Boy Scouts Asks Citizens To Cooperate In Waste Paper Drive Now In Progress

Plans are now complete for the waste paper drive which is being held in Dawson County this month. The collection will be made here by local Boy Scouts, with Troop 23, Leslie Pratt, Scoutmaster, sponsoring the campaign. The scouts will be assisted in loading the car, April 27 and 28, by members of the Lions Club.

This is your chance to do one of the most important salvage jobs in this war. The waste paper salvage job grows bigger as the war tempo increases on all global fronts. Military demands for waste paper products will not decrease with the collapse of organized resistance in Germany, but will rather increase because of the enormous supply problems in the Pacific.

In order to have a large amount collected, Boy Scouts are asking for the final cooperation of the citizens of Dawson County. The papers, magazines, old books and paste board are to be tied with cord in compact packages for the pickup days of the campaign. Loose paper is hard to handle, requires more time than the railroads can allow for unloading the cars.

Boy Scouts who collect 1,000 pounds of waste paper will receive the Boy Scout-General Eisenhower Waste Paper Campaign Medal. The medal, in bronze, is suspended from a red and white ribbon.

The troop which collects waste paper equivalent to 1,000 pounds per boy member will receive a troop award.

Leslie Pratt, emphasized the need to help in this drive, by saving your paper and turning it in to members of the Boy Scouts.

The Bronze Star for Meritorious achievements in operations against the enemy somewhere in the Philippines, was recently awarded to Major C. F. Noncaster. Major Noncaster is the son of Mr. and Mrs. J. W. Noncaster of Star Route 1 in this county. He is a member of the Quartermaster Corps, and has been overseas for the past 7 months. Since that time he has been stationed on New Guinea, in the East Indies, and was then transferred to the Philippines. Major Noncaster has been in service for the past 3 1/2 years. His wife resides in Dallas.

Free Show To Be Held At Dawson School Bond Sale

Now, here's a real place to go. A real show to see, a full evening of free entertainment is to be held at the Dawson School at Welch, next Wednesday evening, April 18th at 8:30—so says your Welch Bond Committee for the Seventh Bond Drive.

Everyone is invited to attend. There will be music, movies, and a style show thrown in for full measure.

The style show will present the girls of the Home Economics Department of the Dawson High School, modeling their own creations of lovely summer frocks and exquisite evening gowns. So, if you want to see some really tricky ideas in clothes for both street wear, for playtime, and for formal affairs, styles and fashions that girls have learned to make themselves—and think of the economy this means—when bond buying—which is money saving in a big way—is "All the Go!" Money saved and then invested in bonds with their generous rate of interest, means more clothes and better values for your money when the war is over, states Chairman DuBose, of the Seventh War Bond Drive now starting.

The musical program consists of group singing, solo, songs by the entire school, and instrumental numbers, both popular, secular and classical.

The moving pictures show the Invasion of Normandy, The Landings on the Beaches, and Actual Battle Scenes.

It is expected that everyone attending will want to buy a bond to give this Seventh War Loan Drive in Dawson County, a fine head start—so while you are enjoying this fine program, show your appreciation of America, as your Welch Bond Committee asks you to do, and Buy a Bond.

Kirksey, a graduate of Lamesa High School, is a former employee at the Palace and Majestic Theatres in this city. His wife, the former Nadelyn White, makes her home here.

Clothing Drive Gets Underway In The County

Giving real cooperation and actual leadership to the drive for used clothing, Judge Kilmer B. Corbin, chairman for the United National Clothing Collection Committee, went to Welch to conduct a meeting at the Dawson Independent School.

He urged that you look through your closets or other storage places for practical clothing. Warm sturdy garments, shoes tied in pairs, knitted headgear, hoods, stocking caps, any sort of clean bedding, clothes of every size and kind that are practical are needed to alleviate the desperate need of devastated countries of Europe, where invasion has reduced the men, women and children to shivering, suffering and begging, because of inhuman treatment by the German invaders.

The drive is progressing nicely with a large amount of clothing already received at the County Judge's office. However much more clothing will be needed to fill the Dawson County quota.

Collection points for the clothing have been designated as the County Judge's Office and at the American Legion Hall in this city.

Present plans call for collection of all the wearable clothing possible and to bring it to the American Legion Hall where it will be packaged and shipped to persons needing it so badly. It is stated that if the schools find it impossible to bring in their clothing bundles, arrangements will be made to pick them up during the last week in this month.

This drive through the county schools is for the purpose of bringing home to every family the fact that they can each find something stored away, even though only one small garment of some kind.

The other independent schools of the county, Ackerly, Union, Sparenberg and Klondike, and elementary schools will be visited during the drive, to further the cause for everyone to donate some article of useful wearing service to these needy children and adults in the war torn and invaded countries.

A concentrated effort will be put forth for collection of these garments during the last week of April.

Water System At High School Now Back In Operation

The Lamesa High School water system went out of order last Thursday when the second supply pipe for the drinking fountain and laboratory services developed a severe leak under the floor.

Repairs were finished Tuesday morning by the installation of a new supply line within the building and overhead. Fountains in the gymnasium were used by all the pupils during the repair period.

Sgt. Keathley's Wife Presented The Congressional Medal In Ceremony Held At Camp Wolters, April 11

CAMP WOLTERS, Texas, April 11—Mrs. Geneva Keathley, 502 Miller Street, Lamesa, Texas, this afternoon received the Congressional Medal of Honor from Major General Bruce Magruder, commanding this Infantry Replacement Training Center. The medal was awarded posthumously to Mrs. Keathley's husband, Staff Sergeant George D. Keathley, Infantryman who died in Italy last September 14.

The presentation of the nation's highest award was made at a retreat parade here, in which troops of the 64th Infantry Training Battalion passed in review in honor of Mrs. Keathley.

Sgt. Keathley's rifle company of the 85th Infantry Division had beaten off three enemy counterattacks in which all commissioned and non-commissioned officers of the second and third platoons had become casualties. Sergeant Keathley assumed command. Ammunition was low; and during an intense preparatory mortar barrage which the Germans concentrated on the hillside position, Sergeant Keathley moved among the wounded and dead, collecting ammunition and administering first aid. He then moved from man to man, distributing the final ammunition and offering encouragement.

He and the men were ready and waiting when the Germans came. They came in strength estimated at two companies.

Staff Sergeant Charles J. Dozier, of Ellaville, Iowa, who led his squad of the first platoon into position to strengthen the flank of the beleaguered platoons, described the final charge.

"The enemy attacked from the front and both flanks, throwing 'potato mashers' and covered by intense automatic and small arms fire," he said. "They broke through from the right flank and we were fighting hand-to-hand with a desperate, fanatical enemy as he tried to drive us from our positions.

Sergeant Keathley was doing a wonderful job with the second and third platoons. I could hear him shouting orders and encouragement as he dashed from one position to another. I saw one of the hand grenades burst at his side. Yet he never stopped fighting."

His left side shattered, the Texas Infantryman rose to his feet, firing his M1 rifle while holding his torn body together with his left hand.

For 15 minutes, while the Infantry comrades around him saw clearly that he was mortally wounded, Sergeant Keathley stood against the charge of the Germans. He jammed clip after clip into the hot

Members of the program committee urge all members of the Church together with their friends of Rev. and Mrs. Cole to attend.

Dawson County's War Bond 'E' Campaign To Start On Monday Morning, April 16

"The general 'E' Bond drive in America's national Seventh War Loan campaign, starts Monday the 16th," said Ed DuBose, over-all chairman for Dawson County's program of money raising, or "rather, money-saving campaign for \$445,000, as he speaks of it, for what better method can be used by any individual to help beat inflation than to invest his money in war bonds—which doesn't cost him a penny, but earns him a good interest on his investment."

At a meeting held Wednesday night, April 11th, Richard Young, J. D. McPhaul and Henry Norris were appointed to head the city drive. The payroll savings plan will be put in effect, with Mrs. Kenneth Esmond, Mrs. Arthur Hull and Mrs. A. E. Jacobs, co-chairmen of the women's part of the payroll savings plan.

A special feature of the campaign this week will be the personal appearance of Cal Farley in this city. Farley, who is from Amarillo, will be here throughout Friday, April 13, and will address school officials at 10:30 a. m. Friday morning, the Rotary Club at the noon hour, and will present a program at the high school assembly that afternoon.

To stimulate bond sales in the schools during the drive, prizes of four \$25.00 war bonds will be offered to rural schools and Lamesa Schools. Two bonds will be presented to boys and girls of the rural schools selling the greatest amount of bonds, and to the boys and girls receiving the most subscription for bonds. The same plan will be followed in the Lamesa Schools.

Dawson County's organization for the drive is well organized and consists of the following community chairmen:

Mt. Olive—Willie Stovall.
Mullens—L. I. Dean.
O. K.—Jesse Merrick.
Grandview—R. M. Middleton.
Woody—G. C. Clift and Bill Drennan.
Bartlett—Alton Addison.
Liberty—E. E. Barron.
McCarty—R. F. Jackson.
Munger—Jack Broyles.
Harmony—Jesse Gillespie.
Ackerly—E. G. Murphy.
Dawson—J. C. O'Brien, J. A. Johnson and Fred Rainey.
Hancock—Ben Dopsom.
Union—W. B. Marshall.
Klondike—Clyde Edmondson and Mrs. E. L. Eoff.
Key—Pete Strickland.
Sparenberg—Otto Reithmayer and E. C. Grissom.
J. R. Earnest is in charge of the publicity work for the campaign.

A large bond rally with a free show will be held at Dawson High School at Welch next Wednesday, where a style and fashion display, movies, and music will entertain the crowd.

Similar bond rallies will be held at other schools throughout Dawson County. Place, time and type of the entertainment features and the community will be announced later.

As Chairman DuBose reminds every citizen of this county, "The American spirit will never die while our people through their own efforts support its freedom, its rights, its safety and its honor," by financing in their different degrees and amounts, the necessary protection we have and want to keep for ourselves and our homes and our children, right now, as well as in the future." The \$445,000 Dawson County is now raising, averages:

Perry S. Cox, whose wife makes her home in Lamesa, was recently promoted to the rank of Captain at a station in India, where he serves as active engineering officer of a fighter squadron. Overseas for the past 16 months, Captain Cox possesses the Air Medal. He is a graduate of the Lamesa High School and a former student of Texas A. and M. College. Entering the service October 1, 1941, he received his primary training at the Primary Detachment at Visalia, California, and his basic training at the Air Corps Basic Training School at Le. Moore, California. He received his commission as pilot of a P-38 at Luke Field, in Phoenix, Arizona, on May 21, 1942. Captain Cox is a nephew of Mr. and Mrs. Audrey Cox of this city.

Pvt. Everett Henderson, holder of the Purple Heart, arrived in this city Friday, April 6, for a 45 day furlough with his wife and two children, also, his parents, Mr. and Mrs. J. W. Henderson.

Pvt. Henderson entered service approximately one year ago and trained at Camp Roberts, California, and Fort Benning, Georgia, as a paratrooper. He arrived in England in December, and has seen service in France, Belgium and Germany. He was wounded January 6, in the Belgium drive.

After his 45 day furlough here he will return to the Beaumont Hospital, El Paso, for medical treatment.

Pfc. C. G. Tapley Wounded Recently

Mr. and Mrs. C. G. Tapley, who reside in this city, received a telegram, Thursday, April 5, informing them that their son, Pfc. Charles L. Tapley, was seriously wounded in action March 25, in Germany. The telegram further stated that his mail address will follow direct from the hospital with additional details.

Pfc. Tapley was serving with the Engineer Corps and had been overseas 9 months. He has been stationed in England, France and Germany. Pfc. Tapley has also served 11 months in Alaska. He received training at Camp Wolters, and Camp White, Oregon.

A brother, George W. Tapley, also a member of the service and is serving overseas.

He has five sisters, Ruth, Pauline, Marie, Lorene, and Bashe and a brother Buster Tapley, who make their home in Lamesa.

Oil Developments Are Progressing In County

Magnolia Petroleum Company No. 1, J. P. Cole, section 48, block EL&RR survey, prospective semi-wildcat producer in the Welch area of northern Dawson County, Tuesday was conditioning hole to run tubing at total depth of 4,896 feet, in lime. It was reported to have 3,500 feet of oil standing in the hole with no water reported.

The Texas Company, No. 1 R. W. Higginbotham Trust, labor 16, league 279, Hutchinson County School Land, western Dawson wildcat, 9 miles southeast of the Cedar Lake pool in Gaines County, was drilling below 5,965 feet, after making repairs.

The above information was given in the Wednesday issue of the Fort Worth Star-Telegram.

Mrs. Frank Robinson and children spent the week end in Abilene visiting with relatives.

Legion Post Wins Award For Valuable Service

The Allen Houston Post of the American Legion in Lamesa has received certificates of honor from both the State and National headquarters of The American Legion, for outstanding participation in the national program of the Legion, states W. T. Webb, and adds, "and are they pretty," all gold and red, in fact so beautiful are they that the members voted unanimously to have them framed.

This program for which these certificates are issued, have to be won in competition with other posts, the local post having a quota of fifty-four members as a required number, actually has 150, and the post has sent boys to Boys States, held their memorial services and held highly successful in poppy sales, together with many other activities during the past year.

Future Subjects For Bryan Street Church Revival Announced

Dr. J. N. Jackson, evangelist arrived in Lamesa Tuesday and will assume charge of the revival which is in progress at the Bryan Street Missionary Baptist Church. The meeting which opened Sunday, April 8, will extend through April 22nd. Dr. Jackson was unable to be here for the opening services.

Dr. Jackson announces as his subject for Sunday morning, "God's Secret Place," and for the evening service, "Signs of Second Coming of Christ."

Questions he will answer during the week will be, "What Is The Unpardonable Sin?" for Thursday evening, "Can the Allies Win the War According to Prophecy?" Friday evening, "At the Saturday evening service he will answer the question, "Will There Be Any Unsaved People In The Millennium?"

Services are held twice daily, with morning messages being brought at 10:30 a. m. and evening services begin at 8:30 p. m. Rev. E. L. Jones, local pastor, extends an invitation to the people of Lamesa to attend these services.

Latest News From THE HOME DEMONSTRATION AGENT

MYRTLE DICKIE NEGY COUNTY HOME DEMONSTRATION AGENT PEANUT BUTTER-HONEY SANDWICHES

If your school children like peanut butter and honey sandwiches try making them this way: Spread each slice of bread with butter or margarine which is warm enough to spread evenly, but not melted. Spread each slice of buttered bread with peanut butter, then spread one slice thickly with honey and put together. The honey holds the sandwich together as well as adds flavor. By not mixing the honey and peanut butter the sandwich can be kept fresher and more moist.

A NEW POPCORN

There's news from the popcorn front! A new hybrid corn has been developed that makes larger popped kernels that are more delicious in flavor and so tender they "melt in your mouth." It is not on the market generally yet, but we have it to look forward to as the scientists from the U. S. Department of Agriculture of Kansas and the Purdue University say it is coming.

Popcorn is high in food value and makes it easy to get that whole grain cereal in your diet. The Texas Food Standard lists whole grain cereals as an important group for best diets.

ITALIAN RED ONION

Mild onions are desirable for salads. One of the best is the large Italian Red Onion. Since they store poorly and cannot be shipped economically they are hard to find in food stores. But they can be grown in nearly every climate. It might be a good idea to try a few in your summer or fall garden if you can find the plants or the seed.

FREEZER LOCKERS

The Ackerly Home Demonstration Club is planning a demonstration on the best use of freezer locker storage space. They hope to have lockers to use by early May. The demonstration will be given May 17. Mrs. Joe Monroe and Mrs. G. H. Rhea are serving on a committee to make arrangements for the demonstration. Mrs. Monroe will secure a list of all families who have bought locker space and they will be given special invitations to the meeting. The public, also, will be invited.

ON THE ABUNDANT LIST

Be patriotic and diet wise and serve carrots and beets to your family as often as they will eat them for the next few weeks. There's a big crop of them and they are excellent food. New recipes are hard to find for either of these vegetables. Here are a couple you may have not thought to use lately:

- Carrots and Cabbage Slaw**
2 cups carrots, cut in fine long strips
2 cups cabbage, finely shredded
1-3 cup vinegar
1-2 cup cooked salad dressing
1-3 cup sour cream
Crisp carrots and cabbage by wrapping them in a cold damp cloth. Mix, add vinegar, and chill 15 minutes. Toss together lightly with dressing made by combining salad dressing and sour cream.
- Harvard Beets**
2 tablespoons cornstarch (or flour)
1-2 teaspoon salt
1-8 cup fat
1-4 cup sugar
1-2 cup vinegar
3 cups cooked, sliced beets
Mix cornstarch, sugar and salt.

"My mom's the best cook in the world"

"She keeps my mug and porridge-bowl and fruit dish full of wonderful things. An' she keeps that big blue jar on the shelf full of lovely cookies. An' Oh Boy, you should see the pies and cakes and roasts and vegetable dishes she fixes up... She really IS the best cook in the world!"

That is always the story of the child whose mother cooks with clean, instant-hot, NATURAL GAS. That is particularly true if the mother is so fortunate as to have a CP (Certified Performance) Gas Range.

The CP Gas Range is as near-perfect a cooking device as man has been able to produce. Natural Gas is nature's perfect fuel. A CP Range using natural gas is an unbeatable combination. And today's research assures you that when CP Gas Ranges are once again available, they will be even more wonderful than before.

Rep. George H. Mahon Insists That Pacific Bases Must Be Retained

The Hon. George H. Mahon, in the House of Representatives on April 6th, made these forthright statements of fact concerning bases in the Pacific, and from his remarks is quota the following:

"Mr. Speaker, in a speech delivered in New York last night before the Academy of Political Science by Fleet Admiral Ernest J. King, he warned the American people that we must not at the end of this war give up the necessary bases in the Pacific which have been won by the blood and sacrifice of American fighting men.—Fleet Admiral King hit the nail squarely on the head and I applaud the statement he made. In planning for peace, America cannot give up these hard won bases without betraying the best interests of our country and endangering the future security of America.

"In a communication to the President, the Secretary of State, the Secretary of War, and the Secretary of the Navy, I have urged that we make no commitments as a nation which would prevent our retaining these bases which control the destiny of the Pacific and the destiny of America, and the world."

In his extended remarks, Representative Mahon quoted these words from Fleet Admiral King's New York address, "Of all the elements

Santa Fe to Again Sponsor Its Third Garden Contest

Announcement that the Santa Fe Railway is sponsoring its third annual Victory Garden contest for 68,000 employees, will assure ample larders, despite the food shortage. The champion gardener of the Railway will win a total of \$400 in War Bonds.

The Victory Garden contest announcement is made at a time when government leaders are becoming increasingly alarmed over the nation's food supply.

"The surest way to guarantee a fully supply of fruits and vegetables for home use this year is to grow your own and do as much canning as possible," Administrator Marvin Jones asserted in urging all employees to start Victory Gardens immediately.

Separate contests will be held in each of the 23 operating divisions of the railroad, and a total of \$90 in war bonds and stamps will be awarded in each division as follows: First prize, \$50; second prize, \$25; third prize, \$10; and fourth prize, \$5 in War Bonds and Stamps.

A special prize of \$100 will be awarded in each of the Santa Fe's grand divisions, namely, Eastern, Western, Gulf and Coast Lines. First prize winners of each division will compete for these awards, with grand division winners competing for the title Champion Gardener, Santa Fe System, and the additional award of \$250 in War Bonds.

All Santa Fe employees and members of Santa Fe families may compete. Employee gardening is under way in most of the company's 12 states. Entries must be completed October 1. Right-of-way plots are available for employees.

Southwest Farm Swing Steady To Firm In Past Week

Southwest farm products averaged fully steady to firm during the past week, according to the War Food Administration.

Cotton moved gradually upward throughout the week and southwest spot markets ended 50 to 75 cents a bale higher. New York May futures closed at 22.19 cents a pound.

Wheat held firm at the ceiling, but sorghums eased off slightly to \$2.09 per cwt., at Fort Worth and Texas common rate points.

Demand for poultry and eggs continued very good with a considerable portion of the market supply channeled to the armed forces. Reported sales in practically all instances remained at the ceiling.

Texas shipped citrus fruits, new potatoes and onions, beets, cabbage, carrots, spinach, sweet potatoes, tomatoes and corn in carlot quantities during the past week. Spinach moved by rail from Arkansas and Oklahoma. Louisiana contributed cabbage, strawberries and greens, while Colorado shippers moved potatoes and onions. Shipping point prices strengthened except where ceilings already prevailed, as in the case of new Texas potatoes and Louisiana strawberries. WFA purchases of cabbage, carrots and beets in south Texas resulted in a much firmer trend on these commodities.

Livestock marketing dropped off at most points and prices maintained a steady to firm trend except for slight unevenness on cattle. Bulls closed weak at Fort Worth and Oklahoma City. Cows, especially the lower grades, also had an easier trend at some points, but cattle prices moved upward with gains of 25 to 50 cents per cwt. Beef steers sold as high as \$16.25 per cwt., in Fort Worth and reached \$16.50 at Denver during the week. The top on medium grade cows at the close of the week was \$11.00 in Fort Worth, San Antonio, Denver, and \$11.50 in Houston. Oklahoma City reported cow sales up to \$12.50 with canners and cutters bringing \$6.50 to \$8.50.

Hogs remained at ceiling levels for top butchers and sows at all southwest markets with trade active on moderate supplies. Butcher tops were \$14.55 in Fort Worth and San Antonio, \$14.45 in Oklahoma City and Wichita, and \$14.75 in Denver.

Irregularity featured sheep and lamb markets. While Chicago reported closing trade at the highest level in sixteen years, southwest markets eased prices downward about 25 cents on spring lambs at Fort Worth and 25 to 50 cents on fresh shorn aged ewes and wethers.

at San Antonio. Partially offsetting these declines, however, was a 25-cent gain on woolled lambs at Fort Worth and fat lambs at Oklahoma City and a fully steady trend on all classes at Denver. The top on woolled lambs at Fort Worth was \$15.75 and on springers \$15.00. A few choice new crop offerings reached \$16.50 at Oklahoma City, while Denver quoted trucked in lots as high as \$15.75 and choice Colorado offerings \$16.50 on a freight paid basis.

Phillips has played a major part, in "achieving the almost impossible"

THE DEADLY STING of the new Douglas A-26 Invader, already felt in Germany, will soon hit Japan. On all of the world's flying fronts, United Nations planes fight with Phillips high-octane fuels.

AVIATION GASOLINE, one of the indispensable munitions of war, was an item with very small production at the beginning of World War II.

The recent situation, however, is best described in the official words of the Special Sub-Committee on Petroleum Investigation, of the House of Representatives:

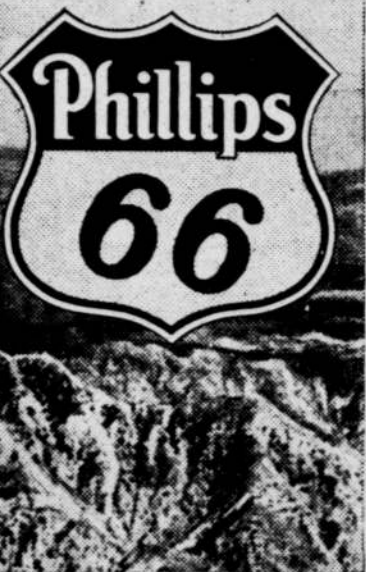

"The United States has achieved the almost impossible by stepping up its daily production (of 100-octane fuel) from 45,000 barrels in December 1941 to more than 500,000 barrels. In the meantime, a remarkable improvement has been accomplished in the quality of the 100-octane product."

Of those who have contributed to this triumph of production, Phillips is especially proud of its record in having maintained its leading position with the handful of petroleum organizations which are the nation's largest producers of high-octane aviation fuel.

Everything that Phillips has learned, in research and experience, both before and during the war, will be lavishly poured into our wonderfully improved postwar motor fuels for car owners. With complete confidence, we say to you: Expect greater postwar gasolines from Phillips!

In the meantime, every time you see the Orange and Black Phillips 66 Shield, let it remind you that Phillips refineries... in addition to producing gasolines, lubricants, and fuel oils... are also gigantic chemical plants pouring out weapons for victory.

Texas-New Mex. Coaches Announce New Schedule

As evidence of its confidence and belief in Lamesa and the future, the Texas-New Mexico and Oklahoma Coaches Inc., recently established east-west motor transportation service over Federal Highway No. 180 from Hobbs, New Mexico to Albany, Texas.

Arriving in Lamesa at 10:30 a. m., each morning the east bound bus gives excellent local service and connections to Abilene, Ft. Worth, and intermediary points, while the west bound bus leaving Lamesa at 8:55 p. m., daily furnishes a direct route to Southern California, via Carlsbad and El Paso.

Operating under its present charter for more than a decade, the Texas-New Mexico and Oklahoma Coaches has more than 50 coaches serving this tri-state area, and has as its president Mrs. Joe Bowman, of Lubbock, with Jess C. Levens Lubbock, serving as vice-president and general manager.

According to a spokesman of the company, this service was begun March 22, and although it brought immediate relief to Lamesa and its 2500 square mile trade territory, the company expect to improve the facilities and schedule just as soon as equipment is available.

No tangle monetary value can be placed on the service TNM and O coaches has rendered this area, but it is fitting that the Chamber of Commerce—an organization of civic-minded, forward looking citizens pay tribute to this company on the occasion of the inauguration of this fine service, and extends its best wishes to them for the future.

Sgt. Nolan Visiting Here After 25 Months In European Theatre

Returning from 25 months of duty in the European Theatre of War Staff Sgt. Doc Nolan arrived in this city Saturday, April 7, for a 45 day furlough. He is the son of Mr. and Mrs. B. T. Nolan, who reside in this city.

While overseas he served with the Signal Corps in Africa, Sicily and was in France when he received his furlough.

A member of the service for more than three years, S-Sgt. Nolan received his training at Brownwood. Before entering the service he was employed with the Lamesa Meat Company.

Upon completion of his furlough he will report to Fort Bliss on May 24.

Sgt. Cecil Gardner Is Spending Furlough In Lamesa With His Wife

Sgt. Cecil Gardner arrived in this city Sunday, April 8, to visit with his wife and mother. Mrs. Julia Ann Gardner, after spending the past 30 months overseas.

During his overseas service Sgt. Gardner was stationed in North Africa and was stationed in Italy at the time he received his furlough.

Sgt. Gardner entered the service April 6, 1942, and received his training in the Engineer Corps at Fort Leonardwood, Mo., and Indiantown Gap, Pennsylvania.

He will report to Hot Springs, Arkansas, upon completion of his 21 day furlough.

Harry Craig Shows To Feature School Pupils Night, Friday, April 13

Friday night, April 13th, will be school children's night at the Harry Craig Shows and Carnival, which have been exhibiting here all this week on the show lot opposite the Fair Grounds.

On Friday night, all school children, no matter what age or grade, will be admitted to the carnival grounds free of charge by simply telling the ticket taker on the front gate which school he or she attends.

The Lamesa Fire Department is sponsoring the carnival and a percentage of the receipts go to their fund.

Vaccinations To Be Given to School Age Children in May

Now that the summer vacation time is not too far distant, G. M. Roberts, principal of the Lamesa Grammar School, thinks it is well to mention the pre-school round, held during this season each year, for children who will be of age to enter school in the fall, stresses the fact that vaccination is compulsory only for smallpox in this state, although other vaccinations can be accepted by the parents of children, and this is also given by the city-county health unit in Lamesa.

The City-County Health Unit is prepared to give these vaccinations May 1, 4, 8 and 11th, and already about seventeen pupils of school entrance age have received it.

Plans Complete For Elementary Meet On Saturday, April 13

Preparations are completed for the Interscholastic League Meet for Dawson County Elementary Schools, which will be held Saturday, April 14, at the Lamesa High School according to reports from V. Z. Rogers.

Those entering the events will be students from the Grandview, Hancock, Klondike and Lamesa Schools. Events for which submissions were submitted are: Declamations, Number Sense, Spelling, Plainwriting, Playground Ball and Junior Track and Field.

Cochabamba, Bolivia's second largest city, is an aviation center.

Cotton Insurance Closed April 10 Reports Triple A

Tuesday, April 10, was the last day on which cotton insurance could be secured at the office of the AAA.

The office reports they received 354 insurance applications, with a coverage of 569 farms, in Dawson County, the acreage to be planted can be determined later, and the financial amount connected therewith by mid-summer.

There are three processes of adjustment which can be made on this insurance—first, if by June 10, there is no cotton up the farmer can collect 40 per cent of the insurance; second, if after the first cultivation, there is a loss, he can collect 75 per cent of his insurance; and third, if after he has made a crop, and there is a complete loss, he can collect 100 per cent, the entire amount of his loss.

County Red Cross Committee Held Election Meeting

The Executive Committee of the Dawson County chapter of the Red Cross held its regular meeting at the office of Dr. J. M. Harrington, Tuesday night, with the membership being increased to twelve, Earl Williams being made publicity chairman.

Unanimously elected to chairmanship of the Home Service Division, was Walter H. Collins, because of his unselfish devotion to and work with boys, the Executive Committee considered him the best suited person for the work.

Mrs. Edith Wilkes was elected Junior Red Cross chairman. Mrs. Henry McQueen whose work in connection with hospital entertainment at Midland was commended for her good work.

The Executive Committee will hold its next regular meeting on the second Tuesday in July. Members present were: Dr. J. M. Harrington, V. Z. Rogers, J. R. Earnest, W. H. Collins, H. S. Fitzgerald, C. Baldwin, Don Emory, Earl Williams, C. A. Hollingsworth, Mrs. Jack McLaughlin, Harry Pace and Mrs. Myrtle Negy.

Vernon L. McKinnon Reported Now To Be Prisoners of Germans

Reported as missing in action last December, Vernon L. McKinnon, son of Mrs. Rhoda E. Gay, who lives nine miles south of Lamesa, now writes his mother that he is a prisoner of the Germans at an undisclosed location, and tells her that he is "all right," adding that he hopes the Red Cross will see that he is sent some "eats" and "cigarette, lot's of 'em."

R. L. Price of the Dawson County Veterans Service, states that the Red Cross has now been appealed to, and he feels sure that the food and "smokes" so badly wanted will be sent Vernon.

Boy Scouts of Troop 22, Held Initiation Service, April 9th

Boy Scouts of Troop 22, held their Annual Initiation Service on Tuesday evening, April 10, in the basement of the Courthouse.

Eleven boys, who have completed one years service in scouting were initiated at this meeting.

They were Bub Cotten, Jack Prather, Donald Conner, T. J. Womack, Billie Doyle Wilson, Don Holt, Weldon Pruitt, I. V. Ferguson, Kenneth Medlock, Dick Echols and Jimmy Howell.

Ovis Richardson Is Reported Improving From His Wounds

Word has been received in Lamesa this week that Ovis Richardson, Seaman 1-C, who was wounded recently, and later returned to the states, is reported to be greatly improved.

Overseas one year, Seaman Richardson was wounded in the invasion of Luzon by a 5mm shell. He has a broken femur and will be in a cast for several more weeks.

His wife and daughter, Barbara, make their home in Lamesa at 912 North Third Street. Mrs. Richardson is a teacher in the local elementary school.

Richardson's address is U. S. Naval Hospital Ward 29, Santa Margarita Ranch, Oceanside, California.

Mrs. J. H. Pierce Sells Beauty Shop To Mrs. W. C. Cowger

Mrs. J. H. Pierce, owner and operator of Pierce's Beauty Shop, in this city, located next door to the Dawson County Courthouse, this week announces that she has sold the place of business to Mrs. W. C. Cowger, who has assumed duties as owner and manager of the institution.

Mrs. Cowger states that she intends to carry on the business with the same policies and efficient service as heretofore been offered. She invites all the former customers, as well as new ones to call on them when in need of anything in beauty work.

S-Sgt. William Benson Jr., Back In States After Overseas Duty

Rev. and Mrs. W. J. Benson of Lamesa received word Tuesday, April 10, from their son, Staff Sergeant William Benson, Jr., that he had arrived in the United States after serving for approximately one year as a gunner on a B-24 in India.

S-Sgt. Benson who has been in the service for the past two years is the processor of Air Medal. He received his training in North Dakota and Harlingen, Texas.

His parents, Rev. and Mrs. Benson make their home here at 910 North First Street.

School State Aid Fund To Be Paid By County Supt.

Good news to rural aid schools and teachers of them comes in the announcement of County Superintendent, P. K. Humes, that state aid in the amount of \$13,443, has been received, distributed or to be distributed, among the common schools and others in Dawson County.

Woody, Liberty, Ackery, Union, Sparenberg and Klondike, all being included in the dispersal of the fund, as well as an adjustment to be made in connection with Dawson Independent School District at Welch. Adjustment payments have had to be postponed until now because of property clearances and tenants.

Klondike 4-H Poultry Winners Announced

Two girls and a boy, Virginia Bruce, Elinor Beardon and Billy Craddock were selected to represent their club in the poultry demonstration, which is being sponsored by Henningsen Lamesa, Inc., and are to receive 100 baby chicks and 30 pounds of feed offered by this firm Saturday. This plan is offered as an incentive to promote more and better poultry raising in the county.

These youngsters are from the Klondike Junior and Senior 4-H clubs. Other participants will be mentioned as more awards are earned. Later shipments of chickens will be received on the 18th, 20th and 25th of this month.

Mrs. Negy, County Home Demonstration Agent and T. A. Barfield, County Agent, will supervise the demonstration in this county. A show will be held in the fall to determine winners in this poultry contest with several prizes and awards to be offered the winners.

MARRIAGE OF MISS MARILYNNE HOWSLEY TO ENSIGN CHARLES JACOBS SOLEMNIZED APRIL 2

Miss Marilynne Howsley daughter of Mr. and Mrs. Andrew Howsley of Albany, became the bride of Ensign Charles Edwin Jacobs, son of Mr. and Mrs. Alva Earl Jacobs of Lamesa, Monday evening, April 2, at 8:30 at the First Methodist Church in Albany.

Dr. Kenneth Pope, pastor of the First Methodist Church in Albany, read the double ring ceremony before an altar where an all-pink motif was featured in flower arrangement. The altar background of greenery was festooned with a garland of pink roses and pink snapdragons, in front of which and on either side stood seven branched candelabra holding pink tapers. The choir railing was decorated with alternating pink tapers and pink roses, and the bride aisle with white cloth marked with sprays of pink bridal wreath, pink gladioli and snapdragons tied with pink satin ribbon at the ends of the pews.

The wedding tapers were lighted by Ralph Culver and George Edward Morris of Seymour, cousins of the bride. Mrs. Frank Elliott, organist, played a program of music which included a medley of old love songs, "Oh Promise Me," "At Dawning," "Serenade" by Gounod, "Tis Thy Wedding Morning" from Rose Maiden and "My Wonderful One" and gave the accompaniment for a choir to sing "I Love You Truly." She also accompanied Dutton J. Bailes, Jr., cousin of the bride, trumpet soloist, who played

Schubert's "Ave Marie" and Mrs. Lester Clark, soloist, who sang "Because." Mrs. Elliott also played the traditional wedding processional from Wagner's "Lohengrin" and the recessional by Mendelssohn and during the ceremony she played Liszt's "Liebestraum."

The bride, given in marriage by her father, wore a gown of Dresden ivory satin fashioned with a sheer yoke that extended off the shoulders and was outlined with a ruff of chantilly lace which also edged the long fitted sleeves buttoned with tiny satin covered buttons. The torso bodice was joined to a full skirt which lengthened into a sweep, in train. The full length ivory illusion veil fell from underneath a three quarter length mantilla of rose point lace caught at the temple with orange blossoms. She carried a shower bouquet of white gardenias centered with white orchids and showered with satin ribbons knotted with gardenias. Her only ornament was a single strand of pearls, gift of the bridegroom.

Attending the bride as matron of honor was Mrs. Ray E. Key of Albany. Bridesmaids were Miss Anna Tutt of Dallas, Mrs. Bob Crowley of Lamesa, Miss Betty Lumkin and Mrs. O. E. Halsell, Dallas. Flower girls were Jane Hooker, Betty Davis, Molly Davis, and Laddie Liles.

The matron of honor and bridesmaids wore identical crowns of pink mousseline de sole. They wore half hats of pink horse hair braid trimmed with clusters of pink roses, and carried bouquets of pink rosebuds. They wore single strands of baby-pearls, which were gifts from the bride. Flower girls wore short dresses of blue pink net over taffeta and carried double bouquets of pink and white sweet peas held together with garlands of pink satin ribbons. The bride's mother wore a heaven blue beaded dress with matching gloves and feather hat and corsage of white gardenias. Mrs. Jacobs, mother of the bridegroom, wore a floor length gown of soft blue and matching hat. Her corsage was of gardenias.

Alva Earl Jacobs attended his son as best man, and ushers were John Walter Wood of Albany; Lt. Allen Barnard and Sgt. Ray A. Noret, Lamesa; and Staff Sgt. Thomas W. Green, Albany.

A reception in the home of the bride's parents followed the ceremony attended by close friends, relatives and out-of-town guests. The bride's table overlaid with Italian cutwork cloth was decorated with a Dresden bowl of pink sweetheart roses at one end and the three tiered wedding cake decorated with pink rosebuds at the other. Pink tapers in Dresden candelabra and Dresden compotes were arranged to form the centerpiece. The bride and bridegroom together cut the first slice from the cake.

Ensign and Mrs. Jacobs left Albany Monday evening for a short wedding trip to Mineral Wells and Dallas, after which they visited in Lamesa with Ensign Jacobs' parents, before leaving for New Orleans where they will make their home.

The bride travelled in a Pietro suit of white-wine gabardine, half hat of black with pearl trim and black halo veil, black lizard shoes and bag and white gloves. Her corsage was of white orchids. She also wore a Hattie Carnegie pin and ear screws of gold with blue stones, a trousseau gift from her mother.

Mrs. Jacobs, a member of prominent pioneer ranch families of Albany and Seymour, attended St. Mary's in Austin and was graduated from Albany High School and the University of Texas as an honor student. She was a member of Zeta Tau Alpha Sorority at the University.

Ensign Jacobs is a graduate of Lamesa High School and the University of Texas in Business Administration. He also attended Texas Technological College at Lubbock, where he was a member of the College Club. He received his commission from the U. S. Naval Air Base in Corpus Christi and will be stationed in New Orleans, La., where he will attend an instructors' school.

Those attending the wedding from Lamesa were Mr. and Mrs. A. E. Jacobs, Mrs. Valena Jacobs, Mrs. A. G. Barnard, Mrs. Myrtle Negy and daughters, Barbara and Ann, Tennie

Gambill, Elwanda Gilbert, Mr. and Mrs. Ray A. Noret, Mr. and Mrs. W. K. Crowley, Mrs. Bob Crowley, Mary Frances Barnard, Lt. Allen Barnard, Sgt. and Mrs. Ray A. Noret, Jr., Helen Cope and Mr. and Mrs. J. A. Lane.

ENSIGN, MRS. JACOBS FETED AT RECEPTION THURSDAY EVENING

As a courtesy to Ensign and Mrs. Charles Edwin Jacobs, who were married Monday, April 2, at Albany, Mr. and Mrs. A. E. Jacobs entertained with a reception at the Lamesa Country Club Thursday, April 5.

Guests were greeted by Mr. and Mrs. W. K. Crowley who presented them to members of the receiving line: Mr. and Mrs. A. E. Jacobs, Mrs. Valena Jacobs, Mrs. A. M. Howsley and Ensign and Mrs. Jacobs.

Mrs. Bob Crowley presided at the guest's book where approximately 150 guests registered during the evening.

The club house was beautifully decorated with Easter lilies and other spring flowers. The serving table was laid with a Normandy lace cloth and centered with a reflector circled with pink and white flowers resembling a wedding ring. In the center of the reflector was a miniature bride and groom. Presiding at the table were Mesdames E. R. Tinsley, J. H. Harp, C. A. Eiland and Wright Boyd assisted by Misses Helen Cope, Elwanda Gilbert, Earnestine Gambill, Barbara Negy, Peggy Robertson, and Mesdames Ray A. Noret Jr. and Kenneth Esmond.

A musical program was given during the evening by Mrs. Matt McCall, Mrs. A. G. Barnard, Mrs. Weldon Lindsey and Mrs. W. J. Beckham.

Mrs. Mary Thompson and Mr. and Mrs. J. B. Price, all of Artesia, New Mexico, spent the week end visiting in Lamesa.

"E" BOND DRIVE STARTS APRIL 16

This month, the millions of men and women in the Payroll Savings Plan are being extra smart.

Here's how, and why:

In the first place, this war isn't getting any cheaper. It's going to cost us just about as much in 1945, as it did in 1944.

No matter what happens to Germany, or when, there'll be no easing up! The quickest way to end the whole nasty business is to keep going full steam ahead.

But this year, there will be only TWO War Loans—instead of three, as there were in 1944.

That means we've got to lend, in 2 chunks, as much as we lent last year in 3! It means that, in the 7th War Loan, which starts next month, each of us will have to buy a BIGGER share of extra War Bonds!

And right there is where the men and women on the Payroll Plan are being extra smart.

Right now—they're boosting their allotments for April, May, and June. Saving extra money so that they can buy more extra Bonds, and spread their buying over more pay checks.

When the big 7th War Loan starts, these people won't have to scrape so hard for extra cash. A good share of their extra Bonds will be already paid for—because they're putting part of the extra money aside right now!

That's a swell idea for all of us. It's better for us—better for Uncle Sam. It's the easiest way to fulfill our obligation to the men who fight. Let's all start saving now for the 7th War Loan!

\$100.00 IN WAR BONDS WILL BE OFFERED TO SCHOOL CHILDREN OF COUNTY

Prizes will be offered to school children who participate in the campaign. Four \$25.00 war bonds will be awarded, with 2 bonds going to the rural schools of the county, and with 2 allotted to the Lamesa School District.

High School Pupils to Compete In Lubbock Meet

Lamesa High School pupils will compete in the Conference AA, District Number 2, meet this week end at the Lubbock High School building and campus. Lamesa and Lubbock offer the only competition in all events, excepting tennis, track and field, in which Plainview joins the competition.

Five Lamesa instructors will serve as directors of events. H. S. Fitzgerald, will preside over the Extemporaneous Speech contest for boys and girls. Mrs. Arminda Yates will be presiding officer for Ready Writers. Mrs. Elizabeth Davison has been named director of Spelling and Plainwriting. Mrs. Ara Purcell will direct the Declamation contests and E. P. White will conduct the Slide rule contest.

The Lamesa Golden Tornadoes announced a twelve man squad this week, and will be on hand for the show Saturday. Coach H. S. Fitzgerald has not had his club too active in this area this season, but reports indicate that the team will be in top shape.

Dan Boone, Orville Nelman, Eugene Eudy, Pat Patterson, Toby Reed, Bill Taylor, C. T. Beckham, Edgar Hawkins, Bryant Clark, Allan Smithson, Roy Parker and J. B. Henley, Jr., were named as the Lamesa tract squad.

The Lamesa tennis team, always one of the strongest on the South Plains, will be on hand with another full team. H. L. Crouch and Dan Terry, were named as the Lamesa boys doubles team, with Glenn White named as the singles entry by Coach H. J. Sanders.

Mrs. John Flache, coach of the girls tennis team has named Dorothy Burleson in singles with Polly Carroll and Anne McGuire to carry the doubles banner.

Rev. Hollingsworth To Speak At The Nazarene Church

Announcement was made this week by Rev. W. J. Benson, pastor of the Church of the Nazarene, that Rev. Meredith Hollingsworth, a returned service man will be guest speaker at the church on Friday evening, April 13, at 8:30.

Rev. Hollingsworth has been secured for a district tour in the interest of the returning service men. It is stated that being a returned service man himself, he is well qualified to give us valuable information on the attitude we are to take toward our boys who are coming home from the battlefronts, what they will expect of us and how we can help them back to normal living again.

Rev. Hollingsworth received his education in Scotland, entered the evangelistic work in Ireland in 1934. He returned to the United States in 1939 and enlisted in the United States Army in 1942. He served two years in the Armed Forces, in New Guinea and Australia, received his medical discharge in July, 1944, and at present is a student in Bethany-Pennell College.

Although he is a young man, he has wide experience. You will not want to miss hearing him, he has a valuable message.

Library Has New Books Ready For Circulation

Among the popular fiction now available for circulation and reading from the Lamesa Public Library, Mrs. Nellie Carter, Librarian, lists the following books:

"Great Son," by Edna Feber, a story of the Northwestern part of the United States, where the country and its people grow like each other.

"The Building of Jalna," by Mazo De La Roche, "Red Fruit," by Temple Bailey, and for joyous, lighthearted reading, she recommends, "The Time of Singing Birds," and "Bugles in Her Heart."

For mysteries, "The Key" (a Miss Silver tale) and "Escape While I Can," are most readable.

For reading on current topics of war and peace, "The World of Four Freedoms," "Islands of the Pacific," "Russia and the Peace," "Road to Alaska," "Introducing Africa," and "Traveler From Tokyo" are helpful in their informative values.

Also, to understand peoples of foreign lands, near and far, "I Heard the Anzacs Singing," "Toward Freedom," by Nehru of India, "Italy From Within," "Here's to Canada," and an excellent study of the personality of Chiang Kai-Shek, the Marshall of China, are all most interesting, and pleasant reading along the lines of social, political outlooks.

The Lamesa Public Library on the second floor of the City Hall, is open from 1 to 5 p. m., and books rent for 5c for three days. There is a demand for children's books and anyone having such books is asked to leave them at the library for the use of children during the summer vacation months.

Elmer Oaks, Ackerly, Receives Promotion To Metalsmith 3-C

According to a report received from the Eighth Naval District, Dallas, Elmer E. Oaks, Box 23, Route 1, Ackerly, Texas, has been promoted to Aviation Metalsmith Third Class, USNR, at the Naval Air Station, Seattle, Washington.

He is on duty in the Assembly and Repair department. His wife, Mrs. E. E. Oaks, lives at Box 23, Route 1, Ackerly.

Aviation Metalsmith Oaks was employed as a sheetmetal worker prior to his enlistment a year ago. The Naval Air Station, Seattle, where Oaks is on duty, is located on the shore of Lake Washington, ten miles from the heart of the Seattle business district. The station serves as a training base for Naval Air squadrons of the fleet, and as a major overhaul and repair base for both land and sea planes. The station is also an aviation supply base for Naval air activities in the Thirteenth Naval District and Alaska and the Aleutians as well as for aircraft carriers and tenders outfitting in the District or coming in for overhaul or repairs.

Mexican Burglars Sentenced To 7 Years In Prison

Burglaries, traceable to Mexicans, brought convictions at trial and sentences, according to A. M. (Buck) Bennett, Sheriff of Dawson County.

On Monday morning in the District Court of Gaines County at Seminole, Texas, three Mexicans, Luis Rangel, Clemente Garcia and Amelio Contero, were sentenced by the court to seven years each in the penitentiary, for burglaries extending over eight counties in the past several months.

Sheriff Bennett of Dawson County reports that the property stolen, consisting of saddles, house furniture, blankets, quilts and sheets, was all recovered, with the exception of 3 quilts and two sheets.

Some of the bed furnishings taken from the ranch home of Mike Key are irreplaceable now due to shortages in quilts and sheets.

enlisted in the Air Corps October 1942, and was assigned to Good-fellow Field. He flew the Hump to China September 1944, and was assigned to duty as assistant secretary to Maj. Gen. C. L. Chennault, commanding general, Fourteenth Air Force.

T-Sgt. McMullan wears the Asia-Pacific campaign ribbon and Good Conduct Medal.

Mr. and Mrs. T. A. Painter will leave Friday for a visit with Mr. and Mrs. Arthur Billingsley at Del Rio and their two daughters, Mrs. Ernie Brewer and family and Mrs. Jack Fenton and family of Phoenix, Arizona.

"OLD FAITHFUL"

Morning after morning, a miniature geyser of rich, aromatic coffee spouts up in the glass top of your electric percolator. Many families have electric percolators that have performed this daily task for years.

Percolators, like other familiar electric appliances, are out of production while factories are busy turning out war materials. Take care of your electric percolator and cord so that it will continue to make your coffee for the duration. If it should fail to "perk", take it to an electric shop that specializes in appliance repairs. It may need only a new fuse.

Adequate Water For Gardens Will Be Supplied

With every April comes spring gardening, seeding, planting, and watering, and Blaine Wiggins, City Secretary, speaking of water supply, says Lamesa gardens will need have no worries for there will be even an increased water supply, as the city has completed two wells, located on the draw just outside of town.

There may be a delay of ten days or so though, before they can be tested, and tied in to the city system, due to shortages of materials, some equipment and the work of installation, but its a certain adequate supply of water for the spring and summer, not only for daily needs but also for fire protection.

And on this matter of fires, much of it can be prevented by people themselves, which will materially add to the use of water elsewhere and for other purposes.

Seaman H. A. Shipp, Jr., Among Those Who Were Commended

ABOARD AN AIRCRAFT CARRIER IN THE PACIFIC — Fourteen officers and 79 enlisted men recently were awarded letters of commendation from the captain of this vessel for their part in keeping the ship operating efficiently while supporting U. S. landings in the Philippines in early November, 1944.

Seaman First Class H. A. Shipp, Jr., 19, whose father, H. A. Shipp, lives on Route 1, Lamesa, Texas, was among those honored by the commanding officer.

The letter of commendation was given as a result of highly commendable performance of duty while under severe attack by enemy planes, and for "coolness, energy and skill, contributing greatly to the successful defense of the ship."

Mrs. Ailz Hogg of Fort Worth, spent several days this past week here visiting with her sister and husband, Mr. and Mrs. Davie Jones.

"Conservation" Is STILL the Watchword

The war is still to be won and there's still a great deal to be done on the home front. When it comes to the conservation of clothing, you can do your part by getting the most out of last year's garments. And that's where WE stand ready to help you. Let us show you how garments can be revitalized. You can have that dressed-up feeling and at the same time have more money for war bonds!

It Won't Be 'As You Were' When He's 'At Ease Again'

By VIVIAN BROWN
 AP Newsfeatures Writer
 A burned steak or a nagging voice might shatter your post-war dreams—because your ex-soldier has been traveling, ma'am, and he knows what he wants.
 He may have picked up some peculiar habits and lingo. So if he decides to drink coconut milk with his soft boiled eggs or have you wear a grass skirt when you cook 'em—don't fuss.
 Just think back to all those lonely days when . . . "If I could only have Joe back I'd never say boo to

him . . . would serve his breakfast in bed . . . have his slippers under the chair every night . . .
 Well, now's your chance! Whatever you do in the first few months of your husband's return may decide your fate. He's been thinking a lot about all that V-mail affection you poured out. So . . . better live up to his expectations.
 It'll take more than a black nightie and a permanent wave—it demands a lot of understanding.
 There will be those days when he'll take to using whale oil on his hair again. Or middle-of-the-

nights when he'll go soap-happy in bubble baths. It'll be a while before he gets used to family habits and the passage of time.
 When he says "Meet me at 2100, you'd better know that means 9 o'clock and be there on the dot—he's learned the value of being prompt. He'll have other strange expressions. You may have to call the wall a bulkhead, the stairs a ladder and the kitchen may become a galley. And don't be floored when

he says "sweep the deck". Just keep him happy until you can get him back in harness.
 Try to feed him bunny food or tea-party stuffed tomatoes and you'll know what wrath the enemy met. He'll want man-sized meals he can sink his teeth into—and hold your peace if he elects chop-sticks instead of a knife and fork.

LEAVE YOUR FAMILY A HOME NOT ...

"JUST A MEMORY"

As a home owner, you are to be congratulated. The finest thing a man can do for his wife and family is to buy them a home which will be theirs always.

The mortgage is a good servant but a poor master. While a man lives, it is a means whereby he can get the home he wants. When he dies, it becomes a master, because it says to wife and family, "Pay or get out." The mortgage company will then look to your wife for the money. What will she say? Put her in control. Give her the money so that she can complete a profitable transaction. It is good business to buy a home on the mortgage plan. It is good business to protect that investment against loss.

The mortgage protects the loan company against losing its money. Use life insurance to protect your family against losing their home.

Without obligation upon your part, I will be glad to explain how our special low-premium policy will afford the protection needed to guard against the above-mentioned contingency.

Bread is playing an important role in today's meals. It requires no ration points, yet it is the background for a nutritious, flavorful lunch. You will want to make sure that the loaf you serve is Mead's Fine Bread, as you will get a superior product with the purchase of that loaf. Mead's Fine Bread is a product of Mead's Bakery, located at 1709 South Gregg Street, in Big Spring, and is offered to you fresh daily.

For Smoother Driving Have Your Vehicles Serviced At Cope Oil Co.

Now that your car has weathered the winter, prepare it for the warm weather demands. A change of oil is essential now, as is a complete check-up of motor and tires. Since there's no chance of getting a new car soon—continue giving your present car the best of care. That means having your autos serviced at Cope Oil Company.

Serving as both wholesale and retail distributors for such products as Panhandle Gasoline, Amalie and Diamond 760 Oils, and U. S. Tires; Cope Oil Company is fully qualified to meet your needs.

Located on South Fourth and Dallas Streets, Cope Oil Company is open to serve you from 7 a. m. to 9 p. m. each day. A group of employees are maintained there who will concentrate in putting your car in top-flight condition for smoother, more economical driving.

At the present time the company has a good stock of 600x16 passenger car tires, front tractor tires, some rear tractor tires, and truck tires. They have a large stock of U. S. Batteries, U. S. spark plugs, and Champion spark plugs on hand.

Super Service greases are another of the products stocked there. Manufactured by Southwestern Grease & Oil Company in Wichita, Kansas, which is known as the largest grease manufacturer in the United States, Super Service will profit you in many ways and is a grease you can count on.

Serving the surrounding territory with their products, is a feature of Cope Oil Company and four trucks are a part of the equipment used there to better serve the customer trade. A 2219 gallon capacity transport truck, in addition to trucks with 1120 gallon, 1124 gallon, and 1250 gallon capacity respectively are used to make deliveries in this area. Orders, which can either be turned in by telephone or by letter can be promptly filled through usage of these trucks.

The firm is owned by Raymond Cope and is located in modern quarters which were completed in 1937. Mr. Cope, who is well known throughout this county, has been connected with the oil business since May, 1935 and is familiar with its every phase.

You will find that the firm has services tailored for your vehicles and will want to visit the company regularly for quality service.

Tasty Meals Can Be Built Around Mead's Bread

Fresh, tasty bread accompanying your meals three times daily does much toward making a bang-up, all American lunch. You will want to make sure that the loaf you serve is that enriched, golden crust bread known to housewives all over the Southwest as Mead's Fine Bread.

Mead's Fine Bread is not a new product, but is one which has been tried for many years in this area, and is one which has gained favor in each family.

Housewives are especially depending on this bread during these days of food rationing, as they find it plays a strong part in supplying healthy, nutritious meals. Bread costs no ration points, yet it is wholesome and superior in healthful qualities, and a meal is incomplete without it.

Mead's Fine Bread is also a lunch box favorite, as sandwiches made with rich slices of this product are a real treat to school children carrying lunches.

Ask your favorite grocery for Mead's Bread today for better lunches. It is delivered fresh from ovens daily.

Mead's Bakery in Big Spring supplies this area with bread and there are other bakeries in Abilene, Lubbock and Wichita Falls. The first of this series was established in June 1918 in Abilene, and since the demand for this flavorable product has increased so that other bakeries have been established to meet the widespread demand.

Postwar Fashions:—Right Now They're All Up In The Air

By DOROTHY ROE
Associated Press Fashion Editor

Stockings made of steel... Suits that can brave a rainstorm and remain fresh, pressed and un-rumpled... Lacy, ruffled collars and cuffs that can be dunked at night and need no ironing... Wool sweaters, wool dresses, wool stockings that can be tossed in the washing machine and never shrink. Slacks that never lose their crease. And of course those dear antiques, two-way stretch girdles and real nylons...

These are the things already promised in the postwar world of fashion. But what of the fascinating impalpables? Will the New Woman appear as a Girl from Mars, in streamlined plastic clothing that can be wiped off with a damp cloth, change its color with her mood and perhaps sprout a handy parachute when she wants to drop in on a friend from the community air taxi? Will she have to plan a wardrobe for rocket travel, and another for round-the-world weekend trips by plane?

When postwar wonders make it possible for a woman to fly from Alaska to the tropics in a single day, think of the clothing changes she will need! Furs for the north pole, sarongs for the South Seas, electrically heated flying suits and seven-league boots—the possibilities are endless, not to say frightening.

Husbands who used to grumble at Fifth Avenue shopping tours must now be prepared for bargain-hunting trips that include a hop to Russia for those new pink sables, a stop in China for a pure silk scarf, a little pleasant shopping around in Calcutta for a few fabulous jewels, a look at Turkey for rugs, France for perfume, England for tweeds, Sweden for ski togs and Hawaii for the latest thing in beach wear. Even Utopia may have its complications.

What Can You Spare That They Can Wear?

**This is
"CLEAN-OUT-YOUR-
CLOTHES-CLOSET WEEK"**

ACROSS the barren wastes of war-torn countries wander multitudes of dazed and destitute people. Their appalling number, in Europe alone, is 125 MILLION, of which more than 30 million are children. They are living in the ruins of their homes. They are working in their ravaged fields. They are kept alive more by courage than by food; warmed more by hope than by clothing . . . working and waiting—even as we—for total Peace.

These men, women, and children—innocent victims of Nazi oppression—have been robbed of all but life itself. During five long horror-filled years of war, the clothes on their backs have worn to pitiful shreds and rags. Production of new clothing has been impossible—so their need will continue long after the end of hostilities.

WHAT YOU CAN DO!

1. Get together all the serviceable used summer and winter clothing you can spare. This includes: Men's, women's, children's, and infants' wear, and shoes. Overcoats, topcoats, suits, dresses, shirts, skirts, jackets, pants, work clothes, gloves, underwear, sleeping garments, robes, sweaters, shawls, and all knit goods. Also blankets, bedclothes.
2. Take your contributions to County Judge's Office now or arrange to have your local Committee collect it before April 30th.

The best-dressed boys in their war-torn Greek village; they speak for Europe's 30,000,000 children who are in tragic need of clothing. Give all the garments, shoes and bedding you can to the United National Clothing Collection.

**Mrs. Avriett, An
Amicable Agent,
Reviews Co, Gains**

The year 1944 was the most outstanding year in the thirty-five year history of the Amicable Life Insurance Company of Waco. It is reported that all departments made most remarkable gains. There was a large increase in insurance in force, which brought the total of the company to more than one hundred and sixty million dollars at the end of the year. This company has a large amount of money invested in farm loans in our section of the state. The assets of the company now total over \$20,000,000.00 with 37 per cent of these assets invested in United States War Bonds, thus helping the country in its war efforts and at the same time offering gilt edge securities for their investments. They also have large amounts invested in state, county and municipal bonds. The Amicable announces that, although great amounts of life insurance are now purchased for business protection and tax coverage still the number of policies bought by women and children during the past few years has greatly exceeded their purchases of such protection five years ago. The Dawson County representative of this county is Mrs. Elizabeth Avriett, who makes her headquarters in our city. 1944 was also Mrs. Avriett's best year since her connection with the company eight years ago. She is known throughout Dawson County as the "Amicable Lady with the Friendly Company." See her ad in this week's paper.

 The Government needs and asks its citizens in this 175th week of the war to:

1. Put the idle used clothes, shoes and bedding in your closets to work for war victims abroad, by taking them to the collection depot nearest your home.
2. Help relieve today's nursing crisis, if you are an inactive trained nurse, by returning to your profession on a full or part-time basis.
3. Help keep military supplies moving to the front by filling one of the 5400 jobs in 100 heavy truck manufacturing plants where workers are urgently needed.

PROPER USE OF FARM INCOME IS IMPORTANT FACTOR IN STABLE ECONOMY

During World War I and in the period immediately following it, food prices soared to more than double by 1920, and inflated land values were accompanied by a great deal of speculative buying, says the Department of Agriculture and the Office of Economic Stabilization. This momentary farm boom was followed by a collapse. Between 1919 and 1921 the net income of the average farmer shrank from \$1,360 to \$460. This collapse brought with it a land crash which eventually saw one farmer out of every four lose his farm through foreclosure. Today farm income is at a record high—estimates placing the liquid assets held by farmers at about 12 billion dollars. There are three ways in which the farmer can help to prevent inflation and maintain prosperity for himself and all America: (1) He can avoid speculation in land, which means that he should consider the long-time earning capacity of farm land before he buys, at today's inflated prices; (2) He can use his wartime income to build up reserves to replace worn-out machinery, to repair and improve buildings, to safeguard against crop failure and livestock losses, etc.; (3) He can keep his own prices stable. A further rise in farm commodity prices which would inevitably be passed back to the farmer in the form of higher living costs. The farmer's best hope for the future is to put every extra dollar into war bonds.

TIRE DEALERS PRICES TO BE CHECKED IN NATION-WIDE SURVEY

Volunteer assistants of local War Price and Rationing Boards will visit tire and tire repairing firms during the period from April 15 to 30 to check dealers prices for tires and services and inspect their records and postings in a nation-wide compliance survey for the Office of Price Administration, says OPA. The volunteer price panel assistants will check to see that the seller's ceiling prices are posted in his shop, that he is giving sales slips to each purchaser, and that he is keeping records of each sale as required by the regulation. They will also check the prices he charged on the last few sales of specific items, from his records. Ceiling prices for new and used tires and tubes, recapping, repairing, liners, patches and boots are specifically listed in the regulation. Finally, they will ask if he makes any extra charges for extra services and how he determines such charges. Dealers who are found in

violation of any of these requirements will be asked to come in for a compliance conference with the price panel of their local board. Those who are selling above ceiling price will be asked to make refunds to buyers who paid excessive amounts and may face treble damage actions. Action by the survey is based on revised maximum price regulation 528 which fixes ceilings on tires, tubes and certain services, and the provision of maximum price regulation 165 covering "extra" service charges.

NINE OUT OF TEN MAN-MADE FOREST FIRES CAUSED BY CARELESS AMERICANS

Every year fire, caused in large degree by a lack of care and forethought on the part of careless individuals, destroys three billion feet of timber, or enough to make 5,700,000 tons of newsprint, says the forest service of the Department of Agriculture. Last year, and every year without exception, these generally preventable fires burn millions of acres of feed, pastures, and open ranges needed for cattle, sheep and game animals. An average of 220,000 forest, woods and range fires lay waste nearly 31,000,000 acres of land, making a cast area of desolation equal to the area of New York State, the Forest Service points out. Nor is the destruction of valuable timberland the only evil result of this annual holocaust due in so many cases to individual carelessness. Fires cripple watersheds on which industries and cities and public utilities depend for power and light; from which farmers and ranchers in the West get water for irrigation. Fires tie up nearly one million man-days of labor; destroy wildlife and mar the natural beauty of America. Most of this prodigious and unnecessary waste inflicted on America last year and every year—by unthinking and careless Americans—could be averted, if the average person who goes into wooded areas on picnics, fishing, hunting and motoring trips would observe the following simple, commonsense rules of behavior: (1) crush out your cigarettes or cigars; do not toss them out of a car window or toss them carelessly away into the woods; (2) extinguish all campfires with water or dirt, and make sure they are safely out before you leave; (3) break all your burned matches then pinch them until the last spark is dead; (4) learn the legal requirements and obtain a permit before attempting to burn grass or debris, then heed the ordinary rules of safety. Care and foresight, says the Forest Service, will prevent nine out of ten man-made forest and woods and range fires. Fire danger is greatest during different periods for different sections of the United States. In the East and Illinois, Indiana, Iowa, Missouri and Ohio—February 1 to April 30; and from September 1 to November 15. In the South—February 15 to April 30; and October 1 to December 15. In Arizona and New Mexico—April 15 to June 15. In Michigan, Minnesota, Wisconsin and North Dakota—April 15 to June 16; and August 1 to September 30. In Montana, Oregon and Washington—June 15 to September 30. If these dates and rules were observed by all Americans, says the Forest Service, nine out of every ten of the destructive man-made fires that ravage our country every year would never occur.

CARD OF THANKS

We wish to express our sincere thanks and appreciation to our friends for their many kindnesses during the illness and death of our mother. You were a great comfort to us.
 May each of you have such friends

when sorrow come to you.
