G. H. Bley has been named deputy district governor for the Lions Club.

District Governor is W. T. Nelson of Childress. Mr. Bley attended a meeting of the governor's cabinet in Plainview.

Mr. Bley is a past president of the Olton Lions Club and has been very active in district affairs of Lions International.

Mr. Bley is a past commander of the Olton American Legion Post and is now serving as Mayor of Olton.

Olton Legion To Close Play With Clovis

Olton's American Legion baseball team will close out season play this Thursday with an away-from-home contest against the Clovis, N. M., Legion club.

Game time, according to Coach I. B. "Doc" Holt, will be 7:30 p.m., New Mexico time.

Clovis bested Olton, 7-2 in a seven-inning contest here last Thursday. Dan Schmucher hurled for the locals, and Jimmy Stone handled the catching assignment.

Second Salk Shots To Be Given Next Wednesday At Littlefield

Wednesday, July 27, has been set as the day for giving of the second Salk polio vaccine shots in Lamb County.

That information was received here Tuesday from George L. White, chairman of the Lamb County Polio Foundation.

The shots will be given at the Medical Arts Building (formerly Payne Shotwell Foundation) in Littlefield, he said.

"Mr. White advised me by telephone that the Lamb County vaccine allotment has been cut by 30%, and that the shots will be given on a first-come-first-serve basis," said Fred Gordon, elementary school principal here.

The shots will begin at 9 a. m., and will continue as long as the supply of Salk serum lasts, according to White.

Only those youngsters who got their initial Salk injection in May will receive the second shot next Wednesday, Gordon said.

Plans call for parents to take children to Littlefield for the shot.

"But if there is sufficient demand, we will take a school bus over there about 8 a. m. Wednesday," Gordon explained. Those who wish to send their children to Littlefield by school bus should contact Gordon at 3311.

Approximately 300 first and second graders in the Olton Independent School District received their first Salk injection in May.

Olton-Dimmitt Clash Slated Here Sunday

The Olton Outsiders will meet Dimmitt here this Sunday in a Central Plains League baseball contest, according to Aubrey Shelley, manager of the outsiders.

Game time will be 2:30.

The locals lost to Hereford here last Sunday, 11-9. Cecil Maddox turned in a good pitching performance for Olton, but faulty support in the field gave Hereford the win, Shelley said.

Gerald Allcorn, right fielder, had a home run with one mate aboard for Olton.

AMARILLO VISITORS

Mr. and Mrs. Jack Beeman and Mr. and Mrs. Brooks Wilson of Amarillo visited in the home of Mr. and Mrs. Gordon Tompkins over the week-end.

Gen. Telephone Delivers Ultimatum; New Rates In Effect On Next Billing

A group of General Telephone Company men met with a rural committee here Tuesday night and delivered what those who attended called an ultimatum.

H. G. Walker is chairman of the rural committee.

Mr. Walker has called a mass meeting of rural telephone patrons for 8 o'clock next Tuesday night at city fire station. "We want to be guided by the wishes of the people in what we do about this matter", Mr. Walker declared.

A spokesman for the rural

H. G. Walker

group said the company representatives said rates would depend upon how far the patron lives from the telephone exchang. Rates of $5.00 per month will be charged for the first three miles distance from the city limits of Olton; $5.25 on the next two miles and patrons living furthur out than five miles will have a rate of $5.50, according to the spokesman. The new rates become effective next month.

Representing the company were Jim King and Bob Shirey of San Angelo and Bob Blatz of Littlefield. Hank Gowdy and T. Wade Potter were here as legal council for the rural group.

OLTON FFA PREXY IN HOUSTON

Wayne Bodkin is attending a state convention of the Future Farmers of America in Houston this week.

Thursday night he will receive the Lone Star Farmers degree along with other FFA boys from over the state. Wayne is president of the Olton chapter and its delegate to the convention.

He is accompanied on the Houston trip by his parents, Mr. and Mrs. Wilton Bodkin and J. W. Brown, vocational agriculture instructor.

Peewees Dump Dimmitt, 10-0

Olton's Peewees shut out Dimmitt here Monday night, 10-0, to win the championship of the top half of this district.

Randy Buchenau struck out 13 Dimmitt batters and hit a pair of home runs to pace the victory. Other Olton home runs were hit by Jimmy Jones and Robert Priest.

The win gave the Peewees a 14-3 season record and a 13-3 record in district play.

They will meet the winner of the other half of the district sometime next week in a probable best-two-of-three playoff for the district championship, according to Coach Bailey Hair.

Teams in the other half of the district include Abernathy, Petersburg and Hale Center. Their schedule will not be completed until this Thursday, Hair said.

At Nazareth last Thursday, the Peewees took the measure of the Nazareth Peewees, 2-1, and Olton's Ponies wound up regular season play with a 14-4 triumph over the Dimmitt Ponies. Claude Davis was on the mound for the Olton Ponies, and the batting attack was paced by Houston Hamby, Jack Roy Straw, James Ray Hyatt and Harlan Carson.

Patrons Are Asked To Keep Water On Hand

City officials this week advised water customers to keep a little extra water on hand at all times during the next two or three weeks.

City Secretary C. M. Moss said water must be cut off when extensions are tied into mains. He said the temporary stoppage of service will not be for long at any one time, however.

Authorities expressed gratification with the way the public has cooperated in conserving water.

Mail Reach Springlake 48 Hrs. Sooner

A new postal route will speed up mail service as much as 48 hours between Olton and some nearby communities.

This information came this week from I. B. "Doc" Holt, Olton postmaster. The new service will be seven days a week.

The post office department announced a new 43.9 miles route between Plainview and Earth that will all but revolutionize mail service to both Springlake and Earth as well as speed up deliveries to Plainview and hence to all points in many cases.

Bids on the new route will be accepted until 5:15 o'clock the afternoon of August 1. They must be submitted to the assistant postmaster general, Bureau of Transportation, Post Office Department, Washington, D. C., and superscribed "Mail Proposal Route from Plainview to Earth, State of Texas."

The carrier will leave Plainview at 6:45 o'clock in the morning and arrive at Earth at 8:15 o'clock after making stops at Olton and Springlake. The carrier will leave Earth at 5 o'clock in the afternoon and arrive back in Plainview at 6:30 o'clock, except on holidays. On holidays he will leave Earth at 10 o'clock in the morning and arrive back in Plainview at 11:30 o'clock.

Springlake now is one of the most poorly served points out of the Olton post office. Mail leaves Olton for Springlake at 12:30 o'clock in the afternoon and finally arrives there about 24 hours later via Earth.

Mail placed in the post office after 12:30 Saturday does not arrive at Springlake until almost 48 hours have elapsed—enough time for similar mail to have reached a New York City destination. It can take as high as three days for Olton mail to reach Springlake boxholders under the present setup.

Under the new route system, mail put in the Olton post office will in many cases reach rural boxholders at Springlake as quickly as similar mail would reach Olton rural boxholders.

Dispatch of mail to Plainview and thence to the world also will be speeded up considerably.

Stadium Work Moving Ahead

Work is moving along at a good clip on Olton's new football stadium seats, Supt. of Schools Carl Macon said this week.

Completion of the project awaits shipment of a quantity of walkanized redwood, he explained. The walkanizing process makes the redwood resistant to weather, termites, and other possible damage.

The redwood is due here about Aug. 1, Macon said, and completion of the new stadium seats is expected shortly thereafter.

The new section will seat approximately 1,000 people.

The work is being done by V. R. Rodgers & Son of Plainview.

TO TEACH IN TYLER

Miss Viola Stinson is visiting her brother, Earl George Stinson in Tyler this week. Miss Stinson plans to teach at Tyler next year. She will be supervisor for a play-school there.

Rusty Sherman Wins Grand Prize In Cloverlake Dairy's Hoppy Contest

A nine-year-old Olton lad is the toast of Hollywood and the envy of kids everywhere. Rusty Sherman is going to the film capital for a three-day visit with the famous Western Star, Hopalong Cassidy.

Rusty is the winner of an expense-paid trip to Hollywood sponsored by Cloverlake Dairy Foods. Hopalong Cassidy is tied in with Cloverlake in promotion of its popular products. Hoppy's voice on radio and television proclaims that Cloverlake is his favorite dairy.

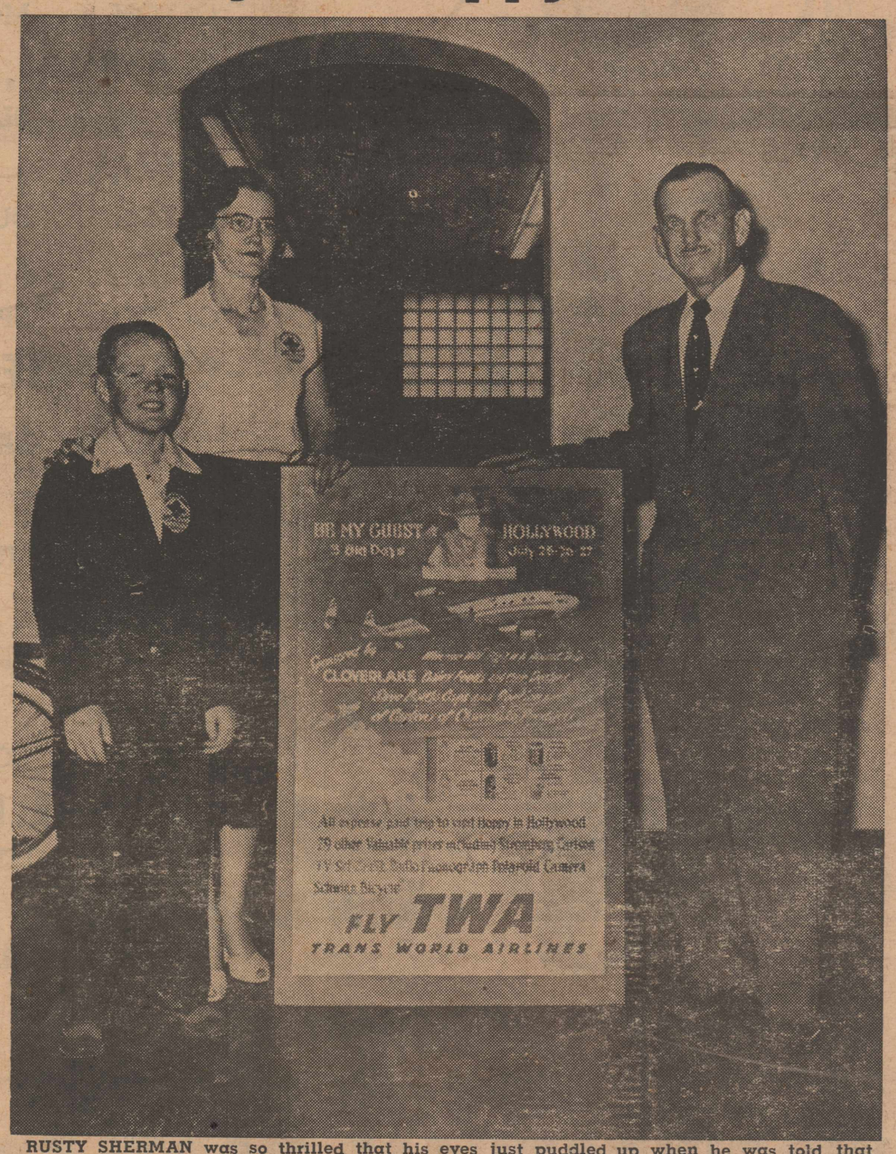

Rusty is the son of Mr. and Mrs. Basil Sherman. Mrs. Sherman will accompany her son on the Hollywood trip. Her expenses will also be paid by Cloverlake. They will leave Amarillo Sunday at 10:30 a. m. and fly TWA non-stop to Los Angeles where they will be met by Hopalong Cassidy and his party.

A month-long contest from June 15 to July 15 gave Rusty the opportunity to earn the wonderful visit to Hollywood. He was first prize winner with over 5,000 points earned by saving Cloverlake milk bottle caps and carton portions from various Cloverlake dairy products. Each point represented one quart of milk or its equivalent in other products.

Arriving Sunday afternoon at Hollywood, Rusty and his mother will check in at the Hotel Hollywood-Plaza. They will see a bit of the city and rest up for the big program which starts Monday.

Breakfast Monday morning will be followed by a trip to the Pacific Ocean and a boat trip to Catalina Island. A full day on the island will include a trip to the zoo, and a glass-bottom boat ride.

Tuesday's program will start with a tour of the hills and mountains around Hollywood. Hopalong will lead an inspection of famous Placeritas Ranch where the film "Gun Smoke" is now being made. After lunch with Hoppy a visit is scheduled to Circle J Ranch for swimming and horseback riding.

RUSTY SHERMAN was so thrilled that his eyes just puddled up when he was told that he had won the Cloverlake grand prize—a trip to Hollywood. Here is Rusty with his mother, Mrs. Basil Sherman, and Albert Garrett, Cloverlake executive.

Wednesday's plans include a visit to Disneyland, which had its formal dedication Sunday. Plenty of time will be allotted to visit the many features of this fantastic fairyland.

The scheduled program will end Wednesday, but Mrs. Sherman and Rusty plan to stay until Sunday before returning home.

ATTEND CHURCH SUNDAY

SO THE PEOPLE MAY KNOW—

Last Saturday night thousands of dollars worth of damage was done by vandals at the county court house in Littlefield. Not so long ago vandals damaged some county road equipment and shot up one of Tom McGill's tractors here at Olton.

We don't say it was teenagers. We don't believe that kids do all the mischief that is done in the world.

Neither do we believe that we have to bribe our children to be good.

However, we do believe that we adults could well take stock in what we are doing for our youngsters. Sure, we have a fine baseball and football program for the youngsters and we endorse it 100 percent.

But we can't help wondering what would happen if we adults didn't like to watch our kids hit home runs and make touchdowns. Would we back it so strongly if we didn't get so much personal enjoyment out of the program?

Not too far hence the Olton Lions Club is going to launch a drive to build a Scout house. Give it your support. Not only do the boys need scouting but the community too needs scouting.

We ask you: Which is better, a dollar spent on youth improvement or a dollar spent on youth correction?

MRS. WELDON DAVIS

GAYLIA ANDERSON-WELDON DAVIS EXCHANGE WEDDING VOWS IN HART

In an impressive ceremony at the Hart Baptist Church, Gaylia Anderson, daughter of Mr. and Mrs. Clay Anderson of Hart, recently became the bride of Weldon Davis, son of Mr. and Mrs. Harvey Davis, also of Hart.

Rev. Dale West read the single-ring service. Baskets of white gladioli and greenery with white satin streamers decorated the altar. Yellow satin bows marked the pews.

Mrs. Milton Sharp, organist, played pre-nuptial music. Mrs. Leighton Teeple of South Plains, accompanied by Mrs. Sharp on the organ, sang "Because," "Indian Love Call" and "The Lord's Prayer." The traditional marches were used for the processional and recessional.

Sister of the bridegroom, Miss Elizabeth Jo Davis, attended the bride as maid-of-honor and Miss Wanda Jo Felder, cousin of the bride, was bridesmaid. They wore identical dresses of yellow crystalette, designed after the bride's gown, and white pique picture frame hats.

The flower girl was Sandy West, daughter of the officiating clergyman. She was attired in a yellow organdy dress and carried a basket of yellow rose petals.

Jimmie Ray Davis was his brother's best man. Ushers were Charles Taylor, Preston Upshaw, and Milton Sharp.

Given in marriage by her father, the bride was attired in an original gown of crystal white French lace over net and satin, fashioned with a sculptured bodice of lace, oval neckline edged with flower appliques of lace and low tapered sleeves. The voluminous waltz length skirt of lace was fully shirred with escalloped edge at the bottom. The fullness of lace, net, and satin was emphasized by crinoline worn underneath.

Her finger-tip veil of French illusion fell from a coronet of lace embroidered with irridescent sequins and outlined with seed pearls. She carried a white Bible, a gift of the bridegroom's parents, topped with a bouquet of French carnations centered with a white orchid and tied with love-knots and maline puffs.

For her daughter's wedding, Mrs. Anderson wore an aqua lace dress with matching accessories and a white carnation corsage.

Mrs. Davis, the bridegroom's mother, wore a navy lace dress with navy accessories, and a white carnation corsage.

After a wedding trip, the couple is at home at Hart where the bridegroom is engaged in farming. For traveling, the bride chose a pink pongee dress with a white orchid corsage and white pearlized shoes. She carried a matching white pearlized bag.

Mrs. Davis graduated from Hart High School this spring as salutatorian of her class. She was also president of her senior class.

The bridegroom attended Wayland College where he was a member of the International Choir.

Guests were registered from Floydada, Lockney, Brownfield, Amarillo, South Plains, Plainview and Clovis, N. M.

Mayor Urges Cooperation On Water Plan

Continued cooperation on the irrigation restriction plan launched here last Friday was urged again this week by Mayor G. H. Bley.

"The restrictions are for mutual benefit. We need wholehearted cooperation to maintain an adequate reserve of water for fighting possible fires," the mayor said.

According to the plan, residents from Main Street west are being asked to irrigate on odd-numbered calendar days . . . July 21, 23, 25, etc.

Residents from Main Street east are irrigating only on the even-numbered calendar days.

East side residents along Main Street are following the "east side" schedule and west side residents along Main Street are following the "west side" schedule.

The mayor has explained that the irrigation restrictions will remain in effect only until completion of a new 8-inch city water well. Work on that well started late last week.

As soon as the new well is completed and developed, it will be tied onto city mains. The new well, being installed in Block 87 behind the Assembly of God Church, will approximately double the city's water capacity.

In case of fire alarm, Mayor Bley has emphasized, everyone is requested to stop all irrigation immediately.

Important thought to keep in mind:
There's no need to worry about stalling in hot-weather traffic; no need to worry about balky, hot-engine starting! Just fill up at your Gulf station with New Super-Refined Gulf NO-NOX—the gasoline that's made with evaporation control to prevent vapor-lock. And always protect your engine with New Gulfpride H.D. Select, the motor oil that controls carbon.

New Gulf No-Nox Gasoline delivers not just the highest octane but full working octane
because it's super-refined to burn clean

See what a difference Gulf super-refining makes. Gulf takes out the "dirty-burning tail-end" of gasoline—at the refinery—to bring you new, clean-burning Gulf NO-NOX.

NO GASOLINE, no matter how high the octane, will let your engine deliver full power performance—mile after mile—unless it burns clean.
That's why it pays to always use new NO-NOX. Gulf NO-NOX is the clean-burning fuel that gives you full working octane day in, day out. In addition, you get . . .
● more complete engine protection
● extra gas mileage in short-trip, stop-and-go driving
● freedom from vapor-lock, engine stumbling and stalling
● no knock, no pre-ignition—even in today's high-compression engines

Now! For the ultimate in working octane performance, always use Gulf's super-refined gas-oil team...New Gulf No-Nox Gasoline and
New Gulfpride H.D. Select Motor Oil
The only motor oil super-refined by the Alchlor Process for modern high-compression engines.
● Controls carbon
● Combats corrosive acids, rust and deposits
● Assures lower oil consumption
● Provides the toughest protective film ever developed in a motor oil

PHILLIPS 66 TUBELESS TIRES
40% OFF
Regular List Price!!

Here are 6 good reasons why you'll enjoy the PERFORMANCE YOU WANT with PHILLIPS 66 TUBELESS TIRES—Eighty Three Twenty

PUNCTURE PROTECTION!
Say goodbye to the trouble and annoyance of sudden roadside flats. A special air tight rubber compound clings to puncturing objects. There's no sudden loss of air to cause roadside flats. Get repairs later at **your** convenience.

BLOWOUT PROTECTION!
Forget your fears of blowouts. Safety features of the Phillips 66 Tubeless Tire practically eliminate blowouts. No tube to rub, pinch or explode . . . super-strength rayon cords give extra resistance to ruptures, breaks and bruises.

MORE MILEAGE!
Look forward to bonus tire mileage! The Phillips 66 Tubeless has extra wearability because its tough cold rubber treads are wider and flatter . . . give more rubber-to-road contact for slower, even wear.

BETTER TRACTION!
Feel safer . . . be safer in any weather. The Phillips 66 Tubeless with new road-wiping treads sweeps away slush, water and road film. You can start faster, stop quicker. Eight thousand three hundred and twenty (8320) gripping edges provide greater holding power around curves and sharp corners.

COOLER RUNNING!
You get new safety at high speeds because the Phillips 66 Tubeless **runs cooler.** There's no tube to insulate the rim so heat generated in the air chamber escapes quickly. Shoulder braces give extra cooling by fanning air as the tire rolls.

RIDING EASE!
Take the effort out of driving. The new tread arrangement and billowy contour body soak up road shocks. Jolts and vibrations never reach the wheels. New stabilizer ribs give you pivot-point steering for easy control.

TRADE IN YOUR TIRE TROUBLES on **guaranteed** Phillips 66 Tubeless Tires. Each tire is **doubly** guaranteed: for life against defects from materials or workmanship . . . for 20 months against all road hazards. Generous trade in allowances for your old tires. **BUY ON EASY TERMS.**

We are also offering special discounts on all LEE tires.

This sum represents the increase in value of Lamb County cottonseed after it has been processed by the Plains Cooperative Oil Mill. Every dollar of this increase in value is refunded to the farmer who produced the cottonseed.

This money, after income taxes have been paid on the entire amount, will be spent by Lamb County farmers for Lamb County goods and services.

IN SLATON

Misses Carolyn and Paulette Bley are visiting in the home of Mr. and Mrs. Wayland Stephens at Slaton this week.

Wayne Bodkin will receive his Lone Star Farmer award tonight at a banquet in Houston and thus will bring honor to himself, his family and the community.

We would like to commend the agriculture instructors for the part they played in Wayne's getting the award.

Wayne is the first Olton Lone Star Farmer in recent years but Olton has had its share. Here are the names of four which we copied from an old year book.

They are Clovis Poteet, Bernie Ragle, Frank Gray and Clarence Wright. Frank Gray was the earliest on record in the year book. He got his award in 1934. Bernie Ragle and Clovis Poteet were Lone Star Farmers in 1937 and Clarence Wright received his Lone Star distinction in 1938.

* * *

Well, the farmers hereabouts are waging war on the fleahopper now. Some told us that it was just a scare and that insects posed no threat to crops in this vicinity.

We got our fleahopper information from W. L. Owen, associate entomologist with the Texas A&M extension service. Mr. Owen is stationed at Lubbock.

* * *

By the way, Mr. Owen sent along some pictures showing what thrip and fleahoppers can do. Cotton left untreated in an infested test plot yielded 1,033 pounds of lint per acre, while cotton that received two applications of dieldrin yielded 1,733 pounds per acre. So much for the fleahopper situation.

* * *

Doc Holt tells us that we're going to get better mail service beginning Sept. 1. He said we will be getting 7 day a week service and week-end mail will be speeded up as much as 48 hours in some instances.

A bouquet to C. W. "Clarence" Grant and those who have worked with him in promotion of Scout work here. We were gratified this week when the Lions Club proposed an all-out drive to build a Scout house here.

A Scout house is something Clarence has been battling for since we've lived in Olton. We hope he gets it.

* * *

We congratulate Rusty Sherman and the folks who helped him to win the Cloverlake trip to Hollywood. Give our best regards to Marilyn Monroe, Rusty.
