Mrs. B.M. Sims Appointed To WTSU Board of Regents

Mrs. B.M. Sims, Wellington civic leader and wife of a county rancher, was appointed a regent of West Texas State University in Canyon Wednesday, October 29, by Governor Dolph Briscoe.

She was one of three appointees, the others being James R. Lovell of Dumas and John M. Shelton III of Amarillo, who was reappointed. The terms are for six years and had been open since August 31.

The regents are due to meet within a few weeks to re-organize.

"Right now, I'm just listening to what the others have to say," Mrs. Sims said. She goes onto the board of regents with a broad background in the arts, health services, federated club work, and water conservation.

"I've observed with great interest the progress of West Texas State University in the academic and cultural arts. To me, WTSU is very instrumental in improving the quality of life not only in the Panhandle-Plains area, but in the far-reaching scope of its students and alumni.

"I'm very interested in education in the cultural arts, and also in the mental health field. I have spent several years pursuing those interests. The Panhandle area is so ready for continued progress. I count it a distinct honor to be a part of that progress.

Long active in civic work here, Mrs. Sims has served several times as a delegate to the State Democratic Convention. She is third vice president of the Texas Federation of Women's Club and is a former board member of the Friends of Fine Arts at WTSU. She serves on the Amarillo regional board of Mental Health Mental Retardation and is editor of the state publication of the Texas Federation of Music Clubs.

She is keenly interested in the development of agriculture and in water conservation, as well as in Panhandle

2 - Judiciary provisions: for 85, against 674.

Dodson Gets 6-Inch Rain; Remainder of Area Drenched

Rain, described as falling in sheets, deluged the immediate Dodson area Saturday night, November 1, coming onto the sidewalks on main street, going into several houses, and heavily damaging streets.

Rain gauges were filled and it is estimated that as much as 6 inches fell.

This was the heaviest part of a rain that was general through the county. While it was more than cotton farmers wanted, it was what wheat growers and livestock men were wishing for.

In most parts of the county, the moisture measured two to two and one-half inches. To the west and northwest, however, it was a little more than an inch at Marella to 1.70 inches in the northwest part of the county.

T.E. Lennon, mayor of Dodson, said the area of the heaviest rainfall was limited to the town and that immediate area. Three- and four-inch falls were measured several miles from that town, however.

"It's the heaviest rain I've seen here," said the mayor, a 30-year resident. He added that Dodson had a four inch rain about two months ago.

Water ran in several buildings, including the Bill Nation home a block south of the bank building, the lowest part of town, in Gully Furniture on Main Street, and the back of Nellie's Cafe, also on Main Street.

It ran onto porches of other houses south of the business district, and several cellars were flooded.

Lone Star Gas line was washed up but did not break at one point south of the business area. Crews began repairs as soon as they could reach the area. Many telephones were reported out in the Dodson area and repairmen went out Saturday night.

Two crews began work Tuesday on the badly damaged streets, many impassable even after they began to dry out. County road crews brought a maintainer to help with the work.

"We have pretty good drainage, but I'm told there used to be a lake in the southwest part," Mr. Lennon said.

Joe Lennon, driving on Main Street, had water to come over the engine of his compact type car, at the street intersection by the bank.

Hail and wind accompanied the rain, but there has been no damage reported from this. Opinion

is divided as to the extent of the damage to the cotton.

Baled hay, belonging to Bundy Moore, who lives immediately south of town,

washed out of the field and onto FM 1642. Highway Department maintenance crews went out to clear the roads. One bale was picked

up a mile south of town.

Also in the Dodson area, 4 inches of rain was reported at Arlie, and 4.1 inches at the

Mrs. Nix Attends Girl Scout Meeting

Mrs. Jerry Nix, chairman of District 3, Quivira Council of Girl Scouts, attended the 40th National Convention of Girl Scouts of the United States in Washington D.C. October 26 through 29.

Accompanying her was Mrs. Larry Nash of Borger, chairman of District 1 and voting delegate from the council.

The nation's First Lady, Mrs. Gerald Ford, spoke at the opening ceremony in front of the Washington Monument and accepted from the Girl Scouts a birthday gift for the nation

on its Bicentennial. This was a book recounting Girl Scout activities from the beginning of the organization.

Mrs. Ford also participated in the Flames of Freedom ceremony with Girl Scout leaders, lighting torches and tapers symbolizing the organization's commitment to carry forward America's heritage of Freedom. The tapers will be rekindled on March 12, 1976, for candlelight processions by girls in communities across the nation.

Much of the convention was given over to business sessions and voting on issues to come before it. Resoundingly, the convention rejected the proposal to admit boys to the 63-year-old girls-and-women-only organization. One delegate said the issue was taken to the girls themselves and their reaction was "no way!"

This issue probably drew more attention than any other to come before the convention, Mrs. Nix said.

She was impressed by the friendliness of the people of Washington, wherever she met them.

Lone Star Gas Rejects Offer On Rate Raise

Lone Star Gas Company has rejected the rate increase proposal offered by the City of Wellington, Mayor Bill Hatch told members of the City Council in their meeting Monday, November 3.

Lone Star has now filed with the Texas Railroad for rate increase for Wellington and all other towns served by that company.

The council was invited to join the Commissioners Court on a trip to Washington, D.C. November 18, where county and city officials from throughout the country will ask their congressional delegations to

retain the Revenue Sharing program on its present basis. Changes which would curtail use of these funds is being sought, Mr. Hatch said.

The city receives approximately \$26,000 in revenue sharing funds and the county approximately \$77,128.

Council members voted to pay expenses of three of their group on this trip.

Wellington has received a contract from the Thirsty Water Rural Water System, the FHA funded program to bring water to farms and

Legion Observes Veterans Day On November 11

Frank King Post of the American Legion will observe the traditional Veterans Day Tuesday, November 11.

There will be open house throughout the day, and all veterans, including both members and non-members of the post, are invited to come by for reminiscing, coffee and donuts.

Marker to Be Placed by First Brick Building

An Official Texas Historical Marker will be erected for the O'Neil Building, it was announced today by Mrs. Clyde Drake of Wellington, chairman of the

Collingsworth County Historical Survey Committee.

The marker will be placed at 919 9th St., Wellington. Dedication will be held Saturday, November 22, at

3:00 p.m.

Made of cast aluminum with Swedish steel effect, the marker measures 18 by 28 inches and is sponsored by Zoe O'Neil Small.

The public is invited to the dedication, and immediately afterward there will be a reception in the Heritage Room.

Members of Mr. O'Neil's family are expected to be present.

The dedication of this marker in front of Wellington's first brick business building will bring many memories to old timers. The building has housed many types of businesses, and it was only in recent years that its ownership passed from the O'Neil family to the present owner, Cecil Browning, to house his shoe shop.

The building was put up in 1893 from brick left over from construction of the new court house.

The marking of local historic sites and landmarks is part of the Texas Historical Commission's program of preservation activities. These include archeological investigations, history museum consultation, and administering the National

MRS. DOLLIE MAE WILSON - CARL WISCHKAEMPER

Quail Community Honors Long-Time Teacher Sun.

Quail community, in a spontaneous gesture of appreciation, turned out Sunday afternoon, November 2, to honor Mrs. Dollie Mae Wilson, a teacher in the school system 31 years.

The opportunity for this recognition came when Mrs. Wilson was nominated Teacher of the Year for the state, an awards program sponsored by the Texas Education Agency.

Although she did not win the state honor, she ranked among the top contenders, according to Dr. Brock, commissioner of education in a phone conversation. It was the hardest selection the sponsors have had to make, he told Supt. Wilford Arthur and Mrs. Edith Carter of the

Quail faculty, who nominated Mrs. Wilson.

Present Sunday afternoon was one of the largest crowds to attend a school function at Quail in some years. A show of hands revealed that a

majority of these had at one time been her students.

Her distinguished teaching career started at the beginning of the 1930 school year at Lillie, where she

Skyrockets Play at McLean Friday Night

Wellington Skyrockets play their last game away from home this season when they go to McLean Friday, November 7.

The following week the Skyrocket and Clarendon Broncos, both unbeaten at this point, will meet at Powell Field.

This will be the homecoming game for the Skyrockets when their football queen will be crowned. McLean comes into the Friday night game after playing Claude to a 0-0 tie last week.

"They have pretty good backs. Last year, they had a young team. This year they have more experience," said Coach James Williams. Six seniors are listed on the Tiger roster.

Marty Dunivan plays both quarterback and halfback, and several others in the backfield have turned in good performances this season.

McLean won several of its early games, including one over White Deer, which has gone on to show considerable strength in a neighboring district.

"McLean is capable of playing good ball on any given night, and we are getting ready for them just like we do for anyone else," the Skyrocket coach added.

Wellington injuries are healing. Both Richard Sims and Mickey Vassey had recovered from leg injuries sufficiently to play in the Shamrock game.

Dan Ford, however, has been hospitalized with an infection and it is doubtful if he will be ready to go Friday night.

Reception to Honor Cong. Hightower

Panhandle friends of Congressman Jack Hightower are hosting an appreciation reception for him and his family Saturday, November 15, at the Quality Inn, I-40 East, Amarillo.

The reception hours are 5:00 to 8:00 p.m.

Mrs. John Coleman, County Democratic Chair-

man, and Mr. Coleman are among the hosts.

The reception is non-partisan, and all interested persons in the 13th Congressional District are invited, regardless of political affiliation, Mrs. Coleman said. "It will be a good time to say 'Thank you' to Jack Hightower for the fine representation he is giving us in Washington," she added.

Assisting Mrs. Coleman in the county are Mrs. Bill Hatch, precinct 7 chairman; Mrs. Edd Henard, Precinct 3 chairman; and Rudie Tate, who spearheads work in behalf of Congressman Hightower north of Salt Fork River. Anyone wishing additional information concerning the appreciation reception may contact Mrs. Coleman or one of these.

Dodson School Bell To Urge Rockets On

The 62-year-old Dodson School bell will ring in a new setting.

Mounted on a Skyrocket shaped trailer, the bell will roll onto Powell Field Friday night, November 14, as Wellington and Clarendon teams meet in the final game

of the season, and the most crucial for either team.

This is a project of the Wellington High School Student Council, with George Brewer and David Null spearheading the work.

The bell, weighing be-

On the local level, she is a past president of Wellington B&PW Club, St. Joseph's Hospital Auxiliary and junior auxiliary sponsor and of Wellington P-TA.

In her work with youth, Mrs. Sims has served on the baseball commission, worked with 4-H girls and Boy Scouts, and with junior music clubs of the Panhandle.

She is currently a member of the Bicentennial Committee for Collingsworth County, and is the author of a musical drama, "Man & Land & Love," presented two years ago by the County Historical Survey Committee.

A fifth generation Texan, Mrs. Sims is a graduate of Wellington High School and Abilene Christian College. She and Mr. Sims have twin sons, Richard and Randall, who are seniors in Wellington High School.

It called children of that town and surrounding communities to school until the Dodson district was consolidated into Wellington and the building dismantled.

It has been in storage at the Wellington School since then. All members of the student council have worked on the project.

The bell will be used at all future Skyrocket football games, probably at some basketball games and pep rallies. Due to the weight, and the necessity of its being pulled on a small trailer, the places it appears may be somewhat limited.

The 16-member student council includes Null, president; Richard Sims, vice-president; both members at large; George Brewer and Randall Sims from Beta Club; Linda Coffee, Sammy Gonzales and Jimmy Saied, senior class; Shane Tarver, Janee Taylor and Tony Martinez, juniors; Dickie Moore, Lee Ann Sessions and Allen Murdock, sophomores; Ricky Jones, Jon Sessions and Darla Seitz, freshmen.

New Ambulance Ordered for Service Here

Wellington is one of 10 Panhandle communities for which new ambulances were ordered through the Health, Education and Welfare Emergency Medical Services grant, according to Betty O'Rourke, EMS coordinator, Panhandle Regional Planning Commission.

Bob Watson, president of the Collingsworth Volunteer Ambulance Service, has been notified that the ambulance should arrive in 30 to 90 days.

This will be a van type ambulance equipped to the ambulance service specifications. The award for these is made to Beck-Rank, Inc., of Arlington for \$104,062.80.

Other agencies to receive van type ambulances are Quitaque, Dimmitt, Canadian, Dumas and Perryton. Vans will also go to Wheeler and Shamrock and both communities will establish ambulance services at the time of arrival.

All 10 agencies are paying a minimum of 25% match of the total cost of their vehicle, the maximum federal match is \$10,125 per ambulance.

The city and water system have been negotiating several months for this source of water. The system covers 12 counties in Texas, lying along Red River, and the water furnished by Wellington would be only one of a number of sources. The council asked for additional information on one or two points before giving its final approval.

December 13 was set as the date of the annual dinner for city employees.

Truett Holland farm northwest of town. Some of the young wheat was damaged in this area. Mr. Holland said that in the pasturelands to the west, stock tanks didn't get a lot of water, as much of it soaked in where it fell.

Wellington measured 2.3 inches of rain, while to the south, the C.A. Wilbur farm had 2.5.

West of town, 2.75 inches was measured at the Cecil Masten Farm.

At Quail, however, only 1.5 inches fell and north of there, at Marella, the measurement was 1.1 inch at the John Carson farm.

A little more than two inches was reported through the Lutie area.

#1—continued from page 1 herself was a student 20 months earlier.

The former Dollie Mae Brown, ninth and youngest child of Mr. and Mrs. S.E. Brown, she was born in the Lillie community and attended school there until January, 1929, when she enrolled at Wellington, to graduate in May. The next year, she was a student in Wayland Baptist College, Plainview. But that was the year the depression came, and she cut short her own education to begin teaching.

It was 21 years later, after she had acquired a husband, Woodrow Wilson (in 1936), and their three children, that she received her bachelor's degree, in 1951, from West Texas State University. Into this had gone extension courses, correspondent courses, night classes, and summer school.

Two years later, she was awarded the Master of Education Degree. Her own three children are teachers, as are her two daughters-in-law.

The present school term finds Mrs. Wilson beginning her 40th year in the classroom. She has taught in

all grades, including math, English, speech and home-making in high school.

She has taught many children of her early students, and this year she has two granddaughters of a former pupil.

It is to Mrs. Wilson's ability to teach mathematics that many students now in the professions look back with gratitude.

A co-worker remarked a few days ago that Dollie Mae Wilson had the "outlook of a 20-year-old combined with the experience of 40 years."

When her teaching career began, Lillie was a four-teacher school and she taught third, fourth and fifth grades and coached basketball. After three years she moved to Quail, a 5-teacher school, where she had the first and second grades, taught home economics and coached basketball. She taught at several other small schools, and in Wellington three years, before returning to Quail, in the process of consolidation.

Mrs. Wilson is a member of Alpha Chi honor society, past president and committee member of the county unit, Texas State Teachers Association, and she has sponsored at one time or another almost all of the student organizations.

She presently serves on the board of directors of the Collingsworth County Museum and is assistant teacher of the B&PW Sunday School class of the First Baptist Church.

Her years of teaching have brought a down-to-earth philosophy.

"First of all, it is my responsibility to take the pupil where I find him and help him to go as far as he possibly can while he is under my guidance.

I must make each pupil feel that he is important to me as an individual as well as a pupil. I must make him feel that I am interested in what is happening to him now and what type of

individual he will be in the future. I must teach the pupil to show respect for me by showing respect for him."

No one is sure who initiated plans for the reception, but as they began to unfold, Mrs. Raymond Ross and Mrs. Delbert White were in charge of overall arrangements, Mrs. Carl Wischkaemper and Mrs. Roy Canada headed certain of the reception plans.

Everyone in the Quail School District had a part in honoring Mrs. Wilson. Money which was given went to buy a pair of handsome porcelain quail which were presented as a gift from the community.

Guests were received by Mrs. White, Mrs. Wilson and her three children, Mrs. Judith Ann McQueary of Amarillo, Gano Wilson of Estelline and Billie Wilson, also a member of the Quail faculty.

At the registry were representatives of the four high school classes: Sharon Childers, senior; Kathy Guthrie, junior; Melissa Guthrie, sophomore; and Donna Langley, freshman.

The Rev. Darrell Feenster, one of her former students, was master of ceremonies and paid tribute to Mrs. Wilson, then recounted a series of incidents which have occurred in her classroom through the years.

Mr. Arthur presented a bouquet of red roses and Carl Wischkaemper, president of the school board, presented the quail.

Music was by Mr. and Mrs. Paul Fielding, Jerol Fielding of Pampa, and Rita Fielding, and by David Russell.

Guests were served from a reception table laid with a white linen cloth edged in lace. The centerpiece was an ancient cottonwood burl from the Bourland Ranch, holding an arrangement of autumn leaves and the two quail, Mrs. Wilson's gifts. Mrs. Gary Barton poured.

MRS. A.Y. BELL

Mrs. A.Y. Bell Observes 90th Birthday on October 30

Mrs. A.Y. Bell, who came to Collingsworth County as a bride 66 years ago, celebrated her ninetieth birthday Thursday, October 30.

Relatives in this area visited her on that day. Then on Sunday, November 2, her two daughters, Mrs. Newton Crain of Canyon and Mrs. Ben Walker of Childress, with their families, honored her with a birthday dinner at Hay Camp.

Before her marriage, Mrs. Bell lived in the gentle atmosphere of one of Texas' famous colleges, Add Rand at Thorp Springs, founded by her maternal grandfather. As a student there, she played the piano for chapel services.

Later the college was moved to Waco, and still later to Ft. Worth, to become Texas Christian University.

The town of Thorp Springs also was named for her family, who settled there in 1853, 20 years before the college was chartered.

Mrs. Bell is the former Amanda J. Caraway, daughter of L.J. and Catherine Ann Thorp Caraway. She was born in Parker County October 30, 1885, the 10th child of a Confederate veteran.

Mr. and Mrs. Bell grew up together and were Add Rand classmates.

After they were married at Weatherford, the couple boarded a train for Memphis, then came to the Marella community. They settled on land that has remained in the Bell family since then and is presently owned by Paul Bell.

The couple brought music with them, and as she played the piano, Mr. Bell played the mandolin, and others in the community joined in.

In 1912, they moved to a farm west of Wellington, and later to the comfortable home at 1407 Childress Street. For a few years they lived just north of Salt Fork River and built the rock house where Mr. and Mrs. Edd Henard now live.

Mrs. Bell has always been an active community worker, entering into school affairs with her children, or helping with Red Cross work during war years. At ninety, she retains her hobbies of fishing, her music, and piecing quilts.

She and the late Mr. Bell were active in First Christian Church, where she again played the piano for services.

Besides her two daughters, Mrs. Bell has three grandchildren, Mrs. Eddie Slay of Canyon, Mrs. Bill Frost of White Deer and Jim Copeland of Anton. There are 8 great-grandchildren.

After the birthday dinner at Hay Camp, the family returned to Mrs. Bell's home, where she opened the family gifts, and later, birthday cake and coffee were served.

Attending the dinner were Mrs. Bell; Mrs. Eddie Slay, Joel Slay, Carolyn Slay and Mr. and Mrs. Newton Crain of Canyon;

Mr. and Mrs. Bill Frost, Christy, Charla and Cherie of White Deer; Mr. and Mrs. Jim Copeland, Kalette, Andy Jack and Kury of Anton; Mr. and Mrs. Ben Walker of Childress and Mrs. Beatrice Thomas.

Two nephews and a niece live in this area, Paul Bell and Guy Bell of Wellington and Mrs. Ira Page of Clarendon.

Safe Sack Lunch Urged

"Mothers who know" prepare school lunches following the Basic Four Food Groups, a foods and nutrition specialist said this week.

Lunches can be nutritious and still delicious with this guide, Sally Springer, with the Texas Agricultural Extension Service, The Texas A&M University System, said.

"For example, a meat or cheese sandwich, fruit and cookies, along with milk purchased at school, makes the four food group score-board perfect."

She reminded sandwich makers to use butter or mustard rather than mayonnaise, if the sandwich will not be refrigerated. Pack the lettuce and tomato separate, to avoid a soggy sandwich at lunchtime.

A small thermos will carry hot soups, stews and casserole dishes for a hot lunch at school. Also, canned puddings, fresh fruits and cheese cubes make perfect lunch box treats.

Avoid using meat, fish or egg salads in packed lunches, because they may spoil unless refrigerated. Creamed sauces and dishes and custards are not

Mrs. Barjenbruch Presents Graphic Arts Study for Club

A program on the graphic arts was presented by Mrs. Robert Barjenbruch for the Excelsior Club Thursday, October 17. She was also hostess in her home south of Wellington.

Mrs. Barjenbruch directed her program to one outstanding graphic artist, Will Bradley. Her discussion of posters, illustrations, typographic design and decorations follows:

The current enthusiasm for handcraftsmanship and Art Nouveau, the style closely identified with the Arts and Crafts Movement, has encouraged many to turn to this earlier period, the 1890's for artistic inspiration.

Contemporary interest in the fin de siecle has led to the discovery of many artist-craftsmen whose work, out of favor for decades, has been neglected. Among those was Will Bradley, an American decorative illustrator and artisan who was esteemed in his own day. Born in Boston, Massachusetts, in 1868, Bradley was fascinated by type, printing and illustration as a child. When he and his mother moved to Ishpeming, Michigan, after his father's death in 1879, he found a job as a printer's devil and later was foreman of the local newspaper.

He composed with type at work, while in his spare time he earned extra money by designing posters. In 1886 he moved to Chicago to begin his career as an artist. He soon found his forte as a pen-and-ink illustrator, and by 1890 his work was appearing in Frank Leslie's Illustrated Newspaper and the Chicago trade journal, The Island Printer.

Shower Recently Given for Mrs. Ralph Regalada of Kyle

A wedding shower given recently honored Mrs. Ralph Regalada of Kyle, the former Molly Martinez of Wellington. It was held in the Heritage room.

Hostesses were Mrs. Trinidad Cantu, Mrs. Isadoro Cortez, Mrs. Oscar Herrera, Mrs. Bill Janes, Mrs. Bobby Cantu and Mrs.

Bradley did not have enough money to attend art classes during those early years in Chicago, and instead, received his instruction from contemporary magazines, libraries, and local bibliophiles. Like many other self-taught artists of his day, he was quite aware of the latest developments in the art world, here and abroad. He studied British theories of art and decoration. The Englishman who had the greatest impact upon Bradley and many of his contemporaries, however, was William Morris.

Although many plans were never realized, The Wayside Press produced much outstanding work from 1896 until 1898.

During 1900 and 1901 he completed a series of covers for the Collier's Magazine. Bradley's interest in type design and layout, encouraged by his work for the American Type Founders, demanded more and more of his attention and by 1907, his career as an artist essentially had come to a close. From 1910-1915 he was simultaneously art editor of Good

Housekeeping, Pearson's and National Post. In 1915 he was art supervisor for a series of motion pictures financed by William Randolph Hearst, and from 1918-1920 he wrote and directed his own picture, Moongold. During the 1920's he was back working for Hearst.

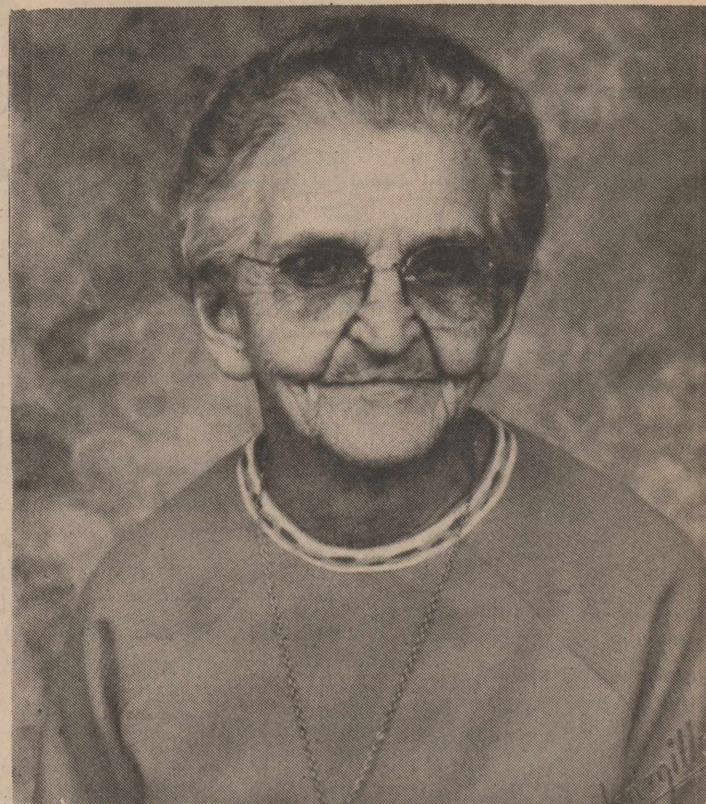

Members present were Mrs. E.F. Bartlett, Mrs. J.F. Michael, Miss Sue Parker, Miss Dorothy Robertson, Mrs. Lowell Wells, Miss Hattie D. Wells, Miss Bonnie Willis, Mrs. Russell Yates and Mrs. Barjenbruch.

Edward Aguilar.

The reception table was covered with a white cloth and centered with an arrangement of yellow daisies. Crystal appointments were used.

Mrs. Aguilar presided at the punch service.

Guests called between two and five in the afternoon.

Quail, Alamo Split Double Header Tuesday

Quail Quails and Bobwhites split a double header with Alamo Catholic High boys and girls Tuesday, October 28. The games, both close, were played in Amarillo.

The Quails took their game by two points, 52-50, while Alamo girls won 46-42.

Fouls beset the girls team during the first period and cut deeply into the Bobwhites' scoring for the remainder of the game.

Kathy Guthrie, scoring 29 points, was high for Quail and others making points were Sharon Childers 8, Donna Langley two and Crissie Torrez one.

Suzy Powers scored 26 points for Alamo.

Quail boys took an early lead and at the first quarter the score was 12-8. By halftime, the Quails led 24-18, and at the third, they were ahead 38-24. At one time in the fourth, Quail had a 7-point lead, but threw it away on three passes and Alamo tied the score as the game was almost over.

Then Brian Barton put a short jump shot and made it with 12 seconds left. The defense was able to hold until the game ended.

Gary Wischkaemper led Quail scoring with 17 points; Johnny Needham had 15, Tommy Caldwell, Barton and Harvey Oatman four each, and David Russell two.

These games give the Quails a 2-1 season record, while the Bobwhites have won one game and lost two.

Don Martin To Dimmitt

Mr. and Mrs. Don Martin and their young son, Aaron, have recently moved to Dimmitt, where he is employed by Parsons Drug.

Mr. Martin graduated from Southwestern State University School of Pharmacy, Weatherford, Oklahoma in May.

Trio Visit Relatives In Tennessee Counties

Mr. and Mrs. Jack Davis and his sister, Mrs. Clayton Nichols, of Hollis, Oklahoma have just returned from a ten day trip through Maury and Warren Counties in Tennessee.

The trio visited all the relatives they had met previously and met many others they had never seen.

They attended worship services at the Little Church of Christ at Cathey's Creek, Hampshire, Tenn. Some of Mr. Davis' relatives have worshiped there since it was erected in 1832, with the exception of the two years it was boarded up during the Civil War.

The Hermitage, Stone's River Battleground Memorial, Scarritt College and Sam Davis Memorial were other points of interest they visited. Sam Davis was a distant relative of Mr. Davis, who was a young Tennessee boy hanged for being a spy during the Civil War. He is quite a hero in that area.

They took a long drive on the Natchez Trace, which was the route traveled by soldiers and all other traffic between Nashville and Natchez prior to the construction of highways.

Mrs. Davis said the foliage was gorgeous in that area.

Firecrackers Down Shamrock There Thursday

Wellington Eighth Grade Firecrackers defeated Shamrock 8th grade 12-0 at Irish Field Thursday, October 30. This was a turn-around from the first meeting of the two teams early in the season, when Shamrock was victor 20-8.

Wellington scored in the first quarter, after driving the ball from mid-field to Shamrock's three yard line. On the next play, Robert Powell scored. The try for extra point was no good.

The Firecrackers scored again in the second period this time on a 5-yard run by Baldo Nevarez. Again, the score was set up by a series of short runs from center-field. The Firecrackers could not make the extra points.

The entire second half was a defensive game with most of the play in mid-field.

Coach Bruce Dollar praised the action of the offensive line--Clint Nash, Kirk Patterson, Haskell Bonaparte, Jerry Henry, and Dane Dodge. "They blocked real well, and everyone on defense played well, too," he said. "We have improved every week."

The Firecrackers have only 15 players, and other team members are Kevin Needham, Richard Archer, Jessie Garcia, Mike Thomas, Marty Warrick, Carlos Granados, Neal Van Pelt and Greg Neeley.

"We appreciate the people who came to the game at Shamrock. It means a lot to the boys to know everyone is still coming out to watch them," Coach Dollar said, adding that attendance has been good all year.

RSVP News

BY MECCA MANUEL

The RSVP office and the Senior Citizen Center is still buzzing with activity. We are busy people here at all times. Most of the men would rather play dominoes, but the ladies prefer to quilt and do all kinds of handwork.

The volunteers helping with the Halloween Carnival at Thomas Nursing Home Friday night were Mrs. Sandown Smith, Mrs. Marie Gollighugh, Mr. and Mrs. Chester Wadley and Mr. and

Mrs. Oliver Young.

We have two volunteers that judged the girl scout halloween costumes - Mrs. Alice Wall and Mrs. Rosco Land.

We are proud to have Mrs. Dottie Haralson helping us in our office. When you get in a tight it sure is nice to have friends that will help you out.

We still need telephone callers to call people who live alone. If you would like to do some calling, please call 2935.

B&PW Holds Progressive Dinner Tuesday Evening

Wellington Business and Professional Women's Club will hold its annual progressive dinner Tuesday, November 11. For many years, this has been one of the major community events of the fall season.

Between 250 and 300 Wellington area people attend each year.

Serving will begin at 5:00 p.m. and continue until 7:30, giving those who attend time for other evening activities,

Joe L. Powell, Area Minister, Dies Sunday

Joe Leonard Powell, 38, a church of Christ minister since 1951, died in Collingsworth General Hospital Sunday, November 2, after a long illness.

Mr. Powell had served congregations in Memphis and Childress over a long period of time, but continued to make his home in Wellington. He was also a member of the Men's Progressive Organization, and with that group had worked conscientiously for the improvement of the northeast Wellington area.

Born here August 30, 1937, he was the son of Howard Powell and the late Earlene Powell. He was graduated from Booker T. Washington High School in 1956 and attended Southwestern Christian College at Terrell two years, then received his degree from Paul Quinn College in Waco.

Funeral services were conducted at 2:00 p.m. Wednesday, November 5, at Bowie Street church of Christ. Officiating was Enoch Fuller of Clovis, N.M., minister of a church of Christ here until recently. Burial was in Fairview Cemetery under the direction of Kelson Funeral Home.

Pall bearers were R.L. Hunnicutt, James Thomas, L.B. Archie, Robert Coffee, Willie McKinnon and Jimmie Barber.

Surviving are his father and step-mother, Mr. and Mrs. Howard Powell; three brothers, Horace Powell and Robert Powell of Wellington and L.H. Powell of Los Angeles; and one sister, Mrs. Patsy Edwards of El Paso.

said Mrs. Gary Brewer, chairman of this year's dinner.

There will be two dinner stops, salad and the main course--turkey with all the trimmings--will be served at the club room of Bura Handley Community Center. Diners will then go to the Heritage Room for coffee and dessert--a variety of pies baked by members themselves.

Entertainment is planned at the community building.

Those attending may begin their meal at any time during the serving hours.

Tickets are now on sale and may be had from any club member.

Serving with Mrs. Brewer on the progressive dinner committee are Mrs. Doc Turner, Mrs. Frances Williams, Mrs. Pearl Aaron and Mrs. J.C. Hartman.

Mrs. Williams is in charge of serving the main course, Mrs. Ben Ratliff the salads, and Mrs. Zook Thomas the desserts.

This is the club's major fund-raising event of the year, and all proceeds go to finance its projects. One project in which it joins with all other clubs of the state is the fund given annually to the University of Texas M.D. Anderson Hospital and Tumor Institute in Houston, for work in cancer research.

In Wellington, B&PW is a generous contributor to the Satellite Training and Work Center, which must depend on local organizations for financial support outside the teacher salaries.

Still another project is that by which some high school girl who has completed her junior year goes to Bluffton Girls State each

Fine Arts Trainees Study at UT-Austin

AUSTIN, (Spl.)--Training persons to administer college fine arts programs in the visual arts, theater, music, dance and opera is the object of a new degree program at The University of Texas.

The two-year program, leading to the Master of Fine Arts in Arts Administration degree, trains prospective fine arts deans in the intricacies of administering a college of fine arts, from preparing budgets to knowing how concert halls work.

summer.

"Come join us for dinner. You will have a delicious meal and also help a worthy project," said Mrs. Brewer.

Grady Cochran Dies Suddenly of Heart Attack

Grady Cochran, 68, retired farmer and county resident since 1950, died of an apparent heart attack at 1:15 p.m. Friday, October 31. He was stricken as he was buying groceries in a Wellington store and was dead on arrival at Collingsworth General Hospital.

Mr. Cochran farmed in the Arlie community from the time he came until 1962, when he retired and with Mrs. Cochran moved into Wellington. This was not a period of retirement for him, for he became widely known as a clockmaker and repairman, and as a builder of grandfather clocks.

A native of Brilliant, Marion County, Alabama, he was born November 19, 1906, and was the last surviving member of a family of 13.

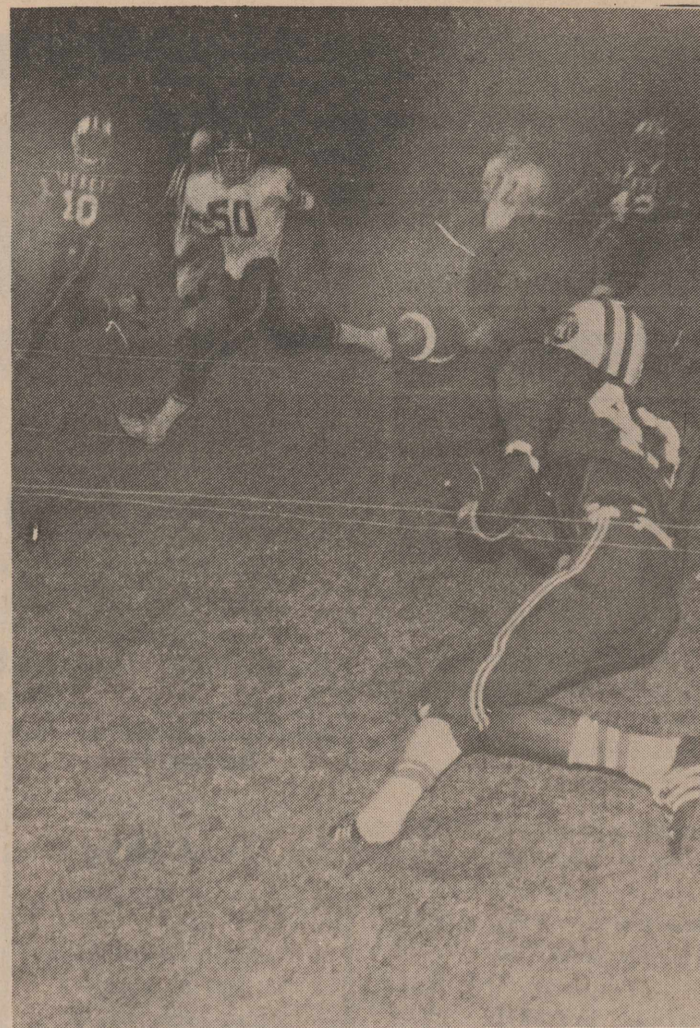

He was married to Miss Ethel Conway October 20, 1924, in Marion County.

Mr. Cochran was a Baptist.

Funeral services were conducted Sunday, November 2, at 4:00 p.m. in Faith Baptist Church, with the Rev. Elvis Pitts, pastor, officiating. Burial was in North Fairview Cemetery under the direction of Kelson Funeral Home.

Pall bearers were Lonnie Needham, Walter Needham, Homer Holton, Howard Holton, Buck Watson and Dee Burba.

Survivors include his widow; two daughters, Mrs. Helen McDuff of Pekin, Ill., and Mrs. Ruby Colwell of Dimmitt; four sons, Willard Cochran of Winfield, Alabama; Bob Cochran of Dodson; Bill Cochran of Goodland, Kansas; and Grady Cochran, Jr., of Memphis. There are 10 grandchildren.

ROCKET PASS

George Brewer, 10, left, looks on as his pass sails toward the waiting arms of Edward Thomas, 43, right, in Friday night's game against the Shamrock Irish. The Rockets won 34-6.

Skyrocket Band Gets New Uniforms

That Skyrocket Band has been measured for new uniforms, which should be delivered in March, in time for remaining UIL competition.

The contract was signed Thursday, October 30, after a sample was approved with certain changes by the Band Parents Club. Working with the club was Battle Harris of

the Fruhauf Company.

At this time, the Band Parents plan to buy 75 uniforms, costing \$156.70 each, for a total of \$11,772.50.

"Any donations toward this will be appreciated," said Mrs. B.M. Sims, chairman of the uniform committee. Other members are Mrs. Leon Hartman and Mrs. Dee Burba.

The uniforms are red and white, the school colors, with a more elaborate type hat. An overlay of matching material, also red with white trim, will dress the suits up for concert playing.

Survivors include 5 sons: Claude Simpson of Bangs; Homer Simpson, Bill Simpson and Audrey Simpson of Amarillo; and John Simpson of Lutie community; three daughters: Mrs. Thelma Crouch of Aztec, New Mexico, Mrs. Mattie Garner of Shamrock, and Mrs. Cordie Foster of Benicia, Calif.; 20 grandchildren, 35 great grandchildren and 10 great great grandchildren.

Funeral services were conducted at the church of Christ building in Wellington at 3:00 p.m. Monday, November 3. Officiating were Tom Anderson, minister, assisted by the Rev. Bill Rushing, pastor of Samnorwood Baptist Church.

Grandsons were pall bearers.

Skyrockets to Get Two Pep Rallies

Two pep rallies will send the Skyrockets off to McLean for their bout with the Tigers this week.

Because Friday is a school holiday, the regular pep rally will be held Thursday at 3:00 p.m. in the high school gymnasium, said Karen Jeffrey, a cheer leader.

Friday afternoon, there will be a big pep rally and send-off at Powell Field at 5:00 p.m., just before the

team leaves for McLean.

"Everyone in town is invited to come down Friday afternoon," said Karen.

She noted the fine support the town has given the pep rallies, the games, and in supporting the Rockets generally, and she added that the cheer leaders want to say "Thank you" for all of this.

Collingsworth Women Honored In State Educational Areas

The quality of education in the Panhandle was brought out in Collingsworth County this week when honors came to two women.

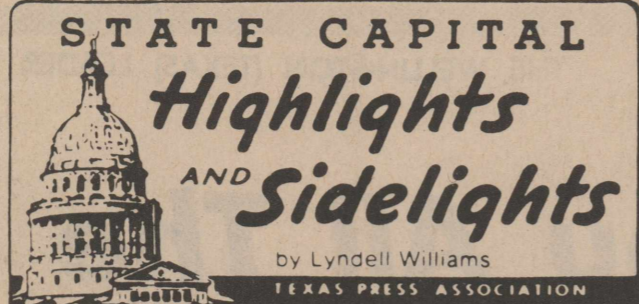

First, Mrs. B.M. Sims was appointed by Governor Dolph Briscoe to serve on the board of regents of West Texas State University.

Then, Mrs. Dollie Mae Wilson, math teacher at Quail, learned that she was one of the highest ranking contestants in the state-wide Teacher of the Year.

Both of these women are to be congratulated, but of more importance is their concern for superior education of youth in the Panhandle. The honors they received within the last 10 days come only after many years of work, each in her own field.

Mrs. Wilson is in her 40th year in the classroom, and all of those years have been in Collingsworth County. There are few subjects in the Quail school curriculum she has not taught. It is her philosophy that she should take each child as she finds him and help that youngster achieve the most that is possible during the time he is in her classroom. Many of her former students look back and say they were able to achieve in the field of mathematics in College and in their professions because of her teaching.

Mrs. Sims says that at present, she is listening to what other members of the Board of Regents say. She has a broad background on the state as well as the local level in such diverse fields as federated club work, music, the arts, and water conservation. She is known in legislative halls in both Austin and Washington. West Texas State University is due to feel the impact of her innovative mind and her hard, persistent work.

AUSTIN — Railroad Commissioner Ben Ramsey's decision to step down at the end of his present term Jan. 1, 1977, assured a wide open race for his position next year.

A large field already is forming.

Ramsey, 71, took many by surprise with the announcement he plans to return to law practice in San Augustine in a little more than a year.

His public service career dates back to 1931 when he first entered the House of Representatives. He served six terms as lieutenant governor—longer than any Texan.

State Rep. David Finney of Fort Worth, Houston attorney Terence O'Rourke and Walter Wendlandt, an Austin attorney and former Commission division head, are announced candidates.

Secretary of State Mark White Jr. said last week he is seriously considering getting in the race. White is an appointee of Gov. Dolph Briscoe, and speculation favored him to replace Ramsey if the incumbent stepped down before end of his term.

Other possible contenders for the Commission—which regulates Texas oil and transportation industries—are Texas Legislative Council Executive Director Robert E. Johnson and State Rep. Lane Denton of Waco.

Lawyer Policies Due

State Insurance Board members are considering a new type of policy covering attorney's fees.

The State Bar and agents' representatives requested approval of a plan authorized by the 1975 Legislature. The Board must approve guidelines.

The Bar is prepared to distribute group policies through a non-profit corporation, a staff member stated. Insurance Company of North America and American National Insurance Company have applied to the Board for authority to sell the coverage. Fees are expected to run \$5 to \$7.50 per month for such coverage as wells, deeds,

advice, defense against traffic charges and domestic cases.

Minority Gains Few

A state legislator claims state agencies have made no progress at finding jobs for blacks, Mexican-Americans and women.

Rep. Paul Ragsdale of Dallas said the number of black employees in 38 agencies increased only four-tenths of one per cent in the last year, the number of Mexican-American workers 1.1 per cent, and the number of women 3.7 per cent.

Tax Distributed

More than \$2.7 million is being remitted to 188 counties and 297 cities as their share of mixed drink taxes for July-September.

Cities get 15 per cent of the total tax collected in their boundaries, and counties 15 per cent. The remaining 70 per cent, \$6.5 million for the last quarter, remains with the state general revenue fund.

Courts Speak

The State Supreme Court upheld a Texas Alcoholic Beverage Commission ruling that a dry justice precinct remains dry even when the county around it votes wet.

In other recent opinions, the High Court declared:

- The son of a slain father must divide benefits with an "adopted son" who was never legally adopted.

- A \$43,400 judgment for the state in an air pollution case against a roofer must be erased and a new trial held.

- Killeen's moving, zoning and licensing ordinances are legal.

AG Opinions

A county judge is authorized by statute to reject competitive bids on county goods or supplies below \$3,000, Atty. Gen. John Hill stated.

In other recent opinions, Hill concluded:

THE PALACE DRUG STORE

This group posed in 1931, in a local institution, the Palace Drug Store, located in a two-story building at the west end of the south side of the square. From left to right are Dr. C.E. High, an unidentified man, Lester Bengel, Tom Bengel, owner of the store, Mrs. L.J. (Laura) Campbell,

an unidentified man, and Sandy Parsons, Jr. Dr. High had an office upstairs, as did Dr. John Harper, Dr. G.M. Terry, Dr. E.W. Moss, and Dr. J. Frank Johnson at various times. Judge Clinton C. Small's law offices were at the back of the building.

- The Governor's desk calendar is not public information. Neither are notes on his appointments, but his flight log is.

- County law library fee may be taxed as costs in all probate proceedings except an action brought for the purpose of confining a person of unsound mind or a habitual drunkard.

- A small city can't pay a deputy sheriff to serve as town marshal.

- Harris County constables elected immediately following a redistricting of precincts in 1973 must stand for election in 1976 under the state constitution.

Appointments

Governor Briscoe ap-

pointed three new members of the Coordinating Board, Texas College and University System and reappointed three old members.

New members are John W. Fainter of Sugar Land and Houston, L. F. Peterson of Fort Worth and Ralph Spence of Tyler. Harry M. Provence of Waco, Robert Paul Teague Sr. of Texas City and Sam D. Young Jr. of El Paso were reappointed to the key board.

Briscoe appointed James R. Lovell of Dumas and Mrs. B. M. Sims of Wellington to the West Texas State University Board of Regents. John M. Shelton III of Amarillo was reappointed.

Three new members of the Lower Colorado River Authority Board are Charles C. Schreiner III of

Mt. Home, Milton Y. Tate Jr. of Brenham and J. R. "Bob" Thornton of San Marcos.

Dr. William M. Shamburger of Tyler was reappointed to Texas Youth Council.

Hal H. Hood of Austin was reappointed new Firemen's Pension Commissioner and Dr. Marion J. Filippone of Houston and Dr. T. D. Yoder of Odessa got assignments to the Texas State Board of Podiatry Examiners.

Short Snorts

Texas Civil Liberties Union and the Mexican American Legal Defense and Educational Fund sued to block implementation of the new Texas Voter Registration Act.

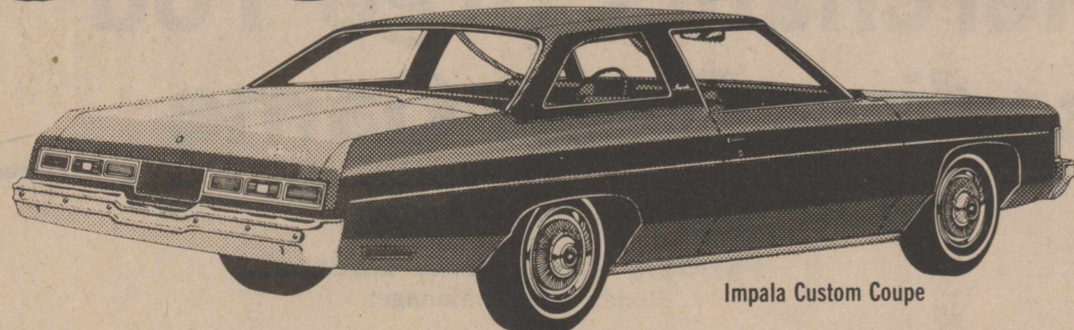

State Insurance Board scheduled a public hearing here November 12 to consider workmen's compensation and employers' liability rates, including certain longshoremen's and harbor workers' rates.

Texas Industrial Commission reported more than 1,400 jobs and 1,300 "spinoff" jobs will be created by 15 new industries that located in Texas during September.

The Governor approved 37 grants totalling nearly \$2.90 million for local, regional and state-level improvements in criminal justice.

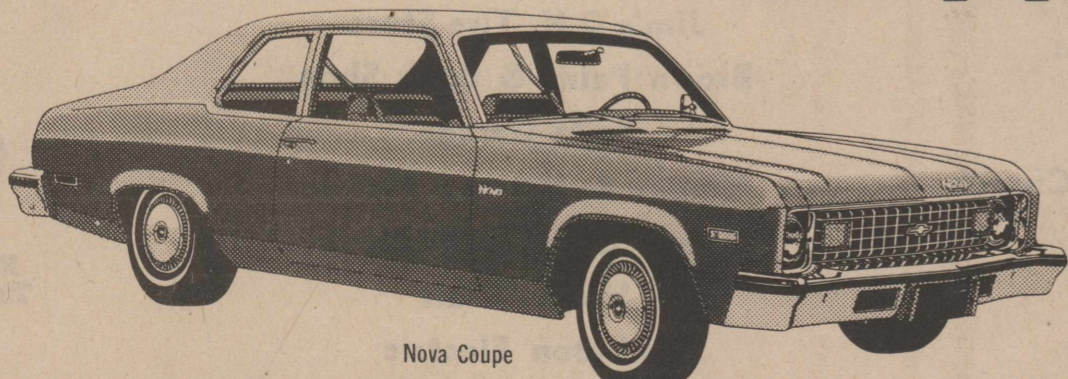

A 15-member advisory committee on child care licensing required by state law has been named by State Welfare Commissioner. Raymond Vowell.

Rockets Spook Irish 34-6 In Halloween Night Game

By H.K. Ballard

It was second down on the Rockets own one-foot line, in the third quarter when Dan Ford broke through the Irish defenders, and dashed the length of the football field to kill any Shamrock hopes of staying in the ballgame. Ford's spectacular score put the Wellington Skyrockets ahead 28-0 in a game they won 34-6 over Shamrock here Halloween night.

The Skyrockets remain undefeated with two games remaining in the regular season. Last Friday they regained the poise and determination they had displayed earlier in the season.

Deep into the first quarter the Rockets took control of the game by driving from their own 20 yard line to the Irish 22 in 8 plays with the excellent running of Dan Ford, Sammy Gonzales, and Jessie Davie and the passing duo of George Brewer to Edward Thomas. On the Irish 22 the Rockets faced second and 12 to go when Edward took a pass from George Brewer and displayed some fancy footwork into the end zone for the Rockets first score. The fake field goal was no good and the Rockets led 6-0.

The Rockets kicked off and with the wind to their backs the Irish had to bring the ball out of the end zone to start play from their 20. The Irish faced first down and 25 to go after a holding penalty. On second and 24 the Rockets recovered a fumble inside the Irish 10 yard line. Brewer connected again with Thomas from the 8-yard line for a Rocket T.D. Davis' kick was good and with 1:17 left in the first quarter the Rockets blasted ahead 13-0.

The second quarter began with Shamrock facing third down and 12. The Irish fumbled and Rocket Jackie Black recovered on the Shamrock 41.

With the great runs by Ford and the combination of Brewer to Tony Martinez the Rockets moved to the 15 yard line. On second down the Rocket offensive line opened a huge hole for Sammy Gonzales and after running over a couple of Irish defenders, Gonzales scored. Brewer, on a fake field goal, ran the ball in for two extra points and with 10:48 in the second quarter the Rockets led 21-0.

On the next series the Rocket defense led by Allen Sanders and Jackie Black forced the Irish to punt. But on the first down from the 41 a Brewer pass to Shane Tarver was intercepted by Randy Copeland and the Irish took over at their own 30.

The Irish were forced to punt again, and Arnie Ingram fielded the ball on his 30, broke tackles and ran over defenders for a T.D. But officials said he had stepped out of bounds on the Rocket 45. On the first play from the 45 Brewer passed to Shane Tarver but again another Irish defender, Alan Close, intercepted and the Irish took over at their own 30.

Close to the end of the half Brewer passed to Thomas but the Rockets suffered their third interception, this time at the hand of Steven Stokes.

The Rockets fumbled at the Irish 30 on their first series in the third quarter.

The Irish were not able to move the ball and late in the third quarter a Shamrock punt soared over the field and rolled out of bounds at the Wellington one-foot line. With the backfield lined up in their own end-zone the Rockets tried to move but the ball remained backed up on

the one-foot line. Then on second down, Dan Ford burst through the Shamrock line for a 100-yard dash that brought six more points and Wellington fans to their feet. Jessie Davis' extra-point kick was good and the Rockets led 28-0.

The Shamrock Irish battled back, though, and in the fourth quarter put six points on the board with an 8-yard run. It was their only score. After the kick-off the

Rockets drove down the field starting from their own 20 to the Irish 11 on good runs by Ford, Gonzales, Ingram, Randall Sims and Davis and Brewer's passes to Thomas and Tarver. On second down and 10 Davis took a hand off from Brewer around his right end, but there was no place to go, so Jessie reversed his field and outran everyone for a T.D. The two point try was no good and the Rockets with 6:28 left in the fourth quarter went ahead 34 to 6.

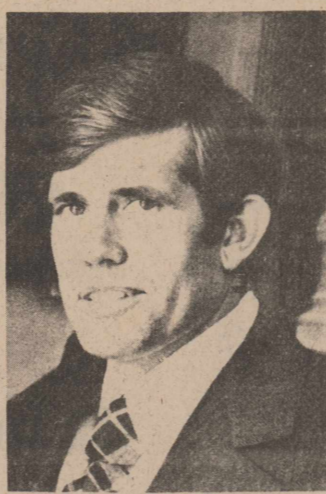

The Rockets meet McLean there Friday at 7:30 p.m.
