### Red Cross Notes

Due to illness no report was given on our work the last two weeks. Our work is progressing nicely. Quite a lot of sewing is being done and 8 more quilts are in the making.

We are happy to tell you that some of our local people who have met misfortune.

We wish to thank these good Methodist ladies who have quilted six quilts for the Red Cross and are ready for more. This is a fine example. Why don't more follow it? Thanks go also to Mrs. John Mace for piecing 5 quilts and to Mrs. Minnie Snowden for piecing 3 quilts. Several others are piecing.

We believe in using what we grow. We bought a pair of cotton cards and are using Hedley cotton for our quilts. Clyde Bridges and John Stard donated some cotton. We need some more. If anyone would like to donate a few pounds we would appreciate it. Mesdames Gladys Johnson and J. B. Masterson have carded cotton for 3 quilts.

Our knitted afghan is finished. Mesdames J. M. Everett and Mattie K. Han are due thank for assembling it. We are making another afghan from woolen material. If you have any wool material with enough good to cut 6 in squares bring it to us. Used clothing is fine if its clean and good. Don't cut squares, just cut good part off and bring it in.

Thanks for the following donations: buttons by Mesdames Aiva Simmons, B. McLaughlin and Leland Pierce; \$1 for thread and one quilt lining by 1919 Study Club; cash donations by Mesdames D. H. Cox, A. A. Cooper, W. H. Jones, and W. M. Biffle.

We are happy to have some ladies from Windy Valley and Bray working with us. We have a new center in our community who has finished 12 garments for the Red Cross. She is Mrs. Hughes who lives on the Masterson farm. Thank you, Mrs. Hughes.

Since so many have asked us to continue our picture window we have decided to do so. If you want a picture in bring it on Saturday.

We have plenty of work ready for you. Call for it.

We will hold open house March 6th.

Thanks to the Masonic Lodge for the use of chairs and to every one who has in any way helped our work.

Mrs. Clyde Bridges,  
Chairman

If you want a garden patch broken, leave word with Barney Johnson.

J. E. Painter

For Lease—160 acres, government check included, near Nayler. See Mrs. L. M. Kempton.

### Gleaners Class

The Gleaners class will not meet this week. The next meeting will be the first Friday in March.

Mary Rains Bridges visited home folks last week before going to a Civil Service job at Army Air Base at Davis N. Mex. Mary has been with the Cactus Ordnance Works at Demas the past 6 months.

For Lease—160 acres farm land government check included. Box 914, Hedley.

### Rationing Board News

Thousands of volunteer civil defense workers will have an opportunity within the next few weeks to help in a gigantic home front war program—point rationing. Plans are being laid to train many "explainers" who will assist in putting the program before the people. These explainers, by making the rationing plan clear to store customers, can speed up the shopping service and relieve merchants and their clerks of the necessity for explaining, since they will have to give extra time to handling food coupons and keeping records. Community service members of local war price and rationing boards will be responsible for determining where and how many explainers will be needed, and for the assignment of the volunteers to the various stores.

There are a few important things to remember about the point rationing system. They are: 1. All canned fruits, vegetables and soups; all frozen fruits and vegetables in containers under 10 pounds; all fruit juices in bottles or cans of one gallon or less; and all dried fruits will be rationed.

2. Retail sales of the foods to be rationed will be suspended as of midnight Saturday, Feb. 20.

3. Any adult member of the family may make the application and receive the books for the entire family.

4. War Ration Book I of each member of the family must be presented at the registration.

5. Each applicant must file a declaration of goods on hand as of Feb. 21. The consumer declaration sheet simply asks for the amounts of coffee on hand as of Nov. 28 minus 1 lb. for each person 14 or older—and of canned goods on hand as of Feb. 21, minus 5 cans per person. This refers only to cans, bottles and jars of 8 oz. or larger.

The registration for War Ration Book II will be held at the school house on Wednesday, Feb. 24th between the hours of 5 p. m. and 9 p. m. and all day the following 3 days, Feb. 25, 26 and 27.

### Lions Club Meeting

The Hedley Lions Club had their usual meeting last Thursday night with a good attendance. Lions Bell and Drennan of Clarendon spoke on the Red Cross work. The Donley quota is \$2700.

Lion Cook presented keys to Lions Hensucker, Kains, Reeves, Key and Simmons. Lions Tollett and B. O. Johnson also earned keys and will receive them later.

The club is sponsoring a program to be presented soon. Watch for details.

Miss Rita Zo Davis was elected Lion Sweetheart.

The serving committee was Mesdames Blaine Doherty, G. L. Johnson and Jack Marshall and Miss Willie Mae Greer.

Boss Lion Ray Moreman has received a telegram from Lions International which reads: "Your Club Division one winner in birthday program."

Both club and community are to be congratulated on this noteworthy achievement.

### NOTICE

All Lion club members are to meet at the school house at 8:30 Monday for practice on play.

R. W. Seaton, chairman

## J. H. Boren Cash Grocery

George Washington

As we observe the birthday of this immortal American let's pay tribute to the faith he had—faith in freedom and in free enterprise—faith in the old-fashioned virtues of hard work and saving part of what you earn.

Courage, confidence and will power to get on the job no matter how hard, such as Washington displayed, should be the mind of every citizen as we face the difficult path of War that lies ahead.

**CLASSIFIED DEPARTMENT**

**INSECTICIDE**

Kill'em quick—Roaches, lice, bugs—1 lb. pkg. prepaid \$1. Bings will kill'em quickly by correct application. Bings Mfg. Co., Box 844, San Antonio, Tex.

If you know a Navy man, don't ever call him a "gob"—sailors consider the name an insult. You can get on the right side of him though if you offer him a Camel—or better yet, send him a carton. Camels are the favorite cigarette with men in the Navy (Army, Marines, Coast Guard, too, for that matter) based on actual sales records from the service men's stores. Local dealers are featuring cartons of Camels to send to any member of our armed forces anywhere. Send him that Camel carton today.—Adv.

**SKIN IRRITATIONS OF EXTERNAL CAUSE**

acne pimples, bumps (blackheads), and ugly broken-out skin. Millions relieve miseries with simple home treatment. Goes to work at once. Direct action aids healing by killing germs it touches. Use Black and White Ointment only as directed. 10c. 25c. 50c sizes. 25 years success. Money-back guarantee. For Vital in cleansing is good soap. Daily enjoy famous Black and White Skin Soap.

**Pull the Trigger on Constipation, with Ease for Stomach, too**

When constipation brings on discomfort after meals, stomach upset, bloating, dizzy spells, gas, coated tongue, and bad breath, your stomach is probably "crying the blues" because your bowels don't move. It calls for Laxative-Senna to pull the trigger on those lazy bowels, combined with Syrup Pepsin for perfect ease to your stomach in taking. For years, many Doctors have given pepsin preparations in their prescriptions to make medicine more agreeable to a touchy stomach. So be sure your laxative contains Syrup Pepsin. Insist on Dr. Caldwell's Laxative-Senna combined with Syrup Pepsin. The good old Syrup Pepsin makes this laxative so comfortable and easy on your stomach. Even finicky children love the taste of this pleasant family laxative. Take Dr. Caldwell's Laxative-Senna combined with Syrup Pepsin, as directed on label or as your doctor advises, and feel world's better. Get genuine Dr. Caldwell's.

**Wise in Silence**  
Blessed is the man who, having nothing to say, abstains from giving in words evidence of the fact.—George Eliot.

**To relieve distress of MONTHLY Female Weakness**

AND HELP BUILD UP RED BLOOD!  
Lydia E. Pinkham's Compound TABLETS (with added iron) have helped thousands to relieve periodic pain, backache, headache with weak, nervous, cranky, blue feelings—due to functional monthly disturbances. Taken regularly—Pinkham's Tablets help build up resistance against such annoying symptoms. Also, their iron makes them a fine tonic to help build up red blood. Pinkham's Tablets are made especially for women. Follow label directions. Worth trying!

Use at first sign of a **COLD**  
666 TABLETS, SAVE NOSE DROPS, COUGH DROPS.  
Try "Rub-My-Tiss"—a Wonderful Liniment

**Sentinels of Health**

Don't Neglect Them!  
Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of toxic impurities. The act of living—life itself—constantly produces waste matter the kidneys must remove from the blood if good health is to endure. When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide distress. One may suffer nagging headaches, persistent backache, attacks of dizziness, getting up at night, swelling, puffiness under the eyes—feel tired, nervous, all worn out. Frequent, scanty or burning passages are sometimes further evidence of kidney or bladder disturbance. The recognized and proper treatment is a drastic medicine to help the kidneys get rid of excess poisonous body wastes. Use Doan's Pills. They have had more than forty years of public approval. Are endorsed by the country over. Insist on Doan's. Sold at all drug stores.

**DOAN'S PILLS**

**WEEKLY NEWS ANALYSIS**

**Russ Trap German Army in Caucasus; March 15 Remains Tax Deadline as Congress Plans Pay-as-You-Go Later; Labor Demands Increased Wage Scale**

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)  
Released by Western Newspaper Union.

Three fighting American generals who led their forces against the Japs and were wounded in action in New Guinea are shown convalescing in an Australian hospital. Left to right are shown Brigadier Generals Hanford Macomber, Albert Whitney Waldron and Clovis E. Byers.

**WAGES & PRICES: Labor Looks Upward**

Organized labor's clash with the government over wage controls drew disquietingly closer as the American Federation of Labor, the CIO and John L. Lewis' United Mine Workers made known their stand. Conferring at the White House, William Green, AFL president, and Phillip Murray, CIO chief, protested to President Roosevelt that the cost of living was "getting out of bounds" and said that there was increasing dissatisfaction among labor's rank and file.

Previously, bushy-browed Lewis had announced a demand for a \$2 a day pay increase in the bituminous coal industry, effective April 1.

The impending crisis in wage control was further emphasized when the War Labor Board beset by increasing demands for pay increases asked Stabilization Director James F. Byrnes whether the "Little Steel" wage ceiling formula should be revised upward. This yardstick which has been applied to numerous industries allowed the W.L.B. to grant wage increases of 15 per cent above the levels of January 1, 1941, and was designed to match rising living costs between that date and May 1, 1942.

This program was dropped in Mr. Byrnes' opinion, because any upward wage revision would have consumer repercussions and jeopardize the administration's entire wage stabilization and price pegging program.

**INCOME TAX: March 15 Still Deadline**

Neither the Ruml plan to "for-give" all taxes on 1942 income, nor the U. S. Treasury department's proposal to double up collections of both 1942 and 1943 taxes will be adopted, members of the house ways and means committee definitely indicated.

One fact appeared certain. Forty-four million American taxpayers will be compelled to file income tax returns by the March 15 deadline, on the basis of 1942 income. A pay-as-you-go withholding tax procedure will be set up later. Most observers predicted July 1 as the date. The apparently would be a compromise measure embodying some but not all of the Ruml proposals and the treasury's recommendations.

**FARM LABOR: Army to Help?**

Many a Washington official has lain awake nights trying to find a solution for the critical farm labor shortage.

Latest suggestion for relieving the shortage was to apply a method used by Union Army Confederate armies in the Civil War—furlough soldiers with farm experience to help with harvests and other seasonal farm jobs. Observers believed that creation of this farm army would be undertaken jointly by the war department and the War Relocation Commission and the department of agriculture. It was estimated that 500,000 soldiers might be detailed for this needed task.

Alternatives under consideration by top manpower authorities was a proposal to utilize battalions of army men still in military assignment for farm work.

**HIGHLIGHTS . . . in the week's news**

**CHICAGO:** Paying its quarterly dividends on war bonds, stamps or cash is the novel method the Belden Manufacturing company is following to help promote the treasury department's drive. Since Whipple Jacobs, president of the company, introduced them in last August, stockholders have invested 9 1/2 per cent of their dividends in war bonds. This is well above the national average.

**WASHINGTON:** Planes of the 12th U. S. air force sank or damaged 54 Axis ships in North African waters, ranging from light cruisers to freighters between November 8 and February 1, it was announced here in a report received from Allied headquarters in North Africa. The report disclosed that 13 ships had been sunk, seven severely damaged and 34 others damaged.

**AXIS STOOGES: Show Jitter Signs**

Signs of political and economic crack-up at the northern and southern extremities of Germany's European front were indicated in reports hinting increasing unrest in Finland and Rumania.

Reports reaching neutral Stockholm, related that Finland, fearing further Russian offensives in the north, was growing desperate. The Finns' situation was further complicated because of food shortages and the inability of the Nazis to send them assistance. Public anger had been roused over a statement by Field Marshal Goering that Russia's 1939 war on Finland was only a bluff.

The Rumanian situation was said to be growing more critical because of heavy losses on the Russian front. Turkish sources reported that Marshal Ion Antonescu, Rumanian dictator, had begun to despair of his country's position. It was estimated that Rumania had lost 350,000 men killed in Russia and nearly 650,000 wounded and prisoners.

**U-BOAT BASES: Concrete Is Solid**

Ten feet of solid concrete separated RAF bombs from the German submarines they were dropped to blast in Germany's super-U-boat base at Lorient on France's Bay of Biscay. But British fliers kept up their dogged attacks night after night, for submarines remained the chief menace to Allied success in Europe.

British reports said that existing pens under concrete at Lorient could accommodate 20 submarines at a time, while another set of pens under construction could take 10 more.

Air warfare against submarine sources was not confined to the bases from which they embarked. Bomber attacks continued to be directed against cities where U-boat parts are manufactured, such as Essen, Duesseldorf and Cologne, as well as Copenhagen, Denmark, where submarine diesel engines are made. In addition, RAF bombers strafed other industrial cities, including Turin, seat of Italy's airplane engine industry.

**7.4 BILLIONS SAVED: For Farmers Says OPA**

Stung by frequent criticism of its policies by farm bloc leaders, the Office of Price Administration answered back in a statement contending that by the end of 1943 this agency will have saved American farmers \$7,400,000,000 or an average of \$1,213 a farm.

OPA made this estimate on the basis of a computation of how much money farmers would have been compelled to spend on things they buy and on operating expenses if there had been no government control over prices.

**AFRICAN CRITICISM: Ebb-tide Approaching**

The tide of criticism over America's handling of the tricky North Africa political situation had shown signs of ebbing. Significant of this trend was the statement of Foreign Minister Anthony Eden in the house

**FOREIGN SECRETARY EDEN**  
... cooperation beginning.

of commons that a "start has been made for reconciliation between Frenchmen and readjustment of internal conditions in North Africa."

Eden placed full responsibility for settling North African controversies upon Frenchmen themselves. That the French intended to follow this advice was indicated by the creation of a five-man commission by the imperial council in Algiers to undertake internal reforms. One of these was the restoration of their posts of officials ousted because they were Masons. Another was the release by General Giraud of 27 Communist members of the former French chamber of deputies.

A further step toward unity was a blunt memorandum by Lieut. Gen. Dwight H. Eisenhower warning American officers against unwarranted criticism of "any ally."

**COFFEE AND BUTTER: Rations Are Slimmer**

Less coffee in their morning cups and butter on their bread faced Americans for the remainder of 1943, as the OPA and the Food Distribution administration made known their newest rationing plans.

Coffee rations were reduced from one pound per person every five weeks to one every six weeks. This worked out to about 8.7 pounds per year per civilian. Approximately 13 pounds of butter will be available each civilian.

**ON THE HOME FRONT**  
with RUTH WYETH SPEARS

**IF THERE** is one piece of furniture for which our own period will be famous it is the low coffee table. Our own generation has discovered that low tables are not only convenient but give a greater feeling of space in a room than high ones.

Here is a little coffee table that is as modern as tomorrow. You can make it yourself from a three by four foot piece of half inch plywood with straight cuts of the saw. It requires not one scrap of hardware. Just cut the three sections according to the dimensions given here; place the slot of the narrow piece of the base through the slot in the wide piece; put the

top on, and there you are! When not in use the pieces take up no more space than a large serving tray.

NOTE: Readers who have sent for copies of the series of booklets numbered one to eight, prepared by Mrs. Spears, will be pleased to know that BOOK 9 is now ready. This new book contains 32 gay and thrifty things for your home with illustrated directions. Send your order to:

**HOUSEHOLD HINTS**

Save the water in which you have boiled rice. Pass any small articles through it after washing; it will semi-starch them.

You can freshen up drab waste baskets by pasting on some gay motifs cut from wall-paper, then using a white shellac over the paper.

A small leak in an aluminum pan may be repaired by placing a flat piece of heavy iron on one side and lightly hammering the hole together on the other side.

When patching a print dress match the patch with the print so that it will be less noticeable.

Clear hot water to which one teaspoon of baking soda has been added for each gallon of water brightens the gloss on enameled woodwork.

Set a five-gallon pail of old crank case oil in the tool shed, into which small tools may be dipped after using, this to prevent rusting.

Smear soap on the threads of a screw cap of a jar in which odd bits of paint or varnish are to be saved. The joints will be airtight and the cap will not stick.

Put the wooden salad bowl near the stove after washing, but never over direct, or intense heat. Too much heat will cause the wood to warp and perhaps crack, but moderate heat is necessary to dry the bowl thoroughly before putting it away.

If thawed too quickly meat that has been frozen will likely be tough.

Victim Had No Difficulty In Identifying Suspect

Mrs. Blank had a burglary. When the news got about, a neighbor called on her in great excitement.

"I saw one of the burglars!" she declared. "He was standing just inside the gate, evidently keeping a watch for the men inside. He was a little man, shabbily dressed. I couldn't see his face properly. He had an old hat pulled down over it. He kept glancing in a furtive manner at the house."

"What time was this?" asked Mrs. Blank.

"Just after eleven."

Mrs. Blank stiffened. "That was Mr. Blank," she said icily.

**SNAPPY FACTS ABOUT RUBBER**

The importance of group riding as a rubber conservation practice has been demonstrated in Pontiac, Mich., where today 30,000 workers roll to war plants in 4,000 cars instead of the 15,000 cars they used daily earlier this year.

2,300 cities and towns with a total population of 12 1/2 millions depend entirely upon automobiles for passenger transportation.

In 1936 The E. F. Goodrich Co. made the first fabric tire for passenger automobiles in the 36 x 4 size.

A ton of rubber a year is the collection of the average Brazilian wild rubber gatherer. This explains why man power is the crux of the South American natural rubber problem.

*Jerry Shaw*

**"UNCLE SAM HAS FIRST CALL ON US"**

For the war's duration the Gulf  
South has become an arsenal... of  
men, weapons, war materials, fuel,  
and food. All of this region's rich  
resources are at the disposal of  
Uncle Sam and our fighting forces.  
Their needs come first!

price. Our more than 1,000 em-  
ployees feel their responsibility to  
their country more keenly than  
ever before. They are determined  
that no dictator shall rob America  
of her precious heritage.

Because of the greatly increased  
demands for Natural Gas and be-  
cause building of pipe lines must  
be curtailed to save every ounce of  
precious steel, all of us can help  
speed Victory by careful use of  
this vital war production fuel.

Our employes are investing 10% of their earnings in  
War Bonds. We proudly fly the Treasury "T" Flag.

**Buried Assets**  
The man who has nothing to boast of but his illustrious ancestry is like a potato—the only good belonging to him is underground.—Sir Thomas Underbury.

**STANDS BETWEEN COLD MISERY and YOU**

When colds start—spread cooling Mentholatum inside nostrils. Instantly it releases vapor "Mentholations" that start vital actions:

- 1) They thin out thick mucus;
- 2) Soothe irritated membranes;
- 3) Help reduce swollen passages;
- 4) Stimulate nasal blood supply. Every breath brings quick relief! Jars 30c.

**MENTHOLATUM**

**Way of Idleness**  
If you are idle you are on the way to ruin, and there are few stopping places upon it.—It is rather a precipice than a road.—H. W. Beecher.

**SNAPPY FACTS ABOUT RUBBER**

Rubber is used on planes for lining gas tanks and fuel lines, for de-icing instruments, for insulating cables with weatherstripping, for lining flying suits to make them moisture-proof and for dozens of other purposes.

Proper inflation means maximum miles. A tire under-inflated 20 per cent (24 instead of 30 pounds) will reduce its life by 15 per cent and 25 per cent of the mileage will be lost in a tire that is 30 per cent under-inflated.

The Bureau of Commerce anticipated that 53,000 long tons of rubber would be imported by the U. S. in the last 18 months starting July 1st last.

No more auto chases in service for the duration. No more turns at high speed on expanding tires, and no more new cars. Possible assistance reaction to the waste of rubber—aid speeding—brought the taboo.

**Sentinels of Health**

**Don't Neglect Them!**  
Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of toxic impurities. The act of living—life itself—is constantly producing waste matter the kidneys must remove from the blood if good health is to endure.

When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide distress. One may suffer nagging headaches, persistent headaches, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel tired, nervous, all work out.

Frequent, scanty or burning passages are sometimes further evidence of kidney or bladder disturbance.

The recognized and proper treatment is a diuretic medicine to help the kidneys get rid of excess poisonous body waste. **Use Doan's Pills.** They have had more than forty years of public approval. Are endorsed by the country over. Insist on Doan's. Sold at all drug stores.

A SERIES OF SPECIAL ARTICLES BY THE LEADING WAR CORRESPONDENTS

**Mail from Home in Africa**  
By Frank Gervasi

As any top sergeant will tell you, the cornerstone of morale among troops is mail from home. In this respect, our troops in Africa have been luckier than most soldiers fighting on distant fronts.

was present when they opened their postmarked ten days and less from the date of receipt. You can watch their spirits rise at mail time. Unmistakably as the red column moves upward in a thermometer when you put a match under the bulb.

They provide a fair sample of what our army is like in the field. A few months ago, men who now are in tents, barracks and huts were in the jungles, in the mud, and in the rain. They were junkmen from Berlin, well drillers from Waco, and pressers from Philly. But they look and act like an army.

Their equipment from the neat insignia on shoulders and collars to their weapons, is indubitably the best in the world, and the envy of all soldiers who see it.

**Proud of Their Equipment.**  
Pride in themselves, but particularly in their equipment, is one of our soldiers' characteristics that impresses you most. In the air force, jumping from the conversation at meal times and while waiting about for the boys to return from their runs, airplanes supersede even the soldiers' classic subject of small talk—women. They'll talk airplanes until your head buzzes. They'll talk you into a tail spin, for instance, about Minnie.

Minnie was born in the factories of the Consolidated Aircraft company in California about two years ago, with a long time for an airplane. Last December 31, Minnie was flown to Trinidad by a redhead named H. M. Markey of Dill Field, Florida.

Trinidad, Minnie developed a leaky gas tank and was laid over for repairs so long that the boys speculated on whether she'd ever get away.

One morning Capt. Horace Wade, a slight, sandy-haired fellow from Magnolia, Texas, with a sort of half-past-noon mustache, took Minnie off on what was to be a remarkable career. Minnie fought the Japs off Borneo, returning from one mission with the scalp of a Jap cruiser dangling from her blunt and lethal snout.

Minnie flew supplies into the beleaguered Philippines and brought out valuable pilots who thus lived to fight another day. She did reconnaissance work through acres of flak over Burma, Malaya and the Dutch East Indies. Minnie flew General Wavell from Java to Ceylon, evacuated women and children out of Borneo. She carried Brereton all over India on a survey of new air routes, and, just for exercise, bombed Rangoon once.

Now Minnie is in the Middle East, her complexion blotched by wind, sand and monsoon, but coveted by the British, who can't have her.

Members of Wade's squadron feel that Minnie, after more than four hundred hours in the air and more than 100,000 air-miles—which is about four times around the world—has earned a rest.

She lies out in a field now, carefully tended by Sergeants Pekuri, Hitchcock and others, who keep her ready for more hours, more miles, but not in action. They're afraid something might happen to her. When she dies, they want to see Minnie die this side of heaven, where they can pick up the pieces and use them for burial.

**Group of Raiders Expected.**  
The major interrupted this sentimental small talk about Minnie to remind us that a group of raiders would be getting in soon. We went out to find the steps under the control tower crowded with men, all talking in a subdued way.

We lit cigarettes, flashes of lighters and matches revealing lean sunburned features of American faces.

Soon the first ship's motors sounded overhead, and the control tower gave the green light. There was deep silence on the runway. Men watched the landing intently, catching every detail of operation.

One after another they came in, until I had checked in except one. Conversation stopped, and all waited quietly, smoking in the dark.

They've heard her motors. The sound men made at that moment was not exactly a cheer, but something like that—a sudden animated sound of relieved voices talking about anything except that airplane there. Very soon she was down, and all the planes had returned safely. Figures dim in the darkness started piling out of trucks that had gone to various planes to take out crews.

Say It With Food... A Very Merry Christmas! (See Recipes Below.)

**Yuletide Trimmings**  
Christmas time has come again with its warm and cheery spirit of giving, of receiving, and of hoping—for the peace on earth and goodwill towards men. It's the time for lovely carols and their message that never grows old, time for the fire on the hearth and the yule logs ablaze and a crackle that brings memories of the whole family together for Christmas—in other, in happier days. It's a time for lining the pantry shelves with goodies for the Christmas feast, of pleasant bustling, of children foraging for presents and cookies.

Christmas was always a time for rejoicing, and so let it be this year—for in the deeper sense it will always be the time for glad tidings.

Now, for the pleasant bustling and the business of putting together the holiday feast. This year's menu will be simpler and tuned to ration times—so those you love will have their share, too.

Start things out by helping yourself to tomato juice (hot or cold, flavored with lemon juice), or something different like pineapple juice with a scoop of raspberry sherbet, or grapefruit juice with lime sherbet—served in the living room with tiny crisp crackers.

Save work at the dinner table by passing out the relishes—green and ripe olives, celery curls and salted nuts with the fruit drink and crackers in the living room.

If you have had a turkey for Thanksgiving, give the other poultry a try at Christmas. There's roast chicken or capon two of each—will serve a good sized family gathering. Or, roast goose is traditionally nice as is roast duck with apple or wild rice and mushroom stuffing in place of the apples.

**\*Roast Chicken or Capon.**  
Season capon or chicken inside and out with salt, pepper and a few grains of ginger. Fill with dressing and place in a dripping pan with ½ cup fat, from chicken preferably. Dust lightly with flour and roast in a moderate oven. Baste and turn frequently. Add water as necessary to prevent drying and to make gravy. Roast until tender. A 6-pound chicken or capon requires about 2½ hours.

**\*Savory Stuffing.**  
(Enough for 5 to 6 pound fowl)  
5 to 6 cups fine bread crumbs  
¾ cup minced parsley  
¾ cup minced onion  
¾ cup chopped celery  
1 teaspoon salt  
½ teaspoon pepper  
1 teaspoon poultry seasoning or sage  
½ cup chicken stock  
1 beaten egg  
Cook giblets until tender. Drain and brown in hot chicken fat or butter with 1 tablespoon minced onion. Chop fine. Combine bread crumbs and seasonings. Add stock, egg and

**\*Green Beans in Sauce.**  
(Serves 6)  
1 pound fresh green beans  
or  
1 can green beans (No. 2)  
1 tablespoon chopped onion  
2 tablespoons butter  
½ cup chili sauce  
Cook onion in butter until soft. Add chili sauce and seasoned green beans. Cook until thoroughly heated. Fresh, homemade rolls! Ah, what compliments they stir in the heart of every diner! Here is a very simple recipe you'll like:

**\*Finger Rolls.**  
½ cup sugar  
1 tablespoon salt  
2 tablespoons lard  
1 tablespoon butter  
2 cups boiling water  
2 yeast cakes  
¾ cup warm water  
1 teaspoon sugar  
2 eggs, beaten light  
1½ pounds flour  
Dissolve the first four ingredients in boiling water. Let cool. Dissolve yeast and sugar in lukewarm water. When first mixture is cool, combine with yeast and eggs. Add ½ of the flour. Beat thoroughly for 10 minutes. Add remaining flour and continue beating until it blisters. Brush top with melted butter and cover. Place in refrigerator until it doubles in bulk. Shape into rolls. Let rise for 2 to 3 hours before baking.

**\*Sweet Potato Casserole.**  
(Serves 6)  
3 cups hot, mashed sweet potatoes  
3 tablespoons butter  
½ teaspoon salt  
½ teaspoon grated lemon rind  
2 egg yolks, beaten  
½ cup crushed canned pineapple  
2 egg whites  
6 marshmallows  
Beat potatoes until fluffy. Add seasonings and beaten yolks. Fold in pineapple. Cool. Then fold in egg whites. Bake in a buttered dish, topped with marshmallows in a moderate oven (350 degrees) for 25 minutes.

**\*Cinnamon Apples.**  
Core and pare apples. Make a syrup out of 1 cup sugar, 1½ cups water (or, 1¼ cups corn syrup—light—and 1 cup water) and 3 heaping tablespoons cinnamon drops. Place apples in syrup and cook, covered, slowly, basting frequently until apples are tender and brightly tinted.

At a poll taken of servicemen's favorite foods, sweet potato casserole took a mighty fine lead. So, if that boy of yours is coming home, and has pinned his vote on this sweet potato dish, here's the way to put it together:

**\*Cinnamon Apples.**  
Core and pare apples. Make a syrup out of 1 cup sugar, 1½ cups water (or, 1¼ cups corn syrup—light—and 1 cup water) and 3 heaping tablespoons cinnamon drops. Place apples in syrup and cook, covered, slowly, basting frequently until apples are tender and brightly tinted.

**\*Cinnamon Apples.**  
Core and pare apples. Make a syrup out of 1 cup sugar, 1½ cups water (or, 1¼ cups corn syrup—light—and 1 cup water) and 3 heaping tablespoons cinnamon drops. Place apples in syrup and cook, covered, slowly, basting frequently until apples are tender and brightly tinted.

**\*Cinnamon Apples.**  
Core and pare apples. Make a syrup out of 1 cup sugar, 1½ cups water (or, 1¼ cups corn syrup—light—and 1 cup water) and 3 heaping tablespoons cinnamon drops. Place apples in syrup and cook, covered, slowly, basting frequently until apples are tender and brightly tinted.

**\*Cinnamon Apples.**

**ASK ME ANOTHER?**

A General Quiz

**The Questions**  
1. A patent protects an inventor for how many years?  
2. How many men signed the Declaration of Independence?  
3. What is the keyboard of an organ called?  
4. Who was the discoverer of the laws of the pendulum?  
5. A treeless plain in South America is usually called what?  
6. Which of the British rulers had the longest reign?  
7. How many parallel lines are there in a parallelogram?  
8. What is an old Oxonian?

**The Answers**  
1. Seventeen years.  
2. Fifty-six.  
3. A manual.  
4. Galileo.  
5. A pampa.  
6. Victoria (63 years).  
7. Four.  
8. A graduate of Oxford university.

**Relief At Last For Your Cough**

Cremulusion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and help soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Cremulusion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

**CREMULUSION**  
for Coughs, Chest Colds, Bronchitis

Now that you have wound up last year's business and 1937 is history, you will be looking around and laying plans for the coming year. In planning your business you will do your best to make it the most successful year you have ever had. You will not overlook a single item. You will want the best help you can get; you want the present best beef cattle that can be had; the most horses, dairy cows and chickens.

When you come down your list and reach COTTAGE, you will meet a variety that will make you the most money. Since the cotton allotment program will continue in effect, and more land is being diverted to food crops, you will want a heavy yielding, high yielding variety more than ever, so that you will be able to produce your total amount or even more, on a smaller acreage.

The new Original **BURBANK'S HALF AND HALF** is one of the heaviest producing, highest yielding varieties on the market. It will net you more money in your bushels than any variety you can plant.

Should you decide to plant this famous variety of cotton seeds

**Star Dust**  
STAGE SCREEN RADIO  
By VIRGINIA VALE  
Released by Western Newspaper Union.

MARGUERITE CHAPMAN'S glad to join in the share-a-ride movement (she gets just enough gas to drive to and from work at Columbia studios every day), but on the first day that she worked in her new picture, "Destroyer," she worked out a new stunt. Attached to her car door is a small box with a Red Cross painted on it, and an opening for coins. Her passengers are glad to drop in the bus fares that they save by riding to work with a movie star!

Remember "The Dark Angel"? Samuel Goldwyn will make it again, starring Teresa Wright. This third

TERESA WRIGHT

version will bring the story up to date; the hero, an American officer, will be blinded in fighting at Guadalcanal.

Lum and Abner of radio fame have done a great service for the motion picture industry; RKO reports that thousands of persons who had never before seen the inside of a movie theater now go to the pictures made by these two radio favorites. They're now starring in "Two Weeks to Live."

Tim Holt was hooded in public while making his last picture before enlisting, "Hitler's Children." He had to give the Nazi salute while working on location at the Los Angeles Orphans' Home, and a group of school boys watching from the sidewalk cut loose when he made that scene. A canvas screen had to be put up before he could go on. Well, RKO wants audiences to feel that way when that scene is flashed on the screen, but young Holt says that it was the most embarrassing moment of his life.

Douglass Drake, Columbia contract player, enlisted in the army six months ago, and thought his screen career was done for, for the duration. But he was given an honorable discharge for injuries received while in service, and returned to be tested for a role in the Rita Hayworth-Brian Donlevy comedy, "My Client Curley."

Jean Porter of Cisco, Texas, arrived in Hollywood minus a Southern accent—but got her first screen role, in "The Youngest Profession," because of her assumed Southern drawl. Then she was cast in "Faculty Row," as a co-ed with a Southern accent!

"Casablanca" has scored such a hit that there'll be a sequel to it, "Brazzaville"; Humphrey Bogart and Sydney Greenstreet will continue their characterizations from the first film, and it's likely that Geraldine Fitzgerald will have an important role.

Barry Wood was voted the most popular male singer on the Columbia Broadcasting System. In three major radio editors' polls—whereupon he left that network to become an NBC star, taking command of the new "All-Time Hit Parade," the program that now succeeds "Information Please" on that Friday night spot, and coming from Carnegie Hall in New York.

Bandleader Woody Herman, who'll be featured in "Quota Girl" with Sonja Henie, has proved that the adage, "Like father, like son" is all wrong, pointing out that following dad's footsteps would have made him a vaudevillian, Sammy Kaye a civil engineer, and Rudy Vallee a village druggist. Kate Smith would probably have been president of a woman's club. Mark Warnow'd be a concert violinist.

ODDS AND ENDS—Dinah Shore will probably appear in a Goldwyn picture, "With Flying Colors".... You should see Anita, of the "Tommy Rigg" show, doing her marketing—on roller skates.... Darle-Jean Johnson has just received a new Metro contract.... Edgar Bergen's going to co-star with Kay Kyser in a film musical, tentatively called "Keep 'Em Singing".... Gary Cooper and Ingrid Bergman will turn into one of those popular movie teams, first thing they know—they have the leads in Warner's "Saratoga Trunk".... Harriet Hilliard's slated for a leading role in "The Falcon Comes"

**HOUSEHOLD MEMOS... by Lynn Chambers**

Tea for You, With Delicious Cranberry Pastries! (See Recipes Below)

**... And Cookies, Too!**

You may not serve tea, and you may not even have coffee, but you still like that pause in the afternoon with a few good friends, to mull over the happenings of the day, to get philosophical over the events that touch all of us. But have that pause whenever possible, even if you have just fruit juice and a few cookies or cakes. It's as important as the bigger things you do.

Have a hot or cold drink as the climate dictates, flavor them with honey if the sugar supply is low. Some supplies of tea are still obtainable for the hot or iced beverage, if you use the coffee ration at breakfast.

Chocolate and cocoa are obtainable now and then and make excellent hot beverages. Made with milk, they're nourishing, too. And if you make them with canned milk they're delightful. Somehow, the canned milks have an affinity with chocolate beverages.

Fruit juices have been a summer standby, but you should discover their winter uses, too! Hot lemonade is delightful as are combinations of lemon, orange, grapefruit and pineapple juice.

Those of you who like spending cold afternoons in front of the open fire will enjoy a small glass of a cool drink with a few tasty cookies. For this purpose, try mixing equal quantities of cranberry and orange juice or apricot and pineapple juice served in pretty glasses with cookies.

Small cakes and cookies are an attractive accompaniment with refreshing drinks. Our first one today is a sugar-saver, butter-saver, quickly and easily made:

**Cranberry Fingers.**  
(Makes 24 fingers)

4 tablespoons butter or substitute  
2 cups sifted all-purpose flour  
3 tablespoons sugar  
1 egg  
Milk  
1 1-pound can jellied cranberry sauce

Grated rind of 1/2 orange

Work shortening and sugar into flour, and mix to a light dough with beaten egg and milk, using only enough milk to moisten. The mixture should be dry rather than wet. Divide into two portions. Roll one portion to an eighth of an inch thickness, place on a greased cookie sheet, and spread with crushed cranberry juice. Sprinkle with grated orange rind. Wet edges and cover with remaining dough, rolled to fit, pressing edges firmly together. Brush with milk, sprinkle with sugar and bake in a moderately hot (375-degree) oven about 30 minutes. When cool, cut into finger strip size for serving.

Oranges enter the picture again, this time combined with maple syr-

**Lynn Says:**  
Handy Hints: When a recipe calls for sifted sugar or flour sift the ingredient before you measure it, so you'll get an accurate measurement.

In mixing cakes, add flour mixture to creamed sugar, shortening and egg before adding the moist ingredients, then alternate and add dry ingredients last. You'll get a better grained cake.

Muffins are beaten just enough to blend ingredients together. Don't overbeat.

**This Week's Menu**  
Pork Kidneys with Scrambled Eggs  
Mashed Potatoes Diced Beets  
Lettuce with French Dressing  
Whole Wheat Muffins  
Apple-Cheese Crisp  
Beverage

up to make a drop cookie:  
**Orange Drop Cookies.**  
(Makes 60 cookies)

2 tablespoons grated orange rind  
1/4 cup butter or substitute  
1 cup maple syrup  
2 eggs, beaten  
2 cups sifted flour  
3 teaspoons baking powder  
1/2 teaspoon salt

Cream together orange rind, shortening, maple syrup. Add beaten eggs, then flour sifted together with baking powder and salt. Drop the batter by spoonfuls onto a greased baking sheet and bake in a moderately hot (375-400-degree) oven and bake about 10 minutes or until lightly browned.

Molasses 'n apple butter were favorite ingredients of cookies in grandmother's time, and now they come in for a grand encore:

**Old-Fashioned Molasses Cookies.**  
3 1/2 cups sifted all-purpose flour  
2 teaspoons baking soda  
1/2 teaspoon salt  
1 teaspoon ginger  
1/2 cup butter or substitute  
1/2 cup sugar  
1 egg  
1/4 cup apple butter  
1 cup molasses

Sift together dry ingredients. Cream together butter and sugar, add egg and beat together until light and fluffy. Add apple butter and molasses and blend together thoroughly, then mix in sifted dry ingredients. Chill for 2 hours or more.

Roll as thinly as possible and cut into large cookies. Place on a lightly greased cookie sheet and bake in a moderate (375-degree) oven for 10 minutes. These cookies are crisp when baked, get soft if stored in tin for a day or so.

Honey and sour cream are an unbeatable combination in a cupcake, and here they are lined up with spices for an extra deliciousness:

**Honey Spice Cupcakes.**  
1/2 cup butter or substitute  
1 cup brown sugar  
1 cup honey  
3 egg yolks  
2 cups flour  
1/2 teaspoon salt  
2 teaspoons ground cloves  
2 teaspoons allspice  
2 teaspoons cinnamon  
1 teaspoon soda  
1 cup thick, sour cream  
3 egg whites

Cream butter, add sugar and honey, creaming well. Add egg yolks, one at a time and beat well. Sift dry ingredients and add alternately with sour cream, beating after each addition. Fold in stiffly beaten whites of eggs. Bake in greased muffin tins in a moderate oven (350 degrees) 30 minutes or in two greased cake tins.

Your icing for the cupcakes should be a halo of white swirls of honey icing which will not crack—and can be whipped up in a hurry:

**Royal Honey Icing.**  
1 egg white, stiffly beaten  
1/2 cup honey  
1/2 teaspoon vanilla

To the stiffly beaten egg white, add honey slowly, beating continually until icing will stand in peaks. Fold in flavoring.

### AMERICA ON GUARD!

Above is a reproduction of the Treasury Department's Defense Savings Poster, showing an exact duplication of the original "Minute Man" status by famed sculptor Daniel Chester French. Defense Bonds and Stamps, on sale at your bank or post office, are a vital part of America's defense preparation.

### Elanic-Thomas

The following was taken from the Amarillo News of Thursday Feb 11:

Mr and Mrs. John Thomas of Hedley are announcing the marriage of their daughter, Wilma to Lt. Earl E. Elanic of the Amarillo Army Air Field, son of Mr and Mrs. Ernest E. Elanic of Lankin, N. D.

The wedding took place Jan 24 in the home of Dr. A. D. Foreman, Jr., First Baptist pastor who performed a double ring ceremony.

Attendees were Mr. and Mrs. Walter M. Grant

The bride wore a three piece cavalry outfit in colors matching the bridegroom's army uniform, and she had a red sash corsage.

A dinner at the Grant home followed the ceremony.

Mrs. Elanic is employed at the Amarillo Army Air Field

J. B. Kempton who is stationed at the Beckardier school in Amarillo, visited with Mrs. Lissi-Kempton the first of the week.

For Sale—Car with good rubber, good saddle and work horse 6 yrs old, yearlings, 4 heifers, 1 bull, sowing plow, harness and collars.

See G. G. Adamson

For Lease—160 acres farm land with 1000 ft. creek included Box 914 Hedley.

### Parent-Teacher Ass'n.

The Parent-Teacher Association met in regular session on February 12 at 8 o'clock in the High School Study Hall, with Mrs. Snowden presiding. Following the usual business session, the meeting was turned to the leader, Mrs. Ross Adamson.

Mrs. Mary Reast, as first speaker, summarized The Development of Spiritual Toughness Upon the development of all the Christian virtues which go to make up character in our children and ourselves depends the strength of the nation.

Rev. LeMond, the second speaker, spoke briefly on Patriotism. Patriotism is love of one's country and the ideals it represents. The ideals cherished by our founders and handed down to us at a great cost are very precious to us and we are determined to preserve these ideals.

The March meeting of the PTA will be on the 12th. This is the annual School Fair sponsored by the PTA, usually considered as Parents Visiting Day.

Publicity Chairman

Leon Reeves, Carolyn and Don Reeves visited in Rotan last week and with Miss Myrtle Reeves who has been quite ill. She is reported somewhat better.

Good second hand and new furniture.

### Defense

This article on Defense was given by Mrs. W. H. Hill before the 1919 Study Club whose members deemed it worthy of passing on to others:

Defense is a mighty tall subject to cover in 2 minutes. I will only state a few facts about the subject. Every phase of the great wheels of industrial America has been made to conform to defense in some manner. Every citizen has and is contributing to defense.

The tiny babies whose piggy banks belched forth copper whose dogs, balls, safety pins and pants went to war. The school children whose stamp albums, scrap, airplane models did their bit. The frozen this and that, bicycles, auto machines, shot, shell, frigidaire and guns; the cannaries, graineries and packing houses; the farm food program, the automotive change over to war material, scientist centers and P. B. I., shipping steel, lumber, paper and even the movies; transportation, oil, gas sugar, coffee, telephone and telegraph have all gone to war.

There are varied organizations, nurses, Red Cross, the Waves the Waves, the Spars, the Mops, Civilian defense, training camps, the air arm the Navy, the Army, the Marines; the jeep, the sheep, the cattle, the mules; the dog, the muskrat, ice cream and candy.

The authors, editors, designers, decorators, camouflage; the press-commentators, radio and cartoonists; the church, lawyers and the supreme court; food rationing and taxes; the dimout, the black out, the weather report; the hat, the lame and the blind.

From the steepest steeples in Maine to the tallest tree in Sequoia Forests; from the masts of the ships on Superior to Key West and the patrol of Panama Canal; we are and must be all out for defense.

When our leaders set the pace, There'll be no slack in the trace. We all know it'll take the grit, But this mongrel race can get up and git!

John Wilson of Blossom arrived here this week to take up his duties as prescriptionist at the Wilson Drug Co. Hedley citizens are glad to welcome him to our community.

### FIRST BAPTIST CHURCH

Bob Jenkins, pastor

All the Sunday School workers are jubilant over the increase in attendance that we have had lately. This coming Sunday is Rally Day, and everyone who will like to come and bring as many as possible with them. A goal of a hundred and fifty has been set, but we can easily go over that if we make some effort. Let's all be there for spiritual instruction and inspiration. Sunday School begins at 10:30 a. m. and Training Union at 7:30 p. m.

It is getting to be stylish to be religious. One general from Russia says, "There are no atheists in fox holes." Eddie Rickenbacker tells how his party prayed for deliverance, captured Italian soldiers say that they are getting back to religion if they ever get back home. Russia has ordered thousands of Bibles for her soldiers, the president urges the people of our nation to pray, and everyone you talk with admits that we are in the condition we are because we have forgotten God. Well, we preachers want to know—when are we going to start coming back?

Obas. Swinney of March Field Calif. has been visiting here. He has received a discharge from the Army.

Warren W. McDaniel of Ft. Bliss has been at home on furlough.

Mr and Mrs. Berada Cooper of Amarillo visited here last week end.

J. M. Denson of the U. S. Navy has been visiting here.

### THE HEDLEY INFORMER

PUBLISHED EVERY FRIDAY  
D. B. BOLIVER, Publisher

Entered as second class matter October 23, 1910, at the postoffice at Hedley, Texas, under the Act of March 3, 1879.
