United Nations Forces Make Slow Headway Against Reds As One Combat Team Is Trapped

TOKYO, Feb. 1. (AP)—Allied forces crunched ahead as much as three miles today in western Korea, but a French-American combat team was trapped by superior Chinese forces in another sector of the war front.

There were increasing signs that the eight-day-old United Nations limited offensive had slammed into the main Red defense line south of the Han River. The Han flows along the southeastern outskirts of Seoul.

A Tenth Corps spokesman said the encircled regiment had been fighting off two enemy regiments for hours in close combat. He would not predict its chances of breaking out of the trap.

TURKS ADVANCE

Bayonet-wielding Turkish troops made Thursday's biggest advance through rugged and muddy hill country against an enemy "firmly dug in," a briefing officer said.

Forward elements of this force drove to a point less than 4,000 yards south of Anyang, on the road to Seoul. Anyang is about nine miles northwest of Suwon and 11 miles south of the former South Korean capitol. A few miles eastward an American tank-led task force jabbed 2½ miles into Wonchon, but then withdrew. Wonchon is three miles east of Suwon.

The battlefront now extends roughly along an eastwest line five miles north of Suwon. At one point it is within nine miles of Seoul.

REDS BRACE

Near the junction of the western and central fronts French and American elements were reported earlier Thursday to have rammed into blazing Red counterattacks near Chipyong, 12 miles north of Yojujm.

It was not clear whether this action was the same as the unlocated encirclement fight by a French-American regiment reported by the 10th Corps spokesman Thursday night. In the counterattacks around Chipyong the enemy had been described as 3,000 shouting North Koreans, who poured out of hideouts to strike the Allied forces on three sides.

Korean War In Brief

(By The Associated Press)

KOREAN FIGHTING FRONT

— French-American combat team encircled by 3,000 counter-attacking Chinese Reds at juncture of central and western fronts. French fighting hand to hand with part of enemy force. Allied limited offensive countries to push ahead cautiously in other sectors.

China Formally BrandedByUN Assembly Vote

LAKE SUCCESS, Feb. 1. (AP)—The United Nations Assembly today voted overwhelmingly to brand Communist China as an aggressor in Korea.

The vote was 44 to 7. The native votes were cast by the five Soviet block countries and India and Burma. Nine countries were listed as abstaining, but one of them — Saudi Arabia — asked to be recorded as not participating.

The resolution was approved by the political committee 44 to 7 Tuesday night. The one big question remaining after final ratification of the proposal, is: "What next."

In explaining his vote, Soviet Delegate Semyon K. Tsarapkin blasted the United States as an aggressor in Korea and said the U. S. does not want peace. He charged the American delegation used "all manner of threats, pressure and blackmail" to get the resolution adopted.

"The United States resolution," Tsarapkin said, is directed toward further aggression in Korea and against the people of China."

Other Soviet bloc countries, in similar declarations, announced they also would vote against the American proposal. These five, together with India and Burma, cast the seven votes against the resolution in the political committee.

3,986 Obtain Tax Receipts, Exemptions

The number of certified voters this year has barely exceeded that of last year, the number of poll taxes issued increasing rapidly yesterday, the final date for payments and also the deadline for obtaining exemption certificates.

The number of receipts issued totaled 3,543, and there were 443 exemption certificates given, according to the nearest accounts available from the county tax assessor-collector's office.

Last year, there were 3,915 tax receipts and 70 exemption certificates issued, but the exact number of qualified voters last year can not be accurately determined because exemption certificates were not required of persons over the 60-year limit. This year all persons 60 years old or older, and those entitled to a free voting year, having become 21, will be required to present certificates before being allowed to vote.

Draft Age Pool Still Plentiful

WASHINGTON, Feb. 1. (AP)—Rep. Hebert, (D-La.) said today that some 1,269,000 registered draft-age men until recently had not been classified by selective service boards.

Hebert, a member of the House Armed Services Committee, said selective service figures dated Jan. 3 and marked "not for publication," show that 9,214,000 or 10,483,000 men registered in the 19-to-26 age group had been classified by Nov. 30.

The congressman did not say how he came by the statistics. He quoted them to a reporter and then declared that he was "not convinced that it is necessary to lower the draft age to induct 18-year-olds when there still remains unclassified a pool of that size."

Rhee Sees War End

U. S. 10th CORPS HEADQUARTERS, Korea, Feb. 1. (AP) — Korean President Syngman Rhee declared today "I hope to be back in Seoul soon."

Seoul is the former capitol of South Korea, now held by the Communists. United Nations forces, advancing in western Korea, are inching forward toward the battered city.

Rhee also predicted the war "is already coming to an end."

Wildcat Rail Strike Spreads; President Not Likely To Act

(By The Associated Press)

A strike of railroad switchmen high-balled across the nation today, putting a brake on the country's rail transportation.

The "sick-call" walkout, moving into the third day, appeared growing more critical by the hour. It spanned the nation, hitting directly against 33 railroads in 18 major cities.

Officials of the Brotherhood of Railroad Trainmen insist that they did not authorize any strike. Most of the workers gave illness as their excuse for not coming to work.

The government contends this is a ruse to get around its anti-strike injunction. It says the union's disclaimer of responsibility for the walkouts is not valid.

IMPACT SPREADS

Besides the railroads directly affected, scores of other carriers felt the impact of the fast-spreading work stoppage. So did other industries. Thousands of non-railroad workers were made idle by the strike.

The government moved to end the strike.

Gov. Edward F. Arn of Kansas suggested that President Truman "if he so desired could stop it (the strike) within a few hours."

There was no indication that Mr. Truman personally planned to intervene.

ARMY ACTING

But the Army, which is technically in charge of the nation's rail roads, said it was planning action to deal with the walkout.

Arn, a Republican, termed the walkout a "national crisis."

As the strike grew, the government took court action to end it. The government also, through the Defense Transport Administration (DTA) ordered the railroads to embargo freight which cannot be moved through yards tied up by the walkout.

At the same time, the Railway Express Agency clamped an embargo on rail express shipments between 14 northeastern states and the rest of the country.

Third Atomic Explosion Hits Las Vagas Area

LAS VEGAS, Nev., Feb. 1. (AP) — Lighting the pre-dawn sky with a sudden, brilliant flash, the third atomic explosion in less than a week was touched off today at the government's sprawling test range northwest of here.

Windows rattled in homes and roulette wheels trembled in the gambling palaces, but there was so little excitement that police reported not a single call of inquiry or alarm.

A spokesman for the Atomic Energy Commission said that first surveys turned up "no reports of any radiological hazards." Otherwise he confined himself chiefly to confirming what most of the town already knew — that it was Explosion No. 3 at the new range since Saturday, and No. 12 since the first was set off in New Mexico in July, 1945.

He brushed off all inquiries about the type of weapon which may be tested, but townspeople agreed that it seems to be more than one.

Today's flash, witnesses said, was about equal in brilliance to Saturday's, but considerably less blinding than Sunday's. And the rumbling roar which followed also was less intense.

Gen. Meyers Out, In Again

WASHINGTON, Feb. 1. (AP)—Bennett E. Meyers, former major general in the Air Force was paroled from prison today.

Since 1948, he has been serving time in the federal reformatory at Lorton, Va., after being convicted of inducing a civilian associate to lie about his sideline business activities during World War II.

He was immediately picked up by U. S. marshals to answer a federal income tax evasion indictment pending against him at Baltimore.

Meyers, removed from Lorton to the District of Columbia jail, was later taken before U. S. Commissioner Cyril Lawrence, who fixed his bond on the income tax charge at $5,000.

Meyers' associates said the bond would be posted promptly.

Worse Cold Predicted Bringing Damage To Homes And Livestock

Extreme precautions for water pipes and livestock were urged today by weathermen who predict the coldest night of the winter tonight.

The low this morning was three degrees below zero, one of the lowest readings ever made here. The three below zero reading was by Mrs. D. P. Strayhorn, weather observer here, and was corroborated by other readings on unofficial thermometers. The Santa Fe station thermometer showed two degrees below zero.

OTHER WINTERS

Only twice in the past 20 years has it been colder. In 1930 the mercury plunged to eight degrees below, and in 1933 it dipped to seven degrees below.

A high of 20 degrees was recorded here yesterday, and snow which fell yesterday melted only enough to freeze slightly. Roads are still icy in parts of the city.

Roscoe reported a low reading of four degrees before dawn, with a low of one below zero recorded in Colorado City. Abilene had a minimum of one degree, and San Angelo five degrees.

SCHOOLS CLOSE

Snyder schools were closed today because of the weather which made bus routes hazardous, according to Lee Stinson, president of the school board.

Stinson said that school would be resumed tomorrow if snow and ice on the roads melted today. If enough ice remains on the roads to make school bus travel difficult, however schools will remain closed.

Bad weather is blamed for the delayed arrival of the northbound Santa Fe train, scheduled to arrive in Snyder at 6:38 o'clock this morning. It did not arrive until around noon.

This train carries parcel post and first-class mail.

The early - morning truck from Snyder which picks up mail from the east and west at Sweetwater was not hindered to any extent by the slippery roads, H. D. Moreland, acting postmaster, said.

(By The Associated Press)

Temperatures tumbled to record lows, including 19 below zero at Dalhart in the Panhandle, as Arctic cold gripped Texas today.

The unprecedented cold apparently marked the end of four days of snow, sleet, hail, freezing rain and ice storms. Skies cleared and were expected to remain clear tomorrow.

CAUSES 20 DEATHS

An unidentified man found frozen to death in a yard in Port Arthur's residential district marked the 20th weather fatality of the five-day old storm.

More bitter cold was predicted for tonight. The outlook was that temperatures might begin a gradual rise tomorrow afternoon, possibly marking the end of the historic storm.

Amarillo's 14 below zero was the coldest temperature in 46 years. Dalhart's -19 was the lowest since records began in 1906. Fort Worth's 6 above was the coldest Feb. 1 on record.

Readings were due to fall below zero again in the Panhandle, South Plains and North Texas tonight, and to sub-freezing levels elsewhere in the state.

The frigid cold was believed taking a heavy toll of livestock.

VALLEY STRICKEN

The citrus and vegetable fields of the lower Rio Grande Valley suffered their heaviest blow yet, with worse to come.

Temperatures fell to 20 at Raymondville this morning, to 21 at Mission, Harlingen and McAllen. Tonight's predicted lows for the usually-warm valley included Brownsville 18, Mission 15, Laredo 13. A low of 10 was predicted for Eagle Pass.

Fires again broke out. Galveston threw all its fire fighting equipment at a blaze spreading through the industrial section.

The winter season's coldest and stormiest weather showed no signs of abating across the nation today. In many parts of the country it got worse.

MORE ON WAY

Fresh blasts of cold air struck over Western and Mid-Continent areas. Snow, sleet and rain pelted wide sections of the east and south.

Eisenhower Says U. S. Has No Choice Except To Help Europe

WASHINGTON, Feb. 1. (AP)—Gen. Dwight D. Eisenhower told Congress members today there is "no acceptable alternative" to American help in rearming Europe.

The five-star general, chosen to head the allied defense forces against Russian aggression, publicly joined the great debate over committing UN troops to those forces with an address to an informal joint meeting of the Senate and House.

He argued:

"We must give Europe assistance not only because there is no acceptable alternative, but because if we were left standing alone, isolated in a world of communism, our system would wither away."

Solemnly, Eisenhower had told the lawmakers earlier that their decisions on defense co-operation with western Europe would determine the course of civilization and whether free governments will continue to exist.

Just back from a tour of Europe Eisenhower said there is no question of western Europe's desire to resist aggression.

"There is a spirit to resist," he said. "There is a determination to do their part — to take the risk."

He said, too, that Europe's greatest need now is not American soldiers but equipment, which he said must be delivered in quantity and quickly.

As to transfer of American troops to Europe, Eisenhower said that should be done in a ratio of what the Europeans themselves provide.

Eisenhower sketched briefly conditions in individual European countries as he said he found them.

He said there is "no question" that France has "determined to face up to the threat of communism from within and without."

And he said he found the same spirit in Belgium, Holland and Denmark.

"There is no question about Norway's determination to resist to the point of destruction," he went on.

He said he found in Rome a stiffening of Italian morale and efforts to make that country's defense force more efficient.

QUIET ON GERMANY

Eisenhower said he did not want to speak now about the military potential of Germany.

He said the diplomats must come up with a political platform for Germany which gives that nation equality before any of its military units could be used in an international defense force.

He said while it would be "false and idle to say there does not exist a spirit of pessimism and defeatism" in some quarters in Europe he feels there has been a "rejuvenation" in Europe's morale.

As to the United States' need of western Europe, Eisenhower said western "Europe's skilled labor constitutes the greatest pool" in the world and it has an "industrial ability" second only to the United States, plus more than 200 million persons.

He said if that potential were transferred to the other side, the military balance of power would be shifted so drastically our safety would be gravely imperiled."

Calling attention to the dependency of the United States on strategic material produced in other parts of the world, Eisenhower noted that this country imports manganese, copper and uranium, the latter the principal ingredient of the atom bomb.

Alternatives In Court Bill

The crowded dockets of the civil court here may get relief in the form of a new temporary judicial district if the state house of representatives passes a bill to create a district on a six-year term.

Yesterday the state senate passed the bill for the temporary court district, but the house passed a similar bill designed for creation of a permanent district. Both bills went then to a joint committee.

Sterling Williams, state representative from Snyder and author of the original bill for a permanent district, said in a statement to Pat Beene, new president of the bar association here, that there were two chances for a new court here.

"One chance," he said, "is that the senate will reconsider and pass the bill for a permanent court. But if not, the house committee on judicial districts will have to approve the senate's bill for a temporary court, and the bill will be placed on the call docket of the house for final approval of the legislature.

"In either event," Williams said, "I will do everything possible to get a bill passed giving Scurry and Borden Counties a new court next week."

The bill for a district with a six-year term was drawn because of the opinion of some that a permanent district would not be necessary a few years from now. Williams and attorneys here believe it will still be needed then but also agree that a temporary court will serve as well as at present.

Anti-Red Bill Stays In House

AUSTIN, Feb. 1. (AP) — An effort to send the state Communist control bill back to a committee to check on its constitutionality failed in the House today.

Rep. John N. Barnhart of Beeville asked the house to pass "intelligent legislation" on controlling communism.

"We can write a good bill that would be constitutional," he said. "In this bill we are aiding Communists by legislation they can benefit from by getting publicity in the courts."

The house turned down Barnhart's motion to recommit the bill to the house Committee on State Affairs by a 94-18 vote.

The senate heard introduction of four new bills and adjourned for the week end.

Among the bills was one requiring state agencies to get approval from the Legislative Budget Board before making contracts with the federal government.

The bill to make Communists and Red sympathizers register with state police was placed on representatives' desks yesterday. It has been endorsed by the House State Affairs Committee.

Snyder Day Trip For Band And Motorcade Is Still Indefinite

Due to the weather the trip to Fort Worth for the Snyder high school band is not definite for "Snyder Day" at the Fort Worth Fat Stock Show, Harold Bennett, Chamber of Commerce manager, said at noon today.

Checks will be made late today with the highway patrol in Fort Worth in regard to the advisability of taking the band, he said.

Band members are asked to listen to radio station KSNY between 7:30 and 8:30 Friday morning for definite instructions as to whether the band will go as a unit, he said.

However, if the weather clears and the roads are in good condition for cars, the motorcade will make the trip to Fort Worth, spending the night at Mineral Wells, and then going on to Fort Worth Saturday morning, he said.

If the weather clears, and the motorcade leaves for Mineral Wells there will be no stops in towns between here and there, he said.

"Listen to station KSNY for further announcements. If the motorcade does go to Fort Worth, it will leave here about 1 p.m. tomorrow depending on the weather," Bennett said.

Hunt Trust To Drill Wildcat In North Kent

William Herbert Hunt Trust Estate No. 2 Girard Trust Co. is to be drilled as a 7,500-foot Pennsylvanian wildcat in Central - North Kent County 12 miles west of Girard.

Drillsite has been set 660 feet from north and west lines of section 72, block 1, H&GN survey and operations will get under way as soon as equipment is up.

The prospector will be drilled two miles west and slightly south of a dry hole in section 98, which was quit in the Pennsylvanian.

The nearest Pennsylvanian reef production is in the Salt Creek field approximately nine miles to the south.

GARZA COUNTY

Stanolind Oil & Gas Co., Seaboard Oil Co. and Republic Natural Gas Co. will drill their No. 1-A D. C. Hill, Jr., as an 8,500-foot Ellenburger wildcat in East-Central Garza County.

Drillsite is 660 feet from east and 330 feet from south lines of section 58, block 2, T&NO survey, and seven miles northwest of the North Polar-Ellenburger pool of Kent and Garza Counties.

Ten miles to the north and slightly east of the newly staked wildcat, Continental Oil Co. No. 2 Swenson Land and Cattle Co. was assured production from the Canyon reef after 1,000 gallons of acid were injected through perforations at 6,855-6,895 feet.

Operator swabbed 20 barrels of new oil with a trace of acid water in two and one half hours after the acid load had been swabbed out. Swabbing will be continued in an effort to make the well kick off and flow.

Location of the No. 2 Swenson is 1,980 feet from north and west lines of section 43, block 2, H&GN survey and 20 miles northeast of Post.

DISCOVERY

Four miles east of Rotan and in North - Central Fisher County, Intex Oil Co. has completed its No. 1 Aud Gerald and others as a Noodie Creek lime discovery.

Potential was made on the pump during a 24-hour gauge. The new producer was finaled for 65 barrels of oil per day from perforated sections at 3,429-3,434 feet.

Location is in section 174, block 2, H&TC survey.

FINDS PAY LOW

Seaboard Oil Co. of Delaware No. 2 Sparks, one location south offset to the discovery well of the Double Mountain field in Southwest Stonewall County, found the pay about 20 feet low to the top of that zone in the field opener, which

(See OIL NEWS, Page 8)

Coal Miners' Wages Hiked

WASHINGTON, Feb. 1. (AP)—A pay raise in the coal pits went into effect today without interference from the government, and eventually the money will show up on consumers' coal bills.

Price Director Michael V. DiSalle announced that new ceiling prices on coal would be set today or tomorrow and would "probably reflect increased costs to the operators as a result of the wage increase."

Thus the government cracked open its Jan. 25 temporary wage-price freeze for the first time. Other cracks are certain.

NO STRIKES SEEN

And thus a long period without coal strikes seemed to be assured, and the big shadow of John L. Lewis faded from the wall in the conference room of the Wage Stabilization Board.

This board, headed by Cyrus S. Ching, took several steps yesterday. It exempted state, county, and municipal employes from the wage freeze, turning them over to their governing bodies, which, the board said, are expected to conform to general federal wage policies.

In another regulation, the board gave a blanket OK to all wage and salary increases due to take effect before midnight Feb. 9, provided they were "formally determined" and communicated to the employes before the Jan. 25 freeze date.

This permitted an undetermined number of increases to groups or individuals in that class.

TOP ONE

By far the most important was the raise of $1.60 a day for nearly 400,000 soft coal miners and about 75,000 anthracite miners.

At first it wasn't clear whether or not the anthracite raise had been approved, because the anthracite agreement was not signed until Jan. 26. But last night W. Willard Wirtz, the board's executive director announced that the raise was all right because "there was in every substantial way a meeting of the minds" on Jan. 24, and the Jan. 26 signing was only a formality.

Galveston Industrial Section Threatened

GALVESTON, Feb. 1. (AP)— Every piece of fire fighting equipment in Galveston was called out early today to stop a blaze from spreading throughout the industrial section.

Senator Humphrey Backs Plan To Strengthen Taft-Hartley Act

WASHINGTON, Feb. 1. (AP)—Sen. Taft (R-Ohio) today backed plans for a Senate study aimed at strengthening the Taft-Hartley Labor Law provisions dealing with national emergency strikes.

The study will be started soon by a Senate labor subcommittee headed by Senator Humphrey (D-Minn). He said the group, of which Taft is a member, is unanimously in favor of re-examining the law's machinery for handling big-scale critical strikes.

Taft and Humphrey both talked of strengthening the present law and they agreed the provisions for handling national emergency disputes are inadequate — particularly, Humphrey said, in the light of the mushrooming defense program.

DIFFERENT IDEAS

But they obviously have vastly different ideas as to how the law should be changed.

Humphrey long has urged repeal of the Taft-Hartley Law, and he has been especially critical of the national emergency section which authorizes 80-day court injunctions to block critical strikes.

Taft, on the other hand, has plugged for some changes in the law which he co-authored, but he has successfully resisted any proposed revision which would eliminate basic features. His main fight has centered on retaining the injunction provision.

Humphrey told reporters the Taft-Hartley Law emergency provisions "do not provide for equitable settlemen of disputes, for uninterrupted flow of defense production, or for a pattern of peaceful labor relations."

TAFT AGREES

He said Taft had agreed at a closed meeting of the subcommittee that the provisions dealing with critical strikes are inadequate and need strengthening.

When newsmen sought to question Taft about that, he sent word to them that the law does need strengthening and that he has been saying for some time the emergency section is inadequate.

Taft did not elaborate, but he presumably was referring to amendments he sponsored in 1949. The Senate approved them but they died in the House.

Dallas Man Executed

HUNTSVILLE, Feb. 1. (AP)—Thomas Jefferson Price early today was executed for the murder of a Dallas druggist.

He was sentenced to die for the fatal shooting of Ed F. Williams in November, 1945.

Postal Receipts Up

A gain of about 25 per cent in postal receipts in January over the same month of 1950, was reported today by H. D. Moreland, acting postmaster.

Total receipts for January of this year reached $10,573.81 as compared to $8,425.26 for January of 1950, said Moreland.

The gain in figures was $2,148.55, he said.

Battling GI's Find Signs Of Weakness In Ranks Of Chinese

WESTERN FRONT, Korea, Feb. 1 (AP)—Seven Chinese Communist soldiers came out under a white flag and surrendered today to Puerto Rican infantrymen.

The Red soldiers said they were from a newly committed reserve 50th Army Regiment, the 146th.

The surrender came as Chinese resistance slackened in the whole sector northeast of Suwon. United Nations forces advanced as much as two and one half miles deeper into the carefully prepared new positions. Prisoners and captured documents identify these as the main Chinese line of resistance south of the Han River.

Task force "Tony," a tank-infantry team commanded by Capt. Tony Chrzanowski of Hudson, N. H., poked a mile into enemy lines on a reconnaissance mission into the little village of Wonchon.

LIGHT SCRAP

After a light skirmish, Task Force "Tony" wheeled around and returned to U.S. lines, its mission accomplished. It suffered no casualties.

Puerto Rican doughboys captured Mount Hyongje, a dominating 1,357 foot peak at 3:30 p.m. (1:30 a.m. EST.) Resistance was mild; air strikes had softened up the Reds.

There were other signs of waning enthusiasm among the soldiers of China's badly cut off 50th and 38th Armies.

Three machineguns abandoned without ammunition were picked up by American infantrymen who moved on to a hill east-northeast of Suwon. Chinese soldiers normally do not abandon their weapons.

NATIONALISTS?

There was a hint that some former Chinese Nationalist soldiers may not relish fighting for the Reds. Capt. Oliver Patton of Huntsville, Ala., reported a picture of Nationalist President Chiang Kai-shek was found in the pocket of one dead soldier.

American infantrymen occupied 44 important hills during the day as the front moved ahead from one-half to two and one half miles making it roughly on an east-west line five miles northeast of Suwon. Further east, another American unit captured a 1,371-foot mountain from which the Chinese had been harassing UN soldiers.

Task Force "Tony" started out to be the most dramatic combat action of the day on the western front. But only light enemy resistance materialized. Tanks and infantry jumped off on a windswept path and marched through a thick layer of slushy mud to a pine-covered ridge. There the task force wheeled west and went down among the thatched huts of the little village of Wonchon.

LITTLE FIRE

"There was just a little sniper fire and twelve 120-m.m. mortar shells in the way of opposition," said Sgt. Earl Elmore, Charlotte, N. C., (whose parents live in Sumpter.)

"Most of the Chinese took off to the woods outside town when they saw us coming."

The tanks fired several 90-m.m. shells into the pine woods outside of the town, killing eight Chinese. An armored personel carrier which pushed into the woods found 60 dead Chinese in foxholes.

A number of dead civilians lay on the deserted streets of Wonchon.

Continue Investigation In Connection With Train Wreck Attempts

While no arrests have been made in connection with the two attempts to derail or wreck Santa Fe trains last Saturday, the investigation is being continued, according to Lloyd Merritt, sheriff.

Homer Whisnand and Charles Youngblood, deputy sheriffs, have been assigned to continue the probe, assisting E. A. Nelson, of Slayton, special agent of the Santa Fe Railway company, said Merritt, today.

"If it is the work of youngsters trying to wreck a train for a thrill, it has to be stopped before someone is hurt and serious damage done to the train equipment," said Merritt.

Weather

WEST TEXAS: Generally fair and cold this afternoon. Colder tonight with a severe freeze and lowest temperatures eight below to 5 in the Panhandle and South Plains and eight below to eight above in the remainder. Friday fair, not quite so cold in afternoon.

EAST TEXAS: Generally fair and continued cold this afternoon. Colder tonight. With lowest temperatures zero to minus 10 in extreme north; zero to eight above in interior of central and eight to 18 in extreme south portion and along the coast. Friday fair. Not quite so cold northwest portion in afternoon. Fresh northerly winds on the coast diminishing Friday.

Shipboard Costume

Maid of Cotton Jeannine Holland of Houston models a shipboard ensemble on the Liner America in New York. Miss Holland will tour the United States and Europe for six months to model cotton clothing.

Survey of Wages Here Made by Team From Air Base at Lubbock

A locality wage survey for the department of the Army and Air Force is being made in and around Snyder, Joe H. Baker, Jr., a member of the survey team, said today.

Baker said the survey is being made to help determine the pay scale of government civilian employees at Reese Air Force Base at Lubbock.

He said the reason for the survey is to set a pay scale for government employees which would be comparable to that being paid for similar civilian jobs.

A cross-section of the prevailing wages paid for manual, skilled, and unskilled labor is being made in various types of labor.

The survey will cover Snyder, Amarillo, Sundown, Levelland, Slaton, and Brownfield. He also said that the survey would include labor checks in the areas and industries in the trade territory of those towns.

Helping Baker to make the survey here will be Tom Squyres, also of Reese Air Force Base.

Snyder Man Suddenly Dies Last Night In Colorado Hospital

Funeral arrangements are now pending for Homer Holland, 1709 Avenue T, who died suddenly about 8:30 last night in a Colorado City hospital.

Mr. Holland had been taken to the hospital a few minutes earlier by a Bolger-Barnes ambulance. He had made his home in Snyder with his family for about 11 months, and was employed as a plumber.

Survivors include his wife, Mrs. Marie Holland; three daughters, Mrs. Soncy Quimby, Mrs. Patsy Goldsmith and Miss Shirley Ann Holland, all of Amarillo; a son, Jay Holland of Amarillo; four brothers Newton Holland of Frederick, Okla., Truman Holland of Ada, Okla., Ed Holland and Warner Holland, both of Stonewall, Okla.; three sisters, Mrs. Cora Holland and Mrs. Amanda Phillips of Stonewall and Mrs. Marvin Breashear of Tupelo, Okla.

Bolger - Barnes Funeral Home will be in charge of funeral services.

The Smithsonian Institution issues 13 series of scientific publications which are distributed free of charge.

Quebec Bridge Collapse Said To Be Sabotage

THREE RIVERS, Que., Feb. 1. (AP) — Quebec Premier Maurice Duplessis charged last night that "sabotage by subversive elements" was responsible for the collapse of the $3 million Duplessis Highway Bridge. He announced a government inquiry into the disaster.

Nearly half of the broad bridge built in 1948 snapped in 26-below zero weather early yesterday morning, plunging four persons to an icy death.

Duplessis, after whom the bridge was named, told the Quebec legislature a government investigation, not necessarily public, would begin soon.

The legislature debated on the huge concrete and steel structure a year ago, shortly after fissures reportedly were discovered in the steelwork during extremely cold weather.

At that time the nine-span bridge more than a third of a mile long, was closed to heavy traffic while the cracks were repaired.

Police have not discounted the possibility that the death toll might increase. They identified the dead, recovered from car wreckage in the icy St. Maurice River, as:

Henry-Paul Gendron, 41-year old taxi driver Maurice Beaumier, 29, and Noel Doucet, 42, all residents of nearby Cap De Le Madeleine; and Paul Fisett, Ville St. Laurent near Montreal.

The collapse came with a roar and rumble described by witnesses like that of an earthquake. Only a few cars were crossing at the time. Had the disaster occurred during the daytime when the bridge normally is bustling with heavy traffic, the death toll might have been heavy. The bridge is the main connecting link between the industrial city and Quebec, the provincial capital.

Arrangements Are Not Compteled For Sun Oil Man Who Died Here

Funeral arrangements are not yet complete for Fred Calvin Asher, 50 years of age, who died suddenly at his home at the Sun Oil camp about 2 o'clock this morning.

Mr. and Mrs. Asher had made their home in Scurry County for about the past four months.

Survivors in addition to the widow, Mrs. Grace Asher, include three sons, Don C. Asher and Richard Asher, both of Snyder, and J. B. Asher of Houston. Other survivors are two brothers, Emmitt Asher of McCamey and William Asher of Hobbs, N.M.; a sister, Mrs. Henry Ford of Abilene, and his father, James Asher of Abilene.

Funeral services will be under the direction of the Bolger-Barnes Funeral Home.

LEGAL NOTICE

THE STATE OF TEXAS

TO: William M. Ramsey

GREETING:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A.M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 5th day of March, A.D. 1951, at or before 10 o'clock A.M., before the Honorable District Court of Scurry County, at the Court House in Snyder, Texas.

Said plaintiff's petition was filed on the 23rd day of January, 1951.

The file number of said suit being No 5233.

The names of the parties in said suit are:

Frances Ramsey as Plaintiff, and William M. Ramsey as Defendant.

The nature of said suit being substantially as follows, to wit:

Petition for divorce

Issued this 23rd day of January, 1951. Given under my hand and seal of said Court, at office in Snyder, Texas, this the 23rd day of January A.D., 1951.

Eunice Weathersbee,
Clerk, Court Scurry County, Texas—By Deputy

11 Criminals Escape State Hospital Ward

LITTLE ROCK, Ark., Feb. 1. (AP)—Eleven "potentially dangerous" men staged a mass break from the criminal ward of the state mental hospital last night and fled into the snow-covered countryside.

Police threw up road blocks and issued a general alarm. Residents of the area pulled their shades and locked their windows.

The fugitives, all charged with felonies, and a mental patient — later recaptured — overpowered four attendants in their break.

One of the felons, armed with a table leg, suggested: "Let's kill the b ...," but heeded pleas of patients who intervened.

MORE TENSION

Meantime, another drama was being enacted on the same hospital grounds. Crews of workmen fought to prevent collapse of the snow-covered roof of a building housing 350 women and children. There is no place to move these patients, Dr. Hayden H. Donahue of the hospital staff said, because of overcrowded conditions.

None of the escaping men were dressed adequately for the freezing weather and snowstorm they met on the outside. All were bareheaded. At least one had a gun.

Three of the group fled afoot. The nine others apparently sped away in a car belonging to one of the guards they beat in a 15-minute struggle on the third floor of the criminal ward.

QUICK PICKUP

The mental patient, one of the three who fled on foot, was picked up three hours later in a Little Rock bus station. He was identified as Carl Merriman, a former prize fighter.

Shower Heads List With GI's

(By The Associated Press)

CENTRAL FRONT, Korea, Feb. 1. — Next to mail from home, the corporal said, "the most important thing you can get over here is a shower."

He pulled off his boots. His socks were soiled. His feet were dirty and there were dusty rings around his ankles.

"Just listen to that good old water running," the corporal said. He was in the dressing tent of a newly-installed shower unit. Sixteen men were taking showers under 16 pipes in a connecting tent.

WORD SPREADS

Word of the shower unit had been passed around. Trucks and jeeps, some from the front lines, unloaded men eager for a bath.

"I haven't had a shower in five weeks," the corporal went on. "This is the first time I've had my damned clothes off in five weeks. I never thought the days would come when I'd go five weeks without a bath."

He was standing in line, naked. Two dozen men were ahead of him. All had soap and some had washrags. All around the floor were mounds of clothing and towels.

OPEN 11 HOURS

An Army bath company had installed the shower unit and was keeping it open 11 hours a day. A pumper was drawing water out of a stream and sending it through coils heated by a boiler.

Except for the splashing of the water the tent was quiet . . . because most of these men, for weeks, had longed terribly to be clean. The longing was reflected in the way they scrubbed themselves, massaged their legs and bodies, and rinsed at least two or three times. Every soldier washed his hair. No man was under a shower less than 10 minutes and some stayed 15.

Lutherans Draw Up Latin-American Plan For Mission Co-op

NEW YORK, Feb. 1. (AP) — The annual convention of the National Lutheran Church has drawn up a co-operative Latin-American missionary program, described as the broadest such united effort of its nature by American Lutherans.

The program, drafted yesterday, involves missions activity in Mexico and Central and South America.

Dr. Paul C. Empie, executive director of the convention council, said the plan would be the first joint foreign mission venture ever undertaken by the eight Lutheran bodies represented in the council.

A starting 'core budget" of $51,250 was set for the program, which would start functioning next October.

South Texas Drouth

Winds in drouth-stricken south Texas rolled this field against the fence row and spilled some of it over onto the field next door. Many such scenes are found in Kleberg county near Kingsville.

Aggies Bring Longhorns Down Into Three-Way Deadlock Tie

(By The Associated Press)

The "stop, look, and listen" brand of basketball Texas A&M has learned under new Coach John Floyd gave the Aggies a 32-29 victory over the University of Texas last night and a share in a three-way deadlock for the Southwest Conference lead.

Ahead 16-11 at the half, the Aggies started slowing the game up even more midway in the second period. The little men of Jack Gray made a gallant effort to grab the ball and even the count, but they couldn't make it.

TANGLE AT TOP

The congestion at the top of the standings may be eased a little Saturday night. Texas, Texas Christian and the Aggies pace the pack, but Texas and Texas Christian tangle at Austin Saturday, while A&M meets the potent Arkansas Razorbacks at College Station.

In a non-conference game that night, Southern Methodist entertains the University of Tulsa at Dallas.

The licking last night was Texas' first conference defeat after four straight victories.

Big Walt Davis paced the Aggies with eleven points while George Scaling was high for Texas with nine points.

A&M, an exponent of the "ball control" type of play, made good on eight of 13 attempted free shots. Texas, which prefers a wide open style of basketball, missed half its 22 free throw attempts.

The Texas-Texas Christian game at Austin may go a long way toward deciding the conference title.

Texas Christian, touted among the pre-season powers, apparently has hit the stride expected of it. Buster Brannon's speedy crew polished off the dangerous Baylor Bears, 60-48, Tuesday night.

Arkansas, the team expected to win the title but already out of the championship chase, could chill a lot of Aggie hopes by winning.

The Razorbacks' warmup game for this tilt — against Tulane —was postponed because of weather and another game scheduled today — Rice vs. Sam Houston — was reset for Saturday because of the ice and snow.

Murray Is New Coach At Duke

DURHAM, N. C., Feb. 1. (AP) — William D. (Bill) Murray, athletic director and football coach at Delaware, has been named football coach at Duke.

The former Duke star succeeds Wallace Wade, who resigned to become the first commissioner of the Southern Conference.

Murray's appointment was announced yesterday by Duke President Hollis Edens.

Murray was named unanimously by the Duke Athletic Council. Charles E. Jordan, chairman of the council, said Murray's name had been in first or second place on the committee's list throughout its search for a new coach.

That search began with Wade's resignation and ended after conferences with almost a score of coaches and screening of more than 50 applications.

Athletic Director Eddie Cameron, who turned down the coaching job, said Murray signed a three-year contract at an undisclosed salary. Murray wasn't one of the applicants for the job, Cameron added.

Murray indicated he will use the single wing and variations of the T-formation as he did at Delaware. Basically, that was the pattern of the Duke attack last season.

Murray, now 42, was one of Duke's first All-Southern selections in 1930.

His Delaware teams of 1941, 1942 and 1946 were undefeated. The 1941-42 seasons contributed to a record of 32 games without defeat.

Field Is Wide Open In Tucson Golf Tilt

TUCSON, Ariz., Feb. 1. (AP) —The $10,000 Tucson Open Golf Tournament starts today with a field as wide open as the surrounding desert.

The experts say you'd probably need a dozen guesses to come up with the eventual winner.

This is a tourney in which you have to shoot par golf for four days in a row to win street car money.

Yesterday was a good example. A chill wind blew across the 6402-yard par 70 El Rio Golf and Country Club course yet 24 pros played under par and they weren't really bearing down.

Kentucky Over Louisiana State

NEW YORK, Feb. 1. (AP) — Mighty Kentucky keeps on rolling but Long Island University and North Carolina State, two other basketball topnotchers, are learning how tough it is away from home.

The Kentuckians (16-1) are winning them all now, at home and on the road, the latest an 81-59 trouncing of Louisiana State last night.

Kentucky ranks No. 1 nationally in this week's Associated Press poll.

Powerful Kansas State (14-2) of the Big Seven drubbed LIU, 85-65.

LIU ranks fourth and Kansas State seventh in this week's AP poll.

Louisville (16-2) caught fire in the first half then went on to wallop visiting North Carolina State, 86-70.

N. C. State (19-3) ranks eighth nationally.

Tenth-ranking St. Louis came from behind to win, 47-45, over Tulsa.

Sixteen Die In Irish Shipyard

BELFAST, Northern Ireland, Feb. 1. (AP)—Sixteen shipyard workers were killed and 48 others injured yesterday when a ship's gangway collapsed. It was the worst shipyards disaster in Belfast history.

The men were crowding ashore after working on the Argentine ship, Juan Peron, being equipped as a whale factory ship. The wooden gangplank parted with a loud crack hurling them 50 feet. Many of the injured suffered broken legs.

Some were thrown into the water and others onto the dock. Some escaped serious injury, because they fell on the bodies of others. One youth saved himself by grabbing a line leading from the 30,000 ton whaler to the dock and climbing down it.

There were heart rending scenes at hospitals where wives and mothers gathered for news of the victims. Many collapsed as the names of the dead were announced.

Texas Swimmers Beat UCLA In California

LOS ANGELES, Feb. 1. (AP) —The University of Texas swimming team held a 56-17 triumph today over the University of California at Los Angeles.

The Longhorns won every event yesterday except the 440-yard freestyle.

Enrolls at McMurry

Arthur E. Hasenjaeger of Snyder has enrolled at McMurry College for the spring semester. Hasenjaeger, a freshman, is the son of Mr. and Mrs. C. R. Hasenjaeger, Box 1475, Snyder, Texas.

Claire Doran Enters Another Golf Tourney

HOLLYWOOD, Fla., Feb. 1. (AP) —The sixth annual Women's International Four-Ball Golf Tournament opens today with most of the nation's leading amateurs competing.

The 6-643-yard Orange Brook Club's women's par is 38-37—75.

Heading the list of players will be Claire Doran of Cleveland, O., winner of last week's Helen Lee Doherty Amateur.

Miss Doran is teamed with Betty MacKinnon of Dallas. They will play Ann Sparrow of Tampa and Jeanne Dobbins of St. Louis in the first round.

Eighteen-hole matches will be played daily until the finals on Sunday, which will be over the 36-hole route.

First round pairings include:

Polly Riley, Fort Worth and Bea McWane, Birmingham, Ala., vs Mrs. Charles Harting, Miami, and Mrs. Maurice Glick, Baltimore.

Betsy Rawls of Austin, and Betty Dodd of Fort Sam Houston, vs Elizabeth Ridge of Fort Lauderdale and Frances Rich of Bainbridge, Md.

Tompkins Said Bonus Player

AUSTIN Feb. 1. (AP) — Texas is doing pretty good at producing those bonus ball players on the college campuses.

Ben Thompkins, University of Texas shortstop, yesterday signed with the Philadelphia Phillies. He got a reported $50,000 bonus.

Three years ago Stan Hollmig left Texas A&M to sign with the Phils for some $25,000.

Bibb Falk, University of Texas coach who has produced the National collegiate baseball champion two years in a row, says it's not surprising to him that the big league clubs are willing to pay high prices for college prospects.

NOT RECOVERED

"They'll do it for boys even of average ability," Falk declared, "because material in the minors and in semi-pro ball the past few years has been lousy. The boys aren't playing the game in high school baseball this year. The return of spring football training, the war and the high cost of equipment are the reasons."

Falk said he was glad to see Tompkins, a third baseman normally but used at shortstop at Texas last season because he was needed there more, sign a contract "for a lot of dough."

The 21-year-old Tompkins, who Falk said had a good arm and showed prospects of power, may not play pro ball this year, however, the Texas coach commented. "He had been deferred by the service until June if he stayed in school, but if he drops out to play ball he will be eligible for the draft immediately."

Falk said he doubted Tompkins would be a big league prospect if he had to enter the service and didn't play baseball for several years. "If he should get in some camp where he can play baseball and there are some big leaguers to take him in hand," he would be all right when he got out of the service," Falk, a former major leaguer himself, said.

NEWS FROM UNION

By MRS. J. B. ADAMS

Sunday visitors in the Owen Miller home were Mr. and Mrs. Woodrow Wilson and children and Mr. and Mrs. Lee Murphy of Ira.

Mr. and Mrs. D. B. Clendenning spent the week end in Houston.

Mr. and Mrs. Bart Bransom visited last week end with their daughter, Mrs. Waylon Gladson, and family of Eunice, N.M.

The Rev. Smith of Roscoe is teaching a Sunday school study course at the Baptist Church this week.

The Union Women's Missionary Union met Monday afternoon with the W.M.U. of the First Baptist Church of Snyder to hear Miss Letha Saunders speak. Miss Saunders is a missionary who has recently returned from Brazil. Those attending from Union were Mrs. Jack O'Neal, Mrs. C. L. Kind, Mrs. Ray Lunsford, Mrs. John Langford, Mrs. Henry Arnold, Mrs. Ben Cobb, Mrs. Ben Odonozzi and Mrs. J. B. Adams.

A pink and blue shower was held at the church Friday afternoon honoring Mrs. Truman Davis. Gifts were presented her, after which refreshments were served.

Texas History Written in Brands

5

BY JOHN M HENDRIX

When your travels happen to take you down the good concrete road that leads to the cattle country from Albany to Seymour, you will indeed be in historic cattle country. With scarcely a break, it will carry you to the Nail county, the Matthews place, past the site of historic Fort Griffin on the Brazos, and eventually into the Waggoner country beyond Seymour.

Shortly after you have passed through Throckmorton, you will see a nice stand of ranch buildings and barns. On the gable of the barn next to the highway, you will notice the T5 brand emblazoned; this is the ranch of Mrs. Frank Rhodes, wife of the late Frank Rhodes.

Rhodes, a native Texan, came into the San Angelo country as a boy of five, whose father was a ranch boss for the Harrises. In his younger days he worked in Montana, the Dakotas, and along the Canadian border as a cowboy. Returning to Texas, he entered the employ of Swenson Land and Cattle Company, owners of the SMS ranches, on their Throckmorton ranch. As the years went along, he accumulated a small ranch of his own near Throckmorton which he operated very successfully.

Rhodes was one of the original founders of the Stamford reunion and had an active part in it until his death. He loved cows, horses and cowmen, and was one of the most popular ranchers in the Throckmorton section. He died some ten years ago and since that time the T5 ranch has been operated by his wife, Mrs. Frank Rhodes.

Tigers Practice For Encounter With Hamlin

No school today, but basketball practice is going on any way, Ernest Kinney, coach, said.

Tomorrow night's game with Hamlin here is one on which no relaxing can be done, Kinney said.

There is some possibility that the game will be called off, but if it is it will be by Hamlin because roads between here and there are not safe for travel, Kinney said.

So far as is now known, the game will be played as scheduled, Kinney said.

As it now stands the B game will start at 6:30 and the A game at 8 o'clock. The pep squad and cheer leaders will be on hand for the game.

Kiwanis Award To Bill Brown

For his outstanding work as president of the Snyder Kiwanis Club during 1950, Bill Brown was honored by the international organization with a certificate, which was presented to him at the club luncheon yesterday.

"This is an exceptional honor to come to our past president and to the club which he led," said Bruce L. Greer, bresident, following the presentation.

Harold Bennett, manager of the Scurry County Chamber of Commerce, spoke briefly on the payment of poll taxes in order to vote on important elections during the coming year, including the road bond issue, set for Feb. 10.

L. C. Dennis, undertaker, formerly of Gainesville, Tex., who recently moved to Snyder where he is in the same business, and H. F. Clark, assistant manager of the Texas Electric Co., were admitted as members of the club. Dennis was formerly a member at Gainesville.

Hubert Northcutt of Abilene, official of the Halliburton Oil Well Cementing Co., was a cub guest.

The board of directors yesterday announced that all future luncheon meetings will be held at the Manhattan Hotel.

Baylor Alumni in Area Plan Founder's Day In Abilene Country Club

Baylor ex-students and alumni in this area have been extended an invitation to attend a Founder's Day Dinner to be held at the Abilene Country Club Feb. 8.

The dinner is being planned by the Abilene Baylor Club, and is open to all Baylor Alumni, their wives or husbands, parents of Baylor students and any Baylor fans who would like to attend.

Ross Sams, president of the ex-student association, Jack Dillard, executive secretary of the association, and Sam Boyd, ex-Baylor All-American and now Baylor coach are to be present. Pictures of a football game also will be shown.

Persons who plan to attend are asked to make reservations not later than Feb. 6 by contacting Wayland Holt here. Tickets for the dinner will be $2.50 per person.

Snyder Man Enrolls In McMurry Art Courses

Harold Maples of Snyder, formerly a cartoonist for the Daily News and a draftsman in the office of M. R. Estes, has enrolled for the spring semester at McMurry College.

An art student, Maples will direct his studies toward a career as a cartoonist.

Forty-Two Party For Polio Foundation Funds

The Hermleigh Lions Club is to sponsor a forty-two party tonight at the new high school auditorium in Hermleigh for the benefit of the March of Dimes.

No admission will be charged, but voluntary contributions will be taken during the party.

Landmark Destroyed By Fire

Remodeling of this medium-sized stucco house just off Thirty-second Street three blocks west of the water tower was almost completed when fire Tuesday morning burned it to the ground. Purchased in the fall of 1949 by Mr. and Mrs. Arthur French, who were out of town when the fire occurred, the house was once the home of the late Mr. and Mrs. W. L. Gross. Mr. and Mrs. French and their two children had been living in a smaller house behind the one which burned and were planning to move into the remodeled house soon.—(Joe Dave Scott photograph).

Truman Will Ask Tax Boosts Some Luxury Items Tomorrow

(By The Associated Press)

WASHINGTON, Feb. 1 (AP)—Capitol Hill heard today that President Truman will ask tomorrow for big tax boosts on such luxuries as whiskey, wine, beer and cigarets to help pay huge defense costs.

The President outlined his proposals — the biggest tax boosting program in history—at an extraordinary private meeting with House Democratic and Republican tax writers yesterday. He will send a special tax message to Congress tomorrow.

He said he wants $16,500,000,000 in new revenue, to put the defense program on a pay-as-you-go basis. Newsmen got indications that the President wants a two-fold tax approach, with the first bill to collect about $10 billion this way:

Individuals—increase by some $4 billion the income levies on over 50 million taxpayers — an overall increase of about 20 per cent. The money may be raised by an increase of four percentage points in each income tax bracket. The first $2,000 of taxable income would bear a 24 per cent rate, instead of the present 20; the second $2,000 at 26 per cent instead of 22; and so on up. There was no indication that the President is thinking of asking that the present personal exemption be cut to $500.

Corporations—increase by about $3 billion, by boosting the present 47 per cent on corporation income to perhaps about 55 per cent; and probably by adjusting the present 77 per cent corporation excess profits tax. The composite normal rate has been boosted from 38 per cent to 47 since the Korean war commenced. The highest it got in World War II was 40 per cent.

County Court Fines Assessed Against Three As Criminal Cases Set

A fine of $48.50, including court costs, was assessed in county court yesterday afternoon against Bobbie Harmon, about 25, of Hermleigh, when he pleaded guilty to a charge of aggravated assault against his wife.

A county cout jury yesterday assessed a fine of $300 plus court costs of $28.50 against Jack Fanning, 39 years old, of 2212 Avenue S, tried on a charge of illegal transportation of liquor.

Fanning was accused of transporting 15 half-pints of whisky for purpose of sale in a legally dry area.

Fanning was represented at the trail by Fred Chandler, Colorado City attorney. Prosecuting the case were Ben Thorpe, county attorney, and his assistant, Jack Kennedy.

Tuesday Robert H. Russell, 41, residing at the 101 Trailer Court, was fined $123.50 including cost, after pleading guilty in county court to a charge of driving while intoxicated. He was arrested by Mark E. Search, Hermleigh chief of police.

All criminal county court cases slated for jury hearing are being called now, Kennedy said.

The private branch telephone exchange in the Pentagon is the largest of its kind in the world and contains approximately 75,000 mile of trunk lines.

Carrier Fired On By Reds In Saigon River

SAIGON, Indochina, Feb. 1. (AP)—The U. S. Navy Escort Carrier Windham Bay came under mortar fire from Communist-led Vietminh guerrillas today in the Saigon River.

Observers said three to five mortar shells were fired, but fell short of the carrier, loaded with the largest single shipment of American military aid for French forces in Indochina. On board are 44 Navy Bearcat fighter planes.

French military patrols are combing both sides of the river to clear out the guerrillas.

The Windham Bay was met at the Saigon River port by three French armored cars. Police and Senegalese guards threw a cordon around the wharf where the carrier tied up.

The craft was the first U. S. Navy vessel to dock at Saigon since last March when two destroyers touched off anti-American rioting and Vietminh guerrillas opened fire with mortars from an area opposite the port.

Liechtenstein is a Principality on the Upper Rhine between Austria and Switzerland with a police force ofabout 50 men and with no military forces.

Mexico covers an area of about 763,944 square miles.

Exploiting Our Opportunity

The county road bond issue facing the voters Feb. 10 is one of the most painless choices a taxpayer could ask.

It's almost a case of having your cake and eating it too, because we'll get $2,500,000 in new permanent improvements without having our tax rate increased.

The reason is that oil has so increased the valuations in the county that the present tax rate is expected to bring in plenty of revenue to service the bonds and retire them.

The primary consideration in the road bonds is the county's future. As the oil fields about us expand — and their limits still are not known — so do our opportunities to become an important center of supply.

Without the roads, however, it is impossible to take advantage of our geographic position.

Snyder may be closer, as the crow flies, to Kent County development than any other sizeable city. But because of the condition of roads in Scurry County, it might be more profitable to serve Kent from another base.

Lubbock knows our opportunities and hopes we will pass them by. Other cities see the obvious advantage in keeping Snyder a small town, and inaccessible to the region which should be its trade territory.

Robert Mitchum Is Freed From Two Year's Narcotics Probation

LOS ANGELES, Feb. 1. (AP)—Robert Mitchum is free today of the two year probation imposed when he was convicted in 1949 of a narcotics charge.

The superior court also expunged the case from its records. Judge Clement D. Nye, acted on the recommendation of a probation officer who reported that the movie actor had discharged all obligations of his probation.

Mitchum was arrested in 1948 with Actress Lila Leeds, dancer Vicky Evans and Real Estate Salesman Robin Ford. Police said they found them participating in a marijuana party.

Miss Evans was acquitted but the others were convicted and served 30-day jail terms.

The cornerstone of the Washington Monument was laid on July 4, 1848. The capstone was laid in place Dec. 6, 1884.

Child Slayer To Get Chair

LOUISVILLE, Ky., Feb. 1. (AP) — James I. (Shorty) Robinson was convicted last night of the murder of three-year-old Joyce Joan Shouse by a jury which fixed his punishment at death in Kentucky's electric chair.

The all-male jury which heard the 32-year-old former service station attendant's case yesterday deliberated one hour. His attorneys said motion and grounds for a new trial would be filed.

The little girl was slain here the night of July 7. Her body was found six days later beneath a truck-loading platform. Robinson was arrested on Dec. 29 in Providence, R. I.

Robinson testified of sexual frustrations, saying he left a Market St. tavern with the little girl the night of the slaying. "I had passion on my mind," he said. The child had been at the tavern with her mother, Mrs. Florence Shouse, the latter drinking beer.

Size Of Tanks Ranchers Could Build Set In New Water Code

(EDITOR'S NOTE. This is the third in a series of stories on the proposed legislation to revise the surface water laws of the State of Texas.)

By KATHARYN DUFF
Abilene Reporter-News Staff

Tucked away in about the middle of the bulky bill, introduced in the Texas House and Senate, rewriting the laws governing surface waters of the state is a brief section of vital interest to farmers and ranchers.

It is the section which determines the reservoirs and tanks they could build on their land.

The section reads like this:

"The owner of land upon which surface waters, which have not reached a natural watercourse, occur may make reasonable use of such waters for any beneficial purpose on or in connection with such land and may construct thereon one or more dams and reservoirs and impound in each thereof not to exceed 100 acre feet of such surface water for such beneficial purpose or purposes without the necessity of securing a permit from the Commission."

The "Commission" mentioned would be the powerful Texas Water Commission which, under provision of the bill, would replace the present State Board of Water Engineers.

Two points in the section are being spotlighted by interested persons.

The first is on that "which have not reached a natural watercourse" provision.

The other is on the "not to exceed 100 acre feet."

The question being asked is:

Does "natural watercourse" rule out tanks on dry ravines such as are common in West Texas?

Senator Pat Bullock of Colorado City, asked about that point, said it was not the intention of the interim committee which drafted the legislation (of which he was a member) to require permits for tanks on such sites.

"I asked particularly about that, using as an example some land I own which has ravines which drain eventually into the Colorado River," Bullock said. "I was assured that permits would not be required for tanks on such."

J. E. Sturrock, manager of the Texas Water Conservation Association, said, however, that the strict interpretation of the law might make "natural watercourse" apply to many ravines in West Texas.

Sturrock thumbed through books on water laws and came up with this definition of "watercourse": It must have an unmistakable channel, a definite stream and a source or sources of supply. It doesn't have to be "running."

Senator George Moffett agreed with Bullock that it was not the intention of the bill to be a string on the "natural watercourse" angle, but admitted that it should perhaps be more specifically stated —and probably will be when the legislative committees start working on it.

'DEFINITE VICTORY'

The 100-acre-feet limit is a definite victory for West Texans, Senator Moffett said, even though, as several have pointed out, few stock tanks in this area are now that large.

Originally, the limit on the size tanks a landowner could build without a permit was 500 acre feet, Sturrock said in review of this provision. But that later was cut by legislative action to 250 acre feet. Then, it was trimmed to 50 acre feet—what it is today.

The new bill doubles that.

And there is no limit, on the number of tanks a landowner could build on his land.

Barbara Stanwyck And Robert Taylor Take Troubles Into Court

LOS ANGELES, Feb. 1. (AP) — The 11-year marriage of Screen Stars Robert Taylor and Barbara Stanwyck has reached the divorce court.

She filed suit yesterday, alleging unspecified cruelty. The couple separated last Dec. 15, shortly after Taylor returned from a year of movie-making in Italy.

Hollywood has heard reports Taylor is romantically interested in an Italian actress. Miss Stanwyck, 43 indicated there will be no quarrel over community property, saying that she and Taylor, 39, expect to sign a financial settlement and present it to the court when her suit comes to trial.

Miss Stanwyck, born Ruby Stevens, also asked the court for permission to drop the surname Taylor. She and Taylor acquired it simultaneously by court order in 1943. Taylor was born Spangler Arlington Brugh at Filley, Neb.

Criminal Appeals Court Upholds Verdict Given Against L. H. Dickerson

The court of criminal appeals in Austin yesterday affirmed a seven-year sentence rendered by the district court here against Leonard H. Dickerson, 36 years old, found guilty July 13 of sodomy committed against a 13-year-old Snyder boy.

Dickerson was apprehended in the southeast part of the city by L. E. Haynes, deputy sheriff, and E. W. Green, and Bill Zimmerman, highway patrolmen following the attack on the boy May 7, 1950.

In June following, Dickerson was indicted by the Scurry County grand jury on the sodomy charge.

During his appeal to the higher court, he has been at liberty under a $1,000 bond, the sheriff's office said.

Dickerson, a carpenter, has lived in Snyder since March 29, 1950.

A verdict of guilty rendered in Nueces by a county court jury here against Darwin Donald Long 24, of Snyder, will be considered soon by the appellate court. Long was found guilty of operating a motor vehicle while under the influence of intoxicating liquor and was assessed a fine of $273.50, including court costs, in a jury trial.

First Aid to Broken Bodies . . .

Mender of Broken Lives!

Rex Morgan, M.D., holds life and death in his hands . . . like all good physicians, he is both healer and counselor . . . men and women alike tell him their hopes and fears.

The remedy he prescribes is not always found in the pharmacy . . . but, he breathes hope for the faltering and despondent . . . he puts solid ground under groping feet.

And, could he help it if every woman pictured her doctor as a romantic knight in shining armor?

So, out of his case books, out of the sunshine and shadows of others, and out of his own baffling problems as well, this dynamic new fiction personality emerges..

Recipes

SATURDAY NIGHT SUPPER

Baked Luncheon Meat Mashed Sweet Potatoes
Green Salad Bowl Quick Spiced Cranberries*
Hot Biscuits
Cup Custards Beverage
(Recipe for Starred Dish Follows)

QUICK SPICED CRANBERRIES

Ingredients: 2½ cups sugar, ½ cup water, 2 two-inch sticks cinnamon, 1 teaspoon whole cloves, grated rind of 1 lemon, strained juice of 1 lemon, 4 cups picked-over washed drained cranberries.

Method: Put sugar, water, cinnamon, cloves, rind and juice of lemon in large heavy saucepan; stir over moderate heat until sugar melts; boil 5 minutes. Add cranberries and cook slowly, without stirring, until all the cranberry skins pop. Makes about 1 quart; store remaining cranberry sauce in covered container in refrigerator.

TALK OF THE TOWN

By FRANCES BIOW

The sobbing strains of Lohengrin turned out by a well-minked lady at the piano, Wayne Fitner, last night furnished background for a tender ceremony in which the over-eager bridegroom threw the shackles of matrimony around the scrawny and reluctant neck of the 6 foot, 4½ inch bride. This all took place, of course, at Fellowship Hall, the First Methodist church sponsoring "Romantics Wedding", a classic in side-splitting comedy fun, with an all-male cast, ridiculously bedecked.

* * *

Perhaps there is just something about seeing the unique sight of a walrus mustache between a corsage and demure veiled hat, but BRUCE GREER, at the guest book out front, certainly contributed to the mood of the evening. He so fired the imagination of his two small sons that nothing else registered, and throughout the program, they kept muttering in falsetto whispers, "Why has Arwyn's daddy got on a dress?" "Mommie, does mens wear hats like that always?"

* * *

CARL HEROD, somberly garbed, eagerly hauled in each performer, from "Cuddles" (WAYNE BOREN, looking embarrassed under a flamboyant buttonaire, through Jenny Lynn (LYMAN YODER) in iridescent satin of a pink shade. (He sang) to a choking, prostrate rejected suitor, (BILL BRYANT), who finally got "a refund on $3.12 he spent on that gal."

* * *

But HAROLD BENNETT, unquestionably, stole the show. To begin with, he cut a fine figger of a woman and a bridesmaid, Livy Bagnal, in his (I mean her) precious pea-green gown, he was properly hatted, gloved, and curved. As the marriage haltingly proceeded from a Sears and Roebuck catalogue. Livy's expression changed precipitably, from gentle surprise, to feminine wonder, on to pain, and finally trapped concern. At last, the suffering one turned around and investigated. Livy had been reclining her capacious back against a lighted candle and had burned a 6 inch hole in her skirt. With real sparks flying, she powerfully and not at all femininely beat it out, stomped and yelled. This proved but a brief interruption in the lovely marriage, but Livy was a sadder, if wiser, bridesmaid.

Arriving today were loads of recipe contest entries, among them, a salad, a main dish, and a breakfast delicacy, which should effectively point up the versatility of the mighty citrus fruit. It is still not too late for you to enter the contest, if you mail your entries by tonight or bring your recipe by the newspaper office tomorrow sometime. Contest winners of numerous grocery prizes will be announced and the recipes printed Sunday.

* * *

Asparagus with Orange Sauce—a Main Dish.

2 cups canned asparagus
2 tablespoons butter
2 egg yolks, well beaten.
1 tablespoon lemon juice
¼ teaspoon salt
¼ teaspoon paprika
Grated rind, ½ orange

Heat asparagus. Combine butter, egg yolks, salt, paprika, and grated orange rind. Cook over hot water, stirring constantly, until thick and smooth. Add fruit juices. Beat with a dover beater until smooth. Serve with the asparagus. Serve at once. Four servings.

* * *

Orange Salad:

Ingredients.....
3 oranges
1 cup diced celery
1 cup seeded dates, chopped
Mayonnaise dressing

Peel oranges, section, and remove white membrane. Combine orange sections, celery, and dates. Moisten with mayonnaise. Mix lightly with 2 forks. Let stand 30 minutes. Chill. Arrange on crisp lettuce. Six servings.

Conservation a Topic At Culture Club Meet

The Women's Culture Club, meeting Tuesday in the home of Mrs. Lois Wilsford, 1707 Twenty-eighth Street, was entertained by Mrs. W. W. Gross.

Mrs. A. C. Martin, vice-president, presided at a business session, in the absence of Mrs. A. P. Morris, president.

Mrs. Wilsford led the study hour speaking on the conservation of our natural resources. Mrs. R. W. Cunningham made a talk about preserving the beauty of national parks, and Mrs. Henry Kelley discussed water problems. Mrs. Wilsford making further comments on our oil supply.

Two guests of the club were Mrs. Nancy Caton and Mrs. R. D. Sanders, and the other members present were: Mrs. A. C. Alexander, Mrs. J. W. Clawson, Mrs. Lora Miller, Mrs. Roy Stewart, Mrs. J. A. Woodfin, and Mrs. H. L. Wren.

The group will meet Feb. 13 with Mrs. A. C. Martin, 3211 Avenue U.

Canasta Party For Halliburton Wives

Mrs. B. F. Davis entertained the Notrubiliah Canasta Club Tuesday afternoon in her home, with Mrs. W. H. Grant co-hostesses. High score prize was won by Mrs. J. W. Baker, Mrs. C. N. Necessary winning second prize.

Others present at the Tuesday meeting of the group of wives of Halliburton Oil Well Cementing Co. personnel were Mrs. L. C. McClure, Mrs. L. Nations, Mrs. W. F. Hamilton, Mrs. W. W. Carey, Mrs. J. W. Barker, Mrs. I. Wilkinson, and Mrs. P. Zimmerman.

The canasta group will next meet with Mrs. W. F. Hamilton, with Mrs. F. L. Jennings, co-hostess.

Afternoon of Bridge For Newcomers' Group

The Newcomer's Thursday Bridge Club met last week at the Village restaurant for a dessert session.

Mrs. E. H. Muhlbach and Mrs. A. C. Floyd were co-hostesses. High score prize was won by Mrs. Robert Guthrie, Mrs. C. K. Pirtle, a guest, winning both second score and traveling prizes.

Others present were Mrs. J. E. Bucy, Mrs. J. F. Reed, Mrs. Bill Banks, Mrs. Prentis Bass, Mrs. W. P. Thurmon, Mrs. V. V. McGlew, Mrs. W. N. Wechter, and Mrs. D. S. Bodie.

Woman's Calendar

Minimum Ceilings For Farm Products Is Based On Parity

WASHINGTON, Feb. 1. (AP)—Minimum levels at which ceilings on farm products could be placed legally this month were set last night by the Agriculture Department.

They are based on parity prices. Under present law, ceilings may not be placed on farm products below parity prices or the highest prices farmers got between May 24-June 24.

Beef cattle, veal calves, lambs, sheep, cotton, cottonseed, rice, wool, American-Egyptian cotton and alsike clover are among products selling at or above the ceiling level.

The ceiling levels are given in terms of U. S. average farm prices and are subject to adjustment for grade, location or seasonal price differentials.

The legal minimum ceiling prices and U. S. average prices received as of Jan. 19, respectively, included: (Where only one figure is given it is the minimum ceiling price and the Jan. 15 average price is unavailable.)

FIELD CROPS—Dry edible beans $8.92 and $7.62 for 100 pounds; corn $1.71 and $1.54; upland cotton $32.98 and 41.31 cents a pound; American Egyptian Cotton 63.4 and 75.4; cotton seed $71 and $101 a ton; baled hay $52.30 and $22.60 a ton; oats 95.4 and 88.2 cents a bushel; peanuts 12.8 and 10.9 cents a pound; dry field peas $5.49 and $3.51 for 100 pounds; rice $5.36 and $5.55; grain sorghum $2.90 and $2.10 for 100 pounds; and wheat $2.35 and $2.09.

LIVESTOCK AND LIVESTOCK PRODUCTS — Beef cattle $23.80 and $27 for 100 pounds; butterfat 74 and 67.6 cents a pound; chickens 30.2 and 24.3 cents; eggs 51.5 and 42.2 cents a pound; lambs $26.40 and $20 for 100 pounds; milk, wholesale $4.62 and $4.40 for 100 pounds; mohair 82.7 and 76.4 cents a pound; sheep $12 and $15.20 for 100 pounds; turkeys 38.6 and 33.9 cents a pound; veal calves $28.30 and $30.80 for 100 pounds; and wool 56.2 and 98 cents a pound.

CITRUS FRUIT — Grapefruit $1.96 and 83 cents a box; oranges and tangerines, $3.58 and $1.26.

Girl Scout Council Names 1951 Officers

Mrs. Charles Miller, 2807 Avenue T, was elected 1951 president of the Scurry County Girl Scout Council when that group met Monday in the courthouse.

Other new officers elected to serve in the Girl Scout advisory organization are Bob Dupree, vice-president; Mrs. Noel Banks, secretary; Mrs. Ben Pennington, treasurer; Weldon Johnson, finance chairman; Mrs. Sam Wood, training chairman; Mrs. Gene Best, coordinator; Hilton Lambert, camp chairman; Mrs. J. H. Hamblen, program chairman; Mrs. Floyd Boston, public relations chairman; [illegible], registrar; and Mrs. Wilson Connell, Mrs. Hilton Lambert, and Mrs. W. D. Sims membership committee.

Outgoing officers who presided at the meeting were Mrs. George [illegible], registrar; Noel Rodger, chairman; Mrs. Mildred Sparks secretary; and Mrs. Wood, program chairmam. Miss Virginia Burgess, the executive director of the West Texas Girl Scout area was present to assist in plans.

Other leaders, co-leaders, and committee members present were: Mrs. W. T. Ivy, Mrs. J. B. Melton, Mrs. W. W. Adcock, Mrs. Jesse [illegible], Mrs. Iva Anding, Mrs. Max Miam, Mrs. Homer Hurst, Mrs. Joel Hamlett, Mrs. Joan [illegible]others, Mrs. L. B. Berryhill, Mrs. Collie Fish, and Mrs. Shirley McDaniel.

Remington Gave Unsolicited Information On Reds To F.B.I.

NEW YORK, Feb. 1. (AP) — A former FBI agent says William W. Remington, without urging, turned government informer after learning he was suspected Communist.

William R. Cornelison, the former agent, was a government rebuttal witness yesterday at Remington's perjury trial in federal court.

The former Commerce Department economist is accused of lying when he denied before a federal grand jury that he ever was a Communist Party member.

The prosecution introduced letters it said Remington sent to Cornelison, while he still was with the Federal Bureau of Investigation, giving information on persons Remington thought were Communists.

The letters followed a series of three interviews Remington had with FBI agents in April and early May of 1947, the witness testified. In no case was the letter solicited, he said.

During six days on the witness stand Remington swore he never offered to become an informer.

Cornelison said that in one letter Remington wrote:

"I am just as eager as you are to help rid this country of Communists and their sympathizers."

In another, the witness declared, Remington named persons in the George Washington University chapter of the American Veterans Committee. He said the chapter was dominated by a "Communist clique."

(In Washington the AVC issued a statement saying it had ousted all Communists, that its constitution bans Communists from membership, and that the AVC chapter at George Washington University in Washington, D. C., no longer exists).

British Communists Out Against Defense Preparations Of Labor

LONDON, Feb. 1. (AP) — The British Communist Party today urged all workers to bring "political and industrial" strength to bear against British participation in the Korean war and the rearming of Germany and Japan.

A pamphlet, entitled "The British Road to Socialism," called for an active struggle against rearmament and conscription and demanded the ousting of what it called an "American army of occupation" in Britain. This force — about 16,000 strong — is stationed at British air fields.

Workers were exhorted to fight the labor government's plan to call up some 250,000 reservists for training this summer.

Iowa State College Takes Judging Firsts

FORT WORTH, Feb. 1 (AP) — Iowa State College of Ames, Ia., walked off with top honors in judging contests for senior agricultural colleges at the Southwestern Exposition and Fat Stock Show.

The Iowa team yesterday won first with a total of 4,582 points in judging cattle, sheep, hogs and quarter horses.

Gaylord Joe Lyon of Iowa State was high individual with 929 points.

Oklahoma A&M finished second with 4,437 points; Texas A&M College third, 4,404 and Texas Tech with 4,289 was fourth.

Johnston Says Price Controls Will Be Off As Soon As Possible

WASHINGTON, Feb. 1. (AP)—The Texas congressional delegation heard from Eric Johnston yesterday that price and wage controls will be lifted as soon as conditions permit.

They dined on Texas pheasant supplied by Frank Wood, Wichita Falls oilman; Harold Kennedy, Palestine, and R. B. Anderson Vernon, manager of the Waggoner Ranch.

More Auctioning Set At Fort Worth Show

FORT WORTH, Feb. 1. (AP) — Shorthorns, polled Herefords and bred gilts and boars go on the auction block today at the 1951 Southwestern Exposition and Fat Stock Show.

Yesterday in a Hereford sale a record $28,000 was paid for Ma Summer yearling bull, Eg Royal Mixer 2215, reserve champion Hereford of the exposition.

Dr. Charles H. Harris bought the animal from Earl Guitar of the Hardy Grissom Hereford Ranch at Abilene.

Houston Chamber Head

HOUSTON, Feb. 1. (AP) — Marvin Hurley, one-time executive secretary of the U. S. Chamber of Commerce, has been named vice president and general manager of the Houston chamber. He succeeds W. N. Blanton, who resigned last week.

Holt Will Leaves Wife $1 Of Small Estate

LOS ANGELES, Feb. 1. (AP) — Veteran Movie Actor Jack Holt signed a will last Jan. 16, two days before he died, cutting off his estranged wife, Margaret, with $1.

Although the 62-year-old Holt was a high-salaried star for years, his estate, consisting mostly of personal property, is worth about $5,000, said his friend, Turfman Hugh Blue, who filed the petition yesterday for probate.

Mrs. Holt obtained a Mexican divorce many years ago but the California courts outlawed it. The couple never was reconciled. They had two children, Mrs. Elizabeth Marshall and Tim Holt, western actor.

Cigaret And Liquor Tax Revenue Is Up

AUSTIN, Feb. 1. (AP) — Cigaret, liquor and wine stamp sales put $4,351,677 in the state treasury in January, $1,435,338 more than a year ago.

January exceeded December by $579,726. Revenue from cigaret stamps was $2,923,137; liquor, $1,375,142; and wine, $53,374.

New Mill Owner

ST. LOUIS, Feb. 1. (AP) — Donald Danforth, who has milling operations in Amarillo, is new owner at the Merit Mills, Inc. He announced the purchase yesterday but did not give the price.

Danforth is president of Ralston-Purina Co.

Veterans Administration To Pay Big Insurance Dividend

WASHINGTON, Feb. 1. (AP)—The Veterans Administration said today it will distribute a $685 million life insurance dividend this year, starting in April.

The announcement of the dividend's size has long been awaited by World War II veterans, holders of the 8 million national service policies, who are eligible for checks.

VA said the payments will occur throughout the year on the policy anniversary dates.

The formula for paying the dividend has not yet been completed. The amount of each dividend will vary according to the number of months the policy was in force, the plan of insurance, the face value of the policy, and the age of the holder at the time it became effective.

"Studies on rates still are being made," VA said.

However, the average payment figures out to about $85, compared with an average of $175 for the first special dividend, on which VA started payments in January, 1950.

The initial dividend totaled $2,300,000,000, about four times the forthcoming payment. However, it applied to more than 16 million policies, twice as many as are involved in this year's melon-splitting.

The initial dividend covered the period from the start of the national service life insurance program, in October, 1940, through the 1948 anniversary dates. The second dividend will be for three years from 1948 through the 1951 anniversary.

It probably will also be the last special dividend, VA said. Hereafter, when there is a surplus in the insurance fund, dividends will be paid annually — and automatically. The dividends represent the surplus over amounts needed to pay claims and maintain reserves.

The new dividend applies to policies held in force for at least three months during the period from 1948 to 1951. It applies to so-called term policies and to those converted to permanent plans, including those which have lapsed or were terminated by the death of the policyholder.

Select Cast In Benefit Show

The cast for the benefit home talent show for the Snyder Girl Scouts, set for Feb. 7-8 at the High School auditorium, under the sponsorship of the local post of the American Legion and the Veterans of Foreign Wars, was being selected today, it was announced by Hilton Lambert, general chairman of the show committee.

Included in the cast will be Herman Trigg, principal of the Junior High School; Fraees Blow, newspaperwoman; George Killam, Jr., lawyer; Dr. John H. Hamblen; the Rev. Ronald Hubbard, pastor of the Presbyterian church; John Boren, insurance man; Mrs. Ethel Eiland, employee of the Texas Electric Service, and Ed Bolger of Bolger Funeral Home. Others will be named later, said Miss Dorothy Jackson, of Kansas City, who is assisting the veterans in the show.

Tickets for the event will go on sale tomorrow by the Girl Scouts.

A general meeting of all Girl Scouts and Boy Scouts has been called for 3:45 o'clock tomorrow afternoon at the High School auditorium, to ascertain who may want to be in the grand patriotic finale of the show.

The first rehearsal of the cast will be held at 7:30 o'clock tonight in the office of George Killam, Jr., southwest corner of the square, said Lambert.

Middleton New Head Of Louisiana State

BATON ROUGE, La., Feb. 1. (AP)—Lt. Gen. Troy H. Middleton, commander of the U. S. 45th Division and Eighth Army Corps during World War II, today became president of Louisiana State University.

He succeeds Dr. Harold W. Stoke, who resigned last December, effective today, to practice law here.

Oil News

(Continued from Page 1)

is Seaboard No. 1 Edwards.

The No. 2 Sparks is now bottomed at 5,244 feet in lime and has cemented a string of seven-inch casing at 5,227 feet.

Operator representatives report that the section between 5,227 feet and the present bottom logged some signs of production.

It is calculated that there should be about 100 feet of possible oil-bearing lime above the water table of the Pennsylvanian lime from which the Double Mountain field discovery is producing.

After the plug is drilled on the seven-inch casing, the pay zone will be cored through and then production tests will be made.

It is expected that No. 2 Sparks will be completed as a producer and the second oil well in the field.

It is 760 feet from north and east lines of section 315, block 2, H&TC survey.

Seaboard No. 1 Sparks, one location east of the field opener and in the southwest corner of section 317, block 2, H&TC survey, was dry and abandoned at total depth of 6,458 feet. It found no pay in the Pennsylvanian lime.

NO. 1 WILLIAMS

C. T. McLaughlin of Snyder No. 1 C. H. Williams, five-eighths of one mile northwest of Star Oil Co. No. 1 Blanche Young, Ellenburger discovery in Southeast Garza County, has been plugged and abandoned as a failure in the Ellenburger.

The dry hole is at total depth of 7,843 feet.

Drillsite was 330 feet from south and east lines of section 72, block 5, H&GN survey, and 10 miles northeast of Justiceburg.

STRAWN FAILURE

V. A. Brill and others No. 1 Josephine Woodard, located at the extreme east edge of the Kelley-Snyder field of Scurry County, has been plugged and abandoned as a failure in the Strawn lime.

The prospector was drilled to a bottom of 7,490 feet without finding commercial production in any formation drilled.

The failure is located in section 443, block 97, H&TC survey.

This aerial view shows fallen spans of the Duplessis Bridge in Three Rivers, Que., after it fell into the ice-covered St. Maurice River carrying at least four persons to their death. Four automobiles were on the span when it collapsed with a roar. The $3,000,000 bridge was opened in 1948. Photo was made by Andy Graetz, Toronto Star correspondent. (AP Wirephoto).

This gutted room is one from which patients fled when a flash fire roared through the McClary Convalescent home in Hoquiam, Wash., killing at least 21 persons. The fire evidently was caused by an overheated stove. (AP Wirephoto).

Vernon Telephone Man In Serious Condition After Robbery Attempt

VERNON, Feb. 1. (AP) — A veteran telephone repairman was charged with intent to rob in a weird reign of terror by silence against a prominent Vernon family.

Charges were filed yesterday against Jim Sparks, 45.

Sparks is in a serious condition after being beaten over the head with a heavy vase, wielded by Mrs. Walter Heard. Mrs. Heard and her husband were both wounded in wresting a gun from Sparks.

For an hour and a half yesterday the man directed the terror stricken family with prepared notes, demanding $5,000 in small bills under the threat of killing Mrs. Heard and her two children.

He held Mrs. Heard, her mother and three-year-old daughter, Marilyn, prisoners in their own home until the husband arrived and eventually attacked the gunman.

Bracero Labor Group Member Dies Suddenly

MEXICO CITY, Feb. 1. (AP)— A member of the U. S. delegation to the bracero labor talks with Mexico, Grover C. Wilmoth, 69, El Paso, died suddenly last night of a heart attack.

Wilmoth was district director of the U. S. Immigration and Naturalization Service at El Paso.

Fort Worth Livestock

FORT WORTH, Feb. 1. (AP) — Cattle 200; calves 25; medium to good slaughter steers and yearlings 28.00-33.00; common 25.00-27.50; low grade beef cows 23.00-26.00; canners and cutters 17.00-23.00; bulls and stockers absent; medium to good fat calves 28.00-33.00; cull and common 21.00-27.00.

Hogs 200; butcher hogs and sows steady to 50c lower; pigs scarce; no choice butcher hogs; medium to good 190-280 lb hogs 31.25; sows 18.00-50.

Sheep 250; feeder lambs steady; otherwise poorly tested wooled feeder lambs 30.00; buck lambs 30.00; most receipts good and choice shorn slaughter lambs with No. 1 pelts at 31.00.

Last Minute Appeal Fails To Save Seven Negroes From Chair

CHARLOTTE, N. C., Feb. 1. (AP)— A last ditch effort to save seven convicted Negro rapists from execution in Virginia failed today before U. S. Senior Circuit Judge John J. Parker.

In denying a plea for intervention, Judge Parker told attorneys for the seven men "there is nothing in your point."

The attorneys had pleaded racial discrimination against the defendants as grounds for a federal stay of execution.

The first four of the Negroes are scheduled to die tomorrow for an aggravated assault on the woman two years ago at Martinsville, Va. The other three are to go to the electric chair Monday.

Air Force Strikes Kill 19,000 Chinese During Month Of Jan.

U. S. FIFTH AIR FORCE HEADQUARTERS, Korea, Feb. 1. (AP) — The Fifth Air Force said today allied air strikes killed and wounded more than 19,000 Communist troops in January.

Maj. Gen. Earle E. Partridge's monthly summary said:

"That killed and wounded figure represents only those casualties actually observed by the pilots. In the past these claims have proved to be much lower than the actual number of casualties inflicted."

During this period Thunderjets shot down six MiGS (Russian made jets and one Yak, and probably destroyed one Yak and damaged 10 MIGS. One Yak fighter was shot down by F-51 Mustangs."

STOCK MARKET

NEW YORK, Feb. 1. (AP) — Buying incentive diminished today in the stock market and prices dropped.

With the sick switchmen's strike hourly becoming more serious, many traders paused until the full extent of the damage being caused becomes more apparent.

This same sort of caution also applied to the new government tax proposals.

THE SNYDER DAILY NEWS

VOL. 1—No. 226 · SNYDER, TEXAS, THURSDAY, FEBRUARY 1, 1951 · SECTION TWO

Scurry County Gains Nine New Locations; 120 in West Texas

Locations for 120 tests for oil, including 22 wildcats, were listed during the week Jan. 14 to 20 in 30 West Texas Counties. The preceding week listed 102 tests for oil, including 20 wildcats, in 25 counties.

Totals for the first three weeks in 1951 became 251 in proven areas and 51 for wildcats, a grand total of 302. This is a weekly average of 100.6 up from 91 through the second week.

Midland and Runnels Counties were first in field starters with three each, Crockett, Gaines, Glasscock, Reagan, and Sutton two each, Andrews, Borden, Irion, King, Lynn, and Tom Green one each.

Pecos County was first in field starters with 17, Midland added 10, Runnels and Scurry nine each, Crane and Tom Green six each, Crockett and Ector five each, Andrews and Ward four each, Upton three, Borden, Cochran, Coke, Dawson, Garza, Kent, and Moore two each, Howard, King Reeves, Sterling, Terry, and Yoakum Counties one each.

ANDREWS COUNTY

Business Outlook

Only Alice in Wonderland Sees Logic of 150 Million Mistakes

By J. A. LIVINGSTON

Alice's face knew no composure. One minute she was a smiley-smiles, ready to burst into squeals of laughter. The next minute she was [illegible] late, irritated, and puzzled.

"What's bothering you?" the Red Queen asked.

"This," said Alice. She held up some vacant space in her hands and leafed through the pages. "It's a book," she added, "Charlie Wilson's Riddles, or Who Is Hollywood's Latest Gift to Washington?"

"That's easy," shouted the Mad Hatter. "Eric Johnston."

"Yes," said Alice. "But answer this one," She turned some space over. "What thaws before it freezes?"

"Ice cubes, just before I'm giving a party," said the White Queen.

"Sorry," said the Mad Hatter. "Anybody who reads the newspapers knows it's an overall price regulation."

MORE RIDDLES

"Here's another riddle," said Alice, chagrined that the Mad Hatter was correct. "When does a floor become a ceiling?"

"When it's in a room," suggested the Walrus. "A room would look awfully funny with a ceiling and no floor."

"You've got the riddle wrong," protested the Mad Hatter. "It should be, 'When does a ceiling become a floor?'" He promptly provided his own answer "When it's a price ceiling. Then every man's highest price becomes his lowest and his lowest his highest."

"Here, give me that." The Red Queen was rude enough to take the vacant space right out of Alice's hands. She began turning pages fiendishly. "Ah, here it is," she announced gleefully. Answer this riddle "What swanky Washington restaurant, just across from the Mayflower, makes you think of price control?"

MEMORIES RECALLED

Alice raised her hand. "Why that's on page 33," she declared. "Salle du Bois, of course. And most appropriate, too. Bois means forest, and salle means room. Price Stabilizer Michael V. DiSalle ought to be right at home there, if he doesn't hit the ceiling at the price."

The White Queen was thoroughly unnerved. She was twisting the hem of her train until her ankles showed. But she tried hard. "Is DiSalle lost in the forest?" she aked timidly.

"DiSalle's an awfully stout fellow," suggested the Walrus. "About as stout as I am. I remember the time Farmer [illegible] apple orchard got lost in me."

Then the Walrus borrowed the vacant space from the Red Queen. But he was all thumbs. He had a hard time turning pages. Finally he reached what he wanted. "'What's worse than being unable to see the forest for the trees?'" he asked.

"Being director of Price Stabilization," answered Alice. "You have to deal with so many people who can't see the trees for the forest."

"I don't follow," complained the White Queen.

"Are you forgetting who you are?" rebuked the Red Queen.

Alice was gentler. "It's very simple," she explained. "DiSalle issued his order freezing prices before it was printed. See?" and she held up some more blank space.

"As a result, everybody can view the forest, but nobody can see the trees.'

The Mad Hatter couldn't contain himself. "Wait, just wait, till they see the trees, the details! Will they be lost?" He was estatic.

RIDDLES REMAIN

"What will happen then?" the Carpenter's [illegible] wanted to know.

"Everybody will ask for relief," said Alice.

"Will they get it?"

"Yes, yes. Plenty."

"Well, then why did DiSalle issue a regulation?"

"So that people could take exceptions."

"Seems nonsensical to me," declared the Red Queen sharply, "to make a rule and then break it with exceptions, relief, and rollbacks."

"Not at all," said Alice, who was plainly in DiSalle's corner.

"In this case, it's the exceptions that prove the rule. Besides, how can you know what's right until you know what's wrong?"

"But I thought two wrongs never make a right."

"Of course," said Alice, "everyone knows that. But 150 million do." With that she cast the vacant space to the four winds and was all alone except for the riddles.

NEWS FROM FLUVANNA

By MRS. TENNIE J. CREEK

The Woman's Auxiliary of the First Baptist Church met Friday afternoon with Mrs. Tennie J. Creek. Those attending were Mrs. Tem Sturdivant, Mrs. Dan Blair, Mrs. Edna Browning, Mrs. A. J. J. R. Jones, Mrs. Bob Browning, J. R. Jones, Mrs. Bob Browning Mrs. Hattie Reeves and Mrs. Mittie B. Durham. Mrs. Bob Browning will be hostess for the next meeting on Feb. 9.

Mr. and Mrs. Joe Evans of Snyder spent Sunday with Mrs. Auntie Lanham.

Mr. and Mrs. A. J. Dyess spent Wednesday night in Snyder with their daughter, Mrs. Frank Pinkerton, and family.

Mrs. J. R. Jennings and Jackie Holder made a trip to Rocky Comfort, Mo., and were accompanied home by Mr. and Mrs. Carlysle Russell. Mr. and Mrs. Russell will also visit other relatives and friends here.

Mrs. Clade Grimes of Littlefield visited the Neil Holder family this week.

Mr. and Mrs. Herschel McIntyre visited her parents, Mr. and Mrs. B. Forehand, over the week end.

Mr. and Mrs. Nolan Fulford made a trip to El Paso. Mrs. Fred Wenner accompanied them as far as Pecos, where she stopped to visit her sister.

John Stanley left Friday for Cleveland, Ohio, on a business trip for the Rural Electrification Association.

Fat Stock Show visitors from here over the week end included Mr. and Mrs. Charlie Biey, Billy Kerley, June Smith, Don Drum, Buddy Drum, Don Wills, Ray Herrin and Don McDonald.

Mr. and Mrs. Mert Jones have returned from Quemado, N.M. where they visited relatives and bought cattle.

Billy Kerley was home from Texas Technological College over the week end.

Miss Louise Glass was home from Abilene Christian College for the week end.

Mr. and Mrs. Joe Daniels of Temple spent the week end with Mr. and Mrs. W. W. Thorne.

J. M. Glass, superintendent of schools, underwent surgery Thursday in a Roscoe hospital. He returned home Sunday afternoon and is reported recovering satisfactorily.

Mrs. J. N. Hataway returned home Friday from Root Memorial Hospital in Colorado City following an operation. She is reported to be recuperating satisfactorily.

O. S. Wallis came home Saturday after an extended stay in Temple where he was receiving medical treatment.

A motion picture will be shown at the school tomorrow night. Admission for adults will be 40 cents with 20 cents admission for students.

Mr. and Mrs. Emmett Boren of Lamesa and Mr. and Mrs. Cecil Boren of Snyder were Sunday guests of their mother here. She returned to Lamesa with Mr. and Mrs. Boren for a visit.

Mr. and Mrs. W. W. Thorne visited friends in Midland Sunday.

Among those attending funeral services for Jerry Gossett in Cross Plains Thursday were: Mr. and Mrs. Ezra Fulford, Miss Inez Fulford, Buddy Creswell of Snyder Miss Doris Caldwell, Odell Cox Mr. and Mrs. Lee Cox, Mr. and Mrs. Jewell Cox, Mr. and Mrs. Troy Cox and Mr. and Mrs. W. D. Clemet of Snyder. Mrs. Gossett is the former Miss Romaine Cox, a daughter of Mr. and Mrs. Lee Cox.

Mrs. Raymond Griffin an daughter, Shirley Ray Griffin spent the week end with Mrs. Griffin's parents in Hamlin.

V. L. Patterson made a business trip to Roscoe and Sweetwater Wednesday.

H. H. Benson is attending the Fat Stock Show in Fort Worth this week.

Engineering Degree Is Conferred on H. L. Wade

Harold Lewis Wade, son of Mr. and Mrs. Lyman Wade, 604 Twenty-fourth Street, received his engineering degree in graduation exercises Friday at Oklahoma A. & M. College, Stillwater.

He had been at the Oklahoma school three and one-half years, having transferred there after a year at Texas Christian University, Fort Worth.

In college he was a member of Phi Kappa Phi, national honor society comprising the upper 10 per cent of the class; an engineering fraternity Pi Tau Sigma; a mathematics fraternity, Pi Mu Epsilon and the American Society of Mechanical Engineers. He also played with the campus dance orchestra and was a student instructor in the hydraulics laboratory.

Wade served as secretary of the junior class in Snyder high school, from which he was graduated in 1946.

Houston Grand Champ To Be Picked Tonight

HOUSTON, Feb. 1. (AP) — The grand champion steer of the 19th annual Houston Fat Stock Show will be picked tonight.

The big affair opened yesterday minus its parade, but livestock judging started almost immediately.

NEWS FROM IRA

BY MRS. MABEL WEBB

Mrs. B. D. Sipes had visiting her part of last week her brother, Lonzo Brown, of Lamesa.

R. G. Loper of Abernathy visited several days in the W. R. Loper home.

Mrs. J. A. Williams visited her sons, Marvin Williams and Roy Williams, in Abilene Friday night and Saturday. She also visited her daughter, Mrs. H. W. Harbuck, and family in Lawn.

W. R. Loper accompanied his cousin, Mrs. C. C. Vinson, to Wichita Falls Thursday to be with her mother, who suffered a heart attack.

Mr. and Mrs. B. F. Eades and children, Janice Eades and Royce Eades, of Fairview and Jack Webb of Houston visited their parents, Mr. and Mrs. Oscar Webb Sunday.

Mrs. Marie Kruse and children, Jack Kruse and Sara Kruse, visited over the week end with relatives in Andrews and Kermit.

Mrs. Oscar Webb accompanied Mr. and Mrs. B. F. Eades and children to Snyder Friday and visited in the Doyle Eades home.

Toy Gideon made a business trip to Fort Worth and Houston Tuesday.

Raymond Williams, who is stationed in Florida, visited friends here the first of this week.

Texas History Written in Brands

By JOHN M. HENDRIX

In 1877 the Hall brothers moved various herds of South Texas cattle into New Mexico, finally centralizing in Dickens County, Texas, all of the cattle being placed in the Spur brand. The entire outfit was eventually sold to the Espuela Cattle Company, a corporation having for its purpose the combination of a number of outfits which were to be sold eventually by them to the eager profit - hunting Scotch and English capitalists. The ranch operated from 1877 until 1906, when the lands were sold to the Swensons of New York and the cattle to Lewis Molesworth and Pyle of Clarendon, Texas, who leased the lands until the cattle were finally disposed of.

At its peak the Spurs ran from 65,000 to 75,000 cattle and fenced and used more than half a million acres of land; they worked from seventy-five to one hundred cowboys who were engaged in fencing, tanking and general ranch duties. Their nearest trading point was the town of Colorado City, some one hundred miles due South of the ranch headquarters. The ranch was managed by Englishmen who were capable men but had to learn frontier West Texas and its ways as well as operate the ranch. Practically every phase of West Texas pioneer ranching was experienced by them.

The area of the ranch today envelops some of the finest farm area in West Texas and has had developed in it a number of good towns, among them the city of Spur and towns of Girard and Jayton.

During the ranch operation the Spurs employed numbers of excellent cowboys and cowbosses; among these were H. P. Cole, Luther Jones, and the veteran Jake Rains who died a few years ago in a Sweetwater hospital. Jake was an original employe of the Hall brothers, founders of the Spur ranch.

Of the original lands, the Swensons of SMS fame own a ranch which is still called the Spur, but they do not maintain the old Spur brand.

Refuse Merit Wage System

HAGERSTOWN, Feb. 1. (AP)—Deputy Sheriff Leister Isanogle today was trying to find out who threw a flare bomb at a group of pickets in front of a Fairchild Aviation Division Plant.

Pickets said the bomb which failed to go off was tossed at them yesterday from a passing car. It was identified by a former Army chemical officer as a flare bomb used for signaling purposes.

There were no new negotiations following the collapse of bargaining sessions at Washington Tuesday night. At that time the United Auto Workers CIO Union turned down the company's offer of a 15-cent hourly wage increase.

The union has insisted on getting rid of the Fairchild "merit system" of pay boosts and substituting a length-of-service wage hike arrangement.

Federal Mediator Leo Kotin said he doesn't know when negotiations will be resumed.
