Shoppers Seeking Lucky Numbers

Seeking to lure shoppers from the surrounding trade areas, sample copies of The Olton Enterprise were scattered to some 5,000 persons last weekend, letting others know of the good shopping offers of local merchants. The wide coverage of the paper may have thus accounted for the failure of lucky numbers being claimed.

Checking with participating merchants - Leon's Grocery and Market, Holton Drug, Duncan's 5 & 10, Pay-n-Save Food, White Auto Store, Northside Gift Shop, Carmen's Western Wear, Bizzell's, Country Lad, Mini Mall, Olton Farm Supply and Olton State Bank -- it was discovered at close of business Thursday that no numbers had been claimed up to that time.

If winning numbers are not presented to the participating merchants by closing hours Saturday, Dec. 6, drawings will be held within the stores for the gifts-of-the-week.

A number of persons this week phoned participating merchants to inquire about lucky numbers. Persons are asked to appear in person for this information. No numbers will be revealed by phone in this second week of promotion.

Monday, Dec. 8, merchants will post their second lucky number. Numbers printed on the Nov. 30 issue of The Enterprise will still be the potential winning numbers.

Throughout the month, merchants are giving tickets with each $5 purchase. These tickets will be good for three big drawings to be held Saturday, Dec. 20.

In addition to the merchants participating in the Treasure Hunt, others offering these tickets are J.C. Jones Dry Goods, Thompson Chevrolet and Howell's Flowers.

Gift certificates totaling $100 each will be given to three lucky ticket holders that Saturday. The drawings will be held on the parking lot of Olton State Bank and are scheduled for 2 p.m., 3 p.m. and 4 p.m. These certificates must be redeemed at participating merchants before Jan. 1, 1981.

Because of closing schedules, The Olton Enterprise is not participating in the lucky number promotion but is offering a valuable gold leaf frame to the lucky persons whose name is drawn from among those who have registered during each of the two weeks.

Firemen have promised Santa a ride into town on the big white fire truck. They also offered their services to Santa in passing out sacks filled with goodies.

Postmaster Holt Urges Use Of ZIP

Postmaster D.M. Holt reminded customers that for the best service this Christmas season they should use ZIP codes, place their return address in the upper left corner of the envelope and use proper postage.

"By following these suggestions," he said, "you'll be assured good mail service this holiday season."

It is important, the Postmaster said, that families double check envelopes and cards to be certain that proper postage is affixed. Envelopes without postage will be returned to senders, if possible, or delayed by postage-due procedures.

"When the return address is placed on envelopes bearing holiday greet ings, it also helps remind friends of one's current address," Holt said.

And, if the family to whom a holiday message is sent moved more than a year ago, it cannot be forwarded. "With a return address," he continued, "such letters are returned to the sender with a notation that the forwarding order has expired."

Olton Cemetery Association Contributions Being Sought

Contributions to Olton Cemetery Association may be left at Olton State Bank with OCA treasurer, Gwen McClain. Observed annually, Operation Christmas Card provides funds for maintenance year-round of the cemetery.

Persons may contribute monies which would otherwise be spent on greeting cards and postage in lieu of sending cards to friends and loved ones locally. Contributions may also be made as memorials.

Monies may also be mailed to P.O. Drawer X, Olton, Tx. 79064.

Names of persons contributing to the Christmas Card Fund will be carried in a special greeting card in the Christmas issue of The Olton Enterprise, providing donations are made prior to Dec. 17.

Lions Turkey Dinner To Benefit 'Jaws' Fund

Turkey and dressing and the "trimmings" will be served Dec. 14 in the school cafeteria. Sponsors of the Sunday dinner are members of Olton Lions Club with proceeds of the annual affair designated to the Jaws of Life Fund.

Cost of the dinner is $4 per plate and members of the club have tickets. Only a very limited number of at-the-door tickets will be available so persons are urged to purchase their tickets as soon as possible.

Serving will begin at 12 noon so that persons may attend the church of their choice before coming to lunch.

Lions invite everyone, "Take the family out for Sunday dinner and help pay for the Jaws of Life at the same time."

Early Deadlines Set For News, Advertising

A December schedule for getting news and ads into the newspaper has been worked out so that employees may have an extended Christmas vacation with their families.

All news and ads for the Christmas edition and the New Year edition must be turned into the office by Dec. 17 in order for the papers to be printed before Christmas.

Any news items or ads for papers during December should be turned into the proper persons just as soon as possible because of the extra work load at the newspaper during this time of year.

Everyone's cooperation is needed.

"To think calf, when I went to tryin' to rope you four miles back, you weighed 300 pounds more than you do now!"

Local Lions Admonished To 'Touch A Life With Hope'

"We were so poor when I was growing up, my eight-year-old brother was adopted by a Korean family - we hunted rabbits on the halves with borrowed dogs - and my mother fed us boiled okra so much we had trouble keeping our socks up," recalls Marsha Cooper, District Governor of Lions 2T2.

The Girlstown administrator visited Tuesday with local Lions and their guests. His tongue in cheek remarks followed compliments to Lions Club cooks, Mmes. Malcolm Ogletree and Trusty.

"I'm so glad we didn't have English peas. Since I've been elected District Governor, I've attended more meals and been served more peas, I'm here to tell you there's never been a pea failure though sometimes I feel like I'm being "pea-ed" to death."

Cooper noted that Lions clubs across Texas lost a large number of members last year and urged his listeners to strive not only to maintain membership but to gain new members.

"Lions International is one Lion reaching out to a person in need to touch a life with hope." He expressed appreciation of the local club for past and continuing efforts to "touch lives with hope."

"There's nobody exactly like you - you have the ability and talent to touch a life with hope."

Cooper shared the story of Helen Keller's visit to the 1925 International Lions Convention when she asked Lions throughout the world to become "Knights of the Blind" and work to help persons who were sightless. The motion to accept her challenge was unanimously accepted.

Since that time, Lions have "touched lives with hope" through eye glasses for persons in need, eye bank and leader dog programs.

"There's no better way to touch a life with hope than to invite a man to become a Lion," Cooper proclaimed. "You can win new members - remember, a bumble bee can't fly...According to engineers and aerodynamics, a bumble bee cannot fly. His body is too large and his wings too little. But he can't read those reports of aerodynamics and he flies."

Guests at Tuesday's luncheon meeting also included Lioness Marilyn Potts, Jimmy Ray Banks of Springlake, Kathy Kelsheimer and Don Pettke, both of Lubbock, and Dr. Robert Hobbs. Special guests were National Honor Society's Students of the Month, Kristie McNeely and Wade Nafzger.

Everything But The Kitchen Sink!

By Mozelle Trotter

It's that wonderful time of year! Despite the hustle and bustle, the rush and the fuss, Christmas is a most marvelous season.

What makes it special to you? (If it isn't, you must have not looked and listened and touched and sniffed of Christmas!)

Christmas is special for it's a glorious measure of "favorite things."

It's anticipation . . .

As children, we can hardly wait to find what wonderful things are ours in the gaily wrapped packages that mystify us depite shakes and squeezes. A generation later, we just as eagerly re-live that wonderment through our sons and daughters!

It's beauty . . .

Nothing is prettier than the kaleidoscope of colors that's the Christmas season -- the flickering lights of a decorated world - the glimmer of candles - the brilliance of Santa's suit and the rosy glow of winter's caress on cheeks and noses.

It's joy . . .

Only a Scrooge or a sourpuss could ignore the spontaneous "Merry Christmas" of greetings along the busy street - memories recaptured from the flood of Christmas greetings mailed by friends scattered across the world - contagious melodies and lyrics of Christmas jingles and the glorious messages of carols!

It's adoration . . .

All the marvelous, special meanings of Christmas are infinitesimal specks in the greater glory of this season. The real wonder and splendor of Christmas, its anticipation and beauty and joy were begun long ago with the marvelous message of an angel, "Joseph, thou son of David, fear not to take unto thee Mary thy wife: for that which is conceived in her is of the Holy Ghost. And she shall bring forth a son, and thou shalt call his name Jesus: for he shall save his people from their sins."

That's what Christmas is all about.

Holiday Hints

Tradition is Treasure

Among the glories of the holiday season are its traditions: wreaths of holly, joyous carols, Christmas bells, the continuity of families and the joy of friends.

For Christmas gift-giving, don't forget the enduring luxuries!

That's why you may want to consider giving gifts that are timeless rather than trendy, gifts of meaning—on a scale you can afford, of course.

Be imaginative: think furs, as in sheepskin mittens or slippers. Remember diamonds, as in tiny, glistening stud earrings or tie-pins. Consider the splendor of Chanel No. 5 perfume, as well as the many Chanel fragrance and beauty gift sets. Mull over silks, as in lingerie and—yes!—men's shirts.

Capture the pleasure of the familiar, the treasure of the traditions.

These Pioneer® brand corn hybrids do well in our area.

3184 — This hybrid really showed up well under tough, 1980 conditions. And it has proven itself to be a top performer in good years, too. Our farmer customers like 3184 for its dependability, It can wait for water when other hybrids can't. And it adjusts ear size and kernel depth to make the most of growing conditions. 3184 shows good resistance to head smut and MDMV, too. If you could plant only one, it ought to be 3184. But since you don't have to, we recommend it as a companion to Pioneer hybrids 3195, 3183 and 3311.

3311 — Our customers who grew this hybrid in 1980 were so pleased with their results, they can't wait to see what it will produce in a good year! Despite hot, dry conditions that stole yields from most corn hybrids, 3311 came through with some of the highest yields and best corn hybrids we've ever seen. And it demonstrated its exceptional disease resistance including protection against head smut and MDMV.

We're eager for all of our customers to plant some of this hybrid and see for themselves what all the excitement is about.

Let's get together.

MRS. LARRY PETERS

Gion-Peters Wedding Vows Solemnized In Plainview

Wedding vows were solemnized at 7:30 p.m. Friday in 11th and Amarillo Streets Church of Christ in Plainview for Miss Lenece DeLene Gion and Larry Don Peters.

Officiating the nuptial ceremony was Jackie Pinkerton, lay minister.

Selected music was presented by Karla Selcer, Lubbock; Darce Thompson, Canyon; JoAnn Tullis, Plainview and Joe Williams, Huffman, brother-in-law of the bride. Soloist was DeWayne Gion, brother of the bride.

An archway of white mums with a fan of white tapers in the background, graced the altar area. A memory candle, flanked by family candles in brass holders, completed the setting. Flanking the altar were swirls of white tapers entwined with baby's breath and pink carnations.

The stairway and aisles were lined with white candlestands with white votive cups set in greenery, pink carnations and baby's breath. Windows were lighted with white baskets of light. Swirls of white tapers illumined the back of the church.

Given by her father, the bride wore a formal gown designed and made by her mother. Of white chiffon and bridal taffeta, it was designed with fitted bodice of appliqued lace with sweetheart neckline and long full sleeves caught at the wrists with deep cuffs. The accordian pleated skirt was enhanced with a wide flounce which swept to a chapel length train. Her walking length veil of illusion, accented with lace appliques, fell from a lace Juliet cap.

She carried a cascade of white butterfly orchids with burgundy-tipped white carnations. Tied within the bouquet was the first wedding band of the bride's grandmother, Mrs. L.R. Dudley of Plainview. She also wore the traditional touch of blue. She "borrowed" a cameo necklace worn by the mother of the groom at her own wedding.

Mrs. Bart Bruington of Tulia was her sister's matron of honor. Bridesmaids were Dondi Sullivan of Lubbock, Mrs. DeWayne Gion of Plainview, sister-in-law of the bride, and Sharon Geisler of Plainview. Junior bridesmaids were Jo Leigh Williams of Huffman, niece of the bride, and Andrea Peters, sister of the groom.

Mrs. Bruington wore a formal dress of burgundy crepe with accordian pleated skirt, and spaghetti strap bodice topped with a sheer chiffon cape of matching color. Bridesmaids were gowned in similarly styled dresses of pink champagne and burgundy. All carried long stemmed roses in pink champagne and burgundy.

Candles were lighted by Dani Beadle of Lorenzo, niece of the bride, and Jeremy Williams of Huffman, nephew of the bride.

Guests were registered by Christi Nance and Mrs. Jim Walters of Jacksonville, sister of the groom. Laid with white crepe, the registry table was graced with an opened Bible, marking the "love chapter", I Corinthians: 13.

Gary LaDuke was best man. Groomsmen were Brent Hamby, DeWayne Gion, brother of the bride, and Michael Pyle of Levelland. Junior groomsmen were Todd Dudley of Memphis, Tenn., cousin of the bride, and Mike Beadle of Lorenzo, nephew of the bride.

Guests were seated by Lennis Peters of Plainview, cousin of the groom, Jim Walters of Jacksonville, brother-in-law of the groom, Bart Bruington of Tulia, brother-in-law of the bride, and Dwayne Hayes of Plainview.

A reception was held at Smokey's Barbecue. Assisting in the house party were Mrs. Larry Beadle of Lorenzo, sister of the bride, Mrs. Joe Williams of Huffman, sister of the bride, Mrs. Lynn Dudley of Memphis, Tenn., aunt of the bride and Kelly Wyatt of Lubbock.

The bride's table was laid with a white crepe cloth and adorned with a runner of burgundy lace. The three tiered wedding cake, frosted in pink and white with lighted stairway, was cut by a silver knife used to cut the wedding cake of the bride's great-grandmother, the late Veva Chambers.

At the opposite end, a silver punch bowl held the wedding punch. At the center, the bride's bouquet was accented by a silver candelabra.

Coffee was served from a silver service from a silver tea-cart. Rice bags were distributed by Mark and Misty Dawn Bruington of Tulia, nephew and niece of the bride.

Following a honeymoon, the newlyweds are at home in Plainview.

A 1980 graduate of Plainview High School, the bride is employed by Marse and Son and Smokey's Barbecue.

The groom graduated from Olton High School in 1979 and is employed with Henry's Tire Company of Plainview.

Mr. and Mrs. Peters hosted a rehearsal dinner in Sambo's Restaurant.

Olton Garden Club Has Social Night

Olton Garden Club members held their monthly social meeting Thursday evening in Women's Clubhouse.

Enjoying the evening of "42" and fellowship were guests, Messrs. and Mmes. David Howton, Doyle Pinson and Eldon Franks and Mrs. Lucille Perry of Saline, Mich.

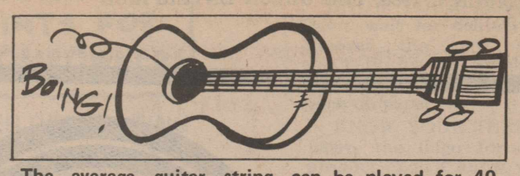

Members and their spouses attending were Messrs. and Mmes. Preston Sampler and Vernon Jefferies and Mmes. Jack Allcorn, Tom Smith, Minnie Melton, Maude Lambright, Naomi Cooner, Della Hackler, Juanita Adams and Eleanor Smyth.

FACTS & FIGURES

Heating Water by the Sun

It may surprise some to know that solar water heaters are not new. There were thousands in use in Florida and the Southwest during the 1930s. Now, they're becoming increasingly popular in the Northeast. In 1979 alone, the number of installations doubled from 5,000 to 10,000 thanks to the efforts of the Northeast Solar Energy Center, which is operated in Massachusetts by the not-for-profit Northern Energy Corp.

1 15 oz can sweetened condensed milk

Melt butter in 15x10x1 jelly roll pan. Sprinkle crumbs, distributing equally, over margarine. Sprinkle on coconut. Distribute candied fruit as evenly as possible over coconut.

Cut dates into a small amount of flour so they won't stick together. Distribute dates over candied fruit. Sprinkle on nuts. Press mixture lightly with hands to level it in pan. Pour sweetened condensed milk evenly over top.

Bake in 350° oven 25-30 mins. Cool completely before cutting. Remove from pan. Makes about 54-1½" squares.

NUTTED SWEET POTATO BALLS
2 cans (1 lb 2 oz) sweet potatoes, drained

¼ c miniature marshmallows
melted margarine

Mash sweet potatoes well, and salt, marshmallows and 1 T margarine. Form into 10 balls, lay side by side in 12x8x2 baking dish. (This may be done ahead and refrigerated).

Thirty minutes before serving: heat honey with 1 T melted margarine. With 2 forks, roll each potato ball in honey mixture, then in chopped pecans. Return to baking dish. Spoon 2 T melted margarine over potatoes and bake 15 mins (or till heated through) in pre-heated 350° oven. Serves 10.

ALMOND BRITTLE
½ c Karo Syrup (white or dark)
2 c sugar
⅓ c water
¼ t salt
3 T butter or margarine
1 c blanched almonds
1 t vanilla

Combine Karo, sugar, water, salt and butter in saucepan. Cook over med. heat, stirring constantly, until sugar is dissolved. Stir in nuts. Continue cooking, stirring frequently, to hard crack stage (300°) or until a small amount separates into threads which are hard and brittle when tested in cold water. Stir in vanilla. Pour onto buttered foil-lined baking sheet. Cool, remove from baking sheet and break into pieces. Makes 1⅓ lbs.

3 sqs unsweetened chocolate
4 T butter or margarine
½ c corn syrup
1 t vanilla
1 T water
3½ c (1 lb) confectioners sugar, sifted
⅓ c instant nonfat dry milk
½ c chopped nuts

Melt chocolate and butter in top of double boiler. Meanwhile, sift confectioners sugar and dry milk. Stir Karo, vanilla and water into chocolate mixture. Add sifted sugar mixture, one-half at a time. Continue stirring until mixture is well blended and smooth. Remove from heat; stir in nuts. Turn into buttered 8" pan. Cool and cut into squares. Makes 1¾ lb.

Hints For Homeowners

EASIER DECORATING

You're your own decorator—saving money, having fun, creating a look all your own. But even professionals get confused if they're not organized. Design consultants at Congoleum offer these organizing tips.

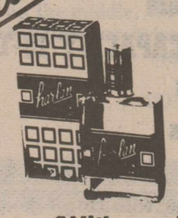

KNOW YOUR SPACE—Don't wait for delivery to discover the new sofa won't fit by the fireplace. Play it safe—preplan your room on paper.

KNOW YOUR TERMS—Learn the lingo for each product. You'll know what to ask and how to ask it.

KNOW YOUR STYLE—Always shop with a particular look in mind, and stick to it with swatches and samples in hand.

Questions Often Asked About Eyes

Q: Is there really a difference in "quality" eyeglasses and the "discount" eyeglasses advertized on T.V. and in the newspaper?

A: YES!!! There are several ways a discount store can cut corners and costs in filling your prescription while still maintaining a high profit margin. These are:

1] The prescription may not be filled accurately. Almost all places that sell glasses maintain a supply of ready-made lenses already ground to the most frequently called for specifications. It is quicker and cheaper to provide you with lenses directly out of stock than to grind them especially for you or to do additional grinding on stock lenses.

2] The lenses may be of second-best quality. Even if ground to the same specifications, not all lenses are the same. Bargain operators often rely on inferior foreign-made lenses or on rejects and second-quality lenses from American factories. These lenses may have various defects that may seriously affect transmission of light.

3] The optical center of lenses may not be placed correctly. In order to reduce the time required to grind the lenses, this important step is overlooked. Eyestrain results when the optical center is not placed properly in front of the pupil.

4] Inferior frames may be used. Cheap, inferior frames lose their shape rapidly. If the glasses slide down your nose, you no longer look through the correct optical center without strain.

5] Little service, if any, is provided after the glasses are bought. All glasses, no matter what the price, may require adjustment of some kind after they have been worn a while. The reputable dispenser provides this service at no charge and encourages his patients to use it. Such service is not always available at the bargain stores.

Don't be afraid to ask about the quality, or lack thereof, of any materials and services offered at a "discount". In the long run, a "cheap" pair of glasses may end up costing more, because of more frequent repair or replacement, than the more expensive but better quality pair of glasses. Short-cut eye examinations and cheap glasses advertized at rediculously low prices can be tempting. But too often we have seen the misfortune that comes from assuming that all glasses and all visual care is alike. One last thought, what's a pair of glasses worth if they do not give clear comfortable vision?

Good visual care doesn't cost...it pays!

INSUR-MATION

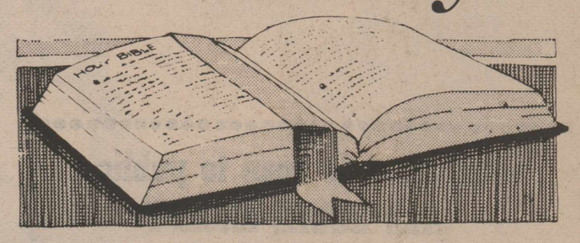

As an independent businessman, I purchased an Individual Retirement Account for myself last year. My wife does not draw a salary but we were wondering if it would be possible to set up an IRA in her name?
Yes. Your wife can have an IRA in her name. If as a homemaker, she has her own IRA, she can't be on anyone's payroll. The maximum contribution of 15% remains the same but the maximum dollar ceiling goes up from $1,500 (as in your account) to $1,750 a year - $875.00 in each, separate account. If you and your wife each have a separate account you must deposit an equal amount in both accounts in order to qualify for the maximum tax deferment. The contribution, whatever its size, should be split down the middle because the law says you deduct only twice the lesser amount contributed to either account.
