## One Killed and Two Injured in Auto Wreck Last Thursday Evening

### G. T. Glenn Killed Immediately by Head Striking Hi-Line Pole

On last Thursday evening while coming to Portales from Clovis, the Ford coupe driven by Miss Roselle West of Clovis, left the highway at the curve at the edge of town, dashing into the high tension pole of the New Mexico Utilities Company.

G. T. Glenn, who was on the right side of the seat, was dashed against the pole, crushing his head and tearing his right arm off at the elbow.

His brains were scattered on the ground and for several feet on the pole.

Miss Roselle West, who was driving, and J. T. Ring of Clovis, received painful but not serious injuries.

It was reported that the car was going at a speed of about 50 miles an hour, and in attempting to make the curve, the accelerator stuck, and the car failed to slow down.

The engine passed the pole, the car striking the pole at the right door. The rear end of the car was torn completely away.

One boy who saw the accident says that the car made a complete turnover, landing on the wheels facing in the opposite direction from which it was being driven.

Ed J. Neer brought the remains of Glenn to town and held the same until the arrival of the ambulance of C. V. Steed of Clovis.

Miss West and J. T. Ring were taken to the office of Dr. Soe, where they were given emergency treatment for their wounds.

The wreckage of the car was hauled in by the Universal Motor Company, and it was only upon close examination that the type of car could be determined, so badly was it wrecked.

Miss West gave her age at 20 years, J. T. Ring at 38 years, and the fatal victim of the wreck was 40 years of age and resided at St. Vrain, N. M.

## Regulations Covering Taking of Two Deer in Black Canyon Area, Grant and Catron Counties, New Mexico

**REGULATION NO. 39**  
In order to relieve a congested condition and to remove excess numbers of deer in Black Canyon, IT IS ORDERED by the State Game Commission that within the following area, during the regular open season and under special supervision of the State Game Warden, two deer may be taken, only one of which may be a buck:

Bounded on the north by the divide between the Tom Moore Canyon and Diamond Creek; on the west by the east fork of the Gila River between the mouth of Tom Moore Canyon and Alum Mountain; on the south by the divide running from Alum Mountain to Copper Peak and then around the head of Apache and Squaw Creeks to a point two miles east of the Meason Place, thence northward across Black Canyon to the mouth of Bonner Canyon and on north to Meow Mountain.

Adopted at Santa Fe, New Mexico, this 8th day of August, 1931, by unanimous vote.

STATE GAME COMMISSION.  
Colin Neblett,  
President and Chairman.

Attest:  
Elliott S. Barker,  
Secretary.

The above described area is accessible by road from Silver City on the south and Beaverhead on the north, and also Copperas Canyon on the southwest.

No additional charge will be made for the taking of an extra deer in Black Canyon area. Hunters going into this area, however, must pass thru a checking station at the boundary of the area on either of above mentioned roads and secure a permit to take a doe within the area.

It is permissible under permit so secured to take either a doe and a buck or two does, but not two bucks.

## Caused Store Robbed Oct. 1st

On the night of October 1st, the store at Causey was entered by burglars and merchandise to the amount of several hundred dollars was taken.

The loot included one carton of smoking tobacco, four cartons of cigarettes, five 8-pound buckets of lard, seven 48-pound sacks of flour, two sides of smoked bacon, one crate of eggs, one sack of sugar, one sack of potatoes, one box of candy bars, one case of dried apricots and one case of dried peaches.

Several pocket and feed heading knives, a pair of hair clippers, a Firestone 47x19 automobile tire, eight pairs of cowboy pants, 14 pairs of blue work trousers, 14 pairs of ladies' hose, several suits of men's underwear, six shirts and 18 pencil tablets.

The sheriff's office believes that the merchandise will be offered for sale, and asks all to be on the lookout for it.

### Legion Post Elects Officers

The election of officers was the business of most interest coming before the Legion body which met in the hall of the Carl McDermott Post of the American Legion on Monday night.

Commander Jack Howard conducted the business meeting and received the reports which were given concerning the work of the organization.

The Legion received the report given by District Committeeman Floyd D. Golden concerning the meeting which was held in Santa Fe recently. A committee was appointed to determine the number of Legion men in the Portales district and if possible double the membership of the local post.

After the election of the new corps of officers a rising vote of thanks was given the retiring officers for their very efficient service.

The newly elected officers consisted of the following: Post Commander, Ed Copeland; Vice Commander, Ernest Pogue; Adjutant, E. B. Siddall; Service Officer, N. Stool; Sergeant at Arms, Ed Brooks; Chaplain, H. A. Hunter; Historian, R. A. Young.

## New Mexico Exhibit at Dallas

The New Mexico exhibit at the Dallas Fair this year will be one of the outstanding exhibits.

Coe Howard and W. B. Oldham are in Dallas arranging this exhibit this week.

The New Mexico exhibit in the past few years has attracted great attention from the many thousands of visitors at the Dallas Fair, and the exhibit this year will cement this interest and result in much favorable advertising for the state of New Mexico.

## Mr. Sullins Suffers Paralytic Stroke

Last Friday night C. M. Sullins was stricken with paralysis and at the present time is in a serious condition at his home here in Portales.

Members of his family have gathered at the home and are greatly alarmed over his condition.

Mr. Sullins has not been in the best of health for the past several weeks, but has been able to attend to his duties in connection with the Portales station of the Roosevelt County Dairy Association, of which he was manager.

## Near Serious Wreck Monday

Monday at noon there was a car wreck on State street which came near being serious for the occupants of both cars.

A Chevrolet sedan, which was parked at the curb, was run into at the rear by a Ford car driven by a young lady.

The Chevrolet contained three of the high and junior high teachers.

The rear bumpers and trunk were smashed in, the rear glass shattered, and was prevented from striking the occupants by a Caribad cavern sticker holding the glass in place. The glass in the right front door was shattered, but owing to it being rolled down, no one was cut.

All three teachers suffered from stiff necks and sore arms after the collision.

The Ford was occupied by a young lady, a man and his wife and a baby.

The Ford was not injured, but the driver, after the collision, failed and was rushed to the doctor for aid, but it was found that she had suffered no injuries, but the shock.

The Chevrolet was parked at the right hand curb, when hit by the Ford. The Ford car was traveling at a speed of 15 to 20 miles per hour.

## Portales Rams Victors in Hereford Game

Last Friday the Portales Rams played the second game of the season on the local gridiron, defeating the Hereford team 6 to 0 after fighting the full three quarters to finally score to winning goal.

The Portales line was 100 per cent improved over the previous game with Farwell, and held the strong Hereford backfield, never once giving them a full ten yard run, while the Portales team were able to add yardage with any play, at random, however in many instances failing to have the necessary punch to carry it over the goal for a touchdown.

Both teams were troubled with fumbles while recovering, most of the time some were lost ball, especially in the last five minutes of the game, as Hereford made a passing attack trying for a goal.

In the last minute of the third quarter the Portales Rams threw a pass and ran about twenty yards for a touchdown. Kirksey, fullback for Portales, carried the goal over. A fumble of the ball on the try for extra point prevented scoring.

Each quarter was a run from one end of the field to the other with Hereford's territory most of the time.

A shift in the line and the backfield from that of last game made quite a difference in the playing of the defensive side and from this showing the Rams are expected to have a good game against the Millitary Institute high school boys next Friday at Roswell.

## Senator Morrow Died Suddenly Monday Afternoon

NEW YORK, Oct. 5.—Senator Dwight W. Morrow died at 1:32 o'clock this afternoon of a cerebral hemorrhage in his home at Eaglewood, N. J.

President Shocked  
PHILADELPHIA, Oct. 5.—President Hoover was notified of the death of Senator Dwight Morrow of New Jersey just before his special train left the North Philadelphia station for Washington today after he and Mrs. Hoover witnessed the third game of the world series.

The President was visibly moved. A short time later Theodore Joslin, a secretary, appeared at the door of the President's car and said: "The President requests me to say that he is greatly shocked to hear of Senator Morrow's death and that he will enlarge upon that statement when he returns to Washington."

## News Editor Visits The McAdoo Well

On last Sunday the News editor, in company with J. B. Crow and Mr. Garrett, visited the McAdoo well in DeBaca county.

This well is closed to visitors, but through the courtesy of Mr. McAdoo, this visit was made possible.

The well is now drilling at 4675 feet, and numerous showings of gas have been found in the past two weeks.

The formation is of a blue shale, and the drillers are confident that it will soon become a producer.

Every courtesy was shown the visitors by Mr. Kinnier and his son, who are in charge of the drilling.

The formation is running true to the geologist report, and it is expected to reach the oil at a depth of around 4700 feet, however, arrangements have been made to carry the well to a depth of 5,000 feet unless production is found before that depth.

## This Is Fire Prevention Week

This week has been designated as Fire Prevention Week, and all are requested by the local fire department to have their flues and wiring examined to see that it is in safe condition for the winter.

A little carelessness on the part of the home owners may cause serious damage to themselves and their neighbors.

## Quail Season Opens Nov. 10

Quail hunters will have only thirty days hunting this year.

The season opens on November 10th and closes on December 10th. Twelve birds per day is the limit. Hunters are warned that the season has been changed from November 1st, as in previous years.

Dove season opened on September 1st and will close on December 15th, with a bag limit of 25 per day.

## Roosevelt County Exhibit at Roswell

Word from Ralph R. Will, Carl Turner and Wallace King states that the Roosevelt county exhibit at Roswell is in good shape and that the county has a creditable exhibit.

Friday a delegation will go from Portales to Roswell to attend the Fair, and attend the football game between the Portales high school team and the high school team of the military institute.

A committee is now at work to secure transportation for the football team, the Portales Band and the Pep Squad.

Friday instead of Thursday has been designated as Portales Day and it is hoped that a good delegation will go down on this day.

### N. M. School Head Is Arrested

G. V. Landers, principal of the high school at Hot Springs, N. M., was arrested here Saturday in connection with a mail fraud case and brought to Roswell by James C. Martinez, deputy United States marshal, was removed Sunday to Dallas, Texas, where the charges have been filed.

Landers is believed to be an innocent seller in a fake promotion scheme, according to U. S. Marshal J. J. Tondra. Details of the case could not be learned here yesterday, and the name of the man supposed to be engineering the scheme was not known. He is under arrest, however, and already is in Dallas.

The Hot Springs man was taken to Dallas by Deputy Marshal Jim W. Johnson and Probation Officer J. R. Galusha—Roswell Dispatch.

## U. S. Juror Fatally Hurt When Auto and Truck Collide

ROSWELL, Oct. 4.—Edward Folks, 25, of Tucuman, died in a hospital here Saturday night of injuries received in an auto accident six miles south of Hagerman late Saturday afternoon.

Folks, who was a member of the federal petty jury in session here, was returning from "a visit to Carlsbad caverns. According to reports of the accident, Folks in attempting to pass a truck which had no lights, collided head on with another truck driven by R. B. Sleasor of Carlsbad. The force of the impact caused the truck to overturn, but Folks' car remained upright.

Sleasor and his wife received minor cuts and bruises.

## Santa Fe to Put Offenders on Street Work

SANTA FE, N. M., Oct. 1.—Santa Fe is going to get a lot of free road work done in Santa Fe at least. Police—Magistrate Joe Baradine will be the judge today that instead of fining defendants who appear before him on charges of intoxication he will sentence them to work on the city streets.

Monday afternoon the judge sentenced a number of offenders to serve sentences varying from 10 to 15 days on the road. If they did not want to do this they could take a 30 day sentence in jail, he told them.

## Spend and Give Work to Jobless

WASHINGTON—America's employer should spend money in order to give work to those now unemployed, Walter S. Offord, director of the president's organization on unemployment, urged in the program for local relief he has placed before the session.

### Two Local Boys On State Team

Roosevelt was fortunate in having two of the students at A. & M. College from this county selected on the stock judging team which left this week to compete in the stock judging contest in St. Louis on Monday and Tuesday of next week during the National Dairy Show which will be held in that city on these days.

Orville Harris, a son of Mr. and Mrs. S. H. Harris of the Rogers community and Lawrence Little, son of Mr. and Mrs. Lewis A. Little, in Portales, were the two boys from this county. The other three young men forming this New Mexico team were J. D. Copeland, Roswell; Ralph Skaggs from Las Cruces and Everett Gates of Estancia.

The team, together with Prof. D. C. Cunningham, passed through Forties the first of the week on their way to the Missouri metropolis. In route they will stop at Guthrie, Oklahoma and do some stock judging at the dairy show which is being held in that state.

The party was the guest of Mr. and Mrs. Lewis Little during the over night stay in Portales.

## Potato Festival Sale Going Good

The Potato Festival Sale at the United Dry Goods Company is going good.

Unique decorations in the window show sweet potatoes, an o'possum, and the center of the decoration is a 4 1/2 pound sweet potato grown by C. L. Gyles.

This is a unique sale and is attracting much attention.

## Richard Noble Died Friday

Richard (Dick) Noble, former Clovis resident, died in Los Angeles, California, yesterday, after a lingering illness. It was learned here today, that he had been confined to his bed since January.

Mr. Noble was connected with the Santa Fe railroad in the division engineer's office for a number of years after graduating from the Clovis high school. He resigned from the Santa Fe employ six years ago to move to California in the interest of his health.

Mr. Noble was a brother of Joe Noble, Peccos division engineer for the Santa Fe, and Woods Colvin of Clovis. Besides them he is survived by his widow, his mother, Mrs. J. P. Noble, and a sister, Miss Hanson, Noble of Los Angeles. He was the son of the late J. P. Noble, who was for a number of years justice of the peace and Clovis police magistrate.

Mrs. Colvin and Mr. Noble had been at their brother's bedside for the past ten days.—Clovis News Journal, Oct. 3.

Mr. Noble was married to Miss Roma Stone, formerly of Portales. The only child, a little daughter, was born to Mr. and Mrs. Noble October 1st, the day before the husband and father passed away. The little girl was named Roma Jane.

Mr. Noble's sister, Miss Douglas Stone, and her brother, Douglas Stone, were both with her at the time of her husband's death.

## Liquor Taken On Estate of Secretary of Navy, Adams

SCITUATE, Mass., Oct. 5.—Police today seized 600 cases of assorted liquors valued by them at about \$50,000 on the summer estate of Charles Francis Adams, secretary of the navy. Three men found in the Adams garage were arrested. Thomas Maloney, caretaker of the estate, said he knew nothing about the liquor.

Adams to Ball Game  
WASHINGTON, Oct. 5.—News that 600 cases of liquor had been seized on the summer estate of Secretary Adams at Scituate, Mass., reached Washington today by the cabinet officer was en route to Philadelphia for the world series game, with President Hoover.

Prohibition officials had not yet received any word of the seizure.

## Speedy Music His Revenge on Policeman

NEW HAVEN, Conn., Oct. 4.—This is a story of revenge.

It so happens that Anthony R. Teta is a printer and band master. Recently the police raided his printing plant and discovered 4,000,000 lottery tickets. Teta paid a \$1,200 fine.

Shortly after his conviction, he was asked to lead his 100th Infantry band in music for the police drill team which was to exhibit its marching prowess before the chief and police commissioners.

Teta volunteered gladly. A little investigation informed him the police were accustomed to drill at 90 beats per minute.

The official observers and proud families of the drill team, waited expectantly. Teta raised his baton. The drill captain gave an order.

Teta's band swung into a spirited march at 158 beats to the minute. The policemen galloped out and whirled dizzily through formations. On raced the music. The policemen swung plaintive side glances toward the bandmaster but Teta only smiled and swung his baton.

The drill ended. The policemen wilted.

Teta had his revenge.

## Piatt Arrested For Embezzling \$300 of New Mexico Funds

SANTA FE, N. M., Oct. 5.—Charles A. "Budge" Piatt, 31, former chief clerk of the New Mexico state engineer's office, has been arrested in St. Louis on a charge of embezzling \$300 of New Mexico funds.

A telegram from the St. Louis police to Chief of Police Tom Stewart of Santa Fe said Piatt confessed embezzlement and was willing to waive extradition.

Piatt, son of W. L. Piatt, superintendent of mails at the Santa Fe post office, was employed through two administrations and part of a third as chief clerk in the engineer's office.

He left the office shortly after January 1, when the state administration changed, with George Neal succeeding Herbert W. Yeo as state engineer.

Piatt admits it.

ST. LOUIS, Oct. 5.—A young man wearing soiled and ragged clothing, who surrendered to police last night and described himself as Charles Piatt, 22, told Chief of Detectives Robert Kaiser today he had embezzled between \$1,000 and \$5,000 from the New Mexico state engineering department.

He said he entered the employ of the engineering department four years ago as a stenographer and bookkeeper at a salary of \$125 a month, advancing to the position of chief clerk at \$175 a month before he quit last May 15.

Mr. and Mrs. T. D. Cothern and their two children came in from the farm and visited a portion of last week with their parents, Mr. and Mrs. W. T. Cothern.

## Contented Cows Now Giving 27c Cream

The cows of Roosevelt county are now wearing a contented expression, the cause being 27 cent cream.

The cows are of the universal opinion that this will mean more and better feed for them this winter, and that they will eat crushed grain and cotton seed meal instead of tumble weed hay and beargrass roughage.

This advance is encouraging to the dairy farmers as well, as it insures them a cash income at a time when it is very welcome.

The low price of cream for the past six months has been discouraging to the dairymen and many have turned their cows dry.

All cows that give milk will be gathered up and fed to get the best of production.

On every farm there is an abundance of feed this year, and the winter will see the dairy cows cared for in the best manner possible.

The cream can will pull Roosevelt county out of the depression.

PAY YOUR DEBTS

If every citizen would place every dollar that can be spared to reduce their indebtedness, prosperous times would soon return.  
When Smith hands Jones a five dollar bill to apply on Smith's indebtedness, it enables Jones to pay Brown that five dollars which has been owing for months.  
The five dollars will continue in circulation, and within a short time will have paid several hundred dollars in debts.  
There is as much money as there ever was, but it's being kept out of the channels of circulation is injuring the business of the nation.

PROTECT THE SHADE TREES

The shade trees of Portales are now threatened with destruction by the ravages of the web worm, which spins its webs in the branches and saps the vitality of the trees.  
The best method of destroying these worms is to make a torch on a long pole and burn the nests of worms out.  
As these worms are of a short life and multiply rapidly, this procedure will have to be followed up in a week or ten days, and get the new hatch of worms.  
These worms spread from the trees to vegetation, and damage the flowers as well as the trees.  
Portales' shade trees are too valuable to let them be damaged by these worms.

BIG DEMAND FOR COTTON PICKERS

Daily one sees the call for many cotton pickers in the cotton fields of the Texas Panhandle, and while the wages are small, it will enable the pickers to make more out of a bale than the farmer who has produced it receives.  
All idlers should be sent to the cotton patches and given to understand that unless they do their part for their own support, no charity will be doled out to them the coming winter.  
Every county should keep a register of those who are offered jobs and who refuse to work. By an interchange of these names, the loafer can be eliminated and the world will have made a great step towards renewed prosperity.

CAUSE OF HIGH TAXES

High taxes are the concern of us all, yet we do things that only causes higher taxes.  
Visiting in the court house discloses that each month matters are brought before the County Board of Education and the Board of County Commissioners that are of minor importance and should have been settled by the individual communities.  
These matters take up the time of these boards, and consequently increase your taxes.  
When you have a difference of opinion in your school district, the better plan is to get together and work out an equitable agreement among yourselves, and not burden the board with it.  
This method will save hard feelings between neighbors, and work for better schools all over the county.  
It will save time and money to the tax payers of the county, and all will be much happier.  
Why not try it for a few months?

OLD REMEDIES STILL HOLD GOOD

A Worth While Editorial Selected by the National Editorial Association  
In the stress of these depressed times many folks have almost lost their heads in seeking some method by which we can come back out on the plane of normal times. Freak methods, isms, panaceas, legislation and all that sort of thing are just so much delay in the path of prosperity. The old remedies still hold good and it is not by hitting on something new but by getting back to the old, the sound and fundamental principles upon which America was founded, that we are going to work out our future.  
Hard work, sacrifice, honesty, prudence, saving, management and the principles of the Christian religion are the rules for success which our forefathers used to conquer a wilderness and lay the foundation for the greatest nation in the world today. Prosperity brought with it the dreams of short cuts to fame and fortune. America chased the bubble until it burst, and now most of us are sitting down trying to think of some short cut or scheme to get back on prosperity's road again. We need rather to get back sound common sense.  
The world is changed, but the principles upon which civilization was founded have not changed. The inequalities under which we are now chafing are the result of our disobeying the fundamental principles listed above. Instead of further fooling ourselves by following some of the many who are proposing unsound ideas about the return of prosperity, let's get back to the old remedies. They will still hold good, if we but apply them.—News, Lenoir City, Tennessee.

WHISPERINGS

A Worth While Editorial Selected by the National Editorial Association  
Fast, Fast, Fast! Have you? You don't say! Well, Well! And away goes another reputation for lifeliving honesty, decency, fight living.  
There isn't a more sinister, vicious, evil, advantage-taking method of spreading derogatory propaganda than through the Whispering Grapevine Route.  
At times it rolls along apparently harmless as idle gossip. Then again as a thistle it turns over and over, gathering more rubbish through malignant contacts with venomous subjects which cling to it, until finally it becomes a giant prairie roller, a composite of all that is filthy and putrid in the community.  
Fanned by the gale, the fastest runner cannot keep up with it. White-livered, black and white striped animals, who in order to further their own interests, or who delight in besmirching decent characters to the annoyance of their own, start their whisperings by planting them deliberately as vulnerable pecking points, breathe the breath of life into their monsters, and then all the imp of hell leads them on.  
The old-time alleged powers of witchcraft were inconsequential, compared to the possibilities for character-dragging embodied in the whisper of Dame Rumor, and yet today there are no stocks to fasten these vicious Rumor purveyors in, as objects of public contempt; no laughing posts at which to scourge them; no stakes at which to burn them.

Suicides, murders, bank failures, bankruptcies, home, church, and school wrecks are spectacles which rattle at the gate of Dame Rumor. Politicians work her overtime, and even in Washington's day she was so active, he declared he'd rather fight a whole army than one vicious rumor.  
The worst enemy of prosperity, the outstanding enemy of progress, the foe of harmony, the greatest enemy of happiness, and the biggest liar in the universe, Dame Rumor is a wanton who refuses to come out and fight in the open.  
She is sneaking, cowardly snake-like; an object of fear and abhorrence, that should be crushed, squelched, choked, and hurled back into the depths of the bottomless pit from which she dared to emerge, because of the satanic efforts of her masters.—Leader, Pipestone, Minn.

Portales, N. M., Sept. 28, 1931.  
Mr. J. G. Greaves,  
Editor Portales Valley News,  
Dear Editor:

Please permit me to write an article, and have it printed in the coming issue of your valued paper, as it seems we have quite a bit of explaining to do in person in regard to the county's fiscal budget.

Now please permit me to say that when the county commissioners met in July to make a budget for the ensuing year, we used to a great extent our previous budget records in the making of the 1931 and 1932 budget, not taking into consideration that we would probably need more money in the budget fund, with which to help some worthy needy person or persons within the borders of our county. We figured we had been getting by with the budget allowance and would pass over the coming winter without having too much money in this fund. But for those that are anxious to know, will say that after the budget had been made and properly signed and went to Santa Fe, the allowances for the different items were considerably changed, at the request of some party or parties, whereby the budget fund was raised from \$300.00 to \$1300.00, and this and other changes were taken from the county road fund. I wish to say here that we appreciate the aid and cooperation of the citizens at all times, but not to the extent of modifying or making over the county budget, as we have studied these problems very cautiously and well know that we cannot do something with nothing. Our road budget was already short from that of last year \$1,000.00, and both machines standing idle at the present time for want of funds to operate. I do not think the tax payers object to spending their money just so long as they are getting something needed in return for their investment.  
Now in regard to helping the needy, we, speaking for the county commissioners, will say that our ideas differ to some extent as to what we have heard talked while on the streets as to our people within the borders of our county. Most all of them would have too much pride within themselves to join in a bread or soup line, which I hear rumored. Several are waiting for it. Now we can not help the unemployed that have come to Roosevelt county, as we did not send out word for help, and for that reason, no matter how good or whose kin they might be, they are like a person going up in an airplane, they simply take their lives in their own hands. If work can be provided for them to such an extent that they have a little extra change so that they may journey on, so much the better, and if that can not be accomplished, then let those that are anxious to do something to make a livelihood, go out and pick vegetables or Portales potatoes, or any thing else they can get that would help in time of need that could be canned up for their own use when that dark day arrives. I am most sure there are many truck farmers in the valley that would gladly give truck for labor instead of paying cash, when their commodities are selling so cheap on the market.  
From what has been said in commissioners' court, we are not in harmony with a soup or bread line and not in accord with the wishes of many of our tax payers, as they feel in a time like this, when it is hard for them as a whole to meet their own obligations, to put an extra task on them of feeding outsiders.

Very sincerely yours,  
COUNTY COMMISSIONERS,  
By Paul Eminger, Chairman

FRIENDSHIP

We had a good rain last Tuesday night which will help our gardens and wheat. Farmers are busy gathering feed. Some have begun picking cotton.  
Mrs. J. L. Roberson, Herman and Louise Roberson returned home last Saturday night from Borger, Texas, where they have been the past two weeks at the bedside of their son and brother, J. L. Roberson, who was operated on for appendicitis, he having recovered enough from the operation was brought home with them. He and family for a visit until he can regain his health and strength.

The seniors went on a picnic to the Lewiston Lake. They ate supper around a campfire and played games until about 10:30.  
Mr. and Mrs. Percy Jones gave a fruit supper Saturday night. A large crowd attended, with plenty of fruit and cake for all.  
Don't forget the Floyd Faculty Play October 16.  
The home economics cottage has been cleaned, varnished and waxed, and the girls have made attractive white princess uniforms with green collars and cuffs to match the color or scheme of the apartment. The girls have also embroidered attractive dish towels and are beginning lesson preparations on breakfasts. There is a fine new Perfection range in green and ivory colors that is a valuable piece of equipment for the apartment.  
The H. H. M. Club was organized the first week of school and the girls, with Mrs. Foster's help, have outlined the entire year's program. Each month there is to be a social and educational meeting. Inez C. Nash is president of this organization.

The high school held an election the past week and organized the student body. Herbert Little was elected president, Ralph Lofton vice-president and Ole Sweet secretary. Beale Widener and Lynn Chumbley were elected yell leaders.  
The Juniors and sponsor went on a picnic supper to the white sands Friday night. They played wild Indian games and sang songs

around the campfire. Only one catastrophe of the evening, and that was when someone called, "There's a man," and the boys outran the girls getting away. They stopped en route and gathered watermelons.  
The seniors went on a picnic to the Lewiston Lake. They ate supper around a campfire and played games until about 10:30.  
Mr. and Mrs. Percy Jones gave a fruit supper Saturday night. A large crowd attended, with plenty of fruit and cake for all.  
Don't forget the Floyd Faculty Play October 16.  
The home economics cottage has been cleaned, varnished and waxed, and the girls have made attractive white princess uniforms with green collars and cuffs to match the color or scheme of the apartment. The girls have also embroidered attractive dish towels and are beginning lesson preparations on breakfasts. There is a fine new Perfection range in green and ivory colors that is a valuable piece of equipment for the apartment.  
The H. H. M. Club was organized the first week of school and the girls, with Mrs. Foster's help, have outlined the entire year's program. Each month there is to be a social and educational meeting. Inez C. Nash is president of this organization.

The high school held an election the past week and organized the student body. Herbert Little was elected president, Ralph Lofton vice-president and Ole Sweet secretary. Beale Widener and Lynn Chumbley were elected yell leaders.  
The Juniors and sponsor went on a picnic supper to the white sands Friday night. They played wild Indian games and sang songs

THE "HIDDEN QUART"  
That Stays up in the Motor and Never Drains Away  
—is Worth its Weight in Gold to Any Motorist!  
It's not the mileage your speedometer shows that makes your car wear out quickly, lose power and need costly repairs. It's motor wear, caused by friction, that does it! And almost half of all this motor wear occurs while you're starting. Cut down starting wear and you'll give your motor longer life.  
That's just what the "hidden quart" of Conoco GERM Processed Motor Oil does! It stays up in your motor and never drains away and thus cuts down starting wear! Ordinary oils drain away, leaving working parts unprotected until oil is pumped from the crankcase through the motor, which takes several minutes. Conoco GERM Processed Motor Oil penetrates and combines with metal surfaces of working parts, stays there and never drains away. The "hidden quart" safely lubricates every cylinder, piston and bearing the instant you touch the starter.  
The "hidden quart" is worth its weight in gold to you! From the first fill with Conoco GERM Processed Motor Oil, you'll have this "hidden quart" up in your motor, giving safe lubrication at all times, lengthening your motor's life. Drain your crankcase now... fill with GERM Processed Oil at any station displaying the Conoco Red Triangle.

**Mrs. H. M. Livingston Suddenly Stricken**

Last Friday morning Mrs. H. M. Livingston was stricken with paralysis while in her home at the corner of Pine and Montana streets.

She was alone in the room doing her daily routine of duties when she was overcome with the attack, and was lying on the floor in an unconscious condition when found a few minutes later.

A doctor was summoned immediately and a trained nurse placed on the case and everything possible was done, but Mrs. Livingston passed away about four o'clock Tuesday morning.

From her facial expressions, it was quite evident she was conscious much of the time and recognized the members of the family gathered at her bedside, but she was never able to speak or have any use of her right side.

Mrs. Livingston before her marriage was Martha M. Skaffe and was born in Livingston, Wisconsin, April 4, 1862. On August 21, 1883, she was united in marriage to Hubert M. Livingston of Livingston, Wisconsin, and they had that state their home until 1910 when Mr. Livingston came to New Mexico and established a home to which his wife and family came later.

She was a member of the Methodist church and was loved for her Christian character and kind consideration of her friends. Her calls upon the sick and shut-ins were always cheerful and pleasant and her stay was considered a bright hour in the day of her acquaintances.

Mrs. Livingston is survived by her husband, who is broken with grief, two sons and three daughters, four brothers, one sister, three granddaughters and four grandsons. One son, Samuel E., lives in Casita Rock, Colorado, and the other is principal of the junior high school in Portales, Kenneth Livingston. The three daughters all live in Wisconsin. Mrs. Eva Baigley at Livingston, Mrs. Augusta Adrain at Catsville, and Mrs. Margaret Eustace at Milwaukee.

The funeral services were held at the family residence Tuesday afternoon at five o'clock, and the house was filled with sorrowing friends. A chorus of friends from the different churches of the city furnished the music and Rev. Lorte, who has been a neighbor of the Livingston family since he came to Portales, was in charge of the services. Wheeler and Johnson, funeral directors, prepared the body for the trip to Livingston, Wisconsin, where it will be interred in the family cemetery of that city, beside a daughter who has preceded the mother in death.

age in that area is short and the corn is exposed to rains.

Marketing operations are opening up in the Walsh and Spring field, Colorado, sections, but sales so far have been limited mostly to dealers, with manufacturers not yet active. Harvesting is progressing rapidly in the extreme west end of the Oklahoma Panhandle and baling is under way in good volume. Northern New Mexico broomcorn districts have just begun baling. Delays in harvesting have resulted in much red corn, which has greatly lowered the general quality, particularly the longer lengths, which otherwise would have been a good quality of haul. In the Portales district about 75 per cent of the crop has been cut and around 40 per cent baled. Sales so far have been only to local buyers, outside interests not having arrived.

Terminal markets are still quiet, with dealers continuing to operate from the field district. Receipts at Wichita for the third week in September totaled 15 carloads and shipments a like number. A week ago 30 carloads were received and 8 shipped. Last year the inbound movement was 15 cars and outbound 15.

Lindsay prices were generally unchanged on the upper qualities, but somewhat lower on poor brush, covering an extreme range of from \$40.00 to \$117.50 per ton. Good to choice corn continued to sell from \$80.00 to \$100.00, but due to the fact that most of the corn was of a lower average quality, the bulk of sales for the week was from \$60.00 to \$80.00 per ton for brush, covering an extreme range of from \$40.00 to \$117.50 per ton. **ORPHANS' HOME NOTES**

The Home is getting along in a fine way. The people from Fort Sumner brought us a truck load of apples and the women in and around Portales are showing a fine spirit in helping us to can this fruit. We are indeed most appreciative of this assistance.

To those persons who are making sorghum molasses or have sweet potatoes, we might remind them that the children like both of these foods and we would be glad to call and get any surplus that any person might have to spare.

A home for orphaned girls and boys is one of the greatest institutions in the world, and all assistance given the management of the New Mexico Baptist Orphans' Home is greatly appreciated.

If there are housewives having some fruit jars which are not being used, we would be glad to have the use of them as we are greatly in need of containers for our fruits and vegetables which are being canned daily.

Yours to help humanity,  
W. C. GRANT, Supt.

**Broomcorn Markets Less Active**

With Trade Shifting; Prices Show Easier Undertone

KANSAS CITY, Mo., Sept. 29.—Broomcorn markets were somewhat less active at the close of the week ending September 26, largely because the peak of trading in the earlier sections had been passed while activities in later areas had not yet reached important volume, according to the U. S. Bureau of Agricultural Economics in its Weekly Broomcorn Market Review.

There was a noticeable shift in interest from the Lindsay district to western and northern sections as baling operations expanded and brush became ready for market in increased volume. As yet, however, Oklahoma markets continue to report the largest volume of trading. Harvesting of broomcorn in Illinois is rapidly nearing completion. Reports indicate from 90 to 100 per cent of this work has been done, while from 15 to 50 per cent of the crop has been baled. Growers in Illinois generally show willingness to sell at prevailing prices, but demand has not opened up in volume and most markets are reported quiet. Increased amounts of brush are becoming available in New Mexico, but trading so far has reached only limited volume. Prices generally show an easier undertone.

On the basis of scattered Oklahoma reports, approximately 60 per cent of the broomcorn in important sections has been shipped out. These reports also indicate the best lots are being taken first and in some sections the bulk of remaining offerings is common corn. Interest in the medium and common qualities is said to be satisfactory, but because of the lower average quality of remaining supplies, the bulk of sales was at slightly lower average prices than recently. Oklahoma growers generally continue free sellers and, except in some of the outlying districts, the brush is being taken about as fast as baled.

Weather for the most part continued favorable, although temperatures were lower and a few points received rain.

Marketing at Southwestern Kansas points, particularly around Liberal, Kansas, has opened up in a minor way. Only a small portion of the corn is baled; but this work is going forward rapidly. Production in that locality was reduced by drought. Around Hugoton, Kansas, the crop has been cut, but little has been baled, and while growers display willingness to sell, no activity has developed. Trading in the Elkhart, Kansas, district is not yet active, because of the limited number of buyers present, but considerable corn is baled and ready for market with farmers eager to sell. Heavy rain damage to corn occurred in the Elkhart section last year and growers are not inclined to hold and take chances on similar damage this season. Farm stor-

**DINNER PARTY**

Mrs. Maud Smith and her daughters, Misses Irma Belle and Leta, were hostesses last Thursday evening at a pretty and pleasant dinner party.

The dining table was spread with a beautiful lace cover and the centerpiece was a bright bouquet of summer flowers with pink the predominating color.

The delicious dinner was announced at six-thirty and was perfect in every detail.

After completing the meal, the hostesses and their guests spent the remainder of the evening visiting in a most informal manner.

The guests included Mr. and Mrs. H. H. Buchanan, Miss Lucille Pitkin, Mrs. Lucille Cumble and Mrs. James Christie.

**SMITH-CHILDRESS**

On Tuesday night at 9:30 o'clock John Childress of Portales and Mrs. Anna Smith of Jackson, Tennessee, were united in marriage at the home of Judge and Mrs. S. E. Kerr.

Only close friends and relatives were present at the marriage ceremony, these included Mr. and Mrs. Edgar Foreman, Mr. and Mrs. V. F. Newman and daughters, J. C. Boyce, S. E. Kerr and family, all of Portales, and Mrs. A. D. Stevens from Lubbock, Texas.

Mr. Childress is Mrs. Edgar Foreman's father.

**Farm Board to Be Lenient On Federal Feed and Seed Loans**

The following from the West Texas Chamber of Commerce will be of interest to the farmers of Roosevelt county who made Federal feed and seed loans last spring. Owing to the low prices in farm products, the repaying of these loans will in some instances work a hardship on the farmers of the county.

Of the Roosevelt county loans of 300, twenty-five have been paid to date and partial payments have been made on a number of the loans.

Stamford, Tex., Sept. 28, 1931. To West Texas Production Loan Committee, Directors West Texas Chamber of Commerce, Local Chamber of Commerce secretaries.

Gentlemen: Amon G. Carter, in behalf of our production loan and agricultural committee, C. B. Jones, chairman, has been diligently working for two weeks on the United States Department of Agriculture with the view of securing leniency in collection government last year.

Authority has been secured by Mr. Carter from Secretary Hyde whereby the government field representatives are to be instructed "to consider each loan on its individual merits, granting extension of time on part or all where repayment would work undue hardships." In order to assist the government in the extension of these loans, Mr. Carter is now asking Secretary Hyde to re-establish the county production loan committees of last year and to prescribe rules and regulations for conducting the committee's work in renewing these loans. We feel that only in this way can the government analyze the needs of each borrower. As soon as a decision is made by the Secretary upon this request, you will be further advised.

Secretary Hyde in communicating with Mr. Carter stated it was "the government's desire to occasion the minimum amount of disturbance" and "was... glad to work out this difficult situation to best advantage of all concerned." Those concerned in this situation are the government, the farmer, and the local creditor. I know our county committee, if re-established, will consider the best interests of all concerned; will see to it that the government collects what it can on the loans without jeopardizing the future ability of the farmer to make a crop, and of the local creditor to remain in business.

Yours very truly,  
HOUSTON HARTE, President.

The school assembled Friday afternoon for the debate by eight of our high school pupils. The question of debate was, "Resolved, that the bull fights in the state of New Mexico should be prohibited." There was much preparation for this debate and it resulted in a very interesting one. After the debate the judges announced the negative as winners. The school then voted Morris Silvers as the best speaker of the afternoon.

**BAND TO ROSWELL**

The Portales School Band will accompany the Rams to Roswell tomorrow for the football game between the Portales team and the high school team of the Military Institute.

The members are asked to be at the high school building Friday morning promptly at seven o'clock and the cars donated for the trip will be ready at that time.

There are a few cars yet needed for the trip, and those persons planning to go to Roswell and who have some extra space in their cars, please notify E. N. Neer at the hardware store, that he may make arrangements for all boys and girls of the band.

**Forestry 2,000 Years Old**

The idea of managing a forest as a farmer manages a farm is of relatively modern origin and in a sense forestry is a young science. The case of trees, however, dates back into history's misty beginnings, says the American Tree association. China had a department of mountain forests nearly 2,000 years ago. The ancient Greeks wrote long treatises on the care of woodlands.

**Indians Fond of Water**

The bureau of American ethnology says that the Indians were remarkable swimmers, and some of the tribes were in the water as much as the primitive Polynesians. They swam six or seven different ways, including treading water, and would dive to the bottom of deep water. A common institution among the Indians was the sweat bath. They would sweat in a specially constructed sweat house which was closed up to keep the heat in, and when they thought they had sweated enough, would suddenly run outdoors, giving war-whoops, throw themselves into the cold water, and after a while re-enter the sweat house to dry off, since they had no towels.

**Bit of Old New York**

Thirty or forty years ago what was perhaps known as "The Tenderloin" centered about Herald square. It was the part of the town where the night life reached its climax and burned most fiercely. Everybody of any account visited the square, if only to see the two mechanical workmen atop the Herald building strike the hour of midnight on the faithful old clock that suddenly became illuminated in a weird red glow. Not far away was the West Thirteenth street police station, quite the busiest precinct in the city. From sunset to midnight a thin, steady stream of humanity flowed into the station house.—New York Times.

**Also Important**

The children's dinner was in progress. They had been provided with a nice fat chicken. "What part did you have?" asked one little boy of his neighbor. "The wishbone," was the reply. "I had a leg," put in another child.

One after the other they explained the various parts. Presently little Jackie, who so far had not spoken a word, held up a skewer and exclaimed: "Look, I've got the perch the chicken sat on!"

**Favorite Vegetables**

Jimmie, age four, is very proud of ability to eat various kinds of food that are placed before him from day to day. The other evening there were several guests at the table, and he was discussing his accomplishments to the discredit of his two brothers, whose tastes are not easily satisfied.

"I like almost everything," said Jimmie. "I even like liver and fat meat. Franklin and Shirley don't. Liver and fat meat are my favorite vegetables."

**Holy Cake**

Five-year-old Patricia is very religious. At dinner her aunt said: "Now, Pat, there's angel food and layer cake. When you are ready you can have either one." Some time after she said: "Auntie I'll take a piece of holy cake."

**BILL BOOSTER SAYS**

**TRICKS of MAGIC EXPLAINED by Will Lindhorst**

**HOW TO CHANGE ONE CARD INTO ANOTHER**

Three cards are used in preparing for this trick. Two of the cards are folded in half, and one-half of each is pasted on the face of the third card, which remains straight. The cards are pasted so the creases meet in the center of the third card, and this leaves the other two halves standing upright with backs to each other. These are then pasted together, and you will find that by blending them in either direction you will be able to change one card into the other. When you are ready to present the trick, hold the cards in your left hand with the upright part flat, so that it appears to be one card. Then pass your right hand over it, in the manner shown in the above drawing, and release the fingers of your left hand which holds the cards flat. As the hand passes over the cards it draws the bent part down or up, according to which way it is moved, and at the same time covers the movement of the card, so that when the hand is withdrawn the card will have changed into another. It is necessary to stand away from your audience so that the creases in the cards do not show.

Rules Submitted For Golf Club

Since the organization of the new Portales Golf Club, it is rumored that as soon as prosperity gets around the corner, that complete locker rooms will be erected, and in anticipation of this event the following rules have been submitted for the consideration of the rules committee:

- 1. Any member in the locker room who has a bad set of clubs should bid some other suit.
2. Members found prostrate on the floor from over-playing the nineteenth hole may be lifted without penalty.
3. Local Rule: Ball sliced from 18th tee into the ladies' locker room is deemed to be neither out of bounds, unplayable nor in a hazard. The player is deemed to be in one helluva fix.
4. Locker room quartets who sing 'Sweet Adeline' off key for more than two hours on a stretch will be expelled to a public course.
5. Any member caught drawing the likeness of a male cow on 'liquor forbidden' signs shall be expelled for improving a lie.
6. Any member who calls his wife on the clubhouse phone to explain why he's late for dinner, will be held responsible if her reply wrecks the phone or melts the wires.

- Ground Rules
1. Any member who asks the Pro to reshut a wooden tee, shall be expelled for tightness unbecoming a member.
2. Any player who is caught teeing his ball up for a putt shall be sentenced to serve three years on a house committee.
3. If a player fails to gain ten yards in four shots 'the ball goes over.' After the third shot it's always advisable to punt.
4. Penalty for ball out of bounds, loss of distance only. Penalty for two balls out of bounds, loss of distance, temper and religion.
5. Players who make a practice of occupying certain sand traps for whole afternoons must call up and reserve their favorite traps in advance.

4-H CLUB BOY GOES TO NATIONAL DAIRY SHOW

Richard Johnson, 4-H club boy of San Miguel county, has just been awarded first place in a state-wide dairy club essay contest. This award entitles him to a trip to the National Dairy Show, to be held at St. Louis, Mo., October 10 to 18, with all railroad expenses paid and board and lodging free while there.

This contest was sponsored by the Dairy and Ice Cream Machinery and Supply Association of New York City, and in New Mexico was supervised by E. E. Anderson, of the New Mexico Agricultural College. There were 26 contestants, representing five counties, and the essays were judged by a committee of three faculty members of the college. All stories submitted were reported especially good.

In order that the dairy club members might become better acquainted with the procedure followed in dairy processing plants, 'A Trip Thru a Dairy Plant' was the subject chosen. In order to take part in the contest, it was necessary for each contestant to visit at least one dairy plant and secure detailed information on each step of the manufacturing process from the time the milk or cream is received at the plant until it goes to the consumer as a finished product.

Richard Johnson has been a member of a dairy club for five years. Since entering club work he has been very active in both county and state contests, as well as competing in the regional contest at Denver. His essay has been sent to St. Louis to compete against the other state winners in the national contest.

NOTICE OF FINAL HEARING THE STATE OF NEW MEXICO TO: MARIANNA MAYES, J. A. STANFIELD, W. J. STANFIELD, NELLIE STANFIELD, ALL UNKNOWN HEIRS OF SAID

# SOCIETY NOTES.

## WORTH LEAGUE PARTY

About twenty young people of the Methodist Worth League went to the H-ranch last Monday evening for a picnic supper.

Miss Virginia Kessler is chairman of the social committee for the society and was in charge of the arrangements for the party.

Mrs. E. N. Wheeler was chaperone for the young people.

The party left Portales about six o'clock, arriving at the ranch in time for supper around a bright bonfire.

## FIFTEETH WEDDING ANNIVERSARY

Mr. and Mrs. John W. George celebrated their fifteenth wedding anniversary at their home in Portales on Tuesday of this week.

Their son Fayette and his family came down from Clovis and with his sister Mary assisted in making the day most happy and pleasant for their parents.

Mr. and Mrs. George were married at Perryville, Arkansas, on October 6, 1909. Mrs. George before her marriage was Miss Jane McGhee. They are among the pioneer residents of Portales and are esteemed and respected.

Mr. George is known to all his friends as "Uncle John" and is one of the most faithful members of the Masonic lodge. He has been tyler of the Portales organization for twenty-seven consecutive years. He is the only charter member of the Portales Masonic lodge now living in the city.

Mr. and Mrs. George came to this section of the country in 1901, many years before there was a Roosevelt county. Their home life has been days of peace and harmony, and Uncle John has always called his wife "My red headed girl."

The hosts of friends wish for these two people many more years of their wedded happiness.

## BAPTIST MISSIONARY SOCIETY

The members of the Baptist Church Missionary Society met this week in the home of Mrs. T. E. Mears for the State Mission program. Mrs. J. C. Compton was leader and had arranged a very interesting program consisting of both talks and musical numbers.

Misses Jewel and Lois Webb gave the musical selections. They were piano and violin numbers.

The program opened with the devotional services and the state work was emphasized with the several papers and reports given by Mrs. N. F. Wollard, Mrs. Sidney Stone, Mrs. M. B. Jones, Mrs. F. D. Golden and Mrs. Compton.

Mrs. Charles Starkey, recently elected president, declined the office and Mrs. O. S. Strickland was urged to continue in the office for another year. Mrs. Strickland has made a splendid president during the past year, but at the time of election felt she would be unable to accept for another term. After much consideration she gave an affirmative decision and the ladies are delighted to have her presiding officer again.

An eight year old boy at the Baptist home was adopted by the society, and while he will remain in the institution, the society will bear the financial obligations of the child.

Between twenty and thirty ladies were present at the meeting and all enjoyed the very enthusiastic program.

Mrs. Mears served a plate lunch during the social hour and was assisted by Miss Jewel and Miss Lois Webb.

## U. D. C. MEETING

The regular meeting of the U. D. C. chapter was not held last Tuesday, due to the death of Mrs. Livingston, a friend of many of the members of the organization.

The same outlined program will be held next Tuesday with Mrs. McMinn at the usual hour.

## BIRTHDAY PARTY

Last Sunday about seventy-five friends gathered at the W. M. Drinkard home to assist Mr. Drinkard in the celebration of his sixty-third birthday.

He had not been told of the plans and went to church with his family, never suspecting a party, and when he returned to his home at noon he found not only the house filled with neighbors and other friends, but the entire yard too.

A long table had been arranged on the lawn and this was piled high with food of the very best.

An immense birthday cake had been made by Miss Eunice Drillard and this held the position of honor on the table.

It was truly an afternoon of feasting and fun, and was one of the very happiest birthdays Mr. Drinkard had ever celebrated.

William Kelley and other members of the party had the same day as the anniversary of their births.

## BRIDGE DINNER

Mr. and Mrs. W. W. King entertained very pleasantly last Thursday evening at their home with a lovely three course dinner with bridge following.

The five quartet tables were arranged in the living room, and at these the guests found their place cards which later served as talismans. Late summer flowers in attractive vases centered each of the tables.

Following the very beautiful and delicious dinner, the tables were arranged for bridge, and the remainder of the evening was devoted to that very pleasant pastime.

In the card contest, Mrs. I. D. Johnson and Dr. C. A. 89th held

the high scores and received the first prizes. Mrs. E. M. Neer and S. H. Bratton were given the awards for the low scores.

The guests included Judge and Mrs. T. E. Mears, Dr. and Mrs. C. A. Soc, Mr. and Mrs. Bert Rawlins, Mr. and Mrs. Ed J. Neer, Mr. and Mrs. E. N. Neer, Dr. and Mrs. I. D. Johnson, Mr. and Mrs. W. K. Judevine, Mrs. H. H. Buchanan, Mr. and Mrs. S. H. Patton, Misses Kate McManaway and Verda Oakley.

## STEAK SUPPER

A party of young people took material for a supper and drove to the grove near the Meador home in the Delphos community last Saturday evening where they prepared a picnic meal.

The steaks of beef were prepared over the camp fire by the individual picnickers and this furnished plenty of competition, as each tried to prove an artist in the work.

Campfire games furnished the evening entertainment for the young people, who included Misses Elizabeth Greaves, Elizabeth Pickett, Lillian Nelson, Jamie Greenwood, Rosalie Littlefield, Messrs. Marion Stinnett, Wayne Stratton, Willis Breshears, Brode McAllister, and Bill Thompson.

## CHRISTIAN LADIES AID

Mrs. W. I. McCarty and Mrs. Durwood Wright entertained the members of the Christian Ladies Aid in the McCarty home last Thursday afternoon. Mrs. Wright and Mrs. McCarty were in charge of the devotional services which opened the afternoon program.

The hostesses had arranged a Bible test which was quite interesting as well as instructive, and this was given during the program hour.

A social period closed the afternoon meeting. A plate lunch which was both delicious and prettily arranged was served during the social hour.

Mrs. J. J. Brown will be in charge of the next meeting of the Aid when they are invited to meet in the home of Dr. and Mrs. J. E. Camp.

## CLUB TO MEET

The Portales Woman's Club will meet on Wednesday of next week in the home of Mrs. Carl Turner with Mrs. M. B. Jones assistant hostess.

Mrs. A. F. Jones is program leader and is arranging a very interesting afternoon in Indian Folk Stories.

The meeting will open promptly at three o'clock.

## FAMILY REUNION PICNIC

The Cissell family held a reunion picnic at the Ragland hill in the Tucumcari vicinity last Sunday.

The members of the party were from New Mexico, Texas and Tennessee, and some had not met together for several years.

A picnic dinner was spread at noon and was indeed a bountiful meal.

The persons going from Portales were Mr. and Mrs. S. V. Cissell with their sons, Tilden and Melvin; Mr. and Mrs. S. B. Walker and daughter Evelyn; Mr. and Mrs. W. A. Woodman, Mr. and Mrs. Harry Cissell, Earl Stratton, Jr., and Gordon Hatch.

## BIRTHDAY DINNER

Mr. and Mrs. Turner Hensley surprised Mrs. E. T. Hensley last Saturday evening with a dinner party in celebration of her birthday.

The meal was prepared and the table spread in the home of Mr. and Mrs. Turner Hensley. A large birthday cake with candles and trimmings was placed as a center decoration for the well arranged dining table.

After dinner the members of the party went to the Palace to enjoy the Saturday night picture.

Mrs. Hensley called over long distance to have a conversation with her twin sister, Mrs. Will Ra-

Those assisting Mrs. Hensley to celebrate were Dr. E. T. Hensley, Mr. and Mrs. Turner Hensley, Mrs. R. E. Morey and Mrs. J. B. Potter.

## METHODIST MISSIONARY SOCIETY

The Methodist Missionary Society met last Thursday in the home of Mrs. E. N. Wheeler and the leader, Mrs. A. W. Freeman, had arranged an exceedingly interesting program.

The subject dealt with the missionary work in the Congo region of Africa, and was made much more interesting by a set of posters which had been arranged by the leaders.

The conference now has a young lady from Grady, N. M., preparing for the work of a foreign missionary, which gave the work a more personal interest than the ladies had felt heretofore.

Mrs. E. N. Wheeler, Mrs. J. M. Bradley and Mrs. J. W. King assisted Mrs. Freeman with the program.

The program was followed by a short business session and the social hour. Refreshments were served during the social hour.

## PICNIC FOR S. S. CLASS

Mrs. C. A. Loris and twenty young ladies from her class in the Christian Sunday School went to the H-ranch Monday after school for a picnic supper.

The girls are members of the junior girls' class and have Mrs. Loris as their teacher.

They left Portales about four o'clock and prepared their supper over the camp fire. They did not remain long after the meal as all are school students and felt they should be at home soon after six o'clock.

## CLASS PICNIC

The class of girls in the Baptist Sunday school of which Miss Kate McManaway is teacher, gathered at the church Monday after school and went for a little picnic party.

Miss Kate has just recently taken the leadership of this class and the party Monday afternoon was rather a welcome to her. All plans and refreshments were made by the girls and their teacher was their guest for the occasion.

The party occupied the hours immediately after school.

## Mrs. M. W. Boyd of Kinks Mill, Texas, returned home Tuesday morning, after spending a week with her parents, Mr. and Mrs. O. B. Myers of this city, and friends.

## America's most economical truck

is now available in 25 different models priced as low as \$440—complete with body

**NOTE:** The model priced at \$440 is the open cab pick-up.

**1 1/2-ton 157-inch Stake Truck \$810\***  
(Dual wheels standard)

By actual road performance, week after week, month after month—the six-cylinder Chevrolet has proved its right to be called America's most economical truck. Owners have found that on a ton-mile basis Chevrolet costs less for gas and oil, less for upkeep and less for service than any other truck—regardless of the number of cylinders. And price-comparison will show that this big, sturdy Chevrolet Six is one of the lowest-priced trucks you can buy.

Today, any truck user can apply this economy to his own particular work. The current Chevrolet commercial car line covers practically every delivery and hauling need. Twenty-five different models. Half-ton and 1 1/2-ton pay-load capacities. Three wheelbase lengths. A wide variety of Chevrolet-designed and Chevrolet-built bodies. Just name the type of truck you need—and you will very likely find it in Chevrolet's all-inclusive line.

Each Chevrolet truck has a 50-h.p. six-cylinder engine—25% more powerful than any other engine in a truck priced so low. Maximum load-capacity is assured by unusually large bodies, supported by long rigid frames and long parallel-mounted springs. And Chevrolet truck prices are among the lowest in the commercial car market.

**Golden Wedding Anniversary Held**

Thirty-two relatives gathered at the home of Mr. and Mrs. J. A. Tinsley, on their farm a few miles from Portales, and assisted in the celebration of Mr. and Mrs. Tinsley's golden wedding anniversary, Tuesday, Oct. 6.

The day was perfect, as to weather, and the family extremely happy.

Mr. and Mrs. Tinsley were married in Tennessee, but of the fifty years of married life which they have enjoyed, almost twenty-eight years have been spent in New Mexico, for they came to this state in December, 1903.

Mr. and Mrs. Tinsley are the parents of five children, only four of whom are now living and all of these were present at the celebration. Mrs. P. O. Naylor passed away about fourteen years ago, but Mr. Naylor with his daughter, Fannie, and son, Floyd, came from Clarendon, Texas, Tuesday and joined in the celebration. The four living children are Mrs. Charles Goodloe and Mrs. Esther Clevenger of Portales, W. E. Tinsley and Mrs. Robert Patton of Yuma, Arizona.

Of the thirteen grandchildren, all were present with the exception of the two small children of Mr. and Mrs. W. E. Tinsley who remained at home with their mother, and Charles Goodloe, a student in college at Lubbock.

Mrs. Tinsley was a Miss Ferguson before marriage, and she has three sisters and one brother, all of whom live in Tennessee. Mr. Tinsley has two sisters and three brothers. One sister, Mrs. E. E. Green, mother of Mrs. J. B. Fridley, lives in Portales and was in the celebration party. Mr. and Mrs. Priddy were present as were also their sister, Mrs. J. T. McDonald and her children from Bovina. The only guest other than relatives enjoying the day with Mr. and Mrs. Tinsley was Mrs. Hutchinson, who came down from Bovina with Mrs. McDonald. She is a sister of the late Rev. C. E. Ball, at one time pastor of the Portales Baptist church in which Mr. Tinsley is a deacon.

Great quantities of yellow flowers were used throughout the house as decorations for this golden wedding anniversary celebration. The quantities of delicious food were placed upon the several tables where the diners were seated, and special decorations marked the table where Mr. and Mrs. Tinsley were the guests of honor.

The friends and relatives present, of this highly respected and much loved couple several attractive gifts which carried love and many wishes for a long continuation of the happy wedded life.

All of the grandchildren of Mr. and Mrs. Tinsley with the exception of their son's children, have had both their paternal and maternal grandparents celebrate their fiftieth wedding anniversaries. These include the Goodloe children, the Naylor children, the Clevenger children, and the Patton child, Mrs. W. E. Tinsley's parents are both living but were married less than fifty years ago.

**AUXILIARY ELECTS OFFICERS**

The Ladies Auxiliary of the American Legion met in regular bi-monthly session Monday evening and among the matters of business was the election of officers for the coming year.

Mrs. Nathan Stool was selected president of the organization with the following assistants: Vice-president, Mrs. J. A. Howard; secretary-treasurer, Mrs. Clem Estes; sergeant at arms, Mrs. Luther Thomas; chaplain, Mrs. P. E. Morrison; historian, Mrs. R. E. White.

The Auxiliary is uniting with the Legion in plans for a community Halloween party to be held at the Legion hall. This promises to be one of the greatest community events of the season and more details of it will be given later.

The mysteries of the evening will not be revealed until the guests have entered the hall. No person will be admitted unless he or she is masked.

**Roosevelt Co. Day at Roswell Fair**

Friday, the 9th, is Roosevelt County Day at the Eastern New Mexico State Fair in Roswell, and a large number of boosters plan to attend. The Roosevelt County Dairy and Livestock Show has sponsored one of the best fair exhibits ever sent from Roosevelt county, and it is rumored that this exhibit will take the money in its class. The Portales High School Band, under the direction of Mr. Ernest Pogue, will be there and will head the Roosevelt county parade which will start at 11 o'clock from the court house. It is estimated that fully five hundred people from Roosevelt county will take part in this parade. Friday is also Old Timers' Day in Roswell, and anyone having lived in New Mexico for thirty years or longer will be permitted to take part in the old timers parade. In the afternoon the Portales high school football team (the Rams) will meet the high school team of the New Mexico Military Institute.

People of Portales responded nobly to request of the Chamber of Commerce for means of transportation of the Portales high school football team and Portales school band. Among those offering their cars are:

J. G. Cox, Bert Rawlins, Sam Beaton, J. E. Carroll, Otto Kappina, C. F. Brown (coach), A. R. Grant, R. R. Will, Miss Loreta McCarty.

Comptroller Moves to Prevent Auto Smashes

SANTA FE, Oct. 6.—Field men for the state comptroller's department are going into uniform the first of the year and the highway patrol work on their trips about the state in an effort to cut down the number of accidents on the open roads, Comptroller Jake Lujan announced today.

"The field men have the status of peace officers in all counties," Mr. Lujan said, "and while they cannot do extensive patrol work, they can combine it with their other duties, as they travel from place to place."

With good roads spanning the

**Jury Rules Rail Employee's Death Was Self-Inflicted**

Two little girls, 14 and 12 years old, sat in the witness chair in justice of the peace court Monday and told of events leading up to the suicide early Sunday morning of their father, Charles J. Harrington, shop employe, at their home north of the city.

**Education**

Five evidences of an education as enumerated by Nicholas Murray Butler are as follows: "First among the evidences of an education I name correctness and precision in the use of the mother tongue. As a second evidence I name those refined and gentle manners which are the expression of fixed habits of thought and action. As a third evidence I name the power and habit of reflection. . . . As a fourth evidence of an education I name the power of growth. There is a type of mind which when trained to a certain point crystallizes, as it were, and refuses to move onward. This type of mind fails to give one the essential evidences of an education. As a fifth evidence of an education I name silence, the power to do."
