The SDN Column

J. Edgar Hoover, Director of the Federal Bureau of Investigation, apparently is getting impatient with the builders of the new headquarters building for the FBI.

Speaking of the new building at a dinner meeting recently, Hoover said, "There are some who maintain that the only reason I am staying on as Director of the FBI is to be present at the dedication. This is absolute nonsense. At the rate the building is going up, none of us will be around by the time it is completed."

★ ★ ★

Did you know that Texas had two capitols to burn within a single decade? One of them was a temporary structure, however.

The Texas Good Roads Association's Newsletter this month notes that it was 90 years ago Nov. 9 that the capitol burned. A temporary structure was thrown up at Eleventh and Congress in Austin in time for Gov. John Ireland's inaugural on Jan. 9, 1883. The temporary building was used until the great granite statehouse was opened on May 16, 1888. The temporary capitol building, which had been converted into a school, then burned on Sept. 30, 1899.

Now, archaeologists are beginning to dig around the site of the temporary capitol and already have found traces of the foundation and some other interesting items.

★ ★ ★

Some backers of the public school athletic program at Big Spring were disappointed that Snyder was not assigned to their district when the high school here was elevated to Class 4A last month by the University Interscholastic League. They reasoned that Snyder and Big Spring had more common interests than either did with other members of District 4-4A and District 5-4A.

From the standpoint of the gate, the school officials might have held similar views. The Snyder game was Big Spring's second highest gate during the 1971 football season. When the Tigers played there, the paid attendance was 5,856. Only Odessa Permian, which drew 6,125, did better. Abilene Cooper, their district champion, drew only 3,070 for its game at Big Spring.

Anyway, Snyder and Big Spring will meet in non-district competition.

—WACIL McNAIR.

Today In History

By THE ASSOCIATED PRESS

Today is Thursday, Nov. 18, the 322nd day of 1971. There are 43 days left in the year.

Today's highlight in history:

On this date in 1903, the United States and Panama signed a treaty granting U.S. rights to build the Panama Canal.

On this date:

In 1626, the Vatican Basilica was consecrated by Pope Urban VIII.

In 1805, 30 women met at the home of Mrs. Silas Lee in Wiseasset, Maine, and organized what is believed to be the first woman's club in the United States.

In 1883, the United States adopted standard time.

In 1935, economic sanctions were imposed against Italy after its invasion of Ethiopia.

In 1942, in World War II, Allied paratroops landed in Tunisia.

In 1945, the American poet, Ezra Pound, arrived in the United States from Italy and denied that he had ever been a traitor to his country.

Ten years ago: The United States warned that it would not stand idly by and allow the Trujillo family to resume dictatorial control over the Dominican Republic.

Five years ago: U.S. Roman Catholic bishops abolished the church rule against eating meat on Fridays.

One year ago: Communist China named an ambassador to the Soviet Union, restoring top level diplomatic relations for the first time in four years.

★ ★ ★

THE WEATHER

SNYDER TEMPERATURES: High reading Wednesday, 70 degrees; low reading, 37 degrees; reading at 7 a.m. today, 38 degrees.

Northwest Texas: Clearing and colder tonight with a freeze, low 20 to 30. Partly cloudy and cool Friday, high 50 to 58.

North Central Texas: Fair and colder tonight with freeze in extreme north, low 28 to 35. Partly cloudy and cool Friday. High 52 to 62.

Southwest Texas: Partly cloudy tonight and Friday. Colder tonight with light freeze in northwest Friday morning. High Friday in 50s in north to 70s in south. Low tonight 30 to 42.

South Central Texas: Partly cloudy tonight and Friday. Friday 68 to 78. Cooler tonight, low 44 in east to 62 in southeast.

Southeast Texas: Partly cloudy and cooler tonight and Friday. High Friday 65 to 75. Low tonight 48 to 58.

West of the Pecos: Partly cloudy and cool tonight and Friday. High Friday 50 to 64. Low tonight 30 to 42, except in 20s at higher elevations.

Brownsville to Port O'Connor: Small craft warnings are in effect. Winds shifting to north 20 to 30 knots and gusty this afternoon, decreasing late tonight and becoming northeast 14 to 24 knots Friday.

Port O'Connor to Port Arthur: Small craft warnings are in effect. North winds 22 to 32 knots and gusty this afternoon, decreasing [illegible] and becoming northeasterly 15 to 25 knots Friday.

Campaign Fund Plan Still Alive

WASHINGTON (AP) — The Senate turned back 49 to 46 a Republican move today to kill a Democratic-backed presidential campaign financing plan which could give major party nominees $20.4 million each in public funds next year.

The key test apparently indicated that the Democrats have the votes to write the plan into the $26-billion tax cut bill.

But Republicans indicated they might continue to fight the proposal by offering a series of amendments to it.

The move of Sen. Charles McC. Mathias, R-Md., to kill the plan was beaten with votes of 49 Democrats. It was supported by 43 Republicans and 3 Democrats.

The vote was preceded by a bitter shouting, partisan debate.

Democratic Leader Mike Mansfield, a leading proponent of the plan introduced by Sen. John O. Pastore, D-R.I., declared "some form of public financing of campaigns is absolutely necessary to put an end to the day of labor's man, industry's man and whoever's man.

"Unless something is done, there is no way to prevent our national politics from becoming the exclusive preserve of the rich or of those who serve one of the economic interests of this nation."

Sen. Lowell P. Weicker Jr., R-Conn., declared that the proposal "smells" and represents an attempt by the Democrats "to legislate their way back into office."

"This is an affront to democracy," he shouted. "In effect what the Democratic party is telling the people of this nation is that you will give. There is no consideration as to the quality of the candidates."

Pastore interrupted to say that the income tax checkoff procedure designed to raise the money was entirely voluntary and that no one had to contribute who did not want to.

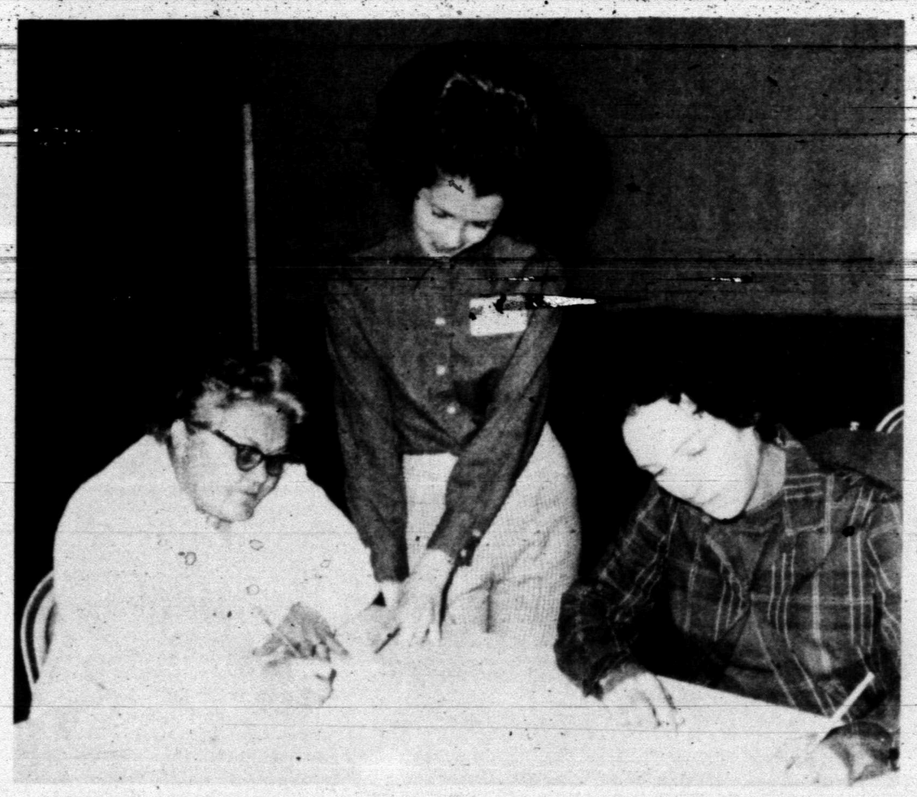
The Senate Wednesday killed an attempt to add a big Social Security increase to the bill, and thus apparently buried the issue for the remainder of the debate.

The amendment, offered by Sen. Edward J. Gurney, R-Fla., would have given all Social Security beneficiaries a 5-per-cent boost as well as providing many other special increases.

But Sen. Russell B. Long, D-La., floor manager of the bill, contended these questions should be considered on the House-passed welfare bill which contains similar Social Security provisions. He indicated this bill would reach the Senate floor by next March 1.

Long predicted 52 of the 55 Democrats would support the campaign-fund rider, with only 50 votes needed for adoption. And, he said, as many as three Republicans might back it.

The plan is similar to one written into law in 1966 but which was nullified in 1967.



SIGNING UP IN SURVEY—Signing up in the labor survey which opened here this morning in the coliseum are Mrs. E.L. Watson, 1508 Twenty-seventh Street, seated left, and Mrs. A.P. Smith Jr., Route 3. Assisting them is Mrs. Larry Bills, 3105 Hill Avenue, standing, a leader in the Girl Scouts, one of the organizations helping conduct the survey. Potential workers for a sewing and stitching plant are being sought in the survey, which will continue through Saturday at the Coliseum.

Oil Allowable Raised Slightly

AUSTIN, Tex. (AP) — The Railroad Commission raised the statewide oil allowable today for December, breaking a string of seven consecutively monthly reductions in the allowable.

The December allowable was set at 63 per cent, or one-half of one per cent higher than this month.

The December allowable will permit maximum production of 3,339,400 barrels a day next month, compared with 3,318,059 barrels daily this month.

Actual production, however, is estimated at 3,060,846 barrels a day, which, as usual, is just about what major buyers requested.

Their written nominations for Texas crude oil in December totaled 3,054,399 barrels daily, a decrease of 4,920 from November.

Eleven of the 14 major buyers asked for the same amount of crude oil in December as this month? Two sought less. Only one asked for more oil next month than in November.

The commission said the Bureau of Mines forecast of the December demand for Texas crude is 3,465,000 barrels a day, an increase of 45,000 daily from this month.

Commission Chairman Byron Tunnell said Texas' crude oil stocks as of Nov. 12 totaled 99.8 million barrels, a decrease of 11 million from a year ago.

December nominations by major crude oil purchasers, in barrels a day, with changes from November in parentheses:

Amoco 420,000
Atlantic Richfield 155,000 (minus 10,000)
Chevron-Western Division 71,050
Cities Service 100,000
Continental 27,000
Diamond Shamrock 37,000
Gulf 190,000
Humble 405,000
Mobile 275,000 (plus 20,000)
Phillips 105,000
Shell 165,000
Sun 160,000 (minus 10,000)
Texaco 225,000
Union of California 75,600

Spokesmen for the two companies which sought less oil next month, Atlantic Richfield and Sun, both said they were trying to reduce inventories.

Peking Factor In Coup

BANGKOK (AP) — Premier Thanom Kittikachorn said today that one factor which prompted the return to full military dictatorship in Thailand was a fear that Peking's entry into the United Nations would swing the Chinese in the country to communism.

Speaking to a meeting of 154 senior government officials, the leader of the military clique that has ruled Thailand for years said the government was uncertain what effect Red China's diplomatic victory would have on the three million Chinese in Thailand.

"If the Chinese take the Communist ideology in great numbers," he continued, "the situation in the country could be turmoil because it will aggravate the existing terrorist infiltration that exists in every part of the country."

Events had reached a point that required "quick, drastic and absolute measures," Thanom declared.

New Voting Places For Four Boxes

New sites have been announced for four polling places in the Scurry County Junior College District bond election set for next Tuesday.

There will be voting in all regular precincts of the county and the four precincts which normally use facilities in the county courthouse will be shifted to other sites due to the remodelling project now underway at the courthouse.

Voting Box No. 1 (Northeast Snyder) which has used the sheriff's office in the courthouse, will be set up at Snyder National Bank for the bond election.

Voting Box No. 17 (Northwest Snyder) which formerly used the county school superintendent's office, will use the city hall.

Voting Box No. 18, (Southwest Snyder), which formerly used the commissioners court room, will use the city police station.

Voting Box No. 20 (Southeast Snyder), which formerly used the justice of the peace No. 1 office, will use the coliseum.

Voters in all other boxes will cast ballots at their usual polling places.

Absentee voting in the bond election will close at 5 p.m. Friday. Thirteen absentee ballots had been cast this morning. The absentee ballots may be cast at the administration building on the Western Texas College Campus.

Laura Stalls

MIAMI (AP) — Tropical Storm Laura, which dumped 25 inches of rain on Cuba and whipped it with 70-mile-an-hour winds, was stalled 130 miles south of the island's western tip but was expected to head northward today.

Radio Havana reported one man was killed when he fell into a rain-swollen river.

The National Hurricane Center said at 5 a.m. EST the tropical twister was "essentially stationary" over the northwest Caribbean.

But Joe Pelissier, a forecaster at the center, said weather patterns in the area would permit Laura to start moving northward sometime today.

Several ships encountered gale force winds in the extreme northwest Caribbean and Yucatan Channel during the night, the center reported.

Winds of gale force in squalls and occasional heavy rain were forecast for the western end of Cuba today.

Labor Survey Is Underway Here

A labor survey was underway this morning in the Scurry County Coliseum to determine the availability of workers for a sewing and stitching plant.

A nationally-known firm had indicated an interest in establishing such a plant here provided there is sufficient labor in the immediate Snyder area.

The survey, which began at 8 a.m. today, will continue through Saturday at the coliseum. The hours will be from 8 a.m. to 9 p.m. each day.

All persons who would be available to work in such a plant if one should come here are being urged to sign up in the survey.

The survey was organized by the Snyder Chamber of Commerce, following meetings here involving the manufacturing firm, the Scurry County Industrial Foundation and the Texas Electric Service Co.

Chamber officials said that the results of the labor survey likely will be an important factor in determing whether the plant comes to Snyder.

So far, negotiations have involved discussions of the possibility of beginning operations in temporary facilities with approximately 100 employes. Permanent facilities would be constructed later and the number of employes could go as high as 400 to 500.

Representatives of a number of local organizations are assisting with the labor survey.

Bond Vote Eligibility Clarified

In response to the many questions about eligibility of the faculty and students of Western Texas College to vote in the approaching bond election, Dr. Robert Clinton, president of the college, has received a report from authorities in Austin.

Dr. Clinton said that the report specifies two guidelines to help a person determine his eligibility to vote on Nov. 23. The first requirement is that a person must have been a resident of Scurry County for six months preceding the election.

The second requirement states that if a person registered in another county for the year 1971, prior to moving to Scurry County, and has lived in Scurry County for six months, he may vote on Nov. 23, if he transfers his registration to this county at least five days before the election.

An item of information particularly of importance to individuals between 18 and 21 years of age is the fact that those between 18-21 who meet the six months residency requirement and who have registered 30 days prior to Nov. 23 will be eligible to vote in the bond election.

Butz Declines Commitments

WASHINGTON (AP) — Under attack for his alleged advocacy of farm corporations over family farms, Dr. Earl L. Butz declined repeatedly today to commit himself to any specific program to raise farm prices if he is confirmed as Agriculture secretary.

Sen. Milton R. Young, R-N.D., second-ranking Republican on the Senate Agriculture Committee, told Butz his assurances were not good enough to satisfy wheat farmers and that he probably could not support his confirmation.

And Sen. Henry Bellmon, R-Okla., said that as far as he is concerned a blind trust is not good enough to insulate the estimated $119,000 in stock Butz owns in three agri-business corporations.

Butz continued to deny he is an enemy of family farming and told the committee: "I was raised on a family farm ... I think farm people are the salt of the earth."

He listed four alternatives he said he would consider as secretary of Agriculture to raise the price of Midwest corn, now being sold at less than production costs.

Corn now is selling for about 90 cents a bushel in the Midwest and Butz said he favors steps to add a dime to the price as a short-term goal.

But he said he doesn't believe dollar corn is adequate in the long run. Butz said the government has the choice of purchasing part of this year's record crop, creating a strategic grain reserve, changing the loan rate, or increasing diversionary payments.

Under persistent questioning by Sens. Young, Hubert H. Humphrey, D-Minn., Lawton Chiles, D-Fla., and others, he refused to say which course he favors.

Nixon To Address Labor

MIAMI BEACH (AP) — AFL-CIO President George Meany announced today that President Nixon will speak Friday to the big labor federation's convention, where union leaders sharply attacked new federal wage controls.

Meany, who said Nixon's economic controls threaten the future of the nation's economy, said Nixon would speak to the 1,000 labor delegates at 10:30 a.m.

CHILDREN FOR SALE—Homicide Sgt. J.L. Suber comforts the two children that were offered for sale Tuesday night. The boy is Butch 2, and his sister Teresa 3, Cox. Their mother is Dorothy Cox of Oklahoma City. (AP Wirephoto)

Secretary-lover needs change of scene

By Abigail Van Buren

(c 1970 by Chicago Tribune-N. Y. News Synd., Inc.)

DEAR ABBY: Maybe you can help me figure something out. I can't, and I'm about to lose my mind.

Seven years ago I fell in love with my boss. Yes, I knew he had a wife and grown children, but he told me he loved me and that his sex life at home was nil. Soon my love for him became the most important thing in my life. We managed to get together often. I even rented an apartment near his home to be more accessible.

Suddenly his wife tells him she has known about our affair from the beginning, but she said nothing, hoping to ride it out. I asked why he didn't let her divorce him, and he said he didn't want a divorce, that he and his wife are "working things out now."

Where does that leave me? He ignores me at the office now. I gave him seven years of my life. My questions:

1. How could any wife stand by, knowing her husband had another woman, and just "ride it out," as she says?
2. If his sex life at home really was nil, why is he sticking with her and trying to work things out?
3. Is there any way I can get him back?
4. Could it be that he really loves her after all?

I am almost 40 and I'm afraid life is passing me by. Please help me. I can't even get him to talk to me about it.

THREE TIME LOSER

DEAR LOSER: 1. She loved him.
2. Maybe his sex life WAS nil, but it's better now.
3. I doubt it.
4. Could be.

Hand in your resignation and relocate as far away as possible. For a going away present he should give you excellent references.

DEAR ABBY: I am a college student with two more years of medical school ahead of me. I want to become officially engaged to the girl I've been going with for the past year. She has already accepted my proposal, but she wants some kind of ring. I can't afford very much right now, but she says she doesn't care, as long as it's an engagement ring.

Here's the problem. Her father owns a jewelry store. I'm afraid if I go to his store for the ring [which, believe me can't be much of a sale] he will think I am asking for a "deal" which I would not do.

On the other hand, if I go to a competitor I'm afraid my girl and her father will not like that either. She says her folks like me and I don't want to spoil anything. What should I do?

STRUGGLING IN ITHACA

DEAR STRUGGLING: Shop at your future father-in-law's. And if he wants to give you a special deal, take it and say "thank you."

DEAR ABBY: Something has been bothering me and I would like your opinion.

I am alone and I am frequently asked places thru a friend or relative. Rarely am I contacted personally. It's usually like this, and very often at the last moment, "Bring Mary along. Or tell Mary if she wants to come, she's welcome."

An invitation like that turns me off and I have the feeling that I'm not really wanted, but I can crowd in if I feel like it.

I could never give anyone that kind of invitation, and can't understand why others do.

How would you feel under the circumstances, Abby!

A LITTLE HURT

DEAR HURT: I'd feel just as you do. Perhaps your letter will serve to "remind" the guilty, who are probably more thoughtless than unkind.

What's your problem? You'll feel better if you get it off your chest. Write to ABBY, Box 69700, Los Angeles, Cal. 90069. For a personal reply enclose stamped, addressed envelope.

For Abby's new booklet, "What Teen-Agers Want to Know," send $1 to Abby, Box 69700, Los Angeles, Cal. 90069.

ANNUAL GATHERING—Members of Union Baptist Church and Union Methodist Church met at the Union Community Center last night to enjoy their annual joint-Thanksgiving dinner and service. Mrs. J.B. Adams, a member of the Union Baptist Church, was surprised by her friends and relatives with a birthday cake. The occasion was her 86th birthday. Here, she blows out the candles on the birthday cake.

Nixon Requests 2nd Plane

WASHINGTON. AP—Although the No.1 jetliner in the White House fleet already has a look-alike sister ship, President Nixon wants an identical twin borne at a cost of more than $9 million to taxpayers.

The proposal, treated with such priority that it was included Wednesday in a supplemental budget request for the current fiscal year, would provide him a second top-of-the-line model from Boeing's 707 series.

In Seattle, a Boeing Co. spokesman said the plane could be ready by mid-1972, an election year in which Nixon's extensive travel routine is likely to expand. A presidential aide would say only that a delivery date is indefinite.

The new airship, a 707-320B, would replace a 13-year-old 707-120 which has seen considerable service as Nixon's chief backup plane, including his recent trips to Alaska and Key Biscayne, Fla., and adviser Henry Kissinger's second visit to Peking.

And it would match exactly the "Spirit of '76," the sleek, 9-year-old queen of the executive jet set at nearby Andrews Air Force Base. Although there is no difference in looks or luxury between it and the backup plane, the 707-320B has better range and can operate from shorter airstrips, according to Col. Ralph D. Albertazzie, the President's pilot.

"For example," said Albertazzie, "we got it into the Orange County, Calif., airport, and the backup couldn't have done that. We went into Templehof (Berlin) and Ronaoke, Va., and the backup couldn't have done that, either."

Juveniles Held In Vandalism

City Police arrested five juvenile boys and two juvenile girls yesterday in connection with acts of vandalism at Travis Junior High School that have occurred during the past couple of months.

Police Chief Bobby Goodwin said the seven youths admitted damaging school property and burglaries at the school. They were released to the custody of their parents pending juvenile court action.

Veteran Officer Plans To Resign

AMARILLO, Tex. (AP) — Police Chief Wiley Alexander will call a news conference Thursday and, according to City Manager John Stiff, will announce his resignation.

Stiff said Wednesday that the veteran officer is quitting to enter private business.

Helmet Stolen

A helmet was stolen from a motorcycle of Keith Proctor, 3702 Avenue V, while it was parked at 1901 Avenue M at 9 p.m. Tuesday, according to a City Police report. The loss was placed at $37.

Economy Here Strong, Says FHA Official

Snyder's improved economy has been noted by the Federal Housing Administration.

John Sutter of Lubbock Assistant District FHA Director, said that repossessions are no problem in Snyder now. Sutter spoke Wednesday at the Kiwanis Club's weekly luncheon meeting at the Steak House.

He said that repossessed houses now sell as quickly as they are repaired and put on the market.

Most of this district reflects a strong economy, although there still are a few problem spots, Sutter said. One of these is Midland, where new people have not been brought in as rapidly as they have in Snyder, Amarillo and some other cities.

Sutter, who emphasized that his agency merely administers programs adopted by Congress, said there is a proposal now to set up a new department of community development, which would consolidate a number of overlapping development programs which now involve several departments of the federal government. He said that the FHA now administers 41 programs, ranging from financing of mobile homes to nursing homes and development of subdivisions.

He said the average new FHA home now costs $24,800. In this district, the average cost is around $19,700.

Despite the fact that builders have trimmed floor space to hold down total costs, new homes now are priced out of the range of many middle, and low income families, Sutter said. This has improved the demand for used homes.

Sutter was introduced by L. A. McClanahan, who was in charge of the program for the day. Jack Riley, president of the club, presided over the luncheon session.

Poultry Plants Said Dirty

WASHINGTON (AP) — The Agriculture Department claims at least two-thirds of 68 poultry plants found by government investigators a year ago to be operating under doubtful sanitary conditions are stepping into line.

The remainder, however, still were described as needing much further improvement.

Sen. Abraham Ribicoff, D-Conn., who originally directed the Government Accounting Office to check the plants, disclosed Wednesday current status reports on each.

Those reports, provided by the Consumer and Marketing Service in USDA, gave at least 48 of the plants plus marks for improving sanitation and compliance with federal inspection rules.

In a report issued Tuesday by GAO, investigators said they found "unacceptable" sanitation in virtually every one of the 68 plants checked in a survey beginning last fall.

The improved ratings by USDA, which also claims a current reorganization of inspection procedures will solve many of the problems, did not deter Ribicoff from sniping at the system.

The GAO survey, he said, pointed out sanitation violations in plants which produce nearly 20 per cent of the nation's poultry.

"I am confident," Ribicoff saidn "that unless something is done to change our present regulatory system, a GAO report in two more years will uncover the same deplorable conditions once again."

In many of the plants checked, birds headed for the consumer market were found to be contaminated by a variety of waste materials, including fecal matter, bile and feathers.

Texas was reported to have 14 plants involved.

School Completed By Lt. Black

PENSACOLA, Fla.—Marine Second Lieutenant Patrick A. Black, son of Mrs. John M. Black of 3202 Cherry Street, Snyder, has completed Environmental Indoctrination School at the Naval Air Station, Pensacola, Fla.

In this first phase of flight training he underwent intensive instruction in basic aerodynamics, aviation physiology, engineering and land and sea survival techniques.

He will now proceed to the next phase of training under the Naval Aviation program. Upon completion of the course he will be awarded the "Wings of Gold" of a Naval Aviator.

Dinner Paid For In Blood

By JOSEPH R. TYBOR
Associated Press Writer

CHICAGO (AP) — Mr. and Mrs. Charles F. Corrigan, who have six hemophiliacs in the family, held a dinner for 250 persons willing to pay the price—a pint of blood.

The couple has four sons and two grandsons who have hemophilia, a hereditary disease which afflicts only males. It leads to difficulty in controlling bleeding, even after minor injuries because of delayed blood clotting.

The Corrigans have been organizing such dinners semi-annully for 17 years. The latest one was Wednesday night when about 250 relatives, neighbors and friends each gave a pint of blood and then sat down in a high school cafeteria to a catered dinner of mostaccoli, ham, chicken, roast beef and all the trimmings.

The Chicago Blood Donor Service provided the medical staff and equipment.

"We started at the suggestion of a friend who got the idea after he took three others to the blood bank one evening and then made a night on the town of it," said Mrs. Corrigan.

The Corrigans have to pay for a current blood need of 1,500 units a year for their sons Chuck, 26, Marty 16, Bill,14, and Roger, 4.

Until four years ago whole blood plasma had to be used and the children received the transfusions at a hospital. But since then Mrs. Corrigan has been giving her children injections of cyroprecipitate, a blood derivative which brings about clotting. She keeps the cyroprecipitate in her kitchen freezer and administers it at home.

"She does it right on the table," said Marty. "She's gotten pretty good at it."

Mrs. Corrigan says she uses about 47 units of cyroprecipitate a month. Each unit has to be paid back with two units of blood.

The Corrigans three years ago adopted a baby who was unwanted because he was a bleeder. The boy is their youngest, Roger.

The Corrigans have four daughters—three who are married—and another son who is not a bleeder. Two of the grandsons have the ailment.

"Overall, we've been thankful," said Mrs. Corrigan. "We've had faith in God, and he's rewarded us. People have been wonderful."

As for the dinners, Corrigan said:

"We've found it's not that people don't want to give blood. It's that they don't like the idea of going to a blood bank alone. Here, we have a good time. Our friends may stay three or four hours."

Plea Is Entered

Ricky Bob Morris pleaded guilty in county court yesterday morning to a charge of driving while intoxicated. He received a $50 fine plus court costs and a 15-day jail term. However, the jail term portion of the sentence was probated for two months. He was arrested Jan. 24, 1969 by City Police.

3 Mishaps Are Reported

City Police investigated three motor vehicle mishaps Wednesday.

Betty Boen, 804 Twenty-third Street, was involved in a one-car mishap on the East Highway at Avenue E at 9:46 a.m. There was minor damage to her 1965 Model Ford.

The 1962 Model Chevrolet of Gaines Rudolph Faver, 1211 Twenty-third Street, was involved in a collision with the 1968 Yamaha motor bike of Edward Harrell Bridges, General Delivery, Snyder, at 12:20 p.m. at Twenty-fifth and Avenue Q. There was considerable damage to the motor bike but only minor damage to the car. Officer Homer Dill investigated this mishap.

The other one occurred on the high school parking lot at 2:45 p.m. Involved were the 1961 Model Chevrolet of Thelma R. Sims, 3111 Thirty-eighth Place, and the 1964 Model Ford of George W. Johnson, 701 Twenty-ninth Street. Officer Melvin Sanders investigated this mishap.

YES, WE HAVE BANANA FACIALS—The one at left is a do-it-yourself skin beautifier from Guatemala. You merely lie down with rounds of sliced bananas on your face for 20 minutes, remove slices and rinse face with cool water. At right, the model is showing how to iron your wrinkles away. Vaseline covers the face and a spoon dipped in hot water is pressed against the wrinkled spots.

Pantry, Refrigerator Ingredients May Be Key To Beauty Success

By VIVIAN BROWN
AP Newsfeatures Writer

The key to your beauty today may be in the sour cream left over from the preparation of yesterday's beef stroganoff. And, in the interest of beauty, you might also make use of homemade mayonnaise, fruit or tea.

Those ingredients and many more from the pantry and refrigerator are used in recipes offered by "The International Beauty Book." The author, Beaulah Roth, tells about a quick lemonade facial and an easy to make milk mask that are among the face packs and skin treatments from many lands that can be made with a variety of foods.

For example, the Yugoslavians don't just eat their yogurt. Sometimes they slather it on their faces. And Guatemalans often use their bananas as skin treatments. Chileans make masks of mashed grapes and Israelis use avocados for that purpose. Spanish ladies may make their faces up in a honey concoction "a secret from the gypsies," and Turkish women relax with a face full of watermelon. This last mask gives one a pinkish glow that is devastating, but temporary, the book points out.

The piece de resistance in quick pickups is this one from Ireland that might iron out your crow's feet, mouth lines and frown lines for a few hours. Vaseline, oil or a rich emollient cream may be used, says the author. Dip a tablespoon in hot water. Apply the goo to your face, pressing the hot spoon against the wrinkled spot. Do this for a while, heating the spoon each time, then remove the excess cream or oil from your face and sponge it off with a cool skin tonic.

If hair is a problem, the author suggests this emergency dry shampoo from Hong Kong:

Beat from one to four egg whites (depending on the length of your hair) into a stiff meringue—about the texture one would use for a souffle. Apply the egg white to the scalp and hair as you rub it in with a light circular motion. Dry the hair for 20 minutes with a small dryer. Then give it a vigorous brushing.

If you look pale, give yourself a bit of a tint with a brew of black tea. Sponge it over your face and neck with a large wad of cotton. Remove the excess with tissue. But black tea must be used—green, jasmine and other fancy teas aren't worth a tinter's time. (Occasional treatments are suggested for those who would keep a summer tan through the winter.)

To make a refreshing lemonade astringent use the juice of one strained lemon and add it to a cup of ice water. Sponge the mix over your face after cleaning it and before you apply makeup.

Here's how to make the mayonnaise that is good for dry skin:

First warm a bowl with hot water, and then proceed as for mayonnaise—minus the salt and mustard.

You'll need a room-temperature egg, 1 cup of olive oil, and 1 teaspoon of lemon juice.

Beat the egg yolk slightly, adding one teaspoonful of the oil and then beating it with a small wire whisk until smooth. Add the additional olive oil about a tablespoon at a time, beating it until smooth ... then beat in a teaspoon of lemon juice. Apply the mayonnaise to a clean face and throat. Massage deeply until most of it is absorbed, wipe off excess. Whatever remains can penetrate your skin as you sleep.

Here's the Answer

By ANDY LANG
AP Newsfeatures

Q.—I installed rope-type sash cord less than two years ago. It already is badly worn and on the verge of breaking. Is there some other material that can be used?

A.—Yes. Metal sash cords last indefinitely. But the window in which that sash cord of yours was installed either got an amazing amount of abuse or was not properly put in, resulting in an excessive abrasive action.

Q.—We're having a house built. The builder says he is going to use asphalt roof shingles. What other kinds are there?

A.—Among the many types of roofing materials are asbestos cement, tile, slate, wood, copper, aluminum and terne. Asphalt is generally less expensive, but in all kinds there are price variations based on quality factors.

Q.—Is it better to have circuit breakers or fuses for the electric system in a house?

A.—Circuit breakers are "better" from the standpoint of convenience. Both are effective in cutting off the electricity when an overload or short circuit occurs. When the source of the trouble is located and corrected, you merely have to flip a switch to turn on the electricity again in a system using circuit breakers. Changing a fuse is a little more trouble, not to mention the fact that replacement fuses must be purchased and kept on hand in case of an emergency.

Q.—We are looking at an old house with the possible intention to buy. Every once in a while during our talks, the seller says he will give us a purchase money mortgage if we want. We haven't wanted to show our ignorance. Can you tell us what kind of mortgage this is?

A.—The seller is telling you that he will lend you the money and hold the mortgage as security. It is sometimes done when the regular mortgage has been paid off or nearly paid off. It may be that the seller is afraid you won't be able to get a sufficient mortgage at a regular lending institution. Or he may have no other intention than to assist you to make the purchase and to put his own money to work. In any case, before you agree to any such transaction, be sure to get the services of a lawyer experienced in real estate.

Q.—To settle an argument, does the Veterans Administration make loans or just guarantee the loans made by banks and other lenders?

A.—Generally, when a VA mortgage is mentioned, it means that the Veterans Administration guarantees that if the borrower defaults, the VA will pay a certain percentage of the loan, such as 60 per cent. But there is one exception. The VA will make the actual loan if the prospective purchaser can show that, because he lives in a rural area where there is a scarcity of lending institutions, he is finding it difficult or impossible to get a mortgage. This happens very seldom.

(For either of Andy Lang's booklets, "Wood Finishing in the Home" or "Paint Your House Inside and Out," send 30 cents and a long, stamped, self-addressed envelope to Know-How, P.O. Box 477, Huntington, N.Y. 11743. Be sure to specify which booklet you want.)

automobile accidents in Italy cause 10,000 deaths a year.

Pat To Attend Performance

WASHINGTON (AP) — Mrs. Richard M. Nixon will attend a special performance of the classical Khmer Dancers of Cambodia Friday night at the John F. Kennedy Center for the Performing Arts.

The performance is the first of two the group is giving at the center this week.

The White House said the ballet group was formerly the Royal Cambodian Ballet.

The Hermleigh Highlighter Riding Club will have a bake sale Sat. beginning at 8 a.m. at the Hermleigh Club House.

Members will go on a trail ride following the bake sale.

The game of darts now claims an estimated 3.2 million fans in the United States.

The Exotic Eggplant

COLLEGE STATION—Eggplant is one of the most exotic of all vegetables in appearance and taste, reminds Gwendolyne Clyatt, Extension consumer marketing specialist.

Often forgotten, it's really a very versatile vegetable, Mrs. Clyatt says. Although commonly sliced, dipped in batter and fried, eggplant also can be boiled, baked, barbecued with meat or stewed in oil or broth.

Most eggplant grown are the large purple variety, but there are also white, green and small fruited types.

When purchasing eggplant, look for a firm, smooth deep purple skin. Choose a well-formed plant of medium size, about 3 to 4 inches in diameter. Select those that are firm, heavy for their size and free of blemishes, cuts or insect damage.

Eggplants should be stored as quickly as possible in the vegetable compartment of the refrigerator. High humidity is needed, with a termperature above 45 degrees. If the eggplant cannot be stored in the vegetable compartment, wrap it in a plastic bag with a few holes allowing the vegetable to breathe.

Insure good eating by cooking eggplant while it is fresh and firm. Flavor and quality are lost when the fruit becomes flabby and old. Ususally eggplants should be used within a week.

Lacking written histories, New Guinea tribes believe the world to be no more than five generations old.

Tigers Close Out '71 Season At Lake View

Snyder's Tigers will face the tough Lake View Chiefs at 7:30 p.m. Friday in Lake View Stadium in San Angelo, hoping to close the season on a winning note and capture second place in District 3-AAA.

A victory would give the Tigers a 5-4-1 season record and second place in the league if Sweetwater loses to Estacado. The Tigers are 4-2 in district. Lake View has a 3-5-1 record and is 1-4-1 in district.

However, the Chiefs have gotten particularly tough in their last couple of outings and would like to knock off the Tigers. They upset Dunbar 21-14 a couple of weeks ago, then lost 7-17 to Lamesa.

In fact, Lake View also owns another decision over a team that beat Snyder. The Chiefs whipped Andrews 16-0 whereas the Mustangs bested Snyder 27-20. On the other hand, the Tigers won victories over three teams that beat the Chiefs. They also whipped a team — Colorado City — that tied Lake View.

Snyder has the more impressive statistics. The Tigers have scored 150 while yielding 94. Lake View has scored 48 while giving up 117.

Lake View has good size, but the Tigers have more depth. Snyder operates from an I formation and Winged-T offense while the Chiefs use the Houston veer. Defensively, the Tigers employ the Oklahoma 5 while Lake View uses the 4-3.

The Chiefs haven't beaten Snyder since 1966, and the Tigers hold a 14-2-1 edge in the series, which dates back to 1950.

Coach Chuck Smith, in his third year at the Lake View helm, can field a talented backfield, guided by senior quarterback Steve Wilson, who won honorable mention All-District as a cornerback last season. The Chiefs have two big halfbacks in John Paul Lee, a 183-pound junior with 9.8 speed, and Chuck Avants, a 215-pound sophomore. Both are capable performers. Wingback is Larry Wagnon, a speedy 135-pound junior.

Leading the Chief line are Donny Ottaberry, a 230-pound junior end, and Wid Powell, a 215-pound senior tackle. Defensive standouts for the Chiefs are Wilson and Monti Eady, a 210-pound junior linebacker. Eady also made honorable mention, All-District in '70. Sometimes he operates from a halfback post on offense.

The Tigers have one of the best first string backfields in the area in quarterback Butch Buchanan, a 175-pound senior; halfback Jimmy Dyess, a 180-pound junior; fullback Mike Glasscock, a 202-pound senior; and, tailback Sammie Harrison, a 145-pound senior. Buchanan has tossed seven touchdown passes this year, and he has run for a couple of others. His favorite target is swingman Gary Patterson, a 167-pound senior, who has snared five of the TD passes. Buchanan has gained 271 yards on 65 carries. Glasscock has netted 518 yards on 117 efforts, and he has 48 points. Harrison has 36 points, and he's gained 412 yards on 101 carries. Dyess has 18 points and 308 yards on 50 efforts.

Travis Bunch, 145-pound senior, also sees a lot of action on offense. He has tallied 24 points and gained 287 yards on 46 carries.

Joining Patterson in the offensive line are end Jackie Murray, 186-pound senior; tackles Gary Jones, 185-pound senior, and Mike Dennis, 179-pound senior; guards Randy Wright, 160-pound senior, and Albert Hernandez, 210-pound senior; and, center Joe Price, 160-pound junior.

Defensively, the Tigers will start with Dicky Stanley, 160-pound senior, and Joe Adams, 176-pound senior, at end; Sandy Land, 251-pound senior, and Mike Line, 208-pound senior, at tackle; Louis Loyd, 173-pound senior, and Glasscock at linebacker; Hernandez at middle guard, Buchanan at rover, Tim Holder, 150-pound junior, at cornerback, Bunch at halfback, and Jackson Brewster, 152-pound senior at safety.

There are several other capable performers Coach Maurice (Mo) Hodges can call on, including backs Tommy Welsh, V. T. Roberson, Ivory Greer, David Chambers, Jackie Hartsfield, Brett Bell, Kevin McGinnis and Bill Giles and linemen Eddie Bane, John Odom, Chris Covey, Joe Bullard and Otto Miller.

The Tigers came out of the Estacado battle last week without any injuries, and 21 seniors will be playing their last game for the Black and Gold.

"They (Lake View) are a sound ball team, but we can beat them," declared Coach Hodges.

Probable starters:

Offense: Ends: Ends — Gary Patterson, 167, sr., and Jackie Murray, 186, sr.; tackles — Gary Jones, 185, sr., and Mike Dennis, 179, sr.; guards — Randy Wright, 160, sr., and Albert Hernandez, 210, sr.; center — Joe Price, 160, jr.; quarterback — Butch Buchanan, 175, sr.; halfback — Jimmy Dyess, 180, jr.; fullback — Mike Glasscock, 202, sr.; tailback — Sammie Harrison, 145, sr.

Defense: Ends — Dicky Stanley, 160, sr., and Joe Adams, 176, sr.; tackles — Sandy Land, 251, sr., and Mike Line, 208, sr.; linebackers — Louis Loyd, 173, sr., and Glasscock; middle guard — Hernandez; rover Buchanan; corner back — Tim Holder, 150, jr.; halfback — Travis Bunch, 145, sr.; and, safety — Jackson Brewster, 152, sr.

LAKE VIEW

Offense: Ends — Donny Ottaberry, 230, jr., and Joe Munoz, 155, sr.; tackles — Wid Powell, 215, sr., and Paul Smith, 195, sr.; center — Mike Crawford, 151, sr.; quarterback — Steve Wilson, 140, sr.; left halfback — John Paul Lee, 183, jr.; right halfback — Chuck Avants, 215, soph; and, wingback — Larry Wagnon, 135, jr.

Defense: Front four — Avants, Crawford, Elton Meurer, 170, jr., and Smith; linebackers — Monti Eady, 210, jr., Clay Emert, 170, sr., and Jimmy Trojak, 185, sr.; cornerbacks — Hemphill, 135, soph., and Wilson, halfbacks — Doug Earnest, 127, sr., and Lee.

Baylor Coach On Way Out?

WACO, Tex. (AP) — Baylor football Coach Bill Beall was rumored on the way out today with a meeting scheduled this week by a special athletic committee to discuss his future at the Southwest Conference school which has lost 26 of its last 29 games.

Jack Patterson, athletic director of Baylor, said no decision had been reached on Beall's future.

However, Patterson said "I feel all the recommendations (of the committee) must come within a couple of weeks. I feel all our coaches need to know. Until then all recruiting is at a standstill."

Patterson added "I think it will be a great help to our entire athletic program to get this thing settled. I feel sorry for Beall and the coaches. They have worked like Trojans but this is just one of those things about the coaching profession."

He said "It's always a gamble to change coaches. A successful program at a state school may not be successful at Baylor. If a change is to be made, we will look at both the successful young coach on the way up and the established assistant coach. Then I feel there is a great opportunity at Baylor but a lot of people do not share that idea."

Beall is on the third year of a five-year contract at Baylor. The Bears were 0-10 in 1969, 2-9 in 1970, and 1-7 this season with games against Southern Methodist and Rice still on the schedule.

The board of trustees formed the special committee on homecoming weekend Oct. 29. It was appointed by Board Chairman Dewey Presley.

The committee will investigate the entire athletic program as well as the coaching position. The committee consists of five members, four trustees and Patterson.

Any action on the coaching job at Baylor is subject to review by Baylor president Abner V. McCall, who was listed in serious condition at Baylor Hospital in Dallas with complications from major surgery.

Baylor has won only one Southwest Conference game under Beall, defeating the Texas Aggies last season.

Possible replacements for Beall include Texas assistant Emory Bellard, Paul Dietzel of South Carolina, Charles McClendon of LSU and Johnny Majors of Iowa State.

Beall replaced John Bridgers in 1969. Beall was an assistant to McClendon.

Smith Takes Over Broncos

DENVER (AP) — Jerry Smith, 41-year-old offensive line coach of the Denver Broncos who became head coach Wednesday, said he "welcomes pressure" but admitted he was "flabbergasted" when asked to take over the reins from Lou Saban.

Smith, in his first year as a Bronco coach, succeeded Saban as field commander in a move that stunned players and other members of Denver's National Football League organization.

Saban will remain as general manager but stressed that Smith will be in complete charge of the team for the remaining five games of the season.

He indicated management will decide on a permanent coach at the end of the season, but said he was certain Smith would be in the running for that post.

Bengals Host Lamesa Tonight In Final Tilt

The junior varsity Bengals close a successful gridiron season at 7:30 o'clock tonight with Lamesa providing the opposition in Tiger Stadium. The Bengals are 8-1 for the season.

Coach Milton Ham said the boys have been working in earnest for the final contest.

He listed probable starters, as follows:

Offense — swing man, Steve Grimmett; quick tackle, Robert Braziel; quick guard, Jerry Webb; center, Johnny Wilson; strong guard, Thomas May; strong tackle, Grant Knipe; strong end, Greg Godair; quarterback, Richard Gorman; tailback, Hubert Crayton; fullback, Paul Norred; and, halfback, John Boren.

Defense — right end, David Yearwood; right tackle, Robert Braziel; middle guard, Willie Smith; left tackle, Mickey Gonzales; left end, Jimmy Nail; right linebacker, Wilbert Thompson; left linebacker, Paul Davis; rover, Ralph Lewis; safety, Tim Jones; halfback, Kerry Smith; and, cornerback, Steve Grimmett.

Rumor Colorado In Astro Bowl

HOUSTON (AP)—The Houston Post said Thursday that Colorado will face the University of Houston in the New Year's Eve Astro-Bluebonnet Bowl in the Astrodome.

The newspaper said both teams will be invited immediately after Saturday's 5 p.m. CST deadline.

Each has appeared in the 13-year-old bowl once. Colorado defeated Miami of Florida 31-21 in 1967 and Houston whipped Auburn 36-7 in 1969.

The Houston Cougars, 7-2, wind up their season with consecutive home appearances against Miami and Utah. Colorado, 8-2, ends its season Saturday in a home game against the Air Force Academy.

The Colorado Buffs, who allegedly refused to play Houston in the Liberty Bowl last season, have lost only to top-ranked Nebraska, 31-7, and second-ranked Oklahoma, 45-17.

Houston's only losses were to eighth-ranked Arizona State, 18-17, and Alabama, 34-20. The Cougars are ranked 17th this week by The Associated Press.

Deleware Leads College Poll

By THE ASSOCIATED PRESS

Delaware, which regained its lead in The Associated Press college division football poll by the narrowest of margins last week, widened the gap over McNeese State today.

The Blue Hens, who romped over Boston U., 54-0, Saturday, collected 12 first-place votes from a panel of sports writers and broadcasters for 274 points, 14 more than McNeese State, 31-0 victors over Southeastern Louisiana.

Both once-beaten Delaware and undefeated but once-tied McNeese State have one more game before the final standings are tallied next week, but No. 3 Eastern Michigan finished the season 7-0-2 with a 35-2 trouncing of South Dakota State.

There were no newcomers to the Top Ten, but all except the top three teams were shaken up.

Tennessee State, which shared the other two top votes with Eastern Michigan, moved up from sixth to fourth after a 54-7 triumph over Superior, Wis. Louisiana Tech slipped one place to No. 5 after a 24-20 loss to Southern Mississippi and Boise State, fifth last week, fell to a tie with Akron for No. 7 after suffering a 21-17 setback by Idaho State.

Akron was boosted from No. 10 with a 34-14 victory over Indiana, Pa., and Western Kentucky moved up one notch to No. 6 with a 41-0 rout of Butler.

North Dakota, which wound up the season with a 17-17 tie with Nevada—Las Vegas, and North Dakota State, which finished play a week earlier, slipped one place each to take over No. 9 and No. 10.

The Top 10 teams in The Associated Press College Division Football Poll with records and points based on a 20-18-16-14-12-10-9-8-etc. basis:

1. Delaware	8-1	274
2. McNeese State	8-0-1	260
3. Eastern Michigan	7-0-2	251
4. Tennessee State	8-1	166
5. Louisiana Tech	7-2	128
6. Western Kentucky	7-2	120
7. Akron	7-2	77
8. Boise State	8-2	77
9. North Dakota	6-3-1	76
10. North Dakota State	7-2	62

Cougars Clip Denver 113-101

By THE ASSOCIATED PRESS

Big Mac and The Hound are making the Carolina Cougars a tough team to beat in the American Basketball Association.

Big Mac, known as Jim McDaniels, and Ted "The Hound" McClain, combined for 46 points to lead Carolina over Denver 113-101 Wednesday night for their fifth victory in six games.

McClain came off the bench and got 10 points in the second quarter. Larry Miller added 21 for the Cougars, including 10 in the third period. Ralph Simpson topped the Rockets with 27.

Utah edged Indiana 113-111, Pittsburgh shaded the New York Nets 122-121 and Kentucky humbled Virginia 117-112 in the other ABA games carded.

Two free throws by Zelmo Beaty with seven seconds left gave Utah its squeaker over Indiana. Beaty and James Jones shared high scoring honors for the Stars with 23 points each. Rick Mount of the Pacers was high for the game with 30.

John Brisker's fourth three-point field goal broke a 115-115 tie with 55 seconds left and put the Condors ahead of the Nets for good. Brisker was high for the game with 34 points.

Gail, Smyer Vie Tonight In Slaton

GAIL—Borden County's Coyotes will tangle with Smyer at 7:30 o'clock tonight in Slaton in an Eight-Man Bi-District football game.

Coach Bob Dyess listed probable starters, as follows:

Offense: Ends—Roy Don Hendley and Ken Don Jones; guards—Audrey Brummett and Mike McHenry; center—Joe Hancock; quarterback—Randy Crittenden; halfbacks—Randy Hensley and Charles Billeck.

Defense: Ends—Crittenden and Ross Sharp; guards—Dale Rips and ——— Brummett; linebackers—Jones and Mike Toombs; and, safeties—Junior Olivarez and Hensley.

The Gail team is defending regional champ. They tied Sterling City for the District 3-B title with a 9-0-1 record and won the coin flip for the right to represent the district.

Indiana had 112 players out for spring football drills this year.

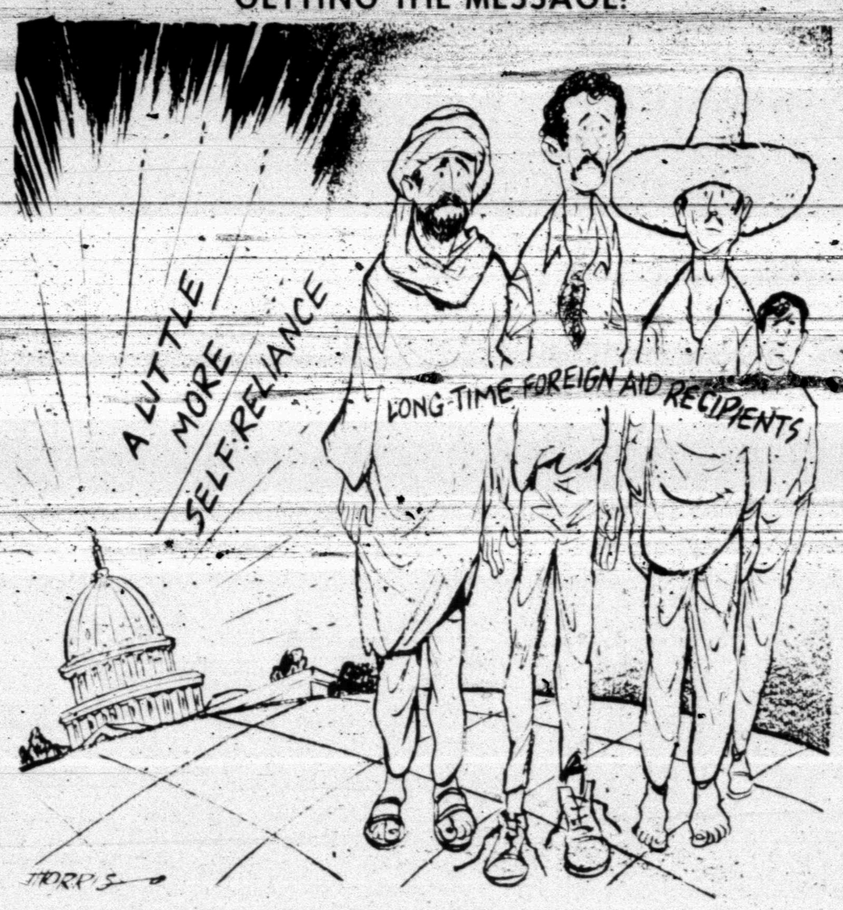
GETTING THE MESSAGE!



New Economic Policy Facing Many Problems

By JOHN CUNNIFF
AP Business Analyst

NEW YORK (AP) — The new economic policy is only three months old but it isn't too early to say that the going is getting touchier all the time and that the prospect of quick, clean accomplishments is fading.

The Pay Board especially appears to be facing problems. The five labor members have been aligned in opposition to the majority of the 15-member board. And wage demands, and some agreements, far exceed guidelines.

The soft coal industry has agreed to a 39 per cent increase in wages and benefits. Rail signalmen have won a 46 per cent increase over 42 months, subject to Pay Board approval. Similar agreements are forthcoming.

Are these to be considered impudent attempts by labor to flaunt government efforts to keep wage increases, on average, to 5.5 per cent a year?

The president of the National Association of Manufacturers, W. P. Gullander, thinks they are. He forecasts an uprising against "abusive labor union power, of which industry has been aware for more than a generation."

But when you listen to labor leaders you obtain an entirely different view. It isn't greed or antagonism or disrespect or power or selfishness that motivates them, as they see it.

It is, instead, responsibility to men and women who, over the years, have suffered financial deprivation, insecurity and health problems. And that battle, rather than having been won, may have suffered a setback from inflation.

This presents the Pay Board with the nearly impossible task of resolving quickly and practically the incredibly divergent points of view that are rooted in hundreds of years of history.

It presents them with issues that have been settled only after long fights and then only temporarily, it being understood by both parties that the argument was to be reopened one or two years later.

It isn't surprising, therefore, to see the same alignments and attitudes existing as before. Labor members of the board are likely to vote together. Business denounces profit limitations but proclaims the need for wage restraints.

And while it is conceivable that the Pay Board will be able to attain the degree of restraint it seeks, it also seems likely that it can do so only with considerable friction.

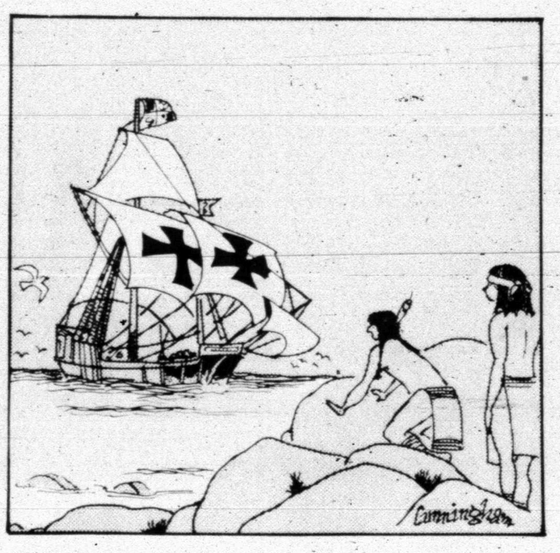
O'Hare Airport Still Busiest

CHICAGO (AP) — O'Hare International Airport remains the nation's busiest airport although total aircraft operations there dropped from 676,473 in 1969 to 641,390 in 1970.

The Federal Aviation Administration in a report issued Monday said Van Nuys Airport in Califronia took over second place with 575,784 operations. Los Angeles International Airport moved to third place and Kennedy International Airport, New York, slipped from ninth to 14th place.

The FAA said the move into second for the Van Nuys Airport was due to the heavy volume of general aviation flights conducted by smaller aircraft.

Junior Editors Quiz on INDIANS



QUESTION: *How did the Indians get their name?*

* * *

ANSWER: When Columbus encountered the natives of the New World, he called them Indians because he thought he had reached India.

The Indians had been living in North and South America many years before Columbus discovered America. It is thought that they migrated from Asia when the continents of Asia and North America had a land connection in the area of the Bering Straits.

The Indians in North America lived a nomadic life. Hunting and fishing were the chief means of subsistence. Some engaged in agriculture to supplement the diet. The Indians in Mexico, Central America and South America, such as the Aztecs, Mayans and Incas, had achieved a high degree of civilization. There were about 133 linguistic groups in North and South America. They were divided into tribes with many different names. The Indians therefore called each other by tribal names which were in the language of the tribe such as Algonquin, Iroquois and the like. The tribal name frequently referred to a location, such as upstream, downstream or plains.

11-18

(Jerry Lee of Fair Oaks, California wins a prize for this question. You can win $10 cash plus AP's handsome World Yearbook if your question, mailed on a postcard to Junior Editors in care of this newspaper, is selected for a prize.)

Things To Do While Box Riding

By C.C. MINICLIER

CAIRO (AP) — There you are, jammed into this little room with an undetermined number of strangers and the floor begins to move.

What do you do?

The problem faces countless millions of city dwellers several times a day as they ride elevators to or from their offices or homes, or in the elevators of total strangers.

Some stare at the floor, others the ceiling, others the little light indicating which floor one is passing.

It is a box you ride regularly there may be a familiar face or two to greet or avoid.

If you are a stranger in the box you will be given the once over by all, from your broken shoe lace to your slightly overdue hair cut and you'll get off at your floor with relief.

If you've not ridden this one before there are many things to do—ponder how children under the age of 12 will know not to ride it alone, as the instructions say, especially if they can't read yet, or see the instructions; count heads and compare the number with the posted load limit; compare your estimate of the combined weight of passengers with the posted legal limit.

Some elevators have built-in distractions.

Paris and Cairo still have some of the lovely glass-walled elevators which lift you ever so intimately up an open stairwell, giving each shudder a special feeling and offering the rider a chance to study the architecture and faces of those who missed the lift.

But few elevators are built with the rider's entertainment in mind.

Graffiti catches the eye in older elevators and offers the single rider an opportunity to add to the collection.

Most elevators simply offer you a place to stand, but not enough room to do anything in comfort.

You can easily spot those who have adapted to the ups and downs of riding in a little box suspended by a cable perhaps thinner than a woman's arm.

They pass the time appreciating the view of a shapely female passenger with less than modest pleasure; deftly lift a piece of french fry off the unsuspecting room service waiter's tray; tickle the chin of a howling baby or make jokes with the most appealing fellow traveller.

Less relaxed passengers stare at the floor, until they feel the wearer of the unpolished shoes they are staring at is staring back at them, then their eyes quickly shift to the lighting fixture or a suddenly fascinating fly buzzing overhead.

It would appear to be against the rules of box riding to look at anyone, except for a passing glance, but there are other things to do. Push the button for your floor again; look at your watch, listen to it, wind it; adjust your tie; count the coins in your pocket or scratch your chin.

A sudden jolt or a brief unexpected power failure shatters the ice amid the leastly congenial box full. They smile, joke and exchange greetings, happy as the journey resumes that they did not spend the next several hours together, in darkness.

Canyon Has More Sheep

AUSTIN, Tex. (AP) — The aoudad sheep population in the Palo Duro Canyon area has grown to more than 650 animals, according to Texas Parks and Wildlife Department biologists, from the 44 released in 1957.

Aoudads are natives of the Atlas Mountains of Africa. The big sheep may weigh as much as 270 pounds and the world record aoudad had horns 34⅝ inches long. The largest horns taken from the Palo Duro Canyon area were 32 inches.

Aoudad hunting is traditionally tough on the hunter since cold and rainy weather has blustered into the canyon area during the hunt mid-November for the past few years. Getting the aoudad out of the rugged canyon area demands the utmost in stamina.

The annual harvest of aoudads is less than 50 animals. Hunters spend an average of eight hours each and fire an average of three shots each.

Only in the Panhandle counties with an open aoudad season are the sheep considered game animals. In all other counties they are classified as exotics.

Conventions Set

AUSTIN (AP) — Secretary of State Bob Bullock said Wednesday that senatorial conventions in 1972 must be held in the new senatorial districts drawn up by the Legislative Redistricting Board.

Plenty Parking Spaces At Airport

ARLINGTON, Tex. (AP) — Officials of the new Dallas-Fort Worth Airport which will open in mid-1973 are doing their best to prevent parking problems.

More than 17,000 spaces will be available compared to 9,000 at Dallas' Love Field.

Ernest E. Dead, deputy executive director, engineering, for the new regional air hub, said passengers will have a choice between parking in front of any of the four terminals, parking in one of two valet parking areas or using two remove parking lots and taking a transit system to their departure gate.

Employes in the terminal area will have their own parking lot with 4,300 spaces. Some 500 spaces are earmarked for rental cars.

Public Notice

CITATION BY PUBLICATION

THE STATE OF TEXAS

TO: C. D. HARTNETT, Trustee, Mrs. E. M. Lowe, R. S. Lowe, if living, if deceased the unknown heirs or assigns, of the above named defendants; any person claiming any interest in land conveyed by deeds of Record in Scurry County, naming above named defendants as grantees; all other persons claiming any interest in land as described in petition, Defendant, Greeting: herein:

YOU (AND EACH OF YOU) ARE HEREBY COMMANDED to appear before the District Court of Scurry County at the Courthouse thereof, in Snyder, Texas, by filing a written answer at or before 10 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 3rd day of JANUARY A.D. 1972, to Plaintiff's Petition filed in said court, on the 16th day of November A.D. 1971, in this cause, numbered 10,412 on the docket of said court and styled R.W. WEBB, Plaintiff, vs. C. D. HARTNETT, TRUSTEE, ETAL, Defendant.

A brief statement of the nature of this suit is as follows, to-wit:

Tresspass to try title.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Witness, ZADA D. CHAPMAN, Clerk of the DISTRICT Court(s) of SCURRY County, Texas.

Issued and given under my hand and the seal of said court at Snyder, Texas, this the 16th day of November A.D. 1971.

(s) Zada Drum Chapman Clerk,
District Court
Scurry County, Texas
By ———, Deputy.
