Meeting Set Monday To Discuss Rental Housing

The possibility exists that rental housing can be built in Colorado City, Loraine and Westbrook to ease the shortage of available housing for newcomers to Mitchell County.

A meeting has been arranged by David Marion, Farmers Home Administration supervisor, for 2 p.m. Monday in the Civic Center.

Members of local financial institutions and potential employers who would have persons wishing to rent housing in the three locations will meet with Carl Barron, property management officer of Bright Company of Fort Worth.

Bright Co. has been in the construction business in Fort Worth, building commercial buildings and custom building homes, but has recently expanded into the rental property construction, having built a project in Winters recently.

Local business leaders and Industrial Team members will attend the meeting and discuss Barron's proposals, Marion said.

Money is available through the FmHA through its rural housing section for loans to finance construction of rental property in rural areas, Marion explained, as a result of recent changes at the federal level through the Community Development Act of 1974.

"These changes are catching on now," Marion said, "and construction people are beginning to realize the potential in developing housing for rural areas."

The interest rate on housing loans is presently 8 1/8 per cent for low and moderate incomes, Marion said, "and that's about as low as it will go, so that the next two to three months will be favorable to housing as this low interest coincides with probably the best in building costs we'll see."

The meeting has been arranged as a means for local businessmen and people concerned with the housing shortage to meet with Barron and size the situation up on both sides, he stressed.

"If Barron's findings indicate that Colorado City, Loraine and Westbrook could fill rental property, then the company will tailor their construction to meet the needs of the communities involved," Marion said.

He indicated preliminary findings point to a need for at least six two-bedroom units in Loraine, a similar unit in Westbrook and at least a 12 two-bedroom unit in Colorado City and possibly even more.

Sefton Pickens, executive vice president of Colorado City Chamber of Commerce and a member of the Industrial Team, Inc., said that he believes a 50-unit complex would fill up within a few days, if only one were available.

Barron's preliminary plan called for basic two-bedroom units in duplexes, Marion said, but the company will provide whatever the market calls for, that is, some one-bedroom units and some three-bedroom apartments.

"Basic to the proposal is a housing survey to be completed within the next month in order that Bright Co. may know what is needed in Mitchell County. It's basically a business proposition for them so that they're not going to build housing if it won't rent," Marion pointed out.

"The construction of six units in Loraine, six in Westbrook and 12 in Colorado City, a total of 24 units, will be higher spread out in the three locations than it would if the 24 units were all located here in Colorado City," he emphasized.

"A maximum estimation would be about 48 units and we're talking about three quarters to a million dollars in construction costs," Marion emphasized, "so that the community working behind this survey and getting figures to Barron for a total picture is very important to the success of this project."

Forms Available For Cyclethon

Official entry forms for the Heart Association Cyclethon can be obtained from Better Cleaners or from president of the county unit of American Heart Association, Mrs. Fern Brown, 716 Vine Street in Colorado City.

The Cyclethon will be held Saturday, May 17, leaving from the G-Kell Building parking lot at 9 a.m. and proceeding down the north access road of I-20 to Loraine and back, a distance of 20 miles.

Mrs. Brown stressed that the bike ride is not a race and that people from 9 to 90 years of age are encouraged to enter, helping to raise funds for the Mitchell County Unit of the American Heart Association by collecting pledges of amounts to be donated for each mile.

Paul Hunter, owner of Better Cleaners, will participate in the ride and "his enthusiasm should encourage others to come out on their bikes or hiking to help the Heart Association," Mrs. Brown said.

Spaces on the entry form are provided for names of sponsors and the amounts pledged, Mrs. Brown explained, plus a space for signatures of consent for parents of minors.

The forms must be turned in prior to the bike ride, she added, because donations are not to be solicited after the ride is completed.

First place prize goes to the person collecting the most money from sponsors for each mile in the Cyclethon.

Players' Mothers Set Meeting

Outline Of 1975 Farm Program

The 1975 Farm Program has been the subject of quite a few meetings by ASCS committeemen in the past weeks and Don Stewart, executive director of the county's Agricultural Stabilization and Conservation Service has issued a recap of previously announced farm program provisions.

Stewart said, "While most area farmers are probably aware of major program provisions, we want to assure that all farmers understand the various rates and rules as they progress with field work and planting. A few of the provisions are different from last year, but the basic programs in effect for 1974 remain virtually unchanged.

"Even through the nation's farmers are free to plant what they feel the market prices indicate will be needed, every farmer certainly needs to know where he stands with regard to federal farm programs," Stewart said.

The highlights of the 1975 programs include:

--No land set aside or conserving base requirement.

--No limit on the amount of wheat, feed grain or cotton acreage a farmer can plant.

- Disaster payments for prevented planting or abnormally low yields.

--Deficiency payments if market prices fall below target prices.

--Acreage allotments used only to determine the maximum acreage eligible for payment.

--Crop substitution to protect allotment history.

--A $20,000 limitation on the amount of payments a persons can receive under all programs combined.

Specific provisions of the 1975 Upland Cotton Program include:

--A target price of 38 cents per pound.

--A preliminary national loan rate of 34.27 cents per pound (middling one-inch basis).

--A disaster payment rate equal to the larger of the regular calculated rate of one-third of the target price.

Under the disaster provisions of the programs, county ASCS personnel must inspect and appraise the damage done to the crop prior to the awarding of payments.

"There were some difficulties last year in many areas of the country when farmers plowed under their damaged crops before they notified the ASCS office," Stewart pointed out. "When the inspector got to the farm, all he could see was plowed fields, not damaged crops."

Disaster payments are made for two major reasons: prevented planting and low yields.

"For farms eligible for prevented planting payments, the payment will be computed on the basis of the farms's payment yield times the alloted acreage on which planting is prevented," he explained.

"To be eligible for an abnormally low yield payment, the total actual production for a crop must be less than the farm acreage allotment for that crop, or planted acres if smaller, times the disaster program yield. The payment for the farm will be computed on quantity equal to the difference between the payment yield times the farm allotment and the total actual production."

Stewardship Week Observances Set

National Soil Stewardship Week is being observed May 4 through May 11, according to Jimmy Harrison, chairman of the Mitchell Soil and Water Conservation District.

"This makes 22 years that soil and water conservation districts have called upon the public to consider the moral responsibility of carrying for our natural resources," Harrison said on making the announcement. He also stated that the district will host a luncheon for Mitchell County ministers Tuesday.

The luncheon and program will be held in the Civic Center. Many of the churches in the county will have special observance services today or next Sunday.

Harrison noted that many references are made in the Bible to laws and advice concerning agriculture, pointing out Christ's parables based on agricultural truths.

"Man's responsibility as a steward of our natural resources are outlined in many verses in the Bible," Harrison said, "and it is to rembember these and to observe them that we have National Soil Stewardship Week each year."

Town Talk

By MAC McKINNON

Mitchell County's Civil Defense team was praised this Thursday by state officials for its action in a simulated disaster.

State and federal officials along with a representative of the National Guard who supplied equipment for the exercise, briefed the Civil Defense Team Wednesday and then Thursday afternoon the exercise was conducted.

Purpose of the exercise was to test a new Civil Defense plan for Mitchell County and to familiarize members of the Civil Defense team with their duties during a disaster.

Disasters simulated during the test included a tornado in Westbrook, a tornado skipping through Colorado City, a train wreck, the wreck of a truck loaded with bombs, an overturned cattle truck in Loraine, severe flooding throughout the county, a bank robbery, numerous fires caused by lightning, persons stranded by high water, damaged public places and disruption of public utilities.

State officials praised CD team members for remaining calm and taking care of each situation as it came up. At the same time, local officials, under the guidance of Civil Defense coordinator (City Manager) James Campbell, notified the proper officials to help solve various disasters.

One problem that was made apparent during the exercise was the need for an alternate power source for the police station and the radio station as a power outage is usually about the first thing that happens during a disaster.

The Record has learned that the Department of Public Safety has ordered its Highway Patrolmen to take Citizens Band radios out of patrol cars, most if not all of which were put in at the expense of the individual patrolmen.

The reason for this action is not clear.

The CB radio has been an invaluable aide in traffic enforcement as well as helping in arresting criminals.

There is no telling how many lives have been saved by truckers notifying DPS of wrecks, drunk drivers and other such situations over the CB's.

The Highway Patrol has often asked for the cooperation of those with CB's in helping find someone or in solving a praticular situation. Those with CB's are usually quick to respond to appeals for help from DPS and Highway Patrolmen appreciate this help.

DPS officials in Austin need to review this decision.

Colorado City's efforts to get arts and crafts industries here has received help from a national publication, "Craft Horizons" a magazine of the arts and crafts industry.

In the April issue of the magazine is an article about Colorado City. The article headlined, "West Texas Town Woos Craftspeople," and is as follows:

"The town of Colorado City in West Texas is actively seeking craftspeople in all fields to live and work there.

"Some time ago, with the help of the Colorado City Industrial Team, Iron Star Potters moved there, expanded, and began marketing nationally. Now the Chamber of Commerce and the Industrial Team have decided to encourage other full-time and potential full-time artists and craftspeople to settle there. These organizations will help locate shop buildings in the downtown area at low rents, will try to help locate capital if needed, and will advise in business matters on request. Also, other groups and individuals will help newcomers find housing and otherwise make the transition as easy as possible. Iron Star Potters has agreed to make available marketing information, contacts in stores across the country and technical data as needed. Write: Robert Creighton, Iron Star Potters, Box 193, Colorado City, Texas 79512."

How kids can help save energy.

You'll be surprised how easy it will be for you to conserve energy. Put an X in the box in front of each way you think you can help.

P.S. Parents: Have your children seen this message? If not, you may want to call it to their attention. Cut it out and use it to remind your children that they can help you and all of us conserve energy in many ways.

☐Don't keep the refrigerator or freezer door open any longer than necessary.
☐Turn off the lights when you leave a room.
☐Turn off the TV set when no one is watching it.
☐Turn off the radio or record player when no one is listening.
☐Be sure the hot water is turned off after you've used it. Remind your mom or dad when a faucet leaks and needs repairing.
☐Don't turn on more lights than you really need.
☐If the furnace or air-conditioner is running, keep the doors closed. And don't make unnecessary trips in and out of the house.
☐Ride the bus whenever you can, rather than asking your parents to drive you.
☐Ride your bike or walk to the store for your parents. If they don't run the car, they will save gasoline.
☐Help plan family errands that require the car so they can all be done at one time.
☐If you're a little cool, don't ask your parents to turn up the thermostat. A sweater will warm you up.
☐Tell your parents if heating or cooling ducts are blocked by furniture or draperies.
☐If no one uses a particular room, close the heat registers and keep the door shut.
☐If you're helping with cooking, use an element that is about the same size as the pan. And don't be an oven-peeper.
☐If the sun is shining on a cold day, open the drapes so the sun can help heat up your house.
☐If you have a fireplace, be sure the damper is closed when there is no fire. Otherwise, heat will escape up the chimney.

Write down any other energy conservation methods you can think of on these extra lines. Mark those boxes too.

DOES GOD REALLY MEAN WHAT HE SAYS?

Bobby Chaney
Pastor
Christian Temple
Colorado City

Throughout the Bible, God tells us not to put any other gods before Him. He informs us to seek first the Kingdom of God and His righteousness. The Lord intends to be first in our lives. Satan tries to make us believe different. From the very beginning of man, satan has whispered God does not really mean what He says. The Devil has people thinking "Well, I'm saved and free to do whatever I please." Or, everyone sins! Deception enters the picture and brings with it permissiveness. Society speaks to us; everyone to his or her own opinion. This attitude is creeping into many people in the church. The word today is let's not upset the apple cart, even if it is full of rotten apples. We try to ignore sin. The invitation at church is watered down. "All you have to do is believe," comes from our mouth. This is a true statement, but many times misinterpreted. To get the point, we need to look at what it means to believe or to have faith. Here is a list of words that relate to and define believe and faith: trust, confidence, rely upon, persuaded, faithful, trustworthy, loyal, change, new man, old things pass away and all things become new, new creature or creation, follower, temperance, abstain from, put off old man, put off works of flesh, God cleanses and purifies, faithfulness, fidelity (a faithful devotion to duty or to ones vows), Christ in us, conforming to the image of Christ, fruit bearing, and the evidence of the fruit of the Spirit. When you see the words faith and believe in the Bible, they take on the meaning of the above words.

Back to the invitation, "All you have to do is believe." In most cases, the preacher is thinking the definition mentioned. The hearer receives (in many cases, more than we like to acknowledge) just acknowledge God without the operation of faith taking place in us. The result is often disastrous. The outcome is a bunch of ungodly and unfaithful people thinking "I've got it made, I'm on my way to heaven." Now, when that seed of faith hits good ground (a person who knows what it means to believe, and the Holy Spirit bearing witness with our spirit) then the fruit of salvation takes place. There is within us the knowledge that I am saved, I am a child of God, and eternal life is mine. We take our place as children knowing that through Jesus Christ comes love, freedom, excitement, fruit of the Spirit, encouragement, comfort and correction.

The Lord is ready to bless His children. Most of the blessings of God require a commitment on our part. The Bible teaches us that "God will, if we will." Throughout the Bible we read, "if you will hearken unto my voice, and obey my commandments, I will bless you" And in most cases, God names the blessings. In Isaiah 1:19-20 it states: "If you be willing and obedient, you shall eat the good of the land: But if you refuse and rebel you shall be devoured with the sword: for the mouth of the Lord hath spoken it."

There are rewards in this life and the life to come for God's people. But chastisement will come to those children who walk in Disobedience. If you are a child of God and walking unfaithful, God will come with His rod of correction and bring you into faithfulness. Hebrews 12:6-11 states: "For whom the Lord loveth he chasteneth, and scourgeth every son whom he receiveth, If you endure chastening, God dealeth with you as with sons; for what son is he whom the father chasteneth not? But if you be without chastisement, whereof all are partakers, then are you bastards, and not sons. Furthermore, we have had fathers of our flesh which corrected us, and we gave them reverance: shall we not much rather be in subjection unto the Father of spirits, and live? For they verily for a few days chastened us after their own pleasure; but he for our profit, that we might be partakers of His holiness. Now no chastening for present seemeth to the joyous, but grievous: nevertheless afterward it yieldeth the peaceable fruit of righteousness unto them which are exercised thereby." The Lord means what he says. The Lord has made us and saved us for His purpose. He will correct us and discipline us to the place of righteousness, so we can be a partaker of His holiness, and a recipient of His Blessings.

To those who have not received Christ and do not profess Chrust as savior, and those that presume they are saved without the operation of faith being evident; there is a promise of desolation, darkness, weeping and Gnashing of teeth, damnation and hell. "He that believeth (definition mentioned) on him is not condemned: But he that believeth (definition) not is condemned already, because he hath not believed (definition) in the name of the only begotten Son of God." (St. John 3:18) God means what He says concering everlasting punishment.

Just as God means what He says about punishment and correction, He means what he says about His promises have conditions following them. For instances: Matthew 6:33. "Seek you first the Kingdom of God, and His righteousness, and all these things shall be added." God says such things as, "Give and it shall be given you," "Forgive and it shall be forgiven you." "Perfect love casts out fear" "When you stand praying, forgive" "If you bring your gift to the altar and remember you have ought against your brother, leave your gift, go, make it right with your brother, come and offer up your gift." "Delight yourself in the Lord, and He will give you the desires of your heart." "All things work for good to them that love God, who are called according to His purpose." The lord will heal, deliver, prosper, and free us as we meet the conditions required of us. The Lord truly will supply our every need according to His riches in glory through Christ Jesus, Trust Him, prove Him, believe Him, and follow Him, and He will surely lift you up, for God really means what He says!

Letters To The Editor

(EDITOR'S NOTE: State Representative Elmer Martin of Colorado City, representing the 61st District in the Texas House of Representatives, wrote the following letter to the Colorado City Record in relation to the proposed education bill which was reported out of committee and will be considered on the House floor in about 10 days.)

Dear Sir:

I have serious concerns about the Public Education Bill voted out of Committee Thursday night. These concerns cannot be resolved until I have seen and studied the complete bill.

A copy of the new bill was not available when I left Austin late Friday. Throughout the day Friday I sought a copy of the Committee's bill. However, problems in printing prevented the distribution of the requested copy.

The Committee Bill was voted out of Committee by a vote of 7 to 5 Thursday night after the Committee junked a bill that had been voted out of Sub-Committee only 3 nights before.

My immediate concern is:

--Whether the program proposed in the Committee Bill can be properly financed without over-burdening the taxpayers.

--Whether the bill speaks adequately to the interests of school students.

--Whether the bill meets the problem of equalizing education in a manner that will satisfy the courts.

It is my understanding--in view of the fact that a copy of the Committee Bill has not been available for study--that the Committee proposal does this:

--Increases the minimum starting salary for teachers $3,400 per year--from the current $6,600 per year to $10,000 per year.

--Removes the present economic index in the school financing program and replaces it with a full market value of taxable property.

--Lowers the teacher-pupil ratio for kindergarten through the 3rd grade from 1 teacher for 25 students the first year, to 1 for 24 the first year and to 1 for 23 the second year of the biennium.

--Establishes the Governor's program on a pilot basis in 12 school districts, but does not schedule that the Governor's program be implemented later (the sub-committee bill did this after a 2-year study).

--Postpones the enactment of other lower teacher-ratios, of compensatory programs as specified in the TSTA bill (HB 420) by periods from 1 to 2 years. This makes most of these effective at beginning of the following biennium.

--Increases transportation funding like all the bills do.

There are 142,604 teachers in our state's minimum foundation school program. With the state paying 80 per cent of this salary under the Committee Bill:

--The cost would amount to $800 million dollars more per biennium in state funds and $200,000,000 more (million) in local funds (compared to present costs).

--A cost of $460 million dollars more in state funds per biennium and $115 million dollars in local funds (compared to the previous Sub-Committee Bill).

Dear Mr. McKinnon,

I'm writing to thank everyone in Mitchell County for all the things done for my daughter Jana Smith, myself and my parents, Mr. and Mrs. Bob Brooks. We are also very, very thankful and grateful for the Shriners who offered and provided the wonderful care, medical services and the wonderful doctors and nurses at the Shriner's Burns Institute in Galveston for my daughter which enabled her to have an excellent chance return to normal life and activities such as she had before the accident.

May God bless each and everyone for the special prayers, the Jana Smith Fund, which made it possible for me to stay with Jana while she was in the hospital and the many, many kind words from all our good friends and relatives and all those whom we haven't met.

My daughter is home now doing very well and requires several hours of home care every day but it feels great to be home again.

It also makes me feel very thankful and grateful to have grown up and to have attended schools in such a warm and caring place such as Colorado City is and its surrounding communities.

Thank you again to all of those who sent cards, encouragements and to those who gave to the fund and prayers for us. May God bless you all.
