COLUMBUS, O., Nov. 22.—Dr. James Howard Snook, convicted murderer of Miss Theora K. Hix, today was denied a new trial by the second Ohio District Court of appeals.

Snook, sentenced to be electrocuted the night Nov. 22, was expected to carry his case to the state supreme court.

Snook claimed he was not given a fair trial or sufficient time in which to prepare his case. The appeals court affirmed the lower court's finding and sentence of death.

"Not only have we benefited in industry and commerce," the proclamation said, "we have enjoyed many spiritual and social blessings. No war nor national disturbance has marred our peace and tranquility."

"We should on November 28 especially take stock of our manifold blessings and render thanks as a nation to Almighty God, the Giver of all perfect gifts."

FARMERS GET FIRST CHECKS

FIRST INSTALLMENT OF FARM BOARD LOAN GIVEN IN TEXAS

(By Associated Press)
DALLAS, Nov. 22.—Cotton growers of Texas were richer in cash resources by \$300,000 today, the first installment of money advanced them by the Federal Farm Board through the Texas Farm Bureau Cotton association.

Putting the checks in the mail yesterday, General manager Harry Williams of the Farm Bureau said additional amounts would be sent out daily as rapidly as the cotton is received for the seasonal pool and its loan basis determined.

No estimate was made of the total amount of the advances, since this sum is contingent upon the amount of cotton expected. Officers of the organization expect, however, to re-loan the entire \$2,000,000 loan of the farm loan, and perhaps receive additional sums from that body.

PIE EATING IS VIOLATION NOW

OMAHA, Neb., Nov. 22. (P)—There is no law against it, but Harry R. Grunke was arrested for eating mince pie.

Really, the charge was drunkenness and reckless driving; but the court decided it was mince pie.

"I had eaten two, fine big slabs of mince pie, your honor," explained Grunke. "The pie was highly flavored with wine. I like it that way. I never drink."

The arresting officer said that although Grunke's breath bespoke alcohol, Grunke appeared perfectly sober.

The court held in favor of the pie.

ROTHSTEIN'S LOSSES TOLD IN HEARING

GAMBLER SAYS FAMED PLUNGER LOST VAST SUM IN POKER

(By Associated Press)
NEW YORK, Nov. 22.—Meyer Boston told the jury today in the trial of George McManus for the murder of Arnold Rothstein that Rothstein lost \$300,000, instead of \$200,000, in the famous stud poker game two months before he was killed, and for all but \$2,000 a fit, Boston said, the big boss of the gambling world in New York gave "L. O. U."

Boston said he won \$6,000 in the game, a feature of which was side betting for large sums on the highest cards.

Continuing the description of the party, which was begun yesterday, by Jimmy Meehan, the host, Martin Bove, who said he lost \$5,700, and his brother, Sam Boston, Meyer said George McManus lost \$51,000, of which he paid \$20,000 in cash on the spot.

The rest of his losses, Meyer testified, McManus paid up in the following two days.

It is in the testimony of participants in that poker game that the state hopes to find material that will convince the jury that McManus had a motive for hating Rothstein into a room of the Park Central hotel to his death the night of November 4, 1928.

SUNDAY'S SON IS NAMED IN CHARGE TODAY

(By Associated Press)
LOS ANGELES, Nov. 22.—A Hollywood cloak model and George M. Sunday, son of the evangelist, were sought today on complaints of adultery.

Simultaneously with announcement that the complaints had been issued the younger Sunday's wife, Mrs. Harriet Sunday, revealed her attorney is preparing a divorce suit, naming the model, Mrs. Maurine La Salle. Charges made by Mrs. Sunday led Deputy District Attorney George Stahlman to issue complaints against Sunday and Mrs. La Salle.

Bonds of \$10,000 were set for the couple, who are said to have disappeared. Sunday was reported to have dropped from sight Nov. 1, while Mrs. La Salle has been missing since her appearance at the district attorney's office for questioning soon after investigation was begun at Mrs. Sunday's request.

Sunday and Mrs. La Salle were surprised in the Sunday home on the night of October 27, according to the charge of Mrs. Sunday, who claimed she and four witnesses found the couple together. The complaint named two witnesses, Frank Lowe, Sunday's secretary, and R. A. Deininger, traffic agent of a commercial air line. Lowe was said to have disclosed information about the case and Deininger told investigators Sunday rec'd an airplane in October, 1928, in which he took Mrs. La Salle to Bakersfield, Calif.

Mrs. La Salle, divorced last year, is the mother of a 3-year-old son, while the Sundays have two children, George Jr., 15, and John Mason Sunday, 13.

BORGER MEN BEING TAKEN TO STINNETT

PROCESS CALLS FOR APPEARANCES OF OFFICERS THERE

(By Associated Press)
WICHITA FALLS, Nov. 22.—Hutchinson county officers left here today with Sam Jones and Jim Hodges, charged with murder in connection with the slaying of John A. Holmes in Borger, under orders of two courts to appear in district court of Hutchinson county at Stinnett Saturday morning to show cause why their prisoners should not be allowed bond.

The way for their departure was cleared when Judge P. A. Martin set aside a writ of habeas corpus he had issued yesterday directing that Jones and Hodges be brought before him this morning.

Alfred Asks Writ
Judge Martin had issued the writ on the application of James W. Alfred, Wichita Falls attorney, shortly after Jones and Hodges had been placed in the Wichita county jail by "Red" Burton, Hutchinson county deputy sheriff.

Burton later was joined by C. O. Moore, sheriff of Hutchinson county, and Clem Calhoun, appointed by Governor Dan Moody as special investigator in the Holmes slaying.

The visiting officers explained they were under process to produce Jones and Hodges in the Stinnett court tomorrow, and they asked Alfred to agree to allow them to depart with the prisoners without waiting for the hearing before Judge Martin.

Alfred agreed with the stipulation that Burton be placed under process by Judge Martin to appear in the Stinnett court, Judge Martin was called last night and set aside the writ returnable to the court here and placed Burton under process to appear at Stinnett.

The officers departed with the prisoners.

The injured numbered more than forty, with five in such a serious condition death is expected.

The dead were: Mrs. Elizabeth Dawson, Charles Jacobson, Miss Catherine Cullinane, Mrs. Anna May Cockerell and her infant daughter, Mary Ann Cockerell.

LOUISVILLE, Ky., Nov. 22. (P)—The first whiskey legally manufactured in the United States since September, 1917, was run into charred barrels here today.

While government officials looked on, fifty gallons of limpid, colorless fluid (which, if home made would be called "white mule") dropped into a barrel which will, in the next four years, give it color, density and mellowness and make it suitable for sale for medical purposes.

The event took place at the local plant of the American Medical Spirits company's plant. The firm holds one of the recently issued permits to make liquor to replenish the medical supply.

TWO MEN HOLD UP CASHIER EARLY TODAY AND ESCAPE; COUNTY OFFICERS ABSENT

(By Associated Press)
STINNETT, Nov. 22.—The First State Bank of Stinnett was held up by two men shortly after 8 o'clock this morning. Approximately \$6,000 was taken.

The robbery occurred while Sheriff C. O. Moore and Deputy Sheriff Red Burton were absent from the city.

Enter as it is Opened
The men entered the bank soon after Leo Franks, assistant cashier, had opened it. While one of the bandits stood guard at the door, the other forced Franks into the vault and secured the loot.

Franks was handcuffed and left in the vault, but the door failed to lock, and the employee made his way out to give the alarm. The bandits were believed to have fled in an easterly direction.

Frank aroused J. T. Peyton, cashier, who lived over the bank, and Peyton notified Deputy Sheriff Forrest Stradley in Borger. Stradley and Albert Mace, chief of police in Borger, immediately hurried to the scene and organized a posse.

Several hours after the robbery officers said they had been unable to learn the identity of the robbers. They also said they were unable to find out in what direction they fled, but thought it probable they were headed for Oklahoma.

To Adopt Report
Adoption of the finance committee report and acceptance of the year's budget were probably the most important matters to be considered during closing hours.

Dr. Austin Crouch of Nashville, Tenn., delivered an address, "The Budget of the Southern Baptist Convention."

The convention last night raised \$1,000 for the year's work.

MAN IS HELD FOR SHOOTING

H. S. CHERRY, DALLAS,
IS CHARGED IN DAY
DEATH CASE

(By Associated Press)
KERRVILLE, Nov. 22.—H. S. Cherry, Jr., of Dallas, was arrested today on a complaint charging murder in connection with the death of Hugo F. Day, 30, Teague merchant, whose body, pierced by a bullet, was found in a tree eleven miles from Kerrville late Tuesday.

Cherry was released on bond of \$2,000 pending action of the grand jury, which meets March 31.

Shot in Tree
It was believed that Day was calling turkeys as a turkey caller was found beneath the tree, and his rifle and field glasses were in the tree.

An empty shell of the same calibre as the gun Cherry carried was found sixty yards from the tree.

Questioned today, Cherry admitted firing at a turkey in the vicinity where Day's body was found, but denies shooting into a tree.

Cherry's business card indicated he was connected with the Federal Reserve Bank in Dallas.

"HONOR SYSTEM" DECISION ON PROHIBITION QUESTION IS HANDLED DOWN BY JUDGE IN ILLINOIS; BUYER GUILTY TOO

(By Associated Press)

PEORIA, ILL., Nov. 22.—(P)—Any person who buys a drink of liquor or knows of a friend, neighbor or relative who possesses liquor for beverage purposes is—unless he reports his knowledge to the United States government—a felon, federal Judge Louis Fitzhenry held today in an opinion upholding the constitutionality of the Jones law.

The opinion, delivered in a liquor case here, which did not involve a buyer, pointed out that an act passed by congress in 1790 makes a felon of any person who knows of a felony and does not report it to the proper authorities, while the Jones law makes a felon of any person selling, transporting or possessing liquor.

Judge Fitzhenry held that under these two laws the buyer of liquor—or even the guest in a home where liquor is served—is equally guilty with seller or possessor and subject to the same punishment. He observed that this phase of the Jones law had been generally overlooked.

"Whether it is wisdom to make this change, which makes thousands, perhaps millions of persons felons, or whether it is constitutional is quite a different thing," he said. "The new Jones law operates entirely outside and beyond the national prohibition act."

Clemenceau Fighting For His Life Again

PARIS, Nov. 22.—(P)—The Tiger of France tonight was fighting another battle for life with characteristic courage and unshaken mind.

Although Dr. Degennes and Dr. Laubry reported Clemenceau's condition as improved after their consultation this evening, they appeared to consider the present crisis the most serious the war-time premier has yet encountered. The 68-year old statesman has repelled successive attacks on his heart and digestive system during the past few months, but the effort has sapped his vitality.

The Paris evening newspapers expressed a pessimism they never have shown during the Tiger's illnesses. Le Soir published a headline saying "Clemenceau's condition seems desperate."

The site of a village dating back to the end of the New Stone Age has been discovered and excavated at Mordling, a picturesque town a half hour's train ride from Vienna.

ley Smith, accused of selling liquor in 1927, contended the Jones act was unconstitutional, chiefly because it transferred from the jury to the judge the power to fix degree of guilt. The court overruled them on the question.

LAMONT CONGRATULATES RUBIO ON HIS VICTORY; RISE OF DEMOCRACY SHOWN

(By Associated Press)
MEXICO CITY, Nov. 22.—A dispatch to Execlior from Puraquiro, Michoacan, said today President-elect Pascual Ortiz Rubio had received a telegram from Thomas Lamont, New York banker, congratulating him on his election to the presidency and assuring him of a cordial welcome if he desires to visit New York before taking office.

Lamont is chairman of the International Bankers committee of Mexico.

There has been talk that the president-elect would take a trip abroad though so far as Mexico City knows he has made no definite plans.

Makes Speech
Rubio went to Puraquiro from Uruapan, where he has been staying since the election, and made a speech at a meeting in the central plaza.

He said Sunday's elections were proof of the development of democracy in Mexico, pointing out that more than 12 per cent of the population voted. This compares with an average of 20 per cent that voted in other democracies.

He gave figures to show the increase in the percentage of voters since Madro, who polled 800,000 votes, Carranza got almost a million, Obregon 1,200,000 for his first term, Calles 1,300,000, and Obregon 1,400,000 for his second candidacy. Rubio received 1,800,000.

FIGHTING IRISH

Riley Girl Has
No Fear of Gun
Or Bandit

PORT ARTHUR, Nov. 22.—Marguerite Riley, 18, takes great pride in her Irish blood. Yesterday afternoon as she was "minding" the two children of Mrs. Sadie Mattar, her friend, a lone bandit entered the home and covered Marguerite with a gun.

A little thing like a gun means nothing to the Irish. It meant nothing to Marguerite, who not many years ago earned the sobriquet of "The Fighting Colleen" in her neighborhood. She picked up a nearby stool and threw it at the gunman's head. The gun dropped to the floor, and so did the bandit, unconscious.

While Marguerite and the two children she was "minding" were scurrying to a neighbor's for help, the bandit regained consciousness and escaped.

Since then he has held responsible positions in Cincinnati and Detroit, he told the governor. But his conscience wouldn't let him alone, so he decided to square things with the state. Knapp went from the state house to the prison unescorted.

WESTERNERS-LIONS AND POST-SLATON GAMES ATTRACT CROWDS

LOCALS HAVE EDGE IN TILT WITH VERNON

BRISK WEATHER GREETS
TEAMS TODAY; GOOD
ATTENDANCE LOOMS

(Special To The Journal)
VERNON, Nov. 21.—Primed to the last notch and rearin' for action, a wrathful Vernon Lion is back on his haunches here today, ready to spring at the Westerners of Lubbock High and snatch a conference victory from the Plains eleven on the City Park gridiron. A good crowd of fans are to witness the clash.

A full week of intensive training has sharpened to perfection the talents of the Lion pack and the home fans are confident their favorites will emerge from the battle with the long end of the score. Today's tussle finds the Lubbock aggregation fighting to retain second place in the district standing and the Lions striving off their fourth straight defeat. A defeat at the hands of the invading Plains crew would throw the Vernons deep into the mire of second division, with only the lowly Quamish Indians between them and the cellar itself.

Westerners Have Edge
Past performances of the two clubs give the Westerners a decided edge in the contest here this afternoon, but this means nothing to the Westerners. The entire squad is back in the best of physical condition and will be able to muster its full strength against the Lubbock outfit.

Lubbock's rangy gridsters arrived here early Thursday morning and took a final limbering-up exercise on the local gridiron yesterday afternoon. The visitors appear to be in perfect shape for the fray and Head Coach Henry Frka has pronounced his club ready to hang up its fourth conference victory. Only the Amarillo Sander have been able to outscore the Frka-Morgan machine this season and this was done by a narrow margin.

Coaches in the rival camps were unable to announce definitely last night the starting lineups for today's encounter, but the following was given out as probable:

TEXAS WILL PROBE JOBS

INVESTIGATION WILL BE
MADE AT TEXAS
UNIVERSITY

(By Associated Press)
AUSTIN, Nov. 22.—A sweeping investigation of the employment of University of Texas athletes to do work for the university was ordered today by the faculty.

Dr. H. Y. Benedict, president of the university, was asked to name a committee to make the investigation and to report to the faculty January 14.

Offered As Substitute
The motion for an investigation was offered as a substitute to the motion of Dr. R. A. Law, former chairman of the athletic council, that the faculty disapprove the employment of athletes as assistant physical training instructors. The faculty shelved Dr. Law's motion by adopting the substitute by a vote of 39 to 29.

Seventy-eight athletes are employed to do work for the university athletic department for 30 cents an hour.

GRID SEASON COMES TO CLIMAX ON SATURDAY

If something isn't done about this District Two football race, our jumbled-up brain is certain to lose its balance entirely. A muddled Class B scramble was apparently settled for good last week when the executive committee of the district met here for a special conference. At that time it was decided to allow the winner of the Ralls-Lockney game today to meet the undefeated Lamesa Golden Tornadoes for the championship on Thanksgiving Day.

Wednesday officials at Post got their heads together and figured as how the Antelopes might as well stay in the race, and the result was an investigation into the scholastic record of a Spur player which forced Spur to forfeit the only game Post had lost. This forfeit put Post back into the running with a clear record for the season. After learning of this latest move, we came to the conclusion that Post and Lamesa would go ahead with their Turkey Day game and the winner of this tussle would meet the victor in the Ralls-Lockney encounter for the title.

But now comes the rumor that Ralls has found Pud Luman of Post over age and that the Antelopes will be thrown out. A communication from Ralls informs us that Roy Henderson, director of the Inter-scholastic League, has declared Luman over age by 15 days. If the Post star is ineligible and Post is thrown out, the race will likely revert back to the three undefeated teams—Lamesa, Ralls and Lockney.

There is a strong possibility that the executive committee of this district will not hear the numerous protests that have pouring into the office of the chairman, V. Z. Rogers, Lamesa superintendent. In order to prevent such an epidemic of protests at this stage of the game, the executive committee met here on Oct. 5 to rule on all possible disagreements on players, but none were filed at the time. Protests during the latter part of the season are not to be welcomed and certainly do not tend to improve relations between the member schools. The present situation further goes to show how a new type of organization is needed in District Two. With the district divided into sub-districts of comparative strength and a round robin schedule followed, a real champion would be selected and no squabbles would be necessary.

Over at Ralls, the Crosby county hotbed of athletics, the bugs have started plans to follow the Rabbits to Austin for the state basketball finals. Last year the Jackrabbits had one of the strongest cage aggregations in West Texas but were eliminated in the district tournament held in Lubbock. An even more formidable quintet is in the making at Ralls this year, and the Rabbits' opponents are heavily armed, notice that the Lovorn crew will be hard to stop. Increase in Lubbock High's enrollment since last year will enable the Westerner quintet to stay out of the county race. Whether or not this has its advantages remains a question, but the Morgan-coached team is certain to be in the district tourney. Last year the Westerners were eliminated in the county meet by Slason in their first game. Indications are that the Lubbock team will be some stronger than last season, but Coach Morgan does not go so far as to predict a district title. Lack of a scoring threat last year kept the Westerners out of the running and if an accurate goal-tossing can be found, the locals do the unexpected and forge through. The Lubbock team that lost out in the county race last winter showed splendid coaching, but the material was lacking.

Reports from the U. S. Forest Service indicate that more than 600,000 acres of National Forest land has been destroyed by fire in the territory west of the Mississippi river.

TURKEY DAY GAMES TO
BE ECLIPSED IN
INTEREST

By ALAN J. GOULD
Associated Press Sports Editor
NEW YORK, Nov. 22. (AP)—At least a dozen games in various parts of the country promise spectacular contributions to the main drive down the college gridirons. Many of the remaining classes are reserved for Thanksgiving Day appetites, or on scattering subsequent dates, but a glance at this slate gives some idea of the action in prospect tomorrow.

California and Stanford at Palo Alto, with at least 67,000 palpitating over the decisive struggle of the Pacific Coast conference race between the somewhat favored Golden Bears and Pop Warner's Stanford Cardinals.

Booth Is Deciding Man
Harvard and Yale, at Cambridge, with 38,000 partisans expecting a real battle, whether or not the so-phomores' battle between Albie Booth and Barry Wood materializes. If Booth is in shape, the Elis will enter the fray favorites.

Purdue and Indiana at Bloomington, with the unbeaten Boilermakers heavy favorites to make their Big Ten championship all the more impressive with a clean slate.

Washington and Chicago at Stagg field, with the Huskies from the Northwest anxious to retrieve some prestige at the expense of the team that beat Princeton.

Detroit and the Oregon Aggies at Detroit, with the visiting delegation going far out of its way to meet one of the best teams in the country.

Notre Dame and Northwestern at Evanston, with the Ramblers out to tame the Wildcats and make it eight in a row.

Old Quirel Up
Kansas and Missouri at Lawrence, in an old quarrel, with not a great deal to choose between them.

Nebraska and the Kansas Aggies, at Manhattan, with the Huskies minus their star back, Clair Sloan, in a game that may decide the Big Six race.

Lehigh and Lafayette at Bethlehem in a renewal of a rivalry involving more games than any other in American football history.

Mud May Hamper Frogs
Further, a slippery gridiron did not figure to help the speedy Frogs against the Bruins. Uncertain footing would slow down the streaking Cy Leland and his brilliant backfield mate, Howard Grubb. None in a struggle to decide the conference.

Brain Game to Help
Although the Frogs were certain finalists, no matter what the outcome of their argument with Baylor tomorrow, they prepared for the game determined to win. In the first place, they have a natural desire to finish the season not only with the southwest gridiron crown in their possession, but with an unbroken string of victories behind them. The Christians have never turned either trick since they were admitted to the conference seven years ago.

Triumph over the Bears would enhance the Frogs' chances at the title. They then could obtain no

SOUTHWEST ELEVEN
MEET TOMORROW IN
CRUCIAL TESTS

By GAYLE TALBOT, Jr.

DALLAS, Nov. 22.—(AP)—Spurred on by "ideal football weather," four Southwest conference squads faced for tomorrow's semi-final melee. The winners' first light snowfall and a skidding mercury promised a snappy going for players and fans alike in the two contests scheduled.

Inclement weather failed to cheer up the undefeated Texas Christian University Frogs on the eve of their tilt with the Baylor Bears at Waco. Three of their number, Buck Barr, Leo Buckley and Kenneth "Football" Moore, were down with influenza, and several others were ailing.

Further, a slippery gridiron did not figure to help the speedy Frogs against the Bruins. Uncertain footing would slow down the streaking Cy Leland and his brilliant backfield mate, Howard Grubb. None in a struggle to decide the conference.

of these factors, however, prevented the Christians continuing slight favorites.

The Southern Methodist Mustangs, who will grapple with the Frogs a week hence at Fort Worth, were expected to be an easy conquest of the Rice Institute Owls in the only bout scheduled tomorrow. They meet at Owsby Stadium here, and, barring an extreme upset, the Owls will polish off their home schedule with a rousing victory.

Aggies-Steers Rest
That constituted the crop for the week. Texas University and the Aggies, both out of the title race, saved up for their annual Turkey Day attraction at College Station. The Arkansas University Razorbacks primed for their final fray with the Oklahoma Aggies on Thanksgiving Day at Stillwater.

better than a draw with the Mustangs in their closing tilt and finish on top. In that event the Frogs would finish with a mark of .900. The Mustangs, by winning from Rice and tying the Frogs, would have a percentage of .800.

Taking a lesson from the Mustangs, who last week passed their way to a 35 to 6 victory over Baylor, the Frogs planned to fill the air with footballs and depend less upon their great running attack than in previous games.

SLATON BRINGS BIG
PARTY FOR GAME
IN POST

POST, Nov. 22.—The epidemic of protests which has clouded the football horizon of District Two within the last few days has not abated the heated rivalry of the Post Antelopes and the Slaton Tigers who are taking the field here today in their annual skirmish. Hundreds of fans are here for the game.

Supporters of both teams, painting the town in an array of inter-scholastic colors, arrived early this afternoon, undeterred by wintry blast. A light flurry of snow has not marred the battle field, officials reporting the gridiron in splendid condition for the clash.

Fans have not lost ardor due to surprising upsets in Armistice Day battles, which recorded defeat for each squad, Slaton losing to Lamesa and Post losing to Spur.

A sparkling offensive battle is in the offing. The Tigers, after registering lopsided scores, and the Antelopes, with equally proud scoring records, are certain to give fans an afternoon of scoring glamour.

A large delegation of Slaton boosters arrived early by special train.

Harry Taylor's eleven were put back in the running yesterday when Spur officials signed forfeit papers giving Post the Armistice Day game between the Bulldogs and Antelopes. The forfeit resulted after Superintendent Watson had found a member of the Spur team ineligible.

LOCKNEY, Nov. 22.—(Special)—Football fans of this section are here this afternoon to witness the Class B grid clash between the Lockney Loughorns and the Ralls Jackrabbits to decide which team is to meet the Lamesa Tornadoes for their district title.

An exciting battle is expected.

The cave hole seemed to stretch and yawn and Clowry cried, "I fear we're gone. It's just as black as night in there. I wonder what's inside. This sled, on us, may play a trick. (I don't think that this trip's so quick.) Just see how big that entrance looks. Oh my, but it is wide."

"Well, here we go," brave Scouty said. "Look out there, Coppy, duck your head, or you'll be knocked out into space. We don't want things like that!" The other three were on their knees. The big bark sled slid on with ease. Wee Coppy too no chance. Very quickly he dropped flat.

And then into the cave they sped and not a single word was said till Carry whispered, "Oce, it's dark. I wonder where we are. At something new we'll have our fling. My goodness, I can't see a thing. We've left the light behind us, though we haven't traveled far."

Then Scouty chimed right in. Said he, "Say, lads, I really think that we're moving on and on and on. I wonder when we'll stop. Apparently we're still in air. We must be heading for somewhere. I hope the sled holds up and doesn't take a sudden drop."

Then came a bump that jarred the bunch. Said Clowry said, "I have a hunch that we have stopped. Oh, look ahead. I see a ray of light. And now I'm sure we're standing still. Oh, gee, this gives me quite a thrill. As long as there

BEAUTY REST CONTENTMENT

The frontiers of our country have been pushed to their extreme. The pioneer is a character blending into the mists of the past. With their passing goes the idea that a cemetery is a mere burying ground . . . a spot at which to pause and leave behind, with a tear and a prayer, a loved one passed away.

Today, just as the wiser man considers insurance a matter of course, so he considers the selection of a final resting place an obligation to be fulfilled as quickly as his circumstances permit. Amid the agony of bereavement there is neither the time nor inclination to exercise the care and judgment this duty evolves.

"I need only to visit the cemetery of any community to learn the character of its people."

TEXAS LOSES TWELVE MEN

LONGHORNS OF '30 TO
BE NEW; RECORD IS
NOT SO BAD

(Special To The Journal)

AUSTIN, Nov. 22.—With only one game left on the 1929 schedule, Texas coaches are already casting about for their prospects during the 1930 season.

A dozen Longhorn players, ten of them regulars have ended their football careers in Austin and will play their final college games at College Station, Thanksgiving.

Jim Beard of Jacksonville, Fla., fullback; Curtis Best of Wichita Falls, guard; Ed Deular of Beaumont, halfback; Captain Gordy Brown of Dallas, tackle; Mac Burnett of San Antonio, center; Frank Chatham of San Antonio, end; Billy Harrover of Beaumont, tackle; Charley Hawn of Athens, tackle; Henry Mills of Panhandle, tackle; J. W. Nixon of Sanderson, guard; Noma Rees of San Antonio, quarterback; and Alfred Rose of Dallas, end, are men who will play their last for the University on Thanksgiving day.

Team Almost Destitute
The loss is similar to the one last year which left the Texas team almost destitute. However, this year's Freshman team is much more encouraging than the one which sent Coach Littlefield material for his 1929 aggregation.

Five wins, two scoreless ties, and one close loss is the record of this most surprising team in Texas university football history.

Scouted in practically every game this season, Texas coaches are rather well armed with plays and formations which the Texas Aggies have used. The same reasoning ap-

plies the other way so fans may expect to see plenty of new stuff at the classic Thanksgiving. Both teams are working hard for the game, because each realizes that a Texas win over the Aggies is a successful season regardless of the rest of the games. The same reasoning applies the other way.

Texas will take the field with her full strength. So will the Aggies. About 38,000 fans will take the stands. The game is certain to be the most colorful of the season.

SPUR FANS DISSATISFIED

FEELING IS AT ODDS
WITH ACTION MADE
IN DISTRICT

(Special To The Journal)

SPUR, Nov. 22.—Spur football fans are painfully dissatisfied with the outcome of things relative to the games played in District Number 2. They feel that it is useless for the Athletic association of any school to go to the expense of buying suits for their football players if the committees are going to stand on the side lines and make all the touch-downs from that position.

The feeling over the District is not in conformity with the ideas of a few of the schools that a team may do the heavy scoring in competition with schools out of the district, and then come in for honors in competition with the clubs who have tried to get the major portion of their games in the district.

Spur offered Lamesa \$250 to come to Spur and play, or offered to play at Lamesa for nothing in order that Lamesa, should they be in the runoff, have a chance to play at least four games in the district. The idea prevalent here is that if the inter-scholastic league is going to mean anything in High School Athletics, there will have to be several changes made, or each school recognized must have a diplomatic squad efficient in making goals without the hazards that are supposedly connected with winning a first place on the gridiron.

Rockne Is Ordered To Rest Completely

(Continued from page 1)

SOUTH BEND, Ind., Nov. 22.—(AP)—Knease Rockne probably has seen his 1929 Notre Dame football team in formal competition for the last time.

The infection in Rockne's right leg, which forced him almost out of action eight weeks ago, has made its way into the left leg, and his physician, Dr. Robert L. Sensesnich,

has ordered complete rest, even though the team must face northwestern at Evanston Saturday and Army in New York, a week hence. Dr. Sensesnich hastened to add that Rockne's condition is no cause of real alarm.

Three Oregon Men Are Ineligible

EUGENE, Ore., Nov. 22.—(AP)—Because faculty members believed their scholastic standings such that two weeks absence just before examinations would endanger their grades, three members of the University of Oregon football team today were declared ineligible to make the trip to Miami, where the Webfeet meet the University of Florida in an inter-sectional football game December 10. The players are Austin Colbert, tackle; Irvin Schultz, substitute tackle and Charles Spear, backfield.

prisoners after Allred had criticized their manner of investigating the Holmes slaying as "one of the most high handed and outrageous occurrences imaginable."

Charges Officers
The attorney charged the Hutchinson county officers had spent more than a week "playing hide and seek with the law to dodge the service which would require them to appear in court and show cause why Jones and Hodges should not be allowed bond."

"I talked with Jones and Hodges while they were in jail here after Sheriff Moore had given a very reluctant consent," Allred said. "They said they had not been physically mistreated but that they had been subjected to continual mental harassment."

Sheriff Moore refused to allow newspaper men to talk with the prisoners.

cold. Temperatures went below zero in Montana, and there was sleet and raw weather in the Texas Panhandle and unseasonal cold in Arkansas.

Winter began his first 1929-30 attack from the Mackenzie river basin in upper Saskatchewan. Chicago and the middle west had hints of coming cold earlier in the week, but yesterday was the first day heavy over-casts were absolutely necessary.

WHITE BLANKET OVER
NEW ENGLAND STATES
NEW YORK, Nov. 22.—(AP)—A white blanket covered much of New England, New York and Pennsylvania today as a result of the first general snowstorm of the season in the east.

"The storm, which swept in from the great lakes yesterday, brought with it a sharp drop in temperature and in some cases assumed blizzard proportions. The heaviest fall occurred along the south shore of Lake Erie. 19 inches having fallen at Dunkirk, N. Y.

A fall of several inches occurred

in Massachusetts and New Hampshire, Western and northern Pennsylvania and Western New York.

Numerous automobile accidents were reported the wet and heavy snow clinging to windshields and obscuring the vision of drivers.

TEMPERATURES SKID THROUGHOUT TEXAS

(By Associated Press)

Abandoning the sprightly mood which marked previous 1929 visits, winter laid a heavy hand over Texas yesterday, bringing skidding temperatures, snow, sleet and rain, the latter elements being held contributing agents to seven deaths.

The fatalities were in automobile accidents, attributed to poor visibility caused by the cold mist. Five lost their lives in a grade crossing tragedy near Dallas while two were killed near Cisco.

Chill Freezes Panhandle

The chill which froze the Panhandle permeated into southernmost reaches of the state in varying degrees. At Amarillo a fine dry snow fell while the mercury stood 3 degrees above zero. Gulf ports reported raw winds and chilling rain.

Snow fell at Amarillo, Borger, Pampa, Lubbock, Burk Burnett, Electra, Gainesville, Dallas, Greenville, and Marshall. Corpus Christi was the farthest south point with sleet, which also fell at Brownwood, Corsicana, Marshall and Greenville. The only redeeming feature was the comparatively few towns with temperatures of freezing intensity.

Although the Panhandle has been promised somewhat warmer weather other portions of Texas were not so fortunate in today's weather forecast.

BAPTISTS PRONE TO GROW ROMANTIC OVER FOREIGNERS, WACO MAN SAYS

BY R. W. BARRY

Associated Press Staff Writer.
BEAUMONT, Nov. 22. (AP)—Baptists are prone to "grow romantic" over foreigners in foreign lands and "cannot do too much for those there," while those who live "at our doors, it seems, can die and we are undisturbed," Dr. John A. Hold of Waco told the Baptist General convention today in the official sermon for the meeting.

He took his text from second Timothy, 2:2: "And the things which thou hast heard from me among many witnesses, the same

commit thou to faithful men, who shall be able to teach others also."

Texans Unnoticed.

"Here in Texas we have something like 50,000 Jews; something like 100,000 of the Slavic races; something like 400,000 of the Nordic races, and more than 1,000,000 of the Latin races, yet we do little for them and we seem not at all disturbed," Dr. Hold said.

He declared that the "pulpit today, in many instances, yields too readily to the frivolous demands of the pew and the galleries."

Teaching Important.

He said that "the teaching element in the preacher's life work is the most important part, both for the sake of the message which should be rightly interpreted, and for the sake of those who are to receive it."

He told the convention that "one of the great points of weakness" in the churches "was the lack of clear

and intelligent conviction with regard to fundamental Christian beliefs."

"To say that Christianity has failed because its adherents have not measured up to its ennobling standards, is not a criticism of Christianity, but of those whose will was not distinctly Christian," he said.

Scarborough Named.

Dr. Lee R. Scarborough, of Fort Worth, president of the Southwest Baptist Seminary, was elected president of the convention last night. He will succeed former Governor Pat Neff who has completed a three years term as head of the body—the maximum a man can hold the position under convention's rules.

Dr. J. H. Pace, of Beaumont; Dr. Matthew T. Andrews, of Texarkana, and A. D. Foreman, Houston, laymen, were elected vice-presidents. They were in the field against Dr. Scarborough for president.

NOTED SCIENTIST DIES

RICHMOND, Va., Nov. 22. (AP)—Dr. Victor Clarence Vaughan, noted scientist and former dean of the university of Michigan medical school, died unexpectedly here last night.

Bashinsky, of Troy, Ala., president-general. Mrs. A. C. Ford, Clifton Forge, Va., was named first vice-president; Mrs. R. F. Balkenbush, San Diego, Cal., second vice president, and Mrs. J. W. Wilcox, Houston, Texas, third vice president.

Other new officers are Mrs. W. E. Massey, Hot Springs, Ark., recording secretary; Mrs. B. A. Lender,

Richmond, Va., treasurer; Miss Marion Salley, Orangeburg, S. C., historian; Mrs. Albert Sidney Porter, registrar; Mrs. John B. Goodwin, Philadelphia, custodian of crosses and Mrs. Charles Brange, custodian of flags.

PRISON BOARD MEMBER SAYS THAT 92 PER CENT OF SENTENCED CRIMINALS IN TEXAS NEVER SERVE THEIR TERMS

BRADY, Nov. 22. (P)—That approximately 92 per cent of the criminals sentenced to the state's penal institutions never serve their full term, and that there exists a need for the relocation and complete reformation of the Texas prison system were statements made by Dr. A. C. Scott, of Temple, member of the state prison board, in a talk before a group of Brady business men.

The veteran surgeon and social worker criticized the present system with its widely scattered farms, some of them surrounded by thickets and brush so dense that a dog cannot trail an escaped convict.

Escapes Deplorable.
He deplored the many escapes of prisoners, and said that the recent tour of investigation of eastern prisons by the relocation committee, of which he is a member, revealed that the best way to hold criminals safely within prison confines is by walls sufficiently high, deep and thick.

"Some legislators," Dr. Scott said, "advocate repairing the present walls at Huntsville, but an examination showed that they are in a positively bad and irreparable condition."

Menace To Society.
"There are at least one thousand men within the state prisons today who will never reform, who are a menace to society. The state re-

gardless of cost and whether they ever earn a cent for the state must protect society against their escape."

"The present Texas prison system, located in the Brazos bottoms, is 75 years old, antiquated, and a disgrace to civilization, since many prisoners are turned out worse criminals than they entered. Prisoners convicted of minor offenses are thrown together with criminals of the worst type. Sanitary conditions are terrible. Prisoners very often eat from the same plates, use the same cups not properly washed and sterilized, use the same bath tubs and towels, all of which contribute to the spread of diseases," he said.

Improvements Made.
While some movement has been made recently in conditions, the present system is not capable of such further improvement, Dr. Scott declared. He outlined the plan favored by the majority of members of the relocation board, whereby the prison system would be located in Central Texas in a properly walled plant, modernly equipped, and in which prisoners would be segregated according to proper moral and health standards.

Under the proposed system some of the state's industries of non-competitive nature would be placed in the prisoners' hands. They would be required to do the state's print-

Well Draws Interest In Glasscock Field

BIG SPRING, Nov. 22. (P)—Interest in northern Glasscock oil development, waiting for three weeks, was focused on Glasscock Brothers' No. 1 Edwards, where operators reported a slight oil showing and presence of lime breaks.

No. 1 Edwards, 1,650 feet from the east line and 330 feet from the south line of section 18, block 33, township 2 south, T. & P. Ry. Co. survey, encountered a slight showing of oil in gray sand at 1,823-85 feet. The first sizeable streak of lime was drilled from 2,026-36 feet, but there the formation changed again to anhydrite, red rock and broken time to the present total depth of 2,854 feet.

The Glasscock Brothers' test is a semi-wildcat being drilled three miles west of producers and approximately one-half mile north and slightly west of Glasscock Brothers' No. 1 Turner in section 19, abandoned where operators were unable

ing, make automobile license plates, tan leather and make shoes and articles of clothing for inmates of the state's penal and eleemosynary institutions.

SUBMIT PLANS

BEAUMONT, Nov. 22. (P)—Seven architects have submitted plans for the new Jefferson county court house, to be built from funds provided in a million dollar bond issue voted this summer. An eight-story structure, with room for the county jail on the roof, is the type of building discussed as the most likely to be adopted.

STOCKS MAKE RECOVERY

PROFIT-TAKING SHOWS UP ON WALL STREET EARLY TODAY

(By Associated Press)
NEW YORK, Nov. 22.—The recovery in stock prices was resumed at the opening of today's market under the stimulus of an unexpectedly large decrease of \$685,000,000 in Federal Reserve brokers' loans. Underwood Elliott Fisher jumped 4 points on the first sale. Western Union 3, St. Louis Southwestern 2 1/4 and American Tobacco B. International Telephone, National Cash Register and American & Foreign Power advanced a point or two. Westinghouse Electric dropped a point.

The market turned irregular soon after the opening when heavy profit-taking developed in a number of recent strong spots.

Air Reduction Is Up
Air reduction, up nearly 18 points yesterday, fell back more than 8 points. U. S. Freight dropped 4 1/2 and Union Pacific, Alabamian, National Telephone, National Cash Register and American & Foreign Power advanced a point or two.

J. I. Case jumped 6 1/2 points and Standard Gas and Electric, Louisville Gas and Electric, Safeway Stores, United Carbon, Lambert and New York Central sold 2 or more points higher. Among many issues to advance a point or so were Erie, General Electric, North American Co., U. S. Industrial Alcohol and Public Service of New Jersey.

Foreign exchanges opened steady. 5-5.

Produce
BUTTER AND EGGS
CHICAGO, Nov. 22 (AP)—Butter firm; creamery extras 42; standards 40; extra firsts 40 to 41; firsts 37 to 38 1/2; seconds 35 to 36. Eggs firm; unchanged.

CHICAGO POULTRY
CHICAGO, Nov. 22 (AP)—Poultry firm; fowls 18 to 24; springs 22; roosters 18; turkeys 27; heavy ducks 19; geese 20.

CHICAGO GRAIN
CHICAGO, Nov. 22 (AP)—Active buying and higher quotations here for wheat today kept pace with increasing adverse crop news from Argentina and from Australia as well.

Opening 1 to 5-8 up. Chicago wheat later scored further gains but then reacted somewhat. Corn and oats were easy, with corn starting 1-8 to 5-8 higher and subsequently declining. Provisions held steady.

A radio song helped a sick boy, says a newspaper story. Some of those songs would get anybody out of bed.

NOTICE TO BIDDERS:—The commissioners court of Lubbock County, Texas, will receive bids at Lubbock, Texas, on November 23, 1929 for the purchase of one or more elevating graders. All bids to be filed with the County Auditor not later than 10:00 A. M. November 23, 1929. The commissioners court reserves the right to reject any and all bids. J. Y. Boyd, County Auditor, Lubbock County, Texas, has part of its recent advances during today's trading under realizing and liquidation which appeared to be combined with a little more southern selling. January contracts sold off to 17 1/2 to 20 points lower and closed at 17 1/2 with the general market closing barely steady at net declines of 7 to 17 points.

The opening was steady at a decline of 1 to 11 points in response to relatively easy Liverpool cables. Cooperatively light gunnings reported prior to Nov. 14, came in for some bullish comment but evidently failed to create much fresh buying power. December sold off to 17 1/2 and May to 12 1/2 to 21 points on the general fall.

At these prices there was a little more trade buying and covering promoted by talk of a steeper tone in the stock market, and prices recovered all but a few points of their losses during the early afternoon.

Reports from the Washington conference between the administration and business leaders, appeared to encourage optimistic view of the general business outlook, which doubtless contributed to the rally. December liquidation continued and the market eased in the late trading under renewed realizing which was accompanied by reports of rather free selling by the south.
