

Policeman shot at by sniper

A hidden sniper took a shot at a police dispatcher Dewayne Miller, 22, about 11 p.m. Sunday. Miller stepped to the stairs on the east side of the courthouse for a breath of fresh air. He said he had just gone to the stairs when he heard a shot. The sound of the bullet hitting the wall. He was checking where the bullet had hit when he heard a shot. Miller said the shot apparently hit him by about six inches.

Homecoming

Plans are picking up steam for the Morton High School homecoming set Oct. 23. Letters are being mailed to members of the school and officials are to draw in graduates. A special push will be made in years back. Plans are picking up for the parade around the courthouse square, with committee members to a huge parade for Morton.

Indians meet Dimmitt at Homecoming Friday

Morton's Indians take to the field again Friday, travelling to meet the Bobcats, a team with a bad season record. The Indians could be up for this one. Homecoming. Three straight wins under the belt, the Indians have been odds-on favorite over the Bobcats. But, that's without taking consideration Homecoming. Dimmitt's record this season is three losses and a tie. The game was against Olton and a scoreless standoff.

Construction underway on new office building

Construction started this week on a new office building on the southeast corner of the Courthouse square. The building, being built by Haggard and Fred Payne, has a building deadline of mid-December, but Haggard said the building may be finished by November 15. The building will contain some 1,600 feet of floor space, the new building will cost an estimated \$15,000. The building will be a brick building constructed on walls of concrete blocks. The four offices will be carpeted and the common area will be paneled all around. Haggard said. The front two offices will be used by Haggard for his certified accounting firm. The remaining offices will be either leased or rented.

Construction underway

CONSTRUCTION STARTED this week on a new office building going up on the southeast corner of the square. The foundation has been poured and exterior walls are expected to go up soon. The building is being built by

John Haggard and Fred Payne. Haggard said a deadline of mid-December has been set, but construction may be completed by Nov. 15. The new building is expected to cost \$15,000. TRIBUNE Photo

Like a West Texas Sandstorm"

THURSDAY, OCTOBER 14, 1964

Policemen granted salary increase

A \$25 per month raise for each of Morton's four policemen was voted Monday night by the City Council.

Councilman also appointed a five-man citizens committee to study a building code and approved the purchase of \$1,439 worth of cemetery equipment during the meeting which stretched to nearly four hours.

The police department raise came after Chief J. O. (Shot) Mills told councilmen two of his experienced patrolmen had not had a raise in more than a year and admitted, on questioning, that he had not had a raise in the same period.

The discussion arose as Chief Mills told councilmen his night dispatcher, Dewayne Miller had finished the probationary period of 90-days and was due the customary \$25 raise. He also asked councilmen to buy the dispatcher a uniform.

Councilman Neal Rose made the motion to up the pay for all policemen, and it was seconded by Tom Rowden.

The new pay increase, to go into effect in October, will give Mills \$425 per month, Burtis Cloud and R. B. Cunningham, \$375 and Miller \$325.

The committee to study the building code came after councilmen were told that the present Morton code is "far outdated."

City employee Maurice Lewallen told the council: "Gentlemen, we need some kind of a building code."

Originally discussed as a three man committee, the group expanded to five before the council finished.

Named were Roy Gentry, James K. Walker, E. H. Vaughn, Lewallen and Donnie Sampson.

Walker and Sammy Leverette, manager of Singleton's Funeral Home here, appeared before the council to report that the Cemetery Association met Monday afternoon to make preliminary plans for by-laws.

The organization will be in conjunction with city and county operation of the cemetery.

In interest of smooth operation, Leverette said, operations of the cemetery should be under one caretaker.

"For it to work smoothly, the gravedigger should be the caretaker," Leverette said.

Rose made the motion approving the ordering of the equipment—to include a tent and lowering device. See COUNCIL, Page 7

Morton club — Carol Freeland, president; Marilyn Cade, vice president; Sharon Irwin, secretary and Patsy Collins, reporter.

Bledsoe, which formerly had two clubs, voted recently to combine into one unit. Bennie Rawls was elected president; Steven Dunn, vice president; Clyde Fowler, secretary-treasurer and Robbie Burkett, reporter.

Adult leaders for the clubs here have been quite active during the year, leading youth in special interest groups and through regular club work. Morton presently has more adult leaders than either Whiteface or Bledsoe.

Leaders during the year in Morton included Mrs. Jessie Clayton, Mrs. Carl W. Ray and Mrs. Eugene Bedwell, clothing; Mrs. A. E. Cade and Mrs. E. C. Hale and Mrs. Kenneth Coats, foods; Mrs. O. L. Tilger, recreation; Herman Bedwell, tractor, Doyle Pruitt, entomology; Kenneth Coats, E. C. Hale and Percy Dewbre, swine and Hub Cadenhead, crops. See 4-H, Page 7

4-H Week observed here

This week is National 4-H Week, proclaimed to honor the many outstanding young people who have learned and been aided through 4-H work.

Once composed primarily of rural membership, 4-H clubs today are attracting more boys and girls from cities and towns than from rural areas, national leaders report.

The clubs mainly function as they plan, work and grow together in their understanding of community, church and home.

Parents and school officials today give strong support to the program because the movement places emphasis on practical experiences for youth in the fundamentals of the American agribusiness system and our democratic Constitutional heritage.

There are some 200 youths in Cochran County actively engaged in the program, including clubs in Whiteface, Morton, and Bledsoe. A senior club encompasses all youth in the county.

The symbol of 4-H work is a four leaf clover with Hs on each leaf. The letters symbolize head, heart, hands and health.

The pledge is "I pledge my head to clearer thinking, my heart to greater loyalty, my hands to larger service and my health to better living for my club, my community and my country."

The club song indicates a love of God, nature and outdoors. It goes:

"So life in the open country, With growing things around, Gives youth of the open country A partnership with Him."

The youth work under supervision of adult leaders and of Home Demonstration agent Jennie Allen and county agent Homer Thompson.

Officers of the county clubs: Cochran County — Mike Hale, president and Sharon Clayton, secretary.

Whiteface — Dale Burris, president; Lynn Frencas, vice president.

The house was picked up by her children at the home of her parents. She is treasurer of a square dance club and had been attending to club business Saturday night, Hodge said.

Cause of the blaze was undetermined, but Hodge said he feels lightning probably set it off.

Since the fire, the family has been staying with Mrs. Hodge's sister, Mrs. Don Allsup, but Hodge said they probably will move soon to a mobile home at the W. C. Key residence — Mrs. Hodge's parents.

"We lost everything. There were a few clothes in the cleaners and some in to be ironed, but they weren't much," Hodge said.

"I guess we get to start all over now," he added.

Mr. and Mrs. Hodge have two children, Ricky, 4, and Kristi, one. He operates the Enco Service Station at 315 S. Main.

Wiley Hodge farm home is destroyed by flames

Fire destroyed the Wiley Hodge family home about 11 p.m. Saturday, causing damage to the contents estimated at \$3,000.

Hodge said he had arrived home about 9:45 p.m. and had gone to bed shortly thereafter. He was awakened by heat about 11 p.m.

"I looked at the front wall and it was all red — ready to burst into flames," Hodge said.

"The house wasn't smoky but the wall was all smouldering. It really went up in flames when I opened the door."

Hodge said he looked for his wife and children when he discovered the fire, but found they not returned from town when the fire erupted.

Hodge drove to Morton and set the fire alarm. When he and firemen returned to the house, it was well involved.

"It was well on the way when we got back," Hodge said, and added, "We got to watch it go."

The house is owned by Slaughter Farms, but is leased to W. T. Zuber who in turn rents it to Hodge. The family has been living there for four years.

It is three miles east of Morton on Hwy. 116, and about a half-mile south of the highway.

When the fire erupted, Mrs. Hodge was picking up her children at the home of her parents. She is treasurer of a square dance club and had been attending to club business Saturday night, Hodge said.

Cause of the blaze was undetermined, but Hodge said he feels lightning probably set it off.

Where a house once stood

CHARRED CHAIR LEGS, burned furniture and a sooty sewing machine are reminders that people used to live here. Crumpled walls, broken sheet rock and charred lumber also remind that a house once was here. These are

the remains of the Wiley Hodge house, which was destroyed by fire about 11 p.m. Saturday. The home is about three miles east of Morton on Hwy. 116.

TRIBUNE Photo

SCS election, tour set

Landowners in Zone 1 of the Cochran Soil Conservation District will meet at the Morton Country Club at 1:30 p.m., Tuesday Oct. 6, to elect a supervisor to represent them on the District board.

Following the election a tour of farms in the area will be made. Zone 1 comprises the northeast of Cochran County and is bounded on the West by Highway 214, and on the South by Highway 116 and the north line of county commissioner's Precinct 2.

Eddie Silhan is the current supervisor.

To be eligible to vote in this election a person must own agricultural land within the zone. He or she must live in the county and be at least 21 years of age. No poll tax is required. Under the community property laws of Texas the wife of a landowner also owns land and is entitled to vote and hold office.

"This is a very important election. All eligible voters are urged to be present and cast their ballot. The supervisor elected will serve for the next five years. The term begins the day after the election," Cullen Dansby, SCS office manager said.

The Cochran Soil Conservation District is a political sub-division of the State of Texas. It is charged by law with the responsibility of carrying out a soil and water conservation program in this county. Through it such items as technical service, equipment, and many other services are provided to cooperating landowners.

Homer Thompson, County Agricultural Agent, will assist with the election.

J. L. Schooler, Chairman of the Cochran SCD Board of Supervisors, said all farmers in the county are invited to go on the tour.

There will be a bazaar featuring hand-made gift items as well as pies, cakes and cookies. In horticulture division exhibitors are to furnish a Coke bottle for See FLOWER SHOW, Page 7

Field Tour

The field tour is sponsored jointly by the Extension Service and SCD No. 149.

The tour consists of the following stops:

Stop No. 1 — Control work done on cotton root knot nematode on Earl Polvado farm, 1 mile south east golf course.

Stop No. 2 — Grass production on Max Bowers farm, 1 mile east of golf course - Switch, Indian, and other grasses.

Stop No. 3 — Mobil sprinkler irrigation system - Gene Benham farm, 1 mile west of golf course.

Stop No. 4 — Collection irrigation system (4 small wells pumping into a storage reservoir, booster pump from reservoir to underground transite sprinkler system. L. L. Rountree farm, 6 miles north and 3 east Morton.

Annual flower show is slated for October 3

The eighteenth annual flower show sponsored by Cochran County Garden Club will be held Saturday in the County Activity Building. Doors will open to the public at 1 p.m.

There will be a bazaar featuring hand-made gift items as well as pies, cakes and cookies.

In horticulture division exhibitors are to furnish a Coke bottle for See FLOWER SHOW, Page 7

SECTION NO. 1 NOTICE TO BIDDERS

Sealed proposals for the construction of certain Gas System additions and improvements consisting of the following approximate quantities: 4110 L.F. 2" Low Pressure Gas Line, 5100 L.F. 3" Low Pressure Gas Line, 7150 L.F. 4" Low Pressure Gas Line, 3500 L.F. 2" High Pressure Gas Line, 5600 L.F. 3" High Pressure Gas Line, 94 1", 1 1/4", 1 1/2", 2", 3" and 4" Valves, and appurtenances incidental to the construction of the above, will be received by the Honorable Mayor and City Council of the City of Morton, Texas, until 2:30 P.M. Central Standard Time of the 12th Day of October, A.D. 1964, at which time and place the Proposals will be publicly opened and read aloud and considered by the City Council. Any bid received after closing time will be returned unopened. No bid submitted may be withdrawn before thirty (30) days have elapsed after date of submission.

Copies of the plans, specifications, and contract documents are on file in the Office of the City Secretary at Morton, Texas, and are open for public inspection. A set of such documents may be obtained from DOUGLAS ENGINEERING COMPANY, 108 East Fourth Street, Littlefield, Texas upon deposit of \$15.00, which shall be returned to each bidder upon return, in good condition, within ten (10) days from the date bids are received.

A Cashier's or Certified Check payable without recourse to Dean Weatherly, Mayor, or an acceptable Bidder's Bond in the amount of at least 5% of the total amount bid must accompany each bid as guaranty that, if awarded the contract, the bidder will promptly execute a performance bond and enter into a contract on the forms provided. Checks must be issued by a Texas Bank satisfactory to the City and Bidder's Bond by a reliable Surety Company licensed to do business in the State of Texas.

A performance and payment bond in an amount not less than the amount of the award, conditioned upon the faithful performance of the Contract and the payment of all persons supply labor or furnishing materials or other supplies or services, will be required from a Surety Company holding a permit from the State of Texas to act as surety on bonds of principal.

The city reserves the right to reject any and/or all bids and to waive informalities, except no bid received after closing time and hour will be considered.

The Contractor will be paid in cash from the proceeds of bonds, and bids are to be made on a cash basis.

The attention of the bidders is called to the special provisions concerning minimum wage rates and hours of employment included in the specifications and proposals to insure compliance with House Bill No. 54 of the 43rd Legislature and House Bill No. 115 of the 44th Legislature of the State of Texas, and all Federal Wages and Hours Legislation, if such is applicable. The general prevailing wage rates which have been established by the City are as follows: Skilled, \$1.50 to \$2.50 per hour; semi-skilled, \$1.25 to \$1.75 per hour; unskilled \$1.25 per hour.

High school class officers elected

Class officers for the four classes in Morton High School were elected during the past week.

Charles Ledbetter is president of the senior class.

Other senior officers are Carol Williams, vice president; Carolyn Walters, secretary; Betsy Crowder, treasurer, Jane Luper, reporter, and Donna Mcasters and Ernest Cheshir, student council representatives.

Joey Newsom will be president of the junior class, aided by Jerry Elliott, vice president; Susan Blackley, secretary; Glenda Smith,

treasurer, Linda Blackstock, reporter, and Willard Ware and Jeanette Rowden, student council representatives.

The sophomores elected Lem Chesser as their president this year, with Linda Rose vice president, Cheryl McDaniel, secretary, Charlotte Smart, treasurer, and Don Vanlandingham and Connie Stowe student council representatives.

Ronald Hale is president of the freshman class. Billy Smart is vice president, with Ginger McCasland, treasurer; Danny McCasland, reporter and La Nalda Romans and Danny Wiseley, student council representatives.

Freshman, seventh, eighth grade gridders dropped contests last week

The Morton freshmen, seventh and eighth grade football teams went down to defeat in contests last Thursday.

The frosh lost 14-8 to the Seagraves eleven, while the seventh graders lost 14-8 to Littlefield and the eighth grade, 44-15 to Littlefield.

In the freshman game, Morton's only score came as halfback Jerry Don Hoover rambled 35 yards with the ball and Jimmy Walters ran over the conversion.

Seagraves' scores came on a 98-yard punt return and a 45-yard run.

The frosh, who also beat Levelland 22-14 week before last, will meet Sudan at 4:30 p.m. Thursday at Sudan.

Robert Bowers was the lone scorer in the seventh grade contest, as he ran 60 yards for a tally and then converted.

Littlefield led the seventh graders all the way, raking in their points in the first half. The Morton marker came in the third period.

Albert Bautista was defensive standout for the seventh graders, who will meet Whiteface at 4:30 p.m. Thursday at Indian field.

The eighth grade gridders scored in the second, third and fourth periods, but still went down at the hands of the Littlefield squad.

Alex Soliz caught a fumble in the air and raced 30 yards for a touchdown in the second quarter.

The half ended with Morton on the short end of a 12-6 score. In the final half, Wayne Thompson bottlenecked the ball and raced 25 yards to score and then in the fourth period, Danny Williams ran

Lions Club District Governor, Tut Tawwater visits Morton, Whiteface

Lions club District Governor Tut Tawwater will visit clubs in Whiteface and Morton next week. The visit to Whiteface will be Oct. 5, club president Wendell Dunlop said.

The trip to Morton will be on Wednesday, Oct. 7, George W. Boring, president, said.

The visit is more or less an annual inspection trip to the clubs by the district officials who reports his finds to the Lions International headquarters in Chicago.

Tawwater was elected at the Lions annual district convention in Snyder in May of this year and will serve until July of 1965. He overlooks 60 Lions clubs in West Texas communities in a geographical area roughly the same as the 19th Congressional District.

Tawwater has been active in his community, having been selected as Plainview's "Citizen of the Year" in 1958, is a past president of the Chamber of Commerce, the United Fund, the Toastmasters club and the President's Roundtable. He was campaign chairman for the United Fund in 1958. He is also active in Boy Scout work, holder of the Silver Beaver award and a past district chairman. He served as an area governor in the Toastmasters organization and was a state speech contest winner in this organization in 1953.

He is a Methodist and has taught Bible class in his church for the past 8 years. He and his wife are the parents of two boys.

Mr. and Mrs. George Hargrove were business visitors Friday in Lubbock.

Tut Tawwater

Program on water scheduled by West Texas Museum

A multi-million-dollar Gargantuan pipeline snaking over the plains . . . "manufacturing" of water by pumping hydrogen from the ocean . . . recharging of aquifers . . . using playa lake water for irrigation . . . desalination of brine and sea water . . .

All these approaches — some theories, and rather 'way out at that, and others definite realities— are coursing through research and educational channels as the "largest underground irrigation region in the world" wrestles with a momentous problem.

What will this area do when the underground water runs out? A distinguished panel of specialists on underground water, surface water and future water sources tackles that complex question Thursday in the season's first program of the West Texas Museum Assn. in Lubbock.

The program is entitled: "Water, the Gold at the End of Our Rainbow." The Thursday night event is for members of the Museum Assn. and their out-of-town guests. Because of seating limitations, admission will be by membership card only.

Museum officials report that anyone interested in obtaining membership may do so at the Museum at any time or at the door the night of the program. Family membership is \$10 per year and offers a variety of educational opportunities.

Moderator for the Thursday program will be Dr. Gerald Thomas, dean of agriculture at Texas Tech and chairman of the West Texas Water Institute. Panel members will be T. J. McFarland, manager of the High Plains Water District, Lubbock; Ed Reed, hydrologist and consulting engineer, Midland; and Judge Otha F. Dent, member of the Texas Water Commission, Austin.

Mexican mission revival underway

Evangelistic services are being held at the First Baptist Church Spanish Mission this week with Marcus Garcia, evangelist from McAllen, leading the services.

The services are part of a state-wide crusade aimed at reaching 2½ million unevangelized Latin American people of Texas.

The services started here Sept. 27 and will end Oct. 4.

Pastor of the Morton mission is Juan Medina. Leading the singing for the revival is Manuel Olgin of El Paso, an employee of the Baptist Publishing House.

About 400 Latin American churches and missions throughout Texas are participating in the widespread effort called Cruzada Bautista Nueva Vida (the Latin American Baptist New Life Crusade).

Earlene Evans, 7, has birthday party

Earlene Evans, daughter of Mr. and Mrs. Earl Evans, celebrated her seventh birthday Saturday with a party in the Evans home.

Games were played. A pink and white birthday cake fashioned as a Cinderella doll was served with punch and ice cream to: Jackie Dansby, Cris and Vickie Simpson, Vickie Milligan, Jennie McCoy, Sandra Sullivan, Scott and Sharon Safford, Kim Bracken, Douglas and Don Evans, brothers of the honoree; Mrs. Raymond Milligan and Mrs. Donnie Simpson.

Mrs. M. A. Silvers returned to her home here early this week from Kirksville, Mo., where she has been with her father, J. H. Barker, patient in a clinic there. H. B. Barker went to Missouri Tuesday for a few days visit with his father.

Mr. and Mrs. Cecil Lindsey were in Eldorado, Okla., last Thursday for the funeral of her aunt, Mrs. S. J. Huckabay.

Young Democrats organize

CHARLES BOWEN, center, was elected president of the Cochran County Young Democrats Tuesday as the club was organized for the first time here. With Bowen are, from left, Billy Bob Freeland, vice president; representative-elect

Jesse T. George of Levelland, Leonard Groves, secretary, and James K. Walker, treasurer. The club met in Demo headquarters.

JIM STOWE, second from left, field representative for the Republican Party of Texas, holds a can of "Goldwater candy" prepared by Cochran County Republicans. Talking with the field representative, are, from left, Lloyd Miller, Cochran County GOP chairman, Mrs. Van

Greene, vice chairman, Joe Phillips, GOP candidate for representative from the 19th Congressional district, and J. C. Man Jr., of Wichita Falls, regional coordinator of the Goldwater-Miller campaign and district committee-man.

TRIBUNE Photo

Cross Shaw elected county CROP head

Cross Shaw has been elected chairman of the board of Cochran County CROP — Christian Rural Overseas Program.

Shaw succeeds the Rev. H. F. Smith, pastor of First Methodist Church, who was chairman last year. CROP provides funds and commodities for overseas relief. One

of the big programs of the Cochran County board is to solicit cotton to send to areas across the world where it can be spun and processed to better the standards of living.

The Rev. Fred Thomas, pastor of First Baptist Church, is the new vice chairman. Ruth McGee is secretary and Neil Brown is treasurer of the board.

Other officers are D. L. Linder Jr., commodity manager; Gene Snyder, publicity director; Harmon Springer, promotion director; Homer Thompson, campaign director; Weldon Wynn, Neelyward community chairman and John Crowder, chairman of the trick-or-treat project.

Sears County boar

KEITH COATS poses beside his Hampshire boar, purchased as part of the Sears 4-H Clubs Swine program. The boar won fifth place in the 14-county swine competition in Lubbock Saturday. Young Coats will receive money and a ribbon for the prize.

Cochran County 4-Hers have varied interests and activities, with adult leaders who are top-notch

Planning recreation

ORGANIZED FUN and games is an important part of 4-H Club work. Here Mrs. Orville Tilger leads her group in the planning of recreation for the chili supper Tuesday night. From left are Larry Hale, Raquetta

Mitchell, Ricki Dansby, Mrs. Tilger, Debbie Willoughby, Nan Ray, Sheila Corder, Patty Jenkins and Dale Tilger.

Horse and Pony Club

THE GROUP HAS increased its membership and activities during 1954 and adult leaders have more than tripled during the year. The club has 22 horses with breast harness and riders wear the 4-H riding club uniform. Members learn about their horses and equipment as well as participating in many activities.

Learning about cooking

MRS. A. E. CADE oversees the joint efforts of Carol Freeland, second from right and Marilyn Cade as the cooking special interest group of

4-H work here goes about the business of learning by doing. Looking on are Maria Orozco, left and Lupe Orozco.

To 4-H Club members:

My best wishes to you as you plan your work for the months ahead, and my congratulations for your achievements of the past year. I also commend 4-H Clubs for their notable gains in the past 50 years, since Federal legislation recognized and explained your head-heart-hands-health program in 1914. It is gratifying to know that today 2 1/4 million boys and girls are active in 4-H in every State and Puerto Rico.

I am glad that these learn-by-doing opportunities are open to all youth, and that 4-H dividends of character development and good citizenship accrue to young men and women of every race, color, creed, and economic circumstance. For this, much credit is due your able and dedicated volunteer leaders, parents, and public-spirited citizens who generously give of themselves and their means to support their work.

I know that each of you, wherever you live, will encourage other youth to join 4-H Clubs and share your goals of progress in this important era of change and growth for our Nation.

Lyndon B. Johnson

Stitch, cut and measure

LEARNING TO MAKE clothing is not an easy job, but perhaps 4-H club girls have an easier time of it, with expert help from adult leaders.

Young Farmers group celebrates special week

WHITEFACE, Texas — Members of the Whiteface chapter of the Young Farmers of Texas organization recently observed Young Farmer Week.

The week, Sept. 20-26, was proclaimed by Governor John Connally in recognition of the state association of young farmers and state association of Young Farmers of Texas.

The young farmers organized 11 years ago to carry out educational activities within their communities, upgrade themselves and their farming and ranching operations.

The action was an outgrowth of the continuation of the Future Farmers of America program in the schools.

With organizations set an age limit of 35.

Yeldon Mason of Brownfield is president of the Young Farmer association and Mrs. Doris Hale of Hale is young homemaker president.

The Whiteface group meets each Monday and features speakers from Texas Tech and the experiment stations. Their programs are related to the season of the year.

Sailor from Morton is participating in California exercise

Dorsey V. Oliphant Jr., aviation electronics technician airman, United States Navy, is participating in a training operation "Exercise Union Square" off the California coast.

Oliphant is the son of Mr. and Mrs. Dorsey V. Oliphant of Morton.

The exercise is designed to increase the combat readiness of the Pacific fleet units in strike, anti-aircraft and anti-submarine warfare. Eighteen ships, two submarines and several air units are participating in the operation.

First postoffice in Mineola, Texas, was housed in a boxcar on the railroad tracks.

Young Farmer Week celebrated

WHITE FACE — The Young Farmers organization of Whiteface recently celebrated Young Farmer Week. Observing the occasion, were from left, front row, Roy Akins, Dan Keith, Darwood Marshall, Monte Cookson, treasurer; Jessie Sims and

W. D. Fluitt, vice president; back row, Wendell Dunlop, advisor; Marvin Kuehler, John Fietz, reporter; Floyd Taylor, president; Lewis Sims, secretary; and Earl Dee Waldrop.

Junior Linder named manager of Morton Co-op

A long-time Morton area farmer has assumed the management of the Morton Co-op Gin.

He is Junior Linder who succeeds the late J. R. Kuykendall. Linder has been an office employee of the gin since 1959, working during the peak cotton harvest season. The past two years he had been bookkeeper. The off season, he farms five miles from Morton on Hwy. 116.

He came to the Morton area in 1933 from Oklahoma. He attended Whiteface schools.

The appointment to the management was effective Sept. 15.

Linder and his wife, the former Edith Roundtree, have six children, Diane, Rita Jean, Randall, Debra, Pamela and Marilyn. They are members of the Missionary Baptist Church.

Junior Linder

KiWaKis elect Carol Freeland as president

Carol Freeland was elected president of KiWaKi group of Camp Fire Girls at a meeting last Wednesday in the home of Patsy Collins.

Officers elected to serve with her are Karen Kred, vice president; Karen Rozell, secretary; Beverly Browne, reporter and Patsy Collins, song leader.

The next meeting will be Oct. 7 in the home of Carol Freeland.

Crops progressing well, agent says

With additional sunshine, warm and dry weather, the Cochran County cotton crop should progress well through October, County Agent Homer Thompson said.

"The cotton is beginning to open up pretty fast now. There should be more open in October than normal," the agent said, adding that the crop is about 10 per cent open. As to grain sorghum, Thompson noted that some 35 per cent has been harvested, but wet weather during the past two weeks has slowed down the harvest considerably.

The agent said that previous estimates of some 75,000 bales of cotton from this county will prove to be high.

"I would estimate that we will make about 60-65,000 bales. Of course, I would like to see it hit 70,000, but I don't think it will," he said.

Thompson added, that farmers should wait until the cotton is 80 or 90 per cent open before they begin to defoliate with desiccants.

Tech's Red Raiders take to the road to battle Texas Aggies

LUBBOCK, Texas — Texas Tech's Red Raiders take to the road and will invade College Station at 7:30 p.m. Saturday to play Texas A&M in a Southwest Conference game.

Each team will be hoping to rebound from a loss last week. Tech lost to Texas 23-0 and A&M was beaten by the University of Houston 10-9.

After the A&M game, the Red Raiders will stay on the road two more weeks — meeting Texas Christian and Baylor before returning home Oct. 24 for a date with Southern Methodist.

Trees and shrubs are available for planting

Some 17 species of trees or shrubs will be available for planting by Texas landowners early in 1965, from the Texas Forest Service at a deliver cost of \$1.50 per hundred plus the 2 per cent sales tax.

Copies of the applications will be available at the county agent's office soon.

The trees and shrubs may be used for windbreaks, soil stabilization but cannot be used or resold for shade or ornamental purposes. If you are interested in securing these trees, please contact county agent Homer E. Thompson.

Mr. and Mrs. Dan Keith have seven pound son

Mr. and Mrs. Dan Keith, Route 1, announce the birth of their third child, a son, on September 13 at Levelland Hospital and Clinic.

The baby weighed 7 pounds 4 ounces and has been named David Alan. Other children of the Keiths are Valerie Ann and Gary David, three years old and 18 months respectively.

Grandparents are Mr. and Mrs. J. W. Dickson, Route 1 and Mr. and Mrs. G. C. Keith, Whiteface.

The Rev. and Mrs. H. F. Dunn were in Lubbock Tuesday for annual conference of Northwest Texas District of Methodist Churches. The meeting was held in the First Methodist Church.

Mrs. Melvin McCoy, Mrs. C. H. Silvers, Mrs. John L. McGee and Mrs. Hattie B. Spotts were in Littlefield Sunday for a district meeting of Wesleyan Service Guild. They attended morning worship service at the METHODIST Church there.

Fast Draw Aid

A mixture of graphite powder and vaseline rubbed inside a pistol holster makes it much easier to remove your handgun. Should be a big help to the fast-draw artist, too.

The 4-H movement has helped the nation gain a better living standard

Fifty years ago, when 4-H work briefly started to glow in the United States, the country was nowhere near like it is today.

Public school education was "Reading," "ritin" and "rithmetic" and that's all. There was no vocational training, and no tomfoolery such as football and other extracurricular activities.

When someone went to college — and they were few and far between — they either went into preaching, medicine or engineering, and maybe something else.

Frontier folks wanted practical education for their boys and girls. Along in the 1890's and on to the turn of the century, our nation began to establish agricultural research stations in conjunction with the land grant colleges, established by the Morrill act in 1862.

The vast outpourings of research and scientific agriculture blossomed, but unfortunately ran ahead of the distribution of this new knowledge.

Adult prejudices and tradition had to be eliminated in many instances before the new and better concepts would be instituted.

To have asked a farmer to terrace his land to keep it from washing away would in most instances, moved him to order you off his place. To have advised him to pay a little more for certified seed guaranteed to germinate and produce a plant would have led him to think of you as a huckster.

And — right here is where 4-H entered our history — some 50 years ago.

When the century turned, Texas faced another invasion from south of the border. It wasn't Santa Anna this time, it was the boll weevil.

No one ran away as they did in the "Run Away Scrape," but lots of people were plenty scared.

Cotton was king and the miserable weevil threatened to dethrone it — spelling disaster for thousands of farmers and the whole Texas economy. There were no insecticides and the only solution lay in diversification of the agricultural base.

A Jack County newspaper publisher Thomas Merriweather Marks decided to bring his paper to bear on the problem.

He and his friends decided that what their section of Texas needed was a corn crop. He began to promote a corn show in 1907, but it turned out to be a big flop with only three entrants.

After looking over the situation Marks decided to involve the children, since the adults apparently couldn't be taught new tricks. The new plan worked and 11 boys entered the 1908 show.

The farm fathers, seeing what their offspring had accomplished, soon followed suit and adopted the new corn innovations.

The Corn Club movement was not strictly a first in Texas. It is generally believed that the original idea was planted in Mississippi and soon exploded across the South and Midwest.

The TEXAS STATE Fair invited thousands of county Corn Club boys

to march in Dallas prior to the fair. It looked like an army, with each youth proudly shouldering a stalk of corn — as he soon was to do with a rifle in World War I.

The next big step came along in 1914 when Congress passed the Smith Lever Act, which authorized appropriations of funds to be matched at the state and county level to finance an agricultural agent in each county wishing to qualify.

It wasn't long until home demonstration agents were added. They discovered girls could exert, as much influence over home improvement as their brothers had in the corn patch.

The girls were invited to join Tomato Clubs in which each girl grew about an eighth of an acre of tomatoes using the latest recommendations of scientific agriculture.

At harvest time, the girls got together with the 4-H agent and had a "canning bee." A wagon load of equipment, including cookers and a soldering iron to seal the jars, went along.

Local merchants, in many cases, marketed the canned tomatoes and with new coins jingling in their pockets, the girls purchased a flock of hens, some new cloth or other thing.

Additional economic skills contributed to the rising standard of living down on the farm and mom learned how to improve the farm family winter diet with her own canned goods while participating in the Tomato Club canning bee.

It would not be wise to discount the contribution farm mechanization has made to modern agriculture, but this week, we are paying homage to the youth of this land, who by their uninhibited embrace of science and new enterprises, led the war on farm poverty.

The 4-H program has had its impact on schools and on our country. Before, school people and parents were seeking a movement to provide extracurricular activities of practical educational experience for boys and girls. They found it in 4-H.

Somewhere along the way the country realized 4-H was doing a lot more for our youth than merely fitting him or her with agricultural or home management skills. It was apparent that hard work, individual enterprise, good management of time and talent, record keeping and how to compete in life and selling for profit were being installed in 4-H youth — all basic lessons in the American free enterprise system.

The 4-H club movement has an important destiny to fulfill. It at present numbers 2,500,000 members in the nation and 84,000 in Texas. 16,000 volunteer workers assist Texas members with their projects. It has spread from the rural to the urban — suburban areas to help other youth as well, and now has gone out to 76 nations of the world.

From malnutrition to Metrecal, 4-H youth has helped to lead the way.

Revival starts at Assembly of God

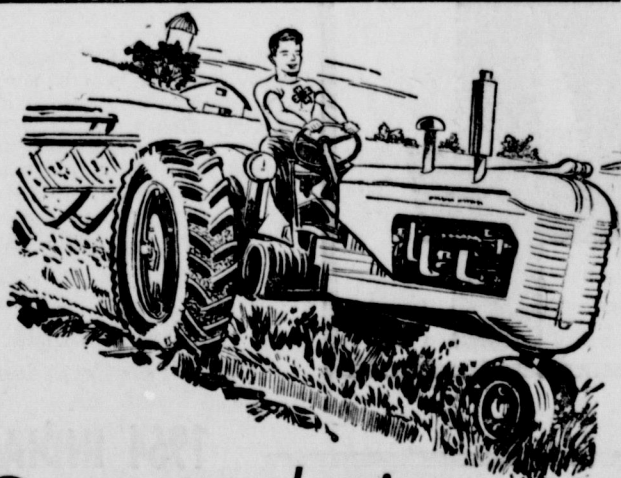

Revival services will get underway here at the Assembly of God Church at 7:45 p.m. Sunday October 4, according to an announcement by the pastor, the Rev. D. A. Watson.

Nightly services for two weeks will be conducted by the Rev. and Mrs. W. F. Mercer of Fort Worth. "Both are highly qualified as evangelists," Watson said.

Rev. Mercer is one of the general Presbyters of the North Texas District Council of Assemblies of God. Mrs. Mercer is director of the Women's Missionary Council of NTDC. The public is invited to attend each and all of these services.

Young Republicans set organizational meeting October 6

An organizational meeting for Young Republicans is scheduled for 8 p.m. Monday, October 6 in the Republican Headquarters, 103 S. Main.

Youth from junior high school through college age are invited to attend. Officers to be elected are chairman, vice chairman, secretary and treasurer.

Glenn Looney will be featured speaker. Looney, secretary of state for the Young Republican party, is ex-president of Tech Young Republicans.

Refreshments will be served in the conference room of the headquarters.

Mrs. Lois Teacher, Hot Springs, Ark., has been here for over a month at the bedside of her mother, Mrs. J. C. Fincher. Last week she was joined by her sister, Mrs. D. Kersey of Muleshoe. Mrs. Fincher, 83, has been quite ill following a stroke. The sisters also are visiting in the home of their brother, E. R. Fincher and family.

Mrs. McGee conducts annual pledge service for Wesleyan Service Guild

Mrs. John L. McGee conducted the annual pledge service when Wesleyan Service Guild met Monday night.

Mrs. Melvin McCoy, president, welcomed members and guests and introduced her theme for the coming year: "Show Me the Way."

Yearbooks were presented by Mrs. C. H. Silvers, who outlined the studies and programs.

"Love Divine, all Love Excelling" was sung by Mrs. P. B. Ramby, vocalist.

Flower show

(Continued from Page 1)

each single specimen entered and a quart jar for heavy flowers (as Dahlias).

Foliage should be left on the stem above the water line and a stem in proportion to the size of the flower. All material should be clean and free from insects and spray residue.

Classes 52 and 52 A in artistic division are reserved for novices. A novice is one who has never before won a blue ribbon.

In case of close point scoring of any entry home preserved and treated materials will be given preference over commercially done material. Vegetables and fruits may be commercially grown. Artificial flowers and foliage are not permitted.

Dyed, painted, varnished or otherwise treated plant material or weathered wood is permitted only where stated in schedule.

An accessory may be used only when specifically called for in the schedule. An accessory is anything other than fresh cut plant material, be it on the container or on lip of container or placed apart from the container and including fresh cut plant material placed away from container. Bases are considered a part of container and not an accessory.

Boll weevil plan is working well

The Boll Weevil Control Program is going as planned — and weevil control to date is excellent.

This is the report from County Agent Homer E. Thompson who continues by pointing out that field checks show 80-98% mortality on exposed weevils within 24 hours after the chemical is applied.

Counties in the control zone where spray applications are being made include: Garza, Briscoe, Floyd, Crosby, Motley, Dickens, and part of Hall.

Thompson says control with the chemical being used — malathion — is not at its peak until about 24 hours after application. Kill of weevils contacted with the chemical at application is highest at this time. After 24 hours, effectiveness of the chemical shows a downward trend.

Some farmers and others interested in the Control Program have expressed concern about weevils which are found in the field 24 hours — or more — after spraying.

Thompson emphasizes these weevils are, in most instances, those which have newly emerged or some which have migrated in from surrounding non-sprayed areas. Each cotton field in the control zone will be sprayed three or four times in order to assure good kill of disperse (overwintering) weevils.

De Algodon schedules initial meeting Monday

De Algodon Study Club will hold its initial meeting of the season with a dinner Monday night, October 5 in the home of Mrs. Wayland Altman.

Mrs. Charles Farmer, president, will be honored. There will be a business session.

Mr. and Mrs. J. D. Hawthorne of Knickerbocker were weekend visitors here. They attended the football game Saturday night in Lubbock.

Council

(Continued from Page 1)

vice—and W. L. Foust seconded it.

The city fathers also hired a gas department employee, T. B. White, 41, of 414 S.W. 5th, to be paid \$290 per month. In the motion to hire White, Foust also recommended raising the salary of Negro employee Willie Wolf from \$1.25 per hour to \$260 per month.

In other actions, the city council authorized the drawing of an ordinance to provide for court costs in corporation court.

Police Chief Mills said that recently — in two jury trials — the city did not meet expenses with the fines and costs meted out. Previously, he said, the only cost which could be assessed was the payment of \$12 for jurors.

A plan for equitable distribution of the insurance business of the city was amended at the request of James McClure.

Earlier, the officials had decided to have the insurance split between each insurance agency here, with 50 per cent of the commission going to the writing agent and the remaining 50 per cent being split between the other agents.

McClure recommended the split be on a basis of fifths, with one-fifth going to each agent and two-fifths to the writing agent.

At the request of Chamber of Commerce manager Johnny Johnson, councilmen endorsed a study of the growth and development of Morton. They endorsed a five year extensive study of the advancement of Morton and a 10-year limited study, and councilmen okayed city secretary Elira Oden to work on the study with Johnson.

Johnson also invited councilmen to a meeting at 2 p.m. Wednesday to discuss Christmas lighting with a Houston salesman.

In other actions the council: —approved Dot Erwin as a signer on city checks with Oden. —approved the tax rolls; —appointed Rose and Rowden to make a study of street lighting needs with Rusty Reeder of Cochran Power and Light; —appointed Rose and Foust to talk with the Morton Co-Op Gin board about obtaining water rights in exchange for fire protection for the gin; —discussed the Texas Municipal League meeting in Dallas Oct. 4-6, and appointed Foust and mayor Dean Weatherly to attend. —upped the reward for arson from \$100 to \$250.

—told land developer Merlin Roberts that the city will install utilities for Roberts Addition provided that the section comes into the city before Nov. 1, date when a contract for gas, water and sewer improvements probably will be let. Van Greene opposed the action.

—approved a petition to be circulated among property owners near East Harding area for the city to annex the area and to provide utilities.

—discussed the method and frequency of reading the chlorine meter on public water. Councilman Rose brought out the fact that the meter apparently is being read irregularly and asked Oden to make sure it is read every day and chlorine properly added to the water.

—discussed equitable distribution of stop signs.

The council will meet at 2:30 p.m. Oct. 12 to open bids for proposed gas, water and sewer improvements.

Football

(Continued from Page 1)

more; Danny Land, a 167-pound sophomore, and Tony Young, a 161-pound junior.

On the starting line is Robert Lindsey, 161 pound junior, end; John Howell, 174-pound sophomore tackle; Stanley Byrnes, 140-pound sophomore guard; Hutto; Muriel Bussey, 131-pound junior guard; Cecil Hutcheson, 166-pound junior tackle and Dyer.

While the Indians are rated favorites, it could easily turn sour if the Bobcats are up for the contest.

Add to that the fact that Charles Ledbetter, starring quarterback for the Indians will be out for this game and probably for the remainder of the season — result of an injured shoulder in the Portales game.

Bobby Dobson, the Indian's leading ground gainer went back into action against the Rams last week and will see action again in Dimmitt, which could help considerably.

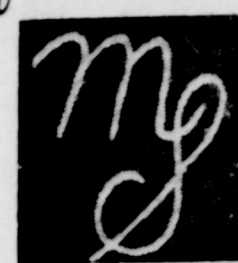

John St. Clair, the sophomore quarterback who took over after Ledbetter was hurt last week, proved a cool — though inexperienced — hand in leading the Indians.

All things considered, officials say, the Bobcats, with a record of losses behind them, could prove to be a tough, mean bunch for the Indians Friday night.

Mr. and Mrs. Hub Cadenhead were among Mortonites attending the football game Saturday night in Lubbock.

Mrs. Van Greene and children, Becky and Bob; Mrs. Orvil Tilger and son, Dale; Mrs. Tip Windom and daughter, Mikela, attended the South Plains Fair in Lubbock Monday night.

The Alton Taylor family

New soil conservationist, Alton Taylor assigned to Cochran area

A new soil conservationist, Alton Taylor, assumed duties with the Cochran County Soil Conservation service Tuesday.

Taylor replaces Wilton Green, who after serving three years here, has been assigned as a work unit conservationist in Dell City.

The new conservationist comes to Morton from Crosbyton where he was employed for five years. Taylor described his duties here:

"My job here is to assist the farmer and rancher in any way with any soil or water conservation problem they might have."

Taylor visited Morton on temporary assignment several weeks ago, exchanging information with Green about projects currently in progress here.

Taylor is a graduate of Muleshoe High School and Texas Tech. He was reared on farms in Terry, Yoakum and Lamb Counties. He worked for the Farm and Home Administration prior to joining the Soil Conservation Service.

With his wife, Vena, daughter, Gail, 8, and twin sons, David and Keith, 7-months, Taylor lives at 605 W. Hayes.

Around the corner

DIAN HALFBACK Kenny Palmer, swings ball high as he rounds the corner enroute to short gainer as Morton slammed the Portales Rams 6-0 in Portales last Friday. Billy Jones, 31, rushes up to aid assistance, but too

late as the diving Ram just behind Palmer would indicate. Ram quarterback Roger Knudson, 16, is on the ground just behind Laws.

TRIBUNE Photo

Indians win costly victory over Portales, 6-0

Morton's Indians outlasted the Portales Rams for a 6-0 win Friday night in Portales, but it proved to be a costly victory.

Charles Ledbetter, starting Indian quarterback, was lost in the first series of plays.

Ledbetter suffered a shoulder separation and probably will be out for the remainder of the season, coaches say.

Bobby Dobson, ailing since the Muleshoe contest, returned to the fray in Portales, slashing out huge chunks of ground, and told Coach J. P. Jones, his knee "felt fine."

The Indians struck quickly after the opening kickoff, moving 52 yards downfield to score.

After the quick score, the game was strictly defense, with neither side moving within the other's 20-yard line. The Rams failed to seriously threaten, but Indian defensive men played headup ball and took advantage of all bobbles, including three recovered fumbles and three intercepted passes.

Ram quarterback Roger Knudson started the game with a short offside kick which Indian guard Mike Irwin recovered on Morton's 48-yard line.

Ledbetter moved the squad down the field, handing off to Sherill Griffith, Bill Laws, Kenny Palmer and carrying himself.

Key plays were Ledbetter's 12-yard aerial to Griffith's and Griffith's nine-yard pass to end Ernest Chesshir.

Ledbetter's injury came as he led interference on a plunge by Laws after he successfully passed for 12 yards.

The next play out of huddle, fans wondered what had happened as Ledbetter tapped Griffith to toss another aerial — this one successful for nine yards.

Ledbetter continued to control the drive, plunging several times with the ball, and actually setting up the tally as he kept the ball, moving from the nine to the five yard line.

Laws went across for the marker from five yards out and Ledbetter attempted to toss Chesshir to convert, but the pass was short.

With 7:30 left in the first period, the Indians led 6-0.

Before the quarter ended, the Rams and the Indians traded fumbles with Portales and end Darrell Truelock recovering a bobble by John St. Clair, who went in to replace Ledbetter, and Chesshir falling atop a fumble by Knudson.

Midway, in the second period, the Rams seemed to have a drive underway and had moved to the Morton 38 yard line when speedster John Josey fumbled and Indian tackle Larry Smith recovered.

St. Clair ended the half by snatching one of quarterback Neil Lovorn's passes out of the air, but before the Indians could capitalize, the half ended.

Midway through the third period, Josey had spectators on their feet as he threaded through Indian defenders as he took a punt on his own 25-yard line and moved it to the Indian 41.

Palmer, who booted the ball, managed to get a hand on Josey and bring him down. Palmer was the last defender between the halfback and the double line.

Dobson put the cap on the threat when he intercepted a pass from Josey on the next play, but the Indians ran only three plays when Truelock slipped in front of St. Clair's receiver and intercepted an aerial, moving back to the Morton 47.

St. Clair got the Indians under steam again in the fourth period, moving from the Morton 20 to the Ram 42 before fumbling the ball, with — you guessed it — Truelock recovering.

The game ended as the Indians were on the Ram 28, having moved from their own 20, with Dawson — Bruiser — clawing out most of the yardage, including one 23-yard ramble.

Down you go!

PORTALES RAM defensive man, David Kremenak, 44, looks as if he is gently easing Indian back Kenny Palmer to the ground during the Ram-Morton grid clash last Friday. Ram back, Bob James, 23, is pictured coming in on the play, as is end Darrell

Truelock, 76. Indians in the picture are Ronald Smart, 62, and Irwin Cooper, 70. The Indians won the contest 6-0.

Eagles wins muddy victory 28-12

THREE-WAY — The Three-Way Eagles stretched their winning string to two Friday as they ground the Loop Mustangs under 28-12 on a muddy field in Loop. Sophomore quarterback James Kindie, senior and Tommy Terrill and senior halfback Tommy Dupler combined to make the scores for the Eagles.

The experience shy Eagles will meet the Bula Bulldogs in Muleshoe Friday in what Coach J. W. Aldridge speculated will be "a real fine ballgame — a tossup."

Loop struck for the first tally last Friday, with quarterback Ronnie Kiser passing to end Ronnie Helton in a play which covered 40 yards.

The Eagles came back in the second period, with Kindie tossing to Tommy Terrill for 18 yards and the score and then passing to Terrill again for the conversion. In the third period, Kindie scam-

pered four yards for the marker, with Dupler plunging for the extra points.

The Eagles scored twice in the last stanza, with Kindie going in from two yards out and Dupler running six yards for the score.

Loop's last score came when Kiser went around end for two yards.

Kindie completed five of eight passes and picked up 87 yards on the ground. Dupler rushed for 110 yards and freshman Monte Toombs rushed for 55 yards.

Coach Aldridge said outstanding offensive lineman was Marvin Long, a senior guard who opened huge holes in the opposing line, giving the backs running room.

Outstanding defensive stalwart for the Eagles were all-district center Harold Carpenter, Johnny Harris and Billy Dewbre.

Three-Way's season record now stands at two wins and a tie. The

opener was a tie with Sands 28-28. The Eagles whipped Dawson and now add the Mustangs to their list.

South Plains College enrollment reaches an all time record

LEVELLAND (Special) — South Plains College enrollment has soared to an all-time high of 879 at the beginning of the school's seventh year.

Dorm students are listed from 82 Texas cities and five in New Mexico. One student is enrolled from Hawaii.

The largest group of students ever to assemble in South Plains College auditorium, attended the first assembly program of the new semester in which Dr. Marvin Baker gave the welcome address.

Ropes Eagles whallop Whiteface squad, 22-0

WHITEFACE, Texas — The Ropes Eagles overwhelmed the Whiteface Antelopes 22-0 here Friday night, but the game was closer than the score shows.

The Eagles and the Antelopes were locked in scoreless tie as the first half ended.

The Antelopes had driven to the Eagles 30-yard line early in the first quarter but a fumble ruined plans.

Recovered fumbles set up two of the Eagles scores. One was on the Whiteface 12 yard line and the other on the Antelope 27.

Both sides had difficulty holding on to the ball as the second half opened. Ropes kicked off and the Antelopes ran two plays before fumbling.

Ropes fumbled the first play and then Whiteface fumbled again, on the first play out.

That fumble on the Whiteface 12-yard line, set up the first Ropes score.

The Eagles' other score came as they drove 55 yards. Ray Witt score twice for the Eagles and a

pass play made the other tally. Coach Dale Read tapped Darrell Kitchens, Raymond Guajardo, Larry Kern and Fred Newman as defensive standout.

The Antelopes now have a two win-one lost record.

Friday, they meet the Cooper Pirates in a game they are favored to win, but is expected to be rough.

Coach Read said the Pirates "are young and inexperienced, but we expect a good tussle from them."

Mr. and Mrs. LeRoy Johnson were in Lubbock Saturday night for the football game at Red Raider Stadium.

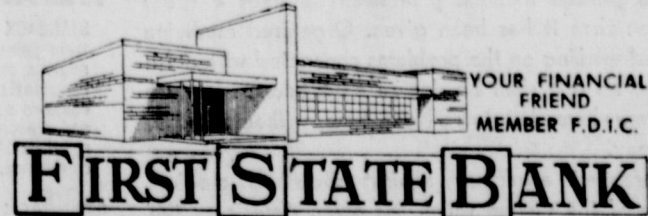

Mr. and Mrs. Rodney Fralin and Mr. and Mrs. J. W. Tyson were in Lubbock Saturday night for the football game between Texas Tech and the University of Texas.

MORTON, TEXAS, THURSDAY, SEPTEMBER 24, 1964

It's 4-H Week!

This week — Sept. 26-Oct. 4 — is one week every American, whether he is city dweller or from the country, should observe.

It is National 4-H week, a week paying homage to fifty years of the 4-H program.

Cochran County has four clubs which are training grounds for the farm people of tomorrow. The clubs install a healthy competitive spirit in the boys and girls who make up their membership.

A wholesome regard for nature and her processes are taught to the many 4-Hers across the land of ours. The clubs provide essential knowledge to sound and profitable farming and the conservation of our magnificent agricultural resources.

The clubs promote love and understanding of the land and all of the elements which are a part of the land.

But beyond these things, the 4-H clubs of America build character. And, in a land sometimes seemingly going to teenage punks and thugs, this character is a vital need.

Honesty, honor, good sportsmanship, individual and group achievement, kindness and tolerance are the qualities and goals that the 4-H movement emphasizes and helps to create and sustain.

Nothing could be more worthwhile or more deserving of our support and our respect.

The nation is indeed fortunate that the movement exists and continues to flourish.

The armies of members are fortunate, also, that they have an opportunity to learn and practice the things which made America great and will continue to stand as principle.

Yarborough and Medicare

Senator Yarborough, in his weekly newsletter to constituents talks about medical care for persons 65 and older under the Social Security system — Medicare.

In his letter, the Senator comments: "I supported this bill and hope that it is passed by Congress.

It is an unfortunate fact that medical care for the elderly has been made into a partisan political issue. For — regardless of the views one holds, or the party to which one belongs — the inevitable results is to be distorted and clouded facts and to air claims and charges which cannot be substantiated.

For one thing, it is said that an appallingly high percentage of people past 65 are completely unable to pay for medical care. Trustworthy surveys have disputed this and as a whole, this group is in a much better financial position than Medicare proponents will admit.

Sen. Yarborough's argument for the plan is that 80 per cent of persons 65 and over have chronic ailments and need three times as much hospital care as young people.

"Nine out of every ten Americans 65 and over are hospitalized at least once, and they stay in the hospital twice as long as persons under 65.

"This is why trips to the hospital wipe out their savings and leave them in debt, facing a future without hope. That is why I am for the Health Care bill," the Senator says.

On the other hand, the growth and worth of voluntary insurance programs have been minimized by Health Care bill pushers. The truth is that these plans have been and are making dramatic progress. Testimony given a Senate subcommittee a short while ago showed that the percentage of older persons with voluntary insurance more than doubled in the 10-year (1952-62) period, going from 26 per cent to 54 and then to 60 per cent.

The number of persons 65 and over thus covered at the end of 1962 was near 10 million.

No one opposes help for the needy and federal state programs to achieve this are now in effect. The programs can and should be broadened and improved, but without the socialistic and costly Medicare approach.

The work of organized medical profession deserves a great deal more recognition than it has been given. Organized medicine has been studying and working on the problems connected with it for years. It pledges that no one shall be denied care because of lack of funds. Doctors everywhere devote skill and time, without charge, to those too poor to pay.

Perhaps the greatest argument against socialized medical care, or for retention of the system which has given Americans the best medical care anywhere in the world, is that the non-socialized system has improved conditions vastly in the United States.

And the way to assure still higher standards and benefits for Americans is to maintain the system which has made such a high level of achievement possible.

DID YOU KNOW?

THAT AN ENEMY MAY CHOOSE TO USE AN ATTACK PATTERN THAT WOULD NOT DESTROY THE CITIES — BUT KILL TENS OF MILLIONS OF PEOPLE WITH RADIOACTIVE FALLOUT!

VIEWS . . . of other editors

According to the New York Times, the new Civil Rights law prohibits discrimination as to sex as well as to race, color, religion and national origin in hiring, assigning, promoting, firing or pensioning employees. It seems, that at the last moment, some unconstructed supporter of rights for women stuck in the sleeper, "sex." This means, the Times declares, you can no longer advertise under the heading "help wanted female" because this would violate the equal employment opportunity provisions of the new Civil Rights law. If a men's club has a job open for a masseur, it can not discriminate as to sex, either, if the letter of the law were to be followed, and could not discriminate because of race, creed, or color, either — if the only qualified person applying fell in any one of these categories. How ridiculous can we get?

Lynn County News

Down through the years, editorial writers have gotten by with taking sly digs at women on the editorial page, mainly because since there are so few women editorial writers that they can't come back at the men, at least not on the same page.

This editorial isn't going to take a dig at the women, just at women's names. For several years now, the Weather Bureau has been naming hurricanes after women, and each year one or more of these hurricanes have reacted "like a woman scorned." But, this year they've outdone themselves, with three blowing at once.

Hurricane Dora came in with destruction, and while she was still wreaking havoc, Ethel appeared, and then came Gladys, even before Dora and Ethel had left the scene. That, to our way of thinking, is too many "scorned women" at one time.

Just to see if it might reduce the hurricane toll next year, why doesn't the Weather Bureau use men's names — such as Tom, Dick and Harry. It's something you could write your congressman about right now, if you haven't let him hear from you lately.

Post Dispatch

Scientists have developed 75 ways in which to catch a common cold. This is pure research and deserves the applause of millions of Americans who can collaborate the findings. A non-professional, influenced by a desire to contribute his small portion to discovery, is trying to make the total 76. He is sleeping with his feet in his refrigerator. It seems logical that if science can not cure the cold, it would defeat to the side where the odds are better.

You hear less and less about nightmares. This is brought about by a change in conditions in the daytime. The daymares of modern life exhaust most people to the extent that they count nightmares like sheep to produce slumber and relaxation.

Matador Tribune

In Dallas the other day, apparently a jury did not approve of the parole laws in Texas and sought to do something about it.

They found a former convict guilty of armed robbery and sentenced him to 99 years and one day. Prosecutors said, however, that it will not affect the time which the man must serve before he becomes eligible for release.

YOU CAN GET RELIEF FROM HEADACHE PAIN

STANBACK gives you FAST relief from pains of headache, neuralgia, neuritis, and minor pains of arthritis, rheumatism. Because STANBACK contains several medically approved and prescribed ingredients for fast relief, you can take STANBACK with confidence. Satisfaction guaranteed!

There is no way under Texas law, they say, for a jury to make certain that a criminal spends more than nine years behind prison walls.

It is unfortunate, it seems to me, that jurors are not told in advance how much time a man must serve under various circumstances. A prosecutor does not dare tell the jury that a 99-year sentence means that the man on trial would need serve but 9 years. Were he to do so, a mistrial could result.

Royce Adkins, district attorney from Haskell, has addressed ser-

vice clubs on many occasions, criticizing this situation. The only answer, short of a change in the law, is for citizens to familiarize themselves with parole laws.

In a speech to the annual attorney general's law enforcement conference Friday, Waggoner Carr told the group: It is time we became as concerned over the rights of our law-abiding citizens as we are about the rights of the convicted. It is time we 'cracked down' on the lawless and give real meaning to the term 'crime does not pay'."

Stamford American

From your

Chamber of Commerce

By JOHNNY JOHNSON

In the most recent addition of the news letter "Cotton Talks" from the plains cotton growers association it was pointed out that "some 25 to 30 cotton processing companies have announced plans for either expanding present facilities or building new plants."

There is a shift to the southwest with this cotton processing, and why not. This area produces more cotton than any other area of its size in the world.

Is this area ready for new industry? Can this community take in new families? Do new families want to come to this community to live? Do we have the available facilities for a plant to process cotton? Do we have the land that such a plant could build on? DO WE HAVE THE LONG RANGE PLAN FOR GROWTH OF THIS AREA?

Eddie Swinney to hold last service at East Side Church

Sunday will mark the last regular worship service to be conducted here by Eddie Swinney, minister of East Side Church of Christ. Swinney resigned several weeks ago to take a church in Fluvanna, and originally had planned to leave here late in October.

"He asked us to take over the work a little earlier and we have decided to go," the minister said.

He will begin his ministry there Oct. 11, and said the family probably will move within the next several weeks.

4-H calendar

October 1 — 4-H Photography Class for younger members will meet with Charles Jones at 7:30 p.m. at the County Activity Building. Please bring cameras.

October 5 — The Senior 4-H Club will meet at the County Activity Building at 7:30 p.m. Simon Marina will speak on customs in the Near East.

October 6 — The 4-H Photography Class for older members will meet with Eugene Bedwell at 7:04 E. Lincoln at 3 p.m. Please bring cameras.

October 7 — The 4-H Electric Class for older members will meet at 4 p.m. at Cochran Power and Light with Rusty Reeder.

The Bledsoe School officers and elected delegates will meet at 3:45 to plan the programs for the coming year at the Bledsoe School Cafeteria.

Among those from Morton attending the Tech-UT football game in Lubbock Saturday night were: Mr. and Mrs. Gene Benham, Mr. and Mrs. Harold Drennan, Mr. and Mrs. Bob Travis, Mr. and Mrs. Truman Doss, Mrs. Scott Hawkins and Bob, Mr. and Mrs. Lloyd Miller and Mary Kate and Mr. and Mrs. Pegues Houston.

Mr. and Mrs. Hume Russell attended the Texas Tech versus University of Texas football game in Lubbock Saturday night.

The fact is that there is doubt in the minds of people when they try to answer any of these questions. Could we take more families in to this community when we have a hard time finding a place for one family to rent? Do we have an airport that business executives could use to visit their plant?

Do we have motels to house the executive when he comes to visit his plant or first to house him when he comes to visit the prospective site? Have we developed a tract of land that can be used for business that needs space to expand and grow?

We are in a competitive market for these improvements. These improvements need to be through out the county; one is not good without the other.

An example: Do we work to see that good roads are available in other parts of the county that bring our cotton and that can be used for transporting finished products from this area? The highway from Plains could be one of these needed highways.

Do we work with the people of Bledsoe and New Mexico to see that these roads are improved and more care is given to them? Let's face it, these areas give the life line to all of our communities. The highway by Whiteface and into Morton is the busiest of all our roads.

Do we have a voice for business in planning with the city and the county for a better area. We need one. The Chamber of Commerce should be this voice and they should have the support and more important the work of citizens of all the areas.

The Chamber of Commerce is people. You make it a success or failure. Have you volunteered for a committee, have you joined the organization to make this a better place to live and make a living. Let's stop the bickering among the communities and form a team that will work for the communities. The fact is that each one of us needs the other.

ITCHING LIKE MAD?

Get this doctor's formula! Zemo speedily stops torment of externally caused itching... of eczema, minor skin irritations, non-poisonous insect bites. Desensitizes nerve endings. Kills millions of surface germs. "De-itch" skin with Zemo—Liquid or Ointment.

Shrinks Hemorrhoids Without Surgery Stops Itch—Relieves Pain

For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain — without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all — results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!" The secret is a new healing substance (Bio-Dyne®) — discovery of a world-famous research institute. This substance is now available in suppository or ointment form called Preparation H®. At all drug counters.

Highlights and sidelights

Election ballots mailed

AUSTIN, Tex. — It's almost time to vote again. General election ballots already are in the hands of local officials, for printing.

Secretary of State Crawford C. Martin has mailed out the sample ballot to the clerks. Along with it went a 44-page certified list of all state and district candidates. Many clerks had been pressing for the material so they could order necessary printing well in advance of the November 3 election date.

Absentee voting begins 20 days before the general election, and clerks must post ballots 10 days earlier than that.

This ballot will list Democratic nominees in column 1, Republicans in column 2 and Constitution Party candidates in column 3.

Three constitutional amendments also will appear on the ballot:

One would remove authorization for transfer of up to one per cent a year from the permanent school fund to the available school fund for current spending;

Another would set tougher requirements for creation of special conservation and reclamation districts; and

The third would permit the Legislature to authorize medical care payments (on a matching basis with the federal government) to needy persons over 65 who are not receiving old age assistance.

Martin held up his final certification of candidates pending a Supreme Court ruling on a Scurry and Borden Counties suit. Court declined to hear Snyder attorney J. Ray Martin's request for listing as an independent candidate for 132nd district attorney. Martin also sought, unsuccessfully, to keep Democratic nominee for district attorney, Wayland G. Holt, off the November ballot.

CITIZENS COMPLAIN — A band of citizens from Nolan County came to Austin to call on State Highway Engineer DeWitt C. Greer with a petition requesting his department to reconsider a decision to close the engineering office at Sweetwater.

Greer said the decision to close was due to slackening of the work load in that area, but said that the petition will be given careful consideration.

FACILITY APPROVED — Gov. John Connally has directed a fund transfer between two state agencies to create a Regional Diagnostic and Referral Center for mentally retarded at Denton State School.

State Board of Hospitals and Special Schools requested the executive action calling for transfer of \$467,000 grant from the Children's Bureau of the U. S. Department of Health, Education and Welfare by the State Department of Health.

Center will provide services in diagnosis, management of the retarded and training of personnel for the North Texas area surrounding Dallas and Fort Worth. The Children's Bureau grant will be used to pay personnel over a five year period.

Application has been made for a Hill-Burton grant to finance construction of a building.

WATER — Water engineers from 17 Western States discussed and swapped ideas on how their states are attacking the coming water crisis at the Association of Western State Engineers' convention here.

Marvin C. Nichols of Fort Worth, told the group that the proposal of the U. S. Bureau of Reclamation for a canal along the Gulf Coast, to carry surplus waters from the Sabine and Neches to water-shy Gulf Coast areas of South Texas, should be held up until the state gets the money from the Legislature to investigate alternatives.

He feels that canals or pipelines, carrying surplus East Texas water to upper points of Center and South Texas streams, would be far better. Thus the water could be used more than once.

Leon Hill of Amarillo, regional director of the Bureau of Reclamation, said that engineers can propose plans, but they must be refined into "people plans" before they will gain enough public acceptance to reach reality.

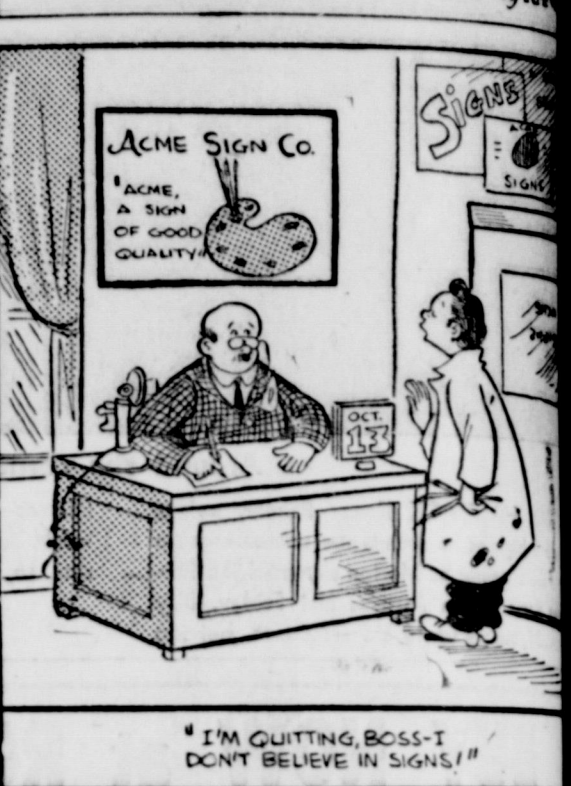

John Simmons of Orange, general manager of the Sabine River Authority, endorsed the idea of that big river's surplus water being carried to areas which need it. He believes such transfers of water should be made by arrangements between river authorities, under supervision of the Texas Water Commission.

J. E. Sturrock of Austin, manager of the Texas Water Conservation Association, told the delegates that by the year 2010, population growth may necessitate the \$100,000,000 proposal to move water from Alaska to supply the Southwest United States and Northwestern Mexico. He warned the water engineers that it is their responsibility to educate the people on the coming crisis in water, and to be ready with proposals to meet that crisis.

VETS LAND PROGRAM — State Land Commissioner Jerry Sadler says Texans ought to vote again on whether to continue the veterans land program.

It just now is starting to make money for the state, he advises in

LIFE IN THE ROAR

his annual General Land Office report. Profits were reported as nearly \$3,000,000 last year and eventually should run to \$80,000,000 — maybe \$100,000,000.

Voters last year turned down a proposal to issue an additional \$150,000,000 in bonds to continue the purchase of land for resale to qualified veterans at low interest rates.

BUS TOUR — State Republican Headquarters here announces that a gold-colored bus — called the "Goldwater Special" — carrying Republican candidates for statewide office will arrive in Austin on October 3, following a three-day tour through East Texas, down the Gulf Coast to Corpus Christi, and up South Texas through Alice.

Passengers will include candidates Jack Crichton for Governor; Horace Houston, Lieutenant Governor; John Trice Attorney General; T. E. Kennerly, State Supreme Court; Don Flanagan, Railroad Commissioner; Dallas Calmes Jr., State Comptroller; Fred S. Naumann, State Treasurer; John Matthews, Land Commissioner; and John Armstrong, Agriculture Commissioner.

This week's tour will be the first of three. On October 12, the "Goldwater Special" will tour four days from El Paso through West Texas and North Texas and wind up in Houston. On October 27, the candidates will make a plane tour of major cities not touched by the bus.

APPOINTMENTS ANNOUNCED — Johnson — Humphrey headquarters in Austin announces the following appointments:

Chairman Wm. Hunter McLean picked Mrs. Eugene Locke of Dallas and Frank C. Erwin Jr. of Austin, national Democratic committee members, as honorary co-chairmen of the Texas drive.

Mrs. Jerre S. Williams of Austin, formerly of Brownsville, was named women's activities director. Wayne G. Weachman of Houston, Bob Slagle of Austin and Scott Mann of Houston, are chairmen of Young Citizens for Johnson.

Wilmer Smith of Lubbock, Dolph Briscoe of Uvalde and Romeo Korth of Karnes City are tri-chairmen of the statewide Rural Texans for Johnson-Humphrey committee.

EMPLOYMENT ON RISE — Non-farm employment in July rose to 3,316,300, compared to 3,214,200 in June and 3,235,500 in July, 1963, according to the Texas Employment Commission.

Percentage of job-seekers in the period dropped from 4.4 per cent of the state's potential working force to 4.2 per cent — a healthy change from the 4.8 per cent of jobless in July a year ago.

MAKE IT IN TEXAS — Governor Connally hailed the opening of a sugar beet refining industry at Hereford as an example of the "unlimited opportunity" for processing plants utilizing Texas raw materials.

Connally said, "No other state

produces more of the basic feedstock that goes into synthetic fibers. A ton of these fibers is made in Texas. Our greatest economic development, the brightest opportunity in the nation, is to use our raw materials to provide jobs for our labor force."

SHORT SNORTS — Enforcement Legislation will sponsor legislation to minimum training standards for Texas law officers. Speaker Byron Tinsley and Reps. Ben Barnes and Paul Floyd of Houston, co-chairmen of the National Conference of Leaders in Atlantic City charter for Yorktown Bank was challenged in the strict court where Bank commissioner J. M. Falker saw no necessity for and doubted it would profitably without injury National Bank of Yorktown Texas Parks and Wildlife mission reports a record visitors during the past 7,900,000.

ARTHRITIS-RHEUM

Bula-Enochs news

By Mrs. Jerome Cash
Attended funeral

Among those attending the funeral Wednesday of Fred Archer, Bula resident, at Crescent Church of Christ, Littlefield were: Ruby Etheridge, Mr. and Mrs. J. D. Bayless, Mr. and Mrs. Junior Austin, Mr. and Mrs. Jerome Cash, Mr. and Mrs. Ray Spence, Mr. and Mrs. John Crockett, Mr. and Mrs. Leon Kessler, Mr. and Mrs. George Autry, Mr. and Mrs. Doye Turney and family; Mr. and Mrs. Gene Autry, Mr. and Mrs. J. E. Autry, Mr. and Mrs. Bob Newton and boys; Mr. and Mrs. Bradley Robson and children; Mr. and Mrs. R. P. McCall and children; Mr. and Mrs. Donny McCall, Mr. and Mrs. Elwood Autry and family; Burley and Norvell Roberts.

PTA Meeting

Executive committee of Bula PTA met Monday night in the school auditorium. Mrs. Jimmy Drake, president, conducted the business.

A proposed budget report was given by Mrs. Jimmy Cannon. Duties of each committee were read and plans for the year's work discussed.

Family night will be held on the regularly scheduled meeting night, October 14. All parents are urged to attend and bring either a cake or ice cream.

Pink and blue shower

Mrs. John Pool was honored with a pink and blue shower Thursday afternoon in the home of Mrs. Guy Sanders.

Hostess gift was a baby seat and clothing.

An arrangement of cut flowers centered the green damask covered refreshment table. Milk glass and silver compleated table appointments.

Coffee, punch and cake squares were served by Mrs. Bruce Angel and Mrs. Ray Spence to 20 guests. Hostesses were: Mrs. C. H. Byars, Mrs. Spence, Mrs. Alma Altman,

Mrs. John Vanlandingham and Mrs. Sanders.

Locals

Paul and Elaine Casey of Wellman spent Monday night and Tuesday with Alma Altman.

Mr. and Mrs. W. J. Thomas are visiting in Sherman this week with her brother, C. M. Woodard and other relatives. Henry Thomas, his brother, plans to return home with them for a stay of several weeks.

Mr. and Mrs. Cecil Jones and Alma Altman visited over the weekend in Fort Worth with their daughters and families. The Jones with Mrs. Murry Alexander and Mrs. Altman with Mrs. Kenneth Milsap.

Mr. and Mrs. J. D. Bayless visited Saturday in Lubbock with daughter, Mrs. Leland Findley and family.

Care of wool garments discussed at meeting

Miss Jennie Allen, county HD agent, discussed and demonstrated the care of wool garments Thursday morning at a meeting of Happy Homemakers HD Club.

Mrs. Jessie Clayton was hostess. Sleeve board, tailor's ham, point presser and seam roll was demonstrated by Miss Allen and used explained. She also gave out diagrams on construction for each of the ironing aids. Pamphlets from American Wool council were distributed.

There was discussion of members attending a class on hat making in Levelland, October 1.

Others attending were: Mrs. C. W. Wiggins, Mrs. M. L. Abbe, Mrs. E. C. Hale and Mrs. Eugene Bedwell.

Mr. and Mrs. Van Greene met her brother-in-law and sister, Mr. and Mrs. Eldon Carroll of Tahoka in Lubbock for dinner Saturday evening, later attending the Tech football game.

Mrs. P. B. Ramby was called to Tulsa last Friday because of illness of her grandson.

Pretty majorettes

THE THREE PRETTY MAJORETTES who strut and prance before the Morton High Indian band are Jane Luper, Betty Crowder and Linda Hawkins. The three girls, all seniors, add beauty and skill to pre-game and halftime

shows staged by the band. They were pictured here before the Indians outlasted the Portales Rams 6-0, in Portales Friday night.

Mrs. Bill Cranford breaks left knee

Mrs. Bill Cranford has returned to her home here following hospitalization in Lubbock for treatment of a broken left knee.

Mrs. Cranford suffered the injury in a fall at her home last Wednesday night, September 23. She was taken immediately to local hospital and transferred Thursday to Methodist Hospital.

Friday she underwent surgery for removal of the injured knee-cap. Her condition is good, according to members of the family.

Mr. and Mrs. Roy Hickman left Tuesday for a holiday and sight-seeing tour of the mid-West. In Ames, Iowa they will visit with his son, Roy Don Hickman and family. Roy Don is working on his doctorate at the university there.

Mr. and Mrs. H. S. Hawkins are honored with a reception day, October 4, from 2 until 4 p.m. in honor of their fiftieth anniversary.

The event will be hosted by members of the family in the ballroom of County Activities building. The public is invited to attend the reception.

Former Miss Grace Ford H. S. Hawkins were married October 4, 1914 in De Leon, Texas. They moved to Comanche County in 1923 to the "Old Hockley Ranch" in Hockley where Hawkins was ranch manager.

In 1928 the family moved to Meadow and Hawkins engaged in farming and trading in livestock. The family moved to Morton in 1940 at which time he became an automobile dealer, a business in which he is still active.

Mr. and Mrs. Hawkins are parents of six children, four daughters and two sons. One son, Scott, died in 1952. The other son, Ford, lives in Plains. Daughters are Mrs. Bill Bridge, Seminole; Mrs. Jim T. Warden, Ardmore, Okla.; Mrs. Burgin Watkins, Childress and Mrs. E. E. Wright, Lamesa. They have 16 grandchildren and three great-grandchildren.

Larry Hale wins Sears gilt prize

Larry Hale's Hampshire gilt placed first in the Cochran County Sears Gilt Competition held in the county livestock barn last Thursday.

Young Hale's gilt was seventh in judging in Lubbock at the 14-county district meet Saturday.

The county Hampshire board, raised by Keith Coats, placed fifth in the district competition.

J. K. Adams, Bailey County agent, judged the county show, rating Hale's gilt first; Kenney Coats second, Ronnie Bell, third, Kim Coats fourth and Rolle Dewbre fifth.

The boys received both ribbons and prize money for their animals. In Lubbock, young Hale and Coats also received prize money.

Mr. and Mrs. O. B. Huckabee were in Lubbock Saturday night for the Tech versus University of Texas football game.

Mr. and Mrs. T. K. Williamson and Mr. and Mrs. W. L. Foust were in Lubbock Saturday night for the football game at Red Raider Stadium.

The Morton (Tex.) Tribune, Thursday, October 3, 1964 Page 3a

Twenty young farm families here receiving loan assists from FHA

Marvin E. Elliott, County Supervisor of the Farmers Home Administration for Cochran County, advised that 20 young farm families in Cochran County are receiving loans to assist them in annual operating and living costs, acquisition of livestock and machinery and funds for the further development of their resources this year.

More than 1,000 young farmers less than 35 years of age have received the financial and technical assistance of the Farmers Home Administration in Texas this year, L. J. Cappelman, State Director said.

Cappelman added, "One of the major endeavors of the Farmers Home Administration in 1964 is to assist young farmers in accomplishing the extremely difficult task of acquiring the capital and the skill needed to take over the farms of their retiring elders."

Elliott stated that over the past three years, many young farmers who received the assistance of the Farmers Home Administration

outstanding young farmers in the state by various publications and farm organizations. The County Supervisor advised that this financial assistance is available to young farm families who are unable to obtain adequate credit from private sources, meet all other eligibility requirements, and have the ability and the desire to become successfully established in farming and ranching operations.

Dinney guests Sunday in the home of Mr. and Mrs. J. W. McDermott included their son, Don and Mrs. McDermott and their sons, Donnie and J. Scott, Crosbyton; Mr. and Mrs. L. B. Childs and Jeanette and Mr. and Mrs. Willard Cox.

Mr. and Mrs. Jack Russell were among Mortonites in Lubbock on Saturday night for the football game between Texas Tech and the University of Texas.

What Does It Take To Build A Church?

Perhaps you glance at the church on the corner once in a while and wonder what it would be like to visit during a service. What is it that draws those people to that particular building every week? What built that church?

The only possible answer is — the love of God. Their love of God prompted them to sacrifice and give so that the sanctuary might be built. The love of God compels them to meet there with others who serve Him. Their love of God compels them to "go, and tell others".

We pray that you will be drawn to such a church this week and that you will align yourself with it. You can help build it into something even better.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Hairstyling wins trip to Europe

Mrs. Richard Houston, nee Kay King, and her mother, Mrs. Ted King, Route 1, left by plane Tuesday from Lubbock for a 21 day tour of Europe and the International Hairdressing Olympics in Switzerland.

Mrs. Houston won the trip in a contest for amateur hair-stylists at the Teen-Fair in San Antonio in June of this year.

Kay had qualified for the finals by winning a scholarship in January from Isabella's University of Beauty Culture, Lubbock.

Mrs. Houston, who at the time of the competition had not had training in hair-styling, is a spring graduate of Whiteface High School where she won many honors as a hair-stylist. She married Richard Houston, son of Mr. and Mrs. Pegues Houston, in early summer.

Presently Mrs. Houston is studying at Isabella's University. She will complete the course in late February or early March. She and her husband, a graduate of Morton High School and Texas Tech, are making their home in Lubbock where he is employed by a cotton oil mill.

Mrs. Houston and her mother landed in Copenhagen, Denmark, Tuesday night after a flight from

New York by way of Dallas.

They traveled from Copenhagen to Berlin. While in Berlin they were scheduled to see the Clay Allee, Free University, Schoenberg Town Hall with Freedom Bell, Airport Tempelhof with Airlift Monument, the famous Brandenburg Gate, entrance to the Soviet sector of Berlin, Charlottenburg Castle and Olympic Stadium.

While in Germany they also were to visit in Munich with a morning of sightseeing the Koenigsplatz, State Gallery, Propyladen, Old Pinakothek University, St. Louise Church, House of Art, Odenplatz, Deutsches Museum and Kallplatz.

From there the party will travel to Rome with an excursion to Tivoli, motor trip along Via Tiburtina, where they will see Acque Albule, Ponte Lucano, Tomb of Plautius Lucanus, visit Hadrian's Villa, Villa d'Este, with its fountains, artificial grottoes and pavilions. The excursion will conclude by a tour of the Temples to Vesta and Sybil and to the waterfalls.

They will be in Basle, Switzerland for six days for various functions and activities in connection with the Olympics.

After sight-seeing in Switzerland

they will spend some time in Paris, France. Here they will tour the city including the Opera, largest theatre in world; visit Napoleon's Tomb, the Military Academy, Eiffel Tower, Arc de Triomphe, Trocadero, Bois de Boulogne, Etoile, Concorde and the Madeleine Church.

They also will visit historical Paris, the Latin Quarter, Les Halles, central market established by King Philip Auguste; the Louve Museum, Senate, Sorbonne, Place St. Michael, Cluny, Cathedral of Notre Dame and Sacre Coeur in Montmartre.

Before departing France they will tour Versailles where they will visit the Palace, formerly the residence of the Kings of France; motoring through the town and forest of Saint Clous.

Mrs. Houston and mother expect to be back in the United States and home about October 20.

Shirley Ann Miller at grad school

Shirley Ann Miller, daughter of Mr. and Mrs. Lloyd C. Miller, has entered the Grady Vaughn School of Physical Therapy at Baylor University Medical Center in Dallas for 18-months of specialized training.

Students entering the school must have a bachelor of science degree and upon completion of their training, will receive a certificate from the school and will be eligible for graduation upon passing the examination of the American Registry of the American Physical Therapy Association.

Miss Miller is a graduate of Baylor University.

Mr. and Mrs. Earl Polvado and daughters, Robin and Melanie, returned last week from a Colorado vacation. They toured in Colorado Springs, Denver, Grand Junction and Gunnison. Returning by way of Santa, Kans., where they were guests of friends.

At the request of a number of friends the favorite recipe for this week was submitted by Mrs. Herman Bedwell. She says it is one of her favorites and a specialty of Furr's Cafeteria, where she had eaten it a lot before acquiring the recipe.

Millionaire Pie
1 eight ounce package cream cheese
1 package dream whip
1 small can pineapple (drained)
1½ cups powdered sugar
Cream the cheese with sugar, add pineapple and unwhipped dream whip, pour in graham cracker crust or a baked pie shell.

Topping
1 carton whipped cream
1 cup nut meats
sugar to taste

Top pie with the whipped cream, nuts and sugar.

This is a wonderful ice box pie and delicious on any occasion.

Mrs. Herman Bedwell, the former Nelda Joy Childs, looking more like a student than a woman married for 13 years, is the mother of three children. The eldest, Rita Kay is 12; two sons, Randall and Ronnie are nine and eight respectively.

Born and educated in Cochran County, the daughter of Mr. and Mrs. W. E. Childs, married Herman Bedwell in 1951.

She is so busy with homemaking, church and club work and her children's activities that she scarcely has time for a hobby as such but she does enjoy playing the piano, not only for her own entertainment and relaxation but serves as pianist for worship services at the First Missionary Baptist Church.

Nelda Joy has taught a junior Sunday School class for five years and is president of the Edna Bulard Circle of WMA.

She is reporter for Le Fleur Garden Club and first vice president of Elma L. Slaughter Study Club.

The Bedwell home is spacious and comfortable with adequate provision made for an active family of five.

The fact that Mrs. Bedwell enjoys her family and homemaking is attested by the well kept appearance of the home and her family.

Mrs. Herman Bedwell

In addition to home duties, helping both boys in scouting activities she also is a representative of World Book. An avocation she enjoys immensely since it brings her in contact with people.

For three years she worked with Camp Fire Girls.

As a family unit they all enjoy out-door activities, particularly water sports and skiing. They maintain a holiday home at Lake Kemp. They also make trips to other lakes and resorts.

Ronnie has just this summer joined other members of the family in water skiing. A feat of which he is very proud.

Mrs. E. O. Willingham visited Tuesday in Littlefield with her mother, Mrs. Mary Yohner.

Flame type water heaters apply open fire at the base of a tank full of water to heat it.

Unfortunately, most of the heat is vented out through the roof. Then there's the smoke, smut, fumes and soot, to say nothing of fire hazard.

As an electric water heater, I'm proud to say my heating elements are inside my tank. I require no vents, no flues, and I produce no smoke, soot or fumes. I don't require a pilot light and I have no flames connected with me in any way. I'm at least 95% efficient.

I'm a quick recovery heater offering plenty of hot water when you need it. With dependable low-cost power from the Bailey County Electric Cooperative, I'm economical to operate.

Put an efficiency expert to work heating water for your home. Make your next water heater ... ELECTRIC.

Dinner fetes Y-M Club President

Mrs. Cullen Dansby, president of Y-M Study Club, was honored at a buffet dinner Thursday night by the club in the home of Mrs. Richard Biggs.

Mrs. Dansby in delivering the president's message based her talk on "Knowledge of Friendship". She was introduced by Mrs. Kenneth McMaster.

She told the group, "Our course of study this year is 'Finding Answers for Happier Living.' In finding answers, we learn; in learning we find knowledge, through knowledge we mellow in wisdom but this takes time, while on this earth

each of us is searching for happiness.

"Each of us if given the same amount of time, the important thing is what we do with it.

"We should plan our day and find happiness in every minute. A happy person is a busy person. I heard an executive say that he always gave a rush job to a busy person for he knew the job would be done.

"Now more than ever, people and unions are demanding shorter work days, shorter work weeks. More money is spent by the average family on recreation than

ever before. Yet, we find more unhappy people, more riots, more violence and more crime than ever before.

"Our roles as wives, mothers and club members is an important one. Our time and what we do with it is valuable. The time we spend with our children will help mold their future. The time we devote to our family's welfare, if not earning income, then helping to keep the budget is just as important.

"The time spent visiting the sick and helping charitable organizations gives satisfaction. Time spent in civic affairs makes us better citizens. And the time spent in going to church and attending church functions makes us better Christians.

"Man has successfully kept up with every thing by that ever important thing called time. Since the time-piece has become a way of life, we must become aware of each hour and day and in return benefit from our use of them.

"In this ensuing year as your president I will work for and with you to find some of the answers to happier living, but I will need your assistance and time to promote our projects and goals, and yet have one of the best club years in history, one with a lasting friendship."

Officers to serve with Mrs. Dansby this year were presented by Mrs. Dexter Nebhut.

Yellow and bronze mums were used in table decorations. Places were marked by autumn leaves. "The Lord's Prayer" was given in unison for the invocation.

Mrs. James Cogburn gave a brief resume of the year's program and presented each member a copy of the yearbook.

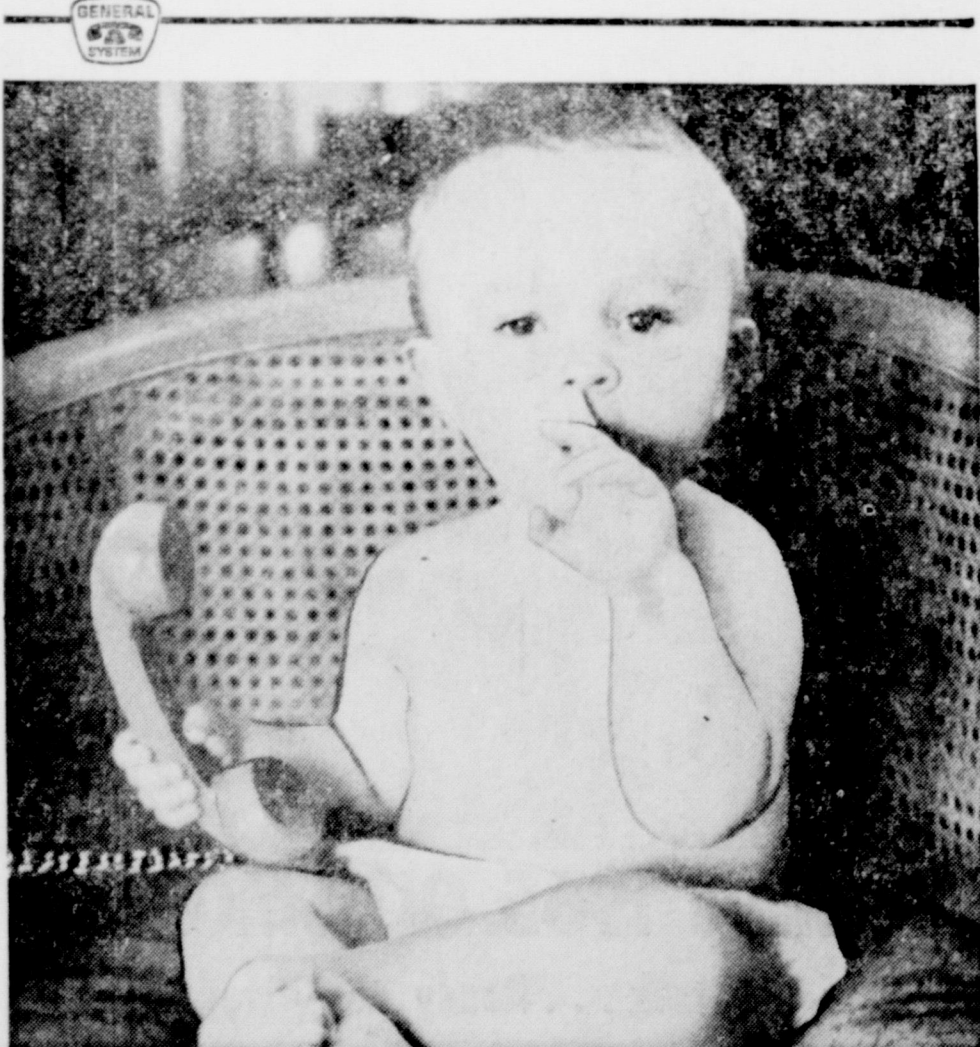

Mrs. David Stowe, Mrs. Fred Weaver, Mrs. L. G. Pierce and Mrs. Everett Johnston were guests.

Members attending were: Mrs. Biggs, Mrs. Garnett Bryan, Mrs. Cogburn, Mrs. Dave Corley, Mrs. Dansby, Mrs. Leonard Groves, Mrs. George Hargrove, Mrs. Robbie Key, Mrs. Bill Matthews, Mrs. McMaster, Mrs. Nebhut, Mrs. Francis Shiflett, Mrs. Lowell Webb and Mrs. Jerry Winder.

Mrs. Biggs was assisted in hostess duties by Mrs. Matthews, Mrs. Cogburn, Mrs. McMaster and Mrs. Nebhut.

Mrs. J. C. Houghton and daughter, Johnnie and Miss Leona White of Baytown visited here recently in the homes of a daughter and sons of Mrs. Houghton, Mrs. Bill Bickett, Jack and Gordon Houghton. They also visited in the Lubbock home of Weldon Houghton.

Mrs. Allie Reeves and Miss Lona Jackson were called to Brady Tuesday by the death Monday night of their sister, Mrs. Lonnie Peel.

"Sh-h-h! Don't wake the baby. I'm talking from the bedroom on an extension telephone."

Jack Sheridan donates books to local library

A substantial donation of books was made last week by Jack Sheridan to the Cochran County Library, on behalf of Friends of the Library, who are working toward increasing books as well as facilities.

In all there are 56 separate books all bearing a message on the flyleaf, "Present with respect to Mrs. Morton J. Smith."

Sheridan is fine arts and amusements editor for the Lubbock Avalanche-Journal.

Books donated from Sheridan's personal library and authors are: "Should You be Psychoanalyzed" Samuel Lowry, M.D.; "Business man in the Statehouse" Luther Hodges; "The Southern Case for School Segregation" James Kilpatrick; "The Q Document" James Roberts.

"On You it Looks Good" Margaret Lee; "The Cautious Assassin" Douglas Orgill; "Walkabout"

James Marshall; "Expertland" Robert Sommer; "Stained Glass Jungle" Greg Wilson; "Alone no Longer" Stanley Stein.

"The King's Men" Alan Boucher; "Flight of the Bat" Donald Gordon; "Boys are Funny People" Bill Adler; "The Big Man" Henry Taylor; "Fire on the Mountain" Edward Abbey.

"The Limbo Line" Victor Canning; "The Disinherited and the Law" Dagobert Runes; "Ozma County" Allan Bosworth; "Our Mother's House" Julian Gloag; "Mike Mars" Donald Wohlheim; "Feathers" Vera Back; "Duggan" Richard Dougherty.

"Captain Medwin" Ernest Lovell; "The Officer Factory" Hans Kirst; "Tiger on the Leash" Alvin Moscow; "Jailor, My Jailor" Marian Gavin; "Power" Fast; "Marooned" Martin Caidin; "The Garden" Yves Berger; "The Witch of Manga Reva" Gar-

land Roark; "Modern Psychiatry" Francis Braceland, M.D.; "The Lyndon Johnson Story" Booth Mooney; "The Messenger" Charles Wright.

"Suspended" Helen Nielsen; "Month of the Falling Leaves" "The Martyred" Richard Kim; "Vendetta for the Saint" Leslie Charteris; "Hospitality of the House" Doris Disney; "Taming the Nueces Strip" George Durham.

"The Saint in the Sun" Leslie Charteris; "Prairie View" George Woolfolk; "Indian Traders" Frank McNitt; "Yellow Villa" Suzanne Blanc; "Bloody Creek" Agnes May; "Frank Frish" Roy Stockton.

"A Private Anger" O. Roark; "Death of a Highbrow" Frank Swinnerton; "Buddwing" Evan

Hunter; "The Commissioner" Richard Dougherty; "The Bluff" Luis Haress; "Ready for the Day" "The Great Infidel" Joseph Deiss; "Erase my Name" James Donahue and "The Crime" Quartermaster James Nelson. In accepting the books, Hattie B. Spotts, librarian, said: "This is a wonderful addition to the library. I do wish we had more space, these are beautiful books and are worthy a shelf themselves."
