SMITH PLANS ROUND-TRIP FLIGHT TO HAWAII TODAY FROM COAST

PLANS HOP-OFF FOR HONOLULU AT EARLY HOUR

IS SECOND ATTEMPT OF CIVILIAN AVIATOR TO REACH GOAL HAS FAST PLANE WASHINGTON PREPARES WELCOME FOR OTHER OCEAN FLIERS

(By Associated Press)
OAKLAND, Calif., July 13.—Ernest L. Smith, civilian aviator, and Emory B. Bacon, his navigator, today announced themselves ready for a round trip airplane flight between Oakland and Honolulu that is expected to begin at 9 a. m. tomorrow. It had been planned to start at 7 o'clock but, to be sure of landing in the daylight hours, the time of departure was changed to two hours later. Smith will pilot a monoplane and his schedule calls for an hour's stay at Wheeler field, near Honolulu, as possible. He said he would start on the return trip as soon as his machine could be re-fueled.

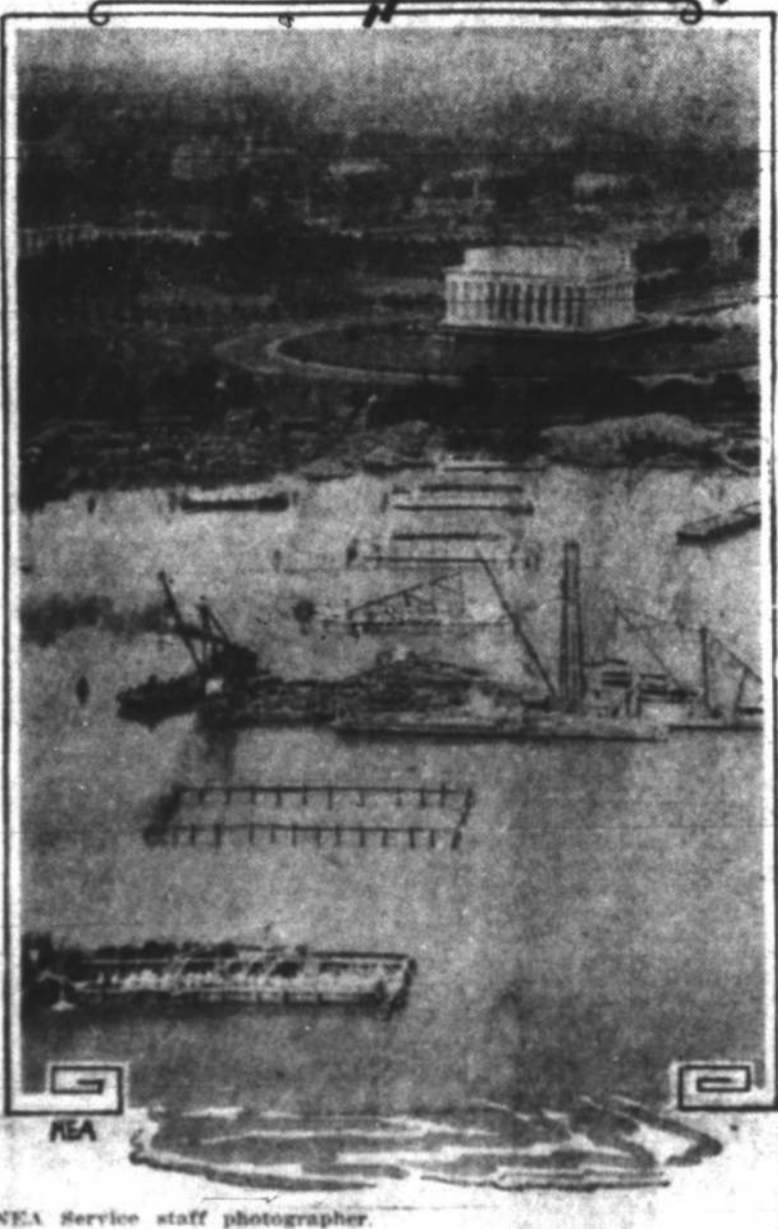

Second Attempt
This will be Smith's second attempt to make a non-stop flight to the Hawaiian Islands. He started June 28 but was forced to return because of a broken wing deflector. Since then the airplane has been overhauled and many new navigation instruments have been installed. The army placed in the navigator's cabin a radio set that has a reception radius of 1,200 miles and a daylight sending radius of 300 to 400 miles.

The aviator plans to keep within the range of the radio beacon the army has established between the President of the Hawaiian Islands and Honolulu. It is expected the beacon direction signals will be intercepted continuously.

In Past Plans
The monoplane, a Traveler, has been christened "The City of Oakland" and when loaded carries 12 gallons of gasoline. The cruising speed of the machine is rated at 110 miles an hour.

The flight on return from Honolulu will be the hardest because of the strong trade winds that blow off the coast of the United States and toward the Hawaiian Islands.

Marble Span To Cross The Potomac Bridge At Capital Is Progressing

NEA
This graphic airplane photo shows the position of the new memorial bridge which will connect the Lincoln Memorial at Washington and Arlington, the historic Lee mansion on the Virginia hills opposite. The piers are all above water and work is progressing on the stone abutments. The picture was taken by John Thompson, NEA staff photographer.

NAVAL EXPERTS STILL ARGUING CRUISER NEEDS

OPEN MEETING CALLED TODAY TO REVIEW PROGRESS MADE DEADLOCK HOLDS NEW MEETING PLACE IS SELECTED BY THE DELEGATES

(By Associated Press)
GENEVA, July 13.—The tripartite naval conference is still wobbly along, but has achieved nothing definite on the grave issue revolving about cruisers.

Presumably the moment is fast approaching when either some solution must be discovered or the delegates must separate to permit further reflection. Nevertheless, a plenary session has been convened for three o'clock tomorrow afternoon to permit a summing up of the situation as far as it has gone.

Need New Setting
The principal delegates have gone over the same problem in the same atmosphere so often that today it was decided to foregather in a villa just outside of Geneva. The hope was expressed that the new environment would inspire new remedies. However, a long exchange of views, characterized by both frankness and courtesy, failed to result in any progress, according to reliable information.

On behalf of the Japanese delegation, Viscount Ishii made perfectly clear Japan's determination not to accept a high level of cruiser tonnage. In doing so, however, he followed the Japanese tradition of avoiding direct reference to "policy" phrases.

Argue Cruisers
Hugh Gibson, chief American delegate, and Viscount Cecil of Chelwood, of the British contingent, had a long talk over the cruiser problem. It is understood that they frankly recognized the difficulties of each other's positions.

After agreeing to convene a plenary session, the meeting adjourned with Japan in a position of advantage to a high cruiser limitation even if such were accepted by Great Britain and the United States.

Burks Heads New District C. C. Formed

BROWNWOOD, Texas, July 13.—The heart of Texas chamber of commerce association was permanently organized here Wednesday afternoon at a meeting of representatives of 12 counties.

Hilton Burks, secretary of the Brownwood chamber of commerce, was elected president; W. A. Wilson, San Saba, vice president, and J. B. Motley of Ballinger, secretary-treasurer.

Members of the board of directors are: J. E. T. Peters, Cisco; Fred Kellers, Fredericksburg; W. A. Wilson, San Saba; R. A. Luker, Comanche; J. B. Motley, Ballinger; Fred Pruitt, Gatesville; W. R. Noah, Menard; Jim O'Neill, Coleman; and Hilton Burks, Brownwood.

RECORD ENTHUSED BY PLAINS GROWTH

LUBBOCK AREA IS LEADING STATE IN DEVELOPMENT IS HIS BELIEF

That the Plains area surrounding Lubbock is displaying probably the most rapid growth of any section of the state is attested to by James L. Record, managing editor of the Fort Worth Star-Telegram, who arrived in Lubbock last night en route home from the motorcade through the mountain regions of Texas and New Mexico. This region will become one of the richest in Texas, he believes.

Returning from a survey of the major part of West Texas and Eastern New Mexico by automobile train, Mr. Record was enthusiastic about the development that has taken place here in the past fifteen years.

"The biggest change of recent years in Texas apparently has taken place in the Lubbock area—at least it looks that way when coming into the city from the New Mexico line," he said. "Good farm houses and good looking farms are seen everywhere along the road. The area around Lubbock is impressive. We came in during a rainstorm yesterday that made everything appear pretty and green. It is my first visit to this section since 1912 and I find a big city where at that time was a small West Texas town.

"The change applies to the whole district near Lubbock. I realized that I was approaching a city as soon as I crossed the New Mexico line. We asked a merchant where he got his supplies. He said they came from Lubbock by motor truck.

"Lubbock's homes and paved streets are impressive. In fact, pretty homes are changing the architecture of West Texas."

The motorcade party of 100 or more which started at Sweetwater July 1, disbanded at Carlsbad, New Mexico, yesterday evening.

Mr. Record is accompanied by his wife, and R. A. Brown of Throckmorton.

FINANCIERS ARE EAGER TO BACK PLANE INDUSTRY

BIXBY SAYS PROBLEMS MUST BE SOLVED TO MAKE LINES PAY NO AIR FLIVVERS NEED MORE FIELDS IS PARAMOUNT AT THE PRESENT TIME

(By Associated Press)
NEW YORK, July 13.—H. M. Bixby, St. Louis banker and one of the financial backers of Charles Lindbergh's flight to France is quoted in printers ink to the effect that aviation needs money but there is doubt whether it needs as much as the public wants to give as a result of the ocean flight.

Because of the great overhead in the industry, Albert E. Haase, the magazine's associate editor, who interviewed him says Bixby believes the prospect of money that is available for expansion obtaining any return for some time is meager. And most of this available money, he said, is money that experts and must have a return within a reasonable time.

Problems To Be Solved
Before it becomes commercially sound Mr. Bixby is quoted, a number of problems must be solved. Among these are having available and being able to support a sufficient number of trained pilots, getting sufficient airports and putting into effect practical methods of marketing the product of the airplane manufacturers.

But he believes that to a certain extent the willingness of the public to spend money on aviation is a good sign.

"It is a good sign," he is quoted, "in that it is keeping with a sound American tradition. It shows the public is willing to be pushed on by the possibilities of eventual profit and no government subsidies will put aviation on a profitable commercial basis. Where private money is used to develop an industry, the problems that retard its growth are met and overcome more quickly than when it leans upon the government for its financial support."

Mr. Bixby is the man who named Lindbergh's plane the "Spirit of St. Louis."

See AVIATION Page 6

In Liquor Puzzle Both Have To Pay

When Capt. W. R. Allen of Council Bluffs, Ia., was arrested by authorities at Port Crook, near Omaha, Neb., and charged with illegal possession of liquor, Sheriff Charles Elliott (top), his friend declared it was a mistake. Capt. Allen, who had been arrested, since Capt. Allen (below) seemed to have a good alibi, authorities were puzzled. Then at the trial, Capt. Allen pleaded guilty, which resulted in fines and demotions for both men.

HEAVY SHOWERS WILL PROVE BIG AID TO FARMERS

FORECAST OF BUMPER CROPS MADE BY LOCAL MEN CLOUDS CONTINUE AMOUNTS VARY FROM OVER AN INCH TO ONLY A THIRD

Carrying out their threats which have been directed at this section for the past several days, heavy rain clouds descended on Lubbock and the South Plains yesterday afternoon and last night and departed leaving a fall of from .24 to 1.75 inches over the area. Reports from practically every section of the South Plains indicated that the showers were general.

A precipitation of .24 inches was reported at the agricultural experiment station, three miles east of town, while it is thought that the fall was much heavier in town and to the west.

Rains General
Good rains were reported at Crosbyton, Ball, Lorenzo and Idalia to the east; Slaton, Post and Southland to the south; Tahoka, Lamesa and Big Spring to the southwest; Meadow, Mark Marshall, chief supervisory of the north section of the South Plains and Plainview to the north. Brownfield reported no fall in its immediate vicinity but that communities nearby received good showers. Plainview only reported a light shower but downpours were received there earlier in the week.

Falling in a fashion which assured good seasoning, the rain will be of much benefit to farmers of county. Good stands in cotton and feed stuff have been reported in every community in the county by David F. Eaton, county agent, and he predicted an excellent crop soon after the first good rain here several days ago should it be followed closely by another.

Rain At Slaton
SLATON, July 13.—One and three-fourths inches of rain fell here this afternoon, giving the majority of Slaton's trade territory a liberal soaking. Reports indicate

See RAIN Page 6

IDENTIFY "AXE MAN"

Woman Points Out Man Suspected Of Being Slaver Of Two Victims In New York

NEW YORK, July 13.—A woman today picked Ludwig Halvorsen Lee, suspect in Brooklyn's double axe murder, from a dozen prisoners and said he was the man who saw throw a black bag into the Brooklyn-Manhattan Transit company's yards.

Before picking out Lee, police said, the woman, whose name was withheld, pointed out the spot where she saw the black bag thrown. It was the exact spot, she said, where a transit company employee found a woman's hand.

This identification was considered to be the most important piece of evidence obtained since parts of the bodies of Miss Sarah Elizabeth Brownell and Mrs. Helma Larson Bennett were found, buried in places and stuffed in suit cases and sewers, in the basement of the house at 23 Prospect place, where Lee was janitor.

SCOUT OFFICIALS PLAN ENCAMPMENT

HUNDRED AND TWENTY-FIVE BOYS WILL ATTEND FROM LUBBOCK THIS YEAR

With scarcely three weeks before the opening of the first camping period, scoutmasters and officials met at the city hall last night and made final arrangements for registration of boys for the encampment which will be held at the C. W. East Memorial scout camp, near Post beginning August 1. A check-up on the various patrols of the city indicated that more than 125 boys will attend the camp from Lubbock alone. Other South Plains towns are sending a proportionate number.

As only 100 boys will be allowed for each ten day camping period and as registration has assured two periods, officials are working to determine whether to hold a third period, or not. Registration for the camp all over the South Plains is being rushed in order that they might prepare for another period should it be necessary.

The first period will hold from August 1 until the 10th and the second will open August 13th and close the 21st. Besides many of the South Plains most prominent scout leaders there will be several district and state workers present. A. H. Watts, former executive of this area, and now of Dallas, will be in the camp as well as C. E. Graham, examiner for the Junior Life saving. An Indian chief will also be in the camp to instruct the boys in woodcraft.

L. S. Harbeck, scout commissioner, reported last night that the camp was in excellent shape for the outgoing with the exception of a swimming hole. The boys will be carried to Two-Draw lake for their swimming.

BOY WILL RECOVER FROM SNAKE BITE

USE OF NEW SERUM UPON JOE MILLER TO PROVE A SUCCESS

Reaching Lubbock one hour and twenty minutes after their small, six-year-old son, Joe, had been bitten by a rattlesnake on their farm 17 miles west of Lubbock, Mr. and Mrs. W. C. Miller were rejoicing late yesterday after local physicians had pronounced the lad out of danger following the application of anti-venom serum at the Ellwood hospital, which saved the child's life. The boy was bitten on the toe by the snake and when his parents arrived here yesterday shortly before noon his leg was beginning to swell and pain him severely.

The serum used yesterday was the first of its kind to be applied in this section, physicians at the hospital said. Following the death of a small child from snakebite several days ago, the hospital authorities immediately wired for the serum in taking precautionary measures against other tragedies.

The boy was resting well last night, reports from the hospital stated.

WARDEN FIRED UPON

Fish Dynamiter Wounded After Exchange With Officer on Colorado River

AUSTIN, July 13.—Three Colorado river fish dynamiters who fled on Game Warden T. C. Hayes on the river from Austin yesterday had not been apprehended late today by sheriff's deputies and agents of the state game, fish and oyster department, Commissioner Will J. Tucker said.

He is offering \$100 reward and has put four of his best men on the trail. Hayes, who had been trailing the men several days, attempted to arrest them after a dynamite explosion and one of the men was wounded when the warden returned their fire. He passed them through Leander, where it was learned that treatment was given the wounded man. Hayes, leaving Austin today to renew the search, declared he could identify the man, believed to be the one wounded, who fired on him.

The warden had been after the men after reports that they had been transmitting the Perdido and Colorado rivers. The encounter was between Goose Island and Cow Creek.

MINER IS SHOT BY YAQUI IN MEXICO

NOGALES, ARIZ., July 13.—The Herald today received a report of the shooting recently of Rudolph Caber, prominent mining man of Hermosillo, capital city of Sonora, Mexico, by Taqui Indians. Caber, who was shot through the face, is recovering. He operates the Los Alamos mine at San Javier, Sonora.

WOOL MAN WILL TALK

Head Of National Organization Will Speak At Texas Meeting Of Sheep Raisers

SAN ANGELO, July 13.—Frank J. Hagenbarth of Spencer, Idaho, president of the National Wool Growers association, will address the sheep and goat raisers association at Texas at Kerrville Tuesday, July 18, at the opening of the three day convention. Acceptance of an invitation received at Odessa by T. Albert Kinkaid, president of the Texas body, was announced in San Angelo Wednesday by James A. Corneil, attorney for the association.

Chief of the shepherds of the United States for over a decade Hagenbarth, each year has been invited to attend the convention of the Sheep and Goat Raisers association but never before has been able to accept. He is reputed to be the head of the second largest sheep outfit in the country, with 100,000 sheep and 10,000 cattle. His trip to the Lone Star state is expected to form a closer connection between the national wool growers associations and the Sheep and Goat Raisers association of Texas for mutual benefit.

TREASURE HUNTERS GET RICH PRIZES

CITIZENS ALL JOIN IN A FASCINATING QUEST THROUGH STORES

Since the days of Captain Kidd and the Jolly Rogers, who sailed the Spanish Main, Americans have had a deep interest in treasure and treasure hunting—there is a fascination in it that just naturally appeals, as is shown by the way Lubbock citizens are participating in the second Avalanche-Journal treasure hunt—and unlike most they are finding many rich prizes.

Scores of treasure are waiting in the stores of this city for the person who is attentive, and will continue to be offered throughout this week and next Monday, July 18th, the campaign will close. Get your treasure.

The contest is open only to paid subscribers of the Avalanche-Journal.

BUS FILINGS ASKED

Motor Transports Asked to Place Applications Before Friday to Conform with Law

AUSTIN, July 13.—All motor bus companies should file application by Friday of this week for permit to operate under the new law bringing the bus industry under state regulation. Mark Marshall, chief supervisory of the motor division of the railroad commission, said today.

Friday marks the end of the 30 day period since effectiveness of the law, during which bus operators can make application for temporary or permanent permits.

The Weather

TOO MANY PEOPLE LOAN THEIR WORK ASIDE FOR A RAINY DAY.

L. S. Harbeck, scout commissioner, reported last night that the camp was in excellent shape for the outgoing with the exception of a swimming hole. The boys will be carried to Two-Draw lake for their swimming.

LONE BANDIT ROBS BANK
BONANZA, Ark., July 13.—A lone bandit this afternoon held up the First State bank of Bonanza, scooped up \$300, forced the cashier to drive him five miles to where an automobile awaited him, and escaped. A posse is searching for him.

BANDIT ROBS STORE
DALLAS, July 13.—A lone and unmasked robber at 5:30 p. m. Wednesday held up and robbed the Ross Pharmacy here of \$200 in cash and coupons.

Yesterday's temperature high 84; low 65; rain 1/4. Rain 3/4. West Texas: Thursday and Friday partly cloudy, local thunder showers; warmer in north portion Thursday.

OLD SOL BEAMS DOWN

Eastern States Blast With New High Records for Year and Eight Deaths Reported

NEW YORK, July 13.—The eastern states today today an old sol, inspired with the true spirit of summer, raged with increasing fury. The blanket of humidity, however, steadily lifted, and the weather bureau predicted thunder storms to dampen the solar ardor tomorrow.

Temperatures in many cities varied from 85 to 100 degrees, as umbrellas rumbled over burning pavements in response to prostration reports. Eight deaths had been reported today, four in Buffalo, two in New York, one in Newark, N. J., and one in Syracuse, N. Y.

Officials were closed and sprinklers opened in New York as the temperature steadily rose throughout the day. It became the hottest of the year in the city when the thermometer reached 91 degrees at 4 o'clock.

Only today a Congo Island dandyman literally went crazy with the heat, said the police, and the man was shot in death as he tormented the patrons of the restaurant with a carving knife.

CLEMENCY IS GRANTED

Moody Paroled Upton County Man and Gives Furlough To Floyd Calvert Of Taylor County

AUSTIN, July 13.—Clemency was granted in two convict cases by Governor Dan Moody today.

A. Hilliard, Upton county, who has served a year and three months on a two year license term, was granted a general parole for the remainder of his term so he can be transferred to a government veterans' hospital for treatment of mental troubles said to have originated in the World War.

Dr. A. L. Bush, chief prison surgeon, said Hilliard's case was one that should get more specialized attention than the prison hospital could give, while Reverend C. B. Garrett, prison chaplain, offered to take the patient to a government hospital. Assistant Warden R. L. Bohman also recommended clemency.

Fifteen days furlough was granted Floyd Calvert, Taylor county, serving a year license term, so he can visit his wife, ill at Hawley.

EATON ATTENDS MEET

County Agent and Two Club Boys Leave for Post to Take Part in Garza Encampment

Adding in a similar activity which will be staged in Lubbock, Friday and Saturday, D. P. Eaton, county agent of Lubbock, and W. J. Grimes and Kenneth Moore, two Lubbock county club boys are in Post attending the Garza county club boys encampment which is being held there this week.

While at the Post encampment they will aid in practice grain judging and other club activities.

A banner attendance is expected at the encampment which will be held at the fair grounds and county park, Friday and Saturday. Mr. Eaton said before leaving. A varied program, filled with club activities including entertainment, is being arranged for the two day camping at the park.

REVEREND THORNS GIVEN PASTOR'S LICENSE HERE

In a meeting of the El Paso Presbytery district at the First Presbyterian church here last night, Rev. John Thorns, Jr., of Carlsbad, New Mexico, was licensed as a minister. He made a good showing in the examination before a good audience at the church which included representatives from Carlsbad, Clovis, Crosbyton, and other South Plains towns.

Rev. W. K. Johnson, D. D., was elected moderator for the district and Rev. A. M. Lewis, pastor, was made clerk.

Rogers Is Stung

Joke Costs Cash

REVEREND HILLS, Calif., July 13.—One of W. H. Rogers' syndicated jokes cost him \$500 today. Widely printed as a bit of his humor, it was taken seriously in his own Midwestern town today. Oklahoma, occupying the challenge appeared to defeat on it.

The printed item was a humorous offer of \$500 to the winner of a non-stop flivver tour between Rogers Hills and Oklahoma, good for a finish at either end.

In the few hours of the morning today, Mr. and Mrs. J. Collins of Tulsa, Oklahoma, who the Rogers family from their sound slumbers to claim the prize. They arrived at 4 a. m., having left Oklahoma Saturday.

A half hour later, Rogers, Kloebe and Ross Hitchcock in Claremore, Okla., the county humorist's own home town, called into the automobile's motor. Changing three times had read from first money.

A third Oklahoma reporter arrived at home.

Mrs. Rogers, whose telephone number was 4-4-4, was called at 10:30 a. m. and reported that her husband's goods.

Daily Markets

Cotton Irregular

NEW YORK, July 13 (AP) - The cotton market was less active and more irregular today, but selling on a favorable view of the weekly weather report was readily absorbed on moderate declines. The close was steady. October fluctuated from 17.75 up to 17.89 and closed at 17.80, the general market closing net 2 points lower to 2 points higher, new crop months being generally unchanged to 3 points higher. The opening was steady at a decline of 2 to 3 points, active months showing net losses of 4 to 6 points in early trading under selling pressure by relatively easy Liverpool cables and expectations of a favorable weekly weather report from the weather bureau. As soon as these initial offerings had been absorbed by covering or trade buying, prices worked up several points from the lowest, but the weekly report proved as bullish as expected and brought in renewed realizing or local selling for a reaction. Prices worked back to nearly the

Wheat Lowered

CHICAGO, July 13 (AP) - Wheat prices rallied at the last today although averaging lower most of the time. Relative strength of the Winnipeg market for hard red spring wheat was in some quarters concerning black rust over Canada. Chicago wheat closed regular at 1-4 cent decline to 5-8 cent advance, corn 1-4 cent off to 1-8 cent up, oats showing 1-8 cent to 7-8 cent gain and provisions varying from 7 cent setback to a rise of 30 cents. Drought reports from parts of Iowa, Missouri and Kansas tended to rally the corn market from early declines due to better weather elsewhere. Oats reflected fear of damage by excessive heat in some sections west. Provisions were governed largely by action of the corn market, as well as the course of hog values.

Sugar Easier

NE WYOMING, July 13 (AP) - The raw sugar market was easier today, prices declining 1-16 of a cent to the level of 4.53 for Cuba, duty paid. Sales were confined to about 200,000 bags of Cuban late yesterday at 4.55 and today 2,000 bags Cuban, from storage, at 4.55; 36,000 bags of Porto Rican, nearby at 4.52 to local refiners and 15,000 bags of Cuban prompt shipment, at 4.55 to out-put refiners. Early irregularity was followed by a steeper rise in the raw sugar futures market, although price movements on the whole were moderate with only moderate trade. Final prices were unchanged to 5 points higher. Approximate sales 45,000 tons. July closed 2.68; September 2.77; December 2.85; January 2.79; March 2.72; May 2.81; July 2.88.

Coffee Easy

NEW YORK, July 13 (AP) - Coffee futures opened today at an advance of 2 points to a decline of 8 points and eased off during the day, September selling down to 12.17 under realizing by recent buyers and some foreign selling supposed to be based on the rather earlier showing of Rio. The close was 15 to 23 points net lower. Estimated sales 43,000 bags, losing quotations: July 12.92; September 12.47; December 11.82; January 11.73; March 11.68; May 11.52; July 12.93; 11.45. Spot coffee steady Rio 7's 141-8 to 141-4; Santos 4's 163-4 to 17.

Cotton Orleans Easy

NEW ORLEANS, July 13 (AP) - Cotton prices fluctuated nervously today with the weather dominating influencing. The uncertainty was steady but new highs set in at mid-session and attracted profit-taking and prices eased off under the selling until the market closed with a net loss for the day of 1 to 2 points. First trades showed no change to a loss of 2 points under unfavorable Liverpool cables and the downward movement set the day's loss of 1 to 2 points at 17.85, 3 to 5 points under yesterday's close. The weather map showed scattered rains in the belt and the resultant rally moved October to 17.74 and December to 17.78, 12- to 13 points above the lows. The issuance of the weekly weather report brought an 8 point decline but a subsequent upward move set new highs with October at 17.77 and December at 17.80, 10 points above the previous close. The gain was absorbed in the selling movement which set in the final minutes of trading. Exports were 1,676 bales.

Cotton Oil Steady

NEW YORK, July 13 (AP) - The cotton seed oil market was steadier today, influenced largely by the bullish construction of the government consumption report for June, estimated at approximately 265,000 barrels. Final prices were unchanged to 12 points higher. Sales 6,000 barrels. Prime crude - 8.25 nominal; prime summer yellow spot 9.40; July closing 9.45; September 9.25; October 9.25; December 10.16.

Wool Active

BOSTON, July 13 (AP) - Wool dealers report numerous inquiries from the mills. Quarter blood 48-56's strictly combing wools continue the most active. Grade by 3-8 blood 58-60's and half blood 54-60's are moving well, all for French combing territory. Wools are being received at \$1 to \$1.05 scoured basis. Demand is not very strong for graded fine strictly combing domestic wools.

Cattle Lower

CHICAGO, July 13 (AP) - Cattle, 12,000; steady to 25 lower; cows 15 to 25 lower; bulls steady; yearlings strong; best yearlings 13.45 light yearlings 12.25; Texas grain fed steers 11.40 to 14.00; steers and feeders 7.50 to 8.75; weaners 12.50 to 14.50. Hogs: 15,000; 10 to 25 cents higher; top 10.25; lights 10.15 to 10.25; mediums 10.00 to 10.15; butchers 9.25 to 10.00; sows 7.00 to 8.25; pigs 5.00 to 5.50; heddler 6.00. Sheep: 9,000; fat lambs active; steady to 25 lower; natives 13.50 to 14.00; sheep strong to 25 higher; fat ewes 6.00 to 6.50; feeding lambs unchanged.

Cattle Slump

FORT WORTH, July 13 (AP) - While hogs made another gain on the live-stock market here today, cattle receipts were either slow or from 10 cents to 25 cents lower. Final stock was generally 10 cents to 25 cents under yesterday's figures. The advance in the hog trade was around 18 cents. Sheep remained unchanged.

Wheat Lowered

CHICAGO, July 13 (AP) - Wheat prices rallied at the last today although averaging lower most of the time. Relative strength of the Winnipeg market for hard red spring wheat was in some quarters concerning black rust over Canada. Chicago wheat closed regular at 1-4 cent decline to 5-8 cent advance, corn 1-4 cent off to 1-8 cent up, oats showing 1-8 cent to 7-8 cent gain and provisions varying from 7 cent setback to a rise of 30 cents. Drought reports from parts of Iowa, Missouri and Kansas tended to rally the corn market from early declines due to better weather elsewhere. Oats reflected fear of damage by excessive heat in some sections west. Provisions were governed largely by action of the corn market, as well as the course of hog values.

Final stock was generally 10 cents to 25 cents under yesterday's figures. The advance in the hog trade was around 18 cents. Sheep remained unchanged.

Cattle Outlook Now Optimistic

RANGES IN EASTERN PART OF STATE FAVORED BY GENERAL RAINS

(By Associated Press) HOUSTON, Texas, July 13 - Central and East Texas is particularly bright spot just now in the cattle business according to H. H. Schurtz, government statistician here.

He points out that "added moisture has improved the already excellent range by freshening grass and filling water tanks. Cattle are above normal condition with many fattened ready for market. Practically 75 percent of the cubs or grass fed steers have moved out. Many pastures are considerably understocked. Spring calves have turned out well with the superabundance of feed, should make rapid growth. Prices of all classes of stock continue firm with few for sale."

Losses Low

Officers Mr. Schurtz finds are that "there is considerable infestation of worms but losses have not been serious._ticks in the eastern counties are still bad and a few cases of tick fever have been reported in unvaccinated calves."

In the Plains district the range needs more rain and to fill water holes but as a rule, cattle are holding up well. In West Central Texas general rains promise an abundance of feed, except in scattered localities. Cattle generally are in excellent condition but severe worms are causing considerable infestation which means earlier and of more consequence than usual. Calves are numerous and in good condition. Young steer sales have been slow.

West Texas ranges are reported very dry but so far cattle have not suffered greatly. In South Texas range broke a drought and more have begun to mend but the rains also brought severe worms. "Little trading in being done," the report states, "as offerings are scarce, but the general feeling is one of optimism."

ANGER OF LOWER COTTON FORESEEN

ORDERLY MARKETING MUST BE ACHIEVED TO HOLD PRICE LEVELS

(By Associated Press) DALLAS, Tex., July 13.—Kingston, looking under the impact of the low price blow, is the subject of a second alarm by R. C. Brews, Dallas, district manager of the American Railway Association, in his fiscal year report on the state's agricultural outlook.

Cotton exports so far this season have exceeded the exports of a year by about \$200,000 value. The stocks on hand June 26, close the fiscal year, around 799,000 bales more than a year ago, notwithstanding the very heavy production last year, he said. He predicted production in the four western states will be about 6,000 bales this year.

Bad Price Forecast Unless sales this season are retarded to current requirements, it probably will be nothing to gain even present price levels.

The difference between 16 and 18 cents per pound this season would amount to not less than \$200,000 in our four southwestern states and would affect favorably or unfavorably the buying power of the producers that much. Therefore, it is a matter of considerable concern to all industry that this season's crop is being marketed in excess of the needs. If last year's crop had been marketed properly, producers in these four states would have profited to the extent of \$200,000,000. And that lesson should not be forgotten this season.

Too Much Rain General rains during the last of June provided sufficient water in these sections needing but continued rains in many parts are causing alarm because of soil weevil infestation. Pickling has been delayed in extreme southwest Texas; the army worm appeared in southern sections.

Indications point to heavy boll activity in other sections. Division in some districts has been retarded because of wet weather. The cotton situation as shown by news reports, giving receipts and exports for the years 1924-27, 1925-26, respectively: (in bales) Houston, 3,812,791; 2,984,496; 2,877,112; Austin, 2,570,032; 2,502,395; 2,717,882; San Antonio, 172,926; 91,110; 110,000; Corpus Christi (1924-27, only), 4; 6,591.

Hereford Growing At A Rapid Rate

HEREFORD, July 12.—Twenty-three immigrant cars were received here last year, and a large number of people moved here by truck and car. This is an index of the development that is taking place in the Hereford country.

New farm homes were built in various parts of the county last year and during the same period of time two thirds of the Deaf Smith county school districts enlarged their school houses, or erected new ones.

In every community of the county pasture land was plowed up and converted into wheat farms and grain sorghum fields, so that today farmers are harvesting good wheat yields, where the white face cows signed supreme twelve months ago. Much land was plowed up during the past few months and is now being tilled for wheat this fall. As an index of the change from cow ranch to farming, cattle shipments for the past twelve months declined nearly 100 cars, while cream shipments, hog receipts, poultry products and grain and row crops, increased considerably. All this tells the tale of development that is actually taking place in the Hereford country.

Municipal Plant Proves Success

SAN ANTONIO, July 13.—Municipal ownership seems to be paying as far as the San Antonio waterworks are concerned. A report recently prepared on operations for the last year shows the report indicates that the city made many improvements in service, served more customers and cut the rates materially and at the same time earned a profit of \$107,322.61 an increase of more than 300 percent over the earnings for the previous year, which was the first year of municipal ownership. The increase was ascribed to increased operating efficiency.

Service Man to Inspect Gas Lines

In order that patrons of the city of Lubbock may be assured proper protection and that there may be no interruption in service, R. C. Landers has been appointed city inspector to follow up the lines of the Williams construction company and see that water and sewer service is reconnected along the route of the distribution mains.

Fay Cone, of Shallowater, was a visitor in Lubbock yesterday.

815 BROADWAY SOUTH OF COURTHOUSE "GUARANTEE SALE CO., of DALLAS, DIRECTING THIS SALE" Store to Remain Closed Until Friday, 9:30.

ged Woman Tells Stories Of Lincoln

SAN ANTONIO, July 13.—Mrs. Frieda Dillake of this city, related her ninetieth birthday by telling numerous anecdotes of Abraham Lincoln, whom she knew before the war in Bloomington, Illinois. Mrs. Dillake, a long-time sympathizer during the war, suffered much from her neighbors, but had only good to say for Lincoln. The expression of kindness and goodness to her face, even as a young law, she said was his most striking characteristic. She saw how low Lincoln and Douglas really cut up most of the night with the district judge because the two lawyers became personal.

Hereford Plans A New Church-house

HEREFORD, July 12.—Hereford possibly has a new Baptist church within the near future. The definite step towards this end taken Sunday when E. W. Leon, local grain dealer, made of an attractive building site, 1/2 block on Main street just west of the business district at the corner of the local Baptist church. The lot is valued at \$18,000 and was given outright as a gift site. This will probably be the agitation for a new Baptist church, a thing that has been long desired for some time, as the old church is entirely inadequate to take care of the ever increasing congregation. It is known that the church officials have plans drawn for a \$20,000 building and that a building committee is being formed, but Mr. Harmon was the first definite step towards the financing of the project.

Announcing The Biggest Sale Event of the Season

Impelled By Force of Circumstance We Place this Opportunity Before You

It is a real Clearance Sale in all that the name implies. Not a "Hurrah Sale" held merely for the purpose of having a sale. Twice yearly we clean our stocks; thousands of people anticipate this great merchandising event and plan their buying so that they save money not only on present needs, but on future needs as well. All over our store wide-awake buyers will find opportunities to sweep savings of dimes and dollars into their pocket-books. Wherever we find waifs or strays or possible overstocks we price mark them in a way that should lead you to think that we sometimes do business as a pastime.

We've got room to make and consequently a loss to take, so here goes. It's one grand clean sweep of profits—and a total disregard for former prices—what we've got to do is reduce stock—no matter how much we have to reduce prices.
