Graham takes $25 in football contest

Jerry Graham of Loraine is this week's winner in the RECORD's Jackpot Football Contest.

The competition was tough as Graham along with four others only missed five of the 23 games listed. But he won because his tie breaker score of Texas 31, Arkansas 10, was closest to the actual score of Texas 31, Arkansas 3.

Others who only missed five were Lynn Lee, Randy Griffith, Mrs. Earl Harris and Reval Phillips.

See how well you can predict the scores. Play Jackpot Football on one of the inside pages and see if you can pick up a cool $25.

Answerline

(Q) When does Daylight Savings Time change back to Central Standard Time?

(A) The time change takes place the last Sunday morning of October. This year October 30 is the day to set your clock back one hour. Recently, there has been talk in Washington about extending the Daylight Savings Time three additional months, but the legislature has not voted yet.

Law changes explained

Revisions to affect consolidation

By LUIS RIOS

A new change in the Creation, Consolidation and Abolition of school district law made by the Texas Legislature September 1983 could possibly affect the LISD-CISD consolidation move proposed by some citizens in Loraine.

"The way I understood it, it applies to the entire bill," Loraine School superintendent Glenn Sanders said.

The issue in question is Section 19.002 through 19.006 where two significant changes were made that may directly affect the consolidation effort.

Under the new law (House Bill 634) if the proposition for abolishment of a school district is voted against a similar election cannot be held for another three years. Under the old law an election could be held within a year.

However, the most important and decisive change in the new law came in Section 19.006 where the burden of the major decisions will have to be made by the Mitchell County Commissioners Court.

"If the school district is abolished, the county commissioners assign the old territory to the new district," Sanders said.

Sanders, said he met with some ex-Loraine students Saturday in a meeting, and he is scheduled to meet with the senior citizens group Wednesday. School board member Bruce will accompany him to the meeting.

Sanders said he met with the ex-students to try to explain to them that the Loraine school board members are elected to serve Loraine. He also added that since he has been with Loraine, the board members have always tried to represent the school.

"The reason I brought it up at the ex-student meeting was that I wanted to let them know what was going on," Sanders said. Sanders added he hoped to get feedback from the ex-students.

He also mentioned at the meeting that some of the information presented to the school board October 10 was not official or accurate.

Loraine School district member J. D. Clifton was misquoted in Tuesday's RECORD. The quote which read "We have to decide objectively rather than be sentimental about it," should have been attributed to board member Dean Oliver.

Sanders said he had met with Colorado City superintendent Charlie Uselton and CISD presi-

Bond forfeitures bring county funds

Mitchell County District Attorney collected $29,033 for the county after two bail bond companies from Abilene and Lubbock had to pay on bond fortfeitures.

The first case involved a bail bond company from Lubbock and the bond of $35,000 they set for Billy Wayne Williams, of Nolan County. Carroll sued the company and collected $19,033 of the total monies.

The other case involved a bail bond company from Abilene and a Mitchell County resident, John Rader. Rader failed to appear for a hearing and Carroll sued the company for $20,000 and collected $10,000 for Mitchell County and $10,000 for Nolan County.

Deer killing crime solved in county

On August 30, three eight-point bucks were killed and dumped in a creek four miles southeast of Colorado City.

Recently three local men were arrested and charged with the crime of killing deer during the closed season.

The men paid fines in excess of $450.

An anonymous phone call solved the case.

Logsdon appointed to replace vacancy left by husband

Louise Logsdon of Colorado City was appointed to the Mitchell County Commissioners court to fill the seat left vacant by the death of her husband and former commissioner Paul Logsdon.

The appointment was made by Mitchell County Judge Bill Carter Monday at 10:30 a.m. Mrs. Logsdon was one of 13 candidates that submitted their names for consideration to the commissioner's spot.

She will resume her duties effective immediately.

"I think I'm going to enjoy it," Mrs. Logsdon said. "I know the other people and commissioners."

Mrs. Logsdon, who has been retired for the past 12 years, said she would not be seeking re-election during the next term.

"I will not run for another term," she said, "I just want to fulfill his (Paul Logsdon's) time. He earned it.

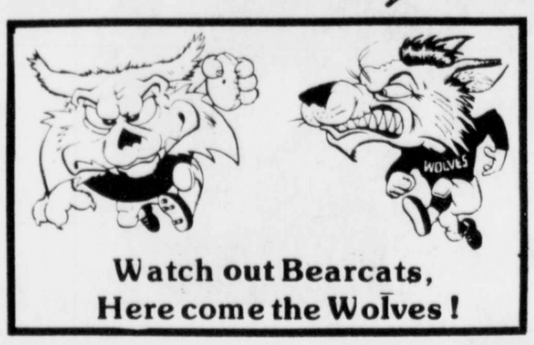

"I feel very honored they considered me. I think my deceased husband would be pleased they offered me his position."

Mrs. Logsdon, who was last employed by Colorado City Savings and Loan, has been a resident of Colorado City since 1960.

NEW COUNTY COMMISSIONER Louise Logsdon is sworn in by County Judge Bill Carter during a ceremony Monday. Present were Commissioner Paul Hunter, County Clerk Jo Ann Beach (center), and County Auditor Georgie Griffith.

Wolves, Bearcats tangle Friday

Watch out Bearcats, Here come the Wolves!

By STEVE BELVIN

When the Wolves take the field Friday night against the Ballinger Bearcats, it will be their biggest game since 1981 when the Pack played Breckenridge for the district title on the last game of the season.

Sure this contest won't definitely determine the district championship because both squads still have to play undefeated Crane, but opposing head coaches Tom Ramsey and Ballinger's Randy Allen both agree that whoever wins this game will be in the driver's seat for the district crown.

This match at Wolf Stadium will no doubt have a standing room only crowd and have the press boxes full of scouts and media.

It will feature two of the most versatile offenses in West Texas along with two of the top quarterbacks in Ballinger's Aaron Keesee and the Wolves Doug Chitsey, as well as two top receivers with wingback Matt Allen for the Bearcats and Wolves wide receiver Dennis Rivera.

Throw in Ballinger's running back Brent Brevard, and split end Kirk Francis along with the Wolves scatback Larry Hamilton and receivers Perry Conner and Don Randle and you have two high powered attacks that can score from anywhere on the field.

But with all the fire power that both teams possess, it could turn out to be a defensive struggle, however, Allen and Ramsey think that some points will be put on the board.

An interesting note about the Ballinger-C-City clash is that in the last four years, the most points scored by the winner has been 14. Last season both teams came into the contest with good offenses and Ballinger hung on for a 14-7 win.

Both coaches seem reluctant to think the game will be defense-dominated.

"Ballinger has a wide open offense. Keesee and Allen are two of the premier players in the district. They have a good running game, in fact I think they are better than last season," said Ramsey. "We have to try to keep Keesee from passing on us and prevent the big play on the ground."

On the other hand, C-City's offense also puts fear in Allen's heart. "I think they are the best team we have played. They have outstanding skill people in Chitsey, Hamilton, Rivera and Randle. Chitsey is the key with his ability to either run or pass on the outside Veer. To win, we must stop the big play, hold them to under 20 yards on the big play. We must make them drive the ball," Allen said.

But all this talk about offense, what about defense? Both squads are similar on defense, quick and aggressive. Aside from the Pack's Fred Dakan at 255 pounds, most of the players range in the 150-185 pound range.

"We are not big, so we have to swarm the ball," Allen explained. "Colorado City has us outsized and out strengthed in the line and that will be an advantage for them."

Linebacker David Eckert leads the Bearcat charge averaging 10 tackles per game.

The Wolves are coming off a sterling defensive performance against Ozona, where they limited the Lions to a field goal. Even though the Pack yielded over 300 yards, on defense they held when the time came.

Wolves Stats, Allen feature Page 5

"Ballinger's line is not as physical as other teams but they are so quick. We need to try to dominate the line of scrimmage," Ramsey said.

Both clubs can score points numerous ways. For Ballinger, Keesee is nearing the 1,000 yard passing mark completing 62 of 111 attempts for 945 yards.

He throws to a number of players, but Allen is his favorite with 23 receptions for 407 yards. Francis, Stephen Medrano, Brevard and Craig Templicek have combined for 37 catches and six touchdowns.

Ballinger will be without the services of running back Ken Fisher who is out for the season because of knee surgery. Junior Eddie Galvan will take his place.

Chitsey has already went over the 1,000 mark passing, completing 57 of 117 attempts. Rivera is the leading receiver in West Texas with 34 catches for 672 yards and four touchdowns.

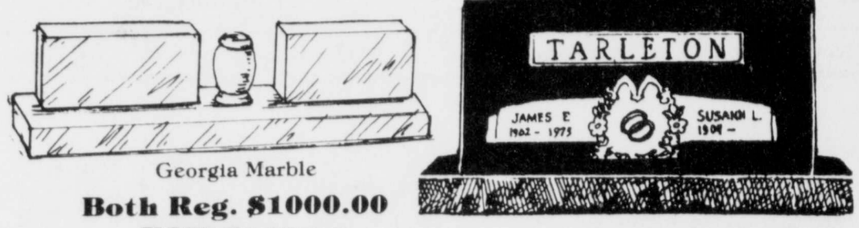

Randle has 14 catches for 314 yards and five touchdowns. Hamilton, with his 154 yard performance against Ozona, now has 721 yards.

So the stage is set, the chips are on the table for the big showdown. Two highly explosive offenses, two teams with 2-0 records and a possible playoff berth on the line.

It should be a barnburner!

dent Mac Morris Monday. During their meeting, Sanders said that they (Uselton and Morris) said it (consolidation issue) had never been brought up in a CISD meeting.

Under the new existing law the following sections had the changes: Sec. 19.002 PERMITTED FREQUENCY OF PROPOSED ACTIONS. (a) If at an election on a proposition under this chapter the majority of the votes are cast against the proposition, another election for the same purpose may not be held earlier than the corresponding uniform election date three years after the date of the first election. If a majority of the votes are cast in favor of the proposition, an election to reverse the effects of the first election may not be held earlier than the corresponding uniform election date three years after the date of the first election.

Sec. 19.004 ALLOCATION OF INDEBTEDNESS AND PERSONAL PROPERTY.

If under this chapter a school district assumes a portion of the indebtedness of another district, the commissioners court by order shall equitably allocate the indebtedness among the districts involved.

If territory from one district is annexed to another or if a district is abolished, the commissioners court shall also equitably allocate among the receiving districts a portion of the personal property of the annexed district of all the personal property of an abolished district.

If districts located in more than one county are involved, the commissioners courts of each county in which an involved school district is located must agree on the allocation of indebtedness and personal property.

SWCD to sponsor contest

The Mitchell Soil and Water Conservation District is sponsoring a Conservation Essay and Poster Contest according to Travis Turner, Secretary of the Board.

The poster contest is for boys and girls 12 years of age and under. The subject for the contest is "Resource Conservation." The individual may choose any phase of resource conservation that relates to the role of their local soil and water conservation district.

The Mitchell SWCD is concerned with erosion control practices, fish and wildlife management, and promoting the involvement of all citizens in conserving soil, water, and related resources. The District will select the top 3 posters. These will receive a trophy. The top three entries in each class will receive ribbon awards.

The subject of the conservation essay contest is "Soil and Water Conservation." This essay contest is open to boys and girls 18 years and younger. The winners will receive $20 for first, $15 for second and $10 for third.

Because this is an open contest, it will not jeopardize Texas Interscholastic League eligibility, stated Turner.

All entries must be mailed to Mitchell Soil and Water Conservation District, P.O. Box 910, Colorado City, Texas 79512 or delivered to the SCS office in the G-Kell building on the Snyder Highway by January 13, 1984.

If additional information is needed, contact one of the district directors or the Soil Conservation Service in the G-Kell building. The present directors are George Martin, Warren Anderson, D. M. Smith, Travis Turner and Jimmy Harrison.

The eighth grade volleyball squad closed out their season on a winning note Monday night versus Sweetwater.

The seventh grade teams fell to the Mustangs but the eighth grade "A" won their match to record their sixth win of the season against three defeats.

New class scheduled at WTC

A Field Production Equipment Seminar geared to oil field personnel will be offered by Western Texas College October 24-27. Classes will meet from 6:30-10 p.m. each night.

George Stewart will be instructor for the course. Fees will be $125 per person.

Stewart retired from C-E Natco after more than 38 years and now works as a consultant, directing seminars relating to production. His clients include Sun, Mobil, Chevron, Tenneco, Tretolite, Di-Chem, Kerr-Magee, C-E Natco and others. He gears his seminars to the specific needs of the sponsoring company upon request.

"The purpose of these seminars is to make the oil companies and the royalty owners money," Stewart said. "We help production personnel understand how to conserve gravity, prevent liquid hydrocarbons from being carried out the vent lines with the gas, how to conserve volume, have the proper witnessing of the tank and LACT runs with the pipeline, and develop proper maintenance and repair techniques. More knowledgeable production people can do a better job."

Stewart has published a manual on production techniques and this will be given to seminar participants along with other handouts.

Persons interested in additional information about the course at WTC are invited to contact Stewart at 915-573-6857 or the Continuing Education office at 915-573-8511. Persons wishing to enroll are to pre-register by calling the Continuing Education office.

Coach's dad a Wolf at heart

By STEVE BELVIN

A tale of two cities and two teams–that's the dilemma of Abilene's Roy Allen.

The two towns are Colorado City and Ballinger. The two teams, the Wolves and Bearcats will square off against each other this Friday night in a game which could possibly decide the district 6-3A championship.

You see, Allen, whose son Randy Allen coaches the Bearcats, started on C-City's last football finalist championship team.

So the story behind the story is that "Horsefly" as he was called back in his football days will be returning to his old stomping grounds while Randy will be returning to the place where he was born to hopefully coach Ballinger to their biggest win of the 1983 season.

All the glamour and excitement surrounding the upcoming clash is nothing new to the elder Allen as he experienced it all on Colorado City's 1940 Regional Championship team.

During that time, the Wolves were a class A team and regionals were as far as a team could go. Only the class AA teams played for a state championship, so realistically the Wolves went as far as they could go.

Roy recalls the days, "I had transferred to Colorado City from China Grove, but I played football at Dunn. Our coach that year was John L. Dribell and he introduced us to the Notre Dame Shift," said Allen.

The Wolves were the only team to use the offense which consisted of a quarterback, fullback and two halfbacks. Allen manned the fullback position.

It was basically a straight T formation with the backs shifting before the ball was snapped, Allen said. The halfbacks Billy Wade or Johnny Grubbs would fake or give the ball to the fullback or they had the option of throwing the ball. The quarterback was Jack McCorkle and he was used as a blocking back.

The offense was unique because of its options. It gave opposing defenses problems Allen said.

The Wolves offense wasn't that awesome. In fact, they averaged about 145 pounds per man, but the backfield was loaded with speed with Allen being the swiftest.

Local resident Bob Motley who was a freshman that year, remembers the days. "Back then they call what they now call the JV's the Jackrabbits, and I played on that team. The 1940 team was big and fast.

"We had to scrimmage them about two times a week. They were a good team. That caliber of team comes along once in a lifetime," Motley said.

The 1940 squad started strong defeating non conference opponent Stanton 44-0 in the season opener. They then shut out Loraine 27-0, and lost their only game of the season 6-0 to non-conference foe Monahans.

They then proceeded to destroy conference opponent Roby 42-0 as Allen scored on a 70 yard pass from Grubbs. The next week Colorado City upset Merkel 13-0 as Grubbs passed for 208 yards and Allen added a 65 yard scoring run.

The next week Allen ran wild in C-City's 53-0 romp over Roscoe scoring five touchdowns, which set up the conference championship versus highly regarded Rotan.

Trailing 12-0 at halftime, the Wolves fought back to take a 13-12 victory when Grubbs fired a last quarter pass to Wade.

Local resident and Allen's cousin, Bo Merket remembers the game. "I was young at the time but I remember the last second touchdown and Johnny Grubbs kicking the extra point to win the game. Roy used to play on the clay at Dunn. I remember Horsefly getting knocked out in a few games," chuckled Merket.

After defeating Rotan for the conference championship, the Wolves geared for post-season play. They travelled to Brownfield to take on the Brownfield Cubs in front of 1,500 people.

Trailing 3-0 at the half, the Wolves rallied to take an 18-3 victory. This set up the regional championship game versus favored Wink.

The game was played in Midland in blowing snow and 28 degree temperatures. The Wolves won the contest by scoring twice in the second quarter to win 14-8, ending a highly successful 9-1 season.

The younger Allen has not yet found the thrill of coaching a state championship team in his three years at Ballinger, but he says dad tells him a few stories about the past.

"I guess I would have to say my biggest thrill in my coaching career came last year when we won the district championship," said Randy.

Soon after Randy was born, Roy and wife Codie moved to Abilene, where they have lived since 1950. Randy and younger brother Mark played for Cooper. Randy was a star halfback and went on to play football and baseball for Southern Methodist University. Mark played football at Texas Tech.

What was the highlight of Randy's football career? "Although we lost 20-19 to Austin Reagan in the state finals in 1967, I would have to say the highlight was defeating Odessa Permian 28-21 in my junior year (1966)."

Do Mom and Pa Allen keep up with Randy's coaching career? You bet they do. "They are two of our biggest fans," said Randy. "We make just about every game. They don't play without us," said the elder Allen.

Randy says he and his dad haven't talked too much about the upcoming game. "Dad has told me that the people in Colroado City are proud of their team, and they like to win," said Randy.

"Colorado City has a good team. I have a lot of thoughts and friends down here," said Roy. "It should be a good game."

Next comes the million dollar question, who will he root for? "Well," said Horsefly, "I have been pulling for Ballinger and will continue to pull for them, but my heart is with Colorado City."

And no matter what the outcome of the game, Roy Allen will still leave Wolf Stadium a winner, just like he left it 43 years ago.

Roy and Randy Allen

Four quit Loraine Bulldog squad

By STEVE BELVIN

The Loraine Bulldogs have fallen upon even harder times with three senior footballers quitting the squad.

This drops the number of players, 15 presently on the team, as head coach B. D. Trice and assistant Jack Petty continue to have the "coaches woes."

The players who gave no reason for leaving the squad are senior quarterback James Griffin, tackle Ricky Banks, guard Jerry Munoz and junior guard Lupe Rodriquez, according to Trice.

But despite the losses, Trice says his team is in high spirits for their upcoming encounter with the Roby Lions.

"I think this will bring the players closer together. Our leadership is much better, said the Loraine mentor. "Now some kids who haven't been getting to play will see more action and they are excited. "This is the best spirit I have seen the team in since I have been here," Trice summed up.

Coming off a 43-0 homecoming loss to Klondike, the Bulldogs will insert Ruben Garcia at the quarterback position. Garcia who played some quarterback last game was the leading Bulldog rusher with 72 yards on 10 carries. "Ruben is more of an accurate passer but he can't throw as deep as James (Griffin)," said Trice.

The Bulldogs will be helped by the return of Aundra Rose to the line up at receiver and defensive back after suffering a broken bone in his arm.

Linemen Jesse Castro and Charles McPeters will be getting starts in Friday night's encounter.

In Roby, the Bulldogs will face one of the fastest and quickest teams all year.

Roby coach Howard McDaniel and his troops bring a 2-5 season record and 0-2 district slate into the game.

McDaniel says that their losses of 12-0 and 23-8 to Klondike and Sands are not indicitive of the way his squad has played.

"We have been having trouble getting the ball into the endzone. We have been moving the ball. Against Sands, we had three touchdowns called back and against Klondike, we were inside the 20 four times and didn't score."

McDaniel says with the exception of Roscoe, he feels that his squad is as good as anyone in the district. "We aren't giving up. We feel that we still have an outside chance to get into the playoffs."

Leading the Lions Wing-T formation is senior quarterback John Ethridge, 5-10, 145 who is a good thrower and runner. The rushing yardage is evenly balanced between Steve Rivas, 400 yards, Lance Green 362 and Joe Carreon 321 yards.

The "big play man" for the Lions is flanker Frankie Gonzales who had 180 yards total offense against Sands.

The Lions speed worries Trice. "They are so quick, we have to stop the sweeps and quarterback keeper."

McDaniel says that defensively his team's strong point is the secondary lead by Green at safety. He has picked off five of the squads nine interceptions.

"I am sure our secondary will get a test. We haven't been playing many teams that pass. We must have good pressure," McDaniel said.

On the other hand, Trice says the Bulldogs will try to establish a running game, something they haven't been doing lately. "We'll have to move the ball on the ground and make a few first downs," said Trice.

Opti-Ms to sponsor skating party

On Saturday, October 29 the Opti-Ms. Club will be sponsoring a Halloween Skating party from 6:30 to 8 p.m. at the Wallace Center Gym.

There is no age limit but the judging of costumes will be for only kindergarten thru sixth grade.

Prizes will be awarded for most original boy and girl. Also the scariest costume and prettiest costume will be awarded. There will be first and second place winners in each category.

Gift certificates will be given to the winners.

Skate rental will be limited so children are asked to furnish their own.

Admission is 50 cents per person and refreshments will be served.

Baird hosts Loraine Game Club

Mrs. Ida Baird was hostess for the regular meeting of the Loraine Game Club Tuesday night, October 11th.

Four tables of 42 were played and refreshments of ice cream, coconut cake, candies and nuts were served.

Those playing were Messrs. and Mmes. Floyd Coffee, C. A. Matejowsky, Willie Taylor, J. M. Templeton, Leonard Coldewey, Roy Wells, Doyle Hester, Mrs. Annie Coldewey, Dorothy Johnson and Syble Walker.

Class of 32 holds reunion

The class of 1932 met for Homecoming this year for the first time since they graduated from LHS fifty-one years ago. They each brought mementos from their school days.

These included memory books, pictures, newspaper clippings, gifts from teachers, etc. One member brought a picture of the first, second and third grades made in 1921.

It was made in front of the little white school house that set in the Northeast corner of the school campus. The building later became the school's first cafeteria. Wilma Lee Hudgins brought a quilt that was given to her for graduation by her aunt, the late Mrs. Jim Lee. It had the name of each member of the class embroidered in each block. It was great fun going back over school days.

From the first grade to graduation we lost a few and gained a few. Of the twenty-one who graduated in our class, eight members started in the first grade together. Eight of the class are now deceased.

Those present for the reunion were Ida Prescott Chitsey, Rowena Richburg Cameron, Hilda Ohlenbusch Etheredge, Ruth Hock McPerson, Annie Bell Hall Jones, Wilma Lee Hudgins, Lois Lucas Phillips and Glenn Thomas.

The reunion was so great plans were made to meet again next year.

We must thank Superintendent Glenn Sanders, the Student Council, the cheerleaders and the lunch room ladies for a lovely day. We also enjoyed the program brought by the class of '53. Our thanks also go to Ronnie and Debbie Blair for their work in making this Homecoming a great success.

Mearse hosts Ruth Sunday School class meeting

Mrs. Homer Mearse was hostess for the regular business and social meeting of the Ruth Class of First Baptist church of Loraine on Thursday, October 13 at 2:30 p.m.

The meeting opened with group singing the class song, "I Love Thee" and prayer by Mrs. Lois Hobbs.

Mrs. Hobbs gave the devotional on "The Garage Sale" paralling it with scriptures.

Secretary, Mrs. Mearse read minutes of the last meeting and Mrs. Charlie Harris gave report of the treasurer.

Each one signed cards for two friends who were in the hospital.

Mrs. Nannie Hallmark directed a quiz game for the recreation period and the hostess served apple cake topped with whipped cream, nuts, coffee and punch.

The meeting closed with singing "Blest Be The Tie That Binds."

Those present were Mmes. Frances Porter, Lois Hobbs, Charlie Harris, Clara Butler, Nannie Hallmark, Ida Baird, one visitor, Mrs. Ruth Blair and the hostess.

Friendship class holds meeting

Mrs. Shep Compton was hostess when the "Friendship" Class of First Baptist Church Loraine met for their regular business and social last Monday night.

Mrs. Compton used for her devotional a variety of clippings and topics.

In the business, officers for the new year were elected as follows: President, Shirley Clifton; Teacher, Doris Mae Henderson; Secretary, Bettye Hackfeld and Treasurer, Doris Graham.

Refreshments were served to Mmes. Betty Hackfeld, Susie Morris, Doris Henderson, Willadean Forbus, Louise Taylor, Shirley Clifton, Dorothy Finley, Wanza Graham and Nina Meadows.

Save energy with a heat pump.

If you're planning to install a new heating or cooling system, consider a high-efficiency heat pump. It's an energy-saving, year-round alternative.

The heat pump provides year-round heating and cooling, using only electricity. During the winter, it extracts heat from the outside air (even very cold air contains heat) and brings that heat inside where it's needed. In the summer, the heat pump is a regular air conditioner, removing unwanted heat from the inside air.

The heat pump is the most efficient combination heating and cooling system that can be installed in your home today.

To learn more about the heat pump, call your air conditioning contractor. And when you call, ask about the year-round heat pump that qualifies for a bonus check from Texas Electric.

To The Citizens Of Loraine Independent School District

To clarify our position and to stop further spread of misinformation and distortions our "Position Paper" which we presented to the LISD School Board on October 10, 1983 is printed below in its entirety. Please note that:

1. We also want the children of our district to have the best possible education. CISD's curriculum is broader and offers more training in vocational skills.

2. We respectfully requested that the LISD Board investigate the possibility and feasability of seeking consolidation with CISD. We did not issue any "ultimatum" or "time limit".

3. CISD could use our present school facilities for grades K through 5. This would keep the youngest children in Loraine school facility and thus avoid over crowding CISD's Elementary Schools. This would not be abandoning our Loraine facilities.

4. Nowhere did the paper say we had any "official" information. We did talk to two CISD school officials, who gave us their opinions. We asked the LISD Board to obtain the official information and make a responsible decision.

5. The last paragraph says in part, our next step, in case of unfavorable decision, will be to obtain a petition.....This means that if the board rejects the request to investigate, or fails to act, the voters should have a chance to voice their opinion as to the possibility and feasability of consolidation. If the majority of voters approve, the board will have a mandate to go forward with the request. If they reject it, the matter will be dropped.

6. It is our considered opinion that is we do not consolidate with CISD now, that within the near future economic reality will force this school district to be dissolved and then it may be on someone else' terms which none of us would like, or under changed legislative rules.

CONCERNED CITIZENS COMMITTEE — LISD

POSITION PAPER

We are part of a group of citizens who have become increasingly concerned with the heavy tax burden, especially the escalating school taxes in the Loraine School District. The high tax rate has been brought about by a set of unfortunate circumstances over which nobody had much control. We also want the children of our district to have the best possible education.

The trouble is that we are faced with the double barreled problems of increasing cost and progressively narrowing tax base. This has resulted in a greater and greater tax burden borne by fewer and fewer taxpayers.

As a group of citizens concerned about the school district problems, we decided a short while ago, to take a good look at the outlook for the future and whether any other options might be available to help alleviate or minimize the problems.

When we looked at the future, prospects did not look good. Expenses: The cost of operating the school district cannot be reduced-Glenn Sanders has already told us the budget is "Bare Bones". Teachers pay raise: Governor White has promised Texas teachers a raise, which they probably deserve. They have asked for 24% raise. 20% of the raise must be borne by the local school district. This alone could add $21,000 or more to be raised by more taxes.

Broadening the tax base does not brighten the picture with positive outlook. We have only about a $21 million tax base, which is not likely to improve significantly. Our farmers are struggling. Since farmland values are based upon productive value, the crop failures of the last two years will reduce the tax base even further. Prospects for obtaining industry for our area are dim. Oil production is doubtful. In spite of our best hopes, not one of the wells drilled in our district have producted oil. Proposition zero has not been passed by the Texas Legislature which does not meet again in regular session until 1985. Even then, chances of passing it are not clear. Labor unions and liberal elements oppose it. Some legislatures say they think it has no chance of passing, and as more and more of our Loraine citizens reach age 65, the tax base will be diminished even more.

To summarize, when we look at future projections, we think the chances of significant raises in the tax rate are very real and prospects for increasing our tax base are poor.

Options: When we searched for other options we kept coming back to the only viable option we could find - consolidation with the Colorado City School District. We talked with some of their school officials. They have looked at the situation at some length and have come up with these possibilities. There are a lot of factors involved, so until further studies are done, there are a lot of if's.

They feel these things are possible: Loraine could be consolidated with the Colorado City District without any major changes being required in the physical facilities. They could use our present school facilities for grade K to 5. The opinion has been expressed that the consolidation would have little effect on their present tax rate, which is 75¢ per $100 evaluation. It if possible that the increased enrollment would enable them to broaden their curriculum, especially in the vocation skills.

Concerning our bond indebtness, several possibilities exist. First, the state may be able to work out a grant to eliminate it, if we can qualify for it and work out the details. Second, the Colorado City School District might take it over and pay it off with surplus funds. Third, if no relief can be obtained, we may have to retain the indebtness and that amount we are paying now to retire the indebtness would be continued and added to the new rate effective after consolidation for the remainder of time required to retire the indebtness.

After considering all of this, our conclusion is that the best possible solution for our school district, for our children, and for our tax payers is to consolidate. This could result in up to 45% reduction in our tax rate, and provide a broader curriculum for our students.

We, therefore, respectfully request that this board investigate the possibilty and feasability of seeking consolidation with the Colorado City School District.

We further request that you give us an answer within a reasonable length of time. Our next step, in case of unfavorable decision, will be to obtain a petition containing at least 10% of the registered voters and seek to initiate a referendum to vote on the question.

Root Valley Fair Lodge

By PAM JARNAGIN

The plans for our Halloween carnival are well underway. The decorations are going up and we are gathering great prizes four our Bingo game and fish pond.

Cakes that will melt in your mouth are promised for our cakewalk. Games of skill such as darts and bobbing for apples will not only pay with prizes but with incredible fun too.

It will be an old-time Halloween celebration and everyone is invited. The carnival will be on Friday, October 28 from 6:30 to 8:30 p.m.

We want to welcome a new resident to Root Valley Fair Lodge. She is Mrs. Lillian Downing. Her bright and cheerful face is a pleasure to all.

She had a great reason to smile last week because her granddaughter was chosen one of four out of one hudnred to entertain for sixteen weeks on a cruise ship.

Last week was Fire Prevention Week. The Volunteer Fire Department brought the new fire truck for us to see. Mr. Schaffer talked to us about fire prevention and we would like to thank the Fire Department for coming.

Our October birthday party was held last week and Mr. Hubert Saling, Mrs. Willie Johnson and Mrs. Hazel Jordon were our honorees.

How many of us remember that October is the month that one of our great presidents was born and that was Theodore Roosevelt. He is one president that our residents will never forget. President Roosevelt accomplished many great deeds but his daughter Alice was a challenge. He is remembered as saying "I can control Alice, or I can run the country but I can't do both."

Heredia, Womack selected as band students of the month

Barbara Heredia

Richy Womack

Two Colorado City High School juniors were selected as the band students for September by CHS band director Bill Shipp.

Barbara Heredia, daughter of Mr. and Mrs. Henry Heredia, Jr., and Richy Womack, son of Mr. and Mrs. Kent Womack, received the honor the first month it was presented.

Barbara said she had been in the band since the 7th grade. She plays the French horn. She said she was surprised when she was told she had won.

"I did not even know," Barbara said. "The first time I heard about it was when Mrs. Swank told me."

Barbara, 17, is also a member of the Science Club and Wolverines. She is also the editor for the student newspaper, The Howl, president of the Spanish Club and is actively involved in the Student council.

"I like music," Barbara said. "It's fun and I get to meet a lot of people."

The other September winner, Richy Womack, said he was happy about the honor.

"I feel honored," Richy said. "I thought there were more people in band that were more spirited. And with the seniors in band I'm glad I was chosen."

Richy, 16, is a member of the Science Club and said he would like to major in Computer Science in college.

"That's what I am thinking about (CS)," he said.

Richy also praised band director Bill Shipp for the outstanding job he had done with the band.

"He has done a real good job," Richy said. "He has shaped the band up this year."

One hundred-fifty attend Loraine ex's luncheon

One hundred-fifty were registered for the Loraine High School Homecoming Saturday, October 15. The meal was served at noon in the school cafeteria and the program and business at 1 p.m.

Ronnie Blair, president, presided and Debbie Blair secretary read minutes.

Hal Haralson gave the Invocation and cheerleaders and student council members were recognized by Blair, for their work and cheerleaders led in the school song. School board members, J. D. Clifton and Ronald Bruce were recognized.

Golda Richey Redwine accompanied as Glenda Richard Pruitt, class of '61 and Donald Richard, class of '53 sang several favorite songs. Their parents were recognized.

Ronnie introduced the class of '53 and Hal Haralson, spokesman for the class had each to tell what had happned in their lives since their graduation in 1953. Out of the 23 members 13 were present. The 13 had started school in the red brick building and because they wanted to be different and not do all the traditional things done before them, they were the first class to use white caps and gowns. Also instead of the regular cap and gown ceremony they chose to present a play.

Two members of the class, Bob Price and Eugene McGee are deceased. A moment of silence was in their memory.

Hal then gave a talk on his life and shared the story of his illness and the way back to health.

Clara Butler was graduate of the earliest graduation class, that of 1912. The class of 1953 had the most members present and Debbie Blair, class of '69 was from the most recent graduation class that was present. Jim Hall, class of 1955 from Huntsville, Alabama, travelled the fartherest distance.

Superintendent Sanders talked briefly about talks of the school consolidation.

During the business, Joe Ed Coldewey was elected president for the new year and Dixie Templeton Smith, secretary.

J. D. Clifton gave the benediction.

Camp Boothe Oaks fall sessions slated

Camp Boothe Oaks in Sweetwater will soon be buzzing with activity as Juniors from the West Texas Girl Scout Council invade the area for Junior Event. The Junior Event is held annually, twice in the fall and twice in the spring. The fall sessions are slated for October 21-23 and October 28-30.

The purpose of the Junior Event is for troops to have an opportunity to camp overnight as well as participate in a structured badge workshop. All girls will earn the Troop Camper badge which places emphasis on outdoor skills development.

Each Junior attending will have a choice for the second badge she wishes to earn. Folk Arts, Girl Scouting Everywhere and Foot Traveler are the options she may select from. In addition, a specially designed Junior Event patch will be given to each girl.

Serving as directors for the events will be Mrs. Kay Shiflett, Snyder and Mrs. Doris Ann Terry, Sweetwater. They will be assisted by badge consultants and aides. Both Mrs. Shiflett and Mrs. Terry serve on the Program Services Committee of the West Texas Girl Scout Council.

An event such as this allows girls to develop outdoor skills, increase their awareness of nature and share with other girls her age.

Any troop interested in registering for the Junior Event should contact the West Texas Girl Scout Council, P.O. Box 5586, Abilene, Texas 79608, 915-698-1738.

The West Texas Girl Scout Council is a participating agency of United Way.

Sanfords return from Hawaiian vacation

Mr. and Mrs. Frank Sanford, former Loraine residents who now live in Colorado City, and their oldest daughter, Mrs. Jim Childress have returned after spending seven days in the beautiful Hawaiian Islands.

The trip was a gift from their children for their 50th wedding anniversary.

They spent three days in Honolulu, flew from there to the beautiful Maui Valley Isle, rented a car there and drove through pineapple and sugar cane fields, saw pineapples being harvested and were given big ripe ones.

They attended one of Don Ho's shows, which seems to be the biggest thing going in Hawaii.

They enjoyed the food. Pineapple or pineappe juice was served at most meals. They enjoyed the beaches and swimming, and all the usual sights to be seen there.

A great and never to be forgotten trip they stated.

If you can't stop-smile as you go by..

Barclay presides at Self Culture Club

Lil Brown was host to the Self Culture Club, October 7. Eddie Barclay presided. Ida Keith led the prayer and pledge of allegiance.

Rita Latimer was a guest speaker. She came from Cuba in 1962 at the age of 14; entered school not knowing the English language.

Castro confiscated all that her parents owned. Because they were educators and her father a lawyer, Castro knew they would have great influence against a communist government, they were asked to leave the country.

Her sister's children were taken from the home and put in a school chosen by the Castro regime. She stayed in the country, because she could not bring her children.

Those present were Eddie Barclay, Elizabeth Elliott, Della Fox, Ida Keith, Betty Oyler, Dona Reed, Jewel Tiller, Linnie Williams, Pearl Watson, the guest speaker, Rita Latimer and the hostess, Lil Brown.
