Response Good To Proposed Adult Education Classes Here

Response to proposed courses in adult education for this area was considered "good" this week by Chamber of Commerce and Agriculture and education leaders.

A form appeared in last week's issue of The Enterprise and those interested in the courses were asked to fill out the form and return it or mail it to the C-CA office.

This form, with new suggested courses, appears inside today's issue.

Courses may also be requested by calling the C-CA office at 285-2292.

One suggested course, which did not appear on the form last week, was in reading and writing English for Spanish people.

However, the leading proposed subject this week was for a course in Spanish, with 12 persons indicating interest.

Superintendent Ray Schultz said Wednesday that he felt approximately 20 persons would be needed for a course to be offered.

Fees have not been set for the courses since this will depend to a large extent on the number of persons enrolled.

Mrs. Edisy Hackler, C-CA manager, pointed out that the more people enrolled the lower the fees will be.

Schultz said that he thought, for a course with 20 enrolled, fees should run about $1 per week.

The proposed education series also attracted out-of-town interest with a letter of inquiry received from a Friona man.

The Chamber of Commerce in Friona then wrote the local Chamber requesting information.

Next to Spanish, courses drawing the greatest interest this week were in the business field.

Eight persons requested typing, six wanted bookkeeping, two would like shorthand, one requested business English and two others said they would be interested in any type of business course.

A course in photography, which did not appear on the form last week, was requested by three people.

Two said they would like a course in modern math.

There was also one request each for electronics, psychology, speed writing, American history and home economics.

One person indicated interest in any course offered for college credit.

All courses will be taught at night with facilities furnished by the school.

Which courses are offered will depend on the number of persons interested.

Teachers for the courses may include local school teachers, college instructors and local citizens qualified in the subject.

Suggested courses, other than those mentioned above, include speed reading, government, science, engine repair, wood working, electric welding, electric wiring and public speaking.

Mustangs Play Host To Hale Center Owls

The Olton Mustangs renew their old rivalry with the Hale Center Owls here Friday night at 7:30, both teams hoping to bounce back from losses.

The Owls lost a big one to Abernathy, the district favorite, by a 7-0 count last week, while the Mustangs were falling to a fourth quarter rally by Floydada, 12-6.

If past season performance holds true, the game should be quite a defensive battle, with Hale Center a slight favorite.

The Owls have been stingy with their opponents all year, limiting Post to 14 points, Springlake to 6, Hereford B to 0, Dimmitt to 6, and Abernathy to 7.

But the Mustangs have been stout defenders, too. Aside from a game with the Hereford Varsity, the Ponies shut out Morton, held Muleshoe to 7 and Floydada to 12. The Mustangs did lose a 24-8 encounter to Friona, but the Chiefs' last 10 points came the easy way, when Olton was gambling in the waning stages of the game.

Coach Don Beck will stick to his strongest defensive line-up against the Owls, but he is going with two offensive units in an effort to spark the attack.

Injuries have taken their toll in the Olton camp this week, with Ottis Patterson, a reserve tackle, sidelined for the year with a shoulder hurt. Steve Spain is a doubtful starter, having missed practice sessions this week with an injury. Ricky Smith, Jim Schreier and Albert Key also have been slowed by ailments.

Defensive starters for the Mustangs will be Stacy Pendergrass and Steve Burleson at ends, Doel Cordero and Eddie Hooper at tackles, Schreier at middle guard, Ricky Smith and Jim Huckabee at linebackers, Kenneth Johnson and Kenneth Moss at cornerbacks, and Dale DeBerry and Charles A. McClain at halfbacks.

Starting on offense for the Mustangs will be Joe Luera and Moss at ends, Burleson and Mike Crowder at tackles, Tony George and Hooper at guards, Pendergrass at center, McClain at quarterback, Johnson and Benny Akin at halves, and Bobby Turner at fullback.

The other offensive unit will be Jim Smith and Huckabee at ends, Joe Fincher and David Aigaki or Ronnie Yandell at tackles, Cordero and Schreier at guards, Jason Latimer at center, Johnny Lewis at quarterback, DeBerry and Spain at halves, and Albert Key at fullback.

Winner Picks 12 In Contest

A pair of out-of-towners wound up in a battle for first place in the Enterprise football contest this week.

W. L. Jones of Plainview finally took first over Jerry Mathis, Farwell. Both men picked 12 games right.

Jones was closer on the tie-breaker, missing by seven points, while Mathis was off by eight.

Third place went to Eldon Franks, who picked 11 games right and beat out three others with the same number correct. Franks was eight off on the tie-breaker, edging Howard Hall, 9; J. E. Fuller, 14; and R. D. Bryant, 16.

Jones will receive $5, while Mathis will get $3 and Franks $2.

Mathis moved into a tie for the season contest lead with Hall and Steve Lee, all with 53 games right. A list of the top 58 in the season Cotton Bowl contest is carried on the sports page.

MISSING DOLL

Where is Patty Play Pal?

Patty Play Pal is a doll that a small child was kind enough to loan to a member of the freshman class for use in their homecoming parade float.

Now, she's missing. And no trace of her can be found. A reward is being offered for the return of the doll if in good condition.

Anyone having any information is asked to call 285-2701 or 285-2420. A sad little girl would be a happy little girl if she could only find her doll.

Gayle Tries For Olympics

Gayle Nicholas, daughter of Mr. and Mrs. N. B. Nicholas, has been invited to participate in a development training camp by the United States Olympic Women's Basketball Committee.

The camp will be held at Blue Eye, Mo. from March 20 to April 8, 1967.

Miss Nicholas, an outstanding basketball player at Wayland Baptist College, will be one of the first women in this country to participate in the program. The 1967 women's olympic basketball team will be a first for the United States.

She is a graduate of Olton High School, where she was named all-district in basketball.

New Siren Installed By Council, Firemen

NEW SIREN---Leonard Sanders of Southwestern Public Service and David Maxey complete installation of Olton's new fire-tornado siren.

A brand-new, high-powered siren has been installed here by the City of Olton and the Olton Volunteer Fire Department.

Residents heard the first tests of the unit Monday, and reports were that it could be heard throughout the city.

Fire Chief Tom Smith described the new warning unit to the city council at a regular meeting Tuesday night.

In the only other activity at the meeting, the council took a gas plumbing and venting code under consideration, approved minutes of their previous meeting and paid bills.

The new siren is a 10-horsepower model which gives out with a high-low pitch and can be sounded in several different ways to warn the people.

The 555-machine is almost nine feet tall and better than four feet across. It has horns all around it, designed to blare in all directions.

Cost plus freight and installation is expected to run about $1,800, with $1,000 of that to be paid by the city and about $800 by the fire depatment.

Designated calls of the siren are:

FIRE--A three-minute long blast of even tone.

ALERT--A three-minute warbling sound of high and low pitch.

TAKE COVER--A broken sound, on a few seconds and off a few seconds, with the sound hitting a peak and then going down, but never completely off.

Fire Chief Smith said several drills will be held in the next few weeks, to allow people to become familiar with the sounds. Dates and times of the drills will be announced in the Enterprise.

WHAT THE ENTERPRISE THINKS

Newspapering Good, Too

When cave men met along their jungle pathways, more than likely they greeted each other with, "What's new?".

People ever since have been asking "What's new?" and, since this is National Newspaper week, we are taking this opportunity to boost our profession a bit.

We would like to see more young people go into the journalism profession because we frankly think the job is getting to be a pretty darn good one.

Reporter salaries ARE going up, working conditions ARE getting better, a demand for reporters DOES exist and hours ARE much shorter . . . . .

We might also point out that a degree in journalism is easy enough to obtain.

A good, beginning reporter, with degree, can draw about $100 per week. Or he might decide to teach journalism.

There are extra benefits, too.

Most newspapers offer paid vacations, group insurance and hospitalization. And if a reporter gets hungry, he quickly discovers that a camera is a free ticket to any luncheon (somebody is always having one)... let's face it, everybody loves publicity.... well, nearly everybody.

And you can't beat the security. With the shortage of reporters, there are about eight jobs awaiting every journalism graduate.

Newspapering, far from being a lonely and restricted life, is sometimes very exciting . . .you never know what's going to happen next.

Thus, newspapers offer youth wide future opportunities for well-paid, creative and challenging service.

By every index, newspapers are one of the fastest growing fields in the entire business community, based on population growth and the need for people to be better informed than ever before in history.

So, we hope, that when some of these high school kids get through college, we'll see 'em lined up for newspaper jobs.

At the risk of repeating ourselves, we don't see a single thing wrong with that.

If A Child.....

Rarely is someone's writing found worthy of framing in offices for all to see and think about.

This honored treatment is being given in a number of California schools to some thoughts by Dorothy Law Nolte.

We believe her eloquent message to both parent and educator deserves consideration in Texas, as well.

Here is her message:

"If a child lives with criticism, he learns to condemn. . .

"If a child lives with hostility, he learns to fight . . .

"If a child lives with fear, he learns to be apprehensive . . .

"If a child lives with ridicule, he learns to be shy . . .

"If a child lives with jealousy, he learns what envy is . . .

"If a child lives with shame, he learns to feel guilty . . .

"If a child lives with encouragement, he learns to be confident . . .

"If a child lives with tolerance, he learns to be patient . . .

"If a child lives with praise, he learns to be appreciative . . .

"If a child lives with approval, he learns to like himself . . .

"If a child lives with recognition, he learns to have a goal . . .

"If a child lives with sharing, he learns about generosity . . .

"If a child lives with honesty and fairness, he learns what truth and justice are . . .

"If a child lives with security, he learns to have faith in himself and in those about him . . .

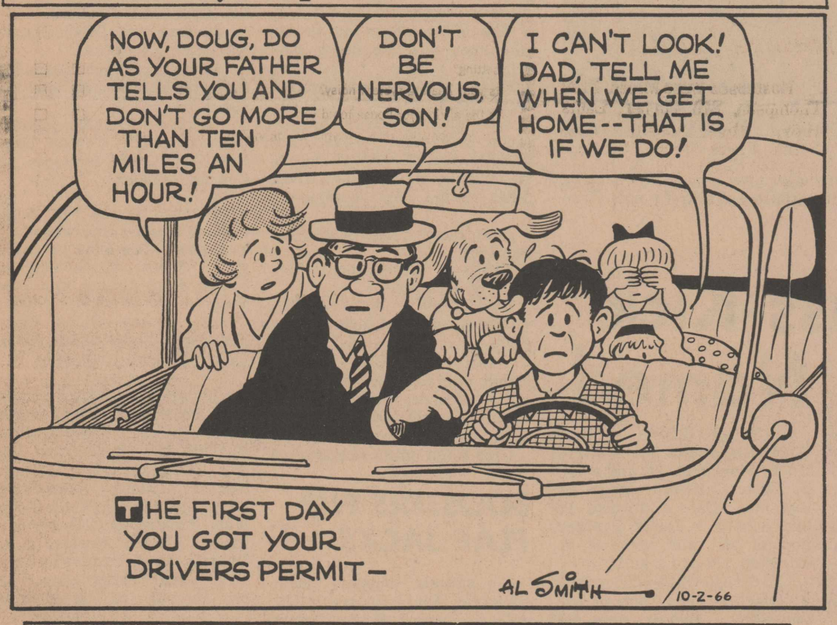

"If a child lives with friendliness, he learns that the world is a nice place in which to live . . . .

" If you live with serenity, your child will live with peace of mind."

The truth of these observations, while obvious, are not so easily practiced. They deserve to be placed in a prominent position where they can be read and re-read.

DEAR EDITOR

WHAT OUR READERS THINK

Parents Blameless?

To the Editor:

Why should it be that the teachers and coaches in our school system must be criticized for the job they are doing and we as parents go blameless?

We are always ready to blame our coaches for losing ball games, running the wrong plays and not playing the right boys. They are paid to do the best job they are capable of doing, and I am sure that they are doing this. I sometimes wonder if we as parents and spectators are doing our best. If a child is so upset because he works out all week and doesn't get to play in a ball game, maybe it is our fault for placing so much emphasis on a game and, not enough on training and development.

All sports are based on competitiveness and if a boy is allowed to play while others who have worked harder or possess more ability are not playing, then you have destroyed this. If a boy is playing his best in practice and still can not show his ability, maybe we should encourage him to try something else instead of football. All boys do not have the natural ability to run, block, and tackle that others have, but will probably be better at something else.

Why not encourage a boy to try something he has the ability to do and you, the boy and the coaches will be happier.

Sincerely,
Tom A. Sluder Jr.

KITCHEN KORNER

BY LELA GALLION

It is getting close to the time to get our packages ready to ship to friends and relatives in the service. Here are a few suggestions of what and how to ship cookies.

Make a soft, moist cookie. Pack them is a three-pound shortening can, lined with Saran wrap. Pack them snugly (they do well in rows on end) and cover with Saran. Then put the lid down tightly and seal it with masking tape. This is important for surface mail to Pacific and/or Korea.

"For shipment within the U. S. the heavy boxes that staionery stores get looseleaf binders in make good, firm shipping containers. Pack the cookies flat with wax paper or pliofilm layers in between. Be sure they can't slide or shake. 'Applesauce Cookies' is my most successful recipe with the boys for both shipping and eating.

"Surface mail takes quite a while. Airmail costs, usually, more than the contents of the package-but is generally worth it in time saved and gratitude of the recipient."

Suggestions for items to put into servicemen's boxes : "Blondies (a date cookie), mincemeat hermits or any other cookie which will travel well; fudge, peanut brittle, divinity, or rice crispies candy (which is a special favorite with them; fruitcake either homemade or bakery; gum (assorted), life-saver candies (also assorted), Tootsierolls or caramels; salted nuts (vacuum-packed) and also nuts in shell (mixed assortment); little boxes of raisins, stuffed dates (homemade variety), and uncooked popcorn which is packed in a lightweight, one-time-use skillet-like container and has only to be heated to pop."

CHOCOLATE SNOWFLAKE COOKIES

2 squares unsweetened chocolate
1/4 cup melted butter (or salad oil)
1 cup granulated sugar
2 eggs
1 teaspoon vanilla
1 cup flour
1 teaspoon baking powder
1/4 teaspoon salt
Powdered sugar
A few chopped walnuts

Before these cookies are baked, the dough is shaped into small balls and rolled in powdered sugar. As they bake the balls flatten, leaving patches of snowy powdered sugar on the surface.

Melt chocolate in butter over low heat, stir in sugar. Beat in eggs one at a time. Add vanilla. Sift flour, measure and sift again with baking powder and salt. Stir into chocolate mixture. Chill for 3 hours. Dampen hands slightly and roll small pieces of the dough between hands to form balls the size of a walnut. Roll balls in powdered sugar and place 2 inches apart on oiled cookie sheet. Bake 10 minutes in 400 degree oven. Makes 3 dozen.

RAISIN BREAD

2 cakes yeast
1/2 cup warm water
1/2 cup shortening
1 cup sugar
1 teaspoon salt
1 1/2 cups milk
4 eggs (beaten)
1 pound raisins
Flour to make stiff dough

Scald milk, add sugar, shortening and salt. Cool to lukewarm. Add yeast dissolved in water, raisins and beaten eggs. Add flour to make stiff dough. Turn onto floured board and knead well. Place dough in large greased bowl and let rise until double in bulk. Punch down. Let rise again until double in bulk. Divide dough in 3 parts and make into loaves. Let rise again in well greased loaf pans until double in bulk. Bake in 350 degree oven for 45 to 60 minutes.

If cinnamon raisin bread is desired, flatten dough for loaf and use sprinkling of cinnamon to suit taste. Then make into loaf. This makes the streaks of cinnamon through the bread.

Mustangs Stop Floydada Quarterback

Last-Quarter Rally Sinks Mustangs, 12-6

Olton's luckless Mustangs, giving one of the team's best efforts of the season, fell to a two-touchdown Whirlwind finish at Floydada last Friday night.

Floydada nipped the Ponies, 12-6, in the District 2-AA game, a hard-fought struggle which saw Olton dominate play for three-fourths of the battle.

The Whirlwinds got the tying TD with 7:21 left in the game and the winning score with 2:58 remaining.

Neither team could find its way to the enemy's end of the field in the early going, but the Mustangs got something going toward the end of the first quarter.

Taking over at their 36, the Mustangs faced a fourth-and-one situation at their 45. QB Charles A. McClain got the necessary yardage on a sneak.

Then FB Bennie Akin raced for five to the Floydada 48 and HB Dale DeBerry added 14 to the 34.

Akin and DeBerry combined again on the next series, Benny for four and Dale for 12, carrying to the Floydada 18.

The same pair got 10 more yards to the Wind 8. But four rushes at the Floydada line netted only four yards and the Whirlwinds took over at their four as the first quarter ended.

Three plays went nowhere and the Winds booted on fourth down to the Olton 35.

Six plays later, the Ponies had their only TD of the night. FB Bobby Turner started it with a two-yard pickup, then DeBerry gained eight to the 25. Akin ripped for nine and DeBerry got a new first down at the 13. After the Winds stopped Akin for no gain, DeBerry raced for the touchdown, bulling right past a Whirlwind for the final yard.

Turner's passing try on the extra points failed and Olton led, 6-0, with 8:17 left in the half.

Floydada took the kickoff and moved out to the Olton 40, on the strength of a 16-yard run by Kerry Bearden. But on the next play, Olton's Kenneth Johnson intercepted a Whirlwind pass, returning it almost to midfield.

Two penalties foiled the Mustangs after they had moved to the Floydada 42.

The rest of the half saw the teams exchanging the ball without a threat.

But Olton opened the second half like the Mustangs might put some more points on the board.

The Ponies took the kickoff and moved 43 yards in seven plays, going to the Floydada 37.

On the next play, the Mustangs drew a 15-yard penalty and Floydada gathered its defenses to stop the drive at the 39. Olton's Turner punted out on the Floydada 16.

The Whirlwinds then made their first real offensive move of the night.

Bearden broke for 42 and 27 yards on consecutive carries, giving Floydada the ball at Olton's 19.

Three plays lost five yards as Eddie Hooper shined on defense for the Mustangs. On fourth down, Bearden's pass attempt went incomplete.

A penalty was the Mustang's undoing and the ball was moved to the 12-yard line, giving the Whirlwinds a chance to try again.

Bearden picked up four yards to the eight for the first down. Then Larry Barbee ran to the Olton one-foot line.

But the Ponies held at the two-yard line for three straight downs and took over.

Two plays later, on the first play of the fourth quarter, Turner punted the Mustangs out to midfield, his boot going 45 yards.

Floydada started its drive for its first TD. On the third play of the march Olton Tri-Captain Jim Schreier was hurt, and the Ponies missed him sorely.

It took Floydada 10 plays to cover the 50 yards, with Barbee passing to End Steve Marler on a one-yard play for the TD.

The Whirlwind kick failed and it was 6-6 with 7:21 left.

The Mustangs moved right back after the kick-off, but faced a fourth-and-two situation at the Olton 47. FB Turner's try for the first down was a yard short and the Whirlwinds took over.

Three plays later, Barbee passed to End Bob Murry, the play covering 29 yards to the Olton six.

Bearden cracked over for the TD and it was 12-6 with 2:58 left. A passing try for points failed.

The Mustangs still had one last chance, but with 1:43 left and fourth down QB McClain's long passing try was just a little too tall for a racing Benny Akin, who had a step on the Floydada defender.

The Whirlwinds took over and ran out the clock for the final 1:36.

DeBerry led Olton runners with 102 yards in 18 carries, while Akin had 51 in 12, and Turner got 30 in 9.

Bearden was almost the whole show for Floydada, racing 163 yards in 17 tries.

Other offensive standouts for the Mustangs were Jim Huckabee, Tony George, and Schreier.

Defensive leaders were Johnson, Hooper, Doel Cordero, DeBerry, Stacy Pendergrass, Ricky Smith, Huckabee and Schreier.

Abernathy Remains Undefeated

The Abernathy Antelopes are the only undefeated Class AA team on the South Plains, but they can't shake Memphis and Friona in the heated District 3-AA race.

Abernathy slipped past Hale Center, 7-0, for its second district win, but Memphis shaded Dimmitt, 7-0, and Friona nosed out Lockney, 13-12, to keep pace in the title run. Both are 4-1 for the regular season.

The big game this week will be at Abernathy where the Antelopes tangle with Memphis, but Friona plays Floydada in another top outing.

Friona is the defending champion in 3-AA and should battle the winner of the Abernathy-Memphis contest for the championship.

THIS WEEK'S SCHEDULE
Memphis at Abernathy, Lockney at Dimmitt, Hale Center at Olton, Floydada at Friona.

The 7th graders won their game 14-0, while the 8th graders chalked up a 24-0 win.

Veterans Land Sale Announced

Land Commissioner Jerry Sadler has announced that a Veteran's Land Board forfeited land sale would be held Nov. 15 in the General Land office.

Sadler said that the delinquencies on veteran contract payments are lower today than at any time in the history of the program. Land prices are higher and the program is making a $2 and a half million profit per year for the taxpayers of Texas, in addition to helping veterans own a tract of land.

"I pledge to the people of Texas, as I have in the past, that I will give them the best service possible here in the Land Office at the least possible cost to the taxpayers of the state. These sales, such as the one scheduled for Nov. 15, make a few tracts of veterans' land available to successful bidders with financing under the Veterans' Land Program at five per cent down payment for a 40 year contract and payments being made on the contracts semi-annually at a low rate of interest. Those interested in purchasing land should take advantage of this sale," Sadler said.

Chit Chat

BY SANDEE GREGORY AND JANE ANN DUNCAN

Overheard in the hall during six week's test time, " I don't know why I didn't do better on that test- I studied all night for nearly an hour !"

Sound familiar ?! For most of the students that was a classical saying after they took their final tests Thursday.

Lynda Blackwell was quite surprised Friday at the pep-rally when she received the OHS Spirit Stick. We heard her ask about five people if she was really Lynda Blackwell, but she soon recovered from her excitement.

Talking about spirit and Lynda, here is a short poem she wrote about our school spirit.

Monday morning Mr. Turner said,
"Why's all this spirit dead?"
No one knew WHY that day
But then they heard ole Rob say,
"Come one you all, let's hear a call
For the Mighty Mustangs one and all!"
As she began her yell
The deadly silence suddenly fell.
If the OHS support is high
Then the Mighty Mustangs always try.

GO BIG BLUE, AND BEAT HALE CENTER ! ! ! !

Thursday afternnon the student body created quite a surprise for the Mustangs. The drummers and cheerleaders led the student body through the halls and yelled chants until they reached the football field where the boys were practicing. The student body gathered around the boys and then a short pep-rally was held.

Then Friday afternoon at regular pep-rally time, an unbelievable sight (and sound) took place! The bottled up spirit of the OHS student body was let out. It was by far the best pep-rally Olton High has ever witnessed in a long time. Danny Dial and Maurice Green led the boy's cheering section and they did a great job.

After that one Friday we know our next pep-rally will just about raise the roof in the gym!! (yeah, man!)

For all of the FTA's there will be a skit presented at their next meeting which is next Wednesday Oct. 19. Everyone come if at all possible. Remember your club dues too!

Let's get that annual money raised and given to an annual staff member as soon as possible, because it won't be long before the price will go up !

GO, FIGHT, WIN,
FIGHTING MUSTANGS ! !

Outstanding Mustangs for the Floydada game were Bobby Turner, offense, and Kenneth Johnson, defense. Bobby did a great job against the Whirlwinds and this makes twice that Kenneth has received this award for his work on defense. We say, "Great going !"

Bobby Turner was the only Mustang who received a Stallion and Eddie Hooper, Kenneth Johnson, Doel Cordero were the Headhunters for the Floydada game. " Congratulations Boys !"

You mean that a club can adopt an orphan? Yes. And that's just what the FHA did. A letter was sent to the Baptist Buckner Home in Lubbock and our request was finally okayed. A name of a girl, preferably seven to eight years of age, will be sent later and, as Kay Schultz put it, "We will finally have a girl!"

All this took place at the FHA meeting held Monday night. Among other things, the yearbook, the area and state convention, the stock show, the Halloween pie walk, and plans to beautify the patio were discussed. Yes, the FHA has chosen, if possible, to landscape the patio as a main project for this year.

Every girl was asked to bring an article to sent to the soldiers in Viet Nam. This Friday is the deadline so everyone better get on the ball. And remember, all these little things are what really make all those points add up !!

Johnny Lewis: A pink car nation.

Someone asked Zakka if it were true that he grew up in a tough neighborhood.

"Tough ?" Ramsey answered "Why it was so tough in our neighborhood that a cat with a tail was a tourist!"

Woman to saleman: "This must be an old piano. The keys are yellow"

"Madam," said the salesman, "the piano really isn't old. It's just that the elephant was a heavy smoker!"

Three things cannot be taught- generosity, poetry, and a singing voice.

Frosh Win First Game

Olton's Freshman team broke its long drouth last Thursday night, whipping the Friona Freshmen, 20-0 for the local team's first win in three years.

The Olton Junior Varsity also traveled to Friona and battled - a scoreless tie.

The Frosh, a small but plucky bunch, had seen three years go by without a victory, having winless seasons in both the 7th and 8th grades. They had tasted defeat three times this year.

But Thursday night they came of age, building up their margin in the first half.

Gale McClain ran 40 yards for one TD, Frank Saldivar skipped 45 for another and Barry Cowart rolled 35 for the other. Joe Dale Chitwood added the extra points after the second score.

Defensive standouts were Art Tollett and Cecil Oursbourn at ends, Jerry Davis at linebacker and Jerry Loveless at halfback.

The Junior Varsity got a "real good effort," but failed to tally in their 0-0 tie with the Friona B. Danny Sides and R. L. Copeland were back in the line-up after being out with injuries and showed well on offense. Coach Geary Taylor said the entire defensive unit played well.

The Junior Varsity, which now has a record of 1-2-1, will meet the Muleshoe B-team at 7:30 p. m. here tonight.

The Frosh, now 1-3-0, meet Friona B again here Thursday, Oct. 20.

Cotton Allotment, Yield Set For '67

Lamb County cotton allotment will be slightly up in 1967 over this year, according to an announcement by L. D. Aten, ASCS office manager, in Littlefield Wednesday.

Allotment for 1966 is 185,300 acres and , for 1967, will be 186,924, Aten said.

He also said that the average cotton yield, lint per acre, in this county is up for 1967, set at 570 pounds, as compared to 540 pounds in 1966.

This average is based on the years, 1963-1964-1965.

Cotton allotments and individual farm yields will be mailed to operators Tuesday, Oct. 18.

Aten said the yields in Lamb County range from 190 pounds to 980 pounds of lint per acre. In the Olton area, the average is near 600.

Approximately 70 percent of advance payments in government money already has been made to county farmers.

This comes to $10,839,432, with about one-third of this amount paid to date to farmers in the Olton area.
