

SE Nolan Discovery Makes Good Flow In Lime Pay Test

Seaboard Oil Company of Delaware and Continental Oil Company No. 1 Hanks, Southeast Nolan County wildcat, seven miles north and slightly east of Blackwell, flowed 230 barrels of oil in 14 1/2 hours from perforated section in the lower Pennsylvanian lime at 3,545-60 feet.

The flow was natural and was through a one-quarter inch choke on tubing. Flowing tubing pressure was 375 pounds, shut-in was five per cent basic sediment and drilling water. Operator is continuing to test.

Has Higher Pay
Location is 1,980 feet from north and 990 feet from east lines of section 28, block 2, T&P survey.

This prospective new field opener had flowed oil at the estimated rate of 15 barrels per hour from a higher Pennsylvanian lime at 4,580-4,605 feet. That zone will probably be tested soon.

The wildcat drilled to a total depth of 6,336 feet in barren Ellenburger. It plugged back to 5,946 feet and set casing to allow testing the Pennsylvanian pay sections.

Republic Natural Reports Final On Midland Link Well

Completion of Republic Natural Gas Company No. 1 Bryant Estate, for all practical purposes, has joined the Midland-Spraberry and Spraberry pools of Southeast Midland County into a single field.

The new well is one mile northeast of the closest production in the Midland area and one and one-half miles southwest of the closest producer in the Spraberry field.

Operator reported a daily flowing potential of 496.77 barrels of 35.9-gravity oil. The potential is based on an actual eight-hour flow through a one-inch opening. Production was from open hole at 7,147-7,238 feet. Pay was topped at 7,135 feet.

Gas-oil ratio was 635-1 and tubing pressure was 30 pounds. Operator used Hydratrac to complete the well. It is located 990 feet from south and east lines of section 37, block 38, T-4-S, T&P survey.

NE Midland Wildcat Is Deepening After Test In Lime Zone

Greenbrier Oil Company and associates No. 1 O. H. McAlister, North-east Midland County wildcat, two miles southeast of Germania is drilling deeper after a drillstem test in the top of the first Pennsylvanian lime it has encountered.

The drillstem test was taken from 10,241 feet to 10,302 feet. Tool was open one hour. Recovery was 40 feet of drilling mud with no shows of oil, gas or water.

Top of the Pennsylvanian lime has not been picked.

It is projected to 12,000 feet to explore into the Devonian.

Location is 960 feet from north and east lines of section 40, block 37, T-1-S, T&P survey.

Texaco Is To Dig To 9,300 Feet At NE Lea Prospector

The Texas Company has spotted location for a 9,300-foot Pennsylvanian wildcat in Northwest Lea County, N. M., four and one-half miles northwest of the Bagley-mulipay area.

It will be dug as the concern's No. 1 R. H. Moore, at the center of the southwest quarter of the southwest quarter of section 25-11S-32E.

AVC To Drill North Stepout To Extender To Midland Oil Area

American Viking Corporation No. 3 C. E. McCaughey is to be a new exploration to try for production in the Pennsylvanian lime on the northwest side of the Parks-Pennsylvanian field in Northwest-Central Midland County.

The drillsite will be 1,990 feet from south and 990 feet from east lines of section 44, H. O. Purcell survey.

North Of Extender

It is to drill to 10,700 feet or production in the Pennsylvanian at a lesser depth and is to start operations by October 20.

The new exploration is one-quarter of a mile north of American Viking No. 1 McCaughey which has shown for a producer from the Pennsylvanian to extend the north-west side of the Parks-Pennsylvanian field one mile to the north.

No. 1 McCaughey is now testing through the full thickness of the Pennsylvanian before completion.

Allies Seize Three Ko-Red Peaks

Liaison Teams Fail To Reach Total Accord

MUNSAN, KOREA—(P)—United Nations and Communist liaison officers met twice Thursday, and Reds reported they made headway toward reopening truce talks. They scheduled another session at 10 a.m. Friday (7 p.m. Thursday CST).

The fact that another meeting was scheduled was interpreted as meaning the liaison officers failed to reach final agreement on resumption of negotiations which the Reds broke off August 23. The report of progress came from Red sources at Panmunjom, Communist check point where liaison officers are holding their meetings.

Communist newsmen said the Red liaison staff reported the two teams agreed on most "technical arrangements" for a meeting of armistice negotiators near Panmunjom. Liaison officers apparently still had to settle on a neutrality agreement for the Panmunjom site.

The Communists have insisted that the truce negotiators themselves should decide on the boundaries of the neutral area, and the conditions for enforcing it jointly.

Reds Want Large Zone
The United Nations Command takes the stand that liaison officers should draft the neutrality agreement and the truce envoys ratify it.

Communists want a large neutral zone reaching from the old site at Kaesong to Munsan, headquarters of the Allied truce team. The UN wants the zone to cover only the immediate area which lies between Kaesong and Munsan.

The two sessions of liaison officers Thursday lasted three hours and 15 minutes. Meetings were held in a large tent erected by the Communists across the highway from four thatched-roof houses that make up Panmunjom.

The Peiping radio said they had selected the site.

However, the UN Command announced "its actual location on the ground has not been determined," although it will be in the Panmunjom area.

Fall Encampment Of District 25, VFW, Will Open Saturday

About 200 members of the Veterans of Foreign Wars and the VFW Auxiliary are expected to attend the Fall Encampment of District 25 at a two-day meeting here Saturday and Sunday.

Headquarters for the convention will be in the hall of Midland Post No. 4149, situated on Highway 80, between Midland and Odessa.

Johnnie U. Foster, state senior vice commander of the Veterans of Foreign Wars, will arrive here by plane Saturday from Lubbock to address the gathering. L. E. Bender of Odessa, newly-elected commander of District 25, will preside at the two-day meet, while Midland Mayor Perry Pickett will give the welcoming address to the delegates.

Registration will be held at the Midland VFW hall from 1 to 5 p.m. Saturday with members of the auxiliary serving coffee and sandwiches to the guests.

Other Activities
Other activities scheduled for the members include a Saturday night dance in VFW hall, Sunday morning registration for late arrivals, Sunday morning memorial services for American soldiers killed in the service of their country, a noon dinner Sunday and a joint meeting of the VFW and VFW auxiliary Sunday afternoon.

Mrs. Brucilla Hopper, president of the State VFW Auxiliary, will make her official visit to this district during the two-day meeting. Mrs. Pat McMullan, auxiliary president for District 25, will preside over the auxiliary's session.

J. T. Rutherford, Odessa, immediate past senior commander of the VFW, also will address the meeting.

Touring Royal Pair Takes Half-Holiday

OTTAWA—(P)—Princess Elizabeth and her husband had a half-holiday Thursday from the strenuous round of their North American royal tour.

Spending their second day in Canada's capital, the royal couple had the morning to themselves.

Woman Dies Of Beating; Rites Friday

A 36-year-old Midland woman died early Thursday in a hospital here less than three hours after being admitted with head and face injuries, which police said she received five days earlier.

Death came to Mrs. Ethel Hall, 406 South Weatherford Street, at 2:30 a.m. in Midland Memorial Hospital.

A 38-year-old oil field worker, described as a friend of Mrs. Hall and her husband, Byron Hall, was being sought by the sheriff's office for questioning.

Police said Mrs. Hall's husband told them his wife had been beaten about the head and face last Saturday, but that a physician was not summoned until shortly after midnight Wednesday.

Officers Seek Details
The physician ordered her immediate transfer to a hospital.

Both police and sheriff's deputies were trying to piece together the story of the beating.

Police said Mrs. Kate Beasley Kemp, 404 East Pennsylvania, mother of the dead woman, told them her daughter had left her house last Saturday.

She returned later, police quoted her as saying, with her head and face beaten.

Services for Mrs. Hall, a long-time Midland resident, will be held at 10 a.m. Friday in the Newline W. Ellis Chapel with interment in the Fairview cemetery.

She was born in Stanton on May 4, 1915, and had resided in Midland the last 25 years.

In addition to her husband and her mother, she is survived by a son, Jimmy Stoeger of Paul.

WTCC Industrial Panel To Convene Here October 18

A meeting of the Industrial Committee of the West Texas Chamber of Commerce will be held here Thursday, October 18, Chairman E. L. Buelow of San Angelo announced Thursday. The session is scheduled at 10 a.m. in Hotel Scharbauer.

The purpose of the meeting is to provide WTCC members in Midland and area cities with information concerning the activities of the committee. The public is invited to attend.

A similar meeting will be held in Odessa October 19.

Bill Collins of Midland is a member of the Industrial Committee. Midland directors of the WTCC are M. C. Ulmer, Tom Sealy and Collins.

★ LATE NEWS FLASHES ★

ST. LOUIS—(P)—James P. Finnegan, former Internal Revenue collector here and a prominent figure in a congressional investigation into reported corruption in the nation's tax collection service, was indicted Thursday by a federal grand jury on charges of bribery.

DALLAS—(P)—Texas Football Coach Ed Price Thursday emphatically denied to the Dallas Times-Herald reports that his star fullback, Byron Townsend, was being disciplined for "indifference."

SAN ANTONIO—(P)—A motion for an instructed verdict of not guilty in the trial of Raymond Donnell, Lubbock clothing salesman charged with murder in the slaying of Dr. Clyde C. Craig, Lubbock dentist, was denied Thursday by Criminal District Judge W. W. McCrory.

UNITED IN PRAYER—Occupying a joint pew in St. Paul's Cathedral, London, in a pre-election prayer service were Britain's two major party leaders, bitter political rivals. At left are Prime Minister Clement Attlee, Labor Party leader, and his wife; at right are former Prime Minister Winston Churchill, Conservative Party leader, and Mrs. Churchill.

Baptists Approve Sale Of Downtown Site For Business

Midland Wednesday night was assured one of the "outstanding" business institutions of the Southwest when members of the First Baptist Church, meeting in regular church conference, authorized sale of its land on North Main and North Loraine Streets by a unanimous vote.

The name of the buyer was not revealed, but the church will receive \$350,000 from the purchaser, whose financial worth was estimated at more than \$100,000. It is believed to be one of the largest real estate transactions in Midland's history.

The church, which has acquired land in Northwest Midland to erect new buildings, hopes to start construction soon. It has employed an architect and has made application for steel.

The purchaser has agreed to allow the church to use its downtown property until it completes its new structures, or for approximately two years.

By the vote, members of the church adopted a resolution authorizing the sale of the land and instructing its trustees to complete the negotiations. The Rev. Vernon Yearby is pastor of the church.

Fine Business Building
The purchaser, it was explained, already has perfected plans and awarded a contract for the erection of a fine business building on the property. The church was given the right to remove any or all buildings now on the property in the 300 blocks on North Main and North Loraine Streets. It is bounded on the south by Illinois Street and on the north by Ohio Street. It has 300 feet on North Main and 200 feet on North Loraine.

Members of the church were pleased by the work of its committee which negotiated the transaction. Members of the committee (Continued On Page 12)

A group of executives of American Republics Corporation visited the company's district office in Midland Wednesday.

The party was on a tour of American Republics properties in the Permian Basin Empire.

The officials visited in Schleicher, Irion, Upton, Glasscock and Reagan Counties Wednesday before coming to Midland.

The itinerary for Thursday called for a tour through Ector and Andrews Counties in Texas and Lea and Eddy Counties in New Mexico.

The party was to disband Thursday night at Artesia, N. M. Moving To Midland

American Republics Corporation's headquarters are in Houston. The concern plans to move its Permian Basin division offices from San Angelo to Midland as soon as quarters, which have been leased in the new V. & J. Tower, are completed.

This is expected to be before the end of the year. The company is to have the entire tenth floor of the new 14-story office building.

A. K. Tyson, APC president, heads the group of visitors.

Others from Houston on the tour (Continued On Page 12)

House Okays Big Military Building Bill

WASHINGTON—(P)—The House Thursday passed a \$4,428,357,970 appropriation bill, chiefly for military construction and the Atomic Energy Commission.

Passage was on a roll call vote of 300 to 19.

It refused, 182 to 127, to take from the measure \$12,821,000 for an airport at President Truman's hometown, Grandview, Mo.

The measure now goes to the Senate.

Almost all the money is for construction of barracks, depots and bases in this country and overseas.

The Atomic Energy Commission's allotment is \$200,000,000 for the big Savannah River, S. C., atomic plant.

The House took up a \$1,045,000,000 bill financing the State, Justice and Commerce Departments and the federal judiciary for the present fiscal year, ending next June 30.

An \$8,299,255,000 foreign aid money bill was next in line for debate.

Leaders were driving to get all three bills through by Thursday night.

Survey Shows Few Beef Price Declines Under New Ceilings

By The Associated Press
Retail prices of a few prime and choice grade beef cuts, particularly steaks, dropped as much as 13 cents a pound this week in scattered markets as customers balked at paying ceiling prices.

But reductions of any kind were far in the minority. Most beef and pork prices held at the same levels established after higher ceilings were granted recently. Veal, lamb and chicken prices also were generally steady.

Top grade large eggs were unchanged to six cents a dozen higher and thrifty shoppers in many sections found it to their advantage to buy pullet eggs, cheaper on a pound for pound basis.

Potatoes, Onions Higher
Potatoes, onions, pears and dwindling supplies of melons were higher this week in most produce markets. Apples turned upward, too, reflecting increased demand attributed to cooler weather and the apple industry's October promotion campaign.

Heavier supplies of tomatoes, carrots, cauliflower, and most citrus fruits caused their prices to edge off slightly.

At mid-week best grade butter advanced to 70 cents a pound at wholesale in Chicago for the first time since May (six and one-half cents higher than last year at this time), indicating a price rise at retail could be expected.

More cattle has been coming to market in recent weeks, but the larger supplies have been bought chiefly by corn belt feeders to be fattened further on grain feed.

Leatherneck Unit Reaches Front By Air

EIGHTH ARMY, KOREA—(P)—American tanks knifed up valleys on each side of Heartbreak Ridge in Eastern Korea Thursday in a running battle with Red artillery and mortars.

Behind the fire of tanks blasting from both sides, the 23rd Infantry Regiment again stormed the northernmost peak of Heartbreak Ridge. Entrenched Reds stopped the Americans in their tracks.

Other Second Division infantrymen overran Chinese troops and captured a dominating peak on nearby Kim Il Sung Ridge.

United Nations troops also seized two other peaks in mountainous East Korea.

East of Heartbreak Ridge, a full battalion of the First Marine Division was flown to the front in the biggest helicopter airlift in history. Almost 1,000 Leathernecks landed practically within sight of Red positions without incident.

In the hottest sector of the western front, the First Cavalry Division renewed its attack northwest of Yongchon after mopping up Chinese stragglers in hills captured Wednesday.

The cavalrymen were continuing their offensive Thursday about 25 miles northeast of Panmunjom, where the Reds and Allies talked of reopening truce talks.

Thursday's tank strikes up the Mundung and Satae Valleys carried the task forces as much as 28 miles north of the 38th parallel.

The two tank columns headed opposite the northern peak of Heartbreak Ridge.

Then the American tanks in both valleys opened up simultaneously with their 76-mm guns on the entrenched Reds. They blanketed the Communist bunkers with concentrated fire for 10 minutes.

The 23rd Infantry Regiment attacked behind this barrage. It advanced 40 yards. Then the Reds let loose an intense mortar and hand grenade barrage. It stopped the Americans where they were.

French troops joined them in re-

'Clean-Up Day' Is Highlight Of Fire Prevention Week

Midlanders were taking broom and rake in hand Thursday for what firemen called the most important day of Fire Prevention Week: "Clean-Up Day."

City workers were making a special effort to pick up all excess rubbish placed in alleys.

Citing Clean-Up Day as the most important of all, Delbert Downing, secretary of the Fire Prevention Week Committee, said, "More good can be accomplished toward preventing fires by individual clean-up campaigns than almost any other single thing."

Firemen completed their inspections of fire extinguishers and sprinkler systems Wednesday and prepared to hold open house at the Fire Station Friday. The public is invited to inspect the equipment.

Several of the Fire Trucks will be sent to the elementary schools Friday to highlight a week of fire prevention instruction in the schools.

School children have been encouraged to do fire prevention acts as well as write essays this week on the subject.

Johnson Says Showdown With Soviet Union Not Far Distant

WASHINGTON—(P)—Senator Johnson (D-Texas) said Thursday that sooner or later public opinion will demand a direct showdown with Russian Communist leaders.

"I can see a time when we will decide we have had enough of indecisive fighting—of battles without victories," Johnson said.

"I do not know when this time will come or where it will come, but this I am certain: Unless those who plot the destruction of our civilization change their ways, it will come and the time may not be far distant."

Johnson, chairman of a Senate Armed Services subcommittee on Military Preparedness, voiced these sentiments in a statement issued by his office, along with the text of a speech for delivery at Dallas before civic groups.

Korea Only Beginning
"We all know that, regardless of the outcome of the truce negotiations, Korea is only the beginning," Johnson said. "We all know that our true enemies are not the ragged peasants of North Korea or the bewildered myriads of China, but the leaders of the Soviet Union."

Johnson said he and most Americans have been deeply troubled by the "strange and untied path in Korea," and added:

"It is the course of fighting a war but, calling it a 'police action.' It is the course of slaughtering a foe—but only within certain boundaries. It is the course of battling a slave—but letting his master go scot free."

Two Men Charged In Abduction Of Nine-Year-Old Girl

DUBUQUE, IOWA—(AP)—A preliminary hearing for two Massachusetts men accused of violating the federal kidnapping statute in the abduction of a nine-year-old girl will be held October 17.

U.S. Commissioner Edward Tschudi Wednesday said Clarence Daneau, 31, and Del Trafford, 23, both of Amesbury, Mass., were being held in custody with appearance bond set at \$15,000 each.

The FBI said the two men were located at a motel here in company with the child, Carol Ann Fowler, 17, who was being held under \$1,000 bond at a material witness.

Carol Ann disappeared September 20 after attending a birthday party at the home of Daneau. The FBI gave no motive for her disappearance.

MIDLANDERS TO HUNT ELK IN WYOMING

Harris Eastham and Paul McGargue will leave Friday for Wyoming, where they will hunt elk in the mountain country south of Yellowstone National Park.

THE DOCTOR SAYS

Operation Is Normal Way To Eliminate Gallstones

By EDWIN F. JORDAN, M.D.
Written for NEA Service

Although we learned in medical school that gallstones were most common in the "fat, fat and 40," they are by no means restricted to people described in such terms. True, they are most frequent after 30, and true also, that three-fourths of all cases are in women.

Gallstones, as the name implies, lie in the gall bladder, or the passageway from it, and this little pear-shaped pouch is located under the liver on the right side, a short distance below the ribs.

What causes gallstones to form? There are believed to be several things which play a part. Stagnation of bile in the gall bladder is one. Overweight, wearing of corsets, occupations requiring a leaning forward position and sagging of the abdominal organs are believed to produce such stagnation.

Lack of exercise, particularly when combined with too much fondness for food, also favors the formation of stones. Infection in the gall bladder also may play a part. Many persons with gallstones have an increase of a substance called cholesterol in their blood, and cholesterol is present in most gallstones.

Gallstones may or may not cause symptoms. The most frequent early

symptoms is indigestion. A vague feeling of discomfort in the abdomen, a sense of fullness, intestinal gas, and sometimes nausea and vomiting may occur. Often there is pain in the region of the gall bladder or under the right shoulder blade in the back.

A yellow color to the skin, or jaundice, is not always present. The most important aid in diagnosing gallstones is the X-ray. Sometimes the stone can be seen in an ordinary X-ray picture; in many cases, however, a dye has to be given which fills the gall bladder and outlines the stones in a kind of a silhouette picture.

Many Factors To Consider If gallstones should be found, should the gall bladder be taken out by operation? This decision depends on how many attacks of colic there have been, what the symptoms are, whether there is infection present in the gall bladder, what the X-ray studies show, and the other things such as age and physical condition.

It would be fine if some method could be used which would dissolve the stones without operation, but no way of doing this has been found practical.

Even though many people carry gallstones for years without knowing it, there always is danger of discomfort or injury to the general health. Treatment other than operation usually includes attention to diet, and exercise adapted to the individual condition and needs.

Furniture Retailers Name Representative

Joan Lindsay, expert in modern design and merchandise, has been named New York representative of Contemporary Furniture Retailers, an association of 30 retail stores devoted to home furnishings of modern design.

The announcement was made in Midland by Bob Baldwin of Modern House, 911 West Missouri Street. Miss Lindsay will search for new products which meet the high design standards of the CFR stores and issue informative reports to the members. She also will provide basic market surveys and develop model stock plans of such key merchandise as drapery fabrics, upholstery fabrics and floor coverings.

'I Wanna Be Me,' Is Title Of Vivian Blaine's New Song

By ERSKINE JOHNSON
NEA Staff Correspondent

HOLLYWOOD—Exclusively Yours: The doll of "Guys and Dolls," Vivian Blaine, privately is singing a tune you'll never hear behind the footlights, on the air or on the screen.

The title: "I Wanna Be Me." Hollywood glorified Vivian during the war as a sexy red-head. Then she became a blonde night club singing star. She's still a blonde but the voice that once whispered romantic dialog and songs in dulcet tones now comes out as a harsh Brooklyn accent.

It's all because of Adelaide, the doll Vivian created for the Broadway hit. Vivian's playing Adelaide with another name but with the same Brooklyn accent in "Skirts Ahoy," the new Esther Williams flicker. Then she goes back to Broadway for another year of "Guys and Dolls."

"And then," says Vivian, "I'm gonna be me and do a straight role in a musical. I refuse to do Adelaide when I sing on TV shows and I'm going to forget her forever when I leave the play. Luckily, it's a crutch I can hide."

Ego Deflator One of Franchot Tone's old movies is being revived. The title: "Looking for Trouble." Which reminds me: MGM's boy beautiful, Fernando Lamas, received a telephone call and a sexy voice said: "This is Barbara Payton. I saw you in a bathing suit over the weekend and you are NOTHING."

Then she hung up (her name wasn't Payton) and, after a howl, resumed taking dictation from the MGM writer who dreamed up the gag.

Marilyn Maxwell and Bill McCarthy, Glenn's brother, are a serious new Hollywood combination. TV comedian Jackie Gleason has been ordered to lose 35 pounds

by his medics and is dropping the poundage in a hospital room.

Vic Mature is back in Roman armor again for "Androclos and the Lion" at RKO. His grinning explanation for his many sheet metal wardrobe roles:

"I'm the only man in Hollywood who can carry 87 pounds of uniform."

I asked him about his on-again, off-again marriage.

"Look," said Vic "the only thing wrong with our marriage is that my wife UNDERSTANDS me."

The word's out that Sue Carson's mother opposes her marriage to Arthur Shaw. . . . They're using a double for Sterling Hayden's stair-climbing in "The Golden Hawk" at Columbia. Reason: Hayden's stiff knee, the result of a recent leg operation.

"Will live TV shows from Hollywood be better than New York's in-the-flesh product?"

John West, handsome boss of NBC's Western division, whispered the answer to my question at Eddie Cantor's cocktail party on the eve of the first west-to-east cableing of a big video comedy show.

Sewer Cheesecake Better Than None, Says Detroit Miss

DETROIT—(AP)—"Miss Sewer Cleaner of 1951," would seem to be a title most comely young women would avoid like poison.

But brunette Gayla Davis, 17, of Detroit claims it, thankfully. "What's in a name," she asks, "if you get attention?"

Gayla, you see, has ambitions for a theatrical career, "Hollywood and Broadway, both." She says publicity will help her.

So when she heard that a sewer cleaning company was taking applications for the title, "I went down to see about it."

"They told me I'd get nice, big blowups of my picture at sewer cleaning conventions all over the country," she said.

"They made it look very attractive."

So her picture has been taken in a bathing suit that displays her curves to good advantage. And she's wearing boots. What else would a sewer queen wear?

Welles To Marry Austrian Ex-Baroness

NEW YORK—(AP)—Sumner Welles and a former Austrian baroness will be married after January 1, the latter's mother said Wednesday.

The bride-to-be is ex-Baroness Harriet Post Wilson von Jesezensky, divorced recently in New Jersey from Baron Emerich von Jesezensky. He is believed to be at his castle in Austria.

Welles is former undersecretary of State.

No Time To Waste
Yes, we gotta hurry when we hear of a bargain, but SHOPPING 'ROUND TOWN is just chock full of bargains and you save time and money by reading Barbara's Column every Thursday and Sunday. It brings you tips on new merchandise, property for sale, all types of services including building, plumbing, interior decorating, mechanical or electrical service.

Room Mothers Give Coke Party

The West Elementary sixth grade room mothers entertained the executive members, the faculty and the other room mothers of West Elementary Wednesday with a Coke party at Ranchland Hill Country Club.

Hostesses were Mrs. John Darden, Mrs. J. C. Rinker, Mrs. R. H. McKoy, Mrs. Delbert Downing, Mrs. Terrell Palmer and Mrs. Willard Kimball.

Mrs. E. J. Murphy, City Council president, and Mrs. E. L. Mount, president of the West Elementary Parent-Teacher Association, greeted the guests at the door.

Mrs. Kimball and Mrs. Darden presided over the guest book. Special guests were Mr. and Mrs. Frank Moore and Mrs. J. J. Black.

A centerpiece of giant white chrysanthemums and red carnations, flanked by tall, white tapered candles, carried out the school colors. The table was covered with a white cloth.

Approximately 100 guests were present.

Woman's Club Plans Meeting

Peta Sigma Phi Sorority will be the hostess club to the Midland Woman's Club, Inc., at 3 p.m. October 30. The meeting will be held in the home of Mrs. W. Ernest Nance 1600 West Michigan Street.

Amelia Anthony, founder and director of Girlstown at Whiteface, Texas, will be the guest speaker.

SUFFERS ARM CUT

Myrtle Hines, 506 South H Street, a roddman for the Texas Highway Department, suffered a lacerated arm Wednesday and was given emergency treatment at Western Clinic-Hospital. The arm was cut by a broken car door glass.

KIDNEYS MUST REMOVE EXCESS WASTE

Flagging backache, loss of pep and energy, headaches and dizziness may be due to slow-down of kidney function. Doctors say serious kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Minor headache irritations due to cold or wrong diet may cause getting up nights or frequent passages. Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 40 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 million of kidney tubes and filters flush out waste. Get Doan's Pills today!

Mrs. Taylor Is Shower Honoree

Mrs. E. F. Taylor was honored with a pink and blue shower at the Tuesday meeting of the Gulf Town and Country Club. The club met in the home of Mrs. Charles Holderman, with Mrs. A. C. Barnes as co-hostess.

Mrs. Woodrow Wickman presided during the business meeting. A treasurer's report was given and plans were made for the Christmas party.

The coffee table was centered with an arrangement of sinias and floral arrangements were used throughout the house. Favors were miniature dolls.

Others attending were Mrs. Fred Hawkins, Mrs. E. B. Estes, Mrs. J. M. Stewart, Mrs. G. C. Stevens, Mrs. D. L. Coleman, Mrs. G. H. Spinks, Mrs. M. A. Horne, Mrs. Murray Bryant, Mrs. J. P. Sherrill, Frances Holcombe, Mrs. George Thompson and Leroy Thomas.

Alumnae Association Opens Fall Season

The Chi Omega Alumnae Association opened its Fall season Tuesday with a paraffin party in the home of Mrs. J. S. Roden. Mrs. Charles C. Langdon was co-hostess.

The entertainment rooms were decorated with arrangements of chrysanthemums. Those attending were Mrs. Fred Forward, Mrs. Clem George, Mrs. John T. Miller, Mrs. W. H. Pryor, Mrs. W. P. Becker, Mrs. Alfred Giles, Mrs. John Holland, Mrs. Malcolm Powell, Mrs. Jack Huff, Mrs. Wick Fowler, Tinker Hensell and Mrs. Ed Kennedy. The next meeting will be a luncheon, planned for the second Tuesday in November.

Mrs. Henderson Is Circle Hostess

The Willing Workers Circle of the Asbury Methodist Church met in the home of Mrs. John M. Henderson Tuesday. Mrs. Jewell Tanner gave the devotional and "Romance of the Protestant Mission." Mrs. Lavert Tucker spoke on "Mexico Leads the Way." Mrs. Charles Aiken gave "Corner Stone of the Church."

Others present were Mrs. Charles Lynch and Mrs. Carmel Pirle.

MEDICAL PATIENT

C. L. McWhirter, Scott Motel, is a medical patient at Midland Memorial Hospital.

Dance Studio Gives Program

The Town and Country Dance Studio presented a calypso of popular ballroom dances Tuesday at a meeting of the Welcome Wagon Club in the Ranch House.

Among the dances demonstrated were the Viennese waltz, the Cuban rumba and the Brazilian samba. Mrs. M. L. Feldman and Mrs. John Evans were hostesses. Mrs. J. E. Beakey, president of the Midland Civic Music Association, and Don Hopkins, field representative for Civic Music Association, Inc., outlined the opportunities offered by the civic music plan.

Games of bridge and canasta were played after the program, with prizes being won by Mrs. D. N. Pittman, Mrs. D. E. Morris and Mrs. Feldman.

New members were Mrs. D. B. Jones, Mrs. C. S. Neel, Jr., Mrs. B. K. Bevil, Mrs. J. F. Mueller, Mrs. Jack Burford and Mrs. B. C. Stone, who renewed her membership.

Dance Club Has Potluck Supper

A potluck supper was held at the Circle 8 Square Dance Club meeting Tuesday in the American Legion Hall.

Jim King and his orchestra played for the dance. Hosts were Mr. and Mrs. R. S. Dewey and Mr. and Mrs. W. L. Crothers.

Guests were Joan Folts, Bob Cole, Nell Cole, Dorothy Meaders, Bill and Nancy Crothers, Mrs. P. F. Bridgewater, Miss Corbett, Andrea Dewey, Mr. and Mrs. A. E. O'Neill, Mrs. Ethel Rood, Mrs. Cora Webb, Mary Nell Delk, Mr. and Mrs. C. M. Hood, Mr. and Mrs. Easy Milam and Mr. and Mrs. Bill Cook of Big Spring and Mr. and Mrs. Earl Reid of Coahoma.

Members present were Mr. and Mrs. Hugh Aiken, Mr. and Mrs. Floyd Bell, Mr. and Mrs. O. C. Boswell, Mr. and Mrs. B. W. Brown, Mr. and Mrs. J. R. Damron, Mr. and Mrs. H. J. Davis, Dr. and Mrs. Mervin Fitch, Mr. and Mrs. L. E. Floyd, Mr. and Mrs. T. C. Friel, Mrs. Ed Halfast, Dixie Howell, Marie Nichols, Mr. and Mrs. David Johnston, Mr. and Mrs. E. V. Lindsay, Mr. and Mrs. John B. Mills, Mr. and Mrs. J. R. Pool, Mr. and Mrs. W. W. Scott, Mr. and Mrs. Warren Skaggs, Mr. and Mrs. Frank Stubbeman, Mr. and Mrs. Dell Taylor, Mr. and Mrs. Van Landingham, Mr. and Mrs. James Wudham, Mr. and Mrs. T. A. Cole, Mr. and Mrs. Hub Hagler, Mr. and Mrs. R. F. Rood, Mr. and Mrs. W. T. Webb and Mr. and Mrs. J. C. Short.

Mrs. Sisley Is Guest Speaker

Mrs. S. M. Sisley was the guest speaker at the Parents' Garden Club meeting Tuesday night in the home of Mrs. J. E. Sanders.

Mrs. Sisley spoke on "Principles of Design, Containers and Holders." She pointed out that in planning an arrangement one should consider the occasion, the location of the arrangement, relation of container to the type of flowers to be used, and the type of holder best suited to the kind of flowers and the container. Arrangements were provided by Mrs. Sisley to illustrate her talk.

Mrs. George B. Christy presided at the business meeting. Reports were given of the Christmas card sales.

Other members attending were Mrs. Russell Holster, Mrs. Lucille Johnson, Mrs. Jack Prothro, Mrs. R. L. Prothro, Mrs. J. T. Klingler and Mrs. C. D. Johnson. Mrs. J. W. Luchini was a guest.

KAT Announces New Pledges

Mrs. William Matthews was hostess to the Kappa Alpha Theta Alumnae Association business meeting Tuesday.

Mrs. Fred Paup, president, presided over the meeting. Pledges for the year were announced.

At Texas University, the following pledged: Sue Johnson, daughter of Mr. and Mrs. Don Johnson, and Margie Cramer, daughter of Mr. and Mrs. Earl Cramer, both of Midland, and Kay Wragge, daughter of Mr. and Mrs. Lewis Wragge of San Antonio, formerly of Midland.

Southern Methodist University Chapter pledges are Marilyn McIntyre, Colorado City; Carolyn Parker and Nancy Smith of Odessa, and Dorothy Reed of Graham.

Mary Suddert of Monahans was pledged at Oklahoma University.

Mothers' Club Will Hold Rummage Sale

The St. Ann's Mothers' Club will hold its annual rummage sale from 7:30 to 9:30 p.m. Friday and from 10 a.m. to 3 p.m. Saturday in the St. George's Hall, 413 East Texas Street.

Mrs. Ed Kent and Mrs. Fred Burleson, members in charge, will be at the hall each morning to receive any rummage which is brought in. The group plans to sell adults' and children's clothing and household goods.

Music Group Hears Classical Records

The Symphonic Music Group listened to music by Bach, Brahms, Delius, Bruckner and Berlioz at the Tuesday meeting in the home of Mr. and Mrs. John Norris.

Those attending were Mr. and Mrs. E. E. Reagle, Mr. and Mrs. Charles Henderson, Mr. and Mrs. W. H. Carter, Mr. and Mrs. L. H. Anderson, Dr. and Mrs. Brandon Rea, Mrs. William Joyce, Leslie T. Brown and Doris Welborn.

TONSILLECTOMY

Rita Jo Daugherty, 410 South Fort Worth Street, underwent a tonsillectomy Tuesday at Western Clinic-Hospital.

SOCIETY

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, OCT. 11, 1961-3

Fine Arts Club Has Symposium

Mrs. L. G. Byerley, Mrs. Y. D. McMurry and Mrs. Nelson Puett conducted a symposium on "Israel" Wednesday at the meeting of the Fine Arts Club in the home of Mrs. E. H. Barron.

Mrs. Foy Proctor, president, presided. Mrs. Paul Crandall gave a report on the presidents' party held in Fort Stockton last week and Mrs. Puett, plate sales chairman for the club, announced the sale of 34 historical Midland plates. The plate sale is being sponsored by the Midland Woman's Club, Inc., to raise money for the building fund.

Mrs. Harvey Sloan was in charge of the program. Guests were Mrs. J. O. Hyde and Mrs. Howard Rothrock. Mrs. Henry Walcott, charter member of the club, was reelected to membership.

Others attending were Mrs. J. G. Carner, Lydia Watson, Mrs. William Bryant, Mrs. Ted Lowe, Mrs. Roy Parks, Mrs. Tom Bobo, Mrs. B. R. Schabrum, Mrs. Selman J. Lones and Mrs. Henry Murphy.

Coming Events

FRIDAY

Working Wife Should Beware Of Chip-On-Shoulder Attitude

By RUTH MILLETT
NEA Staff Writer

Judging from the letters that come my way, a lot of working wives carry an "I-work-too" chip on their shoulders.

That chip on the shoulder of the working wife can take many forms. It can take the form of a selfish attitude toward the money she earns. When a working wife starts thinking and talking about "my money," she often has a chip on her shoulder. It's her money—she figures—and she is going to spend it as she likes, and that is that.

More often, though, the working wife's chip-on-the-shoulder is a rebellion against her role as a homemaker. Why, she wants to know, should she be solely responsible for the job of homemaking if she, too, has a job?

Or why should she cater to her husband's likes and dislikes, since she is helping to support the family? Or why should she make an effort to soft-pedal the fact that she earns a share of the family income? Why shouldn't she demand

and get as much recognition for that as her husband does?

Sense Sense of Responsibility
When the chip on the shoulder takes any of those forms it makes a woman less feminine; it makes her feel less responsible for doing everything in her power to make her husband happy.

So beware of a chip-on-the-shoulder, if you are a working wife. Maybe you can't do everything the homemaker. But don't take a "Why should I?" attitude about it. That is chip-on-the-shoulder reasoning.

The working wife, who wants her marriage to be happy, can't afford to wear that "I-work-too" chip on her shoulder.

If she can't work without it, she had better not work.
(All rights reserved, NEA Service, Inc.)

Schools May Offer Night Courses In Typing, Shorthand

As a public service and because Midland has no business school facility, the public schools will offer night courses in typewriting and shorthand if sufficient demand is indicated.

Provided enough citizens enroll, classes will begin at 7 p.m. Tuesday at the high school. The classes are designed for beginners and those needing refresher courses. The commercial department of Midland High School will furnish instruction.

Additional information may be obtained by dialing 4-5589. Interested persons should report for the first meeting next Tuesday night.

Mrs. Sidwell Leads Writers' Program

Mrs. Ernest Sidwell was in charge of the program Wednesday night at a meeting of the Midland Writers' Group.

She discussed the derivation of several English words and read a recent magazine short story which the group criticized on the basis of previously studied writing techniques.

Original manuscripts were read by Virginia Hudson, Mrs. H. I. Swords and Billie Abbott. Patte Abbott was hostess. Others attending were Mrs. Walter Mork and Mrs. John S. Powell.

Boone Bible Class Has Autumn Coffee

The Boone Bible Class of the First Methodist Church held a coffee recently in the home of Mrs. O. O. Stoltz.

The new members of the class made up the house party. An arrangement of fruit and vegetables centered the refreshment table. The entertaining rooms were decorated with Fall flowers. Approximately 70 members attended.

Party Honors Warren Brothers

ANDREWS—Cpl. Ronald Warren and Pfc. Woodie Warren were honored with a dinner and farewell party recently in the Community Building.

The brothers are home on leave from Camp Atterbury, Ind. When they return they will be sent to Germany. They are the sons of Mr. and Mrs. Gene Warren.

Out-of-city guests attending were Mr. and Mrs. Glen Brownlee and Mr. and Mrs. Boyd Eason of Lamesa and Mrs. Byrl Bewley of O'Donnell.

Fort Stockton Man To Address District Presbyterian Meet

Pat Cooper, Fort Stockton sheep rancher, will be the speaker Thursday night when a meeting of District 4 of Men of the Church of the El Paso Presbytery is held in the Fellowship Hall of the First Presbyterian Church here. The dinner-meeting is scheduled at 7 p.m.

First Presbyterian Men of Midland will be the hosts to members of Presbyterian Churches of Coahoma, Colorado City and Big Spring, as well as of St. Andrews Presbyterian Church here. Edwin L. Stitt is president of the host organization.

William H. Crenshaw of Midland is president of Men of the Church of the El Paso Presbytery.

RETURN FROM TRIP

Mr. and Mrs. Robert K. Kimberlin, Jr., and family of Midland have returned from a "successful" fishing trip in Mexico. While fishing at a favorite spot in that country, they met the son of Mexico's president.

British Jet Liner Completes Record Hop

SINGAPORE (AP)—Britain's new Comet jet airliner screamed to a landing on Singapore's Kallang Airport Thursday, bringing this far-off Asian island within a day of London.

Completing its longest development flight, the four-engine de Havilland plane made the 7,800-mile trip from London in 24 hours and 47 minutes. Actual flying time was 18 hours, 51 minutes, at an average speed of 414 miles per hour.

FALSE TEETH That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder, on your plates. Holds false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH at any drug store.

SOCIETY

—THE REPORTER-TELEGRAM, MIDLAND, TEXAS, OCT. 11, 1951

Field Trips, Badge Work Highlight Brownie, Intermediate Meetings

Field trips and badge work were the highlights of Brownie and Intermediate Girl Scout troop meetings Tuesday.

Intermediate Troop 23 discussed the Rambler badge. Betty Barrett served refreshments to Vicki Anderson, Wendy Brady, Betty Burton, Janice Carpenter, Mimi Green, Norma Grimm, Janet Huffman, Vina Mayfield, Judy O'Neal, Miriam Parkinson, Sarah Pickett, Barbara Pitzer, Patty Spiars, Marjorie Shock, Judy Walker, Donna St. Clair and Mrs. R. H. Burton, leader.

Intermediate Troop 33 played games and elected officers at its Tuesday meeting in the Little House. Mrs. Osborn was a guest. Others attending were Patricia Aday, Mary Jane Aldridge, Carolyn Kay Cole, Paula Jean Crites, Ruth Ann Erskine, Georgia Grimm, Suzanne Martin, Priscilla Nichols, Mary Lynn Osborn, Ray Nelle Rhodes, Betsy Sadler, Lou Anne Sebesta, Betty Sherrod, Liseta Smith, Sandra Seawright, Betty Jane Walden, Mary Pat Speed, Aldine Bowen and Mrs. J. D. Martin, leader.

Intermediate Troop 2 met in parlors Tuesday to discuss badge work and to plan a Halloween party. Those attending were Mary Louise Erskine, Eliza Payne, Sandra Shaw, Von Dean Hearren, Ann Simmons, Harriet Yearby, Eleanor Penn, Catherine Standefer, Julia Marberry, Lela Jo Wright, Gwen Davis, Linda McFarland, Sara Dickinson, Caroline Hazlip and Mrs. A. B. Jenks, leader.

Brownie Troop 48 toured the Snowflake Bakery during its regular meeting Wednesday. The troop went to Borden's for refreshments before returning to the Little House. Those attending were Cynthia Lee Cobb, Cindy Cowan, Patsy Dawson, Vicki Dorsey, Franette Hillin, Jennie Graham, Rebecca Hamlin, Terry Lynn Miller, Camella Moore, Carolyn Sue Price, Virginia Ridge, Sharon Ann Snodgrass, Mary Evelyn Snoddy, Trudy Ann Symes, Ann Wood, Lorene Corbett, Sherry Kay Reeves, Mrs. Manner Graham, Mrs. W. T. Cowan, Mrs. Bill Wood and Mrs. Clarence Symes, leader.

Troop 14 made plans Wednesday afternoon for the redecoration of the Scout club house which Mrs. Ellison Tom has provided for the group. Juanda Birdshaw, president, presided.

Others attending were Helen Zant, Barbara Tom, Gwendolyn Campbell, Carol Ann Walker, Ruth McIntire, Nancy Guyton, Kay Colwick, Peggy O'Neal and the troop leader, Mrs. Clyde Davidson.

Badges and uniforms were discussed at the Intermediate Troop 15 meeting Wednesday in the Little House. Mrs. G. A. Grimm is the leader.

Those attending were Alice Ann Berry, Sandra Cooper, Robinette Curry, Cheryl Grimm, Nannette

Mrs. Bliven Is Shower Honoree

Mrs. Dayton Bliven was honored with personal shower Wednesday in the home of Mrs. Paul C. Jordan.

The table was covered with a white cloth and centered with an arrangement of yellow mums. The honoree was given a corsage of yellow mums.

The gifts were placed in a suitcase guarded by a large decorative stork. Mrs. C. W. Chancellor, Jr., poured and Mrs. Hugh Johnston assisted.

Others attending were Mrs. W. P. Knight, the honoree's mother, Mrs. W. C. Tillet, Mrs. Gene McDaniel, Mrs. Fluke Tomkins, Mrs. W. C. Walker, Mrs. John Leigh, Mrs. Charles Wallace, Mrs. Dave Donaldson, Mrs. Charles Pierce, Mrs. P. D. Anderson, Mrs. Percy Prout, Mrs. E. H. Dunn, Mrs. Joseph Kaiser, Mrs. Glen Gibbins, Mrs. Jim Laine, Pat Butcher and Jan Knickerbocker.

Class To Send Box To Children's Home

The T. E. L. Class of the First Baptist Church made plans Wednesday to send a box to the Children's Home at Roundrock, Texas.

Mrs. Joe Smith was hostess. The group also voted to send flowers to Mrs. John King, class member who is now in the hospital.

Mrs. E. W. Taylor gave the closing prayer. Ten members and a guest attended.

Forty Attend Girl Scout Morning Coffee

Forty women attended a morning coffee held by the Girl Scout Leaders' Club Wednesday in the Girl Scout Little House.

Mrs. Carl Covington and Mrs. W. L. Woolley presided over the refreshment table which was centered with a greenery and fruit arrangement. Four other tables held displays of play-ground equipment, uniforms and clothing marked with Girl Scout, handicraft and supplies, books, a movie projector and a sewing machine.

Each guest received a copy of the Leaders' Club yearbook. The next meeting will be a luncheon November 7. Members will bring the salads.

MEDICAL PATIENT
Sue West, Rainwater Apartments, entered Midland Memorial Hospital Wednesday as a medical patient.

MAKE-UP WON'T HIDE CALENDAR LOOK
But this scientific way may avoid showing monthly strain. All the make-up in the world can't take that glare. But here's a modern way that has helped many women and girls avoid calendar misery and its glare. It's Cardui, a tested medicine that helps build strength and resistance each month—many women may feel no monthly cramps at all. Look, feel your normal, happy self. Ask your dealer for Cardui.

CONDUCTIVE TO MURDER—

Nothing Romantic In Life On A Raft

VICKSBURG, Miss. (AP)—After 36 days of cramped living on a tiny raft, two pairs of young, unmarried people agree "Life on this raft is not conducive to romance; we're more apt to resort to murder."

The two men and two women Thursday said a lot of eyebrows have been raised over their 1,500-mile trip from New Kensington, Pa., down the Allegheny, Ohio and Mississippi Rivers to New Orleans.

Their 120-foot raft, mounted on 12 oil drums, is topped by a cabin, 20 feet. A small inboard motor propels the raft, the Lethargia.

One of the crew, Geraldine Garcia, a 24-year-old commercial artist at a Boston department store, said her mother objected very strenuously and told her she "didn't know what she was doing." Later she gave her consent, telling her daughter, "May be this will get all the travel out of your system."

Mary Ellen McCarty of Ann Arbor, Mich., who thought up the idea, said her mother objected, too. Mary Ellen, a 24-year-old graduate of the University of Michigan, is the skipper.

"Just For Fun"

The trip originally was billed as a sociological experiment in close-quarter living. Later, Mary Ellen said it was just for fun.

The two girls sleep in double-decked bunks on one side of the cabin and the two men sleep in double-deck bunks about three feet away on the other side.

"We all sleep in our clothes," said Don Brown, 24-year-old bewildered University of Michigan psychology student, who added, "Life on this raft is more conducive to murder than romance because we have too many different traits."

Milton Borden, 30-year-old post-graduate forestry student at the University of Michigan, is the oldest member of the crew and acts as moderator when the quartet calls a "bribe session" to settle differences.

For canine company, Delilah is aboard.

At one end of the cabin is a two-foot-square space covered with a

Committee Snubs Truman Negro Ally

WASHINGTON (AP)—A Senate committee reportedly has decided to block President Truman's nomination of a long-time negro political ally as recorder of deeds in the District of Columbia.

The decision was reported reached after a hearing Wednesday at which Earl Wayne Beck, a Kansas City negro, admitted he knew nothing about what a recorder is supposed to do. The job, which pays \$8,000 a year, is now vacant.

Beck told the Senate District of Columbia Committee he had wanted the job a long time and had given his application to J. Vivian Truman, brother of the President, who is federal housing administrator for Kansas City.

Most of the hearing centered on charges involving Beck's management of the Jackson County, Missouri, home for negro boys and girls from 1925 until 1940. These charges—denied by Beck—that inmates of the home were beaten, poorly fed and otherwise mistreated.

ADMITTED TO HOSPITAL

Lawson E. Valery, 1902 North Marlenfeld Street, was admitted to Midland Memorial Hospital Wednesday as a medical patient.

Less than five per cent of the nation's homes are equipped with a portable fire extinguisher.

Orderly Crowds Demand Ouster Of Britons From Egypt

CAIRO (AP)—Shouting Egyptians, demanding the ouster of British troops from Egypt, demonstrated against Britain Thursday for the second successive day. There was no violence.

Heavy police escorts kept order as a crowd of thousands paraded through Mustafa Kamel Square, then moved on to the larger Ibrahim Pasha Square to hear speakers shout:

"Down with Britain. We want the British to get out of our country."

Sudanese students at two Cairo universities cried "Down with foreign domination—we want one king, one crown, one Nile."

After streaming past the palace and cheering King Farouk, the crowds dispersed without incident.

Mrs. Lucindy Enlow, 81, Dies At Andrews

ANDREWS (AP)—Funeral services for Mrs. Lucindy Enlow, 81, who died here Tuesday, were to be held Thursday afternoon in the Church of Christ in Bryson, Texas.

Mrs. Enlow had lived here with a daughter, Mrs. Gilbert Helvey. She suffered a heart seizure Saturday.

Survivors include Mrs. Helvey and three other daughters, Mrs. Vera Reiter, Wellington, Texas; Mrs. A. A. Price, Snyder, and Mrs. George Helms of Graham, Texas, and a son, Jack Enlow of Graham.

Joyce Promoted To Police Lieutenant

Police Chief Rube Hemingway announced Thursday the promotion of James J. Joyce, head of the Police Department's Bureau of Records and Identification, to the rank of lieutenant.

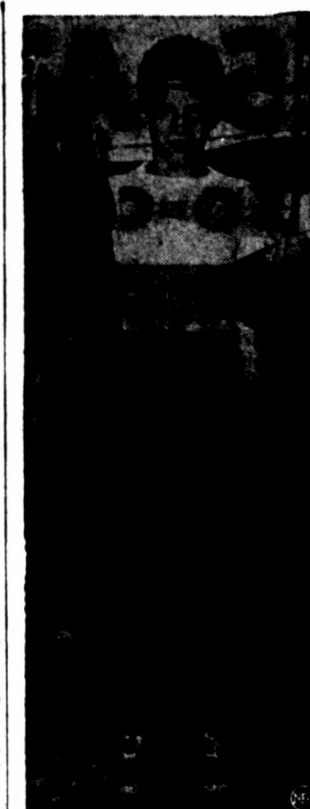

Lieutenant Joyce was graduated last summer from the Southern Police Institute at Louisville, Ky., and was given the grade of sergeant on his return to active duty.

His gold bars were pinned on his shoulders Thursday by Robert Branson, former identification officer of the department.

Suggested Drilling Plan To Be Outlined

A suggested drilling plan for the Spraberry Trend of the Midland Basin was to be outlined by a special committee of oil operators at a meeting in the Crystal Ballroom of Hotel Scharbauer Thursday afternoon.

All Spraberry operators, land owners, royalty owners and all other interested persons were invited to attend.

REEL LUCK—Eleven-year-old Bobby Sturgis of Brookline, Mass., stands proudly beside the 10-pound Wahoo he caught the first time he ever went deep-sea fishing. The four-foot-10-inch scrapper was taken on heavy tackle off Bermuda. (NEA)

NATIVE OF AUSTRALIA TO ADDRESS JAYCEES

Jim Neuman, native of Australia, will be principal speaker Friday at the weekly luncheon-meeting of the Midland Junior Chamber of Commerce.

His subject will be "Down Under." The meeting will be held in the Crystal Ballroom of Hotel Scharbauer.

CLASSES TO BE ORGANIZED

All persons interested in studying art are asked to meet at 7:30 p.m. Thursday in the Palette Club Studio to organize classes.

VIENNA MEETING

VIENNA (AP)—The Communist-run World Federation of Trade Unions (WFTU) will hold its next general council in Berlin from Nov. 15-21, 1951. The decision was taken in response to an invitation from the Free German Trade Unions according to an announcement of the WFTU's Executive Bureau in Vienna.

Upsurge Of Polio In Midland Brings Preventive Advice

Precautionary measures against polio were listed here Thursday after the eleventh victim in the last 30 days—twelfth for the year—was reported.

Marjorie Gomez, seven-month-old daughter of Mr. and Mrs. Reginald Gomez, 909 North Tyler Street, was reported in a serious condition Thursday in an Abilene hospital. She was transferred there Wednesday from Midland.

Ray Gwyn, chairman of the Midland County Chapter of the National Foundation for Infantile Paralysis, said there is no cause for "undue alarm." He said a seasonal increase in the number of cases could be expected in September and October.

Suggested Precautions

These precautions were suggested:

- Don't become over-tired by hard playing, exercise, work or travel.
- Don't get chilled.
- Don't use another person's towels, dishes or tableware.
- Don't take children where there is polio.
- Wash hands carefully before eating.
- Keep food clean and covered.

Watch for these symptoms: headaches, fever, sore throat, upset stomach, sore muscles, stiff neck or back, extreme tenderness or nervousness, difficulty in breathing or swallowing.

If the symptoms appear, the sick person should be placed away from other persons and the doctor called immediately. Quick action may save crippling, the Foundation said.

Livestock

PORT WORTH (AP)—Cattle steady; good and choice slaughter steers and heifers 32.00-35.00; common and medium 22.00-30.00; beef cows 21.00-26.00; good and choice fat calves 30.00-34.00; common and medium 21.00-29.00; medium to choice stockers 25.00-36.00; common to good stocker yearlings 22.00-32.00.

Hogs steady; choice 180-280 lb butchers 20.75-21.00; good slaughter yearlings 27.00-27.50; good aged weathers 19.00 cull and utility slaughter ewes 11.50-13.50; feeder lambs 27.00 down.

Cotton

NEW YORK (AP)—Noon cotton prices Thursday were 40 cents to \$1.00 lower. October 37.32, December 36.79 and March 36.61.

Casualties In Korea

WASHINGTON (AP)—Korean casualties by list No. 416, released Thursday by the Defense Department, includes the names of five Texans killed in action, Army: Cpl. Carlos A. Bultron, Robstown; Cpl. Billy E. Freeman, Amarillo; Pvt. Edward Silva, Jr., Three Rivers; Cpl. D. F. Payne, Lubbock.

Killed in action, Navy: Ens. Kenneth E. Grim, Corpus Christi.

Wounded, Army: Sgt. Ralph W. Coffman, Terrell; Pfc. Melvin D. Glover, Texas City; Pvt. Thomas L. Pigg, Houston.

Wounded, Marine Corps: Cpl. Robert B. Doak, Dalhart.

Hearing On Feed Rate Injunction Underway

AUSTIN (AP)—The fight of 23 railroads against a Railroad Commission order to reduce freight rates on cattle feed went into its second day of court Thursday.

The railroads are seeking a temporary injunction to preserve the current freight rate level. The reduction was blocked by a temporary restraining order issued to the railroads pending hearing of their petition for temporary injunction.

RECEIVES ANKLE INJURY

Wilton B. Smith, 1504 South Main Street, a roughneck for Lonnie Glascock Drilling Company, received an injury to his left ankle Tuesday while working. He was treated at Midland Memorial Hospital.

Mrs. Cain Rites Held Thursday

Funeral services for Mrs. H. O. Cain, 80, who died at her residence in Midland Tuesday, were to be held at 2:30 p.m. Thursday in the Newline W. Ellis Chapel. Interment was to be in Fairview Cemetery.

Mrs. Cain had resided in Midland County since 1925.

Survivors included four daughters, six sons, 38 grandchildren, 32 great-grandchildren and one great-great-grandchild.

CHILD RECEIVES SURGERY

Donnie Bennett, four-year-old son of Mr. and Mrs. M. E. Bennett of Rankin, entered Midland Memorial Hospital Wednesday for surgery.

The U. S. flag has 13 horizontal stripes—seven red and six white.

WILL UNDERGO SURGERY

Robert Black, 1100 South Front Street, was admitted to Midland Memorial Hospital, where he will undergo surgery.

SHELL SUPERINTENDENT ILL

Max A. Sherwood, superintendent of the Shell Oil Company, entered Midland Memorial Hospital Wednesday as a medical patient.

Jobless Father Ends Own Life In Home-Made 'Chair'

DETROIT —(P)— An unemployed father of four rigged a makeshift "electric chair" in his home and electrocuted himself, police said Thursday.

The body of Chester Dunn, 40, was found by his wife, Eleanor, 37, after she returned from court. She had filed a non-support complaint against him.

Petrolman Calvin Gill said Dunn plugged up a basement drain and filled the floor three inches deep with water.

The officer said Dunn next stripped the insulation in two places from an extension cord. He taped the cord to his left arm at one end and sat on the other uncovered section, placed on an old rocking chair.

Then, dangling his feet in the water, Dunn threw a switch, sending current through the cord, the officer said.

Elephant leather is so heavy that a hide takes three years to tan.

Few Veterans To Endure Second Winter In Korea

WASHINGTON —(P)— Pentagon planners say few veterans of last Winter's fighting in Korea must endure another Winter there.

Members of the Senate Armed Services Committee told newsmen Wednesday they had that assurance from Gen. John E. Hull, who spoke for the joint chiefs of staff.

Chairman Russell (D-Ga.) of the committee had called for a report on rotation, following numerous complaints to Congress that some combat veterans would have to go through a second Korean Winter.

Committeemen said General Hull told them only men in special categories—such as pilots of the small Army liaison planes and electronics engineers—might have to stay on. Others, they were told, would be rotated home.

They said General Hull also assured them there are ample stocks of Winter clothing and rations for the forces in Korea.

75 Bucks A Month! Just Be Thankful You Live In U. S. A.

By ED CREAUGH

WASHINGTON —(P)— "Seventy-five lousy dollars a month!" Heard that complaint recently from any young American who has just received greetings from his draft board?

Well, if it's any consolation, the \$75-a-month U. S. recruit is a rich man compared with the draftee in any other country of the North Atlantic Treaty Organization (NATO).

His British comrade - in - arms starts soldiering at \$16.80 a month. The Greek conscript does next best - \$10.08.

And so it goes on down the line to the Turkish draftee, who's mustered in at - honest, this is not a typographical error - 11 cents a month.

These figures, supplied by U. S. military authorities, were made public by a House Appropriations subcommittee in connection with the \$7,462,527,790 foreign aid bill.

The spread between the pay of the American fighting man and his overseas counterpart will be even greater if Congress approves the 10 per cent across-the-board increase which the Defense Department has asked.

Pay Increases Fast

The figure for the overseas NATO countries show France pays its draftees \$128 a month, Iran shells out 31 cents a month and Portugal bestows 51 cents a month.

It won't surprise enlisted men of any Army to learn that the pay goes up fast as a man rises through the officer ranks.

France, for instance, pays a major \$203 a month, compared with the \$384.75 an American major gets. Belgium, which has \$6-a-month draftees, pays its majors up to \$279.20.

And Turkey, with its 11-cent conscripts, pays majors up to \$197 a month.

In other words, while an American major is paid about five times as much as a draftee, a French major gets 36 times as much as a French draftee and a Turkish major 1,790 times as much as a Turkish draftee.

There's one thing for sure about the Turkish system: It gives a man plenty of incentive to buck for officer training.

'New Hands' Open Way To Freedom For Ex-Baseballer

LOS ANGELES —(P)— Marshall Morgan's "new hands" have opened the door to freedom.

Morgan is a onetime baseball pitcher who turned to forgery when a disease gnarled and twisted not only his hands, but his outlook on life.

A few months ago, Dr. Marcus Graham, county jail physician, found a way to rehabilitate the frequent offender. Surgery mended Morgan's hands and his disposition.

Morgan was granted probation on the check charge against him, only to learn that he still was wanted in Bakersfield, Calif. Those charges were dropped, too, Wednesday.

And just to frost the cake, Morgan already has been offered two jobs.

Senate Panel Ends Jessup Hearings Without Final Vote

WASHINGTON —(P)— Bickering between Harold E. Stassen and the State Department over the past policies of Ambassador Phillip C. Jessup continued Wednesday while a Senate group weighing Jessup's nomination to be a delegate to the UN marked time.

President Truman has named Jessup, a top aide to Secretary of State Acheson, to be a U. N. delegate to the United Nations General Assembly, which meets in Paris next month.

A five-man Senate Foreign Relations subcommittee studying the nomination has ended its scheduled hearings and set no time for a vote on the nomination, opposed by Senator McCarty (R-Wis.).

13 Per Cent Slash In Auto Output Seen

WASHINGTON —(P)— The government is reported to have decided to curtail automobile production by about 15 per cent under present output and allow \$60,000 cars to be produced in the first three months of 1953.

Informed officials said Wednesday that decision has been made by the Defense Production Administration (DPA). An announcement is due Friday. Earlier plans had been to cut production of passenger cars to about \$60,000 in the first quarter.

Art Masterpieces Are Displayed Here

The Colonial Art Exhibit of masterpieces now is on display at the West Elementary School. The exhibit will continue through Friday. It is sponsored by the P-T.A.

The exhibit is open from 9 a.m. to 5:30 p.m. daily and also will be open Thursday and Friday nights. A social hour will be held Thursday night.

Proceeds from the sale of any of the paintings will go to the school.

Two persons are killed and 200 injured in accidents in the United States on an average of every 10 minutes.

Use Common Sense to Take Off That Ugly Fat

Overweight can be a menace to health, but common sense should be the watchword to get rid of the extra pounds. A field day over a prolonged period of time, can also do harm.

Why not try the Barcontrate way to count down extra pounds, with remarkable results? Barcontrate contains no harmful drugs. In fact, it contains ingredients to make you feel better. Just go to your drugstore and get a course of Barcontrate. Pour into a pint bottle and add 15 ounces of canned grapefruit juice. Then take 2 tablespoonfuls twice a day. That's all there is to it. If the very first bottle doesn't show you the way to take off belly fat, just return the empty bottle for your money back.

Here is the Proof
"I have taken Barcontrate and gotten wonderful results," writes Mrs. R. L. Perry, 724 W. 11th St., San Antonio, Texas. "I have lost 15 pounds and I feel so much better. I get rid of all my blood and gas and can now get a good night's sleep. I ate anything I wanted."

Lost 13 Pounds
"Barcontrate not only made me lose weight, but it made me feel so much better," says Mrs. Ida C. Johnson, 705 South St., Dallas, Texas. "I have already lost 13 pounds taking Barcontrate."

10 Pounds Lost
"I am very grateful to Barcontrate," writes Opal McKelvey, 205 W. 9th, Beaumont, Texas. "I have lost 10 pounds taking this wonderful medicine."

Stengel Batting 1.000 As Manager Of New York Yankees

NEW YORK—(AP)—Old Casey Stengel sits atop the baseball world Thursday with a knowing wink and three straight world championships to show for his first three years as manager of the New York Yankees.

The grizzled skipper will be back in 1952 to complete his \$65,000 plus contract. And probably in 1953 and so on.

Unless poor health dam-

pens the fire of this old war-

rior, he'll be back as long as they want him. Right now, that's probably forever.

Sure, Leo Durocher's "miracle men" Giants gave the Yankees a good

wrestle before succumbing, 4-3, in Wednesday's sixth game at chilly Yankee Stadium. But they couldn't quite manage another miracle

against an aroused Yankee club that chalked up its fourteenth world championship in 18 series.

Trailing 2-1 Sunday in games without a pitcher for the fourth, the Yankees got a terrific break with a two and one-half-inch rainfall

washed the game into the Harlem River.

Allie Reynolds gained another day of precious rest and came back to blindfold the Giants Monday. Then they rolled the heavy artillery into action for the 13-1 slaughter of the fifth game.

Maybe they were lucky to close it out in six. The Giants outlived them Wednesday, 11-7, and staged a rousing finish that all but saved the day.

Still Hank Bauer's 400-foot triple a typical Yankee blast—unleaded the bases with the winning run in the sixth. That was the ball game, plain and simple, although it took a bit of doing to keep it under control.

Eighteen Records Smashed in Series

NEW YORK—(AP)—Eighteen records were set, four by Joe DiMaggio, by the New York Yankees and the New York Giants in their six-game World Series.

DiMaggio, who went to bat 12 times before finding his hitting eye, hung up his four marks in the batting department and tied another.

The Yankee Clipper has played in the most series games, 51; played the most with one club, 51 with the Yankees; been at bat the most times, 199 and on a winning club the most times, nine with the Yankees.

He also tied Babe Ruth's record of playing in 10 World Series. The records broken include:

Third, basemen's chances accepted, six-game series; Bob Thomson, Giants, 28.

Shortstop chances accepted, six-game series; Phil Rizzuto, Yanks, 40.

Most times at bat, one club total series; Yanks, 3,130.

Most bases on balls, both clubs, six-game series; 51 (Yanks 26, Giants 25).

Club playing most series; Yankees, 18.

Club winning most series games; Yankees, 63.

Club losing most games; Giants, 41.

Most times winning series; Yankees, 14.

Most times losing series; Giants, nine.

Most series won; American League, 31.

Most series lost; National League, 18.

Most players participating one club six-game series; Giants, 24.

Most players participating, both clubs, six-game series; 45 (Yanks 21, Giants 24).

Largest receipts, players pool, six-game series; \$560,562.37.

Texas, TCU Baylor Get Scribe's Nod

By HAROLD CLAASSEN

NEW YORK—(AP)—Pick-

ing football winners:

Texas over Oklahoma;

Oklahoma made only four

first downs against Texas

A&M last Saturday and the Long-

horn line can't be rated as exactly

puny.

Notre Dame over SMU: The Meth-

odists will rate a contest in the

rugged Southwest Conference nothing

more than a signal drill after this

encounter with the Irish. They

already have been beaten by George-

ia Tech and Ohio State.

Baylor over Arkansas.

Texas A&M over Trinity.

TCU over Texas Tech.

Hardin-Simmons over Tempe

State.

Ohio State over Wisconsin: Both

clubs lost by four points last week

on last minute passes by rivals. The

loser in this one can give up all hope

of making the Rose Bowl trip. Wis-

consin can throw away its time-

tables after Saturday.

Georgia Tech over LSU: Tech re-

portedly had the best freshman foot-

ball team in the country last year. It

now has jelled into one of the best

varsities in the South, boasting three

straight triumphs.

California over Washington State:

What team in the country has a

better one-two-punch than Califor-

nia with Fullback John Olszewski

and Guard Les Richter?

Princeton over Penn: This one

could go the other way if the

Quakers have repaired their pass

defense.

Tennessee over Chattanooga:

Shame on you, why don't you pick

on somebody your size?

Kentucky over Mississippi State:

How can a team that has two such

great point makers as Parrilli and

Leskova lose four straight?

Army over Dartmouth: An 18-

year-old freshman, Pete Vann, takes

over the Cadet quarterbacking job

but this will be the first triumph

for the Army remnants.

Lumping the others:

Friday—

Alabama over Villanova, Fordham

over Boston College, Purdue over

Miami.

Saturday—

East: Cornell over Harvard, Illi-

nois over Syracuse, Yale over Colum-

bia.

Midwest: Colorado over Missouri,

Iowa State over Kansas State, Iowa

over Pittsburgh, Kansas over Utah,

Michigan State over Marquette,

Michigan over Indiana, Northwest-

ern over Minnesota, Nebraska over

Penn State, Oklahoma A&M over

Wichita.

South: Duke over North Carolina

State, Florida over Auburn, Holy

Cross over Tulane, Maryland over

Georgia, Mississippi over Vander-

bilt, North Carolina over South

Carolina, Virginia over W&L; Wake

Forest over William & Mary.

Far West: Arizona over Texas

Western, College of Pacific over

Clemson, Denver over New Mexico,

Montana over Idaho, Southern Cali-

fornia over Oregon State, Stanford

over UCLA, Washington over Ore-

gon, Wyoming over Colorado A&M.

Charles Wins KO Bout From Layne

PITTSBURGH—(AP)—Ezzard

Charles is hot on the comeback trail

after knocking out Rex Layne in

the same ring where he lost his

heavyweight title to Jersey Joe Wal-

cot.

Charles stopped the 23-year-old

Salt Lake City, Utah, boxer in 2:32

of the eleventh round Wednesday

night in an interesting but unim-

pressive bout before a disappointing

turnout of 6,257 fans at Forbes

Field.

Charles weighed 188, heaviest of

his fighting career, and Layne

165 1/2. The fight grossed \$59,763.

(NEA Telephoto)

DARK IS OUT—The Giants' Al Dark is out at second on Whitey Lockman's grounder to Phil Rizzuto, who relays the ball to Johnny Mize at first for a double play. The ump is Al Barlick.

(NEA Telephoto)

Heap big baseball doings are set Sunday for Big Spring, when Longhorn League cities convene for the annual Winter meeting.

Henry (Zeke) Bonura, the Midland manager, is due in from New Orleans to attend the confab.

Up for discussion at the league meeting will be such things as which cities will be in the league next year, and the rule on borrowing players for the playoffs.

Vernon and Sweetwater are doubtful entries in the loop next year. Both had many financial worries during the season just finished. Big Spring is weak financially, too, according to circulating reports.

Carlsbad and Hobbs, a couple of New Mexico cities, have indicated they would be interested in joining the Longhorn League.

Midland is rarin' to go, what with Manager Bonura and a home-owned club.

Look for most of the 1951 Indians to be around in 1952.

Pitchers Eddie Jacobs (29-13) and Bruce (Gaby) Blumenthal (14-9) may go to higher leagues—and we hear, his possible Shortstop Scooter Hughes and Catcher Kenny Jones will get another crack at a higher league.

But for the most part, the Tribe expects to retain most of the players who were red-hot at the end of the year.

Pitchers Israel Ten, Dave McKenzie, Ernie Nelson and Bill Reed; infielders Eddie Melillo, Bill Crumley, Julio de la Torre and Dick Campbell; outfielders Hayden White, Rudy Escobar and Stan Wilcox all might return to the wigwag next season, though Wilcox has a good chance to go up.

Midland High School has won 14 games and lost nine since Tugboat Jones took over the coaching duties here.

He's the first Midland coach to be over the 500 mark since Bud Taylor left after the 1940 season.

Barnes Milam had a 10-20 won lost record in three years, and Gene McCollum posted a record of 11 wins, 19 losses and one tie in three seasons. Earl (Dutch) Clark, coach in '41, won but one of 10 games.

DOTS AND DASHES: Leo Durocher, Giant manager, is supposed to have received a letter offering him \$15,000 if he lost the last three games to the New York Yanks—and harm to Durocher's family if he didn't.

The letter was turned over to Ford Frick, commissioner of baseball. . . . Garden City and Rankin meet at 8 p.m. Friday in Rankin for the man football leadership of their district at stake. . . . Rankin has won three games, Garden City two. . . . Manager Bob Martin of Odessa, Pitcher Emilio Ortega and Outfielder Kenny Peacock all have been recalled to the Corpus Christi Aces. . . . But, of course, they could wind up at Odessa again next year. . . . A reporter's crack about the 13-1 Yankee win over the Giants in the fifth series game: "It got so bad after the seventh inning Ruby Goldstein would have stopped it." . . . Goldstein is a famous fight referee. . . . Bill Glidewell, the ex-Texas Tech tackle, to take in the TCU-Tech tilt Saturday night at Lubbock. . . . End of The Row for now!

Coaches Are Cooking Up Grid 'Stuff'

The football pot is simmering at Memorial Stadium this week, as Coach Tugboat Jones and assistants cook up new offensive and defensive maneuvers designed to befuddle Poly High School of Fort Worth.

"We've been working against their T formation and the spread formation," Jones said Thursday, "and we've also been drilling on some new offensive plays of our own."

Jones said Dick Spencer, regular fullback, may not be able to play against the Cowtown eleven Saturday night. Spencer is hampered by a twisted knee. Everyone else is in playing shape, with only a few bruises slowing down the workouts.

The MHS squad will leave Midland Friday after lunch, going to Abilene for the night and working out on the ACC field. The team is to arrive in Fort Worth about noon Saturday. Kickoff time for the tilt, to be played on Farrington Field, is 8 p.m.

"I don't know if we can stop the Poly passing attack or not," Jones said Thursday. "They've averaged about three touchdowns a game, you know."

Poly has one win, a 26-13 verdict over Gainesville, and has lost to Forest of Dallas, 13-6, and Plainview, 40 to 27.

Midland has three wins: over San Angelo, Ysleta (El Paso) and Crozier Tech (Dallas). The Bulldogs have dropped one game, 19-13, to Brownwood.

New Sites Spotted In Adair-Wolfcamp

Two new locations have been spotted in the Adair-Wolfcamp field. One of the new sites is in Central-South Terry County and the other is in Central-North Gaines County.

Amerada Petroleum Corporation No. 3-A Carl Golden is the new tester in the Terry County side of the field.

Location is 850 feet from north and 980 feet from west lines of section 7, block C-37, pal survey and 20 miles northeast of Seagraves. To Dig With Rotary.

Rotary tools will be used in drilling to 9,000 feet, beginning immediately. In Gaines County, Amerada is scheduled to drill its No. 9 George R. Bean 660 feet from north and 1,980 feet from east lines of section 18, block C-31, pal survey. Rotary tools will be moved and drilling will begin immediately. Drillsite is 20 miles northeast of Seagraves.

Wolfcamp Opener Finaled In Garza

Humble Oil & Refining Company has completed its No. 1 Jeff D. Justice, Jr., as a Wolfcamp discovery in Southeast Garza County.

The well pumped 24 hours and made an initial production of 11.34 barrels of 26.1-gravity oil, plus 16 per cent water. Gas-oil ratio was 32.6-1.

Top of pay is 4,660 feet and plugged back depth is 4,900 feet. Production is coming through perforations at 4,660-4,740 feet. The section was acidized with 2,000 gallons.

Location of the new opener is 660 feet from north and west lines of section 18, block 6, H&GN survey. It is three miles south of Justiceburg and one-quarter of a mile south of the discovery well of the Tobe-Strawn field.

Location of the new opener is 660 feet from north and west lines of section 18, block 6, H&GN survey. It is three miles south of Justiceburg and one-quarter of a mile south of the discovery well of the Tobe-Strawn field.

Permian Basin Oil and Gas Log—APOC Finals New Oiler In SW Terry

The Hanley Company of Abilene is drilling ahead after two tests in the Permian basin on its No. 1 Dorton, North-Central Yoakum County wildcat.

A drillstem test was taken from 10,805 feet to 10,870 feet. Tool was open four and three-quarter hours. Gas came to the surface in three and one-quarter hours.

Recovery was 7,500 feet of fluid. A breakdown of the fluid was 90 feet of 37-gravity clean oil, 1,000 feet of mud cut oil, 540 feet of water cut oil, 700 feet of oil cut water which was between 10 and 20 per cent oil and 5,200 feet of salt water.

Recovery was 9,450 feet of fluid. The top 1,350 feet was drilling mud and the bottom 8,100 feet was mud cut sulphur water.

Location is 660 feet from south and east lines of section 310, block D, John H. Gibson survey.

Midland Project Making More Hole

The Blackwood & Nichols Company No. 1 Moss, wildcat in Central-North Midland County, is drilling below 10,381 feet in lime and shale of the Pennsylvanian.

Top of that formation was picked at 10,460 feet, minus datum point of 7,631 feet.

Location is 660 feet from north and west lines of section 9, block X, H. P. Hilliard survey and five miles northwest of the city of Midland.

Pool In C-N Gaines Gets New Oil Well

Amerada Petroleum Corporation has completed its No. 8 George R. Bean as a new producer in the Adair-Wolfcamp field of Central-North Gaines County.

The well flowed 12 hours through a three-eighth inch choke to make a 24-hour calculated production of 703 barrels of 43.6-gravity oil.

Gas-oil ratio was 350-1. Tubing pressure was 350 pounds and there was a packer on the casing. Total fluid recovered was cut with one-tenth of one per cent water.

Top of pay is 8,337 feet and total depth is 8,535 feet. Five and one-half inch casing is set at 8,465 feet. Open hole section was treated with 500 gallons of acid.

Location of the new well is 660 feet from north and east lines of section 18, block C-31, pal survey and 20 miles northeast of Seagraves.

Wildcat In Runnels Plugged, Abandoned

H. V. Garrett (dba) Garrett Production Company has plugged and abandoned the No. 1 D. D. McDaniel, wildcat in Runnels County at total depth of 3,830 feet.

Location was 330 feet from north and 1,550 feet from west lines of A. Loyosa survey, block 21, and 1,550 feet southeast of Miami No. 1 McKissick.

NE Crockett Test Plugged By Malco

Malco Refining Company, Inc. and others No. 4 Archie Bean, wildcat in Northeast Crockett County has been quit at 1,401 feet.

The failure was 1,687.54 feet from north and 1,029 feet from west lines of section 13, block UV, G&S survey. It was one-half of a mile east of the shallow Betty field.

Midland Oil Man Tells Of European Tour At Club Meet

Members of the Altrusa Club were special guests of Midland Rotarians Thursday noon at their meeting in Hotel Scharbauer, when C. W. (Bill) Chancellor, Sr., Midland oil and businessman, told of his recent tour of Europe. The guest speaker also showed some of the 3,000 color pictures he took while on the three-month trip.

He was introduced by Al Vineyard, Dr. J. O. Shannon, Rotary president, president, and Grace Wallace, a vice president of Altrusa International, gave the invocation. Altrusa Club members attending the meeting were presented by Mrs. Maurine Mims, club president.

Chancellor told his listeners that he and Mrs. Chancellor did not take their European tour haphazardly, but planned it carefully to see and do the things they wanted to. They sailed from New York on the maiden voyage of the USS Constitution. The Midlanders visited in Italy, Switzerland, Germany, Austria, France, Belgium, Denmark, Holland, England, Ireland and Scotland.

He spoke briefly of the conditions and circumstances he found while touring Europe in a rented automobile.

Jack Hope, brother and business manager of Bob Hope, was introduced by J. M. McDonald. Hope spoke briefly concerning the Bob Hope Show to be presented here October 21 under the auspices of the Midland Shrine Club.

Posse Shoots Down Negro Gunman

HOUSTON — (AP) — A youthful negro gunman was shot to death by a posse Thursday, less than four hours after he and a companion critically wounded Deputy Sheriff Jeff Spencer in a gun duel.

The dead man was identified by papers in his pocket as Elbert D. White, 23. Spencer was wounded when he surprised two men looting a closed filling station. No trace was found of the second man.

A 38 caliber revolver which had been fired six times was found on the body of the dead man.

Spencer told fellow officers he believed he had wounded one or both the men.

Theft Wave—

(Continued From Page One) ed to buyers in several New Jersey cities.

Earlier arrests included 13 civilians. The new arrests included the Mare Island chief of police, the assistant chief of police and an inspector of the Civilian Police Department at Mare Island. The FBI said it had recovered \$4,000 worth of stolen property there.

Three persons were arrested Wednesday at Dayton, Ohio, on charges of taking property from the Wright-Patterson Air Force Base.

Raw Rubber Recovered
FBI agents picked up one man in New York City for the theft of \$10,000 worth of raw rubber held by the government as emergency stockpiling. The rubber, Hoover said, was recovered by the FBI from a hiding place in a Brooklyn garage.

Nine arrests were made on the West Coast Thursday to bring to 22 the number taken into custody to date in connection with thefts of lumber, tools, building materials, food stuffs, guns and a deep freeze unit, from the Mare Island Naval Shipyard at Vallejo, Calif.

One of the largest of recent thefts involved about \$500,000 of electronic and radio aircraft equipment, nylon, pure silver and cadmium from the Warner Robins Air Force Base at Macon, Ga. Hoover said some of these supplies had been shipped to receivers in France, Belgium and Spain, making recovery impossible.

Other arrests during the last two months have involved thefts from Fort Bliss, Texas, Shumaker and Pine Bluff, Ark.

Burglars Break Into Three Business Firms

Three business houses were broken into here Wednesday night but only from one of them was anything reported missing.

Police said two burglars, who broke into the Hancock Second Hand Store, 315 East Wall Street, exchanged their work clothing for suits.

Thieves also broke into the office of the Midwest Lumber Company, 1302 West North Street, and the Midland Real Estate office at 1404 North Big Spring but no losses were reported.

Murder Defendant Jailed In Vice Raid

SAN ANTONIO — (AP) — Fifty-two men and women were arrested here early Thursday in raids on two downtown night spots.

The vice squad and State Liquor Control Board agents conducted the raids.

Among those arrested was Raymond Donnell, 34, Lubbock, on trial for murder in the slaying of Dr. Clyde C. Craig, Lubbock dentist. He was booked at the city jail for consuming liquor after hours and was released on \$25 bond.

If you are deficient in Vitamins B₁, B₂, or Nicotin

NEW WONDER CAPSULE MAY GET AT THE REAL CAUSE OF YOUR TIRED, NERVOUS FEELING

There is no need to suffer from those symptoms, along with constipation, insomnia and loss of appetite, if they are due to dietary deficiencies which occur only when the daily intake of B-vitamins and Nicotin is less than the daily requirement over a prolonged period. These non-specific symptoms in themselves do not prove a dietary deficiency and may have other causes as due to functional conditions.

However, if that is the reason for your misery and sufferings, a new wonder-working capsule—**BEXEL SPECIAL FORMULA**—may end your complaints in an amazingly short time.

Essential Vitamins and Minerals
Sensational BEXEL SPECIAL FORMULA comes to you in easy-to-take, safety-sealed capsules that contain the essential B-vitamins, iron and other minerals known to be essential in human nutrition and other factors as well . . . including important Vitamin B₁₂.

You Feel Better After One Bottle—You take just one BEXEL SPECIAL FORMULA capsule a day . . . at a cost of only 6¢ . . . and from the very first one . . . you're on your way to new energy, new sparkle, new zest for living. . . OR YOUR MONEY BACK!

only 6¢ a day!

SECTION TWO

Wardens Fish With Radar To Snare Illegal Fisherman

SAN FRANCISCO, CALIF.—(AP)—One dark, quiet night off the coast of Santa Barbara a fisherman feared his small motor boat in close to the breakers. He settled down to a highly-profitable evening of illegal netting.

He heard a patrol boat from the Fish and Game Division prowling the waters nearby, but it didn't worry him. He knew from experience that at night a low boat near the breakers can't be seen by another boat cruising offshore.

But he didn't know that this boat was the 63-foot Marlin, newly-equipped with radar. Instead of passing by as usual the patrol craft thundered straight to the violator and pinned him in the beam of a powerful searchlight.

Assistant Chief of Patrols Tom W. Schilling figures this violator had been getting away with this breaker-bugging trick for 30 years. And, since they didn't actually see him until the spotlight hit him, he'd be still getting away with it without radar.

Radar has been working to drive illegal fishing from California's coastal waters for three years. And the electronic device had done the job so well that conservation law violators have been virtually swept for the state's 1000 miles of closed waters.

Only one boat, with nine crewmen aboard has been arrested this year. To officials, this indicates that illegal activity has practically ceased. Last year, 18 boats and 166 crewmen were arrested, with 736,500 pounds of fish confiscated. But the Division wasn't interested in arrests as such, as much as it was in driving the waters clear of violators.

"With out radar," says Schilling, "we could have made ten arrests a night last season, though we were more interested in warning violators before they actually started fishing."

Kenneth Hooker, skipper of the radar-equipped Bonito, thinks the preventive aspects of the radar fleet vitally important. "They know we can always see them now miles away, any time of the day or night," Hooker says. "They're very leery about coming inside the closed areas."

Laundry Receives Bag Full Of Snakes

BLOOMINGTON, IND.—(AP)—Women workers in a laundry screamed suddenly when they opened some laundry bags from the Brown County State Park. One bag contained five snakes.

"The snakes were part of a batch returned to the park in cheesecloth bags from an exhibit at the state fair. They were harmless garter snakes, and were sent by mistake," the park said.

But the laundry manager grumbled: "It's hard enough to keep help nowadays without asking them to bathe snakes."

Proposal Followed By Good Beating

LOS ANGELES—(AP)—Mrs. Lavin I. Petee, 33, has sued the man who proposed to her for \$27,500, alleging "battery and" damage to her restaurant business.

Her story: A retired Canadian Army Major, Harry Bateson, asked her to marry. She accepted but insisted that he refrain from kissing her until she obtained a divorce from her estranged husband. He refused. He insisted on kissing her, and when she protested, he slapped her six times, kicked her and chased her out of his horticultural school for OI students, where their meeting had taken place.

HINT TO MOTORISTS
Car owners wishing to obtain the best mileage from their tires should not permit their pressure to deviate more than three pounds from that recommended by the manufacturer.

Flame Thrower Is Hot Rod Gimmick

MACON, GA.—(AP)—The latest hot rod gimmick—a flame throwing exhaust pipe—has found police here without a city ordinance to turn to.

Traffic officers complained to Police Chief Ben T. Watkins that characters who get a thrill out of starting their cars with a spectacle, have put spark plugs in exhausts. This ignites gas in the vents and sends out a tail of fire eight feet long on occasions.

"If you're on a motorcycle and get close enough to it, you'll come out with no eyebrows," Traffic Lieutenant Marshall Flores warned.

"It doesn't make any noise and as yet we haven't been able to do anything about it."

FLYING SPIDERS

Young spiders sometimes glide through the air for miles, after climbing to high spots and spinning threads to support them, even though they have no wings.

Alexander the Great inherited his army from his father Philip.

IKE'S HOME AWAY FROM HOME—Mrs. Dwight D. Eisenhower stands near the pool that reflects the simple lines of the general's new villa in the Marnes-la-Coquette suburb of Paris. Recently redecorated for the Eisenhowers, the house and its surroundings have been planned to help the commander of West European military forces relax.

Courage Does It For Winsome Coed, Set On Bullfight Career

EL PASO—(AP)—Patricia McCormick is tall, slender, blonde, 21 years old—and determined to be a bullfighter. It's her courage that the aficionados (fans) have cheered wildly in her two appearances at the Juarez, Mexico, bullfight ring across the Rio Grande from El Paso.

One Sunday afternoon last Summer she tied her long blonde hair back with a ribbon, pulled on her tight-fitting slacks, buttoned her white blouse at the collar and went into the Juarez ring. She faced a two-year-old bull. She started a graceful pass with her rose and yellow cape—and swirled the cape behind her. The bull followed her instead of the cape. He hit her legs. She tripped and fell. She lay still in the arena, and a tense silence fell on the 1,500 persons who watched. Just in time a banderillero leaped in with his cape and drew the animal away.

The girl picked up herself and her cape and started again. It was the courage of the girl from Big Spring that the crowd cheered. First Appearance

"I wasn't scared," she said later. "I was just angry because that happened to me so soon. That was my first appearance in a bull fight. But it won't be my last. I'm more determined than ever to make bullfighting a career."

That was in August. Patricia was allowed to make only a few graceful passes with the cape in the ring then. A retired matador in Juarez, Alejandro Del Hierro, taught her the passes.

On September 9 she appeared again at the Juarez Plaza d' Toros, one of the best little bull rings in all of Mexico.

This time she killed her bull—but only after it had trampled her twice and tossed her on its horns. The crowd went wild. They showered her with bouquets on her triumphant tour of the arena following the kill, and tolerant judges awarded her an ear of the bull. It's usually given for excellent performance and bravery. Mexicans Delighted

The crowd included both Mexican and American aficionados. The Mexicans were delighted. The Americans were terrified. One woman cried out: "Get that girl out of there."

The Mexican newspaper critics said she was as "green as lettuce" but added that she would cause a sensation wherever she fought. The tremendous appeal she has is courage. An aficionado will cheer the brave, even if inept.

The bullfight critic for the El Paso Times, Mary Thurber, wrote of Patricia: "When she is working coolly and not in trouble, she gets the feeling of art that all great toreros have. Some call it emotion. At any rate, she's got it."

She's a pretty, young girl with honey-blonde hair and blue eyes. She can't wear those fancy bullfighter's suits yet. Only a novillero and a matador can wear the traje de luces—suit of lights.

She has the figure for a bullfighter—five feet, six inches tall, slim, no hips to speak of. The figure is important in bullfighting because the taller and more graceful the matador is, the better he looks when he makes his passes.

Let To Learn Critics say Patricia has a lot to learn before she becomes a matadora—a full-fledged lady bullfighter.

In the meantime, she's practicing her cape work in her dormitory room at Texas Western College at El Paso, where she's an art major. She practices, too, in the Juarez ring. On October 16 she plans to leave school and attend tientos on Mexican ranches. That's when the bulls are tested for bravery to see if they will be kept for breeding or sold for slaughter.

Patricia's passion for bullfighting goes back to the day at the age of seven when she saw her first bullfight while on vacation in Mexico City with her parents, Mr. and Mrs. E. B. McCormick.

She returned to their home in Arkansas City, Kan., then and played bullfighting on the lawn, making believe that dogs were bulls. Patricia was born in St. Louis while her parents were living in Woodriver, Ill. They moved to Arkansas City in 1933, to Edwardsville, Ill. in 1937, to St. Louis in 1942 and to Big Spring in 1943. Her father is a civil engineer.

Last year when she enrolled in Texas Western, bullfighting was next door at Juarez.

She has haunted the Juarez bull ring ever since.

First Patricia must become a novillero and fight a specified number of fights. She will have to become a member of the bullfighters' union and win the approval of the hard-to-please fans in the Plaza Mexico in Mexico City. It won't be easy.

Her parents have never seen her fight, but she said she had their permission.

The 3,000,000 frozen food storage units now in American homes have created a growing service activity in the custom processing of locally produced meats and poultry for frozen storage at home.

\$500. WINNERS

Mrs. Tucker's
Mrs. WILLIAM WANDA WHITE
Tulsa, Oklahoma
Meadolake
Mrs. LUCILLE JAECKES
San Antonio, Texas

HOW TO MAKE \$1000.
[U. S. E' BONDS]

1. Finish this sentence in 50 words or less: "Mrs. Tucker's wanted in kitchens because..."

Well, this is EASY because there are SO MANY reasons why good cooks want Mrs. Tucker's SPEED-MIX Shortening.

You could say: (A) "Mrs. Tucker's is the CREAMIEST Quick-Mix Shortening in the world, and it mixes so smoothly with other ingredients." (B) "It is ALL-Vegetable and ALL-Digestible." (C) "It makes cakes lighter, richer, more moist and tender." (D) "It's the shortening that gives GUARANTEED Cake INSURANCE." (E) "It will not pop or spatter when used for frying, and it does not absorb odors or flavors of foods fried in it..." And on and on...

The only hard part of this Contest is holding what you say to 50 words! Send your statement along with a Mrs. Tucker's Shortening carton top with the "Tested and Guaranteed" seal on it, or a key strip of tin from a Mrs. Tucker's can, to Mrs. Tucker, Sherman, Texas, before midnight Saturday, and you may win a \$500 U.S. Bond for this week's best statement about Mrs. Tucker's!

Another
\$500.

2. Finish this sentence in 50 words or less: "Meadolake is wanted on tables because..."

This is EASY, too, because there are SO MANY good things you can say about Meadolake Margarine that you can hardly stop at 50 words.

You could say: (A) "Mrs. Tucker makes it BETTER!" (B) "Meadolake is always sweet and fresh—just as if I churned it myself." (C) "This is the spread with the famous flavor that everybody loves." (D) "Every pound of Meadolake has at least 15,000 units of Vitamin A, and it's always uniformly nutritious." (E) "It's the better spread for our daily bread..."

Send your statement along with a Meadolake carton End Flap, with Mrs. Tucker's picture on it, to Mrs. Tucker, Sherman, Texas, before midnight Saturday, and you may win a \$500 U.S. Bond for this week's best statement about Meadolake!

Send AS MANY Entries As You Wish just so each entry is accompanied by the proof of use of the product written about.

Bewitch Halloween Guests

PLAN A "BEWITCHMENT PARTY" for Halloween with a soft-drink cauldron and hobgoblin apples.

By GAYNOR MADDOX

NEA Food and Markets Editor
On Halloween, witches, spooks and small fry must have their fun. So give a "Bewitchment Party."

Let the menu include Hobgoblin Apples, Hot Dog Ghosts, Spook Sandwiches, Doughnuts, and a Soft Drink Magic Cauldron that never dries up.

Here's how to prepare the feast without the help of incantations:

Hobgoblin Apples

Allow one large apple for each guest. Cut off top, remove core, and hollow out apple, leaving shell about 1/2 inch thick. Chop portion of apple removed, combine with raisins or small seedless grapes, walnut meats and mayonnaise. With small sharp knife, draw triangular eyes, nose, and a halfmoon mouth on side of apple cutting deeply enough so that peel can be removed. Replace peel with cream cheese. Stuff apple with chopped fruit and nut mixture, and replace top as hat.

Magic Cauldron

Use a large preserving kettle or a pall for the cauldron. If desired, cover with orange or dark green crepe paper. Make three "logs" of rolled newspaper and cover with brown crepe paper. Arrange logs in a triangle. Place a low dish upside down in center, on which cauldron can actually rest.

Fill cauldron with bottles of soft drinks, and surround with ice cubes or cracked ice. If bottles are well-chilled in advance, ice can be omitted and cauldron can be stuffed with just enough tissue paper to hold bottles in place. Against side of Magic Cauldron, stand a small "witches broom" (you can make one by attaching a rolled paper handle to a clean whisk broom). Have extra bottles of soft drinks in refrigerator so that cauldron can be kept full.

Spook Sandwiches

Cut rounds from slices of bread with cookie cutter. Cut eyes, nose and mouth in half the rounds using small sharp pointed scissors. Spread remaining rounds of bread with softened butter and jelly, and top with "face."

A ROUND ROBIN

SOUTH BEND, IND. (UPI)—A robin built her nest on top of the center shaft in an airplane ride at an amusement park—the same robin, said Earl J. Redden, owner, that nested there four years ago.

To make a zesty cheese sauce add a half-pound of soft yellow cheese shaved thin (about two cups) to a medium white sauce made with two cups of milk. Serve over a combination of cooked diced vegetables and top with crisp bacon for lunch or supper.

Youth Center Chatter

By GAIL BAKER

It's that time again! Yes, we are all "bogged down" with six weeks' examinations for the first time in the 1961-62 school term. We receive our report cards next week. Good luck, everybody!

Well, as everyone ought to know by now, we were defeated for the first time this year by the Brownwood Lions last Friday night at Memorial Stadium. The score was 19-13.

This game was a non-conference game, our first conference game being with Lamesa October 26. The game is to be played in Midland. This Saturday night the Bulldogs journey to Fort Worth to play the Poly team. We "shore" hope to win!

Many Midland teens will follow the team to Fort Worth. The Bulldogs always have the support of the student body, and that certainly counts a lot.

Jane Beakley is planning to drive Georgia Stump, Peggy Reed, Jackie Ewald and Betty Pitzer to the game in her car.

Bicycle Riders? Speck Cuipepper has a "load" in his car, too. Phil Slough and James Dozier are going "if they have to ride a bicycle" . . . and they may HAVE to!

Jackie Brady, along with her parents, is going, also. They plan to attend the State Fair and the Texas-Oklahoma football game in Dallas Saturday afternoon.

The drill squad and the band are going in school buses, and the high school is chartering a bus (fare: \$8.90). So you can see—our team will have plenty of support.

The other day we saw Joel "Hink" Sims wandering through the halls. We didn't get to talk to "Hink," but we know he is in the Navy, so he must have been home on leave. Good to see ya, "Hink!"

Another Midlander home from the Navy last week was Roy Douglas. Charles Crowley and L. O. Thomas have departed for Air Force assignments. There surely are a lot of YC members in different branches of the service.

The taking of class pictures for the Catalco got underway Wednesday, and will continue through Friday.

Annuals will be on sale until November 1; the price being \$3.50 each. So be sure and get your annual . . . PLUS your vote for Catalco queen!

While passing Tommy Vannaman's house Saturday, we noticed he really was "putting in a day's work" mowing the lawn and washing his car! Have fun, Tom?

Another teen who really works at home is Rosamond Turner, whose hobby is raising fish to sell. She has a very nice collection, too!

Last weekend the Texas Western team played Abilene Christian Col-

lege at Memorial Stadium. Many MHS'ers attended the game. Some of the ones here (from Texas Western) were Jerry Culp, Dwane Bush, Jack Burris, and Bill Medart. Good to have you all home again!

Last week, during the pep rally held for the Brownwood game, we had a visitor well-known to most Midland High students—Artie Leftwich, ex-cheerleader of '49. He was called upon to help lead some yells, and did a fine job. Everyone certainly was glad to see him.

Also after the pep rally we noticed Tommy Stringer and Fred Harvey were "home on leave" from the Army.

If you have requests to make for the "Teen Time" program, there is a paper on the bulletin board in the YC on which you may write your dedications. Jackie Brady and Martha Stone are the "disc jockeys" for the program.

Here we go—signing off for another week—see ya next Thursday!

Stanton News

STANTON — Students home for the weekend from college included Guy M. Elland, from Baylor, Lola Belle Morris, from Draughton's at Lubbock, and Becky Bentley, from Texas Tech.

Mrs. J. P. Cook returned to Stanton Monday after an extended visit with her mother, Mrs. Annie Andrews, in Spencer, N.C.

Visitors last weekend in the home of Mr. and Mrs. H. M. McReynolds, Sr., were the Rev. and Mrs. William McReynolds of Dallas, Mr. and Mrs. Dale McReynolds and Mr. and Mrs. H. M. McReynolds, Jr., all of Midland.

Mr. and Mrs. Henry Rayford have returned from Texas City, where they visited their son-in-law and daughter, Major and Mrs. Pat Howard.

Mr. and Mrs. Tom Alexander of Levelland visited last Thursday in the home of Mr. and Mrs. Dwayne Ory. Mrs. Alexander and Mrs. Ory are sisters.

Mr. and Mrs. Tom Mapes and Mrs. Arthur Merchant, all of Haskell, visited recently in the home of Mrs. Tom Jones.

Mr. and Mrs. J. A. Wilson, of Stanton and Mr. and Mrs. Cullen Wilson of Andrews visited recently in Carlsbad, N.M., and El Paso.

Visitors recently in the home of Mrs. Viola McClane were Mr. and Mrs. Billy J. McClane, Mrs. Truman McClane and two children, all of Amarillo, and Mr. and Mrs. Ervin McClane of Odessa.

M. Sgt. and Mrs. Cledie Shelburne, from Tinker Air Force Base in Oklahoma City, and Mr. and Mrs. Virgil Bolch and son, Charles Ray, of O'Donnell, visited in the home of their parents, Mr. and Mrs. G. B. Shelburne, Sunday.

PORK SHOULDER ROAST—One of the blue ribbon buys on your meat counter right now is a fresh pork shoulder roast, often called a Boston butt. Besides being a thrifty cut, it's juicy and full of flavor. To cook, just place it, fat side up, on a rack in a shallow pan and roast in a 325 degree F. oven, 45 to 50 minutes per pound. Do not add water or cover the pan. For best results, use a meat thermometer and roast until it registers 185 degree F. To make good pork roast gravy, spoon off all but about four tablespoons of fat, then stir in four tablespoons flour. Gradually add two cups lukewarm water, while stirring constantly. Cook until smooth and thickened; season with salt, pepper and a little sage.

Next time you serve fried or broiled fish fillets make a beet relish to go with them. Just season diced cooked beets with salt, sugar, lemon juice and a little horse-radish and serve on shredded lettuce or Romaine leaves. Use canned beets, if you like, to save time and energy on hot days.

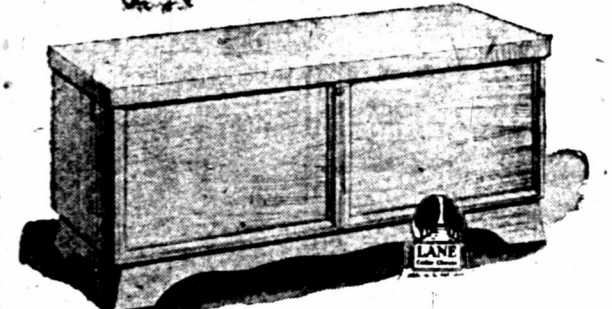

When you slice smoked tongue start at the small end and hold the knife diagonally so as to get good-sized pieces. When you get toward the middle of the tongue you can start slicing crosswise. Along with a vegetable salad and crusty rolls, the cold smoked tongue slices will make a delicious hot weather meal.

Schilling brings you a blend of exclusively Central American Coffee

Thermo-Regulated Roast Schilling Coffee

THAT EXTRA FLAVOR in every cup of Schilling comes from blending only mountain coffees from Central America... where altitude, climate and soil combine to produce the world's finest coffees. You can't buy a better coffee than Schilling, at any price!

U. S. Pressure Nips Anti-Franco Revolt; 'Postponed,' Asserts Underground Leader

WASHINGTON — (NEA) — The regime of Generalissimo Francisco Franco has been relieved by "strong U. S. pressure" from the threat of an armed revolt and Spain will be nominated again in November for membership in the North Atlantic Treaty Organization.

Trifon Gomez, one of the top leaders of the Spanish underground, informed me: "Because of strong U. S. pressure, the armed anti-Franco revolt has been postponed." He added: "But it has by no means been abandoned."

Gen. Dwight D. Eisenhower, supreme commander of the integrated European forces, plans to attend the next NATO council meeting at Rome. It is possible that he may personally urge that Spain be admitted.

His views on the inclusion of Spain in Mediterranean defense plans, along with Greece and Turkey, have already been made clear to American visitors. Although he has no love for Franco's brand of dictatorship, he said the West needs the Spanish link in its defense.

Pressure Charted
Anti-Franco opposition leaders recently charged that emissaries from the American Congress and Pentagon had exerted pressure upon dissident generals to drop their opposition to Franco. The statement by Gomez indicates the success of their efforts.

Franco meanwhile, in anticipation of favorable reaction by the NATO council, is taking strong measures to decapitate his opposition.

During August and September

a number of Basque leaders of the Union General de Trabajadores (Spain's underground trade union federation) have been arrested by secret police. They were charged with responsibility in the recent strikes in Vizcaya province.

Among those jailed were Francisco Hernandez Albay, Daniel Moreno Gil, Nicholas Parades Alvarez and Fernando Sanchez Gama of Bilbao and Nicholas Martinez Esturo of Baracaldo.

At the same time, Franco dismissed Fermin Sans Orrio as chief of the government-controlled national labor organization. Although an "old guard" Falangist himself, Orrio is known to have favored labor reforms in Spain and some of his close collaborators even secretly supported the strikers.

His successor, Jose Solis Rius, 37, is a die-hard and much-decorated Falangist, distinguished for his ruthless exploits during the Spanish civil war.

With Elections Near
With the approach of the British elections it is unlikely that either the Tories or Labor would favor the admission of Spain into the NATO at this time.

The shaky French government is even less in a position to do so. However, Britain's vote will take place before the November Council meeting.

It was obviously in reference to these European political angles that Eisenhower recently berated politicians who place national interests and national rivalry ahead of the urgent task of resisting global Soviet aggression.

The MATURE PARENT

Hugging And Kissing Are Expressions Of Delight

By MURIEL LAWRENCE

"Should I kiss my 11-year-old daughter every night when she goes to bed?" a mother wants to know. "I am not a demonstrative person, and although I love my little girl, I find it hard to hug and kiss her as much as she wants me to. Is there something unhealthy in me that I feel this reserve?"

Being ashamed of it can make it unhealthy.

Oh, what we do to ourselves by our fears that we do not conform to the maternal pattern books.

If this mother's hand had been injured so that she couldn't use it freely, she wouldn't be defensive and guilty about it. She would explain to her child that she moved her hand clumsily because its tendons were stiff.

This mother should accept her inability to freely kiss and hug her child just as naturally as she would accept a physical handicap. When she's done that, she can go to her little daughter and ask for her help as simply as she would ask help in handling a dish with her stiff hand.

She might say, "Darling, my hugging and kissing muscles are stiff. If you would help me, I could get over this stiffness. If I act awkwardly when I give you a hug or a kiss, you must say 'Fine, mother! You're doing beautifully.' Keep praising me and I'll get enough confidence so that I will lose this uncomfortable shyness."

We make relationships with other human beings by communicating ourselves to them.

Hugging and kissing children are only gestures. If we don't make these gestures easily and spontaneously, we shouldn't become disturbed and worried about it. Hugging and kissing are expressions of delight in a child. Discovering delight in him is what should concern us.

Eager To Help
How are we to discover delight in a child?

Delight in anyone has its roots in gratitude toward him.

How can my correspondent develop gratitude toward her daughter?

By permitting her daughter to help her. By asking her to direct and encourage those exercises in limbering up the hugging and kissing muscles. By learning to laugh

with her child at her clumsy hugs and kisses. Instead of allowing them to make the two people involved tense and constrained.

One day, in the midst of those exercises, my correspondent is going to experience such a sense of relief and gratitude to her youngster that delight will burst from her in extra-curricular hugging and kissing. With this old barrier down—well, the demonstrations of delight will increase in direct proportion to this parent's increasing appreciation of her little girl and what she has given her mother.

It is quite impossible to take delight in a youngster whom we think we are cheating. The moment we stop being afraid that there is something wrong about our shyness, we should be able to discuss it with him so that our shyness strikes him as a very moving and appealing thing. Which, of course, is precisely what it is.

If we had any idea of how eagerly children are waiting to help us with problems like this, we'd have less problems like it. The trouble is, we are so obsessed with our obligation to give them love that they don't have half a chance to give us any.

It's pretty greedy of us, when you come to think of it. It's why children feel unimportant so much of the time.

We will never have time to discover delight in our children if we are going to be perpetually harassed with anxiety that we are falling short of the standards of perfected love set for us by child training idealists.

Moslems Flee India For Pakistan Refuge

KHOKRAPAR, PAKISTAN — (AP)—Indian Moslems are fleeing across the border to Pakistan without let-up, Pakistan refugee minister Ishaq Hussain Qureshi told a press party visiting this frontier town.

From the start of communal riots in the Indo-Pakistan sub-continent in January 1950, Qureshi said, a grand total of 328,500 Indian Moslems have sought refuge in west Pakistan. He claimed the influx continues at a daily rate of more than 500.

Party Peach Pie
1/2 cup melted butter
1 1/2 cups graham cracker crumbs
1/2 cup sugar
3/4 teaspoon vanilla
1/2 cup peach syrup
1 cup Pet Milk
1 tablespoon butter
2 slightly beaten eggs
1 teaspoon vanilla
No. 2 1/2 can cling peach slices
well-drained

Mix batter and crumbs. Save 1/4 cup mixture. Press rest firmly in bottom and on sides of 9-in. pie pan. Chill. Mix sugar, cornstarch, and salt. Stir in syrup and milk. Add butter. Stir over boiling water until thick and smooth. Then cook 10 min., stirring often. Remove from heat; stir into eggs. Cook and stir over boiling water until mixture thickens. Cover and cool thoroughly. Add vanilla. Pour 1/2 of custard into crumb-lined pan. Arrange on custard 1/2 of peaches. Cover with rest of custard. Top with rest of peaches. Put rest of crumbs between peaches. Chill 3 hours.

Traffic Proving Ground

The famous Pennsylvania Turnpike, now 260 miles long, is one of the nation's most useful traffic laboratories. Its superbly engineering roadway is in many ways the most advanced in the United States.

The pike is well-marked. Carefully graded, although it cuts through the heart of the Alleghenies, it features long stretches of uninterrupted concrete with limited access from connecting highways.

Consequently, it is an authorized speedway. Once there was no ceiling at all, but now it is 70 miles an hour. Since so many traffic officials stress speed as the real villain in today's tremendous highway accident toll, the turnpike's experience on this score is worth looking at.

To begin with, the turnpike commission, in a recent check, learned that the speed maniac is not nearly so common as imagined. With radar measuring devices, it discovered that about one-third of the turnpike's traffic traveled at from 40 to 50 miles an hour. Six per cent went along below 40.

Somewhat less than half of all cars were driven at speeds from 50 to 60 miles an hour. And only one out of eight between 60 and the legal top of 70. Not even one per cent violated the limit.

Now the turnpike is far from having a perfect accident record. Indeed the recent tests were aimed at getting data on that very problem—how to curb accidents on what was designed as a model roadway.

But the commission reported after close study "the relatively high speeds permitted are not the cause of the majority of the mishaps, or fatal or non-fatal accidents on this super-highway."

Supporting the newest evidence was the wartime record. In 1944, with tires and gasoline rationed and low speed limits in force, the turnpike had its worst accident rate of all time in comparison to the volume of traffic.

Commission research disclosed that 5.5 of every 10,000 commercial vehicles on the pike were involved in accidents, while only 2.6 of every 10,000 passenger cars had mishaps. Therefore, light trucks now have been ordered to operate under a 50-mile limit, and further measures are under consideration.

This is not to say that trucks are the cause of the shocking traffic toll. But it is to suggest that truck drivers are apparently somewhat less reliable than passenger-car drivers on the open road. Unquestionably, that factor is but one of many affecting the complex accident problem.

The value of the Pennsylvania tests is in demonstrating that many traffic authorities vastly overplay the significance of speed in the accident picture. The turnpike evidence indicates that fast driving is not the major cause of the trouble. Let's hope all highway officials pay heed to this record—compiled on the best proving ground available.

Most trouble is just a stretch of the imagination that snaps back on you.

Due to prices, we're beginning to think that the cow that jumped over the moon is still up there!

The Washington Merry-Go-Round

By Drew Pearson

(Copyright, 1951, By The Bell Syndicate, Inc.)
Drew Pearson says: New atomic weapons could stop Russia from crossing Rhine; Russian bomb probably was low-grade explosion; Russians have brains but lack technical know-how and uranium.

WASHINGTON—Around 1946 as our hoped-for friendly relations with Russia were turning more and more sour, Gen. Omar Bradley, meeting with a small group of congressmen, predicted:

"If the Red army chose to invade Europe right now, they could reach the English Channel in 12 days. Nothing could stop them."

Today, this is not the case. The Red army could be stopped at the Rhine.

This change is not because the Red army is any smaller. It still has millions of men, still is completely reckless in its disregard for casualties. Nor is the change because Eisenhower's army is more adequate although Eisenhower has done a good job, his army still is pitifully small compared with the Russian.

The change, therefore, is chiefly the result of one thing—new atomic weapons. Hitherto, the atom bomb could be used only against cities where the destruction of civilians was such that public opinion rebelled against it. Now, however, atomic artillery shells and other weapons make it possible to confine the deadly destruction of atomic energy to enemy troops in the field.

This means the civilian death toll can be divorced from the atom bomb, and that atom weapons will be used.

Rhine Is Barrier
It also means that the Red army can be stopped at the Rhine or at any large river. Because, to cross

the Rhine, an invading army must concentrate at the bridgeheads. And large troop concentrations form perfect targets for atomic weapons. Thus divisions of the Red army, forming to cross a bridge over the Rhine, could be decimated by these new weapons which make the Maginot Line look like Cemetery Hill at Gettysburg.

The above fact, under present-day diplomacy is something we want the Kremlin to know. For Hitler would not have marched into Poland had he not felt certain of victory; and Stalin will not march into Western Europe if he knows what awaits him.

Note—The above also is why frightened Senator Brien McMahon's resolution to put more of our defense eggs in the atomic basket makes sense. We can save a lot of money, a lot of foot soldiers, a lot of lives, if we concentrate on more atomic research.

Atomic News Notes
Hydrogen bomb?—U. S. scientists are skeptical of the British newsletter report that Bruno Pontecorvo, the escaped British scientist, taught the Russians how to make a hydrogen bomb. They are almost certain Moscow has not had time to make an H-bomb. The new explosion could have been an im- proved baby-sued bomb—in which case, the Russians are getting nearer to the type used in artillery shells, etc. Pontecorvo, who eluded the British by going to Italy, then to Finland, then into Russia, now will be given Russian citizenship. He is credited with putting the latest bomb together.

Russian experiments—It's no secret that the United States and other friendly nations have seismographs and geiger counters stacked around Soviet borders to pick up earth tremors and uranium dust. Airplane patrols also take samples of dust out of the air to analyze them for uranium. From these detection devices it seems clear that the Russians tried to set off an A-bomb several weeks ago which fizzled—perhaps because the trigger mechanism failed. This is the most delicate part of the A-bomb. This failure was why the Atomic Commission reported to Truman quite recently that no Russian bomb had been set off. The second attempt took place about 10 days ago and produced a low-grade explosion, apparently not nearly as powerful as our weaker A-bombs.

Soviet potentialities—Best information on the future of the Rus-

We must band together to save this heritage (the barroom ballad) for our children—our male children. I shudder when I think of the goody-goody songs which are all that will be left for the next generation if the present trend continues.

Toilhard Evans, British music composer.

The British nation has now an opportunity... to place in power a government which will try its best to solve our many problems at home and abroad without being biased by privilege or vested interest and without being misled by class warfare or doctrinal fallacies.

—Winston Churchill.

RED RIVAL—J. R. Campbell, above, editor of the London Communist Daily Worker, is one of the candidates who will oppose Winston Churchill for election to Parliament on Oct. 25.

Also seeking Churchill's seat from the Woodford, Essex, constituency are candidates of the Labor and Liberal parties.

son A-bomb is that they have just as much scientific brains as we, but lag behind in technical know-how and large-scale production. Soviet scientists thoroughly understand the theory of atomic energy but in addition to poor production techniques the Russians are short of uranium and plutonium. This is where the U. S. A. has gained its tremendous atomic superiority. Only sources of Russian uranium are the worn-out mines in East Germany and in the Jackamov region of Czechoslovakia. It was from the latter mines, incidentally, that a group of Czech miners deserted across the border into Germany last week carrying messages from freedom balloons. Russian geologists frantically are scouring the Soviet Union and satellite nations for new deposits, and this picture could change.

International atomic controls—Secretary Acheson is willing to make one more gesture toward world control of atomic energy—as a result of Stalin's recent feeler—although we have our fingers crossed. Acheson will work only through the United Nations. There can be no separate dickering with Russia. Furthermore, Acheson will not budge one inch from the Baruch plan for controlling the bomb and will insist on a foolproof system of international inspection to make sure the Russians keep their word. Meanwhile U. S. Ambassador Alan Kirk has warned from Moscow that Stalin's statement about international control of the atom merely was for the purpose of preventing the use of our new atomic weapons in Korea. Stalin figured that if the U. S. A. were engaged in an international conference on atomic energy, we could not disrupt such a conference by using atomic weapons while we still were talking. Such strategy would permit the Chinese to build up more strength in Korea—while we talked.

Business Booms In Singapore Region
SINGAPORE—(AP)—Business is really booming and soaring to new all-time records in Singapore and the Federation of Malaya.

E. M. F. Ferguson, chairman of the chamber of commerce, announced Malayan trade figures for the first half of 1951 amounted to \$1,976,500,000 (U.S.). The total for all 1950 was \$2,282,000,000.

Ferguson said the figures reflected the rapid inflation of demand and prices initiated by the war in Korea.

Few New Yorkers Recognize Skyline
NEW YORK—(AP)—So many new skyscrapers have been built in New York since the war that few New Yorkers know their own famous skyline.

To familiarize the man in the street with new buildings, the realty firm of Cushman & Wakefield, one of the nation's largest, has opened a contest by placing pictures of 36 new commercial buildings in its office window.

Twenty-three cash prizes totaling \$1,000 are offered for identification of the buildings together with the best essay of 100 words on "Why Manhattan is the ideal location for an office."

LARGEST RODENT
South America's capybara is the world's largest existing rodent. It attains a length of four feet, a height of two feet, and a weight of 150 pounds.

It is dangerous to use water on electrical and grease fires. It conducts electricity and scatters burning areas.

JACOBY ON BRIDGE

By OSWALD JACOBY

Written For NEA Service

People sometimes wonder what a bridge expert does when he's not experting. They do just about everything you can think of, and maybe a few things that you might not think of. For example, one expert is a playwright, another is a cotton plantation owner, a third owns a department store, another is a famous lyric writer, several hundred are doctors, lawyers, and dentists, and so on.

We even have a radio announcer. Bert Lebar is actually a radio chain executive, but he made quite

a name as a sports announcer. (The name he made was Bert Lee, if you want to know.)

Bert is one of the best bridge players I know, which covers quite a bit of territory here and abroad. New Yorker he will turn up for New York's own tournament, the Metropolitan Championship, at the end of the month to defend the team title that he won last year.

The hand shown today helped him win the team championship last year. Lebar won the first trick with dummy's queen of hearts and made a key play by leading the jack of spades rather than a low spade.

East won with the ace of spades, and declared then knew the bad news while he still had a finessing position over the rest of East's trumps. East returned the eight of clubs, South put up the king, and West won with the ace. West then returned a club to dummy's queen.

A low trump from dummy forced East to put up the nine, and Lebar won with the queen. He returned to dummy with the king of hearts to lead another trump through East, and then drew East's last trump.

There was still the problem of losing only one diamond trick. After some thought, Lebar led out his remaining trump. He next entered dummy with the ace of hearts. West could save only three cards, and Lebar had counted carefully and knew that only one of them was a club. He therefore led a club from dummy to make West win the trick. West had to return a diamond up to declare his ace-queen, thus enabling Lebar to fulfill a very difficult contract.

CARD SENSE

Q—With East-West vulnerable, the bidding has been:

West	North	East	South
1 Heart	Pass	Pass	Pass
You, South, hold: Spades K-J-8, Hearts Q-6-5-3, Diamonds 4-2, Clubs A-10-9-7. What do you do?			
Answer: Your own length in hearts makes it appear very unlikely that your partner also has length in hearts. If your partner's pass was not a "trap" based on heart strength, it must be a pass			

based on general weakness. There is no point in reopening the bidding when you feel almost positive that your partner has a weak hand.

TO AY KUBERN

The bidding is the same as in the question just answered. You, South, hold: Spades K-J-8, Hearts Q-6-5-3, Diamonds A-Q, Clubs A-10-9-7. What do you do?

Answer Tomorrow

WASHINGTON COLUMN

GOP Leaders Don't Agree On Anything Except Truman

By PETER EDSON
NEA Washington Correspondent

WASHINGTON—The Washington meeting of Republican leaders from 21 Eastern states was most revealing, although not for the usual reasons. It was revealing for what it did not develop, rather than for what it did.

No new platform was unveiled. No new party line was put forward which would guarantee the Grand Old

Party a victory in 1952. Neither was any one candidate in particular plugged as "the man who" could lead Republican forces to the White House.

On only one subject did the Republican spokesmen seem agreed. This was that the Truman administration was terrible and should be thrown out of office. But this idea is no longer news, coming from this particular source.

Otherwise, speakers at the public sessions of the meeting skirted all around the principal issues without ever coming to grips with them. New York's Congresswoman Katherine St. George put her finger on this point in her luncheon talk to the 300 national committeemen and other party leaders in Washington:

"Of course it is very pleasant to meet old friends, to indulge in plenty of back-slapping and to tell each other that all is right with the world and the party and that we are on the road to victory."

"Well," she continued, "this audience is adult and the facts are that we have lost five consecutive elections. We had better pause and reflect on why and how this happened."

Party Is Divided
"Our party is divided, it is split in two just as much as the Democratic Party is split in two and no amount of cheering is going to change this fact."

In my humble opinion, the Republican Party has lost the last three elections because it has shied away from the main issues and refused to face them, on account of cleavage in our own ranks.

"The Republican Party will never win an election and may become nothing more than a useless appendix to the body politic if it does not take a strong stand on the important issues facing this nation and the world."

Something like this might be expected from some Democratic critic of the Republican Party. But to have it come direct from a Republican member of Congress, representing a particularly blue-stocking district in the East, it was a shocker.

If this message had any effect on her listeners in the closed meetings of the Washington conference, it wasn't reflected in the later public sessions. At the dinner meeting, Senator Leverett Saltonstall of Massachusetts and Senator Everett M. Dirksen of Illinois, chairman of the Republican Senatorial Campaign Committee for 1952, seemed to emphasize the split that Mrs. St. George had mentioned earlier.

In what were perhaps the topic sentences of his talk, Senator Sal-

tonstall said: "I am not in a position to reopen the bidding when you feel almost positive that your partner has a weak hand."

TO AY KUBERN
The bidding is the same as in the question just answered. You, South, hold: Spades K-J-8, Hearts Q-6-5-3, Diamonds A-Q, Clubs A-10-9-7. What do you do?

Answer Tomorrow

loud enough to carry above the crackling flames, she replied, "And receive you, my offering."

With the words she raised the sacred buffalo-hide doll high above her head and flung it after the heart of the whiskey runner into the fire. The little doll burned brightly for a moment and was gone. There was a long gasp from the watching Sioux, then silence.

Star stood defiantly, her eyes sweeping the ranks of her tribespeople. A shadow fell between her and me. Crazy Horse stood before me.

Here was another of those unpredictable Indian instants. I had brought the heart of her violator to their holy woman and this was right. But the in turn had cast from her the symbol of her holiness, renouncing, in the passion of the act, her holy status. This might prove very much wrong.

Judging from the shocked mutterings among the medicine men, this latter seemed very likely. "I respect them," called out Crazy Horse, unexpectedly. "It is our way of doing things."

An angry, sullen growl sprang up among the medicine men.

THE war chief continued, facing them challengingly. "That's what I'm saying. It's our way of doing things. I say this is right. Let them walk in peace."

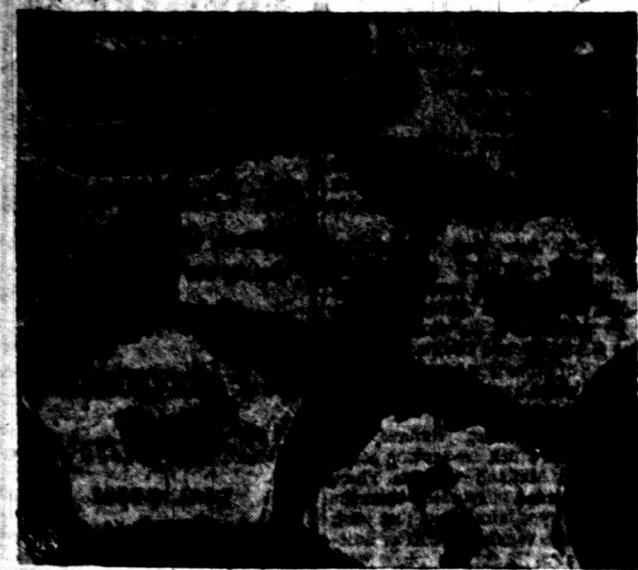

The scowls and bitter denunciations of the medicine men were lost in the thundering shout which went up from the warriors. "Hum-bun-bun! Let them walk in peace."

I leaped over the fire to Star's side and she rose to meet me, casting away from her shoulders as she did, the white elk robe of the Wiyan Wakan.

I swept her into my arms and together we made our way to my tipi through the milling, howling mass of warriors already beginning the celebration dance of our auguries.

(To Be Continued)

Enjoy Cheese Noodle Soup

INDIVIDUAL CASSEROLES of eggnoodles with cottage cheese and sour cream. Garnish with carrot curls and parsley.

By GAYNOR MADDOX
NEA Food and Markets Editor
Here are two protein rich noodle and macaroni dishes that will be a boon to your budget.

Cheese Noodle Soup
(Makes 4-6 servings)

Two teaspoons salt, 2 quarts boiling water, 8 ounces fine egg noodles, 2 tablespoons butter, 2 medium onions, sliced thin, 1 quart milk, 1/2 pound American cheese, grated (or 2 cups grated cheese), 1/2 teaspoon paprika, 1 1/2 teaspoons salt, freshly ground pepper, 2 tomatoes, cut in wedges, chopped parsley.

Add 1 tablespoon salt to rapidly boiling water. Gradually add macaroni so that water continues to boil. Cook uncovered, stirring occasionally, until tender. Drain in colander.

In a large bowl combine cooked macaroni with remaining ingredients; mix lightly, but thoroughly. Pour macaroni and cheese mixture into a greased 9-inch deep pie plate. Place tomato wedges in a ring, pressing them part way into macaroni mixture. Bake in slow oven (325 degrees F.) 25-30 minutes. Before serving, sprinkle chopped parsley around outside edge.

Macaroni and Cheese Pie
(Makes 4-6 servings)

One tablespoon salt, 3 quarts boiling water, 8 ounces elbow macaroni, 1/2 pound American cheese, grated, one 14 1/2-ounce can evaporated milk, 2 tablespoons chopped pimientos, 1 1/2 teaspoons salt, freshly ground pepper, 2 tomatoes, cut in wedges, chopped parsley.

Add 1 tablespoon salt to rapidly boiling water. Gradually add macaroni so that water continues to boil. Cook uncovered, stirring occasionally, until tender. Drain in colander. In a large bowl combine cooked macaroni with remaining ingredients; mix lightly, but thoroughly. Pour macaroni and cheese mixture into a greased 9-inch deep pie plate. Place tomato wedges in a ring, pressing them part way into macaroni mixture. Bake in slow oven (325 degrees F.) 25-30 minutes. Before serving, sprinkle chopped parsley around outside edge.

Golden Ham Casserole

Since ham is a good buy for family meals, casseroles using ham leftovers often appear on the family table. Here's a good ham casserole that's extra nutritious (including eggs and cheese in addition to the ham). It's easy to prepare, too.

Golden Ham Casserole

One and one-half to 2 cups diced leftover ham; 1 tablespoon vinegar or lemon juice; 1 cup milk; 2 eggs; salt; pepper; 1 cup grated cheese; 2 1/2 cups uncooked noodles; 1 tablespoon grated onion; choice of 1/2 cup sliced stuffed olives, sliced celery, fried mushrooms or cooked peas.

Stir vinegar or lemon juice into milk and let stand a few minutes. Combine ham, milk, slightly beaten eggs, 1/2 teaspoon salt, 1/8 teaspoon pepper, cheese and the noodles which have been cooked in boiling salted water until barely tender; then rinsed in warm water. Add olives, celery, mushrooms or cooked peas (or use more than one of these if desired). Pour mixture into a greased casserole. Top with buttered bread crumbs or crushed cereal flakes and bake in a 375 degree oven for 35 minutes. Serves 5-6.

Chinese Reds Ban Chemicals' Import

HONG KONG (AP)—The Chinese Communists have banned the import of the following chemicals which they now say are being produced in China.

Magnesium chloride, barium sulphate, tartar emetic, sulphur dioxide, silver nitrate and calcium sulphate.

The Reds also have turned to bamboo pulp to produce newsprint, once imported extensively from abroad. Shanghai's paper industry will receive 10,000 tons of bamboo pulp newsprint from Kiangsi province, the trade paper, "Chieh Fang" said. That was expected to meet current needs between September and February, 1952.

New Mexico has nine of the 176 units of the National Park System.

Canning Activity In U. S. Is High

NEW YORK (AP)—The U. S. Department of Agriculture estimates that about five million tons of corn, tomatoes, snap beans and lima beans will find their way into cans this year.

The department reported that two billion cans were used in processing these vegetables last year with a value of over \$480,000,000. Due to improved methods of preservation, there are now more than 45 varieties of highly nutritious vegetables available in cans the year around. Dr. R. H. Luck, research director of the American Can Company, pointed out.

For a quick cocktail spread, mix grated yellow cheese with a little chili sauce and finely grated onion; serve on small rounds of Melba toast or crackers.

Two Midlanders Vacation In Cuba

Two Midland men will return this week from Havana, Cuba, where they vacationed as an award for winning first places in company-sponsored contests.

They are Howard M. Meehling, service manager for Murray Young Motors, Ltd., and William H. Spence, parts manager for the firm. They won first places in parts and service contests among 38 Ford dealerships in the Southwest.

Your guests will love a corned beef and cabbage salad for a supper snack after watching a TV show. Just mix finely shredded green cabbage with French dressing and spoon on individual salad plates. Top with a slice or two of corned beef and a spoonful of mayonnaise that's been blended with prepared mustard. Serve with hot buttered rolls.

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, OCT. 11, 1951-9

To make a Waldorf salad, squeeze the juice of a lemon over about two cups diced apples, add a cup of finely cut celery and a half cup of broken walnut meats. Mix with enough mayonnaise to moisten and sprinkle with paprika before serving on salad greens.

It's not necessary to add salt or vinegar to the water when you are poaching eggs. Just slip the eggs into water that is simmering in a skillet, keep the water at that temperature, and cook three to five minutes—depending on how firm you want the eggs.

Ozarka Water Is Shipped Here In Glass-Lined Tanks

Invigorating spring water which flows from the base of a lofty limestone and granite mountain at Eureka Springs, Ark., is brought to Midland in glass-lined tanks by the Ozarka Water Company, 402 South Big Spring Street, for its customers.

This spring water from the world's greatest health region first is tested for its purity before it is shipped to Midland. Here it is tested again before being bottled.

Because of the therapeutic value of the waters which supply the Ozarka firm here, the United States government opened its first national park in Arkansas in 1932. Thousands of persons visit the famous resort each year and hundreds of thousands more are aided at home by drinking this fine water.

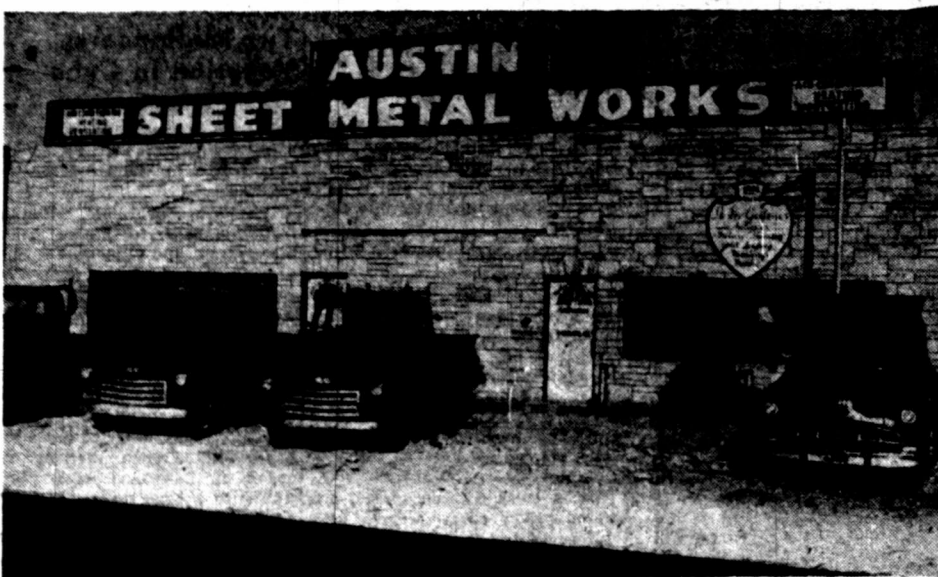

Excellent For All
Ozarka water has diuretic and slight anti-acid properties which make it especially valuable in all gastric disturbances due to acidity and hyperacidity. It is excellent for the sick and well alike, according to B. H. Spaw, manager of the Midland firm.

A Midland resident 22 years, Spaw has been associated with the Ozarka firm the last seven years.

The concern operates two trucks here, supplying retail outlets, and making home deliveries. The telephone number is 2-1372. Cooler rental service and drinking cups also are provided. Delivery service is free.

Spaw invites you to try Ozarka water and to take advantage of its benefits.

ALLOWS JAP FISHING
NEW DELHI —(AP)—A Japanese firm will carry out fishing operations in Indian waters off Bombay and Saurashtra for eight months as a trial period, Deputy Food Minister M. Tirumal Rao told Parliament. He said the firm is the Taiyo Fishing Company, Ltd.

GET READY FOR WINTER—A Frazer-Johnson furnace, supplied and installed by the Austin Sheet Metal Works, 3510 West Wall Street, will solve your heating problems this Winter and prompt installation will insure your comfort when the first cold spell arrives. All types of ventilating work are performed by the concern which specializes in Summer and Winter air conditioning. The telephone number is 4-7448. The firm's modern and attractive building is pictured.

'Sie' Donaho Welding Firm
Features Water Well Service

Complete oil field water well service is offered at the W. L. (Sie) Donaho Welding Company, located at 1306 South Marjinfeld Street.

Day or night, a Donaho truck will make a trip to the field to service water wells. If necessary the firm has a truck to pull the casing—repair it—then replace it.

A new truck has been pressed into service by the concern to help take care of the work load, which has doubled since June.

Boilerwork, supervised by Donaho, who is a former boiler-maker for the T&P Railway, is a feature of the company. He personally supervises all boiler work.

Jobs ranging from blacksmithing to ornamental metal work are performed by the firm, with experts handling every phase of the job.

W. W. Cox and C. O. Hancock, both certified welders, along with H. R. Odell, ornamental specialist, give the concern a topnotch staff. Donaho has been engaged in his

present line of work the last 37 years.

Ornamental metal work is done to specification and there are patterns from which to make selections.

General welding of all types is performed by the Donaho Welding Company, which has portable welding equipment. Service calls will be made anytime, anywhere Donaho says.

The firm now has in stock a new by the shop and is designed for raising concrete trusses, pulling windmill pipe and other jobs which call for high lifting.

The Donaho firm is insured fully against public liability and property damage.

Pleased Customer List Is Pride Of Basin Electric

A satisfied customer is a trademark which any company strives to attain. The Basin Electric Company, 304 North Weatherford Street, is no exception and points to a growing list of pleased customers with pride.

Basin Electric recently has completed a wiring contract on 58 newly constructed homes in the Crestview Addition and is in the process of installing wiring for an additional 25.

The firm also has a contract to install the wiring in a new 40-unit apartment building which is under construction.

T. A. Gamblyn is owner and manager of the firm, which is the successor to the Webb Electric Company.

Gamblyn has been in the electrical business more than three years, having come here from Brady.

Basin Electric will be glad to give you estimates on that wiring contract. Just telephone No. 2-2902.

You are invited to come in and look over the beautiful array of lighting fixtures which are designed for all purposes. Basin Electric has the right fixture and the prices are right, too.

Locations For 114 New Drillsites Listed In WT

Locations for 114 new petroleum exploration sites in District No. 8 of Texas were reported to the Midland office of the Oil and Gas Division of the Railroad Commission of Texas during the last week.

Sixteen wildcats were reported in the area. Pecos County reported five new prospectors and Borden and Crane Counties each listed two new projects. The remaining new ventures were divided one each among Andrews, Gaines, Garza, Glasscock, Scurry, Sterling and Terry Counties.

Midland County led the list with a total of 30 new field projects. Pecos County was next with 16 new drillsites listed. Ester County reported 13 new locations and Scurry County gained nine new sites.

Andrews County reported six new projects. Garza County reported five new locations. Four new locations each were listed in Glasscock and Yoakum Counties.

Cochran and Crane Counties each gained three new projects. Drillsites were established for two new locations in each of Gaines, Loving and Winkler Counties.

The remaining sites were staked one each in Hockley, Mitchell, Reagan, Sterling, Terry and Ward Counties.

The modern Olympic Games were first held in Athens, Greece in 1896. They are generally thought to have stemmed from Greek athletic games held during annual festivals around 700 years before Christ.

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, OCT. 11, 1961-11

FOR "HIGHER LEARNING" IN MOSCOW—Fast nearing completion, according to the official caption on this picture, is the 38-story Moscow University, which will feature a 200-foot spire topped by 12-ton, ruby-judded Soviet star. Sprawled over 400 acres, the university will have class rooms and laboratories for 8000 students, dormitories for 6000. (Photo from official Soviet source.)
