

New Chevrolet To Show Here Friday

Chevrolet's 1962 passenger car line-up, featuring 32 models—highest in its history—will go on display here Friday at Lamb Chevrolet Co.

The 1962 models feature extensive restyling and major mechanical changes for the Chevrolet standard models, plus a complete new line of smaller cars to be known as Chevy II.

The new Chevy II is larger than the Corvair but smaller than Chevrolet's regular car. Station wagons, a hardtop sport coupe and a convertible are included among nine models in the new line which emphasizes simplicity in styling and maximum functionalism in design.

Although the Chevy II design is basically conventional, it offers new front-mounted four-and six-cylinder engines, integral frame and body construction with bolt-on front end and an industry exclusive in a tapered plate rear springs. Both three-speed manual and automatic transmissions will be available.

From a styling standpoint, the standard Chevrolet for 1962 reflects the greatest change, although Corvair models and the Corvair will also feature a number of appearance changes as well as new exterior colors and interiors.

The new standard Chevrolet features a crisp, tailored look. The 1962 models have completely new sheet metal, grille work, bumpers and ornamentation, as well as new exterior colors and restyled interiors. New roof lines for sedans and the Impala sport coupe also highlight the new styling.

A number of mechanical changes and modifications will improve performance, durability and economy of 1962 models.

Among the major changes are a new 327 cu. in. V8 engine, a new weight-saving Powerglide automatic transmission and tires with advanced two-ply design.

The new V8 engine is rated at 250 horsepower. It replaces the 348 cu. in. engine except for use in heavy trucks. Its performance equals the 348, but fuel economy and engine operating efficiency are both improved.

The redesigned Powerglide will be used with the V8 engine and use of aluminum helps save 25 pounds of weight.

The new tires give improved fuel economy and ride quality while retaining load-carrying abilities, strength and durability of four-ply tires.

Heaters and built-in front seat belt anchors are standard equip-

ment on all 1962 Chevrolet cars. A limited slip differential and air-conditioning are also available throughout the line of 32 passenger car models.

Adding to its fresh styling appearance, Corvair will have a new twin ornamental grilles in front plus restyled emblems, tall lights and engine exhaust grille. As a result of the strong popularity of the sporty Monza models, the Corvair 500 station wagon will be replaced by a luxurious Monza station wagon with optional bucket seats.

Corvette for 1962 will display a different look through a new body side cove treatment, as well as new radiator grille and emblems. The higher powered 327 cu. in. V8 engine will replace the 283 cu. in. engine in this popular American sports car.

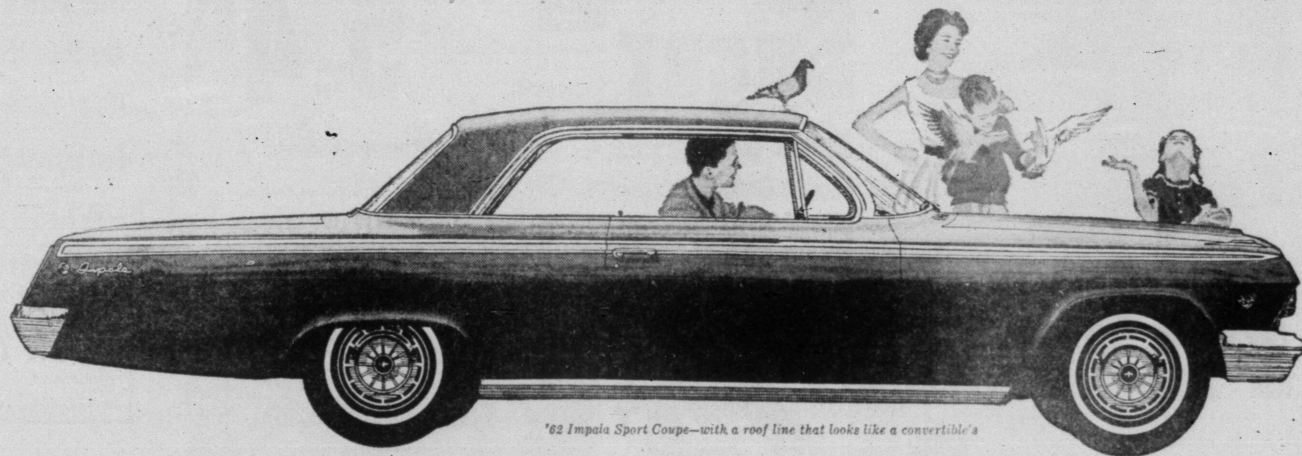

NEWEST CHEVROLET—This 4-door sedan is one of the Chevy II 300 series, which will be shown tomorrow at Lamb Chevrolet Co. here. The Chevy II is the brand new addition to the Chevrolet family of automobiles.

CORVAIR FOR 1962—The Corvair 700 4-door sedan above will be on display tomorrow as 1962 models are shown at Lamb Chevrolet Co. here.

TOMORROW A New World of Worth from Chevrolet for '62!

'62 Impala Sport Coupe—with a roof line that looks like a convertible's

'62 CHEVROLET Rich new styling with Jet-smooth ride!

Here's everything a car fancier could want. Fresh-minted style that comes to a climax in the sportiest sport coupe you've seen yet. A road-gentling Jet-smooth ride. A new choice of V8 skedaddle. Rich Body by Fisher interiors. Beauty that's specially built to stay beautiful. Here in '62 is more than ever to please you from the make that pleases most people.

If you've wondered what owning an expensive car is like, here's where you find out—without the expense. Check it over from its clean-thrusting prow to its rakish rear deck. Look inside the deep-well trunk. Step through one of those wide-opening doors and plump down on a seat the size of a sofa. Then—head for the open highway. That sittin'-on-satin feeling you get is Chevrolet's famous Jet-smooth ride at work—with a pliant Full Coil spring cushioning at each wheel. The standard six and V8 are triggered to do special things on regular gas, and for real hair-trigger reflexes you

have a choice of four optional-at-extra-cost V8's with output all the way up to 409 hp. ■ Hard-working helpers (like the new steel front fender underskirts that guard against corrosion) give this '62 its built-for-keeps beauty. Even the heater and defroster come as standard equipment this year. This is the kind of car that will make you feel luxurious all over, and your Chevrolet dealer will be only too happy to show you how easy it is to have one of your own.

Financier Faces Charge

CHICAGO (AP) — Stewart B. Hopps, internationally known insurance executive and financier, faces conspiracy charges in New York alleging evasion in Texas of \$4 million in income taxes, interest and penalties.

Asst. U.S. Atty. John Quan said Hopps failed to pay \$1.5 million in Texas in 1954 and 1955. He said interest and penalties brought the amount due to \$4 million.

Hopps, of Belvedere, Calif., was arraigned before U.S. Commissioner C. S. Bentley Pike.

Quan said the elderly financier learned of the indictment, returned Sept. 8 by a federal grand jury in New York, while he was in the Dominican Republic.

He said Hopps came to Chicago by way of Miami, Fla., to turn himself over to federal authorities.

Hopps was indicted along with Lowell M. Birrell, a promoter now living in Brazil, who is charged with stock frauds amounting to \$16 million. Others named were Mrs. Lovell Chooliam of Long Island, N.Y., Hopps' secretary, and Louis Kopp, a Long Island financier.

The four are accused of filing false personal income tax returns for Hopps in 1954 and 1955 and of filing false tax returns in 1954 for the Atlantic Brokerage Corp. in Nevada, owned by Hopps.

Hopps posted \$75,000 bond.

Solons See Big Trouble

DALLAS (AP)—Three members of Congress voiced grave concern Wednesday over the crisis facing this country over West Berlin.

Rep. Bruce Alger, Dallas Republican, said that unless the United States gets tough on its overall policy toward communism, "I may have a ringside seat for the demise of the American republic."

Sen. A. S. Mike Mansfield, D-Okla., stopping here on his way to Tulsa, called the situation in Germany "the most difficult and trying that the nation has gone through since I went to the Senate in 1950."

Rep. Jim Wright, Fort Worth Democrat, said not only Germany but the entire international picture is filled with "tension and trouble."

"The Berlin crisis represents a mortal threat," Wright said, but "American men must see primary threats wherever they see

Corvair Monza Club Coupe

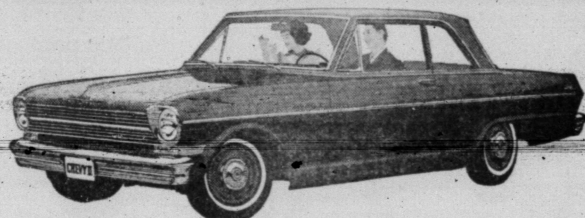

THE '62 CORVAIR MONZA

The car that puts sport in the driver's seat!

Step right up and meet the latest version of the car that's proved its mettle in the fiercest competition going — '62 Corvair. Bigger new brakes team up with Corvair's renowned rear-engine traction for just about the surest footing going on the road. A new Monza Station Wagon makes its debut. And all models sport freshly tailored upholstery inside matched by sassy new styling accents outside.

This jim-dandy's got the stuff that drivers dot on. ■ Backstage you have a standard aluminum air-cooled engine that turns up 80 hp. (or if you like more razzamatazz, one that uncorks 102 hp.*). You can pick from a 3-speed Synchromesh transmission, a 4-speed* or Corvair Powerglide. ■ Sure enough, there's independent suspension on all four wheels to keep the ride as amiable as ever. Inside, you'll find a heater and defroster, cigarette lighter, dual sunshades, front-door armrests and automatic choke as standard equipment on the 500 Coupe, 700 Coupe and Sedan, Monza Coupe and Sedan, Monza and 700 Station Wagons. ■ There are lots of reasons for liking what's new—and tried and true—in the '62 Corvair. And your dealer's eager to tick 'em off for you.

*Optional at extra cost.

Chevy II 300 2-Door Sedan—sensibility at its Sunday best

HERE'S THE NEW CHEVY II Modern basic transportation in a totally new line of cars

Here are all solid, time-tested virtues you know you can count on from all the Chevrolet family—plus some surprises you've never seen on any car before. A full line of sassy new-size models, each built a new way for easier service and maintenance. Thrifty? Choice of a frugal 4- or spunky 6-cylinder engine (in most models). Roomy? Sedans seat six solid citizens, bag and baggage. Price? A real pleasant surprise!

This plucky new Chevy II comes about as close as a car can to perpetual motion. Beneath that fetching, fresh-shaped bonnet you'll find the kind of long-lived dependability that has always been Chevrolet's special stock in trade. ■ A 9 nine models (station wagons, a hardtop, even a convertible will soon be available in the lineup) are designed to save you money and service. Major front-end sections, including fenders, bolt on for easy replacement in case of damage. More savings: The heater and defroster are yours, as standard equipment. Tough—but ever-so-gentle—Mono-Plate rear springs flex as a single unit, eliminating the friction of old-fashioned multi-leaf springs. ■ And, maneuverable and sensibly sized as this Chevy II is, it gives you the kind of passenger and packing room that'll make many a "big" car wonder how it's done.

See the '62 Chevrolets, the new Chevy II's and '62 Corvairs at your local authorized Chevrolet dealer's

MR. AND MRS. PINKERTON, 1961

Mr. and Mrs. Pinkerton To Observe Golden Wedding

Mr. and Mrs. James Riley Pinkerton, 1901 Avenue M will be honored on their golden wedding anniversary between the hours of 2:30 and 5 o'clock Sunday at their home.

During the affair will be their children, Mrs. Paul (Cleo) Sawyer, Mrs. Raymond (Lola) Lutton, Mr. Troy O. Pinkerton, Mr. Curtis E. Pinkerton, all of Snyder; Mrs. Archie (Vada) Hollman of Andrews; Mrs. James F. Pinkerton of Haverhill, Mass.; L. W. Pinkerton and Ernest Pinkerton, both of Snyder; and Mrs. Leman (Lorraine) Witham of Sweetwater. The couple have two children deceased.

The couple were married in Chickasha, Okla. Oct. 1, 1911.

Mr. Pinkerton was born June 26, 1884 in Travis Co. and Mrs. Pinkerton, the former Mae Huddleston was born in Bell Co., Oct. 9, 1888.

They have been residents of Scurry County since 1913, making their home and raising 11 children on a farm 19 miles southwest of Snyder in the Canyon community. Mr. Pinkerton retired from his farm in 1946 and moved to Snyder to the present address, but he is still active and works on ranches for various people. He also has done barber work.

WOMEN

The Snyder (Texas) Daily News, Thurs., Sept. 28, 1961

Texas Federation Women To Meet, October 3-4

The State Board of Directors Meeting and Workshop of The Texas Federation of Women's Clubs will be held at the Headquarters Building in Austin on Tuesday and Wednesday, October 3-4. Mrs. Harry Griffiths, State President, will preside at the business sessions. Austin clubwomen who are members of the State Board will be hostesses for the meeting.

This meeting is not only for the appointed members of the Board, but is for all federated club presidents and any member who would like to come and hear firsthand the objectives of this second year of the administration, as well as the outstanding guest speakers. Mrs. Griffiths has just returned from Washington, where she attended the General Federation Board Meeting and will bring to the Texas women the reports of that meeting. She will also give a report on her trip to Finland in June.

The pre-convention meetings will begin on Monday evening for the District Presidents, Board of Trustees and Executive Committee. The General Assembly will convene at 10:00 A.M. on Tuesday morning. At that time the women will be welcomed to Austin by the Mayor, and will hear a response by Mrs. Florence Johnson Scott of Rio Grande City, a past president of Texas Federation.

Three outstanding speakers will be heard during the two-day meeting, and their varied subjects will be of interest to the clubwomen. All of the district presidents, members of the Executive Committee and the chairman of the Board of Trustees will be heard during the workshop sessions, as well as the department chairman, who will give the departmental objectives for the year.

At the luncheon on Tuesday Lieutenant Colonel Vincent I. Hack, M.D., of Brooke Army Medical Center in San Antonio will speak on the "Psychological Effect of Color." Colonel Hack is one of the nation's leading authorities on the use of color as an aid to training. He has conducted extensive advanced studies and research in this field under carefully controlled conditions. At the present time he is Chief of the Training Aids Branch at the Army Medical Service School where he has served since 1953. Prior to that time he was in the office of the Surgeon General, Washington, and was also medical training aids officer in the Armed Forces Institute of Pathology. He was in the Medical Section of General Headquarters in the Far East Command in Japan from 1946-1951.

For the Dinner Meeting on Tuesday evening, former Secretary of State, Honorable Tom Reavley of Austin will speak on "The Challenges for the Future." Mr. Reavley has an enviable record of achievement and is one of Texas' most outstanding speakers. He is well-informed on public affairs of our state, and he will take the responsibility of every citizen of

Texas in promoting good government.

Prior to serving as Secretary of State, Mr. Reavley was Assistant District Attorney of Dallas and was County Attorney of Nacogdoches County. He completed his B. A. work at the University of Texas, and attended the University of Texas Law School, later receiving his L. L. B. at Harvard Law School in 1948. After his service in the Navy during World War II when he served as torpedo and gunnery officer aboard a destroyer for eighteen months and a carrier for eight months in the Atlantic and Pacific Theaters, he was a visiting Professor of Law at Texas University.

The third speaker on the program for the Board Meeting will be Mr. Layman W. Cameron of San Antonio, who will speak at the luncheon on Wednesday at the Austin Country Club, and his topic is one of particular concern to the world at this time. Mr. Cameron will speak on "Cuba, Castro and Communism." Having lived in Cuba for three years, he knows personally many of the people who now hold high rank in the Cuban government. He is a retired radio and television broadcasting executive, and has owned and operated his own radio and television management consulting business with offices in New York and Mexico City. Mr. Cameron has also served as television consultant to the governments of France, Ireland, India and Spain.

The Board Meeting will end after the Luncheon on Wednesday.

In June Mrs. Griffiths, state president, went to Finland to represent Texas Federation at the American Days Festival, when Texas was the honored state. Accompanying her on this trip was Mrs. Jack L. Allen, president of the Top of Texas District, and they spent eight delightful days as the guests of the Finnish people.

Today, see the new VALIANT for '62 ... featuring the exciting new Signet 200

STYLE LEADER OF THE COMPACTS

Above and right: the Valiant Signet 200 displays its distinctively different grille, exterior trim and handsome identifying medallion.

At left: here is the stunning new interior trim offered you as standard equipment in a Valiant Signet 200.

America's lowest-priced hardtop with bucket seats!

You just can't beat Valiant for value! Look at this sports-minded Signet 200—just introduced!

Inside, king-size bucket seats. Custom-tailored interior trim. Deep-ple carpeting. The Valiant Signet 200 clearly says: now it's enjoyable to be economical!

Proof? Plenty! Start with styling. Valiant has an attractively pleasing new-car personality all its own. Here's a distinctively differ-

ent automotive design originated by Valiant for Valiant!

Valiant's every bit as easy to handle as it is eager to run. Improved torsion-bar suspension, new-design tires give Valiant limousine-like roadability—yet the new '62 Valiant keeps all the cornering control and finger-tip han-

dling ease of the carefree compact it is. Valiant is priced up to several hundred dollars less than many other compacts.

So do yourself the favor of finding out what a buy Valiant is. Your Plymouth-Valiant dealer will welcome you. That's the place to see the style leader of the compacts!

Nobody beats VALIANT for value!

FINE TIME FOR THAT!

Methods Of Wasting Time Are Numerous

By HAL BOYLE
NEW YORK (AP)—The average American office worker knows at least 101 different ways of killing time on the job.

Experts, of course, know a lot more. The methods of wasting time range all the way from mere paper shuffling to hiding out in the rest rooms or taking a secret nap in the supply room.

Over the years each office employee finds his own favorite and successful means of loafing constructively on company time so that, come dusk, he'll have stored up enough strength to enjoy the evening doing as he pleases.

In a class by themselves are those who stare out the office windows. It may seem simple to waste time staring out a window, but to do so and still give the impression you are busy with company problems is a very difficult art. Those who get away with it are among the elite actors in the office.

Here are some types of window stargers you may be familiar with in your own firm:

Sneaky Sid—The middle-aged bookkeeper pretends he is cleaning his glasses. But actually he is looking through the lenses at a shopky lass crossing the street a block and a half away.

Tricky Tessie—The pretty secretary gives every impression she is paying full attention to dictation. But every time the boss turns his eyes to the ceiling for a moment and tries to play peek-a-boo with the handsome young lawyer in the office across the way.

Hungover Harry—He isn't really looking out the window at all. He is only wondering "Why did I open it and jumped out the pain would go away."

Fly-Specking Phil—Going to each of the 27 office windows in turn. The third vice-president rubs a bit of dust off each with his fingers, then announces loudly, "It's about time someone told the building management these windows need cleaning again. Do I have to think of everything around this place?" He has killed half a day once a week with this pet routine for the last 28 years.

Amateur Albert—An eager beaver in the personnel department, he actually does find company problems crowding into his mind whenever he looks out the window. A pitiful case, doomed to early retirement.

Hard-Up Herbert—Shaking his head, and jingling a few coins in his pocket, he strides back and forth by his window. He gives the air of being deep in thought over a way to speed up production.

Nonchalant Ned—The top salesman sits with his feet on his desk and carelessly sails paper airplanes out the window. Everyone admires him because he doesn't have to pretend. He's the only guy bringing fresh money into the firm.

Wistful Wilbur—This is the boss himself. When he looks out the window he has a vague impulse to raise it and cry "Help!" He knows that somewhere in the crowds below must be a few people he could hire and really get some work done around the office. But who? Who? Where?

There they are—the window stargers, the elite of the office time-wasters.

Luncheon Menu Offers Clue That Talks Produced Hope

By INEZ ROBB
These are trying times in which man searches wistfully for signs and portents to reassure himself that when tomorrow's sun rises, someone — anyone — will still be around to rise with it.

As a cockeyed optimist on a par with Miss Nellie Forbush of Little Rock, Ark., I detected a significant omen of hope, I hope, in the first meeting of the United States Secretary of State, Dean Rusk, and Soviet Foreign Minister Andrei Gromyko.

After the four - hour and 25-minute meeting that began with luncheon at the Waldorf - Astoria, statements to the press were meager. Just what the two diplomats said about the Berlin situation, the matter under discussion, was carefully concealed by an announcement that "the talks took place in a friendly, businesslike atmosphere."

But Americans have seen too many U. S. - U. S. S. R. talks beginning in "a friendly, businesslike atmosphere" to be fooled by that chestnut or to hang much hope on it.

It was not until I reached the final paragraphs of the story that I felt a lightening of the spirit and a degree of optimism for the future.

There were cocktails before luncheon," the final paragraph read, and continued, "The latter consisted of Crenshaw melon, filet of sole normandie, Rock Cornish hen with wild rice, French peas and wine." No mention was made of a mixed green salad (inevitable) or of the rich dessert that most certainly wound up the meal, or of coffee, cognac and cigars.

With a luncheon such as the above, I doubt now that the atmosphere was "friendly." Just how

"businesslike" it was is something else again. But obviously, diplomats who have eaten that well are in no condition for fistfights, and this is all to the good.

Men who have eaten their way through the above menu in the middle of the day are in no condition to tighten their belts and haw at each other. They are more apt to call for a sofa than a sword.

If Rusk, who was host at this luncheon, and Gromyko had lunched on a ham 'n' rye, washed down by a pot of indifferent coffee, followed by a piece of store - bought raisin pie, missiles might even now be raining from the skies.

Both men, victims of digestive

juices trying to cope with "a businesslike lunch," would have been snapping and snarling at each other 15 minutes after the raisin pie had hit the spot and turned to lead.

But world leaders after a leisurely luncheon of melon, filet of sole, Rock Cornish hen, French peas, wine and goodness knows what kind of a dessert — maybe a souffle Grand Marnier — are in a mood to lick their chops and plan the next menu.

That's the ticket — to keep them planning that next menu. I can hardly wait for the news of the meal that Gromyko is now, in duty bound, to serve Rusk when the twain meet for their next effort to find a Berlin solution.

Let us remember that it was Cassius with his "lean and hungry" look and not fat Falstaff who loosed war and turned the world topsy-turvy. Rusk and Gromyko have neither the look of Cassius nor yet that of Falstaff. Let it be said, that both look comfortably well - fed and that the wife of each is probably nagging him to take off 10 pounds.

From now on when these two gentlemen meet, I am going to look to the menu to tell me which way the wind blows. As long as they are living high on the hog, I shall feel there is hope for the rest of us to live and enjoy at least the spare ribs and the pig's knuckles.

"Fate cannot harm me — I have dined today," wrote Sydney Smith. I shall share that confidence if only the Messrs. Rusk and Gromyko continue to live it up and stun the liquid diets.

(Copyright, 1961, by United Feature Syndicate, Inc.)

Lily Pons Off Roster

NEW YORK (AP)—For the first time in 30 years, Lily Pons' name is missing from the roster of the Metropolitan Opera.

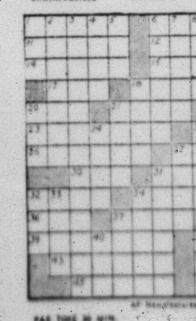

The petite, French coloratura last sang at the Met on Dec. 12, 1960, when she closed a gala benefit show by singing "Caro Nome" from "Rigoletto."

The Met's annual roster was announced Wednesday. The lovely singer's 30-year reign is a house record for the opera, although in recent years she has given but one performance a season. In 1959 she missed even one performance because of illness.

Miss Pons' manager says she'll continue to sing "now and then at something that appeals to her." She will take part in a San Francisco opera gala next week.

Between You And Me

BY JERRY JACKSON

This week's Quarterback Club meeting here was, for all practical purposes, an encouraging one.

First of all, a fine turnout was on hand for the session, which was good to see. Second — and most important — a pair of coaches combined to offer up some well-constructed food for thought that would be good for us all to digest.

Going into tomorrow's game against Kermit, Snyder is still winless after three attempts. Two of those losses I personally consider to be "unfortunate," as a stroke of luck in either case would have yielded victory from defeat. More notably I am referring to the 8-12 loss to Andrews, while to a lesser degree the 6-22 clipping as dealt by Big Spring. The opening 6-22 loss to Berger, on the other hand, was instead a case of too much Bulldog firepower.

Wins and losses, however, rather than might-have-beens, are the ones that enter the record books.

The two coaches as referred to earlier are Horrace Bostick and Speedy Moffett, each of whom gave brief talks which tended to rejuvenate the faith and esteem in which Snyder's younger set is held. They both commended the moral fortitude and outlook of their team members, and emphasized that there is not a "better bunch of boys anywhere than we have right here."

It's easy to belittle such statements and place little emphasis on them — to refer to a coach who is losing as one who is in the midst of a "character building year." Such remarks are unfair and unbecomingly inevitable.

It is particularly gratifying in this day and age to be associated with young people who possess the attitudes such as are prevalent on the Tiger squad. Bostick was especially sorry that the team had lost all three games, wishing that "for their sakes" they might have won.

Moffett, who has grown up with and nurtured Snyder's athletic program for some time, recalled an incident involving his Travis 9th grade team of last year. Just before debarking from the bus prior to the "game" of the year against Lamar, one of the boys asked Moffett whether or not it would be okay to offer a prayer.

Both Moffett and cohort coach Bill Hartsfield were a little startled at the request — but pleasantly so — and gave ready consent. Moffett mused that the prayer was a continuous one as taken part in by some dozen different players. Not one of them even so much as mentioned victory in the upcoming game, but rather asked that the fans take victory or defeat as gracefully as they were striving to take it, and that there be no ill feelings between any of the opposing players after it was all over.

It would be a shame to belittle or discourage a group of boys with such an attitude.

Before leaving the junior high scene, gotta little "didjknow" that's been burning a hole in my typewriter...

It concerns this year's Travis 9th Blue Devils, who are undefeated for the season. You see, the same group had a perfect record in both the eighth and seventh grades, too.

Back in year '59, the first season in which the Travis and Lamar teams were divided, they stormed to victory in all five of their games while under the tutelage of coaches Bill Hartsfield and Ned Underwood, racking up 122 points to their opponents' 50.

Then in '60 — while performing under the eighth grade banner — they romped home ahead of their foes in all eight games as participated in, amassing 192 points to 52 as scored against them. Coaches Charley Sparks and Bob O'Day were at the reins of the club that season.

This year, while toiling under the eye of Wayne Tyrone and Speedy Moffett, they have emerged victorious in all three games as played, hurdling Lamesa 18-14, Sweetwater 14-12, and Big Spring 6-0.

It's a record in which all the Blue Devils concerned may point with pride.

Liston Facing Trial Today

PHILADELPHIA (AP) — Sonny Liston, ranked the No. 1 heavy-weight contender until he was suspended by the Pennsylvania Athletic Commission, was scheduled to go on trial today on a charge of turning off his automobile lights to avoid detection by police.

The charge stemmed from an incident in Fairmount Park last June during which Liston and a companion drove a car into a

RED-HOT BLUE DEVILS—Travis 7th has marked up two top — heavy victories in the season to date, walloping Sweetwater, 22-0, and Big Spring Goliad, 38-12. SPORTS

The Snyder (Texas) Daily News, Thurs., Sept. 28, 1961

Several Bengals Share Stat Leads

Fullback Bob Pena is currently "all by himself" in the ground gaining department for the Snyder Tigers, with his total of 143 yards on 42 carries being the topper in that field of endeavor.

He is now carrying a 3.4 per cent average on the strength of the above figures.

On a percentage basis, however, halfback Bax Callaway continues to lead the pack. He has netted 58 yards on eight luggings for a mean of 7.3.

As a team, the Tigers have completed practically as many yards through the air as they have by means of infantry. Three quarterbacks have shown the way in that area, where Steve Free is top man in net yardage gained with a total of 105 yards. He has accomplished this on six completions in 17 attempts for a .353 firing average.

Junior Dylon Walton has completed the largest number of heavings on a proportionate basis. His five completions in eight tries gives him a healthy .625 percentage of the young season.

Eddie Fly, who alternates with Free in the starting saddle, has connected on eight of 22 aerial attempts for 65 yards and a .364 completion average.

Halfback Mike Morris is practically unchallenged as target-man of the club. He has gathered in 11 tosses for a total of 144 yards, which tallies out to a mean of 13.1 per catch. Callaway is next in line in the business of pass snagging with two receipts for a total of 37 yards, while halfback Gail Read has grabbed off one aerial which was good for 25 yards.

Free has tended to the bulk of the punting chores, having booted a total of nine for 197 yards, or a 21.9 per cent average. Morris is showing the way in kickoff returns with his four stoppings for 90 yards, or 22.5 yards per try. He and fullback Eddie Kirby are scoring leaders for the team with a touchdown apiece.

In the important area of defense, a quartet of Tigers are waging a dogfight for the lead. Guard Bob Smith, with 17 tackles and 12 assists credited to his account, has the edge with that resulting total of 29. He is being hard-pressed, however, by linebacker Darrell Aldridge (26), tackle Bill Weaver (25), and linebacker Joe Robinson (24).

Randals Horses Take Show Prizes

ALBUQUERQUE, N. Mex. — Jimmie Randals of Randal's Ranch, Montoya, New Mexico, had an impressive list of prize winning horses in the recent New Mexico State Fair Quarter Horse Show as held here.

Randals is the son of Mrs. R. J. Randals of 3003 Thirty-third Street, Snyder, Texas.

His winning horses, along with their placings and designations, were as follows:

Dell Jiggs, first place 1960 stallion
Poco Ra Dell, second place 1959 stallion
Poco Dondi, first place 1967 or before stallion and grand champion stallion of the show
Lady Dondi, first place 1960 filly
Madonna Dell, third place 1960 filly
Anita Dell, first place 1959 mare and reserve champion mare of the show
Poco Becky, first place 1958 mare
Rappa, first place "Produce of the Year"
Que Vadis, second place

Three Junior High Contests On Tap Here

A healthy home slate of three games plus a sole road affair is today's order of the evening on the junior high grid front.

Igniting the fireworks at 5 o'clock on the gridiron located two blocks south of Travis Junior High will be the Travis 7th Blue Devils who are unbeaten in two outings. To date they have whipped down Sweetwater 23-0 and Big Spring Goliad 38-12, and will be testing the likes of Big Spring Runnels.

The Lamar 9th Texans are to mount the competitive trial again following a week's layoff in the second game of the night on the same site when they engage Colorado City at 6:30. The young Texans have played only one game

this season, at which time they were edged out by Runnels 14-6. The home nightcap features the Texans of Lamar 9th, who are not only unbeaten and untied, but also unscored. On they have methodically sidetracked Goliad 14-0, Runnels 8-0, and Sweetwater 8-0. They will be facing Goliad once again in a game having a kickoff time of 8 o'clock.

Lamar 8th is the only local eleven seeing action on a foreign front. The Texans, who have conquered Goliad and Sweetwater while falling before Runnels, will be trying to make it two in a row over Goliad in a game to be played in Big Spring at 6:30 this evening. In the previous meeting between the two teams, Lamar reigned victorious by a slim 8-6.

Yale Lary of the Detroit Lions has returned punts a total of 750 yards in seven playing seasons in the National Football League.

Danny Colwell Sees Service At End Slot

Danny Colwell, a 468-pound 16-year old, has been holding down the starting right end slot for the Snyder Tigers, and will be available for duty tomorrow night when the local eleven tangles with the Kermit Yellowjackets in Tiger Stadium.

The junior end tips the scales at 165 and stands an even six feet tall. He's the son of Mr. and Mrs. B. A. Colwell of 210 Thirty-second Street. Mr. Colwell is a salesman for Hughes Tool Company here.

He was born in Abilene and attended grade school both there and in Knox City prior to moving to Snyder. He attended Travis Junior High before entering Snyder High.

He is the eldest of four children who include Ronny, 13, Jerry, 11, and Lu Ann, 6.

On graduation he plans to pursue the study of engineering, with his school preference being McMurry College.

The University of Miami has an ideal football schedule. The Florida team will play seven home games, the last six at night.

DANNY COLWELL

Bisons Gain Series Title

LOUISVILLE, Ky. (AP) — ON to a flashy start when the Junior World Series was begun 37 years ago. Buffalo won two straight. It wasn't until this year that the Bisons again had the title in their grasp.

Five times since that 1924 inaugural of the minor league World Series Buffalo has knuckled at the door, but this year the Bisons finally made it with a four-game sweep over Louisville.

The International League representatives' rookie right-hander Paul Brown allowed Louisville only one scratchy hit in a 4-0 shutout Wednesday night that took the title.

House-Senate Rift Widens

WASHINGTON (AP)—House leaders have taken a "let 'em holler" attitude toward stormy Senate complaints about the winding up of the congressional session.

The 1961 session came to a whirlwind—and angry—close early Wednesday morning. The House quit two hours before the Senate, forcing the Senate to go along with every detail in a big money measure. Any change would have killed the bill and forced President Kennedy to call a special session to get the needed funds for several government agencies.

House leaders disclaimed any intention of denying the Senate a

chance to alter the bill if it wanted to.

But they said they had been assured at a conference attended by Senate Democratic Leader Mike Mansfield of Montana and nine members of the Senate Appropriations Committee that the compromise was acceptable and would be passed by the Senate in short order. Mansfield later called the House adjournment outrageous.

"Let's find out whether the House of Representatives can affront the Senate," thundered Senate Republican Leader Everett M. Dirksen of Illinois before the Sen-

ate finally passed the measure and adjourned.

Rep. Clarence Cannon, D-Mo., told a newsmen "they got caught in their own trap."

Cannon, chairman of the House Appropriations Committee, added: "Mansfield knew all about it. We understood that the Senate would go along with the bill. They knew we were going to quit as soon as we passed it."

"It's unfortunate," commented Rep. Albert Thomas, D-Tex., the House floor manager of the bill. "All their members on the committee that worked out the compromise were unanimous."

A top House spokesman who didn't want to be identified because of "the comity" between the two branches, said he suspected the cries of anguish from the Senate were the result of "offended dignity more than anything else."

"For years they have called the shots on adjournment," he said. "They have let the House sit around for hours with nothing to do while senators made longwinded speeches before adopting a final adjournment resolution so we could go home. This year we got the jump on them and it apparently has hurt their feeling of

superiority."

Off-the-record comment of some House leaders threw another light on the situation, which threatens to make less friendly future relations between the two branches.

They suspected that some senators didn't like the compromise and planned to try to reject it and force another Senate-House Conference, which could have kept Congress in session days more.

Three items in the compromise were particularly objectionable to some senators.

Slambang Campaign Seen In California

By MORRIE LANDSBERG
LOS ANGELES (AP)—Richard M. Nixon's decision to run for governor of California in 1962—and not seek the presidency in 1964—provided all the makings today for a slambang campaign.

The 48-year-old Republican who just missed the White House last year set a militant tone in his long-awaited announcement on Wednesday night. But so did his opponents, both Democratic and Republican.

Nixon sized up Democratic Gov. Edmund G. Brown as "that amiable but bungling man." He promised a campaign that would "beat Pat Brown to a pulp."

"The government, that State House in Sacramento, is in a mess and somebody has to clean it up," he told a televised news conference.

Stung by a question on his personal finances, Nixon said he had been threatened and warned that "every dead cat and every old story would be thrown up and used against me."

"Let me just say that nobody is going to frighten me. Nobody is going to drive me out of this contest."

Accepting Nixon's challenge, Brown declared his candidacy would galvanize majority Democrats into "a fighting crusade." Democrats hold a 1.4-million lead in registration.

"I welcome the opportunity to confront Richard Nixon in a campaign that once and for all will retire him to private life," Brown said in a press statement.

The governor said Nixon's announcement "means simply that

he will be a candidate for president again in 1964—midway in the four-year state term.

Nixon said flatly, "I shall not seek the presidency in 1964," but he did not absolutely remove himself from another try.

He was asked whether he would make a Sherman-like statement that if nominated again in 1964 he would not accept.

His reply: "This is the Nixon statement. It means just what it says. I shall not be a candidate in 1964 and I know that the people of America will take me at my word."

There was no immediate response from national GOP leaders to Nixon's decision to seek the governorship.

State Republican leaders, openly backing Nixon over three other announced GOP candidates, were plainly jubilant that he had agreed to run. But they faced the prospect of intraparty strife over the gubernatorial nomination.

Former Gov. Goodwin J. Knight gave notice he's in the GOP race to stay. So did the Assembly minority leader, Joseph C. Shell of Los Angeles. The fourth candidate, former Lt. Gov. Harold J. Powers, was unavailable for comment.

Knight, who gave way to former Sen. William F. Knowland's Nixon-supported candidacy and withdrew from the race for governor in 1958, gave this advice to Democrats in a televised interview: Register Republican next year so you can vote against Nixon in the June primary.

California will be able to vote only for their own party candidates in that primary for the first time in modern history. Cross-filing, which allowed voters to run on both tickets, was repealed by the 1959 Democratic legislature.

Nixon, brisk and confident and natty in an all blue ensemble, told newsmen that he actually didn't decide until Tuesday night that he would go after the \$840,000-a-year state job.

Only five people knew of his plans in advance, he said. They were his wife, Pat, his daughters, Julie, 13, and Tricia, 15, and his brother, Dwight D. Eisenhower, political editor of the Los Angeles Times.

Nixon opened the news conference with a 10-minute statement in which he struck hard at Gov. Brown and his Democratic administration.

"California needs a new gov-

ernor," he said. "It needs a new leader."

Nixon said that after 14 years as a California congressman (1946-50) and senator (1950-52), then vice president of the United States, he found himself restless in his role as a practicing attorney.

"I find that my heart is not there—it is in public service," he said.

He said he was disturbed that California's state government expenditures are the highest in the nation, that law-enforcement is "below the national average," that education has been "short-changed" because of "payouts for political boondoggling," that employment lagged behind population growth.

Nixon said he had reached this conclusion: "That the amiable but bungling man who presently is the governor of this state cannot clean up this mess for which he is partially and in many instances substantially responsible."

Asked why he had said yes to running after saying no earlier in the year, Nixon said party leaders had convinced him that he was the best of the available candidates: "I am the one who has the best chance and possibly the only chance (1) to win, and (2) to do the job that needs to be done in Sacramento."

Insurance Official Raps Statements

DALLAS (AP)—One of the nation's leading insurance executives has slammed back at Gov. Price Daniel and Sen. Ralph Yarborough for "elementary" made-up charges against the industry.

"Unfortunately, before we were ever given a chance to get down to work, we were greeted by blasts from some of our elected officials in high office," John R. Barry, president of the Corroon & Reynolds group of insurance companies of New York, told Dallas Downtown Rotarians Wednesday.

"These blasts were the typical political blasts. They were unwarranted. They were unnecessary. And the timing of them was unfortunate. They added to our burden, and I'm afraid they will add unnecessarily to the problems of the insured."

Barry did not identify either the governor or the senator in his speech, but insurance industry officials named them afterward as the officials to whom he referred.

Daniel issued a statement Sept. 15 warning insurance adjusters and companies that he would ask the State Board of Insurance to check any reports of "fine print exceptions" being used to escape or reduce payment of hurricane and windstorm losses.

Dallas insurance men said Yarborough had been quoted as saying he would see to it that California victims were not treated unfairly by the insurance companies or he would help them find the services of a lawyer.

Barry said that Gov. Daniel had in his opinion, offered a grant to help the victims.

Barry said he works in Texas.

Back Income Taxes
HOLLYWOOD (AP) — Actors Eddie Albert and Rory Calhoun have been sued by the government for back income taxes. So was writer Adela Rogers St. John. The Internal Revenue Service asked \$7,131.65 from Albert and his wife, Margo, for 1958-59, and \$27,890.29 from Calhoun and his wife, Lita, for 1960. Miss St. John was sued for \$1,630.45 representing 1960 taxes.

Galaxie, Falcon To Show Friday

The 1962 Ford Galaxie and Ford Falcon for 1962 will be on display tomorrow at Wilson Motors on the East Highway. Featuring a crisp, fresh straight-line styling, the 1962 Ford Galaxie incorporates major engineering advancements that reduce recommended owner maintenance to a convenient "twice-a-year" level. For the first time, the popular Ford Galaxie is being offered in twelve models in two series: The Galaxie and the new Galaxie "500" series.

vehicles are offered: the 4-door 6-passenger Ranch wagon, 4-door 6-and 8-passenger Country Squires and 4-door and 6- and 8-passenger Country Squires. All five new Galaxie station wagons have an easy-to-operate roll-down rear window in the tailgate. A power operated rear window is standard in both of the Country Squires and in the 8-passenger Country Sedan, and optional in the other two station wagon models. The Ford Falcon for 1962 boasts new styling, an expansion of the economy and maintenance-free features that have made it the best selling compact car in the country, and the addition of two new models.

GALAXIE 4-DOOR—Jurden Brunken looks over a 1962 Galaxie 500 4-door at Wilson Motors. The 1962 models will be shown tomorrow at Wilson's.

FALCON SQUIRE—The Falcon Squire for 1962 is inspected by Herman Elkins and Lois Eades at Wilson Motors where the new Ford models will be shown tomorrow.

The sculptured body of the 1962 Galaxie gives the appearance of actual motion to its unmistakably classic Ford lines. This appearance of movement is emphasized in the recessed Thunderbird-like rear window, and in the forward thrust of the roof itself. The rear fenders, with a peak line in their upper surface, parallel the roof line to further the impression of forward movement and envelop the large circular taillight in the rear. Three sculptured wind spouts, one on each fender and another running lengthwise through the center of the hood, are repeated in effect in the rear deck lid and rear fenders. While the new Galaxie is slightly shorter and fractionally narrower than the 1961 model, the large passenger compartment is the same size as 1961. Large door openings, coupled with Ford's convenient two-position door stops, make entering and leaving the Galaxie an easy and natural movement. The ideal dimensions and easy steering of the 1962 Galaxie result in greater parking ease and maneuverability. There are 12 models in the Galaxie and Galaxie 500 series: Galaxie 2 and 4-door sedans; Galaxie 500 2 and 4-door sedans and hardtops and a convertible. In the station wagon series five spacious

models. The new Falcon line of 13 models will be introduced by Ford dealers on September 29. Included in the Falcon line of 13 models being offered for 1962 are standard and deluxe two and four-door Squire station wagon, Station Bus, Club wagon, and Deluxe Club wagon. On the interior, the instrument cluster has been revamped and there are new fabrics, styles and colors for all models. In addition, McLaughlin stated, 62 engineering improvements have been incorporated into the 1962 models. The new Falcon line of 13 models will be introduced by Ford dealers on September 29. Included in the Falcon line of 13 models being offered for 1962 are standard and deluxe two and four-door Squire station wagon, Station Bus, Club wagon, and Deluxe Club wagon.

Suicide, Murder Verdict Returned
MESQUITE, Tex. (AP)—Charles Scott, 40, fired four blasts from a shotgun into his 17-year-old stepdaughter Wednesday night and then turned the same gun on himself. Police said they found the bodies of Scott and Virginia Haines inside their house. Justice of the Peace F. T. Fox returned a verdict of suicide and murder.

Private Bank Will Reopen
BENAVIDES, Tex. (AP)—A bank spokesman at the Merchants Exchange Bank said the private institution would reopen this morning following a heavy run of depositors which forced it to close Wednesday. Jimmie Vaello, president and part owner of the bank, said, "There were about 75 people in the bank when we closed and we

were about to run out of currency." The institution is the only bank in the South Texas county of Duval. Homer E. Dean Jr. of Alice, attorney for the Vaello family which owns the bank, said the withdrawal by depositors began soon after the failure of another private bank, the Bank of Zapata last July. Heaviest man on the Detroit Lions is tackle Roger Brown, formerly of Maryland State. The 6-foot-5 veteran weighs 290 pounds.

The Ford in your future will be here tomorrow!

Starting tomorrow at your Ford Dealer's, you will discover a line of Fords so long, so new, so varied that everyone will find his personal Ford—the car that fits his pleasure and needs as precisely as though it had been made to measure. For those who want a true luxury car, there are two distinguished new series of Galaxies—both swift as a rumor, silent as a secret. With Thunderbird styling, Thunderbird power, and quality that sets a new industry standard, the 1962 Galaxies give you every essential feature of far costlier fine cars. If you are looking for economy without compromise, look to America's favorite compact: this year there are more Falcons than ever to choose from—13 in all. Wagon fanciers will find unprecedented variety—from a new wagon that seats eight to a Falcon Squire Wagon with the rich woodlike finish of the famous Country Squire. Pick the Ford in your future with this confidence: every 1962 Ford is built to a standard of quality so high that it will change all your ideas of how fine, how quiet, how enduring a car can be.

GALAXIE 500 CLUB VICTORIA (foreground)... **GALAXIE TOWN SEDAN** (background)... The Galaxie 500—new in name, new in luxury—is for those who want all of the elegant extras. The Galaxie makes it easier than ever to move up to fine-car luxury—at the low Ford price. All Galaxies are beautifully built to be more service-free. They go 30,000 miles between major lubrications, 6,000 miles between oil changes and minor lubrications. Brakes adjust themselves automatically. Special zinc coating protects vital body parts against rust and corrosion.

FALCON SQUIRE WAGON... Brand new for '62, it's sleek, sophisticated... and the only compact wagon of its kind. Inside, it is available with Futura bucket seats and a handy console. Outside, it has steel side paneling with elegant woodlike finish.

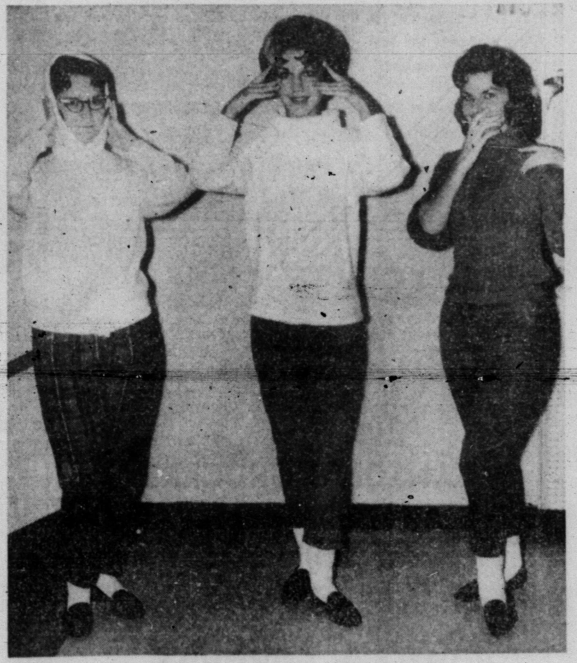

FALCON FORDOR SEDAN... One of 13 Falcons for 1962, this 4-door sedan has an improved version of the Falcon Six engine that last spring recorded the best gas mileage for a Six or Eight in the 25-year history of the Mobilgas Economy Run. Falcon's low price for '62 makes it America's best compact value!

Mercury For '62 Will Show Friday

Wilson Motors on the East Highway will show the new Mercury automobiles for 1962 tomorrow.

Extensive styling changes, new luxury interiors and introduction of a new Custom series feature the 1962 Mercury Monterey.

The Monterey is the top entry in a wide range of products for Mercury in 1962. The Mercury name banner includes the Monterey, the compact Mercury Comet and the new standard-size Mercury Meteor to be introduced later in the year.

The Mercury Monterey this year offers 12 models in the standard and new Custom series. The Monterey have been lengthened an inch over last year to 215 1/2 inches but the wheelbase remains 120 inches.

Both Monterey series will have the "Cushion-Link" suspension which improves riding comfort by permitting wheels to move rearward as well as upward under road shocks. Both series also make extensive use of body sound insulation and include a wide variety of engine-transmission combinations.

A major factor of the new Monterey is increased owner value which is derived from further reductions in cost-of-ownership," according to Ben D. Mills, Ford Motor Company vice president and general manager of Lincoln-Mercury Division.

Items which reduce expenses for operating include:

- Oil change cycle increased from 4,000 to 6,000 miles.
- Extended-life radiator coolant which normally takes care of anti-freeze protection for two years.
- New fuel filter with replaceable element good for normal service of 30,000 miles.
- Chassis pre-lubricated at factory requiring no major grease job for 30,000 miles.
- Use of regular grade fuel in all but the highest compression engine.

Constitution Needs Repair, Says Scholar

AUSTIN (AP)—Texas government is weighted down with a constitution tailored to the bitter reconstruction era, and needs an up-to-date basic document, a Texas government scholar says.

Dr. Dick Smith, head of the Department of Social Sciences at John Tarleton State College in Stephenville, says there just isn't much point in the missile age of authorizing the governor to call up troops to fight hostile Indians. The present constitution gives him this power.

Smith made his criticism of the constitution and appealed for a thorough rewrite in "Public Affairs Comment," a publication of the University of Texas Institute of Public Affairs.

The present constitution was ratified in 1876. Since then it has received 144 amendments, inflating it to 40,000 words. One of the more streamlined state constitutions, that of Alaska, is just 12,000 words long.

"If Texas is to take the place in the union that its population, natural resources, industry, wealth, etc., would indicate, it cannot delay much longer a thorough rewriting of its fundamental law," Smith said.

"If a prediction can be made," Smith said, constitutional revision "will be accomplished only when a strong, popular governor furnishes the necessary leadership and creates a public opinion favorable to the idea, or else a great catastrophe incites the general public to action."

"Until then, the state will, of necessity, have to patch up its inadequate constitution continuously, thereby making it longer and more complex than ever."

Smoking Causes No Problem For Man, 104

ANN ARBOR, Mich. (AP)—Eighty-seven years of smoking apparently hasn't hurt Rocco Disderde. Anyway, his doctor says he doesn't need to quit.

Disderde puffed a slender cigar Wednesday as he observed his 104th birthday, and attributed his longevity to "not having worked very hard."

Royalty Expecting

AMMAN, Jordan (AP)—The wife of King Hussein is expecting a baby next spring, Dr. Shawkat Saif, the royal physician, said Wednesday. Hussein, 35, married Toni Averil Gardiner, 20, daughter of a British engineer with Jordan's army, last May 25.

MERCURY MONTEREY—The Mercury Monterey 4-door being inspected above by Junior Stephens will be on display here tomorrow at Wilson Motors on the East Highway.

McCooks Noted As Fighters

By TOM HENSHAW
AP Staff Writer

A 12-year-old boy, dying on the bloody field of first Bull Run, turned his eyes to an older man and cried: "Father, I will never surrender to a rebel!"

They were the last words of Pvt. Charles M. McCook, 2nd Ohio Regiment, Union Army, a member of the Civil War's fightingest family—the McCooks of Ohio.

When the war was over the McCooks tallied up their score; they found they had contributed to the Union cause, three major generals, four brigadiers, six lesser officers, one private and a surgeon. Four were killed in action.

The clan McCook stemmed from one George McCook, a Scotch-Irishman with revolutionary tendencies who fled County Antrim in 1780 a few steps ahead of the English constabulary.

Old Irish rebel George died long before the Civil War broke out, but his stalwart sons and grandsons carried on in the fighting tradition.

Son Daniel, who sired the five sons of the "tribe of John," and who was a physician of note before the war, served as a volunteer surgeon in the Union Army. Edward, eldest of the "tribe of John," was major general commanding cavalry during Gen. William T. Sherman's Atlanta campaign.

In his most notable exploit, he and 2,100 men slipped through the enemy lines, destroyed Confederate Gen. John B. Hood's entire transport train of 800 wagons and 3,000 animals and fought their way back, swimming the Chattahoochee River to rejoin Sherman.

John, "tribe of Dan," served at Perryville, Stone River, Chattanooga, Chickamauga and The Wilderness before he was severely wounded. He was a lieutenant colonel at age 19.

Daniel Jr., "tribe of Dan," was a 38-year-old colonel when he was fatally wounded leading his Ohio infantry regiment in a charge up Kennesaw Mountain. He made brigadier before he died.

Alexander, "tribe of Dan," the only West Pointer of the lot, saw action at Perryville, Stone River and Chickamauga as major general commanding the 20th Army Corps.

Anson, "tribe of John," was brevetted a brigadier general for gallant and meritorious service with Sherman during the Atlanta campaign.

Robert, "tribe of Dan," a brigadier general, was wounded at Mill Spring, Ky., in 1862 and killed when Confederate guerrillas fell upon the ambulance that was carrying him from the field.

Of John McCook's other sons, Henry was a lieutenant-chaplain of an Illinois regiment; John J. was a lieutenant in the First Virginia (Union) Volunteers; and Roderick was a naval officer.

Other members of the "tribe of Dan," included:

- Lattimer, a major who died after the war of injuries suffered in the Vicksburg campaign and Sherman's March to the Sea; George, a brigadier general; Edwin, who reached the rank of major general; Charles, the private killed at Bull Run.

Rusk To Capital

UNITED NATIONS, N.Y. (AP)—Aides said Secretary of State Dean Rusk will fly to Washington today to dispose of accumulated paper work. He is due back here Friday morning.

Upswing Doesn't Mean Price Hike

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP)—Price cuts here and there emphasize today that the time hasn't yet come for a general upward sweep just because business has recovered from its one year of decline.

Many are finding comfort in the news that some things that go up can still come down.

The 1960 recession failed to set off any general weakening in prices. In fact, taking in services as well as goods and finished products as well as materials, the price level managed to rise slightly during the slump.

And now the recovery, although impressive in the industrial production sector, isn't guaranteeing that all prices are going to rise—at least not right away.

Some food prices are due to go up now, but others are likely to ease this fall. Some services seem set to become more costly, but others are leveling off.

Detroit is beginning to announce prices on its new models. Some are up, but a number are down from last year. The reason is more likely to be competition among the various makes than any clipping of cost corners on the assembly line, where wage scales are about to rise.

Steel prices, regarded as pattern setting by the administration, are still a question. Wage scales go up next week. Steel executives feel that rising production costs and squeezed price margins call for higher prices. But competition is high in this case too.

There is competition within the industry, with lots of capacity to turn out steel products; and with customers still shopping actively for bargains. And there is competition from substitutes.

The cut in the price of aluminum will give pause to makers of steel products that compete with aluminum in many fields—construction, automotive and food cans and other containers.

Tennessean Is Elected By Governors

NASHVILLE, Tenn. (AP)—Southern governors have elected Tennessee's Buford Ellington as their conference chairman and ended one of their most harmonious meetings in years.

Ellington, who succeeded Gov. Price Daniel of Texas, argued the four-day conference one of the busiest we've ever had, as far as work is concerned.

Kansas Gov. Orval E. Faubus was named vice president, after he averted a floor fight for the chairmanship by asking that his nomination for the top post be withdrawn. "Let's not make this conference an arena of conflict," he said.

The governors accepted an invitation from Gov. Farris Bryant to hold their 30th annual conference in Florida next year.

The resolutions adopted by the conference were routine and non-controversial. They called for greater protection to Southern industry from foreign imports, more selectivity in industry recruiting and greater stress on civil defense.

Ellington was elected governor of Tennessee in 1952 following a campaign in which he described himself as "an old-fashioned segregationist" and a conservative. In the three years since, he has moved closer to the view of Southern moderates.

A close personal friend of Vice President Lyndon Johnson, Ellington is a strong advocate of federal aid to education and similar forms of federal assistance to the states.

Search Is Launched For Treason Suspect

MONROVIA, Liberia (AP)—The government launched a search today for Booker T. Bracewell, once pardoned by President William V. S. Tubman in an assassination plot. Bracewell is accused of trying to get Soviet money and arms to overthrow the government.

In announcing that Bracewell had been charged with treason the government said he headed a group bent on setting up a Communist state.

In their heyday Morse code operators were indispensable in telegraph offices, railroad stations and newspaper offices as well as at political conventions and the World Series.

1962 MERCURY ANNOUNCEMENT

First showing! 1962 Mercury MONTEREY... the best-looking buy for the big-car man

For the man who prefers the luxurious "feel" of a big car ... or needs one for obvious family reasons ...

This is the one for the big-car man. Spacious, handsome, powerful. Compare it with other cars at its price. It stands out like a man among the boys. Has those big extra values a man likes.

THE EXTRAS THAT MAKE THE DIFFERENCE

Take comfort. It's a 6-passenger car without qualification. Has extra room, a longer (120") wheelbase than other cars in its class. A smoother, quieter ride—the result of exclusive Cushion-Link Suspension and greater use of soundproofing. Finer performance—a choice of "6" or three brilliant V-8's for any power-economy combination you wish. And you'll like the extra savings ...

NEEDS ROUTINE SERVICE ONLY TWICE A YEAR ...

... at 6,000- to 30,000-mile intervals. Changing oil, for example, now only has to be done every 6,000 miles. A new-type anti-freeze, anti-rust, coolant lasts 2 years or 30,000 miles! And a dozen other self-servicing features cut upkeep still further. Stop in. Size up a Mercury Monterey for value. The price? Well within the popular-price range.

LINCOLN-MERCUY DIVISION • 1962 MERCURYS • PRODUCTS OF FORD MOTOR COMPANY

WIN A 1962 MERCURY AT OUR ANNOUNCEMENT SHOWING. 18 CARS GIVEN AWAY. 12,680 PRIZES IN ALL!

Piggly Wiggly

NEW FORD PICKUP—Herman Elkins looks over a 1962 Ford 1/2-ton pickup truck, which goes on display tomorrow at Wilson Motors on the East Highway.

The Snyder (Texas) Daily News, Thurs., Sept. 28, 1961 5B

Gains Seen For Livestock

WASHINGTON (AP)—The Agriculture Department predicted today that an increase in livestock and livestock products this year would offset a decline in production of crops. Thus, total farm output would hold at about last year's record level.

Such a volume of farm products would be 26 per cent larger than the 1947-49 average.

A report on market prospects said farmers' cash receipts the first eight months of this year totaled \$20.1 billion, up 2.5 per cent from the like period last year. This reflected an upturn in prices and a larger quantity of products marketed.

Receipts from livestock and livestock products totaled \$12.4 billion, and from crops \$7.7 billion. Crop volume this year is expected to be 4 per cent smaller than last year.

Hammarskjold Is Honored In Sweden

By CARL O. BOLANG
STOCKHOLM, Sweden (AP)—Sweden today honored Dag Hammarskjold with a solemn ceremony unmatched in pomp for any commoner in this nation's long history.

The bodies of the late United Nations secretary-general and nine others who perished with him in a plane crash in the Congo arrived here escorted by eight jet fighters.

Hammarskjold's saddened countrymen received him with honors usually accorded only to a king who has fallen in battle.

More than 300 soldiers paraded. A 43-man army band played the royal death march at Stockholm's Bromma Airport, the airport from which Hammarskjold departed eight years ago to take up his post at the United Nations.

As the band started playing with muffled drums, Hammarskjold's coffin was carried from a hangar and placed on a catafalque in the center of a square formed by soldiers and Red Cross personnel standing at attention.

A chilly breeze fluttered the flags of five nations—the United States, Sweden, Haiti, Canada and Ireland. These are the countries of the other victims of the plane

crash that took Hammarskjold's life.

Twenty-one Swedish soldiers carrying blue and yellow Swedish flags and the United Nations banner formed the background as the coffins of the other victims were carried to other catafalques wrapped in the flags of their countries.

Ambassador Johan Beck-Frisz placed on each of the coffins a green wreath with a blue and yellow ribbon—the monogram of the Swedish king. That was a tribute by the royal family to the victims of the Ndola crash, which killed eight other Swedes beside Hammarskjold, three Americans, one Canadian, one Irishman, one Haitian and one Swiss. Five of the coffins of Swedish victims were delivered in Malmoe, hometown of the crew of the Hammarskjold plane.

Premier Tage Erlander put a large green wreath with white lilies on the coffin of Hammarskjold and the other victims.

A state funeral for Hammarskjold will be held Friday at the ancient university town of Uppsala. The ritual follows that reserved for Swedish royalty and never accorded to a commoner in this century.

Junior Editors Quiz on INSECTS

QUESTION: What is the largest insect?

ANSWER: You could mean by this the heaviest, bulkiest insect or the longest. In our picture John is looking closely at the bulkiest insect in the world...

FOR YOU TO DO: Measure the length of 18 inches on a piece of paper. This will give you the length of the Great Walking Stick...

(Dino Barfield of Wayne, N. J., wins \$10 for this question. Mail yours on a postcard to Junior Editors in care of this newspaper.)

Foot Soldiers To Get Protection

By FRED S. HOFFMAN WASHINGTON (AP) — The Army hopes to have its foot soldiers in Germany fully equipped in about five months with armor-protected vehicles designed to move them swiftly and safely into battle zones.

Officials estimated today it will take about 2,000 of these vehicles to outfit the 3rd, 8th, and 24th Infantry Divisions.

Rayburn Is Recovering

BONHAM, Tex. (AP) — Speaker of the House Sam Rayburn says his back is improving and he will be back in Washington by the time Congress reconvenes in January.

Nuclear's Power's Importance Cited

PARIS (AP) — Nuclear energy will be an important power source for space ships, a U.S. Atomic Energy Commission official said today.

Newfoundland has dredged and dumped 100,000 tons of waste...
