

ALL STARS of the Dimmitt Little League were named after Tuesday night's games. On first row, from left, are Junior Hampton, Danny Johnston, Edward Nino, Dudley Wooten, Anthony McColum and Ricky Wright. Second row, from left: Daniel Perez, Charles Sammann, Darrell Buckley, Robert Calhoun, Brad Sanders and Robert

Mayberry. Third row, from left: Coach Donald Wright, Harold Love, Kyle Broderson, Florencio Acevedo, Paul Langford, Kelly Moore, Lance Loudder and Coach Travis Hampton. The Dimmitt All-Stars will meet the Castro County All-Stars in the first round of the area tournament in Canyon Monday at 6 p.m.

At New Ball Parks

'Appreciation Night' Set

Dimmitt baseball fans will take time out between games Friday night to hold a special "Appreciation Night" service to pay tribute to those who made the city's two new ball parks possible.

THE SPECIAL Appreciation Night will put a cap on a successful first season at the new parks for four separate leagues—Little, Minor, Pony and Colt.

The brief ceremony will begin at 7:30 p.m. in the Little League park. It will be preceded by a Minor League game between the Dodgers and Cardinals at 6, and will be followed by games between the Minor League Yankees and Astros at 7:45 and the Pony League Pirates and Giants at 8 in the nearby Pony-Colt park.

Friday night's ceremony "won't last more than 15 minutes or so," according to Dr. David Bechtol, president of the Dimmitt Baseball Association. He will serve as master of ceremonies.

During the Appreciation Night service, tribute will be paid to the Dimmitt Lions Club, which donated \$5,500 toward the park construction; to the Dimmitt Jaycees, who contributed \$5,000; and to the companies and individuals who donated money, time, labor, services and equipment toward the construction of the facilities.

THE NEW parks were built on Castro County Country Club land west of the city, and are the result of a large-scale volunteer effort by the community's clubs, businesses and individuals.

Construction cost was \$13,000, and Dr. Bechtol said the new parks are almost out of debt already. Cash donations have totaled \$11,000, and income from the concession stand and advertising signs are expected to finish the job of paying for the parks by the end of their first season.

The parks include bleacher space for 300 fans, a large parking area, fenced playing areas and a central concession stand operated by the Dimmitt Baseball Mothers, and were built of all-new materials.

"IF WE HAD simply had the parks built under contract, they probably would have cost \$18,000," Dr. Bechtol estimated. "We figure we received at least \$5,000 worth of donated labor, services, materials and discounts."

Construction started in February, when Dickey's Dozer Service leveled the playing areas free. Kenneth Jackson Ditching donated the pipe for the underground sprinkler system, and Kemp & Barnes Ditching Co. donated the trenching for the irrigation system.

Southwestern Public Service Co. installed all the light poles after hauling them in at no charge from area towns, and also installed and adjusted the lights. Many of the poles at the parks were donated by Truvis Campbell, West Texas Telephone Co. donated the poles being used for parking boundaries, and Dimmitt TV Cable Co. contributed all the steel banding needed on the fences, backstops and poles.

DON McNEESE of Hereford and Bill Moyer of Dimmitt did all the masonry work on the concession stand for free, and Leaway Roofing Co. of Hereford roofed the concession stand and donated the materials. Much of the concrete work was donated by Killingsworth Construction Co. and Dimmitt Ready Mix, and the city's implement hoyses came through with heavy equipment when it was needed.

Nearly all suppliers discounted the prices of the materials that were bought for the parks, Dr. Bechtol said.

Larry Witt of Killingsworth Construction Co. drew up all the specifications for the two parks and the concession stand, donating his services.

SEVERAL businesses and individuals even paid their employees to work on the park project. These included Donald Wright, Carl King, Melvin Barton, Robert Benton, Western Vegetable Co. and Dimmitt Engine Service.

The individuals who made up the labor force to build the parks included Donald Wright, Dr. Bechtol, Charles Wales, Bill Dannevik, Don Carpenter, Ben Coleman, Bob Murdock, Bill Scott, Ted Robb, Jack Patton, John Nino, Frank Wise, Bill Birdwell, Molly Malone, Rex Wooten, Robert Benton, Jack and Jimmy Howell, Jimmy Presley, Bob Baker, Norville Birdwell, Andy Schumacher, Bob Myers, Bo B-yant, Jim Ratcliff, J. R. Matthews, Harold McColum, Ray Robertson, Fred Annen and Oscar Wylie.

THESE ARE the main people who will be called to the infield for a special tribute by baseball fans during "Appreciation Night" Friday.

Unconventional Classes Give Pupils a Big Boost

By **ALMA CANALES**
Summer is for swimming, making new friends, being lazy, undertaking new projects, wondering where spring went, and living new adventures.

AT LEAST 242 Dimmitt students are learning just that in the conventional schoolhouse. The schools here—as elsewhere—have taken a new look at the conventional teaching methods that have been adequate in assembly-line type of production, but inadequate in the individualized teaching needed by many of our children—especially those without the educational advantages which most take for granted.

Many of these students are swimming for the first time, are shy and stripped of self confidence in meeting fellow students, are physically and mentally slow because of an inadequate diet. And in school this summer living becomes a totally new experience above the mere existence they once knew.

So with federal aid to supplement the local educational facilities and talents, the Dimmitt School District is conducting "Head Start" for pre-schoolers and an unconventional summer school for older students with special needs or problems.

After a long, hard look at dropout statistics, discipline problems and deficiency in meeting the special problems of individual students educators have come up with a new formula—summer school as a training ground for social, cultural, educational and physical education to students with a weak foundation in these areas.

IN DIMMITT, the school district stumbled upon the problem of the mono-lingual student who came to school—a new experience in itself for any 6-year-old—where only English, his second language, was spoken. Here, the Spanish-speaking pupil had to keep up with his fellow classmate, whose conversational English vocabulary already included 1,000 words.

From the first day in the conventional classroom, the pupil would realize he was fighting a battle—a realization that would lead to withdrawal, clownish actions, indifference, resentment or eventual surrender.

The student faced detention in the first grade because of a lack of preparedness for the second grade. After two years in the first grade, two years in the second and finding himself a teenager and a misfit in the elementary grades, the student was often ready to quit school and become a potential welfare parasite. Thus he entered the adult world unprepared to compete in the labor market and a host of new problems awaited him.

SO THE Head Starter comes to school to get, not a head start, but an even start.

The day begins with an adventure—a ride to school in a bus. Students meet at 7:30 each morning and the usual chatter of childish minds is absent. The students are hushed in bewilderment and lack the social training to feel confident to converse with even those in the same age group.

Then, a new experience—a meal sitting in a place where row upon row of unfamiliar faces encircle the student. For the first time, the

student may eat a meal with a menu unfamiliar but somehow appealing and reinforcing to his courage.

In the classroom, the student (See **SUMMER SCHOOL**, Page 7)

Dr. Raymond Perkins

First Baptist Has New Pastor

Dr. Raymond Perkins will begin his duties as pastor of the First Baptist Church in Dimmitt Sunday.

A NATIVE OF Dallas, Dr. Perkins holds a BS degree in physics from the University of Texas at Austin, and did graduate study at Baylor University. He received a bachelor of divinity degree and a doctorate in theology from the Southwestern Baptist Theological Seminary in Fort Worth. While at the seminary, he was a teaching fellow in the department of the Old Testament.

He was pastor of the Tuloso-Midway Baptist Church in Corpus Christi for five years. After two years at the Antelope First Baptist Church, he was pastor at the Lane Prairie Baptist Church in Cleburne for two years.

Dr. Perkins, 37, has written curriculum material for Sunday School lessons for eight years. He worked with the Encounter Crusade in California and was moderator of the Corpus Christi Baptist Association.

BEFORE COMING to Dimmitt, Dr. Perkins was pastor for five years at the First Baptist Church in Kenedy.

He and his wife, Barbara, have three children, Amy, 11, Ray, 9, and Jon, 7.

The Perkins family lives at 606 W. Lee St.

A merchandising program that has met with wide approval by tradespeople of the area will be repeated next weekend, Dimmitt merchants will feature a "Sidewalk Sale" Thursday, Friday and Saturday in an effort to induce people into buying quality merchandise at bargain prices. We suggest that you scan the columns of the News next week, and take advantage of the convenient shopping facilities that are being prepared for sidewalk sales. And, incidentally, go inside the stores, they are well stocked with the finest merchandise available.

Earl and Mable Brock are back in town. Since Earl retired a few months ago they have apparently turned into nomads or Gypsies or something. They just stop briefly when passing through town. Most people take up a hobby when they retire, apparently the Brocks' hobby is traveling.

Dimmitt people usually come through in the clutches. More than once we have seen projects of one kind or another on the verge of failure, but when the chips were down Dimmittites have risen to the occasion. This was the case last week when a number of interested people assumed the responsibility of salvaging the golf course, at the Castro County Country Club, from weeds and lack of attention. Young business men personally assumed the responsibility for weeding and reseeding a green, and you can bet that they will see that the greens are playable before they abandon the project.

County Has Safe July 4 Holiday

Castro County residents observed the July 4 holiday weekend with no serious accidents or incidents.

NO TRAFFIC accidents were reported and only two arrests were made, both for drunkenness.

Tourneys Slated

The post-season round of all-star baseball tournaments will begin Monday.

KICKING OFF the tournament schedule will be the Little League All-Stars will meet the Castro County All-Stars of Hart and Nazareth at 6 p.m. Monday at Canyon in the first round of the area LL tourney.

The Dimmitt - Castro County game will be followed by a bout between the all-star teams from Hereford and Canyon. Winners of the two first-round games will meet at 7:30 Tuesday night for the area championship. Winner of

the area tournament will travel to Borger Monday night, July 22, for the district tourney.

CASTRO County's Pony League All-Stars — to be named after the final season game Monday night — will kick off the district tournament in Hereford July 22 when they meet Littlefield in the first round of a double-elimination tourney.

Other cities sending all-star teams to the Pony League Tournament are Anton, Hereford and Borger.

A schedule of the Pony League tournament appears on Page 6 of this issue.

Berlin Boy, 17, Will Study Here

A "pipedream" for a Berlin boy is almost a reality.

WOLFGANG G. Buschardt of Germany is the 1968-69 American Field Service exchange student for Dimmitt, Mr. and Mrs. D. H. Strickland Sr., Wolfgang's American family, announced this week.

Wolfgang, 17, is scheduled to arrive in New York Aug. 12.

He is the son of Mr. and Mrs. Gerhard Buschardt and has a younger sister, Barbara, 14. Wolfgang's father is a probation officer in Berlin.

IN HIS fifth year at the Johann-Hebel-Schule, Wolfgang began studying English.

"I enjoyed this subject very much and my hope was for a stay in England to learn the language," he writes the Stricklands. "In the summer of 1967, I came to the United Kingdom for 10 days to an International Recreation Festival with a swimming club in Greenwich, London."

He writes that he has traveled in several countries. In 1963 he and his family went to Denmark for a four-week summer stay. In 1965, the family traveled to Austria.

WOLFGANG plans to study and teach languages. He speaks French and Latin besides English and German.

Wolfgang is active on the Berlin swimming team and trains daily for the sport.

He admits that when his mother showed him a newspaper clipping

Wolfgang G. Buschardt

announcing the AFS program and asked him if he would like to come to America "I first thought she was pulling my leg."

Since then, he filed an application and has been assigned to Dimmitt High School.

"A trip to America had been all times my pipedream," Wolfgang said in a letter to the Stricklands this week. "I want to become acquainted with the country and people and their problems and also to widen my proficiency in English."

J. R. Rothwell Services Held

Funeral services were held Monday afternoon for Junior Rufus Rothwell, 55, long time Dimmitt resident who died at 9 a.m. Sunday in Plains Memorial Hospital.

MR. ROTHWELL, who lived at 308 W. Elter St., was a retired restaurant operator and had lived most of his life in Dimmitt. He was born Oct. 24, 1912, in Floyd, Okla.

Last rites were conducted at 3 p.m. Monday in the First United Methodist Church by Rev. Jim Pickens, pastor, assisted by Rev. E. Lee Stanford, retired pastor. Burial was in Castro Memorial Gardens, under the direction of Dennis Funeral Home.

Mr. Rothwell is survived by his mother, Mrs. Leona Rothwell of Dimmitt; two daughters, Mrs. Sharon Lenz of San Diego, Calif., and Mrs. Carolyn Mitchell of Dallas; three brothers, Bill and Harry of Missouri and Jim of California; two sisters, Mrs. Virgil Nowell of Muleshoe and Mrs. Buddy Bates of Plainview; and two grandchildren.

ACTIVE pallbearers were J. M. Wright, Pat Harbor, Truett Boothe, Joe Carver, O. B. Winkle, Jack Cartwright, Roy Stafford and Andy Elder. Honorary pallbearers were Kent Birdwell, Norville Birdwell, W. W. Gilbreath, Ulys Davis, Abe Winkle, Earl Lust, Bob Killough and Vern Lust.

Money Bill Is Adequate, Clayton Says

The appropriation bill passed at the special session of the Texas Legislature will adequately finance all state agencies and departments for the next fiscal year, provide increases in college faculty salaries and expand vocational training, Rep. Bill Clayton of Spring Lake announced this week.

TEXAS TECH will receive money from that bill for swine and vegetable research in the High Plains area, Clayton said. The bill also provides money for building Tech's Veterinary Diagnostic Laboratory, created during the last session.

Clayton explained that the tax bill will add a one-cent increase to the state sales tax and a 75-cent per \$1,000 increase in the corporation franchise tax.

"The mini-bottle bill would have been a shame and disgrace to Texans," Clayton said. He added he hopes liquor reform bills can be passed during the next regular session.

Janice Mooney of Dimmitt made a repeat performance Monday, taking top honors at national Future Homemakers of America pianist in Miami Beach, Fla.

MISS MOONEY, a senior at Dimmitt High School, won the national honor last year also.

She is the daughter of Mr. and Mrs. Bob Mooney of Dimmitt. Over 1,200 delegates are meeting at the 1968 national convention of F.H.A. Monday through today. Miss Mooney and Mrs. Joanne Snider, F.H.A. advisor at DHS, joined 119 F.H.A. members and 34 advisors to make up the Texas delegation to the national convention.

Miss Mooney represented the Panhandle area when she took the state pianist honors at a Texas F.H.A. convention in March in Austin. She played Chopin's "Revolutionary Etude."

SHE HAS been playing the piano for 13 years. She also plays the organ and has won all-regional band honors playing the clarinet.

While at the national convention, Miss Mooney is playing for the national officers and during the Roll Call of the States.

The Dimmitt Rotary Club awarded \$100 to Miss Mooney to help pay the trip expenses.

Onion Harvest Underway

Onion harvesting which began late last week kicked off a chain of vegetable harvesting that will continue through early fall.

PROCESSING began Monday and Homer West of La Mantia, Cullum & Collier produce company said the quality of this sea-

son's onion crop is "real good." He added that yields are down and tonnage will be light. He explained the light yields are evident throughout the state because of cool growing conditions.

The onion harvest will continue through late August.

CABBAGE and carrot harvests are expected to begin late this week or early next in Dimmitt.

Carrot harvest continues through December. The lettuce harvest is expected to begin in late September.

DIMMITT ROTARY OFFICERS for 1968-69 were installed last week at a luncheon for club members and wives at the Colonial Inn Restaurant. From left are Woodrow Killingsworth and Charlie Hays, directors; A. V. Barnes, secretary-treasurer; Ike Moore, president; Judge Raymond

Wilson, vice-president; Ronnie Parker, past president and installing officer; and L. C. Lee, director. The business and professional men's service club meets each Friday at noon at the Colonial Inn.

Easter Lions To Play Tigers

The Easter Lions Club will meet the TV-10 Tigers on the Pony League baseball field in Hereford for a softball game at 2:30 p.m. July 14. Kenneth Fry, president, announced that admission will be \$1.

ANT REPELLENT
Pipe smokers should have little trouble keeping ants off the camp table. Just dip four pipe cleaners in coal oil and wrap one cleaner around the leg of the table. Ants won't come within a country mile of the table top.

CLEANING CREELS
Fishing creels should never be stored without cleaning them thoroughly to remove slime and other dirt. Not only will good cleaning improve the odor of your creel, but it also will extend its useful life. To do the job with efficiency, use a stiff scrub brush, and a soda and water solution made from 1 cup of baking soda to a good-sized bucket of water. Wash the basket well, then rinse it, and hang it in the sun to dry.

Bible Thoughts

GOD OR CONSCIENCE?
By Ronnie Parker

Even though Jeremiah tells us that "it is not in man that walketh to direct his own steps" (Jeremiah 10: 23, same still attempt to do so. The result is spiritual chaos. In the tenth chapter of Romans, Paul said that the Jewish nation was in a lost condition due to rejecting God's righteousness while following their own. It is folly for a human being to reject divine guidance as he strives to live a spiritual life. It is so easy to be deceived — either by others or by one's own self — that we must depend on God for guidance. Saul of Tarsus thought he was correct in opposing Jesus by persecuting the church. Even after his conversion to Christianity he said, "I have lived in all good conscience before God until this day" (Acts 23:1). Yet, he also said that he had been the "chief of sinners" (1 Timothy 1:15). Paul's conscience was not a safe guide nor is ours. We cannot be guided by our feelings alone for they are often deceptive. We should say, "let the Bible be our guide" rather than "let our conscience be our guide."
Remember that Jesus said, "And why call ye me Lord, Lord, and do not the things which I say?" (Luke 6:46). Christ is the "author of eternal salvation to all them that obey him" (Hebrews 5:9). It is not enough to be sincere; we must be sincerely obedient to the Lord in order to be saved.

Predatory Insect To Control Pests

Bollworms and tobacco budworms in cotton may be more resistant to available insecticides these days, but the pests still fall readily to nature's equalizer — the predatory insect.

IN THIS CASE, the predator that attacks the bollworms and budworms is the larva of the green lacewing (Chrysopa carnaria).

Two USDA entomologists at Texas A&M University have obtained a 96 percent reduction of bollworms by releasing Chrysopa larvae into a cotton field. And they also observed that the larvae, also known as aphid lions, showed a respectable tolerance to insecticides themselves.

Dr. R. L. Ridgway and Research Technician S. L. Jones didn't get such high control by releasing a few handfuls of the lions in a cotton patch. Instead, they released many thousands of the pest eaters. Inundation, they call it.

RIDGWAY emphasized that such a practice is still in the experimental stage and is not meant to replace but to reduce the use of insecticides. It is hoped that the system, when and if it becomes a recommendation, will be a biological supplement to chemical control programs.

Chrysopa larvae, the entomologist believes, would fit nicely into an integrated control program. As a first step, early season cotton pests (aphids, boll weevils, fleahoppers, lygus bugs and spider mites) would be checked with a systemic insecticide. Then would come a liberal release of lions to take on the bollworms.

As the name implies, the lions also have a healthy appetite for aphids. However, Ridgway and Jones found that this characteristic didn't keep Chrysopa from feeding on the bollworms and budworms.

The entomologists tried the predator in cage tests and obtained excellent results. Later they moved into a cotton field to learn the real value of the releases.

CHRYSOPA larvae were turned loose in one-twentieth acre plots, each surrounded by 13 to 15 feet of fallow ground for better isolation. Two to three-day-old larvae were released at the rate of 92,000 per acre. About a week later, 200,000 were released.

"These releases resulted in excellent control of bollworms and peak population of worms of about 18,000 per acre was reduced to about 700 per acre, a reduction of about 96 percent."

He also noted three-fold cotton yield increases in the experimental plots.

"Hopefully, these studies may eventually lead to the practical use of releases of Chrysopa for control of bollworms, budworms and possibly other pests," Ridgway said.

NET

One of the definitions for a net is a trap or a snare. A net is used to catch a fish. There are times in every man's life when, like Job, he feels that God has trapped him in a net. Job 19:6 reads, "Know now that God hath overthrown me, and hath compassed me with his net."

But our troubles and afflictions are never caused by our God. Moreover, His Word says He is ever faithful to deliver His people. The Psalmist asserts: "Mine eyes are ever toward the Lord; for he shall pluck my feet out of the net."

How wonderful are His promises. These promises are proclaimed from the pulpit by your pastor each week for the blessing and edifying of God's people. Won't you attend church this week and partake of this blessing?

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Vacationers Go to Mountains and Hawaii

By MYRTLE SHEFFY Dimmitt people have been on the go this week.

DR. AND MRS. Bill Lee and three daughters are in Hawaii for two weeks vacationing and sight seeing.

Also in Hawaii is Mrs. Dan Prather, who went to join her husband, Capt. Prather. He is stationed in Vietnam and traveled to Hawaii to meet her there.

Mr. and Mrs. Paul Hilburn Jr. and son are visiting with his parents, Mr. and Mrs. Paul Hilburn and family, and her parents in Tulia. The younger Hilburns leave this week for South America, where he will work with the State Department.

The View From Your Library

By VIRGINIA NEWSOM

How does a dream become a reality? What gives a middle-aged man the desire to sail across the Atlantic Ocean in a small sail boat? "Tinkerbell" by Robert Manry is the story of this man's adventure and the reasons behind his decision to make such a trip. A trip which lasted 78 days, the story tells of Manry's encounter with three Russian travelers, being knocked overboard by big waves, suffering weird hallucinations, receiving a feast from an unexpected source and his ultimate arrival in Falmouth, England, and what went on between, make up this engrossing real adventure story.

A COMPLETELY different type of story, but also a real, life story has the interesting title—"One Hundred Dollars and a Horse" the book is written by Dr. Gordon Bryson.

Dr. Bryson was a practicing physician in Bastrop County, Tex., for 36 years. Through thick and thin (but mostly thin) Dr. Bryson stuck it out in the best Hippocratic tradition, ministering to those who needed him. His autobiography is replete with rousing stories of practice and of family and with canny observations of the changing world about him. Dr. Bryson was a student of the humanities at the University of Texas at 75.—thus we have the interesting story of the productive and varied life of one very worthwhile human being.

These are two books that are fairly new to our library and well worth the time it takes to read them.

Remember the book sale Saturday on the court house lawn. There will be a lot of books, and you may find just what you are looking for. The sale will begin at 9 a.m. and continue until 4 p.m. barring unclean weather.

Mrs. Ed Hughes and son of Morencia, Ariz., visited the Earl Lusts last week.

Letters to the Editor

Supreme Court Justices Need Experience, Reader Believes

Dear Editor: Several weeks ago while in the Veterans Administration Hospital in Amarillo, I heard on television someone make a statement pertaining to a change of selecting men who will sit on the bench of the US Supreme Court. I do not remember who the speaker was, but I believe it was a member of the Congress.

Court Justices be made only to those qualified by having served at least ten (10) years on an Appellate Court or Supreme Court of the several States, or with the Federal District Court or Federal Court of Appeals, or the combination of years served on any of the above named courts equaling the said ten (10) years of experience in court service.

HERE IS A resolution I introduced in 1963 to the American Legion convention of the 18th District. Needless to say, it was defeated at this level and never got to state, although it had been adopted by Greer H. Estes Post 445 of Dimmitt.

This will show only one of several ways in which to improve the capability of the Court and not destroy everything this country stands for:

WHEREAS: The highest and most important judicial decisions rest in the hands of some inexperienced persons who must determine the course of a great country and of free men, and

WHEREAS: This practice of inexperienced men sitting in the highest court of this nation should be discontinued,

Johnson Wins At Clarendon Rodeo

Roy "Cowboy" Johnson of Dimmitt won the rope and saddle competition in Clarendon, posting a total time 1.6 seconds, faster than his closest competition in the calf roping event.

THE CONTEST was held as part of the Clarendon July 4 celebration.

Johnny Northcutt of Hereford teamed up with Johnson in team roping. Participants competed in both calf and team roping for the Rope and Saddle award.

Driver Enters Innocent Plea

Gary Lynn Lilley, 21, of Dimmitt is to appear for trial Tuesday after having posted \$600 bond. LILLEY pleaded innocent to charges of driving on an expired license, running from a patrol car and speeding at 80 mph in a 35 mph zone in the city. The charges were made after a police chase that ended in a crash near Arney July 2.

Braves Top Olton, 11-1

The Dimmitt Braves traveled to Olton Sunday and came home with an 11-1 victory. David Davila led the Braves, pitching the team to victory by allowing 7 hits and striking out 11 in a seven-inning game. Johnny Brown had 3 hits in 5 at bat and 2 RBI. Manual Catano was 3 for 5 also. Jimmy Diaz went 3 for 4 and 1 RBI. The Braves will meet the tough Muleshoe Mules Sunday.

OILY TRICK

When fish are in the doldrums and not biting, try stimulating their interest. On your next fishing trip, include in your lunch box a can or two of sardines. Dip your pork rinds in the left-over sardine oil every now and then when casting, and you'll find that the fish take a renewed interest in your offering. Fish go for that exotic sardine oil. You might ask mama to keep a small bottle handy in the kitchen... and pour the excess sardine-can oil in it until filled. Then pack it away in your tackle box to use anytime you need it. —Tips for Outdoorsmen

CATCHING PAINT DRIPPINGS

Painting boats—or even lures—can be a messy chore. Paint drips all over everything nearby. Of course, you can set the can of paint on a plate or board to catch the drippings, but carrying the plate or board from spot to spot can be an all-fired nuisance. Eliminate this bother by dabbing a spot of glue on the bottom of the paint can, then place the can on a paper plate. Wherever you tote the paint can, so goes the paper plate paint-catcher. —Tips for Outdoorsmen

MISS LORENE BROCKMAN, daughter of Mr. and Mrs. Lon Brockman, has been enjoying several weeks with her uncle and aunt, Mr. and Mrs. Conrad Rickwartz, in Las Vegas and Colorado.

Survey Seeks 'Fun' Choices

Castro County is among 39 counties and 113 cities and towns chosen for a household survey to be used in determining the type of outdoor recreation Texans prefer.

THE POLL, taken by the Texas Parks and Wildlife department, began this week in Fort Worth, Amarillo, Houston, Post Arthur, San Antonio, Beaumont and Orange.

More than 15,000 families will be interviewed. Addresses and residential blocks to be polled were chosen on a random block basis by Texas A&M University to encompass the wide range of income, age, education level and occupational fields.

Information obtained from the survey will be used to update the State of Texas Comprehensive Outdoor Recreation Plan which is required for participation in federal funds available under the Land and Water Conservation Act of 1965. The collected data will be available to governmental and private suppliers of outdoor recreation areas for formulating decisions in providing recreation facilities.

MANY ASPECTS of development in our state park system depend on the information gained by the survey, Mark Gosdin, park services director for the Department, said.

Let's go, sports fans!

Let's go to "Appreciation Night" Friday evening at Dimmitt's junior baseball park complex!

Let's give a big cheer to the Lions Club, Jaycees, Baseball Commission and volunteers who built the beautiful new parks and paid for them!

Let's let them know we appreciate what they have done for the boys of our community!

Are you ready? Then let's go!

IT'S A HIT!

Nothing has made a bigger hit with us in a long time than the sight of our fine new junior baseball parks.

Now it's possible for the boys of our community to take part in junior baseball leagues - and for every boy to get a chance to play.

Our community owes a debt of thanks to the Dimmitt Jaycees, the Dimmitt Lions Club, to the Baseball Commission, and to all the volunteers who made our modern, lighted baseball parks possible.

FRIDAY NIGHT is APPRECIATION NIGHT

at our new ball parks. Let's all attend and show our appreciation - not only to those who built and financed the new parks, but to the team coaches, managers, sponsors and league officials who have made this baseball season such a big hit!

Sen. Ralph Yarborough

Surtax Hits Individual But Not War Profiteers

By Sen. Ralph Yarborough (D-Texas)

Two weeks ago the Senate passed and sent to President Johnson the tax increase—providing a 10 percent "surcharge" addition to personal taxes, and cutting federal spending by \$6 million. I voted for that tax bill with great reluctance, because I think it means an unfair distribution of the tax burden.

I VOTED for it because I'm convinced our economy is in danger; our dollar weakened. The war drain on our nation's finances is \$30 billion this year alone. The war has made it necessary to find new funds, and President Johnson chose the surtax.

The surtax is graduated; thus the man earning less than \$5,000 a year, with a wife and two

children, is not affected. The tax is retroactive to April 1, and it expires June 30, 1969. The married man with two children who earns \$7,500 a year should pay \$51 more in taxes this year, and \$34 next year. The \$10,000-a-year man with a wife and two children pays \$84 the first and \$56 the next year.

In framing the surtax, the Bureau of the Budget did the individual taxpayer a great injustice. The new tax does not do anything to tax the profiteering by a few who are making vast fortunes off the war.

SPEAKING to a House committee nine weeks ago, Vice Admiral Hyman Rickover said many companies are making fat profits off contracts for supplies to support our men in Vietnam. Congressman Patman of Texas—chairman of the Banking Committee—also expressed alarm over these profits.

In World War II, we had an excess profits tax, devised by President Roosevelt. He told Congress, "We are making even our humble citizens contribute their mite. It is our duty to see that our burden is equitably distributed, so that a few do not gain from the sacrifices of many."

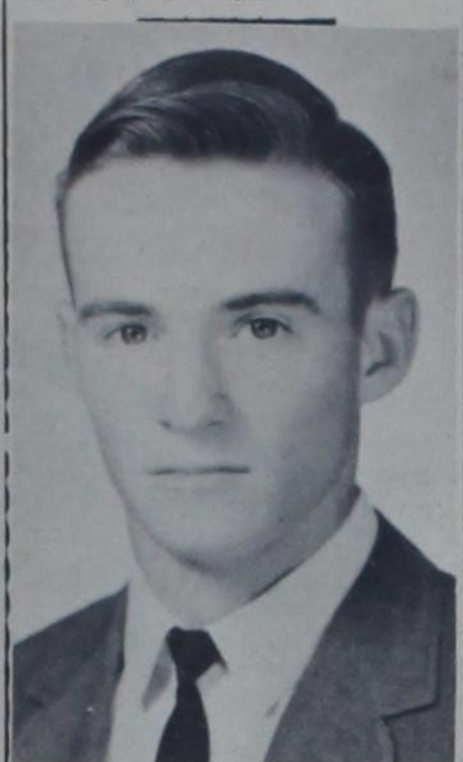

On April 10, I supported South Dakota Senator McGovern's proposal to tax excess war profits. Unfortunately, only 16 senators voted for this war profits tax.

IN THE last two years, the individual taxpayer's share of the cost of running the government—including the war—has risen from 41 to 49 percent. Nearly half of the \$350 billion spent in the last two years came from your personal income tax payments.

During that same 24-month period, corporation taxes as a percentage of our total receipts fell nearly 2 percent, from 22.7 percent to only 20.3 percent. Your share and my share went up, but the corporate share of income taxes went down. And Admiral Rickover notes that defense contractor profits have jumped 25 percent in recent years.

I voted for the President's tax bill because there is not enough time before Congress adjourns to pass any other tax bill this year.

But it is unjust to tax the average American without also putting a realistic tax increase on the concerns that make money off the war. No one should get rich off the war in Vietnam.

Sharp Joins Bank at Hart

Kenneth Ray Sharp, 20, son of Mr. and Mrs. Orval Sharp of Hart, has accepted a position with Farmers State Bank, effective July 8.

SHARP WAS born in Boatman, Okla., and moved to Hart in 1960. He graduated from Hart High School in 1966 and attended West Texas State University, majoring in data processing and computer science.

While attending Hart High School, he played football and basketball for two years, tennis and volleyball four years, track, was a member of FFA for three years, participated in the state parliamentary procedure contest as a freshman and was voted "Most Friendly" during his senior year at Hart High School.

Western Merges With Elcor Corp.

The merger of Western Ammonia Corp. into the Agricultural Chemicals Division of Elcor effective July 1 was announced this week by Roy E. Campbell, president of Elcor Chemical Corp. CAMPBELL said there will be no changes in management or operations. Elcor will continue to market all Western Brand products, he added.

Elcor's retail marketing operations in Dimmitt are directed by Glenn Watts, and Ron Miller is plant manager.

NEWS OF HEMISFAIR '68

There are so many highlights to the San Antonio World's Fair visitors have to keep a watchful eye for the sidelights—too numerous to be listed but too interesting to miss.

THERE IS ALWAYS talk about the fabulous \$50 million in art treasures from Spain, the nearly 500-year-old fresco of Amerigo Vespucci and the controversial film on the world's largest screen at the United States Pavilion.

But, it takes a wandering fair visitor to discover the Swiss Boutique with walls of musical and cuckoo clocks, each set at different times to keep from driving the shopkeeper deaf.

The same is true for visitors to the Panama Pavilion, most of whom have heard about the working scale model of the Panama Canal.

UPON ENTERING they find a 40 pound stalk of bananas which, as they ripen, are passed out a bunch at a time to fair visitors.

Those who go into the Belgium Pavilion to watch the diamond cutter at work are awed by a brilliant collection of diamonds, including the world's smallest cut diamond, which is viewed through a microscope.

At the United States Exhibit Hall, sports fans are finding a very interesting collection of equipment from sports heroes—such as Ty Cobb's bat and Joe Louis' boxing gloves—and the Kaleidoscope effect drawn from the Mexico Pavilion in its three-film presentation on a series of mirrored screens is a must for the visitor.

ACTUALLY, Mexico and the \$10 million Institute of Texan Cultures offer the best opportunity for "sidelight seeking."

The Mexico Pavilion includes objects from as early as 400 a.d., a beautiful altar taken from a church in the interior of Mexico, a room full of modern art and numerous items from the 15th through 17th centuries.

The Texas Pavilion spares nothing in tracing the 25 ethnic cultures to present day Texas and each section of the sprawling exhibit area has its sidelights to see.

VISITORS learn that two years before the Wright brothers made their first flight, a Texan was selling stock in Ezekiel Airlines. It seems the Texan found out how to build an airplane by reading Ezekiel in the Old Testament, and sold shares in his company for \$25 each in an effort to raise \$20,000 in capital.

Next Year's Programs Now on Drawing Board

By IRENE KEATING
It sure is nice to be home again. The time I spent in Colorado was very interesting and enjoyable. I learned some things that will be very helpful to me. I'd like to share a poem by Van Dyke with you. My professor in Human Behavior class gave it to us as a philosophy to live by. It truly is a wonderful verse. I'm sorry I don't know the title.

Think without confusion clearly; Love your fellow man sincerely; Act from honest motives purely; Trust in Heaven and God sincerely.

WE ARE having District meetings in Amarillo Tuesday, today, and Friday. It is already time to begin plans for next year's programs. Time sure goes by in a hurry.

Here are some thoughts on family conflicts that may be useful to you. Don't feel bad if your family has arguments frequently as they are a good way to relieve tension and clear the air.

Family conflict is normal and may even close the "generation gap" between parents and youth. STUDIES REVEAL that a majority of parents and youth get along reasonably well but that at times all of them have misunderstandings and disagreements. To be "normal" in this case means that you can expect some problems.

Family living demands close-association in intimate relationships. It's almost impossible for people to live together closely and not have some friction at times. Parents and youth both need to learn to quarrel constructively, to build rather than destroy and to solve problems rather than ignore them or make them worse.

The solution to parent-teen problems is not to deny their existence or to eliminate conflict. Learn to use conflict to solve problems together and to strengthen the relationships between parents and youth.

CONFLICT can help you or your family. Arguments or heated discussions between parents and youth can help relieve tension, clear up misunderstandings, solve problems and achieve compromises and greater family unity. But not all conflict is good or helpful. Some is destructive, increases bitterness and tension, alienates parents and youth and stimulates further hard feelings.

Georges Attend Family Reunion

By LAVERNE McDANIEL
Mr. and Mrs. Jimmy George and girls were in Anson over the weekend to attend the 80th birthday celebration of Mrs. George's grandfather, H. H. Cox. Mrs. George's sister, Joyce Autry and children of Rocky Ford, Colo., are here for a visit and also attended the celebration.

MRS. JOHN CRUM visited her brother-in-law, Buck Crum, in the hospital Sunday.

Rev. and Mrs. Carl McDaniel, Kayla, Sonja and Lodonna of Ovilla, have been down the past week visiting his parents. Mr. and Mrs. Robert McDaniel and family, and Mrs. McDaniel's parents in Hereford, Mr. and Mrs. N. E. Stowers.

Rain reported in this community was one inch to three inches Sunday and Monday.

EXPERIMENTAL BASS BAIT

Bass should like the same bait that trout do, as their tastes seem very similar. Since it is well known that trout have a weakness for those little marshmallows the stores sell, why not try out this sweet bait on your next bass fishing trip? Dip small marshmallows in egg dye that has been allowed to cool. Sprinkle with grated cheese while still moist and put in tightly sealed bottle. Store in cool place until ready to use.

Weather Bureau, State Launch Tornado Preparedness Program

C. O. Layne, State Coordinator of Defense and Disaster Relief for the Texas Department of Public Safety, announced today that the Weather Bureau and the state have jointly initiated a program of improved public preparedness against tornadoes.

THE ACTION is part of a major national program designed to reduce the toll taken by tornadoes, considered by the Weather Bureau to be the most vicious of all natural hazards.

Last year was the worst in recorded history for tornado incidence in the United States. There were 912 tornadoes reported, causing 116 deaths, approximately 2,000 injuries, and untold millions of dollars in damage.

A new tornado preparedness plan for community protection has been developed by the Weather Bureau, and is expected to be placed in operation during the next few years at all locations subject to tornadoes and severe thunderstorms.

"VIGOROUS programs of community action have been shown to increase substantially the degree of protection possible against the effects of tornadoes," Layne said.

"In such programs, the Weather Bureau, Department of Public Safety, news media, and local officials all play major roles," he added.

A recent example of the benefits of community preparedness was exhibited in the Miami, Tex., tornado of May 6. By the coordinated actions of the Weather Bureau, DPS, local television and radio stations, and local agencies and citizens, effective warning was given the city. The warning was then acted upon by local officials knowledgeable in tornado safety precautions and was directly attributable to the saving of lives.

A recent effort of the Weather Bureau program to keep the nation as safe as possible from tornadoes was the production of the film "TORNADO". This film has been viewed by millions, and is currently one of the most popular films in the libraries of the DPS and Weather Bureau.

"ADDITIONAL meetings with city and community officials, state and local law officers, disaster agencies, and others will be held throughout the state in the future to work out the details necessary for the best possible protection of life and property," Layne said.

FRANK FORD GREET'S J. L. PROFFITT DURING RECEPTION FRIDAY . . . At left is Dale Maxwell, Ford's county campaign manager

Ford Praises Area, Hits State Tax Bill

Dimmitt is "on the verge of great progress and growth," J. Frank Ford Jr., of Hereford, Republican candidate for state representative, noted at a reception for his family in Dimmitt Friday afternoon.

FORD STOPPED here for a reception at the First State Bank community room after campaigning in Morton and Littlefield earlier Friday. He is opposing incumbent Bill Clayton of Springlake.

"There is no doubt that the Dimmitt area is on the verge of great progress and growth," Ford said Friday. Noting that "major packer-buyers in the area are enhancing the cattle feeding potential," Ford quoted figures that show that 335,000 additional cattle could be fed on the grain sorghum grown in the Dimmitt area last year.

CASTRO COUNTY raised 13.4 million bushels of grain sorghum in 1967 above the amount fed to cattle in this county, Ford said. "This would mean feedlot capacity of 140,000 head, 200 full-time employees and over \$3 million a year in the local economy.

"This potential, plus the starch

plant and increased interest in vegetables, means a bright future for the people of this area," he added.

"I AM committed to a teachers' pay raise, and I don't know where it is going to come from," Ford said. "But I am going to look hard for places to cut the budget before I raise any taxes."

Ford charged that there is slack in many state agencies. "I am going to cut Mr. John C. White's budget," Ford said "because he is campaigning with taxpayers' money."

HE ALSO pointed to graft on the Liquor Control Board, praised the Department of Public Safety, and charged that "not one Democrat spoke up when in a closed session \$500,000 were added for the LEJ Park to an appropriations bill."

"You know that additional expense was planned months ago and would not have stood the light of day in regular session," Ford told his audience. "But they had that strategy planned all along for the expenditure to be added in Ben Barnes' office."

Ford said ad valorem taxes are carrying too much of the school burden already. Education is the most important aspect of the state government, he added, and being 33rd in the nation is not the answer. He proposed a vocational school, using existing facilities, where retired skilled workers would teach vocational skills to young people. He expressed opposition to a college tuition hike.

FORD SAID he will study closely ways of importing water into Texas with his brother, Dr. Davis L. Ford, who has been appointed to head the University of Texas engineer recruitment program for water importation.

Ford called the War on Poverty "a great disillusionment," said the Job Corps "has some merit, but the cost of training a person is equal to sending a student to Harvard three times, described President Johnson as an "Amoral politician," and said people "must get off the idea that there is something for nothing."

"Doc Blanchard was laughed at when he proposed that women on the welfare rolls should be limited

to three illegitimate children," Ford said. "We are figured three mistakes was about enough."

He said that Democrats "who see the waste in our government are going to help us in this election."

"I PROMISE to serve only two terms," Ford said, "I don't want to make politics a career."

Clayton Attends Water Conference

State Rep. Bill Clayton of Springlake is attending the Second Annual National Conference of State and Federal Water officials in Detroit this week.

CLAYTON is chairman of the Interim Water Committee of the Texas House of Representatives. He was appointed to attend the conference by Speaker of the House Ben Barnes.

Barnes said Clayton is "the most knowledgeable public official in Texas on water conservation and development."

The conference includes reports and workshops on interstate water problems, state programs and problems, municipal problems and flood control.

New Use For Golf Club Bag

Don't throw away that old golf club bag! That is, if you own an outboard motor of small horsepower. It can then be easily carried by the bag straps without the usual danger of damage. —Tips for Outdoorsmen.

Our boys know

You can bank on the people of Dimmitt!

The boys of Dimmitt — and their parents — have learned a valuable and heartwarming lesson. They have learned that you can bank on the people of Dimmitt to provide the baseball parks possible for our youth to have a safe, well-organized baseball program.

They have learned that you can bank on Dimmitt's people to continue building a progressive community with excellent facilities for all its citizens.

The people of Dimmitt who built our new baseball parks, who financed them, who guide our leagues and support our junior baseball programs have provided our city with something that would be the pride of many larger cities.

First State Bank is glad to have been a partner in the financing of the city's new baseball parks. We at First State Bank have learned, too, that you can bank on the people of Dimmitt. We've been doing it for many, many seasons.

Pohlmeier - Bogle Vows Are Recited

Pamela Kay Pohlmeier and Guyeth Lyn Bogle exchanged wedding vows June 24 in a double-ring ceremony in the Holy Family Catholic Church of Nazareth.

REV. WILMER RIECHEL officiated over the 4 p.m. nuptial mass.

The bride is the daughter of Mr. and Mrs. LeRoy Pohlmeier of Nazareth, and the bridegroom is the son of Mr. and Mrs. Guy Bogle of Hereford.

The altar decor included white gladioli, greenery and potted fern. Mrs. Jim Bell of Midland, Mrs. Virgil Pohlmeier of Tulsa, Mrs. Bill Hill of Hart and Mrs. Denny Heiman of Nazareth sang "Ave Maria." Mrs. Leonard Conrad, organist, accompanied the quartet.

WEARING A floor-length gown of bridal satin with lace-covered bodice and sleeves, the bride was given in marriage by her father. Her veil was trimmed with lace applique, matching the lace of the gown, and was held by a tiara of teardrop pearls and rhinestones.

Linda Pohlmeier of Amarillo, sister of the bride, was maid of honor. Brenda Pohlmeier, Monette Pohlmeier and Carol Schulte, all of Nazareth, served as bridesmaids. They wore floor-length gowns of red crystalline featuring lace bodices. Each of their headpieces was a red rose.

Norman Harder of Hereford was best man. Kerry Struve, of Dimmitt, Rick Reinart of Hereford and J. C. Pohlmeier of Nazareth were groomsmen.

USHERS included Dennis Hoff-

man of Oklahoma, Johnny Huseman and J. D. Harder of Hereford, Gary Gerber of Nazareth and Gene Gerber of Canyon.

A reception and dance followed in the Nazareth Community Hall. The bride is a graduate of Nazareth High School, attended West Texas State University and was formerly employed by Palmer Norton's office in Hereford. The bridegroom is a graduate of Hereford High School, attended Texas Tech and is now a farmer in Center, Colo., where the couple will make their home.

VFW Auxiliary Slates Banquet

The second annual officers banquet is set for Friday night for the VFW Ladies Auxiliary and Junior Girls.

The banquet will be held at the post home at 8 p.m. New officers will be presented and a dance will begin at 9 p.m. Lilly Marie Howard will play for the evening. Honorary members must pay \$1 admission to the dance.

Roberson - Aldridge Vows Are Recited

Miss Donna Kay Roberson of Olton became the bride of Jim Aldridge Jr. of Dimmitt in an evening ceremony June 27.

THE BRIDE is the daughter of Mr. and Mrs. Gilbert Roberson of Olton and the bridegroom is the son of Mr. and Mrs. Jim Aldridge Sr. of Dimmitt.

Rev. Jim Pickens officiated at the single ring ceremony at 7 p.m. at the First United Methodist Church in Dimmitt. A family reception in the home of the bride followed the ceremony.

The couple traveled to Ruidoso, N.M., for a wedding trip.

THE BRIDE is a graduate of Olton High School and is a sophomore at Texas Tech. The bridegroom is a graduate of Dimmitt High School, a senior at Texas Tech, and is stationed this summer in New Jersey with the National Guard.

Miss Rudd Weds James E. Killough

After a wedding trip to Ruidoso, N.M., Mr. and Mrs. James Earl Killough are at home at 504 W. Cleveland St. in Dimmitt.

THE COUPLE was married Saturday at 6 p.m. in the Northside Baptist Church. The Rev. M. A. Pennington officiated at the double ring ceremony.

The bride is the former Rhonda Christine Rudd, daughter of Mr. and Mrs. B. L. Rudd of Dimmitt. The bridegroom is the son of Mr. and Mrs. W. C. Killough of Big Springs.

Pink and white daisies and candleabras with white tapers decorated the altar.

THE BRIDE, given in marriage by her father, wore an original gown of white French lace and tulle over satin designed with a sheer yoke embroidered with lace applique and pearls. The long sleeves ended in points over the hands and a tiny collar completed the bodice. The skirt had a tiny lace yoke with scalloped edges at the lower neckline. A veil of illu-

sion of tulle was held by a tiara of pearls. The bride carried a bouquet of white carnations centered with a white orchid atop a lace-covered white Bible.

Elaine Burgess, organist, accompanied Jeanine Wimberly who sang "Love Me Forever," "Whither Thou Goest" and "Wedding Prayer."

Linda Wimberly served as matron of honor. Cynthia Walls was bridesmaid. They wore floor-length gowns of pink chiffon over lace.

ELLIS BUTLER served as best man. David Wimberly served as groomsmen. David Woods and Sammy King were ushers. Ruthie Harris and Jo Ann Shugart were candle lighters. A reception was held in the community room of the First State Bank immediately following the ceremony.

The bride is a student at Dimmitt High School. The bridegroom is a graduate of Big Springs High School and is presently market manager for Piggly Wiggly.

Couple Exchange Vows in Germany

Miss Lynn Marie Hale became the bride of Allan Morris Gowdy in double services in Wiesbaden, Germany.

THE COUPLE exchanged vows in a civil service at 9:30 a.m. June 28 in the Wiesbaden-Beibrich registrar's office with I. V. Lehr, registrar, officiating. Lindsey Air Station Chaplain Fulton officiated at the religious ceremony at 3:30 p.m. in the Lindsey Air Station Chapel.

The bride is the daughter of Mr. and Mrs. Gerald Hale of Hereford and the bridegroom is the son of Mr. and Mrs. Morris Gowdy of Dimmitt.

The bride wore a street-length shift of white lace featuring long sleeves trimmed with lace ruffles at the cuff and just below the elbow. The dress neckline was trimmed with a lace ruffle that led to a lace bib sprinkled with tiny pearl buttons. The bridal veil was three layers of illusion silk attached to a jewel studded organza rose. She carried an arm bouquet of white spider mums, white rittersporm and greenery. She also wore her great-grandmother's onyx and diamond ring.

MRS. JACK GODFREY of Detroit, Mich., served as matron of honor. She wore a Navy blue crepe street-length dress with lace sleeves and oval neckline. Don Hart of Arkansas, now with the US Army, served as best man.

A dinner was held for the wedding party between the two services at the Amelia Earhart Hotel. The bride is a graduate of Hereford High School. The bridegroom attended Dimmitt High School and is now serving with the US armed forces in Germany.

The couple will remain in Germany for one and a half years.

Miss Huseman

August 8 Date Set

An Aug. 8 wedding in the Holy Family Catholic Church in Nazareth is planned by Jeanette Marie Huseman, daughter of the late Mr. and Mrs. Lawrence Huseman of Nazareth, and Joe Wade Johnson, son of Mr. and Mrs. Arch Johnson of Happy.

THE BRIDE-elect is a graduate of Nazareth High School and is a senior at Texas Tech, majoring in home and family life.

The prospective groom graduated from Happy High School and attended West Texas State University.

THANKS FOR THE "OPEN SEASON"

Our entire community appreciates the efforts of the Lions Club, Jaycees, Baseball Commission and volunteer workers who provided the boys of Dimmitt with an "open season" - with the modern ball-park facilities that sustain four leagues and make it possible for all boys to have a chance to play.

Public Hearing Set in Denver On Sugar Beets

The Department of Agriculture has announced that an informal public hearing will be held July 25 in Denver, Colo., to receive views and recommendations on whether or not proportionate shares (farm acreage allotments) should be established for the 1969 crop of sugar beets in the domestic beet sugar area.

THE HEARING will begin at 10 a.m. (Denver time) at the Brown Palace Hotel.

Notice of this hearing will be filed within the next few days for publication in the Federal Register, according to the County ASCS office.

Views and recommendations on the possible need for establishing proportionate shares may be presented orally at the hearing, preferably supported in writing by an original and two copies of the oral statement.

VIEWS AND recommendations may also be submitted in writing (original and two copies) at the hearing or they may be mailed to the Director, Sugar Policy Staff, Agricultural Stabilization and Conservation Service, US Department of Agriculture, Washington, D. C. 20250, postmarked not later than Aug. 16.

MODERN AGRICULTURE

Wheat Harvest Is Set at \$1.38

Wheat certificate payments to farmers participating in the 1968 wheat program will have a value of \$1.38 per bushel, the US Department of Agriculture has announced.

THE PAYMENTS are based on the difference between the July 1, 1968, wheat parity price of \$2.63 per bushel and the 1968-crop national average loan rate of \$1.25 per bushel. The 1967 value was \$1.36 per bushel.

Wheat marketing certificates are authorized by the two-price provisions of the Food and Agriculture Act of 1965, guaranteeing participating farmers 100 percent of wheat parity price for their share of the wheat used for domestic food. This substantially bolsters farm income for wheat while permitting support of market prices through loans at levels more competitive in world trade channels.

Charley E. Hill, office manager of the Agricultural Stabilization and Conservation County Committee, said this week that certificate payments to farmers participating in the 1968 wheat program will begin this fall from the Castro County ASCS Office. The payments will be based on the projected production of 40 percent of the farm's planted acreage within the 1968 wheat acreage allotment.

NATIONALLY, certificate payments to approximately 837,000

participating farmers will total about \$730 million for the 1968 wheat crop. About 85 percent of the national allotment is on participating farms.

When related to the total production on the 49.2 million acres of allotment on participating farms, the \$730 million in certificate payments represents additional income at a national average of 55 cents on each bushel produced by participants.

The total average return per bushel will depend on price farmers receive in the market from their 1968 wheat crop.

Plastic Pipe On the Range?

The problem of getting water to a part of the pasture or range which is undergrazed may be solved through the use of a plastic pipeline, suggests B. J. Ragsdale, Extension range specialist.

Conventional float controlled water troughs or the newer automatic fountains can be used to control the flow of water in such an installation, he says.

The plastic pipe should be placed below the soil surface to prevent deterioration from sunlight but it isn't necessary to bury the pipe below the frost line if the pressure is to be removed during the winter, he says.

Stubble Is Important To Nature's Process

By LARRY STARNES

Wheat stubble can be used to reduce production cost and increase yield of future crops.

EXAMINING nature's methods of disposing plant waste, the first step in the process of decay is moisture absorption into plant cells near the soil surface creating a favorable habitat for multiplication of plant decaying organisms. Decaying roots and plant parts help improve soil tilth which improves the ability of soil to absorb water. Plant residues left on the soil surface tends to decrease soil temperatures and reduce moisture losses due to evaporation. Residues decaying on the surface is nature's way of insuring absorption of rainfall into the soil profile. At the same time decay processes are releasing nutrients essential in the production of the next crop.

Rainfall on the High Plains can normally be expected in the greatest quantities during the summer months. Most of the rains are the high-intensity, short-duration type. Unprotected soils tend to become compacted by such rains and water penetration is reduced.

Residues left on the surface will protect the soils from erosion by increasing the intake of the soil and by holding the soil in place.

FERTILIZER cost is a sizeable portion of production cost. By using the nutrients released by stubble, the cost of commercial fertilizer required can be reduced. Adding the cost of applying an extra inch or two of water at pre-irrigation time to the cost of replacing approximately 45 pounds of Nitrogen, 22 pounds of phosphorus and 30 pounds of potash per acre, required by a 30-bushel yield, and subtracting the total from present production costs should make the savings apparent.

DON'T BURN IT — About 3,000 pounds of wheat residue per acre left on the surface when decayed is worth about \$6 per acre in NPK fertilizer elements alone. About 100 pounds of such residue is produced per bushel of wheat.

Hailstorms Kill Texas Wildlife

Most parts of West Texas are suffering from rain, but some are green from the ravages of recent hail storms that belted plants, wildlife and domestic livestock with ice chunks measuring up to grapefruit size.

TEXAS Parks and Wildlife Department biologists have found deer, antelope, javelina, and rabbits that were dead or dying as the result of brutal pounding by large hailstones.

Biologist George Litton of Sweetwater inspected the aftermath of hail in Borden County this week and found five dead antelope fawns and many quail and songbirds. Other counties have suffered similar losses. Winds reached 65 mph, rain fell until it passed the three-inch mark, and hail fell in sheets.

In the area where dead antelope were located, vegetation standing three feet in height was pounded flat, leaving it virtually a desert

as far as beneficial wildlife food and cover is concerned. Litton also located a doe antelope that was stumbling and almost dead three days after the hailstorm passed. He estimated that hundreds of birds and animals were killed or injured.

Preserve Wood For Outdoor Use

Wood used in outdoor projects such as patios, picnic tables or fences should be protected by the use of preservatives, suggests W. A. Smith, Texas A&M University Extension forester. The best treatment is the pressure process. Pressure treated lumber is readily available. A paintable preservative should be requested if painting is required or if the wood will be in contact with clothing or the skin, advises the forester.

DINNER PLANNED
TO WELCOME
PERKINS FAMILY

This Sunday, July 14, is the long awaited time when Dr. Perkins arrives in Dimmitt to begin his ministry here as our pastor. To welcome the Perkins family, we have planned a basket lunch in fellowship hall immediately following the morning worship service. Every member and interested friend of First Baptist is cordially invited to come and spread your lunch with us. If your cook is on vacation, come on anyway; there will be plenty of food for everyone. Come and help to make this a real West Texas welcome for the Perkins.

In a special business session during the regular Sunday morning worship time, we voted to accept the revised floor plan and contemporary architecture that was recommended by our building committee.

We would like to commend the building committee, Gene Morrison, chairman, Cecil Dennis, V. C. Hopson, Mrs. Jim Hays, Mrs. C. G. Maples Sr., Mrs. Herb Mayfield, Elbert Smith, Bill Hackleman, Tommy Stanton, Bob Baker, Vaden Kirby, Jimmy Ross and Doyl Underwood, for all of the time, consideration and prayer they have given toward this end.

The architecture design that we have accepted as final, to quote Hayse McMurtry, architect of McMurtry and Craig, "is a very warm contemporary." It is very simple, yet elegant in design. None of the basic steel structure was sacrificed, only the fancy trim that it takes to make Colonial beautiful and a few feet of floor space. This will enable us to build adequately, without overburdening the financial condition of our church.

We are anticipating that the blue prints will be ready by October, bids will be let and perhaps the actual ground breaking will take place by January 1969.

If you do not have a church home, come worship with us. We pray that you will find a warm welcome and an encounter with Jesus Christ, our Lord.

Wildlife Program Gets \$1,105,000

The Texas Parks and Wildlife Department has been apportioned \$1,105,000 in federal aid funds for fish and wildlife restoration projects, according to the US Department of the Interior. Date for the preliminary distribution is scheduled for July 1; however, another distribution will be made in the fall.

OF THIS total, wildlife restoration projects will get \$870,000 and fisheries \$235,000. Under the federal aid programs, the state is reimbursed for up to 75 percent of the cost of approved projects.

These restoration funds come from federal excise taxes collected from manufacturers, importers and producers of certain types of hunting and fishing equipment. Distribution of the funds is based on the number of paid hunting and fishing license holders and total area of the state.

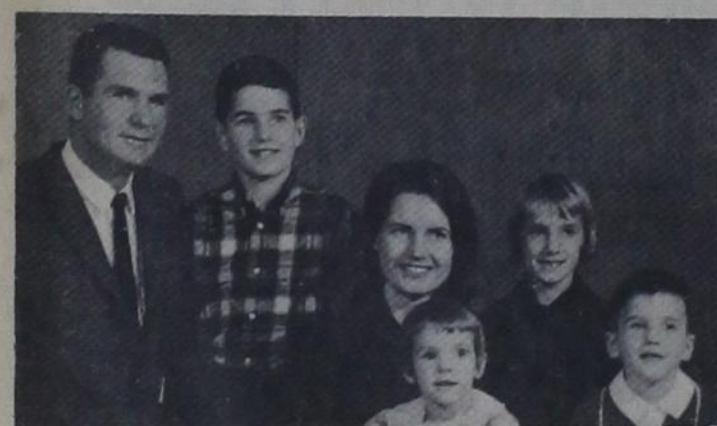

Texas and Alaska are scheduled for \$1,105,000 each for the July 1 distribution of the \$22.1 million, while California followed with \$1,081,000.

Grain News Service Moves

The national headquarters of USDA's grain market news service has been moved to Independence, Mo., from Hyattsville, Md. The move is a part of Government's continuing program of decentralizing Federal activities. USDA's Consumer & Marketing Service said the market news covers both grain and grain products.

School Board Hires Three; Accepts Three Resignation

By MYRT LOMAN
The Hart School Board, in Monday night's meeting, accepted the resignation of three teachers and hired three others.

Mrs. W. A. Hawkins Jr. and Kay Schultz, youth director, accompanied the nine youths.

A party of 11 young people attended a Junior High MYF party in fellowship hall of the First Methodist Church Wednesday night of last week.

NEW OFFICERS were installed at the regular meeting of the Hart Lions Club Monday by W. L. Edclimon of Friona, past district governor.

Installed were W. A. Hawkins Jr., boss Lion; Richard Franks, first vice-president; Stewart Newsum, second vice-president; Bill Rich, third vice-president; Bob Reed, secretary-treasurer; W. T. King, Lion Tamer; D. A. Bass, tail twister; Kenneth Lambert was installed as a director to serve with carryover directors DeWayne Brown, Claude Cox and Bill Rich.

Guests were E. V. Six, elementary school principal, Brad Cooper of Plainview, Bud McNamara of California and his mother, Mrs. Mary McNamara of Springlake, and Bob Bowden of Hart.

The Lions Club voted to buy trophies for the riding clubs on "Hart Day" Saturday, Aug. 10 in the Castro County Round-Up Celebration during the week of August 10-17.

MR. AND MRS. G. C. Graves and family will be honored tonight (Thursday) at 8 o'clock with a farewell party in the community room of the Farmers State Bank.

Graves has been principal of the Hart Elementary School for several years and Mrs. Graves has been employed at the Farmers State Bank.

The Graves family are moving to Hereford, where he has accepted a position in the Hereford School System.

All friends are invited.

MR. AND MRS. H. H. Blouse and sons have returned from a visit in Olathe, Kan., where the Blouses visited with their daughter and new granddaughter.

Mr. and Mrs. Roy Futrell returned last week from a visit with their daughter, Mr. and Mrs. Douglas Carruth in Pueblo, Colo., and did a bit of fishing near Pueblo.

Recent guests in the home of Mr. and Mrs. E. L. Jobe were her niece, Mrs. Earl Bradley of Texas City, and Rev. and Mrs. Carl Hankins of Portales, N.M., brother of Mrs. Jobe.

David and Jan Harris have been visiting in Fort Wayne, Ind., with friends Peter and Lydia Elfin, grandchildren of Mr. and Mrs. O. D. Dinwiddie.

STEPHEN MALLORY of Sunray, a senior at Texas Tech in Lubbock, has been the relief agent in Hart for the Fort Worth and Denver Railroad for the past 10 days.

Mallory is majoring in accounting and industrial management and has paid his way through college by working for the railroad in the summer months.

MR. AND MRS. Ralph Cole and family have moved into a rent house owned by Bud Steiert on Ave. E. Cole is employed by the Cox Butane Co.

Members of the Women's Missionary Society of the First Baptist Church met in fellowship hall on the church Monday for circle program. Mrs. Clay Anderson was in charge of the program with Mrs. Roy Futrell and Mrs. Vasca Kittrell assisting. The society welcomes all ladies to join or visit each meeting at the church each Monday at 2 p.m.

MR. AND MRS. Don Ewing and two children, Donna Carol and Jeff, are moving this week to

Claude where Don has accepted a position as head football coach and history teacher at Claude High School.

He is a 1955 graduate of Tulia High School, served three years in the Marine Corps and graduated from West Texas State University in Canyon in 1962. He received the National Science Foundation Award from Texas Tech in Lubbock in Science.

Ewing, 31, has taught and coached in the Hart School system for the past six years.

His Junior High team won district and was undefeated in football in 1966. He was athletic director in 1966-67 and 1968. Team records for 1966-67, won 4 lost 5 with 1 tie; 1967-68, won 5 and lost 5.

He married Miss Carolyn Tanner of Tulia in 1962. She was employed at Hart High School as Secretary for the past two years.

MR. AND MRS. Wesley Benight are the proud parents of a baby daughter, Amy Jo, born at 10:20 a.m. July 4 at the Plains Memorial Hospital in Dimmitt. Amy Jo weighed 8 pounds and 2 ounces.

Maternal grandparents are Mr. and Mrs. Fred Annen of Dimmitt and paternal grandparents are Mr. and Mrs. Levi Bennight of Hart.

Girls of the junior department of the Hart First Baptist Church left Monday morning for the camp at South Plains Baptist Assembly near Floydada.

Mrs. C. T. Cunningham, Carol Sharp, Becky King and Frances Cunningham will be with the girls during the two-day camp.

At the camp are Beth Hacker, Twila Gariety, Vivian Davis, Jenice Crosby, Debbie Lacy, Carla Rambo, Dana McLain, Terri Keng, Patricia Smith and Jana Mapp.

Rev. C. T. Cunningham is the assistant camp pastor. Mr. and Mrs. Bob Lacy accompanied the group for the day with Lacy doing some repair electrical work at the camp cabin.

THE HART Grandma and Grandpa 42 Club paid a surprise visit recently to the home of Mr. and Mrs. C. E. Johnson, for fellowship, games and some cake and punch. Johnson is a teacher of social studies in Hart High School and recently moved into one of the school rent houses on Ave. G.

A JOINT worship service by members of the First Baptist Church and First Methodist Church was held at the Baptist church at 6:30 Sunday evening, with Rev. C. T. Cunningham bringing the evening message.

Special music was furnished by the combined youth choirs, under the direction of Kay Schultz of the Methodist Church and Mike Johnson, youth director of the Baptist Church.

The youth had fellowship and games at the Methodist Church at the close of the evening worship service.

MR. AND MRS. Weldon Jones and family, formerly of Happy, have moved to Hart where he is associated with his father in the Jones Seed and Farm Supply, and Mrs. Jones has accepted a position in the Farmers State Bank. They are members of the First Methodist Church.

Mrs. G. R. Bennett and son, Edward, and grandson, Mark, spent the weekend in Temple attending the Bennett reunion. Enroute home the Bennetts stopped in Post, and Braden Compton of that city came home with his sister, Mrs. G. R. Bennett, for a visit.

Rev. C. T. Cunningham and family attended a family reunion last week and spent a few days at Colorado City Lake.

Church members voted to accept a revised floor plan recommended by the building committee. Serving on the committee are Gene Morrison, chairman; Cecil Dennis, V. C. Hopson, Mrs. Jim Hays, Mrs. C. G. Maples Sr., Mrs. Herb Mayfield, Elbert Smith, Bill Hackleman, Tommy Stanton, Bob Baker, Vaden Kirby, Jimmy Ross and Doyl Underwood.

Price Reports:

Letters 50-1 Against Gun Law

I have now received more than 5,000 letters, telegrams and signatures on petitions expressing opposition to any further Federal gun control legislation. I have also received some 100 letters in favor of stiffer controls.

Each of these communications will be answered as soon as possible. In the meantime I have attempted to make my position perfectly clear in opposition to any further gun control legislation. Most of these, both pro and con, are thoughtful and sincere expressions of the writers' views. Other Congressional offices have also received a heavy volume of mail although the sentiments expressed in the northern and eastern sections of the country appear to be more evenly divided.

I MIGHT point out that the recently enacted Omnibus Crime Control and Safe Streets Act of 1968 contains the following:

1. Prohibits the sale of handguns by mail to out-of-state residents and to minors.
2. Requires all manufacturers, dealers, and importers of firearms to be licensed.
3. Makes it a Federal crime for the following persons to receive, possess or transport firearms in interstate commerce: felons, the mentally incompetent, those discharged from the armed forces other than honorably, US citizens who have renounced their citizenship and aliens illegally in the US.
4. Makes it a Federal criminal offense (punishable by a fine up to \$5,000 and imprisonment of up to 5 years) for violating any state or local law involving a firearms transaction.

I am convinced that registration of all firearms by law-abiding citizens, the vast majority of whom would never use a gun against another human being except for protection of themselves or their families, would not solve the problem.

No law can prevent a gun from falling into the wrong hands. If the President's proposed firearms bill is passed and made law, we are only closer to that day when law-abiding citizens cannot have a gun in their homes.

WE NOW HAVE two very comprehensive Federal firearms acts on the books. These laws, the Federal Firearms Act and the National Firearms Act, prohibit felons, habitual drunkards, drug addicts and insane people from buying or possessing guns. These two laws also make possession of a gun by an alien illegal. But neither of these laws are being fully enforced by the Federal government. If all the provisions of these laws were enforced, the main problem of firearms — and that, of course, is their use by criminals — would be greatly reduced.

The man who assassinated President Kennedy was a dedicated Communist. The man charged with killing Senator Kennedy is an alien and the man who shot Martin Luther King is an escaped convict. There are Federal and state laws that prohibit any of these three from owning a gun. Could anyone really believe that these three murders would not have been committed if there were a restrictive Federal firearms law — even total prohibition of firearms.

I have no intention of supporting any proposed firearms legislation.

● On the Go

AS A PRELUDE to the July 4 Dunn Family Reunion in Littlefield, Mr. and Mrs. Gene Ivey of Dimmitt hosted members of the family at a luncheon July 3 in their home. Attending were Mr. and Mrs. L. L.
