Some of the incidents and statements that have come to notice since the all important world shaping sessions at Geneva Switzerland give us reason to wonder whether we have not, after all, received a blessing in disguise.

For a while the Western World seemed inclined to admit that the meeting of ministers was just another failure. As usual in their dealings with the Soviets, they returned home without the satisfaction of having gained a single point. True to custom, Molotov torpedoed every effort to relieve world tension or to restore any portion of the freedom lost by peoples of Eastern Europe.

The significant point, however, is that the Western Powers, while not winning any concessions at least came out of this confab without losses. The score on material achievements was exactly zero on both sides. Nevertheless time seems to be showing that the West has gained a great deal psychologically. For one thing its three principals, U.S., England and France, came away from the affair with a greater determination and greater unity than they have enjoyed in a long time. The wily red schemes backfired and left Freedom's alliance more powerful than it was before.

Another very significant psychological victory concerns the show down of attitudes on German unification. The Western three stood by their principles and insisted they would not go along with the communist type of fixed elections. Secretary Dulles told Molotov, and all the rest of the world, that the West would consider nothing but a free election in which the people can express their wishes without fear of coercion or violence.

The people of Germany, on both sides of the iron curtain, are fully aware of what has happened. They know who was the stinker at the meeting. They know also that the Kremlin scoundrels had only one purpose in mind during all the previous double talk about reunification. That purpose 'was to impose its rule over more Germans rather than grant freedom to any of them. For that matter, the Poles, Czechs, Bulgarians, Rumanians, and all the others now have a better understanding of Russia's intentions, and of the proposals made in their behalf by Dulles and his associates. Regardless of the well known Iron Curtain censorship, word will get around. People will learn who are their real friends. And they will remember until the time when those friends have an opportunity to help deliver them from slavery. In that regard the Geneva "failure" stands out as a noteworthy propaganda achievement of the West.

It isn't likely either that many people will be taken in by current Russian blabber about the meeting. As one commentator has pointed out, the Kremlin's references to "peaceful" Russians and "tough" Americans remind us of gangland incidents during the Roaring Twenties, when people who did not play ball with the thugs were referred to as trouble makers.

Many of us recall movie scenes of toughs entering small shops and asking proprietors to join the protective association. Anyone who declined to go for the extortion racket was branded by the hoodlums as a trouble maker.

People of Eastern Europe are aware of a similar twist of words when they hear Russians call us Americans trouble makers. Perhaps there are even more factors favoring the West in the Geneva "failure." For one thing we have convinced our own people and leaders that we cannot relax our guard because of those phony smiles at the summit conference. This is the best assurance we have of avoiding a shooting war. Moscow respects nothing but force, and is most likely to refrain from the rough stuff as long it knows we are ready to hand out instant and devastating retaliation. If luck is with us now we may be able to sweat out future developments until oppressed peoples themselves take the lead in exterminating communism.

There are possibilities that the Geneva meeting will become

MR. AND MRS. J. S. HOGAN, MARRIED 50 YEARS, HONORED AT OPEN HOUSE

Observing fifty years of married life, Mr. and Mrs. J. S. Hogan were honored here Sunday afternoon at an open house celebration for which their son-in-law and daughter, Mr. and Mrs. Richard Cain, were hosts in their home. The goldenweds, former Muenster residents, are now retired on a farm southeast of Burleson.

More than 150 guests including eight of the couple's nine children and most of their 43 grandchildren and 11 great-grandchildren were present for the joyous occasion.

Miss LaQuita Cain of Denton and Miss Rita Cain of Galveston poured punch and Mrs. Bill McDonald of Amarillo and Mrs. C. C. Hogan of Fort Worth served the anniversary cake. Miss Judy Cain registered the guests and Mrs. Bailey Orrell of Nocona presented muted piano selections.

Both Mr. and Mrs. Hogan are native Texans. He was born at Grapevine August 27, 1886; she in McKinney on March 18, 1889. Mr. Hogan was four years old when his parents, Jim and Eva Hogan, moved to the Mallard community, near Forestburg, in Montague county. Mrs. Hogan was still pre-school age when

her parents, William and Addie McDonald, also moved to Mallard.

James Spencer Hogan met Edna McDonald when she was a first grader and he says there never was anybody else. But he had to wait until she was almost sixteen to get her out of circulation. She was a very popular young lady. He was 19 when they were married in 1905.

Married in Montague Judge George S. March of Montague performed the wedding ceremony in his home. It was an afternoon service.

There wasn't time for a honeymoon then, the couple said. There was a big cotton crop to be gathered. It was "some years later" before they had that honeymoon trip, Mr. Hogan said. The following years brought the arrival of eleven wonderful youngsters.

Theirs has been a full life, rich with family ties. They recalled many happy memories, reminiscing with old friends Sunday; hard times, too, during lean years when raising and educating a large family sometimes presented problems. Mrs. Hogan did all the household chores without any of the labor saving devices so common today. (Continued on Page 2)

NEWS OF SICK AND INJURED

Anthony Knabe, 13, has been dismissed from Gainesville Sanitarium following ear surgery and the removal of his adenoids. He is convalescing at the home of his parents, Mr. and Mrs. Robert Knabe.

Mrs. Denis Walterscheid underwent surgery for gallstones in Nocona at Majors Clinic Tuesday morning. She'll be hospitalized at least a week and greeting cards will reach her if addressed to the hospital.

Dan Haverkamp is a patient at M&S Hospital receiving treatment for a virus infection.

Frank Klement has had the last stitches removed from his eyeballs and is progressing slowly but steadily toward regaining his strength and weight. He has been in bed most of the time since he had delicate eye surgery on Oct. 27, and still has weekly checks at Gainesville.

J. J. Haverkamp is much better and is regaining his strength now since he is on solid foods, his wife said Wednesday after visiting him at the VA hospital in McKinney Tuesday. He is now in Ward 110 — that's the convalescent ward — and will remain at the hospital for some time to come. He had a major operation for stomach ulcers on Nov. 14.

Norma, eight-year-old daughter of Mr. and Mrs. Gus Lutkenhaus, has recovered from a tonsillectomy performed Friday at Gainesville Sanitarium.

Joe Ray Kupper, 4, is convalescing from a tonsillectomy performed Friday at Gainesville Sanitarium. He is the son of Mr. and Mrs. Ray Kupper.

Fr. Louis, Speaker At NCCW Meet in Denton December 6

Rev. Louis Deuster of Sacred Heart parish will be the principal speaker at the quarterly deanery meeting of the National Council of Catholic Women in Denton next Tuesday, Dec. 6. His talk will be on "Spiritual Development."

Ladies of the Denton parish will be hostesses for the session and have planned an interesting program for which they anticipate a full attendance of women from all parishes in the deanery. Registrations will begin in Denton parish hall at 1:30.

Parish Group Goes To Saint Louis for Youth Convention

Twelve young people of the county accompanied by Rev. Christopher Paladino of Sacred Heart parish and Rev. Michael Gormley of St. Mary's parish and four adults left Tuesday for St. Louis, Mo., where they will attend the annual convention of the National Catholic Youth Council.

Fifteen thousand young people are expected at the session for which former president Harry S. Truman will be the speaker.

Father Christopher took the Muenster group by car. With him are Rodney Walter, Helen Fisher, Patsy Horn, Nelda Bayer, and La Verna Hess.

Father Goemley, also traveling by car, took with him Henry Fleitman of Lindsay, Joan Weber, Yvonne Geray and Gwen Friske of Gainesville.

Leaving by special train from Dallas were Viola Bezner and Mary Jane Block of Lindsay, Oval Lee Magers and Messrs. and Mmes. John Loerwald and Bobby Howard of Gainesville.

All Texas youths are dressing in Western attire.

City Invites Bids For Construction Of Sewage Plant

Another phase in Muenster's sewer improvement project got under way this week when Mayor Urban J. Endres invited bids for construction of the new sewage treatment plant.

The official invitation specifies that bids will be opened and the contractor named at a council meeting December 19. Work is due to begin about a month later.

The contract job will consist of building the pits in which sewage treating equipment will be placed. Specifications have been drawn up by the city's project engineer, Reaves and Gregory of Fort Worth. Installations after construction will be made by the city's construction crew.

Allowance for considerable growth was made in designing the new disposal plant. It will accommodate a population of 2,500 plus twice the volume of waste drained away by the milk plant in this year's peak season.

After the plant is completed the city will build a system of lagoons, expected to cover about ten acres, for evaporation of the treated sewage.

Up to now the project has consisted of installing several extensions to the present line and installing a new line from the disposal plant site around the south and west limits of the city. That job has been delayed lately awaiting the arrival of a shipment of pipe, however work is under way again. At this time about 500 feet of line is unfinished.

WITH THE MEN IN SERVICE

Ends Duty In Korea

Cpl. Eugene Luke telephoned his parents, the Ben Lukes, Saturday from California to let them know he had returned to the states after being on duty in Korea. He also said he was getting a leave and expected to be home this weekend. He served with the third service regiment of the Third Marine Division.

Has New Rating

It's Corporal Jerry Hoenig now. He received the new rating at Camp Pendleton, California, where he is on duty at the Marine base. Jerry is the son of Mr. and Mrs. Joe Hoenig. His brother, Pvt. Raymond Hoenig, is on duty with the army in Germany.

Not In Crash Area

Alarmed at the news of the crash of the jet fighter plane at Eielson AFB, Alaska, where their daughter and her family are stationed, Mr. and Mrs. J.M. Weinzapfel placed a telephone call early Tuesday night to talk with David and Juanita Bright. It took six hours to get the call through and the parents' anxiety was relieved by Juanita's assurance that everything was okay with them. They live a block and a half from the row of houses which were hit.

Home On First Leave

Paul Hesse, airman apprentice, arrived home Sunday to spend his first leave with his parents, the Meinard Hesses. He has completed boot training at the Navy's training center in San Diego and will leave here Dec. 13 to report at the Norman Okla., base for special training. Before he left San Diego he saw Ronnie Fette who is nearing the end of his boot training. He expects to be home for Christmas.

Kuhn Infant Dies

Funeral services were held at Lindsay Saturday afternoon for Joseph Kuhn infant son of Mr. and Mrs. Alfred Kuhn of Fort Worth. The prematurely born boy weighed two pounds at birth Friday in St. Joseph's Hospital and died about eight hours later.

Father Conrad Herda officiated at the brief service in St. Peter's church and at graveside rites in St. Peter's cemetery.

Surviving in addition to the parents are grandparents, Mr. and Mrs. Ben Luke, Muenster, and Mr. and Mrs. Jake Kuhn, Lindsay; and great-grandparents, Mrs. Fred Herr Sr., Muenster, Mr. and Mrs. Robert Loerwald of Gainesville, and Fred Kuhn of Lindsay.

Frank Ikard Will Talk at Gainesville Saturday at 3 p.m.

Congressman Frank Ikard will speak in Gainesville Saturday at 3 p.m. at an open meeting for which the public is invited. His subject will be "Government is Your Business." Sponsors of the program are members of the Pro America Club.

Ikard was one of five congressmen, together with five senators, who were flown to England at that country's expense to sit in on Parliament during Thanksgiving week. He will tell of his experiences there and will compare the workings of congress with the British parliament.

The program will be held in the First Methodist church.

The Gainesville chapter of the sponsoring club, headed by Mrs. Gilliam Bonner as president, urges residents of the county to attend the session.

The Pro America club is primarily a study club with programs designed to assist women in educating themselves on government.

Mercury Plunges To Season Low as Norther Blows In

This community's most severe weather of the winter to date moved in Sunday night with a cold front that plunged thermometers down to 20 on Monday morning and to 19 on Tuesday, then followed with the first sample of sleet and snow on Wednesday.

Early indications are that it had no effect on the little grain which is out of the ground, and it certainly did not hurt other grain which is still under ground waiting to sprout after the recent extended drought.

About the only effect of the cold wave here is a temporary delay in building the new Farmers Store. The current job there is putting up the walls, and work was stopped in order to avoid freezing the mortar before it has time to season.

Other circumstances prevented a similar delay at the Electric Co-op's new office-warehouse. That building too is ready for the walls, but bricklayers are not due to arrive until next week.

By Thursday morning it seemed that the crops finally will have a chance to start growing. Slow showers during the night measured .47 inch.

Banquet-Program Will Honor K of C 25 Year Members

Elaborate plans are currently under way in the Muenster K of C council for a banquet and program on Sunday, December 11, honoring three groups of old timers in its membership.

District Deputy Arthur Endres, program chairman, says the party will be given for Honorary Life Members, Honorary Members, and 25 year members.

Tom C. Unis, district deputy of the 17th district and an attorney in Dallas, will be the principal speaker.

Honorary Life Members are those who have reached the age of 75 and have been members of the order for 25 years. They are eligible to apply for exemption from future dues. Included in the group are Henry Fette, John Fette, Joseph Fisher, G. H. Hellman, William Richter, Louis Steinberger and Henry Stelzer.

Honorary Members are those who have reached 65 and have belonged to the order for 25 years. They are eligible to apply for a reduction in membership dues. Included in that group are L. A. Bernauer, W. H. Endres, John Kathman, Joe H. Otto, Henry Schmitt and J. C. Trachta.

The third group consists of those who have been in the order for 25 years but have not reached 65. About 35 of them are in the council and all will receive 25 year buttons at the banquet.

Mr. and Mrs. Elbert Vance of Hereford were Saturday overnight and Sunday guests of her sister and family, the John Herrs. They were enroute home after spending Thanksgiving in Alabama with his folks.

50 Units Expected In Parade Opening Christmas Season

The biggest parade ever seen in Muenster will usher in this year's Christmas season.

About fifty units will participate in the colorful affair, according to advance information available at a meeting of the planning committee last Friday night in the city hall, and the length of the parade is estimated at about a half mile.

Units expected are Santa Claus in a convertible, about 45 floats entered by the schools and civic and commercial organizations, four bands, VFW and National Guard groups and a group of horsemen.

School and civic floats will present Christmas scenes and the commercial floats will emphasize their respective lines of business.

The parade will form under the direction of Parade Marshal Jimmy Lehnertz on East Seventh, in front of the public school. Entries are asked to be there at 2 o'clock in order to provide ample time forming the parade, which is due to begin at 3 o'clock.

The route plan specifies entering Main Street at Seventh, proceeding to the highway, then a block east to Oak and north to the place of beginning. As the parade moves up Oak Street the bands and Santa Claus will drop out and go to Main for a special appearance. Each band has been invited to give a short concert besides marching in the parade.

In arranging the parade lineup, the committee was careful to keep bands separated by a considerable distance so that music from each can be heard distinctly.

The order in which units will appear is as follows: 1, VFW honor guard; 2, Muenster band; 3, Floats; 4, Era band; 5, Commercial floats; 6, Saint Jo band; 7, School floats; 8, Floats and National Guard; 9, Gainesville band; 10, Santa; 11, Horses.

Post Office Urges Early and Proper Christmas Mailing

Postmaster Arthur Endres said he was glad to see that many people are getting their Christmas gifts for distant points into the mail this week pointing out that packages addressed to folks living in other states should all be mailed before December 5th and those for nearby points before December 10th.

Stressing the need for everyone to cooperate on his 1955 "Mail Early for Christmas" campaign, Postmaster Endres says that by following these three simple rules, you're certain to have your gifts delivered before Christmas Day: Wrap them securely. Address them correctly, and Mail them early.

He went on to say, "Of course early mailing of all Christmas cards and gifts is a big factor in getting everything delivered before Christmas. Keep in mind that careful packing and correct addressing is equally important. Every year many poorly wrapped packages break open despite careful handling and we often have to puzzle over addresses which are incomplete or simply cannot be read at all."

He urged that patrons ask for free copies of a new publication, "Packaging and Wrapping Par-

The family that makes their home a heaven will be pretty sure to make heaven their home.

Golden Wedding - -

There was never a dull moment, she said.

The children all had natural musical talents. They either sang or played some instrument, and formed an orchestra of their own. As they grew older they played for dances and other gatherings. They still make music when they get together for family reunions.

Recalling some of their anxious weeks, the couple tells about the time their youngest son, Jerald, was a member of the First Marine Division trapped in Korea in 1950. They got his "All's Well" message just before Christmas that year after weeks of waiting. They lost a grandson in the Korean conflict. And they lost two sons in recent years in tragic accidents.

Mr. and Mrs. Hogan began their married life at Mallard where they farmed and made their home until 1920. In December 1912 he went to work for Lone Star Gas company "walking a line" from Montague to Cooke county in addition to managing his farm. In 1917 he resigned from the company, acquired some mule teams and for the next three years worked on various road construction and pipe line projects in North Texas and Oklahoma.

Came Here in 1920

Early in 1920 the family moved to Muenster, settling on a farm south of town where he engaged in extensive farming, livestock breeding and raising fine dairy cattle. They lived here more than 20 years. During the following 12 years they resided in Amarillo where he was a butcher, and since 1952 they live in a country home near Burleson.

Mrs. Hogan's hobby is piecing quilt tops and quilting. She has made many lovely quilts of intricate design for her family.

Their five sons and four daughters are Jack Hogan and Mrs. Richard Cain of Muenster, Mrs. T. C. Rhone of Bellevue, C. C. Hogan of Fort Worth, W. C. Hogan of Gainesville, and Frank and Jerald Hogan, Mrs. O. Z. Smith and Mrs. Lloyd Hefner of Amarillo.

All were here for the celebration except Jerald who was unable to attend on account of illness. Also present were the family of the late John Hogan of Lubbock and members of the family of the late Hugh Hogan of Gainesville. John was fatally injured in a car accident and Hugh was burned to death in a fire that destroyed his home.

Mr. and Mrs. Hogan's anniversary date is October 19. The celebration was postponed until the Thanksgiving holidays so that family members could attend.

The refreshment table, covered with a white linen cloth, held the crystal punch service and the handsome three-tier anniversary cake. Gold candles in crystal candelabra further enhanced the board. The gift table was centered with a unique driftwood tree — the family tree — with gold love birds in the branches which were hung with silver dollars wrapped in gold foil. Gold wrapped coins also adorned the base of the tree. There were fifty of the coins, a gift of the children.

Marian Berend and Gilbert Yosten Say Vows at Gainesville

—Gilbert Studio Photo

Miss Marian Berend, daughter of Mr. and Mrs. Ewald Berend of Gainesville, and Gilbert Yosten, son of Mr. and Mrs. N. J. Yosten of Muenster, exchanged marriage vows Saturday morning in Saint Mary's church at 9 o'clock.

Rev. Michael Gormley, pastor, officiated at the nuptial high mass for which the church choir, accompanied by Miss Ann Gallagher, organist, sang. Bouquets of white gladioli and greenery adorned the altar.

Mr. Berend gave his daughter in marriage. She wore a gown of white Chantilly lace over bridal satin designed with a figurine bodice and bateau neckline accented with soft folds of tulle. The sleeves were long and tapered and the very bouffant triple tiered skirt was worn over hoops and ruffled crinolines. It was aisle-wide as it terminated in a sweep.

A queen's crown of seed pearls held her circular veil of illusion and she carried her flowers, a cascade bouquet of a white orchid and stephanotis, on top of a pearlized prayer book, a gift from the groom. She carried a blue rosary, a gift from her baptismal sponsor and grandmother Mrs. Frank Mages Sr. of Lindsay, borrowed a lace handkerchief from Mrs. Kenneth Zwinggi and wore a new penny in her shoe.

Attendants

Miss Viola Bezner of Lindsay was maid of honor, Miss Annette Berend of Hereford, a cousin, and Miss Joan Emerson of Fort Worth were bridesmaids. Miss Doris Raye Berend attended her sister as junior bridesmaid.

Miss Bezner and Miss Doris Raye Berend wore identical gowns of winterberry red Italian velveteen with moulded torso design that dipped dramatically at the hipline. The bodices had rounded necklines and three-quarter sleeves. They wore picture hats of the same material and carried pink roses.

The bridesmaids' frocks were

identical in design fashioned of tearose pink velveteen. They wore matching picture hats and carried deep wine colored roses.

Herbert Yosten was best man for his brother. Another brother, Tony Yosten, and Leroy Berend, brother of the bride, were groomsmen. Ray Berend of Hereford was junior groomsman. Edward Grewing and Alfons Felderhoff ushered. Jimmy Walter and Charles Yosten were mass servers.

Wedding Day Festivities

A breakfast for the bridal party was held with Mrs. Earl Lehnertz as hostess in her home. At noon the bride's parents were hosts in their home for a dinner. Immediate family members, Father Gormley and Father Lane were guests. The china used at the bride's table was brought from Korea by the groom.

A reception and buffet supper was held in Sacred Heart parish hall here for 400 guests. Misses Gladys Wiesman and Edna Swirczynski presided at the bride's book. A dance in the VFW hall concluded the day's festivities.

For her daughter's wedding Mrs. Berend wore a pastel blue lace sheath dress under a wool jersey duster of the same color. She wore pink and navy accessories and a pink rose corsage. Mrs. Yosten was attired in a navy blue two-piece suit with pink trim at the neckline. Her corsage was of pink roses.

For their wedding trip the bride chose a dark lavender suit with pink and black accessories. They will make their home in Gainesville where they are building a new house.

Mrs. Yosten is a graduate of St. Mary's High school and St. Joseph's School of Nursing in Fort Worth. Her husband was graduated from Muenster High and served in the army with duty in Korea. He is employed by Felderhoff Brothers Drilling company.

THANKSGIVING PROGRAM HELD AT MARYSVILLE

A thanksgiving supper was held at Marysville in the parsonage home of Rev. and Mrs. Jack Paysinger. Members of the Methodist church were guests and after the meal the Women's Society of Christian Service met at the church for a program.

Mrs. Jim Shiflet was program chairman assisted by Mmes. Charles and Foster Davidson, Bill Moon and Jap Shaw. Rev. Paysinger gave a devotional on Thanksgiving and sang a solo.

Mrs. J. W. Fletcher of Muenster and Mrs. Joe Meyers were visitors.

Mr. and Mrs. Dan Haverkamp and Miss Della Fette were among football fans at the A&M-Texas game at College Station on Thanksgiving Day. Donald Bayer of A&M and Joseph Felderhoff of San Antonio returned home with them for a visit with their families.

THREE SHARE HONORS AT BIRTHDAY DINNER PARTY

A triple birthday celebration was held Sunday at noon in the home of Mr. and Mrs. Joe Bergman with Mrs. Joe Kathman as co-hostess.

Honorees were Rev. Father Lane of Gainesville whose anniversary is on that date and Mrs. J. B. Schmitz and Joe Kathman who have birthdays on Nov. 26. There was a birthday cake and those present gave gifts to the honored trio. At night Mrs. Schmitz was honored a second time at a dinner in the home of Mr. and Mrs. Bill Lutkenhaus.

Allen Dale Eberhart of San Antonio, and Jerry Reiter, also of the Alamo City, were holiday visitors with their parents, the Al Eberharts and Alfons Reiters.

Vern Dell Martin, B. H. Sykes Marry

Miss Vern Dell Martin, daughter of Mrs. Vernon Martin of Gainesville formerly of Muenster, was married Friday afternoon to Boyd Hugh Sykes, son of Mr. and Mrs. Walter Sykes of Whitesboro.

Rev. C. M. Thomas, pastor of Vilott Baptist church, read the single ceremony in his home.

The bride wore a navy blue two-piece dress with matching accessories. Her brother and his wife, Mr. and Mrs. Dale Martin, attended the couple.

Mr. and Mrs. Sykes are making their home in Gainesville.

Reynold Reiter of Texas Tech, Lubbock, was a holiday guest of his parents, the Clem Reiters.

Writers Cramp Business

A few days ago a well-known college professor demanded that legible handwriting be made a requirement for a high school diploma, and for college entrance. The professor, G. G. Craig, of Western Kentucky State College, further declared that many teachers are not only incapable of teaching their pupils to write, but have miserable handwriting themselves.

The occasion for these remarks was the first annual membership meeting of the Handwriting Foundation. In its first year of activity the Foundation has dug up some startling evidence. Business, they say, estimates the cost of sloppy handwriting at tens of millions of dollars a year. Somewhere, in every business, the art

of handwriting still is important—usually at the point of ultimate transactions, where the salesperson notes who bought what, for how much, to be delivered where. Failure to decipher one or more items of this vital information is giving department stores, delivery concerns, every type of service business—even the telephone company something akin to the screaming meemies.

In the highly mechanized telephone industry, for instance, long-distance operators must still write their toll slips, giving the subscriber's number, the number called and where. In one mid-western city, the cost of service the company is forced to give away—because billing clerks can't read the slips—has reached such a staggering total it has hired an expert to teach the girls to write.

While we're not even sure that today's schools are still teaching Readin' and 'Rithmetic, it appears many of them have definitely abandoned 'Ritin' as a necessary accomplishment. And because our schools have failed us in this still-important department, the Foundation is undertaking to do something about it. Right now, it is setting up a program of scholarships for teachers to attend courses in handwriting instruction ("Penmanship," we used to call it) in colleges throughout the country. Also just issued is a manual on handwriting which teachers and business firms may have free by writing the Handwriting Foundation, Washington 5, D.C.

But... be sure to write legibly.

Pause For Reflection

... with James C. Ingebreten President, Spiritual Mobilization "Farmer (pulling with one mule) — Giddap, Peter! Giddap, Barney! Giddap Johnny! Giddap, Bill!"

"Stranger — How many names does that mule have?"

"Farmer — His name's Pete, but he don't know his own strength, so... I put blinders on 'im, yell a lot o' names, an' he thinks a lot of other mules are helpin' 'im."

I found this anecdote in a recent issue of the Santa Ana (Cal.) Register. And it reminded me that Uncle Sam has been using the same tactics on us now for quite a spell.

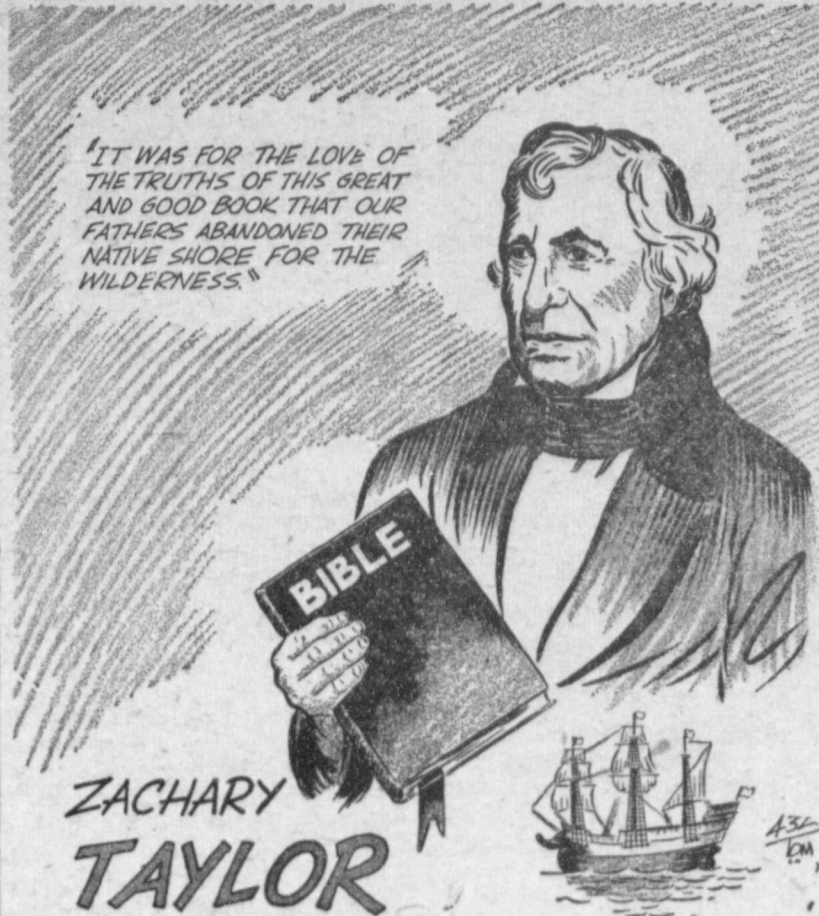

"Giddap, People!" he calls. "Giddap, Farm Subsidies! Giddap, Federal Housing! Giddap, Social Security!"

The only difference is these "critters" are real, but instead of helping pull the load, they are simply sitting on it and making it heavier for us to pull. I wonder what will happen if we ever get our blinders off.

"Ain't Seen Nuthin' Yet!"

Air Force Secretary Donald A. Quarles has released to the public a 318 page book summarizing an eight-year study, to the effect that there ain't no such thing as a flying saucer.

But Mr. Quarles warned that we will soon have some strange new planes that may give the

ZACHARY TAYLOR

The Bible—Book of Great Truths

"illusion" of flying saucers. Specifically, there are planes that will rise vertically, then take off in horizontal, supersonic flight, and others on order that might turn out to be "disc-shaped." Other countries can build such planes, too, he said.

In other words, the flying saucer reports have been premature.

In spite of the millions of dollars spent by the U.S. in exploring the Antarctic continent, no move has ever been made to claim any portion of Antarctica.

We Cannot Ignore God's Law

By Rev. Richard Ginder

HAVE YOU EVER SEEN a ship that's lost its moorings? It rises and dips at the mercy of the wind until it sinks or runs aground. Without its anchor, the ship is lost.

We human beings are like ships, little ships afloat on the ocean of life. Without anchors, without secure moorings, we too are bound to pile up in a mass of destruction.

MANY OF YOU remember the depression and the people who cracked up then, going insane or blowing their brains out. These were people for the most part, who were without anchors in life. You know yourselves what the death of a wife or husband or the loss of a job can do to you—without some security to fall back on, some anchor.

In all the universe only one thing is really permanent because it never changes—God. God is the only security, the only anchor we can always count on. We may lose our money, our job, our loved ones, but God is always there. He's the hub around which this universe revolves. It changes, but He doesn't.

RELIGION MOORS us to God; religion offers the only real security in life—it solves life's problems. But "oh" you might say, "religion has been discredited."

ed. It's been tried and found wanting." But as Chesterton said, religion hasn't been tried and found wanting. It simply hasn't been tried.

But religion isn't easy; nothing worthwhile is. Pascal once said that a straight line is the shortest distance between two points. But, he said, suppose believing that simple mathematical truth meant that we had to go to church on Sundays or be content with one wife for a lifetime—immediately a host of "thinkers" would try to prove the truth false.

THE SAME with Christianity. If Christianity would ignore the Law of God, the Commandments, it would sweep everything before it. If Christianity meant simply throwing yourself into the arms of Jesus—with no questions asked about purity, justice and truth—we couldn't build enough churches to hold the crowds.

But if we want God—and we can't get along without Him—we have to take the totality of His revelation, every single doctrine and commandment He has given us.

REGARDLESS OF what renovation or upheaval it may occasion in our life, we must get right with God. And the more we immerse ourselves in religion, the more we guarantee our happiness—until finally, we've completely centered our lives on Christ, thinking of Him, working for Him in utter forgetfulness of ourselves, living always in the consciousness of His presence.

Easy Coins A Quick Profit

Hear about Easy Roberts last Friday? I helped him count his money—both before and after—so believe me, the story's true.

Easy was on the way to the bank to deposit his "cookie jar" savings—exactly \$24.95 in nickels, dimes and quarters. He had them in a paper bag and as we crossed Main Street the bottom fell out.

Money went flying. Passers-by pitched in to help recover the coins. Later on when Easy counted up, he had \$25.05. The "search party" had turned up all of

Easy's money plus ten cents someone else had lost!

From where I sit, I wouldn't want to try this "Easy" way to make money. Usually, it takes time for a bank roll to grow... just as it takes time for a friendship to grow. But by respecting a neighbor's rights—including his right to drink coffee, tea, beer or buttermilk, whichever and whenever he chooses—it's wonderful the solid friendship you can build. You can "bank" on that.

The perfect gift for female religious NEUTROGENA FINE DELICATE SOAP

IMPORTANT:
NEUTROGENA IS ON THE APPROVED LIST

Indescribably gentle and mild, Neutrogena is the crowning achievement of a famed pharmaceutical chemist, Dr. Fromont of Brussels. It looks like soap but doesn't act like soap; for it is virtually a solidified cream made foamy and as neutral as pure water.

Because it is on the Approved List, may we suggest Neutrogena as a gift for a Sister you wish to remember?

This rare soap from Belgium costs a dollar a cake — and is well worth it. At department stores and better cosmetic counters everywhere.

& SON

Helen Corcoran and Raymond Metzler are United November 24

A Thanksgiving Day wedding united in marriage Miss Helen Corcoran, daughter of Mr. and Mrs. John Corcoran of Gainesville, and Raymond Metzler, son of Mr. and Mrs. Phillip Metzler of Lindsay.

The nuptial mass and double ring ceremony took place in St. Mary's church at 9 o'clock in the morning with Rev. Michael Gormley, pastor, officiating. St. Mary's children's choir furnished the music with Sister Mary Reupart at the organ. White mums and banked greenery decorated the altar.

The bride wore a floor length gown of white Chantilly lace and nylon tulle. The high neckline was finished with a Peter Pan collar and the sleeves were long and tapered. The skirt, attached to a fitted bodice, was made of tiers of net accented with scalloped lace applique. It was fashioned over bridal satin and was worn over hoops and crinolines. Her illusion veil was finger-tip length attached to a heart-shaped crown covered with sequins and trimmed with orange blossoms. She carried a white orchid and stephanotis atop a white prayer book, a gift from the groom. Her father gave her in marriage.

Mrs. Dominin Kasperek attended her sister as matron of honor and the groom's sister, Miss Annabell Metzler, was bridesmaid. They wore apricot colored dresses of lace and net with matching headresses and slippers and carried bouquets of bronze mums.

Miss Linda Corcoran, sister of the bride, was flower girl wearing a white taffeta dress and carrying pink chrysanthemums.

Harold Corcoran of Farmington, N.M., brother of the bride, was best man. Rudy Dieter of Lindsay was groomsman. Gerald Metzler, brother of the groom, and Dominin Kasperek ushered.

A reception and dinner in the Lindsay hall honored the couple. About 175 guests attended. They were registered by Miss Barbara Herr of Arlington, cousin of the bride. A dance at night ended the day's festivities.

After a wedding trip east the couple will be at home on a farm on the Marysville road. Mrs. Metzler was graduated from St. Mary's school in Gainesville and Bishop Kenny High school in Jacksonville, Fla. Mr. Metzler is a graduate of St. Peter's school at Lindsay and served in the army with duty in Germany.

The John Fishers had as holiday guests their daughter, Jeanette of Fort Worth and her fiancé, Al Joe Galloway of Carswell AFB, and their son, Johnny of Houston.

Mrs. Catherine Gehrig has returned from Idaho where she spent the past six months visiting relatives and friends. Her brother John Gergen accompanied her home and will spend the winter here.

Miss Pauline Myrick of Galveston returned to studies at John Sealy Hospital Wednesday after a holiday visit with her parents. Her sister, Miss Mar-

garet Myrick, also home for the holidays, returned to Galveston Sunday. She is also a student nurse at the hospital.

Leona, Dorothy and Bill Appel of Galena Park spent the holiday and until Monday here with their relatives of the Fisher families. They made the trip with Johnny Fisher who was here from Houston.

IT HAPPENED 15 YEARS AGO

Nov. 29, 1940

Heavy rains leave soil in fine condition; wettest November since 1947, total rain to date is 7.61 inches. The J. H. Ottos and the Ben Ottos spent Thanksgiving in Justin with the Bill Seylers. Students of Sacred Heart high school present the first school news column entitled "Mosaics," in the Enterprise; it will be a weekly feature. John Hess of Lindsay raises 15 bales of cotton on 12 acres. A new garage is being built at the Nick Miller home.

10 YEARS AGO

Nov. 30, 1945

Heart attack claims Carl Wilson, county sheriff. All rationing of meat is ended; only sugar is left on the list. Freezing weather blows in with 25 degree temperature. Sgt. Herbie Herr gets silver star in Germany. Bill Fuhrmann, merchant seaman, lands in Manila. Alfons Felderhoff, paratrooper in the ETO, is at home on furlough. Davey Lehnertz, a jeep driver, is transferred from Mindanao to Japan. Paul Yosten is serving as an army cook in Manila. Mary Ann Reiter and Andy Arendt marry Tuesday.

5 YEARS AGO

Dec. 1, 1950

M. D. Kaderli, new manager for the Electric Co-op, arrives in Muenster. Miss Willie Sowder is hurt in car accident. Parochial roommothers plan white elephant sale. Sixteen Hornets receive jackets at football banquet. Sacred Heart exes triumph 18-0 over St. Mary's exes. Bernice

Reiter is queen of parochial school's jubilee as Sacred Heart observes its 25th anniversary. Father Victor dies at Subiaco. Mr. and Mrs. W. H. Endres are honored on 45th wedding anniversary. Mr. and Mrs. Frank Bindel observe their silver wedding anniversary. Charlotte Cor-

coran and Sgt. Roy Zwinggi marry Thursday. Mrs. Vincent Baker and sons, Dennis and Billy, of Chicago spent the holidays here with homefolks. After Dec. 10 the Relax will cut out week-day shows and will be open only on Saturdays and Sundays.

Last year the estimated loss in the United States due to rats was well over one hundred eighty-nine million dollars.

Ronnie Hallmark of Arlington was home for the holidays and joined his family, the Darrell Hallmarks, on a drive to Ardmore Thursday to visit relatives.

Billy Whitt of Decatur and Donny Whitt of Arlington spent the holidays here with home-folks.

The Marysville Home Demonstration Club will have its annual Christmas party on December 9 with Mrs. Herman Richey as hostess in her home.

To Our Good Health

Two-and-a-half ounces of milk less than half a teacupful, may assume a place in history with the anonymous Dutch boy's finger-in-the-dyke, the spider whose web hid Robert Bruce, the cackling of the geese that saved Rome and the pebble with which David slew Goliath.

The potentially heroic aspect of a half cup of milk is suggested in the message of Agriculture Secretary Benson to the recent St. Louis convention of the Milk Industry Foundation in which he said, "... in reality, there is NO MILK SURPLUS in the United States. If we were to consume the amount our minimum dietary standards require, there would be a shortage."

C. Raymond Brock, of New Haven, Conn., the newly elected president of the Foundation, expanded on Mr. Benson's theme in a statement to the press. In 1954, said Mr. Brock, production of milk exceeded consumption by 60 pounds per capita, which is 28 quarts. This means that "a small per capita increase in milk consumption — only two-and-a-half ounces per person a day — would wipe out the so-

called surplus."

Considering that per capita consumption of milk and dairy products is but a little over fourteen ounces (less than a pint) this would not be nearly enough to bring us up to nutritional par. Nutritionists are agreed that a quart a day provides the needs of the body.

In his statement, Mr. Brock pledged the milk dealers of America to a six point campaign for 100 percent consumption of all the milk produced. This will include increased cooperation with the school milk program; increased use of dispensing machinery and vending machines, research on new milk products, such as strawberry flavored milk which is now on the market and other fruit-flavored milks now under study; closer cooperation with dairy farmers who desire assistance in cutting costs of production, storage and transportation; and finally, intensified efforts to reduce dairy plant costs, looking toward the day of complete automation — which Mr. Brock says "is not too far distant."

This program, he believes, will allow us to buy more milk for an hour's takehome pay. Where thirty years ago, he points out, it bought three-and-a-half quarts, it buys seven today, thus cutting in half the "real" price. It is designed to give dairy farmers more cash money, since they get a better price for "drinking" milk than for butter or cheese milk, and to give the dairy industry a more stable economy.

But, "down with the surplus" is the bottle cry. And all that's needed is for us to drink our health. Bottoms up!

**EVERYBODY'S BUSINESS**

Soil and water conservation is encouraged by law in our nation. It is vital to the strength of agriculture. It is important to the future standards of living of all our people. Soil and water conservation is made possible by the closest kind of co-operation among many individuals and many agencies. Working together, they have accomplished what none could do alone.

Terraces — our front line trenches — are fighting to hold the water and soil on the land where it belongs. It's a battle against the elements that is everybody's business because it is vital to the nation.

Because banking is most everybody's business, it's good business to do business through a bank.

Christmas Mailing - cells for Mailing," now available at the Muenster Post Office. Advance care in preparing gift packages for the mails and making sure that all addresses are legible and complete will prevent disappointment to sender and receiver alike.

It is always better to use corrugated cartons for shipping your gifts especially where there are a number of various sized objects. Use plenty of wadded tissue or newspaper in the cartons for extra protection against shock. Complete each package by wrapping in heavy paper and tying it with strong cord.

As extra precaution against loss, Postmaster Endres advised placing both your return address and the recipient's address inside the carton or package before it is wrapped.

Don't seal your parcel unless you include a notice reading "Contents merchandise — may be opened for postal inspection" along with your return address and the recipient's address on the mailing label. If you use Christmas stickers or seals put them on the back of your Christmas cards and packages so that they will not conflict with the address on the front. Before you release your packages be sure that proper postage is firmly affixed to each. This information can be obtained from another free publication, "Domestic Rates and Fees."

Increase Your Milk Profits Control Milk Fever

Calving time is a critical time for a good dairy cow. A mineral shortage results in milk fever. The mineral in the feed for the dry cow should be in balance. Even though the mineral is in balance and adequate, the cow cannot use it unless she has an adequate supply of Vitamin D.

With good cows, every pound of flesh you put on during the dry period enables the cow to produce 25 lbs. more milk during the lactation period.

The mineral requirements for individual animals vary considerably, therefore it is advisable to provide RED CHAIN STOCK MINERAL, Free Choice in Self-Feeders.

Voth-Schmidtkofer Nuptial Solemnized Saturday at Lindsay

—Gilbert Studio Photo

Saint Peter's church at Lindsay was the scene Saturday of a double ring ceremony and nuptial mass uniting in marriage Miss Rachel Voth and Herbert Schmidtkofer.

Parents of the couple are Mr. and Mrs. Tony Voth and Mr. and Mrs. J. C. Schmidtkofer of Lindsay.

Rev. Conrad Herda, pastor, officiated at the exchange of the vows and was celebrant of the mass at 8:30 a.m. Doyle Ray Voth, Bernard Kubis and Richard Haverkamp were acolytes.

Given in marriage by her father, the bride wore a floor length gown of magnolia white Chantilly lace over satin designed by Marie of Pandora. The moulded bodice was fashioned with a small lace collar and long tapered sleeves. The very bouffant skirt featured a panel of illusion and was aisle-wide terminating in a chapel sweep. A satin pillbox held the bride's circular veil of illusion. She carried a white orchid on top of a prayer book, a gift from the groom.

Adding sentiment to her wedding, she carried a lace handkerchief which her mother carried at her marriage 21 years ago and borrowed a pearl necklace from her maternal grandmother, Mrs. Ed Rea of Amarillo.

Miss Emma Neusch was maid of honor for her cousin wearing blue brocaded taffeta and Misses Clara Mae Haverkamp, another cousin and Stella Bengfort were bridesmaids in bronze brocaded taffeta.

Joe Schmidtkofer was his brother's best man and Albert Zimmerer of Gainesville and Gene Walterscheid of Muenster, cousins of the bride, were groomsmen. Melvin Voth and Lambert Hess ushered.

Saint Cecilia's choir sang and Mrs. William Schmitz was organist. After the mass the bride presented a bouquet of yellow pom-pom mums at the Blessed

Virgin's altar while Mrs. Bruno Zimmerer and Mrs. Ben Hermes sang "Mother at your Feet We're Kneeling."

Following the mass the bridal party and parents of the couple were guests at a brunch in the home of the bride's cousins, Mr. and Mrs. Victor Koelzer in Muenster. At noon Mr. and Mrs. Voth were hosts for a luncheon in their home. Immediate members of both families attended.

A reception began at 5 o'clock in the Lindsay hall followed by a buffet supper for 250 guests. They were registered by Misses Lucy Stoffels and Cecilia Zimmerer.

When the couple left on their wedding trip she was wearing a two-piece royal blue faille suit with black accessories. They will make their home on a farm northwest of Lindsay.

Among out of town guests at the wedding in addition to those from Cooke county were Messrs. and Mmes. D. N. Rea and family of Waco, J. C. Wharten of Houston, Leo Zimmerer of Amarillo, V. C. Turns, Herbert B. Schrodes, E. G. Wharten and Miss Emma Grace Stoffels of Dallas, the Conrad Flusches of Decatur, Mrs. Ed Rea of Amarillo, the Ray Millers and Miss Mary Elizabeth Miller of Slaton, Mr. and Mrs. Ed Ziegenfuss and three children and Misses Grace and Betty Angerer of Lubbock.

trend it will deal a big blow to red prestige and bluff.

We might note in passing that there must have been some reason behind Russia's haste in sending its big shots to India after the Geneva pow wow. Could it be because they appraised the new situation in a hurry and rushed off to do compensating dirty work elsewhere? If so their prestige may slip a bit more when Nehru and company get their wits together. After all, Nehru isn't anybody's ally. He's only another of the weaklings who want to qualify for a few crumbs if and when the reds take over. His attitude can change when he begins wondering whether he guessed right.
