Bombardier School Is Scheduled To Close

Big Spring Army Air Field will punctuate the part it has played in the military's training program Nov. 30 when it will be in-activated along with three other installations in Texas...

Though no official statement to that effect was forthcoming from the local station's commanding officer, L/Col. Joseph F. Hunker, authorization for the closing of the base apparently originated in the unit's next higher echelon headquarters in San Antonio.

Other fields within the state which will cease to function Nov. 30 are Childress, San Angelo, and San Marcos. In addition, Brooks Field, San Antonio, and Hondo AAF will revert to temporary in-activation on Dec. 31.

The local field formally opened on Aug. 22, 1942. In its more than three years of operation, a total of 42 classes of bombardier students underwent training and were graduated here.

Temporarily, the Big Spring USO club will remain open. Dr. C. W. Deats, president of that function, said that the decision to terminate the mission of the station does not determine the fate of the club.

British Issue Death Warning To Jew Rioters

JERUSALEM, Nov. 15 (AP)—J. V. W. Shaw, British acting high commissioner for Palestine, issued a "punishment by death" warning today to rioters in the all-Jewish city of Tel Aviv...

At least one person was killed and 50 were reported injured today as thousands of persons milled in the streets defying a curfew order imposed after last night's outbreaks which resulted in the death of two Jews and the injury of 27 persons.

Unruly crowds again attacked government property, stoned barricades and stormed against several British buildings. The general disobedience of the curfew order appeared to be a part of the policy of resistance ordered by the secret Jewish resistance movement.

The first casualties developed last night when troops of the British Sixth parachute (Red Devils) division fired to break up crowds. The troops were withdrawn temporarily, but were rushed back into the city today when crowds stoned police trucks this morning and the police opened fire.

Dewey Stephenson Arrives In States

So-M Dewey Stephenson, who landed in San Francisco this week after spending 14 months in Pacific waters, called his father, J. P. Stephenson, last night from the Bay Area to say he expected to be home for the Christmas holidays.

A member of the crew of the destroyer USS Rooks, Dewey departed Tokyo, Japan, on Oct. 25, for the states. He was a member of the Big Spring high school football team in 1943.

COMPANY COMES WITH BIG NOISE

Dynamite blasting south of Big Spring had residents wondering as to the why and where Thursday morning. Oklahoma Construction company, under contract to the Gulf Oil corporation, is blasting a pipeline one mile south of the city park.

Buchanan Discharged

Mrs. W. E. Buchanan has received word that her son, Maj. Pat Buchanan, assigned to a railroad battalion unit, has returned to the States from Europe and has been given his discharge.

Communists Said Planning Drive

By SPENCER MOOSA CHUNGKING, Nov. 15 (AP)—Chinese Communists have attacked and entered the important highway center of Tsaoiang, 145 miles northwest of Hankow...

Observers here believed the attack signalled a Communist drive aimed at cutting the Yangtze river route west of Hankow and there by preventing downriver movement of government troops.

First step in such a drive likely would be occupation of the Han river towns of Fancheng and Siangyang, southwest of Tsaoiang, around which the Communists have been active.

The Communist New China Daily News renewed its blasts against American "intervention" today with the accusation that a recent statement of U. S. policy of Secretary of War Robert Patterson was "not truthful."

"His assertion that American forces won't be involved unless they are attacked is the height of ridiculousness," the Red newspaper said.

"If the (American) forces withdraw, there'll be no American lives in North China to protect," it asserted. The newspaper listed these other unconfirmable charges of American "intervention" today.

American is sending 1,000 tanks to Chiang's armies and is planning to train 10,000 Chinese airmen. Two American ships loaded with arms and soldiers (presumably Chinese, although the news did not say) recently landed at Tangku, near Tientsin.

One hundred American-manned tanks are heading for Shangkaiwan, the Great Wall's coastal gate, en route to the Inner Mongolian province of Chahar. American planes based at Tsingtao are carrying out extensive reconnaissance.

An American plane strafed the North gate of Lini, in Southeastern Shantung province, Nov. 2, killing a child. While the fighting continued unchecked in Soerabaja, Sutan Sjahrir, youthful new premier who is pledged to attempt to end the hostilities, issued a 15-page pamphlet in Batavia, outlining his principles for the future of the Indonesians.

Sjahrir deplored the Japanese propaganda which he said taught his people to hate all foreigners, and asserted: "All the unrest in the community is directed to an aversion to foreign peoples present in our country, to marching with lances, that has now already grown into murder and robbery and other tendencies that, seen from the viewpoint of the struggle for social reform, signifies nothing and is reactionary, as every fascist deed will always be reactionary."

The British, using a minimum of forces to prevent heavy casualties, pressed the attack slowly in Soerabaja.

RESCUE SHIP TRIES TO SAVE CLIPPER—Rescue ship, USS San Pablo approaches Honolulu Clipper in an attempt to salvage the plane after passengers were removed following the flying boat's being forced down at sea 700 miles northeast of Honolulu, T. H., Nov. 3. Salvage attempts failed and the clipper was sunk by gunfire. (AP Wirephoto).

DEAN OF CANTERBURY ARRIVES—The Very Rev. Hewlett Johnson (above), Dean of Canterbury, waits at LaGuardia Field in New York Nov. 13 for a plane to Washington. He arrived in New York by train after his transatlantic plane was grounded at Presque Isle, Me. He is wearing a pectoral cross set with diamonds and containing a miniature painting of the crucifixion, which was given to him by Patriarch Alexei of the Russian Orthodox church. (AP Wirephoto).

British Troops Find Indonesians Not Slackening

By LEIF ERICKSON BATAVIA, Nov. 15 (AP)—British Indian troops hammered steadily at native strongpoints in the heart of Soerabaja today, but with the pitched battle in its sixth day there was "no slackening in Indonesian resistance" anywhere in the naval base, a British announcement said.

The 123rd Indian infantry brigade battled into the justice and government buildings, formerly identified as major headquarters for 15,000 Indonesian nationalist troops. They occupied the buildings after a bitter fight against nationalist defenders who used light automatic weapons, medium machineguns and some supporting armored vehicles.

While the fighting continued unchecked in Soerabaja, Sutan Sjahrir, youthful new premier who is pledged to attempt to end the hostilities, issued a 15-page pamphlet in Batavia, outlining his principles for the future of the Indonesians.

Sjahrir deplored the Japanese propaganda which he said taught his people to hate all foreigners, and asserted: "All the unrest in the community is directed to an aversion to foreign peoples present in our country, to marching with lances, that has now already grown into murder and robbery and other tendencies that, seen from the viewpoint of the struggle for social reform, signifies nothing and is reactionary, as every fascist deed will always be reactionary."

The British, using a minimum of forces to prevent heavy casualties, pressed the attack slowly in Soerabaja.

Commission Set-Up Proposed For Bomb

Labor Meeting Awaits Industry Issued Statement

WASHINGTON, Nov. 15 (AP)—The labor-management conference today awaited a promised industry statement on issues facing the delegates as two related developments attracted attention. They are:

- 1. An assertion by a reconversion official that the government "can't possibly" grant at this time the full price increase demand of the United States Steel Corporation. Wage negotiations in the steel industry are stalemated over the price situation. 2. A suggestion from Senator Knowland (R-Calif) for a new approach to the entire wage issue—based on industry's earnings and lower prices to consumers.

Business delegates to the labor-management conference have remained silent so far on many points in debate by committees striving for agreement on methods to smooth reconversion's ruffled labor situation.

But both Eric Johnston, president of the United States Chamber of Commerce, and Ira Mosher, president of the National Association of Manufacturers, have told reporters management's delegates might have their views ready today. They've been busy framing them at night caucus sessions after conference meetings.

Secretary of Labor Schwollenbach told newsmen the conference was "making definite progress." However, Conference Secretary George W. Taylor said the group's executive committee is seeking to spur action on various issues.

None of the conference committees, Taylor said at a news conference, has started to work yet on three important problems. He listed these as (1) recommendations for machinery to handle disputes where collective bargaining has failed; (2) definition of collective bargaining, and (3) consideration of legislation needed to back up conference decisions.

A definition of collective bargaining is deemed necessary because of recent complaints of both labor and management that one or the other fails really to talk out the difficulties involved.

Junior College Drive Enters Final Phases

Campaign in support of the proposed Howard County Junior college was entering its final phases Thursday. Dr. Wilson Elkins, president of San Angelo Junior college, made three addresses here Wednesday, outlining the work of junior colleges and declaring that he believed it resulted in extending educational opportunities. He advanced the belief that "we will get more for our tax dollars if we work harder to spend more of them at home" and "on education."

Two radio programs are planned for today, one at 7 p. m. over KBST and the other at 9 p. m. when a number of leaders from rural communities will be presented. Polls for the election will open at 8 a. m. Saturday in each of the 15 voting boxes of the county. They close at 7 p. m.

Any qualified voter (which includes service personnel 21 years of age or more returned since May 1945 regardless of a poll tax) may vote on the creation of a county-wide college district and on a board of trustees. Qualified voters who have property rendered or on the tax rolls may vote on the other issues which would provide a maximum 20 cent tax and \$200,000 in bonds.

Five Students Given Texas Scholarships

AUSTIN, Nov. 15 (AP)—Five University of Texas law students have been awarded scholarships for the winter and spring semesters, Dean C. T. McCormick announced. The recipients were Don Brown of Austin, Joseph M. Nuessele of San Antonio, R. L. Templeton of Wellington, C. M. Hudspeeth of Houston and Charles T. Hvass, Jr., of Lubbock.

HERO AND BRIDE LOOK AT THEIR FUTURE—Gene Atkins, Congressional Medal of Honor winner, and his bride, his childhood sweetheart, standing at an unfinished window of their new home, gaze out over the 62-acre bought for them by neighbors at Spartanburg, S. C., in appreciation of the hero's part in the war. Atkins is the son of sharecropper parents. The home and the farm land were presented to the couple Nov. 14. (AP Wirephoto).

Congress Reviews Pearl Harbor Case

By MAX HALL WASHINGTON, Nov. 15 (AP)—Congress today turned the calendar back to the crashing heil of Pearl Harbor. A ten-man committee started hearing the testimony of those who can throw light on this question: Why were the Americans caught by surprise that Sunday morning four years ago?

There were two big shows in Congress today: 1. One was the opening of the Pearl Harbor hearings. 2. The other was the appearance of Gen. Dwight Eisenhower before the House Military committee.

Crowds of spectators, reporters, and photographers assembled for both events. "Thousands of persons clamored for reserved seats at the Pearl Harbor hearings—but there were no reserved seats for the public. There were exactly 265 chairs and they were first-come-first-served."

The hearings are in a marble room in the Senate office building. At the front of the room is a big, colored, relief map of Pearl Harbor and the island of Oahu. Opening witnesses were Rear Admiral T. B. Inglis, Chief of Naval Intelligence, and Col. Bernard Thelen of the Army General Staff.

Overshadowed by the Pearl Harbor and Eisenhower testimony. But important nevertheless, were these Congressional doings: Foreign relief—Two Republican members of the House Foreign Affairs criticized Russia's role in the UNRRA program. Reps. Chipfield, of Illinois, and Jonkman, of Michigan, told a reporter they want to know more about the relief situation as it relates to the Ukraine, White Russia, and Soviet-occupied Germany.

The committee is considering President Truman's request for a second U. S. contribution of \$1,350,000,000 to UNRRA. Government reorganization—the Senate began another day of its long-stretched debate over giving the President authority to streamline federal agencies.

Army-Navy unification—Generals Omar Bradley and Carl Spaatz were called to testify before the Senate Military committee on the hotly-argued proposal to put the armed forces under a single department.

Testifying in support of President's request for universal military training, Eisenhower told the House committee: "I believe Russia's policy is friendship with the United States. There is in Russia a desperate and continuing concern for the lot of the common man and they want to be friends with the United States."

Eisenhower would not specify any nation because he said he could not foretell international developments adding that years ago none thought we would be at war with Germany and Japan. Right now, he said, "there is no one nation in the world that can challenge a prepared America."

Three Planning Not To Give Out Secret

WASHINGTON, Nov. 15 (AP)—Creation of a United Nations commission to control the threat of atomic destruction in the world was proposed today by the United States, Great Britain and Canada as the best way to tackle the atomic energy problem.

President Truman and Prime Ministers Attlee and Mackenzie King made this known in a joint communique on their three power talks. At the same time, they declared that the three nations, which alone possess the know-how of atomic bomb manufacture, would not share that knowledge until "it is possible to devise effective, reciprocal and enforceable safeguards acceptable to all nations."

The commission which the three leaders proposed at the conclusion of their six-day conference on atomic problems would be charged with the duty to make specific proposals to these four points: 1. For extending between all nations the exchange of basic scientific information (on all subjects) for peaceful ends.

2. For control of atomic energy to the extent necessary to ensure its use only for peaceful purposes. 3. For the elimination from national armaments of atomic weapons and of all other major weapons adaptable to mass production.

4. For effective safeguards by way of inspection and other means to protect complying states against the hazards of violations and invasions. In a 1,000-word statement setting forth the results of their discussions, the three chiefs of state prefaced their proposals by saying flatly: "We are aware that the only complete protection for the civilized world from the destructive use of scientific knowledge lies in the prevention of war."

"No system of safeguards that can be devised will of itself provide an effective guarantee against production of atomic weapons by a nation bent on aggression. "No one can ignore the possibility of the development of other weapons, or of new methods of warfare, which may constitute as great a threat to civilization as the military use of atomic the statement made a distinction between what was called the "fundamental scientific information" about atomic developments and "the specialized information regarding the practical application of atomic energy."

The three leaders noted that actually the scientific information "has already been made available to the world," and they added that "it is our intention that all further information of this character that may become available from time to time shall be similarly treated."

The committee is considering President Truman's request for a second U. S. contribution of \$1,350,000,000 to UNRRA. Government reorganization—the Senate began another day of its long-stretched debate over giving the President authority to streamline federal agencies.

Army-Navy unification—Generals Omar Bradley and Carl Spaatz were called to testify before the Senate Military committee on the hotly-argued proposal to put the armed forces under a single department.

HOWARD COUNTY BOND DRIVE GATHERING MOMENTUM NOW

Gathering momentum like a snowball downhill, the Howard county E bond section of the Victory Loan drive showed new life after Wednesday's record spring of the campaign. Sales for the day totaled \$34,237.50. This brought the total thus far to \$126,398.75, or to 38.3 percent of the \$330,000 E bond quota.

Another such lick could put the county at the halfway mark by the end of the week. Biggest gain of the day was registered by the Lions club, which jumped from third to first place in the interclub sales contest. One member of the club bought \$22,500 in E bonds. This made the Lions total sales amount to \$34,106.25. Others were ABClub \$18,131.25, Rotary \$17,100, Kiwanis \$4,350, B&PW \$2,231.25.

On a par member basis Lions led with \$415.75, followed by Rotarians with \$328.50, ABCP \$270, Kiwanis \$99.50 and B&PW \$53.75. Not yet shown in totals were purchases in excess of \$2,000 for 34 officers and two cadets at the

Big Spring Bombardier School, Maj. Harry Wheeler reported. Also sales of \$2,500 to employees of the T&P Railway company at a rally Wednesday afternoon were not shown. Ira Thurman, county bond chairman, had another \$100,000 G bond sale to report on the over-all sales of \$1,020,000.

Social Calendar Of Events For Week

THURSDAY
 SOUTH PTA STUDY GROUP will meet with Mrs. H. W. Smith at 1:30 p. m.
 G.I.A. meets at 3 p. m. at the WOW hall.
 EAST WARD PTA at 3:30 p. m. at the school.
 MERRY WIVES BRIDGE CLUB will meet at 7:30 p. m. with Mrs. Howard Stephens.
 CREDIT WOMEN'S CLUB will have a luncheon meeting at the First Methodist church at noon.

FRIDAY
 PHILATHEA CLASS will have a coffee in the home of Mrs. Rogers Hefley, 407 Washington, from 9:45 until 11 a. m.
 FIREMEN LADIES meet at the WOW hall at 2:30 p. m.
 FRIENDSHIP CLUB at 2 p. m. with Mrs. Garner McAdams.
 AFTERNOON BRIDGE CLUB meets with Mrs. Elvis McCrary at 2 p. m.

SATURDAY
 HYPERION CLUB will meet at 3 p. m. at the Settles hotel with Mrs. J. A. Coffey as hostess.
 1930 HYPERION CLUB will meet with Mrs. M. H. Bennett at 3 p. m.

Josephine Houston Complimented At Bridal Gift Party In Stanton

STANTON, Nov. 15 (Sp)—Josephine Houston, bride-elect of Curtis Hancock, was honored with a shower Friday afternoon, Nov. 9, in the home of Mr. and Mrs. H. M. Zimmerman. Co-hostesses with Mrs. Zimmerman were Mrs. Jack Estes, Mrs. Clara Atchison, Mrs. Flora Morris, Mrs. Bob Redmond and Mary George Morris.

The house was decorated with bouquets of fall flowers, and gold and white chrysanthemums, purple asters and red geraniums formed the centerpiece of the tea table. Mrs. George Davis of Midland and Mrs. Tom Houston presided at the table.

Mrs. Bert Fowler of Midland, sister of the bride-elect, was at the guest book, and guests were greeted by Mrs. Edgar Davidson and Mrs. Bob Redmond. Others in the house party included Mrs. Prentice Bristow II, Mrs. Bernard Houston and Mrs. J. D. Poe.

Guests were received by the honoree, her mother, Mrs. Chuck Houston, Mrs. Curtis Hancock and Mrs. M. Davis.

To the strains of the wedding march, played by Mrs. Claud Houston at the piano, Sue Jane Zimmerman and Billy Ray Clements, dressed as a bridal couple, with Cynthia Mashburn and Larry Clements, attendants, presented the honoree with a satin pillow on which was a wedding ring. The miniature wedding party also assisted in presentation of the gifts.

Sue Jane Zimmerman played piano numbers during the entertaining hours.

Methodist Men Entertain Ladies

The Brotherhood of the Wesley Methodist church entertained the ladies with a dinner Wednesday evening at the church.

The dining tables were decorated with bowls of fall flowers. Miss Arab Phillips introduced Miss Elizabeth Akers, high school Bible instructor, who spoke of her work and outlined plans for the high school course.

Ladies attending the dinner included Grace Low, Virgie Broughton, Miss Phillips, Miss Akers, Clara Norris, Alma Coleman, Beatrice Duggan, Emily Phillips, Billie Bob Rodman, Ruth Apple, Gladys Barron, LaVell Nabors, Dorothy Thornton, Ilia Beas Porterfield and Sylvia Lovelace.

HALF HAT... Soft mouton lamb, that looks like beaver, makes this fur hat for teen-agers, trimmed with two perky pompons. A smart idea for Christmas gifts.

Mrs. McDowell Honored At Tea By Bible Class

The Elizabeth McDowell Sunday school class of the First Presbyterian church honored Mrs. J. I. McDowell of Austin at a tea Wednesday afternoon in the home of Mrs. T. S. Currie.

Mrs. McDowell was formerly teacher of the class of many years. Guests were received by Mrs. Currie, Mrs. McDowell, Mrs. Elmer Boatler, and Dorothy Mitchell received the guests.

Mrs. James E. Moore and Mrs. Bernice Davis presided at the silver tea service. The tea table was laid with a lace cloth and centered with an arrangement of gold chrysanthemums. Gold candles placed on either side of the centerpiece.

Approximately 50 guests called, and those from other churches included, Mrs. C. W. Norman, Mrs. G. H. Hayward, Miss Minnie Lockett, Miss Lillian Jordan, Mrs. A. V. Karcher.

"Immortality" To Be Lesson-Sermon Topic

"Mortals and Immortals" will be the subject for the lesson sermon of the Christian Science services at the church at 217 1/2 Main street Sunday, Nov. 18.

The Golden Text will be taken from I Corinthians 15:50, 53, and the lesson-sermon will include passages from Mary Baker Eddy's Christian Science textbook, page 215.

Ladies Urged To Fill Booths

Organizations were urged to continue to fill the bond booths, and see that one is left vacant. Mrs. Douglas Orme declared Thursday.

Mrs. Coy Nalley, Mrs. Arthur Caywood and Mrs. Fred Haller of the XYZ club filled the booth at the First National Bank Wednesday, while the State National booth was occupied by Mrs. J. B. Mull, Nell Brown and Mrs. Charles Watson, representing A.A.U.W. B. & P. W. club continued to maintain bond booths at the theaters with Pauline Sullivan and Mrs. Willard Sullivan at the Ritz theatre, and Edith Gay and Betty Glenn at the State.

On Thursday PTA will be at the First National Bank, GIA will be at the State National bank, YFW bond headquarters and B. & P. W. at the Ritz and State theaters.

The meeting will begin at 3:30 p. m. and will include both fellowship hours and inspirational programs.

Presbyterian Young People Have Meeting

District Two of the El Paso Presbytery's young people's Fellowship will meet at Coahoma on November 18, with Harry Echols, chairman.

The meeting will begin at 3:30 p. m. and will include both fellowship hours and inspirational programs.

Presbyterian Class Has Dinner, Social

The Young People's Bible class of the First Presbyterian church met Wednesday night at the Crawford for a Dutch supper.

Following the meal the group proceeded to the home of Mrs. H. G. Carmack for a sing-song and fellowship hour.

Refreshments were served to Clarice Lee, Norma Billheimer, Lt. Jack Northrup, Elizabeth Akers, Annalene Meadows, Sally Norton, Hazel Carmack, Lt. Jack Kiker, Lenora Masters, Mrs. Noble Kennermer, Mrs. Olan Chapman, Mrs. Ernest Barber, and Roy Rogan.

Scout Leaders Meet

A meeting of the Girl Scout Leaders club has been called for Thursday at 7:30 p. m. at the First Methodist church. This is the first of a series of monthly meetings of the organization.

Troop G, 112 Cavalry Vets Plan Reunion

ABILENE, Tex., Nov. 15. (AP)—Veterans of Troop G, 112th Cavalry, have invited all former members of their regiment to a reunion here Saturday at the Windsor hotel.

The event will mark the fifth anniversary of mobilization of Troop G, an Abilene unit, into federal service Nov. 18, 1940.

A permanent organization of former members of the troop will be formed Saturday.

Post Office Auxiliary Sews For Red Cross

The Auxiliary of Post Office Clerks met Tuesday afternoon in the home of Mrs. D. F. Bigony for an afternoon of sewing for the Red Cross.

At a business meeting at which Mrs. Ervin Daniels, vice-president, was in charge plans were made for a chili supper to be held Friday, Nov. 23, at which husbands will be guests.

Refreshments were served to Mrs. William Spradling, Mrs. Orbin Daily, Mrs. Glenn Petefish, Mrs. A. A. Porter, Dorothy Bigony, Mrs. Daniels and the hostess.

Take Off Ugly Fat With This Home Recipe

Here is an inexpensive home recipe for getting off unsightly weight and helping build slender curves and graceful slenderness. Just get from any drugstore, four ounces of liquid Barcol Concentrate. Add enough granulated sugar to make a paste. Then just take two tablespoonfuls twice a day. Wonderful results may be obtained quickly. How you may slim down your figure and lose pounds of ugly fat without back breaking exercise or starvation diet. It's easy to make and easy to take. Contains nothing harmful. If the very first bottle doesn't show you the simple, easy way to lose belly weight and help regain slenderness, more granulated sugar, return the empty bottle and get your money back.

Modern Music Program Heard

A program on impressionistic music was heard by members of the Music Study club when they met Wednesday in the home of Mrs. Paul Graham.

Mrs. C. W. Norman was program leader and numbers illustrative of the impressionistic type included a piano solo, "White Peacock" by Grisses played by Elsie Willis, and "Memories" by Ganz sung by Mrs. Paul Graham accompanied by Mrs. Morris Jarratt.

At the business session which opened the meeting with Mrs. G. H. Wood presiding, a report on the district convention in Odessa was read.

Members attending the meeting included Mrs. Roy Green, Roberta Gay, Mrs. J. E. Hardesty, Mrs. Morris Jarratt, Mrs. J. P. Kenney, Mrs. Paul Graham, Mrs. R. V. Middleton, Mrs. Norman, Miss Willis and Mrs. Wood.

Robert Swan Lee, student at John Tarleton college, was home over the holiday weekend to visit his parents, Mr. and Mrs. Robert E. Lee. He brought with him Myron Leggett of Houston, also a student at John Tarleton.

PALE? WEAK? from loss of BLOOD-IRON?

Oh! Women! If you lose so much during monthly periods that you feel weak, "dragged out"—this may be due to low blood iron. So try Lydia E. Pinkham's Tablets—one of the best home ways to help build up red blood in such cases. Pinkham's Tablets are one of the greatest blood-iron tonics you can buy. Follow label directions.

PIN-WORM ITCH MAY THREATEN YOUR CHILD'S HEALTH

Don't let your child suffer a single needless minute of distress with Pin-Worms! Recent medical reports reveal that an amazing number of children (and grown-ups too) may be victims of Pin-Worms—often without suspecting what is wrong. So watch out for the warning signs—especially the tormenting, embarrassing rectal itch. Because now you can and should do something about it!

A highly effective way to deal with this ugly infection has now been made possible. It is based on the medically recognized drug known as gentian violet. This special drug is the vital ingredient in P-W, the Pin-Worm tablets developed in the laboratories of Dr. D. Jayne & Son.

P-W tablets are small and easy to take, and they act in a special way to remove Pin-Worms. So, if you suspect Pin-Worms in your child or yourself, get a box of JAYNE'S P-W right away, and follow the directions.

Ask your druggist: P-W for Pin-Worms!

DICKIE DARE

Texas Today—
**MOVIE STAR MAY GET FAME HERE—
IF SNAIL OR STAMP HONORS HIM**

By JACK RUTLEDGE
Associated Press Staff
Austin College at Sherman is probably the only school in Texas to have a mollusk named for it. Dr. Raul P. Guitart, Cuban scientist who graduated from Austin College in 1914, discovered the species and named it the *Liguus Fasciatus Austinianus*. It is a new sub-species of the liguus, a small land mollusk. Two paratypes of the coiled single shell have been received by the college. Know what we're talking about? Snails!
Also honored is Nathan L. Beckwith of Pampa. His picture is on a new three-cent postage stamp. It is a stamp issued by the government to honor the Navy. Beckwith is shown center right in the bottom row. He is the son

of Mr. and Mrs. Russell Beckwith of Borger, and the nephew of Mrs. Don Pumpnrey of Pampa. He attended both Borger and Pampa high schools and joined the Navy the day after school was out.
Robert Walker the movie star who played the part of a bellhop in "Her Highness and the Bellboy," came to Waco and registered under an assumed name.
He was soon recognized—by the bellhops.
Then he went to Brownwood and the theater manager took him to the office of the Brownwood Bulletin for an interview.
Lucille Creswell, the reporter, made him wait until she finished a story she was working on. He waited.
He probably figures he'll either have to get a small named for him, or get his picture on a postage stamp, to make any impression in Texas.

**Tip: How To Dine Out
Like A King Dining In**

NEW YORK, (AP)—Patrons of a Broadway cafeteria eating from plain, sturdy restaurant plates are puzzled to find one diner eating, night after night, from dazzling gold and silver plate.
He's a New York physician who takes his equipment with him. An attractive wooden case he carries contains a silver cup, gold-plated cup, silver trays and dishes.
When these utensils are filled from the cafeteria's steam tables, the physician sits down to dine like royalty, using two dainty napkins from his case.
The meal finished, the cafeteria permits him to do his own K.P. on the spot.

**The Judge Gives
Teacher Sentence**

CHARLESTON, W. Va., (AP)—A school teacher received in municipal court a punishment usually reserved for students. Judge Harold H. Neff sentenced him to sit down and write out 200 times in longhand the words: "I must not drive through a traffic light again." The teacher, red-faced, did as the court directed.

**Japan Appeals
For Food Aid**

TOKYO, Nov. 15. (AP)—Desperately-hungry Japan has appealed officially for Allied food and fuel, promising to pay—in installments—by shipments of gold, diamonds, silk and other goods.
General MacArthur's headquarters reported that it was not ready to indicate what the Allied answer might be. Japanese Minister of Commerce Sankuro Ogasawara announced the formal application for the imports—mostly from America—to stave off threatening famine. He made it clear that Japan's alternatives are simple: barter or die.
Lt. Gen. Robert L. Eichelberger meanwhile reported that occupation forces in Japan and Korea are near their peak and soon will decline from their present 460,000. He did not say, however, how soon the U. S. Forces might reach the minimum of 200,000 which MacArthur has indicated will, by next Spring, be adequate.
Ogasawara, in announcing Japan's application for U. S. imports, acknowledged that Nippon's trade "is presently in a state of suspension," but added that he hoped the U. S. may again become "Japan's best customer."
Japan asks to import 3,000,000 tons of food, 1,000,000 tons of salt, and smaller amounts of cotton, copra, coal, iron ore and non-ferrous metals.
Ogasawara said Japan could pay one-fifth of the bill by Dec. 15 and the remaining four-fifths within the next year.

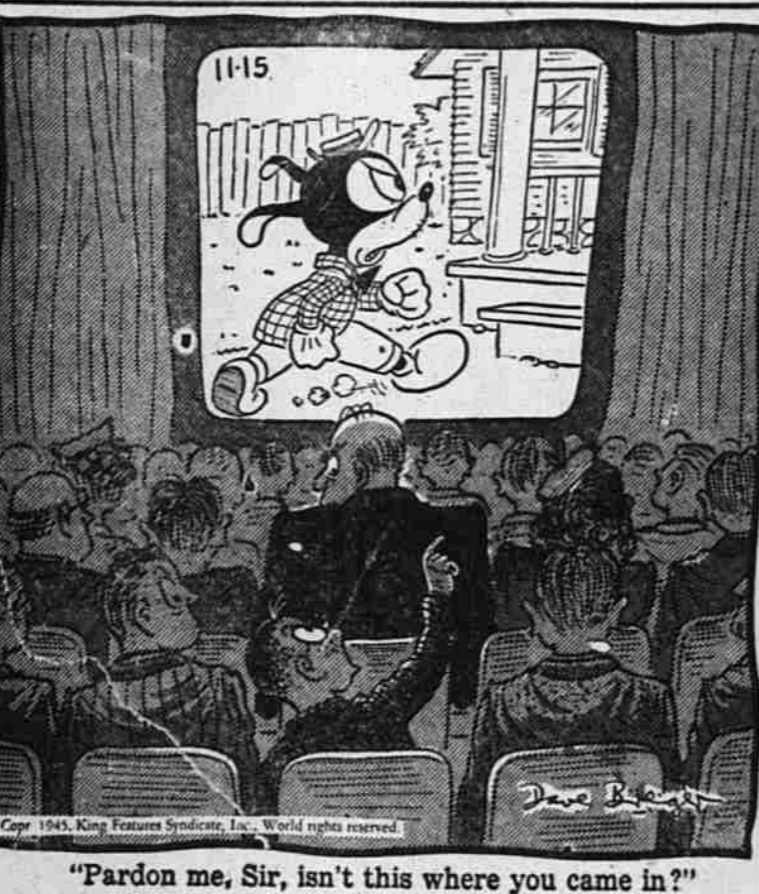

**In The News Again:
Railroad's No. 1 Fan**

CHICAGO, (AP)—Back in 1937 Mabel Dickson, 11, was very ill. Propped on a cot on her front porch, she used to smile and wave when Chicago & Eastern Illinois trains passed. Crewmen returned the greetings.
One day an engineer stopped a train trotted to the porch and handed the child a big bouquet. Stories of the incident were published widely. Then everybody forgot about it.
Recently the railroad hired a new stenographer. A fellow employe thought there was something vaguely familiar about her, and he was right. It was Miss Dickson, 20 now and restored to health.

BERLIN TOTS EVACUATED—Some of the 50,000 Berlin school children being evacuated from the British sector to guard against winter epidemics leave the Hansa school.

Mister Bregar Reg. U. S. Pat. Office By Dave Bregar

**BLAZING PROOF
WALKING FASTER**

SALT LAKE CITY, Nov. 15 (AP)—Municipal firemen proved that it is possible to save time by walking.
The smoke eaters left their equipment at the station, walked to the scene of a healthy blaze and had it out before an alarm could be turned in.
The fire was in an adjacent building.

SCORCHY SMIT!

What It Means Government Pay Hikes

By FRANK TRAGLE
WASHINGTON — President Truman's suggested pay raise for federal workers would increase the government's peacetime payroll obligations an estimated \$415,570,000 a year.

But the federal payroll for persons in the proposed pay raise category still would be a billion dollars a year less than it was on July 31, 1945, for there were more government employes then and overtime pay rates still were in effect.

The president's recommendation would affect government employes from office boys to the chief justice.

Mr. Truman would raise the salaries of most white-collar workers by 20 per cent; but certain professional, scientific and administrative personnel might earn a maximum of \$15,000 a year instead of \$9,800.

CABINET INCLUDED
 Salaries of cabinet members would be increased from \$15,000 to \$25,000 a year; undersecretaries and the solicitor general's from \$10,000 to \$20,000. Assistant secretaries, assistant attorneys general and assistant postmasters general, who now receive from \$8,000 to \$12,000 annually, would receive \$17,500.

Heads of independent agencies and members of independent boards, whose salaries range from \$9,800 to \$12,000, would receive \$17,500 or \$20,000, as determined by the President.

CONGRESSMEN — DOUBLE
 Salaries of members of the House and Senate would be doubled — from \$10,000 to \$20,000 a year; those of the vice president and the speaker of the House would be raised from \$15,000 to \$25,000.

The following increases would be effective for members of the federal judiciary:

Chief justice of the supreme court, from \$20,500 to \$30,500; associate justices of the supreme court, from \$20,000 to \$30,000; judges of the circuit courts of appeals, court of claims and court of customs and patent appeals, from \$12,000 to \$22,500.

Chief justice of the district court for the District of Columbia, from \$10,500 to \$20,500; judges of the district courts, judges in Puerto Rico, Hawaii and Alaska exercising federal jurisdiction, and judges of the customs court, from \$10,000 to \$20,000.

PAYROLL SLIMMER
 In estimating the cost of the proposed raises, the Civil Service Commission assumed that the total federal civilian employment within the continental limits of the United States would be approximately 2,000,000 on June 30, 1946 — a decrease of about 900,000 from V-J Day.

Of these 2,000,000 employes, about 860,000 would be affected by the increases. The other 1,140,000 would not be affected because they have their own wage setups. These excepted groups include principally certain civilian employes of the War and Navy Departments; of some power projects, such as TVA; of the FBI, whose employes are not subject to Civil Service, and virtually all those connected with the Postal Service. In general, workers employed outside the continental United States would not be affected.

TOTAL GIVEN
 The total payroll, including the proposed raise, of the 860,000 persons would be approximately \$2,414,900,000 as of June 30, 1946, the commission figures. This would compare with a total payroll for 1,221,000 persons in this category of \$3,565,300,000 as of July 31, 1945 — which included overtime payments.

The estimated cost of the 20 per cent increase in the basic rates of these 860,000 workers would total about \$403,000 a year.

Reclassification Proposed
 Estimated annual costs of the other proposed raises:
 New classifications which would permit certain professional, scientific and administrative personnel to earn up to \$15,000 a year — \$3,000,000.

to compensate workers for the increased living costs and "to make the United States government stand out as one of the most progressive employers in the nation, and thus attract to its service and hold in its service persons of outstanding qualifications."

MORE WANTED
 Spokesmen for federal worker groups told the committee the proposed 20 per cent increase for white collar workers was not

enough. The American Federation of Government Employees (AFGE) suggested a 24 per cent hike; the United Federal Workers (UFW) recommended 30 per cent — as is being sought by many of the estimated 1,140,000 federal employes who would be outside the category affected by the proposed raises.

The National Federation of Federal Employees (not affiliated with AFGE or UFW) said 20 per cent was not enough but mentioned no alternate figure.

Due to increased air traffic, the United States Department of Agriculture has a fierce fight on its hands with regard to dangerous plant pests, which arrive in ships and planes from abroad.

You Pays Your Nickel, You Parks Your Horse
MOUN TVERNON, III, (CP)—An equestrian reined in his horse, dismounted, deposited a nickel in a town square parking meter and strode away. A crowd gathered. Policeman Charles Simmons, taking over, restrained anyone from carrying out a suggestion that the horse be removed.

Said Simmons: "This man paid his nickel to hitch and others pay theirs to park."

Ten years ago the pumping of a molten metal was generally considered impossible, but molten magnesium is now being pumped in melt-shops and foundries.

Fuller Discharged

Ens. William "Sonny" Fuller arrived in Big Spring Tuesday after receiving his discharge Nov. 12 at Camp Wallace following two years and seven months in service. He was recently stationed at Quonset Pt., R. I., where he was a Naval fighter pilot. Fuller was commissioned at Corpus Christi. He will make his home here with his sister, Mrs. Henry J. Covert and his brother, Bobby Fuller.

CLASSES POPULAR

AUSTIN, Nov. 14. (AP) — Texas has more than 30,796 members and 533 chapters of the Future Homemakers of America, boys and girls enrolled in homemaking classes in a program sponsored by the State Board for Vocational Education, the board announced today.

KIDNEYS MUST REMOVE EXCESS ACIDS

Help 15 Miles of Kidney Tubes Flush Out Poisonous Waste
If you have excess of acids in your blood, your 15 miles of kidney tubes may be overworked. These tiny filters and tubes are working day and night to help Nature rid your system of excess acids and poisonous waste. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause migraines, rheumatism, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Kidneys may need help the same as bowels, so ask your druggist for Doan's Pills, a standard diuretic, used successfully by millions for over 40 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Sixty-six Million Pounds Cranberries To Use For Sauce, Relish, Desserts

STUFFED CRANBERRY PEARS... For salad or dessert...

By CHARLOTTE ADAMS
Associated Press Food Editor

There's a good crop of cranberries coming up this year. Sixty-six million pounds, or almost twice as much as last year, is the estimate of the cranberry growers. This is good news for those of us who love that truly American fruit. It'll mean, for one thing, the proper sauce to go with those turkeys we'll also be able to get.

Cranberries can be used most effectively for desserts and dessert-salads. Here are a few ways.

Stuffed Cranberry Pears
Pare medium sized pears; halve them lengthwise and core. Do not remove stems. Boil together 1-2 cup sugar, 1-2 cup corn syrup and 1-2 cup water. Add pear halves and cook gently for five minutes. Remove pears from syrup and chill. When ready to serve, fill centers with the following sauce.

Cranberry Sunshine Relish
4 cups fresh cranberries
1 whole orange, quartered and seeded
1-2 small grapefruit, quartered and seeded
1 cup sugar
1 cup corn syrup (dark or light)
Put cranberries, orange and grapefruit through the food chopper. Add sugar and corn syrup and mix well. Chill in refrigerator for a few hours before serving. This makes a quart and a half.

Note: A cup of maple syrup or a half-cup of honey may be substituted for the corn syrup.

Cranberry Sunshine Relish is also good with meats or fish, and particularly with duck. Try freezing the relish to a mush and then serve it over a fruit cup. This relish goes beautifully on a salad plate with stuffed eggs, pickled whole beets and cottage cheese.

Jellied Cranberry Fruit Relish
2 cups fresh cranberries
1 lemon, quartered and seeded
1 apple, peeled and quartered and cored
1 cup orange marmalade
2 teaspoons horseradish
1 tablespoon granulated gelatin
2 tablespoons cold water
Put cranberries, lemon and apple through food chopper. Combine with marmalade and horseradish; let stand a few hours to blend. Soften gelatin in cold water; dissolve over steam; fold into cranberry relish mixture. Fill individual molds or fill shallow square pan to a depth of one inch. Chill until firm. Unmold. Serve with lettuce or watercress as a salad. Or cut into squares; place one each on round of thinly sliced orange, and arrange as a garnish around a serving platter.

Cranberry Ginger Sauce
1 cup corn syrup (dark or light)
1 cup sugar
1 3/4 cups water
Root ginger
4 cups fresh cranberries
2 apples, peeled, cored and diced
Grated rind 1 lemon
Boil corn syrup, sugar, water

Pep Autumn Meals With Peppers

Here is a luncheon or supper dish you will want to try this autumn. Peppers are plentiful just now and delicious, too, especially when prepared according to today's recipe. And if there is plenty of well-made coffee on the table, everyone will have an enjoyable and satisfying meal. Just be sure you brew the coffee carefully and serve it freshly made.

A good way to use up those odds and ends in the refrigerator is to turn them into Stuffed Green Peppers. Any kind of leftover

cooked meat or fowl will do. This savory dish takes only a short while to prepare. And the baking time is only about 20 minutes. Serve your coffee with this main dish as well as with the dessert because any meal tastes better when there is plenty of coffee to go with it. Here is the recipe for Stuffed Green Peppers. It's tested, of course.

Stuffed Green Peppers
6 medium-sized green peppers
1/4 cup butter or margarine
1/4 cup minced onion
1/4 cup minced celery
1 cup chopped leftover cooked meat
2 cups soft bread crumbs
3/4 teaspoon salt
1-8 teaspoon pepper
Cut thin slices from stem ends of peppers and remove seeds and fibrous white portion. Parboil five minutes in boiling, salted water and drain upside down. Melt butter or margarine, add onion and celery and cook over low heat three minutes. Add chopped meat, bread crumbs and seasoning and use to stuff pepper shells. Place in greased baking pan and bake in moderate oven 375 degrees F. about 20 minutes. Yield: six servings.

Authority Nixes Bars Lit By Mellow Glows

HAGERSTOWN, Md., (AP)—The Washington county board of license commissioners has ordered tavern keepers to brighten up their establishments, commenting after a survey that some places "were so dark the bartenders could hardly see ten feet away. In one place patrons were virtually in total darkness."

George Mizell Awarded Honor By Poetry Unit

George P. Mizell, author of a book of poems, "Reflections and Aspirations," has been awarded an honorary membership in the Eugene Field Society.

Mizell, a member of the Big Spring school faculty, had his work published last winter. "Reflections and Aspirations" included a collection of verse he had been creating over a period of several years.

In notifying him of the honor of honorary membership in the society, John G. Hartwig, national president, pointed out that the board had voted to confer it on "an author, in recognition of his or her outstanding contribution to contemporary literature," adding that "the literary skill of your published works entitle you to an honorary membership in the society," a national association of authors and journalists to perpetuate the name of Eugene Field, beloved poet and writer.

Crop Insurance Revival Forecast By Ag Secretary

OLANDO, Fla., Nov. 15. (AP)—Secretary of Agriculture Clinton P. Anderson, here to address the Florida Farm Bureau Federation today in its fourth annual meeting, said in an interview last night that there is a likelihood that the dormant crop insurance plan for citrus may be revived next year.

He added, however, that this form of protection will never receive his endorsement until actual grove by grove and region by region experience justifies it on an actual basis.

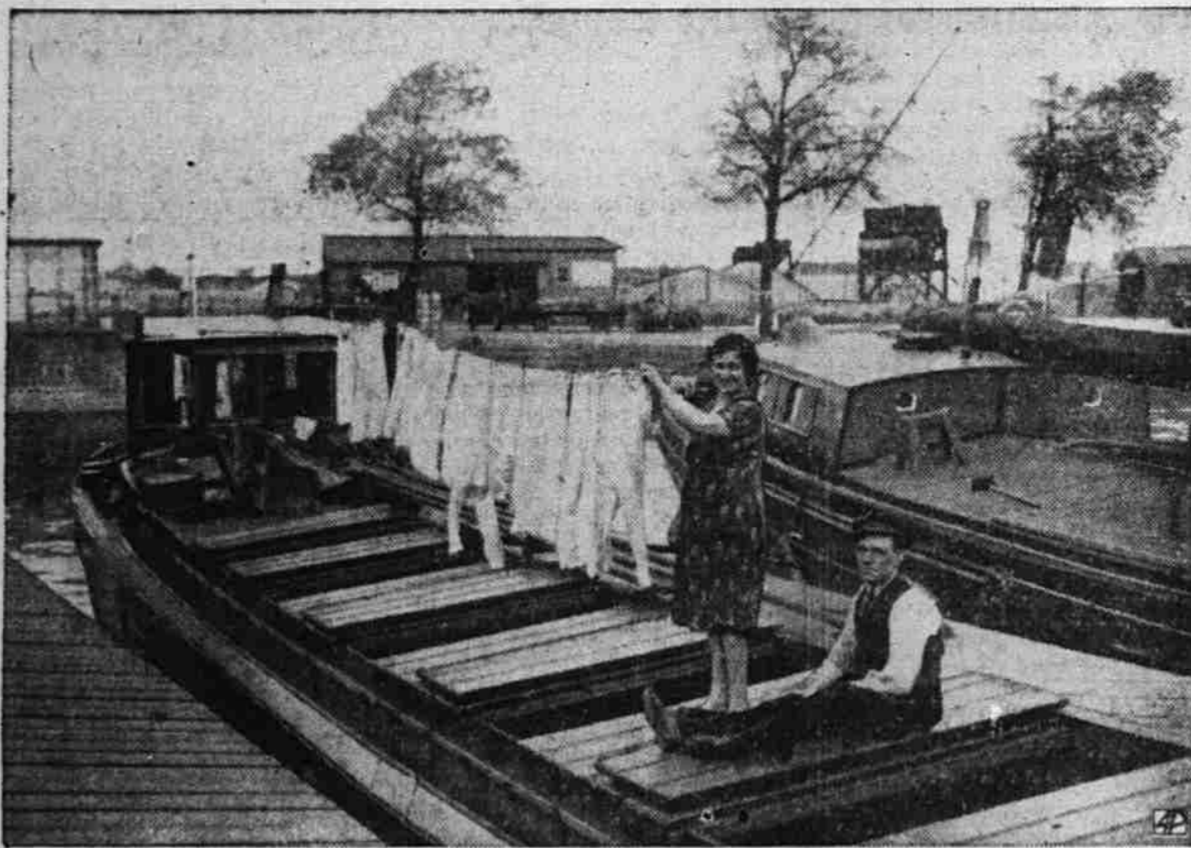

The program was postponed, he said because there was insufficient information from any citrus producing state to warrant establishment of a premium which would bring the Federal Crop Insurance Corp. enough income to meet losses.

Anderson said he looked for an early removal of ceilings on fresh fruits.

"I feel that citrus ought to have an open market and let the law of supply and demand prevail," he declared. "I don't think this will tear prices down."

Open Convention

SAN ANTONIO, Nov. 16 (AP)—Warehouse and transferrers from the southwest opened a three-day convention here today to discuss all phases of the business of storing and transferring. N. S. Von Phul of San Antonio is president of the association.

WASH DAY IN ROTTERDAM—In Rotterdam, Holland, bombed unmercifully by the Nazis in 1940, a Dutch housewife hangs out washing on a barge on one of the canals.

CIGARETS FOR PRISONERS—At an airdrome in Siam, released American prisoners receive cartons of cigarettes from Sgt. M. W. Rock (left) of Carnegie, Pa., while T/Sgt. Robert Anthony of Albany, Ga., stands beside him. Below (left to right) are Pfc. Glenn Self, Lubbock, Tex.; Capt. H. W. Post, Driggs, Idaho, member of the ATC force evacuating the men; GM2/C J. F. Campbell, Dyers, Tenn.; and Pvt. W. K. Yarbrough, Plainview, Tex.

Spectators Jam Rooms Of Pearl Harbor Hearings

WASHINGTON, Nov. 15. (AP)—Curiosity-drawn spectators filled seats and pressed for standing room today as a Joint Senate-House committee opened public hearings on the Pearl Harbor disaster.

Rear Admiral Husband E. Kimmel, the Naval commander at Pearl Harbor when the Japanese attacked, arrived early to claim a front row seat. At a table near the witness chair, Maj. Gen. Walter C. Short, the Hawaiian Army commander of 1941, found a vantage point.

William D. Mitchell, committee counsel, opened the hearings by placing the record of a 253-page printed copy of intercepted Japanese diplomatic messages covering the period between July 1 and December 8, 1941.

He thus made the first official disclosure that American Armed Forces had broken the Japanese diplomatic code and were reading Japanese messages to Washington and other capitals long before fighting began.

Shortly after the call to order, an electric fuse blew out and plunged the jam-packed room into gloom.

Carrots are a good buy when smooth, firm and bright in color, with tops green and unwilted. Beware of deep cracks. They are usually a sign of poor quality.

Natural Gas Use Report Ready

AUSTIN, Nov. 15. (AP)—A preliminary report of an industry engineering committee on Texas natural gas uses and wastage together with recommendations for improved conservation will be made public in about 30 days.

It will be presented at the next statewide proration hearing by the railroad commission in mid-December, based on developments yesterday when the report had been scheduled for initial presentation.

This was to have been in connection with a hearing on the Heysler field, Calhoun county, but that hearing was reset after field operators asked permission to name their own group to make an exhaustive study of the field. Subject of the hearing was whether gas produced coincidentally with oil in the field should be returned to the producing horizon.

The industry-wide engineering committee was appointed a year ago to make a statewide survey of natural gas. Its preliminary report is completed and is now in the hands of an advisory committee, also appointed last year, which is studying policy recommendations made by the engineering group before the commission

receives the report. Chairman of the engineering committee is W. H. Murray of Houston. Jim Nash of Austin is chairman of the advisory committee.

Over 200 Killed When Ammunition Explodes

TOKYO, Nov. 15. (AP)—More than two hundred persons were killed or injured Nov. 12 at Murayama, Kyushu Island, when occupation troops exploding an ammunition dump accidentally touched off the explosives. Kyodo news agency reported today.

The explosion destroyed 31 houses and damaged nearly 150 others, killing 124 persons and injuring 83. Eight of the injured died later in hospitals.

Russians To Extend Time Limit To Poles

MOSCOW, Nov. 15. (AP)—The Russian government announced today that it had agreed with the Polish government to extend the time limit placed on the voluntary repatriation to Poland of Poles who have assumed Russian citizenship. The agreement gave Poles until Jan. 1, 1946 to denounce Soviet citizenship.

The Nation Today— Atomic Bomb Jolted American Thinking, World Peace Concepts

By JAMES MARLOW

WASHINGTON, Nov. 15 (AP)—A reader, unless he kept score, might be astounded at the mass of comment on atomic energy, piled up in newspaper files, since the bomb hit Hiroshima last August.

That bomb jolted American thinking. It seems now that everyone has an idea on how the world should be run and atomic energy controlled.

The ideas range like this: Set up a world republic, keep the secret, outlaw the bomb, let the United Nations Organization (UNO) handle it, furnish UNO with a task force of atomic bombers, let the international court of justice solve international disputes, its word to be final.

Senator Glen Taylor, Idaho democrat, proposed in a senate resolution that a world republic be set up.

Men have long dreamed of the time when all nations would be part of one government. But this would mean the end of national independence as we know it.

Taylor told the senate he's disappointed that his suggestion hasn't received more notice. He added that when he first came here and sang on the capitol steps he got a lot of attention.

The suggestion that we keep the secret and supply the UNO with a task force of atomic bombers to

keep world peace may seem all right to Americans, but other nations are apt to be a little worried. The secret of making the bomb won't be a secret very long and an American task force of atomic bombers would mean America need not fear atomic bombing, but America only.

Outlawing the bomb might not work. People point to the fact that poison gas wasn't used in World War II as an example of how nations can get together to outlaw a vicious weapon.

But poison gas works two ways and it was good policy for Germany not to try to use it in the war just ended. The allies would have been able to bomb Germany with gas, probably with more disastrous results.

Because poison gas wasn't used in World War II is no guarantee, in spite of any promises made about World War III, that it wouldn't be used. One good atomic bomb raid might make it impossible for the bombed nation to retaliate.

Defiant In Danger

Dachau Germans Standing Trial Before US Army

DACHAU, Germany, Nov. 15 (AP)—Forty Germans charged with torturing and killing prisoners in the notorious Dachau concentration camp defiantly faced a U. S. military court today in a trial which may cost them their heads.

An example of rigid military hearing was set for the defendants by Martin Weiss, handsome black-haired SS officer who once commanded the horror camp where it is estimated the bodies of 200,000 persons were consumed in crematories.

When the eight-officer court called upon Weiss to identify himself, the German snapped to attention and spit out his name, age and other particulars in a sharp voice.

With few exceptions, the others imitated his demeanor. Each defendant was given a large white card bearing a number which will serve as identification throughout the trial. Lt. Col. Douglas T. Bates of Centerville, Tenn., heads defense counsel.

Prosecution witnesses include former inmates of Dachau brought back from seven countries to testify. The eight officer members of the trial court will serve both as judges and jury. They previously sat in a case which resulted in the death sentence for a Nazi convicted of killing captured American fliers.

The first transoceanic shipment of oil was one of five barrels from Philadelphia to London in 1861. Guatemala is the northernmost of the central American republics.

Servicemen Back From War File At Draft Board

Home from the wars in the Pacific and the European theatres are nine Big Spring boys who have recently filed discharges with the Selective Service Board. Their names and service records include: Charles A. Frost, S-Sgt., 48th Armored Medical Battalion, enlisted June 5, 1942; Sicily, Normandy, Northern France, Ardennes, Rhineland, Central Europe campaigns; EAME Service medal, Belgian Fourragere; two years, nine months foreign service.

James C. Dunlap, Pfc., 243rd AAFBU, enlisted Oct. 7, 1942; American Theatre Service medal. Lt. R. H. Weaver, Air Corps, enlisted March 12, 1944, one year, seven months in service.

Lt. Walter Witter McCormick, Transportation Corps, enlisted April 5, 1943; A-P Theatre ribbon with Bronze Star; one year foreign service.

Abner E. Hamill, Pfc., 230th Field Artillery Battalion, entered service June 28, 1943; Rhineland, Ardennes, Central Europe, Normandy, Northern France; EAME Service medal, certificate of merit; one year, six months foreign service.

Johnie B. Snider, Pfc., 349th Infantry, entered service Sept. 20, 1942; Rome-Arno, northern Appennines, Po Valley campaigns; EAME campaign medal with three Bronze Stars; one year, nine months foreign service.

Roy Knappe, S-Sgt., 2500th AAFBU, enlisted June 10, 1941; American Defense ribbon; four years, four months in service.

Curtis I. Driver, Cpl., 4000th AAFBU, enlisted Sept. 14, 1942; two years, two months in service.

Haskell O. Hudgins, Pfc., 335th Engineers General Service Regiment, entered June 10, 1942; Rhineland, Southern France, Naples-Foggia, Rome-Arno, Central Europe campaigns; EAME Service ribbon and one Silver Service Star; two years, six months foreign service.

Governor Proclaims Admiral Halsey Day

AUSTIN, Tex., Nov. 14 (AP)—In honor of the visit of Admiral William F. Halsey to Houston on Nov. 17, Gov. Coke Stevenson proclaimed the day "an opportunity to pay homage to a distinguished guest" and called on all Texans to join in the celebration.

In his proclamation, Stevenson said: "All Texans are familiar with the brilliant naval record of Admiral Halsey, and has followed his career from the Marshalls and the Gilberts, through the Solomons, the Battle of Guadalcanal, and Leyte, on to the day of victory over Japan. It is gratifying to Texans to have the occasion to play host to one beloved by many of our fighting sons as their leader. "Therefore, I proclaim Saturday, Nov. 17, as Admiral Halsey Day."

HOT PROGRAM IN TUNE WITH FIRE

JOILET, Ill., Nov. 15 (AP)—Firemen who responded to an alarm from a hotel grill room performed their duties with musical accompaniment.

As they dashed into the room, the firemen saw sparks coming from a short circuited light fixture. They studied the situation as musicians played, "Dear, Dear, What Can the Matter Be?" Then they broke into "The Daring Young Man on the Flying Trapeze" as two firemen climbed a ladder to investigate. And when an electrician sauntered in to give aid, he was greeted with "I Don't Want to Set the World on Fire."

Colombia is the only nation in South America with both an Atlantic and a Pacific seaboard.

Only two refineries in the United States made 100-octane gasoline before the war.

Commission Issues Proration Orders

AUSTIN, Tex., Nov. 15. (AP)—A statewide proration order issued by the railroad commission today is calculated to result in daily production next month of 1,938,369 barrels of crude oil. Average daily allowable beginning Dec. 1 will be 2,029,707 barrels but estimated underproduction of 4.5 per cent of allowable will reduce estimated daily flow of crude to 1,938,369 barrels or 1,631 more than the Bureau of Mines estimate of December crude demand. Production of 163,000 barrels daily of natural gasoline and distillate will increase the total petroleum liquid production to 2,101,369 barrels daily or 161,369 barrels more than the Bureau of Mines total estimate of petroleum liquids for December. Average daily allowable reported by the commission for the week ended Nov. 10 was 2,026,372 barrels. December's production pattern includes 25 general producing days and 20 for the East Texas field. In November there were 24 general producing days and East Texas had 20. The Panhandle remains exempt from closing days next month.

OPA Raises Ceiling On Two Cattle Feeds

WASHINGTON, Nov. 15 (AP)—Farmers will pay 75 cents a ton more for two types of cattle feeds beginning Nov. 20. Announced today by the OPA, the increase applies to linseed oil pellets and peanut oil pellets. It was granted, the agency said, to encourage production of these feeds.

Seeking The "Saviour" LOST BATTALION VETS THANK DUTCH DOCTOR FOR THEIR LIVES

By ROGER W. FORE DALLAS, Nov. 15 (AP)—Veterans of the famed Texas "Lost Battalion" are seeking the man they call their "saviour", a Dutch doctor who outwitted their Japanese captors and the effects of the Burma jungle to save the lives of several hundred war prisoners. The Texas field artillerymen now home say if the government won't honor the heroic Dr. Henri Hekking with a medal, they'll pitch in and present him with something ourselves. Sgt. H. T. Wright of Corpus Christi, now in Dallas on a visit, acted as spokesman for the battalion, officially known as the Second Battalion, 131st Field Artillery, 36th Division. The unit was captured on Java in early 1942 and were kept Jap prisoners for three and a half years, before being liberated in Siam. Wright said that the doctor "rates the highest medal this country can give. The sergeant said that after the battalion was captured and moved from Java, most of the men were down with dysentery. "Dr. Hekking joined us in Burma, immediately took over and commenced pulling us through," Wright related. "He picked herbs in the jungle and made medicine out of them. He stole medicine for us from the Japs. He was constant-ly at the side of the sick—and there were plenty of them. All of us came down with various jungle diseases, and it was only Dr. Hekking's cheerfulness and determination that pulled us through. Despite the Dutch doctor's efforts, Wright said, a third of the "Lost Battalion's" approximately 500 prisoners died.

Convention Accepts Melton's Resignation

FORT WORTH, Nov. 15. (AP)—The executive board of the Baptist General Convention accepted "with regret" the resignation of the Rev. W. W. Melton last night as executive secretary. Reverend Melton will accept the pastorate of the Columbus Avenue Baptist church in Waco. Executive secretary for the state organization for the past five years, Rev. Melton agreed to serve until Jan. 1, 1946, in event a successor is not picked before that. Before assuming the Baptist office, he had been pastor of the Seventh and James Street Baptist Church in Waco for 30 years.

Christ Ambassadors Convention Planned In City Auditorium

Plans are set for the annual district Christ Ambassadors convention of the West Texas District of the Assemblies of God, which will convene in the municipal auditorium Monday through Wednesday. The eighty churches in the district and approximately 20 more will be represented with persons coming as far as eastern New Mexico. Dr. Cecil J. Lowry of Oakland, Calif., is to be the guest speaker. He is a lecturer on Subversive Isms and has spent some time in Dies Committee room. He has traveled extensively lecturing against Evolution and is the author of a number of books. Rev. Lowry holds two doctor degrees and is a member of three Scientific Societies.

Rev. Frank J. Mack of Lubbock district Christ Ambassadors president and Rev. Homer Sheats of Lubbock, district superintendent of Assemblies of God, will be present. Rev. J. O. Yeatts is the host pastor. Opening service will be at 7 p. m. Monday and Tuesday at 2 p. m. a "welcome home for veterans" service is scheduled. Meetings are to be held at 10 a. m., 2 p. m. and 7 p. m. each day and everyone is invited to attend.

Hitler's Silverware On 'Victory Loan'

By The Associated Press
Victory Loan train No. 6 will visit 14 Texas cities Nov. 21 to Dec. 3, carrying a special exhibit of Adolf Hitler's collection of silverware.

The collection, taken from Hitler's house at Munich, was loaned to the Treasury Department for the current Victory Loan drive. The train also will carry facsimiles of the Japanese and German surrender documents.

An Army Air Forces armada of 12 planes comprise another Victory Loan incentive, "Wings of Victory," to visit Texarkana Dec. 1-2 and Longview Dec. 4. The planes, which include a B-29 Superfortress, a B-25, P-38 and a glider, will be open for inspection. Pilots and crew comprised in part of overseas combat veterans, will conduct tours and explain the operation of the

ships. Meanwhile, Nathan Adams, state chairman of the drive, announced that Texas has met 16.8 per cent of its 90 million dollar E bond quota, or \$14,839,996.25.

Applies To FCC

WASHINGTON, Nov. 15 (AP)—The Austin Broadcasting company has applied to the Federal Communications Commission for authority to operate a radio station on 1300 kilocycles, one kilowatt power, on unlimited time.

Rites Scheduled For W. E. Harper At Baptist Church

Services will be held at the First Baptist church Friday at 3 p. m. for W. E. (Bill) Harper, 59, who died at 6:45 a. m. today after an illness of several weeks.

Born in Carbon, Eastland county, Texas, Mr. Harper came to Big Spring in August of 1905. From that time until six years ago, he was engaged in the drayage and transfer business. More recently he was associated with the Higginbotham-Bartlett Lumber company. Surviving are his widow, Mrs. Lula Digby Harper; two daughters, Mrs. Paul Bradley and Mrs. Marshall Byerley, Big Spring; and four sons, R. W. Harper, Kemp; Claude E. Harper, Odessa; Coxswain James C. Harper, USN; Cpl. Paul M. Harper, USMC.

He also leaves his parents, Mr. and Mrs. J. R. Harper, Carbon, and these brothers and sisters: Mrs. Ethel Grant, J. H. Harper, Mrs. Lillian Digby, Big Spring; Mrs. Ellis Reed, Carbon; Mrs. Alice Hanson, Eastland, Jim Harper, Temple, and Isaac Harper, Ozona. Other survivors include 15 grandchildren and one great-grandchild.

The Rev. P. D. O'Brien, pastor of the First Baptist church, will officiate, the choir will furnish music and Nalley Funeral home will be in charge of arrangements. Pallbearers will be L. W. Croft, Jimmy Jennings, R. V. Forsyth, Dr. Otto Wolfe, Olin Lewis, Nathan Riffin, Mark Harwell and Louis Sullivan. Burial will be in the IOOF cemetery.

Saturday We Will Decide on the Junior College

Just what is proposed and what will it do for Howard County?

- What Is The College** A junior college offers two years of college level training of a type that credits are transferrable to senior institutions and which at the same time meets needs of its particular area.
- Extend Education** The college would mean two more years of advanced education for our youth. It would offer pre-professional training as well as vocational education. It has adult education possibilities.
- Vocational Training** The vast majority of people go into vocations. A vocational program in a junior college would train many young people to step into occupations right here at home.
- Equalizing Opportunity** Only about 30 per cent of high school graduates now attend college. The reason is chiefly financial. Cost of college training right here at home would extend college opportunity.
- Personalized Education** In the smaller institution, instructors come in close personal contact with students. This affords a means of understanding and inspiration as well as sound guidance.
- Progressive Trend** The junior college movement is the fastest growing in American education, because it meets a need to carry higher education to the people. Educators agree it is a progressive trend.
- Improve Our Area** More sound education is a need of democracy. Moreover, statistics prove that it develops an area and where education is highest, business is best.

Your investment would be only \$2 per year on each \$1,000 of tax valuation.

Hunting New Source—

Reds Claim Highly Important Discovery In Atomic Research

By EDDY GILMORE
MOSCOW, Nov. 15. (AP)—Highly important discoveries which may well have a direct bearing on Russian explorations in the field of atomic energy were reported today from Mt. Alagos on the shores of Lake Karagel in the Armenian Socialist Republic.

The government newspaper Izvestia said that an expedition engaged in studying the cosmic rays had discovered that cosmic rays knocked protons out of lead. The report said this discovery "is of

outstanding interest." (It did not explain why. Protons are heavy, positively charged bits of electricity and one of the three kinds of primary particles which form all chemical elements. Lead is among the heavy chemical elements whose splitting, if it could be done, probably would yield enough atomic energy for either bombs or power. Allied experiments have shown no means of splitting lead atoms. The appearance of protons when lead atoms are hit by cosmic rays is not necessarily a sign of splitting.)

Izvestia said the Russian scientist Peter Kapitzka, the Soviet Union's foremost expert in atomic research, had played a leading role in the building of a power magnet for the expedition.

Kapitzka studied and worked for 13 years at Cambridge as a protégé of the late Lord Rutherford, famed British scientist and one of the pioneers in experiments of radio activity, transmutation of elements and splitting the atom.

For some time it had been reported that Kapitzka was working on atomic research in the Armenian mountains.

Izvestia said the current work began last August, the month in which the first atomic bomb was dropped on Japan by the U. S. Air Forces.

Suicide Verdict Is Returned In Death

HOUSTON, Nov. 15. (AP)—Richard D. West, Jr., 23, of Port Arthur, veteran Merchant Mariner who served for five years on both the Atlantic and Pacific, was found shot to death here today in his car on Eagle street. A .22 caliber rifle was clutched in the man's hands. He had been shot through the right temple. Justice W. C. Ragan returned a verdict of suicide.

Openings At Post Listed By USES

Ten openings at the Big Spring Bombardier school have been listed with the local US Employment Service office. Persons interested in applying for these jobs are asked to call at the USES office immediately.

Four clerk typists, three clerk stenographers, two teletype operators and one guard are the positions that need filling.

American nationals own about 87.7 per cent of the world's present proved crude-oil reserves, estimated at almost 64 billion barrels.

Wedemeyer, Bob Fenimore Bid For Award

DALLAS, Nov. 15 (AP)—Oklahoma A. & M.'s Bob Fenimore and Georgia's Reid Moseley are threatening to upset precedent by repeating as total offense and pass-receiving champions respectively in the nation's college football.

Last year Fenimore left the field far behind as he set an all-time average gain of 219.8 yards per game. He has bettered that rate of rushing-passing advance this season, having traveled at a 233.2-yard clip through his first five games, yet he is just 42 yards ahead of Herman Wedemeyer of St. Mary's.

Moseley wound up with 32 catches in nine games last fall—six more than his nearest competitor. He, too, is going even better in the current campaign, after a slow start, with 21 snared in six contests, but has been unable to shake the challenge of Hubert Bechtel of Texas and Dennis O'Connor of St. Mary's, who are tied at 20 each.

Figures released today by Homer F. Cooke, Jr., director of the National Collegiate Athletic Bureau, covering all games through Nov. 3, show Fenimore and Wedemeyer far out in front in total offense, Fenimore with 1,166 yards on 137 plays, and Wedemeyer with 1,124 on 141 in six games. In third place is Allen Dekobrun of Cornell with 960 yards on 199 plays.

Walt Schlinkman of Texas Tech stood fifth in rushing with 592 yards to his credit. Preston Smith of Texas A. & M. was eighth with 550 yards.

Leon Joslin of T.C.U. was fifth in forward passing, completing 38 out of 72 tries, Jack Price of Baylor sixth, 35 completions out of 63 attempts, and Howard Maley of S. M. U. eighth, 34 completions out of 73 tries.

Hubert Bechtel of Texas was second in pass-receiving, catching 20 for 336 yards, Gene Wilson, S. M. U. seventh, 15 for 126, and Paul Page, S. M. U., ninth, 14 for 189.

Maley of S. M. U. was fifth in punting, averaging 40 yards on 45 punts.

Ryder Cuppers Appoint Wood

CHICAGO, Nov. 15 (AP)—The American Ryder Cup team, which probably will not meet its British rivals until 1947, will be captained by Craig Wood, winner of the last pre-war national open golf title.

Wood, appointed yesterday at the closing meeting of the Professional Golfers' Association of America, will defend his national open title next June over Cleveland's Canterbury Club course.

Hog Back Lost

FAYETTEVILLE, Ark., Nov. 15 (AP)—J. C. Baldwin, a starting back, has been lost to the University of Arkansas football squad for the remainder of the season due to a wrist fracture.

The freshman from Pine Bluff suffered a re-fracture of his wrist in the Rice game Saturday and an X-ray revealed a complete fracture yesterday.

Arkansas plays Southern Methodist University at Dallas Saturday.

Steers Labor Hard For Two Weekend Tests

Taking advantage of perfect Autumn weather, the Big Spring high school football Steers went through a lengthy workout Wednesday afternoon in their own arena in preparation for two games this weekend—their Friday afternoon game with Abilene and the second stringers' outing with Midland's reserves here Saturday night.

Word drifted in from Taylor county that Jake Bentley's War Birds will be at full strength for the Steer battle for the Longhorns. That constitutes maldidings for John Dibrell and his gang. One of the Eagles' star linemen has been hospitalized since the opening game of the campaign but was recently pronounced fit and ready.

The Bovines should be in near top shape for the encounter, too. Of course, Pete Fluglar and Don Webb, guard and back, respectively, have retired for the semester and D. D. Douglass, regular wing, has been feeling badly all week, but the remainder of the squad appears to be in fine fettle.

Dibrell will gather up his charges around 8:30 o'clock Friday morning to leave for Abilene. The game is booked to get underway at 2:30 p. m., first afternoon game of the campaign for our troops.

Saturday's Midland-Big Spring clash should prove most arresting to the local clientele. The clans shape up as even-Stephen.

Midland lost to Odessa's Hosses, then retaliated with an impressive win against the same club. Big Spring invaded Odessa to drop a 19-6 test, then slugged the Odessans in a return go, 20-0.

Strong, Steady Sales Reported At Auction

Cattle sales at the Big Spring Livestock Commission auction Wednesday were strong with a steady market as officials estimated a \$45,000 business.

Fat bulls sold up to 11.40; fat cows up to 12.00; fat butcher yearlings up to 13.50; stocker cattle strong in all classes.

DO FALSE TEETH Rock, Slide or Slip?

FASTTEETH, an improved powder to be sprinkled on upper or lower plates, holds false teeth more firmly in place. Do not slide, slip or rock. No gummy, sooty, pasty taste or feeling. FASTTEETH is alkaline (non-acid). Does not sour. Checks "plate odor" (denture breath). Get FASTTEETH at any drug store. (adv.)

Cavarretta, Chi Ace, Referred Top Award

NEW YORK, Nov. 15 (AP)—Phil Cavarretta of the Chicago Cubs, who hit an unofficial .355 during the past season and then whaled the ball for a 423 mark in the world series against Detroit, has been voted the National league's most valuable player for 1945 by an overwhelming margin.

The 29-year-old first baseman received 15 first place votes, seven seconds and one fifth out of 24 ballots cast by a committee representing the Baseball Writers' association. He will be the second recipient of the Kenesaw Mountain Landis memorial plaque, which first was awarded last year to Marty Marion, St. Louis Cardinals' shortstop.

Cavarretta's total of 279 points out of a possible 336 placed him far in front of Tommy Holmes of the Boston Braves, who ran second with 175.

Charley (Red) Barrett, St. Louis pitcher who won 23 games, placed third with 151 points, and Andy Pafko, Cubs' centerfielder, was fourth with 131. George "Whitey" Kuroski of the Cards ran fifth with 90 points.

Following are the point scores for the high 10, based on 14 points for first, nine for second, eight for third, and on down to one for tenth place. (First place votes are in parentheses):

Cavarretta, Cubs (15)	279
Holmes, Braves (3)	175
Barrett, Cards (1)	151
Pafko, Cubs (4)	131
Kuroski, Cards	90
Borowy, Cubs (1)	84
Wyse, Cards	72
Marion, Cards	69
Walker, Dodgers	66
Rosen, Dodgers	56

Dischargees Return To St. Louis Clubs

ST. LOUIS, Nov. 15 (AP)—There was welcome news today in the office of both of St. Louis' major league baseball clubs.

The St. Louis Cardinals announced that pitcher Murray Dickson and George Fallon, infielder, have been discharged from the Armed Forces, and that Capt. Johnny Beazley, 21-game winner in 1943, has written that he expects to be released soon.

The Browns received word from Bob Dillinger, prize rookie infielder from Toledo that he has been returned to civilian life.

National Football League Stands As Models For New Pro Families

By JERRY LISKA
CHICAGO, Nov. 15 (AP)—With 25 years of survival-of-the-fittest history behind it, the National Football League stands a time-tested model for proposed rivals seeking to grab box-office gold in the postwar boom.

The potent, efficient National circuit of today only faintly resembles the charter group of 11 rugged independent teams which banded in 1920, lured by the promise of profits in the lush days after World War I.

Of these pioneer outfits, only three survived—the Chicago Bears and Cardinals and the Green Bay Packers. At that, the Bears made their debut as the Decatur, Ill. Staleys.

Actually 1920 simply was a year of jockeying into position for the new league. With the immortal Jim Thorpe as president, the lineup included the Cardinals, Staleys, Canton Bulldogs, Cleveland Indians, Dayton Triangles, Akron Professionals, Massillon Tigers, Rochester, N. Y., Rock Island, Ill., and Hammond, Ind.

The following year the circuit was reorganized. Joe Carr was elected president and Buffalo, Green Bay, Detroit, Columbus and Cincinnati were added while Muncie, Massillon and Hammond dropped out.

The 1920 meeting was held in a Canton (Ohio) automobile agency. As they handed over a paltry membership fee of \$50 and wrangled over the league's formation, the merging club bosses were perched on automobile running boards and fenders.

Today the league exacts a \$50,000 membership fee, meets in the finest hotels and even sets up a parking place for the press.

Although the league started play in 1920, it lists 1921 as the first official season. That year the Bears won the championship with 10 victories, one defeat and a tie.

The following year was a stormy one for the infant organization, but a year that brought developments destined to have far-reaching effects.

George Halas' Staley A. C. franchise was shifted to Chicago and the team became the Chicago Bears. J. E. Clair, a meat packer, turned back the Green Bay franchise in a dispute over alleged use of ineligible players and it was grabbed by Earl (Curly) Lambeau, a shipping clerk in Clair's plant.

Both Halas and Lambeau still run the professional show in their respective cities and their ancient rivalry still is the league's life blood.

Also in 1922, as a Chicago newspaper carried a story in which A. A. Stagg boasted the Big Ten would "break the professional football menace," the loop changed its name to its present National Football League title.

Seven new teams went to the post in 1922. The mob scene continued in the array of entries until 1927. During those five years everybody, it seemed, wanted to get into the act. In 1923 there were 20 members, including Oorang, Ind. The membership dropped to 18 in 1924, but jumped to 20 the following year and in 1926 reached an all-time high of 22, a coast-to-coast affair with Los Angeles holding solitary sway in the far west.

Came 1927 and a sharp streamlining of the league. Eleven clubs withdrew and Brooklyn's franchise was transferred to C. C. Cash and Carry Pyle whose New York Yankees boasted the great Red Grange.

By 1933, the league was really standing on its feet and boosted the membership fee to \$10,000 while dividing the circuit into Eastern and Western divisions and introducing the championship playoff.

After that, the league became strictly a big business venture. In 1940, it boosted the membership fee to \$50,000 and the following year named Elmer Layden, former Notre Dame coach, as commissioner of professional football at \$20,000 annually.

Today the league exacts a \$50,000 membership fee, meets in the finest hotels and even sets up a parking place for the press.

Forty-five Day Season Begins Friday Morn

The mass exodus is on! Big Spring sportsmen have been departing all week for the prolific deer hunting grounds to the south and west where Friday morning at daybreak the hunting season for that type game officially opens.

Some of the nimrods did not await the starting gun of the Texas season, instead embarked on expeditions into the wilds of New Mexico where an abbreviated season has already begun.

One of those is Sheriff Bob Wolfe, who recently spent several days in the neighboring state, tracking down the elusive creature.

Many a local sportsman will return to familiar haunts in and around Mason county, where deer is reported to be most plentiful. That section of the state is, attracting Carl Blomsheld and party, who have already set up their base of operations in the wilds around Mason.

A group composed of Don Bohannon, George Hall, Reuben Goodspeed, H. N. Rainbolt, Pete Howze and Ward Hall showed off for Mason county this morning, the country west of the Pecos river where George Hall bagged one of the biggest deers ever felled in Texas. However, the party elected to go south this time and will try its luck around Mason and Junction.

Howze and Ward Hall only recently returned from the Dakotas where they spent several days hunting pheasant.

A safari headed by Elton Taylor will wait until Monday and invade the wilds in Southwest Texas, where the deer season does not get underway until that day. Accompanying Taylor will be Bob Piner, H. W. Smith, Frank Powell and Dr. P. W. Malone.

Walter Bailey, Albert McKinney, Mark Crow and Melvin Loudamy constitute a party that shoves off today for Camp Wood in Uvalde county. They will be gone several days.

One of the largest groups is headed by Dr. G. T. Hall, who annually leases one of the big game preserves in Mason county. G. H. Hayward, Joe Flock and Dr. G. H. Wood were to accompany Hall to that section.

Otis Grafa was reported to be in New Mexico in quest of elk. Departing Big Spring this morning for the Mason preserves was a unit composed of T. B. Atkins, Dewey and Rube Martin, Lester Newton, Boone Horn and J. B. Stallings. Their odyssey was to extend over four or five days or, as Atkins put it, "until we get a deer."

Another party that hit the trail this morning had in it Andrew J. Wilson, his son, Otis, and Carl Parker. They were to cruise as far as Uvalde where fishing as well as hunting was on the schedule.

been hoarding their ammunition for the big event. Shells are still critical items throughout the country and are expected to remain as such throughout next spring.

All the nimrods are hoping for cooler weather. If the temperatures remain high, the sportsmen are going to have to rush their kills to cold storage as quickly as they fell them. This is one time of the year that the average hunter would revel in freezing weather.

A record Texas kill is anticipated, what with the lifting of gasoline rationing and the end of the war. The death toll of the deer can be expected to exceed 40,000 for the season which, incidentally, extends through Dec. 31 in the counties east of the Pecos river. West of the Pecos, the season extends only from Nov. 19 through Nov. 24.

East of the Pecos, the bag limit is two bucks a season, west of that august river the kill must be limited to one white tail, one black-tail or a mule-tail deer a year.

Other Howard county men who have been issued hunting licenses and who are slated to embark on expeditions before the season becomes history include Jim Anthony, J. R. Anthony, E. E. Freeman, Ben A. Funk, Ray Mastayer, Albert Collins, Joe Roberts, Jr., Fred Toomey, Harry Wheeler, George Choate, R. C. Clark, Sam McCombs, D. M. Penn, James Roy Clark, Sam Refner, Bob Satterwhite, T. G. Adams, Chester Wright, H. R. Haygood, Elmer Boatler and Byron Housewright.

Plowboys Tangle With SMU "B's"

STEPHENVILLE, Nov. 15—John Tarleton's Plowboys, who broke into the victory column last week by trouncing Allen Academy, clash with the "B" team of Southern Methodist University in their final home football game of the season here Friday.

One of the starting ends for the Plowboys is expected to be Dwight Painter, Forsan youth.

LOOKING 'EM OVER

With ANGUS LECESTER

One season in the misty ago when Donie Bush was skipping the Cincinnati Reds and the man-swarm along the Wabash were lamenting the fact that their pride and joy couldn't lick any outfit save the Girl Scouts, the one bright spon in Donie's life was a bespectacled hitter by the name of Chick Hafey.

The fact that the Reds were never able to put two victories together didn't seem to worry Hafey. He was the scourge of the National league pitchers and he was most apparent of it.

Bush's tribe finally skidded into New York City on a disastrous road trip and the unhappy little mentor, finding out that the great Carl Hubbell was going to toe the slab for the Jints in the opening bout of the series, called his troops together for a council of war.

Gravely, he assumed the rostrum and began to speak his piece, looking out over his flock with mournful eyes.

"Well, team," he started, "I don't need to tell you, you're coming up against a great pitcher to-day. You've all heard of Hubbell, so we won't go into that. Just this one thing I gotta say. Lay off Hubbell's screw ball. You can't hit it, so leave it alone."

He took inventory of the reaction his sermon was having on his charges. The silence was awesome. Ultimately he looked at Hafey. The great one's face was half hidden in a comic strip. Obviously, the star gardener was paying little attention to the proceedings.

"Ain't that right, Chick?" Bush queried in the slugger's direction.

"What's that, Donie?" replied Hafey, diverting his attentions from Mutt and Jeff to plunge into the discourse.

"I said: Lay off Hubbell's screwball. You can't touch it, so leave it be."

"Hubbell?" Hafey snorted, "Nells Bells, I can hit Hubbell any day. I can hit any pitcher in baseball. I'm the greatest hitter in baseball."

Bush almost swallowed his cud. Finally after it looked like he was going to perish from, apoplexy, he directed his attentions back to his common herd.

"Allright," he bellowed in pressurized tones, "but that goes for the rest of you. Don't hit Hubbell's screwball. The greatest hitter in the world over there can hit what he wants. But, YOU, lay off."

Hafey proceeded to go out on the playing field that day and whack out three solid base blows in four tries against the King of the Lefties. He went on to hit about .370 for the season. Until his eyes gave out on him, he was considered to be one of the great batmen of the national pastime.

Dwight Painter, the Forsan lad who went to Stephenville this year and made John Tarleton's first string football team as an end, will be a professional baseballer if his father, G. F. Painter, has anything to do with it.

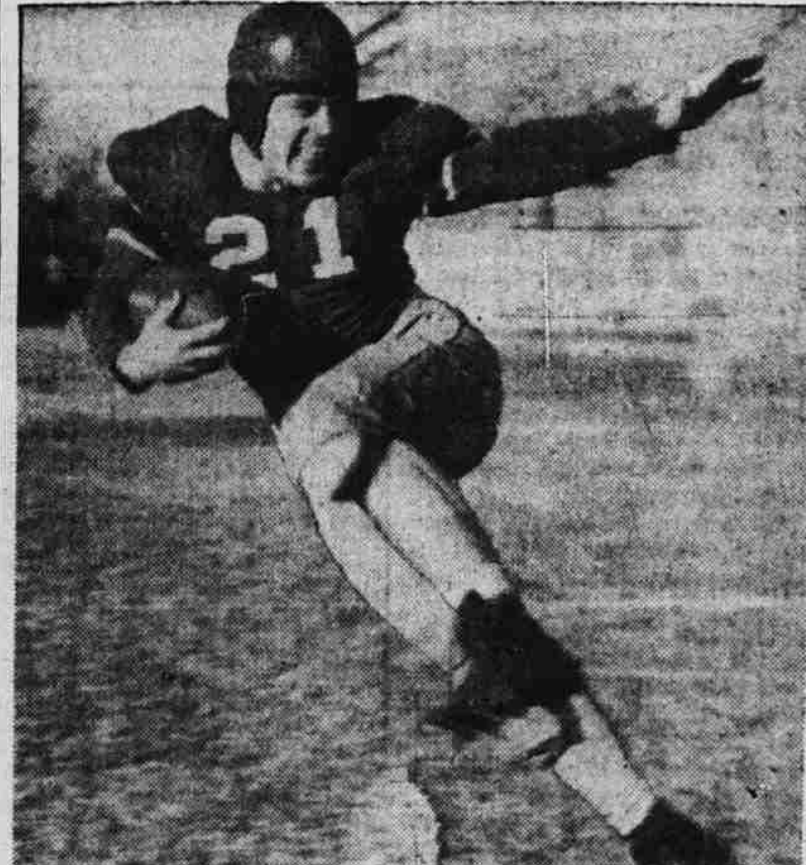

The senior member of the Painter clan played the diamond sport for more than a decade, was manager of the Continental Oil Independents of Forsan in the late 30's.

Through last week's game with Texas A&M, Howard "Red" Maley had a punting average of 40.5 yards in 52 attempts. If he maintains that mark all season, he'll rank with the Baughs, the Johnstons and the Eakins as the best the Southwest Conference has ever known.

Maley booted seven times against the Farmers for a total of 308 yards. That makes for an average of 44 paces.

Lithium is the lightest of metals—a cubic foot of it weighs only 33 pounds, as compared with 108 pounds for the same amount of magnesium.

Call JACK at 109 for PRINTING (Adv)

Walter Schlinkman, Texas Tech's mighty man, has rolled up 729 yards net carrying the ball against the toughest competition the Southwest has to offer, to become one of the greatest backs in the nation this season. He also has run kick-offs back 142 yards; intercepted five passes for 63 yards, and returned three punts 19 yards for a total of 953 yards gained in operations against eight foes. Last week Schlinkman personally led Tech to a 12-0 victory over Texas Christian of the Southwest conference by netting 137 of the 138 yards his team made. He has played much of the season with an arm and shoulder injury. (AP Photo).

Hughey Devore To Annapolis?

By HUGH FULLERTON, JR.

NEW YORK, Nov. 15 (AP)—Hot-test current football tip is that Notre Dame's Hughey Devore is all set to switch to Navy next season. . . . Frank Leahy will be back at South Bend then; Devore would like to continue as a head coach; Swede Hagberg is slated for sea duty and there has been plenty of semi-official talk that Navy would like to follow Army's example and get away from graduate coaching.

Add 'em up and what do you get? . . . You can discount the stories that Devore might go to Syracuse or Fordham. . . . Ossie Solem is on his way out at Syracuse, but the soundest story from there seems to be that the college more likely will take somebody who has been a good assistant coach and try to build him up along with the team. . . . All signs at Fordham indicate that big-time football won't come back soon, if at all.

Suggestion Box— "As the All-America eleven just name Army's Blanchard and Davis and pick the other nine to play a baseball game. . . . To make it closer, Army should play six-man football against the opponents' eleven."—(Scop L. Gimer, Greenville, S. C., News.)

A Natural— Johnny West, Oklahoma U. tailback who pegged the pass that beat Iowa State last Saturday, became the father of a real football baby Sunday night. . . . John Ivey West, Jr., was born on the eleventh day of the eleventh month; he was the eleventh baby born in Oklahoma City that day in room No. 371 (it adds to eleven) in the hospital. He weighed seven pounds, eleven ounces. . . . Naturally, Papa figures when Kid West grows up he will pass.

In 1918, the military forces of the allies consumed about 39,000 barrels of gasoline a day. In World War II, the total was 800,000 a day.

The first Europeans to visit the new world found the Indians collecting and using petroleum.

Hartley's Routs Schlitz Quintet

Hartley's quintet smothered Schlitz in three games Wednesday evening at the West Texas Bowling alleys to converge on the Women's Bowling league title.

The all-conquering five had an aggregate score of 1,750 pins for their evening's work.

In other contests, Hi-Way declined Hester's in two of three tries while Seven-Up came in with the same margin over the Couden Oilers. Seven-Up reported a single high game of 617 pins.

Gypsy Smallwood of the Seven-Up squad had a 214 for an individual high score while Edna Drennon, Hi-Way star, put together three sterling counts for a 522, tops in that bracket.

The world to date has produced more than 46 billion barrels of oil, with the U. S. accounting for 30 times as much as the rest of the world.

Husbands! Wives! Want new Pep and Vim?

Thousands of couples are weak, worn-out, exhausted easily because body lacks iron. For iron, vitality, try Creolite Tablets. Contains iron, zinc, may be used for pep; also supplies vitamin B₁₂. Low cost! Introductory size only 50c!

At all drug stores everywhere—in Big Spring, at Collins Bros. Drug Store.

Preps' Spotlight On Marshall Tilt

Leveling-Up Process Due In Most Circuits; Odessa-Lamesa Bout Tops West Tex. Card

By The Associated Press
Barring upsets, there will be few changes in the district races of Texas schoolboy football this week as the field comes up with the shortest schedule of the year.

However, there is due to be a leveling up process all along the line with several teams scheduled to clinch at least a tie for the championships. The top game will be at Marshall where the Mavericks play Longview in a battle between unbeaten teams in District 11. Longview has one tie on its record and Marshall could tie Longview and win the title by beating Tyler a week hence. Longview, on the other hand, could take the championship by defeating Marshall, then knocking over Gladewater next week.

Marshall comes up to the important game with Longview with star back Billy Dinkie in a hospital with the flu.

The nine undefeated elevens in the state all appear able to keep their records intact. Among the undefeated and untied Odessa plays Lamesa, Paris engages Bonham, Lufkin meets Livingston, Milby (Houston) takes on Gladewater and Brownsville plays McAllen.

Of the four teams that are undefeated but have been tied, Highland Park (Dallas) meets Arlington and Pampa engages Borger. The other two—Galveston and Wichita Falls—have no games this week.

Out in District 3 Odessa can clinch at least a tie for the title by beating Lamesa. It's the same for Paris in District 5.

In other district upsets of runner-up teams could either clinch honors for the leaders or make them virtual certainties.

There are 39 games on the schedule with 35 of them conference affairs.

The week's schedule by districts:
1—Friday: Pampa at Borger (conference), Plainview at Brownfield.
2—Friday: Childress at Olney (conference), Graham at Vernon (conference).
3—Friday: Cisco at Midland, Big Spring at Abilene (conference); Saturday: Odessa at Lamesa (conference).
4—Friday: Bowie (El Paso) at Ysleta (conference).
5—Thursday: Bonham at Paris (conference); Friday: Gainesville at Denison (conference).
6—Friday: McKinney at Denton (conference), Arlington at Highland Park (Dallas) (conference).
7—Thursday: Poly (Fort Worth) vs. Ft Worth Tech (conference); Friday: North Side (Fort Worth) vs. Arlington Heights (Fort Worth) (conference).
8—Thursday: Sunset (Dallas) vs. Forest (Dallas) (conference); Friday: North Dallas vs. Adamson (Dallas) (conference); Saturday: Crozier Tech (Dallas) vs. Woodrow Wilson (Dallas) (conference).
9—No games scheduled.
10—Friday: Waxahatchie at Temple (conference), Cleburne at Waxahatchie (conference).

Special Prizes Given Owners Of Fair Stock

DALLAS, Nov. 15 (AP)—Dallas business firms gave special prizes to owners of prize-winning stock at the greater Pan American Hereford exposition this week.

Among boys receiving calves were Gerald Thomas of Corsicana, William Fischer, Alice, and Billy Bridges, Victoria.

How To Relieve Bronchitis

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

From where I sit... by Joe Marsh

Only one side to our railroad tracks

Folks who are better off in our town live on the west side of the railroad tracks. We've got a lake there, and the local park, and some real nice land.

There used to be a phrase "from the wrong side of the tracks." It meant what you think... but you don't hear it any more. Not since Charlie Jenkins came home with the Purple Heart, and Willie Wells got the Silver Star. There isn't any "wrong side" of the railroad tracks now!

And that change is going on all over America... where our heroes have come from obscure homes... and greatness has overshadowed wealth and shallow social definitions.

From where I sit, it all comes down to tolerance... tolerance for what a man is and does... tolerance for his freedom and opinions, whether he's rich or poor, likes beer or cider, Shakespeare or the comic section. It's a great thing—tolerance!

When your ears turn red
And your nose turns blue,
The time to get anti-freeze
Is way past due!

Remember, you can never put in anti-freeze too early—but you can think of it too late. Protect your car with DuPont "Zerex" or War Emergency "Zerone" today.

\$1.40 a gal. War Emergency "Zerone" gives thorough protection against rust and corrosion as well as freezing. Until regular "Zerone" returns (this season's production went to war), there's no better buy at the price. Remember, it's made by Du Pont.

\$2.65 a gal. A limited supply of "Zerex," Du Pont's non-evaporating anti-freeze, is now available. "Zerex" won't boil out. One filling lasts all winter. Gives complete protection against rust and corrosion—won't form sludge or clog radiators.

DUPONT BETTER THINGS FOR BETTER LIVING... THROUGH CHEMISTRY

"ZERONE" AND "ZEREX" ANTI-FREEZE

Pattern Or No Pattern

With The News

by Dewitt Mackenzie
AP Foreign Affairs Analyst

Danger signals fly high over shattered Germany as winter closes in with its stark hunger and other privations which hold their threat of revolt. This crisis finds Allied administrations falling short of full efficiency, due largely to France's inability to agree with numerous measures until assured that her allies will support her proposal for international control of the Ruhr and French occupation of the Rhineland. This divergence is now under discussion between America and France in Washington.

Appropos of this critical situation I have a letter from an old friend—a trained observer—now in Germany. He writes largely of the all-important relationship between conquerors and conquered. And here's what he says in part:

"It is a strange feeling to move unarmed among the would-be conquerors of the world. A few months ago they would have attacked you as an enemy. Now some look away, some are curious, many have a cold impersonal look in their eyes—partly wounded pride at defeat, partly preoccupation with the pressing care of food and fuel for the winter.

"From many of the young element you get a hard look behind which seems to lurk a steely hatred, as though you had robbed them of their future. These fellows feel that we have knocked the bottom out of their lives and taken away the inspiration of a great cause to live for without replacing it with a comparable challenge. To be toppled from would-be conquerors of the world to unemployed citizens of a ruined, carved-up country is a big jolt for them.

"The youth group are naturally the most indoctrinated with Nazi ideas. Trouble is expected from them this winter.

"In some cases attacks on U.S. personnel have occurred, focusing around 'fraternization.' Returned prisoners of war in their Wehrmacht clothes tend to hang around with young civilians at street corners. Anti-American feeling is being subtly fostered.

"Somewhere in the German soil there still lurks that tribal paganism of the forest. Her people are an easy prey to any ideology that lures them with appeals to their love of order, organization and

It is interesting to note that leaders in both major political parties are making widely divergent claims about the pattern of recent big-city elections. Where they won, the republicans profess to see a distinct trend in their direction. Where they lost, they view with alarm the return to machine politics. On the other hand, the democrats sing loudly about the firm control shown in the elections and of the damage to the prestige of Gov. Tom Dewey, the latest GOP presidential casualty, who had supported the rather weak opposition candidate.

Most of this is just so much talk for the papers and the radio, the same sort of stuff that football and baseball coaches put out before the start of the season.

If any one thing is shown by the elections, it is that there is a danger of losing some of the ground gained during the past 10 to 12 years through fusion tickets. Even if Gen. William O'Dwyer, the successful mayoralty candidate in New York, should prove a sound man, one cannot refrain from eyeing his Tammany connections with suspicion.

At Boston, voters stayed away in droves and Mayor James Curley slid back into office easily. Voters there adopted a curious philosophy on the balloting, declining to vote because they did not fancy any of the candidates. While reluctance to vote for someone not preferred is understandable, it is true that the voter, sulking in his tent, may never hope to obtain relief in government.

One newspaper makes an interesting observation about the near victory of the CIO Political Action committee in Detroit. Although Mayor Jeffries was returned, it was by a mighty slim margin. Secret of the labor movement was said to be in getting out the vote. Labor could, it was ventured, become an important factor in big-city elections if it chose to shun ties with machine bosses and resolve to become the nucleus of reform movements. It's a possibility, but it will take a broader program than labor now employs in its campaigns.

forceful leadership. It should be one of our top priority jobs to see that the right ideology, which can direct Germany's energies into constructive channels, gets to her people in time.

"Hitler was never blind to the power of ideas. But we underrate mental explosives. Technically brilliant and up-to-date in invention and production, we are medieval in our ideological weapons, in their development and in training our people to use them.

"As a result we (the allies) are not making the impression we should."

Washington— \$3,000 Stamps Send No Letters

By GEORGE A. SCOTT
(Substituting for Jack Stinner)

WASHINGTON—Postage stamp sales are booming these days—but the stamps aren't being used to mail letters.

They are collectors' items, such as a block of four U. S. airmail stamps that changed hands for \$27,000 and a pair of 1851 Canadian "twelve-penny blacks" that brought \$7,500 in auctions this year.

Less spectacular but equally significant are dealers' reports of increased sales over the counter to stamp collectors. Typical is a dealer who reports a \$10,000 increase in his business in the past year.

William Malone Dies Wednesday During His Sleep

Death, apparently the result of natural causes, came quietly Wednesday morning to William Franklin Malone, 63, at his home, 111 Carey street.

Malone's body was found in bed by his wife, Etta, at about 7 a. m. He had been dead for several hours, according to a coroner's report. Preliminary investigation influenced the belief that heart failure caused the death.

Funerary services are being held up pending the arrival of a son from California. He will probably be buried Friday in a local cemetery. Interment will be in charge of Nalley Funeral home. Rev. J. E. McCoy of the First Christian church will deliver last rites.

A resident of this community since 1919, Malone was born in Mullin, Mills county, July 27, 1882. He was a carpenter by trade.

Survivors besides his wife include two sons, Billy Dean Malone, Midland, and P. W. Malone, McFarland, Calif.; seven daughters, Mrs. Dolph Prather, Mrs. John Plum, and Mrs. J. A. Grover, all of Big Spring; Mrs. Inez Briscoe, Wink; Mrs. Dulah Lee Treet, San Angelo; Mrs. Jean Taylor, Mexico; and Mrs. Frances Lorain Karchenko, Detroit; two brothers, Wade Malone of Lordsburg, N. M., and Claude Malone, Yuma, Ariz.; 15 grandchildren and two great-grandchildren.

five are from a sheet of the 24-cent denomination of the 1918 issue that through an error was printed with the airplane upside down. The \$27,000 paid for the block of four, incidentally, set a record for the price paid for U. S. stamps.

How To Torture Your Wife

With The AEF: Japanese Play Havoc With Grant's Tree

By HAL BOYLE
NAGASAKI (AP) — Today we have had news for General Grant. Some Japanese scalwags cut down his old banyan.

They not only cut it down—they piled the site high with stone and rubble. So if any member of the Grant fan league planned to come out to Japan next year to pluck a memorial twig from the Grant Banyan tree he may as well save himself the passage money. Twigs, leaves, trunk and memorial tablet all vanished — the Grant banyan tree is gone a casualty of the second world war.

The story goes back 66 years. Our emissary to this Japanese port city in 1879 was Gen. Ulysses Simpson Grant. He came as an unofficial ambassador of peace. Two years before, he had been released from further White House duty by a grateful citizenry who then thought two terms as president were enough.

The general and Mrs. Grant called at Nagasaki on a world tour. He was feted and hailed as "Grant-Shogun" and local Japanese dignitaries took him out to Suwa Park and asked him to plant a souvenir tree.

He planted well. Long after the general and his tomb had become the chief tourist attraction on Riverside Drive, his banyan tree still flourished in Nagasaki.

As late as 1941 the official guide to Japan put by the Japanese government still listed the banyan tree as an attraction "of special interest to foreign visitors."

Realizing that many Grant students back home must be worried over whether the renowned banyan tree had weathered the atomic bomb blast, we led the first American expedition to determine its fate.

A middle-aged Japanese civilian agreed, with many good-toothed grins, to show us the banyan tree of "Grant-Shogun." Mopping perspiring faces we followed him around a winding path to a clearing among the trees where stood a great mound of stone and rubble.

"Grant-Shogun banyan tree there," he said, pointing to the mass of stone. But there was no banyan tree, no tree of any kind. "Where," we asked.

"Chop down. Chop-chop," he grinned. His smile faded, however, when we turned accusing looks at him.

"Not me!" he exclaimed in perfect broken English, and left hurriedly.

Questioning other Japanese, Glenn Babb, Associated Press foreign editor, learned that Grant's banyan memorial had been cut down with several other trees three years ago to make space in which to dump dirt and stone from air raid shelters dug in the surrounding hills. Neither park nor adjoining temple shrine were affected by the atomic bomb, which exploded several miles away.

Still Missouri Waltz— PRESIDENT'S PLAYING PANNED IN FUN AFTER PRESS FROLIC

WASHINGTON, Nov. 15 (AP)—President Truman found himself with a new piano today after a night out with the boys of the National Press club.

It was quite a show, the president agreed, and he even added a gag or two of his own to the jokes pegged on the record.

Comedian Eddie Cantor, commenting on the club's presentation of a Steinway piano to the chief executive, said:

"If anybody needs practice, it's the president. He played for Stalin at Potsdam. Immediately afterwards rumors started stirring that Stalin was a very sick man.

No matter what he plays, Cantor insisted, "it still sounds like the Missouri Waltz."

Prime Minister Mackenzie King of Canada and General of the Army Dwight D. Eisenhower seemed to get quite a kick out of Comedian Joe E. Lewis' description of a banker as "a man who will lend you money if you can prove you don't need it."

Eisenhower got so much applause when he was introduced that President Truman insisted he make a speech. Eisenhower complied with a "hello, howdy

At the end of World War 11, American refineries were making more than 500,000 barrels of aviation gasoline a day, or about 85 percent of the world's production.

No tears this way! Before peeling an onion first dip in boiling water for a moment. Then peel, beginning at the root end and peeling upward.

Washington Merry-Go-Round—

MacArthur Urged To Get Planes Up

By DREW PEARSON
WASHINGTON — Here is one important tip-off showing the administration knew war was coming in the Pacific, but expected it in the Philippines . . . Adm. William Glassford, commanding U. S. gunboats in the Yangtze patrol, carefully shepherded his fleet out of Shanghai across tempestuous seas to Manila. They were flat-bottomed boats, dangerous in rough, deep-sea weather, but, knowing the Japs were about to strike, he made the emergency trip just before Pearl Harbor . . . At that time everyone expected the Japs to strike the Philippines, the Dutch East Indies or Singapore . . . One thing Pearl Harbor Congressmen don't want to investigate is why, in view of these expectations, General MacArthur got caught with all his planes on the ground, losing 300 fighters and all his flying fortresses . . . If GOP Congressmen do investigate—which they probably won't—they'll find that the Air Force officer in command of those planes urged MacArthur to let him take them off Clark Field—where the Japs later smashed them.

JOHN L. LEWIS ORATES
Beetle-browed John L. Lewis delivered a speech in the secret sessions of the labor-management conference last week which has both labor and industry delegates buzzing.

Though Lewis is the most feared and hated of all labor leaders, his speech brought cheers from industry members, frowns from certain labor leaders.

"It's the best management speech on the whole wage-price issue," applauded H. W. Steinkraus of Bridgeport Brass, a management delegate.

What the mine union boss demanded at the closed-door meeting was wage increases, but—and it was a very big but—he also demanded price increases for industry. This cuts right underneath the whole position of President Truman and many labor leaders, namely that wage increases plus price increases are meaningless, would only mean that labor paid more for everything.

President Truman and advisors have maintained that, while this might bring temporary benefits for organized labor, it would hurt teachers, white-collar workers and, later, organized labor. Truman also maintains that industry has made enough profits from the war to afford wage increases and still make money, especially with taxes greatly reduced.

The fact that John L. Lewis opposed this indicated to insiders a three-way play: (1) He wants to undercut CIO's Phil Murray, who favors the government's position of wage increases without price increases; (2) He is bidding to take AFL leadership away from Bill Green; (3) He isn't averse to wrecking the entire labor-management conference.

John L. also has been handing out statements needling the steel and auto workers, telling them that they are asking for piddling wage increases. The Lewis statements are calculated to stiffen auto and steel workers' backs, make them dissatisfied with CIO leadership. Also, they are likely to help precipitate a strike, and Lewis knows from his own sad experience in the recent coal strike that strikes right now can be most unpopular with the public.

NAVAL WAR TUG
A terrific backstage battle is raging between the Admirals over who will replace Admiral King as Chief of Naval Operations. The combat Admirals want Adm. Chester Nimitz. They saw him operate

in the Pacific. Admiral King himself is pushing Adm. Raymond Spruance, also an A-1 man. Secretary Forrestal is supporting Adm. R. S. Edwards, now Deputy Chief of Naval Operations and a leading promoter of Navy imperialism . . . The first trial of the Kansas Kingfishes begins today when the head of the Kansas State Police faces a jury—if Judge Helvering doesn't postpone it. . . Last week Gen. Lucius Clay, No. 2 boss of Germany, announced publicly that U. S. authorities in Naziland have asked for an additional \$30,000,000 worth of food for the German people. Yet, on October 16, in a secret meeting of American Generals, General Clay stated privately that the U. S. zone has a special reserve of 300,000 tons of food which it did not want to use until American public opinion favored feeding the Germans . . . Jesse Jones, the man whom Franklin Roosevelt kicked out of the Cabinet, is now the man who runs his old job of Federal Loan Administrator—backstage. President Truman has closed his eyes to it, but Jones's position in Washington today is just about as powerful as ever. He operates from room 450 in the Statler hotel and his phone is so busy that not even his wife can reach him . . . If you want to buy a jeep, a truck, a factory, an oil refinery or some old tires, it's Jesse Jones's old outfit which handles it.

LITTLE BUSINESS BREAK
Hard-working Attorney General Tom Clark has written a confidential memo to the White House advising that the Smaller War Plants Corporation cannot be gobbled up by the Commerce Department and Jessie Jones's old RFC without an act of Congress . . . This is a break for little business . . . The Smaller War Plants Corporation has been doing a real job for the smaller businessman, also had won prestige on Capital Hill . . . John Snyder, the small town banker, now War Reconvert, wanted to transfer it by executive order without Congressional

TODAY'S VICTORY LOAN STATEMENT

WASHINGTON, Nov. 15, (AP) —"Many of us, for the first time in our lives, know the feeling of security that comes with having something set aside for the future. We should buy Victory bonds because we are American, because we have a job to finish."

NILES TRAMMELL, President, National Broadcasting Co.

The metal lithium is so soft that it can be cut easily with an ordinary pocket knife.

Sharp-shinned hawks catch more sparrows than do sparrow hawks.

SILVER—Col. C. M. McQuarrie of Chicago, commander of the 132nd Infantry, examines one of the silver bars uncovered in Japan and taken to Harata, Osaka naval depot.

Cooking salt is better for making pickles than is table salt because no starch has been added. Starch makes the pickling liquid cloudy.

Auto Dealers Hope To Stall Purchase Price Set On Cars

WASHINGTON, Nov. 15. (P)—Auto dealers declared today that when Price Chief Chester Bowles figured price tags for new cars he apparently disregarded the possibility that production may be curtailed by strikes.

W. L. Mallon, president of the National Automobile Dealers Association, presented to a Congressional committee telegrams from 14 major car manufacturers except Ford.

He said these clearly showed "it is utterly impossible in the present chaotic situation for anyone to accurately estimate 1946 new car production."

"These telegrams," Mallon said, "furnish an unanswerable reply to Mr. Bowles' definite but fantastic statement that dealers may be assured of greatly increased new car production next year."

Mallon appeared before the House Small Business committee to answer Bowles' arguments for passing a part and possibly all cost increases granted manufacturers on to dealers — without a corresponding increase in retail prices.

Mallon claimed OPA arrived at new car prices — not yet announced — by guesswork.

Negotiations To Open For Moore Field Sale

MISSION, Tex., Nov. 15. (P)—Negotiations for the purchase of all fixed facilities at Moore field will be started soon with the U. S. government by the tri-cities of Mission, Edinburg and McAllen, the cities have announced.

A committee of 15 men from the three cities, headed by Chairman D. F. Strickland, announced after an inspection trip to the field that the cities will make an effort to acquire all buildings at the 1,000-acre air base now in the process of temporary deactivation.

YMCA Committee To Discuss Set-Up

Members of three committees studying phases of a proposed YMCA set-up here, are due to meet at 7:30 p. m. today at the First Baptist church. Reports will be made by the constitution, nominations and budget committees.

Recommendations of the group likely will be presented to a public meeting next week for a decision.

Sid Latham Named Oil Representative

AUSTIN, Tex., Nov. 15. (P)—Sidney Latham, Dallas attorney, today was appointed Texas' representative on the Interstate Oil Compact Commission in succession to the late J. C. Hunter of Abilene.

The appointment was announced by Gov. Coke R. Stevenson. Latham is a former Secretary of State and a former member of the state House of Representatives. In his practice of law he has specialized in oil matters. He formerly resided in Longview.

Perry, Clark Plead Guilty As Charged

Sonny Perry and E. J. "Bo" Clark, picked up by local police Tuesday night, pleaded guilty on a drunkenness charge and were each fined \$1 and costs in Justice court Wednesday.

Henry Moore has been confined to the County jail for alleged inebriation.

Mrs. Mary Agnes Duley Dies Today In Local Hospital

Mrs. Mary Agnes Duley, 64, died of a cerebral hemorrhage at 6:10 a. m. today in a local hospital after a brief illness.

She had been a resident of Big Spring for 13 years while her husband, Frank J. Duley, has been employed at the Coaden refinery. The couple was married Oct. 14, 1910 in Mineral Wells.

Rosary is to be said at 7:15 p. m. Friday at the Nalley Funeral home under the direction of Rev. George Julian and requiem mass will be held at 9 a. m. Saturday at the St. Thomas Catholic church with Rev. Vincent J. Wolf of Tyler, her nephew, officiating. Burial is to be in the Catholic cemetery. The body will lie in state at Nalley Funeral home until Saturday morning.

Survivors include her husband, Frank J. Duley; one daughter, Helen Duley; one son, 1st Lt. Frank P. Duley of Warrington, England; one brother, Dan E. Ward of Leesville, La.; two sisters, Anne Ward of Texarkana, Mrs. Ellen Wolf of Texarkana; a niece, Helen Marie Wolf of Dallas, and a nephew, Rev. Vincent J. Wolf of Tyler.

Pallbearers are W. J. Jays, Roy Reeder, C. F. Rodgers, Dick Stuteville, E. B. McCormick, R. W. Halbrook, Paul Holdin and Jack Reed.

Weather Forecast

Dept. of Commerce Weather Bureau

BIG SPRING AND VICINITY: Fair tonight and Friday; warmer tonight and little change in temperature Friday.

WEST TEXAS: Fair and warmer; this afternoon and tonight; Friday fair, not much change in temperature.

EAST TEXAS: Warmer in interior this afternoon, fair, slightly warmer tonight; Friday fair and warmer. Gentle northeast winds on the coast.

Rev. White To Head Seminary Alumni

FORT WORTH, Nov. 15. (P)—Rev. W. R. White, pastor of First Baptist church at Austin and former pastor of Broadway Baptist church here, was elected president of the Baptist Seminary Alumni and former Students association last night.

He will succeed Rev. A. C. Donath of San Angelo.

A. D. Foreman Jr., Amarillo, was elected vice president, and Miss Virginia Ely, Henrietta, was named secretary. Five hundred persons attended.

S-Sgt. Walter Weir Visits Parents Here

S-Sgt. Walter J. Weir, who recently completed an overseas tour of duty in the ETO, paused here briefly Wednesday night to visit with his parents, Mr. and Mrs. W. J. Weir, before going on to Fort Bliss.

He is expecting to receive his discharge at that separation post within a matter of days.

YMCA Committee To Discuss Set-Up

Members of three committees studying phases of a proposed YMCA set-up here, are due to meet at 7:30 p. m. today at the First Baptist church. Reports will be made by the constitution, nominations and budget committees.

Recommendations of the group likely will be presented to a public meeting next week for a decision.

Sid Latham Named Oil Representative

AUSTIN, Tex., Nov. 15. (P)—Sidney Latham, Dallas attorney, today was appointed Texas' representative on the Interstate Oil Compact Commission in succession to the late J. C. Hunter of Abilene.

The appointment was announced by Gov. Coke R. Stevenson. Latham is a former Secretary of State and a former member of the state House of Representatives. In his practice of law he has specialized in oil matters. He formerly resided in Longview.

Perry, Clark Plead Guilty As Charged

Sonny Perry and E. J. "Bo" Clark, picked up by local police Tuesday night, pleaded guilty on a drunkenness charge and were each fined \$1 and costs in Justice court Wednesday.

Henry Moore has been confined to the County jail for alleged inebriation.

Hardin-Simmons Cowboy Band Gives High School Assembly Program Here

A 51-piece Hardin - Simmons University Cowboy band from Abilene presented an hour variety program at high school assembly at 9:30 a. m. today in the school auditorium.

In connection with the program was the presentation of awards to winners of the essay and poster fire prevention contests by Walter Reed, principal, and H. V. Crocker, fire chief.

The Cowboy band is under the direction of Herbert Preston. The stop here this morning was included in the band's annual tour of West Texas.

Dixie Thornton was presented the miniature house, which was built by local firemen, for making the best poster, not only for the seventh grades, but for all the schools and grades.

Reed presented \$2 first prizes and \$1 second prizes to pupils by grades. Poster winners were third grade, Howard Sheats, East Ward, and Jerry Snyder, Central Ward, fourth grade, Clifford Horn, North Ward, and Billy Dean Jenkins, North Ward; fifth grade, Bennie Jo Yeatts, West Ward, and Elbert Long, Central Ward; sixth grade, Darlene Stump, East Ward, and Barbara Lee Smith, Central Ward; seventh grade, Dixie Thornton, West Ward, and Danella May Davidson, North Ward.

Jap Report Plan To 'Democratize' Emperor's Circle

By RUSSELL BRINES

TOKYO, Thursday, Nov. 15. (P)—Abolition of the key position, lord keeper of the privy seal, but retention of the remainder of the cumbersome inner circle around the emperor was reported today by the newspaper Asahi as the current plan for "democratization" of the throne.

The newspaper said the plan resulted from conferences of representatives of the cabinet, the privy seal, the imperial household ministry, the privy council and senior statesmen seeking a method of keeping pace with prospective revision of the constitution.

The plan will be effected "at an appropriate opportunity," Asahi reported. Its only concession to prospective party government is inclusion of the presidents of both houses of the diet on a board to participate in the selection of new premiers.

The newspaper recently reported that Marquis Koichi Kido, current privy seal keeper and maker and breaker of premiers, planned to resign soon. Kido is away. His secretary told the Associated Press he knew nothing of either report.

A limited, streamlined imperial clique, Asahi said, would replace the present system whereby the privy seal is the principal adviser of the emperor and the most powerful individual in the empire.

The emperor would be advised by the grand chamberlain, the imperial household minister and the president of the privy council.

At cabinet changes the new premiers would be recommended by the presidents of the privy council and both houses of the diet.

Commissioners Buy Cedar Fence Posts

Enough cedar posts to fence all highways and right-of-ways within the county in need of the work were purchased on authorization of the county commissioners' court earlier in the week.

The fencing job is expected to get underway shortly.

Investigating Theft

J. L. Harris, superintendent of criminal investigation and bureau of identification, is investigating a theft of shotgun shells and business papers which were reported to have been taken from a parked car Wednesday morning.

Ring Stolen

Bill Hardin told police Wednesday that a combination diamond and sapphire ring of white and yellow gold was taken from his room in a local hotel.

Investigation is being made.

Rounds of Applause are greeting...

BOY KNEELS IN RAIN AS CROWD GATHERS TO SEE VIRGIN VISION

NEW YORK, Nov. 15. (P)—A nine-year-old boy knelt in the mire of a vacant lot and prayed in the rain last night, while the halt and the blind—together with the devout and curious—gathered about an improvised rock altar to await a sign from heaven.

For 15 nights previous, the boy, Joseph Vitolo, Jr., had come to the same spot in the Bronx to pray, claiming to have seen a vision of the Virgin Mary there. And on the 16th night he said she was to show him a miracle, perhaps the appearance of a miraculous spring.

But while the crowd, estimated at 25,000, saw no miracle, the boy said afterwards he had seen the blessed Virgin again.

"She had lots of stars around her head," he said, "and she was dressed all in blue."

Greene Lists Local Benefits Of College

High school graduates, who have been denied college training because of their youth or financial standing, would have an opportunity to continue their education at home if the county junior college proposal passes Saturday, J. H. Greene told members of the Kiwanis club Thursday.

He cited advantages of such an institution, pointing out that it would provide a broader base of education here and at the same time at a cost almost everyone could afford to pay. He urged a large turnout of votes Saturday in the college election.

John Simmons, Sweetwater, sang "John Brown's Baby." Don Newton, Dallas, regional YMCA representative, spoke briefly on YMCA work. Visiting Kiwanians were C. V. Harvey and C. J. Hollingsworth, Lubbock, and Chester Cathey, returned from service overseas, was welcomed. Kiwanians were asked to listen to their international president, Hamilton Holt, over KBST at 7:30 p. m. today.

AAA Program Needs \$73,448 Next Year

Requests of \$73,448 will be made in the Howard county AAA program for 1946 practices that will be effected in this section, M. Weaver, local AAA administrator, has announced.

A \$21,500 appropriation for contour listing heads the list.

Other items on the program include:

Terracing, \$18,000; tanks, \$7,000; wells, \$8,000; stubble (left on ground), \$7,500; green manure, \$1,000; deep breaking, \$1,448; elimination practices, \$8,000; and deferred grazing, \$1,000.

Fowler, Clark Meet With J. L. South Here

Oscar M. Fowler, FSA district supervisor of the Tom Green county section, and Harry Clark of the FSA services and collections department in Amarillo, were scheduled to convene with J. L. South, Howard county supervisor, in a business session today.

South, who returned from Comanche last week where he spent annual leave, said he had been informed that all funds for farm loans to civilians had been exhausted but that veterans are still able to enlist financial help from his agency.

Jones, Dement Take Annual FSA Vacation

Mrs. Mary Jones and Miss Jean Dement, employed with the local Farm Security Administration office, are on annual leave this week.

Mrs. Jones is visiting in Plainview and Amarillo, Miss Dement in Dallas.

Cattle In Good Shape For Winter In Texas

AUSTIN, Tex., Nov. 15. (P)—Except in parts of the South and West Texas cattle were going into winter in good condition on Nov. 1, the U. S. Department of Agriculture reported today.

The condition of cattle at 85 per cent of normal was an improvement of three points over a month earlier and two points higher than the 20 year (1924-43) average, sheep and lambs showed a marked improvement during October and generally were in good flesh. The condition of sheep was 87 per cent, an increase of five per cent from a month earlier.

The department said range seeds and pasture grasses showed much improvement on Nov. 1 and at 84 per cent was eight points higher than a month earlier and four points above the 20-year average.

Frozen fruits will soften slowly and evenly if left on an open shelf in the refrigerator over night or for about six hours.
