Activities provided bang-up July Fourth

The 28th Annual July 4th Fly-In held Wednesday at the Colorado City Jet Strip Airport proved to be one of the most successful events ever with a large crowd on hand view the planes and to eat breakfast.

J.O. Dockrey, chairman of the event, said 78 planes flew in for the event.

A number of awards were presented by aviation writer Nancy Robinson Masters, including:

- Maurice Rush, 74, of Midland, oldest pilot;
- Melissa Huddleston, 17, of Snyder, youngest pilot;
- Don (Tiny) Malm, oldest plane (1941 BT-13);
- Bill Parrington of San Diego, longest distance;
- Tex Edwards of Big Spring, most unusual (1943 Grumman TBM);
- Ricky Hallmark Memorial presented to skydiver Bruce Herrington.

A real crowd pleaser this year, in addition to the older planes, was a Grumman Albatross amphibian shown by Connie Edwards. A number of World War II vintage planes also attracted attention as did a sky diving exhibition.

Close to a 750 people were on hand to view the planes, and many of those took advantage of the breakfast served by City National Bank employees.

The pilots, their place of origin, the plane they piloted and their passengers, include:

- Andy Anderson, Snyder, 1970 Mooney M10

MOST UNUSUAL PLANE - This 1943 Grumman TBM flown by Tex Edwards of Big Spring received the most unusual plane award at the Fly-In Wednesday. The plane, with its wings folded up, drew a crowd of spectators at the annual event.

THROWING THE BALL - Jason Lawson hurls a baseball in the Ryan Express Baseball Throw at the July 4th activities in Ruddick Park. The event was one of several which attracted hundreds of participants.

Advisory committee seeks citizen input

The citizen's advisory committee, formed to act as a liaison group between the community and the company proposing to building a hazardous waste landfill in Mitchell County, has issued the following statement concerning its role.

The statement is published as presented to the *Record*. Members of the committee are Dr. Dee Roach, chairman; Marion Bassham, vice chairman; Frank Costabile, secretary; Ricky Thompson, Cat Martinez, Robert Bracy, Wayne Pierce and Gerald Rollins.

"In response to the proposed Hazardous Waste Landfill in Mitchell County, the Citizen's Advisory Committee has been formulated and has completed its initial organizational meetings. The committee is now ready and prepared to exercise its function which will be primarily to serve as a liaison group between interested community citizens and groups and representatives of the Hazardous Waste Landfill. The committee recognizes the importance and gravity of their duties and responsibilities and for that reason, the committee is now requesting input of questions from our community dealing with the proposed Hazardous Waste Landfill.

"The specific purpose of the committee is primarily to answer questions that the community has in response to placing a hazardous landfill in Mitchell County. Again, in doing so, we would specifically encourage the input from any and all interested community members, particularly if there are specific questions that they feel should be answered prior to placing such a landfill in Mitchell County. In addition to questions, the committee of course would also openly accept any other comments directed to the landfill and of course, would eagerly accept any assistance in the process of accumulating data and responding to various questions.

"This committee is made up of community members who all have interests in the presence of a landfill designated for hazardous waste. It is their function again to respond and reply to questions of the community. It must be understood however that the purpose of this committee is not to persuade nor to dissuade the presence of a Hazardous Waste Landfill in Mitchell County. The committee is acting as neither advocate or opponent to this landfill, but strictly charged with the duties and responsibilities of accumulating factual data and information in response to specific questions that arise within the community.

"A number of resources have already become available to this committee in terms of responding to each of these questions, and it is hoped that further resources will also become apparent and available as new questions are entertained.

"A scheduled meeting with representatives of the Hazardous Waste Landfill is scheduled for July 17, 1990. The committee hopes to receive as many questions as possible between now and that time so that these questions can be presented to representatives at that time. For that reason, the committee has requested input to be submitted as soon as possible. Questions and comments should be directed to the Citizen's Advisory Committee, P.O. Drawer 542, Colorado City, Texas 79512. The committee's efforts are being coordinated through the County Judge's office, and if any further specific questions about the committee itself arise, those questions could be directed through the County Judge's office."

Cancer Society slates 'night' golf tourney

Golfers will be put to the test on Friday, July 20 when the Mitchell Unit of the American Cancer Society sponsors its First Annual Night Golf Tournament at Wolf Creek Golf Course.

Entry fee for the four-person scramble is \$35 per person and includes a steak dinner and one Nightlite golfball, said Mark Waldrip, chairman of the event.

The tourney will follow an ABCD format with play for the first nine holes to begin at 5:30 p.m. The dinner will be served at 7:30 p.m. and the second nine holes will be played at 9:30 p.m.

Ray Mayo, president of the local chapter of the American Cancer Society, said the public is invited to the dinner. Tickets are \$12.50 each and may be purchased from any American Cancer Society board member, at First National Bank or at the *Record* office.

"This should be a fun event for everyone, and we encourage local and area golfers to participate," said Mayo. "Proceeds from this special event will be used in the American Cancer Society's fight against cancer."

Mayo added that in addition to the residential drive, the golf tournament will be one of the major fund-raising events of the year by the local chapter.

Prizes for the golf tournament include golf bags donated by Dr. Kretsinger, Dr. Roach and Nevada Bobs of Abilene, to the first place finishers and golf

umbrellas donated by City National Bank and First National Bank to the second place winners.

There will be a number of other prizes given away including \$75, Fuller Foods; \$75, Corky's True Value; boots, Woods Boots and Justin Boot Co.; hair dryer, Eddie's Pharmacy; \$20 gift certificate from Mac-Michaels; two dinners from Fort Wood Cafe; coffee maker from City Discount Drug; hair styles donated by The Cut Up, The Style Shack, The Hair Affair and The Hair Place; and two dozen golfballs donated by Wolf Creek Golf Course.

In addition, golfers will draw for a \$50 gift certificate donated by E-Z Way Grocery.

Prizes also will be given away during the dinner including a radio from Perkins; a \$30 gift certificate from Sears; an extension

CHIEF LONE WOLF

It's interesting to look back in our history to see who has lived in Colorado City. And what they did when they were here. Everyday people, like the rest of us, who wanted to live in Mitchell County; who tried to make a living and raise a family in a low crime area and where neighbors helped look out for each other.

George B. Root was a native of Texas. He was graduated from the University of Virginia and later authored a book entitled "Horse Troubles and Their Cures."

Mr. Root owned and operated the Bellevue Stock Farm which was located three miles east of Colorado (City). His registered horses were frequently blue ribbon winners at the State Fair in Dallas.

Another Colorado resident during that era was Mr. B. S. Van Tuyl. He was president of the Texas and Pacific Telephone Company, which was headquartered here. The T&P's vice president was R. H. Looney, and its general manager was Robert M. Webb.

The telephone company was organized in 1900 and served Colorado, Snyder, Loraine, Roscoe, Westbrook, Trent, Merkle, Sweetwater and Cuthbert. (A total of more than 1800 customers).

Another resident who called Colorado City home was W. H. Moeser. He was a native of Ohio and moved to Texas after receiving his education in the Buckeye State. Mr. Moeser owned the town's oldest and largest hardware store, which was established in 1889. When Colorado voted to re-incorporate in 1907, Moeser was elected one of the aldermen.

John Farmer was another turn-of-the-century resident of Colorado City. He was a native of Texas and had moved here from Hillsboro. Mr. Farmer opened a bakery during 1907 and business was so brisk he had to hire three persons to help him. His store was always neat and his speciality was fresh pies and cakes. But, children remember John Farmer best for his large stock of candies.

And, like other rural towns of that era, Colorado had its share of blacksmiths. One of them was W. F. Robinson, who opened a shop here in 1883 after moving from Tennessee. Robinson located his blacksmith shop in the same location for 26 years. His services included horseshoeing, woodworking and repairs on iron implements as well as wagon repair.

Samuel Gustine also lived in Colorado City in the early days of this century. He owned the largest saddle and harness shop between Fort Worth and El Paso. His speciality was fine saddles. Mr. Gustine had served as Mitchell County Treasurer before stepping down from office to open his own business.

These are just a few of our early day citizens. Next week, we'll meet some other men who called Colorado City home, before it was officially "Colorado City."

Tanesa Smith
...attending modeling school

Robertson granddaughter attending modeling school

Tanesa Smith, daughter of Jerry and Peggy Smith of Crane and granddaughter of Lon and Ruthie Robertson of Colorado City, has been accepted into the Barbizon School of Modeling out of Dallas.

The Barbizon School of Modeling teaches not only fashion and runway modeling, but all facets of fashion design, cosmetics, wardrobe planning, poise and etiquette. Although her classes for the summer are held in Midland, upon the completion of 60 classroom hours, Smith will receive an all-expense paid trip to Dallas for graduation ceremonies where she will receive her certification.

Just recently, the Barbizon School of Modeling in Midland was asked to hold a summer

fashion show to benefit the Permian Basin Regional Council on Alcohol and Drug Abuse. It was held on June 7 at the Parker Heights Christian Church Family Life Center in Odessa.

Smith modeled several outfits from Miller's Outpost in the Permian Mall in Odessa. Several other fashions were modeled from various stores in the Permian Mall and a couple of businesses in Midland.

Smith is 16 years old and will be a junior at Crane High School this fall. Her hobbies are playing golf, modeling and art. Her future plans are to attend the University of Texas in Austin and Baylor University Dental School in Dallas to become an orthodontist.

Highway contract approved

James Edward Puga of Big Spring was awarded a highway maintenance contract for Mitchell County by the State Department of Highways and Public Transportation.

Work to be performed under the contract will include cleaning picnic areas, emptying and maintaining litter barrels; mowing and maintaining picnic areas; and irrigating grass areas, trees and plants.

The maintenance work to be performed has traditionally been accomplished with the department's own employees and equipment. A stipulation of the 1990-91 General Appropriation Bill, as passed by the 71st Legislature, requires that 25 percent of highway department maintenance activities be performed by private contractors.

THAT THEY ALL MAY BE ONE, AS YOU, FATHER, ARE IN ME, AND I IN YOU..... JOHN 17:20.

Meditate for a moment with me on that scripture. Almost 2,000 years ago, the Son of God, in the Judean countryside, prayed to God the Father just for you and me. Think of it. Here it is 1990 in Colorado City, Texas and we were, and are, on Jesus' mind. We're in the Bible, Praise the Lord.

In John 17:20-26, Jesus prayed specifically for you and for me. He prayed that we would be one, as He and the Father are one. He was not praying for us to be unanimous in our thinking or to be unified in a single religious organization. He did not pray that we practice our religion in a uniform manner. No, He was praying for that oneness of heart that comes whenever a deep and genuine experience of Jesus Christ occurs. It is this type of oneness that links believers everywhere, spanning the centuries of history, crossing cultural and political boundaries and, yes, even education and denominational doctrines. It is when this type of oneness exists within a fellowship and between fellowships that the world will come to know that Jesus is the Son of God. Our oneness is a public witness and an announcement that God's love rests on us as it does on Jesus, for we are His. We are Christians.

How bold is our witness? How loud is our announcement?

Tax system less progressive

An April 1990 study by KPMG Peat Marwick on changes in the progressivity of the federal tax system between 1980 and 1990 shows that the system has become less progressive overall during the last decade. The study compared effective tax rates for lower-, middle- and

upper-income families with respect to income, payroll and excise taxes.

Results of the study, prepared for the Coalition Against Regressive Taxation, found that the distribution of excise taxes among the income groups is the least equitable of the three. In fact, lower-income families (under \$20,000) pay nearly five times as high a percentage of income for excise taxes as upper-income families (over \$60,000).

Excise taxes are so unevenly distributed that if excise taxes on cigarettes, gasoline, beer, wine and distilled spirits were roughly doubled, over 99 percent of upper-income taxpayers would experience a tax increase of less than 5 percent.

Local rodeo participants win in events

Two local residents came away winners from the recent AJRA Rodeo sponsored by the Mitchell County Jaycees and the B&PW Club.

Callie Bolin won first in poles and barrels in the 8 and under age group.

Marcia Cawthron won first in break-away roping in the 16-19 age group.

The Mitchell County Jaycees would like to thank...

- The program sponsors
- Equipment contributors
- B & PW Club
- Buddy Hertenberger, Commissioner Pct. 3 and ...
- all those who helped with this year's rodeo.

Thank you very much!!
