nds Seek Perfect Record bernathy Tomorrow Night

L.G. Wilson's Whirl- travel to Abernathy ight to close out ar season play. A e Antelopes would this sole possession ce in the district fect 7-0 loop rec- last Friday's games, ad a chance to throw 1-AA race into a e with a victory hirlwinds; but Dim- d the spoiler role the 'Winds by up- e Antelopes 20-6, en their second con- ss and eliminating the title picture. da victory over Lit- st week assured a e district title and a e bi-district play- offs, the Whirlwinds owning a previous win over Olton, the other contender.

Floydada's opponent for bi-district was decided last Friday also, when Denver City nailed down the District 4-AA title with a 46-28 put-down of Post.

The Antelopes would probably like nothing better than to ruin the Whirlwinds' perfect record tomorrow and force the 'Winds to share the district title with Olton. They bring an experienced backfield to the contest. Charles Johnson (6-0, 180, Sr.), Mark Harrison, (6-0, 185) and Mike Kerr are veteran running backs. Dave Davenport quarterbacks the 'Lopes. He threw a touchdown pass to Bobby Rogers for Abernathy's only score last week against Dimmitt.

On the line for the Antelopes, center Larry Klafka is a returning starter. Big Ruwayne Struve (6-3, 230) and Keith Lambert (6-3, 190) hold down tackle positions. Other Antelope linemen are Mike Hedges, Jackie McGaugh, Lane Harrison, Steve Phillips, David Lovelace and Bruce Kinart.

Kirk Lane (5-10, 150) is a speedy split end who adds to the Antelope passing threat.

"Abernathy was looking toward us last week when Dimmitt beat them," Whirlwind Coach L. G. Wilson said this week. "They will be READY. We need this game to keep our winning streak going. We must play inspired football," Wilson said.

Of last week's game with Littlefield, Wilson had these comments: "We played a fairly good game against a tough team. We had a breakdown in our offensive game plan but defensively we played a good game. Littlefield played possibly their best game of the year."

Wilson said the Littlefield club the 'Winds played Friday was the toughest defensively

City Council Gives Green Light To New Homes

The Floydada City Council instructed its attorney George Miller to enter contract with Plainview building contractor Orville Atkinson for paving of a block in southwest Floydada in their regular monthly meeting Monday night.

Atkinson and local real estate agent Sammy Hale plan to build and sell six houses on the west side of the old hospital block now, and homes on the east side of the block later. The city will contract to pave only the west side of the block now.

At present the old hospital is being removed from the new home building site.

MERCHANTS MEET WITH COUNCIL

Several Floydada merchants met with the council as representatives of the chamber of commerce, asking the city to take over the cost of keeping the Christmas street lights in good repair each year. Spokesman for the group was Jake Webb, president of the Floydada chamber of commerce.

Webb told the council that the average cost of maintaining the lights was approximately $700 per year. He said unless the city would take over the expense, merchants would be asked to contribute the money. He said the chamber of commerce did not have the money available for this year's Christmas light costs.

Heretofore the city, Lighthouse Electric, and Southwestern Public Service have put up and taken down the lights and furnished the electricity to keep them burning during the Christmas season.

The council tabled the request. . .said it might consider it after the first of the year in the new budget.

Merchants visiting the council were Dallas Ramsey, Walton Hale, Willie Bradshaw, Doyle Walls and Chamber Manager John Reue.

The council opened one bid submitted for purchase of some 19 acres, site of the former garbage dump ground, but took no action on the bid.

Sid Waller was selected as city fire marshall and will receive $150 a month salary.

Duncan Hollums and Clifford Willis again met with the council about a community center that the Old Settlers could use during their annual celebration, showed the council their floor plans and said that now they were considering a downtown location, in order to be closer to the parade. The council gave them their best wishes on the project.

Dale Goen and Fred Battey were reappointed to serve on the Federal Housing Board.

The council approved a slight increase in hospital insurance benefits for its employees, possibly a 43¢ cost increase per month per employee.

The council agreed to advertise for bids for one year's supply of regular gasoline and one year's tire repair for city vehicles.

All councilmen were present except Ed Hammond and Boone Adams.

Day Care Nursery Attendance Good

The Floyd County Day Care Nursery will have been operating for one year December 1. Since opening, it has served 54 families and 96 children. The Nursery is presently averaging 18-plus daily attendance.

The purpose of the Nursery is to allow mothers to obtain employment to help with the family budget. The income from payments received by the nursery is not enough to pay for the overall cost of operations – donations from churches, civic organizations and individuals have kept the Nursery operating until now.

The program has expended since first opening, and directors feel that the operation is just beginning to be successful, due to the number of recent first contacts.

Such a program cannot be maintained without continued support. The aim of the entire program is better understanding and relationship.

During the Christmas season, officials of the Nursery program hope that they will be remembered on local shopping lists. Below is a small list of needed equipment for the Nursery. Donations to this cause are tax deductible.

LIST OF THINGS NEEDED FOR DAY CARE CENTER:

Clothes dryer, tricycle, baby bed - 2 or 3; high chair - 2 or 3; set cooking ware, puzzles, coloring books, baby walker, beach balls, roast pan;

Mixing bowls, push-pull toys, doll carriage, mops, wonder horse, chest drawer (to keep linen); broom, sheets, blankets.

TOYS:

For boys: trucks, cars, road grader, caterpillar, cap pistols, airplanes, atomic guns, etc.

For girls: Dolls (except cloth) cooking set, dishes, beads, toy piano, doll bed, etc.

Board Needs Help In Finding Doctor

In a special meeting of the Caprock Hospital Board Monday night, the Board issued a plea to the people of the community to lend every assistance in the problem of obtaining a doctor or doctors for the city.

If the people of the city know of any possibility in getting a doctor, they have been asked by the hospital board to contact any member or administrator H. E. Barnett.

Caprock Hospital Board members are Hollis Bond, Walton Hale, Jay Hale, Dr. Andrew McCulley and L. T. Wood.

DR. C.L. KAY

Dr. Kay To Speak Here

Dr. C.L. Kay, assistant of Lubbock Christian College, will speak to the youth of Floyd County and surrounding areas tonight (Thursday) November 12 at 7:30 in the community room of the First National Bank in Floydada.

Junior High students and especially those of high school age are invited and urged to attend and hear Dr. Kay's talk.

Dr. Kay has delivered over 2,500 addresses to the principals of the American System of Private Enterprise, the nature of man, comparative economic well - being. He is an exponent of the free market and limited government rationale.

As a member of the Board of Defense Orientation Conference Association, Dr. Kay has had the opportunity to be informed about national defense. "On the spot" briefing has been given on matters relative to the Department of Defense and the various Commands include the Alaskan, the European, and the Pacific.

Within the past two years, Dr. Kay has visited defense installations in the United States, Belgium, West Germany, East Germany, Greece, Italy, Spain, Hawaii, Thailand, Taiwan, Quemoy, Korea, Okinawa, and Japan.

Dr. Kay received his formal education with degrees from colleges in Tennessee, New Mexico and Oklahoma. He has held numerous college positions including West Texas State University and Lubbock Christians.

Adults are also extended an invitation to hear this worthwhile talk by Dr. Kay.

Funeral Today For Mrs. McCray

Funeral services for a Floydada native, Mrs. Lillian Graves McCray, 51, will be conducted in the City Park Church of Christ this afternoon, (Thursday) at 2:30. Mrs. McCray died in the family home on the Matador Highway Tuesday night about 10:30 after a lengthy illness.

The deceased was born in Floydada December 15, 1919 to the late R.P. and Lydia Graves. She was also preceded in death by a son, Joel, who died in 1966.

She attended schools in Floydada and married Lloyd P. McCray here December 15, 1937. Mrs. McCray was a member of the First Christian Church.

Survivors include two sons, Larry and Steve both of Houston; one daughter, Brenda of the family home; five grandchildren; three sisters, Mrs. Tate (Maggie) Jones, Floydada, Mrs. Starks (Ann) Wagley of Plains and Mrs. Lula Fambrough of Breckenridge.

Steve Bracken, minister of the church, will officiate at the rites. Interment will follow in Floydada Cemetery under the arrangement of Moore-Rose Funeral Home.

Wheat Farmers To Choose Research Or Refunds

Floyd County wheat farmers eligible to receive individual shares of the 1968 wheat export certificate pool have been notified of their eligibility according to Ned Bradley, chairman of the County Agricultural Stabilization and Conservation (ASC) Committee.

He explained that all 868 producers whose share of the $4.2 million pool would be $3.00 or more have been notified how much their share is. If a producer wants his refund, he need only request it from his ASCS County Office. If he chooses, he may leave his share in the pool, which will then be used to finance research into domestic use of wheat in human nutrition and industry.

Wheat producers whose share in the export certificate pool is less than $3.00 will not be notified by their County ASCS Office. However, they may obtain a refund by going to the County Office to request it – or they may leave the money in the pool for wheat research.

"Each farmer who is entitled to share in the 1968 wheat export certificate pool has the same option," explained Bradley. "He may claim the money, or he may allow it to be used for research and promotion of U.S. wheat." Farmers have until December 25 to make their decision.

He explained that the certificate pool was accumulated in 1968 when world market price was at times higher than the U.S. price, and wheat exporters were required to buy export certificates. The law provided that the pool – about $4.2 million – was to be distributed pro rata among wheat program participants.

"It sounds like a lot of money, and it is, when it's in one chunk," Bradley said. "But distributed among eligible producers it would add up to only a few dollars each, at best, for most, less than a dollar for a great many. With this fact in mind, Congress passed the Wheat Research and Promotion Act, which permits farmers to pass up their pro rata share and let the money be used to promote future use of wheat."

The county share of the export certificate pool is $8,-921.60 and about 1475 wheat producers are eligible to receive pro rata shares.

School Board Okays Textbook Committee

The Floydada school board came to their regular monthly meeting all dressed up Tuesday night, had their picture taken for the school yearbook, then settled down to a light business agenda.

They okayed an audit report by Neiman - Pierce auditors, and approved the following textbook committee for new books to be selected: Dewayne Franklin, Jane Jones, Joanne Cagle, Elbert Reeves, Alice Baker, Anne Swepston, Tommy Cathey, Jerry Livingston, James Pope, Orville Harris, the school principals and superintendent A. E. Baker.

In other business the board approved a state lunchroom policy whereby students would not know which students receive free lunches.

All board members were present.

Six New Amendments Added To Constitution

AUSTIN – Half a dozen new amendments have been added to the Texas Constitution, including one authorizing sale of liquor-by-the-drink.

Passage of Amendment 2, however, does not mean automatic mixed drink dispensing. Amendment merely repeals the ban on open saloons and empowers the legislature to pass a law regulating liquor-by-the-drink.

Starting next January, lawmakers must first act to establish procedures, licensing requirements and regulations. Then, local option elections must be held to determine where mixed drink sales are wanted by voters.

Many observers feel there actually will be no legal sales of booze over the bar in public establishments before the end of 1971. Others think prelim-

'Winds Win District, Down 'Cats 21-3

SPORTS

Freshmen Edge Post, 20-14

The Whirlwind Freshmen scored on their first play from scrimmage, built up 20-6 third-quarter lead, and held on to triumph 20-14 over the Post Freshmen last Thursday.

Rex Rose hit the TD trail the first time the 'Winds had the ball and went 55 yards for the score. The try for extras failed.

In the second period, it was Rose again, this time on a 17-yard scoring jaunt that gave the 'Winds a 12-0 cushion. Again no extras.

Post got on with a TD before the half to make it 12-6 at intermission.

In the third, quarterback John Cagle connected with Marc Smitherman for 38 yards and a Whirlwind six-pointer. Rose snagged Cagle's pass for the two-point extra, and it was 20-6 Whirlwinds.

Post added eight late in the game.

The Freshmen play tonight at Wester Field, hosting Dimmitt in the final game of the season.

The ninth-graders are now 6-2 on the season.

JV Beats Post, 28-0

The Whirlwind Junior Varsity traveled to Post last Thursday and came out on the big end of a 28-0 score.

The 'Winds scored once in the first half on a one-yard plunge by Terry Jester. Chris Rink added the extra point to account for the 7-0 halftime score.

Jester crossed the goal line again in the last half, this time from five yards out, and Rink was good on the extra again.

Jerry Herron scampered for a 20-yard TD and broke loose on a 65-yard scoring run, with Rink converting both PATs.

Offensive linemen who have done an outstanding job all season for the JV are center Joe Miller, guards Tony Goen and David Marricle, and tackles Leslie Robertson and Terry Bunch.

Defense standouts include Goen and Marricle at inside linebacker, and Jay Jones and Terry Jester at the corners.

The Junior Varsity winds up the season tonight when they host Dimmitt.

DEFEAT ABERNATHY

Mitchell Scores Twice

(By James Huggins)

The Whirlwinds wrapped up the District 3-AA championship Friday night with a 21-3 victory over winless Littlefield while the Dimmitt Bobcats were obligingly putting Abernathy out of the title picture with a 20-6 upset of the 'Lopes. The worst the 'Winds can do now is 6-1 in district with a loss to Abernathy this Friday. That 6-1 record would tie the best Olton could do with a win over spoiler Dimmitt. If the Whirlwinds and the Mustangs tie for the district lead, Floydada would represent the district in the playoffs, having beaten Olton earlier in the season.

The Whirlwinds scored Friday night on a one-yard plunge by fullback Van Mitchell in the first quarter; a 48-yard pass from Andy Hale to Mitchell with 50 seconds left in the half; and Mike Burk's 41-yard interception return in the final period. Littlefield's Danny Estrada put the Wildcats on the board late in the game with a 40-yard field goal.

PLAY-BY-PLAY

Steve Puckett returned the opening kickoff 18 yards to the Whirlwind 28, and on the first play from scrimmage, Van Mitchell burst for 22 yards to give the 'Winds good position at midfield. Andy Selman got a yard, Mitchell gained three, then the Whirlwind fumble lost back to the 'Wind 42. Andy Hale recovered, but the loss forced the punt, and Puckett sliced it off the side of his foot for a 15 yarder.

Allen Mackey completed his first pass to halfback Dennis Hartley to put the Wildcats in Floydada territory at the 42. Two rushing plays got the visitors a couple before Whirlwind Richard Hale recovered a Wildcat fumble at the 36.

Andy Hale's first-down aerial was picked off by Keith Sutton, and the game began to look like it was to be a game of turnovers early in the first period. Littlefield couldn't move from the Whirlwind 40 and attempted a field goal which was blocked by the 'Winds.

In possession at their 31, the Whirlwinds started their only sustained drive of the night. Selman carried to the 36, Mitchell got four, then Harris exploded for an eleven-yard gainer to get the 'Winds in Littlefield territory at the 49. Mitchell got the pigskin down to the 40 on the next carry. Hale tried to hit Harris but missed downfield and sent Mitchell bucking for the first down at the 39. Harris and Mitchell picked up nine; Selman couldn't get the first, and Harris hooked 'em up for ten yards on the fourth-down try to get the Whirlwinds out of trouble and in good shape at the Wildcat 20. Hale connected with Walter at the ten, then sent him on a run to the one-yard-line. Mitchell got the final step through the big Littlefield line. Greg Campbell kicked the extra for 7-0 'Winds with 2:49 to play in the first period.

Wendell Horn brought Campbell's kickoff back to the 38, but the Littlefield crew could advance only to their 44 before being forced to punt. Floydada took over at their own 21 and were forced back to the 15. Puckett's punt sailed to Littlefield territory, but the return got back to the Whirlwind side of midfield at the 46. But Littlefield couldn't go and lost the ball on downs at the 41.

Hale kept on second down and swept right end to the Wildcat 30. Three rushing plays netted the 'Winds nothing; Hale's fourth-down toss to Mitchell was complete, but three yards shy of the first, and it was Littlefield's ball at their 23. They began a march which didn't fizzle until midfield. Facing third-and-four at the Whirlwind 49, QB Mackey was thrown for an eight-yard loss; his fourth-down pass ent incomplete and Floydada took over.

Three plays later Hale hit Mitchell with the 48-yard scoring bomb. Campbell's kick made it 14-0 with the first half nearly complete. The teams played out the final 50 seconds near the middle of the field.

The third quarter saw the Whirlwinds run 11 offensive plays and net three yards total offense. Littlefield ran fifteen plays and netted 26 yards. Each team punted twice. The period ended with Littlefield in possession at their own six following Puckett's coffin-corner kick.

In the final period, Littlefield couldn't go with their backs against the wall kicked the ball away to the 'Winds 45. Harris broke loose for 11 yards and a first down at Littlefield's 44; but again the big Wildcat defense kept the 'Winds in check, and again Puckett punted.

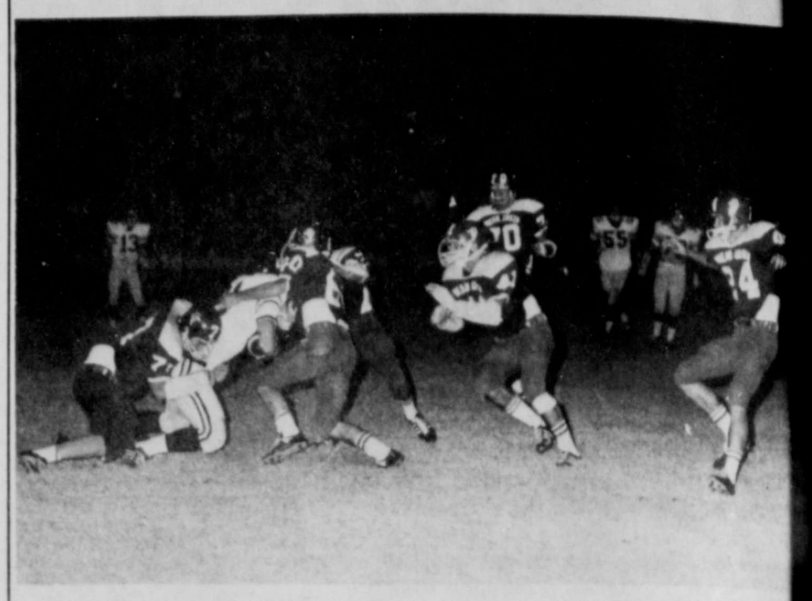

The 'Cats had picked up one first down and owned the ball at their 40 when Burk got the interception that put the game out of reach. The Whirlwind linebacker grabbed Mackey's pass at the 41 and powered into the end zone. Campbell made it 21-0.

A big kickoff return and two long gainers by Lee Roy Danford put the ball on the Whirlwind 23. The Whirlweind defense allowed six yards, then dumped Mackey for a seven-yard loss to set the line of scrimmage at the 24 for Estrada's field goal try. The kick was true from the 30, and the 'Cats had avoided the skunk with 2:52 left to play.

Floydada came up with the ball on the onside kick, lost 16 yards on three plays, and kicked the ball away. Littlefield made 22 yards on five tires including a 15-yard penalty before the final gun sounded.

Breezers Close Out Season Tuesday Night With Two Wins

The seventh and eighth grade Breezers closed out their 1970 football season with wins Tuesday night over Lockney. The seventh grade won 12-0 and the eighth grade won 26-8.

Kelvin Ratliff started the seventh grade scoring with a punt return and Dwayne Kunkle made it 12-0 with a one yard dive. This put the seventh grade Breezers with a record of four wins and four losses for the season.

The first score for the eighth grade Breezers came when Mike Vickers hit Joe Womack with a 10 yard touchdown pass. Pat Rendon went in for the second score from the three yard line and also ran for the two extra points. Vickers then threw a 35 yard pass to McArthur Mitchell for the third touchdown and the final six points was made for the Breezers when Rudy Mendoza intercepted a pass and scampered 25 yards.

The eighth grade Breezers close their season with five wins, two losses and one tie.

Wilson Wins Grid Contest

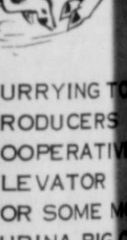

Dwayne Wilson, 221 N. 1st in Floydada, was the only entrant to miss only five games in the Hesperian football contest on a week that saw upsets in no less than four area high school games. Wilson missed the upsets — Idalou-Frenship, Tahoka-Roosevelt, Phillips-Dalhart and Dimmitt-Abernathy, and Levelland-Muleshoe, and gets $7.50 first-prize money. Incidentally, Wilson came up with one of the closer guesses on the tie-breaker — 40 on the Floydada-Littlefield game. A big part of the tie-breaker point guesses were in the fifties. Highest was 60; lowest, 34.

Bill Lamb, 309 W. Crockett, picked up $5.00 second-prize money with a six-miss entry and one of the 34-point tie-breaker guesses. Lamb missed Dimmitt-Abernathy, Phillips-Dalhart, Oregon-Air Force, Tahoka-Roosevelt, LSU-Alabama, and Lorenzo-Hale Center. He did guess the Idalou-Frenship upset.

Kathy Chappell came in a close third and earned $2.50 with an entry bearing six misses and a 40-point total on the tie-breaker. Miss Chappell correctly picked Phillips over favored Dalhart, but missed one of the college games (LSU-Alabama) and the Canyon win over Perryton, in addition to the other three area upsets and the Amarillo High victory over Tascosa.

Honorable mention goes to Margie Lamb, Jack Fuqua, Jake Webb and Alton Higginbotham, who missed six but lost out on the tie-breaker score.

This week is the last chance for you football experts, so get your entries to the Hesperian office by Friday evening, and be sure to circle a winner and give us a total score for the tie-breaker game.

Sp/4 Wanza L. Anglin is home from Vietnam. He will be here until December 7 then will be stationed in Fort Sill, Okla. Anglin has another year to serve. He is the son of Mrs. Mary Hamilton, 408 East Jackson.

Miss Janice Hayes of Fort Worth visited in the home of Mr. and Mrs. Alex Wall last weekend.

Cooking classes are being conducted at the Community Center every Monday. They are asking all girls who would like to participate to meet Monday, November 16 at 4:30. Sherry Mullin, Mrs. Crow and Mrs. Thelma Bouston will be in charge.

The Friendship Methodist Church is selling fish orders in the church cafeteria each Saturday on East Jackson Street.

James Fleet visited in the home of Mr. and Mrs. Jesse Bouston last week. He is a cousin of Mrs. Bouston and lives in Memphis, Texas.

We, the members of the Community Center, are asking the people of the community to attend the meetings of the Center every first Monday of the month at 8 p.m.

CHICAGO YARDS TO CLOSE

Chicago — After 105 years of operation in which it became world renowned as a marketing center, the Chicago stockyards will close next Feb. 1. Union Stockyard and Transit Company, said the step became necessary because the receipts of cattle continued to dwindle--from 2,265,000 head in 1959 to an estimated 860,000 this year. Last May, the Chicago Hog Division of the yards closed.

The Taylor Ranch worked cattle Saturday, and Mrs. J. Ronald Taylor with Jeffrey and John were at the home of Mr. and Mrs. J. P. Taylor to help with the dinner hour. Katie Taylor was also home Thursday through Sunday for a long weekend.

House guests with Mr. and Mrs. Jim Roberts, Terry and Cari, over the past week were Jim's mother, Mrs. U. N. Roberts, from Flagstaff, Arizona and two sisters, Mrs. Bob Wedell, from Auburn, Calif., and Mrs. Jack Chapman from Phoenix, Ariz. Mrs. Jim Roberts, who is employed at the Lockney Cooperatives Gin office here, took the week off to be home with her guests.

Mr. and Mrs. Albert Mize of Cedar Hill and Mr. and Mrs. Lee Pearson were guests Thursday night in the home of Mr. and Mrs. George Weast, where they enjoyed games of 84, and later had refreshments.

Sherry Mullin, Home Demonstration agent from Floydada will be with the Hobby Club which is meeting this Wednesday afternoon, in the home of Mrs. Fred Fortenberry. Christmas ideas, decorations and foods, will be the program for the afternoon.

Frank McClure left Friday to spend the weekend in Grand Prairie, with his wife, who has been there the past three weeks undergoing medical care. They visited in Fort Worth with his sister, Mrs. Grace Lott, who is very ill in the hospital. Mrs. McClure's sister, Mrs. Opel Woodson of Snyder, went to Grand Prairie with McClure to visit Mrs. McClure.

Mr. and Mrs. J. P. Taylor visited Sunday afternoon in Silverton with her aunt, Mr. and Mrs. C. T. Loudermilk.

John McCain and his son, Gary of Amarillo spent Friday night here with his sister, Mrs. Fred Fortenberry and family, and later Saturday they spent the night in Lockney with their mother, Mrs. N. C. McCain, and other relatives, including the Larnce McCains.

Mr. and Mrs. Don Probasco, Pam, Cam, Maury and Matt went to Lubbock Saturday afternoon to see the Texas Tech-TCU football game, which ended 22-14 in favor of Texas Tech.

The family took the mother of Mrs. J. P. Taylor, Mrs. W. W. Merrell, of near Quitaque, to the Caprock Hospital at Floydada Tuesday afternoon. Mrs. Taylor stayed with her mother the next day and night. Mrs. Merrell is taking tests, and they hope to bring her home the first of this week. We were sorry to hear of her illness.

Mrs. Pauline Gilliland, registered nurse, and her brother, Arnold Gilliland, both of Dallas visited here Saturday night in the home of old friends, Mr. and Mrs. George Weast. They lived in South Plains when all the family were small, and were in our vicinity to attend the 50th wedding anniversary reception of Mr. and Mrs. Lenton Lanham Sunday afternoon in Silverton.

Mr. and Mrs. Tillman Powell were hosts Sunday at noon for a family dinner given in honor of birthdays occurring in October and November. Those were birthdays of Warren, Tommy, Kathryn and Kay Powell. Attending were Warren, Sandy and Donna of the home, Mr. and Mrs. Fletcher Powell and children, Mr. and Mrs. Tommy Powell and Mr. and Mrs. George Ray Powell, Vickie and Debbie of Lubbock.

We are sorry to learn that Carl Daniels is ill in the St. Anthony's Hospital in Amarillo. His daughter, Mr. and Mrs. L. N. Johnson, were up to see about him last week.

Baptist women of the South Plains Baptist Church are having a book review this Tuesday, with their husbands. They will all enjoy the luncheon hour together at Fellowship Hall, each carrying dishes to share at the noon hour. As Mission Chairman, Mrs. M. M. Julian will lead the study, with Mrs. L. T. Wood, Mrs. T. S. Powell, Mrs. C. F. Fortenberry and Mrs. W. L. Trice each giving a part of the book on "Taiwan." Mrs. Mark Langley, whose husband's parents, Mr. and Mrs. Earl Langley, are missionaries in Taiwan, will also be with the group for the day.

Mrs. Alvin Nichols received the sad news that her great-niece, little 19 month old Catharine Trewin, of Plano, is seriously ill with leukemia. The child is in the Childrens Hospital in Dallas, and there had been nothing to forewarn them of the illness. She is the little daughter of Mr. and Mrs. Jake Trewin of Plano.

We are sorry to report the death of Burton Thornton, 76, father of Herman and Owen Thornton, and a long time resident of South Plains, who died Thursday in the Lockney Hospital after being ill for some time at his home in Floydada. Services were held Saturday, at the Lockney Main Street Church of Christ, and burial was in the Lockney Cemetery. Some years back Thornton was in the cotton and grain business here at South Plains, and not long ago the house where they had lived, burned to the ground. With Mrs. Thornton, they had been making their home in Sterling, Colo. where they had a big cattle ranch, and they recently moved to this area, and were living in Floydada at the time of his death.

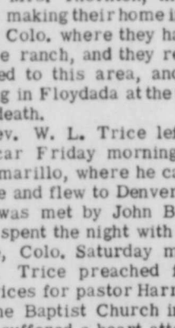

Rev. W. L. Trice left here by car Friday morning to go to Amarillo, where he caught a plane and flew to Denver, Colo. He was met by John Brevard and spent the night with him at Erie, Colo. Saturday morning Rev. Trice preached funeral services for pastor Harry Long of the Baptist Church in Erie, who suffered a heart attack recently, and died last Wednesday. Services were held for Rev. Long at a chapel in Longmont, Colo., and Saturday night Trice flew home to be here in time for Sunday services.

Among those from here that we know of that went to Silverton Sunday afternoon to attend the Fiftieth Wedding anniversary of Mr. and Mrs. Lenton Lanham, were Mr. and Mrs. J. P. Taylor, Mr. and Mrs. Arby Mulder, Mrs. Bryant Higginbotham, Mrs. Horace Marble, and I am sure many others. We extend our best wishes and love to this couple, who are well-known here, having lived many years in South Plains. Their children, Mary, Jack and Peggy were hosts for the reception.

MISS MARIJON WYLIE

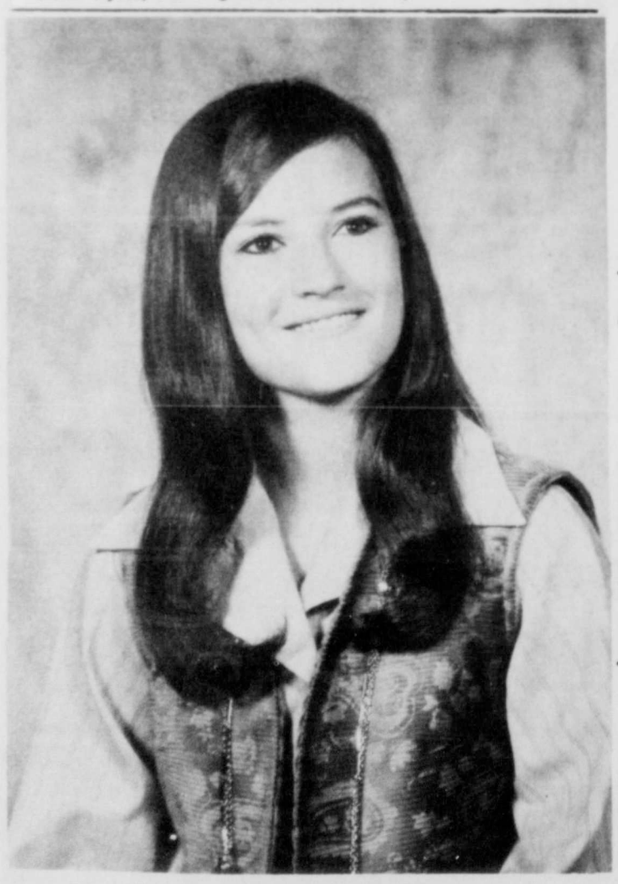

February Vows Set For Miss Wylie And William Womack

Mr. and Mrs. Arthur Lee Wylie Jr., of Floydada announce the engagement and approaching marriage of their daughter, Marijon, to William Douglas Womack, son of Mr. and Mrs. B. F. Womack of Abilene.

The couple is planning a February 13, 1971 wedding in the First United Methodist Church in Floydada.

Miss Wylie, a 1968 graduate of Floydada High School, is a junior Elementary Education major, specializing in music education at Texas Tech.

Her fiance, a 1966 graduate of Cooper High School in Abilene, is a senior accounting major at Texas Tech and is a candidate for his degree in December. He is a member of Phi Kappa Psi Men's Social Fraternity and Tech Accounting Society.

MISS MARILYN HARRIS

Public Meeting On Adoption

Interested couples are invited to attend a public meeting on adoption sponsored by the South Plains Auxiliary of the Edna Gladney Home in Lubbock, Noevember 23, 1970, 7 p.m. at the Southwestern Public Service Reddy Room, 1120 Main Street.

Speakers will be Mrs. Daurice Robinson, Social Service Director and Miss Barbara Daniels, Supervisor of Adoption associated with the Edna Gladney Home in Fort Worth, Texas.

For further information contact Mrs. Duane Housouer, 3204 67th Street, Lubbock, Texas or call 795-0000.

Mrs. Williams Club Hostess

Members of the 1929 Study Club met last Thursday afternoon in the home of Mrs. J. A. Arwine with Mrs. Q. D. Williams as hostess.

The American Creed was read in unison, led by Mrs. Clay Henry, club president.

During business members planned their Christmas meeting.

Mrs. Vance Campbell introduced the guest speaker, Mrs. Ralph Johnston, who reviewed the book, "How Far To Bethlehem" by Norah Loftis.

Following the meeting Mrs. Williams served refreshments to guests, Mrs. Mae Garrett, Mrs. J. R. Turner, Mrs. Alma Holmes and Mrs. Ralph Johnston and to members, Mmes. J. A. Arwine, Vance Campbell, J. A. Colston, C. W. Denison, Clarence Goins, Clay Henry, Ernest Kendrick, D. W. Kirby, Clement McDonald and Mrs. S. W. Ross.

The next meeting will be with Mrs. Denison, November 19.

God's Beauty Topic Of 22 Study Club

God's Beauty was the topic of the 1922 Study Club when members met last Thursday in the home of Mrs. Lon V. Smith. She had on display the wedding dress worn by her mother which she also wore recently at the WMU convention in Austin.

Mrs. Tye opened the program with the devotional using the quote "Never Lose an Opportunity of Seeing Anthing That is Beautiful, For Beauty is God's Handwriting." Mrs. Tye spoke on an early day postmistress in a small town in Kentucky, telling of her devotion and love for the people in her circle, giving her time to help with the sick, and writing and reading letters for those unable to do so.

Mrs. Barnard told of the beautiful gardens she had toured recently, mentioning the flower gardens in Maryland; the flower plantings supervised by Mrs. Lyndon Johnson around the statues in Washington; the Longwood Garden in Pennsylvania and the Winterthur Gardens in Delaware.

Members brought gifts for the State Hospital, drew names for Christmas and planned their Thanksgiving luncheon to be held November 19 in the home of Mrs. P. D. Helms.

Attending the meeting were Mmes. Kenneth Bain, J. H. Barnard, D. S. Battey, D. W. Burke, P. D. Helms, Wilson Kimble, R. L. Nichols, Lon V. Smith, Noel Troutman, W. O. Tye, Ben Whitaker and Mrs. J. M. Willson.

Gamma Iota News

The annual formal birthday dinner in Hilton Hotel, Plainview, November 7 followed the "Visiting Coffee" given in the morning on the same date in the home of Mrs. Lee Nowlin.

The coffee honored the banquet speakers and gave the chapter members an opportunity to get better acquainted with honorees, Eula Lee Carter, past Alpha state president and honorary founder of Delta Kappa Gamma, international honor society for women educators, and organizer of Gamma Iota chapter, is presently chairman of state committee on organization and expansion. Phillis Ellis is state executive secretary.

Banquet guests, in addition to speakers, included principals, superintendents, husbands (or other relatives), and friends of the chapter members. All members and guests were introduced. Special recognition was given to charter members, past presidents, and honorary members, including Mrs. J. D. Copeland of Lockney and Mrs. J. W. Walker, Plainview.

Special music was furnished by members from Gamma Iota Chorus including Mrs. Lee Nowlin, Miss Lucile Flowers, Mrs. Cecil Whitacre, accompanied by Mrs. Malcolm Atwood.

"Through the Years and Around the World with Delta Kappa Gamma" was the theme of talks by Miss Ellis and Miss Carter.

"At the end of any year in Delta Kappa Gamma we will have more than a receipt for dues paid" asserted Miss Carter.

"Delta Kappa Gamma is truly an international organization," said Miss Ellis. "Our expansions include Denmark, Norway, Sweden, Finland."

Members attending from Floydada included Mrs. D. W. Kirby and Mrs. Emily Potts.

The next meeting, a luncheon, is being planned for December 5, 12:30 p.m., in Andrews Ward School in Floydada. Petersburg members will share hostess duties with Floydada members.

Miss Harris And Walter Bob Marler Plan December Vows

The engagement and forthcoming marriage of Miss Marilyn Harris to Walter Bob Marler, is being announced by the bride-elect's parents, Mr. and Mrs. Johnny Harris Sr. Parents of the prospective bridegroom are Mr. and Mrs. Orville Marler. Both families reside in Floydada.

A December 26 wedding, before relatives and close friends, in the sanctuary of the First Christian Church in Floydada, is being planned by the couple.

Both are graduates of Floydada High School. Miss Harris is presently employed in Lubbock and her fiance is a freshman at South Plains College in Levelland.

FLOYD DATA

Mr. and Mrs. Tom Daniel, Mrs. L. L. Clark and Mrs. Jack Covington and Belinda attended funeral rites in Fort Worth last Friday for Mrs. Clark's brother-in-law, Ivo Duckworth. Mrs. Clark remained for a longer visit with Mrs. Duckworth and Mrs. Daniel spent several days in Grapevine with her daughter, Mrs. Bill Day and family, returning to Floydada Monday night.

While at Grapevine she accompanied the Days to Louisiana for sightseeing trips.

FLOYD DATA

Mr. and Mrs. R. H. Crawford of Dougherty have returned home from a ten day visit at Omaha, Neb., with their son and family, Capt. and Mrs. Jerry Crawford and daughter, Rebecca.

Mrs. Edwards Club Hostess

Mrs. Earl Edwards Sr., of Lakeview was hostess to members of the Dougherty Home Demonstration Club Wednesday, November 4. Mrs. G. W. Smith presided over the meeting. The hostess read the devotion followed by each singing in unison "My Wild Irish Rose."

A favorite holiday menu was given as roll call.

Mrs. Smith gave the council report and Mrs. Carmel Eastham read the minutes of the two previous meetings.

A special committee was appointed to purchase Christmas gifts and Mmes. A. H. Kreis, Howe Hines and Claude Ring were asked to make the menu for the club's Christmas luncheon.

Mrs. Ruth Scott of Harmony Community, was speaker for the club. She and Mrs. Smith spoke on their trip to the THDA meeting at Galveston in September. Chartered buses taking the group left early enough in order they might tour Houston. There were 43 delegates on each bus from this district. They visited the Astrodome and the San Jacinto Monument and saw the Battleship Texas.

Mrs. Scott said she attended workshops which included health, drugs and retardation, and saw films on how to treat such cases. Mrs. Scott also related that clubs need to give more publicity on what they are doing; help others, be on time; and support museums.

Mrs. Smith gave a portion of the speech made by Robert T. Davis at the convention. He urged club members to work with young people, stating that only five percent of 100 are really bad; teach them to work with their hands, push vocational and homemaking in schools and teach youth to be more patriotic.

She said that Dr. Malcom C. Smith gave an interesting talk of the preventive medicine division, Manned Space Craft Center of Houston. He showed the women samples of the foods which are eaten by the astronauts.

During business at the convention Mrs. Hodges of Hereford was elected THDA president.

Before the Dougherty Club adjourned Mrs. Mildred Cates gave a brief program on spices and how to use them.

Spiced tea, coffee and cake was served by Mrs. Edwards to Mmes. Ruth Scott, C. A. Caffee, J. D. Cates, A. H. Kreis, Carmel Eastham, Howe Hines, G. W. Smith, Johnny Cates and Mrs. Claude Ring.

Mrs. Kreis will have the next meeting November 18 with Miss Sherry Mullin giving the program.

Births

Mr. and Mrs. Mike Badgett of Mansfield, Texas, are parents of a son, Kevin Layne, who was born October 13 in the Great Southwest Hospital at Grand Prairie.

Grandparents are Mr. and Mrs. Preston Badgett of Floydada and Mr. and Mrs. Troye Mitchum of Fredricksburg, Texas. The young man has four great grandmothers, Mrs. Burmah Probasco and Mrs. Florience Badgett of Floydada; Mrs. Miles A. Clapp of Childress and Mrs. Ruth Mitchum of Fort Worth.

Mr. and Mrs. Ellis Brown of Brownwood are parents of a son, Douglas Wayne, who was born November 4, in the Brownwood Community Hospital. He weighed 6 pounds 6 1/2 ounces. The mother is the former Novis Johnson.

Grandparents are Mr. and Mrs. Warner Johnson and Mr. and Mrs. L. T. Brown of Brownwood. Great grandparents are Mr. and Mrs. W. C. Brister and Mrs. Etta Jones of Brownwood.

Jackie Nichols Honored With Gift Shower

Miss Jackie Nichols, bride-elect of Kenneth Cockrell, was honored with a gift shower Saturday afternoon in the home of Mrs. Gene Lawson.

Guests were received by Mrs. Lawson and presented to the honoree, her mother, Mrs. James Nichols and mother of the prospective bridegroom, Mrs. John Cockrell, all of Floydada.

Miss Annette Jordan registered guests.

The serving table was laid with a white net cloth underlaid with white felt. Rosettes in orchid, pink and white adorned the cloth. A side bouquet on the round table contained assorted flowers held in a milkglass container. A milkglass punch bowl with matching appointments completed the setting.

Punch and decorated cookies in the bride-elect's chosen colors of orchid and white, were served by Misses Kathy Patzer, Sarah Williams and Janie Pyle.

Pictures of the event were taken by Mrs. Johnny Harris, Jr., sister of the honoree and Mrs. Clifford Helms.

In the gift room were Mmes. Ray Cook, Carlton Fawver and Weldon Hammonds.

Hostesses for the shower were Mmes. Keith Patzer, Dick Guest, Willie Bunch, Gene Lawson, J. R. Foster, Louis Pyle, Clifford Helms, Ray Cook, Fay Hart, Neil Bertrand, Harold Huggins, Carlton Fawver, Shorty Neff, Eli Neff, Milton Harrison, Dwayne McClintock, Weldon Hammonds, Charlie Wright, William Bertrand and Howard Gene Bishop.

Their gift was a set of aluminum cookware, and a carnation corsage worn by the honoree.

Miss Nichols and Cockrell are to be married November 21 in the First Baptist Church in Floydada at 6:30 p.m.

Miss Miller And Glenn [illegible] Fant Plan November Vo[illegible]

The engagement and approaching marriage of Miss Janice Miller of Farwell to Glenn Ray Fant have been announced by the bride-elect's parents, Mr. and Mrs. W. L. Miller of Weatherford, Texas, former residents of Sandhill Community.

Mr. and Mrs. Chester E. Fant of Quanah are parents of the future bridegroom.

Miss Miller graduated from Texas Tech Univers[illegible] presently serving as County Home Dem[illegible] Agent. Fant attend[illegible] Tech University and [illegible] is patrolman with the [illegible] ment of Public Safety [illegible] well.

FAIRVIEW NEWS by Mrs. Clyde Bagwell

FAIRVIEW, November 9 - Cotton harvest is well underway and huge trailer loads of cotton are coming into the gins night and day.

Visitors with Mr. and Mrs. Cecil Payne Wednesday were Mrs. Minnie Smart, Mrs. C.W. Payne and Mrs. Clyde Bagwell.

Mrs. D.R. Preston of Electra visited her cousin, Mrs. Clyde Bagwell Saturday.

Mr. and Mrs. E.R. Walls of Plainview spent Friday night and Saturday morning with Mr. and Mrs. E.W. Walls.

Mrs. Ray Cook was one of the hostesses for a bridal showerl Saturday afternoon at the home of Mrs. Gene Lawson, honoring Jackie Nichols.

Mr. and Mrs. Bill Tye kept their grandchildren Greg, Karen and Christy Pruitt the past week while their parents, Mr. and Mrs. Weldon Pruitt, were at Lubbock's Methodist Hospital to be with Weldon's mother, Mrs. L.C. Pruitt, who had surgery Monday. Mrs. Pruitt is doing fine at this time and will be home soon.

Wednesday afternoon Mr. and Mrs. Jim Stewart of Plainview visited Mr. and Mrs. R.M. Cannon.

Mrs. June Patzer visited Mrs. Cecil Payne last Monday afternoon.

Mrs. Cecil Payne went to Caprock Hospital Friday for a checkup and while at the hospital, visited Mrs. R.F. Hall, who was a patient there.

Mr. and Mrs. A.S. Mize and Mr. and Mrs. Lee Pearson visited in the home of Mr. and Mrs. George Weast Friday night. The group enjoyed games of 84.

Mr. and Mrs. Lyndal Carey, Carolyn, Mike and Sonya of Silverton visited Sunday afternoon with his mother, Mrs. John Carey and with her mother, Mrs. Roy Meek.

Mrs. G.C. Bailey and Mrs. Troy Cranford visited Mrs. C.H. Wise Sunday and later they all visited Mrs. Ora Gilliland. Sunday afternoon Mrs. J. L. Day and Mrs. Wise visited Mrs. Gilliland.

Mr. and Mrs. Bud DuBois of Tulia visited Sunday afternoon with Mr. and Mrs. Edell DuBois.

Visiting in the home of Mr. and Mrs. Kay Crabtree, Becky and Sammy Sunday and having Ruey Irwin took Mrs. Irwin to Dimmitt Saturday, October dinner with them were, her parents, Mr. and Mrs. Elmer Griffith of Idalou and J.C. Bullard.

Sunday afternoon Mr. and Mrs. Winfred Payne visited Mr. and Mrs. Cecil Payne.

Mr. and Mrs. Leonard Finley of Plainview visited her mother, Mrs. Beulah Jernigan Saturday morning.

Sunday afternoon visitors with Mrs. Jernigan were Mr. and Mrs. Jack Jernigan and Linda of Lubbock and Mr. and Mrs. Mervin Gross, Randy and Gena from Oklahoma.

Mrs. A.S. Mize attended the regular meeting of the Love Sunday School Class at First Baptist Church Saturday afternoon at the home of Mrs. Edna Phillips, teacher of the class.

31 where she stayed overnight with her daughter, Mrs. Carl Nelson. Sunday Mrs. Nelson took her mother to Skellytown to the home of another daughter and family, the Merle Mercers where she stayed until Thursday when Mrs. Owen Long took her back to Dimmitt. Mrs. Carl Nelson brought her mother home Thursday. While at Skellytown, Mrs. Merle Mercer and Nancy and Mrs. Ruey Irwin visited at Pampa with Mrs. Irwin's grandson and family Mr. and Mrs. Don Cook and children. Sunday dinner guests in the home of Mr. and Mrs. Ruey Irwin, were Mr. and Mrs. Carl Nelson of Dimmitt and Mr. and Mrs. Billy Baker and Loree of Floydada.

JULIE ANDREWS and ROCK HUDSON have a damp lovers' quarrel in Paramount Pictures' "Darling Lili," showing at the Palace Theatre Sunday and Monday. The Blake Edwards production, featuring the two stars in Panavision and Technicolor, was produced and directed by Blake Edwards from a screenplay he wrote with William Peter Blatty. Owen Crump was executive producer and Ken Wales, associate producer. The film features music by the award-winning team of Henry Mancini and Johnny Mercer.

LEGAL NOTICES

PUBLIC HEARING NOTICE

Blanco Feed Yard, Box 8, Lockney, Texas, has applied to the Texas Water Quality Board for an initial waste control order pertaining to a variable amount of rainfall runoff water containing wastes from its existing feedlot operation which is immediately north of F. M. 784 approximately seven (7) miles west of Floydada, Floyd County, Texas. The rainfall runoff containing wastes is wholly retained on company property and utilized for land irrigation. A public hearing on this application will be held in the Texas Water Development Board, Third Floor Auditorium, 301 West 2nd Street, Austin, Texas at 10:00 a.m. on November 25, 1970 to receive evidence on the conditions, if any, under which the order may be issued. Additonal data will be developed at the hearing, but further technical information concerning any specific aspect of the discharge, if available, can be obtained by writing the Texas Water Quality Board, 1108 Lavaca Street, Austin, Texas 78701.

11-12-70

TEXAS

FROM PAGE 1

inaries will be disposed of in some areas by mid-year, but that would mean passage of the bill by a two-thirds majority to place it in immediate effect. More likely effective date of legislation is next September, with elections to follow.

Other constitutional changes would provide for:

*Disciplinary action including censure, of all judges.

*Appointed (by governor) three-man State Building Commission.

*County issue of road bonds up to one-fourth of assessed value of all local real property, on majority vote of property taxpayers.

*Increase from $5,000 to $10,000 in value of homestead which is exempt from forced sale.

*Laws permitting all counties to consolidate certain services and offices.

Amendment to permit farm land assessment on the basis of crop yield was defeated.

CAPROCK

FROM PAGE 1

DURING THE FIRST FEW DAYS OF A HECTIC ROTC camp, an officer was criticizing tired, dispirted cadets who had entered the mess hall with their caps on. Ending his tirade, he asked, "Just who do you guys think you are, anyway?"

After a moment from the depths of the hall came a meek, questioning little voice: "Human beings?"

ON A KINDERGARTEN teacher's memo pad: "Think Small."

A WOMAN ADMIRING a friend's unusual piece of jewelry said: "I love it; it's so modern! It makes you look as though someone had cared for you recently."

I WOULD LIKE my son to have all of the advantages I can possibly give him. . .

Such as having to earn his own allowance by running errands, cutting lawns. . .Such as getting good grades because he knows what it would do to me if he didn't. . .Such as being proud to be clean and neat and decent. . .Such as standing up and standing proud when his country's Flag goes by. . .Such as addressing elder friends of his parents as "sir" and "ma'am". . .Such as having to earn his own way in the world and knowing he has to prepare for it by hard work, hard study and sacrificing some of the pleasures and ease his friends may get from too-indulgent parents.

These are the advantages I want my son to have, because these are the things which will make him self-respecting and self-reliant and successful.

And THAT is the happiness I want him to have.

(from an adv. by Warner & Swasey.)

AN EXECUTIVE says he rose to power by never learning to do a routine job well.

IMAGINATION IS WHAT MAKES you think you're having a wonderful time when you're only spending money.

HOLLIS BOND gave an interesting talk to the Rotarians yesterday. His subject was the "Population Explosion". Like Hollis said, there are other organizations that could better understand such a subject and do something about it.

Hollis said that the world population is increasing by 70 million people each year, gain mostly in the Latin American countries, Africa and Asia. He further discussed the problems that come with over population of the world ..... need of more land, dwindling natural resources and health requirements of so many people.

The North American and European people are beginning to practice birth control, but the other nations and those of course are mostly the underdeveloped nations.....these people continue to bring children into hunger and less advantageous living situations.

Well, this means quite an educational challenge doesn't it?

RECEIVED a note this week from Chris Bledsoe, former South Plains resident, and she wrote "come on Whirlwinds". The Bledsoes are now living in Brownfield and related they love it there with such warm, friendly, dear people, but they remember and think of their friends in this area often. Their doctor dentist son now has his own office in Dallas. Much happiness in your new environment Chris and Roy. Miss you too.

THREE women, descendants of the same family and all three the eldest in each of their families, celebrated their birthdays last Friday. They are Mrs. B. C. Hinsley, her daughter, Mrs. Helen Owens and Mrs. Owens' daughter, Linda Polvadore of Amarillo. Linda was working and unable to be in Floydada with her mother and grandmother for the occasion but in the past the three usually held a family celebration.

FRED MITCHELL of the Maternity Shop in Lubbock had to make a last-minute reservation for the recent Dallas women's apparel mart. He got it confirmed for the Hyatt House through the Diner's Club Service.

When he arrived at 5 p.m., the young woman was telling another man who supposedly was confirmed that he didn't have a reservation but that she could place him at the Statler. He refused and walked away. She then informed Mitchell that he didn't have a reservation. He insisted that he had one, a confirmed reservation, and that he wanted it if they had to throw someone else out.

The young woman checked the cards several times without finding anything. A young man behind the desk finally took over and found Mitchell's reservation.

Instead of Lubbock, he was listed as being from "Love Bug, Texas."

GUESS we really need a "Grandma Brags" column in the Hesperian. Bet it would be running over with goodies each week. There is a particular brag I would like to mention this week that comes from Lucille Daniel, who saw her ten year old grandson, Rickie Day play halfback one evening last week in a Pee-Wee Football League game at Grapevine. Another grandson, Rickie's brother, age six, even saw some football action that night. They play for the Grapevine Junior Red Skins and their team is undefeated this season having won first place in the North Texas Pee-Wee Football League. They are sons of the Bill Days. Lucille said "you haven't seen a football game until you see the little ones play and that Rickie really knows how to carry the ball". I've about decided thats the reason Iowa Park's football teams are always so strong, I understand they have a Pee-Wee Football League there just as Floydada has their Pee-Wee Baseball League. Why not a Pee-Wee footbal league here? I can hear the men groan now, "What else is she trying to get us into"? Just a thought fellows, just a thought.

Skyscrapers & Targets

One afternoon recently, after forty years as the tallest skyscraper in the world, the Empire State Building became the second tallest. On that day the World Trade Center's north tower edged up to its 1254 feet, four feet higher.

Thus despite the arrival of the nuclear age the United States (cities like New York particularly) continues to make itself a better target for aerial attack. The awful result of one nuclear bomb on such metropolitan steel and concrete jungles as New York is easy to imagine.

From the standpoint of national security and national defense, it's almost inconceivable that we have continued, in years since the end of World War II, to locate more and more industry in highly exposed and vulnerable metropolitan centers. There is no appreciable underground defense industry, nor adequate shelters for the population. Of all the world's industrial powers, we are the fattest, juiciest, potential target, with skyscraper cities and immense exposed industrial-metropolitan centers!

On Brakes

A recent federal government study indicates that the amount of foot pressure required to apply maximum braking, in many American cars, is greater than many female drivers can apply. Present safety standards allow builders to install braking systems which require up to 200 pounds pressure for emergencies.

In a recent test over fifty per cent of the women tested were unable to exert that much foot pressure. Between 10 and 18 per cent of the women tested could not apply 150 pounds.

Female drivers behind the wheels of cars without power brakes should be aware of this latest National Bureau of Standards report, which indicates about half of them cannot stop their cars in the minimum braking distance.

The South

One of the significant findings of the 1970 census is that a turning-point has occurred in the population growth in the South. For the first time in many decades more people moved into the south that out of it, in the sixties.

The Census Bureau divides the country into four major regions, the South being the most populous since it includes Maryland, Delaware, West Virginia, Kentucky, Oklahoma and the District of Columbia with the eleven former Confederate states: Virginia, North and South Carolina, Georgia, Florida, Alabama, Tennessee, Mississippi, Louisiana, Arkansas and Texas. The population of the region is now 61.6 million.

The South is now very close to the national average in educational attainment and by 1973 will have pulled even with the national average. Already adults from the South are as likely as those from other regions to have had some college education.

But the region still lags in per capita income (though its average is increasing faster than the national average) and family income. Of all the states in the nation, Florida showed the greatest percentage gains in the sixties--in population by 35 per cent, employment by 65 per cent and non-farm income by 130 per cent.

FLOYD PHILOSOPHER

Hopes Airlines Don't Repeat History And Wind Up Like The Railroads

Editor's note: The Floyd Philosopher on his Johnsongrass farm thinks he detects an ominous trend in air travel this week.

Dear Editar:

I've heard it said that people who don't know history are doomed to repeat it, and probably the same applies to Algebra or Chemistry or anything else a student fails in, but in the larger meaning of the saying I ran across an item in a newspaper last night that bears it out.

According to it, the airlines in the U.S. lost 58 million dollars in the first half of this year. They blame it on rising operating costs and falling numbers of passengers. Too many empty seats, they said.

Don't you see how history is repeating itself? That was exactly the same story of the passenger trains.

Some people said passenger trains disappeared because the railroads discouraged train travel by giving lousy service and thinking up ways to make in inconvenient, while the railroads said it was because they were losing money.

Now I don't know anything about air travel, but I know a few people who do and they say once you get on a plane you can get where you're going in a satisfactorily short time, if the hijackers took some other plane, but lots of time you have to sit around the airport for an hour or so before taking off, after spending an hour getting there, and sometimes you have to circle around your destination an hour or so waiting for other planes to land, and when you do finally come down you have to wait a long while to get your luggage, and sometimes you don't get it at all if it went to Omaha when you were going to Cincinnati.

You can see where this is leading. Gradually the airlines will cut down on their passenger service, passengers will find the service isn't worth the trouble, and everybody will have to travel by car or stay at home.

If confined at home, with television what it is, a large segment of the population will go stark raving mad.

Clearly the airlines ought to take a refresher course in history.

Yours faithfully,
J. A.

Many Ideas Presented To Governors Conference

Distributive Education classes for Junior High students and teachers' assistants' students jobs down to the third grade were ideas heard at the workshop on "Economy and Employment" at the Governor's Conference on Children and Youth held in Austin November 1-4.

Marshall Ashley, director of research and development in the Austin Public Schools, headed the task force discussion group attended by Mrs. Q. D. Williams of Floydada.

A Floydada High School student council questionnaire had earlier revealed the student's concern about finding jobs locally. FHS students said they felt the school system adequately prepared them for both the working world and college, however lack of recreation facilities and lack of jobs were frequently mentioned.

The pilot project of teachers assistants has been tested in the Austin schools. Since students usually call on a fellow student for help with homework, this program enlists 11th and 12th graders, for three hours a day with pay, to tutor other students during class time. Plans are underway to eventually extend this down through the third grade.

Expansion of classes in the building trades, more use of existing vocational programs, even those of skilled elderly people to teach trades on the job, were discussed. Opening work programs now limited to students of low income families, to students of all incomes, was recommended to Governor Smith, by the committee.

'Junior Achievement," the study of organizing a company, selling shares to students or adults, then developing the company to manufacture an item which is sold to make a profit, is a method offered in some high schools for student experience. Rod Miller, University of Texas business administration student, related his high school's projects that eventually led to his being elected national president of junior achievement. The student's grade is based on whether or not the project makes a profit, which is the acid test of any business. Tied and dyed T-shirts, which students sold, was a project for one school.

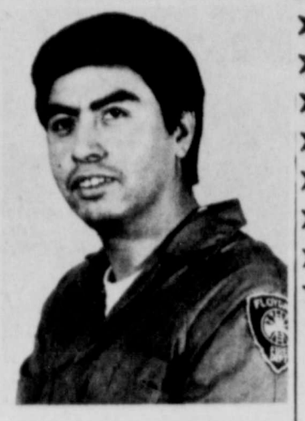

Some school programs that might develop for greater student employment include Future Farmers and Vocational Ag Cooperative, Vocational office education, Distributive Education, Vocational Industrial Corporation of America, Industrial and Commercial Training, building trades, (students may construct a house but receive no pay. Later the house is sold for the cost of materials. Experience gained is the job recommendation). Vocational printing and Vocational nursing are other programs that can be secured through public schools over the state.

Representatives of the Texas Employment Commission agreed to cooperate with high schools in bringing prospective workers and employers into better communication in local situations. A file of student applications could be nominated by local officers for jobs falling within the safety requirement for youth.

There are many vocational training programs available and many local skilled workers need plumbers, carpet and floor covering installers, carpentering, painting and part-time agriculture workers. Parents, students, local and state educators can analyze needs and adopt programs to best serve the community.

Senator Jack Hightower pressed his interest in developing educational and vocational facilities for the Floydada area.

ERNEST TORREZ FIREMAN OF THE WEEK

Sergeant - At - Arms of the Floydada Fire Department is Ernest Torrez. Ernest has been in the department for the past two and one-half years. He has improved his training in firefighting by attending several local schools and the Texas A&M school this year.

A resident of Floydada for the past eleven years, Ernest and his wife, Amanda have three children, Ernest Jr., Alex and Linda. Ernest is also active in the St. Mary Magdalen Catholic Church.

Letters To The Editor

Denton, Texas
Nov. 9, 1970

Mr. Wendell Tooley

Dear Sir:

I am sending you a check for another year's subscription the Hesperian.

My wife and me were in Floydada over last week end b were on a short trip leaving Denton on Fri. morn. We st in Post for a visit with Mr. and Mrs. Cullen Bullock, Lubbock to visit the Horace Johnsons.

We came to Floydada to Mr. and Mrs. Ed Westers, W and Jo visited in Lockney to see a nephew of Mr. Powell and Mrs. Hebron Foster.

The high light of our trip was at the Halloween Ca in Dougherty on Sat. night. We met and visited with many old and dear friends of 42 years.

Some are gone but not forgotten.

Monday on our way home we came through Dougher first stop was at Covingtons Filling Sta. There we saw friends and acquaintances.

We then visited Mrs. Earl Foster at her home. This was enjoyable remembering old times.

Mrs. Foster was an employe of ours for 20 years.

There were more we would enjoyed seeing but time short.

Hoping to see you next year.

May God bless you all.

Mr. and Mrs. H. N. Pow

Lakeview News

LAKEVIEW, Nov. 2--Mr. and Mrs. Ted Anderson, Angie and Quint attended a family Halloween party at the home of Mr. and Mrs. C. E. Leatherman and children Saturday night. Others there were Mr. and Mrs. C. M. Leatherman and Ricky, and Mr. and Mrs. Jerry Leatherman, Stacy, John and Ludustia. The adults as well as the children, dressed in costume and all had a merry time together.

Mr. and Mrs. Millard Watson visited Sunday with Mr. and Mrs. Rudolph McCurdy and had lunch with them.

Mrs. Rudolph McCurdy plans to attend a Sunday School class meeting tonight at the home of Mrs. Grady Howard at Crosbyton.

Marvin Williamson and daughter, Marsha Ann, of Dumas spent the weekend with his mother, Mrs. E. T. Williamson in Floydada, and with his sister and brother-in-law, Mr. and Mrs. Grady Dunavant. Marsha Ann spent Sunday night with the Dunavants.

Sunday luncheon guest with Mr. and Mrs. Grady Dunavant was Sandra Watson. In the afternoon all of the above named visited at Caprock Hospital with Mrs. Dessie Mae Eaves and Mrs. J. A. Kincheloe.

Mr. and Mrs. Henry Price left home Saturday, Oct. 24 for Houston to visit their son, James B. Price and family. They found their son had been called to St. Louis, Mo. to fill in for a dentist who had passed away suddenly. Mr. and Mrs. Price visited a few days with the son's family and then returned home by Hillsboro where they spent Thursday night with Mr. and Mrs. Ramon Rodriguez and family who formerly lived on the Price farm. From Hillsboro Mr. and Mrs. Price went to Arlington to spend Friday night with Henry's sister, Mr. and Mrs. D. L. Looner, then on to Waurika, Okla. where they spent Saturday night with her sister, Mrs. Bess Jones. The Prices returned home Sunday afternoon. Mrs. Price reports that Ramon Rodriguez was ordained a deacon in the Central Baptist Church of Hillsboro Sunday afternoon.

Scotty Battey, year old son of Mr. and Mrs. Jerry Battey is improving from burns he received last Sunday.

Last weekend Mr. and Mrs. Ronnie Autrey and Wendy of Grand Prairie came Thursday and remained for the weekend, and Mrs. Nathan Woody, Jeff, Nathalie and Kevin of Floydada were Saturday and Sunday guests of their parents, Mr. and Mrs. Homer Newberry.

Mr. and Mrs. B. L. Breed spent Tuesday and Wednesday at Memphis with Mrs. Burl Smith. Sunday afternoon Mr. and Mrs. Ray Lloyd visited Mr. and Mrs. B. L. Breed.

Visitors during last week in the home of Mr. and Mrs. W. H. Bunch were Mr. and Mrs. Milton Harrison, Mr. and Mrs. D. C. Harrison, F. D. McClintock, all of the community, and Mr. and Mrs. L. C. Pruitt, Mr. and Mrs. Orville Newberry and Mr. and Mrs. Dennis Dempsey, all of Floydada.

Mrs. Viola Brown and Mrs. Ethel Florence went to Odessa for the weekend. Mrs. Florence visited her son and Mrs. Brown visited her sister-in-law, Mrs. Mae Smith and son and family, Mr. and Mrs. Bob Smith.

W. J. Weaks returned home Wednesday from West Texas Hospital in Lubbock where he had surgery on both eyes. He will go back to the hospital this Wednesday for treatment.

Jerry Robinson, son of Mr. and Mrs. Edd Robinson, received serious injury to his knee playing football. Jerry is a student at N.T.S. at Denton. His knee is in a cast and he may have to have surgery later. Jerry won't be able to play ball any more this season. Mr. and Mrs. Edd Robinson went to Denton Friday and stayed until Sunday with their son. While at Denton the Robinsons attended the game Saturday night between NTS and New Mexico State.

Mr. and Mrs. Henry Brewer and Mrs. Millard Watson went to Lubbock Friday. While there they visited Mr. and Mrs. Ervin Brewer.

Sunday Mr. and Mrs. Henry Brewer had a phone call from their son, Harry Glen Brewer, who is coach at Pettus High School. He told his parents the temperature at Pettus that day was 80 degrees. The Brewers also had a phone call from their daughter, Mrs. Peggy Ayers and she told her parents they were about to get things built back after the May 11 tornatdo.

Mr. and Mrs. D. C. Harrison spent Sunday after church in Lubbock, visiting their son and family, Mr. and Mrs. Jerry Bob Harrison and family.

Kathy Hambright attended a Halloween party at the home of Dana Woody in Floydada Saturday night, then spent the night with Karen Alldredge.

Mr. and Mrs. Billy Joe Hambright and Todd visited Mr. and Mrs. Bob Hambright and family Sunday.

Mrs. R. C. Smith and Mrs. D. C. Harrison went to Littlefield Thursday to visit Mrs. Smith's brother, Pryor Hammons, who is a patient at Medical Arts Hospital.

Oct. 24 Mrs. Travis Dunn and Jean of Plainview and Mrs. Weldon Jones of Hale Center spent the day with Mr. and Mrs. D. C. Harrison.

Mrs. A. L. Smith went to Spearman Sunday, Oct. 25 to visit her daughter, Mrs. George D. Jackson and family. Mrs. Smith and her daughter made a trip into Kansas and Oklahoma during this time. Mrs. Smith returned home Thursday.

Mrs. A. L. Smith spent Monday (today) in Lubbock with her mother, Mrs. Bird Oats.

CALL 983-3737

COUNTY AGENT'S CORNER

By Doyle Warren

With the grain sorghum harvest completed and cotton harvest well underway, County Agricultural Agent Doyle Warren suggests giving some thought to next year's fertilizer use program.

Research conducted by Texas A&M University together with farmer experience strongly supports the practice of fall fertilization for next year's crops, points out Warren. Fall application is especially advantageous on the heavier irrigated clay loam soils.

No appreciable loss of applied nitrogen in the form of ammonia or ammonium carrying fertilizers can occur through leaching after soil temperatures drop to 50 degrees. Temperatures on November 3 were slightly below this level and will now decrease rapidly.

Phosphorus and potash can also be fall applied to advantage ahead of land preparation, adds Warren. This assures incorporation into the soil so that the relatively immobile phosphorus will be deep enough in the root zone to feed the crop throughout the growing season.

Weather conditions are generally better for fall application when the soil is dry enough to support heavy equipment with less hazard of soil compaction. Also, the fertilizer dealer is not as rushed now as he will be just before the planting season. So he can give more personalized attention to your particular operation.

Having your fertilizer applied in the fall will save you time and bother next spring, particularly if the season is wet, contends Warren. If the soil is dry, fall application will conserve moisture for planting.

If you have doubts as to the kind and amount of fertilizer needed, Doyle suggests to come by his office for information on soil sample collection and mailing. The $2 spent on a soil test now could make a real difference in your crop yields in 1971.

Floyd Agriculture Money Exceeds $39 Million In 1969

1. CROPS

Crop	Planted acres	Harvested acres	Yield Per harvested acre	Unit	Production
Cotton	84,000	76,400	414	Lb./Bale	65,900

Owen and Her... both of Lockney; two ..., two sisters, five ...ldren and three great ...ldren.

...l. Porter

...l services for Walter ... of Dallas, brother of ...ter of Floydada, were ...d Monday of last week ...ed Memorial Chapel ...l. Porter died Novem... a Dallas hospital, fol... heart attack. ...ceased was a former ...of Waketon and Denton. ...rs include his wife, ... two daughters, Shar... of Dallas and Mrs. ...e Scroggs, Denton; one ...erman Purser of Ariz..., grandson, one sister, ...F. Bradford of Lewis... ...d two brothers, W. E. ...n and H. E. of Floydada. ...s were pallbearers.

Thomas Ashburn

Rites for Thomas W. Ashburn, 71 year old Lockney resident, were conducted Friday morning in the First Baptist Church in Lockney. Ashburn underwent surgery for a malignancy about a week before his death Wednesday of last week.

Ashburn was born in Haskell County and had farmed in the Pleasant Valley Community since 1948. He and his wife, the former Effie Hodges, were married in 1925 in Abilene. They moved to Floyd County from Jones County. He was a deacon of the Baptist Church.

Survivors include his wife, one son, Wayne Ashburn of Lockney; one daughter, Mrs. Charles Ball of Lockney; five brothers, two sisters, three grandchildren and two great grandchildren.

Chester Ray

Services for Chester S. Ray of Amarillo, foster father of Mrs. Bob (Mildred) Owens of Floydada, were conducted Saturday afternoon in the Blackburn-Shaw Funeral Home in Amarillo. Ray, who would have observed his 80th birthday November 16, died about midnight last Thursday in an Amarillo hospital.

The deceased was born in Rustin, La., and operated the grocery store in the Dougherty Community before moving to Amarillo in 1941. He was a retired cafe operator.

Ray was a member of the First United Methodist Church, a veteran of WWI, member of Masonic Lodge #712, AF&AM in Floydada, the Elks Lodge and Moose Lodge in Amarillo.

Survivors include one son, Charles Ray of Fort Worth; a foster daughter, Mrs. Bob Owens of Floydada; one brother, one sister, four grandchildren and six great grandchildren.

Earl C. Cates

Services for Earl C. Cates, 60, former Sandhill resident, were conducted Monday in the Sorrelles and Sons Memorial Chapel in Greenville. Cates died Friday in Baylor Hospital in Dallas where he had been since injured in a gin accident August 26. Burial was in Eastmound Cemetery in Greenville.

Cates was born in Merit January 14, 1910 and was the son of the late Charlie and Perlie Standifur Cates. He and the former Frances Cox were married December 12, 1942 in Rockwell. Cates was a veteran of World War II and was employed by the Greenville Cotton Oil Mill.

The deceased was a cousin of Mrs. Vernon McPeak of Floydada.

Survivors include his wife, two sons, one daughter, one brother, one sister and five grandchildren.

Harmony 4-H News

Harmony 4-H Club met Monday night, November 9 at 7:30. Mitch Probasco, vice president presided. Motto and Pledge was led by Scott Patterson. Devotional by Tim Patterson and Prayer by Lyle Miller.

Patsy Schulz called roll which was answered by "My Favorite Candy." Jimmy Allensworth of Rainbo Bakery in Lubbock brought a plan for the club to make money. It was decided the club would sell different sizes of fruit cake until Christmas to raise money for the club.

After the business meeting Patsy Schulz and Pam Patterson brought a demonstration on candy making, which was enjoyed by all. Leaders served refreshments after the meeting was adjourned.

Canales Is Navy School Graduate

(27DD0580A) (FHTNC) GREAT LAKES, ILL. – Navy Petty Officer Third Class Samuel Canales, son of Mr. and Mrs. Sisto Canales of Petersburg, Tex., was graduated from Basic Electronics Technician School at the Naval Training Center, Great Lakes, Ill.

Judy Jameson Marches In Dome

ABILENE – Judy Jameson of Floydada, was among 150 Abilene Christian College band members who marched at the Houston Oilers - Pittsburg Steelers game October 18 in Houston's Astrodome.

A 1970 graduate of Floydada High School, Miss Jameson is the daughter of Mr. and Mrs. Jodie Jameson, 1004 S. Third, Floydada. She is a freshman at ACC.

Cotton Harvest Gaining Daily Momentum

The South Plains cotton harvest is gaining momentum daily as stripping operations increase in all counties, according to W. K. Palmer, in charge of the U.S.D.A. Cotton Classing Office in Lubbock.

This great increase in harvest activity is reflected in the increasing number of samples being received daily at the four area U.S.D.A. classing offices.

Approximately 33,000 samples were received at the four offices on Friday. This was the largest number of samples received any day this season and this volume is expected to increase daily if favorable weather continues.

During the peak of the harvest this volume usually reaches 50,000 to 60,000 samples per day. Classers from other areas are being transferred daily to the Lubbock classing offices to take care of this increased volume.

The U.S.D.A. classing offices at Lubbock, Brownfield, Lamesa, and Levelland classed 81,000 samples last week and had approximately 130,000 on hand Friday afternoon. Total classed so far this season now stands at 120,000. This is far ahead of the volume at this date last year when only 10,600 samples of the 1969 crop had been classed.

Strict Low Middling was the predominant grade at Lubbock last week with 35 percent of all cotton classed. Low Middling made up 10 percent, Middling Light Spotted 16 percent and Strict Low Middling Light Spotted 26 percent.

Staple length averaged between 15/16 and 31/32. Eighty-three percent stapled 15/16 and longer.

Eighty-seven percent of all cotton classed at the Lubbock office last week had micronaire readings in the premium range of 3.5 to 4.9 and 7 percent "miked" 5.0 and higher.

Eighty-eight percent of the cotton classed at Lubbock last week had Pressley readings of 80,000 pounds and higher. Pressley is an indication of fiber strength and the most desirable Pressley reading is 80,000 pounds and above.

Trading increased on the Lubbock market but prices were $2.50 to $5.00 per bale lower. Prices ranged from $3.75 to $25.00 per bale over the loan for the most predominant qualities harvested.

Prices quoted by the Lubbock Cotton Exchange for the most predominant qualities in the 3.5 to 4.9 micronaire range were: Strict Low Middling 15/16 - 20.75, Strict Low Middling 31/32 - 21.00, Middling Light Spotted 15/16 - 21.00, Middling Light Spotted 31/32 - 21.35, Strict Low Middling Light Spotted 15/16 - 20.30, and Strict Low Middling Light Spotted 31/32 - 20.60.

Prices paid farmers for cottonseed were higher and ranged from $55.00 to $62.00 per ton. Average price last week was $57.80 per ton, up $2.00 per ton from the previous week.

FLOYD DATA

Mrs. Emma Brock was called to Meridian Friday due to the death of her step-mother, Mrs. Josie Reinke, 84, Mrs. Brock was met in Wichita Falls by her son, Carl of Duncan, Okla., and she accompanied him to Meridian by private plane.

MAKE IT A PERFECT RECORD
BEAT A BERNATHY

Lakeview News by Mrs. Clyde Bagwell

LAKEVIEW, November 9 - Quite a lot of cotton is going into the Lakeview gin at this time, and we are having good cotton harvest weather.

Mr. and Mrs. Rudolph McCurdy spent the weekend at Memphis with Mr. and Mrs. Roy McCravey and Leonard.

Joe Clay Smith of Crosbyton spent Saturday night with Phillip McCurdy.

Tiki Jackson of Spearman spent last week here with her grandparents, Mr. and Mrs. A.L. Smith. Mrs. Smith took Tiki to Amarillo Friday where they met her mother, Mrs. George D. Jackson, who took her daughter back home with her.

Sunday afternoon, Mrs. R.L. Nichols was among those attending the 50th wedding anniversary of Mr. and Mrs. David Battey, at the Methodist Church in Floydada.

Mrs. R.L. Nichols visited several times last week at the Floydada Nursing Home with Mrs. P.J. Wilkes.

Mr. and Mrs. W.M. Hambright visited Saturday morning with Mr. and Mrs. Leonard Alexander.

Mrs. Burl Smith of Memphis came Thursday and visited until Saturday with Mr. and Mrs. B.L. Breed. Thursday afternoon Mr. and Mrs. Breed and Mrs. Smith visited in Floydada with Mr. and Mrs. Frank Breed and Mrs. D.H. Widener.

Friday Mr. and Mrs. B.L. Breed and Mrs. Burl Smith went to Smyer to visit Mr. and Mrs. Bobby Britton, Delwin and Mitchell.

Mrs. R.C. Smith and her daughters, Mrs. Milton Harrison and Mrs. D.C. Harrison went to Hobbs, N.M., Thursday to visit Mrs. J.W. Hillard and Mrs. Harrold Shockley.

Monday and Tuesday of last week, Mr. and Mrs. Foy Smith of Levelland visited here with his mother, Mrs. R.C. Smith and brother, Floyd Smith.

Mr. and Mrs. Henry Brewer were Sunday dinner guests of Mr. and Mrs. Fred McDougle, Crosbyton.

Mrs. Edd Robinson visited Monday morning with Mrs. Henry Brewer.

Mrs. Viola Brown visited her daughter and family, the Billy Joe Hambrights Sunday and had dinner with them.

Mrs. A.L. Smith and Mrs. D.C. Harrison visited at Caprock Hospital Saturday with Mrs. R.F. Hall and members of her family that were also there visiting.

They also visited Mrs. J.A. Kincheloe while at the hospital. Later Mrs. Smith and Mrs. Harrison visited at the nursing home with Mrs. P. J. Wilkes and J. M. Harrison.

Mr. and Mrs. Jerry Battey and children spent Sunday with her parents, Mr. and Mrs. Lloyd Allen in Floydada.

Mrs. Lloyd Allen spent last week with Mrs. Jerry Battey helping her with the children. The one year old son of Mr. and Mrs. Battey has not recovered as yet from burns received a few weeks ago.

Those holding the election last Tuesday at Mt. Blanco Community room were Mrs. Viola Brown, Edmond Brown, and Mr. and Mrs. Frank Moore.

Mrs. Johnny Redding, Rebecca and Mathew of Idalou came Thursday to stay with her parents, Mr. and Mrs. Grady Dunavant, while Johnny had to be away from home. He returned Saturday and came by for his family remaining until Monday morning when they returned home.

Other visitors Sunday afternoon in the Grady Dunavant home were Mrs. G.W. Smith and Mrs. Freda Everett and son.

Mr. and Mrs. Edmond Brown, Rex and Scott attended the freshman ballgame Thursday night at Crosbyton, when Crosbyton played Spur. Rex played on the team. Friday night the Edmond Brown family went to Spur to the high school game.

Mrs. Q.D. Williams went to Austin last Monday where she attended the governor's conference for children at Terrace Convention Center.

She returned Wednesday. Thursday Mrs. Q.D. Williams and Mrs. J.A. Arwine were cohostesses for the 1929 Study Club at the home of Mrs. Arwine.

Mr. and Mrs. Dean Watson visited Mr. and Mrs. Henry Brewer Thursday night and all enjoyed home - made ice cream made by Mrs. Brewer.

Mrs. Clifford Helms was a hostess for a shower Saturday afternoon at the home of Mrs. Gene Lawson, honoring Jackie Nichols bride - elect of Kenneth Cockrell.

Mrs. Q.D. Williams was among those attending the shower Saturday afternoon for Jackie Nichols.

Johnnie Thurston and her sister, Mrs. Jerry Shutes, the latter of Lubbock, attended the home coming for A.C.C. at Abilene over the weekend.

Mrs. Donnie Guess and Amy, of Levelland came Friday and stayed until Sunday afternoon with her parents, Mr. and Mrs. F.D. McClintock.

Mark Helms visited Saturday and Saturday night with his sister and family Mr. and Mrs. Don Wall, Misti and Beverly at Crosbyton. The Walls brought him home Sunday after church and had dinner with the parents, Mr. and Mrs. Clifford Helms.

Wednesday, Mrs. Bob Dunn and Mrs. Bill Williams of Clovis, N.M. spent the day here with their sister, Mrs. Clifford Helms.

Ricky Leatherman spent the weekend with his sister and family, the Ted Andersons.

Mr. and Mrs. W.H. Bunch went to Litan Sunday morning to visit his brother and her sister, Mr. and Mrs. R.T. Bunch after receiving word that R.T. was ill. Mr. and Mrs. W. H. Bunch returned home Monday afternoon.

Mrs. W. H. Bunch visited Mrs. L.C. Pruitt at Methodist Hospital in Lubbock, Saturday.

Last Monday night Mr. and Mrs. Howard Bishop were host for a Mexican supper at their home. Those present for the supper at their home were Mr. and Mrs. William Bertrand, Mr. and Mrs. Weldon Hammonds, Mr. and Mrs. Randy Bertrand and Angie, Mr. and Mrs. Harold Bertrand, Mr. and Mrs. Norman Muncy and Sidney Skipper of Lubbock.

Mr. and Mrs. Howard Bishop and Greg and Mrs. H.M. Thomas went to Plainview Sunday night and had supper with Mr. and Mrs. J.E. Peggram and family. Mrs. Thomas had spent Sunday with the Howard Bishops and went with them to Plainview.

Roxanne Lloyd and Rita Fitzgerald spent the weekend in Lubbock with Cynthia Williams.

Mr. and Mrs. Greg Williams and Shelley of Lubbock spent the weekend in the home of Mr. and Mrs. Fred Lloyd.

Roxanne Lloyd attended the Miss Texas Tech Pageant with her sister Cynthia. A Floydada girl Iwana Smithey, was one of the 25 finalists.

FLOYD DATA

Mr. and Mrs. Jack Henry returned home Thursday night from Montgomery, Ala., where they had spent the past week with their son, Dr. Jack Henry and family. They accompanied Mrs. Henry's sister, Joyce Herd of Dallas, to Montgomery. While in Dallas Henry received a medical check-up and received good reports.

PIONEER PAYS DIVIDENDS

AMARILLO, Nov. 2 – The Board of Directors of Pioneer Natural Gas Company, at their regular meeting held today in Amarillo, declared a quarterly dividend of 20 cents per share on the outstanding common stock, payable December 1, to stockholders of record on November 16.

The report for the third quarter operations of the company will be mailed to the stockholders about November 13.

FLOYD DATA

Mrs. L. T. King and Mrs. C. M. Norris Sr. returned home recently from Valiant, Okla., and other points in that area where they visited the H. L. Hartsells and other relatives.

The business has been beeing closed from 2 until 5 p.m. but will now be open straight through from 10:30 to 9 p.m. (Staff Photo)

COUNTY AGENT'S CORNER

By Doyle Warren

An ideal time to collect soil samples for analysis is at the end of the growing season, according to County Agricultural Agent Doyle Warren. If you wait until spring when other field work is pressing, you may not get around to it. And this could be a costly error.

Soil testing, like other technical agricultural techniques, has changed considerably in recent years with respect to laboratory facilities, explains Warren. For example, the Extension Service's Soil Testing Laboratory at Lubbock now determines nitrate nitrogen with special equipment.

In heavier soils, nitrate nitrogen which is readily available to plants can accumulate so that less nitrogen fertilizer or sometimes none at all may be needed for the next crop. Looking at the other side of the coin, if the nitrate nitrogen level is extremely low and you have a high yield goal for 1971, the test will suggest a heavy nitrogen application rate.

In addition to nitrate nitrogen, seven other tests are made on each soil sample.

If a soil test is to be meaningful, Warren states that the laboratory values must be interpreted by professionals who are familiar with the soils and management practices for the particular area. Soil test values are presently correlated with yield values obtained by research on specific soil types and with individual crops. This permits the Extension Laboratory to give you a report designed to insure adequate plant nutrients for an indicated yield goal, says Warren.

Suggestions for sample collection and mailing as well as additional information on soil fertility and fertilizer response may be obtained from the county Extension office. The recently published "Fertilizer Research and Demonstration Summary for the High Plains," MP-917, may be of particular interest, concludes Warren.

Young Farmers Meet Thursday

The Floydada Young Farmers met last Thursday night for a cotton classing and grading session.

Bill Crockett from the Lubbock Classing office showed slides of different types of cotton and explained the classing and grading techniques used throughout the world.

Crockett also explained about marketing cotton and told where cotton is used and where it goes.

Following the talk, a short business meeting was held and it was decided that flags would be sold by the organization for a money raising project. The flags are 100% cotton. If interested, give one of the Young Farmers a call. Your business will be appreciated.

Young Farmers officers are Vernie Moore, Wayne Poteet, Teddy Porter and Randy Bertrand.

CENTER NEWS by Mrs. J. E. Green

CENTER, Nov. 9 – More beautiful harvest weather, other than Sunday when we had a dust storm.

Friday Mr. and Mrs. Grady McAda and her mother, Mrs. H. B. Mankins, all of Tucumcari, N.M. arrived to visit the D. W. Burkes and other relatives and old friends. All the visitors lived at Center many years ago.

Mrs. O. C. Vinson left Tuesday for an extended visit with her daughters and families in Stephenville and Harlingen.

Mrs. Frank Dunn and Mrs. Mankins visited Mrs. R. C. Ross Saturday evening.

Mrs. McAda (Bernice) and Mrs. Mankins visited the J. E. Greens awhile Sunday afternoon.

Mrs. Ross and Mrs. Clarence Guffee were in Plainview Wednesday.

Mr. and Mrs. Hal Thomas were in Plainview Friday, and visited Mrs. Olin Miller.

Mrs. Dale Miller is home from the local hospital where she had surgery some ten days ago. She seems to be convalescing o.k.

Clyde Green of Hoonah, Alaska, Vic Green of Plainview and Don Clark Green of Big Spring visited their parents, the J. E. Greens Friday night or part of Saturday. The daughter Margaret (Mrs. Ryman) called long distance Sunday to wish her Daddy "Happy Birthday."

Mr. and Mrs. Shelby Cook of Amarillo and Mr. and Mrs. Julian Edmondson of Phillips were visiting Sunday with the women's parents, Mr. and Mrs. Fred Battey. In the afternoon all attended the "Golden Wedding" anniversary celebration for Mr. and Mrs. David Battey, at the fellowship hall of the Methodist Church.

The J. E. Greens and Mrs. Hartline were in Plainview Friday for his medical check. After the appointment they visited a bit with Mrs. Hartline's daughter and children, the Bob Landrys.

Mr. and Mrs. J. B. Massingill of Phillips visited with the J. E. Greens and sons, Clyde and Don Clark Saturday.

Mrs. Green and Mrs. A. W. Anderson were among the old timers who attended the David Battey anniversary celebration last Sunday p.m. What a beautiful setting, and what a nice looking couple! Our best wishes for many more happy hears.

Mr. and Mrs. Thomas Warren and family dined Sunday with the Bob Alldredges, then in the p.m. attended the anniversary gathering.

Mrs. Ola Warren spent Thursday with her son, Thomas Warren and wife. It was Thomas' birthday.

Mrs. Garvin Beedy and baby of South Plains visited Saturday with her parents, Mr. and Mrs. Leo Frizzell.

Sunday afternoon visitors in the Leo Frizzell home were Mrs. Ava Jackson, city, and her daughter and husband, Mr. and Mrs. Orbin Carroll of Amarillo. Also present were Mr. and Mrs. A. E. Frizzell.

Mrs. Mary Gear of California and her daughter, Mrs. J. R. Hartsfield of Lubbock came Friday for a visit with Mrs. Gear's brother and wife, Mr. and Mrs. C. W. Denison. Mrs. Hartsfield returned home Sunday.

Mrs. Denison, Mrs. D. W. Burke, Mrs. Sam Lide, Mrs. Johnny Cates and Mrs. Elma Myers went to Lubbock last Monday. They took Mrs. Myers, who is Mrs. Burke's sister, to catch a plane for her home in the New York area.

C. W. Denison Jr., of Brownfield, visited his parents last Tuesday.

Mrs. Clarence Ashton and Mr. and Mrs. Dunn took Mother Fuqua to Amarillo Wednesday to visit another daughter and family.

Later she will go to Dallas to spend the winter with children there.

Mr. and Mrs. Henry Self and baby girl of Garland visited over the weekend with relatives here, Mrs. Vic Asher and the Spences. Mrs. Self is the former Kay Asher and the baby is the great granddaughter.

Elvis Warren and Tammy Payne were missed from Calvary Sunday because of illness. They are better, we understand, today.

Nursing Home Visitors

Mrs. Jerrold Powell, Ralls, with Velma Spence; Mr. and Mrs. Foy E. Smith, Levelland, with Mrs. Pearl Martin, J. M. Harrison and Mrs. Elza; Mr. and Mrs. E. L. Mitchell, Roaring Springs, with Dora Langford; Mrs. Arthur B. Cheves, Kress, with John and Cora Newton; Mrs. Lonnie Ellis and Mrs. June Ellis and Beverly, Crosbyton, with Mrs. Pearl Britton;

Mr. and Mrs. D. D. Sedgwick and J. R., Lubbock with Mollie Sedgwick; Mr. and Mrs. E. L. Norman and Lewis Norman and Mr. and Mrs. J. D. Rainer, Wichita Falls with Mrs. Britton.

Local visitors included Alma Ruth Nelson, Mrs. Lucille Duncan, Ivola Walters, Mrs. George Walters, Mrs. E. W. Walls, Mable Smith and Mary Stanley.

SCHOOL

Menu

Floydada School Cafeterias
Week of Nov. 16

MONDAY:
Meat Loaf with zippy sauce
Cole slaw – buttered squash
Rolled wheat rolls and butter
Orange cocoanut cake
1/2 pint milk

TUESDAY:
Barbecued weiners
Seasoned blackeye Peas
Tossed vegetable salad
Hot cornbread and butter
Gingerbread and applesauce
1/2 pint milk

WEDNESDAY:
Salmon Croquettes
Buttered corn
Seasoned Green Beans
Hot rolls and butter
Purple plums and cookie
1/2 pint milk

THURSDAY:
Hamburgers
Tomato slice, lettuce and dill pickles
French fries
Apricot cobbler
1/2 pint milk

FRIDAY:
Baked Ham
Buttered potatoes
Lime jello salad
Hot rolls and butter
Cherry vanilla pudding
1/2 pint milk

Vega Completes Crewman Course

FT. ORD, CALIF. (AHTNC)– Army Private Johnny M. Vega, 22, son of Mr. and Mrs. Abelino H. Vega, 303 Tennessee St., Floydada, recently completed a field communications crewman course at Ft. Ord, Calif.

During the eight-week course, he was trained to string wire from the field to the communications center. Instruction was also given in basic electricity, switchboard installation and operation, and pole climbing.

Pvt. Vega is a 1969 graduate of Floydada High School and attended West Texas State University at Canyon.

PPY SHE CRIED..... Reagan Cagle receives congratulations other cheerleaders after being selected Whirlwind Football Friday night. (Staff Photo)

Reagan Cagle Named Queen

Reagan Cagle was named Whirlwind Football Queen in halftime ceremonies Friday at Wester Field. Miss Cagle, 17, a senior at Floydada High School is the daughter of Mr. and Mrs. Bill Cagle of Floydada. She has been a cheerleader four years at FHS and two years in Floydada Junior High School.

Miss Cagle's escort for the ceremonies was Whirlwind captain Mike Burk. Other nominees for the honor were Brenda Willis, who was escorted by captain Andy Hale, and Jill Wheeler, escorted by captain Steve Puckett.

The Football Queen is chosen by vote of the varsity players.

Lemons In Army Exercise In Germany

Ft. Riley, Kan. – Army Specialist Five William P. Lemons, 22, whose parents, Mr. and Mrs. Carl F. Lemons, and wife, Linda, live on Route 2, Lockney, was among the 11,000 troops to be airlifted to Germany to participate in Exercise Reforger II.

The soldiers departed from Forbes Air Force Base in Topeka, Kan., and landed at one of three West German Airfields, Rhein Main, Ramstein, or Echterdingen.

A few hours later, the troops picked up weapons, tanks and armored personnel carriers, which had been pre-positioned in Europe, and departed to the exercise site near the Czechoslovakian border.

During the five-day training exercise, the 1st Infantry Division from Ft. Riley opposed aggressor forces from the 3rd Infantry Division, regularly stationed in Germany, and the German 35th Panzer Grenadier Brigade.

Reforger II was designed to test U. S. Army deployment from stateside bases in defending western Europe with NATO forces, a similar exercise, Reforger I, was held in Germany in January 1969.

Spec. Lemons is scheduled to return to Ft. Riley in late October or November.

He is a member of the 337th Army Security Agency Company at the fort.

I REMEMBER, I REMEMBER.....

Twice Told Tales

When the R. D. Walls family moved from Floydada the Ross Cope family lived for awhile in the house they vacated. This house was at about 110 West Missouri Street, once owned by Budley Thornton, sold by him to Barker Bros. No telling its whereabouts now.

Mr. Walls went out of the telephone business at about the time it was found that towns hereabout had alleys and that was where the telephone lines belonged. While Mr. Walls was manager the lines were strung in front of the buildings so it would take less wire to connect up a customer. Old pictures furnish proof of this common sense arrangement.

Very soon poles were carrying a heavy load of wire, one for each customer, so the telephone company, always a long way ahead of its customers in technology, encased many lines in a treated sort of rubber cable. A clutter of wire and insulators were eliminated along with wind-whipped wires that made "cross talk" problems.

In my boyhood the telephone was a wonder. About the time we reached Floydada every town began having an "exchange" and began extending lines out for miles in many cases, even giving service between towns that were not too far apart, if there was enough revenue to justify.

Dickens to Emma

I think it was Jeff Harkey who built the first line out on to the plains to Emma from Dickens. His brother, Hugh, had just moved back to Dickens after selling his wagon yard in Floydada to J. S. W. Owen, a newcomer from Jack County. This was shortly before the beginning of the new century, if I am not mistaken.

Mrs. Spikes' "History of Crosby County" tells about the new line and gives the name of the woman who was "operator" at the Emma end of the line. This woman was in a double heaven when a line to Emma from the north ended in her house. She got to talk to people from "everywhere."

I also learned from Mrs. Spikes' history that the first "long distance" lines here were strung on poles or stakes – at just about the right height to catch a horse-borne traveler under the chin. Tempers flared when this occurred. The history speaks of the telephone lines being "vexing" to cowboys.

The current on which the speaking voice traveled was created by a battery at the point of origin. (All the telephones that once hanged on walls had batteries for power. You could talk as far as your batteries would carry your voice and no further.)

(And for two or more decades we had men who made a living "repairing" telephone boxes.)

Solve Distance Problem

Ten years before I got here, Floydada Board of Trade had planned a telephone line to Childress, but the minutes of a meeting relate that they gave it up on account of the long distance (more than a hundred miles) and the "high winds", which added to communication problems.

Once in awhile Col. Massie, Judge Duncan, or some other citizens with a telephone would talk a long distance when conditions were right.

Everybody wanted long distance service, and when Ma Bell's laboratories came up with the vacuum tube, there was a scramble for telephone wire and telephone poles. Before we realized it, almost, we were talking coast to coast – not everybody but most everybody.

Then came the transistor, found by accident, I am told, and not too many years ago. Doubtless the scientific minds know the ways of the transistor, but the ordinary mind, not charged with the responsibility, doesn't grasp its ways. How a little old piece of odd-shaped metal can do such a tremendous job!

Now the darndest thing! While my mind still is reeling from the knowledge that the telephone people get all those messages through a coaxial cable they were bragging about short years ago, and deliver them unscrambled to the far ends of the earth, "my cork is jerked under again" by an advertisement which alleges they are sending thousands of messages simulataneously through an empty two-inch pipe!

–Homer Steen

Bonfire, Snake Dance Tonight

Abernathy will be trying hard to spoil Floydada's perfect record Friday. For this reason, it will be very important for Floydada's fans to support their team this week. Everyone is invited to attend the traditional bonfire at 7:45 tonight on the property just south of Floydada High School. The snake dance that precedes the bonfire will begin at 7:30, originating from high school. All high school students are asked to participate.

All townspeople are urged to support the Mean Green by burning their porch lights from 7 till 9 tonight. Insure victory – turn on your porch light. Friday has officially been declared COLOR DAY. All Whirlwind supporters are asked to wear green. At the pep rally (held at 3:30 in the high school gym) all Floydada residents are urged to help "Fill the gym with green".

Dr. Woods Is Given Award

Dr. Paul Joseph Woods, Texas Tech University professor and Floydada extension course professor for History 232 was presented the Spencer A. Wells Award on Dad's Day at Texas Tech during pre-game ceremonies Saturday at Jones Stadium.

The Wells Award grants $500 to the most outstanding faculty member at Tech each year. Dr. Woods is a liberal arts advisor, editor of the University bulletins and director of pre-registration and academic advisement programs for students enrolled in the College of Arts and Sciences.

This is the second extension course Dr. Woods has instructed in Floydada.

Artists Will Be Honored

Three area artists will be honored with a reception this Sunday, November 15, between the hours of 2 until 4 p.m. at Wayland Baptist College. Among artists will be Ted Bell of Floydada.

The Art Department at Wayland is presenting an exhibit, "Three Area Artists" in Harral Memorial Galleries which continues through November 27. The Galleries are open weekdays from 8 a.m. until 5 p.m., and features paintings by Ted Bell, Tom Warren and D.C. Gamble.

The public is cordially invited to view the paintings and to attend the reception Sunday afternoon honoring the artists.

Crutchfield Break In Victim

Crutchfield Tire Company, 602 S. 2nd, was the scene of a break-in early Sunday morning. Thieves made off with about $1,500 to $2,000 worth of tires, according to owner Lee Roy Crutchfield.

Police officers reported that the break-in apparently occurred between 3:30 and 4 a.m. Sunday. The thieves apparently loaded the tires into Crutchfield's pickup which was in the building, drove to a dark street some three blocks from the tire company, and transferred the loot to another vehicle. The Crutchfield pickup was found east of Second Street (Highway 70) on Price Street.

A Thanksgiving Day?

Some 350 years ago our pilgrim fathers set aside a season for feasting and thanksgiving. Thus began the American custom of a national harvest festival. Americans cannot claim originality for the custom, however. In the Old Testament there are many references to the Feast of the Tabernacles. It was a fall festival and had its background in the wilderness wanderings of the Hebrew people – days in which they lived in tents. The festival lasted for several days during which time each one built a little shelter of some kind on his land and lived in it to remind him of the poorer days.

Our pilgrim fathers established the custom, but it was under Abraham Lincoln's leadership that it was officially recognized by the government. The Church followed by recognizing it as a special day of the Christian Year. With this day, as with all special days, a continued reminder is needed lest we forget its true significance, its true meaning. Our pilgrim fathers rendered thanksgiving to God for the fruits of the earth. They were expressing their thanks for the physical and material blessings of life. That is the tradition – that is the significance of the National Day of Festivity.

Of course there are some real senses in which we cannot keep this day in the spirit they did. For one thing – this was originally a rural festival, and we are not a rural people – we have become an urban people. We no longer go into the woods and shoot a turkey – we go to the supermarket and barter for one. Secondly, let us recognize that to appreciate bread – or anything else – we must know what it is to do without it for awhile. And this most Americans have not done in recent years. As a matter of fact – our problem is just the opposite. We have become so accustomed to feasting every day, it's difficult to enjoy a special feast.

So if you would truly keep this festival, do something to remind yourself of the days when you didn't have the blessings you now have. Tradition teaches that these pilgrim fathers placed five grains of corn by their plate to remind themselves of the days when they didn't have – very similar to the Hebrews' practice of building a small shelter to remind themselves of their days in tents in the wilderness. And then remember this is a time of gratitude for the fruits of the earth. Thank God for His blessings – eat and enjoy them.

Someone has said, "there are three great words of the Christian Faith: giving, forgiving, and thanksgiving – the greatest of these is thanksgiving." With that religious leaders, poets, and philosophers would surely agree. So let us learn to live in a spirit of gratitude – not just for a day, or a season, but constantly. Let us live with grateful hearts in appreciation of the bounteous blessings – material and spiritual – which God in His providence has so graciously bestowed on us.

"Have no anxiety about anything, but in everything by prayer and supplication with thanksgiving let your requests be made known to God."

"Know that the Lord is God!"
It is He that made us, and we are His;
We are His people, and the sheep of His pasture.
Enter His gates with thanksgiving,
And His courts with praise!
Give thanks to Him, bless His Name!
For the Lord is good;
His steadfast love endures forever,
And His faithfulness to all generations.

presented a pro- was of considerable the Lions in atten- which should be of to everyone in this chell's program was of a quiz consist- estions and answers area's water supply most commonly posed ers; businessmen; ildren; etc., in this

went something like ng, with the audience ing in the discussion. of these questions nswer? All of them of vital interest to

and where was the gation well drilled in Plains area?

The location of the gation well was pro- er really recorded, atiest recorded in- is on a well drilled the farm of a J. who then lived about west of Plainview. many irrigation wells the High Plains? according to a sur- ted by the Texas l Extension Ser- were approximate- rrigation wells in the of the Texas High 969.

many of these wells ed in the counties the High Plains Un- Water Conservation ct. 1?

The District is com- ll or parts of 15 ith an estimated 45,- This represents ap- 70 percent of all High Plains.

4. Which counties are in the High Plains Underground Water Conservation District and how many wells and surface water recovery pumps are located in each of those counties?

Answer: These data were supplied by the Texas Agricultural Extension Service and are for the entire county; although only part of some of the counties are in the District.

(PICK UP, ADD CHART AT END)

5. There are two distinct methods of irrigation in common use. They are (1) the surface or furrow method of irrigation and (2) the sprinkler method of irrigation. Which method of irrigation is best?

Answer: The soil type and topography determines which method is best for a particular area. In the hilly and sandy areas the sprinkler method is the best, and it is about the only satisfactory method. This method uses much less water than the furrow or broadcast method, and the rate of application can be more nearly controlled. In the tight soil areas such as Floyd County the furrow or surface method is often more practical. Also, obstructions such as light poles, telephone poles, vent lines, etc., can make it difficult to use the sprinkler system. Most of the irrigation was started in the tight soil areas where the utility poles, etc., were installed before the sprinkler systems became known and used. However, using the furrow method on tight soil makes it almost necessary that tailwater recovery systems be used, in order to prevent run-off and waste. Tailwater recovery pits are rapidly gaining favor, and the farmers that are using them are finding that they pay for themselves in 2 to 3 years, while getting much better yields on sloping ground. In other words, the water is recirculated around and around until the sloping field is properly watered. This results in better yields.

6. Approximately how much water is pumped out of the Ogallala aquifer each year?

Answer: It is estimated that nearly 5 million acre-feet of water is withdrawn each year from the aquifer.

7. How much is an acre foot of water?

Answer: An acre foot of water is equal to 43,560 cubic feet of water. One acre contains 43,560 square feet, therefore water one foot deep over one acre is one acre foot.

8. How many gallons of water are there in one acre foot?

Answer: This question received many different answers (guesses), but there are 325,851 gallons in one acre foot of water.

9. Are we depleting our underground water rapidly or is the supply unlimited?

Answer: We are using our water at a relatively rapid rate. The average annual decline of the water table varies throughout the Southern High Plains, however from the annual measurement of the depth to water in 800 observation wells in the Water District, we find that the water table is declining, on an average, of 2 to 5 feet per year. In some cases the decline is as much as 10 feet per year. In some areas the aquifer has been depleted, and the farmers have gone back to dry land farming.

10. How much water does it require per year for cotton, milo, wheat, etc.?

Answer: This of course depends on the rainfall received, but on an average, cotton, milo and wheat will need from 1/2 to 1 1/2 acre feet per year in addition to the normal rainfall. Alfalfa and some other crops will need as much as 3 feet or more to make a profitable yield.

11. Are there water pollution problems in the High Plains area?

Answer: Pollution problems, as of now, are of very little consequence; although they may become more so in the years to come.

12. What is being done in this area to help protect, conserve, and maintain our irrigated economy as we know it today?

Answer: The High Plains Underground Water Conservation District No. 1 was established by State law some nearly 19 years ago. A group of "thinking farmers" realized that this area's water supply was being "mined", being used up rapidly, and in too many cases was just plain being wasted. In far too many cases this still exists. The District issues permits for new wells to be drilled. They require wells to be properly spaced, far enough away from existing irrigation wells, so as not to damage either well's production. A committee of 5 farmers, from each county, accepts applications for permits to drill wells; they then pass these applications on to the District Directors with their recommendation for or against final approval. This alone can and does much to help protect our water supply. Greater stress is being put on the prevention of tailwater waste through the use of tailwater return pits, and by more efficient management of water. Public opinion and public demand is making it necessary for the District officials to take more stringent steps toward stopping tailwater waste. In the past the District has attempted to do this through the process of education, demonstration, etc., however, there are too many farmers who take the attitude that the water is theirs and they will use it as they so desire. This of course is why the District was formed in the first place as it was felt that the water under the farmers land should belong to him. This right is being greatly endangered because of the careless and willful waste of water which we see going down the bar ditches. This water is only "HIS" water as long as he keeps it on his land. It becomes "OUR" (the public's concern) water after it leaves his land, and we consider it much too precious to permit its continuous waste. Those who are wasting groundwater are bringing the wrath of the rest of the people down upon themselves. So far, the District has had to go to the courthouse only a few times to get an injunction to close down the well from whence the water was being wasted.

The District does not like to do this, it is expensive, it causes hard feelings. However, the District has recently added an attorney to its staff – if it is forced to do so, the District will stop willful waste through the courts.

13. How long do you think our water will last?

Answer: Estimates range upward to over 30 years. In some areas the aquifer will be depleted sooner than in other areas; depending on the remaining saturated thickness of the Ogallala water bearing sand. Some farms are out now, whereas others are in pretty good shape, but as a rule, the wells are all weakening fast as you all could readily observe during the heavy irrigation season last summer.

14. What is being done toward the importation of irrigation water from outside the state?

Answer: The organization known as Water, Inc. is working hard on this problem. They are working on the State and National level as well within their own area. This is such a large undertaking that it must be done this way, because no small organization could accomplish a project of this size. Water, Inc. is an organization that should involve every person in this area; be he a farmer; businessman; city man; student, young or old; etc.

15. To sum it all up – we must conserve the water we now have; we must prevent waste; use our water wisely on profitable crops, and do all we can to prolong the irrigated economy which we have been enjoying. Irrigation really started in the early 1930's, and really got going in the 1940's. If we want to continue, there is going to have to be some changes made; and the water officials, whomever they may be, will and must have the cooperation of every person who needs water – and you tell me who doesn't.

Silver Taps At A&M Honor Overstreet

Silver Taps were held recently at A&M University, College Station, for Robert Edgar Overstreet, graduate student in animal science, who died in an automobile accident this summer. He was the son of Mr. and Mrs. R. W. Overstreet of the Matador, Floydada area.

A scholarship fund in his honor has been started by his friends.

An editorial in The Battalion, student publication, titled "Students Deserve Praise," described the scene: "Last night was a rainy, dark night. School had just begun. Yet, we saw a good many students present at the ceremony. There were cadets, civilians and coeds. Some had umbrellas, but many stood in the rain and got soaked. They knew they would, but they attended anyway...

"For those new to the campus, Silver Taps is the Aggie's way of paying last respects to those who have died while enrolled as students here. The day Silver Taps is to be held, a notice is posted on the flagpole in front of the Academic Building, and the flag is flown at half-staff. That night at 10:30, all lights in student living areas are extinguished, and students silently walk over to the area in front of the Academic Building.

"The Ross Volunteer (an elite corps organization) Firing Squad marches over, and fires a 21-gun salute. Members of the Aggie Band play Taps three times, and students return quietly to their rooms.

"Again, we think those students who placed a higher value on attendance than on keeping dry are to be commended, and we hope this tradition will continue as long as A&M exists."

Bradley Renamed WBC Trustee

AUSTIN (Spl.) – A Floydada man was re-elected here Thursday, October 29, as trustee for a Texas Baptist institution during the annual meeting of the 1.8-million-member Baptist General Convention of Texas (BGCT).

Floyd C. Bradley, pastor of First Baptist Church, was re-elected as trustee for Wayland Baptist College, to serve a term of three years.

CENTER NEWS by Mrs. J. E. Green

CENTER, Nov. 2 – Sunday felt like a "first day of winter."

Mr. and Mrs. Hal Thomas were in Plainview Thursday visiting Mrs. Olin Miller. Hal was confined over the weekend with "flu." Saturday was his birthday and the children, Mr. and Mrs. Milton Mensch of Lubbock, came over to hlep them celebrate.

Mrs. Roger Gooch (Jo Anne) and son, Darrel, had a touch of flu last week.

Mrs. Dale Miller is spending a few days in Caprock Hospital following an appendectomy last Wednesday. Her mother, Mrs. Beckworth, and sister, Mrs. Payne have visited her from time to time and report Mrs. Miller "doing fine." Mother Beckworth has been staying in the Miller home helping out.

Mrs. Anderson entertained two small granddaughters Sunday afternoon.

Mrs. J. E. Green visited Mrs. Kinchloe and Mrs. Gilliland in the hospital Tuesday. Also saw the Pecks, Gladys, Esther and Joe awhile Friday afternoon.

Mrs. W. L. Hartline and the Greens were in Plainview Friday morning where J. E. had a checkup.

Mrs. Keller Holmes and Mrs. Luther Holmes visited Mrs. O. C. Vinson Thursday afternoon.

Friday luncheon guests at Mrs. Vinson's were Mr. and Mrs. Jerrold Vinson, Mike and Mark and three friends of the boys.

Mrs. Frank Dunn visited Mrs. Vinson Sunday afternoon, and Mrs. Vinson visited Mr. and Mrs. Oliver Allen Saturday afternoon.

Mr. and Mrs. Leo Frizzell visited Friday with their daughter and family, the Garvin Beedys near South Plains. They all rejoiced when the son and grandson, Larry Beedy, arrived with his discharge from the Army.

Sunday afternoon guests at the Leo Frizzells were Mrs. Ava Jackson, city, and a son, and wife, Mr. and Mrs. Verne Jackson of Lubbock, and Mr. and Mrs. A. E. Frizzell.

Enjoying a birthday dinner at the Thomas Warren home Sunday for two of the party were Mr. and Mrs. Bob Alldredge and children, Mr. and Mrs. Paul Stout, Mrs. Ola Warren and Mr. and Mrs. Fred Battey. The two birthdays honored were those of Thomas Warren and Mrs. Fred Battey.

Mr. and Mrs. Julian Edmondson of Phillips spent Thursday night and Friday with her parents, Mr. and Mrs. Fred Battey.

Clyde Green, who is teaching in Honnah, Alaska, spent Sunday with his parents, the J. E. Greens. He is in the States for the week attending an educational course in the University at Tucson, Ariz. He reports life and work in Hoonah for the family pleasant and stimulating. Weather not so cold as it was here Sunday – not yet. Victor Green of Plainview came in the afternoon. Then later Vic took Clyde to Lubbock to catch a plane to Tucson.

Other visitors in the Calvary Church Sunday, besides Clyde, were Mr. and Mrs. Bourne, parents of Mrs. John F. Wilkins, and Mrs. John Wilkins of Clovis, grandmother of John F., city. We are always glad to have visitors.

Moralez Awarded Bronze Star

U.S. ARMY, VIETNAM (AHTNC) Oct. 23 – Army Specialist Four Philip Moralez, 21, son of Mr. and Mrs. Frank Moralez, Petersburg, recently received the Bronze Star Medal in Vietnam.

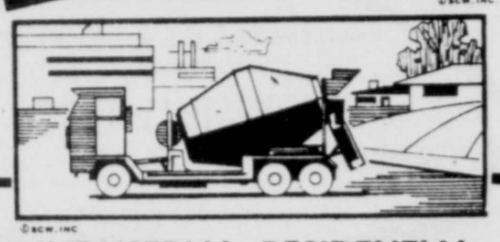

Spec. 4 Moralez earned the award for meritorious service as a rifleman in Company D, 1st Battalion, 502nd Infantry of the 101st Airborne Division (Airmobile).

During the same ceremony, he received the army commendation medal for meritorious service in Vietnam. He also holds the combat infantryman badge.

The specialist's wife, Alice, also lives in Petersburg.

People who cook with pride cook with GAS. Mrs. Cecil Burke does.

...e of the world's best cooks are found in the kitchens of America, ...d they give themselves every cooking advantage, like gas range cooking.

...d cooks like Mrs. Burke and nine out of 10 professional chefs agree ...e precise temperature control makes the difference in good cooking, ...with gas you get exactly that. Gas also gives immediate response ...constant temperature, so important in oven cooking.

...give yourself every advantage and cook with gas. Remember, people ...e cook with pride cook with gas.

Here's one of Mrs. Burke's favorite recipes.

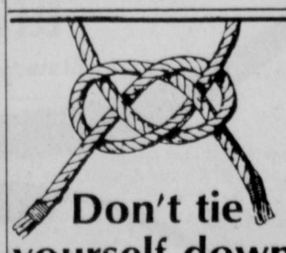

PIONEER NATURAL GAS COMPANY

JEWELED CHEESE PUFFS
Mrs. Cecil Burke, 2426 Walnut, Amarillo

2 cups sifted all-purpose flour
2 teaspoons baking powder
2 tablespoons sugar
¼ teaspoon salt
1 cup butter
1 package (8-oz.) cream cheese
2 eggs, beaten
Preserves or jelly

Sift together dry ingredients. Beat butter and cream cheese until fluffy. Add beaten eggs and beat well. Blend into sifted dry ingredients. Chill dough one hour. On lightly floured board, roll dough ¼ inch thick. Cut individual rounds with floured biscuit cutter. Make an impression in center of each round with thumb. Fill imprint with preserves or jelly (about 1 teaspoon). Bake on an ungreased baking sheet in moderate gas oven (375 degrees) for 15 minutes or until delicately browned. Serve warm. Makes about 24.

Don't tie yourself down to high interest rates.
