Ike, Italian Leaders Urge Defense Posture

FIRST ENTRY IN YULE DECORATION CONTEST

Mrs. Aultman Smith Jr., 3216 Cornell, puts finishing touches to gaily adorned Christmas doorway.

GIVES HIM A LIFT

Eisenhower Works Hard At Good Will

ROME (AP)—President Eisenhower worked long and in many ways Saturday at being America's good-will ambassador. He said it's giving him a great lift.

This second day in Rome—first stop on his 19-day tour of 11 countries—the President got wet again in rain. The continuing downpour didn't seem to bother him, however, any more than it did on arrival from Washington Friday.

But the raw weather and the rain caused speculation whether Eisenhower, who is bothered with chronic bronchitis, will get out of Italy's capital without catching cold. He flies Sunday to Ankara, Turkey, after an audience with Pope John XXIII. The forecast in Ankara is for some more rain.

FAST PACE

The pace the 69-year-old President set would test the stamina of younger men.

He was out of bed about 7 a.m. and had breakfast in his plush quarters at ancient Quirinal Palace, the Italian President's residence. At 9 a. m. he set out on a round of activities which were to keep him busy most of the time until an hour before midnight.

Eisenhower drove first to the heart of Rome to place a huge wreath at the tomb of Italy's Unknown Soldier. On the way from the Quirinal he was applauded and cheered in the streets.

The crowd that turned out despite the rain included at one point a couple of hundred young student priests from a Roman Catholic seminary. They cut loose with a "We Like Ike" chant.

At the memorial the President removed his hat in the rain while a band played the national anthems of the United States and Italy. Eisenhower had scorned a raincoat Friday. Saturday he wore one.

IN CHILL SHOWER

He mounted the many steps to the tomb and then, hatless again in the chill shower, stood for about a minute in solemn tribute as the rain beat against his face. He ascended the stairs without hesitation, but to some observers he appeared somewhat breathless when he reached the tomb.

When he had descended the steps his complexion was ruddy as usual, and his walk was brisk.

From there the President went on to the U. S. Embassy where he spoke briefly to the staff. It was there he said he was making this 22,000-mile tour to three continents—a rather dramatic trip, he called it—in an effort to demonstrate America's sincerity in seeking a just world peace.

"Since I have four grandchildren," Eisenhower said, "I am very much concerned that they get a chance to live . . . a better life than I had."

The next stop was the Viminale Palace for a one-hour and 55-minute conference on world problems with Italy's Premier Antonio Segni and other leaders of the host government.

Eisenhower then got a brief rest back at the Quirinal before going to a luncheon given in his honor at the Villa Madama.

Later in the afternoon the President, Gronchi and other officials of both government met at the Quirinal for another conference on international affairs.

President Due In Turkey Today

ROME (AP)—President Eisenhower and Italy's leaders called on their allies Saturday night to keep their defenses up until the Soviet Union agrees to disarm with "controls, inspection and safeguards."

With a final two-hour review of world problems, Eisenhower wound up two days of talks with President Giovanni Gronchi and Premier Antonio Segni. Italy was the first stop on the American leader's 11-nation good-will tour.

Eisenhower declared there can be no letup in the Western defensive position until Moscow agrees to a trustworthy peace.

Eisenhower also promised the Italian government to look favorably on Italy's desire to join any East-West summit conference that deals with European security as well as disarmament problems.

JOINT COMMUNIQUE

The President set forth his views in a joint communique with Gronchi and Segni.

Smiling and chipper, Eisenhower was host later at a formal dinner for the Italian leaders at Villa Taverna, the residence of the U.S. ambassador in Rome.

After dinner, when Gronchi left, Eisenhower accompanied him outside the embassy residence to his car. Despite the chill of the rainy evening, Eisenhower went out without ahat or outer coat. He was only outside a minute or two and was not in the rain.

Eisenhower returned to Quirinal Palace, where he is staying, at 11 p.m.

The President leaves Italy Sunday shortly before noon after an audience with Pope John XXIII.

He flies to Turkey, second stop on his tour.

The final communique reported Eisenhower had agreed with the Italian officials on these key points:

1. The 15-nation Atlantic Pact must remain "the cornerstone of their foreign policies." An American spokesman said this means steps should be taken to avoid anything that might weaken the 10-year-old defense treaty.

2. More free countries should join in a coordinated plan for stepping up economic assistance to underdeveloped lands struggling to lift their living standards.

3. Further measures should be taken quickly to wipe out discriminatory trade restrictions which block commerce among free countries.

Eisenhower's three separate talks with Italian officials were conducted in a warm, friendly atmosphere.

At a news conference afterward, Undersecretary of State Robert D. Murphy and White House press secretary James C. Hagerty made clear Italy did not ask to join the scheduled Big Four East-West summit conference.

But Hagerty said Eisenhower promised to look with "a certain sympathy" on Italy's request to be included if East-West talks moved on into the fields of disarmament and European security.

Eisenhower pledged to bring up at the Western summit meeting in Paris Dec. 19 Italy's desire to make what Hagerty described as a maximum contribution to easing

EASES CONCERN

world tensions.

Authoritative diplomatic informants said Eisenhower succeeded in easing Italy's concern lest the United States rush into a quick deal with the Russians.

Italians have been worried about talk that the United States might cut back military aid shipments, weakening the Atlantic Pact, in anticipation of a cold war deal with the Soviet Union.

Before meeting with Segni the President had a heart - to - heart talk with personnel at the U. S. Embassy.

"I do know the United States is not always admired," he said in a voice tinged with emotion. "I am going to try to interpret America to other peoples a little more accurately than has been done.

"I get a great lift when I have a chance to do this kind of thing myself."

YOUNG FOLK PLAY SANTA

Little folk have big hearts, and sponsors of the CHRISTMAS CHEER FUND are always pleased when young people join in this program that helps bring Christmas delight to other children who miss out on the nicer things of life.

Some young people are among today's givers. The CHRISTMAS CHEER FUND is not just for big givers. Any amount, from 10 cents or a quarter, helps to take toys and food to poverty-racked homes, helps provide emergency medical aid during the year. If you're really in the spirit of Christmas, you'll remember these people. Send your check this very day, made to CHRISTMAS CHEER FUND, and The Herald will acknowledge it.

The Fund today:

Steve, Lisa and Chris Burnett	$ 10.00
Spaders Garden Club	10.00
Mrs. W. B. Morris	10.00
Mrs. Jesse M. Looney	5.00
1955 Hyperion Club	5.00
Jewel Barton Hyer	25.00
Previously reported	227.00
TOTAL TODAY	292.00

DEADLINE DEC. 16

One Lone Entry So Far In Home Decoration Contest

The Big Spring Chamber of Commerce and the Big Spring Garden Council wishes there were a lot more residents like Mrs. Aultman Smith of 3216 Cornell.

Mrs. Smith happens to be the only civic minded Big Springer to enroll in the Christmas Home Decorating Contest to date. She phoned the Chamber of Commerce and said she was entering the doorway division of the competition.

Bill Quimby, manager of the Chamber of Commerce and Mrs. Odell Womack, representing the Big Spring Garden Council, joined in an appeal to all citizens of the town to decorate their homes for Christmas. And they especially asked that all such homes be listed with the Chamber of Commerce.

THREE DIVISIONS

The contest for home decoration for Christmas this year is divided into three categories — doorways, windows and lawns. Deadline for entering the competition is Dec. 16. On the night of Dec. 17, judges will make a tour of the entire city, inspecting each house which has been entered. The judges will decide the best, second and third best, in each category, basing their decision on originality, color and suitability.

Judges this year will be selected from the wives of young jet pilots who are just now arriving for the new class at Webb Air Force Base.

There will be three judges for each division. The nine judges will then confer and select the overall winner for all categories. Prizes for first, second and third place in each division will be $25, $15, and $10. Prize for the best overall entry will be $50.

An urgent request is made to all householders who enter the contests to leave their decorations illuminated until midnight at least on the night of Dec. 17 to insure that the judges have ample opportunity to inspect the entry.

Last year, there were 43 Big Spring homes entered in the Christmas decoration contest. This year, it is the hope of the sponsors that three or four times that many will be listed.

Webb Village residents are reported to be particularly interested in the proposal and a number of special decorations are expected in that section of the city.

It was also pointed out that many homes featured Christmas decorations last December but that only 43 of these were officially entered in the contest. It was urged that any householder who plans to decorate his doorway, windows or lawn enter the competition.

It was pointed out that time is short for entering the contest. The Chamber of Commerce will welcome entries and asks that as many residents as possible join in this effort to add a touch of additional Christmas color to the Big Spring scene.

Ike, Nehru Set Talk On China

WASHINGTON (AP)—President Eisenhower will get a firsthand report from Prime Minister Nehru this week on the extent of the threat posed by Red China to India's non-Communist neighbors.

What he learns may have a vital bearing on the prospects for starting a worldwide disarmament system during Eisenhower's last year in office.

For as Communist China's hostility and aggressiveness toward the outside world increase, there is increasing concern in official quarters here over the possibility of setting up an effective inspection system to police any kind of disarmament accord—even a relatively simple undertaking to refrain from testing nuclear weapons.

Every major Western plan for disarmament, as well as the nuclear test ban treaty now under negotiation at Geneva, provides for the establishment of inspection stations manned by international teams in Red China as well as the Soviet Union.

Questions concerned with Red China's policies and attitudes are expected to be fully discussed by Eisenhower and Nehru during the President's four-day visit to New Delhi beginning next Wednesday. These questions even enter into calculations about the amount of foreign aid, including U. S. help, which India may require in the next few years to carry out its economic expansion plans.

New aggression by Red Chinese forces in disputed border areas between the two countries could force Nehru into an armament program he has long avoided. The cost of this could cut into India's economic plan, unless the burden were offset by more outside aid.

Disarmament issues also are expected to come up because both Eisenhower and Nehru advocate bringing the nuclear arms race under control as a means of providing against a global nuclear war.

Secretary of State Christian A. Herter told a news conference Nov. 24 that it is "very much of a question" whether any kind of a disarmament agreement would be practical without Red China's participation. He declined any further discussion.

But the fact is that of about 180 inspection stations which would be necessary to police the nuclear test ban being negotiated at Geneva, approximately 8 would have to be set up in Red China.

Salvation Army Taking Requests For Yule Help

Applications for Christmas help are now being received at the Salvation Army — and will be through Dec. 15.

Capt. James Jay urged families desiring to apply to do so by that date, and at the same time asked people who know of families in need to advise the Salvation Army. It is necessary to establish a cut-off date, because Capt. Jay hopes to visit with each of the applicants to learn of the type and extent of need.

If churches, classes and organizations desire to adopt a family, he can supply names. If families are adopted independently, he would appreciate notice to that effect so that name could be checked off to eliminate duplications.

Last year something like 400 applications were filed. By the time duplications were weeded out, the final total was more than 250 baskets distributed for Christmas.

Trees Imported

NUEVO LAREDO, Mexico (AP)—About 100,000 Christmas trees already have been imported into Mexico through this port of entry, duty free. The government bans cutting evergreens in Mexico.

Concert Members Eligible For Play At Snyder

Members of the Big Spring Concert Association have reciprocal rights to attend the Snyder association program this week in Snyder, Maj. Vincent Brophy said Saturday.

Under an arrangement with the Snyder association, members of the Big Spring Associaton may attend "Dark at the Top of the Stairs," a Broadway play starring Joan Blondell, on Thursday evening.

The Big Spring Concert ticket is sufficient for admission. However, under the reciprocal agreement, Big Spring guests will not be seated until about 7:45 p.m. which will afford Snyder members an opportunity to avail themselves of seats. Maj. Brophy suggested that local association members could time their arrival at the Snyder high school auditorium at around 7:45 p.m. to avoid an unnecessary wait.

Bands Step Up In Odessa Test

Two Big Spring school bands took the first step toward winning the annual sweepstakes award at Odessa Saturday.

The high school band, directed by Douglas Wiehe, and the Goliad junior high school band, directed by Tommy Fry, won first division honors in the marching contest.

The event was the University Interscholastic League Band Marching Contest for Region 8. The bands compete against accepted standards, each school entering the class of its own size.

Goliad entered the CC class and the high school was entered in the 4-A class.

To win the coveted sweepstakes award, the band must place in the first division of three contests. The other two are the solo and ensemble competition in March and the concert and sight reading contest in May.

The sweepstakes award is the ultimate award for school bands.

Claudene Terrazas, drum major for the Goliad band, won first division in the twirling competition.

Mike and Pat Bishop, also took first division in twirling. Lillian Burnett and Kathleen Soldan placed in the second division in baton twirling.

Anti-Motherhood Ruling Rescinded

SAN FRANCISCO (AP)—An Appeals Court judge, changing his mind, has ordered two unwed mothers back into jail while the court decides whether they violated a lawful court order by becoming pregnant.

The American Civil Liberties Union objected when the nearby Pittsburg Judicial Court jailed the women for becoming pregnant again in violation of its probation order.

Ordering Lucy Martinez and Lucy Turrieta to refrain from extramarital relations violates "a fundamental aspect of personal liberty," the ACLU contended. Ernest Besig, executive ACLU director here, said he plans to take the case to the State Supreme Court.

Justice A. F. Bray of the Second Dist. Appeals Court ordered the women, both 24, released without bail Friday, pending the appeal. But after consulting with two associate judges, the judge rescinded that order and directed that the women be put back in jail.

Reviewing The

Big Spring Week

With Joe Pickle

Just about the best news of the past week was the public response Wednesday which put the United Fund up to its $96,800 goal. This not only maintained a record for achieving goals but also for giving to agencies which are necessary for a community with a heart and soul.

* * *

Big Spring had the honor Friday and Saturday of playing host to some 300 members of the Dramatic Order of the Knights of Khorassan and the Avrodaks (auxiliary) from all over the state. They had their initiatory pranks, ceremonials and fun, but they also dealt with their generous beneficences.

* * *

The 11.4 miles of widening for U. S. 87 south from Big Spring to the Glasscock County line was put back in the Dec. 15 lettings of the State Highway Department. This job could cost over $600,000. Another $88,000 has been earmarked for a lateral road connecting the Interstate overpass 8 miles west with the Andrews highway 4.1 miles to the north.

* * *

Mrs. R. K. Miller, Tuscumbia, Ala., wrote the Chamber of Commerce for a horned toad to be given as a Christmas present. Edith Gay enlisted the aid of Bruce Frazier, who announced it also explained to Miss Gay that all horned toads were in hibernation and underground. He hardly was off the line when Mrs. Wm. W.

(THE WEEK, Page 8-A, Col. 7)

U.S. Ups Tricky Selling Campaign

WASHINGTON (AP)—The government is stepping up its campaign to protect the American consumer from tricky and deceptive salesmanship.

On a scale never before attempted, federal agencies are moving against fraud and deceit in business and advertising.

The television, radio and phonograph record industries have already come under the investigative spotlight. Magazines and newspapers have been told their turn is coming.

Chairman Earl W. Kintner of the Federal Trade Commission announced Saturday a two - day conference on Public Deception will be held here just before Christmas to probe into all forms of shady merchandising.

The major aim of the meeting, which opens Dec. 21, is to alert the public to such things as fictitious pricing, bait advertising, phony labeling, spurious make-money-at-home schemes and other dubious developments in the selling arts, Kintner said.

Earlier last week the FTC put out a special guide warning the Christmas-shopping public about bait advertising. It said this consists of advertising a product at a spectacularly low price just to lure customers into a store. Once there, the buyer is worked on by high pressure salesmen to switch to a higher priced product.

ANNUAL BARGAIN OFFER

The Herald announces its Annual Holiday Bargain Rate for yearly payments on papers delivered to homes in Big Spring.

From now until January 1 — positively for this month only — the yearly subscription rate is $16.95.

This represents a reduction from the price when you pay weekly; more important, this one-time payment means that you will not have the worry of weekly payments to your Herald newsboy. Your newsboy, incidentally, receives his full share of profit when you make your annual payment.

You will want to take advantage of this offer, for saving and convenience. Remember, the reduced rate is for the month of December only — The Herald delivered to your door in Big Spring for a year, only $16.95.

Prosperous-Looking 'Cons' Take Over Town In Initiation

Convicts selling chewing gum—well-fed, prosperous looking convicts chewing big stogies protruding from painted faces.

This striped-suit brigade Saturday begged people downtown to buy gum for a few pennies a stick. It was all part of the investiture for the 8th Order of the Dramatic Order of the Knights of Khorassan assembled here for a state parley.

Included in the peddler-convict candidates were Tommy Robertson, W. H. Patton, and Sherill Farmer, Big Spring; Slats Donovan, Midland, and I. L. Redfern and A. T. Floyd, of Albuquerque, N. M.

More than 300 members were in Big Spring for the mid-winter convention of the society. They represented both the Dramatic Order of the Knights of Khorassan and the Nomads of Avrodaka, the women's branch of the society.

Four of the 8th Order candidates were members of El Zimran Temple No. 183 of Big Spring headed by Bill Kuykendall, host for the conferences.

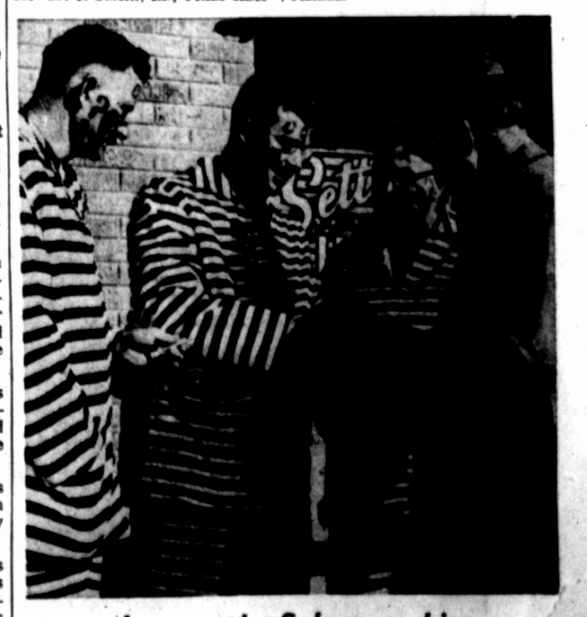

Hotel Settles was headquarters for the meeting and the ballroom was reserved all day yesterday for the women's activities.

Included in the serious moments of the conclave were a business meeting yesterday morning. During this meeting the members voted to hold their next mid-winter session at Lubbock.

The 8th Order street work was followed by a ceremonial at the Knights of Pythias Castle Hall after the 8th Order had been bestowed at 3 p.m.

The banquet at 6:30 p.m. was followed by a dance in the Settles ballroom.

Special guests at the conference were imperial prince Edward H. Stewart of Salem, Ill., Texas Khorassan Society president Bubba Stewart from Beaumont, and Mrs. Fanny Gordon of Dallas, past supreme commander of the Pythian Sisters for the United States and Canada.

Lessons In Salesmanship

Three candidates for the 8th Order of D.O.K.K. find a sympath patron to buy some chewing gum. How C. P. Adams of Oc (right) managed to handle three sticks at once wasn't di but (left to right) W. H. Patton, I. L. Redfern and Tommy son were all willing to sell their wares.

Be Careful, Police Chief Tells Public

Larger crowds building up in the downtown area means more caution is necessary to prevent accidents during the Christmas rush season, C. L. Rogers, police chief, said Saturday.

"We're asking all motorists to drive carefully during the rush and help prevent the large number of accidents that normally occur at this time of year," he said.

Motorists should be extra careful to observe the traffic lights and signs in the downtown area, he added, and observe the new stripes on the streets for parking. The stripes allow for the maximum number of parking spaces downtown.

PARK RIGHT

"Shoppers who take up too much space only take parking space from someone else," the chief pointed out.

Rogers urged shoppers to lock their cars when leaving them parked. He said pilfering of present-laden cars is a common practice during the holiday season.

He urged merchants to request a police escort when making night deposits and to be on the alert for hot check writers and shoplifters.

The chief said his department would appreciate being notified of any suspicious persons loitering in the city so these persons can be investigated.

"We can stop many thefts and shoplifters before they have a chance to commit a crime, if notified by merchants and shoppers," he explained.

When leaving home during the holidays, notify the police. Rogers said his patrol units would provide regular checks of empty homes while the family is away.

SAFETY CHECK

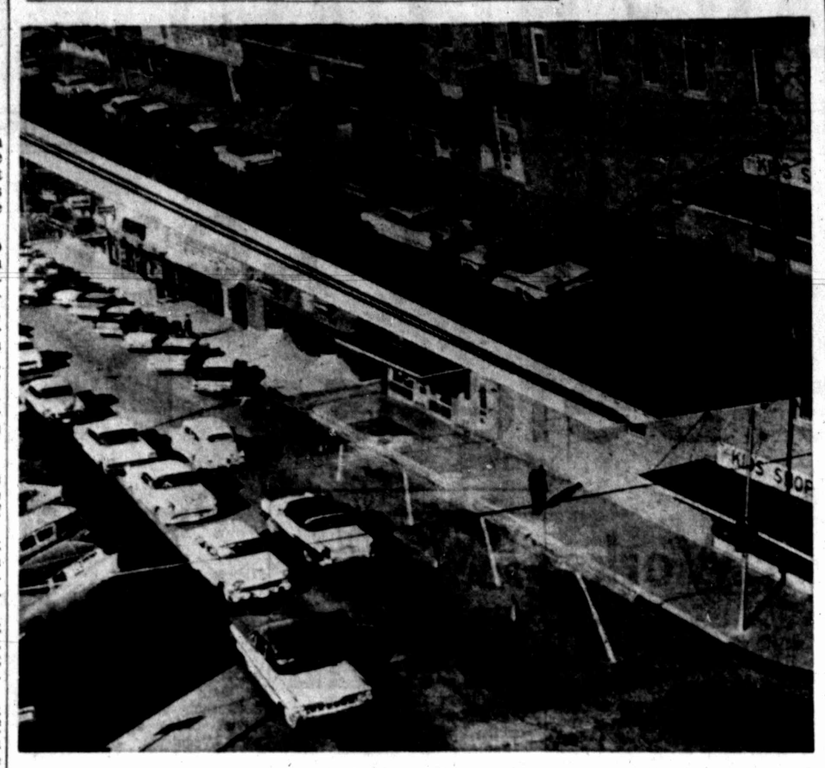

Residents who plan to be out of town need only tell the department how long they will be out of the city and where they can be reached. Police will make regular inspections of the house and insure that the doors and windows are kept securely fastened.

Before taking a trip, Rogers said, the car should be checked as a safety precaution. The tires, brakes, windshield wipers, and the lights should be in good working order.

He suggested that motorists plan regular stops to relax and stretch along the route. This plan will help to insure that the holiday season does not end in tragedy.

$2,000 Robbery

DALLAS (AP)—Two thugs held up a busy North Dallas grocery Friday night and escaped with about $2,000.

Shoppers Didn't Wait

Christmas shoppers didn't wait for the city to re-install parking meters for the new parking plan on Runnels street. The spaces were filled almost all day Wednesday, when the plan went into effect. The top portion of this composite picture was taken Tuesday when parallel parking was the rule. The bottom portion was taken after the 25 degree angle parking was installed. Both pictures were taken from the top of the Howard House.

SEEMS POPULAR

Motorists Put City's New Parking Plan To Quick Use

Modern parking came to Big Spring this week when the east side of Runnels, between 3rd and 1st, were converted from parallel to 25 degree angle parking.

This sharper angle for parking is finding favor in many cities throughout the nation. Abilene, for instance, has adopted the plan.

Bruce Dunn, director of public works, pointed out the plan has three advantages. It makes better use of the street, for traffic and parking.

EASIER PARKING

It provides easier parking, especially for women drivers. And third, all four doors of a car can be opened without bumping another car or the curb.

"Easy access to car doors is an advantage especially popular with Christmas shoppers," he added.

The change added one parking space to the block between 2nd and 3rd, Dunn said. There were 12 and now there are 13.

Runnels has 55 feet of paving. Dunn said parallel parking on the east side required about eight feet. Angle parking on the west side, at 45 degrees, requires 18 feet.

This left about 19½ feet for traffic lines in each direction.

NARROWER TRAFFIC LANES

The change will require about 12 feet for 25 degree angle parking, he explained, and will narrow the traffic lanes to about 15½ feet in each direction.

"In either case," he emphasized, "there is only one lane of traffic for each direction."

A good traffic lane is considered about 12 feet wide.

Dunn said other streets would be changed throughout the city to this new angle parking, if it wins approval of Big Spring motorists and merchants.

FIRST FEDERAL SAVINGS AND LOAN ASSOCIATION OF BIG SPRING

announces the payment of 4 per cent per annum dividend on all savings accounts and shareholders for the 6 months ending Dec. 30, 1959.

We are grateful for the support and confidence of the people in this area, who have entrusted their funds with us or who have been our borrowers. They have made our growth possible.

And, as we grow, we are able to serve an increasing number of people and thus broaden our contribution to the growth and development of Big Spring and its surrounding territory.

In systematic saving, in investing or in financing, we hope you will let us help you.

SAFETY OF YOUR SAVINGS INSURED UP TO $10,000.

Cold, Brisk Winds Hurt Art Show Here

Cold, brisk winds cut attendance at the annual Las Artistas sidewalk show Saturday.

Officials gave no estimate of the number of viewers. However, even though attendance was down, they stated they were satisfied with the turnout, considering the inclement weather.

The show, held in the memorial circle on the courthouse lawn, drew about 100 entries from Las Artistas members and their guests.

There was no popular vote this year, as had been the custom in previous shows.

Yule Lights Are Growing

Like the little girl who just "gwowed and gwowed," Big Spring's Christmas lights have grown daily.

Friday's display had a grand total of three streamers lighted—one on 4th and two on 3rd—by the County Court House.

Lone Star Display of Dallas didn't give up, though. They worked all day yesterday and the results were apparent last night.

Merchant's division of the Chamber of Commerce is buying the decorations on a lend-lease basis. After two more years—in addition to this one—the decorations and lights will belong to the local organization.

The $5,000 per year contract includes putting up and taking down the lights and maintenance (bulbs, etc.) during each holiday season.

Delay in erecting the streamers this year was brought about by the need to string brace wires at all 56 of the new locations.

No Fireworks, Police Warn

Police Chief C. L. Rogers Saturday pointed to the recently approved anti-fire cracker ordinance and explained that the department would be strict with enforcement during the holidays.

"These dangerous fireworks are unlawful in the city and we will make arrests where necessary to enforce it," he said.

The ordinance was approved by the Big Spring City Commission in August. It prohibits the sale or use of fireworks in the city limits.

Violations of the ordinance can result in fines up to $200.

D.O.K.K. Conclave

Edward H. Stewart, Mrs. Fannie Gordon and Bill Kuykendall get together in the lobby of Hotel Settles during the Knights of Khorassan mid-winter meeting held here yesterday. Stewart is imperial prince, Mrs. Gordon, from Dallas, is a past supreme commander of Pythian Sisters, and Kuykendall is head of El Zimran Temple in Big Spring. (See story on Page 1.)

3 Public Meetings Set For City Hall

Three public meetings are set for city hall this week. Public hearings are scheduled for Monday and Thursday and the Big Spring City Commission meets in regular session Tuesday.

Monday at 5:15 p.m., the planning and zoning commission is holding a public hearing on a zoning change in the Coronado Hills subdivision. Owners have requested that 14 lots at the Wasson Road and Marcy Drive intersection be changed from zone A, residential, to zone E, community business district.

Before taking action, the planning and zoning commission requested residents in the area to voice their opinions regarding the change.

Tuesday, the Big Spring City Commission, meeting at 5:15 p.m., will look at six annexation ordinances for the fourth time. If these ordinances receive fourth reading, the areas will become part of Big Spring.

The total area measures over two square miles. The residents, speaking in public hearings last month, were almost 100 per cent against entering the city limits.

Other routine matters also face the commission. One of them is a projected paving program.

On Thursday, the Zoning Board of Adjustment is holding a public hearing on a variance to the city's 25-foot front set-back requirement.

Lloyd F. Curley asked that he be allowed to build within four feet of the front property line at the corner of Circle Dr., Fifth, and Franklin.

The board is asking the opinions of all residents in the area regarding this request.

Soldier Is Victim In Auto Accident

GEORGETOWN, Tex. (AP)—A Ft. Hood soldier died early today and a companion escaped serious injury when an auto crashed in a bridge and a tree 7 miles north of here on U.S. 81.

Ft. Hood officials withheld the names.

Stanton FFA Builds Walks

By MARSHA BRISTOW

STANTON—Our FFA chapter is very ambitious! The chapter is constructing a sidewalk from the VA building to the schoolhouse. Members hope to have it completed by next week providing fair weather prevails.

The Future Homemakers of America chapter has just launched one of its annual money-making projects. The chapter is selling canned fruit cakes which will be just the thing for the holidays.

The band has really been working in its performance for the marching contests in district competition at Odessa Saturday. For the past two weeks the drilling has been especially brisk. Nancy Robnett, Carolyn Manning, Linda Saunders, Diane Turner, Marsha Bristow and Patricia Miller were due to enter the twirling contests.

The basketball teams have entered the Welch tournament with games scheduled against Dawson, and then at Union if fortune smiles.

The senior 4-H Club met Monday at the office of County Agent Bob Johnson and Porky Britton, president, was in charge.

Stanton FFA boys placed fifth in the junior chapter conducting division and fifth in senior chapter conducting at the recent El Rancho district meet. The senior chapter ranked fourth in the FFA quiz. Gracie Welch represented this chapter in the queen contest.

The Buffaloes opened the basketball season on a high note Tuesday, defeating Sands 46-23. The B team won its game 34-23.

The Rev. N. L. Range, Courtney, will be the speaker on Dec. 8 at the Parent-Teachers Assn. in the elementary gym.

Jeweler Offers Wanted Gifts

These days when time, steps and energy are saved as carefully as money, the Jewelry Industry Council offers a "one-stop" Christmas shopping formula that will save wear and tear on the gift shopper and will insure lasting delight for the recipient.

Your jeweler is the key man in this formula. A gift survey conducted recently by the Council showed that among the most wanted gifts, listed by both men and women, most came from the jeweler.

Every Mrs. and Miss, no matter what age, placed jewelry, watches, silverware or china high on their wish lists.

New YMCA Building Taking Shape

The new YMCA building, which a year ago was only a drawing, is beginning to look more like the finished product. Workmen this week were completing outside walls, placing partitions and doors inside, and laying steel decking on the north side roof of the building. The stack in the foreground by the truck-crane is sections of sheet plate which interlap to form a metal roof base for the asphalt and gravel of the finished job. Construction had been delayed somewhat because of the steel strike which cut down the amount of fabricated plate of this type. All of the inside concrete floors have been poured and the swimming pool is complete except for additional piping and equipment. Target date for completion of the building is now set for spring or early summer.

TV Plugs Are Fine, Unless They're For Someone Else

By CYNTHIA LOWRY
AP Television-Radio Writer

NEW YORK (AP)—A congressional committee, a federal agency and the broadcasting industry now are concerned about an old American institution: the plug.

Before they can do much about it, somebody will have to decide just what it is, or at least when it's improper.

For instance: An advertising agency executive recently ordered removal of a water cooler from a television set just before show time. The sponsor was an equipment company. The water cooler was made by a competitor.

"The company was paying one hell of a price for that show," explained the agency man. "Why should it plug a rival's product?"

Why, indeed? Of course, in the credits at the end of the same show it was prominently noted that the star appeared "by courtesy of Abou Ben Adams studios, producers of 'Ahoy There.'" A film in which the star did not even appear. And the equipment company itself hires press agents to get plugs of its products and its television shows in newspapers and magazines.

Is it a plug when Ethel Merman, in a TV show sponsored by an auto manufacturer, stands in front of a big sign advertising her Broadway show?

Is it a plug when the star of a musical show holds up a new record album he has made, or discusses the album a guest star has made?

Certainly they are plugs. But apparently the plugs which concern the investigators are the sneaky ones—dropped in without the knowledge of the show producers and agency supervisors.

Some performers — including big stars—are known in the business as plug droppers, and are suspected of accepting gifts, even payoffs, for their activities.

"With these guys, there's absolutely nothing you can do when it's a live show," says one television veteran.

"But the other kind of plugs need not happen often if you are vigilant. In one show the scene was a diner and in rehearsal when we did a closeup of the counterman in an important scene, you could identify the brand of cereal on the shelf behind him. We made them turn the boxes around. Sometimes these things are accidental. But when they aren't, you usually find they have been slipped in at an earlier creative level."

It's easy enough to keep an actor from flaunting a pack of cigarettes so that the label shows. Others are almost impossible to avoid.

"Suppose you've got a serious drama and you must show a telegraph office," continued the agency man. "What are you going to do—call it Eastern Union? Same thing with airport scenes. You'll often see the names of real airlines—not as plugs but to make it real. And when you want to be sure that the audience knows the characters are drinking a soft drink you've got to use one identifiable bottle."

But while many sponsors are raising cain about plugs on their shows, must have worked hard to get the name of their companies into the title of their shows—just so they can get free plugs in print and by word of mouth every time the property is mentioned. And they are positively overjoyed when one of their commercials gets kidded. Every quip is a free plug.

It's a big, broad and foggy area, and the question is one of degree—of where to draw the line. If the investigations somehow succeeded in abolishing all plugs, a huge number of press agents would be out of jobs.

In the final analysis, a plug is free advertising everybody wants to get for themselves but which they don't want to give to somebody else.

Hub Caps Taken

Leroy Perry, 107 NE 9th, reported the only theft investigated by police officers Friday. He said two hub caps were taken from his car.

Judge, 86, Dies

OKLAHOMA CITY (AP)—Edgar Vaught, 86, pioneer federal judge who retired several years ago, died Saturday.

TOWN TOO SMALL

No Payola Deals Here, Radio-TV Men Declare

By BOB SMITH

There is no payola in Big Spring.

That is the consensus of radio and TV managers here when questioned about their reactions to an order by the FCC concerning payola.

The FCC Thursday ordered all stations in the nation to report by Jan. 4, 1960, whether evidence of payola had been found among the stations' employes, and what steps had been taken to prevent it.

Payola is defined as taking money or other reimbursement for slipping a disguised commercial onto the airwaves, or plugging a recording.

IN BIG TOWNS

Ted Snider, operator of KBST, had this to say:

"The big offenders are in the big towns. Who'd want to pay a disc jockey here to plug a record? It doesn't pay—there aren't enough people in the Big Spring area."

Snider iterated his faith in his employes, and declared he has no reason to suspect dishonesty of any kind.

Jim Richardson, business manager of KBYG, was a bit more voluble. He flatly denied there was any payola at his station and questioned the wisdom of congressional investigations which first uncovered such activities. He said:

"KBYG has never had a part, and never will, in anything like that.

"It seems to me a waste of time on somebody's part. What are they (the congressional investigators) trying to prove? There's nothing wrong in putting in a plug for somebody, as long as the plug is identified (this agrees with the FCC's definition).

"If there's something wrong going on, why not put the guilty parties in jail? It looks like someone just wanted to conduct an investigation."

Richardson reiterated that he believes most radio people are honest.

PUBLIC PLACID

"The public likes to be fooled," he added, alluding to the fixed quiz shows that started the train of investigations that led to payola. "Barnum proved that, and magicians still do.

"The public doesn't care if it's a put-up deal, so long as it's not taken to the point of dishonesty."

Richardson pointed out that there is probably more dishonesty among some advertisers than among the advertising mediums they make use of, particularly in the misrepresentation of merchandise. And even these are in a minority, he said.

Richardson averred that, in a way, the payola probes might do some good in the long run, in the sense that it helps keep potential temptation in line.

Bob Bradbury, of KHEM, echoed the sentiments of Snider in saying that what payola exists is probably in the big-town markets. There is none at his station, he added.

NO LEGISLATION

"We don't need legislation," he said. "If there is a problem over something like payola, we should clean our own house. We don't need a stringent law to force us into honesty."

There's not much place for playing of records on television, Jack Wallace of KEDY-TV pointed out.

He was questioned about the other side of payola, the plugging of a product for free (except for a clandestine payment to a station employe). Wallace answered:

"This sort of thing is a problem of the major markets. Probably there is no payola in any city with less than a million viewers."

Wallace said there is no payola at his station, and added jokingly, "nobody here even has the opportunity."

Payola, he added, has been known a long time and, before the investigations, was a standing joke. Viewers as well as broadcasting people were aware of it.

Birth Control 'False Issue' Says Truman

NEW YORK (AP) — Former President Harry S Truman said today that birth control is "a false issue—so far as the presidency is concerned."

He made the comment on the controversy over whether the United States should furnish birth control aid to underdeveloped, overpopulated countries. Truman was taking a brief pre-breakfast stroll here.

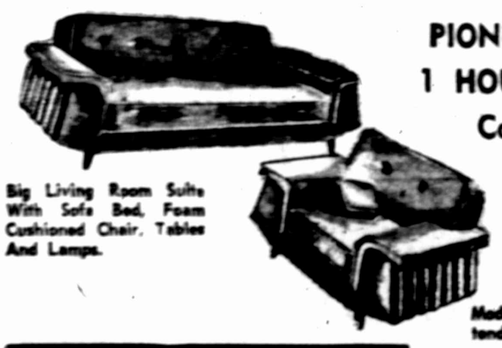

He was asked specifically whether the birth-control issue would affect the presidential chances of U. S. Sen. John F. Kennedy of Massachusetts, considered a contender for the Democratic presidential nomination.

Truman replied: "Why should it? It's a false issue to begin with so far as the presidency is concerned. It has nothing to do with it."

The Roman Catholic hierarchy in the United States recently issued a statement opposing use of American foreign aid funds for artificial birth control. Kennedy is a Catholic.

Plan Your Pictures

Yuletide movies take on a professional polish if you plan your scenario ahead of time. Take the scenes that need exhuberance on Christmas Day. Others, such as baby playing with her gifts, can be taken later when the distraction elements, such as crowds, are missing. Whenever you shoot, you can do it better with this self-setting electric eye model.

Gift Suggestions For Camera Fans

How long has it been since you took a look at the family photograph album? Cameras and iquipment have come a long way since the early 1900's . . . and so have the results they produce!

Today almost every family owns and uses some kind of camera. That's why a gift along this line is almost certain to be used and appreciated. And if you know a "camera bug," your Christmas buying problems there are solved.

What to choose? — for the beginner there are any number of outfits already boxed, ready to give, that are not very expensive. Most of these include camera, flash attachment, batteries, bulbs, film, and some include slide projector and screen or viewer.

Other good gifts for almost any one would be an album, a professionally-created film (if the recipient owns a movie projector), or the slides, which you can buy, of famous places, beautiful flowers, etc.

What you buy naturally depends on what the person already owns. Try to get a complete inventory of the items, take them to your local photo equipment shop and they will help with your selection.

Items to inquire about might be a 35mm camera which takes both prints and slides; wide angle and telephoto lenses; an exposure meter; carrying case; filter kits; and film.

The owner of a camera which takes slides would appreciate, if he doesn't already have, a slide viewer and slide file.

The amateur movie maker needs more equipment to do a thorough job: projector, screen, editing equipment, title kit and perhaps a tape recorder to make his movies "talkies."

If he seems to have everything, maybe your favorite photographer would enjoy going into editing, developing and printing. This extended hobby offers a wealth of equipment for your gift hunting.

Photography is a hobby that belongs to every age group; and fortunately, now it also belongs to every income group.

One thing to remember — if the person you are thinking of has one camera, that doesn't mean he wouldn't like to have another.

There is a wide variety of cameras because each does one particular job especially well. The semi-professional photographer, even if he takes only slides or only movies, always owns more than one camera.

Color film and flash bulbs especially make good stocking gifts. And there are many more small items that are also small in price.

The lucky recipient of your photography gift will begin to enjoy it the minute the package is opened Christmas morning!

Give Professional Touch To Wrapping Gift Boxes

Ribbons and designs on gift packages are wonderful "icing on the cake" . . . but they look best when the paper is smoothly and attractively wrapped around the box.

Here are the steps a professional uses in wrapping packages:

Place the paper face down on the table. Put the box, upside down if possible, on the paper. Place it so the design will show to the best advantage when the package is wrapped and tied.

If the box cannot be turned upside down, cut the paper about ½" wider than is needed and turn the raw edge under. Arrange so that the overlap will come under the ribbon or trim you plan to use.

Cut the paper wide enough to go around the box and overlap 1½in (less for a very small box), and long enough to extend a little more than half the depth of the box at the ends. This extending length will have to vary slightly according to the shape of the box and should be a trifle more for a deep box than for a shallow one. Don't scrimp.

Bring the paper up over the sides, overlapping as near the center of the box as possible, and fasten with a gummed seal or with tape.

Finish one end at a time. Fold the sides in smoothly. Fold the top, which is to be the bottom of the package, down first, then bring up the fold that is on the table up over all the folds, securing with tape or sticker.

Turn the box over. You are now ready to add your own special trims.

Addison Fans Hold $100-A-Plate Dinner

SAN ANTONIO (AP)—John Milton Addison, a smiling but tense young man in shirt sleeves, attended a $100-a-plate dinner here Friday night with 220 of the persons he is accused of bilking.

Addison is on trial here for theft and is charged in a three-count indictment with violation of the state's security laws.

The well-dressed Addison followers met at a downtown San Antonio hotel to break bread with their friend and pay $100 each on his legal fees. Addison has said the trial is costing him $100,000. A backer said it would be at least $30,000 for legal costs.

Testimony started Friday in Addison's trial. The accusing witness, Dr. Cliff Ochsenbein of Austin, rejected a promise of immunity from court action for false swearing at the trial.

Asst. Dist. Atty. James Barlow proposed immunity for Ochsenbein after Addison lawyers hammered relentlessly at the Austin dentist over affidavits Ochsenbein signed March 21 when he loaned Addison $1,250.

The dentist at first evaded direct answers but later conceded on cross-examination that the affidavits he signed were false. They stated the dentist received promises that Addison would repay nothing beyond the loan plus 10 per cent interest, and that Ochsenbein was due no interest in Addison's uranium enterprises.

Ochsenbein testified he relied on Addison's oral promise that all advancing him money would become wealthy. He said he was assured by the husky ex-boxer that he would have an interest in all Addison projects including a hotel to be built west of Denver, Colo.

On cross-examination, the dentist said the note Addison gave him was not due until March 31, 1960, and that he had never asked Addison directly for the money.

Two Addison attorneys who attended the dinner called it a huge success. William Yelderman of Austin said he came on a ticket supplied by one of the Addison followers.

One lender, Yelderman said, put up $2,100 for others who had sunk all their money in Addison enterprises.

Mrs. Majie Tabor of Dallas paid the first $100 and won the privilege of escorting the coatless Addison to the head table.

Most of the women wore furs and cocktail dresses while most of the men attending the dinner wore business suits. Mrs. Agnes Carter of San Antonio said there were 220 places available at $100 per plate and all were full.

The 220 sang the first verse of "America," said grace and dug into the food.

A San Antonio creamery executive, Henry Moeller, acted as master of ceremonies. He cautioned the group not to discuss the court case. Most of them, Moeller said, would be witnesses and Dist. Judge John Onion has requested no discussion of the trial.

A 35-member delegation arrived from Louisiana Friday to join the hundreds of other supporters who are attending the trial. Many attended the dinner.

Westbrook Plans Cemetery Fence

WESTBROOK—The new cemetery fence fund now stands at $300 and work has been started this week.

Additional contributions are needed to complete the job.

Contributors should contact either W. T. Brooks, president, or Mrs. Altis Clemmer, secretary of the association.

2 Minor Mishaps

Two minor mishaps were reported in the city Thursday.

Alberto Ortiez, Mexico, was in collision with two parked cars. The mishap occurred at Bell and NW 3rd.

At 3rd and Main, D. L. Walker, Coahoma, and H. E. Host Jr., 1901 Main, were involved in a crash.

WEE BIT OF COUNTY'S $5,000,000 COTTON CROP
.... Harvest season nearly finished; production near 32,000 bales.

YIELD HAS BEEN GOOD

Cotton Ginning Near End In West Texas Counties

Cotton ginning in Howard and adjacent counties is just about wound up for this year.

Figures released from the counties served by the Texas Employment Commission offices in Big Spring, Lamesa, and Sweetwater show that production is running at about the revised estimates for each of the areas.

Jack Hatch, agricultural placement interviewer in the Big Spring office, said that about 96 per cent of Martin County's crop is ginned and production now shows 62,870 bales against an estimate of 65,000 bales.

HOWARD COUNTY

Howard County with 98 per cent ginned now shows a production of 31,340 bales with an estimate of 32,000 bales.

Glasscock County's crop, based on an estimate of 10,500 bales is now 97 per cent complete with 10,273 bales reported ginned by the end of this week.

Ginning is slowing down in Dawson County where the crop is almost harvested. Garvin Wilkes, TEC office manager in Lamesa, said that Dawson shows 149,358 bales ginned against a crop estimated at 150,000 bales.

The last report from Gaines County shows 71,836 bales ginned. It is believed that all except a few small fields have been harvested in this area.

Office manager B. E. Harlow of TEC at Sweetwater said only partial reports are available from that area. He said Nolan County has ginned its estimated 15,000 bales.

Fisher County's estimated 38,000 bales is nearly complete with 37,500 bales ginned as of this week.

There is no additional report on Scurry County with 26,120 out of an estimated 30,000 bale harvest or Andrews County where the crop is apparently harvested.

REVISED ESTIMATES

Employment Commission officials said their estimates of a crop are revised several times each year and that the area crop this year has been somewhat higher than the first estimates.

Much of the revision comes about from the method of estimating a given crop, they said. Growers and ginners give TEC officials their own estimate at the beginning of each ginning season.

As the ginning progresses, the original estimate is raised or lowered depending on the pounds per acre yield of the early harvests.

Almost all of the hand-picked cotton is in bales and on its way the officials said. Most areas now have strippers in the fields to clean up the remainder of their crops.

LETTER TO EDITOR

Says He Will Leave Post

Dear Sir:

I have refrained from expressing myself for or against the new proposed Juvenile Board. All I know is what I have read in the papers and from what I have read, the New Juvenile Officer must be a College Graduate, with a Degree and have special training in the field of boys and girls. I do not qualify for this job, so at the end of my present appointment I will step aside and leave my office to the new man. I am sure this committee is working in good faith and are trying to do something better for our boys and girls.

I wish to thank our judges and commissioners that have made it possible for me to have had this job and work in many homes with the boys and girls. I want to thank every one that has had a part in making the juvenile office a success through the years that I have been Juvenile Officer, especially the parents and most of all, the boys and girls. You all have been very nice to me. But, I have my family and friends to consider and through request of many of my friends, I will make an announcement for sheriff of Howard County soon after the first of next year.

Thanks to all.

A. E. (Shorty) Long
Juvenile Officer

2 Fire Victims Leave Hospital

Two victims of the Cosden flash-fire Monday were discharged from the hospital yesterday and the others continued their rapid recovery.

Jessie T. Andrews of 611 Runnels, the most seriously burned in the plant accident, had shown marked improvement during the past 24 hours.

Attending physician Dr. Clyde E. Thomas Jr. said that Andrew's condition was quite a bit better now, he had a comfortable night, was taking liquids, and seemed to be well on the road to recovery.

Discharged yesterday from Big Spring Hospital were Jesse Kelley of 1203 Barnes and James Herm of Colorado City.

Still in Big Spring Hospital, but in improved condition, were George Harvell of 1514 Kentucky, A. G. Goodson of 1904 Eleventh Place, and R. A. Swann of Route 1.

Also recovering at a rapid clip is foreman C. A. Flynt of 2401 Runnels. He is a patient at Malone-Hogan Hospital.

Former Local Teacher Dies

Mrs. Ladonia Cook, who was a teacher in the Big Spring Public Schools for 18 years, died Friday in El Paso. She was 78 years old.

Mrs. Cook had lived for 25 years in Big Spring before moving to El Paso in 1956. She was a member of the First Methodist Church, the Modern Woman's Forum, and a past matron of Eastern Star.

She is survived by two sons, W. D. and J. M. Patrick of El Paso; three stepchildren, Rev. Wayne Cook of Lubbock, Mrs. J. R. Gabriel of San Angelo, and Mrs. J. H. Fryar of Big Spring, and four grandchildren and five great-grandchildren.

Services for Mrs. Cook will be held Tuesday at the First Methodist Church in Celina.

New Resistance Appears Against Lifting Federal Controls On Farm Production

By OVID A. MARTIN
Associated Press Farm Writer

WASHINGTON (AP) — New resistance appears to be developing against the idea of throwing off government controls on farm production.

The elimination of the 25-year-old control program has been a basic tenet of the Eisenhower administration farm program. Through the persistence of Secretary of Agriculture Ezra Taft Benson, considerable progress has been made in this direction.

Acreage controls have been tossed out on corn, the nation's biggest single crop. They have been eased considerably on cotton.

The administration will make a big pitch at the coming session of Congress to rid wheat of restrictions.

It is Benson's contention that if the government lowers price supports and takes off production restrictions, farmers themselves will adjust supplies to markets. He says lower prices would encourage sales and discourage some less efficient production, with costly surpluses disappearing in time.

But oddly enough the administration's gains are serving to strengthen supporters of production control programs.

This year's corn crop, the first grown since elimination of acreage allotments, has turned out to be a tremendously large one—a sixth larger than last year's record. It will add an estimated half billion bushels to the reserve and surplus supply of this grain, putting this at over two billion bushels with a cost of upwards of 2½ billion dollars to the government.

In other words, corn is joining wheat as a major surplus headache—and under a program designed to cure overproduction.

This development has created some doubts in the big Midwestern corn belt as to the feasibility of unrestricted production. These doubts found expression at recent farm bureau federation meetings in Illinois and Iowa. The American Farm Bureau Federation, of which the Illinois and Iowa bureaus are members, has supported the administration in efforts to eliminate controls.

Certainly Congress is expected to take a new look at the corn program and the question of controls. Hooked up, of course, with the matter is the administration proposal to free wheat of acreage allotments.

New Development Area

The arrows indicate the sections of College Park Estates where Lloyd F. Curley is currently building. About 20 lots are included in these two areas, some of them already built or under construction.

MANY DEVELOPMENTS

2,500 New Homes Planned For City

(This begins a series of articles this week on new home construction and subdivision development in Big Spring. Subsequent stories will include other developers and their plans for the future of the city.—Ed.

By V. GLENN COOTES

Housing construction in Big Spring has been an ever present problem.

Until the opening of the Capehart Housing project at Webb AFB, available housing was barely enough to meet the demand. Even though the demand is presently erratic, growth is expected to increase it in a short time.

To meet the expected demand, about 2,500 new homes are now on the drawing boards of Big Spring developers, it is estimated. The city is literally surrounded by proposed new subdivisions, ranging from 30 to over 1,000 lots.

TYPICAL AREA

Lloyd F. Curley is one of the developers taking part in the planning and construction of new housing. He currently plans three new subdivisions, all scheduled to begin construction in early 1960.

At present, he has houses under construction in the College Park Estates area. Most of it is confined to lots on Baylor and Bucknell streets, between Dartmouth and Rutgers.

Curley has 13 lots in this area, four of them already having houses on them and sold. He has another house under construction on Colgate.

On the south end of Baylor at 11th Place, Curley has eight houses under construction, four of them sold and two of them nearly complete.

Already sold in this area, Curley counts 24 on Bucknell and Colgate and 26 on Cornell, Auburn and 11th Place.

These homes range in price from $15,300 to $17,300, according to C. A. Ross, loan manager for the builder. They carry FHA commitments. Electric built-in appliances can be installed in these houses and included as part of the loan.

Jack Shaffer, sales manager, described the houses as masonry with wood trim. The houses have three bedrooms, 1¾ baths, den and kitchen combination, and mahogany paneling. All have garages, some single and others double. The lots vary from 70 by 135 feet on up. The location is near a projected elementary school and shopping center.

Other building sites in the general area are one on Alabama and one on Morrison Dr., Ross explained.

Curley has recently completed building and selling 83 houses on Alabama. Over 70 of them were built this year.

The developer estimates he has built about 600 Big Spring homes and he plans about that many more.

He has three other subdivision on the drafting tables, two of them already approved by the Big Spring Planning and Zoning Commission. They are East Park, Wasson Place No. 1 and Wasson Place No. 2.

East Park, across Marcy Drive from Alabama St., will have 31 lots and work is to start in a few weeks. Wasson Place No. 1 is located on Wasson Road west of the Douglas Addition. It contains 124 lots.

Wasson Place No. 2, south of the No. 1 subdivision, has 478 lots but has not yet been approved by the planning and zoning commission.

Coahoma Man Found Guilty

Floyd D. Null, Coahoma resident, was found guilty of driving an automobile while under the influence of intoxicating liquor Friday afternoon by a jury in Howard County Court.

The jury, deliberating 25 minutes, assessed a fine of $50 against Null and ordered that he serve three days in jail. The case had been in progress all day Friday.

It was the second jury trial of last week in Howard County Court. The first case ended in a hung jury and the entry of a mistrial note in the docket by Judge Ed Carpenter. Walter Allen Loving was the defendant in this case. The jurors deliberated for more than three hours and could not reach an agreement.

Amando Gonzales, accused of DWI, pleaded guilty in the court on Friday afternoon. He was fined $50 and sentenced to four days in jail — the jail sentence matching the time the man had already been in the jail.

Drowning Victim

DENTON (AP)—Felix Hallum, 72, of Lake Dallas drowned Friday night in Garza-Little Elm Reservoir after his fishing boat overturned.

Dies In Crash

ROCKPORT, Tex. (AP)—Jose Garcia, 46, of Rockport died when a car overturned here Friday.

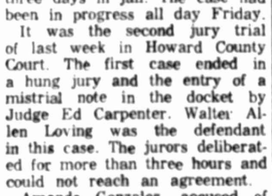

Stamps In The News

By SYD KRONISH
AP Newsfeatures Writer

The 4-cent Boy Scouts of America Golden Jubilee commemorative stamp will feature a head and shoulders view of a Scout saluting. The stamp will be placed on sale Feb. 8, 1960, at Washington, D. C.

The new adhesive was designed by artist Norman Rockwell, who has drawn the covers for many of the official Scouting calendars.

The likeness of the Scout will be

printed in gradations of khaki. The lettering "1910-1960" at the left and all other writing on the stamp will be in blue.

Collectors desiring first day first day cancellations may send their addressed envelopes, together with remittance to cover the cost of the stamps to be affixed, to the Postmaster, Washington 13, D. C., prior to Feb. 8.

The outside envelope to the Postmaster should be clearly endorsed "First Day Covers 4-Cent Boy Scout Commemorative Stamp."

* * *

Austria has issued a new semi-postal honoring Postage Stamp Day in that country, reports Edwin Mueller. The design shows a Roman coach of about 100 A. D. which was used on the "cursus publicus," a forerunner of the present day mail service. It was taken from a marble relief on the south facade of the church of Maria Saal in Corinthia. The value is 2.40-schilling and the surtax is 60-groschen.

France has issued four new stamps. One is an anti-polio adhesive which shows a youth discarding crutches. Another is for the centenary of the birth of the French philosopher Henri Bergson. It is a 50-franc and bears his portrait. A 20-franc depicts buildings at Avesnes-Sur-Helpe. A 30-franc pictures the castle at Perpignan surrounded by flowers and coats of arms.

* * *

Russia recently issued a 60-kopeks blue and yellow stamp honoring the visit to the United States of Soviet Prime Minister Nikita Khrushchev. The stamp depicts the domes of the capitol in Washington, D. C., at the left, and the Kremlin tower in Moscow at right. Between these is a globe of the world. Printed in the background is "N. S. Khrushchev's Visit To The U.S.A., September 15, 1959."

Torch 'Victim' Turns Up Alive

MEXICO CITY (AP) — A man burned alive here Thursday was not James A. Markey of Houston, whose woman friend identified the body.

Markey, 60, says so himself, and adds:

"It was a good joke, although in bad taste."

The woman identified the human torch victim as Markey Friday. On a second visit changed her mind.

The sailor said he had been drinking for four days and couldn't find his hotel.

Seeks Divorce

HOLLYWOOD, Fla. (AP) — The husband of Pat Ward, former call girl who figured in the Mickey Jelke vice trial, says he will file for divorce and seek custody of their 6-month-old son.

Jelke, the oleomargarine heir, was convicted in New York in 1955 on two counts of compulsory prositituion. Miss Ward was a key witness in the trial.

MEN IN SERVICE

Army Pfc. Lloyd G. Mitchell, son of Mr. and Mrs. Lloyd Mitchell, Lamesa, is participating with the 3d Infantry Division in a five-week field training exercise in Hohenfels, Germany. The exercise is scheduled to be concluded Dec. 22.

The training exercise is designed to determine the combat readiness of divisional units which are part of the NATO shield of defense in Europe.

Assigned to Mortar Battery of the division's 15th Infantry, Mitchell entered the Army last February and was stationed at Fort Benning, Ga., before his arrival overseas last September.

The 23-year-old solder is a 1954 graduate of Lamesa High School and attended Texas Technological College in Lubbock. Before entering the Army he was employed by the Texas Highway Department.

Abilene Paper Honors Veteran

ABILENE (AP) — Frank Grimes, 68, observed his 45th anniversary Friday with the Abilene Reporter-News. For 40 of those years, Grimes was editor of the newspaper.

The newsman, a native of Pendleton, Tex., was presented a golf watch and numerous other gifts at a party in the newspapers' editorial offices. About 185 workers attended.

New Jaycees

STANTON — Two new members were introduced to local Jaycees when they met Wednesday evening at Belvue Restaurant.

Robert Herzog presided at the meeting and introduced Gene Perry and Marshall Johnson.

Plans were announced for a Jaycee Christmas tree lot.

Woodman Gets Life For Rape

WISCASSET, Maine (AP) — Woodcutter Rodney A. Austin, 44, Newcastle, was sentenced to life imprisonment Friday night for the kidnap-rape of a 14-year-old baby sitter, Sharon Simmons.

A jury of seven men and five women convicted Austin on eight counts of abduction, rape, illegal transportation of a minor, defiling and carnal knowledge and before a second offender. The jury found him innocent on one count of rape.

The ex-convict listened stoically to the verdict returned by the Lincoln County Superior Court jury after nearly seven hours of deliberation.

Austin's wife sat staring at the floor, crying quietly as the sentence was read.

Sharon, a Nobleboro High School student, testified that Austin raped her at a Damariscotta Mills home where she was baby-sitting Oct. 17, and forced her on a six-day automobile trip through Maine, New Hampshire and Vermont.

Austin said he had been drinking beer with Sharon's parents that afternoon and had no recollection of the events of that night.

He claimed he had no relations with the girl on the trip. He testified that during the summer they had had relations, but stopped when Sharon told him she was pregnant.

Flames Hit 2 Area Cotton Gins

LUBBOCK (AP) — Wind-whipped flames swept through two South Plains cotton gin yards Friday, causing damage estimated at $133,000.

The first fire struck the Simmons - Henry Gin just north of Lubbock, where the main plant was saved but 350 to 400 bales of cotton and more than 150 trailers and large trucks were destroyed.

A second fire, causing about $33,000 loss, hit the County Line Gin 9 miles northeast of Morton.

2 Coeds Killed In 2-Car Crash

BALLINGER, Tex. (AP) — Miss Manuela Barrera, 19, of Corpus Christi and Miss Mary Duenez, 23, of Pawnee were killed Friday in a two car crash. Both were students at Howard Payne College in Brownwood.

Two other persons were injured when a car crashed into the students' stalled automobile.

Bullet Wound

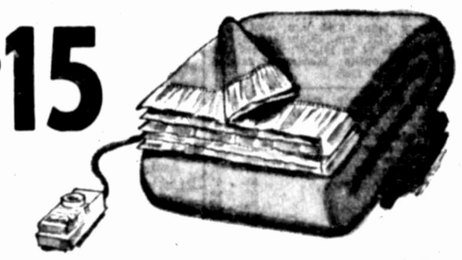

DALLAS (AP)—Joe Jacinto, 20, was found with a bullet wound in his head Friday night at his home here. A pistol was at his side. Relatives said he had been despondent.

Coahoma Team Winds Up At Top In Area II FFA Contest

The Future Farmers of America team from Coahoma wound up at the top in the area II leadership contest held yesterday at Big Spring High School.

On hand to receive their championship trophy from 1959 area sweetheart Peggy Summerlin of Roby were Aubry R. Dorden, Donnie Reid, Tommy Neill, Billy C. Reid, Roy Griffith and Sam Buchanan.

The Coahoma team took first place in the Senior Chapter Conducting contest in competition with six other teams from Area II.

Big Spring teams missed out on a first place prize but won banners for second place on the farm radio, third place in the future farmer quiz, and fourth in the junior chapter conducting contests.

Other first place banner winners included Pecos in the senior farm skills contests; Brownfield in the junior farm skills and junior chapter conducting; Robert Lee in the Future Farmer quiz; and Loraine in the farm radio contests.

A total of 48 teams were in Big Spring for the leadership contest.

Competing in the Senior Chapter Conducting category were teams from Coahoma, Sweetwater, Roby, Marfa, Robert Lee, Wellman and Bowie.

Junior Chapter Conducting contests included teams from Snyder, Big Spring, Robert Lee, Anson, Brownfield, Pecos and Ysleta.

Senior Farm Skills teams were from Colorado City, Rochester, Ozona, Pecos, Meadow, Ector and El Paso.

Junior Farm Skill competitors were from Midland, Colorado City, Anson and Ysleta.

Competitors in the Farm Radio contests were from Loraine, New Home, Robert Lee, Anson, Pecos and Big Spring.

In the Future Farmer Quiz contests were teams from Ysleta, Pecos, Robert Lee, Rule, Snyder, Tahoka and Big Spring.

200 IN ATTENDANCE

Area supervisor Clemon Montgomery said that more than 200 boys were in Big Spring for the leadership contest. Each boy was a member of a prize-winning team from his own district.

Winners in the contest here will go to Sam Houston College in Brownsville for the state finals next week. They will compete with other winning teams from the nine other state areas.

The Brownsville contests will determine state champions.

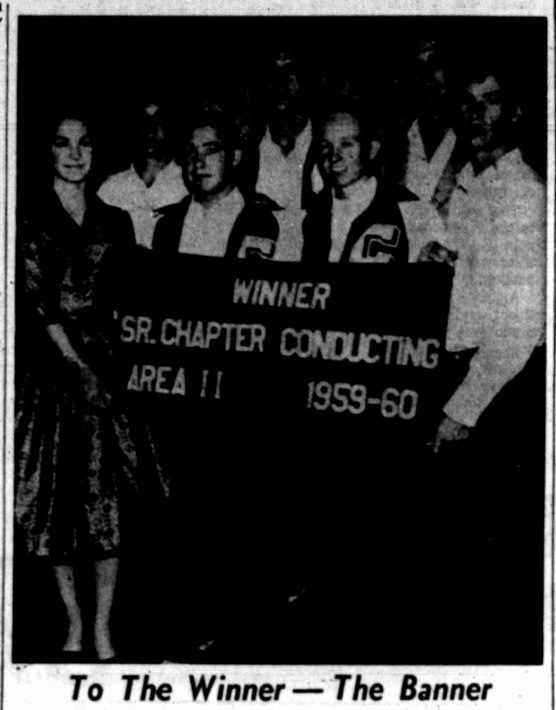

The contests were held in the Big Spring High School classrooms. Judging was done by teachers with backgrounds of Future Farmers of America work.

Competition and judging began at 8 a.m. and lasted until just before noon.

Superintendent Floyd Parsons of Big Spring High School gave the boys a warm welcome when he addressed the assembly in the school auditorium at 1 p.m. Contest winners were announced at the assembly.

Complete results of the FFA contest were:

Sr.Chap.Cond	Jr.Chap.cond.	Sr.Farm Skl.
Coahoma	Brownfield	Pecos
Wellman	Pecos	Colorado City
Marfa	Snyder	Rochester
El Paso	Big Spring	Ector
Sweetwater	Anson	Ozona
Robert Lee		Meadow
Roby		
Jr.Farm Skl.	**Farm Radio**	**FFA Quiz**
Brownfield	Loraine	Robert Lee
Anson	Big Spring	Tahoka
Pecos	Robert Lee	Big Spring
Colorado City	New Home	Pecos
Midland	Anson	Rule
Lake View	Pecos	Snyder

To The Winner — The Banner

Members of the prize-winning Coahoma FFA leadership contest team pose with 1959 "Sweetheart" Peggy Summerlin of Roby. The boys are (left to right, front row) Aubrey Ray Dorden, Donnie Reid and Tommy Neill. Back row (left to right) Billy Carl Reid, Ray Griffith and Sam Buchanan. The Coahoma team was one of 43 teams competing in the leadership contest.

'Santa' Turns Cop, Helps Arrest 24 Narcotics Suspects

NEW YORK (AP) —Santa Claus has his eye on bad boys and girls, and he isn't waiting for Christmas Eve to leave sticks and stones in their stockings.

Already Santa has helped arrest 24 narcotics suspects.

A rather tired and frowsy Santa stood on Harlem street corners the past two weeks clanging his bell and singing "Rudolph the Red-Nosed Reindeer."

In his pockets, he carried lollipops. In his hand, he rattled a container for coins. In his head, he carried a photo and data file on drug traffickers.

Always near Santa were his helpers—two down-and-out loafers. When Santa spotted a familiar face in the crowd, he would shift his bell from one hand to the other. The loafers would saunter over, discreetly separate the face from the crowd, and search him.

Sometimes they found that the suspect's holiday cheer stemmed from the dope in his pocket—in which case the suspect was told the facts of life: This was not the real Santa Claus at all but just a play-like Santa, namely narcotics squad detective Edward Egan. The helpers were detectives Richard Pardo and Salvatore Grosso.

Friday, as Pardo and Grosso closed in on Kathleen Johnson, 27, the woman dropped 10 envelopes, each containing enough heroin for one injection. Pardo and Grosso pretended to overlook the envelopes, but Santa Claus Egan shuffled over and absent-mindedly picked them up.

At a police station, the woman demanded: "What are you pulling me in for? You haven't got any evidence."

"Wait 'til Santy comes," replied Pardo.

In another incident, what appeared to be a Harlem housewife coyly dropped a coin in Santa Egan's cup and held out her hand for a lollipop. Egan shifted his clattering bell and his helpers moved in.

The housewife turned out to be something of a masquerader, too, not a housewife at all but rather Fred Beaut Cotton, 35, in woman's attire complete with lady's shoes and girdle. Grosso and Pardo said they found 30 packets of heroin on him.

Miss Johnson was charged with possession of narcotics and Cotton with possession and intent to sell. Both are Negroes. Most of the others arrested have been charged with similar offenses.

Daughter Born

Mr. and Mrs. Royce Rainey are the parents of a daughter, Dianna Lynn, born Friday. The baby weighed seven pounds and 12 ounces. Paternal grandparents are Mr. and Mrs. E. C. Rainey Sr., Big Spring, and Mr. and Mrs. R. C. Tinsley, Homer, La.

Local Teachers At PE Meeting

Are enough health courses being taught in Big Spring schools? Are our youngsters physically fit?

These were questions raised at the annual state meeting of the Texas Association of Health, Physical Education and Recreation in Abilene Thursday through Saturday of last week.

Attending the meeting from here were Misses Arah Phillips, Anna Smith, Ruth Anderson, Bernice Waggner and C. H. Humphreys, Mrs. Pat Drake and Mrs. Jane Dotson.

High point of the meeting was an address by Dr. Eleanor Netheny, University of Southern California, who spoke on the "Courage to Lead."

Teachers participated in various commission reports and demonstrations. They were encouraged to institute more health courses in schools and to begin a testing program in order to establish higher physical fitness.

Top Student

Lorene Miears, daughter of Mrs. O. L. Jones, 2712 Fortieth Street in Lubbock, and formerly of Big Spring, was one of the top 15 students on the Lubbock Christian College honor roll recently announced. Her grade point average for the first nine weeks was 2.6. In Big Spring High School Miss Miears was in the National Honor Society, the FHA, the Vocational Industrial and the Latin Clubs.

Judge Proclaims Spiritual CD Day On Pearl Harbor Day

"Lest we forget—and perish!" Thus County Judge Ed Carpenter leads off his proclamation of Spiritual Civil Defense Day on Monday.

This is Dec. 7, the anniversary of a "day that will live in infamy."

At the same time, the day is being used as a reminder of the need for moral rearmament and of a tangible physical organization for meeting natural and man-made disasters and catastrophes.

Sometime during the week, said W. D. Berry, city-county Civil Defense coordinator, alert warnings will be sounded to test public reaction and to accustom the public to the different types of alert. At the same time, local CD machinery will be checked to make sure of its readiness to function.

Judge Carpenter took cognizance of one of the biggest obstacles to effective civil defense when he asked "all people to give earnest thought and prayerful consideration to the awesome threat of complacency and inertia hanging over us, and to the diabolical conspiracy and evil forces in the world which would infiltrate and destroy us."

During this week Berry is due to talk at several service clubs on the need of a well organized and disciplined CD organization. He recently returned from a state meeting of local and state CD chiefs.

He made it plain that the unit was set up to deal effectively either with an emergency arising from an act of God or from war. For instance, all participants could swing into action with equal efficiency whether there was a tornado or a bombing.

In the organization chart, Mayor Lee Rogers and Judge Carpenter are the local heads of the CD unit, and Berry works directly under them. Named by the two top officials are a woman's affairs committee headed by Mrs. J. G. Bristow; a legal staff of the city and county attorneys; a training unit headed by Bill Dawes; and a public information committee directed by R. W. Whipkey.

The Red Cross disaster setup also operates directly under the mayor and judge. Jake C. Morgan is the disaster chairman. There are committees set up for food, medical care, shelter, evacuation, clothing, registration, and security.

One branch of the work under Berry is the operational services. These include supply, communications, warning and transport.

The larger branch is that of technical services. Here are such divisions as fire, police, reserve, welfare, medical aid, engineering, first aid and warden.

Over town there are several sirens which will sound warnings for the various types of alert. The first is the Blue alert, sent out by normal communications channels to remind people to increase security and training.

The Yellow alert, signalled by a steady 5-minute blast of the siren, means to prepare for defense and for CD workers to report to duty stations.

The Red alert is a wavering 5-minute blast of the siren, and it means for all personnel to go to shelters except security teams.

The tornado alert is three 1-minute blasts with 1 minute intervals, and then repeat.

The all-clear signal is a pair of one minute blasts with a 30-second interval.

Mrs. Wilke, 71, Dies; Services Set For Today

STANTON — (SC)—Funeral for Mrs. Mary Effie Wilke, 71, will be held here at 3 p.m. today in the First Methodist Church.

Mrs. Wilkie had been in ill health for a long time with a heart involvement, but she was stricken unexpectedly and died soon after reaching the hospital in Midland.

She was born at DaVilla on Feb. 12, 1889 and moved to Big Spring in 1942 with her husband, who was an optometrist and jeweler. After his death, she moved to Stanton where her daughter then resided.

Surviving Mrs. Wilke are her daughter, Mrs. Mary Alice Woodard, Midland; a step-son, Leonard W. Lawrence, San Antonio; two brothers, Jim Taylor, Seattle Wash., Cecil Taylor, Waco; four sisters, Mrs. James H. Stephens, Bryan, Mrs. Guy Yarborough, Seattle, Wash., Mrs. K. K. Tidwell, Waco, and Mrs. E. R. (Alice) Cravens, Bull Shoals, Ark.; and two grandchildren.

Pallbearers will be Phil Berry, Jim Tom, B. P. Eidson, Jake Hall, Owen Ingram, W. E. Pittman and Gordon Stone, Stanton, and Robert Currie, Big Spring.

Juveniles Held For Return To Rotan

Four juveniles from Rotan were in county jail here Saturday awaiting arrival of their parents or a Rotan police officer.

City police picked up three boys and a girl early Saturday morning. They were turned over to county juvenile officer A. E. Long.

Long said the girl, who is almost 14, told him that she and the 17-year-old boy were going to get married. She said that's why they left Rotan.

The other two boys, both 16, apparently went along for the ride, Long said.

He added that their parents had all been notified that the youths had been picked up here.

Anderson Studies Lamar College

S. M. Anderson, assistant superintendent of schools, will be in Baytown today and Monday on a special study of Lamar College.

He is on the committee named by the state commissioner of Education to review the schedule and visit the institution for evaluation of its teacher education program. There are four other members of this committee.

JOSEPH T. HAYDEN

Political Ice Broken By Hayden Entry

The expected earlier start in politics for 1960 began to shape up here Saturday with the season's first announcement.

Joseph T. Hayden, 1708 Main, making his first bid for public office, announced as a candidate for the Democratic nomination for county commissioner of Precinct No. 3.

Primaries have been advanced by almost two months under a new election code, and thus the previous unwritten opening date of Jan. 1 no longer holds good.

Hayden is a native of Big Spring and is a member of one of the early-day families of Big Spring. In announcing, he said that he would conduct an active campaign and seek the votes and influence of all qualified voters of the precinct.

"I have been dealing with the public for over 35 years, 30 of them while associated with the Big Spring Weekly News," said Hayden in his announcement. "For the past five years I have been in life insurance and real estate. From my experience in business and as a citizen I have gained a general knowledge of the duties of the office.

"I am a life-long Democrat I honestly think that your county commissioners should serve unselfishly, and to the best interest of all the people in his precinct and in the county, and not just a few.

"A dash of economy is necessary now and in the future planning for Howard County. I think the commissioners court should make the policies, but the court should take the people into its confidence and to hear any constructive criticism and suggestions of methods for economy and efficiency.

"I will try to always be plain spoken, as well as fair in my dealings. I believe my record will speak for honesty, for a willingness and the ability to meet the problems of the office as they arise. On that basis I will appreciate your consideration."

Texas-Born Sam Fine After Space Journey

Displays An Interest In Humans

NORFOLK, Va. (AP)—A pioneer space monkey named Sam nibbled fruit, scratched himself vigorously, and displayed a healthy interest in humans Saturday after a spinning rocket trip through the fringes of outer space.

Sam, a seven-pound rhesus monkey, was plucked from the Atlantic Friday off the North Carolina coast after a 55-mile-high trip in a Project Mercury capsule. A Navy destroyer brought Texas-born Sam here Saturday.

The capsule, designed to carry man in his first orbit around the earth, was boosted into space from Wallops Island, Va., by a Little Joe rocket. It attained a top speed of 3,600 miles an hour.

"It was very simple," was the way the recovery operation was described by Cmdr. Joseph Sahaj, skipper of the destroyer Borie, which picked up the capsule 120 miles off Cape Hatteras, N. C.

"It took us 15 minutes," Sahaj said. "We received instructions by radio on how to open the capsule. I opened it with a wrench."

IN DIAPERS

Sam, still encased in his air-tight biopack container, was lifted from the capsule six hours after the launching and taken to the Borie's sick bay. There, Sahaj opened the container and greeted a hale and hearty Sam, wearing diapers.

Officials of the National Aeronautics and Space Agency said Sam apparently had suffered no ill effects during his ride.

The bell-shaped capsule was shot aloft at Wallops at 11:15 a.m. and splashed into the Atlantic 40 minutes later.

It was tracked during its flight by a Neptune search plane piloted by Lt. Robert R. Mackie of Warren, Ohio.

"I saw the rocket go up, about 800 miles from us," Mackie said. "Then it disappeared. My crewmen picked up the signals from the capsule. We flew to the area and sighted green dye marker on the ocean. We radioed its position to the Borie."

While Sam was taken below, the capsule was lashed to the Borie's deck for the return to Norfolk.

Sam was met at Norfolk by Maj. Cloid Green, an Air Force physician from the Aviation School of Medicine at Brooks Air Force Base, San Antonio, Tex.

The monkey, still encased in his biopack, was whisked away from the ship to Langley Air Force Base, to be flown to Brooks for detailed examination.

'BROKE FAITH'

Witness Impeached At Addison Trial

SAN ANTONIO (AP)—Dr. Gerald Latimer, Austin dentist, testified Saturday he broke faith with uranium developer John Milton Addison and now only expects his $1,250 loan and 10 per cent interest.

Latimer, second witness in the theft trial of the promoter, repudiated a personal loan note and two affidavits to facts which he signed.

Asst. Dist. Atty. Mayo Galindo impeached his own witness before defense attorney William Yelderman got around to it.

Addison, 31, is also accused of violation of the state securities act and conspiracy to violate the act.

Galindo asked Latimer if the papers he signed at Addison's request March 21 were sworn to truthfully or falsely. Latimer replied the statements were false.

The three documents specified that Latimer expected to receive nothing more than his loan plus 10 per cent interest per year. Like Dr. Cliff Ochsenbein, the first witness, Latimer said he envisioned great wealth including an interest in the Moonlight Mine in Nevada and the as-yet unbuilt DollyO Hotel in Tabletop Mountain in Colorado.

The state charges Addison has bilked hundreds of investors of about one million dollars with representations of a miraculous uranium upgrading machine. Addison claims the machine can step up uranium ore 7 to 1, can produce eight times as much uranium as an 18 million dollar regular uranium mill.

Yelderman asked Latimer if he was keeping faith with Addison in April and May when he made written statements to the Texas Department of Public Safety, and again in July when he gave a statement to the U.S. Securities and Exchange Commission.

Representatives of the commission, as well as the Internal Revenue Service, are attending the trial.

Yelderman asked Latimer:

"You were willing to swear your soul into Hell and your body into the penitentiary . . . ?"

Asst. Dist. Atty. James Barlow interrupted and said:

"If anybody goes to Hell it won't be this witness."

Sweetwater Girl In School Panel

DENTON (AP) — The Texas High School Press Assn. Saturday elected George Otstoff of Highland Park president.

Other officers elected at the closing session of the association's annual meeting included Judy Bowen, Sweetwater, secretary.

THE WEEK

(Continued From Page One)

Jackson, who had heard the announcement, called to say she had found a horned toad in her yard at 409 Park. So that critter is on his way to Alabama. So there!

* * *

The trial of John Milton Addison at San Antonio is being followed from here with more than passing interest. A number of local folks are among those who made unsecured loans to Mr. Addison.

* * *

Jesse Andrews miraculously clung to life Saturday after being burned over more than 90 per cent of his body in a flash fire at Cosden's refinery early in the week. As tragic as this was, the incident could have been far more disastrous.

* * *

The Howard County South Plains Hereford Breeders Association will hold its 16th annual show and sale here Saturday. This is always one of the better sales of the area, and if you want to see some real cattle and catch the flavor of the machine tempo of an auction, be sure and attend.

* * *

At long last, as the Duke of Windsor once said, the street and courthouse decorations have been put in place and lighted. The downtown area and city approaches have a bright seasonal appearance.

* * *

Oil developments of interest included strong shows of high gravity oil (condensate) in the Great Western No. 1 Allen, central Martin County prospector. The McNamara No. 1 Wade was turned to Rankin & Turner and now the south-central Howard hole is being reopened for testing and possible completion.

* * *

The woman always has the last word. After a letter writer has suggested that Mrs. Roscoe Cowper, school board member, refrain from voting on a new coach (because women are not supposed to fathom such masculine mysteries), she brought along a cake with her to the next board meeting. She hinted members should note that she was sticking to domestic arts, as it had been suggested women should.

* * *

Do you have any cast-off toys around the house? Firemen are already busy repairing broken or unused toys for distribution to the needy of the city this Christmas. Just how much good they can do is dependent on just how many toys they get from you.

* * *

The city, county and school district all have approved a juvenile board plan, and A. E. Long, juvenile officer, said in a letter Saturday he was going to step aside. He may not need to be in a hurry however, for a legislative act is required.

Robert Lindsey, 82, Dies Here

Services for Robert Starkey Lindsey, 82, will be held at 2 p.m. Monday in Nalley-Pickle Chapel, and burial will be in Trinity Memorial Park.

Mr. Lindsey died here Saturday afternoon. He lived at 202 Mesquite.

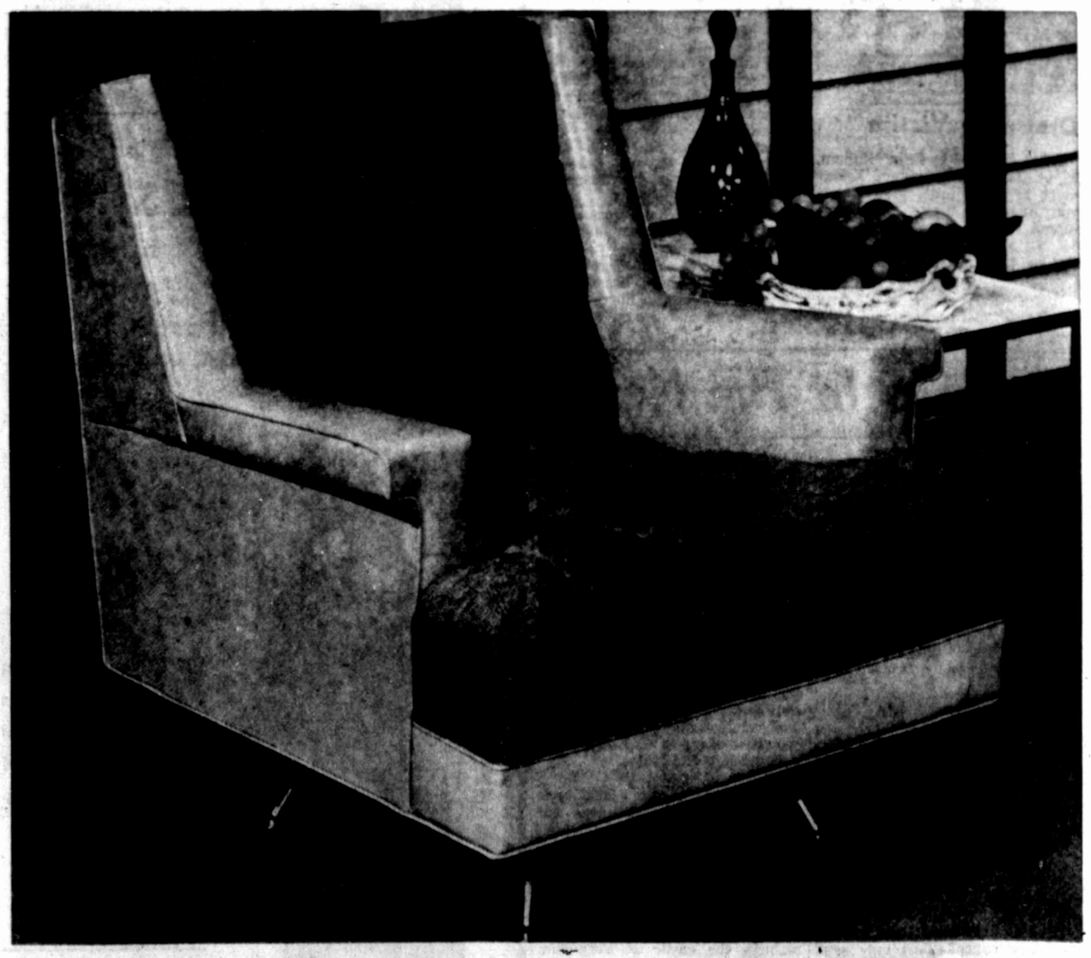

A Louisiana native, he came to Big Spring in 1936 from Forest, N.M. He was a retired farmer.

Mr. Lindsey is survived by three daughters: Mrs. J. W. Sparks and Mrs. Hattie Shipley, both of Big Spring, and Mrs. O. C. Page, Las Cruces; one son, J. W., of Big Spring; two sisters, Mrs. Willie McNeill and Mrs. Molly McNeill, both of Hennepin, Okla.; three brothers, Henry of Drum Wright, Okla., Earnest of Tulsa and Ben of Amarillo; eight grandchildren; and 10 great-grandchildren.

2 Bikes Stolen

Two bicycle thefts were reported to police Saturday.

Mrs. John Knox, 207 N. Nolan, made one of the reports. Mrs. E. C. Bell, 602 Caylor, told officers a bicycle was taken from Boydstun School.

Strike Right Note With Musical Instrument Gift

A gift of a musical instrument can be a key to "solo" or group enjoyment whether for a child, teen-ager or adult and is a present that is treasured long past the holidays!

Here are some pointers from the American Music Conference to start you on your way to select your gift of music!

A family gift? The instrument best suited for multi-purpose use by all members of the family is the piano or organ.

Spinet pianos with good tone and action, range from $500 to $2,000. Table model electric organs suitable for home use run to $4,000.

Instrument for a child? Easy-to-play instruments are popular with even the youngest children and are an excellent way to introduce them to the fun on music.

For the young fry the most popular are melody bells, xylophones, triangles, colorful drums and rhythm sticks. Give five, to seven-year-olds plastic flutes, harmonicas or ukeleles. These instruments are available for from $1 to $10.

A teen-ager's fun? Instruments that go where the fun goes — such as guitar, ukele, accordion, concertina or banjo — are most popular with teens. All of these fit in well with group song fests.

A new semi-accordion with limited range is being sold for about $40; the full 130-bass starts at about $250. Guitars may be purchased from $20 to $500; concertinas, $35-$400; banjos, $45-$300; ukeleles, $4-$75.

Gift for school? If you know a youngster who is interested in school bands or orchestras, a talk with the school instrumental instructor and a dealer will help you select a particular instrument. But the youngster's preference is most important.

School-quality instruments most often recommended are woodwinds in the $125 range and brasses in the $150 range. Violins begin at $50; cellos at $90; and bass viols at $250.

An adult hobby? The serious-minded, quiet person is usually a natural for the piano, violin, flute and classical guitar.

The gregarious, "life of the party" type may prefer a recreational instrument — guitar, ukelele, accordion!

For the fellows who's active in civic groups, a band instrument will put him in the swing of things whenever there's a hometown parade or community concert.

Grand Gift

Group sings take on new life and extra fun when someone strums the guitar. It's easy for beginners to master . . . makes a grand gift for young and old alike.

Fire Near Post Kills Child, 2

POST, Tex. (AP)—Jimmy Clay, 2, burned to death, and four members of a farm family were injured in a fire 12 miles southwest of here Friday.

The body was found in ashes just outside the ruins of his parents' four-room home.

A brother, Larry, 5, was in critical condition. Also burned, but less seriously, were the parents, Mr. and Mrs. Jim Clay, and a sister, Linday, 4.

The fire started when kerosene exploded.

Child's Photo Portrait A Welcome Gift

Portrait photographs make wonderful, personal gifts as warm and alive as a handshake and as welcome as a sprig of Christmas cheer on a blustery December day.

Children especially make stunning portraits, as they pass a new milestone each Christmas.

Here are some tips to remember when having the small fry photographed:

Be sure the child is well rested and fed. Hair should be simply styled and natural looking. Avoid the plastered down style for boys; too tight curls for little girls. Dress the child in snug-fitting clothes — perhaps last year's — so they will have a smooth line. Be sure they are neatly pressed; avoid ruffles or flounces that detract.

If the child has a favorite toy, take it along; it will help the child relax. Many photographers suggest that the best portrait can be made if the child is not told he is to have his picture taken until he arrives at the studio.

Although most photographers prefer to have mother or parents in the studio during the sitting, by all means let the photographer take the picture. He can get the best expression in a portrait when he wins the child's confidence.

Portraits

Gift for grandparents, or anyone especially fond of your children, is a portrait photograph of the youngsters at their very best! Handsomely framed, the photo becomes a home decoration piece.

5 Women Hurt As Car Hits Window

DALLAS (AP) —Five women were injured two seriously, when a car crashed through the plate glass front of a variety store Saturday.

Four were pinned by the car in the wreckage of display cases and counters for several minutes until they were freed.

Officials of McCrory's 5 & 10-cent store in Oak Cliff, estimated damage to their store at $25,000.

Banker Dies

WICHITA FALLS (AP) —C. E. McCutchen, 75, board chairman of the First National Bank, died early Saturday. He was a veteran of 53 years in the bank.

Trinity Pumping Hearing Recessed

AUSTIN (AP)—Houston and the Trinity River Authority are asking permission to pump more water from the Trinity than the stream carries during five months of the year, testimony indicated Friday.

Forney Fleming, a Houston engineer, made the admission as he testified before the State Board of Water Engineers.

Houston and TRA seek permits to build a 40 million dollar dam at Livingston and a 5 million dollar salt water barrier at Wallisville.

The hearing was recessed until Tuesday.

Fleming, questioned by Water Board Chairman Durwood Manford, agreed with computations showing the flow of the Trinity during the five dry months averages 107 acre feet per day between Livingston and Wallisville.

The Houston - TRA application calls for diversion of 240 acre feet per day at Wallisville — 133 feet more than the average flow.

The difference would have to be made up with water released from upstream.

. . . WHERE SERVICE AND DEPENDABILITY MAKE THE DIFFERENCE

DEAR ABBY

TIME'S A'WASTIN'

By Abigail Van Buren

DEAR ABBY: Please don't print my name because everyone in this town knows me. Now for my problem: I have been widowed many years. I've had numerous chances to remarry but I will not go out with just anybody who rings me up.

There is one very desirable professional man (retired) who has been inviting me out consistently. I am interested in him and he seems to enjoy my company. But he has one annoying habit that puzzles me: He keeps looking at his watch all evening!

Do you think this means he is eager to get the evening over with? Should I remark on this annoying habit of his? I wish I could figure him out.

PUZZLED

DEAR PUZZLED: Don't try to figure out what makes him tick, or you'll have lots of time on your hands.

* * *

DEAR ABBY: My mother and father have been married happily for 15 years, or at least I thought they were. My mother met a man recently. Every time I come home from school his car is in our driveway. She calls him on the telephone and he calls her when my father isn't home. Maybe it is only my imagination and maybe it is not even any of my business, but do you think I should ask my mother what it is all about?

WORRIED

DEAR WORRIED: It is certainly your business. Ask your mother.

* * *

DEAR ABBY: My husband is very sensitive because he can't ready very fast or very well. He was taught to read by sight, but when it comes to a new word, he can't sound it out. I've tried to help him, but I'm no teacher.

He won't go to church because he's afraid he might be called upon to read aloud.

His boss told him that if he took some schooling at work (they have courses to teach the employes more about their work) his chances for promotion would be excellent. But he is ashamed to let anyone know how poorly he reads. Any suggestions would be very much appreciated.

HIW WIFE

DEAR WIFE: There is no shame in not knowing. Only in refusing to learn. Find out if your Public School system offers adult education courses. Almost all communities have evening classes for adults who wish to learn elementary reading, writing and 'rithmetic.

* * *

CONFIDENTIAL TO THE PROFESSOR: I disagree. Civilization IS making progress. In every war, they kill you a new way.

* * *

What's your problem? For a personal reply, write to ABBY, care of the Big Spring Herald. Enclose a stamped, self-addressed envelope.

Band Boosters Meet On Monday At High School

Entertainment, refreshments and various reports are on the docket for the Monday meeting of the Big Spring Band Boosters Association.

The organization will meet in the band room of the high school at 8 p.m.

All parents of band members of the three schools are urged to attend. The association includes parents of band members at the high school, Runnels and Goliad junior high schools.

A report on the fruit cake sale is expected as well as a report on the Odessa trip by the band Saturday.

Aloof Turkey Excited By Ike's Visit

By WEBB McKINLEY

ANKARA, Turkey (AP) — Turkey anticipates the visit of President Eisenhower with an excitement unusual for this silent and often aloof land.

Signs are popping up in strange places—"Turks like Ike too."

In peasant villages almost lost on the desolate plateau of Asia Minor, in sophisticated, cynical Istanbul, evidence of interest runs high.

"Our people seem to have a tremendous personal feeling about your President," a high ranking Turkish official said. "We have had applications from all parts of Turkey to come here to see him. Thousands of them. It's amazing."

During his 17 hour visit Sunday and Monday President Eisenhower will see only the capital of this NATO ally of 25 million people, larger in area than Texas and as contrasting as Montana and Florida.

He will not see the teeming crossroads of Istanbul, the riviera of Turkey's south coast, or the bleak mountains where Turkish soldiers stand guard along the Soviet border.

But in Ankara he will see a capital that reflects Turkey itself —ambitious, unfinished, hardy and poor, born in the East and striving toward the West.

Turkey is too large and rural a country to be defined by a city, but Ankara does it better than any other.

Here Eisenhower will be greeted by leaders he already has met, President Celal Bayar, Premier Adnan Menderes and Foreign Minister Fatin Rushtu Zorlu. Like virtually all Turks in public life, these men have thrown their support behind Western and American policy. There are no stronger advocates than they of the Atlantic Pact and such regional defense groups as the Central Treaty Organization (CENTO).

225 Members In Stanton C Of C

STANTON — Martin County Chamber of Commerce is expected to have more than 225 members when the present membership drive ends Dec. 15.

Chamber officials said this week that 10 new members had joined in November and a total of 20 have been gained since the present drive started.

Current membership now stands at 219.

Boyett Named Stanton Chief

STANTON—Former night patrolman Dennis Boyett is the new Stanton Chief of Police, by unanimous consent.

City Council announced the appointment after their meeting Tuesday night. Boyett succeeds the late L. C. Waits who died three months ago.

Boyett was successful candidate among six applicants for the post. He had been night patrolman for four months and formerly served with the city force in Magnolia, Ark.

Jake Bruton had been acting chief since the death of Mr. Waits. He was not an applicant for the position.

New Grid Jackets

STANTON—High school footballers now have their new jackets for the season.

Forty boys will be wearing the new silver-grey leather jackets with red letters.

COYOTES USE BREAKS TO FLATTEN EAGLES

WICHITA FALLS (AP) — Defending Class AAAA champion Wichita Falls took the breaks and powered its way to a 26-12 quarterfinal victory over Abilene here Saturday.

Abilene opened the scoring when Wylie Newman, husky fullback, smashed over from the 1-yard line to make the score 6-0 in the opening minutes.

Abilene scored again in the second quarter on an 81-yard drive climaxed by Newman's second one-yard smash through the line. Again the try for extra point was no good.

Wichita Falls roared back to get in the scoring column, when tailback Dicky Turner pitched a 49-yard pass to wingback Travis Reagan for the score.

Abilene had the ball on the Wichita Falls 1-yard line with first down as the half ended after Charles McCook had passed 32 yards to halfback Bobby Austin. Reagan tackled Austin just short of the goal line to keep the score at 12-6 as the half ended.

The Coyotes intercepted an Abilene pass on the Eagle 19-yard line in the third period. And then on an 11-yard pass from Turner to Reagan tied the score at 12-12 and went ahead on Joe Watkins conversion kick, 13-12.

An Eagle fumble on their own 43-line set up the next score. The Coyotes recovered and scored in two plays when Turner unreeled a 20-yard scamper for the score. Again the extra-point try was no good and Wichita Falls led 19-12.

Abilene again fumbled one play after the kickoff and the Coyotes recovered on the Eagle 5-yard stripe. In two plays, fullback Ray Shields scored from the one and Watkins kicked the extra point to make the final score 26-12.

Turner was the outstanding star of the game, gaining 117 yards in 28 carries, throwing two touchdown passes, and scoring once himself.

Reagan, who has scored 27 touchdowns this season, was also outstanding.

Wichita Falls meets Fort Worth Carter-Riverside in a semifinal game next week end at a place and site to be determined.

LOOKING 'EM OVER

With Tommy Hart

Russell Fravel of Ohio, who has expressed interest in the high school football coaching job here, in four years as a high school mentor in that state, guided his teams to a 28-6 won-lost record . . . He was mentor at two schools (Risingsun and Montgomery Local) and gave the latter its first championship since it began playing 11-man ball . . . His contingents never lost a conference game — his losses were to opponents representing larger schools in non-conference jousts . . . One season, his team was unscored on in district competition . . . His players invariably have received offers from most of the talent-seeking colleges in the area . . . Fravel is still in his 20's . . . He's a native of Sunbury, Ohio, and is a graduate of football-mad Ohio State University . . . Fravel, by reputation, relies on strict training regimen, with emphasis on fundamentals in building his teams . . . Others who have said they were interested in the local job included Hank Watkins, the personable assistant coach at the University of Houston, and Dan Anderegg, Crane's very successful coach, although neither has filed a formal application, so far as is known . . . Watkins is Chuck Moser's former aide at Abilene High . . . Anderegg graduated from the University of Oklahoma . . . Southern California is on the comeback trail in football and would have wound up in the Rose Bowl had not it been on the NCAA's probationary list, but the Trojans haven't been a ball of fire at the gate . . . They averaged 48,000 in Los Angeles but out there they hope for 60,000 each Saturday . . . The pro gridders, no doubt, have hurt in Southern California and the same thing would doubtlessly apply in Dallas and Houston, when the play-for-pay gridders move into the two areas . . . Athletic directors of Southwest Conference schools resent the intrusion of the pros, although you couldn't get any of them to admit it . . .

Leo Price's Brother Is Acclaimed

Leo Price, the freshman basketball player on the HCJC team, is a brother to Billy Joe Price, the 6-feet-8 lad who is being boosted for All-America honors by New Mexico State University officials . . . Billy Joe averaged 19 points a game for the Aggies last year . . . The two boys are sons of A. B. Price, a farmer near Oakwood, Tex. . . Billy Joe plans to coach when he graduates . . . Harold V. Ratliff, esteemed AP sports editor, says he plans to cover the National Junior College track and meet here next May, if his schedule permits . . . An assistant coach at a Southwest Conference school called Putt Powell, the Amarillo writer, recently to ask about the head post at West Texas State College . . . Putt told him about the Big Spring job and what it might pay . . . The SWC mentor wanted to know if Big Spring was in the same district with Abilene, Odessa, San Angelo and Midland . . .Told that it was, the mentor replied: "Coaching Big Spring in that district would be like having an operation without an anesthetic" . . . Powell, incidentally, says Lubbock Monterey should field a powerful football team next year . . . Don't be surprised if Big Spring and Colorado City start playing each other again in football within the near future . . . The Wolves would replace Lamesa on the locals' schedule . . . Red Lewis, the HCJC track coach, put a weight on one leg of his star sprinter, Maurice Burnett, and ran him 300 yards recently . . . Burnett was clocked in 34 seconds . . . Lewis says he thinks Burnett may develop as the finest sprinter this area ever saw . . . Roger McQueary, a 6-1 transfer from Tarleton, will be a starter on this year's varsity basketball team at Rice Institute . . . More and more senior college coaches, especially in the Southwest Conference, are beginning to see the wisdom in taking junior college transfers . . . A few years ago, they avoided them like the plague, for some reason.

• •

Look For Wolves To Improve On Court

Look for Caddo Matthews, the new basketball coach at Colorado City High School, to have a fine team before very long . . . Matthews has a splendid reputation for building cage teams, where ever he's been. . . . The Wolves looked promising here the other night, even though they lost to Big Spring, 59-43. . . They showed a Matthews trademark in making the Steers foul and they worked the ball reasonably well . . . As a matter of fact, they could do every thing but shoot, and time and practice is certain to improve that phase of their game . . . Matthews formerly was at Morris and Gruver High Schools and also coached the Wayland Baptist College girls' team at one time . . . He's a part-time preacher . . . The baseball park in San Francisco hasn't yet been completed, even though the contractors promised to have it far enough to use for the last World Serie, in event the Giants had qualified for the post-season classic . . . The city, the contractors and the architects are still squabbling . . . Some skeptics are afraid the bickering will continue indefinitely and the park won't be ready for the 1960 campaign . . . Incidentally, Willie Mays star outfielder of the Giants, moved back to New York not because of racial bias but due to the fact that his wife, a very controversial person, dislikes the Bay Area very much . . . Al Milch, the former head coach of the Big Spring Steers, was told upon a recent trip to Houston that Wayne Fields, the freshman from Our Town, came along fast in the final three football games for the University of Houston and is being counted upon for service with next year's varsity contingent . . . Fields almost quit the school shortly after the fall semester began and the indecision hurt him for a time. . . The latest odds on the bowl games quote Syracuse as an eight-point favorite over Texas in the Cotton Bowl, Wisconsin 6½ over Washington in the Rose Bowl, and Mississippi 6½ over LSU in the Sugar Bowl.

78-Yard Dash Aids Stamford

SNYDER, Tex. (AP) — Ronnie Gerloff ran 78 yards for a touchdown in the first four minutes and Stamford went on to a nerve-wracking 14-0 triumph over Denver City Saturday in the Class AA schoolboy football quarterfinals.

Late in the second period Stamford scored again when Tom Lovvorn climaxed a 49-yard drive by pounding over from the nine.

But the second half belonged to Denver City, which controlled the ball most of the time. Once Denver City pounded to the 1-yard line and Bert Gravitt plunged across only to fumble the ball in the end zone. Stamford recovered for a touchback. Another time Denver City pushed to the Stamford 5-yard line before being stopped.

A crowd of 5,000 watched Stamford roll up 259 yards on the ground to 104 for Denver City but get only 18 in the air compared to 60.

Gerloff led Stamford's smashing ground game with 127 yards on 13 carries. Gravitt paced Denver City with 73 yards on 16.

Stamford, undefeated, untied defending champion of Class AA, meets Olney in the semi-finals next week.

Daily Double Is Worth $762.30

ANAPRA, N.M. (AP) — The daily double of Ark-Ky-Tex and Trusting Agel returned $762.30 for a $2 ticket Saturday at Sunland Park.

Arracado, owned by Frank and Walden Haynes of Pampa, Tex., won a half length victory in the featured race and paid $8.00, $3.10 and $2.40. Theba Kid was second at $2.70 and $2.30, and Lovin Kid paid $3.00 for show.

Time for the six furlong feature was 1:10.

The Quineila of Baycho and Crystal Signal paid $22.00.

An estimated 5,600 fans wagered $162,839.

Spikes And Doke Win Grid Awards

HOUSTON (AP) — Fullback Jack Spikes of TCU and guard Maurice Doke of Texas won the 1959 Houston Post football trophies.

The Snyder youth that Coach Abe Martin of the Frogs calls "the best fullback I ever coached" and the Wichita Falls scholar who switched from end to guard and helped make Texas a tri-champion of the Southwest Conference polled seven of a possible nine votes in the annual poll.

Goodwin Named Top Frosh Back

WACO (AP)—Ronnie Goodwin of Baylor and George Hogan of Texas A&M were named best back and lineman respectively on the Southwest Conference all-freshman team announced Saturday by the Waco Tribune-Herald.

The team was selected by six freshman coaches in the conference, excluding players from Arkansas and Texas Tech. Those schools did not compete against the other conference members.

Goodwin, a 170-pound halfback from Odessa, won over TCU halfback Donny Smith and Texas fullback Pat Culpepper in the "best back" voting. Hogan, the 235-pound tackle from Longview, had competition from Texas center Ken Ferguson, TCU tackle Rudy Matthews and Rice end Gene Raesz.

Baylor placed four players on the first team, landing Goodwin, center Butch Maples, end Carl Choate and guard Robert Burk.

TCU placed three — Smith, Matthews and end Lynn Morrison.

Texas, which won the unofficial freshman race by a half game over Baylor, placed only one player, Culpepper, on the first team but had four second-team choices.

All teams but SMU were represented on the first team. Texas A&M placed Hogan and guard James Phillips while Rice added a surprising two players—guard Johnny Nichols and quarterback Randall Kerbow.

Big O Gets 43 As Cincy Wins

CINCINNATI (AP) — With the part-time help of Oscar Robertson and his 43 points, Cincinnati had it easy Saturday night trouncing Marshall, 102-61.

Breck Bucs Rip Andrews To Advance In Playoffs

ANDREWS, Tex. (AP)—Defending State champion Breckenridge put on a 3-touchdown splurge in the final period Saturday to beat Andrews 32-6 and advance to the semi-finals of the Class AAA schoolboy football race.

The Buckaroos scored in the second period on a 58-yard pass play from Jerry Gibson to Billy West with Gibson running over the conversion.

The game rocked on like that until the final period when Breckenridge began to move once more. First it scored a touchdown on a 61-yard drive in 14 plays with Dickie Rogers making the last yard and running across the two extra points.

Billy West intercepted a pass on the Andrews 41 to set up the next touchdown made in six plays, with Gibson going across from the one. West ran over the conversion.

Next Travis Gandy ran 13 yards to cross the Andrews goal line but fumbled and tackle Eddie Clark recovered in the end zone for the final Breckenridge touchdown.

Doug Jeffreys passed to Dudley Mitchell for five yards and the Andrews score late in the game.

A crowd of 7,500 saw the contest.

Corpus Ray Bombs Edison, 42 To 0

CORPUS CHRISTI (AP) — Corpus Christi Ray scored on the first play from scrimmage and went on to a 42-0 crushing of San Antonio Edison Saturday to reach the semi-finals of Class AAAA schoolboy football.

A chilled throng of 15,000 watched as the Texans slammed Edison around and held its backs to a minus 40 yards rushing, four first downs and 31 yards passing.

Johnny Williams, a native of Guam, put the Bears into a tailspin on the fifth play of the game and Ray's first offensive try by slashing 43 yards to a touchdown.

Max Derden led the Texan assault by throwing touchdown passes of 38, 20 and 9 yards. Steve Christian scored the other touchdown on a 3-yard plunge and the Texans added a safety in the fourth period.

Ray made four other apparent touchdowns that were nullified by penalties.

Ray ran up a 22-0 lead in the first quarter, then turned the chores over to reserves.

DON'T GUESS, HUNTERS TOLD

AUSTIN (AP) — A good rule of thumb for hunters is : "If yoo're not positive it's game, don't sqheeze the trigger," says Howard Dodgen, executive secretary of the State Game and Fish Commission.

"Guessing and hunting, like drinking and driving, don't mix," Dodgen said Saturday in a safety reminder for hunters.

Dodgen said this year's hunting accident rate has been "reasonably low, considering the number of hunters going into the field each day."

Seminole Decisions Bovines In Finals

SEMINOLE (SC) — Seminole caught fire in the final quarter to defeat the Big Spring Steers, 67-54, in the finals of the Seminole Invitational Basketball Tournament here Saturday night.

The Steers played a torrid third period and led at the end of that round, 38-37, but two or their regulars, Bobby Evans and Homer Mills, fouled out shortly after that.

Mills emerged as the Steers' high scorer before he left, hitting for 18 points.

The Steers played a superior game on the boards, with the LeFevre twins, Jay and Zay, and Mills showing to particular advantage.

Glenn Huggins of Seminole led all scorers with 23 points. He hit eight buckets during the game and added seven free tosses.

No all-tournament team was selected.

The Steers play Kermit there Monday night and visit Colorado City the following night.

The loss was the first of the season for Big Spring, compared to four victories.

In Friday's game, the Steers played their finest game of the season in belting out Hereford, 61-45.

Hereford forged all the way to the state finals in Class AAA last season.

Bobby Evans found the scoring range for Big Spring and responded with 10 points. Zay LeFevre led the Big Springers with 16 points and was good on the boards. Homer Mills tossed in 14 points for the Herd.

The victory was the fourth in a row for the Big Spring club. Thomas Coffman and Fred Mulkey each had 12 points for the Whitefaces.

Only six fouls were called against Hereford and the Steers made only three free throws, so they had to win it from the field. A dozen infractions were charged against Big Spring.

Seminole beat Lubbock Monterey in the other game, 66-60.

Championship game:

BIG SPRING (54)	FG	FT	PF	TP

SHADE HOST TEAM

Hawks Win Fourth Place At Temple

TEMPLE (SC) — Howard County Junior College won fourth place in the annual Temple JC Tournament by defeating the host team here Saturday night, 71-62.

The Hawks led Temple by as much as 20 points late in the game, after which coach Buddy Travis let his reserves take over.

Tom Garrison scored 22 points for the Hawks and played a fine game on the boards. Harold Henson tossed in 13 points for the Big Springers while Larry Cruise had 11 and Bob Shirey and Jimmy Evans eight each.

Jack Thompson was top scorer for Temple, with 18 points.

South Texas won the tournament, beating Panola in the finals. Odessa was the third place winner over Navarro.

Harold Henson of the Hawks was named to the first all-tournament team, along with Vernon Hogue, Navarro; Harold Strather, South Texas; Bill McKelly, Panola; and Charles Powell, Panola.

Second team selections were Tom Garrison, HCJC; Tommy McMorris, Odessa; Buddy Burrows, Wharton; John Wedeking, South Texas; and Thompson of Temple.

The Hawks were due to arrive in Big Spring about 4 o'clock this afternoon. They play San Angelo College in Big Spring Tuesday night.

HCJC's B team opposes Reese AFB of Lubbock in the 6:15 p.m. opener.

In Friday's game, HCJC cut down on its fouls and raced past Wharton, 64-43, after leading by 29-28.

In that one, the Hawks hit 31 per cent of their shots from the field in the first half and raised the figure to 43 per cent in the final 20 minutes.

Harold Henson paced the Hawks in scoring with 19 points while Tom Garrison had 15 and Larry Cruise 11.

For Wharton, Buddy Burrows was the only player to hit in double figures. He scored 12.

Fourth place game:

HCJC (71)—Cruise 5-1-11; Henson 5-3-13; Garrison 8-6-22; Shirey 4-0-8; Evans 4-0-8; Edwards 0-1-1; Clearman 1-0-3; Day 1-0-2; Weaks 1-0-2; Knotts 1-0-2. Totals 30-11-71.

TEMPLE (62) — Thompson 6-6-18; Stiba 2-1-5; Zelaski 5-2-12; Elliott 2-0-4; Kral 6-1-13; Englke 5-0-10. Totals 26-10-62. Half time score—HCJC 35, Temple 21.

HCJC (64) — Larry Cruise 5-1-11; Harold Henson 7-5-19; Tom Garrison 5-5-15; Bob Shirey 3-0-4; Jimmy Evans 1-4-6; Joe Cook 1-0-2; Bill Edwards 2-1-5; Preston Hollis 1-0-2. Totals 24-16-64.

WHARTON (43) — Jimmy Smith 1-3-5; George Bacacissi 3-2-8; Al Duncan 3-2-8; Buddy Burrows 6-0-12; DeWayne Loveiace 1-2-4; Marvin Steve 3-0-6. Totals 17-8-43.

Half time score—HCJC 29, Wharton 28.

Goggin And Dutra In Tie For Lead

PALM SPRINGS, Calif. (AP)—Defending champion Willie Goggin fought desert winds and a cold putter Saturday but managed to tie Olin Dutra for the lead in the $20,000 Senior Open Golf Tournament.

Goggin, of San Jose, Calif., fired a 2-over-par 34-40 — 74 to wind up with a 54-hole total of 214. Dutra, of Rialto, Calif., carded a 38-37—75.

Goggin was two under par after the first nine at Bermuda Dunes Country Club but missed several putts on the back nine.

Jack Isaacs of Hampton, Va., shot a 74 and took over third place with 218.

The winner of the $2,000 first prize will be determined Sunday.

Bobcats Win, 35-33

SAN ANGELO (SC) — The San Angelo Bobcats nudged the Ysleta Indians, 35-33, in a basketball game played here Friday night.

DEAR ABBY

TIME'S A'WASTIN'

By Abigail Van Buren

DEAR ABBY: Please don't print my name because everyone in this town knows me. Now for my problem: I have been widowed many years. I've had numerous chances to remarry but I will not go out with just anybody who rings me up.

There is one very desirable professional man (retired) who has been inviting me out consistently. I am interested in him and he seems to enjoy my company. But he has one annoying habit that puzzles me: He keeps looking at his watch all evening!

Do you think this means he is eager to get the evening over with? Should I remark on this annoying habit of his? I wish I could figure him out.

PUZZLED

DEAR PUZZLED: Don't try to figure out what makes him tick, or you'll have lots of time on your hands.

* * *

DEAR ABBY: My mother and father have been married happily for 15 years, or at least I thought they were. My mother met a man recently. Every time I come home from school his car is in our driveway. She calls him on the telephone and he calls her when my father isn't home. Maybe it is only my imagination and maybe it is not even any of my business, but do you think I should ask my mother what it is all about?

WORRIED

DEAR WORRIED: It is certainly your business. Ask your mother.

* * *

DEAR ABBY: My husband is very sensitive because he can't ready very fast or very well. He was taught to read by sight, but when it comes to a new word, he can't sound it out. I've tried to help him, but I'm no teacher.

He won't go to church because he's afraid he might be called upon to read aloud.

His boss told him that if he took some schooling at work (they have courses to teach the employes more about their work) his chances for promotion would be excellent. But he is ashamed to let anyone know how poorly he reads. Any suggestions would be very much appreciated.

HIW WIFE

DEAR WIFE: There is no shame in not knowing. Only in refusing to learn. Find out if your Public School system offers adult education courses. Almost all communities have evening classes for adults who wish to learn elementary reading, writing and 'rithmetic.

* * *

CONFIDENTIAL TO THE PROFESSOR: I disagree. Civilization IS making progress. In every war, they kill you a new way.

* * *

What's your problem? For a personal reply, write to ABBY, care of the Big Spring Herald. Enclose a stamped, self-addressed envelope.

Band Boosters Meet On Monday At High School

Entertainment, refreshments and various reports are on the docket for the Monday meeting of the Big Spring Band Boosters Association.

The organization will meet in the band room of the high school at 8 p.m.

All parents of band members of the three schools are urged to attend. The association includes parents of band members at the high school, Runnels and Goliad junior high schools.

A report on the fruit cake sale is expected as well as a report on the Odessa trip by the band Saturday.

Aloof Turkey Excited By Ike's Visit

By WEBB McKINLEY

ANKARA, Turkey (AP) — Turkey anticipates the visit of President Eisenhower with an excitement unusual for this silent and often aloof land.

Signs are popping up in strange places—"Turks like Ike too."

In peasant villages almost lost on the desolate plateau of Asia Minor, in sophisticated, cynical Istanbul, evidence of interest runs high.

"Our people seem to have a tremendous personal feeling about your President," a high ranking Turkish official said. "We have had applications from all parts of Turkey to come here to see him. Thousands of them. It's amazing."

During his 17 hour visit Sunday and Monday President Eisenhower will see only the capital of this NATO ally of 25 million people, larger in area than Texas and as contrasting as Montana and Florida.

He will not see the teeming crossroads of Istanbul, the riviera of Turkey's south coast, or the bleak mountains where Turkish soldiers stand guard along the Soviet border.

But in Ankara he will see a capital that reflects Turkey itself —ambitious, unfinished, hardy and poor, born in the East and striving toward the West.

Turkey is too large and rural a country to be defined by a city, but Ankara does it better than any other.

Here Eisenhower will be greeted by leaders he already has met, President Celal Bayar, Premier Adnan Menderes and Foreign Minister Fatin Rushtu Zorlu. Like virtually all Turks in public life, these men have thrown their support behind Western and American policy. There are no stronger advocates than they of the Atlantic Pact and such regional defense groups as the Central Treaty Organization (CENTO).

225 Members In Stanton C Of C

STANTON — Martin County Chamber of Commerce is expected to have more than 225 members when the present membership drive ends Dec. 15.

Chamber officials said this week that 10 new members had joined in November and a total of 20 have been gained since the present drive started.

Current membership now stands at 219.

Boyett Named Stanton Chief

STANTON—Former night patrolman Dennis Boyett is the new Stanton Chief of Police, by unanimous consent.

City Council announced the appointment after their meeting Tuesday night. Boyett succeeds the late L. C. Waits who died three months ago.

Boyett was successful candidate among six applicants for the post. He had been night patrolman for four months and formerly served with the city force in Magnolia, Ark.

Jake Bruton had been acting chief since the death of Mr. Waits. He was not an applicant for the position.

New Grid Jackets

STANTON—High school footballers now have their new jackets for the season.

Forty boys will be wearing the new silver-grey leather jackets with red letters.

COYOTES USE BREAKS TO FLATTEN EAGLES

WICHITA FALLS (AP) — Defending Class AAAA champion Wichita Falls took the breaks and powered its way to a 26-12 quarterfinal victory over Abilene here Saturday.

Abilene opened the scoring when Wylie Newman, husky fullback, smashed over from the 1-yard line to make the score 6-0 in the opening minutes.

Abilene scored again in the second quarter on an 81-yard drive climaxed by Newman's second one-yard smash through the line. Again the try for extra point was no good.

Wichita Falls roared back to get in the scoring column, when tailback Dicky Turner pitched a 49-yard pass to wingback Travis Reagan for the score.

Abilene had the ball on the Wichita Falls 1-yard line with first down as the half ended after Charles McCook had passed 32 yards to halfback Bobby Austin. Reagan tackled Austin just short of the goal line to keep the score at 12-6 as the half ended.

The Coyotes intercepted an Abilene pass on the Eagle 19-yard line in the third period. And then on an 11-yard pass from Turner to Reagan tied the score at 12-12 and went ahead on Joe Watkins conversion kick, 13-12.

An Eagle fumble on their own 43-line set up the next score. The Coyotes recovered and scored in two plays when Turner unreeled a 20-yard scamper for the score. Again the extra-point try was no good and Wichita Falls led 19-12.

Abilene again fumbled one play after the kickoff and the Coyotes recovered on the Eagle 5-yard stripe. In two plays, fullback Ray Shields scored from the one and Watkins kicked the extra point to make the final score 26-12.

Turner was the outstanding star of the game, gaining 117 yards in 28 carries, throwing two touchdown passes, and scoring once himself.

Reagan, who has scored 27 touchdowns this season, was also outstanding.

Wichita Falls meets Fort Worth Carter-Riverside in a semifinal game next week end at a place and site to be determined.

LOOKING 'EM OVER

With Tommy Hart

Russell Fravel of Ohio, who has expressed interest in the high school football coaching job here, in four years as a high school mentor in that state, guided his teams to a 28-6 won-lost record . . . He was mentor at two schools (Risingsun and Montgomery Local) and gave the latter its first championship since it began playing 11-man ball . . . His contingents never lost a conference game — his losses were to opponents representing larger schools in non-conference jousts . . . One season, his team was unscored on in district competition . . . His players invariably have received offers from most of the talent-seeking colleges in the area . . . Fravel is still in his 20's . . . He's a native of Sunbury, Ohio, and is a graduate of football-mad Ohio State University . . . Fravel, by reputation, relies on strict training regimen, with emphasis on fundamentals in building his teams . . . Others who have said they were interested in the local job included Hank Watkins, the personable assistant coach at the University of Houston, and Dan Anderegg, Crane's very successful coach, although neither has filed a formal application, so far as is known . . . Watkins is Chuck Moser's former aide at Abilene High . . . Anderegg graduated from the University of Oklahoma . . . Southern California is on the comeback trail in football and would have wound up in the Rose Bowl had not it been on the NCAA's probationary list, but the Trojans haven't been a ball of fire at the gate . . . They averaged 48,000 in Los Angeles but out there they hope for 60,000 each Saturday . . . The pro gridders, no doubt, have hurt in Southern California and the same thing would doubtlessly apply in Dallas and Houston, when the play-for-pay gridders move into the two areas . . . Athletic directors of Southwest Conference schools resent the intrusion of the pros, although you couldn't get any of them to admit it . . .

WILLIE MAYS

Leo Price's Brother Is Acclaimed

Leo Price, the freshman basketball player on the HCJC team, is a brother to Billy Joe Price, the 6-feet-8 lad who is being boosted for All-America honors by New Mexico State University officials . . . Billy Joe averaged 19 points a game for the Aggies last year . . . The two boys are sons of A. B. Price, a farmer near Oakwood, Tex. . . Billy Joe plans to coach when he graduates . . . Harold V. Ratliff, esteemed AP sports editor, says he plans to cover the National Junior College track and meet here next May, if his schedule permits . . . An assistant coach at a Southwest Conference school called Putt Powell, the Amarillo writer, recently to ask about the head post at West Texas State College . . . Putt told him about the Big Spring job and what if might pay . . . The SWC mentor wanted to know if Big Spring was in the same district with Abilene, Odessa, San Angelo and Midland . . .Told that it was, the mentor replied: "Coaching Big Spring in that district would be like having an operation without an anesthetic" . .. Powell, incidentally, says Lubbock Monterey should field a powerful football team next year . . . Don't be surprised if Big Spring and Colorado City start playing each other again in football within the near future . . . The Wolves would replace Lamesa on the locals' schedule . . . Red Lewis, the HCJC track coach, put a weight on one leg of his star sprinter, Maurice Burnett, and ran him 300 yards recently . . . Burnett was clocked in 34 seconds . . . Lewis says he thinks Burnett may develop as the finest sprinter this area ever saw . . . Roger McQueary, a 6-1 transfer from Tarleton, will be a starter on this year's varsity basketball team at Rice Institute . . . More and more senior college coaches, especially in the Southwest Conference, are beginning to see the wisdom in taking junior college transfers . . . A few years ago, they avoided them like the plague, for some reason.

• •

Look For Wolves To Improve On Court

Look for Caddo Matthews, the new basketball coach at Colorado City High School, to have a fine team before very long . . . Matthews has a splendid reputation for building cage teams, where ever he's been. . . . The Wolves looked promising here the other night, even though they lost to Big Spring, 59-43. . . They showed a Matthews trademark in making the Steers foul and they worked the ball reasonably well . . . As a matter of fact, they could do every thing but shoot, and time and practice is certain to improve that phase of their game . . . Matthews formerly was at Morris and Gruver High Schools and also coached the Wayland Baptist College girls' team at one time . . . He's a part-time preacher . . . The baseball park in San Francisco hasn't yet been completed, even though the contractors promised to have it far enough to use for the last World Serie, in event the Giants had qualified for the post-season classic . . . The city, the contractors and the architects are still squabbling . . . Some skeptics are afraid the bickering will continue indefinitely and the park won't be ready for the 1960 campaign . . . Incidentally, Willie Mays star outfielder of the Giants, moved back to New York not because of racial bias but due to the fact that his wife, a very controversial person, dislikes the Bay Area very much . . . Al Milch, the former head coach of the Big Spring Steers, was told upon a recent trip to Houston that Wayne Fields, the freshman from Our Town, came along fast in the final three football games for the University of Houston and is being counted upon for service with next year's varsity contingent . . . Fields almost quit the school shortly after the fall semester began and the indecision hurt him for a time. . . The latest odds on the bowl games quote Syracuse as an eight-point favorite over Texas in the Cotton Bowl, Wisconsin 6½ over Washington in the Rose Bowl, and Mississippi 6½ over LSU in the Sugar Bowl.

78-Yard Dash Aids Stamford

SNYDER, Tex. (AP) — Ronnie Gerloff ran 78 yards for a touchdown in the first four minutes and Stamford went on to a nerve-wracking 14-0 triumph over Denver City Saturday in the Class AA schoolboy football quarterfinals.

Late in the second period Stamford scored again when Tom Lovvorn climaxed a 49-yard drive by pounding over from the nine.

But the second half belonged to Denver City, which controlled the ball most of the time. Once Denver City pounded to the 1-yard line and Bert Gravitt plunged across only to fumble the ball in the end zone. Stamford recovered for a touchback. Another time Denver City pushed to the Stamford 5-yard line before being stopped.

A crowd of 5,000 watched Stamford roll up 259 yards on the ground to 104 for Denver City but get only 18 in the air compared to 60.

Gerloff led Stamford's smashing ground game with 127 yards on 13 carries. Gravitt paced Denver City with 73 yards on 16.

Stamford, undefeated, untied defending champion of Class AA, meets Olney in the semi-finals next week.

Daily Double Is Worth $762.30

ANAPRA, N.M. (AP) — The daily double of Ark-Ky-Tex and Trusting Agel returned $762.30 for a $2 ticket Saturday at Sunland Park.

Arracado, owned by Frank and Walden Haynes of Pampa, Tex., won a half length victory in the featured race and paid $8.00, $3.10 and $2.40. Theba Kid was second at $2.70 and $2.30, and Lovin Kid paid $3.00 for show.

Time for the six furlong feature was 1:10.

The Quineila of Baycho and Crystal Signal paid $22.00.

An estimated 5,600 fans wagered $162,839.

Spikes And Doke Win Grid Awards

HOUSTON (AP) — Fullback Jack Spikes of TCU and guard Maurice Doke of Texas won the 1959 Houston Post football trophies.

The Snyder youth that Coach Abe Martin of the Frogs calls "the best fullback I ever coached" and the Wichita Falls scholar who switched from end to guard and helped make Texas a tri-champion of the Southwest Conference polled seven of a possible nine votes in the annual poll.

Goodwin Named Top Frosh Back

WACO (AP)—Ronnie Goodwin of Baylor and George Hogan of Texas A&M were named best back and lineman respectively on the Southwest Conference all-freshman team announced Saturday by the Waco Tribune-Herald.

The team was selected by six freshman coaches in the conference, excluding players from Arkansas and Texas Tech. Those schools did not compete against the other conference members.

Goodwin, a 170-pound halfback from Odessa, won over TCU halfback Donny Smith and Texas fullback Pat Culpepper in the "best back" voting. Hogan, the 235-pound tackle from Longview, had competition from Texas center Ken Ferguson, TCU tackle Rudy Matthews and Rice end Gene Raesz.

Baylor placed four players on the first team, landing Goodwin, center Butch Maples, end Carl Choate and guard Robert Burk.

TCU placed three — Smith, Matthews and end Lynn Morrison.

Texas, which won the unofficial freshman race by a half game over Baylor, placed only one player, Culpepper, on the first team but had four second-team choices.

All teams but SMU were represented on the first team. Texas A&M placed Hogan and guard James Phillips while Rice added a surprising two players—guard Johnny Nichols and quarterback Randall Kerbow.

Big O Gets 43 As Cincy Wins

CINCINNATI (AP) — With the part-time help of Oscar Robertson and his 43 points, Cincinnati had it easy Saturday night trouncing Marshall, 102-61.

Breck Bucs Rip Andrews To Advance In Playoffs

ANDREWS, Tex. (AP)—Defending State champion Breckenridge put on a 3-touchdown splurge in the final period Saturday to beat Andrews 32-6 and advance to the semi-finals of the Class AAA schoolboy football race.

The Buckaroos scored in the second period on a 58-yard pass play from Jerry Gibson to Billy West with Gibson running over the conversion.

The game rocked on like that until the final period when Breckenridge began to move once more. First it scored a touchdown on a 61-yard drive in 14 plays with Dickie Rogers making the last yard and running across the two extra points.

Billy West intercepted a pass on the Andrews 41 to set up the next touchdown made in six plays, with Gibson going across from the one. West ran over the conversion.

Next Travis Gandy ran 13 yards to cross the Andrews goal line but fumbled and tackle Eddie Clark recovered in the end zone for the final Breckenridge touchdown.

Doug Jeffreys passed to Dudley Mitchell for five yards and the Andrews score late in the game.

A crowd of 7,500 saw the contest.

Corpus Ray Bombs Edison, 42 To 0

CORPUS CHRISTI (AP) — Corpus Christi Ray scored on the first play from scrimmage and went on to a 42-0 crushing of San Antonio Edison Saturday to reach the semi-finals of Class AAAA schoolboy football.

A chilled throng of 15,000 watched as the Texans slammed Edison around and held its backs to a minus 40 yards rushing, four first downs and 31 yards passing.

Johnny Williams, a native of Guam, put the Bears into a tailspin on the fifth play of the game and Ray's first offensive try by slashing 43 yards to a touchdown.

Max Derden led the Texan assault by throwing touchdown passes of 38, 20 and 9 yards. Steve Christian scored the other touchdown on a 3-yard plunge and the Texans added a safety in the fourth period.

Ray made four other apparent touchdowns that were nullified by penalties.

Ray ran up a 22-0 lead in the first quarter, then turned the chores over to reserves.

DON'T GUESS, HUNTERS TOLD

AUSTIN (AP) — A good rule of thumb for hunters is : "If yoo're not positive it's game, don't sqheeze the trigger," says Howard Dodgen, executive secretary of the State Game and Fish Commission.

"Guessing and hunting, like drinking and driving, don't mix," Dodgen said Saturday in a safety reminder for hunters.

Dodgen said this year's hunting accident rate has been "reasonably low, considering the number of hunters going into the field each day."

Seminole Decisions Bovines In Finals

SEMINOLE (SC) — Seminole caught fire in the final quarter to defeat the Big Spring Steers, 67-54, in the finals of the Seminole Invitational Basketball Tournament here Saturday night.

The Steers played a torrid third period and led at the end of that round, 38-37, but two or their regulars, Bobby Evans and Homer Mills, fouled out shortly after that.

Mills emerged as the Steers' high scorer before he left, hitting for 18 points.

The Steers played a superior game on the boards, with the LeFevre twins, Jay and Zay, and Mills showing to particular advantage.

Glenn Huggins of Seminole led all scorers with 23 points. He hit eight buckets during the game and added seven free tosses.

No all-tournament team was selected.

The Steers play Kermit there Monday night and visit Colorado City the following night.

The loss was the first of the season for Big Spring, compared to four victories.

In Friday's game, the Steers played their finest game of the season in belting out Hereford, 61-45.

Hereford forged all the way to the state finals in Class AAA last season.

Bobby Evans found the scoring range for Big Spring and responded with 10 points. Zay LeFevre led the Big Springers with 16 points and was good on the boards. Homer Mills tossed in 14 points for the Herd.

The victory was the fourth in a row for the Big Spring club. Thomas Coffman and Fred Mulkey each had 12 points for the Whitefaces.

Only six fouls were called against Hereford and the Steers made only three free throws, so they had to win it from the field. A dozen infractions were charged against Big Spring.

Seminole beat Lubbock Monterey in the other game, 66-60.

SHADE HOST TEAM

Hawks Win Fourth Place At Temple

TEMPLE (SC) — Howard County Junior College won fourth place in the annual Temple JC Tournament by defeating the host team here Saturday night, 71-62.

The Hawks led Temple by as much as 20 points late in the game, after which coach Buddy Travis let his reserves take over.

Tom Garrison scored 22 points for the Hawks and played a fine game on the boards. Harold Henson tossed in 13 points for the Big Springers while Larry Cruise had 11 and Bob Shirey and Jimmy Evans eight each.

Jack Thompson was top scorer for Temple, with 18 points.

South Texas won the tournament, beating Panola in the finals. Odessa was the third place winner over Navarro.

Harold Henson of the Hawks was named to the first all-tournament team, along with Vernon Hogue, Navarro; Harold Strather, South Texas; Bill McKelly, Panola; and Charles Powell, Panola.

Second team selections were Tom Garrison, HCJC; Tommy McMorris, Odessa; Buddy Burrows, Wharton; John Wedeking, South Texas; and Thompson of Temple.

The Hawks were due to arrive in Big Spring about 4 o'clock this afternoon. They play San Angelo College in Big Spring Tuesday night.

HCJC's B team opposes Reese AFB of Lubbock in the 6:15 p.m. opener.

In Friday's game, HCJC cut down on its fouls and raced past Wharton, 64-43, after leading by 29-28.

In that one, the Hawks hit 31 per cent of their shots from the field in the first half and raised the figure to 43 per cent in the final 20 minutes.

Harold Henson paced the Hawks in scoring with 19 points while Tom Garrison had 15 and Larry Cruise 11.

For Wharton, Buddy Burrows was the only player to hit in double figures. He scored 12.

Fourth place game:
HCJC (71)—Cruise 5-1-11; Henson 5-3-13; Garrison 8-6-22; Shirey 4-0-8; Evans 4-0-8; Edwards 0-1-1; Clearman 1-0-2; Day 1-0-2; Weaks 1-0-2; Knotts 1-0-2. Totals 30-11-71.
TEMPLE (62) — Thompson 6-6-18; Stiba 2-1-5; Zelaski 5-2-12; Elliott 2-0-4; Kral 6-1-13; Englke 5-0-10. Totals 26-10-62. Half time score—HCJC 35, Temple 21.

HCJC (64) — Larry Cruise 5-1-11; Harold Henson 7-5-19; Tom Garrison 5-5-15; Bob Shirey 2-0-4; Jimmy Evans 1-4-6; Joe Cook 1-0-2; Bill Edwards 2-1-5; Preston Hollis 1-0-2. Totals 24-16-64.
WHARTON (43) — Jimmy Smith 1-3-5; George Bacacissi 3-2-8; Al Duncan 3-2-8; Buddy Burrows 6-0-12; DeWayne Lovelace 1-2-4; Marvin Steve 2-0-4. Totals 17-9-43.
Half time score—HCJC 29, Wharton 28.

Goggin And Dutra In Tie For Lead

PALM SPRINGS, Calif. (AP)—Defending champion Willie Goggin fought desert winds and a cold putter Saturday but managed to tie Olin Dutra for the lead in the $20,000 Senior Open Golf Tournament.

Goggin, of San Jose, Calif., fired a 2-over-par 34-40 — 74 to wind up with a 54-hole total of 214. Dutra, of Rialto, Calif., carded a 38-37—75.

Goggin was two under par after the first nine at Bermuda Dunes Country Club but missed several putts on the back nine.

Jack Isaacs of Hampton, Va., shot a 74 and took over third place with 218.

The winner of the $2,000 first prize will be determined Sunday.

Bobcats Win, 35-33

SAN ANGELO (SC) — The San Angelo Bobcats nudged the Ysleta Indians, 35-33, in a basketball game played here Friday night.

Favorites Fall In Friday Play

By The Associated Press

Texas schoolboy football followed the upset trail Friday on the way to the semi-finals.

Eight semi-finalists were determined in three classes Friday night with the fall of San Marcos in Class AAA and Stinnett in Class A jarring the races from top to bottom.

San Marcos was nosed by Falfurrias 8-6 as the Jerseys came from behind in the fourth quarter to win on Max Pena's run for the 2-point conversion after touchdown. It tumbled San Marcos from the ranks of the unbeaten and untied and shoved one of the favorites to the sidelines.

Mt. Pleasant beat Athens 21-7 in another upset to join Falfurrias in the Class AAA penultimate round with Charley Masters doing the honors. He led the East Texans with 136 yards passing and 45 on the ground.

Brady continued its mighty challenge in Class AA with a 24-0 strapping of Jasper while Palacios whipped Freer 21-14 in a battle of undefeated, untied teams and Olney smothered Daingerfield 34-14. Stamford, the 1958 champion seeking to repeat, meets Denver City at Snyder Saturday afternoon.

Bill Cavin sprinted 66 yards for one touchdown and Frank Tomlinson intercepted a pass and ran 80 yards for another to highlight Brady's triumph over Jasper.

Bernie Keszler scored one touchdown, passed for another and accounted for three points after touchdown in Palacios' victory over Freer. Palacios pushed its winning streak to 13 straight.

Olney also ran its winning string to 13 in smashing Daingerfield with Jim Grisham running 49 and 13 yards for touchdowns. Harold Phillips sprinted 39 yards for the first Olney score.

Sundown shot down Stinnett, long one of the Class A favorites, 20-8 with David McInturiff dashing 57 yards for a touchdown and catching a 37-yard pass for another.

Madisonville knocked out undefeated, untied Anahuac 8-7, getting a safety in the third period to offset Charles Edmonds' 60-yard touchdown dash and James Morris' extra point. Bob Ellison and Bill Owen tackled David Bass, the Anahuac quarterback, in the end zone to get the safety.

Katy rolled on undefeated and untied with a 28-24 conquest of Kenedy with Charley Shafer scoring 16 points and Farriel Culpepper racking up the other two touchdowns.

Bowl Queen

Diane Lander, of San Antonio, Tex., has been selected to reign as Queen of Cotton Bowl on New Year's Day. The 21-year-old blonde is a physical education major and senior at the University of Texas. (AP Wirephoto).

Culwell Quits Job

CORSICANA (AP) — Mark Culwell has resigned as head football coach and athletic director of Corsicana High School. He will work for a Corsicana auto agency.

SWC FOOTBALL IS A BOOMING BUSINESS

By HAROLD V. RATLIFF
Associated Press Sports Writer

If you don't think college football is big business consider the Southwest Conference intake in the season just closed.

In the first place there were 1,332,000 customers and that meant $4,656,000 taken in at the eight member schools.

Then the three co-champions—Texas, Arkansas and Texas Christian—all got remunerative bowl bids. Each will pocket $86,000 and four other members of the conference—Texas A&M, Baylor, Rice and Southern Methodist—receive $26,000 each without doing anything except watch the games on television.

Texas Tech doesn't share in the bowl money because it hasn't yet starting competing for the championship. That will be next year.

There's still another financial item—television money. The conference schools realize about $200,000 from that this season. Each school that had a game televised kept 20 per cent of the proceeds but the other 80 per cent was put into a community fund. All seven schools got a share of the 80 per cent. That meant $22,000 for each.

Of course, coaching staffs are larger; much money is spent making pictures of the games, so the coaches can study them, and there are many more expenses, not the least of which is paying for the education of the 150 athletes that are on scholarship.

There doesn't seem to be anything very commercial about college football although it takes in a lot of money from putting amateur athletes on display. It all makes possible a fine spectacle for the people and gives hundreds of boys a college education.

None of the schools end up with much profit. The money also is used to promote non-paying sports such as basketball, track, tennis, golf, cross-country, etc.

Basketball has gotten to where it pays its way but there's no chance that the other sports ever will.

FOLLOWING VICTORY

Fullmer May Try For Moore Bout

By JACK STEVENSON
Associated Press Sports Writer

LOGAN, Utah (AP) — Powerpunching Gene Fuller, reigning solidly as king of the NBA middleweight class, contemplates stepping up a rung to challenge venerable lightheavy champ Archie Moore.

Or possibly he might clear the 160-pound picture by fighting Sugar Ray Robinson again if Robinson has any desire for such a bout.

Fullmer took solid possession of the NBA diadem and won the right to do some bargaining for future fights by scoring a unanimous decision over Spider Webb in 15 gruelling rounds at the Utah State University Fieldhouse Friday night.

This time noncollegian Fullmer — from West Jordan, Utah, and weighing 159¾ pounds — proved the master of Webb, who fought on the Idaho State College team before turning pro in 1953. The Chicagoan Webb weighed 157¾.

Fullmer switched strategies frequently during the nationally televised fight as his manager, Marv Jenson, called code numbers from the corner. Fullmer fought out of an arms-crossed defense, led with a smashing right to the body or tried the more orthodox left-hand lead.

Webb made him look awkward frequently.

The cards of Referee Ken Shulsen and Judges Boyd Mattison and Del Markham all had the champion well ahead. Shulsen scored it (147-141). Mattison (150-132) and Markham (148-136). The Associated Press card showed 146-142.

Fullmer, receiving 40 per cent of the approximate $86,000 gate from a capacity crowd of 7,100, and of $100,000 TV money, will collect about $70,000. Webb will get $35,000.

"I wouldn't exactly say I won every round," Fullmer declared in the dressing room. But he added he felt he was the clear winner.

Jenson talked of two possible big-money shots for his bomber — Moore or Robinson with ex-champ Bobo Olson perhaps in a nontitle affair.

Robins comes into the picture since he still holds recognition as the 160-pound champion in New York and Massachusetts. If Ray beats Paul Pender in their January bout, Jenson indicated Fullmer would be more than pleased to tackle Robinson again.

Sports Spectacular Is Slated By CBS

"The Sunday Sports Spectacular," a new series of weekly 90-minute programs highlight many sports not frequently seen by American television audiences, will make its debut over the CBS Television Network Sunday, Jan. 3.

The series, 13 sports specials, will be presented from Sunday, January 3, through Sunday, April 10, at 2:00-3:30 p.m. Big Spring time.

Among the sports to be highlighted will be rodeo, polo, basketball games of the Harlem Globetrotters, sports car racing events from Daytona Beach, spring training baseball, rugby, tennis, speedboat racing and others.

SUNLAND PARK RACE RESULTS

(FOR FRIDAY, DEC. 4)

FIRST RACE — Three years and up, 6 furlongs: Rolling Hi $5.50, 2.40 and 2.20; Jonesy 2.90 and 2.40; Bold Slip 3.50. Time — 1:10.4.

SECOND RACE — Three year olds and up, 6 furlongs: M[illegible]os Dream 8.70, 4.30 and 2.80; Hip Th[illegible]furf 3.90 and 3.10; Dancing Deedie 3.00. Time — 1:11.2.

DAILY DOUBLE — Combination of horses No. 1 and No. 7 (Rolling Hi and Maderos Dream) paid $18.80.

THIRD RACE — Three year old Quarterhorses, 350 yards: No. Danger 16.80, 8.00 and 4.80; Miss Ethel Leo 23.10 and 12.90; Cleardeck 4.60. Time — 18.4.

FOURTH RACE — Three year olds and up, Quarterhorses, 350 yards: Mr. Quick 15.30, 7.90 and 4.30; Leo Horn 8.70 and 4.90; Buster's Chick 4.00. Time — :18.1.

FIFTH RACE — Two year olds, 6½ furlongs: Suggest Me 10.40, 4.00 and 2.80; Eddie Pere 3.20 and 2.50; Deacon Brown 3.20. Time — 1:18.6.

SIXTH RACE — Two year olds, 6 furlongs (purse): Sunlit Sea 5.70, 3.30 and 2.40; Sad Boy 4.90 and 2.90; Repay 2.40. Time — 1:12.3.

SEVENTH RACE — Three year olds, 5½ furlongs: Fickle Fortune 7.80, 4.40 and 3.20; March Lynx 5.80 and 4.50; Solid Moment 3.70. Time — 1:04.4.

EIGHTH RACE — Three year olds, 6½ furlongs: Bhai-Bhai 8.10, 3.60 and 2.90; Gray Chance 3.40 and 2.60; Muriel Helm 4.60. Time — 1:17.6.

NINTH RACE — Three and four year olds, 6 furlongs: Pitteo 15.50, 5.60 and 3.50; Raven's Claw 3.30 and 2.80; Col Blond 4.10. Time 1:11.6.

TENTH RACE — Three year olds and up, one mile and 1-16: Carrot Bunch 8.10, 6.00 and 3.10; Prince Niecolo 20.40 and 11.10; Alm's Money 5.30. Time — 1:45.4.

QUINELLA — Combination of No. 5 and No. 6 horses (Carrot Bunch and Prince Niecolo) paid $87.70.

Three McMurry Boys Put On Eastern's All-Opponent

PORTALES, N.M. (SC) — Tiny Gerald Combs, neat, trim package of dynamite from McMurry College is the only unanimous choice on the 1959 All-Opponent squad of the Eastern New Mexico University Greyhounds.

The little 5-7 halfback, a leading candidate for little All-American honors is one of three McMurry players who, along with three grioders from California Poly at San Luis Obispo, were among the 11 selected as "toughest" against the Hounds this season.

Other teams placing players on the squad include Central Oklahoma, Adams State College, Southwestern Oklahoma State, Corpus Christi University, and New Mexico Western College. With the exception of Southwestern Oklahoma, the Hounds were defeated by all the above elevens.

In the backfield with Combs is his pass-happy comrade, Terry O'Brien, also a little All-American candidate from McMurry. At the other halfback slot is powerpacked Gary Van Horn of Cal Poly with charging Juan Vasquez of New Mexico Western at the fullback position.

Fleet-footed end Curtis Hill and giant (240 pounds) tackle Carlos Gonzales of Cal Poly and tackle John Freim of Adams State lead a star-studded line. With Hill at end is J. W. Lockett, Central Oklahoma. At the other tackle and guard spots are Clete Satehaupoodle, Southwestern Oklahoma, and Charles Baldwin, McMurry, respectively.

The center is Harlon Scott of Corpus Christi University.

All-Opponent team:

Ends — J. W. Lockett (Central Oklahoma) Curtis Hill (Cal Poly)

Tackles — John Freim (Adams State), Clete Satehaupoodle (Southwestern Oklahoma)

Guards — Carlos Gonzales (Cal Poly), Charles Baldwin (McMurry)

Center — Harlon Scott (Corpus Christi University).

Quarterback — Terry O'Brien (McMurry)

Halfbacks —Gerald Combs (McMurry), Gary Van Horn (Cal Poly)

Fullback—Juan Vasquez (New Mexico Western)

Hawks Draw A Bye In Local Tourney

Howard County Junior College has drawn a first round bye in the Howard College Basketball Tournament, scheduled to take place here Dec. 31-Jan. 1-2.

The Hawks challenge the survivor in the Panola-Sayre, Oklahoma, engagement at 9:30 p.m. Thursday, Dec. 31.

San Angelo College, one of the favorites, also drew a bye and takes on the winner of the Decatur-Schreiner engagement at 7:30 p.m. Dec. 31.

Panola and Sayre clash at 1 p.m. Thursday, Dec. 31 while Decatur and Schreiner open the tournament with an 11 a.m. game.

In other first round action, Wharton tackles Clarendon at 3 p.m.

All ten places in the tournament will be determined. Wharton is the defending champion but isn't given much of a chance to repeat.

Championship finals are scheduled for 9:30 p.m. Saturday. The game for third place goes on at 7:30 p.m. that evening.

Buddy Travis, new coach of the local school, is serving as director of the tournament.

The teams were seated in this order:

1. HCJC; 2. San Angelo; Wharton; 4. Amarillo; 5. Clarendon; 6. Odessa; 7. Panola; 8. Decatur; 9. Schreiner; 10 Sayre.

Clarendon may surprise those who balloted by taking it all, how-

J. C. GODWIN DEPARTS

Management Of Lake J. B. Lodge Undergoes Change

J. C. Godwin, who has been operating the Lake Thomas Lodge on Lake J. B. Thomas for Cecil McDonald and E. C. Smith the past several months, moved to Fort Worth with his family the past week.

He reportedly will become an automobile salesman there. At one time, Godwin was on the police force in Big Spring.

His job at the lodge is being taken over by V. L. Hogue of Big Spring.

Here's the news, as reported on a run around the lake the past week:

L. P. DENT'S GROCERY — George Board, Ira, caught two 2½-pound bass, using minnows as bait.

An Odessa man who didn't identify himself fared even better. He snagged a black bass weighing 7½ pounds.

Dent reminds all fishermen that new lake permits are now available at his place and other fishing centers around the lake.

The annual permits cost $5 per person, whereas previously they retailed for $5 per couple.

Whereas the boat owners had to fill out four forms to get on the lake and fish before, however, they are required to fill out but one form now, however.

BOYD'S LODGE — Raymond Boyd, co-owner of the lodge, says the barge at this location filled up completely with customers for three days starting with Thanksgiving Day and was almost full last Sunday.

The barge has been well patronized ever since it was opened in the early fall.

Among fishermen who have visited Boyd's place of business in recent days and reported fair to good catches are Mr. and Mrs. W. L. Dowdy, Lamesa; Harold R. and Harold D. Bolton, Lamesa; Roy McCoy, Ropesville; Ken Bozeman, Lubbock; V. C. Boze and Charles R. Veasey, all of Lamesa; Mr. and Mrs. George Phillips, Big Spring; and C. W. Beavers, Snyder.

Also Alex LeFevre, Snyder; Henry Robinson, Big Spring; Art J. Lloyd and wife, Big Spring; Hoty Mathey, Big Spring; Mark Burrow, Big Spring; George Crabb, Snyder; Mr. and Mrs. Clyde Waits Jr., Big Spring; F. M. Thorp, Big Spring; Bud Louallen, Welch; Sid and Haney Johnson, both of Seminole; Ross Johnson, Lubbock; Bud Cartright, Lamesa; Lee Faulk, Dallas; Byron Smith, Big Spring; and Alvis Bilberry and V. Bilberry, both of Spur.

Also O. L. Simpson and party, Colorado City; Mr. and Mrs. Earl J. Brown and Kirk, Brownfield; W. A. Waller, Big Spring; C. A. Weatherby, Lamesa; Clude and Jon Carpenter, Sweetwater; Truett Vines, Big Spring; T. C. Vines, Rosenberg; C. J. Wright Jr., Big Spring; R. L. Reedy, Huntsville; W. Wilson, Big Spring; W. L. Gardenhire, O'Donnell; and Thomas Smith and O. E. Smith, both of Lubbock.

LEM GRESHAM'S PLACE — Mr. and Mrs. J. B. Mackey, Brownfield, reeled in 40 crappie near here while Mrs. W. F. Veasey, Charles Veasey and Arch Heffner, all of Lamesa, reported fine catches of crappie.

J. P. Aslin and Ed Lauderdale, Lamesa, brought back good reports of crappie catches.

J. H. Stalcup and Dan Thomas, Tahoka, fished with minnows and caught an estimated 20 crappie.

HALLEY BROWNE'S GROCERY — Calvin Dorman, O'Donnell, took ten channel cat, some of them weighed up to five pounds.

Mr. and Mrs. R. B. Perry, F. R. Perry and E. H. Brown, all of Brownfield, hooked 52 crappie on rods and reels, using minnows as bait.

Mr. and Mrs. Dorman returned to their favorite spot later, along with Frank Freeman, Lamesa, and Dorman revealed he caught more fish (crappie) than he ever had at one time.

JINKINS GROCERY — Mrs. Bill Bowles, who resides on the lake, must wonder some time whether she was ever meant to be a fisherman.

She took her rod and reel to the lake one day and "wet a hook" not far from where Jinkins Moreland was fishing. She fished for several hours but had no luck.

She left in disgust and said she was giving her rod to Jinkins.

Jinkins then began to pull the crappie out of the lake as if someone had planted them there. (Mrs. Bowles is still not convinced someone didn't.)

"I never know whether to come or go," Mrs. Bowles lamented.

Frank Freeman and Calvin Dorman, who reside in the Lamesa and O'Donnell country, stopped by to say they caught six blue catfish, weighing an average of 3½ pounds each, and an estimated 100 crappie, all in shallow water.

Flushed with success, the two stayed over and caught another nice string of crappie and five blue cat in five to six feet of water.

HOMER SMITH'S SHADY GROVE GROCERY — Five car loads of vandals drove up the river from here Wednesday night and had a drinking party, after which they destroyed a picnic table worth about $20.

Smith is busy building a rental cabin, 12x6 feet, back of his place. He says he has several lots suitable for trailer space to rent, at $35 a year.

Johnny Merrick, Lamesa, caught 20 crappie on the river near here while Jack Anthony and Dokie Sandlin, also of Lamesa, took three bass weighing a total of eight pounds, along with 13 crappie, fishing with rods and reels and using minnows as bait.

A Mr. McCullock and family, Lubbock, caught three bass weighing a total of 12 pounds, a four-pound blue cat and several crappie near Smith's place.

No one reported any better luck than Smith himself, who caught two bass, weighing four and three pounds, a four-pound blue cat, two other catfish, a five-pound bass and other fish on his trotline.

Kenneth Gable, Lubbock, caught a seven-pound bass and two others weighing four pounds each along with other fish. His total catch weighed about 30 pounds. He was on the lake two nights.

Charles Viesey, Lamesa, has been trying his luck near here, too, and reporting good success.

CLYDE MONTGOMERY'S LAKE VIEW GROCERY — R. C. Duncan and party, Andrews, caught 14 crappie weighing up to ¾ of a pound each.

A Luther twosome, C. H. and Bill Hyden, came over and reeled in six catfish plus several bass, weighing a total of 21 pounds. They used perch, shad and minnows as bait.

Bill Hyden came back later and caught two channel cat, weighing from six to seven pounds each.

SPORTSMAN'S PARADISE — Walter Grice and party, Big Spring, checked in with reports of good crappie catches. A Mr. and Mrs. Duke, Ackerly, had similar luck on the lake Monday.

The duck hunters have been very active near here.

Big Ten Tries A Change In Rules

CHICAGO (AP)—The Big Ten this basketball season will experiment with a rule aimed at eliminating 25 per cent of free throw shooting.

Commissioner K. L. (Tug) Wilson announced Saturday that instead of awarding free throws for personal fouls by the offensive team, opponents will be awarded the ball out of bounds in conference games.

Dallas Hillcrest Defeats Abilene

ABILENE (SC) — Frank Bumstead led Dallas Hillcrest to a 65-51 basketball victory over the Abilene Eagles here Friday night.

Bumstead tossed in 20 points for the Panthers. Kirby Pugh had 15 for Abilene while Jim Bray was close behind with 14.

Part Of Big Haul

Mr. and Mrs. Homer Smith, who operate a fishing camp and grocery store on the Colorado cently caught on trotlines near his place. The fish wrapped here (for freezing purposes) weigh

Bearcats Kayo Stanton Quint

GARDEN CITY (SC)—Garden City defeated Stanton in both ends of a boys' basketball doubleheader here Friday night.

Stanton was to have sent its A team here but the Buffs were involved in a tournament at Welch. Instead, the Bearcats wound up playing the Stanton B squad and had no trouble winning, 62-27.

The victory was the third in a row for Al Lange's team. The Cats were led by Dennis Cypert, who hit eight field goals in eight tries and wound up with 19 points. Dennis Calverley tossed in 16 for Garden City.

For Stanton, Robert Turner, Tommy Davis and Buddy Glaspie each counted seven points.

Garden City hit 26 of 49 field goal attempts for 53 per cent and ten of 31 at the free throw line for 30.1 per cent.

Garden City's B team defeated Stanton's C squad, 34-27. Frank Murphy tallied 14 for Garden City.

Garden City visits Stanton for a game Tuesday night.

B Game:
GARDEN CITY (34) — Schraeder 0-0-0; Seidenberger 3-2-8; Murphy 5-4-14; McDaniel 2-2-6; Grant 2-0-4; Harris 1-0-2. Totals 13-8-34.
STANTON (27) — Church 2-0-4; Springer 1-0-2; Webb 2-0-4; Black 3-0-6; Glaspie 0-1-1; Stewart 2-1-5; Godge 1-0-2; Wright 1-1-3. Totals 12-3-27.

Garden City	14	8	6	6—34
Stanton	2	8	9	8—27

A Game:
GARDEN CITY (62) — Calverley 7-2-16; Childress 2-0-4; Jones 4-2-10; Parker 2-0-4; Carter 1-0-2; Shafer 2-1-5; Cypert 8-3-19. Fisher 0-2-2. Totals 26-10-62.
STANTON (27) — Polson 1-1-3; Fisher 0-1-1; Turner 3-3-7; Newman 0-1-1; Davis 3-1-7; Webb 0-1-1; Glaspie 3-1-7. Totals 9-9-27.

Garden City	13	15	11	23—62
Stanton	9	5	4	9—27

Neale Fraser Is Crown Winner

MELBOURNE (AP) — Neale Fraser required four hours to defeat Roy Emerson Saturday 6-0, 25-23, 5-7, 6-4 in an all-Australian final for the men's singles championship in the Victorian Tennis Tournament.

Maria Bueno of Brazil, Wimbledon and United States women's champion, defeated England's Christine Truman in the women's finals 6-0, 5-7, 6-4.

Dawkins Will Play For Oxford Team

OXFORD, England (AP)—Pete Dawkins, All-America football star and Rhodes scholar, looked at his first game of English rugby union 10 weeks ago.

He decided that rugby was the game for him while studying at Oxford.

The former West Point grid star took to the game as if he'd played it all his life. He studied the moves, asked questions, poured over the rules and mastered the sport more quickly than any other American.

Result: The 21-year-old Dawkins was picked to play for Oxford University against Cambridge next Tuesday.

Seven Fatalities Reported On Grid

CHICAGO (AP) — Seven high school football fatalities were reported throughout the nation during the 1959 season.

The figure was the lowest since the beginning of records in 1946.

About 720,000 boys participated in high school football during the season. Six of the fatalities occurred during practice sessions. One came during an interscholastic game, the National Federation of State High School Athletic Association's safety subcommittee reported Saturday.

A Pat on the Back

For LESLIE SNOW

Literally thousands of men and women have learned the rudiments of first aid, thanks to the good offices of Leslie Snow.

Snow has been an instructor in Red Cross First Aid for 22 years and for nine years has been chairman of First Aid and Accident Prevention for the Howard-Glasscock County Red Cross Chapter.

Snow, whose real job is transportation clerk for the Texas & Pacific Railroad, doesn't have any idea how many classes in First Aid he has conducted.

First Aid and Red Cross work are two of his hobbies. The others are Boy Scout work — in which he has been active for 25 years and is currently merit badge councilor, and his Junior Rifleman's Club. This organization is now in its fourth year. It is open to both boys and girls.

He is also a worker in St. Paul's Lutheran Church and finds time for other civic activities beyond those imposed by his work with the Red Cross, the Scouts and the Rifle Club.

A native of Illinois, Snow came to Big Spring for the first time in 1928. He remained here two years and returned again in 1948. On Jan. 25 he will have completed 30 years with the T&P. However, he has nine additional years of railroading with the Denver & Rio Grande and one year with the Kansas City Southern.

He is married and he and his wife, Barbara, and their daughter, Christy, live at 2002 Runnels. Christy is a senior in the Big Spring High School.

When First Aid is mentioned in this area, everyone just automatically thinks of Leslie Snow. He is almost a symbol of First Aid in this community.

We always have time for you!
We Always Have Time To Serve You.

Syracuse Firms Up Lofty Rating

By BOB MYERS

LOS ANGELES (AP) — Mighty Syracuse belted UCLA for a 36-8 victory Saturday and, for the first time in its 71 years of intercollegiate football, finished the season unbeaten and untied in 10 games.

In a strong closing bid for the national championship, the nation's top-ranked team got off to a 14-0 lead in the first period, boosted it to 21-0 in the second and then beat back a gallant challenge by the underdog Bruins of UCLA.

A short-sleeved crowd of 46,436 sat in Memorial Coliseum for the nationally televised contest.

The big Easterns sped to a quick lead after intercepting a pass shortly after they kicked off to the Bruins. They traveled 43 yards in nine plays. A nifty six-yard scoring pass from quarterback Dave Sarette to Gerhard Schwedes put UCLA on the road to its fourth defeat of the year.

Syracuse's so-called second team then trooped on to the field and after a 72-yard thrust that required seven plays, the Orangemen were on the scoreboard again. The touchdown came on a 15-yard pass from Dick Easterly to Mark Weber.

Early in the second period the score mounted to 21-0. Easterly, Weber, John Nichols and Bob Haft took turns in the drive, ending when Easterly plunged for the final yard.

UCLA, with halfback Bill Kilmer in the starring role as the passer, got into the act before the half ended.

Jim Johnson's great 44 - yard kickoff return started it off and Kilmer kept it going. He passed to Gene Gaines for 30 yards then 13 more and the final 20 to Johnson for the touchdown.

Skip Smith went through his own left tackle for the extra two points and that was it for UCLA.

From midway in the second until midway in the final period Syracuse slacked down. Whether the heat—it was around 80 degrees—was hard to tell.

But the Eastern champs broke loose for two more touchdowns in the final period, good for 15 points, to dispell any doubts, if there were any, that this is a tremendous football team.

UCLA, which knocked off Southern California and ended the Trojans' eight-game winning streak two weeks ago, were nine point underdogs Saturday.

They were not expected to run against the powerful "Sizable Seven" line. And they didn't, winding up with a minus net yardage of 13.

Syracuse, as expected, displayed a sound, hard hitting rushing attack that netted 354 yards and added 106 more via the air.

Syracuse	14	7	0	15	—36
UCLA	0	8	0	0	— 8

Four All-SWC Players Are Named To Academic Eleven

DALLAS (AP) — Four players selected by the coaches on the All-Southwest Conference Football Team also were picked on the All-Star Southwest Conference Academic Team announced Saturday.

Those who received top honors both on the football field and in the classroom were Albert Witcher of Baylor, end; Maurice Doke of Texas and Rufus King of Rice, guards, and Wayne Harris of Arkansas, center.

Other players on the all-academic team were Charles Pollard of Rice, end; Marlin Epp, Arkansas, and Jerry Mays, Southern Methodist, tackles, and James Monroe and Lance Alworth of Arkansas, Jim Evans of Baylor and Gordon Le Boeuf of Texas A&M, backs.

Nominations for the academic team were made by sports publicists of the conference schools and selections were made by 12 sports editors of the Southwest. Doke was the only player to get all 12 votes.

Honorable mention went to Ken Talkington of Texas Tech, Wayne Labar of Texas A&M, Billy Luplow of Arkansas, Robert Johnston of Rice, Ronnie Stanley and Bill Hicks of Baylor, Charles Terrell, Sam Caudle, and Steve Smith of SMU, and J. B. Moffett, Stuart Peake and Jerry Muennink of Texas.

Players named on the All-Southwest Conference Team are automatically nominated for the national all-star team to be selected by more than 1,000 sports editors of the country.

PALMER, FINSTERWALD

Two In Deadlock For Links Lead

CORAL GABLES, Fla. (AP) — Arnold Palmer of Ligonier, Pa., and Dow Finsterwald of Tequesta, Fla., tied for the lead at the end of the third round of the $25,000 Coral Gables Open Golf Tournament Saturday at 207, but it remained for an unsung pro from El Dorado, Ark., to steal the show.

Miller Barber, in his first year as a pro, shot a record 64 over the 6,563-yard par 71 Biltmore course. The spectacular round put him just two strokes off the pace at 209.

The previous record of 65 was set by Jimmy Thomson in 1937.

Palmer had a fine 66 Saturday to shoot into a tie for the top. At the halfway mark Friday, Finsterwald had a tie for the lead with Bill Johnston of Provo, Utah, and Don Bisplinghoff of Chattanooga, Tenn., at 138. Johnston soared to a 73 Saturday for a 211 total and Bisplinghoff had a 70 to tie Doug Sanders of Miami Beach at 208.

Bill Collins of Crystal River, Fla., with a 69 Saturday, was tied with Barber at 209.

Barber, 27, eased into contention with a sensational putting streak. He was out in 33, two under par, and came home in 31.

The final round will be played Sunday.

7-Game Loser Boasts Leader

By The Associated Press

The man who piled up the most individual yardage in major college football during the past season was a member of a team which went nowhere at all.

The total offense leader for the 1959 campaign is Dick Norman, quarterback of the Stanford team which lost seven games and finished on the bottom of the Pacific Coast's new Big Five Conference.

Norman's dead-eye passing not only carried him to the over-all offense and passing crowns but helped bring along the quarterback's chief target, Chris Buford, for the pass receiving championship.

This, according to the figure experts of the National Collegiate Athletic Bureau, is the first time a seven-game loser ever produced the individual offense champion.

Also Norman had the most completions and most passing yardage ever engineered against major opposition. Buford tied the single season high for pass receptions with 61.

Norman completed 152 passes in 263 attempts for a total of 1,963 yards and 11 touchdowns. His total offense yardage, including passing and running, was 2,018—nearly 400 yards ahead of second-place Charley Johnson of New Mexico State.

In the passing department alone, Jack Lee of Cincinnati was closest with 132 completions in 232 passes for 1,535 yards.

Port Arthur Is Winner, 41-13

HOUSTON (AP)—The Port Arthur Yellowjackets opened the gates against Houston Reagan with three last period touchdowns and walked off with a 41-13 victory today in the state high school Class AAAA quarterfinal.

Ronnie Landry ran back an intercepted pass 50 yards for the visitor's final score as time ran out. The game was played at Jeppesen Stadium before 11,000 fans.

Port Arthur scored single touchdowns in each of the first three quarters before turning the game into a rout with its last-quarter surge.

Reagan jumped back into a 7-7 tie in the first period on Ronnie Wright's 58-yard scoring run, the game's longest play from scrimmage, then trailed throughout. The Houston team got its only other touchdown in the third.

Bobby Woodson scored twice for the visitors on runs of 34 and one yards. John Sonnier kicked five of six conversion attempts.

Dancing Deedie In Third Place

Dancing Deedie, owned by Jerry Currie of Big Spring, placed third in the six furlong second race at Sunland Park, Anapra, N.M., Friday.

Winner of the event was Maderos Dream, owned by Jinglebob Stable, Hollywood, N.M., while Rip the Turf was second.

Dancing Deedie paid her show bettors $3.00.

LEPCIO SAWATSKI

Bengals, Phils Swap Five Men

MIAMI BEACH, Fla. (AP) — The Detroit Tigers and the Philadelphia Phillies completed a five-player interleague trade Saturday. The Tigers obtained shortstop Chico Fernandez and pitcher Ray Semproch from the Phillies.

Detroit gave up infielder Ted Lepcio, rookie outfielder Ken Walters and a minor league farmhand, Alex Cosmidas.

This was the sixth trade made at the minor-major league convention. Earlier in the day, St. Louis and Philadelphia engaged in a swap. The Cardinals sent outfielder Bobby Gene Smith and a player to be named later to the Phillies for catcher Carl Sawatski.

Cleburne Beats Lamarque, 28-0

TEXAS CITY (AP)—Cleburne's Yellow Jackets rolled over LaMarque here Saturday 28-0 to advance to the semifinals of the state schoolboy Class AAA football playoffs.

After a scoreless first quarter, Cleburne scored with only 2 minutes and 25 seconds left in the half to go ahead 6-0.

The scoring drive started when center David McWilliams intercepted a LaMarque pass on Cleburne's 15-yard line and ran it back to the Cleburne 43. Fifty-six yards and 14 plays later, fullback Billy Cohen took a pitchout and smashed right tackle for a yard and the score. The try for extra point was no good.

Cleburne wasted no time in the second half. With the third period just 53 seconds old, Bucks McCall ran 36 yards for the touchdown and Timmy Doerr faked a pass and ran over the two-point conversion to make it Cleburne 14, LaMarque 0.

After the kickoff, Cleburne recovered a LaMarque fumble on the LaMarque 37 and 10 plays later Cecil Evans smashed over for LaMarque's third touchdown on a 1-yard buck at tackle. The conversion attempt failed and the score was Cleburne 20, LaMarque 0.

With about 8 minutes left in the final period, substitute halfback Albert Archer ran 20 yards for the final score after Cleburne intercepted a LaMarque pass. Doug Shouse ran over the conversion to make the final score 28-0.

Cleburne led in first downs 15-11 and in rushing 165 yards to 132 for LaMarque.

Pitt Held Lucas

UNIVERSITY PARK, Pa. (AP)—One of the major factors in Pitt's 22-7 upset victory over Penn State was how the Panthers contained State quarterback Richie Lucas. Lucas was held to a net gain of nine yards rushing in 14 carries.

BALTIMORE CLINCHES TIE FOR TOP SPOT

By JACK STEVENSON

SAN FRANCISCO (AP)—Baltimore quarterback Johnny Unitas threw three touchdown passes and scored another on a run Saturday as the Colts whipped San Francisco 34-14 and took the lead in the National Football League's Western Division.

The convincing victory, engineered as much by the defense as by the offense, clinched at least a tie for this year's division honors by the defending NFL champions.

A full house of 59,075 in Kezar Stadium saw the visitors go into the game tied with the 49ers atop the division. Now Baltimore needs just one more victory to take the divisional title. The Colts meet the Rams in Los Angeles Dec. 12.

Unitas threw two touchdown passes to end Ray Berry, the league's leading receiver. One went seven yards and the other 13. He also connected with swift halfback Lenny Moore on a 64-yard scoring pass play and tallied himself on a 12-yard run.

The Colts' other touchdown came on a 57-yard runback of a pass interception by defensive halfback Milt Davis.

Steve Myhra kicked four extra points but one try was blocked by 49er Bob St. Clair.

The Colts grabbed off six San Francisco passes during the sunny, 60-degree afternoon. Two of the interceptions were turned into touchdowns.

San Francisco trailed just 14-7 at the half, thanks to a 66-yard burst off tackle by J.D. Smith. The 49ers' other touchdown came after injured quarterback Y.A. Tittle entered the game late in the third quarter. He engineered a 71-yord drive and threw a 21-yard scoring pass to Hugh McElhenny early in the fourth. Tommy Davis kicked both conversions. That put the count at 20-14.

Throughout the afternoon, the Colt defenders put pressure on San Francisco quarterbacks, starter John Brodie and Tittle. Y.A. was still troubled by a right knee injury suffered in the Nov. 22 loss to the Colts in Baltimore.

Baltimore	7	7	6	14	—34
San Francisco	0	7	0	7	—14

Tigers To Houston On December 17

HOUSTON (AP)—The Clemson Tigers fly to Houston Dec. 17 to finish preparations to meet TCU in the inaugural Bluebonnet Bowl football game.

The Frogs arrive 24 hours later for a final workout before the Dec. 19 game in the 70,000-seat Rice statium.

Clemson, champion of the Atlantic Coast Conference, moves into the post season classic with a 7-2 record. TCU had an 8-2 season, sharing the Southwest Conference title with Texas and Arkansas. TCU is ranked 7 among the nation's teams, Clemson 10.

Members of the Syracuse University team, No. 1 in the nation, will see the TCU-Clemson battle. Syracuse will arrive Dec. 18 to establish training headquarters preliminary to meeting Texas in the Cotton Bowl Jan. 1 at Dallas. Syracuse will train at the University of Houston and move into Dallas Dec. 30.

300 Hunters Are Fined In Texas

AUSTIN (AP)—More than 300 Texas hunters paid fines and four went to jail in November for violations of game laws, the Game and Fish Commission said Saturday.

E. M. Sprott, director of law enforcement, said fines and costs totaled $13,115.35. Arrests totaled 461.

The largest number of fines—98—was assessed hunters and fishermen who failed to produce licenses.

Scotties Lose To C-R, 6 To 0

DALLAS (AP) — Fort Worth Carter-Riverside surged 49 yards in 11 plays in the second period Saturday to push across a touchdown and beat Highland Park 6-0 in quarter-finals of the Class AAAA Texas schoolboy football race. Carter-Riverside will play Wichita Falls in the semifinals.

The touchdown drive was set up by a fine punt return by Robert Baker that reached deep into Highland Park territory. Clipping, however, was called on the 34 and Carter-Riverside was penalized back to the Highland Park 49.

Mike Goldstein racked up 15 yards in the drive, scoring the touchdown from the Highland Park one. Dan Jones had chipped in with 17 of the yards.

Billy Gannon led Highland Park surges that reached the Carter-Riverside 16 and 10-yard lines in the final period. Gannon had 97 yards running for the day. He also made 10 tackles and had 15 assists.

Highland Park was crippled for the game with three of its first string backs out with injuries.

Carter-Riverside had 13 first downs, 154 yards on the ground and 32 passing. Highland Park got six first downs 95 yards rushing and none passing.

Game Site Set

NAVASOTA, Tex. (AP) — The Madisonville-Katy Class A semi-final schoolboy football game will be played at Spring Branch, in the Houston area, Friday night at 8 o'clock.

B. F. NEWTON

Newton Given Scholarship

B. F. Newton, who lettered for four seasons in basketball at Big Spring Lakeview High School, has accepted an athletic scholarship at Otera Junior College, Denver, Colo.

Newton will begin the spring term at Otera Jan. 14. He has already departed for Denver, however, in order to acquaint himself with the school's curriculum.

In his senior year at Lakeview, Newton averaged 26 points a game. He is 19 years of age, stands 6-feet-1 and weighs 167 pounds.

Newton also indicated he might give football a try next fall. He played the backfield on the Lakeview team.

Born in Marlin, Texas, B. F. has resided in Big Spring the past 11 years. He is the son of Mr. and Mrs. Cornelius Newton.

His basketball coach at Otera will be Kent Kyser.

Mike Holt Wins

JOHANNESBURG, South Africa (AP)—Mike Holt, South African light heavyweight boxing champion, won a 10-round decision over Kid (Sixto) Rodriguez of Mountain View, Calif., Saturday. Holt weighed 173¾, Rodriguez 170¾.

Record Deer Kill

LLANO (AP)— A record for deer hunting in Llano County already has been set with the season to continue for 27 more days. There have been 5,373 deer — 3,997 bucks and 1,376 antlerless deer — checked in at the Llano County station.

Sam Huff Is Poised For Brown Invasion

By JIM KENSIL
Associated Press Sports Writer

Sam Huff came into the National League in 1956, one year before Jimmy Brown. Sam's been waiting for the big Cleveland fullback ever since.

Linebacker Huff will be at Yankee Stadium Sunday, watching and waiting for Brown to come storming into the New York Giants' line. And on this personal test between the league's leading ground gainer and its most respected middle linebacker rides the championship of the Eastern Conference.

The Giants are five-point favorites to defeat the Browns and gain the NFL championship round Dec. 27 against the Western winner.

The Chicago Bears (6-4) can attain the season's longest winning streak by whipping visiting Pittsburgh (5-4-1) Sunday. But the sizzling Steelers recently clipped the Giants' and Browns' five-game streaks and could do the same to the Bears who are still eyeing the Western crown. Chicago is a seven-point favorite to make it six straight.

Philadelphia, tied for second in the East with Cleveland at 6-4, is a three-point favorite at Washington over Redskins (3-7).

Los Angeles (2-8) can count one bright spot in a dismal season. The Rams knocked off Green Bay (5-5) at a time when the Packers were the league's only unbeaten club. The Rams, who have dropped six straight since that 45-6 romp over the Packers, are conservative six-point favorites at Los Angeles this time.

In another meaningless meeting, the Detroit Lions (2-7-1) are four-point home favorites over the Chicago Cardinals (2-8).

Giant defensive coach Tom Landry gave Huff a special job early last season. All Sam had to was dog Brown on every play whenever the Giants played Cleveland. The teams met three times last year and the Giants won them all, including the Eastern playoff in which New York hung up a 10-0 victory and Brown gained only eight yards.

The Giants sent Sam after Jimmy in Cleveland again this year and New York won it 10-6, Brown gained 86 yards, but he needed 22 carries to get them and he failed to cross the goal line. Still, Jimmy leads the league in touchdowns with 12 and has averaged nearly 113 yards per game in rushing for 1,127.

Aggie Fish Are Impressive In First Start Of Season

COLLEGE STATION (SC) — Coach Shelby Metcalf's Texas Aggie freshman basketball team made an auspicious start here last week against the Tyler Junior College Apaches. The Fish prevailed, 68-54.

The Aggie frosh next play Tuesday when they host the Kilgore Junior College Rangers in a single game at White Coliseum. Game time is 7:30 p.m.

Top hands for the Fish against Tyler were the little playmaker, Charlie Minor, 5-10 of Pampa; 7-foot Lewis Qualls of Houston Smiley; 6-7 Jerry Windham of Hamilton; Jimmy Cobb of Buna; Billy Young of Haworth, Okla., and Jimmy Keller of Terrell.

Minor was high scorer with 19 points but more important was his fiery hustle and ball handling. Leading rebounder with 12 and next high scorer was Windham with 16 points. Qualls had 12 points and nine rebounds while Young had seven points and looked good on the boards.

The first half saw the lead change hands 10 times with the Fish holding a slim, 26-24 margin at the intermission. Tyler last led in the game, 37-36, eight minutes deep into the second half. Qualls' two quick baskets put the Fish ahead to stay. Windham and Minor then took charge with a flurry of goals to put the win on ice.

The Fish have three more games before the Christmas holiday period, all with Tyler and Kilgore. After the home game here Tuesday against Kilgore, they journey to Kilgore Dec. 17 and play in Tyler the following night.

Other members of the Fish squad include Dave Ison of Pickerington, Ohio; Willie Lager of Daytona Beach, Fla., Allen Sandford of Azle, Louis Hamil of Houston St. Thomas and Lee Walker of Three Rivers.

The Roster:

Dave Ison, 6-1, 160, Pickerington, Ohio
Jimmy Keller, 6-4, 182, Terrell
Willie Lager, 6-0, 185, Daytona Beach,
Allen Sandford, 6-0, 163, Azle
Billy Young, 6-2, 185, Haworth, Okla.
Lewis Qualls, 7-0, 245, Houston (Smiley)
Louis Hamil, 6-5, 165, Houston (St. Thos)
Jerry Windham, 6-7, 210, Hamilton
Charlie Minor, 5-11, 170, Pampa
Lee Walker, 6-7, 200, Three Rivers
Jimmy Cobb, 6-0, 180, Buna

Wellman To Visit Ackerly Monday

ACKERLY (SC) — Basketball teams representing Sands Consolidated School here resume play Monday night, at which time they host Wellman.

Next weekend, the boys' A team and the girls' B squad visit Fluvanna for a tournament.

The schedule:

Dec. 7 — Wellman, here
Dec. 10, 11, 12 — Fluvanna Tournament — Boys A and Girls B — Fluvanna
Dec. 11 — Bronte, here (c)
Dec. 15 — Sterling, there (c)
Dec. 17, 18, 19 — Sands Tournament, Ackerly
Dec. 22 — Hawley, there
Dec. 28-Jan. 2 — S.W.A.A.U. Tournament (girls only), Duncanville
Jan. 5 — Westbrook-boys A and Girls B, here
Jan. 8 — Wilson-boys A and girls B, here

Jan. 15 — Forsan, there (c)
Jan. 19 — Water Valley, here (c)
Jan. 22 — Garden City, there (c)
Jan. 26 — Bronte, there (c)
Jan. 29 — Sterling, here (c)
Feb. 2 — Stanton, here
Feb. 5 — Robert Lee, there (c)
Feb. 9 — Forsan, here (c)
Feb. 12 — Water Valley, there (c)
Feb. 16 — Garden City, here (c)
(c) — Denotes conference games.

Gregory Honored

DALLAS (AP)— Halfback Glynn Gregory and tackle Jerry Mays were elected co-captains of Southern Methodist's football team of 1960 at the annual banquet for the squad Friday night. Thirty-three players were awarded letters. Nineteen of them will return next season.

Trials In Detroit

MIAMI BEACH, Fla. (AP) — The men's and women's U. S. Olympic swimming trials will be held in Detroit Aug. 2-5. The U.S. Olympic Committee announced Gus Stager of the University of Michigan will be head coach of the men's team and Phil Moriarity of Yale will coach diving.

LEAGUE II DECISIONS LEAGUE I ALL-STARS

Jesse Jaime's League II team defeated League I, coached by Doug Eastham, in the all-star Gra-Y Rag Football game, 42-22, played here Saturday morning.

The contest climaxed Gra-Y football activity for the year. Boys participating in the program begin basketball play next Saturday.

League I pulled to within six points of League II at one stage in the third period but couldn't get any closer.

Tony Saracho opened scoring for League I in the opening period when he raced 25 yards across the double stripes. Saracho made it 8-0 when he passed to Tony Rodriquez for two extra points.

Bobby Griffin added to League I's margin on a 40-yard run and Raul Paradez intercepted an enemy pass and raced 80 yards for his team's third touchdown of the first period. A pass from Saracho to Paradez made an addition two points and ran the score to 22-0.

In the second, Van Tom Whatley gave League I its first score on an 80-yard sprint and L. Clanton bruised across for the two extra points to make it 22-8.

Saracho hooked up to pass to Paradez for another League II TD. The play covered 18 yards.

Don Wiggins raced 65 yards on the ensuing kickoff for League I on what proved to be the final play of the first half. That ran the tab to 28-14, League II.

In the third, Whatley steamed 45 yards for a League I score and Richard Cauley added two extra points on a run to cut the deficit to a mere six points.

Saracho padded League II's lead with a 70-yard run on the following kickoff and Billy Pineda made it 36-22 on a run.

In the fourth, Saracho salted away the decision for League II when he bolted eight yards to score.

Cauley set up League's I's third touchdown when he recovered a fumble on II's 45. Cauley also intercepted an enemy pass on his own 35 in the second half to stop another drive on the part of the foe.

For League I, Mike Peterson, Bobby Bowers, David Compton and Howard Hall stood out on defense while Danny Lane, Joe Graves, Cauley and Whatley sparkled on offense.

For League II, O. L. Lane Humphrey Clanton and Lonnie Prescott were outstanding on defense while Saracho, Pineda and Griffin glistened on offense.

Gamecocks Downed By Tarheel Five

CHAPEL HILL, N. C. (AP) — North Carolina unleased a 60-point second half attack to blast off their basketball season with a 93-56 victory over South Carolina Saturday.

The Tar Heels led by only 32-24 at halftime, but the steam was turned on as the second period opened.

Borden Holds Lead In Area Production

Borden County led the immediate eight county area in new wells during November, accounting for over half the total new oil potential.

The area reported 45 new producers during the month with initial potentials of 5,975.51 barrels of oil. Of this, Borden had 11 new wells with combined potentials of 3,546.79 barrels per day.

Counties, other than Borden, included in the totals are Dawson, Garza, Glasscock, Howard, Martin, Mitchell and Sterling.

November totals were almost twice the October tabulations. The area counted 26 completions for a combined potential of 2,781.50 barrels per day during October.

Six new wildcats were staked during the month of November and 11 projects were plugged and abandoned.

Fifty new field locations were staked and 41 field projects completed. The total barrelage was 5,026.20 per day on potential tests.

Four wildcats were completed for a total of 949.31 barrels of new oil per day. Howard County had two of the discoveries and Borden and Sterling each had one.

The county-by-county survey includes:

Borden

Eleven projects were finaled in November for a total of 3,546.79 barrels of oil per day on potential tests.

The total includes one wildcat completion that finaled in two zones. It was Rowan Drilling Co. No. 1 Price, about six miles northeast of Gail.

Operator completed in the Strawn for discovery potential of 552 barrels of oil per day. He deepened to the Ellenburger for additional discovery potential of 132 barrels of oil per day.

Texaco No. 10-B Clayton, a Good (Fusselman) pool well, initialed for 1,188 barrels of oil per day. Other field projects were completed in the Arthur (Spraberry) field, the Lucy (Pennsylvanian) field, and the Fluvanna (Strawn) field.

Field production totaled 2,862.79 barrels per day on initial tests.

There were three dusters reported during the month.

Operators staked out 19 new field projects, but no new wildcats were spotted.

Dawson

There were no completions reported during November. One project was plugged and abandoned, two field projects were spotted, and one wildcat was staked.

Garza

There were eight field wells totaling 504.85 barrels of oil on potential completed during the month. Wells were finaled in the Post (Glorieta), Arlene (San Andres), and Rocker A (San Andres) pools.

No wildcats were completed, but one was staked. One project was plugged and abandoned and seven field locations were spotted.

Glasscock

No abandonments, no completions, and no new projects were reported.

Howard

Two discoveries were reported in the county.

Sabre Drilling Co. and Horace Garrett Oil Co. No. 1 Quinn was a San Andres discovery about 1½ miles northwest of the Moore pool. Potential was 68.31 barrels of oil in 24 hours. It is eight miles southwest of Big Spring.

Basin Oil Co. No. 1 Cates was a Spraberry discovery, three-quarters of a mile southwest of production in the Ackerly (Dean) field. Initial potential was 181 barrels of oil per day. It is two miles southeast of Ackerly.

In established pools, 10 wells were completed for a total of 533.91 barrels of oil per day. These projects were in the Howard-Glasscock and Snyder fields.

There were no new wildcats staked during November, but one was abandoned. There were 13 field locations spotted.

Martin

One completion was reported in the Breedlove (Devonian) pool. It had a 24 hour potential of 402.42 barrels per day. Operator does not plan to try the Strawn section.

Three wildcat locations were sighted and three field locations staked.

Two wildcats were abandoned as dry holes.

Mitchell

Eleven projects in established pools were completed for a total of 678.23 barrels of oil per day on potential tests.

These wells are in the Sharon Ridge (1700), Maude, Turner-Gregory (Clear Fork) and Westbrook fields.

Five projects were staked and there were no dusters. No wildcat activity was noted.

Sterling

Two completions, one of them a discovery, were reported in November.

Black No. 1 Humble was an upper Permian discovery with an initial potential of 16 barrels of new oil per day. It is two miles south of Broome and found production at 1,345 feet.

The field well was in the Clark (San Andres) pool and potentialed for 44 barrels per day.

One field project and a wildcat were staked. There were three holes plugged and abandoned.

C. I. WALL CONGRATULATES CHAMP RAINWATER

Rainwater Honored For 30-Year Service

Thirty years ago a young Oklahoman, barely out of school, went to work drawing graphs for a gas company in Oklahoma.

Friday evening in Odessa Champ Rainwater was congratulated by C. I. (Stony) Wall, president of Pioneer Gas Company for completion of three decades of service with companies which have since merged with Pioneer.

Three others from Big Spring also received service awards. They were Frank R. Long, Virgle R. Patton and James P. Schupp. O. L. Snodgrass, Stanton manager, received his 10-year pin.

Rainwater started out at Bristow, Okla. and serve there five years before putting in 10 years at Drumright, Okla. as a manager. He was sent to Clarksville, Ark. for six months before coming here as assistant manager to Pat Kinney, district manager for Empire Southern Gas.

He succeeded as manager when Kinney was named vice president of the company which little more than a year ago became part of the Pioneer system. Rainwater has been a president of the Chamber of Commerce, Rotary Club, active in Boy Scouts, the United Fund and numerous other civic activities.

Attending the affair at the Odessa Country Club were the Rainwaters, the Longs, the Schupps, Patton, Mr. and Mrs. Rad Ware, Mr. and Mrs. Horace Cook, Mr. and Mrs. Bill Arant, Mr. and Mrs. C. R. Anderson, Mr. and Mrs. Larry Shortes, Mr. and Mrs. Roy Green, H. N. Whitton, and Calvin Bordofske.

Drillers Get 217 Wells

AUSTIN (AP)—Drillers brought in 206 oil and 12 gas wells last week, the Railroad Commission said Saturday.

Drillers hit 141 dry holes and plugged 217 wells, including 67 oil wells.

Oil well completions total 11,412 for the year compared with 11,468 a year ago. Gas wells total 1,957 compared with 1,983. Wildcatters hit 3 oil and 1 gas wells.

Unofficial records show Texas oil men will produce about 33 million barrels of oil more than last year.

Working Rig Count Tilts Back In See-Saw Reports

Continuing to play a see-saw game, the total number of rotary rigs working in the Permian Basin tilted back this week.

Only 347 were counted Friday in Reed Roller Bit's weekly survey. There were 355 counted last week and 344 the week before.

A year ago, the Basin had 409 rotary operations making hole.

The immediate eight county area, increased from 34 to 39 working operations. The gains were noted in Dawson, Martin and Sterling Counties.

Martin and Sterling had no rotary projects under way last week. Martin counted three and Sterling had one reported. Dawson climbed from five to six during the week.

Lea County, N. M. continues to hold the lead in the Basin area with 51, an increase of two from the 49 on the list last week.

The complete county, with last week's tally in parenthesis, includes:

Andrews 32 (31), BORDEN 16 (16), Cochran 2 (2), Coke 0 (3), Chaves 5 (6), Crane 17 (18), Crockett 2 (1), Crosby 2 (2),

DAWSON 6 (5), Dickens 1 (1), Ector 33 (33), Eddy 16 (14), Fisher 3 (2), Gaines 16 (17), GARZA 5 (5),

GLASSCOCK 1 (1), Hockley 5 (7) Hale 1 (0), HOWARD 5 (5), Irion 1 (1), Kent 1 (1), Lamb 1 (1), Lea 51 (49), Loving 9 (10),

Lubbock 2 (1), Lynn 2 (2), MARTIN 3 (0), Menard 0 (2), Midland 6 (8), MITCHELL 2 (2), Nolan 3 (3), Pecos 14 (17), Otero 1 (1),

Reagan 1 (2), Reeves 4 (4), Roosevelt 1 (5), Runnels 4 (3), Scurry 5 (5), Schleicher 2 (2), STERLING 1 (0), Tonewall 6 (5), Sutton 1 (1).

Tom Green 1 (1), Terry 2 (1), Terrell 2 (2), Upton 11 (13), Ward 15 (13), Winkler 14 17), Yoakum 13 (14), TOTALS 347 (355).

300 Expected For Midland Conference

MIDLAND—Some 300 West Texas oil and gas people convene here Tuesday to study techniques for handling sticky economic, social and political questions currently facing their industry.

It will be the first Public Affairs Conference ever held for oil people It is being sponsored by the West Texas Oil Information Committee of the Texas Mid-Continent Oil & Gas Association.

Conference chairman Roy Minear, Midland, said it was being staged "as a test to provide a wide cross-section of petroleum people in the Permian Basin area with a common level of information on issues affecting their operations and equip them for defending and promoting their industry in the field of public affairs."

The conference will be limited to the Midland Chamber of Commerce.

Subjects to be covered include percentage depletion, natural gas legislation, marketing regulations, Texas finance and tax matters, national fuels policy, gasoline prices and taxes opinion polls and press relations. Specialists will review current status of these issues and recommend practices for reaching solutions satisfactory to the industry.

Speakers at the one-day conference include Fred H. Husbands, executive vice president, West Texas Chamber of Commerce, Abilene; Marvin Miller, vice president, Cosden Petroleum Corp. Big Spring; and Jim Watson, oil editor, Reporter-Telegram, Midland.

Site of the conference will be the Woman's Club Building. It

R. M. NUGENT

Nugent Named To Fill New Cosden Post

R. M. Nugent, a well known figure in West Texas oil circles, has become associated with Cosden Petroleum Corp. The announcement was made by R. L. Tollett, president.

While building a 22-year record of service with Magnolia Petroleum Co., Nugent was at one time assigned to the Midland offices as division geophysicist. In that capacity for eight years, he gained his knowledge of the Permian Basin and New Mexico.

More recently, he has been in Magnolia's Dallas headquarters where, for the past year as area geophysicist, he was responsible for geophysical work in 13 states and was staff advisor to the exploration vice president.

With the liquidation of Magnolia into Mobil Oil, Nugent was transferred to New York City as chief geophysicist and staff advisor to the exploration manager. He has joined Cosden as assistant to the president, assuming his duties Dec. 1.

Tollett, in making the announcement, stated: "We are fortunate in acquiring the services of Nugent. His wide experience and knowledge of the oil industry will be great assets to Cosden."

A native of Louisiana, Nugent holds a BS degree in mechanical engineering from Louisiana Tech. He is a member of the Society of Exploration Geophysicists and the Permian Basin Geophysical Society. He is a Methodist.

Mr. and Mrs. Nugent are making their home in Big Spring. They have a son, R. M. Jr., who is a student at Rice Institute.

LPG Contends For Oil Crown

AUSTIN (AP) — Liquefied petroleum gas is a major contender for the Texas oil crown long held by crude oil, the Bureau of Business Research said Saturday.

In some parts of the state a competitive fight is shaping up between LPG — which usually is distributed as butane and propane — and natural gas.

"Liquefied petroleum gas was for many years the unwanted child of the oil industry," the business research report said. "as natural gas was initially a waste product in the production and refining of oil, LPG was burned off as waste in oil refining and in the processing of natural gas and gasoline. Not until the early 1920's did it become an important sideline product in natural gasoline plant operation."

National consumption was not more than 300,000 gallons in 1925 when Texas first set up laws to regulate the industry. In January, 1958, Texas had 31 cycling plants turning out 5,548,388 gallons per day of propane and 3,154,226 gallons daily of butane, plus smaller other amounts of other types of LPG. Total national LPG production in 1958 was 9,150,000,000 gallons of which Texas produced about 4,500,000,000 gallons.

"Producers claim liquefied petroleum gas sales will hit 1,200,000,000 gallons by 1962," the bureau report said. "They base their optimism on the trend to increased suburban living, especially increased home building in districts not now serviced by natural gas."

Cosden Spud Lea Project

Cosden Petroleum Corp. is spudding the No. B-2 State, Saunders field project near Lovington in Lea County, N. M.

This project is slated for a test of the Pennsylvanian at 10,000 feet.

Cosden's No. 1 Millican, in Coke County, is digging at 5,455 feet. The firm's No. 9-B O'Daniel, in Howard County, is running the pipe to complete at the total depth of 2,638 feet.

Coi-Tex No. 33-29 - 29 - Abrams, Mitchell County project, is drilling at 2,973 feet.

National Count Gains 7 Rigs

The nationwide rotary rig count gained seven rigs during the week, totaling 2,213 at week's end. Last week's total was 2,206 rotary operations at work.

The Hughes Tool Co. makes the weekly audit of rotary operations.

The Texas count was 800, 22 more than the previous tally. West Central Texas continued to lead the state with 255 working, 17 more than the survey showed a week earlier.

New Mitchell Well In Sharon Ridge

Carter, Mandel and Simons No. 3-A J. H. Humphrey is a Mitchell County completion reported Saturday in the Sharon Ridge (1700) field.

Operator made 35.7 barrels of 29 gravity oil with 27 per cent water from perforations between 1,500-37 feet. The ground level elevation is 2,084 feet, the total depth is 1,573 feet and the top of the pay zone is 1,500 feet.

The 4½ inch casing goes to 1,573 feet. Operator fraced with 2,000 barrels of water and 100,000 pounds of sand. Drillsite is 879 from south and 3,000 from west lines of section 10-27-T&P survey.

Area Explorers Making New Hole

Two area wildcats were reported making hole Saturday.

Bakke and Westwater No. 1 Browning, Borden County explorer, is digging in lime and shale at 4,925 feet. Three miles south-2west of Fluvanna, it is 2,310 from north and 467 from west lines of section 407-97-H&TC survey.

Great Western No. 1 Allen, Martin County prospector, is making hole in lime, shale and chert below 11,174 feet. It is C SE SW of section 41-37-1n, T&P survey and eight miles northwest of Stan-

Two Offsets Staked To Dual Discoverer

Two companies have staked offsets to the Rowan No. 1 Price dual discovery well in Borden County.

This discovery found Strawn and Ellenburger pay for total potential of about 1,386 barrels per day. Operator has asked for the name of Romac (Strawn and Ellenburger) field.

Forest Oil Corp. has spotted the No. 1 Fronia Hamilton one location east of the discovery hole. It will test both formations and is slated for a bottom of 8,600 feet. Location is 660 from south and 330 from west lines of section 38-30-6n, T&P survey about six miles north of Gail.

Champlin Oil and Refining Co. of Midland No. 1-A Frank Miller is one location south of the discoverer and will drill to 9,000 feet. It is 660 from north and east lines of section 46-30-J. H. Gibson survey about seven miles northeast of Gail.

Other locations announced Saturday are in Borden and Howard counties.

Pan American No. 4-25 T. J. Good is an Arthur (Spraberry) field location about 9.5 miles northwest of Vealmoor on 14.447 acres. It is slated for 8,200 feet. Location is 400 from south and 660 from west lines of section 25-33-4n, T&P survey.

In Howard County, Fleming Oil Co. and Fleming and Kimbell will drill the No. 38 Dodge Estate to 3,200 feet in the Iatan East Howard pool. On 440 acres it is six miles south of Coahoma and 2,310 from north and west lines of section 15-30-T&P survey.

Two projects were staked in the Howard-Glasscock pool.

Ralph U. Fitting Jr. No. 2 W. R. Settles is an old well plugged back for tests at 1,550 feet. The ground level elevation is 2,905 feet. It is 2,310 from north and 2,210 from east lines of section 158-29-W&NW survey.

Socony-Mobil Oil Co. No. 1 Pearless-Chalk is also an old well workover. Operator will plug back from the San Angelo and check the San Andres. It will go to 2,895 feet and the old total depth was the same footage. Location is 2,310 from north and west lines of section 95-29-W&NW survey. It is 13 miles southeast of Big Spring on 20 acres.

Offset Makes S-Andres Oil

Big Spring Exploration, Inc. No. 1 French, diagonal offset to the discovery of the Marinell (San Andres) field in Hockley County, swabbed 5½ barrels of oil per hour Saturday.

Operator prepared to complete after perforating the oil string from 4,714-30 and washing with 500 gallons of mud acid.

Big Spring Exploration took over the No. 1 Combs from Kay Kimbell, also in Hockley County, squeezed with 75 sacks at 4,740 and will reperforate and test. This is in the South Yellowhouse field.

The operators' rank wildcat, No. 1 Eardley, looking for the Olmos sand in Dimmit County, was at 1,660 feet. The Big Spring Exploration No. 1 George M. Slaughter, Cochran County, was still at 410 feet waiting for a heavier rig.

People Of Karachi To Welcome Ike

By HENRY S. BRADSHER

KARACHI, Pakistan (AP)—The people of Karachi will line up along a 10-mile road from the airport to downtown Karachi to greet President Eisenhower Monday.

This nation is divided into two vastly different parts. One side, including Karachi, is largely desert. East Pakistan, 900 miles away across a wedge of India, is an area of rice paddies wetted by monsoons.

President Eisenhower will spend a day and a half in Karachi, an overcrowded city between the desert and the Arabian Sea. Most of Pakistan's government is still here, although the capital was recently shifted 700 miles inland to Rawalpindi.

Eisenhower also will fly across fertile irrigation projects and the stonily barren mountains of West Pakistan, between Afghanistan on one side and India on the other.

The most important link between east and west Pakistan is the Moslem religion. Under the leadership of Mohammed Ali Jinnah, the Moslems won a separate state when freedom came to the Indian subcontinent in 1947.

Jinnah died in 1948 and his top aide, Prime Minister Liaquat Ali Khan, was assassinated in 1951. Pakistan began to slide into corruption. In October 1958 the army chief of staff, Mohammed Ayub Khan, stepped in. The British-trained officer has a reputation for discipline, hard work and honesty.

In a part of the world noted for neutralism, Ayub Khan thinks in terms of military positions and is a firm American ally.

But Ayub Khan has worries of his own. The Soviets are building roads down through the buffer nation of Afghanistan. The Chinese Communists are building roads through western Tibet near disputed Kashmir. Ayub Khan says Pakistan will be under military threat within five years.

This and the foreign aid without which Pakistan cannot continue its economic development programs are likely to be on Ayub Khan's mind when Eisenhower flies in from Ankara Monday.

Cubs, Parents Join In Hike

Over 100 Cub Scouts and parents joined in the hike up Scenic Mountain and a cook-out Saturday morning.

Bill McRee, scout executive, said the weather was a little brisk for camping and hiking, but everyone attending enjoyed the outing.

Representatives of eight or nine packs took part, including packs from Gay Hill and Lenorah. The hike began at Park Hill school.

There were about 80 cubs and 30 adults making the trek.

Momism Blamed For Alcoholism

COPENHAGEN, Denmark (AP) —Most alcoholics are "attached to their mothers in a childish way" and can't "stand the cold world," reports Dr. H. Alois Widmer. He has studied some of the 3,000 alcoholics under treatment at Danish clinics.

Dawson County Cotton Final

LAMESA — A final report from the local office of the Texas Employment Commission received Friday indicates that 149,358 bales of cotton have been ginned to Dec. 4. The figure is compiled from reports of all ginners in the county.

The final report comes earlier than last year's which was furnished about Jan. 15. However an early cotton crop had induced many of the gins to begin closing for the regular season.

Last year at this time 130,750 bales had been ginned but the final tabulation of the year's crop was 144,612. The local TEC estimated some of the gins would handle another 2,000 or 3,000 bales prior to closing but the ultimate number of bales would hover around 155,000.

Kelly's Had It Without His Love To Keep Him Warm

By JAMES BACON
AP Movie - TV Writer

HOLLYWOOD (AP) — Jack Kelly can handle television's toughest gunslingers, card sharks and plain ornery cusses with consummate ease.

But offscreen Kelly — fortunately—has a beautiful and devoted wife to watch over him. Else there might be only one Maverick brother in the Warner Bros. series.

Recently the show's sponsor invited Kelly and his wife to his Lake Tahoe home. Kelly wanted to try water skiing.

Donna Kelly, known professionally as actress May Wynn, demurred but finally consented as long as she could go along in the speedboat.

Kelly fell off his skis, an everyday occurence in that sport. But watchful Donna noticed that her husband didn't come up—a rare occurrence. Quick thinking, she guessed rightly that the synthetic cord had wrapped around his ankle.

"I was dragged underwater for a good 200 feet," Kelly recalls, "I kept thinking that this was the end of me. I was surprisingly calm and kept hoping that the boat would not swerve. The way the cord was entwined on my ankle, a sudden pitch could possibly have cut it off.

"Donna, God bless her, told the driver to ease to a stop."

The rope had cut an inch into Kelly's ankle. Then when the cut finally healed, glass particles in the synthetic rope fibers caused a festering. The wound had to be cut open again and the particles removed piece by piece.

WOMEN'S NEWS

BIG SPRING DAILY HERALD

SEC. C BIG SPRING, TEXAS, SUNDAY, DECEMBER 6, 1959 SEC. C

Class 60-H Wives Add Beauty To Base

Must be quite a wrench to find yourself suddenly moving to a strange place, leaving behind all ties and friends. Must be even worse when the move comes right at the holiday season when plans are in the making for parties, dinners, dances and all the other fun to be found at this season of the year.

That's what has happened to the new class which has just arrived at Webb Air Force Base—Class 60-H.

Here for not more than two weeks, members of the class have spent the time in getting settled, their treasures placed at just the right angles and are probably making plans for their first Christmas trees in their new surroundings.

Gathered at the luncheon, given Thursday for members of the Officers Wives Club and their guests, were the wives of the new class, getting acquainted and greeting friends who moved at the same time.

From various states they came and one, Mrs. Herman Hammerstein names Hanover, Germany, as her former home. She has been in this country about three months; her husband preceded her by about seven months. Mrs. Hammerstein sang for the group Thursday, adding to the program of Christmas music from around the world. Her song was Silent Night in German.

Combining the Christmas luncheon with a welcome for the new arrivals was a pleasing gesture on the part of the OFC, and with a few wives from Texas included in the group, the newcomers will soon be feeling right at home.

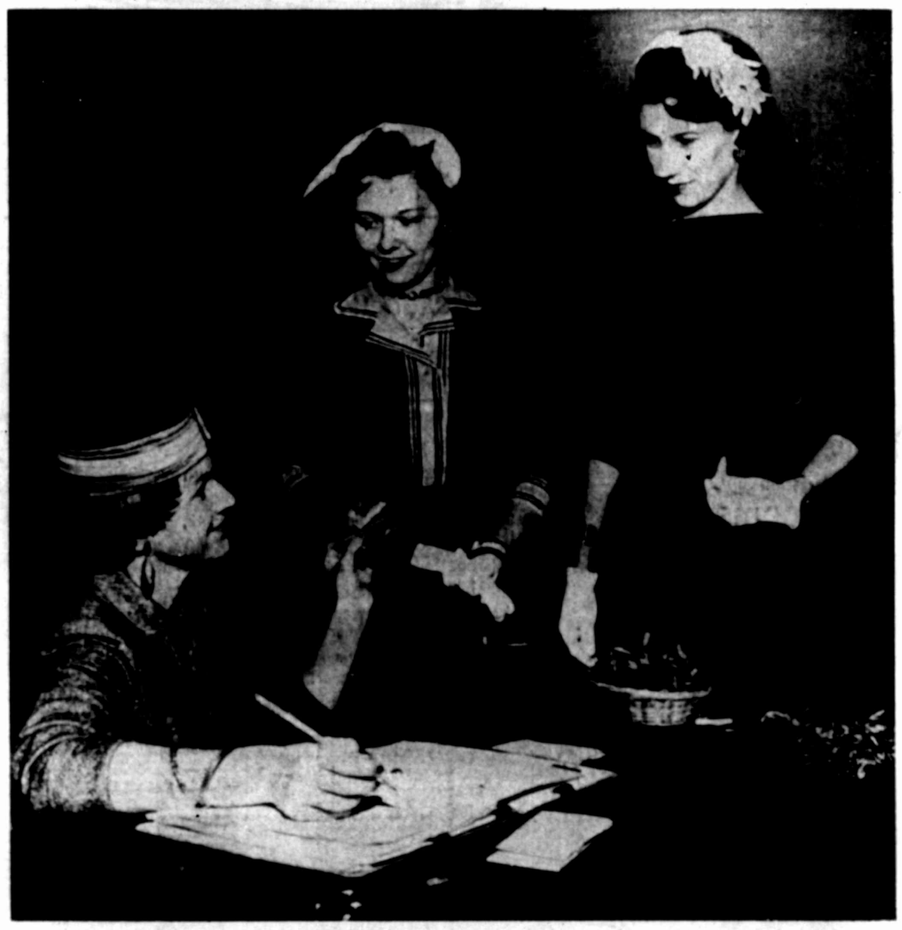

(Big Spring did its part Saturday to add "local color" to the welcome by staging a slight dust storm.)

A SOCIAL HOUR marked the beginning of the Christmas luncheon Thursday, when members of the Officers Wives Club staged their monthly meeting. It was also a welcoming affair for the wives of the men in Class 60-H, who have recently arrived in Big Spring from all parts of the United States—or even better, all parts of the world. Waiting to be served punch from a table done in pink, are some of the group, as Mrs. Curtis Westphal ladles the tasty beverage. At her left are Mrs. Charles Bruckner of Houston and Mrs. Herman Hammerstein of Hanover Germany, who has been in this country about three months. Mrs. Robert Evans is from Gillette, Wyoming, while Mrs. Fred Wolf is a bit closer home. She hails from Longmont, Colorado. A Texan, Mrs. John Kubin, is at the far right; her home is Houston.

TEXAS IS NOT SO NEW to this group of newcomer wives. Mrs. Charles Stoltz of Indianapolis, Ind., at left, is in the state for the second time; Mrs. Jerry Goodenough, center, is from Oklahoma and has been a visitor to Texas quite often. Mrs. Donald Terpening is a neighbor to the east, coming here from Lake Charles, La. The three were snapped by the Herald photographer as they chatted before the luncheon, given by members of the Officers Wives Club at Webb AFB. All have been in Big Spring about two weeks.

TINY CORSAGES OF PYRACANTHA were presented to the newcomer wives at the luncheon given Thursday at the Officers Club at Webb AFB. In picture above, Mrs. Gregg Smith, member of the Officers Wives Club, registers Mrs. Charles Hughes, who has been here just about a week. Her home is Leheighton, Pennsylvania, and this is her first experience with making a home in Texas. Waiting to be checked on the reservation list is Mrs. Albert Zimmerman, also in Texas for the first time. Her home is Morgantown, W. Va., and she, too has been a resident of Big Spring about a week.

SUCH A PRETTY WAY TO DISPLAY CHRISTMAS BALLS, commented the two newcomers, in picture at right, whose husbands are members of Class 60-H at Webb Air Force Base. Discussing the scales as Christmas decoration are Mrs. Hanns Hagen, at left in picture. She is from Fort Collins, Colo., while her companion, Mrs. Cal Greer, is from Dallas. They were getting acquainted before the Officers Wives Club luncheon, given Thursday at the Officers Club, when members of the club made the event a welcoming party for the attractive young women.

IT'S TWO FROM OREGON TO ONE FROM TEXAS as Mrs. Burt Huffines of Baird at left, in picture above, greets Mrs. Charles Dougherty of Portland, Ore., and Mrs. Dick Stevenson of Corvallis, Ore. All three were guests at the Christmas luncheon Thursday when the Officers Wives Club held its regular meeting. Here for about a week, the women are wives of students in the new group at Webb Air Force Base, Class 60-H. Other than a period of time in San Antonio, this is the first trip to Texas for the two out-of-staters.

HOLLYWOOD BEAUTY

Teen-Ager Advises On Diets, Beauty

Diet Sensibly, She Says

Annette Funicello, one of the nation's most popular teen-agers, dicusses her beauty problems and warns against diets. Annette will star in Walt Disney's future television production, "Mother Carey's Chickens."

By LYDIA LANE

HOLLYWOOD—The postman in Encino, Calif., has been very busy since Annette Funicello bought a new home there, for this former cheer leader of the Mickey Mouse club receives over 5,000 fan letters a week.

When we lunched the other day at Disney's studio, Annette said, "You'll have to excuse my peeling nose, but I have my own pool now and I have been living in the sun. I had such an oily skin I didn't think I needed to use any suntanning stuff, but I've learned that I do.

"My doctor used to give me sun lamp treatments, but we've been having such mild weather I find baking in the sun even better. My skin used to be such a problem because when we were on location, I would have make-up on for 12 hours from seven in the morning until seven at night. Working in the sun with all this gook on my face was terrible for my pores. That's when I had to go to a skin specialist.

"He gave me a pure soap and told me to wash my face three times a day and to use my fingers instead of a wash cloth.

"And my doctor gave me an oily-skin diet. I wasn't allowed any butter, peanut butter, mayonnaise or fried things. It was awful to give up potato chips.

When Walt Disney started his Mickey Mouse Club on television a few years ago, his talent scouts interviewed thousands of youngsters all over the country. Twenty-four were put under contract, and now Annette is one of the few original members left at the studio.

"In comparison to the others," Annette said with modesty, "I had years of experience. But I have always tried to follow my family's advice, always trying to do my best. I think too often teen-agers think about how much they can get instead of how much they can give. But I don't think it's fair that the few teen-agers who get out of hand give all the rest a bad name."

"I weigh myself once a week, and if I'm over, I go on a diet. I have a wonderful one of cottage cheese, eggs, fish, any meat that isn't pork, and lots of green salads, fresh fruits and vegetables. You don't have to go hungry, but nothing starchy is allowed and no desserts—that's the hard part. But you can lose a pound a day and eat three meals.

"The first time I realized I was too fat, I decided to get thin in a hurry. I thought that the pounds would just melt away if I was real strong and didn't eat anything. For two days I had nothing but lots and lots of water, but during the night I got such awful pains in my stomach that I had to call for my mother. She was going to send for the doctor when I told her what I had been doing.

"'You have hunger pains,' she told me and I went into the kitchen and stuffed myself. This is very foolish and I'll never do anything like that again. Anyway, you lose more by eating non-starchy foods than by not eating anything because starving yourself is unhealthy and the body swells up," she said.

SENSIBLE DIETING

"Haste makes waste" and serious injury can result from a diet routine that is too fast. Because Shirley Jones almost ruined her health with extreme dieting she hopes to prevent others from making the same mistakes she made. In Leaflet M-61, "Shirley Jones' Easy-to-follow Sensible Diet," are many suggestions on how to take off weight the right way. This diet can be followed until the desired amount of weight is lost because of the well - balanced and well - planned meals. Also included are low-calorie tasty snacks so that at no time will you have hunger pains. For your copy of this sensible diet send only 10 cents and a self-addressed stamped envelope to Lydia Spring Herald.

Be sure to ask for Leaflet M-61, "Sensible Diet."

Simple Floor Care

Marble floors at the National Art Gallery, London, are maintained in perfect condition with warm water and detergent. This simple treatment is considered the best way to preserve the mosaic coloring and beauty of marble. Tedious wax-polishing has been eliminated.

Sewing Club Has Election

Mrs. A. E. Reynolds was elected president of the Eager Beaver Sewing Club Friday at a meeting in the home of Mrs. D. D. Johnston.

Chosen as vice president was Mrs. J. L. Swindell; secretary-treasurer, Mrs. Dick Hooper, and Mrs. J. A. Freeman, reporter.

The social committee is made up of Mrs. W. O. Washington and Mrs. Johnston.

Secret pals were revealed with gifts; new names were drawn for the coming year.

Plans were discussed for the Christmas party of the club, at which families will be gathered. Games and a Christmas tree are planned for the diversion and Mr. and Mrs. Johnston will be hosts. Time for the affair is 7 p.m. Dec. 18.

The next hostess will be Mrs. A. D. Jennings, 707 E. 16th.

Festive Dance, Party Are Start Of Christmas Fun

One of the first in the series of holiday festivities was the dance given Friday evening by Mr. and Mrs. Marvin Miller and Mr. and Mrs. Cecil Guthrie, who entertained at Cosden Country Club.

Guests danced to the music of Dale Morning and his orchestra from Odessa. Small tables held votive lights in bases of fir and snow, with fun added by a little "happy" which bobbed in each arrangement.

Walls of the ballroom were decorated with small flat Christmas trees, poinsettias, stars and silvered wreaths bearing Christmas balls. Golden birdcage arrangements hung from the ceiling, which was illuminated with tiny lights.

On the cocktail table was a silvered manzanita tree in a base of red carnations with silver grapes and a silver deer to complete the grouping. Silvered foliage and holly combined with the flowers and surrounded the candelabra holding red tapers at each end of the table.

• • •

Preceding the dance, friends gathered at the Leroy Tidwell home for an informal reception in which the Horace Garretts joined as hosts.

Red satin covered one table where pink carnations clustered around a silver champagne bottle filling glasses.

Another table was done in green curduroy with motifs of the season sparkling on it. An impressionistic tree of carnations in tangerine hue and holly centered this refreshment table.

Gift Coffee Given For Mrs. Taylor

WESTBROOK — A gift coffee honored Mrs. Donald Taylor Tuesday afternoon in her home. Mr. and Mrs. Taylor have recently moved to Westbrook from Homestead AFB in Florida. He will be associated with his father, C. E. Taylor, in business.

Members of the Ruth Sunday School class of the First Baptist Church were hostesses for the affair.

Take Away Aches

Aching muscles are sure to result from unfamiliar or once-a-year household tasks. To relieve soreness, ease yourself into a tub-ful of soapsuds—as hot as you can stand—and soak away stiffness and pain.

Mrs. Powell Is Head Of Golf Association

Mrs. E. L. Powell will head the Ladies Golf Association of the Big Spring Country Club for the coming year; she was elected at a luncheon in the Cosden Country Club Friday at noon.

To serve with Mrs. Powell is Mrs. Lloyd Wasson, vice president; Mrs. Gil Jones was elected secretary, and Mrs. Charles Tompkins, treasurer.

Plans are for the new slate of leaders to be introduced at the cocktail party to be given on Dec. 19, preceding the annual dance of the club.

Reports from committees were made, and guests were introduced. Mrs. Wesley Deats was welcomed into the association as a new member.

Mrs. Elmo Wasson, cochairman with Mrs. Powell for the weekly duplicate bridge sessions held at Cosder, Country Club, gave a resume of proceeds and expenses for the games. There have been 907 players since the start of the games in July. All money from the bridge play goes in to the association treasury, she stated.

Hostesses were Mrs. Lloyd Wasson, Mrs. Kimball Guthrie, Mrs. Elmo Wasson and Mrs. Powell. On the tables they arranged runners of silvered cedar and Christmas balls. Head table was centered with a similar runner, ending with an arrangement of red carnations and a small Santa.

Mrs. Elmo Wasson was the winner of the centerpiece.

Date for the next meeting of the group is set for Jan. 8, which is a change in the regular meeting time; the hour will be 12 noon. Hostesses are to be Mrs. Ova Mae Edwards, Mrs. Harvey Williamson and Mrs. Obie Bristow.

OPEN HOUSE WILL HONOR J. H. GREENES

Mr. and Mrs. J. H. Greene will be honored at an open house this afternoon marking their Golden Wedding anniversary. Hosts for the affair will be their children, Mr. and Mrs. Joe Pond, 1611 Runnels, and Mr. and Mrs. J. W. Greene of Abilene.

Friends are expected to call between the hours of 3 and 5 p.m. in the parlor of the Student Union Building at Howard County Junior College. No formal invitations have been issued.

Hearty Meals Slated For Cafeterias

Hearty meals for the energy required these cooler days are in store for your child in lunches at the cafeterias in the local schools. Here is the menu for the week:

MONDAY: Chili con carne, mixed vegetables, creamy cole slaw, hot rolls, cherry cobbler, milk.

TUESDAY: Sausage 'n apple-sauce patties, yams yummy, green beans, hot rolls, peach upside-down cake, milk.

WEDNESDAY: Pinecrest pie, parsley buttered potatoes, fruit jello, peanut butter cookies, hot biscuits, milk.

THURSDAY: Boneless pork chops and gravy, buttered corn, green peas, hot rolls, apple betty, milk.

FRIDAY: "Bumstead" sandwich, sliced pickles, carrot sticks, potato chips, purple plums, milk.

Westbrook P-TA Has Executive Meet

WESTBROOK — Executive council of the Westbrook P-TA met Thursday afternoon in the school cafeteria with Mrs. George Sweatt presiding.

A report was heard on the Harvest Festival that was held, and it was announced that the Rev. Max Browning will be guest speaker for the regular P-TA meeting to be held Thursday. His topic will be Strengthening Homes Through Spiritual Values.

An operetta will be presented by the elementary classes under the direction of first grade teacher Mrs. J. M. Watson. The public is invited to attend.

Three Of A Kind

And a squirming, wiggling kind, too, thinks their father, Lt. Ronald Watson, as he tries to hold his triplet daughters, Lisa, Linda and Laura. Son Mark, with the help of his mother, Mary Watson, hangs his Christmas stocking before the family fireplace in anticipation of Santa's visit. His trio of sisters don't look like the patiently-awaiting kind when they think of the 19-day wait for the sound of sleigh and reindeer upon the roof.

Triplet Girls And Son Keep The Watsons Busy

Santa Claus must come in triplicate to the Ronald Watson household, for there live three young ladies who like to have things just alike.

So much do they like things alike, in fact, that they themselves are alike.

The Watson triplets, Lisa, Laura and Linda, were born Jan. 15, 1958, in Abilene. The soon-to-be two-year-olds have one brother, Mark, who reached the ripe old age of three in September.

This quartet keeps Ronald and Mary Watson busy, as you would expect. Their mother relates they are very helpful around the house, though . . . if you want a drawer emptied, pins hidden, or something spilled.

"When they were first born one of the television stations interviewed me," said Lt. Watson. "I was so mixed up I couldn't remember all of their names!"

This mix up still continues, but in a different form now.

Mary relates that it is just within the last two months that they have begun to be able to tell the trio apart. The secret, she says, is in the shape of their heads. The face of one of the girls is a little thinner than the others, for example.

"Each day they look a little different," says Ronald. "You have to be around them constantly, though, to notice the differences."

The idea of things in triplicate form doesn't terrify Ronald Watson. He has spent his life being the duplicate form of a twin brother, Robert. People think they are identical, he says, but this native of Fallon, Nev., can see a lot of differences.

When the girls were born, showers were given at both the Abilene base where they were stationed and in Mary's hometown of Wilcox, Ariz.

"We haven't had to buy anything except shoes for the girls so far," the young mother said. "At their showers we received 105 presents, in triplicate, and there are still some of these gifts that we haven't been able to use yet."

The blonde-haired baby-doll creatures are a little small for their age, as is Mark.

Mark is a rather quiet child, no doubt overcome by the thought of having to try to out-talk three young ladies, once he says something dissenting with their opinions. But, as his father says, "he is the real live-wire."

There are some very distinct and wonderful advantages to having four children within 16 months of each other.

"I get lots of sugar when I come home," says the young Air Force officer, as his trio and son throw themselves around his legs shouting "Daddy, Daddy!" when he comes through the front door.

Mrs. Overton Will Host HD Party

FORSAN — Mrs. Jesse L. Overton will be hostess for the Christmas party of the Forsan Home Demonstration Club Tuesday afternoon in her home.

• • •

Guests of the Jack Lambs have been Mrs. Lamb's sister and her husband, Mr. and Mrs. H. A. Scott from California.

Mr. and Mrs. Ronnie Lanier are parents of a daughter, Gina Denise, born Nov. 26 in Cowper Hospital, Big Spring. The Laniers, who recently moved here from Oklahoma, have as their guest, her mother, Mrs. John Russell of Dallas. Mrs. C. B. Long is an aunt.

Business visitors in Andrews have been Mr. and Mrs. Frank Swiger.

Mrs. B. R. Hagar of Pecos is in Malone - Hogan Hospital, where she underwent surgery Friday. Her children, Mr. and Mrs. Jimmy Hagar and daughters were expected here this weekend.

Week Of Prayer Ends With Study On Friday

Bringing to a close the Lottie Moon Week of Prayer for missions, women of the Baptist Temple WMS have met each morning this week at the church for study.

Tuesday, the Fisher Circle, under the leadership of Mrs. Robert Hill, presented the program on the topic, O God, We Pray for the Sick and Suffering.

Mrs. Rex Edwards was leader for the Horace Buddin Circle Wednesday, when the group presented the study

Thursday morning, the training Circle, with Mrs. Delbert Caffey, as leader, brought the series of prayers, readings and meditations which made up the discussion of O God, We Pray for Presses at Work for God.

Friday morning was the day of dedication for the group, and Mrs. N. W. Derryberry led the program. Mrs. A. R. Posey read the missionary prayer list; others participating in the study were Mrs. Hill, Mrs. Dick Collier, Mrs. Pete Shepherd, and Mrs. Tom Buckner.

Mrs. Derryberry projected slides of scenes which had been described during the entire week.

Pythian Sisters Have Visit From Grand Chief Of Texas

LAMESA — Mrs. Thelma Oliver of Tahoka, Grand Chief of Texas, was honored by the Lamesa Pythian Sisters at a banquet Saturday in KP Hall, preceding her official visit to the Lamesa Pythian Sisters Temple at 7:30 p.m.

The holiday motif was accented in the banquet decorations which carried out the grand chief's chosen colors of red, white and blue.

All officers of the Lamesa Temple were present for the business meeting when Mrs. J. C. Holcomb, manager, introduced Mrs. Oliver; the grand musician, Eulala Richardson of Tahoka; Mrs. Jay Bartlett, special deputy to the grand chief, and other temple deputies attending.

In an officer election Mrs. Harvey Weir was elevated to the post of most excellent chief, and Mrs. Ella Schmidt will serve as past chief. Other officers advanced in rank with Mrs. Darrell Merrick elected guard.

Mrs. Ira Ashley was named secretary; Mrs. Frank Love, first chair trustee; Mrs. S. F. Reynolds, Grand Temple representative; Mrs. John T. Agee, degree staff captain; Mrs. J. C. Holcomb, press correspondent; Mrs. Willie Tyra, pianist; Mrs. Pearl Poteet, treasurer, and Mrs. Mable Lee Ray, installing officer.

Addressing the group of 60, Mrs. Oliver told of her recent visit to the Pythian Home near Weatherford, and of the acute need for new laundry room equipment. This is the grand chief's project for the year and funds from the silver drill were given by the Lamesa women for this purpose.

During the reception which followed the meeting, refreshments were served by Mrs. Elmo Smith, Mrs. Bill Derrick, Mrs. Dale Merrick and Mrs. Jess Merrick.

Daughter Is Born

Mr. and Mrs. Phillip Burcham, Old San Angelo Highway, are parents of a daughter, Tammi Rhena, born Thursday in Malone-Hogan Hospital. Grandparents are Mrs. Roy Jones, 906 San Antonio, and Mr. and Mrs. J. J. Burcham, 902 San Jacinto.

ROBINSONS' ANNIVERSARY NOTED TODAY

Friends of Mr. and Mrs. Charley Robinson and their family will call at the Robinson home today to greet the couple on the 60th anniversary of their marriage.

An open house will be held from 1 to 5 p.m., and although no invitations have been sent, the Robinsons want all their friends to come to the party.

The couple's children will assist in greeting guests at the home where the Robinsons have lived since 1902.

WHY . . .
Experiment In Reducing?

Niblack is different. We agree with the Federal Food and Drug Administration that vibration and drugs cannot "Spot Reduce."
Niblack's different tables are designed with a series of rollers that gently knead and massage away unwanted inches, firm and tone muscles, stimulate circulation and relax tense nerves. No vibration or shaking is involved and Niblack gives a deep mechanical massage on the exact spot that tends to collect adipose tissue. Our records and regular patrons can verify that Niblack is synonomous Spot Reducing.

SMART DETAILS

Neck Is Interest Center Of This Frock

Definitely not just another shirtwaist, this wear-anywhere dress by Mr Mort features deft detailing and the added fillip of a matching scarf.

The little round neck goes bejeweled, be-scarfed or stands alone by virtue of topstitched seams. The dropped shoulder line gives a becomingly feminine look. There are carriers for a purchased belt.

Try tie silk, crepe, silk jersey, shantung, pongee, chambray or handkerchief linen.

From this sit chart select the one size best for you:

	Bust	Waist	Hips	Sleeve Length
7	29½	22½	31½	13½ inches
9	32½	23½	34½	14
11	34½	24½	35½	14½
13	36	26	37	15½
15	37½	27½	39½	16½

Size 13 requires 4¾ yards of 45-inch material for dress.

To order Pattern No. N-1127, state size, send $1. Add 5 cents postage. For 96-page Pattern Book No. 16, send $1.

Address SPADEA, Box 535, G.P.O., Dept. B-5, New York 1, N. Y. If paid by check, bank requires 4 cents handling charge.

(Next week look for an American Designer Pattern by HARVEY BERIN)

Moore Family Visits Son At College

WESTBROOK — The Oren Moores and Delza, Arlie Moore and Elaine spent the weekend at College Station visiting their son and brother.

Mrs. L. E. Gressett, Mrs. Leon Ashford, Rev. Max Browning, and Terrell Minor attended the district conference at the First Methodist Church in Midland on Thursday.

The Builders Class of the First Methodist Church met Thursday night in the home of Mrs. Price Hendrix to make tablecloths for the church.

Mrs. Reeves Plummer of Brownfield visited her sister, Mrs. George Sweatt and family last week, and with the J. W. Plummers.

Girl Scouts Bake Cookies And Paint

Cookies were baked by three members of Girl Scout Troop 34 to be taken to the mothers of each troop member at the meeting held Friday afternoon in the home of Mrs. W. H. Booher. Bakers were Nancy Booher, Sharon Purser and Patty Manuel.

Screen paintings were made for the troop scrapbook by Evelyn Rossner, Jane Miller and Beth Weeks under the direction of Mrs. V. L. Manuel. These girls also wrote their names on the books cover with wood burning pen.

Patty Manuel was appointed reporter for the troop. Sandra Ivey and Jane Miller served refreshments.

Unitarian Minister Fellowship Guest

Rev. Phillip Shugg, minister of the First Unitarian Church in San Antonio and regional director of the Southwestern Unitarian Conference, will be a guest of the local Unitarian Fellowship.

Rev. Shugg will counsel with members of the newly-organized fellowship regarding the program schedule in the John Findlater home, 1202 Douglas, Thursday at 8 p.m. Everyone interested is invited to attend.

Couple Takes Bridal Vows

The bridal chapel of First Methodist Church was the setting Saturday afternoon for the wedding of Mrs. Billie Kathleen Thompson and Cmdr. William Wallace Grant Jr.

The bride is the daughter of Mrs. Charles T. Schrader of Big Spring and the late Dr. Schrader. The bridegroom is the son of Dr. and Mrs. William Wallace Grant of Oakland, Maryland.

Attendants during the exchange of vows, read by Dr. Jordan Grooms, were Mrs. Champ Rainwater, sister of the bride, and John A. Grant of Baltimore, Md., brother of the bridegroom.

Coming from out of town for the wedding were the parents of the bridegroom; the John Grants and Christine; Maj. Bowie L. Grant of South Hadley, Mass., and Col. and Mrs. Wallace H. Williams of San Antonio.

Also, Capt. and Mrs. Charles Schrader, Lissa and Jill of Wichita Falls; Mr. and Mrs. John F. Ross and Mr. and Mrs. W. H. Baggett, all of Midland, Patricia Sands of Hobbs, N. M.

Westbrook Folk Eentertain Guests

WESTBROOK — Guests of the H. H. Armstrongs were Mr. and Mrs. Charley Howlett of Odessa and Mr. and Mrs. Wayne Armstrong and Bobby of Abilene.

Mr. and Mrs. R. C. Hutchins and children spent the holidays in Hamilton with her parents.

The J. W. Lewis family entertained Mr. and Mrs. J. I. Ruddick and Mr. and Mrs. Paul Ruddick and Larry of Fort Worth.

In the home of the E. A. Odems guests were the Lester Goswick family of Big Spring, Mr. and Mrs. Leslie Whitlow of Amarillo, the C. C. Crows, Mrs. J. H. Wagner and Jack of Colorado City.

Mrs. E. G. Johnson and Jimmy, Linda, and Terry of Scranton were guests of her sister, Mrs. Altis Clemmer and family over the holidays.

Forsan Club Tea Benefits Boys Ranch

Christmas corsages were presented to the president and the past presidents of the Forsan Study Club at the silver tea given Thursday evening by the club.

Members and guests gathered at the school for a gift exchange in which toys were collected for Boys Ranch. Proceeds from the tea will also be sent to the ranch.

Mrs. Frank Shannon served as Santa Claus to deliver a toy to each of those present. A carol sing-song climaxed the evening.

Refreshments were served from a table in red and gold appointed in crystal.

Hostesses for the party were Mrs. Otto Allison, Mrs. J. C. Ferguson, Mrs. Don Murphy, Mrs. John Cardwell, Mrs. A. L. McNallen and Mrs. W. M. Roman.

The next meeting will be held on Jan. 7 at 4 p.m. at the school.

To Wed In January

Mr. and Mrs. Dwain Leonard, 1517 Eleventh Place, are announcing the engagement and approaching marriage of their daughter, Linda, to Royce Walker; he is the son of Mr. and Mrs. Shirley Walker, 635 Manor Lane. Date for the wedding has been set for Jan. 19 in the College Baptist Church.

Christmastime Brings You Choice In New Gift Gadgets, Doodads

By SHERI WEBBER

Are you wondering what to buy that man of yours for Christmas? If he is a man who is hard to buy for, why not get him several small, inexpensive gadgets that he will be able to use all year long.

A tour of Big Spring stores revealed several fascinating little doodads, most of them under $5, that any man would enjoy receiving.

A flashlight - vacuum brush combination was found in several businesses. This tool, that runs about $2.50, picks up lint from suits with the power generated by two regular flash light batteries.

A set of four pants hangers that sells for $2.50 would be a handy gift. Trousers are hung on the specially designed utensil by the cuffs, and there is no across-the-leg crease.

Shoe-shine kits come in all shapes and sizes now. Both the travel shine kit and the regular shoe-shine boy box cost about $5. The wooden box is equipped with a foot prop on top to make shining easier.

For the man who must be in the car a lot, there are visor valets. These items clip on to the sun visor and contain a place for glasses, pencil, note pad, and usually have a zippered pocket. They cost about $4.

A bird brush can be bought for meticulous men that brush their clothes frequently. The curved brush has a drake's head for a handle, and when the brush is in place in its holder, the whole item makes an attractive ornament for his chest-of-drawers. This costs about $5.

ANYONE FOR CHESS?

If you know a chess player you might be interested in a little more expensive gift, $7.50, that he would enjoy. It is a pocket-size magnetic chessboard. The flate replicas of the chessmen are dime-size magnets. The folding board is ideal for traveling, for the chessmen will not slide about.

Fishermen in your family? There is a clever thingamabob out called Fisherman's Friend. And that is exactly what is is. Twelve tools in one, long-nose pliers, shot splitter, knife sharpener, two types of cutters, bottle and can openers, pocket knife, scaler, etc., make this an invaluable gift for $7.

De-Lair is another fishing gadget that any sportsman would enjoy having. It is a hand scale that can be carried in his pocket. Capable of weighing catches up to 28 pounds, its cost is much lower, $2.50.

Shaving kits and manicure sets are always useful, and their price ranges vary from low to high, depending upon various tools included.

SANTA FOR WOMEN

For those many club activities at this season that call for an exchange of inexpensive gifts, there are dozens of new and clever ideas.

Jeweled nail polish and lipstick caddies are feminine touches that perform a necessary task on any dressing table. Clasps on the tops of these $2 items hold the nail polish so that the self-manicurist won't spill the paint.

Foam rubber bath mums highlight any bathroom. The practical flower-like scrubber, that comes in a rainbow of colors, has a suction cup on the back that will let it be used as a wall decoration after it does its duty. Its cost is just $1.25.

Plastic travel kits fitted with small plastic cosmetic jars and bottles run from $1 up, and can always be used.

For women with a powder room or guest bathroom, guest soap in miniature cakes can be bought by the dozen for just 50 cents. Or a box of soap buds can be purchased for $1.

Perfumed soap can now be purchased by the can. This foam, that works on the same principle as cans of men's shaving cream, costs approximately $2.

All sorts of pillboxes are available now in the price range of $1 to $2, and the lid decorations are lovely. A new doojiggy on the market this year is a plastic collapsible cup. This costs about $1, and comes in a compact bejeweled plastic case approximately one and a half inches wide.

Fluffy powder puffs in a hue of brilliant colors can be purchased in prices up to $2.50. For the bather that can never quite reach the middle of her back with the bath powder, there is now a down back puff, called Fluffy Puff, on the market. This is a soft ball of a puff with an antiqued gold handle attached. It runs about $2.50, also.

Sachet pads in vivid satin can be purchased for a dollar, as can sachet dolls. The dolls will be a special hit for the younger misses and for package decorations.

A lipstick case with a jeweled mirror costs only $1. The mirror is large enough to see the entire mouth in. The top of the lipstick case is the mirror's handle when in use, and the mirror folds over the case when ready to be put in your purse.

Earring trees are practical items that cost but $1 and will be appreciated by anyone who has to search an extra five minutes in the morning for the one earring she can't locate.

For the woman who has everything . . . boudoir pliers. These tiny plastic pliers come in pink, blue and white. The bejeweled, handpainted tool is used to open delicate perfume bottles and other tiny bottles found on my lady's dressing table. They cost about $1.

STEREO SET

Record shops report religious and Christmas long-playing albums to be popular gifts this season. Among the older record-playing enthusiasts Tennessee Ernie Ford and the Mormon Tabernacle Choir are choices for religious music, while in Christmas music Fred Waring and His Pennsylvanians and Bing Crosby's album are favorites. All long-playing albums are approximately $4.

Duplicate Bridge Session Well-Attended Friday

Friday afternoon, following the luncheon of the Ladies Golf Association of the Big Spring Country Club at Cosden Country Club, 42 members gathered at the former club for games of duplicate bridge.

Sessions are sponsored each Friday by members of the Ladies Golf Association as a fund-raising project for the group. Anyone wishing to play may join the games, regardless of membership in either club; fee is 50 cents per afternoon.

First place winners were Mrs. George McGann and Mrs. Bert Badger, north-south; Mrs. E. V. Spence and Mrs. G. H. Woods, second; Mrs. Doug Orme and Mrs. Winston Harper, third; Mrs. Ernest Lahr and Mrs. Leroy Bruflat, fourth.

In east - west position winners were Mrs. Ben McCullough, and Mrs. John Stone, first; Mrs. Lloyd Nalls and Mrs. Fred Haller, second; Mrs. Glen Riley and Mrs. Arliss Ratliff of Garden City, third; Mrs. Wendal Parks and Mrs. Jim Raoul, fourth.

Master Point play was announced for the next session of games, which will be held at Cosden Country Club at 1 p.m. Friday.

'ROUND TOWN

With Lucille Pickle

Operation Festivity got under way Friday night when the MARVIN MILLERS and CECIL GUTHRIES hosted a holiday dance at the Cosden Club. As the saying goes that all brides are beautiful, I think almost all women and men are beautiful or handsome, as the case may be, when they are decked out in evening clothes.

While the long evening dress has gained in popularity with the stylist this season, only a few chose to wear them at the Friday party. The floor length numbers were chosen by MRS. ED SWIFT who wore a white net beautifully decorated with gold flowers from top to toe; MRS. ZOLLIE BOYKIN'S straight line gown featured a white sequined bodice with a softly draped skirt; MRS. RAY BOREN also chose a striking white gown, as did MRS. MILLER who wore a gardenia in her hair.

Most of the women wore the short length dresses; MRS. GUTHRIE was attired in a black lace with scooped neckline and the briefest of sleeves. MRS. HERBIE SMITH'S blue chiffon was a pretty one for dancing with the soft fall of chiffon from the bodice back to the hemline. MRS. GLENN STELL looked pretty enough for the Christmas tree in a gold lace dance dress banded at the waist with gold satin. Incidentally, Cols. Eisenhart, Weber and Tillman of Webb were resplendent in their new dress uniforms. MRS. ADOLF SWARTZ and MRS. TRUMAN JONES both wore satin dresses fashioned much along the shirt-waist style with bracelet length sleeves. The lights were too low to tell the color but both the dresses and the dancers looked beautiful. This was a really good party. . .one arranged so that those of us who enjoy the music, seeing old friends and meeting new ones, and maybe venture out on the floor once or twice but have a place to sit down through most of it, could really spend the evening pleasantly.

* * *

BILLY EVANS, son of Mr. and Mrs. E. C. Evans, has been chosen for Who's Who in American Colleges and Universities at NTSC. Out of 7000 students, Billy, a music major and member of the teaching staff, was one of 36 to receive the honor. The students were selected on the basis of scholarship, character, participation in extracurricular activities.

* * *

MRS. CARL STROM and her daughter and grandson, MRS. HERSCHELL EZZELL and EASY of Midland, planned to leave today by jet for Dallas where they will spend the week. The big attraction is to let Easy see all the big city decorations for the Christmas season.

* * *

MRS. J. D. LEONARD spent several days this week in Big Lake with her children, while Mr. Leonard was in Wichita Falls on business.

* * *

MRS. RUBYE BAGGETT is here to spend several months with her son and his family, MR. AND MRS. REX BAGGETT.

Birthday Parties Reported In News Of Forsan People

FORSAN — Residents in Forsan have spent a busy week attending and being honored at birthday parties.

Mrs. Bob Wash entertained friends of her son, Billy, with a party to mark the third anniversary of his birth. Guests were members of the Cradle Roll Department of the Baptist Church.

Two days later, Diana Wash was the honoree at a party for her sixth birthday anniversary when her mother entertained in their home.

* * *

About 10 guests attended the party for Royce Dean Klahr Friday afternoon when his mother honored him on his sixth birthday.

* * *

Members of the first grade were guests for a birthday celebration in the school room when Mrs. O. C. Mason entertained them honoring her son, Donnie Mason; it was his seventh birthday anniversary.

* * *

Because the date of Mrs. R. A. Chambers's birthday fell on the day of the Pioneer Sewing Club meeting, she was presented with gifts from the members. Mrs. D. W. Roberson was hostess for the club.

The Christmas party is slated for Dec. 15 in the home of Mrs. Henry Park, it was announced.

Come And Get It!

This call doesn't have to be issued twice to a bunch of hungry birds. Blackie Reagan feeds turkeys in the aviary located on the grounds of Cosden Refinery. The birds know when their twice-a-day feeding time is approaching, and they crowd around the entrance gate anticipating the man with the feed can. Peacocks, geese, chickens and ducks usually eat out of the trough together.

Aviary Adventures Are Source Of Amusement

By SHERI WEBBER

"Birds of a feather flock together" is an old proverb most people seem to agree with. But if they could see the colorful assortment of birds that live near the tank car building of Cosden refinery they might change their minds.

In large pens secreted from road view by tall pampas grass, a variety of bird-individuals live through the courtesy of Wayne Laswell, tank car superintendent. The superintendent started his aviary when he first joined the refinery in 1939, and since that time there have always been birds around.

The most spectacular of birds, the peacock, dominates in number at the compound. Laswell has had one of the birds 12 years, and has measured his tail span to be 11 feet. These birds live to be 75 years old.

"In the spring the male peacocks and the turkey gobblers try to out-strut each other," the bird lover relates. "The cocks are always prettier, but the gobblers don't seem to know it."

Chief helper in this bird-raising project of Laswell's is Bascom (Blackie) Reagan. He relates a story that caused much amusement among the men who know about the bird collection.

One evening a new man at the refinery, who was unaware of the aviary's existence, heard a call of Help! Help! The man searched and searched for the source of the distress signal. Finally he came upon the cage of peacocks. The birds looked at him intently through the wire, but kept right on nodding their top-knots to the Help! — sounding cry of a male peacock.

UNPENNED FOWL

The birds are not all kept in cages. The peacocks are able to strut all over the area after they are grown. Laswell keeps them penned until then, because "they don't know where they are going" and sometimes fail to return.

Most of the birds have been purchased by Laswell, although some of them are gifts. People give him fowl they don't want, and, even though the superintendent doesn't really want that particular bird, he will take it for fear the owner might give it to someone who would kill it.

One of the banty hens was caught in a trap set by Reagan and Laswell to catch an egg thief, and her leg had to be amputated. Pity for the poor little chicken caused the two men to make her a peg leg, and the banty became one of the first peg-legged birds in history.

The adventures of a Canadian goose with too much curiousity came to an end in a slush pit. The men fished him out and took him to the refinery's dispensary. There the science of the medical world brought about his recuperation, but the bird still seems to be in a state of shock, for he doesn't leave the pen too often anymore.

Blondie and Dagwood, two geese, honk about the place with the assurance that comes from long residence. Laswell has given their offspring away to people who wanted them, but he has never had the heart to give this noisy couple away.

PRIVATE POOL

Special accommodations have been built for members of the duck family . . . an eight-feet square swimming pool. All sizes, shapes and colors can be seen at various times in this duck-dominated pool.

One of the little ducks isn't a member of the duck union any more, however. When he was being hatched, one of the men took him out of his partially-opened egg and put him under his mother. Suspicious female that she was, she wouldn't have anything to do with this odd people-smelling creature, and threw him out.

Reagan took the ousted orphan home and put him in the oven. After this pampered treatment the bird survived and nows waddles contentedly about the Reagan home.

Several wart-covered heads look up at human visitors when they enter the aviary, and during the Thanksgiving-Christmas season there is a pathetic look in their eyes. This is the American bird, we most frequently see in a delicious golden brown state, the turkey.

"But when you've petted a bird all his life, and you know he doesn't want you to kill him," says Laswell, "you just can't do it. I just can't eat them."

Bible Class Will Present Pageant Of Christmas At Encampment Site

Sam, a donkey, has received quite a workout during the practice periods for the Christmas pageant which the Bible Class of the high school will present Thursday evening.

A ham at heart, Sam goes through his role of carrying the virgin Mary in the play, and then serves as a source of entertainment and rides for other members of the cast.

A stable has been built at the Baptist Encampment to form the background of the presentation and chairs will be provided for those attending the play. Time of the pageant, to which the public is invited, is set for 7:30 p.m.

Students, under the direction of Mrs. Johnnie Johansen and Mrs. Forrest Gambill, choir director, have done the construction work and will handle the lighting effects. Mrs. Gambill will direct a choir composed of high school and junior high singers.

Joseph will be played by Raeford Harrison, and Mary will be represented by Linda Green. Readers will be Teresa Smith and Jerry Henderson.

Dick Ebling, Joe Henderson and Gary Cunningham will be the wise men, while Lewis Burns, Bill Gillespie and Charles Gray portray the shepherds. "Voices" of the wise men will be James Kinman, Alvin Hiltbrunner and Paul Peterson.

Soloists in the choir are Kinman, Suzanne Compton and Barbara Bahn, with echoes by Sallie Pachall, Jeanette Lott and Miss Bahn. Malinda Crocker will whistle.

Angels will be represented by Lana Lewis, Judy Bradberry and Gail Potter; Jerry Younger is to be the organist.

Work parties have been headed by Everett Sproles for construction of the setting, and lights will be operated Thursday evening by Clarence Williams and Johnny Witcher.

Student directors are Teresa Smith and Janie Phillips. Costuming is under the direction of Veryla Lee Hewitt.

Christmas Music To Form Club Program

A program of Christmas music in solos, organ and piano duets and a sextet is in store for members of The Music Study Club and their guests Wednesday afternoon at St. Paul Presbyterian Church.

This is the annual open meeting of the club, and although invitations have been extended, anyone who would like to attend is invited, it was announced.

Mrs. G. T. Hall will read The Christmas Story from the book of Luke, with musical background, and Mrs. Carl Marcum will sing Jesu Bambino, by Yon.

Ave Maria will be played as an organ, piano duet by Elsie Willis and Roberta Gay, and a sextet will sing, accompanied by Mrs. Robert Heinze.

Cantique de Noel has been selected by Mrs. J. R. Hensley as her solo; Miss Willis will present A Christmas Pastorale on the organ.

The musical event will be climaxed with the singing of carols by the entire group.

Mrs. Marcum will be tea hostess for the club members and their guests following the program.

GS's Finish Gifts

Christmas projects for their mothers were completed by the Girl Scouts of Troop 340 when they met Friday in the home of Mrs. Lee Burklow. Christmas carols provided entertainment, and they drew names for a gift exchange for their Christmas party. Lana Satterwhite served refreshments to the scouts and a new member, Ellen Loftis.

COSDEN CHATTER

Valdes Family Leaves To Vacation In Cuba

Mr. and Mrs. Danny Valdes and daughter, Ileana, departed Thursday for Havana, Cuba, where they will enjoy a two - week vacation with their families. They made the trip by automobile to Key West, Fla., taking the boat from that point.

A daughter was born to Mr. and Mrs. Ralph Hughes on Friday morning. The infant, who weighed 6 pounds, 4 ounces, has been named Kaydee.

Birt Chapman, Cosden's jobber in Abilene, hosted a dinner there Thursday for employes of the Hawley and Abilene terminals and for Cosden dealers. A feature of the program was a flannelboard presentation by Jack Y. Smith, director of industrial relations, of the simplified flow chart of Cosden refinery.

Les Beauvais was in Beverly Hills, Calif., the latter part of the week.

Warden Mayes was among the vacationers last week.

Mr. and Mrs. J. G. Ford of Roosevelt, Okla., have been guests of Mr. and Mrs. Leon Farris this week.

Kelley Lawrence returned Friday from a trip to Minneapolis and St. Louis.

Visitors to the refinery Wednesday were Tadashige Kodama of Tokyo and Masataka Shikuya of Miike, Kyushu, Japan. Both are with Miike Gosei Chemical Industry Co., Ltd., Kodama as acting chief of the chemical department and Shikuya as director and superintendent of the company's plant at Miike.

Each received a Stetson hat as a souvenir of their trip to West Texas. The guests were accompanied here by A. Kume of the Mitsui & Co., New York City.

Lowell Baird spent Wednesday in Plainview.

A business trip took Marshall Brown to Fort Worth the latter part of the week.

Carol Belton was in St. Louis last week and later joined W. L. Skaggs in Tulsa, Okla., for a two-day symposium on the use of computers in refineries. The meeting was sponsored by the Western Petroleum Refiners Association.

Sidney Ostrowitz and Bert Hechts of Newark, N. J. visited in the offices here Friday.

Jerry Allen is in Boston, Mass., on an assignment.

Mr. and Mrs. Joe Beall of Big Piney, Wyo., have been visiting this week with Mr. and Mrs. Robert Beall.

Holiday Tea, Coffee Mark Start Of Lamesa's Yule Entertaining

LAMESA — Beginning the series of holiday parties for Lamesans were a tea at Woman's Study Club Friday afternoon, and a coffee Saturday morning at the home of Mrs. Gus White.

Blue and white predominated in the decorations for the Friday afternoon courtesy. Hostesses were Mrs. G. Bowen Cox, Mrs. Owen C. Taylor, Mrs. M. H. Crawford, Mrs. Ross McDonald and Mrs. C. E. Parks; the quintet formed the receiving line.

Pine boughs and holly laden with snow, holiday tapers, and fresh chrysanthemums were used in various groupings throughout the clubhouse, while two choristers on the spinet piano were spotlighted.

A white satin conical tree with angel hair and blue and white grapes at its base with six white angels arranged in a semi-circle to form the centerpiece for the tea table, laid with white and appointed in silver.

Alternating at the serving table were Mrs. Milo B. Arbuckle, Mrs. Stansell Clement, Mrs. Oatus Roberts Jr., Mrs. Ken Kummer, Mrs. Marshall Pharr of Andrews and Donna Alexander.

Other members of the houseparty included Mrs. Dan Ogletree, Mrs. Clyde Privitt, Mrs. Edith Standefer, Mrs. A. J. McDaniel, Mrs. J. E. Barron, Mrs. Jack McLaughlin, Mrs. Fred Henderson, Mrs. Walter H. Collins, Mrs. Dewey Massengale, Mrs. Doyle Hankins, Mrs. C. A. Hollingsworth, Mrs. Will Ford, Mrs. Boyd Echols, Mrs. J. B. Claiborne, Mrs. Hugh Lott of O'Donnell; Mrs. Harry Stokes of Slaton, Mrs. Lura King of Seagraves and Mrs. Jessie Vickrey of Abilene.

YULETIDE COFFEE

Setting the Christmas mood for the Saturday morning coffee at the Gus White home were garlands of greenery and red bows which decorated the exterior of the house, with a gold and white wreath on the door.

Guests passed through a doorway framed with greenery touched with red ornaments and saw poinsettia and a bear grass tree in holiday dress in the planter box.

A revolving Santa stood in one corner of the living room, and red candles were banked on the piano. A white maline tree with gold trim completed the decorations in the living room.

A red cloth with net overlay was used to enhance the beauty of the white centerpiece touched with gold on the serving table.

Hostesses were Mrs. Gus White, Mrs. J. D. Borland, Mrs. Louie White and Mrs. Dan Corley. Assisting in the houseparty were Mrs. Guinn Gross, Mrs. Gene Tyra, Mrs. Ray Corley, Mrs. A. G. Barnard, Mrs. Buddy White, Mrs. J. L. Haney of Midland; Blanche Garrett, Judy Kay Tyra and Mrs. L. M. White, all of Stamford.

Wesley Class Meets At Friday Luncheon

Members of the First Methodist Church Susanna Wesley Class met at the church Friday at noon for the monthly luncheon and business meeting.

Guests were seated at tables decorated with runners of pyracantha berries and foliage.

Mrs. N. W. McCleskey, a hostess, and Mrs. W. D. McDonald brought the devotion for the class.

Hostesses were Mrs. Logan Baker, Mrs. Nell Lawson, Mrs. Cora Miller, Mrs. H. F. Taylor, Mrs. Mary Howie, Mrs. Mary Guilliams, Nell Hatch and Mrs. Anna Vastine.

The next session is set for Jan. 8, which is a change in the regular meeting date.

To Be Honored

STANTON — Mrs. Floyd McArthur will honor her daughter-in-law, Mrs. Thomas McArthur, with a tea in the home of Mrs. Owen Thompson, this afternoon from 3 to 5 o'clock.

* * *

Mr. and Mrs. Walter Graves and Granville Graves spent Monday at Sanderson, deer hunting.

Two Artists Are Feted At A Coffee In Lamesa

LAMESA — Mrs. Geta Williamson and Mrs. Claude Stribling of Trent, who have been in Lamesa this week to install a baptistry painting at St. John's Baptist Church on South Lynn, were guests of honor at a coffee Thursday in the C. T. Beckham home.

Mrs. W. J. Beckham, sister-in-law of Mrs. Williamson and Mrs. Stribling, assisted her daughter-in-law with the hostess duties.

The two artists have worked on the painting for nearly a month at various intervals; it is the second baptistry painting they have done, the other being for their home church in Trent. Mrs. Williamson, a widow, has been interested in art since childhood and has studied painting in New Mexico.

Mrs. Stribling became interested in painting in recent years.

Assisting in the houseparty for the coffee Thursday morning were Mrs. Ernest Moody, Mrs. R. O. Parker, Mrs. Fannie Groom, Mrs. Bob Harwell, Mrs. Cicero Arnett and Mrs. D. J. Bolch.

Decorations throughout the entertaining rooms were original designs by the hostess which featured pine boughs, holly, and Christmas ornaments. These were highlighted by the center arrangement on the serving table, a gold tree hung with gilded seashells and pastel snowbirds.

Guests included ten of the honoree's friends from Trent.

Reunions Attract Forsan Residents

FORSAN — Attending a family gathering near Garden City today are Mr. and Mrs. John Kubecka, who are guests in the home of Mr. and Mrs. Nolan L. Childress. About 25 are expected for the reunion.

Recent guests of the Kubeckas were Mr. and Mrs. W. B. Dunn and Wilma of Odessa and the George Longs of Grandfalls.

* * *

The E. O. Bassingers were in Lamesa recently for a family reunion in the home of Mr. and Mrs. Jack Stevens. About 30 members of the George Foy family were present.

The L. T. Shoults were in Desdeomona to visit her parents, Mr. and Mrs. Jim Huff. The former were recent hosts for their children, Mr. and Mrs. C. L. Girdner Jr. and Stevie of Muleshoe.

Mrs. Lenox Goes To Chicago Meet

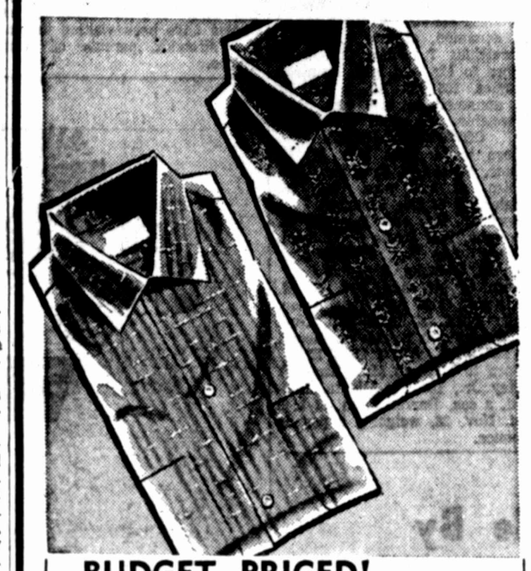

Mrs. Florence Lenox, homemaking teacher in Runnels Junior High School, left Saturday morning for Chicago, where she will attend the convention of the American Vocational Association. The session will run from Monday through Friday.

The local teacher is one of six homemaking instructors selected from the Texas group to attend the sessions.

Hand-Knit Poncho

A sure-fire hit for every girl on your Christmas list is this gay poncho that is fast and fun to knit, smart to wear with shirt and skirt. Knit on straight lines in a striped pattern, the poncho is open on both sides and is held in place by crocheted side ties. For the striped effect, three colors of wool knitting yarn are used. Both broad and narrow stripes are worked in a simple stockinette stitch, using two colors of yarn, while the third color is worked midway in the broad stripe, using a slip-stitch pattern. Neckline shoulders and borders of the poncho are worked in a ribbed stitch, using the color of the narrow stripe. For free instructions, send stamped, self-addressed envelope to: Knitting, Room 1806, 15 East 26th Street, New York, N. Y.

STORK CLUB

WEB BAFB HOSPITAL

Born to Capt. and Mrs. Alain G. Boughton, 17-A Albrook, a son, David Alain, at 6:14 a.m. Nov. 25, weighing 7 pounds 4½ ounces.

Sec. D Big Spring, Texas, Sun., Dec. 6, 1959 Sec. D

4 PER CENT CUT

Cotton Acreage In County Is Reduced

Howard County cotton growers lost four per cent of their acreage for next year.

Virgil Little, performance supervisor of the local Agricultural office said today that the county's 1960 cotton acreage allotment had been cut to 71,983.6 acres.

This year's allotment of 75,549.8 acres was a five per cent cut from the previous year.

Little said the cut has been made across the board and rounded off to the nearest acre. No allotment of 30 acres or less took the cut, he added.

How the cut is pro-rated on a rounded off basis was explained by Little. A man who had 45 acres two years ago lost two acres last year with the five per cent cut.

That left him 43 acres. This year he loses one acre.

A grower with an even 1,000 acres loses 40 of them while those with an odd number of acres, say 73, either lose one more or less than a straight four per cent would call for.

From a financial standpoint — the sale of cotton — the county lost 3,566 (with an average of 150 pounds per) for a loss of about 534,000 pounds of cotton.

Rounded out in dollars at 30 cents a pound that's $160,000.

Farm Census Pushes Ahead

The 1959 Census or Agriculture is about 50 per cent completed in this area, it was announced today by Field Director James W. Stroud of the census bureau's regional office at Dallas.

Stroud stated that he was well pleased with the cooperation the census takers are receiving from farmers in the area and has high hopes of completing the canvass within the next ten days. He pointed out that the field canvass of farms is one of the larger costs of the census and that cooperation of farmers in completing questionnaires promptly will be a vital factor in keeping down the final cost of the undertaking.

Quick completion of the census will not only help in keeping costs down but will aid in prompt publication of the results, the field director said. He urged local farmers who have not already done so to complete the census questionnaire and have it ready when the census taker calls.

Revocation Of Probation Asked

Gil Jones, district attorney, has file da request with Dist. Judge Charlie Sullivan that a four-year probated sentence imposed on W. D. Robbins, for forgery, be set aside. Jones alleges that Robbins, who lives in Odessa, has violated the terms of his probation.

Judge Sullivan set Dec. 11 as the date for Robbins to appear in court to answer the state's request that his probation be revoked.

Rickover To Be Speaker At Tech Gathering

LUBBOCK — The man whose genius caused the U. S. Navy to have its first atomic submarine — Vice Admiral Hyman G. Rickover — will address a special convocation of Texas Tech students in Lubbock Coliseum at 10 a.m. Wednesday.

The subject of his address will be announced later.

Admiral Rickover will be introduced by U. S. Rep. George Mahon of Lubbock at the convocation sponsored by the Tech Student Council. The convocation is open to the public.

As a man apart from Navy traditions and chain of command, the admiral is now recognized as the "father of the atomic submarine." He is also largely responsible for the building of the first all-civilian atomic power plant at Shippington, Pa.

Admiral Rickover is also a vigorous critic of the American educational system. In various speeches, he has called for a complete reorganization of the American educational system, saying that "we are slowly thinking our way through a thicket of bitter disappointment and humiliating truth to the realization that a 19th century educational philosophy is as hopelessly outdated as the horse and buggy."

Famous Choir To Sing Here Tuesday

The A Cappella Chorus of Lubbock Christian College will sing in the auditorium of the 11th and Birdwell Church of Christ in Big Spring Tuesday evening at 7:30. Under the direction of B. Wayne Hinds, the 60-voice chorus is scheduled to make more than 50 concert appearances this year. Lorene Miears, daughter of Mrs. O. L. Jones, is a member of the chorus. Other chorus members come from throughout the state, various parts of the United States and abroad. The program Tuesday evening will include hymns and other sacred musical selections and will feature a special number entitled "A Sermon in Song." Wednesday morning the chorus will sing at the Big Spring High School at 9:30. The public is welcome to attend either or both of these programs. Lubbock Christian College, a liberal arts junior college, opened its third year of academic operation this fall with an enrollment of approximately 350 full-time students. LCC Advisory and Development Board members from Big Spring include Lewis Garnett, James Eubank, Thomas E. Cudd, and Roy Phemister.

Lamesa Jails Have Plenty Of October Action

LAMESA — Fines collected and the number of persons jailed during October set new records over a five-year period, it was reported Thursday by city police.

October, perennially a peak month for arrests here, topped all previous figures available. One-hundred and 55 persons were jailed on a variety of 12 different charges ranging from disturbing the peace to a minor consuming beer. Fines collected in October hit $2,825.50.

During November, some of the figures have fallen off sharply. Only 76 were jailed during the month and fines collected were $1,200.50. There were 109 arrested and jailed.

Record number of fire calls for the year was established in September when 23 were answered.

Actress Dies

CHICAGO (AP)—Rosetta Duncan, 58, one of the famed Duncan Sisters, veteran vaudeville comedy team, died Friday of injuries suffered in an automobile accident Tuesday.

Minear Honored For Work With Gonzales Foundation

A West Texan well known to Lions Club members of Big Spring has been honored for his outstanding work with the Texas Rehabilitation Center of the Gonzales Warm Springs Foundation.

Roy A. Minear of Midland, who has been an active worker for the Foundation for the last 10 years, has received what officials call "the highest appreciation award for dedicated service to Gonzales Warm Spring Foundation."

Minear received the award—a bronzed shoe and brace of a youngster who underwent treatment at the Center—during a banquet recently in Odessa.

The banquet was held in honor of the 15 Texas district governors of Lions International. Minear is a past district governor of former District 2-T-2 and is the immeiate past president of the Texas Lions International Counselors Association.

The award was presented by Hal Adams of Monahans, a member of the Foundation's executive committee.

Minear, who currently is president of the Midland Chamber of Commerce, is a member of the Foundation's board of directors. He formerly served on the Center's executive committee. Mrs. Minear is the former Evelyn Merrill of Big Spring.

The appreciation award of the type which Minear received has been presented to but six other persons, including film stars Spencer Tracy, Greer Garson, and Joan Crawford, who made special films explaining the work of the Center.

At Meeting

Walter W. Stroup, CLU, representative in Big Spring for Southwestern Life Insurance Company, will be in Dallas Dec. 7-9 to attend a Business and Tax Insurance Review School.

Dawson County Cotton Acreage Allowance Cut

LAMESA — Dawson County's base cotton allotment was slashed some 4,274 acres but the reduction had been anticipated and caused no obvious alarm in local agricultural circles.

The drop was announced by the Conservation office for a 23-county area including Dawson County Wednesday. Reduction for the entire region was about 2.9 per cent less than last year's base allotment.

The state allotment is 6,817,487 acres for 1960; it is the smallest since 1954 although the national level remains unchanged.

Total allotment for Dawson County for 1960 has been set at 187,458 acres and notices to this effect have been mailed farmers by the ASC office.

The allotment could be expanded at a later date, largely dependent, however, upon a referendum, slated nationally Dec. 15.

ELECTRIC COOKING

Give her the gift that will give her more hours to spend with you and the family—an automatic electric range! All she has to do is put a meal in the oven, set the automatic controls, and just as easy as that, her time is yours. She'll like cooking with clean electric heat, too. It helps keep kitchen utensils, walls and curtains bright and new-looking with a minimum of effort. And she'll enjoy the many other features of her electric range —from quick-heating broiler to automatic surface units —that make cooking a joy instead of a job. See your electric range dealer soon and arrange to have an electric range delivered in time for Christmas.

A Devotional For Today

The people that walked in darkness have seen a great light: they that dwell in the land of the shadow of death, upon them hath the light shined. (Isaiah 9:2.) PRAYER: Gracious God, Thou hast given us the way, the truth, and the life through Thy Son Jesus Christ. Forgive us for living in darkness. Give us strength and courage to walk in the light that has been revealed to us through Thy Son. In His name we pray. Amen.

(From The 'Upper Room')

New Kind Of A Decision For Next Year

One of the decisions to be made in 1960 will be whether to break with an old tradition and adopt a post-war trend followed in many localities.

The school board is to meet Monday for the express purpose of studying a conference report on local school problems. The pivotal issue will be whether to propose a five-year program of development and expansion and then lay out a bond issue to cover the increments of the program.

The schools are not alone in this problem, for only more definitive results from the current Master Plan are needed before the city commission may consider the advisability of proposing a long range plan of finance for urgently needed municipal improvements.

Heretofore, local political subdivisions have come up against a need (and sometimes have gone well past it) before asking the voters to pass upon the issuance of bonds to cover that particular project or need. This has sufficied until another need clamored for attention, or until the debt-valuation ratio reached a level that new issues could be financed.

Many cities, schools and other agencies have agreed upon probable needs over certain periods of time, then have gone to the voters for passage to cover all this work. The bonds then are issued on a timetable or as the various steps of the project are indicated. Of course the bonds cannot be issued unless and until the debt-valuation ratio is within prudent and legal limits. The advantage to governing boards is, of course having assured finances rather than having to wait for planning and engineering as well as for an affirmative bond vote each time before proceeding on some phase of development.

It's not a new idea at all, but it's something never before employed or even attempted here. But it is a plan that in all probability people of this community will be called upon to face not once but twice within the coming year.

Time Is Shorter Than You Think

Now that the echoes of the Fourth of July firecrackers have died away and the recent memories of Thanksgiving bounty have been shoved aside, the Christmas shopping season may properly swing into full stride.

We all mumble about rushing the seasons, but take a look at the calendar. You don't have a whale of a lot of time to get your shopping and mailing done and your good turns planned.

All signs point to a record volume this year, and that means a record number of cars and people vieing for attention and space.

You're best bet is to follow that shopworn advice by shopping this week. You will get far better selections and probably at prices that will fit your budget. Wait another week and you may find stocks somewhat reduced and that you will have to make choices that aren't exactly the ones you had in mind.

And pity the poor postman, too. Won't you get busy now addressing those Christmas cards and give the postal workers a chance to work them out before the great avalanche strikes.

If you're planning on helping a family and don't have any picked out, check with the Salvation Army now. Or if you know of someone needing help, call that to the Salvation Army. If everyone will center on that agency, for getting or giving names, we'll be able to prevent anyone from being overlooked or any others from getting several visits while equally deserving ones are hungry.

David Lawrence

No Less Likely Campaign Issue

WASHINGTON — There's something incredible about the current effort of some groups to make birth control a political issue in America. If voters were to be asked to express their preference for a candidate on the basis of whether he is for or against birth control, it would cut through all blocs and parties, irrespective of religious or party affiliations. The issue wouldn't be whether a couple of people have the right to have as many children as they please but what right the government has to tell them how to conduct their family affairs. President Eisenhower has just said:

"I cannot imagine anything more emphatically a subject that is not a proper political or governmental activity or function or responsibility.

"THIS THING HAS, for very great denominations, a religious meaning, definite religious tenet in their own doctrine. I have no quarrel with them, as a matter of fact this being largely the Catholic Church, they are one of the groups that I admire and respect, but this has nothing to do with governmental contact with other governments. We do not intend to interfere with any other, the internal affairs of any other government, and if they want to do something which admittedly — to do something about what is admittedly a very difficult question, and almost an explosive question, that is their business. And, if they want to go do someone for help, they should go, they will go unquestionably to professional groups, not to governments. This government has no, and will not as long as I am here, have a positive political doctrine in its program that has to do with this problem of birth control. That's not our business."

Any candidate who said he favored governmental action to control the number of children Americans could have would find himself losing votes right and left. The mere assertion of such a policy by any candidate would insure his defeat.

BUT, IT IS ARGUED, the question really relates to other countries, like India and China, where population is growing to astronomic proportions. Is it really believed that any candidate for political office is going to win or lose votes on the issue of how many children the people of India should be permitted to have? To state the question is to reveal its absurdity.

While the problem of overpopulation is a serious one, it isn't going to be solved during the lifetime of anyone in American politics today.

Just two weeks ago Sir Charles Darwin, grandson of the world-famous author of "Origin of Species" and himself an eminent scientist and specialist on population problems, made some startling statements in a copyrighted interview in "U. S. News & World Report." The exchange ran as follows:

"Q. How widely would birth control have to be practiced?

"A. To be any good, it's got to be worldwide. If you just have it in this country, what's the result? Most of the world in 50 years will be black. Or more likely yellow . . . But you've got to have an educational system. You've got to teach a billion — at least a billion — grown-up people how to use it. Well, how many men can a man educate? A thousand, something of that kind. You've got to have over a million teachers just to show people how to use this. You can't get that going in 50 years. So it's out.

"Q. DO YOU MEAN THAT it would take a billion people practicing birth control to stabilize the world population?

"A. You've got to arrange it so that everybody doesn't have, on the average, more than 2.7 — I think it is — children. . .

"Q. Are any nations facing up to the problem of overcrowding and doing anything about it?

"A. Japan is one of the most conscious countries about it. They've succeeded in overcoming some parts of the problem by legalizing abortion, and, for the last few years — I'm not quite up to date on this — they had a million abortions a year . . .

"Q. Is their population still increasing?

"A. Their population is increasing still. They've cut the rate down. I think it's below a per cent increase now. . .

"Q. What effect do you think a nuclear war would have?

"A. . . . WHAT DOES IT mean — 100 million dead? One hundred million are replaced in three years. You've got to have a war like that every three years you see. You must keep to arithmetic on this thing."

PROF. JOSEPH J. SPENGLER, noted economist now at Duke University and widely recognized for his studies on the impact of population growth, predicted in the same issue of the magazine that by the year 2000, the United States would have about 300,000,000 people and a total of 600,000,000 in the subsequent 50 years. He added his belief that the United States could feed such a population and employ them, though America would be "better off" with less population.

It's going to be awfully hard for political candidates to win votes by arguing that legalized abortion is desirable for Japan or any other country, or that the population of India or China should be reduced by a certain figure, or that American parents should be allowed to have only a certain number of children. It seems fantastic that anything so abstract or nebulous as the world population 50 years hence should actually be considered as a likely "political issue" for the 1960 presidential campaign in America.

Modest Males

MILWAUKEE (AP) — Ray Boyle, director of the Fred Miller Theater, has decided that Milwaukee men are modest.

An appeal for "handsome" men to try out for a part in a play was issued by Boyle and given wide publicity in this city of more than 750,000.

HAPPY VAPOR TRAIL

J. A. Livingston

America's Ever Abnormal Granary

A conundrum:

A large and politically powerful group of Americans hasn't done too well this year. The prices of what they bought rose. The prices of what the sold fell (see chart). Their income is estimated down 15 per cent. And another 5 per cent squeeze is forecast for '60. Yet, a tally of their assets and liabilities shows them to be richer.

Who are they?

Farmers, as you've surely guessed.

Their economic status is an anomoly, made possible by an abiding national confidence in the long-run future.

This confidence outweighs the difficulties of some farmers. It defies the $8,600,000,000 overhang of surpluses on the farm market.

It comes about only because farm real estate continues to rise in price. Farm land still sells despite lower price of acreage, including improvements, is up 3 per cent over '58, and '58 was 6 per cent higher than '57. Since 1950, the price of farmland has risen more than 50 per cent.

PART OF THIS is inflation—the general rise in value of property everywhere. Part of it is due to a shift of some farmland to residential use. Part of it is attributable to technology. Fertilizer and more specialized machinery have boosted production per man and per acre, and thereby made the returns on fully-operating farms attractive notwithstanding the price drop of farm products.

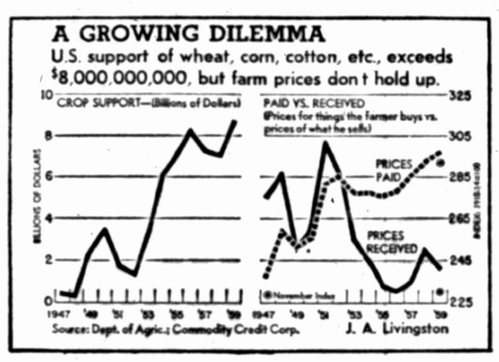

The size of our agricultural plant has shrunk, but its net value has risen to $184 billion from $182 billion at the end of last year and $167 billion the year before.

The number of persons employed on farms has declined from 9,500,000 in 1940 to 7,500,000 in 1950 and to less than 6,000,000, today. The number of farms has decreased from about 5,400,000 in 1949 to about 4,600,000.

Moreover, only about 2,000,000 farms can be described as full-fledged commercial operations. These establishments produce more than 90 per cent of the nation's crops and livestock. On the other farms (mixed-income farms), many of the owners do other work—in nearby factories, or as carpenters, roadworkers, etc. They have outside, nonfarm income.

THE RESULT IS that fewer farmers share the diminished farm income. Hence, the indicated drop in net income from $13,100,000,000 in 1958 to $11,200,000,000 this year exaggerates the plight of the rural population.

Moreover, 1958 income jumped sharply because of (1) the bumper wheat crop, and (2) the transfer of holdover crops from '57 into '58. This year's farm income is higher than 1957's, with fewer farmers to share it.

The concentration of agriculture into fewer hands is a necessary and continuing trend toward greater efficiency. Farming, as has been said so often in recent years, has become a business. It is no longer a way of life.

THE AVERAGE investment per farm worker has risen in the last decade from $9,500 to more than $20,000. Karl Brandt, a member of President Eisenhower's Council of Economic Advisers, has observed that agriculture is now more heavily capitalized per worker than industry.

Nevertheless, we still have a farm problem. It is political rather than economic. Congress consistently decides that consumers should support farmers by supporting prices of wheat, corn, cotton, tobacco, and so on.

This, the farm subsidy, doubles back on householders. Not only are they taxed to support farm prices, but also they have to pay bolstered prices for the food they buy. That, in turn, induces farmers to raise more crops, which consumers then support anew.

ONLY A RICH economy, a close to 500 billion dollars a year economy, could afford to withhold from consumption $8,600,000,000 in crops, which the Commodity Credit Corp. either has purchased or holds under loans, as follows:

Corn	$2,375,000,000
Cotton	$1,219,000,000
Tobacco	588,000,000
Wheat	3,083,000,000
Sorghum	707,000,000
All Other	677,000,000
TOTAL	$8,649,000,000

America's "ever normal" granary has been transformed into an abnormal granary. And it distorts the farm economy. The government pays farmers to take land out of production and farmers, in self interest, utilize intensively the rest of their land—with scant regard for consumption. Consumption no longer counts. Only marketability is important. And the government makes the market.

As they look at the statistics, farmers must occasionally ask: How long will Uncle Sam play Santa Claus?

Answer: He has done it for a long, long time. It's a habit.

THIS DAY IN TEXAS

By CURTIS BISHOP

The final chapter in one of the strangest stories of the Civil War began on this day in 1950 when the building in Marshall which housed the refugee government of Missouri during those troubled times went up for sale.

Central figures in the dramatic story were Gov. Claiborne F. Jackson and Lt. Gov. Thomas C. Reynolds, elected on the Democratic ticket in 1860, when Missouri sympathies appeared to lie with the South. A few months later, however, the state voted to stay in the Union. Jackson and Reynolds, loyal to the South, took the seal of the state and fled.

Before they could set themselves up in Marshall Jackson died and Reynolds took over his authority. For over two years the substitute governor and his staff carried on from Texas, issuing many decrees and proclamations which bore the official seal of Missouri. When the war ended Reynolds went to Mexico for a time.

The three-story frame mansion where Reynolds and his family lived in Marshall was torn down earlier in 1930 to make room for a more profitable building. The "capital" later suffered the same fate.

Around The Rim

All The Way With Scratchoola

It's time we returned to some of the more significant issues of the day, with solution proffered at no cost.

It seems that prominent among the current problems is that of payola. This, you understand, is a bit of jargon meaning that a radio annoucer who plays records might be persuaded to emphasize one composition (and thereby sell considerably more recordings of it) if somebody offered him substantial persuasion on the side. These gentlemen who announce the selections are called disc jockeys, or deejays, another bit of jargon.

My own idea for some years has been that somebody ought to offer the deejays a considerable sum for NOT playing the records, and I still feel that the public might want the opportunity of making up a pot and bidding against the disc people. This at least would make things cozier for the jocks. They could be paid from both sides.

Another passing fancy on this situation is that the polls being taken for rating of certain musical (?) selections are not reaching enough different segments of people. The teen-agers surely must set the pace, and there's no objection to that. But why can't the record-popularity man come around to my house once in awhile? He probably wouldn't believe it if I told him I preferred "Red Wing" as this week's No. 1 tune; and if he can't remember that one, surely "Bye, Bye Blackbird" is worth a spin or two.

But the trouble is just sheer envy, I suppose. Here's a guy sitting in some remote studio spinning platters and building up a juvenile hysteria for a character called Moe Schmoe croaking a ditty called Sal The Hatchet — and getting paid money for it. Payola, sure. What's the matter with us columnists?

I am ready to bid for a bit of this. We're going to call it Scratchoola, a finely-coined term coming from the word moola, which is the wherewithal, you know; and from scratch, as in the popular phrase, you scratch my back and I'll scratch yours.

I figure if I could work in a bit of advertising — subtle of course, like a broadaxe — the guy for whom I have plugged would come through with a little gift, you know?

Like, this week, I would like to suggest that for a dandy suit of clothes at the right price, you ought to go to Elmo Wasson's; or Gibbs & Weeks Men's Store certainly can accommodate you; and a good word along the same line is to be said for Prager's, Lee Hanson's, and Mellinger's. There are, of course, the men's departments at Hemphill-Wells, Anthony's, Penney's and Ward's. And could I suggest that you will do well at any of these places?

Some hair-splitters are going to say that I didn't have the guts to come right out and recommend one store. And they would be right. But there's more to it than that. As long as we're going for Scratchoola, why not mention all nine stores and hit the jackpot? If there's not nine suits of clothes delivered to me by Monday I am going to lose a lot of confidence in the whole system.

—BOB WHIPKEY

Norman Vincent Peale

Keep Up Hope—Hope Will Keep You Up

Keep up your hopes and you can fight your way through almost anything. Let me tell you of a circumstance which substantiates that statement.

An investigation was made by scientists into the experiences of some two thousand men captured during World War II and confined in a prisoner-of-war camp where they were systematically starved, beaten, brain-washed and mistreated in every possible way. Some of these soldiers became ill and died. Others lost their minds. Still others became living skeletons who never thereafter recovered their health. And a good many were victims of lost hope.

But another group of these men came out of the ordeal hard and tough as nails, healthy and strong physically and mentally. These were men who used to get off by themselves to re-fill their minds with hope and optimism. Under those terrible circumstances, never knowing whether they would survive from one day to the next, these men decided not to spend their time talking about their sufferings, or the injustice of it all, or the hopelessness of their plight.

Instead, each talked to the others about his wife, or the girl he was going to marry when he got back home and of his plans for children and a home. These men organized informal classes to study how to conduct the business enterprises they planned to develop when the war was over.

In their minds they kept alive the thought, the conviction, the certainty that their present suffering was not the end, that there would be another and a better day. So they were making themselves ready for it. They never let down their hopes and so their hopes did not let them down.

A reader sent me a newspaper clipping about an 87-year-old man who was killed in an auto accident. An autopsy was performed and the doctor told the widow: "Your husband must have been a remarkable man. I've examined his body and there are several reasons why he should have died of natural causes at least 20 years ago. I don't understand how he managed to live past 80."

"Well, doctor," she answered, "my husband never went to bed at night that he didn't say, 'I'm going to be better tomorrow.' And when the going got really tough, he'd always say, 'I have hopes.'"

There you have the case of a man who, for years and years, was kept going because of his hopeful attitude. It has been scientifically demonstrated that you can actually kill yourself by lack of hope, and that you can use hope to save yourself and keep yourself a strong, effective person.

Hope is a dynamic force. It leads to expectancy, to faith, to mental control, to spiritual power, to growth in knowledge and strength. Hope is a bright beacon in a world where there is pain, suffering, hardship and trouble. We know that the world is full of trouble, but it also is full of the overcoming of trouble. And those who overcome their troubles are those who are able to lay hold upon the tough, creative power of hope. So whatever you do, with God's help, keep up your hopes and your hopes will keep you up.

Breathless Pace Backed By Planning

WASHINGTON—The split-second schedule that President Eisenhower is following on his world tour of nearly 23,000 miles has called for the most exacting and painstaking planning by the White House staff, with a large assist from the State Department and the various American embassies in each capital along the way.

It would be impossible to say how many hundreds of hours have been put into the effort to insure that the trip goes off without a hitch. The President's movements have first had to be coordinated with those of his hosts. Rigid protocol, much of it going back to the Congress of Vienna nearly 150 years ago, dictates the ceremony with which a head of state must be received on his arrival. Although he comes in a jet plane instead of a coach and four the rules covering who greets whom, and when, for the inspection of the guard, etc., etc, are the same as they were in 1815.

THEN EVERY MOVE HAS of necessity been coordinated with the security officers in each country. This is especially important in Afghanistan, India and Iran where Chinese Communists are reported to be anxious to mar the trip with an incident that could be merely unpleasant or extremely serious. Feeling in India against the Chinese is running high. Fanatics in that country have traditionally stopped at nothing.

And last but far from least, the President's every public gesture must be related to the presence of the 85 reporters and photographers accompanying him and the others who will meet him at each stop. It is here that the skill and experience of Press Secretary James G. Hagerty come into play. He is a master at working out complex details permitting the press to work with a minimum of confusion and uncertainty.

With such mass coverage it is necessary to draw three or four men by lot who get the close-up view. Every contingency of time and space must be taken into account under the most difficult circumstances.

TAKE, FOR EXAMPLE, the day, Sunday, December 13, when the President flies from New Delhi to Agra to view the Taj Mahal. He goes to church at 7:55 in the morning and takes off from Palam Airport for Agra at 9:40. But if reporters want to accompany him at Agra they must take a press plane at 8 a.m.

Then, as Hagerty details the visit to the Taj Mahal, the President comes to the inner tomb, which is a very small room. So only three members of the press—one still photographer, one movie cameraman and one reporter—can be admitted. That will take a little less than five minutes. Next the party must move rapidly back to the press plane for the return to New Delhi, a "civic reception" where a half-million people will gather, and the rest of the schedule concluding the President's stay in India. The press buses leave the Ashoka Hotel at 4:45 a.m. the following morning for the airport and the four-hour, five-minute flight to Iran.

ON SUCH A SCHEDULE minute by minute each phase of the extraordinary journey will be recorded for the world by the media of mass communication. It has been compared, this journey, to a royal progress; one of those occasions in the 16th or 17th Century when royal personages moved from capital to capital with all the panoply of state. The President is the smiling symbol of America and his passage through 11 countries is a kind of showing of the flag, a human flag.

His son and daughter-in-law, Maj. and Mrs. John Eisenhower, who are to be with him fit admirably into this concept. They are young, attractive, alert and readily identifiable as Americans. It is not easy to be the son of a father at the center of power on whom the bright white light of public attention constantly beats. Maj. Eisenhower has conducted himself in this difficult role, at his father's side where his father has wanted him, with remarkable modesty and forbearance.

THE DRAMA OF THE TRIP is inherent in the various settings in which the President will find himself. Imagine a President of the United States the center of a reception in the Moghul Gardens of the palace of the President of India, watching a cricket match in Karachi, lunching with the Shah of Iran in regal splendor. For the America of a simpler and far more isolated day this would have been an impossible venture and any President undertaking it would have been quickly cut down to size by a suspicious public.

The harvest will be, above all, on the theaters of the world—the flashing image television screens and in the newsreel of a smiling Ike and the cheers mounting in wave after wave for this symbol of a new America.

Help For Camera Fans

COLUMBUS, Ohio (AP) — To help the shutterbug, the Ohio Economic Development and Publicity Division issues a list of suggested photography subjects around the state, such as monuments, historical sites, etc. The list also gives the best time of day for photographing each.

Dali Painting

MILWAUKEE (AP)—The first religious work of the internationally famous artist, Salvador Dali, has been presented to Marquette University by Mr. and Mrs. Ira Haupt of New York City and Asbury Park, N. J.

Titled "Madonna of Port Ligat," the painting was done in 1949 and was blessed by Pope Pius XII.

Advertising Law

COLUMBUS, Ohio (AP) — As a result of action by the 1959 General Assembly, Ohio has the nation's first "right to advertise" law.

State agencies are prohibited from adopting regulations against truthful, legitimate advertising, and the penalty for false or fraudulent advertising is license suspen-

Poor Mr. Skunk! He Is Friendless

By BILL BRYAN

Skunks — those little black and white kitties — are getting a lot of attention in Big Spring and the county lately. This, in itself, isn't very new. Skunks have always been able to make their presence known.

But the kind of attention local skunks are getting now is different from the customary "Whew, what a smell" they usually elicit.

More than two dozen of these small mammals have been killed recently — most of them within the city limits — and proved to be carriers of rabies virus like that which causes death in dogs.

The Howard County Commissioners have taken under advisement a program which has proved effective elsewhere in ridding areas of the skunk and the rabies danger.

TOUGH CITIZENS

But whatever the commissioners decide will have to be a pretty stiff program — because skunks are tough little critters.

Most citizens have a "the less said the better" approach to the subject of skunks. We all remember times when somebody "got shot" and had to bury his clothes and bathe in lye soap or something stronger to get rid of the smell.

The encyclopedias take a different approach to the subject. The more conservative Brittanica devotes only a few paragraphs to the subject while the American — true to ou rheritage of wordiness — gives itmore than half a page.

Unlike the hibernating skunks of colder regions, the local character has a full year to work his havoc. All skunks are members of the weasel family and are kissin' cousins to badgers.

But since the skunk has no natural enemies — other animals give him the widest possible berth — he just about has it his own way.

A skunk's diet consists mainly of worms, insects, birds, small mammals and their young and eggs of ground birds.

They are sure death to coveys of young game birds especially those which cannot fly very well. They also destroy millions of unhatched game birds by eating the eggs in the nest. It makes no diffierence to Mr. Skunk how ripe the eggs are. He likes his food on the seasoned side.

LARGE FAMILIES

Mama Skunk raises from 6 to 10 "kittens" each year and the family, despite their odor, manages to stay together for a year or more. In the colder regions they all hibernate together and come out in spring to go their separate ways, no doubt.

Several years ago skunks were trapped for their skins which were shipped to Europe under the label of "monkey" skins.

In the old days, Mr. Skunk lived on the land, so to speak, and his diet came mainly from natural sources in the open fields and prairies.

But civilization came along and wiped out a lot of the worms, insects, and small animals which had been the skunk's main source of food.

Since he is an adaptable little cuss, the skunk merely changed brands and took to chicken stealing, garbage can searching, and practically took over the open dumps outside the communities.

When modern civilization decided to help game birds by introducing new species into areas — and adding to the slim population by importing birds in large number to turn loose — they were playing right up the skunk's alley. He dearly loves bird eggs and he doesn't care if they were laid by a sparrow or a pheasant. Chicken eggs are real choice since one egg makes a good meal.

SHARP SHOOTERS

The odor which has made skunks rather famous has created a few legends of how far they can shoot the stuff etc. Naturalists say that from 10 to 15 feet is the danger zone. Some Indians, so the records say were blinded by the effect of skunk pizen.

Skunks, the authorities say, are nocturnal in their habits. This means they sleep in the day and sally forth to smell up the night.

Nobody, knowingly, wants to meet a skunk at any time of day. But somebody is going to have to make arrangements to do it.

Skunks are the natural reservoir for the rabies virus which kills dogs and can be fatal to other pets including humans.

For this reason, skunks have been declared the subject of a health emergency in this area. And steps are being planned to rid the county and city of their presence and disease.

OR TWO 1957 PENNIES

$100 TO YOU*

DURING OUR BIG ANNIVERSARY CELEBRATION

Christmas Grab Bag
Free Of Extra Charge To Every Major Appliance Buyer — You Can Select A Pre-Wrapped Gift From Our Tree.
Values Up To $39.95
Free Gifts In Addition To The Low Prices

Here's your opportunity to SAVE BIG MONEY just by having a 1947 penny or two 1957 pennies. Thirteen years ago this month, we started serving our many friends in the Big Spring area. It is our sincere wish that our anniversary celebration will enable you and your family to make considerable savings in your Christmas shopping. We want everyone to know that we appreciate their patronage during the past thirteen years. Just check the items below, dig up a 1947 penny or two 1957 pennies and come down and see how much you can save. A 1947 penny or two 1957 pennies are worth dollars to you on the purchase of merchandise during this sale, plus a free gift when you purchase a major appliance. See the Christmas Tree Grab Bag!

Give God A Chance—God Will Open Doors For You!

LIKE A MOUNTAIN NAMED FOR YOU?

Not one of these, certainly! They're here today, gone tomorrow. We'd gladly lend our names to a timeless peak like Everest — not to a heap of shifting sands rolling before the desert wind.

Of course, we have to identify ourselves with many a transitory idea and institution. We are busy most of our days just trying to keep up with this ever-changing world . . .

But our deeper self gropes for the Eternal!

God understands this yearning. He breathed it into our souls.

And God answers it: In Christ! In Scripture! In the voice of a neighbor inviting you and your family to Church.

A voice crying in the wilderness . . . across the shifting sands . . . of the TRUTH and LIFE that are ETERNAL.

Copyright 1960, Keister Adv. Service, Staunton, Va.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Matthew	7	24-29
Monday	Psalms	90	1-2
Tuesday	Isaiah	64	4
Wednesday	John	10	27-30
Thursday	Genesis	1	26-28
Friday	John	10	14-16
Saturday	John	3	16-17

Freshmen Students Take Tests, Get Tips On Life's Vocations

Ninth graders at Goliad Junior High School have been busily engaged in taking Kuder Vocational and Personal Interest Tests during the past week. These tests were administered as a part of a long series of achievements tests which are given every year in various grades; and they were designed to encourage students to take a look at their interests in the light of their abilities in order that they might be counseled in choosing high school courses that would equip them for college entrance or entering a vocation.

To conclude the test program, an assembly was held on Friday afternoon for the ninth graders. In the assembly members of the military, newspaper, medical, educational and industrial fields presented talks giving an overall view of educational requirements and opportunities in their various occupations. Speakers and the areas they represented were Capt. Ernie Baumann, of Webb Air Force Base, military; Joe Pickle, editor of the Big Spring Daily Herald, newspaper; Dr. Floyd R. Mays, physician at Medical Arts Hospital, medicine; S. M. Anderson, assistant superintendent of Big Spring Independent School District, education; and Johnnie Hill from Cosden's Industrial Relations Department, industry.

The Kuder Tests were not the first exams of their type to be taken by the students, nor will they be the last. Teachers use the achievement test results from the early grades on to provide a standard for grouping students for accelerated, regular or developmental classes.

Achievement tests administered in May to sixth grade students enable counselors to group seventh graders entering the junior high school. Achievement and ability tests, together with teacher recommendation, provide the basis for subsequent grouping by subject matter. For instance, a student may be placed in an accelerated math class and a regular English class. Or, he may be scheduled for remedial reading, but be capable of doing grade-level work in math.

The Iowa Algebra Prognosis Test is administered to eighth grade students in the spring. Results, with teacher recommendation, are used to screen for algebra and general math classes.

In the eighth grade, students also receive a Primary Mental Abilities Test which indicates their current ability to solve five types of mental tasks related to academic learning. In the fall semester of grade nine, students take the Kuder tests which measure interest, not ability, in various vocational areas. Students are then provided with a profile sheet by which they can compare their interest in professional and vocational fields.

Before completing the ninth grade, students take the Iowa Test of Educational Development. They are encouraged to take profiled scores home to discuss them with their parents in view of electing courses for senior high school. In order that students and their parents know what senior high school courses are required for graduation and what college preparatory courses are advisable, each student is provided with an information sheet. A tentative plan of high school work is selected by students after a review of measured vocational interest and academic ability.

The high school plan is returned to the student's cumulative folder and sent to senior high school with him.

Forsan Gets Projector

By ELLABETH STORY

FORSAN — Forsan High School boys basketball team opened the season at Coahoma. The boys did right well for their first game, but they did come out with the short end of the score, 46-34. The boys' and girls' basketball teams played in a tournament at Ira Thursday, Friday and Saturday. The girls basketball team has been in action since the early part of November.

The Student Council has recently bought an opaque projector for use by the entire school. The Council also secured a large electric mixer for use in the cafeteria. Several other important projects for the year are under way by the Council. The high school Christmas party will be under the direction of the Student Council, also.

The FHA group, sponsored by Mrs. James Childress, is putting in some time by sending gifts to McKnight Sanatorium in Sanatorium. This box will be in the mail by the first part of December. The sophomore girls in FHA served a buffet luncheon at the noon-hour Friday to their guests and members of the class. The FHA chapter will have its annual Christmas party, Monday night, in the home economics department of high school. Gifts will be exchanged and a Christmas program will be presented.

Ellabeth Story, who is president of FHA and is a senior in Forsan, will represent the high school on McCall's Teen Fashion Board. Ellabeth is active in the senior class, is vice president of the Student Council, and is on the girls basketball team.

The junior class is very busy raising money for the junior-senior banquet. Their latest money-making project is selling candy, which is a large pecan roll, and sells for one dollar ($1). The juniors certainly have the seniors' very best wishes and cooperation.

The 4-H Club of Forsan has as one of its projects this year the securing of toys for the distribution by the Big Spring fire department. The 4-H will also have a Christmas party which will be Dec. 8, and will be held at Big Spring. Jay Creighton is president of the local 4-H group.

Benny Barnett, editor of Forsan Buffalo Trail, the high school yearbook, reports that the annual is progressing very nicely. All deadlines have been met ahead of time, and he promises that the annual will be the best Forsan has ever had published.

NAME THIS PAGE AND WIN $20

Hey, Guys and Gals, how are you with the names?

The Herald would love to have a good title for this page—something cool or solid, or something lyrical or catchy; certainly something not too long. Just a name that identifies a special page full of news for, by, and of the young folks.

The Herald wants a page title so badly that it will pay 20 smackeroos—yep, a crisp $20 bill is ready—for the individual who turns in the name judges decide is most acceptable.

Anybody in the Junior High, High School, or Junior College group is eligible. Just write your selection on a piece of paper (some blanks will be at the schools), and be sure and list your name, address, school and grade.

There'll be special deposit boxes at Senior High, Junior College, Goliad and Runnels Junior High Schools. If you live outside Big Spring, just mail your selection to The Herald. We'd like to hear from the kids at Forsan, Stanton, Coahoma, Lamesa, and all other nearby points, too.

The contest will continue through Wednesday, Dec. 16.

Put on the thinking cap! There's 20 bucks ready for Christmas spending!

Coahoma Class Favorites

These are among the favorites picked at Coahoma last week, standing, Max Kennemer, Paul Camp; seated Zena K. Robinson, Nancy Hodnett, Reba Graves. Others named but not pictured are Jon Ellen Ford, Royce Dee Aberegg and Billy Ford.

Favorites Named, Pre-Holiday Calendar Jammed At Coahoma

By ROSALIE DeVANEY

COAHOMA — Coahoma High School favorites were elected in class meetings, Tuesday. Senior favorites are Zena Kay Robinson and Max Kennemer; juniors, Nancy Hodnett and Royce Dee Aberegg; sophomores, Reba Graves and Billy Ford; freshmen, Jon Ellen Ford and Paul Camp. Elections for most talented, best dressed, most likely to succeed, friendliest and friendliest teacher were also held on Tuesday. The results will be known only when the yearbook is published.

The band's 42 party Saturday night was successful. You'll notice how excited band members are about the invitation extended to them by the Snyder Chamber of Commerce to march in Snyder's Christmas parade Thursday. The band is now working on overtures and sight reading so that they may have high ratings in contest in the spring.

Work! Work! Work! has been the seniors' cry all week, for they have been bearing down on the Miss Coahoma High School contest set for Saturday (Dec. 12) at 8 p.m. A space theme is being used and many tedious decorations are to be prepared. Reserved seat tickets are on sale ($1 and 75-50 cents).

The boys A and B basketball teams played Forsan Monday and won 46-32. They played again Tuesday night but lost by one goal. This game, at Westbrook, was a very exciting one from start to finish. The team also entered in the Ira tournament this weekend.

The girls played Westbrook Tuesday night with a score of 36 to 31. They also entered the Ira tournament.

Report cards came out this week—unfortunately! Hope everyone did OK. We better get after those books this six weeks.

Several of the Homemaking III girls took Betty Crocker scholarship tests this week. Included were Sharon Jinley, Mary Kiser, Zena Kay Robinson, Judy Brooks and Nadine Lambright. State winners will get a chance at the national judging. The winner will receive a $5,000 scholarship.

At Student Council meeting Thursday an all-school Christmas party was discussed for the last day before the holidays. A "Beatnik Day," "Sadie Hawkins' Day," and a "Western Day" were also planned.

Next week the winner of the Miss Coahoma High School contest will be announced . . . so keep watching. See ya then.

Runnels Has Talent Show, Names Yearbook Queen

By PAT LOUDAMY

Runnels Junior High students presented a talent show Friday for a special benefit fund.

Choirs under the direction of Mrs. Bill Griese and Mrs. Forest Gambill presented several numbers. A variety of musical numbers and pantomimes followed. The master of ceremonies was Mrs. Bert Brewer, and the clowns were Hollis Webb and Tommy Lane. Proceeds will be used to help Runnels pupils in need, and for a contribution to the Cheer Fund.

Our first basketball games were played Monday. The ninth grade lost to Edison of San Angelo by a 46-31 score; the eighth grade scored a 42-23 victory over Edison. Our seventh grade was defeated by Goliad with a score of 30-5.

"Lasso Lamesa" was the cry at the pep rally Thursday. Eighth graders did just that in the afternoon game by a 44-17 score. The seventh graders were also victorious, winning 28-14. However, the ninth graders bowed to Lamesa 41-29.

The Runnels band, under the direction of Mr. Doug Wiehe, entered the Interscholastic League band contests in Odessa Saturday.

About one-third of ninth grade students have completed their aptitude tests. This test helps determine what subjects the student should take in high school.

Mrs. Pat Drake and Mr. Carlis Humphrey attended a physical education teachers convention in Abilene last week.

Sara Beth Homan was elected El Palomar (yearbook) queen.

The runner-up for this honor was Joyce Davidson. Sara Homan also is the editor of our yearbook.

The Big Spring FFA Junior Chapter conducting team from Runnels won first place in the annual junior chapter conducting contest at Odessa a week ago. They were entered in the Area II contest here Saturday.

Float And World Service Talked By Hi-Y Heads

Everett Taylor, Y program director, gave a short report for the Christmas float committee at the Hi-Y Council meeting Monday.

It was announced again that the deadline for World Service pledges is Dec. 14. After the club meetings, all met together for the prelegislative caucus at which time Big Spring nominees were selected. The council's devotion was brought by Shirley Terry.

Steer Cagers Off To Good Start

By TERESA SMITH

Basketball is in full swing now and everyone has really been backing our team. The two captains, Zay LeFevre and Bobby Evans, have set up the qualifications for the team sweetheart. She must be a senior, must attend 75 per cent of the games, and cannot be engaged or going steady. This weekend Coach Vernon Harton's team journeyed to Seminole for the season's first tournament.

If you see several of the homemaking girls going down the halls with toy dolls, don't be amazed. They haven't regressed — they are simply going to dress the dolls for the Christmas Cheer Drive.

Petitions! Petitions! Petitions! Last Friday was the deadline to circulate petitions for class favorities and best-all-around. Elections will be held soon, and the winners will not be revealed until the Christmas Formal. The school beauty will be announced then also.

On Thursday night, the National Honor Society had its first meeting with the 31 new inductees.

Mrs. Charles Weeg and Miss Colleen Slaughter spoke briefly. The program for the night was given by Mr. Bill Quimby, manager of the Chamber of Commerce. He explained the recent proposals about the evaluation of the Big Spring school system. He also discussed the juvenile board. It was suggested by one of the NHS members that a survey be made of students in order to find out what the students think is wrong with the system and then present it to the businessmen. What do you think?

On Dec. 9, at 9:30 (oh, incidentally, all assemblies will be in the mornings now) the Lubbock Christian Choir will bring us a program. The group is a fine ensemble that is comparatively new as the school itself isn't even four years old yet.

Say, you football boys had better get dates for your banquet (Tuesday) right away.

Several of the students will be going to Abilene next Saturday for Pre-Legislature. The purpose of the meeting is to discuss bills to be passed and to elect district officers. Pre-Leg is mainly a preview of the Y's Youth and Government in Austin. Two Big Spring boys are running for district offices — Ronnie Hubbard, House chaplain; and Gordon Dickinson, is governor nominee. Danny Anderson is the Big Spring reporter.

Remember to turn in your news. See you in church.

Scout Fund $300 Above Its Quota

STANTON—The final total in the Boy Scout fund raising drive here was at least $300 higher than the average this year, according to Stanley Wheeler who headed the drive.

This year's drive brought in $1,510. Finance chairman Sammy Houston said the annual average is between $1,000 and $1,200.

Goliad Council Plans For Yule Decoration Contest

By DE MASON

Returning from the Thanksgiving holidays, Goliad students got into the full swing of things as though there had been no interruption.

Wednesday morning the student council decided that Friday would be "dress up" day, and girls were to wear their Sunday best and flats while the boys were to wear dress pants and dress shirts.

It was decided also that each homeroom would decorate for Christmas. Only doors and the open ledges near the ceilings will be decorated. A committee not connected with the schools will select the winners of cash prizes.

The council also laid plans for a canned food drive which started on Dec. 2. It will end about two weeks hence and homerooms having 100 per cent participation will be given a sockhop.

Monday evening the seventh grade had a skating party and from all reports, everyone had a good time.

The Curtain Club, sponsored by Mr. Glenn Apffel, will have a candy sale this month. Members will sell the candy for $1 a can; it will also be sold at the Christmas play, "The Christmas Rose," which is to be held Dec. 17.

Monday during sixth period a pep rally was held in the gym and a new cheer was introduced.

Monday night three basketball games were played. The ninth dropped a 32-22 decision to Lee of San Angelo; the eighth grade won 34-19, and the seventh grade turned back the Runnels team 30-5. Games were in the Goliad gym.

Friday during the fifth and sixth periods, an assembly was held for the ninth grade. The freshmen have been studying a unit on vocations and have been taking the Kuder Personal and Vocational tests. In the assembly, representatives of five different fields of vocations talked to the freshmen about their future careers.

Have a nice Sunday; be sure to attend your church.

HCJC Students Select Class And All-Around Favorites

NANCY BRANCH
for KAY LOVELAND

The election returns are in! The all-school favorites are Jo Ann Howard and Buddy Barnes. The sophomore class favorites are Jo Ann Howard and Harold Henson. The freshman class favorites are Dee Mayberry and Joe Bob Clendenin.

The Student Y is having installation of officers Monday night. Dr. Marvin Baker is going to be the speaker.

The Aggie Club has voted Lena Zeitler as its sweetheart. A Christmas party has been in the planning but no date has been set yet.

The girl's dorm was still over the weekend, as everyone went home for the holiday. The girls are now planning a Christmas party but no date has been set.

Thursday, the choir sang at the Kiwanis meeting and Sunday, the choir plans to sing for the Kiwanis dinner.

In case some of you are wondering what's going on at the SUB, Mrs. Seewald is our new student director of the SUB and she has been really after it. Already she has begun to play records and rearrange the recreation room so that the students who wish to dance may do so in a corner allotted for them.

Monday night, the Jayhawks beat Decatur 85-54; the freshman defeated Dyess AFB, 63-53.

The Jayhawks went to Temple to the basketball tournament on Dec. 3, 4, and 5. On Dec. 8, we play San Angelo in the HCJC gym and on Dec. 11-12 the Jayhawks go to San Antonio to attend the tournament.

The drama department has been rehearsing a series of one act plays, including "Supressed Desires" (psychological comedy), "Hello Out There" (heavy drama) and "Star Song" (inspirational Christmas play about Christ's birth). Most characters are still in the script-reading stage. "Star Song" is not completely cast, and it is not certain that it will be done. But readings have gone on in Mr. Fred Short's Monday afternoon speech class. Dates of the plays will be (we hope) Dec. 14, 15 and 16.

Mr. Short is sponsoring a speech trip to San Marcos Southwest Texas State College. Entering the various contests are Sherry Coats, entering book review and persuasive speech; Kay Loveland, persuasive speech and poetry reading; Reece Beavers, book review and discussion on labor and management; Jerome Crumpton, persuasive speech and poetry reading; and Bill Hewlett, entering persuasive speech and poetry reading. The tournament started Friday; contestants left HCJC at 2:30 p.m. Thursday afternoon and will return Sunday.

The Footlight Club had a meeting Wednesday and a number of members were pledged to Delta Psi Omega. Chuck Worley and Mickie Stuart read the pledgeship. The pledge period starts Monday and ends Thursday with an initiation and banquet at the Sands Restaurant. Pledges are Janet Benson, Gary Blalock, Nancy Branch, Jeannine Cauble, Sherry Coats, Levon Fitts, C. L. Graham, Bill Hewlett, Kay Loveland, Corinne Nance R. D. Ross, and Jackie Thomas.

Everyone remember to get your date for the Christmas Formal early as there is only a little more than a week left. It is sponsored by the Rocca Rocca Hamma Club and is really going to be something different.

Let's see how much school spirit we can put out by all being at the pep rally Monday during activity period.

Well, that does it for this week.

HCJC STUDENTS LEAVE FOR SAN MARCOS SPEECH TOURNAMENT
Fred Short enters pupils in poetry reading and dramatics

Solution of Yesterday's Puzzle

'Roots Of Heaven' Is Story Of Fight To Save Elephants

Starring Errol Flynn, Juliette Greco, Trevor Howard, Eddie Albert and Orson Welles, "The Roots of Heaven" is the first joint effort of Producer Zanuck and Academy Award-winning Director John Huston.

Produced under Zanuck's independent banner for Twentieth Century-Fox release, "The Roots of Heaven" was filmed on location in French Equatorial Africa, actual locale of the Prix Goncourt winner for literature, under the most arduous conditions yet experienced by any film company.

The fascinating story revolves around one man, Morel, an idealist who goes to Africa to live among the elephants whom he thinks of as the last "roots of heaven." He is generally disappointed with civilization and launches a private campaign whether for hobby or for professional purposes. Trevor Howard essays this role and his crusade to save the elephant from extinction touches on the lives of an assortment of characters portrayed in the film. Errol Flynn plays a derelict, ex-British major who joins the crusade for lack of anything else to do; Juliette Greco, sensational French discovery recently seen in "The Naked Earth," is the night club hostess who falls in love with Morel and follows him into the African jungles; Eddie Albert portrays an American press photographer sent to Africa to do a picture story on this strangely powerful man; and Orson Welles is an American TV commentator who rallies worldwide support for Morel's movement.

HOWARD, GRECO, FLYNN & FRIENDS
Salvation for a lot of people

"The Roots of Heaven" is played against locales never before filmed. Producer Zanuck, Director Huston and a company of 120 ventured deep into the Cameroons and virtually built a tiny outpost of civilization to produce this film. Temperatures of 135 degrees, exposure to various diseases, and constant vigilance against jungle animals were the three biggest obstacles to production. But in their quest to bring autheticity to the screen, the production team did come across the largest elephant herd ever seen, even by local natives. A total of 600 giant beasts were captured on film in one sweeping motion of the Cinema-Scope cameras, handled by Oswald Morris.

Romain Gary, author of the novel, and Patrick Leigh-Fermor collaborated on the screenplay for "The Roots of Heaven" and Malcolm Arnold of "The Bridge on the River Kwai" fame, has added an exciting score which will precede all showings of the film.

Resumes Career

Exotic Anna Kashfi is picking up where she left off when her budding career was interrupted for marriage to Marlon Brando. Shortly after the couple's son, Christian, was born, Miss Kashfi announced she was ready to resume her film work. Within hours, she was signed for MGM's new release, "Night of the Quarter Moon."

Herman Melville Story To Screen

Herman Melville's novel, "Typee," which concerned the exotic and savage aspects of life in the South Seas, provided the story basis of "Enchanted Island," at the Sahara Sunday.

Filmed in Technicolor and directed by Allan Dwan, the attraction stars Dana Andrews, Jane Powell and Don Dubbins, in the Melville story of a hundred years ago.

Arthur Shields, Ted de Corsia and Friedrich Ledebur have other leading roles.

1,001,959 Years Since They Met

John Hubbard portrays a featured role in "Escort West," starring Victor Mature.

Hubbard appeared with Mature in the actor's first starring film, "One Million B. C.," in which they portrayed opposing pre-historic cave men. In "Escort West," Hubbard's first picture with Mature since "One Million B. C.," the two actors are again cast as antagonists.

Victor Mature Slays 'Em By Thousands (In Movies)

If you ever began a list of screen he-men who have "done away" with the most villains during their career you would have to put the name of Victor Mature high on the list.

Mature, who stars in "Escort West," with Elaine Stewart and Faith Domergue, is actually quite blase about his heroic movie roles. The picture plays Sunday at the Sahara.

It all began during filming of the actor's first starring picture, "One Million B. C.," in which he portrayed a brawny cave man. He not only wrestled a pre-historic animal but muscled his way through a dozen or so prehistoric men, leaving them with cracked craniums as he went.

After this role Vic was firmly entrenched in filmdom as a screen he-man and a nemesis of villains dressed in cave man attire or Western chaps. One of his most famous roles, Vic's first picture after discharge from the Coast Guard at the end of World War II, was "My Darling Clemetine." He portrayed a "heavy" in this excellent sagebrush oater but nevertheless found time to "bump off" a number of fellows before he got his just desserts.

"Take 'Samson and Delilah,' for instance," offered Vic. "I not only killed 10,000 Philistines with the jawbone of an ass but at the film's finale I pushed a huge temple down on the heads of a couple more thousand people. Who can top this?"

'Quarter Moon' Treatment Of Taboo Theme

"Night of the Quarter Moon" presents a treatment of an unconventional subject. It is the story of a young couple whose love was considered taboo by the boy's socially prominent family but who defied every barrier put in their way to find happiness.

Playing the romantic leads are Julie London and John Drew Barrymore, with other principal roles enacted by Anna Kashfi, Dean Jones, Agnes Moorehead and Nat King Cole and with a group of "guest stars" including Cathy Crosby (in her screen debut), Ray Anthony, Jackie Coogan, Charles Chaplin Jr., and Billy Daniels.

The story begins in Mexico, where Chuck Nelson first meets Ginny O'Sullivan on a fishing vacation. When they fall in love, Chuck doesn't ask Ginny for her pedigree. But when they are married and Chuck brings his wife back to San Francisco to meet his aristocratic mother, the shadow of Ginny's past comes to light and Chuck's family does everything in their power to break up the marriage.

The climax takes place in a courtroom sequence in which the attorney engaged by Chuck's mother attempts to gain an annulment of the marriage on the grounds of fraud. It is in this scene that the attorney rips Ginny's dress off her back to the waist in an effort to prove his point.

Pivotal scenes of "Night of the Quarter Moon" take place in a night club run by Nat King Cole, who sings a new song titled "To Whom It May Concern." "Blue Moon," an old favorite, is sung by Cathy Crosby, first feminine member of the famed Crosby clan to enter show business. The 19-year-old brunette is the daughter of Bob Crosby and niece of Bing. The picture also features a title song, which is sung separately over the titles by Julie London and Nat King Cole.

LONDON & BARRYMORE
All about mixed marriage

CINEMA COMMENT

By Bob Smith

"Night of the Quarter Moon" is a tragedy for several reasons.

1. Ostensibly a drama based on the problem of racially mixed marriages, the story is hobbled by an inept script.

2. In spite of swift direction by Hugo Haas and good acting by cast members, the characters end up portraying unlikely people doing things such characters aren't likely to do.

3. Use is made of sensationalism, which might seem almost a crime considering the theme. The courtroom scene in which a woman's dress is ripped off her back in what apparently was supposed to be a dramatic climax, was nothing short of ridiculous. And there was really no meaning in the nude bathing sequences in the first part of the film.

The plot concerns a young brainwash victim, John Drew Barrymore, who meets and falls in love with a girl, Julie London, in Mexico. He doesn't mind the fact that she is a quadroon, and he marries her and takes her back home to San Francisco.

Her mother, Agnes Moorehead, does care, and when the tension causes Barrymore to have a breakdown, she carries her fight for annulment into court.

It's a pity. "Night of the Quarter Moon," in the hands of a good script writer, might have been a really fine, dramatic movie.

* * *

Head for the hills — here comes that Italian hoss opera again.

This time, it's "The Warrior and the Slave Girl." It features a cast of thousands, gaudy color, a big assortment of sex and sadism — and the usual poor acting, direction and inexcusably inept dubbing of English Dialogue.

Just sub the Roman legions for the U. S. Cavalry, the Scythians for the Injuns, and the revolting galdiators for the pioneers — and, there you are.

* * *

"The Mating Urge" is interesting enough as a documentary pictorial of the world's odd courting customs, but if it's sex you're looking for, you've come to the wrong place.

It might have been improved had the film's makers taken a tape recording to the out of the way corners of the world they visited. The real sounds fit much better than the artificial composed music of the soundtrack.

Still, an intriguing survey.

* * *

I can recall only a few movies, whose feeling stayed with me longer than the time it takes to make the exit. Fewer still are those whose emotional impact stayed with me for months or years.

Prominent among these latter was "The Roots of Heaven." It's coming back this week, and I know I'll have to see it again.

"The Roots of Heaven" is one of that rare breed of movie in which all the actors lose themselves in their parts, in which the script writers believe what they are saying, and the director and his entire crew look upon their production as a labor of love.

In short, this reviewer could find nothing to critizise and a lot to praise.

The story is simple enough, as most really good stories are. Trevor Howard is a fanatic, self-appointed guardian of Africa's fast-vanishing elephants, and which Howard feels are "the last roots of Heaven on earth."

No, he doesn't succeed. He gets a thorough run-around at the hands of the greedy ones, the officious ones, the indifferent ones. The world ignores him, or finds him amusing. Indeed, he is finally caught up in a buffoonish and ironic anti-climax in which some of his followers are killed.

He collects about him a menagerie of human debris: Juliette Greco, as the part-white girl who has learned to be bitter; Errol Flynn, a pitiful boozing wreck who finds a latter day salavation; Orson Welles, the pompous TV personality who learns the meaning of humility; and a few dozen other assorted oddballs.

But even after disaster, he picks up and carries on. The closing scene makes one shake his head in wonder that there are such people in this world.

Awards Show

HOLLYWOOD (AP) — Arthur Freed, veteran producer and songwriter, will produce the 1960 academy awards show. His appointment was announced by the Academy of Motion Picture Arts and Sciences.

Glenn Just Can't Quit The Service

Glenn Ford is back in the service for the fifth time in two years for "It Started With a Kiss," but it's his first portrayal as a member of the U. S. Air Force.

Starting with "Teahouse of the August Moon," and continuing with "Don't Go Near the Water," "Imitation General" and "Torpedo Run," Ford has been in the Army and Navy for a series of outstanding comedies. He hasn't, in fact, appeared on the screen in contemporary business clothing since 1955, having interspersed Westerns with the pictures that have led to his being named 1958's box-office champion.

"It Started With a Kiss" teams Ford with Debbie Reynolds for the first time, with Eva Gabor and Gustavo Rojo also playing starring roles in the romantic comedy, filmed in CinemaScope and color.

The film shows Sunday through Wednesday at the Jet.

Romance at "A Summer Place"

'Summer Place' Continues Its Local Run At The Ritz

"A Summer Place," the popular novel by Sloan Wilson, author of "The Man in the Gray Flannel Suit," has been brought to the screen starring Richard Egan, Dorothy McGuire, Sandra Dee, Arthur Kennedy and Troy Donahue and featuring Constance Ford and Beulah Bondi.

The direction of the motion picture, continuing through Tuesday at the Ritz, was entrusted to Delmer Daves, who also wrote the screen adaptation.

"A Summer Place" is a present-day story with a Maine background. Millionaire Ken Jorgenson, with his wife, Helen and daughter Molly, returns to the Pine Island mansion where he once worked as a lifeguard. The owner, Bart Hunter, has dissipated the family fortune and is now operating the summer place with his wife Sylvia and son Johnny, as an inn for paying guests.

Ken and Sylvia face their old love, determine on divorce. The scandal causes difficult problems for Molly and Johnny, who forget their loneliness in each other. Like their parents 20 years ago they have an illicit love affair. How the problems are solved and greater understanding between the parents and children established, is the theme of the story.

Richard Egan portrays the self-made millionaire, Ken Jorgenson. Dorothy McGuire is cast as Sylvia Hunter, trapped into marriage to a man she never really loved.

Sandra Dee plays Molly Jorgenson, the voluptuous teen-ager with a love of living and a great capacity to love. Five-time Academy Award nominee Arthur Kennedy plays Bart Hunter, a cultured gentleman with a wicked sense of humor and a love of the bottle.

Troy Donahue, a handsome young New Yorker, is seen as Johnny Hunter, the scion of a distinguished New England family.

Broadway actress Constance Ford is cast in the role of Helen Hunter, the domineering wife and mother. Famed character actress Beulah Bondi portrays Mrs. Hamble, an independent dowager and long-time friend of the Hunter family.
