Mrs. Ferguson and the anti-Klan Candidates won a sweeping victory in last Saturday's primaries. At 8 o'clock Monday night 765,057 votes had been tabulated and Mrs. Ferguson's majority was 89,393, and it is steadily climbing with each new tabulation. It is certain that her majority will go well beyond the 90,000 mark and may mount up to almost 100,000 when all the votes are tabulated. The above figures represent returns from 238 counties out of 252 in the state, 159 being complete. and69 being incomplete It is thought that complete returns from hese 69 counties together with the returns from the remaining 14 counties will increase her majority very materially.

Barry Miller, anti-Klansman, is leading Bill Edwards, who is a non-Klansman but made no fight on the organization, by a majority of about 17,000 for lieutenant governor.

Dan Moody, who, as district attorney, sent several Klansmen to the penitentiary for floggings, has defeated his opponent, Edward B. Ward, by a majority considerably more than 2 to 1.

Felix D. Robertson, the Klan candidate for governor carried his home county, Dallas, by a little more than 7,000 votes, nearly 40,000 votes being polled in the county. He carried McLenran, his former home county by a little more than 2,300. He carried Houston, another Klan stronghold by a little more than 1,000 and Tarrant county by about 4,200.

Mrs. Ferguson carried her home county, Bell by a little more than 600; she carried Bexar by more than 4,000, Travis by 800, and Galveston by 1,800.

In the Panhandle-Plains section, Robertson carried the following counties: Armstrong, Carson, Dallam, Deaf Smith, Donley, Gaines, Garza, Gray Hall, Hansford, Hartley Hamb, Lipscomb, Lubbock, Moore, Potter, Ochiltree, Oldman, Randall, Roberts, Sherman, Swisher, Mrs. Ferguson carried: Bailey, Briscoe, Castro, Childress, Collinsworth, Cottle, Dawson, Dickens, Floyd, Hale, Lynn, Motley, and Yoakum. Our information is that she also carried Crosby and Terry, although the returns have not been reported.

In west and central west Texas, Robertson carried the following counties: Concho, Howard, Jack, Martin, Scurry, Taylor, and Throckmorton, while Mrs. Ferguson carried Archer, Baylor, Brown, Callahan, Clay, Coke, Coleman, Comanche, Eastland, Erath, Fisher, Foard, Glasscock, Hardeman, Haskell, Jones Knox, McCulloch, Menard, Midland, Mills Mitchell, Nolan, Reagan, Runnells, San Saba, Shackelford, Stephens, Starling, Stonewall, Tom Green, Wichita, Wilbarger, and several others.

The vote for the various state candidates as tabulated Monday night was as follows:

Governor—Ferguson 427,225; Robertson 337,832.

Lieutenant Governor — Miller 362,651; Edwards 345,772.

Attorney General—Moody 485,410; Ward 222,586.

Comptroller — Baker 237,171; Terrell 451,901.

Railroad Commissioner — (Six year term) Gilmore 393,942;— Weaver 240,481.

Railroad Commissioner — (Four year term) Nabors 288,709; Smith 364,488.

MRS. FERGUSON GRATEFUL FOR VICTORY

"My heart is filled with gratitude to the good people of Texas who have made this victory possible." Mrs. Miriam A. Ferguson, Democratic nominee for Governor, told The Star Telegram from her home in Temple shortly after midnight Saturday. "I am confident that upon full returns my majority will be more than 100,000 votes.

"I want to emphasize that this campaign has not been made out of a spirit of revenge, and that I have no ill will toward any person who opposed me and I earnestly desire to be the Governor of all the people. I shall seek the advice and counsel of my many good friends in solving the difficulties that may confront my administration.

"I regard this as a distinct anti-klan victory and a clear-cut repudiation of the Ku Klux Klan. No longer can the finger of scorn be pointed toward Texas. It has redeemed itself. Not only is this true but the victory will be of great assistance to the national Democracy and sustains the position taken by our great standard bearer, John W. Davis.

"Again I want to emphasize the fact that I earnestly hope to give Texas a constructive administration by the help of God and the good people of the State. I have no enemies to punish and no motives of revenge."

State Park Board Visits Tahoka

Donation for Park Site Requested Mrs. Phebe K. Warner. Speaks

D. E. Colp, Chairman of the State Park Board, and Hobart Key, a member of that body, M. V. Prather, a member of the State Park Board of Kentucky, and Mrs. Phebe K. Warner of Claude, Texas, visited Tahoka Tuesday morning with a view to securing a site for a state park at this place. This party came practically unheralded, and the people of Tahoka were not advised as to the nature of the request that would be made until they came. Quite a number of citizens and members of the Chamber of Commerce hastily assembled in the county court room and heard their proposition. As the matter had been given no previous thought, no action was taken at the time, but it is thought that a strenuous effort will be made by the Chamber if Commerce to take action at an early date.

Mr. Colp addressed the body, setting out the necessity for these parks and giving much valuable information relating to the matter, He advised that the State of Texas has no money with which to purchase parks, but the sites must be donated to the State. After the donation is made and the site accepted, the State will improve, beautify, and maintain them at state expense. It is desired that parks be donated to the state at reasonable intervals along each of the state highways. Thoka is situated on the Glazier to Gulf Highway, which has a mileage of 1032 miles in Texas, entering the state at Texline and terminating at Brownsville. Big Spring has donated a park site of 200 acres; Lamesa Tuesday morning donated a site of 44 acres; and numerous other sites have been donated along the route. These parks will not only afford a pleasure resort for the people of the cities and towns where located but they will accommodate the tourists who happen to travel the highways, and they will be of inestimable vallue to the cities and towns where located.

Following the address of Mr. Colp, Mrs. Phebe K. Warner of Claude made a short address emphasizing the importance of these parks. She declared that from this time on the tourist headlights are going to be turned toward Texas rather than away from Texas. In ten years, she declared, tourists by the million will be visiting Carlsbad Cavern and the Gaupalupe Mountains. Millions of dollars will be spent by tourists

Rain Covers all of West Texas

Crop Prospects Excellent. Farmers and Business Men Jubilant

A rain which seemed to cover practically all of west Texas, including the Plains-Panhandle section, fell Monday night. This is the first rain of a general nature that had fallen in many months. On some portions of the plains, notably in Hal Swisher, Floyd, and parts of Lubbock and Crosby counties, there had been much rainfall during the summer, but other portions of the plains had been very dry. Lynn county had received good rains in some localities, but those portions of the county lying immediately about Tahoka and O'Donnell had received very little precipitation.

The rainfall Monday night in Tahoka amounted to .52 of an inch. In some portions of the county it was reported to have been much heavier. H. P. Burkhalter reported three-fourths of an inch at Grassland, and he says that 6 inches have fallen there within the last few weeks. Other portions of the county have likewise received heavy precipitation the past few weeks. In these sections of the county no more rain is needed at present but large portions of the county in the vicinity of Tahoka and O'Donnell really need more rain.

All crops will be greatly helped by this rain. Cotton in many sections of the county promises to make a half bale per acre and the feed crop in these sections is fine. In the dry districts, however, the yield will be far below normal unless the rains continue to come in abundance. It is probable that the cotton production in Lynn county will reach 25,000 or 30,000 bales, however, and with fair prices this ought to put the country in fine shape and make business good. Farmers and business men are much encouraged over the outlook.

GRASSLAND BOY HURT IN AUTO ACCIDENT

On Wednesday night of last week as John Norman, the 17 year old son of J. W. Norman of the Grassland community, was driving a car, something went wrong with the steering gear and he lost control of the car, and it went into the ditch and was completely wrecked. Young Norman was knocked unconsious and remained in that condition for several hours. No serious wounds were inflicted, however, and at last reports it was not thought that he was seriously injured. A 13-year old boy named Adams, who was in the car with him, received some cuts and bruises about the face and head but his injuries were not serious.

MRS. THURMAN BAILEY HAS OPERATION FOR APPENDICITIS

Mr and Mrs. Thurman Bailey returned last week from Plainview, where they spent the summer in Wayland College. Mrs. Bailey was almost immediately taken sick and was carried to Lubbock Wednesday, where an operation for appendicitis was performed. Mr. Bailey was in the News office Saturday and reported that she was recovering nicely. He and Mrs. Bailey will spend the fall in Wayland College and will again teach the Joe Bailey school the coming winter and spring.

MARRIED

J. W. Kirk and Miss Leona Brock, two young people of Lamesa, came up to Tahoka Tuesday afternoon, procured a marriage license, and called upon Judge I. P. Metcalf to do the rest. He graciously performed the marriage ceremony and the happy couple returned to Lamesa to make that their home. Judge Metcalf feels sure that they will live happy ever after. May it be so.

W. B. Slaton is taking his vacation last week and this in Mineral Wells. Mrs. Slaton and the children are visiting relatives in San Saba.

Baptist Revival Began Sunday

Service Being Held Under Tabernacle.. Good Crowds in Attendance

Rev. B. N. Shepherd of Matador and Mr. S. W. Cooper of Crosbyton arrived Monday afternoon to conduct a two weeks revival for the Baptists of Tahoka, Brother Shepherd as evangelist and Mr. Cooper as choir director. The meeting really began Sunday morning, when Rev. John Gentry of Lueders, Jones county, filled the pulpit of the Baptist Church. He preached again at night to a good-sized congregation. The services Monday night were likewise held in the church, but Tuesday the city tabernacle was seated and fitted up for the meeting and since that time the services have been held there.

On Monday night, Brother Shepherd preached on Prayer, but the approaching rain interfered materially with the services and the discourse was cut a little short. On Tuesday night, at the tabernacle, the preacher took for his text the words of Jesus when he declared that "The fields are already white unto the harvest". The speaker declared that the harvest fields are now ripe in Tahoka and that a great opportunity and great need for Christin service are presented to the people of Tahoka.

At almost every service, the preacher has made it plain that he and the church desire the fullest cooperation of the other Christian people of the town, and members of other churches are attending and showing a genuine desire to cooperate.

Mr. Cooper has already organized a splendid choir of adults as well as a junior choir of little folks. A religious census of the town and community is to be taken at once, the information thus obtained to be used by he Christian workers in this meeting and to be furnished the various churches of the town for their future use. if they so desire.

If you are not attending these services, you are cordially invited to attend.

MISSES ADAIR ENTERTAIN

Misses Jaunita and Mildred Adair of Breckenridge entertained in honor of the Epworth League at the home of their aunt, Mrs. H. C. Crie, Tuesday evening August 26.

The occasion was a frolic on the lawn. Electric lights in the trees took the place of the missing moon. Competitive games were the order of the evening. A track meet accompanied by leading college yells. A honeymoon trip by a number of young couples was a scream from start to finish. Miss Milderd Adair in a clown suit was the "Court Fool" Mr. Elie Lam posed as guest of honor in a costume most wonderfully and awfully made. Conrad Lam furnished some lovely music. Punch and cake was served at 10:30 to sixty guests. By eleven, the guests were happily on their way home, the party a pleasant memory and hopeful anticipation of other occasions to come.

Baptist-Methodist Contest A Success

The Spelling contest which was staged at the Methodist Church last Friday night was a well-attended and interesting affair. The Baptists spelled against the Methodists. The Methodists proved to be the best spellers but the Baptists put up a game fight.

There were a number of good spellers on each side, but we must admit that some who bore a good reputation as spellers suffered in reputation considerably as a result of this match. Did you ever notice that in a spelling contest the best spellers invariably miss the most simple words? They can spell all the hard words but frequently miss the "easy ones.

WITHOUT MALICE IN DEFEAT ROBERTSON THANKS FRIENDS

DALLAS, Aug. 24—To the press:

"In search for the cause of my defeat in Saturday's primary, I am met with the irrestible conclusion that I failed to get enough votes. I fought the best fight I could, and have preserved my selfsespect, which is essential to my future. I gave blow for blow, never struck below the belt. No malice lingers in my soul. I hate no man. Where men have misjudged and slandered me, let that rest with their conscience. Where intolerance has struck I have hoisted the flag of tolerance. Where ignorance stalks I throw the spotlight of wisdom. To my thousands of devoted friends and supporters in Texas I extend my heartfelt thanks and gratitude, and to all the people I say without hesitation, my motives were pure and lofty and inspired by a single desire to render a great service to my native state. To my home folks here in Dallas County who accorded me the signal honor of a splendid majority I am deeply grateful and appreciative, and with my wife who has stood by my side so nobly, pray God to bless you all. We humbly bow to the decree of the people and leave our destinies in the hands of "Him who rules in the affairs of men."

Greenfield Again Heads C. of C.

Fair Committee Appointed. Many Communities Promise to Have Exhibits

At a meeting of the Chamber of Commerce held at 6:30 o'clock Tuesday afternoon, E. I. Hill announced his decision to decline the position as President of the body, to which he had been elected during his absence. The election was made by the Chamber of Commerce when it was thought that the former president, John L. Greenfield, would not return to Tahoka. Soon after the election occurred he returned, however, and upon Mr. Hill's announced purpose not to accept the position, Greenfield was drafted back into the services. Those present Tuesday afternoon urged him to resume his old position and he finally consented to do so, resuming his duties at once.

The meeting had been called for the purpose of taking definite action concerning the county fair. After some discussion, the President was authorized to appoint an executive committee, of which he and secretary Brown Bishop should be members, who should have the power to appoint all other necessary committees and to have full charge of the enterprise. President Greenfield has announced the executive committee as follows: G. W. Small, Chairman, H. M. Larkin, Chester Connolly, W. C. Wells, and J. H. Edwards. Messrs. Greenfield and Bishop are made members of this committee by the action of the Chamber.

It was announced by Secretary Bishop at the meeting Tuesday afternoon that at least ten communities in the county had already pledged their cooperation and had assured him that they would have exhibits in the fair. Some of these communities hav already appointed their committees, which will act in conjunction with the other committees to make this fair a splendid success.

A number of committees will be announced soon, and they will expect the enthusiastic cooperation of our entire ciitizenship.

The time for the fair has not been definitely announced, but all present Tuesday afternoon thought that it should be held immediately preceding the Lubbock fair, and it will therefore probably be held about Sept. 24-27.

JUDGE CAIN'S MOTHER NOT IMPROVED

The News has received a communication from Judge C. H. Cain at Iredell, Bosque county, in which he advises that the condition of this mother shows no improvement and he is unable to say when he can return to Tahoka. Many friends here are hoping that the Judge's mother may successfully pass the crisis and be restored to health.

Mr. and Mrs. C. T. Johnson spent a few days this week visiting relatives and friends at Cisco.

Mr. and Mrs. E. E. Long and daughter Irene of Fort Worth are visiting R. C. Blair and family near Wilson.

Many Items of Interest From O'Donnell

School Soon Begins.. Young People Marry. Real Estate Deals. Gins Ready for Business

(From O'Donnell Index)

The school board met Tuesday and decided to start school on Monday, September 15th, the contractors on the new $25,000 addition to the building assuring the board that the work would be completed by that time. The board estimates that there will be sufficient funds to keep the school running for a full nine months' term.

One of the aims of Superintendent Rickard is to secure the necessary units for affiliation with the university at this term and in this he will have the full co-operation of the board, a splendid start in this direction having been made when the board made provisions for completing the work of installing physics and a general science laboratory One of the new rooms of the building has been set aside for this purpose.

The school will be prepared to take care of 500 students on opening day, seats to accommodate this number having been ordered and will be in readiness. It is expected that a number of out of town students will attend the school this term.

Athletics will be stressed during the term, some good basket ball and foot ball teams will likely be developed. Even before the opening of the term the larger boys should be looking forward for a winning football team and Superintendent Rickard would be glad to talk to them in regard to it.

With plenty of room and equipment for the accommodation of the children and the splendid faculty the board has engaged, there is no reason why O'Donnell should not take her place as one of the leading high school centers of the South Plains.

O'Donnell is getting to be a second Gretna Green for the marriage of couples living elsewhere. Sunday Miss Leola Shelton and Aaron Waldrop came down from Wilson and were united in the holy bonds of matrimony by Rev. Horn, pastor of the Baptist church. The young couple seemed satisfied with the services performed by the pastor and no doubt will advise their friends to come here to be married.

Judge Philips was called upon to make two young and happy hearts beat as one Sunday morning, and in his usual dignified manner united in marriage Miss Elvie Sikes and T. M. Ellis. The young people live in the T--Bar community. The judge did not kiss the bride, but said she looked as sweet as any bride he ever saw.

W. R. Brown has purchased the Elite Cafe from E. A. Lackey and will operate the same in the future Mr. Brown is an experienced restaurranter and knows the business from kindling a fire to serving the most appetizing foods, and no doubt will make a success. Mr. Lackey has not announced his intentions as to what he will do in the future. but is too deeply in love with O'Donnell to seek a business location elsewhere.

Little Snookum Shumake came very near being killed Tuesday when he was playing around a discarded Bowser pump at the Russell garage. The pump became unbalanced and fell, striking him on the head, knocking him unconsious for several minutes. The little fellow was rushed to a doctor, who administered to his relief and he is now getting along all right.

Miss Hattie Wyatt and Herman Day were united in marriage at Lubbock Monday, Rev. MeMichin uerforming the ceremony.

The bride is the daughter of Mr. and Mrs. J. M. Wyatt and has spent practically all her life in O'Donnell and has always been regarded as one of the most popular girls of the town.

Herman Day is the son of Mrs. W. J. Adams and during the time he has made his residence here, has made many friends for his honorable and manly qualities. Recently he graduated from a Barber College in Amarillo, and since that time hes been employed in the Sanitary barber shop.

The young couple will make their home in Tahoka where Mr. Day has a splendid position.

The foundation for the G. A. Haney home has been laid and the work will now be pushed to completion. The building will be of brick and tile and will have seven rooms, with basement and the cost will be between $4,000 and $5,000. The type of homes now being constructed are of a permanent character and reflects credit upon the progressiveness of the builders.

A. B. Nance and Ikey Rochell have leased the new Fairley building on the north side of the square and will open a restaurant about the fiirst of September. Both these gentlemen are oldtimers in the restaurant business and have many friends who will be glad to learn that they have again decided to engage in this business.

The five gins in town are now rearing to go and are only waiting for the season to open. The proprietors of all of them state they have everything in first class shape to start when the cotton begins to roll in. Some of the farmers report that cotton is now opening and that it will only be a few days until picking will start.

For the past two years, the first bale of the season was ginned on the first day of September, but the ginners estimate that this year the first bale will be turned out a few days earlier. The average guess for the number of bales that will be ginned here runs around 10,000. All predict that the crop will be gathered in much less time than the crop was gathered last year.

The Baptist meeting being conducted by the pastor, Rev. W. K. Horn, is progressing splendidly and up to last Monday night there had been twenty-eight additions to the church under this able minister's preaching. The singing has been especially good, many of the singers from the other churches helping the Baptist choir in the work. Each night the building has been filled and many had to either sit outside to hear the sermon or go away.

The meeting closed Wednesday night.

Jim Burnette, the popular second hand furniture man, stole a march on his friends last Saturday by going over to Lovington, N. M., where he was married to Mrs. Ora Burnett, the Baptist minister of that place performing the ceremony. The happy couple returned Sunday and will make this their future home.

Mrs. Burnette has been living with relatives here for some time and is a very popular young woman among her circle of friends.

Mr. Burnette is one of O'Donnell's business men who is highly repected for his honesty and integrity and he and his bride have the best wishes of a host of friends for a long and happy life.

Miss Mamie Crump of Shallowater and Mrs. Marcus A Halsey of Lubbock were guests of Miss Milie M. Halsey Sunday night, returning to Lubbock Monday.

C. J. Hargis spent last week end here with R. B. Haynes and family. Mr. Hargis is now residing at Levelland, the county seat of Hockley county, and he pictures his section as a land flowing with milk and honey. Watermelons are growing wild on the sod, he claims, and some of the cotton will more than pay for the price of the land on which it is being grown. He declares hat either cotton is too high or Hockley county land is too cheap.

TO THE PUBLIC

Gentlemen: Since buying the Planters' Gin lot in Tahoka, where there gin burned, I have erected a real modern and up-to-date gin; and as I have been real busy at work I have been unable to see and get acquainted with but very few people. And since we are ready to gin cotton, I am anxious to have the people come to see our gin, hoping to interest you in a way that will cause you to give us a liberal share of your ginning. I have been in the ginning business most all my life and feel able to do the work as it should be done. Will endeavor to always keep the latest improved machinery and try to please. We cordially invite you to come to see us. Yours for service.

WHOLE BODY SEEMED IN ONE AWFUL PAIN

Morse, La.—Mrs. L. P. Lambert, who has been a popular school-teacher here for several years, recently told a visitor of her interesting experiences with Cardui.

"Just before my . . . came on," said Mrs. Lambert, "I would ache all over. My feet, my toes, my arms, hands, head—my whole body seemed to be in one awful pain. I would grow so nervous that I could not hold a cup in my hand. My husband would have to hold my coffee for me to drink. Last fall I was in such a bad condition that I had to spend about three days in bed every month. It seemed to me that I was on my last go-round."

Then one day, said Mrs. Lambert, she happened to read about Cardui and the experiences of some women who had been helped by it. "I felt that Cardui might help me if I tried it," she continued, "for I had been suffering with similar troubles to those mentioned there. I had heard of Cardui all my life and I knew many women who said they had been helped by it. The very next day I began to take it.

"Very soon after, I began to notice my improvement. I kept on till I felt like a different woman. I gained in weight from 98 pounds to 115 and felt better than I had in years. I took six bottles right along and found it a splendid tonic. My suffering was partly due to a run-down condition and the Cardui stimulated my appetite and helped me to gain the strength I needed. . . . I take a bottle every now and then, even now, just as a tonic to keep up my strength, but I am in better health than I have been in for years."

Now that the election is in the past, let us forget all the unpleasant things about it and remember our fellowman in kindness. It would not hurt any of us to try going to church some.

No man can afford to hold enmity against his brother. No man can afford to nurse a grievance. Let's get rid of this spirit of suspicion and strife and enmity. All of us have our faults but your "enemy" is possibly nearly as good a man as you and you ought to be good enough to overlook some of his shortcomings. Get rid of your grouch, brother.

Sometimes opportunities come to us unexpectedly. Tahoka now has an opportunity to secure a state park. If we act at once, the park is ours, and the state will maintain it forever. If we let the opportunity pass now, it may not come again soon. Why not some person donate the land and have his name perpetuated forever?

If you got a grouch over the election, forget it. If your candidate was not elected just console yourself with the thought that the successful candidate after all is perhaps an hones, patriotisc, upright citizen, who will serve the state or the county faithfully and efficiently. If you feel "sore" because somebody disagreed with you, forget that also. This country is not populated with either traitors or scalawags. The fellow you are "cussing" today may be with you in the next election, and then he will be a splendid citizen.

It is to be hoped that Tahoka will not permit the opportunity to procure a state park to pass by without favorable action. If Tahoka will furnish the site, the state proposes to improve and beautify it and to maintain it as a park for all time to come. Tracks of land from 25 acres on up may be offered, and there are a number of sites near Tahoka that ought to be available. These parks are going to be established in nearly all of the county seat towns of this section and if Tahoka fails in this matter she will suffer by reason thereof for all time to come. Lamesa and Big Spring to the south, and Lubbock, Plainview, and other towns to the north are to have these parks Why not one in or near Tahoka? Let every citizen of the town cooperate with the Chamber of Commerce in an effort to secure a park for our city.

John W. Davis, the Democratic nominee for president, vigorously denounced the Ku Klux Klan in an address delivered at Seagrist, N. J., on last Friday. "Whenever any organization", he said, "no matter what it chooses to be called, whether Ku Klux Klan or any other name, raises the standard of racial and religious beliefs as a test of fitness for public office, it does violence to the spirit of American institutions and must be condemned by all those who believe as I do in American ideals." The Ku Klux Klan is raising that standard as a test everywhere It raised this standard in Texas in the campaign that just closed. It put out a ticket committed to the task of carrying that standard to victory in the Democratic primary election. Davis says such a procedure is un-American. We say so too. What do the editors of the Lamesa Reporter and the Claude News say?

Let us be kind to the defeated candidate. Too often it is the case that men who are ordinarily very courteous and considerate of the feelings of others have no mercy on the defeated condidate. They are disposed to "hurrah" or "raw-hide" him at the very time when he feels most keenly the sting of defeat and disappointment. We never felt somehow that it was ever in order to "kick the under dog". Perhaps the defeated candidate is just as good as man and just as good a citizen as his successful opponent. Perhaps he is a much better man than some of us who are disposed to deride him. We expects the loser to be a good sport Why should not the friends of the winner be good sports also and refuse to do or say anything that would add to the discomfiture of the defeated and disappointed man? Let us be kind to the defeated candidate.

A. N. Thomas of Ennis is here this week visiting his sons C. A. and W. O. Thomas.

OUR NEXT GOVERNOR

Mrs. Miriam A. Ferguson has been nominated by an overwhelming majority as the Democratic candidate for governor. Of course she will be elected, and we predict that she will acquit herself creditably as the first woman governor in America.

Mrs. Ferguson is a cultured, Christian woman, and as the wife of former Governor Ferguson, she has had opportunity to learn about the institutions and the needs of this state to a degree enjoyed by few women. Of course she will also have the active assistance and counsel of her husband, and whatever folks may say or think of Jim Ferguson, nobody has yet called him a fool. Though not highly educated, he is unusually well informed about the affairs of this state, and he has a fund of good old-fashioned common sense that is vouchsafed to few men.

Both Mrs. Ferguson and her husband will have every incentive to make good, and we believe that they will use their talents to the utmost in the service of the state. We predict that when Mrs. Ferguson leaves the governor's chair a little more than two years hence, all Texas will be proud of her and will glory in the fact that Texas was the first state in the Union to elevate a woman to this exhaulted position.

All hail to Miriam A. Ferguson!

MUCH PROPERTY IS HELD BY BAPTISTS

Baptist property in Texas is valued at $34,675,297, including sixteen schools and colleges, six hospitals, one orphanage, 2,150 church houses and 550 homes for pastors, Dr. F. S. Groner, General Secretary of the Executive Board of the Baptist General Convention of Texas Reports. Texas schools and colleges are valued at $9,466,742, including endowment, the hospitals at $5,919,460 and Buckner Orphans home at $1,000,000. Church houses and homes for pastors in the State have an aggregate value of $18,289,095.

No other Southern State has a greater valuation of Baptist property than does Texas. There are more white Baptists in Texas than in any other Southern State, the number being 471,140, this membership being served by 2,809 ordained ministers serving 3,636 Churches.

Last year the number of baptisms in Texas reached 33,780 and the total number of additions to Texas Baptist churches of this State totaled 51,000. Contributions to local state totaled $3,908,889 and the amount given to Christian Education, missions and benevolences was $1,609,903, while the total amount of the contributions was $5,518,792.

The value of all the Southern Baptist church property is $184,725,000 which is a little more than a tithe of the estimated annual income of Southern Baptists. Southern Baptists are said to have an annual income of $150,000,000,000 and a tithe of this would be twice the five year objective set for the denomination in 1919. The Baptist 75 Million Campaign will be closed December 31, by which time it is hoped that $21,000,000 can be raised in the South and Texas Baptists are expected to contributed more than $2,000,000 of this. Special speakers have been designated to tour the State in the interest of the Fall pay up drive of the campaign and also to speak in the interest of the future program of the Southern Baptist Convention in which the South expects to obtain $7,500,000 in 1925 for the general work of the denomination.

WILSON NEWS NOTES

Garage Sold.. Homes Being Built. Lightning Kills Steers.

(From Wilson Pointer)

A business deal of great importance was consumated Saturday morning when L. G. Watson and Mark W. Burns signed the contract and deeds in the exchange of the Hiway Garage for Mr. Burns' farm.

Mr. Watson who has owned the Hiway Garage for some time and who has proved to be an efficient and courteous business man will continue to manage the business until the first of the year.

At that time Mr. Burns who has made many friends throughout the country, will take charge. In the meantime he will continue his work as carrier for the government on route one out of Wilson.

Mr. Lowe, who lost his home a couple of weeks ago by fire has already cleared away the ruins and is erecting a beautiful 5 room stucco. This building is to be modern in every respect and will do credit not only toilets owner but to the community as well.

Mr. Henry Minor, of New Home, is hauling the lumber and other materials to his place for the purpose of erecting a 6 room stucco. This residence, when completed, will be one of the nicest to be found for miles. It will be equipped with every modern convenience possible.

The people of Lynn county are waking up to the fact that money placed in homes is well spent. This is an indication that the prosperity of this country is really a permanent thing.

W. C. Young, his son, Howard and Billie Watson drove a bunch of cattle to Hail Center last week to pasture there. Sunday afternoon they were driving the cattle about seven miles from Hail Center when a bolt of lightning hit and killed a couple of steers about fifty yards away.

It hit them both at one time and they fell to he same side. Mr. Young and the boys immediately left the herd of cattle and drove to Hail Center until the storm was over.

Mr. Young says that he feels that this was a very narrow escape for him and the boys and that he hopes that it does not have to occur again.

Mr. Cook and two of his friends were here from Cadlton county, Ga. Monday morning. They are looking over the land on the Plains with the intentions of finding a location.

Mrs. Cook said that they had visited a good part of the state of Texas and they had found the Panhandle to be the best and most prosperous part.

We would be glad to have these fine men become citizens of Lynn county and we assure them that they would have to go many miles to fiind a better place for a home or a better place to make money.

Z. W. Hickman of El Reno, Oklahoma, left for his home Tuesday, after spending a few days the guest of A. H. Moyer.

When Your Motor Balks

When your car balks, what is the matter with it?

One way to find out---generally "a thousand miles from nowhere"---is to climb out, lift up the hood and fumble around with the motor. Often, you discover some trouble that could have been avoided by bringing the car to our shop for an inspection before you started.

Wise drivers of motor cars always see that a thorough inspection is had before commencing a long trip.

"RHYMES OF THE ROAD"
By DUDLEY GLASS
In Sweetwater Reporter

Bill Bronson was in politics and
quite a busy j'iner.
He was an Elk, a Maccabee, an Eagle
and a Shriner.
He was a Buffalo, a Moose, a Pythian and Beaver;
His badges showed Bill Bronson had
the secret order fever.

He plastered emblems on his car of
various shapes and sizes,
For Bill believes success will come to
him who advertises,
His windshield was so covered up it
ruined the cooling system;
So many tokens stopped the breeze
this column couldn't list'em

When Bill drove swiftly through the
streets he rarely had to stop;
He merely grinned and waved a mystic signal to the cop.
For every officer was some dear
brother in the lodge,
And so Bill drove just as he pleased
and let the public dodge.

One day a new cop ran Bill down. He
couldn't place this stranger,
But started madly making signs—
distress, relief and danger.
"For sixty days", he heard. "You'll
have no chance to drive that bum
bus!"
He'd sprung a Ku Klux signal on a
good Knight of Columbus!

EDITH NEWS

We are back again after an absence of some weeks, being out of the county part of the time.

Having been home only a few days and being very busy, we know very little of the happenings of the community.

Quite a number of our people have been away at work, some around Plainview and some at Littlefield.

Since the rain two weeks ago cotton is doing very well but still needs rain.

Noble Halliburton spent Thursday night with his brother, B. B. Halliburton, on his way to his home at Littlefield after a few weeks visit with relatives and friends in Shelby county. He was accompanied by H. J. Grant, Asa Moody and son Oran Tyler, all of Shelby county. They report almost a crop failure in some parts, due to dry weather.

Mr. C. J. Campbell and family and Mr. and Mrs. Walter Hall have just returned from a visit with relatives in Oklahoma.

Mr. C. R. Brown and family have gone to southern parts of the state to pick cotton a few days.

Mr. and Mrs. Howard McCauley spent Sunday with Mr. and Mrs. Latimer.

Mrs. Latimer and children spent Saturday eve and night with Mrs. Charlie Thompson of the city.

Mrs. Latimer, Mrs. Halliburton, and Mrs. Chaffin and family spent spent several days with their mother Mrs. L. L. Stanley, of Littlefield.

The writer has been at Littlefield the past several days working, and while there made a trip to Roswell and the White Mountains of New Mexico in company with C. E. Straun and L. L. Stanley of Littlefield. The trip was a pleasant one and very much enjoyed. Much beautiful scenery was seen, and the picturesque beauty of the mountain scenery is almost beyond description We camped in Ruidoso, a national camping ground, the last night, driving back to Littlefield the next day a distance of almost 250 miles. Any one thinking of a trip westward would not go wrong in making this route. Some splendid roads, beautiful scenery, and exciting thrills through the mountains, especially for those easily excited.

Correspond

Rev. J. M. Dosher brought home with him from Seagraves Monday a Watermelon weighing 70 pounds. He says that the melon crop over there is simply fine. He also reports that both cotton and corn crops are excellent. They have had plenty of rain in that section of the plains.

A. G. Reeves and family of Lorenzo were here Tuesday on a return trip from New Mexico, stopping over here to see relatives, who themselves happened to be away on a vacation. Mr. Reeves reported a heavy rain at Brownfield Monday night and muddy roads Tuesday morning all the way to Tahoka.

Sheriff Sam Sanford and family left Monday on a western trip. The family expect to stop at Sierra Blanca to visit relatives while Mr. Sanford goes on to Arizona to look after business matters incident to to recent murder of his father. They will be gone perhaps ten days of two weeks.

Geo. W. Small and Charley Brown returned Sunday from Temple, where the latter had gone for medical treatment. Mr. Brown says that he feels some stronger and better since his return; says they put him to eating again at Temple.

Many Honest Citizens Have Criminal Faces

Have you a criminal face? Of course you haven't, you exclaim indignantly. Yet thousands of absolutely respectable, law-abiding citizens have developed, or are developing criminal faces, remarks London Answers.

How? Because, with defective eyesight, they shirk wearing glasses. Minus glasses, anyone with impaired vision screws his or her eyes up and peers. That's to get a focus; but the effect is to create an appearance of furtiveness, and it depends on the build of a face whether the furtiveness increases to an appearance of craftiness and cunning.

Again, there are thousands of quite sweet-tempered folk who look ill-tempered. Vertical lines run up their forehead as the result of "screwing" their eyes. Thus is a "cross" face made.

It may be argued that what a man is in character, and not what he seems to be facially, is what counts. But that applies only to those who know him. When we meet a stranger our first judgment of him, our decision whether we shall like him or not, depends to a very great extent on his facial appearance.

That is not to say that plainness, or even ugliness, if not of the repellant type, will make us give an adverse verdict, for charm of manner or speech may frequently cancel these things.

But if the stranger looks at us furtively, just because he ought to be wearing glasses, and isn't, or, because of the same omission, looks ill-tempered, what then? We don't take to him. Our judgment is wrong, of course; but he has asked for it.

The very obvious moral is—if you need glasses, get them and wear them. In these days we cannot afford to handicap ourselves by letting our faces be our misfortune. What we look like does really count.

KIOWA INDIANS WILL FURNISH ENTERTAINMENT AT AMARILLO FAIR

AMARILLO, Texas, Aug. 26—Forty Kiowa Indians will add realism to the Pageant o' the Plains, the spectacular night entertainment of the Amarillo Tri-State Exposition, according to definite arrangements made last week.

These Indians, according to Mike Hollander, who made a special trip to the Fort Sill reservation to arrange for their coming, are "tame enough for comforot, but have wild ways." They will come with their teepees, papooses and ponies and set up an old-time Indian village at the fair grounds and in addition to participating in the pageant, will give exhibitions of their own, depicting every incident in the life of an Indian village of three score years ago, and including the dances of their ancestors.

Among the Indians will be I-See-O oldest Indian scout, who has been in the government service for 50 years. ISeeO scouted for General Miles and General Scott, and though 78 years old, is still in the service. Special uermission had to be obtained from Washington for I-See-O to come here.

While sparing no efforts to fill the main mission of depicting the resources of the Plains region, officials of the exposition also intend to make this the greatest amusement week ever staged in the Southwest. Music, races, fireworks, pageant and carnival attractions fill every moment from the time the gates open in the morning until they close late at night. A real "midway" is promised by the Cotton Belt Carnival Company, which is coming to this territory for the first time.

COW PONY RACES WILL BE STAGED AT AMARILLO FAIR

AMARILLO, Texas, Aug. 26—Cowpony races to be staged at the Amarillo Tri-State Exposition, Sept. 22 to 28, will exceed the thoroughbred races in interest and enthusiasm, according to Im A. Cowhand of the Amarillo News, who has charge of this part of the program. Im is asking all outfits that have speedy ponies to write him. Affidavits must be made that each horse entered has actually been used in ranch work for 30 days and the rider must be either the owner or a bona-fide ranch employe. One race will be for a $100 purse and a silver loving cup presented by the News. Cash prises in other races will be distributed among the three leaders on a 65-25-10 ratio.

Mr. and Mrs. J. S. Wells returned Monday from Clovis, N. M., where they spent a few days in attendance upon the Primitive Baptist Association in session at that place. Mr. Wells says that although he has been living here many years this was his first trip over into New Mexico. He was greatly pleased with the country about Clovis.

Davis Hill, son of Pres. J. A Hill of the Canyon Teachers College, and his friend Odus Mitchell of Floydada were visitors in the editor's home Sunday, going from here to Midland, where they expected to be joined by friends for a trip to the Gaudalupe Mountains and Carlsbad Cave.

Perfumed Opiate Used by Addicts in London

The narcotic squad of the London police department is reported to be excited over the recent discovery of a perfumed opiate which officials believe is being used by the drug trafficker to lure the unwitting into the drug habit. While investigating conditions in the night clubs—particularly those of a lower category which are associated with the cocaine traffic—the police discovered the perfume.

The officials believe that the importers of the odorous drug—it is distinctly foreign to England—reserve it especially for the novice in drug using. It is generally known that the first taste of drugs sometimes produces anything but the desired effect, and it is just this effect, one of nausea and vertigo, which the police believe the perfumed alkaloid is intended to offset, remarks the New York Times.

Experiments with the recovered perfume show that it need not be administered at all to produce a craving for it. All that is needed is to allow the vapors to float across the nostrils of the intended victim. One of the morbidly curious, who was not a veteran drug addict, explained the procedure of the drug vendor in popularizing his exotic product. She said that she had entered a drug rendezvous to look on. A woman presently approached her after she had experienced the pleasant odors of the strange essence and remarked about the perfume. The visitor said she liked it, whereupon the woman told her where it could be bought. Thinking she had purchased a rare essence, the visitor lifted the stopper of a vial once, twice and then succumbed to a coma. This ended, but she craved again for the vial and thus her addiction began.

While analysis has not yet revealed the composition of the alkaloid, its symptoms are very similar to those of heroin. It is described as a rich and languorous transparent fluid of heavy but not sickly odor.

Revised Daily.

"Shall I find every word in the dictionary, father?" asked Mollie.

"Oh, no, dear. New words are coined every day."

"Well, then, where shall I find the very last ones?" insisted Mollie.

"Ask your mother," said her father. "She has them every time."

Had Done Them All.

He was notoriously mean. One evening he went to see "Hamlet" at the local theater.

"It was just like a sermon," he said to a friend afterwards, "and it made me think I ought to ha' done more."

"Yes," said his friend, "and you've done a good few in your time, too."

Famous White Horse

A new theory of the origin and meaning of the famous white horse on the Berkshire downs is developed by Lord Wyfold in notes which he has published under the title of "The Upper Thames Valley."

Anybody looking at the beak, the eye, the elongated body and tail of this curious figure must realize that it could never have been intended for a horse, he writes. It is surely a representation of one of those prehistoric monsters commonly called dragons. Local tradition suppports this opinion for the hill just below it is called "Dragon's Hill," and the story goes here that the dragon was slain by St. George. The Grims ditch, on the Berkshire downs, is called in a charter of the Tenth century, "draegeles baece"—"the dragon ridge" (or "beak").—Detroit News.

Religious Experience.

Joseph was a solemn-eyed, spiritual-looking child.

"Nurse," he said one day, leaving his blocks and laying his hand gently on her knee, "nurse, is this God's day?"

"No, dear," said the nurse, "this is not Sunday, it is Thursday."

"I'm so sorry," he said sadly, and went back to his blocks.

The next day and the next, in his serious manner, he asked the same question, and the nurse tearfully said to the cook: "That child is too good for this world."

On Sunday the question was repeated, and the nurse with a sob in her voice said: "Yes, Lambie, this is God's day."

"Then where is the funny paper?" he demanded.—Harper's Magazine.

Mrs. Fannie Cooper and Mrs. J. F. Barnett, aunts of Marshall Simpson, who reside in Tuscaloosa county, Alabama, and Miss Jewell Beck, his cousin, who resides in Birmingham, left for their respective homes Tuesday morning after a visit of three weeks with him. STATE PARK BOARD VISITS TAHOKA

(Cont'd from First Page)

traveling through Texas, and each city and town on a state highway should have a park in which the tourist may find rest and recreation. She urged that a park of large dimensions, worthy of the spirit of the plains be donated to the State, not only for the benefit of this generation and of this state but for the benefit of our childern and of the people everywhere who will be touring Texas in countless numbers.

Mr. Colp stated that in the event that Tahoka donates a site, Mrs. Warner would be authorized to inspect it and her recommendations would be accepted by the Board.

They left Tahoka for Lubbock and other points north, and it is thought that a park site will be donated at every county seat along the route in Texas.

At a meeting of the Chamber of Commerce held late Tuesday afternoon a Park Committee was appointed as follows: F. E. Redwine, A. L. Lockwood, and Wm. Zappe.
