AMERICAN HELD BY FRENCH AUTHORITIES

ALLEGED THAT RAYMOND SWABODA SET FIRE TO STEAMER LA TOURAINE

BOASTED TO PASSENGERS

Letters Found In His Room Said to Point Strongly To His Guilt

By Associated Press.

Paris, March 31.—Raymond Swaboda one of the passengers aboard the French steamship, La Touraine, has been arrested charged with setting fire to the vessel at sea March 6, according to the Matin. Swaboda is said to be an American.

Swaboda the paper asserts is suspected of having close relations with the enemy. Correspondence found in his room is said to have directed him to blow up the steamer. This correspondence has been taken to Havre. Investigation has established that the blaze aboard the La Touraine was caused by an explosive bomb placed with criminal interest in a trunk store with baggage of the first class in hold No. 2.

Witnesses stated, according to the Matin, that they had been amazed at the statements made by a fellow passenger during the voyage when they were discussing threats of the Germans to torpedo ships. This passenger is quoted as saying: "Oh, that is only in the war zone that it would be dangerous. Germany is strong enough to do what she wants. This ship herself, even before she reaches her destination, might be obliged to have recourse to the doctors and nurses aboard to care for passengers."

The passenger who is quoted as having boasted of Germany's power is Raymond Swaboda who was entered on the ships register as 38 years of age, an American subject, profession, a financier; destination, Paris. When Swaboda's room was searched letters written in German were found which seemed to point strongly to his guilt. He was turned over to the marine authorities at Havre by the Paris police.

RAISING FUNDS HERE FOR INDUSTRIAL CONGRESS

Hoped to Secure $300 to Help Carry On Educational Work of Organization

Funds for the support of the Texas Industrial Congress are being solicited in Wichita Falls today by a Chamber of Commerce committee, assisted by L. G. Franklin of Dallas financial secretary of the Congress. It is planned to secure at least $300 in this city and some liberal responses have been received.

The Texas Industrial Congress is the organization which each year offers $10,000 in prizes to stimulate farming. It was started by Col. Henry Exall, who died last year. This year there are 30,000 contestants more than there were during the three years that Col. Exall was in charge, and Mr. Franklin points out that most of these contestants are young farmers, who will put to good use, in the years to come, the knowledge they gain in competing for the prizes.

"The Congress is attracting much attention throughout the country," said Mr. Franklin, "it is the only organization of its kind in the United States. There are no profits and no dividends, but simply a carrying out of the plans of Col. Exall."

The Chamber of Commerce directors indorsed the work at their meeting Tuesday and appointed a committee to visit the business men. This committee is at work with Mr. Franklin today.

1ST NATIONAL RETIRES EMERGENCY CURRENCY

All of $75,000 Issued Last Fall Has Been Retired By Local Bank

The First National Bank of this city has retired all of the $75,000.00 emergency currency issued by it last September during the stringency caused by the European war and the slow movement of cotton. It is among the first national banks in Texas to do so, which speaks well of this community.

COAL BEING MOVED FOR PRINZ EITEL FREDERICH

By Associated Press.

Newport News, March 31.—Sixteen hundred tons of steam coal, carefully weighed and inspected was loaded on barges at Sewall's Point, Virginia early today was persistently reported in marine circles, to be for the German converted cruiser Prinz Eitel Frederick. Although port officials declared they had no knowledge of such a cargo being prepared for the German raider marine experts strengthened their supposition by calculating that 1600 tons of coal was the amount required to take the cruiser to her nearest port.

The first barge loads of 1600 tons of coal ordered by the cruiser Prinz Eitel Frederick has left Sewall's Point and are proceeding across Hampton Roads toward this point.

NEGRO TELLS OF KILLING OF TWO KATY BRAKEMEN

Were Shot From Behind After Negro Had Been Put Off the Train

Clarence Green, a negro seventeen years old, arrested at Denton together with Eugene Lawson, another negro aged 25, is reported to have made a confession giving a detailed account of the killing of Joe Jackson and John Rayn, two Katy brakemen recently. Green and Lawson are now in jail at Dallas. The Denton Record and Chronicle says:

According to this purported confession Green says in substance that the two were riding the freight train from Fort Worth to Denton; that he had paid 25c for the privilege, but that Lawson, having no money, had been put off the train by the crew twice, getting back on after each expulsion.

One Feature Cleared Up.

The second time occurred near the gravel pit. Shortly afterward, while Rayne and Jackson were sitting on top of the banana car, they were shot to death from between the cars. Then the bodies were held on top of the cars until the train reached the Denton yards, where the murderers abandoned them and made their escape just before the train reached the depot here. This supposition clears up one of the most puzzling features of the entire mystery—how the bodies remained on the tossing car through the intervening thirteen miles between here and Smoot's spur, where the killing is supposed to have occurred.

Lawson, it developed Tuesday, was arrested Saturday night and has been in jail since. Green was arrested Monday night. The county attorney's office was the scene of a busy session which continued all night, sweating the two negroes. The statement is said to have been secured at about 1 o'clock Tuesday morning. Lawson, it is said, positively denies the entire story or that he was even in Fort Worth, but Green's story was circumstantial and agrees with previous suppositions regarding the crime.

Shoes Led to Arrest.

The clue which led to the arrests was the vnding of a pair of blood-stained shoes beneath the freight depot platform here. They were found by Agent Corey, John Rose and Ed Fry, and the officers put on the trail. Green said whom the shoes belonged to, and this statement was later confirmed by the owner from whom they are believed to have been stolen.

It will be impossible to get a trial at this term of the district court, according to Judge Spencer, who was asked Tuesday morning if he would reconvene the grand jury for an investigation of the case.

"We should have insufficient time at this term," said Judge Spencer, "as all of this week and next are already occupied by set cases, and the final week could be consumed by legal delays even if trials were begun."

Joint track agent, J. E. Corey, stated Tuesday morning that he with Ticket Agent John Rose and Clerk Ed Fry were the first to find the shoes leading to the arrest under a freight shed on the company's right of way Saturday. They notified the officers of their find and the shoes were removed and the place watched until the negro returned to get them. Mr. Corey stated that the depot had developed evidence showing that Green drove his cab to the station Wednesday evening to meet train No. 30, northbound Katy due here at 9:52 and then had another negro call for him at the train while he caught a freight train to Fort Worth.

Details of the purported confession leaked out during the day. It was not signed up until 4 o'clock Tuesday morning, it was admitted by County Attorney Wilson, who refused to divulge further contents, saying it would only make the State's case more difficult. From other sources, however, it was learned that Green said that on arrival in Denton he went to his room and then decided it would be best to get rid of his shoes, so he took them back toward the station and threw them under the depot platform, returning to his room. He has been in town all the time since.

Jackson was the first man killed. He and Rayne were on the train several cars apart when Rayne came up to sit down beside Jackson. The person who did the killing, according to Green's statement, arose from between the cars and started shooting. Jackson fell into Rayne's arms and as Rayne held his wounded companion, he was shot from behind, the bullet entering behind his ear. Green held one of the men while he was dying and the bodies were thus held until the train reached Denton, Green and his companion leaving the train near Alliance mill.

While there was much interest there was little excitement shown here, and several expressed regret that it had been thought necessary to remove the prisoners. Court attaches especially deprecated the continued talk in regard to the case, as it is thought probable it might result in application for a change of venue.

The officers, assisted by Katy special agents and others, are working up evidence in the case. It is admitted that corroboration of Green's story is essential to the State's case.

Both the negroes have lived here practically all their lives and many regrets were heard among white citizens that Denton negroes, most of whom are quiet and law abiding, should be implicated in any way in the killing of the two railroad men.

Mrs. Pierce Makes Statement.

When Mrs. Jennie Pierce, owner of the Oatman Hotel where Clarence Green was employed as a porter, was asked for a statement she said: "The holding of Green as connected with the murder of Thursday morning was a surprise to me. He answered all calls Wednesday evening to meet trains and as far as I know was in his room the entire night. When I went to call him Thursday morning he was asleep in his room. At no time since the report of the murder have I seen Green acting unusual, and neither have I seen any blood stains on his clothing. He had only one pair of trousers."

BUT LITTLE DAMAGE TO PEACH CROP HERE

Only Early Plums Have Been Damaged to Any Extent By Freezes in This Section.

Although fruit in East Texas has been damaged fifteen to 20 per cent, and as much as 25 per cent in South Texas, the March freezes in this section resulted in very little harm to the trees, according to J. L. Downing of this city.

"Some of the early plums were damaged," Mr. Downing said, "but the peaches were hurt scarcely at all and as far as I have seen the freezes will not affect the crop in this section."

Peach and pear trees are blooming as luxuriantly as ever since the cold snaps and there is no damage apparent.

SPEAKING CONTESTANTS CHOSEN BY HIGH SCHOOL

Up to noon the trading exceeded 400,000 shares. In the afternoon the trading fell off. The main impulse for the activity was the increasing growth of the country's foreign trade and the easy rates of money.

56 SQUARE MILES RECLAIMED IN BRAZOS BOTTOMS.

AUSTIN, Texas, March 31.—Within the next few weeks the task of the reclaiming of 56 square miles of territory embracing some of the most fertile land in the Brazos bottoms will have been accomplished by State Reclamation Engineer Arthur Stiles and his corps of engineers. This land is situated in part of the in part on the Clemons state farm and is either owned or controlled by the state through the penitentiary commission. Heretofore this land has been practically worthless because of overflows. There are six surveying parties in the field and their work is expected to be finished within a few weeks.

AGRICULTURAL HINTS FROM A. & M. COLLEGE

Owinug to the lateness of the season, a timely warning has been issued by Dr. J. O. Morgan, professor of Agronomy at the Agricultural and Mechanical College of Texas, against planting such crops as sorghum, cowpeas, soy beans, sudan grass, and peanuts before April 15. "These crops require warm soils in which to germinate," says Dr. Morgan, "and in most sections of the state should not be planted until the soils are warm. A cold soil will not only make growth very slow, but will also decrease the size and the vigor of the plants."

Whitewashing Dairy Barns.

That sanitation is very important in determining the quality of milk and its products is the opinion of Professor J. W. Ridgway of the Department of Dairy Husbandry of the Agricultural and Mechanical College of Texas, who recommends that a good coat of whitewash be applied to the barn at least twice a year. "Slack 20 pounds of lime" adds Professor Ridgway, "and mix it until it is about as thick as cream. Add 3 pounds of common salt and a half pound of alum. If a stronger disinfectant is desired, add about a half pint of carbolic acid to each pail full of the whitewash."

Saving Pigs.

"This is farrowing time," states L. B. Burke, associate professor of Animal husbandry at the Agricultural and Mechanical College of Texas, "and farmers should use every precaution to save their young pigs. Supply warm, comfortable and dustless quarters, furnish a moderate amount of bedding, and warm the pigs if necessary. Keep the sow in the hog house, using a guard rail. Just before and after farrowing feed a succulent, laxative ration. Immediately after farrowing, feed nothing but water during the first twenty-four hours. On the second and third days feed a small amount of light food, such as wheat bran and shorts. After the third day gradually increase the ration to about six to eight pounds per animal, getting up to fourteen and twenty pounds within the next eight days. Then gradually substitute grain of some kind for the wheat bran and the shorts, adding to this mixture skimmed milk or tankage with which to balance up the ration."

Spraying Peach Trees.

Peach trees demand three or four sprayings during the year, is the opinion of I. E. Cowart of the department of horticulture of the Agricultural and Mechanical College of Texas, who believes that now is the time to give the trees their first spray. "Spray with self boiled lime and arsenate of lead," states Prof. Cowart, "just after the petals fall. Use the following formula for making the solution:

Fresh lime (not slacked) ....8 pounds
Sulphur ....8 pounds
Water ....50 gallons

Mix the lime and sulphur in a vessel and add a small quantity of water. As soon as the lime has slacked dilute at once to fifty gallons of water and add two pounds of arsenate of lead. Be sure to apply the spray at high pressure and see that every part of each tree is thoroughly covered."

How to Handle the Manure Crop.

Barn yard manure is the farm's most valuable crop and care should be taken to prevent its leaching. "Barn yard manure should never be stored in open pens" states Professor J. O. Morgan of the department of agronomy of the Agricultural and Mechanical College of Texas, "for the reason that a large portion of the plant food will be leached out during rainy weather. Keep the following important points in mind:

1. Keep the manure under shelter.
2. Keep the manure compact.
3. Keep the manure fairly moist.

An ideal emthod of handling barn yard manure is to haul it directly to the garden or field and spread it broadcast."

TO OCCUPY LESS EXTENDED FRONT

GERMAN CAVALRY ALREADY SAID TO BE MOVING FROM YSER DISTRICT

DARDANELLE ATTACK RENEWED

England Occupied With Drink and Labor Problems—German Losses Heavy

By Associated Press.

London, March 31.—A dispatch from Amsterdam says that reports are current there that the Germans are about to abandon their present line in Belgium for a less extended front extending westward from Brussels. It is reported there that the withdrawal of German cavalry from the Yser section has already begun.

A Reuters dispatch received from Constantinople through Berlin today says that the allied fleet has resumed its bombardment of the villages near the outer forts at the entrance of the Dardanelles.

German Aviators Active.

Great activity has been displayed recently by German aviators, says a Reuters dispatch from St. Petersburg which quotes a semi-official report as follows:

"Fifteen German aeroplanes attacked Osterlanka Monday dropping 100 bombs at a small house which they apparently believed was the Russian headquarters. None of the bombs hit the house.

Trap. Worked Other Way.

The German movements in northern Poland have been attended with unusually heavy losses, is reported unofficially from Petrograd. This information is to the effect tnat the Germans fell back from the Nieman river district expecting that the Russians would pursue them and be trapped by a flanking movement. The Russians saw through the ruse and instead entire divisions of Germans were themselves caught in a trap and annihilated.

The battle in the Carpthians passes surpass the attack on Constantinople in their political possibilities. German experts assert that the efforts being made by Russia are so fraught with political importance that the supreme efforts of the Tuetonic allies is justified to check the invaders. According to this view the sudden and dramatic influx of the Muscovite hosts into the Carpathians and HuUngary will attain great importance long before the attack on the Dardanelle straits attains anything like a definite conclusion.

Internal Problems.

Internally in England the labor and drink situations hold public at tention. There is no signs of the Liverpool docters receding from their demands, while commercial bodies throughout the empire are coming forward with offers to back the government in its fight against the drink evil. The liquor interests are beginning to express fear of severe regulations.

JITNEY TEST CASE UP IN TARRANT COUNTY.

FORT WORTH, Texas, March 31.—Hearing of the case to test the constitutionality of the Fort Worth city ordinance regulating "Jitney" automobiles, docketed for today in county court, attracted wide attention thruout Texas, especially cities facing questions of handling and regulating the five-cent automobile fare traffic. I. W. Sullivan is defendant in the test case. He recently was fined $10 in police court, practically by agreement, appealing to the county court where the fine was confirmed. Counsel was refused in county court and Sullivan was locked up. The writ was then presented before the Court of Criminal Appeals where habeas corpus was granted and Sullivan released under $500 bond. The ordinance provides strict regulation of jitneys, an indemnity bond from each car, and other provisions declared unconstitutional by operators of the cars.

At The Theaters

THE LYDIA MARGARET.

Have you ever heard "Humoreske" played on a banjo. That's what one of the Mitchell "banjo boys" does and it sounds good. He plays numerous other selections that are somewhat outside of the regular banjo repertoire. The other boy works in black face and injects a bit of humor into the act. A good clean act and one that amuses. The Gregor's are also on the bill with their Ozark specialty offering. Both are good in their impersonations—the man being a whistler par excellence. This bill will be repeated today with a moving picture offering of a two-part Kalem, "The Apartment House Mystery," featuring Ruth Roland, "the girl detective," also a comedy, "Dr. Cupid Wins Out."

THE MAJESTIC.

At the close of this week's installment of "The Master Key" appearances would indicate that Dore and Ruth's romance is aboue to become a thing of the past, the valiant Sir Donald having won her promise. The closing scenes of the eleventh episode showed the idol in the possession of an old Hindu, who goes back to India, determined to return it to the temple from which it had been stolen. They, (Dore and Ruth with Sir Donald) go to India and meet with some thrilling experiences in their search for the idol. Incidentally there is some wonderful photography in this episode. A George Ade comedy, "The Fable of Elvira and the Meal Ticket" and a Selig "The Primitive Way" completes the program.

THE EMPRESS.

Fred Mace, Mary Charleson and Josie Sadler are featured in "What Happened to Jones," a World's Feature comedy. A synopsis follows:

Ebenezer Goodly, an eminent Professor of Anatomy, conducts an Academy for young ladies. He and his wife and two daughters and his sister-in-law are looking forward to a long promised visit from the professor's brother, the Bishop of Timbuctoo. It is thirty years since the Professor has seen his brother and none of the famiyl have ever met him. Secretary however, the Bishop has been making love, by letter ,to Alvina, the Professor's thin and homely sister-in-law.

Cissy Vandergould an heiress comes as a pupil to the academy, and on the train has encountered Jones, a wide-awake traveling salesman, who deals in bibles and playing cards, and they have been mutually attracted.

The Professor's youngest daughter, Marjorie, is engaged to Dick Heatherly, a model young man. When leaving the professor's house, however, he drops a card of admission to a prize fight. The professor finds it and accuses him. After a heated argument Dick persuades the professor,—"In the interests of Science"—to accompany him. During the fight the police make a raid. Dick and the professor escape by crawling over a stable and down a waterspout. They are followed by Jones, the traveling salesman, who was also at the prize fight. Jones gets badly mauled by the police and loses his coat-tails in the scrimmage, but by the use of valiant "uppercuts" manages to get free. He finds refuge in the professor's academy.

The professor and Dick try to eject him, but he demands their protection under threat of exposing them to the police. A new suit of clothes has arrived for the expected bishop. Jones dons the suit and is seized upon by Alvina and the family at the dear Bishop. He makes the professor appoint him a teacher in the Academy, and makes violent love to the heiress, Cissy. The real Bishop arrives, and they hustle him up to a bedroom and undress him and take away his clothes and lock him in the room.

A lunatic escapes from a neighboring sanitarium who is wrapped in a blanket, imagining he is an Indian. The bishop makes his escape from the window, also wrapped in a blanket, and is seen by the officials from the sanitarium and chased all over the neighborhood.

Jones sees that things are getting too hot, so he persuades Cissy to elope with him. They start for the railway station and are pursued by the lunatic, but manage to elude him and to reach a clergyman, who ties the conjugal knot.

The bishop manages to explain matters at the sanitarium and is restored to the academy, and is glad to be welcomed to the protection of Alvina's skinny arms.

Fields minstrels Tuesday night, the production being entertaining and enjoyable from beginning to end and more than holding its place in the ranks of minstrelsy. There was a plentithde of good comedy and of pleasant music, with some scenic effects, dancing and other features and there was not a dull moment for the crowd. The musical features included numerous solos and every number was met with a demand for one or more encores, all the voices being excellent. The show did not stick too closely to the old minstrel lines, the form of the familiar "first part" being changed to a novelty feature entitled "The Birth of Minstrelsy." However, the end men and the black face stunsters were present in force with an army of jokes and stories. The special scenic effects included an Aurora Borealis, a reproduction of the Panama-Pacific exposition and other scenes. Bert Swor, the Texan whose work has always been a favorite with minstrel lovers, kept the crowd highly entertained when he was on the stage, and he was ably seconded by Joe Coffman and others. Al G. Fields himself did not appear, being unable to do so. After the show the members of the company were entertained at the Elks' club.

DON'T DELAY

Some Wichita Falls People Have Learned That Neglect is Dangerous

The slightest symptom of kidney trouble is far too serious to be overlooked. It's the small, neglected troubles that so often lead to serious kidney ailments. That pain in the "small" of your back; that urinary irregularity; those headaches and dizzy spells; that weak, weary, worn out feeling, may be nature's warning of kidney weakness. Why risk your life by neglecting these symptoms? Reach the cause of the trouble while there yet is time—begin treating your kidneys at once with a tried and proven kidney remedy. No need to experiment—Doan's Kidney Pills have been successfully used in thousands of cases of kidney trouble for over 50 years. Doan's Kidney Pills are used and recommended throughout the civilized world. Convincing testimony follows:

V. M. Skipwith, former deputy tax assessor, Henrietta, Texas, says: "Some years ago I suffered from pains in my sides and across my back. My kidneys were weak and I had to get up frequently at night. Doan's Kidney Pills completely cured me."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Skipwith had. Foster-Milburn Co., Props., Buffalo, N. Y.—Advt.

Men Who Chew Are Men Who DO

THE men who built the Panama Canal—thousands of robust, clear thinking, quick-acting workmen, and hundreds of skilful, far-seeing engineers—made thinking easier and labor lighter by chewing tobacco while at work.

For many years men from other countries—non-tobacco chewing men—tried to build the Panama Canal. They couldn't stand the strain, their machines "fell down" at critical moments—their best attempts failed. Our American men tried—men who are "chewers and doers." They *built* the Panama Canal.

Men who work with a pick or a pen; on steam-rollers or sky-scrapers, chew and boost STAR TOBACCO, THE THICK, TASTY PLUG.

STAR is the leading brand of the World. A year's output would build a road of STAR plugs, 23 feet wide, along the entire route of the Panama Canal, and there would be over 200,000 one pound plugs left over!

From Another Viewpoint.

Little bits of feet! How, easy
It must be to guide them right,
When response is so unquestioned,
And surrender, without fight—
Without fight, and ceaseless striving
For the things they know not of;
Little wavering, straying feet, that
Find their path through fear or love.

Little bits of feet! How easy
It must be to guide them wrong,
Lead them to the stony pathways
Far outside the happy childland,
Little weak, unsteady feet!
That must heed the slightest guiding
Into dark or sunny street.

MRS. D. J. CARITHERS ART, LITERATURE HOSTESS

The Art Literature Club met Tuesday afternoon in regular session with Mrs. D. J. Carithers. Roll call was answered with quotations on education and the following papers were read, all of them being of much interest: "The Expansion of the United States," Mrs. G. W. Filgo; "Changes of a Quarter of a Century," Mrs. J. M. Blankenship; "American Colonial Policy," Mrs. Gebhardt; "Needs in Public Education," Mrs. Leicham; "Life and Character of Bret Harte," Mrs. Pridgen. The Bayview magazine study was then taken up, the subject being a description of the empire on the Pacific. Many interesting facts were brought out on the Grand Canyon, the orange industry and the distinguishing features and industries of Pasadena, Santa Anite, the "Tent City" of Avalon, Portland, Seattle and Tacoma. In the conclusion of this study, the hostess acting on the belief that "all work and no play makes Jill a dull girl" instituted a millinary contest. Mrs. J. W. Stone was successful, answering all of the questions and received the prize, a large basket filled with beautiful violets. An enjoyable feature of the afternoon was a "heart to heart" talk made by the former president, Mrs. Harry Cravens and music by Miss Leicham was much enjoyed. The club colors of purple and white were featured in the hostess refreshment course of ice cream and wafers, served to the following: Mesdames R. H. Hall, Rountree, Gebhardt, Burgess, Pridgen, Filgo, Robertson, Leicham, J. W. Bone, Butler, Cravens, Stone, Misses Louise Leicham, Wilma Filgo and Cora Phillips. The hostess was assisted in serving by Misses Leicham and Filgo.

FIRST CHRISTIAN LADIES ENTERTAIN MONDAY

The Ladies Aid Society of the First Christian Church was most pleasantly entertained at the home of Mrs. L. W. Bullock Monday afternoon by Mesdames Bullock, Bond and Walker. Following the business session roll was called, each lady answering with a laughable anecdote, read or told. The usual fifty cent offering was taken and captains were appointed and sides chosen for a contest after which the ladies will work shortly. A cafeteria luncheon was served in the dining room, the menu consisting of nut and cheese sandwiches, pickles, cake, coffee and tea. All pronounced the afternoon a most enjoyable one.

FAREWELL PARTY FOR MISS JONES TUESDAY

In compliment to Miss Edna Jones who has been the guest of Mrs. R. C. Miller for some time and who is returning soon to her home in Missouri, Miss Vera Taylor entertained the members of Mrs. W. L. Robertson's Sunday school class Tuesday afternoon at her home, 1008 Lamar. An informal musical program had been arranged and proved very enjoyable, vocal numbers being given by Miss Stone and Miss Cook and instrumental selections by Misses Theresa Smith, Runa Brown and Cook. Miss Thelma Taylor, sister of the hostess, gave several readings and Victrola numbers followed the program. Delicious ice cream and cake was served late in the afternoon. Those present were Misses Kathrine Cook, Delia Stone, Runa Brown, Theresa Smith, Helber, Boykin, Berenice Taylor, Morgan, Clara Maricle, Emma Smith, Mamie Hull, Theola Yates, Shug Mills, Fillmore, Thelma Taylor, Mrs. Robertson, Mrs. Taylor and the honoree, Miss Jones.

MISS PRIEBE HOSTESS TO B. O. P. GIRLS TUESDAY

Miss Hazel Priebe was hostess to the B. O. P. Girls Tuesday afternoon, it being the regular weekly session of the club. Music provided a welcome addition to the program of fancywork and chat, and the club had with them as guests, Mrs. Roy Priebe, Mrs. Priebe and Miss Lucy Mae Priebe. A tempting luncheon course of deviled eggs, pickles, cinnamon rolls, gelatine with whipped cream and chocolate cake was served to the following members: Misses Annette and Mary Coffield, Alice Frazier, Isola Marshall, Jewel Delaney, Ethel Reed, Vira Hinckley, Pauline Harris, Rhea Gardner, Beryl Murph, Tula Stokes, Mesdames James Elliott, Kelly and Hardy.

NEW BRIDGE CLUB MEETS WITH MRS. LARKIN TUESDAY

The Easter holiday gave inspiration for a pretty party on the occasion of the New Bridge Club's meeting Tuesday afternoon with Mrs. W. L. Larkin. The Easter idea was featured throughout the hostess arangements, in her decorations, tallyards, luncheon course and souvenirs. The rooms in which the tables were placed were decorated with moss and purple violets, rabbits and chickens. Three souvenirs were given, the club prize, a bridge book, going to Mrs. Loeb, the guest prize, Easter lilies to Mrs. Gwynn and the booby prize, a corsage cluster of violets, to Mrs. Whitney. The players included Mesdames E. L. Smith, Diner, Avis, Morris Marcus, Pounds, C. B. Smith, Art, Whitney, Loeb, R. E. Huff, DuVal, Bolding, Waller, Bibb, Moore, Gwynn and Wagner.

WILEY-PIKE WEDDING TUESDAY EVENING

Tuesday evening at 7:30 Miss Roberta Pike and E. F. Wiley were united in marriage at the parsonage of the First Baptist Church, Rev. R. C. Miller officiating. The ceremony was a very quiet one, only a few intimate friends of the contracting parties being present. Both the young people are well and favorably known here, the bride having been employed in the ready-to-wear department of Jones-Kennedy and the groom is a member of the firm of Wiley Bros., in the livery business. Mr. and Mrs. Wiley are at home to their friends at 2201 Ninth street.

MISS HUMPHREYS HOSTESS TO WESLEY GIRLS TUESDAY

The Wesley Girls met Tuesday afternoon with Miss Myrtle Humphreys enjoying the usual pleasant two hours of fancywork and conversation. A delicious refreshment course of sandwiches, pickles, cake and hot chocolate was served late in the afternoon. Mrs. Fox and Mrs. Humphreys, sister and mother of the hostess were the guests present in addition to the club members.

The Home Economics Club met this afternoon in called session to make plans for the dinner with which they will honor the members of the school board Friday.

Rev. T. E. Cannedy, pastor of the Fourth Street Baptist Church, and his wife were surprised by the church members Monday evening with an old fashioned pounding. An informal social time was enjoyed.

The ladies of the First Christian Church are holding missionary prayer meetings for an hour each afternoon at the church during this week. All ladies of the church are urged to attend.

SAVES DAUGHTER

Advice of Mother no Doubt Prevents Daughter's Untimely End.

Ready, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Bratcher, of this place, "and was down in bed for three months.

I cannot tell you how I suffered with my head, and with nervousness and womanly troubles.

Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor, but he did not help me.

At last, my mother advised me to take Cardui, the woman's tonic. I thought it was no use for I was nearly dead and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing.

I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health."

If you suffer from any of the ailments peculiar to women, get a bottle of Cardui *today*. Delay is dangerous. We know it will help you, for it has helped so many thousands of other weak women in the past 50 years.

At all druggists.

According to reports put out by the allies, Germany has lost about one dozen submarines since the war started. But according to a report credited to Berlin, up to March 1st the Germans had not lost a single submarine. The only explanation of the two reports is, that either the allies or the Germans have been doing some awful lieing to bolster up their respective causes.

There is some reason to believe that Gov. Ferguson has become sufficiently interested in the re-districting of Texas to submit that question to the special session which begins next month. Now if the governor can keep down legislative selfishness sufficiently to secure a bill that will be fair and equitable the reapportionment of the State may reach him for his executive signature.—Denton Record and Chronicle.

How would it do for the legislature to appoint a committee of three men who had already served the people of Texas faithfully and ably, and whose political aspirations had been fully satisfied to redistrict the State into eighteen congressional districts? In our own humble judgment it is about the quickest way to get desired results. There are entirely too many members of the legislature who have congressional aspirations and each of them want a district cut out that will fit them, or that they have an idea they will be able to carry against all opposition.

"Power generally serves to transform the characters of those invested with it. Hence the great necessity for those chains in the Constitution to bind all rulers and men in authority."—Alex H. Stephens.

Our object in quoting the above is to support in so far as is possible the position our county and city officials took when the proposition was put up to them by organized labor that all work on public improvements should be given to union men. If is possible that our county and city officials may be in thorough sympathy with organized labor, but under the general laws of our country, to have complied with the demand made upon them would have been to violate their oaths of office, administered at the time they qualified. To have done less would have subjected them to the just criticism that they were not worthy the trust imposed in them. They had the power to have complied with the demand but that power was not given them to be abused. They must be governed by the law if their official acts. Under the law every man who is a qualified voter and a taxpaying citizen is a part and parcel of the government—whether it be municipal, county, State or the general government, and he is expected to support the government and not as some would have it, the government to support him. Therefore to say to any man, it matters not how humble his station might be or how well qualified he might be to render the government a service, you cannot work for this government unless you are able to show us that you are affiliated with a certain class of our citizenship would be the rankest kind of discrimination. The position our county and city officials took on this matter was the only one they could take and maintain their integrity.

Just to make it unanimous, the United States has filed a protest with Turkey.

While Sherman declared war is hell, he based his opinion on the horrors of a military chicken stealing raid.

It is reported that the governor of Arkansas will veto the loan shark bill. It is also reported that the voters will veto the governor in case he does.

It is interesting to note that the Russians are resting from their "hurling back" tactics and are now "plunging forward." The next report probably will be that they are "receding rearward."

The meanest man on earth is a New Yorker who bought presents for an actress and charged them to his wife's account.

Barney Oldfield was more fortunate than some visitors to Houston. Instead of losing his life, he escaped with being named a co-respondent in a divorce case.

"Billy Sunday," says the Dallas Times-Herald, "will not attempt to convert Houston. Evidently there are some jobs too big for Walloping William." The real fact is that Houston is broke, as usual, and refused to float a bond issue to make it worth William's while to undertake that greatest of tasks.

FORMER WICHITA PLAYERS WITH FASTER COMPANY

V. Brown, the centerfielder who was with the Wichita Drillers for several seasons and who played with Fort Worth part of last year, will be sent to the Toronto club in the International League this season, according to a Washington dispatch. Brown was drafted by Washington but will probably be farmed out one season. The dispatch tells of an unusual feat by Brown while playing centerfield for the Senators, in throwing a runner out at the plate. The runner was on third but held his base when a fly was sent to center; Brown did not quite reach the ball, but took it on the bound and shot it to the catcher in time to nip the runner.

It is understood that Lefty Scroggins, the youngster was was with the Drillers, will be used by the Chicago White Sox this season; he was farmed out to a Nebraska team last season but will be kept with the main squad this year. Left Mullins another ex-Driller will be with Dallas again this season.

Doctors Said He Had Dropsy.

Some time ago I had an attack of grippe which finally settled in my kidneys and bladder. I doctored with the doctors and they claimed I had dropsy. I tried other remedies and got no relief from any of them. My condition was such that I was unable to work for about two months and the annoying symptoms caused me a great deal of trouble and pain. I was hardly able to turn over in bed. Seeing one of your Almanacs, I decided to give Dr. Kilmer's Swamp Root a trial and after taking several bottles was able to resume my work again. I cannot say too much in praise of your Swamp Root as the results in my case were truly wonderful. Yours very truly,

WHAT HAPPENED to JONES

Geo. Broadhurst's famous comedy in five acts with FRED MACE, MARY CHARLESON, CHESTER BARNETT, LEONIA MORGAN and JOSIE SADLER.

Jones, a traveling salesman selling Bibles and playing cards, masquerades as a Bishop in a ladies' seminary dormitory, runs into a Pajama-clad girl pillow fight, meets an escaped lunatic from Nut Grove Sanitarium and elopes with a dame he never saw before, are some of the incidents of the play. Not a dull moment in the entire five reels.

Also FATTY'S NEW ROLE, Keystone comedy featuring the best diversified comedian the world has ever known. There are others that are good but you can detect too much the sameness so distinctly that you do not enjoy their work as you do one that this sameness does not occur.

With five reels World Film comedy that has only been equaled by one and surpassed by none, Fatty's New Role in addition we offer our patrons six reels of pictures that would be difficult to equal and impossible to excell for only 10c and 15c.

Washington, March 31.—An expenditure of $20,000 to bring the sunken submarine E-4 to the surface was authorized by Secretary Daniels today after the receipts of a message from Admiral Moore saying that the hawser attached to the boat had parted and that the present equipment was too light to lift the submarine.

TWO PUGILISTS ARE IN SPLENDID FORM

Willard Practically Completes Training—Three Physicians Will Be at Ringside

HAVANA, March 31.—With the battle for the world's heavyweight championship less than a week away—it is set for April 5—Jack Johnson and Jess Willard Tuesday began reducing their training routine. Willard was so fit that he virtually laid off and planned no work aside from a walk and run of a few miles at 7 o'clock. The remainder of the day was spent in resting and sightseeing.

Johnson took some short sprints on the road and went through his regular training in the stadium in the afternoon. Both men say that the climatic conditions of Havana have helped them to arrive at an edge quickly.

Willard Bigger Than Johnson.

The pugilists were examined and measured by physicians again last night. Each man is said to be in splendid condition with regard to organs and muscles. One doctor said Johnson had the smallest heart of any man he had ever examined. These latest measurements show ahat the champion today is heavier and more muscled than he was at Reno in 1910, nevertheless Willard is the bigger man in almost every particular.

The Cuban government officials are determined to take no chances of a serious accident due to a fight between such big men. They have appointed three physicians to attend at the ringside. They will have oxygen and other stimulants to revive the fighters in case of an unusual knockout or a fall. They say, however, that they will not interfere with the proper termination of the battle according to the code of the prize ring. The relatively gigantic size of the pugilists evidently has impressed Cuban officials with the idea that the struggle of next Monday will be unusually savage.

Ministers Enter Protest.

A group of Cuban ministers, representing various evangelical missions centered in Havana, has filed a protest with government officials against the fight and some American ministers living here have addressed an open letter to American tourists, as fellow countrymen, protesting against their support of the bout. No particular attention is being paid to these protests by the Cuban officials or the fight promoters.

The hotels of Havana are beginning to fill up with early arrivals from other parts of the island and from the Southern states. Willard money is beginning to appear and it is expected to reduce the present odds of 3 and 2½ to 1.

How Soldiers Live and Fight in the Trenches.

London, Jan. 23—When it rains the trenches are half filled with water. The cold is always of the damp penetrating, dreadful kind that chills to the very marrow. Hot food is served three times a day to the men in the trenches by other soldiers, who scurry like rabbits through long uncovered tunnels running back from the works concealing the guns.

These men in the trenches must have good food in order that they can have good blood, and if they have good blood, they have good courage, they keep warm because their circulation is good and their extremities are warm from exercise. Many men are invalided, however, because their blood and their stomach were not right to withstand the awful hardships of this winter campaign.

When you do not properly digest your food your blood becomes thin and every organ of the body soon feels the effect. The result is—headaches, sleeplessness, nervousness and many other symptoms—due to accumulation of poisons in the body. Unless the stomach is given aid at this stage—more serious illnesses follow. Now is the time to help your weakened stomach—now is the time to take Dr. Pierce's Golden Medical Discovery (in tablet or liquid form). It has the same power to set you right as it has been proved to have in thousands of other cases. It will help your stomach so that the food you eat will nourish and sustain you and make good reviving blood. It will enable you to get rid of the waste a sluggish liver and irregular bowels have permitted to accumulate in your system.

Dr. Pierce's Golden Medical Discovery is composed of known native healing remedial roots and herbs with no alcohol nor narcotic drugs to give you harmful habits. It can now be obtained in tablet or liquid form from dealers or send 50 stamps for box of tablets.

Address Dr. Pierce, Invalids' Hotel, Buffalo, N. Y.—Advt.

WOULD MAKE WICHITA FALLS SPOTLESS TOWN

Business Houses Will Be Asked to Wash Sidewalks Daily at Their Fronts

Clean sidewalks will meet the gaze of shoppers downtown hereafter if the wishes of the sanitary committee of the council are carried out, as every business house will be asked to wash the sidewalk in front of its building, the first thing each morning. The sanitary committee has taken this action at the request of the Civic League and it is hoped to have every downtown business house join in the movement beginning tomorrow.

It is believed that with the sidewalks clean and spotless to start the day, it will be much easier to keep them sanitary throughout the day and with the support of the business men it is thought the conditions which heretofore have existed will be eliminated.

THE LOVE FOR A GARDEN is a treat that is born to all who love a home, therefore a home in Floral Heights is probably what you are seeking where you can indulge in the pleasure of a nice garden. If you will consult our list of lots you are sure to find just what you desire. We will build you a home on small payments at 8 per cent interest. See

OUR BUSINESS IS GOOD
And I am proud of the class of business that comes to my shop. I have always strived to please my customers with the best in work and service, and there is a satisfaction in knowing that I have succeeded. My customers are proof that the best is none too good for a customer. The customers of a business are usually on a par with the business itself. Good work and good service brings good customers, while cheap, undependable service brings customers who do not appreciate the best. If you want the best, let us have your business, as that is the only kind of service we have. Don't send your work to the cheap shop.

WHEN YOU STOP TO THINK
Have you really done all you could towards beautifying that cemetery plot of yours? We know it is the habit to neglect those things, and count a death in the family as an added burden to be thrown off as lightly as possible. Yet, don't you think you owe it to the community in which you live to at least assist those who are striving with all their might to make our BURIAL GROUNDS half way beautiful.
The good ladies of the Cemetery Association have labored long and unceasingly, without so much as "thank you" from good influential citizens, who have never looked at their plot since that last sad day when some one was buried. Are you a real live wire, or just a plain make believe? Go out and look the situation over, that neglected plot on the hill will answer this question for you.
