

School board members plan for future needs

The Schleicher County Independent School District's Board of Trustees met in their regular session Monday night.

After the reading and approval of the minutes from the previous meeting the board was given a tour of the elementary school building. This inspection tour by the board is a yearly event and the purpose of the tour is to allow the board members to check out the building itself and also

the furnishings, etc. Board members can then make suggestions on any improvements or changes they could envision. The high school building will be toured at the next meeting by the board members.

Board President Lynn Meador, John Nikolauk, Ronnie Mittel and Supt. Whitaker reported to the Board on the TASA-TASB Convention they attended recently. They related what they had learned at the Convention

and made recommendations concerning them.

Superintendent Guy Whitaker was authorized by the Board of Trustees to take bids on a Suburban to be used by the school. The Suburban would be used by various clubs and organizations in the school for school trips when a school bus would not be feasible. Mr. Fred Igo was requested by the Board to appear at the next meeting to specify what he needed

outfitted on a new pick-up for the Ag Department.

Next on the agenda, the members nominated three people to serve on the Board of Directors Tax Appraisal District, they are: Mike Moore, John Callison and Floyd Butler.

Superintendent Whitaker was authorized by the Board to employee Ron Motes as grounds maintenance supervisor. Acting upon Band Director Mike Marsh's request for additional help, the board authorized Superintendent Whitaker to pay Mrs. Joella Parker an additional \$1500 yearly to assist Mr. Marsh in the band program.

The Board discussed needs and goals for the 1983-84 year and beyond such as building needs, personnel, curriculum and many other areas. President Lynn Meador urged the members to give these matter their consideration and to make recommendations at upcoming meetings.

The trustees then went into executive session and after they adjourned from this session they proceeded with the payment of maintenance bills. After this business the meeting was adjourned.

Halloween Carnival slated

Thanks to the local chapter of the Eastern Star there will be a Halloween Carnival, after all, here in Eldorado.

The Halloween Carnival was in danger of not happening this year but public opinion prevailed and the ladies of the Eastern Star have now got the ball rolling.

The carnival will be held Halloween evening at the Memorial Building from the hours of 6-9pm. Anyone interested in operating a booth should contact Marlene Mitchell at 853-2091 and Jenny at Sutton Specialty at 853-2547. The booths are priced at \$10 per space and at presstime it was reported that several booths had already been spoken for at the Celebration.

Mrs. Mitchell said that she had five booths that were confirmed and needs more, so anyone interested please call her or Jenny at Sutton Specialty.

Community blood drive to be held Oct. 18th

The Eldorado Community is going to be sponsoring a volunteer drive on Oct. 18th. The mobile unit will be at the Memorial Building and the hours will run 2-7.

United Blood services is your community blood service. It not only services Schleicher County, it services 34 other West Texas area hospitals.

No one likes to think that they may need a blood transfusion—but it happens. In this 30 county area, there are 1200 transfusion each month. Blood must be readily available for everyone's use. Most people are more than willing to give blood if they know it's an emergency. But, if the blood was not already available, many people would die. It takes from 6 hours or more to type and test and cross match blood before a single drop can be transfused.

The responsibility of keeping an

adequate fresh supply of blood is what you community blood service is all about.

Helping out on a good blood drive is a community affair. The entire city must back the program. We never want the time to come in this area where only if you've helped in the blood program will you receive the

needed blood.

Many people are unable to physically give blood themselves, but they can ask relatives, friends and neighbors to donate. Also, people unable to personally give blood could volunteer time to greet friends at the blood drive—a friendly face is always welcomed.

Congressman Loeffler here Saturday

Congressman Tom Loeffler will be in Eldorado this Saturday morning at the courthouse to visit and answer any questions his Schleicher County constituents may have.

The Congressman from this

district will be here in Eldorado during the hour of 11-12 noon.

Anyone interested in meeting with Congressman Loeffler is urged to attend this meeting in order to meet with Loeffler.

Monday evening a North American Van Line freight was ignited by locked rear brakes 7 miles south on Hwy 277, three Eldorado trucks responded.

Homecoming heartbreaker

By Mack Redish

The Eagles record now stands at 4 and 2. This week they will be in Big Lake to take on the Owls, 7:30 is kick off time.

Homecoming night was the setting of the Eldorado Eagle varsity football team to open their second half of the season, in their first district ball game. The fire was lit and put out by Stanton as they won 12-7.

The Eagles had possession first and they moved the ball fairly well, but after a few plays they punted to Stanton.

Stanton went to the ground on their first couple of plays but like always the Eagle defense wasn't giving up much. Stanton quarterback finally went back to throw and Jon Robledo jumped in the air and picked off the pass.

Eldorado ground game was picking up some yardage but Phillips went to the air on his strong arm Phillips layed out a perfect pass as Victor Gutierrez beat the Stanton backs and scampered to pay dirt for a 70 yard touchdown. Gutierrez kicked for the extra point and it was good, dthat made the score 7-0 Eagles.

In the second quarter bot teams played good defense as each did not give much as they sawed up and down the field. Luke Brame came up from his seconday spot and made some good hits. Stanton finally struck as they got the ball down to the 23 yard line of the Eagles midway through the second quarter.

Stanton was looking at a first and ten. The quarterback rolled out to pass and it was picked off by Brett Nikolauk on the three yard line and he ran it out to the 15 yard line.

Eagles went to their runners once again and they moved the ball fairly well, Phillips tried to dump the ball off to one of the back and it went right in the hands of a Stanton defender.

Stanton then moved the ball down to the Eagle one yard line with 3 seconds left in the half. The quarter back took the snap and rolled out and found a receiver in the end zone as the buzzer sounded. Stanton went for two but the pass was broken up, that left the score at the half 7-6 Eagles.

In the third quarter both teams were equal to each other again, as both teams stayed on the ground, trying to get their ground game started.

With 8:46 left in the quarter the Stanton Buffalo took the ball in for the score on a quarterback keeper from one yard out. The extra point was missed and the score stood at 12-7 Buffalos. The Eagles came close to scoring a couple to times but the Stanton defense held on.

In the fourth and the most important quarter, the Buffalos tried the right side of the Eagles line and coming up to fill the gap was John R. Griffin who came away with a fumble recovery on the Eagle own 40 yard line.

The Eagles were stoped and the Buffalos took possession with flags and hard hitting defense. the ffalos controled the ball for most of the quarter.

Stanton quarterback finally went back to pass, he had some time and found a receiver and hit him on the two yard line of the Eagles. First and goal to go for the Buffalos. On the next play the Buffalos tried

the right side of the Eagle line once again, and John Church wasn't moving and he came away with a fumble pick-up on the Eagle 2 yard line with 2:02 left in the game.

After a couple of plays the Eagles were facing a 3rd and 6 and Phillips scrambled for a first down. With first down and ten

yards to go in their own territory with :56 left, Phillips went back to pass. and found John Griffin on the 45 yard line of the Buffalos.

With :45 second left Eagles facing a first and ten and the Buffalos holding on to a 12-7 lead, this is how it ended.

Phillips brings the

Eagles up to the line, goes back to pass and pump flakes twice, runs turns the corner and gets down to the 4 yard line with twenty-six seconds left in the game Stanton calls time out.

After the time out Phillips brings the Eagles up to the line takes the snap hands off to O'Harrow and gets back to the line of

scrimmage. With 20 seconds left Phillips comes to the line gets a strong rush from Stanton and they get him for a 5 yard loss with :15 left, Phillips was hurt, and McAngus comes in at quarterback and he was caught behind the line for a lost as the clock ran out, the Eagles could not stop the Clock, they were out of time outs, and the horn sounded.

By Mack Redish

returned the ball for 15 yards.

After a few plays the Eagles were facing a third down and four yards to go as Martin handed off to Saldivar, he busted over the right side of the line and ran for 30 yards before he was wrestled down.

The Eagles again found themselves facing a 4 and 2 for a first down, and Martin kept the ball and ran for a 30 yard touchdown, Harlin kicked the extra point and it was good and that left the score 23-0.

The Broncos were able to surprise the Eagles as time was about to run out and the Broncos back broke loose for 50 yards as he was looking at the end zone, but he was caught from behind by Turbeville, on the 15 yard line.

The Eagles held Sonora from scoring, and took possession to run out the clock. The JV team will be home this week as they host the Owls from Reagan Co. October the 13th on the Eagle field, kick off time is set for 8:00.

Letter to the Editor

Dear Mr. Editor,

I and my brother do more than "write letters". We are a FUN-LOVING twosome and do more than our share to promote community services and activities. How do you know we haven't used our real names? Is it that obvious? At any rate, dear sir, you did claim our letter to merit. No "SHAME" in mentioning our names. We are simply Susie and Ronald. Ask around, everyone knows us. Don't you know who your neighbors are? Now to "brass tax". Who will be the Halloween Sponsor? How about some of you new-comers griping about "nothing to do", "What a dead town!" You too can join in on the FUN. Get involved and find out who's who. I know lots of housewives who are "bored, sick & tired" of this "dump of a town". Honies get off your duffs & do something about it or quit griping! You know, Christmas is coming up too. How about planning a chorale or a pageant. We have played against the odds setting up "Super Santa" for you.

You know you wouldn't be here for 3-5 yrs. if you weren't making money with the "ole Co." Settle in & get involved! We love new comers, but you give the term a bad name when you run "us" down. We want you but we do get "turned off" with your "belly achin". You are what you make of yourself & so is your home & community. And don't forget, even the "rich" are hurting in these hard droughty times. Every one is broke & scratchin! It doesn't cost anything but time-"personal involvement" to get these projects on the road.

Zone 5 election October 15th

An election for a director to serve in Zone 5 on the Eldorado-Divide Soil and Water Conservation District Board is scheduled for October 15, 1983 at the County Courthouse lawn announced Johnny Griffin, chairman of the board. State law decrees that to be eligible to vote in a soil and water conservation district director's election, a person must own agricultural land within the subdivision where the election is being held. The person must also live in a county all or any part of which is in the district and the voter must be 18 years old.

Legal qualifications state that a candidate for the office of a soil and water conservation district director must own land in the zone he represents, be 18 years of age and be actively engaged in farming or ranching. He must also live in a county all or part of which is in the district.
