WOMAN AGAIN TAKES STAND IN MURDER TRIAL AT MIAMI

(By The Associated Press)

MIAMI, Fla., Aug. 4—Mrs. Jessie M. Keith-Miller testified today at the murder trial of Captain W. N. Lancaster that she proposed suicide to Haden Clarke, her fiance, only a few hours before he was found fatally shot in her home.

Her statement was contradictory to her testimony of yesterday when she said she and Clarke discussed mutual suicide several nights before the shooting but did not mention the subject again.

Tells Of Engagement

She said her suicide suggestion was made after Clarke told her of a conversation he had with Lancaster, her former fiance, regarding their proposed marriage. She quoted Clarke as saying "I can't stand it any longer. I am going crazy."

They had agreed, she said, in a conversation earlier in the evening, that it would be necessary to postpone her wedding to Clarke, until after Clarke's divorce decree becomes final.

Attitude Cordial

Under examination by James M. Carson, chief of defense counsel, she described as "highly cordial" Lancaster's attitude toward her and Clarke when the British flier came hurriedly to Miami from St. Louis on learning Clarke had succeeded him in her affections.

Mrs. Keith-Miller elaborated on cross-examination on her earlier testimony regarding the arrival of Lancaster from St. Louis the day before the shooting and the quarrel of the two men over her that night.

Broken Precedents Seen In Campaign

WASHINGTON, Aug. 4 (AP)—The clatter of broken precedents in the present campaign is being increased by the race between Charles Curtis and John N. Garner for the vice presidency.

This is the first time in American history that both the vice-president and speaker have been candidates for the same office.

Regardless of the outcome, they will preside jointly over the senate and house during the counting of the electoral college votes that will formally elect the next president and vice-president.

SAFE IS STOLEN

MAIDEN, N. C., Aug. 4 (AP)—Robbers broke into the Maiden bank early today, skidded the safe containing $4,000 in cash and $15,000 in securities into the street and escaped with it in a truck.

VETERANS PUT CITY BEHIND

SECOND TRAINLOAD OF MARCHERS ENROUTE; RANKS THINNING

(By The Associated Press)

JOHNSTOWN, Pa., Aug. 4.—Shouting "goodbye" and "so long," a second trainload of bonus marchers left today in an "evacuation special" for the west and southwest.

About 1,000 men and a few women and children marched in ragged lines from the squalid camp on the outskirts of Johnstown to Ferndale yards of the Baltimore & Ohio railroad, where the special train was made up.

Speed Preparations

The first train with several hundred on board left late last night for Illinois and the west coast.

Railroad officials are speeding preparations to evacuate the others at the camp and they expect the demobilization to be about 75 per cent completed by nightfall.

The veterans seemed good-natured and willing to get out of Johnstown.

Mexican Prisoners Die In Jail Fight

RAMSEY PRISON FARM, Tex., Aug. 4 (AP)—Two Mexican prisoners were killed here last night after a fight among prisoners in which one was struck with an axe and another was shot to death.

Andrew Talmontis of Houston was killed with an axe in the fight. Rafael Boca was shot to death.

PLAINVIEW MEN KILLED WHEN CAR STRIKES A TRUCK ON HIGHWAY

(By The Associated Press)

VERNON, Aug. 3 (AP)—Edwin McMath, an attorney, and W. E. Settoon, a hardware dealer, both of Plainview, were killed in the collision of their automobile and parked truck 12 miles east of here last night. A. M. McMillen, also of Plainview, was injured seriously, suffering a fractured skull.

Pat Collins of Mangum, Okla., who was driving a truck along the highway at the time, said the automobile occupied by the Plainview men ran into another truck parked alongside the highway.

The bodies of the dead men, together with McMillan, were brought to Vernon. McMillan was unconscious when admitted to a hospital.

COINCIDENCE SEEN IN McMATH DEATH

Edwin McMath, Plainview attorney killed near Vernon Wednesday night, was a prominent lawyer of the Hale County capital and was well known all over the South Plains.

A striking coincidence is that just about a year ago his partner, Judge L. E. Kinder, early day district judge for the 64th district, was killed in a similar automobile crash in New Mexico. Judge Kinder was then the president of the Plainview National bank.

Mr. McMath was a cousin of the late Parke N. Dalton, brilliant district attorney here, who died unexpectedly in office several years ago.

Judge A. B. Martin, appointed judge of the court of civil appeals for the seventh District at Amarillo, succeeding the late Judge Hal S. Randolph, was associated with Mr. McMath. He appeared in federal court here during the June session in the trial of several cases from Plainview.

TREASURY RECEIPTS

WASHINGTON, Aug. 4 (AP)—Treasury receipts for Aug. 2 were $4,382,223.53; expenditures, $30,995,402.35; balance, $602,269,272.62. Customs duties for 2 days of August were $1,661,048.15.

BOLIVIA AND PARAGUAY FAVOR PLANS FOR PEACE BUT PREPARE FOR BATTLE

(By The Associated Press)

Bolivia and Paraguay gave their approval today to international moves for peaceful settlement of the Chaco controversy but they prepared for war.

Dispatches from Perico, Argentina, a town on the Bolivian border, quoted a Bolivian commander as saying 11,000 troops would be in the Chaco in the next few days. Bolivia now has 6,000 men there, he said.

In Lapaz it was said the government would raise serious objections to several clauses of the note sent by the United States and eighteen South and Central American nations yesterday, in which a warning was given that any territorial gains made by armed force would not be recognized.

Paraguay informed the League of Nations it was willing to arbitrate and Bolivia, in its note to the League, said it "did not decline" offers of a peaceful settlement.

Pickets Abandon Siege As Troops Arrive

MILITARY LAW REIGNS OVER MINE AREA

PICKET LINE FADES; INJURED WORKMEN GET TREATMENT

(By The Associated Press)

TERRE HAUTE, Ind., Aug. 4.—Union pickets early today abandoned their two-day siege of 65 workmen at the Dixie Bee coal mine as 820 Indiana national guardsmen moved in to establish military control over the district.

Four wounded miners, without medical attention since Tuesday when they fought a pitched rifle battle in which one picket was killed and four injured, were brought to a Terre Haute hospital.

The picket line, its strength variously estimated at from five hundred to three thousand men, faded into the night as a detachment of 250 guardsmen rushed to the mine at midnight to remove the injured. One of the workmen was struck by four bullets.

Haggard from their vigil against possible attacks by the riflemen encamped about the mine shaft, the non-union workmen said they believed arrival of six national guard planes late yesterday saved their lives. Pickets appeared to be preparing to rush the mine, they said, when the first plane swooped over the battle line.

Deputies Helpless

The planes were the advance guard of the infantry companies ordered here by Governor Harry G. Leslie after repeated urgent requests from Sheriff Joe Dreher whose force of deputies was helpless to combat the well-manned picket line.

Acting on behalf of Governor Leslie, Adjutant General Paul E. Tombaugh proclaimed the Dixie Bee mine and adjacent territory under military control effective at 9:30 o'clock last night. At that time, however, the full strength of the

STOCK MARKET ON RAMPAGE

PRICES SKYROCKET AS TRADERS FIGHT FOR CHANCE AT RIDE

(By The Associated Press)

NEW YORK, Aug. 4.—Prices skyrocketed in a seething stock market today as traders tumbled over themselves to ride with one of the most vigorous rallies in months.

After a strong opening, leading issues lost their gains, but fresh buying was supplied in large volume and quotations again raged upward, establishing net advances of $1 to $4 or more in pivotal issues. American Telephone soared to within a few cents of par, $100, closely followed by Allied Chemical, Union Pacific, American Can, J. I. Case, U. S. Steel and Santa Fe.

The market had to buck intermittent profit taking, but volume was maintained at a high level and the tape at times fell considerably behind transfers on the floor of the stock exchange.

"Camp Waters" Is Free Of Veterans

WATERBURY, Md., Aug. 4 (AP)—The four-day old "Camp Waters" was deserted today with only a few tent poles, ashes of numerous campfires and a newly-cut road remaining on the site of the once proposed haven for the bonus expeditionary army.

With the aid of members of the Maryland state police, the 43 men and women campers moved out late yesterday, some returning to their homes in various parts of the United States and others accepting employment in nearby communities.

New York's "Jimmy" Is Again Under Word Fire

COLD LEGAL TERMS OF SEABURY DISCARDED FOR HOT CHARGES

(By The Associated Press)

ALBANY, N. Y., Aug. 4—An attack on Mayor James J. Walker's credibility lay on Gov. Franklin D. Roosevelt's desk today as the case of New York's "Jimmy" pushed to the forefront of gubernatorial problems.

The documentary strife between Walker and Samuel Seabury, counsel to a legislative committee of investigation, reached a new climax when Seabury filed late yesterday 20,000 words calling Walker evasive and "unworthy of belief." It was a reply to Walker's defense against accusations of unfitness, on which the Mayor's removal is sought.

Abandons Cold Tone

Seabury, whose tone has hitherto been coldly legal, uncorked sharp language. Alluding to the Mayor's contention that 10 of 15 removal counts are outlawed because they refer to a previous administration, Seabury said it was "a sorry sight indeed" to see a public officer contending he must be allowed to continue in office "because he was fortunate enough not to be caught in time."

Seabury contended the record "clearly proves" the mayor guilty of acts charged. They included accusations that he accepted sums from brokerage houses and individuals; that he carried on hidden financial transactions through the now missing Russel T. Sherwood; that he permitted the designation in city compensation cases of doctors who split fees with his brother, Dr. William H. Walker, and that he failed to produce his financial records or testify frankly.

MEADOW PIONEER DIES WEDNESDAY

J. J. Nettles, 71, of Meadow died at 10:30 o'clock Wednesday night in a hospital here. He lived in Meadow the last 24 years.

Funeral services were to be conducted at 2:30 o'clock this afternoon at the Methodist Episcopal church at Meadow. Burial was to be at Tahoka, beside the body of Mr. Nettles' wife, who died five years ago.

Nine children survive. They are seven sons, M. W., R. O. and Eugene Nettles of Meadow, A. L. Nettles of Valley Mills, C. C. Nettles of Brownfield, C. G. Nettles of Abernathy, Lloyd Nettles of Lorenzo, and two daughters, Mrs. S. L. Williams of Meadow and Mrs. W. S. Perry of Southland.

Severe Criticism Voiced By Legion

CORPUS CHRISTI, Aug. 4 (AP)—A severe criticism of President Hoover's actions in the bonus army disorders in Washington was among the final business of the Texas department, American Legion, convention here.

A resolution condemning the president for ordering the army "to forcibly eject" veterans seeking "to lobby in favor of the bonus was adopted.

Texas Grain Rates Held Unreasonable

WASHINGTON, Aug. 4 (AP)—The interstate commerce commission today found that rates on grain and grain products in carloads from Texas and Oklahoma points to New Mexico were unreasonable.

It did not fix rates for the future, however, because they are being handled in the western grain rate case now in course of hearings.

The rates were attacked by the Great West Mill and Elevator company of Amarillo, Texas. The report found they were unreasonable insofar as they exceeded a schedule ranging upward from 7 and 10 cents per 100 pounds for wheat and flour for 10 miles or less; 6 to 9 cents for course grains, and 8 to 11 cents for hay.

Bandit Suspect Laughs At Charges As Woman's Dress Figures In Case

(By The Associated Press)

CHILDRESS, Aug. 4—A woman's dress figured largely today in efforts to solve the $1,600 robbery of the First State bank of Kirkland.

Officers said it had led them to Wade Stepp, about 30, and they charged him with robbery with firearms and put him in jail at Childress.

Wade laughed at the charges.

After the bank had been robbed Tuesday by a man, who bank officials said was garbed as a woman, a woman's dress was found in a corn patch, near the place where the robber's automobile had run out of gasoline.

By means of a peculiar trade mark, investigators traced the dress to a store in Quanah, where an employe remembered selling it. Stepp was taken into custody at the home of a sister near Quanah.

Two other men were held for questioning. None of the money was recovered.

GANGLAND WAR CLAIMS TWO

BOOTLEGGER IS FOUND WITH HEAD NEARLY BLOWN TO BITS

(By The Associated Press)

TOLEDO, O., Aug. 4—One man was killed and another wounded probably fatally today in what police believed was another gangland war between rival bootleggers of Toledo and Monroe, Mich.

His head nearly shot off and his automobile full of holes from machine gun bullets, the body of Sam Armetto, 30, was found near the Toledo state hospital.

A few hours earlier, three miles away, Dominick Mighiore stumbled onto the porch of a residence with a bullet through his mouth and another through his neck.

Armetto and Mighiore were connected with a downtown Toledo restaurant but both were formerly from Monroe.

Dallas Man Fires On Masked Bandits

NACOGDOCHES, Aug. 4 (AP)—T. K. Irwin, Dallas attorney, shot and critically wounded one of two robbers who tried to hold him up on the highway seven miles west of Nacogdoches early today.

Irwin was en route to Nacogdoches to try a lawsuit, traveling alone. The two robbers stepped in front of his car and waved flashlights. As he came to a stop, one came up on each side of his car, covering him with pistols. They were masked.

HITLER NAZIS ARE OPPOSED TO POLICY

SMASHING EMERGENCY DECREE THREATENED TO END RIOTING

(By The Associated Press)

BERLIN, Aug. 4—The prospect of a serious break between Chancellor Von Papen's government and Adolf Hitler, national socialist leader, over the recent riots in Germany was intimated in the rightist press today.

This was coupled with evidence that Hitler was spreading his organization efforts into other European countries and planning a powerful Nordic European alliance.

Decree Considered

The ultra-rightist Boersen-Zeitung said the government is considering a smashing emergency decree to end the rioting, in practically all of which Hitler's Nazis and his storm troops had a part.

That the decree would meet a protest from Hitler's forces was indicated by William Jube, head of the powerful nazi delagation in the Prussian diet. Herr Kube severely criticized Chancellor Von Papen, Minister of Interior Baron Von Gayl and Franz Bracht, Prussian dictator, for what he said was an attempt "to sabotage the nazi election victory."

Parties Are Founded

As a result of Hitler's international negotiations, Nazi parties, fashioned after his, have been founded already in Norway, Sweden, Denmark and Holland.

Reports of his emissaries indicate the nazis are laying the foundations of a future foreign policy intended to result in a bloc of racially related nations to pursue a common policy in relations with the Slav and Latin nations.

The Berliner Tageblatt, a powerful liberal paper, said today the reichstag would not be called in session until Aug. 30, the end of the 30-day period allowed by the constitution after the election.

Alfred Hugenberg's nationalist newspaper, Lokal Anzeiger, generally well-informed on nazi affairs, said Hitler was willing to share governmental responsibility in a new cabinet, but will make his demands high.

President Von Hindenburg, however, and the members of the present cabinet, it said, intend to keep the cabinet functioning without any outspoken partisan character.

HIGH FEELING BRINGS FEAR FOR SAFETY

RECLUSE TELLS STORY OF ADVANCES AND OF SUBSEQUENT DEATH

(By The Associated Press)

LUDINGTON, Mich., Aug. 4.—Francis (Rusty) Nash, strange recluse, cowered in a police cell today after confessing he strangled pretty 17-year-old Evelyn Sanford.

Stirred by the discovery of the girl's bruised body in a shallow cellar grave in Freesoil yesterday, residents voiced threats to lynch Nash. He was spirited from Freesoil to Traverse City yesterday and today police waited for hostile feeling to subside before arraigning him on a murder charge. The maximum penalty is life imprisonment.

Tell-tale scratches on the 31-year-old recluse's face led to his arrest, police said. His confession declared he waylaid the young farm girl Saturday night along a lonely road leading to her home and killed her in anger when she repulsed his advances. He denied assaulting her.

GIVEN LIFE TERM

LUDINGTON, Mich., Aug. 4 (AP) — Francis Nash, confessed slayer of Evelyn Sanford, 17-year-old farm girl, whose body was found buried in a cellar yesterday, was sentenced today to life imprisonment in solitary confinement at hard labor. The sentence, pronounced by Circuit Judge Hal J. Cutler after Nash had refused to take the witness stand in his own behalf, was received with applause by a crowd which packed the court room and corridors of the building.

Attempted Embrace

Nash's signed statement, made to state police, Sheriff George L. Colyer and Prosecutor P. R. Von Sprecken, said he met Evelyn near the edge of a swamp, and attempted to put his arm around her. She

HUNTSVILLE, Auf. 4—The first double execution in several months will occur early tomorrow morning at the state prison here, barring executive intervention.

John L. Green and Ernest Johnson, both negroes, will be electrocuted for the murder of Frank Kampf, a white dairy farmer, in Medina county in June of last year.

The prosecution in the trial assigned robbery as the motive. Kampf was beaten to death.

Warden W. W. Waid of the prison said Green was tried in Medina county, where the crime was committed, but Johnson's case was transferred to Caldwell county for trial.

Bee Sting Throws Tourists In Panic

BALMORHEA, Aug. 4 (AP)—When a bee stung the driver of a tourist's car en route from Houston to Los Angeles here just at sunset recently, the occupants were thrown into panic, the car turned over three times and then richocheted into four feet of swift water in an irrigation canal. The upset broke the arm of the driver and lacerated her face. A local surgeon, dressed her wounds, a garage repaired the car, and the party of three women and a boy, bent on attending the Olympic games, left for the west coast without even wiring their relatives of the mishap.

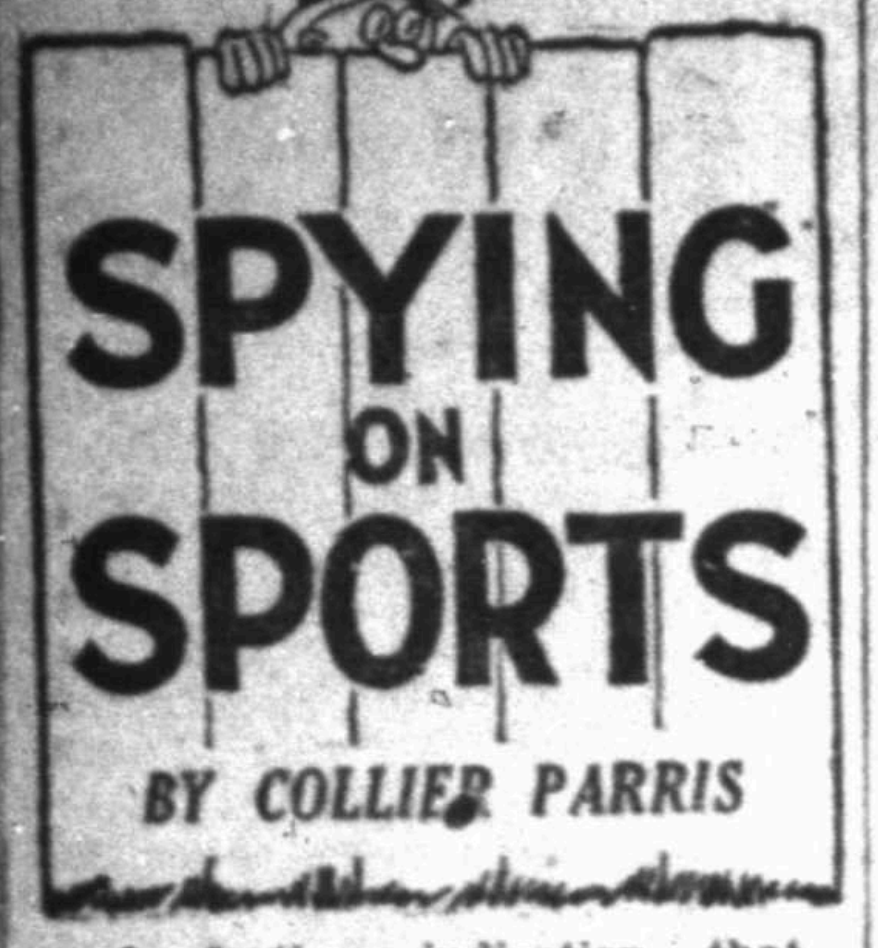
UNITED STATES DOMINATES IN SMASHING OF RECORDS



SPYING ON SPORTS

BY COLLIER PARRIS

A further indication that Texas Tech's new president and this department are going to get along swell together in the business of "running" the school's athletic department shows itself in a letter recently written by Dr. Bradford Knapp from Auburn and addressed to Prof. Pete Cawthon, head coach at Tech.

* * *

A few days ago we printed a portion of a sport column written by the sports editor of one of the leading newspapers at Montgomery, in which was emphasized the interest Dr. Knapp holds for athletics. That was a good starter. One of the prime requisites of a college president, to our way of thinking, is a general interest in all things pertaining to the college curricula, and since athletics form a highly important part of any good college's activity, the president should be particularly interested in that department.

* * *

We're going to submit Dr. Knapp's letter to Coach Cawthon en toto. It is a reply to a missive mailed by Cawthon in which was explained in more or less detail the athletic situation at Tech. Cawthon is to be commended for taking his step without waiting until the new president's arrival. The letter:

* * *

My Dear Coach:

It was mighty thoughtful of you to write me about the athletic situation at Texas Tech and I appreciate it greatly. When Mr. Clifford Jones phoned me the other day telling about your great coaching school, I was delighted. Many of the men you had on your staff during the school were known to me. Pop Warner doesn't know me but I know him. Ray Morrison I know very well as he is an old Vanderbilt man. The rest I know by reputation. "Chet" Wynne, our coach here came very near visiting your coaching school but he had to stay here on account of my leaving.

You have arranged a very stiff schedule for the football season and I trust you have plenty of material. I have missed a few games in the past four years here. I am never away unless business for the institution keeps me away. You may know that I played guard on Vanderbilt's first football team in 1890 and tackle in 1891, my senior year. At Michigan where I studied law I earned my way by teaching physical education classes in the gymnasium and knew the famous old trainer Keene Fitzpatrick, afterward at Yale and Princeton, while he was at Michigan. For years I officiated at games but have not time so for over 20 years now. I have always backed athletics [illegible] for the sport of the thing but because I have an abiding faith in the real educational value of athletics. It develops quick [illegible] quick thinking, quick [illegible] command of [illegible] able lessons [illegible] so completely [illegible] laboratory.

I am glad the [illegible] letics, and [illegible] that you [illegible] tem. I brought Chet Wynne and Roger Kiley here [illegible] us well up [illegible] of what we have [illegible] their system. I am [illegible] out there and [illegible]

A letter from J. Warren Pearcy of Levelland reminds of the invitation baseball tournament to be held at Levelland next week. It begins on August 8. Mr. Pearcy invites the Lubbock baseball team to enter the tournament and states approximately $100 will go to the winning team.

Levelland has entered several tournaments this season, going high in the recent Wolfforth tournament. The team came to Lubbock and eliminated Hale Center, losing two hard games to be put out of the running. At that, Levelland led the team batting average and was second in the fielding averages. A nice ball club, the team should serve as a fine host to tournament entries. It would behoove the local team, as well as other teams in whose towns Levelland has played, to repay the visit and take part in the tournament next week.

While yesterday's Morning Avalanche carried only the names of players who hit at or better than a .250 per cent clip, this department has compiled the batting and fielding averages of every player who handled a ball and bat in the local tournament, and will divulge further information upon request.

AMERICA TOPS LISTS WITH BIG TOTAL

STARS, STRIPES WAVE MAJESTICALLY OVER OLYMPIC STADIUM

BY ALAN GOULD.
Associated Press Sports Editor

LOS ANGELES, Aug. 4. (AP)—They have been waiting a long while, as Olympiads go, to wave the old flag so briskly but today these Americans can go the patriotic limit, with the Star-Spangled Banner draped all over the Olympic track and field band wagon.

George Saling

With the big show only half-completed, the United States has already dominated the greatest outbreak of Olympic record-smashing of all time, romped off with nine of the 16 track and field events for men and women, including highly-cherished sprint titles, and rolled up a staggering margin on points.

Sweep Four Events

After politely watching the flags of Ireland, Poland, Britain and Canada wave victoriously in the breezes, the Americans yesterday swept all four of the men's track and field finals conducted in the stadium.

A crowd estimated at nearly 85,000, the greatest in track history, went wild. The record turnout sent the total attendance for four days beyond 225,000 for the stadium alone.

John Anderson

The crowd saw bespectacled little Eddie Tolan, American negro, lead a sweep of the 200 meters final to become the first double Olympic sprint champion the United States has had in 20 years.

They thrilled as sandy-haired Bill Miller of San Diego, a product of Stanford university, outvaulted the sensational Japanese boy, Shuhei Nishida, in the first 14-foot duel in Olympic history. The American boy finally won at 14 feet 1 7-8 inches.

Yankees Cheered

Britain Wins

Far from the stadium's din and shouting, Great Britain's slow and gallant pedestrian, Thomas William Green, hoofed his way to victory in the 50,000 meter walk. He had to wait until today, however, to step up on the [illegible] pedestal and hear "God Save The King" played in honor of his achievement.

Today, too, Finland and Japan may take their turn in the spotlight with favorites in the javelin and triple jump, while Americans have their eyes focused on the chances of Pen Hallowell, Glenn Cunningham and Frank Crowley in the classic 1500 meter final, feature of this afternoon's program.

Art The Great Will Be On Retired List

COLORFUL PLAYER HAS APPLICATION BEFORE KENESAW LANDIS

(By The Associated Press)

BOSTON, Aug. 3.—Art Shires, the Boston Braves' colorful first baseman, has asked Kenesaw M. Landis to be placed on the National League's voluntarily retired list. The ball player's application was approved by President Emil Fuchs.

Fuchs, who has been touring the baseball by-ways several days in search of a replacement for Shires, said he would pay Arthur his full salary and in addition would provide him with funds to obtain the best possible medical treatment for his injured knee.

Injury Brings Bench

This injury, received early in the season in a collision with Joe Stripp of Brooklyn, has handicapped Shires to such an extent he was benched in favor of Randy Moore, the Braves' superutility man.

Manager Bill McKechnie tried to trade Shires to a minor league outfit, said to be the Chattanooga club of the Southern Association, but the player balked at the deal. McKechnie was so exasperated he gave Shires his unconditional release but recalled it on President Fuchs' orders. That official handled the case when he returned to Boston late yesterday.

Offer Accepted

Fuchs informed Shires of his decision in a kindly letter which advised him to make immediate application for retirement to the commissioner of baseball. Shires, with unconditional release hanging over his head, lost no time accepting the offer, the generosity of which undoubtedly surprised him, for he appeared doomed to further minor league activity.

Shires was purchased by the Braves from Milwaukee where he lost his truculent ways while piling up a .385 batting average.

The self-styled "Arthur-The-Great" first gained baseball fame with the Chicago White Sox and when he became too rough for that club landed with the Washington Senators. Walter Johnson was unable to use him regularly and Shires was dropped back into the American Association to be rescued by the Braves after the 1931 season.

After being injured Shires insisted on playing, claiming the club needed his services. His knee gradually became worse and his play depreciated with it. There have been many reports, always denied, that he and McKechnie were at odds. It is likely Shires will submit to a delicate operation to restore his knee to normalcy.

BASEBALL STARS OF YESTERDAY

(By The Associated Press)

Vic Sorrell, Tigers, outpitched Al Thomas and Fred Marberry, giving only six hits to win 2-1.

Ted Lyons and Lu Blue, White Sox: former held Yankees to six hits in ten innings and scored tying run in eighth after doubling; latter doubled and crossed with winning run in tenth.

Lew Fonseca Will Retain His Place

CHICAGO, Aug. 4.—[illegible] In the midst of the noise caused by the dismissal of Rogers Hornsby [illegible] has come forward with the announcement that Lew Fonseca would continue as manager of the White Sox in 1933. [illegible]

DALLAS STILL "WHO'S WHO" IN TEXAS

EXPORTERS ARE CLOSE ON STEER HEELS IN SECOND HALF RACE

BY BILL PARKER,
Associated Press Sports Writer

Happ Morse's Dallas Steers still are the "who's who" in the Texas League's second half race but their separation from second place is a breath and nothing more.

A five-game lead several days ago has dwindled to a half game. A confident, unbeatable baseball steam roller through mid-July is now a hit and miss combination striving desperately to retain first place. On the heels of the Steers are Del Baker's Beaumont Exporters who, for five hours yesterday were in a tie for first place but fell a half game below when Dallas won a 2 to 0 victory last night from San Antonio.

Win By Break

Hits by Brower and Holman, two erratic throws, a sacrifice by Radcliff and a walk to Zeke Bonura gave Dallas two runs and another 24-hours as pennant parade master. Oscar Fuhr, southpaw, out-dueled Kowalik.

Lefty Johns and Roy Appleton, big shots years ago when Atz's Cats won six consecutive pennants at Fort Worth, came out for a fling at Beaumont. They found the modern Exporters double tough, Beaumont winning 7 to 4. Easterling, who leads the league in runs batted in, hit his twenty-third home run this season to help the Exporters.

Galveston Scores

Galveston scored five runs in the final [illegible] innings to beat Longview, 7 to 2. Darrow bested Wiltse in a duel of hits, Galveston getting 8 to Longview's 7. It was Galveston's [illegible] straight win.

Tyler's bid for a third place tie with Houston failed last night when the Buffaloes won 4 to 3. George Payne won his fifteenth game of the season. [illegible], Tyler pitcher, lost his thirteenth. Joe [illegible], the league's leading hitter, went hitless in four times at bat.

Start Of Doubles Tourney Scheduled

SOUTHAMPTON, N. Y., Aug. 4.—[illegible] The start of the doubles tournament shared the interest with the quarter final round singles matches of the Meadow Club men's invitation tournament today after a day of inaction due to rain had forced a doubling-up in the program.

Berkeley Bell of Texas and New York, and Gregory Mangin of Newark, [illegible] twice winners of the doubles, headed a field of 12 teams.

POINT AGAINST HOARDING

[illegible] contend that each dollar [illegible] spent will change hands 17 times in a year. From the manufacturer down to the office boy, the money [illegible] in circulation multiplies itself 17 times in keeping people working.

TED LYONS MIGHT BE JUSTIFIED WITH COMPLAINT AGAINST FATE FOR MAKING HIM BE WITH SECOND DIVISION CLUB

BY HUGH S. FULLERTON, JR.
(Associated Press Sports Writer)

Ted Lyons, who is in his tenth year of pitching for the White Sox, might be justified if he loosed a complaint against the fate that has condemned him to a second division club through the greater part of his major league career.

Going directly to the Sox from Baylor university in 1923, Lyons has pitched good ball most of the time. In only two of his nine seasons has he fallen below the .500 mark in games won and lost and his earned run average has always been well up the list.

Takes Things Over

Ted had to take things into his own hands yesterday to pull out a 3-2 decision over New York in a ten-inning duel with Charley Ruffing. Going into the eighth he was trailing 1-2 although he had given only six hits. Lyons squared the count by cracking out a double and coming home on a sacrifice by Funk and Hayes' long fly. He pitched no-hit ball the next two frames and Lu Blue came to his rescue in the tenth with another double that led to the winning run.

The only other game on the major league schedule yesterday saw another six-hit mound performance as Vic Sorrell got the better of a battle with Al Thomas and Fred Marberry to give Detroit a 2 to 1 decision over Washington.

How much it may cost you *Not* to have a telephone

In case of sickness a single call may be priceless

Without a telephone
"John, wake up, Betty has a high fever. You've got to go for a doctor."

With a telephone
". . . and she seems worse, doctor. *Please come at once.*"

If you do not have a telephone, this may be the REAL cost you are paying:

Loss of protection for you and your family . . . for your home and property
When there is an accident . . . a fire . . . burglars . . . prowlers . . . the value of a telephone cannot be measured in money. [illegible]

Loss of opportunities to get a job . . . or extra work
When there's a job to be filled, employers and agencies want to get in touch with you quickly. Not having a telephone means fewer opportunities for work.

Loss of time and money you can save by telephone
The telephone runs errands for you, to the grocer's, the butcher, the drug store, the laundry, the cleaners. Makes appointments. Gets information. Orders bargains. It saves your time and strength for the jobs that *need* to be done in person.

The cost of *having* a telephone is *reasonable*. The cost of NOT having one may prove *expensive*. Call the Business Office. Say "*I want a telephone.*"

FARM LOAN IS TALKED HERE

LOAN INSPECTOR TALKS TO GATHERING OF FARM LEADERS

A plan to meet an emergency in sowing the 1933 wheat crop in West Texas is being formulated by the Reconstruction Finance Corporation and the U. S. department of agriculture, ex-Governor D. W. Davis of Idaho, told a group of field inspectors, county agents, bankers, chamber of commerce secretaries, and county committee members here Wednesday afternoon. About 100 persons from the section between Odessa and Vega and Dalhart attended.

Conference Is Held

Governor Davis said just before the meeting here he had talked over long distance telephone to the department with a Mr. Clark, one of the executives. "He told me a conference had been held with the Reconstruction Finance Corporation this week and another is planned next week," Mr. Davis said. "They are working out details. While I cannot speak for the department of agriculture that the loans will be made yet I know the money is available and I believe that Washington realizes the need of action."

The meeting was held in the Hotel Lubbock ballroom at 2 o'clock. Owen W. Sherrill, Dallas district director, presided. Congressman Marvin Jones who made a special trip from Amarillo to meet with Mr. Davis was an unexpected speaker. Immediately following the statement Mr. Jones wired the R. F. C. personally urging immediate action because of the necessity in this area.

Need Help In Planting

After briefly opening the meeting stating that more than a million dollars had been loaned to Texans this year and that nearly that much in collateralized cotton was in the hands of the government, Mr. Sherrill introduced Dr. O. H. Lloyd, Vega, who made a graphic dramatic talk on the situation in his country. "Not one man in ten is able properly to plant his crop in my country," he said. "We need help in the rehabilitation of the farmers."

Grady [illegible], Plainview secretary of the chamber of commerce, substantiated the claims of Dr. Lloyd regarding the seriousness of the situation. "An emergency confronts the wheat farmers which must be met within the next ten days or two weeks at the outside," the secretary added. "A dollar an acre to go for oil, gas, repairs and seed in some instances will be sufficient. We need this crop for two reasons. First to pay off the loans this year, second to provide to carry us through the winter."

Jones Behind Farmer

"I don't believe greatly in a loan system for the government," Congressman Jones explained, "but, if the government is going to loan to the insurance companies, the bankers and the railroads then I want the farmer to have his share. Under the reconstruction act the government set aside $200,000,000 for agriculture. One hundred and thirty million dollars was not used."

Governor Davis in speaking to the general meeting said he had agricultural experience. "I know what it is to go broke on a farm," he went on. "I also know what it is to earn [illegible] down and spend it on the farm."

Confident Of Action

Emphasizing that he had "no authority to make promises for the 1933 crop, Mr. Davis added, "I feel confident myself that the loans are going to be made." He told of his conversation with department officials and said that he believed they realized the importance of quick action.

Following the general program, Director Sherrill worked with his field men. There were 10 from Texas and one from New Mexico. More than an hour was spent in outlining perplexing cases confronting the men. Mr. Davis, for the department, advised the field men to use human interest in dealing with cases.

VISITING IMPORTER DECLARES TIMES SHOW TURN FOR BETTER AND OFFERS STATISTICS AND INCIDENTS AS PROOF

Geo. M. Armor, veteran Baltimore, Md., importer of spices and teas, believes that better times already are here, and that the outlook is even brighter.

In substantiating his statement, the vice president of McCormick and Company, who is to leave Lubbock with Mrs. Armor today for Tulsa, offered:

"In the east at the present time conditions seem to be better; business men are more optimistic.

More Men at Work

"More men have been put to work in mills and manufacturing establishments, many of which have been working on curtailed schedules.

"Commodity prices have advanced, and with the advance in stocks on the New York board, I am looking for a steady return to normal conditions."

Mr. and Mrs. Armor, enroute from Los Angeles to Baltimore were guests Wednesday of Mr. and Mrs. Chas. A. Guy.

Was Only a School-Boy

When Mr. Armor arrived here Tuesday he saw his nephew, the Lubbock publisher, for the first time in 15 years, recalled that the last time he saw the nephew the present Lubbock man then was an "Oklahoma school-boy."

The romance of drawing spices, teas and other products from the world marts—from Japan, Holland, China, India, Ceylon—still has a thrill for the importer, after 32 years. And he has an equal enthusiasm for other angles of his business. Let him tell of an innovation in serving tea:

Tells of New Wrinkle

"You recall that for the past five or six years when you ordered hot tea in a restaurant, you were served with an individual bag of tea. When the bag of leaves was removed from the cup it was unsightly—looked like a wet rag, or even — a mouse.

"We have the sole rights for a new individual tea bag, made of perforated cellophane. It looks like a sure thing."

More Drive Needed

Armor is of medium height, gray-haired. Yesterday afternoon he was dressed informally, in white linen trousers, white shirt, oxfords. His personality bespeaks the aggressiveness in business which he intimated during the interview he believed should be used in meeting present conditions.

"More salesmanship and more 'drive' is necesary to meet present conditions," Armor said. "Alertness" is the watchword.

"In the east, business conditions have been anything but favorable for the past two and a half years. But in our own business, dealing in food products, conditions have not affected us as badly as people in other lines. We've retained our entire force of about 550 employes on a five and a half day week.

Spices Selling Lower

"Our tonnage and grossage have been up to normal. The volume however, is somewhat off, due to a sharp decline in prices. Spices, in particular, are selling today at about 50 per cent less than in 1929.

"For instance, price of one pepper we market has been reduced so much that our weekly loss in volume is about $3,000. And yet, because of the decrease in the original cost, our margin of profit is about the same."

Imports from Japan, consisting mainly of flowers from which liquid and powdered insecticides are manufactured, are heaviest made by McCormick and Company. Other principal imports are peppers from Lampong and Singapore and teas from Ceylon. Some export business, to South America, to Cuba, to Porto Rico, Hawaii, of manufactured products is carried on.

Texas Business Good

The firm's entire Texas business and "our Texas business is as good as it was last year," is directed through Houston. Local wholesale representatives of the company include Walker-Smith, J. M. Radford, H. O. Wooten, and Waples-Platter grocery companies.

The cheapness of freight rates via water was touched upon by Mr. Armor. The company's shipments to the west coast, and as far in the interior from the Pacific as Salt Lake City and Reno, are not made overland from Baltimore. Instead the company ships by water via the Panama Canal.

Mr. Armor, who became a buyer and pricer when he first entered the employ of McCormick and Company, has seen the organization grow from a ten-year-old enterprise to become the largest spice millers in the United States.

Interested In Plains

In Lubbock for the first time this week, he evinced interest in the South Plains cotton crop.

"Has the acreage been reduced because of Huey Long's agitation?" he asked the Lubbock publisher.

The acreage has been reduced, yes, but not because of Louisiana Kingfish's activities, he was told.

Mr. and Mrs. Armor attended the Shrine conclave in San Francisco.

WELL POPULATED

The Island of Penguins, near the edge of the Antarctic, is a haven for millions of penguins. On a rock not more than four miles square there are often more than 5,000,000 of the birds at one time.

TOTAL OF 187 ARRESTS HERE

Lubbock police in July made 187 arrests, among which were 54 resulting in charges of traffic law violation, 31 drunkeness, 16 vagrancy, 11 fighting, 7 theft, and 5 disturbance, the department's monthly report shows.

Jess Covington, the last three men to be arrested and subsequently charged in the killing of Frank V. ("Leather Hat") Brown, was arrested by a policeman here in July.

Others of 14 cases transferred to county jurisdiction resulted in one charge of prohibition law violation, 8 of theft, 2 each of aggravated assault and burglary.

Three cases each of obstructing the sidewalks and of violating the pure food law, and one each of violating the plumbing ordinance and violating the milk ordinance were filed in corporation court as a result of arrests by police.

Fines collected in corporation court during July totaled $329.45, according to the report.

Twelve members and several visitors attended a meeting of the Wolfforth Home Demonstration club meeting Tuesday afternoon with Mrs. O. M. Woodson. Miss Jo Elizabeth Hill, who teaches in Honolulu, talked on customs in those islands. Games were played.

Those who attended were Mesdames H. A. Sullivan, J. A. Goss, B. Landers, A. R. Carlile, Ernest Schroeder, T. J. Sullivan, W. F. Fry, M. M. McReynolds, J. C. Hill, O. L. Sims, Edd Schroeder, F. J. Stryker, O. M. Woodson, O. F. Corley, Misses Hill, Dessie and Ette McReynolds, Vaudine Woodson and Juanita Corley.

FOUNDATION FOR RUGS

Rugs which do not have pads under them will wear longer and be more comfortable to walk on if you place mats or several thicknesses of newspapers on the floor before laying the rug.

A pinch of salt placed in coffee while it is boiling intensifies the coffee taste.

Mrs. Barton Heads Baptist S. S. Class

New officers were elected in the First Baptist T. E. L. class Wednesday afternoon at a monthly party. These women will be installed next month and will begin their duties in October.

Mrs. J. A. Barton was named president of the organization with Mrs. J. I. Noah as vice-president. Others were elected as follows:

Second vice-president, Mrs. W. B. Atkins; third vice-president, Mrs. W. A. Terrell; fourth vice-president, Mrs. R. C. Hopping; secretary, Mrs. G. V. Pardue; assistant secretary, Mrs. E. L. Law; treasurer, Mrs. J. W. Baze; reporter, Mrs. Mary McComb; class teacher, Mrs. Carl Roberds; assistant teacher, Mrs. W. D. Grimes. Mrs. W. A. Stahl was re-elected class mother.

The party was given in the Hopping home at 2429 19th street. Mrs. Hopping was assisted in entertaining by Mesdames A. S. Eads and T. L. Heddins.

After the election, a social hour was enjoyed. Games were played and Mrs. J. E. Hamilton read.

This class honors members on their birthdays and honorees yesterday afternoon were Mesdames John L. Vaughan, Hopping, N. H. Payne and W. W. Ray.

Other members present were Mesdames Law, Terrell, J. K. Miller, Hamilton, Grimes, Fred Sparks, Pardue, Virginia Fann, Barton, Stahl and Noah.

Special guests were Mesdames Erie Studeman, John L. Scott, Z. L. Wright, Joe George and A. Taylor.

Carlisle Women Are Guests For Party

Women in the Carlisle Home Demonstration club were guests of the Broadview club Tuesday afternoon at the Broadview school house. Two short plays were given contrasting schools today and fifty years ago. A social hour followed. There were 10 women in attendance from Carlisle.

Instead of placing fried potatoes on brown paper in order to let it absorb the grease, put the potatoes in a brown paper bag, salt them, and shake them.

Miss Alice White Is To Be Married

Miss Alice White of Plainview, a former student in Texas Technological college, has gone to Los Angeles, Calif., where she is to be married to H. B. Mann, of that city, according to word received here. Miss White is the daughter of Mr. and Mrs. A. J. White of Plainview. The groom-to-be is the son of Mrs. J. H. Mann of Lockney and has been in California about a year.

Lucky 13 Club Party Is On Wednesday

Lucky 13 Needle club members were guests of Mrs. W. E. Lutz, 1712 19th street, Wednesday afternoon for an hour of needlework. Those who attended were Mesdames E. F. Alford, J. L. Murfee, R. L. Stewart, Joe Telford, Sidney Oglesbee, A. K. O'Kelley and O. W. Ribble.

SOCIAL STRATAS ARE REVERSED TODAY IN RUSSIA SAYS AMARILLOAN AFTER A SIX MONTHS' VISIT IN THAT COUNTRY

BY BOB McCALL
Journal Staff Writer

"An anachronistic and tragic commentary on the most socialistic country in the world is that within its borders there is more class distinction than in any other civilized land except India," Hickman Price, jr., of Amarillo said here Wednesday night of Communist Russia.

Mr. Price about two months ago returned to the United States after passing about six months and traveling approximately 20,000 miles in European Russia, Turkestan, and Siberia. He will speak at 8:30 o'clock Friday night immediately across the street from City hall under auspices of Allen Brothers post, No. 148, of the American Legion here.

Social Stratas Juggled

Of Russia, Mr. Price continued:

"The former social stratas have been juggled like bits of paper in a hat until those on top have gone to the bottom. The bottom is now on top with human nature very little changed in the process."

The young man's object in going to Russia, he said, was "to study social, political, and economic problems of the country to see whether or not all or part of those systems could be adopted by our government with an idea of improving certain features of our government."

System Is Failure

Communist Russia's industrial and economic system, Mr. Hickman said, he considered a "woeful failure," because "it was built on political institutions and is controlled by politics, because of indifference, ignorance, and sabotage among many workers, and because of an appalling depreciation on farm-bought machinery, which had to be purchased with gold."

To meet payments on the machinery, a great proportion of industrial and agricultural products produced in Russia has been exported and more equipment has been purchased on the same basis to replace outworn machinery, Mr. Price explained.

Living Conditions Bad

"This created," he said, "an endless circle of import and export, causing a deplorable living condition in the country.

"I believe it is hardly an exaggeration to say that, unless this year's wheat harvest is exceptionally large, Russia is faced with a famine that will equal in intensity that of 1922 and '23. Russia can not stand another such famine."

Of social conditions Mr. Price explained, "The Marxian code and theory of Leninism provides for a dictatorship of the proletariat, and the Russian interpretation of the proletariat is not any one who works with his hands but factory workers alone.

Build Hierarchy

"Consequently, Russia is being governed today for the benefit of this class, which numerically is small in comparison to the total population.

"This political theory has given to the dozen men who rule Russia today an opportunity to build up a political hierarchy the like of which has probably never been known before.

"There has been evolved a social strata which can be compared only to the social castes of India. This extends from a hypothetical dozen men who rule Russia, supported by the Communist party of three million, the Red army, and the political police, the G. P. U., down to the social 'untouchables.'"

The speaker, tall, slender, blond, drawing at a cigaret, began to walk the floor of his hotel room. He continued:

No Legal Status

"It must be remembered there are somewhere between 30 and 50 million out of a total population of 160 million, who have no social or legal status in the eyes of the state, who are for the most part denied the right to earn a living."

"Any one who was anybody" before the revolution, prosperous farmers, merchants, doctors, lawyers, dentists, and other professional men, are in these castes, said Mr. Price.

"These people, as Stalin so neatly put it, are being rapidly liquidated", the journalist-lecturer continued.

"The mode of living has been considerably reduced during the past five years largely owing to the continued exporting in order to pay for machines used in the five-year plan," Mr. Price opined.

Prices Are High

Declaring "it is practically impossible for the social 'untouchables' to purchase anything at all," Mr. Price reported shoes cost "the average Russian" $40 a pair, eggs $15 a dozen, butter $10 a pound, and a suit of clothes $250.

"In so far as has been possible, Russian government has separated families," Mr. Price said, creating a "gradual but definite dissolution of the home."

"If this dissolution continues at its present rate, it is readily conceivable that, within 20 years, home and family life will be a thing of the past in Russia.

God Is Repudiated

"Of equal importance has been the repudiation of God, and consequent breakdown of spiritual things, which has resulted in a wave of immorality throughout Russia which has continued unabated for several years. Marriage, when it exists at all, is hardly more than mockery."

Mr. Price expressed an opinion that "America need not fear industrial or agricultural competition from Russia for a generation or more to come, but it has a very definite reason to fear the spread of Communism throughout this country."

Amplifying that warning, Mr. Price asserted "this is being carried on at the present time under the supervision of the propaganda department of the Russian government."

"If America does go Communistic along the Russian pattern," Mr. Price added, "there will, of course, be a complete social, political, and economic reorganization. The social phase of this alone, as I saw it in Russia, would certainly be enough to condemn such a move."

BODY OF YOUTH IS IDENTIFIED AFTER ACCIDENT

Mr. and Mrs. W. Cody of Floydada have identified a youth who died July 21 at Midland beneath the wheels of a Texas & Pacific fast freight train as their 18-year-old son, Glenn Cody.

The tunes the youth coaxed out of a French harp the afternoon before his death aided in his identification.

Pictures taken by a Midland newspaper photographer brought Mr. and Mrs. W. Cody of Floydada, the parents, to Midland asking that the body of the young man decapitated in the accident be disinterred. Once positively identified, the body was reburied at Midland, the parents being unable to defray expenses of removing the body to Floydada.

Favorite tunes of young Cody were named by persons who had heard him play the harp, after Mr. and Mrs. Cody had questioned the lad's Midland songs. The youth was sleeping acquaintances regarding the with two men on the railroad right-of-way the morning he was killed. Evidently becoming frightened by the approach of a fast freight train, Cody leaped onto the track.

Cody left Floydada July 17.

NATIONAL LOAN INSPECTOR REFUTES CHARGE THAT FEDERAL FUNDS GO TO AID ONLY "BIG FELLOWS" OF NATION

Refuting the charge often made that funds of the Reconstruction Finance Corporation are "only for the big fellow," D. W. Davis, chief national loan inspector for the crop production loan fund, pointed out that over half a million farmers had received loans.

"We had 538,000 loan applications," Mr. Davis said. "We made loans on over 510,000 applications for $64,000,000.

Made In Small Towns

"I want to point out to you that 67 per cent of the loans made by the Reconstruction Finance corporation were made to firms or concerns in towns of 5,000 population or less. Does that look like the so-called big fellows are getting all the money?"

The loan act was passed by congress on January 22, 1932, Mr. Davis pointed out. The regulations governoring the making of loans were drawn up as soon as possible after this. By the middle of February the regulations had been promulgated and "by the middle of March the checks were being signed and sent out from Washington," he added.

Millions Are Aided

"We believe that 2,500,000 farm people were aided by these loans," the inspector said. "We ceased accepting applications for loans after April 30. By the time our organization was functioning well we were sending out checks from 24 to 48 hours after the application had reached such district offices as Dallas."

There were seven district or regional offices. One for the Atlantic states of the South and several others, was maintained in Washington. The Memphis, Tenn., office issued the largest number of checks, exceeding by several thousand the Washington office, which issued 146,000. Minneapolis, Minn., had the largest amount, in excess of $23,000,000. St. Louis, Dallas, Salt Lake and Spokane, Wash., were the other regional offices.

Operate In 47 States

"We operate in 47 states of the union," Mr. Davis added. "Rhode Island is the only state where loans are not made. All of the money we have loaned is Reconstruction Finance Corporation money.

"We are holding about $12,000,000 worth of cotton in warehouses, to be collateralized for loans. Some of this cotton is from the 1929 crop. We also have cotton from the 1930 as well as the 1931 crop.

"It will be the policy to discourage taking of warehouse receipts for cotton this year. We do not want to handle it that way. We have altogether about $14,000,000 worth of products we have taken to handle payment of crops."

Robert Jackson To Head Demo Speakers

ALBANY, N. Y., Aug. 4 (AP) — Governor Roosevelt's campaign for the presidency largely will be in the hands of the personal friends who directed his drive for the Democratic nomination. Through them the nominee, who will have a hand in all the details, will express himself.

The announcement yesterday that Robert Jackson, Concord, N. H., would head the speakers bureau, filled the last vacancy in the important campaign positions.

Roosevelt's Debt Policy Is Rapped

WASHINGTON, Aug. 4. (AP)—An assertion that "Governor Roosevelt's solution of the foreign debt problem" would "displace $3,000,000,000 worth of American goods" was made yesterday by Senator Moses (R., N. H.).

In a statement issued through the Republican national committee, Senator Moses said the Democratic presidential nominee's position meant the American people in effect would have to pay the debts "out of their own pockets."

Borah's Statement

SENATOR Borah voiced a good deal of sound logic in his recent radio address on the war debts. So far, however, there is little indication that the other die-hards in Congress and elsewhere are ready to follow him. They seem to be preparing to stick by their guns, in spite of the new attitude shown by Idaho's famous statesman.

And the ironic part of all of this is that it is at least partly Senator Borah's own fault. For years he has been one of the country's most noted irreconcilables. He helped weld the Senate bloc together, he directed it once it was organized, he helped to build up the sentiment which now abhors all direct dealings with Europe and which demands that Europe pay its debts in full, in spite of depression or anything else.

However, Senator Borah is an exceedingly influential man and an uncommonly gifted and persuasive speaker. Let him stay on the firing line against the irreconcilable bloc for a little while and the bloc will look as if it had been through a major bombardment.

A lot of people who bring letters into the office are apologetic about it. They feel like The Plainsman is doing them a big favor by printing their letters.

Why bless your soul, The Plainsman wishes he had the space and the mechanical facilities to print a whole page of such letters every day. People who write letters for publication are doing The Plainsman a favor.

And get this:

Your letter doesn't have to agree with the opinions of Avalanche - Journal papers. Absolutely not. We'll print it just as quickly if it disagrees with our views as if it agrees.

On Tuesday, August 2 the wind was out of the north all day long and those who have been watching West Texas weather conditions for a long, long time say October 2 will bring that killing frost.

Mark this prognostication down in your hat (if you've still got a hat in the GOP boom times) and we'll check up on it October 2.

* * *

A lot of folks think you can't figure West Texas weather in advance.

They say nobody but newcomers and fools try to do it.

But W. O. Stevens will tell you that J. I. Wilborn of Garza county, can prognosticate weather and crop conditions months in advance and that the Indians who used to be in the country could do it.

If one can do it, others can and maybe this killing frost forecast will pan out.

Anyway, we can wait and see.

FROM the pen of James True, alert Washington correspondent, comes this as well as many another snappy report of the doings behind the scenes in the nation's capital.

Recently, reports Newsman True, the Secretary of War, Mr. Patrick Hurley, of Tulsa, called his physician about a pain in his back. The doctor sent him to a hospital for a complete examination and a week's rest. Fortunately, there was little to be found the matter and the doctor told the Secretary that he would leave directions for his treatment. A few minutes later a nurse entered the patient's room with the smiling information that she had been instructed to massage his back.

"I won't have it!" the Secretary exclaimed (and to The Plainsman, who used to deliver newspapers to Mr. Hurley's desk years ago and who was sometimes late with deliveries, it sounds perfectly natural). "I came here to rest", roared the Secretary. "Not to be punched and pummeled. I don't care what the doctor said. I won't have it!"

* * *

The nurse left and asked another young woman of the staff to attempt the job but again the Secretary of War won a victory. Then the nurses appealed to a large, redheaded Irish nurse who, for about 20 years, has specialized in treating refractory patients.

She took the towels and other necessary equipment, went into the Hurley room and closed the door behind her.

* * *

"NOW you look here", she told the Tulsan, who was born son of a poor miner and who has made a fortune by the practice of law and his own smart judgment, "I'm gonna tell you somthin'.

"I know who you are, Misther Honorable Patrick Jay Hurley. You're a great man over in the War department where everybody obeys your orders. And down in Oklahomy, heaven forbid, they tell me they think so highly of you that they do everything you say.

"But in this hospital, Misther Secretary, you're just Pat Hurley, with a pain in your back.

"Turn over!"

* * *

"How do you like my new bathing suit?" a wife asked her husband. "Don't you think it's a perfect fit?"

"I sure do", said the husband grimly. "In fact it looks like a convulsion to me!"

Hoover And Roosevelt Just Shadow Boxing Now, Dutcher Says, But Fur Expected To Fly In Big Quantities Later

BY RODNEY DUTCHER
NEA Service Writer

WASHINGTON, Aug. 4.—This part of the political season on the surface, is always devoted to shadow-boxing and getting into position for the campaign.

Dutcher

The campaign cannot be considered officially opened until President Hoover is notified of his renomination and delivers his speech of acceptance on Aug. 11. It can hardly be regarded as actually begun until Governor Roosevelt has made his first campaign speech in New Jersey on the 27th. And it won't really be warmed up until around the middle of September when the fur begins to fly.

* * *

Lay Groundwork Now

THE candidates, meanwhile, make a few vague passes at each other, such as Roosevelt and Hoover exchanged in their telegrams about the St. Lawrence power projects, but the important preliminaries now in progress consist not of such minor public exhibitions but of the intensive efforts of the party managements to lay solid groundwork for themselves and grease the skids for the other fellows.

Right now there's a tremendous effort to attract the support of the business men and the politicians of the east. It is especially determined on the part of the Roosevelt leaders because they were led to believe after the Chicago convention that Roosevelt's big peril was the enmity of the conservative element which dominates politics, industry and finance in the states which have the largest electoral votes.

Hoover, throughout his administration has seen eye to eye with that element and up to this time has lost no opportunity to stress his conservatism.

* * *

"Progressive" Roosevelt

ROOSEVELT, on the other hand, what with his almost complete reliance on the west and south for delegates to nominate him, the progressive character of some of his support and his own mild assertions of progressivism, has established himself there at least as the progressive candidate.

Many of the smarter political writers consequently have rushed right out to assert that it looked as if Roosevelt were licked in the east.

* * *

New Factors

BUT when you consider the east this year there are certain new factors which seem, to this writer at least, to render more questionable any prognostications based on past performances.

At other times grateful for prosperity or inspired by the belief that it was synonymous with Republicanism, the industrial states have been hit hardest of all by depression and unemployment. Definitely wet, they find the Democratic party asserting itself to be wetter than the Republican party.

Nevertheless, Roosevelt is hot after the eastern conservatives and those eastern electoral votes.

* * *

Boss Hague Promises

POLITICALLY, he gets his sworn enemy, Boss Frank Hague of New Jersey, who said he couldn't possibly carry that state, to promise him a 200,000 majority in November and a crowd of 100,000 Democrats at Seagirt on Aug. 27.

He starts taking Governor Ely of Massachusetts, another die-hard anti-Roosevelt man, into camp, tosses flowers at John Raskob and Jouett Shouse and sends his emissaries to conciliate Al Smith.

And invited to Albany is an impressive procession of men whose names are synonymous with big business and finance—Owen D. Young, B. M. Baruch, a railroad president or two and others. Leaders of farm groups come, too, but no sooner do you get through reading about those fellows than you hear that the post of Democratic treasurer for 1932 has been offered to Melvin A. Traylor, the illustrious Chicago banker who is one of the few big bankers left for whom there is widespread respect.

THE PLAINSMAN GETS SOME MAIL

BOTH SIDES OF THE POLITICAL QUESTION

Dear Plainsman: There appears today in The Journal a letter from one Mr. F. S. Rountree who is trying to show the clubwoman at Slaton that she is not posted. Mr. Rountree says the lady from Slaton makes the statement that Ma Ferguson left in the treasury five and one half million dollars when she left the office in January 1927. Mr. Rountree says that Mr. Sterling received the office with a deficit of $4,443,320. The above figures may all be very true but Mr. Rountree should write the lady at Slaton and apologize for the four years his Dan Moody held the office between Mrs. Ferguson and Mr. Sterling.

If the state was in such deplorable condition as described by Mr. Amon G. Carter and Mr. Rountree why don't they tell the people that Dan Moody got it in that shape and not try to palm off their mismanagement on our Ma.

Yours very truly,
W. C. Wells
Aug. 2, 1932

ANSWERS POWERS

Dear Plainsman: We do not feel the letter of Mr. Dan W. Powers should go unchallenged, except your statement of facts concerning the highway department. This last letter of his was a feeble effort to pass along some of Jim Ferguson's old spoiled political applesauce to a large Hunter vote.

This same Mr. Powers recently made the statement to a group of voters that the highway department was $100,000 short and yet Mr. Powers did not even know how many miles of road had been built nor how many miles were maintained, yet he had the audacity to make this statement on the simple claim of Jim Ferguson under whose wood and water management he managed to dissipate through fraudulent road contracts millions of dollars and none of the roads Mr. Powers rides today would even be graded could Jim Ferguson have continued in control of our highway commission.

Yes, unmitigated gall is a good answer to anyone who could mention our highways in any connection with the name of Jim Ferguson.

The people who voted for Tom Hunter voted for a good clean man who advocated many things in his platform that would benefit our state. But they all stood for clean honest government and we defy Dan W. Powers to offer one argument for Jim Ferguson that will show that he has ever, in his official capacity as governor or as boss of Ma, contributed one single constructive service to the people of our state. He was impeached for paying his own debts with money belonging to the West Texas Teachers college of Canyon.

He has never appeared before any legislature or government agency to even ask for a reduction in taxes. The highest taxes you have ever paid to our state government was under Ma and Jim. The blackest marks on our political history all belong to Jim. The most disgraceful public career of any Texas governor belongs exclusively to Jim. The first widespread and well known case of selling liberty to murderers and thieves was Jim's own contribution to lawlessness.

Does Dan W. Powers ever say one word in behalf of James E. Ferguson? No, the only reference is Ma having our legislature pass a law making the highway commission elective. Yes, the people who voted for Tom Hunter are capable of thinking for themselves and they are 100 per cent for good clean government as against the record of the Fergusons. They did not vote for Tom Hunter just as a protest against the honest, efficient and economical term of Ross Sterling but on the other hand for the man of their choice who happened to run third. Now they will really show you, Mr. Powers, that Fergusonism in Texas is only a bitter political dish that is served to us every two years, but is refused by the majority every time it is served to our franchise holders who have not and cannot forget the welfare of our Great State.

SANDINO IS CAMPAIGNING AGAIN

RISING SOUND OF RIFLE FIRE IN JUNGLES IS TAKEN AS INDICATION OF BANDIT'S MOVE

(By The Associated Press)

WASHINGTON, Aug. 4.—The rising sound of rifle fire in the Nicaraguan jungles is interpreted at the marine corps as an indication that Augusto Sandino has begun his fall electioneering campaign in earnest.

Sandino isn't running for the presidency. In manifestos, in which the marines are called "pirates," he has announced his intention of keeping so many of his country's voters away from the polls in November that any election held will be a nullity.

Others of his campaign documents are bullets to which the marine-trained guardia is replying in kind.

Nine fights between guardia patrols led by marines and insurgent groups have been reported to the navy since July 8.

Sandino, as has been his custom since several close calls at the hands of the marines, apparently has kept away from the actual fighting.

The state department has promised withdrawal of the approximately 700 marines left in Nicaragua after the fall elections.

Around the RADIO Clock

BY C. E. BUTTERFIELD

(Time is Central Standard)

NEW YORK, Aug. 4 (AP)—Henry L. Stimson, secretary of state, will make his first radio talk on America's foreign policies in almost a year at 8 p. m., Monday on WEAF-NBC. Secretary Stimson is expected to discuss the relation of the United States to the far eastern crisis and subsequent events.

Two months of weekly broadcasts, beginning September 6, will present the opinions of a wide variety of speakers on "government in depression." The series will be on WJZ-NBC.

Tune in tonight for:

WEAF-NBC 5:15—Ward Wilson, impersonator; 6:15—Rin Tin Tin; 9—Pickens sisters; 9:15—Sodero orchestra.

WABC-CBS 7—Freddie Rich's orchestra; 8—Boswell sisters; 9—Olympic summaries; 9:30—Columbia symphony.

WJZ-NBC 5—Saxophone octet; 6—Rudy Vallee; 7—New York orchestra; 7:30—Harris concert orchestra.

Broadmoor Hotel Is Put In Receivership

COLORADO SPRINGS, Colo., Aug. 4 (AP)—The Broadmoor Hotel company, operating the fashionable hostelry in the suburbs of Colorado Springs, has been placed in receivership. Charles L. Tutt of the Penrose-Tutt interests here was named receiver by District Judge Arthur Cornforth.

The action was taken after the El Pomar Investment company filed a complaint asking appointment of a receiver. The investment company was awarded judgment of $2,290,087 against the hotel last June.

The hotel will remain in continuous operation with no change in active management, Tutt announced after his appointment.

Daily Production Of U. S. Crude Is Lower

NEW YORK, Aug. 4 (AP)—Daily average gross crude oil production in the United States decreased 68,350 barrels in the week ended July 30, 1932, totaling [illegible] barrels, the American Petroleum Institute's weekly summary indicates. Daily average production east of California decreased [illegible] barrels to 1,668,300 barrels.

Americans spent four billions for amusement in 1931, a news item says. But what it means was "in search of amusement."

DAILY MARKETS

Cotton Market

NEW YORK REPORT

NEW YORK, Aug. 4. (AP)—Cotton futures opened steady, unchanged to 3 higher on overnight trade buying and on absence of selling pressure due to a more favorable view of business conditions.

There was a fair scattering demand after the call which included more Wall street buying as well as some price fixing by the trade. Liverpool was a moderate seller but offerings continued light with December selling up to 6.20 by the end of the first half hour when active months showed net advances of about 4 to 6 points. Liverpool cables reported scattered buying had been offset by hedge selling and the easier ruling of sterling there and that business in cotton goods at Manchester was restricted owing to uncertainty over the labor outlook. A private crop report placing the condition at 67.9 and the indicated crop at 11,850,000 was somewhat below the average of previous reports may have contributed somewhat to the early advance.

According to a canvass made in the trade here this morning, New York cotton exchange members are expecting a crop estimate of about 12,292,000 bales. A little selling through the so-called cooperative brokers developed later in the morning but offerings generally remained light while the strength of the stock and wheat markets attracted additional buying. December sold up to 6.25, or 11 points net higher, and the market at midday showed net advances of 8 to 10 points.

NEW ORLEANS REPORT

NEW ORLEANS, Aug. 4. (AP)—The cotton market had a somewhat irregular opening, although Liverpool cables came in better than due. While October traded one point down at the start, December showed gains of five points. The market started to improve right after the start, however, owing to a firm opening of stocks and October traded up to 6.02 and December to 6.15 or 6 to 8 points above yesterday's close. This advance attracted a little hedge selling and near the end of the first hour October eased off 2 points from the highs. December, however, continued at the top. Trading was somewhat more active.

The cotton market ruled active and firm all morning buying being stimulated by further advances in stocks. Both the trade and ring stroppers were good buyers of contracts and before mid-session October had advanced to 6.06 and December to 6.21, up 9 to 13 points from the early lows.

Near mid-session prices eased off 3 points on profit-taking. A prominent authority estimates the cotton yield at 11,850,000 bales based on a condition average of 67.9 per cent of normal.

Arms Reduction Is Sought By America

WASHINGTON, Aug. 4. (AP)—The administration hopes that the forthcoming international economic conference, in addition to opening the way for an improvement of business conditions, will prove to be one of the steps leading to a reduction of world armaments.

This is one of the points being considered at the state department and the White House where thought is being given to the qualifications of a group of men from which will be chosen the three American members of the separate committees that will plan the conference and survey the economic and financial phases of the problem.

The announcement of the personnel of the group will be withheld until the time and place have been fixed for the preliminary meetings.

American Market Being Threatened

OTTAWA, Ont., Aug. 4 (AP)—An agreement which would make serious inroads in the American automobile business with Australia was understood to be imminent last night when British and Australian negotiators met in the first formal two-party parley of the imperial economic conference in which the London government participated.

Under the reported agreement, Australia would cut tariff rates on British imports in return for preference in the British market on meats and increased preference on fruit, butter, wines, grain and dairy products.

Australia now makes large purchases of automobiles in the United States.

MAN FOUND DEAD

HOUSTON, Aug. 4 (AP)—J. L. Worsham, president of the Worsham Brothers Motor company, was found dead in the gas-filled bath room of his home today. Justice Campbell R. Overstreet returned a verdict of suicide.

Stock Market

WALL STREET REPORT

NEW YORK, Aug. 4 (AP)—The bull market in stocks rolled up further impressive advances in the stock market today before the pressure of profit-taking became great enough to bring a substantial setback.

Price averages at the peak of the rally indicated an appreciation in quoted value since the lows of a few weeks ago of about 50 per cent, unprecedented in recent market history for a like period of time, so profit-taking was not surprising. Extreme gains of 2 to 6 points in many issues were about cut in half, as the list slipped off after the middle of the day.

Allied Chemical shot up about 6 points, then lost above half. A 4-point rise carried American Telephone across par, or about 30 points above the year's low, but it slipped off a couple of points from the top. U. S. Steel lost most of an extreme gain of more than 2. Standard of N. J. rose 2 points to 33 1-2, the highest price of 1932, before the afternoon sell off. Miscellaneous issues up 2 or 3 points at the top included Santa Fe, Union Pacific, Dupont, Drug, American Water works, North American, Case, International Harvester, American Can, American Tobacco "B", Eastman, Westinghouse Electric, and others.

The sweeping advance in shares since early July has surpassed even the expectations of the bulls, and has evidently been greatly facilitated by efforts of the bears to fight the rise.

Grain Market

CHICAGO REPORT

CHICAGO, Aug. 4 (AP)—Material new upturns in grain values here took place early today, influenced by the Liverpool wheat market responding fairly well to yesterday's price advances this side of the Atlantic. Talk persisted that an organization would be formed, properly capitalized, to aid commodity prices. Opening 12 to 1 3-8 higher, wheat afterward held near the initial range. Corn starteed at 1-8 to 1-2 advance and subsequently kept firm.

CHICAGO REPORT

CHICAGO, Aug. 4 (AP)—Wheat—No. 1 red 52 1-2; No. 2 red 52 3-4; No. 1 hard 52 3-4 to 53; No. 2 hard 52 1-2 to 53; No. 1 yellow hard 53; No. 2 yellow hard 52 3-4; No. 1 northern spring 53; No. 1 dark northern 53 3-4; No. 1 mixed 52 1-2 to 3-4.

Corn—No. 2 mixed 33; No. 1 yellow 33 1-4; No. 2 yellow 33 to 33 1-4; No. 1 white 33 1-4; No. 2 white 33 1-4.

Oats—No. 2 white 18 1-2 to 19; No. 3 white 17 1-2 to 18 1-2.

Wheat and corn both closed irregular, at 1-4 decline to 3-8 advance compared with yesterday's finish, oats unchanged to a shade lower, and provisions 5 to 10 cents up.

Livestock Market

KANSAS CITY REPORT

KANSAS CITY, Aug. 4 (AP)—(U. S. D. A.)—Hogs 5,500; mostly steady to 10 lower than yesterday; top 4.40 on choice 180-210 lbs.; packing sows 275-500 lbs. 2.65-3.50; stock pigs 70-130 lbs. 3.00-50.

Sheep 4,000; lambs 25 lower; yearlings weak to 25 lower; sheep steady; top native lambs 5.50; lambs 90 lbs. down 5.00-75; ewes 150 lbs. down 1.00-2.00.

FORT WORTH REPORT

FORT WORTH, Aug. 4. (AP)—Hogs 700; steady to 10 lower; rail hogs off most; top 4.30 for good to choice truck hogs; mixed lightweight rail hogs 4.00 and 4.20; bulk better 185-250 lb truck hogs 4.25 and 4.30; packing sows 3.00 and 3.25 or steady.

Cattle: 1,300; calves: 700; about steady; slaughter steers 3.15-5.50; common grassers at former price; better fat yearlings lacking, some grassy sorts 4.50 down; fat cows 2.50; butcher grades 2.00; plain feeding steers 3.65 and 3.85; stock calves 4.50; slaughter heavy calves 3.00-4.00; few on short yearling order 4.25.

Sheep: 3,500; fat lambs and yearlings 15-25 lower; wethers steady; strictly good fat lambs 4.25; bulk fat lambs 3.75-4.00; fat yearlings 2.75; aged fat wethers 1.75-2.00; good fat lambs 4.35.

Salvation Army To Hold Service Today

Regular services for the Salvation army will be held tonight in the tent at Fifteenth street and Avenue F. Lieut. Truman Cox, in charge of the work during the absence of Captain and Mrs. W. T. Wilson, said.

On Sunday the regular services of the day will also be held in the tent instead of the army hall on Texas avenue at Fourteenth street.

LEAVES FOR CONTEST

Miss Pauline Jarrell, winner of the title "Miss Plains" in a recent beauty contest here, as "Miss Calf Stand" left today for Roswell, N. M., where she will compete with other beauties from Texas and New Mexico for title "Miss Queen of the West."

The winner of this title will be given a trip to California to see the Olympic games. Miss Jarrell has been an employee of the Calf Stand for the past two years.

Building Permits Issued Wednesday

The building inspector's office late Wednesday authorized R. I. Wilson, owner, to install a metal-and-glass skylight at 1220 Avenue H at a cost of $137.50.

Lon Owens, contractor, Tuesday was given permission to build an 18x28-foot frame meeting place for the Missionary Baptist church at 1511 Avenue D at a cost of $250.

The building permits were the first two here this month. A total of 64 issued this year foreshadowed an aggregate expenditure of $48,062.50.

FAIR BOARD MEETS

Routine matters pertaining to arrangements for the 1932 Panhandle-South Plains fair were disposed of by the fair association board of directors, which met at 11 o'clock this morning in the chamber of commerce.

After being out of college 19 years, Robert S. Sigafoos returned to Ohio State University for a dental degree.

victs to take his rifle from him.

The convicts seized what guns and ammunition they could carry and disabled all other firearms at the camp before fleeing on horses. Cecil Allen, another trusty guard, was struck over the head with a gun and slightly wounded when he also sought to prevent the escape, the first organized break from an Arkansas penal institution in ten years.

First reports from the fifty or more officers who were engaged in the search, part of whom took part in the gun fight, did not state which convicts were killed.

GAINESVILLE, Aug. 4 (AP)—An unidentified negro's body was found today in Elm creek near the Leonard park dam by two boys who were swimming in the stream.

LOCAL MAN'S LEG AMPUTATED TODAY

Earl Jones, a brother of United States Congressman Marvin Jones of Amarillo, suffered a shotgun wound at his home at 2012 Sixteenth street this morning and was taken to Lubbock sanitarium, where the leg was amputated just below the knee. His condition was satisfactory early this afternoon, attendante said.

The shotgun, an automatic loaded with bird-shot, was in a closet, and evidently slipped to the floor, accidentally discharging either as Jones sat on a bed before the closet door or as he opened the closet door.

A negro put a tourniquet on the wounded man's leg before a Rix ambulance arrived. A charge from the shotgun struck Jones in the ankle and lower leg.

Enid Farm Leader Found Dead Today

ENID, Okla., Aug. 4. (AP)—G. A. Roberts of Deer Creek, chairman of the board of directors of the Oklahoma Wheat Growers' association and prominently known in farmers' co-operative circles was found dead at his home today. He had been in poor health. An investigation was in progress.

Texan Imprisoned In Railway Boxcar

COLUMBUS, O., Aug. 4 (AP)—Imprisoned three days in a boxcar, Francis Hubert, 47, of Hillsboro, Texas, was removed today to the city jail for treatment of a foot injury he claimed to have received when stepped on by a cavalry horse when Washington troops routed the bonus seekers. Hubert claimed he was shoved in the box car by troops and the door slammed. He said he had been there since Sunday without food or water.

The **Gossard Longerlyne** of **Beauty**

Lace . . . so cool and feminine under slim party frocks . . . Gossard makes it firm enough to smooth out unfashionable bulges above the waistline, long enough to snug down over the girdle, and shapely enough to hold its smart lines through many tubbings. Ask to see these new Longerlyne brassieres also in every-day batiste and in the soft satin swami.

This Longerlyne, in exquisite ecru Alencon, is Model 997 at $1.00.

INTERESTING BITS OF NEWS GROUND FROM THE GRIST OF THE DAY'S HAPPENINGS

(By The Associated Press)

Down To Earth

CHICAGO—Grand opera at variety prices, with a two dollar top and with the high priced artists getting a share of the receipts in lieu of big salaries of other years, is contemplated in Chicago. The plan would put grand opera on a "pay-your-own-way" basis.

Now 4 Out Of 5—

WASHINGTON — Consider the Eskimo and his toothache. The Smithsonian institution found that among 25 Eskimos who lived solely on fish, seal, walrus, birds and whale meat, there wasn't a decay in a mouthful. At Nome, where the Eskimos eat white man's food, the institution found nine out of ten Eskimo mouths housed decayed teeth.

Both Got Fooled

CHICAGO — Anna Kriochik outsmarted the holdup men—oh, yeah?

When they demanded the valuables of herself and her escort, seated in a parked car, she tucked her diamond ring under the seat cushion. That fooled the holdup men. Then the robbers put Miss Kriochik and her escort out and drove away with the car. That fooled Miss Kriochik.

Block Traffic

LASSEN NATIONAL PARK, Calif.—The butterflies are blocking traffic out here. Millions of orange winged butterflies swarm here, obscuring the view of motorists and blanketing their radiators.

Starts Young

NORTH WILKESBORO, N. C.—Triplets have been born to Mrs. Bessie Fay Golds Green, a mother at the age of 13. One of the babies died, but the others are reported thriving. Mrs. Nancy Golds, grandmother of the babies, is 32.

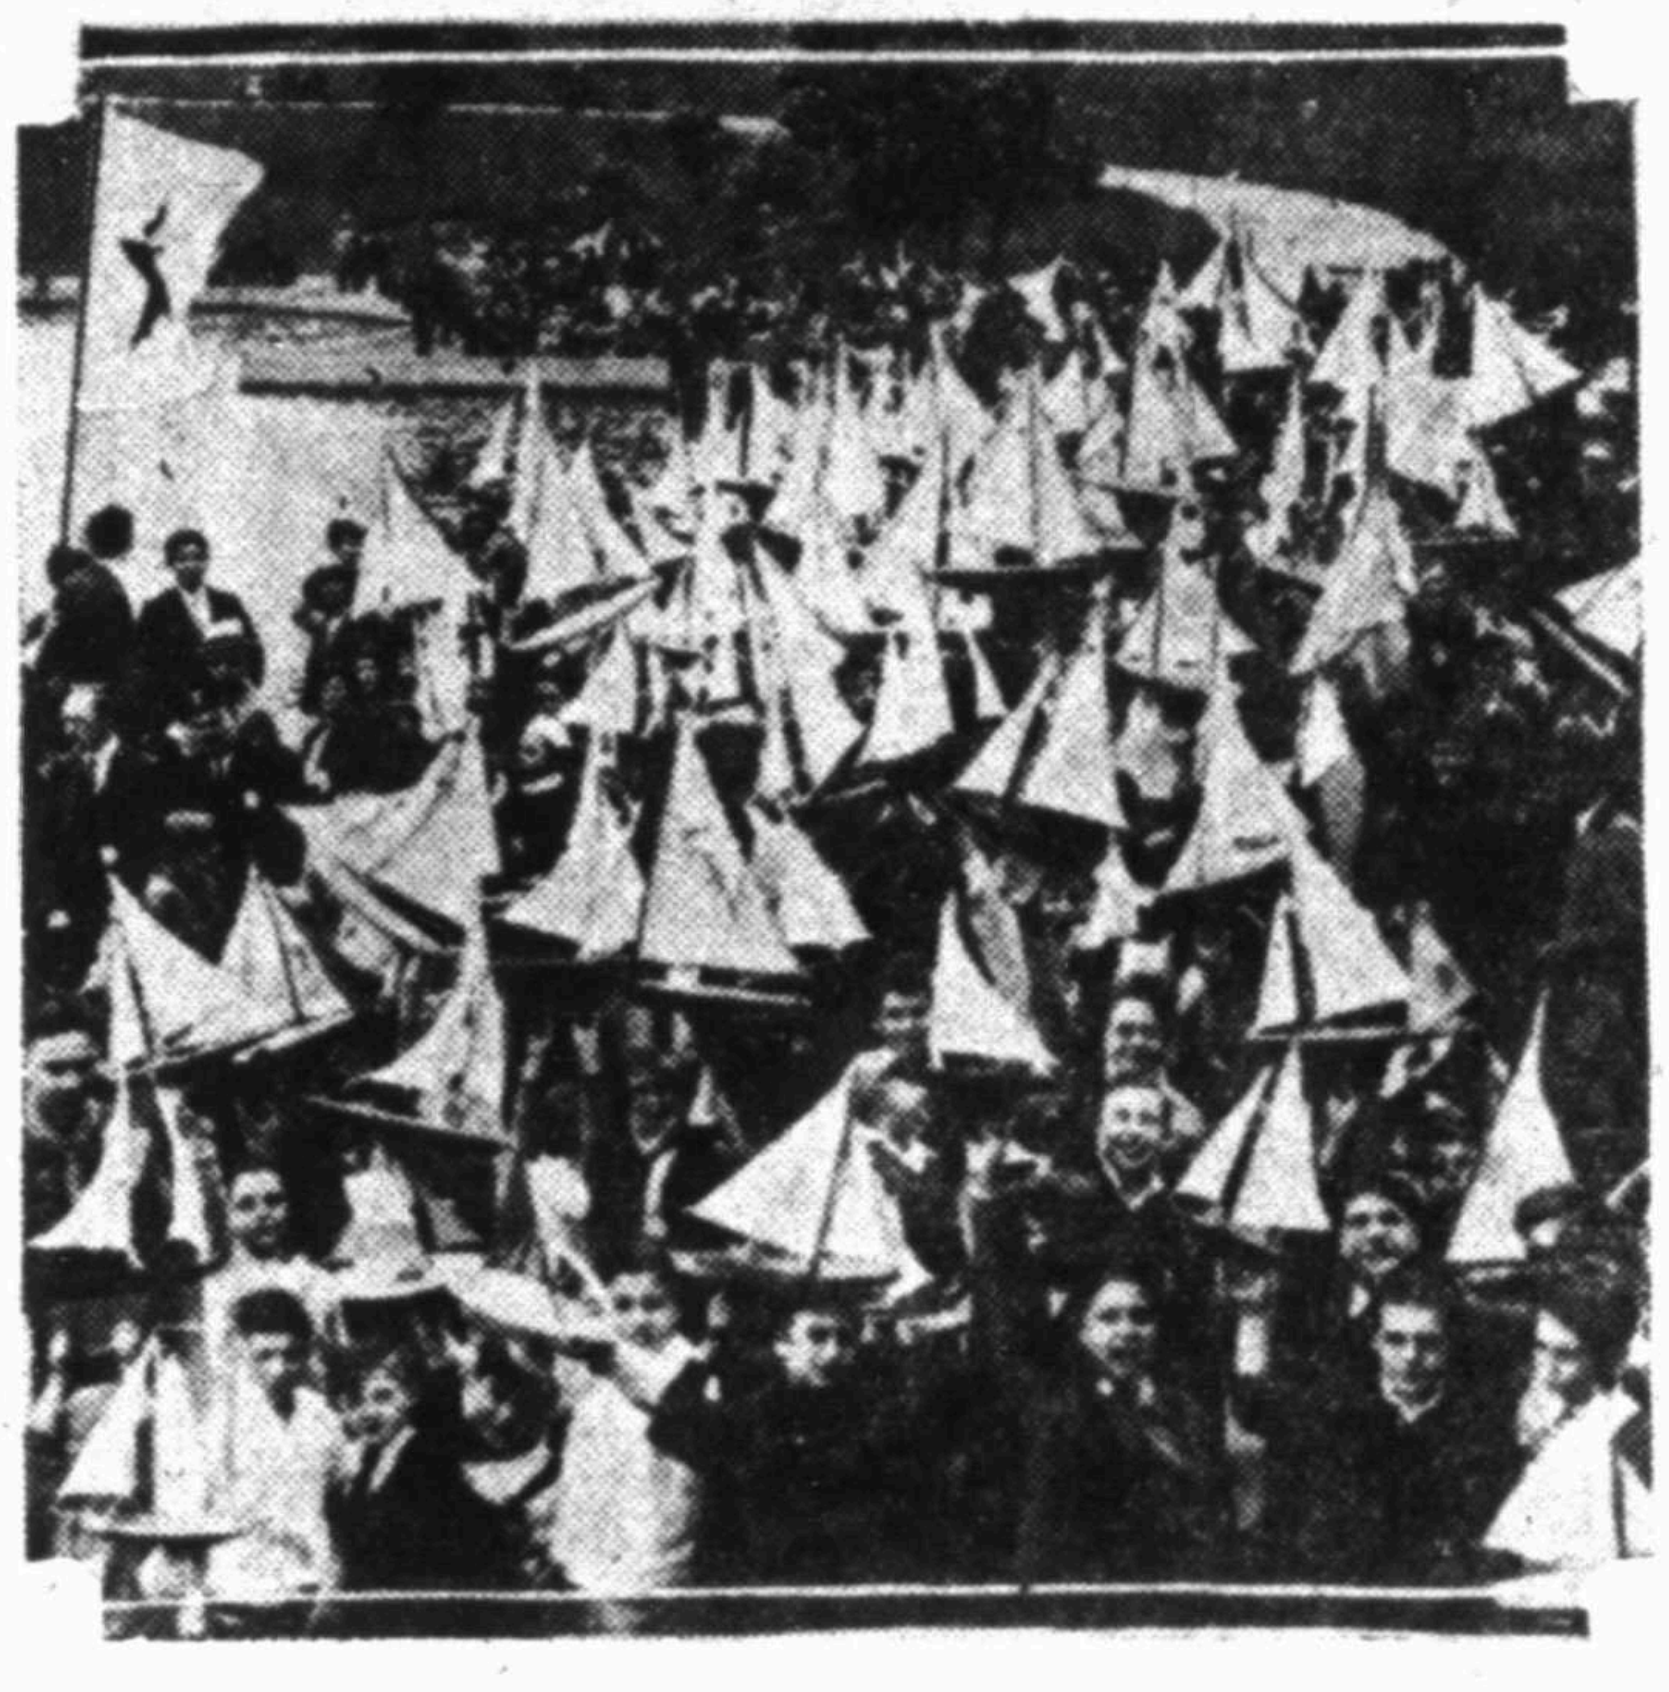
Lots and Lots of Yachts



The big yacht race for America's Cup may be all the world to some people, but to this throng of youthful yachting enthusiasts it does not compare with the annual regatta for toy boats in New York's Central Park. Here is part of the huge entry for the recent event sponsored by the New York Department of Parks. Prizes were donated to the winning yachtsmen.

The flesh of snakes, white and chicken-like, is eaten by many savage peoples and occasionally by civilized individuals who have no prejudice against reptiles.

HADDA WOODEN LEG

LONDON. — There was an old cow and she had a wooden leg, and this cow is a curiosity on a farm near Carnoustie, Forgarshire. The cow had one of its legs broken at the time of its birth. It was amputated, and the animal has been stumping about on a wooden leg very capably ever since.

LOW RATES BEING OFFERED HERE TO GALVESTON REVUE

Low rates for the annual Galveston Pageant of Pulchritude and bathing girl revue, Saturday and Sunday at the beach, are announced by the Santa Fe with a fare of $12.80 from Lubbock and corresponding rates from other towns, T. B. Gallaher, general passenger agent has advised E. Kancher, division passenger agent.

Tickets go on sale Friday and Saturday at 60 per cent of the round trip fare, with half fare for children. Return limit is August 9, permitting persons to remain in Galveston until Monday.

"These tickets are good in standard pullman and chair cars and the Santa Fe expects to handle a heavy traffic from this territory on account of the low excursion fares," E. A. Tusha, traveling passenger agent said.

The Santa Fe also announced a low rate to Chicago, with tickets on sale August 12 and 13. The round trip is $30.70, with a 15 day limit for return. Stopover at all points except in Texas on the going trip. Tickets are good in sleepers on payment of berth rate. A half rate for children is also allowed.

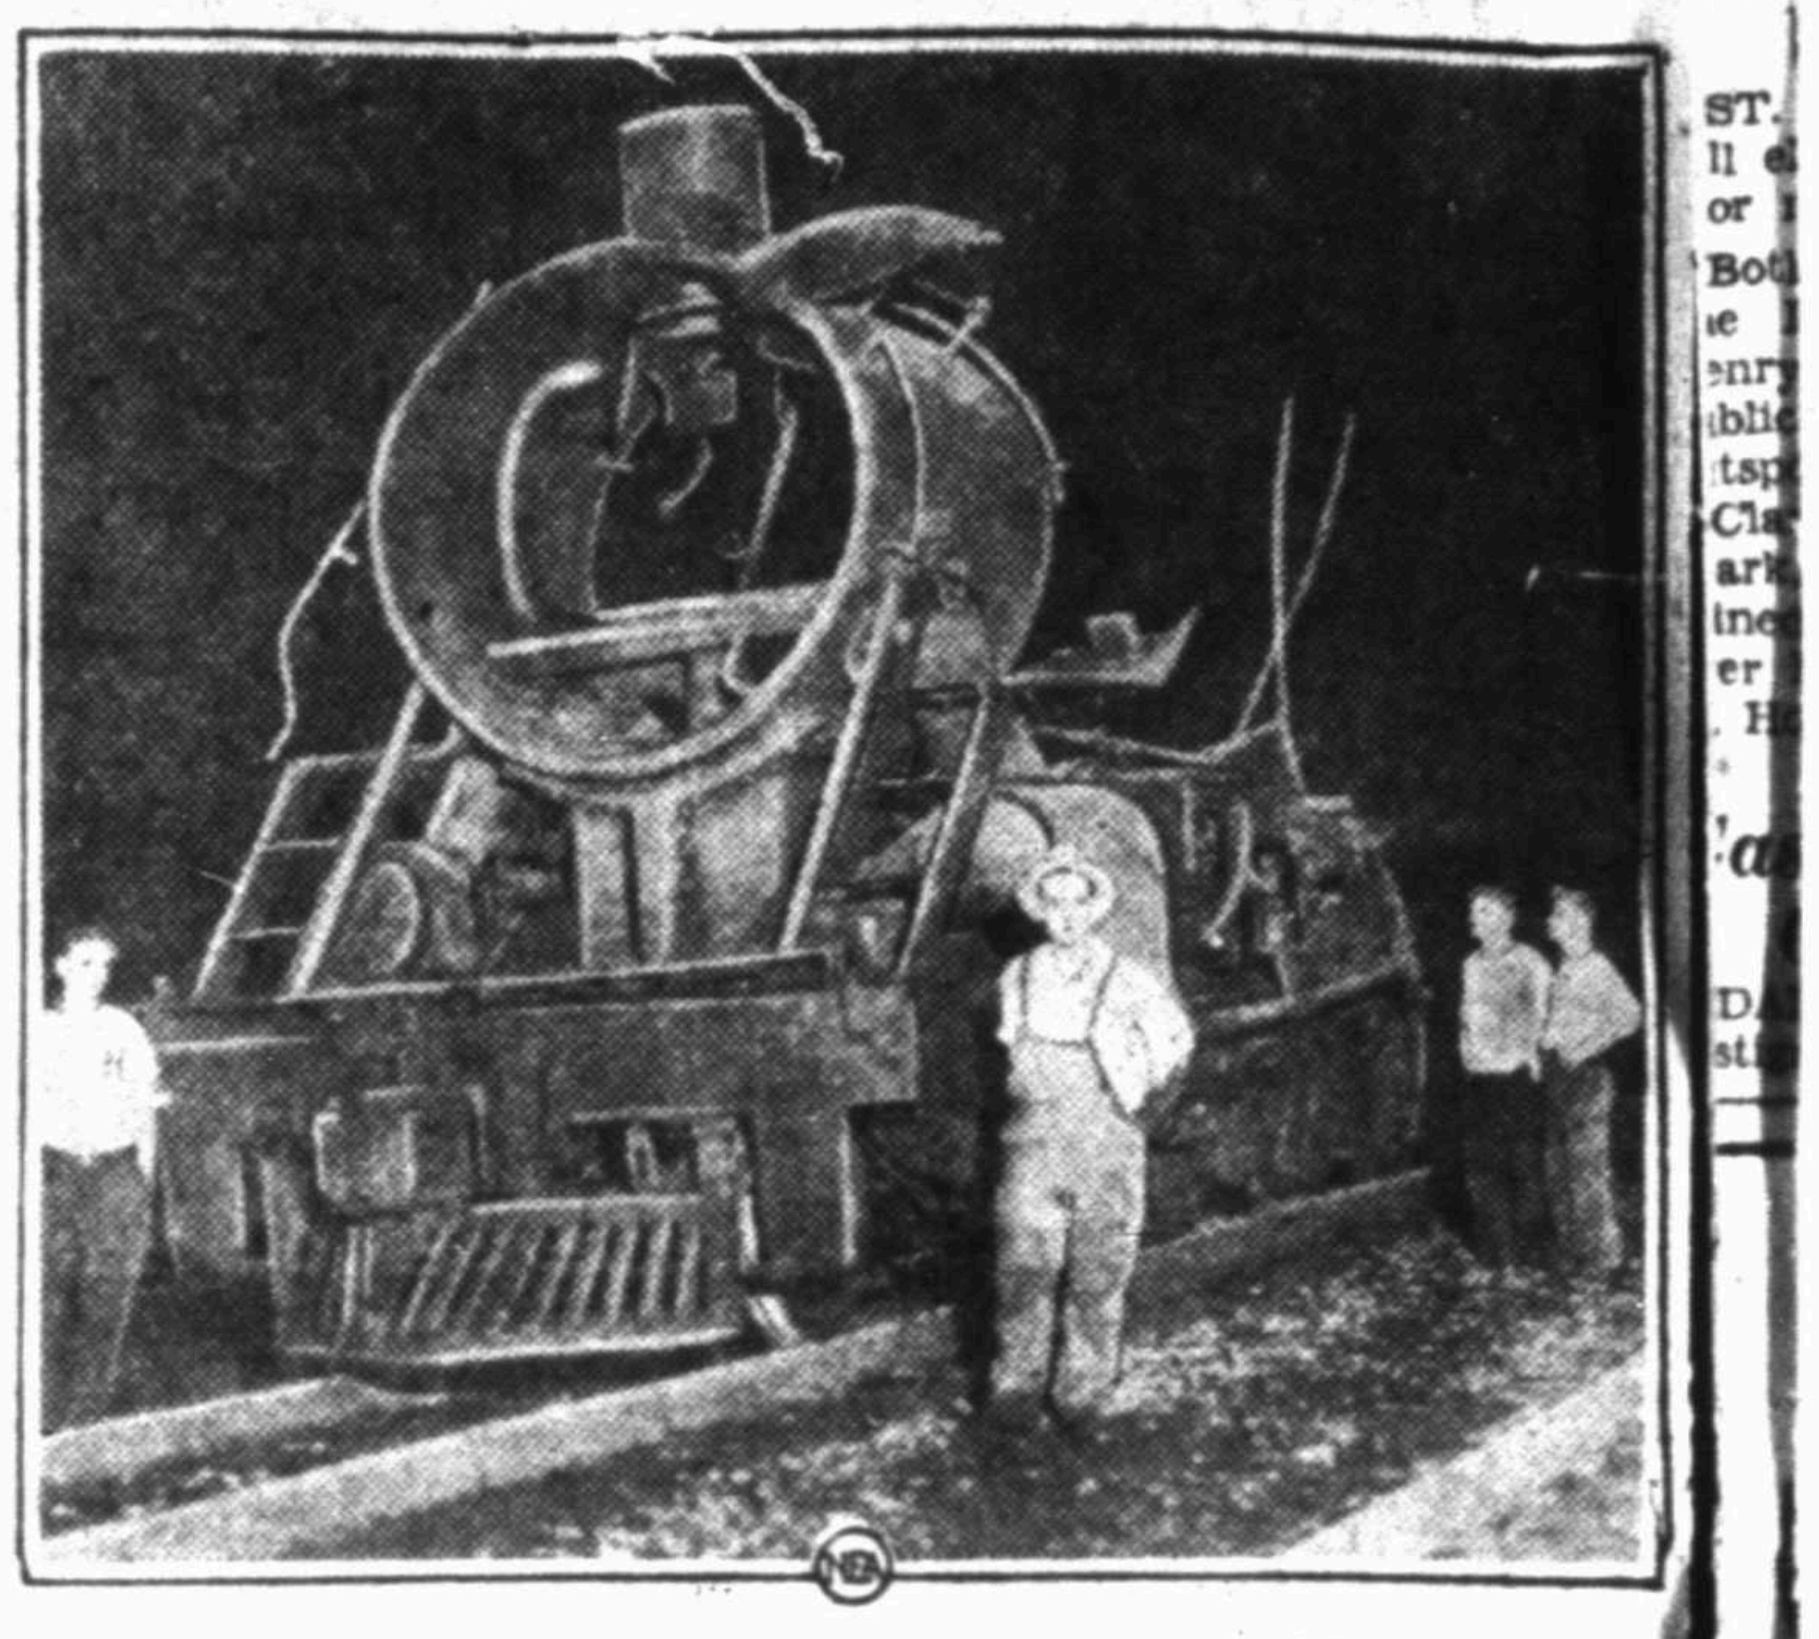
PRAISE IS GIVEN DEMO CANDIDATES

In Franklin D. Roosevelt of New York and John N. Garner of Texas the Democratic party has a pair of stalwarts in the coming national election, Congressman Marvin Jones of Amarillo declared here Wednesday.

"It's bound to be a Democratic victory this fall," the congressman declared. "We've a pair of stalwarts, two of the best men in the party to head the ticket. It may not be fair to run them against a pair of pekids like Hoover and Curtis but times justify our action."

The Amarilloan urged that every West Texan vote for State Senator Pink L. Parrish for congressman-at-large. The Lubbock and West Texas candidate was lauded highly by Jones.

Mystery Blast Kills Engine Crew



When the locomotive of the Capital Limited, crack Baltimore & Ohio passenger train, exploded near Pittsburgh while speeding to Chicago, both members of the engine crew were killed, wreckage was scattered over a quarter of a mile area and 50 sleeping passengers jarred from their berths. Here's all that remained of the locomotive.

University of Wisconsin experimenters have found that honey, extracted from its comb, should be kept in a temperature of 40 degrees Fahrenheit or lower to maintain its quality.

STALE GAS IS SLOW GAS

ONLY *fresh* GAS PACKS FULL POWER!

TAKE the best, the fastest gas made—store it too long—and it gets slow, sluggish and feeble! Little by little, day by day, it loses pep, punch and power. STALENESS is the enemy of gasoline!

Here's why this is so . . . Gasoline deteriorates—loses its "light ends"—the volatile elements that make starting easy. A chemical change takes place, too—so that the longer gas is stored, the weaker it gets!

Long has the petroleum industry known this fact. Known, too, that the longer gas is stored, the stickier it gets—the more apt it is to clog valves and knock—particularly on hills.

That is why the question of deterioration has worried refiners—and why Gulf is proud to announce a system that assures you of FRESH, FULL-POWERED gasoline. It works in this way . . .

Gulf makes the best gas that can be produced—and *refines out* of this gas certain complex elements that have been discovered to cause fast deterioration. Therefore, Gulf gas stays FRESH longer.

Next, Gulf takes that FRESH-MADE gas and speeds it to you in a hurry. Huge Gulf refineries, centrally located in many sections of Gulf territory, furnish every one of the 45,000 Gulf stations with a convenient source of FRESH gasoline. Fast tank trucks speed FRESH gas to Gulf pumps every day. Get your money's worth! Get *all* the power you pay for. Get FRESH gas—get Gulf. Use it exclusively—your motor will be faster, cleaner, quieter.

get THAT GOOD GULF GASOLINE-*it's fresh*
