Third Annual Dairy Day Will Be Held Wednesday

Saturday, May 24, is Designated Poppy Day in Perryton

Wives Honor Men of Both World Wars

May 24, is Poppy Day for men and women of the American Legion Auxiliary will display poppies in all parts of the county in honor of the men of both world wars.

Wives of Jines and Mrs. Jines are chairmen of the poppy sale. Other members of the committee are Mrs. Jines, Miss Jane Rogers, Mrs. Jines, Mrs. Pearl Jines and Miss Anna Tevis.

Wives of Poppy Day will be the W. W. Virgil and those workers who are asked to report at 10 o'clock Saturday morning.

Afternoon workers are at noon. Girl Scouts will have the Poppy sale, and volunteer workers are at Mrs. Jines.

The program is designed for disabled veterans and their families. These veterans are No. 5, Page 6

Dennison Dies May 16

Services were held at 2 p. m. at the Methodist church for W. B. Dennison, Ochiltree county, who died Friday at the home of his son, Dennison, near Farnsworth.

Mr. Dennison had been quite ill, having a stroke. He was 85 at the time of his death.

Services were conducted at 2 p. m. at the home of H. L. Thurston, assisted by P. E. Rhine.

Bearers were Herndon, A. R. Hogland, Deane, H. C. Brown, A. J. and Harold Simpson.

Bearers were J. M. Talley, Sid Talley, R. T. Ed McMillen, Aldon W. Gray and L. H. Jines.

Funeral services were held at 2 p. m. at the home of Mrs. Jines.

Funeral services were held at 2 p. m. at the home of Mrs. Jines.

Legion Plans to Cut Wheat for Building Fund

The American Legion plans a "wheat harvest" this year which will retrieve wheat which would otherwise be wasted and at the same time will put money into the Legion building fund.

This wheat will be cut along the sides of county roads, and, where permissible, in corners of fields where wheat may be left standing.

The wheat thus harvested will be hauled to Perryton and sold, the proceeds going to the building fund.

A Legion committee of Sidney Jines, Harold Witt, B. H. Peck, Arthur Henry are making plans for the harvest. It is expected to use self-propelled combines.

See No. 3, Page 6

JUST HERE and THERE

The Farm Labor Committee of the Farm Extension Service has called a meeting of employers of harvest labor to meet at the courthouse, Saturday, May 24, 2:30 p. m., for the purpose of discussing labor, combine and truck needs for the 1947 wheat harvest.

At this meeting scales for labor hire will be set with the request that all wheat producers adhere to the rates set.

Texas county, Oklahoma wheat farmers met last week. See No. 7, Page 3

The People's Chapel, Newest Church in City Will Be Formally Dedicated Sunday, May 25

Dedication services for The People's Chapel, Perryton's newest church, will be held at the evening services on Sunday, May 25.

The new church is located on the corner of S. W. Second street and S. W. Ninth avenue.

Rev. and Mrs. Raymond Campbell are the ministers of the church. Both Rev. and Mrs. Campbell are ordained ministers who came to Perryton from Dallas, Texas.

Three services will be held on the dedication day. Mrs. Campbell will conduct services at 11 o'clock Sunday morning and Rev. Russell Swanson of Houston will hold services at 2 o'clock Sunday afternoon.

The dedicatory address will be delivered by Rev. Campbell at the Sunday evening services which start at 8 o'clock.

The People's Chapel is a non-denominational church. It was founded by A. J. George and his daughter, Mrs. Steryl Tucker, who felt that there was a need in Perryton for a church of this type, where persons with no religious affiliations could feel free to worship when they choose.

The church is open to everyone regardless of religious belief, and visitors will find a warm welcome, stated Rev. Campbell.

See No. 1, Page 6

Superintendent of Methodist Home To Speak Sunday

Dr. Hubert Johnson, superintendent of the Methodist Home at Waco, Texas, will speak at the Methodist church at the morning services on Sunday, May 25.

Dr. Johnson will bring a message of interest to all who love children. Many local people have met Dr. Johnson, and have found him versatile and a fluent speaker.

Much progress has been made at "The Home" under his leadership. Plans have been made to house all the children in lovely "Home" units. There are 420 boys and girls in the Methodist Home, and it is rated high by the national "Home" organizations.

A cordial welcome is extended to everyone who desires to hear Dr. Johnson speak. Rev. H. L. Thurston, pastor, stated.

See No. 9, Page 6

NEW CHURCH—The People's Chapel, non-denominational church, is located at the corner of S. W. Second street and S. W. Ninth ave. Rev. Raymond Campbell will deliver the dedicatory address on Sunday evening, May 25.

First Flood Control Meeting Held at Courthouse Saturday

"A flood control" meeting, the first of its kind ever held locally, took place at the courthouse Saturday morning, when representatives from the city council, county commissioner's court and the state highway department met to lay plans for draining water away from Perryton and aiding travel across the three lakes surrounding the town.

Present at the meeting were J. G. Lott, district engineer of the state highway department, with highway men Charles Smith and H. J. Harris; Judge Dave Shanks, Sheriff W. H. Lance, Bill Wilson; Mayor Rufus Boierjack, aldermen Debs Riley, Alton Boxwell and Giltner LaMaster; and county commissioners Audie Conley, Harlan Hawk and Clyde Devers.

As a result of the recent rains, Perryton residents have found themselves virtually cut off on the highways leading south, east and west. State highway trucks have maintained a 24-hour vigil at the lakes covering the highways leading out of town, and have been busy towing automobiles across the water.

See No. 9, Page 6

Local Teacher is First Patient in New Hospital

Miss Kathryn Coffey, music teacher in the Perryton junior high school, was the first patient in the new Sanford Hospital. Miss Coffey became ill Saturday night with appendicitis and was admitted to the hospital at 11 o'clock. She was operated on that night and is doing quite well, according to latest reports.

Government Wheat Bins are for Sale

Ochiltree farmers may purchase government wheat bins at a reasonable price, if they are willing to go to Nebraska after them, reports Elliott Lee, local AAA secretary.

These bins are of steel construction, from 2,000 to 2,730 bushel capacity and will sell for 10¢ per bushel capacity, Lee stated.

The purchaser will have to dismantle the bins and move them. Many farmers have inquired about purchasing storage bins, since it seems certain that much wheat will have to be stored on farms this year, if the crop yield produces as expected.

Interested farmers should contact Lee at the AAA office in the courthouse.

Sugar Rationing Now Handled at AAA Office

The sugar rationing program has been placed under control of the United States Department of Agriculture, and is now administered locally through the AAA office, located in the courthouse.

Persons who wish to secure ration books or replace lost or mutilated books may apply at this office.

Stores to Close For Memorial Day

All business houses and offices will close for the entire day, Friday, May 30, in observance of Memorial Day. Cafes, filling stations and drug stores will be open to meet essential needs of the public.

Memorial Day programs will be held at the Ochiltree, Blue Mound and Bethany cemeteries.

Interested farmers should contact Lee at the AAA office in the courthouse.

May is Wettest Month Since Last October

May has been the wettest month so far since last October, and Ochiltree county farmers are ready to call a halt, at least until harvest is over.

Rain for the past week totaled 4.34 inches, bringing the total for the month to 5.42 inches. Heaviest rainfall for the week came on Wednesday and Thursday, when 3.88 inches fell. On Monday night, another .46 inches came.

County agent Hood Willis stated that no wheat has been reported damaged, although more rain increases the danger of rust. Much wheat is heading now, and many farmers fear that more rain or high winds will damage the crop.

See No. 10, Page 6

Event Sponsored This Year by Tri-County Dairymen's Assn.; Dairy Specialists to be Here

A full program has been arranged for the third annual Dairy Day in Perryton, which will be held on Wednesday, May 28, at the county warehouse just east of the courthouse. Dairy Day this year is sponsored by the recently organized Tri-County Dairymen's Association, composed of members in Ochiltree, Lipscomb and Beaver counties.

Several dairy management specialists will take part on the program, including K. M. Renner, head of the Dairy Manufacturing Department, Texas Tech; G. G. Gibson of the Extension Service, Texas A. & M.; R. E. Burleson, district Extension Service dairy specialist; and R. B. Radcliff, city milk inspector of Pampa.

Home demonstration clubs, 4-H clubs, FFA boys, and interested farmers and stockmen from this tri-county area have pledged support to the Dairy Day, which promises to be an outstanding event.

The program will include exhibition and judging of dairy products, discussion of sanitary milk production, classification of See No. 4, Page 6

Memorial Day Program Set For May 30

Memorial Day will be observed at the Ochiltree Cemetery on Friday, May 30, with a program arranged by the American Legion and Veterans of Foreign Wars.

The program will start at 4 p. m. Veteran dead of both wars will be honored on this day.

The principal address will be made by Rev. O. C. Curtis, pastor of the First Baptist Church.

The program is as follows: Assembly, Giltner LaMaster, Legion commander. Advance of colors, color guards from the VFW and Legion; Quartet, A. R. Hogland in charge; Invocation, Ward H. N. Gregg; Roll call of all deceased veterans; One minute of silent prayer; Introduction of speaker, O. C. Watson, VFW commander; Address, Rev. O. C. Curtis; Decoration of veterans graves, Mrs. Dewey Allen, American Legion Auxiliary in charge; Taps, Paul Dowers and Dudley Hargrove; Retire colors.

Girl Scout Council To Meet Tuesday

The Perryton Girl Scout Council will meet on Tuesday evening May 27 at eight o'clock in the Methodist church. Plans will be made for summer girl scout camps and several officers are to be named.

Members of the council are urged to be present.

Swimming Pool To Open June 1

The swimming pool will open around June 1 this year, if necessary equipment for its operation arrives by that time.

New vacuum cleaning equipment has been ordered which will permit the pool to be thoroughly cleaned without draining. See No. 2, Page 6

Another 350 Miles of REA Line Approved

Approval has been granted by the REA in Washington for a loan of \$385,000 to construct 350 more miles of rural electric lines in Hansford, Hemphill, Lipscomb and Ochiltree counties, the North Plains Electric Co-Op was informed this week.

This additional unit, designated the "E" unit, will be constructed as soon as the "D" unit is completed, Earl Waide, NPEC manager, stated.

Of the 350 miles of line contained in the "E" unit, 158 miles will be in Ochiltree county. This will nearly blanket the county, making electricity available to every rural family who wants the service.

The "E" unit calls for 69 miles. See No. 8, Page 6

Rainbow Girls Sponsor Cooked Food Sale

The Rainbow Girls will sponsor a cooked food sale on Saturday, May 24, Mrs. W. E. Perry, sponsor, has announced.

The sale will be held at the Perryton Furniture Co., and will last all Saturday afternoon.

Lake Fryer, All 102 Acres of it, Drains Down Wolf Creek After Dam Collapses

Lake Fryer, all 102 acres of it, drained down Wolf Creek last night after the spillway at the dam broke. Only a narrow channel of water, the original spillway, remains where the water went most of the lake was stocked, although many were stranded on the dam and were picked up by rescuers who visited the place Friday and Saturday.

The first break in the concrete spillway was observed by John Coburn around 7 o'clock Thursday night. He notified soil conservation authorities in Perryton and Ralph Headlee, Bill Miller and C. M. Parker went to the dam that night, but nothing could be done to save it.

Water was about three feet above the spillway, cutting into the banks on both sides and cutting the earth underneath the concrete. The first break was in the center of the spillway, and other concrete slabs were flipped out of the spillway by the force of the water, observers said.

Although over four inches of rain fell in the 100 square mile area drained by the lake, the water in the lake was not any higher than it had been on numerous occasions before.

Faulty construction or planning was given as the cause of preliminary damage at the dam, H. H. Fennell, director of the Soil Conservation Service in Amarillo, stated.

The dam was constructed so that water could cut underneath the concrete spillway, weakening the structure and allowing it to give way under pressure of high water level. This cutting process had evidently been going on for some time before the final "wash-out."

Walter J. Caserta, lake supervisor for the Soil Conservation Service, was in Perryton investigating the break, together with engineers and photographers from the SCS regional office at Fort Worth. They have returned to Fort Worth with soil samples and pictures which will be studied before any recommendations relative to rebuilding the dam will be made.

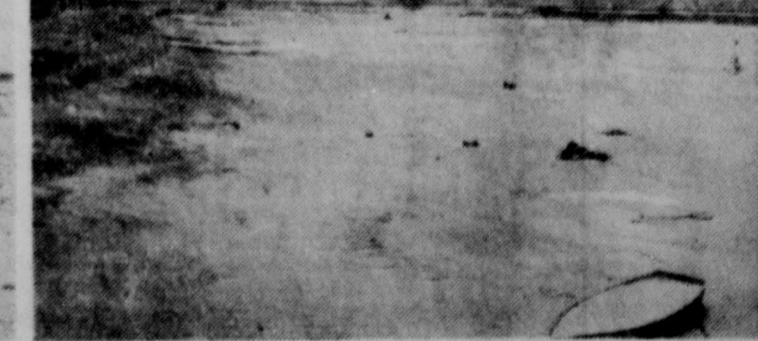

It will be difficult to secure early repair of the damage, since a special congressional appropriation will be needed under the present set-up. No money is now available from the federal government except for routine maintenance costs.

No estimate of the cost of rebuilding the dam has been made. It is hoped that the picnic area and recreation hall can be kept open during the summer. John Coburn, concessionaire, plans to operate at the lake as long as possible.

It took six years of effort on the part of local people to get the Lake Fryer recreational site established. In 1934, a movement was started to establish the lake and park, and in September, 1938, construction of the dam was begun.

Formal dedication of the dam was on July 21, 1940, when thousands of people from the North Plains flocked to the lake for an all day session of festivities.

Lake Fryer had become a favored spot for fishermen, picnickers and boaters from miles around. Fishermen from as far away as Guymon, Okla., and Pratt, Kansas, made regular trips to the lake, according to the concessionaire.

ACROSS TO CLUBHOUSE—This view, looking west from the clubhouse, shows how completely the dam and spillway were cut away by the force of the water.

BROKEN SLABS—The force of the water ripped apart the concrete walls on each side of the spillway and cut away the earth bank on the north side.

PORTION OF SPILLWAY—The concrete spillway, broken apart and carried away by the water, is shown as it looks now. The water cut underneath the concrete slabs, allowing the collapse.

SEA OF MUD—is all that remains of Lake Fryer now. In the foreground is a rowboat filled with water. In the distance is Wolf Creek, now reduced to a trickle.

In 1945 the U. S. postoffice handled 14,277,000 "dead" letters which could not be delivered because of improper addresses.

During 1946 one patient was admitted to a hospital in the continental United States every two seconds on the average.

The first Red Cross field hospital was set up at the battle of Shiloh during the Civil War April 7, 1862.

NEW MINISTERS—Rev. and Mrs. Raymond Campbell, above, recently moved to Perryton from Daisetta, Texas, to be ministers for The People's Chapel, non-denominational church located at the corner of S. W. Second street and S. W. Ninth avenue. Dedication services for the new church will be held on Sunday, May 25.

Services Held At Booker for Carol Trospen

Funeral services for Carol Trospen, who lost his life in an automobile accident May 11, were held in the Booker Baptist Church on Thursday, May 15, with Rev. H. L. Thurston and Rev. Cecil Otringer in charge. Carol Milford Trospen was the youngest son of Mr. and Mrs. Kenneth Trospen. He was born on June 23, 1930 at the country home of his parents, 9 1/2 miles northeast of Perryton.

He was always happy and had a smile for everyone. To know him was to love him. At the time of his death, he was a junior in Perryton high school.

Funeral bearers were Bob Thurston, Morris Wilson, Larry Unruh, Wayland Cook, Don Rogers, Gene Stinson and Calvin Schroeder.

Flower girls were Elaine Dietrich, Rozelle Vaughn, Deloris Cummins, Verla Hummer, Colleen Milledge, Shirley Bess Hearn, Dorothy George and Martha Seelig.

Survivors include the parents, Mr. and Mrs. Kenneth Trospen; two brothers, Dwight of Oakland, Calif., and Dwayne of Perryton; a sister, Rhea Jean of Perryton; and the grandparents, Mr. and Mrs. R. A. Custer of Elmwood, Okla., and Mrs. Era Trospen of Perryton, one sister-in-law, Mrs. Dwight Trospen, nineteen uncles, seventeen aunts, twenty-six cousins and a host of other friends and relatives.

Interment was in the Heart Cemetery at Booker.

Mrs. Joe Watson Resigns as VFW Auxiliary Head

Mrs. Joe Watson, head of the VFW Auxiliary since the founding of the organization last year has resigned, and her place has been taken by Mrs. Alvin Koehn. Mrs. Koehn was formerly senior vice-president.

Mrs. Bill Wilson, senior vice-president, D. B. Pearson, vice-president, and business meeting last night. The VFW Auxiliary will begin at 8 o'clock on May 29 for all members and their wives will begin at 8 o'clock in Legion Hall.

Mr. and Mrs. E. W. Mildred, William Smith, all of Perryton Sunday in the home of Mr. and Mrs. Theissen and some of the Methodist church which the Theissen daughter, Malinda, christened.

Citizenship Awards Announced for First Eight Grades

Thirty-eight citizenship awards were presented to pupils in the elementary grades and junior high school by principal Gilbert Mize during the closing week of school.

The awards, given by the American Legion Auxiliary each year to a boy and girl from each home room, are made to those pupils considered the best citizens during the year. Conduct, scholarship and aid to others are factors considered in selecting recipients for these certificates. Selection is made by the faculty.

Pupils receiving citizenship awards for this school term are: 1-A: Ben Flowers, Dixie Conley; 1-B: Zack Miller, Kathryn Hunter; 1-C: Russ Thomas, Martha Wills; 2-A: Kent Apple, Charmaine Dodson; 2-B: Gary Holland, Jo Morris; 2-C: Larry Pletcher, Carolyn Tevsnough; 3-A: Ray Castle, Connie Edwards; 3-B: Glen Simpson, Geraldine Parker; 4-A: Jerry Conner, Joy Anderson; 4-B: Mitchell Murry, Jane Malone; 4-C: Don Drew, Phyllis Vernon; 5-A: Don Bell, Kay Caylor; 5-B: Bobby Wilson, Kay LeMaster; 6-A: Gene Devers, Carolyn Dunlavy; 6-B: Benny Bob Kerns, Shirley Rice; 7-A: Veri Downey, Barbara Bruner; 7-B: John Keeling, Dorine Wright; 8-A: Freddie Denny, Mary Hummer; 8-B: Raymond Vaughn, Roberta Tinney.

Equity Meeting Is Well Attended Despite Rains

Four directors were re-elected and one new director was elected at the annual stockholders meeting of the Equity Exchange, held at the home office in Perryton on May 15.

The new director is Eris Pittman of Morse, who replaces T. J. Harbour of Spearman on the board. Directors re-elected were H. C. Brillhart, Audie Conley, Sam McLain and Fred Turley.

There were approximately 200 stockholders present at the meeting in spite of the torrential rains which prevented many rural residents from coming. The rain also prevented E. N. Puckett of Enid and Ralph Snyder of the Wichita Bank for Cooperatives from attending the meeting.

Harlan Hawk was the winner of a drawing in which a Westinghouse portable radio was given away.

A noon meal was served to the 200 persons present.

Mrs. Lora Littleton, who had the misfortune of breaking a leg several weeks ago, is able to be up and on crutches.

Funeral Service for Mound Cemetery

Funeral Day program will be held at the Blue Mound cemetery, May 30, 10 a. m. at the home of Perryton will be principal address. Ar

thur Gray announces that a well balanced program is being arranged for the observance.

C. A. Hoover, a member of the cemetery board, asks that all persons interested in the cemetery join in the annual clean-up on Monday, May 26. Workers will be at the cemetery at 9 a. m. with pick-ups, wheel barrows, shovels, hoes, rakes and other tools.

No. 7 Continued from Front Page

at Guymon and adopted the following wage scale for the Guymon area.

Custom Combining: \$3 per acre up to and including 15 bushels, 10¢ per bushel over 15 bushels per acre.

Single Labor: Unskilled, \$6 per day. Tractor and truck men, \$8 per day. Combine men, \$10 per day. Board included.

Hauling: Five cents per bushel up to and including 5 miles. One half-cent per bushel per mile over 5 miles.

There is no method to enforce compliance with any wage scale that may be determined by employer groups, but we think without question that high wages paid by wheat farmers in the Perryton area has been responsible to a very great extent for the super-inflation in this particular area. We believe that without question wages are higher in the Perryton area than any place in the Southwest. We also feel certain that farmers, who are now making big profits, become frantic for labor and bid up the market, thus setting a pattern for not only farm labor but all kinds of labor, both skilled and unskilled.

It's getting high time to get woda to earth. It looks like inflation has just about hit the peak with Perryton setting on the very top of the heap. When labor prices get back to normal other prices will go down in proportion.

A belated "thank you" is due to Sheriff W. H. Lance for his assistance in securing pictures for the Sanford Hospital and Clinic that were used by the Herald last week in publicizing the opening of this fine institution. We should have given the sheriff a by-line on the pictures.

H. L. Gibson & Sons
See Us For Fireproof Stran-Steel
QUONSET
Farm Buildings
North Main
Perryton, Texas

Several months ago we wrote about our coming to the Panhandle 39 years ago and when we got off the train at Liberal, the wind grabbed our city slicker hat, and away it went across the prairie, never to be seen by us again.

Mrs. B. B. Kent writes us from Amarillo, wondering if it might have been a "derby" hat. No Mrs. Kent, it was not a derby, but just about as bad. She said that when they landed in Beaver county in 1906, Burley was wearing a "derby" hat, and what a hat it was. It was a little bit of a plug, round and hard. Would have made a good football. It was his Sunday hat for years.

Mrs. Kent goes on to say that we had one more room in our two room dugout than they had but she would bet that they had the most fleas. Well now Mrs. Kent, I don't know about that. We couldn't sleep at night until we dusted the beds with flea powder and sometimes we would have to get up in the night and repeat the dusting operation along with a flea picking "Bee".

Now that brings up a \$64 question for those who went through the flea-bitten days of yesterday. What became of all the fleas that used to be almost an accepted part of life in the early days of this country?

Lake Fryer is no more . . . when the spillway at the dam went out last week, allowing the water to drain, down the creek went the fish, leaving nothing but little Wolf Creek meandering through a mud flat, the former bed of what was once the Panhandle's prettiest lake and recreation sport.

The Southwest has lost one of its greatest play spots . . . not only Ochiltree county folks, but people from all the Texas and Oklahoma Panhandles and Southwest Kansas came to Lake Fryer for fishing, picnics and outings.

The development of Lake Fryer just did not happen. Years of work and money was expended in the promotion of this playground before actual work ever started. We know that those who worked so hard to get the park started will work just as hard to see that the dam is repaired.

From an engineering angle, it has been known from the time the dam was completed that the spillway design was faulty. It has just been a matter of "when it would fail" almost from the time the lake started to fill. Now, if and when funds are available, it will be possible to cash in on past mistakes in design and location and build a spillway that will hold.

True sportsmen, who have assisted in building up the fishing in Lake Fryer over the years, were dismayed at the wanton waste and destruction of thousands of pounds of fish since the lake drained. Most of this was unnecessary and should have been stopped by the proper authorities. Even though they were lost to Lake Fryer fishermen, a sane conservation policy would have made these fish available to real fishermen in waters on down the creek from the prostrate lake.

Certificates Awarded to 84 School Pupils

Three-way certificates were awarded to 84 pupils of the elementary and junior high school by principal Gilbert Mize at the close of the school last week.

These certificates are based on scholarship, attendance and citizenship. A pupil, to be eligible, must have been a B average, must have been a good citizen and not absent over 12 times during the school year.

The following pupils received three-way certificates this year:

Labor and Prices

The key to the price problem is largely in the hands of labor. Business is responding to the best of its ability, to President Truman's appeal that prices be reduced whenever possible. A number of price cuts, mostly of a minor character, have been announced. Business knows that if costs rise to the point where vast numbers of consumers are priced out of the market the result will be disastrous to an economy which is based on mass production and mass distribution. Most businesses—and this includes practically all basic lines which determine the general price structure—are not earning anything resembling excessive profits, and major price reductions are impossible under present conditions. If labor keeps on demanding wage increases without attempting to increase worker productivity, prices will inevitably follow the trend. The whole history of serious inflation has been that prices always go up farther and faster than wages and salaries. If labor leadership is intelligent, it will devote a major part of its efforts to protecting the workers' purchasing power—and the only way to do that is to maintain the value of his money. The number of dollars a man earns is of far less importance than what each dollar will buy.

The leading retailers of the country, including both chain and independent stores operators, are working with the manufacturing industry in an effort to reduce and to stabilize prices in all fields. Retail trade is doing everything in its power to help the beleaguered consumer. But these efforts cannot succeed if the policy of labor is to demand more money for less work.

Dr. and Mrs. Marvin Cartwell Overton, Pampa, were among the visitors at the Sanford Hospital, Saturday.

Mrs. Lydia Holdeman, Mrs. Bob Kile and Mrs. Spencer Whitpo were shopping in Amarillo on Monday.

Babson Discusses Efficient Education

ROGER W. BABSON, Editor-in-Chief

KANSAS CITY, Mo., May 16—Many young job hunters today are not being received too cordially by employment managers. There are two reasons for this: (1) during the past decade our young people have acquired the very curious attitude of "anything that goes is good enough"; and (2) too many are too poorly prepared in the basic tools of learning—fundamentals of good speech, writing, spelling, self-expression, and simple arithmetic—to be good risks for the employer.

"Get All You Can for as Little as You Can"

Personnel men tell me that post-war lawlessness, lack of respect for authority and disregard for the rights of others are too common with job hunters today. The attitude to "get all you can for as little as you can" is the chief cause of the increasing cost of living. Young people who have this attitude are reported by businessmen to be indifferent toward their work and poor in attendance. They also fail to recognize the importance of good health and living habits. These young people make the mistake of expecting raises and promotions simply on the basis of

time served. These would-be workers have yet to recognize that every little assignment well done is the best way to earn promotions and salary increases.

These young people are not wholly to blame. Our 16-27 year olds have yet to live in a normal economic era. They were born into "the world gives us a living" political age and matured in an unnatural wartime economy. The fact remains, however, that too often both schools and parents have failed in their attempts to build healthy attitudes toward life and work. Character and personality traits can be developed by our schools with proper educational experience and wise counseling. This task is paramount today in the training of our youth and should cease to be considered outside the realm of teaching. What good is a trained intellect without those personal and spiritual qualities which make for competence?

Teach Them the "3 R's"

Just before Everett W. Stephens, Personnel Director of Babson Institute, recently came to us from Boston University he completed a three year study of some 100 secondary schools throughout New England. He and his staff administered "achievement and aptitude" tests to more than 30,000 pupils in grades 9 through 12. The appalling revelation is that the average New England schoolboy cannot read well; furthermore the further he goes in school, the slower his progress becomes!

Because these New England youngsters can't read and understand what they read, many high school graduates today cannot solve a simple arithmetic problem. They can add and subtract, but they cannot make their addition and subtraction do anything for them. Employers out here in the Central West assure me that this applies only to children from the large cities, not to those from the small rural communities.

Qualities Business is Looking For

Business and industry are clamoring for young people who show some creative ability, who can comprehend what they read, and who can make simple mathematical calculations. They are also searching for emotionally stable young people filled with vim, who are also sincere, loyal, dependable, resourceful, but still willing to learn. Business needs young people who have not only the willingness but the ability to assume responsibility and to cooperate with and inspire others.

Business also sorely needs young people who can think and pray. The ability to make correct decisions cannot be learned by merely memorizing facts. It cannot be "mass produced" in large classes with busy work and soundies. We need small classes, taught by more seasoned teachers who themselves know how to recognize problems and determine issues, seek pertinent facts, develop alternatives and reach reasoned decisions.

Business and Education

I am sometimes criticized for writing about Education and Religion in these columns instead of writing about Business. To such criticisms I can but reply that good business must be preceded by good education and good religion. Higher standards of living do not come from wishful thinking. They come from blood, sweat, and tears. The gaps between education, religion and business must be bridged.

CARD OF THANKS

We want to express thanks and appreciation from the depth of our hearts to each and every one for their acts of kindness in so many ways during the loss of our son and brother, Carol. May God bless you all.

Mr. and Mrs. Kenneth Trospier and family

Marriage Licenses

Glen E. Bowling of Borger and Miss Thelma Jean Smith, also of Borger, were issued a marriage license at the county clerk's office on Saturday, May 17. Judge Dave Shanks performed the marriage ceremony in his office that afternoon.

Benton Campbell of Beaver and Miss Helen Louise May of Forgan were issued a marriage license Saturday and were married by Rev. Henry P. Thomas that day.

Mr. and Mrs. Geo. W. Cutter returned Monday from a visit with their son, Rev. and Mrs. Addison Cutter and Madolyn in Oklahoma City and with their daughter, Mr. and Mrs. L. M. Smith at Waurika, Okla. While in Oklahoma City they also visited Mrs. John Hall.

Mrs. B. A. Johnson spent the week-end in Amarillo.

SHOWING TIME

NIGHT: 7:30—9:30 p. m.
SATURDAY MATINEE: 3:00 p. m.
SUNDAY NIGHT: 9:00 p. m.
PREVIEW: 11:45 p. m.

Thursday - Friday May 22-23

Laraine Day, Brian Aherne, Robert Mitchum, Gene Raymond, Sharyn Moffett, Ricardo Cortez, Henry Stephenson, Katherine Emery and Reginald Denny in—

"The Locket"

The plot revolves around the kleptomaniac tendencies of the heroine, in whom an unfortunate childhood experience has bred the compulsion to steal. Her thieving is equalled by a remarkable ability to conceal her crimes.

Saturday May 24

David Sharpe, Chief "Tonto" Thundercloud, Leroy Mason, "Thunder" the Wonder Horse, and "Captain Boots" famous police dog in

"Silver Stallion"

An all-round outdoor thriller including all your favorites. A new high in gripping adventure... You'll thrill to the almost human behavior of "Thunder" the wonder horse and "Captain Boots", the famous movie police dog.

Sunday-Monday, May 25-26

Van Johnson, Keenan Wynn, Pat Kirkwood, Xavier Cugat and his orchestra, Guy Lombardo and his orchestra, Edward Arnold, Marie Wilson and Leon Ames in—

"No Leave, No Love"

That-man-Van in a picture full of love and laughs and music! Van's in love and he's so romantic. Keenan Wynn's along for the ride and he's riotous. Pat Kirkwood makes her screen bow and she's sensational.

Tuesday - Wednesday May 27-28

Richard Denning, Catherine Craig, Russell Hayden, Ann Doran, Byron Barr, Richard Loo, Don Castle, George Tyne and Keith Richards in—

"Seven Were Saved"

Two women and six men on a raft and only seven can be saved! Death plotted their course... daring saved them from it... and fate arranges the strangest situation a woman ever faced!

Thursday - Friday May 29-30

Glenn Ford, Janis Carter, Barry Sullivan, Edgar Buchanan, Jim Bannon, Sid Tomack, Barbara Wooddell and Paul E. Burns in—

"Framed"

An intense, down-to-earth film dealing with the dramatic clash of a double-fisted guy and a double-crossing gal... A tough young mining engineer with a taste for liquor and women. Meets blonde Janis Carter and the fireworks start!

It takes 150 years for a slow growing cedar to reach a size suitable for use as a wire service pole. Southern pine will reach the same size in 50 years.
The value of the 1946 harvested crop of stone fruits—peaches, plums, prunes, cherries and apricots—is estimated at \$230-million.

Over 2,000 Visitors Sign Guest Book at Hospital Opening

Over 2,000 visitors signed the guest book during the two-day open house of the Sanford Hospital and Clinic held on Saturday and Sunday, J. D. Everett, business manager, reported.

The entire staff was on duty during the two days, ushering the visitors through the hospital and pointing out the various features.

People came from Amarillo, Pampa, Borger, Canadian, Miami, Gruver, Spearman, Booker, Panhandle, Follett, Darrowzett, Woodward, Shattuck, Mayfield, Okla. Beaver, Enid, Erick, Guyton, Medicine Lodge, Kansas, Pratt, Liberal, Neodesha, Kansas, Garden City, Dumas, Stinnett, Frith and Dalhart.

The inside of the building was filled with congratulatory flowers and many persons sent messages of congratulations on the opening to Drs. Roy K. and Herbert M. Sanford.

Rufus Raney, linotype machinist on the Avalanche-Journal, Lubbock, was a Herald office visitor, Monday. Rufus started at the printer's trade under the late Oran Kelly on the Spearman Reporter. He then attended the Mergenthaler Linotype Co. school at New Orleans, entering the employ of the linotype people as a machinist before completing school training. Then followed a number of years as machinist on various Southern daily newspapers before settling down at Lubbock. Rufus was visiting with relatives at Spearman. He was in Perryton, looking after the legal end of the sale of a Hansford county farm to Gus Birdwell.

Christian Church Laboratory Training School Opens May 26

Religious education leaders and students from three states will meet in Perryton on Monday, May 26, for a five-day Laboratory Training School designed to give training and practice in the religious education of children.

Mrs. Paul Campbell of Fort Worth, State Director of Children's Work of the Christian Churches of Texas, will arrive in Perryton Friday to complete plans for the school. Others arriving with Mrs. Campbell will be Mrs. Constance Horton, Director of Religious Education, Central Christian Church, Austin, who will direct the work of the Junior Department; Mrs. Earl Stinson, Director of Religious Education, Waco, who will be in charge of the Kindergarten Department; and Miss Vivian Case, Director of Religious Education of the First Christian Church, Lubbock, who will direct the Primary Department.

Ward H. N. Gregg is local chairman for the school. This Laboratory Training School is one of six such schools being held in Texas this year. Other schools are being held at San Benita, Austin, Midland, Beaumont and Dallas.

Approximately 40 out-of-town teachers are expected to take this training, together with a number from the local church.

The Laboratory Training School is a five day Observation Practice School for those persons interested in the religious education of children. A Vacation Church School is provided for boys and girls and becomes an Observation Practice School for the adult leaders.

Student-teachers and their

seives in many learning situations, through observation of skilled workers, through practice teaching, a study of a standard leadership education course, guidance reading in a carefully chosen library, participation in periods of evaluation of all experience, personal conferences on specific problems, through playing and working together with both leaders and children.

Teachers, department superintendents, parents who will share responsibility for children's work, preachers who want to help in working with children, and children's work counselors, also persons who have the responsibility for planning the total program of the local church will be attending this school.

A registration fee of \$3 is being charged to meet the expenses of the school. A lunch will be served each noon for the teachers at a nominal cost.

make the poppies in government hospitals and in special convalescent workshops maintained by the Auxiliary. Every penny realized from the sale of the poppies goes directly to these disabled veterans and their families.

No price is fixed for the poppy. Children's pennies and adult's dollars are equally acceptable. The amount given for the poppies is a donation to relieve the suffering caused by war. It is one way for a nation to show appreciation to those who have given of their health, their time, and their lives for their country.

combines which will be easier to handle on the "gleaner" operations.

The county commissioners' court has given permission to the Legion for this program along county roads. Ordinarily, the volunteer wheat standing by the roads is mowed before it becomes ripe, but this year the county will let it stand until the Legion cuts it.

It has been pointed out that there are strips left inside fields where the combine makes the first round, and oftentimes these strips are not cut. The Legion will cut these strips and clean up a field, if the owner does not object.

No. 4 Continued from Front Page

40 dairy animals, public judging of dairy cattle, addresses by the dairy specialists, and two moving pictures.

A noon meal will be served through the courtesy of the Lions and Rotary clubs, who are holding a joint meeting that day at the Dairy Day headquarters.

Program

10 a. m.—Dairy Products Judging, K. M. Renner, Texas Tech, and G. G. Gibson, Extension Service.

10:30 a. m.—Sanitary Production of Milk on the Farm, K. M. Renner and R. B. Radcliff, city milk inspector of Pampa.

11:00 a. m.—Discussion

11:15 a. m.—"Film Dairy Houses."

11:45 a. m.—Lunch and entertainment.

12:15 p. m.—Public Judging, directed by G. G. Gibson.

1:00 p. m.—Classification of Dairy Cows, G. G. Gibson and R. E. Burleson, Extension Service.

2:00 p. m.—Breeding Dairy Cattle, G. G. Gibson.

2:30 p. m.—Feeding Dairy Calves, G. G. Gibson.

3:15 p. m.—Film, "Milk, Nature's Perfect Food."

No. 1 Continued from Front Page

Of concrete and brick construction, the church has attracted much attention for its attractive design. It is 30 by 74 feet in dimensions and has a choir room and two large classrooms in addition to the spacious auditorium.

The interior of the church is finished in knotty pine, which gives a pleasing and distinctive appearance.

All of the seats are of cushioned leather, and the normal seating capacity is 200 persons although the capacity is approximately 300.

The two upper balconies at either end of the church are used for classrooms and may be used for seating during church services, as both balconies afford an excellent view of the auditorium. A Hammond organ has been ordered and is expected to arrive within the next week or so.

Construction of the church was started on February 20, 1947, and it was completed on May 17.

the water. The pool will be painted and the buildings and grounds will be given a thorough cleaning before the pool is opened.

No arrangements have yet been made for an operator of the pool this year.

No. 6 Continued from Front Page

Gilmore, Claudia Jo Stump, Rosa Lee Hendrix and Jo Copeland.

Mr. Dennison is survived by a son, Allan; a daughter, Mrs. O. R. Truax of Perryton; and a brother, Charles H. Dennison of Sunset, Texas.

Interment was in the Ochiltree cemetery.

Obituary

Wallace Burton Dennison was born to Captain James and Annie Harriet Dennison on July 27, 1861 at North Shields, England, and died at Farnsworth, Texas on May 16, 1947 at the age of 85 years, 9 months and 19 days.

He was the second of five children. The eldest, a daughter, died at an early age, leaving Wallace Burton, James Henry (deceased), Arch (deceased) and Charles Herbert, who was present for the funeral.

"Cap" was a member of the Church of England or Episcopal Church. When he was a boy in England, he sang in the boys' choir of Christ Church and often remarked that these were the happiest days of his life. At the age of 19, he made an extensive ocean voyage to South America.

The Dennison family moved from England to South Texas in 1881 where the sons worked for the early day railroads. "Cap" worked on the State Capitol building and later ranched in Oklahoma.

He was married to Eliza Foster on December 25, 1894. Two sons, one having died in infancy, and a daughter, were born to this union. His wife died on March 27, 1901 at Granite, Okla.

They came to Ochiltree county in 1903, where he made his home for the next 44 years. He was a pioneer in the mercantile business in the county, forming a partnership with J. M. Blasingame both at Glazier and old Ochiltree.

"Cap" was a successful and progressive farmer. He was one of the men who helped organize and develop the Equity Exchange, and served as president of the organization. He was also a charter member of the First National Bank of Perryton.

In 1927, he and his son made a trip to England, visiting scenes of his boyhood and renewing friendships he had made in his youth.

A few years ago, he retired

and made his home with his son on the farm near Farnsworth where he passed away.

"Cap" Dennison will be remembered as an active, alert man of high principles. He will be greatly missed by his many friends and relatives.

No. 8 Continued from Front Page

in Hansford county, 62 miles in Hemphill county and 61 miles in Lipscomb county, in addition to the 138 miles in Ochiltree county.

Work is now in progress on the "D" unit, covering 45 miles in Ochiltree county. The "A" unit already in operation, covers 82 miles, and with the completion of 45 miles in the "D" unit, there will be 285 miles of rural electric lines in Ochiltree county.

At the directors meeting of the North Plains Electric Co-Op, held in Perryton Wednesday afternoon, authorization was given to proceed with the engineering work on the new line, so that the unit may be started as soon as the "D" unit is finished sometime in July.

About one-half of the necessary materials are on hand for the "E" unit, Waide stated.

The 45 miles of "D" unit will extend through the south portion of Ochiltree county, from Wolf Creek through old Ochiltree and will service members west of Perryton. Another section of the line north and east of Perryton is included in the unit.

The first section of the 158 mile "E" unit will start at Wolf Creek and be laid north to the Glasgow farm, where it will divide. One section will go north to Huntoon, crossing highway 117 near the J. S. Thrasher farm, then on north to the state line.

The other section will go east and service members just east of Perryton.

Construction is being done by the Reeves brothers of Decatur, Texas.

No. 9 Continued from Front Page

Water is still pouring into these lakes from surrounding wheat fields.

The city council has been swamped with requests from people living across the railroad tracks in the north part of town who want the water drained out of their streets and yards.

The deepest lake is the city lake south of town, where water covers the highway to a depth of two feet. The lake across the highway west of town is approximately 14 inches deep. The Booker lake east of town is approximately a foot in depth.

At the meeting, it was decided to attempt to drain the south

lake into the Brillhart lake, about two miles southeast. Lott stated that either the lake should be drained or the highway would have to be raised. It was pointed out that draining the lake would be of more advantage to the city, since the water offers a breeding place for mosquitoes.

The plan for draining the lake is still in the formative stages. Permission and right-of-way for a drainage ditch must be secured from land owners between the city lake and the Brillhart lake, which is on the M. L. Brillhart land. Either plan will cost money, and the cost has not been estimated at present.

Regarding the west lake, Lott stated that the highway department intended to raise the highway at that point and would begin work on the project in the near future. He pointed out that it would be easier to drain the lake toward the east, but this would merely dump the water in Perryton, making the city situation worse than it is.

The north section of town will be drained towards the north east and east. At present, the culverts across the highway and in the ditches in front of the Southwestern Industrial Works building, the Foote Truck and Tractor Co. building, the R. H. Holland farm, and the Charlie Kent farm are too small and are placed too high to allow water to run freely.

These culverts will be replaced with larger ones, allowing the culverts across the highway to run to the east.

All of the lakes in the area have been filled as a result of heavy rains coming at intervals. Pilots have reported that the county seems to be under water when viewed from the air. The largest lake in the county is the Brillhart lake, which covers an entire section which is dry, or nearly dry, in Lake Fryer.

The rains have brought the county highway department so muddy that the program to spray the roads until the fields dry has been added.

No. 10 Continued from Front Page

might break down the road. The rains have brought the county highway department so muddy that the program to spray the roads until the fields dry has been added.

Mr. and Mrs. T. V. Elzey returned Sunday from Los Angeles to spend the summer on the L-Z ranch on Wolf Creek. Mrs. Elzey has been in Los Angeles since January, but she had made a trip to Perryton earlier, returning to Los Angeles bringing his wife to Texas.

Spanish Rhythm, Western Pioneers, and Hoe-down Fiddle All Combined to Make Texas Square Dancing What it is Today

GARTH JONES
Associated Press Staff

SQUARE DANCE CONFERENCE—As honorary chairman, Gov. Beauford Jester poses with members of the Texas Square Dance Festival, a statewide organization sponsoring square dance contests. Left to right, they are: A. A. "Pop" Wheeler of Austin, Henry Hudson, Gov. Jester, Mrs. Paul B. Baker of Austin, chairman of the festival, Ed Hill and J. M. Tidwell. (AP Photo.)

ed back to the square figures of the Quadrille danced in the old English and French courts," Mrs. Baker said.

"Back in the east they still square dance to a slower tempo and with more gliding steps."

"When the pioneers moved west the dance came with them. Our forefathers were more energetic and believed in playing and dancing harder without so much formality," Mrs. Baker declared.

"Usually a fiddle and maybe a banjo were the only instruments. The dance began to pick up tempo and variations."

Mrs. Baker says the two-step measure in most of the Texas squares came from the influence of Spanish music across the border.

"Square dance calling is new too," she said. "There was no calling in the old English and French dances."

"Our old time fiddlers added the calling because many of the dancers couldn't recognize the step unless it was called. Besides, it livened up the party."

Today Texas is recognized as the home and center of cowboy square dancing. Almost every town of any size has a group of enthusiasts who get together once a week to dance the old steps and learn new ones.

In many towns and cities square dance groups have been organized to visit and compete in other communities. Some carry their own fiddlers and musicians with them. The men dress in boots and western clothes and the women wear the calicos and

PIRATES AND PULCHRITUDE

Miss Fay O'Connor as Miss Buccaneer days, heads for the crow's nest to shout an invitation to Corpus Christi's biggest celebration, Buccaneer Days, June 12-13-14. So many events are being offered they couldn't all be held on land—many take place in the colorful bay on the waterfront.

ginghams of a century ago.

It was in the interests of such groups as these that the Texas Square Dance Festival was born.

The Festival was organized Jan. 21, 1947, when a large group of dancers came to Austin to perform for Gov. Beauford H. Jester's inauguration.

The charter group decided to promote state-wide participation in the old Texas dances by sponsoring dances or festivals in various Texas cities. The idea was to give an opportunity for all square dance enthusiasts to gather together for fun and fellowship, to demonstrate dances as danced in different localities, and to set up periods for teaching and discussing new dances.

Then at least once a year the different sections of the state

would send their best square dancers to Austin for an all-state Texas Square Dance Festival.

Present plans are for the sectional festivals to begin the latter part of May.

El Paso will sponsor festivals on May 24, Oct. 4, and Nov. 15. Fort Worth will have a festival May 31. The sectional dance for Austin will be July 3.

The first all-state festival is planned sometime in January, 1948. There will be three full days and nights of dancing and frolic.

Charter member cities in the Festival organization are Abilene, Amarillo, Anson, Austin, Dallas, El Paso, Fort Worth, Houston, San Antonio, Stamford, Sweetwater, Temple, Tyler, and Tucumcari, N. M.

Officers of the organization include Gov. Jester, Honorary chairman; Walter Bremond, Jr., business manager; James P. Nash, president; Mrs. Roy E. Smith, vice president; Mrs. Baker, chairman.

Sectional chairmen of the 13 sections of the state include: Jack Fomby and Bob Sumrall for the area surrounding Sweetwater and Abilene; Herb Greg-

erson, El Paso; W. H. Keeling, Dallas and part of East Texas; Manning Smith, Bryan; Ida Mae Williams, Fort Worth; Grady Wilson, Amarillo; Dr. C. D. Journell and Mrs. A. Storey, Houston area; Doris Johnson and Ellen Easley, Kerrville area; Mrs. Baker, Austin area. Sectional leaders for the Corpus Christi and Harlingen areas have not been named.

Mr. and Mrs. Arthur Elmore of Amarillo were in Perryton Saturday night and Sunday to be at the bedside of his mother, Mrs. Laura Elmore who underwent surgery at the Perryton hospital.

From where I sit... by Joe Marsh

When Ed's Crops Failed

Three years ago Ed Smith's luck went bad. His crops failed, and it wasn't long before Ed's home and furnishings were up for auction.

Half the town turned out, and Ed must have thought his neighbors were a bunch of hungry vultures—buying up all his precious possessions for a song.

When it was over, and the auctioneer had left, Sam Abernathy turns to the crowd and says: "All right, folks, let's take time out for a glass of beer, and then put this stuff back where it belongs!"

Two hours later, Ed was in possession of his home and furnishings; and the folks who'd paid for them were sitting around Ed's fire enjoying a neighborly glass of beer—to show their friendship and their confidence in Ed.

Today, Ed's back on his feet—another constructive member of the community. And from where I sit, we've all been well repaid—a good investment in a good man.

Christian Science

"Soul and Body" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, May 25.
 The Golden Text is: "Why art thou cast down, O my soul? and why art thou disquieted within me? hope thou in God: for I shall yet praise him, who is the health of my countenance, and my God" (Psalms 42:11).
 Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Know ye not that ye are the temple of God, and that the Spirit of God dwelleth in you?" (1 Corinthians 3:16).
 The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Because of human ignorance of the divine Principle, Love, the Father of all is represented as a corporeal creator; hence men recognize themselves as merely physical, and are ignorant of man as God's image or reflection and of man's eternal incorporeal existence" (page 133).

The golden nematode, almost microscopic soil pest which now infests 65 to 75 per cent of England's potato fields, thus far is confined in America to an important potato-growing area on Long Island.

SELL with WANT-ADS

SPEAKING OF MY RELIGION

I have heard old people like me contribute their long lives to eating plenty of eels, lettuce and poke-salad. I contribute mine to the influence of my church. Through thick and thin she has stood there welcoming friend and foe, christian and non-christian. Of course what a fellow eats has to do with the length of his life but HOW HE LIVES has much more to do with it. That's why I'm so happy now, I suppose. My formula for living a long time is traceable to my church. Why, I was married there. I brought up my family with the blessings of my church to help. If you want to know something about this church business—I count myself a real citizen and it's because of my church. You know character is about all that's lasting and worthwhile and the church is where you mold it.

If a lot of our DELINQUENT FATHERS and MOTHERS would shoulder their responsibilities like fathers and mothers should there would be little necessity for all this talk about JUVENILE DELINQUENCY. The parents miserably fail and what else can you expect?

It would be your greatest decision—to resolve right now that you will support your church with your money, your presence and your prayers regularly.

What the Teens Want is a Good Time and a Chance to Grow Up

By MRS. MARION L. FAEGRE
Consultant on Parent Education
U. S. Children's Bureau
(Written for CP Newsfeatures)

WASHINGTON — "All they want is a good time!"
"Say who?" Says you, if you're a parent who doesn't stop to read between the lines. Looking at the bright surface of the teenage with its quips and cracks and its bare-faced demands, that's what we see—pleasure-seeking, carefree and careless young creatures. Impervious to others' rights. Drash and empty-headed. No sense of responsibility.

But look again. Here's 15-year-old Jack, who's earning the money for all his own clothing. He and his start age-less companions than those who spend their time tearing around in roadsters—but there are a lot more of them.

Here's Douglas, who on his own initiative has worked up a neighborhood clientele whose windows he washes. Such cases illustrate strikingly how eager adolescents are for jobs. Getting into mischief is for some youngsters the only outlet they can find for overflowing energy. No jobs, no home workshop, no recreation field to let off steam.

As for a sense of responsibility, don't most adolescents carry their school responsibilities pretty well? If they are more reliable there than at home, it may be because the school experiences are more meaningful than their home duties.

Of course adolescents want to play, too. That's one of the most important parts of being young. If we don't provide the proper kinds of recreational opportunities for them, are they to blame? What have they to say about what kinds of movies are produced? If we don't like the "movies" where they hang out, what's to prevent our clearing them up, and providing decent ones?

Teen-agers need a place they can call their own. Do they have

training, they won't do much wobbling, because habit will be too much for them. You can't suddenly overthrow, at adolescence, the honesty and truthfulness and attitudes toward right and wrong that have become as much a part of you as your bones.

Among the things adolescents want—though they may not recognize it consciously—is the backing of their parents' beliefs in them. They don't want us to be anxious. They want us to be confident—confident of their ability to handle new experiences, to make decisions that are right about 50 per cent of the time. They want us to trust them, and if we do they'll repay that trust and make us proud.

Brazil Car Imports

RIO DE JANEIRO (AP)—Only 6,065 passenger automobiles were imported by Brazil during 1946 although the number is expected to be greatly increased in future months, according to statistics released by the Federal Council of Foreign Trade.

Boy Loses Speech

BLOEMFONTEIN, South Africa (AP)—A Bloemfontein boy, Douglas Sutherland, 11, who has lost his power of speech, will be taken to America for special treatment if his parents, Mr. and Mrs. G. H. Sutherland, can raise the necessary funds. At the age of three, Douglas suffered a serious shock just before undergoing a minor operation in Port Elizabeth, where his parents then lived. Two days after operation, he developed St. Vitus dance, and later this developed into hysteria, with gradual loss of speech. The child is still dumb though perfectly fit physically except for his nervous system.

Mr. and Mrs. L. G. Stump, Galen and Claudia Jo, of the Waka community left Monday for Mt. Grove, Mo., to make their home on a farm they have purchased there. Residents of this county since 1914, they will retain their holdings in this area.

Cecil and Byron Tevis and Travis French were in Gruver Sunday attending the rodeo.

Mr. and Mrs. Walter Preston, Mr. and Mrs. Elmer Harryman and Gloria and Bill Hacker Jr. returned Sunday from a four-day successful fishing trip at Eagle Nest, N. Mex.

Mr. and Mrs. W. E. Foglesong of Miami, Texas were Sunday dinner guests of Mr. and Mrs. W. E. McMillen.

Mr. and Mrs. Marion Tucker and daughter came in Saturday from Albuquerque, N. Mex., to make their home in Perryton.

Mr. and Mrs. Bill Traylor and daughter and Mr. and Mrs. Nelson Smith left Sunday on a business trip to Kansas City. The Smiths will visit with his brother while there.

\$50.00 PRIZE

Having purchased the interest of Stanley D. Key, the firm will be given a new name. With each purchase of \$5.00 or more you may suggest a name for the new company which will be operated by Joe Watson, Bill Parker, and Mark Burton. The name selected by the committee on June 1st, 1947, will be used and the party submitting the name will be given the \$50.00 prize of your own selection from our store, beginning May 24 and closing May 31, 1947. No one connected with the firm will be allowed to compete.

it at home, or are living-quarters so crowded they must meet their friends on street corners?

Adolescence is the time when young people either make friends, and learn how to adjust to the opposite sex, or pay all their lives for their failure to do so. If social adjustment doesn't come about now, it probably never will, satisfactorily.

Boys and girls at this age want to get out from under the wrappings of family protection. Sure, there are dangers. But

SOUTHWESTS SHOPPING CENTER

TEXANS IN WASHINGTON

BY TEX EASLEY
(T) Special Washington Service

WASHINGTON, May 19.—The Texas member of the house with the most constituents to look after is Rep. Albert Thomas of Houston.

He represents only Harris county, while other Texans have districts with a score or more counties. But his district has a 700,000 population, while the average throughout the country is approximately 300,000. Some Texas districts have fewer than the national average.

An athletically built man, Thomas, is six feet one inch and looks considerably younger than his 49 years. He keeps in shape playing a fast game of handball in the gymnasium for congressmen in the House Office Building.

Thomas has been one of the busiest men on Capitol Hill in recent weeks, not because of the number of people he represents, but because he is on the House Appropriations committee.

All requests of every government agency for funds for the year starting July 1 pass through this committee, which has been in session throughout every working day recently.

A position on this committee is one of the most sought-after of all congressional assignments. A legislator is thus in a strategic spot to press for favorable action on any project or item that may mean a lot to his district or state.

Born and reared in Nacogdoches, Thomas worked as a clerk in his youth in a general store owned by his father in that east Texas city. He began law practice there after getting a law degree from the University of Texas in 1926. He had received a B. A. degree from Rice Institute in 1920.

Thomas' ties to Houston, other than as a student at Rice, began in 1930 when he was appointed assistant U. S. district attorney

WHAT'S A WHIFFENPOOF?—A 36-year-old drinking song is providing inspiration for amateur artists and doodlers all over the country. It started when a record company announced a recording of "The Whiffenpoof Song," by Metropolitan opera baritone Robert Merrill. An old favorite in and out of Yale where the gay Whiffenpoof Society embraces it as its traditional "official" song, the Whiffenpoof Song aroused a flood of queries as to what a Whiffenpoof is.

The Whiffenpoof itself, according to stories told by the founders of the Whiffenpoof society, was a fish caught by boring a hole in the bottom of a boat and placing a piece of cheese beside the hole for bait. Maddened by the cheese, the Whiffenpoof came up uttering harsh cries, and was thus caught.

THE ONE AND ONLY BABE—The greatest hitter of them all, Babe Ruth, poses in a New York Yankee dugout on "Babe Ruth Day" in Yankee Stadium. Now old and ill, the Babe will always have a place in American baseball.

and took up residence in Texas' largest city.

In 1936, when an open contest for the district's congressional seat developed, Thomas was mentioned as a potential candidate.

"My friends started to kid me," he recalls with a smile, "because I hadn't given the matter a thought."

"Then my wife took it up and dared me to run. Well, that made a family issue out of it so that I had to jump in with both feet."

That's how Thomas happened to be among those who took the oath of office in the House for the first time in Jan. 3, 1937. He's been reelected ever since.

A quiet-mannered fellow, Thomas has been a consistent Administration supporter. His assignment on the Naval appropriations subcommittee threw him in close contact with James Forrestal, now Secretary of the Navy, when the latter was under-secretary. They have been close friends since and with their wives occasionally visit in each other's home.

Incidentally, because of his relations with the Navy department, Thomas could have travelled the world around aboard Navy planes. But he hasn't. He has an aversion to air travel, and to ships. He rushed by air once from Texas to Washington, to make an important vote. He returned to Texas one summer by coastwise steamer from Baltimore to Houston.

"I guess I was cut out to stay with both of my number 11 shoes square on the ground," he says.

In 1922 Thomas married the former Lera Millard, whom he had known since they were in grade school together. They have two daughters, Ann, 8, and Lera, 4.

Miss Connie Edwards, daughter of Mr. and Mrs. Miles Edwards had the misfortune to break her right arm on Saturday afternoon when she fell from her bicycle on the slippery pavement.

Veteran Forum

Q. Will the government pay for a correspondence course at the same time it is paying tuition in a night school?

A. The government will pay for the correspondence course only if you are unable to obtain such instruction at the school you are attending. In addition, such course must be in line with your general educational objective.

Q. I am a World War II veteran and would like to know if I can get a guaranteed loan to pay off a debt that is past due?

A. Yes. It can be arranged under certain conditions. Your lender will be able to advise you concerning them.

Q. What must a veteran, who has lost his original discharge, do about getting a replacement?
A. He must apply for a certificate in lieu of the discharge

We Repair Wrecks But We'd Rather Prevent Them!

Wynn and Johnson are Merry Marines in 'No Leave, No Love'

Teaming America's top screen hero, Van Johnson, with Keenan Wynn and Britain's most popular screen heroine, Pat Kirkwood, M-G-M's new musical romance, "No Leave, No Love," opens at the Ellis Theatre May 25 with a galaxy of stars, songs and laughs.

Additional explosive ingredients include not one but two nationally famous dance bands—Guy Lombardo's and Xavier Cugat's. Combined, the result is a swifly-moving, tune-filled romantic comedy packed with action, laughs, beauty and fun and aimed for a bull's-eye of entertainment.

Johnson is seen in the role of a young Marine hero who is willing to trade in a Congressional Medal for the love of his child-

INDEX OF TEXAS BUSINESS ACTIVITY—Austin, Tex., May 21.—The University of Texas Bureau of Business Research says Texas felt its first post-war business setback in March, as indicators prepared by the bureau fell from their February peace-time high.

The index for March still stands 12 per cent above its March 1946 level and 88 per cent above the pre-war years 1935-39. Another encouraging factor is that the 2 per cent February-to-March decline in the general index was not so large as the 3 per cent slump occurring between February and March of last year, the bureau said.

Among the primary indexes of Texas business, only miscellaneous freight carloadings were higher in March than in February. Decreases were small in employment, pay rolls and crude oil runs to stills but large in department and apparel store sales (5 per cent) and electric power consumption (8 per cent) when seasonal factors were considered. The shifts in these indicators between February and March a year ago were similar in size and direction.

With the single exception of crude oil runs to stills, all indexes remained higher than in March 1946. Gains ranged from 6 per cent in department and apparel store sales and 7 per cent in miscellaneous freight carloading to 13 per cent for electric power consumption, 14 per cent for employment and 19 per cent for pay rolls.

Compared with prewar levels, business remains on its crest of prosperity. Employment is up 20 per cent, crude oil runs to stills has jumped 47 per cent above the 1935-39 average, miscellaneous freight carloadings have skyrocketed 51 per cent, pay rolls are up 112 per cent, electric power consumption has felt a 164 per cent gain and department and apparel store sales have soared 176 per cent.

hood sweetheart, but when he swaps his medal and loses his sweetheart his troubles begin. The star, one of the most popular actors in Hollywood, is also one of the busiest, and recently completed stellar roles in "Week-End at the Waldorf" and "Easy to Wed," in which Wynn was also featured.

The musical introduces to American audiences the vivacious British singing star Pat Kirkwood, who kept London laughing during the Nazi blitz in America for the first time. Miss Kirkwood not only has a chance to show her ability as a singer with a number of hit tunes especially written for her, but wins the screen's favorite star for her colleague.

Music and live lovers have a double treat in store for them with both Lombardo and Cugat, masters of danceable music, featured. They introduce "Love on a Greyhound Bus," "All the Time," "Isn't It Wonderful," "When It's Love" and a special arrangement of "Humoresque" by Lombardo. These and other melodies are among the sweet and rumba tunes heard in the musical.

Mrs. Geo. Osgood, Kansas City, Kans., visited Friday and Saturday morning with Mr. and Mrs. Jimmy Lee and Kathleen. They came for the commencement exercises. Miss Kathleen was one of the graduates. Mrs. Osgood and Mrs. Salm are nieces of Mrs. Lee. On Wednesday, Kathleen left for Dodge City, where she joined Mrs. Osgood and will go to Kansas City for a visit.

Thieves are Smart But the Falcon Outwits 'Em All

Efforts to hijack a formula for making artificial diamonds for industrial purposes lead to tense melodrama in "The Falcon's Adventure," current in the series of detective thrillers featuring Tom Conway, which plays at the Ellis at the midnight preview, May 24.

Two killings, an attempted kidnapping and general excitement highlight RKO Radio's offering, which builds up to a stirring climax as the debonair detective and his dumb but loyal pal solve the mystery surrounding the case.

When an elderly inventor discovers a formula for making synthetic gems, he is murdered soon after. The Falcon frustrates the kidnapping of his pretty daughter. At the girl's request, the sleuth takes the formula and heads for Miami to deliver it to the inventor's partner. This man also is killed and the complications come thick and fast before the Falcon finally unravels the affair.

As always, Conway enacts his role smoothly and with conviction, while pretty Madge Meredith plays the heroine. Edward Brophy once again is seen as the Falcon's stooge, and Robert Warwick, Myrna Dell, Steve Brodie, Ian Wolfe and other noted players score in supporting roles. William Berke's direction is first-class.

Eight on a Raft, Seven Are Saved

Film fans will get double their money's worth from Paramount's "Seven Were Saved," the Pine-Thomas production which shows on Tuesday and Wednesday, May 27-28 at the Ellis Theatre, for this thrilling melodrama is a brilliant combination of a tense, taut screenplay and a spectacular display of the work of the Army Air Force's Air-Sea Rescue Service. Richard Denning, Catherine Craig, Russell Hayden and Ann Doran head the cast of the action-packed picture, with Byron Barr, Richard Loo and Don Castle appearing in important roles.

"Seven Were Saved" is the first film to deal with the exciting and important activities of the Rescue Service, and Maxwell Shane has scripted a stirring tale to serve as background for the absorbing rescue finale. His story of six men and two women, adrift on a raft in the Pacific, surges with dramatic impact. Love and hate flame in close quarters, violence flares and sacrifices are gallantly made. Death makes a woman's choice between two men, and, with the nearness of death, a man accused of cowardice vindicates himself.

At the height of this maelstrom of human emotions, the fascinating and authentic rescue is effected. It is excellently done, as is the entire film and the direction of William Pine.

Mr. and Mrs. Ross Leatherman and Gaynelle have moved from their home on Northwest Third Avenue to their farm a half mile west of Lord. Mr. and Mrs. Wilburn Anderson have purchased the Leatherman town property.

Mrs. Steiner Mason and Molly of Tucuman, N. Mexico, were overnight guests Friday in the home of Mr. and Mrs. Max Boyer.

tawdry cafe. Sullivan is a respected banker who is leading a double life. Other supporting players are Edgar Buchanan as a rough miner, Karen Morley the unloved wife of the banker, and Jim Bannon, husband of the banker's secretary.

Ben Maddow's screenplay is said to be crammed with murder and passion.

Everybody Gets A Double-Cross In 'Framed'

"Framed," Columbia Pictures' scorching drama starring Glenn Ford and featuring Janis Carter and Barry Sullivan, will open at the Ellis Theatre on Thursday, May 29. It's the blazing story of a double-fisted guy matched against a double-crossing girl. They meet, they kiss and brother, from then on it's murder!

Ford plays a tough, young mining engineer much intrigued by Miss Carter, who enacts an alluring blonde waitress in a

Jester to Address T. U. Graduates

AUSTIN, May 20.—Governor Beauford H. Jester will deliver the Commencement address to the University of Texas degree candidates June 2 in ceremonies to be held in front of Main Building at 7:45 p. m.

The occasion will mark Governor Jester's first formal address to the student body of the University of Texas. He is a graduate of the University, and served on the Board of Regents during the '30's when the University's first extensive building program was underway.

The baccalaureate sermon will be given by the Rt. Rev. John E. Hines, Bishop Coadjutor of the Episcopal Diocese of Texas, June 1 at 7:45 p. m.

Approximately 1250 students are candidates for degrees. The commencement will be the 64th for the University. Use Herald Ads for

Bill Herndon Heads TU Wesley Foundation

AUSTIN, May 19—William C. (Bill) Herndon, Jr., of Perryton has been elected president of the Wesley Foundation Council at the University of Texas. Joyee Lance of Perryton heads the Christiana committee of the council. Wesley Foundation is the young people's organization at the University Methodist church.

Jack Boyer, Jr., of Newkirk, Okla., was a guest from Friday until Saturday in the home of his uncle, M. W. Boyer, Mrs. Boyer and Don.

SENATE JOINT RESOLUTION NO. 4

proposing an amendment to Article VII of the Constitution of the State of Texas by the addition of Sections 17 and 18 providing a special fund for the payment of Confederate pensions and providing a method of payment for the construction and equipment of buildings and other permanent improvements at state institutions of higher learning; providing for a five-cent reduction in the maximum allowable state tax on property; providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEG-

LEGISLATURE OF THE STATE OF TEXAS

Section 1. That Article 7 of the Constitution of the State of Texas be amended by adding thereto Sections 17 and 18 which shall read as follows:

Section 17. In lieu of the state ad valorem tax on property of Seven (7) Cents on the One Hundred (\$100.00) Dollars valuation heretofore permitted to be levied by Section 51 of Article 3, as amended, there is hereby levied, in addition to all other taxes permitted by the Constitution of Texas, a state ad valorem tax on property of Two (2) Cents on the One Hundred (\$100.00) Dollars valuation for the purpose of creating a special fund for the payment of pensions for services in the Confederate army and navy, frontier organizations and the militia of the State of Texas, and for the widows of such soldiers serving in said armies, navies, organizations or militia; provided that the Legislature may reduce the tax rate hereinabove levied.

Also, there is hereby levied, in addition to all other taxes permitted by the constitution of Texas, a state ad valorem tax on property of Five (5) Cents on the One Hundred (\$100.00) Dollars valuation for the purpose of creating a special fund for the purpose of acquiring, constructing and initially equipping buildings, or other permanent improvements at the designated institutions of higher learning; and the governing board of each of such institutions of higher learning is fully authorized to pledge all or any part of said funds allotted to such institution as hereinafter provided, to secure bonds or notes issued for the purpose of acquiring, constructing and initially equipping such buildings or other permanent improvements at said respective institutions. Such bonds or notes shall be issued in such amounts as may be determined by the governing boards of said respective institutions, shall bear interest not to exceed three (3%) per cent per annum and shall mature serially or otherwise not to exceed ten (10) years from the first (1st) day of January of each year in which such funds are allocated or re-allocated to said respective institutions; provided, the power to issue bonds or notes hereunder is expressly limited to a period of thirty (30) years from the date of the adoption of this amendment; and provided further, that the Five (5) Cent tax hereby levied shall expire finally upon payment of all bonds hereby authorized; provided further, that the state tax on property as heretofore permitted to be levied by Section 9 of Article VIII, as amended, exclusive of the tax necessary to pay the public debt, and of the taxes provided for the benefit of the public free schools, shall never exceed Thirty (30) Cents on the One Hundred (\$100.00) Dollars valuation. All bonds shall be examined and approved by

the Attorney General of the State of Texas, and when so approved shall be incontestable; and all approved bonds shall be registered in the office of the Comptroller of Public Accounts of the State of Texas. Said bonds shall be sold only through competitive bids and shall never be sold for less than their par value and accrued interest.

Funds raised from said Five (5) Cents tax levy for the ten (10) year period beginning January 1, 1948, are hereby allocated to the following institutions of higher learning, and in the following proportions, to wit:

Table with 2 columns: Institution Name and Amount. Includes North Texas Agricultural College (5,721,007), Texas State College (6,170,228), Texas State College for Women (11,529,992), Texas College of Arts and Industries (4,755,511), College of Mines and Metallurgy (4,719,936), Texas Technological College (16,548,777), East Texas State Teachers College (8,106,557), North Texas State Teachers College (12,645,222), Sam Houston State Teachers College (5,550,688), Southwest State Teachers College (6,784,774), Stephen F. Austin State Teachers College (4,554,114), Sul Ross State Teachers College (2,153,115), West Texas State Teachers College (5,416,643), Prairie View Agricultural and Mechanical College (5,344,116).

Not later than June 1st of the beginning year of each succeeding ten (10) year period, the Comptroller of Public Accounts of the State of Texas, based on the average long session full-time student enrollment for the preceding five (5) year period of time, shall re-allocate, to the above designated institutions of higher learning then in existence all funds to be derived from said Five (5) Cent ad valorem tax for said ten (10) year period; and all such designated institutions of higher learning which participate in the allocation or re-allocation of such funds shall not thereafter receive any other state funds for the acquiring or constructing of buildings or other permanent improvements for which said Five (5) Cents ad valorem tax is herein provided, except in case of fire, flood, storm, or earthquake occurring at any such institution, in which case an appropriation in an amount sufficient to replace the loss so incurred may be made by the Legislature out of other state funds. This amendment shall be self-enacting. The State Comptroller of Public Accounts shall draw all necessary and proper warrants upon the State Treasury in order to carry out the purpose of this amendment; and the State Treasurer shall pay warrants so issued out of the special fund hereby created for said purpose.

Section 18. For the purpose of constructing, equipping or acquiring buildings or other permanent improvements, the Board of Directors of the Agricultural and Mechanical College of Texas is hereby authorized to issue negotiable bonds or notes not to exceed a total amount of Five Million (\$5,000,000.00) Dollars, and the Board of Regents of the University of Texas is hereby authorized to issue negotiable bonds or notes not to exceed a total amount of Ten Million (\$10,000,000.00) Dollars. Any bonds or notes issued hereunder shall be payable solely out of the income from the Permanent University Fund. Bonds or notes so issued shall mature serially or otherwise not more than twenty (20) years from their respective dates, and in no event later than twenty-five (25) years after the date of the adoption of this amendment. This amendment shall be self-enacting.

Said Boards are severally authorized to pledge the whole or any part of the respective interests of the Agricultural and Mechanical College of Texas and of the University of Texas in the income from the Permanent University Fund, as such interests are now apportioned by Chapter 42 of the Acts of the Regular Session of the 42nd Leg-

islature of the State of Texas, for the purpose of securing the payment of the principal and interest of such bonds or notes. The Permanent University Fund may be invested in such bonds or notes.

All bonds or notes issued pursuant hereto shall be approved by the Attorney General of Texas and when so approved shall be incontestable.

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at a special election to be held throughout the state on the fourth Saturday in August, A. D. 1947, at which election all ballots shall have printed thereon:

For the amendment to Article VII of the Constitution of the State of Texas, adding Sections 17 and 18 providing for the levying of a state ad valorem tax on property in lieu of the present state ad valorem tax of Seven (7) Cents for Confederate pensions in order to create special funds necessary for the payment of Confederate pensions and for the financing of the construction and equipment of buildings and other permanent improvements at state institutions of higher learning, in the amounts of Two (2) Cents and Five (5) Cents respectively, providing for a Five Cent reduction of the maximum allowable state tax on property, making such tax not to exceed Thirty (30) Cents on the One Hundred (\$100.00) Dollars valuation, providing a method of payment for the construction and equipment of improvements and buildings at the Agricultural and Mechanical College of Texas and The University of Texas.

Against the amendment to Article VII of the Constitution of the State of Texas, adding Sections 17 and 18 providing for the levying of a state ad valorem tax on property in lieu of the present state ad valorem tax of Seven (7) Cents for Confederate pensions in order to create special funds necessary for the payment of Confederate pensions and for financing of the construction and equipment of buildings and other permanent improvements at state institutions of higher learning in the amount of Two (2) Cents and Five (5) Cents respectively, providing for a Five (5) Cent reduction of the maximum allowable state tax on property, making such tax not to exceed Thirty (30) Cents on the One Hundred (\$100.00) Dollars valuation; providing a method of payment for the construction

Good way to keep a Honey Happy

THINK back to the days when your Buick stood proud, shiny and new at your door. A touch of your toe and that two tons of car romped away gently as a breeze — and just as obediently glided to a soft, sure stop. That's the kind of driving that's right in the heart and soul of Buicks. It's there for you to have for years and years — especially when your car gets the kind of care such a honey should have.

RUSSELL MOTOR CO. Perryton, Texas 518-20-22 Main St.

10 YEARS AGO

Fifty-nine seniors graduated from Perryton high school in 1937. The class included 17 boys and 42 girls. Dr. J. Jarrett, dean of West Texas State College, made the principal address.

New sanitary equipment was added to the city swimming pool to bring it up to standards set by the state department of health. The pool is expected to be opened to the public on June 1.

The Panhandle State Legion Association made plans for holding the greatest Legion convention in the South at Perryton. Posts from Texas, Colorado, New Mexico, Oklahoma and Texas had over 100 delegates to the convention. National Legion commander Harry W. Colmery was to be the guest of honor.

C. O. Bush, principal of Perryton high school, was elected president of the Lions Club, succeeding Dr. Manse Wood.

Thieves broke into the John

Motor Club and ransacked the office. The club gained by breaking through the roof out of the back door. They were missing, and R. C. Johnson, owner, was making a check of records to determine what might be missing.

Perryton received an inch of rain, which brought relief to parched wheat fields. The rain came too late to do much for the wheat crop, but helped slow down wind erosion.

W. B. Irvin, superintendent of the Perryton schools, arrived in Perryton to take part in the commencement exercises. He had been attending the University of Texas, working on his doctor's degree, and expected to receive the degree in the spring.

Max Boyer, state representative, added an amendment to an appropriation bill which would officially designate the Ochiltree State Park. The name was all that was needed, the money for building a dam was still in the offing.

Veterans' NEWS

Texas and Louisiana are among the 42 states with which the Veterans Administration now has contracts providing for state approval and supervision of establishments that provide on-the-job training for veterans. The responsibility for approving and supervising job-training in industrial and other establishments rests with state approval agencies under the Servicemen's Readjustment Act (GI Bill).

Recently, Congress authorized VA to reimburse the states for their services and VA thus far has obligated approximately \$5,500,000 for the current fiscal year ending next June 30 for this purpose.

Under the contracts, the states approve applications of establishments for on-the-job training after determining that the establishment meets certain basic

training requirements. These include: (1) The training must be adequate to qualify the veteran for the job he is training for; (2) there must be reasonable certainty that the job for which the veteran is training will be available to him at the end of the training period; (3) progression in the job must be based upon skills learned rather than factors such as length of service and normal turnover; (4) adequate records of progress by the veteran must be kept.

World War II veterans with 90 days of active service and a discharge other than dishonorable are eligible to apply for education and training under the GI Bill. Those with less than 90 days of service are eligible if they were discharged for a service-connected disability.

Applications from disabled World War II veterans in Texas, Louisiana and Mississippi for rehabilitation are coming into the Veterans Administration at the rate of more than 3,000 a month, VA reported this week.

Many of these cases are severely disabled men who are just now being discharged from military hospitals, VA said, indicating that the real job of restoring war injured to employability is only beginning.

VA is already supervising the education or training of more than 21,000 disabled veterans in the three states. More than 200,000 non-disabled veterans are training or going to school in the Dallas Branch Area.

Congress has directed that VA complete the rehabilitation of disabled veterans within four years of training but allows extension of this time in exceptional cases.

A further indication that the rehabilitation program for disabled World War II veterans is in its infancy is the fact that only 53 of the more than 14,000 disabled veterans training in Texas have progressed to the point where VA considers them completely rehabilitated.

Mrs. Mabel Lawrence came in last weekend from Wichita, Kans., to attend Perryton high school commencement exercises. Her daughter, Carol, was among the graduates.

D. A. Caldwell and Jack Steele were among the Perryton men who enjoyed several days fishing at Eagle Nest when the season opened this weekend. They returned to Perryton Sunday evening.

Mr. and Mrs. Onas Littleton and family and Mr. and Mrs. Ivan Lovett and family were among Perryton rodeo fans who attended the Gruver rodeo on Sunday.

Childhood Diseases Can Be Prevented

AUSTIN, May 20—If every case of suspected communicable disease could be promptly visited either by the family physician or the local health officer, thousands of susceptible persons would be protected from disabling illnesses, according to the State Health Officer.

To quote Dr. Geo. W. Cox, "The old fashioned theory that it is a good thing for children to have a number of the catching diseases and get them over with,

nas long since been known to be a serious and sometime fatal error. The longer a child can keep from having these diseases, the better it is for him. Every child should be completely protected by vaccination or inoculation against any such diseases where an immunity can be produced."

Prompt diagnosis, isolation, good medical and nursing care give the patient the best chance for a satisfactory recovery without the serious complications that sometimes accompany even the mild forms of communicable diseases. Dr. Cox emphasized that obeying the public health laws regarding isolation and quarantine of communicable dis-

eases protects not only the patient, but helps prevent from contracting the disease.

Boredom Cause For Juvenile Delinquency

Among essays entered by Ochiltree county home demonstration club women in a recent contest was "Why Plan Recreation for the Youth," written by Mrs. Faye Savage of the North club for her entry.

"Boredom leads to tragedy. It is dangerous because men, women and children will go to almost any lengths to escape from it. Leading authorities find it the cause of more delinquency, more broken homes, and more anti-social behavior than any other single factor. It is the reason why people run away from home, drink and gamble excessively, engage in brawls, start fires, and become engaged in scandals.

Investigators conclude from study that children react much

more quickly to boring conditions, and this is largely due to their lesser ability to deal with monotonous situations without giving them their entire attention, boredom takes precisely the same form in children as in adults.

Boredom is a state of mental and emotional tension, which results when what we are doing lacks adequate motivation or purpose, and the lack of amusement is inclined to be the most boring.

We all are well acquainted with the juvenile delinquency problem now facing our nation, and all this summed up is a need for worthwhile activities to fill the minds of our youth that they may not become bored with their homes and communities.

Instances of community action have proved that reform is possible in cases that have already materialized. The pity is that too many of our communities never take even the first step.

In communities where we have home demonstration clubs there is being a great amount done in erecting recreation centers for youth gatherings. Old isolated country schools are being cleaned and made into attractive community centers where the youth are urged to give dances and other recreation under the supervision of the home demonstration club members. Tests have proven that physical action performed to rhythm (in work or play) inhibits boredom.

In communities where it is possible to have "4-H" clubs (which may be termed as recreation) alert boys and girls are finding

Rheumatism and Arthritis

Mrs. Wooten to Head Sorosis Club Department

Mrs. A. K. Wooten will serve as chairman for the Current Events department of the Sorosis club during the 1947-48 club year, it is announced. Other officers selected include Mrs. Mark Burton, vice chairman; Mrs. T. O. Pugh, secretary-treasurer; Mrs. John Bolin, program chairman; Mrs. T. O. Pugh, reporter.

The program presented at the meeting on Wednesday, May 14 in Mrs. Burton's home was on Texas Culture. Hostesses were Mrs. Burton, Mrs. W. L. Herndon and Mrs. O. A. Schuster.

Roll call was answered by 20 members giving news of Texas colleges.

"Texas Education, Past and Present" was discussed by Mrs. Leon Shrader; Mrs. Ira Ferguson's topic was "Into the Future." Highlights of Texas News were given by Mrs. Luther Wade and Mrs. J. O. Wooten; a Texas poem was presented by Mrs. Leonard Wright.

To close their meeting, the group sang Texas songs with Mrs. Leon Shrader, their leader.

Guests of the department were Mrs. W. B. LaMaster, general Sorosis president and Mrs. Don Shockley.

Mother's Club At Woodwards

Mrs. Jack Woodward and Mrs. Lloyd Phillips were hostesses for the meeting of the Young Mother's club of the Methodist church on last Friday afternoon in the Woodward home.

Presenting the program on timely thoughts for today's mothers were Mrs. Floyd Coffin, A. J. Eudy and J. W. Putman.

Answering roll call were Mesdames Roy K. Sanford, Phillips, Ralph Headlee, Robert H. Holt, Lawrence Elizey, Bill Miller, Coffin, Eudy, Putman, Glenn Allison Bob Pounds and Woodward.

A tasty refreshment plate was served at the meeting's conclusion.

a new kind of thrill, a new kind of profit, through devoting their spare time to the activities of their club.

They are enjoying the fun of operating their own business and developing a talent for organizational work and to convey ideas. Already the "4-H" club has a nationwide list of members. It is teaching young people how to turn spare time into worthwhile activity. That hour or so after school, that ideal Saturday, is being used for the fascinating game of business.

If this program of community recreation for the youth can be stretched into extensive parts of our nation, and with the help of our home demonstration club members become an amusement that is worthwhile to their growing minds, juvenile delinquency can quickly be banished, and be an important bulwark against boredom, which is its cause."

Reports Made at County Council

The Ochiltree County Council heard Mrs. O. C. Rogers' report on the food preservation meeting held in Perryton on Monday, May 12, at their meeting Saturday, May 17 in the Ladies Lounge. The food preservation meeting was held in the home-making department of the high school and was capably conducted by Mrs. Gwendolyn Jones, state food preservation specialist from A. & M. College Extension Service, College Station. 14 members from Ochiltree County Home Demonstration clubs were present as were home demonstration agents from Spearman, Borger and Panhandle.

At Saturday's council meeting ten council members and one visitor were present. Seven clubs were represented.

Mrs. E. N. Flathers and Mrs. John Schoonover gave interesting reports on the district T. H. D. A. meeting held in Hereford last month.

Dairy day is slated for May 28 and each club is expected to help make the day a big success. Dairy products to be entered in competition must be in by 10:00 a. m. The Rotary club will serve the luncheon.

The next council meeting will be held on June 7 in the basement of the Baptist church. A flower show will be staged with the Ochiltree club as hostess, and the 4-H club girls will stage a dress revue before the regular council meeting. Everyone interested is cordially invited. The dresses to be modeled by 4-H club girls, will be judged and prizes will be awarded.

Present at the meeting Saturday were Mesdames E. N. Flathers, J. H. Callihan, J. S. Thrasher, O. C. Rogers, George Hummer, John Schoonover, Clarence Haar, Robert Barlow, Delbert Davis, Amos Morris and Virgie P. Wheeler.

Lone Tree Club Meets on May 14

Mrs. B. H. Murphy was hostess for the meeting of the Lone Tree home demonstration club at her home on Wednesday afternoon, May 14. The meeting was opened with members singing "God Bless America." Roll call was answered by ten members who gave suggestions for demonstrations to be used in yearbook planning. Three visitors were in attendance.

Announcement was made of the 4-H club girls dress review to be held on June 7 at two o'clock in the afternoon to be followed by county Council meeting at three. Plans for the flower show on May 17 were completed.

The program consisted of short talks by Mrs. Amos Morris and Mrs. Hamilton Murphy, and at its close, Mrs. Virgie P. Wheeler gave a demonstration on cleaning upholstery.

Refreshments were served to Mrs. Virgie P. Wheeler, agent; Mesdames J. A. Depew, T. M. Osborne, Amos, Mogris, Charley Selby, Robert Barlow, Hamilton Murphy, Glen Tarbox, Julius Pshigoda, S. E. Price, Conner and Thelma Daniels and the hostess.

Pfc. Delos D. Pugh phoned his mother, Mrs. T. O. Pugh on Monday night from Honolulu, Hawaii. Delos, who has been serving in the Marines, stated that he would land in the states May 26, get his discharge and head for home.

Baptist Circles Meet for Study

Circles of the Baptist Missionary Society met on last Thursday afternoon for Bible Study. Mrs. Oscar Flowers was hostess for the meeting of the Williams circle, and Mrs. J. R. Thomas taught the lesson. Present were Mesdames C. H. Williams, J. H. Stephenson, Virgil Castle, Flowers and Thomas.

The Holland circle met in the home of Mrs. Don Shockley with Mrs. A. M. Moran conducting the study hour. Present were Mesdames Moran, S. D. Key, G. D. Holt, Paul Bowen, Clyde Cofer, J. L. Blackburn and Shockley. Mrs. Geo. M. Parker conducted the study hour for the Tucker circle which met in the home of Mrs. O. C. Curtis. In attendance were Mesdames, Chester Cooper, Mark Burton, Curtis, C. C. Carter, J. M. Grigsby, L. T. Tucker and Parker.

Mr. and Mrs. Carson Altmiller and daughter of Darrouzett were Perryton visitors Sunday.

Mr. and Mrs. H. D. Meadows took Mr. Meadows' father, A. M. Meadows to Oklahoma City Wednesday morning where he will consult a bone specialist. Mr. Meadows suffered a fractured hip in a fall on Tuesday night.

Christening Service on Sunday, May 11

The home of Dr. and Mrs. G. L. Kengle was the scene on Sunday afternoon, May 11, for the christening of Mrs. Kengle's granddaughter, Joanne Cagle Buckland, daughter of Mr. and Mrs. Joe Buckland of Liberal, Kansas.

The table an heirloom which held the silver font from which the baby was baptized, is over 100 years old and was brought to Liberal from Mobile, Ala. by Joanne's great-great-grandmother, Polly Mullins. Since it has been handed to Leticia Farrell, Beatrice Buckland and Phoebe Bolin. It was covered with a hand made imported linen cloth sent to the states by Phil Buckland from Paris, France.

The silver font was a gift of her godfather, Dr. Kengle, and her godmothers are Mrs. John Bolin of Perryton and Mrs. George McWilliams of Birmingham, Ala.

Rev. W. H. Dillinger, pastor of the Liberal Methodist church officiated for the simple dedicatory ritual. For the occasion, Joan was attired in a long hand-made dress lovely with hand-made lace trim and hand embroidery; it was the gift of her

grandmother. Her dainty corsage was fashioned from miniature pink rosebuds. A reception followed the simple service. The serving table was laid with a white hand-embroidered linen cloth; the centerpiece was of pink rosebuds and cut glass candelabra held tall pink tapers. Mrs. Irvin Hergert and Mrs. LaRue Norris served the cake.

Spring flowers were tastefully arranged to appoint the Kengle home for the function.

Guests were Mrs. W. A. Rhea, Mr. and Mrs. David W. Adams, and Rev. and Mrs. Dillinger, Liberal; Mrs. John Bolin; Mr. and Mrs. Irvin Hergert, Canadian; Keith Drum and K. Beaver, Okla.; Mr. and Mrs. A. R. Herbol, Hooker, Okla.; Miss Madeline Colbert, Mr. and Mrs. H. P. Richardson, Miss Phyllis Vernon, Mr. and Mrs. LaRue Norris, Miss Marie Easton, Mr. and Mrs. W. E. Perry, Wm. Orson Buckland Jr., Dr. and Mrs. Kengle, the baby and her parents.

HOMES FOR AMERICANS

(P) Newsfeatures

TODAY'S LOW COST Cape Cod cottage measures 25x32 1/2 ft. over all. Plan 4R-27 by Elmer Gylleck, architect, 120 1/2 So. Grove Ave., Elgin, Ill., the house has 16,000 cubic feet including full size cellar. This figure can be used for local cost estimates. Standard specifications include white painted siding with green or brown blinds and asphalt or wood shingles on roof. The plan gives every room cross ventilation. Dining space is at end of living room.

East of Boyd

This community had more rain last week.

Mrs. Harry Kirton, Mrs. George Kirton and son, Paul Dean and Leonard Hill called at Aldeen Rodgers Tuesday.

Mr. and Mrs. Dewey Jester and daughters called at John Winters Sunday.

Miss Marilyn Rodgers was one of the 11 eighth grade graduates at the Turpin school Friday.

Mr. and Mrs. W. H. Williams, Mrs. Barton Lewis and children, Dorla Nolder, Mr. and Mrs. Ted Bergen and sons, Mr. and Mrs. Fred Mehl and Mr. and Mrs. Aldeen Rodgers and family were among those shopping in Liberal, Saturday.

Several farmers have been spraying their cattle to protect them from flies.

Mr. and Mrs. A. C. Witt returned Tuesday from Eagle Nest N. Mex. where they had been fishing the past week.

STATE CHAMPION—Miss Kay Pearson of Houston, Tex., (above) successfully defended her Texas State Women's amateur golf title at Corpus Christi, Tex., with a two-up victory over Mrs. Frank Goldthwaite of Fort Worth.

Bethany to Hold Memorial Services

Memorial Day services will be held at the Bethany school house on Sunday, June 1, at 2:30 p. m., honoring veteran dead of World Wars I and II.

A short program will be held at the schoolhouse, after which the assembly will go to the cemetery to decorate the graves.

Mr. and Mrs. W. E. McMillen and Mr. and Mrs. Charles Patton and daughter were Monday evening dinner guests of Mr. and Mrs. Grace Patton.

CARD OF THANKS

We want to thank all who were so kind and helpful after the loss of our darling son. The many kind words and deeds, messages and floral offerings will ever be remembered. May God bless you.

Mr. and Mrs. Elton Walker
 Mr. and Mrs. Creed Walker
 Mrs. R. H. Francis and
 Other Relatives.

"The Friendliest habit you can have."

Greeting cards so often say those little things you want to express, better than you can say them yourself. Remember, too, when you send a Gibson card, your friends know you've sent the finest.

There's an appropriate Gibson Card for every occasion at
STEWART PRINTING CO.

GIRL SCOUT NEWS

Girl Scout Troop No. 6 met in the home of Mrs. Lonnie Sutor on Monday afternoon, May 19 and the girls planned a picnic for their mothers and committee members.

Refreshments were served to Patsy Halpain, Twyla Stone, Vera Seago, Lyndol Riley, Mrs. Lonnie Sutor and the hostesses.

Jeanne Sutor and Donna Helton.

Mr. and Mrs. W. B. LaMaster left today (Thursday) for San Antonio to attend the Texas Good Roads Association convention which is convening there.

CARD OF THANKS

Many thanks to all for the flowers, cards, personal visits and other thoughtfulness during my hospital stay and weeks of being shut-in. Words cannot express my gratefulness.

Mrs. Lora Littleton

WEST TEXAS MARINERS—When a five inch downpour inundated parts of Odessa, Tex., recently, small boats cruised down streets and these youngsters made merry as mariners on a raft. The scene is in West Odessa.

Mr. and Mrs. Cyrus LaMaster of his parents, Mr. and Mrs. W. Mrs. Ray Easter, Benny and children, McKinney, Tex., B. LaMaster and with other relatives visited this week-end in the home atives.

Last Rites for DuWayne Walker

Funeral services for DuWayne Walker, 17, son of Mr. and Mrs. Elton Walker of Booker, were conducted from the First Baptist Church in Perryton last Wednesday afternoon, May 14, at four o'clock. Lee E. Rawlings, Rev. H. L. Thurston and Rev. O. C. Curtis were the officiating ministers.

Interment was in the Ochiltree cemetery.

Popular among the younger set, "Squeeky" had recently moved from Perryton to Booker with his parents. He entered the maritime service in Sept. 1946, and was stationed at St. Petersburg, Fla., for four months and returned home in January, this year. He lost his life in an automobile accident Sunday night, May 11, 1947.

Palbearers were Gene Stinson, Keith Flowers, Claude Allen Jr., Sammy Phelps, Joe Cagle, Bob Thurston, Wendell Cook and Bunny Pletcher.

Flower girls were Barbara Pletcher, Rita Ann Hurter, Nina Phagan, Norma Flowers, Jane Perry, Janet Hanson, Clara Rev. is, Ruth Wade, Nelda Ruth Patton, Gwenn Vestal, Claudine Carmichael and Pat Adams.

Obituary
Raymond DuWayne Walker was born November 28, 1929, at Shattuck, Okla., to Elton and Mildred Walker, and departed this life May 11, 1947, at the age of 17 years, 5 months and 14 days.

He had lived in and around Perryton his entire life, being a way only short intervals at a time. DuWayne always had time in his young life to stop and talk with the smaller children; being a very affectionate person.

Little Squeeky, as he was known to all of his friends, was loved by all who knew him. He was a devoted and loving son; a friend to all, as is proven by the wide circle of friends who today are mourning the passing of one they loved. His friends were only numbered by his acquaintances, and the number was great.

He had attended school in Perryton and at several different schools. He last attended school at Hardesty, Oklahoma, and as news of Squeeky's death reached his classmates and friends at Hardesty, it was deemed necessary to dismiss school as their bereavement was felt so deeply.

He was converted at the age of 12 years, becoming a member of the Church of Christ, while the family was residing at Enid, Oklahoma, and had lived a sweet and pure life, a life that was taken as it was budding.

He was preceded in death by a baby sister, Avenelle, who passed away in 1935 at the age of one month. He leaves to mourn his departure his parents, Mr. and Mrs. E. R. Walker, his grandparents, Mrs. R. H. Francis and Mr. and Mrs. Creed Walker; four aunts, Mrs. Viola Gum of Amarillo, Mrs. Lucille Russell, Perryton, Mrs. Ona Grace Morris of Commerce and Mrs. Beatrice Wilbanks of Sunray; and one uncle, Ralph Francis of Perryton. He is also survived by a number of cousins, a number of relatives, and a host of friends.

I cannot say, and I will not say that he is dead—he is just away! With a cheery smile, and a wave of the hand
He has wandered into an unknown land,
And left us dreaming how very fair
It needs must be, since he lingers there,
And you, O you, who the wildest yearn

New Ladies Shop To Have Grand Opening May 27

The grand opening of the Frances Virginia Shop, featuring a complete line of ladies' ready-to-wear clothing, will be held on Tuesday, May 27.

The new shop is located at 101 S. W. Fourth avenue, across the street from the Masonic building.

Mrs. Frances Ferguson and Miss Virginia Good are the owners.

The store building has been re-modeled and re-decorated in side and is attractively furnished.

At present the owners are in Dallas on a fall buying trip, securing merchandise for the store. They will be back in Perryton the latter part of this week.

They extend a cordial invitation to everyone to visit them in their new store.

For the old-time step and the glad return,—

Think of him faring on, as dear
In the love of there as the love
of here:

Think of him still as the same,
I say:

He is not dead—he is just away!

—James Whitcomb Riley

Mr. and Mrs. Ellis Kelly, Carolyn and Charles, were dinner guests on Sunday evening in the home of Mr. and Mrs. A. J. Kelly.

Littleton, Munger Buy Sinclair Oil Wholesale Agency

Onas Littleton and Kenneth Munger have announced the purchase of the Sinclair Wholesale

Oil Co., and are now open for business at the company offices on Brillhart avenue.

For several years, the Sinclair agency in Perryton has been closed, although there has been one retail outlet, the Cook and Coon Sinclair station on south Main street.

Owners Littleton and Munger state that they will emphasize

farm deliveries and have plenty of equipment for first class service.

All new and old Sinclair customers are invited to the new company and get acquainted with the new owners.

Mrs. T. O. Pugh, Mrs. Gerard and Diane, Mrs. Blackmore and Mrs. A. were Liberal voters
