VOLUME 31

FLOYDADA, FLOYD COUNTY, TEXAS, THURSDAY, OCTOBER 16, 1924

NUMBER 33

5 Years for Jim Brown on Manslaughter Verdict

Case Which Has Occupied Time of Court 3 Days This Week Completed Yesterday Afternoon.

Jim Brown, of Swisher County, whose trial on a charge of murder, transferred to Floyd County on change of venue, has occupied the District Court since Monday morning, was convicted of manslaughter by the jury in their verdict returned late yesterday afternoon and his penalty set at 5 years. Motion for new trial is expected to be filed by defendant attorneys this week.

75 names from a special venire of 100 names, summoned for Monday morning, had been used up before the jury was completed.

The case has attracted more than usual interest in the district. Brown, according to the allegations of the state, shot and killed Josh Cox on July 30th, 1922, while the latter and two brothers of Brown were in a fight at Tulia. Some fifty witnesses from Swisher County have been here for the trial.

Don H. Culton, of Tulia, and Henry Tiley, of Waxahachie, assisted District Attorney Charles Clements as special prosecutors. The defendant was represented by Martin & Williams, of Plainview, and L. G. Mathews, of this city.

Members of the jury trying the case were Elbert Thomas, W. M. Snell, Tom Stiles, Will Furguson, J. W. Jones, W. F. Glenn, Lon Blassingame, H. R. Manning, Frank L. Moore, J. U. Borum, Lee Howard and Bob Kropp.

This morning the case of M. M. Egan vs. the Lockney Farmers' Co-operative Society, a suit growing out of notes given for the construction of an elevator at Lockney, was begun, and Saturday the Sim Reeves vs. W. H. Fuqua case, suit for cancellation of deed and for damages, involving title to a section of land in north Floyd County, is set.

Some of the cases disposed of since last midweek includes the following: Instructed verdict for the plaintiff O. D. Wofford as against Lee Bean, making permanent an injunction to prevent the defendant from selling a half section of land under judgment.

Martin Dry Goods Company, Saturday were given a judgment against Baker Mercantile Company in a trial in which plaintiffs were asking for specific performance of contract, the difference growing out of a sale of cotton to the defendants. Motion for new trial has been filed in the case.

Jno. A. Hollums in a suit for commission on a land sale against J. F. Roberts, tried before the judge, was given a verdict as prayed for.

J. S. Dunavant was granted a divorce from Maggie K. Dunavant.

Probability that the court will grind away under full steam during the remainder of this week and next as well, is indicated by the fact that ten or twelve men are now in the Floyd County jail held on various charges, who are unable to give bond, and will be entitled to trial during the term. Although no regular jury for the week was chosen by the last jury commission, special juries may be summoned for the purpose of trying the cases.

Wester Expects Tough Tussle With Matador

Floydada High School's football squad will have a bunch of tough nuts to crack tomorrow afternoon at the Floydada Baseball Park when they take on the Matador High School eleven for their first conference game of the season. J. C. Wester, coach of the Green and White, says that he expects Matador to have as strong a team this year as either Ralls or Spur, both of which are also on the F. H. S. schedule for this fall. Indicating the strength of the Matador team, they went considerably out of their class to take on Childress High School last week and held that squad to a 6 to 0 win.

Two changes have been made in the Green and White opening line up for Friday. Luttrall goes to center to take the place of Pennington and Luttrall's place will be filled by Charlie Lewis at tackle. Ernest Carter will start at right end for Buren Cates who is out of the line with a bad ankle.

The game will start at 4 p. m.

MOTHER OF C. SURGINER SERIOUSLY ILL AT WHITNEY

C. Surginer was called by wire last Wednesday to the bedside of his aged bed-ridden mother, Mrs. Lucy Surginer of Whitney, Texas. The telegram stated that she was seriously ill.

Mrs. Surginer is over 90 years old and has been confined to her bed for the past three years.

E. L. Ayres, prominent merchant of Lockney, was a business visitor in Floydada Monday of this week.

Employment of Agent Will Be Up to Voters

Commissioners to Submit Matter to Vote—Precincts 1 and 2 Buy Road Machinery.

Whether or not Floyd County will contract to employ a county agent, in co-operation with the A. & M. Extension Service and the Department of Agriculture, for another year, will be determined by the ballots of the voters of Floyd County at the time of the general election on November 4th if the plan adopted by the Commissioners' Court of Floyd County late yesterday afternoon is carried out as unanimously decided. The question will be submitted to the general election ballot if this is found to be a legal procedure and if it is not, it will be submitted on a special ballot prepared for the purpose and to be voted upon at the same time as the regular official ballot. In addition to this the ballot will carry the question of whether the majority of the people of the county desire that the services of the present occupant of the office, T. Scott Wilson, be continued by the court.

The questions will be submitted in this manner, according to the plan of the court:

For the continuation of the County Agent's Work;

Against the continuation of the County Agent's Work;

The voter to scratch the line against which he wants to vote, as in regular elections, as he will also the line:

For the employment of T. Scott Wilson as county agent of Floyd County;

Against the employment of T. Scott Wilson as county agent of Floyd County.

The matter was precipitated by a written notice from the court last month to the A. & M. Extension Service that the court would not con for the services of an agent another year, and the subsequent appearance before the court of a committee of some 20 farmers Tuesday of this week presenting an urgent request to the court that the county agent work be continued and that T. Scott Wilson be retained as such agent. J. H. Green, W. B. Jordan, T. A. Christian and W. D. Newell headed the committee of farmers before the court. They were accompanied by J. R. Edmonds, district agent from A. & M. College. J. H. Green, of this committee, declared to the court that 90 per cent of the farmers of the county favor the retention of Mr. Wilson and county agent work in general and that opposition to him has grown out of interests which are opposed to farmers' organizations, particularly opposition to the Farm Bureau.

The unusual procedure of submitting the matter to the vote of the people in November is the answer of the court to the representations of this committee.

J. R. Yearwood, coal and grain dealer of Floydada, appeared at the meeting in opposition to the retention of the services of a county agent, and of Mr. Wilson in particular as such.

Buy Machinery

Wednesday morning two precincts of the county each purchased road machinery, W. C. Hanna Commissioner from Precinct 1, purchasing a Best 60 crawler type tractor at a cost of \$6,650, less \$400 credit for old machinery being turned in on the trade, and Commissioner Will Shurbet of Lockney buying a Holt Caterpillar 10-ton tractor and a 12-foot Galion Grader. The tractor represents an expenditure of \$6,650 and the grader \$2,042, a total of \$8,692, with a credit of \$600 for old machinery turned in on the purchase. The machines will be delivered at an early date.

Three bids were submitted on each proposal of the court. The bidders made the statement, following the letting, that this court was the first, in their experience, to make purchases of road machinery in strict conformity to the law.

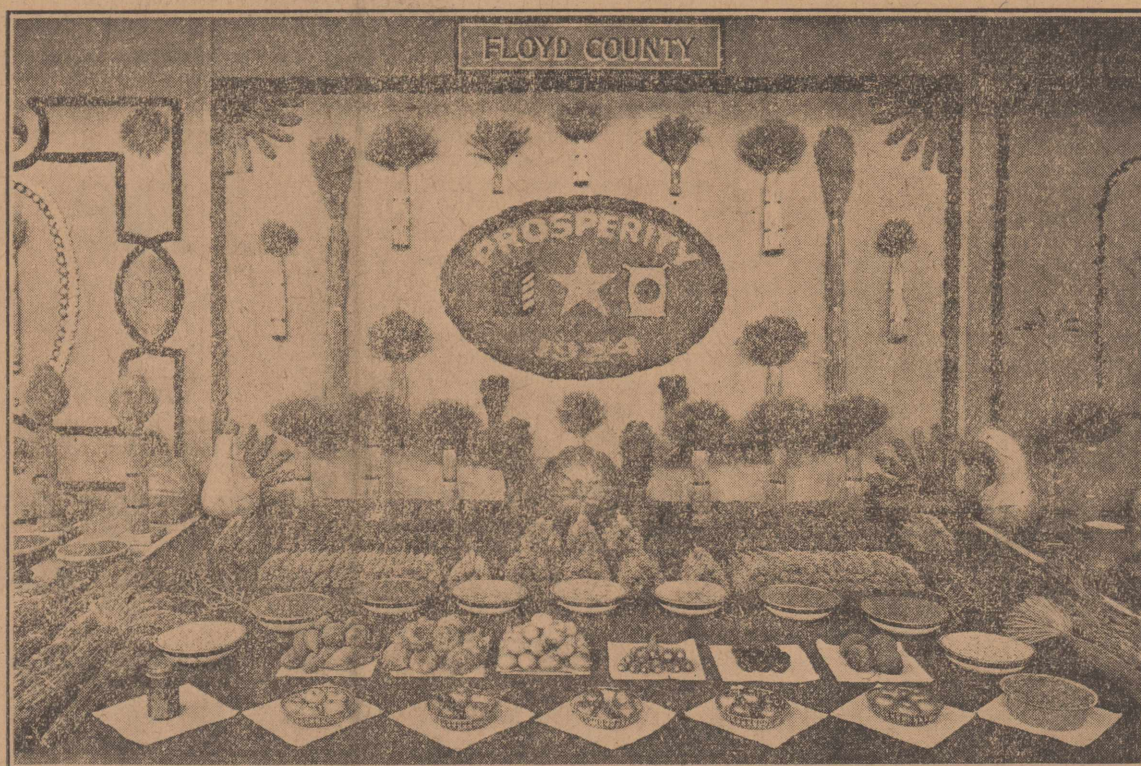

Macyl Burke Makes T. U. Longhorn Band

Austin, Oct. 14.—Macyl Burke, son of Mr. and Mrs. W. J. Burke, of Floydada, has made the sixty-piece Longhorn Band, crack organization of the University of Texas student body. He plays the saxophone. He will take a part in the band maneuvers at the Texas State Fair at Dallas Saturday afternoon and night when the all-college circus, a new stunt in college and fair events, will be staged.

Burke is in his freshman year at the University. Gaining a place on the Longhorn Band, which is the official "rooting" and honor band of the University, is a rather unusual accomplishment among 5,000 students.

Miss Gladys McMahon, a nurse at the Sanitarium, has been visiting her parents and friends at Whiteflat this week.

Exhibit of Floyd County Has Commanding Place In the New Agricultural Hall of Texas State Fair

1924 EXHIBIT OF FLOYD COUNTY AT DALLAS FAIR

Dallas, Texas, Oct. 14.—Floyd County's exhibit at the greatest fair ever pulled off in the United States—Texas State Fair for 1924—has a commanding place in the new Agricultural Hall, which in turn has a commanding place in the fair grounds. Which means that tremendous crowds daily are seeing the exhibit of which the above is a reproduction.

The exhibit is in charge of Maury Hopkins, Secretary of the Floydada Chamber of Commerce. It has a background much like the one which was given 100 per cent for arrangement last year, except that it appears to be neater. An oval design having the word "prosperity" written in higar seed in a field of wheat seed at the top and "1924" at the bottom, has at the right hand a bale of cotton and on the left a sack of wheat. In the center is a star made of higar seed. The ties of the bale of cotton are made of black amber cane seed, the bagging of alfalfa seed and the cotton of higar seed. The color scheme of the entire exhibit is blue and gold worked out with enough white to blend.

There are forty-six exhibits in the Agricultural Hall, which is the old coliseum transformed. It stands right near the gate of the fair and all the crowds are sweeping through the hall. It is the greatest agricultural show ever pulled off in the United States and the county which takes first honors is going to have the laurels this year. There are no vacant booths.

The plains of Texas counties are featured as nearly together as possible, the counties of Hale, Floyd, Lubbock, Crosby and Potter being arranged in the same row, in the order mentioned.

Lakeview Gin Turned Out 1st Bale Saturday

Grover Hopper, of Lakeview, had the first bale of cotton to be ginned at the new gin at the Lakeview Store. It was turned out last Saturday.

All this week the gin has been running steadily and more than fifty bales of cotton had been ginned up to last night.

J. E. Newton is the owner of the new gin. He is a gin man of experience and his gin is serving a large territory of one of the most productive sections of West Texas.

Massmeeting of Democrats Called For Sat.

Democrats of Floyd County are called upon to meet in Floydada Saturday afternoon at 2 p. m., in the District Court Room in a statement issued by County Chairman J. N. Stalbird, Wednesday morning from Lockney.

His call is made pursuant to a statement issued from the office of Jed C. Adams, state chairman, in which all democrats are urged to come to the aid of their party and see that every nominee of the party, precinct, county, district and state, gets the proper support as such nominees.

Mr. Adams' statement declares that an alliance has been made by the Republican Party and the Ku Klux Klan by which the former is attempting to use the latter in overthrowing the Democratic Party's candidates for office in Texas, in a bolt of the party pledge of the first and second primaries.

MANNING'S ENJOY ALL DAY FAMILY GET TOGETHER

The Mannings of Floyd County, with a number of friends and connections from over the south plains, spent a very enjoyable day at the farm home of Vincent Manning one mile southwest of Floydada last Sunday.

Some 25 persons gathered around the sumptuous lunch spread at noon, picnic style. Among those present were:

Mr. and Mrs. A. H. Manning, Mr. and Mrs. Vincent Manning and children, Mr. and Mrs. Carl Huckabay and children, Mr. and Mrs. Jess McSpadden, of Floydada; Mr. and Mrs. Allen Cook and children of Slaton; Mr. and Mrs. Calvin Hillburn and children, of Plainview; Mr. and Mrs. Vertice Barnett, of Cone; Jim Patterson, of Hico, father of Mrs. Barnett.

Fred Bourland, of Matador, was a business visitor in Floydada last Friday.

Sand Hill Community Fair a Big Success

Large and Varied Exhibits Seen by Crowds Estimated From 1,500 To 2,000 People Friday.

Sand Hill's Community Fair held last Friday was a decided success from every point of view and congratulations have been heaped upon the directors of the enterprise and the citizens of the community, from every side. That the community could put on such a large and varied affair and of such high grade type is something in which the whole of Floyd County takes the greatest pride. Olin S. Miller, general superintendent, and his corps of faithful assistants get the credit for making the fair such a big success.

It is estimated that from 1,500 to 2,000 people from all over the county attended the fair during the day, and many eyes opened up big when they saw such large apples, such large tomatoes, such large pumpkins, such large melons, such large everything, and learned that they were grown in the immediate section or in adjoining neighborhoods. All exhibits in the agricultural and domestic arts departments were very excellent. E. W. Thomas, County Agent for Hale County, acted as judge in the agricultural department. Mrs. G. J. Clements, Domestic Science teacher in Floydada High School, acted as judge in the domestic arts department.

The special feature of the morning session was an address by J. Pat Horton, of Floydada, in which he commended the success of the efforts in holding the first community fair at Sand Hill, and gave his large crowd in the auditorium of the Sand Hill School a great talk on community ideals, community building and community spirit.

The big feature of the afternoon's program was the baby show held also in the auditorium. Interest of a crowd, largely of women and children, that filled the building to capacity, was at top pitch throughout the judging. 24 babies were entered in the contest—12 boys and 12 girls. L. V. Rea, of Lockney, drew the blue ribbon as the best boy baby with a score of 98.7-8 per cent, the prize in the girl's division going to Mona Ruth Blackman, of Floydada, with a score of 99.4 per cent. Miss Mabel Faulkner, Home Demonstration Agent, and Mrs. Olin S. Miller, were the judges in this contest.

Another interesting feature of the afternoon was the pony races held in the field just west of the school house. In the races for boys under 14 years of age the pony belonging to Alton Weston won over the pony belonging to (Continued on last page)

Gins Report Steady Runs on Cotton Now

Gins of Floyd County are running steadily now, the four gins at Floydada turning out their capacity for a twelve-hour run yesterday, the receipts of cotton for ginning having steadily grown, since the rains of last week stopped operations.

When the gins closed down last night they had turned out a total of 1155 bales.

Prices Down

Although cotton has dropped heavily in the past ten days, each day having added a little to the weight of the depression on the primary markets, the bullish tone of the local market has held steadily, so that street sales made have been better in most instances than justified by cotton exchange figures. The range in price yesterday was between 21 and 22 cents for the better grades. Wet snaps in considerable quantity keep coming on the market and have a depressing effect on it to some extent.

Cotton seed have not yet felt the depressing effect of the lint market and were quoted yesterday afternoon at \$27.

Baptists Studying Plans for New Church

The members of the Baptist Church of Floydada met last Sunday afternoon to discuss the question of erecting a new church building at this time.

A committee on architecture with J. S. Collins as chairman and J. G. Wood and Dr. I. W. Hicks were authorized by the church body to investigate the matter thoroughly, and on November 10 this committee is to present its report and submit plans and costs for the new contemplated building.

MRS. S. I. CONN DEAD FOLLOWING STROKE APOPLEXY

Mrs. S. I. Conn for the past eight years a resident of Floyd County, living with the J. F. McCarty family, died Friday night of last week at the McCarty home near Blanco Crossing six miles south of Floydada following a brief illness, death being due to an apoplectic stroke suffered Wednesday of last week.

Rev. J. L. Henson conducted the simple funeral rites held at Floydada Cemetery, where interment was made Saturday afternoon at 4 o'clock.

Mrs. Conn was 54 years of age at the time of her death. She was a native of Alabama, a widow, and was survived by no immediate family relatives.

Mr. and Mrs. J. F. McCarty recently visited

Baptists of Floyd Co. Association Hear Groner

Workers' Meeting, Largely Attended, Makes Plans For Fall Round Up in Two Campaigns.

Floyd County Baptist Association Workers in an all-day conference at the First Baptist Church in Floydada Tuesday of this week, with Rev. G. W. Tubbs acting as moderator, considered and discussed two very important matters in the Baptist world, that of the completion of the 75 Million Campaign and the launching of the 1925 program of the Southern Baptist Church and of Texas Baptists.

Dr. F. S. Groner, general secretary of the Executive Board Baptist General Convention of Texas, was the principal speaker of the day. That the Baptists of the County realized what a privilege it was to hear such a man as Dr. Groner was testified by the large and intensely interested audience that filled the church auditorium.

Nov. 2-9 has been set aside as completion week for the 75 Million Campaign, and Dr. Groner in his stirring address put fresh enthusiasm and inspiration into the hearts of those gathered there that they as Baptist representatives put over the associational quota with complete success. With the dollar worth its face value now, and with the increased prosperity we are now enjoying in Floyd County, he felt we should have no difficulty in putting our share across.

He mentioned specifically some of the important results that are directly due to the 75 Million Campaign.

"From the financial side we have contributed in Texas 3 times as much in the past 5 years as we had in any corresponding previous length of time.

"We have added more to our church membership. Since the Campaign started 5 years ago we have added 125,000; and that is nearly one-third as many as we had at the beginning of the Campaign.

"The membership of the churches of the foreign fields has increased from 49,000 in 5 years to 111,000.

"We have added to the membership of our churches in the south 951,000 and by the end of this year it will have passed the million mark.

"Thus it will be seen that we have added in 5 years to our membership as many as we had at the end of 100 years in the South. There is nothing comparable to it since apostolic times. During this time we have expended twice as much on church buildings in the south as ever before. Our schools, hospitals in Texas have received from the Campaign during these past 5 years on the average 5 times as much as they had ever gotten from our denominational board in any previous 5 years.

"And pastors' salaries have increased 53 per cent; there is hardly a pastor today who is not getting a better salary than he did 5 years ago."

Dr. Groner made announcement of the 1925 program, told of its purposes and explained in detail how the new program shall be worked out. The week of Nov. 30, Dec. 7 has been set aside for launching the program and teams of 2 in each local church will canvass each 20 members in order to raise the objective of \$1,800,000 that is deemed necessary to carry on the Baptist work for the year 1925. He said that 5 years ago Baptists as a whole did not believe in the Budget system. He said that a Baptist will believe anything that is mentioned in the Bible. It was finally discovered that the Bible upheld budget system for the first day of the week. As soon as the Baptists were shown that the Bible taught the budget system, then they began to believe in it. He said that the Baptists believe in the budget system now.

Rev. J. Pat Horton resigned as Organizer in the Association on account (Continued on last page)

HABEAS CORPUS DISMISSED BY JUDGE IN CHAMBERS SESSION

Judge R. C. Joiner, sitting in chambers last night in Floydada dismissed a plea of habeas corpus made by John Young, who is being held in the Hale County jail in default of \$750 bond on a charge of theft. District Court does not have jurisdiction the judge decided. Attorney L. D. Griffin for the defendant alleged that the bond set was too high and that his client could not make it.

County Attorney Frank Day and District Attorney Charles Clements represented the state in the hearing.

Sheriff Sam Faith was among the official entourage who were here for the hearing, returning home last night with the prisoner.

MARRIAGE RECORD

License to marry was issued the past week by the County Clerk to the following:

A. E. Lane and Miss Mattie Newton, October 11.
John M. Pickett and Miss Gertrude Cogdill, October 12.

NOTABLE EDITION

The Dallas Morning News, most able newspaper of Texas, had a notable edition Sunday. To be out of the ordinary for the News it had to be very unusual, and such it was in every respect.

In size particularly, the edition carrying 216 pages; and in the thoroughness of the editorial work throughout the whole newspaper. It takes equipment and a tremendous plant to produce the size of a newspaper that was produced by the News. Nearly anybody with enough money could have done the same perhaps. But not many newspapers in the United States could have done what The News did editorially with unlimited funds.

If you had a chance to see The Dallas News of Sunday you saw one of the most nearly perfect issues of a special edition you will have the opportunity to see in many days. It was a gem—a regular two-carat gem.

23 STATES PROVIDE FOR TEACHING HUMANENESS

Some form of legislation providing for the teaching of humaneness in the public schools, according to a leaflet recently issued by the American Society for the Prevention of Cruelty to Animals, has been enacted in the following States:

Alabama, California, Colorado, Connecticut, Florida, Illinois, Kentucky, Maine, Massachusetts, Michigan, Nevada, New Hampshire, New York, North Dakota, Oklahoma, Oregon, Pennsylvania, South Dakota, Texas, Utah, Washington, Wisconsin, and Wyoming.

FACE OF CLOCK IMPRESSED ON FREAK EGG SHELL

C. S. Lowry Monday brought to The Hesperian office two unusual eggs, one of which was notable for its size, measuring the longest way seven and seven-eighths inches.

The other egg was freakish, too, but in a different way, having the impression of the face of a clock worked into the shell, so naturally that it might have been taken for a freak clock instead of an egg, had it had the hands and numerals.

Both eggs were laid by a hen in Mr. Lowry's flock of chickens.

OWNERS OF NEW OIL STATION IN FLOYDADA ARRIVE

Henry Ledbetter and Richard Gedke, of Chillicothe, who this summer started the construction of a new oil distributing station in Floydada, but who have been spending much of their time in Chillicothe until such time as they could find homes here, reached Floydada the latter part of last week with their wives.

Their new station and storage tanks is on the Industrial switch of the Santa Fe near the station and tanks of the Pierce Oil Company.

TRANSFERS TO CORPUS

B. F. Hodges, for the past year carrier on Route No. 1 out of the Floydada Post Office, has transferred from this office back to Corpus Christi, his former residence, and will resume his work on a route there.

No vacancy will occur on Route 1 out of Floydada, however, as T. H. Benton, for many years carrier on Route 2, is transferring to that route, and a vacancy will be filled on Two.

Mr. Hodges and his children left Sunday by automobile for Corpus Christi. Roy Holmes is carrying the mail on Route Two temporarily.

PROPOSED DEPARTMENT OF EDUCATION AND RELIEF

The bill creating a department of education and relief under a Secretary in the President's Cabinet, which is approved by President Collidge, is fully described in the September number of School Life, a publication of the Department of the Interior, Bureau of Education.

The proposed department will foster and promote public education and health and the interest of persons separated from the military or naval forces of the United States. If the bill is enacted, the department will consist of the Bureau of Education, Howard University, Columbia Institution for the Deaf, St. Elizabeths Hospital, and Freedmen's Hospital, now in the Department of the Interior; Veteran's Board for

Vocational Education, now independent establishments; and the Public Health Service, now in the Treasury Department.

800 LIVES CREDITED TO SAFETY INSTRUCTION

Saving the lives of 769 children of school age is credited to safety instruction in the Detroit schools for the five years 1919 to 1923, inclusive. Decrease in child fatalities has been from 1.64 per thousand in 1919 to 0.78 in 1923, a drop of more than 50 per cent in relation to automobile registration the decrease has been from 0.85 per thousand in 1919 to 0.38 in 1923; upon the basis of total population the decrease has been from 0.22 per thousand to 0.18 per thousand.

ATTEND CHEVROLET CONFERENCE IN LUBBOCK

E. E. Dyer and Artie Baker, of Lockney, in company with V. L. Teaver, of this city, spent Thursday night in Lubbock, where they attended a conference of Chevrolet dealers in this territory with representatives of the southwestern distributors in Oklahoma City.

J. H. Barham, who has recently contracted for the Chevrolet dealership at Haskell, also attended the meeting.

BUYS MCCOY STORE

W. E. Smith has bought the W. W. Smith stock of groceries at McCoy and has had charge of the business the past few weeks.

Mr. Smith reports a good business to-date in his mercantile venture. Following the death of W. W. Smith several months ago Mrs. Smith, his wife, had had charge of the business until she sold recently to W. E. Smith.

Mrs. O. P. Rutledge and children and Mrs. E. L. Angus spent last Saturday in Plainview.

Locals and Personals

Mrs. A. J. Welch and children and Mr. and Mrs. J. C. Dickey visited in Lockney last Sunday.

A. J. Ballard of Bowie has been visiting Mr. and Mrs. W. C. Grigsby and family this week. Mr. Ballard is Mrs. Grigsby's father.

Mr. and Mrs. C. R. Houston spent last Sunday in Plainview visiting S. W. Meharg and family.

Sam Berry spent Saturday in Wichita Falls on business.

Mrs. R. P. Parker and daughter, Ray of Crosbyton were guests of Mr. and Mrs. M. L. Kizzlar last Monday.

Dick Atkieson of Munday spent Friday night with W. A. Baker and family. Mr. Atkieson stopped here while enroute to Littlefield where he is to make his home.

Lorene Carter who is attending the teachers college at Canyon spent the weekend with her mother, Mrs. S. Y. Carter.

Maurice Burke, Lorraine Nelson and Odus Mitchell all of Canyon spent the weekend at their homes here.

Aubrey Montague, who has been home a week on account of illness, returned to Canyon last Sunday.

Mrs. Ruby Young has been entertaining her uncle, N. F. McClellan of San Antonio, this week.

C. M. Wilson and wife are attending the Southwestern Photographers' Convention being held this week in Oklahoma City, Oklahoma. They left for Oklahoma City last Sunday and will return this Saturday, coming back by way of Dallas so that they may be able to visit the Dallas Fair.

Mr. and Mrs. S. N. McPeak entertained Mr. and Mrs. Will McDaniels of Lubbock this week.

Mr. and Mrs. J. B. Bishop, Mr. and Mrs. Ray Slaughter and Miss Dessie Walker visited Plainview last Saturday evening.

Mrs. R. C. Joiner of Plainview has been spending the fall term of court in Floydada while her husband, Judge Joiner, has been presiding over the District Court.

Gallon of barley: First, Chas. Bollman.

Vegetables

Peck of sweet potatoes: First, Mrs. W. H. Pope.

Gallon of onions: First, Mrs. G. C. Collins.

Half dozen of sweet peppers: First, “Molly” Campbell; second, J. E. Riley.

Half dozen of hot peppers: First, Mrs. J. R. Robertson.

Half dozen of hot peppers: First,

Mrs. J. W. Hardy, Irick.

Half dozen of beets: First, W. R. Dooley; second, W. R. Dooley.

Half dozen of turnips: First, C. W. Smith.

Half dozen of turnips: First, Theo Thompson, Irick; second, J. W. Hardy, Irick.

Largest pumpkin: First, Mrs. H. R. Manning.

Largest watermelon: First, A. R. Hanna; second, A. R. Hanna.

Pea vine containing peas: First, Mrs. W. H. Pope; second, Mrs. W. H. Pope.

Bean vine containing beans: First, Mrs. H. O. Shurbet; second, Mrs. O. S. Miller.

Three squashes: First, Mrs. O. S. Miller.

Half dozen tomatoes: First, Mrs. W. R. Dooley; second, Mrs. T. B. Gross; third, Mrs. J. R. Robertson.

Half dozen of radishes: First, Mrs. H. O. Shurbet; second, Mrs. T. B. Gross.

Best winter squash: First, Mrs. H. R. Manning.

Best potato pumpkin: First, Mrs. W. H. Pope.

Best banana squash: First, Mrs. W. E. Miller.

Best mountain pumpkin: First, Miss Eula Mickey; second, Mrs. H. R. Manning.

Best dipper gourds: First, Mrs. H. O. Shurbet.

Best display of butter beans: First, R. S. Moore.

Horticulture

Plate of five apples: First, Mrs. Walter Knight; second, Mrs. W. H. Taylor; third, Mrs. Raby Manning.

Plate of five pears: First, Mrs. T. B. Gross.

Plate of five peaches: First, R. S. Moore; second, Mrs. Sally Mickey; third, W. H. Pope.

Plate of strawberries: First, “Molly” Campbell; second, Mrs. W. R. Dooley.

Best display of fruit, any form: First, R. S. Moore.

Poultry

R. I. Reds: First, J. S. McLain; second, J. T. McLain.

White R. I. Reds: First, W. E. Miller.

White Indian Runner Ducks: First, Leonard Pope.

Best Capon: First, “Molly” Campbell.

Swine, Sheep

Best Duroc junior sow pig: First, Ed Holmes; second, Ed Holmes; third, Ed Holmes.

Best Duroc junior boar pig: First, Pike Hanna; second, Pike Hanna.

Best Duroc yearling boar pig: First, Ed Holmes.

Best ram: First, S. A. Greer.

Horses

Best stallion: First, L. E. Williams, Harmony.

Best 3-year old gelding: First, A. R. Hanna.

Best 2-year old filly: First, W. R. Dooley.

Best 3-year old filly: First, A. R. Hanna.

Best mule colt: First, W. H. Pope.

Best horse colt: First, W. H. Pope.

Best span mules: First, L. E. Williams, Harmony.

Cattle

Best milch cow: First, Mrs. A. R. Hanna.

Domestic Science

Best pound of butter: First, Mrs. O. S. Miller; second, Mrs. A. R. Hanna.

Best loaf of light bread: First, Mrs. O. S. Miller.

Best plate of biscuits: First, Mrs. W. R. Dooley; second, Mrs. C. R. Mickey; third, Mrs. G. C. Collins.

Best plate of corn bread muffins: First, Mrs. W. R. Dooley; second, Alice Holmes; third, Mrs. G. C. Collins.

Best layer cake: First, Mrs. G. C. Collins; second, Alice Holmes; third, Mrs. W. R. Dooley.

Best angel food cake: First, Mrs. O. S. Miller; second, Mrs. G. C. Collins.

Best candy: First, Mrs. W. R. Dooley.

Best pie: Second, Mrs. W. H. Taylor.

Best little girl cake: First, Eva May Golleher.

Canned Goods

Quart tomatoes: First, Mrs. O. S. Miller; second, Mrs. M. Holmes; third, Mrs. T. B. Gross.

Quart snapbeans: First, Mrs. G. C. Collins; second, Mrs. M. Holmes; third, Mrs. O. S. Miller.

Quart corn: First, Mrs. A. R. Hanna; second, Mrs. M. Holmes; third, Mrs. W. E. Miller.

Quart okra: First, Mrs. W. E. Miller; second, Mrs. G. C. Collins.

Quart kraut: First, Mrs. M. Holmes.

Quart pears: First, Mrs. T. B. Gross; second, Mrs. Sam Cates.

Quart peaches: First, Mrs. A. R. Hanna; second, Mrs. A. R. Hanna; third, Mrs. W. H. Pope.

Quart peaches: First, Mrs. R. S. Moore, Floydada.

Quart plums: First, Mrs. S. A. Greer; second, Mrs. A. R. Hanna; third, Mrs. A. R. Hanna.

Quart of plums: Second, Mrs. R. S. Moore, Floydada.

Turnips: Second, Mrs. M. Holmes.

Turnip greens: First, Mrs. W. H. Pope; second, Mrs. M. Holmes; third, Mrs. O. S. Miller.

Mutton roast: First, Mrs. M. Holmes.

Mutton steak: First, Mrs. M. Holmes.

Peppers: First, Mrs. H. O. Shurbet; second, Mrs. M. Holmes.

Oldest can of fruit: Mrs. Etta Mickey. A jar of Elberta peaches canned in 1914.

“Get in the Well Dressed Circle”

A feature in connection with—

CURLEE CLOTHES

—is the fact that the models are always correct and in good taste. The designing staff steers clear of the extreme which accounts for the good looking lines of CURLEE Clothes. We are showing a splendid array of dependable fabrics in the season's choicest colorings. Among them you will find the suit which you will want, which will fit you and which you will enjoy wearing.

Let Us Show You!

HOW DOCTORS TREAT COLDS AND THE FLU

To break up a cold over night or to cut short an attack of grippe, influenza or sore throat, physicians and druggists are now recommending Calotabs, the nausealess Calomet tablet, that is purified from dangerous and sickening effects. Those who have tried it say that it acts like magic, by far more effective and certain than the old style calomet, heretofore recommended by physicians.

One or two Calotabs at bed time with a swallow of water—that's all. No salt, no nausea nor the slightest interference with eating, work or pleasures. Next morning your cold has vanished and your system feels refreshed and purified. Calotabs are sold only in original sealed packages, price ten cents for the vest-pocket size, thirty-five cents for the large family size. Recommended and guaranteed by druggists. Your money back if you are not delighted.—adv.

LARGE PEACHES EAT GOOD

The official taster at The Hesperian office came honestly by more than a pound of peaches, two in number, Tuesday afternoon and in his official capacity pronounced them very good as well as very large. The peaches came from the backyard orchard of J. F. Boothe and were presented by the latter's little son, Lewis Earl. Each peach measured more than 10 inches in circumference.

A most remarkable fact is that Mrs. Boothe has preserved or canned from the 7 or 8 trees in their backyard 50 gallons—not quarts—of peaches this summer and fall, besides furnishing all the peaches the family desired to eat during the season.

Any others who find themselves in need of a good judge of fruit or vegetables of any variety will find the taster at this office perhaps the best posted and appetite-whetted individual to whom it will be possible to refer such a highly important matter. Peaches preferred.

Marshall, Texas, with about 20,000 inhabitants has 2,095 telephones. This is more than Odessa, Russia, with 565,000 inhabitants.

Persia will develop her railroad system by building new and needed roads, financing the work by selling the crown diamonds.

Allmon News

Allmon, Oct. 13.—The rain we had Monday last was fine on the wheat and no damage to cotton either.

We are sorry to say that Mr. and Mrs. Chas. Bollman have left our community. They moved into their new home in Sand Hill Community.

Our school started Monday last. Most all of the school children are having to help gather the crops so the attendance is small. We are glad to have our same teacher back. We feel that we're going to have another good school term.

Mrs. Summers is getting along very well. The doctors have suggested that she might do better in a lower altitude.

Glover Sparkman, of Lubbock, was in our community Sunday night last.

Uva and Dennis Thorn attended the fair at Lubbock from Friday night until Saturday night. They report a nice time.

A. S. Green has finally gotten their house completed. It is a nice home.

Mrs. A. S. Green's brother-in-law from Wood County is visiting them, helping them gather their crops.

Several attended church Sunday last at McCoy.

Mr. and Mrs. Stanley Childress have moved back. We are glad to have them indeed.

Sanitarium Notes

Mrs. Elder Morris, Floydada and Mrs. J. D. Hopper, Lakeview are convalescing at the Sanitarium.

Mrs. A. E. Johnson of Sand Hill was operated on last Tuesday for appendicitis.

Mrs. F. T. Emert of Mayview was operated on last Tuesday for appendicitis.

C. R. Taylor of Southland had a minor operation performed on October 13.

Miss Leta McMahon, a nurse at the sanitarium had her tonsils removed last Monday.

CARL THOMAS PLAYERS PLEASE AUDIENCE NIGHTLY

The Carl Thomas Players who are showing here this week under canvas, are proving popular with only moderate-sized audiences and will continue through the week, closing Saturday night, following a Saturday afternoon matinee.

Thomas, who is being featured in the plays, has been in the cast of several shows which have made this territory during the past season or two. The work of the entire cast is said to be excellent.

Another Line Added

We are ever striving to make our store the best and most convenient drug store for you to do your buying, so have added COOKS Paints and Varnishes in all colors. We have sold COOKS paints elsewhere and believe in it, and guarantee every can.

We want your business which will help make this store a place you will be proud to bring your friends.

C. of C. Stunt With Hesperian For Advertising Makes Good

Dallas, Texas, Oct. 14.—The stunt of the Floydada Chamber of Commerce in using The Hesperian for its advertising literature at the State Fair, with "testimonials" of "native sons" and former down-state business men of the town, is the best advertising feature that is being put over here this year. Every exhibitor in the Agricultural Hall had to have a copy of the "condensed special edition," as soon as distribution of it started and it began to attract attention, all pronouncing it a clever and effective idea.

Maury Hopkins, in charge of the exhibit, gave away 500 copies the first Sunday and not a one was found on the floor of the building or outside when the exhibit hall was closed for the night. "Before I had given five papers away," Mr. Hopkins said, "I ran on to three fellows who knew Clyde Davis and when they found his picture the papers went into their hip pockets. When you get a piece of literature into a man's hip pocket, the chances are two to nothing it will go home with him."

Several seasoned Chamber of Commerce men and exhibitors looked the piece of advertising over and pronounced it good, and two advertising men of State-wide note declared the scheme a clever one. Even the Plain-view exhibitors admitted that it was fairly good.

DR. F. S. GRONER

General Secretary Executive board of the Texas State Baptist Convention, who conferred with Baptist workers here Tuesday.

Verdict Against Carelessness Cause of Fire

Prevention of Fires, How to Help Firemen and Who Pays the Bill Are Discussed at Meeting.

Carelessness was convicted of a charge of being the cause of fires last Friday evening at the high school auditorium by a jury of seventh grade pupils and at the same time Gasoline, kerosene, rubbish, matches, faulty flues and others were given their freedom. Although the charge was first brought against Fire it developed that fire was not to blame and in attempting to fix the blame carelessness was quickly convicted as soon as the case was given to the jury. The verdict was rendered in a mock trial in the fire prevention program, in which other very interesting features were also a part.

Mayor F. P. Henry presided at the meeting and opened the meeting by reading Governor Neff's Fire Prevention Week proclamation.

Mrs. J. B. Jenkins, president of the Nineteen Twenty-Two Study Club, discussed "How to Prevent Fires in the Home," giving some practical suggestions on the subject.

Mrs. Lon V. Smith, chairman of the fire prevention committee of the Seventh District Federation of Women's Clubs, gave some apt illustrations of the cost of fires to the people of the United States and of Texas annually, and told of the appalling waste occasioned by carelessness in handling fires, illustrating her talk with comparisons of the things that could be done with the money wasted annually by fire.

Robert McGuire made practical application of the means owners of property in Floydada may take to aid their fire department in fighting fires after they get under headway. Crowds of curious persons greatly hamper the firemen in Floydada, he declared, and indefinite reports of the location of a fire are also material handicaps to the fire fighters.

T. R. Webb, of the Floydada Insurance Agency, declared that whether or not property may be insured the public pays the bill for fires in many ways, among them being in higher lumber and building material bills, and higher clothing costs. If the annual bill for property destroyed by fire in the United States were paid in silver dollars, it would require a freight train 7 miles long to haul it, Mr. Webb declared in illustrating the heavy cost of carelessness by the public in fire prevention.

The program was a climax for the week of Fire Prevention during last week, when tracts and placards were distributed calling attention to the annual fire waste and calling upon the public to aid in stopping this waste.

The essays or themes of the school children, prizes for which have been offered by the mayor, will be judged soon, it being found that a longer time than a week should be given for the best efforts of the pupils.

BIRTHS REPORTED

Born to Mr. and Mrs.:
Henry Baker, City, October 13th, a daughter.
H. S. Lowe, Starkey, October 11, a daughter.
C. C. McClure, Mt. Blanco, October 2, a daughter.
J. T. Smith, Floydada, October 13, a daughter.
A. M. Battey, October 16th, a daughter.

EXPRESSIONS OF COMMENDATION HEARD AT SAND HILL

The following represent a few of the expressions made in commendation of the Sand Hill Community Fair held last Friday:

O. S. Miller:
"We are more than pleased; it is beyond our expectations. All are talking of making this an annual affair, and are now making plans for another year."

Mrs. W. C. Hanna of Harmony:
"We think it is something great and we wish to make it an annual affair and we are going to have Harmony join in and all work together, and see what we can do another year."

W. R. Dooley:
"We certainly are very proud of the general interest that was taken in our first fair. We hope another year to get an earlier start so as to have a larger and better exhibit. We thank our neighboring schools and communities for the interest they have shown in our community fair."

L. E. Williams:
"I have lived in Harmony for 19 years and have always looked forward to having a community fair of this kind. It is just the kind of thing that's needed to get the communities closer together and working in harmony for a common end. I am sure happy over this fair."

E. W. Thomas, Agent for Hale County:
"The agricultural exhibits as a whole were excellent both in quantity and quality."

"A number of the exhibits were scored down due to a misunderstanding of the quantities required in the different classes. Very excellent exhibits were scored down on account of lack of uniformity. Since this is the first year, another year for the community should show a very great improvement in this respect."

"The people of Sand Hill are certainly to be commended for their spirit and enterprise."

Chinese Songs Will Feature First Lyceum

Chinese songs and other costumed numbers will feature the program to be given at 8 p. m., Tuesday evening, October 21st, at the High school Auditorium by the Bessie Banks Entertainers, when they come here as the first number of the season's lyceum, sponsored by the Senior Class of the High School.

An evening of strictly high class entertainment is promised those who hear this delightful group of young women. The three members are not only talented in vocal and instrumental music and elocution, but are very attractive in appearance as well.

Miss Bessie Banks, who heads the company, has been a lyceum favorite for several seasons. Her readings have been commended everywhere she has appeared. She is a cornetist and accompanist, as well as a reader.

Her assisting artists are Miss Blanche Hammond, soprano soloist and pianist; and Miss Mabel Forrester, violinist. Both have had extensive training and no little experience before the public. Miss Hammond's voice is one of remarkable sweetness and Miss Forrester's playing shows sound musicianship and musical appreciation.

ATTENDING DODGE BROS.

SHORT COURSE AT AMARILLO

W. H. Sharp, a mechanic from the Motor Supply Company, is attending a Dodge Brothers Automobile School which is in session at Amarillo this week.

Every foreman from an authorized Dodge Brothers Service Station is expected to attend these sessions in order to familiarize himself with the Dodge cars and trucks. In this way he will be able to give the best service in the repairing of Dodge Brothers Automobiles.

WEDNESDAY BRIDGE CLUB

Mrs. Thurmond Bishop was hostess to the Wednesday Bridge Club at its meeting Wednesday afternoon of this week.

Following several rounds of bridge Mrs. Roy Snodgrass was holder of the high score. A salad course was served to the members and the following visitors: Miss Willette Waters, Lubbock, Mrs. Carter Andrews, City, and Mrs. G. V. Banker, Russell, Kansas.

The next meeting of the club will be held with Mrs. P. W. Cloud on Wednesday, October 29, at 2:30 o'clock.

Locals and Personals

B. P. Woody and C. H. Davis left Tuesday morning for Dallas to purchase their Christmas stocks. Accompanying them were Mrs. B. P. Woody and little son, and Mrs. C. H. Davis and baby and Miss Annie Bond. Mr. Woody is to go as far as Graham and visit with his father. Mrs. Davis and Miss Bond are to visit friends at Winters. The party will return next Saturday.

Robert A. Sherman of the Home Insurance Company Hail Department of Oklahoma City, was here last Thursday visiting with the local representatives, Webb and Wood, Agents.

Mr. and Mrs. S. D. Irwin, who have been spending the past several months at Berkeley, Cal., last week returned home to spend some two months with their children and look after business interests.

Mrs. W. D. Long of Lockney was in town on business last Friday.

Mr. and Mrs. E. P. Nelson and little niece, Mariana Ross, visited friends in Lockney Sunday.

Geo. I. Hill, district manager of Southwestern Bell Telephone Company, was in Floydada Saturday last in company with R. A. LeMond, of Plainview, group manager.

The new house being built by Mrs. E. C. Nelson is nearing completion. It is the third of a series of three houses built by her on lots two blocks west of the new high school.

Mr. and Mrs. M. E. Moses, of Paducah, were in Floydada over Sunday, visiting Mrs. Moses' parents, Mr. and Mrs. Jim Hughes.

Miss Audra Mae Borum, who is teaching near Hale Center this term, was at home over Sunday visiting her parents, Mr. and Mrs. E. R. Borum.

ELECTRIC SERVICE FOR THE FARM IS BEING STUDIED

Definite steps to solve the economic puzzle involved in the electrification of the American farm have at last been taken. Investigations are projected as to taking electric service to the farms so that it will be beneficial both to the farmers and the power companies, says the Texas Public Service Information Bureau.

Probably the most advanced of these experiments has been undertaken in Minnesota by several co-operating agencies. Chief among them are the University of Minnesota, the Northern States Power Company and a group of farmers living in the vicinity of Red Wing, a town in the southeastern part of the State. Several electrical manufacturers concerns, such as the General Electric Company, as well as manufacturers of farm machinery are watching the undertaking.

Already a trial farm transmission

line, five miles in length, has been built out of Red Wing, and eighteen farms have been connected.

In other sections of the country, notably in Alabama, this whole broad question is also under investigation. In that State it is the Alabama Polytechnic Institute at Auburn, and the Alabama Power Company which are co-operating to establish a basis upon which farm electrification may be carried out. The actual building of power lines in Alabama is well under way, and instead of merely one line, several are being planned.

HOW HEAT AND COLD AFFECT COPPER WIRE

Telephone wires are about four and three-quarter feet longer to the mile in summer than in the winter time. This is caused by the copper expanding from the heat.

Accordingly, when wire is strung in the summer the lineman must allow the wire to sag more between poles than they do in the winter so as to prevent the wire from stretching too tight and breaking when cold weather comes. As a consequence there are very few wire breaks in winter caused by the wire becoming too tight. The breaks that do occur at that

time are caused generally by sleet storms. A half inch of sleet in a mile of telephone wire weighs about one and a half tons.

The German Department of Labor reports a remarkable revival of household manufacturing during the present period of economic distress. Spinning wheels, hand-operated linen factories and other home devices are being pressed into service.

"LADIES TO BOARD"
Featuring Tom Mix in his latest picture. Full of thrills, action and oceans of comedy. Also a good two reel comedy, entitled "The Telephone Girl."

Monday and Tuesday, Oct. 20th and 21st.

"ROBIN HOOD"

Featuring Douglas Fairbanks. The storehouse of history ransacked. The age of Romance, Chivalry, Adventure, transplanted from Twelfth century dust and nourished in the genius of a great artist till it blossoms forth into a gorgeous spectacle of Twentieth century realism. A tenderly beautiful love story in the midst of marching crusades, the clash of broadswords, the hum of singing arrows. Robin Hood and his band, Maid Martin and her peril, Sherwood Forest and its greenwood, with the Sheriff of famed Nottingham Town. Also a good two reel comedy entitled "My Mistake and Fox News."

Wednesday, Oct. 22nd

"CHIVALROUS CHARLEY"
And also Fox News and Felix, the Cat.

Thursday, Oct. 23rd

"THE WOLF MAN"
Featuring John Gilbert. Also Fox News and Felix, the Cat.

Station-to-Station Calls Cost Less

When you ask Long Distance to get a certain telephone number in a distant city and, when connected, you speak to any one at that number, you have made what is described as a Station-to-Station call.

That is, on a Station-to-Station call do not specify a particular person to be reached, but give only the number of the telephone or the name or address under which that telephone is listed.

A Station-to-Station call costs less than a call for a particular person because less operating labor and less circuit time are required than if a particular person has to be located and brought to the telephone.

Charges can not be reversed on Station-to-Station calls.

**Owners of Utilities Co.
Visit in Floydada**

H. Wurdack, president, Judge I. R.
Kelso, chief counsel and E. S. Billings,
chief engineer of the Texas Utilities
Company, spent the latter part of last
week in the territory served by their
company, in company with J. B. Scott,
resident manager.

Their trip here had to do with an
inspection of their property. Recent
plans to install an additional power
unit of 800-horsepower at the Plain-
view plant are being matured and Mr.
Wurdack expects this work to be com-
pleted by December or January.

During their visit to this territory
the company contracted with the City
of Ralls to do the pumping for their
water works system now under con-
struction.

**P. T. Association Dis-
cusses School Needs**

An enthusiastic meeting was held
last Friday afternoon by the Parent-
Teachers Association when the figures
on the Membership drive were given
out by the campaign leaders, Mrs. M.
F. Huskey and Mrs. E. C. Henry. The
campaign was scheduled to end on the
day of the last meeting, but a resolu-
tion was made to extend the campaign
for another two weeks and report the
final figures at the next meeting of
the Association. At present Mrs. Hen-
ry is ahead with a total of 24 to her
credit; Mrs. Huskey has a total of 19.
J. Pat Horton opened the program
with a very interesting and helpful
talk on what the Parent-Teachers
Association can do to help the schools,
and offered many practical sugges-
tions.

J. J. Wilson, Superintendent of the
Floydada Public Schools, next spoke
on the needs of the high school, and in
his mention of the most urgent needs
of the school at present he emphasized
the need of beautifying the grounds a-
round the high school; the repairing
of the road directly in front of the
building where cars that park there
are sometimes hub high in water
during a rainy spell; and the installing
of a stereopticon machine in the high
school auditorium.

Mrs. Thornton, Principal of the
South Side Ward School, spoke on the
needs of the ward school. She said
that the children were in need of
basket balls, and that the sanitary
conditions at the school were far from
satisfactory and something should be
done very soon to better this condi-
tion.

Mrs. Wilson Kimble offered her re-
signation as President of the Associa-
tion but the resignation was not ac-
cepted.

Mrs. E. B. Massie was elected vice
president of the Association to fill the
vacancy in that office.

The next meeting of the Association
will be held Friday, October 24, at 3
o'clock at the High School Auditorium.

TO OPEN ART STUDIO

In a few days Mrs. Frank Cleere is
to open a down town studio in the un-
used portion of the W. C. Cleere &
son, Plumbing Shop on West Califor-
nia Street.

Mrs. Cleere, who is a teacher of chi-
na painting, is opening this studio in
the business section for the conveni-
ence of her art pupils, and she plans
to do the firing for her pupils in a
kiln which she is to install in the
studio

A. J. McCoy HERE

A. J. McCoy, one of the early set-
tlers of Floyd County, for whom Mc-
Coy Community was named, visited
friends in this neighborhood Tuesday
and Wednesday of this week.

For the past few years Mr. McCoy
has been residing principally in New
Mexico. He had just been on a visit
in his boyhood home in Kentucky be-
fore returning to this section.

Mrs. A. Hathway and her sister-
in-law, Mrs. Dudley, visited in Plain-
view last Friday.

**Heaviest Shipments
Maize, Wheat Second**

The heaviest shipments of grain at
this time consists of threshed maize
and maize in the head, although wheat
is still a good second.

To-date during the month of Octo-
ber 11 cars of wheat have been ship-
ped out to mills over the southwest
by dealers in Floydada while 12 loads
of threshed maize have been shipped
and 4 loads of heads. One car of bar-
ley has been shipped. Approximate
figures are not available on the total
number of cars of wheat shipped from
Floydada this season but dealers place
the figures at more than a hundred
cars above the mid-season estimate of
550 car loads.

**Singing Convention
Starkey Next Sunday**

Starkey's fine new school auditori-
um will house the meeting of the fall
session of the South Side Singing
Convention Sunday.

The singing is to be an all day af-
fair, and everyone interested is giv-
ing a cordial invitation to attend and
help make the day a success.

Price Scott, president of the con-
vention, and Mrs. Jno. W. Smith, its
secretary, remind those who attend
to bring lunch with them and help the
burden of the noon hour
good people of Starkey to bear the
burden of the noon hour.

A large attendance is expected by
the people of Starkey Community.

**CROSBYTON BUSINESS DIS-
TRICT IS ON A BIG BOOM**

Crosbyton's business district is
building up very fast, this fall's plans
of citizens of that town including the
construction of nearly twenty-five
brick business houses, of which sev-
eral are already under construction.

The settlement of the territory sur-
rounding Crosbyton and the increased
business of the city has made a big
demand for the additional business
property.

E. P. Nelson is having a new modern
frame house built on West Virginia
Street. The house is now under con-
struction.

Prof. A. I. Edwards and L. J. Bar-
clay of Matador were here last Thurs-
day on business.

Tex Bullock, who has been associat-
ed with Curley's Cafe for some time
left last week with his family to take
up a new position at Olney.

**Practical
Nurse Tells**

Mrs. N. E. Snow, of Route
1, near Paris, Tenn., tells the
story of her experience as
follows:
"I am 62 years old and I
have been a practical nurse
for more than 20 years, tak-
ing mostly maternity cases.
One of my daughters suffered
from cramping at . . . She
would just bend double and
have to go to bed."

CARDUI

The Woman's Tonic

was recommended to her and
she only had to take about
two bottles, when she hardly
knew that it was . . . she
suffered so little pain.
"My youngest daughter
was run-down, weak and
nervous, and looked like she
didn't have a bit of blood
left—just a walking skeleton,
no appetite and tired all the
time. I gave her two bottles
of Cardui. It built her up
and she began eating and
soon gained in weight and
has been so well since."
Cardui, the Woman's Tonic,
has helped suffering women
for over forty years. Try it.
At all druggists. E-100

Mrs. E. B. Massie returned last
Thursday from a 10 day visit with
friends and relatives at Mineral Wells
and Eastland. Mrs. Massie took the
trip in company with her daughter,
Jessie Belle and Mr. and Mrs. P. S.
Wolff of Plainview.

Mrs. Murell Stephens who has been
visiting her son, Will Stephens and
wife for some weeks, left last week
to spend the winter with her daugh-
ter, Mrs. M. Jones, at Wichita Falls.

**ANOTHER SON BORN TO F. M.
DOUGHERTY, LOS ANGELES**

F. M. Dougherty left Thursday of
last week for Los Angeles, where his
wife has been visiting several weeks
on receipt of advice that another son
was born to them on October 7th.

W. H. O'Neill of Wichita Falls has
been visiting his sister, Mrs. Wilson
Kimble for the past two weeks.

LAND FOR SALE

About 200 Sections located in Floyd,
Motley, Hall and Briscoe Counties, to sell for
farms, small ranches, some to lease to farm
and graze. Consider these lands among the
choicest in North West Texas for cotton,
wheat, feed, general farming and grazing,
some of these lands already in good state of
cultivation and some of the grazing land has
living water. Will sell or lease in small or
large quantities.

Agents**
FLOYDADA, TEXAS

Attention!

**To the Farmers of
Floydada Territory**

Gentlemen, this is to advise you that I have
just completed my gin plant and am ready
to serve you now.

The first thing I want to call to your atten-
tion is that I haven't spared money nor time
in building the very best plant that can be
built. I have all the latest improved Clean-
ing Machinery that could be had.

In addition to the Cleaning System I have
installed one of, if not the greatest, bollie
machines in the whole country.

All I want is for you to give me a chance
with at least one bale.

Floydada Gin Co.

J. A. NICKELS, Prop.

Prize Paintings To Be Exhibited in Floydada

Out of the eight water colors that Mrs. Olin S. Miller of Sand Hill exhibited at the Panhandle South Plains Fair at Lubbock, four were awarded ribbons. A Rocky Mountain scene and a fruit picture each were awarded a blue ribbon. Her original painting of the Palo Duro Canyon which won first place at the Tri-State Fair at Amarillo this year was awarded a red ribbon at the Lubbock Fair. The fourth picture representing an original scene took third prize.

Mrs. Miller was the only one from Floyd County who made exhibits at these fairs, and many of her friends have asked her to let the people of Floyd County see these prize winning pictures. Through the courtesy of the Woody Drug Store and C. H. Davis, Jeweler, her pictures are to be placed in their show windows from October 23-25, so that the general public may have an opportunity to view the pictures which took prizes at the Amarillo and Lubbock fairs.

OUR TEXAS INDUSTRIES

By Phoebe K. Warner
Here is something else for the school boys and girls of Texas to study this year. And it will make fine subject matter for your composition work and your junior and senior high school English. What could be more interesting to any live Texas boy or girl than to know more about what is going on and what is being done in Texas?

Until this day Texas and Texans have been the biggest producers of raw materials in the Union. Men, and women and little children have spent their lives to produce something for others to do. They have done the hardest work that other people in other States and other Nations might build great factories and employ millions of others to work up the raw products raised in Texas.

Just how many people do you suppose Texas furnishes a job? By this we mean how many people do you suppose it takes to ship the million bales and more of cotton from both Galveston and Houston as Texas did this past year and make it up into garments of every kind and then ship it back to Texas and all over the world to be used? How many people do you think are required to work the millions of pounds of wool and mohair sent from Texas into garments ready for use? How many people are needed to make the boots and shoes our hides supply? Think of it! Texas produces more raw materials, even agricultural products than Iowa and Illinois combined which are the two other largest producing States in America. What becomes of all this cotton, wool, mohair, cream, beef, pork, and everything raised on Texas farms? Then there are all our mineral products that come from under the earth. Who works those products into finished products ready for the markets? Thus far Texas has the name and the glory of being the greatest producer of all of Uncle Sam's sons. But what becomes of his products? Not one person in a thousand, even in Texas, ever thinks of Texas as a manufacturing State. Do you?

Just listen to this. These are the very words of G. M. Knebel, Executive Vice-President, Texas State Manufacturers' Association, with headquarters in San Antonio, Texas: "Over five thousands industries in Texas are producing over \$1,000,000,000 in manufactured products annually."

Think of it! Did you know that? Almost as much as the Nation's cigarette bill. As much as the whole Nation spends on the public free education of all its children. Almost as much as the Nation spends on candy. A little more than the women of this Nation spend on the outside of their heads and faces. More than the wheat crop of the Nation. Almost as much

as the egg and poultry crop amounts to in the whole Nation. \$1,000,000,000. One billion dollars worth of manufactured products are turned out annually in Texas from 5,000 different industrial plants in our own State. The finished products already made in Texas practically double the commercial values of our agricultural products which last year sold for a little more than a billion dollars. What could Texas do, and how many people would be furnished employment if even half of her raw products were manufactured into ready to use and ready to wear articles at home? This is one of the biggest problems of the future in Texas. And it is the school boys and girls of today that will have to solve Texas' great industrial problem. It is ripening for you. It is getting ready to be solved by you. It will be the problem of your generation. Are you being prepared for that day? Is the State of Texas doing all in her power to prepare the boys and girls of today for Texas' industrial day?

Here is one thing you can do for yourselves. You can look out for industrial news. You can begin to think and study Texas products, their great quantities and varieties. You can study the economic waste from field to factory and back home again by the around-the-world-route. Yes, you can. Every high school boy and girl is old enough and ought to be smart enough to study these things.

What our high school students need most is to review their old Ray's arithmetic for about 4 years and learn to compute interest, freight rates and transportation and study the multiplication tables and get a sure-enough business foundation into their heads. But whatever you study this year, don't forget to give a little time to the greatest commercial problem, yes, and one of the greatest social problems of our own Texas. "Our Texas Industries."

COLLEGE AND SIMMONS PLAY ON HOMECOMING DAY

Home Coming Day at West Texas State Teachers' College Saturday, October 25th, will see the State College Football Team tied up with Simmons, their old rival, at Canyon in one of the hardest games of the school's schedule.

Indications point to a heavy attendance of alumnae of the school on the Home Coming Day, according to advance reports.

First Car of Barley Shipped From Floyd

The first car of barley ever shipped from Floydada left this week over the Santa Fe consigned by the W. J. Burke Elevator to a point down-state. The car was No. 1 spring barley.

Heretofore for a number of years this territory has produced lightly of barley, the small grain raisers giving more attention especially to wheat. The value of barley as a feed, however, is giving it more prominence, and this year an increased acreage of winter barley is being planted. Several farmers who have planted the winter barley point out its value as an early heavy feed that comes on considerably ahead of other field crops including oats.

Membership Retail Merchants Growing

Several new names have been added to the roll of membership in the Retail Merchants' Association during the past few weeks, it was found at a meeting of the directors of the association.

KARNAK

Is Giving Hundreds Here a New Grip on Life by Restoring Health, Strength and Energy of Younger Days

Never before has this city seen such a revival of the spirit of youthful vigor and energy as has been manifested since the introduction here of M. Pierre Andre's famous health building medicine Karnak!

People who have been dragging around half sick—waking up dull and tired, eyes heavy, head dizzy, tongue coated, bad taste and offensive breath, are now bright and happy, full of pep and radiating health and energy as a result of taking Karnak.

Hundreds of men and women here who have been suffering from just such symptoms as indigestion, stomach, liver and kidney disorders—many of them of long standing, and some weak, thin and apparently on the verge of collapse—are now like people re-born again.

These happy people testify that Karnak has fully restored them to their normal weight and strength and made life worth living again. Try this great Karnak yourself! Notice the quick difference in the way you eat, sleep, look and feel—the remarkable improvement in your health, strength and energy. The cost is small and you will be completely satisfied; otherwise the Karnak agent will refund your money without even questioning you.

Karnak is sold in Floydada by the Woody Drug Co. and by the leading Druggists in every town.

tion with Secretary T. P. Guimarin Monday evening of this week, and new evidences of the value of the organization to the merchants of Floydada and the people of this trade territory were noted.

During the three years of its existence the association has done much to bring order out of the chaos of credit conditions in this territory.

An aggressive campaign to increase the value and efficiency of the organization is planned.

BOOTHE BROS. OFFICE

Boothe Brothers this week have un-

der construction the new office at their elevator and coal yard on East California Street, at the intersection of the Santa Fe industrial switch.

CATTLE SHIPMENTS

Five carloads of cattle were shipped out of Floydada the latter part of last week, all consigned to Kansas City.

The City Market shipped one car, N. A. Armstrong another and W. A. Johnson, of the northeast part of the county made his first shipment over the Santa Fe, when he loaded out three cars to the same destination.

Holeproof-Hose for Ladies

FIRST CHRISTIAN CHURCH

Sunday School at 10:00 a. m., J. C. Wester, Superintendent.

Communion Service at 11:00 a. m. No preaching service at morning or evening hours next Sunday.

Choir practice Friday night at 7:45 o'clock. All singers and others interested in singing are welcome and urged to be present.

Rev. Polk C. Webb of San Antonio will fill the pulpit at the morning and evening hours on Sunday, October 26. All members and friends of the Christian Church are invited to be present to hear Rev. Webb.

You are always welcome to all our services.

W. E. BROWN, Church Clerk.

King George has installed in his palace a radio receiving set with two stages of radio frequency amplification and three stages of audio amplification. The British Broadcasting Company plans to broadcast the song of the nightingale in its native haunts this spring.

BAPTISTS OF FLOYD CO. ASSN. HEAR GRONER

(Continued from page 1) of the local church building program now facing him, and Rev. Y. F. Walker of Lockney was chosen to fill his place. He will head a committee consisting of Missionary Scott and Mrs. Cap Ellison of Crosbyton who are to perfect and submit plans for the completion of the 75 Million Campaign and the launching of the 1925 Budget Plan.

The next meeting of the Association will be held at Ralls the Tuesday after the second Sunday in November, the usual date having been changed on account of General Election Day occurring on the same date.

The program for the conference on Tuesday last was as follows:

10 a. m.—Devotional, C. M. Meredith.

10:20 a. m.—The Associational Goal, Missionary Scott.

11 a. m.—The Baptist Program, Dr. F. S. Groner.

Lunch

1 p. m.—Devotional, Mrs. Cap Ellison.

2 p. m.—Board Meeting.

3 p. m.—The Fall Round Up, Y. F. Walker, leader.

Dr. Groner spoke again at 7:30 o'clock in the evening to a large and deeply interested audience.

FOUNDATION FOR RALLS MAUSOLEUM BEING LAID

Foundation work for a mausoleum to be erected to the memory of the late Jno. R. Ralls, founder of the town of Ralls, was done last week by a representative of the Wichita Falls firm in the Ralls cemetery.

The mausoleum will be beautiful, according to statements from friends. It will be completed in about 30 days. It is thought to be the first built in this section of the State.

FOOTBALL RESULTS

Football results this past week among neighboring high school teams include the following:

Slaton 50, Plainview 0, at Slaton. Post 59, Tahoka 0, at Post. Canyon won from Tulla.

The Lockney-Silverton game was called off, and the Lockney High School won from Hale Center.

FORD SALES

Car sales made this month by Barker Bros., Ford Dealers, are as follows: Coupes to Mrs. A. Hathaway, W. T. Beasley; touring cars to Sam McCleskey, J. M. Spray, G. I. Dunavant, W. L. Utsman, A. J. Ryals, Roy L. Holmes, Lon Blassingame, M. W. Heard, Petersburg, A. J. McCoy, Amarillo; roadster to L. T. Roy.

SAND HILL COMMUNITY FAIR BIG SUCCESS LAST FRIDAY

(Continued from page 1) to L. V. Shurbet.

In the men's pony races the horse belonging to Mr. King was given the decision over the pony belonging to Buck Williams; and in a second race also outran a pony belonging to Bill Dooley.

Harmony School, to the south of Sand Hill, dismissed for the entire day and all of Harmony turned out in full force to visit their neighbor's fair. Many other communities, including Floydada, had large representations at Sand Hill also.

Sand Hill school children maintained a refreshment booth for visitors who did not bring their lunches. Over \$100 was taken in during the day at this booth.

Among the displays were some interesting, quaint and precious heirlooms. Grandmother Holmes had one of the most interesting of these, her wedding dress worn 50 years ago. It was made of biscuit colored silk with black stripes. It had a skirt yards and yards in circumference, built that way, it was said, to accommodate an immense wire hoop that was worn under the skirts in those days long ago. A baby's petticoat was also shown, which was made so long ago that even the infinite stitches in the insertion, were made by hand. A chair that was more than 70 years old and a quilt belonging to the grandmother of J. S. McLain were among the other interesting relics.

BAKER AND ROSELAND SCHOOLS OPEN THIS WEEK

Baker school, 9 miles southeast, opened for work Monday morning. The teachers are as follows: R. L. Glenn, principal, Buford Williams, intermediate; Mrs. R. L. Glenn, primary. Mr. Glenn reports the interest on the part of the community good, and the outlook for the year very encouraging.

Roseland school, 14 miles north, has opened its session this week. J. B. Allen is principal; Miss Anna Sims, intermediate; Mrs. C. H. Brown, primary. This community is just completing a two-class room and auditorium addition to their former two room building. They now have a school plant as good as the best in the county.

The desire for good schools has a firm grasp upon the hearts and minds of the people of Floyd County. With the interest now being taken "Floyd County Schools should be Texas' Best."

COTTON STILL "BLOWING"

Why does a bird from one section of the country, who has his provincialisms (see dictionary, we did) laugh at the provincialisms of another section. But Bert Barker has lived in Floyd County long enough to know better, probably is the reason the boys in Barker Bros. Garage are laughing at him.

Barker is from Iowa. His demonstration farm east of town, where they have acres of cotton, is growing the first cotton he ever farmed, although he knows all about Iowa farming. Incidentally the crop is going to make better than a third of a bale of cotton per acre, and the field doesn't have the print of a horse's hoof in it. (\$5 for the Fordson ad, please, Mr. Barker).

Cotton is still blooming over Floyd County. It looks good, although the blooms will be of no value, of course, being too late to mature. Mr. Barker and the boys about the garage are doing their own cotton picking, taking it in shifts, so as to give sore shoulders and aching backs a rest between pickings.

Mr. Barker remarked when he and the boys went to the field one day last week, "Well, boys, it's still 'blowing' isn't it?"

"What?"
"The cotton's still blowing-g."
"Oh, yes, it's still bloomin', too, one of them said."

GOOD INTEREST MANIFESTED AT LAKEVIEW OPENING

Price Scott, County Superintendent, and Rev. J. Pat Horton went to Lakeview Monday morning where they participated in the opening exercises of the Lakeview school.

The visitors were highly pleased with the interest shown by the community on this occasion. There were 30 men and women, of the Lakeview community in attendance at the opening exercises. Considering the rush of work at the present time it is indeed expressive of the interest of the community at large when such a number of the people will leave their work and spend a half day together at the opening of their school.

The official board of the Lakeview

school are W. N. Jones, O. M. Conway, R. C. Smith. The faculty which they have chosen for the present term of school are as follows: R. V. Bond, principal; Mrs. R. V. Bond, first assistant; Miss Amanda Harry, second assistant; and Miss Esther Harry primary.

Lakeview for many years has been regarded as one of the strongest rural

schools of the county, and one of the most progressive of the rural communities.

The board of trustees are doing all in their power to make their school a comfortable, ideal school plant. Extensive repairs have recently been made on the school building, such as repairing the roof, repairing the walls by reinforcing rods, and installing new

hall screens for all windows. A set of the "Book of Knowledge" has been added to the school library. The teachers' home, a nice four-room bungalow, has been given a thorough overhauling both inside and out; the inside walls having been freshly covered with sanitas, and the outside having been recently given a coat of snow white paint.

MEN ARE THINKING ABOUT SUITS

• Cortley Clothes

We know that men and boys are thinking about clothing these days and we know that we have the best stock for you to choose from that you will find anywhere.

We have plenty of models in regulars, slims, stouts and stubs and a very wide range of patterns too that you'll like.

The prices are very reasonable, in fact we haven't been able to offer any such values as these for a long time. We are showing a large assortment of Men's two pant suits.

Suits for the boys who are going into their first long pants

The young fellow who is going into his first long pants wants as good quality and style as his Dad and he is entitled to it for the boys usually give their clothes hard wear and for that reason we have been careful to select the fabrics that will stand such

wear and at the same time give them the correct style in their suits too.

Men's Suits with one pants
From \$20.00 to \$35.00

Men's Suits with two pants
From \$27.50 to \$42.50

Boys' Suits with long pants
At \$20.00 to \$25.00

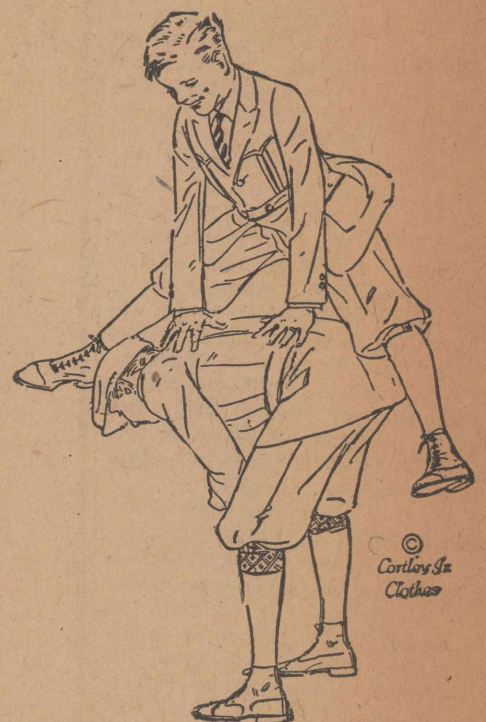

Boys' Suits

Boys' "Cortley Jr." Suits with two pants are the best suit values that can be bought and that is the kind of boys suits we sell.

We have given particular attention to the choosing of the patterns and fabrics that have been tailored into our boys suits and we believe we can offer you the best values you'll find in boys suits anywhere. We'll be mighty glad to show you these suits for your boys and we are sure that you will see the values without any persuasion on our part.

Price range from \$7.50 to \$20.00

Boys be sure to get that watch that goes with every suit you buy here.
