Answerline

Q. When is the Kiwanis Club Barbecue going to be held?

A. The Kiwanis Club has scheduled their annual pre-game barbecue for Friday, September 22. It is prior to the homecoming game with Ballinger.

Briefly

St. James Barbecue
St. James will be selling barbecue Sat., August 5 beginning at 11 a.m. There will be brisket and all the trimmings served.

Soccer Coach's Clinic
Anyone interested in coaching a soccer team is asked to attend a coach's clinic to be held August 12. Please call 728-8009 if interested in a team or for any information.

Lions Club
Lions Club meets each Friday at 12:00 noon at Civic Center. Speaker for the August 4 luncheon will be Tom O'Reily, Warden of Wallace and Ware Units.

Blood Drive
A replacement blood drive for Ashli Cooper will be held Monday, August 14, 2000 from 3:30-7:30 pm at the Civic Center. The blood drive will be sponsored by the Tumbleweed Lioness Club. Contact 728-3653 for appointment.

Dorn Family Reunion
The annual Dorn Family Reunion will be held Saturday, August 5 starting at 9 am at Dorn Church. Call 728-8047 or 728-8871.

Carwash and Garage Sale
There will be a carwash at First National Bank from 9 am until ? Also, a garage sale Saturday at 732 E 16th St. from 8:00 until ? All proceeds go to benefit the Ladybugs Softball team.

Gordita Dinner
St. Ann's Catholic Church will sponsor a gordita lunch on Sunday, August 6 from 11 am - 2 pm in the church hall. The lunch will include two gorditas, rice and beans. The community is invited!

Soccer Signups
Mitchell County Soccer Associaton will be having signups Tuesday, August 8 and Thursday, August 10 from 6-8 pm each night at the C.C. Thompson Room. For more information call 728-8009.

Attention New Students
Any new student to the Colorado City school district that are planning to attend high school need to register on August 11 from 9-10 am or 1-4 pm.

Local schools start new year

Put your summertime blues away and get ready for the new school year.

With bright new clothes and fresh optimism, students are on their way to class with the first days of school arriving on Thursday, Aug. 17, in Colorado City, Monday, Aug. 14, in Loraine and Wednesday, Aug. 16, in Westbrook.

Football and volleyball teams will begin practice on Monday, and it won't be long until the arrival of "sweater weather" on cool autumn nights.

The C-City Wolves football boys make their debut in the Class 2-A ranks with a 7:30 p.m. Friday, Sept. 1, contest against the Stamford Bulldogs in Stamford and will play their first home game at 8 p.m. Sept. 8 versus 3-A power Crane.

The annual Pigskin Preview is from 5 to 7 p.m. Thursday, Aug. 24, in Wolf Stadium, when the new Pride of Wolf Country Band will first show its stuff for the fans after three weeks of rehearsals.

C-City school schedules are unchanged -- Colorado High School from 8:15 a.m. to 3:30 p.m., the middle school from 8 to 3:35, Hutchinson Elementary School from 8 to 3:15 and Kelley Elementary from 7:55 to 2:50.

Registration for kindergarten through second grade students at Kelley at 1435 Elm St. and for third through fifth graders at Hutchinson at 440 Cedar St. will be from 9 a.m. to noon on Tuesday, Aug. 15.

With sterling six man football traditions to uphold, Loraine's Bulldogs and Westbrook's Wildcats will tangle in the last game of the regular season at 7:30 Nov. 10 in Loraine.

They're in the same district this year for the first time since the mid 1990's.

Loraine starts its campaign at home against Klondike at 7:30 p.m. Sept. 8, a week after Westbrook tees it up versus San Angelo Christian at 7:30 at home.

Loraine Supt. David Lewein said Tuesday that his system will have a teacher for each grade this year after combining the fifth and sixth grades last year.

First grade teacher Brenda Martin is moving to the third grade, and new first grade teacher Holly Rivas, a recent Abilene Christian University graduate, has arrived.

LISD spent $1,500 to provide free school supplies for all its students -- pens, pencils, crayons, notebooks and paper -- and has switched from block scheduling to eight 45 minute classes a day.

As a result, school will be from 7:45 a.m. to 2:45 p.m.

Texas Rangers announce unsolved murders force

Mitchell County Sheriff Patrick Toombs said Monday that DNA testing might be required, if applicable, in all state death penalty cases after the 2001 legislative session in Austin.

Sheriff Toombs, an outgoing member of the Texas Sheriffs' Association Board of Directors, said the DNA advisory was in State Sen. Robert Duncan's address at the association's annual conference last week in Lubbock.

Sheriffs from 162 of the state's 254 counties attended.

Sen. Duncan reported that more technicians will have to hired at Texas Department of Public Safety crime laboratories and the Southwest Institute of Forensic Sciences in Dallas, which is operated by the University of Texas Southwest Medical Center, if the new legislation is approved.

Duncan is a Lubbock Republican.

DNA is a nucleic acid with a complex structure that is the main constituent of the chromosomes of living cells.

Its scientific name is deoxyribonucleic acid, and the analysis of it in blood or body fluid samples is used as evidence to identify criminals.

Other business in the Sunday through Wednesday confab at the Lubbock Memorial Civic Center included a report from Texas Rangers Capt. Bruce Casteel of Austin that the Rangers will form a special group to investigate unsolved murders.

Capt. Casteel said 10 to 16 Rangers will be appointed to the group, which will take advantage of new technology to tackle the cases.

He will ask state legislators when they meet in January to appropriate more money to hire lab technicians and buy forensic and ballistic equipment.

Betty H. Murphy of Fort Stockton addressed the convention, saying the deaths of three deputy sheriffs last fall motivated her to go statewide in an effort to ensure that all deputies and city policemen

See SHERIFF, page 2

Shoppers to enjoy tax free holiday

A shopping frenzy comparable to the opening days of the Christmas season startled merchants and state governmental officials last year during the first "Texas Tax Free Holiday."

Shoppers bought more than $400 million in shoes, clothing and other goods, and a similar rush is expected for the second holiday on Friday, Saturday and Sunday, Aug. 4-6.

The suspension of the 8.25 percent state sales tax saved consumers more than $32 million, State Comptroller Carole K. Rylander said -- a total that is expected to increase by at least $2 million this year.

Cities with sales taxes had the option to notify the comptroller's office by March 31 that they would not participate, but the small town of Sunset Valley, near Austin, was the only one in the state to do so.

Colorado City does not have a sales tax.

Layaways are included this year so that if you buy exempt merchandise and put it in layaway, it will not be taxed when you pay it off at a later date.

"I would like to see the sales tax holiday last a couple of weeks instead of just three days," Comptroller Rylander said.

"This year's holiday for clothing and footwear begins at 12:01 a.m. on Friday and ends at midnight on Sunday.

See SHOPPERS, page 4

A FIRE GUTTED CAR was the main damage in an early Thursday blaze at the home of L.C. and Clyda Mize north of Colorado City. The C-City Volunteer Fire Department reached the scene in only 13 minutes.

Dangerous fire put out

An elderly Buford couple escaped injury by minutes in an early Thursday fire at their County Road 157 home north of Colorado City.

L.C. Mize was asleep when his wife Clyda woke him up and said the house was full of smoke.

"At first, we thought it was from the air conditioner," he said.

Then he followed the heat and smoke around the corner and saw flames coming through the garage door.

"I opened the door, and it blew me back across the room," Mize said.

The rock house was already so hot that a plastic clock was melting in the dining room and nails were showing through the ceilings.

The electricity had gone off, but the telephone still worked and they called their daughter, Mrs. Curtis Shaw, who lives nearby.

Mrs. Shaw called the Colorado City Volunteer Fire Department at 3:58 a.m.

The Mizes live 10 miles north of C-City, just south of the Mitchell-Scurry County line and east of Hwy. 208.

So they were somewhat surprised to see 13 firemen roll up in three trucks and a water tanker only 13 minutes later.

Fire Marshal Billy Ray Williamson said the firefighters did not know the garage would be full of flames and starting on the house when they left the station in central C-City.

A car in the garage was destroyed.

"It's standard policy that if you get a call to a house in the country at 4 a.m., you just roll everything because you never know what you're going to find when you get there," he said.

"Apparently, there was an

See FIRE, page 8

Sports complex plan refined

Mitchell County commissioners Monday approved a reorganization of the county's $880,000 grant application to build a sports complex on the northwest side of Colorado City.

Board of Economic Development Director Windi Fuller said she had learned from the prospective granting agency, the Texas Department of Parks & Wildlife, that she could gain five points by putting the project's phases in a different order.

For example, she said, its three baseball fields will now be built first and the concession stand second.

Ms. Fuller reported that a biologist from the department, Jackie Poole of Austin, would be in C-City Monday afternoon to inspect the 20 acre site on the north side of Interstate 20 and west of B&B One Stop.

Last year's application only had 60 cumulative points and was not funded, but it will have about 90 this year, mostly because the county in June approved a master parks and recreational plan to go with it.

The court's Monday action was to amend the plan to allow for the reorganization of the grant application.

Other features will be a mile long walking track, three soccer fields, grandstands, a concession stand with an announcer's booth on top, a handicapped children's playground, three horseshoe pitching pits, two basketball courts and a sand volleyball court.

"By no means is it a sure thing, but we have a much more competitive grant this time," Ms. Fuller said.

"This puts it in the funding range."

She said Ms. Poole was visiting to check the endangered plant species the project will preserve -- the poppy mallows that grow in the shinnery on the site -- and to consider if the site's designation as farmland should be revised.

The 1999 application was downgraded because of the designation, but it has been a half century since the land was cultivated to grow hay, said Pct. 2 Commissioner Carl Guelker.

Ms. Fuller said 40 to 50 projects from around the state will compete for $6 million in funding.

She mailed Mitchell County's application last week to meet the Monday, July 31, deadline.

Twelve to 16 winners will be announced in January.

Other business in the 9 a.m. called meeting included the appointment of Colorado High School vocational electronics and technological preparation teacher Larry Beavers to replace CHS art teacher Carolyn Walker on the 32nd Judicial District Juvenile Board.

Ms. Walker served 10 years and had asked to be replaced. Walker's two year term will begin in September.

"We appreciate Carolyn's years of service to the board," said County Judge Ray Mayo.

"She's been a valuable member, and we're going to miss her."

Other Juvenile Board mem-

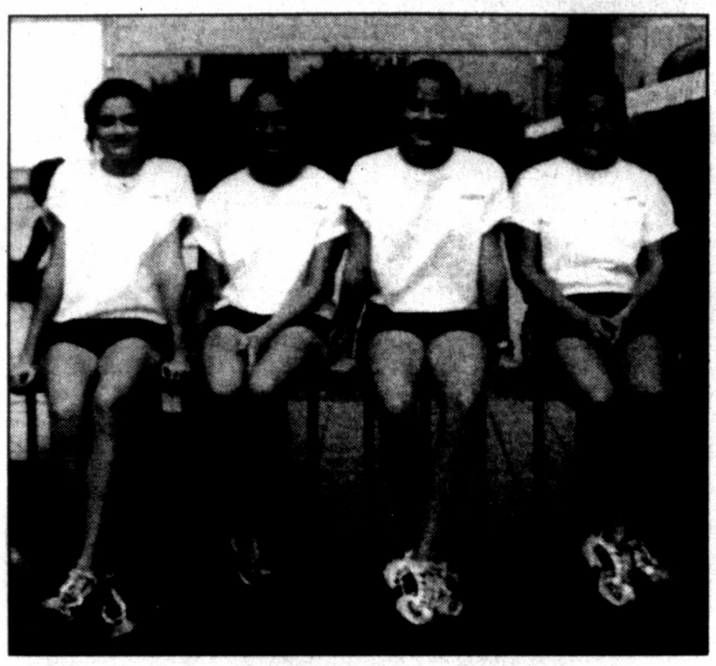
Wolf band starts rehearsals



PRIDE OF WOLF COUNTRY TWIRLERS, from left, Natalie Sharp, Andrea Hoback, Jessica Thompson and Sarah Ann Cox placed first in the line twirling contest at the Angelo State University Summer Music Camp. Not shown is Staci Dickard.

Fresh from a 1999-2000 sweepstakes title, the Colorado High School Wolf Band started rehearsals Wednesday for the fall marching season with new theme music from the Disney movie "Robin Hood: Prince of Thieves."

Daily practices will continue through Monday, Aug. 14.

Along with working in the freshmen, who have little marching experience, the 95 member band will learn the movie's theme song, Bryan Adams' "Everything I Do," "Wild Times" and "Robin Hood Reprise," which Co-director Jeremy Ross says it will play in a seamless flow.

Ross said the other top bands in the school's new Class 2-A district are expected to be Forsan and Seagraves.

"To stay competitive, we've got to stay contemporary, and this is really contemporary now," he said.

Ross directs the band with his wife Jincy and middle school director Linda Clay.

The group won marching, concert and sightreading titles last year to take the Class 3-A Sweepstakes Trophy for all around excellence.

Under UIL rules, 3-A and 5-A bands may advance to state competition in even numbered years and 1-A, 2-A and 4-A bands in odd years.

CHS would have thereby been eligible after the marching contest in Abilene last year if it had been an even year instead of 1999.

And unfortunately, the drop to 2-A will keep it from going again this year.

However, the band might be even stronger next year because it currently has 10 seniors and 20 juniors, Ross said.

The Rosses were on a staff of more than 100 teachers at the 27th Annual Angelo State University Summer Music Camp July 9-15 in San Angelo, which 33 CHS musicians attended.

Drum Majors Simon Moreno and Chesna Riley placed second among 40 teams, and the flag corps reached the finals of eight groups after competition among 25 schools.

Flag corps members Megan Merrell, the captain, Johnny Morales, Ashley Hill, Jessica Chaney, Tammy Turnbow, Kaci Chambers, Melissa Rivera and Jennifer Wilking then took seventh place.

Twirlers Natalie Sharp, Jessica Thompson, Andrea Hoback, Staci Dickard and Sarah Ann Cox won first place, competing against five other schools.

They entered as a twirling line rather than as soloists or duets, which reduced the field.

"We've got some awesome auxiliary units this year," Ross said.

The ASU camp was the fifth largest in the nation with just under 900 participants from Texas, New Mexico and Oklahoma.

After weeklong tryouts, staff members chose the six top bands, and the Wolves put five musicians in the No. 1, or Honors, Band -- Heather Barr, first chair bassoon; Moreno, second chair baritone; Justin Crawford, fourth chair tuba; Shawna McGuire, bass clarinet section; and Toni Pineda, 11th chair clarinet.

The Symphonic, or second, Band, had Richard Baum on tuba, Kimberly Barr on flute, Tyrell Jones on trumpet, Joni Clay on alto saxaphone and Fallon Walker on clarinet.

Misses Pineda, Barr and Walker are freshmen this year, and Miss Clay is an eighth grader.

The Concert, or No. 3, Band included Miss Riley on flute, Jamie Bonner on trombone and Samantha Guelker on baritone sax.

Dr. Richard Blatti, head of the music department at Ohio State University, directed the Honors Band and UIL Class 3-A Honors Band Director Tony Gibbs of Monahans the Symphonic Band in the camp ending concerts.

Wolf Band rehearsals begin with a 9 to 11 a.m. full band session and a 2 to 4 p.m. woodwinds session in the band hall on Wednesday, Aug. 2.

The band will march again from 9 to 11 a.m. Thursday, brass and percussion will practice inside from 2 to 4, and the band will rehearse indoors and march outside from 7 to 9 p.m.

Monday practices are from 2 to 4 p.m. with the woodwinds and from 7 to 9 p.m. with the band.

The brass and percussion sections will rehearse from 2 to 4 p.m. Tuesday, Aug. 8, and the band will work from 7 to 9.

Woodwinds will play from 2 to 4 p.m. Wednesday and brass and percussion during the same hours on Thursday, when the band will be on the practice field on the west side of the high school from 7 to 9.

Aug. 14 will begin the 7 to 9 p.m. Monday rehearsals that will continue through Oct. 16.

The Wolf Band, or "The Pride of Wolf Country," will perform at the annual Pigskin Preview on Thursday, Aug. 24, in Wolf Stadium, where middle school and high school football players and coaches will be introduced.

Wylie High School's Oct. 7 Big Country Marching Contest in Abilene will be a tuneup for the UIL Marching Contest on Oct. 21 at Shotwell Stadium in Abilene -- the first part of the sweepstakes series that is concluded in the spring.

Band officers are Miss Chaney, president; Miss Wilking, vice president; Miss Chambers, historian; Secretary Treasurer Bridget Callaway and Chaplain Heather Barr.

SHERIFF

FROM PAGE 1

earn at least $30,000 a year.

"Her son is a deputy, and she decided to try to get the raises after the deputy was killed last October at Boerne in Kendall County and two more were killed 10 days later in Atascosa County south of San Antonio," Toombs said.

Ms. Murphy said she will ask the Legislature to allow counties to keep a greater percentage of the fees they collect to help finance the raises.

The counties now keep only 10 to 20 percent of the fees, Sheriff Toombs said.

He said Mitchell County deputies earn an annual base salary of $21,000 and usually $3,000 in overtime.

Sheriff Peanut Gaines of Bowling Green, Ky., president of the National Sheriffs' Association, told the conference that there is a movement in the Northeast to do away with all elective county offices, including sheriffs' offices.

Sheriff Gaines said the initiative is centered in Connecticutt and the Connecticutt Legislature appears sympathetic to it.

C-COURT

FROM PAGE 1

bers are Judge Mayo, Fisher County Attorney Robie Robinson of Roby, Nolan County Attorney Lisa Peterson, former Nolan County Clerk Elsie Pierce, Nolan County Court at Law Judge Gary Harger and Sweetwater High School Principal Terry Pittman.

Ms. Peterson, Ms. Pierce and Judge Harger all live in Sweetwater.

At the request of the Texas Natural Resources Conservation Commission (TNRCC) in Austin, the court approved an interlocal agreement to allow County Sanitation Inspector George Franklin of Big Spring to perform sewage inspections for the City of Westbrook.

Mayo said Franklin has been doing Westbrook's inspections, but the TNRCC had said he would have to authorized to in an interlocal agreement or the state agency would start doing them with a fee increase from $150 to $400.

The meeting was adjourned at 9:10 a.m. with all members present.

LETTERS to the EDITOR

Letter to the Editor:

Mr. Clark Moody, I have listened to you on the radio and read your words in the newspaper and all I can say is, you sure are a whinner. If Sonic and Dairy Queen would have closed, McDonald's might have stayed.

A.R. Straub
Taxpayer and Citizen
of Mitchell County

* * *

Dear Editor,

It happened to me in 1959 and it's happening again! Private enterprise competing with subsidized competition.

In 1959, following several very lean years producing cotton, I decided to supplement my income by building terrace's. Following the purchase of a new tractor and a terrace machine, I started bidding on jobs only to discover the county was doing the same thing. There was no way I could compete with the county since they already had the equipment.

I see the same thing happening in the nursing home industry here in Mitchell County today.

The trouble with the Kristi Lee Manor-Valley Fair Lodge situation is that you have a private business in competition, or attempted competition, with a governmentally subsidized operation.

Private enterprise cannot compete with a subsidized company for the obvious reason that private enterprise only has its profits, after expenses, to operate on while a subsidized company is able to combine its business generated profits with as much of a subsidy from tax revenues as it may need.

This is fine for the subsidized company, but rough on its private enterprise competitor. It's such an uneven contest that the results are almost inevitable: the private enterprise will lose.

No wonder Kristi Lee is having a tough time competing with the county owned Valley Fair Lodge!

Sincerely,
Travis Turner

* * *

Dear Editor,

In 1960, when my oldest son started playing Little League and later when my other sons started playing, we were always selling stuff to buy uniforms and balls, bats, etc. I have made my share of snowcones and popcorn, but after all these years we are still trying to raise money.

My granddaughter plays for the Lady Bugs softball team. They played in Abilene, where they placed fourth to qualify to play in Midland. They placed 12th to move on to regionals in Austin, then they placed ninth to move on to Nationals August 13.

These girls play hard. They are made of tuff-stuff - no sissies in this group. They are like the mythical bird, the Phoenix. Every time they are down, they rise out of the ashes and play harder. They have played 23 games and practiced hours and hours.

This all comes down to the same old thing. We need money. There are 11 girls that like to eat and need a place to sleep. So if you have ever played or had children or grandchildren or great-grandchildren that play, please dig down deep into your pockets and donate some money! We have had bakes sales and car washes where the girls washed an 18 wheeler.

Think it over!
And Thanks,
Doris Phariss

Assistant principal joins CHS

Eric Ribble grew up in a small town and taught vocational agriculture for four years in Weatherford before accepting his new assignment as Colorado High School's assistant principal.

As a result, the 28 year old Texas A&M University graduate has small town values.

A native of Peaster, north of Weatherford, he took a bachelor's degree in ag education at A&M and a master's degree in education at the University of Missouri at Columbia.

Then he earned his school administrator's mid management certification at Tarleton State University at Stephenville while teaching in Weatherford.

He rotated among two junior high schools and Weatherford High School and got to know CHS Principal Mark Smith while Smith was the assistant principal at Hall Junior High there.

"I think it's going to be a neat deal," Ribble said.

"I was raised in a not overly strict, but pretty stern, family.

"Rudeness is not tolerated from a student's standpoint.

"It's hard to put in perfect terms, but I believe in pretty stern discipline. Before teachers can teach effectively, they have got to have discipline maintained in that classroom.

"Most discipline takes place in the classroom, but where they need assistance is where we step in."

He worked in the family farm and cattle raising business while teaching, and he came by his interest in education naturally because his father, O. W., and mother, Frances, are retired teachers.

His sister Rhonda is vice principal at Springtown, north of Weatherford. He has two other sisters, Karen of Nashville, Tenn., and Lisa of Pensacola, Fla. He is single.

Weatherford is west of Fort Worth.

He is the high school's first assistant principal since David Woods, who retired at the end of the 1998-99 school year.

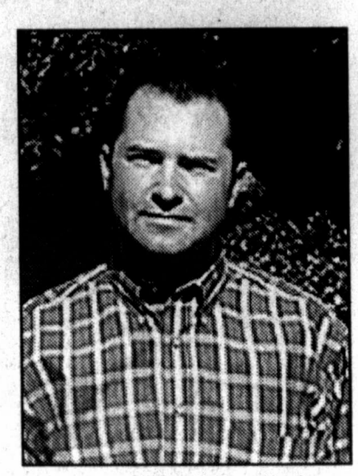
Smith said he is happy to get an assistant because he was "stretched pretty thin" last year and will now be able to concentrate more on other aspects of his job, like curriculum.

"We will support the teachers any way we can," Ribble said.

"You understand that different students have different ideas about what respect is, and you have to come to a consensus on what is respectable and what is not.

"When it's not acceptable, that's when I step in."

He said he and Smith will use corporal punishment, or paddling, "on those occasions when we think it's a necessary or practical means.



Eric Ribble

"We do that under a tight control and don't overuse it, but it's a tool we have at our disposal if we want to use it," he said.

Peaster only has 102 residents inside the city limits, but its high school draws from a wide enough area that it was a "basketball only" Class 1-A school that graduated into the 2-A ranks.

Demonstrating the value of specialization, it has won the 2-A boys' basketball state championship the past two seasons -- events that Ribble, like the alumnus of any successful school, takes great pride in.

Health issues aired

A state public health official will be here on Thursday, Aug. 17, to conduct a hearing from 1 to 3 p.m. at the Civic Center at 157 W. Second St.

Sam Tessen, director of the Center for Rural Health Initiatives (CRHI) in Austin, will ask for citizens' opinions on local health care.

The center must submit a biennial report to the Texas Legislature and is gathering information for the 2001 state legislative session, he said.

You may sign up at the Civic Center that day before you speak, or you may send written testimony to the CRHI at P.O. Drawer 1708, Austin 787[illegible] 67-2744.

Community representatives and health care officials are also expected to testify.

Rick Rickard, administrator of Mitchell County Hospital District, said the district's relation with the organization has been constructive because it has helped to fund the education of several nurses and other health professionals.

Donald Newton of Cross Plains is studying to become a physical therapist at Hardin Simmons University in Abilene with the hospital district paying for half of his scholarship and CRHI the other half.

Newton will graduate in January and begin work here.

Tessen said one purpose of the hearings is ascertain if citizens believe health programs are meeting the needs of the public.

OBITUARIES

Emma Dean (Reid) Patterson

Emma Dean (Reid) Patterson passed away July 22, 2000 in Plano, Texas. Services were held in Dallas. Burial was in Sunset Memorial Gardens in Odessa, Texas.

Survivors include one sister, Iva Armstrong, from Loraine.

Janice Carmean Sursky

1917-2000

Janice Carmean Sursky, 83, formerly of Miami, Florida passed away on Monday, July 31, 2000 at Mitchell County Hospital. Memorial services were held Tuesday, August 1, 2000 at Crockett Smiley Church of Christ, Loraine, Texas with Mr. Wes Woods officiating.

She was born June 9, 1917 in Pekin, Illinois and moved to Big Spring in 1955. She recently relocated to Loraine after living several years in Miami, Florida.

Earlier, as a resident of Big Spring, Mrs. Sursky was employed at Swartz and later J.W. Charde'.

She is preceded in death by her son, Brian Sursky. Survivors include her children Charle (William) Smith, Barbara (Gage) Hopkins, Boris (Rosa) Sursky and Ivan Sursky; five grandchildren, and two-great-grandchildren.

Jane Ann McCarty

Jane Ann McCarty, 36, passed away Sunday, July 30, 2000 at Cogdell Memorial Hospital in Snyder. Services are pending with Bell-Cypert Seale Funeral Home in Snyder.

Ms. McCarty was born in Colorado City to Leland and Jane McCarty of Ira, Texas. She graduated from school in Ira and went to nursing school at St. Joseph in Fort Worth. She worked at Big Spring State Hospital and Cogdell Memorial Hospital in Snyder. At the time of her death, she was a seven year employee of Mitchell County Home Health. She will be missed by her family and the patients she cared for.

She is survived by her parents, Leland and Jane McCarty of Ira; two brothers, Ricky Don of Slaton and Steven Lynn of Texas City; and two aunts, Joy Dockrey and Marie Dobbs, both of Colorado City.

SHOPPERS

FROM PAGE 1

"Cutting taxes is one of the 10 principles I have laid out for Texas in the 21st Century, and I am therefore pleased to do my part to make this year's holiday succeed."

Referring to the lengthy list of exempt and non exempt items she had issued, she said, "Because not every possible item that qualifies for the exemption could fit on the list, please call my office at 1 800 252 5555 if you have questions.

"During the holiday, tax specialists are available from 8 a.m. to 9 p.m. Friday and from 10 a.m. to 6 p.m. Sunday."

Exempt items include most clothing and footwear priced under $100, and there is no limit to how many items you can buy.

These include baby clothes, bathing suits, belts with attached buckles, cowboy boots, hiking boots, choir robes, baseball, fishing, golf and knitted caps and hats, coats and wraps, costumes, adult and baby diapers, dresses, gloves, gym suits and uniforms and hooded shirts and sweatshirts.

Also, jeans, jerseys, hosiery, jackets, jogging apparel like suits, shorts and bras, ties, pajamas, raincoats, robes, shirts, sandals, slippers, sneakers, tennis and walking shoes, all types of socks, suits, slacks, jackets, sweatsuits, sweaters, tuxedos, underwear and work clothes and uniforms.

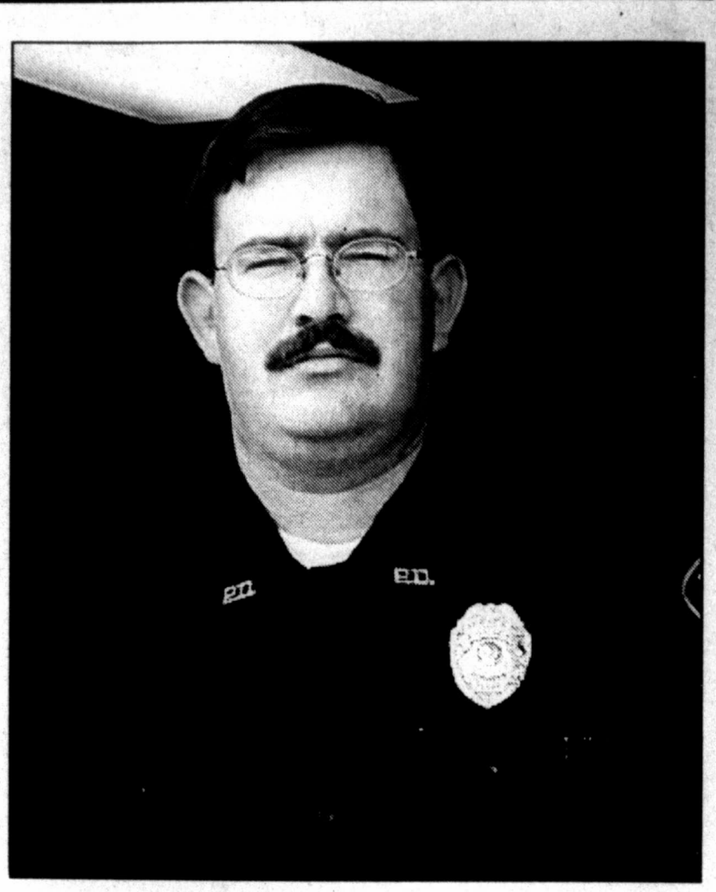
Things that are carried, not worn, like jewelry, purses, walkets, briefcases and backpacks, are not exempt.

Cleated golf and bike shoes, football pads and cleated baseball shoes and pants, which are used primarily for athletics, are not, but athletic clothes and shoes that are commonly used for streetwear are.

Children's backpacks are not exempt this year, but Ms. Rylander is going to ask state legislators to exempt them next year.

She will also seek exemptions for zippers, buttons, fabrics and other sewing items.

Other non exempt goods are barrettes, elastic pony tail holders, belt buckles without the belt, climbing, fishing, wading and rubber work boots, golf gloves, handkerchiefs, hard hats, baseball, football, hockey and motorcycle helmets, ice skates, personal flotation devices, rented clothing, roller blades, skates, safety clothing and glasses and bowling shoes.



NEW CITY POLICEMAN Will Miller, 25, is a native of Tarzan, near Stanton, who did farm and ranch work and oilfield work before graduating from the Association of Governments Police Academy at Brownwood. His wife Melinda is a fourth grade teacher at Stanton. They are expecting a baby.

LARRY JOHNSON
Republican Candidate
for
County Commissioner, Precinct 3
Mitchell County
Pol. Adv. pd. for by Larry Johnson, 2887 CR 307, Colorado City, Texas

If you have been listening to the radio and reading the paper, it appears that Mr. Clark Moody has been spending a lot of time, trouble and money on attempting to come up with a plan to "fix" a problem which does not exist. NEWS FLASH! We have an elected hospital district board of seven members and also a capable administrative staff of both the hospital district and nursing home whose primary concern is for providing the best health care possible with the most cost effective measures. Please consider the following facts:

• Making an offer to buy something does not mean it is for sale. The governing board of Mitchell County Hospital District has not discussed or offered to sell any of its services.

• If the governing board should decide to sell any of its services, it would have to advertise for bids, not sell to an individual on the lay-away plan.

• The census for ALL nursing homes in Texas is down. State average is currently at 70% occupancy. So - Kristi Lee Manor and Loraine Manor having a reduced census is not confined just to them. Valley Fair Lodge currently has a census of 82%.

• In 1993, tax money was diverted from Valley Fair Lodge for more needed areas. In 94, 95 and 96 only urgent equipment (air conditioner, heater, hot water heater) was paid for by the Hospital District. Since 1996, NO TAX MONEY HAS BEEN NECESSARY for Valley Fair Lodge to cover its operational costs.

• Laundry services for Valley Fair Lodge are resolved with no additional vehicles nor costs involved.

• Dietary services are being refined and minimal transporting will be required.

are in bankruptcy and statements made by Mr. Moody, himself, indicate that Kristi Lee Manor or Loraine Manor, or both, may be danger of closing. This makes it imperative that we keep our county home available to provide the long term healthcare needs of this community.

• The State records show that Valley Fair Lodge is meeting those needs at an overall rating of 69 (10 points above the national overall rating of 59). Kristi Lee's overall rating is 44 - Loraine Manor's overall rating is 50. (Both below the national overall rating.)

Making mountains out of molehills is easy.
Let's try to deal with factual information,
not that borne out of desperation.

Shirley Clifton

(This is my opinion and the opinion of several other nursing home supporters. This may not reflect the opinions of other board members.

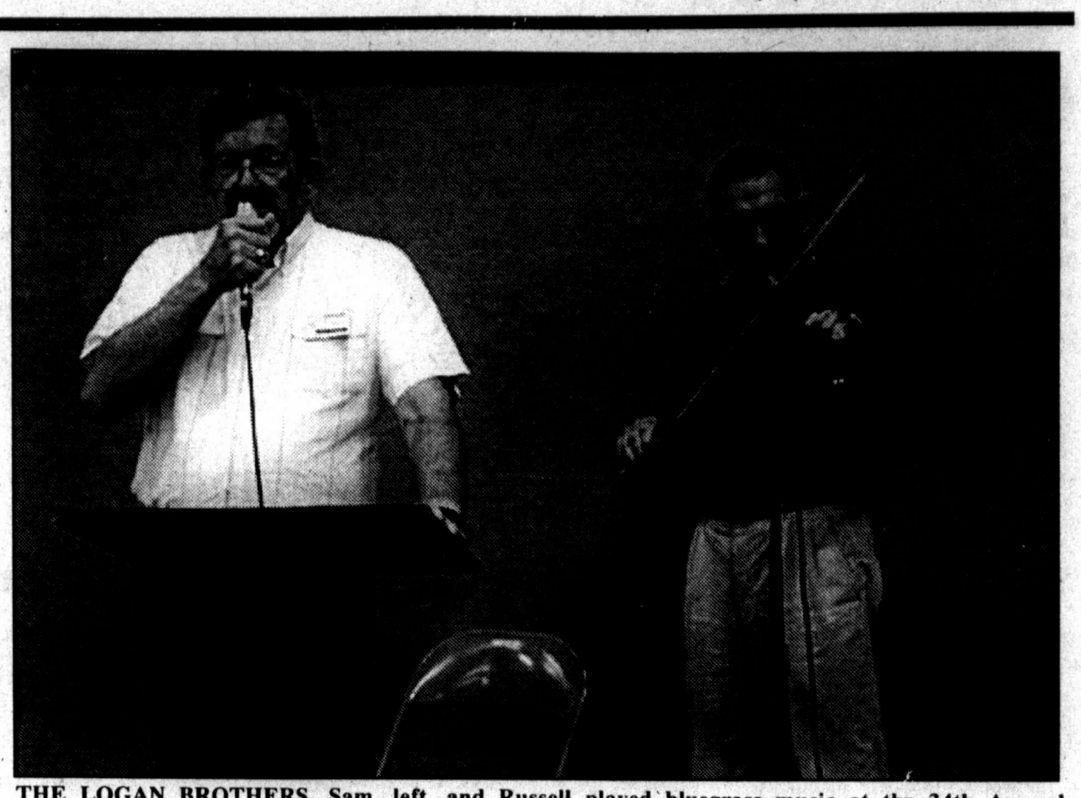
CCVFD firefighter furthers knowledge at A&M school

Heath Blassingame, a volunteer fireman of Colorado City Volunteer Fire Department in Colorado City, Texas is attending the 71st Annual Municipal Firemen's Training School July 23-28. The school, attended by nearly 2,000 students, representing about 750 cities from more than 25 states, is being held on the Texas A&M University campus this week.

Firemen can choose a course at the school from a list including Fire Fighting, Fire Prevention, Fire Department Officer Development, Fire Service Rescue Practices, Specialized Fire Protection and Public Safety Emergency Service Dispatcher.

Fireman Heath Blassingame is being sponsored by Mitchell County Farm Bureau and Texas Farm Bureau Insurance Companies by contributing toward the cost of the school. Since volunteer firemen are interested in attending this school to help do a better job for fire fighting and fire prevention, 125 County Farm Bureaus and the Texas Farm Bureau Insurance Companies in the statewide program have sponsored 125 firemen at the school.

"The Farm Bureau Insurance Companies believe volunteer fire departments have been very effective in reducing the amount of loss involved by fire in rural areas," said President Donald Patman of Waxahachie. "It is our hope in sponsoring this program that the fireman will help Colorado City Volunteer Fire Department to better serve the residents of Mitchell County.



THE LOGAN BROTHERS, Sam, left, and Russell played bluegrass music at the 34th Annual Spade Reunion here last weekend. Service veterans who attended included nine from World War II, five from Korea and one from Vietnam.

Manns August winners in KCCB nominations

Possum and Kim Mann of 2043 Hickory St. are the winners of the Keep Colorado City Beautiful Committee's July contest for yard beautification.

Based on "Home and Lawn Safety through Maintenance," the award entitles the Manns to have a KCCB yard sign for a month and to receive a $50 gift certificate from Alco Discount Store.

Nominations have started for the August contest on "Best Use of Color" at Alco, the First National Bank, City National Bank and Fuller Foods Thriftway, where ballot boxes are kept.

Seven homes were nominated this month, and Felix and Marie Aguirre's Austin Street yard took second place in a close contest, said KCCB Co-Chairman Bob Reily.

"They moved into a real jungle just a few weeks ago, and now the yard is beautiful," said the person who nominated them.

Other nominees were Jimmy and Rita Hardegree and Bob and Geneva Ratliff on East 17th Street, Lidel Silva on Elm Street and Mr. and Mrs. Tom Rees and Mr. and Mrs. Robert Williams on Chestnut Street.

SCHOOL

FROM PAGE 1

instead of 8 to 3:30.

Asked if the LISD Board's decision not to replace Principal Tanya Sorrells, who resigned, will make his job harder, Supt. Lewein said, "The board and I discussed that at length, and with the office help and staff I have, we think it will be a successful school year."

Principal Doc Rowell said Westbrook will stay on the same schedule -- 8 to 3:20 -- and might have a new girls' basketball coach to replace Shelby Page, who left for Sabinal, by the end of this week.

WISD also has a new superintendent, former Van Horn principal Todd Burleson.

"We're excited," Rowell said. "We've got some quality new faculty members to go with the quality that we already have here, and we're looking forward to seeing our students."

Screening available

WCTSSA servicing Colorado ISD, Hermleigh ISD, Ira ISD, Loraine ISD and Westbrook ISD will screen children between the ages of 3 and 6 years old for the Preschool Program for Children with Disabilities (PPCD), to identify children who are developmentally delayed or have a disability and are in need of educational services.

Identified children will be offered the opportunity to attend the district's PPCD program to assist in the development of age-appropriate milestones.

Screening will take place on Friday, August 18, 2000, from 8:30-11:30 am and 1-3 pm at the Wallace Center, 149 South Highway 208, Colorado City.

SPADE REUNION CHAIRMAN Doris McClellan welcomed 68 participants at the Saturday reunion in the First Baptist Church Activity Building. The former Spade Community residents who traveled the farthest were from Oklahoma and Sacramento, Calif.

Texas has no deficit

By Carole K. Rylander,
State Comptroller

There is no budget deficit in Texas.

In fact, the hardworking men and women of this great state have produced a surplus of $1.4 billion.

That conservative estimate includes $1.1 billion in the bank today with $300 million plus to be in the bank by Aug. 31.

Thanks to the leadership of Gov. George W. Bush and the Legislature, the budget is very sound.

Taxes will not be raised, and we have more than enough to pay our bills.

None of this would be news if not for Vice President Al Gore's misleading and inaccurate statements about our fiscal health.

Last week, he insisted Texas is in the midst of a budget crisis.

This is simply not true.

Because the Texas Legislature meets only once every two years, lawmakers must project what bills will come in over a long period of time.

Every session, those adjustments are made.

Lawmakers have made nine such adjustments in the past six sessions.

This is like a family budget, only on a much larger scale.

One month I may spend more on my electric bill, and the next month I may spend money traveling to see my baby granddaughters.

When the 2001 session begins in January, lawmakers will make an adjustment of about $610 million.

This money will pay for unexpected increases in pharmaceutical costs for medicine for the poor, keeping criminals in jail and preventing forest fires in drought stricken areas.

If lawmakers had to come to Austin today, and they do not, there would be more than enough to pay all the bills with millions and millions of dollars left in the bank.

This year alone, sales taxes are up $655 million more than expected, motor vehicle sales taxes $204 million and oil and gas severance taxes $226 million.

Other sources have produced another $324 million.

And this does not count $48 million that will automatically go into the state's Rainy Day Fund or the $24 million that was left in the state's account after the Legislature met last year.

Every objective look shows our economy is going strong.

Personal income is $8 billion higher than our original forecast, and the gross state product is up $25 billion for fiscal 2000.

Texans need to know our budget is sound, and Wall Street must know all is well and only getting better.

I'm going to New York City to tell the analysts who set our bond ratings how good things are.

High ratings mean lower interest rates for the short term notes we sell every year at this time, saving millions of dollars.

Misleading attacks are an insult and an outrage.

I am independently elected by the people of Texas with a constitutional responsibility to tell the truth about our state and budget, and there is no deficit.

There is a surplus.

The back forty

© 1999 Roger Pond

by Roger Pond

I grew up reading outdoor magazines. Magazines like *Sports Afield* and *Field & Stream* were the ultimate in outdoor lore when I was a kid.

Maybe I've become jaded with age, but I seldom pick up an outdoor magazine these days; and I never read one cover-to-cover the way I used to. Modern outdoor writers just don't have the same appeal the old-timers had.

Old-timers like Henry P. Davis and Ted Trueblood knew what they were talking about -- while it seems the modern writers are always giving out untested advice.

That's one thing I've always prided myself on: My advice may not be any good, but it's all been tested.

One piece of outdoor advice I've quit testing is the one that says, "Offer to help farmers and ranchers with their work, so they'll feel better about letting you fish and hunt on their property." You can try that if you wish, but I don't recommend it.

A prime example occurred a few of years ago when I offered to help a friend rebuild some fence. It was late winter and I needed some exercise, so I said, "Heck, I'd rather help you build fence than jog up and down the road. The exercise will be good for me."

We got started in pretty good time; and by 2:00 had accomplished almost as much as my friend would normally achieve by himself.

I was feeling pretty good about our efforts, when my rancher friend said. "You drive the truck over by that little clump of trees, and I'll pick up some posts and string the rest of that wire."

That's when the ground thawed out. Not all of it, of course -- just the part between the truck and that little clump of trees.

Everybody knows what happened next: The rancher had to roll around in the mud, chaining up the truck and getting it unstuck.

Inspired by this success, I offered to help with tree planting the following spring. We had two shovels; one with a small crack near the top of the blade and another that was brand new.

"You can use either shovel," my friend said. "But we'll have to take it easy on the one with the crack in it."

"Maybe I'll use the solid one," I offered. "If anybody breaks anything, I'd rather you do it."

Again the ground was frozen on top, but we had a lot of trees in the ground by 10:00. That's when I looked at my shovel and noticed there was a big crack down the blade of that one, too!

My friend had to go to the neighbors that evening and borrow another shovel so we could plant the next day. That's when it occurred to me that a person could carry this "helping" thing too far.

I know it's the right thing to do, but some of us sportsmen had better quit helping people, or we're going to ruin some awfully good friendships.

You Can Travel the World in Texas

By Tumbleweed Smith

Texas has a number of towns with foreign names. Like Tokio. "We've all been taught that it's an Indian name," says Ila Trout, postmaster. Although the Tokio post office is in Yoakum county, the town is in Terry county, two miles east. "There's nothing in Tokio now," says Ila. "They even sold the Baptist Church, the last main building there. A long time ago there were families on every 160 acres and the town had two churches and a school."

During World War II some people tried to change the name of the town, but those wanting to leave the name alone won out because of the Indian spelling.

McLennan county has a Tokio, too. It was changed to Wiggins in the 40's, then in the 80's went back to being called Tokio.

Texas has some towns with Italian names. Roma is down on the Mexico border. It had two previous names: Buena Vista and Garcia Ranch. During the civil war, Roma was the westernmost port on the Rio Grand. Flatboats and steamers carried cotton downstream. The movie, Viva Zapata, starring Marlon Brando, filmed in Roma.

Milano is near Cameron. Although some people say the name is of Italian origin, Garland Bullock of Milano says when the people of the community filed for a name, they chose Milam. It was written out in script and the Post Office department read it as Milano. Another story says some people were passing through the area and the man asked his wife if she wanted to settle down there and she replied, "My Land, No!"

Italy, Texas is in Ellis county, south of Dallas. It's the birthplace of Dale Evans, the singing cowgirl.

Wharton county has a town named Egypt, named during a drought in the early days of Texas when some colonists found fertile farmland there and called their good fortune "going down into Egypt." Kaufman county has an Egypt and Dallas used to have an area called Little Egypt, named by former slaves who were delivered from bondage.

Nueces county has a London, named for Sam and Fanny London. Rusk county has a London and a New London, named by English settlers. Kimble county has a town named London with a famous dance hall that attracts well known musicians every Saturday night. Billy Ivy, who owns the hall, says male patrons used to relieve themselve s out back on a tree that finally died. When she installed a men's bathroom she painted a tree over the urinal.

Several towns in Texas are named for countries: China, Cuba, Holland, India, Ireland, Israel, Mexico, Puerto Rico, Scotland and Turkey.

These towns in Texas are named for cities: Amsterdam, Antioch, Athens, Belgrade, Berlin, Bethlehem, Bogata, Cadiz, Carthage, Chihuahua, Corinth, Delhi, Dublin, Florence, Gethsemane, Havana, Hebron, Heidelberg, Hereford, Jericho, Kent, Kingston, Madras, Mannheim, Marathon, Moscow, Meunster, Naples, Nazareth, New Braunfels, Palestine, Paris, Rhome, Saltillo, Segovia, Stockholm, Trinidad, Troy, Tunis, Victoria, Vienna, Warsaw and Westminster.

The largest city in Texas with a foreign name is Odessa.

TxDOT recognizes Edwards for 27 years of service here

Steven W. Edwards, son of Jack Edwards and the late Betty Edwards of Colorado City, has retired from the Texas Department of Transportation following a 27-year careeer.

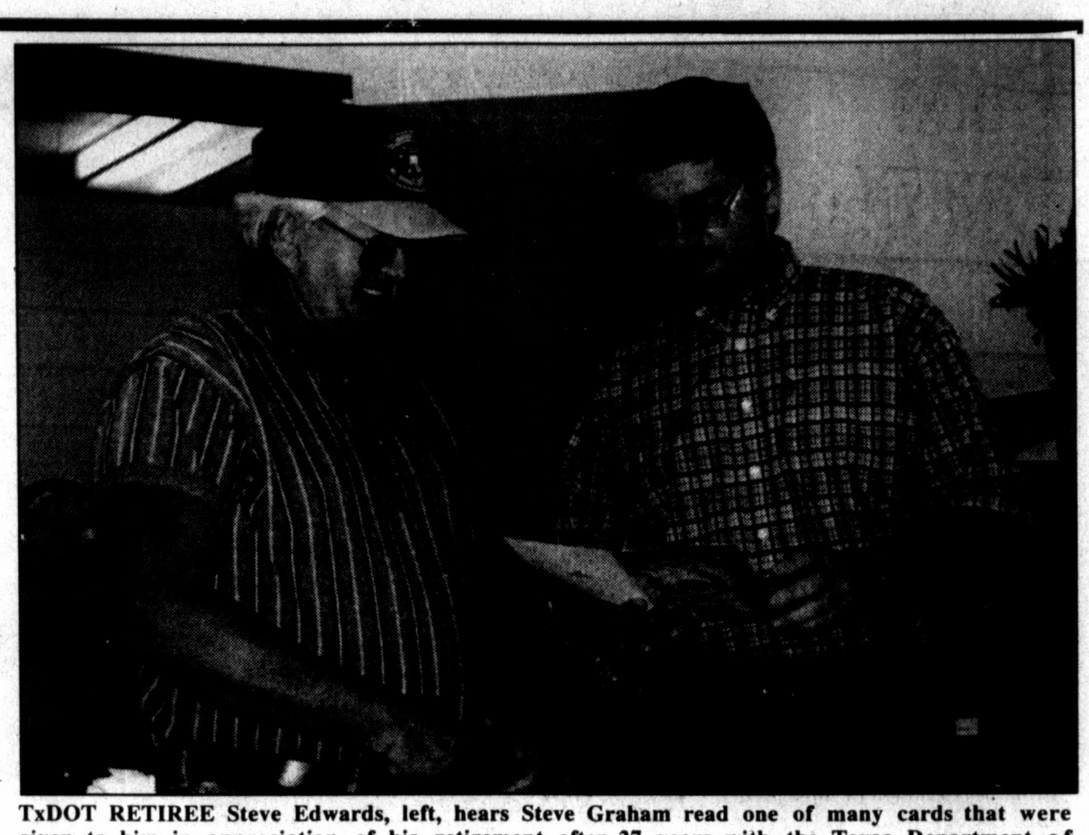
An engineering technician III at the time of his retirement, Edwards began working for TxDOT in February 1973 and spent his entire career working in the Abilene district's Mitchell County maintenance section.

Prior to joining TxDOT, this 1968 graduate of Colorado High School served four years in the United States Navy.

Edwards, who had a 26-year safe driving record with TxDOT, said at his retirement ceremony, "Snow was a four-letter-word at my house." Although he told the many family members, friends and co-workers honoring him at his farewell get-together that he would miss the numerous friends he made during his long career, Edwards said he won't miss the midnight calls for snow, ice, wrecks or high water.

He is married to Velinda and they have two sons, D.J. and Justin, four gandsons and one granddaughter. Edwards' many hobbies include fishing, bowling, reading westerns, and watching movies.

What's he going to be doing following retirement? According to Edwards, he hopes to do some traveling, more fishing, and work on that list of things that need to be done around his house.



TxDOT RETIREE Steve Edwards, left, hears Steve Graham read one of many cards that were given to him in appreciation of his retirement after 27 years with the Texas Department of Transportation's Mitchell County Maintenance Section. Graham is the section supervisor. TxDOT Photo by Mary Beth Kilgore.

Anniversary is observed by Westbrook Golden Agers

WESTBROOK -- Westbrook Golden Age Club will celebrate its 42nd Anniversary with a 6 p.m. Tuesday, Aug. 8, dinner and program.

Club Director Lula Leach Monday said the members will prepare "a big supper" that will be free to visitors and that entertainment and a speaker will be scheduled.

"Everyone is invited just as guests," she said, adding that the menu had not been decided.

Meeting in a former drug store and post office building at 101 S. Main St., the club was organized in 1958.

It has about 30 members.

The club will have its annual barbecue sales, making free deliveries throughout Mitchell County, at a date in September that has not been scheduled.

Ms. Leach said the barbecue grossed about $900 at its peak two years ago.

"We sold out of everything we had, down to the beans," she said.

Tiller Reunion slated Saturday at CMS

Descendents of John H. and Mary E. Tiller will gather for their annual reunion Saturday, August 5, 2000 at the Middle School cafeteria from 2 pm to 10 pm.

Fellowship and a meal at 6 pm will be enjoyed by all. Friends of the family are welcome.

WE DO ONLY ONE KIND OF LENDING.

Public Notice

TXU Electric Company, ("TXU", "Company"), in accordance with the rules of the Public Utility Commission of Texas, hereby gives notice of the Company's intent to obtain a Certificate of Convenience and Necessity to construct a portion of a 345 kV transmission line from the Morgan Creek Steam Electric Station located southwest of the City of Colorado City in Mitchell County to the Comanche Switching Station located southeast of the City of Comanche in Comanche County. This 345 kV transmission line will also terminate, along its route, at the West Texas Utilities Company (WTU) proposed Twin Buttes Switching Station located west of the City of San Angelo and the WTU Red Creek Switching Station located east of the City of San Angelo in Tom Green County. This project is a joint effort between TXU and WTU with TXU constructing the portion of the 345 kV transmission line in which the preferred or alternate route occurs in Mitchell County, Brown County, Comanche County or Mills County with WTU constructing the remainder. The description of the route of the portion to be constructed by TXU is as described below. Persons with questions about the portion of this project in Mitchell, Brown, Comanche or Mills Counties should contact Mr. Mike McWilliams, TXU Electric at (817) 215-5107. Persons who wish to intervene in the proceeding or comment upon action sought, should contact the Public Utility Commission of Texas, at P.O. Box 13326, Austin, Texas 78711-3326, or call the Public Utility Commission's Office of Consumer Affairs at (512) 936-7120. Hearing- and speech-impaired individuals with text telephones (TTY) may contact the Commission at (512) 936-7136, and may also contact Relay Texas at 1-800-735-2989. The deadline for intervention in the proceeding is September 7, 2000, and a letter requesting intervention should be received by the Commission by that date.

In addition, a copy of the map of the project may be reviewed at the office of Mike McWilliams, TXU Electric located at 115 W. 7th Street in Fort Worth, Texas, and a copy of the map may be obtained from Mike McWilliams by calling (817) 215-5107.

MITCHELL COUNTY

PROPOSED TRANSMISSION LINE ROUTE

The proposed transmission line will begin at the Morgan Creek Steam Electric Station located on the east side of Lake Colorado City in Mitchell County. This beginning point for the proposed 345 kV transmission line is on the west side of State Highway (SH) 163 approximately 1.4 miles northeast of intersection of SH 163 and Farm to Market Road (FM) 2836. The proposed 345 kV transmission line will extend east approximately 0.5 miles, crossing SH 163, to an angle structure on the east side of SH 163. At this angle structure, the proposed 345 kV transmission line will turn to a southeasterly direction and continue approximately 9.25 miles to an angle structure located on the east side of a county road. This angle structure is located approximately 3.23 miles southwest of the intersection of SH 208 and FM 644. At this angle structure, the proposed 345 kV transmission line turns in a southerly direction and continues 9.22 miles to the Mitchell County/Coke County line. This point is located approximately 1.7 miles west of the Colorado River intersection with the Mitchell County/Coke County line and on the east side of the Coke County/Sterling County line. WTU will continue the construction of the proposed 345 kV transmission line from this point south.

ALTERNATE TRANSMISSION LINE ROUTE

The alternate transmission line route for this project in Mitchell County begins at the same point at the Morgan Creek Steam Electric Station. The alternate transmission line route follows the proposed transmission line route approximately 1,200 feet to the large angle structure on the east side of SH 163 and continues following the proposed transmission line route as it turns in a southeasterly direction for approximately 1.26 miles to an angle structure. The alternate transmission line diverges from the proposed transmission line route at this angle structure which is located approximately 1.53 miles east of the intersection of SH 163 and FM 2836. The alternate transmission line route continues in a southerly direction for approximately 2.05 miles to the Colorado River and continuing approximately 13.76 miles to the Mitchell County/Sterling County line. The crossing of the Colorado River is approximately 2.39 miles southeast of the intersection of SH 163 and FM 2836. The intersection of the alternate transmission line route and the Mitchell County/Sterling County line is approximately 5.91 miles west of the Colorado River intersection with the Mitchell County/Coke County line and near Antelope Creek. The WTU alternate transmission line continues south from this point.

BROWN COUNTY

PROPOSED TRANSMISSION LINE ROUTE

In Brown County, the proposed transmission line will begin on the western county line at the change in ownership between TXU Electric and WTU. This point is located approximately 5.9 miles west-northwest of the intersection of FM 586 and United States Highway (US) 377. The proposed transmission line will continue in a east-northeasterly direction for approximately 2.6 miles to an angle structure located south of FM 586 approximately 1.8 miles west-southwest of the Smith Cemetery on FM 586. At this angle structure, the proposed transmission line turns toward the east and continues approximately 2.46 miles to FM 586 just south of a bridge over the Clear Creek. The proposed transmission line continues in the same direction for a distance of approximately 1.7 miles to US 377 approximately 0.26 miles north of eastbound FM 586. The proposed transmission line continues in the same direction for approximately 8.8 miles to a slight angle on the east side of FM 45. The proposed transmission line continues for approximately 2.1 miles in an east-northeasterly direction to an angle structure. This angle structure is located approximately 3.2 miles northeast of the intersection of FM 45 and the Brown/Mills County Line. The proposed transmission line continues in a northeasterly direction approximately 6.8 miles, roughly parallel to and a little more than one-half mile north of the county line, to an angle structure. This angle structure is located approximately 4.5 miles southwest of the intersection of US 84/183 and the Brown/Mills County Line. From this angle structure, the proposed transmission line will continue in a northerly direction for approximately 9.1 miles, crossing US 84/183 approximately 0.9 miles west of the intersection of US 84/183 and FM 1467, to an angle structure located approximately 3.8 miles north-northwest of the intersection of US 84/183 and FM 1467. From this angle structure, the proposed transmission line turns in a northeasterly direction and continues for approximately 6.25 miles to the Brown/Comanche County Line. This intersection of the proposed transmission line and the county line is located approximately 2.5 miles north from the intersection of FM 590 and the county line.

ALTERNATE TRANSMISSION LINE ROUTE

In Brown County, the alternate transmission line for this project will begin on the western county line at the change in ownership between TXU Electric and WTU in the alternate route. This point is located approximately 3.2 miles from the intersection of US 67/84 and the county line. The alternate transmission line route will continue in a east-southeasterly direction for approximately 5.7 miles, crossing FM 586 approximately 3.2 miles south-southwest of the intersection of US 67/84, to an angle structure located south-southwest of the US 67/84 and FM 1149. At this angle structure, the alternate transmission line route turns toward the northeast and continues approximately 1.2 miles to an angle structure. This angle structure is located approximately 3.2 miles south-southeast of the intersection of the intersection of US 67/84 and FM 1149. At this angle structure, the alternate transmission line route turns toward the east and continues approximately 2.8 miles to an angle structure. This angle structure is located approximately 2.7 miles northwest of the intersection of FM 1170 and US 377. At this angle structure, the alternate transmission line route turns south and continues approximately 2.25 miles to an angle structure. This angle structure is located north of FM 1170 and approximately 1.23 miles west of the intersection of FM 1170 and US 377. At this angle structure, the alternate transmission line route turns in a southeasterly direction, crossing FM 1170 approximately 1.05 miles west of US 377, and continues approximately 0.5 miles to an angle structure. This angle structure is located approximately 0.87 miles west of the intersection of FM 1170 and US 377. At this angle structure, the alternate transmission line route turns to the east and continues, crossing US 377 approximately 0.2 miles south of the intersection of FM 1170 and US 377, for approximately 2.26 miles to an angle structure. This angle structure is located approximately 1.8 miles south-southeast of the intersection of US 377 and FM 45. At this angle structure, the alternate transmission line route turns in a southeasterly direction and continues, crossing FM 45 approximately 4.5 miles north of the intersection of FM 45 and the Brown/Mills County Line, approximately 8.3 miles to an angle structure located in the proposed transmission line route described above. This angle structure is located approximately 3.2 miles northeast of the intersection of FM 45 and the Brown/Mills County Line. The proposed transmission line continues in a northeasterly direction approximately 9.3 miles, roughly parallel to and a little more than one-half mile north of the county line, to the Brown/Mills County Line. This point is located approximately 2.3 miles south of the intersection of US 84/183 and the Brown/Mills County Line.

COMANCHE COUNTY

PROPOSED TRANSMISSION LINE ROUTE

In Comanche County, the proposed transmission line will begin on the western county line. This intersection of the proposed transmission line and the county line is located approximately 2.5 miles north from the intersection of FM 590 and the county line. From this point, the proposed transmission line proceeds in a northeasterly direction for a distance of approximately 10.4 miles to an angle structure. This angle structure is located approximately 2.2 miles southwest of the intersection of FM 590 and SH 16. In this section of the proposed transmission line, the route crosses FM 590 approximately 4 miles southwest of the intersection of FM 590 and FM573, crosses FM 573 approximately 2 miles south of the same intersection. In this section of the proposed transmission line, the route also crosses FM 3200 approximately 0.3 miles south of the intersection of FM 3200 and SH 16, and crosses SH 16 approximately 0.24 miles from this intersection. From this angle structure, the line turns in an easterly direction and continues approximately 1.6 miles to an angle structure on the south side of the existing Comanche Switching Station. The proposed transmission line turns toward the north from this angle structure and continues into the existing station. This existing switching station is located approximately 2.75 miles southeast of the intersection of US 67 and SH 36.

ALTERNATE TRANSMISSION LINE ROUTE

In Comanche County, the alternate transmission line for this project will begin on the Comanche/Mills County Line. This point in the county line is approximately 1.4 miles from the intersection of FM 573 and the Comanche/Mills County Line. From this point, the alternate transmission line route continues approximately 3.5 miles to an angle structure. This angle structure is located approximately 4.3 miles west-northwest of the intersection of SH 16 and the Comanche/Mills County Line. At this angle structure, the alternate transmission line route turns slightly toward the north and continues approximately 4 miles to an angle structure. This angle structure is located approximately 1.4 miles northwest of the intersection of SH 16 and FM 1476. At this angle structure, the alternate transmission line route turns north and continues 6.1 miles to the Comanche Switching Station described above. In this alternate route section, the alternate route crosses SH 16 approximately 2.9 miles north of the intersection of SH 16 and FM 1476.

MILLS COUNTY

ALTERNATE TRANSMISSION LINE ROUTE

The only transmission line route in Mills County is the alternate transmission line route. The alternate transmission line begins in the Brown/Mills County Line. This point is located approximately 2.3 miles south of the intersection of US 84/183 and the Brown/Mills County Line. The alternate transmission line route continues in a northeasterly direction for approximately 2.9 miles to an angle structure located on the east side of US 84/183. This section of the alternate transmission line route crosses US 84/183 approximately 1.6 miles from the intersection of US 84/183 and the Brown/Mills County Line. The angle structure is located approximately 1.9 miles east of the intersection of US 84/183 and the county line. At this angle structure, the alternate transmission line route turns north and continues approximately 0.9 miles to an angle structure located approximately 1.8 miles east-southeast of the intersection of FM 218 and the Brown/Mills County Line. At this angle structure, the alternate transmission turns toward the east and continues approximately 1.8 miles to an angle structure. This angle structure is located approximately 2.8 miles west-southwest of the intersection of FM 218 and FM 573. At this angle structure, the alternate transmission line turns toward the northeast and continues approximately 4.8 miles to the Mills/Comanche County Line. This point in the county line is approximately 1.4 miles from the intersection of FM 573 and the Mills/Comanche County Line. In this section of the alternate transmission line route, the alternate route crosses FM 218 approximately one-half mile west of the intersection of FM 218 and FM 573 and crosses FM 573 approximately 0.35 miles north of the same intersection.

The estimated cost of TXU's portion of the Morgan Creek-Comanche 345 kV Line project is $45,075,000.

A complete copy of the application, including maps showing the location of the transmission facilities, is on file with the Public Utility Commission of Texas in Austin, Texas.

FIRE

FROM PAGE 1

electrical receptacle in a corner of the garage on the east side of the house. The owner told me the overhead door opener and the air conditioner were hooked into it.

"We don't know if it was a short or a voltage overload, but it was some kind of malfunction in that electrical line or the box itself.

"We were real lucky that the garage was detached from the house. A sun porch connects them. If not for that, there's no telling what could have happened.

"That actually kept it out of the house till we got there"

He said the house had so much heat in the attic that it would have soon caught fire, and there was so much smoke inside that the Mizes could have suffered from smoke inhalation if Mrs. Mize had not awakened.

The couple's bedspread was black from the soot, as was the floor and most of the interior except for the living room and another bedroom.

Mrs. Mize's awakening was seen as unusual because smoke typically puts victims into a deeper sleep rather than waking them up.

"It was just right to the point where it was fixing to get into the house," Williamson said.

"They'll have to have a complete cleanout in there, but they're lucky they didn't lose more than they did.

"It wasn't hard to contain, but it was a little hard to put out because the car was on fire."

He said the firemen were concerned that the car had a full tank of gasoline and could explode.

Questions and answers about the sale of Valley Fair Lodge to Kristi Lee Manor

Question: At the Board meeting on Tuesday, July 25th, the question was raised, "What if Valley Fair sold to someone else?"

Answer: Of course, the Hospital District has the right to sell to anyone they chooose. However, selling to someone else will not change the fact that there are not enough residents to sustain three nursing homes, meaning that Loraine Manor will be forced to close.

Question: What about the concern that there always be a stable nursing home operation in the county? Isn't this an argument to keep Valley Fair in operation?

Answer: By selling to someone else there would be individual entities competing with each other, both being barely able to survive. If, on the other hand, by having just one tax paying owner, there would be a much more stable operation serving the county. In addition, Kristi Lee Manor and Loraine Manor are hopeful that they could do even more for the community, such as possibly opening an assisted living facility, which otherwise would not be possible for us to do.

Question: Why are we making an offer now?

Answer: The Hospital District is going to have to provide a lot of tax payer money to Valley Fair to purchase equipment for its operation. There are several options open to them, but all will cost a great deal. The first problem for them is dietary. They can remodel the kitchen in their nursing home, but to do so they will need to buy very expensive equipment in addition to the remodeling, and they will have to put in a full kitchen crew. Another option would be to transport the food, but this would also require expensive equipment to keep the food both hot and cold. This would require at least one vehicle and probably two employees daily to transfer the food.

The next issue is the laundry. The Hospital District must purchase expensive laundry equipment. An option would be to transport the laundry as well, but this would require the purchase of a second vehicle, because food should not be transported in the same vehicle as dirty linens. In fact, in order to comply with sanitary regulations, it is conceivable for Valley Fair to need four vehicles: one for prepared food and one for dirty dishes, a third for clean linen, and a fourth for dirty linen. The only other way would be to pay someone to santitize one vehicle between each use. The thought of eating food which was transported in the same vehicle that carried dirty bed linens is not very appealing.

Our reason for presenting the proposal at this time is to provide the county with an alternative before the Board votes to spend large amounts of taxpayer money.

Question: Do we need Valley Fair Lodge for indigent care in the county?

Answer: The answer is no. There is no need for indigent care because people who cannot afford nursing home care qualify for Medicaid. Also, Valley Fair's books show that there have only been a few hundred dollars in write-offs in the last several years. There is no indication that they are helping a large number of indigent care people.

COOK'S CORNER

By Sheila Plagens

Many parents send lunches to school with their children and school lunch ideas have always been popular with Cook's Corner. Getting children to eat is sometimes a challenge and hopefully these lunch ideas will help!

'BALONEY" CHEESE DOGS

2 hot dog buns
mayonnaise or mustard
2 slices bologna
2 sticks cheddar cheese or string cheese sticks

Spread inside of hot dog buns with mayonnaise or mustard. Roll 1 bologna slice around each cheese stick. Place inside hot dog bun. Wrap each bun in plastic wrap.

LUNCH BOX "HANDWICHES"

1 pound loaf frozen bread dough, thawed
2 1/2 cups fully cooked ham, finely chopped
4 oz. shredded swiss cheese
1 egg yolk
1 Tbsp. water

Allow dough to rise according to package directions. Punch down, divide into 10 equal pieces. Roll each piece into a 5" circle. Place about 1/4 cup ham and 2 Tbsp. cheese on each circle, press filling to flatten. Mix egg yolk and water, brush on edges of circles. Fold into semicirles and pinch edges to seal. Brush tops with egg yolk mixture. Place on an ungreased baking sheet. Bake at 375° for 15-20 minutes or until golden brown. Serve warm or cold. If desired, cool and freeze.

CHICKEN SALAD

1/4 cup mayonnaise
1/4 cup sour cream
1 tsp. grated lemon peel
1 tsp. lemon juice
1/2 tsp. salt
1/8 ts. pepper
3 1/2 cups cubed cooked chicken
1/2 cup thinly sliced celery
1/4 cup thinly sliced green onions
1/4 cup slivered almonds, toasted

In large bowl combine mayonnaise, sour cream, lemon peel, lemon juice, salt and pepper. Add chicken, celery and green onions, toss to coat. Cover, chill to blend flavors. Garnish with almonds.

ELVIS PRESLEY'S FRIED PEANUT BUTTER AND BANANA SANDWICH

1 small ripe banana
2 slices white breaD
3 Tbsp. peanut butter
2 Tbsp. butter

In small bowl, mash banana with the back of a spoon. Toast the bread lightly. Spread the peanut butter on one slice of toast and the mashed bananas on the other. Fry the sandwich in melted butter until each side is golden brown. cut diagonally and serve hot.

SANDWICH ROLL-UPS

Cut the crusts off your bread and fill it with your favorite filling: ham and cheese, tuna, egg or chicken salad. Spread the filling close, but not all the way, to the edge of the bread and be careful not to over fill it. Take a rolling pin and flatten out the sandwich. Then roll it up and secure it with one or two toothpicks. Refrigerate for at least one hour. You can eat the roll-up like that or cut it into mini-pinwheels.

ADD A LOVE NOTE

Work, overtime, school, homework and after-school activities keep all our lives extremely busy. But it's so important to connect with your children and here's a great way how. Take a minute in the morning to write your kids a note and send it along with their lunchbox. It doesn't have to be fancy, and it doesn't have to be long. With a pen and a napkin you can send along your thoughts, such as I love you, I can't wait to see you later, or good luck on that test today. It's cheap. It's simple. It's low in fat and calories. And it can really make their day!!

High School Schedules

Any returning Colorado High School student that did not complete a schedule for the coming school year need to come by the school as soon as possible to fill out a schedule.

Masonic Lodge

Mitchell County Masonic Lodge stated meeting first Tuesday of each month.

Matthies family reunion held

Descendants of William and Elise Matthies gathered for the annual Matthies family reunion held on July 22nd & 23rd at the Senior Citizens Center in Loraine, Texas.

Family members representing several branches of the large Matthies tree enjoyed visiting with up to four generations of individual families present. Old family photographs, family lineage and information were shared by all.

The two-day reunion consisted of a family Domino (42) tournament won by the sister's team of Addie Markham of Snyder, Texas and Pauline Matthies of Dallas, Texas. A horseshoe tournament was played and won by family team members Jack Chambliss of Loraine, Texas and Justin Edwards of Big Spring, Texas. 'Matthies Champion' trophies were presented to the tournament winners.

Gifts were presented to the eldest and youngest family members in attendance, along with a special prize for the best dessert, which was won by Lisa Frayley of Bay City, Texas.

Winning a gift for the most miles traveled was John and Carolyn Frayley of Pennsylvania. Other family members winning various prizes and games were Justin Edwards of Big Spring, Susan Griffith of Roby, and Jarrett Everett of Seminole.

Family members, Jeff and Jeanie Matthies of Colorado City, owners of Nix's Barbecue, catered a delicious Sunday lunch. The family enjoyed a large variety of meats and side dishes served buffet style.

The traditional Matthies Family White Elephant Auction followed the Sunday meal with numerous handmade items and goodies being auctioned to fund the next Matthies Reunion to be held in 2001.

Members voted to continue having the reunion held at the Senior Citizens Center in Loraine, and also voted to make a small donation to the center toward their new air conditioning that was recently installed and enjoyed.

There were 79 people in attendance with family members coming from Clearville, Pennsylvania, Loraine, Colorado City, Snyder, Roscoe, Big Spring, Sweetwater, Roby, Rotan, Abilene, Clyde, Seminole, Midland, Lamesa, Mesquite, Dallas, Arlington, Fort Worth, Bay City, Cooperas Cove, Kermit, Richardson, and Carlsbad, Texas.

Go Back-To-School in Style

Special group women's clothing

1/2 price

New selection of *Brighton* shoes arriving daily.

$20 off any purchase over $60.00 with this coupon.
Excludes sale merchandise.
Limit 1 coupon per person. Expires Aug. 12, 2000/

RS The Rainstick

Our greatest natural resource

Of all the natural resources we have in this county, none is more important than our children. You may know us as your local financial experts, but our first commitment is sharing the Hometown Spirit with our community and customers. That's why we're proud to support so many youth activities.

Being a full-service community bank is a big responsibility, because we touch so many lives in this area. We're proud of the work we do, and grateful for the support the community has given us. By sharing the Hometown Spirit together, we're building a brighter future for our children and for all of us.

WELCOME TEACHERS AND ALL NEWCOMERS TO COLORADO CITY!

DIRECT DEPOSIT AVAILABLE!

Rosson, Littlejohn exchange vows

Christa Marie Rosson of Lubbock and Brett Lane Littlejohn of Clovis, New Mexico were united in marriage at 2 pm Saturday, June 10 at Colonial Hill Baptist Church in Snyder. Dr. Tommy Culwell officiated the double-ring ceremony.

Parents of the bride are Jim and Melissa Rosson of Snyder. Grandparents are R.J. and Dorothy Rosson of Snyder and George and Carolyn Witten of Colorado City.

Parents of the groom are Robert and Jan Littlejohn of Clovis and grandmother is Pat Littlejohn of Clovis.

Guests were greeted by Haley Shurtleff, a cousin of the bride from San Angelo.

The setting of the vows took place in the sanctuary, which was decorated with white silk and tulle bows with a touch of orchid roses along the pews. The bows were made by the bride's grandmother, Carolyn Witten.

An arc candlelabra with votive candles stood in the center of the altar with tapered candlelabras to each side of the arc. The three candlelabras were all dressed with floor-length tulle and satin bows which were tied under the candles and draped gracefully to the floor. The candlelabra bows were made by the bride's cousin, Linda Richardson of Carlsbad, New Mexico. A large floral arrangement of white mums with orchid gladiolas and greenery added a lacy elegance to the altar setting. The unity table was draped with a white doile cloth and a framed wedding prayer was placed beside the candles.

Candlelighters were Scott Squiers of Lubbock, a close friend of the bride and groom, and Chad Helmer, a longtime friend of the groom from Clovis. As candles were lit a medley of songs were played by Triesta Lilly, which included "Ballade Pour Adeline", "Hymne", "Thread of Love", and "Wind Beneath My Feet".

As the parents lit the unity candle, "Jesu, Joy of Man's Desiring" was played. Ellen Strayhorn, longtime friend of the bride and her family, sang "The Rose". The bridesmaids entered from the rear of the church as the groom and groomsmen entered the front to "Pachelbel's Canon in D".

The bride was escorted down the aisle by her father to the traditional wedding march. She wore an elegant gown of white Italian satin designed by Private Label. The strapless bodice was accented soutache lace in a floral pattern encrusted with sequins and pearls. It was further enhanced with a band of scrollwork at the top and waistline. The basque waist allowed the full ball gown skirt to fall gracefully to the floor and sweep into a mid cathedral train. The hemline was finished with a band of scrollwork that echoed the look of the bodice. To complete her ensemble, she wore a wreath of delicate flowers and pearls finished with white illusion. She also wore a pearl necklace, bracelet, and earrings belonging to her mother. Her bouquet of long-stemmed white roses and freesia was draped and wrapped with an elegant bow of satin and tulle.

Matron of Honor was Monica Rosson Squiers, cousin of the bride from Lubbock. Bridesmaids were Brooke Wright, cousin of the bride from San Marcos, Carol Littlejohn, the groom's sister-in-law from Lubbock, and Erin Littlejohn, the groom's sister from Clovis. Flower girl was Kinsey Holt of Lubbock, Texas.

Attendants wore an orchid floor length sleeveless dress of crepe with a jewel neckline. Pearls adorned the neckline and bodice of the empire waisted gowns. Each carried a single long-stemmed white rose adorned with freesia and greenery and tied with an orchid and white silk bow.

Best man was Cade Monroe, a cousin of the groom from Clayton, New Mexico. Groomsmen were Blake Littlejohn, brother of the groom from Lubbock, Seth Rosson, brother of the bride from Snyder, and Brad McConnel, a friend of the groom from New Mexico. Ringbearer was Tanner Monroe, a cousin of the groom from Clayton, New Mexico. Ushers were Levi Lay, Chad Helmer, Justin Rosson, cousin of the bride, and Scott Squiers. Male attendants were dressed in black coat tail tuxedos with black vests and ties. Each had a white rose in his lapel.

During the double-ring ceremony, Seth Rosson read 1 Corinthians 13. Vows were exchanged and the couple lit the unity candle while Ellen Strayhorn sang "Standing Right Next to Me."

The bride's table featured a four layered wedding cake adorned with white roses, orchid mums, and greenery around the base of the cake and separating the tiers. The wedding cake, a gift from Patty Hillock, longtime friend of the groom, was decorated with a similar floral pattern and scrollwork found in the bride's dress. White pearls were draped along the lacework of the cake to further enhance this effect. The cake was topped with white butterflies with gold rims resting on a platform of lace and bows. The table was also decorated with two sterling silver candlelabras and a wedding prayer plaque given to the bride by her cousin, Michelle Rheeten. The bridal bouquet and bridesmaid's bouquets completed the floral arrangement of the table. Serving the wedding cake were Audra McAteer and Amy Choate from Lubbock who are longtime friends of the bride.

Coffee was served from a silver service belonging to the bride's great aunt, Dorothy Rosson. The punch bowl of sterling silver and matching cups belonged to Judy Moss. Punch and coffee were served by Michelle Martin, longtime friend of the bride from Dallas.

The groom's table was covered with a floor-length burlap-colored cloth. The western theme of the table was enhanced by a hexagon shaped red velvet chocolate covered cake. On top of the cake was the groom's brand. The table was decorated with a wildflower arrangement in a western boot made of mesh wire. Spurs and lariat belonging to the groom helped to conclude the theme of this table. Chocolate covered strawberries, nuts, and mints were also served to guests. Cake was served by Krissy Bruton, friend of the bride and groom from Dimmitt, Texas.

The wedding coordinator was Linda Cozart. Reception coordinator was Judy Moss, and hostesses included Carolyn Hamby, Vina Strayhorn, Molly Kattes, and Kathy Post.

After the reception, the couple left in a 1930 Ford Model A belonging to Linda Greene of Snyder.

Following a honeymoon to Cancun, Mexico, the couple has made their home in Dimmitt, Texas where Nutt Feed Co. has employed the groom, a graduate of Texico High School. He attended Western New Mexico State University in Portales, New Mexico and plans to attend West Texas A&M University in Canyon, Texas.

The bride, a graduate of Snyder High School and Texas Tech University, received her degree from the College of Human Sciences in early childhood education. She is employed by Dimmitt Independent School District and will be teaching first grade.

Bodine, Gaines wed in Sterling City

Mrs. Joshua Robert Gaines

Melinda Bodine and Joshua Robert Gaines exchanged wedding vows July 29, 2000 in the First United Methodist Church of Sterling City. Rev. Victoria Bailey of Sterling City First United Methodist Church and Rev. William Harris of Colonial Hills United Methodist Church, San Antonio, officiated at the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Michael Bodine of Sterling City and the granddaughter of Mr. and Mrs. Homer Bodine of Colorado City, Texas. The groom is the son of Mr. and Mrs. Bob Gaines of Midkiff, Texas, and the grandson of Dr. and Mrs. Charles Gaines of Midland, Texas, and Mr. and Mrs. Gene Love of Glenn Haven, Colorado.

The bride was given in marriage by her father. She wore a white two-piece strapless delustered matte satin gown with a wide brocade band at the hemline and a chapel length train. Swarovski crystals were hand sewn on the top of the brocade bodice.

Maid of honor was Amanda Bodine, sister of the bride of Sterling City. Bridesmaids were Jeannie Gaines, sister of the groom of Midkiff; Shanna Bynum, cousin of the bride of Rankin; Kelly Stokes, cousin of the bride of Temple; Renee Jackson of Throckmorton, Kimberly Jost of St. Lawrence; Linda Petty of Bedford; and Candace Rothwell of Childress.

Flower girl was Kanada King of Midkiff.

Candlelighters were Ginny McEntire of Sterling City and Julie Whitaker of Matador.

Best man was James Gaines, brother of the groom of Midkiff. Groomsmen were Bailey Gaines, cousin of the groom of Kingwood; Greg Braden, John Evridge, Cody Wilson and Shane Wilson, all of Midkiff; Jeremy Louder of Stanton; and Jason Phillips of Garden City.

Ring bearer was Lane Horwood of Sterling City. Ushers were Chase Hord of Sterling City and Brandon McDaniel of Lubbock.

Organ music was provided by Annelle Gault of Sterling City. Vocalists were Ronnie Kilpatrick and Monica McEntire, both of Sterling City. Scripture reader was Kelly King of San Antonio.

A reception was held in the Sterling City Community Center immediately following the ceremony. Serving in the house party were the bride's cousins Stacy Lyons, Melanie and Mollie Armstrong of Garland, and friends Melissa Baze of Ft. Worth, Christy Henard of Wellington, Kyla Kinsey of Sterling City, and Allison Nadolski of Livingston.

Following a wedding trip to Cozumel, the couple will reside in Lubbock, Texas.

A rehearsal dinner was hosted by Bob and Debra Gaines of Midkiff at the First United Methodist Family Life Center in Sterling City.

New immunization requirements for children

Some children enrolling in schools or child-care facilities this fall will face new immunization rules for hepatitis A, hepatitis B and chickenpox (varicella), effective August 1. Plus students in public and private schools and child-care facilities must be up to date on all their immunizations, according to Kristin Hamlett of the Immunization Division at Texas Department of Health (TDH).

The hepatitis A vaccine requirement affects only those children attending school or child-care facilities in 32 counties along the Texas-Mexico border. Since August 1, 1999, two doses of hepatitis A have been required for children five years and older, born on or after Sept. 2, 1992. As of August 1, 2000, this requirement expands to include younger children enrolled in licensed child-care facilities.

Two year olds must get one dose of hepatitis A vaccine on or after their second birthday. Children in this birth group -- born on or after September 2, 1992, must have two doses by the time they turn 3. Children with proof of a previous hepatitis A infection do not need to be vaccinated.

Studies show that 50 percent of children in the 32 border counties in Texas have been infected with hepatitis A by age 10. During the last 10 years, an average of 39 cases of hepatitis A infection per 100,000 population a year was recorded in this area. The U.S. Centers for Disease Control and Prevention recommends routine hepatitis A vaccinations in areas that average at least 10 cases per 100,000 population a year for 10 years.

Also as of August 1, the existing requirement for hepatitis B vaccine expands to include a group of adolescents. Previously, children born on or after September 2, 1992, had to show proof of receiving three doses of hepatitis B vaccine by age 5. As of August 1, children born on or after September 2, 1988, also must be vaccinated against hepatitis B. These children may receive the vaccine at any time before age 12, but proof of vaccination will not be required until 30 days after their 12th birthday. Children with proof of a previous hepatitis B infection do not need to be vaccinated.

Before recommendation for universal infant vaccination against hepatitis B, about 30,000 children and adolescents were infected annually in the country. A large number of people infected with hepatitis B early in life become chronic carriers who can continue to transmit the disease. Vaccination against hepatitis B is the only way to decrease the number of chronic carriers.

Chickenpox (varicella) vaccine or a history of having had chickenpox disease is required for two groups of children as of August 1. The first group is children born on or after September 2, 1994, who are 12 months of age or older. A second group, children born on or after September 2, 1988, but before September 2, 1994, must show proof of vaccination or a history of having had chickenpox by 30 days after their 12th birthday.

Before the vaccine, about 4 million cases of chickenpox occurred each year in the United States, with up to 200,000 patients having complications including an average of 100 deaths.

Other vaccines required at various ages are polio, diphtheria, tetanus and acellular pertussis (DTaP), Haemophilus influenzae type b (Hib), and measles, mumps and rubella (MMR). Children who have not completed a particular series of shots may attend school or child-care facilities if they have received at least the first dose and are on schedule for the remaining doses as soon as medically possible.

"Children vaccinated at the earliest recommended age always meet state immunization requirements," said Robert Crider, director of TDH's Immunization Division.

Age	Vaccine Requirement (at the time the child first enters the age group)
Younger than 2 months	No vaccines required
2 through 3 months	1 dose polio vaccine 1 dose DTP/DTaP vaccine 1 dose Hib vaccine
4 through 5 months	2 doses polio vaccine 2 doses DTP/DTaP vaccine 2 doses Hib vaccine
6 through 11 months	2 doses polio vaccine 2 doses Hib vaccine 3 doses DTP/DTaP vaccine
12 through 14 months	1 dose MMR vaccine received on or after 1st birthday 2 doses Hib vaccine 3 doses polio vaccine 3 doses DTP/DTaP vaccine 1 dose varicella vaccine on or after 1st birthday (effective 8/1/2000)
15 months through 4 years	1 dose MMR vaccine on or after 1st birthday 1 dose Hib vaccine on or after 15 months of age (unless a primary series and booster are completed) 3 doses polio vaccine 4 doses DTP/DTaP vaccine (4th dose required at 18 months) 1 dose varicella vaccine on or after 1st birthday (effective 8/1/2000)
2 years	1 dose hepatitis A vaccine (32 border counties only)
3 through 4 years	2 doses hepatitis A vaccine (32 border counties only)
5 through 6 years	3 doses polio vaccine, including 1 on or after 4th birthday 4 doses DTP/DTaP vaccine, including 1 on or after 4th birthday. (Proof of pertussis vaccination not required for children 5 years or older.) 1 dose MMR vaccine on or after 1st birthday and 1 additional dose of measles vaccine (may be received as part of a second MMR) 3 doses hepatitis B vaccine 2 doses hepatitis A vaccine (32 border counties only) 1 dose varicella vaccine on or after 1st birthday for children born on or after Sept. 2, 1994 (effective 8/1/2000)
7 through 11 years	3 doses polio vaccine, including 1 on or after 4th birthday 3 doses DTP/DTaP vaccine, including 1 on or after 4th birthday and 1 within the last 10 years 1 dose MMR vaccine on or after 1st birthday. Children born on or after Sept. 2, 1991, must have 2 doses of measles vaccine (may be part of a second MMR) 3 doses hepatitis B vaccine for children born on or after Sept. 2, 1992 2 doses hepatitis A vaccine for children born on or after Sept. 2, 1992 (32 border counties only)
12 years and older (in addition to those required at age 7)	Children born between Sept. 1, 1978, and Sept. 1, 1991, (inclusive) must show proof of 2 doses of measles vaccine within 30 days after their 12th birthday (may be part of a second MMR) Children born between Sept. 2, 1988, and Sept 1, 1992, (inclusive) must show proof of 3 doses of hepatitis B vaccine within 30 days after 12th birthday (effective 8/1/2000) Children born between Sept. 2, 1988, and Sept. 1, 1994, (inclusive) must have 1 dose of varicella vaccine on or after 1st birthday within 30 days after their 12th birthday. If first dose is received after age 13, 2 doses are required. Polio vaccine not required for students 18 and older (effective 8/1/2000)

7th and 9th Grade Students
All incoming 7th and 9th grade Colorado City students must have completed a physical before participating in any school athletic activities, according to Colorado City high school trainer Sherry Ann Miller. Please call the field house at 728-3693 for more information.

CHS Volleyball
Volleyball two-a-days will begin August 7 at the high school weight room. They will be from 6:30-7:30 am, 9 am-12 noon; and 1 pm-3 pm. Schedules will be given out at 6:30 for the rest of the week.

New students enroll now at Kelley and Hutch

Kelley and Hutchinson Elementary will enroll new students to the district between August 1 and August 8, 2000. Students who did not enroll through Kindergarten Roundup or at another time during the summer should contact the school secretary at Kelley Elementary, Virginia Mendoza, for enrollment information. Students who were in attendance at Kelley and Hutchinson Elementary last year do not need to re-enroll.

Registration day for all students will be held on Tuesday, August 15 from 9-12 noon in the Kelley and Hutchinson cafeterias. All students and their parents are invited to come to registration and meet their teachers, tour the school, and find out details about lunch and transportation. The Student Code of Conduct and the new Parent Handbook will be distributed at that time.

Parents may also join the LAUNCH group (the parent/teacher organization) at Kelley Elementary, purchase a t-shirt for their child, and sign up for the After School Program.

Hutchinson Elementary school supply list

Hutchinson Elementary has released the supply lists for the 2000-2001 school year.

Third grade
1 big eraser
1 set map colors

At Kelley and Hutchinson...

PTO and PETS sign up

The Parent and Teacher Organization (PTO) and Parents Encouraging Teacher's Success (PETS) sign up will be August 15, 2000 at each campus.

At registration, each teacher will have a form for parents to fill out.

Starting this year, the Parent Teacher Organization (PTO) has joined forces with Parents Encouraging Teacher's Success (PETS). Both groups will combine efforts to help alleviate overlapping activities, but Kelley Elementary and Hutchinson Elementary campuses will still be served individually. By joining these groups, parents will be able to actively participate in their child's education.

Parents attending PTO meetings along with their child's teacher will only ensure our children's success.

Parents can help by volunteering time in classrooms, popping popcorn on Friday's, assisting with fundraisers, or donating time or services.

PETS alone raised over $3,000 from these activities and each campus was given $1,000 for purchasing digital cameras, scanners, and various other equipment used by each campus.

Time volunteered by parents shows up in better education, better kids, and many campus improvements.

Your help will be greatly appreciated and your children will benefit tremendously!

Middle School registration set Aug. 15

Colorado Middle School will hold registration for all students Tuesday, August 15th.

Sixth grade registration will be at 9 am. Seventh grade registration will be at 10 am. Eighth grade registration will be at 11 am.

A parent meeting will be held prior to each grade level registration in the auditorium. Registration will follow in the cafeteria.

Pictures will be taken during registration. Parents need to be prepared to pay any outstanding fines from the previous year. The student calendar/agenda will be on sale for $5. All middle school students are required to purchase an agenda. A back to school dance will be held on Friday, August 18.

2000-2001 School Lunch/Breakfast Program

The Westbrook ISD, in participating with the National School Lunch and Breakfast Program, is announcing the free or reduced price meal policy statement for 2000-2001 school year. The Board of Trustees of Westbrook ISD has adopted the following family size and income scale to assist in determining eligibility.

INCOME CHART

Household Size	Annual	Monthly	Weekly
1	15,448	1,288	298
2	20,813	1,735	401
3	26,178	2,182	504
4	31,543	2,629	607
5	36,908	3,076	710

Children from families whose income falls within the level shown on the above scale are eligible for either free or reduced price meals. The reduced price for lunch is 30 cents and for breakfast is 20 cents.

Every household will be furnished with an application, which must be completed to apply for free or reduced price meals. To complete, please answer all questions on the form. An application which does not contain the following information is not complete and cannot be processed by the school: 1) Names of all household members; 2) Amount of income received by each household member such as wages, welfare, alimony, etc., or your Food Stamp or AFDC/TANF number if you receive these benefits; 3) Signature of an adult household member; 4) Social Security number of the adult who signs the form or the word "none" if that person has none.

Within 10 days of the receipt of the application, the school will notify you whether or not your child is eligible. The school or other officials may check the informaiton on the application at any time during the school year.

If your child is approved for meal benefits, you must notify the school when your income increases by $50.00 per month/$600 per year or when your household size decreases. You may apply for benefits at any time during the school year. If you are not eligible now, but have a decrease in household income, become unemployed, or have an increase in family size, fill out an application at that time.

Children who receive free or reduced price meal benefits are treated the same as children who pay for their meals. In the operation of child feeding programs, no child is discriminated against because of race, sex, color, age, handicap, national origin, political belief, or religion. If you believe you have been discriminated against, write immediately to the Secretary of Agriculture, Washington, D.C. If you do not agree with the school's decision on your application or the result of verification, you may wish to discuss it with the school. You also have the right to a fair hearing. This can be done by calling, or writing to Mr. Todd Burleson, Superintendent of schools, PO Box 99, Westbrook, Texas, 79565, or call (915) 644-2311.

2000 Property Tax Rates in WESTBROOK-CITY

This notice concerns 2000 property tax rates for WESTBROOK-CITY. It presents information about three tax rates. Last year's tax rate is the actual rate the taxing unit used to determine property taxes last year. This year's effective tax rate would impose the same total taxes as last year if you compare properties taxed in both years. This year's rollback tax rate is the highest tax rate the taxing unit can set before taxpayers can start tax rollback procedures. In each case these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per $100 of property value.

Last year's tax rate:	
Last year's operating taxes	$9,315
Last year's debt taxes	$0
Last year's total taxes	$9,315
Last year's tax base	$2,426,413
Last year's total tax rate	0.38390 /$100
This year's effective tax rate:	
Last year's adjusted taxes (after subtracting taxes on lost property)	$9,189
/ This year's adjusted tax base (after subtracting value of new property)	$2,673,620
= This year's effective tax rate	0.34369 /$100
This year's rollback tax rate:	
Last year's adjusted operating taxes (after subtracting taxes on lost property and adjusting for transferred function)	$9,189
/ This year's adjusted tax base	$2,673,620
= This year's effective operating rate	0.34369 /$100
x 1.08 = this year's maximum operating rate	0.37118 /$100
+ This year's debt rate	0.00000 /$100
= This year's rollback rate	0.37118 /$100

Schedule A

Unencumbered Fund Balances

The following estimated balances will be left in the unit's property tax accounts at the end of the fiscal year. These balances are not encumbered by a corresponding debt obligation.

Type of Property Tax Fund	Balance

Schedule B

2000 Debt Service

The unit plans to pay the following amounts for long-term debts that are secured by property taxes. These amounts will be paid from property tax revenues (or additional sales tax revenues, if applicable).

Total required for 2000 debt service	$0
- Amount (if any) paid from funds listed in Schedule A	$0
- Amount (if any) paid from other resources	$0
- Excess collections last year	$0
= Total to be paid from taxes in 2000	$0
+ Amount added in anticipation that the unit will collect only 100.00% of its taxes in 2000	$0
= Total debt levy	$0

This notice contains a summary of actual effective and rollback tax rates' calculations. You can inspect a copy of the full calculations at 1132 HICKORY COLORADO CITY, TEXAS 79512.

SPIRIT AWARDS were handed out to Colorado High School Pep Squad members last week following a workout with CHS cheerleaders on the front lawn of the school, where parents and teachers cheered the efforts and enthusiasm of the girls.

GO, WOLVES! was the battle cry of Colorado High School cheerleaders, Pep Squad members and the Wolf mascot as they limbered up for the fall football and volleyball campaigns last Friday afternoon.

Pick up supplies at Loraine ISD

Loraine ISD will be purchasing initial school supplies for all students again this year. Parents need to purchase the pre-k/kindergarten rest mats. Due to recent changes in district policies, only clear or mesh backpacks will be allowed.

School hours have changed for the 2000-2001 school year. They are as follows:

Grades 7-12	
First Period	7:45-8:30
Second Period	8:35-9:20
Third Period	9:25-10:10
Fourth Period	10:15-11:00
Fifth Period	11:05-11:50
Lunch	11:50-12:20
Sixth Period	12:20-1:05
Seventh Period	1:10-1:55
Eighth Period	2:00-2:45
Grades PreK-2nd	
School	7:45-11:00
Lunch	11:00-11:30
School	11:30-2:45
Grades 3-6	
School	7:45-11:15
Lunch	11:15-11:45
School	11:45-2:45

Entry forms available for rodeo queens

Entry forms are available at the office of the West Texas Fair & Rodeo for young ladies interested in the 2000 Miss West Texas Fair & Rodeo Queen and Teen Pageant. The pageant dates are September 8-10, 2000. Entries must be received in the West Texas Fair & Rodeo office by 5:00 pm, August 11.

Winners will reign over the 2000 West Texas Fair & PRCA Rodeo September 12-16, 2000.

Age limits for the "Miss" division are 18-24 years of age and for the "Teen" division they are 13-18.

Entrants will be judged in three categories: Horsemanship, Western Attire and Personality. We are looking for talented young ladies who will represent the West Texas Fair & Rodeo well.

Entrants must live within a one hundred mile radius of Abilene.

We would need four 5x7 pictures (no glamour shots).

Call The West Texas Fair & Rodeo office at 915-677-4376 for entry forms or they may picked up at 1700 Hwy. 36, Abilene.

Westbrook announces dress code

Westbrook ISD has announced the dress and grooming code for the 2000-2001 school year.

The District's dress code is established to teach grooming and hygiene, prevent disruption and minimize safety hazards, teach respect for authority and compel uniformity to the standards of the community.

The District prohibits pictures, emblems, or writings on clothing that:
1. are lewd, offensive, vulgar or obscene;
2. advertise or depict tobacco products, alcoholic beverages, drugs or any other substance prohibited under Board policy FNCE (L).

Students from the sixth grade through high school will be required to adhere to the following rules of dress. Boys and girls will not wear apparel (shorts or dress) that strikes the leg more than (4) inches above the kneeling knee. These shorts may only be tailored shorts (loose fitting and hemmed) and not be cut-off blue jeans.

Boys:
1. Hair should not reach the top of the collar, lower than the middle of the ears, nor below the eyebrows.
2. Facial hair is not allowed. Sideburns should not reach below the ears.
3. No sleeveless shirts, biker shorts, wind shorts, caps, or shoes without socks.
4. No earring or visible tattoos will be allowed.
5. No flannel sweat pants are allowed.
6. Chains hanging from belt loops are not allowed.
7. Streaks or patches of a different color than normal hair color will not be allowed by girls or boys.
8. Boys will wear no ponytails.
9. Baggy jeans or pants will not be allowed.

Girls:
1. Girl's hair should be clean and brushed.
2. Extremely short dresses and skirts are inappropriate.
3. See through dresses and blouses, tank tops, biker shorts, wind shorts and "cropped" t-shirts or mid-driff shirts are not allowed.
4. Thongs are not to be worn.
5. No flannel sweat pants are allowed.
6. No gang related clothing or paraphernalia.

If the principal determines that a student's grooming violates the dress code, the student shall be given an opportunity to correct the problem at school. If not corrected, the student shall be assigned to in-school suspension for the remainder of the day or until the problem is corrected.

Repeated offenses may result in more serious disciplinary action.

C-City Wolves 2-a-day practices begin Monday

The Colorado City Wolves begin a new chapter in their football history this week as they prepare to open their first football camp in class 2A.

C-City's move down from class 3A to district 3 class 2A means no more mismatches against teams from larger cities with a much higher student enrollment. With 14 starters returning from last season's 1-9 team, Colorado City is expecting a return to the playoffs.

Two-a-day practices are scheduled to begin Monday, August 7 at 6:30 am with the issuing of equipment; on-field practice will be from 7 am to 9 am and 10-11:30.

The practices will move to the afternoon on Thursday, August 10 from 5 pm to 7 pm and 8-9:30 pm.

It will be a grueling two week period of practices for the Wolves as they whip themselves into shape in preparation for their first scrimmage, scheduled for Saturday, August 19 in Munday versus the Moguls.

A second scrimmage is set for Friday, August 25 at home versus Coleman.

The Wolves open their 2000 football season Friday, September 1 at 7:30 pm in Stamford to take on the Bulldogs.

THE COLORADO CITY LADYBUGS 12-under softball team from left are Brittany Hill, Jaime Bonner, Krisha Arispe, Kateshia Russell, Michelle Arispe, Jeanny Moore, Jessica Castillo, Daniell Arispe, Paige Newby, Tara Landtroop, Katherine Martinez, and head coach Ricky Arispe.

Ladybugs headed to National tournament

The dream has become a reality for the Colorado City Ladybugs softball team as they head to College Station this week to compete in the class "B" Fast Pitch National Softball Championship.

The Ladybugs will leave for College Station on Tuesday, August 8, and will play for two days in a mini-tournament to determine which bracket they will compete in. The "official" tournament gets underway on Friday, August 11.

The Ladybugs were invited to the National tournament after their top notch performances in district and regional tournaments. Ninety-six teams from all over the country will attempt to bring the Ladybugs wild ride to a halt.

Ladybugs coach Ricky Arispe believes his team has the nerve and the skill to compete with the best.

"I don't think they realize what they have done so far," said Arispe. "They just keep getting better and better."

Westbrook welcomes new head coach

The Westbrook Wildcats open Football camp next week with a new head coach and expectations to soon return to the elite of six-man-football.

Andrew Hannon, has taken over the reigns of the Wildcats, replacing long-time coach Jim Hill. Hannon, a graduate of Angelo State University, had previous coaching stints in San Angelo and Van Horn before moving to Westbrook.

The Wildcats begin their two-a-day workouts on Monday, August 7. Uniforms will be handed out at 6:30 am, with practice running from 7-9 am and from 10-12. Students are expected to bring a lunch for their break.

Coach Hannon hopes to instill his philosophy and get a feel for his new team early on in practice.

"We still have to evaluate our players, but I will teach three values," Coach Hannon said. "Sportsmanship, teamwork and work ethic."

Westbrook will play their first scrimmage on Saturday, August 19 versus Klondike at 6 pm in Klondike. A three-team scrimmage is scheduled on Friday, August 25 at 6 pm in Jayton versus Southland and Jayton.

The Wildcats open their regular season on Friday, September 1 at 7:30 pm against San Angelo Christian in Westbrook.

"We're excited," said Coach Hannon. "Our kids will be prepared."

Lady Wolves to open training camp

The Lady Wolves volleyball team will hit the floor running next week, as they begin their two-a-day workouts on Monday, August 7.

It looks to be a crash course for the Lady Wolves as they open their season almost immediately with a scrimmage in Colorado City versus San Angelo Lakeview on Friday, August 11th, followed by a second scrimmage the following day in Snyder against both Big Spring and Snyder.

The Lady Wolves open their regular season against Water Valley on Tuesday, August 15, at 7 pm in Water Valley.

Hunter education course available

Mitchell County Game Warden Randy Bullard has scheduled a basic hunter education course on August 17, 18, and 19th at the Colorado City Housing Authority.

This course is required for all Texas hunters born on or after September 1, 1971. For more information, call 728-2365 or 728-5261.

Bulldogs to begin practice Monday

The Loraine Bulldogs begin football camp next week focused on gaining the playoff berth they narrowly missed out on last season.

The Bulldogs begin their two-a-day workouts on Monday, August 7 from 7 am - 12 noon.

"We had a good year," said Loaine head coach Victor Garcia about his squad's 7-3 record last season. "We just had some tough teams in the district."

The Bulldogs will play a scrimmage on Friday, August 25, in Loraine versus Paint Rock at 6 pm. The season opener for Loraine will be against Klondike on Friday, September 8 at 7:30 pm in Loraine.

Coach Garcia expects the pre-season workouts to give his team an advantage.

"We won a lot of ball games last year because we were in better shape," said Coach Garcia. "We work as hard as we can."

Water well screening tests available

By John R. Senter

If there was any doubt, the hottest part of the summer is here and with a vengeance! Therefore, as we are forced to watch the effects that 100-plus temperatures can have, we can only turn our thoughts to water. But, we should expand our thinking past our lawns, gardens and fields. One of the most critical places we should be mindful of when it comes to water is our homes - especially if we utilize a well for any or all of our home use. The 1999 Texas Community Futures Forum, conducted in Mitchell County and every other county in the state, gave local residents the opportunity to address problems facing the county for the next three to five years. Many of you were involved in that process.

One of the foremost issues identified in every county in Texas was water. With that in mind, the extension office is networking with several local agencies to offer a Rural Well Screening program. The program will be conducted over a three day period and will offer county residents the opportunity to submit samples of well water for screening and analysis to determine the quality of each well on an indvidual basis and, should problems exist, offer solutions for correcting these problems.

Dates for the program are set for August 15, 16 & 17. The cost for each sample submitted will be only three dollars but could be worth much more in terms of peace of mind. The program will allow interested residents to register. Windi Fuller will relay activities from the newly formed Lone Wolf Underground Water Conservation District. Jimmy Apel, Big Country Resource Conservation and Development Coordinator, in Sweetwater, will then outline the Tex-A-Syst program. This program, developed by the Extension Service highlights practices to consider to modify your operation to reduce the risk of contaminating groundwater. To conclude this short meeting, Jimmy will explain the correct way to take a sample from individual wells to ensure accuracy in testing. Finally, sample bags will be distributed with the necessary forms, to homeowners wishing to sample their wells.

No meetings will be conducted Wednesday, August 16, but this is the day for all samples to be run. It is important to note that all samples must be returned to the Thompson room no later than 12 noon the 16th to allow ample time to run an accurate test on every sample submitted.

Thursday, August 17 is the final day for the program and will begin at 5:30 p.m., again in the Thompson room. At this final meeting, well owners will receive the screening results from their samples submitted the previous day. Further information surrounding the Tex-A-Syst program will be presented as well as handouts on well disinfection and nitrates.

In addition to water screening, the information from the meeting will be aimed at assisting rural residents of the county in assessing the risk of groundwater pollution and also understand Best Management Practices to help protect this valuable resource.

It is important to note that this is a voluntary and confidential self-assessment to help residents check and understand the quality of their wells as well as learn how to reduce the risk of pollution associated with water wells.

This program is supported by the Mitchell County Agricultural Extension office, Mitchell County Soil and Water Conservation District, Lone Wolf Underground Water Conservation District, Mitchell County Commissioners Court, Natural Resource and Conservation Service and the Big Country Resource Conservation and Development Area.

This educational program is a direct result of the water issue identified by county residents during the Texas Community Futures Forum process.

Please make plans to attend these short but informative meetings. For more information, contact the Mitchell County Extension office at 728-3111 or the Natural Resource and Conservation Service in Colorado City at 728-3473.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socioeconomic level, race, color, sex, religion disability or national origin.

Pork checkoff plan has been announced

Final procedures and dates for the upcoming referendum on continuation of the pork checkoff program were announced Thursday, July 27, 2000.

Secretary Dan Glickman authorized a vote on continuation of the checkoff program in February. The congressionally mandated pork checkoff program is funded by assessments collected from producers when hogs are sold. The funds are used for pork promotion, research, and consumer information. Program funds cannot be used to affect the outcome of the referendum vote. The final referendum rules provide for in-person voting September 19-21, 2000, at the Mitchell County FSA office located in the G-Kell Building.

Absentee ballots may be requested beginning August 1. However, absentee ballots for producers will become available from the County FSA office from August 18, 2000, through September 18.

The public is invited to observe the counting of the ballots at County FSA office on November 29, 2000, at time. Producers who have owned and sold one or more pigs or hogs at any time from August 18, 1999, through August 17, 2000, are eligible to vote. Producers are to vote in the county office where the producer's farm records are administratively located or, for other producers, in the county where the producer owns hogs or pigs.

Ranchers are in need of pasture, hay

Agriculture Commissioner Susan Combs today reminded farmers and ranchers if they have pastureland with available water supplies for lease or hay to sell to call the Texas Department of Agriculture's Hay and Grazing Hotline at 1-877-429-1998.

"We are still receiving calls from ranchers in the Edwards Plateau and West Texas who need grazing acreage as well as hay to feed their livestock," Combs said.

"One producer in Concho County said he had never seen it this dry in 50 years," Combs said. "With most of Texas still in moderate to extreme drought and 63 percent of our ranges and pastures rated in fair to very poor condition, the situation is still critical for many producers. We've even heard from one rancher who is looking for 50,000 grazing acres since there is no forage on his land."

Producers in and out-of-state can list their pasture for lease or hay for sale by calling the toll-free Hay and Grazing Hotline at 1-877-429-1998 or by visiting TDA's website at www.agr.state.tx.us. Ranchers or farmers needing a list of pastures for lease, hay suppliers or a hay transporter can also call the hotline number or visit TDA's website to obtain any of these updated lists.

NOTICE OF PUBLIC HEARINGS

The Region F Regional Water Planning Group will conduct two public hearings to receive comments on the initially prepared regional water plan for Region F. Region F includes the counties of Andrews, Borden, Brown, Coke, Coleman, Concho, Crane, Crockett, Ector, Glasscock, Howard, Irion, Kimble, Loving, Martin, Mason, McCulloch, Menard, Midland, Mitchell, Pecos, Reagan, Reeves, Runnels, Schleicher, Scurry, Sterling, Sutton, Tom Green, Upton, Ward and Winkler.

Copies of the initially prepared regional water plan are available in the County Clerk's office of the counties listed above and the main public library of the county seat in each county, if one exists.

Public meetings will be held at the Texas A&M University Research and Extension Center, 7887 US Highway 87 North, San Angelo, Texas, on Tuesday, September 5, 2000 at 6 p.m.; and at the UTPB Center for Energy and Economic Diversification, 1400 North FM 1788, Odessa, Texas, on Wednesday, September 6, 2000, at 6 p.m. Written and oral comments will be accepted at these hearings on the information contained within the initially prepared regional water plans. Written comments will also be accepted through Monday, September 11, 2000. Written comments or requests for additional information are to be directed to the following:

Mr. John Grant, Chairman
Region F Regional Water Planning Group
c/o Colorado River Municipal Water District
P.O. Box 869 • Big Spring, Texas 79721-0869 • Telephone 915-267-6341

2000 PROPERTY TAX RATES IN CITY OF COLORADO CITY

This notice concerns 2000 property tax rates for City of Colorado City. It presents information about three tax rates. Last year's tax rate is the actual rate the taxing unit used to determine property taxes last year. This year's *effective* tax rate would impose the same total taxes as last year if you compare properties taxed in both years. This year's *rollback* tax rate is the highest tax rate the taxing unit can set before taxpayers can start tax rollback procedures. In each case these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per $100 of property value.

Last year's tax rate:

Last year's operating taxes	$257,472
Last year's debt taxes	$264,066
Last year's total taxes	$521,538
Last year's tax base	$70,735,646
Last year's total tax rate	.737306/$100

This year's effective tax rate:

Last year's adjusted taxes (after subtracting taxes on lost property)	$521,484
+This year adjusted tax base (after subtracting value of new property)	$68,284,629
= This year's effective tax rate	.763691/$100

This year's rollback tax rate:

Last year's adjusted operating taxes (after subtracting taxes on lost property and adjusting for transferred function)	$398,370
+ This year's adjusted tax base	$68,284,629
= This year's effective operating rate	.583396/$100
x 1.08 = this year's maximum operating rate	.630067/$100
+ This year's debt rate	.367985/$100
= This year's rollback rate	.998052/$100

A hospital district or city that collects the additional sales tax to reduce property taxes, including one that collects the tax for the first time this year, must insert the following lines:

- Sales Tax adjustment rate	$.201061/$100
+ Rollback tax rate	$.796991/$100

Statement of Increase/Decrease

If the City of Colorado City adopts a 2000 tax rate equal to the effective tax rate of $.763691 per $100 of value, taxes would increase compared to 1999 taxes by $11,877.

SCHEDULE A - Unencumbered Fund Balances

The following estimated balances will be left in the unit's property tax accounts at the end of the fiscal year. These balances are not encumbered by a corresponding debt obligation.

Type of Property Tax Fund	Balance
General Fund	$621,522

SCHEDULE B - 2000 Debt Service

The unit plans to pay the following amounts for long-term debts that are secured by property taxes. These amounts will be paid from property tax revenues (or additional sales tax revenues, if applicable).

Description of Debt	Principle or Contract Payment to be paid from Property Taxes	Interest to to be paid from Property Taxes	Other Amounts to be paid	Total Payment
1994 Cert. of Obligations	**$110,000**	**$125,000**		**$235,000**
1998 Cert. of Obligations	**$20,000**			**$20,000**
Total required to 2000 debt service				$255,000
- Amount (if any) paid from funds listed in Schedule A				-0-
- Amount (if any) paid from other resources				-0-
- Excess collections last year				$9,975
= total to be paid from taxes in 2000				$245,025
+ Amount added in anticipation that the unit will collect only 95% of its taxes in 2000				$12,896
= Total Debt Levy				$257,921

SCHEDULE C - EXPECTED REVENUE FROM ADDITIONAL SALES TAX

(For hospital districts, cities and counties with additional sales tax to reduce property taxes)

In calculating its effective and rollback tax rates, the unit estimated that it will receive $140,924 in additional sales and use tax revenues. For County: the county has excluded any amount that is or will be distributed for economic development grants from this amount of expected sales tax revenue.

This notice contains a summary of actual effective and rollback tax rates' calculations. You can inspect a copy of the full calculations at City Hall, 180 W. 3rd, Colorado City, TX.

LEGAL NOTICE

Colorado Independent School District is now accepting proposals for employee health insurance. Information can be obtained by calling 1-915-728-5312 or faxing CISD Insurance Consultant, Tom Swayer at 1-972-690-9705.

The proposal process will be closed at 5:00 p.m. Monday, August 15, 2000.

BID PROPOSAL

The City of Colorado City is accepting bids for the upgrade of its computer cabling to an enhanced Category 5 cabling. Specifications can be obtained from City Hall, 180 W. 3rd, Colorado City, TX 79512. Bids marked "Computer Cabling" must be received at City Hall, P.O. Box 912, Colorado City, TX 79512 no later than 5:00 p.m. August 4, 2000. The City of Colorado City reserves the right to refuse any and all bids and negotiate with the apparent successful bidder.

PUBLIC NOTIFICATION OF NONDISCRIMINATION IN CAREER AND TECHNOLOGY EDUCATION PROGRAMS

1. Westbrook I.S.D. offers career and technology education programs in Vocational Agriculture, Home Economics, Computer and Business Education. Admission to these programs is based on the grade level of student.
2. It is the policy of Westbrook I.S.D. not to discriminate on the basis of race, color, national origin, sex or handicap in its vocational programs, services, or activities as required by Title VI of the Civil Rights Act of 1964 as amended; Title IX of the Education Amendments of 1972 and Section 504 of the Rehabilitation Act of 1973; as amended.
3. It is the policy of Westbrook I.S.D. not to discriminate on the basis of race, color, national origin, sex, handicap, or age in its employment practices as required by Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Education Amendments of 1972; the Age Dsicrimination Act of 1975, as amended and Section 504 of the Rehabilitation Act of 1973, as amended.
4. Westbrook I.S.D. will take steps to assure that lack of English language skills will not be a barrier to admission and participation in all educational and vocational programs.
5. For information about your rights or grievance procedures, contact the Title IX Coordinator, Doc Rowell at P.O. Box 99, Westbrook, Texas 79565, (915)644-2311 and/or the Section 504 Coordinator, Doc Rowell at P.O. Box 99, Westbrook, Texas 79565, (915)644-2311.

FORMA DE MUESTRA

1. Westbrook I.S.D. ofrece programas vocacionales en Vocational FFA, Home Economics, Computer Science and Business Education. La admision a estos programas se basa en grade level of student.
2. Es norma de Westbrook I.S.D. no discriminar por motivos de raza, color, origen nacional, sexo o impedimento, en sus programas, servicios o actividades vocacionales tal como lo requieren el Titulo VI de Ley de Derechos Civiles de 1964, segun enmienda; el Titulo IX de las Enmiendas en la Educacion, de 1972, y la Seccion 504 de la Ley de Rehabilitacion de 1973, segun enmienda.
3. Es norma de Westbrook I.S.D. no discriminar por motivos de raza, color, origen nacaional sexo impedimento o edad, en sus procedimientos de empleo, tal como lo requieren el Titulo VI de la Ley de Derechos Civiles de 1964, segun enmienda; el Titulo IX de las Enmiendas en la Educacion de 1972, la Ley de Discriminacion por Edad, de 1975, segun enmienda, y la Seccion 504 de la Ley de Rehabilitacion de 1973, segun enmienda.
4. Westbrook I.S.D. tomara las medidas necesarias para asegurar que la falta de havilidad en el uso de la lengua ingles no sea un obstaculo para la admision y participacion en todos los programas educativos y vocacionales.
5. Para informacion sobre sus derechos o precedimientos para quejas, comuniquese con el Coordinador del Titulo IX, Doc Rowell en P.O. Box 99, Westbrook, TX 79565, (915)644-2311 y/o el Coordinador de la Seccion 504, Doc Rowell, en P.O. Box 99, Westbrook, TX 79565, (915)644-2311.

Q & A
Substance Abuse Trends

(In response to a growing concern among parents, educators and other members of the community, Colorado City Record, in cooperation with Al-Anon support groups and the Snyder Area Council on Alcohol and Drug Abuse, is devoting this column to your questions about the increasing threat of substance abuse.)

Part 2 of 3

Straight Talk : A guide to discussing alcohol and drugs with your children

Grade four through six: At this age, children can handle more sophisticated discussion about why people are attracted to drugs. You can use traumatic events, such as a car accident or divorce, to discuss how drugs can cause these events. Children this age also love to learn facts, especially strange ones. This age group can be fascinated by how drugs affect a user's brain or body. Explain how anything taken in excess - whether it's cough medicine or aspirin - can be dangerous.

It is essential that your child's anti-drug attitudes be strong before entering junior high.

Before leaving elementary school, your children should know:

- The immediate effects of alcohol, tobacco and drug use on different parts of the body, including risks of coma or fatal overdose.
- How and why drugs can be addicting and make users lose control of their lives.
- The reasons why drugs are especially dangerous for growing bodies.
- The problems that alcohol and other illegal drugs cause not only to the user, but the user's family.

Rehearse scenarios in which friends offer drugs. Have your children practice delivering an emphatic "That stuff is really bad for you!" Give them permission to use you as an excuse: "My mom will kill me if I drink a beer!"

Teach your children to be aware of how drugs and alcohol are promoted. Discuss how advertising, songs, movies and TV shows bombard them with messages that using alcohol, tobacco and other drugs is glamorous. Make sure they are able to separate the myths of alcohol, tobacco and other drugs from the realities, and praise them for thinking for themselves.

Get to know your children's friends, where they hang out and what they like to do. Make friends with the parents of your children's friends so you can reinforce each others' efforts. You'll feel in closer touch with your child's daily life and be in a better position to recognize trouble spots. Children this age appreciate this attention.

In fact, two-thirds of fourth-graders polled said that they wish their parents would talk more with them about drugs.

loraine news

By Bessie Ann Vaughn

Greetings. Are you a saver? I'm a dyed in the wool pack-rat! While looking in a drawer for matches. I found a three inch corn husk. I feel sure I meant to make a three inch tamale.

A grocery coupon was there for hog lard. It had expired in 1937.

Next, I found two red buttons, one that was white and one that was blue. You must admit, I'm a patriotic pack rat.

Also in that drawer was a broken piece of comb, not even large enough to comb a chicken's eye lash.

Just before closing the drawer, I found a faded square box about the size of an aspirin box. Inside were 12 small pills that were Carter's little liver pills.

I've never had a problem with my liver and have never known anyone who has but just in case, they are here in a drawer!

Saturday, July 22, Judy Macha of Lockney, Herman and Penny Mitchell, Henry Mitchell and Mandy along with their parents attended a family reunion hosted by the children of Ruby Cannon of Colorado City. The get-together was held at the lake cabin at Lake Colorado City.

Also attending the reunion were the grandchildren of Ruby Cannon and a sister-in-law, Genetta Mitchell of Colorado City.

Grady Mitchell and Ruby Cannon are brother and sister.

July 27, 1935, Virgil Parnell and Geraldine Herm married at Lott, Texas near Marlin. They came to Mitchell County in 1939 and we are glad they did.

They went to San Angelo last week and visited a grandson, Kelleigh Phillips, his wife and family and while there their wedding anniversary was celebrated once more.

Being the fifth Sunday, church goers from St. Luke's Methodist Church in Colorado City, First Baptist Church of Loraine and regular members and guests congregated at the Methodist Church in Loraine Sunday evening at 6 pm for a good message and inspirational singing.

* * *

Good news! Betty Bowlin is better, and so is Ralston Bruce.

* * *

Bea Loony has family members visiting with her this week. Her sister, Tommie Ann Clark of Marshall Town, Iowa, nephew Larry of Raleigh, North Carolina, and nephew Roger Lee and his son from California.

"Senior Center"

We had a nice turn-out for last Wednesday's birthday dinner. The special day included the music and singing of Ken Northcutt and our traditional meal of chicken and dressing.

* * *

Tammy French with Loraine volunteer fire department brought in a defibulator that we are fortunate to have now in our emergency van.

She explained how it worked, when to use it and when not to.

After her program a question and answer session took place. We appreciate her volunteerism. This program was very well received. All personnel are being taught how to use the defibulator.

* * *

New calendars will be out soon.

* * *

Recently, we visited with Jimmy Jacks and Annie Belle Jones at the Center. Margaret Brame is able to come once more and it is good to have them all come when they can.

"Just In Fun"

"The Answering Machine"

Hi. This is John. If you are the phone company, I already sent the money. If you are my parents, send money please. If you are my financial aid institution, you didn't loan me enough money. If you are my friends, you owe me money. If you are a female, don't worry, I have plenty of money.
