

Commissioners Give Approval To Development Corporation

Mitchell County Commissioners Court voted unanimously to act as regulators of an Industrial Development Board during Monday afternoon's meeting.

The board will be formed under the new Industrial Development Corporation Act of 1979 pertaining to industrial bonds.

County Judge Bill

Carter noted the concept is not a new one and almost every state in the union has enacted this legislation.

The concept of the act is to give rural communities the chance to entice industry by providing long term financing at a low rate with no cost to the local taxpayer, he said.

The act allows for the

establishment of a non-profit development corporation to review industrial prospects to see that they meet stringent and closely regulated requirements established by the Texas Industrial Commission.

If, upon review of the financial background of the prospective industry, it is determined they qualify, a bond company will be contacted and will make arrangements to provide bonds for purchase by a

large bank, insurance company or other financial institution to finance the total project.

Commissioner Billy Preston asked what would happen if the industry went broke.

Carter explained the county could not be held responsible in any way. The default would only be between the bonding company, the persons or companies purchasing the bonds and the industry.

Commissioner Paul

Hunter noted he had been in contact with Scurry County officials who have previously established the program.

He stated the time between requesting the program, registering with the state department and receiving approval had been more than two and one-half months, therefore Mitchell County needed to begin proceedings immediately in order to prevent any further delay.

County Accepts Hutchins' Bids

County Commissioners met in regular session Monday and heard a report from Commissioner Paul Hunter on three 1979 model GMC dump trucks. The trucks, purchased from Frank Motor Company (owned by Frank Deregibus) June 11, 1979, will not haul a full load of dirt because of the springs.

Hunter provided copies of the specifications published for bids and a copy of the factory specifications and coding which accompanied the trucks when they were delivered.

Hunter noted he and the road foreman had inspected the trucks upon delivery and found the trucks met specifications except for the springs.

Deregibus was contacted and before the county accepted delivery of the trucks, Deregibus made modifications to the spring system and prepared a letter guaranteeing the warranty on the vehicles which stated with

the modifications the trucks not only met but exceeded specifications.

When the trucks were put into use, they broke down. Frank Motors was sold and there is now no local GMC dealer. In January GMC dealers in other cities were contacted to make the repairs.

Commissioners decided to contact Deregibus and have him discuss the situation with the entire court. They also decided to place a time limit on results from negotiations.

"Time is valuable. We need to get the money back or they need to fix them now," Commissioner Billy Preston indicated.

A special meeting will be set to meet with Deregibus as soon as possible.

During the regular paying of monthly bills, Martha Smith, assistant to County Auditor Dwayne Feaster, performed the duties regularly carried out by that office.

Hospital Elevator Repairs To Begin

Mitchell County Hospital District Board of Directors met in a special called session Tuesday to set April 5 as the date for the hospital board election.

Voting will take place in the County Courthouse from 7 a.m. until 7 p.m.

Absentee voting will begin March 17 and run through April 1 at the Hospital Administration office during regular business hours.

Also discussed during the meeting was the pos-

sible purchase of property across from the hospital belonging to Charles Root. The property would be used for additional parking space if purchased.

Root agreed to sell the property to the district for the appraised value of \$12,000. He would allow the district to pay only the interest at a rate of 10 percent until the district is financially able to purchase the property.

National Chamber Manager Gives Area Chamber Assist

Ken Scarborough arrived, a little late but undaunted by a wild ride from the Midland Airport, to address persons attending the Colorado City Chamber of Commerce luncheon Monday.

Scarborough, a public affairs manager with the Chamber of Commerce of the United States, greeted the waiting audience with a challenge.

He challenged every American citizen to become acquainted with the person elected to represent him in the United States Congress.

Each congressman costs the taxpayers about \$500,000 a year, according to Scarborough. Each congressman is paid a starting salary of \$65,000 per year; also, a minimum of \$435,000 is paid by that congressman on staff and expenses, he noted.

Scarborough stated he believes everyone needs to take more pride in America and in being

American because we, in reality, live in a democracy that works.

He urged citizens to elect a wide range of people to the Congress from varied fields of experience such as businessmen, carpenters and oilmen, as well as lawyers, in order to keep the balance of interest evenly distributed.

Scarborough emphasized the concept of "one man, one vote" will work if we make it work. He gave examples of incidents where one vote changed history. He cited the time when the United States official language was almost changed from English to German but one vote made the difference.

Scarborough closed his address by saying "Come let us march across the country. Let us march toward democracy."

After the luncheon, Scarborough met with citizens interested in

City Council Finalizes Coming Year's Budget

Colorado City Council met Tuesday evening and put the final touches on the 1980-81 budget.

Most of the meeting was concerned with the Revenue Sharing Budget portion of the new budget.

The total anticipated revenue for the budget is \$49,967. These funds may be spent only in the manner tax money may be spent by the city.

After all obligations and proposals made by City Manager Ray Mason had been considered, a balance of \$8,067 in revenues was left.

Councilman Loyd Ledbetter requested \$5,000 of that amount be allocated for use at the Auxiliary Airstrip.

He indicated this, plus

the carry over of \$4,000 from the 1979 budget and the \$5,000 allocated in the new budget, would be necessary to make the airport operational by the end of 1980 when the lease on the airport now used as the city airport expires.

Councilman Elmer Martin requested \$1,200 of the balance be used to assist Woodland Center. Councilman Macca Findley suggested the entire balance be used to locate the water leak which is estimated to cost the city \$7,000 a month in lost revenue.

"We should set this as the council's number one priority," Findley said.

The Revenues Sharing Budget was set with \$8,400 allotted to the Day Care Center; \$2,500 to Wallace Center; \$9,000 to police cars; \$3,200 to water and sewer improvements; \$3,000 to police uniforms; \$1,000 to city hall improvements; \$1,000 to install the emergency generator owned by the city; \$10,800 to landfill land; \$5,867 to look for the water leak; \$4,000 to restore the land currently used for the city airport and, contingent upon the legal aspects of

using the funds for the Woodland Center, \$1,200 was allocated for that purpose.

Bids were opened from three local automobile companies for two new police vehicles, with two trade-ins to be considered.

After considering all three bids, council members decided the city could not afford to purchase two new cars

and contacted two of the companies to see if bids could be cut in half and considered for one new car.

Anderson Motor Company had the low bid for two cars. They bid \$10,856 for two Plymouth Volares.

Hutchins Ford bid \$11,792.52 for two Ford Fairmonts. They also bid \$11,335 for two Ford

School District Considers Improvement Programs

An estimated cost figure of \$257,952.22 for air conditioning and heating the cafeterias at Kelley and Hutchinson

Elementaries and to build four new tennis courts at Colorado High School was submitted to the board of trustees for the Colorado Independent School District Monday night.

The estimate was submitted by Larry Donham of the firm of Huc-

abee & Donham, architects and planners of Andrews.

The school district had budgeted some \$100,000 for the improvements in this year's budget, plus about 50 percent of the cost of the tennis courts is expected to come from the state.

The board directed Donham to make some changes in the plans to see if the projected cost

couldn't be lowered and report back to the board at a special meeting next Monday.

The cost estimate was one on a long list of items considered by the school board in a more than four hour meeting.

It was estimated that it would cost a total of \$94,463.90 to heat and air condition the cafeteria at Kelley while the costs for doing so at Hutchin-

son was estimated at \$63,405.

The costs for the tennis courts was estimated at \$100,083.35. This would be for four lighted courts with a 10-foot high fence. The court would have a synthetic surface.

If the heating and air conditioning project is to be carried out, it will be done during the summer months.

Local Candidates See Positions On Ballots

Ballot positions for local city council and school board elections were announced Tuesday.

Absentee voting begins March 17 and runs through April 1. Persons may vote during regular business hours at respective city halls and school administra-

tion and tax offices.

Loraine School Board candidates listed in the order in which they will appear on the ballot include: Incumbent James D. Clifton; Stanley Moore and Eddie Galvan. There are two seats available with Hubert Meadows declining to run for reelection.

Loraine City Council candidates include, in the order they will appear on the ballot, Claud Woods and Eddie Galvan. Incumbents with expiring terms are Roy Holland and Doris Henderson both have decided not to seek reelection.

In Westbrook, all four incumbent school board members have chosen to seek reelection. They will appear on the ballot along with two other candidates in the following order: incumbent E.A. Oden; incumbent W.D. Conaway, Jr.; incumbent Don Burnett; incumbent Cleburne Rich; Bill Sweet and Donnie Hale.

There are no candidates for the Westbrook City Council election. Write-in candidates will be elected.

Kiwanian Pancake Feast Set

The Kiwanis Club will host the annual pancake supper at Kelley Elementary School March 21 beginning at 5 p.m. and running until 8 p.m.

Proceeds from the event will go to support youth activities within the county according to Kiwanian David Marion.

The public is invited to attend the event. Tickets are available from any member of the Kiwanis Club or may be purchased at the door that evening. Cost of the supper is \$2.

MOUNTAINMEN CHARLEY GATES and Bob Neal (right) demonstrated the art of survival in the wilderness during the Optimist Summer Fun Show Saturday and Sunday. These two men from Wichita Falls leave their offices regularly to trek with their families into the wilderness. They survive on food taken with single shot muskets and live in Indian style teepees. No modern convenience including matches can be found in their camp during these times. They are members of a Mountaineer's Club and have been making these treks into the wilderness since 1947.

 Granadas with no police packages and \$12,884.52 for two Ford LTDs.
 Jay Adams Chevrolet bid \$11,444 for two Chevrolet Malibus.
 Only \$9,000 had been budgeted for the purchase of the two vehicles so the council decided to purchase one from the low bidder, Anderson Motor Company with one trade-in and retain the other police car and continue to use it.
 In other business Drew Ballard, representing the Chamber of Commerce, appeared before the council to request an additional \$1,700 from the Motel Occupancy Fund to purchase new city maps to be distributed from the chamber office, city hall and utility companies.
 Councilmembers set a priority list on a funds available basis as follows: One-\$3,000, Cham-

ber for rodeo; Two-\$3,000 Girls' Softball; Three-\$1,200, Jaycees; Four-\$300, Little League; Five-\$1,700, Chamber for maps; Six-\$1,000, Chamber for Arts and Crafts Show and Seven-\$500, Opticists.
 Mason proposed the council approve the use of a flight service company to supply fuel at the Auxiliary Airstrip rather than invest \$8,000 in the purchase of fuel to fill the two tanks soon to be installed at the airstrip.
 He noted the city would get a percentage of the profits from the sale of the fuel and the city can not afford to spend the \$8,000 on fuel to fill the tanks.
 Councilmembers requested Mason contact the companies and gather more information.
 Mason reported he had discussed the resto-

ration of the old city airport with a contractor and did not have a firm figure but indicated he believes the necessary work could be done for \$10 an acre. He estimated there are about 49 acres in the leased property.
 This is still under consideration by the council and city officials.
 Councilmembers voted to grant permission for the city to advertise for bids on seal coating several areas of city streets. Mason indicated about 2 miles would be seal coated at a cost of between \$25,000 and \$30,000 which the city currently has in a special account just for the purpose of seal coating streets.
 Councilmembers also granted permission to advertise for bids on a piece of city property located at the end of Third Street on the river. This is listed as

block 10 of the original townsite.
 Findley reported he has had an overwhelming response to Chief Fred McWhorter's resignation. "They all wish you would stay," Findley said.
 McWhorter's resignation is effective March 31.
 Councilmembers voted to have Jerry Cowin assume the duties of chief of police but remain as assistant chief of police. He will be given an increase of \$150 per month to carry out the additional duties.
 This will be done in an effort to allow councilmembers time to decide if they wish to go to a Metro System or hire another chief of police.
 In the city manager's report, Mason discussed the deficit Civic Center Budget. He showed councilmembers a copy

of a new worksheet to be used by the center.
 It will indicate the type food served, merchandise purchased and number of persons serving the meal. These cost factors plus other expenditures will be compared to the revenue brought in by the meal.
 "This will show us exactly where the loss is taking place. This will be filled out for every meal and turned in once a week for consideration," Mason said.
 Mason also told councilmembers the concrete for the Fisher Park boatramp is due to be poured Thursday or Friday if the weather permits.
 He also reminded all councilmembers of the Civil Defense meeting to be held Tuesday at 7 p.m. in the Civic Center. He asked everyone to be present.

Police Report
 Colorado City Police reported a vandalism at Anderson Motors which occurred sometime between Saturday and Thursday, March 1 and March 6.
 A window was broken out of a 1980 Trail Duster, four-wheel-drive vehicle.
 Officer Bobby Calloway investigated the incident and reported the damage was apparently done with a large rock. Damage is estimated to cost about \$250. Police are currently investigating the incident.
 Monday a juvenile was seen destroying street signs by a local resident. Police were contacted and the juvenile was turned over to County Judge Bill Carter.

Pictured (left to right) are Jana Shackelford, second place winner; Kathy Anderson, 1st place winner and D.M. Smith, Soil Conservation representative.

Anderson, Shackelford Are Winners Of Essay Contest

Kathy Anderson and Jana Shackelford, Westbrook seniors, were winners of the Mitchell County Soil and Water Conservation District Essay contest recently.

They were presented these awards by D.M. Smith, board of directors member of Mitchell County Soil and Water District.

Kathy Anderson received a trophy and a check for \$20 for first place.

Jana Shackelford received a plaque and a check for \$15 for second place in the contest.

This is the second year for the girls to win the contest in the same order.

The subject of the contest was "Forty Years of Soil and Water Conservation Districts in Texas" and had to be up to 300 words in length. Some of the concerns to be noted were soil use

and treatment, erosion control, practices, crop, range and pastureland management, drainage problems, watershed protection, flood prevention projects and irrigation management.

Wolf Band Members Honored

On May 30 and 31, 21 Wolf Band members will attend the State Solo and Ensemble contest in Abilene. In order to qualify for state, a solo or ensemble must receive a I rating on a Class I entry at the regional level.

The Regional contest was Saturday, Feb. 23 in Abilene, on the Abilene Christian University campus.

The 21 students representing Colorado City at state will be solos, Blake Hardegree and Tracy Womack; ensembles, twirlers—Anne Marcom, Laurie Mercer, Kim Hutto, Kyla Wilson and Kakai Callaway; saxophone quartet, Karla Joiner, Genia Guelker, Melissa Gorham and Mike Rogers; woodwind quintet, Marjori Maddox, Holly Neff, Mike Rogers, Laurie Mercer and Beth Howell; percussion, Joe Horton, Ricky Arellano, Ricky Ornelas, Manuel Molina, Roy Miles, Chris McKinney and David Alvidrez.

Others entering Class I but not receiving I ratings were solo, Jeff Byrd and clarinet quartet, Melissa Gorham, Genia Guelker, Beth Howell and Teresa Gorham.

Class II entries were solos, Karla Joiner, who received a I rating, Ronnie Womack and Tanya Sorrello. Class II ensembles consisted of a clarinet trio, Kristi Frizzell, Rachelle Heredia, Misty Tammen and flute quartet, Nina Bodine, Amy Moore, Cindy Bowen and Mickie Palmer.

All of these students were instructed by Kent Holder and Don Chandler. Those attending State Solo and Ensembles will be accompanied by Kent Holder.

TWENTY-ONE WOLF BAND MEMBERS qualified for State Solo and Ensemble and will attend state competition in Abilene. Front row (left to right) are Karla Joiner, Marjori Maddox, Holly Neff, Anne Marcom and Tracy Womack. Second row (left to right) are Genia Guelker, Ricky Ornelas, Beth Howell, Melissa Gorham, Kakai Callaway, Laurie Mercer, Kyla Wilson and Kim Hutto. Back row (left to right) are Blake Hardegree, Mike Rogers, Roy Miles, Jo Horton, Ricky Arellano, David Alvidrez and Chris McKinney. Not pictured is Manuel Molina.

Rose Circle Meets

The Rose Circle Club met March 4 in the home of Debra Cox with Kim Hudson as co-hostess.
 Plans were made to go bowling and out to eat in May and also plans were made for a Bazaar.
 Ann Beaty, president, called the meeting to order and the minutes of the last meeting were read.
 Special concerns were mentioned and it was decided to meet on the second Tuesday of each month.
 Refreshments were served by the hostesses to Ann Beaty, Carla Rivera, Debbie Carlock, Roxanne Light, D'Dee Morris, Janie McVean, Faye Welch, Gail Albright, Mac Perkin, Delores Wood, Leslie Perkins and Trisha Aston.

Feaster was admitted to the hospital, where he remains, February 28. The office of County Auditor is an appointed position by the District Judge for a term of two years. Mrs. Smith will continue to perform the duties of that office until Feaster is able to return to work.

During the payment of bills, Preston explained to the court that a bill for \$154 was to repair damage done by vandals, using what appeared to be a hammer, to road signs. "They completely destroyed them," Preston stated.

Carter reported the railroad sign program has been completed by the Texas State Department of Highways. Railroad signs had been placed in specific areas at all railroad crossings.

Carter read a notice from the department stating the county would now own and be responsible for the signs.

Adult Probation Officer Jalene Jones appeared before commissioners to request permission to relocate her desk to a room across the hall from the existing office. She indicated, according to state regulations, she must have a private place to talk with probationers.

Mrs. Jones noted she is currently handling 107 cases and is required to use the law library for interviews when a jury

is using the room adjacent to her office because persons on probation are not allowed to go upstairs at that time.

This would continue to be the practice even after her office is moved because the walls are not thick enough to insure privacy for either group.

Commissioners granted her permission to move.

Bids were opened by court members for a 1967 Dodge Pickup half-ton truck.

C.E. Browne bid \$325. George R. Anderson bid \$307. Bessie Hill presented the winning bid of \$506. Lanny McKinney bid \$406.

Bids were also opened for three trucks no longer used by the county.

Hutchins Ford Company bid \$2,900 for truck number eight; \$2,700 for truck number 14 and \$2,900 for truck number 17.

The City of Colorado City bid \$2,200 for truck number eight and \$1,600 for truck number 17.

Commissioners noted they would like to assist the city by accepting the lower bid, however they did not wish to be unfair to Hutchins Ford.

Commissioners decided to award the bid to Hutchins Ford Company.

A possible Metro Law Enforcement System

was discussed during the meeting.

Carter noted he has had several comments in favor of converting to the system, eliminating the city police department and placing all officers under the direct authority of the sheriff.

"If we could improve our law enforcement or reduce costs, I'd be in favor of it, but this is not to indicate that I am currently for or against the system," Carter said.

Carter said he had contacted officials in Hardeman County where the town of Quanah is located. The county has an estimated population of 6,300 and the city of Quanah has an estimated population of 3,609.

Carter noted the county first converted to the Metro System in 1971, using federal funds to implement the change. They have since gone back to the old system due to personality conflicts within the system and are now considering converting to the Metro System again.

Under their program, the county paid 60 percent of all expenses and the city paid 40 percent. The City Judge position was eliminated and all revenues went into the county treasury.

Carter said from all his investigation, it appeared the system would take a lot of cooperation from all parties and especially from the sheriff.

Post and Garza County and Henrietta and Archer County were cited as having converted to the Metro System and reverting back to the old system.

Carter noted there were some grant funds available for the conversion currently, however, funds could not be used for salaries or equipment. An application to convert must be filed with West Central Texas Council of Governments prior to October 1, 1980, according to Carter.

He indicated the court should delay any decision until after the election May 3. At that time, he suggested a town meeting should be held to have the public express their desires on the subject.

"If the citizens want it they should have it," Commissioner Marcus Vest commented.

"I can see how it would work, but I can also see many problems in it too," he said.

In other business County Tax Assessor-Collector Mike Burt asked permission to seek bids to have the delinquent tax rolls compiled into one.

He estimated the cost to be between \$2,300-\$2,500 plus \$150 for the bindings.

The court asked Burt to inquire at different companies to get quotations on the cost and then they could decide.

Burt also reminded commissioners of the option of the county to go to 100 percent valuation this year. He noted he would also need time to notify everyone on the tax rolls if any increase in taxes is anticipated.

He noted the tax valuation would be mailed out first and then the new rate and taxation amount would be sent.

County Clerk Joan Beach met with Commissioners to request an additional employee in the clerk's office. She presented figures from revenue taken in by her office since 1972 which indicated a continual rise in revenues.

"This is due to an increased work load," she said. "This is an emergency situation."

AREA, From Page 1

This will include oil and agricultural legislation.

Committee members include Fleta Lewis, Coleen Palmer, chairman, Judy Blackstock, David Marion, Joy Culwell, Roger Wells, Nina K. Crout and Betty Williams.

They will keep abreast of how congress-

men vote on these issues. The committee will keep in constant contact with congressmen representing Mitchell County to express local views and opinions.

The group also considered formation of a small business council to be set up to assist persons interested in es-

tablishing a small business in Mitchell County. They will supply such information as how to obtain financing and

what bookkeeping system is needed. This will be brought for discussion at the next Chamber Board meeting.

BALLOT, From Page 1

will include in the order they will appear on the ballot: Mac Perkin; incumbent Eddie Piland; Coleen Palmer; Dr. Pat Thomas and incumbent Edward Roach.

Board members Fleta Lewis, who also holds an expiring term, announced she will not seek reelection. Candidate Rex Beights was forced to withdraw his name under state nepotism laws.

Candidates for the Colorado City Council in the order they will appear on the ballot include: Nina K. Crout; J.O. Dockrey; incumbent Jesse Munoz; Mac McKinnon and Otis Wise. Mayor Marion Bassham and Councilman Lloyd Ledbetter both have expiring terms but have declined to seek reelection.

The Mitchell County Hospital District Board of Directors' election has had two candidates who submitted their names for election and have been forced to withdraw under state nepotism laws. They are Ray Anne Carlock and Jim Dockrey.

Earlier in the year board member Murrell Blassingame resigned from the board and his slot must be filled. Incumbent Bob Reily and T.C. Moore will both seek reelection. Candidates names as they will appear on the ballot include: Bobbie Steakley, Frances Deregibus, incumbent T.C. Moore, Carroll (Bud) Hull and incumbent Bob Reily.

Election day is April 5 at respective polling places. Polls will be open from 7 a.m. to 7 p.m.

BOARD, From Page 1

purchase the property contingent upon a decision by "Pink Ladies" to pave the parking lot after its construction.

Two bids were opened during the meeting for the hydraulic elevator jack cylinder which extends several feet beneath the ground under the hospital. This cylinder has a hole in the casing which makes the operation of the elevator extremely hazardous. The hospital shut-down the elevator until repairs can be made.

Esco Elevator Inc., of Fort Worth bid \$4,509 and offered a 20 year warranty on their work. Dover Elevator Company of Dallas bid \$10,000 and offered no warranty.

The board voted to accept the lower of the two bids.

Mildred Little Presents Program During Meeting

The St. Patrick's Day theme was used for decor when Mmes. E.J. Schroeder, Lloyd Brame and Rex McDaniel hosted the monthly social and business meeting of the Ready Class of First Baptist Church of Loraine.

The party took place Monday evening in the Schroeder home. The meeting opened with the group singing their class song, "Ready" and "County Your Blessings."

Mrs. Mildred Little brought a very inspirational devotional on the subject "Stewardship of Our Lives." She read Luke 4:16 and Matthew 10:32 and brought out the truths of our talents. She stated that God has given each a work to do and the capacity and talent to do this. She added that of our daily lives there is much beauty all around us that we fail to see because our mind and thoughts are on many things. She presented a challenge for us all

to see God in the beauty around us.

The group sang "I Gave My Life For Thee" at the close of the devotional talk. All songs were sung as they were accompanied by recordings.

Mrs. McDaniel directed games appropriate for the season. Folders with the date March 17 and names of guests written in green on the front were passed out. Inside was written the month, March, a drum major playing drums, with the words "March to Ready S.S. Class each Sunday." She gave each puzzles to match and, when matched, they were months of the year. Guests were asked to imitate something familiar to that month while others guessed which month they had drawn.

Lime parfaits were served to one guest, Mrs. Fred Witta and members, Mmes; Rosa Hamrick, Billie Ruth Tarrt, Sharon Henderson, Calvin Forbus,

Lloyd Wiggins, Frances Young, Mildred Little, Herbert Mearse, Alta Miles, Kenneth Butler, Nettie Mae Crowner, George M. Lee, Virgil Parnell, Bobby Graham, Leroy Lucas, Ed Small and the three hostesses.

Baptist Women Meet

Loraine Baptist Women observed the "Week of Prayer for Home Missions" last week. They met each day for programs and prayer and the Young Women's group, led by Mrs. Luke Smith, brought the Wednesday program.

Theme of the week's program was "We cannot keep from telling." Leaders for the daily programs were Mmes. Woodrow Pratt, Lynne Compton, Harvey Leach, Pauline Smiley and Smith and there were 15 women attending.

The local goal was set for \$500. National goal is \$15,500.

It was stated this was the first year Baptists had ever witnessed at the Winter Olympics at Lake Placid, N.Y. Plans were in the making for many Baptists to be on hand to witness when athletes and support personnel would be there from many countries for this big event, stated a group leader.

Student Receives Honor

Doug McGee, son of Mr. and Mrs. Gene McGee of Snyder was one of the Western Texas College students inducted into the Psi Zeta chapter of Phi Theta Kappa at the college recently. Doug is the grandson of Mr. and Mrs. Joe McGee and Mr. and Mrs. Ed Small of Loraine.

To be eligible for membership, a student must have a grade point average of at least 3.2 and membership invitations are extended to students who have exhibited qualities of leadership and who are eligible scholastically.

Doug is in Electromechanical Technology and president of EMT. He was a member of the Industrial Arts at Snyder High School.

Local Resident Dies

Joseph E. Burns, 91, died at 6:45 p.m. Monday in Root Memorial Hospital in Colorado City after a lengthy illness.

Funeral services are today (Thursday) in the Church of Christ in Lamesa with Claud Woods, minister of Crockett Smiley Church of Christ in Loraine, officiating.

He was born Feb. 4, 1889 in Jacksboro, Tex. He was a member of the Methodist Church. His wife preceded him in death on May 15, 1968, at which time he moved in with his daughter, Mrs. J.A. Merritt of Loraine.

Burial will be in the Lamesa Cemetery.

He is survived by two daughters, Mrs. Merritt and Mrs. Audie Cole of Big Spring; one sister, Mrs. Ola Cherry of Ada, Okla.; six grandchildren and 18 great-grandchildren.

He was also preceded in death by his son.

Wheeler Hosts North Loraine H.E. Club Meeting, March 5

"Through Children's Eyes" was the topic of the program brought to the North Loraine H.E. Club at the regular meeting in the home of Mrs. Raymond Wheeler March 5.

Mrs. Wheeler called the meeting to order and Mrs. J.M. Templeton led in the club prayer.

Mrs. H.E. Taylor brought the recreation which was followed by the club business session.

Secretary, Mrs. Jack Linam, called the roll which was answered with "a childhood memory." Many and varied memories were recalled and minutes were read.

Mrs. Wheeler brought information of decisions made when Adele Morgan, agent, met with the County Commissioners in regard to some changes being made at the Mitchell County Ag. barn, used for county shows during the year. The changes will benefit all phases of show and especially much needed changes in the kitchen where food is prepared and sold by county clubs. Some changes have yet to be decided.

Mrs. Wheeler also reminded those who are interested in attending the district meeting of TEHA in Llano on April 1st to get their reservations in immediately. For any information call the office of the County Agent, Adele Morgan. Mrs. Roy Wells is delegate from the North Loraine Club.

Treasurer's report was given and members voted to make a contribution to the Red Cross fund as a club and members gave personal donations at this time rather than making the drive as had been done in the past.

There was a short discussion about when and how to raise the yearly funds for the club. No definite plans were made at this time.

Red Cross Fund Drive Begins

The American Red Cross began its fund raising drive Sunday and will continue through the month of March.

The drive is headed by the American Association of Retired Persons

with Roger Wells as chairman.

Businesses and individuals will be contacted about donations. If you are not contacted and would like to donate, you may phone the local Red Cross office at 728-5012 and they will send someone to assist you.

On more than 38,000 separate occasions in 1977-78, the American Red Cross responded to a disaster somewhere in the United States.

Payne Chapel CME Hosts 51st Session

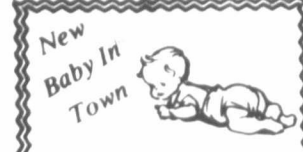

Payne Chapel C.M.E. Church will host the 51st session of the Northwest C.M.E. District.

The Rt. Bishop C.D. Colman is the bishop. Rev. E.J. Lott is the presiding elder, but because of illness, Jonah Parker will act in his place instead. Rev. David Feathers is the host pastor. They will meet at Payne Methodist Church at 770 Front St. in Colorado City on Friday at 6 p.m. and Saturday at 9 p.m.

Dr. Othal Lakey will speak at 8 p.m. on Friday and he is the editor of the C.M.E. Church paper, "The Christian Index."

Rev. Willie Harris will speak Friday at 1:30 p.m.

Rev. David Feathers would like to invite everyone to come and visit. Food will be on sale on the campus and at the Wallace Community Center.

Mr. and Mrs. John Lelek of Big Spring are the proud parents of a 7 lb., 7 1/4 oz., baby girl, Jodi Kay. She was born March 8 in Malone-Hogan Hospital in Big Spring.

She was greeted by a brother, Brian and grandparents, Mr. and Mrs. Gene Wood and Mr. and Mrs. E.J. Lelek of Colorado City.

Retired Col-Tex To Meet

Persons who worked for or were affiliated with the Colorado City Col-Tex Refinery are wanted for a "Get-together" in the C.C. Thompson Room March 15 at 5 p.m.

This will be a covered dish dinner and those attending are asked to bring a food dish which will be served at 7 p.m.

Mildred Free, coordinator for the affair, stated, "This will be a lot of fun and I hope everyone will bring their old photos and souvenirs of the refinery."

Skating Resumes At Center

Opti-Ms. is sponsoring skating at Wallace Center Saturday from 7 p.m. until 10 p.m.

Admission is 50 cents for students and \$1 for adults and \$1.50 for couples. You must furnish your own skates.

Top 10 disco singles will be given away as door prizes and everyone is invited to attend.

Inflation hits your electric bill just as hard as it does your grocery bill.

Every time you go to the grocery store you can see what inflation's doing to your food bill. But because you don't buy electricity by the can, you probably don't realize how inflation affects the cost of electricity.

Fuel costs are going up, particularly natural gas. Equipment costs are up. Power lines, transformers and poles cost us more every day. Just like milk costs you more every day.

The millions of dollars we must borrow to build plants to ensure your electricity needs in the future are costing us more.

The cost of building these plants

is higher, too, because of inflation. And because of the time and money it takes to comply with an ever-increasing number of government regulations. The longer it takes to build, the more inflation takes its toll.

Inflation, overregulation and rising fuel costs are all making your electricity cost you more. But by using electricity wisely you can do your part in keeping that cost down in your home.

At Texas Electric, we want you to know what you're paying for.

SCHOOL, From Page 1

Another item delayed until next Monday's meeting was granting approval to County Entomologist Bill Jany to use the garden plot at Wallace Center for gardening demonstrations. He plans to do so using prisoners from Mitchell County jail.

Members of the school board questioned security precautions and asked for other information.

The board accepted the resignation of Quin

Thornburg as music teacher at Kelley Elementary after hearing Superintendent Charlie Uselton praise her for a job well done. The board hired Cathy Terrel to replace Mrs. Thornburg who resigned to move with her husband to Odessa. Mrs. Terrel has a music education degree from Midwestern University in Wichita Falls.

The board also voted to waive the janitorial fee for the church league's use of the ad-

ministrative building gym and only charge \$25 per night and to allow use for standard fees of school gyms for lodging by teams participating in the United Girls Softball Association West Texas tournament here on July 17, 18 and 19.

The board also approved textbooks approved by the faculty textbook committee and approved the naming for the April 5th school board election of Mrs. Mary Molina, Mrs. Ma-

vis Marsh, Miss Pam Johnson and Mrs. Margie Wulfjen as election clerks.

The migrant program for the next school year also was approved. This will be the second year for the program and the board asked for an evaluation at that time.

The board amended the current year's budget because of increased expenditures of \$11,663 and increased revenues of \$31,183. The increased expenses were due to the purchase of equipment and added personnel. Additional income was due to additional state funding and interest income on investments.

Adoption of the school calendar for 1980-81 also was on the agenda and received approval. It calls for school to start Aug. 25 and end May 28 with holidays on Sept. 1, Nov. 27-28, Dec. 22-Jan. 2 for Christmas and spring break will be March 9-13 as it will be for all three schools in the county. There will also be a holiday for Good Friday, April 17. In-service holidays for students will be Oct. 6, Nov. 3, Jan. 16 and Feb. 9.

It is tentatively planned that graduation will be on May 29, a Friday.

The board also decided to take bids for insurance on school facilities from the four eligible insurance agencies in Colorado City. They are seeking bids for \$5,000 and \$10,000 deductible, one-year and three-year policies,

with or without vandalism coverage on buildings and contents.

The school will be seeking to insure almost \$12 million worth of assets including buildings and contents.
