

Location For New Wildcat Is Spotted In Northwest Howard

Champlin Drilling Company of Midland spotted its No. 1 Joe Myers as a wildcat some 15 miles northwest of Big Spring in Howard County. The prospector will be drilled to 2,500 feet for a test of the Pennsylvanian Reef.

Some oil-cut mud was recovered on a drillstem test of the lower Permian at Humphrey No. 1 J. L. Billingsley, wildcat in Southeast Dawson. Operator is now drilling ahead to test the Pennsylvanian.

Pan American No. 1 Wolf, 660 from north and west lines, 41-25-H&T survey, has been plugged and abandoned at total depth of 7,960 feet. Top of the reef was pegged at 7,332 feet, with datum minus of 4,985. This outpost to the Reinecke Field was four miles northwest of Vincent.

Texas Crude No. 1-44 L. M. Brown, 660 from north and 1,700 from east lines, 44-33-4n, T&P survey, made it down to 8,721 feet in lime and shale.

Superior No. 14-535 Jones, 660 from south and 1,980 from west lines, 535-97-H&T survey, reached 5,763 feet in lime and shale.

Brahney No. 1 Acosta, 830 from south and west lines, northwest 137 acres of 8-33-3n, T&P survey, got down to 7,475 feet in lime and shale.

Phillips No. 1-B Clayton, C NW SE, 17-35-4n, T&P survey, is reported at 3,243 feet in lime.

Great Western No. 1 H. D. Beal, C SE SE, 23-31-3n, T&P survey, dug to 9,260 feet in lime and shale.

Rowan No. 1 A. J. Long, 660 from north and west lines, 36-30-4n, T&P survey, has bit turning at 4,525 feet in lime.

Falcon, Seaboard, Green and McSpadden No. 1-A Clayton and Johnson, C NW NW, 5-32-4n, T&P survey, is reported at 4,051 feet in sandy lime.

Humphrey No. 1 J. L. Billingsley, C NW NW, 12-34-3n, T&P survey, took a drillstem test between Permian and lower Permian. Recovery was 210 feet of gas-cut mud, 25 feet of mud, and 185 feet of oil-cut mud (60 per cent oil). The flowing pressure was 350 pounds. There was no water. Operator is now drilling at 8,525 feet in sand and shale. This project is about one and three-quarters of a mile east of Ackerly. It is slated for a test of the Pennsylvanian.

Atlantic Refining Company No. 1 M. C. Lindsey, C SE NW, 132-M-EL&R survey, is drilling ahead following a drillstem test from 8,175 to 8,276 feet. Tool was open 45 minutes. Recovery was 10 feet of drilling mud and no shows. Pressure was zero, and 15-minute shut-in pressure was 110 pounds.

Cascade No. 1 J. S. King, C SW NE, 105-34-7n, D&SE survey, is boring below 9,260 feet in lime and shale.

Texas Pacific Coal and Oil and Rowan Drilling Company No. 1 Otto Dunlap, C SE SE, 46-35-4n, T&P survey, is reported at 6,337 feet in lime.

Champlin No. 1 Joe Myers, 330 from north and west lines, 8-33-2n, T&P survey, is a new wildcat location some 15 miles northwest of Big Spring. It will be drilled to 9,500 feet for a test of the Pennsylvanian. Location is on a 325 acre lease. This prospector is some three miles northeast of Brinkerhoff No. 1 Jones, wildcat which was abandoned after extensive shows had been uncovered in the Pennsylvanian around 9,636 feet.

The No. 1 Jones flowed and swabbed for several weeks before it was finally abandoned. The No. 1 Joe Myers is about six miles south and slightly west of production in the North Luther (Cannon Reef) Field and some six miles southwest of the Oceanic Field production.

Maguire No. 1 Chandler (Carpenter), C NW NW, 11-25-H&T survey, flowed 157 barrels of oil (four per cent water) in 24 hours in a test of the Canyon Reef from perforations between 7,580 and 7,590 feet. Flow was through a 22-64th inch choke. Testing will continue on the wildcat. Total depth is 8,335 feet.

Pan American No. 1 Anderson, C SW NW, 13-31-3n, T&P survey, reached 7,670 feet in lime and shale.

Pan American No. 3 M. M. Jones, 1,258 from north and 2,498 from east lines, 36-33-3n, T&P survey, is reported at 2,350 feet in redbeds.

East Star No. 1 W. V. Boyles, 467 from south and west lines, east third, south 383 acres, 15-32-2n, T&P survey, made it to 5,172 feet in sandy lime.

M. A. Machris No. 13-29 J. E. Brown, C NW SW, 23-32-2n, T&P survey, is drilling at 5,262 feet in lime and shale.

Coronet No. 1 Collins, C SW SE, 40-31-3n, T&P survey, is bottomed at 2,944 feet, where operator is waiting on cement for 8 1/4 inch casing.

J. K. Hamon No. 1 Malbe Quinn, C NE NE, 35-34-1s, T&P survey, reached 3,028 feet in shale.

Texas Pacific Coal and Oil No. 1 Hanson, C SW SW, 2-32-2n, T&P survey, is making hole at 6,115 feet in lime and shale.

Texas Pacific Coal and Oil No. 1-B Phillips, C NE SE, 10-32-2n, T&P survey, is reported at 7,320 feet in lime and shale.

Texas Pacific Coal and Oil No. 1-D Spencer, C NW NE, 11-32-2n, T&P survey hit 6,842 feet in lime.

Texas Pacific Coal and Oil No. 2 N. H. Read (Account No. 1) C SW NE, 22-25-H&T survey, made it down to 3,225 feet in lime.

Fran No. 1 G. W. Glass, C SE SE, 22-38-1n, T&P survey, has a total depth of 10,612 feet in Pennsylvanian lime. Top of Pennsylvanian is 10,474 feet. Elevation has not been listed. So far slight shows of oil have been logged in the Pennsylvanian, but there have been no tests.

Hall No. 1-A University, 1,980 from south and 330 from west lines, 16-7-University survey, got down to 10,800 feet in shale.

Standind No. 1 Odessa Davenport, C NW NW, 14-34-3n, T&P survey, took a drillstem test from 9,345 to 9,370 feet with the tool open three hours. Recovery was 30 feet of drilling mud and no shows. Now a drillstem test is being taken from 9,370 to 9,430 feet. Both tests are in the Pennsylvanian reef formation. Top of the Pennsylvanian has not yet been reported.

Rites for Thomas Humphrey, 61, well known Negro laborer who died here Saturday, will be held at 2:30 p.m. Tuesday in the Mt. Bethel Baptist Church where he was a deacon. The Rev. N. M. McCarter, pastor, will officiate.

Humphrey, who had lived here 15 years, leaves a sister, Nina Bledsoe, Marlin; two brothers, Zeb and Anderson Humphrey, Marlin. The remains will be shipped Tuesday evening by Eberley-River Funeral Home to Marlin for interment.

Service Set For Nemico Padilla
Nemico Padilla, 74, died in a hospital here Monday after a week's illness.

Dallas Rape Case May Go To Jurors
DALLAS (AP)—The trial of a teenage Negro charged with slaying a white woman's throat was expected to go to a jury today.

Stray Horse Causes Problem For Deputy
Deputy Sheriff Dick Stevens has been feeding and watering a stray horse for approximately a month and he wishes the owner would call for the animal.

JIM WHITE

Jim White In Abilene Ballet

Jim White, son of Mr. and Mrs. Floyd White, will appear in a principal role of "Masquerade," an original ballet written and staged by Abilene people.

The production, which will be presented at Hardin-Simmons University, is based on the Edgar Allan Poe thriller, "The Masque of the Red Death," will be presented to-night and Tuesday.

Macon Summerlin, McMurry College professor, wrote the music. Choreography was by Dotson Botkin, with assistance from Ted Priour, a professional ballet dancer recently separated from the Air Force. Both of them are in leading roles. The Abilene symphony orchestra will play the score.

Jim has had summer experience with State Fair musicals in Dallas. He will dance three parts in the production. In one of the foremost, he will be Bacchus, god of Wine. This year he is a senior at Hardin-Simmons University and is a member of Alpha Psi Omega, and the Players Club.

The ballet is about 30 minutes long and is written in contemporary style, with contemporary costumes and sets. "Masquerade" tells the story of an Italian prince who sealed himself and his courtiers in his palace to keep out the plague which was killing his people.

Mrs. Luce Denies Magazine Report
ROME (AP)—U. S. Ambassador Clare Boothe Luce has fired back a flat denial to a magazine report that she criticized Italy's government in a speech to Washington newsmen. After publication of the report, 35 far leftist senators demanded that she be ousted from the country.

Eisenhower's Tariff Message Set Tuesday
WASHINGTON (AP)—President Eisenhower's special message on tariffs and foreign trade policy generally will go to Congress tomorrow.

Broadfoot Takes Over Alice District Bench In Ceremony

ALICE, Tex. (AP)—A. S. Broadfoot, a retired North Texas judge, took over the 79th District bench today as the replacement for a judge kicked out by the State Supreme Court.

Broadfoot immediately ran into something new to him but commonplace in border country courts. During questioning of the Jim Wells County petit jury panel, attorneys called for the court interpreter, Chon Pena, to help the Spanish speaking citizens.

Broadfoot said: "This is something in all my experience as a judge I have never run up against—a court interpreter."

The new judge replaces C. Woodrow Laughlin, who was removed by the Supreme Court on charges by 11 South Texas attorneys that he was unfit for office.

Dist. Judge Cullen Briggs of Corpus Christi administered the oath of office to Broadfoot. Among the first cases the new judge is expected to hear is an injunction suit brought by a group of Duval County citizens against the Texas State Bank of Alice. The group asks that the bank be prevented from paying out Duval County funds unless endorsements on checks are genuine and that it be prevented from paying funds on checks presented for payment unless the payee is a real person, not fictitious.

The injunction suit was filed following an investigation of Duval County records by State Auditor C. H. Cavness, who was brought here by Atty. Gen. John Ben Shepherd to assist in an investigation of records in the domain of political boss George Parr. Shepherd said Parr's financial affairs are under study, along with those of the county.

After being sworn in, Broadfoot said: "I feel honored under the circumstances to be called to conduct this court. I'm very much impressed by the appearance of this county (Jim Wells). You have a splendid county and city."

"There are lots of things I'm not acquainted with. This is a section of the state slightly different from my section some 600 miles from here."

"I am here by consent but not on my request. The Chief Justice, having legal authority, called on me to take this responsibility. He called me out of retirement. I was happy at home there, not looking for a job. I will try not to disappoint the Justice Hickman in carrying out the duties of the district judge."

Nobody has yet announced as a candidate for the judgeship in this year's elections.

Roadblocks Set In St. Paul Break

ST. PAUL, Minn. (AP)—Roadblocks were set up in Minnesota and nearby Wisconsin today as highway patrolmen and sheriff's officers sought five prisoners who fled the Ramsey County Jail here after overpowering two jailers.

Late yesterday police received a report that the car taken by the escapees had been seen a few miles north of here. However, search failed to locate it.

Happily Reunited
Thomas J. Murchison, 18, happily hugged his 14-year-old bride, Patricia, in Memphis, Tenn., during the weekend after they were reunited by court order. Circuit Judge Harry Adams said, "They are legally married. I have no choice. The marriage has been consummated. The couple eloped last month. Murchison charged that the girl's parents, Mr. and Mrs. Clarence J. Kurrus, had been holding Patricia as a prisoner in their home since learning of the marriage. (AP Wirephoto.)"

Good Showing Made By Bands At Meet

Junior bandsmen made the best showing ever and the senior high band barely missed sweepstakes in district contests during the weekend at Odessa and Midland.

The senior unit barely missed first division rating on concert playing after capturing first division on sight reading and marching. Players made up for the concert fiasco by capturing 15 first division ratings out of 18 events entered in solos and ensembles.

Second division rating went to the junior aggregation for concert playing, sight reading and marching. In the latter event the group missed first division by only 3 of one point.

First division junior winners were Julius Glickman, clarinet; Don Cannon, cornet; Robbie Flowers, trombone; Julius Glickman, Lyndee Mason, Laural Rhoten, and Janelle Young, clarinet quartet.

Second division rating for juniors went to Barton Grooms, Jackie Franklin and Helen Winchester, flute trio; Don Anderson, Douglas Eastham, Joyce Newton, Jerry Saunders, saxophone quartet; Ralph Grantham, French horn; Ann Herndon, twirling.

For the seniors, first division winners were Harris Wood, French horn solo and student conducting; Kenneth Briden, cornet solo and student conducting; Wiley Brown, baritone; Bill Bradley, baritone saxophone; Billy Evans, B-flat clarinet; Anne Rowe, Joe Dawes, Harris Wood, U. G. Powell and Jimmie King, woodwind quintet; Candice Dickenson, Norman Gound, Jim Allen, Frankie Marstrand, Bill Bradley and Clyde McMahon Jr., saxophone sextet.

Gwen Gafford, Jimmie King, Preston Mason, Pat Ruedge, Ewen clarinet quartet; Billy Evans, Donovin Smith, Walter Dickenson, Nancy Miller, clarinet quartet; Kenneth Briden, Derrell Saunders, Margaret Martin, Howard Sheats, Wiley Brown and Ray Show, brass sextet; Margaret Martin won second division on her horn solo.

Earl Ray, who has been substituting for Clyde Rowe as director, conducted the bands in the contests. Rowe, who is convalescing from a heart attack, expressed great pride in the bands Monday and said that "they are among the best I have ever had." He has been conducting school bands now for 25 years.

Cold Sweeps Down Over Much Of U.S.

A vast tide of arctic air spread eastward and southward today, rolling back spring in northern United States after dumping heavy snowfall and subzero temperatures on Montana Sunday.

The contrasted chill plummeted Montana temperatures Sunday to 19 degrees below zero at Cut Bank, to season records of 7 at Great Falls and 2 above at Helena.

Born of and enveloped in the belated great wave of winter were such snowfalls as 10 inches at Billings, 7 at Lewistown, 6 at Great Falls, and 4 at Cut Bank, Broadus, Helena and Miles City—all in northern Great Plains into the Great Lakes region, and such spectacular up at its leading edge, where the cold wave collides with warm currents from the Gulf of Mexico, were a towering 7,000-foot-high duststorm in southwestern Kansas and southeastern Colorado; a small tornado that struck Anderson, Ind.; thundershowers with some hail in the Ohio Valley, and scattered showers through eastern Nebraska, Iowa and northern Missouri.

By early today, the cold air mass extended from the southern shores of Lakes Ontario and Erie southward to central Oklahoma, then northward through Wyoming and southwestward to the Pacific Coast.

Light snow or flurries were reported in a band running eastward from Wyoming to the southeast shores of Lake Superior. There was also light snow in Maine, and between the snow areas there were rain showers.

Indiana Publisher Is Young Nominee
NEW YORK (AP)—Indiana newspaper publisher Eugene C. Pulliam has been chosen by Robert R. Young as his eleventh nominee for the 15-man New York Central railroad board of directors.

Young plans to name four more candidates before the annual meeting of Central stockholders in Albany May 20 when he will make his bid to oust the present board in his fight for control of the railroad.

Pulliam is publisher of the Indianapolis Star and the Indianapolis News, the Republic and the Gazette in Phoenix, Ariz., the Star and the Press in Muncie, Ind., the Herald Press at Huntington, Ind., and the Sun Commercial at Vincennes, Ind.

Cheer To Tears

Tears took the place of laughter in Indianapolis last week when Charlie Cheer, 57, Shrine Circus clown, accidentally exploded a blank cartridge into his left hand between acts. The cartridge is used in a trick mechanism on Cheer's accordion. He was treated for a fractured forefinger and lacerations at Emergency Hospital by Nurse Judy Vandivier. An unidentified ambulance driver seems to suffer the pain with Cheer. (AP Wirephoto).

IN TOUGH TERMS

Dulles To Restate Far East Policies

By EDMOND LE BRETON WASHINGTON (U) — The U.S. government's position on keeping Indochina out of Communist hands and holding the door against seating of Red China in the United Nations is up for restatement tonight, reportedly in tough terms. The spokesman is Secretary of State Dulles. He will talk to the Overseas Press Club in New York, and to the nation by ABC radio and Du Mont television. The broadcast is scheduled for 8 p.m., EST. The administration has been focusing emphasis on this speech, which Dulles and President Eisenhower went over together in a long White House conference. The United States is interested in maintaining stiff resistance against any deals on Indochina with which the Reds might try to tempt the French, some of whom

are visibly wearying of the seven-year war. The Reds were in position to spring such offers at the April 26 Far East conference in Geneva to be attended by representatives of the United States, Great Britain, France, Russia and Red China. Another apparent U.S. objective is to take the question of recognition of Red China out of the conference bargaining by making this country's position unmistakable in advance. Some members of Congress, especially, have expressed concern lest support build up for some proposal to arrange peace in Indochina in return for giving a U.N. seat to the Chinese Communist regime. Sen. H. Alexander Smith (R-N.J.) said in an interview today he fears the British may back the French in some such proposal and try to exert extreme pressure on the United States. In New York yesterday Chairman Wiley (R-Wis.) of the Senate Foreign Relations Committee said he fears "several of our allies" might hope for such an agreement at Geneva. The President yesterday dispatched an unusual message to the governmental heads of France and Viet Nam, the Indochinese state directly concerned with the current fighting. The World War II Allied commander expressed for himself and the nation "most profound admiration for the brave and resourceful fight being waged... by troops from France, Viet Nam, and other parts of the French Union" in the battle now raging for the key fortress of Dien Bien Phu. The President asked his message be conveyed to the garrison commander, Col. Christian De Castries, whom he had already singled out for praise at his news conference Wednesday. The President's gesture underlined a Defense Department announcement it is sending 25 more B26 bombers and other supplies to the defenders of Indochina. Dulles is expected to say tonight that the United States will react vigorously—at places and by means not disclosed—against any direct intervention by Red Chinese troops in Indochina.

Stevenson Enters Duke Hospital For Kidney Treatment

DURHAM, N. C. (U)—Duke Hospital specialists planned X-ray examinations today for alling Adlai Stevenson, the 1952 Democratic presidential candidate. Stevenson was admitted to the hospital last night for treatment of a kidney ailment. Dr. R. M. McMillan of Southern Pines, who accompanied him to the hospital, said his patient was "very comfortable" last night and "we feel certain that he is going to be all right." Dr. McMillan recommended that Stevenson enter the hospital for a checkup and further treatment when the kidney ailment that first troubled him two years ago began to cause pain yesterday. Stevenson was vacationing with Mr. and Mrs. Ernest L. Lives, his brother-in-law and sister, at their Southern Pines farm. He is scheduled to deliver a major address in Charlotte Friday.

Author Of Longevity Book 100 Years Old

NEWARK, N. J. (U) — Thirty years ago Rabbi Abraham Bernstein wrote a book on longevity. Yesterday he celebrated his 100th birthday at a party attended by 75 persons, including five children, 14 grandchildren and 18 great-grandchildren. The rabbi's formula for long life: cleanliness and a good diet.

Dallas Attorney To Seek Appellate Post

DALLAS (U)—W. C. Graves, Dallas district representative on the State Board of Education, has announced his candidacy for judge on the Texas Court of Criminal Appeals. Graves, an attorney, has served as state senator, assistant Dallas County district attorney, Dallas corporation court judge and commissioner of fire and police here.

150 Cities To Have Soap Box Derby This Year

When Big Spring sends a Soap Box Derby winner this summer to Akron, Ohio, that boy will be competing against local champions from 150 other towns and cities. Big Spring is one of 20 cities to win sanction for a Soap Box Derby this year for the first time. The Herald, the Lions Club and Tidwell Chevrolet are joining in sponsorship. The event is open to any boy between the ages of 11 and 15. Registration for the local races is still open. A boy has only to go to Tidwell Chevrolet Company, accompanied by a parent, and sign up for participation. There he gets a free rule book giving complete information on the Derby. The local races will be run here July 4. There will be many local prizes, and the grand champion will win an all-expense paid trip to Akron, where the All-America Derby will be run on August 15. The city champions will race in Akron for a share of \$15,000 in college scholarships and valuable merchandise awards and trophies presented by Chevrolet Motor Division, co-sponsor of the Soap Box Derby along with America's leading newspapers. Scholarship awards are: \$5,000, first; \$4,000, second; \$3,000, third; \$2,000 fourth, and \$1,000 fifth. Next five place winners will receive fine merchandise awards. New towns on the official list this year, along with Big Spring, are: Oklahoma City and Enid, Okla.; Fairbanks, Alaska; Ashitabula and Hamilton, O.; Baton Rouge, La.; Carbondale and Elmhurst, Ill.; Connellsville and Oil City, Pa.; Everett, Wash.; Greensboro, N. C.; Hackensack, N. J.; Kalamazoo, Mich.; Long Beach, Calif.; Newport News and Petersburg, Va.; Panama City, Fla.; and Saranac Lake, N. Y. Canada is represented this year by the Mission City-Vancouver, B. C. joint race and St. Catharines, Ont. Western Germany again will send a contestant to Akron.

Home Accidents Took More Than 1,000 Texas Lives

DALLAS (U) — More than 1,000 Texans died in home accidents last year, says the chief of the Texas Safety Assn. Col. E. B. Tilley of Houston figures that proves you can get killed falling off a ladder at home about as easily as on a jammed highway. Tilley and other safety-conscious people are in Dallas for the 2-day 15th annual Texas Safety and Governor's Highway Safety Conference which opens today. "Although the public bemoans our terrible traffic record," Tilley said in an interview, "it overlooks the fact that 1,278 persons died in home accidents in Texas last year." Tilley said what he called the current fix-it-yourself fad threatens a sharp increase in home accidents. "People are fooling with equipment they know little about and climbing around their houses on unsafe ladders and other dangerous devices," he said. Flash fires from combustible cleaning fluids are another big cause of deaths, Tilley reported.

Petroleum Refiners Begin Annual Meet

SAN ANTONIO (U)—The annual meeting of the Western Petroleum Refiners Assn. opened today. Some 1,000 refiners were here for the 3-day convention. The main speakers will be U.S. Secretary of Commerce Sinclair Weeks and Clarence Manion, dean emeritus of the Notre Dame University school of law and recently resigned head of President Eisenhower's Commission on Intergovernmental Relations.

Mexico Worries About Drought, Too

MEXICO CITY (U)—The National Stockmen's Assn. said yesterday drought threatens some 200,000 cattle in Mexican states along the U.S. frontier. R. A. m. on Cosio Gonzalez said there has been no rain in the area since October and that the cattle will die unless it rains in a couple of months.

U. S. Tangled In Trying To Keep Secrets, Warn Reds Of Danger

By ELTON C. FAY AP Military Affairs Editor WASHINGTON (U) — The United States is tangled in the problem of keeping its military secrets while at the same time letting Russia learn enough about American armament to deter her from trying war. This perplexity is involved in part in the current discussion over how much should be revealed officially about the thermonuclear bomb tests. How do you convince the Soviet government and its military high command that war wouldn't pay off, without also telling too much detail about the nature and size of the force ready to hit them if they make the gamble? Moscow officials are realists, never ready to accept unofficial accounts, demanding solid technical facts before they can be convinced. They want to know, and unfortunately have been able in the past to get, the range and rate of climb of new planes; the secrets of the implosion process for triggering nuclear bombs; precise information on the type and intensity of light and the size and dura-

tion of the fireball in various atomic explosions to provide identification of explosive materials used. Knowing that helps the Russians make their own weapons. It also could help convince them that they are, at a given time, too far behind in the technological race to try war. But if at any time or for any reason Soviet technicians decide they are even or ahead the deterrent value may be weakened, although it is possible they still might be reluctant to undertake a punishing war. In 1946, when there still lingered some touches of the old wartime spirit of alliance and the deterrent policy was unplanned, the United States invited Russian observers to its Bikini atomic bomb tests. They have seen no American tests since, except possibly through a periscope. But in recent months, as American atomic power has expanded by leaps and bounds, there have been suggestions that it might be well for foreign observers to have a refresher course, to convince everyone, friends and potential enemies, that here indeed is a deterrent. One of the advocates of this idea has been an atomic energy commissioner, Thomas E. Murray. But his idea apparently is not shared by all others of the commission. Normally, only a bare announcement is made upon completion of a nuclear test series. Russia may learn some details because the U. S. government now feels compelled to tell its own citizens, for civil defense purposes, what to expect in an H-bomb explosion. The decision has been made to show an edited version of a motion picture of the 1952 H-bomb shot at Eniwetok. Sequences that might contain valuable technical data will be cut out.

Maine Employes To Choose Either Big Party Or Gym

WESTBROOK, Maine (U)—Paper-makers at the S. D. Warren mill will vote April 10 on this question: Shall the company celebrate its centennial by throwing a big party or by giving \$100,000 for a high school gymnasium? President George Olmstead Jr. and Manager Everett Ingalls said today their first thought was a party for all 2,700 workers and their families. But they decided that would be "an expensive shindig—enjoyed for a day and nothing to show for it later." They estimated the cost of this "one-day bender" would be "almost enough to build a gymnasium for the new high school." In a letter distributed to the workers, they said a gymnasium "would serve the community long after a picnic would be forgotten." "If the majority vote is in favor of the gymnasium, we propose to give \$100,000 for its construction."

Solon To Ask Ike To Reveal H-Test Tale

WASHINGTON (U) — Rep. Hollifield (D-Calif.) said today he intends to ask President Eisenhower to explain publicly what happens in the March 1 super-hydrogen blast so as to eliminate worldwide "confusion, fear and hysteria." Hollifield, a member of the Senate-House Atomic Energy Committee, returned recently from the Pacific test area where the explosion touched off power estimated at between 600 and 700 times that of the Hiroshima atomic bomb. He said he had been pledged to secrecy about details before his visit. Meanwhile, indications were that an even greater H-blast might be held roughly on schedule in late April. Another committee member, Rep. Van Zandt (R-Pa.), announced Saturday he would fly to Bikini between April 18 and 26 to witness further "hydrogen weapons" tests. The atomic committee, informed sources said, had received no indication by Saturday of a "deliberate postponement" or cancellation of the present series of tests. Informants said delays of a day or two might result from adverse weather or supercaution by scientists trying to prevent a repetition of March 1 results. More than 300 persons were showered with radioactive ash, including 23 burned Japanese fishermen, when winds carried it beyond the established hazard area. Congressional sources have said the original schedule called for an explosion about April 22 that would be larger than the March 1 blast. Hollifield said in an interview the President could give the public a review of the blast without revealing top-secret information.

Small Tornado Rips Part Of Indiana Town

ANDERSON, Ind. (U) — A small tornado dipped into a residential section of Anderson yesterday, ripped off roofs and tore houses from foundations over a 10-block area. That it rose, but a moment later stabbed into the business district, wreaking further destruction. The Rev. Ernest F. Pagel, 63, was struck by a hurtling pickup truck as he hurried into his church to warn the congregation. He suffered a chest injury. He was the only casualty.

Miami Dynamite Blast Is Probed

MIAMI, Fla. (U)—County officers began an intensive investigation today of a dynamite blast that shook houses and knocked out windows over a large region south of Miami. The blast at 1:30 a.m. yesterday was a mystery until four empty dynamite boxes were found by road patrolmen hidden in bushes a mile from the Florida Power and Light Co. plant at Cutler. Not far from where the boxes were discovered, the officers found a fresh hole 15 feet wide and four feet deep. The plant was not affected by the explosion, which was heard over an area of 30 miles.

Get Your Money's Worth In Buying That New Easter Suit

By DOROTHY ROE
A good suit is the backbone of the average American woman's wardrobe, probably representing her major clothes investment of the year.
They may economize on gay little dresses and accessories from the budget department, but when it comes to buying a suit, most women realize that it pays to get the best they can afford.

McPherson Aids In Keeping Cars Of Area Rolling

One of America's most familiar sights, the service station, is as indispensable to our way of life as the grocery store.

A typical station here is the H. C. McPherson Chevron Service Station, located at 411 West Third Street.

Personnel of the McPherson concern keep the station open 24 hours daily Mondays through Saturdays and 12 hours on Sunday to do their part in keeping America's vehicles rolling.

From Monday through Saturday, the concern opens at 7 a.m. and closes at 9 p.m. On Sunday, the working day is curtailed at each end. It opens at 8 a.m. and closes at 8 p.m.

Owner and operator of the establishment is H. C. McPherson, longtime Big Spring resident. Before he moved to the station's present site, McPherson for five years operated a Chevron station at 311 East 3rd Street.

Business telephone number of McPherson's is 4-8312.

Tenth Annual ABC Relays Are Upcoming

The tenth annual American Business Club Relays, scheduled to be staged here Saturday, will attract most of the better athletes from AAAA and AAA schools to Big Spring.

Some of the great names in schoolboy track and field have competed here in the past. They include J. Frank Daugherty, Joe Childress, Byron Townsend, Jimmy Samuelson, Leon Lepard and Bobby Jack Gross.

Most of the existing records may withstand all tests. However, Snyder's crack medley mile relay quartet and a husky discus thrower, Joe Irvin of Amarillo, may prove capable of rewriting the books in those events.

As usual, the local service club for which the Relays are named has gone to great expense to make this meet one of the most attractive of the West Texas invitational. The club has again invested several hundred dollars in trophies. Too, the organization will furnish most of the personnel to see that all events are run off as scheduled.

Amarillo is again the favorite but will face rugged competition from such teams as Lubbock, Odessa and others.

Here are the records at which the field will be shooting:

100-Yard Dash—Daugherty, Odessa, 1943, 11.3.
200-Yard Dash—Smith, Graham, 1950, 21.3.
400-Yard Run—Bauman, Amarillo, 1947, and Fowler, Amarillo, 1950, 81.3.
800-Yard Run—Lepard, Big Spring, 1946, 1:58.8.
1 Mile Run—Sparksman, Childress, 1950, 4:17.9.
400-Yard Relay—Odessa (Gober, Moody, Bailey, Childress), 1952, 44.2.
1 Mile Relay—Big Spring (Carter, Little, Turner, Lepard), 1948, 1:30.8.
800-Yard Relay—Turner, Shuland, Coff, Taylor, 1952, 1:39.3.
200-Yard Shuttle Hurdles Relay—Phillips (Hendrick, Cross, Bennett, McDonald), 1952, 43.2.
Medley Mile Relay—Snyder (Floyd, Irvin, Harris, Pinner), 1952, 5:43.1.
Two-Mile Relay—Amarillo (Dowden, Emery, Goodfard, Bingham), 1951, 12:32.2.
Discus—Irvin, Amarillo, 1953, 138' 1/4".
Shot Put—Samuelson, Brady, 1951, 21' 1 1/2".
High Jump—Townsend, Odessa, 1946, 6' 11".
Broad Jump—Townsend, Odessa, 1946, 21' 11".
Pole Vault—Thomas, Abilene, and Trish-ey, Amarillo, 1953, 17' 4".

Records tumbled wholesale in the Men's Scratch Bowling League here the past week.

Weaver's team pieced together 753-749-752-2529 to give the other clubs something to shoot.

Bruce Broussard of that team had 203-200-234-437 for another season high.

White's aggregation posted a 766 for high individual game.

In matches, Engstrom's team turned back Douglass, 3-0; Weaver's shut out Becker's, 3-0; and Kalched's nudged White's, 2-1.

Weaver paced the league standings with a 7-2 won-lost record, followed by White's and Kalched's, tied at 6-3; Engstrom's, 4-5; Becker's, 3-6; and Douglass, 1-8.

Steers and Tigers Vie Again Tuesday

High school baseball teams of Snyder and Big Spring play the third of a four-game series at 4 p.m. here Tuesday.

The Tigers and the Steers split the first two games, Big Spring winning a 13-5 verdict in Snyder, after which Snyder measured the local club here, 6-3.

Roy Baird's Longhorns will also see action Friday, at which time they meet Lubbock here. Game time then will be 3 o'clock.

The Longhorns open their conference race Saturday, April 10, at which time San Angelo comes to town.

Spring Drills Open

FAYETTEVILLE, Ark. (AP)—Twenty players have reported for spring basketball at Arkansas and Coach Glen Rose is conducting round-robin play among four teams. A 24-game schedule has been mapped.

Rudy Regaldo A Special Problem For Al Lopez

By ED CORRIGAN
Associated Press Sports Editor

Dilemmas—those things that chop years off the life of a major league manager—are nothing new to Al Lopez of the Cleveland Indians. He's had a king-sized one since he took over the Tribe and has been trying to beat out the New York Yankees for the American League pennant.

But now he has a brand new one, what to do with Rudy Regaldo.

This 23-year-old rookie infielder has shown no respect for opposing pitchers since the start of spring training. At the moment he has clubbed nine home runs and is batting a cool .481 with 25 hits in 52 tries during the exhibition season.

This sort of slugging would be enough to light the eyes of any manager. So Lopez' eyes lit.

But...

The kid can't field, or at least it sure looks like he can't. He's a third baseman by trade, but there's no use battling Al Rosen for the position, so Lopez thought perhaps he'd go well at second base.

The Indians dropped another one to the New York Giants yesterday, 10-4. Rudy slugged two home runs and a pair of singles, but he also made two errors, one at second and one at first.

So Lopez must decide whether Rudy will bat in or let in more runs. He also is supposed to be able to get around at first base. That might provide the answer since first basemen are not paid to be acrobats.

Meanwhile, ancient Vic Raschi is warming the cockles of St. Louis Cardinal Manager Eddy Stanky's

RUDY REGALDO

heart. He went five innings against his old mates and gave up five hits yesterday. The Cards won the ball game, 4-2.

The 35-year-old right-hander, who was dealt to the Redbirds last month, has worked 21 innings for the Cards and has given up 16 hits and only five earned runs.

It was a strange feeling for Raschi to throw against his old mates and he admitted it.

"I was worried stiff I might hit one of them," he said. "I was very careful about not throwing too close to them. I guess they felt the same way about batting

against me. There was no jockeying at all. I probably could have gone another inning, but I felt tired. I'm sure I can go the full nine innings the next time I pitch."

The amazing Baltimore Orioles continued to wield big bats. They clubbed the Chicago Cubs, 19-14, with Don Lehman hitting three home runs and driving in seven runs.

Ferris Fain, the two-time American League batting king, collected two doubles and a single in the Chicago White Sox' 10-5 victory over the Brooklyn Dodgers.

The Boston Red Sox turned back the Detroit Tigers, 2-1, in 11 innings. Karl Olson hit a single off Dick Donovan to drive in the winning run.

The Philadelphia Phillies beat the Cincinnati Redlegs 6-4 on the wings of Earl Torgerson's two-run homer, and the Philadelphia Athletics edged the Pittsburgh Pirates, 3-1, and starting pitcher Alex Kellner took matters into his own hands and hit a two-run double for the winners.

The two major league clubs that got into action against their farmhands suffered disaster. The Atlanta Braves dealt the Milwaukee Crackers a 2-1 defeat and the Chattanooga Lookouts whipped the Washington Senators, 4-3.

The Braves suffered another injury when catcher Sam Calderone jammed a finger in his throwing hand trying for a wild pitch by Warren Spahn.

The Phillies finally obtained their long-sought infield strength when they bought Bobby Morgan from Brooklyn for a reported \$50,000 and starting pitcher Dick Young. Morgan will fill in for Ted Kazanski, who is due to be called into the service.

TIED WITH TEXAS

Aggies Face Tough Hurdle In Baseball This Weekend

By The Associated Press

Texas and Texas A&M lead the Southwest Conference baseball race going into its second week, with the Aggies facing the toughest row in attempting to retain their position.

A&M plays Southern Methodist at Dallas Friday and Saturday. SMU, which split a series with Texas Christian last week in the opening games, could jar the Aggies loose.

Texas plays Rice, which took two lickings from A&M and will be eliminated before it scarcely knows it if it loses to the Longhorns.

Texas whipped Baylor, 15-10 and 12-4, while A&M was dashing Rice, 8-3 and 3-2.

Southern Methodist beat Texas Christian, 4-3, in the first game. TCU turned the tables to win the second, 10-2.

The conference didn't do very well in inter-sectional play last week. Texas split with Minnesota, winning the second game, 8-1, after losing the first, 11-4, and SMU downed Oklahoma, 2-1.

But Texas Christian lost to Oklahoma 2-1, and Texas A&M dropped

two games to Minnesota, 4-3 and 5-2.

The conference record for the season in inter-sectional play is three victories, four defeats and a tie.

This week's schedule: Monday, Tuesday—Rice vs Oklahoma A&M at Houston, Baylor vs Temple (Big State League) Waco, Wednesday, Thursday—Rice vs Texas at Houston (conference). Friday, Saturday—Southern Methodist vs Texas A&M at Dallas (conference). Baylor vs Texas Christian at Waco (conference).

Charles Holding, Another Texan, After Davis' Mark

AUSTIN (AP)—Texas always comes up with great high jumpers each year, and 1954 is no exception.

When the Texas Relays are held here Friday and Saturday there will be three of the nation's best going after the championship. One of them, Charles Holding, the tall, thin man from East Texas State, will be aiming at a record he shares with the top high jumper in Texas—Walter Davis.

Holding and Davis each leaped 6 feet 9 inches in the Texas Relays. Davis' leap was in 1951 and he went on from there to the cham-

BOB TOSKI WINS FIRST MONEY AT WILMINGTON

WILMINGTON, N.C. (AP)—What a difference a year makes. Last spring Bobby Toski finished far back in the pack in the \$10,000 Azalea Open Golf Tournament. His 291 was good for a tie for 28th place.

Today he was \$2,000 richer after leading the field by three shots with a 15-under-par score of 273.

His 70-71 final, followed earlier rounds of 67 and 65 over the 6,653-yard Cape Fear Country Club course.

In second place after a breath-taking closing surge of 67-67 was 40-year-old George Fazio, Pine Valley, N.J. He pocketed \$1,400.

The victories marked the fourth major tournament success in seven months for the 5-8, 137-pounder from Massachusetts who now plays out of Livingston, N.J., where his brother Ben is a professional.

In a third-place tie at 278 were Lloyd Mangrum, Niles, Ill., and Mike Souchak, Mamaroneck, N.Y. Each won \$900. Tied for fifth place at 279 were Dutch Harrison, Ardmore, Okla., and Jim Turnesa, Briarcliff, N.Y.

Dibrell's Keeps Its Winning Ways

Dibrell's Sporting Goods edged past Big Mike's, 2-1, in Women's Bowling League competition last week to claim its 12th win in 24 starts.

In the evening's other match, Pinkie's turned back the Little Package Store, 3-0.

Pinkie's is second in the race with a 14-9-4 won-lost record, followed by Little Package Store, at 9-2-5, and Big Mike's, 6-1-17-6.

Pinkie's paced teams scoring with 80-1-567-1708. Dibrell's had the second best aggregate score, 1583.

In individual scoring, Jessie Pearl Watson of Dibrell's posted 210-455.

Marie Smith had 176-487. She also wears Dibrell's colors.

LOOKING 'EM OVER

With Tommy Hart

Three Big Spring boys—center Norman Dudley, guard Tiny Ellison and end Wayne Medlin—will probably enroll at Texas Tech in September and try for places on the Raider football team.

Tech has a freshman team but all of the ex-Stears will, of course, be trying for places on the Raider traveling squad. They have their work cut out for them, since DeWitt Weaver has a fine squad coming back next season.

Dudley recently visited the University of Houston campus for a look around and a conference with Coach Clyde Lee but favors Tech because it is nearer home. Too, Weaver made a fine impression on him in his conferences with Tech's head man.

J. C. Armistead, one of the backfield stars on last year's Big Spring club, reportedly may enter either North Texas State College at Denton or Sul Ross College in Alpine.

Dixie Faulkner, Big Spring's fine young tennis prospect (she's only a freshman) moved here a couple of years ago from Longview.

Janice Rome, another comer on the girls' net team, formerly lived near New Orleans in Louisiana.

Coach Billie Ciyburn has done wonders with the fem netters since she assumed the coaching reins. The team is going to get a lot better, too.

Paschall Wickard, the star freshman athlete at Howard County Junior College, played half-back on the Clovis, N. M., High School football team in 1953.

The last year Wickard was in school, Clovis beat Roswell, which a year later was to take the state championship in New Mexico.

The longest return of an intercepted pass for a touchdown ever recorded in the Texas Coaches' Association All-Star football game was made by Ken Whitlow of Wichita Falls in 1936. They play covered 75 yards.

Whitlow went across after taking a lateral from Ole Cordill, one of the three Big Spring players ever to see action in the football classic.

Whitlow and Cordill later played together on some of Rice Institute's greatest grid elevens.

Frosty Robison, Big Spring High School's fine all-around athlete may attend a baseball school this summer.

Frosty, an All-State griddle last fall, likes the diamond sport about as well as football, or any other sport. He's a pitcher, and a promising one, at that, but prefers the outfield—but only because he can play more regularly there.

Tommy McAdams, one of his teammates, attended a baseball clinic last year and is playing much better because of it.

Johnny O'Neill, one of the recruits signed out of a Florida baseball school by the Big Spring Broncos, may get to show his wares as a pitcher, if he can't make the ripple as an outfielder here.

O'Neill has pitched in sandlot ball and he has this in his favor. He's a southpaw and there isn't a wrongnumber on the local mound corps.

Johnny was born in Winchester, Ohio, but now lives in Williamson, W. Va.

The New York Giants offered him a chance to play in their farm system but he passed up the opportunity to sign with Big Spring.

SWC Golf, Tennis Teams In Action

By The Associated Press

All the teams will be in action this week in Southwest Conference golf.

Southern Methodist, which won the only match played thus far, beating Rice 5 1/2 to 3, takes on Baylor at Dallas Friday. Texas Christian and Arkansas open the race at Fort Worth Monday. Tuesday Texas and Texas A&M get together at Austin. Friday A&M and Rice play at College Station.

The tennis campaign already is well under way. Texas and Texas A&M swept matches last week. Texas beating Rice, 6-0, and A&M trimming Baylor, 6-0. Southern Methodist downed Texas Christian, 5-1.

Only one tennis match is scheduled. SMU and Baylor play at Waco Saturday.

Jayhawks Visit Angelo Tuesday

The Howard County Junior College Jayhawks visit San Angelo Tuesday for their fourth baseball exhibition of the season, a 2 p.m. outing against Phil George's Rams.

In a previous game, the Hawks halted the Concho City team, 10-4. The Big Springers will be trying to pull even for the season, having since dropped two games to the Odessa JC Wranglers.

Majors Wins Big Races Sunday

Clyde Majors of Big Spring emerged as the top driver in Sunday's stock-car races here at the local track northeast of town.

Driving Car 66, Majors won both the feature 12-lap race and the four-lap Trophy Dash.

Paul Prescott of Colorado City, driving Car 4, pressed Majors in both races.

Track officials said they are planning toward the biggest race of the young season for next Sunday.

Large Crowd Sees Game At Lubbock

LUBBOCK (AP)—Although the Chicago Cubs have won only a handful of their spring exhibition games, they seem to be drawing a surprisingly large number of fans.

About 5,000 turned out yesterday as the Cubs lost, 19-14, to the Baltimore Orioles.

OLSON GO TOPS BOXING CARD

By MURRAY ROSE

NEW YORK (AP)—Welterweight champion Kid Gavilan and middleweight ruler Carl (Bobo) Olson meet Friday for Olson's crown in an outstanding bout that tops one of the greatest weekly boxing programs in years.

Leading contenders are a dime a dozen on the International card. In addition to Olson and Gavilan, here are some of the other luminaries of the game who will throw leather this week:

Featherweight champion Sandy Saddler, heavyweight contenders Dan Baccaroni, Roland LaStarza, Don Cockell and Tommy (Hurricane) Jackson; Randy Turpin, Del Flanagan, Yolande Pompey, Floyd Patterson, Percy Bassett, George Araujo, Art Persley and Armand Sarulo, among others.

Olson and Gavilan collide in the

Chicago Stadium, which is sealed to handle 19,400 customers and \$380,000. The 15-round title bout will be broadcast (ABC) and telecast (NBC) coast to coast. Chicago and a 100-mile area around the Windy City will be blacked out of the telecast.

The budding, 25-year-old Olson, winner of 12 straight over two years, will be risking his crown for the first time since he won it by trouncing England's Randy Turpin in October. The busy-punching Bobo is a 9-5 choice to whip the 25-year-old Cuban Flash.

Baccaroni, third-ranking heavyweight challenger, is risking a possible September title fight in taking on Jackson, a nonstop puncher with a concrete chin, at Brooklyn's Eastern Parkway Arena tonight.

LaStarza, No. 4 heavyweight contender from New York, and Cockell, the No. 5 challenger from England, collide in a 10-rounder in London tomorrow night. On the same card, Turpin meets Sweden's Olle Bengtsson, and Pompey, of Trinidad, takes on Italy's Ivano Fontana.

Wednesday night's TV fight matches lightweight contenders Persley, Red Cross, L.A., and Esvole, Montreal, in a ten at the St. Louis arena.

The Saturday night TV headliner, sends Bassett, No. 1 featherweight contender, against Cicco (The Kid) Andrade, undefeated Los Angeles lightweight, in Washington.

Saddler, warming up for a possible title defense in the next few months, meets Angie Salazar of San Francisco at Boston Thursday night in a non-title ten.

Other matches featuring "name" fighters include: Monday—St. Paul, welters Flanagan vs. Billy Pinkus; Milwaukee—Eralte Durando vs. Ted Olla.

Tuesday—Washington, Patterson vs. Sammy Brown; Thursday—Providence, Araujo vs. Jacques Julien; Cincinnati—Bill Bossio vs. Eddie Burgin.

Ortega Is Signed By Odessa Club

ODESSA (SC)—Evello Ortega, a former Odessa ace who won eight games for the Corpus Christi team of the Gulf Coast League last year, will be back with the Odessa this season.

Ortega wore an Odessa uniform for three seasons.

Infielder-outfielder Roberto Fabian has also signed his contract with the Odessa. Fabian hit .325 last season here.

De La Torre Is Sunday Arrival In Bronc Camp

Julio De la Torre, a hard-hitting veteran infielder, and pitcher Martin Orlando, a rookie, arrived in Big Spring Sunday in time to take part in the batting drill called by Bronc Manager Pepper Martin.

Formal workouts of the 1954 Big Spring club do not get under way until Wednesday, when an estimated 28 to 30 players will be here.

However, Martin decided to take advantage of the good weather and take a long look at some of the newcomers on hand.

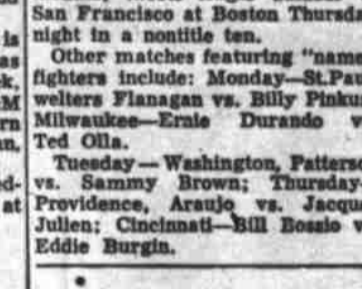

First sacker Tony Martinez, first baseman Juan Melido and outfielder Gil Silva Rojas were on hand, along with Harold Berry, second baseman Floyd Martin, pitcher Aramis Arenchiba and others.

Arenchiba does not belong to the local club but is trying to get in shape. He is a former Big Spring hurler who spent the 1953 campaign with Roswell.

De la Torre looked as good as he ever did and Julio was always a tremendous hitter. He clubbed .330 for Midland in 1953, crashed out 18 home runs and drove in 98 tallies.

The Broncs have a lot of work to do between now and April 6, when they meet Roswell here in their first exhibition game.

Sen. Young Sees Flexible Pegs As Election Losers In November

By JACK BELL. WASHINGTON (AP)—Sen. Young (R-ND) predicted today that "there won't be a single Republican or Democrat elected to Congress from the Midwest next November who stands for flexible farm price supports."

Young, a member of the Senate Agriculture Committee, said in an interview if Republicans want to sell a farm program to the voters, they had better get behind his proposal to retain rigid price supports on major field crops at 90 per cent of parity.

President Eisenhower has advocated flexible supports ranging from 75 to 90 per cent but Young said he is convinced that the farmers themselves don't want such a program.

If what he believes is true, the North Dakota senator said, he would have to take issue with Midwestern Republican leaders who came to the conclusion at a meeting in Omaha, Neb., that "if we can get out the farm vote we will win the congressional elections."

The congressional elections are going to be settled on the basis of individual districts, so far as the House members are concerned, and on a state basis for senators, Young said.

"Each man is going to have to stand on his record and there may be no national trend."

However, Young's views appar-

ently are not shared by some of his Midwestern colleagues.

Sen. Ferguson of Michigan, chairman of the GOP Policy Committee, said in a CBS radio broadcast yesterday that his mid-industrialists

Colorado Jailbreak Plot Nipped In Bud

CANON CITY, Colo. (AP)—Four state prison inmates, their plot for an armed escape smashed, faced today to learn if others were involved in the plan.

Acting Warden Harry Tinsley said a tip led to discovery of a crude, homemade gun and 16 shells.

He said the men, whose names he withheld, apparently fashioned the gun from materials they were allowed to keep in their cells for making knives.

Solon Leaves Hospital

WASHINGTON (AP)—Rep. Alvin M. Bentley (R-Mich.), the most seriously hurt of the five congressmen shot March 1 by Puerto Rican Nationalists, left the hospital yesterday and was told he might be able to resume his congressional duties within a month.

Michigan farmers favor the administration plan 2-1.

Secretary of Agriculture Benson said yesterday he thinks the program he and the President advocate is gaining approval of farmers generally and of Congress.

In response to a question on an NBC television program, he said that if Congress passes a bill to continue the present high rigid supports, he thinks Eisenhower would veto it "in the interest of the farmer and of the country."

Benson also denied that he plans any revision in his directive lowering price supports on dairy products from 90 to 75 per cent of parity effective Thursday.

Sen. McCarthy (R-Wis.) had said Friday that "some people" in the Agriculture Department assured him they expected some last-minute change.

Eight Train Units Drop From Fiery Washington Trestle

STELLACOOM, Wash. (AP)—In what the engineer called "30 seconds of hell," eight units of a 73-car Union Pacific Railroad freight train plunged through a burning trestle into Puget Sound here yesterday.

The only casualty was L. R. Pearson, a brakeman who suffered minor burns about the eyes as he braved flames to save three carloads of herring.

Union Pacific officials placed damage to the trestle and to the cars at more than \$300,000.

Engineer William Boyce said he was highballing along the water-side track toward Seattle, some 45 miles to the north, when he rounded a curve and saw flames billowing from the trestle.

He applied the air brakes, but the heavily laden train couldn't be stopped before the three diesel units and 19 cars ploughed through the flames. The next eight cars dropped through to the water as the trestle gave away. Four cars burned.

The destroyed cars carried wax, tires, refrigerators and shoes. The cause of the fire was not determined.

Triplet Set Includes Siamese Twin Girls

MONTREAL (AP)—Siamese twin girls, part of a set of triplets born to a Montreal housewife Saturday, were reported in "poor" condition early today. The third baby girl was said to be normal and in good shape.

Local doctors said they had never heard of Siamese babies as part of a triple birth. The Siamese pair were joined by skin and bone at the top of their heads.

The triplets were born to Mrs. James Savage, 31-year-old wife of a local jewelry salesman. The couple have three other children, a boy, 9, and daughters 8 and 7.

Jordan Claims Israeli Attack

JERUSALEM, Jordan Section (AP)—A Jordan spokesman charged today that Israel had launched an organized attack at midnight on a Jordan village two miles west of Bethlehem. First reports said nine Arab troops were killed and 16 wounded.

The spokesman, Maj. Mohammed Ishaq, senior Jordan military delegate to the U. N. Mixed Armistice Commission, said the Israelis also demolished some houses then withdrew to Israel after an hour.

Ishaq said the attack was made on the village of Nahalin in the section of Palestine occupied by Jordan since the 1948 war with Israel.

He said the Jordanian casualties included 6 National Guardsmen and 3 Arab Legionnaires killed, and 12 National Guardsmen and 4 Arab Legionnaires wounded.

The reported attack raised the threat of sharp Arab retaliation against Israel. Representatives of the seven Arab states said in Washington last week after a conference with U. S. Secretary of State Dulles that an aggression by Israel against any one of the Arab nations would be regarded as an attack "upon them all."

Relations between Israel and her Arab neighbor to the east have grown progressively worse since some 53 Arabs were killed in an Israeli raid on the Jordan border village of Kibya last October.

Relations between Israel and her Arab neighbor to the east have grown progressively worse since some 53 Arabs were killed in an Israeli raid on the Jordan border village of Kibya last October.

Newspaper Photo Aids Polio Victims

PROVIDENCE, R. I. (AP)—So many persons helped Andy Charlette, 5-year-old polio victim, when his tricycle was smashed by youthful vandals that he was able to help other polio victims.

A picture showing Andy and the smashed tricycle, which he needed to exercise his polio-ravaged muscles, was transmitted across the country by Associated Press Wire-photo recently.

He received his sixth tricycle yesterday. All of them were gifts from strangers.

Andy says he's giving the extras to other polio victims.

UNCLE RAY'S CORNER

DENNIS THE MENACE

If a man from Mars (or some other planet) came to the earth, there would be strange things for him to see. He would be interested in our inventions and in the wonders of science, but some of the simple everyday things might seem just as amazing.

The man from Mars would have things to tell about his own planet. It might be, for example, that Mars is without insect life.

Let us suppose that he learned to speak our language, and that we took him for a walk through a field. There might be a conversation like this:

"What is the object on that plant?"

"Oh, that's just a caterpillar!"

"A caterpillar? Does it spend all its time eating the leaves of plants?"

"Not all the time, but it eats a great deal until it starts to change its form."

"What do you mean by that?"

"This caterpillar will stop eating. Then it will spin silk to make a home for itself. At a later time, it will break out of its silken home, and will fly around as a butterfly!"

At this point our Man from Mars might exclaim:

"Don't tell me such stories! Do you expect me to believe that this crawling thing can make its own wings and become a flying machine?"

"Yes, that's what happens."

"How can it make wings without hands?"

"There are wing buds inside each caterpillar, but they fail to grow until it enters the cocoon stage of its life. After being in the cocoon for a time, it breaks out, and becomes a flying insect."

"I still don't believe it."

"In that case I shall prove it to you if you will stay around here long enough."

Tomorrow: More About Caterpillars.

DATE DATA

Flowers Are Still Important To Girls

By BEVERLY BRANDOW

Dear Miss Brandow:

Three of us boys are "crazy mixed up kids" because of a dance that's coming up in two weeks, and we've got questions.

How important does a date have to be for a boy to buy his girl flowers? Do we ask the girls what kind they want? Better yet, could we let our dates get them and reimburse them later?

Should we have the florist send them or bring them ourselves? Do we include a card: If so, what do we write?

Crazy Mixed up Kids

Wow! When you said that you had questions you weren't kidding. Suppose we take them one at a time. As far as high school dating is concerned, a boy never absolutely has to give a girl a corsage. Most boys, however, do figure a bunch of posies in their date budgets for important parties and dances, particularly formal occasions.

If you have the do re me to finance an extra special date, you should be able to cut corners somewhere and get a corsage. These things are very important to girls. It's not the price tag that matters, but the fact that you thought to do such a sweet thing. She'll probably wear it to church on Sunday and later press it in her diary beside a paragraph about what a dreamboat you are.

Goodness no, don't ask her what kind of flowers she wants. If she says white orchids you'll have your allowance owed to the florist from now until 1965. Avoid a horrible clash of colors or being the bearer of an attack of asthma or hay fever by asking the color of her dress and whether she is allergic to any particular scent. The florist will help you decide on something proper.

Let her pick them and reimburse her? Ooops. Somebody laid a goose egg. Never! Never! Nuff said?

It is correct either to bring the corsage with you or have it sent, however girls find it more exciting to have a delivery truck drive up for all the neighbors to see. Besides girls like to have time to fuss a bit with their posies before you arrive.

Include a card when it is sent. It may say simply, "Bill" or "To make the prettiest girl at the dance even prettier," or "With all my heart, Bill". The sentiment is according to how you feel.

Flowers always make a girl feel infinitely more feminine and beloved. Why wait for an important occasion? A bouquet from your own garden will season a home date considerably. Try it.

Failure To Obtain Counsel Still Stalls Schine Case Investigation

By JOHN CHADWICK
WASHINGTON (AP)—A Senate investigation of charges hurled by Sen. McCarthy (R-Wis) and high Army officials was still stalled today by failure to obtain a satisfactory special counsel.

Sen. Mundt (R-S.D.), who temporarily has replaced McCarthy as chairman of the Senate Investigations subcommittee while it makes the probe, said he did not see how public hearings could start before next week.

With Sens. McClellan (D-Ark) and Jackson (D-Wash.), he has been sounding out various prospects for the counsel's job.

McCarthy, shown a copy of the magazine, said he had no comment. The row being investigated by the subcommittee he heads centers around an Army report declaring that McCarthy and Roy M. Cohn, chief counsel of the subcommittee, tried to pressure the Army into giving special treatment to G. David Schine, a former unpaid subcommittee consultant drafted as a private last November.

McCarthy and Cohn not only disputed it but countered with the charge that Secretary of the Army Robert T. Stevens and the Army's counsel, John C. Adams, had attempted to use Schine as a "hostage" to "blackmail" them into halting a probe of what the senator has called "coddling" of Communists in the Army.

His statement was in line with an agreement made by the subcommittee members that they probe to the exclusion of all other hearings.

McCarthy said last week that in view of the delay that has developed, however, he intended to poll his subcommittee colleagues on whether they should start hearings

on evidence which he said the staff had gathered about Communist in defense plants and graft and corruption in Alaskan development projects.

In a weekend statement Mundt said it was difficult to understand "the almost feverish interest" in the subcommittee probe. He declared that "no high crime against the government" such as treason, disloyalty or corruption was involved in the McCarthy-Army dispute.

"Involved here at worst," he said, "are misconduct and misrepresentation by one or more individuals connected with the Army or the Senate committee or both but, unless perjury is subsequently committed in sworn testimony before our committee, no crime punishable by law is now charged or indicated."

Mundt also said that while the ramifications that might develop in the course of the hearings could not be predicted, Stevens and McCarthy now appear "primarily as defenders of personnel working under them rather than as principal disputants."

The dispute recently has been referred to by McCarthy as "a silly squabble" between Cohn and Adams.

Metropolitan police said about 1,200 to 1,400 of the men had come into the capital by bus and other means, mainly from New York but with their ranks swelled by contingents picked up on the way. They expected more.

Plans announced by the dockworkers as they left New York had also included picketing operations at the National Labor Relations Board which begins consideration tomorrow of an NLRB examiner's recommendations in the dock dispute.

ALSO PROTEST AT NLRB Independent Dock Union Pickets At White House

WASHINGTON (AP)—Longshoremen estimated by police to number around 1,000 picketed the White House today in protest against the government's handling of the bitter dock strike that has tied up the port of New York.

Metropolitan police said about 1,200 to 1,400 of the men had come into the capital by bus and other means, mainly from New York but with their ranks swelled by contingents picked up on the way. They expected more.

Plans announced by the dockworkers as they left New York had also included picketing operations at the National Labor Relations Board which begins consideration tomorrow of an NLRB examiner's recommendations in the dock dispute.

The men represent the old International Longshoremen's Assn. which apparently won a board-supervised election just before Christmas for the right to represent the dock workers.

The pickets marched in a long oval on the walk on the Pennsylvania Avenue side of the executive mansion, and by 9 a.m. they were in an almost solid line walking about 300 feet along the high iron fence from one of the two entrances to the other, then back along the curb.

A detail of about 40 policemen, standing next to the curb, kept watch and kept the line moving. In command of the operation was a group of some 10 police officials.

'Joe Must Go' Recall Sought

SAUK CITY, Wis. (AP)—The "Joe Must Go" Club, spearheaded by eight editors and writers from Wisconsin weekly newspapers today began the task of getting out about one out of every five of the state's eligible voters to sign petitions aimed at the recall of Sen. McCarthy (R-Wis).

The club was formed at a meeting called here yesterday by Leroy Gore, editor of a local weekly newspaper, that drew about 500 persons. They came, sponsors said, from 43 of the state's 71 counties. They included Democrats, Republicans and independent voters.

A steering committee of 20 was chosen to circulate petitions throughout the state. These must bear about 400,000 signatures before any recall move can be considered by the secretary of state.

Violent Earthquake Recorded in Italy

PRATO, Italy (AP)—An earthquake so violent it put the Prato Observatory's seismograph out of service was recorded here today.

The same tremor, at about 6:20 a.m. (1:20 a.m. EST), was reported from seismology stations in Florence, in Ireland and in England. Officials here said the shock appeared to center in eastern Greece or Turkey.

In Dorking, southern England, an observatory official described the quake as comparable in intensity to the disastrous quakes that killed hundreds of persons last August on islands off Greece.

Fight Suspects Are Arrested

Four Latin-Americans were in city jail this morning as a result of a fight in Northwest Big Spring late Saturday night in which Willie Hilburn of Lamesa was injured.

Hilburn was slashed across the chest with a knife and later treated in a local hospital, where 40 stitches were taken.

All four men have signed statements in connection with the incident. It was announced by acting Police Chief M. L. Kirby. The statements will be turned over to District Attorney Elton Gilliland along with the prisoners today, he said.

Injuries in Fall Fatal

CORSICANA (AP)—Last December Mrs. J. D. Ambrose, 53, fell. Yesterday she died of injuries received in the fall. She had been a member of the First Christian Church here 62 years.

In the event the present move is successful and the signatures are obtained and held valid, a special election would have to be held at which Sen. McCarthy's name would go on the ballot along with any others who qualified to run through filing of nomination papers. It would be a "sudden death" election, with the man with the highest total winning.

The fight in which Hilburn was slashed occurred on Northwest 2nd, officers said.

Saturday Theft Is Reported To Police

Theft of two fender skirts from a 1953 Mercury was reported to police by Ell McComb, 509 Hillside Drive. McComb said they were stolen while his car was parked in front of Carlos Cafe on Northwest 3rd about 8:30 p.m. Saturday.

The car reported stolen from the Jet Tavern last Friday night by James Whitefield, operator, was found in the 500 block of Presidio.

Jack Alexander will preside at the Cub roundtable; Frank Sabatino will be in charge of Explorers roundtable; Dan M. Krausse will preside at the Boy Scout roundtable; and Dr. Dillon will preside over the district committee session.

Docks in Canada

HALIFAX, N.S. (AP)—The liner Queen Mary berthed here today from England carrying 1,067 passengers diverted from New York because of the longshoremen's strike.

Scouters, Cubbers and Explorer leaders have been urged to take part in the regular monthly 4 in 1 meeting Thursday at 7:30 p.m. in the Howard County Junior College auditorium.

The district committee will hold its meeting jointly with the round tables for Cub, Scout and Explorer leaders, said Dr. Frank Dillon, district chairman.

Brownwood Rail Dedication Set

BROWNWOOD—A new 8.2-mile Santa Fe cutoff was to be dedicated today with top railway officers and Brownwood civic leaders joining in the ceremony.

Fred G. Gurley of Chicago, Santa Fe Railway president, and J. P. Cowley of Galveston, vice president and general manager, will throw the switch formally opening the cutoff.

The cutoff is from a point near Ricker on the line's Lampasas branch to Brownwood.

It provides more efficient service by Santa Fe to the area, eliminating 10 curves, some steep grades and street crossing hazards.

One improvement is that Santa Fe trains will no longer have to back into the Brownwood station.

1,500 Saved After British Ship Explodes And Burns Off Algiers

ALGIERS, Algeria—A first shipload of British soldiers, rescued from the burning troopship Empire Windrush, sailed for home today, thankful to be alive after one of the most spectacular rescues in naval history.

Some 1,500 Britons—among them 277 women and children and 17 invalid soldiers—calmly and quickly abandoned the blazing ship yesterday morning 20 miles offshore in the Mediterranean and were rescued safely.

Four crewmen of the 14,651-ton transport died when an engine room explosion sent fire and choking smoke racing through the vessel.

London newspapers speculated the ship had been sabotaged but Admiralty and Transport Ministry authorities refused to comment on this. The speculation was heightened because she had just been through the Suez Canal, where the Egyptians are waging a ceaseless campaign to force out the 80,000 British troops stationed there.

The burned-out hulk was reported still glowing today and the Admiralty said she would be towed out of the sea lanes as soon as personnel could be put aboard. Inspected today by a destroyer, she did not appear to be leaking.

Most of the persons aboard were military personnel and their families on the way home from the Far East and the Suez.

The fire broke out while almost all aboard except the duty crew were still in their quarters. The ship was pushing easily through an

the women and children. They were the first to be put aboard the lifeboats.

"After that we threw everything overboard which would float—tables, benches and planks. Then the men began jumping overboard, all in perfect calm, because we knew rescue ships were at hand. We could see them steaming toward us."

Two doctors aboard the troopship estimated that some 20 of the survivors received minor injuries or had to be treated for the effects of smoke or water.

Almost within sight of the burning ship they had left, 200 soldiers sailed this morning aboard the British destroyer St. Kitts, bound for Malta. There they will be re-embarked for the homes for which they were headed yesterday—some from Korea, others from Japan and Egypt.

National Legion Head To Address District Parley

The national commander of the American Legion, Arthur J. Connell of Middletown, Conn., is to be the featured speaker at the annual 19th District spring convention in Brownfield this weekend.

The national commander, said Hilton Lambert, Snyder, the 19th District commander, will be accompanied by G. Ward Moody, state department adjutant. Connell's appearance here Sunday will precede a speaking engagement at noon Monday in Houston. These are his only Texas appearances on the current tour.

A program of entertainment is being arranged under the direction of G. L. Nelson, Brownfield post commander. Henry Owsley, Lubbock, will conduct the memorial services Sunday morning.

East Texas Oil Boom Figure Dies

KILGORE—Mrs. Lou Della Crim, on whose farm the second discovery well in the vast East Texas oil field was drilled, died yesterday at her home here. She was 86.

Services were set here for 2 p.m. today. Mrs. Crim had been ailing several months.

The discovery on her farm in 1930 followed Dad Joiner's strike to the south and helped set off the big East Texas oil boom.

Mrs. Crim was a pioneer East Texas, the daughter of Capt. John Martin Thompson, founder of an East Texas lumber firm, and the former Lucinda Adeline McCord. Her husband, W. R. Crim, died in 1918.

Mrs. Crim inherited 1,100 acres of Rusk County farm land, on which some 400 oil wells were drilled in the richest part of the East Texas field.

Colorado's Governor Checks Drought Area

DENVER—Gov. Dan Thornton heads a 21-member delegation flying to La Junta today for a first-hand inspection of the effects of a three-month barrage of wind and drought on southeastern Colorado.

At La Junta the group will split up for trips by plane and auto to various areas of the dust belt. Thornton planned to visit Lamar, 57 miles east of La Junta, in the heart of the stricken area.

Thornton will prepare a report to Secretary of Agriculture Benson, 2rd possibly to President Eisenhower on his findings.

Scout Council Sets Quarterly Session

Regular quarterly conference of Buffalo Trail Council operating committees and commissioners has been set for April 5 in Midland.

Purpose of the meeting is to review program toward approved goals and try to pin down specific projects for the next quarter. The dinner meeting is set for 6:30 p.m. with conference groups to follow.

Two doctors aboard the troopship estimated that some 20 of the survivors received minor injuries or had to be treated for the effects of smoke or water.

Almost within sight of the burning ship they had left, 200 soldiers sailed this morning aboard the British destroyer St. Kitts, bound for Malta. There they will be re-embarked for the homes for which they were headed yesterday—some from Korea, others from Japan and Egypt.

The others, including the hundred women and children, were to sail later today aboard the British airplane carrier Triumph.

Four rescue ships that sped to the scene and plucked the survivors from the sea and from lifeboats brought them to Algiers yesterday. They found shelter last night with private families and at military bases.

Three men and one officer were killed in the engine room explosion that rocked the vessel and set it ablaze.

Aboard were about 250 crewmen and 1,268 passengers—soldiers, sailors and airmen, with 277 women and children dependents. Seventeen hospitalized soldiers were among those saved without mishap.

Capt. Wilson said that moments after the blast on the Empire Windrush, flames spread out of control, and choking, acrid smoke billowed through the ship. It was then, he said, that he passed the order for all hands to abandon ship.

Four ships—the Dutch freighter Mentor, the British cargo vessel Socotra, the Italian tanker Talgete and the Norwegian freighter Hemsjell—converged quickly on the spot. Within two hours they had picked up all the survivors.

Webb AFB will have a new commanding officer for the next three weeks.

He is Col. Cleon E. Freeman, executive officer, who took over duties of the commander Sunday when Col. Fred M. Dean left for Washington, D. C.

Col. Dean is to take an intensive three-week course in personnel management at George Washington University. This course is offered for senior field grade officers.

Two men died early Sunday in separate smashups in the Seymour area. W. C. Corley, 32, of Knox City, was killed 12 miles west of Benjamin on Highway 82. A Seymour man, Hiram Wesley Christopher, about 32, was killed near Seymour when his car overturned on Highway 199.

James B. Casey, 37, Fort Worth truck driver, died after he received a beating and knife wounds in a tavern fight south of Fort Worth. Two Cleburne men were held in Tarrant County jail.

Ervin Gardley, 40, El Campo rice farmer, was killed in a head-on collision Saturday night near Gansado.

Mrs. Minnie Gee Dye, 53, of Houston was killed Saturday when a pickup truck was thrown off the road near Goliad. A tire blew out. Her husband, Ray Dye, 57, was hospitalized at Goliad.

C. M. Livingston, 24, of Wilmer was killed Saturday in a car-truck smashup eight miles north of Corsicana.

Catherine Hunter, 29, of Carrollton was fatally injured Friday night in a traffic accident. She died in a Fort Worth hospital.

Two men were killed and a third seriously injured when a pickup truck overturned on a curve south of Stamford. The dead were identified as L. K. Debose, 30, of Jud and George Cooper, 51, of Stamford. Odell Smith was hospitalized at Stamford with both legs broken.

Clarence Heckathorn, 2, was found dead Saturday in a water-filled pit being dug for a septic tank behind the apartment house at Wichita Falls where she lived. Officers said she apparently drowned while trying to retrieve a toy from the pit, filled with water from a rain. She was the daughter of A.I.C. and Mrs. Edwin S. Heckathorn.

Mrs. Pauline Jeanette Fuller, 25, was shot to death at her Fort Worth home Saturday as her two children watched terrified. Police arrested a 28-year-old man.

Florencia Gutierrez, 15, of Benavides drowned Saturday in a lake near Alice.

Ell Uphaw, 35, was stabbed to death in a Houston tavern Saturday. Mrs. Mary Nelson was charged with murder and released under \$2,000 bond.

Norma Lynn Harrell, 15, of Houston was fatally injured Friday night when a car she was riding in struck a pole along the Gulf Freeway.

Lone Star Weekend Violent Death Toll 20

By The Associated Press

At least 20 persons died in weekend Texas violence—13 in traffic accidents.

Two were shot, two drowned and three died in various other types of violence.

Three persons were killed when their car struck a bridge railing early Sunday 10 miles south of San Angelo. The victims were Doris Jean Dickens, 16, Eldorado; Harold D. Polk, about 20; and Billy D. Meyers, 19, both of Llano.

Two men died early Sunday in separate smashups in the Seymour area. W. C. Corley, 32, of Knox City, was killed 12 miles west of Benjamin on Highway 82. A Seymour man, Hiram Wesley Christopher, about 32, was killed near Seymour when his car overturned on Highway 199.

James B. Casey, 37, Fort Worth truck driver, died after he received a beating and knife wounds in a tavern fight south of Fort Worth. Two Cleburne men were held in Tarrant County jail.

Ervin Gardley, 40, El Campo rice farmer, was killed in a head-on collision Saturday night near Gansado.
