Brown To Speak

Chamber Banquet Set For Tonight

Tonight the annual Chamber of Commerce banquet will be held in the Colorado High School cafeteria, starting at 7 p.m.

Sefton Pickens, executive vice president of the Chamber, reported

that almost all of the 200 tickets had been sold, only 30 tickets still available Wednesday. Pickens pointed out that space in the cafeteria is limited to no more than 216 persons, unlike Chamber banquets held in the past when the Civic House was available and more tables could be added when needed.

The program this year will be changed from past programs as the speaker, Reagan Brown, gubernatorial assistant, will be featured during the beginning of the program and presentations will follow.

Entertainment will be provided by Cornelia Helm, daughter of Mr. and Mrs. Bill Helm of Colorado City, who will play dinner music and a singer from Hardin-Simmons University of Abilene, Alexia Mayfield of Wilbert, who will sing selections from the repertoire which has entertained crowds throughout the United States and Europe.

State Representative for the 61st district, Elmer Martin of Colorado City, will introduce the speaker. Brown is well known in Texas for his speaking style, combining down-to-earth philosophy and wit. He is a member of the graduate faculty at Colorado State University, teaching classes in sociology.

Brown was selected as the Man of the Year in Texas Agriculture, 1968, by the Progressive Farmer magazine. He holds three degrees from Texas A&M.

Town Talk

By Mac McKinnon

It seems that no one has anything good to say about our country during these days of scandal, shortage of goods and fuel and inflation.

It seems that all the good aspects of our country are shoved to the background because of these problems.

However, it is the fantastic nature of our country and its people that enables us to overcome problems such as war, poverty, famine and as we have faced and overcome so many times in the past.

This fact was brought home to me and many other residents of the United States by a Canadian, Gordon Sinclair, a radio and TV commentator, who broadcast an editorial from Toronto not too many months ago and since that time it has been printed many times and has even been put on a record with "America" being played in the background.

Several persons have requested that the Record publish the editorial so that everyone in Mitchell County will be able to read it. Here it is:

By Gordon Sinclair

This Canadian thinks it is time to speak up for the Americans as the most generous and possibly the least appreciated people on all the earth...

Germany, Japan and, to a lesser extent, Britain and Italy were lifted out of the debris of war by the Americans who poured in billions of dollars and forgave other billions in debts. None of these countries is today paying even the interest on its remaining debts to the United States.

When the franc was in danger of collapsing in 1956, it was the Americans who propped it up, and their reward was to be insulted and swindled on the streets of Paris.

I was there. I saw it.

When distant cities are hit by earthquakes, it is the United States that hurries in to help.

...This spring, 59 American communities (were) flattened by tornadoes. Nobody helped.

The Marshall Plan and the Truman Policy pumped billions upon billions of dollars into discouraged countries. Now newspapers in those countries are writing about the decadent, warmongering Americans.

I'd like to see just one of those countries that is gloating over the erosion of the United States dollar build its own airplanes.

Come on, let's hear it!

Does any other country in the world have a plane to equal the Boeing Jumbo Jet, the Lockheed TriStar or the Douglas 10?

If so, why don't they fly them? Why do all the international li-

Burleson Files For Re-Election

U. S. Rep. Omar Burleson, Congressman from the 17th District (which includes Mitchell County), has filed for re-election with the State Democratic Executive Committee.

He has filed for a place on the ballot in the Democratic Primary election on May 4, 1974.

Omar Burleson

Burleson was elected to the 80th Congress from the 17th District and has been re-elected to each succeeding Congress. He is currently 17th in House seniority and a high-ranking member of the Ways and Means Committee, considered one of the most powerful and prestigious committees in the House.

Burleson was the principal speaker at a meeting of the Abilene Chamber of Commerce Legislative Committee Tuesday morning.

He reviewed recent congressional action which would affect our area. A question and answer period followed his address.

Walter Grubbs, Abilene aide to Burleson, said that no activities have been planned other than the address before the Chamber group.

Wolves Lose One To Estacado

Colorado City's Wolves dropped a district game to Lubbock Estacado Tuesday night in Wolf Gym, 73-58.

James Aushie scored 14 points for the Wolves. Arnold Parker added 21, Ed Warren, 12, Calvin Belvin, 7, Wayne McKee, 2 and Felix Franco, 2.

The Wolves will play a non-district game against Seminole Friday in Wolf Gym.

Voss arrived in Fort Worth Dec. 21 and will monitor classes at Castleberry High School in Fort Worth. He is now on his summer vacation in Brazil, explaining that Brazilian students get the summer months of Dec., Jan. and Feb. as vacation time, as well as the winter month of July, which would be similar to our Christmas and Easter holidays rolled into one.

He explained that the Voss family are of German and Italian descent and have three homes in the Curitiba area; a large city home, a farm home in the Lapa area and a beach home.

Mrs. Larry Ray Bruns,
wed in Big Spring

McAdams, Bruns Exchange Nuptials In Big Spring

Miss Brenda Kay McAdams became the bride of Larry Ray Bruns January 1 in the Blue Room of the Dora Roberts Community Center, in Big Spring.

The bride is the daughter of Mr. and Mrs. Marshall McAdams of 320 S. Lightfoot Street in Lorraine and Charlot McAdams of Big Spring. The groom is the son of Mrs. Ruby Bruns of 1610 Cardinal in Big Spring and Paul Bruns of Duncannon.

A nine branched candelabra flanked by palm leaves made the background setting for the ceremony performed by two members of the Bahai faith from Lubbock.

Wedding music was presented by Mrs. Gail Bonner playing the piano.

The bride, given in marriage by her father, wore a formal length gown of bridal taffeta designed with a Victorian neckline edged in a natural ruffle of lace. The full sleeves ended with a band of lace. The A-line skirt fell into a chapel length train.

She wore a layered veil of illusion that fell from a Juliet cap of lace and seed pearls. She carried a cascade of white feathered mums centered with a white orchid.

Joan Lea McAdams, sister of the bride, was flower girl. She wore an organ floor length dress and carried a bouquet of orange and white carnations. A reception in honor of the couple was held after the ceremony in the dining area of the Community Center.

The bride's table was centered with a floral arrangement of the brides chosen colors. The wedding cake featured three tiers with clusters of sweetpeas among the swags and scrolls of white icing. The cake was topped with a miniature bride and groom housed in lace and satin.

The groom's table was decorated with a white cloth and butter cookies and coffee were served from it.

Members of the houseparty were Mrs. Dottie Martin of Lorraine and Mrs. Robert Harmon.

For a wedding trip to Dallas the bride wore a beige jumpsuit and also wore the orchid corsage from her bridal bouquet.

Out of town guests were Mrs. Dottie Martin, Mrs. Robert Harmon, Mr. and Mrs. Dub Wood-

dell and Mr. and Mrs. Marshall McAdams and family all of Lorraine.

Also from out of town were Mr. and Mrs. Preston Garver of Lubbock, Mr. and Mrs. A. J. Rowell, of Anchorage, Alaska and Mrs. Ken McHamer of St. Louis, Missouri.

Dever will be in the Chamber of Commerce office from 1-5 p.m.

Dever will offer assistance under the Six-Point Veterans Assistance Program now in use at Western Texas College. The objectives of the program are: to establish contact with the veteran and to acquaint him with the educational services and resources available to him; to identify educational benefits, programs, and options for which the veteran is eligible and to detail a specific course of action for him based upon the opportunities available and to determine the veterans' level of competence and determine a course of action that would make him an acceptable candidate for admission for postsecondary education.

Also to detail a specific course of action for the veteran and to schedule appointments for him at the appropriate agencies when such appointments are deemed necessary; to assist the veteran in clarifying

New Change On Tax Forms For 73

"There is a change on the tax forms pertaining to charitable contributions which means taxpayers must separate their contributions into two categories this year," according to Mrs. Phyllis Messimer, local manager for H & R BLOCK.

Mrs. Phyllis Messimer said "taxpayers should be sure to keep receipts, money order stubs, cancelled checks or other documents which will support their claimed deduction for 1973 church and charitable contributions such as Red Cross, Salvation Army, Crippled Children's funds or others."

She said, "this amount will be entered on the tax form under charitable contributions which have receipt." "Cash gifts and non-cash gifts which have no receipt" she continued, "will be listed on a separate line on this year's tax forms."

According to Mrs. Messimer, "this change will help taxpayers in establishing the exact amount of charitable contributions, and will aid the IRS in their initial review of the tax returns."

Arthur Rivera, Jr., son of Mr. and Mrs. Arthur Rivera, Sr., was born January 2 weighing 7 lbs. 4 ozs.

The Veterans Outreach Coordinator's office at WTC is in the administration building, and Dever may be contacted there by veterans who are unable to meet with him while he is making assistance visits to area towns. The office is also open several evenings each week.

Registration for the spring semester at WTC is set for January 14-15, with classes beginning January 16.

What TESCO is doing to provide the electricity you'll need.

We're spending \$700 million on new construction during the next five years.

We must have new plants that will permit us to diversify the types of fuel we use to generate electricity.

Natural gas is our major fuel at Texas Electric now, with oil used on a standby basis. But both these fuels are in increasingly short supply.

So Texas Electric, along with two other electric utilities, is building plants in East Texas that use lignite coal, a fuel that is not being used extensively for any purpose other than the generation of electricity.

One lignite plant already is in operation, and two others are being built. But it costs about twice as much to build a lignite

plant as one that uses natural gas.

A nuclear-fueled plant is scheduled to be operational near Glen Rose by 1980, and this one will cost more than three times as much as a gas-fueled plant.

Financing the essential expenditure of more than \$700 million in just the next five years is what makes an increase in electric service rates necessary.

We're working to supply the electricity you'll need, but it will have to cost more in the future.

meats which sounds delicious.
He mentioned though, that
drive-ins are popular in Brazil,
the "Tipiti Dog" corresponding
to our Dairy Queen, hot dogs
quite popular in Brazil.

Another Texas custom that is
familiar in Brazil is the popular
music, Bread, Elton John, The
Who and Amerika all popular
there.

Since Brazil has a large num-
ber of German extraction peo-
ple, Oktoberfests are popular,
and Ronaldo and his family and
cousins participate in the festi-
vities, dressing in German
Lederhosen and dancing Ger-
man dances.

When asked to compare Bra-
zilian girls to Texas girls, Ro-
naldo would only smile and say
that he was accustomed to hav-
ing a number of friends, both
boys and girls, and that Brazi-
lian girls are very "alegre,"
happy.

Question:

**Will you have
enough natural gas
for your home this winter?**

Answer:

Yes!

Let's lay this question
to rest once and for all.
Lone Star Gas Com-
pany has enough natural gas re-
serves under contract to adequately
supply our residential, commercial
and other higher priority customers
for many winters.

To be sure we have enough for
these consumers, we will make some
extensive curtailments of service to
our large volume customers during
extreme cold weather this winter. In
fact, our contracts with large volume
customers anticipate the need to
curtail up to 100% of their needs
during these cold periods. This
allows us to assure service to resi-
dential, commercial and other higher
priority customers.

We're taking major
steps to make sure
you have gas for
the future. New gas we're buying
costs more than four times the price
we paid just a few years ago. This is
an astonishing amount of money!
But it's the price all of us must pay
for a continuing supply of natural
gas energy.

This winter, and in the future,
natural gas from Lone Star will con-
tinue to be your best method of
home heating, water heating and
cooking... just as it has been for
more than 40 years. But we all must
remember to help conserve this pre-
cious energy fuel.

Clean Energy for Today and Tomorrow

Colorado Jr Hi Chatter

This is dead week at C.J.H. For more reasons than one--first, we came to school in the dark Monday morning and second, this is exam week. We just hope we can stay awake long enough to take our tests! Friday is a student holiday. All the students we've talked to say they intend to sleep most of the day. We love our teachers, but that won't keep us from "snoozing," Friday while they work. Happy work day, Teachers!!

piece. The leading rebounder was Geiger with 4 pts. on this game we all worked like a team and everybody played. Since we lost the first game and won the second one we then played for consolation or 3rd place. We played Ballinger and they beat us 28-24. High point men were Geiger with 8 pts. and Adams with 6. So we lost to Ballinger, but we hope to avenge ourselves when we meet Ballinger there Monday night, January 7th.

Carl Perry Moore, the 8th Grade speech teacher, who is in his 1st year of teaching, does a great job. He was born in Kittery, Maine on February 2, 1950. He married Marsh Seale on August 1, 1970, and they have one daughter Amy who is 10 months old. Mrs. Moore is a substitute teacher and has substituted at C.J.H. and is very well liked.

Moore went 2 years to Cisco Junior College at Cisco, Texas and 3 years at Sam Houston State University in Huntsville, Texas. He has a BA degree with a major in drama and speech. He is a member of the C. City Playhouse. He also puts on plays at C.J.H.

We think Mr. Moore is a really great teacher and is well liked by everyone.

Last Friday C-City entered its first tournament which was at Sweetwater. Our 8th grade played their first game against Sweetwater. Both teams were evenly matched. But at the end S'water came out ahead 41-36. High point man was Frank Sanchez with 13 pts. Next was Kevin Geiger with 8 pts. Leading rebounder was Geiger with 6 pts. to his credit and Ed Adams with 5 pts. That right there sums it up for the 1st game for C-City in the tournament.

Saturday morning we played the S'water B. team. It was no game from the start. C-City routed the B team by a score of 30-2. High point men were Sanchez and Rivera with 6 pts. a

This weekend looks a lot the same with the 7th Grade again in Tournament play at Stanton opening up against Greenwood, Thursday at 5:40 p.m. You won't catch the 8th grade napping either as they will be playing the Ballinger tournament at Ballinger also beginning on Thursday. C.J.H. says "Pick a team and back'em this weekend!"

Sociology To Be Offered At Night

A limited number of students will be accepted for a general sociology course to be offered on Tuesday evenings at Western Texas College beginning January 16.

The course is designed for busy people who want an enriching learning experience without outside research and writing assignments which would tax their time, Joe Reeves, instructor, said.

No previous courses in sociology are necessary to enroll for this course, "Introduction to Sociology."

Classes will be from 7 to 8:15 p.m., with the hours from 6:30 to 7 p.m. and 8:15 to 9:30 p.m.

set aside for listening to taped lectures and for private assistance as needed. The taped sessions may be heard at other times during the week if desired.

The course will consist of live lectures, guest speakers, and numerous audio-visual sessions covering such topics as culture and society, ethnic and racial minorities, population ecology, and deviant behavior and social control.

Persons interested in enrolling for the course may contact the college Director of Admissions. Students will be accepted until Jan. 15 unless the class is filled earlier.
