### 70 Men Go To Work On City Airport Job

Clearing And Fencing Of New Land First Task On Project

More than 70 men were at work in the city WPA-CAA airport project Wednesday as the job began to take shape.

Meanwhile, materialmen are arriving in town to get information on bids for materials required in the huge project which anticipates an expenditure upwards of three-quarters of a million dollars.

City officials said many inquiries were being received about machinery and materials on the project, but all were being directed to the WPA offices on the job at the airport.

First job was to grub and clear 400 acres of additional port land and to fence the new area. Following closely on this will be drainage and base work for seven runways, one of them to be 4,000 feet in length, five 5,400 feet and the seventh more than 6,000 feet.

The WPA announced at San Antonio Wednesday that \$444,662 of its funds had been allotted to the work here, joined with \$45,147 of the city (represented in land and materials left from an incomplete project). In addition, CAA has made a \$150,000 allotment to the project.

### Tourist Trade School Set For May 20-21

If you in anyway come in contact with people who pass through or visit the city, the chamber of commerce tourist development committee is inviting you to go to school.

Dates for a 'tourist trade school' have been set for May 20 and 21 with Lloyd Bloodworth, El Paso, in charge of instruction.

Bloodworth, associated for years with the El Paso chamber of commerce and who is famed as an authority on tourist traffic and trade, confirmed the dates for the school Wednesday.

Plans will be made, said J. H. Greene, chamber manager, to enlist businessmen, service station operators and attendants, hotel clerks, waitresses, police and any others who come in contact with visitors.

## Johnson Calls For Unity In Defense

Lyndon Johnson, carrying his yet young campaign for the U.S. senate to West Texas, spoke out bluntly here today for long, unified and hard work in defense and appealed to voters in this area to work to name him as Morris Sheppard's successor.

The congressman, on a hurried swing through this area, appeared here today, and then again at the courthouse lawn before resuming his plane trip to Lubbock.

While concentrating on the national crisis as an issue, Johnson stressed his support for the administration and the president.

"We've got to work 24 hours a day at this job. We can't have business holding out its eight per cent profit and labor holding out for unreasonable wages. We can't get this job done working three days a week and five hours a day."

Johnson admitted the seriousness of the world situation and said that whatever happened America must be made ready.

As a member of the house naval affairs committee, he said, "I have worked for a two ocean navy to help make it our first line of defense."

Addressing the courthouse lawn gathering he recalled that he was raised on the farm and that "I'm not making campaign promises, but I will work to try to get the farmer parity prices for his products. Talk about profits, they are being made in big business now. The farmer ought to share in that."

Texas, he recounted, has 50 per cent of the oil reserve.

## Taken To Task By Lloyd George, Who Calls On America

LONDON, May 7 (AP)—Winston Churchill won today from the house of commons a tremendous 447-to-3 vote of confidence despite a strident charge from David Lloyd George, World war premier, that "America has got to do more" if she is to enable Britain to beat Germany.

The white-haired elder statesman, in his most outspoken utterance in many months, warned the government against exaggerating the speed or amount of United States aid and declared American war organization traditionally is "full of disappointments" for the British.

He demanded a "real war cabinet" and "an end to the kind of blunders which have discredited and weakened us."

However, Lloyd George cried: "Thank God" for Secretary of War Stimson's speech of last night, and said it was clear that President Roosevelt, by his "changed" attitude, and Stimson both realized the gravity of Britain's position.

Churchill, restive under the old man's hour-long tongue-lashing, retorted that nearly 600,000 British imperial troops now stand guard to defend the Middle East and that Britain can count on enough new American merchant ships to help her through 1942 in the battle of the Atlantic.

The prime minister proclaimed, too, a halt to the British retreat in the Mediterranean basin with the flat declaration:

"We intend to defend to the death and without thought of retirement Crete and Tobruk."

It is Crete, big island to the south of the Greek mainland, that the British and Greeks are making their final stand as allies; it is in Tobruk, Libya, 80 miles from the Egyptian border, that a British garrison is holding out behind the axis advance lines.

Churchill declared that "we have every reason to believe we shall be successful" in holding the Valley of the Nile, Suez and the mid-Mediterranean island bastion of Malta.

The prime minister spoke after an hour of lashing by David Lloyd George, Britain's World War prime minister, who sharply demanded a "real war cabinet" and better organization of manpower.

With a touch of acrimony, Churchill retorted that the speech was not "particularly helpful" at this period and not the speech one would have expected from a great war leader.

The prime minister disclosed that General Sir Archibald Wavell, British Middle East commander, "has under his orders at the present moment nearly half a million men."

Churchill said he "received assurances of the construction of merchant ships by the United States which, added to our own large program of new building and repair, should see us through 1941."

### To Announce Gift For Air Training

HOUSTON, May 7 (AP)—Winthrop Rockefeller, chairman of the Air Youth of America, arrived in Houston today to attend a dinner tonight at which formal announcement will be made of H. R. Cullin Middle East commander, "has under his orders at the present moment nearly half a million men."

Rockefeller will announce the gift of the Houston oilman at a banquet to be attended by about 150 aviation enthusiasts and state civic leaders at a local club tonight.

While concentrating on the national crisis as an issue, Johnson stressed his support for the administration and the president.

"We've got to work 24 hours a day at this job. We can't have business holding out its eight per cent profit and labor holding out for unreasonable wages. We can't get this job done working three days a week and five hours a day."

## Tom Cooksey Given Quick Acquittal

Jury Finds Him Not Guilty Of Kidnap-Extortion Charge

A jury in 70th district court found Tom Cooksey not guilty of kidnaping for extortion in a verdict rendered late Tuesday afternoon.

The jury deliberated on the case for less than an hour before returning the verdict. Selection of a jury, testimony and arguments in the case had consumed nearly two days.

Another 70th district jury found Helen Pace guilty of driving while intoxicated. Her punishment was fixed at 90 days in jail and a \$100 fine, both suspended.

Case of the state against A. D. Martin, under indictment for disposing of mortgaged property, went to trial this morning. Selection of a jury had been completed at noon and testimony was to begin at 1:30 p. m.

## France May Get A Reduction In Cost Of Keeping Nazis

VICHY, France, May 7 (AP)—It was officially announced today that Vice Premier Admiral Darlan and German authorities at Paris had reached an agreement "envisioning" a 25 per cent reduction in the cost of supporting the German army of occupation.

The prospect was that France's daily payment of 400,000,000 francs (nominally \$100,000,000) would be cut to 300,000,000 francs.

The official announcement said that the agreement also covered a slight loosening of restrictions along the demarcation line between occupied and unoccupied France.

## Jackson Aims Alien Problem

WASHINGTON, May 7 (AP)—Attorney General Jackson said today there were 6,000 deportable aliens who are still "free" in the United States as he ordered the round-up of 160 German seamen for questioning.

The justice department revealed that officers had been directed to round-up the seamen who were supposed to be in New York, Miami, San Francisco, Philadelphia, Baltimore and Kansas City under an agreement permitting their freedom after deportation orders were completed but could not be executed for lack of machinery.

The department also said that 125 Italian seamen were taken from Ellis Island last night to Fort Meade, Mont., to be held in an army camp taken over there for detention of aliens. It is planned eventually to put all the interned Italians at the fort. The men were members of the crew of the Conte Biancamano, taken into protective custody in the Panama Canal Zone.

The attorney general, in an address prepared for the American Judicature Society, warned that "under modern methods of warfare the most critical period for a nation under attack is the period preceding the actual employment of military force."

"The secret weapon of the Nazis has been the failure of nations after nation to recognize and deal with this non-military invasion," Jackson said. "Our statute law has in many respects failed to take into account this non-military period of attack."

JOHN ALLISON WOODALL

## Local Doctor's Brother Among Missing Fliers

Among those persons anxiously awaiting further word of the Canadian government's investigation of the loss at sea of 11 ferry pilots in Dr. J. M. Woodall of Big Spring.

One of the missing men is John Allison Woodall, of Dallas, brother of the local doctor.

He received a call from his mother, Mrs. Ed Woodall of Dallas, shortly after the Canadian government reported the fliers were missing. She had been informed by the adjutant general at Ottawa of the fact that her son was missing.

The Woodalls are clinging to hope that their kinsman may be found safe. "We are not going to let ourselves think of him as dead until we have received further word from the Canadian government," said Mrs. Woodall. "We only know that he is missing at sea."

Ed Woodall left Dallas for Canada just a month ago. For nearly two years he had been studying aviation privately at Love Field, with the idea of service to England in mind.

A native of Hillsboro, he was graduated from Southern Methodist university in 1939 and for several years had been living in Chicago, where he was a city salesman for an office equipment company.

He came back to Texas especially to learn aviation, and had been living with his mother.

## Howitzers Do Job On Iraqi

CAIRO, Egypt, May 7 (AP)—Backed up by howitzers flown in by the RAF, British imperial forces have "ejected the enemy" from dominating positions at Habbaniyah, Iraq, official reports said today.

The RAF communiqué, telling how the light artillery pieces were carried over the heads of the Iraq besiegers later to be set up and turned on their plateau positions, said that more than 300 prisoners were taken.

The assault to break the siege was staged yesterday.

"It was authoritatively reported in London that 28 Iraqi officers and 405 men had been taken prisoners in action while Iraq casualties so far totaled about 1,000."

Beleaguered Habbaniyah, the British reported they had wrested control of the vital Mosul-Habbaniyah oil pipeline from the troops of Rashid Ali Al Gailani.

The general headquarters communiqué reported that Iraq troops under the British colors helped in the assault on a plateau from which anti-British Iraqis had been lobbing shells into the British base.

## SECY. KNOX BACKS STIMSON ON VIEW FOR BRITISH AID

WASHINGTON, May 7 (AP)—Legislation to permit President Roosevelt to requisition idle foreign ships in United States ports for national defense was passed by the house today and sent to the senate.

WASHINGTON, May 7 (AP)—Secretary Knox said today that the navy is "readier now than ever" to undertake the job of assuring delivery of war supplies to Britain—if and when it is assigned to such duty.

The navy department chief made the statement at a press conference in commenting on a speech last night by Secretary of War Stimson in which Stimson advocated use of the United States navy to assure a victory for Britain in the battle of the Atlantic.

At the same time, Knox disclosed that the navy was taking over "the seagoing activities" of the coast guard.

Knox was asked by reporters for comment on Stimson's plea for naval action "right now" and he said, "I thought it a forthright, courageous and very enlightening talk animated by a high spirit of patriotism."

Shortly before Knox's press conference, Senator Vandenberg (R-Mich.) announced that Chairman Emory S. Land of the maritime commission had informed him that "only eight out of 205 ships that left our ports with supplies for England were sunk in the first three months of this year."

While Knox was talking the White House announced that President Roosevelt had signed an annual navy supply bill totaling \$3,415,021,700.

Another development was approval by the house naval committee of legislation authorizing a \$57,750,000 air craft station development program for use by navy patrol blimps.

Quoting a letter from Land, Vandenberg told the senate commerce committee that these were the "first facts I have been able to obtain from any responsible official as to how much of our magnificent aid to Britain is actually going to the bottom of the sea."

"This is a very encouraging report," Vandenberg told other senators as he quoted the letter from Admiral Land.

Remarks Had Been Discussed With FDR  
Before the committee session, Vandenberg charged that many loose figures about ships sunk were being used "to whip up support for convoys" and that he proposed to try to learn the exact facts.

Special importance was attached to Stimson's words in many quarters because Stephen Early, presidential secretary, said it could be assumed that the war department chief discussed his address in advance with Mr. Roosevelt.

Stimson was the fifth cabinet officer to speak out strongly in recent weeks for more dynamic action to guarantee the success of the aid-to-Britain program, but he was the first to advocate a specific course—use of the navy.

In advocating this prompt naval assistance, Stimson told the nation in his radio address last night that Germany had extended her zone of unrestricted sea warfare into the western hemisphere.

He also assailed the character of German submarine warfare in the North Atlantic, calling it "illegal" and a "violation of law and humanity."

The U-boat tactics, he said, were identical with those of 1917 when they "caused the president and congress to take up arms in defense of the freedom of the seas."

Nazi Danger Now Extends To Greenland?  
The charge that Germany had extended the unrestricted zone to hemisphere waters and "forbidden us to enter" was the first such assertion to come from a high administration official. It was thought that Stimson referred to the fact that the Nazi danger zone now extends to within a few miles of the coast of Greenland, where U.S. defense bases are being established.

Stimson's mention of the doctrine of freedom of the seas coupled with the parallel he drew between U-boat warfare in 1917 and 1941 was interpreted in some quarters as veiled notice from the administration to Germany that there were limits to what the United States would tolerate.

Senate opponents of administration foreign policy said they regarded Stimson's address and Senator Pepper's speech in the senate yesterday as trial balloons to ascertain the country's sentiment toward active involvement in the war. Pepper urged joint action by the U.S. and British fleets.

Stimson, who made no mention of convoys, spoke with gravity last night of Britain's imperiled lifelines and declared that Germany was making her peak efforts to sever those supply lines.

In the face of this threat, he said, the lease-lend program with all its enormous appropriations "is not sufficient." The question, as he saw it, was the delivery to Great Britain of the supplies the United States was shipping.

Berlin Reminds What Consequences Would Be  
BERLIN, May 7 (AP)—Secretary Stimson's suggestion that the United States fleet be employed to protect shipments of material to England prompted in Berlin today the comment: "The consequence of such a policy would be clear."

Authorized spokesmen referred again to the oft-stated German warning that any ship sailing through the blockade to England "which comes within the range of our torpedoes will be sunk."

But the spokesmen appeared more interested in a statement attributed to Stimson that the German blockade of England is contrary to international law.

"How come?" was the gist of the German comment. "It is impossible to support the thesis that it's all right for England to blockade Germany and even non-warlike European neutrals but that it's all wrong for Germany to try to do the same thing to England."

ROME, May 7 (AP)—Virginia Gayda, the eminent fascist editor, said today that Secretary Stimson's advocacy of United States naval protection for shipments to Britain could be considered a preliminary announcement of open American intervention in the war.

Grocers To Meet Tonight To Hear Workings Of Food Stamp Program  
Wynn S. Good, Wichita Falls, area supervisor of the Surplus Marketing administration, will be principal speaker at a meeting of Howards county grocers tonight at the Settles hotel.

The grocers will be meeting to discuss the workings of the federal food stamp plan, which will be inaugurated in the county May 16, and to plan a campaign to publicize the plan.

County Judge Walton S. Morrison will preside for the meeting and Jimmie Greene, chamber of commerce manager, will be one of the speakers. Assisting in conducting the meeting will be Ralph Linck, chairman of the food industry committee, and Lawrence Rollins, program organizer for the stamp plan.

## Britons Claim 19-7 Score In Air Battles

Aerial Activity Picks Up Over Western Europe

LONDON, May 7 (AP)—The air ministry announced today that 19 German planes had been shot down in 24 hours of bitter air fighting over the western European front and acknowledged that seven British fighter planes had been lost.

"Since dawn today," an authoritative statement said, "there has been continuous enemy activity by fighter aircraft near the southwest coast and the Thames estuary."

One British fighter fell into the sea, it was acknowledged, in the clash of channel patrols. (The Germans said six Spitfires were shot down against no Nazi losses.)

Informed sources attributed the unusually large daylight toll to increasing armed reconnaissance flights by the Germans now that spring has brought good weather back to the channel area.

Also, they said, the Germans may have intended their daylight patrols in the hope of intercepting RAF coastal bombers who have claimed a heavy toll on German coastal shipping in the past week.

Hamburg, which a communiqué said was attacked by a large British force, was the center of the RAF's attention overnight while strong flights of German bombers concentrated on Glasgow's Clyde-side shipyards and revisited Liverpool and northern Ireland.

Casualties in the attack on the Clyde area were feared to be heavy, reports from Scotland said. Business premises were described as considerably damaged and many families were left homeless.

## Reservations Sought For Garner Fete

Fears of being out-manned for the first time in the history of the series Wednesday prompted members of the chamber of commerce good will committee to appeal frantically to business and professional men to get tickets quickly for the Garner goodwill dinner Thursday evening.

"Word from Garner this morning indicated they will have more than 100 men at that affair," said J. H. Greene, chamber manager. "Frankly, we are far under that here. We need men to make reservations now and need them badly."

The program, another in a long series of successful inter-community neighborhood sessions, is scheduled to get underway at Garner at 8 p. m. Master of ceremonies will be Schley Riley. H. F. Railback will respond for Garner and J. Ed Brown, county commissioner, will give the invocation.

A varied list of entertainment, including numbers from Big Spring, from other communities and even from Lamesa, has been arranged for the affair, slated to be held in the Garner gymnasium.

FDR Improving From Illness  
WASHINGTON, May 7 (AP)—President Roosevelt's stomach condition was improved today and his fever had decreased.

His physician, Rear Admiral Ross T. McIntire, preferred, however, that Mr. Roosevelt remain in White House residential quarters both today and tomorrow and keep a minimum of engagements.

Claims Success Against U-Boats  
LONDON, May 7 (AP)—Captain A. J. M. Hudson, civil lord of the admiralty, told a cheering house of commons today "We have every reason to be encouraged by recent results achieved in the anti-U-boat campaign."

He added that U-boats claimed as sunk could not be announced without assisting the axis.

Horses And Horses  
FORT BLISS, May 7 (AP)—Sealotes Royce Gilks, a carpenter from Fort Worth, Tex., told the classification officer upon induction to the army that he had had experience with "saw horses."

Three days later he found himself astride a real horse in the 7th Cavalry at Fort Bliss.

CHURCH GROUP NAMES A NEW PRESIDENT  
ST. LOUIS, May 7 (AP)—Dr. W. A. Shullenger, Indianapolis, Ind., last night was elected president of the International convention of Disciples of Christ.

Next year's meeting will be held at Oakland, Calif., Aug. 12 to 18. Members of the executive committee included Judge Jesse F. Holt, Sherman, Tex.

Birdwell Tank, Scene Of Drownings, Drained  
The old drownin' hole was no more here Wednesday.

Birdwell Tank, impounding flood waters of the southeastern part of the city for more than two score years, had been drained dry in preparation for its being converted into a detention dam such as two constructed last year.

Just a pond of water, the tank nevertheless had claimed many lives by drowning during its history—three falling victim only last year.

It looked innocent enough, but there were spots where its sloping bottom dropped suddenly off. At spots it was many feet deep when full.

Anticipating the presence of a quantity of fish, the city made preparations Wednesday morning to trap them and place the good fish in the Moss Creek lake.

## Miss Willis Plays To Appreciative Crowd At Music Program

A small but appreciative audience heard Miss Elsie Willis in a piano recital Tuesday night at the city auditorium in the second of Music Week programs being staged by the Music Study club. Miss Edith Gay, soprano, and William R. Dawes, baritone, were soloists. High point of Miss Willis' program was Hungarian Rhapsody No. 6 by Liszt which was enthusiastically received by the audience. Her encore was "Gracioso" by Paderewski.

Also meeting with approval of the audience was her interpretation of "White Peacock" by Griffes and "Polonaise" by MacDowell.

For execution and polished technique, Schubert's "Impromptu" op. 142, No. 2 was outstanding.

Miss Gay was well received with her group of three soprano selections although "Blossom Time" by Needham was the audience's choice.

Dawes, always a favorite with Big Spring audiences, gave "Gettysburg Address" by Henry Hadley that was roundly applauded. The song is the famous Four score and seven years ago piece that has been widely acclaimed. Also pleasing to the crowd was his "She Rested by the Broken Brook" by Coleridge-Taylor.

Miss Willis, whose stage presence and graciousness is only equalled by her ability as a pianist, more than fulfilled the expectations of the audience, most of whom have heard her other concerts.

The third program of Music Week will be Thursday night at the city auditorium when the High School Band will play at 8 o'clock with Dan Conley as director.

## Table Of Guests Is Included At Idle Art Bridge Club

### Junior Class Reports On Ticket Sale For Thursday Picture

The junior class reports that one fifth of the needed number of tickets have been sold to the picture "Melody for Three" being shown Thursday at the Ritz theatre.

The class is sponsoring the show to finance its junior-senior prom and banquet to be held May 18th at the Settles ballroom.

The class members expect to sell the remainder of the tickets today and tomorrow in order to meet the necessary amount.

### Auxiliary Celebrates Birthday With Good Neighbor Party

COAHOMA, May 7 (Sp) — The Presbyterian Auxiliary met in the Sunday School rooms at the church Monday afternoon at 2 o'clock for a Brazilian Good Neighbor Party on the birthday of the auxiliary. Mrs. H. Noble Read gave the devotional and Mrs. E. L. Echols had charge of the program. Mrs. Phil Smith explained the map of Brazil. Others on program were Mrs. LaVella Stamps, Mrs. Frank Loveless, Mrs. Charles Read, and Mrs. C. H. DeVaney. Mrs. R. V. Guthrie offered the closing prayer.

The rooms were decorated with wild flowers and balloons. Each balloon contained an interesting fact about Brazil.

The lace-laid table was centered with pineapples and bananas. Green and yellow were the chosen colors. The birthday cake was yellow with green candles. Cake and coffee were served to Agnes Barnhill, Mrs. Ellis Elliott, Mrs. A. D. Shive, Mrs. H. T. Hale, Mrs. R. V. Guthrie, Mrs. Kate Wolf, Mrs. P. N. Shive, Mrs. Truett DeVaney, Mrs. Cora Echols, Mrs. E. L. Echols, Mrs. Leroy Echols, Mrs. Phil Smith, Mrs. Charles Read, Mrs. Noble Read, Mrs. Frank Loveless, Mrs. A. C. Hale, Mrs. C. H. DeVaney, Mrs. LaVella Stamps, and Mrs. Glenn Guthrie.

### Madge Louise Anderson Complimented On Her Fourth Birthday

FORSAN, May 7 (Sp) — Mrs. John B. Anderson complimented her daughter, Madge Louise, with a party on her fourth birthday anniversary Monday afternoon. Various games provided diversion. Refreshments were served and balloons and suckers were given as favors.

Gifts were presented to the honoree. Present were Barbara Jean Green, Mary Ann Green, Connie Scudday, Madge Evelyn Thiele, Ethel Alice Thiele, Frank Tate, Jr., Arlin White, Kenneth Gressett, Madge Louise Anderson. Mothers present were Mrs. Frank Tate, Mrs. Alfred Thiele, Mrs. Jeff Green, Mrs. W. O. Scudday.

Those sending gifts were Mrs. Cecil Westerman of Big Spring, Mrs. Bertie Anderson of Evening Shade, Ark., Mrs. Frank Swiger, Ben Anderson of Abilene.

### Altar Society To Honor Four Seniors

St. Thomas Altar Society met Tuesday at the rectory to elect Mrs. Martin Dehlinger as secretary for the rest of the year. Mrs. Dehlinger and Mrs. W. D. Wilbanks were also named on a committee to visit the sick.

Plans for a breakfast to be held for the four Catholic seniors to graduate this June were made. The affair will be held Sunday, May 25th.

Others present were Miss Carrie Echols, Mrs. Lona Hearn, Mrs. W. E. McNallen, Mrs. W. E. Clay, Mrs. R. L. Evans, Mrs. C. W. Davis, Walter Jayes, Mrs. Anna Polecek, Mrs. H. E. Mosley, Mrs. A. W. Wheeler, Mrs. L. D. Jenkins, the Rev. C. J. Duffy.

### Claude Cook's At Home In Carlsbad

Mr. and Mrs. Claude Cook of Carlsbad, N. M., are at home there following their marriage here April 27th in the First Methodist parsonage. The ceremony was performed by the Rev. J. O. Haynes, pastor. Mrs. Cook is the former Mrs. Mary Wood, daughter of Mr. and Mrs. J. N. Cagle. The couple was accompanied by the bride's sister, Mrs. D. G. Thomas of Big Spring. The bride was graduated from the Big Spring high school. Cook is employed as electrical engineer in Carlsbad.

### Woodmen Circle To Meet Tonight

The Woodmen circle will meet at 7 o'clock Wednesday night at the W.O.W. Hall in a called meeting. Mrs. Katie Kidwell, Abilene, district manager, will be present.

### Downtown Stroller

Surprise wedding of the week is that of JENA JORDAN and CARL BARKER. They are going to live in Fort Worth. Can't imagine the WEEKLY going to press without JENA on hand to handle the society . . .

Downing a little 3 o'clock refreshment was Mrs. CHOC SMITH, the former Eddy Raye Lees. In this country that refreshing pause is just as important as eating. More so as the sun gets hotter . . .

Talked with Mrs. S. H. SCOTT who is from Gawgia and is taking off for Gawgia come next week Thursday to visit with relatives.

She's going with Mr. and Mrs. WOODROW CAMPBELL and Mr. and Mrs. VERNON WINTHEISER in the Wintheiser's station wagon. Mr. SCOTT will join them in about two weeks . . .

Met up with Mrs. J. J. PAYNE of Chalk who was in town last night. She had a tale of woe about being caught ten miles from home sans carfare, sans car, sans friends and having to walk home, a far piece, lugging her accordion.

Looking crisp and springy last night was MARIE MAXFIELD who had on a black and white dotted dressmaker suit. The jacket was trimmed in white lapels and she wore black and white accessories with it. After all is said and done a black and white ensemble always looks right . . .

RUTH PRUITT has one of those peek-a-boo hats. You know the kind that sits on the back of

the head with the brim making a halo effect. Hers is black and very becoming . . .

### Eighth Annual Piano Tournament To Be Held In Abilene

ABILENE, May 7 (Sp) — Eighth annual national piano playing auditions in the Abilene district will be held here Thursday, Friday, and Saturday, and Dean E. Edwin Young of the Hardin-Simmons university school of music, the district chairman, announced today that Dr. Bristow Hardin, of Norfolk, Va., will judge the event.

Scores of student pianists in Abilene, and surrounding towns, will participate, to qualify for positions on district, state or national honor rolls, or for diplomas in piano from the national guild.

### Entries Sign Up For Amateur Show Being Held By Young People

Entries for the First Methodist young people's sponsored amateur show to be held at 8:15 o'clock May 12th at the city auditorium, are being received this week at the church.

Those to enter to date include Joe Fowler Brooks, David McConnell, Elsie Burton Boyd, Helen Blount, Shirley Jean Wheat, Jean Ellen Chowna, Marjory Phillips. Featured on the program but not competing for the cash prizes are the West Texas Trio, Wanda McQuinn and Doris Bankson.

All entries must be in by Thursday night and those wishing to enter may contact Woodrow Wadnack, Raymond Plunkett, Frances Tingle or Norcliffe Meyer.

### Mary Patterson Takes Part In Sing-Song

DENTON, May 7 (Sp) — Mary Patterson of Big Spring entered the inter-dormitory sing-song at Texas State College for Women with girls from Lowry hall who took third place in the contest.

Singing in an all-college assembly, girls were competing for the silver loving cup presented each year to the winning dormitory by President L. H. Hubbard. Miss Patterson is the daughter of Mr. and Mrs. L. S. Patterson. She is a freshman student.

American food manufacturers annually amount in value to more than ten and one-half billion dollars at the factory, according to the census. This is an equivalent of \$80 worth per capita.

### Hayley Youth Buried Here

Funeral for James Charles Hayley, who drowned in a lake near Archer City Sunday, was held at the St. Thomas Catholic church this morning with Father C. J. Duffy in charge. Burial followed in a local cemetery.

A Rosary was held at Eberley Funeral home last night.

Young Hayley was born in Howard county January 14, 1926.

Survivors include his parents, Mr. and Mrs. J. E. Reagan; two sisters, Madell Hayley and Dorothy Reagan; and a brother, Jimmie Reagan, all of Archer City; his grandparents, Mr. and Mrs. A. B. Winslow of Midland; and a

grandmother, Mrs. Charles Hayley of Tylee. Pallbearers were Jess Blount, Hal Battle, Bert Wilkerson, Ray Patterson, Luther Wakefield, Joe Bethel and Bill Stratton.

The number of blacksmith shops decreased 2,500—from 20,225 in 1929—to 17,725 during the four-year period, 1929 to 1933, according to the census. Receipts, however, were off only 2.9 per cent, from \$23,454,000 to \$22,967,000.

## One-Minute Movie

### "CITIZEN KANE"

A brief peep at some of the scenes in RKO's sensational film, produced by, directed by and starring the astonishing Mr. Orson Welles. It's magnificent entertainment, and may well be the top picture of 1941.

Young, wealthy, Citizen Kane buys himself a newspaper, and backs the problems of circulation.

By sensational methods in his treatment of news he soars to an immediate success. Here we see him with Joseph Cotten, his best friend, and his General Manager, Everett Sloane.

A celebration and time for relaxation. Kane has made a successful raid on the top writing staff of his biggest competitor.

Middle age. Success! Wealth! The founding of a newspaper empire. He smiles on his first wife and son.

His friend, Joseph Cotten, campaigns for Kane in his unsuccessful try for the Governorship of New York State.

Set by financial difficulties, he is forced to surrender a large portion of his control.

A scene in one of the spacious rooms in the palatial mansion he has built for his second wife, beautiful Dorothy Comingore. Not his beautiful wife finds nothing better to do than work out figure puzzles.

### HOLLYWOOD TODAY

**CELLULOID POTPOURRI:** Paramount is planning a Hollywood premiere press junket to end all junkets in keeping with the zany plot of "World Premiere" and the zany antics of its star, John Barrymore. The stunt will be a complete burlesque of all recent out-of-town premieres. The studio will rent a train of ancient vintage, shuttle it around Southern California in a comedy of errors, and then preview the picture in a small-town theatre. . . . FBI men are investigating threatening letters received by Marlene Dietrich. They suspect a man who has been writing similar notes to Hedy Lamarr and other film glamour girls. . . . In contrast to her previous roles, Deanna Durbin will play a hot-check girl in her new film, "Almost an Angel."

Favorite movie at Hollywood private parties is hilarious celluloid, but it could never be shown in public. It's a test Clark Gable and Spencer Tracy once made in different kinds of underwear!

Boysish-figured Greta Garbo said she'd like to wear a sweater for a sequence in her new picture. Fearful of the Hays ban on sweaters, a studio spokesman called the censorship office and said Garbo wanted to wear a sweater. "Okeh," said the Hays office. "But what about the ban?" said the studio. "O-o-o-o," said the Hays office, "that won't apply to Garbo."

And now that they've cracked down on harmless sweaters, I wonder what the Hays office will taboo next—open-toed shoes?

Jeanette MacDonald will play most of her role in the "Smilin' Through" remake in the 1915 uniform of the British Volunteer Auxiliary division. But its cut and design is more Hollywood than British. It was designed by Adrian. . . . Movie scenarists have finally accomplished the impossible. There's a new murder mystery film in the works, titled "Dressed to Kill," in which no one gets killed. I guess they do it with mirrors. . . . Tom Walker, for 20 years one of Dr. A. H. Giannini's aides, is joining Eddie Small's production unit as treasurer. . . . The Jean Mounier (he plays the fiddle at the House of Murphy) have a date with the stork.

Irving Hoffman knows a producer who holds the fate of a certain studio in the hollow of his HEAD.

While shooting a scene for "Dive Bomber" aboard a speeding United States destroyer off San Diego harbor, director Michael Curtiz complained about the smoke pouring out of the stacks, and trailing behind the ship. "But that's all the smoke I can give you," said the ship's commander. "I know—I know," said Curtiz, "but I want it to blow the other way."

In his new Columbia picture, "Heaven Can Wait," a strange plot finds Robert Montgomery dying four times. He's killed in a plane crash, drowned in his bathtub, shot, and frozen to death in a refrigerator. Yet the studio will hallyhoo the picture as a comedy. Ugh!

Preston Sturges' next film, "Sullivan's Travels," is about a film director who deserts Hollywood to obtain atmosphere for a film he is about to make. Title of the film is "For Whom the Night Falls."

Bing Crosby showed up on the "Nothing but the Truth" set wearing a typically disreputable old hat. "Not bad for a dime," cracked Bob Hope, "but what did you do with the crackerjack?"

Jack Oakie will do a burlesque jitterbug dance in "Navy Blues," which he dedicates to Bessie the Bum. Bessie the Bum, explains Oakie, is Mussolini. . . . A sign on a Warner studio stairway lends good advice to film newcomers. It says: "Watch Your Step."

Maureen O'Hara enters a Los Angeles hospital this week to go under a doctor's prescribed diet to eliminate excess weight. She weighs 142 pounds—20 above glamour-girl specifications.

## KEN MORGAN'S . . .

### HOLLYWOOD KEYHOLE

A sparrow just flew in the window and dropped a choice bit of news—Mickey Rooney and Linda Darnell have built their romance to a dead stop and have reverted to a speaking acquaintance. Seen constantly with one another for months, the pair are dating others, and both seem to be just as happy. My guess is that Mickey is a great guy for laughs, which is a good system for the immediate approach—but these glamour girls work pretty hard, and who can even snicker after a day under the lights?

Here's a little-known fact: He-man Errol Flynn has a hobby of designing clothes. He has just completed a design for a hat, which will soon be seen on your store counters. It's to be called "The Adventurer" and will be manufactured by Byer-Rohlsiek, the latter partner being a pal of Flynn's. Errol played down to Garland, Texas, with the model bonnet, and dispensed the deal personally.

These feuds between stars are getting to be monotonous. First, the build-up on the battle between Errol Flynn and Stirling Hayden—and now the squaring off of Edward G. Robinson and George Raft. I'm a little surprised at Eddie for allowing himself to be involved in such a controversy, but the fact that he is, is a dead give-away that it is on the square and not a publicity stunt for the pair's fight sequences in "Man Power." Warner's picture in which they are appearing. I understand Raft baited him until his ordinarily good humor was aroused, and the result was harsh words and separate dressing rooms.

The old James Cagney hit, "Angels with Dirty Faces," may hit the boards as a stage show if Max Gordon, the Broadway producer, gets his wish. He has requested author Rowland Brown's permission to produce the show in New York—and if successful, will try to borrow Stanley Clements, the tough lad who hit in "Tall, Dark, and Handsome," for the lead.

Several years ago, Bing Crosby became overwhelmed with a lot of endeavors apart from his picture and radio career—so involved that he incorporated himself in order to handle the situation more business-like. Now Sonja Henie has encountered the same difficulty. She is an active business partner in two ice shows. She has commercial tie-ups with dolls, knit wear, winter sports clothing, skates, paper doll and coloring books for children, jewelry, etc. Sonja will be president; husband Dan Topping, vice-president; her mother, Mrs. Selma Henie, and brother, Lelf, will also be part of Sonja Henie, Inc.

### Reviews of Previous

The best picture of the current week was 20th Century-Fox's "THE GREAT AMERICAN BROADCAST," starring Alice Faye, Jack Oakie, John Payne, and Cesar Romero.

The film is great entertainment, but a rather weak story foundation keeps it from the heights which were attained by "Tin Pan Alley" and "Alexander's Ragtime Band."

Designed as a cavalcade of American radio, the story sags badly; but that's easily forgiven, what with all else it has to offer. Jack Oakie is a riot; Alice Faye her beautiful, tuneful self; with John Payne supplying good singing and a flock of love interest. Mr. Romero is a

promoter, with his eye on the promotion of Miss Faye rather than the radio interests he uses as a background.

Outstanding are the specialty acts—The Four Ink Spots, James Newill, the dancing Nicholas Brothers, and the Wiere Brothers.

Eight tuneful melodies by Mack Gordon and Harry Warren, the new Fox tunesmiths, click—with one number, "I Take to You," a positive candidate for the Hit Parade.

If you like good music, comedy, and the setting of a swell cast, by all means see "THE GREAT AMERICAN BROADCAST"—and don't dare leave the kids home.

Columbia previewed the new Sam Bischoff production, "THEY DARE NOT LOVE," starring George Brent and Martha Scott, with Paul Lukas in the top supporting spot.

It's an anti-Nazi film against the background of Austria's subjection to the Reich of Herr Hitler. Director James Whale works hard to get more suspense and action into the picture than the story possesses, but fine acting by the stars, Mr. Lukas, Roman Bohner, and Frank Reicher is the only redeeming feature of what is otherwise a rather weak film.

It's too bad that George Brent, on a loan-out from Warners, wasn't given better material; and for Martha Scott the film is a definite let-down from her stellar performances in "Our Town," "Howards Yvonne," and "Cheers for Miss Bishop."

"THEY DARE NOT LOVE" is a film that you can take or leave—it's entertaining, but surely not super-colossal. Not for the children.

Universal's "THE BLACK CAT," with Basil Rathbone, Hugh Herbert, Brod Crawford, Bela Lugosi, Gale Sondergaard, and Anne Gwynne, is top entertainment in the "whodunit-mystery" field.

Director Al Rogell has succeeded in blending Hugh Herbert's outstanding comedy with a tale that will make you sit on the edge of your seat. But how could he lose, with Basil Rathbone, Bela Lugosi, and Gale Sondergaard at their ominous best?

Take the family, and don't worry about the horror end of it—Hugh Herbert makes you forget all that.

The final preview of the week was "HER FIRST BEAU," starring Jane Withers and Jackie Cooper. This is Jane's first picture away from her home lot, 20th Century-Fox, and teaming the growing up Miss Withers with Jackie Cooper was a timely gesture as the two work together like veterans.

Producer B. B. Kahane has surrounded them with a fine cast headed by Edith Fellows, Josephine Hutchinson, William Tracy, Edgar Buchanan, Jonathan Hale and Una O'Connor, to mention a few, and an especial mention should be made of beautiful Martha O'Driscoll. . . . Paramount started on loan out for experience. She is not only a honey in looks, but handles a small role effectively.

"HER FIRST BEAU" is family entertainment of the best, clean type. Adults will enjoy it, and the youngsters will love it more.

#### Glamour Hints

Most hair damage is the result of either the bleaching and drying effects of a blazing summer sun, or of repeatedly exposing the hair to water while swimming or showering. Examination of hair damaged in either of these fashions will disclose a myriad of split ends; an undue quantity will come out when the hair is brushed; and the scalp will probably be very dry, with a great deal of scale apparent.

To restore injured hair of this sort, it must be shielded from further contact with water, and even the shampooing routine must be cut down to an absolute minimum of not more than once every week or ten days.

During the hair-health recovery period, the curling iron should not be used. Don't use water, astringents, or colognes to dampen the hair for putting it up on curlers. Use oil or brilliantine instead. Full oil treatments should be provided the hair and scalp before every shampoo.

For those whose hair has been sunburned-and-baked into an extreme degree of dryness and brittleness, it is advisable to cut the hair as short as is attractively possible.

Such shortening will not only serve to remove the split hair ends, but will also make the remaining hair much easier to condition for a final new growth of soft and lustrous tresses.

The most advisable procedure of all is to prevent any of the aforementioned damages to your hair by protecting it against them in the first place.

The lovely tresses of Hollywood's Lana Turner, Ann Sheridan, and Rita Hayworths are never exposed to damage by sun or water, because most of these present day stars know of cases in the past where film personages carelessly spent too much time on the beach, and were forced to retire from public gaze for several weeks until they could bring health and beauty back to their sun-baked hair.

## Meeting the Stars

With VICTOR DOBSON

It will be like dipping water into the ocean with a thimble to give this space to Gloria Swanson, for now that this perennial first lady of the screen is back, leading off with "Father Takes a Wife," for RKO—in which she is being starred with John Howard and Adolphe Menjou—most of the nation's journalists have come to interview her.

However, this modest correspondent, who also talked to her, is bound to add his impressions, fleeting as they necessarily were, and, although we can't give you a sweeping and penetrating wrap-up of everything there is to be said about Miss Swanson—including a clear, human document on the secret of her continuing appeal after some years of retirement—there are a few things we can say that may interest you.

She was reclining on a couch in her dressing room when we came up. She might well be reclining, for throughout the previous afternoon we had seen her with our own eyes, taking a terrific beating over and over in a scene in which she was required to scuffle with Mr. Menjou. So her bones and muscles were now giving almost audible complaint.

But, despite this drag on her spirits, one soon noticed that the hair-trigger volatility of this charming lady's emotions, which undoubtedly have been a factor in the unique scope of her success, is still there.

We did not talk shop. Somehow, the conversation veered off on the comic; that is to say, the war. It depresses her a great deal. She sat suddenly upright. She made a helpless gesture with her hands, and rolled enormous, wet, gray-blue eyes toward the ceiling. One remembered some of the tensely dramatic scenes she had played in pictures. Only this was not acting.

"One feels so helpless," she said, "so confused. One wants to do something—but what?" She looked at us searchingly. "I'm not the type who can sit and patiently knit socks, although that has a place. I'm a fighter. Give me a shillalah, or a rifle."

There was silence. "In the morning one feels better . . . for a little while. The birds are singing; the sky is blue; and then . . . she dropped her hands, "one remembers! Where's a newspaper?"

And so Gloria Swanson, as we saw her, the glow of a tired and bleeding world.

## Man from Nevada

By CHARLES ALLEN

It can't be said of all moving-picture cowboys that they actually learned their stuff on the open range—some of them having grown up in such fairly well-settled communities as Brooklyn, New York—but Brad King, who will appear henceforth as Bill Boyd's pal in the "Hopalong Cassidy" series, is the genuine dyed-in-the-wool article. In fact, he's been breaking horses up in Nevada, and doing a nice business selling them to dealers, ever since he was eight years old. That was the year his father died, and Brad, the eldest son, took over the management of the family ranch in Lander County.

He's twenty-four now, and at range six feet two, and in the years between he's learned just about everything there is to know about riding horses, plus all the other cowboy arts, such as roping, shooting, and strumming acceptably on the guitar.

The more violent of these accomplishments will hereafter be forbidden him, however, since studios are a bit jumpy about having valuable contract players take unreasonable risks; but Brad King can still look back on the day when he won the Interstate Bareback Riding Championship for Nevada, in 1939.

"Late last year he was breaking and training a new Palomino, named Yucca, to appear along with him in pictures, and Yucca's schooling has progressed so satisfactorily that Brad was able to ride him to victory at the annual Sanguis Rodeo last week, against such formidable horsemen as Roy Rogers, Big Boy Williams, Tex Ritter, Russ Hayden, and Bill Elliott.

"He's the fastest horse in pictures," Brad says, and you'll be ready to believe it when you see them together in their first picture, "Secrets of the Wasteland," now in production.

There are any number of well-known reasons why an aspiring cowboy might want to come to Hollywood, but Brad King offers one a little off the familiar pattern.

"I didn't really come out here to get in pictures," he says. "I just wanted to get away from those Nevada winters."

That ought to prove something or other, if only that he's smart enough to come in out of the sun.

### With Little Ceremony, Hank Joins Widow Smith's Boy And Ford's Son In \$21 Lineup

DETROIT, May 7. (AP)—Big Hank Greenberg, baseball's most highly paid star until today, is in the army now—at \$21 a month.

He was inducted at 9:50 a. m. by Capt. C. C. Curtis, Jr., of Grand Rapids, Mich., executive induction officer for Detroit. A few minutes afterward he wrapped the number 5 that appeared on his Detroit Tiger uniform for the army's serial number 36-114-611.

Greenberg was pronounced fit for military service, flat feet and all, after a final physical checkup with other early birds appearing at the induction center.

Greenberg reported at his draft board office at 6:30 a. m. and

Marched with other draftees to the induction center.

Along the way passers-by shouted friendly farewells to Greenberg.

Greenberg was slated to leave at 2 p. m. for Fort Custer, army officials said.

After blasting two home runs yesterday in his farewell appearance, 30-year-old Greenberg declined a 24-hour stay on his induction to permit him to appear today in the American League pennant race ceremonies at Briggs stadium, home of the Tigers.

"I've asked no favors and I'll accept none now," Greenberg replied when told of his draft board's belated decision. "I'll do my best to be a good soldier."

### Bufs Increase Lead In Texas League Race

#### High Schools To Have 3 Cage Brackets In '41

AUSTIN, May 7. (AP)—Competition in high school basketball will be split into three divisions next year, the executive committee of the Texas interscholastic league decided today.

The 1942 basketball tournament will be modeled closely on the three-league football set-up, with competition in AA, A, and B conferences.

League Athletics Director R. J. Kidd said the revision will mean a fairer matching of squads. Instead of eight teams meeting each year for state honors, 24 will come to Austin to seek titles in three divisions.

Conference AA will include 106 schools, divided into 16 districts; Conference A, 291 schools, eight regions with four districts each; Conference B, 721 schools, eight regions each with several districts.

The eight regional winners in Conference A and Conference B will be eligible to compete in Austin, March 5-7, for state honors. Conference AA will follow the same elimination route as football, district, bi-district, then state championship.

National League

St. Louis at Boston—Cooper (2-0) vs. Salvo (1-2).

Pittsburgh at Brooklyn—Heintzelman (2-0) vs. Hamlin (3-0).

Chicago at New York—French (1-1) vs. Melton (0-2).

Cincinnati at Philadelphia—Thompson (0-1) vs. Blanton (2-1).

American League

Washington at Cleveland—Masterson (1-1) vs. Smith (2-1).

New York at Detroit—Gomes (2-1) vs. Newsum (1-3).

Philadelphia at Chicago—Beckman (0-1) vs. Hallitt (1-1).

Boston at St. Louis—Grove (0-1) vs. Harris (1-0).

#### PISTON PEENING

Piston peening is done to very accurate measurements. It has definite limits and is not recommended when cylinders are badly worn.

When a new motor leaves the factory, normal clearance between pistons and cylinder walls is about one half the thickness of a page of the Big Spring Herald. Seems impossible, doesn't it?

Even slight cylinder wear, plus normal piston collapse, means short life ring jobs unless pistons are peened.

#### Sports Fall To Rebs, Santos Rapped, Cats Edge Exporters

By Associated Press

If some of the other teams don't pull themselves together, the Houston Buffs are going to coast right into the Texas League baseball championship for the second consecutive year.

The Buffs are a long way ahead of the Shreveport Sports, their nearest rivals, and Freddy Martin did his bit toward increasing the lead by pitching his fourth straight shutout, giving Houston a 9-0 victory over the Tulsa Oilers last night. Thus far Houston has won 13 games while losing only four. The Sports are quite a way back there with 10 wins and seven losses.

Shreveport dropped one to the Dallas Rebels by a score of 5-4 last night, and the San Antonio Missions, entertaining Oklahoma City, lost a 2-3 decision in the only afternoon game. The Beaumont Exporters permitted their guests, the Fort Worth Cats, to win by the score of 5 to 4.

Against Shreveport the Rebels unscathed 16 hits. Garth Mann and Sal Gillett, dividing the mound work for Dallas, let the Sports down with seven hits.

Manager Gordon Hinkle of the Exporters singled in the ninth to tie the score but a moment later loosed a wild throw that allowed the Cats to score the winning run.

The Missions-Indians contest developed into a pitcher's battle between Doyle Lade and Loy Hanning. Lade won with the aid of timely hitting by his mates.

### Yanks, Brooks Test Loop Pace Setters Today, Tomorrow

By Associated Press

The St. Louis Cardinals and Cleveland Indians are at the cross roads today, their winning streaks shattered and their pursuers confronting them face to face.

After winning 11 games in a row the Indians tripped over the Washington Senators yesterday 5-3 and the Cardinals' ten-game string was snapped at Boston by the Braves, 5-4.

Today and tomorrow the Indians will be up against the challenge of the New York Yankees and the Cardinals will collide with the Brooklyn Dodgers.

The Tribe was stopped through a two-base error by Ken Keltner. Jim Bagby and Dutch Leonard were locked in a pitching duel with the score tied 3-3 at the start of the eighth. With two out the Senators loaded the bases on two singles and a walk. Then Keltner let a bouncer by Ben Chapman go through him for two bases and two runs.

In the only other American league game the Detroit Tigers nursed their inept winning streak to five games and moved into second place with a 7-4 conquest of the Yankees as a farewell gesture to Hank Greenberg.

The highest-salaried, most valuable player in the American league today and he paid his last respects to the 1941 baseball season by belting two home runs, the first he had hit in 15 games.

The Cardinals outlived the Braves 11 to 6 and had a two-run lead until the bottom fell out in a five-run fifth inning. John Grodzicki, football rookie, walked two men at the start of this frame, but made the next two fly out. Then Jim Brown muffed a grounder to fill the bases and the Yankees were rattled to the extent of forcing in a run with another walk. Sam Nahem relieved him and was touched for four runs on singles by Maxie West and Eddie Miller and an error by Terry Moore.

The Dodgers celebrated their acquisition of Billy Herman by punting the Pittsburgh Pirates 7-3. Dixie Walker got two home runs, including one with the bases loaded to break a tie in the seventh. Joe Medwick hit a circuit drive with one out, and Herman, who had been batting 194 for the Chicago Cubs, treated himself to a perfect day at bat with a double and three singles.

The Phillies pasted the Cincinnati Reds with their sixth setback in seven games 4-2 as the veteran Cy Blanton bested Johnny Vander Meer in a pitching duel.

The Cubs were crushed for the tenth time in 12 games as the New York Giants triumphed 5-3 on the fourth hitting of old Carl Hubbell. Then settled down to a masterpiece of pitching.

### STAGGS SCORE UPSET WIN OVER CITIES, 3-1

Big Spring high school gridsters, the are's and the used-to-be's battled to a 0-0 deadlock Tuesday afternoon to put the finishing touches on Head Coach Pat Murphy's spring show.

Weather played a big part in keeping the lads clear of the double-strikes, although there was little to choose between the two clubs. The extra bat the advantage of experience—the 41 hopefuls carried the edge in form.

Frank Barton, last fall's stand-out guard, had his first lick before the public in a back position. Not the fastest man on the club but probably the most powerful, Barton rolled through the opposition in a likely manner despite the heat handicap. Paul Kasch, also a backfield recruit who saw regular service on the frontal defense last fall, turned in a potent game of ball.

All told, the Big Spring club appears to have the components of a winning team, although there is many a slip 'twixt the flag and the goal. Right now, they are touted to be on the bottom of the list in pre-season standings.

In Tuesday's tilt, the lads saw-sawed across the middle of the field with the '41 team taking a little the worst of it in matter of territory occupied.

Phillips Routs Muni, 15-1 In Major Conflict

Staggs Auto, led by J. P. Daylong's mound work, rapped out a 3-1 victory over a stunned crew of Cities' Service softballers in the Major City league tonight Tuesday evening in city park. Phillips Tiremen, swinging into top-scoring form, routed City Employees with a 15-1 count in the night's opener.

Riding the crest of the wave with one loss counted against them, the Servicemen were the victims of an outright upset. None of the Cities' hitters seemed to be able to cope with a tricky ball delivery by Daylong. Although the strikeout list was not lengthy, Daylong took credit for the win, forcing most of the opposition's batters into taking a bow out on dribbling pops. Maxie Carroll, catcher, and Charles Staggs, third baseman and sponsor of the club, came through with a heads-up brand of ball to put the finishing touches on Cities' wailing.

Hal Battle, tallied Cities lone count, grabbing a single in the fourth to keep the Staggsmen from getting a shutout win.

It was Staggs game all the way. In the second round Staggs and W. Moore rapped up a pair of runs to make the count 2-0, where it remained until Cities' scored, then Moore took a stroll to first and came across the plate for a marker as L. D. Cunningham, falling off from his style in previous engagements, walked Boyett, Hanlan and Stephen.

Up to the fourth canto Daylong struck out five, assisted in a putout at first, forced three to pop out, and walked one. Throughout the show he allowed five hits, Cunningham, despite a few off-key moments, came through with four-hit hurling. Phillips routed out Muni, getting eight hits while doing so and holding the losers for five connections. The Tiremen grabbed a quartet of tallies in the opening stanza, added four more in the second, sacked up a trio in the fifth and closed out the session with another four to their credit. Ennon Lovelady, first baseman, went across the plate in the fourth round for Muni's lone count.

Phillips Routs Muni, 15-1 In Major Conflict

Staggs Auto, led by J. P. Daylong's mound work, rapped out a 3-1 victory over a stunned crew of Cities' Service softballers in the Major City league tonight Tuesday evening in city park. Phillips Tiremen, swinging into top-scoring form, routed City Employees with a 15-1 count in the night's opener.

Riding the crest of the wave with one loss counted against them, the Servicemen were the victims of an outright upset. None of the Cities' hitters seemed to be able to cope with a tricky ball delivery by Daylong. Although the strikeout list was not lengthy, Daylong took credit for the win, forcing most of the opposition's batters into taking a bow out on dribbling pops. Maxie Carroll, catcher, and Charles Staggs, third baseman and sponsor of the club, came through with a heads-up brand of ball to put the finishing touches on Cities' wailing.

Hal Battle, tallied Cities lone count, grabbing a single in the fourth to keep the Staggsmen from getting a shutout win.

It was Staggs game all the way. In the second round Staggs and W. Moore rapped up a pair of runs to make the count 2-0, where it remained until Cities' scored, then Moore took a stroll to first and came across the plate for a marker as L. D. Cunningham, falling off from his style in previous engagements, walked Boyett, Hanlan and Stephen.

Up to the fourth canto Daylong struck out five, assisted in a putout at first, forced three to pop out, and walked one. Throughout the show he allowed five hits, Cunningham, despite a few off-key moments, came through with four-hit hurling. Phillips routed out Muni, getting eight hits while doing so and holding the losers for five connections. The Tiremen grabbed a quartet of tallies in the opening stanza, added four more in the second, sacked up a trio in the fifth and closed out the session with another four to their credit. Ennon Lovelady, first baseman, went across the plate in the fourth round for Muni's lone count.

Score by innings:

Phillips . . . . . 440 034-15  
Muni . . . . . 000 100-1  
Morris and Klein, Solden; J. D. Daylong and Crocker.

Staggs . . . . . 020 000 1-3  
Cities . . . . . 000 100 0-1

### Bombers To Make 8-Day Loop Swing

Taking full advantage of a bery of errors in the first inning and playing their fielding game to the hilt, Big Spring's Bombers continued their winning ways Tuesday night at Roberts Field as they demolished a hard-struggling Lamesa Lobo team, 10 to 4. Unable to cope with a brand of ball that brought out heads-up fielding plus a four run margin in the initial stanza, the Lamesans were on the losing end throughout.

Big Spring starts on an eight-day swing around the circuit when it opens up a two-game bout with Pampa tonight. The Bombers play a three-day engagement at Borger following their Pampa stop, and finish up the trip through the hinterland in Lubbock, May 12-13-14. Pampa will be entertained in the local plant May 15-16.

In Tuesday night's session, Lamesa's Buckley Walters was withdrawn from the fray after Big Spring grabbed itself an additional three runs in the third to add to the plums off the error bush in the first. Allowing six hits and letting three runs slip by, Hector finished up the night for Lamesa.

Buck Schultz, going the route, was nicked nine times by the Lamesa club to make the hits department even-stepphen.

J. L. Haney, left field, moved one step nearer the top of the list with three assists on putouts, two on third and one on second in the fourth stanza. Carrying a throwing arm that borders on the extraordinary, Haney each time Thursday shot the ball into the infield area from near the back fence.

### Brown Bombers Meet Odessans Here Thursday

Big Spring's Brown Bombers in a scheduled nine rounds of baseball with Odessa's Black Oilers, plus a girl jitterbugger and a hot band, make up the card to be presented by Robert Moore Thursday night in Roberts Field. Game time is 8 o'clock.

"It's going to be a real show and we want everybody and their kids to be out," Impresario Moore proclaimed.

Rated as one of the best clubs in this section of the country, although the season is in its infancy, the local Brown Bombers carry the axe on Odessa's offering. Moore has gathered to his boom a roster from points east to Warrachichle and back to Abilene.

Arrangements have been made for a big turnout and an all-out crowd is expected to give the boys hometown support.

## TSES Takes Part In Week Of Employment

O. R. Rodden, manager of the Texas State Employment Service in Big Spring, today stressed the cooperation of that agency in the observance of National Employment week, which is being staged currently.

"We are making a special effort during the week to bring to attention of employers, men and women over 40 who are qualified for jobs," he said. In this connection he stressed that there are many World War veterans, whose average age is 48 years, who are well qualified for jobs in both defense and non-defense industries.

To this end he urged employers to cooperate in providing jobs for these men, especially since many are finding that these are possessed of skills urgently needed at this time. Rodden said that since the labor registration many skilled workers had come into Big Spring and some were taking refresher courses being offered at the high school.

Bruce Frazier, commander of American Legion post, spoke of his organization's concern in success of the week. He urged that ex-service men register with the TSES, employer contacts be continued, and that employers be urged to relax age limits and physical requirements provided that the applicant is qualified to do the job satisfactorily.

riders; and some of them, she'd noted as she sneaked off in the direction of Jerry's, were young and pretty girls.

"Important as I" she demanded. "Nothing could be as important as you. I could see that. Tell me about you, beside being Queen of the May and jumping off bars."

"Please, I just graduated." She was mock-innocent.

"Black mark for brains. Never mind, darling, go on."

"It's wavered between going secretarial and doing radio. Tell me which to do."

"Do radio. Then I'll hear you. In fact, it will be the only way I can, after one o'clock tonight. What kind of thing?"

She laughed. "Oh, lightning-change impersonator."

"No kidding. I know. Singing. Right?"

She laughed. She sang, swinging there in his arms, to the beat of the old Noel Coward number:

"Let it all come true, Let me love you, too, Someday I'll find you again."

"Gosh," he said, "that's a good voice. And I tell you what you do, when you're on the coast-to-coast hookup with that. You just say, when you get through, 'Hey, Martin, this is the graduate that you jumped off the bar. Telephone me care this station, enclosing five box tops.'"

## Man Charged With Criminal Assault

Lennie Terry Hutton, 30, has been charged with criminal assault on a seven-year-old Big Spring girl in a complaint filed with Justice of the Peace Walter Grice by Deputy Sheriff Denver Dunn.

Dunn said he arrested Hutton about noon Monday, shortly after the offense is alleged to have occurred. Hutton was arraigned before the justice of the peace Tuesday, but requested more time before asking for or waiving an examining trial. He was returned to Howard county jail pending a second arraignment.

Dunn said that Hutton was shown to have a prison record.

### New Officers Take Over At NYA Center

New officers were installed at the NYA resident work center Tuesday evening with Arthur Geffe, Colorado City, going in for mayor, succeeding Billie Parker, Loraine.

Geffe and others were named last week in balloting for the center's monthly slate of "city" officials. Others elected were Clyde George, Teague, councilman at large; Alvin Fagley, councilman No. 1; Julian Lawrence, councilman No. 2; and Hiram Shaw, councilman No. 3.

While this change was taking place, the boys kept busy with their regular program which now includes some beautification work. Recently they planted 30 Chinese elm trees around the center buildings and were scheduled to start pouring curbing for walk-ways and flower beds Wednesday.

to be used in the food stamp plan set-up which goes into operation here soon.

After several busy weeks, the lads have a rest from pressing orders to turn out materials for army camp furnishings. For a time, under the direction of R. M. Treadwell, the shop had an output sufficient to keep three other centers busy assembling the material for these camps.

The boys have their own methods of handling their problems, explained Joe B. Harrison, supervisor. For instance, if they catch a man disposing of a cigarette anywhere but in designated cans, he must dig a hole four feet wide and four feet deep to bury it. If he exasperates on the floor, he must sweep out the entire dormitory or hall. Drastic, but it works wonders, admitted the supervisor.

**U.S.-Canadian Boards To Work On Joint Defense**  
WASHINGTON, May 7 (AP)—The United States and Canada will set up closely collaborating economic defense boards in the immediate future, it was learned authoritatively today, to speed up mobilization of North American resources for aid to Britain and hemisphere defense.  
In the economic, industrial and financial fields, the new boards would complement the work of the joint U. S.-Canadian defense board set up a year ago to coordinate the military and naval defense preparations of the dominion and this country.  
The immediate task of the new economic boards, it was said, will be to expedite the program contemplated in the agreement for joint U. S.-Canadian productive efforts which President Roosevelt and Prime Minister Mackenzie King announced on April 20.  
In the last decade the number of share croppers in Texas has reduced from 105,122 to 39,821, according to the census.

## House Votes For Six Weeks Recess

AUSTIN, May 7 (AP)—Turbulent world conditions facing them, Texas lawmakers today wondered whether to recess soon and reconvene in July instead of adjourning the regular session permanently.  
In fact, the question was squarely up to the senate, the house yesterday adopting, after some debate, a resolution providing for the extraordinary procedure of recessing from June 2 to July 15.  
Opponents declared the action would be "a slap at the governor"

## Mrs. Henderson Wins Colorado City Golf Title

COLORADO CITY, May 7 (Sp)—Defeating Mrs. R. H. Barber 6-5, Mrs. Walter Henderson won the championship of the women's golf tournament sponsored at the Colorado City country club by the women's golf association.  
Mrs. Percy Bond defeated Mrs. Neal Prichard to win the first flight. Babe Roddy won the second flight by default over Mrs. Oscar Rhoads.  
In the consolation matches, Mrs. A. L. McSpadden won the championship flight, Mrs. Henry Vaught the first flight, and Mrs. H. H. Simons the second flight. Mrs. McSpadden defeated Mrs. Henry Doan, Sr., Mrs. Vaught defeated Elizabeth Grantland and Mrs. Simons defeated Mrs. Luke Thomas.

gressors because we have conserved it here. I'm for the state handling it and working with others through the inter-state compact."  
Johnson advocated a national uniform pension program with a 60-year level supported by an equitable tax program. He said that he wanted "every boy to have the right to go to school if he is willing to work."  
"You ought to vote for the man you think will do the best job," asserted Johnson. "If you don't think I am the right man, then you ought not to vote for me. But if you do I plead with you to work for me and to get behind me to show that Texas is unified in this crisis."  
Cliff Wiley, businessman, introduced Johnson to the crowd at the courthouse lawn declared that "he is not a party-waist; he's a real Texan who gets the job done." Approximately 50 turned out to meet him at the breakfast. Travelling a little behind schedule, Johnson made his two hurried appearances, shook hands with scores at the courthouse and renewed old acquaintances before leaving.  
For every dollar of internal revenue collected by the federal government in 1940, state governments collected 86 cents, according to the census. In 1919, state collections were only 12 cents for each dollar of federal taxes.

## Markets At A Glance

NEW YORK, May 7 (AP)—Stock prices tilted uneasily in either direction today as traders, extracting narrow profits, experimented with resistance levels.  
Non-ferrous metals, firm throughout the day, supplied a rigid backbone of operations, with other sections of the list changing only in fractions at the close. About 550,000 shares changed hands.

Shares ahead most of the session included Kennecott, Cerro de Pasco, International Nickel, Air Reduction, Union Carbide, United Aircraft, U. S. Rubber, and Montgomery Ward. Inclined lower were Texas Corp., Youngstown Sheet, Eastman, Du Pont, Great Northern Preferred, Chesapeake & Ohio, North American and Pacific Gas, the year.

CHICAGO, May 7 (AP)—With \$1 a bushel paid for No. 1 hard wheat in the Chicago spot market, highest price since last May, wheat futures soared more than 2 cents a bushel today. The upturn was held in check by profit taking, however.  
Corn advanced fractionally to above 70 cents, highest since 1937, while soybeans and hard futures at one time were at new peaks for the past several years.  
Wheat closed 1-3/4 1-5/8 higher than yesterday, May 98 1-3/4 5-8, July 98 1-3/4 1-4, corn 5-8 1-8 higher, May 70 1-2, July 1-2 5-8; oats unchanged to 2-3 up.

## Men Over 30 'Too Settled' For Training, Exemption Is Favored

PHILADELPHIA, May 7 (AP)—The national director of selective service wants to revise U. S. draft procedure to exempt men over 30 years old.

"They are too settled after that age," declared General Lewis Hershey in recommending congressional action to give the president the right to defer by age classes.  
"They are past their physical peak and others find it hard to learn new skills. That has been our experience in the draft to date."

Among the older men—those in their 30's—General Hershey said "there is a great deal more dependency than we find among younger draftees and physical disabilities are more frequent."

"Physical co-ordination is demanded for training in tanks, planes and other implements of mechanized warfare. Young men are able to fill the requirements better."

After visiting Independence Hall yesterday to see the "fish bowl" from which draft numbers were drawn in 1917 and 1940, General Hershey told a gathering of selective service board members:

"While we have fears for the future, those fears do not deal with those outside America. No great empire has ever fallen from pressure without. We must look at the internal situation and strive for unity."

He estimated that the United States would have 1,415,000 men in the field by July 1, and that from 60,000 to 75,000 would be inducted each month during the remainder of the year.

Asked if drafted men would be out of service in a year, the general replied:

"I'm no prophet. I couldn't tell for sure if it would rain today but if I was a farmer and it looked like this I'd get my hay in."

## Soil District Supervisors Designate Three Priority Areas In Howard County

Three priority areas for soil conservation work have been designated in Howard county by the board of supervisors of the Martin-Howard soil conservation district.  
Designation of these areas—each representing one watershed—by the supervisors means that soil work sponsored by the district will be done in these districts prior to others.

The United States soil conservation service has signed an agreement with the soil district to work only in areas approved by the board of supervisors and to follow the supervisors' designations of priority.

In each area, the soil conservation service's technicians will plan complete soil and water conservation schemes covering the entire watershed. These will be planned as a single unit for the watershed, disregarding property lines.

The first area designated by the supervisors lies in a watershed beginning at the Howard county line just east of Ackery and extends southward to Knott. It varies from a half mile to two and a half miles wide, covers about 25 farms, and represents about 4,500 acres of cropland and perhaps 1,200 acres of pasture land.

Seven farmers in the district have signed applications for soil conservation planning. Several farms in the area are already terraced and it is thought that these terraces will in general fit in with the general scheme of water control for the watershed.

The second area is three miles southwest of Vealmoor, and consists of the Ulmer lake basin. Four farms are in the basin, containing 1,200 acres of cropland and some pasture—perhaps two or three sections. Owners of nearly all of the land have signed applications.

The third area, known as the "Shives area," lies northeast of Coahoma and consists of all of the old Shives estate along with portions of some adjoining farms. The Shives estate amounted to two sections. All but 160 acres of the land has been signed up in applications.

The board of supervisors, in session in Stanton Tuesday, divided the district into five zones, each to be represented by one supervisor.

E. T. O'Daniel will serve approximately the east one-third of Howard county. R. N. Adams will serve the west side of Howard county from Highway 80 north and Gordon Stone will serve the west side from the highway south and that part of Glasscock county which lies in the district.

Martin county will be divided between Joe Poindexter and M. L. Koonce.

## Loan Cotton 'Abuses' Are Clarified

Some misunderstanding may result from an article in Monday's Daily Herald and a form letter sent out from the county AAA office in regard to abuses appearing in the buying of loan cotton.  
The article, headed "Abuses Appear in Buying of Loan Cotton" was written from the letter, which was sent out by M. Weaver, county AAA administrative officer.

The article or the letter may leave the impression that the abuses referred to were local and had been discovered by Weaver. "As a matter of fact," Weaver said this morning in clarifying the situation, "the letter was a form letter sent to the Howard county AAA by the state AAA office with instructions to mimeograph it and send a copy to each cotton producer of the county."

"The abuses referred to are general to the nation and the state, though there may not necessarily be any such irregularities in Howard county."

Cotton producers who sell their loan cotton are supposed to receive a green carbon copy of the CCC's form "R," which the AAA office is asking be turned in there. The buyer must mail his copy of the form to the CCC in 15 days. The article in the paper said the form should be sent in "immediately" by the buyer, and was in error on this point.

## Here 'n There

It could have been worse—much worse. The Petroleum building might have been minus a corner, but a telephone post spared it when a loaded produce truck rolled off down Scurry street at 1:13 a. m. today and smashed up just short of the building corner. J. T. Ross, Lubbock, driver of the truck, told officers he was at a loss to explain how the truck got away since he said he left it in gear and with the brakes on.

No injuries resulted in a minor crash Tuesday at 7th and Scurry when cars driven by Clarence Coldiron and Mrs. Frank Covert were in collision, police reported.

The Rev. E. E. Mason, pastor of the West Side Baptist church, said Wednesday that sixty or more persons had united with the church during revival services now being conducted by the Rev. A. P. Willis. The meeting is in its third week.

The T. & P. car being loaded for Buckner orphans home is on the tracks here for Wednesday. Those who wish may take their articles to the train where someone will be on duty all day. Donations may also be left at the First Baptist church.
