Piland, Richards Will Not Seek Re-Election

The City Council of Colorado City Monday night set April 2 as the date for the annual city council election with three council members to be elected.

Deadline for filing for election to the council is March 2.

Eddie Piland and Lloyd (Pint) Richards have told the Record that they will not seek re-election to the posts they now hold. The third position up for election is held by Finis (Buck) May who told the Record he will make an announcement soon on his intentions.

The election will be held in City Hall with R. B. Baker as election judge.

As of yet, no one has filed to seek positions on the council and there seems to be limited interest which is slightly different from last year when nine candidates were seeking four posts on the council.

Who gets elected to the council will drastically effect the balance of power on the council. For the past year, there have been two factions on the council with a number of split votes.

Two Wildcats Staked Here

Two wildcats have been staked in Mitchell and two in Sterling counties, the Sterling County wildcat only a few miles from the southern boundary of Mitchell County.

Majestic Petroleum Corp., Dallas, will drill two wildcats to 3,500 feet and outposts to the Westbrook pool at 5,500 feet in Mitchell County, 1 1/2 miles north of Westbrook.

The projects are No. 2-A Dorn, 973 feet from south and 2,173 feet from east lines of section 36, block 28, T-1-N, T&P survey, five-eighths of a mile southeast of production in the Westbrook pool, and No. 3-A Dorn, 2,173 feet from south and east lines of section 36, half a mile east of production.

STERLING - Deeper of two Sterling County wildcats has been staked by Capataz Corp., Midland, as No. 1-54, block 17, SP survey, an 8,200-foot Ellenburger operation 15 miles north-northwest of Sterling City and 1 5/8 miles north of the Triple C Ellenburger pool, but separated from it by an 8,150-foot dry hole.

Ray A. Albaugh, Midland, will deepen to 5,300 feet as a northern Steling County wildcat his No. 5 Keeney, 3,312 feet from north and 3,407 feet from west lines of section 40, block 18, SP survey, a previously scheduled 5,100-foot Wolfcamp wildcat 18 miles north of Sterling City, four miles northwest of the Rose Creek 5,050-foot Wolfcamp pool and in the same section with four other 5,100-foot wildcats staked by the same operator last Nov. 2.

I-27 Public Hearings Set

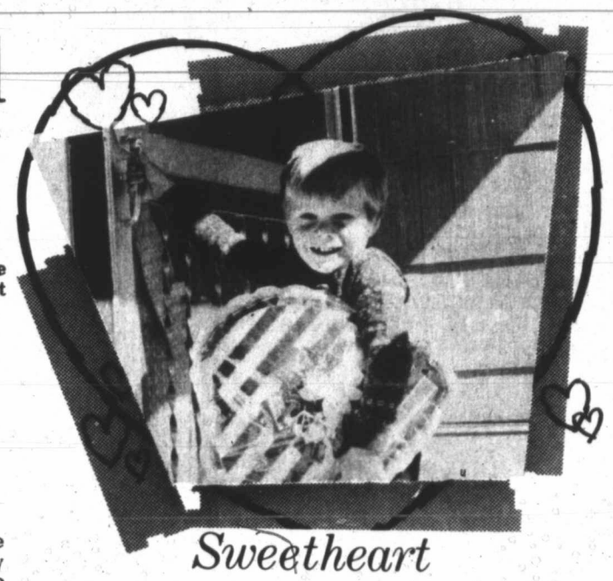

Three public meetings have been set on the extension of Interstate 20.

The meetings will be conducted by the Texas Highway Department in three locations:

--Scurry County Coliseum in Snyder on March 18 at 7 p.m.;
--Howard County College Auditorium at Big Spring on March 20 at 7 p.m.;
--Abilene Civic Center in Abilene March 22 at 7 p.m.

The purpose of the public hearings will be to gain general knowledge and information to be used in a need and feasibility study for extending Interstate Highway 27 from Lubbock in a southerly direction to intersect with Interstate Highway 20 and Interstate 10.

Highway department spokesmen invited all interested individuals and groups to be present at the meetings and to be prepared to express opinions and submit pertinent data and information, both oral and written, that could have a bearing on the feasibility study.

Kelly Maytubby, 3 (nearly 4) year old son of Mr. and Mrs. Nial Maytubby of 974 E. 16th, is taking a box of Valentine candy to his mother. Kelly has a little baby sister named Lisa Dyan. Maytubby is an engineering technician with Sun Oil.

Jones Is Chairman

J. Lee Jones Jr. was elected as chairman of the museum board of directors to take the spot left vacant by Ralph Lee's recent resignation.

Other members of the board are D. M. Merritt, vice chairman; Jody Neff, Bob Ratliff, Mrs. R. P. Ainsworth, Peggy Bagwell, Louis Elliott, Bob Fee, Will Berry, Ray Anne Carlock, Mrs. Charles Thompson and Lois Burns.

Extension Courses To Be Offered Here

Beginning with the fall semester, Western Texas College at Snyder will offer night extension courses for college credit and taught here in Colorado City at the high school.

The plan was presented to the Colorado City school board Monday night by Dr. Bob Clinton, president of Western Texas College and the board and administrative staff of the college.

Clinton reported that the Region Seven Council, which governs the junior college, has already approved the plan.

He also reported that 92 students from Colorado City were registered in classes at the college for the fall semester, 1973 and 65 are registered for the spring semester now.

The proposal was approved by the local school board and now must be approved by the college co-ordinating board, possibly in March or April.

Clinton explained that the college is expanding its facilities as a community college and Mitchell County is the logical extension, since so many students already attend classes by commuting. Some of the students who are attending classes in Snyder had suggested that extension couses be offered here so that they wouldn't have to drive so far, consumption of gasoline could be cut and students who hold jobs in the daytime could still attend classes at night for college credit.

Joint Meeting Held

City, County Discuss School Co-operation

The city of Colorado City was host for a luncheon for school board members and county commissioners at Villa Restaurant Tuesday.

The purpose of the get-together was for the city, county and school officials to discuss ways they can co-operate in the building of the new high school.

Representatives of Riherd and Huckabee of Andrews, the architectural firm in charge of plans for the new school, went over the planned building site with city and county officials and explainsed what would be needed.

The buildings will be located on property between 17th and 10th Streets. A street will be necessary to connect 10th and 17th, to run in front of the school buildings, which will face east.

Water and sewer connections must be made, as well as electrical and gas connections. Huckabee said that Texas Electric and Lone Star Gas companies have agreed to make the hookups from 17th Street. He suggested that sewer and water lines from 10th would be the logical extension to the new buildings, as drainage is toward the southeast.

Some earth moving will be necessary on the site, as the buildings all have the same elevation and the site drainage would have to be altered to accommodate the slope.

Flu Closes Loraine Schools

Absences at Loraine schools have reached to almost 17 per cent and school will be dismissed for Thursday and Friday.

Teachers will meet for in-service training but students will have the two days off to recuperate from the flu which has hit the population, causing the absences.

Colorado City shcools have not been experiencing any absences higher than normal until the past two days, said Supt. Lloyd McKee. An average of 4 or 5 per cent absent is normal, but Tuesday the percentage reached 13.9 as 219 students missed school. Wednesday the count was down to 206, 13.15 per cent. McKee said that if the absences reached to 20 per cent, then shcool would probably be dismissed for a few days.

Westbrook schools had higher than normal attendance Wednesday, said Supt. L. M. Dawson. He said that about 8 per cent is normal but Wednesday the count was a little less than 5 per cent.

Civic Center Bids Delayed

Taking of bids for the civic center for the City of Colorado City has again been delayed, this time due to a technicality.

The city's bond attorney told city officials that the means by which the center will be financed must be included in seeking bids and the city did not do this when it sought bids to be opened Feb. 11.

Bids must now be sought again and it will take about three weeks before the council can meet in special session to open the bids.

It has been almost a year now since the council pledge to the Colorado City Industrial Team that the city would build within one year a new civic center to replace the one that was sold for the expansion of a local industry.

Since that time, members of the council have been engaged in a great number of debates on a number of items, including the type building to be used, whether or not to provide space for the Chamber of Commerce and other differences.

The council also accepted bids totaling $3,878 for the paving of Walnut between 17th and 21st with the paving to get underway soon. The council rejected by a 4-3 vote a proposal from Huron Dorn that penalty and interest be waived on his unpaid taxes for the past few years. Dorn and others have protested paying city taxes because they are not receiving city services.

Three members of the council voted against rejecting Dorn's proposal as they wanted to learn more about the situation before taking a vote. The vote was a 3-3 tie which was broken by Mayor C. C. (Mike) Burt who voted to turn down the proposal.

The council also heard reports from City Manager J. A. Sadler Jr., that the city has received $3,542.17 from Frontier TV Cable and $169.62 from Colorado City Flying Service, which are gross receipts for use by the cable company of city streets and alleys for cable lines and by the flying service use of the city's airport.

The council also approved a trip to Dallas by Sadler to reinvest some $88,000. The money is now in bonds that are maturing.

The council appointed D. M. Merritt, Wayne Griffin, Sefton Pickens, R. B. Baker and Luke Thomas to indefinite terms on the city housing authority board.

The council also declared by resolution that the week of Feb. 17-23 will be VFW (Veterans of Foreign Wars) week in Colorado City.

The council also set up a schedule to work on the city's budget for the coming year. Work sessions will be held after the next two council sessions.

Other players from Colorado City were Sharon Prince, Pat Light, Cheryl Sayger, Karen Thomas, Sharon Coldewey, Beverly Fuller and Charlotte Goodlett.

The next tennis match will be held at the Colorado City tennis courts Saturday morning, Feb. 16 against Lamesa. Play starts about 10 a.m.

Opportunity For The Handicapped

There are quite a number of persons in Colorado City who need services that are not available locally. Mentally retarded individulas and the physically handicapped have been ignored for many years. It's not that people do not care, but that existing programs and activities have not been available for these persons.

Now Colorado City has an opportunity as a community to do something about this problem. The Abilene State School has an outreach program that provides funds for communities to develop day care centers for mentally retarded adults and younger children.

James Crew and Rollins of the State School will be here tonight at 7:00 p.m. in the high school cafeteria to speak to anyone who may either have such needs or to persons interested in making Colorado City a better community for all individuals regardless of position in life.

All community leaders and parents that may have children that are retarded or physically handicapped and parents who may have a child in State Schools are especially asked to attend.

The Thinking Of A Three Year Old

How can parents argue with their three-year-old if the three-year-old is as smart as the child that listens to the radio every day.

The three-year-old is like a broken record when it comes to begging for a pair of boots. The parents had pretty good success ignoring the child until an ad was heard over KVMC radio of Colorado City.

The ad came loud and clear, "Cowan's Shoe Store has Semi-annual sale. On Sale-all little girl's knee boots, 1/2 price."

The three-year-old couldn't wait as she came running in with the good news that finally did the trick.

"See there, mom! Even the radio says that all little girls need boots!" It is plain to see that the little girl had won her case.

Clarke, Majors Wed In Fort Worth Ceremony Saturday

Miss Christine Ann Clarke became the bride of Samuel Lee Majors III Saturday evening in the University Christian Church in Fort Worth.

Dr. Wilbur Jr. Mindel of Odessa, recently retired minister of the First Christian Church, officiated in the 8 p.m. ceremony.

The bride is the daughter of Mr. and Mrs. William L. Clarke of Fort Worth and the groom is the son of Mr. and Mrs. San L. Majors Jr. of Odessa, formerly of Colorado City.

The altar was flanked with two pair of 15 branched gold arched candelabras holding crystal votive cups, entwined with arrangement of white gladioli and greenery. Standing floor palms surrounded the candelabra and altar rails were marked with hurricane candelabra, draped with loops of similax. The altar table was centered with a memory candle and large arrangements of greenery flanked by tapers.

Miss Pat Acock, vocalist, was accompanied by Mrs. Betty Boles, organist in selections of "O Perfect Love," "We Lift Our Hearts" and "The Lord's Prayer."

The bride, given in marriage by her father, wore an empire gown of organza over taffeta, fashioned with a square neckline with Venise lace on the bodice and overlays on the shoulders. The long shepherdess sleeves were cuffed with 6 inches of lace. The gown featured a long A-line skirt.

The bride's cathedral lenth mantilla was of silk organza and was bordered in deep scalloped Venise lace which matched her gown. She carried a cascade of white butterfly roses and stephanotis with touches of fresh greenery.

Miss Laurie Carpenter of Fort Worth was maid of honor. Bridesmaids were Miss Cathy Clarke and Connie Clarke of Fort Worth; Miss Cydney Hill of Austin and Miss Dixie Randle of Fort Worth.

The attendants wore poudre blue French crepe gowns with empire waists styled with square necklines and Juliet sleeves, bordered in re-emboriered lace. They carried nosegays of mixed flowers, pink tulips, yellow palms, pink elegance carnations and lavender statice touched with fresh greenery. They wore matching headpieces.

Serving as best man was Mark Majors, brother of the groom, from Austin. Groomsmen were Steven Late of San Antonio; Richard Reynolds of Fort Worth; Billy Dale of Odessa and Earle Farrell.

Ushers were Charles Perry of Austin; Don Latimer and John Trulock, cousins of the groom, of Colorado City and Bryan Hardeman of Austin.

A reception was held following the ceremony at the Colonial Country Club in Fort Worth. The center piece was of pink and white fresh cut flowers flanked by tapers. The cloth was caught with similax and fresh pink blossoms.

Members of the houseparty were Mrs. Mike Morris of Fort Worth; Mrs. Betty Heggen, Ames, Iowa; Mrs. Curtis Latimer of Colorado City; Mrs. O. B. Trulock of Colorado City; Mrs. M. D. Oakley of Odessa; Mrs. L. G. Mackey of Midland and Mrs. Ned Nickson of Gallup, New Mexico.

Following a wedding trip to Acapulco, Mexico the couple will reside in Odessa after February 19 at 3522 Oakwood.

The bride is a 1973 graduate of Texas Christian University with a BS degree and is a registered nurse. Her sorority was Zeta Tau Alpha.

The groom attended the University of Texas for three years and is studying with the Gemological Institute of America in Los Angeles, California. He is a junior member of the American Gem Society and will be associated with his father in the Sam L. Majors Jewelers business.

Special guest was his grandmother, Mrs. V. R. Trulock of Colorado City.

Out of town guests were from Colorado City, Midland, Gallup, New Mexico, Austin, San Antonio, Houston, Dallas, Ames, Iowa and Paris.

COLORADO Jr Hi CHATTER

The Colorado 8th Grade Wolves did it again last Thursday night. This was their last game of the season as they slipped by Sweetwater 32-31. It was an exciting game from start to finish with the Wolves trailing most of the time, but never by more than 3 or 4 points. Then in the last minute and half of the game C-City really came on strong, with Geiger who was high point man sinking a basket to put the Wolves ahead 30-28.

Then here came Sweetwater to tie it 30-30 with 58 seconds left again Gieger scored to put it 32-30. In scrambling for the rebound Cornell Ausbie, who played fine defense committed a foul giving Sweetwater a chance to tie it up again. Hearts stopped as Sweetwater hit their 1st shot and missed their 2nd one. The buzzer sounded and we WON! 32-31.

Kevin Gieger was high point man with 21 points and he also led the rebounders.

The 8th Grade Wolves had a seventeen game season this year winning thirteen out of the seventeen games. Trully this is a very fine season for Coach Mike Hart and ALL of his players.

This last week in Speech 8 we have been debating. We started by going to the library and doing research on our subject. We worked for about three weeks gathering our materials. Some of us talked to people in our community to help us in our debating.

Also we interviewed our teachers and fellow students on subjects such as Mercy Killings, Capitol Punishment, Should Junior High School have Graduation Exercises? Should Junior High School have a complete athletic program for both girls and boys? Should Sex Education be taught in high school, schould marijuana be legalized? Each debate team had two members that were for and two members that were against. Needless to say it got exciting, even though we had to put a lot of hard work into it.

- Insulation, weather stripping and/or caulking around doors and windows.
- Fireplace damper for tight fit.
- For holes and leaks around window air conditioning units and roof-top ventilators.
- For clean filters regularly.
- Gas appliances periodically for proper adjustments.

Do:
- Close drapes on sunny days and open them on dark ones, when using gas air conditioning. Reverse this process when using gas furnace.
- Leave thermostat at comfortable setting.
- Drain approximately one gallon of water per month from water heater to prevent mineral deposits from building up.
- Repair leaky hot water faucets.
- Use lids for pots and pans to reduce need for higher flame.

Don't:
- Run partial loads in dryers, washing machines or dishwashers.
- Block air conditioning vents, or in the case of heating, the hot air vents.
- Cool or heat unused rooms.
- Use higher flame on range than required.
- Pre-heat the oven any longer than necessary.

Carpenter, Jobes Exchange Vows In Evening Ceremony

Miss Judy Elaine Carpenter became the bride of Donald Wayne Jobes Friday evening February 1 in the home of the bride's parents.

The Rev. Bob Caperton officiated in the single ring ceremony.

The bride is the daughter of Mr. and Mrs. Myrl Carpenter of Alvin, Texas and the grand daughter of Mrs. Murray Carpenter of Loraine. The groom is the son of D. R. Jobes of Manvel, Texas.

The couple were married before a setting flanked on each side by a seven branch candelabra with each holding long white tapers entwined with English ivy.

The bride, given in marriage by her father, wore a formal length gown of sheer chiffon overlaying peau de soie. The gown featured an empire waist line. The bodice and long fitted sleeves of sheer English lace were accented by ruffles at the neckline and the cuffline. A deep ruffled flounce highlighted the skirt hemline and self fabric chapel length train.

The bride chose a shoulder length veil of English net that was attached to a Juliet cap of lace appliques and seed pearls. She carried a bouquet of yellow and white carnations encircling a large white orchid. The bouquet was accented with yellow and white net and ribbon and featured white satin streamers tied in love knots.

She carried a nosegay of yellow and white carnations with long yellow streamers.

Best man was Dick Manville of Arcola, Texas.

COLORADO CITY - MAIL ORDERS FILLED

What TESCO is doing to provide the electricity you'll need.

We're spending $700 million on new construction during the next five years.

We must have new plants that will permit us to diversify the types of fuel we use to generate electricity.

Natural gas is our major fuel at Texas Electric now, with oil used on a standby basis. But both these fuels are in increasingly short supply.

So Texas Electric, along with two other electric utilities, is building plants in East Texas that use lignite coal, a fuel that is not being used extensively for any purpose other than the generation of electricity.

One lignite plant already is in operation, and two others are being built. But it costs about twice as much to build a lignite plant as one that uses natural gas.

A nuclear-fueled plant is scheduled to be operational near Glen Rose by 1980, and this one will cost more than three times as much as a gas-fueled plant.

Financing the essential expenditure of more than $700 million in just the next five years is what makes an increase in electric service rates necessary.

We're working to supply the electricity you'll need, but it will have to cost more in the future.

BOARD
From Page 1

The possibility of establishing a satellite campus at Wallace School was also discussed by board members and representatives of the college. The possibility then would be for both day and night classes to be taught there by college instructors and operated through state appropriations as an extension of Western Texas College campus.

The college will decide which courses to offer here after canvassing opinion in the area as to what type of courses are needed and wanted. He pointed out that Freshman English and typing courses are almost always successful when offered but the college staff need to know which others are needed.

Courses will cost $4 per semester hour, with a $25 minimum, plus lab costs and fees. Two 3-hour courses would cost $42, the state college rate.

In other business, the board awarded contracts to the school principals, business manager, maintenance, transportation and lunchroom supervisors. A six per cent cost of living increase was given to Luther Harrison, maintenance supervisor and Coy Adams, transportation supervisor, bringing their salaries to $8,586.

Marilyn Hicks, food service director, was given a raise to $5,325, bringing her salary more in line with salaries paid for similar work in other districts.

J. S. Craddock Jr., business manager for the school district, received a 12-month contract for $11,286.11, a 5 per cent cut in the raise he was to receive.

The principals salaries were also cut 5 per cent from the raise they were to receive from local funds. Daredevils Of Colorado City?

If you think that motorcycle racing is easy, you might get a different answer from some of the local "easy-riders" turned weekend "Evil Kneviels."

The race was held at the Concho Dam area at San Angelo this past Sunday afternoon. It consisted of nine mile laps and had to be run five times. The terrain consisted of mud. To recognize these local citizens would have been by accident, as they were covered with mud, oil and a thin layer of dust.

The individuals that you would be talking to are: "Doc" and J. D. Slater, Dub Baker, Richard Wistrand, Ken and Donna Burna, Dobie Williams, Matt Sheppard and Steve Morris. Ed Thrift of Snyder was also seen bouncing through the course on his blue Honda.

The important pit crew and supporters for the racers were Mrs. Doc Slater, Mrs. Dub Baker, Tracey Burnam, M. D. Williams and Kirk, Mrs. Ed Thrift and Lisa, Mr. and Mrs. Mac Morris and Mr. and Mrs. J. R. Erwin and Russell.

A few had bike failure, another group went wading in water up to their waist-while still on their bikes (They must have seen the motorcycle ad on T.V.) and still another group won awards. Mrs. Ken Burnam won a first-place trophy, motorcycle shirt and a contingency prize. Dobie Williams got ninth place and won a motorcycle shirt.

Church League Results

The Church Basketball League played two more games Friday night in the competition to see which church has the best basketball players.

Church of Christ won over Methodist, 51-47. Howell scored 23 points for Church of Christ and Mike Hart made 19 for the Methodists.

Christian Temple beat Loraine, 43-40, with Jimmy Johnson scoring 14 points for the winners and Kenneth Dierschke making 20 for Loraine.

Tuesday's action will see games between Christian Temple vs. First Baptist and Loraine vs. Methodists, games at 7:30 and 8:30 p.m. in the junior high gym.

The game between Loraine and the Methodists in the race for the church basketball league title was decided by the last shot of the game, made just as the whistle blew, ending the game with a 44-42 victory for Loraine.

Gary Eason scored 18 points for the winners and Mike Hart made 18 for the Methodists.

The first game between Christian Temple and the Baptists was decided in favor of Christian Temple, 51-21.

Gary Matlock scored 20 points for Christian Temple and Frank Conard scored 8 for the Baptists.

Friday's games will be between the Methodists and the Baptists at 7:30 p.m. and Loraine vs. Church of Christ, 8:30.
