MUSIC JUBILEE DATES CHANGED

FIRST MUSIC MEET ON APRIL 8-9; WILL NEED ROOMS IN PRIVATE HOMES FOR ENTRANTS

The dates for Perryton's first music festival have been changed from April 1-2 to April 8-9, just one week later than previously announced. This postponement was made on account of so many schools holding their county meets on the earlier dates. The contests will be open to all high schools in Kansas, Oklahoma, New Mexico, Colorado and Texas, and hundreds of entries are expected, so G. Ward Moody, director of music in the Perryton schools, announces. The Perryton Chamber of Commerce is cooperating with the schools in the jubilee. Every spare bed room in the city will be needed to take care of the contestants, so states Superintendent W. B. Irvin. He asks that all who have rooms, to please list them with him at once. One night is all that the rooms will be used in most cases, as many of the participants will leave for their homes on the second day. No meals are to be given to contestants.

According to the rules of the contest, only contestants who are regularly enrolled, undergraduate students of the school they represent are eligible. Cups will be offered as prizes in the major events while each soloist winning first place will be awarded silver medals.

To make the event possible, the school is offering to furnish rooms free to all contestants. Capable judges will be employed to decide the winners.

The contest will include events in class A bands, class B bands, and junior bands. First and second place cups will be offered in the first two events and a first place cup in the junior event. A marching contest will also be conducted by the bands with first and second place awards. An orchestra contest will be held in which first and second place cups will be awarded. An ensemble contest composed of not less than three or more than eight instruments will be judged, with a cup being given the winner. In the glee clubs, first place cups will be awarded in both girls and boys events. The solo events are divided into piano, strings, brass and woodwind, with three divisions, according to ages. Vocal contests will be held, one for boys and one for girls. An oratorical contest will also be held in connection with the music festival.

Under New Management

Frank Boyle, Formerly of Vici, Oklahoma, is New Manager at Perryton Mill

The Perryton Mill, formerly operated by Doyle Hollingsworth under the name of the Consumers Milling Co., is now under new management and will be known in the future as the Perryton Milling Co. Frank Boyle comes here from Vici, Oklahoma, to take charge with Fred Marrow, who has been in the mill for twenty years experience, to look after the mill end of the business.

These men come to Perryton highly recommended as mill operators. They are announcing some special prices in order to get acquainted with the trade of this community. These specials will be found in an advertisement elsewhere in this issue and are good for three days only, Friday, Saturday and Sunday.

Mr. and Mrs. Key Christopher, Doris Bruner, Miss Josie Light, Miss Ada Leatherman, Miss Myrtle LaMaster, Gordon Wright, Dan Witt, Hamilton Murphy and an Bruner left Perryton at noon today and enjoyed their lunch at the afternoon on McLanahan's on Wolf Creek.

Theatre

Attractions at the Ellis Theatre coming week: March 25-26—Richard Dix and Astor in "The Lost Squadron." March 27—Claudette Colbert and Sam Boyd in "The Wild West." March 28-29—Barbara Stanwyck Regis Toomey in "Shipwreck." March 30-31—Bill Boyd and Ginger Rogers in "Sultana's Fate." April 1-2—Johnny Weisman and Maureen O'Sullivan in "Fanny Hill."

C-C TO GIVE RADIO PROGRAM OVER KGRS

Radio station KGRS, Amarillo, has invited the local Chamber of Commerce to give a thirty minute radio program over their station on Friday, April 15. The program will start at 3:00 o'clock in the afternoon.

According to Dr. G. J. Budd, president of the organization, the Chamber has accepted the invitation and will ask the Lions Club Male chorus to work out a musical program for the occasion.

POMONA GRANGE ORGANIZED SAT.

IS FIRST COUNTY ORGANIZATION OF NATION WIDE FARMER FRATERNITY IN ENTIRE STATE

With the completion of the organization of the Ochiltree County Pomona Grange at the American Legion Hall in Perryton last Saturday, the honor of becoming the home of the first county Grange of this great national fraternity in the entire state of Texas, goes to this county. Grange members from the four subordinate Granges at Farnsworth, Ochiltree, Wolf Creek and Huntoon made up the Pomona. Thirty-six of the forty-five charter members were present Saturday. Homer H. Holden, Oklahoma State Lecturer, and a National Grange Deputy was in charge.

The meeting was called for 9:45 a. m. and after lunch was served at the noon hour, the organization was completed. O. R. and M. W. Truax, members at Farnsworth, rendered two vocal selections followed by two readings by Mr. Holden. An especially interesting part of the program was a talk by F. P. Abney, an honor guest, who related his experiences with the Grange fifty years ago. The degree work of the Juvenile Grange was exemplified by the team from Ochiltree Juvenile Grange No. 1 the first and only organization of its kind in the state.

A number of members from the Beaver County Pomona were present, among whom were R. L. Egbert, assistant steward of the Oklahoma State Grange; Miss Ethel Bridges, secretary of the Beaver County Pomona Grange; and Rep. Dave Bateman.

Regular meetings will be held on the first Saturday of each month. The next meeting however will be held on April 9, instead of April 2, on account of the first Saturday being school election day. Officers as follows were elected: L. R. Conner, Master, Farnsworth; Genevieve Slaughter, Secretary, Ochiltree; M. W. Truax, Lecturer, Farnsworth; Sam Handy, Overseer, Wolf Creek; R. W. Stratford, Steward, Farnsworth; Edwin Lawson, Assistant Steward, Huntoon; Mrs. W. W. Reed, Chaplain; A. C. Emberson, Treasurer, Huntoon; Fred Branham, Gate Keeper, Wolf Creek; Mrs. L. R. Conner, Ceres, Farnsworth; Mrs. S. P. Whippo, Pomona, Huntoon; Mrs. Mildred Wildman, Flora, Ochiltree; Mrs. R. W. Stratford, Lady Assistant Steward, Farnsworth; A. E. Devers, Executive Committeeman, 3 year term, Huntoon; O. R. Truax, 2 year term; S. K. Hill, 1 year term.

Members of the organization extended a vote of thanks to the local Post of the American Legion for the use of their hall and also took up a collection for the Legion. A vote of thanks was extended to the Chamber of Commerce for the use of a typewriter. The Grange is the largest and most influential farm organization in the United States. Since the opening in this county, the Grange movement is expected to spread rapidly throughout the entire state.

Lease Service Station

Wave Few and Cromwell Rogers Lease Service Station At Perryton Buick Co.

Wave Few, formerly with the Dodson Filling Station, and Cromwell Rogers have leased the service station at the Perryton Buick Co. from the owner, F. P. Rogers. They will take over the active management on April 1. Both of these men are experienced service station operators and with the excellent location which they have acquired should make a success of the business.

Both Wednesday, March 23, a daughter to Mr. and Mrs. Robert Fittman, who live south of town.

CHRISTIAN REVIVAL SUNDAY

REV. J. WM. HART, PASTOR. EVANGELIST IN CHARGE. O. FRED HANNA TO DIRECT SINGING

Rev. J. Wm. Hart, pastor of the First Christian Church of this city, announces that he will lead a series of revival meetings starting at his church on Easter Sunday, March 27. Services will be held every evening at seven forty-five. Some of the subjects of Rev. Hart's sermons

O. FRED HANNA

are "Why Boys Go Wrong," "Seven Jokes of the Ages" (a sermon for Boneheads, Blockheads and Blunderers), "Consuming Fire of the Churches," etc. Rev. Hart is a very forceful and powerful speaker and he invites the cooperation and attendance of all people of the community in this meeting.

He will be assisted by O. Fred Hanna, a nationally known evangelistic singer. Mr. Hanna will have charge of the choir, also doing solo work and conducting a booster choir composed of children, ages seven to twelve. Inspiring, enthusiastic and interesting singing is promised each and every evening.

CITY GAS HEARING ON APRIL 1

TEXAS RAILROAD COMMISSION WILL HEAR APPEAL THE GAS COMPANY VERDICT CITY RATE

Mayor Dave Shanks has received word from the Texas Railroad Commission that they will meet in Perryton on April 1, 1932, at 10:00 a. m. in the city hall, for the purpose of hearing the appeal of the Public Service Corporation, operators of the local gas system, from the ordinance passed by the city council calling for a substantial reduction in local rates for natural gas.

The commission has recently confirmed rate reductions in other cities. McLean's rates were reduced from fifty to thirty cents per thousand. The Berger rate went down twenty per cent, from fifty to forty cents. We now have a sixty cent rate and the council has ordered that this be cut to forty-five cents.

Recover Stolen Car

Lewellen Coupe Was Recovered In Denver; Was Taken By Amarillo Theft Ring

Liel Lewellen and C. B. Rogers returned Tuesday from Denver, Colorado, where they went to get the Chevrolet coupe which was recently stolen from in front of the Lewellen home in this city. This car was recovered through the arrest of several members of a theft ring which has been operating throughout the Panhandle with headquarters at Amarillo. The whereabouts of Mr. Lewellen's car was divulged when one of the members confessed to stealing a car in Perryton and told where it could be found. The car had been repainted and the engine number changed.

Mr. and Mrs. L. B. Ranson drove to Amarillo Sunday to take Mrs. Ranson's sister, Mrs. George Gentsch, who is returning to her home at Van, Texas, after a visit here.

Mr. and Mrs. Dewey Allen left Sunday for Houston on a two weeks business trip.

Lost In Blizzard

A. L. Beckwith, Blue Mound Farmer, Near Death After Wandering All Day in Storm

A. L. Beckwith, prominent farmer of the Blue Mound community across the line in Oklahoma and a member of the American Legion of this city, had a very narrow escape from death when he wandered all day in the blizzard which swept through this section last Monday. Mr. Beckwith, who lives just east of Blue Mound school, started for his home early Monday morning after setting up all night with a sick neighbor. Being anxious to get home to his family, he started out afoot in the raging storm. When he failed to arrive home, the alarm was sounded and practically the entire community turned out to search for him.

He wandered all day long and was not found until nine o'clock in the evening when he was discovered by Jackson Holden, janitor of the Blue Mound school, while he was walking down the road, half frozen and in a delirious condition. Attending physicians express hope of a complete recovery in a few days.

County Health Nurse

Miss Cockerell Is Well Pleas'd With Results And Cooperation From The Patrons

Miss Ethlyn Cockerell, Red Cross nurse, who is now working with the children of Ochiltree county, expresses herself as being well pleased with her work so far in this county and the splendid cooperation which she is receiving from the parents, the teachers, the doctors, the children and the local Red Cross Chapter officials. The schedule for the past week was carried out as outlined in last week's paper. On Wednesday of last week, Dr. Budd examined the children at the Black school. Ten out of eighteen examined showed vaccination scars. Two children under school age were brought in for the examinations: Mesdames W. A. Simmons, E. D. Clement, Fred Smith, Ray Skinner, Isaac Trayler and A. F. Cook gave their support to the service through their attendance and interest.

Thursday, March 17, was Community Health Day at the Blodgett School. Fourteen children were examined by Dr. Brewer. The patrons present were Mesdames Ralph Blodgett, B. J. Garnett, H. A. Peary; Mr. W. E. Prutsman, Mr. and Mrs. W. M. Deck, Mr. and Mrs. L. W. Austin, and Mr. and Mrs. Clyde Harbour. Four children in this school are about ready for the Texas Five Point Health Certificate. Information about this certificate can be secured from the teachers or from Mrs. D. D. Shanks, Red Cross chairman of the Nursing Activities committee.

Mesdames Davis and Nipkin furnished dinner for all at the Lakeview school. Tax is the only school examined to date where no parents were present. After the children were examined at the Ridge school, the teacher, E. G. Pennington, took charge and conducted a sort of "experience" meeting. A number of patrons were present at Ridge, but several of the pupils were absent on account of an eruptive fever epidemic.

Following is the schedule in schools of the Perryton Independent district: Tuesday and Wednesday, March 29-30, Ochiltree; Thursday and Friday, March 31-April 1, Lone Tree; Monday, Tuesday and Wednesday morning, April 4-5-6, Farnsworth; Wednesday afternoon, April 6, New Hope; Thursday, April 7, Twichell.

Mr. and Mrs. J. M. Anderson left Friday for Waco where Mrs. Anderson will attend the Rebekah Grand lodge in session there this week. Mr. Anderson will visit with relatives at Dallas.

Tournament Opens Tuesday Night With All Teams Groomed For Hot Contest

The third annual volleyball tournament opened Tuesday night of this week with the Baptist church and the Livingston teams registering defeats to the Lions Club and the American Legion, respectively. Considerable interest is being shown by the eight teams entered in the contest and a close tournament is expected.

In the Wednesday night play, the Rangers defeated the Barbers while the Faculty won over the Buffaloes. The schedule for next Tuesday night is the Lions vs Faculty and the Barbers vs Livingston. The Thursday night schedule for next week is Rangers vs Baptists and the Buffaloes vs Legion.

W. B. IRVIN, Superintendent

CHORUS AIDING WITH CONCERT

MUSICAL PROGRAM TO BE GIVEN TUESDAY, MARCH 29; PROCEEDS GO TO JUBILEE

The Lions Club Male chorus will present a benefit musical concert next Tuesday, March 29, the proceeds from the program to be turned over to assist in holding the Perryton Music Jubilee here on April 8-9. A small admission charge of fifteen and twenty-five cents will be made and it is hoped that enough funds will be raised to bear all of the expenses of the music festival to be held in the local schools in April. If this can be done it will mean that no admission will be charged at the festival and all of the splendid contest events will be free to the public.

A well arranged program has been prepared for the concert next Tuesday evening to be opened by the high school orchestra followed by a group of songs by the male chorus. Next in order is a special duet number by the Truax brothers which is certain to be enjoyed. A ladies quartet will present two numbers, a vocal solo by Mrs. Vance Apple followed by a one act comedy skit prepared by members of the dramatic club of the high school. Following the play, a cornet solo will be given by G. Ward Moody and the male quartet will offer two numbers. O. A. Bush will present his bag of tricks as the next number on the program while the concert will be closed by another group of songs by the male chorus.

The program will last about an hour and a half and will be real entertainment all the way through. Because of the purpose of the concert in assisting to finance the music festival, the Lions Club Male chorus should have the wholehearted support of every family in their entire community. The admission is small and the entertainment well worth the price and in addition when you attend you will be furthering a worthy cause.

Miss Lorene Coffey, who underwent an appendicitis operation at the Plaza hospital last week, was able to be removed to her home Tuesday.

WIN PRIZES IN TREE CAMPAIGN

BOY SCOUTS AWARDED PRIZES IN TREE SELLING CAMPAIGN BY CHAMBER OF COMMERCE

The annual tree planting campaign sponsored by the Chamber of Commerce closed Saturday with the awarding of a number of valuable prizes to the Boy Scouts who participated in the selling of the Chinese Elms. Vance Apple, chairman of the Chamber of Commerce committee directing the campaign, states that the results of the drive were very satisfactory and that many homes will be made more beautiful by the planting of the many trees sold.

Herring Lance, Scoutmaster, reports that the following Scouts won prizes: Bobby Whippo, 1st, a complete Scout uniform; LeRoy LaMaster, 2nd, canteen, belt and kerchief; Ben Jackson, 3rd, canteen and belt; Melvin Anderson, 4th, canteen; a tie for third place with a Scout flashlight for prize exists between Harvey Wilson, Earl Stevens and Merl Stevens.

BIGGEST BLIZZARD OF WINTER LAST MONDAY

Last Monday, Perryton and vicinity was visited by the worst snow storm of the season. It started falling about three o'clock in the morning and snowed and blowed until the middle of the afternoon, drifting in town and along the east and west highways. Some fields held the snow, while others were swept bare by the high wind. The fall was estimated at about eight inches. Practically all of the snow had melted by Tuesday night.

Cleaning Shop Reopens

Harlow Cleaners Remodel And Move To New Location Following Recent Fire

The Harlow Cleaners are again open for business, having completely remodeled their cleaning plant since the recent fire and moving to a new location just one door north. The plant was put into operation on Wednesday afternoon of this week after having been closed down for the past three weeks.

New Grocery Store

L. C. Johnson, Former Old Time Resident, Opens New Market And Grocery in Perryton

L. C. Johnson, former resident of Perryton and old Ochiltree who has recently returned to Perryton after being away for ten years, has opened a new grocery store and meat market in the old Wilson Market, located at 200 Main Street. Mr. Johnson announces his formal opening day for next Saturday, March 26, at which a number of free food demonstrations will be given. He invites everybody to visit his store on that day and a special invitation is extended to his old friends and acquaintances.

Mr. Johnson comes to Perryton from Elk City, Okla., where he has conducted a meat market and grocery for many years. In the early days of Perryton, he operated the O. K. Transfer line, selling out to J. R. McLarty. In the early days of a large freighting outfit and also engaged in the farming and stock raising business. The Herald joins with his many old friends in welcoming him back to the best town in the Southwest and wishing him much success in his new business.

Mr. and Mrs. Claud Allen and children visited Sunday with relatives in Guyman, Okla.

SANTA FE AND A & M COLLEGE SPECIAL HERE

Was Largest Night Crowd To Greet Special Since Leaving College Six Weeks Ago

An "Ag" College Train

Four Cars of Interesting Exhibits On Better Homes And Farming Methods

The Santa Fe "Farm and Home" special, operated by the railway company in cooperation with the Texas A. & M. College, was greeted in Perryton Wednesday night, March 23, by a crowd of over 1,200 local residents and farm residents from all parts of the Perryton trade area. Officials in charge of the train state that this was the largest night crowd to go through the train since starting from College Station six weeks ago, and the local turnout would have easily exceeded the two thousand mark many had not been prevented from getting on account of bad roads caused by Monday's snow storm. The special, much in the nature of an agricultural college on wheels, arrived here for the 7:30 program, having made previous stops during the day at Follett and Booker.

Guy R. Sheets, Ochiltree County farm agent, and Van W. Stewart formally extended the welcome of the county and city to the special and its personnel during the brief speaking program that preceded the inspection of the exhibits that filled four cars of the train.

High school band, under the direction of G. Ward Moody, musical director of the school, was given immediately after the arrival of the band and John R. Edmonds, Extension district agent, who had charge of the A. & M. group of speakers for the week, took occasion to make special mention of the band and the appreciation of those aboard for its performance.

Others who took an active part in welcoming the special included W. B. Irvin, superintendent of schools, and E. E. Marshall, teacher of vocational agriculture. A larger number of the enrollment of over 1,000 in the local school visited the train. Especially interested visitors were students of vocational agriculture. Mr. Marshall, their instructor, is a graduate of Texas A. & M. College of the class of 1925.

B. L. Rogers of Farnsworth, was presented by J. D. Tinsley, agricultural agent of the P. & S. F., Amarillo, who had charge of arrangements for the local program. Mr. Rogers who had visited the train at previous stops in this section, spoke briefly in praise of the exhibits aboard the train and urged the crowd to view them carefully.

Director O. B. Martin of the A. & M. Extension service outlined the exhibits aboard the train and expressed the pleasure of members of the party at being in Perryton.

Other members of the A. & M. group aboard, presented by Mr. Edmonds, included: Miss Minnie Mae Grubbs, district home demonstration agent; Mrs. S. E. Fish, Amarillo, president of the Potter County Federated Clubs; Paul A. Cunyus, Extension assistant poultry specialist; E. A. Miller, Extension agronomist; Fred Hale, Experiment Station swine husbandman; Frank R. Phillips, head of the department of agriculture, West Texas State Teachers College, Canyon, cooperating in this section; S. D. Snyder, who had charge of the rural electrification exhibit.

The latter exhibit, containing various appliances and equipment for lightening the tasks on the farm and in the farm home, was put in operation here through the courtesy of the local plant of the Texas-Louisiana Power Company which furnished power for operating the various machines.

The special carried four cars of exhibits, one of live stock, one of rural electrification display and two of farm and home exhibits. More profit and better living on the farm made up the keynote of the talks by specialists and the message of the exhibits.

Santa Fe representatives on the train included: J. F. Jarrell, manager agricultural department and editor of "The Earth," Topeka, Kansas; J. D. Tinsley, agricultural editor of the P. & S. F., Amarillo; A. M. Hove, special representative of "The Earth," Amarillo; R. W. Prens...

CRAZY "CRAZE" TALKING

The Rangerettes have a wonderful record for the past four years. They have lost 2 out of 90. It is a record the town and school should be proud of.

I noticed where Dimmit is again the state champions. This is the first time in history that the same girl's team has won the championship twice.

The football and basket ball boys took a straw vote Friday. Their vote was taken to see how the boys felt about Coach E. E. Shupe. It turned out that 28 wanted him back and 2 were against him.

There will be no spring training and very little track.

The county track meet is to be held this week-end. The meet will be under the direction of E. D. Kelley.

Miss Kuper is coaching the girl's volleyball team, so if some of you girls want a little work, why not go out for volleyball?

DECLAMATORY CONTEST POSTPONED

The local school declamatory contest, which was scheduled for Monday evening, March 21, will be held on Friday night, April 1, in the school auditorium, at 8:00 o'clock.

SCHOOL NURSE TO BEGIN WORK

The Red Cross nurse will begin her work in the Perryton Independent School district on Tuesday, March 29. She will work in the rural schools first, finishing about April 7.

After that she will work in the Perryton schools. According to Supt. W. E. Irvin, a more definite schedule will be worked out later.

The date of the local oratorical contest has been changed, and, although the date has not been definitely set, it will be held just previous to the Perryton Music Jubilee, which will be held on April 8 and 9.

Several students are at work on their orations.

BOYS AND GIRLS

In a contest in New York, 19-year-old Betty Genirrap was chosen as the most beautiful and shapely German girl in the United States.

Clarence Merchant of Cass City, Mich., won the national 4-H club champion at the National Dairy Show held in St. Louis.

Charlotte Potter, 11, of Fond Du Lac, Wis., didn't miss a day of school in six semesters, or five and one-half school terms, records revealed.

Olive Charboneau, a 15-year-old 4-H club girl of Vesper, Wis., won \$300 in a contest to determine the best cherry pie baker in the country.

WIN PLACES IN MUSIC CONTEST

HIGH SCHOOL MUSIC ORGANIZATIONS PLACE IN MANY OF FESTIVAL EVENTS AT AMARILLO

Perryton High school music organizations and soloists were very successful in the Amarillo music festival held in Amarillo on Thursday, Friday and Saturday, March 17, 18 and 19, of last week.

The boys glee club aroused much comment as result of the wonderful singing which it did at the contest. They won first place over Amarillo's glee club, which was about three times as large as ours.

O. A. Bush states that the boys received an encore on their contest number which is a very rare thing. He also stated that the contest was an overwhelming success, and that the contestants were well behaved thereby upholding Perryton's splendid reputation.

It was settled that Perryton boy's glee club was the best that has ever contested in Amarillo, and that their appearance was the outstanding event of the day.

Competition for the girl's glee club was very difficult, but in spite of this fact they won second place in their division. According to Miss Minnie Peely, the director, the girls sang exceptionally well in spite of the fact that two or three of the singers were out.

The Perryton High school band won second in Class B division of the contest, losing to Hereford, who won over the local band by one point.

Dalhart won third place in the competition. Hereford's band was composed of forty pieces, while Perryton had thirty-two pieces. Better equipment and uniforms were possessed by Hereford. After these facts have been taken into consideration, the local high school band did exceptionally well.

The high school orchestra won first place in its division in the contest. Although no competition was in evidence, this organization made a very good grade.

Several vocal and instrumental soloists participated in the contest. Instrumental soloists were: Jack Collier, Billy Monahan and Lee Kent, clarinet; Joy Hergert, cornet; and Helen Sheeks, xylophone. All of these contestants won second places in their respective divisions.

Vocal soloists were Ezra Feiler, bass, second place; Wyatt Williams, tenor, second place; and Hamilton Murphy, baritone, first place in the boys divisions; Ella Ray Kutch, soprano, second; Lois Blue, alto, second; and Helen Sheeks, mezzo-soprano, second, in the girls divisions.

As far as Perryton was concerned, the contest was a success and the school is very proud of the awards that were brought back by those participating.

EDITORIAL

Now that spring is advancing, although one might not think that Monday's blizzard is any sign of spring, the school calendar is becoming more and more crowded.

From now until the close of school, every student will be busier with his school affairs.

CUT PUBLIC EXPENSES

To the Ochiltree County Herald and all Parties Interested:

In view of the distressing financial conditions prevailing throughout the Nation and the world at large, the matter of curtailing public expenditures appeals to us as one of the major problems confronting the people generally. The property owned by the average taxpayer has depreciated in market and sales value at least fifty per cent in the last three years. Income and earning capacity of the individual, either upon salary or working in his own behalf, has reduced at least fifty per cent and in many cases completely vanished. The products produced by the farming population which represents the bulk of the purchasing power of the Nation has been reduced at least sixty-six and two-thirds per cent. And in view of all this, taxable valuations have not only remained at the same high level fixed prior to this deflation, but in Ochiltree county have been raised.

No public official, so far as we know, has taken a reduction beyond ten per cent, and none of this reduction has been taken by the county officials, all of whom still receive the salary fixed under prosperous times without any change whatever.

We are suggesting that under the present conditions and in view of the fact that the taxpayers' income in many cases has vanished and practically every case has been diminished at least fifty per cent and the market valuation of all property has also declined in like ratio, the following program be at least put into effect and which should apply to every department of government locally, by which we mean the county, city and independent school district:

First: That all property should be reduced in value twenty per cent, or one-fifth less than at which the same was valued for taxable purposes last year.

Second: That every public official should take at least twenty per cent reduction in salary, which is less than the employees of private industries have been forced to accept.

Third: That any further expansion or improvements not absolutely requisite should be abandoned and postponed until conditions should change.

Fourth: That every possible consolidation of government agencies permitted by law be effected.

By this, we would suggest the following could be done without any sacrifice of efficiency, to-wit: The county assessor, under the law, could assess the county, independent school district and city for taxes at a saving to every department of government as well as the individual taxpayer. The sheriff's office, as tax collector, could collect the taxes for the county and the independent school district without any sacrifice of efficiency and at a saving of time and trouble to the individual taxpayer. The city of Perryton could abolish the office of City Marshal, tax assessor and collector and assign these duties to the sheriff's department of the county, and the county assessor, at a great saving both in expense and time to the individual taxpayer. The office of county treasurer is superfluous and the salary paid should be nominal. We would say that \$25 per month, or \$300 per annum would be ample for the services to be rendered by this office, and we here and now tender that we would render this service gladly for that compensation and feel that we were well paid.

We submit that the above suggestions are worthy of serious thought and the same are made, hoping that the thoughtful citizenship of this county as a whole will take them under advisement and will wake up to the proposition that something must be done in this county, the state and the Nation as well if we are to continue under the present system of government.

Respectfully submitted,
R. T. CORRELL

OCHILTREE NEWS

A snow fell Sunday night and Monday but the weather looks better now although the snow is still on the ground.

Edith Williams spent Saturday night with Lillian Williams.

Mr. and Mrs. Kirt Williams and daughters and Mr. and Mrs. E. D. Kelley and daughter were visitors in the Jack Dodson home Saturday evening.

Ruth Stump of Waka spent the week-end with Wilma Leicht.

Mr. and Mrs. J. D. Lycan were callers in the Roy Leicht home Sunday evening.

The contest, which has been going on at Sunday school ended last

would be possible to put on almost any kind of a program and we would like to see and hear more of them. The higher stage and footlights was a much needed improvement and certainly improved the performance.

A petition was circulated last week calling for an election to vote on the consolidation of districts 14 and 15. If the election carries it is planned to move the Cedar Bluff school house to the McMillen school yard and use both buildings for school work. Trucks or cars will furnish transportation for the pupils.

Mrs. B. L. Barnes visited Mrs. Earl Waide Tuesday afternoon.

Harmon Swink started work on a new house the latter part of last week. It is located just east of Arthur's home. We are very glad that Harmon and his wife have decided to locate in this community.

Work on the booster station is progressing rapidly. The brick work was completed last week and the cement floor of the engine room is being made this week and the roof is being put on.

There will be an all day program at McMillen next Sunday. Sunday school will be at eleven o'clock with an Easter program in the afternoon. A basket dinner will be served at noon. Mr. Koehn will preach at three o'clock and the Koehn family will furnish part of the musical program. We hope to see over a hundred in attendance for this Easter service.

Mr. and Mrs. Audie Conley took Mrs. A. R. Cook to Shattuck last Friday for a medical examination.

Give Two Parties

Easter was attractively featured at the entertaining affairs given by Mrs. Otis Shearer and Mrs. Herbert Shindler at the Shearer home, 201 Southeast Second Street on Tuesday afternoon and evening, March 22.

Bridge was the lively diversion on each occasion and at the conclusion of the play, a delicious two course lunch was served. For the afternoon play, Mrs. Henry C. Ranspot received first prize, Mrs. J. B. Bockman, second, and Mrs. Horace Lackey, cut prize, and in the evening, Mrs. W. B. Irvin and Paul Ballew held high scores and each received an award.

The guest list for the afternoon included Meses. A. J. Kelley, C. E. Woods, Paul Bowen, C. E. Whippo, J. C. Hickernell, J. R. Thomas, Liel Lewellen, H. C. Sanford, Clara North, T. D. Moss, G. K. Reading, Frank P. Dodson, P. H. Sebastian, Paul Ballew, Jas. E. Barbour, J. C. May, J. M. Jackson, Roy B. Orrill, J. B. Bockman, Horace Lackey, Stanley D. Key, Jack Allen, Henry C. Ranspot of Alma, Colo., C. B. Rogers, H. C. Brillhart, Gladys R. Bray, Jack O. Lusher and E. J. Washer of Kansas City, Mo.

Seated for the evening games were Mr. and Mrs. W. B. Irvin, Mr. and Mrs. E. E. Shupe, Mr. and Mrs. H. I. Hudson, Mr. and Mrs. Paul Ballew, Mr. and Mrs. A. H. Nichols, Mr. and Mrs. W. B. Enjoy Outing

Sunday after church, Mr. and Mrs. J. C. Cooper, Mr. and Mrs. I. R. Buchanan and children, Mr. and Mrs. Ocie Fair, Mr. and Mrs. Delos Word and daughter and Mr. and Mrs. R. H. Holland and children took their lunch and spent the afternoon outing on Wolf Creek.

Mrs. Sanford Hostess

The Hi Lo bridge club met Friday afternoon with Mrs. H. C. Sanford, 119 Southwest Fifth Avenue. Appointments and favors were suggestive of the Easter season. High score award went to Mrs. Gladys R. Bray. Second high was received by Mrs. J. R. Thomas.

Seated for the games were Mrs. Paul Ballew, Mrs. Frank P. Dodson, Mrs. Dewey Allen, Mrs. Fred Battle, Mrs. H. P. Lorenz, Mrs. Roy B. Orrill, Mrs. T. A. Roper, Mrs. J. R. Thomas, Mrs. Gladys R. Bray, Mrs. A. E. Dyatt, Mrs. T. D. Moss and Mrs. Delos Word.

Entertain Men

The Dorcas class of the Baptist Sunday school held a social in the church basement on Thursday evening of last week for their husbands, members of the Y. M. M. C. class, and prospective members for both classes.

Lovely green and white decorations gave a festive spirit to the occasion. A special arranged program was enjoyed. Delicious refreshments were served to fifty-five guests.

Guests Enjoy Forty-two

Mr. and Mrs. Ed Beaver and daughter, Miss Audrey, entertained a few of their friends for forty-two on Thursday evening, February 17. At the close of the games a delightful refreshment course in keeping with Saint Patrick color scheme, was served to Mr. and Mrs. Sam McLain, Mr. and Mrs. T. C. Lott, Miss Nedra Lott, Keith McLain, Edd Herlacker, Kenneth and Dale McLain.

Boys Entertained

The Endeavor society of the Christiana church met at the church basement on Tuesday evening, March 22, for their monthly social meeting. The boys were the hosts and about sixty guests enjoyed the evening of fun.

One of the main features of entertainment was an old-fashioned spelling match with Walter and Fred Nies as captains. Refreshments of beans and cornbread were prepared and served by the boys followed with cocoa and wafers. Sam Hergert, sponsor for the C. E.'s, assisted with the games. E. E. Marshall was special guest.

WHAT CAN WE EXPECT FROM THE R. F. C.?

Many farmers are asking just what help they can expect from the Reconstruction Finance Corporation recently created by Congress. To this question The Progressive Farmer-Ruralist makes the following reply:

"It is expected that the main benefit of the Reconstruction Finance Corporation will come by enabling banks and other lending agencies to extend credit in a fairly normal way. For the last year or two money in most cases has not been available for loans even where good security was offered. With the help of the Reconstruction Finance Corporation it is hoped that we can rather rapidly work back to the time when normal lending conditions will prevail—something about halfway between the flush times of five or six years ago and the hard times of 1930-31.

"In addition to the general loosening of credit expected through Reconstruction Finance Corporation operations, special provisions are made for loans to farmers. The exact terms have been summarized as follows: 'By the act creating the Reconstruction Finance Corporation fifty million dollars is made immediately available through the Secretary of Agriculture for loans to farmers in cases where he finds that an emergency exists as a result of which farmers are unable to obtain loans for 1932 crop production. It is possible that through the sale of securities an additional 150 million may be available for farm loans. The law requires that preference be given those farmers who suffered from crop failures in 1931. The Secretary has power to prescribe all terms and conditions of loans. A first lien shall in his discretion be deemed sufficient security. As has been the case with all emergency loan funds for a number of years, this will be handled under the direction of Dr. C. W. Warburton, Director of the Extension Service. His office is now working on its rules and regulations and particularly is giving consideration to what shall

be considered an emergency. It may be that failure of banks in many sections will be held to constitute an emergency, in which case loans will be available to farmers in sections where their inability to carry on is not due to a crop failure in 1931."

LAND BANK LEGISLATION

Through bills recently passed by Congress two helps are given Federal Land Banks:

1. The government invests \$125,000,000 in the capital stock of these banks.

As E. B. Reid, representing the Federal Land Bank says: "As a result it is hoped that they will soon be able again to sell their bonds at par and bearing a relatively low rate of interest."

2. The Land Banks may grant extensions in a limited number of meritorious cases.

As to this point, Mr. Reid says: "The great majority of borrowers even now are paying promptly on the day the interest on their loans is due. Borrowers as a class appreciate the fact that the farm mortgage and taxes are two fundamental debts which must be paid promptly. As a general policy, in cases where the farmers have had a record for prompt payment, where the borrower has been able to demonstrate that if he were permitted to become delinquent on the current installment, he probably would be able to continue to farm successfully in the future and to pay the installment before long and succeeding installments, the Federal Land Banks have not instituted foreclosure proceedings. Where the farmer could not make such a demonstration or give such an assurance, the Federal Land Bank officials have had to use their discretion and start foreclosure proceedings. The banks are not so organized as to carry a large number of delinquencies."—The Progressive Farmer-Ruralist.

According to the Dalhart Texas, an, the Dalham county transcript of their recent highway bond has been approved by the attorney general's office at Austin, Texas. They also state that the Dalham county bonds will not be sold at the present time on account of the depressed condition of the bond market. The state highway department will advance funds for the immediate construction, allowing the county to sell their bonds when the price is better.

For Greater Safety

Perryton Motor Co. Cooperating With All Chevrolet Dealers in Safety Movement

Tying in with the national moves toward greater safety on the highways, A. J. Kelly, president of the Perryton Motor Co., local Chevrolet dealers, announced today that beginning the week of March 28 his organization will offer all Chevrolet owners a special bargain price on brake adjustments for this week only.

This move is the first of a series of special services to be offered over a period of weeks by the Perryton Motor Co. in the interest of improving the operation of owners' cars prior to the heavy motoring season, at rates in line with the general level of prices, Mr. Kelly said.

"Correct brake adjustment is the greatest single factor toward insuring safety of the highways," Mr. Kelly pointed out. "In offering this service at a special price for one week only, we feel that we are contributing to a safer motoring season."

"The driver with faulty brakes has a constant worry on his mind. He fails to get the enjoyment out of a trip that he should get, because he is driving under constant nervous tension. He lacks the confidence in his car that sure acting brakes give him. He knows that he is liable to an accident which correctly-adjusted brakes might have prevented."

We have several ready built lathes suitable for roses and other vines, at \$1.25 while they last. Panhandle Lumber Co. 7-17-c.

GOOD FEED AND MANAGEMENT LEAD TO HOG PROFITS

Golias—Self feeders, of which 41 have been built by Golias county farmers the last year, feature the hog feeding demonstrations conducted by 39 men and boys in cooperation with K. J. Edwards, county agent. Records of 28 completed demonstrations show pork to have been produced for about 4 cents per pound, and that the hogs obtained prices ranging from 50 cents to \$1.25 per bushel for the corn fed.

Prevention and control of intestinal parasites was found to be important in saving pigs and obtaining good gains. All demonstrators provided plenty of water troughs, shade in hog pens, and green pasture most of the time. In every case the ration consisted of shelled corn and a protein supplement in self feeders.

One farmer who made a litter of 12 pigs weigh 2300 pounds at six months of age put them on a self feeder at three months old. At that time the pigs were very uneven in size with the smaller ones continually getting smaller and the bigger ones bigger by ordinary hand feeding methods. At the end of six months the entire lot were even in size due to the even chance each got at the self feeder.

Community Betterment

Legion Auxiliary Plans to Assist in Many Movements for Good of Community

Spring rapidly approaching, the Legion Auxiliary Units in Ochiltree County are turning their attention to community betterment projects which will improve conditions in hundreds of communities and are being spearheaded by Mrs. Sibley Jines, chairman of the Pierce Johnson Unit, stated at a recent meeting, March 15th, designated in the Auxiliary calendar of activities as the opening of community work and many units are planning their 1932 projects of different kinds of projects to make their cities better places in which to live. Carried out by Auxiliary work, Mrs. Jines explained, many units are sponsoring "clean-up", "painting", "repair-your-property" projects as civic beautification and as a means of improving employment conditions.

PLUGGING THE LEAKS

By Col. Bill Talbot
I don't agree with what I don't blame myself; I don't blame my ignorance; I don't have something to write about if your mind does not as mine does, I can't help

you start to take a bath, thing you do is to put the bath tub, for if the water, as fast as it comes in, come clean with yourself. Many years Texas has raised her products at a profit, the last few years you have some crops raised and production cost—and it that we have to plug the leak, the difference between material and the man-made product in payrolls for our labor. At the present price of about six cents worth of the cotton was bought in America today is not overproduction but underconsumption. In this connection we cannot refrain from quoting what Governor LaFollette of Wisconsin told the national Grange at its meeting in Wisconsin in November. Said he:
"You know there are two kinds of surpluses. If you have a great, big, old-fashioned Thanksgiving dinner where you eat and eat till your stomach aches and you're afraid to move, and somebody brings you a nice, big, roasted goose and puts it on the table—then that goose is a real surplus. But if, before you and I have had anything to eat, if we're hungry and we're around that table but we can't reach the middle of it, and our chairs are nailed to the floor, and we're nailed to the chairs, and the goose comes in and we can't reach it—that goose is not a surplus."
"You go to your home town lumber yard and your lumberman will tell you he has two years' lumber supply piled up, and you say, 'My! what are we ever going to do? We have just got surpluses every place!' But a careful analysis shows that if the American farmer alone had the money to buy the lumber he needs—not to put up new buildings, but just enough money to buy just enough lumber to keep his buildings from going to rack and ruin—that purchasing power in the hands of the American farmer would make that lumber 'surplus' disappear overnight!"

Texas has produced some of the prettiest movie stars in captivity; some of the greatest outlaws in history; then, in the name of common sense, why can't we produce just as good merchandise in any other line as any other state in the Union?

We can, if we give our support to people who are paying money for labor, consuming our raw materials, building up our communities and bringing in new dollars from less favored communities and are helping solve our problem by giving employment to our people. The need today is buying power, and that buying power can be created in our own state by stopping the millions and multiplied millions of dollars going into other states for products that we can produce and are producing here in Texas!

The merchant will put in stock what you ask for. That's business. The solution of the rehabilitation of Texas lies in the hands of each individual. The greatest support that we can give a Chamber of Commerce to bring in industries that are not now here is to present a unified front that we will support and patronize our own industries. Then they will come in here asking for location, and not bonuses. Think this over and let's do something about it right now!

NOT OVERPRODUCTION BUT UNDERCONSUMPTION

"If the proverbial 'Man from Mars' were to alight on American soil today, would he not be amazed at the spectacle presented?" asks Dr. Clarence Poe in the latest issue of The Progressive Farmer-Ruralist, and goes on to say:

"Here are the millions of us who are at work, and we are being asked to provide charity and 'doles' for millions of others out of work—carpenters and bricklayers and lumbermen and cloth-makers who had rather be at work than not—while other millions of us are daily suffering for lack of the services of these same idle cloth-makers and carpenters and lumbermen!"

"It is high time for all of us to do a little clearer thinking about this whole question of surpluses. For the most part, what we have in America today is not overproduction but underconsumption. In this connection we cannot refrain from quoting what Governor LaFollette of Wisconsin told the national Grange at its meeting in Wisconsin in November. Said he:

"You know there are two kinds of surpluses. If you have a great, big, old-fashioned Thanksgiving dinner where you eat and eat till your stomach aches and you're afraid to move, and somebody brings you a nice, big, roasted goose and puts it on the table—then that goose is a real surplus. But if, before you and I have had anything to eat, if we're hungry and we're around that table but we can't reach the middle of it, and our chairs are nailed to the floor, and we're nailed to the chairs, and the goose comes in and we can't reach it—that goose is not a surplus."

"You go to your home town lumber yard and your lumberman will tell you he has two years' lumber supply piled up, and you say, 'My! what are we ever going to do? We have just got surpluses every place!' But a careful analysis shows that if the American farmer alone had the money to buy the lumber he needs—not to put up new buildings, but just enough money to buy just enough lumber to keep his buildings from going to rack and ruin—that purchasing power in the hands of the American farmer would make that lumber 'surplus' disappear overnight!"

Women Can Aid

American Legion Auxiliary Urges Women of Perryton to Help Employment Campaign

The women of Perryton can give effective aid in improving local employment conditions, Mrs. Jack Allen, chairman of the employment committee of the Pierce Johnson Unit of the American Legion Auxiliary, declared today as the Auxiliary went forward to aid the Legion in its nation-wide war on unemployment.

"Women handle and spend a very large per cent of all money earned," Mrs. Allen said. "They control to a large extent the purchasing power of the community and through the judicious exercise of this purchasing power they can help create employment."

"In many homes incomes have not been reduced and purchasing power has actually been increased through fall of prices. It is in these homes that women can perform a great service by continuing or resuming normal expenditures. It is a patriotic duty for all who are able to continue their households in the normal manner to help lead the way back to normal times."

COW TESTING PROVES WORTH

Canyon.—The longer dairy herds have been included in the cow testing association in Randall county the higher the production and the lower the cost of production. W. H. Upchurch, county agent, concludes after going over the records of 450 cows owned by 20 farmers. These cows averaged 321 pounds of butterfat last year, produced at an average cost of fifteen and a half cents per pound. Feed cost averaged \$49.70 per cow for the year.

H. R. Fulton, one of the members of the testing association, found that by increasing his feed cost from \$36.65 per cow in 1930 to \$62.82 in 1931 he increased production enough to cut the feed cost of producing one pound of butterfat from 15.6 cents to 13.5 cents.

PUREBRED POULTRY: THE START TO BETTER THINGS

The farm family who will succeed this year will be not only a working family, but a "working together" family; they should pull together with all the ardor and fighting determination of a football team. In discussing this idea The Progressive Farmer-Ruralist presents the following suggestion:

"Poultry also offers an opportunity for the women and girls and children on the farm to add to the family income. Of course, when Dad and the larger boys are idle, they ought not to throw all the poultry work on the rest of the family. But during most of the year when the stronger members of the family are busy tending, breaking the land, harrowing, planting, cultivating, and harvesting, the rest of the family can look after the hens, the chicks, and the eggs. For that \$500 More' will yield only to united effort."

"And we ask you this: Don't you think it is a shame to have California making millions by supplying New York and other Northern markets with eggs when we of the South have all California's advantages and are a thousand miles nearer these

Governor Inspects Davis Scenic Highway

Here is shown Governor Ross Sterling on a trip with other state officers in West Texas, inspecting the work on the 75-mile Davis Mountains State park highway, which will traverse a vast recreational area 6,000 feet above the sea level in the Big Bend country. "We are building a playground in the mountains of West Texas that will be second to none," said Sterling. He is shown on the right, standing with a high way employee on one of the steam shovels used to build the road.

great Eastern markets? We ought to have captured this trade long ago. Now old 'General Depression' may make us do it—with increased profits and benefits all the rest of our lives. But let's remember this—we can beat California only by having four things:

- "Purebred fowls,
- Cleanliness from A to Z,
- Standardized products,
- Cooperatively marketed."

BETTER EGGS BRING BETTER PROFITS

The farm flock owner with eggs to sell will get a better price if he takes out all the thin shells, odd shapes, and cracked or stained eggs for home use, carrying only clean, fair sized eggs to market. Says L. H. McKay, poultry editor, in The Progressive Farmer-Ruralist:

"We farm flock owners generally give too little time or thought to selling our eggs after we have produced them. So we are to blame if we don't get as much per dozen as we ought."
"The first thing we ought to do is to decide once and for all what sort of an egg we are going to sell. The majority of folks that buy eggs believe that an egg is just an egg, and buy what is cheapest. We produce yard eggs, which are eggs collected twice a day, and marketed every two or three days. These eggs are from layers fed a good ration, and being fresh and clean, are better than the ordinary country eggs found in the stores. There is no use in trying to build up a trade unless we have something better than the average to sell. As long

BEEF CATTLE PROMISE BETTER PAY IN 1932

"The beef cattle raiser has an excellent opportunity to profit from his efforts during 1932. But these efforts must be expended in the right direction," says The Progressive Farmer-Ruralist, but adds this caution:

"Lady Luck sometimes seems to play a major role in success, but consistent success usually results from hard work directed by sound judgment, and not through mere chance. "It is now possible to secure registered beef sires from excellent bloodlines and desirable in type for unusually moderate prices. This makes it easy for the owner of a beef cow herd to improve the quality of his calves through the use of good

sires. Added quality increases the chances for profit from calves regardless of whether they are to be sold as feeders or fattened and sold as baby beef.

"Many who own common or grade cows have often longed for an opportunity to replace them with registered stock. Present prices for registered females bring them within reach of the average man. However in most cases it will be a wise plan to grow into the purebred business rather than buy into it. This can be done by acquiring a few good registered cows or heifers, keeping the best of their produce to be added to the herd each year. And regardless of whether the cow herd is registered stock or grades, one should constantly strive to use better and better sires."

Mrs. Sanford Hostess

The Hi Lo bridge club met Friday afternoon with Mrs. H. C. Sanford, 119 Southwest Fifth Avenue. Appointments and favors were suggestive of the Easter season. High score award went to Mrs. Gladys R. Bray. Second high was received by Mrs. J. R. Thomas.

Seated for the games were Mrs. Paul Ballew, Mrs. Frank P. Dodson, Mrs. Dewey Allen, Mrs. Fred Battle, Mrs. H. P. Lorenz, Mrs. Roy B. Orrill, Mrs. T. A. Roper, Mrs. J. R. Thomas, Mrs. Gladys R. Bray, Mrs. A. E. Dyatt, Mrs. T. D. Moss and Mrs. Delos Word.

Entertain Men

The Dorcas class of the Baptist Sunday school held a social in the church basement on Thursday evening of last week for their husbands, members of the Y. M. C. C. class, and prospective members for both classes.

Lovely green and white decorations gave a festive spirit to the occasion. A special arranged program was enjoyed. Delicious refreshments were served to fifty-five guests.

Guests Enjoy Forty-two

Mr. and Mrs. Ed Beaver and daughter, Miss Audrey, entertained a few of their friends for forty-two on Thursday evening, February 17.

At the close of the games a delightful refreshment course in keeping with Saint Patrick color scheme, was served to Mr. and Mrs. Sam McLain, Mr. and Mrs. T. C. Lott, Miss Nedra Lott, Keith McLain, Edd Herlacker, Kenneth and Dale McLain.

Boys Entertain

The Endeavor society of the Christian church met at the church basement on Tuesday evening, March 22, for their monthly social meeting. The boys were the hosts and about sixty guests enjoyed the evening of fun.

One of the main features of entertainment was an old-fashioned spelling match with Walter and Fred Nies as captains. Refreshments of beans and cornbread were prepared and served by the boys followed with cocoa and wafers. Sam Hergert, sponsor for the C. E.'s, assisted with the games. E. E. Marshall was special guest.

Dinner-Bridge

Mrs. Liel Lewellen and Miss Myrtle Conley were joint hostesses for dinner and bridge, Saturday evening, March 19, at the Lewellen home, 806 Southwest Sixth Street.

Guests present were Mr. and Mrs. Spencer P. Whippo, Mr. and Mrs. Carl Ellis, Mr. and Mrs. Jack Allen, Mr. and Mrs. H. I. Hudson, Mr. and Mrs. Curtis O. Roach, Mr. and Mrs. C. W. Claybaugh, Mr. and Mrs. A. H. Nichols, Mr. and Mrs. Stanley D. Key, Mr. and Mrs. J. C. Hickernell, Mrs. Henry C. Ranspot, Alma, Colo., Mrs. C. B. Rogers and Arch Talley. In the bridge games, Mrs. Roach

and Mr. Nichols played high and Mrs. Hickernell and Mr. Whippo received the consolations. A special guest prize was given Mrs. Ranspot.

Sorosis

The Home Economics department of the Sorosis club met Wednesday afternoon, March 16, at the apartment of Mrs. B. H. Murphy, 117 Southwest Fifth Avenue, with Mrs. J. L. Couger assisting Mrs. Murphy in the hostess duties.

The chairman, Mrs. K. H. Crisp, presided. Roll call was answered by naming a "helpful hint or article read this month." "Romancing in the Old World" was the lesson study. Mrs. Jas. E. Barbour discussed "Home Life in Australia" and Mrs. Chas. R. Garrett very ably portrayed "Life in Italy." Suggestions for next years study was discussed and new officers were elected.

A lovely Saint Patrick refreshment course was served to the members and Mrs. W. E. McMillen, Mrs. J. A. Wm. Hart, Mrs. C. B. Rogers, Mrs. A. C. Nies, and Mrs. G. K. Reading, guests.

Hold Regular Meet

The woman's committee of the Oklahoma Electric and Water and Texas-Louisiana Power companies met Wednesday, March 16th, at the home of Mrs. R. O. James in Perryton.

Meeting was called by the president, Miss Mildred Baumann.

Members answered roll call with a current event, followed by the company song.

The program follows: "Our Company and Our Responsibility" - Clara Hofferber, Guyton, Okla.; "Politeness and Courteous Treatment of Customers" - Mrs. G. W. Acker, Perryton; "Rates and Charts" - Mildred Crawford, Spearman.

Adjourned at 6 o'clock to meet again next date of club.

Entre Nous Club

The Entre Nous bridge club was entertained Thursday afternoon, March 17, at the home of Mrs. C. R. Nelson with Mrs. Ralph Shearer the charming hostess.

Lovely Easter baskets and bunnies formed the table centerpiece. Bunnies were given as favors and the tempting menu and table appointments carried out the Easter motif. Mrs. C. W. Claybaugh won high score prize and Mrs. Chas. Kent received cut prize.

Those playing were Mrs. Ray Christopher, Miss Helen Buckland, Mrs. R. C. Harlow, Mrs. Carroll Dodd, Mrs. C. R. Nelson, Mrs. C. W. Claybaugh, Mrs. G. W. Acker and Mrs. Charley Kent.

Family Dinner

Mrs. Frank P. Dodson served a delicious fried chicken dinner Tuesday, March 22, as a surprise for her daughter, Francis Mae, on her eighth birthday anniversary.

Other guests, beside the Dodson family were Mrs. T. J. Morgan, Miss Ollie Morgan and Kathleen Allen.

Observe Birthday

Bobby Whippo celebrated his twelfth birthday with a party Friday evening, March 18. Thirty-nine boys and girls were present to enjoy the interesting games. Clever caps were given as favors and delicious refreshments were served at the close of the evenings fun.

WHAT CAN WE EXPECT FROM THE R. F. C.?

Many farmers are asking just what help they can expect from the Reconstruction Finance Corporation recently created by Congress. To this question The Progressive Farmer-Ruralist makes the following reply:

"It is expected that the main benefit of the Reconstruction Finance Corporation will come by enabling banks and other lending agencies to extend credit in a fairly normal way. For the last year or two money in most cases has not been available for loans even where good security was offered. With the help of the Reconstruction Finance Corporation it is hoped that we can rather rapidly work back to the time when normal lending conditions will prevail—something about halfway between the flush times of five or six years ago and the hard times of 1930-31.

"In addition to the general loosening of credit expected through Reconstruction Finance Corporation operations, special provisions are made for loans to farmers. The exact terms have been summarized as follows: 'By the act creating the Reconstruction Finance Corporation fifty million dollars is made immediately available through the Secretary of Agriculture for loans to farmers in cases where he finds that an emergency exists as a result of which farmers are unable to obtain loans for 1932 crop production. It is possible that through the sale of securities an additional 150 million may be available for farm loans. The law requires that preference be given those farmers who suffered from crop failures in 1931. The Secretary has power to prescribe all terms and conditions of loans. A first lien shall in his discretion be deemed sufficient security. As has been the case with all emergency loan funds for a number of years, this will be handled under the direction of Dr. C. W. Warburton, Director of the Extension Service. His office is now working on its rules and regulations and particularly is giving consideration to what shall

be considered an emergency. It may be that failure of banks in many sections will be held to constitute an emergency, in which case loans will be available to farmers in sections where their inability to carry on is not due to a crop failure in 1931."

LAND BANK LEGISLATION

Through bills recently passed by Congress two helps are given Federal Land Banks:

1. The government invests \$125,000,000 in the capital stock of these banks.

As E. B. Reid, representing the Federal Land Bank says: "As a result it is hoped that they will soon be able again to sell their bonds at par and bearing a relatively low rate of interest."

2. The Land Banks may grant extensions in a limited number of meritorious cases.

As to this point Mr. Reid says: "The great majority of borrowers even now are paying promptly on the day the interest on their loans is due. Borrowers as a class appreciate the fact that the farm mortgage and taxes are two fundamental debts which must be paid promptly. As a general policy, in cases where the farmers have had a record for prompt payment, where the borrower has been able to demonstrate that if he were permitted to become delinquent on the current installment, he probably would be able to continue to farm successfully in the future and to pay the installment before long and succeeding installments, the Federal Land Banks have not instituted foreclosure proceedings. Where the farmer could not make such a demonstration or give such an assurance, the Federal Land Bank officials have had to use their discretion and start foreclosure proceedings. The banks are not so organized as to carry a large number of delinquencies."—The Progressive Farmer-Ruralist.

DALLAM COUNTY BONDS APPROVED AT AUSTIN

According to the Dalhart Texan, the Dallam county transcript of their recent highway bond has been approved by the attorney general's office at Austin, Texas. They also state that the Dallam county bonds will not be sold at the present time on account of the depressed condition of the bond market. The state highway department will advance funds for the immediate construction, allowing the county to sell their bonds when the price is better.

For Greater Safety

Perryton Motor Co. Cooperating With All Chevrolet Dealers In Safety Movement

Tying in with the national moves toward greater safety on the highways, A. J. Kelly, president of the Perryton Motor Co., local Chevrolet dealers, announced today that beginning the week of March 28 his organization will offer all Chevrolet owners a special bargain price on brake adjustments for this week only.

This move is the first of a series of special services to be offered over a period of weeks by the Perryton Motor Co. in the interest of improving the operation of owners' cars prior to the heavy motoring season, at rates in line with the general level of prices, Mr. Kelly said.

"Correct brake adjustment is the greatest single factor toward insuring safety of the highways," Mr. Kelly pointed out. "In offering this service at a special price for one week only, we feel that we are contributing to a safer motoring season."

"The driver with faulty brakes has a constant worry on his mind. He fails to get the enjoyment out of a trip that he should get, because he is driving under constant nervous tension. He lacks the confidence in his car that sure acting brakes give him. He knows that he is liable to an accident which correctly-adjusted brakes might have prevented."

GOOD FEED AND MANAGEMENT LEAD TO HOG PROFITS

Golind—Self feeders of which 61 have been built by Golind county farmers the last year, feature the hog feeding demonstrations conducted by 39 men and boys in cooperation with K. J. Edwards, county agent. Records of 28 completed demonstrations show pork to have been produced for about 4 cents per pound, and that the hogs obtained prices ranging from 50 cents to \$1.35 per bushel for the corn fed.

Prevention and control of intestinal parasites was found to be important in saving pigs and obtaining good gains. All demonstrators provided plenty of water troughs, shade in hog pens, and green pasture most of the time. In every case the ration consisted of shelled corn and a protein supplement in self feeders.

One farmer who made a litter of 12 pigs weigh 2393 pounds at six months of age put them on a self feeder at three months old. At that time the pigs were very uneven in size with the smaller ones continuing to get smaller and the bigger ones bigger by ordinary hand feeding methods. At the end of six months the entire lot were even in size due to the even chance each got at the self feeder.

Community Betterment

American Legion Auxiliary Plans to Assist in Many Movements for Good of Community

Spring rapidly approaching, the American Legion Auxiliary Units in this county are turning their attention to community betterment projects which will improve conditions in hundreds of communities and are being planned by Mrs. Sibley Jines, chairman of the American Legion Auxiliary service committee. Mrs. Jines, chairman of the American Legion Auxiliary service committee, stated at the recent meeting, March 15th, that the Auxiliary is planning a national calendar of activities for the opening of community work and many units are planning their 1932 projects.

of different kinds of projects designed to make their communities better places in which to live. The greatest support that we can give a Chamber of Commerce to bring in industries that are not now here is to present a unified front that we will support and patronize our own industries. Then they will come in here asking for location, and not bonuses. Think this over and let's do something about it right now!

NOT OVERPRODUCTION BUT UNDERCONSUMPTION

"If the proverbial 'Man from Mars' were to alight on American soil today, would he not be amazed at the spectacle presented?" asks Dr. Clarence Poe in the latest issue of The Progressive Farmer-Ruralist, and goes on to say:

"Here are the millions of us who are at work, and we are being asked to provide charity and 'doles' for millions of others out of work—carpenters and bricklayers and lumbermen and cloth-makers who had rather be at work than not—while other millions of us are daily suffering for lack of the services of these same idle cloth-makers and carpenters and lumbermen!

"It is high time for all of us to do a little clearer thinking about this whole question of surpluses. For the most part, what we have in America today is not overproduction but underconsumption. In this connection we cannot refrain from quoting what Governor LaFollette of Wisconsin told the national Grange at its meeting in Wisconsin in November. Said he:

"You know there are two kinds of surpluses. If you have a great, big, old-fashioned Thanksgiving dinner where you eat and eat till your stomach aches and you're afraid to move, and somebody brings you a nice, big, roasted goose and puts it on the table—then that goose is a real surplus. But if, before you and I have had anything to eat, if we're hungry and we're around that table but we can't reach the middle of it, and our chairs are nailed to the floor and we're nailed to the chairs, and the goose comes in and we can't reach it—that goose is not a surplus."

"You go to your home town lumber yard and your lumberman will tell you he has two years' lumber supply piled up, and you say, 'My! what are we ever going to do? We have just got surpluses every place!' But a careful analysis shows that if the American farmer alone had the money to buy the lumber he needs—not to put up new buildings, but just enough money to buy just enough lumber to keep his buildings from going to rack and ruin—that purchasing power in the hands of the American farmer would make that lumber 'surplus' disappear overnight!"

Women Can Aid

American Legion Auxiliary Urges Women of Perryton to Help Employment Campaign

The women of Perryton can give effective aid in improving local employment conditions, Mrs. Jack Allen, chairman of the employment committee of the Pierce Johnson Unit of the American Legion Auxiliary, declared today as the Auxiliary went forward to aid the Legion in its nation-wide war on unemployment.

"Women handle and spend a very large per cent of all money earned," Mrs. Allen said. "They control to a large extent the purchasing power of the community and through the judicious exercise of this purchasing power they can help create employment."

"In many homes incomes have not been reduced and purchasing power has actually been increased through fall of prices. It is in these homes that women can perform a great service by continuing or resuming normal expenditures. It is a patriotic duty for all who are able to continue their households in the normal manner to help lead the way back to normal times."

COW TESTING PROVES WORTH

Canyon.—The longer dairy herds have been included in the cow testing association in Randall county the higher the production and the lower the cost of production, W. H. Upchurch, county agent, concludes after going over the records of 450 cows owned by 20 farmers. These cows averaged 321 pounds of butterfat last year, produced at an average cost of fifteen and a half cents per pound. Feed cost averaged \$49.70 per cow for the year.

H. R. Fulton, one of the members of the testing association, found that by increasing his feed cost from \$56.65 per cow in 1930 to \$62.82 in 1931 he increased production enough to cut the feed cost of producing one pound of butterfat from 15.6 cents to 13.5 cents.

PUREBRED POULTRY: THE START TO BETTER THINGS

The farm family who will succeed this year will be not only a working family, but a "working together" family; they should pull together with all the ardor and fighting determination of a football team. In discussing this idea The Progressive Farmer-Ruralist presents the following suggestion:

"Poultry also offers an opportunity for the women and girls and children on the farm to add to the family income. Of course, when Dad and the larger boys are idle, they ought not to throw all the poultry work on the rest of the family. But during most of the year when the stronger members of the family are busy tending, breaking the land, harrowing, planting, cultivating, and harvesting, the rest of the family can look after the hens, the chicks, and the eggs. For that \$500 More' will yield only to united effort."

"And we ask you this: Don't you think it is a shame to have California making millions by supplying New York and other Northern markets with eggs when we of the South have all California's advantages and are a thousand miles nearer these

Governor Inspects Davis Scenic Highway

Here is shown Governor Ross Sterling on a trip with other state officers in West Texas, inspecting the work on the 75-mile Davis Mountain State park highway, which will traverse a vast recreational area 6,000 feet above the sea level in the Big Bend country. "We are building a playground in the mountains of West Texas that will be second to none," said Sterling. He is shown on the right, standing with a high way employee on one of the steam shovels used to build the road.

BETTER EGGS BRING BETTER PROFITS

The farm flock owner with eggs to sell will get a better price if he takes out all the thin shells, add shapes, and cracked or stained eggs for home use, carrying only clean, fair sized eggs to market. Says L. H. McKay, poultry editor, in The Progressive Farmer-Ruralist:

"We farm flock owners generally give too little time or thought to selling our eggs after we have produced them. So we are to blame if we don't get as much per dozen as we ought."

FAT MEN

Mr. W. R. Daniels of Richmond Hill, N. Y., writes: "Have finished my second bottle of Kruschen Salts—results—removed 3 inches from the waistline—am 25% more active—mind is clear—skin eruptions have disappeared—am 46 years old—feel 20 years younger."

To lose fat surely and SAFELY, take one half teaspoonful of Kruschen Salts in a glass of hot water in the morning.

But be sure to get Kruschen—your health comes first—a bottle that will last you 4 weeks costs but a few cents at any drugstore in the world—if not satisfied—money back. C-9—Adv.

BEEF CATTLE PROMISE BETTER PAY IN 1932

"The beef cattle raiser has an excellent opportunity to profit from his efforts during 1932. But these efforts must be expended in the right direction," says The Progressive Farmer-Ruralist, but adds this caution:

"Lady Luck sometimes seems to play a major role in success, but consistent success usually results from hard work directed by sound judgment, and not through mere chance."

"It is now possible to secure registered beef sires from excellent bloodlines and desirable in type for unusually moderate prices. This makes it easy for the owner of a beef cow herd to improve the quality of his calves through the use of good

sires. Added quality increases the chances for profit from calves regardless of whether they are to be sold as feeders or fattened and sold as baby beef.

"Many who own common or grade cows have often longed for an opportunity to replace them with registered stock. Present prices for registered females bring them within reach of the average man. However in most cases it will be a wise plan to grow into the purebred business rather than buy into it. This can be done by acquiring a few good registered cows or heifers, keeping the best of their produce to be added to the herd each year. And regardless of whether the cow herd is registered stock or grades, one should constantly strive to use better and better sires."

CHURCHES

NEWS BY THE MINISTERIAL ALLIANCE

The attendance at the various Sunday Schools was the best for several weeks. All the Sunday Schools reported an increase in attendance over last Sunday. The total reported a week ago Sunday was 663 and the total the past Sunday was 708. This is encouraging when viewed in the light of the previous Sundays but it is a rebuke to the professing Christians of our fair city and community when we look at the population. The only time some people ever attend church is when they are carried there feet first. Begin to attend church now so that you will feel a little more at home when you are carried slowly into a church while the choir sings softly.

This is Easter season and next Sunday is Easter Sunday. Easter means more than the donning of a spring outfit. It reminds us of Christ's victory over death and the grave. It is because that He lives, victoriously over the grave that we shall live also. His resurrection is his pledge of immortality and of a like resurrection. How are you going to commemorate His resurrection, playing golf, picnicking, lounging around home or in His house for worship and service?

There have been many unhappy Easters because people have been absent from the circle of the devoted followers of Christ. Jesus appeared to ten disciples but Thomas was not there. The circle was broken and Thomas was the loser. Had Thomas been the only one who ever remained out of the circle of Christian fellowship and worship the tragedy would not have been so great but his kind has multiplied in proportion to the increase of the other ten.

Truly was the world in darkness until Jesus came forth from the grave. That Easter morn was the brightest the world had ever seen until that time. Now every morning is an Easter morn yet only once a year do we, in a special way, emphasize the fact of the resurrection of Jesus in our churches. Let us make this Easter the greatest of our lives. Find your way into a house of worship Sunday, March 27, 1932. "Come thou with us and we will do these good."

FULL GOSPEL TABERNACLE

Robert Girouard, Pastor
"I am the resurrection and the life," said Jesus, and proved that He was by raising the dead, both spiritually and physically.

After His crucifixion and burial the sealed tomb was powerless to hold Him. He had said: "I lay down my life, that I might take it again. No man taketh it from me, but I lay it down of myself. I have power to lay it down and I have power to take it again." He was "declared to be the Son of God with power, according to the spirit of holiness, by the resurrection from the dead." "Thank God, we are serving a living Christ. A Christ who has life in Himself and who has power to give life to others. The resurrection of Christ is the future resurrection of our bodies. But above all, it is a pledge to all His disciples that they shall arise in immortal, spiritual bodies to be with Him forever.

CHURCH OF CHRIST

Luke Priha, Minister
Bible Study, Sunday, 10:00 a. m. Preaching at 11:00 a. m. Subject, "Mysteries of the Bible."
Sunday evening at 7:30. Topic discussion of John the Baptist continued.
Preaching, 8:00 p. m. Subject, "Who Wrote the Bible."

CHRISTIAN SCIENCE

The subject of the lesson-sermon was "Matter" in all Churches of Christ, Scientist, Sunday, March 20. Psalms 46:10 furnished the golden text: "Be still, and know that I am God. I will be exalted among the heathen, I will be exalted in the earth."

The following passages from the Bible (11 Peter 3:10, 12) were included in the lesson-sermon: "The heavens shall pass away with a great noise... the earth also and the works that are therein shall be burned up. Nevertheless we, according to his promise, look for new heavens and a new earth, wherein dwelleth righteousness."

Embraced in the service were also the following citations from "Science and Health with Key to the Scriptures" by Mary Baker Eddy—pages 267, 272:

"Every object in material thought will be destroyed, but the spiritual idea, whose substance is in Mind, is eternal. The offspring of God start not from matter or ephemeral dust. They are in and of Spirit, divine Mind, and so forever continue... Under the supremacy of Spirit, it will be seen and acknowledged that matter must disappear."

LUTHERAN CHURCH NOTES

Good Friday—Easter
"That I may know Him, and the power of His resurrection" (Phil. 3, 10). This is one of the remarkable statements of the great apostle Paul about the resurrection of Jesus Christ. He wants to emphasize that there is power in Christ's resurrection, and that we Christians ought to count everything else but loss for the excellency of this knowledge. One of the noteworthy features of this statement is that it comes from the same apostle who also wrote, "I determined not to know anything among you save Jesus Christ, and Him crucified." Hence, St. Paul in

METHODIST CHURCH

J. W. Hendrix, Pastor
The attendance at church school went up considerably last Sunday. It is perfectly plain that there are a host who by rights ought to be in our church school, who are not in it; if at all, irregularly. A class for every age and size, and there's one for you. Join it next Sunday!

We approach Easter. This is the great day of the Church. It is even greater, if possible, than Christmas in its religious significance and assurance. We are just trying to lift the sentiment into a higher appreciation of this day—the day we celebrate as the resurrection of our Lord. By the time you read this one of our pre-Easter services will have been past—Wednesday evening, but the other will be yet to come.

Rev. O. H. Feller, Thursday evening; Rev. H. A. Nichols, of Spearman, on Friday evening. If you kept this part of Lent—the fasting and prayer, it would not likely hurt anything. I fear there is no danger of any of us over-doing either fasting or prayer!

Then on Sunday we will have our regular Easter service. The large choir will render appropriate Easter hymns at both services, and the pastor will preach at the morning hour, using as a subject, "Triumph Over Death." The choir will in the evening render a program—a musical ensemble. The pastor will open the doors of the church at the morning hour.

The young people invite you at 7:00 p. m. All of our evening services begin at 7:45.

BAPTIST CHURCH NOTES

J. M. Sibley, Pastor
9:45 a. m.—Sunday School—G. I. Horne, Supt.
11:00 a. m.—Sermon—Pastor
7:00 p. m.—B. T. S.—Miss Doris Horan, Director.
8:00 p. m.—Easter Cantata—Local choir directed by Mrs. Jack O. Lush.

Easter Services
At the morning hour the pastor will speak on "The Burning Heart," one of the many incidents connected with the resurrection of Jesus. Too much emphasis cannot be placed on the resurrection of Jesus. The two on the road to Emmaus found a warmth of fellowship with the risen Christ that they had never experienced as they watched him perform miracles, as they listened to His remarkable teachings, or as they walked with Him in the Hills of Judea.

The membership of our church and the lovers of Gospel music will be glad to know that our choir will present an Easter cantata at the evening service Sunday. Our sing-

ers are not strangers but the good crowds which attend when announcement is made that they will have charge of a special service indicate how their singing is loved. A real Easter welcome is extended to those who do not attend other services.

Revival Meeting

Assisted by O. Fred Hanna, the congregation of the Christian church and Pastor Hart will begin a revival next Sunday and continue three weeks. The pastor of the Baptist church hopes that his entire membership will take advantage of the spiritual treats in store for us in sermon and song.

CHRISTIAN ENDEAVOR

George Nies will have charge of the Christian Endeavor program for Sunday evening, March 27. A special musical program is planned. Any request numbers will be given if you get in touch with the leader.

FORMER OCHILTREE COUNTY RESIDENT DIED IN COLORADO

A. J. Gafford, a former resident of Ochiltree county and the grandfather of Ira B. Ferguson, passed away at his home in Rocky Ford, Colo., on Sunday, March 13. The body was brought to Texhoma, Oklahoma, for burial. Services were held from the Methodist church on Wednesday afternoon. Interment was made in the Texhoma cemetery.

Mr. and Mrs. E. H. Dodd, Dalhart, were in Perryton Saturday night and Sunday visiting with their children.

Miss Margaret Butler returned to school at Canyon Thursday evening. Miss Mary Louise Butler, who is having trouble with her eyes, will remain at home for the present.

ORDER AND NOTICE OF ELECTION UPON THE QUESTION OF AUTHORIZING COUNTY ROAD BONDS AND LEVYING AD VALOREM TAXES IN PAYMENT THEREOF

THE STATE OF TEXAS
COUNTY OF OCHILTREE
On this 14th day of March, 1932, the Commissioners' Court of Ochiltree County, Texas, was convened in regular session at the regular meeting place thereof in the Courthouse at Perryton, Texas, with all the members of said Court present, viz.: Oscar C. Flowers, County Judge; H. C. Brillhart, Commissioner Precinct No. 1; W. G. Yearly, Commissioner Precinct No. 2; R. A. Fuller, Commissioner, Precinct No. 3; W. R. Norris, Commissioner, Precinct No. 4; Irvin R. Buchanan, County Clerk when there came on to be considered the following petition of more than fifty of the property tax paying voters of said county, to wit: "Petition For Road Bond Election"

"STATE OF TEXAS
COUNTY OF OCHILTREE
TO THE HONORABLE COMMISSIONERS' COURT OF OCHILTREE COUNTY, TEXAS.
We, the undersigned, resident property tax paying voters of said county, respectfully pray your honorable body to order an election to

determine whether or not the bonds of said Ochiltree County shall be issued in the amount of \$400,000.00, bearing five per cent interest, and maturing at such times as may be fixed by the Commissioners' Court, serially or otherwise, not to exceed thirty years from the date thereof, for the purpose of constructing, maintaining and operating macadamized, gravel or paved roads and turnpikes or in aid thereof; and whether or not an ad valorem tax shall be levied annually on the property of Ochiltree County subject to taxation, for the purpose of paying interest on said bonds and provide a sinking fund for the redemption thereof at maturity.

The highways upon which it is contemplated that the money received from such bonds, if issued, shall be spent is State Highway No. 4, running thru Ochiltree County, from Lipscomb or Roberts County line to the Texas-Oklahoma line, upon such location as the state highway commission may establish same; and upon state highway No. 117, extending from the West County line of Ochiltree County to the east county line of said county, parallel with the North Texas and Santa Fe Railway track thru said county; for which purpose said money shall be expended upon the highways mentioned.

And it appearing affirmatively to the Court that said petition is signed by more than fifty of the resident property tax paying voters of said county.

And it further appearing affirmatively to the Court that the amount of bonds proposed to be issued will not exceed one-fourth of the assessed valuation of the real property of said County.

It is therefore ordered, adjudged and decreed by the Commissioners' Court of Ochiltree County, Texas, that an election be held in and throughout said Ochiltree County, Texas, on the 16th day of April, 1932, which is not less than thirty days from the date of this order, to determine whether or not the bonds of said Ochiltree County, Texas, shall be issued in the amount of \$400,000.00, bearing interest at the rate of five per cent (5%) per annum, and maturing at such time or times as may be deemed most expedient by the Commissioners' Court of said County, not later than thirty years from their date, for the purpose of the construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes, or in aid thereof, in said County; and whether or not ad valorem taxes shall be levied annually on all taxable property within said County, subject to taxation, for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity.

All persons who are legally qualified voters of this State and of this County and who are resident property tax payers in this County shall be entitled to vote at said election, and all voters desiring to support the proposition to issue such bonds shall have written or printed on their ballots the words "For the issuance of bonds and the levying of ad valorem taxes in payment thereof," and those

opposed thereto shall have the words or printed on their ballots the words "Against the issuance of bonds and the levying of ad valorem taxes in payment thereof."

OIL LINE Broken...

He Drove His Loaded Truck 45 miles with a DRY CRANKCASE

When Jack Edmondson halted his 2½-ton Chevrolet truck in a Conoco station in Des Moines, New Mexico, the attendant discovered a broken oil line and an empty crankcase!

But inspection of the motor revealed that no damage had been done!

When Edmondson returned home, he discovered, from oil spilled on the road, that he had driven about 45 miles after the oil line broke on the "Hidden Quart" of Conoco Germ Processed Oil.

You may never break your oil line and drive with an empty crankcase. But remember that if you use oils not Germ Processed, which drain away during

idle periods, you are running your motor under "dry crankcase" conditions every time you start. Only Germ Processed Oil actually penetrates and combines with metal surfaces. And only Germ Processed Oil gives you the protection of a "Hidden Quart" that stays up in your motor and never drains away.

The "Hidden Quart" cuts down starting wear, saves gas and gives your motor longer life, with fewer repair bills. It assures safe lubrication at all times.

Change to Conoco Germ Processed Oil at the sign of Conoco Red Triangle.

We neither encourage "dry crankcase" experiments nor guarantee success under all conditions. But unsolicited letters from motorists, now in our files, tell of this and hundreds of other runs with empty crankcases but without damage.

NOTICE TO PEOPLE VIOLATING CITY TRAFFIC REGULATIONS

Many people are ignoring the city ordinances regarding speeding, corner cutting, stop signs, parking regulations and other traffic regulations. Such action on their part must be stopped. They have been repeatedly warned regarding traffic regulations. No further warning will be given. You are expected to abide by the law.

NOTICE TO DOG, CHICKEN AND COW OWNERS

Spring is here and it is time for gardens, flowers and shrubs. Also files and disease.

If you have a dog that you want to keep, please have him licensed. Unlicensed dogs should be licensed at once.

If you have chickens, confine them.

All cow owners in the city are requested to clean their cow lots at once and to keep them clean. All refuse from cow and horse lots must be hauled out of town by the owner. It is a violation of the city ordinance to pile such refuse in the alleys and the ordinance will be enforced. Unless cow owners make a greater effort to clean and keep clean their premises, it is likely to bring a greater demand for the outlawing of cows, and one that can't be ignored.

It is necessary for us to surrender some rights when in cities and towns in order that we may enjoy others. Owners of live stock, pet stock and poultry should not overlook the fact that their neighbors rights should be respected, as well as their own.

Place no junk or rubbish in the alleys that you do not want hauled off. The alleys are public property and not for exclusive use or storage space. The city junk and garbage wagon makes the alleys regularly but does not take up garbage on the same trip that it collects trash and junk. Garbage and trash containers should be separate and must be placed at the property line. City employees are not expected to leave the alleys to secure any trash or garbage.

PROGRAM - At The - ELLIS THEATRE

Friday-Saturday, March 25-26

RICHARD DIX with Mary Astor, Dorothy Jordan, Joel McCrea, Robert Armstrong and Erich Von Stroheim in—

"The Lost Squadron"

Men dared death to make its thrills! Not an air show—but AN AIR SHOW IN THE MAKING! Planes crashing, zooming, looping—while far below cameras grind and an inhuman genius drives men to destruction for the supreme thrill!

Sunday Only, March 27

Claudette Colbert, Lilyan Tashman and William Boyd in—

"The Wiser Sex"

Beautiful—but far from dumb! Modern girls are like that! Give them a hunch and they play it for a mile; cheat them and you'll find the sheriff in your garage; love 'em and leave 'em alone—and you're sitting pretty for life! See how it all works out in "The Wiser Sex."

Monday-Tuesday, March 28-29

BARBARA STANWYCH with Regis Toomey, Zazu Pitts and Lucein Littlefield in—

"Shopworn"

Here's a happy combination of star and story and that can mean only one thing—a Superb picture and Stanwyck's emotional masterpiece. It's the formula for ENTERTAINMENT!

Wednesday-Thursday, Mar. 30-31

Bill Boyd, Robert Armstrong, James Gleason and Ginger Rogers in—

"Suicide Fleet"

Come, ride on storm-tossed waves of joy and thrills... listen to the big guns and big laughs roaring... come and be sunk by the dizziest, rowdiest, and happiest of Uncle Sam's gobs who ever hugged a girl or downed a "sub." With a supporting cast of thousands of fighting gobs supplied through the courtesy of the United States Navy.

Friday-Saturday, April 1-2

Johnny Weissmuller, Neil Hamilton, Maureen O'Sullivan and C. Aubrey Smith in—

"Tarzan The Ape Man"

Here's a jungle drama that will thrill you. Beautiful with its natural background of the jungle country of Africa. See wild life in its own wild haunts. It's the thrill picture of the year.

Cleanliness Is Next To Godliness It takes a lot of hot water to preserve cleanliness of the body and home. Hot water is required too often to be made available by the old methods. Only the modern automatic water heater can furnish this important necessity as and when it is needed. Why put up with inferior, slow methods of heating water? Enjoy the comfort and freedom of the gas fired automatic water heater. You can easily afford it, for with all its advantages, it really costs less than other methods. Ask us for the facts about low operating cost. PUBLIC SERVICE CORPORATION OF TEXAS

SPECIAL TRAIN

(Continued from page 1.)

... tice, trainmaster, Amarillo; F. A. Donnell, trainmaster, Waynoka, Oklahoma; L. F. Dinnan, agricultural agent of the G. C. & S. F. Galveston.

Talks by specialists of A. & M. College and the varied exhibits aboard dealt with the benefits of improved farming methods, a live-at-home program and how life on the farm may be made more comfortable, happier and of greater profit. The program as a whole featured such general topics as agronomy, beef cattle, dairy cattle, poultry, hogs, sheep and goats, farm electrification, feeding and clothing the family, 4-H club work, yard beautification, rug making and home industries. In the exhibits displayed, visitors to the train found illustrations of the points brought out by the speakers.

In announcing the purpose and nature of the special, J. D. Tinsley, agricultural agent, P. & S. F., Amarillo, said: "This is not the first agricultural train in the operation of which the Santa Fe has joined with the Texas A. & M. College. But the exhibits aboard are the best ever carried from the college in such work. They tell in a fine way what the college is doing in helping the advancement of agricultural independence and the Santa Fe, in joining with the college in such an enterprise, feels it is taking the best way to aid in bringing about greater prosperity and better living conditions on the farm."

The Santa Fe operated agricultural trains in Texas in 1923, 1924, and 1928. The 1932 farm and home special is the forty-seventh such train run by the Santa Fe System in co-operation with the agricultural colleges in the twelve states in which it operates. This year's Texas train is a nine-car special, including four cars of exhibits, flat car for speakers' platform equipped with electrically operated voice amplifier for open air meetings, passenger coach for meetings in inclement weather, livestock feed car and cars for accommodation of the personnel aboard. Operation of the special is handled by the railway, exhibits and speakers being supplied by the college and other cooperating agencies.

The train arrived here on the eighth week of an itinerary of nearly eight weeks, including 153 stops on Santa Fe lines in Texas. The tour began February 15 at Navasota, Grimes County, and will end April 4 at Snyder, Seury County.

E. J. WILLEY

E. J. Willey, a resident of Perryton for the past twelve years, died Friday, March 18, at his home in the east part of the city. The deceased was born January 14, 1859, in Indiana close to Lake Michigan. His father was killed in the Civil War. At the age of four, he moved with his mother to Missouri. In early manhood, Mr. Willey followed the teaching profession, later taking up the printing business. Shortly before coming to Perryton in 1919, he was forced to give up his work as editor of the Verden, Oklahoma, News on account of failing eyesight. Two sisters, Mrs. Mattie Jones Greeley, Colo., and Mrs. Eva Carmen, Braymer, Mo.; and a sister-in-law, Mrs. J. M. Willey, Perryton; are the surviving relatives. Funeral services were conducted by Rev. J. W. Hendrix at the Wilson Funeral Home Saturday afternoon, after which the body was laid to rest in the Ochiltree cemetery.

B. L. Rogers, Farnsworth merchant who is a candidate for representative to the Texas State Legislature from this district, has been combing the highways and byways in the interests of his race. On last Friday and Saturday he made a circuit through Spearman, Stinnett, Berger, Morse, Dumas, Sun Ray. On Tuesday and Wednesday of this week, he was at Miami, Canadian, Higgins, Pollett, Darrout, Booker and Perryton.

Ray Nies, Miss Mary Alice and Dick Nies and Mrs. A. C. Nies motored to Durham, Okla., Sunday, to take Mrs. Ray Nies, who stayed at the bedside of her mother.

Real Hero

Every year the Latham foundation selects the outstanding dog hero of each state, and presents a medal for heroism to each. The reward for Texas in 1931 has just been made. It goes to Happy, stray dog who was adopted by B. J. Clark, of Galveston. Happy saved four persons from burning to death when he tore into a burning dwelling at night and bodily dragged them from their beds. He has no pedigree, just a plain ordinary dog.

Black Terror

Here is Midnight, the famous bronco that has never been ridden. He threw or disqualified every cowboy who tried to ride him at the Southwestern Stock show and rode at Fort Worth, and this photo shows the reason why.

BOX RENT NOW DUE AT POST OFFICE

Postmistress Fannie Mae Black requests the Herald to notify patrons of the local office that box rent is now due for the second quarter of the year. Unless rent is paid on or before April 1, present boxholders cannot retain their boxes, according to Mrs. Black.

HUNTOON GRANGE POST-PONES INSTALLATION

Owing to the severe snow storm the first of the week, the installation of officers for the new Huntoon Grange has been postponed until Tuesday evening, March 29. Homer H. Holden, Lecturer of the Oklahoma State Grange and Deputy of the National Grange, will be in charge of the beautiful Grange installation ceremony. He will be assisted by a special installation team from the Lone Star Grange at Farnsworth. Officers of the Huntoon Grange urge all charter members to be present as well as visitors from other Granges. A school of instruction for new members will be conducted by Homer Holden immediately following the installation.

Mr. and Mrs. Ira Ferguson and Miss Virginia Good and Jim Gafford, who has been visiting here the past week, spent the week-end visiting relatives in Liberal, Kans. Mr. Gafford will visit a few days there before returning to his home in Utah. Mr. and Mrs. Ferguson and Miss Good returned home Sunday evening.

In Farnsworth Wreck

Forgen Physician And Wife Injured When Car Overturns While Enroute to Visit Son

Dr. and Mrs. J. C. Duncan, Farnsworth, Okla., suffered slight injuries when their car overturned in Farnsworth, while they were enroute to Borger, Texas, to visit with their son, John, who is associated with the Chevrolet agency at the latter place. A blow-out in a rear casing was the cause of the spill. The injured were rushed to Perryton for first aid, then returned to their home at Farnsworth. John Duncan, the son, is well known in Perryton, having played many games of baseball on the local diamond, both for and against Perryton.

Three youths at Salem, Ore., received a lesson in practical mechanics when the chief of police ordered them to reassemble a car from which they had stripped all movable parts.

Joseph Carter of St. Paul was fined for throwing a heavy clock at a neighbor and cutting his head.

Henry Arnold of St. Louis was arraigned and fined for the 163rd time for being drunk.

Mrs. Ann Davies of Cork, Ireland, celebrated her 100th birthday by riding 15 miles into town on her mule.

Automobile thieves stole a city-owned automobile from in front of police headquarters in Richmond, Va., recently.

Twenty-two years after they were divorced, Mr. and Mrs. J. C. Howells of Chicago decided they still loved each other and got married again.

While it lasts we will sell our stock of Cook's Flat wall paint, none better, at \$2.29 per gallon. Panhandle Lumber Co. 7-tf-c.

Pie Supper At Waka

Waka Parent-Teacher Association Sponsoring Supper To Raise Funds For Activities

The Waka Parent-Teacher association is sponsoring a public pie supper to be held at the Waka school-house, Friday night, April 1, the proceeds being used to carry on the activities of the organization for the good of the school and community. Everyone is invited and welcome. As one of the members so well stated, "Girls, bring your pies," and "Boys, bring your money." A delightful evening of fun and entertainment is promised all who attend.

UNCLE SAM'S GOOD DEAL

When Uncle Sam engages in any business transaction he usually gets skinned good and plenty, but there is one instance on record in which he made a really good deal, aided by a generous Alabama Corporation, and it was in connection with Muscle Shoals at that.

The story is told by a writer in the Review of Reviews, who relates how the Alabama Power Company, which formerly owned the Muscle Shoals site, donated it to the United States government as an act of patriotism when this country entered the World War. To make the transfer legal, the government gave the company a check for one dollar as compensation for the property, at the same time expressing appreciation of the gift. The writer continues:

"Later the power company reproduced the check in some literature which it was distributing to inspire Southern citizens to similar gifts, whereupon the government fined the company \$500 for reproducing a public document without official sanction. So the government made \$499 on Muscle Shoals."

And, he might have added, the government hasn't made any further profit from the project since, because of the persistency of Congress in making Muscle Shoals a political football instead of handling it as a business proposition.

BURD Piston Rings!

We have just received a large shipment of BURD Piston-Rings and now have in stock piston rings for practically every model and type of automobile, truck, tractor and gasoline engine, in standard sizes as well as over-sizes.

Burd piston rings are one of the outstanding lines in the United States and are used as standard equipment on a large number of cars, tractors and trucks.

Burd rings are not affected by heat. The tension—the very life of the ring—is cast into them when the metal is in a molten state and at a higher degree of temperature than they can possibly encounter when in operation in the motor. This tension lasts indefinitely. It cannot break down, no matter how extreme the heat condition for the tension of the Burd ring is a natural tension and cannot be duplicated by unnatural methods.

In addition to the Burd line, we also carry a stock of Pedric and McQuay-Norris piston rings.

Motor Replacement Parts

We have a complete line of valves, gaskets, pistons, pins and all motor replacement parts for all makes of cars and tractors in general use.

This year you will be able to buy your tractor motor assembly parts in a complete package. We will also have a good line of combine motor parts of Hercules and Waukeska motors, as well as sickle sections, steel chain, and many other parts for all makes of machines.
