Eisenhower, Churchill And Mayer Set Top Level Meet

PRESIDENT WITH GUEST

General Matthew Ridgway, commander of SHAPE, talks with President Eisenhower in his White House office in Washington after breakfast appointment with the chief executive. Gen. Ridgway is in Washington testifying in behalf of continued heavy European aid before various congressional committees. In August he is slated to become Army chief of staff.

Sentell's Bill Fails In House Vote Yesterday

The House yesterday defeated Rep. C. F. Sentell's House Bill No. 336.

Sentell's bill would permit counties to levy a county-wide tax not to exceed 25 cents per $100 valuation for school equalization purposes. Collections would be apportioned to the districts on the basis of average daily attendance.

A few persons connected with schooling here had said they were against such a bill, while others said they did not care whether it passed or not because counties would have to hold elections to determine whether they wanted to use it or not.

One person here said he believed Garza Countians had asked Sentell to introduce the bill, although Sentell referred to the Snyder situation in arguing the bill.

British Firm Denies Hauling China's Goods

HONG KONG (AP)—An official of a British steamship company today denied accusations by a U. S. Senate investigations subcommittee that the firm had transported Communist troops.

F. H. Horman-Fisher, Hong Kong manager of the Wheelock Marden Company, said neither his company nor any other British shipping concern he knows of has carried Communist troops.

Horman-Fisher's statement was issued in reply to testimony before a subcommittee headed by Sen. McCarthy (R-Wis), that two British-owned ships were used to transport Red troops along the Chinese coast. The committee was told these vessels later were hired to carry Mutual Security Administration goods.

Horman-Fisher said the Communists seized three Wheelock Marden ships and are using them in China trade.

"They were confiscated when we tried to withdraw them from China in August, 1951," he said. "We have no control over them. They are the steamships Norina, Romantico and Miramar.

Horman - Fisher said another Wheelock Marden vessel, the Willa, had been reported in China trade, but is no longer the property of Wheelock Marden. He said some outdated ship registers still list these vessels as belonging to the firm.

Robert Kennedy, assistant counsel of the subcommittee, testified the Wheelock Marden vessel Charles Dickens had been hired to haul MSA goods.

Horman-Fisher said the ship hauled some chemical fertilizer to Formosa for MSA, but never called at a Red Chinese port and that the vessel later was sold.

Mayer Loses Job; Another Govt. Folds

BULLETIN

PARIS (AP)—The French National Assembly denied Premier Rene Mayer a vote of confidence today and his cabinet, the 18th since liberation, collapsed.

Mayer, in office since Jan. 7, had told the Assembly a short time before that he was to go to Bermuda for a Big Three conference June 17 with President Eisenhower and Prime Minister Churchill. The purpose of the session, he said, would be to check upon the feasibility of a Big Four conference later with Russia.

Presumably, his successor will attend.

The vote was on Mayer's request for power to cut governmental expenses by cabinet decree, without Assembly approval in each case. He had hoped to cut the country's mountainous budget deficit.

The tally was 311 against and 260 for.

Mayer also wanted to reform the national alcohol market to cut down subsidies to wine and sugar beet growers. He proposed new taxes on oil products and truck transports and higher license fees for some types of cafes.

All these measures incurred the displeasure of deputies with special interests.

Bloodmobile Is Short Of Goal

Blood donors yesterday numbered exactly as were estimated yesterday morning, with 125 persons giving to the Bloodmobile.

Bill Butler, commander of the Veterans of Foreign Wars, says the Bloodmobile may come back here again next year. He said donors came in as fast as the Bloodmobile's staff of eight persons could handle them yesterday morning but that the pace slowed yesterday afternoon.

The Bloodmobile's goal here had been 200 pints. Last year there were 213 pints donated.

Blood taken here will be used for overseas shipment by the Armed Forces and to help replace blood used in disaster areas during recent storms.

FLOODED

These houses and other buildings are under water after heavy rains sent streams in the Central Louisiana area around Jenna out of their banks to flood the surrounding countryside.

Extensions Of Six Months To Be Asked

WASHINGTON (AP) — President Eisenhower, Prime Minister Churchill and Premier Mayer of France will meet soon to thresh out Allied problems and discuss a possible high-level meeting with the Russians on East-West tensions.

An agreement for the West's big three to confer was announced today here, in London, and in Paris.

The place and date have not yet been fixed but Churchill has suggested Bermuda. This appears agreeable to Eisenhower and Mayer.

A disposition in government quarters here was to stress that the Western powers have many problems among themselves to warrant the meeting and to minimize talk in public about a possible Big Four session.

But Premier Mayer told the French National Assembly in Paris the approaching meeting would discuss the feasibility of a Big Four conference, meaning a meeting with the Russians.

Churchill long has been inclined to the view that a high-level meeting with the Russians might be productive of some betterment in the world situation.

The White House said the meeting of the Big Three leaders probably will be held in late June.

The White House issued this statement by Eisenhower:

"The governments of the United States, Great Britain and France have been in consultation with the view of holding an informal high-level meeting.

"We have agreed that such a meeting is desirable at a date convenient to all of us.

"A primary purpose will be further to develop common viewpoints with these friends on the many problems that must be solved cooperatively so that the cause of world peace may be advanced."

White House press secretary James Hagerty said there had been no definite decision as to where the session would be held, but that Churchill had suggested Bermuda.

Churchill must be in London June 2 for the coronation of Queen Elizabeth.

Eisenhower will leave Washington June 10 for speeches in Minnesota, the Dakotas, New Hampshire and New York.

The President is to return to Washington June 14. Hagerty said the Big Three conference probably would be held soon after that date.

The agreement on the meeting comes when there has been increasing pressure in Britain for a high-level conference with the Russians aimed at easing East-West tension.

So far as could be quickly determined here there was no intention or desire by Eisenhower to turn the meeting into a Big Four session by ringing in Soviet Premier Malenov.

Now Or Never Truce Proposal Prepared

TOKYO (AP)—Allied headquarters today worked on a revised Korean truce plan to be presented to the Reds next week at Panmunjom, possibly on a "now or never" basis.

Authoritative sources who insisted on anonymity said the plan contained some phases of the India plan approved by the United Nations Assembly last December. The Assembly agreed that a political conference should settle the fate of 48,500 North Korean and Chinese prisoners who refused to return to their homelands.

These sources said new ideas have been gained by the U. N. Command in long-range consultations with allies on the deadlocked prisoner exchange issue, main stumbling block to a Korean truce.

They took an optimistic view of the talks, which resume Monday, without revealing what the U. N. proposal will be.

They hinted a time limit on the talks may be enforced with the Communists being told to act "now or never." This was emphasized by the statement a few days ago of a high source at U. N. Command headquarters:

"We are not going to let these things drag out. We are going to keep hitting at the stumbling blocks trying to iron them out."

The Red Peiping radio today quoted British Communist reporter Alan Winnington as saying:

"Amidst all speculations about what the Americans may or may not do next Monday, it is well to state clearly what they cannot do. As far as the Korean and Chinese side is concerned, all propositions to hand the prisoners over to their enemies is utterly unacceptable. Any difference of treatment between Korean and Chinese prisoners is utterly unacceptable. Any restrictions aimed at tying in advance the hands of the neutral powers (a five-nation neutral repatriation commission) so as to prevent proper explanations to the prisoners, whom the Americans have terrorized, is utterly unacceptable."

Winnington's statements often reflect thinking of the Red truce delegation.

Spot Wildcat In Scurry For Pennsylvanian

Wheelock-Weinschell of Corsicana has set location for a Pennsylvanian wildcat in Southwest Scurry County.

It is the No. 1 Ora May Taylor, 660 feet from north and east lines of section 150-97-H&TC, eight miles southwest of Snyder.

It will begin at once to drill to 7,800 feet or production from the Pennsylvanian at a lesser depth.

FISHER COUNTY

A new wildcat in Fisher County is Lebus Bros. of Wichita Falls No. 1 J. B. Terrell and others, 330 feet from north and 990 feet from east lines of the southwest quarter of section 86-1-H&TC, eight miles east of Rotan.

It will begin soon to drill to 5,000 feet to test the Pennsylvanian.

DAWSON WILDCAT

Set in Dawson County is U. S. Smelting, Refining & Mining Co. of Midland No. 1 W. R. Sandridge, wildcat nine miles west and slightly south of Welch and three miles northwest of the Mungerville-Pennsylvanian field, 1,980 feet from north and west lines of section 110-M-EL&RR. It will begin immediately to go to 9,000 feet to test the Pennsylvanian lime.

DRILLING REPORTS

Helmerich & Payne, Inc., has plugged and abandoned its No. 1 Gillespie, wildcat in Southeast King County on total depth of 6,803 feet in granite. It was 663 feet from south and 678 feet from east lines of section 9-T-T. A. Thompson.

Sunray Oil Corp. has set location in the North Snyder Strawn B field for its No. 1 Louis Sentell, 467 feet from south and 1,717 feet from west lines of section 22-1-J. P. Smith, six miles north of Snyder. It will begin at once to drill to 7,500 feet.

Tidewater No. 1 Atkins in Kent County, now drilling at 5,012 feet in lime and shale, took a two-hour drillstem test of the Permian lime at 4,930-971 feet and recovered 200 feet of salty drilling mud with no shows of oil, gas, or water.

Shell No. 1-C Burnett in King County drillstem tested at 6,303-400 in an unidentified dolomite which is likely Ellenburger with tool open an hour and 55 minutes. It recovered 244 feet drilling mud, 940 feet muddy salt water, 90 feet salt water, with no shows of oil or gas. The wildcat is now taking electric surveys and awaiting orders.

In Scurry, Humble No. 1-B McMillan is drilling at 3,355 feet in lime and shale, and Humble No. 1 Jones is at 142 feet in anhydrite.

In Borden, Texaco No. 1 Canning is at 1,424 feet in lime and shale, Helmerich & Payne No. 1 Dorward is at 8,462 feet in lime and shale, and Superior No. 3-518 Jones is at 5,263 feet in lime.

In Mitchell, Humble No. 1 Farmer is digging at 1,475 feet in anhydrite and red beds, Humble No. 1 Cooper is at 8,042 feet in dolomite, Sun No. 4 McCabe is at 3,100 meet in shale, Sun No. 2-A Anderson is at 5,905 feet in lime and shale, and Sohio No. 1 Yarbrough swabbed 15 hours and recovered 24.17 barrels of oil and 18.52 barrels of sulphur water.

Nehru And Dulles Have Second Conference

NEW DELHI, India (AP)—Secretary of State Dulles and Prime Minister Nehru emerged smiling today from their second conference on Asian and world problems and the beaming Indian government chief told newsmen, "We will meet again tomorrow."

The hour and 45 minute conference followed a lengthy private chat between the two men last night at which authoritative sources said the Korean peace deadlock was the No. 1 topic.

After the conference this morning, Nehru told newsmen:

"Certainly we discussed Korea. But we were able to talk about a great many things this morning—I would say that Korea was roughly one-tenth of what we covered."

Shortly after the secretary of state arrived here yesterday with U. S. Foreign Aid Director Harold Stassen, Indian Finance Minister C. D. Deshmukh and members of the Indian Planning Commission presented a request for more than one billion dollars in U. S. aid during the next three years to carry out the nation's five-year economic plan.

Air Force Cuts Are Cause Of GOP Riff

WASHINGTON (AP) — The Eisenhower administration's explanation of its decision to cut the Air Force goal from 143 to 120 wings and slash its funds five billion dollars left a sharp division in Senate ranks today.

Sen. Ferguson (R-Mich), chairman of an appropriations subcommittee considering the new defense budget, said he believes Secretary of Defense Wilson "has made a good case for the new program."

"After all, the 143-wing goal of the Truman administration was just a paper target that could not be hit," Ferguson said. "Secretary Wilson assures us he has more money now than will be spent in the next fiscal year."

Sen. Hill (D-Ala), also a member of the committee, disagreed sharply in a separate interview. He said:

"Mr. Wilson certainly has not convinced me, nor apparently most other members of the committee. He will have to justify the five billion dollar cut in the Air Forces before I'll ever vote for it."

Wilson has spent a good portion of the last two days before the Senate group, under questioning about the administration action in cutting the Air Force goal for mid-1955 from 143 wings to 120, each containing from 30 to 75 planes.

The revised Pentagon budget also calls for about five billion dollars less in new funds for the Air Force in the fiscal year starting July 1. President Eisenhower, in his radio address Tuesday night, said 60 cents of every defense dollar will still be going into Navy and Air Force air power.

Wilson told the senators yesterday that the 143-wing goal of the Truman administration had been slipping further from realization for more than three years.

Deweyville Fight Lost; Orange Flood Looming

(By The Associated Press)

The surging Sabine River swept over the sawmill village of Deweyville early Thursday and sped toward the industrial center of Orange, threatening the worse flood in the city's history.

The Weather Bureau in Lake Charles warned that Orange could expect a flood crest by 6 a.m. Saturday that would be two feet higher than the severe flood of 1945.

In direct danger are 1,542 homes in the Riverside addition, north of Highway 90. The predicted crest of 9 to 9.5 feet Saturday is about one foot higher than the levees.

In downtown Orange, south of Highway 90, a crest of 7 to 7.5 feet threatens to flood the entire business district unless temporary dikes can be thrown up.

About 2 a.m. Thursday the Sabine won its battle with weary workers attempting to hold the weakened levee protecting Deweyville, 12 miles north of Orange on the Texas - Louisiana border. The last crew of soaked volunteers reluctantly retreated and watched the levee collapse, isolating the town.

The latest forecast calls for a crest of 20 to 20.5 feet between midnight Thursday and 6 a.m. Friday.

Ordinarily the river follows a twisting course of about 30 miles between Deweyville and Orange. The floodwaters no longer are controlled by the river's banks and the racing tide is expected to spread across the lowlands much faster.

Orange made hurried, but coordinated preparations Thursday for the expected flood crest. Leaders worked with officials from the Orange Naval Station and Army engineers.

About 38,000 sandbags were ready to build the temporary dikes in the business district and more would be brought in if necessary. Army Engineers called in bull dozers, drag lines, and such from surrounding areas.

One of the largest industries threatened in Orange is the U. S. Steel plant on the river front. It employs about 1,500 workers, all working against time now to protect the plant and the city from the flood danger.

No injuries and no deaths were reported. And nobody grew panicky as the flood threat grew. Deweyville's 800 dispersed quietly, some going to the school gym, a small island in the middle of the flood. All were thought safe.

The river was reported at a 19.42 foot level at 4 a.m.

Gordon Baxter of Port Arthur's radio KPAC said the river was at least five miles wide near Deweyville and still spreading. He said the Evangeline Highway was under 18 inches of water for miles.

There was believed to be no grave threat to downstream areas. The river left its banks at Orange and got into some areas of the naval station there, all in front of the levee.

No real danger of flood was feared in Orange.

Second Hottest Day

The mercury jumped to a high of 97 degrees yesterday, giving Snyder the second hottest day of the year. A reading of 99 degrees was recorded May 8. Low last night was 69 degrees, according to Mrs. D. P. Strayhorn, official weather observer. The reading at 7:30 o'clock showed 72 degrees, she said.

Wreck Injured Are Improved

Two of four women taken to Battenfield Hospital following an automobile accident Saturday have improved since yesterday but are still in serious condition, according to attendants there.

Mrs. Annie L. Runyon of Earth is improving while Mrs. Grace Underwood, Dimmitt, is listed as "slightly improved." Still in critical condition are Mrs. Bama Juanita Smith and her daughter-in-law, Mrs. Carol Smith, the latter having never regained consciousness.

Funeral services are still pending at Bolger Funeral Home for Mr. Gerald Otis Lindsey of Hermleigh who died Tuesday morning of injuries suffered in the same accident. Also fatally injured in the accident was Mrs. Runyon's daughter-in-law, Mrs. Mary Elizabeth Runyon of Earth.

The accident occurred about a mile southeast of the city limits on U. S. Highway 84. The Runyon car and the Lindsey car collided head-on when, Mr. Lindsey said, he attempted to pass a truck.

WEATHER

WEST TEXAS — Partly cloudy this afternoon, tonight and Friday. Not so warm in Panhandle and South Plains this afternoon. Widely scattered thundershowers east of Pecos Valley this afternoon and early tonight.

NORTH CENTRAL TEXAS — Partly cloudy with widely scattered thundershowers this afternoon or tonight and in southeast Friday. Slightly cooler west and north portions Thursday night.

EAST TEXAS — Partly cloudy and warm this afternoon, tonight and Friday. widely scattered afternoon and evening thundershowers, mostly in north. Fresh southerly winds on the coast.

SOUTH CENTRAL TEXAS — Partly cloudy and warm this afternoon, tonight and Friday, widely scattered afternoon and night thundershowers in north. Fresh southerly winds on coast.

Ike Bargained For Release Of William N. Oatis From Prison

WASHINGTON (AP)—Communist Czechoslovakia, in freeing Associated Press Correspondent William N. Oatis, acted six weeks after President Eisenhower offered to consider easing trade and travel restrictions against the Czechs.

The White House last night released copies of message exchanged between Eisenhower and new Czech President Antonin Zapotocky.

Eisenhower's message, dated March 30, told Zapotocky that if he would release Oatis the U. S. would be willing to negotiate lifting of sanctions imposed against Czechoslovakia when the newsman was jailed 25 months ago.

Zapotocky's reply, dated May 15, informed Eisenhower that Oatis was being pardoned on that day and would not have to complete the rest of his 10-year sentence on conviction of "spying."

The Czech government through its controlled radio today called for the U. S. to terminate its economic restrictions against the country now that Oatis is free.

Radio Prague, heard in Vienna, broadcast the text of the notes to Czech listeners and quoted an editorial from the Czech Communist party organ, Rude Pravo, calling on Eisenhower to lift the sanctions.

U. S. Ambassador George Wadsworth and Czech Prime Minister Siroky handled the exchange between the two chief executives.

In his public announcement of Oatis' freeing May 15, Zapotocky had said he acted on a direct appeal for mercy from Mrs. Oatis. At that time the State Department said "there wasn't any deal" between the U. S. and Czechoslovakia to free the newsman.

The White House also said last night that a week before Oatis was released Secretary of State Dulles "made diplomatic representations" to the Czech government.

The announcement also said Mrs. Oatis personally visited Dulles March 7. It said Dulles told her then the U. S. government would do all in its power to get her husband free.

Mrs. Oatis said in New York she wrote Eisenhower and Dulles, after the new administration took office Jan. 20, because she wanted to preserve the continuity of her efforts to free her husband. For the same reason, she said, she visited Dulles.

Oatis, on his return to the U. S. Monday, declined to say whether he served the U. S. government in any capacity while he was Associated Press correspondent at Prague. He said he would stand on the record of his trial for the time being.

Last night, however, he issued a statement in New York in which he denied ever spying for the American Embassy while a newsman in Czechoslovakia.

He said "the cause of my trouble" was that he got news tips from sources other than official Czech news outlets, then checked them with the U. S. Embassy in an effort to gain more information.

Such practice is routine in Western countries, he said, but under Czech law "can be construed . . . to be espionage."

Jet Aces Are On Way Home

SEOUL (AP)—The world's leading jet aces, two Americans who destroyed 30 Red migs over Korea, started toward home today.

Capt. Joseph McConnell Jr., who got 16, the world's highest jet score, and Capt. Manuel Fernandez Jr., who destroyed 14, left Seoul after receiving high Korean military awards from President Syngmna Rhee.

They are stopping over in Tokyo briefly to receive more medals.

Then they'll go on to the United States, where Apple Valley, Calif., is planning a welcome for McConnell and Miami, Fla., is planning a celebration for Fernandez.

Both were retired from combat against their wishes.

"We prefer not to wear them out completely on this show," said Lt. Gen. Glenn O. Barcus, U. S. Fifth Air Force commander.

Rhee pinned the Order of Military Merit Ulchi on the Sabre jet pilots in ceremonies attended by Barcus and high Korean military and political leaders.

Asked by newsmen, McConnell disclosed why he named his pet Sabre jet "Beautious Butch."

"My wife is pretty sharp and tough even though she weighs only about a hundred pounds," he said. "We call her Butch and of course she's beautiful."

Filibuster Started In Senate And More Are Being Promised

AUSTIN (AP)—Sen (AP)—William Moore of Bryan began an apparent filibuster in the Senate today, promising "extended remarks" on a bill dealing with feedstuffs.

Sen. Wayne Wagonseller said the talk was really against a conference committee report on toll roads, liable to come up soon.

Moore, Wagonseller and Sen. Kilmer Corbin of Lubbock staged a filibuster several weeks ago against toll roads.

A filibupster now would delay important legislation high on the calendar.

Among key measures awaiting action in these closing hours was a revision of the election code, and a bill to deny unemployment compensation to Texas workers idled because of a strike in the same company in another state.

All are highly controversial. Filibuster tactics now would be useful, also over the Senate on a proposed counties.

The threat of a filibuster hung district court realignment bill for seven politically torn South Texas Counties.

Sen. William Shireman, threatened to talk long against that.

The House completed action on another proposed amendment to allow military personnel to vote in Texas. The measure is ready for a vote of the people.

The House adopted a conference committee report, 132-0. The Senate adopted the report yesterday.

The House agreed to Senate amendments on a liquor regulation bill by a 98-14 vote, sending it to the governor.

It names 16 more reasons for which liquor agents may close a tavern. It allows local option elections on legalizing the sale of beer for off-premise consumption only. that had been advocated by many as a way of getting rid of undesirable honky-tonks.

The statewide judicial redistricting bill was voted out of a Senate committee with many changes from the House version.

Over Shireman's protests, the committee had adopted an alignment proposed by Sen. Abe Kazen of Laredo that grouped Starr, Zapata and Webb Counties together to form the 111th Judicial District: Duval, Jim Hogg and Webb for the 49th District; and Jim Wells, and Brooks for the 79th District.

Shireman said later it put political control in Webb and Duval Counties and that he would talk against it "as long as I can."

The Senate passed and sent back to the House with amendments the long-debated House-passed bill to soften the state's auto inspection law. The vote was 19-12.

The measure limits inspections to lights, horn, windshield and brakes. One of the Senate changes exempts vehicles of 1935 model or older if they don't use state or federal highways.

The Senate also passed and sent to the governor a bill to tighten the state's narcotics laws. A major change is authority for a judge to grant probation to persons convicted of narcotics addiction provided they agree to go to a hospital and remain until cured.

A bill making lewd or obscene magazine or book covers unlawful was advanced within one step of final passage in the House. The vote on second reading was 129-5, but it must come up again. The Senate has passed it.

Fate Of Kidnaped Children Undecided

NEW YORK (AP)—The future of two small children—victims of a weird, four-day abduction by a carnival strip dancer with a frustrated mother complex—remained in question today.

Welfare authorities said the tots would not be returned at once to their parents, Mr. and Mrs. Clifton Bradford of Washington, D. C.

They were whisked away from the Bradfords' one-room apartment last Friday night by the dancer, Mrs. Barbara Lee Grimm, 24, after she was left alone with them during a beer party.

Mrs. Grimm, facing both state and federal kidnaping charges, claimed she pitied the children because of the parents' drinking and quarreling and the cramped, unkept quarters.

Police said she had a "mother complex—a yearning for children," and had lost two of her own in miscarriages.

She was picked up here after four days of a nomadic existence, during which half a dozen families befriended her. Both children, Clifton Jr., 2, and Diane, 1, appeared to have weathered the experience unhurt.

New York welfare officials urged an inquiry into the parents' fitness to care for the children. And in head of the District of Columbia child welfare division, said:

"We'll hold them (the children) until a full investigation is made of the Bradford family situation."

New York authorities are still caring for the children here.

Manhattan Dist. Atty. Frank S. Hogan said his information showed "shocking, haphazard marital conditions" in the Bradford home.

Noting that Bradford took Mrs. Grimm home after meeting her drinking beer and left her with the children while he and his wife went out again, Hogan said:

"It was a pretty callous act—leaving two children with a stranger."

In Washington, the children's mother declared: "I take just as good care of my kids as anybody else."

She insisted the children got plenty of food. As for any overcrowding in the apartment, she said:

"It was just one room, but it was big. You have to take what you can get when you have children."

Bradford, a Virginia farmer recently turned Washington mechanic, came here to identify the children, and was put under $50 bail as a material witness.

The bail was posted by his brother Jesse, a Seat Pleasant, Md., contractor.

Mrs. Grimm, held under $5,000 bail on a state kidnaping charge for a hearing May 27, also was accused in a federal warrant under the Lindbergh kidnap law.

Disaster Fund To $1,558.75

New donations to the storm relief funds being collected here for San Angelo and Waco pushed the total so far to $1,558.75 with $73.75 donated since noon yesterday.

Of the new donations $65.75 was earmarked for use in San Angelo and $8 is to go to Waco. The total now donated to San Angelo is $1,225.75 and $333 to Waco.

An additional $100 donation that will go to San Angelo relief was donated by the Veteran's of Foreign Wars club here to the VFW club at San Angelo, Bill Butler, commander said. Butler said the money will be used by the San Angelo club for disaster relief.

Donations are still coming in at the two banks in Snyder, the radio station, and newspaper.

New donnors are:

Wylie W. Fowler	$10
Anonymous	$12.50
Plainview H. D. Club	$6.25
James E. Light	$10
Knapp Baptist Church	$25
Nelle P. Cover	$10

HOSPITAL NOTES

The following admissions and dismissals at Battenfield Hospital are those whose names were released by the hospital.

Patients dismissed: Mrs. Dillard Pope, 3782 Avenue V, medical; Mrs. J. M. McLaughlin and baby girl, Clairemont road; Miss Elizabeth Green, Dermott, medical.

Pair To Face Bootlegging Charges Here

J. Dorn Phelps and L. L. Hamilton, both former employes of Allene's Ranch on the Lubbock highway, were arrested in Midland yesterday afternoon and returned here to face bootlegging charges filed about two years ago.

Four suits for bond forfeiture were filed in civil county court yesterday against the two men, their sureties, and two other men and their sureties, none of which appeared in court when the four cases were called for trial Tuesday.

The other two men are J. W. Phelps, brother of the arrested Phelps, and W. H. Morehead, also formerly connected with Allene's Ranch, a well-known former bootlegging establishment. J. W. Phelps is reported in Alaska now, and Morehead is reported to be in Artesia, N. M., according to the sheriff's department here.

The two men arrested at Midland are to be tried on the bootlegging charges, but cases for forfeiture of the bonds will continue against them and the sureties, according to Wayland Holt, county attorney. Each of the four men was on bond of $1,000.

Fred Chandler, Pecos, former Colorado City attorney, is a surety on each of the bonds. Tom Morrison, Colorado City rancher, is a surety on two of them, and Jay M. Oates of Pecos is a surety on two.

The sheriff's department said the men arrested yesterday are operators of a drive-in cafe at Midland.

Chief Of Police Has Warned Of Peeping Tom Season In Snyder

The peeping tom season is here, and Walter Suttle, police chief, warned that everyone should be especially careful with their window shades at night not to encourage prowlers and peeping toms.

"Every year about this time police departments receive an increase in the number of prowler complaints — and many times from persons who have unwittingly encouraged prowling by leaving their windows and window shades open at night," he said.

Suttle warned that everyone should be sure their shades are closed before undressing for bed at night, then if the shades restrict the breezes, they could safely be opened after lights are out.

Suttle said that several traffic violation tickets have been issued for running stop signs since a warning was issued last week, and that some tickets have been issued persons whose cars had no mufflers or straight exhaust pipes.

Machine Will Play Game And BeatOpponents

Snyder residents will get a chance to see the miraculous Tick-Tack-Toe machine in action at Southwestern Bell Telephone Company's open house May 27-29.

"The Tick-Tack-Toe machine is but one of the many special exhibits which will be on display at the open house," Truman Black, telephone company manager, said.

"You can't beat the machine," Black added.

The machine actually competes with human beings in the familiar game. The machine was designed to demonstrate how accurately and efficiently the electronic switching used in the operation of the telephone system works. It is made of actual telephone relays, or switches.

"It's amazing how intelligently this machine plays the game. Just like a man, only better. You push a button which lights up an "X" in one of the squares. The machine automatically lights up an "O" in another square," Black said.

"Then no matter where you place your next "X" the machine will outguess you and either force you into a tie, or perhaps beat you."

Guides will be on hand to take visitors through the building and explain the special exhibits and the intricate switches and relays in the behind the scenes operation of Snyder's telephone system.

Animal Binge On Moonshine

DETROIT (AP)—Members of Bele Isle's usually peaceful animal herd gradually shook off today the effects of a four day binge incurred by the dumping of 300 pounds of whisky mash into a lake on the playground island.

John Jettke, of the parks division, said deer, squirrels and birds were starting to come back to the lake.

The animals left the lake area woozy.

Jettke said the squirrels first found the mash, dumped by moonshiners. The furry animals lapped up the spiked lake water and began staggering around. Some fell trying to climb trees, others just passed out at the lake edge.

"Every now and then some blackbirds would dive towards the lake, drive off the squirrels, and get a quick drink and then flap clumsily away," Jettke said.

"Why the stuff was so potent," he said, "two bucks of the island deer herd began fighting over it."

Police still were wondering why the bootlegger picked a city's playground island to abandon the mash.

Judge Declares Korea Is War

LOS ANGELES (AP)—The action in Korea is a war, a federal judge has ruled, and therefore the double indemnity clause of an insurance policy on a soldier killed in action cannot be collected.

Jack Weissman, Los Angeles businessman, had sued the Metropolitan Life Insurance Company, contending the U. S. is not at war by act of Congress.

Metropolitan said it paid promptly the $5,000 face amount of the policy on the life of Weissman's son, Stanly J. But the firm opposed paying a second $5,000 under the double indemnity clause.

The company claimed the clause covered only accidental death, and excluded death "while the insured is in the military, naval or air forces of any country at war."

Federal Judge Harry C. Westover, ruling against Weissman yesterday, said that under presidential powers "there may be war without official declaration thereof."

He held further the Korean action had received sanction of Congress in the providing of troops ,munitions, ships and other items.

Mechanic Deals Self Lot Of Punishment, Is Recovering Now

CHARLESTON, W. Va. (AP) — A garage mechanic was recovering at Charleston General Hospital today after:

1. Slitting his throat with a razor blade.
2. Setting his room on fire and getting burned in the process.
3. Hitting himself on the head 13 times with a hammer.

Fire Capt. Claude Saunders said Ralph H. Ball, 49, admitted in a signed statement inflicting all this punishment on himself but would give no reason for his actions.

Saunders said he would confer with the prosecutor on whether to charge ball with arson in the rooming house fire, which caused about $140 damage.

Student Guilty Of Poison Try

LOS ANGELES (AP)—An honor science student has been convicted on a charge of putting poison in beverages destined for the husband of the girl he loved. But the jury held he didn't try to commit murder.

Richard La Force faces a prison term of from 1 to 10 years. Or he could get probation. A hearing for sentence or probation is set for June 10.

The panel of eight women and four men convicted him yesterday of mingling poison with beverages with intent to harm Robert Hayden, husband of Joyce Hayden, the student's former sweetheart. All the principals are 19.

La Force was acquitted on two counts of attempted murder and another of mingling poison with beverages intended for Joyce.

La Force testified during his dramatic month-long trial that he took the blame in the case to shield Mrs. Hayden. He testified he might be the father of the child she expects in two months. Joyce denied his allegations of intimacies.

"I don't feel it was a just verdict," the California Institute of Technology student said after the jury decision was read. "I hope the people who accused me are happy."

The Haydens were not in court. Joyce commented at their home:

"I'm glad Richard didn't get off scot free. I still can't understand, with all the evidence there was, why he wasn't convicted on at least one of the murder charges.

"We are going to try to forget we ever knew Richard. He and his folks should consider themselves very fortunate he got off so lightly."

Hayden commented, "He knows he's guilty."

DISEASE SEPARATES THEM

Mrs. Christine Bruce, 21, of Hernshaw, W. Va., bids farewell to her 7-months-old daughter, Donna Ann, at Charleston, W. Va., hospital. Mrs. Bruce and her husband, William 26, left immediately to enter a tuberculosis sanitarium 50 miles away in Beckley. Donna Ann went to children's TB home in Charleston.

Suppresson Of Newspaper By Army Charged

FRANKFURT, Germany (AP)—An American woman publisher said today that the U. S. Army has banned her weekly newspaper for American troops because of its stories about Christine Jorgensen, Pat Ward and the like.

Mrs. Marion von Rospach of San Francisco said a letter from the Army's European headquarters had ordered her to stop printing and distributing her Overseas Weekly to the GIs because its "stories of sex and prostitution" had "raised a storm of protest from commanders in the field and others concerned with the moral welfare of military and dependent personnel."

The 27-year-old woman said an Army colonel to whom she complained told her: "You know what you have done—stories like Christine Jorgensen and Pat Ward —."

A spokesman at the Army's Heidelberg headquarters refused to comment on the matter today. "Any comment the Army has to make is in the letter written to the Overseas Weekly," he said.

Mrs. von Rospach is the wife of Cecil von Rospach, information officer at the U. S. consulate here. She started her paper in 1950, and it now has a circulation of about 40,000.

The paper is printed on the press of the unofficial Army newspaper Stars and Stripes and is distributed on Stars and Stripes newsstands in all military posts. Mr. von Rospach said she had never had "one single dime" of help from the Army and had paid Stars and Stripes $100,000 for the printing last year.

Stars and Stripes printed only relatively brief U. S. news agency accounts of Christine Jorgensen, the former GI who underwent sex operations and treatments in Denmark, and Pat Ward, key "call girl" witness in the Mickey Jelke vice case in New York.

Foundation Bids To Be Called For On Fluvanna Gymnasium

Bids are to be called for soon on two possible types of foundation for the proposed Fluvanna school gymnasium, according to M. R. Estes, engineer on the project.

Bids were recently opened by the school board on an all-steel building, 80 by 100 feet, but none of the four bids was accepted. Estes said the bids were studied to learn the types of foundation that might be required so that foundation plans could be made and bids called for on the foundation.

Cost of the foundation must be known before the school can accept one of the bids on the building, Estes said. The building is to be a prefabricated steel structure, similar in material and method of construction to an aircraft hangar, but different in measurements and design.

Estes said he did not recall the amounts of the bids on the building. Bids included the erection of the building on a foundation the schools is to have completed. The building is to seat about 300. Total cost of the project is to be less than $30,000.

Senator Wiley Wants To Knock Off From July Until January

WASHINGTON (AP) — Sen. Wiley (R-Wis) says Congress should "go home about the middle of July and stay home until January."

"President Eisenhower was elected by the greatest majority ever given a candidate for president," Wiley said in a statement yesterday. "I am willing to trust him with the reins of government for six months."

PT-A Told Schools 'Are Not 'Godless'

OKLAHOMA CITY (AP)—A prominent educator, smarting from religious criticism, told some 2,500 delegates at the annual convention of the National Congress of Parents and Teachers last night that public schools are not "godless' because they refuse to teach a definite religious creed.

William G. Carr, executive secretary of the National Education Association, from Washington, D. C., said those who want public schools to teach religion "assume that (their) own private system of religious belief is the one essential prerequisite to moral and ethical behavior."

He added the critics ignore the constitutional guarantee of freedom of religion.

Carr spoke at the closing session of a three-day convention, which drew delegates from all 48 states, Hawaii and the District of Columbia. He added:

"The current attacks on education, whether well founded or merely malicious, supply a further reason for both parents and teachers to clarify once more the distinction between teaching a religious creed and teaching the moral and spiritual values which are basic to all creeds."

Carr said the nation's public schools, in their legal framework, must advocate no religious creed.

He said, however, "the public school is also obligated to teach about religion as a valued part of our American heritage. It should make clear the important part which religious faiths have played. . . . in giving direction and vitality to our American way of life."

Carr warned that while instructors should not teach any particular creed, they must not teach against any creed "or against religion in general."

The educator said the impact of war, the growing amount of leisure time, the changing patterns of home life, and the incidence of juvenile delinquency all cry of the need for improvement in moral and spiritual teaching in our schools.

UN Delegate Hasn't Been Cleared Yet

NEW YORK (AP) — Mrs. Mildred McAfee Horton says she plans a private investigation in an effort to learn to her own satisfaction why her appointment as U. S. delegate to the United Nations Economic and Social Commission did not go through.

Mrs. Horton, wartime commander of the Waves and former president of Wesleesley College revealed her plan to newsmen yesterday as she arrived by plane from a lecture at Cleveland.

"I am very unhappy about the whole thing," she said, "and do not want any fuss made . . . I want privately to follow this up and find out what it is all about. I don't know. I may never get the information."

Although Mrs. Horton had been named to the U. N. commission her place was taken by James Wadsworth, alternate U. S. delegate to the U. N., when the commission met May 4.

The State Department and the FBI issued statements on the case in Washington yesterday.

The FBI statement apparently contradicted the reason for the shift given to Mrs. Horton and the press by Miss Bertha Adkins, assistant chairman of the Republican National Committee.

Miss Adkins said Mrs. Horton's appointment had been delayed—until too late for the commission meeting—because of the time required by the FBI to investigate her, as it investigates all such appointees. The investigation process was slowed down all along the line, Miss Adkins said.

The FBI, denying it was to blame for any delay, said the Horton investigation was completed and turned over to the State Department on April 16, which was two and a half weeks before the U. N. commission met.

The State Department confirmed that the FBI completed its investigation speedily. After the FBI finished the inquiry, State Department officials said, the department had to evaluate the FBI information. This evaluation, they added, could not have been completed soon enough for Senate action prior to May 4 on Mrs. Horton's appointment.

The State Department officials declined to say what factors, if any, prevented quick action on the evaluation. They also said they considered the matter closed, in view of the fact the U. N. commission meeting now has ended.

According to Mrs. Horton, the State Department had assured her that "there was no question of my personal loyalty." Declining to say who had proposed her for the U.N. post, she declared: "I won't say because there might be trouble for him if he gets involved."

Mrs. Ed Murphy holds one of the hundreds of rag dolls she has made. The doll's hat is made from the toe of an old slipper, and eyes are buttons. In the background are a few of the dolls hung on the wall. Mrs. Murphy has also made toy frogs, snakes and pigs. (Staff Photograph)

SOCIETY SCRIBBLINGS

Child's Paradise Is Found At Home Of Ed Murphy

By SUE HOLMES

A child's paradise is to be found at the home of Mrs. ED MURPHY in the Murphy community, near Knapp.

Seven hundred rag dolls, toy pigs, stuffed frogs and even toy snakes with real rattlers cover one entire room. In addition, there are stacks of fresh bread from the oven, of stenciled aprons, towels and other handiwork.

Visitors arrived at the Murphy home yesterday just as Mrs. Murphy pulled three fragrant loaves After generous slices of bread, plenty of butter, homemade cheese and green grape preserves, the doll room was opened.

Relatives say it is impossible to give Mrs. Murphy scraps she can't use. She uses beads, sequins, old felt hats, old slippers, every kind of fabric, human hair, sheep's wool and corn silk. Most of the dolls were made in two winters. There is not a vacant place on any wall, and dolls are stacked on the floor, too.

This summer guests at the Murphy home will be entertained at their lake cabin, which is made from the old Murphy school house. If enough rain falls, Lake Thomas will be backed up almost to the back door of the cabin, and south breezes will blow over the water to the cabin and on up to the Murphy home.

In the bunk room, there is room for seven persons to sleep, and more beds are to be added later. The kitchen is equipped with an enormous table, and a stove is going to be installed.

The Murphys have lived in the community for most of their 51 years of married life.

Easy Sewing— Smart Going!

2593
SIZES
12 - 40

Helps For Homemakers

Send your questions to "Helps for Homemakers", Snyder Daily News, or call 3-5486.

I seldom have time to make hot rolls or other hot breads but would like to know how to vary our usual bread menu. Do you have any suggestions? Mrs. V. C.

If you can get unsliced bread, you have a multitude of possibilities. For Caraway-Cheese French Bread combine 1 cup of grated process American cheese, 2 teaspoons caraway seed, and 3 tablespoons mayonnaise or salad dresing. Cut a 1-pound loaf of French or Vienna bread diagonally, almost through to the bottom crust, into 1-inch slices. Spread ¼ cup soft butter or margarine between each slice. Wrap loaf in aluminum foil. Heat in a hot oven (400) for 15 minutes, or until piping hot and crusty.

You can make tasty cheese buns out of 6 frankfurter buns. Cut buns in half horizontally. Combine ¼ cup soft butter or margarine, ¼ cup finely grated Parmesan cheese and ½ teaspoon Worcestershire sauce. Spread mixture on cut sides of bun halves, using 1 tablespoon per bun. Place buns on a shallow pan, spread side up, and toast in a moderate oven for 7 minutes, or until light brown.

A Zippy Cheese Loaf can be made by creaming ½ cup cream cheese and 2 tablespoons milk until smooth. Add 1 cup grated sharp process cheese, 1 tablespoon chopped parsley and 1 tablespoon horseradish, 1 tablespoon chopped pimiento, 1 teaspoon grated onion, 1 teaspoon lemon juice and ¼ teaspoon salt. Cut bread almost through to bottom crust, into 10 equal sized slices. Spread cheese mixture between each slice. Wrap loaf in foil. Heat in oven to 400 degrees for 15 minutes, or until hot and crusty.

How can the bricks in my fireplace be cleaned? Mrs. C. R. T.

The bricks can be washed with water and detergent just like woodwork. Then, wax the bricks with a paste wax for a good finish.

Mrs. Jerry Reeder Honored At Shower

Mrs. Jerry Reeder was honored May 7 with a bridal shower in the home of Mrs. James Stansell at Fluvanna.

Refreshments were served to 28 guests.

Blonde Jeanne Ferguson, 23-year-old Irish colleen who was a competitor for the title of "Miss Universe" the past year and "Miss Belfast" in her native Ireland in 1947, gave herself the title of "Miss Citizen of 1953" as she became an American citizen along with 133 others in United States District Court in Philadelphia. "It's the best title of all," she declared.

Mrs. D. M. Pogue Elected Delegate To THDA Meet

Mrs. Walton McMillan was hostess for the Plainview Home demonstration Club this week.

Mrs. D. M. Pogue was elected to attend the Texas Home Demonstration Association meeting in Galveston in September. A collection of money to help San Angelo storm victims was taken.

During the business session, members also voted to resume having secret pals and names were drawn for the next meeting. A box for Fathers Day will be sent to the club's "adopted" patient at Abilene State Hospital.

Mrs. Pogue and Mrs. Lowell Thornburg, landscape leaders, gave a demonstration and talk on suitable shrubs for the locality.

Refreshments were served to 12 members, two new members, Mrs. Odell Graham and Mrs. Bill Murphree and two guests, Mrs. Edgar Wilson and Miss Billie Sue Groves.

Miss Armstead Honored With Bridal Shower

Miss June Armstead was honored with a miscellaneous bridal shower Tuesday night at the home of Miss Gerry McDaniel.

Games were led by Mrs. Evelyn Koepf.

Arrangements of pastel garden flowers were used in decorations. Hosteesses with Miss McDaniel were Miss Thelma Glass, Mrs. Modean Bentley, and Mis Doris Whitmire.

About 16 persons attended.

President In Telecast Program On Wednesday

WASHINGTON (AP) — President Eisenhower will report on his administration in a program telecast nationally from 8:30 p. m. to 9 p. m., Eastern Standard Time, Wednesday.

Press Secretary James C. Hagerty used the word "program" in announcing the telecast yesterday and hinted that others besides the President will take part. It will be Eisenhower's first live telecast from the White House.

The four major TV networks will carry the program. Simultaneous radio broadcasts will be carried by the American Broadcasting Company from 9:30 or 9:35 p. m to 10 p. m., EST.

Babe Didrickson Zaharias, the famous woman golfer, is all smiles as she leaves the Hotel Dieu Hospital, Beaumont, Tex., where on April 17 she underwent an operation for a malignant condition. At the right is a sister, Mrs. O. B. Grimes of Beaumont, Tex.

Red Sox Must Learn To Beat Teams In Own Part Of Nation

(By The Associated Press)

If the Boston Red Sox can figure out some way to beat the other Eastern teams they will be a real pennant threat in the American League. They've got the Western clubs solved for sure.

The Sox finished up a profitable home stand against the West in sensational fashion yesterday. With two out in the 14th inning—the season's longest game — Del Wilbur blasted his third pinch-hit home run of the year to give them a 3-2 triumph over the St. Louis Browns.

Wilbur's blow off Don Larsen propelled Boston all the way from fourth place to second in the standings, three games behind the pace-setting New York Yankees.

The Red Sox have the best intersectional record in either league. They burned up the West early this month on a 6-2 road trip and then won six more and lost only two when the Western teams came in to visit Fenway Park.

Against the Eastern clubs, however, the Sox have won just five while losing eight. They have a chance to correct this immediately since Philadelphia comes to Boston for a three-game series starting today. Then the Sox take the road in the East.

The Eastern American League clubs as a whole were downright inhospitable to their Western visitors during the intersectional series and all four of them ended with victories. The Athletics defeated Chicago, 2-1. Washington whipped Cleveland, 8-3, and New York trimmed Detroit, 9-8. All in all the Eastern teams won 20 and lost 11 during the West-East meetings which began May 12.

In the National League the Western teams, playing at home, managed to gain the upper hand, but only by a margin of 16 games to 13. In yesterday's finales Cincinnati thumped the league-leading Philadelphia Phillies, 14-5; Milwaukee bowed for the second straight day to Brooklyn, 7-2; Chicago took a 16-6 lacing from the New York Giants and St. Louis won an 11-6 slugfest from the Pittsburgh Pirates.

Yesterday's action provided a little of everything, from the 14-inning duel in Boston to the 31-hit explosions in Chicago and St. Louis.

The Giants collected 21 hits, a season's record, good for 39 bases, in smothering the cubs. Monte Irvin, Al Dark and Davey Williams homered for New York and the attack also included three doubles and three triples. The victory was the fourth in a row for the improving Giants.

Curt Simmons, the Phillies' ace left-hander who retired 27 Milwaukee players in order after Bill Bruton singled Saturday night, couldn't last four innings against the Cincinnati Redlegs. He gave up seven hits and seven runs before heading for cover in the fourth. The Redlegs pulled out of the cellar and into seventh place with their triumph, which included home runs by Ted Kluszewski, Andy Seminick, Bobby Adams and Bob Borkowski.

Pittsburgh fell to last place by losing to the Cardinals, who pounded out 17 hits. Red Schoendienst drove home six of the Cardinal tallies with a perfect night at bat. His four hits included a home run, two doubles and a single.

Brooklyn stole six bases in handing Milwaukee its first series loss at home. The crowd of 23,450 who watched the track meet in misery swelled the Braves' home attendance to 302,667 for 13 home dates, 21,389 more than the club drew all last season in Boston.

In a game filled with misplays, the Yankees edged Detroit in the last of the ninth on Gene Woodling's bases-loaded single. The Yankees used 21 players, two short of the record they set Sunday against the Browns, and the 21st man, Allie Reynolds, who came in to pitch the ninth, got credit for the victory.

Frank Shea throttled the Indians on two hits for seven innings but had to withdraw with a stiff neck. The Indians picked up five hits and three runs on his successor, Johnny Schmitz, but the Senators had sewed it up with six runs in the seventh off Bob Hooper and Steve Gromek. Bobby Feller, who worked the first six for Cleveland, was the loser for the third time this season. He has won once.

Philadelphia's winning run against the White Sox came in the ninth when Billy Pierce, trying for his sixth victory, walked three men, uncorked a wild pitch and then watched light-hitting Joe Astroth deliver a run-scoring single.

Texas Will Be In Tournament

WACO (AP)—The University of Texas will represent the Southwest Conference in a playoff with Arizona for a NCAA baseball tournament spot although the conference members themselves thought there should have been a playoff between Texas and Southern Methodist to begin with.

Not heeding a poll of the conference that recommended that the two teams that tied for the championship stage a playoff, the District 6 selection committee last night picked Texas over Southern Methodist and then sent Texas against Arizona, champion of the Border Conference, to determine which will go to the NCAA tournament at Omaha in June.

Pete Jones, Baylor baseball coach and chairman of the selection committee, said Texas was picked over Southern Methodist on the basis of Texas' two victories over SMU out of the three regular season games.

The conference recommendation was not binding on the selection committee, composed of Jones, Del Morgan, Rice, and Beau Bell, A&M.

Details of the Texas-Arizona series have not yet been decided.

Jones said the Southwest Conference had set a precedent by selecting Arkansas to represent the circuit in the 1946 Cotton Bowl football game. That year, Arkansas and Rice tied for the football championship, but Arkansas beat Rice in regular season play. He added that four years ago, Baylor and Arkansas tied for the basketball title but Baylor was selected to play in the NCAA tournament because it had beaten Arkansas twice in regular season play.

"The records of the teams were not an issue," Jones said. "Either would make a fine representative in the playoffs."

Howard Grubbs, executive secretary of the conference, had announced the conference schools by vote had recommended the playoff between Texas and SMU.

Arizona, champion of the Border Conference, had asked to meet the Southwest Conference representative in a series to determine the District 6 entry in the NCAA tournament.

Tide Changing For Giants As Hitting Starts

CHICAGO (AP) — After watching his New York Giants slam 21 hits and pump eight runs into one inning against the Chicago Cubs, Manager Leo Durocher thinks his club finally has caught fire and soon will roll into the first division.

Both the number of hits—good for 39 bases—and the eight-run eighth inning in yesterday's 16-6 massacre of the Cubs were season highs for the fifth - place - Giants. They now have won eight of their last 11 games and four in a row.

During the four-game winning streak, which goes on the line tonight against the Brooklyn Dodgers in New York, the Giants have scored 39 runs and collected 57 hits in 162 turns for a .352 team average.

Eight home runs have been jammed into the victory march with Monte Irvin contributing three in as many successive days.

In addition to Irvin, Al Dark and Davey Williams had bleacher shots in the Cubs' debacle yesterday.

Irvin has driven home 10 runs in the last four games and he and Dark have collected eight hits each in 19 trips. Whitey Lockman has 11 safeties in his last 19 times at bat.

KIDNEYS MUST REMOVE EXCESS WASTE

Nagging backache, loss of pep and energy, headaches and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages.

Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

Forfeit Because Of Negro On Ark. Team

HOT SPRINGS, Ark. (AP)—Hot Springs of the Cotton States League presumably will decide today whether to forfeit every game in which it attempts to play a Negro pitcher or cease its efforts to introduce Negroes into the three-state loop.

The cellar-dwelling Bathers, who recalled Jim Tugerson—a Florence, Villa, Fla., Negro right-hander—from Knoxville and attempted to play him last night were forced to forfeit the game to Jackson, Miss., 9-0, on orders from League President Al Haraway.

Haraway said Hot Springs had "violated an agreement reached in Greenville, Miss., on April 14."

He ordered the Class C loop umpires to forfeit every game to the opposing club when Tugerson's name appears on the roster.

Club co-owner Lewis Goltz said the directors would meet today to settle the issue "once and for all." He termed the agreement "illegal and contrary to federal law."

And from Natchez, Miss., came a hint that the league may try once again to oust the Bathers from the eight-team circuit.

Tom Glennon, Natchez Indians general manager, said his club fully approved Haraway's action and planned to call the president concerning a meeting.

"If the league takes action against Hot Springs, that may mean a revision of the league schedule," he said.

The league attempted to oust the Bathers this spring, when Jim Tugerson and his brother Leander were hired from the Indianapolis Clowns of the Negro American League.

But Hot Springs forestalled the action with a ruling by minor league head George Trautman that a club could play Negroes if it desired. Following the Greenville, Miss., meeting alluded to by Haraway in yesterday's statement, the Bathers optioned the brothers to Knoxville, of the Class D Mountain States circuit, where Jim compiled a 6-2 record. He was recalled Tuesday.

Contacted for comment, Haraway said Hot Springs had agreed not to recall the Tugersons this season and would, in any event, get permission from four of the clubs before returning them to Hot Springs.

He did not say what "concession" Hot Springs received in the agreement but it was at this meeting that a previous transfer of Bather ownership was discussed.

A&M Picks Up Eight Letters Of Intent On Future Grid Players

COLLEGE STATION (AP)—Eight high school and two junior college football players signed letters of intent yesterday to enroll at Texas A&M in the fall.

Two eligible for varsity competition are Gray Wofford, Tyler center, and Malcolm Hammack, Arlington State halfback. Three high school players are from the Breckenridge state champion football team. They are Bobby Keith, halfback; Bobby Lockett, tackle, and Houston Green, guard. Others are Don Carpenter, fullback from Grand Prairie; Wade Driver and Glen Raines, Terrell, tackles; Jack Pardee, halfback from Christoval and Bebe Stallings, end from Paris.

Little League Parade On Monday Afternoon

The Little League will hold a parade at about 5 o'clock Monday afternoon to officially open the league season, instead of Friday, as was previously reported.

The mothers organization of the league will be in charge of arrangements for the parade, which will include all Little League players in uniform.

Play in the league will open Monday night with a 7 o'clock game between the Quarterback Giants and Kiwanis Braves and a 9 o'clock game between the Holder Indians and Legion Yanks.

Dickie Bob Haddox Is Rice's Top Athlete

HOUSTON (AP)—The 23rd Bob Quin award, the highest athletic honor for a Rice athlete, has been awarded to Dickie Bob Haddox of Navasota.

Haddox, a football halfback, is a three-year letterman and is also on the dean's list of superior students at Rice.

Humble, Texas Win Games In League Play

Humble shut out National Guard 14-0 and Texaco defeated Lion 6-4 last night, with the wins putting both the winners nearer the top of the city softball league.

Standard of Texas still leads the league, undefeated in three games, while the two second place teams have now won four and lost one.

Clay Fagan was winning hurler for Humble, alowing only two hits, while his team got eight hits off S. H. Merritt, the loser. The Guardsmen had three errors, and Humble had none.

Potsi Neeper and Jack Medford pitched Texaco through the win, giving up five hits and gaining 12 strikeouts between them. LeRoy Leard allowed Texaco nine hits. Texaco finished the game with five errors, and Lion had one.

Magnolia and Pan American Pipeline, both in the top five of the league, will meet at 9 o'clock tonight, while Hermleigh and Sun will play at 7:30 o'clock.

Slight Drop Is Recorded In West Texas Drilling Activities

Seventy-five tests for oil were spotted in 25 counties in Railroad Commission Districts 7-C and eight during the 18th week of 1953. Twenty-four of the locations were for wildcat tests.

The number compares to 78 applications, including 18 for wildcats, filed the preceding week.

Totals for the year now stand at 1,054 field tests and 303 wildcats, a grand total of 1,357 tests for oil and a weekly average of 76.50.

The total for the initial 18 weeks of 1952 was 2,106 locations, including 1,785 field tests and 321 wildcats, a weekly average of 117. The first 18 weeks of 1951 saw a grand total of 2,366 tests staked, including 2,019 field tests and 347 wildcats, a weekly average of 131.44.

Nine counties in District 7-C shared 36 applications to drill, including 13 applications for wildcat tests. District 8 counties numbered 16 with a total of 39 applications: 28 for field tests and 11 for wildcats.

District 7-C wildcats were: Schleicher, four; Runnels, three; Tom Green, two; and Crockett, McCulloch, Reagan, and Sutton, one each.

District 7-C field tests were: Runnels, nine; Crockett, six; Coke, four; Upton, two; and Reagan and Schleicher, on each.

District 8 wildcats were: Andrews, six; Howard, two; and Dawson, Gaines, and Pecos, one each.

District 8 field tests were: Gaines, seven; Midland, four; Cochran, three; Borden, Hockley, and Pecos, two each; and Andrews, Crane, Glasscock, Reeves, Scurry, Terry, Ward and Winkler, one each.

Atomic Shell Ready To Fire

LAS VEGAS, Nev. (AP)—The Army and the Atomic Energy Commission today began final preparations for the long-awaited firing next Monday of a nuclear shell from the nation's new 280-mm. cannon.

The date for the historic shot was set yesterday, a few hours after the ninth blast of the spring series jolted communities in three states.

Radioactivity from the drifting atomic cloud contaminated nearly 100 vehicles in Utah and Nevada. The AEC said the radiation was not hazardous, but it nonetheless paid for giving the machines a precautionary washing.

Cars, trucks and buses were halted at check points in the Nevada towns of Alamo, Mesquite, Glendale and North Las Vegas, and in St. George and Cedar City, Utah.

The 4,500 residents of St. George were advised to stay indoors from 9 a. m. to noon.

Police in California cities as far as 400 miles from the proving grounds reported the shock was one of the heaviest ever felt. Many residents thought it was an earthquake. There was no damage.

FHA Leader Named

HOUSTON (AP)—The Houston Post said yesterday that Keith McCanse, Houston real estate man, will be named Federal Housing Administration director for 37 Southeast Texas counties.

The announcement, from Washington, is expected within the next few days.

Cats Cause Of More Holes In Man's Ceiling

WICHITA FALLS (AP)—Sgt. Clinton Lovell gazed at holes in his living room and dining room ceilings last night and hoped he never sees another cat.

His troubles started Sunday when a neighbor's cat left her three six-weeks old kittens in his attic.

Firemen were called to retrieve the cats. One fireman stepped through the ceiling of Lovell's dining room.

Last night the owner of the cats was found on Lovell's rooftop still looking for her cats. She couldn't get down so firemen were called again. After she was rescued she insisted that the fireman take another look in the attic for her missing cat. They did. This time a fireman stepped through the ceiling of the living room.

"I don't know how I got involved in this and I don't know how it is going to end," the sergeant said after the firemen departed.

"My landlord is never going to believe me when I tell him how it happened."

Good Scare Found Good For Treatment Of TB Patients

By RENNIE TAYLOR
AP Science Reporter

LOS ANGELES (AP)—Fright apparently is good medicine for some tubercular people.

Several cases in which a good scare favorably turned the course of treatment for sanitarium patients were reported to the National Tuberculosis Association today by a group of Seattle physicians.

The frightening episodes were brought on accidentally, but the results were so striking that the doctors now plan to use it scientifically as an experimental means of treatment.

This strange finding was the result of experiments to determine what part the adrenal gland plays in the role of the disease. The work was done by Dr. Edmund R Clarke, Dr. Daniel W. Zahn and Dr. Thomas H. Holmes of Firland Sanitarium, Seattle.

The adrenal glands, which are cap-like formations atop the kidneys, produce adrenalin, a hormone which the body uses in large quantities during periods of anger, fright or other forms of mental stress. During calm periods this hormone is produced and utilized at relatively low levels.

The Seattle doctors measured the amount of adrenal activity of 109 patients by chemical tests. They found that it varied widely according to the individuals' mental state.

People with basically low levels of adrenal activity, they found, appeared to have more serious TB cases than those with high levels. Low adrenal functioning went along with discouragement and apathy. A high rate was accompanied by tenseness, rapid heartbeat, high blood pressure, sweating of the palms and restlessness.

One patient, Dr. Clarke said, was being kept alive by great effort, and a part of the treatment included injections with a hypodermic needle. He [illegible] so angered at being jabbed repeatedly with the needle that his adrenal functioning took a big jump. Anger affects the adrenals much the same as fright. The patient now is on the road to recovery and early release from the hospital.

Another patient with low adrenal activity was being prepared for a minor lung operation. His fellow patients kidded him into believing that the doctors were going to take a whole lung, not just a small part of it. He became so scared that his adrenal activity soared. This "lift" helped him through with flying colors, Dr. Clarke said.

Arousing fright or anger cannot be expected to help in all cases, Dr. Clarke added, because some [illegible] patients are too far gone for such feelings and their glands do not respond. But these incidents have worked accidentally in so many cases that the idea is worth a clinical tryout, he said.

Handshaking Is Quick

WASHINGTON (AP)—The official Washington handshake for large groups apparently has been clocked by the White House at 4.3 seconds.

President Eisenhower's calling list today schedules a hand-shaking with a group of business paper editors beginning at 11:45 a. m. The list calls for Eisenhower to leave the White House at 11:55 a. m., for a private luncheon elsewhere.

If the President is punctual—and he usually is—that allows 10 minutes for the handshaking.

There are 140 editors in the group. That means about 4-3 seconds apiece—if all goes as scheduled.

Polish Pilot Happy Another Has Followed

SAN BERNARDINO, Calif. (AP)—Lt. Franciszek Jarecki, who last March fled Communist Poland in a MIG jet fighter, wants to become a United States citizen and fly with the U. S. Air Force.

And he is thrilled that fellow flier and friend, Lt. Zdzislaw Jazwenski, yesterday duplicated his feat and escaped from communism. Jazwenski crash landed a MIG at the Baltic island of Bornholm in Denmark.

Jarecki said last night he hopes Congress will allow him to stay in America.

The Polish officer is at Norton Air Force Base for interviews with Maj. Gen. Victor E. Bertrandias, deputy inspector general of the Air Force.

Through interpreters, Jarecki said:

"Because of the stringent restrictions imposed on pilots after my escape, the difficulties and dangers Jazwenski surmounted must have been indeed gigantic.

"This is an additional indication that the Polish pilot and the Polish people do not support the Communists in power, but are still loyal to a free and democratic Poland which was seized by the Soviets. There are now two of us who fled to freedom, and I pray to God that others will follow."

BREAKS WORLD RECORDS

Speed flyer Jacqueline Cochran stands in front of the Canadian-built F-86 Sabre jet in which she has broken two world records at Edward Air Force Base, near Los Angeles, Calif., by flying around a 12 pylon course at an average speed of 652.337 miles per hour, the Air Force announced. She shattered the women's jet speed record of 535 mph held by Mme. Jacqueline Auriol of France and the all-time jet record for the 100-kilometer course of 635 mph, made by Col. Fred Ascani of the U. S. Air Force.

LEGAL NOTICE
THE STATE OF TEXAS

TO:
JOHN BURLESON WOODALL
GREETING:

You are commanded to appear by filing a written answer to the plaintiff's petition at or before 10:00 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 29th day of June, A. D., 1953, at or before 10:00 o'clock A. M., before the Honorable District Court of Scurry County, at the Court House in Snyder, Texas.

Said plaintiff's petition was filed in the 13th day of May, 1953. The file number of said suit being No. 6178.

The name of the parties in said suit are:

HARRIETTE NORMAN WOODALL as plaintiff and
JOHN BURLESON WOODALL as Defendant.

The nature of said suit being substantially as follows, to-wit: Divorce.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this the 13th day of May A. D., 1953.

Given under my hand and seal of said Court, at office in Snyder, Texas, this the 13th day of May A. D., 1953.

EUNICE WEATHERSBEE, Clerk,
District Court, Scurry County, Texas.

We Extend Our Congratulations to the Class of '53'

Say, it's GRADUATION TIME again. And what better gift could you give than a fine car for that boy or girl who is going off to college?

When I was in college I would have appreciated a "T" model. Well, I don't have a "T" model, but, I do have the very nicest 1948 Ford in town. It's an English Ford Prefect 4 - door sedan that should make your boy or girl the envy of every college kid in the whole big state of Texas. This little Prefect is perfect, original throughout, with real leather upholstery built to stand the wear and tear of many a campus mile. This car has all the requirements for a college car; safety, dependability, economy, originality, and would be considered a car of distinction on any American campus. Come and see this car and while you're here have a look at our other top quality new and used cars.

"Not The End, But The Beginning"

— SPECIALS —

1953 Plymouth Cranbrook, fully equipped with Heater, Solex glass, signal lights, overdrive and big wheel disks. All it needs is a garage.

1951 Chevrolet four door sedan. A good car with lots of transportation and Chevrolet dependability. Beautiful green finish, heater and seat covers.

If you don't see what you want, ask for it and we will try to get it. "IF YOU'VE GOT THE MONEY, I'VE GOT THE TIME," but if you don't have the money, then our finance department has the money and the time.

Come by and see our cars any time from 8 until 6, Monday thru Saturday. Come — rain or sand-storm.

Shrimp Is Good Party Fare For Summer Entertainments

During the warm days ahead shrimp can be adapted to buffet dinners, porch suppers and family meals. Vary the recipes you use according to the time you have to prepare the meal, how hot the day is and what your family prefers.

Before you do anything with shrimp it must be properly boiled. Whetcher you boil and then peel or peel before boiling is a matter of preference. The only difference will be the amount of salt used. For recipe purposes, 1½ pounds raw shrimp yield about ¾ pound of cooked peeled and cleaned shrimp.

To boil before peeling, wash shrimp. Place in quart of boiling water containing ¼ cup salt. cover and return to boiling point. Simmer 5 minutes. Drain; peel; remeve sand veins. Wash and chill. Makes ¾-pound cooked shrimp.

With the shrimp cooked and cleaned here are easy to use them in tasty ways.

Only a small expenditure of time and trouble goes into making Shrimp Lousiana, but this recipe makes it a dish fit for a spring party. A suggested menu might be Shrimp Louisiana, buttered asparagus spears, salad greens with French dressing, garlic-buttered French Bread, raspberry tapioca pudding, tea or coffee.

4 tablespoons butter

SHRIMP LOUISIANA

¼ cup coarsely chopped onion
1 1-3 cups packaged pre-cooked rice
1 teaspoons salt
¼ cup green pepper strips (½ inch)
2 cups shrimp, cooked and peeled
2 cups water
2 tablespoons finely chopped parsley

Melt butter in chafing dish over direct heat. Add onion and cook until lightly browned. Add rice, salt and pepper strips. Saute 3 to 5 minutes, or until browned, stirring frequently. Add shrimp and water. Simmer 5 minutes. Now place the pan over hot water jacket, cover and let set 5 minutes, or until rice has absorbed water. Add parsley. Blend. Serve at once with Worcestershire sauce. Makes four servings.

Shrimp Louisiana may be cooked in a skillet or saucepan and then turned into the chafing dish to keep warm until ready to serve.

Another shrimp dish with plenty of eye appeal is shrimp creole. This dish has a variety of food flavors and is best served surrounded by fluffy white rice.

SHRIMP CREOLE

1 pound shrimp, fresh or frozn
1 small onion, minced
1 green pepper, chopped
1 No. 2½ can solid-packed tomatoes
⅛ teaspoon oregano (optional)
⅛ teaspoon pepper
few grains garlic salt
1 tablespoon cornstarch
2 tablespoons water

Clean and devein shrimp, but do not cook. Saute onion and pepper in oil. Add tomatoes, oregano, peppes and garlic salt. Bring to a boil and simmer gently for about half an hour. Mix together cornstarch and water, stir into sauce. Add shrimp and cook about 65 minutes, or until hot and thickened. Serve on a bed of hot fluffy rice. Makes four servings.

In restaurants, the top-favorite way to order shrimp is batter-fried. This way the shrimp are practically a meal in themselves. The preliminary steps of removing shells, washing away the sand veins and coating the shrimp with a seasoned batter is quick and the cooking time is only three to five minutes.

Serve these batter-fried shrimp with lemon wedges and a zesty cocktail sauce. Add heated French bread and a beverage and dinner is served.

BATTER FRIED SHRIMP

1 pound shrimp, fresh or frozen
½ teaspoon salt
1 egg
1 tablespoon water
1-3 cup fine dry bread crumbs
¼ cup flour
2 tablespoons paprika

Remove shells from shrimp, being careful not to break off tail meat. With a sharp knife, slit backs of shrimp, cutting almost through. Wash away sand veins. Salt shrimp. In a small bowl, beat egg with water. On a piece of wax paper, combine remaining ingredients. Dip shrimp in egg, then roll in batter mixture. Chill coated shrimp one hour or longer. When ready to cook, fry 3 to 5 minutes, or until golden brown, in deep fat heated to 350 degrees F. Drain on absorbent paper toweling. Serve immediately.

An even easier way to fry shrimp is without batter coating, but simply in butter. Called Shrimp Meuniere, this is how it is done.

SHRIMP MEUNIERE

1½ poinds shrimp, fresh or frozen
¼ cup butter or margarine, melted
1 tablespoon lemon juice
¼ teaspoon salt
Dash pepper

Peel shrimp and remove sand veins. Wash and drain on absorbent paper. Fry in butter, turning frequently for about 10 minutes or until lightly brown. Remove shrimp to platter. To browned butter, add lemon juice and seasoning; pour over shrimp. Serves six.

For the shrimp lover who likes this seafood cooked, but served iced the dunking sauce should be a spicy one, not too sweet and not too bland. Since shrimp are an ideal dunkable food, they make good party fare.

Boil the shrimp for three to five minutes in water to which pickling spices have been added when you clean the shrimp, either before or after cooking, try to slip the shell off so that the tail remains.

SHRIMP DUNKING SAUCE

1 cup mayonnaize
¼ cup catsup
1 teaspoon Worcestershire sauce
2 teaspoons horseradish
¼ teaspoon Tabasco
½ teaspoon slat
¼ teaspoon black pepper
1 tablespoon lemon juice

Blend ingredients. Chill and serve as dunking sauce.

For a luncheon dish of shrimp, shrimp scallop is filling. The recipe calls for canned stewed tomatoes, not ordinary canned tomatoes. This new variety is widely available.

SHRIMP SCALLOP

1 pound fresh or frozen shrimp
2 cups boiling water
1 teaspoon salt
6 slices bread
4 tablespoons butter or margarine
1 No. 2 can (1 pound, 3 ounces stewed tomatoes.

Add shrimp and salt to boiling water; bring to a boil again, simmer 3 to 5 minutes; drain. Shell shrimp and devein. Stacking three slices of bread at a time, cut off crusts and cut bread to made six pieces out of each slice. Melt butter in skillet; add bread pieces and toss in butter. Cook over low heat, stirring often, until bread is browned and crisp. Put a layer of the bread in the bottom of a 1½ quart baking dish. Add shrimp and stewed tomatoes. Top with remaining bread. Bake in a hot (400 degrees F.) oven 10 to 15 minutes, or until tomatoes are bubbly and hot. Makes four servings.

Turnover is a term we associate with veal and several other meats, but is is adaptable to shrimp also. One cup of pastry mix is all it takes.

SHRIMP TURNOVERS

½ pound cooked shrimp
1 teaspoon horseradish
2 tablspoons lemon juice
1 teaspoon prepared mustard
1 tablespoon shopped sweet pickle
1 teaspoon salt
3 tablespoons mayonnaise or salad dressing
1 cup pastry mix.
Cream

Grind shrimp. Combine all ingredients, except pastry mix and cream; blend into a paste. Prepare pastry as directed. Roll very thin and cut into 2-inch circles. Place 1 teaspoon of filling in center of each circle. Moisten edges together with a fork. Prick tops and brush with cream. Bake in a hot oven, 475 degrees F., for 12 to 45 minutes or until golden brown. Makes approximately 48 turnovers.

Small shrimp, which are easier on the pocket book, go farther towards satisfying appetities in a molded salad. A few extra ones should be saved out to garnish around the edges. Either canned. or fresh shrimp can be used in this recipe for shrimp and avocado salad ring.

SHRIMP AND AVOCADO SALAD RING

2 envelopes unflavored gelatine
1½ cups cold water
½ cup sugar
1 teaspoon salt
1½ cups boiling water
½ cup lemon juice
2 ripe avocados
½ cup diced celery
2 five-ounce cans shrimp
Srhimp filling
Mayonnaise

Soften gelatin in 1 cup cold water. Add to boiling water with sugar and salt and stir until dissolved. Add remaining ½ cup cold water and lemon juice and mix thoroughly. Arrange about 1-3 of the shrimp in the bottom of a 1¼ quart ring mold. (Reserve remaining shrimp for filling.) Cover shrimp with ½ cup of the clear gelatin mixture and chill until almost firm.

Chill remaining gelatine mixture until consistency of unbeaten egg white. Pell and mash one avocado and fold into slightly thickened gelatine mixture. Pell and dice the other avocado and add to mixture with celery. Pour over jelled shrimp and chill until firm. Serve with mayonnaise or cooked salad dressing. Serves six to eight persons.

Make the shrimp filling by combining 2-3 can of shrimp, 1 cup diced cucumber, 1 cup diced celery, salt and pepper.

SHRIMP AND AVOCADO SALAD RING

Russians Have Suffered From War Too; Losses In Production Great

WHITE SULPHUR SPRINGS, W. Va. (AP)—A Defense Department spokesman ridicules the idea that Russia hasn't lost anything in three years of Korean fighting.

Col. W. F. Rockwell said in a speech yesterday that pessimists point out that Russia "hasn't suffered the loss of a man in that time."

"They should be told," he added, "about the setback of the five-year plan since Soviet Russia has been furnishing war goods to her fighting powers.

"Moscow reports show that output of machine tools was increasing 18 per cent a year for several years prior to 1950 but dropped to 3 per cent last year."

Rockwell, who specialises in matters of logistics and production, said that Soviet production of steam turbines, heavy tractors and metallurgical equipment also was leveling off.

He spoke at the 18th annual meeting of the Gas Appliance Manufacturers Association.
