Wichita Falls Record News

VOL. 4, NO. 20 — WICHITA FALLS, TEXAS, WEDNESDAY, AUGUST 16, 1922 — FIVE CENTS EVERYWHERE

NEW PEACE CONFERENCE PLANNED

Goodness Golly! Look What Came to Town

"What kind of a town is this anyway? Why, I've only been here since Monday night, and I've been called 'sissy' twice and two other times men

I've met on the streets have called me a 'jelly bean'."

A dapper lad of about 19, with his jet black hair slicked back "jelly" style, his trousers cut in the latest "sailor" type fashion, at the ends of which dangled two feet clad in well-shined shoes half covered with spats, gazed rebukingly at the desk sergeant in the police station yesterday shortly after noon.

And a smile of contentment spread over his rosy-red cheeks and sparkled from his roguish eyes when the sergeant discharged him informing the youthful "he-vamp" that "this is a darn good town."

Even Makes Cop Nervous

An hour prior to that time, Officer C. A. Gribble had watched the lad as he nervously twitched his fingers over the top of his hat, while he stood in the railroad station. Then the officer grew nervous himself and took the young thing in.

"Where are we going?" the youth-

Harding Abandons All Hope of Clearing Up Railroad Muddle

Complete Details of Strike Situation to Be Told Congress And Public Today

By Associated Press

WASHINGTON, Aug 15. — Congress and the country will be informed within 36 hours by President Harding of every fact in the railroad strike situation as he views it, and also—administration advisers said today—will be given an expression of his determination to give the full aid and protection of the federal government to maintenance of way operations. There is no room for further presidential efforts to bring about compromise settlements of the shopmen's strike, a high official at the white house said, by negotiating between the managements and the unions, although the president does not wish to hinder attempts of officials of railroad unions not on strike to mediate for their associates.

Safety Laws Enforced

President Harding moved tonight to support the interstate commerce commission in enforcing safety laws, which will shortly require withdrawals of locomotives from service on important carriers. The matter was placed before him by Chairman McChord of the commission. Leaders of the striking railroad unions now in Washington indicated their disposition to await the new peace efforts of their associates, but made public their letter rejecting President Harding's final proposal for a compromise settlement of the strike. Through B. M. Jewell, their chairman, they also issued a statement contending that the railroad responses to the proposals had been a declination. The letter, in addition to declaring the president's proposals "impracticable" asserted that the strikers would not return to work unless assured of unimpaired seniority status.

I. & G. N. Charter To Be Approved

By Associated Press.

AUSTIN, Aug. 15.—Amendments to the charter of the International and Great Northern railway submitted to the attorney general today will be approved, it was learned tonight. The amendments provide for changing the name of the company to International-Great Northern Railway company, and $5,000,000 of preferred stock to common stock.

University Head Draws Reprimand

By Associated Press.

OKLAHOMA CITY, Aug. 15.—Edwin Debarr, vice-president of the University of Oklahoma, and connected with the institution since its infancy, was reprimanded for his alleged political activities in the recent Oklahoma primary campaign in a resolution adopted at a meeting of the board of regents of the school here today.

Debarr was charged with active participation in the ku klux klan and in politics in violation of the regulations of the university in a statement recently made by H. L. Muldrow of Norman, president of the board of regents.

Telegrapher Strike Stopped by Unions

By Associated Press

INDIANAPOLIS, Ind., Aug. 14.—No strike orders for telegraphers of the Big Four railroad will be issued by union officials, pending a hearing of the union's prievances before the railroad labor board at Chicago Aug. 21, it was announced here tonight by Edward Whalen, general chairman of the Big Four division of the order of railroad telegraphers.

Money Moulds in Texarkana Found

By Associated Press.

TEXARKANA, Texas, Aug. 14.—Moulds used in the manufacture of counterfeit dollars, half dollars and buffalo nickels were found today in a vacant house about three miles from this city. An investigation is being conducted by both local and federal authorities. Several reports of the circulation of counterfeit money have been made here recently.

COAL OPERATORS BOOSTING PRICES

Congress Plans War On Profiteers

By Associated Press.

WASHINGTON, Aug. 15.—Congress will be called upon for legal weapons to arm the government for war against coal profiteers, it was announced today by high administration officials. Legislation will be required, it was declared, to assure price control and equitable distribution of fuel, even in the event of a settlement of the whole national coal controversy.

Coal operators, Secretary Hoover stated, were breaking away from the voluntary fair price agreements, except in some districts in Virginia and West Virginia and congress, he declared, must act to check advancing charges and at the same time authorize the continuance of the federal distribution machinery now functioning by volunteer services which could not continue indefinitely.

Hoover Involved

Mr. Hoover indicated that about a weeks study of the situation and the effect of the Cleveland agreement on production, would be required before the necessary legislation could be framed.

Continuance of the federal distribution machinery would be necessary, Mr. Hoover asserted, especially to meet the anthracite situation. As soon as anthracite was available, he declared, distribution of hard coal would be supervised by the federal organization along the lines now in practice for the movement of bituminous.

Attempt Made To Wreck Train

By Associated Press.

CHATTANOOGA, Tenn., Aug. 15.—A report reached here late this afternoon that an attempt had been made to wreck a train on the Atlanta divison of the Nashville, Chattanooga and St. Louis railway at Chickamauga, Tenn., twelve miles south of this city, the spikes having been drawn from the rails. Officers and bloodhounds have gone to the scene.

Ferguson Rally to Be Held Tonight

A Ferguson rally will be held on the Moore and Richolt lot at 8:30 this evening, C. C. McDonald, of Weldon, McDonald and Cummings, and former state senator T. H. McGregor being the principal speakers of the evening.

Guy Holcomb, county chairman of the Ferguson organization, announced the following meetings for this section next week: Iowa Park, Electra and Burkburnett. Dwight Llewelling of Dallas, state prohibition leader, will address one of these meetings in behalf of Fergusoon.

Yards Bombed

By Associated Press.

EVANSVILLE, Ind., Aug. 15.—A bomb was thrown into the Chicago and Eastern Illinois railroad yards here tonight. The explosion did no damage and no one was near the point at the time.

It was reported non-union shopmen left their jobs after the blast, refusing to work longer. No trace of the bomb throwers has been found.

High Rents—Crime Waves—Town Building—

(AN EDITORIAL)

JUST as the Record News anticipated some wails have been heard because of the series of articles being run to bring down the unreasonable rents here and there have also been complaints because this paper is bring before the people the prevailing crime wave resulting from cutting down the police force.

It is gratifying to know that the series of stories for civic improvement are bringing results. If there were no complaints against them then it would be a sign that the articles were NOT serving their purpose. Any reform movement or movements for public good has always met with opposition. From the time Jesus Christ was on earth until today every effort for public good has been fought bitterly by misled and selfish or narrow-minded persons.

* * *

THERE is one peculiar thing about the few complaints that have come in against the rent and crime articles. Nobody has denied the truth of the statements contained in these articles, because the articles are only stating facts.

"They may be true," wailed one man, "but why parade our high rents and crime before the world?"

* * *

WHY? We answer that the light of publicity is the greatest correcting influence known to mankind. Wichita Falls is a great city with as many advantages as any other city its size in the country. But it has a few disadvantages along with its natural advantages.

It is such a good city on the whole, that it does NOT have to grow and prosper under false pretenses by trying to cover up to the outside world the few drawbacks. Wichita Falls can stand four square to the wind and face the world. This city has nothing to hide.

If there is evil here the good people will correct that evil when it is made known to them. Public sentiment is a great force—a great power.

* * *

IF THERE are those who would cover up the sores and say they do not exist and try and fool the public rather than to heal the sores so there soon would be none, then those persons have the wrong conception of citizenship.

In this day of enlightenment the people are not so easily duped as in past ages.

If perhaps a few people may be selfish and have axes to grind—but of course such could not be the case—we can only answer that we have the interest of Wichita Falls at heart, that we are fighting for the future of this great city and that the good people of the city are with us.

SENATE RACE IN MISSISSIPPI HOT

Vardaman Leads by Small Margin

By Associated Press

MEMPHIS, Tenn., Aug. 15.—With a total of more than 113,000 votes accounted for returns compiled by the Commercial Appeal up to midnight in today's Mississippi democratic primary give former Senator James K. Vardaman a lead over Hubert D. Stephens of 64 votes for the United States senate.

The unofficial and incomplete vote from sixty-six counties as received by the Commercial Appeal is: Stephens, 50,081; Vardaman, 50,145; Miss Kearney, 13,360.

By Associated Press

JACKSON, Miss., Aug. 15.—Hubert Stephens, former member of congress from the second Mississippi district, was leading former United States Senator James K. Vardaman by 4,037 votes in the contest for the democratic nomination for the United States senatorial nomination on the face of incomplete unofficial returns from 50 of the 82 counties in Mississippi, tabulated at 10:30 o'clock tonight.

The figures give. Stephens 33,991; Vardaman 29,954 and Miss Belle Kearney 9,041.

Unless either candidates receives a majority of the vote cast in today's state-wide primary, a second primary will be necessary to decide the issue.

Wires Get Names Crossed in Report

By Associated Press.

LEESVILLE, La., August 15. — An erroneous report August 9 from here said that Travis Barnhill had been seized by masked men, taken to the country and given a coat of tar and feathers. The masked men were reported to have accused Travis Barnhill of mistreating his wife. Subsequent investigation shows that Travis Barnhill was not the man attacked and accused. It was Truly Barnhill. The names of the two men who are relatives, were confused in the first report. Travis Barnhill was not involved.

Germans Unable To Meet Payment

By Associated Press.

BERLIN, Aug. 15.—The German government today addressed a note to the British, French, Italian and Belgian governments, declaring that in consequence of the demand for foreign currency to pay for urgently needed necessities of life, and in consequence of the fall in value of the mark, it could not meet the clearing house installment of 2,000,000 pounds sterling due today in payment of prewar debts to allied nationals.

Car Bumps Truck

DALLAS, Aug. 15.—Fourteen passengers on a small type one-man street car were injured today when the trolly car struck a heavy gravel truck. Passengers were jolted considerably, but none were seriously injured. The accident occurred at Cochran and Masten streets, near the business section.

THE WEATHER

WICHITA FALLS, TEXAS
AUGUST 15, 1922

West Texas: Wednesday and Thursday, partly cloudy.

Oklahoma: Wednesday and Thursday, generally fair.

East Texas: Wednesday and Thursday, cloudy and unsettled.

Minimum temperature: 74 degrees at 6 a. m.

Maximum temeprature: 96 degrees at 3:15 p. m.

PRODUCTION OF SOFT COAL TO START AT ONCE

Long Strike Ends When Agreements Are Signed

By Associated Press.

CLEVELAND, Aug. 15. — Immediate resumption of coal production in bituminous mines scattered over seven states was ordered tonight and in some places the cutting of coal will be started tomorrow. Orders for miners to return to work were sent by district union officials after operators had signed an agreement renewing the wage contracts that were in force when the men quit the mines last March 31.

The formal break in the strike came at 3:10 p. m., when the scale agreement was adopted by unanimous vote of miners and operators at their joint conference. The general agreement then was signed by T. K. Maher of Cleveland, an operator, as chairman of the conference and Wm. Green, a miners, as its secretary. Supplemental agreements between operators and state union officials were then executed with the union chiefs wiring local unions that work might be renewed.

President John L. Lewis of the miners, said that operators controlling an annual output of approximately 60,000,000 tons had signed the agreement. Their mines, he said, were in West Virginia, Pennsylvania, Ohio, Indiana, Michigan, Oklahoma and Washington.

Plans for extending the break of the strike also were laid by the union men. Frank Farrington, the Illinois miners president, announced that he would ask the Illinois operators to meet the union's district scale committee at Chicago on Friday. John Hessler, head of the Indiana miners, asked the Indiana operators to join in a scale conference at Terre Haute on the same day. Van A. Bittner, statistician for the International union, announced that operators in Kansas, Missouri, Oklahoma, Texas and Arkansas would be asked to meet with the union at Kansas City next Tuesday.

Under the policy laid down today by the union, headquarters will be required to accept the interstate agreement, made at the general conference here, as the basis for their contracts with the union. This agreement provides for the re-establishment of the wage contracts which includes the "checkoff" of union dues that were in force last March 31 with the new contract to run until March 31, 1923. Further, the agreement provides for creation of an advisory fact-finding commission, a meeting being called of all soft coal operators for next October to effect the selection of the commission.

Not Radicalism, But Insanity —By Darling

AFTER SEEING HOW FAR MEXICO HAS PROGRESSED DURING 20 YEARS OF LAWLESSNESS—

AND HOW LITTLE GOOD ALL RUSSIA'S RICHES DO HER WITHOUT ANY LAW AND ORDER—

ANYONE WHO STILL BELIEVES CONDITIONS WOULD BE IMPROVED BY VIOLENCE—

IS NOT AN AGITATOR. HE'S ONLY CRAZY.

House Hunter Hits High Rent Trail to Stagger At 6 Months Down Deal

"You Can Have It for $75, Payable Half a Year in Advance" Agent Says With a Hard, Straight Face

By INVESTIGATOR

But what of the apartment dweller?

This question has repeatedly been put to me in my investigations of rent conditions here.

In the past few article we have gone into the rent situation with regard to every class. Now let us see what furnished houses and apartments rent for.

A day's inquiry for furnished houses or apartments in Wichita Falls is mighty discouraging to any prospective tenant who has a limit to his purse strings. Real estate men are hardened to high rentals. They bandy such figures as $75 to $80 without a moment's hesitation. And yet to the ordinary layman ,these are unheard of rents.

Let us, before attempting to strike an average, go into a few specific incidents.

"This house rents for $75 a month, payable six months in advance," I was told by one realtor.

I gasped, but not wishing to seem behind the times, kept my mouth shut and tried to act wise. Think of paying $450 for six months' rent in advance!

"I think I'll have to look at something else," I said. The house in question was undeniably attractive. It was on a paved street, about 20 blocks from the office, had five rooms, was modern and in fairly good repair. However, it was several blocks from the car line. A car seemed a necessary adjunct of the house and I had no car. But neither did I have $75 a month, payable six months in advance, so we moved ou to the next house.

"This one is $85," said the realtor,

Sweetheart of Married Pastor Stands By Him

By Associated Press

M'ALESTER, Okla., Aug. 15.—The Rev. J. C. Trotter, pastor of the Methodist Church, South, of Haileyville, Okla., who eloped last week with Miss Audrey Campbell, nurse, after sending his wife and three children to Chattanooga, Tenn., was arraigned here late today on a charge of embezzling approximately $3,200 from Brooks Institute, a hospital and community house at Hartsshorne. Mr. Trotter was financial secretary of the institute.

Miss Campbell admitted improper relations with the minister and told the county attorney that her love for Mr. Trotter was so strong that she intended to stick with him to the end.

Contempt of Court Draws Reprimand

An ex parte petition in the case of T. J. Gilbreath brought before the 30th district court yesterday resulted in the defendant being reprimanded by Special Judge John Kilgore for alleged contempt of court.

The ex parte is said to have risen out of the case of Mrs. M. S. Bennett et jux vs. T. J. Girbreath, originally asking for an injunction preventing the defendant from representing himself as an agent of the K. M. A. fuel oil company. The writ of injunction was granted by the court, and yesterday it was alleged in the procedure that Gilbreath had disregarded the mandates of the courts.

GASSER STRUCK IN GRAY COUNTY

May Open Up Field Near Alanreed

Special to the Record News

McLEAN, Aug. 15. — What is thought to be a new oil field made its initial appearance today when Smith No. 1 of the Harvey Oil company, located one mile north of Alanreed at a depth of 2890 feet made a strong showing of gas and a slight showing of oil.

L. C. Morgan, chief driller, estimated the gas to be between a million and a million and a half cubic feet. The first indication of gas was found several days ago when the well was around 2800 feet. Throughout the entire drilling the strata through which this well has passed has been practically the same as that of the producing Gulf No. 1 in Carson county. At the present time the formation of the Smith No. 1 is dark brown shale, said to be the identical structure through which the Carson county well passed just before striking oil. The well has just passed through 40 feet of saturation which contained a strong showing of oil.

The well is now being drilled by two ten-inch bailers. Preparations are being made to change to eight inch casing and to measure the actual amount of gas which the well produces if the well continues in its similarity to the Carson county Gulf No. 1.

Francis Addresses Mayfied Backers

Women of the Sibley Taylor addition had a rousing Mayfield meeting last night, perfecting the organization of their Mayfield club. Mrs. J. C. A. Guest, chairman of the women's Mayfield club, presided, introducing Mrs. M. H. Moore.

Mrs. Moore, in turn, introduced the principal speaker of the evening, Mr. Charles I. Francis, who heartily endorsed Mayfield's candidacy. He reviewed ex-Governor Ferguson's record, with special stress on his impeachment. A large crowd attended the meeting.

RAIL TROUBLES TO BE AIRED BY LEADERS AGAIN

Chiefs Grant Plea For Confab Thursday

By Associated Press.

NEW YORK, Aug. 15.—The association of railway executives tonight granted the request of the five railroad brotherhoods for a conference looking toward a settlement of the shop crafts strike, and agreed to meet the union representatives here next Thursday.

R. S. Binkerd, assistant to T. DeWitt Cuyler, chairman of the association of railway executives, who made the announcement, said that the same committee of rail chiefs which conferred with President Harding in Washington Saturday would represent the association at the conference.

MCHORD SAYS MOTIVE POWER IS FAILING

WASHINGTON, Aug. 15.—Motive power upon "certain of the important carriers of the country," because of the present strike, is progressively deteriorating, Chairman McChord, of the interstate commerce commission, informed President Harding tonight, and in a letter of reply was told by the president to "insist upon the full enforcement of the law."

Inspection forces of the government should exert themselves to the utmost, the president said, because it is better to have service diminish rather than attempt any movement of trains on which safety is not assured.

BURLINGTON CHIEF SAYS EQUIPMENT GOOD

By Associated Press

CHICAGO, Aug. 15.—Hale Holden, president of the Chicago, Burlington & Quincy railroad, asserted tonight that he was sure motive power on most of the important roads of the country had shown distinct and substantial improvement for the past several weeks. He made the statement when informed that Chairman McChord of the interstate commerce commission had informed President Harding that motive power on many roads was deteriorating and said the commission based its assertion on July reports when conditions were at their worst.

S. P. LIFTS BAN ON FREIGHT

By Associated Press

SAN FRANCISCO, Aug. 15.—The Southern Pacific company lifted its embargo late today on the shipment of perishable freight and livestock, declared on account of a strike of train crews at Roseville, Cal.

An agreement was reached at a conference by which the crews of the big four rail brotherhoods returned to work.

COTTON BELT MEN QUIT AFTER SHOOTING

ILLMO, Mo., Aug. 15. — Between 150 and 200 trainmen and switchmen of the St. Louis-Southwestern (Cotton Belt) railroad walked out here tonight, virtually tying up traffic at the terminal, following a disturbance at Fornfelt, near here, in which John Turner, an engineer, was shot in the left leg while oiling his engine, preparatory to taking out his train.

Senate Speeds Up On Tariff Rates

By Associated Press.

WASHINGTON, Aug. 15.—The senate, driving forward at a speed it seldom attains, completed consideration tonight of all committee amendments to the administration tariff bill. Thus, was that measure put into about the form in which it will be passed late next Saturday.

Hundreds of committee recommendations, some of which upset decisions reached previously by the senate after long discussion were approved during the ten hours session.

About one hundred of the amendments considered were reported by the finance committee majority when the senate convened.

Light Thrown on Court Procedure

They say they have thrown more light on things in corporate court.

Yesterday morning, when the usual large attendance of spectators appeared in the court room at the city hall, they found a change had occurred in the arrangement of furnishings, and that they now have more room to witness the procedure as the usual list of cases that are brought up before Judge John Marrs.

Chief of Police J. W. McCormick had had the judge's desk, cabinet and stand moved from the south side of the room to the north side, where the light from the windows flows entirely across the desk, and gives the officials an advantage in reading their dockets and official papers they have not had heretofore.

Thus, the officers declare they have "thrown more light on things." And so they have.

Hopeless Quest for Escaped Convicts Waged in Vernon Timbered Swamps

Special to The Record News.

VERNON, Texas, Aug. 15.—Officers from two Texas counties and an Oklahoma county as well were still engaged late this afternoon in what appeared a hopeless quest for three negroes reputed to have escaped from the Mangum, Okla., jail Monday afternoon. The fugitives are concealed in dense timber and swamp land near the Round Timbers ranch, 20 miles northwest of this city.

Sheriff W. A. Grish, County Attorney John A. Storey and a carload of deputies left Vernon this morning for the scene, all heavily armed.

The men in hiding were at first thought to be safeblowers, who robbed four Odell establishments Sunday night, but have since been established as the escaped convicts from Mangum. A negro, who appeared at the Round Timbers ranch this morning and asked for the use of the telephone was detained by the owner, W. T. Gibbons, as a suspect. The man made a break for liberty in a moment when his captor relinquished his watchfulness. Gibbons fired four shots, none apparently taking effect.

RAIL RATES FOR WICHITA FAIR

Expect Big Crowds For Exposition

Announcement has been made by railroads entering Wichita Falls that round trip tickets at the rate of one and a third fare will be granted for the Texas-Oklahoma fair. The rates will go into efefct September 30, the opening day of the fair and will be good for return until October 9, five days after the close of the fair. The reduced rates will be put on for all points within a radius of 100 miles.

Reduced rates on exhibits for the fair already have been granted so that all necessary reductions on rates now have been made. There is every indication that well over 150,000 people will be here during the fair, it is said by those who are in touch with the situation.

HOUSE—

CONTINUED FROM P. 1

after we had gone two blocks further out. Outside it looked somewhat nicer than the other house, but inside it was not as nice. The rooms were not so well arranged, the paper was older, the furniture a bit more shabby.

"Where's the difference between this house and the $75 one?" I queried. He simply smiled. Perhaps it was the "payable in advance" part. I will never know, for we moved on to the next house.

This time it was larger, seven rooms in all, two stories, and modern, but in bad repair. The house needed paint and new paper. Two of the rooms, the living room and the dining room, were well furnished, although there weren't many dishes. The rest of the house was poorly furnished. The street was unpaved. Surely this would be within reach of my pocketbook. I thought. But when I asked how much. "$80," was his reply.

Old Stuff to the Agent.

And so it went. We then visited several apartments, three to be exact, but they were all over my head. I had started with a vague idea that I would find something fairly good for $60 a month, and had made up my mind that I couldn't afford to pay more. But we hadn't found a single place for rent at the ridiculous sum of $60 a month.

The apartments being out of my reach, I suggested furnished houses again. The real estate man was nothing if not patient. These experiences were evidently daily occurrences with him.

We started back on furnished houses and at length I found one which, while not entirely to my taste, and $15 a month more than I had expected to pay, was still a better value than the average.

The Best We Could Do.

It rented for $75 a month. It was a six-room, modern house, with a garage, on an unpaved street. The house was in bad repair. One of the pillars to the front porch was half rotted away. The paper throughout the house was soiled, and with the exception of the living room, dining room and bedroom, the house was poorly furnished. The beds were swaying, camel-like contrivances upstairs, the house was short of linen and there were only three glass tumblers in the china closet. But after a hurried consultation with my wife, we accepted the house and handed out our $75 for the first month's rent. We decided it was the very best we could do.

This is rather a long story, but it has to do with what every man in Wichita Falls who rents a furnished house or apartment experiences. It is a sample of Wichita rents in this field.

Now let us suppose that every rentor of a furnished house has as much luck as I did, and that the average monthly rent for this class is $75, although this was the lowest house I found. Who is going to pay it, and how?

As apartment and furnished house dwellers are made up from all three classes, we will take the average Wichita wage, as discussed in preceding articles, which is $43 a week, remembering that this figure is high for both the wage earning and the middle classes. We then find that in this class, men are paying $75 a month rent on $43 a week income. In other words, this class 43 per cent or almost half its income for rent.

What is the answer?

GOODNESS—

CONTINUED FROM P. 1

ful one demanded as Gribble started away with him.

"To the police station and find out," the officer replied calmly, and when the pair had reached the station and had started into the private room of Police Chief J. W. McCormick to "investigate" what was wrong with the fellow and what made him so nervous, the "boys" in the station, grasping the idea that a "jelly" had been "pinched," asked Gribble:

"What Is It"?

"What's that you've got, Gribble?"

"Darned if I know yet," came the sarcastic reply from the patrolman.

They made powder puffs and such things for women—but Johnny had several on him, so the police relate.

And that wasn't all.

Johnny's pockets were searched for "dope" and it was soon revealed that the only "dope" he possessed was a couple of powder puffs, and a bright red lip-stick, with which his lips had been painted.

That was enough to create a big laugh at the station, but it drew more mirth later, when Gribble carried the "sweet young thing" to a local hotel where he had registered Monday night. That was where the officer found that his captive had a box of freckle-remover, a jar of cold cream, rouge—everything that a woman uses in her boudoir.

"Poor thing," the officer sighed yesterday as he related the story "and to think they killed men like Abe Lincoln!"

It is unverified, but it is commonly rumored about the police station that the "boys" who hung around to get a glimpse of Young Johnny said "Johnny's in town," as the pretty young thing vanished down the street.

—free.

Park Superintendent Hired But City Lacks Money For Policemen

Wichita Business Man Unable to Find Cop After Locating Law Violators; City Has No Uniformed Men.

When will Wichita Falls again have uniformed patrolmen stationed at close intervals to be called upon by the citizenship in cases of emergency?

That is the question that a certain well-known business man was asking other citizens here yesterday. And as he asked, he told how on Monday night, he had accidentally walked upon a place "right in the heart of town, where several men and women were drinking whiskey and gambling.

The business man asserted that he ran down the street looking for an officer, and narrates that he looked for almost half an hour. "And then I didn't find one," he asserts. He eventually called the police station over the phone. A plainclothes man who was rushed to the scene got there too late—the "party" had broken up while the citizen was searching for a uniformed patrolman.

Evidently all of the three patrolmen who are on duty from 7 p. m. until 7 a. m. were in the other end of the 16 blocks of business houses they must patrol for 12 long hours.

Didn't Know "Unies" Were Gone

And that was the first time this particular citizen knew that Wichita Falls no longer had uniformed "cops," and no longer had sufficient men to patrol the streets.

Possibly had the police force not been reduced some time ago through an action of the city commissioners, this case which the business man called to the attention of the authorities would not have gone unpunished. But so long as Wichita Falls has but three men patrolling the entire city at night and only two doing the same duty during the day, crime must go on in its rampage all over this community—unpunished.

Uniformed policemen disappeared from the city streets over a month ago. And at the same time the police department was cut down until it now looks like a skeleton.

Commissioners Cut Force

The reduction, it was stated at a meeting of the city commissioners, in regular meeting assembled, was found necessary because this city is overdrawn at the banks $250,000, and "it was found necessary to cut down everything, including the police department."

Monday night, during another regular session of the city commission, a young man was designated "city park superintendent," at a salary of $150 per month, the city agreeing to furnish him an automobile in which to superintend the parks.

A few months ago, when J. B. Fitts became police commissioner there were around 40 men on the police force—fully sufficient to cope with any situation that might arise.

NEFF REFUSES EXTRADITION PAPERS

By Associated Press

AUSTIN, Aug 15.—Governor Neff today declined to grant extradition papers for the return to St. Louis, Mo., of Guy Thompson, charged with wife desertion. Thompson, it is said is under custody at Galveston. The extradition was refused by the governor on advice of the attorney general.

Stolen Graham Car Sought Here

Ford thievery doesn't only center in Wichita Falls, although there is enough of it carried on here.

The thieves changed tactics Tuesday morning and stole a Ford in Graham, Texas.

The car, a 1921 model, was being hunted for here yesterday, following the receipt of information from Deputy Sheriff Casey of Graham, who notified the local authorities of the theft.

General Hospital Opening Delayed

The General hospital which was to have been opened September 1 will not be opened before September 15, it is said. The delay will be occasioned by the fact that all the equipment will not arrive in time to be installed before that date. The railroad strike has caused considerable delay in some equipment, it was stated yesterday.

There are just about a dozen nurses employed in the present hospital but the new hospital will need at least 25 nurses, it was said Tuesday and efforts will be made to have a full corps of nurses here for the opening of the institution.

KNOT HOLERS GO TO IOWA PARK

The Wichita Falls Knot Holt gang will go to Iowa Park today where they will be entertained at a chicken dinner and where their base ball team will meet the Iowa Park Boy Scouts in a benefit for the milk and ice fund. All the gate receipts of the game will go to this fund.

The boys will meet at the Methodist church at Tenth and Lamar at 11 o'clock and will go from there to the picnic grounds in automobiles. Over one hundred and fifty Knot Holers are expected to be on hand when the call is issued to start and they will leave at 11:30 for the grounds where they will spend the day in sports.

NO SUSPENSION ON ORIENT ROAD

AUSTIN, Aug. 15.—Assurance that there will be no sudden suspension of operations on the Kansas City, Mexico and Orient railroad unless train service employes walk out was received today by Clarence E. Gilmore, member of the Texas railroad commission, from A. De Bernardi, general manager of the Orient, in answer to a telegram sent to the general manager last night asking for further details of the difficulties being encountered as a result of the strike.

HIGHWAY DELEGATES MEET IN PADUCAH

Special to The Record News.

PADUCAH, Aug. 15.—An enthusiastic meeting of the Texas delegation of the Lee highway association was held here today. Speakers were Rev. Riddle, of Paducah; Rev. Daniel Kelly, of Mississippi; J. M. Whatley of Paducah, and Jack Ward of Matador.

Towns represented at the meeting were Vernon, Thalia, Crowell, Matador, Floydada, Lockney, Plainview, Olton, Muleshoe and Farwell. Officers were elected as follows: R. H. Coffee, Vernon, president; George Self Crowell, secretary.

DEFEATED

MISS BELL KEARNEY

The woman's candidate in the United States senatorial election in Mississippi, Miss Bell Kearney, is running third with Vardaman and Stephens running neck and neck.

Governor Sued Again

By Associated Press.

MEMPHIS, Tenn., Aug. 15.—Miss Frances Birkhead of New Orleans today filed suit for $50,000 damages against Lee M. Russell, governor of Mississippi, in the United States district court for Northern Mississippi, at Oxford, today. Miss Birkhead, as in her previous two suits against the governor, alleges seduction under a promise of marriage. Service was secured by federal court officers on Governor Russell, when he returned to his home at Oxford to vote today. He accepted service and the trial of the case was set for December 3.

FRISCO GUARDS AT FT. WORTH REMOVED

By Associated Press

FORT WORTH, Aug. 15—All armed guards on the Frisco railway property in Fort Worth were removed today and such duty left exclusively in the hands of the United States marshals. No further necessity for them was the reason given by the railroads for this step. Other rail unions expressed pleasure at the action.

Circle No. 2 of the Walnut street Baptist women's auxiliary met at the home of Mrs. L. Hochderffer on Oriole street yesterday afternoon with six members and one visitor present. Members present included Mrs. A. G. Savell, Mrs. J. L. Hays, Mrs. W. B. Shortess, Mrs. H. Clay, Mrs. Trout and Mrs. Hochderffer. Mrs. M. L. Dobson was the visitor.

Wichita's Growth Pleases Visitor

THE EDITOR spent Friday and Saturday in Wichita Falls attending the convention of the Northwest Texas Press Association. About two dozen members were in attendance and a fine program was rendered. Wichita did itself proud and the editors were invited to make that city their permanent headquarters.

It had been a couple of years since we stopped there, and the growth of this city "that faith built" is truly marvelous. Besides two banquets we attended a ball game between the Wichita and Dallas teams in which the latter were soundly walloped to the tune of 13 to 1.—Harry Koch in Quanah Tribune-Chief.

Knights Templar To Initiate Here

Wichita Falls commandery No. 59, Knights Templar, will hold a regular conclave Thursday evening at 4 o'clock, at which time the orders will be conferred upon a large class of candidates. At 6:30 p. m. a banquet will be served in the banquet hall. Special music will feature the iniatory work and a large attendance is expected.

On account of the hot weather the past few weeks, work in the Commandery has been extremely light and it is expected that a great many petitioners will report to receive the work during the fall months.

The drill team will commence active training under Captain Leslie Stringer, sometime during the early part of September, as they expect to attend the Grand Commandery session to be held in Dallas next April.

CLEAN CITY KEEPS FLIES FROM WICHITA

That it pays to keep a clean city and clean premises is indicated in the lack of flies in Wichita Falls this year according to health authorities.

There has been a very noticeable lack of flies in Wichita Falls during the summer months this year. Some persons attributed the absence of flies to the severe heat but health authorities say it is because people have cleaned up thoroughly around their homes and the city as a whole is in an entirely sanitary condition.

"Smell" Protest Comes Up Friday

By Associated Press

DALLAS, Aug. 15.—The protest of the Dallas baseball club, in which it was charged balls had been given an application of some foreign substance in the Wichita Falls game of Saturday, August 19, will be presented to a meeting of the directors of the Texas league Friday, according to announcement last night.

LEE MORISSEY BEATS LANCE

Greenville Scrapper Claims Foul

Special to the Record News.

BURKBURNETT, Texas, Aug. 15.—Lee Morrisey won from "Country Boy" Lance in the 10th round of their scheduled 12-round match here tonight when Lance refused to come back after dropping to the floor, claiming a foul.

Lance claimed a foul in the fourth, but when Referee Breman refused to allow the claim, continued the fight. Lance had the better of the infighting throughout while Morrisey showed a slight advantage as they stood toe to toe occasionally and exchanged punches.

Morrisey was cautioned several times on account of his low blows, while the referee warned Lance of rough tactics.

Four preliminaries were fought three of which ended in knock-outs.

The feature fight of the night was between two youngsters, Kid Snyder and Kid Trawick, who slugged the entire duration of the first round, and until the referee halted the fight in the second round with Trawick hanging to the ropes after the gamest exhibition seen here in many months.

Buddy Brown, San Antonio negro, and School Boy, local scrapper, staged the most ludicrous exhibition ever seen in a ring here. There was little fighting, but an abundance of comedy.

Hamp Brown is scheduled to meet Frankie Adams here in a 12-round match September 4 under the auspices of the American Legion.

Open Port Law At Childress Is Extended by Neff

By Associated Press

AUSTIN, Aug. 15.—Open port territory at Childress was extended today as a result of threats made against rangers now stationed there and to prevent further intimidation outside the railroad yards, Governor Neff stated tonight when he formally announced extension of the territory. It became known this morning that the limits under the state law would be broadened.

LIFELESS BODY FOUND IN CAR WITH POISON

By Associated Press

PALESTINE, Texas, Aug. 15.—Carl Kennedy, 25 years old, of Elkhart, was found dead in an automobile on the road between Elkhart and Grapeland last night. A bottle which had contained poison was found in the car.

W. K. A. F. Broadcasts Description of Stolen Auto; Plan Shrine Dance

Catch 'em by radio. That is the latest in Wichita Falls. Tuesday afternoon an automobile owner who had lost his car through the activity of thieves rushed into the W. S. Radio Supply company office and asked that his automobile number and a description of his car be sent out by radio over W. K. A. F. The radio was brought into action and all the thousands of receiving stations within a radius of 1000 miles that were listening in now know the description and number of the stolen automobile.

Early Tuesday night the Record News broadcasted baseball scores over W. K. A. F. and they were picked up at various points in the United States. This will be a nightly event.

A shrine radio dance is being planned for the near future. The shrine band will broadcast the music form the W. K. A. F. broadcasting station and the dancers will step to the music picked up more than two miles away.

Pending the regular program to be given each night by the local station, an Edison and a Victor are furnishing music during the testing out periods.

Meeting of Fair Officers Put Off

Because so many of the fair directors are out of the city that a quorum is lacking, the directors' meeting which was to have been held Tuesday night has been indefinitely postponed. It is said that the meeting possibly will not be held until about the first of September.

Work on the fair is going ahead with rapid strides and when the date arrives all details are expected to be completed and the fair gates will swing open with all the pomp befitting the occasion. Letters are coming in at fair headquarters each day indicating that there is widespread interest in the event.

They are GOOD!

Widower Congratulated

"Since my wife's death, five years ago, I have suffered greatly from stomach and liver trouble and gas attacks. I lost over 50 pounds, and at times was as yellow as saffron. My doctors could not help me. Six doses of Mayr's Wonderful Remedy have entirely cured me. I have regained my weight and every one is congratulating me how well I look." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At Mack Taylor's and druggists everywhere.—adv.

Statement About Spiz Mineral Water

I feel like every man and woman in Wichita Falls should know of the medicinal and health giving properties of Spiz Water, and it is only because I can sincerely recommend it that I allow my name to be used in its indorsement and it has helped me as no medicine could do, yet the taste is pleasant. I suffered with my kidneys for three long years and it was impossible for me to get a night's rest. I have only been drinking Spiz Water six weeks and now my sleep is uninterrupted and I awake each morning feeling that I have a new lease on life. I expect to drink Spiz Water as long as I live in Wichita Falls.—Mrs. John Covanes, 1403 Ninth.

This testimonial is only one of many J. H. Hall, manager of the Spiz wells, has received from Wichita citizens, who are users of the water. The water is delivered in five gallon sterilized bottles; every precaution is taken to safeguard against germs or contamination of any kind and to meet the approval of the health authorities and the public. Those who are interested in their health phone 2868 for a bottle of Spiz Water.

Eat Kellogg's CORN FLAKES

extra-refreshing with fresh fruit!

Agree to eat lighter foods this summer and you'll feel a lot cheerier and work and think a lot better! Heavy, greasy foods in hot weather dull the mind and slow you up physically and mentally! Every man, woman and child would enjoy better health if they ate sustaining, easily digested food such as Kellogg's Corn Flakes.

And, eat Kellogg's liberally—all you want; let the little folks and the old folks have their fill, for Kellogg's Corn Flakes are not only beneficial, but with Kellogg's you use plenty of health-giving milk! And, you never tasted more delicious food than Kellogg's Corn Flakes, particularly when eaten with the luscious fruits now in season!

Think of Kellogg's Corn Flakes as the perfect breakfast cereal; as the cooling, refreshing lunch for the hottest day—served with fresh fruit—and for the daintiest, most satisfying dessert for the evening meal served with fresh fruit and cream!

Insist upon Kellogg's—the kind in the RED and GREEN package that bears the signature of W. K. Kellogg, originator of Corn Flakes. None are genuine without it!

Kellogg's CORN FLAKES

1000 Bbl Well at Bunger

ROARK HITS PAY AT 3800 FEET

Second Completion Within Week

Flowing at the rate of 1,000 barrels a day, the Ralco Petroleum company's No. 2 Roark came in Monday evening, in the 3,800 foot lime. The new well is the second completion in the Bunger deep lime since last Saturday. It is 800 feet west and 900 feet south of the Texas company's No. 1 Jake Jones, completed last Saturday, and is west of the Ralco No. 1.

The Texas company well continued flowing at the rate of 60 barrels an hour on Tuesday, keeping the production up around 1,500 barrels, the initial 24 hour production.

DRILLING DRIVE DUE AT MEXIA

Humphreys Busy on Deep Tests

Special to The Record News.

MEXIA, Aug. 15.—In Mexia, among oil scouts, geologists and members of the petroleum brotherhood, there is a feeling that the field is soon to be in the midst of a heavy drilling campaign unequalled in any past period.

This "hunch" is the follow up of observations of deep drilling on the Humphreys Oil company's Killman No. 9. Rumor has been rife regarding this well for several days but nothing authentic could be secured for publication and there has been much speculation as to its depth. It is spoken of as one of three deep tests being made by the famous wildcatter, Col. A. E. Humphreys. The other two are going down on the Focke and Berthelson.

THOMPSON'S WELL AT MEXIA IMPROVES

Special to The Record News.

MEXIA, Aug. 15.—The J. L. Thompson's Thomas 1 came in true to gusher form on the tenth instant, its initial flow gurgling into storage at the rate of 1,000 barrels daily.

This is not only the best well to come in during the past week, but is the best to have cheered operators and stockholders' hearts here for many weeks.

It is located on the prolific L. W. Thomas lease, is in the heart of some of the best territory in the field, having a wide area to draw from. Its only offset is the Humphrey's Thomas 6, which came in for 500 barrels and steadily increased to more than 1,000 barrels daily. It is consequently not a matter of surprise to learn that actual guage tests since its coming in two days ago have shown above 2,000 barrels, indicating that the well is getting better all the time.

EXCITEMENT STIRRED AT PRAIRIE LEA

Special to The Record News.

LOCKHART, Texas, Aug. 15.—The oil excitement near Prairia Lea on the San Marcos river, 14 miles west of Lockhart, has reached Lockhart and there has been a general movement toward that place to see what the chances are for further developments. Profound secrecy has been maintained by the east and west people and the four wells that have been sunk in that territory have been sealed and the outside people know nothing of what was found, other than oil was struck. The people connected with this drilling are all New Yorkers and men connected with 26 Broadway.

SMITH BUYS ROYALTIES

MEXIA, Aug. 15.—The E. L. Smith Oil company, incorporated, this week secured some very valuable royalty interests on a 128-acre tract near the Trapshooter Reilly and Snowden McSweeney wells at Currie. Much confidence is being expressed in the field there by oil operators here.

Quiesser Manager Of Fritz Motor Co.

Frank Quiesser, formerly connected with the Wichita Motors company, Tuesday became associated with the Fritz Motor company as general manager, according to an announcement made public yesterday morning.

Mr. Quiesser resigned from the Wichita Motors company last Saturday, his resignation not having been made public.

Mr. Quiesser, it is understood, has acquired an interest in the Fritz Motor company, which handles the Marmon and Reo cars.

RIO BRAVO NO. 1 SUSTAINS FLOW

Is First Real Test of Territory

John O'Neill's No. 1 Rio Bravo, section 31, South Electra, continued to maintain it's nice flow from the 1900 foot sand during Tuesday, according to reports available Tuesday evenink. The initial flow was at the rate of 300 barrels daily, as carried in the Tuesday morning reports, making this the first real good producer in the west side of section 31. The No. 3 Rio Bravo of John O'Neill is producing in the 1900 foot sand, but has never been considered a real test of the sand, because of difficulty in completing. The newest well may be considered the first real extension. It is about a half mile west of the Harvey Cullum 1900 foot producers, which opened up the new west side pool of South Electra.

TOLEDO BANKER IN JAIL AT FT. WORTH

By Associated Press

FORT WORTH, Aug. 15.—Albert H. Fenton, former banker at Toledo and said to be wanted there on a charge of embezzling $5,000 from an estate of which he was trustee, is held in jail here today by federal authorities on a complaint of being a fugitive from justice. Officers have been searching for him since October 1921. A federal grand jury at Toledo indicted him, according to information received here today.

FUGITIVE FROM LAW BACK IN SAN ANTONIO

By Associated Press

SAN ANTONIO, Aug. 15.—One year spent in Mexico as a fugitive from justice wrought marked changes in the personal appearance of the man who admits he is Edward F. Morse, but who will make no further statements regarding the charge that he absconded with $78,000 while employed as a teller in a Denver, Colo., bank. Neither will he tell anything concerning the pretty girl who disappeared from Denver at the same time he left. The girl, whose name is given by the police as Mabel Penfield, was also an employe of the bank. She is believed to be in Mexico.

USE A MAC-DRY BATTERY AND FORGET IT.—Adv.

RISE IN CRUDE EXPECTED SOON

Cut Only Temporary Operators Believe

Special to The Record News.

BRECKENRIDGE, Texas, Aug. 15.—The H. Stoker No. 3 was shot into production by the Simms Oil company and is a 125-barrel pumper.

That the managers of some of the big oil companies in this field anticipate an early comeback in the price of crude is evidenced by the activities of the past few days in this section.

A large number of new locations have been made in different parts of this field and much drilling is going on.

According to the books of Jack Moorehouse, representative of the state oil and gas commissioner, applications have been made through his office during the past 10 days for 12 or 15 new locations to be made.

SILK WELL MAY MAKE 300 BBLS.

Swabs Oil Before Tubing Is Set

Swabbing around 100 barrels during three or four hours, the Silk, Bullington and Clark No. 1 Burnett is being run to pump. It is also planned to drill two feet or so more of sand.

The well is permitted to stand over night, and then swabbed for a short time, to keep the oil alive, and the amount swabbed from the well in this perfod is not considered any indication of the potential production. Those who have visited the well are satisfied that it will prove a 250 or 300 barrel pumper, in the present sand, and believe that drilling a few feet deeper will bring a nice increase.

FORT BEND TESTS STILL PROGRESSING

Special to The Record News.

ROSENBERG, Texas, Aug. 15.—Oil tests throughout Fort Bend county and adjacent territory continue to make steady progress and good showings and interesting developments are anticipated within the near future.

W. H. Hertzog, recently of Colorado Springs, Colo., has completed the organization of a company for the purpose of making a test on a tract of land which he owns in fee, located in the west end of the Henry Chrisman league, between the Santa Fe railway and the Brazos river and about half way between Booth and Thompson. A location has been made and drilling probably will begin within the next 20 days.

11 Arrested for Strike Interference

By Associated Press

PALESTINE, Texas, Aug. 14.—Eleven men were arrested by United States Deputy Marshal Magrill today on charges of interfering with deputy marshals in the discharge of their duties in connection with the situation crated by the strike of railroad shopmen. The men were taken to Tyler late today. They a : Carl James, Clark Sanders, F. Zachery, Jack Sheppard, Fred Schnoor, Oscar Raiferson, Marshall Carter, O. T. Adams, D. McDaniels, Will Cordell and Jack Bowen. All of them live in Palestine.

Sundries Schedule Disposed by Senate

By Associated Press.

WASHINGTON, Aug. 14.—With few exceptions committee amendments in the sundries schedule and in the free list to the tariff bill were disposed of today by the senate which drove forward rapidly under the impetus of having to pass upon remaining committee amendments tomorrow.

Only a few contests developed during the eight hours' session and at times the work moved forward so swiftly that those in charge of the measure and leaders of the minority had to call a halt so they might catch up. Most of the amendments were agreed to without objection.

Upthegrove Named Cotton Belt Head

By Associated Press.

DALLAS, Aug. 15. — Daniel Upthegrove, formerly of Dallas, who was recently appointed acting president of the Cotton Belt railroad with offices in Kansas, was elected president of the St. Louis and Southwestern railway of Texas to serve until the annual meeting of stockholders in October, at a called meeting here today of the directors.

FOREIGNERS ATTACK CUSTOMS OFFICIAL

By Associated Press

RIO GRANDE CITY, Texas, Aug 15.—Jacob Hasbaund, an Assyrian, and Natividad Gonzales, Mexican, are in the county jail in connection with an attack upon a Mexican customs official at San Miguel, across the river from Losebanos. They were arrested at La Grulla last night by United States immigration officials and an agent from the department of justice.

The two men were attempting to smuggle liquor to the American side, according to the authorities.

INJUNCTION GRANTED

By Associated Press

FORT WORTH, Aug. 15.—A temporary injunction restraining the Community Finance corporation of Fort Worth from using the phrase, "Morris plan bank" in connection with their operations or referring to it in advertising has been granted by Federal Judge Estes in Texarkana. Papers in the case are expected here daily. Application for the injunction was filed by the Industrial Finance corporation.

ORIENT TAXES TO BE SLICED

Quanah Officials to Take Action

Special to the Record News.

QUANAH, Aug. 15.—The board of county commissioners will convene today, and one of the matters to come up will be that of reducing the assessment of the Orient railroad property in Hardeman county. The Orient traverses seventeen counties in Texas, and the county commissioners of all seventeen have been asked to reduce their assessments made against the road. News dispatches state that in Tom Green county the assessment has been reduced to $100 per mile, it having been $270 per mile. The state valuations of course, cannot be changed by the county commissioners.

GEORGE HAMMACK DIES

QUANAH, Aug. 15.—Geo. W. Hammack, the well known farmer resident of this county living in the Friendship neighborhood, died Thursday night, following an attack of acute indigestion, aged 52 years, 3 months, 26 days. He had recently returned from a visit with friends and came home feeling badly. He is survived by his wife, and several children, all of whom are married. The funeral was held Saturday afternoon, the interment being in the Goodlett cemetery.

START WORK ON FAIR

QUANAH, Aug. 15.—J. Y. Lane, with several laborers, will start work at the fair grounds today or tomorrow, in a clean-up campaign, in which the track will be dragged and put in good shape, the fences will be fixed, and the buildings will be generally overhauled, preparatory to holding the fair next month.

COUPLE HI-JACKED

QUANAH, Aug. 15. — Saturday night, while Jno. Pruitt with his wife and a load of ice were nearing Goodlett, they were held up by a couple of high-jackers who took $31.00 from them and then made their get-a-way.

Pruitt sells ice at Acme and Goodlett and the money taken from him represents Saturday's sales. No arrests have been made.

ICE PLANT

QUANAH, August 15 — Eunice Wilson of Vernon and H. C. Wilson of Quanah have purchased a block of land at Paducah and will build an ice plant there in connection with which they will operate a bottling works. The Wilsons state that the ice making machinery has been purchased and will be set up and put to work on arrival.

The two daily Western Pacific trains were annulled on account of strike conditions at Oakland and Stockton, and other California points where brotherhood men had refused to work as long as armed guards were retained. One Western Pacific train was abandoned by its crew after arriving at Stockton today from Salt Lake.

Note these New Prices on U.S. Tires

ON July 29, 1922, the lowest prices ever quoted on U. S. Passenger Car Tires went into effect—Royal Cords included.

These new prices should give confidence to dealers and car-owners that no lower basis of quality tire prices will prevail.

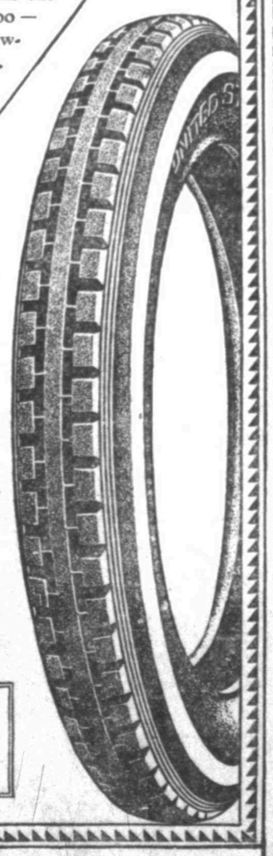

Bear in mind that these prices apply to the most complete line of quality tires in the world. Remember, too—as you read the following table—that U. S. quality has been positively maintained.

SIZES	Royal Cord	FABRIC Nobby	Chain	Usco	Plain
30 x 3 Cl.	——	$12.55	$11.40	$9.75	$9.25
30 x 3½ "	$14.65	15.60	13.00	10.65	——
31 x 4 "	——	23.00	21.35	18.65	——
30 x 3½ SS.	14.65	——	——	——	——
32 x 3½ "	22.95	20.45	16.90	15.70	——
31 x 4 "	26.45	——	——	——	——
32 x 4 "	29.15	24.35	22.45	20.85	——
33 x 4 "	30.05	25.55	23.65	21.95	——
34 x 4 "	30.85	26.05	24.15	22.40	——
32 x 4½ "	37.70	31.95	30.05	——	——
33 x 4½ "	38.55	33.00	31.05	——	——
34 x 4½ "	39.50	34.00	32.05	——	——
35 x 4½ "	40.70	35.65	33.55	——	——
36 x 4½ "	41.55	36.15	34.00	——	——
33 x 5 "	46.95	——	——	——	——
35 x 5 "	49.30	43.20	39.30	——	——
37 x 5 "	51.85	45.75	41.70	——	——

Federal Excise Tax on the above has been absorbed by the manufacturer

The dealer with a full line of U. S. Tires at these new prices can serve you better than you have ever been served before in the history of the automobile.

If there ever was any fancied advantage in shopping around for tires it disappeared on July 29, 1922.

LOWER THE RENT

THE junior college for Wichita Falls, the two new ward schools and the big improvement in the Sam Houston school all mean that this city is taking a step forward that will do as much as any one other thing to insure its progress and physical growth.

There will be many people who will want to move here to send their children to school. There will be people who will want to come here even if they have no children, because they know that any city with a splendid school system and ample buildings is bound to be a good city in which to live.

But there is one thing that must not be overlooked in building up the city and that is the high rent. Wichita Falls is from 25 to 50 per cent higher on rents than other cities the same size in Texas. People of average means cannot afford to come here and pay such high rent and it is the people of average means that build up the city. Any merchant or business man will tell you that the people of average means—the salaried people in particular—are the backbone of any city. Why drive them away and keep others from coming in because of extreme rents?

WHY NOT BE BUILDERS?

GOVERNOR NEFF is getting his constructive program ready for the lawmakers. He called the expert engineers of Texas together and these expert minds are going to work out a plan.

Governor Neff reminded these engineers that under the existing levy laws 400,000 acres of overflow land has been reclaimed; that before reclamation that these lands were worth only $15 an acre; that they are now selling for $250 an acre.

He told the expert minds assembled to plan something worth while for the people of Texas; that there are within the state approximately 4,000,000 acres of overflowed river bottom lands, about 8,000,000 acres of swamp and over-wet acres and millions of acres of semi-arid lands in need of irrigation. And he let loose something else—that of the 30,000,000-acre feet of water which the Texas rivers carry in an average year, 95 per cent is poured into the Gulf of Mexico.

Now why shouldn't the sane people of Texas get in behind the governor and the lawmakers and put over a legislative program that will reclaim these millions of acres of land in order that hundreds of thousand of new homes may be added to the citizenry of the state and a billion dollars added to the assessed values of Texas?

Why not catch and impound the flood waters for irrigation purposes?

Why not drainage systems that will reclaim the swamp lands?

Why not lakes in the upper country for the impounding of the flood waters and dykes in the lower country to prevent overflow?

For a quarter of a century the people of Texas fought over the prohibition question. Now prohibition is the organic law of the republic. It would require the legislatures of 38 states to take it out of the constitution and this will not happen in a thousand years to come. Little men quarrel over little things. Big men plan big things. Now is the time to plan big things for Texas. Wichita got there first.

WE'VE STILL GOT A GOOD CLUB

WHAT matter if Wichita did loose before breaking a world's record in consecutive baseball games won. Wichita Falls already has broken an ample supply of world's records in other lines and besides we have a mighty good chance at getting in the Dixie series here during the fair. That would be worth a dozen world's records in the number of games won.

Having made the American dollar worth a hundred cents, Governor W. P. G. Harding of the federal reserve board is to be thrown into the discard. His admiring fellow countrymen insist that he made it worth a hundred cents in order that Wall street should be given an opportunity to take $10,000,000,000 out of the pockets of the American people who are the producers of the actual wealth of the nation. Well, he doesn't need the job. He was a successful banker and had accumulated a fortune in Alabama before Woodrow Wilson ever heard of him.

STATISTICS AND THE EIGHTEENTH AMENDMENT

THERE has been a lot of loose thinking and a lot more of loose talking about the success of prohibition.

One thing that confuses the mind of the average person is the fact that newspapers make a business of publishing exceptional occurrences. In fact, the contents of newspapers is made up of exceptions, for it is the unusual that is news, and not the usual.

Every violation of the prohibition amendment, therefore, every instance of poisoning by home brew, every arrest of a bootlegger or capture of a rum-running tug, has been played up in big headlines.

Of course, people with judgment understand that the very printing of these things means that as a rule the amendment is pretty well enforced. But then, most people are rather deficient in judgment.

If the newspapers were full some morning of instances showing how prohibition was enforced, we should probably conclude that it had very generally failed.

The facts in the case are that no law ever passed by a civilized nation has done more to increase the sum of human happiness and to abate crime than the eighteenth amendment to the constitution of the United States.

Judge William M. Gemmill, for 16 years judge of the municipal court of Chicago, recently gave some statistics upon the question. He said:

"Twenty per cent of the jails of the United States have been without prisoners since prohibition went into effect.

"I have collected the prison statistics for the last seven years in several of the leading states, and everywhere the number of prisoners has been decreased since prohibition."

He then follows with some statistics of New York, Indiana, Massachusetts, Wisconsin, Iowa, California and other states.

"I have not found a single state or a single prison," he continues, "where there was not a marked decrease in the prison population in 1919 and 1920. In most of the states there was an increase in 1921 over the year 1920, but with that increase the prison population is still from 20 to 25 per cent less than it was before the war.

"From the last year before the prohibitory act went into effect to the first year following its enactment, the population of the Chicago Bridewell (the city prison) decreased over 50 per cent.

"During the years previous to the enactment of the prohibitory law 169 persons died in the hospital at the Bridewell from alcoholism. Last year one person died in the same hospital from the same cause."

Judge Gemmill quotes Judge Arnold, for many years the presiding judge for the Chicago juvenile court, showing a great decrease in juvenile crime.

He gives in detail the statistics of the probation department in regard to delinquent children.

In conclusion Judge Gemmill says: "Never before were American citizens as clean and law-abiding as they are today."

It should not be concluded from all this that we object to newspapers publishing instances of the breaking of the prohibition law. On the contrary, we hope that the news value of such instances will constantly increase.

ROGERS HAS ANOTHER CHANCE

MAJOR FRED S. ROGERS says that 67,000 organized wage earners of Texas cast their primary ballots for Pat Morris Neff and against him. He says that the farmers stood loyal and plumped 200,000 ballots in the boxes for Rogers and against Neff. Well, there will be another primary election in 1924. Major Rogers should be patient. This is a free country and according to the Terrell election law all the names are given a place on the ballot. Major Rogers is a very young man. One defeat never finishes a fighter. It is his American privilege to come again.

YOU CAN EXPECT ACCIDENTS

THERE was a fatal automobile accident near Wichita Falls Sunday night. It is almost a miracle that there is not a fatal accident in Wichita Falls every day the way some drivers turn corners and speed up across the streets while pedestrians are crossing.

Apparently, there is no observance of traffic laws to any degree whatever by many motorists and since the police force has been cut down to the bone there are NOT enough officers to check up on violations.

Rippling Rhymes

RICHES

I sometimes yearn for coin to burn, for all the brands of money; "this life," I think, "with loads of chink, would certainly be sunny. Now down the road, to my abode, the wolf is drawing closer; and I must scheme and plan and dream of how to pay the grocer. The rent is due and landlords two will soon demand their dollars, and bailiffs bum will shortly come, with other noxious callers. The whole year round I lack the pound, the kopeck and the shilling; I envy, then, the wealthy men who've made a princely killing." At divers dates with wealthy skates I mingle and foregather, and hear them swear and groan with care until they're in a lather. The market slumps a brace of jumps and millionaires are roaring; the prices rise and wealthy Croesus gent has all the records broken, he gathers up the loving cup and every other token. When I observe his weary curve, his care beyond are telling, I'm reconciled to bailiffs wild who drill around my dwelling.

OPPORTUNITIES FOR WOMEN IN MOVIES

A Series of Articles About Women Who Have Won Out in the Various Departments of the Movies
By CONSTANCE TALMADGE

ARTIST

Although the art departments of motion picture studios are largely recruited from the men artists of metropolitan newspapers, and scenic artists with theatrical experience, there is no reason why women should not be very suitable for this class of work.

In order to get authoritative information on the subject, I asked J. P. Gourlay, director in chief of the art department of Associated First National Pictures, Inc. just what he thought of a possible invasion of women upon his domain.

"So long as a girl can put out as good work as a man, it would make no difference to me which I employed," said Mr. Gourlay. "There is no reason why women shouldn't make out quite as well as men if they did the same style of work.

"However, girl artists as a rule specialize in decorative art work, in light line drawing and fashion detail. In motion picture are departments there's little need of this; what is required is bold work in black and whites, principally pen and ink, and brush and ink technically known as dry brush work.

"The various branches of the art department embrace figure work lettering, posters, designing in making of heralds and window cards, and art work for press sheets. An artist who has had retouching experience in a photographic establishment can be kept busy doing nothing else outside of retouching photographs, for it is necessary to do a great deal of retouching before a photograph is ready for the coarse screens used for newspaper work.

"When an artist has a complete knowledge of the various kinds of art required by motion picture enterprises,

Anna Maloney

shre may set herself up in a studio and solicit work from a number of concerns. Much work is given out, and the artist is paid according to his reputation.

"Portrait work pays best, and color work receives a righer price than pen and ink.

"Freelancing is a good way to break in, as the various art departments get acquainted with the artist's work in this way, and when there is a vacancy she stands a better chance than a stray outsider.

"No portrait work is done in the art department of a motion picture studio. This is given out to portrait painters who specialize in this branch."

Miss Anna Maloney is a pioneer in this work; so far as I know she is the first woman to take her talents as an artist into a motion picture studio. Besides doing work in the art department, Miss Maloney helped representing a stage with drop curtains, flies, etc.

Before breaking into the movie game, Miss Maloney studied are in the Academy of Design and under noted artists. It was her intention to go to Paris to complete her artistic education when a friend induced her to take a small part in one of my sister Norma's pictures, "Smilin' Through." One of the men from the art department came on the set to make sketches and was introduced to Miss Maloney and found her busily engaged with pad and pencil. He suggested that she tary movie art work. She applied to another motion picture company, as my sister and myself were leaving for the coast. It was with this company she did her scenic work.

The latest work done by Miss Maloney was for "The Light in the Dark," an exceptionally beautiful picture with Hope Hamilton in the stellar role.

The Once Over

SHOWING THE WIDESPREAD CONCERN OVER A COAL FAMINE

THE more you get about and look into the matter these torrid days the more you realize that the public is in the throes of deep distress over the prospect of a coal famine this winter.

Everywhere you go you find men so upset about it that they are falling way behind in their swimming lessons and women so distraught that they forget to lace their bathing shoes properly. Children are so disturbed they frequently eat their ice cream cones wrong end foremost. Mention the coal strike to an apartment house janitor and you will make it practically impossible for him to perfect his Australian crawl stroke.

The inquiring reporter went forth yesterday, equipped with the latest bulletins on how the coal strike will not be settled, and armed with the governmental plans to ration coal in a two-lumps-per-person basis during the coming winter. Carrying the heatless days data in one hand and a thermos bottle full of iced near beer in the other he sallied forth to get the right dope on the alarm felt by old Pete Public. With the following results:

Millicent Muddlehead Stenographer
Where interviewed: Train bound for the beach.

"Are you aware that this country faces a period of heatless days" asked the inquiring reporter, mopping his brow.

"You're the third guy what's tried to kid me on this train," replied Millicent, fanning herself with her hat.

"I am very serious, young lady. Heatless days are almost certain to be visited upon the people of this country."

"Well, only the rich and the people with a pull will get 'em," declared Millicent. "See if you can open this window for me, will yer?"

"Are you aware that the coal miners have been out now for many months and that——"

"Say, listen and get me right!" snapped Millicent, "I dunno nuthin' about any coal miner bein' out or who they've been out with, but they aint been out with me."

"Do you know that a single coal miner in the course of a normal day's work——"

"I dunno anything about single coal miners no more than I do about married ones. Now, beat it, and leave me alone or I'll call the conductor."

George Gargoyle
Clerk, Orange Drink Booth
Where interviewed: At the booth.

"What do you think of the coal strike?" ask the I. R.

"It's a lucky thing it didn't come," replied George.

"But, it did come," insisted the I. R.

"Did it?" asked George.

"Certainly. It's been on all summer and more."

"Is that so? 'S funny, but I didn't hear none of the customers say anything about it. They just rush up, shoot down a glass or two of iced orangeade and beat it away without mentioning coal one way or the other."

Hammond Egge
Businessman
Where interviewed: Off diving platform at bathing resort.

"Do you think there is any prospect of an early agreement between the miners and operators?" asked the inquisitive reporter.

"Watch me do this one," replied Hammond, putting his hand over his head and leaping from the springboard. "It's called the jackknife."

"Are you aware that shipments from the anthracite fields during the week, July 24 to Aug. 2, showed a decrease of 6.7 per cent?" asked the inquisitive journalist as Hammond came up for air with a noise like a dying walrus.

"The sea lion roll!" bawled Hammond as he rolled over and over in the water and then submerged completely.

The reporter had some trouble locating him again. Suddenly a few bubbles revealed the spot under which Hammond was swimming. Always an enterprising newspaperman who would run any assignment to the death, the inquiring reporter dove from the platform. To his surprise, by the time he rose to the surface Hammond had eluded him and was climbing up the diving platform again.

"Are you conscious of the fact that you will experience great suffering in your own house this winter unless President Harding brings the strike to an end and that your little children may die of the cold?" cried the I. R.

"Malden's Prayer!" "Look!" yelled Hammond as he rushed to the springboard and did a weird flop into the water.

This time as he came up the inquiring reporter grabbed him about the neck and yelled with anger:

"Have you any conception at all what the coal strike in the anhracite and bituminous fields means to the nation?"

"What coal strike?" asked Hammond.

Whereupon the reporter held him under water until all life was extinct.

SCREEN STYLE GOSSIP

By DOROTHY PHILLIPS

HOLLYWOOD, Cal—This city is properly gratified with the acknowledgment of Paris that the modistes of that great fashion center have been outdone in the Los Angeles made frock worn by Mabel Normand at the Auteuil races. Miss Normand has always been recognized as one of the best dressed women of the screen, but it is in private life only that she shines sartorially; the Mack Sennett productions in which she stars, are, as a rule, the type in which she portrays a mischievous little street gamin as in "Mickey" and "Molly O." In her latest picture, however, which is a Spanish story, entitled "Suzanna," the gowns are gorgeous, and this honor which has just come to the piquant little star is more than ordinarily appropriate.

A dark blue Canton crepe worn by Constance Talmadge at a recent luncheon, lost all its sobriety in a perfect riot of Russian embroidery that covered the panels of the skirt and the wide cuffs of the blousing bodice. With this Miss Talmadge wore an extremely chic visored chapeau of dark blue crepe also embroidered.

Wraps of the large shawl variety, in Chinese silks, beautifully embroidered, are tremendously popular, and coming a close second are the gorgeous Persian affairs, which are undoubtedly an echo here of the influence of "Omar the Tentmaker, which is being made by Guy Bates Post. The sketch shown was made from one of these wraps worn by Virginia Brown Faire over a ball gown of white satin the other evening.

WHERE TO GO

Olympic: "Yellow Men and Gold;" also "Trip to Paramount Town."

Strand: Irene Castle in "No Trespassing."

Empress: "The Sheik's Wife."

Majestic: Kitty Shannon in "The Mohicans Daughter."

Gem: Hobart Bosworth in "Blind Hearts."

KEEPING UP WITH THE JONSES —By Pop Momand

DOGHILL PARAGRAFS

By GEORGE BINGHAM

Sidney Hocks mounted his new mule Sunday morning, dressed in the height of fashion, and expected to create quite a flutter of admiration but his mule kicked up so much dust nobody could tell who Sidney was.

Sile Kildew, who worked all last week, has had his money changed into dollar bills, and temporarily is one of our most financial citizens.

Atlas Peck got his mind confused last night while reading two different advertisements of rival stores at Tickville.

Pointed Paragraphs

Many a man's aim in life is not to have any.

When a man stands on his dignity he sometimes puts his foot in it.

Some fellows are always behind time until it is time to stop.

A woman cares not who saves the money if she is allowed to spend it.

"Stormy weather makes me tired," complained the umbrella. "Every time it rains I am used up."

Many bruises on our hearts come from climbing over conscience.

The apostle of what he is going to do makes a mighty poor handy man around the house.

If some people aren't idiots they are clever at concealing their brains.

Of course there isn't any sense in getting mad about it, but who cares a rap for sense at such a time, anyway?

Husbands seem to fancy that wife's affections, like mint sauce, can be kept on ice until wanted and then just warmed over to order.

The hen that sits on a china egg is better off.

Cruel words seldom cut a lazy person to the quick.

Many a man punctures his tire on the road to wealth.

Few women have time to look like their portraits.

If a man is ignorant, it is impossible to defeat him in an argument.

A girl may think a fellow is a man after her own heart when he is really after her money.

There is nothing a woman admires so much in a man as the way he can open a telgram without fainting.

To get along with some people, make shift to get along without them.

Most men are so delicate that they cannot face the naked truth about themselves unless it is covered with a chiffon veil of flattery.

Ramblin' Kid's PapaGoose Rhymes

NOW SINCE

Our soldier boys
Went out and fought
To save us all
From ruin

Now since they're home
And need a job
There's not a darn
Thing doin'—

That's all!

Lesson No. 32

THE TWO-CIRCUIT RECEIVER

The connections of a simple form of loosely coupled set are shown in the following diagram. In this receiving set the dimensions of the windings are so proportioned that the secondary winding (L-2) may be moved in and out of the primary winding (L-1). The primary of this loose coupler may be constructed by winding No. 24 S. C. C. wire on a cylindrical tube six inches long and three and one-half inches in diameter The secondary is wound with the same size wire on a tube five inches lonog and three inches in diameter. By the insertion of two rods through the ends of the secondary tubes, this winding may be moved in and out of the primary.

An adjustable slider on the turns of the primary winding (L-1) regulates the number of turns, and consequently the amount of inductance connected in the aerial circuit. Taps from the secondary winding (L-2) are brought out to contacts and the inductance of the closed circuit is varied by the position of the switch (S). When the secondary winding is inserted as far as possible into the primary winding, the coupling is at a maximum and the tuning has a broad range of wavelenghts with loud signals. For sharper tuning and for the purpose of reducing interference, the secondary is drawn farther out of the primary. By connection of a variable condenser (C-2) of approximately 0.0005 mid. as shown in the diagram, sharper tuning and stronger signals may be obtained. The crystal detector (D) is connected in a series with the receiving telephones around which is connected the telephone condenser (C-3). Taps are taken from the secondary winding about every ten turns and resonance is obtained between taps by means of the variable condenser (C-2). If a crystal of galena is used to rectify the radio-frequent currents a light contact should be provided, so adjusted as to be moved over the surface of the crystal until a sensitive spot is located and loud signals obtained.

If a more stable adjustment is desired, a crystal of carborundum with the application of a local battery current and a contact point of firm pressure may be used.

A connection for a carborundum rectifier (D) in the secondary circuit is shown above. A battery (E), from 2 to 4 volts, is connected across the resistance coil (R). By adjusting the sliding contact on the resistance the amount of current flowing through the carborundum crystal can be regulated. This current should flow in a definite direction (determined by experiment) through the crystal in order to obtain the most satisfactory results.

It is important to note in connection with the operation of the loose coupler set explained above that the turns in use on the primary winding, should be direct inductive relation to the turns in use on the secondary winding as inductive relation between the unused turns on each coil prevents sharp tuning.

HUMOR—

By ROBERT QUILLEN
World's Greatest Paragrapher

Familiarity is offensive or flattering, depending on the standing of the man who acts that way.

The merchant marine must be on its last legs when it resorts to mud-legs.

And yet with some people religion is merely a kind of rabbit's foot to keep away bad luck.

Even a land of corn and wine would be a disappointment to the chap who prefers rye.

We no longer place women on a pedestal, but we pay more attention to what they stand on.

Another encouraging sign is the fact that men again find it worth while to counterfeit a dollar.

When the ship band wishes to play a patriotic air, it renders "Spree Cheers for the Red, White and Blue."

Fame is a funny thing, and Edison may be remembered by posterity as the man who wrote the questionnaires.

We become what we read. The man who reads bull about the oppressive capitalistic system soon becomes cowed.

"Woman's personality is revealed by her clothes."—Woman's magazine. Well, might as well make a complete job of it.

If you can't get away for a vacation, you can get the same feeling by remaining at home and tipping every third person you see.

As we understand it, the three-mile limit is where the ships let down the bars and give passengers the freedom of the seas.

One of the rights of the minority is that of running when the majority comes to flog it or coat it with tar and feathers.

One of the best things to take to cure that important feeling is an honest inventory of the mental stock on hand.

If a woman yearns to flirt a little, she can easily persuade herself that her husband doesn't understand her.

They tell us Americans don't understand the Irish situation, but Illinois is helping us to get the fundamental idea.

Some people get all their happiness from the conviction that the misfortune of their enemies are a divine punishment.

And so there is a "King of Bootleggers." In a little while the hootch peddler may obtain gangway by shouting: "On the king's business."

ANNOUNCEMENT

Charles J. Templeton, violinist and teacher, will return from Colorado Springs some time this month to resume his work here. New pupils desiring to enroll should address him at 1005 Broad street, Wichita Falls, phone 6292 or 405 North Main street, Colorado Springs, Colo.

Laff-A-Lot Club Stages Early Party in Honor Of Out-of-Town Guest

Mrs. Oral Blake of Dallas, guest of Mrs. C. P. Parks, was honored Tuesday morning when Mrs. C. C. Randle entertained members and friends of the Laff-A-Lott Bridge club at the Rod and Gun club.

The guests enjoying an early morning swim before going to the bridge tables arranged under the trees. Partners found each other for the opening game by matching flowers of different colors and species.

During the game punch was served, and at the end of the playing the guests enjoyed a salad and an ice course.

Mrs. J. W. McFain won high score prize, a beautifully decorated work basket, and the honoree was complimented with a similar token. Low score, on novelty powder puff, went to Mrs. A. W. West.

The players included, besides the honoree, Mesdames Robert Hamilton, W. M. Gamble, A. W. West, T. B. Smock, O W. Wilson, J. W. McFain, F. C. Oberwetter, W. C. Witcher, C. P. Parks, L. E. Stewart, C. C. Randle, Miss Frances Anne Saunders, Miss Lillian Randle, Mrs. W. W. Shuler and Miss Oberwetter.

Members of the club will be entertained by Mrs. A. W. West Friday morning of this week.

REBEKAH DEGREE TEAM WILL DRILL

The Rebekah degree team will meet for drill at the I. O. O. F. hall at 7.30 Wednesday evening. Every member of the team is urged to be present.

* * *

LADIES PLAY BRIDGE AT GOLF CLUB

Ladies' day at the Golf club brought four tables of players to the club house Tuesday morning.

High score went to Mrs. Ike Upchurch, the prize being a dainty bridge table marker.

Fruit sherbet and cake were served late in the morning to Mesdames J. C. Berney, Ike Upchurch, V. H. Hampshire, George Reppy, Jim Gardener, Bradshaw of Dallas, guest of Mrs. Hyer, H. F. Weldon, J. W. Duval, McPherson, Gilchrist, guest of Miss Suda Willis, Kendal and Miss Willis and little Margaret Kendall, who filled a place at one table.

* * *

BACHELOR CLUB TO GIVE DANCE WEDNESDAY

Members of the Bachelors' club announce a mid-summer dance to be given at the lake pavilion Wednesday evening of this week. Pearl Miller's orchestra has been secured and will offer an especially selected dance program.

Invitations have been extended to Comus and Cypher club members to attend the dance along with Bachelor club members.

* * *

FREE BABY CLINIC HELD ON THURSDAY

Thursday morning from 9 until 12 o'clock the services of a baby specialist and of two Red Cross nurses will be offered the babies of Wichita Falls free of charge.

The community house in north Wichita will become a public health center, where mothers are invited to bring their children for examination and treatment.

The clinic Thursday is one of a continuous series held at frequent intervals by the public health nurses of Wichita Falls.

TWO SOCIETIES HAVE PICNIC AT LAKE

Members of the B. Y. P. U. and of the First Baptist church and the Epworth league of the M. E. Church, South, united in picnicing at Lake Wichita Tuesday evening, a large number of both memberships being present.

The party motored to the lake where the pleasure of a number of games was followed by the added pleasure of a watermelon feast.

* * *

B. Y. P. U. MEMBERS ORGANIZE BRANCHES

Members of the B. Y. P. U. of the First Baptist church were busy with organization Sunday. In the main branch of the organization at the First church, a division for the unmarried young people from 20 to 30 years of age was organized with J. Ward Faggard as president.

An intermediate union was organized on Sunday morning at the South Side Mission church, Mrs. Homer McGregor and Miss Alma Lee Garner leading in the organization meeting.

And on Sunday afternoon at 4 o'clock members of the Mexican mission church were organized into a B. Y. P. U. body.

Besides Mr. Faggard, officers of the division organized in the main branch Sunday were: Geroge Cullen, vice president; Miss Hazel Dunlap, secretary; Elmer S. Pettit, treasurer; Miss Gladys Price, corresponding secretary; Miss Emma Carter, quiz master; Miss Frances Scott, chorister; Mr. and Mrs. W. S. Starnes, counselors.

SOCIETIES ..... elCeln Hugero

Mr. and Mrs. J. A. Byler and Miss Leda Byler of Mertzon, Texas, are visiting Mrs. Clyde Gabbert, Mrs. Jack Ogle and Miss Bernice Byler, daughters of Mr. and Mrs. Byler.

Little Stories For Bedtime

Granny Discovers Old Man Coyote's Secret

Granny Fox listened to the great noise of Bowser the Hound as it rolled across the Green Meadows and through the Green Forest and she scowled. "What has that careless scamp of a Reddy been doing now?" she grumbled. "I've warned him and warned him to keep away from Farmer Brown's ducks and chickens while it is easy to get enough to eat down on the Green Meadows and here in the Green Forest. I thought he had learned his lesson, but it seems that he hasn't, for as surely as I am sitting here this blessed minute that good for nothing dog is chasing him now. It isn't the hunting season yet and we ought to be left in peace while the weather is warm. It must be that Reddy has been after those chickens in spite of all I have said."

Meanwhile poor Reddy was puffing and blowing as he tried to fool Bowser the Hound and get him so mixed up that he couldn't follow Reddy's track any further. At last he succeeded and then, so winded and tired that he could hardly walk, he joined old Granny Fox. He panted for breath as he dropped on the ground at her feet. You see, he was so fat and had done so little running that he was in no condition to make such a long, hard run as he had had to. Sparks of anger flashed from Granny's eyes as she looked at him.

"What have you been doing now?" she demanded sharply.

"Nothing," panted Reddy. "I haven't done a thing."

"Don't tell me that!" snapped Granny. "Farmer Brown's Boy doesn't get his gun out for nothing at this time of year, and I saw him with it hiding behind the old stone wall where he thought you would cross. It is a lucky thing for you, Reddy Fox, that you didn't try to cross there. Now what have you been doing? Haven't I warned you to leave those ducks and chickens alone? I wonder if you ever will get any Fox sense into that silly head of yours!"

Poor Reddy! It was bad enough to have to run until he was out of breath and tired enough to drop, and then to be blamed for something he hadn't done! It was too much.

"I haven't been near those chickens and ducks!" he snapped. "It's so long since I've tasted one that I've almost forgotten what they taste like. I haven't been doing anything. That pesky dog found me asleep on my sunning bank and I waked up just in time. That's all I know about it."

Granny asked a few questions and Reddy told her about his dream and how it had turned from a beautiful one into a bad one and then he had waked up in time to run for his life. Reddy was so much in earnest that Granny just had to believe him.

"That's different," said she. "It is very clear to me that Bowser the Hound was led to your sunning bank by somebody who knew you were there. You stay right here until I come back."

With this old Granny Fox slipped away through the Green Forest. Straight through the Green Forest and down across the Green Meadows she trotted. As she drew near the far corner of the Green Meadows where Old Man Coyote's home is she crawled on her stomach so as not to be seen; and she took the greatest care not to make the least bit of noise. By and by she reached a place where she could see Old Man Coyote's home. There he lay stretched out taking a nap, and near him were two or three bones which Granny knew to be chicken bones.

"I thought as much!" said Granny to herself. "He's been stealing chickens and is making Farmer Brown's Boy believe that it is Reddy or me. We'll see about this! You may be smart, Mr. Coyote, but there are others. Yes, sir, there are others!"

Next story: Granny Fox gets even with Old Man Coyote.

SUGAR FUTURES

By Associated Press

NEW YORK, Aug. 15.—Raw sugars are easier; centrifugal 5.30. Refined dull; fine granulated 7.00@7.10.

FASHIONS

Here Is a Party Frock for a Six-Year Old

Taffeta and net are prettily combined in this party frock, for a little girl, the trimming consisting of very narrow ribbon stitched on as bands around the skirt, and clusters of flowers or small fruits appliqued here and there. The model sketched was in white taffeta and white dotted net, with cherry colored ribbon and bright red silk cherries as the decoration. The frock, meant for a girl of four to eight years, demonstrates the attractive possibilities of fabric combinations in the development of children's clothes.

The waist line question, whether high, low or non-existent, is one of the important points that must be discussed and settled every season when clothes for grown-ups are under consideration. It is interesting to note that in children's clothes more belted effects and defined waist lines are seen for fall and winter than for several seasons.

Naturally the actual waist line of the juvenile is a somewhat imaginary line to begin with, but designers of clothes for the younger generation have seen fit to indicate its existence in many of the new styles. The effect is often charming.

Sheer lingerie frocks will always be in high favor for very small girls, and among the lines offered for the coming season the use of Irish crochet as a trimming is decidedly pronounced. Rather wide patterns of the lace are frequently used to finish the edges of skirts, and entire sleeves and wide berthas are also formed of it. Incidentally Irish crochet seems destined to have a strong vogue all along the line, as dainty voile blouses of fall and winter vintage seem to find it the most approved trimming.

Now That's Rather Odd

CALEXICO, Cal.—The government proved the wisdom of "Poor Lo" in naming liquor "fire water" some centuries ago. One hundred gallons of liquor confiscated by federal customs officers was ordered emptied into the gutter in the usual way yesterday. The thermometer registered 120 in the shade, and when the liquor spattered on the pavement it burst into flames from the heat of the sun.

The officers moved to another location and started pouring some into the gutter. Again it burst into flames and the flames flashed up the stream of liquor and exploded one of the tanks. The officers then poured the fire water direct into the sewer.

Dozens of spectators saw the fire water fire.

SAN BERNARDINO, Cal.—That there is one "commodity" not affected by rail strikes was demonstrated by the arrival of two additional passengers while Santa Fe trains were marooned at Seligman, Ariz. The two babies, one born Saturday and one Sunday, arrived here last night along with 400 passengers who have been stranded at the Arizona town since Thursday night.

NEW YORK—Seventy-five members of the motor hearse owners' association protested against the action of prohibition agents, who, they declare, have been stopping hearses on Long Island to search for liquor.

PROVIDENCE, R. I.—Police of this city are searching the pawn shops for jewels valued at $21,000 which were stolen from Mrs. B. S. Craib, of St. Louis, some time between July 29 and August 5.

M'ALESTER, Okla.—The Rev. J. C. Trotter, pastor of the Haileyville Methodist Episcopal church, is in jail here today and Miss Audrey Campbell, head nurse of Brooks institute, a welfare and community hospital at Hartshorne, is at liberty under bond pending their arraignment on a charge of embezzlement. The two were arrested at Eufaula, Okla., last night and brought here following the discovery of an alleged shortage in their accounts at the institute.

BUSINESS NEWS

AUSTIN, Aug. 15.—Net revenue to Texas railroads during the first five months of 1922 totaled approximately ten million dollars, or an increase of more than 12 per cent over the corresponding period of last year, according to a report of financial conditions of the roads announced today by the state railroad commission. The increase in profits was $1,106,570, the report states.

Operating revenues for the five month period totaled $73,692,248, a decrease of 18 per cent over the same period last year, according to the summary. Operating expenses amounted to $65,716,221, or a decrease of 21 per cent.

NEW YORK, Aug. 15.—German marks were quoted today by local banks and foreign exchange houses at ten for a cent, the lowest price ever recorded, and there were few takers. Later the price dropped to 9 3-4 cents per hundred marks, as compared with 11 7-8 cents last night.

MONTREAL—Canadian railways today cut the wages of their shopmen about $200,000, although 37,000 workers had threatened to strike if the action was taken before the board of conciliation had decided the dispute.

AUSTIN—Announcement was made here today of the election of Walter F. Woodul of Houston as president of the reorganized International and Great Northern railway company, and Richard E. Williams, also of Houston, as secretary, by S. P. Dabney, Houston, attorney for the railroad. Dabney stated an amendment had been filed with the attorney general to the railroad's charter to change the name to International-Great Northern Railway company and to make all stock in the company common. The amendment does not deal with headquarters of the company, he said.

Moderate Price Advance Scored In Stock Lists

By Associated Press

NEW YORK, Aug. 15.—A moderate advance in prices took place in today's stock market, most of yesterday's losses being wiped out in short covering operations combined with some buying from western points.

Industrial issues were strengthened by the breaking up of the soft coal strike and the outlook for peace in the anthractie fields.

Rail shares showed early firmness indicating the financial community's belief that the strike crisis was waning, but the announcement that President Harding, was to go before congress on the rail situation caused some irregularity.

Steel shares showed considerable improvement, probably as a result of developments in the coal strike.

U. S. steel common was up a point, lackawanna rose 1 7-8, republic 2½ and other independent shares in sympathy. The individual fatur in this group was crucible which soared 2 3-4 points on reports that dividends would be resumed shortly. Union Pacific, which was up nearly 2 points to a new high for the year, featured the carriers, other strong spots in which were Chesapeake and Ohio, New York Central, Chicago and Northwestern, Norfolk and Western and New Orleans, Texas and Mexico, all of which advanced 1 to 2 points.

Several more new highs were recorded during the day's tradnig, notably by famous players, international paper, Pittsburgh coal and U. S. realty. Mexican petroleum moved within comparatively narrow limits today, closing at a net gain of 1 3-8. Baldwin and Studebaker, the other speculative favorites, also moved to higher ground.

Total sales were 550,000 shares.

HEAVY BUYING IN COTTON MART

Texas Rains Cause Price Sag

NEW ORLEANS, La., Aug. 15. — Heavy buying of cotton was evedenced in the local market today in the early trading and again in the late trading. In between prices sagged under private reports of t ther rains in Texas and claims that considerable moisture was falling in drouthy sections of the state. The early strength was stimulated by a much higher Liverpool than due and the first advance carried prices to the highest levels of the day, to 20.18 for October and gains of 32 to 42 points on the list. Sags carried the market as low as 3 to 20 points under yesterday's final prices at one time but the close was at net advances of 31 to 41 points, October closing at 20.11. At its lowest October traded at 19.60.

It was at first claimed that light rains in the western belt of the last few days had done the crop little good but when Texas points commenced to tell of more rain falling during the day a wave of selling developed and during a good part of the session prices were either at small declines or at small net gains.

May	19.83	19.83	19.83

NEW YORK COTTON

By Associated Press

NEW YORK, Aug. 15.—Early advances were followed by reactions in the cotton market today but after selling off from 20.58 to 20.12, the price of December contracts rallied to 20.62, or 40 points net higher on covering inspired by the more favorable view of domestic labor conditions. December closed at 20.60 with the general market closing steady at net advances of 33 to 38 points.

The market opened firm at an advance of 9 to 18 points, and the active positions showed net advances of 30 to 36 points before the end of the first hour owing to the hope of an early settlement of the coal strike, relatively firm Liverpool cables and reports of a slightly better business in Manchester. Demand failed to broaden materially on the early advance which met some realizing and scattered southern hedging, however, and the market turned easier during the middle of the day under renewed selling on the fear of a decline under the weight of early new crop receipts.

NEW ORLEANS SPOTS

By Associated Press.

NEW ORLEANS, Aug. 15.—Spot cotton quiet and unchanged. Sales on the spot 11; to arrive none. Low middling 19.25; middling 20.50; good middling 21.50. Receipts 1272; stock 60,236.

DALLAS COTTON

By Associated Press

DALLAS, Aug. 15. — Cotton steady; 20.05. Houston, steady; 20.35. Galveston, steady; 20.80.

LIVERPOOL, Aug. 15.—Cotton spot in limited demand; prices easy. Good middling 12.48; fully middling 12.33; middling 12.23; low middling 11.78; good ordinary 10.93; ordinary 10.43. Sales 5,000 bales, including 3,900 American. Receipts 9,100 bales, all American.

WHEAT LOSES DOLLAR SIGN

Buyers Are Scarce in Grain Market

CHICAGO, Aug. 15. — Wheat dispensed with the dollar sign today for a while and buyers were scarce. The market touched 99¼ a bushel for the September delivery, with all months at a new low price record for the season. Closing quotations were unsettled at ¼ to 1⅛ net decline, September $1.00½ to $1.00¾ and December $1.01⅝ to $1.01¾. Corn, however, gained ¾ to 1¼@1⅜, and oats ⅜@½ to ⅝. In provisions, the outcome varied from 2½ cents decline to 10 cents advance. Shrinkage of buying power and widening out of pressure to sell were most apparent in the wheat market after word was out that President Harding would hold no further parleys regarding the rail strike.

Complaints that corn was firing because of continued hot weather gave strength to prices for corn and oats. In particular the Nebraska corn crop was reported to be going back rapidly.

Owing to 10,000 pounds reduction of lard stocks here provisions were dull and irregular, but scored some gains.

Reed Named to Serve Crow Term

Special to The Record News.

WASHINGTON, Aug. 15. — Announcement of the appointment of Major David A. Reed of Pittsburgh, to serve out the remainder of the senate term of the late Wm. E. Crow, will be made tomorrow and the new senator will take his seat immediately, it was said today by those who have talked with Governor Sproul of Pennsylvania, who is in Washington. The governor, it was said, will remain here to be present when Major Reed, who is the republican candidate for the seat held by Senator Crow, is sworn in.

GRAPES FLOOD LOCAL MARKET

Roasting Ears Still Bring Good Price

Grapes from home vineyards are in plentiful supplies to the local market Tuesday and were taken readily by the dealers. The variety is limited, however, but the grapes offered are deliciously flavored and the bunches of large size.

Roasting ears from nearby fields continue to bring good prices on the local market and there is a limited supply of squash, tomatoes and blackeye pease.

Galveston County Wins Big Case

By Associated Press.

HOUSTON, Aug. 15. — In a lengthy written opinion defending rights under contracts, Judge J. C. Hutcheson, Jr., in federal court Tuesday decided the famous Galveston causeway case in favor of Galveston county and the railroads using the causeway and against the contracting firm, the Galveston Causeway Construction company.

Holding that the causeway contract was valid, Judge Hutcheson's opinion states that judgment for $652,616.45 will be granted against the defendants. The decision is a complete victory for Galveston county and the railroads, who claimed that amount as spent after they had taken over construction of the causeway.

Ship Channel Bids Are Offered

By Associated Press.

GALVESTON, Aug. 15. — Bids for dredging a seventeen mile section of the Houston ship channel, from Bayton to a point near Clinton, were opened today by Major L. M. Adams United States engineer in charge of this district. There were three bidders and the proposals were made on the basis of dredging the section to a depth of 30 feet at mean low tide. Award of contracts will not be made until the bids have been canvassed by Major Adams and forwarded to Washington.

WASTEFUL ECONOMICAL GAS LIGHTING

Lighting with natural gas can be done as effectively and more economically than with any other means.

Properly installed fixtures afford a beautiful, mellow light that floods the rooms and is not trying on the eyes.

Use Mantles

Natural gas for lighting should always be used with mantles. Careful regulation of the air intake will insure a brilliant white mantle and a fine light.

Because natural gas is so low priced in this community many burners are left going when the light is not needed. Such practices cost money in both gas and mantles.

Turn off your lights when you can. Matches cost less than gas.

Never Say Die Spirit Wins for Spudders in Ninth Again

WICHITA SHOWS SAME STUFF AGAINST BEARS THEY HAD IN SERIES WITH SMELLERS

Good Ol' Bob Bescher Lambasts One on the Nose for a Round Trip With Two on Base; Spuds Harvest Eight Luscious Runs From Ten Plump Hits Before Dizzy Bears Awake

Special to The Record News.

SAN ANTONIO, Aug. 15.—In another ninth inning rally the Spudders pounded Larry Cheney for 10 hits and scored eight runs. The hits were interspersed with Beck's strikeout and Bescher's home run with two men on, his first this season. When the rally started the score was even and Tanner's triple to left, from which he was scored by Adams' single to right, broke up the tie.

Wichita started the scoring in the second inning when, with Summa and Miller out, Beck doubled and scored on White's double to right. A wild pitch sent White to third and he crossed the plate when Dempsey

Score by innings:

Wichita Falls	020 000 008—10
San Antonio	002 000 000— 2

Summary: Stolen base, Tanner, Fuller, Henry; sacrifice hits, Cheney; two-base hits, Fuller, Beck, White 2, Summa; three-base hits, Tanner; double plays, Fuller to Dempsey; base on balls, Cheney 1, Wheeler 3; struck out, Wheeler 5, Cheney 3; wild pitch, Cheney; hit by pitcher, Wheeler (Hiller). Time 2:12. Umpires, O'Toole and Kane.

dropped Gross' throw on Bischoff's grounder. Wheeler then fanned.

San Antonio evened things up in the next inning when Fuller and Hiller counted. Hiller was hit by a pitched ball and went to first, being sacrificed to second by Cheney. He went to third when Fuller beat out an infield hit to Adams. Gross hit to right scoring Hiller and sending Fuller to third, from where he was scored by Booe's single. Gross stopped at second, Kirkham walked, filling the bases and Dempsey hit to White, forcing Gross at the plate. With the bases still full Henry struck at three pitched balls.

Wheeler Fans Three

Following his strikeout in the third with the bases full Wheeler retired the side in order in the fourth, making four straight strikeouts. Myers, Hiller and Cheney faced him and each watched three balls pass.

Until the ninth inning the game was a pitching duel between Wheeler and Cheney. In the second the Bears were unable to reach first and the only ball placed out of the infield was Henry's fly to Summa. In the seventh Cheney reversed the standing and no Spudder saw the initial sack.

But, Oh, That Ninth

Tanner started the rally in the ninth with a triple to right followed by a single to left by Adams, which scored him. Adams took second on Summa's single to left and Miller beat out a bunt down the third base line, filling the bases. Beck went out swinging. White came up and pounded the ball to deep left for a double, scoring Adams and Summa. Bischoff kept up the good work with a single to center, letting Miller and White cross the plate. A hard drive to right sent Bischoff to third and put Wheeler on first. Bescher came to bat and put the ball over the fence for his first home run of the season. Tanner got his second hit of the inning when he singled to center. Myers rested under Adams high fly and Summa took another hit to right. The rampage stopped when Miller forced Summa at second making the third out. The team had batted around with 10 hits, 8 runs and no errors.

It looked like a run for San Antone in the last half when Henry went to second on Adams' bad peg to Beck. Myers went out, Tanner to Beck and Hiller flew out to Miller. McKee, batting for Cheney, walked and Fuller was sent out, Tanner to Beck.

The Spudders missed a chance to cross the plate in the fourth when Summa after a double to second was caught going to third. Beck then popped to Gross and Miller was caught off first.

"OLD ROMAN" PUTS ON CELEBRATION

By Associated Press

CHICAGO, Aug. 15.—Charles A. Comiskey, owner of the Chicago White Sox, who has been ill in a hospital for almost a month, celebrated his sixty-third birthday at home today. The "old Roman" is greatly improved in health and has planned to start on a short automobile trip.

Fruit losses resulting from the strike are reported heavy. Particularly in the San Joaquin valley, where it was estimated that growers today lost 500 cars of green fruit valued at $500,000.

HIGH GRIDDERS REPORT TODAY

Captain Walker Calls Out Backfield

Captain "Hunky" Walker, of the high school football team, issued the first call for practice Tuesday afternoon. Although regular work will not begin until September 1st he is anxious to get the men out in the afternoons for light training and passing practice. The high school grounds will serve as a temporary field and practice will start at 5 o'clock.

Uniforms will not be issued until Coach Jones arrives in a week or two and the uniform of the day will be old clothes and tennis shoes. Backfield men are especially desired as they will receive preliminary instructions in the art of handling the pig skin and gaining ground. All last year's letter men were present at the first practice and although it is too early to predict, there was enough material on the field to give good promise of a winning team. About fifteen men will report on the field today and it is expected that the number will be doubled before the regular season opens.

AIDS GOLFERS

Glenn H. Curtiss

MIAMI, Fla., Aug. 15—Three tractors are at work and fifty men employed daily in getting the Miami-Hialeah municipal links ready for the opening of next season. Three greens have been started and work is being done on all eighteen. The fairways have all been planted with grass and the links should be in excellent condition by winter, acording to Mark H. German, president of the club.

The management will not be satisfied with fairly good course but plan one of the finest in Florida. "It is being built under the supervision of W. D. Lyman, an expert who was employed at the suggestion Longford & Moreau, golf links architects.

The land on which the Miami-Hialeah course is being built was given by Glenn H. Curtiss and James H. Bright, and Mr. Curtiss is subscribing a dollar for every dollar raised by citizens, nearly $25,000 additional being needed to complete the course and build the clubhouse.

WACHTEL IN FORM; EXPORTERS SUCCUMB

By Associated Press

FORT WORTH, Aug. 15.—Wachtel shut out the Exporters while his mates pounded Buscha hard and won the first game of the transferred series at Panther Park today 3 to 0.

Sears hit a home run in the third, the ball clearing the pavillion in the right. Score.

Guess We'll All Hafta Go, Won't We, Spud Fans?

Henrietta, Texas, Aug. 15, 1922.
Spike Cooper,
Wichita Falls Record News.
Dear Sir:

We are going to stage a rip-snorting ball game here Sunday the 20th, Seymour vs. Henrietta. Game called at 3:30. As Henrietta has been a regular and faithful bunch of Spudder Rooters we would like for you to give us a great big boost on your sport page for next Sunday's game. I know the roads are rough from Wichita to Henrietta but they were NOT too rough from Henrietta to Wichita. If you would like to see a real honest-to-goodness amateur ball game, come down.

Yours respectfully,
C. D. McANNALLY.

P. S. Here's hoping for 25 more straights. (And then Poor Cats).

ORDER FOR SPECIAL DEPUTIES IS SIGNED

By Associated Press

HOUSTON, Aug. 15.—A blanket order authorizing United States Marshal R. A. Harvin to appoint 100 special deputy marshals if he so desires in order to cope with the railroad strike situation in the southern district of Texas was signed today by Federal Judge J. C. Hutcheson.

Captain Harvin stated that he has at present sixty special deputies on strike duty and that he considers them sufficient for present needs but that the new authorization was given to meet any emergency that might arise while Judge Hutcheson is out of the city.

SEVEN LETTER MEN ON VERNON TEAM

Special to the Record News.

VERNON, Texas, Aug. 15.—Seven letter men form the nucleues for the Vernon high school football team for 1922, and have already commenced practice for the coming grid season. R. B. Galbreath, formerly of the University of Missouri, will serve as coach this year, coming here from Bonham. The new mentor is expected here by September 1.

Jess Hollar, son of L. A. Hollar, county superintendent of schools, is captain of the 1922 team. Hollar plays quarterback and displayed excellent generalship during the last season. A schedule has not yet been completed for the locals, but will include games with both Texas and Oklahoma teams.

MORE OPEN PORT LAW AT CHILDRESS

By Associated Press

AUSTIN, Aug. 15.—The open port law at Childress, which has included one thousand feet on either side of railroad property, has been extended to include the entire town and all territory within one mile radius of the town, by Governor Neff, it was learned from an authoritative source this morning. Governor Neff refused to discuss the strike situation at Childress and other railroad centers.

Come Back Strong After Dropping First Game

By Associated Press.

WASHINGTON, Aug. 15.—St. Louis split even in a doubleheader today, winning 7 to 1, after being defeated in the opener 6 to 1. Zachary proved a puzzle to the visitors in the first game while the locals bunched hits off both Wright and Pruett. In the second encounter the locals were baffled by Davis while Francis was hit hard and frequently.

PIRATES DRIVE NEHF FROM MOUND

Hit Hard and Win Easily From Giants

By Associated Press.

PITTSBURGH, Aug. 14. — Pittsburgh by hard hitting defeated New York today, shaking off the hoodoo that Arthur Nehf has held on them for years. Nehf was knocked out of the box in the second inning. Cooper was in good form, holding the Giants to five hits, two of which came in the ninth. In the eighth inning Tierney knocked a home run, scoring Russell, who had tripled. Score:

TEXAS GUARDS REACHING CAMP

Officers Report at Camp Mabry

Special to The Record News.

AUSTIN, Texas, Aug. 15.—Field and staff officers of the 56th cavalry brigade, Texas national guard, who will enter encampment at Camp Mabry Wednesday, were reporting in Austin Monday in advance of the camp. Brig. Gen. Jacob F. Wolters, commander of the brigade, reached here Sunday, accompanied by Lieut. C. P. Smith, adjutant of the 56th machine gun squadron.

The 56th cavalry brigade troop from Brenham, which received much praise from Governor Neff for efficient work at Mexia during martial law there last fall, and the cavalry band of the same unit, will reach Austin early Wednesday morning over the Houston & Texas Central railroad.

Officers and instructors who were on hand Monday in readiness for the camp are: General Wolters, Maj. L. S. Davidson, executive officer; Capt. Harry H. Johnson, adjutant; Capt. Paul W. Taylor, intelligence and training officer; Lieut. Frank L. Chase, aide; Lieut. Bruce M. Caylon, signal officer; Lieut. Clayton P. Kerr, supply officer; Coy. Lloyd E. Hill, commander 112th cavalry; Lieut. Col. Eugene DeBogory, executive officer, 112th cavalry; Capt. A. S. Johnson, adjutant 112th cavalry troop; Lieut. Ed Armstrong and Lieut. E. H. Heaton; Maj. Calyon Garwood, commanding officer, 56th machine gun squadron; Lieut. C. P. Smith, Houston; Col. S. P. Adams, U. S. cavalry, senior instructor.

Most of the troops are expected on the sixteenth.

Slayers at Liberty On Heavy Bond

By Associated Press.

DALLAS, Texas, Aug. 14. — C. T. Harp and J. E. Hamilton, residents of Rockwall, respectively, are at liberty on $7,500 bond pending the outcome of habeas corpus proceedings which were begun this afternoon. Harp and Hamilton are charged with murder in connection with the fatal shooting of Howard T. Johnston last Saturday. The shooting occurred in a hotel room where Harp, Hamilton and Johnston are said to have gone to discuss the alleged relations between Johnston and Dorothy Harp, Harp's 17 year old step-daughter.

No Plans Ready

By Associated Press.

MEXICO CITY, Aug. 14. —The Mexican government has no plans for submitting a project to congress looking toward amendment of article 27 of the Mexican constitution, as demanded by the American state department, General P. Elias Calle, chief of the cabinet, told newspaper men tonight. If such a request were made of the legislators, he added, it would be because the government was convinced such a step was necessary and not as a preliminary to recognition.

Premier Rejects French Proposal

By Associated Press

PARIS, Aug. 14.—A London dispatch to the Havas agency late this afternoon says Premier Lloyd George rejected Premier Poincare's final proposal to call another session of the allied premiers in November, meanwhile requiring Germany to meet her August, September and October reparations payments. Premier Poincare, the dispatch adds, rejected Lloyd George's counter proposal of a three months' moratorium, unless it should be with allied control of German mines and forest, and this the British premier refused to consider.

PEACE LOOMS IN EASTERN FIELDS

Hard Coal Strike Clearing Up

By Associated Press

PHILADELPHIA, Pa., Aug. 14.—Prospects of peace in the anthracite coal mines of Pennsylvania appeared brighter tonight than at any time since the suspension became effective April 1, rendering idle approximately 165,000 men.

Negotiations between the operators and representatives of the miners, broken off June 14, when the mine owners' arbitration proposal was rejected, will be resumed in this city Wednesday and the conciliatory tone of messages between Samuel D. Warriner, head of the operators' negotiating committee, and John L. Lewis, president of the United Mine Workers, arranging the conference was said by those in close touch with the situation to presage an early settlement of the differences.

SOUTHERN PLANNING FOR NEW ROUNDHOUSE

It was learned yesterday from Superintendent R. W. Miller that plans for a new roundhouse to be used by the Wichita Falls & Southern were begun Tuesday, and that engineers are now making blueprints of the new structure, which will replace the one destroyed by fire Sunday night.

The extent of the new structure was not learned, although it was asserted by Superintendent Miller that it will "be larger than the one which burned, and more expensive."

The debris of the Sunday fire was rapidly being cleared away yesterday, and it was asserted by officials that the wreckage of ruined machinery, bricks, etc., will soon be hauled away.

LODGE DIRECTORY

EDITORS PUT WICHITA FALLS BOOST STUFF ON PAGE ONE

Stamford Writer Very Much Pleased to Find Hotel Living Up to Its Agreement and All Whom He Dealt With Were Hospitable

Wichita Falls won the heart of Northwest Texas editors and publishers at the recent press convention.

This is the leading thought from articles written by the visiting editors upon their return home and published in their own newspapers.

Whatever they thought of the town before they came over for the press meeting it makes no difference. They're sold on Wichita Falls now.

Here's what G. L. Inglish of the Stamford Leader published Tuesday on the front page of his newspaper:

One of the very best meetings we have yet seen in the line of newspaper conventions was that of the Northwest Texas Press meeting at Wichita Falls Friday and Saturday last. There were not 50 present, but what they lacked in numbers they made up in good work, enthusiasm and good fellowship.

From the very start it was apparent that all who attended were welcome. There was no red tape about that. There is no flamboyant bombast about the people of Wichita Falls. If they make a feast and invite the multitude it means the multitude is expected, and when the multitude gets there it finds that all is just what they said they would do, the only difference being they do just a little more for good measure.

The Kemp Made Good

What we mean by this, and we will try to relieve our chest of that point right at the start, is that they promised greatly reduced rates at one of the finest hotels in Texas—the Kemp—and they made perfectly good.

That hotel did not overlook one thing in making the guests feel perfectly at home and you could not buy that service in any other hotel for double the money—the service they gave the gang.

We say this for this reason: Once the press gang was invited to partake of rates and every other thing and when it was over everybody was sore and broke. If you turned to the left it was money; if you turned to the right it was money; if you stood still it was more money and if you tried to run they would take you for a coward and run you down and get it all.

Not so at Wichita Falls.

Wichita Not So Bad.

You listen to the rabble and the gabbers and you think Wichita Falls is the worst place in the world. They tell you about the highjackers and the low-brows; they tell you of hold-ups and the low-downs in the women line; they tell you a lot of things of that sort.

You may go 50 miles from Stamford and hear exactly the same thing. You may go that far from any other town or city and hear that or worse. Even hades itself has been sadly and badly overrated.

In the case of Wichita Falls it is most unduly overrated. You can find less lawlessness there than in any other city of the size and push. There are some dead towns that are bigger and quieter. Wichita Falls being a large city, 40,000 people or more, you now and then hear of some outbreak, but the cops get 'em, as a general thing—get as many or more than most of the towns.

Wichita Falls did everything within reason and just a little out of the bounds of any reasonable demand, to make the press gang pleasant and happy while they were there.

Some of the papers read before the convention were great. The management of the convention, so far as the entertainment was concerned, was admirably looked after by Hugh Nugent Fitzgerald and B. D. Donnell, and the latter happens to be a first cousin of R. H. Dobyns of this city. Both Dobyns and Donnell are from the Hoosier state, a state that has furnished more good newspaper men and poets and writers than most any other state, not to mention automobiles. James Whitcomb Riley, George Ade and a lot of other big ones came from that state. Donnell and Fitzgerald's papers, the Times and the Record News, gave the banquet to the press gang at the Wichita club.

A Bouquet for Harrison

It was fine. Hubert Harrison, head of the chamber of commerce at Wichita Falls, and he's a booster and worker, not a wind-jammer at all, a man on the job to get the salary and bulldoze by as he does it, took the gang into the Kemp hotel, where a feast was spread for all. They do not put on any more of the lettuce-leaf lunches and then give you lief to go out and satisfy your hunger at some chili joint. They put on a feast that would satisfy anybody but the kicker who kicks so much that he will follow Lucifer, if he gets to Heaven and get kicked out.

That bunch of entertainers looked after everything, then took the gang to the ball grounds to see a great game of ball—so far as Wichita Falls was concerned—13 to 1, against Dallas.

This is all—except to sit and wait for the next meeting which occurs next August at Wichita Falls.

Quanah Strikers Quiet, Says Ranger

Ranger M. Koonsman, who passed through here yesterday en route back to Quanah, where he is stationed on guard duty during the railroad strike, asserted while he was here that "little trouble is being given at Quanah by the railroad men."

Conditions at that place, he intimated, have been entirely peaceable except for the arrest of one man, an engine hostler, who was charged with having interferred with strike breakers employed on the railway.

Judge Collects $40 In City Court

A total of $40 was the array of fines assessed in corporate court yesterday by Judge J. P. Marrs, during a short session of the court.

One vagrant, who pleaded guilty, was fined $10, a speeder fined $10, a man charged with traffic violation had his bond of $10 forfeited, and a man charged with fighting was fined $10.

One defendant charged with being drunk was discharged when Judge Marrs heard the evidence.

Splinters

Short Stuff With a Dash of Pepper

Drivers in Wichita never will stop
To read about danger in speed—
As long as this city has one motor cop
We can't make the demons take heed.
—Street Corner Ballads

John Gould, city editor of the Daily Times, is a senior now. There was born to Mr. and Mrs. Gould Tuesday morning a boy which, according to Mr. Gould's friends, will be John Gould, Jr.

K. B. Kinser says he saved the thieves the trouble of stripping E. Blatchley's wrecked car Sunday night. He stripped it himself.

Have you heard what they say about Sprinkle They say he won't let it rain——.

Some gutter news snipe is attempting to make an all-southern scandal out of the alleged baseball "contest."

Melvin Johnson found two more stolen casings yesterday. He says if he keeps up his work by piece-meal, he may find enough to call it an automobile soon.

E. H. Gipson says the reason some people are never heard of in police court a second time is because the first time was sufficient to teach them a lesson.

Prizefighters are getting as thick in Wichita Falls as the dew gets in Dixie. Pat Hall who hails from Houston, Texas, dropped into town yesterday.

We learn confidently that the tombstone that was erected recently at the court house is to be removed some time in September.

But they'll all come to life about that time.

B. P. Proctor, manager of the Columbia Grafophone shoppe, says that Nora Bayes, famous comedian vocalist who makes Columbia records, surely must have been thinking of her fourth anrd recently divorced husband when she sang "I Ain't Never Had Nobody Crazy Over Me."

We think Nora possibly had him in mind also when she had "You've Hay Your Day" placed on the other side of the record!

Judge John Kilgore can certainly explain to defendants that contempt of court is a serious matter.

C. A. Wilson, commercial agent of the W. F. & S., is out of the city on company business.

Some fishermen catch catfish, but it takes Officer Grabble to catch the "jelly" fish. Ask him.

Suggestion to city council for good name for Tenth street: "Speedway."

The best part of prize fighting is often times the prize.

STOLEN TIRES TRACED TO MAN

Casings Identified by Wooten Grocery

Two new casings found by Melvin Johnson of the city police force near Holliday creek Monday were Tuesday identified by members of the Wooten Grocery company as automobile tires which had been taken in goods removed from a box car shipment consigned to that firm, which was broken into and burglarized some time ago.

The casings correspond identically with a casing found by Detective Chief Jack Miller last Saturday, which resulted in the arrest of Bailey Williams, negro, who is now under a formal charge of burglary, being held also in connection with the burglary of Prang's Domino hall some time ago in which a safe was removed from the parlor and carried to a vacant lot nearby, where it was rifled of its contents.

The casings, all Kelly-Springfields, bear corresponding and succeeding numbers, and were claimed yesterday by Wooten's Grocery company.

The police believe Williams executed the burglary unaided, and that he carried the stolen casings to the hiding spot near Holliday creek. He was arrested by Detective Miller Saturday when he attempted to dispose of one of the casings at a junk yard here.

MASH CAPTURED

Locating a still in Archer county through alleged operations conducted in this city, City Officers Tom Shook, Bob Miller and Charles Bebout, headed by Sheriff McDonald, of Archer county, raided a still in that vicinity Monday night, capturing the apparatus in operation, and destroying six barrels of mash.

Judge Morrison of Archer county accompanied the officers in the raid, returning to the county seat with one prisoner who was captured near the still.

Four Wichita Falls Sisters Devote Their Lives to Salvation Army Work

Saving souls! And living a life of sacrifices on $30 a month.

This is the mission and the intended life work of four sisters, all of whom claim Wichita Falls as their native home.

The sisters are Captain Fanny, Lieut. Lela and Cadets Grace and Ola Thorn, all of whom are salvation army workers.

Captain Fanny Thorn entered the salvation army work in 1915 in Wichita Falls, under Adjutant and Mrs. H. G. Robbs, both of whom are well remembered and beloved by Wichitans. She was commissioned a lieutenant in August, 1918, in Oklahoma, where she is now located, being in charge of the salvation army work in Bartlesville.

Lieut. Lela Thorn only recently completed her training in Chicago, Ill., and received her commission in June, 1922, being sent to Wichita Falls soon after.

And in this city, she serves with her two cadet sisters—the quartet of salvation army workers answering calls on the sick and the poor, the destitute and the helpless day and night.

Benton and James Sought in Wichita After Jail Break

An investigation and search conducted by Detective Chief Jack Miller here yesterday, following the receipt of a telegram urging the hunt, revealed that B. L. Benton and Cecil A. James, formerly of this city, who are wanted in Topeka, Kan., on a charge of jail breaking, revealed that neather party has come to Wichita Falls, the detective said late yesterday.

Benton and James, the message asserts, escaped Monday from the federal prison at Topeka, and are being hunted for by federal authorities.

Both the men were implicated some time ago in a shooting affray with officers in California, according to telegraphic reports from that state, James being seriously wounded. Both men, the reports asserted, were wounded, although Benton's injuries were not serious.

Following their arrest in California they were sent back to Cherryville, Kan., where both were wanted in connection with an alleged automobile theft. Later the men were sent to the federal prison in Kansas.

Detective Miller asserted late yesterday that the people of the two men are of the opinion that neither is traveling in the direction of Wichita Falls.

SOLDIER TRIED IN CORPORATION COURT

Corporate court was the scene of an army summary court martial Monday afternoon when a member of battery D, 131st field artillery, the Wichita Falls national guard outfit, was tried before Lieut. Charles W. Nolen on a charge of desertion.

The enlisted man, a corporal, was charged with having deserted ranks while the battery was in training recently at Fort Sill. Captain John Fletcher, commandant of the battery, notified Chief of Police J. W. McCormick that the corporal had deserted, and the latter was placed under arrest here six days prior to the return of the outfit to Wichita Falls from the summer encampment.

Lieutenant Nolen reduced the man to ranks Monday, and reprimanded him severely for his desertion, it is understood.

The Woman of Poise,

Once a rarity, is now to be observed and admired upon every hand. Indeed, no other woman can flourish long in the midst of this modern, complicated life. In the home, in business, in social life, the woman who is serene and confident wins, while the nervous, flustered individual wastes her talents and gets nowhere. Of course, poise is dependent mainly upon sound health and steady nerves. If you feel that you are being kept back in this way, why not turn to that great woman's remedy, Lydia E. Pinkham's Vegetable Compound, which was manufactured from a thorough understanding of the nervous system of women?—Adv.

Showers Cool Off Floral Heights

Fairly brisk showers fell on Floral heights during the afternoon Tuesday, coming from the southwest, and there was every indication that the showers may have been substantial in that section southwest of the city.

At no time during Tuesday was the temperature very hot, the mercury reaching a maximum of 96 degrees which came at 3:15 o'clock in the afternoon. After the showers from the southwest the atmosphere cooled off considerably. The minimum temperature was 74 degrees, which was registered at 6 o'clock in the morning.

COUNTY FARM AGENT BOOSTING FOR FAIR

County Farm Agent Guy R. Jones is on his vacation and is taking in the plains country combining business with pleasure. Besides visiting friends he is looking over the crop conditions on the plains and is boosting for the Texas-Oklahoma fair. Several exhibits for the fair are expected to be secured from that section of the state.

Job Hunter Wants Chance to Travel

An able-bodied man about 32 years old applied to the chamber of commerce Tuesday morning for a job. He had heard that an oil company was being organized to operate in South America and wanted to go there.

Being informed that so far as known no oil company is being formed here to operate in South America, but told that he could get work on the dam, the man looking for work was not at all pleased.

"I'll just keep looking for that South American company," he said, as he walked away.
