PRESIDENT HAS PUT END TO THE FALL PROGRAM

Voices Objection to Resolution in a Letter to the Senate Today

ANNOUNCEMENT IS MADE MATTER WILL BE DROPPED

President Calls Attention to Provision of Constitution on Foreign Issues

WASHINGTON, Dec. 8.—The state department announced today that it had been advised that President Carranza's reply to the last American note requesting the release of William O. Jenkins, consular agent at Puebla, Mexico, was to be delivered today to the American embassy in Mexico City.

WASHINGTON, Dec. 8.—President Wilson today declared he would be "gravely concerned" to see any resolution like Senator Fall's providing severance of relations with Mexico, adopted by congress.

Immediately following receipt by Senator Fall of Wilson's communication, Senator Lodge said that the Fall resolution was dead and that the foreign relations committee would not take it up again.

Wilson further declared that the passage of the Fall resolution would "constitute a reversal of our constitutional practice which might lead to very grave confusion in regard to the guidance of our foreign affairs."

The President's advice on the resolution was submitted in the form of a personal letter to Senator Fall.

The text of Wilson's letter to Fall follows:

Text of Letter.

"Thank you very much for your kind promptness in complying with my request that you send me a copy of the memorandum report of the sub-committee on Mexican affairs of the committee on foreign affairs. I shall examine it with the greatest interest and care. What you told me of the investigation on Friday last, prepares me to find in it matter of great importance.

"You ask an indication of my desire with regard to the pending resolution to which you and Senator Hitchcock called my attention on Friday and I am glad to reply with the utmost frankness that I should be gravely concerned to see any such resolution pass the congress. It would constitute a reversal of our constitutional practice which might lead to very grave confusion in regard to the guidance of our foreign affairs. I am confident that I am supported by every competent constitutional authority in the statement that the initiative in directing the relations of our government with foreign governments is assigned by the constitution to the executive and to the executive only. Only one of the two houses of congress is associated with the President by the constitution in an advisory capacity and the advice of the Senate is provided for only when sought by the executive in regard to explicit agreements with foreign governments and the appointment of the diplomatic representatives who are to speak for this government at foreign capitals. The only safe course, I am confident, is to adhere to the prescribed method of the constitution. We might go very far afield if we departed from it.

"I am very much obliged to you for having given me the opportunity to express this opinion.

"Very truly yours,

(Signed) "Woodrow Wilson."

Conference is Held.

After receipt of the letter, Fall conferred with Senator Lodge, chairman of the foreign relations committee. Lodge then said:

"Of course we shall do nothing now. The whole responsibility for the Mexican situation now rests on the President. We are not even allowed to suggest anything to him. The committee will not again consider the resolution.

"But the President does not want us even to express our support. All right, the responsibility is on him, let him bear it."

STATEMENT IS ISSUED BY J. SALTER HANSEN

MEXICO CITY, Sunday, Dec. 7.—J. Salter Hansen, who furnished the bail upon which W. O. Jenkins, the American consular agent at Puebla, was released, declared tonight that he had acted on his own initiative. He issued this statement: "I wish to say the following: On Tuesday morning last on account of certain facts that came to my attention, which I am in no position to disclose, I suddenly realized that war between the United States and Mexico was inevitable unless one of the two governments was ready to sacrifice its honor, prestige and dignity by receding from the dangerous position into which it was forced.

"I therefore took all the steps necessary to effect the immediate release on bail of W. O. Jenkins and relieve the tension. I did so spontaneously and on my own initiave and I am ready and willing to take upon myself the full responsibility or credit, according to the point of view.

"It was a source of infinite pleasure to me to hear that the news of the release of Jenkins cheered our president and I certainly hope that his complete recovery is near."

(United Press Staff Correspondent.)

PARIS, Dec. 8.—The Allies have consented to modify some of the terms of the protocol putting the peace treaty into effect to which Germany has made objections.

The clause providing for indemnity for the destruction of the German fleet at Scapa Flow has been modified so as to refer to The Hague tribunal the question whether the delivery of the tonnage demanded will cripple Germany, it is understood.

The understanding also is that the other features of the protocol most objectionable to the Germans have been eliminated. It is expected that the German plenipotentiaries will sign the protocol without much further delay.

The final paragraph of the protocol providing that even after the peace treaty has gone into effect the Allies might use military measures of coercion to ensure the execution of the treaty's terms, has been eliminated entirely, as also has the clause relating to the evacuation of the Baltic provinces by German troops.

The imputation of responsibility to Germany for the sinking of the Scapa Flow fleet is left in the protocol.

It was expected that a note setting forth the Allied position would be handed today to Baron von Lersner, head of the German mission.

NOSKE IS DETERMINED NOT TO SIGN PROTOCOL

LONDON, Dec. 8.—Gustave Noske, German minister of defense, is absolutely determined not to sign the peace protocol handed Germany by the entente and is resolved to recommend that the German government adopts his attitude, come what may, according to an interview he gave the Berlin correspondent of the Daily Mail.

"The time has come," he said, "for Germany to resist to the uttermost. I cannot speak for the whole government because it has not yet come to a decision, but I shall recommend a refusal to sign the peace treaty protocol."

FURTHER OPERATION IS NOT EXPECTED

PARIS, Dec. 8.—The latest allied note to Germany contains sufficient concession to eliminate the possibility of further occupation of Germany territory to enforce its terms, according to authoritative information obtained today.

These concessions are such, it was believed that Germany can not afford to do otherwise than sign immediately.

While the note demands immediate acceptance of the protocol of the peace treaty, the last paragraph, which provided for invasion of Germany in the event she failed to carry out the treaty terms, was practically eliminated.

The most important point—from the German standpoint—is the promise to return German war prisoners as soon as ratifications to the treaty are exchanged.

Demand for delivery of dry docks and merchant marine materials, in payment for sinking of the German war fleet interned at Scapa Flow is also lightened. The note, it was learned, permits delivery of 400,000 of these materials in lots that will conform with Germany's own economic needs.

Handing of the note to Germany was intentionally delayed, it was said to permit the allies to complete necessary military preparations and to permit denouncing of the terms of the armistice, should Germany fail to yield.

Delay also was necessitated, according to reliable information to enable the British delegation to receive instructions from London. The British delegates, it was said, were unwilling to assume responsibility for the penalties provided if Germany refuses to sign.

The supreme council was to decide upon the time the note will be delivered at its meeting today.

The German delegation here insists that if the note constitutes an ultimatum it will not be accepted but that if it is conciliatory the national assembly may take it under consideration.

The allied military plans, it was understood, provide for quick occupation of Essen, the Ruhr Valley and Frankford, in event Germany refuses to accept the note.

GERMAN NOTE PROTESTS TREATMENT OF PRISONERS

BERLIN, Dec. 8.—The government today handed to the inter-allied naval mission a note of protest in connection with alleged mistreatment of German war prisoners.

The note grew out of an incident reported from Kiel. The British steamer Santa Elena, it was semi-officially stated, was carrying 500 German prisoners from England when one man escaped at Kiel.

British sailors fired at the man. The German commandant then occupied the locks, went aboard the Santa Elena and investigated, it was stated. Prisoners complained to him, according to the statement they feared they were being taken to Poland, where they would be forced to enlist in the Polish army. They declared 400 German prisoners previously had been forced to do this.

The German commander ordered the prisoners released, the statement said, as they were within territorial waters. The British released them under protest.

WILL NOT DARE TO REFUSE THE PROTOCOL

LONDON, Dec. 8.—Germany will not dare to refuse the protocol, it was believed in official circles here today.

The war office and the admiralty, however, after a busy Sunday spent in preparing the British war machine to be thrown into gear upon a moment's notice, admittedly were puzzled over advices from agents in Berlin. These insisted that so far there was no indication of weakening in the German attitude of defiance.

Unless certain concessions are

COL. HOUSE DENIES A REPORTED BREAK WITH PRESIDENT

NEW YORK, Dec. 8.—"I have read Mr. Siebold's article in the New York World and for obvious reasons I prefer to make no comment further than to say that my admiration and affection for the president are unchanged," Colonel E. M. House declared today in commenting on an article to the effect that he is no longer in favor with president Wilson.

The article by Louis Sjebold recited incidents wherein it is claimed the colonel and the president were not in accord at the peace conference and expressed doubt that the president even knows House has returned to this country. It points out that House has not seen the president nor Secretary Lansing since he return and is apparently no longer a factor in the peace negotiations. The article ascribes the belief that Colonel House and the president are estranged to "diplomats and politicians" and declares they express the belief that the reason is found in the authority House assumed and the mistakes he made.

The part played by House in the selection of Paris as the seat of the peace conference, alleged action by the colonel which resulted in the sacrifice of the "freedom of seas" feature of the fourteen points and his dealings with Orlando in connection with the Fiume disputes are cited as the principal points upon which House and the president broke."

GOVERNOR HOBBY RETURNS TO AUSTIN

AUSTIN, TEX., Dec. 8.—Governor Hobby, who has practically recovered from his recent illness, returned to Austin from Dallas today.

AUTOMOBILE INDUSTRY SERIOUSLY HAMPERED

DETROIT, MICH., Dec. 8.—Detroit's automobile industries either were shut down or seriously hampered in operation today by the coal strike, according to information given out by the manufacturers association.

Fully fifty thousand men were idle today and the jobs of at least 200,000 more depended on early settlement of the strike, it was said.

COLD WAVE STRIKES SOUTHWEST AND THE THERMOMETER FALLS

KANSAS CITY, Dec. 8.—A cold wave accompanied by light snow has struck the southwest and temperatures are falling steadily today with the prospect of zero weather by morning in parts of Kansas and only a few degrees above that in Missouri, Oklahoma and parts of the Texas Panhandle. This announcement was made by the weather bureau here today. The lowest temperature reported this morning was 12 above at St. Joseph. Indications are that the cold wave will continue several days.

NO EXPEDITION AGAINST SPALATO

FIUME, Sunday, Dec. 7.—Gabriele D'Annunzio assured the correspondent of the Associated Press today that he was not preparing an expedition against Spalato or Laibach. He gave his word of honor that this statement was true.

DECIDE $3.00 IS NOT TOO MUCH FOR FUEL OIL

Committee to go to Washington and Discuss Matter With Officials

TULSA, OKLA., Dec. 8.—The war service committee and refiners in session here today named a committee of five to go to Washington and place the matter of supply and price of oil before the government. Pat Malloy, president of the western refiners association; Fred Lehman, secretary; E. H. Thwing, president of the Thwing interests; P. M. Miskell of the Empire interests, all of Tulsa and E. W. Goebel, of aKnsas City, compose the committee.

During the session this forenoon no fixed price was made on oil, but it was decided that $3 per barrel was not too much to ask, considering the car shortage as well as the shortage of gasoline and other commodities.

The conference will last through Monday.

SPECIAL SESSION KANSAS LEGISLATURE HAS BEEN CALLED

PITTSBURGH, KAN., Dec. 8.—Governor Allen has called an extraordinary session of the state legislature to meet January 5.

No substantial progress has been made along the lines of constructive legislation to protect the public from the consequences of the disputes between labor and capital, the governor said. Arbitration, he declared, "holds no guarantee of justice. The best that any man can hope for out of it is a compromise."

"No civilization," the governor says, "is safe when the welfare of the people is made the subject of arbitration."

A tribunal which the governor proposes "should not have upon it a representative of either party to the quarrel." It must have members, he says, "who can hear and consider both sides of the question while they are giving due consideration to the paramount rights of the public."

WOULD DISCONTINUE ARMY GENERAL STAFF

WASHINGTON, Dec. 8.—The general staff of the army cost $5,435,262 for the fiscal year ending June 30, last, Benedict Crowell, assistant secretary of war, informed the Senate today.

APPROVE SENTENCE OF DISMISSAL IN CHAMBERLAIN CASE

WASHINGTON, Dec. 8.—Sentence of dismissal imposed by a naval court martial on Captain Edmund George Chamberlain, an aviator in the marine corps, on charges growing out of his sensational claims of having defeated a vastly superior force of German airships on the western front, was approved today by Secretary Daniels.

NO DECISION ON THE WAR-TIME DRY BILL BY SUPREME COURT

WASHINGTON, Dec. 8.—No decision on the constitutionality of the war-time prohibition and the Volstead enforcement act was rendered today by the supreme court and there was no indication when a decision would be handed down.

Arguments on the constitutionality of the acts were advanced by the court at the request of the government and decision had been expected generally when the court reconvened today after a recess of two weeks.

As Monday is the regular opinion day of the court, a decision is not to be expected before next Monday, if then.

The cases on which the constitutionality of the war-time act was attacked were from Kentucky and New York while that on which the validity of the enforcement act was contested reached the supreme court from New York.

GO TO CALIFORNIA TO INVESTIGATE CASE

LAWTON, MICH., Dec. 8.—Officials investigating the mysterday death of Maud Tabor were enroute to California today to question the mother of the girl whose body was found in the basement of the Tabor home here, where it had been hidden for three years.

Mrs. Sarah Tabor was held by police at Yreka, California, where she was arrested with her son, Walter.

Prosecutor Horace Adams and Sheriff Dwight Barker expected to obtain details of the death of Maud from Mrs. Tabor and her son which would clear up the mystery.

D'ANNUNZIO PLANS FLIGHT TO AMERICA OVER THE PACIFIC

FIUME, Sunday, Dec. 7.—Captain Gabriele D'Annunzio plans to fly to the United States after the Fiume situation is adjusted, he told the Associated Press today.

"I yearn to reach America on wings," he said. "I will fly to America across the Pacific and land on your fair Pacific coast. When my task in Fiume is done and when Fiume is a part of Italy's realm, I am going to Tokio through the clouds. Then I will look across that vast expanse of the Pacific myself from this earth and start toward your land, your free America, stepping from island island. It is unfavorable weather now, but it will be favorable in February and if Fiume is ours, I will do it then."

DISTRICT ATTORNEY WILL NOT AGREE ON BOND IN CASE OF BOB BRAZIEL

FORT WORTH, TEX., Dec. 8.—The district attorney's office today refused to agree to bail in the case of Bob Braziel, former officer of Ardmore, Okla., who is accused of killing Les Sigler, former chief of police of Ardmore, in Fort Worth Saturday night. Attorneys for Braziel asked for bond this morning. The next step will now be application for a writ of habeas corpus in district court.

HOPE FOR SETTLEMENT TUESDAY IS EXPRESSED IN STATEMENT ISSUED FROM THE WHITE HOUSE

WASHINGTON, December 8.—Hope for the settlement tomorrow afternoon of the "controversy between the miners, the operators and the government" was expressed in a formal statement issued today at the White House.

The statement follows:

"It is hoped that there will be a settlement on Tuesday afternoon of the controversy between the miners, the operators, and the government through the acceptance by the miners of the plan for a definite settlement proposed by the President, which proposal was submitted to Acting President Lewis of the miners by Attorney General Palmer Saturday night."

The utmost secrecy still surrounded the President's proposal and Secretary Tumulty and other officials refused to supplement the White House statement. It was learned, however, that the proposal made to the miners was from the President himself, and was in the form of a memorandum written by him.

The public, those most concerned, were still in the dark today as to the government's latest move to settle the bituminous coal strike. Not a hint of the nature of the proposals has been made public either by the miners or by officials, but comfort was taken in the statement by Attorney General Palmer last night that he was quite sure the end of the strike was in sight. The statement was made by Mr. Palmer just before he boarded a train for Indianapolis where late today he will confer with Judge A. B. Anderson of the federal district court, relative to the injunction proceedings involving mine union officials.

Speculation as to the method for settling the strike which was proopsed personally by President Wilson was rendered difficult because while Fuel Administrator Garfield reiterated that there would be no increase in the price of coal to the public, and said he had not budged an inch from his position, the readiness with which the strikers accepted led to the belief an advance in wages larger than the 14 per cent suggested by Dr. Garfield had been proposed. Success or failure of the president's plan will not be determined until Tuesday when the court and strike leaders will consider it.

The coal strike also promises to come in for additional attention from congress. Chairman Kenyon of the Senate labor committee, called a meeting of his committee for today to consider suggestions for settling the trouble by congressional action. A resolution calling on the government to take over and operate the mines during the emergency and another proposing an investigation of the entire strike situation are pending.

Resent Injunction.

In agreeing Saturday to urge upon miners' representatives acceptance of the President's proposals, John L. Lewis, acting president of the United Mine Workers of America, was said to have frankly informed Attorney General Palmer of the difficulties he was having in view of the feeling created among the miners by the injunction proceedings and the general attitude of the government.

Lewis was said to have expressed willingness to attempt to change this feeling if given assistance from responsible government officials in dealing with men.

Mr. Palmer, Assistant Attorney General Ames and Lewis and William Green, secretary of the miners' union, are to arrive at Indianapolis today, where tomorrow the union officers will lay the President's proposals before the executive and scale committee of the workers.

There was persistent reports today that the President's proposal was that the miners accept, for the present, the 14 per cent wage advance proposed by Fuel Administrator Garfield and that the final agreement of wages and working conditions be left to a commission to be appointed by the president.

Some assurances are said to have been given as to the personnel of the commission, the method of obtaining data which will be put before it and other points which are reported to have induced the miners to consider their prospects under it more favorable than they otherwise would be.

INVESTIGATION OF OPERATORS IS POSTPONED

Grand Jury Will Not be Empaneled Today as Was Expected

BELIEVE ACTION TAKEN EXPECTING SETTLEMENT

Postponement is Taken Until Ten O'Clock Tuesday Morning

INDIANAPOLIS, IND., Dec. 8.—The special grand jury called to investigate practices of coal mine owners and their employes was postponed today, in view of the probable settlement of the coal strike, District Attorney Black announced.

Judge Anderson postponed the sitting of the grand jury until tomorrow. In the meantime Black will meet Attorney General Palmer, when the latter arrives here from Washington this afternoon. They will confer and decision will be reached as to whether will be reached as to whether the the grand jury will meet at all, it was said.

INDIANAPOLIS, IND., Dec. 8.—Federal investigation of alleged illegal practices of coal mine owners and their employers to limit production was to be opened today in spite of the prospective settlement of the coal strike.

The federal grand jury was scheduled to convene in special session at 10 to look into the dealings of mine operators who are alleged to have stopped production of coal last summer before the coal strike was called.

John L. Lewis and William Green, chief union officials, will lay the government proposal before a joint meeting of governing bodies of mine workers here tomorrow. They were speeding from Washington today, accompanied by Attorney General Palmer, who acted for the government in submitting the compromise. The groups of men to meet here tomorrow include the international officials, the executive committee, the district presidents and the scale committee of the central competitive field.

That they will agree to anything which Lewis and Green approve is the belief at the miners' headquarters.

"If Lewis and Green have approved any agreement to end the suspension of activities in the mines, then the differences between the miners and the operators are as good as adjusted, so far as the mine workers are concerned," Ellis Searles, editor of the mine workers journal, said.

The government's course tomorrow in regard to the contempt charges against the miners' officials was still in doubt today.

Lewis and his associates and the district officials were to face District Judge A. B. Anderson at 10 o'clock tomorrow on charges of violating Anderson's anti-strike injunction. It is thought that the hearing will be postponed, however, until after the meeting of the miners, which is called for 2 o'clock in the afternoon.

REPUBLICANS ARE GATHERING FOR A PARTY CONFERENCE

WASHINGTON, Dec. 8.—Republican leaders from every state were coming into Washington today to take a hand in the numberless conferences on candidates and policies incident to the meeting of the republican national committee Wednesday. These conferences easily overshadowed in interest the real purpose of the meeting, which is to select a time and place for the 1920 convention.

With the arrival of Chairman Will H. Hays and other officials of the national committee to talk about the convention city began to forecast an early decision. It was thought likely that in their conferences during the day the leaders might virtually settle the question. Chicago and St. Louis are making fights for the honor.

ALLIED NOTE HAS NOT YET BEEN DISPATCHED

LONDON, Dec. 8.—The allied note to Germany has not yet been dispatched to Berlin, pending submission of certain portions to the British cabinet, according to an Exchange Telegraph dispatch from Paris. The note is not an ultimatum, but a formal summons, the dispatch said.

HUNDREDS OF TRAINS HAVE BEEN WITHDRAWN

CHICAGO, Dec. 8.—Hundreds of passenger trains were withdrawn from service on the railroads of the country today, mostly in the middle west, south and southwest, in accordance with instructions issued last week by the railorad administration, and hundreds of other trains have been ordered annulled on next Wednesday, chiefly in the east, as a result of the coal miners' strike.

In New England alone orders were out canceling nearly three hundred trains on Wednesday, dozens are to be discontinued in Pennsylvania, and even Canada railroads have felt the coal shortage to such an extent that 35 additional passenger trains were taken off, including the crack transcontinental limited of the Canadian Pacific. The reduction of passenger service in the United States since the strike began November 1, amounts to approximately one third of the total, and in Canada a saving of $24,000 train miles per month has been effected.

Measures to conserve fuel supplies went ahead today in nearly every part of the country, despite the meeting at Indianapolis tomorrow of Attorney General Palmer and other officials of the department of justice with heads of the United Mine Workers of America, in an effort to bring about a settlement of the strike.

Many hundred thousand workers were idle today on account of closing of non-essential industries from which coal has been withheld by regional committees and the curtailment of business hours in many cities.

Governor Cox of Ohio called off the conference of operators and miners today at Columbus which has attempted to settle the strike in that state. In a statement Governor Cox said indications were the controversy "would be settled Tuesday on a nation-wide basis."

Further shipments of coal mined by volunteers in Kansas and Missouri under protection of troops, were made today to points in those states where the shortage was most acute.

Digging of coal by volunteers also was expected to begin today in Oklahoma, Arkansas and Montana. In Oklahoma where martial law prevails in the coal district, Governor Robertson has begun a crusade against agitators

FIX WAID'S BOND AT $50,000.00 IN EACH OF 3 CASES

PRELIMINARY HEARING IS HELD TODAY BEFORE JUSTICE ARRINGTON.

ARRIVE HERE MONDAY MORN

Prisoner Is Suffering From Effect Of Dose of Bichloride of Mercury.

Ben W. Waid, alleged swindler, is in the county jail suffering from poison said by physicians to be bichloride of mercury. An officer who accompanied Waid from Dallas, arriving here Monday morning, said that Waid went to the water stand to take a drink and placed the tablets in his mouth while in the rear of the car. Waid said that he took the bichlorride of mercury through a mistake. Officers stated that Waid told them he intended to take a dose of medicine and placed the poison in his mouth through mistake.

Following preliminary hearing late Monday, Justice Arrington placed Waid's bond at $50,000 in each of three swindling cases in which he is named as defendant raising the total bond to the sum of $150,000.

Waid was secretary and treasurer of the Volunteer Oil Company.

MONARCHISTS TRY NEW PLAN TO AROUSE GERMAN ENTHUSIASM

BERLIN, Dec. 3.—(Delayed.)—Failure of the monarchistic elements to stir up an extensive wave of pan-Germanism during their recent Hindenburg demonstrations, resulted in a new tack to further the campaign today.

Pan-German newspapers appeared with advertisements for the "Bismarck" fund to promote the German National Volkspartei and "stimulate national feeling." The fund will be used, it was understood to promote the Pan-Germanism of the Volspartei.

ARKANSAS LAW IS HELD CONSTITUTIONAL

WASHINGTON, Dec. 8.—The supreme court today held constitutional an Arkansas law giving passengers of railroads the right to collect a penalty of $50 to $300 for every time an excess rate is charged. The suit was brought by the St. Louis and Iron Mountain as a test suit against Dickey and Lucy Williams, who were charged sixty-six cents more than the state railroad commission allowed.

OIL FIELD WORKER DIES AS RESULT OF FALL FROM DERRICK

Jesse L. James, an oil field worker about 30 years of age, who was injured in a fall from a derrick in the Burkburnett fields Saturday died Sunday morning at the general hospital. That the man lived as long as he did is considered remarkable by the doctors as both his lungs and windpipe were punctured by his ribs when he struck the ground after the 28 foot fall. The body is being held at the Hines undertaking parlors pending the arrival of the widow who wives in Gilham, Arkansas.

DEFINITE PLAN IS PROPOSED FOR THE FIUME SITUATION

LONDON, Dec. 8.—A definite plan for satisfactory settlement of the Fiume situation will be submitted to the British government by Viterio Scialoa, Italian foreign minister, during his present visit, it was understood today.

The Italian official arrived in London from Paris last night. He will take up the entire Adriatic dispute with the British officials, it was believed. Scialos was expected to confer with Premier Lloyd George soon.

A MILLION POUNDS MORE SUGAR IMPORTS THAN LAST OCTOBER

WASHINGTON, Dec. 8.—Senator Borah read to the Senate figures from a United Press dispatch showing that sugar exports from the United States in October were 100,000,000 pounds more than in the same month last year.

Borah also read the comment of a Pittsburgh business man on the situation and asked whether the government is permitting this export trade to go on when "hardly a family in the United States has a week's supply."

Senator Smoot replied that it is true exporting continues. "I was assured at the beginning of October that exporting would cease," said Smoot, "but it has not."

King, Utah, declared he was informed Saturday that two vessels are now being loaded with sugar in New York to be sent to Mediterranean points. King said the sugar famine is the fault of congress.

"You're wrong," said Smoot. "Its the fault of the administration which failed to buy the Cuban sugar crop when it had an opportunity. Now Cuban sugar is coming here to be refined and is then shipped to Europe while American consumers can't get it."

AMERICA'S ACTION MAKES VACANCY ON SUPREME COUNCIL

PARIS, Dec. 8.—The supreme council today took up the unfinished business of the peace conference in an effort to dispose of the more urgent questions, its purpose, also, was to decide upon the reference of the other pending questions to the proper quarters for decision after the "big five" becomes the "big four" as it is expected the supreme council will continue to meet after the American delegates leave tomorrow.

As far as the Americans are concerned, the supreme council will cease to exist after the signing of the Hungarian peace treaty. Ambassador Wallance will probably sign that document for the United States. Most of the unfinished business will thereafter be referred to the various governments and settled through the regular diplomatic channels.

CONDITION OF JUDGE BARWISE VERY CRITICAL

Judge J. H. Barwise, who has been ill for a number of weeks, at the home of his daughter, Mrs. A. H. Carrigan, 1100 Austin, is reported very low today, and has been unconscious practically all the time for the past several days. His son, J. H. Barwise, Jr., and wife, are here from Fort Worth at his bedside, and Marshall Barwise, of Electra, has been with his father for the past ten days, while another son, Frank, returned Sunday to his home at Iowa Park, after spending several days in Wichita Falls.

Judge Barwise recently celebrated his 90th birthday, being in his usual state of health at that time, when the usual family dinner was held. He began to decline shortly after his birthday, and his condition has been considered very serious for the past week.

Mrs. Jesse Dolman, a grand daughter, was here from Oklahoma City last week, returning home Friday. Mr. and Mrs. J. H. Barwise, Jr., and Marshall Barwise expect to remain in Wichita Falls for several days. M. H. Barwise, another son, lives in Wichita Falls, and has been with his father the greater part of the time during this present illness.

BAN JOHNSON WILL BE AT THE AMERICAN LEAGUE MEETING ON WEDNESDAY

CHICAGO, Dec. 8.—The American league annual meeting will be held in New York next Wednesday. Attorneys for B. B. Johnson, president, announced that he and loyal club owners agreed to attend the session called by warring directors in preference to the one he had called for Chicago for the same date. The decision was not a capitulation, attorneys said. It was a move to avoid further legal controversy.

Johnson and his retinue will leave tonight for New York. Representatives of five clubs threshed the matter out in a lengthy forenoon session. Announcement of the decision was not made until the baseball men had scattered for lunch.

FREELING DOUBTS U. S. AUTHORITY TO NAME A RECEIVER

WASHINGTON, Dec. 8.—No developments marked the filing of Oklahoma's boundary suit in the U. S. supreme court today in accordance with permission heretofore granted. A request may be made later for a federal receiver for the producing oil land in question but Attorney General Freeling of Oklahoma intimated a doubt in his mind whether the court had authority to make such an appointment.

Attorney General Cureton of Texas is here, accompanied by O. Bullington and R. H. Ward of Wichita Falls. Attorney General Freeling is representing Oklahoma.

FAVOR FORMATION OF A NEW PARTY

ST. LOUIS, MO., Dec. 8.—Formation of a new political party was favored today by delegates arriving here for the conference of "Liberals" which opens tomorrow.

The committee of foreight-eight, Non-Partisan League, World War Veterans, National Labor Party and other organizations will be represented in the sessions.

Amos Pinchot of New York, an organizer of the Progressive Party, was one delegate here favoring a new political organization in the coming presidential elections. Edmund Vance Cook, poet, of Cleveland; George Edwards, lawyer, of Youngstown, Ohio; J. J. McNamara, American Federation of Labor, attorney; William C. Brightman of Rhode Island, former Progressive Party leader; J. A. Hopkins, former treasurer of the Progressive Party; George L. Record, candidate for the United States Senate from New Jersey and Frank Stephens, single taxer, of Deleware also arrived today for the conference.

Following complaints against the conference made by the American Legion of Kansas City, police officials announced they were investigating officers and the purpose of the conference. Attorney Gen. Palmer has been Attorney General Palmer has been communicated with, police said. Prompt steps will be taken, officials said if any law violations occur.

Allen McCurdy, former army officer, will be temporary chairman of the conference, it was announced today. No slate or advance program has been prepared.

The condition of Grover Habern, assistant fire chief, who was injured in the wreck of the Floral Heights fire truck two weeks ago, is reported as one of continued improvement.

Dr. and Mrs. J. W. Powers have returned from Kansas City where Dr. Powers attended the annual session of the Western Surgical Association.

NEWBERRY ENTERS A PLEA OF NOT GUILTY

GRAND RAPIDS, MICH., Dec. 8.—A plea of not guilty was entered for United States Senator Truman H. Newberry when he was arraigned in federal court here late today on election fraud charges.

Thirteen others, prominent in the 1918 campaigns when Newberry was elected to the senate over Henry Ford were arraigned with the senator. They declined to enter pleas.

Bail in each case was fixed at $10,000.

URGE GREAT CHEMICAL DYE STUFFS INDUSTRY

WASHINGTON, D. C., Dec. 8.—Building up of a great chemical dye stuffs industry is essential to a complete program of military preparedness, Major General Siebert, director of the chemical warfare service, told the senate finance committee today.

Legislation to protect the American dye stuffs industry against German competition is under consideration.

INJURERD BY AN AUTO EARLY THIS MORNING

F. P. Warren, 2205 Tenth street, was knocked down by an automobile in front of the Times building Monday morning. He was taken to a doctor's office where it was found that while he had sustained cuts on the head and bruises on his legs, that no bones were broken. His injuries while painful, are not regarded as serious.

COMMISSIONERS ARE BUSY WITH ROUTINE

Adjustment of question of taxation and the allowance of various bills occupied most the session of the commissioners' court Monday. Several property owners of the county appeared before the commissioners to adjust matters of taxation.

Mrs. Wiley Blair, Sr., of Dallas, was the guest of Mr. and Mrs. J. A. Kemp Sunday.

HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. Millions of boxes are sold annually at 10c and 25c. Take one or two nightly and note the pleasing results.

APPROACHING TERM OF THE GRAND JURY WILL BE BUSY ONE

The approaching session of the regular grand jury is being watched with much interest and it is believed that investigations of far-reaching importance will be ordered by the district judge in his charge. The regular grand jury panel has been summoned and the jury will be convened and organized next Monday at 9:00 o'clock.

While a crowded criminal docket exists in the 30th district court yet no criminal proceedings will likely be disposed of before the Christmas holidays due to the fact that civil cases will first be tried. While most of the defendants to face trial during the ensuing session of criminal court are now at liberty on bond there are some prisoners now in jail in default of bond who are scheduled for trial.

It is very likely that the approaching session of the 30th district court will be a very long and busy one. More than a score of felony cases are docketed for trial and the session promises to be one of the most important terms in the criminal history of Wichita county.

VAGRANCY, GAMING AND PETTY LARCENY POPULAR CRIMES IN THIS CITY

Petty larceny, vagrancy and gaming are the most common crimes committed by Wichitans. This fact is disclosed by examination of dockets kept in the justice and county courts of Wichita county. Comparison with records kept a few years past shows that crime has neither decreased nor increased here but is rather on a standstill. This rather strange fact is accounted for by explaining that while crime has in reality decreased with the coming of prohibition and the banishment of commercialized vice districts, yet the city has grown very rapidly with the development of the oil fields and crime waves always follow the boom town.

Forgery is perhaps the most common of all the long category of felony offenses. This fact was aptly illustrated during the recent special session of the 30th district court when more than half of the total number of convictions were for alleged forgery of various financial instruments.

Violations of the Mann Act constitute the major portion of all federal cases, according to records kept by United States officials. The socalled "white slaver" is alleged to be very common in the boom towns of the oil belt and Uncle Sam's agents are kept busy locating the smooth talking and smartly dressed Mann Act violator.

WOMEN BEING HELD AS WITNESS IN AN ALLEGED MANN ACT VIOLATION

A woman believed to be from New York City is being detained here as a material witness in a Mann Act violation charge. It was announced Monday that the woman would shortly appear as the government's chief witness in a case now pending against a gang of alleged white slavers. The woman's testimony will first be given in the course of a preliminary hearing before the federal commissioner here.

Federal officials say that the woman has authentic information regarding a socalled "underground railway" system by which girls from Eastern cities are lured to the oil fields of the Southwest and then used for immoral purposes.

CHARGED WITH VIOLATING FEDERAL LIQUOR LAWS

J. R. Dawney was arrested Sunday night charged with violating the federal laws. A complaint charging Dawney with the sale of a quantity of gin was filed Monday before United States Commissioner Lantz in federal district court. Dawney was arrested in a local hotel.

Federal officials say that a large quantity of contraband liquor is reaching the towns of the Texas oil fields. It is believed that smugglers in large middle western cities are working with confederates "planted" in various towns of the Texas petroleum belt thereby slipping the liquor to oil field workers.

RURAL SCHOOLS CLOSED ACCOUNT FUEL SHORTAGE

The coal miner's strike has effected the schools of Wichita county to the extent that several of the larger rural schools have been compelled to close, according to County School Superintendent Hall. Cashion school closed last week and Superintendent Hall said Monday that the fuel shortage had since caused the suspension of work at several other schools.

SUBSCRIPTIONS TO THE Y. W. C. A. FUND TOTAL $187,542

Subscriptions to the Y. W. C. A. $5,000 building fund totalled $187,542 at noon Monday, according to the report made at the workers luncheon at the cafeteria, the additional subscriptions over the Saturday's report totalling $12,000. The men's committees will continue to work the downtown district until Saturday, B. F. Johnson's the general chairman announced Saturday, the final report to be made Saturday at luncheon at the cafeteria.

The women's committees started their work Monday morning, and at the luncheon the only report available, that of Mrs. Hartsook and Mrs. Bashara, totalled $2,567.15. Of this amount $1,000 was given in one subscription, that of Mrs. Lillis Morgan who made this subscription as a birthday gift to the Y. W. C. A., it was announced, Monday being the birthday of Mrs. Morgan, owner of large properties in the Northwest Burkburnett field.

The subscription of $100 from their savings, from the Boy Scouts, Troop No. 1, of which Sam Sproles is scoutmaster, was announced Monday, this being considered one of the most liberal subscriptions made, coming from a bunch of youngsters, who had worked for the money.

No. 16, Allen, $140 new, total $2,107.

The men's committees, which have been securing subscriptions from those whose names were assigned the various committees, were districted on Monday, and told to work their districts thoroughly this week, returning Saturday at the luncheon hour, for their final reports. The women are to conclude their work with a tag day on Saturday, when it is expected that all those who have not already contributed, will be "rounded up."

The men's districts, as announced Monday, follow:

No. 2, on Ohio, from Eighth to Thirteenth; No. 12, Kemp & Kell building; No. 11, First National Bank building; No. 3, Scott from Eighth to Thirteenth; No. 6, Scott from Fifth to Eighth; No. 9, Ninth street, from Michigan to Scott; No. 10, Tenth street and Eleventh street, Michigan to Scott; No. 8, Eighth street, Michigan to Scott; No. 4, Indiana from Eighth to Thirteenth; No. 1, Ohio from Fifth to Eighth; No. 3, Indiana from Fifth to Eighth; No. 7, Seventh, from Michigan to Scott; Nos. 13, 14 and 15, down town on the streets.

PRELIMINARY HEARING IN WADE CASE TODAY

More than eight hundred stock holders of the Volunteer Oil Company, many of them working girls of Nashville, and other Tennessee towns, lost savings totalling fully $50,000 through alleged illegal transactions of Ben W. Wald, secretary and treasurer of the company, according to Judge John A. Pitts of Nashville, Tenn., who appeared Monday as the state's chief witness during the preliminary hearing of Wald conducted in Justice Arrington's court.

Wald is charged by complaint with swindling. He is alleged to have swindled stock holders of the Volunteer Oil company out of funds to the extent of $50,000 and witnesses state that $50,000 more disappeared but probably went to stock salesmen. Wald was arrested in Fort Worth about ten days ago after a nation-wide search and after stock holders in the Volunteer Oil Company had offered $1000 reward for information that would lead to his apprehension. Wald was arrested by a Fort Worth detective.

Preliminary hearing for Wald was still in progress at 2 o'clock Monday afternoon after having been in progress since early in the morning. It is thought that Justice Arrington will fix bond following the conclusion of the testimony.

VOLUNTEERS TO SELL RED CROSS SEALS CALLED FOR

A call for volunteers from the young women of Wichita Falls to aid in the sale of the Red Cross Christmas seals is being made by Walter S. Curlee, chairman for the work in Wichita county.

Lack of workers is preventing the active sale of these stamps at downtown points. It is Mr. Curlee's plan to establish booths in a number of the downtown stores and at other centrally located places of business. One day, or two at most, in Mr. Curlee's judgment, should suffice for the placing of the county quota, as about half of this amount has already been subscribed.

NATIONAL BANKS MAY CHARGE INTEREST IN EXCESS OF STATE RATE

WASHINGTON, Dec. 8.—National banks have the right to charge interest in excess of the maximum amount allowed under state laws, the supreme court today decided.

The case was brought by the Citizens and Scriven County Bank against the National Bank of Savannah, Ga., the claim being that the national bank violated the state law by deducting interest in advance from the total loan, making the interest figured on the amount received instead of the face value of the loan, exceed eight per cent, the maximum in Georgia.

Justices Pitney, Clarke, and Brandeis dissented.

THREE FIRES FAIL TO CHECK BUSINESS OF THRIFT CITY BANK

Fire, thought to have originated in a restaurant, early Sunday morning burned out five business establishments and a number of offices located in the same building at Waggoner City, doing damage estimated at about $25,000.

Among the institutions suffering from the fire was the Thrift-Waggoner bank, burned out for the second time within three weeks. In spite of this official of the bank stated that the doors of the bank opened for business as usual Monday morning. The safe and contents were saved from the fire. In addition to the bank a moving picture theatre, a drug store, a feed store, and a restaurant suffered from the fire.

AMUSEMENTS

"LASCA" IS ATTRACTION AT MAJESTIC TUESDAY

The showing of "Lasca," a recent production directed by Norman Dawn and played by a notable cast, featuring Frank Mayo and Edith Roberts, is announced for the Majestic Theatre Tuesday.

"Lasca" is based on the famous poem by Frank Desprez, adapted for the screen by Percy Heath, and produced by Universal on a lavish scale.

The filming of "Lasca" required more than ordinary attention to detail, for there is scarcely an American who has not read the poem, recited it, or committed it to memory, and has not thereby pictured indelibly in his mind the sprite of the cattle-range who lived "in Texas down by the Rio Grande," who worshiped the young ranchman at whose side she delighted to ride—who, a mixture of lovely saint and petulant imp, finally sacrificed her young life to save that of the man she loved.

The scenes of "Lasca" are laid on both sides of the Rio Grande. It shows the life of the Mexicans as well as that of the Texans and gives a picturesque view of the wealthy frontiersman's existence during the most colorful period in the history of the Lone Star state.

Around the story suggested by the poem the author ha woven a plot of the most engrossing interest—of love, jealousy and adventure—culminating in the great stampede of the herd.

Frank Mayo plays the part of Moreland, the wealthy young American ranchman; Edith Roberts was chosen as the idea player for the role of Lasca. Other parts are enacted by Veola Harty, Arthur Jasmine and Lloyd Whitlock.

In scenic beauty "Lasca" is said to excel most photo productions recently shown.

ALEXANDER TO OPEN ENGAGEMENT TONIGHT

Alexander, styled the "master mind" and who is a spiritualist of note, having played some of the large cities of the country and served for five years as president of the Universal Spiritual Association, opens his first engagement in Wichita Falls Monday night at the Jesse Blair tent theater. Alexander promises to solve the most baffling problems for those who consult him, whether concerning domestic, business or other affairs.

"The Silent Partner," a four-act society drama, in which Jesse Blair plays the part of Tom Lauder, his favorite role, and Hazel Blair that of Flossie Harmon, and in which both are supported by a well-balanced cast, is tonight's attraction. New vaudeville for the interval between the acts is also promised, as is the fact that the tent theater will be well heated and comfortable.

MEETING FAIR PRICE COMMITTEE IS CALLED

A meeting of the fair price committee for the purpose of organizing for their work has been called by Walter S. Curlee, county food administrator for 10:00 o'clock Wednesday morning at the Elks club rooms. Plans for the intensive inquiry which is to be made into the price being charged for the commodities classed as necessities of life will be outlined at this meeting, which Mr. Curlee strongly urges every member of the committee to attend.

JUDGE LOONEY ON PARDONS.

In a preliminary statement announcing his views on public matters connected with the governor's office for which he will be a candidate Hon. B. F. Looney made one declaration that has met with the approval of many who have been amazed at the manner in which convicted persons have been pardoned by governors of Texas. Judge Looney declared that if he is elected governor he will not deem it within his province to review and reverse the courts of the state, which have passed on questions connected with the trials of convicted persons. It has gotten to the point in Texas where an offender may escape the penalty of his crime if he have political influence, or if he can secure influence of those to whom the man who may happen to be governor owes a political debt. Pardons have been given in Texas simply because they have been asked for by persons to whom the executive happened to owe a political debt. Many who have seen justice thwarted and the dignity of the state bartered for political influence and used to pay political debts will applaud Judge Looney's declaration.

SENATOR FALLS' REASSURING REPORT.

The report brought by Senator Fall from the White House last week that President Wilson had a full grasp of the Mexican situation and that his mind was clear and keen was a most reassuring one in view of the rumors that have been in circulation.

Senator Fall has been one of the strongest opponents of the administration and his readiness to testify to President Wilson's capacity at this time ought to refute many of the rumors that are being spread about the President, some of them by persons whose motives are open to question.

The raising of $250,000 for a building for the Y. W. C. A. is the first big thing of a public nature the men of Wichita Falls have undertaken for the women of the city. There is no question but that the full amount will be raised. Failure is inconceivable. But to win success for this great enterprise every man in Wichita Falls must do his part. It is a part which all ought to do gladly. The man who fails to give will have lost something of greater value than the money which he may give by failing to do his duty.

Uranus and Venus are in benefic aspect today, according to astrology. In the evening Mars is strongly adverse.

It is a rule under which the affairs of women should prosper. Politics will claim attention from large numbers in the new year and more than one will become famous.

This should be a peculiarly fortunate government for first nights at the theatre, the planets indicating success that will be lasting for new plays.

Little Benny's Note Book

By Lee Pape

Pop and me was taking a wawk before suppir, me asking a lot of questions and getting answers to about half, and all of a suddin I had a ideer to ask pop a question and then quick sneck erround in back and wawk on the other side of him.

Wich I did, saying, Pop?

Questions, questions everyware and not a drop of thawt, sed pop.

If horses only had one leg do you think they could ony run one quarter as fast? I sed.

And I quick snuck erround back and keep on wawking on pops other side, and pop sed, You must be awfull thersty for information today, wy dont you ask me a hard one? And he looked down to ware I use to be but wasent, saying, Ware the doose are you? And he looked down on the other side, saying, How the mischiff did you get over here?

Dident you know I was heer, pop? I sed. And we kept on wawking and pritty soon I sed, Do you thinl it would make you mutch smarter if you lerned about 35 langwidges, pop?

And I snuck on the ferst side agen, and pop sed, It would either make me smarter or kill me, probably both—were have you got to agen? Do you think my neck is made of rubber, how meny places do you want to be at one time?

Dident you know I came back agen, pop? I sed.

O shut up, sed pop, and I sed, Do you think I'd make a good detecktive? And I quick snuck back to the other side agen, and pop sed I think you would make a better sol—confound it, now this has got to stop. Ive axuilly got a pane in the neck trying to find you.

Wy, dident you know I came over on this side agen, pop? I sed.

This wawk has gone far enuff, to put it mildly, sed pop. And we started to go back, pop keeping a hold of me by the ear all the way so I couldnt change eny more.

Law and Order.

Give an issue sounding title, and it may cut grass enough; but the only one that's vital is this law and order stuff. Oh, I hear the statesmen chatter of small things and call them great, but such trifles do not matter when the traitors boldly trait; when they hurl a wild defiance, waving flags and beating drums, and for action have refiance on the hemicidal bums. All the forces of the alley of the kennel and the stew, have united in a rally, anarchistic things to do. They have long since crossed the border of high treason, and they swarm, crying "Down with Law and Order,"—and it's time for a reform. We must crush the deadly adder, see its venom does not last, or our future will be sadder than Gomorrah's dismal past. We must stop the maudlin pleasures of the treason spouting jay, and refined and gentle measures are but kindness thrown away. We can't stop the screeching vandal with a tap upon the wrist; all such cattle we must handle with a scourage of wire I wist. Still we argue, when we'd orta't, when stern weapons we should draw; for the one thing that's important is the old time reign of law.

HOME FOR CHRISTMAS.

Home for Christmas! There's a joy
For the weary, grown-up boy
Or the little girl who now
Feels the years upon her brow!
Home for Christmas! Back once more
To the mother at the door
And the old hearth with its blaze
And those happy yesterdays.

Home for Christmas! There's a thrill
For the toiler up the hill,
For the trudger on the road
Heart sick with his heavy load.
Home for Christmas! Back to be
Once again at mother's knee
And to feel her fond caress
In that spell of happiness.

Home for Christmas! Girl and lad
Going to the kindly dad
Who has waited through the year
For his loved ones to appear.
Home for Christmas! Back again
To the simple joys and plain,
to the refuge sweet with rest,
Where is love made manifest.

Home for Christmas! Oh, that I
Could recall the years gone by,
And could know once more the bliss
Of that glorious welcome kiss.
Home for Christmas! Girl and man
Claim that gladness while you can.
Swift must come those years of pain
When you'll long for home in vain.

Side Talks by Ruth Cameron

THE TIME TO ST OP SHOPPING.

A friend of mine has a coat which does not at all become her. Incidentally she knows it.

"I hate that coat" she said the other day as she came into my house and shrugged herself out of it. "It's too heavy and it's meant for a taller person than I am (she is a jolly little roly-poly) and I don't like the color either."

It Isn't Safe to Agree Too Fully.

It isn't as becoming as some things I've seen you wear," I admitted delicately (it never does to agree with people too wholesouledly in such matters.) "How did you happen to buy it?"

"Because I had been shopping all day and was tired out and confused and didn't know what I did want. I was going somewhere that evening and wanted it to wear and so I wore it away from the shop like an idiot. I knew the next day when I was rested and had some sense that I didn't want it, but, of course, it was too late then.

I wonder if there is a woman who reads this who hasn't somewhere in her wardrobe or her house some article which she bought when she was tired out and confused and didn't know what she did want, and which she hates accordingly.

I doubt it.

In fact, the woman who hasn't half a dozen such, is lucky.

The Real Extravagance.

There is no shopping so extravagant as the shopping one does when one has gotten into this state of mind.

One may by accident get what one wants after one is in it, but it will be only by accident, for all one's ability to judge and weigh and decide sensibly is gone.

The thing to do when you find yourself getting confused and nervous is just to rush yourself into a homebound car as fast as you can. You won't want to, for it is part of this state of mind that you will feel absolutely averse to going home. Certain forms of weariness always express themselves in an aversion to rest. We all know the cross, tired child who violently protests that he isn't tired and that the last thing he wants is to go to bed.

Don't Indulge Yourself Any More Than The Child.

But don't indulge yourself any more than you would the child. If you do, you will regret it the next day, for it will mean either you will find yourself keeping something that you don't want, or on the way back to town to exchange it.

I planned to write this little talk some months ago and then I put it off.

Why? Because I said—the time to do that is the time of all others when people shop too hard and too long.

I don't suppose I need tell you that time has come.

SUGGESTS AN AUTOMATIC FLEXIBLE TRACTION FARE

WASHINGTON, Dec. 8.—Continuation of private ownership of electric railways and protection of private capital invested in local transportation was recommended in a brief filed today with the federal electric railway commission by Bentley W. Warren, counsel for the committee of 100 of the American Electric Railway Association. The commission which has made an exhaustive study of problems of the electric street railways, probably will report its findings to President Wilson this month.

To safeguard the interests of investors, the committee suggested the enactment of measures providing a flexible automatic rate of fare based upon the cost of service, including a fair rate of return, and a further reward based upon efficiency upon operation.

CONVENTION OF STUDENTS VOLUNTEER MOVEMENT

COLLEGE STATION, TEX., Dec. 8. The A. & M. College of Texas is to have a full representation of delegates at the eighth international convention of the Student Volunteer Movement for Foreign Missions, which is to be held in Des Moines December 31, to January 4.

Under the rules of the organization any institution of higher learning may send one delegate for each one hundred students enrolled, which gives this college sixteen delegates. In addition to this one faculty member may the college Y. M. C. A. secretary.

A registration fee of $5 for each delegate is required, and $90 for this purpose already has been sent to national headquarters.

"This is the best thing that could happen for A. & M. College," M. A. Miller, general secretary of the Y. M. C. A. said yesterday. Mr. Miller is making arrangements for the trip.

SIR EDWIN PEARS DIES IN LONDON NOV. 27

LONDON, Dec. 8.—Announcement is made of the death of Sir Edwin Pears of Malta, on November 27.

Sir Edwin Pears, lawyer, editor and author, was responsible for revelations of Moslem atrocities in Bulgaria which caused Gladstone to lead popular demonstrations against Turkish rule in Europe. These revelations were written by Sir Edwin while he was correspondent at Constantinople for the London Daily News. He settled in Constantinople in 1873, practicing in consular courts. His later years were occupied with writing Turkish history.

The Southwestern Telegraph and Telephone Company's offices are good places for Wichita Falls young women to work, because:

The wages are good.

There is plenty of opportunity for advancement to supervisory and executive positions.

There are various kinds of operating to be done, local, long distance, information, service observing, monitoring, etc.

The female force is directed and is in charge of female executives.

There is protection from favoritism and discrimination.

There is protection of health.

There is protection of morals.

There is development of those personal characteristics which blend girlish charm with strong womanhood.

1914

Austrians drive Russians out of artillery range of Cracow. Germans attack at Yser river; advance at St. Eloi near Ypres repulsed by Allied counter-attack; German staff forced to abandon Routers on account of shelling. President Wilson in message to congress declares we will not turn America into a military camp; opposes agitation for disproportionate national defense. Three German cruisers sunk by British; Vice-Admiral Sturdee's squadron sinks the "Scharnhorst," "Gneisenau" and "Leipzig" off Falkland Islands; clears sea of German raiding fleet.

1915

Washington sends Austria sharp note on "Ancona" sinking; demands disavowal, punishment of captain, and assurances for future. Anglo-French forces withdraw from Krivolak salient. President Wilson's cabinet in conference takes steps to suppress plotters against neutrality.

1916

Greeks make warlike preparations; Kaiser congratulates King Constantine for victory over the Entente in Athens; British denounce him. Germans get immense food supplies in Rumania; large wheat supplies will relieve threatened shortage; Berlin reports 18,000 more Rumanians captured between mountains and the Danube.

1917

American destroyer Jacob Jones sunk by submarine in North Atlantic; 69 officers and men are lost; vessel torpedoed 500 miles at sea and went to bottom quickly. Italians withdraw farther on Asiago Plateau; Austro-Germans aiming thrust at Valstagna between Mounts Tondarecar and Badenecche. Trotzky, bolshevist foreign minister, demands statement of allied war aims; gives them a week to accept or reject armistice plans; rumor that new government will repudiate all Russian foreign loans.

1918

Fighting in Berlin alarmed Germans in Coblenz and Cologne call Americans and British to keep order. President Poincaire makes General Petain a marshall of France in ceremony at Metz.

NAMES SUGGESTED FOR DIRECTORS FOR IRRIGATION DIST. NO. 1

At a meeting of the irrigation committee at the Elk's hall Monday morning the names of five men were recommended to the voters for directors of Wichita Falls Irrigation District No. 1, a publicity committee was named and also a steering committee to get out the vote on election day, December 20.

The names recommended for directors of the district are: J. A. Kemp, N. H. Martin, G. C. Wood, T. B. Noble and J. S. Bridwell. These nominations are only advisory as the names will not be printed on the ticket and the voters must write in the names. Any qualified voter in the district can be voted for. The directors when elected will be placed in charge of the whole irrigation matter for the district. They will determine the amount of the bond issue, employ a manager and have entire charge of the business of the district. Of course, if the bonds are not voted, they will have nothing to do.

Mayor J. B. Marlow was made chairman of the campaign steering committee. Other members of the committee are N. O. Monroe, J. M. Bland, J. C. Ward, G. C. Wood, Myles O'Reilly and M. J. Gardner.

The publicity committee is comprised of W. M. McGregor, John Gould, Marvin Smith, B. D. Donnel and N. Henderson.

SOME ROADS IN COUNTY REPORTED IMPASSABLE

Wichita county roads are given as passable only with light cars, and impassable about Electra and Iowa Park in the government road report issued today by Fred W. Hamner, official reporter. The report follows:

Fort Worth to:

Brownwood: Generally passable, except about Cresson; rought and rutted.

Burkburnett: Heavy about Decatur, Rhome and Henrietta.

Ranger: Passable, but bad; rough and mud holes.

Southward points: Bad in geleral rought, rutted, places almost impassable.

Northward points: Almost impassable about Denton; generally rough.

Wichita Falls: Passable with light cars; impassable about Iowa Park and Electra.

Some precipitation is probable over the above routes next 24 hours.

CHIEF OF POLICE READY TO MAKE HIS REPORT

Fred K. Smith, chief of police, who was recently requested by the council to report on the alleged discrepancies in the accounts of the police department, expects to finish his report within two or three days and present it to the council at the Thursday night meeting, he stated Monday morning. Mr. Smith's report will show that the discrepancies, amounting to something under $200, are more than balanced by the checks which were refused for collection at the banks, given in payment of fines, and by expenditures made on instruction of the mayor and council, he states.

POLICE PETITIONS WILL BE PRESENTED THURSDAY NIGHT

Petitions asking for the control of the police department to be given over to Fred Smith, chief of police, and taken from the direction of Robert C. Goodfellow, assistant police commissioner, which were announced for presentation to the council on last Thursday night and held over when the council held no regular session, will be presented at the coming meeting of the council, it is declared by those who are active in the circulating of these petitions. The petitions are said to be about 14 in number.

M. A. Bundy, member of the city council and manager of the Burkburnett Refining Company, who has been confined to his home for a week with an attack of grippe, expects to be out again within a day or two.

Mrs. Hubert Harrison, who has sustained an attack of la grippe, is reported as having about recovered.

To Our Retail Customers:

We wish to announce that on and after the 20th of December we will discontinue the retail delivery of milk, account of the increased cost to us and feeling that a further advance will decrease the use of it with many people.

Then again we have failed to secure drivers that will give the service that should be given and that we desire, even at a very high salary, and rather than to make an advance and continue to give the service that we are now giving, we have decided to discontinue the retail business.

You can secure milk and its products at our place of business, 706 Tenth street. Also we will place milk in all suburban stores that we can, for the convenience of the trade, and will advertise the places where you may secure your supply from time to time.

Thanking you for the past business given us and trusting that our actions will discommode the consumer but little we are

Yours very respectfully,

APPOINTMENT CITY MANAGER MAY BE MADE OPTIONAL HERE

Opposition to the provision making the appointment of a city manager by the board of aldermen mandatory, incorporated in the draft of the city charter proposed by Dr. A. R. Hatton, charter expert, developed at the meeting of the sub-committee on the draft of the new charter, held Sunday afternoon, and it is probable that the charter as submitted to the voters will leave the appointment of a city manager optional with the city council.

Aside from this, only a few minor points on which the ideas of the committee and Dr. Hatton were at variances, were brought out and these were easily adjusted.

The charter will probably be reported to the council by the charter committee at this or next week's meeting of the city council. A. H. Britain, chairman, and Judge R. E. Huff; and J. A. Kemp and Mayor J. B. Marlow of the charter committee at large. H. F. Weldon, member of the sub-committee, was absent from the meeting.

BIG TRUCK REQUIRED TO HAUL GAMBLERS IN FROM NEWTOWN RAID

It required a big motor truck to bring the prisoners captured by county officers at Newtown following a raid Saturday night on a rooming house there, to the justice court in Burkburnett where eight of the defendants pleaded guilty and paid their fines. The gamers were quietly seated around tables playing the old-fashioned "percentage" game when deputy sheriffs lead by J. M. Allen walked into the room and arrested the entire crowd. The alleged gamers were ordered to "fall in line" and marching out of the building were loaded in a large truck which had been "commandeered" for the purpose of hauling the prisoners to Burkburnett. Fines totalling approximately $180 were paid in Justice Dave Thorne's court at Burkburnett.

The raid was conducted by Deputy Sheriff J. M. Allen assisted by Deputy Sheriffs A. A. Willey and Frank Hawkins.

JUDGE BONNER HOLDING COURT AT HENRIETTA

Judge William N. Bonner is in Henrietta this week presiding at the session of the 30th district court. Civil proceedings compose a major part of the docket at Henrietta during the present session, it is announced.

SHOOTING AT NEWTOWN STAGED WITH DUE REGARD FOR SCENIC EFFECTS OF WILD WEST MOVIE

The old-time "bad man from Red Gulch" has made his appearance in the Wichita oil fields. Judging from authentic reports from Newtown, Burkburnett and Bradley's Corner, the "bad man" is attired in the same cowpunchers' outfit when in bygone days he terrorized the sleepy Arizona villages and sent fear and trembling into the hearts of the peaceful settlers of the Southwest. The "bad man" is some gunman, too, judging from reports brought to the sheriff's office here by oil field workers who were unfortunate enough to fall into the "bad man's" path or chanced to be peacefully playing at pool when the "bad man" decided to "shoot up" the place.

Witnesses to wholesale shooting affair at the Newtown pool hall state that the whole scene resembled a regular moving picture drama attempting to portray the "wild and wooly west." More than one hundred oil field workers were around the tables playing pool or billiards when suddenly the "bad man" entered through a side door carrying a pistol in each hand. The "bad man" introduced himself by unloading one shot into the floor and under the seat of an innocent bystander. He emphasized his presence by firing the other pistol into the ceiling and then a general stampede followed.

The exit was too small for the one hundred pleasure seekers to pass out at the same time and one man not taking time to raise the window staged an Annette Kellerman stunt by plunging head first through the glass. He escaped with slight injuries. Another man, who chanced to fall in the "bad man's" path was less fortunate, however, as one of the bullets pierced his foot inflicting a serious wound. Another man was shot through the neck but attendants say his injuries are slight.

Before officers could reach the scene of the "shoot-up" the "bad man" had escaped, some say to Oklahoma, while others say he has gone into Mexico to join Villa. Officers are confident the bad man's badness was largely due to "bootleg" brand whiskey.

COAL SHORTAGE WILL CONTINUE TO JANUARY 1ST

Such Condition Will Exist Even Should Strike be Settled Tuesday

CURTAILMENT OF TRAIN SERVICE TO CONTINUE

Meantime Many Plants and Factories Must Remain Closed Indefinitely

By RALPH F. COUCH
United Press Staff Correspondent.

WASHINGTON, Dec. 8.—The coal shortage will continue acute until January 1 even if mine union wage scale officials in Indianapolis tomorrow vote to accept the settlement proposed by President Wilson, it was predicted here today.

Railroad administration officials in charge of coal priorities are making plans based on this belief. Curtailment of train service will be continued several weeks, it is expected, and may be increased. This would permit additional coal hauling facilities.

Meanwhile many plants and factories must remain closed until their bins can be replenished. Part time operation of stores and factories in many sections will be continued probably until after the beginning of the new year.

Although there was no official explanation here today of details of President Wilson's proposal which has been accepted by President Lewis of the miners, it is said the plan includes no increase in the 14 per cent settlement proposed by Fuel Administrator Garfield.

The importance of the plan, it is assumed, lies in the suggestion for a commission to study the situation and work to prevent its recurrence.

The miners thus would be assured of wage readjustments with every change of the economic situation.

It is the commission plan which is understood to have influenced Lewis to decide to urge acceptance of the President's offer. Lewis and Secretary Green assured Attorney General Palmer they would lay the offer before the union wage scale committee with a favorable recommendation. Lewis gave Palmer this assurance Saturday midnight following a secret meeting with the attorney general. Palmer and his assistant, C. B. Ames, left here late yesterday for Indianapolis on the same train that carried Lewis and Green.

ALMOST A MILLION DECREASE IN COTTON GINNED TO DEC. 1ST

WASHINGTON, Dec. 8.—Cotton ginned prior to December 1 amounted to 8,832,712 running bales including 99,656 round bales, 24,240 bales of American-Egyptian and 5,589 bales of Sea Island, the census bureau announced today.

Prior to December 1 last year, ginnings were 9,571,414 running bales, including 123,662 round bales, 10,179 bales of American Egyptian and 25,653 bales of Sea Island. Ginnings this year to December 1, by states were:

Alabama 632,873; Arizona 25,480; Arkansas 600,144; California 23,396; Florida 15,970; Georgia 1,558,903; Louisiana 260,776; Mississippi 726,591; Missouri 40,135; North Carolina 692,536; Oklahoma 633,519; South Carolina 1,299,169; Tennessee 195,365; Texas 2,090,389; Virginia 17,632; all others 2,314.

Ginnings of Sea Island by states were:

Florida 2,607; Georgia 610; South Carolina 2,372.

Can't Praise Orgatone Too Highly Says Mrs. Barnes

"I am certainly very grateful to the good people and especially my druggist who told me about Orgatone treatment, for now I have my health and strength back and I sincerely hope my statement will be the cause of others getting relief," said Mrs. Katherine Barnes, of 2120 Fairmount Avenue, Fort Worth, Texas, recently.

"I was sick for seven years," she continued, "and finally got in such a bad shape and felt so miserable I thought I would simply have to give up entirely. My liver was sluggish, my back and sides ached, and my head pained me constantly. I had very little appetite and my stomach was so upset I couldn't digest anything. I was in such a miserable shape and felt so bad at times I could not stay on my feet.

"Orgatone is the only thing that ever helped me and I began improveing almost as soon as I started taking it. I began to eat and enjoyed my meals and only last week I ate two bowls of chile, something I haven't done in years and it did not bother me one bit. I am growing stronger day by day and all my aches and pains have disappeared. My nerves are perfectly quiet now, I sleep like a child and can digest anything I want. I did not realize that there was any medicine or treatment that could do for any one what Orgatone has done for me in a few weeks' time and I can't praise it too highly."

Orgatone is not a so-called patent or secret remedy but a new scientific [illegible] absolutely free from alcohol in any form and is sold in Wichita by the J. F. Young Drug Company exclusively, under the personal direction of a special Orgatone representative.

Judge Investigating Count Tisza Murder Suicides on Sunday

BUDAPEST, Sunday, Dec. 7.—M. Kovas, the judge who has been investigating the facts concerning the murder of Count Tisza, the former Hungarian premier, committed suicide today by jumping from the third floor window of the court house.

Kovacs had been accused by the extreme Socialists of suppressing evidence to show that former Premier Friedrichs had knowledge that the murder of Count Tisza was intended.

RECORD BREAKING SUM FOR PENSIONS DURING LAST YEAR

WASHINGTON, Dec. 8.—A record breaking sum in pensions was paid by the federal government during the last fiscal year despite the fact that the number of pensioners was the smallest of any year since 1890.

This was revealed by the annual report today of the commissioner of pensions, who said $222,129,292.70 was paid to 624,427, persons during the year as compared with $179,835,328.75 to 646,985, pensioners the year before. The largest number of persons ever on the pension roll was 999,446 in 1902 and they received a total of $137,502,267.99.

Total pensions paid to date on account of the Civil War, the commissioner said, was $5,299,859,509.39, and the total on account of all wars $5,617,530,402.30, including $65,211,665.71 on account of the Spanish-American War.

Last year 3,747 pensioners were scattered through 63 foreign countries, including one on the Island of St. Helena. They received a total of $1,188,188.45.

MEXICAN BOY IN COURT BEATEN UP AND BLOWED UP

A Mexican "bus boy" (meaning in restaurant pariance the bird who hustles the "dead" dishes back to the kitchen) and a negro cook at the Chilli King had quite a scrap Sunday afternoon, with most of the exterior results apearing on the physiognomy of the "hombre," it was brought out in the Monday morning session of police court. According to testimony, the Mexican had demanded something to eat from the cook and being refused had given vent to his feelings in his native tongue, a language the negro unfortunately understood. The Mexican appeared very badly used and his head was wreathed in bandages. Judge Ogle found them both guilty of affray and fined them $10 each. The cook peeled off his fine out of a roll that resembled a crapshooters dream but the dusky Latin when asked for his portion replied "Me blowed up."

The man who figured so prominently in a pool hall fracas the other night, wherein gun play, billiard ball throwing and cue manipulation featured and who was the "only one left in the hall when the smoke cleared away," was in court Monday on a charge of affray. The case was passed until some of the witnesses could be summoned.

Notice.

Notice is hereby given that I have made application to the County Court of Wichita County, Texas, to lease for oil and minerals the one hundred and eighty (180) acres of land belonging to the estate of J. U. S. NAVY READY TO HIT HARD SAYS SECRETARY DANIELS

WASHINGTON, Dec. 8.—The United States navy today is ready to hit and hit hard," Secretary Daniels declared in his annual report.

"The United States navy emerged from the war is comparably stronger and more powerful than ever before—second only to that of Great Britain and far in advance of any other foreign navy, in ships, in men and every element of strength," Daniels said.

"With battleships in service equal to or superior to any now in commission, six huge battle criusers and 12 battleships under construction, a number of them larger than any now in commission, to be armed with 16 inch guns, more powerful than any now afloat, the navy is pressing forward to greater things."

One hundred and ninety of the 11-inch guns are to be manufactured for the navy, Daniels' report stated. Ordnance officers have estimated their combined discharge would produce enough energy to lift a battleship as high as the Washington monument, it was said.

MEETING OF FARMERS AT WACO ON THURSDAY

COLLEGE STATION, TEX., Dec. 8.—The call for a conference of Texas farmers and business men to assemble at Waco, Thursday, December 11, to consider present and prospective state, national and international conditions and formulate an agricultural program for 1920 in Texas which will serve the interest of the Texas Farmers and properly relate Texas agriculture to national and international conditions has met with a cordial response from the leading farmers and business men of the state, according to T. O. Walton, director of Extension Service, A. and M. College of Texas.

Letters are being received from every section of the state from the men interested in the cultural welfare of Texas, and over 500 leters from representative citizens of 50 counties have already given their hearty approval of this movement and stand ready to co-operate in any reasonable manner, while each mail brings a number of letters bearing words of commendation and approval.

This call was sent out by the Agricultural and Mechanical College of Texas and was signed by the governor, lieutenant governor, L. J. Hart, president and other members of the board of directors A. and M. College, Judge W. F. Ramsey, Judge S. A. Lindsay, Dr. R. E. Vinson, W. B. Bizzell, T. O. Walton, E. A. Peden, F. L. Downs, J. E. Boog-Scott, D. E. Lyday, F. C. Welnert, Fred W. Davis and many other prominent men of the state which guarantees the success of the movement.

Agricultural labor, agricultural credits, livestock production, marketing agricultural products (to include ware-housing, grading and pricing), transportation of agricultural products, use and supply of fertilizers, supply, quality and price of planting seeds, control of predacious insects, national and international situation as it affects agriculture and a program for Texas agriculture in 1920, will be discussed by specialists on these subjects, and everyone is expected to take an active part.

It is time for the farmers of Texas to "reason together," and judge from the encouraging letters received every agricultural interest will be well represented.

VOTE TO NOMINATE A SUCCESSOR TO BERGER

MILWAUKEE, WIS., Dec. 8.—Electors of the fifth Wisconsin congressional district voted at the primary election today to nominate a successor to Victor Berger, ousted from the House of Representatives following his conviction under the espionage act.

There was no doubt as to the result as there were no contests. Socialists will nominate Berger again and Henry Bodenstab will be the choice of the democratic and Republican fusionists.

The election will be held December 19.

A large vote was urged by both sides in order to forecast the result at the final election.

HOW DOCTORS TREAT COLDS AND THE FLU

First Step in Treatment is a Brisk Purgative With Calotabs, the Purified and Refined Calomel Tablets that are Nauseless, Safe and Sure

Doctors have found by experience that no medicine for colds and influenza can be depended upon for full effectiveness until the liver is made thoroughly active. That is why the first step in the treatment is the new, nauseless calomel tablet called Calotabs, and which are free from the sickening and weakening effects of the old style calomel. Doctors also point out the fact that an active liver may go a long way towards preventing influenza and is one of the most important factors in enabling the patient to successfuly withstand an attack and ward off pneumonia.

One Calotab on the tongue at bed time, with a swallow of water—that's all. No salts, no nausea nor the slightest interference with your eating, pleasure or work. Next morning your cold has vanished, your liver is active, your system is purified, and you are feeling fine, with a hearty appetite for breakfast. Druggists sell Calotabs only in original sealed packages, price thirty-five cents. Your money will be cheerfully refunded if you do not find them delightful—Adv.

FUEL SHORTAGE WILL NOT AFFECT BASEBALL WINTER STOVE LEAGUE

By HENRY L. FARRELL,
(United Press Staff Correspondent)

NEW YORK, Dec. 8.—Baseball's winter stove league will not suffer by the fuel shortage.

Enough good timber may be released out of here this week to keep the fires burning until spring.

Three meetings of major and minor moguls are booked for the first three days of the week.

First, Davis Pults and his international league will hold the boards. Inside friction promises to shoot off a bunch of sparks when they get together today. J. J. McCafferey, president of the Toronto club, came back from Cuba for the expressed purpose of agitating a new president.

Akron won the race for the Binghamton franchise and another equally spirited rush is expected for the New Ark holdings. Syracuse will probably get the call.

Under Springs of olive, with the dove every place in evidence, the national league barons will assemble tomorrow. Everything is serene and peaceful in the ranks of the older organization.

The National League moguls want to make capital out of political row in the American circuit. To make the world know they are above "petty bickerings" they may decide to ride over the Herrmann controversy and go for another year with Garry occupying the chair of the national commission.

Foreworks and more fireworks are carded for Wednesday. Two meetings of the American League magnates are scheduled and there may be more. Ban Johnson and his five loyal and faithful clubs will get their heads together in Chicago and appoint a new board of directors that will promise not to run the ship on the rocks.

Meanwhile at the same hour the trio of rebels, Ruppert, Comiskey and Frazee will hold a board of directors meeting in New York. Of course, being here they can't be in Chicago, so it probably will be up to the corts to say which was which.

There seems to be little doubt the insurgent faction will test the legality of the meeting held in Chicago. That means more court action.

Unless some peace maker makes himself worthy of a medal for valor by getting them together, the warring factions of the circuit may carry the battle over into spring training time.

CARPENTIER DECLARES DEMPSEY WILL NOT HAVE SUCH AN EASY TIME

LONDON, Dec. 8.—Georges Carpentier, the French Mars, is not going to pack away his gloves until his next championship fight.

"I am going to keep on fighting until the fight with Dempsey is arranged. I am not going into exhibition affairs. They'll be real fights with any heavyweight that wants to meet me.

Regarding his proposed fight with Dempsey, the French champion said:

"I will meet Dempsey right away in the place that offers me the most money. It will be the hardest fight I ever had. It will not be like the Dempsey-Willard affair or my fight with Beckett. It will cover a longer route and I am sure that I will not expose myself recklessly and allow him to get across an easy knockout blow."

ATTRIBUTES SHOWING TO HIS OVER WEIGHT

MILWAUKEE, WIS., Dec. 8.—Jimmy Wilde today attributed his poor showing against Jack Sharkey here Saturday night to the fact that he entered the ring weighing several pounds above his normal fighting condition.

Wilde was forced to make 107 pounds, in order to fight under the Wisconsin Boxing Commission rules which prevent more than a 10 pound difference in weight between fighters of that class.

The British flyweight champion stated the excess weight slowed him up.

LONDON DISAPPOINTED AT SHOWING OF WILDE

LONDON, Dec. 8.—With surprise, incredulity and disappointed to the point of alarm, London heard the news of the "downfall" of their other fistic idol, Jimmy Wilde. This was doubly hard coming so soon after the knockout of Joe Beckett.

Still feeling that the little flyweight champion represents the last word in fighting machinery, Britishers were inclined to attribute his defeat by Jack Sharkey in Milwaukee Saturday night to be the result of a decision caused by anti-British sentiment.

After their fights here with the champion, in which they claimed they were given a bum decision, Pal Moore and Joe Lynch said "Wait till we get him in America." Londoners think that this decision was the first blow by America in defense of her bantams.

Commenting on the fight the Telegram said:

"Sharkey is not in the same class with Wilde. It is hard to believe that he could even hold his own. We wonder if the decision was not influenced by feeling against Wilde."

STECHER AND ZBYSKO TO WRESTLE TONIGHT

NEW YORK, Dec. 8.—Joe Stecher, claimant for the world's wrestling championship, meets W. Ladek Zbysko, Polish wrestler, here tonight in a match to the finish. They will grapple on a "winner-take-all" basis. Stecher will be outweighed 25 pounds.

WHITE SOX TO TRAIN IN TEXAS NEXT YEAR

CHICAGO, Dec. 8.—Texas has been chosen for the training of the Chicago White Sox, according to an announcement made by Harry Grabiner, secretary of the American League champions.

Waxahachie, Houston and Dallas are the towns offering the best inducements, Grabiner said. One of these towns will be selected Wednesday at a meeting of the officials. Houston and Dallas are the favorites.

MASONIC LODGE BUYS GRANDFIELD BUILDING

GRANDFIELD, OKLA., Dec. 8.—The Grandfield Electric Light & Ice Plant Company have sold the building to the Masonic order and will move the plant to a new building which will be erected near the Katy railway tracks. J. S. Green, the manager, is now in New York for the purpose of securing new machinery for the making of ice and electricity. The new plant will have a forty-ton daily capacity for ice making.

The Masonic order will add another story to the old building and will fit up a Masonic Hall in the upper story and will rent the lower story to business men.

HAPPY AT LAST WITH ANOTHER MAN PHONES WOMAN TO NEIGHBOR

CHICAGO, Dec. 8.—"Happy at last" was the message Mrs. Grace Braun telephoned her neighbor, Mrs. Helen Schwesser today.

Mrs. Braun, when surprised by her husband, several detectives and a lawyer while she was entertaining Edwin James Parr, left her home with Parr.

An agreement was drawn up between Dr. Braun and his wife whereby she was to procure a divorce but the wife threatened to fight for custody of their ten year old daughter, Dorothy.

Parr has charge of the construction work for the Northwestern Railroad and has a wife and seven children by a former marriage. Mrs. Parr said he had not been home since Saturday night. Several months ago Dr. Braun stated he procured information of his wife's friendship for Parr, but forgave her when she promised to give up the other man.

SCHOLARSHIP CLUB AT THE A. & M. COLLEGE

COLLEGE STATION, TEX., Dec. 8.—Plans are under way for the organization of a Scholarship Club at the A. & M. College of Texas, President W. B. Bizzell announced today. The following statement has been authorized in this connection:

"It has been customary heretofore to rank all students whose grades at the end of each session are "B" or higher as "Distinguished Students." For the purpose of encouraging students to attain this rank it is contemplated that a Scholarship Club will be organized and all students who have made no grade below "B" during the first term will be eligible for membership. New members will be admitted at the opening of each succeeding new term at which time reorganization will be affected."

The number of students who are being classed as "Distinguished" at this college has been steadily growing for the last several years, records show and it is believed that this proposed club will greatly increase interest in the movement.

MRS. ANGELES DIES IGNORANT OF FACT OF HUSBAND'S DEATH

NEW YORK, Dec. 8.—Mrs. Clara K. Angeles, widow of General Felipe Angeles, executed by a firing squad in Chihuahua City last month for alleged complicity in a revolutionary plot against the Carranza government, died at her home here yesterday, ignorant of her husband's death.

Mrs. Angeles' death was due to nervous exhaustion, believed to have been caused by the fact that she had not heard from General Angeles in seven months. Her last words were a message to him to "carry on for Mexican liberty."

Mrs. Angeles, who was 43 years old, was born in San Francisco. She was married to General Angeles 25 years ago while teaching school in Chapultepec, Mexico. She leaves three sons and a daughter.

CHARGE THAT WOUNDED SOLDIERS IN HOSPITAL ARE IMPROPERLY FED

CHICAGO, Dec. 8.—Charges that wounded soldiers in the army hospital at Fort Sheridan are being improperly fed were made in a telegram sent by Congressman Royal C. Johnson, of South Dakota, to Secretary of War Baker, made public today, demanding an immediate investigation. Congressman Johnson visited the hospital yesterday, he said, and asserted that patients were fed under conditions "worse than in France." Mr. Johnson's telegram read:

"I visited general hospital No. 28, Fort Sheridan, Ill. today and saw at least sixty men compelled to go without dinner. I ask that the inspector general be directed to investigate this condition at once and that whatever persons are responsible be punished. Men at Fort Sheridan will give testimony to bear out my charges."

"WETS" ANXIOUSLY AWAIT DECISION OF SUPREME COURT

WASHINGTON, Dec. 8.—The vast liquor stocks of the country are ready to be released at a moment's notice today should the supreme court in announcing decisions hold war time prohibition unconstitutional.

The court meets at noon after a two weeks recess and immediately begins making public from the bench its final opinions. In expectation of a decision on prohibition, scores of attorneys for both the liquor interests and the prohibitionists were here to attend the session.

There is no certainty of the decision being handed down today as the court gives no indications of its intentions until the opinions are read from the bench. The only person outside the nine justices who will know the contents of the decision in advance are the linotype operators and the press men at the government printing office who are sworn to secrecy.

Elaborate preparations have been made by the liquor interests to resume business within a few minutes after the court passes on the case providing, of course, the judgment is favorable to the wets.

Bonded warehouses in which are stores 60,000,000 gallons of distilled spirits have been accumulating surplus box cars for the last few weeks to lose no time in distributing the liquor as soon as it can be legally sold.

HERE'S where the particular smoker meets the particular smoke—Chesterfield.

Particular is right! Not only do we use the four choicest varieties of Turkish tobacco—Xanthi, Cavalla, Smyrna and Samsoun—but to these we add the rich, sun-ripened leaves of specially choice Domestic tobacco.

Fine as these tobaccos are, it's the *exclusive* process by which they are blended that gives to Chesterfields that *satisfying* body, that mellow richness which makes a smoke mean something.

Chesterfields certainly do *satisfy* as no other cigarette has *satisfied* you before—and to top it off, they are packed in a glassine paper package that preserves for you all of that delicious flavor.

Pen Pictures of Lettish Peoples

By Phillip Witz

My first and second article on the Baltic Provinces dealt almost exclusively with Riga and the province of Livonia or Lipland of which it is the capital. I endeavored in that article to give some idea of the appearance of this truly wonderful city. Also it was my intention to convey some hint as to the ambition, industry and intelligence of the Lettish people. Volumes might be written on these subjects, and , then enough would not be said in order adequately to set forth the marvels of this city on the Baltic sea and the merits of the brave people who have pushed ahead under the most trying of circumstances in an almost unpassed in all history effort to make their country a land of promise and to create and uphold the exalted ideals of pure democracy in the land of their birth.

Human nature is weak and it is strong. It is a strange composition of that which is fragile and that which is unyielding. It swings, as does the pendulum of the clock, from one extreme to the opposite extreme. Witness the docile submissions of the peasantry of France to the impositions and tyranies of the Burbons for centuries, then consider the excessed of those same peasants when once they broke loose from their rulers. They stopped at no deed. Not content with tearing down the monarchial government to which they had submitted since the beginning of the mideaval period, and the erecting in its stead a new republic, and thus helping their sister republic in America blaze the path to more liberal form of government, they sought to tear down, eradicate, destroy and annihilate all that the past brought them as their rich heritage of literature, art and even religion. The student of history and of human nature, in the light of the lessons taught by the French Revolution, can not long marvel or permit himself to be astonished at the wild excesses being today indulged in by the people of Russia, regretable, though they may be.

Look With Disfavor.

The more substantial classes of the Russian people look with indignant disfavor upon the lack of stability in government industry, commerce and of all life in general in their wonderful land. Yet, at the same time, they even in the darkest hours, see the ray of hope, as it penetrates the clouds of revolution bloodshed and destruction. They know that the common sense of the masses will eventually assert itself, and at no distant date. The wild orgy passed; Russia will, beginning again, at the bottom, as in the days of Peter the Great, build on the most solid of foundations, with liberty, justice and enlightment as her high mottoes and attainable goal.

I wish now to point out one or two facts, though apparently small, yet signify things momentuous to the observant. It is a fact known to all students that a nation may be reliably judged by two things, namely, the attitude of its masses towards education and the ideals of home life cherished by its citizens. In the cities of Russia are to be found good institutions affording excellent instruction in the primary and secondary subjects, as well as in the higher branches of knowledge. These institutions are for the most part open to and accessible to the wealthier classes. And, it must be said to the credit of the children of parents of means that almost invariably they take advantage of their opportunities to acquire an education and thus quality for better positions in life.

The attitude of the wealthy towards education is significant but, far more significant is that of the peasantry. A poet has said:

Princes and Lords may flourish or may fade,
A breath may take them as a breath has made;
But a bold peasantry, their country's pride,
When once destroyed, can never be supplied.

Loves the Schools.

So it is. At bottom a nation is what its broad foundation composed of the toilers and producers make it. Among the Letts, for example, no one loves the school and what it stands for, better than the poor farmer, owning and trying to make a living for a numerous family on a few acres of land. He patiently works away, applying his muscle and brawn to the soil summer and winter that his children may enjoy the advantages of a little knowledge acquired at the community school.

And, the small country school is not what our children are accustomed to attend. The government in the days of the Romanoff's neglected, and in many instances positively refused to make provision for the establishment of school houses and the furnishing of same with seats, blackboards, etc. The policy of the rulers was to keep the masses in ignorance; for, to their way of thinking, ignorance meant POWER—POWER TO THEM. In consequence, the farmers were compelled to donate as much as they could afford towards the building of community school houses and hiring of teachers. Consider their condition of poverty, and, yet in spite want and deprivation of many of the necessities of life, they gave to the cause of education. This one thing speaks most eloquently in behalf of the inherent nobility of the peasant farmer of that much misunderstood country. What with intelligent government encouragement would they do! The children of these peasants shared in double measure the enthusiasm of their parents. To walk five miles to school was no consideration to the boy and girl eight years of age. Can any one doubt the future of a child possessed of this quality of grit and determination. The children of the Letts literally hunger and thirst after knowledge. This unirradicable nobility in their nature, drives their tiny bodies out nto coinflict with the spirit of the northern winter, as they go to and fro over the expanses of snow between their homes and the little community school house. Truly, it appears they feel in their soul, the truth oof the scriptures: He that seeketh shall find, and unto him that knocketh the door shall be opened.

In the sparsely settled regions of the far north it is common for the children to be compelled to go fifteen miles to school. The farmers take turn about carrying the children of the community to the distant school in snow sleds drawn by monster grey dogs.

In the fourth article I shall treat in greater detail the home life of the Lettish people, as well as their agricultural and other business problems. I shall endeavor to show that their faith in mental or intellectual development is no greater than their faith in the sancity of the family relation, the virtue of high moral standards, and the ultimate efficacy in the principles of justice as applied in all human relations under more advanced ideas of society.

Sir Joseph Lister

Today We Go Even Further

Fifty years ago—before Sir Joseph Lister founded antiseptic surgery—surgical operations often were followed by gangrene and blood poisoning.

Today such consequences are rare exceptions, and medical science has so extended the idea of *sickness prevention* that the great plagues of the past no longer ravage the world. Serums, vaccines, anti-toxins, sanitation — all stand guard before the citadel of health.

Now science has developed an effective agent against that general condition that underlies 90% of all human disease—constipation.

That effective agent is Nujol.

Leading medical authorities agree that pills, salts, castor oil, etc., simply *force* and weaken the system. Nujol softens the food waste and encourages the intestinal muscles to act *naturally*, thus removing the cause of constipation and self-poisoning.

Nujol helps Nature establish easy, thorough bowel evacuation at regular intervals—the healthiest habit in the world. Get a bottle from your druggist today.

For valuable health booklet—"Thirty Feet of Danger"—free, write Nujol Laboratories, Standard Oil Co. (New Jersey), 50 Broadway, N. Y.

Warning: Nujol is sold only in sealed bottles bearing the Nujol Trade Mark as shown here. Beware of products represented to be "the same as Nujol". You may suffer from substitutes.

OIL PRODUCTION IN THE U. S. FOR OCTOBER SHOWS DECREASE FROM TOTAL FOR SEPTEMBER

WASHINGTON, Dec. 8.—Oil production in the United States during October last, according to the latest report of the geological survey totaled approximately 33,219,000 barrels which was less by 47,425 barrels than for September, 1919, but compared with October, 1918, was greater by 2,046,000 barrels. All the field except Illinois shares in the general falling off in the daily average for October.

Central and North Texas fields produced 6,219,000 barrels, or a daily average of 200,613 barrels as against 1,754,000 barrels in October, 1918. The gulf coast regions production for last October was 1,543,000 barrels and the Oklahoma-Kansas fields produced 1,242,000 barrels in October, 1919, as compared with 1,471,000 barrels in October, 1918.

According to the geological survey report about 34,989,000 barrels of domestic crude was delivered to consumers in October last. Stock of oil at the end of October amounted to 135,461,000 barrels, a decrease of 1,670,000 barrels compared with the stocks on September 30, 1919. Of this oil stock 81,203,000 barrels were in the Mid-continent field, 12,666,000 in the gulf coast, 30,604,000 in California and the remainder in smaller amounts scattered throughout the country. In October imports from Mexico totalled 5,886,449 barrels with only 159 barrels from other countries for the same month.

Oil exports totalled 1,123,443 barrels, the excess of imports over exports being 4,763,000 barrels.

REPORTED SHOWING NEAR BACON LACKS CONFIRMATION

The Unit Oil Company's No. 1 Hugh Reilly, drilling about half mile west of the Bacon station, which was reported Saturday night to have a good showing of oil, is a little below 1700 feet, according to J. W. Culbertson, who with J. M. Blankenship and others is interested in the well. There have been no reports from the well in the past few days indicating that an oil sand has been struck, Mr. Culbertson stated Monday.

This is the only test close the Bacon, several others being scattered about within a radius of from two to four miles, on the Roller properties. When the Saturday night rumors came in there were several tests which were mentioned as possibly the one referred to.

HOPE TO TEST OUT SECOND SAND IN W. AND B. TAYLOR 1

Efforts to set a packer and run a liner in the Willis and Breedlove No. 1 Taylor, in block 37 of the Knight subdivision were unsuccessful up to Saturday, but reports Saturday evening were that the job appeared to be a good one, and there were hopes that the second sand, found considerably below 1700 feet could be tested out. The second sand was drilled in after the first oil sand was drilled through into the salt water and there has been continuous trouble from the water from above, which has held up testing the second sand. The outcome of this well will be of importance to operators with leases in this section, which has been considered as verging on the doubtful for some time.

ALLIES TO MODIFY GERMAN TERMS

Continued from Page One.

made to Germany these advices indicated, she still was prepared to refuse to sign and to take the consequences.

SATISFACTORY RESULTS MAY BE EXPECTED

LONDON, Dec. 8.—Andrew Bonar Law, the government spokesman, declared in the House of Commons today that there was little reason to doubt that the communications proceeding between the Allied and Associated Powers and Germany with reference to the immediate ratification of the peace treaty would have a satisfactory result.

GERMANY MUST DECIDE WHETHER WAR OR PEACE

LONDON, Dec. 8.—"Germany must make up her mind whether she wants war or peace," The Times declared today.

Referring to dispatches declaring Germany had decided to refuse the protocol, the newspaper added:

"We cannot pretend to say whether Gearmany's action simply is bluff or whether she is mad enough to contemplate resumption of military operations."

In commenting on dispatches saying American forces might be used in event allied armies advanced into Germany, The Times said this "disclosure may have a cooling effect upon the ardor of the militarists and prevent civilians from being swept off their feet.

"Both these elements have had lessons that the 'idiotic Yankees' are neither so weak nor idiotic as they supposed."

While the allies are ready for whatever may come, The Times concluded, it hoped that for the "sake of all, particularly Germany," her decision will be for peace.

FIND GIRLS DELIRIOUS FROM EXPOSURE WHEN LOST DURING A HUNT

RICHMOND, CAL., Dec. 8.—Delirious from exposure, Miss Frances Withecomb and Miss Dorothy Fernandi, two Missouri girls were rescued from a duck blind where they had been marooned 48 hours.

The girls went duck hunting alone in a launch. Losing their way, they sought shelter in the blind, which consisted of four uprights and a small platform. The launch drifted away.

Miss Withecomb was unconscious at times and both fainted when they were rescued by a fisherman.

Miss Withecomb's home is at Edina, Missouri, and Miss Fernandi lives at St. Joseph.

SIX WHITE MEN AND THREE NEGROES ARE HELD FOR MURDER

COLD SPRING, TEX., Dec. 8.—Six prominent white men of Walker county and three San Jacinto county negroes are in jail today as the result of a confession three negroes are said to have made in connection with the killing of two boys and firing of a barn on the Joe Winfrey farm near here last June.

The white men taken into custody are Claude Templeton, Gus Gray, Tom Wilson, D. T. Cheshire, Seth Dorrell and O. H. Miller. A seventh white man is said to have been implicated in the negroes' alleged confession, but he has not been arrested. The men are in jail here.

Dawson Kelley, George Harrison and Ned Harrison are the negroes said to have confessed. They are in the Polk county jail at Livingston, Kelley is said to have confessed first, and his statements are declared to have been corroborated by the other two.

Prominence of the men involved has attracted wide interest. On the night of June 7, last, Joe Winfrey's barn was set on fire, and the boys, Frank Winfrey and Henry Currey went out to extinguish the flames. They were shot at from ambush and killed.

About six months prior to the killing of the two boys, Frank Winfrey shot and seriously wounded the negro, Ned Harrison, who had been a witness against Winfrey's father in a minor case.

BILL WOULD LIMIT SIZE OF NEWSPAPERS

WASHINGTON, Dec. 8.—A bill which would limit size of newspapers and periodicals which could have second class postal rates was introduced today by Representative Anthony of Kansas.

Under its provisions, periodicals which exceed the following sizes would be barred as second class matter:

Dailies, 24 pages; Sunday issues, 36 pages; weekly and bi-weekly, 72 pages and monthly, 100 pages.

HOLD VESSEL FOR AN INVESTIGATION

WASHINGTON, Dec. 8.—The former German liner Imperator, now under the British flag, will not be permitted to leave New York, officials said today, until the railroad administration has completed its investigation of charges that the vessel had taken on 6,000 tons of coal when her fuel permit called for only 2,500 tons.

It was intimated that if the facts warranted prosecution would be undertaken for violation of the Lever food and fuel control act.

BELIEVE COAL STRIKE IS NOW IN SIGHT

Continued from Page One.

and several men have been arrested charged with attempting to prevent union miners from returning to work.

WEEKS BEFORE NORMAL CONDITION WILL PREVAIL

KANSAS CITY, MO., Dec. 8.—Although belief was prevalent that the conference at Indianapolis tomorrow would afford an avenue for ending the miners' strike volunteer coal diggers of the southwest planned to increase their efforts to produce a maximum output today.

State officials in charge of the work made it plain that, although the strike may be settled, it would be weeks before the supplies were normal again and that there must be no relaxation on the part of the workers.

Two more southwestern states, Oklahoma and Arkansas, today expected to join Missouri and Kansas in producing coal through the volunteer system. Work was scheduled to begin this morning in the strip pits near McAlester, Okla., and Hartford, Ark. In Oklahoma, where martial law prevails in the coal counties, interest was heightened by the possibility of a round-up of agitators. Two men, suspected of having attempted to influence union miners not to return to work, were being detained at the Oklahoma state penitentiary.

The Kansas volunteers today set out to surpass their record of yesterday when twenty-seven cars were shipped. Their total for the week was fifty two cars.

The Missourians took but one car and a half yesterday from the Barton county pits and state officials said it was hoped to get the work in full swing today. Additional calls for volunteers were expected.

CONCENTRATE COAL CARS IN THE EAST

CHICAGO, Dec. 8.—Recovery of coal cars sent to eastern mines will be the great problem of the miners return to work, according to M. J. Gormley, assistant to R. H. Aishton, regional director of Northwestern railroads, here today.

Gormley asserted the concentration of coal cars at eastern mines had been going on for several weeks. These cars must be returned before coal from midwestern mines can be moved. Eastern cars in the northwestern region will have to be returned to the east and can not be diverted, even temporarily, for use here, he stated.

Fuel restrictions in Illinois by the state public utilities commission continued in force today.

The railroad administration adopted measures to assure the expediting of shipment of fuel oil and kindred products.

Coal received by the Northwest regional fuel committee up to Saturday midnight showed an increase of over 600 car loads over the previous day.

Chinese Notified.

Hip Lung, "mayor," of Chicago's Chinatown, had the order of the public utilities commission regarding fuel conservation translated into Chinese and circulated among Chinese business men. Chinese laundries were reported observing the 9 a. m. to 3:30 p. m. working day as a result.

A committee from the Chicago Laundry Owners Association made an appeal for exemption. They said they could not "keep Chicago clean" on the restricted basis.

Dr. F. C. Honnold, secretary of the Illinois Coal Operators, said today he knew nothing of the plan for settlement of the coal strike.

"The operators are as much in the dark regarding the details of the plan as the public," he said.

Honnold was called out of town on a mysterious mission today.

CONFIDENT PROPOSAL PROVIDES INCREASE

SPRINGFIELD, ILL., Dec. 8.—Settlement of the nation-wide coal strike on any basis, that does not include a substantial increase over the 14 per cent offered by Fuel Administrator Garfield, will break the United Mine Workers union wide open.

This was the opinion expressed by Vice-President Harry Fishwick of the Illinois organization when informed that Acting President John L. Lewis and Secretary Green of the miners had reached an agreement with Attorney General Palmer and Secretary Tumulty for the settlement of the strike.

Fishwick insisted the Illinois miners will not return to work under any agreement that is not a substantial increase over the 14 per cent offered by Garfield.

Fishwick, however, is confident the government's offer, when placed before the scale committee at Indianapolis tomorrow will be 20 per cent or more. "Lewis and Green never would have agreed to a proposition carrying less than a 20 per cent increase," he said.

OFFER RESOLUTION THAT THE U. S. JOIN GERMAN INVASION

WASHINGTON, Dec. 8.—A joint resolution, authorizing the President of the United States, if necessary, to use American military, naval and air forces in co-operating with the allies to enforce observance of the peace terms by Germany, was offered today by Senator King, Utah.

The resolution was referred to the foreign relations committee.

King's resolution stated in the preamble that Germany is "manifesting bad faith" in regard to execution of the peace terms she had agreed to.

Senator Thomas, Colorado, democrat, asked King how the United States could consistently direct enforcement of a treaty it has never ratified.

"Let's don't go into that now," Vice President Marshall interrupted.

ANOTHER LOW RECORD FOR FOREIGN EXCHANGE

NEW YORK, Dec. 8.—Foreign exchange rates which have been making new low records almost daily for the last few weeks added another today when franc checks were quoted at 10.82 for the American dollar or less than half of their pre-war value. Lire checks also dropped to a new low level. Being quoted at 12.82 for the dollar. Demand bills for the pound sterling brought $3.86 2-4 as compared with $4.86 in normal times. German marks worth 22 and 24 cents before the war, sold today for 2.99 cents each.

MAKE MACHINERY SWEAT, NOT MAN, SAYS LORD

LORD LEVERHULME

Lord Leverhulme, who recently arrived from England, and who is a member of the firm of Lever Brothers, Limited, while discussing the labor situation, says:—"Make the machinery sweat and not the man. Install a system of a six-hour day, with two different shifts, in industries where no overhead charges are equal to the weekly wage bill. Help the worker to save his money by depositing his wages in a bank instead of paying it to him by envelope. Teach labor rather than antagonize it."

TIMES DAILY MARKETS

New York Stocks, Grain and Provisions, Cotton and Livestock.

COTTON MARKET.

NEW YORK, Dec. 8.—Increasing hope of an early settlement of the coal troubles, relatively firm cables and unfavorable weather for picking and the grade of cotton in the South, appeared responsible for the early firmness of today's cotton market. The opening was 15 to 40 points higher and active months sold 23 to 78 points net higher after call, with January touching 37.25 and May 32.68. The census report showing 8,825,712 bales ginned prior to December 1, was not an important factor.

Trade interests were the best buyers on the advance during the middle of the morning, general business being comparatively quiet. Around 32.75 for January and 32.22 for May, there was enough realizing to cause reactions of 10 or 15 points, but the market held very steady early in the afternoon and within 2 or 4 points of the best.

Offerings remained light and in the early afternoon the market sold up to 37.50 for January and 32.85 for May, or about 85 to 98 points net higher on continued covering and trade buying while December after selling at 30.40, or 128 points net higher, broke to 28.80 on one or two transactions. Later months held within 3 or 4 points of the best around 2 o'clock.

Cotton closed very steady.

New Orleans Cotton.

NEW ORLEANS, Dec. 8.—Wide advances marked the opening of the cotton market today as the result of the ending of the coal strike and the bullish showing of the census bureau returns on ginnings. In the first half hour of trading prices rose 65 to 73 points.

The market felt considerable demand throughout the morning session and toward noon the advance amounted to 74 to 89 points.

Steady covering came from the short side and the demand from this source was met by only small offerings. In the trading up to 1 o'clock the advance was widened to 101 to 116 points.

Cotton closed steady at an advance of 96 to 106 points.

Liverpool Cotton.

LIVERPOOL, Dec. 8.—Cotton spot in fair request; prices steady. Good middling 27.50; fully middling 26.50; middling 25.40; low middling 23.45; good ordinary 21.60; ordinary 20.60. Sales 8,000 bales, including 7,000 American. Receipts 42,000 bales, including 40,700 American.

Futures closed steady. December 25.81; January 24.26; March 22.76; May 21.44; July 20.45; October 18.32.

Exchange to Close.

LIVERPOOL, Dec. 8.—The cotton exchange here will be closed December 25, 26 and January 1.

GRAIN AND PRODUCE.

CHICAGO, Dec. 8.—Moderately higher prices for corn resulted today from prospective settlement of the coal strike. Opening quotations, which ranged from ¼c to ⅜c higher with January $1.36¼ and May $1.34 to $1.34¼, were followed by a slight reaction and then by upturns higher than before.

Oats rose with corn. After opening ⅛c to ⅜c up, including May at 79⅛c to 80c, the market continued to ascend.

Big receipts of hogs had a depressing effect on provisions.

In the later dealings unusual weakness of the hog market pulled down the price of corn. The closing was heavy, 1¼c net lower to ¼c advance with January $1.35@1.35¼ and May $1.32⅝@1.33.

NEW YORK STOCKS.

NEW YORK, Dec. 8.—Changes in the coal situation and Mexican affairs contributed largely to the active and strong opening of today's stock market. Oils, motors, shippings and sugars added 1 to 5 points to last week's final quotations and several of the steels and equipments were higher though making less extensive gains. Changes among rails were moderate on small dealings. Advances became more general within the first half hour.

Heaviness of motor shares at midday was balanced by a demand for specialties, notably the rubber groups. Steels also reacted, but industrial alcohol advanced 4 points on news that the supreme court had rendered no decision on the prohibition case.

Trading was at low ebb in the final hour, the only features of that dull period being a brief spurt in International Paper, writing paper, preferred and American International Corporation. The close was firm.

Liberty bond prices at 2:25 p. m. today were: 3½s, 99.70; first 4s, 94.60; second 4s, 92.60; first 4¼s, 94.82; second 4¼s, 92.10; third 4¼s, 92.64; fourth 4¼s, 92.18; victory 4¾s, 99.16; victory 3¾s, 99.12.

M. A. BUNDY ABLE TO BE AT CITY HALL

M. A. Bundy, police and fire commissioner and member of the city council, who has been confined to his home for the past week with an attack of grippe, was able to be at the city hall Monday afternoon, and expects to resume his duties as manager of the Burkburnett refinery within a day or two.

BODY OF WOMAN IS FOUND SUNDAY NIGHT WHERE TENT BURNED

Viola Duncan, a negro woman apparently about 40 years old, was found dead by the police Sunday night at a place on the East Side where a tent in which she lived had been burned.

The fire department answered the call, but the tent was destroyed when the firemen arrived. Justice Arrington who held the inquest stated the negress came to her death through injuries sustained by fire of undetermined origin.

Justice Arrington discredits a theory earlier advanced by the police that the negress was a victim of foul play. He believes the woman was asleep when the tent caught fire and was burned to death before she could escape.

GEORGE OSTEEN RESIGNS FROM FIRE DEPARTMENT

George Osteen, captain at the Central fire station has tendered his resignation to take effect immediately. Captain Osteen has been a member of the local fire department for the past four years and three months, and has been distinguished throughout this time by his entire devotion to duty and the fearless conduct he has displayed at the fires during that time. Prior to his connection with the local department, Osteen was for five years a member of the department at Abilene.

MAY USE FUND TO ADVERTISE THE STATE

WASHINGTON, Dec. 8.—New Mexico can use funds derived from the sale of public lands to advertise the advantages of the state, the supreme court decided.

The government fought the case on the grounds that the funds were obtained from lands which were property of the United States when New Mexico was a territory and the advertising violated federal law.

SPAIN VIRTUALLY TIED UP BY STRIKE

WASHINGTON, Dec. 8.—Spain is virtually strike bound, according to advices to the state department today.

Strikes prevail in Barcelona, where three civil guards are reported to have been wounded by bombs. Shipping operations are held up at Malaga, it was said. All but one of the Madrid newspapers had suspended publication. A general strike is on at Vigo. There has been rioting at Santander in connection with a fisherman's strike.

DEMOBILIZATION OF ARMY 94 PER CENT

WASHINGTON, Dec. 8.—With the discharge of 3,446,027 troops, the army now has been 94 per cent demobilized, the war department announced today.

The present strength of the army is 223,836. Of this number 163,999 are in the United States, 20,350 in Europe and 3,340 in Siberia.

There have been 149,849 enlistments since the armistice.

DENY APPLICATION OF FRANK FARRINGTON

PEORIA, ILL., Dec. 8.—Judge Lewis Fitzhenry in the United States court here today denied the application of Frank Farrington, president of the Illinois Mine Workers, for a writ of habeas corpus, following his arrest Saturday night on charges of violating the coal strike injunction of federal Judge Anderson at Indianapolis. Farrington is at liberty on $10,000 bond.

FRANCE ACTIVE BIDDER FOR NEXT BIG FIGHT

PARIS, Dec. 8.—France today became an active bidder for the Carpentier-Dempsey fight. The French national sporting club here cabled Jack Kearns, manager of the world's champion, an offer of two million francs ($200,000) for the fight in Paris.

DAILY FASHION HINT

A frock for the young girl, of taupe marquisette, with a girdle of blue and henna ribbon.

TWO PERSONS DEAD AND THREE INJURED IN PLANE ACCIDENT

CHATTANOOGA, TENN., Dec. 8.—Two persons are dead and three others are near death as a result of an airplane piloted by V. Price Hollingsworth swerving into a crowd which was watching an exhibition flight here yesterday. A score were slightly injured.

Threats to lynch Hollingsworth and destroy his plane caused Sheriff Bass to place a guard about the machine.

CHICAGO PAPERS ARE REDUCED IN SIZE

CHICAGO, Dec. 8.—Chicago newspaper publishers today reduced the size of all papers, due to the shortage of white paper and to contribute toward conservation of coal. The reduction effected is 10 per cent greater than imposed by the war industries board during the war. It will continue in effect during the emergency.

FOUR KILLED WHEN SCAFFOLD COLLAPSED

ELIZABETH, N. J., Dec. 8.—Four men were killed, eight others dangerously injured and eighteen others cut and bruised when a scaffold collapsed at the Bay Way refinery of the Standard Oil Company here.

Several of the injured may die, it was said.

ARMISTICE BETWEEN RUSSIA AND POLAND

COPENHAGEN, Dec. 8.—Reports received here today stated today a ten day armistice had been concluded between Poland and Soviet Russia to enable the two governments to negotiate exchange of prisoners.

LEGAL NOTICES

CITATION by Publication—The State of Texas to the Sheriff or any Constable of Wichita county, Greeting: You are hereby commanded to summon Ines Crump by making publication of this citation once each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the 30th district court of Wichita county, to be holden at the court house thereof in Wichita Falls, on the third Monday in December A. D. 1919, the same being the 15th day of December A. D. 1919, then and there to answer a petition filed in said court on the 3rd day of September A. D. 1919 in a suit numbered on the docket of said court No. 7359 wherein W. A. Crump is plaintiff and Ines Crump is defendant, and said petition alleging: On or about October 12, 1916, plaintiff and defendant were lawfully married; that the continued to live together as husband and wife until on or about July 8, 1919; that on July 5, 1919, her conduct became so bad that plaintiff was compelled to live apart from defendant. Wherefore plaintiff sues for judgment dissolving said marriage relations.
Herein fail not, but have before said court at its aforesaid next regular term, this writ with your return thereon showing how you have executed the same. Given under my hand and the seal of said court at office in Wichita Falls, Texas, this the 12th day of November A. D. 1919.
(Seal). A. F. KERR,
Clerk District Court Wichita Co., Texas.
By Jewel Jones, Deputy.

TO THE SHERIFF or any Constable of Wichita county, Greeting: You are hereby commanded to summon George G. Hynson and wife, Mrs. G. G. Hynson (whose given name is unknown) by making publication of this citation once each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 30th judicial district; but if there be no newspaper published in said judicial district then in a newspaper published in the nearest district to said 30th judicial district, to appear at the next regular term of the 30th judicial district court of Wichita county, to be holden at the court house thereof in Wichita Falls on the third Monday in December A. D. 1919, the same being the 15th day of December A. D. 1919, then and there to answer a petition filed in said 78th district court of said county on the 28th day of September A. D. 1919 and transferred to said 30th district court on the 6th day of November A. D. 1919, in a suit numbered 7121 on the docket of said court, wherein L. C. Parker is plaintiff, and George G. Hynson and Mrs. G. G. Hynson, his wife are defendants and said petition alleging that plaintiff has duly qualified as independent executor of Mrs. Jessie Parker Swain (nee Cunningham), deceased, and letters testamentary were issued to him on the 7th day of April A. D. 1919, by the probate court of Roberts county, Texas, and that he has been empowered to bring this action in his representative capacity; that Mrs. Jessie Parker Cunningham, on the 10th day of March, 1917, was the owner in fee simple of the following described tract of land, to-wit: 240 acres off of the west side of survey No. 13 H. & G. N. R. R. Co. land, certificate No. 3-516, abstract No. 146, having its north and south lines of equal length and the west line of said survey its west line, and having its east line parallel with its west line; that on said date she executed to Jame E. Whitehead of Oklahoma county, Okla., a certain oil and gas mining lease of contract covering the above described land; that thereafter said James E. Whitehead assigned to defendant, Mrs. G. G. Hynson, whose husband is George G. Hynson, all his leasehold rights in and to five acres in a square block located in the extreme southwest corner and also five acres in a square block located in the extreme northeast corner of the above described land in Wichita county, Texas, subject to the obligations and condition of the original lease; that since the making of said lease Mrs. Jessie Parker Cunningham intermarried with S. E. Swain, and thereafter Mrs. Jessie Parker Swain (nee Cunningham) died on or about the —day of—19—, leaving a will in which all her estate save $1,000 and her personal effects was bequeathed to her children John Bedford Cunningham and Joe Preston Cunningham; that the said original lease extended to the heirs, legal representatives and assigns; and part of the moving consideration to said lessor for the execution of the original lease was the following stipulation contained in the lease: "Lessee agrees to begin operations for the drilling of a well upon the above described premises within five months from the date hereof or thereafter to pay to the lessor the sum of $500 per month in advance until a well is commenced, or until the end of the three-year term thereof, as a rental and complete remuneration to lessors for delay. When a well is once begun, drilling thereof shall be prosecuted with due diligence until same is completed to a depth of 2,000 feet unless a well of 50 barrels is sooner reached. That neither the said James E. Whitehead nor the defendants Mrs. G. G. Hynson and her husband George G. Hynson began operations for the drilling of a well in good faith upon the above described land or any part thereof included within the said original lease, within five months from the execution of said instrument, nor did they or either of them pay said rental of $500 per month to Mrs. Jessie Parker Swain (nee Cunningham) deceased, nor to this plaintiff, nor deposited the same in the First National Bank of Pampa, Texas, within the five-months period; that if any steps were taken toward the beginning of a well, such were not in good faith; that the defendants by reason of such failures have forfeited their rights in the above described premises; that defendants claim some rights in said ten acres and the record of said lease and assignment constitute a cloud upon the title in the estate of Jessie Parker Swain (nee Cunningham) deceased, and defendants have failed and refused to release of record their said claimed rights thereunder.
Wherefore plaintiff prays that said Mrs. G. G. Hynson and her said husband George G. Hynson, be cited to appear and answer this petition in terms of law and that upon hearing thereof plaintiff have judgment for the title and possession of said ten acres of land herein described and for a decree canceling said lease contract as to said ten acres of said lands mentioned, and for general and special relief.
Herein fail not, but have you before said court on the said first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same. Given under my hand and the seal of said court, in the city of Wichita, Wichita county, Texas, this 17th day of November, 1919.

"Home"—The sweetest word in the English language. "Home", the sanctuary of the soul, where troubles and cares are forgotten, and peace reigns supreme. Let me aid you in your search for a real "home." Read over the bargains listed below; you may find the home of your dreams that bespeaks for you peace, happiness and contentment.

$30,000.00

The prettiest home in town, in Floral Heights, restricted district, near Tenth street, new two-story house; there's nothing lacking in the way of artistic beauty and solid comfort. In every way this is a model home, and an ideal investment.

$16,000.00

On Lucile street in Southland addition, a six room home, just completed, modern in every way, with the latest built-in features, garage and store house, hardwood floors and breakfast room. $5,000 cash will buy this and the balance on easy terms.

$13,000.00

A brand new seven-room home on a corner lot on Lucile street. This is an unusually excellent chance to secure in a fine location an ideal place to live.

$10,500.00

You can't afford to pass this by! On Tenth street, one block from car line, five rooms, garage, servant house. This is for quick sale and a bargain.

$8,500.00

It only takes $2,500 cash to get this new six-room home on Monroe street. Balance on easy terms. Every convenience, built-in features and garage. But you'll have to act quick.

$8,500.00

And here's another real "home" for somebody at the same price. Five-room house, 50x150, brand new, hardwood floors, garage. Can't be beat.

$8,500.00

Five rooms, new, on Lucile, every convenience and comfort to make it a good place to live. Hardwood floors throughout. Half cash and the balance on terms.

$8,250.00

How'd you like to live in that modern five-room house at 1603 Lucile street? It's right on the car line, on a lot 50x150, has hardwood floors, a double garage; $3,000 cash and move in; balance on terms.

This is just a few. I've got a great many more in home on Polk street for $3400, 6 rooms; a five-room home on Fourteenth street for $8,000; 5 rooms on Seventh street for $7,850; 5-room home on Eighth street for $6500 and here's a modern 6-room house on Eighth street with peach trees, a chicken house and a garage for $5500; also a 5-room house on McGregor with sleeping porch, etc., for $6500; four rooms and bath on Seventh street for $5800; $4500 with $2,000 cash buys a five-room modern home.

I have homes all over town at the lowest prices.

Popularity of New Skirt to Depend On Size of the Ankle

NEW YORK, Dec. 8.—Whether the new short skirts prove popular depends almost entirely upon the size of the ankle, according to a concensus obtained today by a reporter (female).
"It is great," says the girl who is inclined to be plump.
"It is outrageous," says the thin girl, who claims "it isn't fair."
Approved or not, the skirt eleven (11) inches from the floor, especially the ballroom floor is here.
It needed neither the edict from Paris nor the more recent approval of the National Coat, Suit and Skirt Manufacturers at Cleveland, to bring it about. It just naturally happened when the pendulum swung back from the long, clinging drapery recently in vogue.
New York designers are making skirts shorter and shorter, it was learned today. The exact length, however, depends largely upon individual taste. Eight inches just now is the favorite for the elderly woman. Skirts ten and eleven inches from the floor are being made for the younger ones.
There will be no lengthening of shoes to meet the shortened skirt, boot manufacturers say. The tendency is toward thin silk stockings and pumps. Sales of half hose are diminishing.

"BETTER HOMES FOR LESS MONEY"

We have at our disposal a general and most select offering of city property, and are listing below a few of our best leads. If the list does not contain just what you desire in the way of location, get in touch with us and it is highly probable that we can give you just what you want.

Huff Avenue.

Elegantly constructed home, 7 rooms and bath, sewing room, breakfast room, hardwood floors, built-in kitchen features, double garage and servant house. Price $16,000; good terms.

Eighth Street.

Within one block of car line in best residential district, 2 story, 12-room home. This place is strictly up-to-date and nicely furnished throughout, and is an exceptionally good buy at $14,000; one-half cash, balance on good terms.

Burnett Street.

Off Tenth street, modern two-story home. Unusually large rooms and closets. Attractively arranged inside and out, garage and servant house; $16,000, good terms.

Marshall Street.

Nicely furnished, five-room house, breakfast room, an excellent opportunity to walk into a beautiful home thoroughly modern in every respect; $9,200; excellent terms.

Eighth Street.

Splendid six-room home, nicely located, highly modern and exceptionally well-built, $8,000; $1500 cash payment and balance in monthly payments, if desired.

Monroe Street.

Beautifully finished six-room home, possessing all modern features; is located on a corner lot. The contract for the paving of this street has been let and when paved, which will be in a very short while, this place will be an ideal location for a permanent home. Price $8500; $3000 cash, balance one, two and three years.

Avenue F

Just off Monroe street, five-room house, modern, three hardwood floors, built-in book case, large kitchen with built-in features, lot 50x195 feet. This place will be within half block of paved street soon, as the contract for the paving of Monroe street has been let and work will begin at once. This is the best buy on the market, $7,000; reasonable cash payment and best of terms.

Lucile Street.

Nice five-room home, strictly modern, conveniently arranged throughout, excellent built-in kitchen features; unusually good buy; $4500, good terms.

$20,000

Seven rooms, hall and some smaller rooms, two-room servant house, garage 75 by 150 foot lot, on Tenth street and within five blocks of business district. Price $20,000 with terms.

$15,000

Six-room two-story home on the pavement. Oh, it has breakfast room, china closets, buffet and other built-in features. And it has all the modern conveniences both up-stairs and down-stairs. This place is on the hill and close to two schools. The price has been cut to $15,000, with only $3,000 cash payment and balance less than rent. Any man with $3,000 in his "jeans" better not let his wife see this place if he wants to keep her in a cheaper home.

$11,000

Six rooms and breakfast room, hardwood floors, built-in features, garage, on lot 53 by 165 feet. This place is in walking distance of town, close to Austin and High schools.

$8500

Five large rooms, breakfast room, bath, screened porch, the latest built-in features, two front and two rear entrances, floors shine like a looking glass. The owner has cut the price of this place $1,000 for a quick sale. The terms will surprise you. It is worth more money and when you see it you will say so.

$7,000

Five rooms, hardwood floors, built-in features, brand new home, fire place, brick mantel, garage, concrete walks and driveway, close to Alamo school. $3,000 cash and balance cheaper than rent. You cannot beat it.

$25,000

Ten-room, two-story brick, hardwood floors, on Tenth street. Absolutely one of the best homes on this street. The lot is 75 by 150. Price $25,000, with $7,000 cash.

$5500

Five room, strictly modern, French doors, built-in features, and a brand new place, immediate possession since it has never been occupied. Forgot to say that it has a very large front porch with nice large pillars, and one block of the car line. If sold within the next two days $1500 cash will handle it.

$5,000

Five large rooms and screened porch, French doors, large California porch, one block off sewerage but will be on it in thirty days. This is a brand new home and has large rooms. Can make a cash payment of $1,000 and balance like rent. This place is one block off car line. Go see it at 2013 Filmore street. If you cannot pay over $750 and have a good job we can fix you up.

$4500

This is a brand new five-room home with French doors, and all modern conveniences, east front and not quite a block from the Floral Heights car line. $1,000 cash, balance less than rent. Remember, "if we don't sell you we smile just the same."

SUB-COMMITTEE NOW HAS CHARTER DRAFT FOR EXAMINATION

With the proposed charter for Wichita Falls, prepared by Dr. A. R. Hatton, charter expert, completed and turned over to the members of the sub-committee on the drafting of the charter for consideration, indications are that the charter will possibly be submitted to the city council by its next meeting, and to the people of the city during the coming week.

Efforts Saturday night to bring the members of this sub-committee, composed of R. E. Huff, A. H. Britain and H. F. Weldon, together for a joint consultation on the proposed charter were without avail, but the members of the committee have copies of the charter and are studying it individually, and will probably take it up in a meeting of the sub-committee or with the charter committee as a whole early in the week.

Drafting of the provisions relating to the power of the city government in the making of public improvements, regarded as one of the most important parts of the charter, and which required the greatest amount of time devoted to any of the sections, was finished Saturday night.

The principal features of the charter as proposed by Dr. Hatton are the vesting of the entire power of city government, within the limits set by the charter, in a board of aldermen of five members, and the provision for a city manager, to be appointed by the council, to have executive control over the affairs of the city. Provisions relating to the initiative, referendum and recall are simplified and made considerably more workable, giving the voters a more direct control over the city government, but the limitations placed about this law are fixed sufficiently high to prevent its being invoked except in cases where the real sentiment of the people demands such action.

DR. HENDRICKS WILL CLOSE MEETINGS ON TUESDAY NIGHT

Tuesday night the Hendrick Revival party, which has been conducting services at the First Presbyterian Church for the past three weeks, will bring the meeeting to a close, it was announced Sunday. The revival has been considered very successful, considering the bad weather which has prevailed practically throughout it's duration. Nine members were welcomed into the church Sunday morning.

This afternoon and Tuesday at 4 o'clock, services will be held at the Central Stock Exchange, where some of the most successful services of the entire meeting were held last week.

Three splendid services are reported for Sunday, morning and night at the church, and in the afternoon at the Majestic Theatre, the latter being a men's service. Dr. Hendrick's subject at this meeting was "The Sin Of Saul," and the service was reported very satisfactory, there being a good attendance.

The night services will be held at 7:30 and a cordial invitation is extended to the public to attend the closing services of the revival.

ERTZ NO. 1 GEORGE IS PUMPING 350 BARRELS

Charles F. Ertz's No. 1 George, in the W. F. George tract, southwest part of the Waggoner pool, is pumping around 350 barrels, according to reports from the field last week. The Burk George Oil Company's No. 2 George is still shut down on the sand, pipe line facilities or rather the lack of them, holding up this section of the field, as well as the more closely drilled sections.

South of the George tract the Langford-Staley and Chenault No. 1, Morgan, in Block 70, is reported as having set casing on the sand.

DR. KNICKERBOCKER TELLS GREAT CROWD HOW TO BE HAPPY THOUGH MARRIED

A crowd that packed the large auditorium so tightly that even standing room was at a premium heard the common sense message of Dr. Hubert D. Knickerbocker on "How to Be Happy Though Married" Sunday night at the M. E. Church, South.

The service was opened by a singing of "The Old Time Religion" followed by a few minutes in which every man, woman and child were urged to shake hands with at least six people around them whom they didn't know.

The chief formula for keeping married life endurable, Dr. Knickerbocker declared was a combination of "saccharine commodities, baby talk, children and unselfishness."

The man who considered candy as indispensible during the days of courtship should try a little of it after he is married, the minister maintained. When he asked for a show of hands of the married men who had carried their wives candy during the past 30 days the number was as scarce as the proverbial molars of a barnyard fowl. "And I'll bet you took her peanut brittle," he said.

"You men don't realize that a woman's happiness depends to a large extent "on keeping sentiment alive," he said. "Try calling your wife the endearing names of nothingness that you did once upon a time." Little pet names like "Doodle Bug," "Ducky Doo' and in fact any other names that are entirely senseless and silly, when considered coldly by a matter-of-fact person, could be used to good advantage by many a married man present, the speaker declared.

"Taffy versus Epitaphy,' Dr. Knickerbocker averred a preference for "Taffy." Flowers for the living means the same thing. He told a story of a man whose wife had wanted a gold watch all of her life, and had skimped, saved and deprived herself of many necessities to make her fancy possible. Then when death had taken the wife, the man who during her life had selfishly refused to gratify her whim, in a moment when sentiment was too late had placed a gold watch on her coffin.

"Heavenly hypocrisy," the speaker claimed, is the term, applied to the pleasant attitude women assume in conversation when they think and feel entirely different. If men would employ a little of this diplomacy instead of coming out and saying what they think, married life would be happier, he declared.

Home ties are strengthened in no way more strongly than by children in the home, said Dr. Knickerbocker. He presented a contrast of a man who had three ex-wives, two of whom he was paying alimony whose marital experience had been unhappy because he couldn't get a wife that pleased him, and a happy married man with three children. He pictured on one side of the picture gloom and departed hope, on the other happiness. To the man who could not get a wife to please him the speaker gave the advice that he try to please his wife a while and see how that would work.

In all of the tickets to happy married life the necessary endorsement of unselfishness, on the part of both husband and wife, must be obtained in order to render the ticket valid, the minister said, and no matter how much candy a man gives his wife, no matter how much "nothingness" he whispers in her ear and though "taffy be his chief line of merchandise," this genuine unselfishness is necessary for real happiness.

After the sermon the pastor made an appeal to the unsaved to align themselves with the church.

Quotations on the various hospital supplies that will be needed to open up the Call Field hospital have been received by the Methodist committee on supplies, C. W. Snider, who is general chairman for the emergency hospital board. Mr. Q. B. Lee, and C. R. THE REASON

A whole lot of roasters are mixing Robustas with their pea berries to cheapen them. Now Robustas bear about the same relation to real coffees that BEVO does to real BEER. In fact hardly as much as while Robusta is of the coffee family and looks like coffee it don't taste like it and has no kick at all.

OUR PEA BERRY coffees are selected from mild, smooth, drinking Santos for CUP QUALITY only—So while the price of the Robusta mixed is attractive to the dealer—it's ours that repeat.
