back as booty.

The sweep covered a 17-square-mile area that Israel said was under guerrilla domination. It was the biggest Israeli action ever against Lebanon.

Israeli newspapers were not overly enthusiastic about the action.

Events For Senior Set

Senior Day is set for Friday at Snyder High School, and on that date the seniors will not attend classes.

Instead it will be a day for swimming, miniature golf, bowling, etc., and two meals will be served for the class. Their activities will include a dance, and a movie will be shown for the seniors after the dance.

Other activities have been planned for the seniors on graduation night, May 26. There will be a dance, plus other activities for those preferring other types of recreation, followed by a movie. The graduation night activities will conclude with breakfast early on the morning of May 27.

Good Adverse Neutral

Guardsmen To Be In Lubbock Till Sunday

Thirty members of the Snyder National Guard unit will remain at Lubbock until Sunday morning to help with clean-up work in the downtown area following Monday night's tornado.

The Snyder guardsmen were joined by 13 from the Abilene National Guard and they are operating 15 dump trucks and hauling debris from the main path of the storm.

Lubbock Showing Recovery Signs

By MIKE COCHRAN
Associated Press Writer

LUBBOCK, Tex. (AP) — The vital signs of this South Plains city pointed toward recovery today, despite lingering anxieties over the fate of a downtown skyscraper crippled by a killer tornado.

Although death and damage figures mounted in tragic tandem, crews working around the clock restored much of the city's stricken power, water and communications capacity.

Hundreds of National guardsmen and state police virtually eliminated the looting threat and the national disaster declaration by President Nixon freed unspecified federal funds to aid victims of the devastated area.

Besides this ravaged city of 170,000, the Plainview-Clarendon area battered by twisters in mid-April will benefit from the Presidential decision.

The death toll from Monday night's tornadic fury stood today at 21, while official damage estimates slipped past the $100 million mark.

Unofficial sources said losses could approach $200 million.

The storm, punctuated with fierce winds, left more than 350 injured, thousands homeless and staggered the city's tallest structure, the Great Plains Life building.

Despite some disagreement, a city official said the modernistic, 20-story building appeared structurally sound.

But it was treated as if it were condemned.

Warning at one point via civil defense speakers that "the building is falling," officials cordoned off the structure and barred people from the area.

They expressed particular concern over a cracked and crumbling outer wall but, for the first time, Wednesday permitted occupants to enter and remove business files and other possessions.

The downtown area was hit hard, but the area immediately north suffered incredible damage.

Homes and businesses were leveled in some cases and reduced to shells in others.

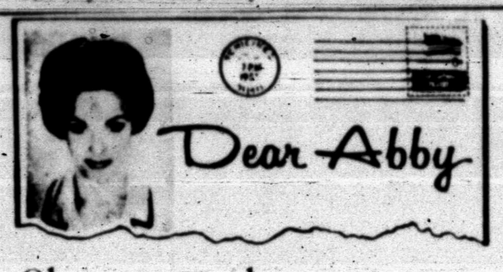
Two motels were demolished.

To the relief of parents across the country, Texas Tech escaped extensive damage and none of its 19,000 students received serious injury.

However, University President Grover Murray cancelled commencement exercises scheduled for Saturday and said degrees would be mailed to graduates.

The municipal coliseum on the Tech campus remained the major temporary shelter for many of those left homeless by the disaster.

Fewer than 100 persons were still hospitalized, officials said, but the storm claimed its 21st fatality Wednesday. Reese Air Force Base Hospital identified the victim as Mrs. Ola Belle Hatch, 77.



She must learn to forgive daughter

By Abigail Van Buren

DEAR ABBY: I sat in the hospital waiting room for 6 hours waiting for my daughter to give birth. I was worried sick thinking the baby might not live because it was "premature." My daughter had been married a little over 6 months. She had a big church wedding. Then her husband told me I shouldn't worry—that the baby would be full term. Abby, they lied to us! I wanted to hit him. I wanted to run. I cried out. There is no pain in the world like it.

I loved my daughter more than I loved my own life, and I felt my love for her turn to hate in one minute. How I wish I could walk out of my own body and into another and not be the mother of a daughter who has sinned.

GOD FEARING WOMAN

DEAR WOMAN: **Your shock and disappointment are understandable, but as a "God-fearing woman," I ask you to remember His words: "Judge not lest ye be judged." And, "He that is without sin among us let him cast the first stone."**

God forgives the "sinner." Can you do less?

DEAR ABBY: In your column you made reference to something that was "phony" as a three-dollar bill.

Abby, three dollar bills are no more "phony" than any other denomination, and at one time they were quite common. I am enclosing, with my compliments, a three dollar bill [not phony] as you can see. Very truly yours,

GROVER CRISWELL: NUMISMATIST

DEAR MR. CRISWELL: **By "phony," I meant "worthless,"—not negotiable legal tender. A three-dollar bill has value today only as a collector's item, and I thank you for it. I notice it was issued in 1863 by the state of North Carolina. Save your Confederate money, Grover. The South will rise again! Maybe.**

DEAR ABBY: So many people "mean well" but they are so ignorant when it comes to what to say and what not to say when a friend has adopted a baby. The following is a list of questions most frequently asked of adoptive parents.

Where did you get the baby?

Did you get to meet the mother?

How much did it cost you?

Do you know anything about the mother? How about the father?

Are you going to tell "IT" it is adopted?

Abby, adoptive parents do not want to answer any of these questions. I know. I have worked with adoptions for several years, and I am also adopted. When I casually mentioned to a lady that I was adopted, but my brother was not, her comment was, "Good heavens, you could have married your brother then, couldn't you?" "VIV"

CONFIDENTIAL TO "MIKE": If you are sitting around hunting for four-leaf clovers, you will need more than luck.

What's your problem? You'll feel better if you get it off your chest. Write to ABBY, Box 69700, Los Angeles, Cal. 90069. For a personal reply enclose stamped, addressed envelope.

For Abby's new booklet, "What Teen-Agers Want to Know," send $1 to Abby, Box 69700, Los Angeles, Cal. 90069.

US Has Lost 6 Generals In Vietnam

WASHINGTON (AP)—The Vietnam war has killed more American generals than any other conflict in 100 years, except World War II.

The death of Maj. Gen. John Dillard when his helicopter was shot down by enemy ground fire Wednesday was the sixth American general killed in Vietnam.

Although 28 U. S. generals and three Navy admirals were killed in World War II, the nation's military involvement then was far greater than it is now in Vietnam.

Suit Filed Against S-Viets

WACO, Tex. (AP) — A Waco lawyer has filed a $2 million suit against the South Vietnamese government for the "wrongful death" of Navy Petty Officer 1C Carl Louis Meier.

David G. Copeland filed the claim on behalf of Meier's three children.

Copeland said that Meier's death on Sept. 8, 1969, in Go Dau Ha, South Vietnam, was a "purposeful killing by South Vietnamese troops who are supposed to be our allies."

In a letter sent to the South Vietnamese embassy in Washington Monday, Copeland asked that the case be submitted to a jury in U.S. Federal Court to determine the liability of the South Vietnamese government and the amount of compensation for the children.

The letter said Meier was "willingfully, wantonly and purposely set upon and murdered by South Vietnamese troops "firing multiple rifle shots into him from a convoy. Meier, totally unarmed, was standing beside a restaurant in the village of Go Dau Ha.

Cemetery For Aborted Is Planned

HONOLULU (AP) — Robert Pearson, who led the fight against Hawaii's new liberal abortion law, says he is setting up a national cemetery for aborted children.

"It will be similar to the cemetery for unknown soldiers, only it will be for unknown souls," Pearson said Wednesday.

"I think it is about time we regard them the same as any other human being who dies. They shouldn't end up in incinerators or disposals."

Pearson, a Maui contractor, said he is working with an attorney and others to set up the cemetery but hasn't decided yet whether it will be in Hawaii.

There have been 587 abortions performed in Honolulu hospitals since Hawaii's new abortion law passed March 10. It requires only that a patient be a state resident for at least 90 days and that the abortion be performed by a licensed physician in an accredited hospital.

Pearson said he spent $7,000 fighting the bill's passage and another $3,000 since trying to convince pregnant women not to have the operation.

Pearson has offered to pay all expenses for pregnant women contemplating abortion to come to Maui and "think things over." He said if they decide against an abortion, he would pay all medical bills for the baby's delivery.

Only seven women have taken him up on the offer, he said.

"Many probably thought it was a hoax because no strings were attached," he said.

Three of the women were California residents and the others came from Colorado, North Carolina, Indiana and Georgia. Six were unmarried. All decided against abortion, Pearson said.

They are normal, everyday people and some of them were very upset," he said.

SURVEY DAMAGE — Gordie and Martha, children of Mrs. Pat Young, 106 Milburn, and their dog, Hubert Humphrey, survey the damage that resulted when lightning struck this television antenna pole in their back yard during the thunderstorm last night.

ACROSS THE NATION

Campus Strikes Continue

By THE ASSOCIATED PRESS

Ohio University students broke windows and set small fires on campus and in downtown Athens for two hours early today after shouting down an attempt by university President Claude W. Sowle to address a protest rally.

Police battled the rock-throwing demonstrators with tear gas in the latest outbreak of violence during a nationwide wave of student strikes and demonstrations protesting the Indochina war and the killing of four Kent State University students.

Up to 3,000 students at the 19,500-student Ohio University had demonstrated peacefully until Wednesday when Sowle suspended seven students whom he accused, without elaboration, of being threats to the security of the university.

"I am dedicated to the idea that this simply can't be another Kent State or Ohio State" where students closed their universities, Sowle said.

During the disorders, eight students were arrested and an auxiliary police officer was injured by a rock thrown through a window of his cruiser.

The student strike information center at Brandeis University in Waltham, Mass., reported 267 colleges and universities were on strikes of indefinite length. The center reported 286 schools on strike Tuesday.

A nationwide sampling showed 14 schools officially closed.

The White House announced that President Nixon's daughter Julie and her husband, David Eisenhower, have decided not to attend their graduation exercises at Smith and Amherst colleges. Antiwar protests have been going on at both schools.

President and Mrs. Nixon had indicated they wanted to attend Julie's graduation from Smith, scheduled May 29.

The two young people decided not to return to their campuses at all. A spokesman said both have good enough grades to receive diplomas without further exams.

Police in Blacksburg, Va., used dogs to help in evicting about 100 war protesters from a building they had occupied overnight on the campus of 9,500-student Virginia Polytechnic Institute.

Later, 200 state trooper formed a ring around the home of the institute's president, Dr. T. Marshall Hahn Jr., to hold off a crowd of 1,250 students who demanded amnesty for those arrested.

In Ypsilanti, Mich., students from 14,500-student Eastern Michigan University broke glass and furniture on campus despite a state of emergency declared by Gov. William Milliken Tuesday after two nights of violent demonstrations.

There were 15 to 20 arrests.

Gov. Richard B. Ogilvie ordered 1,100 Illinois National Guardsmen into Carbondale because of continued turmoil at the 26,000-student Southern Illinois University.

Although some students had urged the school to remain open, thousands of students sang and danced in the streets when it was announced the university would close for an "indefinite time."

HOSPITAL NOTES

ADMISSIONS: T. Wayne Smith, Rt. 3; Anita Arnold, 4500 Beaumont; Ronna Gay Hudgins, Odessa; Robert Davidson, 2711 Ave. O; Lorna Burleson, Hermleigh; James Freeman, Stamford.

DISMISSALS: Andrew Cary, Betty Cary, Kenneth Heath, John Bailey, Don Grant.

LA Teachers Return To Classrooms

LOS ANGELES (AP) — Teachers who struck April 13 over wages and classroom conditions return to their classrooms today after offering to forego a 5 per cent salary hike if the size of classes is reduced.

Strikers voted 6,702 to 2,070 Wednesday to end the walkout in the nation's second largest school district. Then they narrowly agreed—3,450 to 3,089—that they would prefer smaller classes and improved reading programs to the 5 per cent raise tendered by the district.

School Supt. Robert Kelly indicated the district may not approve the request.

"Don't forget there were 17,000 teachers who didn't vote on this," he said, referring to the remainder of the district's 25,438 teachers.

About half the teachers, members of the United Teachers of Los Angeles union, participated in the walkout. The rest continued to teach, enabling the district's 616 schools to remain open, but almost half the 650,000 pupils boycotted classes.

Besides providing for a 5 per cent salary increase, the district recognized UTLA as the bargaining agent for all teachers.

Protest Walk Made In Nacogdoches

NACOGDOCHES, Tex. (AP) — About 150 persons walked from a Negro section of this Southeast Texas town to the downtown district Wednesday night, causing minor damage along the route.

The angry, predominantly Negro group was turned back at 9:30 p.m. by several police. Complete calm returned about 2 a.m. after Nacogdoches County sheriff's deputies and Department of Public Safety officers were called in.

Nine were arrested.

The walk was called a civil rights action. The group set fire to a boat, smashed two windshields, broke plate glass windows and overturned garbage cans.

After the first confrontation, the group dispersed into groups of from 5 to 15 but tried to regroup occasionally. Each time they would be turned by police.

About midnight sounds similar to gunfire were heard but no one was injured.

Firemen Told To Return To Work

SAN DIEGO, Calif. (AP) — Firemen staging their first strike in the city's history in a demand for higher pay have been ordered to return to work by a Superior Court judge.

There was no immediate response from leaders of Fire Fighters Local 145 which represents about 600 of the 636 firemen in the city, second most populous in California.

Fourteen of the 34 fire stations were closed Wednesday night after the walkout. About 70 men were on the job, said Deputy Chief Gift Davis, when the shift called for 182.

Meanwhile, two municipal employe unions called on all city workers to leave jobs today to rally support for salary demands, police seeking higher wages continued a halt on issuing minor traffic tickets and suing minor traffic tickets and the city bus strike entered its 27th day with no end in sight.

Pleas Are Heard In District Court

Several guilty pleas were entered in 132nd District Court here Tuesday with the new district judge, Wayland Holt, presiding.

E. J. Crews pleaded guilty to armed robbery and received a seven year prison term. However, he will receive credit for two years already spent behind bars elsewhere. He robbed Mr. and Mrs. Joe Parks here in 1962 and took their pickup.

Clara M. Corley received a 3-year probated term after she pleaded guilty to theft, and John Ferrell Tuttle was handed a two-year probated term after he pleaded guilty to driving while intoxicated.

The versatile 55-gallon steel drum, put to many uses around the world, plays a new role as a lifesaver in highway accidents. It even has a title befitting the importance of the task: 20 or more empty drums arranged in a triangle form a Vehicle Impact Attenuator. When hit by a car, the collapsing drums absorb the shock.

Union News

By MRS. J. B. ADAMS

Weekend visitors with Mr. and Mrs. Harvey Krop were her parents, Mr. and Mrs. Jesse Landes of Dublin, and Mr. and Mrs. Wayne Hilcher and children of Clyde.

Friday night visitors with Mr. and Mrs. Loyd Holley were Mr. and Mrs. Willis Ray Patterson of Elgin, Okla., and Mr. and Mrs. John Portis of Snyder.

Those from here who attended the funeral in Lamesa of the father of Rev. Lee Jones on Monday were Mr. and Mrs. Weldon Bills, Mr. and Mrs. Tommy Pate, Mrs. Lonice Hall, Mrs. Doris Rollins, Mrs. Bertie Langford and Mrs. Dee Myers.

Mr. and Mrs. W. R. Pate were in Sweetwater.

Mrs. J. B. Adams had as visitors over the weekend her children, Mr. and Mrs. H. W. Adams of McCamey, Mr. and Mrs. O. R. Adams of Rankin, and Mr. and Mrs. Don Adams and Joe Mark of Snyder and a grandson, Mr. and Mrs. Robert Adams and Allison of Snyder.

Mr. and Mrs. Jack White visited through the weekend with her mother, Mrs. Bratton in Hollis, Okla.

Snyderite Receives Achievement Award

DENTON — Donna Sue Hendrix of Snyder was among those receiving some 50 awards for outstanding achievement in an Honors Convocation at North Texas State University.

The program was part of University Day activities held on the NTSU campus Friday, marking the ninth anniversary of the signing of legislation changing the school's name from college to university.

Miss Hendrik, a speech and drama major, was named outstanding sophomore woman. She is the daughter of Mr. and Mrs. Marvis T. Hendrix, Route 3, Snyder.

North PTA Elects Officers

Mrs. William D. (Anita) Wilson was elected president of the North Elementary School PTA for the 1970-71 school year. Other elected officers are Mrs. Dubb (Lynn) Tubb, vice president; Mrs. Coy (Ladean Rhodes, secretary; and Miss Kathy Ricks, treasurer.

Opening flag ceremonies were performed by the Brownie Scouts of the troop led by Mrs. Wayland Huddleston and Mrs. Jackie Pevehouse. Lana Hill led the large group of parents attending in the Pledge of Allegiance.

Mrs. E. L. Keller, retiring PTA president, announced that the project committee recommendation of Mrs. Lindy Clark to purchase a carpet for the library had been approved by the executive committee. Also, Mrs. Keller announced that ball point pens had been given to the teachers during a faculty meeting earlier in the day to express appreciation to the faculty of the school. Mrs. Wayne Glass, representing the PTA, made the presentation of pens to the teachers.

R. E. Cooper, principal of Lamar Junior High, spoke to the group about the transition of sixth grade students into junior high and some of the problems encountered. After a question and answer period, a slide show was presented of events and students taken during the current year at the North Elementary School.

GIVES DEMONSTRATION — Michael Nealeigh, a "Lone Star artist" from Abilene, gives a hair-styling demonstration at an organizational meeting of local hair dressers and beauty shop operators, held last night in the Snyder Savings and Loan Association building. His model is Diana Nail of Albany, district chairman of the Texas Hair-dressers and Cosmetologist Association. Standing next to her is Jimmie Kay Kennedy of Abilene, district director of the THCA.

Story Has Grim Message

NO FATHERLAND. By Hans Hellmut Kirst. Coward-McCann. $5.95.

Kirst has a knack of combining a rattling good aventure story with a theme of social commentary.

His hero is Karl Wander, who left the West German army in disgust over the inefficiency and stupidity he found there, and became a freelance journalist. Being an idealist and rather naive, he nurses the thought that a new political regime could rejuvenate the army.

So he accepts an offer from several conniving politicians to become an intermediary in a scheme to throw outthe defense minister. His assignment resembles that of a secret agent; he is thrown into contact with Cabinet officials, a baroness of dubious morals, a negalomaniac industrialist, an officer of the security police and other unusual characters. Watching his efforts from the sidelines are an American newsman and an American intelligence officer.

Wander's adventures include involvement in two murders that are hushed up, and several times he gets mauled around by some of his adversaries.

The author's social commentary is a grim message that West Germany is undergoing a growth of neo-Nazism.

As a narrative, this yarn has plenty of action and intrigue.

Piano Festival Tonight

The Musical Coterie Club of Snyder tonight will present "A Piano Festival" featuring 16 members of the club at the piano. The "Waltz of Flowers" will be presented by 14 members at seven pianos, playing simultaneously. The event will be held in the basement of the First Baptist Church tonight at 8 p.m. The public is invited.

Chopin's "Polonaise" and the theme from "The Apartment" are among other numbers which will be played by the following: Mrs. Wayne Bethel; Rev. Charles Bowyer, chairman of the event; Mrs. Patsy Elliott; Mrs. John Fagin; Mrs. E. W. Free; Mrs. Nathan Mearse; Mrs. Virgil Mott; Mrs. Bob O'Day; Mrs. M. M. O'Rear; Mr. and Mrs. J. D. Smith; Mrs. Wayne Tyrone; Mrs. Bill Vestal; Ralph Wesson; Carl Whitfield and Mrs. Bob Womack.

Broiler-fryer chickens that weigh about 2½ pounds, may be roasted unstuffed in a 400-degree oven for one to one-and-a-half hours.

The challenge of being the only.

As any wise husband knows, no woman likes to be taken for granted. It's the little things that count, like remembering anniversaries, or bringing home flowers for no particular reason.

Like the wise husband we try not to take you, our customer, for granted. Being the only phone company in town, we make a special effort to be courteous, kind, considerate, and understanding.

The fact that we are the only phone company in town is a challenge. The challenge is "not to act like it."

Government Offers To Pay Seminole Indians For Land

MIAMI, Fla. (AP)—The federal government, which finagled the Seminole Indians out of a big chunk of Florida 150 years ago, has finally offered to pay them $12.3 million for it.

"They're trying to steal it again," was the indignant reaction of Joe Dan Osceola, chairman of the United Southeastern Tribes, when informed of the offer by the Indian Claims Commission Wednesday.

Osceola, namesake and descendant of a famous Seminole war chief, said the proposed settlement probably would be appealed to the U.S. Court of Claims.

"We were willing to settle with the government if they'd pay, chop," Osceola said. "But after 20 years in court, after 100 years of depriving us of the land, now they offer us peanuts."

The Seminoles lost the land in the early 1800's when Gen. Andrew Jackson marched into Florida to punish the Indians for providing escaped slaves with sanctuary in the swamps.

The treaties of 1778 and 1823 after the Seminole wars left the Indians without any of their real estate which once embraced about 30 million acres.

The Seminoles filed suit 20 years ago, demanding the federal government pay them $47 million for the land, figured at $1.25 per acre, the average price when the land was taken.

The U.S. Court of Claims in Washington ruled in June 1967, that the government owed the Seminoles for the acreage.

The government originally wanted to pay only 20 cents an acre. The proposed settlement by the Indian Claims Commission was based on 43 cents an acre.

The Seminoles wouldn't receive the full $12.3 million. The government would deduct from it money spent on the Indians or given them as a result of treaties, a figure estimated at $5 million.

Said Osceola:

"If the people in Washington could only visit the reservations they're dealing with, they would not be so stingy.

"People think we receive a monthly check from either the state or the federal government. It's not so. We just make it by the skin of our teeth."

Starting as calypso bands at the end of World War II, steel bands have progressed to playing symphonies on steel drums cut to varying lengths and "tuned" with two-pound sledges. A single drum can produce up to 32 notes.

Armstrong's Campaign Expensive

AUSTIN (AP) — Rep. Bob Armstrong of Austin, who defeated incumbent Jerry Sadler and another candidate for the Democratic nomination for state land commissioner, spent about seven times as much as both his opponents, show records in the secretary of state's office.

Armstrong reported Wednesday he spent $104,375 in the May 2 primary election, compared to $12,460 Sadler says he spent and expenses of $3,907 submitted by Fred Williams of Houston.

Sadler said he got donations of $4,047 from supporters and Williams claimed $3,155 in gifts. Armstrong did not list a final total amount of donations, but his itemized report appeared to have about $75,000 in gifts.

Lt. Gov. Ben Barnes, who ran unopposed in the Democratic primary, reported expenses of $30,719, including $13,395 still unpaid and donations of $16,045.

Robert Morris, defeated by Rep. George Bush for the Republican nomination for the U.S. Senate, claimed his campaign cost $26,276, and he received donations of $12,453.

Bush reported Tuesday he spent $165,989 on his campaign, about $3,000 less than supporting him.

David Brown, defeated by incumbent Crawford Martin for attorney general in the Democratic primary, reported paying $28,068 in campaign bills and $13,100 in donations. His final report also showed debts of $10,137, but it was not clear whether that included $4,974 in debts on his preliminary report two weeks ago.

Rosie Lays Eighth Egg

SAN ANTONIO (AP) — Rosie the whooping crane has laid her eighth egg of the season and this time she gets to keep it.

The San Antonio Zoo sent her first seven eggs to the Patuxent Research Center, Laurel, Md., where [illegible] were laid.

500TH HOME RUN — Chicago Cubs first baseman Ernie Banks sends the ball, right, on flight over the left field wall for his 500th home run Tuesday against the Atlanta Braves. Braves catcher is Bob Tillman and umpire is Tony Venzon. (AP Wirephoto)

Minnesota Strategy Snaps Baltimore Streak At Eight

By DICK JOYCE
Associated Press Sports Writer

Baltimore Manager Earl Weaver lost his latest battle of wits with Minnesota's Bill Rigney, and now he's kicking himself.

"What I should have done was challenge (Harmon) Killebrew," moaned Weaver after the Twins edged his Orioles 5-4 in 10 innings Wednesday night. "If he hits a home run, it's the same as a double. Killebrew had hit the 16th homer, No. 12 this year, in the first inning.

What Weaver did was to have right-handed relief ace Eddie Watt intentionally walk Killebrew after Tony Oliva had doubled with two out in the 10th. This put up the Twins' Rich Reese, a lefty swinger, against Watt. Reese promptly doubled bringing home Oliva with the winning run that snapped Baltimore's eight-game winning streak.

In other American League games, California topped Boston 5-3, Oakland tripped Washington, 8-1, Kansas City nipped Cleveland 1-0 in 12 innings and Milwaukee downed New York 3-1. Chicago at Detroit was rained out.

In the National League, Montreal edged Philadelphia 7-6, New York blanked Chicago 4-0, Pittsburgh tripped St. Louis 5-1, San Francisco belted San Diego 5-1 and Houston beat Los Angeles 6-5.

Reese, who batted .322 for the Twins last year, entered the Baltimore game with a .219 batting average. He said: "I made up my mind I was going to take three good rips and I did. Sure, I was down, but I didn't give up. That hit means a lot to me. I'm too good a hitter to be hitting what I am."

Weaver's wheeling and dealing had paid off with a victory Tuesday night while Rigney's strategy backfired. Minnesota now holds a season lead of 3-2 in the meetings between last year's division leaders.

Baltimore maintained its six-game lead in the AL East while Minnesota remained one game behind California in the West.

Pitcher Bats In Decisive Run

By THE ASSOCIATED PRESS

Albuquerque's Doyle Alexander hasn't heard the old saw about pitchers can't hit.

Alexander drove across Albuquerque's final two runs with a single in a 4-2 victory over Dallas-Fort Worth to move into a tie with El Paso in the Texas League's Western Division Wednesday night.

Amarillo tripped El Paso 4-2, San Antonio blanked Memphis 2-0, and Arkansas nicked Shreveport 7-6 in other TL action.

Memphis owns a three-game lead over the fast-rising San Antonio Missions in the TL East.

San Antonio's Paul Reuschel allowed only two Memphis hits in picking up his fourth victory of the season. Losing pitcher Bill Denehy was almost as sharp, being touched for four hits.

Arkansas erupted for six runs in the fifth inning to edge the Braves. Jose Cruz clubbed a two run homer in the big frame.

In games tonight, the same teams play at El Paso, Memphis, Little Rock, and Dallas-Fort Worth.

California won its seventh in its last eight starts against Boston when reliever Sparky Lyle walked home Jim Spencer in the eighth for what proved to be the winning run. Tony Conigliaro hit two homers, his second tying the game 3-3 in the top of the eighth.

Don Mincher drove home three runs and Sal Bando and Rick Monday two each as Oakland handed Washington its seventh consecutive loss. John "Blue Moon" Odom allowed three Senators hits in six innings, but walked seven and Rollie Fingers finished up.

Joe Keough, who had made a game-saving catch in the eighth, scored the winning run in the 12th on pinch-hitter Hawk Taylor's two-out double off reliever Phil Hennigan. Keough had walked and was sacrificed to second.

Bill Butler held Cleveland to three hits in 10 innings before giving way to winner Alan Fitzmorris.

Ted Savage belted a three-run two-out homer and left-hander John Morris pitched a three-hitter as Milwaukee stopped the Yankees. Morris spaced singles in the first and eighth and lost his shutout bid when Roy White homered in the ninth with two out.

Sayers To Be Honored

NEW YORK (AP) — Gale Sayers of the Chicago Bears will receive the George Halas award as the "Most Courageous Player" of the National Football League at the annual dinner of the New York chapter of the Pro Football Writers May 25.

Sayers missed the last five games in 1968 due to knee surgery but came back strong with 1,032 yards and won the rushing title in 1969.

Also to be saluted at the dinner is Milt Woodard.

Canadian Jockey Believes Naskra Will Win Preakness

By RON TURCOTTE
Written For The Associated Press

NEW YORK (AP) — The 95th running of the Preakness at Pimlico in Baltimore Saturday will be a more truly run race than the Kentucky Derby.

It's hard to eliminate any of the colts.

The Derby had 17 horses, including some who didn't belong, while The Preakness will have about 12. There will be no need to battle for positions such as at Churchill Downs in Louisville two weeks ago.

I think I'll be riding the winner in Naskra, who is 10-1 in the pre-race odds.

He ran fourth in the Derby, the only time this year he was out of the money in nine starts. In the Derby stretch, he passed Silent Screen as though the 2-year-old champion of 1969 was standing still.

John Rotz, who will ride Silent Screen, thinks Naskra is the horse to beat and I think Silent Screen is the one to beat now that he will wear blinkers for the first time.

Silent Screen has a habit of bearing out and the blinkers might prevent this. Drifting out is costly and no rider can do justice for such a horse.

I go by a horse's action and I think I know where I'm going with Naskra.

Because of his speed, he can be rated anywhere in the race.

Braulio Baeza likes Naskra, not so much off his Derby race, but off the Blue Grass at Keeneland.

Braulio thought Naskra would win this race by 10 lengths until they were 150 yards from the wire.

It seems that's when Naskra threw a shoe and lost all his action.

Naskra missed the Flamingo and Florida Derby, coming up with a fever on the eve of each race. Another time he tore the wall of a hoof, I was told.

Now for a quick rundown on some of the top contenders:

Silent Screen—This is a class horse who has been out of the money only twice in 11 races and each time he was crowded or stepped on and cut. He's the horse to beat.

My Dad George—He ran big in Florida and was a good second in the Derby. He shouldn't be worse than third. He could win it all.

Dust Commander—The Derby winner by five lengths. He starts slow but has marvelous action, when the going gets tough.

High Echelon—Jockey Larry Adams likes this one because he runs big at the end. When he thinks like running, nothing can beat him.

Personality—This could be the best-bred horse around and his rider, Eddie Belmonte, is high on him having won four times with late speed.

Buzkashi—This is a horse with good late foot. You may be hearing about this one in the 1½-mile Belmont.

I'm sure this will be a better run race than the Derby. I just hope I can win it with Naskra. He was fourth in the Derby. Tom Rolfe was third in the 1965 Derby and I won the Preakness with him.

Maybe that's a good omen.

Leadoff batter Don Buford of the Baltimore Orioles drew only two bases on balls in his last 19 trips to the plate in the World Series. On his first three trips, he had a home run and a double.

Olympics Boost Mexico's Image

By CHARLES GREEN
Associated Press Sports Writer

MEXICO CITY, (AP) — If Montreal—and Canada—have as much success with the 1976 Olympic games as Mexico had with the games of the 19th Olympiad in 1968 the event will be well worth the expected high cost.

The 1968 games cost Mexico, according to President Gustavo Diaz Ordaz, $175,840,000 in out-of-pocket expenses. The investment shocked some Mexicans, and went $22.8 million above estimates, in a country which is just reaching the takeoff point in economic development.

But Mexicans still look back on the games with pride and still like to point out to foreigners that Mexico did, after all, deliver on its promise to organize a splendid event.

The country at this moment is organizing another international event—more important in some aspects than the Olympics—but the World Cup Soccer Championships May 31 will be privately financed without serious aid from the government.

Mexico got more international publicity from the Olympic games that it could have purchased with the entire national treasury.

Estimates from the Department of Tourism are that foreign visitors increased 18 per cent in 1969—due in large measure to worldwide television and newspaper coverage of the Olympic games.

It is impossible to put a dollar value on the publicity and prestige this country earned as a return on its Olympic investment.

The actual cash return from the games themselves was small—about $10 million. But after the games, Mexico City had new roads, new sports facilities, new housing and, of course, new prestige.

Leaders Hold Grip In Jr. Golf Tourney

The leaders in the 10th annual Snyder Junior Golf Tournament continued to hold onto their lead during the second nine holes of play yesterday at Snyder Country Club.

Marty Pate, who fired an opening round 40 to set the pace Tuesday, lost ground in the 9th grade division when he soared to a 50 yesterday, but he managed to hold onto a slim one-stroke lead. Bobby Burleson, who trailed by five strokes after the opening round, shaved four off of Marty's lead by carding a 46 yesterday. Fred Liner, who also fired a 46 yesterday, is just two strokes off the pace.

Rick Ator has a nine stroke lead in the 7th grade division and Steve Talbott has a nine stroke lead in the 8th grade division. Both leaders in the younger age divisions increased leads they held Tuesday.

The third and concluding round is on tap today with action to begin at 4 p.m. J. P. Ward is the Tournament Director.

The standings after 18 holes:

7TH GRADE

Rick Ator	42-48—90
Mark Hinton	49-50—99
Win Bunch	51-49—100
Dee Roach	58-56—114
Eric Schrader	59-58—117

8TH GRADE

Steve Talbott	41-44—85
Bryan Hargrove	45-49—94
Jeff Richardson	49-45—94

9TH GRADE

Marty Pate	40-50—90
Bobby Burleson	45-46—91
Fred Liner	46-46—92
Steve Hurst	56-66—122

Bearkats Beat St. Mary's 7-6

HUNTSVILLE, Tex. (AP) — Pitcher Hugh Hamilton won his own game with the bat Wednesday to propel Sam Houston State into the NAIA Region II tournament in Phoenix, Ariz., May 28-30.

St. Mary's had won the first game in the best-of-three series.

Pay Increases Could Mean Trouble For The Economy

By JOHN CUNNIFF
AP Business Analyst

NEW YORK (AP) — So perverse is the present state of the nation's financial balance that some of the rare good news for ordinary Americans in recent weeks could mean more trouble for the economy.

Summed up, a lot of Americans are receiving more spending money than at the beginning of the year. This could lead to more demand. And increases in demand could-well, almost certainly would-lead to higher prices.

The question is this: Will consumers bank it or spend it? That is, will they add to inflationary demand by buying cars and furniture and appliances? Or will they mark time until price increases begin to slow?

Millions of Americans recently received pay increases, among them, Social Security recipients and government employes. And millions more are about to increase their takehome pay, if you can judge by the number of union contract negotiations set for this year.

Moreover, payrolls are going to be increased somewhat by the termination on July 1 of the 5 per cent income tax surcharge. The surcharge, if you remember, was meant to be an anti-inflation device, but it's hard to measure its contribution.

In addition, millions of Americans are already finding sizeable increases in their paychecks because they have completed their annual contributions to Social Security.

Deductions are made on the basis of 4 per cent of the first $7,800 earned, a figure that much of America's middle class is now approaching. It can mean $50 or more in monthly take-home pay for many workers.

Now here's the problem: These increases in disposable personal income could be turned into tremendous sales pressure.

If Americans decide to spend this money, then you can be sure prices will continue upward.

This is what is termed demand-pull inflation, to differentiate it from cost-push, which means that prices are pushed up by higher operating costs, including that for labor.

In the present unstable economic situation it doesn't take much of an addition of money to make the pot bubble. Despite a year-long effort to bring stability, consumer prices early this year were rising at a 6 per cent annual rate.

Based on the so-called confidence of consumers, as rated by pollsters, the inclination to spend isn't as high as it coull be. Many people are fearful of getting themselves into financial traps, of taking on big installment loans that extend far into the unknown future.

Junior Editors Quiz on APPLES

QUESTION: *What apples keep best over the winter months?*

* * *

ANSWER: Our Junior Editors headquarters is on the edge of the Hudson Valley fruit country, and we enjoyed talking to some farmer friends about this question. If at all possible, we hope that all of you will be able to get your eyes — and your noses — close to an orchard at this time of year. The white explosion of so many millions of blossoms makes one almost giddy — you forget everything except how beautiful the world is. "Winter apples," said one fruit farmer. "We store ours in boxes at a cooling plant — it's cheaper than storing on our own place. You need a temperature of 34 degrees, with plenty of moisture — otherwise they shrivel up. The old timers kept apples in a cool root celler with a dirt floor — that was perfect! What kinds do we store? The red Delicious, sweet, a long apple with knobs on the bottom; the gold Delicious, with a tangy taste; the MacIntosh (light green around the stem) with good eating and keeping qualities, and the tart Jonathan, smaller, deeper red than the Mac., excellent for both eating and cooking."

5-14

(Mary Irene Guerrero of Pueblo, Col., wins a prize for this question. You can win $10 cash plus AP's handsome World Yearbook if your question, mailed on a postcard to Junior Editors in care of this newspaper, is selected for a prize.)

Tyler Plane Crash Kills Three

TYLER, Tex. (AP) — A private Beechcraft, four-place plane crashed and burned at 1:26 a.m. today as it approached the Thler airport for a landing. All three persons aboard died.

The plane hit about 400 feet south of the runway and flipped into a dry creek bed.

The men victims were identified as George Hand, 35, of Richardson and Richard Rancier 25, of Irving.

A woman victim was not at once identified.

George R. Clark, chief of field office of the National Transportation Safety Board, said preliminary information showed the plane was en route from Shreveport to Tyler without a flight plan.

Clark said tentative information showed Hand as the owner of the plane and Rancier as the pilot.

Charles Disregards Tradition

CAMBRIDGE, Enaldn (AP)— Britain's Prince Charles disregarded royalty's traditional avoidance of public controversy Tuesday night and questioned the worth of the Concorde, the supersonic jet airplane the British and French are developing jointly.

The heir to the throne told fellow students before he delivered his maiden speech in a debate at the Cambridge University Union Society that he was in an awkward position because he was "not supposed to get involved in controversy of any sort."

"Sometimes I think I would like to go in it," Charles said of the plane. "But then if it is going to pollute us with noise, if it is going to knock down churches or shatter priceless windows when it tests its sonic boom — is this what we really want? Has it accomplished a great deal?"

The prince was debating on a motion "that technological advance threatens the independence of man and is becoming his master."

Dohlen Gets Degree Just In Time

GOLIAD, Tex. (AP) — Tim Von Dohlen, 25, who already holds a degree in pharmacy, will get his law degree just in time to take a seat in the Texas House of Representatives.

Von Dohlen, who will represent DeWitt, Goliad, Jackson and Lavaca counties, has only one more semester's work toward his law degree at the University of Texas.

Von Dohlen was scheduled for a runoff in the Democratic primary with State Rep. Terry Newman, but Newman withdrew from the race last week. There is no Republican candidate.

Newman, who trailed by 900 votes, said he withdrew because he is "morally unwilling to do what seems to be necessary to gain favor at this time." Newman did not elaborate on that statement.

Von Dohlen has been working in the family drug store in Goliad.

Heroes Are Not Always Rewarded

By HAL BOYLE

NEW YORK (AP) — Some of the people who get the most applause in this world do the least good.

They just happened to be standing in the right place when the spotlight came on. Or they saw to it that they were.

From your own experience don't you know any number of people who are nowhere to be seen when hard work is to be done, but when the gravy train comes by they emerge out of nowhere and are first to hop aboard, holding a ready ladle in each hand?

Sometime, somehow, this sly justice should be righted and credit given where credit is due, proper honor accorded to those deserving of recognition but now nameless to renow.

Here, for example, are a few unsung heroes worthy of a medal or at least a mention in dispatches:

Anybody who starts to write a memo and then decides not to.

Whoever buys the first round.

Secretaries who are homely but can spell.

Resort owners who serve meals free any day that it rains.

Any bus driver willing to change a $5 bill without adopting the air of a martyr.

A husband tolerant enough to let his wife wear the same length miniskirt he admires on younger girls.

A millionaire who admits he had an easy life as a kid.

Any movie producer who makes a dirty movie but is too honest to claim it has an important social message bearing on the quandary of our times.

Boy Scouts who pass up old ladies in order to help old men cross the street.

Hat check girls who'll only accept a dime for taking charge of your bonnet because that's all it's really worth.

An after-dinner speaker able to go through his entire speech without once saying, "And that reminds me of a story I—"

Any wife who can remain totally silent until her husband has finished drinking his first cup of morning coffee.

A professional football or baseball player who uses that greasy kid stuff on his hair and stubbornly continues to because he likes it.

Any hospital where you can stay overnight without being given a bill that looks like you'd been on a weekend binge in Las Vegas.

A defeated political candidate who acknowledges he'd probably have lost anyway even if he had had all the money he wanted to spend on his campaign.

Yes, these are a few of the obscure heroes of our time. But before we can honor them we first have to find them. There lies the problem.

M—Missing

Hungarian hospital doctors are underpaid and take tips to boost their salaries, the Hungarian trade union paper, "Nepszava," disclosed.

Snyderite Earns Honors

COLLEGE STATION — Charles F. Miller of Snyder has been named a Distinguished Student in Veterinary medicine at Texas A&M University, announced Veterinary Medicine Dean Alvin A. Price.

The honor is awarded to students who have excelled academically at Texas A&M, Dr. Price explained, by earning at least a 3.25 grade point ratio (out of a possible 4.0) during the past trimester.

Miller, a third-year student in the College of Veterinary Medicine's professional program, is the son of Mr. and Mrs. Rex Miller of 3005 Thirty-fifth Street.

Second Play Day Scheduled Sunday

The Scurry County Junior Riding Club is sponsoring the second in a series of Play Days at 2 p.m. Sunday at the Rodeo Grounds.

There will be four places and six age groups.

The public is invited to attend.

Parties Unite To Fight Drug Abuse

By CARL C. CRAFT
Associated Press Writer

WASHINGTON (AP) — Leading New York political figures from both parties have launched a joint effort for more federal help to stave off a drug problem they say has reached plague levels.

Republican Gov. Nelson A. Rockefeller, emerging from a private strategy meeting with members of his state's congressional delegation, said Wednesday the fight against drug abuse "has spread to the schools and even from the high schools down into the elementary schools."

Rockefeller said he would seek President Nixon's backing for a new funding approach aimed at pumping bigger doses of federal drug-fighting cash into hard-hit cities including New York, Los Angeles and Miami.

The governor also said he agreed with Democratic Rep. Edward I. Koch, who told newsmen heroin addiction has become a plague in New York City with 100,000 addicts.

Rep. Emanuel Celler, a Brooklyn Democrat, said attempts also would be made to discourage importation of drugs from other nations.

Koch said the delegation urged that "countries like France, Turkey and other countries that are the suppliers of heroin that comes into the country ... be held responsible."

"And when the foreign aid bill comes up," he added, "we're going to think of some way where we can impress upon those countries they can't be the recipients of money from this country when they are selling poison to the kids in this country."

Rep. Shirley Chisholm, a Democrat and the only black woman in Congress, said the drug problem "now has penetrated just about every class and every ethnic group in our society ..."

Koch said more than money "we need real enforcement on the part of the police officials, we need to involve the communities ... and we've got to get across the educational aspect."

Meanwhile, Democratic Rep. Bertram L. Podell, of Brooklyn, said drug addiction costs the American public $5 billion a year in crime because many addicts steal to support their habit. He called for $200 million for drug centers to offer a wide range of services for heroin addicts.

He also introduced a resolution calling on the United Nations to buy the world's heroin supply at its source.

Midway Bank Is Robbed

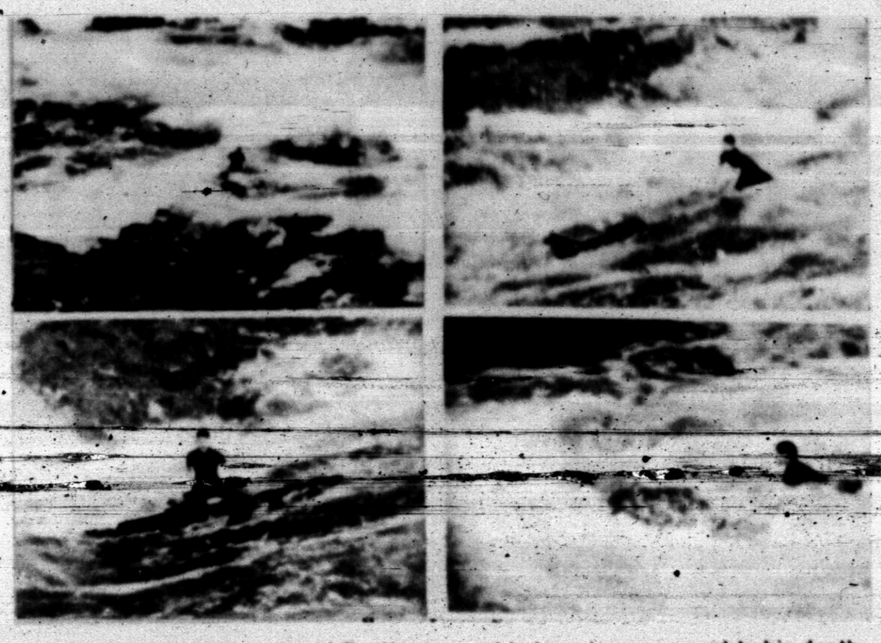
GRAND PRAIRIE, Tex. (AP) — Two young men robbed the Midway Bank of almost $15,000 Wednesday, carrying out their plan with precision.

Two women drive-in tellers were sprayed with a stinging aerosol substance and the men used separate vehicles to accomplish their task. The vehicles were later found abandoned.

One of the tellers handed over $2,900 after receiving a note telling her not to punch the alarm buzzer. The other telle yielded more than $11,000 and rang the alarm when the bandit robbing her drove away.

The getaway trucks were found to have been rented in the name of a Ocala, Fla., resident. Florida police reported there is a police character by the name given on the rental receipt.

Dallas County Sheriff Bill Decker said it was the first time he knew of where robbers have hit two drive-in windows at the same time.



SWEPT TO DEATH — David Fenitz, 11, unable to swim was swept to his death over the American Falls when his homemade raft got caught in the rapids. Two companions jumped off when they realized the current was getting stronger. They swam to shore. Park police threw ropes from a bridge but the raft overturned. Top left: The raft is in middle of rapids. Top right: Youngster holds on as raft heads for edge. Lower left: Kneeling, the Fenitz boy is caught up in swirling water. Lower right: He is thrown from the raft. Photographs were made May 11 on an 8mm color film by Mary Balobeck, Coraoplis, N. Y.

Homes Available For Tornado Victims

WASHINGTON (AP) — The Federal Housing Administration is making several hundred homes available for persons whose homes were caught in the tornado that ripped the city Monday night, according to Rep. George M. Mahon, D-Tex.

Representatives of the Fort Worth office of the Department of Housing and Urban Development are now in Lubbock making arrangements following authorization by George Romney, secretary of HUD.

Committees Plan Fluvanna Event

FLUVANNA — Some 800 to 1,200 persons are expected for the Fluvanna Homecoming scheduled for Friday and Saturday, June 12-13. The Fluvanna Homecoming is held every five years.

Chairmen of all of the Homecoming committees and their members will meet at 8:30 p.m. Friday at the school to decide on final plans for the session.

General chairman is L. M. Dawson, superintendent at Westbrook and a former superintendent at Fluvanna. Other committee heads include Mrs. Leo Beaver, chairman, program committee; Mrs. Loyd Ainsworth, chairman of class meetings; Buford Browning, chairman of the food committee; Bill Jones and C. A. Daugherty, co-chairman of the finance committee; Mrs. C. A. Daugherty, chairman of reception committee; Mrs. Harry Kingston, chairman of the invitations committee; Mrs. Royce Patterson, chairman of the exhibits committee; and, Mrs. Burl Belew, chairman of refreshment committee. Tentative plans call for a tea at the community center from 2 to 5 p.m. Friday, June 12, for students who attended the Fluvanna School prior to 1927. There will be individual class meetings at the school and in various homes Friday night.

The plans for Saturday, June 13, call for a catered luncheon at the school gym with a program at 2 p.m. to feature the theme "Do You Remember When?" There will be several skits depicting schoolroom scenes of past years.

Officer candidates for South Africa's regular army are to get extra-curricular training in horsemanship at the military academy near Cape Town.

FDA Investigation Is Launched

By G. C. THELEN Jr.
Associated Press Writer

WASHINGTON (AP) — Congressional investigators, brushing aside objections from the commissioner of the Food and Drug Administration, have launched an unannounced probe of the troubled consumer-protection agency.

Staff members of a House government operations subcommittee, headed by Rep. L. H. Fountain, D-N.C., are gathering documents from FDA files for probable hearings next month.

In apparent anticipation of the congressional investigation, FDA Commissioner Charles C. Edwards last week decried what he called harassment of the agency.

"Our major problem at the moment is to get the Ralph Naders, our congressional critics, and even some of the internal 'experts' within the government structure to leave us alone so that we can settle down to the task of implementing some of the reforms which are essential," Edwards said in a recent Philadelphia speech.

Several weeks ago, students investigators under Nader's direction accused the FDA of laxity in food protection enforcement.

Edwards did not identify the government "expert."

But Dr. Howard L. Richardson, an FDA pathologist, has charged agency officials altered scientists' conclusions and recommendations that clash with established regulatory positions.

Disclosure of Richardson's allegations brought calls for a congressional investigation from two veteran members of the House Government Operations Committee—Reps. John S. Monagan, D-Conn., and James J. Delaney, D-N.Y.

The subcommittee investigators are looking into Richardson's charges and recent FDA actions.

These include apparent reversals by Health Education and Welfare Secretary Robert H. Finch of several FDA recommendations for implementing restrictions on cyclamates, the artificial sweetener linked to cancer in animals. The FDA is a HEW unit.

THOMAS D. SHELBURNE

SHS Grad To Receive JD Degree

Thomas D. Shelburne, son of Mr. and Mrs. L. B. Shelburne, 202 Thirty-second Street, and grandson of Mr. and Mrs. T. E. Shelburne of Hermleigh, will be granted the Doctor of Jurisprudence degree in graduation ceremonies on May 30 at Venderbilt University, Nashville, Tenn., where he has been a Patrick Wilson Merit Scholar for three years.

Shelburne was Salutatorian of his 1963 graduating class of Snyder High School, having been Student Council President, member of the National Honor Society and foreign exchange student to Italy. He attended Hardin-Simmons University and graduated from Baylor University with a BA in Political Science and History.

While at Vanderbilt, Shelburne has ranked in the upper third of his class, received the American Jurisprudence award and was chosen Distinguished Military Student in ROTC. He will be commissioned as second lieutenant on his graduation.

This summer Shelburne, who is married to the former Sarah Hale Chiles of Kingsport, Tenn., will be employed by a law firm in Grand Rapids, Mich., until going on active duty with the Army in October.

Phoenix Girl First Lady Of Youth

MOBILE, Ala. (AP) — Karen Stenwall of Phoenix, Ariz., began her reign today as America's Junior Miss — the nation's first lady of youth.

The blonde, gray-eyed beauty was chosen from among high school senior girls representing all 50 states in the nationally televised Junior Miss Peageant here Wednesday night.

Upon being crowned, the 18-year-old Sunnyslope High School senior broke into tears as did her sisters, Mrs. Cathy Dixon, 21, Lisa, 15, Lynn, 13, Martha, 11, and Jodi, 9, who were in the audience.

"I was excited, but I wasn't really nervous because I didn't think it would be me," she said.

She was awarded a $10,000 college scholarship along with the crown. With the addition of scholarships presented for her two victories in preliminary judging her total reached $12,000.

She is the daughter of Mr. and Mrs. John E. Stenwall of Phoenix, who also were here for the pageant. Mrs. Stenwall is a purchasing agent for a high school district in suburban Phoenix.

District Lions Postpone Convention

The Lions Club District 2-T-2 convention scheduled this weekend at Lubbock has been postponed, Olin Bunch, president of the Snyder Lions Club, reported this morning.

The convention has been scheduled for Firday, Saturday and Sunday and because of the storm damage at Lubbock, the Lions have been asked to relinquish their hotel and motel reservations.

Bunch said that a one-day convention will be held on Saturday, May 23, instead of the three-day event which had been scheduled for this weekend.

New Band Sessions For Students Set

In preparation for the beginning band program which sixth graders will enter, band directors of the two junior high schools here have scheduled meetings with prospective band students and their parents.

Purpose of the meetings are to explain the program and to determine the instrument best suited for each student.

The meetings will be held between the hours of 4 p.m. and 6:30 p.m. and students and parents may come at any time during a meeting period.

Students of Northeast Elementary School and their parents will attend a meeting on Monday, May 18, at Travis Junior High, while students of Central and East Elementary Schools and their parents will attend the meeting May 20 at Travis.

Students from North and Stanfield Elementary Schools will meet Monday at Lamar Junior High, and students and their parents from West Elementary will meet May 20 at Lamar.

Students who cannot attend a meeting should contact their band director. The band director at Travis Junior High is Bob Chapman, who may be contacted by telephone at 573-6382, or 753-6649. The band director at Lamar Junior High is Jerry Roe, who may be contacted by telephone at 573-3553.

Career Corner

by Joyce Lain

what job would you like to see explored in this column?

A CAREER IN

BOYS' CLUB WORK

There are some 900 Boys' Clubs in the U.S., serving nearly a million boys on a daily basis. These clubs employ more than 2,000 full-time professional workers, who are assisted by part-time activity specialists and volunteers.

If you would like a free brief pamphlet (single copy only), "Highlighting Your Future in Boys' Club Work," published by the Boys' Clubs of America, send me a stamped, self-addressed long white envelope at this newspaper. Write "Boys" on outside envelope.

Big Spring To Get New Plant

DALLAS, Tex. (AP) — A new plastic products manufacturing facility will be constructed at Big Spring, Tex., officials of LTV Aerospace Corp. said Wednesday.

Phil Thayer, president and chief executive officer of LTV Aerospace, and Robert J. Phillips, president of LTV subsidiary International Technovation, said production of the new facility would center on the food products market.

The company presidents said production would be primarily in the manufacture of plastic foam egg cartons and meat and produce trays.

The proposed 40,000 square-foot facility will be located off Interstate 20 in Big Spring.
