JUST A COUPLE OF FARMHANDS—When 15-year-old Graham Clews goes about his chores on his father's farm at Southam, England, he is accompanied by "Charlie," a two-and-a-half year old fully grown leopard. The leopard is tame. (AP Wirephoto via cable from London)

Attorney Belli Aches Self Out Of Ruby Case

Firing Tried In January

By PEGGY SIMPSON

DALLAS (AP) — Convicted slayer Jack Ruby fired his head attorney, Melvin Belli, Wednesday night. And in a letter from his jail cell protesting Belli's bitter criticism of Dallas, Ruby said he had "tried to disengage" the lawyer as far back as Jan. 22.

A Dallas jury convicted Ruby Saturday of slaying Lee Harvey Oswald, accused assassin of President Kennedy, and sentenced him to death in the electric chair.

In angry reaction, Belli declared it a "kangaroo railroad" verdict by a jury that was "shoved down our throats."

He called Dallas "a festering sore" and said, "Now we see the shame of Dallas in all its glory."

The president of the American Bar Association called Belli's remarks "intemperate and abusive."

In Mexico City, Belli commented to a freind that "public opinion, and especially my fellow attorneys, should not judge me until my handling of the trial in all technical details are generally known."

He also told the friend, Mexico City Lawyer Victor Velasquez, that "I feel I did everything that could be done. I am not repentant. I did my utmost."

Belli left for his San Francisco home.

Ruby's sister, Mrs. Eva Grant, told the Dallas Morning News she sent the dismissal letter by airmail Wednesday night to Belli's San Francisco law office.

Ruby and his family "were dissatisfied with the defense presented by Belli and shocked at the tirade he delivered," Mrs. Grant said.

The letter said Ruby "tried to disengage" Belli Jan. 22, after a disagreement over defense tactics, but Belli "bitterly opposed and forced himself" on Ruby and "would not consent at that time to any local, adequate, competent counsel."

Copies of the letter also went to the other defense lawyers, Joe Tonahill of Jasper, Tex., and Phil Burleson of Dallas, but it was not immediately known how their status was affected.

The family said it has a note Belli wrote Ruby, saying his defense would not cost anything. A brother, Hyman Ruby, of Chicago, said, however, that Belli "has put all of us deeply in debt."

Ruby realized $24,000 from a newspaper serial of his life, written by a California author, which the family said, helped finance the trial.

The letter said, "We do not know what we will do for further counsel."

Fighting Flares Up In Cyprus

NICOSIA, Cyprus (AP) — Fighting flared up in troubled Cyprus early today with Greek Cypriots reported using mortars against a village of Turkish Cypriots 28 miles west of Nicosia.

It was the first fighting on the east Mediterranean island in a week.

A British army spokesman said firing started at the village of Ghaziveran, said to be surrounded by Greek Cypriots.

First reports said the trouble appeared to start over a roadblock erected by the 500 Turkish Cypriot villagers as a protection.

Greek Cypriots objected to the road barriers which were astride the main road from Nicosia to the west of the island.

Turkish Cypriots in the all-Turkish town of Lefka, 5 miles southwest of Ghaziveran, threatened to attack Greek Cypriot villages near them if the Greek Cypriots did not cease firing by 10 a.m. But 15 minutes after that hour, there was no word that an attack had started from Lefka.

The British said Turkish Cypriot leaders were flown to Ghaziveran by helicopter. Fires were reported inside the village.

The British said firing continued through the morning as the Turks refused to surrender. The Greek Cypriots halted a truce patrol of British, Greek and Turkish Cypriot troops east of Ghaziveran.

TELEGRAMS FOR WALLACE—Telegrams supporting the presidential candidacy of Alabama Gov. George Wallace are held by Wallace as he began a Wisconsin primary campaign. The Western Union office at Appleton said the wires were so flooded with telegrams that offices in Green Bay and Neeah had to handle the overflow. Most of the telegrams came from Alabama. (AP Wirephoto)

Rainfall Is Parting Gift Of Winter

Winter's parting gift to Scurry County was wet and welcome.

Rainfall measuring from half an inch to approximately one inch dampened the area Wednesday and Wednesday night as a new cool front touched off thundershowers over most of West Texas, including some turbulent weather which still endured this morning in Southeast Texas.

The showers produced .57 of an inch of moisture in the official gauge at the Snyder water plant.

Elsewhere over the county, Fluvanna had about half an inch or rainfall, while rains measuring up to one inch were reported in the Ira area.

Hermleigh had .70 and the rainfall at Lake J. B. Thomas ranged from about .60 to .70 around the lake.

Skies cleared today in West Texas as spring approached. The new season is due to make its debut at around 8:30 a.m. Friday.

Meanwhile, turbulent weather continued today in South Central and Southeast Texas area. Damaging winds this morning knocked over an entire trailer court outside Nederland. The winds there were clocked at speeds up to 75 miles per hour.

At least 13 persons were injured in the trailer court, three of them believed seriously.

In Houston, a light tornado accompanied by winds gusting up to 40 miles per hour dealt considerable property damage in the northeast part of Harris County.

Two eyewitnesses to the trailer destruction, Mr. and Mrs. Henry Simmons, said a rumbling noise was their only warning. Mrs. Simmons said the trailer was "lifted up, twisted and laid on its side, then uprighted again." She and her husband protected their three small children by throwing themselves atop them when the trailer started tilting. A refrigerator fell on Simmons but was lifted again when the trailer was uprighted.

The bookstore of the Southern Bible College was damaged when trees caved in the roof.

A small tornado struck early Thursday in a rural area 10 miles northeast of Beeville, demolishing the garage on the Gene Rosebrock farm.

Official rainfall measurements for the 24 hours preceding 7 a.m. included Dallas 1.66 inches, Lubbock .62, Midland .63, El Paso .21, Austin 1.59, Victoria 1.32, Galveston 1.60, Waco 1.59, Lufkin 1.01, Temple 1.18, Junction 1.10, Palacios 1.89, Gunter 2.12, Waxahachie 1.61, Ennis 1.43 and Sherman 2.24.

As the vicious wind and rain storm moved into Louisiana, the Weather Bureau hoisted small craft warnings from east of Port Arthur, Tex., to Apalachicola, Fla. Southeasterly winds of 15 to 30 knots were forecast, gusty near scattered thunderstorms.

Two possible tornadoes were reported near the Houston area, with much property damage but no serious injuries.

Mayor H. B. Graves of Brookshire Village, in Brazoria County, said his town was swept by a twister that knocked down power lines and sent trees awry. He said an Alvin, Tex., woman was hospitalized with a broken shoulder after a tree smashed into her trailer house.

Five miles northeast of downtown Houston, residents spotted a tornado that unroofed garages and houses and demolished a 36-year-old brick company, the Cordell Brick Plant. The manager said about 40 employes in a nearby housing development were trapped within the area due to fallen trees and power lines but none was injured.

The Weather Bureau at Houston could not confirm any tornadoes but said a heavy squall line moved through the area.

Beaumont recorded 1.72 inches of rain from six hours after midnight.

More than an inch of rain fell in south Central Texas during a six hour period. Kelly Air Force Base at San Antonio reported 3.31 inches, and the city of San Antonio had 1.42 officially at the airport.

The downtown section of the Alamo City, however, recorded more than three inches in four hours. The southeast section was without electricity for a short time, and many motorists in north San Antonio were stranded by high water.

One car was reported carried away by swirling Alazan Creek waters, but no persons were believed inside. Freeways were closed in at least three spots due to high water.

Austin recorded 1.22 inches and Bergstrom Air Force Base, just outside Austin, 1.06 inches.

De Gaulle Ends Mexico Visit Today

MEXICO CITY (AP)—President Charles de Gaulle ends his visit to Mexico today after three days of trying to project a new image of France as a big brother of Latin America.

The French president and his wife were to leave by plane at noon for the French Caribbean island of Guadeloupe. After visits to Cayenne, French Guiana, and Martinique, they return to Paris March 23.

In a joint communique signed with Mexican President Adolfo Lopez Mateos Wednesday night, De Gaulle pledged France would work at the U.N. Trade Conference in Geneva next week for "new formulas" that would pay Latin America better prices for its raw materials and manufactured products.

The two presidents also pledged to work for development of exchanges between Latin America and the European Common Market, calling such exchanges "desirable for their mutual benefit."

De Gaulle arrived Monday by jet to an enthusiastic welcome. Despite his 73 years, he carried out a schedule much younger men might have found exhausting.

Wednesday 50,000 shoving, cheering students gave De Gaulle such a boisterous welcome to the National University that police were alarmed. But no one was hurt and De Gaulle, sweating profusely, made it into the packed university auditorium for a speech.

Youth Doing Well With New Kidney

SAN ANTONIO, Tex. (AP)—An 18-year-old West Texas youth, Sammie P. Pruett, who received one of his mother's kidneys in a six-hour transplant operation, has returned to his home at Bangs near Brownwood.

The operation was performed Jan. 23 at Wilford Hall U. S. Air Force Hospital.

Doctors said Sammie was "looking well, had gained weight and was in exceptionally good spirits."

Rusk Talks To Dobrynin On Fliers

WASHINGTON (AP) —Secretary of State Dean Rusk called in Soviet Ambassador Anatoly F. Dobrynin today as the United States stepped up its diplomatic pressure for return of the three U.S. fliers downed in East Germany.

Dobrynin declined comment after the 15-minute session except to say he had no further information about the plane incident and that he had not received a note from Rusk.

Officials indicated that Rusk was pressing for Soviet compliance with U.S. demands for release of the three U.S. Air Force officers. Their RB66 reconnaissance plane was shot down over East Germany March 10. The three fliers parachuted from the plane.

The Russians have allowed an American doctor to visit one of the three men, who was injured, but they have refused so far to release the three.

WEATHER

SNYDER TEMPERATURES: High Wednesday, 60 degrees; low, 40 degrees; reading at 7 a.m. today, 40 degrees; precipitation, .57.

North Central Texas: Partly cloudy this afternoon through Friday. Scattered thundershowers northeast this afternoon. Cooler tonight and Friday. Low tonight 34 northwest to 48 southeast. High Friday 57-67.

Northeast Texas: Considerable cloudiness this afternoon scattered thundershowers mainly north. Partly cloudy and cooler tonight and Friday. Low tonight 40-50. High Friday 58-68.

Northwest Texas: Clear to partly cloudy south and central portion, considerable cloudiness north this afternoon. Clear to partly cloudy and a little colder tonight and Friday. Low tonight 24 northwest to 42 southeast. High Friday 50 northwest to 64 south.

Coast: Variable mostly west to northwest winds 8-18 knots this afternoon, tonight and Friday. Few tundershowers extreme upper coast this afternoon.

South Central Texas: Clear to partly cloudy this afternoon, tonight and Friday. Cooler tonight and Friday. Low tonight 41-50 north 50-59 south. High Friday 65-75.

Southeast Texas: Partly cloudy this afternoon with a few thundershowers in extreme east. Clear to partly cloudy and cooler tonight and Friday. Low tonight 44-54. High Friday 65-73.

Southwest Texas: Clear to partly cloudy this afternoon, tonight and Friday. Cooler tonight and Friday. Low tonight 35-43 north 40-48 south. High Friday 63-71.

Extreme Southwest Texas: Fair and a little cooler this afternoon, tonight and Friday. Low tonight 32-42. High Friday 64-72.

TO GOV. CONNALLY

Women Charged In Threat-Call

AUSTIN, Tex. (AP) — Two Nashville, Tenn., women were charged Wednesday with making a threatening telephone call to Texas Gov. John B. Connally on the day a Dallas jury decreed the death sentence for Jack Ruby for the slaying of Lee Harvey Oswald, accused assassin of President John F. Kennedy.

Federal Bureau of Investigation agents identified the women as: Christine Burke, 34, and Norma June McGriff, 38.

They were arrested Wednesday at their Nashville homes and waived a hearing before U. S. Commissioner A. B. Neil Jr. Each was released under $2,500 bond. They entered no plea to the charge.

The FBI in Nashville said the women likely will be tried in the San Antonio, Tex., federal court.

J. Myers Cole, special agent in charge of the San Antonio FBI office said the complaint charges that the two women "on or about March 14 at Nashville did wilfully and knowingly transmit in interstate commerce from Nashville to Austin a telephone call containing a threat to injure the person of Gov. John Connally, in violation of federal statutes."

Neither the FBI nor Connally's office would amplify the "threat to injure the person" charge.

Only one call was made but two women talked, the FBI said.

Connally said he knew about the call but would have no other comment.

The governor's office said the March 14 call was received by Texas Highway patrolman Bill Nelson, regularly assigned to guard the mansion. Nelson talked with the women "for some time" and during the conversation managed to get the call traced to Nashville. Connally was not in Austin at the time the call was made, his office said.

If convicted the women could receive as much as five years in prison and $1,000 fines.

The announcement came while Connally was in Dallas for a checkup on the bullet wounds received Nov. 22 at the same time President John F. Kennedy was assassinated. Doctors removed the cast from the governor's right arm and said it is unlikely he will need further surgery. He also is recuperating from a wound through the right chest and another in the left leg.

FOREIGN AID

LBJ Seeks $3.4 Billion

By LEWIS GULICK

WASHINGTON (AP) — President Johnson asked Congress today for $3.4 billion in foreign aid to help "build a world in which the weak can walk without fear."

In a special message to a Congress which has become increasingly resistant to foreign aid in recent years, Johnson depicted the program as a bulwark against both war and "the ambitions of Communist imperialism."

He promised no waste in the operation and asked for permanent authority for U.S. arms aid abroad.

On Capitol Hill, there were prompt predictions of trouble ahead for the President's proposals.

Senate Republican leader Everett M. Dirksen of Illinois said there were "still possibilities for real economies." Senate Democratic leader Mike Mansfield of Montana commended the President for the reduced requests but said "as always, the program will have to plow a difficult road."

Rep. Otto E. Passman, D-La., chairman of the House Appropriations subcommittee which handles foreign aid, said he hoped Congress would approve less than $3 billion.

House committee hearings on the measure may open next week, but Senate hearings are not expected to begin until after the Easter recess.

Johnson laid the groundwork for his request—$1 billion in arms aid and $2.4 billion for economic assistance—with this summation:

"The proposals contained in this message express our self-interest at the same time that they proclaim our national ideals.

"We will be laying up a harvest of woe for us and our children if we shrink from the task of grappling in the world community with poverty and ignorance.

"These are the grim recruiting sergeants of communism.

"They flourish wherever we falter. If we default on our obligations, communism will expand its ambitions.

"That is the stern equation which dominates our age, and from which there can be no escape in logic or in honor."

Johnson disclosed in the long-awaited message that he has decided against any major shake-up in the overseas assistance program. He had appointed a special committee to study reorganization possibilities.

Instead, Johnson concentrated on a number of streamlining activities which he said would boost efficiency of the program, help U.S. friends abroad get off the dole and at the same time "aid in frustrating the ambitions of Communist imperialism" for world domination.

Johnson noted the $3.4 billion for the fiscal year starting next July 1 is $1.5 billion below President John F. Kennedy's original foreign aid request a year ago. Congress chopped off about $1.5 billion after a stiff fight.

Even with Johnson's reduced figure, the overseas assistance program is expected to run into more trouble in Congress this year. Johnson appeared to anticipate critics in outlining what he termed "prudent and responsible programs."

Rail Strike Talk Gets Soft-Pedal

By NEIL GILBRIDE

WASHINGTON (AP) — Railroad industry and union negotiators kept up their war of nerves today, but soft-pedaled talk of a nationwide strike.

The Labor Department expressed cautious hope that the two sides can work out a new basis for negotiating their long dispute over wages and working condition.

Chief industry negotiator J. E. Wolfe said Wednesday night that a nationwide strike was imminent. This was the second time he had done so this week, and a union spokesman promptly denied it.

The strike talk appears to be part of the maneuvering between five operating unions and negotiators for nearly 200 railroads.

Neither side apparently wants to be blamed for posing a new national strike threat like the one that brought emergency legislation from Congress last year.

The battle centers on the unions' efforts to break away from the stalled national negotiations and talk separately with the Southern Pacific and the Louisville & Nashville Railroads.

The L&N has asked for a few days to think about the proposal.

Representatives of the union and the Southern Pacific were scheduled to meet today in San Francisco to discuss the situation. Wednesday night, the Southern Pacific obtained a California Superior Court restraining order banning any strike by the five operating brotherhoods. The order also restrains the unions from picketing, slowing down or interfering with railroad operations.

Wolfe said Wednesday night that the unions planned to strike the Southern Pacific shortly after midnight, but no strike materialized.

Canadian Union Ousts Leader

By FRED W. COLEMAN

OTTAWA (AP)—Canadian officials anxiously awaited a response from union seamen today to the removal of Hal C. Banks as Canada's maritime labor czar.

Banks, 55, the U.S.-born labor leader who has been the central figure in the Great Lakes shipping war, was ousted on Wednesday from the presidency of the 15,000-member Seafarer's International Union of Canada. The dismissal was ordered by the government board of trustees for Canada's maritime unions.

The ouster was announced simultaneously in the House of Commons and at union headquarters in Montreal.

Forty policemen surrounded the union building in anticipation of trouble, but there were no incidents.

In Vancouver, however, seamen gathered angrily in their hiring hall and sent a telegram to the trustees.

"We protest the arrogant, overbearing action in dismissing our president without consulting the membership," the telegram read. "We demand an explanation of this vicious act."

The trustees' announcement said simply:

"Hal Banks has been fired. All members are asked to maintain internal discipline."

The trustees named Charles Turner, 40, of the Brotherhood of Railway Clerks to succeed Banks.

Banks refused to comment to reporters who sought him at his luxury apartment in a Montreal suburb.

Dear Abby...

By ABIGAIL VAN BUREN

DEAR ABBY: I am 49 and have been going with a 51-year-old man for the past two years. He has been wonderful to me. He takes me to nice places and buys me lovely things. He asked to marry me, so I took him over to meet my son and daughter-in-law one evening. Well, it seems my daughter-in-law became interested in him (she is 28) and I was told that she called him up and invited him over when her husband wasn't home. My son travels three days a week, so she has a clear field. I notice when my son is out of town, his wife is never home and I can't find my friend, either. He takes me out only when she can't go. They have three little children, Abby, and now I feel guilty for taking him over there. Although she ran after him, if my son finds out he will half-kill my friend. I need this man because we had plans of marriage. What should I do?

HAS TROUBLES

DEAR HAS: Drop your friend, and tell him why. He'll undoubtedly pass the word on to your daughter-in-law and it might scare some sense into them. A woman with a two-timing friend doesn't know what trouble is until she has a two-timing husband.

• • •

DEAR ABBY: This is being written by FOUR women who are all in agreement on a neighborhood problem. There is a young widowed woman in our neighborhood who is very well proportioned. She strings a clothesline across her FRONT porch. It is very embarrassing to see her flimsy nightgown and all the underthings that women wear flapping in the breeze. What do you suppose she is advertising?

FOUR DISGUSTED NEIGHBORS

DEAR DISGUSTED: She is "advertising" the fact that she has no clothes dryer. Neither has she a man to set up a clothesline in her back yard.

• • •

DEAR ABBY: I can understand how one of those store-bought "ACCEPT MY SYMPATHY" cards would be acknowledged with an equally impersonal printed one stating, "The family of — wishes to thank you." But, Abby, when a person goes to the trouble to write an expression of sympathy in his own hand, don't you think he is deserving of a personal "thank you" note?

JUST WONDERING

DEAR JUST: Yes. But I am in the minority. I am amazed at the number of supposedly wellbred people who do not know that one original, handwritten sentence is more meaningful (and in better taste) than the most elaborately printed or engraved message.

• • •

CONFIDENTIAL TO "RELIEVED": The letter to which you refer could not have concerned your husband. It did not come from any of the cities you mentioned.

• • •

Get it off your chest. For a personal, unpublished reply, write to ABBY, Box 3365, Beverly Hills, Calif. Enclose a stamped, self-addressed envelope.

• • •

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to Abby, Box 3365, Beverly Hills, Calif.

Kentucky Governor Pushes Civil Rights

LOUISVILLE, Ky. (AP)—Gov. Edward T. Breathitt said he would work for civil rights on several fronts if the Kentucky Legislature fails to pass an antibias bill before it adjourns Friday.

The governor said he would urge mayors and county judges to establish human relations commissions and pass public accommodations bills such as the one approved in Louisville. He added he would work with motel, hotel and restaurant operations in an attempt to assure equal service to all races.

Breathitt's remarks were made on a televised show here Wednesday night.

Guilty Pleas Heard

Two pleas of guilty were heard this morning in county court.

Raymond Davis of Snyder and Brady pleaded guilty to a worthless check charge, and received a fine of $100 plus costs of $26.35 and a jail sentence of 30 days.

The check had been given to Williams Jewelry.

Wesley H. Dempsey of Lubbock pleaded guilty to driving while his license was suspended. The charge was filed by the Texas Highway Patrol following a mishap in which the truck Dempsey was driving and another truck collided.

Dempsey was fined $25 plus costs of $26.35.

DISMISSALS: Jerry House; Elvera Bernal; Jessie Lee Thomas; Mary Maude Hale; Jeffory Duck.

L. C. Pitts Dies At Home In California

Services are pending for L. C. (Doc) Pitts of Sunnymead Calif. who passed away Wednesday morning at his home.

He is survived by his wife of the home; two sons, Bill, of Amarillo and F. E. (Preacher) of Sunnymead Calif. and one daughter Donnie of Missouri.

Mr. Pitts is the brother of Mrs. Frank Newby and Mrs. John Floyd of Snyder; Mrs. Euna Paulk of Roswell, N. M. and Mrs. J. A. Bates of McCauley, Tex., Bud Pitts of Sunnymead and H. Pitts of Long Beach, Calif.

Ex-Resident Dies In Big Spring

Funeral services were to be held at 3 p.m. this afternoon in Big Spring for William Albert Johnson, a Scurry County native who had lived in Big Spring since 1938.

As a civil service operating engineer, Mr. Johnson had been employed in Big Spring with the Veterans Hospital and at Webb Air Force Base. He retired in 1958.

Mr. Johnson was born June 30, 1897 in Scurry County. He is survived by his wife; two daughters, Mrs. Mildred Engle of Big Spring and Mrs. Norma Berry of Ventura, Calif.; his mother, Mrs. W. A. Johnson of Dunn; two brothers, Francis of Dallas and Marcus of Dunn; two sisters, Mrs. Bill Hunter of Coahoma and Mrs. Lorena Mattson of Dunn; 13 grandchildren and six great-grandchildren.

The Rev. T. L. Nipp of Snyder and formerly of Ira was to conduct the services, with burial in Big Spring Cemetery.

Drives 18 Blocks With No Gas Tank

MIAMI BEACH, Fla. (AP)—The rented sedan driven by Guy V. Whitner Jr. of Newberry, S.C., stalled in the driveway of a Miami Beach hotel.

Whitner checked the gas gauge. Empty!

Hotel doorman William Benway called a service station to deliver some gasoline then opened the small door that hides the gas cap—and stared in disbelief.

No gas tank.

Police picked up the tank 18 blocks and nine traffic lights away.

"I can't understand how the car ran that far without a tank," said Benway.

American elk, once near extinction, now are creating an unexpected problem — overpopulation.

Cattle Raisers Assn. Name Brady Man For President

DALLAS (AP)—Fred Wulff of Brady was elected president of the Texas and Southwestern Cattle Raisers Association to highlight the closing sessions of the 87th annual convention of the TSCRA here Wednesday.

Other newly elected officers are Ben Carpenter of Dallas, first vice president; T. L. Roach Jr. of Amarillo, second vice president, and Paul Mason of Fort Worth, secretary-treasurer.

New directors are Dan Harrison Jr., of Houston; Richard M. Lucas of Berclair; Lee Hudgins of Sherman; Hayes Mitchell Jr., of Marfa; Vestal Askew of Sonora; Bill Brannan of Marietta, Okla., and Noah Guedry of Opelousas, La.

More than 1,000 cattlemen attended the three-day convention, and through resolutions recommended that no tariff concessions be granted on livestock, meat and meat products at the forthcoming Geneva trade talks, and reconfirmed the association's strong endorsement of two pending measures to establish import quotas at 7½ per cent of domestic beef production. Last year beef imports amounted to 11 per cent of domestic production.

They also passed resolutions pointing out that the general public is the major benefactor from federal meat inspection, and urged that this service not be charged to processors as proposed, but that it continue to be paid by the government.

The cattlemen asked that ranch and farm property be evaluated on the basis of productivity and earning capacity for estate tax purposes; commended the National Livestock and Meat Board for their promotion, education, information and research programs; went on record as opposing the national interstate identification system as a move which would serve no useful purpose and one which would be particularly inconvenient on movement of cattle from certified areas.

In one resolution, the beef producers said the Texas Animal Health Commission is spending more money on recertifying modified, certified brucellosis counties than it is on clearing up new areas. They recommended that either the present recertification period for brucellosis control areas be extended for longer times or other means of recertification be established.

Missiles To Arrive In West Germany

WASHINGTON (AP) — The first 400-mile range Pershing bombardment missiles are expected to arrive in Europe next month to provide added nuclear striking power for the U.S. 7th Army in West Germany.

The movement of the most advanced Army battlefield missile to Europe has been foreshadowed for quite some time.

Whooping Crane Dies In Texas

WASHINGTON (AP)—Interior Department officials received word Wednesday that one of the nation's nearly extinct whooping cranes died on the Texas coast.

Its death at the Aransas National Wildlife Refuge, where the birds spend each winter, left the number of wild whoopers at 32 by the best available count. This is the same as the total a year ago.

TODAY'S MARKETS

NEW YORK (AP)—Cotton futures were quiet with the market lacking fresh incentives. Noon prices were 60 cents a bale higher to 10 cents lower than the previous close. May 33.40, July 31.80 bid and October 30.48.

Firemen Answer Call

The Snyder fire department answered a call to the F. H. Armstrong residence at 2203 Fortieth treet at 3:15 p.m. Wednesday.

A washing machine motor burned out causing considerable smoke, but damage was limited to the washing machine.

One Killed In Electra Crash

ELECTRA (AP)— A collision of two cars 7 miles east of here Wednesday on U. S. 287 killed Bobby Thacker, about 30, of Vernon. The other driver, Jimmy Scott, 19, of Vivian, La., suffered serious injuries.

Excuse That Lady!

OROVILLE, Calif. (AP)—When Judge William Savage asked the 20-member jury panel if any of them knew the defendant, Lynn C. Green raised her hand.

"What relation?" asked the judge.

"I am his wife," Mrs. Green replied.

She was excused.

Later a jury was selected. It convicted Nathan F. Green, 34, on a drunken driving charge.

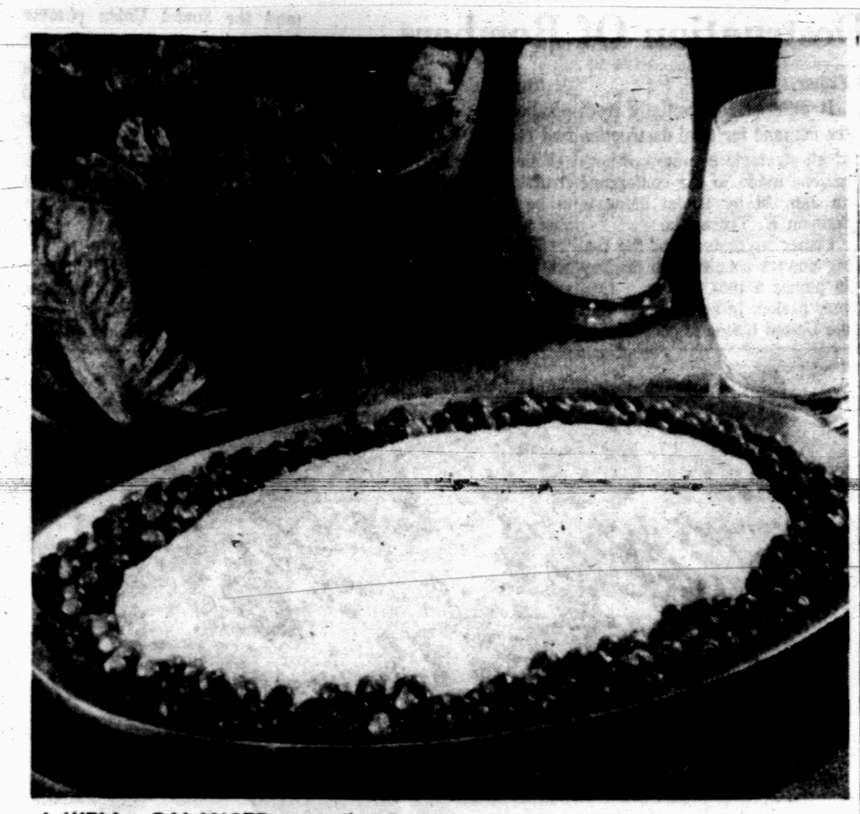
A PARAMOUNT RELEASE

NO. 2



A WELL - BALANCED, appealing Lenten meal stars Fish Cheese Puff, light as an omelet, over baked fish fillets or steaks .Green peas and a tossed salad round out the menu.

Savory Puff Gives Fish New Appeal

During the Lenten season you'll want to try all the tasty ways there are to serve seafood. If you'd like a change from the usual sauces served with fish, try this delightful new Fish Cheese Puff. It can be served over fish steaks or fillets, using any of the lean varieties such as haddock, halibut, flounder or pike. Since fish tends to be lean, it needs some element to add moistness and flavor. In this recipe, the omelet - like egg and cheese mixture provides that moisture plus delicious taste.

Here's another reason busy homemakers will welcome the recipe for Fish Cheese Puff : it takes a little time to prepare and bakes in just 20 minutes.

There's no need to pre - cook the fish, it bakes to tender flakiness right along with the puffy topping. As for flavor, it's superb. There's the unique tang of sour cream, the mellow flavor of cheddar cheese, and the zest of minced onion. Chopped pimiento -stuffed olives contribute lively color and extra flavor. And it's so easy to do! Just mix the ingredients for the puff and pour it over the fish; cover well and bake.

Serve this flavorsome Fish Cheese Puff on its own ovenproof platter or shallow baking dish, hot from the oven. Surround it with peas, which serve as a vegetable as well as a garnish. The salad is a springtime medley of romaine, Boston lettuce and tomatoes. Milk makes the perfect beverage.

Fish Cheese Puff makes an excellent main dish for Lent or any springtime meal.

FISH CHEESE PUFF

6-8 servings

Buttered shallow baking platter or dish

Preheated 350 degree oven

2 pounds fish steak or fillets, fresh or frozen, thawed (not breaded)

Butter, melted

½ cup dairy sour cream

1½ cups shredded cheddar cheese

2 egg yolks

1 tablespoon chopped pimiento-stuffed olives

2 teaspoons minced onion

½ teaspoon salt

2 egg whites

Place fish in a single layer on baking platter; brush generously with melted butter. Combine sour cream, cheddar cheese, egg yolks, olives, onion and salt. Beat egg whites until stiff; fold sour cream mixture into them. Pour puff mixture over fish, covering well and bake 20 minutes. Serve immediately.

Knapp News

BY MRS. VERNON TODD

Ben Weathers was a dinner guest Monday in the Sam Armstrong home near Cuthbert.

Congratulations to Mr. and Mrs. J. E. Sorrells on a new grandson, J. Brett Sterling, son of Mr. and Mrs. J. M. Sterling of Vincent.

Mr. and Mrs. H. O. Phillips visited Saturday in the Woody Brooks home at Lubbock.

Mr. and Mrs. C. N. Word of Odessa attended church services at Knapp Sunday morning.

Mrs. Doyle Lovell and Ronnie spent Friday night with her parents, Mr. and Mrs. R. B. Beleyue of Cross Plains.

Mrs. Becky Sanders of Brownfield has been a recent visitor with Mrs. Frieda Murphy.

Visitors during the weekend in the Vernon Todd home were Mr. and Mrs. Donnie Dove and Teressa of Abilene, and Mr. and Mrs. Floyd Ramsey and sons of Lubbock.

Mr. and Mrs. Vernon Todd, Verna and Janice were in Lamesa Monday to attend the funeral of Mrs. Belle Henry.

Bro. D. W. Copeland returned to Temple, Monday, after attending to weekend services at the Knapp Church, to be with his mother and father-in-law, Mr. and Mrs. J. N. Woody, who are critically ill in a Temple hospital.

The Spring Revival services begin at the Knapp Church March 29th through April 5th with Bro. Ray Martin, as speaker.

Mr. and Mrs. Ben Weathers were dinner guests with Mr. and Mrs. Harley Smith of Cranfill's Gap, at the Beacon Lodge, Thursday noon.

Mr. and Mrs. Neiman McMichael had as guests over the weekend their daughters and families from Houston, Abilene and Big Spring.

Mr. and Mrs. Algie Brooks and Johnny visited Sunday with their daughter, Mr. and Mrs. Jacky James, Robert and Sharla.

Mr. and Mrs. Clayton James, Mrs. Vera Donihoo of Boling, and Mr. and Mrs. Stanley Camp of Snyder, were supper guests of Mr. and Mrs. Cecil James and Mr. Poteet, Monday night.

Fish Fry

Jeff Ellis and family of Colorado City, staged a fish fry Friday night at the Knapp community center honoring employees and friends of the Amerada Petroleum Company.

Ellis, an area sales representative, for the Western Chemicals Co. was introducing the new general manager M. A. Whitfield and family of Dallas, who is being transferred to Odessa. M. A. Whitfield is a West Texas State College graduate, where he received an M. S. degree in chemistry and is a member of the Society of Petroleum Engineers of AIME, American Pet. Institute and American Chemical Society. He has developed a variety of products and services for the petroleum industry and presented and published various technical papers.

Remembering an issue of the Look magazine several years ago at the beginning of the Borden-Scurry Co., Snyder Oil Boom, Ellis, his father and brothers made headline pictures by drilling their own oilwell. An experience, never to be forgotten.

Along with delicious cat-fish from Falcom Lake, the ladies served delicious vegetables, salads, cakes, pies, coffee and cold drinks. Approximately fifty people in attendance gave the Ellis' and all who helped a big thank you.

Several musical numbers were rendered by the Ellis sisters, who are attending Abilene Christian College, they were greatly enjoyed. Guests were from Snyder, Dallas and Seminole.

Necklaces Shy Away From Plunge

AP Newsfeatures

Since contour is everything in the sudden rage for the plunging neckline, Paris fashion designers are carefully placing jewelry in order not to detract.

At the house of Venet, for example, the sparkle is at the nape of the neck. A crescent shaped pendant, studded with rhinestones and topped with a pearl, dribbled down one model's back during the spring shows.

A necessary adjunct to this new jewelry penchant is an upswept hair do—or who could see it?

Woollies this spring will be less bulky, more firmly woven and in new colors, according to Paris reports Wisteria is a fresh hue to hit the fashion scene. Huge prints will still be splashing around on silk prints in uninhibited ways.

As for linens, they will be in clover, three and four-leafed, lucky signs either way.

stars stars stars

Feminine interpreation of the Tom Jones look is a sexy neckline, ruffles and puffy sleeves. American designers are working it into the casual long dress for patio parties, country or at home.

Calico and gingham edged with lace are popular. The dresses are high waisted, bosomy. A typical one is calico, with puffed, off - the - shoulder sleeves, empire waist with sash that accentuates the bosom and a double ruffle at the hemline.

Decorating a cake? Chocolate shot and candied orange slices make a simple pretty garnish for chocolate or white frosting. The orange slices can usually be found at a candy counter.

Finely diced celery mixed with chopped toasted blanched almonds and enough mayonnaise to moisten make a delightful tea - time sandwich spread. This filling is particularly good on brown bread.

Passion Play History Was Program For Rebecca Class

The Rebecca Sunday School Class of the First Baptist Church met Monday evening in the ranch home of Mrs. Jack Martin, north of town with 13 members and guests present. After the guests arrived, they took a conducted tour of the well planned and beautifully decorated new home.

Mrs. Travis Rhoades, teacher, gave the devotional which had as the theme "The Passion of Christ," since it was Pre-Passover Feast Week, and since she visited last summer the peaceful and picturesque village of Oberammergau, Germany where the passion play originated.

The speaker chose John 11:25-26, and around those wonderful words of the Master wove the Passion Play while was shown with colored slides that she took and purchased while in Europe. She also quoted often from the book, "They Knew Jesus" by Dr. George W. Cornell.

In presenting the beautiful story the speaker said in part: "In 1633 a plague known as the Black Death swept over Euope. (To modern man this disease is small pox). Whole villages were wiped out. By maintaining the strictest quarentine and the utmost vigilance Oberammergau remained free from the scourge. Then one day, according to the story, a native villager, Kaspar Schisler, working in a nearby community, could no longer resist the absence from his family, especially at church festival time. He stole over the mountains and entered the village by night. Unfortunately, he brought the dreaded plague and died in three days. During the following three weeks 84 members of the community succumbed to the pestilence.

"There was danger of the whole population being wiped out. In desperation, the city fathers made a solemn vow that if God would stay the plague, out of gratitude they would, as a people, present the Passion of Christ every ten years for the duration o ftheir existence.

"According to the account, there were no further deaths and true to their vows, the following year 1634, the Passion Play was presented and has been repeated every ten years to the present time, with two or three exceptions, when due to wars they were forbidden."

The devotional was concluded with a prayer and the seven words of Jesus on the cross were presented as seven garlands of flowers that the Christian world will never forget, and which grow sweeter as the years go by. Then the speaker quoted Luke 23: 34, 43 and 46; John 19: 26, 28 and 30; Mark 15: 34 and Matthew 27:46.

Clara Ann Meadows Hostess To Union 4-H Club

The Union 4-H Club met recently in the community center with Brenda Murphy, president calling the meeting to order.

Lou Alice Mathis gave a demonstration on nylon pom pom dish cloths.

Members present were: Judy Tate, Shirley Craig, Reginia Butler, Alma Worley, Barbra Tate, Jeanie Craig, Lou Alice Mathis, Brenda Murphy, and the hostess Clara Ann Meadows.

Miss Sullenger Pledges Theta Chi Lambda

Miss Brenda Sullenger of Dermott, a freshman at McMurry College in Abilene, is a pledge of Theta Chi Lambda this semester. She is the daughter of Mr. and Mrs. Roland Sullenger of LP Ranch in Dermott.

While in McMurry, Miss Sullenger plans to major in History and has not chosen her minor course of study as yet.

In Snyder High School she was in the band, Future Homemakers, and Interscholastic League in Typing.

Carolyn Clift DBE Pledge At McMurry

Miss Carolyn Clift of Snyder, a junior at McMurry College, is a pledge of Delta Beta Epsilon Social Club this semester. She is the daughter of Mr. and Mrs. C. V. Clift of Box 35 in Hermleigh.

While at McMurry, Miss Clift is majoring in music education. She is a member of the Chanters group, Wah-Wahtaysee, Alpha Chi, Kappa Delta Pi.

Note to new brides: Was a coffee percolator among your wedding gifts? Remember to use low heat when you are using the utensil so the percolating will go on slowly.

The word "nutrient" — often used nowadays — is a general term that refers to the proteins, carbohydrates, fats, vitamins and minerals which together nourish the body.

Stew served in individual casseroles topped with hot biscuit is fine tray fare.

Peanut butter and bacon sandwiches are good served with freshly - cooked applesauce. Try the combination on your youngsters!

Mike Koenig Speaks At AFS Meet

Mike Koenig, Snyder High School student from Germany, was guest speaker for the American Field Service Chapter at their regular breakfast meeting on Saturday, March 14, at Sallie's Cafeteria. Mike spoke particularly of the young people in Germany and about the school program there.

The AFS Chapter, which sponsors foreign exchange student program locally, elected officers for the new year. These officers, who will begin their term of office June 1st, are: President - Paul Keaton; Vice President - Jack Dean; Secretary - Mrs. Ruby Anderson; Treasurer - Keith Pitner; Family Adjustment Chairman - Mrs. Bob Crowell; School representative - Virginia Grove; School advisor - Jack Longbotham; Student representative - student council president.

Jack Dean, current president, presided at the meeting.

FAT OVERWEIGHT
Available to you without a doctor's prescription, our drug called ODRINEX. You must lose ugly fat in 7 days or your money back. No strenuous exercise, laxatives, massage or taking of so-called reducing candies, crackers or cookies, or chewing gum. ODRINEX is a tiny tablet and easily swallowed. When you take ODRINEX, you still enjoy your meals, still eat the foods you like, but you simply don't have the urge for extra portions because ODRINEX depresses your appetite and decreases your desire for food. Your weight must come down, because as your own doctor will tell you, when you eat less, you weigh less. Get rid of excess fat and live longer. ODRINEX costs $3.00 and is sold on this GUARANTEE: If not satisfied for any reason just return the package to your druggist and get your full money back. No questions asked. ODRINEX is sold with this guarantee by: Irwin Drug Store—Snyder—Mail Orders Filled.

Intensified Rights Demonstrations Predicted By Martin Luther King

EDITORS—One of the prime leaders in the fight against segregation is Dr. Martin Luther King Jr. of Atlanta, president of the Southern Christian Leadership Conference. Here, in an exclusive Associated Press interview, King gives his views as to the course the battle will take this year.

By DON MCKEE

ATLANTA, Ga. (AP) — Dr. Martin Luther King Jr., leader of the Southern fight against segregation, predicted today that civil rights demonstrations will reach record proportions this year.

"I think we will see the hottest summer in terms of civil rights," King said in an interview. "I think we will see demonstrations on a level and size we've never seen before."

Outlining plans for 1964, King reiterated that Alabama has been chosen as the main target this year by the Southern Christian Leadership Conference he heads.

The Alabama campaign will begin in late April or early May, King said, and it might be centered on Montgomery or spread out over five major cities.

A team is working in Alabama to mobilize Negroes, King said.

"We are hoping to get at least 10,000 recruits for a nonviolent army who will be willing to spend their vacation in jail if necessary," he said.

King declined to go into details of the Alabama drive.

He said SCLC is helping in Mississippi desegregation efforts and will try to send at least 1,500 students from Northern and Western colleges and universities to Mississippi this summer to join the drive.

If there is a serious filibuster in the U.S. Senate against the civil rights bill, "then we definitely plan action in Washington and supportive action all around the country," he said.

Another phase of his efforts, King said, will center this summer on the presidential election and political conventions.

"I plan to travel into Northern communities and try to initiate a very massive, intensified voter registration drive," he said. "We have studied marginal districts all over the United States—those districts where congressmen barely got elected and additional votes would make the difference.

"In many instances, these congressmen have been washy on civil rights and new voters could change that."

King said he will call a conference, probably in September, "to launch a nationwide selective buying program" on a national basis.

US Proposes Destruction Of Bombers

GENEVA (AP) — The United States proposed to the Soviet Union today that they each destroy 480 planes from their strategic bomber fleets over a two-year period.

The proposal for destruction of American B47 and Soviet TU16 Badger bombers was made at a meeting of the 17-nation disarmament conference by U.S. negotiator Adrian S. Fisher.

It differed substantially from the demand for total destruction of all strategic bombers of both nations made to the conference on Jan. 29 by Soviet delegate Semyon K. Tsarapkin.

Fisher suggested that the two big powers should each destroy 20 planes a month over a two-year period. In addition, he said the United States is prepared to destroy an additional agreed number of planes in its mothball reserve.

Fisher stressed that the destruction of planes would have to be carried out under strict observation by the other nation.

"The B47 and the TU16 bombers are logical armaments with which to start the process of physical destruction of arms," Fisher said. "The United States and the Soviet Union possess roughly comparable numbers of these aircraft and the two types of aircraft have been assigned generally similar strategic roles."

Fisher met in advance an expected Soviet objection that both the B47 and the Badger are being phased out of battle-ready forces as obsolete.

"The phasing out of aircraft does not mean destruction," he said. "Bombers in storage can be flying again in short order."

Jury May Have Been Influenced

HOUSTON (AP) — The prosecuting attorney for a 1962 murder trial in Sherman has testified at a habeas corpus hearing here that an overabundance of law officers with firearms could have influenced the jury.

The testimony Wednesday by Dean Martin, a county attorney, upheld what the two court-appointed attorneys for Eugene Welch, convicted of murder, told Federal Judge James Noel.

Robert Doss and Charles Hughes said the presence of armed police had inflamed the jury against Welch.

"Mob hysteria that invaded the courtroom . . . unduly influenced jurors and trial officers" was also alleged in the petition for a habeas corpus filed in behalf of Welch.

Welch, 28, is scheduled to die March 25 in the electric chair in Huntsville for the slaying of Robert Wayne Ballou, 21.

Doss and Hughes also said Welch was insane at the time of the crime, the trial and the sentencing.

The hearing was adjourned until Monday after Lonny Zwiener, an assistant state attorney general, requested time to look further into the charges.

Federal Contract Goes To Dallas Builder

WASHINGTON (AP)—Robert E. McKee, General Contractor, Inc., of Dallas is low bidder on erecting a federal office building in Fort Worth, Sen. Ralph Yarborough, D-Tex., reported Wednesday. He said the General Services Administration would award a $12,296,500 contract today.

Texas Hospital Tests Long Island Child

HOUSTON (AP) — Paul Finnell, five-week-old Long Island boy with a serious heart defect, was to undergo further tests today at Texas Children's Hospital. Doctors have not decided if surgery will be performed in an attempt to correct the defect, usually fatal within one year if not corrected.

India To Receive US Livestock Feed

WASHINGTON (AP) — The United States is sending 46,000 tons of wheat and livestock feeds to northwest India, where 500,000 persons are reported suffering from famine.

The Agency for International Development announced the gift Wednesday night. It is valued at $4 million under the food for peace program.

North Texas State Choir Performs For Swedish Town

UMEAA, Sweden (AP)— The North Texas State University choir gave a concert before an enthusiastic audience in Sweden's youngest university town, Umeaa in the northern part of this country, Wednesday night.

An American Week opened here last Sunday, inaugurated by the U.S. ambassador to Sweden, J. Graham Parsons, who arrived with a representative selection of the embassy staff.

The Texas choir presented a program of renaissance and baroque songs ending with some samples of modern American choir works.

Led by Frank A. McKinley, the Texas singers will stay in Umeaa until Saturday morning when they leave for Stockholm. Today they will visit classes at the Umeaa High School, where the students have invited them to an exercise on skis.

Friday the Texans will give a concert for the patients at the big district hospital in Umeaa.

Engineers Rescued In Amazon Jungle

By THOMAS J. STONE

LIMA, Peru (AP) — Unconfirmed reports say Peruvian troops have rescued 37 engineers as savage Indians closed in on them after a week's siege in the Amazon jungle. Another engineer was believed killed in the siege.

The reports in Lima newspapers said the group of Peruvian government employes was saved Wednesday when 50 to 75 soldiers hacked their way through dense forests to a tiny knoll where the road surveying team was making a last stand.

The party and its escort were reported trekking toward the Yaravi River on the Brazilian border, a two-day march. A gunboat was waiting there to take them to the Amazon River port of Iquitos, 830 miles northeast of Lima.

However, the Ministry of Aviation said the latest report it had was relayed by one of several air force planes which had been bombing and strafing the Indians, who reportedly had the engineers surrounded on a knoll about 30 by 90 feet in area.

Some newspaper reports said 34 Indians were killed, but the government said it knew of only two dead. Two engineers were believed wounded.

An official said the Indians were believed to be of the Mayoruna tribe, described as "wild, naked savages still living in the stone age."

Poisoned arrows are their main weapons, the official said, and they probably have some guns stolen in raids on civilized villages.

The engineers were attacked eight days ago, four weeks after they set out from Requena to map a road through the jungle to the Brazilian frontier 75 miles to the east. Requena is 550 air miles north of Lima.

The Indians' strength was variously estimated at from several dozen to several hundred.

The engineers had a mobile radio transmitter and tapped out an urgent morse code message received by a military post in Iquitos, 100 miles north of Requena.

Hoffa Makes Appeal To Teamsters

By NEIL GILBRIDE

WASHINGTON (AP) — Convicted Teamsters' President James R. Hoffa is seeking to quell any budding revolt in his giant union by personal appeals to its 1.7 million members.

His approach, in a previously unpublicized letter, is that he will eventually upset his eight-year federal jury tampering conviction—and that if he does not, all Teamsters would have as much to lose as he does.

Hoffa's letter to all Teamsters' officials and members seeks to identify the unions' interests with his own in his long battle against Justice Department efforts to put him behind bars.

Hoffa, 51, told his members: "I have never backed away from a fight in my life. In all my 32 years in the labor movement, I have consistently refused to 'conform' as a price of peace, for the simple reason that I have always known that the price would come out of the pockets of the rank and file I was elected to represent."

Hoffa apparently was not referring to the thousands of dollars in legal fees piled up on his trial at Chattanooga, Tenn., and numerous previous court battles.

Rather, the reference appeared to be an attempt to persuade Teamsters' members no one can represent them better than he at the bargaining table, or run the huge union as well as he has in the past seven years as its president.

There has been no open move among high-ranking Teamsters to dump Hoffa, but the labor chieftain is clearly worried and eager for reassurance from his members.

"The business of the International Brotherhood of Teamsters will be conducted as usual. Whenever possible, I will be in the field talking with you, the rank and file, finding out firsthand what your problems are, and working with you to come up with solutions," Hoffa's letter said.

Cigarette Plants Working Overtime

LOUISVILLE, Ky. (AP)—The smoking-health scare appeared a forgotten item today in Louisville's cigarette industry.

P. Lorillard and Philip Morris reported plants on a five-day week while Brown and Williamson Tobacco Co. said its operation called for a nine-hour, or one-hour overtime schedule on a five-day week. American Tobacco Co. said it was operating full schedule on two brands and four-day weeks on two others.

Short schedules became effective after the government panel reported unfavorably on cigarette smoking though most tobacco company spokesmen discounted speculation that the report was involved in the cutback.

5-Year-Old Lad Dies Of Leukemia

VANCOUVER, B.C. (AP) — Little Bradley McDonald, the 5 - year - old leukemia victim whose stepfather stole so that his last months might be happy, died Wednesday.

Bradley's stepfather, Gordon James McDonald, 35, served a month in prison last year for stealing $680 from his employer. His original six-month term was reduced by the British Columbia Court of Appeal when it learned McDonald had stolen for Bradley.

TRA-LA, TRA-LA...SOMETHING TO CULTIVATE!

Clear Pattern Emerges In Johnson's Political Policies

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — The pattern of Lyndon B. Johnson's presidency in 1964 is now pretty clear. The pattern includes preparation for the supreme test of his life: election to the presidency on his own.

This is it: At home be cautious; seek the broadest public appeal and approval; don't give the critics ammunition; be plain, humble, and homey. Abroad: Be nice, pleasant, but stiff.

He showed what he was aiming at in a recent interview when he said he wants to be a "people's president." Whether in the long run all this is good leadership or just accommodation to public mood remains to be seen.

As of now Johnson, who succeeded to the presidency without winning it, seems certain of the Democratic nomination. Would-be Republican presidential candidates trail him in the polls.

Thanks to his tactics, their criticism of him has been weak. Mostly, they've been thrashing around among themselves. It may be different next summer when Republicans pick their candidate and the campaign begins.

President Kennedy was an extremely cautious executive, too, with some early exceptions like backing the disastrous invasion of Cuba and his fight with the steelmakers.

It has been reported that Kennedy was cautious because, due to his hair-thin victory in 1960, he felt he lacked a full mandate from the people. That wasn't much excuse for failing to push some of his programs harder.

His election was a full mandate, no matter how slim his victory. If this was truly Kennedy's feeling, Johnson by the same reasoning could claim the right to even more caution. He wasn't even elected.

Whether or not this is Johnson's feeling, his natural caution, or his experienced political policy, he has sought public approval step by step from the beginning. For instance: His big emphasis on economy.

It was popular and at the same time undercut the Republicans' old criticism that Democrats were big spenders although President Eisenhower went in the red more than once.

Then Johnson followed his preachment by offering a $98.8-billion budget, less than Kennedy's last year, and even got publicity about his economy-mindedness by turning out the White House lights.

Now he's following up by asking far less than Kennedy for foreign aid, a program always under criticism. Last year Kennedy asked $4.9 billion. Johnson is asking only $3.4 billion.

Last year Congress, after whittling, permitted exactly $3.4 billion, including $400 million in carryover money. So Johnson is not asking a dime more. Republicans and the economy-minded can't find much to criticize there unless they want to abolish foreign aid.

Johnson has cultivated both business and labor, praised free enterprise, offered an antipoverty program, backed civil rights, and is all for medical care for the aged.

That covers a lot of the population, most of them voters. Southern whites may get mad about civil rights but there may not be much heat on the rest, particularly since Congress may not act on them this year.

Johnson has been proper but stiff with Premier Khrushchev, hardly an unpopular performance in this country. Even in the dispute with little Panama, Johnson has managed to deprive Republicans of much to criticize.

They warn against making concessions under pressure. Johnson wasn't under any crisis pressure about Panama but he leaned over backward to avoid any appearance of conceding anything.

His chances for big mistakes are far greater in foreign affairs than domestic ones. His experience was all domestic, not foreign. Understanding American politics is not the same as sensitivity to other peoples.

For instance: While Johnson may have seemed pleasantly firm and unbending to Americans on Panama, he angered Latin Americans by the way he handled it.

Pipe Proves Excellent As Pacifier

By FRANK CAREY

WASHINGTON (AP) — I've switched from cigarettes to pipe smoking. If the national production of matches and lighter fluid keeps steady, I think I might make it stick.

Keeping the pipe burning requires so much time and concentration I've scarcely given a thought to cigarettes.

Besides, a variety of compensations have come to light. For example:

There's a strong camaraderie among pipe smokers. They freely swap tobacco and pipe cleaners—and they welcome a novice as though he were a lodge brother. Generous with advice to neophytes, they even offer tips on pipe smoking by wearers of false teeth, which I have escaped so far.

I've regained a measure of youth in the eyes of my daughters, who say: "Dad, you look positively collegiate."

I had been a cigarette smoker for about 30 of my 54 years when the report of the surgeon general's committee finally prompted me to try to quit.

I had been reporting scientists treatises on the health hazards of cigarette smoking for years without giving up cigarettes.

In fact, some of my heaviest smoking has been done while writing such stories.

When the words wouldn't come the way I wanted them to, it was comforting to light a cigarette and inhale deeply. Maybe, too, there was an aspect of having something to do with temporarily idle hands.

Maybe chewing on a pencil would have had the same effect.

At any rate, I've found a pipe to be such a pacifier.

I've picked up some tips about pipes and the art and science of pipe smoking.

Here's a rundown:

Keep your new pipe clean, but you'll never really enjoy it until you build a layer of carbon inside the bowl.

You'd do well to line up a stable of pipes—one for every day in the week — to assure keeping all of them cool smoking.

Don't rush your smoking; and don't chain smoke. If you do, you'll wind up with a tongue that feels like red ants had been at it.

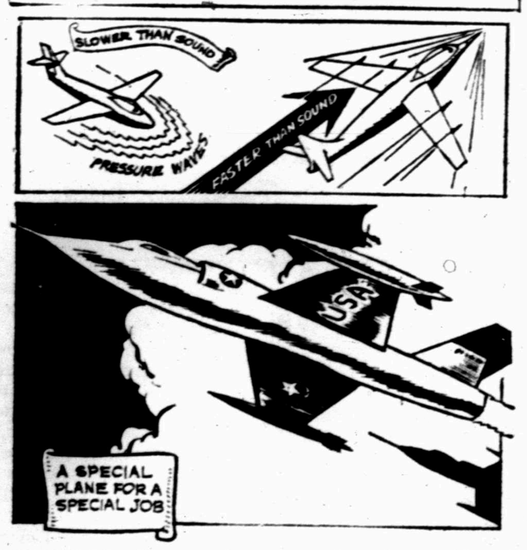
Never inhale — you'll blow your hat off.

You can never hope to get over that ceaseless match-scratching; it's just a cross a pipe smoker has to bear. However, with practice, you'll develop a "smoking rhythm" which will help you keep the fire lit.

However, your pipe has other advantages beyond smoking pleasure. In subfreezing weather, it provides a bit of heat for the nose; and, cradled in the hand, it can prevent frostbite.

If you want to cheat — and still masquerade as a self-disciplined soul — a cigarette crumpled up and shoved into the new pipe's bowl tastes just like a cigarette.

Junior Editors Quiz on AIRPLANES



QUESTION: Why are supersonic planes shaped differently from others?

• • •

ANSWER: Sound waves move through the air at about 738 miles an hour. When a plane flies slower than sound, it pushes "pressure waves" into the air ahead of it (top left). Moving ahead at the speed of sound, these waves prepare the air, give it a kind of message that something is coming. When the plane catches up, it can pass on without jars or bumps. But as the plane flies faster, it begins to catch up with its own pressure waves, and when it goes faster than sound, it crashes into the air ahead before the air is prepared. The plane is often tossed around and buffeted as it "passes the sound barrier."

To be able to fly safely faster than sound, a plane must be specially built. There is a violent "shock wave" as the nose of the supersonic plane hits the unprepared air. The long needle point design (right) helps to reduce the shock and wave drag, as do the swept back wings. Such planes are powerfully braced inside. Engineers have found that narrowing the body where the wings are attached (main picture) reduces air drag and enables a supersonic plane to fly faster.

• • •

FOR YOU TO DO: Watch your newspaper for pictures of planes. By their shape, see if you can figure out whether they fly slower or faster than the speed of sound. 3-19

(Victor Luboyeski of Bristol, Conn., wins today's grand prize of a 20-volume set of the World Book Encyclopedia for this question. Mail yours on a postcard to Junior Editors in care of this newspaper, and you may win a set too.)

Business Healthy At Winter's End

NEW YORK (AP)—The last day of winter finds business with less to complain about than usual. The three months have dealt more kindly than in some previous years with most businesses. And the prospects are better than average, too.

True, the weather has been more ornery this winter in many sections. Business will be only too glad to see its official end today.

But in general, the economy has risen above this and put on more muscle. Manufacturing output has gained. Retail sales are nicely above a year ago.

Often in February commodity prices ease. But last month and this have seen many rise, particularly for materials used in industry. And price increases in some consumer commodities, if painful to the housewife, at least are giving producer nations, for the first time in several years, more money with which to buy the goods that American producers can turn out. They might even need less foreign aid, too.

Winter's winds haven't chilled the confidence of the American consumer in his assessment of good times ahead. Pollsters say their buying intentions are high and their expectation of prosperous times near peak levels.

The final days of winter have seen the federal income tax cut blossom in larger take - home pay. This helped boost confidence in better days ahead. What happens when many taxpayers find they have to make larger settlement payments to the Internal Revenue Service because the new withholding rates didn't take out enough is something else again.

The winter also put a number of foreign problems in the deep chill, however temporarily. Sparring for a new round of tariff negotiations, especially with an increasingly protection-minded Europe, is just getting under way.

The new competition may startle some Americans who may have become complacent because U.S. exports have managed to stay nicely ahead of imports, and because an international banking pool has kept the price of gold stable and its flow to other nations at a minimum.

But the last days of winter saw the Soviets resuming their sale of gold in European money market, for the first time this year. This supply helps the West stabilize its own gold reserves. The Soviet Union is believed to be selling to get the money it needs to meet Canadian wheat shipments as soon as winter's grip on the St. Lawrence River is relaxed.

The cold and blustery months also did less than usual damage to construction plans. Total construction contract awards in January were 20 per cent higher than a year ago. Housing starts were at a high level that month. They slipped slightly in February but were still 19 per cent above a year ago.

THE "Write" WAY

By RUTH FOWLER BROWN

Dear Ruth:

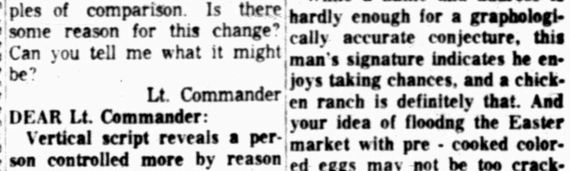
Several months ago I became engaged to a charming girl 4 years my junior. She is quiet, reserved, and seems much older than her years.

Six weeks ago I was unexpectedly sent to the Philippines and Carol has written to me daily. After four weeks of letters I began to notice a marked change in her style of handwriting. It seemed hurried and started sloping more and more to the right. I am enclosing two samples of comparison. Is there some reason for this change? Can you tell me what it might be?

Lt. Commander

DEAR Lt. Commander:

Vertical script reveals a person controlled more by reason



than by emotion. The writer may be somewhat self - centered, or even inhibited, and have difficulty in expressing deep affection.

The new slant in your fiancee's script indicates an emotional change or disturbance — a lessening of reserve and more open display of her feelings. If you're reading between the lines and suspect she's found someone new, don't 'weigh anchor yet. It's possible she misses you so much that she is expressing a deeper and more intense love for you.

• • •

Dear Ruth:

I'm a cab driver. A couple of weeks ago I took a fare on a 20-mile trip to look at a farm. He got real interested in me when I told him I had always had the itch to buy a little chicken ranch. I know I could clean up by selling all the stores colored hard boiled eggs at Easter. Day before yesterday I found a reasonable place, but I don't have enough down payment. I started wondering if I should write this guy and ask him if he'd loan me the couple of hundred I need. Here's the name and address he wrote down for me. Do you think he'd loan me the dough?

Cabby

Dear Cabby:

While a name and address is hardly enough for a graphologically accurate conjecture, this man's signature indicates he enjoys taking chances, and a chicken ranch is definitely that. And your idea of flooding the Easter market with pre - cooked colored eggs may not be too cracked at that — maybe he'll play Easter Bunny for you.

• • •

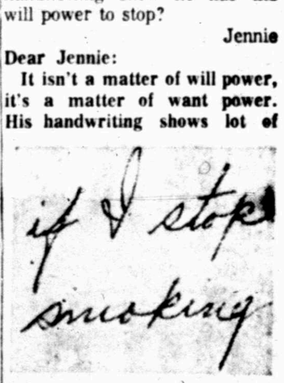
Dear Ruth:

My husband says he wants to quit smoking. At least that's what he says, but he doesn't. He claims that after smoking three packs a day for 25 years, it isn't easy to quit. I don't doubt that, but I tell him it takes a little will power which he doesn't seem to have. Does his handwriting show he has the will power to stop?

Jennie

Dear Jennie:

It isn't a matter of will power, it's a matter of want power. His handwriting shows lot of



determination and "stick - to - it - iveness." BUT it also shows he likes to indulge himself — he enjoys life and is fond of pleasure. So — until he wants to give up the weed, he won't.

STRIKE OUT KING GOES TO WORK—Sandy Koufax of the Los Angeles Dodgers cranks up against the New York Mets in an exhibition game at St. Petersburg, Florida. Koufax had a 25-5 record last year; set a National League record of 306 strike outs; and led the league with a 1.88 earned run average. (AP Wirephoto)

Top Pass Catchers On Defense

NEW YORK (AP)—Chicago's National Football League champions had some pretty good pass catchers in 1963 but Papa Bear George Halas hid them away on his defensive unit.

NFL statistics on interceptions released Wednesday, showed Coach Halas' formula worked out pretty well. The Bears had the co-leader in interceptions, placed three more in the top 12 individuals and led the league as a team in that department.

Roosevelt Taylor of Chicago and Dick Lynch of the New York Giants tied for individual honors with nine interceptions apiece. Lynch made the greatest distance on his returns, covering 251 yards and scoring three touchdowns.

Richie Petitbon grabbed eight passes, and Bennie McRae and Dave Whitsell six each for the Bears. Chicago's 36 interceptions were two better than runner-up New York's 34.

Leroy Caffey of Philadelphia achieved the longest return of the season, 87 yards with his only interception. It came against the Giants.

UCLA Is Slight Favorite

KANSAS CITY (AP)—UCLA ruled a slight favorite, Duke was conceded the experience, Michigan the manpower and Kansas State the darkhorse role today as four teams arrived in Kansas City for the NCAA basketball semifinals.

All four scheduled late afternoon loosening up drills in Municipal Auditorium as their last workouts before Friday night's semifinals. The title game will be played Saturday before a sell-out crowd of about 10,500 and a national television audience.

The semifinal pairings have Michigan vs. Duke in the first game and UCLA vs. Kansas State in the second.

Duke Coach Vic Bubas said he would close his workout to the press and public for about 20 minutes, while the others scheduled open sessions.

"There's not much else you can do now," Kansas State Coach Tex Winter said Wednesday. "If you aren't prepared now, forget it."

"We're as ready as we'll ever be," said John Wooden, coach of UCLA's top-ranked and unbeaten Bruins.

Only Michigan reported any physical ailments. Wolverine Coach Dave Strack said Sophomore backcourt ace Cazzie Russell still has some tenderness around an ankle injured against Purdue.

"But he's been resting it and should be able to go full speed Friday," Strack said. "It's not that serious."

None of the four teams ever has won the title and only Kansas State has been in a championship game in 1951 when it lost to Kentucky.

Duke was third last year. All its starters played on that team.

"The experience should be helpful," Bubas said. "They've been through this before and know what it's like. It should help us."

UCLA, which built its 28-0 record and No. 1 national rating on speed and passing, comes in with the smallest team. No Bruin starter is over 6-feet-5.

"We've learned to live with our lack of height," Wooden said. "We make up for it by quickness."

Michigan, No. 2 in the nation and the Big Ten co-champion with a 22-4 over-all record, makes the most of its physical strength in a powerful rebounding game.

"Rebounding is our forte," Strack said. "We believe that rebounding wins most ball games, and that's what we do best."

Duke, the nation's No. 3 team and the Atlantic Coast Conference champion, has a 25-4 mark and one of the country's top performers in backcourt man Jeff Mullins, who has a 24.4 scoring average.

"We're primarily a running team," Bubas said.

Kansas State, the Big Eight champ, is the only unranked team in the field but has a 22-5 record, including 13 straight. The Wildcats offer a good zone defense, built around 7-foot Roger Suttner.

Tigers To San Angelo For 3 Tilts

Snyder High School's baseballers resume activity tomorrow following a week's layoff from inter-school competition.

Coach Speedy Moffett will take his charges to San Angelo where they will play three games in two days against the Central High Bobcats.

A single game is scheduled for Friday afternoon and the two teams will return to the San Angelo diamond Saturday for a doubleheader.

The Bobcats launched their 1964 season Tuesday at Del Rio by walloping the Del Rio High School team, 12-5. The Tigers have won one and lost three so far this season, with all of their competition against Class 4A teams.

Moffett said his pitching assignments for the series in San Angelo likely would be Jerry Owen, Leslie Brown and J. N. Wall, but not necessarily in that order.

Only new Big Ten basketball coach this season is Larry Glass at Northwestern.

"TRADITION"

The number of people ever born on this earth up to the year of 1900 was 28,441,126,838. The living population was 1,600,000,000. The dead were 26,841,126,838 and most of these people died slaves to tradition.

Tradition is like a tether which prevents an animal from getting a blade of grass beyond the length of the tether. Some of our sects and denominations are like a tether as far as the Bible is concerned.

We know by the Bible that the Kingdom offer to the people ended at Acts 28:28. We know Peter never had or was ever given the "Keys of the Church". He was given the keys of the Kingdom and the apostles used these keys in Raising the Dead, Healing the Sick and in Miracles and in Judgements in Striking people Dead and Blind up to Acts 28:28.

This power ended while at least some of the apostles were very much alive.

Tradition and the Bible just don't see eye to eye.

New Mexico Faces NYU

By TED MEIER
Associated Press Sports Writer

NEW YORK (AP)—It will be "Happy" vs. "The Big I" tonight in the semifinals of the National Invitation college basketball tournament as the NYU Violets tangle with the New Mexico Lobos. Army's upset-minded Cadets meet the Bradley Braves in the other semi-final game.

"Happy" is Harold Hairston, a 6-foot-7 ace rebounder and scorer from Winston - Salem, N.C. who has sparked the Violets to upset victories over Syracuse and DePaul in the NIT after a disappointing regular season.

"The Big I" is 6-8 Ira Harge from Detroit a similar top rebounder and scorer who has been called the key of the club that tied for the championship of the Western Athletic Conference and beat Drake in Tuesday's quarter-finals.

Their meeting in the first game of a doubleheader expected to draw a capacity 18,000-plus at Madison Square Garden overshadows the second game clash between Bradley and surprising Army. Bradley is a heavy favorite while NYU-New Mexico generally is regarded as a tossup.

Tonight's winners will meet for the championship in a nationally televised game at 4 p.m., EST Saturday afternoon after the losers play for third place.

Harge and his teammates, Claude Williams, Dick Ellis and Mike Lucero who starred in the victory over Drake likely will get an acid test against NYU.

Lou Rossini, the Violet coach, said he would like to see how the Lobos would fare if they fell behind, which they never did against Drake. He hopes his boys, Hairston, Barry Kramer and Stan McKenzie get an early lead to put the pressure on the visitors from Albuquerque.

Army is the sentimental favorite off its upset triumphs over St. Bonaventure and Duquesne, but Tates Locke, the Cadet coach, thinks Bradley is "the best team in the tournament."

Locke added, however, his boys "have matured and we have a chance" especially if sophomore Mike Silliman and Joe Kosciusko play an inspired game like they did in the second half against Duquesne.

Bradley beat St. Joseph's of Philadelphia last Saturday in its only previous tournament game. The Braves, like New Mexico, drew a first round bye since they were seeded second and fourth, respectively. Top-seeded DePaul and third-seeded Duquesne have been eliminated.

Cougars To Use Domed Stadium

HOUSTON (AP) — The University of Houston will play its home football games in the $24 million, all-weather Harris County domed stadium beginning in 1965.

University officials made the announcement Wednesday night and said the home opener in September 1965 will be the first collegiate football game played indoors.

The announcement followed by 48 hours a statement by university regents that efforts would be renewed to gain membership in the Southwest Conference.

Dr. Phillip Hoffman, university president, announced the agreement with the Houston Sports Association which would make the Cougars domed stadium tenants along with the National Baseball League Houston Colts and the American Football League Houston Oilers.

Houston, competing as an independent for the past four years, has played its home football games in Rice University's 70,000-seat stadium. Before becoming an independent Houston was a member of the Missouri Valley Conference.

Dr. Hoffman made the announcement before a group of business and civic leaders.

He said he and the 17,000-student university were "appreciative of the fine cooperation with Rice University in the sharing of Rice Stadium as home field for both institutions. However, it has become apparent that each institution needs its own home stadium."

Regarding the manner in which the university will seek Southwest Conference membership, Dr. Hoffman said: "We plan no aggressiveness... we have the highest regard for all Southwest Conference member institutions and particularly for our sister institution, Rice University, with whom we enjoy the most cordial of relations.

"We do not expect to exert pressure. We want membership weighed strictly on our merits. I am suggesting membership in the Southwest Conference for Houston would strengthen the Southwest Conference. It would in no way dilute the Southwest Conference."

Current members of the Southwest Conference are Arkansas, Texas, Texas A&M, Baylor, Rice, Texas Christian, Southern Methodist and Texas Tech.

Golf Meet Site Changed

Site of the second round in the District 3-AAA golf tournament has been switched from Snyder to Lamesa.

The first round was played last Saturday at San Angelo, the second round was scheduled for this Saturday in Snyder and the third round was scheduled for Lamesa. However, work being done on the Snyder Country Club course prompted a change, said Horrace Bostick, Snyder High School Athletic Director and director of the district golf meet.

Golf teams of the district are playing three 18-hole rounds at three different sites this year. The winner will be determined on the 54-hole total.

Travis To Crown Volleyball King

Travis Junior High's volleyball team will crown its Volleyball King tomorrow afternoon in the Travis Gym.

The event will take place as the Travis team meets Lamar in a game beginning at 4:15 p.m.
