Sugar Bill Keeping Solons In Deadlock

WASHINGTON (AP) — The House Agriculture Committee voted today to reject the Senate version of the controversial sugar bill and to stand on the House version.

The committee action created a near deadlock between the House and Senate as Congress sought to adjourn.

The vote on the motion was 16-11, with one member listing himself only as "present."

Chairman Harold C. Cooley (D-N.C.) was directed not to agree to a conference with the Senate unless that body requested it.

In other words, any House attempts to send the bill to conference would be resisted, under the motion.

The House and Senate have been at loggerheads over whether President Eisenhower should have unilateral authority to cut sugar purchases from the Dominican Republic.

A House bill would have given him limited authority, but it imposed conditions which Senate Republican Leader Everett M. Dirksen said would be impossible to meet.

The Senate, by a 62-17 vote, passed instead a substitute by Dirksen to give the President discretionary power, with no strings attached to cut or terminate the Dominican quota. The House then quit for the night rather than try to reach an immediate agreement.

At that time, the House had been in session 13 1/2 hours and the Senate more than 18 hours in an effort to wind up the session and clear the way for active political campaigning.

But the fiery minister of armed forces told a midnight rally of sugar workers his brother's regime does not plan to confiscate the big U.S. naval base at Guantanamo "for now."

He described the base as obsolete and predicted "it will come to be Cuban years sooner or years later."

Charging that "war criminals" — meaning anti-Castro forces — are training at Guantanamo, he declared: "We warn again; no problem that rises there is the consequence of auto-provocation."

The younger Castro left the impression that another grab of American properties might be announced at the giant rally. Prime Minister Fidel Castro has called for Friday "to answer the declaration of San Jose."

Congolese Battle Is Reported

ELISABETHVILLE, the Congo (AP) — Fighting was reported today between Congo army forces and rebels in Kasai province around Bakwanga, its capital.

A spokesman for the army of rebellious Katanga province cast doubts on some claims of victories there by Baluba tribesmen.

Albert Kalonji, chief of Kasai, has allied his regime with Katanga.

Kalonji claimed Wednesday that Baluba guerrillas had captured Bakwanga, which had fallen to Congo Premier Patrice Lumumba's forces Saturday.

The Katanga officer said all radio communications are cut off but some news filtering out of Kasai indicated the Baluba tribesmen are still harrying Congo soldiers who retreated from Bakwanga.

He said, however, that Kalonji's claim that his guerrillas had taken three other centers, did not seem to be well-founded.

Cubans Hint More Grabs

HAVANA, Cuba, (AP) — Raul Castro indicated early today that the seizure of the remaining American property in Cuba — estimated at a quarter of a billion dollars — is imminent.

But the fiery minister of armed forces told a midnight rally of sugar workers his brother's regime does not plan to confiscate the big U.S. naval base at Guantanamo "for now."

He described the base as obsolete and predicted "it will come to be Cuban years sooner or years later."

It was the second time this year the touchy problem of sugar had delayed adjournment.

Two houses had battled into early Sunday morning, July 3, over giving Eisenhower authority to cut Cuba's sugar quota. At that time Congress was trying to quit for a month for the political conventions.

All other major legislation had been disposed of Wednesday night in the adjournment drive.

Compromising their differences, the Senate and House voted to give Eisenhower 65 million dollars more for foreign aid—much less than the 120 million the Senate had voted. House conferees had refused to agree to any addition until the House itself voted the added amount.

Limited housing bill was pushed through both houses. It extends the FHA home improvement loan program and provides added funds for loans for college dormitories and such municipal projects as water and sewage systems.

The Senate sent to the White House a bill authorizing a new 600-million-dollar aid program for Latin America, for which money

will be asked next year.

The House by a 271-32 vote, completed congressional action on a bill to increase price supports for butterfat and milk despite opponents' cries that it was a political move likely to be vetoed. Advocates contended it would give dairy farmers a needed lift.

Victory Over Hunger Seen By President

WASHINGTON (AP) — President Eisenhower said today that for the first time in history mankind is able "to catch the scent of victory" over two ancient enemies—hunger and malnutrition.

These enemies — while not whipped — are on the defensive, he declared in a speech prepared for the International Congress on Nutrition.

"The world cups its ear to hear the rattling of rockets. It listens less closely to the sounds of peace and well being which emanate from the slow but steady improvement in world health and nutrition," he said.

"For centuries orators and writers have developed the habit of warning about the crossroads that the world was facing at the very moment of the particular speaking or writing."

Yet if history, which will one day view the events of this period in perspective, could only say that at this moment the world began truly to take the high road of health and plenty, leading toward peace, leaving forever the path of strife and anxiety, then indeed would our great-grandchildren call this the brightest era of all times."

The President told his audience of "nutritionists" representatives from 30 countries that one phase of the free world's campaign against hunger is the distribution of crop surpluses to needy nations.

The President reported that during the last six years the United States has sent abroad more than 4,000 shiploads of food in exchange for foreign currencies.

He said these and other related U.S. activities are only a part of the total free world program to lift the scourge of hunger.

Scholarship Grants Set By Press Club

DALLAS (AP) — Scholarship grants totaling \$4,500 to go to Southern Methodist University and five state schools, were announced today by the Press Club of Dallas Foundation.

The journalism department at SMU will receive \$1,000. The other schools — the University of Texas, Arlington State, North Texas State, East Texas State and Texas Woman's University — will equally divide \$3,500.

Tanker Loaded With Oil Runs Aground

NEWPORT RI (AP) — The tanker P. W. Thurlie, fully loaded and bound for the American Oil Co. in East Providence, ran aground in thick fog at the entrance to Narragansett Bay today.

The tanker, carrying 120,000 barrels of oil from Texas City, Tex., struck in 16 feet of water off the Jamestown shore, across the harbor from this city.

Coastguardsmen reported hull plates appeared damaged and oil was leaking into the bay.

Visibility was limited to only 50 feet, hampering investigation at the scene.

Father Accused Of Breaking Son's Leg

TAMPA, Fla., (AP) — A father accused of breaking his 3-year-old son's leg in a fit of anger has pleaded guilty to aggravated assault.

Criminal Court Judge L. A. Grassano postponed sentencing Robert V. Wilson Jr., 37, until an investigation is made by probation authorities.

Fish Fry Is Not Always Enjoyable

NEWPORT NEWS, Va., (AP) — As far as course Pannell is concerned, there's not a thing more about a fish fry than a fish fry.

Pannell was arrested early in the day in connection with a break-in at a seafood company.

Both Candidates Criticize Session

—By JACK BELL
WASHINGTON (AP)—Both presidential candidates had critical words for the Congress on departing today for a politically charged summer session.

Sen. John F. Kennedy of Massachusetts served notice that he will be vigorous in January either as president-elect or as senator in bringing up again some of the things they didn't do.

Vice President Richard M. Nixon, his Republican rival, said Congress had been called back after the party conventions for political purposes and had failed to enact a program.

Nixon, hospitalized with an infected knee, said through Herbert G. Klein, his press secretary, that "certainly it is not surprising that the leaders of the Democratic party have not produced the type of program President Eisenhower and he advocated."

Kennedy criticized Southern Democrats, as well as Republicans, for balking the passage of legislation keyed to his party's platform.

He told his colleagues Wednesday that if he had accepted a stripped-down House version of a minimum wage bill the action would have forestalled further progress in this field for several years.

Instead, he said, he chose to let the bill die so that it could be revived in a new Congress and with a new president.

Kennedy can contend in the campaign that if he is president he can reverse the present situation. He would have within his own party in Congress sufficient support to uphold almost any veto. He could throw back any bills passed by a coalition of conservative Democrats and Republicans and

Spooked Calf Wrecks Home

HOUSTON (AP)—A runaway calf roared through a Katy rice farmer's \$75,000 home like a tornado Wednesday.

The animal, a registered Hereford, had bolted through a barred wire fence.

"I don't know what spooked him," said Ray Woods, the rice farmer, "but he tore that fence down, post and wire."

Then the calf smashed through a plate glass window of the Woods home.

Bleeding from a head wound, the calf streamed through the living room into the adjoining living room.

He left a trail of blood on drapes and carpets.

From this living room the calf charged into a front bedroom, he leaped onto a bed, then crashed through a front plate glass window to freedom.

"Once he got out of the house," said Woods, "he leaped over two more fences and into the Katy High School F.F.A. stock pen."

Woods said the animal is owned by Jimmy Shipman, 14, of Katy.

"That calf sure took a short cut getting to the stock pen," Woods said.

Benson Says More Sharing Is Required

WASHINGTON (AP)—Secretary of Agriculture Ezra Taft Benson said today Americans can be proud of the way their nation has shared its food abundance with the needy abroad. But, he said, still more help of this kind must be supplied.

"I think no nation under heaven has been so generous," he said in opening a White House conference on the government's food-for-peace program. Participating were representatives of private welfare agencies which are assisting government agencies in the worldwide distribution program.

"Of course," Benson said, "there is no cause for complacency or self-righteousness in the size and success of our accomplishments. Everyone of us recognizes that we can use our surplus foods with even more effectiveness and efficiency."

Benson reported that during the past seven fiscal years, \$9 billion dollars worth of surpluses have been sent abroad under the food-for-peace program.

Benson said, however, underdeveloped areas need aid in building their economies as well as food assistance. They also need, he said, help in developing their own agriculture.

Man Executed In Oklahoma

MCALISTER, Okla. (AP)—James Spence walked without hesitation to the electric chair Wednesday night and was executed for the slaying of a 19-year-old housewife.

The 32-year-old Kinston, N.C., man showed no emotion as he was strapped into the chair.

Spence was given the death sentence for the March 1958 slaying of Mrs. Ruth Zimmerman in Lawton, Okla. So was his brother-in-law, Eddie Oxendine, of Pembroke, N.C.

The slaying followed the robbery of a surplus store in Lawton. Regie and Ruth Zimmerman lived above the store.

The Zimmermans were bound and tossed in a closet then shot, Zimmerman survived.

On the Oklahoma Pardon and Parole Board last night Oxendine was the friggerman.

The board recommended Oxendine's death sentence be commuted to life in prison.

But Spence went to his death without certain knowledge of his brother-in-law's fate.

Oxendine still waits on death row. Gov. Howard Edmondson has not taken action on the board recommendation.

New Firm Purchases Breckenridge Paper

BRECKENRIDGE (AP)—A new corporation headed by Lester Clark, local oil and businessman, took over operation of The Breckenridge American today.

The sale of the newspaper was announced Wednesday by J. F. McReath and Associates of Sweetwater.

Clark is president of the new firm, Breckenridge American, Inc. Paul Moore, also Sweetwater, is the holder. He will continue as manager, a position, he has held for about five years.

The new owners announced Charles Hall, editor for many years, will continue in that position.

Mediation Offer Looms In Mexico

By CHARLES H. GUPPILL
MEXICO CITY (AP)—President Adolfo Lopez Mateos pledged his government's good offices today to attempt a reconciliation between the United States and Cuba.

In a four-hour annual state of the nation report prepared for delivery to Congress, Lopez Mateos said the mission of each of the American states "consists of keeping united in peace and harmony this great family in which Cuba rightfully holds a place of distinction."

The preliminary approaches did not have the immediate result we wished," the President said. "Nevertheless, Mexico will not cease in its effort to serve unreservedly the cause of friendship and harmony among the American republics."

Lopez Mateos made no specific mention of Communism, but that was clearly his target when he said:

"Other countries have undergone a process of social, political, cultural and economic transformation. But it is there one may least find accomplishments such as ours, in which the individual is the goal of the common effort and a person maintains his dignity and his liberty as fundamental precepts of a true revolution."

Turning to the home front, he announced Mexico had virtually completed nationalization of its electric power industry by acquiring 90 per cent of the stock of the only remaining private electric company in the country, the Mexican Light and Power. The company's shares were held principally in Canada, the United States, Belgium and France.

Lopez Mateos said the government had spent \$2 million dollars to acquire approximately 270 million dollars worth of assets. The company supplies about 20 per cent of Mexico's electric power.

The President also reported: Dollar reserves total \$424,500,000 and foreign credits 345 million. The government guarantees the "complete stability" of the peso. Exports are up 16 per cent and imports down 11 per cent.

Agricultural volume has increased 4.7 per cent in the past year and agricultural prices 3.4 per cent. A total of 536,644 foreign visitors spent 637 million dollars in the past year and agricultural prices 3.4 per cent. A total of 438,644 foreign visitors spent 637 million dollars in the past year, 40 per cent more than the year before. Education now takes 18 per cent of the government budget, school enrollments are up 16 per cent. The population is now increasing at the rate of 3.4 per cent a year, the highest rate in the world except for a few small countries.

Baltimore Busily Bracing For History-Making Series

By JOE REICHLER
Associated Press Sports Writer
The most exciting and perhaps most wonderful weekend in Baltimore's baseball history since Ned Hanlon's champion Orioles of 1894-96 figures to get away winging Friday night when the youthful Birds edge the league-leading New York Yankees in an afternoon double-header. The A's won the second game 6-0 after absorbing a 1-0 shutout in the opener.

Washington dropped third-place Chicago four games of the pace with a 2-1 decision. Detroit beat Boston 4-2.

Pittsburgh maintained its 6-game national league bulge with a 7-3 victory in San Francisco. St. Louis regained second place after a 2-1 victory in Cincinnati. The Milwaukee Braves split an afternoon twin bill in Chicago, winning the nightcap 11-7 after dropping the opener 1-4 in 10 innings. Los Angeles defeated Philadelphia 3-1.

Outfielder Gene Woodling walked off a grand-slam home run for Baltimore off Dick Stigman in the third inning. This offset a 3-0 lead Cleveland had run up against Steve Barber in the first inning.

Right-hander Skinny Rowen, took over and pitched eight scoreless relief innings to gain his 10th victory.

Yankee rookie Bill Stafford and A's veteran Ned Garver turned in the shutouts in the New York-Philadelphia double-header.

Garver, pitched two hits, then opened and walked off with his second major league victory on Mickey Manile's sixth-inning triple that scored Yogi Berra.

Garver also hurled a four-hitter in the nightcap. But Snyder's bases-loaded single off Ralph Terry in the sixth broke up a scoreless duel.

Dr. Nesbitt On Pakistan Project

CHICAGO—Dr. William O. Nesbitt, former supervisor of secondary education in Snyder Public Schools, has accepted a position with the University of Chicago which will take him and his family to Pakistan.

Dr. Nesbitt headed experiments in the improvement of secondary schools throughout the provinces.

The third program is development of approximately 20 pilot secondary schools in West and East Pakistan to serve as models for improvement of secondary schools throughout the provinces.

Nixon's Knee Is Improving

WASHINGTON (AP)—Vice President Richard M. Nixon's infected knee was reported today to be responding well to treatment at Walter Reed Army Hospital.

"The vice president had the most restful night he has enjoyed since arriving at the hospital," an aide to the Republican National Committee said.

Nixon, the Republican presidential candidate, was admitted to the hospital Monday. He bumped his knee on a car door during a Greensboro, N.C., campaign trip Aug. 17. His doctors estimated he would require two weeks of treatment.

The aide said Nixon's chief complaint is a sore arm resulting from penicillin shots.

Nixon has worked on correspondence and dictated campaign speeches while in the hospital.

173 Postmasters Given Approval

WASHINGTON (AP)—The Senate Wednesday night confirmed 173 postmaster nominations by President Eisenhower without even seeing their names or knowing where they will serve.

Sen. Alan Johnston, D-S.C., chairman of the Senate Civil Service Committee, won their confirmation on a voice vote after explaining that "both senators in each state" involved had approved the appointments.

The confirmations included Wayne H. Lowrance, Denton, Tex.

Mrs. Smith Resigns Position At Hospital

Mrs. Mary Smith has resigned her position as director of nurses at Cogdell Memorial Hospital to accept the position of county public health nurse.

Starting today Mrs. Smith will work at the Seary County Health Unit under Dr. Robert Pierce, director of the unit.

Mrs. Smith, mother of five, stated the position would give her more time with her family.

A replacement for Mrs. Smith will be announced later, hospital officials said.

FAA Seizes Man's Plane

MCALLEN (AP)—The Federal Aviation Agency has seized a private plane owned by Victor Stadler, 35, a Pharr rancher.

Jack Marchand, FAA inspector at Brownsville, said Wednesday the plane was seized "under rarely used powers of the FAA" because of "flagrant disregard of FAA rules."

The FAA charged Stadler with 16 separate violations under the Federal Aviation Act, including "repeatedly flying an aircraft without a valid pilot license and having an aircraft registered in a person's name other than the owner."

Stadler denied the charges.

Marchand said the twin-engine Lockheed plane will be held until lawsuits involving a total of \$53,000 against Stadler have been disposed of in federal court at Houston.

THESE BEEF SANDWICHES TAKE ONLY MINUTES TO BAKE
... canned biscuits are used with ground beef filling.

Hearty Appetites Require Good, Tangy Hot Sandwiches

Hot sandwiches have their place, too, in the summer menu, despite the temperature.

They may serve as the main dish at dinner or fill the bill when outdoor exercise has made the family especially hungry.

BISCUITBURGERS
4 pound ground beef; 1/4 cup chopped onion; 1/4 cup chopped celery; 1 tablespoon shortening; 2 tablespoons flour; 1/2 cup catsup; 1/2 teaspoon Worcestershire sauce; 1/4 teaspoon salt; 1/4 teaspoon pepper; 1/4 teaspoon monosodium glutamate; 1 can refrigerated biscuits.

Saute beef, onion, and celery in shortening. Sprinkle in flour, stir to blend. Stir in catsup and seasonings. Cool.

Pat each biscuit out paper-thin, 3/4" across. Place 5 on ungreased baking sheet. Place about 1 1/2 cup meat mixture on each. Moisten edges; cover with another flattened biscuit round. Firmly seal edges together; cut small slit in center of each. Brush with melted butter. Bake 10 to 12 minutes at 450 degrees or until golden brown. Makes 5.

Place two slices of each kind of bread in a baking dish. Place slices of Swiss cheese on the rye, brick on the whole wheat, and cheddar on the white bread. Add remainder of bread slices, topping each cheese slice with its own kind. Combine milk, salt, cayenne, Worcestershire, and eggs. Pour mixture over sandwiches. Cover with shredded cheese and sprinkle with paprika. Bake at 375 degrees about 20 minutes, or until sandwiches puff. If you add tomato slices, put them on the sandwiches 5 minutes before the end of the baking period. Garnish with parsley.

When these sandwiches are cut into halves, it is possible to serve each diner with three kinds of sandwich — different breads, different cheese. Makes 6 servings.

FINGERBURGERS
1/4 pound ground beef chuck; 1/4 cup grated processed Cheddar cheese; 1 1/2 teaspoons prepared mus-

tard; 1/4 teaspoon salt; 8 (3x1-inch) buttered toast strips.

Combine beef, cheese, mustard and salt; mix well. Shape 8 3 x 1-inch patties; broil 3/4 inches from source of heat 5 minutes, or until lightly browned on both sides. Serve on toast strips. Makes 8 fingerburgers.

HAM SANDWICH MORNYAY
1-3 cup enriched flour; 1/2 cup salt; Dash cayenne pepper; 1 cup milk; 1/2 cup light cream; 1/4 cup grated Parmesan cheese; 1/4 cup grated sharp cheese; 2 packages frozen broccoli spears; 8 slices enriched sandwich bread, toasted; Butter or margarine; 4 slices baked ham (8 ounces).

Melt butter or margarine in top of double boiler. Blend in flour, salt and cayenne pepper. Combine milk and cream and add gradually to flour mixture. Cook over direct heat, stirring constantly, until sauce is thickened. Re-

move sauce from heat and blend in cheese.

Keep sauce hot over simmering water. Meanwhile, cook broccoli spears according to package directions. Spread toast with butter or margarine. Cut 4 slices diagonally into halves. For each sandwich, place whole slice in center with 2 halves on opposite sides. Place ham over toast. Arrange broccoli spears on top of ham. Spoon hot sauce over entire sandwich. Serve immediately. Makes 4 sandwiches.

BRAUNSCHWEIGER SANDWICH
1/2 pound Braunschweiger liver sausage, softened; 1/2 cup chopped celery; 2 tablespoons chili sauce; 1/2 cup grated sharp aged Cheddar cheese; 4 slices rye bread, toasted.

Combine liver sausage with celery and chili sauce. Spread on toast placed on baking sheet. Top with cheese and place under broiler for 3 to 4 minutes, until cheese is melted and bubbly. Makes 4 servings.

BAKED TRIPLE CHEESE SANDWICH
4 slices each of buttered rye, whole wheat and whitebread; 2 thick slices each of brick, cheddar, Swiss cheese; 4 eggs, slightly beaten; 2 cups milk; 1 teaspoon salt; Dash cayenne; 1 tablespoon Worcestershire; 2 cups shredded cheddar cheese; Paprika; 4 tomato slices for garnish, optional; Parsley, optional.

Low Water Pressure No Problem

Chances of a homemaker getting high blood pressure over low water pressure are gone with the 1961 washing machines, announces the American Home Laundry Manufacturers' Association.

There'll be no more days of exasperation over a timer that shuts off before the washer is filled because water pressure is so low that it never fills the washer in normal time.

The homemaker won't be stuck with washing in only half enough water, for 1961 model washers have various ways of insuring that the proper amount of water goes into the washer no matter what the water pressure or time involved is.

Some washers have an extra valve which may be added at the time of purchase to insure the tub will fill. Other washers have devices for measuring the incoming water so that the machine cannot start till exactly the right amount of water is in the washer. Still others have a "metered fill" rather than a "time fill."

Housewives living in areas where water pressure is often low will want to investigate this new feature which is standard equipment on some washers and optional on others.

Home is a natural nourishing food that's easy on the digestive system of everyone in the family. Use it often.

Pylant Family Luncheon For Girls

A famous restaurant chain serves this hearty, attractive salad.

Giant Shrimp Salads
French Rolls and Sesame Toast
Grasshopper Beverage

GIANT SHRIMP SALADS
Ingredients: 1 small head iceberg lettuce, 1 1/2 pounds shrimp (cooked and deveined fresh or frozen), 4 hard-cooked eggs, sliced crosswise, 4 small tomatoes (skins removed and quartered), 1 French Dressing.

Method: Quarter lettuce, cut each quarter into small chunks and arrange in individual salad bowls or on plates. Place shrimp on 1 side of each bowl. Arrange eggs in center. Garnish with tomatoes. Make the dressing from oil, vinegar, salt, pepper and prepared mustard; add enough paprika or catchup, or both, to make a rosy color. Makes 4 servings.

CIA Qualifications For Its Agents Open To Question

By INEZ ROBB

Whenever I am tempted to dust off someone who will, when the chips are down, go to any length to save his own neck, as did that lower of jolly, Francis Gary Powers, I reread an excellent novel published soon after the end of World War II.

This book, a study of the threshold of heroism in a handful of men and women, is "The Steeper Cliff" by Davidson, published by Random House, if you are taken with an itch to read it. Just what my threshold would be, under pressure, I do not know, but I sincerely pray God that it would be consonant with my country's and my own honor.

During World War II and later, especially during the Korean War I did not and would not believe that men in the American Armed forces did not know what they were fighting for. This charge was repeated during both wars until it became a cliché.

It seemed not only impossible, but incredible to me that men with sufficient brains to qualify for the Army, the Navy, the Marine Corps and the Air Force, men who were the products of American schools, could be so colossally ignorant that they were unaware or unable to comprehend the great stakes at issue.

Even the 20-odd defectors to the Communist side at the end of the Korean War couldn't convince me of this charge of wholesale stupidity. Scarcely one of that lot came from a grossly underprivileged or broken home from which little could be expected.

Well, I still don't believe that men old enough to defend their country in war and in peace are, on the whole, political morons. But Powers' behavior on the witness stand certainly forces me to admit that we produce a percentage of unreliaables who either don't

comprehend the vital issues of their day or who couldn't care less, as long as they get theirs and are taken care of.

Powers, it would seem, has always been just bright enough to determine on which side his bread is buttered, as when he took the \$30,000 per year job to pilot the U-2. And when he fell in with the Soviet script prepared for his mock trial in Moscow.

I am not impressed by Powers' reported remark after the trial and his own lawyer's slashing denunciation of the United States.

"After all, I am an American and I don't want any part of it." It would not have been necessary for Powers to make that post-trial statement if he had stood in the dock and behaved like an honorable American in the first place.

Indeed, had he been worth a fraction of the \$30,000 annually the Central Intelligence Agency is still paying him, he would either have destroyed his plane or himself. But lacking the intestinal fortitude to do either, I suppose it is too much to expect him to have stood tall at his trial.

But Powers' lack of character leads to a very interesting question: How does the C.I.A. choose its agents? What kind of character and intelligence checks does the agency make? Did it know that Powers had never been sufficiently interested in his country to vote in any election after he came of age? Is this not a significant indictment of any man?

What does the National Security Agency, which has just lost two young men who have apparently gone behind the Iron Curtain, do to screen the persons it employs? And after employing individuals, does it ever keep an eye on them? Did the agency know that one of the two men, who are missing and thought to have defected to com-

munist, was under psychiatric treatment?

An administration that bungled the U-2 episode from the beginning has now promised Powers not only immunity when he returns to the U. S. A. but payment of his annual salary of \$30,000 as long as he is in prison. My advice to Powers is to save his money and find a nice, pleasant spot outside the U. S. A. in which eventually to live and spend it. Because there are a great many disgruntled Americans who are bitterly resentful of paying a fat salary to a man who failed at every opportunity to keep his bargain with his country.

Labor Day Noted For Road Tragedy

(AN EDITORIAL)

Motorists are poised for their final big fling of summer, and the thought of it is sufficient to make peace officers and safety officials shudder.

The Labor Day weekend, which for all practical purposes begins on Friday and extends through Monday night, has long been recognized as one of the deadliest holiday periods of the year. Unless safety officials and statisticians miss their predictions, this year will be no exception.

The Texas Department of Public Safety has predicted that 29 persons will die on Texas highways over the weekend. The National Safety Council believes 460 persons will lose their lives in the nation in holiday traffic accidents.

These figures, of course, represent the potential tragedy, provided motorists go their ways without special regard for safety measures. They may be reduced substantially if drivers themselves decide to keep themselves physically and mentally alert and observe prescribed traffic regulations while traveling the highways.

Col. Homer Garrison Jr., director of the Department of Public Safety, has promised that every available man will be on duty during the holiday period to keep an eye on traffic outside the cities. At the same time, sheriff's departments and police departments will be maintaining a vigil in the cities and on county roads.

Moreover, organizations such as the Jaycees, will be engaged in activities calculated to make all drivers safety conscious, and all news media will be calling attention to the traffic problem, and its threat to the lives of millions who will be on the highways.

As impressive as it may sound, however, this will not be enough to save lives. Only the drivers themselves are in a position to make the safety campaign pay off.

If you are planning a trip over the Labor Day weekend, observe traffic regulations and, as the Jaycees are urging, "Save A Life Labor Day."

War Orphan Bill Passed By Senate

WASHINGTON (AP)—The Senate Wednesday passed a bill by Sen. Ralph Yarborough extending the War Orphans Educational Assistance Act. The measure would provide educational assistance for children of present service men who are killed while in the service.

Surprise? Krush Changes Tactics

By JAMES MARLOW

Associated Press News Analyst

WASHINGTON (AP)—Has Soviet Premier Nikita Khrushchev decided to create a crisis in the midst of the American presidential campaign and freeze the cold war colder than it has been for years?

Last May, after he had torpedoed the summit conference with President Eisenhower in Paris, Khrushchev indicated he would do just the opposite.

1. He would wait six or eight months—for the election of a new president—before seeking another summit meeting, this time with Eisenhower's successor.

2. In that time he would not try to force a showdown on West Berlin.

He said: "We will not do anything that might aggravate the international situation and bring it back to the worst times of the cold war."

But this week two things happened just about at the same time.

1. Khrushchev criticized both President Richard M. Nixon and Sen. John F. Kennedy. He called them both "lackeys of monopoly capital."

Since one of these two men will be the next president, Khrushchev has deliberately by this kind of insult added difficulty to having a summit meeting with either of them.

2. The Communists suddenly set up a limited blockade of West Berlin, and turned back many West German visitors seeking to reach the city by road and rail. They said it would continue through Monday.

Khrushchev has thrown insults repeatedly at Nixon. The best-remembered one came when it was rumored Eisenhower might let Nixon sit in for awhile at the summit meeting which was never held.

Khrushchev said that would be like sending "the goat to take care of the cabbage."

But he had never cut loose at Kennedy until now. He said his new appraisal was "to put and to talk that I favor one presidential candidate and not the other." But it's possible the Kremlin has decided not to try for a summit meeting at all and intends instead to try to grab West Berlin.

Congressional Record Grows On Last Day

By EDMOND LE BRETON
WASHINGTON (AP)—The Congressional Record, that chronicle of the proceedings of the United States Congress, delivered and merely thought of, may require several volumes to chronicle the last day of the 86th Congress.

Before the members of the House went home, so many of them asked for and got "unanimous consent to revise and extend remarks, and include extraneous matter" that some of the other members whistled out loud.

Some of the most piercing whistles were provoked by the request, duly granted, of Rep. Adam Clayton Powell Jr. (D-N.Y.) to insert material notwithstanding a cost of \$1,223.

That meant Powell gets to fill about 15 pages of the Record. Members can use up as much as two pages at a time with no questions of cost asked; beyond that they must include an estimate with their request. At latest count, the official price for printing a page was something under \$100.

Several members, including Rep. H. R. Gross (R-Iowa), wanted to know what valuable contributions accounted for the flood of insertion requests. They were especially interested in Powell's \$1,223 offering.

Powell wasn't there, and Democratic Leader John W. McCormack of Massachusetts said he couldn't be very enlightening.

Powell's office aides told newsmen they didn't know, either, what the congressman wanted published.

McCormack's Republican counterpart, Rep. Charles A. Halleck of Indiana, laughed off a suggestion by Rep. Clare Hoffman (R-Mich.) that he save time by just getting consent for everybody in the House to put whatever he liked in the Record.

But Halleck volunteered to add Hoffman and Gross too, to his list of members entitled to insert.

Rep. Paul C. Jones (D-Mo.), a long-time campaigner for limitations on revising and extending, said Wednesday night's outpouring exceeded anything he could remember in his 12 years in Congress.

Fast Surgeon On New Base

SAN ANTONIO (AP)—An Air Force flight surgeon known as "the world's fastest man on the ground" because of his rocket sled tests, takes up new duties at Brooks Air Force Base today.

Col. John Paul Stapp became a special assistant for aerospace medicine at the advance studies group of the Aerospace Medical Center.

He has been chief of the Aerospace Medical Division of the Wright Air Development Center at Dayton, Ohio.

Col. Stapp rode a rocket-powered sled on a rail 76 times at Holloman AFB, N.M., during a series of experiments aimed at determining the effects of hauling out of aircraft at high speeds.

He holds degrees from Baylor University, the University of Minnesota and the University of Texas.

Crosses Burned At Birmingham Schools

BIRMINGHAM, Ala. (AP)—Police said crosses were burned at five—maybe six—public schools here Wednesday night—the eve of school opening. Similar incidents took place about this time last year.

All the schools are for white students. Officers said the crosses, 3 to 4 feet tall, were wrapped in burlap and soaked in kerosene.

Police said there were no arrests and no indication who was responsible.

Beatniks Are Fleeing Site Of Their Origin

By HARRY JUPITER
SAN FRANCISCO (AP)—What's next?

The report from North Beach is that the beatniks have been fleeing the scene.

The news has been met with mixed emotions.

San Francisco, site of the birth of the beards, side back and awaits the next movement in the sociological symphony of discordant notes.

North Beach, once a colorful, relatively quiet Italian neighborhood that harbored struggling artists and inexpensive conversation, has become, in five years, the busiest, gaudiest, noisiest part of San Francisco at night.

And expensive as well.

As for the original bearded, sandaled, fiery-eyed ones, most have departed for other pastures—some greener; others, you should pardon the expression, commercial.

Reasons for the exodus are as varied as the individuals who first were identified as beat.

Quill Is A Man Of Determination

By ROY KOHN
NEW YORK (AP)—Michael J. Quill, head of the Transport Workers Union, is an individual of determination, abounding Irish wit and a propensity for getting in and out of trouble.

Quill, 55, is a caricaturist's dream with his heavy, dark-rimmed glasses, a fringe of hair around a bald pate, a round, cherubic face, a roly-poly frame, and blue eyes which twinkle or blaze.

Since he came here from Ireland when he was about 26, Quill worked at odd jobs, became a subway change maker, helped organize the TWU, and served three terms on the city council.

Early today he led workers out on a strike that shut down the Pennsylvania Railroad.

Behind his broad brogue and colorful language lie a resourceful brain and a bull-like tenacity. He often has threatened strikes but, after a suitable interval, has compromised and praised the very companies and individuals which he attacked with vitriolic vigor.

Quill, who got some early support from Communists, decided in 1948 to clean them out of the TWU.

Going Communists one better, he sowed dissension among their ranks, planted misinformation which broke up their planned attacks, and ridiculed them.

Once he turned up at a meeting dominated by Communist union leaders, and sat on the platform reading comic papers. When the Communist leaders raised their protests, Quill, in his famous thick

brogue, remarked: "And now we have thought control."

The laughter and shouts broke up the meeting.

Quill's own accounts of why and when he came to the United States have varied. He has told of coming to New York on St. Patrick's Day, limping from a hip wound caused by a British bullet fired during the Easter Day 1916 rebellion. That story would make him about 11 years old at the time.

Over the years the story has dwindled to a bad fall on the hills of Kerry tending his father's sheep.

When he is not engaged on labor matters, Quill lives quietly in the Bronx with his wife, the former Mollie O'Neill. They have one son, John, 21.

Produce Tops Bargain List

By THE ASSOCIATED PRESS
Texas produce shoppers can look forward to a thrifty Labor Day weekend of buying as all the commodities show either unchanged or lower prices, the U.S. Agricultural Marketing Service says.

Rananas, carrots, onions and tomatoes witnessed decreased costs this week. Iceberg lettuce and cabbage are tending "slightly lower."

Cantaloup watermelons, tomatoes and potatoes, especially round red varieties, top the list of "best buys."

Also on the "good buy" list are bananas, carrots, green beans, iceberg lettuce, green onions, peppers and grapes, especially thompson seedless.

Watermelons are beginning to reach their "last rounds" but still are reported in good supply and at low prices.

Large sized California avocados are reported in abundance presently. Other sizes will hit Texas markets in the next few weeks.

Meat counters will be offering broiler-fryers and frozen turkeys as Labor Day specials this week-end. They are attractively priced. Egg prices show a sharp rise this week.

Sonic Booms Due Again

FORT WORTH (AP)—Sonic booms are predicted over Texas again today as a B58 jet bomber makes training flights from Carswell Air Force Base for the Strategic Air Command.

The runs will be from Fredericksburg to Mineral Wells between 9 a.m. and 3:30 p.m., from Plainview to San Antonio between 3:30 and 6 p.m., and from Fredericksburg to Stephenville between 6:45 p.m. and 12 midnight, and another Saturday from Fredericksburg to Duncan, Okla., between 2 and 8 a.m.

Carswell officials reported they didn't receive a single inquiry Wednesday about a sonic boom caused by a B58 which flew from Dallas, Tex.

They credited advance notice to the public for allaying any possible panic over the "boom" which sounds when a plane cracks the sound barrier.

WASHINGTON (AP)—Officials fear the Soviet Union is trying to establish a Communist beachhead in the trouble-ridden Congo under the guise of helping the United Nations restore order there.

These officials said today this conclusion appeared inescapable in view of the amount of Communist military, technical and transport aid rushed—outside U.N. channels—to the African republic in the last few weeks.

The State Department has steadfastly declined to comment on the development. Officials said privately the problem is the fact the United Nations—not just the U.N. Secretary-General Dag Hammarskjöld—is aware of the situation and is reported to be assembling information on Soviet bloc activities.

But some U.S. officials, concerned over the speed of the Soviet actions, believe the U.N. must move soon and vigorously to assist in the Congo.

The State Department has steadfastly declined to comment on the development. Officials said privately the problem is the fact the United Nations—not just the U.N. Secretary-General Dag Hammarskjöld—is aware of the situation and is reported to be assembling information on Soviet bloc activities.

Insignificant Event Causes Repercussion In Business

By HAL BOYLE

NEW YORK (AP)—Small events sometimes have big repercussions in the modern business world.

For example, take what happened recently in the Acme Tiddlywinks Co., the giant of its field.

At 9:16 one morning Jack Eager, the new office boy, was chatting with Thelma Thumbs, secretary to Phineas Foogle, president of the firm.

A pigeon landed on a ledge and looked curiously through a window.

"The pigeon is probably a spy for the boss," said Jack. "Watch me. I'll fix him."

The youth picked up a paper clip and tossed it. It struck the window—plink!—and the pigeon flew off in feathered alarm. The paper clip rebounded and fell near Thelma's desk.

Itinerary For Kennedy Trip Is Announced

WASHINGTON (AP)—Details of the two-day presidential campaign tour of Sen. John Kennedy in Texas were made public today.

Kennedy will formally launch his campaign for president in Anchorage, Alaska, Sept. 3 and follow up with a plane and train stumping trip into Michigan, Idaho, Washington, Oregon and California.

After that foray he will arrive at El Paso, Tex., at 10:40 p.m. local time Sunday night, Sept. 11.

His itinerary the next two days in Texas (all local times):

Sept. 12, Monday: 8:00 a.m.—Breakfast in El Paso. 10:00 a.m.—Leave El Paso. 12:15 p.m.—Arrive Lubbock for airport address.

1:15 p.m.—Leave Lubbock. 2:35 p.m.—Arrive San Antonio. Motorcade into San Antonio. Address in Alamo Square.

5:00 p.m.—Leave San Antonio. 6:45 p.m.—Houston—address in Buffalo stadium. 9:30 p.m.—Leave Houston. 10:10 p.m.—Arrive Austin for overnight.

Sept. 13, Tuesday: 8:00 a.m.—Speech in Austin. 9:00 a.m.—Leave Austin. 9:45 a.m.—Arrive Meacham Field, Fort Worth. Motorcade to Grand Prairie.

10:40 a.m.—Speech in Grand Prairie. 11:30 a.m.—Leave Grand Prairie—motorcade through Dallas. 1:00 p.m.—Leave Dallas. 1:35 p.m.—Arrive Texarkana. 3:00 p.m.—Leave Texarkana.

The next stop on the trip is at 6 p.m. (CST) at St. Louis, where Kennedy is to address a meeting of the Machinists Union.

The first representative assembly in America was Virginia's House of Burgesses, founded in 1619.

Nazi-Inspired Youth Killed In Accident

GADSDEN, Ala. (AP)—A Nazi-inspired youth who was slated to go before a grand jury in connection with an attempt to bomb a synagogue has been killed in an automobile accident.

Authorities said Jerry Hunt, 17, had been speeding back and forth in front of a junior high school and firing a shotgun from a window when the car, crashed into a tree Tuesday.

The school band was drilling and Caroner Noble-Yocum said Jerry, driving a taxicab owned by his father, apparently wanted to attract attention.

Jerry had been charged with two counts of assault with intent to murder in the synagogue incident March 25. He had been free on \$10,000 bond.

Investigating officers said that

Jerry, then 16, was a fanatical student of nazism and admirer of Hitler's storm troopers.

Wall Street Eyes Cross Currents

By SAM DAWSON

AP Business News Analyst

NEW YORK (AP)—Cross currents in interest rates are being watched closely in Wall Street—almost as closely as the edging of stock prices in a market that can be interpreted in various ways depending on what part of it you are watching.

Stock traders watch the interest rates up and down seeking a clue to where stocks may be going.

Earlier in the year, short-term interest rates turned weak and money became definitely easier. This was partly due to the slack trend in business and partly to a change in policy by the Federal Reserve Board.

Easier money spread to long-term issues, such as corporate bonds, and their yields fell as their prices rose. Stocks looked more attractive.

But while money turned easier and interest rates fell elsewhere, bank charges on loans to business held rigidly at 5 per cent and higher.

Then the banks gave in at last to federal prodding and brought their lowest charge down to 4 1/2 per cent. They did so as short-term interest rates, led by yields of U.S. Treasury bills, were rising and showing every sign of continuing to rise for a good part of the time in the next month or two at least.

The bank rate cut also came when interest rates were rising in Western Europe—causing a spread that tempts some invest-

ment money to leave the United States.

Some of the cross currents in interest rates can be explained by seasonal trends. But some is due to a change in borrowing habits.

This makes it all the harder to evaluate the effect on business of the lowering of bank charges on loans. Theoretically, this should lead corporations to borrow more at the lower rates, and expand their activities. This would give the economy the desired push off dead center.

But many observers aren't so sure that there will be very much of a shove this time.

Business may not want to borrow more, even at lower rates. It depends on how fall prospects shape up.

And many firms can still find cheaper money outside the banks. They have been issuing commercial paper backed by their own credit records. Or they've turned to the long-term bond market as interest costs fell.

And "many corporations have been able to raise needed money for every-day activities within their own business, as depreciation write-offs rose, as earlier expansion plans were shelved for a time and as cost cutting schemes took hold.

Kenny Group Planning To Reorganize

MINNEAPOLIS (AP)—The president and 11 directors resigned Tuesday as part of a complete reorganization of the Sister Elizabeth Kenny Foundation. The foundation's former executive director is under indictment on grand larceny charges.

The planned reorganization and the new board members will be announced at the next meeting of the executive committee, and the board Sept. 9, said B. C. Gambie, outside president.

"Resignations from all former members of the Sister Kenny board have been accepted," Gambie said in a statement, "and plans for the future are well formulated, so I feel my work has been completed."

Gambie assumed the presidency in early July after a report by Minnesota Atty. Gen. Walter F. Mondale accusing Marvin L. Kline, 41, executive director, of widespread profiteering from Kenny polio funds. Kline now is under indictment on grand larceny charges.

Carl Pohlad, Minneapolis bank president and member of the three-man executive committee, said most of the new directors likely will be from the immediate area, where meetings could be called easily.

Mondale and the foundation have started suit against Kline, and Fred Fadell, foundation publicity man, to recover three million dollars. Mondale in a second report, accused the two of diverting Kenny funds to their own profit by "skillful manipulation of foundation affairs."
