Panel Told Oil Imports Big Threat To State

ABILENE (AP)—The governor's Oil Import Study Commission was told today that drilling activity had been reduced 40 per cent in the past year.

James Lauderdale of Abilene, president of the West Central Texas Oil and Gas Assn., testified before the group gathering information on the effect of high crude imports on the state economy.

"We as an industry are going backward, not forward. We are being required to contribute to a higher economy—rising cost of steel and labor—and to compete with a cheaper product—foreign imports," Lauderdale said.

He told the commission one service company that takes care of 55 per cent of the drilling rigs in the area has suffered a 60 per cent dollar-volume decrease from 1955. He said there had been many severe cutbacks in employes within numerous oil fields and allied industries in this area.

"We lead the nation in unconnected wells, trucked oil, oil without a market and purchaser proration. No other area in Texas that I know of has so many obstacles threating its survival," Lauderdale said.

"Cheap foreign produced oil is postively endangering national security, is reducing federal and state revenues and is completely depressing the independent oil industry. It is about to eliminate many of us who for years have been proud to say 'I am an oil man.'"

Due to be the star witness was Navy Captain M. V. Carson, chief of the government's voluntary oil imports control program. The Commission will feel out Carson on whether the administration will change the imports program from voluntary to mandatory, as advocated by domestic producers and state officials.

"Nothing really effective has yet been done to keep imports from growing at a rate far in excess of the rate at which domestic production and domestic demand grow," Olin Culberson, chairman of the Railroad Commission, said. He said "imports must be restrained."

Culberson said while in 1950 Texas had 320 oil producing days, he predicted only about 140 days this year. Presently the state is producing at a rate of only 108 days a year. "As imports have grown allowables have been cut."

"It has long been my contention that any time allowables fall below 15 days per month, the whole structure of conservation is jeopardized," he said. Texas currently is on a nine-day pattern.

Dr. John Stockton, director of the Bureau of Business Research at the University of Texas, said yesterday he felt the national defense argument was the vital one in the preservation of the domestic industry.

"Oil is irreplacable. They can make airplanes and bullets somewhere else but when the Suez Canal blockade came, no one had an excess surplus of oil to turn on besides Texas," he said.

SEEKS PART OF ESTATE—Mrs. Winnell Shipley, left, 32-year-old Cleburne, Tex., housewife shown with her daughter, Shirley, 16, filed a contest of the will of oilman, J. E. Sexton, claiming she was his common law wife and that he was the father of Shirley. Mrs. Shipley seeks half the estate Sexton acquired after the girl was born. Other contests have been filed against the will in which Sexton left his fortune estimated as low as 5 million dollars and as high as 60 to a rest home operator. (AP Wirephoto)

HAGEN AND BABY 'MOON' — Dr. John P. Hagen, director of the Navy Vanguard project, holds one of the 6.4 inch test satellites in his hand at a Navy Research Laboratory news conference in Washington during a discussion of the baby "moon" orbiting the earth. The satellite is similar to one hurled into space. On the table in front of Hagen is a Vanguard third stage rocket. (AP Wirephoto)

Business In Cuba Lags After Castro Ultimatum

HAVANA (AP)—Near paralysis hit many stores and businesses in this usually bustling Cuban capital today in the wake of demands that President Batista quit to end bloodshed.

Batista answered the demands by calling in his top military and police chiefs to intensify plans for crushing any major rebel attempt to overthrow him.

He acted after 42 religious, professional, fraternal and other organizations demanded he get out.

Their move came within hours after rebel leader Fidel Castro declared "total war." Castro predicted Batista would be ousted by a general strike and armed uprising sometime in April.

Streets usually crowded during morning shopping hours were nearly deserted. Merchants complained "there is no business. There is practically nobody on the streets and nobody is buying anything."

International airlines reported some of their planes to and from Havana were nearly empty. The government quit issuing permits for Cubans to go abroad.

Some American business organizations called off conventions planned for Havana. One hotel reported four cancellations.

Two star attractions for luxury hotels canceled their contracts. They were the pianist Liberace and singing actress Jane Powell. But the new 24-million-dollar, 30-story Havana Hilton Hotel went ahead with plans for a gala opening tomorrow night. Ninety heavily armed guards were posted to prevent rebel bombing of sabotage attempts. Rebels already have burned rugs in the hotel's gambling casino and hallways.

President Batista was determined to keep power until his candidate, former Premier Andres Rivero Aguero, is elected President on June 1.

Throughout the island rebels stepped up bombings, burnings, wrecking of communications and killings of Batista supporters.

Warships and planes patrolled Oriente Province's coast line to prevent landing of reinforcements for Castro. Doubled or tripled police and troops guarded military establishments, public buildings and strategic communications. Soldiers rode in some buses.

Batista's minister of government denied as "totally false" a declaration by the Interamerican Press Assn. that some Cuban newspapermen had been threatened with violence.

Castro's ultimatum called for setting up a military junta immediately after Batista's exit, to be followed by a provisional regime to rule until general elections could be held.

The civic leaders' manifesto denounced what it called "repressive forces" exercised by Batista in an attempt to stem the revolt.

Late Winter Spell Still Hanging On

A late winter spell endured in the Snyder area today, and forecasts indicated that cold weather would continue for at least another day.

Although the moisture was not enough to register on gauges, Snyder had light rain, sleet and snow in small quantities during the night. A few snow flakes fell here intermittently this morning, as heavy clouds covered West Texas.

The low reading here overnight was 27 degrees, and the mercury remained at that point at 7:30 a.m. today.

Reports indicated that bridges over a wide area of West Texas were coated with ice, although highways remained open to traffic.

The Weather Bureau said West Texas could expect little change in its weather during the next 24 hours. More snow, drizzle, and sleet may occur from the Panhandle deep into the state today and tonight, forecasters said.

By The Associated Press

Snow, freezing rain and sleet swept into Texas Tuesday, biting as far south and east as Waco.

Waco reported snow Tuesday morning. Nearby Eddy had sleet, McGregor had light snow and sleet, but it melted as it fell.

Lubbock and Abilene had light snow, and San Angelo and Midland reported freezing rain. Light rains fell at Junction, Brownsville, Palacios, San Antonio, Austin and College Station.

Early morning temperatures ranged from 24 at Dalhart and Amarillo to 56 at Brownsville.

More snow was forecast for the Panhandle and upper South Plains, with scattered rain over much of the state.

Highs Monday ran from 29 at Dalhart and 30 at Amarillo to 84 at Presidio.

Rainfall Monday included Beaumont .40, Houston .13, Wichita Falls .06, Sherman .10, Galveston .05, Dallas .04, College Station .02 and Amarillo, Fort Worth, Waco and Dalhart .01.

Daniel Lauds Cattlemen's Independence

SAN ANTONIO (AP)—Gov. Price Daniel said today Texas cattlemen have always met hard times head on, working out the answers to their problems without crying for government price supports.

He told the Texas and Southwestern Cattle Raisers Assn. this spirit "typifies the independence and strength of character which built this state from the wilderness."

"In time of adversity our ranchers could have gone the route of government price supports on beef cattle, but you chose to avoid price and production controls by sponsoring your own campaign for more beef consumption," Daniel said. "The Texas Beef Council, organized by this and other cattle organizations, has done a wonderful job of increasing per capita beef consumption."

Overloaded market conditions brought on by the drought brought the cattle industry face to face with a serious plight comparable to problems Texas ranchers had in the 1860s. In those days, Daniel said, cattle outnumbered human beings eight to one in Texas and Longhorn steers brought $3 each on the hoof.

The pioneer cattlemen met this by driving their herds overland to Kansas, where they could get $30 a head, "over a thousand of the toughest and most dangerous miles in American history," Daniel said.

No Decision On Tax Cuts

WASHINGTON (AP)—Sen. Martin (R-Pa) reported today that a White House conference canvassed—without a decision—the possibility of cutting taxes.

The talk ranged over withholding taxes on individuals, excises, and levies in which a cut might spur venture capital into business.

Martin was the first to emerge from the regular Tuesday meeting President Eisenhower holds with GOP congressional leaders—a session which Martin said concentrated for half an hour or more on the tax question.

The conference, as on last Tuesday, was expanded to take in members of key congressional committees, as well as Secretary of the Treasury Anderson.

Martin told reporters the White House conference looked over the possibility of tax reductions which would have an immediate impact in stimulating purchasing power as well as those which would take hold in a year or two. He said there were "no conclusions."

A reduction of withholding taxes and excises, Martin said, would be of the type having a quick impact, whereas those which might encourage investment in business enterprises would do little to help unemployment now but would provide assistance later on.

Asked whether a combination of both approaches might be resorted to eventually, if business fails to pick up sufficiently, Martin replied: "That might be."

Secretary Anderson, he said, raised the withholding tax question, during a general discussion of the various kinds of cuts which might be attempted if the administration finally decides to go in for this type of antirecession program.

Martin said Anderson didn't lean toward one or more of the tax alternatives in particular. Neither, Martin said, was there any indication when a decision might come.

Yes, Martin said, Eisenhower showed a mood of confidence. He added: "It's heartening to see how calm the President is in all these matters."

No, he said, he detected no feeling within the administration that taxes ought to be cut. He added that the administration "certainly keeps its feet on the ground" and the President does just that.

Some Roads Hazardous

AUSTIN (AP)—The Highway Department gave this mid-morning report today on road conditions by districts:

Lubbock—Light snow over the entire district. All roads open but hazardous in places due to ice.

Brownwood—All highways open. Ice on bridges and hills have been sanded by maintenance crews. Areas probably will be free of ice if weather clears.

Abilene—Highways clear but some ice on bridges which have been sanded. Some snow flurries in district.

Amarillo—All roads clear. Snow reported is one inch at Hereford. Light snow is predicted for parts of the Panhandle today.

Childress—All roads open.

Democrats Draft Lump-Sum Plan

WASHINGTON (AP)—Congressional Democrats are drafting a proposal for a $40 lump-sum tax cut to boost the lagging economy if business and employment fail to turn upward soon. It would provide a two-billion-dollar cash jolt.

As outlined by a responsible official who did not want to be quoted by name, the proposal would involve a $40 rebate on tax withholdings in the pay periods immediately after passage of any such bill. This amount of tax liability would be wiped out.

If $40 or more were withheld in a pay period, the individual would get that amount in a lump sum. If less than $40 were withheld, the worker would receive the rebate as fast as it could be made.

The official who disclosed this plan said it was aimed primarily at putting into the hands of those who file 48 million tax returns enough money in one sum to encourage immediate expenditures.

"If the people got $40 in a lump sum they would be more apt to buy a chair or something of that sort than if they got the tax reduction back over a year's period at the rate of less than $1 a week," he said.

Both the congressional Democrats and the Eisenhower administration have postponed any final decision on tax reductions until there are clearer indications of the direction in which the economy is headed.

Sen. Knowland of California, Senate GOP leader, said he expects no final decision now on the timing of a possible tax cut and does not believe any administration bill has taken shape.

Chairman Bridges (NH) of the Senate Republican Policy Committee said in a separate interview that any tax change should "provide for tax reductions primarily on the basis of stimulating business."

In addition to their proposed "quickie" cut in individual tax withholdings, Democrats are thinking in terms of reduced corporation and excise levies, plus a possible acceleration in depreciation allowances to encourage declining investments.

Disclosure of the Democratic plan followed a Federal Reserve Board announcement that during February "industrial production, employment, incomes and retail sales again declined."

Strike Ties Up Flights

THE HAGUE, Netherlands (AP)—A strike by pilots of the KLM Royal Dutch Airlines was expected to tie up all except two of the 30 flights scheduled to leave the Netherlands today.

A KLM spokesman said one flight to New York and one to Chicago probably would be the only ones made.

Most of KLM's 96-plane fleet was tied up when the strike began Sunday. The airline operates a 180,000-mile network covering 120 cities in 74 countries.

About 300 pilots called the strike to back up their demand for reinstatement of two colleagues fired in a long dispute over the pilots' wages.

All Men Laid Off Offered New Jobs

BORGER (AP)—The Phillips Petroleum Co. said today that all men laid off March 1 from the butadiene section of the Phillips' Plains Plant have been offered reemployment.

The men have been offered jobs at the Phillips carbon black plant effective March 31.

Local 351 of the Operating Engineers Union authorized a strike without setting a date after the 22 men were laid off. L. V. McCarthy, union business agent, said at the time that the company planned to release other workers.

Testimony Nearing End In Murder Trial

DALLAS (AP)—The defense in the J. H. Rogers murder trial began calling character witnesses today, an indication testimony might be nearing a close.

Rogers, 48, Wood County farmer, is on trial for the Oct. 1, 1956, slaying of W. H. Lyle, 61, a neighbor, in Wood County.

Attorneys for Rogers have attempted to prove self-defense.

Rogers' son, James, was married to Mr. Lyle's daughter, Nelda, at the time of the shooting. The slaying occurred a few days after Mrs. Nelda Rogers gave birth to a son.

Krush Admits Party Takes No Chances With Elections

MOSCOW (AP)—Nikita Khrushchev says the Communist party uses everything at its disposal to insure election of its candidates in Russian elections.

The Soviet chieftain made the remark in a discussion with three U. S. observers of Sunday's single slate elections for the Supreme Soviet—Russia's parliament. None of the 1,378 party-nominated candidates was opposed and the government says 99.97 per cent of the voters—or 133 million—turned out.

Khrushchev admitted the party is consulted on the choice of candidates, but that the final decision is made at pre-election meetings in the nation's various districts.

He talked for 105 minutes with the three observers on the election, U. S. unemployment and other issues. The observers were Richard Scammon of the U. S. Government Affairs Institute; Cyril E. Black, a Princeton history professor, and Hedley Donovan, editor of Fortune magazine. They told of their talk with the party boss at a news conference with Soviet and foreign newsmen.

Khrushchev said the Soviet election system is superior to the one in the United States.

U. S. candidates, the party chief said, need a wealth of material resources behind them, while in Russia "any man or woman on the basis of ability alone can run for office."

Soviet newsmen asked the U. S. observers whether they thought the Soviet elections were democratic enough to insure the voters free expression.

Scammon replied:

"Certain not in an American or western sense."

He said lack of secrecy (in voting), the one candidate system and "the whole atmosphere of an election which is conducted as a demonstration of support for the regime"—all make the Soviet system "undemocratic by American standards."

In Vienna, the U. S. Information Agency used three times as many words condemning the Soviet election in discussing as it did the new U.S. satellite. In its world service, it called the elections a rubber stamp ballot to name a rubber stamp parliament to rubber stamp Communist decrees. It said the elections also served as a security check to put voters' names in police files.)

On U.S. unemployment, Khrushchev said widespread attention was given in the Soviet Union to a speech last Friday by AFL-CIO President George Meany, the text of which was published in Soviet newspapers today. Pravda gave it a full page display under the headline: "Millions of Americans Unemployed."

Khrushchev said: "We want our young people who do not know what capitalism means to learn about the drawbacks of your system. But let them learn not from the words of Mr. Khrushchev who is known to be an anti-capitalist, but from Meany who supports capitalism."

He also touched on the U.S. versus the Soviet in science and industry.

"From this time on," he said, the United States will trail Russia in science.

WEATHER

SNYDER TEMPERATURES—High Monday, 43 degrees; low, 27 degrees; reading at 7:30 a.m. today, 27 degrees.

East Texas — Cloudy and cold through Wednesday. Some light rain in south. Lowest tonight 30 to 35 in north and 35 to 45 in south.

South Central Texas — Cloudy and cold through Wednesday with occasional rain. Lowest 32 to 42 in north tonight.

North Central Texas — Cloudy through Wednesday with no important temperature changes. Some snow in Panhandle and South Plains and occasional light rain or sleet Pecos Valley eastward. Lowest 20 to 30 in Panhandle and South Plains and 30 to 40 Pecos Valley eastward tonight.

IN MIAMI TV CASE

Publisher Says Airline Confident

WASHINGTON (AP) — Newspaper publisher John S. Knight testified today he gained an impression a National Airlines official was "extremely confident" prior to the FCC decision of getting the disputed Miami TV Channel 10.

Knight, who publishes the Miami Herald, related to a House investigating committee that he talked about television situations with Alexander Hardy, a vice president of National, on a plane trip from Washington to Miami about Jan. 6, 1956. He called it "a normal topic of conversation."

"I gained the impression Hardy was extremely confident," Knight said. He added he also got the impression that Hardy felt he had three votes of the seven-member Federal Communications Commission. He said Hardy did not name the votes.

At the time, National Airlines, through a subsidiary, Public Service Television, Inc., was in a four-way contest for the channel.

In a February 1957 decision, the FCC granted the channel to Public Service. An FCC examiner had recommended that the grant go to radio station WKAT, owned by A. Frank Katzentine of Miami Beach.

The FCC vote was 4-2 with one commissioner not taking part in the decision.

Prior to Knight, the committee heard Harry McDonald, Washington businessman who was chairman of the Securities and Exchange Commission in 1949-52, and who also was brought into testimony by Katzentine.

McDonald said he became acquainted with Katzentine in 1954 when he went to Miami to work on a project to get an Inter-American trade center.

McDonald said he knew about the contest over Channel 10 but had no active part in it.

"Frankly speaking, I kept myself completely divorced from Channel 10," he said.

Before today's committee session, Rep. Moss (D-Calif) told reporters he felt the House group should suspend its hearings temporarily while staff aides did more investigating.

Moss said he felt more spadework on facts was needed before hearings here was no indication as to whether the committee might adopt this course.

Lawyer Says Claim Settled

CLEBURNE (AP)—A lawyer says J. E. Sexton, millionaire oilman, once settled for $1,000 with a woman who since has claimed she was Sexton's common law wife.

Court records in Fort Worth show that the woman, Mrs. Winnell Shipley, 32, was convicted in federal court in 1946 for forgery of a postal money order.

Mrs. Shipley filed yesterday a contest of Sexton's will, claiming she was his common law wife and that he was the father of her daughter, Shirley Titus, now 16.

A sister and four nieces also filed a contest of the will yesterday.

Sexton left his fortune, estimated anywhere from 5 to 60 million dollars, to Mrs. Agnes Kirk, 40, operator of a Cleburne rest home where Sexton sometimes was a patient. The oilman died Feb. 28 in a Jacksonville rest home at the age of 80. He was a bachelor.

The attorney, A. C. Chaney, said the $1,000 was paid Mrs. Shipley in an out-of-court settlement in 1942. This was shortly before the girl was born, Chaney said.

Chaney said Mrs. Shipley's mother, Mrs. Florence Titus, signed a paper disclaiming all future claims for damages or benefits for herself and her daughter."

The attorney said the mother and the woman who is now Mrs. Shipley both signed the paper. Sexton maintained he was not the father of the child, Chaney said.

Chaney said he hunted up Sexton and read him the petition and the statements, and told him, "I'm going after you with tongs."

"He commenced talking about a settlement, saying he couldn't let that thing go to a court docket," the lawyer said.

The two finally agreed on a $1,000 settlement, Chaney said.

He said the oilman made the settlement in cash.

Rites Set For Wreck Victim

Funeral services for Pedro Garcia Villanueva, 23, who lived on the Sweetwater highway about two miles east of Snyder, will be held at 3 o'clock this afternoon at the Catholic Mission on Thirteenth Street.

Burial will be in the Snyder Cemetery with graveside rites by the Snyder National Guard. Burial will be under direction of Bell Funeral Home.

Villanueva was one of two Snyder men killed in a head-on car crash two miles east of here on the Sweetwater highway about 1:15 o'clock Sunday morning. He died about 10:30 o'clock Sunday morning in Cogdell Memorial Hospital.

The Rev. Thomas Quinlan, priest of Colorado City, will officiate.

Six other persons, all Snyderites were injured in the accident.

The other fatailty was Delbert Mack Richardson, 19, 2400 Avenue N, whose funeral will be held in Wynnewood, Okla.

Confident Message Carried By Vanguard

WASHINGTON (AP) — The nose cone of the Vanguard test rocket fired successfully by the Navy yesterday carried this stenciled message into outer space. "Have ball. Will orbit."

The message was disclosed in a Defense Department photograph.

SCOUTS COMPETE HERE — Competition against a standard, not against each other, was held by Boy Scouts of the Lone Buffalo District in Towle Memorial Park exhibit building last night. Members of troop 182, for which Frank Cabiness is scoutmaster, are pictured above during one of the first aid contests. Pictured are Keith Moreland, Bobby Covey, Tommy Christian and Harley Bynum, members of the troop, and the judges pictured are N. W. Clements, Bill Chambless, Bill Engler and D. A. Porter. (Lee Watson photograph)

12 Scout Troops Vie In First Aid

Twelve Boy Scout troops competed in the Lone Buffalo District first aid meet as part of the Scout's Turf," last night.

The meeting was held in the exhibit building in Towle Memorial Park.

Two troops from Fluvanna, two from Colorado City and one from Gail led the competition to receive blue ribbons in the contest.

The blue ribbon winners were:

Explorers of troop 26, Fluvanna School Troop, with Bob Warren, Scoutmaster.

Troop 26, Fluvanna School, Bob Warren, Scoutmaster.

Troop 22, Colorado City, First Baptist Church, Pat Shields, Scoutmaster.

Troop 33, Gail Schools, Burton O'Neal, Scoutmaster.

Explorers of troop 20, Colorado City, First Methodist Church, Gene Garner, Scoutmaster.

Red Ribbons went to four troops all of which are Snyder troops. They were:

Explorers of Troop 28, Snyder Rotary Club, Bill Wise, Scoutmaster.

Troop 212, Snyder's St. Elizabeth Catholic Church, Bill Balhorn, Scoutmaster.

Troop 182, Northeast Elementary, Frank Cabiness, Scoutmaster.

Troop 38, Snyder Rotary Club, Bill Wise, Scoutmaster.

Yellow ribbon winners were:

Troop 181, Snyder Fire Department, Floyd Allmand, Scoutmaster.

Troop 20, Colorado City First Methodist Church, Gene Garner, Scoutmaster.

Troop 107, Snyder, Lincoln School, Charles Collins, Scoutmaster.

The first aid meeting was conducted by the Lone Buffalo District Helath & Safety Commitee, of which Bill Zimmerman is the chairman. Zimmerman is assisted by Durward Porter, who was chairman of the first aid meet.

Judges last night were Jim Sullenger, Jr., Kenneth Wood, Melvin Cameron, Robert T. von Roeder, Odis Glasscock, Leonard Keller, Bill Chambless, Wayne Clement, Bill Engler.

Farm Yield Tips Sought

WASHINGTON (AP)—A government survey of crop planting plans should give an advance tip today on the pattern of 1958 farm production.

The report was prepared by the Agriculture Depattment's crop report board.

The report forecasts prospective acreage of such major crops as corn, spring wheat, oats, soybeans, barley, tobacco, hay, rice, grain sorghums, flaxseed, peanuts, dry beans and peas, sugar beets, potatoes and sweet potatoes.

Secretary Benson was hopeful the report would indicate a smaller total crop acreage than last year.

Although last year's harvested acreage was the smallest, except for 1956, since the disastrous drought year of 1936, total production equaled the record set in 1948 and matched in 1956.

Few Strikes Are Expected

NEW YORK (AP)—Union leaders are less likely to call strikes during the current recession, says Joseph F. Finnegan, director of the Federal Mediation and Conciliation Service.

"It is too early to make a definite prediction," the chief mediator said, "but on the basis of our experience so far we anticipate fewer strikes than last year."

The recession has made workers realize "that the stuff isn't going to shake off the trees as readily as before, and they are reluctant to hit the bricks," Finnegan added.

Here to preside at a weeklong seminar of federal mediators from the East, Midwest and South, Finnegan made his comments at a news conference.

British Missile Crashes On Ground

ABERPORTH, Wales (AP)—A giant British ground-to-air guided missile crashed March 6 after being fired from a testing ground here at Aberporth.

The Ministry of Supply said today the rocket landed on waste ground near a storehouse without exploding. The missile dug a large crater but caused no damage.

Unofficial reports at this Cardigan Bay town said that after leaving the launching ship,

Scouters Set Roundtable

The monthly roundtable of Boy Scout leaders of the Lone Buffalo District will be held in the Snyder High School, Thursday night at 7:30 o'clock, Dan Cotton, district commissioner, said.

Bill Balhorn, assistant district commissioner, will lead the Club compose theme ideas for April. Several Cub leaders will be on the program.

Free literature pertaining to the theme "Keep America Clean" will be distributed to denmothers and cub masters participating.

Some handicraft ideas will be demonstrated by Mrs. Frank Cabiness on "Don't Be a Litter Bug," part of the Safety-Good Turn program for 1958.

Conservation and safety program materials will be distributed to the scoutmasters and troop committeemen who participate in the Boy Scout Roundtable.

The closing part of the Boy Scout Leader's Training Course will also be conducted by Doyle Henricks and Bill R. Wise.

Final plans will also be developed on the council roundup to be held in Big Spring, April 18 and 19, for all Boy Scout troops of the council.

About 1,500 attended last year and 2,000 are expected to attend this year.

Reports on development of Camp Ed Murphy will also be discussed.

Negro House Is Damaged

ATLANTA (AP)—A dynamite explosion last night damaged an unoccupied house recently sold to Negroes in a predominently white Atlanta neighborhood.

Police said someone apparently entered the six-room frame structure through the back door and set off the charge in a hallway between the living room and the kitchen.

The blast knocked out most of the windows, ripped a door frame, blasted a hole in the floor and did considerable damage to the ceiling. No injuries were reported.

Police said a few white residents had picketed the area in the northeast section carrying signs reading, "This is a white community."

Houston Trims Ags

HOUSTON (AP) — Houston beat Texas A&M 7-2 yesterday in golf.

TODAY'S MARKETS

FORT WORTH (AP)—Hogs 400; steady to 25 lower; choice 21.50-22.25.

Cattle 1,200; calves 500; strong; good and choice steers heifers 26.00-28.00; medium and good 20.00-25.00; fat cows 17.50-20.50; good and choice calves 26.00-28.50; commoner 16.00-24.00; good stock steer calves and yearlings 26.00-28.50; commoner 19.00-25.00.

Sheep 3,600; steady; best lambs 24.00-24.50.

AUSTIN (AP)—Poultry steady. East Texas and Waco 2½-3¼ lb 21. South Texas 22.

NEW YORK (AP)—Cottonwas 10 to 25 cents a bale higher at noon today. May 33.60, July 35.88, October 36.20.

NEW YORK (AP)—The stock market opened lower in active trading today. Gainers were hard to find.

General Dynamics opened off 1⅛ at 55¼. Polaroid, a recent favorite, was down 1 at 63¾.

Continental Oil was unchanged at 46¾; Royal Ducth off ¼ at 40¼, and General Motors off ⅛ at 35⅛.

Off fractions were U.S. Steel, Bethlehem, General Electric, Boeing, Kennecott, International Nickel and Standard Oil (New Jersey).

Talk By Red Is Opposed

DALLAS (AP)—Southern Methodist University has been asked to cancel the appearance of a former Communist editor.

John Gates, editor of the Daily Worker prior to its suspension, was scheduled to speak April 23. He was invited by the Student Forum Committee.

The Public Affairs Luncheon Club passed a resolution asking the student governing board "not to permit the prestige of a great Christian university to be used to dignify and promote a self-acknowledged atheist and unregenerate follower of the Communist line."

SMU President Willis Tate said he would delay comment until the letters are received.

Lie Detector Test Declined By McDonald

LOS ANGELES (AP) Marie McDonald, who claims her estranged husband engineered her kidnaping 14 months ago, won't take a lie detector test, her attorney says. Her husband Harry Karl took one and evidently was cleared.

The actress has a date today to discuss with the district attorney her accusation against Karl, wealthy shoe manufacturer and retailer.

Karl submitted to a 90-minute test. After preliminary examination of the charts, Police Chief W. H. Parker said: "At this time it appears from the results that Mr. Karl possesses no guilty knowledge of the alleged kidnaping of Marie McDonald."

After Karl was questioned, Miss McDonald's attorney Norman Brand told newsmen that she had been advised not to take a similar test. Brand said he and his associate Jerry Giesler feel such tests are unreliable and serve no useful purpose.

Karl, advised of this, commented: "I didn't think she would."

Miss McDonald brought the kidnap case to life again two weeks ago after Karl announced he wanted a divorce.

The blonde actress, then appearing in a Cincinnati district night club, called a news conference and said that Karl had engineered the kidnaping from her Encino home on the night of Jan. 3, 1957, and had later confessed it to her.

Wearing Of Green Causes Excitement

BALTIMORE (AP)—There was a we bit of excitement St. Patrick's Day over an Irish colleen wearing a bit of green.

Sure 'n she was wearing it in her hair. But as her pop said, "Why get upset about a girl using a little food coloring in her hair to show she's Irish on St. Patrick's Day?"

Well, before you can say Begorrah, the lass with the green hair, Margo Miller, 15, was asked to leave school. Officials didn't like the excitement among the 2,600 pupils at Woodbourne Junior High School.

You should have seen the excitement when her pop, Leo Miller, heard about it. He was on his way to the annual Hibernian Society Mass at St. Patrick's Catholic church.

Nevertheless he said he wished for a shillelagh to use on somebody. What was worse, he found no Irish support from the two school officials he talked to.

The principal has the French name of Miss Dorothy Duvall and Miller observed she "obviously isn't Irish." The assistant school superintendent, who also heard some Miller fireworks has the Dutch name of Thomas Van Sant.

City school Supt. John H. Fisher had the last word: Miss Duvall "exercised the best kind of judgment" in the case because "the green hair was calculated to attract attention and would interfere with instruction."

Americans Told To Leave Medan

JAKARTA, Indonesia (AP) — U.S. firms and missions ordered 250 Americans out of Medan today as prospects loomed for more fighting in the see-saw battle for the North Sumatran capital.

Confirming that the key port and rail center which fell to the rebels Sunday had been retaken by Jakarta government troops, U.S. Vice Consul Richard Dleary indicated another rebel attack was expected.

"The city is in government hands," he said, "but I don't know for how long."

Dleary said the 250 Americans —including women and children— would leave for Singapore Thursday aboard the liner Oranje. The loner also will take out 825 Dutch nationals.

The Americans were told to leave by U.S. rubber firms and Christian missions whose forces make up most of the American population in North Sumatra. The evacuees included personnel of the U.S. Rubber Co. and Goodyear, which have vast plantations in the areas, and 25 American missionaries and teachers.

In a telephone call from Medan, Dleary said no Americans had been injured in the two battles, during which the city of 300,000 went into rebel hands and back to the forces of President Sukarno.

A battalion of the Medan garrison led by Maj. Boyke Nainn Golan switched allegiance to the rebel cause Sunday and took over the town. But before rebel reinforcements from Central Sumatra could arrive, Dleary said, loyalist Indonesian army paratroopers dropped on Medan's Belawan Harbor early Monday, then regained control of the city of 300,000 after a brief struggle. Nainn Golan and his force withdrew from the city.

Radio Medan was partly knocked out by the fight, but two of its four transmitters were operating later.

Rebel sources in Singapore had reported that Capt. Pohan, who displaced the Jakarta-appointed commander in northwest Sumatra's Tapanuli province Friday, was advancing on the Medan with three battalions. The radio in Padang, the revolutionary government's headquarters on the west coast of Central Sumatra, also reported that fighting was going on in the Langkat area north of Medan.

HOSPITAL NOTES

COGDELL MEMORIAL

ADMISSIONS — Wayne Richardson 1910 Thirtieth Street; Ella Newman, Arah Route; Ricky Lynn Akin, Box 83; Lora Anderson, Route 1, Hermleigh; A. K. Smith, 1801 Fortieth Street; Sebastain Martinez, Fluvanna; Dorothy Newman, general Delivery; Joy Harris, 1907 Coleman; Lorene Crooks, Route 3, Box 109; Eddie Ray Bridges, Box 454; Barbara Williamson, 2701 Thirty-fifth Street.

Irving Legion Hall Raided

IRVING, Tex. (AP)—A meeting between city officials and American Legion leaders was scheduled tonight, apparently to discuss a police gambling raid on the Legion hall last weekend.

Police arrested 38 persons, including John Finney, commander of the Irving Post. Finney was charged with operating a gambling house and released on $750 bond. The other 37 persons were booked on a city gambling charge and released on $5 bonds.

BIRTHS

Mr. and Mrs. Ralph Hoyle Box 439, are parents of a son weighing six pounds and four ounces, born at 10:42 p.m. Sunday in Cogdell Memorial Hospital.

Daily Crude Flow Falls

TULSA (AP)—Daily average production of crude oil fell 49,800 barrels to 6,269,500 the week ended March 15, the Oil and Gas Journal said today.

The week's output, the Journal said, raised the estimated 1958 production to 500,346,190 barrels compared to 562,458,761 a year ago.

The largest drop was in Oklahoma, one of the states where March allowables were lowered. The state's daily average was down 78,000 barrels to 500,700 barrels.

Louisiana fell 75 to 818,850 barrels.

Arkansas rose 50 to 83,250.

Production was unchanged in Texas and New Mexico.

Husbands! Wives!
Get Pep, Vim; Feel Younger

Thousands of couples are weak, worn-out, exhausted because body lacks iron and Vitamin B1. For new younger feeling after 40, try high-potency Ostrex Tonic Tablets. Contain iron for new pep, vim—quickly give you a new lease on life. In a single day, you get as much iron as 16 doz. raw oysters, or 4 lbs. of liver, or 16 lbs. of beef. Ostrex also supplies therapeutic dose Vitamin B1 to steady nerves, increase energy, vigor, vitality. 3-day "get-acquainted" size only 69c. Or get Economy size and save $1.67. All druggists.

MORE POWER FROM LESS GAS

Mercury Montclair Phaeton Sedan

MERCURY

The power news you never thought could happen has happened. Here are engines that give you more power, yet sip—never gulp—their gasoline.

The secret is the revolutionary new Cool-Power design of Mercury's new Marauder V-8's. They cut power-wasting heat and friction. And they are teamed with new high-economy rear axles.

You get a 312-hp Marauder in Montereys, 330 in Montclairs, 360 in Park Lanes.

Mercury makes more style news, too, with Clean Line Modern Styling. Mercury gives you more comfort—it's the biggest, roomiest car in its field. The Big M gentles you along with a ride so smooth you'll wonder why it doesn't cost a thousand dollars more.

Now stop in. Be amazed at how little it costs to own a Mercury!

OUTGOING OFFICERS of the Beta Epsilon Chapter of Delta Kappa Gamma international honorary society for women teachers, are pictured above as they met Monday evening in the home of Mrs. Wayne Boren. Seated from left to right are: Mrs. Travis Rhoades, first vice-president, Mrs. J. F. Quinney, president and Miss Bess Johnston, recording secretary. Standing are Miss Virginia Grove, treasurer and Mrs. Russell Cope, second vice-president. Officers not present for the picture are, Mrs. U. G. Hardison, corresponding secretary and Miss Edith Wilkerson, parliamentarian. (Lee Watson photograph)

NEWS FROM CHINA GROVE

By MRS. N. F. HALL

Mr. Houston Webb and Arnold Webb of Dallas, were guests in the T. J. Webb home Monday.

Mr. C. W. Beauchamp visited his daughter, Mrs. N. L. Beauchamp and family of Colorado City over the weekend.

Mr. and Mrs. Carl Caswell and family visited their daughter, Mrs. Pauline Rains and family in Abilene, Friday.

Mr. and Mrs. T. J. Webb visited her sister, Mrs. Henry McGuire and family of Seven Wells, Monday.

Mr. and Mrs. John Denson of Dunn visited in the Carl Caswell home Sunday.

Mrs. James Barkley of Colorado City visited Mrs. Johnny Don Hall, Monday.

Mr. and Mrs. Carl Wilson of Levelland were guests of Mr. and Mrs. Frank Wilson recently.

Mr. and Mrs. Cecil Webb of Floydada, visited Mr. and Mrs. Tom Webb this week.

Mr. and Mrs. C. E. Laster visited her parents, Mr. and Mrs. A. B. Motley of Knott, Thursday.

Mrs. Pete White and Rayburn of Dunn, and Rickey Don Wester of Kermit, were guests in the N. F. Hall home Saturday.

Miss Donna Ann Hall and Miss Gloria Merket went with the Brownie Troop to Dyess Air Force Base in Abilene Saturday. The reported an enjoyable trip.

Mr. L. L. Seale visited in the home of his sister, Mr. and Mrs. H. T. Coles of Colorado City, Sunday.

AAUW Group Taken On Imaginary Tour Of France

The American Association of University Women met at the Martha Ann Clubhouse Saturday at 10 a.m. for their regular monthly meeting.

Mrs. H. G. Burchett, president, called the meeting to order and presented the new slate of officers president, Mrs. J. A. Thompson, first vice-president; Mrs. Forrest Beavers, second vice-president; Mrs. Dan Gibson, recording secretary; Mrs. Harold Nolte, corresponding secretary and Mrs. Vallie Eoff, treasurer.

Mrs. F. L. Salkner, a new member who transfered from the Odessa chapter was welcomed.

Mrs. Josephine Cox of Arlington, carried the local members on a make believe tour of the 12th International conference of the association, which she attended in Paris, France in summer of 1956.

With passports in hand the group left from Idlewild Airport in New York, where they left by BOAC airlines, and landed in Prestwick, Scotland for breakfast. Before the conference began the group visited in 10 countries with members of the Federation of University Women greeting them with the warmest hospitality. With heads filled with the impressions of the life, culture and hospitality of Europe, they arrived in Paris, France to spend 10 days attending the conference.

In all this history no such audience had ever before gathered in the Grand Amphi Theatre of the Sarborne as that of the International Federation of University Women.

Prepresenting 47 national associations with the total membership of 175 thousand, gathered over six continents held their inaugural of the 12th terminal conference. The beautiful evening reception given by the International Federation in the illuminated halls of the Louvne Museum, was another facile of international culture-wise and provided an opportunity to discuss questions and most of all an interchange of ideas and goodwill between educated women of the world, one of the hopeful means we have of helping to bring about world understanding and peace.

Mrs. John Crawford was hostess to the group and served refreshments to 20 members and the guest speaker.

Having guests this weekend? It can be relaxing or a rat race. It all depends on the hostess' attitude toward help from her guests. Most expect to lind a hand. Let them. Everyone will be happier.

GRASS FED BEEF

Beef from grain fed animals can be distinguished from grass fed beef by the marbling of streaks of fat throughout the lean meat and a covering of creamy white, firm fat. Grass fed beef has less fat on the surface and the fat is darker in color. The texture of grass fed beef is coarser, too. Home economists say that all beef can be cooked to give a tender product. A low flame insures evenly cooked, tender meat and less shrinkage. Less tender cuts such as pot roast, stews, Swiss steak, etc. need added moisture.

IN A NUTSHELL

To store nuts properly and prevent their becoming rancid, remember: unshelled nuts keep better than shelled nuts. Unsalted nuts keep better than salted nuts. Nuts will hold their cripness for 8-10 months in the home freezer. They should be sealed in air-tight polyethylene bags for freezing. Nuts that are low in fat (such as filberts) should be roasted in a oven at a low temperature, 275 degrees. Almonds, walnuts, pecans and other nuts high in oils and fats can be roasted at 375 degrees, in a oven.

WOMEN'S CALENDAR

TUESDAY

Iota Psi chapter of Epsilon Sigma Alpha rush social at home of Mrs. Margaret Wood, 3758 Dalton Drive, 7:30 p.m.

Art Guild Study Club at Martha Ann Woman's Club with Mrs Myron Roe as hostess, 7:30 p.m.

Exempler chapter of Beta Sigma Phi at community room of Snyder National Bank with Mrs. Forrest Beavers as hostess, 8 p.m.

Beta Sigma Phi will meet at the Martha Ann Women's Club at 7:30 p.m. with Linda Pfluger as hostess.

WEDNESDAY

Acacia Study Club at Martha Ann Woman's Club with Mrs. Bob Womack as hostess, 3:45 p.m.

Annual Birthday dinner of First Christian Church at West Elementary Cafeteria, 7 p.m.

Cosmorama Club meets at Martha Ann Women's Club at 3:45 o'clock with Mrs. Richard Brice as hostess.

THURSDAY

Miriam Group of First Christian Church with Mrs. Billy Von Roeder, 3710 Avenue U, 9:30 a.m.

Gamma Upsilon chapter of ESA will have a preferential tea at 7:30 o'clock in the home of Mrs. Alfred Weathers Jr., 3101 Avenue K. Mrs. Roaal Minor will be cohostess.

The Advisory Committee of the Martha Ann Woman's Club will meet at the clubhouse at 5 p.m.

FRIDAY

Neighborhood service training for Girl Scout neighborhood chairmen, consultants, troop organizers, Girl Scout House, 9 a.m. to 2 p.m.

Altrurian Club at Martha Ann Woman's Club with Mrs. Giles Bowers as hostess, 3 p.m.

Duplicate Bridge, 9:30 a.m. at the Country Club.

SATURDAY

Mrs. Ben Weathers and Mrs. Gilbert Richter will be hostesses for a meeting in Martha Ann Woman's Club at 3:30 p.m. A film on cancer will be shown for all county Home Demonstration Club women, and the public is invited.

GLOSSY MERINGUE

Tender, glossy meringues are the perfect finishing touch for lemon pie. Home economists have a secret they share with homemakers who have meringue problems. They add ¼teaspoon cream of tartar for each two eggs and beat until frothy. They then add ¼ cup sugr graduly, beating at high speed until the meringue feels smooth when a pinch of it is rubbed between the fingers When the meringue feels smooth it is ready to spread on the pie filling. It should be baked at 350 degrees for 10 to 15 minutes, or until it is delicately browned.

Mrs. Wayne Boren Hostess To Sorority Monday Evening

Twenty-six members of the Beta Epsilon Chapter of Delta Kappa Gamma international honorary society for women teachers, answered roll call at their regular meeting Monday evening in the home of Mrs. Wayne Boren, 2701 Thirty-second Street.

The president, Mrs. J. F. Quinney conducted the business session. It was noted that the president represent the chapter at the Alpha State Convention to be held in Dallas, April 18, 19, and 20, at the Adolphus Hotel. Parts of the scrapbook, which will be sent to the state convention were shown to the members by the scrapbook chairman, Miss Maydelle Burns.

A form was adopted for each member to complete her autobiography for the permanent files of the society. Donations were collected for the Grant-in-Aid Fund. Then Mrs. Quinney presented Mrs. Dale Geer, the program chairman for the evening.

Mrs. Geer introduced the program topic, Future Teachers Club in the high schools. She told how the future teachers were becoming indoctrinated into the teaching profession b substituting for the elementary teachers when they had to be away from the classroom at school meetings.

The next part of the program was a clever "I've Got a Secret" presentation. The panel was picked by random from the group and contestants were also chosen at random and assigned a secret of a typical school problem, such as "How Will I Teach in 1970?, etc. The panel presented many interesting questions, but were never able to guess any of the problems.

At the conclusion of the program delicious refreshments were served from a beautifully arranged dining table. An arrangement of yellow King Alfreds and white carnations surrounded by shamrocks centered the table.

Those present from Colorado City were: Mrs. A. L. Geer, Mrs. Lynn Halbert, Mrs. G. A. Horton, Mrs. J. T. Quinney, Mrs. V. V. Shropshire, Mrs. Ed Williams, and Miss Jane Merrill.

Members present from Loraine were Mrs. Floyd Coffee and Mrs. Russell Cope.

Snyder members present were: Miss Vela Bell, Miss Zaida Brown, Miss Maydelle Burns, Mrs. L. F. Cox, Mrs. Silas Devenport, Mrs. J. S. Gorman, Miss Virginia Grove, Mrs. Dan Hamil, Mrs. Glen Holladay, Mrs. Mauryse Blacklock, Miss Bess Johnston, Mrs. J. P. Nelson, Mrs. M. M. O'Rear, Mrs. Travis Rhoades, Mrs. Paris McPherson, Mrs. Wayne Stephens and Mrs. Wayne Boren.

The next meeting will be held on April 21, at the Martha Ann Woman's Club.

OUR VIEW

A Three-Winged Party?

Perhaps the weather has been too cool for much action so far, but indications are that politics is about to warm up some on the state level.

Announcement that a "conservative" group had held a surprise meeting Sunday in Austin may be a harbinger of things to come. At this date there is a puzzle, however, because the "conservatives" involved in the Dallas session were not identified.

By the process of elimination via direct questioning by reporters it was determined that such conservative leaders as Gov. Price Daniel, Jake Pickle, etc., were not present at the meeting.

Gov. Daniel, of course, bills himself more as a middle-of-the-roader than a conservative, but he is regarded as conservative in comparison to the Democrats of Texas (DOT) who are led by Mrs. R. D. Randolph of Houston.

Can it be that Texas is on the verge of producing a three-winged Democratic Party?

Perhaps we will get some inkling when the dogwood blossoms appear and candidates begin to stir.

Viewing Via Others' Eyes

THE NEW ORLEANS ITEM:

Defenders of the sanctity of the subconscious from the onslaughts of subliminal advertising may relax—if results of this experiment prove anything.

Some 300 broadcasting executives at a New York conference witnessed a 30-minute filmed interview with Architect Frank Lloyd Wright.

Once every five seconds—for a period of one-1200th of a second—an advertising message was flashed on the screen. This is too fast for the viewer to be consciously aware of the message. But it's supposed to be slow enough to register on his subconscious, sneakily creating desires resulting in more sales of the advertisers' product.

The message this time was a below-the-mind pitch for a soft drink.

What happened?

When asked to name the product subliminally advertised, most of the viewers said it was either a new automobile with fancy tail fenders or a chewing gum.

Did they want to buy anything? Thirty-nine said cigarets, 23 soda pop, 22 chewing gum and 13 meat and potatoes.

Now the big question: Did anyone become thirsty?

Thirty-two said they had. But 52 said they just got anxious, while 10 said the film made them hungry and seven said it made them feel sexy.

All of which goes to prove the truth in the saying of the Old Chinese philosopher: "Subliminal picture worth 10,000 words—if 9999 words used to tell what it means."

'Sack Look' Is Aid To Identification

By HAL BOYLE

NEW YORK (AP)—Can 50 million American men be wrong?

Will their wives, sisters, mothers and daughters really go for that new so-called "sack look" in their clothing?

The answer is yes, the men are wrong; and, yes, the American woman seems already sold on the chemise silhouette in everything from nightgowns to evening dresses. As far as milady herself is concerned, she's in the bag.

It will do no good for the average husband to announce sternly he will refuse to escort in public a wife dressed to resemble an ambulant sugar sack or a strolling bean bag. For no matter whose wife he goes out with, that's how she is going to look.

At the risk of being denounced as a traitor by millions of American men still unreconciled to the new feminine styles, I'd like to cast a solid vote in favor of them. And for several reasons.

For one thing, they make it easier to tell men and women apart, something that has been getting more and more difficult in this civilization.

How can you identify them at a glance? If it wears an Ivy League—or skinned rabbit—look, it is a man. If it billows like a sailboat in a strong breeze as it passes, it is a woman.

Going for a walk with a girl clad in one of these not-quite-blown-up balloon dresses has a new air of risk and requires a certain daring challenging to a real man. He never knows when a sudden gust of wind may swirl her drapery around him and smother him before bystanders can rush to his aid.

Another thing I find entracing in the new style is the sense of mystery it gives a woman. You can never tell what will be her next move—as she has to take four steps before the dress begins going, too. It also lends some of the entracing appeal of a circus tent: You wonder what could be beneath all that flapping canvas.

Perhaps, however, the soundest reason of all for endorsing the "sack look" is that if their menfolks applaud it women will quickly tire of it, figuring there must be something basically wrong with any fashion that men approve.

But if men keep attacking the style, the girls will simply be inspired to go on to something worse. And anyone who thinks there can't be anything worse than the "sack look" is just plain unversed in the history of past horrors committed by women in the name of fashion.

Few Changes Seen In Business Trend

By SAM DAWSON

NEW YORK (AP)—With the supposedly critical month of March in its final two weeks, there are few signs yet of a change in the business weather.

Rightly or wrongly, March was labeled as the month when the decline in business — particularly in jobs — might show signs of halting. Congress, especially, attaches great significance to mid-March statistics, which will be released in the middle of April.

Many congressional schemes for combating the slump depend on what these will show.

So far this month reports of more layoffs in industrial plants have outnumbered reports of work resumptions. The Labor Department reports that in the week ended March 8 new claims for jobless pay increased by 4,500 to a total of 440,400, almost double the year-ago figure.

Some industrialists predict mid-March unemployment figures will show a rise from mid-February's 5,200,000.

The picture of conditions in March is confused today by a welter of both good and bad reports. Some industries continuing to thrive while others adjust to lower activity.

Most government statistics now can be misleading unless you remember that generally they reflect where we've been and we're going.

Personal income totals are an example. Trends in personal income often lag behind many others, such as the rise or fall of industrial output, because so many factors enter into personal income totals.

So it may well be that the decline in personal income, marked in February, is continuing in March and that it won't turn upward until some time after business does.

The Commerce Department reports that in February personal income fell two billion dollars to an annual seasonally adjusted rate of 341¾ billion dollars. This is 5½ billion under the peak reached in August.

Other indicators are bank loans to manufacturers and merchants, retail sales, car loadings, and what the stock market seems to make of all this.

Mostly bank loans reveal a continuing drop in the demand of industry for new funds. This is reflected somewhat in the bond market as well. Here the big gain in volume of new offerings is in the state and municipal sector. Corporate issues are still high, but below the like period last year, and corporate intentions, indicate a sharp decline later in the year to match the drop in anticipated spending on capital goods.

Retail sales this month have revealed little change. Their big test is in the three weeks now starting as consumers do or don't buy for Easter.

The stock market has shown some response to lower earnings and dividends and to the drop in industrial output. But it has paid more attention to what's going on in Washington.

And the talk there of tax cuts and more spending and large federal deficits add up in the view of Wall Street to just one thing more inflation before the year's over.

Porcupines are devastating menaces to tree farmers for porcupines' favorite dessert is to chew up a healthy young tree. Moreover, reports one Oregon three farmer, they will eat anything, including dynamite.

Isolationism May Revive With ICBM

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP)—This country became fully internationalist after being yanked out of isolationism by World War II. But what happens when it develops the ICBM—the intercontinental ballistic missile?

This is something not being talked about much now, and perhaps not even being thought about much. But it seems inevitable that isolationist pressure will increase when the ICBM makes this country less dependent on its allies.

This country, with hydrogen-loaded ICBMs, could stand behind the walls of the Atlantic and Pacific and hit an enemy anywhere overseas.

It was only eight years ago that former President Hoover said America's defense lines should be the Atlantic and Pacific and he urged concentration on building a big navy and air force.

Whether any real isolationism could prevail again in this country is questionable because it might mean the loss of the non-Communist world to the Soviets. That in turn might make it impossible for this country to survive alone.

Since World War II —under both the Democratic and Republican administrations—the United States not only has taken on worldwide responsibilities in the form of foreign aid but has formed military alliances around the world.

Neither the aid nor the alliance program is unselfish.

The aid, in addition to its humanitarianism, is part of this country's effort to keep the non-Communist part of the world away from communism. The same for the military alliances which are this country's first line of defense.

For these first 13 postwar years the aid and alliances have worked pretty well to hold the Soviets in check. In the next five years, by the time this country has a supply of ICBMs, the picture may change.

BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

ANOTHER SPRING FOOTBALL training session at Snyder High School is now history.

Although slowed through most of the 21-day drills by the weather, coach John Conley and his aides, Horrace Bostick and Hal Battle, were pretty well pleased with the showing of the Bengals during the spring drills.

Blocking up the middle, the running of Jimmy Allen and the passing of Dick Hayes were high spots in the spring windup tilt with the Exes as pointed out by Conley.

"Our defense looked good, too, in the Exes game," Conley said, "especially considering the fact that we didn't get to work much on defense during the drills."

"We generally put off our defensive work until the final week of the drills but bad weather during the last week this season hampered our defensive work," Conley added.

Mickey Doing Well At New Position

One of the fellows responsible for the fine blocking up the middle was Mickey McGrew, who moved from fullback to guard during the drills.

Conley isn't sure yet whether he will leave Mickey at guard full time but he hinted probably that McGrew will divide time at the two positions.

"We'll have to strengthen our outside blocking and defense next fall," Conley went on.

When asked about the new scoring rule that now allows two points on conversions after touchdowns when run or passed over, Conley said:

"The situation will depend heavily on what we'll do, also on who we will be playing," Conley said. I'd say, though, that we'll probably go for the two points for the most part."

In the Exes game, the Tigers went for the two points both times and made it once. This, of course, amounted to the same as if they had successfully kicked both of the conversions which still counts just one point.

The new scoring rule, to be sure, will give the coaches around the country plenty to lose sleep over during the summer.

Canyon Reef Ranked High

For curosity sake, we compared the Canyon Reef Relay summaries with other track meets held around the state last weekend and found that the local meet fared pretty good.

To our knowledge, there were four track meets held last weekend, the Fort Worth Recreational, the Hub City Relays at Alice, the Seminole Relays at Seminole and the Canyon Reef.

Counting on a 5-3-2-1 basis for best times recorded in each of these four meets, the Canyon Reef placed second only to the Fort Worth meet.

Since the Fort Worth meet attracts athletes more on a state wide basis and who also brings in boys from Oklahoma and Louisana, it was only to be expected that the Cowtown meet would "outrank" any other meet that might be held over the weekend.

But even so, the Canyon Reef did alright.

The Cowtown meet totaled 51 points on the aforementioned scoring method with the Canyon Reef second at 35, Hub City third with 25 and Seminole fourth with 21.

The Hub City meet, incidentally, attracted many of the South Texas powers, including the Corpus Christi and San Antonio schools.

Local Meet Had Three Top Times

The Canyon Reef had the best times in three events, the 180-yard low hurdles, 100 yard dash and 220 yard dash. The scoring was made only in the events that were run in all four meets.

Otherwise the Canyon Reef might have had two other firsts. All but the Fort Worth meet had the sprint medley relay and discus as part of their programs and the Canyon Reef had the best times in both of these.

At any rate, following a run-down of the 12 events that were run in all four meets held last weekend:

120 YARD HIGH HURDLES
1. Fort Worth Recreational, 14.5 by Bob Bernard; Graham.
2. Seminole Relays, 14.7 by Larry Meeks, Brownfield.
3. Canyon Reef Relays, 14.8 by Rex Wilson, Snyder.
4. Hub City Relays, 15.5 by Dayid Turner, McCallum of Austin.

100 YARD DASH
1. Canyon Reef Relays, 9.8, by Alton Thygerson, Pampa.
2. (Tie) Fort Worth Tecreational, 9.9 by Jim Thomas, North Side; Seminole Relays, 9.9 by Jerry Williams, Lockney.
3. Hub City Relays, 10.1 by Donny Schoecky, Harlandale.

BROAD JUMP
1. Fort Worth Recreational, 22-10½ by Bobby Wyatt, North Dallas.
2. Hub City Relays, 22-3¼ by Dan Cervenka, Travis of Austin.
3. Canyon Reef Relays, 21-6, by Bud Morgan, Snyder.
4. Seminole Relays, 21-1¼ by Smith, McCamey.

POLE VAULT
1. Fort Worth Recreational, 13-3½ by Bayliss Bennett, Amarillo.
2. Seminole Relays, 12-2 by Freeman, Crane.
3. (Tie) Canyon Reef Relays, 11-0 by Tommy Craver, Midland; Hub City Relays, 11-0 by Saul Jiminez Miller of Corpus Christi.

440 YARD DASH
1. Fort Worth Recreational, 50.0 by Bill Stoddart, Okla. City.
2. Hub City Relays, 51.6 by Lewis Houston, Breckanridge San Antonio.
3. Canyon Reef Relays, 52.2 by David Noble Odessa.
4. Seminole Relays, 52.7 by Medanich, Pecos.

180 YARD LOW HURDLES
1. Canyon Reef Relays, 18.8 by Bud Morgan, Snyder.
2. Fort Worth Recreational, 19.3 by Iran King, Abilene.
3. (Tie) Hub City Relays, 20.2 by Wayne Ridgeway, Del Rio.
Seminole Relays, 20.2 by Jerry Brown, McCamey.

440 YARD RELAY
1. Fort Worth Recreational, 43.4 by Andrews.
2. Hub City Relays, 44.2 by Corpus Christi Ray.
3. Canyon Reef Relays, 44.5 by Pampa.
4. Seminole Relays, 45.5 by Kermit.

220 YARD DASH
1. Canyon Reef Relays, 21.3, by Alton Thygerson, Pampa.
2. (Tie) Seminole Relays, 21.9 by Pace, Kermit.
Fort Worth Recreational, 21.9 by Jim Thomas, North Side FW.
4. Hub City Relays, 22.2 by Garren Dean, Corpus Christi Ray.

SHOT PUT
1. Hub City Relays, 54-7 by Pat Holmes, Del Rio.
2. Fort Worth Recreational, 52-7½ by Johnny Jessup, Dallas Jeff.
3. Seminole Relays, 51-6 by Jams Byerly, Crane.
4. Canyon Reef Relays, 51-4½ by Emory Martindale, San Angelo.

HIGH JUMP
1. Fort Worth Recreational, 6-2½ by Jackie Upshaw, Vernon; and Eddie Curtis, Terrell.
2. (Tie) Canyon Reef Relays, 6-0, by Rex Wilson, Snyder;
Seminole Relays, 6-0 by Jones, Brownfield.
4. Hub City Relays, 5-9½ by Puento, Miller CC; Duncan, Ray CC.

MILE RELAY
1. Fort Worth Recreational, 3:24.1 by Andrews.
2. Canyon Reef Relays, 3:30.3 by Borger.
3. Hub City Relays, 3:31 by Brackenridge of San Antonio.
4. Seminole Relays, 3:37.7 by Krmit.

MILE RUN
1. Fort Worth Recreational, 4:26.3, by John Cooper, Tech FW.
2. Canyon Reef Relays, 4:41.5 by Bobby Barrett, Midland.
3. Hub City Relays, 4:44 by Domingo Pasrano, Lanelr.
4. Seminole Relays, 4:54.9 by Dennis Richardson, Seminole.

WINS TITLEHOLDERS TOURNEY—Beverly Hanson of Indio, Calif., is a happy miss as she holds the winner's cup after taking first prize in the Women's Titleholders Golf Tournament at Augusta, Ga. Miss Hanson posted a 299 for the 72 hole tournament. (AP Wirephoto)

BASEBALL, TRACK, TENNIS, GOLF

Local Athletes Eye Busy Week

Local athletes will scatter out "hither and yon" this weekend.

The Tiger track team, surprise winners of the Canyon Reef Relays here last weekend, will resume action Friday and Saturday at the West Texas Relays in Odessa.

Also slated for activity at Odessa are the Tiger golf and tennis teams.

The two Junior High Blue Devil track teams, the 7th and 8th grades and the Tiger Freshmen, will participate in the Stanford Junior Meet Saturday. This meet opens the season for the Blue Devils and the Tiger Yearlings.

Then the Tiger baseballers will be at San Angelo Friday and Saturday to meet the San Angelo Bobcats. The Tigers will meet the Bobcats in a singel game Friday and then close out the series with a doubleheader Saturday.

Prior to the San Angelo series, though, the Bengals will open their home schedule Thursday against the Odessa Broncs.

Odessa nipped the Tigers, 4-3, last week in the line start thus far for the Bengals.

Both the Tiger baseball and track teams have been bolstered this week with boys off the football squad who completed spring training last Friday night.

TIGER-ABILENE GAME POSTPONED

Today's Tiger-Abilene baseball game slated at Abilene has been postponed, Coach Speedy Moffett revealed this morning.

Freezing weather was the cause of postponement.

The game will be made up later although no definite date has been set.

Next game on tap for the Tigers will be Thursday when they open their home schedule against the Odessa Broncs.

Yesterday's postponement was the second in three games for the Tigers thus far. The scheduled season opener with Monterey a week ago today was called because of the weather.

The Tigers have managed to get in one game, dropping a 4-3 decision to Odessa last Thursday at Odessa.

Gorman By Decision

NEW YORK (AP) — Johnny Gorman came back from two knockdowns last night to gain a split decision over Jimmy Archer in a 10-round welterweight battle.

Ring Promoter Norris To Get 2nd Chance

By JOHN H. AVERILL

WASHINGTON (AP) — Promoter James D. Norris is getting another chance to fight a court order that spells death for his International Boxing Club as one of history's most fabulous ring empires.

The Supreme Court agreed yesterday to review a lower court ruling that the IBC be dissolved on grounds it monopolized championship bouts in violation of the antitrust laws.

Because of a crowded calendar, the court is not expected to hear the IBC appeal until next fall at the earliest. More months could pass before a ruling is announced. Meantime, the lower court's ruling, issued last year in New York, has been suspended.

The ruling by U.S. Dist. Judge Sylvester J. Ryan applied specifically to the International Boxing clubs of New York and Illinois; Norris and Arthur W. Wirtz, principal IBC officers; and Madison Square Garden.

Ryan ruled that the defendants created an illegal monopoly in the promotion of title fights from 1949 to 1953. To break up the monopoly he ordered that:

1. The clubs be dissolved.
2. Norris and Wirtz, an IBC director, sell their stock in the Garden corporation and resign as Garden officers.
3. Norris and Wirtz be barred from contracting for the exclusive services of individual fighters.
4. The Garden be limited to two championship bouts annually for the next five years. This also affected Chicago Stadium, which Norris and Wirtz own.

DESPITE RULE CHANGE

Bud Still Believes Kicking Will Stay

OKLAHOMA CITY (AP) — Deception and the revival of kicking are two developments which may stem from the new afterpoint rule in football.

Oklahoma Coach Bud Wilkinson and Oklahoma State Coach Cliff Speegle speculated today on what teams would try to do under the rule revision.

It provides for two points for successfully passing or running the ball over the goal on the try for extra points. The conversion play is moved back a yard to the three but a good kick is still just worth a point.

Oklahoma is in the middle of spring practice but Wilkinson says he isn't worrying too much about the rule now. "We'll probably just let the players know there is such a change," he remarked.

The successful Sooner coach believes there will be more emphasis on deceptive plays when the teams go after the extra points.

"It won't be as much on defense. We'll just have to use the regular goal line stand."

Speegle, whose squad already has ended spring practice, kept detailed records on game condition scrimmages where conversion attempts were made for both one and two points.

"We had 125 chances and found that we could make two points running or passing 60 per cent of the time," he said.

"It looks like the spread will be the best formation as it forces the defense to cover a wider area.

"I think one of the most significant things that will come from the new rule is the return of kicking to the game. Opponents of the rule say it will eliminate kickers but we found just the opposite true.

"What would be better than to have a man who can pass, run or dropkick. With this option, you've got the defense up in the air.

"Something else a lot of people may overlook—I think it will bring back field goals. With two points on the conversion, you'll probably find more teams trying for three points when they get inside the 20 rather than going for a first down or touchdown."

Dayton, Bradley Make NIT Debuts

NEW YORK (AP)—Dayton and Bradley, the two basketball teams considered most likely to succeed, make their debuts in the National Invitation Tournament tonight against two outsiders bent on revenge.

Top-seeded Dayton (23-3) plays Fordham, (15-8), and Bradley, (20-6), the defending champion and No. 2 seed, bumps into Xaviar of Ohio (16-11) in quarterfinals at Madison Square Garden. The Bradley-Xavier winner will meet St. Bonaventure and the Dayton-Fordham survivor will face St. John's of New York in Thursday's semifinals.

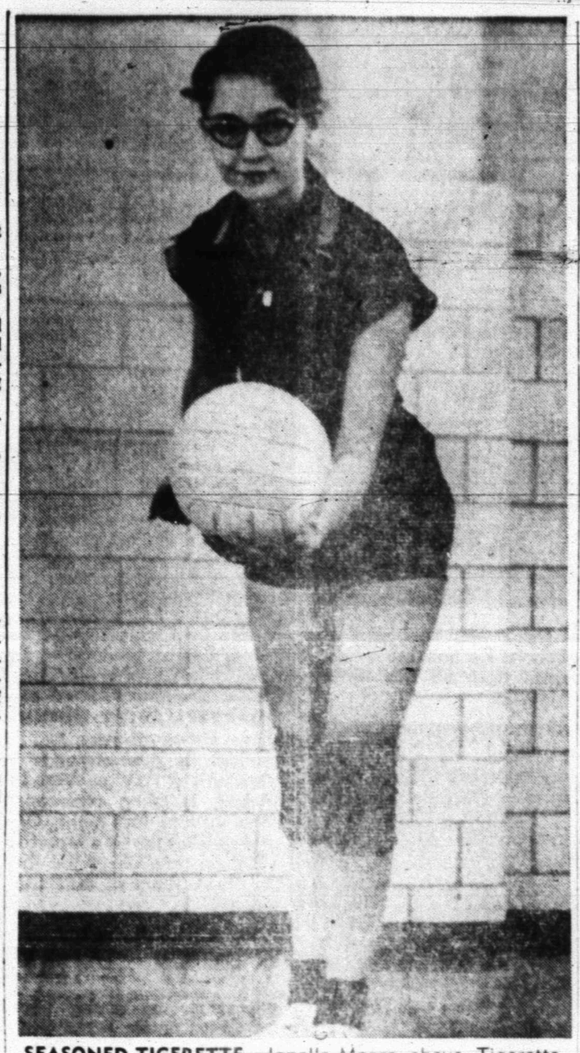

The Fordham Rams absorbed their worst cuffing of the season (63-35) from Dayton Dec. 19. Last year, Bradley swept past Xavier 116-81 and set tournament records for total points for a game and for a half (72) during their climb to the NIT title. Xavier never has beaten Bradley in three meetings between the schools.

Fordham, an 83-59 winner over St. Francis (Pa.) in a first-round game Saturday, has impressed both its coach, Johnny Bach, and Dayton's coach, Tom Blackburn, with its improvement.

"That earlier loss to Dayton was the only real bad beating we took this year," said Bach. "But if we can play like we did Saturday, we'll give them a good game. I waited two years to see this club look like it did Saturday."

Blackburn echoed Bach's sentiments. "Fordham has improved very much," he said. "The way they looked against St. Francis, they could knock off any team in the country."

AT WEST TEXAS RELAYS

High Jumpers To Find Soft Landing

ODESSA, Tex. (AP)—The jumping pits for the West Texas Relays will have shavings instead of sand so jumpers like Don Stewart of SMU, who lands on his back, won't be bruised.

Coach McAdoo Keaton of SMU, who complained that the Southwestern Recreation Meet in Fort Worth last week wouldn't prepare the pits with the result Stewart was handicapped, asked Cooper Robbins, director of the West Texas Relays, that shavings be used here.

"We are glad to meet any suggestion to help the contestants," Robbins said. "And we will follow this suggestion to the letter."

Stewart and his teammate, Bertil Holmgren, will be featured performers in the West Texas Relays Saturday as they are expected to break the high jump record of 6 feet 7 inches. Holmgren leaped 6 feet 8¾ inches at Fort Worth and Stewart did 7¾.

Keaton blamed sand pits at Fort Worth for Stewart's failure to make a better showing. "I'm sure it took a lot out of Don both mentally and physically to hit on that sand," Keaton said. "No telling what he could have jumped if he'd had the right kind of pit."

The field for the West Texas Relays grew today with Eastern New Mexico being added. This made the college division as large as the university—seven teams in each.

The university class will have Texas, Abilene Christian, Houston, Baylor, SMU, Texas Tech and North Texas State. ACC is defending champion.

In the college division will be defending champion East Texas State, Texas Western, Sul Ross, Howard Payne, McMurry, Hardin-Simmons and Eastern New Mexico.

The high school division has already drawn 43 teams and a half-dozen more probably will enter before Friday when first events are scheduled. San Angelo, the 1957 champion, won't be here, however. San Angelo said it didn't have a good enough team this year to compete.

Swede Gives SMU Solid 1-2 Punch In HJ

DALLAS (AP)—Bertil Holmgren, the leaping Swede, has accomplished much in three weeks—he has added 2¾ inches onto his high jump and beaten the nation's leading collegiate jumper of last year three times.

Holmgren is the Stockholm-thin man who came to SMU because he happened to meet McAdoo Keaton, the SMU track coach, in Oslo, Norway.

Keaton was coaching an AAU track squad on a tour. He was impressed with Holmgren's high jumping—the Swede was competing for an athletic club in Stockholm—and told Holmgren he thought SMU would be a good place to go to college.

Holmgren was a junior college graduate but had been in the Army and was working at the time Keaton met him. He hadn't done any high jumping at Gymnasium school in Stockholm, where he finished in 1953, but had started competing with the club in 1954.

Holmgren came to SMU as a junior college graduate, giving him two varsity seasons here. In his first meet, three weeks ago, he leaped 6 feet 8 inches, beating teammate Don Stewart, who had leaped 6 feet 10⅞ inches last year and tied for first place in the NCAA with 6 feet 7½ inches.

The next meet found Holmgren jumping 6 feet 8 3-8 inches, again beating Stewart. Last week he leaped 6 feet 8¾ inches, once more beating Stewart, who did 6 7¾.

Bears Land 2 Stars

WACO (AP) — Two outstanding schoolboy football players, guard Bobby Menasco of Cleburne and back Danny Griffin of Oklahoma, have been signed by Baylor, the school said yesterday.

Baylor Netters Lose

HOUSTON (AP) — University of Houston defeated Baylor 4-1 in tennis yesterday.

IN CHICAGO CUB CAMP

Littrell Has Found A 'Home'

By JOHN CHANDLER
The Associated Press

Jack Littrell of the Chicago Cubs, who has played with 11 different baseball clubs in the minor and major leagues in 10 years, may be the latest to make the big switch from an infielder to a pitcher.

Littrell, no man to be feared by opposing pitchers as his .190 batting average in 61 games with the Cubs last year will attest, won his second Cactus League decision yesterday when Chicago defeated the Baltimore Orioles 5-3 at Scottsdale, Ariz.

The 29-year-old native of Louisville, Ky., pitched two innings and allowed two hits and one run. The Cubs won it on a three-run homer by Walt Moryn with two out in the seventh inning. The game was limited to seven innings by agreement, since the Cleveland Indians defeated the San Francisco Giants 9-6 in the opener of the benefit double-header.

Cleveland slammed rookie Ernie Broglio for five hits and six runs in the second inning—one a two-run triple by Earl Averill.

Frank Thomas hit two homers for Pittsburgh at Fort Myers, Fla. but the Chicago White Sox defeated the Pirates 7-4. Chicago got four runs in the fourth inning with the help of two wild pitches, two walks and an error. Vernon Law pitched five innings and gave up all the White Sox runs.

Richie Ashburn hit a double and three singles as the Philadelphia Phillies pounded Herman Wehmeier, Bob Miller and Bill Smith for 15 hits in a 6-2 decision over the St. Louis Cardinals at St. Petersburg, Fla.

The Cincinnati Redlegs defeated the Washington Senators 9-6 at Orlando, Fla. Frank Robinson drove in six runs on a pair of homers, a single and sacrifive fly. Steve Bilko also homered for Cincinnati.

The Milwaukee Braves belted Bob Turley of the New York Yankees for five runs, our on Wes Covington's grand-slam homer, in the first inning at Bradenton, Fla. Joe Adcock also homered in the inning. But the Yankees, breaking out with their lustiest batting surge of the spring, rallied for a 15-8 victory. Mickey Mantle, Andy Carey and Hank Bauer hit homers as the Yankees won their fourth straight.

The Los Angeles Dodgers had to go 10 innings to squeeze out a 3-2 victory over Spokane, their Pacific Coast League farm club, at Vero Beach, Fla. The Dodgers got only four hits.

Queens Extend String To 130

ST. JOSEPH, Mo. (AP)—Wayland College of Plainview, Tex., breezed through the second round of the National Women's AAU Basketball Tournament yesterday with 50 points to spare.

Wayland thumped Sioux City, Iowa, 69-19, for its 130th consecutive victory. Sioux City didn't score a field goal for the first 22 minutes.

St. Joseph Morris tangles with Mt. Pleasant, Iowa, when winners bracket play in the double elimination meet resumes tonight.

Milwaukee and Rosendale, Mo., are matched. Midland of Kansas City plays Amarillo, Tex., and St. Joseph Platt meets Little Rock Retail.

The Amarillo Dolls took a first round victory over the Omaha Roths 51-20. Clarendon, Tex., Junior College defeated Bowling Green, Ohio, 42-34; Omaha Commercials defeated Miami, Okla., 56-39; and Nashville, Tenn., nudged Atlanta 33-29.

Lions Obtain Ex-Bear Glass

DALLAS (AP)—The Detroit Lions of the National Football League obtained today Bill Glass, All-America guard at Baylor in 1956, from Regina of the rival Canadian League.

Nick Kerbawy, general manager of the Lions, said here today that he completed a deal with the Regina Roughriders for Glass' services and that the 240-pound lineman had signed his 1958 contract.

Kerbawy said it was the first time a National Football League team had dealt with a Canadian club for the services of a player in the long war between the rival leagues.

Glass was the No. 1 draft choice of the Lions after the 1956 season, but he signed and played with Regina in 1957.

VFW CITATIONS—Milton Mapes, outgoing commander of the Snyder post of the Veteran's of Foreign Wars is shown above with some of the citations he and the VFW post have won in the past year. Post membership was increased from 68 this time last year to a present roll of 205 members.

QUARTERMASTER HONORED — Jesse King, left, is shown above receiving two citations in recognition of his services as quartermaster of the Snyder post of the Veteran's of Foreign Wars in the past three years. Milton Mapes, outgoing commander of the post, made the presentations last night. One was for having a 100 per cent quartermaster's report to the state department of the VFW on time all of the three years, and the other was for three years of outstanding service as post quartermaster.

PUBLIC INFORMATION CITATIONS—Milton M. Mapes, right, commander of the Snyder post of the Veterans of Foreign Wars, is shown above presenting citation awards to two public information media representatives at the VFW meeting last night. At left is Mel Zane Gilbert, who accepted one of the awards on behalf of Radio Station KSNY, and in center is Wacil McNair, editor, who accepted the award on behalf of The Snyder Daily News. (Lee Watson photographs)

U. N. Recognition Asked By 'Eneri'

WALLER, Tex. (AP)—Embattled Mrs. Irene Cliett, 59, fought a court ruling taking away 350 acres by seceding from the Union yesterday. She asked U.N. recognition as a separate nation.

A sister, Mrs. Lucy Mayberry, said Mrs. Cliett also wrote Gov. Price Daniel asking intervention.

Federal courts have ruled 350 acres in this southeast Texas community belong to the heirs of George Scott. Mrs. Cliett has said Scott was a friend and not a partner and has denied claims to the land.

She pitched a tent, moved in household goods and armed herself with a shotgun.

Her sister, Mrs. Mayberry, held the fort when Deputy U.S. Marshal Ellis Binford tried to present Mrs. Cliett with a copy of a request for an injunction ordering the woman not to trespass.

"You can't come onto this property," shouted Mrs. Mayberry, who stood guard with a shovel.

"I just have my job to do," explained Binford.

But when he started to cross the fence, a crowd of about 15 persons a'vised him against it and he went back to his car.

Mrs. Mayberry gave a newsman a copy of a proclamation she said Mrs. Cliett had signed. It said in part: "...We hereby declare that we are no longer a part of the said United States and do declare ourselves to be hereby seceded and herein, and after, we will be known as Eneri (Irene spelled backwards, with the capital known as Lraep (Pearl spelled backwards). The boundaries are the same as those of several deeds registered in . . . the county of Waller in the foreign land of Texas, U.S.A.

"The country of Eneri does hereby ask for membership in the United Nations. . ."

Big Push In Science Urged

CLEVELAND (AP)—Dr. Edward Teller, who has been called the father of the H-bomb, last night called Americans "scandalously undereducated in science."

"Unless Americans accept the challenges of today," the scientist-lecturer said in a lecture, the world will become a vast Soviet satellite and within 10 years the Soviet Union will be scientifically supreme.

"Thanks to our education today," he declared, "we shall develop the best football players in the world — for whatever good that does us."

VFW Names Slate

Officers for the coming year were elected by the Snyder post of the Veteran's of Foreign Wars last night.

Earl Chapman was elected commander to succeed Milton M. Mapes.

Other new officers are: Harry Chapman, senior Vice commander, L. E. (Pat) Miller, junior vice commander, Mapes, quartermaster, Martin Lutkins, judge advocate of the post, Lowell Prince, officer of the day, J. L. King Jr., post serving officer, R. R. Harrison, public relations officer, Jesse King, three-year term as trustee, Ray Niedecken, post historian, and Sonny Holdern, patritoc Instructor.

During last night's meeting Mapes presented citations to Radio Station KSNY and The Snyder Daily News for public information services, two plaques to Jesse King for outstanding services as quartermaster of the post for the past three years, and to the post for having accomplished all the goals set for it by the state department for the VFW and the national VFW organization.

Like a Housewife Hates Dust on the Furniture

Phillips 66 Dealers take a lot of pride in being good housekeepers. They have a housewifely hatred of untidiness. They keep their stations clean, including those all-important rest rooms.

They'll go all out to keep your *car* clean, too. "Whiskbrooming" the interior of your car is one of those extra little services your Phillips 66 Dealer is glad to perform. And he'll clean the windows for you . . . *all the way around.*

This obsession with *cleanliness* is part and parcel of our policy of "Hospitality on the Highway." You benefit from it at any station which displays the famous orange and black Phillips 66 Shield.

Phillips 66

More Space Craft Planned As 'Moons' Whiz Over Earth

CAPE CANAVERAL, Fla. (AP)—Two—actually three—U.S. moons whizzed around the earth today in company with the sole surviving but already doomed Soviet Sputnik satellite.

And the United States continued to press on with programs to launch additional space craft.

With Sputnik II given less than a month remaining life, the Soviet Union for the first time since Sputnik I came into being Oct. 4 was at a numerical disadvantage in the international space flight competition.

The Navy Vanguard satellite was launched early yesterday into an orbit that pushed new frontiers out into the unknown.

The announced orbit ranged from 400 miles above the earth to a peak of 2,500 miles, the highest yet attained by a man-made satellite.

The Vanguard orbiter represented not one but two satellites. Its true artificial moon was a shiny aluminum sphere only 6.4 inches in diameter and weighing 3¼ pounds.

Somewhere close behind it in an 18,000-mile-an-hour orbit hundreds of miles out from the earth was the 50-pound third-stage rocket that pushed Vanguard to orbital speed. It was 5 feet long and 20 inches wide.

The Navy estimated that the sphere would stay in orbit 5 to 10 years. The dead rocket in its wake will have a much shorter ride.

Some officials of Martin Co., which built the Vanguard test rockets, suggested that the orbit peak may be considerable above the 2,500 miles officially accorded it, possibly to 3,000 miles or higher.

Dr. Milton Rosen, technical director of the Vanguard project for the Naval Research Laboratory, said the exact altitude attained by the new satellite would not be ascertained until telemetry data and other information received from the sphere had been analyzed.

But he said he was more interested in the fact that the Vanguard orbit's low point is 400 miles.

"That's far better than we had hoped for," he told a reporter. He said provisions had been made for the possibility of a low point of only 200 miles.

"The fact that our low point is twice that high means we were much more successful than we had hoped, and that the satellite will have a much longer life than could have been expected," he added.

Shaver Gets Another Stay Of 40 Days

HUNTSVILLE, Tex. (AP)—A telephone call from Florida yesterday gave convicted slayer Jimmy Shaver at least 40 more days to live.

It marked the third late-hour postponement of his execution for the 1954 rape-slaying of Chere Horton, 3, in San Antonio.

"It is just the work of the Lord," Shaver said. "God has led me step by step."

He then led in prayer a group of more than a dozen friends and relatives who had gathered in death row.

Several weeks ago Donald Summers, 31, a former cellmate of Shaver, saved him from the electric chair by confessing. Shaver was convicted for the slaying twice but the first was reversed by an appeals court.

Authorities discounted Summers' confession but Shaver's attorney, Jarrard Secrest, appealed to a Houston federal district court. He said Shaver's constitutional rights had been violated in that the court or jury had acted on the confession.

Federal Judge Ben Connally denied the plea. But the 5th Circuit Court of Appeals in Jacksonville, Fla., yesterday granted a stay of execution for 40 days pending appeal to the Houston court ruling. However, Shaver appeared low in spirits when he was informed he was innocent men.

Tricky Nicky In Memphis

MEMPHIS, Tenn. (AP) — Tricky Nicky, the Barbary ape, arrived from Norfolk yesterday and the welcoming committee soon included the police commissioner, 12 cops, a squad of firemen and a couple of aerial trucks.

For tricky Nicky had escaped again the instant an unwary Railroad Express employe opened his cage. Traffic had to be blocked off in the downtown area before he was caught.

Destined for the Memphis Zoo, Nicky was collared by a policeman as he was walking up the side of a hotel. The officer put the arm on him by reaching through a third floor window.

Nicky was given the zoo by the British admiral in command of Gibraltar.

The U.S. Navy brought him as far as Norfolk, where he tried to jump ship. He spent the night perched on the Antares' high mast before falling for a trap baited with bananas.

June Lockhart Is Awarded Divorce

SANTA MONICA, Calif. (AP) — Testimony that her physician husband drank to excess has won a divorce for actress June Lockhart from Dr. John F. Maloney, 45, of New York City.

Miss Lockhart, 32, daughter of the late actor Gene Lockhart, was awarded custody of her daughters, Ann, 4, and June, 2, and $300 monthly child support by Superior Judge Allen T. Lynch.

Junior Editors Quiz on BIRDS

QUESTION: Why aren't birds on electric wires electrocuted?

• • •

ANSWER: You often see birds perched on wires, and obviously not worrying about the electricity. You could do the same, if you could balance on a single wire and not touch anything else. But don't try it!

If a bird on a wire had a piece of wire in his mouth that trailed on the ground, he would be electrocuted, because he would then be "grounding" the electricity, or providing some-place for it to "flow" to. String, grass, twigs and other materials that a bird usually carries to build a nest will not conduct electricity. And electricity makes its power evident only when it has a chance to flow.

• • •

FOR YOU TO DO: Here are two birds on a wire for you to color. Save the drawing for a bird collection.

• • •

(A prize of $10 goes to Janice Patrick of Fort Meade, Md., for sending in this question. Submit yours on a postcard to Violet Moore Higgins, AP Newsfeatures, in care of this newspaper. Tomorrow: What is the difference between toads and frogs?) 3-18

Proposed Change Is Called Atheistic

SACRAMENTO, Calif. (AP) — A California state senator says a proposed change in the "Star Spangled Banner," now before Congress, is atheistic.

Sen. Nelson Dilworth, a Republican, persuaded the Senate Rules Committee to adopt a resolution asking Congress to leave the national anthem in its "historic version."

"One proposal would change the word 'power' in the anthem from a capital to a small letter," he said. "In this case the word refers to God and to make it a small letter is athestic."

LEGAL NOTICE

LEGAL ADVERTISEMENT FOR BIDS Sealed bids for the purchase of 138.0 L.F. of 96" Diameter Corrugated Metal Pipe, 8 Gauge, Copper Steel — 5 per cent elliptical or equal, delivered to job site which is located approximately 13 miles Southwest of Snyder in Precinct 3, Scurry County, Texas will be taken by the Scurry County Commissioner's Court and received in the office of the County Judge in Snyder, Texas until 2:00 P.M., March 26, 1958, and then publicly opened and read. The right is reserved as the interest of the Owner may require, to reject any or all bids.

Specifications and bidding documents may be secured and are on file and may be examined at the office of the County Judge or the County Clerk's office at the Courthouse in Snyder, Texas.

BY ORDER OF THE SCURRY COUNTY COMMISSIONERS COURT
By: EDGAR TAYLOR
Scurry County Judge

LEGAL NOTICE

LEGAL ADVERTISEMENT FOR BIDS Sealed bids for the construction of approximately 7.823 miles of Grading, Drainage, Base and Asphaltic Surface Treatment to be constructed in Precinct 3, Scurry County, Texas and located as follows: 3.870 miles approximately 12 miles Southwest of Snyder and known as the Diamond M County Road and 2.838 miles beginning in Ira, and going South 1 mile, thence East 2 miles and 0.995 miles beginning 1 mile East of Ira on F.M. 1606 and going South approximately 1 mile, will be taken by the Scurry County Commissioner's Court and received in the office of the County Judge in Snyder, Texas until 2:00 P.M., March 26, 1958, and then publicly opened and read. All proposals shall be accompanied by a cashier's check or bid bond acceptable to the Court in the amount of ten (10 per cent) of the bid price payable without recourse to the Commissioner's Court of Scurry County as a guarantee that the bidder will enter into contract and execute performance bond within ten (10) days after notice of award of contract to him. The notice of award of contract will be given by the Owner or his representative, within ten (10) days following the opening of bids. The bid security must be enclosed in the same envelope with the bid. Bids without check or bid bond will not be considered.

The right is reserved as the interest of the Owner may require, to reject any or all bids.

Plans, specifications and bidding documents may be secured from the office of the Engineer, W. W. Grief & Associates, at 1713 25th Street in Snyder, Texas, upon a deposit of thirty-five dollars ($35.00) per set, which sum so deposited will be refunded provided the Contractor submits a bonafide bid and all documents are returned to the Engineer within 48 hours following the opening of bids.

Plans and specifications are on file and may be examined at the office of the County Judge or the County Clerk's office at the Courthouse in Snyder, Texas.

BY ORDER OF THE SCURRY COUNTY COMMISSIONERS COURT
By: EDGAR TAYLOR, Scurry County Judge

Plans Mapped To Provide Better Care Of Cemetery

Representatives of four Snyder women's clubs met yesterday afternoon with directors of the Snyder Cemetery Association and discsused plans for raising funds to help care for the cemetery.

Also discussed was possibility of reorganization of the association, with members to pay annual dues which would be used for care of the cemetery lots and grounds.

Hugh Taylor, president of the association, welcomed the group and said the association directors will welcome any help in devising a plan for financing better care of the cemeritery, which has been in use since about 1890.

Members of the association board at the meeting were Taylor, Harvey Shuler, secretary, Mrs. W. R. Bell, Sr., and Mrs. H. L. Wren.

At the meeting, Mrs. Carl Herod was appointed temporary chairman of a committee which will fork toward organization of lot owners and others interested in the cemetery. Represented at the meeting were the Snyder Garden Club, which began the movement, Town & Country Garden Club, Twilight Garden Club, and Altrurian Daughters. Also at the meeting were Harold Bennett, mayor; Edgar Taylor, county judge; and Grady Elder, Chamber of Commerce manager.

On the committee will be representatives of the clubs which had attendance at the meeting. The committee will begin its work by attempting to secure a list of property owners of lots in the cemetery, or next of kin of those buried there, for a campaign to be held in the near future. Memberships will be solicited from those, and the committee will ask for a minimum of $10 a year dues for association membership. Funds raised would be used for care of lots and grounds.

Taylor estimated there are 3,000 lots in the cemetery's 25 acres and that 1,200 to 1,500 have the graves of persons with no relatives left here to care for the graves. Much of the cemetery is kept well either by relatives personally or by caretakers at the cemetery, paid by a group of about 60 lot owners to care for individual lots. He said it would take several thousands of dollars annually for proper care.

The cemetery association, as it now stands, has little income, that coming only from the small amounts received for opening and closing graves, sale of lots, funds paid by the VFW for water, and that paid by individuals for care of their lots. Expenses include two employes paid $150 monthly each and other incidentals, including that on a water pump, pipe, etc. Last year the association's total income was $4,955, and it spent $4,310.04 for upkeep. Much of the cemetery is left unkept, however, including hundreds of individual lots.

The association directors endorsed the plan to solicit help from property owners through memberships and forming an association, and some contributions were made at yesterday's meeting by some directors and others.

It was brought out in the meeting that the cememtery grounds and lots would take bermuda grass if watered adequately, but keeping grass watered and mowed would be much more expensive than would only keeping lots cleaned of weeds.

It was also brought out that the cemetery cannot be maintained with tax money. Taylor told the group it is unconstitutional to levy taxes for that purpose.

Two Attend Conference

Two Snyder men are representing the Snyder Savings and Loan Association at the 36th annual meeting of the Southwestern Savings and Loan Conference in Dallas.

Max West, president of the Snyder Savings and Loan Association, and F. C. Auforth, a director and attorney for the association, both registered for the conference which opened Sunday and will end Wednesday.

Principal speakers at the conference are Albert J. Robertson of Washington, D. C., chairman of the Federal Home Loan Bank Board; Joseph Holzka, New York, president of the U. S. Savings and Loan League, and Verne C. Bonesteel, director of examinations for the Federal Home Loan Bank Board.

The conference has grown from 41 members in 1923 to 807 members in nine states — Arkansas, Colorado, Kansas, Louisiana, Mississippi, Nebraska, New Mexico, Oklahoma and Texas.

New Demand For Crude Cuts Seen

AUSTIN (AP)—Signs today were that the Railroad Commission will face new demands for cuts in Texas oil production for April.

The commission holds its oil proration hearing Thursday.

Yesterday it said nominations by purchasers for April oil were for 2,447,478 barrels daily. This was 112,106 barrels daily under the original March nominations.

At last month's hearing, several purchasers revised their indications of ability to take oil still further downward. The commission said the actual decrease for April was 61,033 barrels daily when compared with the revisions.

Nominations are a heavy factor in setting permissive oil production by the state regulatory body.

The lowered figure for April steps up the crisis in the oil production outlook in Texas, which is now operating under a 9-day schedule. This is the lowest number of producing days on record.

Urges Import Cut In Bill

WASHINGTON (AP)—Rep. Kilday (D-Tex) urged yesterday a limit on the amount of oil that can be imported be written into the Reciprocal Trade Agreements extension bill.

Kilday said from a defense standpoint a deterioration of the domestic industry caused by excessive use of imported oil would be the height of folly.

He said the recent seizure of U.S.-developed oil fields in Sumatra by the Indonesians is an example of what can happen to foreign sources of supply.

"The fact that our oil reserves declined in 1957 cannot be attributed to a lack of oil to be found," he said. "There is only one answer. We found less oil because we drilled fewer wells because domestic oil producers did not have the funds and incentive."

Five Children Are Burned To Death

SAN ANGELO, Tex. (AP) — Fire raced through a small frame house yesterday and burned five children to death.

Willie B. Bradshaw, the father, was at work at a service station and the mother, a housekeeper for a local family, was away from home.

Victims were Patricia Ann, 5, Willie Jr., 4, Manuel, 3, David, 2, and Ellison, about 1.

Cause of the fire was not determined immediately.

All were Negroes.

FALSE TEETH That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder, on your plates. Hold false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH at any drug counter.

Cashier Charged In Embezzlement

HALFWAY, Ore. (AP)—The quiet, sober man who was cashier at the only bank in this little eastern Oregon town was accused yesterday of making off with nearly $100,000 over the years.

Clair Ritter, 52, who had a reputation for frugality, was arrested within hours of announcement that the money was missing.

"I would have entrusted him with my life," said bank president Walter Evans, who promptly closed the independent First National Bank of Halfway, and said it would stay closed unless some bigger bank decides, after a complete audit, to buy it.

The Federal Deposit Insurance Corp. said the bank had assets of about $836,000. The FDIC said the bank's directors had voted to turn it over to the controller of currency for liquidation. The FDIC insures deposits up to $10,000.

Of the bank closure, Evans said "There ain't gonna be no bank. I'm in my 77th year, and don't want to work no more. I've been sick and this is about as stiff a jolt as I can stand. My mind's all wrecked."

Ritter, who started working in the bank in 1924, owns a 160-acre ranch in this cattle-raising country. He was held at Baker, 50 miles west of here, for federal authorities.

A charge that he embezzled $99,050 over an unspecified number of years was filed with the U.S. commissioner at Portland. The shortage was uncovered by bank examiners.

Ritter's 86-year-old father formerly was president of the bank in this town of about 500 persons. He now is chairman of the board. His son always had been regarded as financially well off.
