NUMBER 18

## Candidates Will Speak at High School Auditorium Monday Nite

### Public Invited to Hear Issues

It is of vast importance that all should hear and judge candidates' fitness.

On Monday night all 37 candidates or more will present their case to the public at the Portales high school auditorium.

As the news goes to press there are 37 candidates in the field, and it is to your interest to attend this speaking and pass your judgment as to the qualifications of the various candidates.

In past years the public has been very dilatory in voting and after the election condemns the actions of the officers elected.

The time to condemn is before the primary election.

Come out to this speaking and you will be entertained and hear something worth while in regard to county and state government.

### J. W. Grant Dies of Injuries

J. W. Grant, farmer, who was found unconscious on the Lovington highway near Portales, N. M., Wednesday, Feb. 17, at 2:30 p. m., died from concussion of the brain at 5:30 p. m., Saturday, Feb. 20, in Portales.

The injured man was kept alive only through artificial respiration given by the attending physician, from whom the time he was brought in held no hope for his recovery, and the injections were given only in the hope that he would regain consciousness sufficiently long to give a clue as to how the accident happened. Many theories have been advanced, but the consensus of opinion, both by officers and friends, is that he was struck by a large truck reported seen on the highway at the time, and approaching him from the rear.

John Warren Grant was born in Coffey county, Kansas, on April 18, 1865, and moved to Texas with his parents when 21 years of age. In August, 1888, he was married to Miss Amanda Jackson White, in Grimes county, Texas, where his parents had settled, near what is now the town of Jola. This happy union were born six sons and three daughters, two of the boys and one girl being now deceased. The mother of these children entered into rest on June 5, 1926.

A few years later, the living children all being grown, Mr. Grant moved to Roosevelt county, N. M., near Portales, and in the summer of 1930 was married to Mrs. Ersula Chambers, at the New Hope Baptist church, seven miles southeast of Portales, and of which he was a member and was associated with his neighbors in building the edifice. He was superintendent of this Sunday school for about a year, and a deacon on the board. He was a member of the Masonic order at Jola, Tex., an active worker and member of the Baptist church there before his removal to New Mexico.

Present at the time of his death in Portales were one daughter, Mrs. George C. Smith of Happy, Tex.; two brothers, W. N. of Portales, T. B. and son, John Warren, of near Lorenzo, Tex., and Mrs. Grant of Portales.

The body was shipped to his old Texas home, where interment was made on Wednesday, Feb. 24, with Masonic rites. Accompanying the body were Mr. and Mrs. George C. Smith, Mrs. J. W. Grant, and T. B. Grant.

Surviving are Mrs. Grant of Portales; four sons, J. J. and Argyle of Houston, Tex., M. W. of Lebanon, Mo., R. F. of Jola, Tex.; two daughters, Mrs. M. M. Edwards of Dallas, Tex., and Mrs. George C. Smith of Happy, Tex.; three brothers, W. N. of Portales, N. M., T. B. of Lorenzo, Tex.; J. L. of Ben Wheeler, Tex., and one sister, Mrs. F. E. Alewine of Jewett, Tex.—G. C. S.

### Portala Theatre Changes Policy

The Portala theatre, formerly the Palace theatre, will make an entirely new change in the policies under the management of Temple DeVelbiss, local manager.

They will show a continuous performance daily from 1:30 to 10:45 with an entirely new set of lowered prices.

The R. E. Griffith Theatres, Inc., a New Mexico corporation operating six theatres in New Mexico, purchased the theatre from Johnson & Kyle. Each manager is a stockholder in the company and will co-operate in every way with the people of Portales and Roosevelt county.

DURWOOD WRIGHT IS MADE EAGLE SCOUT

At the Boy Scout meeting in Portales Durwood Wright was advanced to the rank of an eagle scout, and presented with the eagle badge.

This is the highest rank in Scouting, and is the goal toward which nearly every boy strives when he becomes a Boy Scout.

### Speaking Dates For the Week

Following are the speaking dates of the primary candidates for the week:

At Bethel on Thursday, Feb. 25. Legislative candidates only, Saturday afternoon, Feb. 27, at the court house.

All candidates Saturday, Feb. 27, at Elide in the evening. At the high school auditorium in Portales Feb. 29.

At Union Valley Mar. 2. At Rogers on March 4.

Candidates request that instead of serving pies box lunches consisting of fruit, sandwiches and coffee be served, as they are losing their appetite for pies.

Miss Carolyn Bradley, one of the teachers at Tatum, came to Portales for a week-end visit with her parents, Mr. and Mrs. J. M. Bradley. She was accompanied by Rev. Arthur Cox, Miss Wilma Cox and Miss Mary Killon. The party made a business trip to Clovis Saturday afternoon and all returned to Tatum Sunday.

## Roosevelt Co. Basket Ball Tourney at High School Gym Sat., Feb. 27

### PREDICTS BOOST IN LEASING STATE OIL LANDS

The decision of the state tax commission to tax leases on non-productive fee lands, says a dispatch in the New Mexico State Tribune, will boost business on state-owned lands, in the opinion of J. P. Hinkle, state land commissioner.

Leases on state-owned land are tax free, inasmuch as the tax commission proceeds on the contention that the leases are a part of the land.

Mr. Hinkle believes oil leases on fee land may be curtailed, if they are taxed.

### Ladies Ready to Wear Store to Open Here Soon

Mrs. C. J. Whitcomb and Miss Beola McMinn will open a ladies ready to wear store in the old Security Bank building in a few days.

Mrs. Whitcomb left today for Dallas to select the stock for this business.

Mrs. Whitcomb was for many years in this line of business in Portales, and Miss Beola McMinn was connected with the Joyce-Fruit Company for years.

They expect to be ready to open this store as soon as the merchandise arrives.

### CANDIDATE RABBIT DRIVE

The Pleasant Valley citizens have decided to take advantage of the primary campaign by holding a rabbit drive on Mar. 14, which is the Pleasant Valley speaking date in the campaign schedule.

All candidates are urged to come and bring their friends with them. The drive will start at 9 o'clock Monday morning, Mar. 14, at the Pleasant Valley school house.

There will be dinner on the ground and there will be plenty of ammunition on the ground at cost. Come to Pleasant Valley school house Mar. 14 and bring your friends with you.

### McAdoo Would Tax Rum Kings

Says Levy Would Make Up Most of Amount Needed by U. S. Treasury

Taxing the bootleggers and drug peddlers to the full extent of their incomes was proposed last week by William C. McAdoo, former Democratic secretary of the treasury, as one way of ending the government's fiscal troubles, says an Associated Press dispatch from Washington, D. C.

The suggestion was made in a letter to Senator Walsh, Democrat of Montana, who had sought his views on new methods of taxation. Without discussing prohibition, McAdoo wrote that if reports were true that bootleggers were making a billion and a half dollars annually it was the government's duty to "take the entire amount of such profits through taxation."

"Those who argue the government should not tax unlawful business, fail to realize that if incomes from illicit operations are exempted from or permitted to escape taxation, while incomes from lawful operations are not, the criminal is rewarded and the honest man is punished," he said.

Kenneth Livingston, principal of the Junior high school, was absent from school on Monday of this week on account of illness.

### Attend Area Council Friday

On last Friday J. C. Sparks, H. E. Taylor, Clyde Youngblood, J. G. Greaves, Rev. C. A. Lorta, J. H. Breashears, Jay Thompson and Durwood Wright attended the Eastern New Mexico Area council of the Boy Scouts at Roswell.

It was a splendid meeting and all in attendance were inspired to better work for the boys of America.

The trip was without event until returning home, when they ran into a snow storm near the Railroad mountains.

From there home the snow became heavier and the snow piled against the windshield until the road could not be seen.

Between Lone Wolf filling station and Kenna a car ahead of the Portales delegation ran into and killed a cow, which came near causing a wreck.

The party reached home none the worse for the trip, about 12 o'clock that night.

### INSURANCE AGENCY MOVES LOCATION

The Alice Cissel Insurance agency has moved its location from the Bryant building on State street to the Elliott & Waldron Abstract building on the west side of the square, where all business with the firm will be transacted.

### Snappy Games by the Rural Schools

Handsome Trophies Will Be Provided for Winners in Contest

The Roosevelt County Basket Ball tournament will be held Saturday, Feb. 27, at the Portales high school gymnasium.

The first game will be played between Causey and Rogers, beginning at 1 p. m. Portales and Floyd will play the second game beginning at 2 p. m. Richland and Fairfield will play at 3 p. m., after which the winners of the first two games play at 4 p. m. In the evening at 7 p. m. the winner of the third game will play Midway, and the winner of this game will play the winner of the fourth game for the championship.

Only one girls' team, from Richland, having entered, there will not be a girls' game, unless another entry is allowed and made. In which case a girls' game will be played at 8 p. m. and the final boys game postponed until 8 p. m. The referee will be McDowell of Clovis and the timekeepers will be Garnet Wade, Lee Burt and Grady Tucker.

Foy Jones and Marion Stinnett have complete charge of the tournament and will handle all business in connection with the event. Committee, Agrie Jones, Foy Jones, Eugene Butts, Crockett Stone.

### T. E. L. CLASS HAS SOCIAL SESSION

Members of the T. E. L. class of the Baptist Sunday school will meet tomorrow afternoon in the home of Mrs. Wollard for a social session and also to discuss plans for the future activities of the class.

Mrs. Wollard is teacher of the class and will have the plans of the meeting in charge.

The ladies are invited for 2:30 o'clock.

### GRADE SCHOOL HAS WASHINGTON PROGRAMS

All the teachers in the two units of the Portales grade school arranged short Washington programs in their respective rooms on Friday of last week.

The children of the department are in the first and second grades and the teachers felt a Friday afternoon program would interfere with the work of the small children less on Friday afternoon than on Monday.

The numbers consisted of music reading and little drills. Many of the parents were present to witness the rendition.

Monday afternoon, after the last recess, the children in the big building held Washington programs in their home rooms. Miss Littlefield and Mrs. Canon were both absent on account of illness and the girls and boys in Miss Littlefield's room were the guests of their friends in Miss Florence's room, but the outlined program in Mrs. Canon's room was carried on as scheduled. Mr. Brown introduced the persons appearing in the number which Mrs. Canon had arranged. The numbers given in the various rooms followed the usual Washington programs, with songs, readings and acrostics.

The children had invited their parents and friends, therefore several visitors were present for the hour's entertainment.

Miss Linnie Hulse of Baileyboro, Tex., spent last week with Miss Beatrice Price of the Redlake community. The two ladies were college friends. Miss Price accompanied Miss Hulse Monday and visited over Sunday.

## R. B. Price Leases Greathouse Ranch

R. B. Price, president and general manager of the Midwest Dairies, Inc., of El Paso, Tex., has signed a lease with Charles H. Greathouse for the use of the Greathouse ranch during the next several years.

Mr. Price and his associates acquired this extra range that they might have facilities for raising a large number of their beef calves from the dairy herds at El Paso.

Mr. Price has several dairies in the vicinity of El Paso and at present has about one thousand cows, all of which are well bred stock, and since there is always a demand for young cows from these herds, the owner determined to make arrangements to care for a larger number of their beef calves.

Mr. Kinney, who has been manager of the ranch at Hondo, N. M., will be placed in active management of the ranch.

This tract of land comprises twenty sections of the splendid grazing land about eight miles from Floyd and will give plenty of territory for sheep range, should Mr. Price decide to add this industry to his dairy business.

Mr. and Mrs. Jim Burleson, Mr. and Mrs. Orvil Moore and family spent the week end with Mr. Burleson's father, A. C. Burleson.

Mrs. A. J. Goodwin left this week for Denton, Tex., and will be absent until after the first of March looking after business interests.

## Trees Planted with Program

The student body and faculty of the Portales high school, together with many friends from the city, witnessed the ceremonies held Monday morning at the planting of the two trees in commemoration of the two hundredth anniversary of the birth of George Washington.

The ceremonies were in charge of the biology class under the direction of Mrs. K. D. McCall and Rev. R. F. Davis, pastor of the Methodist church, was invited to give the address of the morning.

The ceremonies of planting the trees were preceded by a program held in the auditorium. Here a large framed picture of Washington was placed on an easel on the stage.

Miss Edith Wheeler, president of the student body and also a member of the biology class, announced the numbers of the program, which opened with a song by the glee club. Mr. Golden gave the invocation and a chorus from the biology class sang "Trees."

Burl Howell gave a review of the life of Washington. Lloyd Vaughn and Opal Setzer, in colonial costumes, appeared in a pantomime, while Annie Maud Hunter told the story of the incident. The entire biology class next appeared in a chorus and was followed by Harold Knox who gave an interesting account of Washington as a citizen.

The school band then directed the crowd to the front school lawn, where the ceremonies of planting the trees were continued.

The Girl Scouts and Boy Scouts conducted the hoisting of the flag and led the flag salute. With the band leading, the crowd united in singing "America."

Rev. Davis was then introduced and gave a well accepted address in the dedication of the trees, closing with this poem of his own composition:

TREES  
Little trees of the high school group, we love you best,  
We plant you here today with a feeling of tenderness.  
You are an infant now, but you shall be greatly blest;  
In your noble branches, birds shall build their nests.

We'll watch over you with tenderest love and care,  
And when we are gone, you will still be standing there;  
The pride of children's children, who come from far and near;  
They'll look on you with pride and they will call you dear.

Little trees, we say, God bless you, as the years roll on,  
May health and beauty attend you, as you reach up toward the sun.

Under your widening branches may happy children play and run,  
For we dedicate you today in memory of George Washington.

As your fair branches lengthen, may you ever be  
A source of inspiration to all that shall see  
Your unfolding beauty, into a majestic wondrous tree;  
And may your hallowed influence ripen in eternity.

The trees, which are Chinese arbor vitae, were selected by the members of the biology class, and were planted on each side of the walk near the front entrance to the high school building.

They will stand as a monument to the students of this class, many of whom are seniors and are this leaving their beloved institution the Portales high school.

### Basket Ball Season Will Close Friday

The last basket ball game of the season will be played Friday evening in the high school gymnasium.

For the past several weeks two and three members of the team have been absent on account of illness, but this week the full line-up is back at practice and it looks as if the first line players would go into the game Friday night, when they meet the strong team from Rogers.

The Rogers boys are coming to Portales with full determination to make the contest an active hour of entertainment.

The midgets from the Junior high school and the senior high school midgets will meet for the first game of the evening and both games may be seen for the prices of 15 and 25 cents. Fifteen cents will purchase a gallery seat and 25 cents will acquire a seat on the main floor.

The second game will be called at 8 o'clock.

This is the last scheduled game of the Rams before they go into the district tournament at Clovis on Friday and Saturday of next week.

Mr. and Mrs. G. W. Carr drove to Fort Sumner Monday, where they visited with Mr. and Mrs. M. P. Carr and children and also attended to some business matters.

## Legislative Candidates to Speak at Court House Saturday Afternoon

### Masons Celebrate Washington's Birth

On last Monday night the regular meeting of the Portales lodge, A. F. & A. M., No. 26, a Washington's birthday program was given. Floyd D. Golden discussed Washington as a citizen.

Ralph R. Will discussed Washington as a soldier.

R. A. Young had for his subject Washington as a President.

C. M. Compton discussed Washington as a Mason.

The program was inspirational and each speaker handled his subject in a thorough manner.

After the program refreshments consisting of cherry pie and cocoa was served.

Programs of this nature will be held at each regular monthly meeting date.

### Two Men Killed in Gun Battle

Roswell, N. M., Feb. 24.—Two men believed wanted by Oklahoma authorities, were killed and John O'Dell, Sheriff J. M. Clifton of Tatum, N. M., was seriously wounded in a gun fight fifteen miles north of Tatum early today.

The two men, Walter Carlock, said to be wanted in Oklahoma for bank robbery, and John O'Dell, who was an escaped convict from the Oklahoma penitentiary, were seated in a car along side the road when Clifton approached them to question them about a robbery which had occurred at Lovington some time during the night. As he approached the car they opened fire on him striking him three times.

Clifton, however, before he was shot and killed both men. Clifton was taken by airplane to a hospital at Lubbock where little hope for his recovery is held.

### Much Flu in the County

There is much sickness in the county at this time of the nature of flu, and this epidemic is also widespread over the panhandle of Texas.

Much sickness has been reported in Portales the past week. Flu requires careful nursing and diet, and where the treatment becomes so enough, it is not proving serious.

Every caution should be used to guard against this disease, so that an epidemic, as in 1918, may not again occur.

### Portala Theatre Gives Band Benefit

Manager Temple DeVelbiss has made arrangements for benefit programs at the theatre on Tuesday and Wednesday of next week, Mar. 1 and 2, when 50 per cent of the proceeds will be given to the Portales school band.

In addition to the feature picture which will be given on these occasions, a new reel will be shown of the National Band meet, which was recently held in Tulsa, Okla.

Tickets will be on sale by persons interested in the growth of the band and a full house on both Tuesday and Wednesday evenings will be not only a great encouragement to Ernest Fugue, director, and his young musicians, but will also help with the finances of the organization.

Truett Grant, of Denver Colorado, is visiting his parents in Portales. Mr. and Mrs. W. C. Grant. He plans to return to his studies March 1, at the University of Colo.

## Monday, Mar. 7, Is First Trade Day in Portales—Bargains Galore

### City Forester to Lecture Mar. 7

R. C. Morrison, forester of the city parks of Ft. Worth, Tex., has been secured by the Portales Chamber of Commerce, through the West Texas Chamber of Commerce, to lecture in Portales on the night of Mar. 7, at 8 o'clock.

The title of his lecture will be, "Making the Most of Our Environment."

This is a splendid opportunity for the people of Portales to hear something constructive on beautifying the home and city.

### GOULD RESIGNATION FILED IN SANTA FE

Fred Gould, former assistant comptroller, Monday filed his resignation, says a dispatch in the State Tribune.

His letter to the comptroller said: "To relieve you from embarrassment by my employment, I hereby tender my resignation, effective Feb. 15."

Oscar Galloway has been ill for several days with the flu and has been unable to attend school.

### Many Issues of Campaign to Be Presented Voters

Candidates for Senate and House to Hold Special Meeting to Express Views

Many people have commented upon the short time allowed the candidates at the speaking dates over the county, and have expressed the desire to hear the legislative candidates present their platform and tell what they expect to do for the public if elected.

In consideration of this, the majority of the legislative candidates have agreed to hold a public speaking on Saturday afternoon, Feb. 27, at 2 o'clock, when candidates for the legislature and state senate only will speak.

These gentlemen are asking for the most important offices in the gift of the people, and those elected will assist in making your laws.

You owe it to yourselves to attend this speaking so that you can arrive at a just decision as to whom you will support in the April primary.

Be sure to be there and you will hear something that is worth while. Other candidates who have issues to present to the public will have the privilege of arranging for like speaking dates on other Saturday afternoons from now until the primary election.

### Junior High School Program

An interesting program was given by the students of the Junior high school before a well filled house last Friday evening.

The teachers in that building had spent much time in the preparation of the numbers and the variation was enough that the entire program was most pleasing.

The opening number of the evening was a chorus. The girls and boys were clad in the high school colors and gave two selections, one of which was the Washington bicentennial song. This was under the direction of Miss Alene Harris and the chorus consisted of nineteen girls and boys.

The little one-act play, "Orange Colored Necktie," was directed by Miss Jamie Greenwald. Junior Means, as Mr. Hawkshaw, disturbed and disrupted his whole household over an orange colored necktie, which he received as a gift and was determined to wear to a party.

The family situation grew tense, but the search continued until the article was located.

A minut was given by eight young people in colonial costumes. This had been arranged by Miss Oldham, and the colonial ladies and gentlemen were Marion Selby and Merelyn Gunn, Warren Copelin and Dorothy Hall, Warren Wright and Anna Porter-Deen, Earl Watts and Mary Lena Hillard.

The closing number was another one-act play. This was directed by Eurieth Compton and was an account of the travails of the Sims family over the son "Red," who delighted in being dirty and rebelled at any suggestion to clean up, even though the Aid society was giving a raspberry social in the rear yard at his home.

Miss Harris, at the piano, and Miss Elizabeth Pickett, with the violin, furnished the between-numbers music, and this was a very pleasing feature of the evening.

A very satisfactory sum was realized and this will be used at the Junior high school under the direction of K. E. Livingston, principal.

### Big Day for Rural Buyers

Make Your Dollar Work for You in This Monthly Event—Reduce Living Cost

Monday, Mar. 7, will be the first big trade day in Portales for this year.

The Portales merchants have designated the first Monday of each month as Trade Day, and are arranging better bargains for these days. The 7th of March will be the first Trade Day of the year, and in the next issue of the News you will find the announcements of the Portales merchants participating in this event.

Be sure to make arrangements to come to town on this day to do your shopping. Each merchant participating will offer some special bargain for this event, and you will be able to save enough to pay you well for a trip to town.

This is to be a monthly event and it is to your interest to attend every first Monday.

This is a great co-operative move by the merchants of Portales to show you that the Portales merchants appreciate your business and that they are willing to meet you half way to bring down the cost of living.

Watch this paper next week.

### Jo Ethel Smith Stricken With Flu

Portales was shocked Tuesday morning when the news was flashed through the city that Jo Ethel Smith had passed away very suddenly from the effects of flu.

This little girl was a favorite in the city, not only with the children of her own age, but with the men and women with whom she never failed to pass a friendly greeting, and the more elderly people for whom she, with her ever-ready bicycle, so willingly and cheerfully ran errands and made up numerous deeds of thoughtfulness.

Jo Ethel was in the Junior high play at the high school Friday night and was the life of the scene in which she appeared, romping in great glee with the other children who were to make up the members of a garden party. Saturday she was down town in her usual jolly mood, but Sunday she complained of not feeling well.

The family physician was called and Monday he reported little Jo Ethel seriously ill, but her condition was not deemed alarming until Tuesday morning, when she began growing worse. A trained nurse was placed in charge of the patient, but she passed away less than an hour later.

Jo Ethel was born at Peters Landing, Tenn., July 15, 1917, and was the second daughter of Mr. and Mrs. W. B. Smith. She came to Portales with her parents and her sister Alene about three years ago, and in that short time has won a place in the hearts of hundreds of friends. The members of her family never failed to appreciate her helpful and happy nature. Her frequent visits to her uncle, A. B. Smith, who has been shut in much of the time since coming to Portales, were always considered the most cheerful and gladness hours of the day.

She was a charter member of patrol No. 2 of the local organization of Girl Scouts, and was ever interested and helpful with all the activities of her patrol.

This funeral was held at the Methodist church yesterday afternoon at 3 o'clock with Rev. Davis and Rev. Barnard conducting the services. A casket, arranged by Mrs. A. W. Freeman gave a number of favorite songs of the deceased.

The six friends carrying the casket were Girl Scouts from patrol No. 2, and all wore the regulation Scout uniforms. They included Mary Evelyn White, Ethel Orr, Vivian Case, Martha Jo Barnard, Annie Porter Deen and Louise Miller.

The great mass of flowers which covered the casket and banked the rostrum was a silent testimony of the great love the friends held for this young girl.

Ed J. Neer was in charge of the interment services at the Portales cemetery. After the body had been lifted to its last resting place, Winifred May, another Girl Scout, sounded taps.

### Two Officials to Elect in the City Election

In the city election which will be held in April, there will be only two officers to elect this year.

In the last election the charter of Portales was changed from that of a village to a city, and the aldermen were elected for a term of four years.

A mayor and a city clerk will be elected in April.

### CANDIDATE FOR CITY CLERK

The News is authorized to announce J. Clint Fairly as candidate for City Clerk of the City of Portales, in the April election. His name will appear in the prayer column next issue.

## DOUBLE PRIMARY SHOULD HAVE BEEN CALLED

The County Central committee decided upon a single primary election for April 2, but complications have arisen whereby a double primary is needed.

The large number of candidates who have announced will make it impossible for the public to make a choice, and the nominees may go in by a small minority of the voters of the county.

Such a situation will cause much dissatisfaction with the nominees and may result in an independent ticket this fall.

Many voters over the county are commenting on this and at this time it looks as if it would be wise to call the Central committee together and authorize the holding of a double primary for those who do not receive a majority of the votes cast.

If a single primary is satisfactory to the candidates and the voters, the News has nothing to say, but is merely voicing a warning of what might be the result of a single primary this year.

## MINOR HUFFMAN

It was a blow to eastern New Mexico when it was announced that Minor Huffman, Area Boy Scout executive, was to be transferred to the regional office at Dallas.

Minor has largely been responsible for the success of the Scout movement in this section, and Minor was loved and respected by the youth of eastern New Mexico.

While all regret his leaving, yet they feel a pride in his promotion and wish for him every success.

## WE ARE STILL PROSPEROUS

As Americans who have emerged from a panic, a stock market crash, a depression, let us ask ourselves, have we lost anything real? Many of us have less to live on, but more to live for, real giving was never so spontaneous, real sharing never so much in evidence, real friendship never so true to the test.

Depressions may affect the price of securities, of real estate, of commodities, but nothing can lower the value of LOYALTY, or affect the valiant spirit of co-operation, the splendid battle cry of "Carry on!" with which our business organizations and associates meet emergencies, back up their belief in us, in better times, in America.

Market panics may reduce our dollars and cents capital, they can never reduce but only add to our faith in the power of prayer, our trust in divine guidance, our confidence in God and His government of His universe.

Being rich does not mean being great, either among nations or individuals, greatness comes through achievement. Spiritual power is the greatness of an individual or a nation, how RIGHT, how upright, how true, how generous, how noble—NEVER how rich. Being something is more worthy than owning something, giving is far more courageous just now than giving up.

Panics may wipe out profits, business depressions may wipe out dividends; they cannot touch a man's greatest possessions, his courage, honesty, valor, honor. They can only serve to stimulate stagnant ambitions, they purge him of selfishness and greed, they set him about striving for progress in ways that matter. His purposeful efforts will achieve still greater things, not only for himself, but for America.

America was soft—too much wealth that comes too easily. Her sons and daughters have a mighty opportunity to prove the stuff of which America is made, to manifest her unconquered spirit, to show forth her greatness in the face of adversity. Out of all this, what we ARE is of far more importance than what we HAVE. We can lose what we have, we can never lose what we are. Serving is taking its real place at the top of the list, with sharing a close second—getting and having have gone by the boards.

So then, because we have discovered, each for himself, that our spiritual resources, our inevitable future progress are not dependent upon stock quotations or market trends, let us rejoice that we are still prosperous, with a lasting prosperity that can never be taken from us, nor true us, from America.—National Editorial Association.

## PORTALES MERCHANTS TO CO-OPERATE

Co-operation will win. Portales has been losing trade for the lack of full co-operation among the Portales merchants.

The merchants have now got together and will stage a big bargain day on the first Monday of each month.

Practically all of the leading merchants of Portales have agreed to this plan and on this day each merchant will offer a special bargain to draw trade to town.

This is not a price cutting fight between the merchants, but a gesture to show the public that Portales is a good trading point.

The Portales stores are stocked with quality merchandise and the prices are in line with any city within 100 miles or more of here.

These special bargains will be inducements for the buying public to come to Portales and get acquainted with the Portales merchants and inspect their merchandise.

It will not only enable you to save money on the special bargains offered, but will enable you to see that the everyday prices are as low if not lower than that of merchants in any city.

Not only will the merchants offer you splendid bargains, but they will work with you in every way possible to help you secure the best market possible for your farm products.

If the farmers of the Portales trade territory will co-operate, Portales will become a much better town in which to do your buying, and also in which to market your farm products.

Read the ads in the News and then come to town and take advantage of the bargains offered.

## DIG IN AND WIN

My boy, it's a pretty good world, you'll find  
If you look straight ahead and don't look behind.  
Though it snows sometimes,  
And it blows sometimes,  
And you think it is flooded with woes sometimes,  
It's a glad old world.  
And a sad old world—  
Or a bad old world.  
When you make it so.  
But just bear in mind, wherever you go,  
That somewhere the grand old sun's a-glow.  
"Oh up and git!"  
And a lot of git.  
Are the things that label a man as "it."  
There's a shadow here and a dark place there,  
But you'll find the sunshine is everywhere.  
If you look for it. Chirk up! Elate!  
Rub the word "realist" off your slate.  
Meet the knocks with a grin.  
But never give in.  
And, sooner or later, you're bound to win!  
—The Bookkeeper.

## SOCIAL ANNEX

By THE BOGS

Hey, kids, the circus is coming!

On Monday night, Feb. 23, the greatest three-ring circus ever staged will make its initial appearance in Portales.

The greatest aggregation of freaks ever displayed under one canvas will be shown in one ring at the high school auditorium.

Absolutely free.

No pies will be sold or thrown.

O. M. Compton, county Democratic chairman, will act as ringmaster, and promises to keep the performers moving.

This is a ferocious aggregation and the audience is cautioned against feeding the animals or getting too close to the cages.

Be sure and come—it is absolutely free.

It is a spectacular performance that would have made Pete Harman green with envy, and one that rivals the gladiators of Rome in the days of her glory.

Positively one night only.

Some of the attractions are:

The Thrifty Scotchman who dug the Grand Canyon hunting for a penny. D. A. Gordon, will be on exhibition.

Charles Greathouse, the rival of Buck Rogers as a rodeo performer, will rope you in.

S. E. Johnson, the champion bulldogger, will be there.

R. L. Allen, reformed lawyer who has turned politician, will make his bow to the public.

W. T. Simmons will positively appear on the program.

Jersey Tom Haislip, captured on the Isle of Jersey, will also be present.

W. B. Oldham, Earl J. Stratton, J. Harve Baker, Bob Adams and F. T. Burke, four of whom will be eligible for the bathing beauty contest on Salt Creek on the night of April 2, will positively make their appearance. Only one will be eliminated from this beauty contest.

Arthur Woodburn will make his appearance on this occasion.

A. E. Hunt, reported to be the sockless wonder, will be present, minus his socks.

Sam E. Fletcher, the egg expert, will answer all questions as to eggs, and can tell by looking at an egg whether it will hatch a rooster or a hen chicken. He will give a demonstration and the audience is requested to deliver the eggs in a basket and not throw them.

J. E. McCall, owing to an accident, will be represented by proxy.

Floyd Kennedy, the fire eater, will give a demonstration and jump through a flaming hoop.

B. L. French, the rabbit twister from Oklahoma, will demonstrate both left and right hand twisting.

J. W. King, the missing link from Arkansas, will be there in full regalia. He can speak no English, but will give a demonstration in sign language.

H. A. Hunter will demonstrate the Pe and Qs and possibly give a lecture on the Darwin theory.

Mrs. Paul Morrison, the carnival queen, will make her bow.

C. M. Setser will photograph your innermost thoughts and present them on canvas.

Fred C. Marshall, the untamed auctioneer, will sell the shirt off your back unless held in bounds by his keepers.

Homer Barnett, the world's greatest tenor, will sing, "How I Love You."

Henry Beebe will sing, "Oh, How I Long to Be There."

Frank Jernigan will lecture on "Brotherly Love."

Leave your pocketbooks at home or J. H. Bond will have their contents in the charity fund.

L. T. Fulton will demonstrate as a marathon runner.

Jack Howard, the wild giant captured after years of chase, will be on exhibition, fully chained and guarded.

H. C. McCowen, the wild man from Russia, will be exhibited. He was captured in the jungles of Russia, and eats raw meat.

Coe Howard will give his spectacular trapeze performance—jumping from the trapeze of the ridiculous to that of the sublime. No net will be used, and the red necktie will present the appearance of a flame of red as he makes the leap.

Tom Jernigan, the Tom Thumb side show attraction, will appear in his tuxedo.

T. E. Mears, the tall man, will also appear in fitting costume.

Fred Dennis, the Irish soprano, will favor the audience with a duet.

J. C. Compton, who was captured in East Texas and hog-tied while putting shoes on him, will demonstrate the culture of the west.

Jim Caviness has recently joined this big circus. When Jim was first captured, they took his teeth for their ivory content, and he now enters this exhibit as a soft pie eater.

The latest capture for this circus is a wild and untamable bachelorette, H. F. Edmonds.

This show in Madison Square Garden would command \$50 admission, and you should not fail to avail yourselves of this great opportunity to see this initial performance without money or without price.

Leave all guns and hen fruit with the ushers, and you will enjoy a pleasant evening of rare entertainment.

## Use Home Teachers for Rural Schools

"Santa Fe, Feb. 15, 1932.  
"Mr. A. E. Hunt, Supt.,  
"Roosevelt County Schools,  
"Portales, N. M."

"My dear Mr. Hunt:  
"Last year I wrote to the county boards of education advising that wherever possible qualified teachers residents of this state who have attended our state institutions of higher learning be employed. The response was gratifying and, because of your willingness to help and the noticeable favorable results in the situation, I again bring the matter to your attention."

"The depression has been felt considerably and, realizing the high tax situation, I feel that the taxpayers will feel in a measure repaid if resident teachers are employed and the money paid them remains here. Our teachers will also be encouraged to higher attainments if their efforts in self-improvement are appreciated."

"I wish to thank you for your co-operation in the past and wishing you every success in the selection of your teachers for the coming year, I am,  
"Cordially yours,  
"GEORGINA L. LUSK,  
"Superintendent of Public Instruction."

In January the county board of education, passed a resolution whereby home teachers trained in state institutions would be given preference.

This is a good move and is in line with the policy of other states in the relief of unemployment.

The county superintendent in defining "home teacher," stated that teachers now employed in the schools were classed as home teachers.

## A BAD FIX THAT HOLDS YOU BACK

Two bowls are one of nature's chief safety valves for throwing out impurities. Keep them in a healthy, active condition, with a free movement each day. Black-Draught will go far towards cleaning the system and will help you to avoid the ill effects of self-poisoning from

## CONSTIPATION

"If I let myself get constipated," says Mr. A. E. Brannon, 303 Oakland Ave., Gaffney, S. C., "I find soon that my head is dull and aching. A few doses of Black-Draught will make me feel like new. I know when one lets himself go, the system gets clogged, and he gets tired and sluggish. That was my trouble till I learned of Black-Draught and have used it. Results have been splendid." FMA 17

## Why I Have Not Personally Solicited Your Vote

Friends are frequently asking me why I have not solicited their vote during this campaign. The following quotation from Code '29, Ch. 120, Sec. 402, answers this question:

"The employed and elected County School Superintendents shall devote all their time to the performance of their official duties."

I believe that law was intended to serve during political campaigns as well as at other times. I shall not steal time from the work for which you are paying me in order to campaign. The duties of this office have been multiplied by the crisis through which we are passing. I shall remain "on the job," trusting that you will appreciate honest, faithful service more than political ballyhoo, and that you will remember Lincoln's wise saying:

"It's a poor time to swap horses while crossing a stream."

# A. E. HUNT

## Are you Interested In Good Government

The citizenship of the Portales voting precinct will be given an opportunity to hear the candidates for the various offices defend their respective platforms Monday evening, Feb. 29, beginning at 7:30 p. m., in the Portales High School Auditorium.

In a democracy good government depends upon the wise selection of officials by the voters. It has been truly said that in a representative government like ours that people get about as good government as they deserve, meaning that unless they take the trouble to inform themselves so as to choose properly they do not deserve better than they happen to get.

All citizens owe it to themselves and the community to give these candidates a hearing, weigh their respective claims, and cast their votes accordingly.

## EVERY VOTER IS URGED TO ATTEND

## INEZ

Mr. and Mrs. Glen Parrish and little son spent several days last week visiting in the I. B. Parrish home.

Mrs. W. R. Tollett, Mrs. Floyd Vincent and Mrs. Hill spent last Friday with Mrs. Fred Duke, visiting and lending a helping hand in cooking the thresher dinner.

S. A. Clark donated two big turkeys to the Portales orphanage. A good example for all to follow.

Mr. and Mrs. Floyd Vincent entertained the Sunday school workers' council last Thursday night. After the reports and plans of teachers were given, refreshments of lemonade and cream pie were served to about fifteen people.

Thirteen members of the young people's and senior classes were entertained at dinner in the home of Mr. and Mrs. L. B. Parrish last Sunday. A good dinner was enjoyed and the afternoon was spent in visiting and playing games.

The Young Men's Religious alliance meets Tuesday night of this week with Frank Greathouse, Bill Musick is leader. The subject to be discussed is, "How Can We Make Our Young Men's Meeting a Success?"

The flu seems to be showing its hand in most of the homes in our community. The following are reported suffering from its effects: Dee Fletcher, Virginia and Wilma Mullins, Dale Greathouse, Mrs. Charles Adams and little son, Mrs. John Harth and two sons, Bill Parrish, several in the Mann Clark home and Irene Vincent.

Rev. J. D. Wagner filled the pulpit last Sunday for Rev. L. M. Brown, who was unable to be here on account of sickness.

Hell Mullins will have charge of the Sunday school worship program next Sunday.

Jewell Fletcher will have charge of the league next Sunday night.

Doyle Greathouse was leader of the league last Sunday night. A good program was rendered and a good old-fashioned singing was enjoyed before the league hour.

## JOHN HARTH

Many of the friends of John Harth will learn with sadness of his sudden death, when a large elevated feed bin, because of the rising wind last Thursday, fell upon him. He was able to draw only a few breaths after the removal of the bin, which his brother-in-law, George Shepard, and Luther Musick, did at once. A doctor was immediately called, but to no avail, for he had answered a greater and more powerful call than even the voice of his loved ones.

Mr. Harth was a pioneer, having come to our community in 1907, and is well known over this part of eastern New Mexico. He was well liked and much appreciated by his friends for his square dealings to all.

On July 28, 1908, he was married to Miss Annetta Shepard, who was one of our first school teachers in Roosevelt county. Mr. and Mrs. Harth seemed to be almost inseparable in life and in their devotion to each other. It seems sad that such a home must needs be broken. Into this home were born three children, Ellsworth, Ammon and Delbert. The heavenly Father in His mercy has seen fit to leave these boys to bless and comfort their mother in this, her time of sorrow.

His friends never knew him to spare himself in the preparations for the physical welfare of his family, and he constantly taught his children many worth while morals. More than one lonely, homeless boy has found a welcome under his roof and been given a home for as long as he chose to stay. By these as well as by many others who have been helped and comforted in sickness and distress has the Harth name been written on the white page of good deeds.

John Harth was born Mar. 1, 1881, in Parker settlement, Ind. He died Jan. 28, 1932, at his home at Inez. Funeral services conducted Jan. 30 by Rev. J. D. Wagner in the church building and interment made in the Inez cemetery.

Besides his immediate family he leaves two sisters, one in Oklahoma and Mrs. G. L. Tollett in Inez, also

## AGRICULTURAL OUTLOOK FOR NEW MEXICO IN 1932

"The dominating factor in the agricultural outlook for 1932 is the general business situation and the general price level." This is the opening statement made in the Agricultural Outlook for New Mexico, prepared by the New Mexico Agricultural college for the year 1932, which continues as follows: "While individual commodities will be affected by the production and supplies of these commodities and farmers should make it a point to study the situation regarding each commodity which they might produce, little relief can be expected for agriculture until the general business situation improves."

"The foreign financial and political situation is still uncertain and not very encouraging, and this is holding in check any recovery that we might expect in the domestic situation. There are at present no visible signs of an immediate improvement, although some adjustments are taking place in our domestic situation that are setting the stage for ultimate recovery. Efforts that are being made by the federal government to strengthen the financial structure of the country should be of help in checking deflation and restoring confidence in the business situation, which is necessary before any material business improvement may be expected. It is probable that business recovery will take place on a lower price level and some changes in our production will be necessary because of changes in the foreign demand."

The outlook statement prepared by the college includes a brief discussion of the domestic and foreign demand and credit situation, and then discusses separately the situation regarding the more important crops, live stock and live stock products produced in the state. While the 1932 agricultural situation is not pictured as being especially encouraging for any of the agricultural products because it is expected that improvement in demand will be slow, the situation regarding some commodities is more encouraging than it is for others.

## PLAN FEEDING PROGRAM TO HELP DAIRY INCOME

A feeding program well planned and carefully followed will go a long way toward decreasing production costs and increasing dairy income, says E. E. Anderson of the New Mexico Agricultural college.

Since feed costs are considerably more than half the expense of producing milk, it is especially important with the present low prices of dairy products, that these costs be pared to the limit. Too often a crop is raised without taking the needs of the dairy herd into consideration. Instead of providing feed that would bring maximum returns, the farmer is prone to feed whatever is on hand, regardless of results.

The farmer should be sure that enough acreage is planted to provide sufficient roughage and grain for the herd. If not enough land is available to grow both grain and roughage, the farmer should grow the kind of roughage that does the best and, at the same time, furnishes the best dairy feed.

In planning the crops to plant, a sufficient acreage of corn or grain sorghums should be included to provide an abundance of silage for the herd, especially during the winter months when green or succulent feeds are not available. It is equally important to have an abundant supply of this feed during other portions of the year when green pasture crops are short. Corn or grain sorghums made into silage are worth a great deal more than when fed in any other form. Cows have been known to produce 10 per cent more milk when fed on silage than when entirely on dry feed.

In summing up, a program should be planned which takes into account the utilization of all waste feeds, such as stalk fields, etc. Wheat pasture should be used if and when available. Rye, or some other cultivated pasture, should be provided for the winter and spring months, and sudan grass for the

a brother's family in Indiana to mourn his loss.

The entire community extends to the loved ones their heartfelt sympathy and pray that God may comfort and bless them in their grief and sadness.—Cleo Tollett.

summer and fall. The native grass should be preserved and used when no other forage is available. The farmer should plan on growing sufficient roughage for an adequate supply for each following year and, if possible, an extra year's supply should be stored away for emergencies.

Arthur F. Jones, J. H. Lee and Ed J. Neer attended the district bankers' association meeting at Tucuman on Monday of this week.

Mr. and Mrs. S. H. Batton and their family drove to Carlsbad Fri-

day afternoon and remained until Sunday. During the stay there Mr. Batton attended to some business matters.

Mr. and Mrs. L. A. Smith of Amarillo drove to Portales Saturday and were the week-end guests of Mr. and Mrs. W. W. King. Mrs. King and Mrs. Smith are sisters.

Mrs. C. A. Skelton and Mrs. Prentice Rosen of Hereford, Tex., came to Portales Friday and remained until Sunday. Mrs. Skelton spent the time in the home of friends and Mrs. Rosen was with her father, J. H. Bond.

## Announcement of H. P. EDMONDS for Representative 29th Legislative District

I enter the race for representative, relying upon the favor and support which has been so generously given me in the conduct of the seed business; hoping that the citizens of this county will be yet more kind and extend their assistance to me in a political race. The success of my candidacy depends upon such assistance. On account of limited time and means I will be able to see only a small per cent of the voters personally.

I favor a law limiting the tax rate and such other measures of tax relief as will hold the assessment within the limit of our ability to pay.

Having farmed in Roosevelt county for 30 years, I am familiar with agricultural needs. While probably somewhat prejudiced by the farmers' viewpoint, I will strive to be equally alert to the legislative requirements of other business and employment.

If you think a farmer can represent you in the legislature, I want to be that farmer.

H. P. EDMONDS.

**ADDRESSES HOME EC. SCHOOL CLASSES**  
At the special program given by the members of the home economics class in the Portales high school last Wednesday morning, J. G. Greaves was invited to address the young ladies on the subject, "Women and Politics."

Mr. Greaves began with the influence of Eve and continued on down through the ages, naming the queen of Sheba, Cleopatra, Joan of Arc, Queen Isabel, Mary, queen of Scots, and others who have contributed to history.

Among the American women who have been active in politics, he mentioned Miss Rankin, the first woman to be elected to congress, and closed with "Ma" Ferguson, a very active figure in the political circle of our own sister state of Texas.

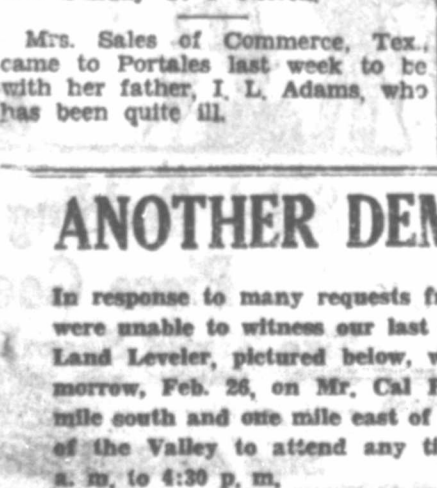

Mr. Greaves stated that since women have been given equal suffrage, they should inform themselves and become interested and intelligent voters.

Rev. and Mrs. C. A. Loria, Miss Lorena Outler and Miss Evelyn Barnard were the dinner guests of Aubrey Davis and Alfred Powell at the home of Mrs. A. G. Whitl last Sunday at 1 o'clock.

Mrs. Sales of Commerce, Tex., came to Portales last week to be with her father, I. L. Adams, who has been quite ill.

**ANOTHER DEMONSTRATION**  
In response to many requests from farmers of the Valley who were unable to witness our last demonstration of the Everman Land Leveler, pictured below, we are holding another one tomorrow, Feb. 28, on Mr. Cal Parker's new place, located one mile south and one mile east of Portales. We invite all farmers of the Valley to attend any time during the day, from 9:30 a. m. to 4:30 p. m.

**New Money-Maker for the Irrigation Farmer**  
This remarkable new automatic leveler does the work of three men. It saves half to three-quarters of the labor required by other methods. Give a month's level surface that is ideal for seeding, cultivating and water distribution. Automatic operation. Fuel-proof.

**EASTERN STAR CHAPTER IS GUEST OF CLOVIS STARS**  
Many members of the Eastern Star in Portales drove to Clovis Monday evening, where they were the guests of the Clovis chapter at a George Washington celebration.

The officers of the local chapter were invited to wear their Martha Washington costumes, which will be one of the features of the chapter's state are asked to recognize during this year.

The chapter meeting was followed by a pleasant social when tables were arranged and the friends spent the hours in a bridge contest.

The members going from Portales to the meetings were Mr. and Mrs. S. H. Sweetland, Mr. and Mrs. L. R. Johnston, Dr. and Mrs. S. H. Hancock, Mr. and Mrs. J. C. Compton, Mr. and Mrs. S. B. Fletcher, Mr. and Mrs. R. A. Young, Meadames W. E. Daniel, A. G. Kenyon, Carl Case, J. R. Poindester, R. L. Yeachum, J. L. Simon, H. E. Stewart, W. D. White, C. M. Compton and Miss Laverla Burroughs.

A deal has been closed transferring the G. S. Hatch residence on Arizona street to Mr. and Mrs. A. H. Sweetland.

The property will be remodeled and newly decorated before the new owners move into the residence.

Mr. Hatch has not announced where he and his family will be located, but they are not planning to leave Portales.

**JR. DEPARTMENT MEETS**  
Some of the teachers and officers of the junior department in the Baptist Sunday school were unable to attend the study class which was held Tuesday evening in the home of Mrs. J. C. Compton on account of illness.

The plans for increasing interest in this department are proving most effective. There are seventy-five enrolled and last Sunday seventy-two were present at Sunday school.

Murray South was scheduled to lead the study course last Tuesday evening, but on account of illness was unable to be present and Mrs. J. C. Compton was in charge.

**SELLS INTEREST IN BAKERY HERE**  
T. T. McCasland has sold his interest in the bakery which he and his brother have been conducting here in Portales to his brother, J. R. McCasland, and announces he is retiring from the business field of the city.

Mr. and Mrs. McCasland will continue to have their headquarters in Portales, but in the future they will give their entire time to evangelistic music.

Their first engagement will be at Clovis when they have charge of the music in a revival meeting which will begin at the First church of that city on Sunday, March 13.

Mr. McCasland was Miss Elizabeth Fridy before her marriage, and is a recognized talented musician, thus being of great assistance to her husband, who is a splendid soloist.

**JOHN DANIEL WADE**  
After spending one year in New Mexico hoping to gain relief from the destroying effects of tuberculosis, John Daniel Wade passed away at the home of his aunt, Mrs. J. D. Spears, last Thursday, Feb. 17. The funeral services were held on Friday in the Assembly of God church, with Rev. A. C. Bates in charge of the rites.

Mr. Wade was born in Holly Springs, Ark., Feb. 2, 1873. Two daughters, Mrs. Lonnie Gray and Mrs. Ethel Mundell, of Borger, Tex., were summoned and were present at the burial of their father.

Other relatives in Portales attending the services were his uncle and aunt, Mr. and Mrs. Spears, and his cousin, Mrs. C. M. Setzer. Wheeler & Johnson conducted the interment services at the Portales cemetery.

Mrs. S. A. Jackson has returned to her duties at the J. C. Penney company store, after being absent several days on account of illness.

**Portales to Open with 'Flying High'**  
"Flying High," Metro-Goldwyn-Mayer's adaptation of the George White musical comedy success, will open Sunday and Monday at the Portales theatre. Bert Lahr, America's most imitated comedian and star of the original Broadway hit, heads the cast of the talkie version, which also features the comedienne, Charlotte Greenwood, last seen with Eddie Cantor in "Palmy Days," and Pat O'Brien, who scored as the reporter-hero of "The Front Page."

High spots include a spectacular aviation show which is concerned as much with beautiful chorus girls as with airplanes; the novel, "Happy Landings" dance number, and the amusing examination of girl students for entrance into the aviation school.

Further drolleries ensue in the scene in which Pansy advertises for a husband who must be an aviator; the last minute dash of Rusty to his invention, the "aerocopter," by which he saves his pal from being taken to jail, and the frantic chase which results in a fight between Rusty and Pansy high in the air, ending with the riotous descent of Pansy in a parachute.

Song hits heard in the picture include "The First Time for Me," written by George DeSylva, Lew Brown and Ray Henderson, who with John McGowan wrote the book and lyrics of the original musical comedy, and also "Dance Until the Dawn" and "The Ex-omination Number," composed by James McHugh and Dorothy Fields, who will be remembered for "Go Home and Tell Your Mother," among other hits.

The dance ensembles were conceived by Busby Berkeley, who directed the dances for "Whoopee." An additional musical attraction is the appearance in the film of Gus Arnheim and his celebrated jazz orchestra.

**MRS. MINERVA MATHEWS**  
Funeral services were held last Thursday afternoon at the Christian church for Mrs. Minerva Mathews, who passed away at her home in northwest Portales on Wednesday night.

Rev. A. W. Kercheville was in charge of the ceremonies, and Wheeler & Johnson conducted interment services at the Portales cemetery.

Mrs. Mathews, who was 78 years of age, had lived in Portales for a number of years, and is survived by three children. A son and daughter are in the east and one son, Bob Poteet, is now living in California.

A confident demeanor will open doors, but it takes initiative to walk in and courage to stay.

**WOMAN'S CLUB PROGRAM**  
The public speaking department of the Portales high school was in charge of the program given in the high school auditorium Wednesday afternoon. Mr. Bailey had arranged a program of several numbers, but due to many of the persons being absent from school with flu the numbers were cancelled with the exception of the last, which was a well given play.

The characters appearing in the production were Thea Crow, Jay Moran, Annie Maud Hunter and Edith Wheeler.

The program was given at the close of the business meeting.

Judge and Mrs. G. L. Reese of Roswell were Portales visitors on Wednesday. The judge was looking after legal business and Mrs. Reese visited with Mrs. C. V. Harris.

**Rapid Increase in Pupils Causes Many Problems**  
More Momentous Than Any Arising from the Nation's Present Economic Strife

School superintendents were told Monday that the recent rapid increase in school population had created problems more momentous than any arising from the nation's present economic strife, says an Associated Press dispatch from Washington.

Charles H. Judd, dean of the school of education of the University of Chicago, addressing the annual convention of the department of superintendence, National Education association, said "this crisis is a symptom of a new social order."

He attributed the addition of five million children to the American school systems from 1920 to 1930 to "forces originated in an industrial system which has substituted machines for human hands and has become so complex and exacting that it no longer desires the labor of young people."

"The schools," he said, "have been struggling for a generation to prepare for this new order, while those who lead in the operations of our modern machine industry have given little or no heed to the change which had been impending for years."

Rev. and Mrs. Rolfe Barnard, Miss Evelyn Barnard, Taylor and Carol McCasland drove to Lubbock, Tex., Monday and remained for the day.

Miss Anna Miller, daughter of Mr. and Mrs. John W. Miller, is ill at the country home and has been under the care of the family physician.

Miss Marie Morris went to Clovis Saturday evening and visited over Sunday with Mr. and Mrs. Earl Denton, who have recently moved from Kenna to Clovis.

**Must Have Astonished Good Bishop's Audience**  
One of the leading broadcasting experts said in an interview in Cincinnati:

"Nearly everybody makes some fluke or other on first talking into a microphone. The usual fluke is to say, when your speech is over, 'There, I hope they heard me all right,' and those last words of course, go out on the ether along with your prepared speech."

"I remember the case of a dear old bishop. He wound up a radio sermon, 'And if we obey these blessed precepts we will all meet, dearly beloved, in heaven.' And then he turned to me and said, 'I don't think I was too longwinded, do you?'"

"Well, I tried to pull out the switch so that the public wouldn't hear that last question of the bishop's, but I wasn't quick enough. The words, 'I don't think,' got past me, and the result was that the bishop's radio congregation heard his eloquent sermon end like this:

"And if we obey these blessed precepts we will all meet, dearly beloved, in heaven—I don't think."

**5,000 DEER GRAZE ON RANCH IN STATE**  
Approximately 5,000 deer, evenly divided between bucks and does, are ranging on the Shelton ranch in southeastern New Mexico, located in the Sacramento mountains southeast of Alamogordo, according to a United Press dispatch.

This ranch is composed of seventy-six sections, or approximately 49,240 acres, and is owned by J. Malcolm Shelton of Amarillo, Tex. The ranch for a number of years has been closed to public hunting, but because of the large increase in the number of deer, the forage has been practically destroyed, it will be opened to general hunting by the New Mexico game department next season, it was said.

Mr. and Mrs. W. B. Oldham drove to Santa Fe Sunday and brought home their daughter, Miss Willie Vale, who plans to spend the next month here in Portales with her parents and sister, Miss Adele.

Paul Wurster returned home Sunday evening from Kansas City after a very pleasant month's visit in that city with relatives and friends.

Mr. and Mrs. W. K. Judevine drove to Lubbock Wednesday where Mr. Judevine attended to some business in connection with the Judevine creamery in Portales.

Mrs. Bishop has returned to her home with her daughter, Mrs. Rex Forrest, after spending a greater portion of last week in Portales visiting.

Mr. and Mrs. J. B. Fridy, Mr. and Mrs. H. W. Davidson and Dave Colligan motored to Roswell Sunday to attend a meeting of the Clay Green chapter of the Spanish-American War Veterans and the Ladies' Auxiliary.

Marie Neer has been ill since last Saturday and is confined to her room at the home of her parents, Mr. and Mrs. E. N. Neer.

**CARD OF THANKS**  
To the many friends who assisted and offered assistance in the death of our beloved husband and father, J. W. Grant, we desire to extend heartfelt thanks. May God bless each of you.—Mrs. Erula Grant and children, Mrs. George C. Smith, W. N. Grant.

## GOOD PEANUT BUTTER

The News received the following recipe from its correspondent at Rosburg:

Parch, shell and husk the nuts. Run them through the food grinder with the nut plate on. One time is plenty. Use one-third cupful of butter to two-thirds cupful of ground nuts and a pinch of salt. Melt butter so it and the ground nuts will mix easily.

## COFFEE—FOUR GOOD WAYS TO MAKE IT

By BARBARA WARING

Coffee can be made well by any method if certain rules are fully observed. Be sure you have the proper grind and that your coffee is fresh. Never guess at proportions—a heaping teaspoon to each cup of water. Coffee-making utensils should be kept scrupulously clean; a solution of boiling water, washing soda and ammonia, followed by thorough rinsing, will keep the pot sweet and the coffee clear.

Here are four ways to make good coffee:

### Percolated Coffee

Use medium-ground (steel cut) coffee.

Four only cold water into percolator pot, place coffee in basket, cover and percolate gently 10 to 15 minutes. Slow percolation may be described as percolation in which the coffee bubbles up through the tube with such gentleness that the spray rarely strikes the glass. Rapid percolation is apt to bring out a bitter taste.

Best results are obtained by making the full amount of coffee for which the percolator is designed. The water should come up over the base of the spout.

### Drip Coffee

Use only finely ground (consistency of corn meal) coffee.

Preheat the pot by filling with boiling water and letting it stand a few minutes. Pour out the water just before making the coffee. Put the coffee in the filter compartment and pour briskly boiling fresh water over it.

Allow the liquid to drip through only once. (If stronger coffee is desired, use more coffee but do not drip it through again.)

Remove the filter compartment at once, as the grounds absorb the aroma and flavor.

### Steeped Coffee

Use medium ground (steel cut) coffee.

Boil fresh water and pour over the coffee in the pot.

Cover the pot tightly and let it stand in a warm place to steep 3 to 5 minutes.

To prevent a strong, unpleasant flavor, drain coffee from grounds as soon as steeped, using a fine wire strainer, muslin or cheese cloth.

### Boiled Coffee

Use medium ground (steel cut) coffee and 1/4 teaspoon beaten egg to each cup.

Mix coffee and egg thoroughly in pot. Pour in cold, fresh water and bring slowly to a boil, stirring occasionally.

Remove pot from the flame immediately it boils, and let stand in a warm place 3 to 5 minutes. Pour 1/4 cup cold water into pot to settle the grounds.

Strain through a fine wire strainer, muslin or cheese cloth. If desired, the grounds may be put in a muslin or cheese cloth bag large enough to hold twice the amount of grounds used, to allow for swelling.

## 1932 PINEAPPLE PIE

Melt one-half cup butter, one-half cup brown sugar, and cook for a minute. Add one and one-half cups graham cracker crumbs. Reserve two tablespoons for the top. To the rest, add one beaten egg white. Dust fingers with flour and press mixture into a large pie tin till it fits like pastry. Add following filling, sprinkle with reserved crumbs and bake in 350 degree oven until set.

Filling—Beat four egg yolks, add one cup condensed milk, then the contents of an 8-ounce can of crushed pineapple, slightly drained. Add two tablespoons lemon juice and a little grated rind. Fold in three stiffly-beaten egg whites.

## CANNING BEEF

The county home demonstration agent, Miss Verda Oakley, has been busy for the past several days assisting the farm wives in canning meat. Whole beefs have been prepared and canned, thus filling the farm cellars with meat, which is always ready for a meal upon very short notice.

Steaks, roasts and boiling meats have been prepared during this season, while the farm women are not so busy, thus giving them delicious food which can be opened and warmed when the spring rush of work comes and they are compelled to spend much time with the chickens and gardens.

A day each was spent at the B. B. Greathouse, Charles Anderson and G. T. Hale homes.

## FAVORITE RECIPES—CHILI

1 1/2 pounds ground meat.  
1 small can tomatoes.  
2 large onions.  
2 cups cooked brown Mexican beans.  
Salt.  
Chili powder.  
Select round steak and a large piece of suet and have it ground. Cover meat with cold water and cook until done, put in the tomatoes, onions and beans and let simmer three hours, then add chili powder and salt to suit taste and allow to cook another hour. Serve hot with crackers.

## MORE CELERY NOW USED

Celery is a member of the parsley family. It was first grown in Germany and was introduced by the Dutch who settled in Michigan. They found the old post swamps near Kalamazoo to be an ideal place to raise celery. This Kalamazoo celery has since been known all over the world.

A large amount of celery is grown also in California and New York. During the celery season in the United States, over 50 tons are shipped daily to the large cities for distribution.

While a few years ago celery was considered a sort of delicacy, to be used at Thanksgiving and holidays, it is now quite generally used the year 'round.

There are several reasons for the increased consumption of celery. It has an agreeable taste, and it is hard to find anyone who does not enjoy the flavor of properly grown celery.

It never creates any digestive disturbances and can be used by anyone who is able to use any kind of food at all.

It combines well with any other food.

Celery is not nearly so expensive as it was a few years ago, and with modern methods of refrigeration it can be kept and used every month in the year.

Celery contains only a small amount of caloric value, but is very rich in organic salts, containing an abundance of alkaline and base-forming organic minerals. Most people who are ill have a lowered blood alkalinity, and celery supplies this deficiency.

Do not buy the green celery, but be sure to see that it is well bleached, as the bleaching removes certain volatile oils which are irritating to the digestive organs.

Be careful to wash the celery well, as you do all salad vegetables, using a vegetable brush, and allow running water to flow over the celery as it is being scrubbed. Take the stalks apart as you are washing it, as certain poisons which are put on to kill insects find lodgment in between the stalks. These are often not dissolved by simply soaking the bunch of celery in cold water, but must be scrubbed off with a brush in running water.

Good celery makes a delicious dish, and you can secure many different kinds of flavors by cooking the celery for different periods of time. While fifteen or twenty minutes' cooking is sufficient to soften the celery, if the cooking is continued for two hours, a delicious flavor is developed which is unlike the flavor of any other vegetable. If you have not tried cooking celery two hours, do so the next time you prepare it, and you will find that you have added another dish to your list of vegetables.

## FLOYD HOME MAKERS' CLUB IN ALL-DAY SESSION

The Floyd Home Makers' club met in an all-day session with Mrs. J. H. Parsons on Feb. 12. The meeting was called to order by the president, Mrs. Wilson.

Roll call was answered by our favorite fruit and how to serve it. There were fourteen members and six visitors present.

A report of the county council meeting was given after roll call. After our business was all finished, Miss Oakley gave us a talk on fruits.

We then had some stunts which caused very much fun and excitement.

Mrs. Woodburn and Mrs. Chumley won prizes for being the best artists in drawing valentines with closed eyes. Everyone left declaring they had enjoyed lots of fun.

Our next meeting will be with Mrs. Sadie Thompson on Feb. 26.

## MARKETING

"Spend, but spend wisely," is a slogan that has been heard lately. It has even been said that spending would help bring back prosperity. To spend wisely is to know how to get one's money's worth. Perhaps teachers do not give enough attention to this phase of the work. Frequent trips to all kinds of stores and trade places will help students to know how to select quality merchandise and to insist on getting standard brands. The use of endorsed brands in the class room and the comparative study of samples of materials in class will help to make the student particular and discriminating. The article should be judged and scored, at the same time considering the price.

## 4-H CLUBS ARE ACTIVE

More than 840,000 rural boys and girls as 4-H club members carried on demonstrations in improved farming and home making activities during last year, according to reports received by the United States department of agriculture. The club enrollment for 1930 was 822,714.

## SANDWICHES ALWAYS ARE IN SEASON

Many directions for sandwich making tell us to butter the bread before it is cut from the loaf. This is not necessary if the butter is creamed. Creaming the butter makes it go farther, have a smoother spread and is more saving.

A hot sandwich may range from a dainty toasted morsel to a large pepper, let stand a few minutes, then rub off the outer skin and remove the pith and seeds. Put the peppers and a half pound of cheese through the food chopper, add one-half teaspoonful salt, paprika and mustard and a dash of cayenne. Mix and blend thoroughly. Cut bread one-fourth inch thick and butter evenly. Spread half the slices with pepper and cheese mixture, press the top slice and toast in a hot oven.

## Hot Tomato Sandwich

Broil two thin slices of bacon until crisp. Toast two thin slices of bread—whole wheat is preferred. Put sliced tomatoes on one slice, add the bacon and cover with another slice. Put into a hot oven or heat carefully on a hot griddle.

## HYGIENE

At this season of the year sickness is more prevalent and the dangers of contagion are increased. Some of this seasonal illness may be due to over-indulgence in holiday foods. For this reason, instruction on corrective foods for hygiene should be given attention and foods for thorough elimination should be taught as a preventive measure. Water is a food often neglected and its use in the diet should be emphasized and the drinking of water encouraged.

Ventilation is important at all seasons of the year, but it becomes more important in the winter. It is surprising how many people do not know how to ventilate a room. Teachers should stress the point that good ventilation is more comfortable than poor, and that a hot stuffy room makes one feel sluggish. We avoid the use of second-hand food, clothing and other things, but in a poorly ventilated room we breathe second-hand air.

Fortunately there seems to be a trend in fashion toward lower heels on shoes, especially for day wear. Any teacher who is conscious of the welfare of her students and remembers her own training will insist on her girls wearing heels of suitable height. Of course her teaching will not be consistent or of much value if she herself is tottering around on stilts which if worn at all should be worn only for dance or dress wear. Some teachers may be observed wearing a wool or tweed sport suit of which they are proud, with patent leather slippers with spike heels. This is no more consistent than it would be to wear a tennis shoe to a dance.

## SOCIAL LIFE

The more the home-making teacher can know the people of her community, the more helpful she can be and the more far-reaching her work will be. Frequent visits to the homes of her students will enable her to understand their problems and needs better.

Often a tactful teacher can help parents and children understand each other better and ease the friction that so often causes a girl to be unhappy or even leave home. The teacher can be interested without being nebbish and can often help smooth the rough places by cultivating a friendship with parents.

## VITAMIN B

Vitamin B this week comes in for its share of consideration. It is sometimes called the appetite vitamin, for it has the remarkable ability of giving people the desire to eat.

The practice of wasting vitamin B by discarding the cooking waters has much to do with the lack of appetite. The dietitians call this anorexia, but to the every-day person it is known as lack of appetite. The valuable vitamin B content of vegetables will not be lost if the cooking waters are saved and used for soup.

The lack of this vitamin causes a disease known as beriberi, and the symptoms are a decided weakness, anemia, dyspnea, paraplegia and dropsy.

The largest percent of vitamin B is found in whole grain cereals, peas and beans. After these the next best source is the leafy vegetables, such as spinach, celery and cabbage. This vitamin is also found in asparagus, tomatoes, oranges, lemons, pineapples and milk, but not in the proportion as the first food article mentioned.

## WHY NOT A PIRATE CHEST?

Instead of the often unsightly woodbox or coal scuttle that the housewife must endure during the winter months, why not have a pirate chest. It is not expensive to have one made up that will actually fit the requirements of any home.

The lid should be attached with substantial hinges. Rough edges should be smoothed off and a filler applied so that the paint will go on smoothly.

Let your wood box be mysterious. Decorate it so that it suggests a pirate's chest.

If your room is in greens and browns, let your first two coats on the outside of the box be a warm sandstone color, and have the inside of the box deep green. Inside the lid, glue one of these colorful maps that are so attractive and that can be obtained at most book stores. A coat of shellac will protect the map and lend the illusion of age.

For the outside of the chest—there are a number of ways you can finish it off. You can draw lines around the outside representing the strong iron bands the buccaniers used and fill in the lines with a dull copper-colored paint. You can draw maps and paint them in. You can sketch in the skull and crossbones and paint it in black, or you can paste on colored paper maps and coat them with shellac.

When your chest is finished, go over the surface with a little umber or sienna color (rubbed on and rubbed off in streaks) which you can obtain at any paint store. This will lend the antique touch to indicate that your pirate's chest has just been unearthed on Treasure Island.

## CABBAGE-PINEAPPLE SALAD

Mix well two cups of finely shredded raw cabbage and one cup of pineapple. Mold in gelatine and when ready to serve top with cottage cheese over which has been sprinkled roasted peanut meats crushed fine.

This is a very splendid salad for children and is quite a substantial lunch when served with whole wheat muffins.

## COLORS GIVE WARMTH

We are learning that colors have a great deal to do not only with the attractiveness of a room but also with the heat.

A recent set of experiments gave the following list of colors in the order of their heat efficiency: White, cream, red, green and black.

Earl Hill was in Portales for the week end visiting with his parents, Mr. and Mrs. T. M. Hill.

Mrs. F. D. Golden returned home the first of the week from Canyon, Tex., after a several days' visit with her parents, Mr. and Mrs. J. S. Pool.

## CHRISTIAN LADIES AID

Mrs. J. M. Sanders was assisted by her sister, Miss Christine Taylor, last Thursday afternoon when the members of the Christian Ladies Aid were entertained in the Standard Room.

Mrs. E. H. Hudson was the leader of a George Washington program. She had outlined a very interesting review of the life of Washington and was assisted in giving this by Mrs. Sanders, Mrs. J. Brown, Mrs. Carl Bremer, Mrs. E. T. Hensley, Mrs. R. W. Meams and Mrs. W. W. King.

Little Don Rex Hudson came to the meeting after the close of school and sang "Father of the Land We Love," the new Washington song, which was written especially for the George Washington bi-centennial celebration.

Mrs. C. A. Loris gave the scripture reading and Mrs. J. W. McMillan closed the meeting with prayer.

Mrs. Sanders and Miss Taylor served a plate lunch at the close of the meeting.

## THURSDAY DINNER CLUB

Mr. and Mrs. C. J. Whitcomb were invited to be members of the party last Thursday evening when the Thursday evening dinner club met at the home of Mr. and Mrs. P. E. Jordan.

The ladies each took a dish of food and this comprised the meal which was served at 7 o'clock. Later the tables were arranged and the twelve friends devoted the remainder of the evening to playing bridge. J. R. Butler substituted for W. K. Judevine and held the high score for men. Mrs. Jordan was holder of high score for the ladies.

## COFFEE CLUB

The members of the Coffee club were entertained last Thursday in the home of Mr. and Mrs. E. R. Black, with Miss Mabel Morrison hostess.

The ladies of this club have in the past been spending their hours together at needle work of any nature, but last Thursday two tables were arranged and bridge was enjoyed throughout the afternoon.

Mrs. Ray Snelson and Mrs. T. O. Hall were the invited guests and participated in the bridge contest, which resulted in Mrs. Black holding the high score.

A plate lunch was served after the game to Mesdames Snelson, Hall, Black, J. D. Turner, T. O. Blanton, Ted Forbes, Luther Thomah, Cline Caperton and the hostess.

The ladies are meeting this afternoon with Mrs. Thomas.

## EVENING BRIDGE

A number of friends gathered at the home of Mrs. Christie and Mrs. R. H. Smith last Saturday evening for an evening of bridge with Mrs. C. A. Skelton and Mrs. Prentice Rosson, who were week-end guests in the city.

The high score prizes of the evening were won by Mrs. E. N. Neer and Bert Rawlins.

Refreshments were served at the conclusion of the card contest. The players were Mr. and Mrs. C. J. Whitcomb, Mr. and Mrs. H. H. Buchanan, Mr. and Mrs. J. J. Spry, Mr. and Mrs. N. T. Watson, Dr. and Mrs. I. D. Johnson, Mr. and Mrs. Bert Rawlins, Miss Kate McManaway, Miss Verda Oakley, Mrs. T. E. Mearns, Mrs. E. N. Neer, Mrs. Skelton, Mrs. Rosson, Mrs. Smith and Mrs. Christie.

## BAPTIST W. M. U.

The members of the Baptist Missionary society met last Thursday in the pretty home of Mr. and Mrs. R. E. Hooker at 204 N. Lang street.

During the business meeting Mrs. J. B. Green was elected president to fill the unexpired term of Mrs. Strickland, who has resigned.

Mrs. Green has served as president of the organization in the past and made one of the most capable and interested officers the society has ever had. Rev. Barnard was out of town and the regular lesson study time was given over to business matters.

There were about twenty-eight ladies present and all were well pleased with the year's work reported by Mrs. W. B. Oldham, secretary of the W. M. U. During the social hour which followed the meeting Mrs. Hooker served a very beautiful plate lunch.

## ALL-DAY PARTY

Mrs. D. A. Lee had the pleasure of having a number of her friends and former neighbors spend the day with her one day last week.

Mr. and Mrs. Lee homesteaded in the Redlake community and the ladies coming to her home in Portales to spend the day were friends who had also been among the early settlers of that community.

Each of the ladies brought food for the noon-day meal and Mrs. Lee was not aware of the contemplated visit until the party arrived at her home.

The day was spent visiting in a most informal and happy manner. The visitors included Mrs. D. E. Burrough and her daughter, Miss Averba, Mrs. W. H. Nicholas, Miss Elmer Nelson and Mrs. S. E. Johnson.

## W. M. S. MET FEB. 15 AT MRS. E. N. SMITH'S HOME

The Women's Missionary society of the Methodist church met Feb. 15 at the home of Mrs. E. N. Smith with Mrs. J. M. Bradley as the program leader.

The subject for discussion was "Woman's Citizenship Responsibility." Mrs. Bradley was assisted on this program by Mrs. E. O. Murrell, Mrs. H. E. Taylor, Mrs. Fisher, Mrs. Minnick, Mrs. Ainsworth and Mrs. A. W. Freeman.

A vocal duet by Mrs. Youngblood and Mrs. Orr was very much appreciated.

Mrs. Carroll of Colorado Springs, Colo., was present and gave some interesting remarks. Other visitors were Mrs. Alex McCall and Mrs. A. C. Bates.

Mrs. Smith, in her charming manner, served beautiful as well as delicious refreshments in two courses, giving as souvenirs the famous George Washington hatchet, which said: "I cannot tell a lie."

This might have been true when George was young, but in this case it could only be applied to the leader.

The next meeting of this organization will be a business session at the home of Mrs. J. C. Cox Mar. 3.

## BRIDGE PARTY

Mrs. C. A. Skelton and Mrs. Prentice Rosson of Harford were the honored guests Friday afternoon at a party in the home of Mr. and Mrs. Bert Rawlins. Four tables of players spent the hours very happily in a contest which continued throughout five progressions.

Mrs. E. T. Hensley was awarded the prize for high score and guests prizes were presented both to Mrs. Skelton and to Mrs. Rosson.

A plate lunch was served at the completion of the card game.

The players for the afternoon were Mesdames C. A. Skelton, Prentice Rosson, E. L. Wright, Ed J. Neer, G. W. Carr, E. T. Hensley, E. N. Neer, P. E. Jordan, J. C. Compton, I. D. Johnson, E. H. Buchanan, Frank Carroon, W. W. King, T. O. Hall, R. H. Smith and James Christie.

## HOME MAKERS' CLUB

Sixteen members of the Portales Home Makers' club met on Wednesday last week in the home of Mrs. J. J. Brown.

## USE THE NEWS WANTADS

After the business meeting the first part of the afternoon was devoted to a program honoring Washington, Mrs. A. C. Youngblood was in charge of this and had arranged some interesting numbers, the last of which was a telegram using the letters found in the word Washington to form ten words of the telegram.

The demonstrations during the afternoon consisted of sandwiches and recipes for making the same. These were given by Mrs. J. F. Ford, Mrs. J. H. Breshears, Mrs. Sherman Bracken and Mrs. Hugh Knox.

These delicious sandwiches were served with a hot drink during the social hour which closed the session.

The club will meet the first Wednesday in March with Mrs. Ford and this will be an all-day meeting. Each lady is invited to take one dish of food.

## INFORMAL DINNER PARTY

Mr. and Mrs. Jack Wilcox of Kansas City were the special guests last Wednesday evening when Mr. and Mrs. C. J. Whitcomb entertained with a small dinner party at 7 o'clock.

Mr. and Mrs. H. H. Buchanan were the additional guests. These six persons were the closest of friends when the Wilcox family lived here in Portales, and the evening was spent visiting most informally. Mr. and Mrs. Wilcox were the over-night guests of Mr. and Mrs. Buchanan and the friends enjoyed a portion of Thursday together again.

## TROOP IS HONORED

Troop 18 of the Boy Scouts here in Portales has been awarded the first honors in Scout advancement during the past quarter.

This troop is under the leadership of Clive Youngblood and has been organized within the past year.

The meetings are held in the Methodist church and the goal Mr. Youngblood has set for his troop is, every member an eagle Scout.

Mr. and Mrs. Sylvan Norris of California, Mrs. George Kinter of Tulsa, Okla., and Mrs. Macintosh of Canada arrived in Portales last week to be at the bedside of their mother and sister, Mrs. E. J. Norris.

## Sore Throat Is Dangerous

A sore throat often leads to serious illness. Stop it at once. Take Thoxine, a prescription made exclusively for throat ailments; not a gargle. The first swallow relieves the soreness in a few minutes; and goes direct to the internal cause, preventing further trouble.

Most coughs are caused by an irritated throat. Thoxine stops these at once. Safe for the whole family—guaranteed no dope. Money back if not satisfied. 35c. New Mexico Drug Co., and all other good drug stores.

## NEW DISCOVERY REACHES CAUSE OF STOMACH GAS

Dr. Carl found that poisons in upper bowel cause stomach gas. His simple remedy Adierika washes out the upper bowel, bringing out all gas. The Portales Drug Co.

## How's Business

Do you make a wry face at the question? Do you blame competition, Wall street, the government, the depression, and what not?

If business goes across the street or "Next Door" and passes you up, something is wrong. Your merchandise may be just as good, but unless you first attract attention to it, you cannot sell it.

Walk along the streets at night—watch the passers-by—notice the windows they check their steps to observe—and you will find that these windows are the best lighted ones.

From any shopping thoroughfare you may pick the prosperous businesses by their attractively lighted windows and interiors. The well lighted window is an invitation to stop and examine the displays.

## RICHLAND

Lois Mann of Wink, Tex., formerly Lois Brown of this community, was visiting old friends last Tuesday.

J. O. Creighton happened to a very painful accident last Wednesday while helping Troy Brown move a house. The house slipped off the prop as Mr. Creighton was adjusting the rocks, catching his arm beneath the eids.

The Roberson band from Elida gave a musical program last Wednesday night at Richland school house which was thoroughly enjoyed by the large crowd present. We extend our invitations to come again.

The Richland basket ball girls had a game scheduled with the Rogers girls for Friday night, but owing to so many of the players being sick with the flu the game was cancelled.

Word was received from Mrs. Ethel Fulton of the death of her father, Dr. K. H. Embree of Dallas, Tex., who passed away at his home in Dallas, Tex., on Feb. 9. The doctor will be remembered by many of the older residents, as he was one among the first settlers in the Richland community. His wife died in August, 1913. He and his two daughters, Misses Irma and Ethel, lived here until 1919.

W. A. Pilley and wife of Dexter, N. M., are visiting her parents, F. M. Beeman and wife, this week.

Our county school superintendent, Rev. Starkey, Portales, preached at Richland, Sunday.

Several new cases of flu are reported in school Monday morning.

## BETHEL

We are planning to have 150 at Sunday school next Sunday. It will take you to help us make our goal.

Don't forget the pie supper on Thursday night. We hope to have plenty of pies for everyone. Mr. and Mrs. Creighton and Mr. and Mrs. McPhetridge visited in the Patterson home Sunday.

Clark Foster returned home last Friday from a trip to California.

The following friends were dinner guests in the home of Mr. and Mrs. Ed Adams Sunday: Mr. and Mrs. J. J. Pribble, Misses Odessa and Ineva Pribble, Mr. and Mrs. Early, Mr. and Mrs. Brunson and children, Derrell and Alonso Pribble, Mrs. John White, Mrs. Tom Dugger and children and Mr. and Mrs. Odie Pribble.

Miss Ollie Dugger spent Saturday with Mrs. Ed Adams.

Mrs. Creighton is visiting her daughter in Clovis.

C. A. Gloney and father-in-law of Lockney, Tex., were guests of Mr. and Mrs. Patterson and family last week.

Beryl Henslee is improving at the sanitarium at Lubbock. The writer wishes to correct the name given in last week's paper. It should have been Olaf Henslee instead of Pribble. Beryl is a brother to Olaf and a relative of the Pribbles.

Several relatives of the Creighton family were guests in their home recently.

Mr. and Mrs. John Foster, Miss Oeta Foster, Mrs. Eddie Foster and Clark Foster were dinner guests of Mr. and Mrs. Ralph Foster Sunday.

Doris Morris of Portales and "Patty" Cox visited with Mr. and Mrs. Morris and family Sunday.

Mr. and Mrs. George Thetford entertained the following guests at a turkey dinner Sunday: Mr. and Mrs. Evert Foster, Mr. and Mrs. C. G. Bilderback and sons Charles and Eugene, Mr. and Mrs. Chester Lowe, Mr. and Mrs. Sidney Pearson and daughter Eula B. Cleo and Lucile Willis and Ervin Cribbs. Mr. and Mrs. Chester Lowe have moved to themselves and will farm half of his father's farm.

Miss Edna Cox has been canning beef the past week.

Mr. and Mrs. John Thomas and children of Shawlowa recently spent a few days with Mr. and Mrs. Andrew Patterson and family. Alex Campbell is improving from

Mrs. Margaret Thomas has come from her home in California to visit her father, L. L. Adams, and sister, Mrs. Lillian Taylor.

## FLOYD

"The Spanish class presents 'Mi Novio Espanol' and a number of Spanish songs will be sung. This program is sponsored by Miss Med. Lock, Spanish instructor. It will be given Saturday night, Feb. 27.

We have had several programs from the Spanish class and if this one is as good as the preceding ones, then we say, "Come," and what sounds better to our empty pocket, "There is no admission."

Mr. Owens also has some numbers to give in English, so you won't be left without any understanding of the entire program.

Era Russell, who returned recently from Las Cruces, where he has been attending school, honored us with a visit Monday. He is a graduate from Floyd and we are always glad to see Floyd graduates come back.

We have received a new set of books from the state extension library. We appreciate the help that this service gives us and you may be sure that the students take advantage of the opportunity to read books heretofore unattainable to them.

Lloyd Thompson entertained a goodly number of young people at his home Saturday night.

J. W. Russell of recent fame as champion hog caller of Roosevelt county, is planning his trip to Amarillo Feb. 29 at the expense of the Portales Chamber of Commerce. He reports that he is expecting to live high if the chamber will just give him his head.

We are truly sorry that we have to report our junior, Oral Boteler, is on the sick list. He isn't in bed, but looks pale. He was up working this morning, and maybe he'll pull through. We hope so, anyway.

A very interesting program was rendered at school Monday, Feb. 22, in honor of George Washington's birthday. Rev. Loris addressed the student body, giving them a very interesting talk on the merits of George Washington, and telling them how they would profit by following his example.

## Jim Caviness

Candidate for COUNTY COMMISSIONER from District No. 1

In announcing my candidacy for the office of County Commissioner of Roosevelt county for the first district, I feel I should let the voters know something of my idea of the management of county affairs.

From my experience in Roosevelt county for the past twenty years, I find it is sometimes necessary for the county government to reduce its expenses in keeping with the ability of the people to pay, that it should so manage its affairs that the people will have a reasonable living as well as those who serve in an official capacity, yet we must keep the functions of government up to a standard that will be serviceable and efficient. I believe this can be done at less cost than at present, because we are not able to meet the heavy burden placed upon us by so many employees, as we have been able to carry in the past.

I believe the county commissioners are empowered by law to run the financial affairs of the county, and it is my information they should not allow conditions to become unbearable to the property owners by allowing the tax spenders to influence them in placing heavy values on property, whose producing value is not able to meet the tax rate.

A reasonable crop for one man with a family in this county is one hundred acres. Can a man produce a living with that amount of crop at the present value, and can you expect much change in the value for some time? His income at present from such a crop cannot exceed \$350 after paying transportation and harvesting. Then

an attack of the flu.

Mr. and Mrs. Harry Redburn and family, Mr. and Mrs. Claude Elder, Mr. and Mrs. Benas Perkins and son, Mr. and Mrs. Orrel Boteler were dinner guests of Mr. and Mrs. J. H. Boteler and family Sunday. Claude Elder has returned from a trip to Texas. While there he visited his father, who has been very ill. He was somewhat improved when Mr. Elder left.

can a man with a family live and clothe his family and send his children to school with such an income? His children are entitled to comfortable and sufficient clothes to attend school so that they may not feel embarrassment with other children. Therefore, it will be my desire to so manage the affairs of the county so that we may all have comfort and a reasonable living.

Taxpayers of Roosevelt county, you are now facing one of the hardest conditions that have existed in years. Shall we continue to exploit the property of this county, or shall we call a halt until conditions are more settled?

There is considerable discussion of our school affairs, but there is no one wanting to hurt education. I would not live in a country without schools—and good schools. It will be my greatest endeavor to finance the schools of this county so that we will not lose one thing of the proper education that we so much need, and I do not believe our schools will suffer for the necessary function of education that will prepare our children for useful citizens.

I will appreciate your support if you feel that my ideas are suitable.

Yours very sincerely,  
JIM CAVINESS.

## Chas. H. Greathouse

Candidate for COUNTY COMMISSIONER from District No. 3

Coming to New Mexico in 1907, living out a claim and doing my best to make a living from the land, I feel that no further introduction is necessary.

It will be impossible for me to meet everyone in the county during the campaign, so I am endeavoring to meet you all in this announcement.

I know the hardships, struggles and burdens of the taxpaying people and the desire of everyone to be able to make a living and meet the costs of government, and I believe I am qualified to handle the office of County Commissioner in a businesslike manner, and I will give my greatest effort to the end that the people may be able to live at home and at the same time continue to support the necessary functions of county affairs and keep our schools going full time.

The time has come when something must be done to reduce the tax burden of the people, relieve their property from the heavy cost of government and make it possible

for them to continue ownership of their homes.

My family have been heavy taxpayers in this county from the time

my father first came here. We had confidence in the country and spent our money for property here, but on account of the ever-increasing taxes, for a number of years, it has cost more money just for the privilege of owning it than it has made for us.

If you feel that I can best serve you, I will appreciate your support at the Primary on April 2 for Commissioner from the Third precinct.

Very sincerely,  
CHARLES H. GREATHOUSE.

### R. S. ADAMS

Candidate for PROBATE JUDGE

In announcing my candidacy for the office of Probate Judge of Roosevelt county I feel that I should say a few things regarding myself and my qualifications.

I am not a stranger to the voters of this county, inasmuch as I have been a citizen here for twenty-five years. I came to Roosevelt county in my early settlement and have gone through the hardships and difficulties of its early days.

I have never before asked the people of this county for an office and in asking for the office of Probate Judge I feel that I am duly and fully qualified to fill the place, and since I have been a resident of the county for such an extended period I willingly refer you to my past life here, and ask that you investigate same.

It will be impossible for me to see all the voters of the county and personally solicit your votes due to the fact that I have no car or way of getting around, only as some friend will take me, but I am taking this means of soliciting your vote and consideration.

After having investigated my life here in Roosevelt county as a citizen, also my qualifications to fill the office, you feel that you can support me on April 2 for the office to which I seek election, I will surely appreciate it and will try to repay you with real service.

Very truly yours,  
R. S. (BOB) ADAMS.

## Large Crowd at United's Style Show

People from all sections of the county were in Portales Friday evening to attend the style show, which was arranged by the United Dry Goods store. Knowing the space in the store would not be ample for the accommodation of the crowd, Mr. Rawlin secured the Joyce-Pruitt building. A raised platform was arranged in the rear of the building and here the rising models displayed the new spring dresses and coats. The first showing consisted of the house frocks, then followed the spring coats, the street dresses, the afternoon costumes and the evening gowns.

The Portales school band, with Ernest Popus director, furnished the music for the show and also gave several special selections during the course of the evening program. Other numbers given between the models were Miss Lela Cooper of Kenna, who gave two dances which were highly appreciated. Lucy Bell Carroll gave a solo dance and Robert Ritchie of Clovis a reading.

The out-of-town girls acting as models were Miss Parsons, Miss Madeline Williams and Miss Caschka of Floyd; Miss Charlotte Herbert and Miss Jewel Evans of Elida, and Miss Lela Cooper of Kenna. Miss Post of Rogers had planned to assist, but was stricken with the flu and was unable to be present.

One of the most interesting events of the evening was the display of old-fashioned clothes. Doris Still wore a homespun dress belonging to the great-grandmother of Mrs. Sherman Bracken, which is 124 years old. Irene Deatherage also wore a dress belonging to Mrs. Bracken's grandmother which is eighty years old. Miss Pauline Terry wore the brown silk wedding dress of Mrs. Brown, mother of Mrs. Fred Orr, which she wore in 1811. A small hat, known as a bonnet, which Mrs. Brown had, was worn with this costume. Mrs. A. W. Freeman wore her wedding dress, which was of white satin and lace. Black hair, in curls, made Mrs. Freeman a stranger to many of her most intimate friends for several minutes.

Mrs. Durwood Wright had on a dress belonging to her mother, and carried a dress belonging to the great-grandmother of Miss Naomi and Miss Loreta McCarty. Miss Loreta McCarty appeared in a dress and shoes which had been worn by her grandmother, and wore a hat, loaned by Mrs. Mary Morgan for the evening. The hat had been the property of the Morgan children's great-grand-grandmother.

Miss Gasschaw wore Mrs. Rawlin's wedding dress and a black merry widow hat. A dress which Mrs. Charles Watson has was made for her aunt, Miss Lilla Ann Wright, in 1814, when she was 13 years old. This dress was displayed, but was so small that no one was found who could wear it. A sunbonnet which belonged to Mrs. Watson's great-grandmother, Mrs. A. J. Fleming and was made in Scotland in 1797, was also shown.

Some of the ladies of the Eastern Star with their Martha Washington costumes, were introduced and responded with curiosity. These costumes are strikingly pretty. Mrs. W. E. Daniel and her entire staff of officers have these costumes, but only six were present Thursday evening. They were Mrs. Daniel, Mrs. R. A. Young, Mrs. J. C.

## Thorson Is New Scout Executive

E. New Mexico  
To Fill Post Made Vacant by Ad-  
vancement of Huffman—  
To Arrive Tuesday

Word was received this morning that T. V. Thorson of Albuquerque will be the new executive of the Eastern New Mexico Area council of the Boy Scouts of America, filling the post made vacant by the advancement of Minor Huffman, who has been the area executive for the past seven years, to the regional Scout executive staff at Dallas.

Thorson will arrive in Roswell next Tuesday to begin his work. Huffman will leave for Dallas on Mar. 1.

Thorson comes to this area with fine recommendations by the national council. He is a graduate of the national training course for Scout executives and has had four years' experience on the Albuquerque council.

The announcement that Minor Huffman was to be promoted to the regional staff was made by J. P. Fitch, regional executive, at the annual Eastern New Mexico council meeting. High praise was given to the work of Huffman by Fitch, who expressed to the meeting his regret for having to take Huffman away from this area, but said that he could be of greater service to Scouting in the broader field, and that he would still be in the region and available to the Eastern New Mexico area.

At the banquet many attested to the wonderful work which Huffman has done for Scouting.

## WHEN THE PAPER DOESN'T COME

My father says the paper he reads isn't put up right. He finds a lot of fault, he does, perustin' it all night. He says there ain't a single thing in it worth while to read, and that it doesn't print the kind of stuff the people need. He tosses it aside and says it's strictly on the bum—but you ought to hear him holler when the paper doesn't come.

He reads about the wedding and he snorts like all get out. He reads the social doin's with a most derisive shout. He says they make the paper for the womenfolks alone. He'll read about the parties and he'll fume and fret and groan; he says of information it doesn't have a crumb—but, you ought to hear him holler when the paper doesn't come.

He's always first to grab it and he reads it clean plumb through. He doesn't miss an item, or an ad—this is true. He says they don't know what they want, the darn newspaper guys, I'm going to take a day sometime an' go an' put 'em wise; sometimes it seems as though they must be blind and deaf and dumb—but you ought to hear his holler when the paper doesn't come!—Author Unknown.

Thorson will begin work with the new Area officers elected recently. They are: President, A. W. Hockenhull, Clovis; first vice president, E. B. Bullock, Artesia; second vice president, F. L. Austin, Roswell; third vice president, B. N. Graham, Farwell; treasurer, George B. Jewett, Roswell; secretary, C. G. Mason, Hagerman; commissioner, L. Plummer, Roswell; national council committeeman, E. Birch Harri-
